625 ILCS 5/3-100.1 — Use of electronic records

Sec. 3-100.1. Use of electronic records.

(a) To the extent authorized by the Secretary of State and in accordance with standards and procedures prescribed by the Secretary of State:

(1) Certificates, certifications, affidavits, applications, assignments, statements, notices, documents, and other records required under this Chapter may be created, distributed, and received in electronic form.

(2) Signatures required under this Chapter may be made as electronic signatures or may be waived.

(3) Delivery of records required under this Chapter may be made by any means, including electronic delivery.

(4) Fees and taxes required to be paid under this Chapter may be made by electronic means; provided that any forms, records, electronic records, and methods of electronic payment relating to the filing and payment of taxes shall be prescribed by the Department of Revenue. (a-5) No later than July 1, 2022, the Secretary of State shall implement, manage, and administer an electronic lien and title system that will permit a lienholder to perfect, assign, and release a lien under this Code. The system may include the points in subsection

(a) as to the identified objectives of the program. The Secretary shall establish by administrative rule the standards and procedures relating to the management and implementation of the mandatory electronic lien and title system established under this subsection. The Secretary may charge a reasonable fee for performing the services and functions relating to the management and administration of the system. The fee shall be set by administrative rule adopted by the Secretary.

(b) Electronic records accepted by the Secretary of State have the same force and effect as records created on paper by writing, typing, printing, or similar means. The procedures established by the Secretary of State concerning the acceptance of electronic filings and electronic records shall ensure that the electronic filings and electronic records are received and stored accurately and that they are readily available to satisfy any statutory requirements that call for a written record.

(c) Electronic signatures accepted by the Secretary of State shall have the same force and effect as manual signatures.

(d) Electronic delivery of records accepted by the Secretary of State shall have the same force and effect as physical delivery of records.

(e) Electronic records and electronic signatures accepted by the Secretary of State shall be admissible in all administrative, quasi-judicial, and judicial proceedings. In any such proceeding, nothing in the application of the rules of evidence shall apply so as to deny the admissibility of an electronic record or electronic signature into evidence on the sole ground that it is an electronic record or electronic signature, or on the grounds that it is not in its original form or is not an original. Information in the form of an electronic record shall be given due evidentiary weight by the trier of fact.

(f) The Secretary may contract with a private contractor to carry out the Secretary's duties under this Section.

625 ILCS 5/3-100.2 — Electronic access; agreements with submitters

Sec. 3-100.2. Electronic access; agreements with submitters.

(a) No later than July 1, 2022, the Secretary of State shall require a licensee under Chapter 3 or 5 of this Code to submit any record required to be submitted to the Secretary of State by using electronic media deemed feasible by the Secretary of State. The Secretary of State may also require the licensee to submit the original paper record. The Secretary of State shall also require a person or licensee to receive any record to be provided by the Secretary of State by using electronic media deemed feasible by the Secretary of State, instead of providing the original paper record.

(b) No later than July 1, 2022, electronic submittal, receipt, and delivery of records and electronic signatures shall be supported by a signed agreement between the Secretary of State and the submitter. The agreement shall require, at a minimum, each record to include all information necessary to complete a transaction, certification by the submitter upon its best knowledge as to the truthfulness of the data to be submitted to the Secretary of State, and retention by the

submitter of supporting records.

(c) No later than July 1, 2022, the Secretary of State shall establish minimum transaction volume levels, audit and security standards, technological requirements, and other terms and conditions he or she deems necessary for approval of the electronic delivery process.

(d) When an agreement is made to accept electronic records, the Secretary of State shall not be required to produce a written record for the submitter with whom the Secretary of State has the agreement until requested to do so by the submitter.

(e) No later than July 1, 2022, the Secretary of State shall provide electronic notification to the lienholder submitter to verify the notation and perfection of the lienholder's security interest in a vehicle on the certificate of title required to be created as an electronic record under Section 3-100.1. Upon receipt of an electronic message from a lienholder submitter with a security interest in a vehicle for which the certificate of title is an electronic record that the lien should be released, the Secretary of State shall enter the appropriate electronic record of the release of lien and print and mail a paper certificate of title to the owner or lienholder at no expense. The Secretary of State may also mail the certificate to any other person that delivers to the Secretary of State an authorization from the owner to receive the certificate. If another lienholder holds a properly perfected security interest in the vehicle as reflected in the records of the Secretary of State, the certificate shall be delivered to that lienholder instead of the owner.

(f) The Secretary may contract with a private contractor to carry out the Secretary's duties under this Section.

625 ILCS 5/3-100.3 — Rules

Sec. 3-100.3. Rules. The Secretary of State may adopt rules to implement this Article.

625 ILCS 5/3-101 — Certificate of title required

Sec. 3-101. Certificate of title required.

(a) Except as provided in Section 3-102, every owner of a vehicle which is in this State and for which no Illinois certificate of title has been issued by the Secretary of State shall make application to the Secretary of State for an Illinois certificate of title of the vehicle. Except as provided in Section 3-102, every owner of a vehicle, excluding vehicles acquired by insurance companies through a settlement of an insurance claim or by lienholders taking title through repossession, that is in this State for which no Illinois certificate of title has been issued by the Secretary of State and every owner of a vehicle that is in the State applying for a duplicate certificate of title or a corrected certificate of title, including a dealer lien release certificate of title, must make application to the Secretary of State for an Illinois duplicate certificate of title or corrected certificate of title. A certificate of title issued to any owner of a vehicle, excluding vehicles acquired by insurance companies through a settlement of an insurance claim or by lienholders taking title through repossession, in this State showing an Illinois address for the owner that has been issued by an entity other than the Secretary of State must be converted to an Illinois title before the owner can transfer ownership of the vehicle. Under no circumstances shall a dealer required to obtain an Illinois certificate of title pursuant to this Code be allowed to obtain an out-of-state certificate of title for purposes of a vehicle held for sale in this State by the dealer. Under no circumstances shall a dealer be allowed to obtain an out-of-state certificate of title in lieu of an Illinois-issued dealer lien release certificate of title when a dealer may have need of such title issuance. Nothing in this Section shall be construed so as to allow a dealer to acquire an out-of-state certificate of title in lieu of acquiring an Illinois certificate of title for purposes of a vehicle held for sale in this State by the dealer.

(b) Every owner of a motorcycle or motor driven cycle purchased new on and after January 1, 1980 shall make application to the Secretary of State for a certificate of title. However, if such cycle is not properly manufactured or equipped for general highway use pursuant to the provisions of this Act, it shall not be eligible for license registration, but shall be issued a distinctive certificate of title except as provided in Sections 3-102 and 3-110 of this Act.

(c) The Secretary of State shall not register or renew the registration of a vehicle unless a certificate of title has been issued by the Secretary of State to the owner or an application therefor has been delivered by the owner to the Secretary of State.

(d) Every owner of an all-terrain vehicle or off-highway motorcycle purchased on or after January 1, 1998 shall make application to the Secretary of State for a certificate of title.

(e) Every owner of a low-speed vehicle manufactured after January 1, 2010 shall make application to the Secretary of State for a certificate of title.

625 ILCS 5/3-102 — Exclusions

Sec. 3-102. Exclusions. No certificate of title need be obtained for: 1. a vehicle owned by the State of Illinois; or a vehicle owned by the United States unless it is registered in this State; 2. a vehicle owned by a manufacturer or dealer and held for sale, even though incidentally moved on the highway or used for purposes of testing or demonstration, provided a dealer reassignment area is still available on the manufacturer's certificate of origin or the Illinois title; or a vehicle used by a manufacturer solely for testing; 3. a vehicle owned by a non-resident of this State and not required by law to be registered in this State; 4. a motor vehicle regularly engaged in the interstate transportation of persons or property for which a currently effective certificate of title has been issued in another State; 5. a vehicle moved solely by animal power; 6. an implement of husbandry; 7. special mobile equipment; 8. an apportionable trailer or an apportionable semitrailer registered in the State prior to April 1, 1998; 9. a manufactured home for which an affidavit of affixation has been recorded pursuant to the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act unless with respect to the same manufactured home there has been recorded an affidavit of severance pursuant to that Act; 10. low-speed electric scooters.

625 ILCS 5/3-103 — Optional certificate of title

Sec. 3-103. Optional certificate of title.

(a) The owner of an implement of husbandry or special mobile equipment may apply for and obtain a certificate of title on it. All of the provisions of this chapter, except part

(e) of Section 3-104, are applicable to a certificate of title so issued, except that a person who receives a transfer of an interest in the vehicle without knowledge of the certificate of title is not prejudiced by reason of the existence of the certificate, and the perfection of a security interest under this Act is not effective until the lienholder has complied with the provisions of applicable law which otherwise relate to the perfection of security interests in personal property. An application for an optional certificate of title must be accompanied by either an exemption determination from the Department of Revenue showing that no tax imposed under the "Use Tax Act" or the "Retailers' Occupation Tax Act" is owed by anyone with respect to that vehicle or by a receipt from the Department of Revenue showing that any tax so imposed has been paid. No optional certificate of title shall be issued in the absence of such a receipt or exemption determination. If the proof of payment or of nonliability is, after the issuance of the optional certificate of title, found to be invalid, the Secretary of State shall revoke the optional certificate of title and require that it be returned to him.

(b) The owner of a manufactured home which is affixed to a permanent foundation and for which a certificate of title has not previously been issued and surrendered for cancellation may apply for a certificate of title, including, if applicable, a certificate of title issued in accordance with subsection

(b) of Section 3-109, which shall be issued for the sole purpose of

(i) surrendering such certificate of title for cancellation in accordance with Section 3-116.2 or (ii) satisfying the requirements of subdivision (e)(4) of Section 9-334 of the Uniform Commercial Code. The Secretary of State shall issue a certificate of title, in accordance with this Chapter, upon satisfaction of the application requirements of this Code.

625 ILCS 5/3-104 — Application for certificate of title

Sec. 3-104. Application for certificate of title.

(a) The application for a certificate of title for a vehicle in this State must be made by the owner to the Secretary of State on the form prescribed and must contain: 1. The name, Illinois residence or Illinois place of business, mail address, and, if available, email address of the owner. For the purposes of this subsection "Illinois place of business" means an Illinois location leased or owned by a business, or in the case of an insurance carrier, their contracted salvage disposal vendor; 2. A description of the vehicle including, so far as the following data exists: Its make, year-model, identifying number, type of body, whether new or used, as to house trailers as defined in Section 1-128 of this Code, and as to manufactured homes as defined in Section 1-144.03 of this Code, the square footage based upon the outside dimensions excluding the length of the tongue and hitch, and, as to vehicles of the second division, whether for-hire, not-for-hire, or both for-hire and not-for-hire; 3. The date of purchase by applicant and, if applicable, the name and address of the person from whom the vehicle was acquired and the names and addresses of any lienholders in the order of their priority and signatures of owners; 4. The current odometer reading at the time of transfer and that the stated odometer reading is one of the following: actual mileage, not the actual mileage or mileage is in excess of its mechanical limits; and 5. Any further information the Secretary of State reasonably requires to identify the vehicle and to enable him to determine whether the

owner is entitled to a certificate of title and the existence or nonexistence of security interests in the vehicle. (a-5) The Secretary of State shall designate on the prescribed application form a space where the owner of a vehicle may designate a beneficiary, to whom ownership of the vehicle shall pass in the event of the owner's death.

(b) If the application refers to a vehicle purchased from a dealer, it must also be signed by the dealer as well as the owner, and the dealer must promptly mail or deliver the application and required documents to the Secretary of State.

(c) If the application refers to a vehicle last previously registered in another State or country, the application must contain or be accompanied by: 1. Any certified document of ownership so recognized and issued by the other State or country and acceptable to the Secretary of State, and 2. Any other information and documents the Secretary of State reasonably requires to establish the ownership of the vehicle and the existence or nonexistence of security interests in it.

(d) If the application refers to a new vehicle it must be accompanied by the Manufacturer's Statement of Origin, or other documents as required and acceptable by the Secretary of State, with such assignments as may be necessary to show title in the applicant.

(e) If an application refers to a vehicle rebuilt from a vehicle previously salvaged, that application shall comply with the provisions set forth in Sections 3-302 through 3-304 of this Code.

(f) An application for a certificate of title for any vehicle, whether purchased in Illinois or outside Illinois, and even if previously registered in another State, must be accompanied by either an exemption determination from the Department of Revenue showing that no tax imposed pursuant to the Use Tax Act or the vehicle use tax imposed by Section 3-1001 of the Illinois Vehicle Code is owed by anyone with respect to that vehicle, or a receipt from the Department of Revenue showing that any tax so imposed has been paid. An application for a certificate of title for any vehicle purchased outside Illinois, even if previously registered in another state, must be accompanied by either an exemption determination from the Department of Revenue showing that no tax imposed pursuant to the Municipal Use Tax Act or the County Use Tax Act is owed by anyone with respect to that vehicle, or a receipt from the Department of Revenue showing that any tax so imposed has been paid. In the absence of such a receipt for payment or determination of exemption from the Department, no certificate of title shall be issued to the applicant. If the proof of payment of the tax or of nonliability therefor is, after the issuance of the certificate of title and display certificate of title, found to be invalid, the Secretary of State shall revoke the certificate and require that the certificate of title and, when applicable, the display certificate of title be returned to him.

(g) If the application refers to a vehicle not manufactured in accordance with federal safety and emission standards, the application must be accompanied by all documents required by federal governmental agencies to meet their standards before a vehicle is allowed to be issued title and registration.

(h) If the application refers to a vehicle sold at public sale by a sheriff, it must be accompanied by the required fee and a bill of sale issued and signed by a sheriff. The bill of sale must identify the new owner's name and address, the year model, make and vehicle identification number of the vehicle, court order document number authorizing such sale, if applicable, and the name and address of any lienholders in order of priority, if applicable.

(i) If the application refers to a vehicle for which a court of law determined the ownership, it must be accompanied with a certified copy of such court order and the required fee. The court order must indicate the new owner's name and address, the complete description of the vehicle, if known, the name and address of the lienholder, if any, and must be signed and dated by the judge issuing such order.

(j) If the application refers to a vehicle sold at public auction pursuant to the Labor and Storage Lien (Small Amount) Act, it must be accompanied by an affidavit or affirmation furnished by the Secretary of State along with the documents described in the affidavit or affirmation and the required fee.

(k) The Secretary may provide an expedited process for the issuance of vehicle titles. Expedited title applications must be delivered to the Secretary of State's Vehicle Services Department in Springfield by express mail service or hand delivery. Applications must be complete, including necessary forms, fees, and taxes. Applications received before noon on a business day will be processed and shipped that same day. Applications received after noon on a business day will be processed and shipped the next business day. The Secretary shall charge an additional fee of \$30 for this service, and that fee shall cover the cost of return shipping via an express mail service. All fees collected by the Secretary of State for expedited services shall be deposited into the Motor Vehicle License Plate Fund. In the event the Vehicle Services Department determines that the volume of expedited title requests received on a given day exceeds the ability of the Vehicle Services Department to process those requests in an expedited manner, the Vehicle Services Department may decline to provide expedited services, and the additional fee for the expedited service shall be refunded to the applicant.

- (l) If the application refers to a homemade trailer,
 - (i) it must be accompanied by the appropriate documentation regarding the source of materials used in the construction of the trailer, as required by the Secretary of State, (ii) the trailer must be inspected by a Secretary of State employee prior to the issuance of the title, and (iii) upon approval of the Secretary of State, the trailer must have a vehicle identification number, as provided by the Secretary of State, stamped or riveted to the frame.
- (m) The holder of a Manufacturer's Statement of Origin to a manufactured home may deliver it to any person to facilitate conveying or encumbering the manufactured home. Any person receiving any such Manufacturer's Statement of Origin so delivered holds it in trust for the person delivering it.
- (n) Within 45 days after the completion of the first retail sale of a manufactured home, the Manufacturer's Statement of Origin to that manufactured home must be surrendered to the Secretary of State either in conjunction with an application for a certificate of title for that manufactured home or in accordance with Section 3-116.1.
- (o) Each application for certificate of title for a motor vehicle shall be verified by the National Motor Vehicle Title Information System (NMVTIS) for a vehicle history report prior to the Secretary issuing a certificate of title.
- (p) The Secretary, at the Secretary's discretion, may use any commercially available title history service to assist in determining the proper title designation of a motor vehicle before the issuance of a certificate of title.

If the Secretary needs supplemental information to verify or corroborate the information received from a NMVTIS report, then the Secretary may use any available commercial title history services or other Secretary of State resources to assist in determining the vehicle's proper designation.

- (d) Any motor vehicle application for a certificate of title or a salvage certificate that is returned with a NMVTIS warning or error indicating a brand or label from another jurisdiction, that does not have a similar or comparable brand or label in this State, shall include a notation or brand on the certificate of title stating "previously branded".
- (e) Any motor vehicle that is subject to the federal Truth in Mileage Act, and is returned with a NMVTIS warning or error indicating the stated mileage of the vehicle on the application for certificate of title is 1,500 or fewer miles less than a previously recorded mileage for the vehicle, shall be deemed as having an acceptable margin of error and the higher of the 2 figures shall be indicated on the new certificate of title, if the previous mileage was recorded within 90 days of the date of the current application for title and if there are no indications of fraud or malfeasance, or of altering or tampering with the odometer.
- (f) Any applicant for a certificate of title or a salvage certificate who receives an alternative salvage or junk certificate, or who receives a certificate of title with a brand or label indicating the vehicle was previously rebuilt prior out of state junk, previously branded, or flood, may contest the Secretary's designations by requesting an administrative hearing under Section 2-116 of this Code.

625 ILCS 5/3-109 — Registration without certificate of title; bond

Sec. 3-109. Registration without certificate of title; bond. If the Secretary of State is not satisfied as to the ownership of the vehicle, including, but not limited to, in the case of a manufactured home, a circumstance in which the manufactured home is covered by a Manufacturer's Statement of Origin that the owner of the manufactured home, after diligent search

and inquiry, is unable to produce, or that there are no undisclosed security interests in it, the Secretary of State may register the vehicle but shall:

- (a) Withhold issuance of a certificate of title until the applicant presents documents reasonably sufficient to satisfy the Secretary of State as to the applicant's ownership of the vehicle and that there are no undisclosed security interests in it;
- (b) As a condition of issuing a certificate of title, require the applicant to file with the Secretary of State a bond in the form prescribed by the Secretary of State and executed by the applicant, and either accompanied by the deposit of cash with the Secretary of State or also executed by a person authorized to conduct a surety business in this State. The bond shall be in an amount equal to one and one-half times the value of the vehicle as determined by the Secretary of State and conditioned to indemnify any prior owner and lienholder and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of 3 years or prior thereto if
 - (i) the vehicle is no longer registered in this State and the currently valid certificate of title is surrendered to the Secretary of State or (ii) in the case of a certificate of title to a manufactured home, the currently valid certificate of title is surrendered to the Secretary of State in accordance with Section 3-116.2; unless the Secretary of State has been notified of the pendency of an action to recover on the bond; or (b-5) Require the applicant to file with the Secretary of State an application for a provisional title in the form prescribed by the Secretary and executed by the applicant, and accompanied by a \$50 fee to be deposited in the CDLIS/AAMVAnet/NMVTIS Trust Fund. The Secretary shall designate by rule the documentation acceptable for an individual to apply for a provisional title. A provisional title shall be valid for 3 years and is nontransferable for the 3-year period. A provisional title shall be clearly marked and otherwise distinguished from a certificate of title. Three years after the issuance of a provisional title, the provisional title holder shall apply for the appropriate transferrable title in the applicant's name. If a claim of ownership for the vehicle is brought against a holder of a provisional title, then the provisional title holder shall apply for a bond under subsection
 - (b) of this Section for the amount of time remaining on the provisional title. A provisional title holder or an individual who asserts a claim to the motor vehicle may petition a circuit court of competent jurisdiction for an order to determine the ownership of the vehicle. A provisional title shall not be available to individuals or entities that rebuild, repair, store, or tow vehicles or have a claim against the vehicle under the Labor and Storage Lien Act or the Labor and Storage Lien (Small Amount) Act. Security deposited as a bond hereunder shall be placed by the Secretary of State in the custody of the State Treasurer. During July, annually, the Secretary shall compile a list of all bonds on deposit, pursuant to this Section, for more than 3 years and concerning which he has received no notice as to the pendency of any judicial proceeding that could affect the disposition thereof. Thereupon, he shall promptly send a notice by certified mail to the last known address of each depositor advising him that his bond will be subject to escheat to the State of Illinois if not claimed within 30 days after the mailing date of such notice. At the expiration of such time, the Secretary of State shall file with the State Treasurer an order directing the transfer of such deposit to the Road Fund in the State Treasury. Upon receipt of such order, the State Treasurer shall make such transfer, after converting to cash any other type of security. Thereafter any person having a legal claim against such deposit may enforce it by appropriate proceedings in the Court of Claims subject to the limitations prescribed for such Court. At the expiration of such limitation period such deposit shall escheat to the State of Illinois.

625 ILCS 5/3-110 — Refusing certificate of title

Sec. 3-110. Refusing certificate of title. The Secretary of State shall refuse issuance of a certificate of title if any required fee is not paid or if he has reasonable grounds to believe that:

- (a) the applicant is not the owner of the vehicle;
- (b) the application contains a false or fraudulent statement;
- (c) the applicant fails to furnish required information or documents or any additional information the Secretary of State reasonably requires; or
- (d) the applicant has not paid to the Secretary of State any fees or taxes due under this Act and have not been paid upon reasonable notice and demand. Except as provided in Section 3-116.2, the Secretary of State shall not refuse to issue a

certificate of title to a manufactured home by reason of the fact that, at any time, in any manner, it shall have been affixed to real property.

625 ILCS 5/3-111 — Lost, stolen or mutilated certificates

Sec. 3-111. Lost, stolen or mutilated certificates.

(a) If a certificate of title is lost, stolen, mutilated or destroyed or becomes illegible, the first lienholder or, if none, the owner or legal representative of the owner named in the certificate, as shown by the records of the Secretary of State, shall promptly make application to the Secretary of State for and may obtain a duplicate upon furnishing information satisfactory to the Secretary of State. The duplicate certificate of title shall contain the legend "This is a duplicate certificate and may be subject to the rights of a person under the original certificate." It shall be mailed to the first lienholder named in it or, if none, to the owner or the owner's designee. A certificate of title or a duplicate certificate of title issued by another State showing an Illinois address for the owner cannot be used to transfer ownership of a vehicle, except if the transfer is to or from an insurance company or a lienholder of the vehicle through repossession.

(b) The Secretary of State shall not issue a duplicate certificate of title to any person within 15 days after the issuance of an original certificate of title to such person.

(c) A person recovering an original certificate of title for which a duplicate has been issued shall promptly surrender the original certificate to the Secretary of State.

(d) An application for a duplicate certificate of title must state the current vehicle odometer reading at the time of application and that the stated odometer reading is one of the following: actual mileage, not the actual mileage or mileage is in excess of its mechanical limits.

(e) If a Display certificate of title is lost, stolen, mutilated or destroyed or becomes illegible, the owner or legal representative of the owner named in the original Display certificate of title and in the certificate of title, as shown by the records of the Secretary of State, shall promptly make application for and may obtain a duplicate upon furnishing information satisfactory to the Secretary of State. The duplicate Display certificate of title shall contain the legend "Duplicate Display Certificate of Title." It shall be mailed to the owner or legal representative of the owner named in the original Display certificate of title and in the certificate of title. Such duplicate Display certificate of title shall be attached and displayed in the same manner and in the same place as the original Display certificate of title would have been attached and displayed had it not been lost, stolen, mutilated or destroyed or had it not become illegible.

625 ILCS 5/3-111.1 — Corrected certificates

Sec. 3-111.1. Corrected certificates. An application for a corrected certificate of title must state the current vehicle odometer reading at the time of application and that the stated odometer reading is one of the following: actual mileage, not the actual mileage or mileage is in excess of its mechanical limits. The corrected certificate issued under this Section shall contain the notation "corrected". A certificate of title or a corrected certificate of title issued by another State showing an Illinois address for the owner cannot be used to transfer ownership of a vehicle, except if the transfer is to or from an insurance company or a lienholder of the vehicle through repossession. The owner of a vehicle with a certificate of title or duplicate certificate of title issued by another state showing an Illinois address cannot transfer ownership of the vehicle without first converting the certificate of title to an Illinois certificate of title, except if the transfer is to or from an insurance company or a lienholder of the vehicle through repossession.

625 ILCS 5/3-112 — Transfer

Sec. 3-112. Transfer.

(a) If an owner transfers his interest in a vehicle, other than by the creation of a security interest, at the time of the delivery of the vehicle he shall execute to the transferee an assignment and warranty of title in the space provided on the certificate of title, or as the Secretary of State prescribes, and cause the certificate and assignment to be mailed or delivered to the transferee or to the Secretary of State. If the vehicle is subject to a tax under the Mobile Home Local Services Tax Act in a county with a population of less than 3,000,000, the owner shall also provide to the transferee a certification by the treasurer of the county in which the vehicle is situated that all taxes imposed upon the vehicle for the years the owner was the actual titleholder of the vehicle have been paid. The transferee shall be liable only for the taxes he or she incurred while he or she was the actual titleholder of the mobile home. The county treasurer shall refund any amount of taxes paid by the transferee that were imposed in years when the transferee was not the actual titleholder. The provisions of this amendatory Act of 1997 (P.A. 90-542) apply retroactively to January 1, 1996. In no event may the

county treasurer refund amounts paid by the transferee during any year except the 10 years immediately preceding the year in which the refund is made. If the owner is a licensed dealer who has purchased the vehicle and is holding it for resale, in lieu of acquiring a certification from the county treasurer he shall forward the certification received from the previous owner to the next buyer of the vehicle. The owner shall cause the certification to be mailed or delivered to the Secretary of State with the certificate of title and assignment.

(b) Except as provided in Section 3-113, the transferee shall, promptly and within 20 days after delivery to him of the vehicle and the assigned title, execute the application for a new certificate of title in the space provided therefor on the certificate or as the Secretary of State prescribes, and cause the certificate and application to be mailed or delivered to the Secretary of State.

(c) Upon request of the owner or transferee, a lienholder in possession of the certificate of title shall, unless the transfer was a breach of his security agreement, either deliver the certificate to the transferee for delivery to the Secretary of State or, upon receipt from the transferee of the owner's assignment, the transferee's application for a new certificate and the required fee, mail or deliver them to the Secretary of State. The delivery of the certificate does not affect the rights of the lienholder under his security agreement.

(d) If a security interest is reserved or created at the time of the transfer, the certificate of title shall be retained by or delivered to the person who becomes the lienholder, and the parties shall comply with the provisions of Section 3-203.

(e) Except as provided in Section 3-113 and as between the parties, a transfer by an owner is not effective until the provisions of this Section and Section 3-115 have been complied with; however, an owner who has delivered possession of the vehicle to the transferee and has complied with the provisions of this Section and Section 3-115 requiring action by him as not liable as owner for any damages thereafter resulting from operation of the vehicle.

(f) The Secretary of State shall not process any application for a transfer of an interest in a vehicle if any fees or taxes due under this Act from the transferor or the transferee have not been paid upon reasonable notice and demand.

(g) If the Secretary of State receives an application for transfer of a vehicle subject to a tax under the Mobile Home Local Services Tax Act in a county with a population of less than 3,000,000, such application must be accompanied by the required certification by the county treasurer or tax assessor authorizing the issuance of the title.

625 ILCS 5/3-112.1 — Odometer

Sec. 3-112.1. Odometer.

(a) All titles issued by the Secretary of State beginning January, 1990, shall provide for an odometer certification substantially as follows: "I certify to the best of my knowledge that the odometer reading is and reflects the actual mileage of the vehicle unless one of the following statements is checked. () 1. The mileage stated is in excess of its mechanical limits. () 2. The odometer reading is not the actual mileage. Warning - Odometer Discrepancy."

(b) When executing any transfer of title which contains the odometer certification as described in paragraph

(a) above, each transferor of a motor vehicle must supply on the title form the following information:

(1) The odometer reading at the time of transfer and an indication if the mileage is in excess of its mechanical limits or if it is not the actual mileage;

(2) The date of transfer;

(3) The transferor's printed name and signature; and

(4) The transferee's printed name and address.

(c) The transferee must sign on the title form indicating that he or she is aware of the odometer certification made by the transferor.

(d) The transferor will not be required to disclose the current odometer reading and the transferee will not have to acknowledge such disclosure under the following circumstances:

(1) A vehicle having a Gross Vehicle Weight Rating of more than 16,000 pounds;

(2) A vehicle that is not self-propelled;

(3) A vehicle that: (A) before January 1, 2031, is model year 2010 or older; or (B) after January 1, 2031, is 20 years old or older;

(4) A vehicle sold directly by the manufacturer to any agency of the United States; and

(5) A vehicle manufactured without an odometer.

(e) When the transferor signs the title transfer such transferor acknowledges that he or she is aware that Federal regulations and State law require him or her to state the odometer mileage upon transfer of ownership. An inaccurate or untruthful statement with intent to defraud subjects the transferor to liability for damages to the transferee pursuant to the federal Motor Vehicle Information and Cost Act of 1972, P.L. 92-513 as amended by P.L. 94-364. No transferor shall be liable for damages as provided under this Section who transfers title to a motor vehicle which has an odometer reading that has been altered or tampered with by a previous owner, unless that transferor knew or had reason to know of such alteration or tampering and sold such vehicle with an intent to defraud. A cause of action is hereby created by which any person who, with intent to defraud, violates any requirement imposed under this Section shall be liable in an amount equal to the sum of:

(1) three times the amount of actual damages sustained or \$1,500, whichever is the greater; and

(2) in the case of any successful action to enforce the foregoing liability, the costs of the action together with reasonable attorney fees as determined by the court. Any recovery based on a cause of action under this Section shall be offset by any recovery made pursuant to the federal Motor Vehicle Information and Cost Savings Act of 1972.

(f) The provisions of this Section shall not apply to any motorcycle, motor driven cycle, moped, antique vehicle, or expanded-use antique vehicle.

(g) The Secretary of State may adopt rules and regulations providing for a transition period for all non-conforming titles.

625 ILCS 5/3-113 — Transfer to or from dealer; records

Sec. 3-113. Transfer to or from dealer; records.

(a) After a dealer buys a vehicle and holds it for resale, the dealer must procure the certificate of title from the owner or the lienholder. The dealer may hold the certificate until he or she transfers the vehicle to another person. Upon transferring the vehicle to another person, the dealer shall promptly and within 20 days execute the assignment and warranty of title by a dealer, showing the names and addresses of the transferee and of any lienholder holding a security interest created or reserved at the time of the resale, in the spaces provided therefor on the certificate or as the Secretary of State prescribes, and mail or deliver the certificate to the Secretary of State with the transferee's application for a new certificate, except as provided in Section 3-117.2. A dealer has complied with this Section if the date of the mailing of the certificate, as indicated by the postmark, is within 20 days of the date on which the vehicle was transferred to another person.

(b) The Secretary of State may decline to process any application for a transfer of an interest in a vehicle if any fees or taxes due under this Code from the transferor or the transferee have not been paid upon reasonable notice and demand.

(c) Any person who violates this Section shall be guilty of a petty offense.

(d) Beginning January 1, 2014 and continuing until 90 days after the effective date of this amendatory Act of the 102nd General Assembly, the Secretary of State is authorized to impose a delinquent vehicle dealer transfer fee of \$20 if the certificate of title is received by the Secretary from the dealer 30 days but less than 60 days after the date of sale; however, if the certificate of title is received by the Secretary from the dealer 60 days but less than 90 days after the date of sale, the delinquent dealer transfer fee shall be \$35. Beginning 90 days after the effective date of this amendatory Act of the 102nd General Assembly, the Secretary of State is authorized to impose a delinquent vehicle dealer transfer fee of \$10 if the certificate of title is received by the Secretary from the dealer more than 45 days but less than 60 days after the date of sale; however, if the certificate of title is received by the Secretary from the dealer 60 or more days but less than 90 days after the date of sale, the delinquent dealer transfer fee shall be \$20. If the certificate of title is received by the Secretary from the dealer 90 or more days but less than 120 days after the date of sale, the delinquent vehicle dealer transfer fee shall be \$65. If the certificate of title is received by the Secretary from the dealer 120 days or more after the date of the sale, the delinquent vehicle dealer transfer fee shall be \$100. All monies collected under this subsection shall be deposited into the CDLIS/AAMVAnet/NMVTIS Trust Fund.

(e) Beginning January 1, 2022, the Secretary of State is authorized to issue a certificate of title in the name of the dealership to a licensed dealer under Chapter 5 for \$20 if the surrendered certificate of title has no space to assign the certificate of title again.

(f) Any licensee under Chapter 5 who sells, transfers, or wholesales a vehicle out of State shall mail the certificate of title to the physical business address in the requisite jurisdiction in lieu of transferring title at the time of sale.

625 ILCS 5/3-114 — Transfer by operation of law

Sec. 3-114. Transfer by operation of law.

(a) If the interest of an owner in a vehicle passes to another other than by voluntary transfer, the transferee shall, except as provided in paragraph (b), promptly mail or deliver within 20 days to the Secretary of State the last certificate of title, if available, proof of the transfer, and his application for a new certificate in the form the Secretary of State prescribes. It shall be unlawful for any person having possession of a certificate of title for a motor vehicle, semi-trailer, or house car by reason of his having a lien or encumbrance on such vehicle, to fail or refuse to deliver such certificate to the owner, upon the satisfaction or discharge of the lien or encumbrance, indicated upon such certificate of title.

(b) If the interest of an owner in a vehicle passes to another under the provisions of the Small Estates provisions of the Probate Act of 1975 the transferee shall promptly mail or deliver to the Secretary of State, within 120 days, the last certificate of title, if available, the documentation required under the provisions of the Probate Act of 1975, and an application for certificate of title. The Small Estate Affidavit form shall be furnished by the Secretary of State. The transfer may be to the transferee or to the nominee of the transferee.

(c) If the interest of an owner in a vehicle passes to another under other provisions of the Probate Act of 1975, as amended, and the transfer is made by a representative or guardian, such transferee shall promptly mail or deliver to the Secretary of State, the last certificate of title, if available, and a certified copy of the letters of office or guardianship, and an application for certificate of title. Such application shall be made before the estate is closed. The transfer may be to the transferee or to the nominee of the transferee.

(d) If the interest of an owner in joint tenancy passes to the other joint tenant with survivorship rights as provided by law, the transferee shall promptly mail or deliver to the Secretary of State, the last certificate of title, if available, proof of death of the one joint tenant and survivorship of the surviving joint tenant, and an application for certificate of title. Such application shall be made within 120 days after the death of the joint tenant. The transfer may be to the transferee or to the nominee of the transferee. (d-5) If the interest of an owner passes to the owner's spouse or if the spouse otherwise acquires ownership of the vehicle, then the transferee shall promptly mail or deliver to the Secretary of State, proof of

(i) the owner's death; (ii) the transfer or acquisition of ownership; and (iii) proof of the marital relationship between the owner and the transferee, along with the last certificate of title, if available, and an application for certificate of title along with the appropriate fees and taxes, if applicable. The application shall be made within 180 days after the death of the owner.

(e) The Secretary of State shall transfer a decedent's vehicle title to any legatee, representative or heir of the decedent who submits to the Secretary a death certificate and an affidavit by an attorney at law on the letterhead stationery of the attorney at law stating the facts of the transfer.

(f) Repossession with assignment of title. In all cases wherein a lienholder has repossessed a vehicle by other than judicial process and holds it for resale under a security agreement, and the owner of record has executed an assignment of the existing certificate of title after default, the lienholder may proceed to sell or otherwise dispose of the vehicle as authorized under the Uniform Commercial Code. Upon selling the vehicle to another person, the lienholder need not send the certificate of title to the Secretary of State, but shall promptly and within 20 days mail or deliver to the purchaser as transferee the existing certificate of title for the repossessed vehicle, reflecting the release of the lienholder's security interest in the vehicle. The application for a certificate of title made by the purchaser shall comply with subsection

(a) of Section 3-104 and be accompanied by the existing certificate of title for the repossessed vehicle. The lienholder shall execute the assignment and warranty of title showing the name and address of the purchaser in the spaces provided therefor on the certificate of title or as the Secretary of State prescribes. The lienholder shall complete the assignment of title in the certificate of title to reflect the transfer of the vehicle to the lienholder and also a reassignment to reflect the transfer from the lienholder to the purchaser. For this purpose, the lienholder is specifically authorized to complete and execute the space reserved in the certificate of title for a dealer reassignment, notwithstanding that the lienholder is not a licensed dealer. Nothing herein shall be construed to mean that the lienholder is taking title to the repossessed vehicle for purposes of liability for retailer occupation, vehicle use, or other tax with respect to the proceeds from the repossession sale. Delivery of the existing certificate of title to the purchaser shall be deemed disclosure to the purchaser of the owner of the vehicle. (f-5) Repossession without assignment of title. Subject to subsection (f-30), in all cases wherein a lienholder has repossessed a vehicle by other than judicial process and holds it for resale under a security agreement, and the owner of record has not executed an assignment of the existing certificate of title, the lienholder shall comply with

the following provisions:

(1) Prior to sale, the lienholder shall deliver or mail to the owner at the owner's last known address and to any other lienholder of record, a notice of redemption setting forth the following information:

(i) the name of the owner of record and in bold type at or near the top of the notice a statement that the owner's vehicle was repossessed on a specified date for failure to make payments on the loan (or other reason), (ii) a description of the vehicle subject to the lien sufficient to identify it, (iii) the right of the owner to redeem the vehicle, (iv) the lienholder's intent to sell or otherwise dispose of the vehicle after the expiration of 21 days from the date of mailing or delivery of the notice, and

(v) the name, address, and telephone number of the lienholder from whom information may be obtained concerning the amount due to redeem the vehicle and from whom the vehicle may be redeemed under Section 9-623 of the Uniform Commercial Code. At the lienholder's option, the information required to be set forth in this notice of redemption may be made a part of or accompany the notification of sale or other disposition required under Section 9-611 of the Uniform Commercial Code, but none of the information required by this notice shall be construed to impose any requirement under Article 9 of the Uniform Commercial Code.

(2) With respect to the repossession of a vehicle used primarily for personal, family, or household purposes, the lienholder shall also deliver or mail to the owner at the owner's last known address an affidavit of defense. The affidavit of defense shall accompany the notice of redemption required in subdivision (f-5)(1) of this Section. The affidavit of defense shall

(i) identify the lienholder, owner, and the vehicle; (ii) provide space for the owner to state the defense claimed by the owner; and (iii) include an acknowledgment by the owner that the owner may be liable to the lienholder for fees, charges, and costs incurred by the lienholder in establishing the insufficiency or invalidity of the owner's defense. To stop the transfer of title, the affidavit of defense must be received by the lienholder no later than 21 days after the date of mailing or delivery of the notice required in subdivision (f-5)(1) of this Section. If the lienholder receives the affidavit from the owner in a timely manner, the lienholder must apply to a court of competent jurisdiction to determine if the lienholder is entitled to possession of the vehicle.

(3) Upon selling the vehicle to another person, the lienholder need not send the certificate of title to the Secretary of State, but shall promptly and within 20 days mail or deliver to the purchaser as transferee

(i) the existing certificate of title for the repossessed vehicle, reflecting the release of the lienholder's security interest in the vehicle; and (ii) an affidavit of repossession made by or on behalf of the lienholder which provides the following information: that the vehicle was repossessed, a description of the vehicle sufficient to identify it, whether the vehicle has been damaged in excess of 50% of its fair market value as required under subdivision (b)(3) of Section 3-117.1, that the owner and any other lienholder of record were given the notice required in subdivision (f-5)(1) of this Section, that the owner of record was given the affidavit of defense required in subdivision (f-5)(2) of this Section, that the interest of the owner was lawfully terminated or sold pursuant to the terms of the security agreement, and the purchaser's name and address. If the vehicle is damaged in excess of 50% of its fair market value, the lienholder shall make application for a salvage certificate under Section 3-117.1 and transfer the vehicle to a person eligible to receive assignments of salvage certificates identified in Section 3-118.

(4) The application for a certificate of title made by the purchaser shall comply with subsection

(a) of Section 3-104 and be accompanied by the affidavit of repossession furnished by the lienholder and the existing certificate of title for the repossessed vehicle. The lienholder shall execute the assignment and warranty of title showing the name and address of the purchaser in the spaces provided therefor on the certificate of title or as the Secretary of State prescribes. The lienholder shall complete the assignment of title in the certificate of title to reflect the transfer of the vehicle to the lienholder and also a reassignment to reflect the transfer from the lienholder to the purchaser. For this purpose, the lienholder is specifically authorized to execute the assignment on behalf of the owner as seller if the owner has not done so and to complete and execute the space reserved in the certificate of title for a dealer reassignment, notwithstanding that the lienholder is not a licensed dealer. Nothing herein shall be construed to mean that the lienholder is taking title to the repossessed vehicle for purposes of liability for retailer occupation, vehicle use, or other tax with respect to the proceeds from the repossession sale. Delivery of the existing certificate of title to the purchaser shall be deemed disclosure to the purchaser of the owner of the vehicle. In the event the lienholder does not hold the certificate of title for the repossessed vehicle, the lienholder shall make application for and may obtain a new certificate of title in the name of the lienholder upon furnishing information satisfactory to the Secretary of State. Upon receiving the new

certificate of title, the lienholder may proceed with the sale described in subdivision (f-5)(3), except that upon selling the vehicle the lienholder shall promptly and within 20 days mail or deliver to the purchaser the new certificate of title reflecting the assignment and transfer of title to the purchaser.

(5) Neither the lienholder nor the owner shall file with the Office of the Secretary of State the notice of redemption or affidavit of defense described in subdivisions (f-5)(1) and (f-5)(2) of this Section. The Office of the Secretary of State shall not determine the merits of an owner's affidavit of defense, nor consider any allegations or assertions regarding the validity or invalidity of a lienholder's claim to the vehicle or an owner's asserted defenses to the repossession action. (f-7) Notice of reinstatement in certain cases.

(1) Subject to subsection (f-30), if, at the time of repossession by a lienholder that is seeking to transfer title pursuant to subsection (f-5), the owner has paid an amount equal to 30% or more of the deferred payment price or total of payments due, the owner may, within 21 days of the date of repossession, reinstate the contract or loan agreement and recover the vehicle from the lienholder by tendering in a lump sum

(i) the total of all unpaid amounts, including any unpaid delinquency or deferral charges due at the date of reinstatement, without acceleration; and (ii) performance necessary to cure any default other than nonpayment of the amounts due; and (iii) all reasonable costs and fees incurred by the lienholder in retaking, holding, and preparing the vehicle for disposition and in arranging for the sale of the vehicle. Reasonable costs and fees incurred by the lienholder include without limitation repossession and storage expenses and, if authorized by the contract or loan agreement, reasonable attorneys' fees and collection agency charges.

(2) Tender of payment and performance pursuant to this limited right of reinstatement restores to the owner his rights under the contract or loan agreement as though no default had occurred. The owner has the right to reinstate the contract or loan agreement and recover the vehicle from the lienholder only once under this subsection. The lienholder may, in the lienholder's sole discretion, extend the period during which the owner may reinstate the contract or loan agreement and recover the vehicle beyond the 21 days allowed under this subsection, and the extension shall not subject the lienholder to liability to the owner under the laws of this State.

(3) The lienholder shall deliver or mail written notice to the owner at the owner's last known address, within 3 business days of the date of repossession, of the owner's right to reinstate the contract or loan agreement and recover the vehicle pursuant to the limited right of reinstatement described in this subsection. At the lienholder's option, the information required to be set forth in this notice of reinstatement may be made part of or accompany the notice of redemption required in subdivision (f-5)(1) of this Section and the notification of sale or other disposition required under Section 9-611 of the Uniform Commercial Code, but none of the information required by this notice of reinstatement shall be construed to impose any requirement under Article 9 of the Uniform Commercial Code.

(4) The reinstatement period, if applicable, and the redemption period described in subdivision (f-5)(1) of this Section, shall run concurrently if the information required to be set forth in the notice of reinstatement is part of or accompanies the notice of redemption. In any event, the 21 day redemption period described in subdivision (f-5)(1) of this Section shall commence on the date of mailing or delivery to the owner of the information required to be set forth in the notice of redemption, and the 21 day reinstatement period described in this subdivision, if applicable, shall commence on the date of mailing or delivery to the owner of the information required to be set forth in the notice of reinstatement.

(5) The Office of the Secretary of State shall not determine the merits of an owner's claim of right to reinstatement, nor consider any allegations or assertions regarding the validity or invalidity of a lienholder's claim to the vehicle or an owner's asserted right to reinstatement. Where a lienholder is subject to licensing and regulatory supervision by the State of Illinois, the lienholder shall be subject to all of the powers and authority of the lienholder's primary State regulator to enforce compliance with the procedures set forth in this subsection (f-7). (f-10) Repossession by judicial process. In all cases wherein a lienholder has repossessed a vehicle by judicial process and holds it for resale under a security agreement, order for replevin, or other court order establishing the lienholder's right to possession of the vehicle, the lienholder may proceed to sell or otherwise dispose of the vehicle as authorized under the Uniform Commercial Code or the court order. Upon selling the vehicle to another person, the lienholder need not send the certificate of title to the Secretary of State, but shall promptly and within 20 days mail or deliver to the purchaser as transferee

(i) the existing certificate of title for the repossessed vehicle reflecting the release of the lienholder's security interest in the vehicle; (ii) a certified copy of the court order; and (iii) a bill of sale identifying the new owner's name and address and the year, make, model, and vehicle identification number of the vehicle. The application for a certificate of title made by the purchaser shall comply with subsection

(a) of Section 3-104 and be accompanied by the certified copy of the court order furnished by the lienholder and the existing certificate of title for the repossessed vehicle. The lienholder shall execute the assignment and warranty of title showing the name and address of the purchaser in the spaces provided therefor on the certificate of title or as the Secretary of State prescribes. The lienholder shall complete the assignment of title in the certificate of title to reflect the transfer of the vehicle to the lienholder and also a reassignment to reflect the transfer from the lienholder to the purchaser. For this purpose, the lienholder is specifically authorized to execute the assignment on behalf of the owner as seller if the owner has not done so and to complete and execute the space reserved in the certificate of title for a dealer reassignment, notwithstanding that the lienholder is not a licensed dealer. Nothing herein shall be construed to mean that the lienholder is taking title to the repossessed vehicle for purposes of liability for retailer occupation, vehicle use, or other tax with respect to the proceeds from the repossession sale. Delivery of the existing certificate of title to the purchaser shall be deemed disclosure to the purchaser of the owner of the vehicle. In the event the lienholder does not hold the certificate of title for the repossessed vehicle, the lienholder shall make application for and may obtain a new certificate of title in the name of the lienholder upon furnishing information satisfactory to the Secretary of State. Upon receiving the new certificate of title, the lienholder may proceed with the sale described in this subsection, except that upon selling the vehicle the lienholder shall promptly and within 20 days mail or deliver to the purchaser the new certificate of title reflecting the assignment and transfer of title to the purchaser. (f-15) The Secretary of State shall not issue a certificate of title to a purchaser under subsection (f), (f-5), or (f-10) of this Section, unless the person from whom the vehicle has been repossessed by the lienholder is shown to be the last registered owner of the motor vehicle. The Secretary of State may provide by rule for the standards to be followed by a lienholder in assigning and transferring certificates of title with respect to repossessed vehicles. (f-20) If applying for a salvage certificate or a junking certificate, the lienholder shall within 20 days make an application to the Secretary of State for a salvage certificate or a junking certificate, as set forth in this Code. The Secretary of State shall not issue a salvage certificate or a junking certificate to such lienholder unless the person from whom such vehicle has been repossessed is shown to be the last registered owner of such motor vehicle and such lienholder establishes to the satisfaction of the Secretary of State that he is entitled to such salvage certificate or junking certificate. The Secretary of State may provide by rule for the standards to be followed by a lienholder in order to obtain a salvage certificate or junking certificate for a repossessed vehicle. (f-25) If the interest of an owner in a mobile home, as defined in the Mobile Home Local Services Tax Act, passes to another under the provisions of the Mobile Home Local Services Tax Enforcement Act, the transferee shall promptly mail or deliver to the Secretary of State

(i) the last certificate of title, if available, (ii) a certified copy of the court order ordering the transfer of title, and (iii) an application for certificate of title. (f-30) Bankruptcy. If the repossessed vehicle is the subject of a bankruptcy proceeding or discharge:

(1) the lienholder may proceed to sell or otherwise dispose of the vehicle as authorized by the Bankruptcy Code and the Uniform Commercial Code;

(2) the notice of redemption, affidavit of defense, and notice of reinstatement otherwise required to be sent by the lienholder to the owner of record or other lienholder of record under this Section are not required to be delivered or mailed;

(3) the requirement to delay disposition of the vehicle for 21 days,

(i) from the mailing or delivery of the notice of redemption under subdivision (f-5)(1) of this Section, (ii) from the mailing or delivery of the affidavit of defense under subdivision (f-5)(2) of this Section, or (iii) from the date of repossession when the owner is entitled to a notice of reinstatement under subsection (f-7) of this Section, does not apply;

(4) the affidavit of repossession that is required under subdivision (f-5)(3) shall contain a notation of "bankruptcy" where the affidavit requires the date of the mailing or delivery of the notice of redemption. The notation of "bankruptcy" means the lienholder makes no sworn representations regarding the mailing or delivery of the notice of redemption or affidavit of defense or lienholder's compliance with the requirements that otherwise apply to the notices listed in this subsection (f-30), and makes no sworn representation that the lienholder assumes liability or costs for any litigation that may arise from the issuance of a certificate of title based on the excluded representations;

(5) the right of redemption, the right to assert a defense to the transfer of title, and reinstatement rights under this Section do not apply; and

(6) references to judicial process and court orders in subsection (f-10) of this Section do not include bankruptcy proceedings or orders.

(g) A person holding a certificate of title whose interest in the vehicle has been extinguished or transferred other than by voluntary transfer shall mail or deliver the certificate, within 20 days upon request of the Secretary of State. The delivery of the certificate pursuant to the request of the Secretary of State does not affect the rights of the person surrendering the certificate, and the action of the Secretary of State in issuing a new certificate of title as provided herein is not conclusive upon the rights of an owner or lienholder named in the old certificate.

(h) The Secretary of State may decline to process any application for a transfer of an interest in a vehicle hereunder if any fees or taxes due under this Act from the transferor or the transferee have not been paid upon reasonable notice and demand.

(i) The Secretary of State shall not be held civilly or criminally liable to any person because any purported transferor may not have had the power or authority to make a transfer of any interest in any vehicle or because a certificate of title issued in error is subsequently used to commit a fraudulent act.

625 ILCS 5/3-114.1 — Transfers to and from charitable organizations

Sec. 3-114.1. Transfers to and from charitable organizations. When a charitable not-for-profit organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code becomes the recipient of a motor vehicle by means of a donation from an individual, the organization need not send the certificate of title to the Secretary of State. Upon transferring the motor vehicle, the organization shall promptly and within 20 days execute the reassignment to reflect the transfer from the organization to the purchaser. The organization is specifically authorized to complete and execute the space reserved in the certificate of title for a dealer reassignment, notwithstanding that the organization is not a licensed dealer. Nothing in this Section shall be construed to require the organization to become a licensed vehicle dealer.

625 ILCS 5/3-115 — Fees - Registration cards - License plates

Sec. 3-115. Fees - Registration cards - License plates.

(a) An application for a certificate of title shall be accompanied by an application for, or a transfer of, registration of the vehicle.

(b) An application for the naming of a lienholder or his assignee on a certificate of title shall be accompanied by the required fee when mailed or delivered to the Secretary of State.

(c) A transferor of a vehicle, other than a dealer transferring a new vehicle, shall deliver to the transferee at the time of the delivery of possession of the vehicle the properly assigned certificate of title of this vehicle.

(d) All applications shall be accompanied with the required fee or tax.

625 ILCS 5/3-116 — When Secretary of State to issue a certificate of title

Sec. 3-116. When Secretary of State to issue a certificate of title.

(a) The Secretary of State, upon receipt of a properly assigned certificate of title, with an application for a certificate of title, the required fee and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner and mail it to the first lienholder named in it or, if none, to the owner or owner's designee.

(b) The Secretary of State, upon receipt of an application for a new certificate of title by a transferee other than by voluntary transfer, with proof of the transfer, the required fee and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner. (b-5) The Secretary of State, upon receipt of an application for a certificate of title and the required fee, may issue a certificate of title to an out-of-state resident if the out-of-state resident is a bona fide purchaser of a vehicle or a manufactured home from a dealer licensed in this State under Section 5-101, 5-101.2, or 5-102 of this Code and the licensed dealer files for bankruptcy, surrenders his or her license, or is otherwise no longer operating as a licensed dealer and does not properly transfer the title application to the bona fide purchaser prior to the licensed dealer's business closure.

(c) Any person, firm or corporation, who shall knowingly possess, buy, sell, exchange or give away, or offer to buy, sell, exchange or give away the certificate of title to any motor vehicle which is a junk or salvage, or who shall fail to surrender the certificate of title to the Secretary of State as required under the provisions of this Section and Section 3-117.2, shall be guilty of Class 3 felony.

(d) The Secretary of State shall file and retain for four

(4) years a record of every surrendered certificate of title or proof of ownership accepted by the Secretary of State, the file to be maintained so as to permit the tracing of title of the vehicle designated therein. Such filing and retention requirements shall be in addition to and not in substitution for the recordkeeping requirements set forth in Section 3-106 of this Code, which recordkeeping requirements are not limited to any period of time.

(e) The Secretary of State, upon receipt of an application for corrected certificate of title, with the original title, the required fee and any other required documents, shall issue a corrected certificate of title in the name of the owner and mail it to the first lienholder named in it or, if none, to the owner or owner's designee.

(f) The Secretary of State, upon receipt of a certified copy of a court order awarding ownership to an applicant along with an application for a certificate of title and the required fee, shall issue a certificate of title to the applicant.

(b) When satisfied as to the genuineness and regularity of the surrender of a Manufacturer's Statement of Origin to a manufactured home, payment of any applicable fees and upon satisfaction of the requirements of subsection

(a) of this Section, the Secretary of State shall

(i) cancel the Manufacturer's Statement of Origin and update his or her records in accordance with the provisions of Section 3-106 and (ii) provide written acknowledgment of compliance with the provisions of this Section to each person identified on the application for surrender of Manufacturer's Statement of Origin pursuant to subsection (a)(7) of this Section.

(c) Upon satisfaction of the requirements of this Section, a manufactured home shall be conveyed and encumbered as provided in the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act. If the application to surrender a Manufacturer's Statement of Origin is delivered to the Secretary of State within 60 days of

recording the related affidavit of affixation with the recording officer in the county in which the real property to which the manufactured home is or shall be affixed and the application is thereafter accepted by the Secretary of State, the requirements of this Section shall be deemed satisfied as of the date the affidavit of affixation is recorded.

(d) Upon written request by a person identified on the application for surrender of Manufacturer's Statement of Origin pursuant to subsection (a)(7) of this Section, the Secretary of State shall provide written acknowledgment of compliance with the provisions of this Section.

625 ILCS 5/3-116.2 — Application for surrender of title

(5) a certified copy of the affidavit of affixation in accordance with the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act;

(8) a release of security interests (if any) pursuant to Section 3-205 of this Code; and

(9) any other information and documents the Secretary of State reasonably requires to identify the owner of the manufactured home and to enable him or her to determine whether the owner satisfied the requirements of the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act and is entitled to surrender the certificate of title and the existence or non-existence of security interests in or liens on the manufactured home.

(b) The Secretary of State shall not accept for surrender a certificate of title to a manufactured home unless and until all security interests or liens perfected pursuant to Sections 3-106 and 3-202 have been released.

(c) When satisfied as to the genuineness and regularity of the surrender of a certificate of title to a manufactured home, payment of any applicable fees and upon satisfaction of the requirements of subsections

(i) cancel the certificate of title and update his or her records in accordance with the provisions of Section 3-106 and (ii) provide written acknowledgment of compliance with the provisions of this Section to each person identified on the application for surrender of title pursuant to subsection (a)(7) of this Section.

(d) Upon satisfaction of the requirements of this Section, a manufactured home shall be conveyed and encumbered as provided in the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act. If the

625 ILCS 5/3-116.3 — Application for a certificate of title to a severed manufactured home

Sec. 3-116.3. Application for a certificate of title to a severed manufactured home.

(a) Notwithstanding any other provision of law, where a manufactured home has been affixed to a permanent foundation, and an affidavit of affixation has been recorded as part of the real property records in the county in which the manufactured home is located in accordance with the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act, and where the manufactured home subsequently is detached or severed from the real property, the owner (all, if more than one) of the manufactured home shall, unless exempted by other provisions of this Code, apply for a new certificate of title by filing with the Secretary of State an application for a certificate of title to a manufactured home, to be issued in accordance with subsection

(b) of Section 3-109, containing or accompanied by:

(1) the name, residence, and mailing address of the owner;

(2) a description of the manufactured home, including the name of the manufacturer, the make, the model name, the model year, the dimensions, and the vehicle identification number or numbers of the manufactured home and whether it is new or used, and any other information the Secretary of State requires;

(3) a statement signed by the applicant, stating either:

(5) any other information and documents the Secretary of State reasonably requires.

(b) Upon satisfaction of the requirements of subsection

(c) Immediately upon satisfaction of the requirements of this Section and thereafter, a manufactured home shall be conveyed and encumbered as personal property.

(d) The satisfaction of the requirements of this Section with respect to a manufactured home shall have no effect on the manner in which such manufactured home is taxed pursuant to the Property Tax Code or the Mobile Home Local Services Tax Act.

625 ILCS 5/3-117.1 — When junking certificates or salvage certificates must be obtained

Sec. 3-117.1. When junking certificates or salvage certificates must be obtained.

(a) Except as provided in Chapter 4 and Section 3-117.3 of this Code, a person who possesses a junk vehicle shall within 15 days cause the certificate of title, salvage certificate, certificate of purchase, or a similarly acceptable out-of-state document of ownership to be surrendered to the Secretary of State along with an application for a junking certificate, except as provided in Section 3-117.2, whereupon the Secretary of State shall issue to such a person a junking certificate, which shall authorize the holder thereof to possess, transport, or, by an endorsement, transfer ownership in such junked vehicle, and a certificate of title shall not again be issued for such vehicle. The owner of a junk vehicle is not required to surrender the certificate of title under this subsection if

(i) there is no lienholder on the certificate of title or (ii) the owner of the junk vehicle has a valid lien release from the lienholder releasing all interest in the vehicle and the owner applying for the junk certificate matches the current record on

the certificate of title file for the vehicle. A licensee who possesses a junk vehicle and a Certificate of Title, Salvage Certificate, Certificate of Purchase, or a similarly acceptable out-of-state document of ownership for such junk vehicle, may transport the junk vehicle to another licensee prior to applying for or obtaining a junking certificate, by executing a uniform invoice. The licensee transferor shall furnish a copy of the uniform invoice to the licensee transferee at the time of transfer. In any case, the licensee transferor shall apply for a junking certificate in conformance with Section 3-117.1 of this Chapter. The following information shall be contained on a uniform invoice:

- (1) The business name, address, and dealer license number of the person disposing of the vehicle, junk vehicle, or vehicle cowl;
- (2) The name and address of the person acquiring the vehicle, junk vehicle, or vehicle cowl and, if that person is a dealer, the Illinois or out-of-state dealer license number of that dealer;
- (3) The date of the disposition of the vehicle, junk vehicle, or vehicle cowl;
- (4) The year, make, model, color, and description of each vehicle, junk vehicle, or vehicle cowl disposed of by such person;
- (5) The manufacturer's vehicle identification number, Secretary of State identification number, or Illinois State Police number for each vehicle, junk vehicle, or vehicle cowl part disposed of by such person;
- (6) The printed name and legible signature of the person or agent disposing of the vehicle, junk vehicle, or vehicle cowl; and
- (7) The printed name and legible signature of the person accepting delivery of the vehicle, junk vehicle, or vehicle cowl. The Secretary of State may certify a junking manifest in a form prescribed by the Secretary of State that reflects those vehicles for which junking certificates have been applied or issued. A junking manifest may be issued to any person and it shall constitute evidence of ownership for the vehicle listed upon it. A junking manifest may be transferred only to a person licensed under Section 5-301 of this Code as a scrap processor. A junking manifest will allow the transportation of those vehicles to a scrap processor prior to receiving the junk certificate from the Secretary of State.

(b) An application for a salvage certificate shall be submitted to the Secretary of State in any of the following situations:

(1) When an insurance company makes a payment of damages on a total loss claim for a vehicle, the insurance company shall be deemed to be the owner of such vehicle and the vehicle shall be considered to be salvage except that ownership of

(i) a vehicle that has incurred only hail damage that does not affect the operational safety of the vehicle or (ii) any vehicle 9 model years of age or older may, by agreement between the registered owner and the insurance company, be retained by the registered owner of such vehicle. The insurance company shall promptly deliver or mail within 20 days the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the insurance company. Notwithstanding the foregoing, an insurer making payment of damages on a total loss claim for the theft of a vehicle shall not be required to apply for a salvage certificate unless the vehicle is recovered and has incurred damage that initially would have caused the vehicle to be declared a total loss by the insurer. (1.1) When a vehicle of a self-insured company is to be sold in the State of Illinois and has sustained damaged by collision, fire, theft, rust corrosion, or other means so that the self-insured company determines the vehicle to be a total loss, or if the cost of repairing the damage, including labor, would be greater than 70% of its fair market value without that damage, the vehicle shall be considered salvage. The self-insured company shall promptly deliver the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the self-insured company. A self-insured company making payment of damages on a total loss claim for the theft of a vehicle may exchange the salvage certificate for a certificate of title if the vehicle is recovered without damage. In such a situation, the self-insured shall fill out and sign a form prescribed by the Secretary of State which contains an affirmation under penalty of perjury that the vehicle was recovered without damage and the Secretary of State may, by rule, require photographs to be submitted.

(2) When a vehicle the ownership of which has been transferred to any person through a certificate of purchase from acquisition of the vehicle at an auction, other dispositions as set forth in Sections 4-208 and 4-209 of this Code, or a lien arising under Section 18a-501 of this Code shall be deemed salvage or junk at the option of the purchaser. The person acquiring such vehicle in such manner shall promptly deliver or mail, within 20 days after the acquisition of the vehicle, the certificate of purchase, the proper application and fee, and, if the vehicle is an abandoned mobile home under the Abandoned Mobile Home Act, a certification from a local law enforcement agency that the vehicle was purchased or

acquired at a public sale under the Abandoned Mobile Home Act to the Secretary of State and a salvage certificate or junking certificate shall be issued in the name of that person. The salvage certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so that the cost of repairing such damage, including labor, would be greater than 50% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 50% of such fair market value, the lienholder shall, before sale, transfer, or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection

(f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 50% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 50% of its fair market value. If the facts required to be shown in subsection

(f) of Section 3-114 are satisfied, the Secretary of State shall issue a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision, fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 50% of the fair market value of the vehicle without such damage. If the owner of a fleet vehicle desires to sell, transfer, or assign his interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 50% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 50% of its fair market value, the owner shall so state in a written affirmation on a form prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 50% of the fair market value of the vehicle without that damage. The salvage certificate issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 50% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(6) When any licensed rebuilder, repairer, new or used vehicle dealer, or remittance agent has submitted an application for title to a vehicle (other than an application for title to a rebuilt vehicle) that he or she knows or reasonably should have known to have sustained damages in excess of 50% of the vehicle's fair market value without that damage; provided, however, that any application for a salvage certificate for a vehicle recovered from theft and acquired from an insurance company shall be made as required by paragraph

(1) of this subsection (b).

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(d) Except as provided under subsection (a), any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph

(5) of subsection

(b) of this Section is guilty of a business offense and shall be fined not less than \$1,000 nor more than \$5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

(e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

625 ILCS 5/3-117.2 — Junk vehicle notification

Sec. 3-117.2. Junk vehicle notification. Beginning July 1, 1989 a person licensed as a scrap processor or automotive parts recycler pursuant to Section 5-301 of this Code who acquires a properly assigned Certificate of Title, a Salvage Certificate, a Certificate of Purchase, or a similarly acceptable out-of-state document of ownership pursuant to Section 5-401.3 of this Code, shall within 15 days of acquiring such document, submit it to the Secretary of State along with a Junk Vehicle Notification, the form and manner for which shall be as prescribed by Secretary of State rule or regulation. A scrap processor or automotive parts recycler who acquires the above named documents of ownership pursuant to Section 5-401.3 shall not be required to apply for or obtain a junking certificate. The information contained on a Junk Vehicle Notification shall be duly recorded by the Secretary of State upon the receipt of such Notification. The Secretary of State shall not again issue a Certificate of Title or Salvage Certificate for any vehicle listed on a Junk Vehicle Notification.

625 ILCS 5/3-117.3 — Junking or salvage certificates; insurance company; salvage dealer

Sec. 3-117.3. Junking or salvage certificates; insurance company; salvage dealer.

(a) For purposes of this Section, "salvage dealer" means a licensed dealer who primarily sells salvage vehicles on behalf of insurance companies and obtains a "salvage dealer" designation through the used dealer application process under Section 5-102 of this Code.

(b) Notwithstanding any other provision of law to the contrary, an insurance company or salvage dealer may, after completing a record search for any owner of a vehicle or a lienholder of record, obtain free of any lien a junking certificate or salvage certificate in the insurance company's name by submitting an application for a junking certificate or salvage certificate to the Secretary of State. The application shall include proof of full payment, in whole or in part, to the vehicle owner or, if applicable, any lienholder of record and proof of notice to the vehicle owner and any lienholder via certified mail or other proof of service that a transfer of title shall occur no earlier than 30 days after the date the notice is sent. Upon approval of the application, the Secretary shall issue to the insurance company a junking certificate or salvage certificate free of any lien in the insurance company's name. For the purposes of this subsection, "proof of full payment" means either a photocopy of a deposited insurance claim check or, for an electronic claims payment, a screen shot from the insurer's proprietary claim system that shows the payee, the amount paid, and the date of payment. No other additional requirements shall be required of the insurer. An insurance company or salvage dealer shall not sell a salvage vehicle with a title obtained under this subsection

(b) to anyone not authorized to buy salvage vehicles under this Code. This subsection

(b) shall apply only to a motor vehicle titled in this State that has been through an insurance claims process and the owner of the vehicle or lienholder, if applicable, has received compensation in exchange for relinquishing the ownership rights of the vehicle to an insurance company licensed under the Illinois Insurance Code and the insurance company is unable to obtain an endorsed certificate of title within 30 days of payment to the owner or lienholder.

(c) Notwithstanding any other provision of law to the contrary, a salvage dealer may, after completing a record search for any owner of a vehicle or a lienholder of record, obtain free of any lien a junking certificate or salvage certificate in his or her name by submitting an application for a junking certificate or a salvage certificate to the Secretary of State which shall include, but is not limited to, proof of notice via certified mail or other proof of service to the vehicle owner or any

lienholder that a transfer of title shall occur no earlier than 30 days after the date the notice is sent. The notice shall inform the vehicle owner or lienholder that upon payment of any applicable charges, the vehicle may be removed from the salvage dealer's facility. Upon approval of the application, the Secretary shall issue to the salvage dealer a junking certificate or salvage certificate free of any lien in the salvage dealer's name. A salvage dealer shall not sell a salvage vehicle with a title obtained under this subsection

(c) to anyone not authorized to buy salvage vehicles under this Code. This subsection

(c) shall apply only to a motor vehicle titled in this State and in possession of a salvage dealer by request of an insurance company licensed under the Illinois Insurance Code to take possession of the motor vehicle subject to an insurance claim and the insurance company denies coverage of the vehicle or does not take ownership of the vehicle within 45 days of possession by the salvage dealer.

(d) A vehicle owner or lienholder may send notice of dispute of the transfer of title under this Section within 30 days after the required notice is sent by the insurance company or salvage dealer. If a dispute between a vehicle owner or lienholder and an insurance company or salvage dealer cannot be resolved within 45 days after the required notice to the vehicle owner or lienholder is sent, the vehicle owner or lienholder, within 90 days after sending notice of dispute, shall petition a court of competent jurisdiction for an order to determine ownership of the vehicle and shall notify the Secretary of State of the filing of the petition. If a vehicle owner or lienholder does not file a petition within the 90-day period, the title to the vehicle shall be issued to the insurance company or salvage dealer under this Section.

(e) Any person who without authority acquires, sells, exchanges, gives away, transfers, or destroys or offers to acquire, sell, exchange, give away, transfer, or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(f) Any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, or certificate of purchase is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a second and subsequent offense.

(g) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection

(g) is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under subsection

(b) of Section 3-601 of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection (g). A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection

(g) for the duration of the permit.

(h) The Secretary of State may adopt any rules necessary to implement this Section.

625 ILCS 5/3-117.5 — Automatic processing of applications for salvage or junking certificates; salvage dealer; bond

Sec. 3-117.5. Automatic processing of applications for salvage or junking certificates; salvage dealer; bond.

(a) Notwithstanding any other provision of law to the contrary and subject to the requirements of this Section, if a salvage dealer as defined under Section 3-117.3 posts annually a bond in the amount of \$100,000, up to a maximum aggregate amount of \$100,000, with the Secretary of State, the Secretary of State shall automatically process any properly submitted application by the salvage dealer for a salvage certificate or junking certificate pursuant to Section 3-117.1 and issue the appropriate salvage certificate or junking certificate. The Secretary of State Vehicle Services Department may conduct random samplings of automatically processed applications submitted by a salvage dealer under this Section to ensure that the salvage dealer's applications for salvage certificates or junking certificates are accurate. Applications for salvage certificates or junking certificates submitted by a salvage dealer that are not accompanied by the most current certificate of title are not eligible for automatic processing, including, but not limited to, applications accompanied by an affidavit or a uniform invoice or certificate of purchase under Section 3-117.1.

(b) If a salvage dealer fails to properly submit applications for salvage certificates or junking certificates at an 85% rate of accuracy or greater, then the Secretary of State Vehicle Services Department may suspend that salvage dealer's right to automatic processing of applications for salvage certificates or junking certificates for a period of not less than 90 days. Prior to the initial suspension of a salvage dealer's right to automatic processing of applications for salvage certificates or junking certificates, the Secretary of State Vehicle Services Department shall provide notice to the salvage dealer of the

processing errors or defects and provide the salvage dealer with an opportunity to cure the processing errors or defects within a reasonable period, which shall not be less than 14 days. If the same processing errors or defects that are contained in the initial notice to the salvage dealer are repeated a second time by a salvage dealer within a 12-month period from the date of the initial notice, then the Secretary of State Vehicle Services Department shall suspend that salvage dealer's right to automatic processing of applications for salvage certificates or junking certificates for a period of not less than 90 days. If the same processing errors or defects that are contained in the initial notice to a salvage dealer are repeated a third time by the salvage dealer within a 12-month period from the date of the initial notice, then the Secretary of State Vehicle Services Department shall suspend that salvage dealer's right to automatic processing of applications for salvage certificates or junking certificates for a period of not less than 180 days.

(c) After a salvage dealer's right to automatic processing of applications for salvage certificates or junking certificates has been suspended and the applicable suspension period has been served, the salvage dealer may request reinstatement of the right to automatic processing of applications for salvage certificates or junking certificates by demonstrating to the Secretary of State Vehicle Services Department that the salvage dealer has corrected the processing errors or defects that resulted in the suspension. The Secretary of State Vehicle Services Department, after meeting and conferring with the salvage dealer, shall have the sole discretion, subject to the appeal rights in subsection (d), to determine whether to grant the salvage dealer's request for reinstatement.

(d) A salvage dealer may appeal a suspension or a denial of a request for reinstatement of the right to automatic processing of applications for salvage certificates or junking certificates directly to the Secretary of State.

(e) The annual bond posted as required by this Section shall be held by the Secretary of State to secure compensation for an owner of a vehicle if it is determined that the salvage dealer caused the improper transfer of ownership of the vehicle without performing the required procedures set forth in this Chapter. After providing the salvage dealer with a reasonable opportunity to provide proof of its due diligence relating to the disputed transaction and after meeting and conferring with the salvage dealer, the Secretary of State Vehicle Services Department shall determine whether the certificate of title of the vehicle was improperly transferred out of the owner's name by the salvage dealer. This determination shall create a rebuttable presumption that the vehicle was improperly transferred out of the owner's name by the salvage dealer. Upon such a determination by the Secretary of State Vehicle Services Department, if the salvage dealer does not compensate the vehicle owner for the value of the improperly transferred certificate of title, the owner of the vehicle shall have the right to seek reimbursement from the posted bond for the loss of the vehicle under a Court of Claims proceeding.

(f) The security deposited as an annual bond pursuant to this Section shall be placed by the Secretary of State in the custody of the State Treasurer. Thereafter, any person with a claim against the bond may enforce the claim through an appropriate proceeding in the Court of Claims, subject to the limitations prescribed for the Court of Claims.

625 ILCS 5/3-118 — Application for salvage or junking certificate; contents

Sec. 3-118. Application for salvage or junking certificate; contents.

(a) An application for a salvage certificate or junking certificate shall be made upon the forms prescribed by the Secretary of State and contain: 1. The name and address of the owner; 2. A description of the vehicle including, so far as the following data exists: its make, year-model, identifying number, type of body, whether new or used; 3. The date of purchase by applicant; and 4. Any further information reasonably required by the Secretary of State.

(b) The application for salvage certificate must also contain the current odometer reading and that the stated odometer reading is one of the following: actual mileage, not the actual mileage or mileage is in excess of its mechanical limits. (b-5) Each application for a salvage certificate for a motor vehicle shall be verified by the National Motor Vehicle Title Information System (NMVTIS) for a vehicle history report prior to the Secretary issuing a salvage certificate.

(c) A salvage certificate may be assigned to any person licensed under this Act as a rebuilder, automotive parts recycler, or scrap processor, or to an out-of-state salvage vehicle buyer. A salvage certificate for a vehicle that has come from a police impoundment may be assigned to a municipal fire department. A junking certificate may be assigned to anyone. A salvage certificate may be assigned to one person to whom a salvage certificate may be assigned pursuant to this Section.

625 ILCS 5/3-118.1

Sec. 3-118.1. Whenever a certificate of title is issued for a vehicle with respect to which a salvage certificate has been previously issued, the new certificate of title shall bear the notation "REBUILT". However, insurance companies or

persons licensed under Section 5-301 who are also licensed as a used vehicle dealer under Section 5-102 of this Code may exchange a salvage certificate for a certificate of title which does not bear the notation "REBUILT" when there is submitted with the application satisfactory proof that the salvage certificate was obtained because of a claim of total loss from theft and the vehicle was recovered without structural damage caused by collision, fire, flood, theft, rust, or corrosion. The Secretary may adopt rules governing the issuance of titles authorized under this Section.

625 ILCS 5/3-201 — Excepted liens and security interests

Sec. 3-201. Excepted liens and security interests. This Article does not apply to or affect:

- (a) A lien given by statute or rule of law to a supplier of services or materials for the vehicle;
- (b) A lien given by statute to the United States, this State or any political subdivision of this State, except liens on trailer coaches and mobile homes for public assistance, as provided in Section 3-12 (now repealed) of the Illinois Public Aid Code.
- (c) A security interest in a vehicle created by a manufacturer or dealer who holds the vehicle for sale, but a buyer in the ordinary course of trade from the manufacturer or dealer takes free of the security interest.

625 ILCS 5/3-201.1 — Terminal rent adjustment clause leases

Sec. 3-201.1. Terminal rent adjustment clause leases. In the case of motor vehicles or trailers, a transaction does not create a sale or a security interest merely because it provides that the rental price is permitted or required to be adjusted under the agreement either upward or downward by reference to the amount realized upon sale or other disposition of the motor vehicle or trailer.

625 ILCS 5/3-202 — Perfection of security interest

Sec. 3-202. Perfection of security interest.

- (a) Unless excepted by Section 3-201, a security interest in a vehicle of a type for which a certificate of title is required is not valid against subsequent transferees or lienholders of the vehicle unless perfected as provided in this Act. A purchase money security interest in a manufactured home is perfected against the rights of judicial lien creditors and execution creditors on and after the date such purchase money security interest attaches.
- (b) A security interest is perfected by the delivery to the Secretary of State of the existing certificate of title, if any, an application for a certificate of title containing the name and address of the lienholder and the required fee. The security interest is perfected as of the time of its creation if the delivery to the Secretary of State is completed within 30 days after the creation of the security interest or receipt by the new lienholder of the existing certificate of title from a prior lienholder or licensed dealer, otherwise as of the time of the delivery.
- (c) If a vehicle is subject to a security interest when brought into this State, the validity of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest attached, subject to the following: 1. If the parties understood at the time the security interest attached that the vehicle would be kept in this State and it was brought into this State within 30 days thereafter for purposes other than transportation through this State, the validity of the security interest in this State is determined by the law of this State. 2. If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest attached, the following rules apply: (A) If the name of the lienholder is shown on an existing certificate of title issued by that jurisdiction, his security interest continues perfected in this State. (B) If the name of the lienholder is not shown on an existing certificate of title issued by that jurisdiction, a security interest may be perfected by the lienholder delivering to the Secretary of State the prescribed notice and by payment of the required fee. Such security interest is perfected as of the time of delivery of the prescribed notice and payment of the required fee. 3. If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest attached, it may be perfected in this State; in that case perfection dates from the time of perfection in this State. 4. A security interest may be perfected under paragraph 3 of this subsection either as provided in subsection
- (b) or by the lienholder delivering to the Secretary of State a notice of security interest in the form the Secretary of State prescribes and the required fee.
- (d) Except as otherwise provided in Sections 3-116.1, 3-116.2, 3-207, and the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act, after a certificate of title has been issued for a manufactured home and as long as the manufactured home is subject to any security interest perfected pursuant to this Section, the

Secretary of State shall not file an affidavit of affixation, nor cancel the Manufacturer's Statement of Origin, nor revoke the certificate of title, nor issue a certificate of title under Section 3-106, and, in any event, the validity and priority of any security interest perfected pursuant to this Section shall continue, notwithstanding the provision of any other law.

625 ILCS 5/3-203 — Security interest

Sec. 3-203. Security interest. If an owner creates a security interest in a vehicle:

(a) The owner shall immediately execute the application, in the space provided therefor on the certificate of title or on a separate form the Secretary of State prescribes, to name the lienholder on the certificate, showing the name and address of the lienholder and cause the certificate, application and the required fee to be delivered to the lienholder.

(b) The lienholder shall immediately cause the certificate, application and the required fee to be mailed or delivered to the Secretary of State.

(c) Upon request of the owner or subordinate lienholder, a lienholder in possession of the certificate of title shall either mail or deliver the certificate to the subordinate lienholder for delivery to the Secretary of State or, upon receipt from the subordinate lienholder of the owner's application and the required fee, mail or deliver them to the Secretary of State with the certificate. The delivery of the certificate does not affect the rights of the first lienholder under his security agreement.

(d) Upon receipt of the certificate of title, application and the required fee, the Secretary of State shall issue a new certificate containing the name and address of the new lienholder, and mail the certificate to the first lienholder named in it.

625 ILCS 5/3-204 — Assignment by lienholder

Sec. 3-204. Assignment by lienholder.

(a) A lienholder may assign, absolutely or otherwise, his security interest in the vehicle to a person other than the owner without affecting the interest of the owner or the validity of the security interest, but any person without notice of the assignment is protected in dealing with the lienholder as the holder of the security interest and the lienholder remains liable for any obligations as lienholder until the assignee is named as lienholder on the certificate.

(b) The assignee may, but need not to perfect the assignment, have the certificate of title issued with the assignee named as lienholder, upon delivering to the Secretary of State the certificate and an assignment by the lienholder named in the certificate in the form the Secretary of State prescribes.

625 ILCS 5/3-205 — Release of security interest

Sec. 3-205. Release of security interest.

(a) Within 21 days after receiving payment to satisfy a security interest in a vehicle for which the certificate of title is in the possession of the lienholder, he shall execute a release of his security interest, and mail or deliver the certificate and release to the next lienholder named therein, or, if none, to the owner or any person who delivers to the lienholder an authorization from the owner to receive the certificate. If the payment is in the form of cash, a cashier's check, or a certified check, the number of days is reduced to 10 business days. If the owner desires a new certificate reflecting no lien, the certificate and release from the lienholder may be submitted to the Secretary of State, along with the prescribed application and required fee, for issuance of that new certificate.

(b) Within 21 days after receiving payment to satisfy a security interest in a vehicle for which the certificate of title is in the possession of a prior lienholder, the lienholder whose security interest is satisfied shall execute a release and deliver the release to the owner or any person who delivers to the lienholder an authorization from the owner to receive it. If the payment is in the form of cash, a cashier's check, or a certified check, the number of days is reduced to 10 business days. The lienholder in possession of the certificate of title may either deliver the certificate to the owner, or the person authorized by him, for delivery to the Secretary of State, or, upon receipt of the release, may mail or may deliver the certificate and release, along with prescribed application and require fee, to the Secretary of State, who shall issue a new certificate.

(c) In addition to any other penalty, a lienholder who fails to execute a release of his or her security interest or who fails to mail or deliver the certificate and release within the time limit provided in subsection

(a) or

(b) is liable to the person or entity that was supposed to receive the release or certificate for \$150 plus reasonable attorney fees and court costs. An action under this Section may be brought in small claims court or in any other appropriate court.

(d) The holder of a security interest in or a lien on a manufactured home may deliver lien release documents to any person to facilitate conveying or encumbering the manufactured home. Any person receiving any such documents so delivered holds the documents in trust for the security interest holder or the lienholder.

625 ILCS 5/3-206 — Duty of lienholder

Sec. 3-206. Duty of lienholder. A lienholder named in a certificate of title shall, upon written request of the owner or of another lienholder named on the certificate, disclose any pertinent information as to his security agreement and the indebtedness secured by it.

625 ILCS 5/3-207 — Exclusiveness of procedure

Sec. 3-207. Exclusiveness of procedure. The method provided in this Act of perfecting and giving notice of security interests subject to this Act is exclusive. Security interests subject to this Act are hereby exempted from the provisions of law which otherwise require or relate to the recording or filing of instruments creating or evidencing security interests in vehicles including chattel mortgages and conditional sale agreements, provided, however, that with respect to a manufactured home that is or will be affixed to a permanent foundation, upon recordation of an affidavit of affixation pursuant to the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act and satisfaction of the requirements of Section 3-116.1 or 3-116.2, as applicable, any perfection or termination of a security interest with respect to such permanently affixed property shall be governed by the laws applicable to real property.

625 ILCS 5/3-208 — Suspension or revocation of certificates

Sec. 3-208. Suspension or revocation of certificates.

(a) The Secretary of State may suspend or revoke a certificate of title, upon notice and reasonable opportunity to be heard in accordance with Section 2-118, when authorized by any other provision of law or if he finds: 1. The certificate of title was fraudulently procured or erroneously issued, or 2. The vehicle has been scrapped, dismantled or destroyed. Except as provided in Section 3-116.2, the Secretary of State shall not suspend or revoke a certificate of title to a manufactured home by reason of the fact that, at any time, it shall have become affixed in any manner to real property.

(b) Suspension or revocation of a certificate of title does not, in itself, affect the validity of a security interest noted on it.

(c) When the Secretary of State suspends or revokes a certificate of title, the owner or person in possession of it shall, immediately upon receiving notice of the suspension or revocation, mail or deliver the certificate to the Secretary of State.

(d) The Secretary of State may seize and impound any certificate of title which has been suspended or revoked.

625 ILCS 5/3-209 — Powers of Secretary of State

Sec. 3-209. Powers of Secretary of State.

(a) The Secretary of State shall prescribe and provide suitable forms of applications, certificates of title, notices of security interests, and all other notices and forms necessary to carry out the provisions of this chapter.

(b) The Secretary of State may: 1. Make necessary investigations to procure information required to carry out the provisions of this Act. 2. Assign a new identifying number to a vehicle if it has none, or its identifying number is destroyed or obliterated, or its motor is changed, and shall either issue a new certificate of title showing the new identifying number or make an appropriate endorsement on the original certificate. 3. Remove a franchise affiliate's lien so that the franchise affiliate may pursue the balance of the lien with the defunct dealership instead of the constituent. This item applies if a franchise dealer neglects to pay off a trade-in vehicle's lien, and that lien is held by the franchise affiliate. The Secretary shall make this determination pursuant to an investigation by the Secretary of State Department of Police.

625 ILCS 5/3-210 — Court review

Sec. 3-210. Court review. A person aggrieved by an act or omission to act of the Secretary of State under this Article is also entitled to a review thereof by the Circuit Court of Sangamon County in accordance with the Administrative Review Law, as amended.

(b) Vehicles more than 8 model years old shall not be required to complete a successful inspection required under Section 3-308 of this Code before being issued a new certificate of title as provided under this Section.

(c) Vehicles designated as flood vehicles that have sustained damage greater than 50% of their fair market value with that damage shall be required to complete a successful inspection required under Section 3-308 of this Code before being issued a new certificate of title provided under paragraph (5), subsection

(b) of Section 3-117.1.

"Apportionable Vehicle" means any vehicle, except recreational vehicles, vehicles displaying restricted plates, city pickup and delivery vehicles, buses used in transportation of chartered parties, and government owned vehicles that are used or intended for use in 2 or more member jurisdictions that allocate or proportionally register vehicles, in a fleet which is used for the transportation of persons for hire or the transportation of property and which has a gross vehicle weight in excess of 26,000 pounds; or has three or more axles regardless of weight; or is used in combination when the weight of such combination exceeds 26,000 pounds gross vehicle weight. "Registration plate or digital registration plate cover" means any

tinted, colored, painted, marked, clear, or illuminated object that is designed to

(i) cover any of the characters of a motor vehicle's registration plate or digital registration plate; or (ii) distort a recorded image of any of the characters of a motor vehicle's registration plate or digital registration plate recorded by an automated enforcement system as defined in Section 11-208.6, 11-208.8, or 11-1201.1 of this Code or recorded by an automated traffic control system as defined in Section 15 of the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act. "Rental Owner" means an owner principally engaged, with respect to one or more rental fleets, in renting to others or offering for rental the vehicles of such fleets, without drivers. "Restricted Plates" shall include, but is not limited to, dealer, manufacturer, transporter, farm, reposessor, and permanently mounted type plates. Vehicles displaying any of these type plates from a foreign jurisdiction that is a member of the International Registration Plan shall be granted reciprocity but shall be subject to the same limitations as similar plated Illinois registered vehicles.

625 ILCS 5/3-401 — Effect of provisions

Sec. 3-401. Effect of provisions.

(a) It shall be unlawful for any person to violate any provision of this Chapter or to drive or move or for an owner knowingly to permit to be driven or moved upon any highway any vehicle of a type required to be registered hereunder which is not registered or for which the appropriate fee has not been paid when and as required hereunder, except that when application accompanied by proper fee has been made for registration of a vehicle it may be operated temporarily pending complete registration upon displaying a duplicate application duly verified or other evidence of such application or otherwise under rules and regulations promulgated by the Secretary of State.

(b) The appropriate fees required to be paid under the various provisions of this Act for registration of vehicles shall mean the fee or fees which would have been paid initially, if proper and timely application had been made to the Secretary of State for the appropriate registration required, whether such registration be a flat weight registration, a single trip permit, a reciprocity permit or a supplemental application to an original prorated application together with payment of fees due under the supplemental application for prorated decals.

(c) Effective October 1, 1984, no vehicle required to pay a Federal Highway Users Tax shall be registered unless proof of payment, in a form prescribed and approved by the Secretary of State, is submitted with the appropriate registration. Notwithstanding any other provision of this Code, failure of the applicant to comply with this paragraph shall be deemed grounds for the Secretary to refuse registration. (c-1) A vehicle may not be registered by the Secretary of State unless that vehicle:

- (1) was originally manufactured for operation on highways;
 - (2) is a modification of a vehicle that was originally manufactured for operation on highways; or
 - (3) was assembled from component parts designed for use in vehicles to be operated on highways.
- (d) Second division vehicles.

(1) A vehicle of the second division moved or operated within this State shall have had paid for it the appropriate registration fees and flat weight tax, as evidenced by the Illinois registration issued for that vehicle, for the gross weight of the vehicle and load being operated or moved within this State. Second division vehicles of foreign jurisdictions operated within this State under a single trip permit, fleet reciprocity plan, prorated registration plan, or apportioned registration plan, instead of second division vehicle registration under Article VIII of this Chapter, must have had paid for it the appropriate registration fees and flat weight tax in the base jurisdiction of that vehicle, as evidenced by the maximum gross weight shown on the foreign registration cards, plus any appropriate fees required under this Code.

(2) If a vehicle and load are operated in this State and the appropriate fees and taxes have not been paid or the vehicle and load exceed the registered gross weight for which the required fees and taxes have been paid by 2001 pounds or more, the operator or owner shall be fined as provided in Section 15-113 of this Code. However, an owner or operator shall not be subject to arrest under this subsection for any weight in excess of 80,000 pounds. Further, no fine shall exceed the actual cost of what the appropriate registration for that vehicle and load should have been as established in subsection

(a) of Section 3-815 of this Chapter regardless of the route traveled. For purposes of this paragraph (2), "appropriate registration" means the full annual cost of the required registration and its associated fees.

(3) Any person operating a legal combination of vehicles displaying valid registration shall not be considered in violation of the registration provision of this subsection unless the total gross weight of the combination exceeds the total licensed

weight of the vehicles in the combination. The gross weight of a vehicle exempt from the registration requirements of this Chapter shall not be included when determining the total gross weight of vehicles in combination. Any vehicle operating under an emergency harvest permit, as described in subsection (e-1) of Section 15-301 of this Code, shall not be in violation of this paragraph (3).

(4) If the defendant claims that he or she had previously paid the appropriate Illinois registration fees and taxes for this vehicle before the alleged violation, the defendant shall have the burden of proving the existence of the payment by competent evidence. Proof of proper Illinois registration issued by the Secretary of State, or the appropriate registration authority from the foreign state, shall be the only competent evidence of payment.

625 ILCS 5/3-401.5 — Digital registration plates and renewals

Sec. 3-401.5. Digital registration plates and renewals.

(a) The Secretary of State may authorize the issuance of a digital registration plate to a vehicle, in lieu of a set of static, metal registration plates, if the vehicle owner separately purchases the digital registration plate for a particular vehicle. The Secretary shall consult with law enforcement agencies when considering whether to approve the design of a digital license plate. The display device must allow for the automated image capture of letters and numbers during daytime and nighttime, including when the vehicle is parked or turned off. The Secretary shall work with the vehicle owner and the distributor of the digital registration plates to coordinate the appropriate plate image and registration expiration to appear on the digital registration plate. One metal plate shall still be issued to the vehicle owner for the front end of the vehicle.

(b) The Secretary, for any vehicle owner that purchases a digital registration plate, may electronically renew the digital registration plate upon receiving the appropriate renewal registration fee as set forth in this Code. The Secretary may also authorize the image to be suspended or revoked and replaced with an alternative image or blank screen upon violation of any provision of this Code or the failure to renew the digital registration plate.

(c) Before a digital registration plate may be issued in lieu of a special plate authorized under Article VI of this Chapter, the Secretary shall seek approval from the originating organization, when possible, to authorize a digital version of the static, metal plates issued to a vehicle owner.

(d) The owner of a digital registration plate is responsible for any costs associated with using the digital registration plate, including, but not limited to, the initial purchase price and any replacement costs.

(e) The Secretary of State may adopt any rules necessary to implement and develop a digital registration plate program, including rules regarding the images that may appear on digital registration plates.

(f) No image shall appear on a digital registration plate without prior approval of the Secretary of State.

625 ILCS 5/3-402 — Vehicles subject to registration; exceptions

Sec. 3-402. Vehicles subject to registration; exceptions. A. Exemptions and Policy. Every motor vehicle, trailer, semitrailer and pole trailer when driven or moved upon a highway shall be subject to the registration and certificate of title provisions of this Chapter except:

(1) Any such vehicle driven or moved upon a highway in conformance with the provisions of this Chapter relating to manufacturers, transporters, dealers, lienholders or nonresidents or under a temporary registration permit issued by the Secretary of State;

(2) Any implement of husbandry whether of a type otherwise subject to registration hereunder or not which is only incidentally operated or moved upon a highway, which shall include a not-for-hire movement for the purpose of delivering farm commodities to a place of first processing or sale, or to a place of storage;

(3) Any special mobile equipment as herein defined;

(4) Any vehicle which is propelled exclusively by electric power obtained from overhead trolley wires though not operated upon rails;

(5) Any vehicle which is equipped and used exclusively as a pumper, ladder truck, rescue vehicle, searchlight truck, or other fire apparatus, but not a vehicle of a type which would otherwise be subject to registration as a vehicle of the first division;

(6) Any vehicle which is owned and operated by the federal government and externally displays evidence of federal ownership. It is the policy of the State of Illinois to promote and encourage the fullest use of its highways and to enhance the flow of commerce thus contributing to the economic, agricultural, industrial and social growth and development of this

State, by authorizing the Secretary of State to negotiate and enter into reciprocal or proportional agreements or arrangements with other States, or to issue declarations setting forth reciprocal exemptions, benefits and privileges with respect to vehicles operated interstate which are properly registered in this and other States, assuring nevertheless proper registration of vehicles in Illinois as may be required by this Code;

(7) Any converter dolly or tow dolly which merely serves as substitute wheels for another legally licensed vehicle. A title may be issued on a voluntary basis to a tow dolly upon receipt of the manufacturer's certificate of origin or the bill of sale;

(8) Any house trailer found to be an abandoned mobile home under the Abandoned Mobile Home Act;

(9) Any vehicle that is not properly registered or does not have registration plates or digital registration plates issued to the owner or operator affixed thereto, or that does have registration plates or digital registration plates issued to the owner or operator affixed thereto but the plates are not appropriate for the weight of the vehicle, provided that this exemption shall apply only while the vehicle is being transported or operated by a towing service and has a third tow plate affixed to it;

(10) Low-speed electric scooters. B. Reciprocity. Any motor vehicle, trailer, semitrailer or pole trailer need not be registered under this Code provided the same is operated interstate and in accordance with the following provisions and any rules and regulations promulgated pursuant thereto:

(1) A nonresident owner, except as otherwise provided in this Section, owning any foreign registered vehicle of a type otherwise subject to registration hereunder, may operate or permit the operation of such vehicle within this State in interstate commerce without registering such vehicle in, or paying any fees to, this State subject to the condition that such vehicle at all times when operated in this State is operated pursuant to a reciprocity agreement, arrangement or declaration by this State, and further subject to the condition that such vehicle at all times when operated in this State is duly registered in, and displays upon it, a valid registration card and registration plate or plates or digital registration plate or plates issued for such vehicle in the place of residence of such owner and is issued and maintains in such vehicle a valid Illinois reciprocity permit as required by the Secretary of State, and provided like privileges are afforded to residents of this State by the State of residence of such owner. Every nonresident including any foreign corporation carrying on business within this State and owning and regularly operating in such business any motor vehicle, trailer or semitrailer within this State in intrastate commerce, shall be required to register each such vehicle and pay the same fees therefor as is required with reference to like vehicles owned by residents of this State.

(2) Any motor vehicle, trailer, semitrailer and pole trailer operated interstate need not be registered in this State, provided:

(a) that the vehicle is properly registered in another State pursuant to law or to a reciprocity agreement, arrangement or declaration; or

(b) that such vehicle is part of a fleet of vehicles owned or operated by the same person who registers such fleet of vehicles pro rata among the various States in which such fleet operates; or

(c) that such vehicle is part of a fleet of vehicles, a portion of which are registered with the Secretary of State of Illinois in accordance with an agreement or arrangement concurred in by the Secretary of State of Illinois based on one or more of the following factors: ratio of miles in Illinois as against total miles in all jurisdictions; situs or base of a vehicle, or where it is principally garaged, or from whence it is principally dispatched or where the movements of such vehicle usually originate; situs of the residence of the owner or operator thereof, or of his principal office or offices, or of his places of business; the routes traversed and whether regular or irregular routes are traversed, and the jurisdictions traversed and served; and such other factors as may be deemed material by the Secretary and the motor vehicle administrators of the other jurisdictions involved in such apportionment. Such vehicles shall maintain therein any reciprocity permit which may be required by the Secretary of State pursuant to rules and regulations which the Secretary of State may promulgate in the administration of this Code, in the public interest. (3)(a) In order to effectuate the purposes of this Code, the Secretary of State of Illinois is empowered to negotiate and execute written reciprocal agreements or arrangements with the duly authorized representatives of other jurisdictions, including States, districts, territories and possessions of the United States, and foreign states, provinces, or countries, granting to owners or operators of vehicles duly registered or licensed in such other jurisdictions and for which evidence of compliance is supplied, benefits, privileges and exemption from the payment, wholly or partially, of any taxes, fees or other charges imposed with respect to the ownership or operation of such vehicles by the laws of this State except the tax imposed by the Motor Fuel Tax Law, approved March 25, 1929, as amended, and the tax imposed by the Use Tax Act, approved July 14, 1955, as amended. The Secretary of State may negotiate agreements or arrangements as are in the best interests of this State and the residents of this State pursuant to the policies expressed in this Section taking into consideration the reciprocal exemptions, benefits and privileges

available and accruing to residents of this State and vehicles registered in this State.

(b) Such reciprocal agreements or arrangements shall provide that vehicles duly registered or licensed in this State when operated upon the highways of such other jurisdictions, shall receive exemptions, benefits and privileges of a similar kind or to a similar degree as extended to vehicles from such jurisdictions in this State.

(c) Such agreements or arrangements may also authorize the apportionment of registration or licensing of fleets of vehicles operated interstate, based on any or all of the following factors: ratio of miles in Illinois as against total miles in all jurisdictions; situs or base of a vehicle, or where it is principally garaged or from whence it is principally dispatched or where the movements of such vehicle usually originate; situs of the residence of the owner or operator thereof, or of his principal office or offices, or of his places of business; the routes traversed and whether regular or irregular routes are traversed, and the jurisdictions traversed and served; and such other factors as may be deemed material by the Secretary and the motor vehicle administrators of the other jurisdictions involved in such apportionment, and such vehicles shall likewise be entitled to reciprocal exemptions, benefits and privileges.

(d) Such agreements or arrangements shall also provide that vehicles being operated in intrastate commerce in Illinois shall comply with the registration and licensing laws of this State, except that vehicles which are part of an apportioned fleet may conduct an intrastate operation incidental to their interstate operations. Any motor vehicle properly registered and qualified under any reciprocal agreement or arrangement under this Code and not having a situs or base within Illinois may complete the inbound movement of a trailer or semitrailer to an Illinois destination that was brought into Illinois by a motor vehicle also properly registered and qualified under this Code and not having a situs or base within Illinois, or may complete an outbound movement of a trailer or semitrailer to an out-of-state destination that was originated in Illinois by a motor vehicle also properly registered and qualified under this Code and not having a situs or base in Illinois, only if the operator thereof did not break bulk of the cargo laden in such inbound or outbound trailer or semitrailer. Adding or unloading intrastate cargo on such inbound or outbound trailer or semitrailer shall be deemed as breaking bulk.

(e) Such agreements or arrangements may also provide for the determination of the proper State in which leased vehicles shall be registered based on the factors set out in subsection

(c) above and for apportionment of registration of fleets of leased vehicles by the lessee or by the lessor who leases such vehicles to persons who are not fleet operators.

(f) Such agreements or arrangements may also include reciprocal exemptions, benefits or privileges accruing under The Illinois Driver Licensing Law or The Driver License Compact.

(4) The Secretary of State is further authorized to examine the laws and requirements of other jurisdictions, and, in the absence of a written agreement or arrangement, to issue a written declaration of the extent and nature of the exemptions, benefits and privileges accorded to vehicles of this State by such other jurisdictions, and the extent and nature of reciprocal exemptions, benefits and privileges thereby accorded by this State to the vehicles of such other jurisdictions. A declaration by the Secretary of State may include any, part or all reciprocal exemptions, benefits and privileges or provisions as may be included within an agreement or arrangement.

(5) All agreements, arrangements, declarations and amendments thereto, shall be in writing and become effective when signed by the Secretary of State, and copies of all such documents shall be available to the public upon request.

(6) The Secretary of State is further authorized to require the display by foreign registered trucks, truck-tractors and buses, entitled to reciprocal benefits, exemptions or privileges hereunder, a reciprocity permit for external display before any such reciprocal benefits, exemptions or privileges are granted. The Secretary of State shall provide suitable application forms for such permit and shall promulgate and publish reasonable rules and regulations for the administration and enforcement of the provisions of this Code including a provision for revocation of such permit as to any vehicle operated wilfully in violation of the terms of any reciprocal agreement, arrangement or declaration or in violation of the Illinois Motor Carrier of Property Law, as amended. (7)(a) Upon the suspension, revocation or denial of one or more of all reciprocal benefits, privileges and exemptions existing pursuant to the terms and provisions of this Code or by virtue of a reciprocal agreement or arrangement or declaration thereunder; or, upon the suspension, revocation or denial of a reciprocity permit; or, upon any action or inaction of the Secretary in the administration and enforcement of the provisions of this Code, any person, resident or nonresident, so aggrieved, may serve upon the Secretary, a petition in writing and under oath, setting forth the grievance of the petitioner, the grounds and basis for the relief sought, and all necessary facts and particulars, and request an administrative hearing thereon. Within 20 days, the Secretary shall set a hearing date as early as practical. The Secretary may, in his discretion, supply forms for such a petition. The Secretary may

require the payment of a fee of not more than \$50 for the filing of any petition, motion, or request for hearing conducted pursuant to this Section. These fees must be deposited into the Secretary of State DUI Administration Fund, a special fund that is hereby created in the State treasury, and, subject to appropriation and as directed by the Secretary of State, shall be used to fund the operation of the hearings department of the Office of the Secretary of State and for no other purpose. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(b) The Secretary may likewise, in his discretion and upon his own petition, order a hearing, when in his best judgment, any person is not entitled to the reciprocal benefits, privileges and exemptions existing pursuant to the terms and provisions of this Code or under a reciprocal agreement or arrangement or declaration thereunder or that a vehicle owned or operated by such person is improperly registered or licensed, or that an Illinois resident has improperly registered or licensed a vehicle in another jurisdiction for the purposes of violating or avoiding the registration laws of this State.

(c) The Secretary shall notify a petitioner or any other person involved of such a hearing, by giving at least 10 days notice, in writing, by U.S. Mail, Registered or Certified, or by personal service, at the last known address of such petitioner or person, specifying the time and place of such hearing. Such hearing shall be held before the Secretary, or any person as he may designate, and unless the parties mutually agree to some other county in Illinois, the hearing shall be held in the County of Sangamon or the County of Cook. Appropriate records of the hearing shall be kept, and the Secretary shall issue or cause to be issued, his decision on the case, within 30 days after the close of such hearing or within 30 days after receipt of the transcript thereof, and a copy shall likewise be served or mailed to the petitioner or person involved.

(d) The actions or inactions or determinations, or findings and decisions upon an administrative hearing, of the Secretary, shall be subject to judicial review in the Circuit Court of the County of Sangamon or the County of Cook, and the provisions of the Administrative Review Law, and all amendments and modifications thereof and rules adopted pursuant thereto, apply to and govern all such reviewable matters. Any reciprocal agreements or arrangements entered into by the Secretary of State or any declarations issued by the Secretary of State pursuant to any law in effect prior to the effective date of this Code are not hereby abrogated, and such shall continue in force and effect until amended pursuant to the provisions of this Code or expire pursuant to the terms or provisions thereof. C. Vehicles purchased out-of-state. A resident of this State who purchases a vehicle in another state and transports the vehicle to Illinois shall apply for registration and certificate of title as soon as practicable, but in no event more than 45 days after the purchase of the vehicle. If an Illinois motorist who purchased a vehicle from an out-of-state licensed dealer is unable to meet the 45-day deadline due to a delay in paperwork from the seller, that motorist may obtain an Illinois temporary registration plate with:

(i) proof of purchase; (ii) proof of meeting the Illinois driver's license or identification card requirement; and (iii) proof that Illinois title and registration fees have been paid. If fees have not been paid, the motorist may pay the fees in order to obtain the temporary registration plate. The owner of such a vehicle shall display any temporary permit or registration issued in accordance with Section 3-407.

625 ILCS 5/3-402.1 — Proportional registration

Sec. 3-402.1. Proportional registration. Any owner or rental owner engaged in operating a fleet of apportionable vehicles in this State and one or more other states may, in lieu of registration of such vehicles under the general provisions of Sections 3-402, 3-815, 3-815.1, and 3-819, register and license such fleet for operations in this State by filing an application statement, signed under penalties of perjury, with the Secretary of State which shall be in such form and contain such information as the Secretary of State shall require, declaring the total mileage operated in all states by such fleet, the total mileage operated in this state by such fleet during the preceding year, and describing and identifying each apportionable vehicle to be operated in this State during the ensuing year. If mileage data is not available for the preceding year, the Secretary of State may accept the latest 12-month period available. "Preceding year" means the period of 12 consecutive months immediately prior to July 1st of the year immediately preceding the registration or license year for which proportional registration is sought. Such owner shall determine the proportion of in-state miles to total fleet miles. Such percentage figure shall be such owner's apportionment factor. In determining the total fee payment, such owner shall first compute the license fee or fees for each vehicle within the fleet which would otherwise be required, and then multiply the said amount by the Illinois apportionment factor adding the fees for each vehicle to arrive at a total amount for the fleet. Apportionable trailers and semitrailers will be registered in accordance with the provisions of Section 3-813 of this Code. Upon receipt of the appropriate fees from such owner as computed under the provisions of this Section, the Secretary of State shall, when this State is the base jurisdiction, issue to such owner number plates or other distinctive tags or such evidence of registration as the Secretary of State shall deem appropriate to identify each vehicle

in the fleet as a part of a proportionally registered interstate fleet. Vehicles registered under the provision of this Section shall be considered fully licensed and properly registered in Illinois for any type of movement or operation. The proportional registration and licensing provisions of this Section shall apply to vehicles added to fleets and operated in this State during the registration year, applying the same apportionment factor to such fees as would be payable for the remainder of the registration year. Apportionment factors for apportionable vehicles not operated in this State during the preceding year shall be determined by the Secretary of State on the basis of a full statement of the proposed methods of operation and in conformity with an estimated mileage chart as calculated by the Secretary of State. An established fleet adding states at the time of renewal shall estimate mileage for the added states in conformity with a mileage chart developed by the Secretary of State.

625 ILCS 5/3-402.2 — Audits

Sec. 3-402.2. Audits. In addition to audit authority set forth in Section 2-124 of this Act, the Secretary of State, when this state is the base jurisdiction, may audit such owners displaying a base plate of this state as to authenticity of mileage figures and registrations and at such time and frequency as determined by the Secretary of State. Audits may be made by officials of other jurisdictions which are members of an International Registration Plan (IRP) of which this state is also a member. Upon completion of any such audit, the Secretary of State shall notify all jurisdictions in which such owner was proportionally registered on the accuracy of the records of such owner. Should such owner have underpaid or overpaid any jurisdiction in which his vehicles were proportionally registered, such information shall be furnished to the jurisdiction for processing in accordance with the procedures as set forth under the International Registration Plan.

625 ILCS 5/3-402.3 — Relation to Other State Laws

Sec. 3-402.3. Relation to Other State Laws. The provisions of Section 3-402.1 shall constitute complete authority for the registration of vehicles upon a proportional registration basis without reference to or application of any other statutes of this state.

625 ILCS 5/3-402.4 — Administrative Agreements and Rules

Sec. 3-402.4. Administrative Agreements and Rules. The Secretary of State may enter into agreements, compacts, or arrangements with other jurisdictions or agents for such jurisdictions, such as the American Association of Motor Vehicle Administrators, on behalf of this state for allocation or proportional registration of apportionable vehicles in a manner provided in Section 3-402.1 for the purpose of facilitating the administration thereof, and also for the purpose of conforming procedures for proportional registration, pursuant to Sections 3-402.1 and 3-402.2, with those agreed to by two or more additional jurisdictions, including but not limited to, acceptance of base jurisdiction responsibilities for apportional registration and licensing of fleet vehicles in other jurisdiction. In addition, the Secretary of State may adopt and promulgate such rules and regulations as he shall deem necessary to effectuate and administer the provisions of Sections 3-402.1 and 3-402.2. Any reciprocal arrangements or agreements in effect with jurisdictions that cannot grant proportional registration shall remain in force until specifically cancelled by either jurisdiction or until such time that jurisdiction becomes a member of an International Registration Plan (IRP) of which this state is also a member.

625 ILCS 5/3-403 — Trip and Short-term permits

Sec. 3-403. Trip and Short-term permits.

(a) The Secretary of State may issue a short-term permit to operate a nonregistered first or second division vehicle within the State of Illinois for a period of not more than 7 days. Any second division vehicle operating on such permit may operate only on empty weight. The fee for the short-term permit shall be \$6 for permits purchased on or before June 30, 2003 and \$10 for permits purchased on or after July 1, 2003. For short-term permits purchased on or after July 1, 2003, \$4 of the fee collected for the purchase of each permit shall be deposited into the General Revenue Fund. This permit may also be issued to operate an unladen registered vehicle which is suspended under the Vehicle Emissions Inspection Law and allow it to be driven on the roads and highways of the State in order to be repaired or when traveling to and from an emissions inspection station.

(b) The Secretary of State may, subject to reciprocal agreements, arrangements or declarations made or entered into pursuant to Section 3-402, 3-402.4 or by rule, provide for and issue registration permits for the use of Illinois highways by vehicles of the second division on an occasional basis or for a specific and special short-term use, in compliance with rules and regulations promulgated by the Secretary of State, and upon payment of the prescribed fee as follows: One-trip permits. A registration permit for one trip, or one round-trip into and out of Illinois, for a period not to exceed 72

consecutive hours or 3 calendar days may be provided, for a fee as prescribed in Section 3-811. Three-month permits. A registration permit for 90 days may be provided for a fee of \$13 for registration plus 1/10 of the flat weight tax. In-transit permits. A registration permit for one trip may be provided for vehicles in transit by the driveaway or towaway method and operated by a transporter in compliance with the Illinois Motor Carrier of Property Law, for a fee as prescribed in Section 3-811. Illinois Temporary Apportionment Authorization Permits. An apportionment authorization permit for forty-five days for the immediate operation of a vehicle upon application for and prior to receiving apportioned credentials or interstate credentials from the State of Illinois. The fee for such permit shall be \$3. Illinois Temporary Prorate Authorization Permit. A prorate authorization permit for forty-five days for the immediate operation of a vehicle upon application for and prior to receiving prorate credentials or interstate credentials from the State of Illinois. The fee for such permit shall be \$3.

(c) The Secretary of State shall promulgate by such rule or regulation, schedules of fees and taxes for such permits and in computing the amount or amounts due, may round off such amount to the nearest full dollar amount.

(d) The Secretary of State shall further prescribe the form of application and permit and may require such information and data as necessary and proper, including confirming the status or identity of the applicant and the vehicle in question.

(e) Rules or regulations promulgated by the Secretary of State under this Section shall provide for reasonable and proper limitations and restrictions governing the application for and issuance and use of permits, and shall provide for the number of permits per vehicle or per applicant, so as to preclude evasion of annual registration requirements as may be required by this Act.

(f) Any permit under this Section is subject to suspension or revocation under this Act, and in addition, any such permit is subject to suspension or revocation should the Secretary of State determine that the vehicle identified in any permit should be properly registered in Illinois. In the event any such permit is suspended or revoked, the permit is then null and void, may not be re-instated, nor is a refund therefor available. The vehicle identified in such permit may not thereafter be operated in Illinois without being properly registered as provided in this Chapter.

625 ILCS 5/3-404 — Vehicles of second division carrying persons or property - Required documents

Sec. 3-404. Vehicles of second division carrying persons or property - Required documents. The Secretary of State shall require an appropriate document, including but not limited to a bill of lading, trip manifest or dispatch record, to be carried, on all vehicles of the second division, carrying persons or property setting forth therein:

(a) the point of origin and destination of the vehicle and its cargo or the persons being carried;

(b) whether the movement is for-hire or not-for-hire; and

(c) whether the movement is intrastate or interstate as defined by this Act. The Secretary of State shall promulgate and publish reasonable rules and regulations for the administration and enforcement of this requirement. Vehicles bearing valid current Illinois registration plate or plates or digital registration plate or plates and registration stickers or digital registration stickers where applicable shall be exempted from such requirement by the Secretary of State whether the movement is "intrastate" or "interstate" as defined in this Act.

625 ILCS 5/3-405 — Application for registration

Sec. 3-405. Application for registration.

(a) Every owner of a vehicle subject to registration under this Code shall make application to the Secretary of State for the registration of such vehicle upon the appropriate form or forms furnished by the Secretary. Every such original application shall bear the signature of the owner written with pen and ink and contain: 1. The name, domicile address, as defined in Section 1-115.5 of this Code, (except as otherwise provided in this paragraph 1), mail address of the owner or business address of the owner if a firm, association, or corporation, and, if available, email address of the owner. If the mailing address is a post office box number, the address listed on the driver license record may be used to verify residence. A police officer, a deputy sheriff, an elected sheriff, a law enforcement officer for the Illinois State Police, a fire investigator, a state's attorney, an assistant state's attorney, a state's attorney special investigator, a judicial officer, or a public official may elect to furnish the address of the headquarters of the governmental entity, police district, or business address where he or she works instead of his or her domicile address, in which case that address shall be deemed to be his or her domicile address for all purposes under this Chapter 3. The spouse and children of a person who may elect under this paragraph 1 to furnish the address of the headquarters of the government entity, police district, or business address where the person works instead of the person's domicile address may, if they reside with that person, also elect to furnish the address of the headquarters of the government entity, police district, or business address where the person works as

their domicile address, in which case that address shall be deemed to be their domicile address for all purposes under this Chapter 3. In this paragraph 1: (A) "police officer" has the meaning ascribed to "policeman" in Section 10-3-1 of the Illinois Municipal Code; (B) "deputy sheriff" means a deputy sheriff appointed under Section 3-6008 of the Counties Code; (C) "elected sheriff" means a sheriff commissioned pursuant to Section 3-6001 of the Counties Code; (D) "fire investigator" means a person classified as a peace officer under the Peace Officer Fire Investigation Act; (E) "state's attorney", "assistant state's attorney", and "state's attorney special investigator" mean a state's attorney, assistant state's attorney, and state's attorney special investigator commissioned or appointed under Division 3-9 of the Counties Code; (F) "judicial officer" has the meaning ascribed to it in Section 1-10 of the Judicial Privacy Act; and (G) "public official" has the meaning given in Section 10 of the Public Official Safety and Privacy Act. 2. A description of the vehicle, including such information as is required in an application for a certificate of title, determined under such standard rating as may be prescribed by the Secretary. 3. (Blank). 3.5. A space for a voluntary disclosure of a condition that impedes effective communication under Section 3-405.5. 4. Such further information as may reasonably be required by the Secretary to enable him to determine whether the vehicle is lawfully entitled to registration and the owner entitled to a certificate of title. 5. An affirmation by the applicant that all information set forth is true and correct. If the application is for the registration of a motor vehicle, the applicant also shall affirm that the motor vehicle is insured as required by this Code, that such insurance will be maintained throughout the period for which the motor vehicle shall be registered, and that neither the owner, nor any person operating the motor vehicle with the owner's permission, shall operate the motor vehicle unless the required insurance is in effect. If the person signing the affirmation is not the sole owner of the vehicle, such person shall be deemed to have affirmed on behalf of all the owners of the vehicle. - (d) Every vehicle registration for a vehicle of the second division weighing over 8,000 pounds, except as provided in subsection
- (g) of this Section, and every registration card and registration plate or registration sticker, or digital registration plate or digital registration sticker, where applicable, issued hereunder to such vehicles shall be issued for a fiscal year commencing on July 1st of each registration year. However, the Secretary of State may, pursuant to an agreement or arrangement or declaration providing for apportionment of a fleet of vehicles with other jurisdictions, provide for registration of such vehicles under apportionment or for all of the vehicles registered in Illinois by an applicant who registers some of his vehicles under apportionment on a calendar year basis instead, and the fees or taxes to be paid on a calendar year basis shall be identical to those specified in this Code for a fiscal year registration. Provision for installment payment may also be made.
- (e) Semitrailer registrations under apportionment may be on a calendar year under a reciprocal agreement or arrangement and all other semitrailer registrations shall be on fiscal year or 2 fiscal year or 4 fiscal year basis as provided for in this Chapter.
- (f) The Secretary of State may convert annual registration plates or digital registration plates or 2-year registration plates or digital registration plates, whether registered on a calendar year or fiscal year basis, to multi-year plates. The determination of which plate categories and when to convert to multi-year plates is solely within the discretion of the Secretary of State.
- (g) After January 1, 1975, each registration, registration card and registration plate or digital registration plate or registration sticker or digital registration sticker, where applicable, issued for a recreational vehicle or recreational or camping trailer, except a house trailer, used exclusively by the owner for recreational purposes, and not used commercially nor as a truck or bus, nor for hire, shall be on a calendar year basis; except that the Secretary of State shall provide for registration and the issuance of registration cards and plates or registration stickers, or digital registration plates or stickers, where applicable, for one 6-month period in order to accomplish an orderly transition from a fiscal year to a calendar year basis. Fees and taxes due under this Code for a registration year shall be appropriately reduced for such 6-month transitional registration period.
- (h) The Secretary of State may, in order to accomplish an orderly transition for vehicles registered under Section 3-402.1 of this Code from a calendar year registration to a March 31st expiration, require applicants to pay fees and taxes due under this Code on a 15 month registration basis. However, if in the discretion of the Secretary of State this creates an undue hardship on any applicant the Secretary may allow the applicant to pay 3 month fees and taxes at the time of registration and the additional 12 month fees and taxes to be payable no later than March 31, 1992.
- (i) The Secretary of State may stagger registrations, or change the annual expiration date, as necessary for the convenience of the public and the efficiency of his Office. In order to appropriately and effectively accomplish any such staggering, the Secretary of State is authorized to prorate all required registration fees, rounded to the nearest dollar, but in no event for a period longer than 18 months, at a monthly rate for a 12-month registration fee.
- (j) The Secretary of State may enter into an agreement with a rental owner, as defined in Section 3-400 of this Code, who registers a fleet of motor vehicles of the first division pursuant to Section 3-405.3 of this Code to provide for the registration of the rental owner's vehicles on a 2 or 3 calendar year basis and the issuance of multi-year registration plates or digital registration plates with a new registration card issued up to every 3 years.
- (k) The Secretary of State may provide multi-year registration cards for any registered fleet of motor vehicles of the first or second division that are registered pursuant to Section 3-405.3 of this Code. Each motor vehicle of the registered fleet must carry a unique multi-year registration card that displays the vehicle identification number of the registered motor vehicle. The Secretary of State shall promulgate rules in order to implement multi-year registrations.
- (l) Beginning with the 2018 registration year, the Secretary of State may enter into an agreement with a rental owner, as defined in Section 3-400 of this Code, who registers a fleet of motor vehicles of the first division under Section 3-405.3 of this Code to provide for the registration of the rental owner's vehicle on a 5 calendar year basis. Motor vehicles registered on a 5 calendar year basis shall be issued a distinct registration plate or digital registration plate that expires on a 5-year cycle. The Secretary may prorate the registration of these registration plates or digital registration plates to the length of time remaining in the 5-year cycle. The Secretary may adopt any rules necessary to implement this subsection.

(4) The fee for a 2-year registration shall be twice the applicable annual registration fee for the motor vehicle being registered. If the owner of a motor vehicle issued registration under this subsection is subject to an annual surcharge under Section 3-806 or 3-815, the Secretary of State shall collect the surcharge for each registration year of the multi-year registration at the same time the Secretary of State collects the one-time registration fee.

The owner of a trailer with a 5-year registration who discontinues use of the registration before the expiration of the 5-year period is not entitled to a complete or a prorated refund of the registration fee.

(4) The fee for a 5-year registration shall be the same as the applicable annual registration fee for the trailer being registered multiplied by the number of years remaining in the current 5-year cycle at the time of the registration application.

(c) The Secretary of State may adopt rules to implement this Section.

(a) The Secretary of State shall issue only special plates that have been authorized by the General Assembly. Except as provided in subsection (a-5), the Secretary of State shall not issue a series of special plates, or Universal special plates associated with an organization authorized to issue decals for Universal special plates, unless applications, as prescribed by the Secretary, have been received for 2,000 plates of that series. Where a special plate is authorized by law to raise funds for a specific civic group, charitable entity, or other identified organization, or when the civic group, charitable entity, or organization is authorized to issue decals for Universal special license plates, and where the Secretary of State has not received the required number of applications to issue that special plate within 2 years of the effective date of the Public

Act authorizing the special plate or decal, the Secretary of State's authority to issue the special plate or a Universal special plate associated with that decal is nullified. All applications for special plates shall be on a form designated by the Secretary and shall be accompanied by any civic group's, charitable entity's, or other identified fundraising organization's portion of the additional fee associated with that plate or decal. All fees collected under this Section are non-refundable and shall be deposited in the special fund as designated in the enabling legislation, regardless of whether the plate or decal is produced. Upon the adoption of this amendatory Act of the 99th General Assembly, no further special license plates shall be authorized by the General Assembly unless that special license plate is authorized under subsection (a-5) of this Section. (a-5) If the General Assembly authorizes the issuance of a special plate that recognizes the applicant's military service or receipt of a military medal or award, the Secretary may immediately begin issuing that special plate.

(b) The Secretary of State, upon issuing a new series of special license plates, shall notify all law enforcement officials of the design, color and other special features of the special license plate series.

(c) This Section shall not apply to the Secretary of State's discretion as established in Section 3-611.

(d) If a law authorizing a special license plate provides that the sponsoring organization is to designate a charitable entity as the recipient of the funds from the sale of that license plate, the designated charitable entity must be in compliance with the registration and reporting requirements of the Charitable Trust Act and the Solicitation for Charity Act. In addition, the charitable entity must annually provide the Secretary of State's office a letter of compliance issued by the Illinois Attorney General's office verifying the entity is in compliance with the Acts. In the case of a law in effect before the effective date of this amendatory Act of the 97th General Assembly, the name of the charitable entity which is to receive the funds shall be provided to the Secretary of State within one year after the effective date of this amendatory Act of the 97th General Assembly. In the case of a law that takes effect on or after the effective date of this amendatory Act of the 97th General Assembly, the name of the charitable entity which is to receive the funds shall be provided to the Secretary of State within one year after the law takes effect. If the organization fails to designate an appropriate charitable entity within the one-year period, or if the designated charitable entity fails to annually provide the Secretary of State a letter of compliance issued by the Illinois Attorney General's office, any funds collected from the sale of plates authorized for that organization and not previously disbursed shall be transferred to the General Revenue Fund, and the special plates shall be discontinued.

(e) If fewer than 1,000 sets of any special license plate authorized by law and issued by the Secretary of State are actively registered for 2 consecutive calendar years, the Secretary of State may discontinue the issuance of that special license plate or require that special license plate to be exchanged for Universal special plates with appropriate decals.

(f) Where special license plates have been discontinued pursuant to subsection

(d) or

(e) of this Section, or when the special license plates are required to be exchanged for Universal special plates under subsection

(e) of this Section, all previously issued plates of that type shall be recalled. Owners of vehicles which were registered with recalled plates shall not be charged a reclassification or registration sticker replacement plate fee upon the issuance of new plates for those vehicles.

(g) Any special plate that is authorized to be issued for motorcycles may also be issued for autocycles.

(h) The Secretary may use alternating numeric and alphabetical characters when issuing a special registration plate authorized under this Chapter.

(i) The Secretary of State may issue digital registration plates and stickers in accordance with this Section and Section 3-401.5.

625 ILCS 5/4-103 — Offenses relating to motor vehicles and other vehicles - Felonies

Sec. 4-103. Offenses relating to motor vehicles and other vehicles - Felonies.

(a) Except as provided in subsection (a-1), it is a violation of this Chapter for:

- (1) A person not entitled to the possession of a vehicle or essential part of a vehicle to receive, possess, conceal, sell, dispose, or transfer it, knowing it to have been stolen or converted. Knowledge that a vehicle or essential part is stolen or converted may be inferred: (A) from the surrounding facts and circumstances, which would lead a reasonable person to believe that the vehicle or essential part is stolen or converted; or (B) if the person exercises exclusive unexplained possession over the stolen or converted vehicle or essential part, regardless of whether the date on which the vehicle or essential part was stolen is recent or remote;
- (2) A person to knowingly remove, alter, deface, destroy, falsify, or forge a manufacturer's identification number of a vehicle or an engine number of a motor vehicle or any essential part thereof having an identification number;
- (3) A person to knowingly conceal or misrepresent the identity of a vehicle or any essential part thereof;
- (4) A person to buy, receive, possess, sell or dispose of a vehicle, or any essential part thereof, with knowledge that the identification number of the vehicle or any essential part thereof having an identification number has been removed or falsified;
- (5) A person to knowingly possess, buy, sell, exchange, give away, or offer to buy, sell, exchange or give away, any manufacturer's identification number plate, mylar sticker, federal certificate label, State police reassignment plate, Secretary of State assigned plate, rosette rivet, or facsimile of such which has not yet been attached to or has been

removed from the original or assigned vehicle. It is an affirmative defense to subsection

(a) of this Section that the person possessing, buying, selling or exchanging a plate mylar sticker or label described in this paragraph is a police officer doing so as part of his official duties, or is a manufacturer's authorized representative who is replacing any manufacturer's identification number plate, mylar sticker or Federal certificate label originally placed on the vehicle by the manufacturer of the vehicle or any essential part thereof;

(6) A person to knowingly make a false report of the theft or conversion of a vehicle to any police officer of this State or any employee of a law enforcement agency of this State designated by the law enforcement agency to take, receive, process, or record reports of vehicle theft or conversion. (a-1) A person engaged in the repair or servicing of vehicles does not violate this Chapter by knowingly possessing a manufacturer's identification number plate for the purpose of reaffixing it on the same damaged vehicle from which it was originally taken, if the person reaffixes or intends to reaffix the original manufacturer's identification number plate in place of the identification number plate affixed on a new dashboard that has been or will be installed in the vehicle. The person must notify the Secretary of State each time the original manufacturer's identification number plate is reaffixed on a vehicle. The person must keep a record indicating that the identification number plate affixed on the new dashboard has been removed and has been replaced by the manufacturer's identification number plate originally affixed on the vehicle. The person also must keep a record regarding the status and location of the identification number plate removed from the replacement dashboard. The Secretary shall adopt rules for implementing this subsection (a-1). (a-2) The owner of a vehicle repaired under subsection (a-1) must, within 90 days of the date of the repairs, contact an officer of the Illinois State Police Vehicle Inspection Bureau and arrange for an inspection of the vehicle, by the officer or the officer's designee, at a mutually agreed upon date and location.

(b) Sentence. A person convicted of a violation of this Section shall be guilty of a Class 2 felony.

(c) The offenses set forth in subsection

(a) of this Section shall not include the offense set forth in Section 4-103.2 of this Code.

625 ILCS 5/4-103.1 — Vehicle theft conspiracy

Sec. 4-103.1. Vehicle theft conspiracy.

(a) Elements of the offense. A person commits vehicle theft conspiracy when, with intent that a violation of Section 4-103 of this Code be committed, he agrees with another to the commission of such an offense. No person may be convicted of vehicle theft conspiracy unless an overt act in furtherance of such an agreement is alleged and proved to have been committed by him or by a co-conspirator, and the accused is part of a common plan or scheme to engage in the unlawful activity.

(b) Co-conspirators. It shall not be a defense to vehicle theft conspiracy that the person or persons with whom the accused is alleged to have conspired:

- (1) has not been prosecuted or convicted;
- (2) has been convicted of a different offense;
- (3) is not amenable to justice;
- (4) has been acquitted; or
- (5) lacked the capacity to commit an offense.

(c) Sentence. Vehicle theft conspiracy to violate Section 4-103 of this Code is a Class 2 felony. Vehicle theft conspiracy to violate Section 4-103.2 of this Code is a Class 1 felony.

625 ILCS 5/4-103.2 — Aggravated offenses relating to motor vehicles and other vehicles-Felonies

Sec. 4-103.2. Aggravated offenses relating to motor vehicles and other vehicles-Felonies.

(a) Except as provided in subsection (a-1), it is a violation of this Chapter for:

- (1) a person not entitled to the possession of 3 or more vehicles, 3 or more essential parts of different vehicles, or a combination thereof, to receive, possess, conceal, sell, dispose of or transfer, those vehicles or parts of vehicles at the same time or within a one year period knowing that these vehicles or parts of vehicles are stolen or converted;
- (2) a person to buy, receive, possess, sell or dispose of 3 or more vehicles, 3 or more essential parts of different vehicles, or a combination thereof, at the same time or within a one year period, knowing that the identification numbers of the

vehicles or the essential parts with an identification number have been removed or falsified;

(3) a person not entitled to the possession of a vehicle having a value of \$25,000 or greater to receive, possess, conceal, sell, dispose or transfer the vehicle, knowing that the vehicle has been stolen or converted;

(4) a person to knowingly possess, buy, sell, exchange or give away, at the same time or within a one year period, 3 or more manufacturer's identification number plates, mylar stickers, federal certificate labels, State Police reassignment plates, Secretary of State assigned plates or a facsimile of those items, or a combination thereof, which have not yet been attached to or have been removed from an original or assigned vehicle or essential part of a vehicle. It is an affirmative defense that the person possessing, buying, selling or exchanging a plate, mylar sticker or label is a police officer doing so as part of his official duties, or is a manufacturer's authorized representative who is replacing any manufacturer's identification number plate, mylar sticker or federal certificate label originally placed on a vehicle by the manufacturer of a vehicle or any essential part of a vehicle;

(5) a person not entitled to the possession of any second division vehicle, semitrailer, farm tractor, tow truck, rescue squad vehicle, medical transport vehicle, fire engine, special mobile equipment, dump truck, truck mounted transit mixer, crane or the engine, transmission, cab, cab clip or vehicle cowl of any of the above vehicles, to receive, possess, conceal, sell, dispose of or transfer the vehicle or vehicle part described in this paragraph knowing it is stolen or converted;

(6) a person not entitled to the possession of a vehicle which is owned or operated by a law enforcement agency to receive, possess, conceal, sell, or dispose of or transfer such vehicle knowing it is the property of a law enforcement agency and knowing it to be stolen or converted;

(7) a person: (A) who is the driver or operator of a vehicle and is not entitled to the possession of that vehicle and who knows the vehicle is stolen or converted, or (B) who is the driver or operator of a vehicle being used to transport or haul a vehicle or essential part of a vehicle and is not entitled to the possession of that vehicle or essential part being transported or hauled and who knows the transported or hauled vehicle or essential part is stolen or converted, who has been given a signal by a peace officer directing him to bring the vehicle to a stop, to willfully fail or refuse to obey such direction, increase his speed, extinguish his lights or otherwise flee or attempt to elude the officer. The signal given by the peace officer may be by hand, voice, siren, or red or blue light. The officer giving the signal, if driving a vehicle, shall display the vehicle's illuminated, oscillating, rotating or flashing red or blue lights, which when used in conjunction with an audible horn or siren would indicate that the vehicle is an official police vehicle. Such requirement shall not preclude the use of amber or white oscillating, rotating or flashing lights in conjunction with red or blue oscillating, rotating or flashing lights as required in Section 12-215 of this Code; or

(8) a person, at the same time or within a one year period, to make a false report of the theft or conversion of 3 or more vehicles to any police officer or police officers of this State. (a-1) A person engaged in the repair or servicing of vehicles does not violate this Chapter by knowingly possessing a manufacturer's identification number plate for the purpose of reaffixing it on the same damaged vehicle from which it was originally taken, if the person reaffixes or intends to reaffix the original manufacturer's identification number plate in place of the identification number plate affixed on a new dashboard that has been or will be installed in the vehicle. The person must notify the Secretary of State each time the original manufacturer's identification number plate is reaffixed on a vehicle. The person must keep a record indicating that the identification number plate affixed on the new dashboard has been removed and has been replaced by the manufacturer's identification number plate originally affixed on the vehicle. The person also must keep a record regarding the status and location of the identification number plate removed from the replacement dashboard. The Secretary shall adopt rules for implementing this subsection (a-1). (a-2) The owner of a vehicle repaired under subsection (a-1) must, within 90 days of the date of the repairs, contact an officer of the Illinois State Police Vehicle Inspection Bureau and arrange for an inspection of the vehicle, by the officer or the officer's designee, at a mutually agreed upon date and location.

The report shall give the date of theft, description of the vehicle

including color, year of manufacture, manufacturer's trade name, manufacturer's series name, body style, vehicle identification number and license registration number, including the state in which the license was issued and the year of issuance, together with the name, residence address, business address, and telephone number of the owner. The report shall be routed by the originating law enforcement agency through the Illinois State Police District in which such agency is located.

(b) A registered owner or a lienholder may report the theft by conversion of a vehicle, to the Illinois State Police, or any other police department or Sheriff's office. Such report will be accepted as a report of theft and processed only if a formal complaint is on file and a warrant issued.

(c) An operator of a place of business for garaging, repairing, parking or storing vehicles for the public, in which a vehicle remains unclaimed, after being left for the purpose of garaging, repairing, parking or storage, for a period of 15 days, shall, within 5 days after the expiration of that period, report the vehicle as unclaimed to the municipal police when the vehicle is within the corporate limits of any City, Village or incorporated Town, or the County Sheriff, or State Police when the vehicle is outside the corporate limits of a City, Village or incorporated Town. (d) The Illinois State Police shall keep a complete record of all reports filed under this Section of the Act. Upon receipt of such report, a careful search shall be made of the records of the office of the Illinois State Police, and where it is found that a vehicle reported recovered was stolen in a County, City, Village or Town other than the County, City, Village or Town in which it is recovered, the Illinois State Police shall immediately notify the Sheriff, Superintendent of police, Chief of police, or other police officer in command of the Sheriff's office or Police department of the County, City, Village or Town in which the vehicle was originally reported stolen, giving complete data as to the time and place of recovery.

(e) Notification of the theft or conversion of a vehicle will be furnished to the Secretary of State by the Illinois State Police. The Secretary of State shall place the proper information in the license registration and title registration files to indicate the theft or conversion of a motor vehicle or other vehicle. Notification of the recovery of a vehicle previously reported as a theft or a conversion will be furnished to the Secretary of State by the Illinois State Police. The Secretary of State shall remove the proper information from the license registration and title registration files that has previously indicated the theft or conversion of a vehicle. The Secretary of State shall suspend the registration of a vehicle upon receipt of a report from the Illinois State Police that such vehicle was stolen or converted.

(f) When the Secretary of State receives an application for a certificate of title or an application for registration of a vehicle and it is determined from the records of the office of the Secretary of State that such vehicle has been reported stolen or converted, the Secretary of State shall immediately notify the Illinois State Police or the Secretary of State Department of Police and shall give the Illinois State Police or the Secretary of State Department of Police the name and address of the person or firm titling or registering the vehicle, together with all other information contained in the application submitted by such person or firm. If the Secretary of State Department of Police receives notification under this subsection (f), it shall conduct an investigation concerning the identity of the registered owner of the stolen or converted vehicle.

(g) During the usual course of business the manufacturer of any vehicle shall place an original manufacturer's vehicle identification number on all such vehicles manufactured and on any part of such vehicles requiring an identification number.

(h) Except provided in subsection (h-1), if a manufacturer's vehicle identification number is missing or has been removed, changed or mutilated on any vehicle, or any part of such vehicle requiring an identification number, the Illinois State Police or the Secretary of State Department of Police shall restore, restamp or reaffix the vehicle identification number plate, or affix a new plate bearing the original manufacturer's vehicle identification number on each such vehicle and on all necessary parts of the vehicles. A vehicle identification number so affixed, restored, restamped, reaffixed or replaced is not falsified, altered or forged within the meaning of this Act. (h-1) A person engaged in the repair or servicing of vehicles may reaffix a manufacturer's identification number plate on the same damaged vehicle from which it was originally removed, if the person reaffixes the original manufacturer's identification number plate in place of the identification number plate affixed on a new dashboard that has been installed in the vehicle. The person must notify the Secretary of

State each time the original manufacturer's identification number plate is reaffixed on a vehicle. The person must keep a record indicating that the identification number plate affixed on the new dashboard has been removed and has been replaced by the manufacturer's identification number plate originally affixed on the vehicle. The person also must keep a record regarding the status and location of the identification number plate removed from the replacement dashboard. (h-2) The owner of a vehicle repaired under subsection (h-1) must, within 90 days of the date of the repairs, contact an officer of the Illinois State Police Vehicle Inspection Bureau and arrange for an inspection of the vehicle, by the officer or the officer's designee, at a mutually agreed upon date and location.

(i) If a vehicle or part of any vehicle is found to have the manufacturer's identification number removed, altered, defaced or destroyed, the vehicle or part shall be seized by any law enforcement agency having jurisdiction and held for the purpose of identification. In the event that the manufacturer's identification number of a vehicle or part cannot be identified, the vehicle or part shall be considered contraband, and no right of property shall exist in any person owning, leasing or possessing such property, unless the person owning, leasing or possessing the vehicle or part acquired such without knowledge that the manufacturer's vehicle identification number has been removed, altered, defaced, falsified or destroyed. Either the seizing law enforcement agency or the State's Attorney of the county where the seizure occurred may make an application for an order of forfeiture to the circuit court in the county of seizure. The application for forfeiture shall be independent from any prosecution arising out of the seizure and is not subject to any final determination of such prosecution. The circuit court shall issue an order forfeiting the property to the seizing law enforcement agency if the court finds that the property did not at the time of seizure possess a valid manufacturer's identification number and that the original manufacturer's identification number cannot be ascertained. The seizing law enforcement agency may:

(1) retain the forfeited property for official use; or

(2) sell the forfeited property and distribute the proceeds in accordance with Section 4-211 of this Code, or dispose of the forfeited property in such manner as the law enforcement agency deems appropriate. (i-1) If a motorcycle is seized under subsection (i), the motorcycle must be returned within 45 days of the date of seizure to the person from whom it was seized, unless

(i) criminal charges are pending against that person or (ii) an application for an order of forfeiture has been submitted to the circuit in the county of seizure or (iii) the circuit court in the county of seizure has received from the seizing law enforcement agency and has granted a petition to extend, for a single 30 day period, the 45 days allowed for return of the motorcycle. Except as provided in subsection (i-2), a motorcycle returned to the person from whom it was seized must be returned in essentially the same condition it was in at the time of seizure. (i-2) If any part or parts of a motorcycle seized under subsection

(i) are found to be stolen and are removed, the seizing law enforcement agency is not required to replace the part or parts before returning the motorcycle to the person from whom it was seized.

(j) The Illinois State Police or the Secretary of State Department of Police shall notify the Secretary of State each time a manufacturer's vehicle identification number is affixed, reaffixed, restored or restamped on any vehicle. The Secretary of State shall make the necessary changes or corrections in his records, after the proper applications and fees have been submitted, if applicable.

(k) Any vessel, vehicle or aircraft used with knowledge and consent of the owner in the commission of, or in the attempt to commit as defined in Section 8-4 of the Criminal Code of 2012, an offense prohibited by Section 4-103 of this Chapter, including transporting of a stolen vehicle or stolen vehicle parts, shall be seized by any law enforcement agency. The seizing law enforcement agency may:

(1) return the vehicle to its owner if such vehicle is stolen; or

(2) confiscate the vehicle and retain it for any purpose which the law enforcement agency deems appropriate; or

(3) sell the vehicle at a public sale or dispose of the vehicle in such other manner as the law enforcement agency deems appropriate. If the vehicle is sold at public sale, the proceeds of the sale shall be paid to the law enforcement agency. The law enforcement agency shall not retain, sell or dispose of a vehicle under paragraphs

(2) or

(3) of this subsection

(k) except upon an order of forfeiture issued by the circuit court. The circuit court may issue such order of forfeiture upon application of the law enforcement agency or State's Attorney of the county where the law enforcement agency has jurisdiction, or in the case of the Illinois State Police or the Secretary of State, upon application of the Attorney General. The court shall issue the order if the owner of the vehicle has been convicted of transporting stolen vehicles or stolen vehicle parts and the evidence establishes that the owner's vehicle has been used in the commission of such offense. The provisions of subsection

(k) of this Section shall not apply to any vessel, vehicle or aircraft, which has been leased, rented or loaned by its owner, if the owner did not have knowledge of and consent to the use of the vessel, vehicle or aircraft in the commission of, or in an attempt to commit, an offense prohibited by Section 4-103 of this Chapter.

(b) The abandonment of a vehicle or any part thereof on private or public property, other than a highway, in view of the general public, anywhere in this State is unlawful except on property of the owner or bailee of such abandoned vehicle. A vehicle or any part thereof so abandoned on private property shall be authorized for removal, by a law enforcement agency having jurisdiction, after a waiting period of 7 days or more, or may be removed immediately if determined to be a hazardous dilapidated motor vehicle under Section 11-40-3.1 of the Illinois Municipal Code. A violation of subsections

When an abandoned, lost, stolen or unclaimed vehicle comes into the temporary possession or custody of a person in this State, not the owner of the vehicle, such person shall immediately notify the municipal police when the vehicle is within the corporate limits of any city, village or town having a duly authorized police department, or the State Police or the county sheriff when the vehicle is outside the corporate limits of a city, village or town. Upon receipt of such notification, the municipal police, Illinois State Police or county sheriff will authorize a towing service to remove and take possession of the abandoned, lost, stolen or unclaimed vehicle. The towing service will safely keep the towed vehicle and its contents, maintain a record of the tow as set forth in Section 4-204 for law enforcement agencies, until the vehicle is claimed by the owner or any other person legally entitled to possession thereof or until it is disposed of as provided in this Chapter.

625 ILCS 5/4-203 — Removal of motor vehicles or other vehicles; towing or hauling away

(b) When a vehicle is abandoned on a highway in an urban district for 10 hours or more, its removal by a towing service may be authorized by a law enforcement agency having jurisdiction.

(c) When a vehicle is abandoned or left unattended on a highway other than a toll highway, interstate highway, or expressway, outside of an urban district for 24 hours or more, its removal by a towing service may be authorized by a law enforcement agency having jurisdiction.

(d) When an abandoned, unattended, wrecked, burned, or partially dismantled vehicle is creating a traffic hazard because of its position in relation to the highway or its physical appearance is causing the impeding of traffic, its immediate removal from the highway or private property adjacent to the highway by a towing service may be authorized by a law enforcement agency having jurisdiction.

(e) Whenever a peace officer reasonably believes that a person under arrest for a violation of Section 11-501 of this Code or a similar provision of a local ordinance is likely, upon release, to commit a subsequent violation of Section 11-501, or a similar provision of a local ordinance, the arresting officer shall have the vehicle which the person was operating at the time of the arrest impounded for a period of 12 hours after the time of arrest. However, such vehicle may be released by the arresting law enforcement agency prior to the end of the impoundment period if:

(1) the vehicle was not owned by the person under arrest, and the lawful owner requesting such release possesses a valid operator's license, proof of ownership, and would not, as determined by the arresting law enforcement agency, indicate a lack of ability to operate a motor vehicle in a safe manner, or who would otherwise, by operating such motor vehicle, be in violation of this Code; or

(2) the vehicle is owned by the person under arrest, and the person under arrest gives permission to another person to operate such vehicle, provided however, that the other person possesses a valid operator's license and would not, as determined by the arresting law enforcement agency, indicate a lack of ability to operate a motor vehicle in a safe manner or who would otherwise, by operating such motor vehicle, be in violation of this Code. (e-5) Whenever a registered owner of a vehicle is taken into custody for operating the vehicle in violation of Section 11-501 of this Code or a similar provision of a local ordinance or Section 6-303 of this Code, a law enforcement officer may have the vehicle immediately impounded for a period not less than:

(1) 24 hours for a second violation of Section 11-501 of this Code or a similar provision of a local ordinance or Section 6-303 of this Code or a combination of these offenses; or

(2) 48 hours for a third violation of Section 11-501 of this Code or a similar provision of a local ordinance or Section 6-303 of this Code or a combination of these offenses. The vehicle may be released sooner if the vehicle is owned by the person under arrest and the person under arrest gives permission to another person to operate the vehicle and that other person possesses a valid operator's license and would not, as determined by the arresting law enforcement agency, indicate a lack of ability to operate a motor vehicle in a safe manner or would otherwise, by operating the motor vehicle, be in violation of this Code.

(f) Except as provided in Chapter 18a of this Code, the owner or lessor of privately owned real property within this State, or any person authorized by such owner or lessor, or any law enforcement agency in the case of publicly owned real property may cause any motor vehicle abandoned or left unattended upon such property without permission to be removed by a towing service without liability for the costs of removal, transportation, storage, or damage caused by such removal, transportation, or storage. The towing or removal of any vehicle from private property without the consent of the registered owner or other legally authorized person in control of the vehicle is subject to compliance with the following conditions and restrictions: 1. Any towed or removed vehicle must be stored at the site of the towing service's place of business. The site must be open during business hours, and for the purpose of redemption of vehicles, during the time that the person or firm towing such vehicle is open for towing purposes. 2. The towing service shall within 30 minutes of completion of such towing or removal, notify the law enforcement agency having jurisdiction of such towing or removal, and the make, model, color, and license plate number of the vehicle, and shall obtain and record the name of the person at the law enforcement agency to whom such information was reported. 3. If the registered owner or legally authorized person entitled to possession of the vehicle shall arrive at the scene prior to actual removal or towing of the vehicle, the vehicle shall be disconnected from the tow truck and that person shall be allowed to remove the vehicle without interference, upon the payment of a reasonable service fee of not more than one-half the posted rate of the towing service as provided in paragraph 6 of this subsection, for which a receipt shall be given. 4. The rebate or payment of money or any other valuable consideration from the towing service or its owners, managers, or employees to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles, is prohibited. Any individual who violates this paragraph shall be guilty of a Class A misdemeanor. 5. Except for property appurtenant to and obviously a part of a single family residence, and except for instances where notice is personally given to the owner or other legally authorized person in control of the vehicle that the area in which that vehicle is parked is reserved or otherwise unavailable to unauthorized vehicles and they are subject to being removed at the owner or operator's expense, any property owner or lessor, prior to towing or removing any vehicle from private property without the consent of the owner or other legally authorized person in control of that vehicle, must post a notice meeting the following requirements: a. Except as otherwise provided in subparagraph a.1 of this paragraph 5 of this subsection, the notice must be prominently placed at each driveway access or curb cut allowing vehicular access to the property within 5 feet from the public right-of-way line. If there are no curbs or access barriers, the sign must be posted not less than one sign each 100 feet of lot frontage. a.1. In a municipality with a population of less than 250,000, as an alternative to the requirement of subparagraph a of this paragraph 5 of this subsection, the notice for a parking lot contained within property used solely for a 2-family, 3-family, or 4-family residence may be prominently placed at the perimeter of the parking lot, in a position where the notice is visible to the occupants of vehicles entering the lot. b. The notice must indicate clearly, in not less than 2 inch high light-reflective letters on a contrasting background, that unauthorized vehicles will be towed away at the owner's expense. c. The notice must also provide the name and current telephone number of

the towing service towing or removing the vehicle. d. The sign structure containing the required notices must be permanently installed with the bottom of the sign not less than 4 feet above ground level, and must be continuously maintained on the property for not less than 24 hours prior to the towing or removing of any vehicle. 6. Any towing service that tows or removes vehicles and proposes to require the owner, operator, or person in control of the vehicle to pay the costs of towing and storage prior to redemption of the vehicle must file and keep on record with the local law enforcement agency a complete copy of the current rates to be charged for such services, and post at the storage site an identical rate schedule and any written contracts with property owners, lessors, or persons in control of property which authorize them to remove vehicles as provided in this Section. The towing and storage charges, however, shall not exceed the maximum allowed by the Illinois Commerce Commission under Section 18a-200. 7. No person shall engage in the removal of vehicles from private property as described in this Section without filing a notice of intent in each community where he intends to do such removal, and such notice shall be filed at least 7 days before commencing such towing. 8. No removal of a vehicle from private property shall be done except upon express written instructions of the owners or persons in charge of the private property upon which the vehicle is said to be trespassing. 9. Vehicle entry for the purpose of removal shall be allowed with reasonable care on the part of the person or firm towing the vehicle. Such person or firm shall be liable for any damages occasioned to the vehicle if such entry is not in accordance with the standards of reasonable care. 9.5. Except as authorized by a law enforcement officer, no towing service shall engage in the removal of a commercial motor vehicle that requires a commercial driver's license to operate by operating the vehicle under its own power on a highway. 10. When a vehicle has been towed or removed pursuant to this Section, it must be released to its owner, custodian, agent, or lienholder within one-half hour after requested, if such request is made during business hours. Any vehicle owner, custodian, agent, or lienholder shall have the right to inspect the vehicle before accepting its return, and no release or waiver of any kind which would release the towing service from liability for damages incurred during the towing and storage may be required from any vehicle owner or other legally authorized person as a condition of release of the vehicle. A detailed, signed receipt showing the legal name of the towing service must be given to the person paying towing or storage charges at the time of payment, whether requested or not. This Section shall not apply to law enforcement, firefighting, rescue, ambulance, or other emergency vehicles which are marked as such or to property owned by any governmental entity. When an authorized person improperly causes a motor vehicle to be removed, such person shall be liable to the owner or lessee of the vehicle for the cost of removal, transportation and storage, any damages resulting from the removal, transportation and storage, attorney's fee, and court costs. Any towing or storage charges accrued shall be payable in cash or by cashier's check, certified check, debit card, credit card, or wire transfer, at the option of the party taking possession of the vehicle. 11. Towing companies shall also provide insurance coverage for areas where vehicles towed under the provisions of this Chapter will be impounded or otherwise stored, and shall adequately cover loss by fire, theft, or other risks. Any person who fails to comply with the conditions and restrictions of this subsection shall be guilty of a Class C misdemeanor and shall be fined not less than \$100 nor more than \$500. (g)(1) When a vehicle is determined to be a hazardous dilapidated motor vehicle pursuant to Section 11-40-3.1 of the Illinois Municipal Code or Section 5-12002.1 of the Counties Code, its removal and impoundment by a towing service may be authorized by a law enforcement agency with appropriate jurisdiction.

(2) When a vehicle removal from either public or private property is authorized by a law enforcement agency, the owner of the vehicle shall be responsible for all towing and storage charges.

(3) Vehicles removed from public or private property and stored by a commercial vehicle relocater or any other towing service authorized by a law enforcement agency in compliance with this Section and Sections 4-201 and 4-202 of this Code, or at the request of the vehicle owner or operator, shall be subject to a possessor lien for services pursuant to the Labor and Storage Lien (Small Amount) Act. The provisions of Section 1 of that Act relating to notice and implied consent shall be deemed satisfied by compliance with Section 18a-302 and subsection

(6) of Section 18a-300. In no event shall such lien be greater than the rate or rates established in accordance with subsection

(6) of Section 18a-200 of this Code. In no event shall such lien be increased or altered to reflect any charge for services or materials rendered in addition to those authorized by this Code. Every such lien shall be payable in cash or by cashier's check, certified check, debit card, credit card, or wire transfer, at the option of the party taking possession of the vehicle.

(4) Any personal property belonging to the vehicle owner in a vehicle subject to a lien under this subsection

(g) shall likewise be subject to that lien, excepting only: child restraint systems as defined in Section 4 of the Child Passenger Protection Act and other child booster seats; eyeglasses; food; medicine; personal medical and health care

devices, including hearing instruments; perishable property; any operator's licenses; any cash, credit cards, or checks or checkbooks; any wallet, purse, or other property containing any operator's licenses, social security cards, or other identifying documents or materials, cash, credit cards, checks, checkbooks, or passbooks; higher education textbooks and study materials; and any personal property belonging to a person other than the vehicle owner if that person provides adequate proof that the personal property belongs to that person. The spouse, child, mother, father, brother, or sister of the vehicle owner may claim personal property excepted under this paragraph

(4) if the person claiming the personal property provides the commercial vehicle relocater or towing service with the authorization of the vehicle owner.

(5) This paragraph

(5) applies only in the case of a vehicle that is towed as a result of being involved in a crash. In addition to the personal property excepted under paragraph (4), all other personal property in a vehicle subject to a lien under this subsection

(g) is exempt from that lien and may be claimed by the vehicle owner if the vehicle owner provides the commercial vehicle relocater or towing service with proof that the vehicle owner has an insurance policy covering towing and storage fees. The spouse, child, mother, father, brother, or sister of the vehicle owner may claim personal property in a vehicle subject to a lien under this subsection

(g) if the person claiming the personal property provides the commercial vehicle relocater or towing service with the authorization of the vehicle owner and proof that the vehicle owner has an insurance policy covering towing and storage fees. The regulation of liens on personal property and exceptions to those liens in the case of vehicles towed as a result of being involved in a crash are exclusive powers and functions of the State. A home rule unit may not regulate liens on personal property and exceptions to those liens in the case of vehicles towed as a result of being involved in a crash. This paragraph

(5) is a denial and limitation of home rule powers and functions under subsection

(h) of Section 6 of Article VII of the Illinois Constitution.

(6) No lien under this subsection

(g) shall: exceed \$2,000 in its total amount; or be increased or altered to reflect any charge for services or materials rendered in addition to those authorized by this Code.

(h) Whenever a peace officer issues a citation to a driver for a violation of subsection (a), (a-5), or (b-5) of Section 11-506 of this Code or for a violation of paragraph

(1) of subsection

(a) of Section 11-503 of this Code, the arresting officer may have the vehicle which the person was operating at the time of the arrest impounded for a period of 5 days after the time of arrest. An impounding agency shall release a motor vehicle impounded under this subsection

(h) to the registered owner of the vehicle under any of the following circumstances:

(1) if the vehicle is a stolen vehicle; or

(2) if the person ticketed for a violation of subsection (a), (a-5), or (b-5) of Section 11-506 or paragraph

(1) of subsection

(a) of Section 11-503 of this Code was not authorized by the registered owner of the vehicle to operate the vehicle at the time of the violation; or

(3) if the registered owner of the vehicle was neither the driver nor a passenger in the vehicle at the time of the violation or was unaware that the driver was using the vehicle to engage in street racing, street sideshow, or reckless driving; or

(4) if the legal owner or registered owner of the vehicle is a rental car agency; or

(5) if, prior to the expiration of the impoundment period specified above, the citation is dismissed or the defendant is found not guilty of the offense.

(i) Except for vehicles exempted under subsection

(b) of Section 7-601 of this Code, whenever a law enforcement officer issues a citation to a driver for a violation of Section 3-707 of this Code, and the driver has a prior conviction for a violation of Section 3-707 of this Code in the past 12 months, the arresting officer shall authorize the removal and impoundment of the vehicle by a towing service.

(j) Notwithstanding any other provision of law, if a person has indicated in a timely filed report to the appropriate law enforcement agency that a vehicle towed pursuant to this Section has been stolen or hijacked then:

(1) the person shall not be liable for any governmentally imposed fees, fines, or penalties; and

(2) if a vehicle towed pursuant to this Section is registered in Illinois and the name and address of the registered owner of the vehicle is provided or made available to the towing service at the time of the tow, then the towing service must provide written notice of the tow to the registered owner within 2 business days after the vehicle is towed by certified mail, return receipt requested. No storage charges shall accrue if the vehicle is reclaimed by paying recovery and towing charges at the posted rates of the towing service as provided by paragraph 6 of subsection

(f) within 7 days after a request for registered owner information is mailed by the towing service, certified mail, return receipt requested, to the applicable administrative agency or office in that state. The towing service shall enjoy a lien to secure payment of charges accrued in compliance with this subsection.

(k) If a vehicle is displayed for sale or for transfer of ownership with a vehicle identification number that has been destroyed, removed, covered, altered, or defaced, its removal by a towing service may be authorized by a law enforcement agency having jurisdiction.

625 ILCS 5/4-203.5 — Tow rotation list

Sec. 4-203.5. Tow rotation list.

(a) Each law enforcement agency whose duties include the patrol of highways in this State shall maintain a tow rotation list which shall be used by law enforcement officers authorizing the tow of a vehicle within the jurisdiction of the law enforcement agency. To ensure adequate response time, a law enforcement agency may maintain multiple tow rotation lists, with each tow rotation list covering tows authorized in different geographic locations within the jurisdiction of the law enforcement agency. A towing service may be included on more than one tow rotation list.

(b) Any towing service operating within the jurisdiction of a law enforcement agency may submit an application in a form and manner prescribed by the law enforcement agency for inclusion on the law enforcement agency's tow rotation list. The towing service does not need to be located within the jurisdiction of the law enforcement agency. To be included on a tow rotation list the towing service must meet the following requirements:

(1) possess a license permitting the towing service to operate in every unit of local government in the law enforcement agency's jurisdiction that requires a license for the operation of a towing service;

(2) if required by the law enforcement agency for inclusion on that law enforcement agency's tow rotation list, each owner of the towing service and each person operating a vehicle on behalf of the towing service shall submit his or her fingerprints to the Illinois State Police in the form and manner prescribed by the Illinois State Police. These fingerprints should be transmitted through a live scan fingerprint vendor licensed by the Department of Financial and Professional Regulation. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Illinois State Police and Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall charge a fee for conducting the criminal history record check, which shall be deposited in the State Police Services Fund and shall not exceed the actual cost of the State and national criminal history record check. The Illinois State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the law enforcement agency maintaining the tow rotation list and shall forward the national criminal history record information to the law enforcement agency maintaining the tow rotation list. A person may not own a towing service or operate a vehicle on behalf of a towing service included on a tow rotation list if that person has been convicted during the 5 years preceding the application of a criminal offense involving one or more of the following: (A) bodily injury or attempt to inflict bodily injury to another person; (B) theft of property or attempted theft of property; or (C) sexual assault or attempted sexual assault of any kind;

(3) each person operating a vehicle on behalf of the towing service must be classified for the type of towing operation he or she shall be performing and the vehicle he or she shall be operating;

(4) possess and maintain the following insurance in addition to any other insurance required by law: (A) comprehensive automobile liability insurance with a minimum combined single limit coverage of \$1,000,000; (B) commercial general liability insurance with limits of not less than \$1,000,000 per occurrence, \$100,000 minimum garage keepers legal liability

insurance, and \$100,000 minimum on-hook coverage or cargo insurance; and (C) a worker's compensation policy covering every person operating a tow truck on behalf of the towing service, if required under current law;

(5) possess a secure parking lot used for short-term vehicle storage after a vehicle is towed that is open during business hours and is equipped with security features as required by the law enforcement agency;

(6) utilize only vehicles that possess a valid vehicle registration, display a valid Illinois license plate in accordance with Section 5-202 of this Code, and comply with the weight requirements of this Code;

(7) every person operating a towing or recovery vehicle on behalf of the towing service must have completed a Traffic Incident Management Training Program approved by the Department of Transportation;

(8) hold a valid authority issued to it by the Illinois Commerce Commission;

(9) comply with all other applicable federal, State, and local laws; and

(10) comply with any additional requirements the applicable law enforcement agency deems necessary. The law enforcement agency may select which towing services meeting the requirements of this subsection

(b) shall be included on a tow rotation list. The law enforcement agency may choose to have only one towing service on its tow rotation list. Complaints regarding the process for inclusion on a tow rotation list or the use of a tow rotation list may be referred in writing to the head of the law enforcement agency administering that tow rotation list. The head of the law enforcement agency shall make the final determination as to which qualified towing services shall be included on a tow rotation list, and shall not be held liable for the exclusion of any towing service from a tow rotation list.

(c) Whenever a law enforcement officer initiates a tow of a vehicle, the officer shall contact his or her law enforcement agency and inform the agency that a tow has been authorized. The law enforcement agency shall then select a towing service from the law enforcement agency's tow rotation list corresponding to the geographical area where the tow was authorized, and shall contact that towing service directly by phone, computer, or similar means. Towing services shall be contacted in the order listed on the appropriate tow rotation list, at which point the towing service shall be placed at the end of that tow rotation list. In the event a listed towing service is not available, the next listed towing service on that tow rotation list shall be contacted.

(d) A law enforcement agency may deviate from the order listed on a tow rotation list if the towing service next on that tow rotation list is, in the judgment of the authorizing officer or the law enforcement agency making the selection, incapable of or not properly equipped for handling a specific task related to the tow that requires special skills or equipment. A deviation from the order listed on the tow rotation list for this reason shall not cause a loss of rotation turn by the towing service determined to be incapable or not properly equipped for handling the request.

(e) In the event of an emergency a law enforcement officer or agency, taking into account the safety and location of the situation, may deviate from the order of the tow rotation list and obtain towing service from any source deemed appropriate.

(f) If the owner or operator of a disabled vehicle is present at the scene of the disabled vehicle, is not under arrest, and does not abandon his or her vehicle, and in the law enforcement officer's opinion the disabled vehicle is not impeding or obstructing traffic, illegally parked, or posing a security or safety risk, the law enforcement officer shall allow the owner of the vehicle to specify a towing service to relocate the disabled vehicle. If the owner chooses not to specify a towing service, the law enforcement agency shall select a towing service for the vehicle as provided in subsection

(c) of this Section.

(g) If a tow operator is present or arrives where a tow is needed and it has not been requested by the law enforcement agency or the owner or operator, the law enforcement officer, unless acting under Section 11-1431 of this Code, shall advise the tow operator to leave the scene.

(h) (Blank).

(c) If the notification required under subsection

625 ILCS 5/4-300 — Definitions

Sec. 4-300. Definitions. For the purposes of this Article, the following word shall have the meaning ascribed to it as follows: Board. The Vehicle Recycling Board of the State of Illinois, acting directly or through its duly authorized officers and agents.

625 ILCS 5/4-301 — State policy

Sec. 4-301. State policy. The General Assembly finds that abandoned and derelict vehicles: constitute a safety hazard and a public nuisance; are detrimental to the health, safety and welfare of the general public by harboring disease, providing breeding places for vermin, inviting plundering, creating fire hazards, and presenting physical dangers to children and others; produce scenic blights which degrade the environment and adversely affect land values and the proper maintenance and continuing development of the State of Illinois and all of its subdivisions; represent a resource out of place and an energy loss to the Illinois economy, and require state and local governmental attention, in conjunction with any federal governmental attention, in order to assure the expeditious removal and recycling of these abandoned and derelict vehicles. The General Assembly declares therefore, that it is the policy of the State of Illinois, to: 1. Prohibit the abandonment of vehicles and the retention of derelicts, and to enforce such prohibition by law while reminding vehicle owners of their own individual responsibility to dispose of such vehicles; 2. Encourage the development of procedures and techniques to facilitate the expeditious removal of abandoned and derelict vehicles from public or private premises; 3. Encourage the State of Illinois and all of its political subdivisions, in cooperation with the federal government and the private sector of our State, and in cooperation with other states of the United States, to recover and recycle the resource represented by abandoned and derelict vehicles to the fullest extent practicable.

625 ILCS 5/4-302 — Vehicle Recycling Board

Sec. 4-302. Vehicle Recycling Board. There is hereby created the Vehicle Recycling Board of the State of Illinois composed of the Secretary of Transportation, the Director of the Illinois State Police, the Director of Public Health, the Director of the Environmental Protection Agency or their designated representatives. The Governor shall designate the Chairman and Secretary of the Board. The Board shall appoint an advisory committee, of no less than 10 members, to include an official representative of the Office of the Secretary of State as designated by the Secretary; and other appropriate representatives from such sources as: statewide associations of city, county and township governing bodies; knowledgeable successful leaders from the auto recycling private sector; the State associations of chiefs of police, county sheriffs, police officers; and State agencies having a direct or indirect relationship with vehicle recycling.

625 ILCS 5/4-303 — Tenure, vacancies and expenses

Sec. 4-303. Tenure, vacancies and expenses. State officers and their designated representatives on the Board and representatives of the State agencies serving on the advisory committee, shall serve without additional compensation and their necessary expenses shall be borne by the State office or agency represented. Members of the advisory committee shall be reimbursed for their necessary expenses in their attendance to meetings and functions as required by the Board. The Board shall employ such personnel as deemed necessary by the Board to implement and administer this Act and any expenses incurred in its administration may be incurred and expended only within and pursuant to the appropriations made by the General Assembly. The records of the Board shall be subject to audit by the Auditor General.

625 ILCS 5/4-304 — Implementation and administration of policy

Sec. 4-304. Implementation and administration of policy. The Board shall consider and adopt such programs as are designed to implement and administer the policies hereinbefore expressed and within the appropriations provided for by the General Assembly. In adopting such programs, the Board shall take into consideration the programs of the federal government in the same field, so as to assure full coordination therewith and that the State of Illinois does not duplicate federal actions and programs. The programs to be considered by the Board shall in addition be designed to: 1. Effect the efficient removal of abandoned vehicles from the highways, streets, roads, other public property, as well as from private property within Illinois. 2. Effect the efficient removal of abandoned and derelict vehicles from private property to be junked, salvaged, recycled, or reclaimed, to wrecking, recycling or salvaging facilities, or to a temporary impoundment or area collection center. 3. Effect efficient recycling or scrap processing of retired vehicles and the salvaging of usable parts. 4. Permit the restoration of antique and historic vehicles by private persons or agencies. 5. Work with other State agencies to effect the efficient and effective recycling of solid and liquid motor vehicle waste, including motor vehicle drain oil, derived in the recycling of a motor vehicle. 6. Recoup the costs of removal and disposal of abandoned and derelict vehicles from vehicle owners, land owners and persons who abandon or discard such vehicles and from other suitable sources. 7. Promote and publicize individual responsibility of vehicle owners for their personal disposal of unwanted and discarded vehicles and develop an effective promotional campaign to show owners how to properly dispose of such vehicles; and the legal consequences of not doing so. 8. Provide State coordination, expertise and assistance to all local units of government, as needed, seeking legislative remedy where appropriate regarding: vehicle detitling procedure; impoundment time periods; the legal restrictions unnecessarily delaying vehicle disposal; and, to promote and advance the technology, growth and development of the legitimate auto recycling industry to the end that this industry can effectively recycle all vehicles annually retired and accumulated in Illinois with a minimum of assistance from the State or its subdivisions. The Board is empowered to negotiate and enter into reciprocal agreements with other states and State and federal agencies, in furtherance of the provisions of this Act, as amended; provided, however, that no such reciprocal agreement may be entered into without the approval and authorization of the State body legally required to approve such agreements. The Board shall make rules, regulations and by-laws, not inconsistent with this Act or any other law of this State, as to its own organization and conduct and for the implementation and administration of this Act. The Board is further empowered to enter into an agreement with any State agency represented on the Board, to carry out the administration of the abandoned and derelict vehicle abatement program of the Board, and to make such funds available as may be found necessary by the Board, as appropriated by the General Assembly.

625 ILCS 5/4-305 — Inventory, collection and disposal facilities

Sec. 4-305. Inventory, collection and disposal facilities. If not otherwise economically practicable, the Board may provide by contract with private persons or agencies, or with political subdivisions of the State of Illinois and all local governmental units of government, for the inventory, collection and disposal or any portion thereof, of abandoned and derelict vehicles to wrecking, salvage or recycling plants, or, provide facilities for the collection and proper disposal of any vehicle under the provisions of this Act, as amended. The Board may further formulate a program, statewide or within prescribed areas, for the inventory and collection of abandoned and derelict vehicles and to provide for their junking, salvage or recycling. In all cases, the Board shall coordinate such program with each affected State agency, local governmental unit, and local law enforcement agencies. The Board may further subsidize political subdivisions of this State, local governmental units and local law enforcement agencies for their costs, provable by audit and not otherwise recoverable from any proceeds derived from any sale of abandoned and derelict vehicles, in collecting, storing and disposing of such vehicles during a reimbursement period set by the Board. Any expenditure of funds hereunder shall be subject to audit by the Auditor General, within the appropriations for this purpose by the General Assembly, and may be made only in the event that cost-analysis and program efficiency show that such reimbursement subsidy is justified. No owner of any abandoned or derelict vehicle shall in any way, receive any funds hereunder. This shall not, however, prohibit the Board from examining the strategy of paying owners of discarded vehicles a limited sum for delivering their vehicles to a collection point when scrap prices are depressed; and bringing emergency measures such as this to the attention of the General Assembly for its consideration at a later time.

625 ILCS 5/4-306 — Federal aid

Sec. 4-306. Federal aid. The Board is authorized and empowered to do all things necessary and proper to fully cooperate with any agency of the United States in the administration of any federal act relating to abandoned and derelict vehicles or the recycling or scrapping of vehicles now in effect or hereafter enacted for the purpose of appropriation of funds for the payment to or toward the junking, salvaging, recycling or scrapping of retired and discarded vehicles. Whenever federal

funds are expended to provide for the payment to or toward the junking, salvaging, recycling or scrapping of such vehicles, the amount received as reimbursement therefor shall be paid into the fund or trust fund in the State Treasury from which such expenditure was made.

625 ILCS 5/4-307 — Funding and fees

Sec. 4-307. Funding and fees.

(a) The programs initiated by the Board shall be funded by appropriations by the General Assembly to the Board. In addition to any fees enacted by the General Assembly, the Board shall recommend additional and optional methods of financing such programs to the end that the programs shall become self-sufficient.

(b) In addition to any provisions made by the General Assembly, the Board shall recommend incentives to induce the junking of abandoned and derelict vehicles not suitable for rebuilding or restoring as antiques or historic vehicles. The Board may further recommend a subsidy to implement Section 4-305.

(1) a single new or used motor vehicle dealer or

(2) a single group of new or used motor vehicle dealers that share a common ownership within the group, purchases new or used motor vehicles on behalf of the dealer or group of dealers and then sells, transfers, or assigns those motor vehicles to the dealer or group of dealers. 625 ILCS 5/5-100-1 — Findings and Purpose

Sec. 5-100-1. Findings and Purpose. The General Assembly finds that:

- (1) crimes involving the theft of vehicles and their parts have risen steadily over the past years, with a resulting loss of millions of dollars to the residents of this State;
- (2) essential to the criminal enterprise of vehicle theft operations is the ability of thieves to transfer or sell stolen vehicles or their parts through legitimate commercial channels, making them available for sale to the automotive industry;
- (3) vehicle dealers, scrap processors, automotive parts recyclers, repairers and rebuilders who comprise the vast majority of the persons engaged in the automotive business in this State are frequently exposed to pressures and influences from motor vehicle thieves;
- (4) elements of organized crime are constantly attempting to influence businessmen engaged in the sale and repair of motor vehicles so as to further their own criminal interests; and
- (5) close and strict government regulation of vehicle dealers, scrap processors, automotive parts recyclers, repairers and rebuilders will provide a system of tracking the flow of vehicles and their essential parts and therefore significantly reduce the numbers of vehicle-related thefts in this State. It is, therefore, the intent of the General Assembly to establish a system of mandatory licensing and record keeping which will prevent or reduce the transfer or sale of stolen vehicles or their parts within this State. It further is the intent of the General Assembly that government agencies work in cooperation with vehicle dealers, scrap processors, automotive parts recyclers, repairers and rebuilders, utilizing their professional expertise in the development and execution of programs and strategies to reduce vehicle-related crime and maximize consumer protection while ensuring a healthy business climate for the legitimate automotive industry.

625 ILCS 5/5-101 — New vehicle dealers must be licensed

Sec. 5-101. New vehicle dealers must be licensed.

- (a) No person shall engage in this State in the business of selling or dealing in, on consignment or otherwise, new vehicles of any make, or act as an intermediary or agent or broker for any licensed dealer or vehicle purchaser other than as a salesperson, or represent or advertise that he is so engaged or intends to so engage in such business unless licensed to do so in writing by the Secretary of State under the provisions of this Section.
- (b) An application for a new vehicle dealer's license shall be filed with the Secretary of State, duly verified by oath, on such form as the Secretary of State may by rule or regulation prescribe and shall contain: 1. The name and type of business organization of the applicant and his established and additional places of business, if any, in this State. 2. If the applicant is a corporation, a list of its officers, directors, and shareholders having a ten percent or greater ownership interest in the corporation, setting forth the residence address of each; if the applicant is a sole proprietorship, a partnership, an unincorporated association, a trust, or any similar form of business organization, the name and residence address of the proprietor or of each partner, member, officer, director, trustee, or manager. 3. The make or makes of new vehicles which the applicant will offer for sale at retail in this State. 4. The name of each manufacturer or franchised distributor, if any, of new vehicles with whom the applicant has contracted for the sale of such new vehicles. As evidence of this fact, the application shall be accompanied by a signed statement from each such manufacturer or franchised distributor. If the applicant is in the business of offering for sale new conversion vehicles, trucks or vans, except for trucks modified to serve a special purpose which includes but is not limited to the following vehicles: street sweepers, fertilizer spreaders, emergency vehicles, implements of husbandry or maintenance type vehicles, he must furnish evidence of a sales and service agreement from both the chassis manufacturer and second stage manufacturer. 5. A statement that the applicant has been approved for registration under the Retailers' Occupation Tax Act by the Department of Revenue: Provided that this requirement does not apply to a dealer who is already licensed hereunder with the Secretary of State, and who is merely applying for a renewal of his license. As evidence of this fact, the application shall be accompanied by a certification from the Department of Revenue showing that that Department has approved the applicant for registration under the Retailers' Occupation Tax Act. 6. A statement that the applicant has complied with the appropriate liability

insurance requirement. A Certificate of Insurance in a solvent company authorized to do business in the State of Illinois shall be included with each application covering each location at which he proposes to act as a new vehicle dealer. The policy must provide liability coverage in the minimum amounts of \$100,000 for bodily injury to, or death of, any person, \$300,000 for bodily injury to, or death of, two or more persons in any one crash, and \$50,000 for damage to property. Such policy shall expire not sooner than December 31 of the year for which the license was issued or renewed. The expiration of the insurance policy shall not terminate the liability under the policy arising during the period for which the policy was filed. Trailer and mobile home dealers are exempt from this requirement. If the permitted user has a liability insurance policy that provides automobile liability insurance coverage of at least \$100,000 for bodily injury to or the death of any person, \$300,000 for bodily injury to or the death of any 2 or more persons in any one crash, and \$50,000 for damage to property, then the permitted user's insurer shall be the primary insurer and the dealer's insurer shall be the secondary insurer. If the permitted user does not have a liability insurance policy that provides automobile liability insurance coverage of at least \$100,000 for bodily injury to or the death of any person, \$300,000 for bodily injury to or the death of any 2 or more persons in any one crash, and \$50,000 for damage to property, or does not have any insurance at all, then the dealer's insurer shall be the primary insurer and the permitted user's insurer shall be the secondary insurer. When a permitted user is "test driving" a new vehicle dealer's automobile, the new vehicle dealer's insurance shall be primary and the permitted user's insurance shall be secondary. As used in this paragraph 6, a "permitted user" is a person who, with the permission of the new vehicle dealer or an employee of the new vehicle dealer, drives a vehicle owned and held for sale or lease by the new vehicle dealer which the person is considering to purchase or lease, in order to evaluate the performance, reliability, or condition of the vehicle. The term "permitted user" also includes a person who, with the permission of the new vehicle dealer, drives a vehicle owned or held for sale or lease by the new vehicle dealer for loaner purposes while the user's vehicle is being repaired or evaluated. As used in this paragraph 6, "test driving" occurs when a permitted user who, with the permission of the new vehicle dealer or an employee of the new vehicle dealer, drives a vehicle owned and held for sale or lease by a new vehicle dealer that the person is considering to purchase or lease, in order to evaluate the performance, reliability, or condition of the vehicle. As used in this paragraph 6, "loaner purposes" means when a person who, with the permission of the new vehicle dealer, drives a vehicle owned or held for sale or lease by the new vehicle dealer while the user's vehicle is being repaired or evaluated. 7. (A) An application for a new motor vehicle dealer's license shall be accompanied by the following license fees:

(i) \$1,000 for applicant's established place of business, and \$100 for each additional place of business, if any, to which the application pertains; but if the application is made after June 15 of any year, the license fee shall be \$500 for applicant's established place of business plus \$50 for each additional place of business, if any, to which the application pertains. License fees shall be returnable only in the event that the application is denied by the Secretary of State. All moneys received by the Secretary of State as license fees under this subparagraph

(h) of Section 5-102.7 of this Code, an Annual Dealer Recovery Fund Fee in the amount of \$500 for the applicant's established place of business, and \$50 for each additional place of business, if any, to which the application pertains; but if the application is made after June 15 of any year, the fee shall be \$250 for the applicant's established place of business plus \$25 for each additional place of business, if any, to which the application pertains. For a license renewal application, the fee shall be based on the amount of automobiles sold in the past year according to the following formula:

(1) \$0 for dealers selling 25 or less automobiles;

(2) \$150 for dealers selling more than 25 but less than 200 automobiles;

(3) \$300 for dealers selling 200 or more automobiles but less than 300 automobiles; and

License fees shall be returnable only in the event that the application is denied by the Secretary of State. Of the money received by the Secretary of State as license fees under this subparagraph

(i) for the 2004 licensing year and thereafter, 95% shall be deposited into the General Revenue Fund. (ii) Except as provided in subsection

(h) of Section 5-102.7 of this Code, an Annual Dealer Recovery Fund Fee in the amount of \$500 for the applicant's established place of business, and \$50 for each additional place of business, if any, to which the application pertains; but if the application is made after June 15 of any year, the fee shall be \$250 for the applicant's established place of business plus \$25 for each additional place of business, if any, to which the application pertains. License fees shall be returnable only in the event that the application is denied by the Secretary of State. Moneys received under this subparagraph (ii) shall be deposited into the Dealer Recovery Trust Fund. 8. A statement that the applicant's officers, directors, shareholders having a 10% or greater ownership interest therein, proprietor, a partner, member, officer, director, trustee, manager or other principals in the business have not committed in the past 3 years any one violation as determined in any civil, criminal or administrative proceedings of any one of the following Acts: (A) The Anti-Theft Laws of the Illinois Vehicle Code; (B) The Certificate of Title Laws of the Illinois Vehicle Code; (C) The Offenses against Registration and Certificates of Title Laws of the Illinois Vehicle Code; (D) The Dealers, Transporters, Wreckers and Rebuilders Laws of the Illinois Vehicle Code; (E) Section 21-2 of the Criminal Code of 1961 or the Criminal Code of 2012, Criminal Trespass to Vehicles; or (F) The Retailers' Occupation Tax Act. 9. A statement that the applicant understands Chapter 1 through Chapter 5 of this Code. 13. The full name, address, and contact information of each of the dealer's agents or legal representatives who is an Illinois resident and liable for the performance of the dealership.

(c) Any change which renders no longer accurate any information contained in any application for a new vehicle dealer's license shall be amended within 30 days after the occurrence of such change on such form as the Secretary of State may prescribe by rule or regulation, accompanied by an amendatory fee of \$2.

(d) Anything in this Chapter 5 to the contrary notwithstanding no person shall be licensed as a new vehicle dealer unless: 1. He is authorized by contract in writing between himself and the manufacturer or franchised distributor of such make of vehicle to so sell the same in this State, and 2. Such person shall maintain an established place of business as defined in this Act.

(e) The Secretary of State shall, within a reasonable time after receipt, examine an application submitted to him under this Section and unless he makes a determination that the application submitted to him does not conform with the

(h) hereof, all new vehicle dealer's licenses granted under this Section shall expire by operation of law on December 31 of the calendar year for which they are granted unless sooner revoked or cancelled under the provisions of Section 5-501 of this Chapter.

(h) A new vehicle dealer's license may be renewed upon application and payment of the fee required herein, and submission of proof of coverage under an approved bond under the Retailers' Occupation Tax Act or proof that applicant is not subject to such bonding requirements, as in the case of an original license, but in case an application for the renewal of an effective license is made during the month of December, the effective license shall remain in force until the application is granted or denied by the Secretary of State.

The name and type of business organization established and additional places of business, if any, in this State. 2. If the applicant is a corporation, a list of its officers, directors, and shareholders having a 10% or greater ownership interest in the corporation, setting forth the residence address of each; if the applicant is a sole proprietorship, a partnership, an unincorporated association, a trust, or any similar form of business organization, the names and residence address of the proprietor or of each partner, member, officer, director, trustee, or manager. 3. A statement that the applicant has been approved for registration under the Retailers' Occupation Tax Act by the Department of Revenue. However, this requirement does not apply to a dealer who is already licensed hereunder with the Secretary of State, and who is merely applying for a renewal of his license. As evidence of this fact, the application shall be accompanied by a certification from the Department of Revenue showing that the Department has approved the applicant for registration under the Retailers' Occupation Tax Act. 4. A statement that the applicant has complied with the appropriate liability insurance requirement. A Certificate of Insurance in a solvent company authorized to do business in the State of Illinois shall be included with each application covering each location at which he proposes to act as a used vehicle dealer. The policy must provide liability coverage in the minimum amounts of \$100,000 for bodily injury to, or death of, any person, \$300,000 for bodily injury to, or death of, 2 or more persons in any one crash, and \$50,000 for damage to property. Such policy shall expire not sooner than December 31 of the year for which the license was issued or renewed. The expiration of the insurance policy shall not terminate the liability under the policy arising during the period for which the policy was filed. Trailer and mobile home dealers are exempt from this requirement. If the permitted user has a liability insurance policy that provides automobile liability insurance coverage of at least \$100,000 for bodily injury to or the death of any person, \$300,000 for bodily injury to or the death of any 2 or more persons in any one crash, and \$50,000 for damage to property, then the permitted user's insurer shall be the primary insurer and the dealer's insurer shall be the secondary insurer. If the permitted user does not have a liability insurance policy that provides automobile liability insurance coverage of at least \$100,000 for bodily injury to or the death of any person, \$300,000 for bodily injury to or the death of any 2 or more persons in any one crash, and \$50,000 for damage to property, or does not have any insurance at all, then the dealer's insurer shall be the primary insurer and the permitted user's insurer shall be the secondary insurer. When a permitted user is "test driving" a used vehicle dealer's automobile, the used vehicle dealer's insurance shall be primary and the permitted user's insurance shall be secondary. As used in this paragraph 4, a "permitted user" is a person who, with the permission of the used vehicle dealer or an employee of the used vehicle dealer, drives a vehicle owned and held for sale or lease by the used vehicle dealer which the person is considering to purchase or lease, in order to evaluate the performance, reliability, or condition of the vehicle. The term "permitted user" also includes a person who, with the permission of the used vehicle dealer, drives a vehicle owned or held for sale or lease by the used vehicle dealer for loaner purposes while the user's vehicle is being repaired or evaluated. As used in this paragraph 4, "test driving" occurs when a permitted user who, with the permission of the used vehicle dealer or an employee of the used vehicle dealer, drives a vehicle owned and held for sale or lease by a used vehicle dealer that the person is considering to purchase or lease, in order to evaluate the performance, reliability, or condition of the vehicle. As used in this paragraph 4, "loaner purposes" means when a person who, with the permission of the used vehicle dealer, drives a vehicle owned or held for sale or lease by the used vehicle dealer while the user's vehicle is being repaired or evaluated. 5. An application for a used vehicle dealer's license shall be accompanied by the following license fees: (A) \$1,000 for applicant's established place of business, and \$50 for each additional place of business, if any, to which the application pertains; however, if the application is made after June 15 of any year, the license fee shall be \$500 for applicant's established place of business plus \$25 for each additional place of business, if any, to which the application pertains. License fees shall be returnable only in the event that the application is denied by the Secretary of State. Of the money received by the Secretary of State as license fees under this subparagraph (A) for the 2004 licensing year and thereafter, 95% shall be deposited into the General Revenue Fund. (B) Except for dealers selling 25 or fewer automobiles or as provided in subsection

(h) of Section 5-102.7 of this Code, an Annual Dealer Recovery Fund Fee in the amount of \$500 for the applicant's established place of business, and \$50 for each additional place of business, if any, to which the application pertains; but if the application is made after June 15 of any year, the fee shall be \$250 for the applicant's established place of business plus \$25 for each additional place of business, if any, to which the application pertains. For a license renewal application, the fee shall be based on the amount of automobiles sold in the past year according to the following formula:

- (1) \$0 for dealers selling 25 or fewer automobiles;
- (2) \$150 for dealers selling more than 25 but fewer than 200 automobiles;

(3) \$300 for dealers selling 200 or more automobiles but fewer than 300 automobiles; and

(4) \$500 for dealers selling 300 or more automobiles. License fees shall be returnable only in the event that the application is denied by the Secretary of State. Moneys received under this subparagraph (B) shall be deposited into the Dealer Recovery Trust Fund. 6. A statement that the applicant's officers, directors, shareholders having a 10% or greater ownership interest therein, proprietor, partner, member, officer, director, trustee, manager, or other principals in the business have not committed in the past 3 years any one violation as determined in any civil, criminal, or administrative proceedings of any one of the following: (A) Article I of Chapter 4 of this Code; (B) Article I of Chapter 3 of this Code; (C) Article VII of Chapter 3 of this Code; (D) Chapter 5 of this Code; (E) Section 21-2 of the Criminal Code of 1961 or the Criminal Code of 2012, Criminal Trespass to Vehicles; or (F) The Retailers' Occupation Tax Act. 7. A statement that the applicant's officers, directors, shareholders having a 10% or greater ownership interest therein, proprietor, partner, member, officer, director, trustee, manager, or other principals in the business have not committed in any calendar year 3 or more violations, as determined in any civil, criminal, or administrative proceedings, of any one or more of the following Acts: (A) The Consumer Finance Act; (B) The Consumer Installment Loan Act; (C) The Retail Installment Sales Act; (D) The Motor Vehicle Retail Installment Sales Act; (E) The Interest Act; (F) The Illinois Wage Assignment Act; (G) Part 8 of Article XII of the Code of Civil Procedure; or (H) The Consumer Fraud and Deceptive Business Practices Act. 7.5. A statement that, within 10 years of application, each officer, director, shareholder having a 10% or greater ownership interest therein, proprietor, partner, member, officer, director, trustee, manager, or other principal in the business of the applicant has not committed, as determined in any civil, criminal, or administrative proceeding, in any calendar year one or more forcible felonies under the Criminal Code of 1961 or the Criminal Code of 2012, or a violation of either or both Article 16 or 17 of the Criminal Code of 1961 or a violation of either or both Article 16 or 17 of the Criminal Code of 2012, Article 29B of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar out-of-state offense. For the purposes of this paragraph, "forcible felony" has the meaning provided in Section 2-8 of the Criminal Code of 2012. 8. A bond or Certificate of Deposit in the amount of \$50,000 for each location at which the applicant intends to act as a used vehicle dealer. The bond shall be for the term of the license, or its renewal, for which application is made, and shall expire not sooner than December 31 of the year for which the license was issued or renewed. The bond shall run to the People of the State of Illinois, with surety by a bonding or insurance company authorized to do business in this State. It shall be conditioned upon the proper transmittal of all title and registration fees and taxes (excluding taxes under the Retailers' Occupation Tax Act) accepted by the applicant as a used vehicle dealer. 9. Such other information concerning the business of the applicant as the Secretary of State may by rule or regulation prescribe. 10. A statement that the applicant understands Chapter 1 through Chapter 5 of this Code. 11. A copy of the certification from the prelicensing education program. 12. The full name, address, and contact information of each of the dealer's agents or legal representatives who is an Illinois resident and liable for the performance of the dealership.

(c) Any change which renders no longer accurate any information contained in any application for a used vehicle dealer's license shall be amended within 30 days after the occurrence of each change on such form as the Secretary of State may prescribe by rule or regulation, accompanied by an amendatory fee of \$2.

(d) Anything in this Chapter to the contrary notwithstanding, no person shall be licensed as a used vehicle dealer unless such person maintains an established place of business as defined in this Chapter.

(e) The Secretary of State shall, within a reasonable time after receipt, examine an application submitted to him under this Section. Unless the Secretary makes a determination that the application submitted to him does not conform to this Section or that grounds exist for a denial of the application under Section 5-501 of this Chapter, he must grant the applicant an original used vehicle dealer's license in writing for his established place of business and a supplemental license in writing for each additional place of business in such form as he may prescribe by rule or regulation which shall include the following: 1. The name of the person licensed; 2. If a corporation, the name and address of its officers or if a sole proprietorship, a partnership, an unincorporated association or any similar form of business organization, the name and address of the proprietor or of each partner, member, officer, director, trustee, or manager; 3. In case of an original license, the established place of business of the licensee; 4. In the case of a supplemental license, the established place of business of the licensee and the additional place of business to which such supplemental license pertains; 5. The full name, address, and contact information of each of the dealer's agents or legal representatives who is an Illinois resident and liable for the performance of the dealership.

(f) The appropriate instrument evidencing the license or a certified copy thereof, provided by the Secretary of State shall be kept posted, conspicuously, in the established place of business of the licensee and in each additional place of

business, if any, maintained by such licensee.

(g) Except as provided in subsection

(h) of this Section, all used vehicle dealer's licenses granted under this Section expire by operation of law on December 31 of the calendar year for which they are granted unless sooner revoked or cancelled under Section 5-501 of this Chapter.

(h) A used vehicle dealer's license may be renewed upon application and payment of the fee required herein, and submission of proof of coverage by an approved bond under the Retailers' Occupation Tax Act or proof that applicant is not subject to such bonding requirements, as in the case of an original license, but in case an application for the renewal of an effective license is made during the month of December, the effective license shall remain in force until the application for renewal is granted or denied by the Secretary of State.

(i) All persons licensed as a used vehicle dealer are required to furnish each purchaser of a motor vehicle: 1. A certificate of title properly assigned to the purchaser; 2. A statement verified under oath that all identifying numbers on the vehicle agree with those on the certificate of title; 3. A bill of sale properly executed on behalf of such person; 4. A copy of the Uniform Invoice-transaction reporting return referred to in Section 5-402 of this Chapter; 5. In the case of a rebuilt vehicle, a copy of the Disclosure of Rebuilt Vehicle Status; and 6. In the case of a vehicle for which the warranty has been reinstated, a copy of the warranty.

(j) A real estate broker holding a valid certificate of registration issued pursuant to "The Real Estate Brokers and Salesmen License Act" may engage in the business of selling or dealing in house trailers not his own without being licensed as a used vehicle dealer under this Section; however such broker shall maintain a record of the transaction including the following:

(1) the name and address of the buyer and seller,

(2) the date of sale,

(3) a description of the mobile home, including the vehicle identification number, make, model, and year, and

(4) the Illinois certificate of title number. The foregoing records shall be available for inspection by any officer of the Secretary of State's Office at any reasonable hour.

(k) Except at the time of sale or repossession of the vehicle, no person licensed as a used vehicle dealer may issue any other person a newly created key to a vehicle unless the used vehicle dealer makes a color photocopy or electronic scan of the driver's license or State identification card of the person requesting or obtaining the newly created key. The used vehicle dealer must retain the photocopy or scan for 30 days. A used vehicle dealer who violates this subsection

(k) is guilty of a petty offense. Violation of this subsection

(k) is not cause to suspend, revoke, cancel, or deny renewal of the used vehicle dealer's license.

(l) Used vehicle dealers licensed under this Section shall provide the Secretary of State a register for the sale at auction of each salvage or junk certificate vehicle. Each register shall include the following information: 1. The year, make, model, style, and color of the vehicle; 2. The vehicle's manufacturer's identification number or, if applicable, the Secretary of State or Illinois State Police identification number; 3. The date of acquisition of the vehicle; 4. The name and address of the person from whom the vehicle was acquired; 5. The name and address of the person to whom any vehicle was disposed, the person's Illinois license number, or, if the person is an out-of-state salvage vehicle buyer, the license number from the state or jurisdiction where the buyer is licensed; and 6. The purchase price of the vehicle. The register shall be submitted to the Secretary of State via written or electronic means within 10 calendar days from the date of the auction.

(m) If a licensee under this Section voluntarily surrenders a license to the Illinois Secretary of State Police or a representative of the Secretary of State Vehicle Services Department due to the licensee's inability to adhere to recordkeeping provisions, or the inability to properly issue certificates of title or registrations under this Code, or the Secretary revokes a license under this Section, then the licensee and the licensee's agent, designee, or legal representative, if applicable, may not be named on a new application for a licensee under this Section or under this Chapter, nor is the licensee or the licensee's agent, designee, or legal representative permitted to work for another licensee under this Chapter in a recordkeeping, management, or financial position or as an employee who handles certificate of title and registration documents and applications.

625 ILCS 5/5-102.1 — Permits for off site sales and exhibitions

Sec. 5-102.1. Permits for off site sales and exhibitions.

(a) A licensed new or used motor vehicle dealer licensed under Section 5-101 or 5-102 shall not engage in any off site sale without an off site sale permit issued by the Secretary under this Section. The Secretary shall issue an off site sale permit to a dealer if:

- (1) an application therefor is received by the Secretary prior to the beginning date of the proposed off site sale, accompanied by a fee of \$25;
- (2) the applicant is a licensed new vehicle dealer or used vehicle dealer in good standing; and
- (3) the Secretary determines that the proposed off site sale will conform with the requirements imposed by law. However, in no event shall an off site sale permit be issued to any licensed new or used vehicle dealer for any off site sale to be conducted outside that dealer's relevant market area, as that term is defined in this Chapter, except that this restriction shall not apply to off site sales of motor homes or recreational vehicles. The provisions of this subsection shall not apply to self-contained motor homes, mini motor homes, van campers, and recreational trailers, including trailers designed and used to transport vessels or watercraft. An off site sale permit does not authorize the sale of vehicles on a Sunday.

(b) Only a new or used vehicle dealer licensed under Section 5-101 or 5-102 may participate in a display exhibition and shall obtain a display exhibition permit issued by the Secretary under this Section. The Secretary shall issue a display exhibition permit to a dealer if:

- (1) an application therefor is received by the Secretary prior to the beginning date of the proposed exhibition, accompanied by a fee of \$10;
- (2) the applicant is a licensed new vehicle dealer or used vehicle dealer in good standing; and
- (3) the Secretary determines that the proposed exhibition will conform with the requirements imposed by law. A display exhibition permit shall be valid for a period of no longer than 30 days.

(c) A licensed new or used motor vehicle dealer under Section 5-101 or 5-102, or any other person as defined in this Section, may participate in a trade show exhibition and must obtain a trade show exhibition permit issued by the Secretary under this Section. The Secretary shall issue a trade show exhibition permit if:

- (1) an application is received by the Secretary before the beginning date of the proposed trade show exhibition, accompanied by a fee of \$10;
- (2) the applicant is a licensed new vehicle dealer or used vehicle dealer in good standing; and
- (3) the Secretary determines that the proposed trade show exhibition shall conform with the requirements imposed by law. A trade show exhibition permit shall be valid for a period of no longer than 30 days. The provisions of this subsection shall not apply to self-contained motor homes, mini motor homes, van campers, and recreational trailers, including trailers designed and used to transport vessels or watercraft. The term "any other person" shall mean new or used vehicle dealers licensed by other states; provided however, a trade show exhibition of new vehicles shall only be participated in by licensed new vehicle dealers, at least 2 of which must be licensed under Section 5-101.

(d) An Illinois or out-of-state licensed new or used trailer dealer, manufactured home dealer, motor home dealer, mini motor home dealer, or van camper dealer shall not engage in any off site sale or trade show exhibition without first acquiring a permit issued by the Secretary under this subsection. However, the provisions of this Section shall not apply to a licensed trailer dealer selling a mobile home or manufactured housing, as defined in the Illinois Manufactured Housing and Mobile Home Safety Act, if the manufactured housing or mobile home has utilities permanently attached. The Secretary shall issue a permit to an Illinois dealer if:

- (1) an application is received by the Secretary before the beginning date of the proposed off site sale or trade show exhibition, accompanied by a fee of \$25;
 - (2) the applicant is a licensed new or used vehicle dealer in good standing; and
 - (3) the Secretary determines that the proposed off site sale or trade show exhibition will conform with the requirements imposed by law. The Secretary shall issue a permit to an out-of-state dealer if the requirements of subdivisions (1), (2), and
- (3) of this subsection

(d) are met and at least 2 licensed Illinois dealers will participate in the off site sale or trade show exhibition. A permit issued pursuant to this subsection shall allow for the sale of vehicles at either an off site sale or at a trade show exhibition. The permit shall be valid for a period not to exceed 30 days.

(e) The Secretary of State may adopt rules regulating the conduct of off site deliveries, sales, and exhibitions, and governing the issuance and enforcement of the permits authorized under this Section. An Illinois licensed new or used motor vehicle dealer is authorized to conduct sales activities, including the collection of electronic signatures, via the Internet and deliver vehicles to a customer at the address provided in the customer's application, if the sale, lease, or delivery is requested by the customer in writing and only after the identity of the customer has been verified at the time of delivery. Any documents that State or federal law require to be signed in person may be signed at the time of delivery without constituting an off site sale that is subject to this Section. If a vehicle is delivered to an address other than the licensed dealer's established place of business, the date of the sale shall be that date on which the application for title is signed by the purchaser of the vehicle.

(f) Except as otherwise provided in this Section, a motor vehicle dealer or person acting as a motor vehicle dealer shall not park a motor vehicle for the primary purpose of displaying the vehicle for sale or for transfer of ownership on any of the following:

- (1) a public street or highway;
- (2) a public parking lot;
- (3) any other public property; or

(4) any private property if the public may lawfully drive a motor vehicle on the property. This paragraph does not apply if the property is a motor vehicle dealer's lot and the motor vehicle that is parked on the property is in the motor vehicle dealer's inventory. This subsection does not prohibit off-site sales, displays, or other activities permitted under this Section.

(g) A vehicle that is displayed for sale with a vehicle identification number that has been destroyed, removed, covered, altered, or defaced is subject to removal pursuant to subsection

(k) of Section 4-203.

625 ILCS 5/5-102.5 — Used vehicle dealer prelicensing education program courses

Sec. 5-102.5. Used vehicle dealer prelicensing education program courses.

(a) An applicant for a license as a Buy Here, Pay Here used vehicle dealer under Section 5-102.8 or a used vehicle dealer shall complete a minimum of 8 hours of prelicensing education program courses pursuant to this Section prior to submitting an application to the Secretary of State.

(b) To meet the requirements of this Section, at least one individual who is associated with the used vehicle dealer or Buy Here, Pay Here used vehicle dealer as an owner, principal, corporate officer, director, or member or partner of a limited liability company or limited liability partnership shall complete the education program courses.

(c) The education program courses shall be provided by public or private entities with an expertise in the area as approved by the Secretary of State. The Secretary of State must approve course curricula and instruction, in consultation with the Illinois Department of Transportation and any private entity with expertise in the area in the Secretary of State's discretion.

(d) Each person who successfully completes an approved prelicensing education program under this Section shall be issued a certificate by the education program provider of the course. The current certificate of completion, or a copy of the certificate, shall be posted conspicuously in the principal office of the licensee.

(e) The provisions of this Section apply to all Buy Here, Pay Here used vehicle dealers under Section 5-102.8 or used vehicle dealers including, but not limited to, individuals, corporations, and partnerships, except for the following:

- (2) National motor vehicle auction companies;
- (3) Wholesale dealer-only auction companies;
- (4) Used vehicle dealerships owned by a franchise motor vehicle dealer; and
- (5) Banks, credit unions, and savings and loan associations.

625 ILCS 5/5-102.7 — Dealer Recovery Trust Fund

Sec. 5-102.7. Dealer Recovery Trust Fund.

(a) The General Assembly finds that motor vehicle dealers that go out of business without fulfilling agreements to pay off the balance of their customers' liens on traded-in vehicles cause financial harm to those customers by leaving those customers liable for multiple vehicle loans and cause harm to the integrity of the motor vehicle retailing industry. It is the intent of the General Assembly to protect vehicle purchasers by creating a Dealer Recovery Trust Fund to reimburse these consumers.

(b) The Dealer Recovery Trust Fund shall be used solely for the limited purpose of helping victims of dealership closings. Any interest accrued by moneys in the Fund shall be deposited and become part of the Dealer Recovery Trust Fund and its purpose. The sole beneficiaries of the Dealer Recovery Trust Fund are victims of dealership closings.

(c) Except where the context otherwise requires, the following words and phrases, when used in this Section, have the meanings ascribed to them in this subsection (c): "Applicant" means a person who applies for reimbursement from the Dealer Recovery Trust Fund Board. "Board" means the Dealer Recovery Trust Fund Board created under this Section. "Dealer" means a new vehicle dealer licensed under Section 5-101, a used vehicle dealer licensed under Section 5-102, or a Buy Here, Pay Here used vehicle dealer licensed under 5-102.8, excepting a dealer who primarily sells mobile homes, recreational vehicles, or trailers. "Fund" means the Dealer Recovery Trust Fund created under this Section. "Fund Administrator" means the private entity, which shall be appointed by the Board, that administers the Dealer Recovery Trust Fund.

(d) Beginning October 1, 2011, each application or renewal for a new vehicle dealer's license and each application or renewal for a Buy Here, Pay Here used vehicle dealer licensed under 5-102.8 or a used vehicle dealer's license shall be accompanied by the applicable Annual Dealer Recovery Fund Fee under Section 5-101 or 5-102 of this Code. The fee shall be in addition to any other fees imposed under this Article, shall be submitted at the same time an application or renewal for a new vehicle dealer's license, used vehicle dealer's license, or Buy Here, Pay Here used vehicle dealer is submitted, and shall be made payable to and remitted directly to the Dealer Recovery Trust Fund, a trust fund outside of the State Treasury which is hereby created. In addition, the Dealer Recovery Trust Fund may accept any federal, State, or private moneys for deposit into the Fund.

(e) The Fund Administrator shall maintain a list of all dealers who have paid the fee under subsection

(d) of this Section for the current year, which shall be available to the Secretary of State and the Board. The Secretary of State shall revoke the dealer license of any dealer who does not pay the fee imposed under subsection

(d) of this Section. The Secretary of State and the Fund Administrator may enter into information sharing agreements as needed to implement this Section.

(f) The Fund shall be audited annually by an independent auditor who is a certified public accountant and who has been selected by the Board. The independent auditor shall compile an annual report, which shall be filed with the Board and shall be a public record. The auditor shall be paid by the Fund, pursuant to an order of the Board.

(g) The Fund shall be maintained by the Fund Administrator, who shall keep current records of the amounts deposited into the Fund and the amounts paid out of the Fund pursuant to an order of the Board. These records shall be made available to all members of the Board upon reasonable request during normal business hours. The Fund Administrator shall report the balance in the Fund to the Board monthly, by the 15th day of each month. For purposes of determining the amount available to pay claims under this Section at any meeting of the Board, the Board shall use the Fund Administrator's most recent monthly report. The Fund Administrator shall purchase liability insurance to cover management of the Fund at a cost not to exceed 2% of the balance in the Fund as of January 15th of that year.

(h) In any year for which the balance in the Fund as of August 31st is greater than \$3,500,000, the Fund Administrator shall notify the Secretary of State and the Secretary of State shall suspend collection of the fee for the following year for any dealer who has not had a claim paid from the Fund, has not had his or her license suspended or revoked, and has not been assessed any civil penalties under this Code during the 3 previous years.

(i) Moneys in the Dealer Recovery Trust Fund may be paid from the Fund only as directed by a written order of the Board and used only for the following purposes:

(i) to pay claims under a written order of the Board as provided in this Section; or (ii) to reimburse the Fund Administrator for its expenses related to the administration of the Fund, provided that the reimbursement to the Fund Administrator in

any year shall not exceed 2% of the balance in the Fund as of January 15th of that year.

(j) The Dealer Recovery Trust Fund Board is hereby created. The Board shall consist of the Secretary of State, or his or her designee, who shall serve as chair, the Attorney General, or his or her designee, who shall serve as secretary, and one person alternatively representing new and independent Illinois automobile dealers, selected collectively by the Attorney General, or his or her designee, and the Secretary of State, or his or her designee. The Secretary of State may propose procedures and employ personnel as necessary to implement this Section. The Board shall meet quarterly, and as needed, as directed by the chair. The Board may not pay out any claims before the balance deposited into the Fund exceeds \$500,000. Board meetings shall be open to the public. The Board has the authority to take any action by at least a two-thirds majority vote.

(k) The following persons may apply to the Board for reimbursement from the Dealer Recovery Trust Fund:

(i) A retail customer who, on or after October 1, 2011, purchases a vehicle from a dealer who subsequently files for bankruptcy or whose vehicle dealer's license is subsequently revoked by the Secretary of State or otherwise terminated and, as part of the purchase transaction, trades in a vehicle with an outstanding lien to the dealer if lien satisfaction was a condition of the purchase agreement and the retail customer determines that the lien has not been satisfied; (ii) A retail customer who, on or after October 1, 2011, purchases a vehicle with an undisclosed lien from a dealer who subsequently files for bankruptcy or whose vehicle dealer's license is subsequently revoked by the Secretary of State or otherwise terminated; (iii) A dealer who, on or after October 1, 2011, purchases a vehicle with an undisclosed lien from another dealer who subsequently files for bankruptcy or whose vehicle dealer's license is subsequently revoked by the Secretary of State or otherwise terminated.

(l) To be considered by the Board, an applicant must submit his or her claim to the Board within 2 years after the date of the transaction that gave rise to the claim.

(m) At each meeting of the Board, it shall consider all claims that are properly submitted to it on forms prescribed by the Secretary of State at least 30 days before the date of the Board's meeting. Before the Board may consider a claim against a dealer, it must make a written determination that the dealer has filed for bankruptcy under the provisions of 11 U.S.C. Chapter 7; that the Secretary of State has revoked his or her dealer's license; or that the license has been otherwise terminated. Once the Board has made this determination, it may consider the applicant's claim against the dealer. If a two-thirds majority of the Board determines that the dealer has committed a violation under subsection (k), it shall grant the applicant's claim. Except as otherwise provided in this Section, the maximum amount of any award for a claim under paragraph

(i) of subsection

(k) of this Section shall be equal to the amount of the unpaid balance of the lien that the dealer agreed to pay off on behalf of the applicant as shown on the bill of sale or the retail installment sales contract. The maximum amount of any claim under paragraph (ii) or (iii) of subsection

(k) of this Section shall be equal to the amount of the undisclosed lien. However, no award for a claim under subsection

(k) of this Section shall exceed \$35,000.

(n) If the balance in the Fund at the time of any Board meeting is less than the amount of the total amount of all claims awarded at that meeting, then all awards made at that meeting shall be reduced, pro rata, so that the amount of claims does not exceed the balance in the Fund. Before it reviews new claims, the Board shall issue written orders to pay the remaining portion of any claims that were so reduced, provided that the balance in the Fund is sufficient to pay those claims.

(o) Whenever the balance of the Fund falls below \$500,000, the Board may charge dealers an additional assessment of up to \$50 to bring the balance to at least \$500,000. Not more than one additional assessment may be made against a dealer in any 12-month period.

(p) If the total amount of claims awarded against any dealer exceeds 33% of the balance in the Fund, the Board may permanently reduce the amount of those claims, pro rata, so that those claims do not exceed 33% of the balance in the Fund.

(q) The Board shall issue a written order directing the Fund Administrator to pay an applicant's claim to a secured party where the Board has received a signed agreement between the applicant and the secured party holding the lien. The agreement must

(i) state that the applicant and the secured party agree to accept payment from the Fund to the secured party as settlement in full of all claims against the dealer; and (ii) release the lien and the title, if applicable, to the vehicle that was the subject of the claim. The written order shall state the amount of the claim and the name and address of the secured party to whom the claim shall be paid. The Fund Administrator shall pay the claim within 30 days after it receives the Board's order.

(r) No dealer or principal associated with a dealer's license is eligible for licensure, renewal or relicensure until the full amount of reimbursement for an unpaid claim, plus interest as determined by the Board, is paid to the Fund. Nothing in this Section shall limit the authority of the Secretary of State to suspend, revoke, or levy civil penalties against a dealer, nor shall full repayment of the amount owed to the Fund nullify or modify the effect of any action by the Secretary.

(s) Nothing in this Section shall limit the right of any person to seek relief through civil action against any other person as an alternative to seeking reimbursement from the Fund.

625 ILCS 5/5-102.8 — Licensure of Buy Here, Pay Here used vehicle dealers

Sec. 5-102.8. Licensure of Buy Here, Pay Here used vehicle dealers.

(1) The name and type of business organization established and additional places of business, if any, in this State.

(2) If the applicant is a corporation, a list of its officers, directors, and shareholders having a 10% or greater ownership interest in the corporation, setting forth the residence address of each; if the applicant is a sole proprietorship, a partnership, an unincorporated association, a trust, or any similar form of business organization, the names and residence address of the proprietor or of each partner, member, officer, director, trustee, or manager.

If the permitted user has a liability insurance policy that provides automobile liability insurance coverage of at least \$100,000 for bodily injury to or the death of any person, \$300,000 for bodily injury to or the death of any 2 or more persons in any one crash, and \$50,000 for damage to property, then the permitted user's insurer shall be the primary insurer and the dealer's insurer shall be the secondary insurer. License fees shall be returnable only if the application is denied by the Secretary of State. Of the money received by the Secretary of State as license fees under this subparagraph, 95% shall be deposited into the General Revenue Fund. For a license renewal application, the fee shall be based on the amount of automobiles sold in the past year according to the following formula:

625 ILCS 5/5-401.2 — Licensees required to keep records and make inspections

Sec. 5-401.2. Licensees required to keep records and make inspections.

(a) Every person licensed or required to be licensed under Section 5-101, 5-101.1, 5-101.2, 5-102, 5-102.8, 5-301, or 5-302 of this Code, shall, with the exception of scrap processors, maintain for 3 years, in a form as the Secretary of State may by rule or regulation prescribe, at his established place of business, additional place of business, or principal place of business if licensed under Section 5-302, the following records relating to the acquisition or disposition of vehicles and their essential parts possessed in this State, brought into this State from another state, territory or country, or sold or transferred to another person in this State or in another state, territory, or country.

(1) The following records pertaining to new or used vehicles shall be kept: (A) the year, make, model, style and color of the vehicle; (B) the vehicle's manufacturer's identification number or, if applicable, the Secretary of State or Illinois State Police identification number; (C) the date of acquisition of the vehicle; (D) the name and address of the person from whom the vehicle was acquired and, if that person is a dealer, the Illinois or out-of-state dealer license number of such person;

(E) the signature of the person making the inspection of a used vehicle as required under subsection

(d) of this Section, if applicable; (F) the purchase price of the vehicle, if applicable; (G) the date of the disposition of the vehicle; (H) the name and address of the person to whom any vehicle was disposed, and if that person is a dealer, the Illinois or out-of-State dealer's license number of that dealer; (I) the uniform invoice number reflecting the disposition of the vehicle, if applicable; and (J) The sale price of the vehicle, if applicable.

(2) (A) The following records pertaining to used essential parts other than quarter panels and transmissions of vehicles of the first division shall be kept:

(i) the year, make, model, color and type of such part; (ii) the vehicle's manufacturer's identification number, derivative number, or, if applicable, the Secretary of State or Illinois State Police identification number of such part; (iii) the date of the acquisition of each part; (iv) the name and address of the person from whom the part was acquired and, if that person is a dealer, the Illinois or out-of-state dealer license number of such person; if the essential part being acquired is from a person other than a dealer, the licensee shall verify and record that person's identity by recording the identification numbers from at least two sources of identification, one of which shall be a drivers license or State identification card;

(v) the uniform invoice number or out-of-state bill of sale number reflecting the acquisition of such part; (vi) the stock number assigned to the essential part by the licensee, if applicable; (vii) the date of the disposition of such part; (viii) the name and address of the person to whom such part was disposed of and, if that person is a dealer, the Illinois or out-of-state dealer license number of that person; (ix) the uniform invoice number reflecting the disposition of such part.

(B) Inspections of all essential parts shall be conducted in accordance with Section 5-402.1. (C) A separate entry containing all of the information required to be recorded in subparagraph (A) of paragraph

(2) of subsection

(a) of this Section shall be made for each separate essential part. Separate entries shall be made regardless of whether the part was a large purchase acquisition. In addition, a separate entry shall be made for each part acquired for immediate sale or transfer, or for placement into the overall inventory or stock to be disposed of at a later time, or for use on a vehicle to be materially altered by the licensee, or acquired for any other purpose or reason. Failure to make a separate entry for each essential part acquired or disposed of, or a failure to record any of the specific information required to be recorded concerning the acquisition or disposition of each essential part as set forth in subparagraph (A) of paragraph

(2) of subsection

(a) shall constitute a failure to keep records. (D) The vehicle's manufacturer's identification number or Secretary of State or Illinois State Police identification number for the essential part shall be ascertained and recorded even if such part is acquired from a person or dealer located in a State, territory, or country which does not require that such information be recorded. If the vehicle's manufacturer's identification number or Secretary of State or Illinois State Police identification number for an essential part cannot be obtained, that part shall not be acquired by the licensee or any of his agents or employees. If such part or parts were physically acquired by the licensee or any of his agents or employees while the licensee or agent or employee was outside this State, that licensee or agent or employee was outside the State, that licensee, agent or employee shall not bring such essential part into this State or cause it to be brought into this State. The acquisition or disposition of an essential part by a licensee without the recording of the vehicle identification number or Secretary of State identification number for such part or the transportation into the State by the licensee or his agent or employee of such part or parts shall constitute a failure to keep records. (E) The records of essential parts required to be kept by this Section shall apply to all hulks, chassis, frames or cowl, regardless of the age of those essential parts. The records required to be kept by this Section for essential parts other than hulks, chassis, frames or cowl, shall apply only to those essential parts which are 6 model years of age or newer. In determining the model year of such an essential part it may be presumed that the identification number of the vehicle from which the essential part came or the identification number affixed to the essential part itself acquired by the licensee denotes the model year of that essential part. This presumption, however, shall not apply if the gross appearance of the essential part does not correspond to the year, make or model of either the identification number of the vehicle from which the essential part is alleged to have come or the identification number which is affixed to the essential part itself. To determine whether an essential part is 6 years of age or newer within this paragraph, the model year of the essential part shall be subtracted from the calendar year in which the essential part is acquired or disposed of by the licensee. If the remainder is 6 or less, the record of the acquisition or disposition of that essential part shall be kept as required by this Section. (F) The requirements of paragraph

(2) of subsection

(a) of this Section shall not apply to the disposition of an essential part other than a cowl which has been damaged or altered to a state in which it can no longer be returned to a usable condition and which is being sold or transferred to a scrap processor or for delivery to a scrap processor.

(3) the following records for vehicles on which junking certificates are obtained shall be kept: (A) the year, make, model, style and color of the vehicle; (B) the vehicle's manufacturer's identification number or, if applicable, the Secretary of State or Illinois State Police identification number; (C) the date the vehicle was acquired; (D) the name and address of the person from whom the vehicle was acquired and, if that person is a dealer, the Illinois or out-of-state dealer license number of that person; (E) the certificate of title number or salvage certificate number for the vehicle, if applicable; (F) the junking certificate number obtained by the licensee; this entry shall be recorded at the close of business of the fifth business day after receiving the junking certificate; (G) the name and address of the person to whom the junking certificate has been assigned, if applicable, and if that person is a dealer, the Illinois or out-of-state dealer license number of that dealer; (H) if the vehicle or any part of the vehicle is dismantled for its parts to be disposed of in any way, or if such parts are to be used by the licensee to materially alter a vehicle, those essential parts shall be recorded and the entries required by paragraph

(2) of subsection

(a) shall be made.

(4) The following records for rebuilt vehicles shall be kept: (A) the year, make, model, style and color of the vehicle; (B) the vehicle's manufacturer's identification number of the vehicle or, if applicable, the Secretary of State or Illinois State Police identification number; (C) the date the vehicle was acquired; (D) the name and address of the person from whom the vehicle was acquired, and if that person is a dealer, the Illinois or out-of-state dealer license number of that person; (E) the salvage certificate number for the vehicle; (F) the newly issued certificate of title number for the vehicle; (G) the date of disposition of the vehicle; (H) the name and address of the person to whom the vehicle was disposed, and if a dealer, the Illinois or out-of-state dealer license number of that dealer; (I) The sale price of the vehicle. (a-1) A person licensed or required to be licensed under Section 5-101 or Section 5-102 of this Code who issues temporary registration permits as permitted by this Code and by rule must electronically file the registration with the Secretary and must maintain records of the registration in the manner prescribed by the Secretary.

(b) A failure to make separate entries for each vehicle acquired, disposed of, or assigned, or a failure to record any of the specific information required to be recorded concerning the acquisition or disposition of each vehicle as set forth in paragraphs (1),

(3) and

(4) of subsection

(a) shall constitute a failure to keep records.

(c) All entries relating to the acquisition of a vehicle or essential part required by subsection

(a) of this Section shall be recorded no later than the close of business on the seventh calendar day following such acquisition. All entries relating to the disposition of a vehicle or an essential part shall be made at the time of such disposition. If the vehicle or essential part was disposed of on the same day as its acquisition or the day thereafter, the entries relating to the acquisition of the vehicle or essential part shall be made at the time of the disposition of the vehicle or essential part. Failure to make the entries required in or at the times prescribed by this subsection following the acquisition or disposition of such vehicle or essential part shall constitute a failure to keep records.

(d) Every person licensed or required to be licensed shall, before accepting delivery of a used vehicle, inspect the vehicle to determine whether the manufacturer's public vehicle identification number has been defaced, destroyed, falsified, removed, altered, or tampered with in any way. If the person making the inspection determines that the manufacturer's public vehicle identification number has been altered, removed, defaced, destroyed, falsified or tampered with he shall not acquire that vehicle but instead shall promptly notify law enforcement authorities of his finding.

(e) The information required to be kept in subsection

(a) of this Section shall be kept in a manner prescribed by rule or regulation of the Secretary of State.

(f) Every person licensed or required to be licensed shall have in his possession a separate certificate of title, salvage certificate, junking certificate, certificate of purchase, uniform invoice, out-of-state bill of sale or other acceptable

documentary evidence of his right to the possession of every vehicle or essential part.

(g) Every person licensed or required to be licensed as a transporter under Section 5-201 shall maintain for 3 years, in such form as the Secretary of State may by rule or regulation prescribe, at his principal place of business a record of every vehicle transported by him, including numbers of or other marks of identification thereof, the names and addresses of persons from whom and to whom the vehicle was delivered and the dates of delivery.

(h) No later than 15 days prior to going out of business, selling the business, or transferring the ownership of the business, the licensee shall notify the Secretary of State that he is going out of business or that he is transferring the ownership of the business. Failure to notify under this paragraph shall constitute a failure to keep records.

(i) (Blank).

(j) A person who knowingly fails to comply with the provisions of this Section or knowingly fails to obey, observe, or comply with any order of the Secretary or any law enforcement agency issued in accordance with this Section is guilty of a Class B misdemeanor for the first violation and a Class A misdemeanor for the second and subsequent violations. Each violation constitutes a separate and distinct offense and a separate count may be brought in the same indictment or information for each vehicle or each essential part of a vehicle for which a record was not kept as required by this Section.

(k) Any person convicted of failing to keep the records required by this Section with intent to conceal the identity or origin of a vehicle or its essential parts or with intent to defraud the public in the transfer or sale of vehicles or their essential parts is guilty of a Class 2 felony. Each violation constitutes a separate and distinct offense and a separate count may be brought in the same indictment or information for each vehicle or essential part of a vehicle for which a record was not kept as required by this Section.

(l) A person may not be criminally charged with or convicted of both a knowing failure to comply with this Section and a knowing failure to comply with any order, if both offenses involve the same record keeping violation.

(m) The Secretary shall adopt rules necessary for implementation of this Section, which may include the imposition of administrative fines.

625 ILCS 5/5-401.3 — Scrap processors required to keep records

Sec. 5-401.3. Scrap processors required to keep records.

(a) Every person licensed or required to be licensed as a scrap processor pursuant to Section 5-301 of this Chapter shall maintain for 3 years, at his established place of business, the following records relating to the acquisition of recyclable metals or the acquisition of a vehicle, junk vehicle, or vehicle cowl which has been acquired for the purpose of processing into a form other than a vehicle, junk vehicle or vehicle cowl which is possessed in the State or brought into this State from another state, territory or country. No scrap metal processor shall sell a vehicle or essential part, as such, except for engines, transmissions, and powertrains, unless licensed to do so under another provision of this Code. A scrap processor who is additionally licensed as an automotive parts recycler shall not be subject to the record keeping requirements for a scrap processor when acting as an automotive parts recycler.

(1) For a vehicle, junk vehicle, or vehicle cowl acquired from a person who is licensed under this Chapter, the scrap processor shall record the name and address of the person, and the Illinois or out-of-state dealer license number of such person on the scrap processor's weight ticket at the time of the acquisition. The person disposing of the vehicle, junk vehicle, or vehicle cowl shall furnish the scrap processor with documentary proof of ownership of the vehicle, junk vehicle, or vehicle cowl in one of the following forms: a Certificate of Title, a Salvage Certificate, a Junking Certificate, a Secretary of State Junking Manifest, a Uniform Invoice, a Certificate of Purchase, or other similar documentary proof of ownership. The scrap processor shall not acquire a vehicle, junk vehicle or vehicle cowl without obtaining one of the aforementioned documentary proofs of ownership.

(2) For a vehicle, junk vehicle or vehicle cowl acquired from a person who is not licensed under this Chapter, the scrap processor shall verify and record that person's identity by recording the identification of such person from at least 2 sources of identification, one of which shall be a driver's license or State Identification Card, on the scrap processor's weight ticket at the time of the acquisition. The person disposing of the vehicle, junk vehicle, or vehicle cowl shall furnish the scrap processor with documentary proof of ownership of the vehicle, junk vehicle, or vehicle cowl in one of the following forms: a Certificate of Title, a Salvage Certificate, a Junking Certificate, a Secretary of State Junking Manifest, a Certificate of Purchase, or other similar documentary proof of ownership. The scrap processor shall not acquire a vehicle, junk vehicle or vehicle cowl without obtaining one of the aforementioned documentary proofs of ownership.

(3) In addition to the other information required on the scrap processor's weight ticket, a scrap processor who at the time of acquisition of a vehicle, junk vehicle, or vehicle cowl is furnished a Certificate of Title, Salvage Certificate or Certificate of Purchase shall record the Vehicle Identification Number on the weight ticket or affix a copy of the Certificate of Title, Salvage Certificate or Certificate of Purchase to the weight ticket and the identification of the person acquiring the information on the behalf of the scrap processor.

(4) The scrap processor shall maintain a copy of a Junk Vehicle Notification relating to any Certificate of Title, Salvage Certificate, Certificate of Purchase or similarly acceptable out-of-state document surrendered to the Secretary of State pursuant to the provisions of Section 3-117.2 of this Code.

(5) For recyclable metals valued at \$100 or more, the scrap processor shall, for each transaction, record the identity of the person from whom the recyclable metals were acquired by verifying the identification of that person from one source of identification, which shall be a valid driver's license or State Identification Card, on the scrap processor's weight ticket at the time of the acquisition and by making and recording a color photocopy or electronic scan of the driver's license or State Identification Card. Such information shall be available for inspection by any law enforcement official. If the person delivering the recyclable metal does not have a valid driver's license or State Identification Card, the scrap processor shall not complete the transaction. The inspection of records pertaining only to recyclable metals shall not be counted as an inspection of a premises for purposes of subparagraph

(7) of Section 5-403 of this Code. Every person licensed as a new vehicle dealer, as a used vehicle dealer, or as a motor vehicle financing affiliate shall issue a Uniform Invoice with respect to each transaction wherein he disposes of a vehicle, except that where, in the same transaction, a vehicle dealer transfers more than one vehicle to another vehicle dealer for the purpose of resale, such seller for resale may issue one Uniform Invoice to the purchaser covering all the vehicles involved in that transaction and may report the transfer of all the vehicles involved in that transaction to the Department on the same Uniform Invoice-transaction reporting return form. Every person licensed as a rebuilder shall likewise issue a Uniform Invoice with respect to each transaction wherein he disposes of a rebuilt or restored vehicle. Such Uniform Invoice shall be the same document as the transaction reporting return referred to in Section 3 of the Retailers' Occupation Tax Act. Such Uniform Invoice shall contain complete financial details of the transaction in such form as shall be prescribed by the Department of Revenue. Such Uniform Invoice shall include an affidavit by both the seller and the buyer that any trade-in title has been properly assigned from the buyer to the seller and that all information on the Uniform Invoice-transaction reporting return is true and accurate.

625 ILCS 5/5-402.1 — Use of Secretary of State Uniform Invoice for Essential Parts

Sec. 5-402.1. Use of Secretary of State Uniform Invoice for Essential Parts.

(a) Except for scrap processors, every person licensed or required to be licensed under Section 5-101, 5-101.1, 5-102, 5-102.8, or 5-301 of this Code shall issue, in a form the Secretary of State may by rule or regulation prescribe, a Uniform Invoice, which may also act as a bill of sale, with respect to each transaction in which he disposes of an essential part other than quarter panels and transmissions of vehicles of the first division. Such Invoice shall be made out at the time of the disposition of the essential part. If the licensee disposes of several essential parts in the same transaction, the licensee may issue one Uniform Invoice covering all essential parts disposed of in that transaction.

(b) The following information shall be contained on the Uniform Invoice:

- (1) the business name, address, and dealer license number of the person disposing of the essential part;
- (2) the name and address of the person acquiring the essential part, and if that person is a dealer, the Illinois or out-of-state dealer license number of that dealer;
- (3) the date of the disposition of the essential part;
- (4) the year, make, model, color, and description of each essential part disposed of by the person;
- (5) the manufacturer's vehicle identification number, Secretary of State identification number, or Illinois State Police identification number for each essential part disposed of by the person;
- (6) the printed name and legible signature of the person or agent disposing of the essential part; and
- (7) if the person is a dealer the printed name and legible signature of the dealer or his agent or employee accepting delivery of the essential part.

(c) Except for scrap processors, and except as set forth in subsection

(d) of this Section, whenever a person licensed or required to be licensed by Section 5-101, 5-101.1, 5-102, or 5-301 accepts delivery of an essential part, other than quarter panels and transmissions of vehicles of the first division, that person shall, at the time of the acceptance or delivery, comply with the following procedures:

(1) Before acquiring or accepting delivery of any essential part, the licensee or his authorized agent or employee shall inspect the part to determine whether the vehicle identification number, Secretary of State identification number, Illinois State Police identification number, or identification plate or sticker attached to or stamped on any part being acquired or delivered has been removed, falsified, altered, defaced, destroyed, or tampered with. If the licensee or his agent or employee determines that the vehicle identification number, Secretary of State identification number, Illinois State Police identification number, identification plate or identification sticker containing an identification number, or Federal Certificate label of an essential part has been removed, falsified, altered, defaced, destroyed, or tampered with, the licensee or agent shall not accept or receive that part. If that part was physically acquired by or delivered to a licensee or his agent or employee while that licensee, agent, or employee was outside this State, that licensee or agent or employee shall not bring that essential part into this State or cause it to be brought into this State.

(2) If the person disposing of or delivering the essential part to the licensee is a licensed in-state or out-of-state dealer, the licensee or his agent or employee, after inspecting the essential part as required by paragraph

(1) of this subsection (c), shall examine the Uniform Invoice, or bill of sale, as the case may be, to ensure that it contains all the information required to be provided by persons disposing of essential parts as set forth in subsection

(b) of this Section. If the Uniform Invoice or bill of sale does not contain all the information required to be listed by subsection

(b) of this Section, the dealer disposing of or delivering such part or his agent or employee shall record such additional information or other needed modifications on the Uniform Invoice or bill of sale or, if needed, an attachment thereto. The dealer or his agent or employee delivering the essential part shall initial all additions or modifications to the Uniform Invoice or bill of sale and legibly print his name at the bottom of each document containing his initials. If the transaction involves a bill of sale rather than a Uniform Invoice, the licensee or his agent or employee accepting delivery of or acquiring the essential part shall affix his printed name and legible signature on the space on the bill of sale provided for his signature or, if no space is provided, on the back of the bill of sale. If the dealer or his agent or employee disposing of or delivering the essential part cannot or does not provide all the information required by subsection

(b) of this Section, the licensee or his agent or employee shall not accept or receive any essential part for which that required information is not provided. If such essential part for which the information required is not fully provided was physically acquired while the licensee or his agent or employee was outside this State, the licensee or his agent or employee shall not bring that essential part into this State or cause it to be brought into this State.

(3) If the person disposing of the essential part is not a licensed dealer, the licensee or his agent or employee shall, after inspecting the essential part as required by paragraph

(1) of subsection

(c) of this Section verify the identity of the person disposing of the essential part by examining 2 sources of identification, one of which shall be either a driver's license or state identification card. The licensee or his agent or employee shall then prepare a Uniform Invoice listing all the information required to be provided by subsection

(b) of this Section. In the space on the Uniform Invoice provided for the dealer license number of the person disposing of the part, the licensee or his agent or employee shall list the numbers taken from the documents of identification provided by the person disposing of the part. The person disposing of the part shall affix his printed name and legible signature on the space on the Uniform Invoice provided for the person disposing of the essential part and the licensee or his agent or employee acquiring the part shall affix his printed name and legible signature on the space provided on the Uniform Invoice for the person acquiring the essential part. If the person disposing of the essential part cannot or does not provide all the information required to be provided by this paragraph, or does not present 2 satisfactory forms of identification, the licensee or his agent or employee shall not acquire that essential part.

(d) If an essential part other than quarter panels and transmissions of vehicles of the first division was delivered by a licensed commercial delivery service delivering such part on behalf of a licensed dealer, the person required to comply with subsection

(c) of this Section may conduct the inspection of that part required by paragraph

(1) of subsection

(c) and examination of the Uniform Invoice or bill of sale required by paragraph

(2) of subsection

(c) of this Section immediately after the acceptance of the part.

(1) If the inspection of the essential part pursuant to paragraph

(1) of subsection

(c) reveals that the vehicle identification number, Secretary of State identification number, Illinois State Police identification number, identification plate or sticker containing an identification number, or Federal Certificate label of an essential part has been removed, falsified, altered, defaced, destroyed, or tampered with, the licensee or his agent shall immediately record such fact on the Uniform Invoice or bill of sale, assign the part an inventory or stock number, place such inventory or stock number on both the essential part and the Uniform Invoice or bill of sale, and record the date of the inspection of the part on the Uniform Invoice or bill of sale. The licensee shall, within 7 days of such inspection, return such part to the dealer from whom it was acquired.

(2) If the examination of the Uniform Invoice or bill of sale pursuant to paragraph

(2) of subsection

(c) reveals that any of the information required to be listed by subsection

(b) of this Section is missing, the licensee or person required to be licensed shall immediately assign a stock or inventory number to such part, place such stock or inventory number on both the essential part and the Uniform Invoice or bill of sale, and record the date of examination on the Uniform Invoice or bill of sale. The licensee or person required to be licensed shall acquire the information missing from the Uniform Invoice or bill of sale within 7 days of the examination of such Uniform Invoice or bill of sale. Such information may be received by telephone conversation with the dealer from whom the part was acquired. If the dealer provides the missing information the licensee shall record such information on the Uniform Invoice or bill of sale along with the name of the person providing the information. If the dealer does not provide the required information within the aforementioned 7-day period, the licensee shall return the part to that dealer.

(e) Except for scrap processors, all persons licensed or required to be licensed who acquire or dispose of essential parts other than quarter panels and transmissions of vehicles of the first division shall retain a copy of the Uniform Invoice required to be made by subsections (a), (b), and

(c) of this Section for a period of 3 years.

(f) Except for scrap processors, any person licensed or required to be licensed under Section 5-101, 5-102, or 5-301 who knowingly fails to record on a Uniform Invoice any of the information or entries required to be recorded by subsections (a), (b), and

(c) of this Section, or who knowingly places false entries or other misleading information on such Uniform Invoice, or who knowingly fails to retain for 3 years a copy of a Uniform Invoice reflecting transactions required to be recorded by subsections (a), (b), and

(c) of this Section, or who knowingly acquires or disposes of essential parts without receiving, issuing, or executing a Uniform Invoice reflecting that transaction as required by subsections (a), (b), and

(c) of this Section, or who brings or causes to be brought into this State essential parts for which the information required to be recorded on a Uniform Invoice is not recorded as prohibited by subsection

(c) of this Section, or who knowingly fails to comply with the provisions of this Section in any other manner shall be guilty of a Class 2 felony. Each violation shall constitute a separate and distinct offense and a separate count may be brought in the same indictment or information for each essential part for which a record was not kept as required by this Section or for which the person failed to comply with other provisions of this Section.

(g) The records required to be kept by this Section may be examined by a person or persons making a lawful inspection of the licensee's premises pursuant to Section 5-403.

(h) The records required to be kept by this Section shall be retained by the licensee at his principal place of business for a period of 3 years.

(i) The requirements of this Section shall not apply to the disposition of an essential part other than a cowl which has been damaged or altered to a state in which it can no longer be returned to a usable condition and which is being sold or transferred to a scrap processor or for delivery to a scrap processor.

625 ILCS 5/6-103.1 — New residents; out-of-state revocation

Sec. 6-103.1. New residents; out-of-state revocation.

(a) The Secretary of State may not issue a driver's license to a nonresident who becomes a resident of this State while the new resident's driving privileges are revoked, under terms similar to those provided in Section 1-176 of this Code, in another state; however, if the person has resided in this State for 10 or more consecutive years prior to submitting an application, that person may apply for licensure under Section 6-208 of this Code if:

(1) the laws of the revoking state would allow the person to apply for licensure in that state;

(2) the person qualifies to apply for licensure under Section 6-208;

(3) the out-of-state revocation is the only revocation of driving privileges for the person;

(4) the person has not had any driving offenses since the revocation, and the revocation is the only loss of the person's driving privileges in any jurisdiction; and

(5) the person complies with the requirements of Title 92, Sections 1001.430 and 1001.440 of the Illinois Administrative Code concerning the General Provisions for Reinstatement of Driving Privileges After Revocation and the Provisions for Alcohol and Drug Related Revocations, Suspensions, and Cancellations.

(b) The Secretary may issue restricted driving permits to new residents whose driving privileges are revoked in another state. These permits must be issued according to the restrictions, and for the purposes, stated in Sections 6-205 and 6-206 of this Code. The Secretary shall adopt rules for the issuance of these permits.

(c) A restricted driving permit issued under this Section is subject to cancellation, revocation, and suspension by the Secretary of State in the same manner and for the same causes as a driver's license issued under this Code may be cancelled, revoked, or suspended, except that a conviction of one or more offenses against laws or ordinances regulating the movement of traffic is sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit.

625 ILCS 5/6-104 — Classification of Driver - Special Restrictions

Sec. 6-104. Classification of Driver - Special Restrictions.

(a) A driver's license issued under the authority of this Act shall indicate the classification for which the applicant therefor has qualified by examination or by such other means that the Secretary of State shall prescribe. Driver's license classifications shall be prescribed by rule or regulation promulgated by the Secretary of State and such may specify classifications as to operation of motor vehicles of the first division, or of those of the second division, whether operated singly or in lawful combination, and whether for-hire or not-for-hire, and may specify such other classifications as the Secretary deems necessary. No person shall operate a motor vehicle unless such person has a valid license with a proper classification to permit the operation of such vehicle, except that any person may operate a moped if such person has a valid current Illinois driver's license, regardless of classification. Notwithstanding any other provision of this Code or any rule adopted under this Code, a nonresident who is employed as a public safety worker, as defined in Section 6-117.2, may operate in this State an authorized emergency vehicle, as defined in Section 1-105, if the nonresident possesses the license class required by the nonresident's state of residence to operate similar equipment.

(b) No person who is under the age of 21 years or has had less than 1 year of driving experience shall drive:

(1) in connection with the operation of any school, day camp, summer camp, or nursery school, any public or private motor vehicle for transporting children to or from any school, day camp, summer camp, or nursery school, or

(2) any motor vehicle of the second division when in use for the transportation of persons for compensation.

(c) No person who is under the age of 18 years shall be issued a license for the purpose of transporting property for hire, or for the purpose of transporting persons for compensation in a motor vehicle of the first division.

(d) No person shall drive:

(2) any other vehicle owned or operated by or for a public or private school, or a school operated by a religious institution, where such vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as a student in grade 12 or below, in connection with any activity of the entities unless such person possesses a valid school bus driver permit. (d-5) No person may drive a bus that does not meet the special requirements for school buses provided in

Sections 12-801, 12-802, 12-803, and 12-805 of this Code that has been chartered for the sole purpose of transporting students regularly enrolled in grade 12 or below to or from interscholastic athletic or interscholastic or school sponsored activities unless the person has a valid and properly classified commercial driver's license as provided in subsection (c-1) of Section 6-508 of this Code in addition to any other permit or license that is required to operate that bus. This subsection (d-5) does not apply to any bus driver employed by a public transportation provider authorized to conduct local or interurban transportation of passengers when the bus is not traveling a specific school bus route but is on a regularly scheduled route for the transporting of other fare paying passengers. A person may operate a chartered bus described in this subsection (d-5) if he or she is not disqualified from driving a chartered bus of that type and if he or she holds a CDL that is:

(1) issued to him or her by any other state or jurisdiction in accordance with 49 CFR 383;

(2) not suspended, revoked, or canceled; and

(3) valid under 49 CFR 383, subpart F, for the type of vehicle being driven. A person may also operate a chartered bus described in this subsection (d-5) if he or she holds a valid CDL and a valid school bus driver permit that was issued on or before December 31, 2003.

(e) No person shall drive a religious organization bus unless such person has a valid and properly classified drivers license or a valid school bus driver permit.

(f) No person shall drive a motor vehicle for the purpose of providing transportation for the elderly in connection with the activities of any public or private organization unless such person has a valid and properly classified driver's license issued by the Secretary of State.

(g) No person shall drive a bus which meets the special requirements for school buses provided in Section 12-801, 12-802, 12-803 and 12-805 of this Code for the purpose of transporting persons 18 years of age or less in connection with any youth camp licensed under the Youth Camp Act or any child care facility licensed under the Child Care Act of 1969 unless such person possesses a valid school bus driver permit or is accompanied and supervised, for the specific

purpose of training prior to routine operation of a school bus, by a person who has held a valid school bus driver permit for at least one year; however, a person who has a valid and properly classified driver's license issued by the Secretary of State may operate a school bus for the purpose of transporting persons 18 years of age or less in connection with any such youth camp or child care facility if the "SCHOOL BUS" signs are covered or concealed and the stop signal arm and flashing signal systems are not operable through normal controls.

(h) No person shall operate an autocycle unless he or she has a valid Class D driver's license.

(Blank).

(b) (Blank).

(c) The Secretary of State may issue a temporary driver's license to an applicant for a license permitting the operation of a motor vehicle while the Secretary is completing an investigation and determination of all facts relative to such applicant's eligibility to receive such license, or for any other reason prescribed by rule or regulation promulgated by the Secretary of State. Such permit must be in the applicant's immediate possession while operating a motor vehicle, and it shall be invalid when the applicant's driver's license has been issued or for good cause has been refused. In each case the Secretary of State may issue the temporary driver's license for such period as appropriate but in no event for longer than 90 days. The Secretary may issue such additional temporary driver's licenses to an applicant as are necessary to allow the applicant to drive during the pendency of the investigation, valid for such a period as is appropriate, but in no event for longer than 90 days each.

(a-10) Applicants for a temporary visitor's driver's license who are under 18 years of age at the time of application shall be subject to the provisions of Sections 6-107 and 6-108 of this Code.

(b) A temporary visitor's driver's license issued under subsection

A temporary visitor's driver's license issued under subsection (a-5) shall be valid for a period of 3 years. (b-5) A temporary visitor's driver's license issued under this Section may not be accepted for proof of the holder's identity. A temporary visitor's driver's license issued under this Section shall contain a notice on its face, in capitalized letters, stating that the temporary visitor's driver's license may not be accepted for proof of identity.

(c) The Secretary shall adopt rules for implementing this Section, including rules:

- (4) regarding the issuance of temporary visitor's instruction permits.

(d) Any person to whom the Secretary of State may issue a temporary visitor's driver's license shall be subject to any and all provisions of this Code and any and all implementing regulations issued by the Secretary of State to the same extent as any person issued a driver's license, unless otherwise provided in this Code or by administrative rule, including but not limited to the examination requirements in Section 6-109 as well as the mandatory insurance requirements and penalties set forth in Article VI of Chapter 7 of this Code. (d-5) A temporary visitor's driver's license is invalid if the holder is unable to provide proof of liability insurance as required by Section 7-601 of this Code upon the request of a law enforcement officer, in which case the holder commits a violation of Section 6-101 of this Code.

(e) Temporary visitor's driver's licenses shall be issued from a central location after the Secretary of State has verified the information provided by the applicant.

(f) There is created in the State treasury a special fund to be known as the DMV Transformation Fund. All fees collected for the issuance of temporary visitor's driver's licenses shall be deposited into the Fund. These funds shall, subject to appropriation, be used by the Office of the Secretary of State for operational costs, including, but not limited to, personnel, facilities, computer programming, and data transmission.

(g) No temporary visitor's driver's licenses shall be issued after the effective date of this amendatory Act of the 103rd General Assembly.

(a) Every application for any permit or license authorized to be issued under this Code shall be made upon a form furnished by the Secretary of State. Every application shall be accompanied by the proper fee and payment of such fee shall entitle the applicant to not more than 3 attempts to pass the examination within a period of one year after the date of application.

(b) Every application shall state the legal name, zip code, date of birth, sex, and residence address of the applicant; briefly describe the applicant; state whether the applicant has theretofore been licensed as a driver, and, if so, when and by what state or country, and whether any such license has ever been canceled, suspended, revoked or refused, and, if so, the date and reason for such cancellation, suspension, revocation or refusal; shall include an affirmation by the applicant that all information set forth is true and correct; and shall bear the applicant's signature. In addition to the residence address, the Secretary may allow the applicant to provide a mailing address. In the case of an applicant who is a judicial officer, public official, or peace officer, the Secretary may allow the applicant to provide an office or work address in lieu of a residence or mailing address. The application form may also require the statement of such additional relevant information as the Secretary of State shall deem necessary to determine the applicant's competency and eligibility. The Secretary of State may, in his discretion, by rule or regulation, provide that an application for a drivers license or permit may include a suitable photograph of the applicant in the form prescribed by the Secretary, and he may further provide that each drivers license shall include a photograph of the driver. The Secretary of State may utilize a photograph process or system most suitable to deter alteration or improper reproduction of a drivers license and to prevent substitution of another photo thereon. For the purposes of this subsection (b): "Peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations. "Public official" has the meaning given in Section 10 of the Public Official Safety and Privacy Act. (b-1) Every application shall state the social security number of the applicant; except if the applicant is applying for a standard driver's license and, on the date of application, is ineligible for a social security number, then:

(b-3) Upon the first issuance of a request for proposals for a digital driver's license and identification card issuance and facial recognition system issued after January 1, 2020 (the effective date of Public Act 101-513), and upon implementation of a new or revised system procured pursuant to that request for proposals, the Secretary shall permit applicants to choose between "male", "female" or "non-binary" when designating the applicant's sex on the driver's license application form. The sex designated by the applicant shall be displayed on the driver's license issued to the applicant. (b-5) Every applicant for a REAL ID compliant driver's license or permit shall provide proof of lawful status in the United States as defined in 6 CFR 37.3, as amended.

(c) The application form shall include a notice to the applicant of the registration obligations of sex offenders under the Sex Offender Registration Act. The notice shall be provided in a form and manner prescribed by the Secretary of State. For purposes of this subsection (c), "sex offender" has the meaning ascribed to it in Section 2 of the Sex Offender Registration Act.

(d) Any male United States citizen or immigrant who applies for any permit or license authorized to be issued under this Code or for a renewal of any permit or license, and who is at least 18 years of age but less than 26 years of age, must be registered in compliance with the requirements of the federal Military Selective Service Act. The Secretary of State must forward in an electronic format the necessary personal information regarding the applicants identified in this subsection

(d) to the Selective Service System. The applicant's signature on the application serves as an indication that the applicant either has already registered with the Selective Service System or that he is authorizing the Secretary to forward to the Selective Service System the necessary information for registration. The Secretary must notify the applicant at the time of application that his signature constitutes consent to registration with the Selective Service System, if he is not already registered.

(e) Beginning on or before July 1, 2015, for each original or renewal driver's license application under this Code, the Secretary shall inquire as to whether the applicant is a veteran for purposes of issuing a driver's license with a veteran designation under subsection (e-5) of Section 6-110 of this Code. The acceptable forms of proof shall include, but are not limited to, Department of Defense form DD-214, Department of Defense form DD-256 for applicants who did not receive a form DD-214 upon the completion of initial basic training, Department of Defense form DD-2 (Retired), an identification card issued under the federal Veterans Identification Card Act of 2015, or a United States Department of Veterans Affairs summary of benefits letter. If the document cannot be stamped, the Illinois Department of Veterans Affairs shall provide a certificate to the veteran to provide to the Secretary of State. The Illinois Department of Veterans Affairs shall advise the Secretary as to what other forms of proof of a person's status as a veteran are acceptable. For each applicant who is issued a driver's license with a veteran designation, the Secretary shall provide the Department of Veterans Affairs with the applicant's name, address, date of birth, gender and such other demographic information as agreed to by the Secretary and the Department. The Department may take steps necessary to confirm the applicant is a veteran. If after due diligence, including writing to the applicant at the address provided by the Secretary, the Department is unable to verify the applicant's veteran status, the Department shall inform the Secretary, who shall notify the applicant that he or she must confirm status as a veteran, or the driver's license will be canceled. For purposes of this subsection (e): "Armed forces" means any of the Armed Forces of the United States, including a member of any reserve component or National Guard unit. "Veteran" means a person who has served in the armed forces and was discharged or separated under honorable conditions.

(f) An applicant who is eligible for Gold Star license plates under Section 3-664 of this Code may apply for an original or renewal driver's license with space for a designation as a Gold Star Family. The Secretary may waive any fee for this application. If the Secretary does not waive the fee, any fee charged to the applicant must be deposited into the Illinois Veterans Assistance Fund. The Secretary is authorized to issue rules to implement this subsection.

A school bus contractor who violates a provision of this Section is subject to the penalties defined in Section 6-106.11. All valid school bus driver permits issued under this Section prior to January 1, 1995, shall remain effective until their expiration date unless otherwise invalidated.

(h) When a school bus driver permit holder who is a service member is called to active duty, the employer of the permit holder shall notify the Secretary of State, within 30 days of notification from the permit holder, that the permit holder has been called to active duty. Upon notification pursuant to this subsection,

(i) the Secretary of State shall characterize the permit as inactive until a permit holder renews the permit as provided in subsection

(i) of this Section, and (ii) if a permit holder fails to comply with the requirements of this Section while called to active duty, the Secretary of State shall not characterize the permit as invalid.

(i) A school bus driver permit holder who is a service member returning from active duty must, within 90 days, renew a permit characterized as inactive pursuant to subsection

(h) of this Section by complying with the renewal requirements of subsection

(b) of this Section.

(j) For purposes of subsections

(h) and

(i) of this Section: "Active duty" means active duty pursuant to an executive order of the President of the United States, an act of the Congress of the United States, or an order of the Governor. "Service member" means a member of the Armed Services or reserve forces of the United States or a member of the Illinois National Guard.

(k) A private carrier employer of a school bus driver permit holder, having satisfied the employer requirements of this Section, shall be held to a standard of ordinary care for intentional acts committed in the course of employment by the bus driver permit holder. This subsection

(k) shall in no way limit the liability of the private carrier employer for violation of any provision of this Section or for the negligent hiring or retention of a school bus driver permit holder.

625 ILCS 5/6-106.1a — Cancellation of school bus driver permit; trace of alcohol

Sec. 6-106.1a. Cancellation of school bus driver permit; trace of alcohol.

(a) A person who has been issued a school bus driver permit by the Secretary of State in accordance with Section 6-106.1 of this Code and who drives or is in actual physical control of a school bus or any other vehicle owned or operated by or for a public or private school, or a school operated by a religious institution, when the vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as students in grade 12 or below, in connection with any activity of the entities listed, upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, other bodily substance, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of this Code or

a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine or other bodily substance test may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph

(a) of this Section and the test or tests may be administered subject to the following provisions:

(1) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the provisions of this Section, shall have been performed according to standards promulgated by the Illinois State Police by an individual possessing a valid permit issued by the Illinois State Police for this purpose. The Director of the Illinois State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of the Illinois State Police, and to certify the accuracy of breath testing equipment. The Illinois State Police shall prescribe rules as necessary.

(2) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content. This limitation does not apply to the taking of breath, other bodily substance, or urine specimens.

(3) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The test administered at the request of the person may be admissible into evidence at a hearing conducted in accordance with Section 2-118 of this Code. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

(4) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person's attorney by the requesting law enforcement agency within 72 hours of receipt of the test result.

(5) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(6) If a driver is receiving medical treatment as a result of a motor vehicle crash, a physician licensed to practice medicine, licensed physician assistant, licensed advanced practice registered nurse, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided in this Section shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person's privilege to possess a school bus driver permit. The loss of the individual's privilege to possess a school bus driver permit shall be imposed in accordance with Section 6-106.1b of this Code. A person requested to submit to a test under this Section shall also acknowledge, in writing, receipt of the warning required under this subsection (c). If the person refuses to acknowledge receipt of the warning, the law enforcement officer shall make a written notation on the warning that the person refused to sign the warning. A person's refusal to sign the warning shall not be evidence that the person was not read the warning.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State certifying that the test or tests were requested under subsection

(a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit the same sworn report when a person who has been issued a school bus driver permit and who was operating a school bus or any other vehicle owned or operated by or for a public or

private school, or a school operated by a religious institution, when the vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as students in grade 12 or below, in connection with any activity of the entities listed, submits to testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than the alcohol concentration at which driving or being in actual physical control of a motor vehicle is prohibited under paragraph

(1) of subsection

(a) of Section 11-501. Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the school bus driver permit sanction on the individual's driving record and the sanction shall be effective on the 46th day following the date notice of the sanction was given to the person. The law enforcement officer submitting the sworn report shall serve immediate notice of this school bus driver permit sanction on the person and the sanction shall be effective on the 46th day following the date notice was given. In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood, other bodily substance, or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his or her last known address and the loss of the school bus driver permit shall be effective on the 46th day following the date notice was given. Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the school bus driver permit sanction to the driver and the driver's current employer by mailing a notice of the effective date of the sanction to the individual. However, shall the sworn report be defective by not containing sufficient information or be completed in error, the notice of the school bus driver permit sanction may not be mailed to the person or his current employer or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this school bus driver permit sanction by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

(1) whether the police officer had probable cause to believe that the person was driving or in actual physical control of a school bus or any other vehicle owned or operated by or for a public or private school, or a school operated by a religious institution, when the vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as students in grade 12 or below, in connection with any activity of the entities listed, upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of this Code or a similar provision of a local ordinance; and

(2) whether the person was issued a Uniform Traffic Ticket for any violation of this Code or a similar provision of a local ordinance; and

(3) whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

(4) whether the person, after being advised by the officer that the privilege to possess a school bus driver permit would be canceled if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

(5) whether the person, after being advised by the officer that the privileges to possess a school bus driver permit would be canceled if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00 and the person did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(6) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol in the performance of a religious service or ceremony; and

(7) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol through ingestion of the prescribed or recommended dosage of medicine. The Secretary of State may adopt administrative rules setting forth circumstances under which the holder of a school bus driver permit is not required to appear in person at the hearing. Provided that the petitioner may subpoena the officer, the hearing may be conducted

upon a review of the law enforcement officer's own official reports. Failure of the officer to answer the subpoena shall be grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the school bus driver permit sanction.

(f) The results of any chemical testing performed in accordance with subsection

(a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension or revocation of driving privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension or revocation.

(g) This Section applies only to drivers who have been issued a school bus driver permit in accordance with Section 6-106.1 of this Code at the time of the issuance of the Uniform Traffic Ticket for a violation of this Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, canceling, or denying any license, permit, registration, or certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

625 ILCS 5/6-106.1b — Loss of school bus driver permit privileges; failure or refusal to submit to chemical testing

Sec. 6-106.1b. Loss of school bus driver permit privileges; failure or refusal to submit to chemical testing. Unless the loss of school bus driver permit privileges based upon consumption of alcohol by an individual who has been issued a school bus driver permit in accordance with Section 6-106.1 of this Code or refusal to submit to testing has been rescinded by the Secretary of State in accordance with subsection

(c) of Section 6-206 of this Code, a person whose privilege to possess a school bus driver permit has been canceled under Section 6-106.1a is not eligible for restoration of the privilege until the expiration of 3 years from the effective date of the cancellation for a person who has refused or failed to complete a test or tests to determine blood alcohol concentration or has submitted to testing with a blood alcohol concentration of more than 0.00.

The notification to the Secretary must be submitted within 48 hours of the refusal of testing or the employer's receipt of the test results.

The employer shall notify the Secretary, in a manner and form prescribed by the Secretary, of the result of a reasonable suspicion test when:

The notification to the Secretary must be submitted within 48 hours of the refusal of testing or the employer's receipt of the test results.

(c) The Secretary of State may adopt rules to implement this Section.

(d) The cost of a reasonable suspicion test shall be the responsibility of the employer, unless otherwise provided by contract or a collective bargaining agreement.

The written consent must accompany any application for a driver's license under this subsection (b), regardless of whether or not the required written consent also accompanied the person's previous application for an instruction permit. The Secretary shall adopt rules for implementing this subsection (b-1).

For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of such an offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that the offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such.

(d) No graduated driver's license shall be issued for 9 months to any applicant under the age of 18 years who has committed and subsequently been convicted of an offense against traffic regulations governing the movement of vehicles, any violation of this Section or Section 12-603.1 of this Code, or who has received a disposition of court supervision for a violation of Section 6-20 of the Illinois Liquor Control Act of 1934 or a similar provision of a local ordinance.

If a graduated driver's license holder over the age of 18 committed an offense against traffic regulations governing the movement of vehicles or any violation of this Section or Section 12-603.1 of this Code in the 6 months prior to the graduated driver's

license holder's 18th birthday, and was subsequently convicted of the violation, the provisions of this paragraph shall continue to apply until such time as a period of 6 consecutive months has elapsed without an additional violation and subsequent conviction of an offense against traffic regulations governing the movement of vehicles or any violation of this Section or Section 12-603.1 of this Code.

(f) (Blank).

(g) If a graduated driver's license holder is under the age of 18 when he or she receives the license, for the first 12 months he or she holds the license or until he or she reaches the age of 18, whichever occurs sooner, the graduated license holder may not operate a motor vehicle with more than one passenger in the vehicle who is under the age of 20, unless any additional passenger or passengers are siblings, step-siblings, children, or stepchildren of the driver. If a graduated driver's license holder committed an offense against traffic regulations governing the movement of vehicles or any violation of this Section or Section 12-603.1 of this Code during the first 12 months the license is held and subsequently is convicted of the violation, the provisions of this paragraph shall remain in effect until such time as a period of 6 consecutive months has elapsed without an additional violation and subsequent conviction of an offense against traffic regulations governing the movement of vehicles or any violation of this Section or Section 12-603.1 of this Code.

(h) It shall be an offense for a person that is age 15, but under age 20, to be a passenger in a vehicle operated by a driver holding a graduated driver's license during the first 12 months the driver holds the license or until the driver reaches the age of 18, whichever occurs sooner, if another passenger under the age of 20 is present, excluding a sibling, step-sibling, child, or step-child of the driver.

(i) No graduated driver's license shall be issued to any applicant under the age of 18 years if the applicant has been issued a traffic citation for which a disposition has not been rendered at the time of application.

- (c) Any person under the age of 16 years who possesses an instruction permit and whose driving privileges have been suspended or revoked under the provisions of this Code shall not be granted a Family Financial Responsibility Driving Permit or a Restricted Driving Permit.

625 ILCS 5/6-107.2 — Rules for graduated licenses

Sec. 6-107.2. Rules for graduated licenses. The Secretary of State, using the authority to license motor vehicle operators, may adopt such rules as may be necessary to establish standards, policies, and procedures for graduated licenses.

625 ILCS 5/6-107.3 — Distinct nature of driver's license dependent on age

Sec. 6-107.3. Distinct nature of driver's license dependent on age. The Secretary of State shall provide that each graduated driver's license and each regular driver's license issued to individuals under 21 years of age shall be of a distinct nature from those driver's licenses issued to individuals 21 years of age and older. The colors designated for the graduated driver's license and regular driver's license shall be at the discretion of the Secretary of State.

625 ILCS 5/6-107.4 — Temporary driver's license; applicant under 18

Sec. 6-107.4. Temporary driver's license; applicant under 18. The Secretary of State may issue a temporary driver's license to an applicant under the age of 18 permitting the operation of a motor vehicle when the Secretary of State is unable to produce a driver's license due to an equipment or computer program failure or lack of necessary equipment, if the applicant is not otherwise ineligible for a driver's license and has met all the requirements of Section 6-107. The temporary driver's license must be in the applicant's immediate possession while he or she is operating a motor vehicle. The temporary license is invalid if the applicant's driver's license has been issued or for good cause has been refused. The Secretary of State may issue this temporary driver's license for any appropriate period not exceeding 30 days.

625 ILCS 5/6-107.5 — Adult Driver Education Course

Sec. 6-107.5. Adult Driver Education Course.

- (a) The Secretary shall establish by rule the curriculum and designate the materials to be used in an adult driver education course. The course shall be at least 6 hours in length and shall include instruction on traffic laws; highway signs, signals, and markings that regulate, warn, or direct traffic; issues commonly associated with motor vehicle crashes including poor decision-making, risk taking, impaired driving, distraction, speed, failure to use a safety belt, driving at night, failure to yield the right-of-way, texting while driving, using wireless communication devices, and alcohol and drug awareness; and instruction on law enforcement procedures during traffic stops, including actions that a motorist should take during a traffic stop and appropriate interactions with law enforcement officers. The curriculum shall not require the operation of a motor vehicle.
- (b) The Secretary shall certify course providers. The requirements to be a certified course provider, the process for applying for certification, and the procedure for decertifying a course provider shall be established by rule. (b-5) In order to qualify for certification as an adult driver education course provider, each applicant must authorize an investigation that

includes a fingerprint-based background check to determine if the applicant has ever been convicted of a criminal offense and, if so, the disposition of any conviction. This authorization shall indicate the scope of the inquiry and the agencies that may be contacted. Upon receiving this authorization, the Secretary of State may request and receive information and assistance from any federal, State, or local governmental agency as part of the authorized investigation. Each applicant shall submit his or her fingerprints to the Illinois State Police in the form and manner prescribed by the Illinois State Police. These fingerprints shall be checked against fingerprint records now and hereafter filed in the Illinois State Police and Federal Bureau of Investigation criminal history record databases. The Illinois State Police shall charge applicants a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the State and national criminal history record check. The Illinois State Police shall furnish, pursuant to positive identification, records of Illinois criminal convictions to the Secretary and shall forward the national criminal history record information to the Secretary. Applicants shall pay any other fingerprint-related fees. Unless otherwise prohibited by law, the information derived from the investigation, including the source of the information and any conclusions or recommendations derived from the information by the Secretary of State, shall be provided to the applicant upon request to the Secretary of State prior to any final action by the Secretary of State on the application. Any criminal conviction information obtained by the Secretary of State shall be confidential and may not be transmitted outside the Office of the Secretary of State, except as required by this subsection (b-5), and may not be transmitted to anyone within the Office of the Secretary of State except as needed for the purpose of evaluating the applicant. At any administrative hearing held under Section 2-118 of this Code relating to the denial, cancellation, suspension, or revocation of certification of an adult driver education course provider, the Secretary of State may utilize at that hearing any criminal history, criminal conviction, and disposition information obtained under this subsection (b-5). The information obtained from the investigation may be maintained by the Secretary of State or any agency to which the information was transmitted. Only information and standards which bear a reasonable and rational relation to the performance of providing adult driver education shall be used by the Secretary of State. Any employee of the Secretary of State who gives or causes to be given away any confidential information concerning any criminal convictions or disposition of criminal convictions of an applicant shall be guilty of a Class A misdemeanor unless release of the information is authorized by this Section.

(c) The Secretary may permit a course provider to offer the course online, if the Secretary is satisfied the course provider has established adequate procedures for verifying:

- (1) the identity of the person taking the course online; and
- (2) the person completes the entire course.

(d) The Secretary shall establish a method of electronic verification of a student's successful completion of the course.

(e) The fee charged by the course provider must bear a reasonable relationship to the cost of the course. The Secretary shall post on the Secretary of State's website a list of approved course providers, the fees charged by the providers, and contact information for each provider.

(f) In addition to any other fee charged by the course provider, the course provider shall collect a fee of \$5 from each student to offset the costs incurred by the Secretary in administering this program. The \$5 shall be submitted to the Secretary within 14 days of the day on which it was collected. All such fees received by the Secretary shall be deposited in the DMV Transformation Fund.

625 ILCS 5/6-108 — Cancellation of license issued to minor

Sec. 6-108. Cancellation of license issued to minor.

(a) The Secretary of State shall cancel the license or permit of any minor under the age of 18 years in any of the following events: 1. Upon the verified written request of the person who consented to the application of the minor that the license or permit be cancelled; 2. Upon receipt of satisfactory evidence of the death of the person who consented to the application of the minor; 3. Upon receipt of satisfactory evidence that the person who consented to the application of a minor no longer has legal custody of the minor; 4. Upon receipt of information, submitted on a form prescribed by the Secretary of State under Section 26-3a of the School Code and provided voluntarily by nonpublic schools, that a license-holding minor no longer meets the school attendance requirements defined in Section 6-107 of this Code. A minor who provides proof acceptable to the Secretary that the minor has resumed regular school attendance or home instruction or that his or her license or permit was cancelled in error shall have his or her license reinstated. The Secretary shall adopt rules for implementing this subdivision (a)4; 5. Upon determination by the Secretary that at the time of license issuance, the minor

held an instruction permit and had a traffic citation for which a disposition had not been rendered. After cancellation, the Secretary of State shall not issue a new license or permit until the applicant meets the provisions of Section 6-107 of this Code.

(b) The Secretary of State shall cancel the license or permit of any person under the age of 18 years if he or she is convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act while that person was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation or until the minor attains the age of 18 years, whichever is longer. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the person's residence and person's place of employment or within the scope of the person's employment related duties, or to allow transportation for the person or a household member of the person's family for the receipt of necessary medical care or, if the professional evaluation indicates, provide transportation for the petitioner for alcohol remedial or rehabilitative activity, or for the person to attend classes, as a student, in an accredited educational institution; if the person is able to demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue a restricted driving permit for a period as he deems appropriate, except that the permit shall expire no later than 2 years from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. Thereafter, upon reapplication for a license as provided in Section 6-106 of this Code or a permit as provided in Section 6-105 of this Code and upon payment of the appropriate application fee, the Secretary of State shall issue the applicant a license as provided in Section 6-106 of this Code or shall issue the applicant a permit as provided in Section 6-105.

625 ILCS 5/6-108.1 — Notice to Secretary; denial of license; persons under 18

Sec. 6-108.1. Notice to Secretary; denial of license; persons under 18.

(a) The State's Attorney must notify the Secretary of the charges pending against any person younger than 18 years of age who has been charged with a violation of this Code, the Criminal Code of 2012, or the Criminal Code of 1961 arising out of a crash in which the person was involved as a driver and that caused the death of or a type A injury to another person. A "type A injury" includes severely bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene. The State's Attorney must notify the Secretary on a form prescribed by the Secretary.

(b) The Secretary, upon receiving notification from the State's Attorney, may deny any driver's license to any person younger than 18 years of age against whom the charges are pending.

(c) The State's Attorney must notify the Secretary of the final disposition of the case of any person who has been denied a driver's license under subsection (b).

(d) The Secretary must adopt rules for implementing this Section.

625 ILCS 5/6-109 — Examination of applicants

Sec. 6-109. Examination of applicants.

(a) The Secretary of State shall examine every applicant for a driver's license or permit who has not been previously licensed as a driver under the laws of this State or any other state or country, or any applicant for renewal of such driver's license or permit when such license or permit has been expired for more than one year. The Secretary of State shall, subject to the provisions of paragraph (c), examine every licensed driver at least every 8 years, and may examine or

re-examine any other applicant or licensed driver, provided that during the years 1984 through 1991 those drivers issued a license for 3 years may be re-examined not less than every 7 years or more than every 10 years. The Secretary of State shall require the testing of the eyesight of any driver's license or permit applicant who has not been previously licensed as a driver under the laws of this State and shall promulgate rules and regulations to provide for the orderly administration of all the provisions of this Section. The Secretary of State shall include at least one test question that concerns the provisions of the Pedestrians with Disabilities Safety Act in the question pool used for the written portion of the driver's license examination within one year after July 22, 2010 (the effective date of Public Act 96-1167). The Secretary of State shall include, in the question pool used for the written portion of the driver's license examination, test questions concerning safe driving in the presence of bicycles, of which one may be concerning the Dutch Reach method as described in Section 2-112. The Secretary of State shall include, in the question pool used for the written portion of the driver's license examination, at least one test question concerning driver responsibilities when approaching a stationary emergency vehicle as described in Section 11-907. If an applicant gives an incorrect response to a test question concerning subsection

(c) of Section 11-907, Section 11-907.5, or subsection (a-1) of Section 11-908, then the Secretary of State shall provide the applicant with information concerning those Sections.

(b) Except as provided for those applicants in paragraph (c), such examination shall include a test of the applicant's eyesight, his or her ability to read and understand official traffic control devices, his or her knowledge of safe driving practices and the traffic laws of this State, and may include an actual demonstration of the applicant's ability to exercise ordinary and reasonable control of the operation of a motor vehicle, and such further physical and mental examination as the Secretary of State finds necessary to determine the applicant's fitness to operate a motor vehicle safely on the highways, except the examination of an applicant 75 years of age or older or, if the Secretary adopts rules under Section 37 of the Secretary of State Act to raise the age requirement for actual demonstrations, the examination of an applicant who has attained that increased age or is older shall include an actual demonstration of the applicant's ability to exercise ordinary and reasonable control of the operation of a motor vehicle. All portions of written and verbal examinations under this Section, excepting where the English language appears on facsimiles of road signs, may be given in the Spanish language and, at the discretion of the Secretary of State, in any other language as well as in English upon request of the examinee. Deaf persons who are otherwise qualified are not prohibited from being issued a license, other than a commercial driver's license, under this Code.

(c) Re-examination for those applicants who at the time of renewing their driver's license possess a driving record devoid of any convictions of traffic violations or evidence of committing an offense for which mandatory revocation would be required upon conviction pursuant to Section 6-205 at the time of renewal shall be in a manner prescribed by the Secretary in order to determine an applicant's ability to safely operate a motor vehicle, except that every applicant for the renewal of a driver's license who is 79 years of age or older must renew in person, and every applicant for the renewal of a driver's license who is 87 years of age or older or who is 75 years of age or older and holds a commercial driver's license must prove, by an actual demonstration, the applicant's ability to exercise reasonable care in the safe operation of a motor vehicle.

(d) In the event the applicant is not ineligible under the provisions of Section 6-103 to receive a driver's license, the Secretary of State shall make provision for giving an examination, either in the county where the applicant resides or at a place adjacent thereto reasonably convenient to the applicant, within not more than 30 days from the date said application is received.

(e) The Secretary of State may adopt rules regarding the use of foreign language interpreters during the application and examination process. (Text of Section from P.A. 104-260) Sec. 6-109. Examination of applicants.

(a) The Secretary of State shall examine every applicant for a driver's license or permit who has not been previously licensed as a driver under the laws of this State or any other state or country, or any applicant for renewal of such driver's license or permit when such license or permit has been expired for more than one year. The Secretary of State shall, subject to the provisions of paragraph (c), examine every licensed driver at least every 8 years, and may examine or re-examine any other applicant or licensed driver, provided that during the years 1984 through 1991 those drivers issued a license for 3 years may be re-examined not less than every 7 years or more than every 10 years. The Secretary of State shall require the testing of the eyesight of any driver's license or permit applicant who has not been previously licensed as a driver under the laws of this State and shall promulgate rules and regulations to provide for the orderly administration of all the provisions of this Section. The Secretary of State shall include at least one test question that concerns the

provisions of the Pedestrians with Disabilities Safety Act in the question pool used for the written portion of the driver's license examination within one year after July 22, 2010 (the effective date of Public Act 96-1167). The Secretary of State shall include, in the question pool used for the written portion of the driver's license examination, test questions concerning safe driving in the presence of bicycles, of which one may be concerning the Dutch Reach method as described in Section 2-112. The Secretary of State shall include, in the question pool used for the written portion of the driver's license examination, at least one test question concerning driver responsibilities when approaching a stationary emergency vehicle as described in Section 11-907. If an applicant gives an incorrect response to a test question concerning subsection

(c) of Section 11-907, Section 11-907.5, or subsection (a-1) of Section 11-908, then the Secretary of State shall provide the applicant with information concerning those Sections.

(b) Except as provided for those applicants in paragraph (c), such examination shall include a test of the applicant's eyesight, his or her ability to read and understand official traffic control devices, his or her knowledge of safe driving practices and the traffic laws of this State, and may include an actual demonstration of the applicant's ability to exercise ordinary and reasonable control of the operation of a motor vehicle, and such further physical and mental examination as the Secretary of State finds necessary to determine the applicant's fitness to operate a motor vehicle safely on the highways, except the examination of an applicant 75 years of age or older or, if the Secretary adopts rules under Section 37 of the Secretary of State Act to raise the age requirement for actual demonstrations, the examination of an applicant who has attained that increased age or is older shall include an actual demonstration of the applicant's ability to exercise ordinary and reasonable control of the operation of a motor vehicle. All portions of written and verbal examinations under this Section, excepting where the English language appears on facsimiles of road signs, may be given in the Spanish language and, at the discretion of the Secretary of State, in any other language as well as in English upon request of the examinee. Deaf persons who are otherwise qualified are not prohibited from being issued a license, other than a commercial driver's license, under this Code. The examination to test an applicant's ability to read and understand official traffic control devices and knowledge of safe driving practices and the traffic laws of this State may be administered at a Secretary of State facility, remotely via the Internet, or in a manner otherwise specified by the Secretary of State by administrative rule.

(c) Re-examination for those applicants who at the time of renewing their driver's license possess a driving record devoid of any convictions of traffic violations or evidence of committing an offense for which mandatory revocation would be required upon conviction pursuant to Section 6-205 at the time of renewal shall be in a manner prescribed by the Secretary in order to determine an applicant's ability to safely operate a motor vehicle, except that every applicant for the renewal of a driver's license who is 75 years of age or older or, if the Secretary adopts rules under Section 37 of the Secretary of State Act to raise the age requirement for actual demonstrations, every applicant for the renewal of a driver's license who has attained that increased age or is older must prove, by an actual demonstration, the applicant's ability to exercise reasonable care in the safe operation of a motor vehicle.

(d) In the event the applicant is not ineligible under the provisions of Section 6-103 to receive a driver's license, the Secretary of State shall make provision for giving an examination, either in the county where the applicant resides or at a place adjacent thereto reasonably convenient to the applicant, within not more than 30 days from the date said application is received.

(e) The Secretary of State may adopt rules regarding the use of foreign language interpreters during the application and examination process.

625 ILCS 5/6-110 — Licenses issued to drivers

Sec. 6-110. Licenses issued to drivers.

(a) The Secretary of State shall issue to every qualifying applicant a driver's license as applied for, which license shall bear a distinguishing number assigned to the licensee, the legal name, signature, zip code, date of birth, residence address, and a brief description of the licensee. Licenses issued shall also indicate the classification and the restrictions under Section 6-104 of this Code. The Secretary may adopt rules to establish informational restrictions that can be placed on the driver's license regarding specific conditions of the licensee. A driver's license issued may, in the discretion of the Secretary, include a suitable photograph of a type prescribed by the Secretary. (a-1) If the licensee is less than 18 years of age, unless one of the exceptions in subsection (a-2) apply, the license shall, as a matter of law, be invalid for the operation of any motor vehicle during the following times: (A) Between 11:00 p.m. Friday and 6:00 a.m. Saturday; (B)

Between 11:00 p.m. Saturday and 6:00 a.m. on Sunday; and (C) Between 10:00 p.m. on Sunday to Thursday, inclusive, and 6:00 a.m. on the following day. (a-2) The driver's license of a person under the age of 18 shall not be invalid as described in subsection (a-1) of this Section if the licensee under the age of 18 was:

- (1) accompanied by the licensee's parent or guardian or other person in custody or control of the minor;
- (2) on an errand at the direction of the minor's parent or guardian, without any detour or stop;
- (3) in a motor vehicle involved in interstate travel;
- (4) going to or returning home from an employment activity, without any detour or stop;
- (5) involved in an emergency;
- (6) going to or returning home from, without any detour or stop, an official school, religious, or other recreational activity supervised by adults and sponsored by a government or governmental agency, a civic organization, or another similar entity that takes responsibility for the licensee, without any detour or stop;
- (7) exercising First Amendment rights protected by the United States Constitution, such as the free exercise of religion, freedom of speech, and the right of assembly; or
- (8) married or had been married or is an emancipated minor under the Emancipation of Minors Act. (a-2.5) The driver's license of a person who is 17 years of age and has been licensed for at least 12 months is not invalid as described in subsection (a-1) of this Section while the licensee is participating as an assigned driver in a Safe Rides program that meets the following criteria:

- (1) the program is sponsored by the Boy Scouts of America or another national public service organization; and
- (2) the sponsoring organization carries liability insurance covering the program. (a-3) If a graduated driver's license holder over the age of 18 committed an offense against traffic regulations governing the movement of vehicles or any violation of Section 6-107 or Section 12-603.1 of this Code in the 6 months prior to the graduated driver's license holder's 18th birthday, and was subsequently convicted of the offense, the provisions of subsection (a-1) shall continue to apply until such time as a period of 6 consecutive months has elapsed without an additional violation and subsequent conviction of an offense against traffic regulations governing the movement of vehicles or Section 6-107 or Section 12-603.1 of this Code. (a-4) If an applicant for a driver's license or instruction permit has a current identification card issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision. (a-5) If an applicant for a driver's license is an employee of the Department of Children and Family Services with a job title of "Child Protection Specialist Trainee", "Child Protection Specialist", "Child Protection Advanced Specialist", "Child Welfare Specialist Trainee", "Child Welfare Specialist", or "Child Welfare Advanced Specialist" or a judicial officer or a peace officer, the applicant may elect to have his or her office or work address listed on the license instead of the applicant's residence or mailing address. The Secretary of State shall adopt rules to implement this subsection (a-5). For the purposes of this subsection (a-5), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(b) Until the Secretary of State establishes a First Person Consent organ and tissue donor registry under Section 6-117 of this Code, the Secretary of State shall provide a format on the reverse of each driver's license issued which the licensee may use to execute a document of gift conforming to the provisions of the Illinois Anatomical Gift Act. The format shall allow the licensee to indicate the gift intended, whether specific organs, any organ, or the entire body, and shall accommodate the signatures of the donor and 2 witnesses. The Secretary shall also inform each applicant or licensee of this format, describe the procedure for its execution, and may offer the necessary witnesses; provided that in so doing, the Secretary shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift. A brochure explaining this method of executing an anatomical gift document shall be given to each applicant or licensee. The brochure shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift, and that he or she may wish to consult with family, friends, or clergy before doing so. The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

(c) The Secretary of State shall designate on each driver's license issued a space where the licensee may place a sticker or decal of the uniform size as the Secretary may specify, which sticker or decal may indicate in appropriate language that the owner of the license carries an Emergency Medical Information Card. The sticker may be provided by any person,

hospital, school, medical group, or association interested in assisting in implementing the Emergency Medical Information Card, but shall meet the specifications as the Secretary may by rule or regulation require.

(d) (Blank).

(e) The Secretary of State shall provide that each original or renewal driver's license issued to a licensee under 21 years of age shall be of a distinct nature from those driver's licenses issued to individuals 21 years of age and older. The color designated for driver's licenses for licensees under 21 years of age shall be at the discretion of the Secretary of State.

(e-1) The Secretary shall provide that each driver's license issued to a person under the age of 21 displays the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age. (e-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including health care, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue drivers' licenses with the word "veteran" appearing on the face of the licenses. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other driver's license which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the license holder which is unrelated to the purpose of the driver's license. (e-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal driver's license where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under subsection

(e) of Section 6-106 of this Code who was discharged or separated under honorable conditions. (e-7) Upon providing the required documentation, at the request of the applicant, the driver's license may reflect Gold Star Family designation. The Secretary shall designate a space on each original or renewal driver's license for such designation. This designation shall be available to a person eligible for Gold Star license plates under subsection

(f) of Section 6-106 of this Code.

(f) The Secretary of State shall inform all Illinois licensed commercial motor vehicle operators of the requirements of the Uniform Commercial Driver License Act, Article V of this Chapter, and shall make provisions to insure that all drivers, seeking to obtain a commercial driver's license, be afforded an opportunity prior to April 1, 1992, to obtain the license. The Secretary is authorized to extend driver's license expiration dates, and assign specific times, dates and locations where these commercial driver's tests shall be conducted. Any applicant, regardless of the current expiration date of the applicant's driver's license, may be subject to any assignment by the Secretary. Failure to comply with the Secretary's assignment may result in the applicant's forfeiture of an opportunity to receive a commercial driver's license prior to April 1, 1992.

(g) The Secretary of State shall designate on a driver's license issued, a space where the licensee may indicate that he or she has drafted a living will in accordance with the Illinois Living Will Act or a durable power of attorney for health care in accordance with the Illinois Power of Attorney Act. (g-1) The Secretary of State, in his or her discretion, may designate on each driver's license issued a space where the licensee may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the owner of the license has renewed his or her driver's license.

(h) A person who acts in good faith in accordance with the terms of this Section is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his or her act.

(i) The Secretary shall designate a space on each original or renewal of a driver's license, at the request of the applicant, for a designation as a Gold Star Family. This designation shall be available to a person eligible for Gold Star license plates under subsection

(f) of Section 6-106 of this Code. (Text of Section from P.A. 104-417) Sec. 6-110. Licenses issued to drivers.

(a) The Secretary of State shall issue to every qualifying applicant a driver's license as applied for, which license shall bear a distinguishing number assigned to the licensee, the legal name, signature, zip code, date of birth, residence address, and a brief description of the licensee. Licenses issued shall also indicate the classification and the restrictions under Section 6-104 of this Code. The Secretary may adopt rules to establish informational restrictions that can be placed on the driver's license regarding specific conditions of the licensee. A driver's license issued may, in the discretion of the Secretary, include a suitable photograph of a type prescribed by the Secretary. (a-1) If the licensee is less than 18 years of age, unless one of the exceptions in subsection (a-2) apply, the license shall, as a matter of law, be invalid for the operation of any motor vehicle during the following times: (A) Between 11:00 p.m. Friday and 6:00 a.m. Saturday; (B)

Between 11:00 p.m. Saturday and 6:00 a.m. on Sunday; and (C) Between 10:00 p.m. on Sunday to Thursday, inclusive, and 6:00 a.m. on the following day. (a-2) The driver's license of a person under the age of 18 shall not be invalid as described in subsection (a-1) of this Section if the licensee under the age of 18 was:

- (1) accompanied by the licensee's parent or guardian or other person in custody or control of the minor;
- (2) on an errand at the direction of the minor's parent or guardian, without any detour or stop;
- (3) in a motor vehicle involved in interstate travel;
- (4) going to or returning home from an employment activity, without any detour or stop;
- (5) involved in an emergency;
- (6) going to or returning home from, without any detour or stop, an official school, religious, or other recreational activity supervised by adults and sponsored by a government or governmental agency, a civic organization, or another similar entity that takes responsibility for the licensee, without any detour or stop;
- (7) exercising First Amendment rights protected by the United States Constitution, such as the free exercise of religion, freedom of speech, and the right of assembly; or
- (8) married or had been married or is an emancipated minor under the Emancipation of Minors Act. (a-2.5) The driver's license of a person who is 17 years of age and has been licensed for at least 12 months is not invalid as described in subsection (a-1) of this Section while the licensee is participating as an assigned driver in a Safe Rides program that meets the following criteria:

- (1) the program is sponsored by the Boy Scouts of America or another national public service organization; and
- (2) the sponsoring organization carries liability insurance covering the program. (a-3) If a graduated driver's license holder over the age of 18 committed an offense against traffic regulations governing the movement of vehicles or any violation of Section 6-107 or Section 12-603.1 of this Code in the 6 months prior to the graduated driver's license holder's 18th birthday, and was subsequently convicted of the offense, the provisions of subsection (a-1) shall continue to apply until such time as a period of 6 consecutive months has elapsed without an additional violation and subsequent conviction of an offense against traffic regulations governing the movement of vehicles or Section 6-107 or Section 12-603.1 of this Code. (a-4) If an applicant for a driver's license or instruction permit has a current identification card issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision. (a-5) If an applicant for a driver's license is an employee of the Department of Children and Family Services with a job title of "Child Protection Specialist Trainee", "Child Protection Specialist", "Child Protection Advanced Specialist", "Child Welfare Specialist Trainee", "Child Welfare Specialist", or "Child Welfare Advanced Specialist" or a judicial officer or a peace officer, the applicant may elect to have his or her office or work address listed on the license instead of the applicant's residence or mailing address. The Secretary of State shall adopt rules to implement this subsection (a-5). For the purposes of this subsection (a-5), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(b) Until the Secretary of State establishes a First Person Consent organ and tissue donor registry under Section 6-117 of this Code, the Secretary of State shall provide a format on the reverse of each driver's license issued which the licensee may use to execute a document of gift conforming to the provisions of the Illinois Anatomical Gift Act. The format shall allow the licensee to indicate the gift intended, whether specific organs, any organ, or the entire body, and shall accommodate the signatures of the donor and 2 witnesses. The Secretary shall also inform each applicant or licensee of this format, describe the procedure for its execution, and may offer the necessary witnesses; provided that in so doing, the Secretary shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift. A brochure explaining this method of executing an anatomical gift document shall be given to each applicant or licensee. The brochure shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift, and that he or she may wish to consult with family, friends, or clergy before doing so. The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

(c) The Secretary of State shall designate on each driver's license issued a space where the licensee may place a sticker or decal of the uniform size as the Secretary may specify, which sticker or decal may indicate in appropriate language that the owner of the license carries an Emergency Medical Information Card. The sticker may be provided by any person,

hospital, school, medical group, or association interested in assisting in implementing the Emergency Medical Information Card, but shall meet the specifications as the Secretary may by rule or regulation require.

(d) The Secretary of State shall designate on each driver's license issued a space where the licensee may indicate his blood type and RH factor.

(e) The Secretary of State shall provide that each original or renewal driver's license issued to a licensee under 21 years of age shall be of a distinct nature from those driver's licenses issued to individuals 21 years of age and older. The color designated for driver's licenses for licensees under 21 years of age shall be at the discretion of the Secretary of State.

(e-1) The Secretary shall provide that each driver's license issued to a person under the age of 21 displays the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age. (e-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including health care, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue drivers' licenses with the word "veteran" appearing on the face of the licenses. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other driver's license which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the license holder which is unrelated to the purpose of the driver's license. (e-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal driver's license where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under subsection

(e) of Section 6-106 of this Code who was discharged or separated under honorable conditions. (e-7) Upon providing the required documentation, at the request of the applicant, the driver's license may reflect Gold Star Family designation. The Secretary shall designate a space on each original or renewal driver's license for such designation. This designation shall be available to a person eligible for Gold Star license plates under subsection

(f) of Section 6-106 of this Code.

(f) The Secretary of State shall inform all Illinois licensed commercial motor vehicle operators of the requirements of the Uniform Commercial Driver License Act, Article V of this Chapter, and shall make provisions to insure that all drivers, seeking to obtain a commercial driver's license, be afforded an opportunity prior to April 1, 1992, to obtain the license. The Secretary is authorized to extend driver's license expiration dates, and assign specific times, dates and locations where these commercial driver's tests shall be conducted. Any applicant, regardless of the current expiration date of the applicant's driver's license, may be subject to any assignment by the Secretary. Failure to comply with the Secretary's assignment may result in the applicant's forfeiture of an opportunity to receive a commercial driver's license prior to April 1, 1992.

(g) The Secretary of State shall designate on a driver's license issued, a space where the licensee may indicate that he or she has drafted a living will in accordance with the Illinois Living Will Act or a durable power of attorney for health care in accordance with the Illinois Power of Attorney Act. (g-1) The Secretary of State, in his or her discretion, may designate on each driver's license issued a space where the licensee may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the owner of the license has renewed his or her driver's license.

(h) A person who acts in good faith in accordance with the terms of this Section is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his or her act.

(i) The Secretary shall designate a space on each original or renewal of a driver's license, at the request of the applicant, for a designation as a Gold Star Family. This designation shall be available to a person eligible for Gold Star license plates under subsection

Licenses issued shall also indicate the classification and the restrictions under Section 6-104 of this Code. The Secretary may adopt rules to establish informational restrictions that can be placed on the driver's license regarding specific conditions of the licensee. A driver's license issued may, in the discretion of the Secretary, include a suitable photograph of a type prescribed by the Secretary. (a-1) If the licensee is less than 18 years of age, unless one of the exceptions in subsection (a-2) apply, the license shall, as a matter of law, be invalid for the

operation of any motor vehicle during the following times: (A) Between 11:00 p.m. Friday and 6:00 a.m. Saturday; (B) Between 11:00 p.m. Saturday and 6:00 a.m. on Sunday; and (C) Between 10:00 p.m. on Sunday to Thursday, inclusive, and 6:00 a.m. on the following day. (a-2) The driver's license of a person under the age of 18 shall not be invalid as described in subsection (a-1) of this Section if the licensee under the age of 18 was:

- (1) accompanied by the licensee's parent or guardian or other person in custody or control of the minor;
- (2) on an errand at the direction of the minor's parent or guardian, without any detour or stop;

- (6) going to or returning home from, without any detour or stop, an official school, religious, or other recreational activity supervised by adults and sponsored by a government or governmental agency, a civic organization, or another similar entity that takes responsibility for the licensee, without any detour or stop;
- (7) exercising First Amendment rights protected by the United States Constitution, such as the free exercise of religion, freedom of speech, and the right of assembly; or
- (8) married or had been married or is an emancipated minor under the Emancipation of Minors Act. (a-2.5) The driver's license of a person who is 17 years of age and has been licensed for at least 12 months is not invalid as described in subsection (a-1) of this Section while the licensee is participating as an assigned driver in a Safe Rides program that meets the following criteria:

- (1) the program is sponsored by the Boy Scouts of America or another national public service organization; and
- (2) the sponsoring organization carries liability insurance covering the program. (a-3) If a graduated driver's license holder over the age of 18 committed an offense against traffic regulations governing the movement of vehicles or any violation of Section 6-107 or Section 12-603.1 of this Code in the 6 months prior to the graduated driver's license holder's 18th birthday, and was subsequently convicted of the offense, the provisions of subsection (a-1) shall continue to apply until such time as a period of 6 consecutive months has elapsed without an additional violation and subsequent conviction of an offense against traffic regulations governing the movement of vehicles or Section 6-107 or Section 12-603.1 of this Code. (a-4) If an applicant for a driver's license or instruction permit has a current identification card issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision. (a-5) If an applicant for a driver's license is an employee of the Department of Children and Family Services with a job title of "Child Protection Specialist Trainee", "Child Protection Specialist", "Child Protection Advanced Specialist", "Child Welfare Specialist Trainee", "Child Welfare Specialist", or "Child Welfare Advanced Specialist" or a judicial officer, public official, or a peace officer, the applicant may elect to have his or her office or work address listed on the license instead of the applicant's residence or mailing address. The Secretary of State shall adopt rules to implement this subsection (a-5). As used in this subsection (a-5): "Peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations. "Public official" has the meaning given in Section 10 of the Public Official Safety and Privacy Act.

(b) Until the Secretary of State establishes a First Person Consent organ and tissue donor registry under Section 6-117 of this Code, the Secretary of State shall provide a format on the reverse of each driver's license issued which the licensee may use to execute a document of gift conforming to the provisions of the Illinois Anatomical Gift Act. The format shall allow the licensee to indicate the gift intended, whether specific organs, any organ, or the entire body, and shall accommodate the signatures of the donor and 2 witnesses. The Secretary shall also inform each applicant or licensee of this format, describe the procedure for its execution, and may offer the necessary witnesses; provided that in so doing, the Secretary shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift. A brochure explaining this method of executing an anatomical gift document shall be given to each applicant or licensee. The brochure shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift, and that he or she may wish to consult with family, friends, or clergy before doing so. The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

(c) The Secretary of State shall designate on each driver's license issued a space where the licensee may place a sticker or decal of the uniform size as the Secretary may specify, which sticker or decal may indicate in appropriate language that

- (b) The Secretary of State shall not provide facial recognition search services or photographs obtained in the process of issuing a driver's license or permit to any federal, State, or local law enforcement agency or other governmental entity for the purpose of enforcing federal immigration laws. This subsection shall not apply to requests from federal, State, or local law enforcement agencies or other governmental entities for facial recognition search services or photographs obtained in the process of issuing a driver's license or permit when the purpose of the request relates to criminal activity other than violations of immigration laws.

(a) Notwithstanding any other provision of law, the Secretary may not release or make accessible in any manner any highly restricted personal information as defined in Section 1-125.9 or personally identifying information as defined in Section 1-159.2, provide images, photos, or facial recognition services as described in Section 6-110.1, or disclose documents as described in Section 6-110.2 to any immigration agent as defined in Section 10 of the Illinois TRUST Act, unless necessary to comply with the following, to the extent that production of such information or documents is specifically required:

- (1) a lawful court order;
- (2) a judicial warrant signed by a judge appointed pursuant to Article III of the Constitution of the United States; or
- (3) a subpoena for individual records issued by a federal or State court. When responding to such a court order, warrant, or subpoena, the Secretary shall disclose only those documents or information specifically requested. Within 3 business days of receiving such a court order, warrant, or subpoena, the Secretary shall send a notification to the individual about whom such information was requested that a court order, warrant, or subpoena was received and the identity of the entity that presented the court order, warrant, or subpoena.

(b) The Secretary shall not enter into or maintain any agreement regarding the sharing of any highly restricted personal information as defined in Section 1-125.9, personally identifying information as defined in Section 1-159.2, images or photos described in Section 6-110.1, or documents described in Section 6-110.2 unless all other parties to such agreement certify that the information obtained will not be used for civil immigration purposes or knowingly disseminated to any third party for any purpose related to civil immigration enforcement.

625 ILCS 5/6-112 — License and Permits to be carried and exhibited on demand

Sec. 6-112. License and Permits to be carried and exhibited on demand. Every licensee or permittee shall have his drivers license or permit in his immediate possession at all times when operating a motor vehicle and, for the purpose of indicating compliance with this requirement, shall display such license or permit if it is in his possession upon demand made, when in uniform or displaying a badge or other sign of authority, by a member of the Illinois State Police, a sheriff or other police officer or designated agent of the Secretary of State. However, no person charged with violating this Section shall be convicted if he produces in court satisfactory evidence that a drivers license was theretofore issued to him and was valid at the time of his arrest. For the purposes of this Section, "display" means the manual surrender of his license certificate into the hands of the demanding officer for his inspection thereof.

625 ILCS 5/6-113 — Restricted licenses and permits

Sec. 6-113. Restricted licenses and permits.

(a) The Secretary of State upon issuing a drivers license or permit shall have the authority whenever good cause appears to impose restrictions suitable to the licensee's driving ability with respect to the type of, or special mechanical control devices required on, a motor vehicle which the licensee may operate or such other restrictions applicable to the licensee as the Secretary of State may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee.

(b) The Secretary of State may either issue a special restricted license or permit or may set forth such restrictions upon the usual license or permit form.

(c) The Secretary of State may issue a probationary license to a person whose driving privileges have been suspended pursuant to subsection

(d) of this Section or subsection (a)(2) of Section 6-206 of this Code. This subsection

(c) does not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle. The Secretary of State shall promulgate rules pursuant to the Illinois Administrative Procedure Act, setting forth the conditions and criteria for the issuance and cancellation of probationary licenses.

(d) The Secretary of State may upon receiving satisfactory evidence of any violation of the restrictions of such license or permit suspend, revoke or cancel the same without preliminary hearing, but the licensee or permittee shall be entitled to a hearing as in the case of a suspension or revocation.

(e) It is unlawful for any person to operate a motor vehicle in any manner in violation of the restrictions imposed on a restricted license or permit issued to him.

(f) Whenever the holder of a restricted driving permit is issued a citation for any of the following offenses including similar local ordinances, the restricted driving permit is immediately invalidated: 1. Reckless homicide resulting from the operation of a motor vehicle; 2. Violation of Section 11-501 of this Act relating to the operation of a motor vehicle while under the influence of intoxicating liquor or narcotic drugs; 3. Violation of Section 11-401 of this Act relating to the offense of leaving the scene of a traffic crash involving death or injury; 4. Violation of Section 11-504 of this Act relating to the offense of drag racing; or 5. Violation of Section 11-506 of this Act relating to the offense of street racing. The police officer issuing the citation shall confiscate the restricted driving permit and forward it, along with the citation, to the Clerk of the Circuit Court of the county in which the citation was issued.

(g) The Secretary of State may issue a special restricted license for a period of 48 months to individuals using vision aid arrangements other than standard eyeglasses or contact lenses, allowing the operation of a motor vehicle during nighttime hours. The Secretary of State shall adopt rules defining the terms and conditions by which the individual may obtain and renew this special restricted license. At a minimum, all drivers must meet the following requirements: 1. Possess a valid driver's license and have operated a motor vehicle during daylight hours for a period of 12 months using vision aid arrangements other than standard eyeglasses or contact lenses. 2. Have a driving record that does not include any traffic crashes that occurred during nighttime hours, for which the driver has been found to be at fault, during the 12 months before he or she applied for the special restricted license. 3. Successfully complete a road test administered during nighttime hours. The special restricted license holder must submit to the Secretary annually a vision specialist report from his or her ophthalmologist or optometrist that the special restricted license holder's vision has not changed. If the special restricted license holder fails to submit this vision specialist report, the special restricted license shall be cancelled under Section 6-201 of this Code. At a minimum, all drivers renewing this license must meet the following requirements: 1. Successfully complete a road test administered during nighttime hours. 2. Have a driving record that does not include any traffic crashes that occurred during nighttime hours, for which the driver has been found to be at

fault, during the 12 months before he or she applied for the special restricted license.

(h) Any driver issued a special restricted license as defined in subsection

(g) whose privilege to drive during nighttime hours has been suspended due to a crash occurring during nighttime hours may request a hearing as provided in Section 2-118 of this Code to contest that suspension. If it is determined that the crash for which the driver was at fault was not influenced by the driver's use of vision aid arrangements other than standard eyeglasses or contact lenses, the Secretary may reinstate that driver's privilege to drive during nighttime hours.

(i) The Secretary of State may issue a special restricted training permit for a period of 6 months to individuals using vision aid arrangements other than standard eyeglasses or contact lenses, allowing the operation of a motor vehicle between sunset and 10:00 p.m. provided the driver is accompanied by a person holding a valid driver's license without nighttime operation restrictions. The Secretary may adopt rules defining the terms and conditions by which the individual may obtain and renew this special restricted training permit. At a minimum, all persons applying for a special restricted training permit must meet the following requirements: 1. Possess a valid driver's license and have operated a motor vehicle during daylight hours for a period of 6 months using vision aid arrangements other than standard eyeglasses or contact lenses. 2. Have a driving record that does not include any traffic crashes, for which the person has been found to be at fault, during the 6 months before he or she applied for the special restricted training permit.

(j) Whenever the Secretary of State has issued an administrative order requiring an individual to use an ignition interlock device after his or her driver's license has been reinstated, that individual shall be issued a driver's license containing the ignition interlock device restriction. The administrative order shall set forth the duration of the restriction and any other applicable terms and conditions.

625 ILCS 5/6-114 — Duplicate and Corrected Licenses and Permits

Sec. 6-114. Duplicate and Corrected Licenses and Permits. In the event that a drivers license or permit issued under the provisions of this Act is lost or destroyed, the person to whom the same was issued may upon application and payment of the required fee obtain a duplicate or substitute thereof, upon furnishing evidence satisfactory to the Secretary of State that such permit or license has been lost or destroyed and if such applicant is not then ineligible under Section 6-103 of this Act. Representatives of federally designated organ procurement agencies and tissue banks and the offices of Illinois county coroners and medical examiners may inquire of the Secretary of State whether a potential organ donor's name is included in the First Person Consent organ and tissue donor registry, and the Secretary of State may provide that information to the representative.

(4) An individual may withdraw his or her consent to be listed in the First Person Consent organ and tissue donor registry maintained by the Secretary of State by notifying the Secretary of State in writing, or by any other means approved by the Secretary, of the individual's decision to have his or her name removed from the registry.

(5) The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

Information obtained from a driver's license may not be used for purposes unrelated to the transaction in which it was obtained, including, but not limited to, commercial solicitations. Information obtained from a driver's license to identify the holder of the license, or in the course of a commercial transaction, may not be sold, leased, or otherwise provided to any third party.

(b) Any individual whose driver's license information has been used in violation of this Section has a cause of action against the person who violated this Section. Upon a finding that a violation did occur, the individual whose information was used in violation of this Section is entitled to recover actual damages, but not less than liquidated damages in the amount of \$250 for each violation, plus attorney's fees and the costs of bringing the action.

(c) Use of information contained on a driver's license is not a violation of this Section if

If information is transferred to a third party under this subsection (e), it may be used only for the purposes authorized by this subsection (e).

(d) If a person involved in a motor vehicle crash or other emergency situation is unable to communicate with the contact person or persons specified in the database, a law enforcement officer shall make a good faith effort to notify the contact person or persons of the situation. Neither the law enforcement officer nor the law enforcement agency that employs that law enforcement officer incurs any liability, however, if the law enforcement officer is not able to make contact with the contact person. Except for willful or wanton misconduct, neither the law enforcement officer, nor the law enforcement agency that employs the law enforcement officer, shall incur any liability relating to the reporting or use of the database during a motor vehicle crash or other emergency situation.

625 ILCS 5/6-201 — Authority to cancel licenses and permits

Sec. 6-201. Authority to cancel licenses and permits.

(a) The Secretary of State is authorized to cancel any license or permit upon determining that the holder thereof: 1. was not entitled to the issuance thereof hereunder; or 2. failed to give the required or correct information in his application; or 3. failed to pay any fees owed to the Secretary of State under this Code for the license or permit; or 4. committed any fraud in the making of such application; or 5. is ineligible therefor under the provisions of Section 6-103 of this Act, as amended; or 6. has refused or neglected to submit an alcohol, drug, and intoxicating compound evaluation or to submit to

examination or re-examination as required under this Act; or 7. has been convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Use of Intoxicating Compounds Act while that individual was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care, or provide transportation for the petitioner to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or for the petitioner to attend classes, as a student, in an accredited educational institution. The petitioner must demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue such restricted driving permit for such period as he deems appropriate, except that such permit shall expire no later than 2 years from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under this Code; or 8. failed to submit a report as required by Section 6-116.5 of this Code; or 9. has been convicted of a sex offense as defined in the Sex Offender Registration Act. The driver's license shall remain cancelled until the driver registers as a sex offender as required by the Sex Offender Registration Act, proof of the registration is furnished to the Secretary of State and the sex offender provides proof of current address to the Secretary; or 10. is ineligible for a license or permit under Section 6-107, 6-107.1, or 6-108 of this Code; or 11. refused or neglected to appear at a Driver Services facility to have the license or permit corrected and a new license or permit issued or to present documentation for verification of identity; or 12. failed to submit a medical examiner's certificate or medical variance as required by 49 C.F.R. 383.71 or submitted a fraudulent medical examiner's certificate or medical variance; or 13. has had his or her medical examiner's certificate, medical variance, or both removed or rescinded by the Federal Motor Carrier Safety Administration; or 14. failed to self-certify as to the type of driving in which the CDL driver engages or expects to engage; or 15. has submitted acceptable documentation indicating out-of-state residency to the Secretary of State to be released from the requirement of showing proof of financial responsibility in this State; or 16. was convicted of fraud relating to the testing or issuance of a CDL or CLP, in which case only the CDL or CLP shall be cancelled. After cancellation, the Secretary shall not issue a CLP or CDL for a period of one year from the date of cancellation; or 17. has a special restricted license under subsection (g) of Section 6-113 of this Code and failed to submit the required annual vision specialist report that the special restricted license holder's vision has not changed; or 18. has a special restricted license under subsection (g) of Section 6-113 of this Code and was convicted or received court supervision for a violation of this Code that occurred during nighttime hours or was involved in a motor vehicle crash during nighttime hours in which the restricted license holder was at fault; or 19. has assisted an out-of-state resident in acquiring an Illinois driver's license or identification card by providing or allowing the out-of-state resident to use his or her Illinois address of residence and is complicit in distributing and forwarding the Illinois driver's license or identification card to the out-of-state resident.

(b) Upon such cancellation the licensee or permittee must surrender the license or permit so cancelled to the Secretary of State.

(c) Except as provided in Sections 6-206.1 and 7-702.1, the Secretary of State shall have exclusive authority to grant, issue, deny, cancel, suspend and revoke driving privileges, drivers' licenses and restricted driving permits.

(d) The Secretary of State may adopt rules to implement this Section.

625 ILCS 5/6-202 — Non-residents and Unlicensed Persons-Revocation and Suspension-Reporting Convictions

Sec. 6-202. Non-residents and Unlicensed Persons-Revocation and Suspension-Reporting Convictions.

(a) The privilege of driving a motor vehicle on highways of this State given to a nonresident hereunder and the privilege which an unlicensed person might have to obtain a license under this Act shall be subject to suspension or revocation by the Secretary of State in like manner and for like cause as a drivers license issued hereunder may be suspended or revoked.

(b) The Secretary of State is authorized, upon receiving a report of the conviction in this State of a nonresident driver of a motor vehicle of any offense under the laws of this State relating to operation, custody or ownership of motor vehicles, to forward a copy or abstract of such report to the motor vehicle administrator of the State wherein the person so convicted is a resident.

(c) (Blank.)

(d) This section is subject to the provisions of the Driver License Compact.

625 ILCS 5/6-203 — Suspending or revoking license or privilege upon conviction in another state

Sec. 6-203. Suspending or revoking license or privilege upon conviction in another state. The Secretary of State is authorized to suspend or revoke the license of any resident of this State or the privilege of a nonresident to drive a motor vehicle in this State upon receiving notice of the conviction of such person in another State of an offense therein which, if committed in this State would be grounds for the suspension or revocation of the license of a driver. (b) When a driving privilege has been suspended for a refusal as provided in paragraph

(a) and the person is subsequently convicted of the underlying charge, for the same incident, any period served on suspension shall be credited toward the minimum period of revocation of driving privileges imposed pursuant to Section 6-206.

The reporting requirements of this subsection shall apply to all violations stated in paragraphs

(1) and

(2) of this subsection when the individual has been adjudicated under the Juvenile Court Act or the Juvenile Court Act of 1987. Such reporting requirements shall also apply to individuals adjudicated under the Juvenile Court Act or the Juvenile Court Act of 1987 who have committed a violation of Section 11-501 of this Code, or similar provision of a local ordinance, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide, or Section 5-7 of the Snowmobile Registration and Safety Act or Section 5-16 of the Boat Registration and Safety Act, relating to the offense of operating a snowmobile or a watercraft while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof. These reporting requirements also apply to individuals adjudicated under the Juvenile Court Act of 1987 based on any offense determined to have been committed in furtherance of the criminal activities of an organized gang, as provided in Section 5-710 of that Act, if those activities involved the operation or use of a motor vehicle. It shall be the duty of the clerk of the court in which adjudication is had within 5 days thereafter to forward to the Secretary of State a report of the adjudication and the court order requiring the Secretary of State to suspend the minor's driver's license and driving privilege for such time as determined by the court, but only until he or she attains the age of 18 years. All juvenile court dispositions reported to the Secretary of State under this provision shall be processed by the Secretary of State as if the cases had been adjudicated in traffic or criminal court. However, information reported relative to the offense of reckless homicide, or Section 11-501 of this Code, or a similar provision of a local ordinance, shall be privileged and available only to the Secretary of State, courts, and police officers. The reporting requirements of this subsection

(a) apply to all violations listed in paragraphs

(1) and

(2) of this subsection (a), excluding parking violations, when the driver holds a CLP or CDL, regardless of the type of vehicle in which the violation occurred, or when any driver committed the violation in a commercial motor vehicle as defined in Section 6-500 of this Code.

(3) Whenever an order is entered revoking pretrial release given to secure appearance for any offense under this Code or similar offenses under municipal ordinance, it shall be the duty of the clerk of the court in which such revocation was had

or the judge of such court if such court has no clerk, within 5 days thereafter to forward to the Secretary of State a report of the revocation.

(4) A report of any disposition of court supervision for a violation of Sections 6-303, 11-401, 11-501 or a similar provision of a local ordinance, 11-503, 11-504, and 11-506 of this Code, Section 5-7 of the Snowmobile Registration and Safety Act, and Section 5-16 of the Boat Registration and Safety Act shall be forwarded to the Secretary of State. A report of any disposition of court supervision for a violation of an offense defined as a serious traffic violation in this Code or a similar provision of a local ordinance committed by a person under the age of 21 years shall be forwarded to the Secretary of State.

(5) Reports of conviction under this Code and sentencing hearings under the Juvenile Court Act of 1987 in an electronic format or a computer processible medium shall be forwarded to the Secretary of State via the Supreme Court in the form and format required by the Illinois Supreme Court and established by a written agreement between the Supreme Court and the Secretary of State. In counties with a population over 300,000, instead of forwarding reports to the Supreme Court, reports of conviction under this Code and sentencing hearings under the Juvenile Court Act of 1987 in an electronic format or a computer processible medium may be forwarded to the Secretary of State by the Circuit Court Clerk in a form and format required by the Secretary of State and established by written agreement between the Circuit Court Clerk and the Secretary of State. Failure to forward the reports of conviction or sentencing hearing under the Juvenile Court Act of 1987 as required by this Section shall be deemed an omission of duty and it shall be the duty of the several State's Attorneys to enforce the requirements of this Section.

(b) Whenever a restricted driving permit is forwarded to a court, as a result of confiscation by a police officer pursuant to the authority in Section 6-113(f), it shall be the duty of the clerk, or judge, if the court has no clerk, to forward such restricted driving permit and a facsimile of the officer's citation to the Secretary of State as expeditiously as practicable.

(c) For the purposes of this Code, a revocation of pretrial release that has not been vacated, or the failure of a defendant to appear for trial after depositing his driver's license, shall be equivalent to a conviction.

(d) For the purpose of providing the Secretary of State with records necessary to properly monitor and assess driver performance and assist the courts in the proper disposition of repeat traffic law offenders, the clerk of the court shall forward to the Secretary of State, on a form prescribed by the Secretary, records of a driver's participation in a driver remedial or rehabilitative program which was required, through a court order or court supervision, in relation to the driver's arrest for a violation of Section 11-501 of this Code or a similar provision of a local ordinance. The clerk of the court shall also forward to the Secretary, either on paper or in an electronic format or a computer processible medium as required under paragraph

(5) of subsection

(a) of this Section, any disposition of court supervision for any traffic violation, excluding those offenses listed in paragraph

(2) of subsection

(a) of this Section. These reports shall be sent within 5 days after disposition, or, if the driver is referred to a driver remedial or rehabilitative program, within 5 days of the driver's referral to that program. These reports received by the Secretary of State, including those required to be forwarded under paragraph (a)(4), shall be privileged information, available only

(i) to the affected driver, (ii) to the parent or guardian of a person under the age of 18 years holding an instruction permit or a graduated driver's license, and (iii) for use by the courts, police officers, prosecuting authorities, the Secretary of State, and the driver licensing administrator of any other state. In accordance with 49 C.F.R. Part 384, all reports of court supervision, except violations related to parking, shall be forwarded to the Secretary of State for all holders of a CLP or CDL or any driver who commits an offense while driving a commercial motor vehicle. These reports shall be recorded to the driver's record as a conviction for use in the disqualification of the driver's commercial motor vehicle privileges and shall not be privileged information.

625 ILCS 5/6-205 — Mandatory revocation of license or permit; hardship cases

Sec. 6-205. Mandatory revocation of license or permit; hardship cases.

(a) Except as provided in this Section, the Secretary of State shall immediately revoke the license, permit, or driving privileges of any driver upon receiving a report of the driver's conviction of any of the following offenses: 1. Reckless

homicide resulting from the operation of a motor vehicle; 2. Violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination thereof; 3. Any felony under the laws of any State or the federal government in the commission of which a motor vehicle was used; 4. Violation of Section 11-401 of this Code relating to the offense of leaving the scene of a traffic crash involving death or personal injury; 5. Perjury or the making of a false affidavit or statement under oath to the Secretary of State under this Code or under any other law relating to the ownership or operation of motor vehicles; 6. Conviction upon 3 charges of violation of Section 11-503 of this Code relating to the offense of reckless driving committed within a period of 12 months; 7. Conviction of any offense defined in Section 4-102 of this Code if the person exercised actual physical control over the vehicle during the commission of the offense; 8. Violation of Section 11-504 of this Code relating to the offense of drag racing; 9. Violation of Chapters 8 and 9 of this Code; 10. Violation of Section 12-5 of the Criminal Code of 1961 or the Criminal Code of 2012 arising from the use of a motor vehicle; 11. Violation of Section 11-204.1 of this Code relating to aggravated fleeing or attempting to elude a peace officer; 12. Violation of paragraph

(1) of subsection

(b) of Section 6-507, or a similar law of any other state, relating to the unlawful operation of a commercial motor vehicle; 13. Violation of paragraph

(a) of Section 11-502 of this Code or a similar provision of a local ordinance if the driver has been previously convicted of a violation of that Section or a similar provision of a local ordinance and the driver was less than 21 years of age at the time of the offense; 14. Violation of paragraph

(a) of Section 11-506 of this Code or a similar provision of a local ordinance relating to the offense of street racing; 15. A second or subsequent conviction of driving while the person's driver's license, permit or privileges was revoked for reckless homicide or a similar out-of-state offense; 16. Any offense against any provision in this Code, or any local ordinance, regulating the movement of traffic when that offense was the proximate cause of the death of any person. Any person whose driving privileges have been revoked pursuant to this paragraph may seek to have the revocation terminated or to have the length of revocation reduced by requesting an administrative hearing with the Secretary of State prior to the projected driver's license application eligibility date; 17. Violation of subsection (a-2) of Section 11-1301.3 of this Code or a similar provision of a local ordinance; 18. A second or subsequent conviction of illegal possession, while operating or in actual physical control, as a driver, of a motor vehicle, of any controlled substance prohibited under the Illinois Controlled Substances Act, any cannabis prohibited under the Cannabis Control Act, or any methamphetamine prohibited under the Methamphetamine Control and Community Protection Act. A defendant found guilty of this offense while operating a motor vehicle shall have an entry made in the court record by the presiding judge that this offense did occur while the defendant was operating a motor vehicle and order the clerk of the court to report the violation to the Secretary of State; 19. Violation of subsection

(a) of Section 11-1414 of this Code, or a similar provision of a local ordinance, relating to the offense of overtaking or passing of a school bus when the driver, in committing the violation, is involved in a motor vehicle crash that results in death to another and the violation is a proximate cause of the death.

(b) The Secretary of State shall also immediately revoke the license or permit of any driver in the following situations: 1. Of any minor upon receiving the notice provided for in Section 5-901 of the Juvenile Court Act of 1987 that the minor has been adjudicated under that Act as having committed an offense relating to motor vehicles prescribed in Section 4-103 of this Code; 2. Of any person when any other law of this State requires either the revocation or suspension of a license or permit; 3. Of any person adjudicated under the Juvenile Court Act of 1987 based on an offense determined to have been committed in furtherance of the criminal activities of an organized gang as provided in Section 5-710 of that Act, and that involved the operation or use of a motor vehicle or the use of a driver's license or permit. The revocation shall remain in effect for the period determined by the court. (c)(1) Whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in his discretion, without regard to whether the recommendation is made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to a medical facility for the receipt of necessary medical care or to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's

household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or persons with disabilities who do not hold driving privileges and are living in the petitioner's household to and from daycare; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue the restricted driving permit. (1.5) A person subject to the provisions of paragraph 4 of subsection

(b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation, or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence: (A) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and (B) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code. In determining whether an applicant is eligible for a restricted driving permit under this paragraph (1.5), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection

(b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph

(5) of subsection

(a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit. A restricted driving permit issued under this paragraph (1.5) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph

(2) of subsection

(c) of this Section and subparagraph (A) of paragraph 3 of subsection

(c) of Section 6-206 of this Code. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this paragraph (1.5) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code. A restricted driving permit issued under this paragraph (1.5) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is subsequently convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If: (A) a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or (ii) a statutory summary suspension or revocation under Section 11-501.1; or (iii) a suspension pursuant to Section 6-203.1; arising out of separate occurrences; or (B) a person has been convicted of one violation of subparagraph (C) or (F) of paragraph

(1) of subsection

(d) of Section 11-501 of this Code, Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide where the use of alcohol or other drugs was recited as an element of the offense, or a similar provision of a law of another state; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(6) In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been revoked in accordance with paragraph 13 of subsection

(a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period. (c-5) (Blank). (c-6) If a person is convicted of a second violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to the offense of reckless homicide or a similar out-of-state offense, the person's driving privileges shall be revoked pursuant to subdivision (a)(15) of this Section. The person may not make application for a license or permit until the expiration of five years from the effective date of the revocation or the expiration of five years from the date of release from a term of imprisonment, whichever is later. (c-7) If a person is convicted of a third or subsequent violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to the offense of reckless homicide or a similar out-of-state offense, the person may never apply for a license or permit. (d)(1) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one-year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph

(b) of Section 6-118, the Secretary of State, in his discretion, may reinstate the petitioner's driver's license and driving privileges, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 24 months each.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If a person's license or permit is revoked or suspended 2 or more times due to any combination of: (A) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or (B) a statutory summary suspension or

revocation under Section 11-501.1; or (C) a suspension pursuant to Section 6-203.1; arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. (3.5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph

(1) of subsection

(d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. (d-5) The revocation of the license, permit, or driving privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph

(b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices for a period not less than 5 years on all vehicles owned by a person who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees. During the time period in which a person is required to install an ignition interlock device under this subsection (h), that person shall only operate vehicles in which ignition interlock devices have been installed, except as allowed by subdivision (c)(5) or (d)(5) of this Section. Regardless of whether an exemption under subdivision

(c)

(5) or

(d)

(5) applies, every person subject to this subsection shall not be eligible for reinstatement until the person installs an ignition interlock device and maintains the ignition interlock device for 5 years.

(i) (Blank).

(j) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under any provisions of this Code.

(k) The Secretary of State shall notify by mail any person whose driving privileges have been revoked under paragraph 16 of subsection

(a) of this Section that his or her driving privileges and driver's license will be revoked 90 days from the date of the mailing of the notice.

Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period. Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights. 3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship (as defined by the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle

between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment-related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or persons with disabilities who do not hold driving privileges and are living in the petitioner's household to and from daycare. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. (A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. (B) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or (ii) a statutory summary suspension or revocation under Section 11-501.1; or (iii) a suspension under Section 6-203.1; arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. (B-5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph

(1) of subsection

(d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. (C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. (D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person. (E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. (F) A person subject to the provisions of paragraph 4 of subsection

(b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

(i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound

under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and (ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code. In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection

(b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph

(5) of subsection

(a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F). A restricted driving permit issued under this subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph

(2) of subsection

(c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection

(c) of this Section. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code. A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state. (c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request. (c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice. (c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Driver License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 CFR 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code. (b) If any conviction forming the basis of a suspension or revocation authorized under this Section is appealed, the Secretary of State may rescind or withhold the entry of the order of suspension or revocation, as the case may be, provided that a certified copy of a stay order of a court is filed with the Secretary of State. If the conviction is affirmed on appeal, the date of the conviction shall relate back to the time the original judgment of conviction was entered and the

6-month limitation prescribed shall not apply.

(c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. The notice to be deposited in the United States mail, postage prepaid, to the last known address of the person. 2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph

(a) of this Section, a person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the suspension, unless 5 offenses were committed, at least 2 of which occurred while operating a commercial vehicle in connection with the driver's regular occupation. All other driving privileges shall be suspended by the Secretary of State. Any driver prior to operating a vehicle for occupational purposes only must submit the affidavit on forms to be provided by the Secretary of State setting forth the facts of the person's occupation. The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period. The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle. Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights. 3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship (as defined by the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment-related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or persons with disabilities who do not hold driving privileges and are living in the petitioner's household to and from daycare. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. (A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. (B) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or (ii) a statutory summary suspension or revocation under Section 11-501.1; or (iii) a suspension under Section 6-203.1; arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. (B-5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph

(1) of subsection

(d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. (C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall

establish by rule the amount and the procedures, terms, and conditions relating to these fees. (D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person. (E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. (F) A person subject to the provisions of paragraph 4 of subsection

(b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

(i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and (ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code. In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection

(b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph

(5) of subsection

(a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F). A restricted driving permit issued under this subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph

(2) of subsection

(c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection

(c) of this Section. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code. A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state. (c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request. (c-4) In the case of a suspension under paragraph 43 of subsection (a), the

Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice. (c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Driver License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 CFR 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code.

625 ILCS 5/6-206.1 — Monitoring Device Driving Permit

Sec. 6-206.1. Monitoring Device Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that the granting of driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code. The following procedures shall apply whenever a first offender, as defined in Section 11-500 of this Code, is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance and is subject to the provisions of Section 11-501.1:

(a) Upon mailing of the notice of suspension of driving privileges as provided in subsection

(h) of Section 11-501.1 of this Code, the Secretary shall also send written notice informing the person that he or she will be issued a monitoring device driving permit (MDDP). The notice shall include, at minimum, information summarizing the procedure to be followed for issuance of the MDDP, installation of the breath alcohol ignition installation device (BAIID), as provided in this Section, exemption from BAIID installation requirements, and procedures to be followed by those seeking indigent status, as provided in this Section. The notice shall also include information summarizing the procedure to be followed if the person wishes to decline issuance of the MDDP. A copy of the notice shall also be sent to the court of venue together with the notice of suspension of driving privileges, as provided in subsection

(h) of Section 11-501. However, a MDDP shall not be issued if the Secretary finds that:

(1) the offender's driver's license is otherwise invalid;

(2) death or great bodily harm to another resulted from the arrest for Section 11-501;

(3) the offender has been previously convicted of reckless homicide or aggravated driving under the influence involving death; or

(4) the offender is less than 18 years of age. Any offender participating in the MDDP program must pay the Secretary a MDDP Administration Fee in an amount not to exceed \$30 per month, to be deposited into the Monitoring Device Driving Permit Administration Fee Fund. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. The offender must have an ignition interlock device installed within 14 days of the date the Secretary issues the MDDP. The ignition interlock device provider must notify the Secretary, in a manner and form prescribed by the Secretary, of the installation. If the Secretary does not receive notice of installation, the Secretary shall cancel the MDDP. Upon receipt of the notice, as provided in paragraph

(a) of this Section, the person may file a petition to decline issuance of the MDDP with the court of venue. The court shall admonish the offender of all consequences of declining issuance of the MDDP including, but not limited to, the enhanced penalties for driving while suspended. After being so admonished, the offender shall be permitted, in writing, to execute a notice declining issuance of the MDDP. This notice shall be filed with the court and forwarded by the clerk of the court to the Secretary. The offender may, at any time thereafter, apply to the Secretary for issuance of a MDDP. (a-1) A person issued a MDDP may drive for any purpose and at any time, subject to the rules adopted by the Secretary under subsection (g). The person must, at his or her own expense, drive only vehicles equipped with an ignition interlock device as defined in Section 1-129.1, but in no event shall such person drive a commercial motor vehicle. (a-2) Persons who are

issued a MDDP and must drive employer-owned vehicles in the course of their employment duties may seek permission to drive an employer-owned vehicle that does not have an ignition interlock device. The employer shall provide to the Secretary a form, as prescribed by the Secretary, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the Secretary, the form must be in the driver's possession while operating an employer-owned vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15 passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for personal use. No person may drive the exempted vehicle more than 12 hours per day, 6 days per week. (a-3) Persons who are issued a MDDP and who must drive a farm tractor to and from a farm, within 50 air miles from the originating farm are exempt from installation of a BAIID on the farm tractor, so long as the farm tractor is being used for the exclusive purpose of conducting farm operations.

(b) (Blank).

(c) (Blank). (c-1) If the holder of the MDDP is convicted of or receives court supervision for a violation of Section 6-206.2, 6-303, 11-204, 11-204.1, 11-401, 11-501, 11-503, 11-506 or a similar provision of a local ordinance or a similar out-of-state offense or is convicted of or receives court supervision for any offense for which alcohol or drugs is an element of the offense and in which a motor vehicle was involved (for an arrest other than the one for which the MDDP is issued), or de-installs the BAIID without prior authorization from the Secretary, the MDDP shall be cancelled. (c-5) If the Secretary determines that the person seeking the MDDP is indigent, the Secretary shall provide the person with a written document as evidence of that determination, and the person shall provide that written document to an ignition interlock device provider. The provider shall install an ignition interlock device on that person's vehicle without charge to the person, and seek reimbursement from the Indigent BAIID Fund. If the Secretary has deemed an offender indigent, the BAIID provider shall also provide the normal monthly monitoring services and the de-installation without charge to the offender and seek reimbursement from the Indigent BAIID Fund. Any other monetary charges, such as a lockout fee or reset fee, shall be the responsibility of the MDDP holder. A BAIID provider may not seek a security deposit from the Indigent BAIID Fund.

(d) MDDP information shall be available only to the courts, police officers, and the Secretary, except during the actual period the MDDP is valid, during which time it shall be a public record.

(e) (Blank).

(f) (Blank).

(g) The Secretary shall adopt rules for implementing this Section. The rules adopted shall address issues including, but not limited to: compliance with the requirements of the MDDP; methods for determining compliance with those requirements; the consequences of noncompliance with those requirements; what constitutes a violation of the MDDP; methods for determining indigency; and the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection

(g) shall provide, at a minimum, that the person is not in compliance with the requirements of the MDDP if he or she:

- (1) tampers or attempts to tamper with or circumvent the proper operation of the ignition interlock device;
- (2) provides valid breath samples that register blood alcohol levels in excess of the number of times allowed under the rules;
- (3) fails to provide evidence sufficient to satisfy the Secretary that the ignition interlock device has been installed in the designated vehicle or vehicles; or
- (4) fails to follow any other applicable rules adopted by the Secretary.

(i) Any person or entity that supplies an ignition interlock device as provided under this Section shall, in addition to supplying only those devices which fully comply with all the rules adopted under subsection (g), provide the Secretary, within 7 days of inspection, all monitoring reports of each person who has had an ignition interlock device installed. These reports shall be furnished in a manner or form as prescribed by the Secretary.

(j) Upon making a determination that a violation of the requirements of the MDDP has occurred, the Secretary shall extend the summary suspension period for an additional 3 months beyond the originally imposed summary suspension

period, during which time the person shall only be allowed to drive vehicles equipped with an ignition interlock device; provided further there are no limitations on the total number of times the summary suspension may be extended. The Secretary may, however, limit the number of extensions imposed for violations occurring during any one monitoring period, as set forth by rule. Any person whose summary suspension is extended pursuant to this Section shall have the right to contest the extension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. If the summary suspension has already terminated prior to the Secretary receiving the monitoring report that shows a violation, the Secretary shall be authorized to suspend the person's driving privileges for 3 months, provided that the Secretary may, by rule, limit the number of suspensions to be entered pursuant to this paragraph for violations occurring during any one monitoring period. Any person whose license is suspended pursuant to this paragraph, after the summary suspension had already terminated, shall have the right to contest the suspension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time, or has any combination of 3 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time, or has any combination of 4 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions or new suspension entered as a result of a violation that occurred while the person held a MDDP. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle. The impoundment or forfeiture of a vehicle shall be conducted pursuant to the procedure specified in Article 36 of the Criminal Code of 2012.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled, or would have been cancelled had notification of a violation been received prior to expiration of the MDDP, pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate. Instead, the person's driving privileges shall be suspended for a period of not less than twice the original summary suspension period, or for the length of any extensions entered under subsection (j), whichever is longer. During the period of suspension, the person shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may only operate vehicles equipped with a BAID in accordance with this Section.

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device, including monthly monitoring fees, into the Indigent BAID Fund. This 5% shall be clearly indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the surcharge is sufficient to provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the Secretary, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAID Fund.

(o) The Indigent BAID Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use all money in the Indigent BAID Fund to reimburse ignition interlock device providers who have installed devices in vehicles of indigent persons. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted. If the amount of money in the fund exceeds the amount necessary to pay all requests for reimbursement during that 3-month period, the Secretary shall disburse the excess to the providers on a pro rata basis.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

(q) The Secretary is authorized to prescribe such forms as it deems necessary to carry out the provisions of this Section.

If the person is convicted of a violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the

offense of reckless homicide, or a similar provision of a law of another state, the person may not make application for a license or permit until the expiration of 3 years from the date of the conviction. 2. This provision shall not apply to a spouse of the person who owns or has control of, or a co-owner of, a motor vehicle or to a bailee for hire. Any person convicted of violating this Section shall be guilty of a Class A misdemeanor.

625 ILCS 5/6-305 — Renting motor vehicle to another

Sec. 6-305. Renting motor vehicle to another.

(a) No person shall rent a motor vehicle to any other person unless the latter person, or a driver designated by a nondriver with disabilities and meeting any minimum age and driver's record requirements that are uniformly applied by the person renting a motor vehicle, is then duly licensed hereunder or, in the case of a nonresident, then duly licensed under the laws of the State or country of his residence unless the State or country of his residence does not require that a driver be licensed.

(b) No person shall rent a motor vehicle to another until he has inspected, including through electronic or digital means, the driver's license of the person to whom the vehicle is to be rented, or by whom it is to be driven, and verified the license is unexpired unless, in the case of a nonresident, the State or country wherein the nonresident resides does not require that a driver be licensed.

(c) No person shall rent a motorcycle to another unless the latter person is then duly licensed hereunder as a motorcycle operator, and in the case of a nonresident, then duly licensed under the laws of the State or country of his residence, unless the State or country of his residence does not require that a driver be licensed. (c-1) A rental car company that rents a motor vehicle shall ensure that the renter is provided with an emergency telephone number to personnel capable of fielding roadside assistance and other customer service inquiries, including the ability to provide the caller with the telephone number of the location from which the vehicle was rented, if requested by the caller. If an owner's manual is not available in the vehicle at the time of the rental, an owner's manual for that vehicle or a similar model shall be accessible by the personnel answering the emergency telephone number for assistance with inquiries about the operation of the vehicle.

(d) (Blank).

(e) (Blank).

(f) Subject to subsection (l), any person who rents a motor vehicle to another shall only advertise, quote, and charge a rental rate that includes the entire amount except taxes, a mileage charge, and airport concession charge, if any, which a renter must pay to hire or lease the vehicle for the period of time to which the rental rate applies. The person must provide, on the request of the renter, based on the available information, an estimated total of the daily rental rate, including all applicable taxes, fees, and other charges, or an estimated total rental charge, based on the return date of the vehicle noted on the rental agreement. Further, if the rental agreement does not already provide an estimated total rental charge, the following statement must be included in the rental agreement: "NOTICE: UNDER ILLINOIS LAW, YOU MAY REQUEST, BASED ON AVAILABLE INFORMATION, AN ESTIMATED TOTAL DAILY RENTAL RATE, INCLUDING TAXES, FEES, AND OTHER CHARGES, OR AN ESTIMATED TOTAL RENTAL CHARGE, BASED ON THE VEHICLE RETURN DATE NOTED ON THIS AGREEMENT." Such person shall not charge in addition to the rental rate, taxes, mileage charge, and airport concession charge, if any, any fee which must be paid by the renter as a condition of hiring or leasing the vehicle, such as, but not limited to, required fuel or airport surcharges, nor any fee for transporting the renter to the location where the rented vehicle will be delivered to the renter. In addition to the rental rate, taxes, mileage charge, and airport concession charge, if any, such person may charge for an item or service provided in connection with a particular rental transaction if the renter can avoid incurring the charge by choosing not to obtain or utilize the optional item or service. Items and services for which such person may impose an additional charge include, but are not limited to, optional insurance and accessories requested by the renter, service charges incident to the renter's optional return of the vehicle to a location other than the location where the vehicle was hired or leased, and charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental. "Airport concession charge" means a charge or fee imposed and collected from a renter to reimburse the motor vehicle rental company for the concession fee it is required to pay to a local government corporate authority or airport authority to rent motor vehicles at the airport facility. The airport concession charge is in addition to any customer facility charge or any other charge. (f-5) A rental car company that offers a renter the opportunity to use a transponder or other electronic tolling device shall notify the renter of the opportunity to use the device at or before the beginning of the rental agreement. If a vehicle offered by a rental car company is equipped with a transponder or other electronic tolling device and the company fails to notify the renter of the option to use the device, the rental car company shall not:

(1) charge a renter a fee of more than \$2 each day for the use of a transponder or other electronic tolling device; however, the company may recoup the actual cost incurred for any toll; and

(2) charge a renter a daily fee on any day the renter does not drive through an electronic toll or only drives through an electronic toll collection system for which no alternative payment option exists.

(g) Every person renting a motor vehicle to another shall keep a record of the registration number of the motor vehicle so rented, the name and address of the person to whom the vehicle is rented, the number of the license, if any, of said latter person, and the place where the license, if any, was issued. Such record may be maintained in an electronic or digital format, and shall be open to inspection by any police officer or designated agent of the Secretary of State.

(h) A person licensed as a new car dealer under Section 5-101 of this Code shall not be subject to the provisions of this Section regarding the rental of private passenger motor vehicles when providing, free of charge, temporary substitute vehicles for customers to operate during a period when a customer's vehicle, which is either leased or owned by that customer, is being repaired, serviced, replaced or otherwise made unavailable to the customer in accordance with an agreement with the licensed new car dealer or vehicle manufacturer, so long as the customer orally or in writing is made aware that the temporary substitute vehicle will be covered by his or her insurance policy and the customer shall only be liable to the extent of any amount deductible from such insurance coverage in accordance with the terms of the policy.

(i) This Section, except the requirements of subsection (g), also applies to rental agreements of 30 continuous days or less involving a motor vehicle that was delivered by an out of State person or business to a renter in this State.

(j) A public airport may, if approved by its local government corporate authorities or its airport authority, impose a customer facility charge upon customers of rental car companies for the purposes of financing, designing, constructing, operating, and maintaining consolidated car rental facilities and common use transportation equipment and facilities, which are used to transport the customer, connecting consolidated car rental facilities with other airport facilities.

Notwithstanding subsection

(f) of this Section, the customer facility charge shall be collected by the rental car company as a separate charge, and clearly indicated as a separate charge on the rental agreement and invoice. Facility charges shall be immediately deposited into a trust account for the benefit of the airport and remitted at the direction of the airport, but not more often than once per month. The charge shall be uniformly calculated on a per-contract or per-day basis. Facility charges imposed by the airport may not exceed the reasonable costs of financing, designing, constructing, operating, and maintaining the consolidated car rental facilities and common use transportation equipment and facilities and may not be used for any other purpose. Notwithstanding any other provision of law, the charges collected under this Section are not subject to retailer occupation, sales, use, or transaction taxes.

(k) When a rental car company states a rental rate in any of its rate advertisements, its proprietary computer reservation systems, or its in-person quotations intended to apply to an airport rental, a company that collects from its customers a customer facility charge for that rental under subsection

(j) shall do all of the following:

(1) Clearly and conspicuously disclose in any radio, television, or other electronic media advertisements the existence and amount of the charge if the advertisement is intended for rentals at an airport imposing the charge or, if the advertisement covers an area with multiple airports with different charges, a range of amounts of customer facility charges if the advertisement is intended for rentals at an airport imposing the charge.

(2) Clearly and conspicuously disclose in any print rate advertising the existence and amount of the charge if the advertisement is intended for rentals at an airport imposing the charge or, if the print rate advertisement covers an area with multiple airports with different charges, a range of amounts of customer facility charges if the advertisement is intended for rentals at an airport imposing the charge.

(3) Clearly and conspicuously disclose the existence and amount of the charge in any telephonic, in-person, or computer-transmitted quotation from the rental car company's proprietary computer reservation system at the time of making an initial quotation of a rental rate if the quotation is made by a rental car company location at an airport imposing the charge and at the time of making a reservation of a rental car if the reservation is made by a rental car company location at an airport imposing the charge.

(4) Clearly and conspicuously display the charge in any proprietary computer-assisted reservation or transaction directly between the rental car company and the customer, shown or referenced on the same page on the computer screen viewed by the customer as the displayed rental rate and in a print size not smaller than the print size of the rental rate.

(5) Clearly and conspicuously disclose and separately identify the existence and amount of the charge on its rental agreement.

(6) A rental car company that collects from its customers a customer facility charge under subsection

(j) and engages in a practice which does not comply with subsections (f), (j), and

(k) commits an unlawful practice within the meaning of the Consumer Fraud and Deceptive Business Practices Act.

(l) Notwithstanding subsection (f), any person who rents a motor vehicle to another may, in connection with the rental of a motor vehicle to

(i) a business renter or (ii) a business program sponsor under the sponsor's business program, do the following:

(1) separately quote, by telephone, in person, or by computer transmission, additional charges for the rental; and

(2) separately impose additional charges for the rental. (l-5) A person licensed under Section 5-101, 5-101.2, or 5-102 of this Code shall not participate in a rental-purchase agreement vehicle program unless the licensee retains the vehicle in his or her name and retains proof of proper vehicle registration under Chapter 3 of this Code and liability insurance under Section 7-601 of this Code. The licensee shall transfer ownership of the vehicle to the renter within 20 calendar days of the agreed-upon date of completion of the rental-purchase agreement. If the licensee fails to transfer ownership of the vehicle to the renter within the 20 calendar days, then the renter may apply for the vehicle's title to the Secretary of State by providing the Secretary the rental-purchase agreement, an application for title, the required title fee, and any other documentation the Secretary deems necessary to determine ownership of the vehicle. For purposes of this subsection (l-5), "rental-purchase agreement" has the meaning set forth in Section 1 of the Rental-Purchase Agreement Act.

(m) As used in this Section:

(1) "Additional charges" means charges other than:

(i) a per period base rental rate; (ii) a mileage charge; (iii) taxes; or (iv) a customer facility charge.

(2) "Business program" means: (A) a contract between a person who rents motor vehicles and a business program sponsor that establishes rental rates at which the person will rent motor vehicles to persons authorized by the sponsor; or (B) a plan, program, or other arrangement established by a person who rents motor vehicles at the request of, or with the consent of, a business program sponsor under which the person offers to rent motor vehicles to persons authorized by the sponsor on terms that are not the same as those generally offered by the rental company to the public.

(3) "Business program sponsor" means any legal entity other than a natural person, including a corporation, limited liability company, partnership, government, municipality or agency, or a natural person operating a business as a sole proprietor.

(4) "Business renter" means any person renting a motor vehicle for business purposes or, for any business program sponsor, a person who is authorized by the sponsor to enter into a rental contract under the sponsor's business program. "Business renter" does not include a person renting as: (A) a non-employee member of a not-for-profit organization; (B) the purchaser of a voucher or other prepaid rental arrangement from a person, including a tour operator, engaged in the business of reselling those vouchers or prepaid rental arrangements to the general public; (C) an individual whose car rental is eligible for reimbursement in whole or in part as a result of the person being insured or provided coverage under a policy of insurance issued by an insurance company; or (D) an individual whose car rental is eligible for reimbursement in whole or in part as a result of the person purchasing motor vehicle repair services from a person licensed to perform those services.

625 ILCS 5/6-305.1 — Unlawful subleasing of a motor vehicle

Sec. 6-305.1. Unlawful subleasing of a motor vehicle.

(a) It is unlawful for any person who is not a party to a lease contract, conditional sale contract, or security agreement which transfers any right or interest in a motor vehicle to:

(1) obtain or exercise control over a motor vehicle and then sell, transfer, assign, or lease the motor vehicle to another person without first obtaining written authorization from the secured creditor, lessor, or lienholder for the sale, transfer, assignment, or lease if he receives compensation or other consideration for the sale, transfer, assignment, or lease of the motor vehicle; or

(2) assist, cause, or arrange the actual or purported sale, transfer, assignment, or lease of a motor vehicle to another person without first obtaining written authorization from the secured creditor, lessor, or lienholder for the sale, transfer, assignment, or lease if he receives compensation or other consideration for assisting, causing, or arranging the sale, transfer, assignment, or lease of the motor vehicle.

(3) this subsection shall not apply to any employee acting upon request of his employer.

(b) Any person who violates the provisions of this Section is guilty of a Class A misdemeanor.

(c) Notwithstanding any other remedy or relief to which a person is entitled, anyone suffering damage as a result of a violation of this Section may bring an action to recover or obtain actual damages, equitable relief, including, but not limited to, an injunction or restitution of money and property, reasonable attorney's fees and costs, and any other relief the court deems proper.

625 ILCS 5/6-305.2 — Limited liability for damage

Sec. 6-305.2. Limited liability for damage.

(a) Damage to private passenger vehicle. A person who rents a motor vehicle to another may hold the renter liable for physical or mechanical damage to the rented motor vehicle that occurs during the time the motor vehicle is under the rental agreement.

(b) Limits on liability due to theft for a vehicle having an MSRP of \$50,000 or less. The total liability of a renter who rents from another a motor vehicle that has an MSRP of \$50,000 or less and that is stolen shall be the actual and reasonable costs incurred by the loss due to theft of the rental motor vehicle up to \$5,000; provided, however, that if it is established that the renter or authorized driver failed to exercise ordinary care while in possession of the vehicle or that the renter or authorized driver committed or aided and abetted the commission of a theft, then the damages shall be the actual and reasonable costs of the rental vehicle up to its fair market value, as determined by the customary market for the sale of the vehicle. Beginning June 1, 2000, and annually each June 1 thereafter, the maximum amount that may be recovered

from an authorized driver under this subsection

(b) shall be increased by \$500 above the maximum recovery allowed immediately prior to June 1 of that year. (b-5) Limits on liability due to theft for a vehicle having an MSRP of more than \$50,000. The total liability of a renter who rents from another a motor vehicle that has an MSRP of more than \$50,000 and that is stolen shall be the actual and reasonable cost incurred by the loss due to theft of the rental motor vehicle up to \$40,000; provided, however that if it is established that the renter or authorized driver failed to exercise ordinary care while in possession of the vehicle or that the renter or authorized driver committed or aided and abetted the commission of a theft, then the damages shall be the actual and reasonable costs of the rental vehicle up to its fair market value, as determined by the customary market for the sale of the vehicle. The maximum recovery for a motor vehicle with a Manufacturer's Suggested Retail Price (MSRP) of more than \$50,000 under this subsection (b-5) shall not exceed \$40,000 on the effective date of this amendatory Act of the 99th General Assembly. On October 1, 2016, and for the next 3 years thereafter, the maximum amount that may be recovered from an authorized driver under this subsection (b-5) shall be increased by \$2,500 above the prior year's maximum recovery. On October 1, 2020, and for each year thereafter, the maximum amount that may be recovered from an authorized driver under this subsection (b-5) shall be increased by \$1,000 above the prior year's maximum recovery. (b-10) Beginning on the effective date of this amendatory Act of the 103rd General Assembly and for 6 months after, a person who rents a motor vehicle to another shall provide notice to the renter of the motor vehicle of the changes reflected in this amendatory Act of the 103rd General Assembly. The notice shall be posted in a conspicuous and unobscured place that is separate and apart from any other information.

(c) Multiple recoveries prohibited. Any person who rents a motor vehicle to another may not hold the renter liable for any amounts that the rental company recovers from any other party.

(d) Repair estimates. A person who rents a motor vehicle to another may not collect or attempt to collect the amount described in subsection

(b) or (b-5) unless the rental company obtains an estimate from a repair company or an appraiser in the business of providing such appraisals on the costs of repairing the motor vehicle, makes a copy of the estimate available upon request to the renter who may be liable under subsection (a), or the insurer of the renter, and submits a copy of the estimate with any claim to collect the amount described in subsection

(b) or (b-5). In order to collect the amount described in subsection (b-5), a person renting a motor vehicle to another must also provide the renter's personal insurance company with reasonable notice and an opportunity to inspect damages.

(d-5) In the event of loss due to theft of the rental motor vehicle with a MSRP more than \$50,000, the rental company shall provide reasonable notice of the theft to the renter's personal insurance company.

(e) Duty to mitigate. A claim against a renter resulting from damage or loss to a rental vehicle must be reasonably and rationally related to the actual loss incurred. A rental company shall mitigate damages where possible and shall not assert or collect any claim for physical damage which exceeds the actual costs of the repair, including all discounts or price reductions.

(f) No rental company shall require a deposit or an advance charge against the credit card of a renter, in any form, for damages to a vehicle which is in the renter's possession, custody, or control. No rental company shall require any payment for damage to the rental vehicle, upon the renter's return of the vehicle in a damaged condition, until after the cost of the damage to the vehicle and liability therefor is agreed to between the rental company and renter or is determined pursuant to law.

(g) If insurance coverage exists under the renter's personal insurance policy and the coverage is confirmed during regular business hours, the renter may require that the rental company must submit any claims to the renter's personal insurance carrier as the renter's agent. The rental company shall not make any written or oral representations that it will not present claims or negotiate with the renter's insurance carrier. For purposes of this Section, confirmation of coverage includes telephone confirmation from insurance company representatives during regular business hours. After confirmation of coverage, the amount of claim shall be resolved between the insurance carrier and the rental company.

"Motor vehicle" means motor vehicles of the first division and motor vehicles of the second division weighing not more than 8,000 pounds. "Vehicle license cost recovery fee" or "VLCRF" means a charge that may be separately stated and charged on a rental agreement in a vehicle rental transaction originating in Illinois to recover costs incurred either directly or indirectly by a motor vehicle rental company to license, title, register, and inspect motor vehicles.

(b) Motor vehicle rental companies may include a separately stated mandatory surcharge or fee in a rental agreement for vehicle license cost recovery fees (VLCRF) and all applicable taxes.

(c) If a motor vehicle rental company includes a VLCRF as separately stated charge in a rental agreement, the amount of the fee must represent the motor vehicle rental company's good-faith estimate of the automobile rental company's daily charge as calculated by the motor vehicle rental company to recover its actual total annual motor vehicle titling, registration, and inspection costs.

(d) If the total amount of the VLCRF collected by a motor vehicle rental company under this Section in any calendar year exceeds the motor vehicle rental company's actual costs to license, title, register, and inspect for that calendar year, the motor vehicle rental company shall do both of the following:

(1) Retain the excess amount; and

(2) Adjust the estimated average per vehicle titling, licensing, inspection, and registration charge for the following calendar year by a corresponding amount.

(e) Nothing in subsection

(d) of this Section shall prevent a motor vehicle rental company from making adjustments to the VLCRF during the calendar year.

625 ILCS 5/6-306.8 — Failure to satisfy fines or penalties for toll bridge violations; suspension of driving privileges

Sec. 6-306.8. Failure to satisfy fines or penalties for toll bridge violations; suspension of driving privileges.

(a) Notwithstanding any law to the contrary, upon the Secretary's receipt of a report, as described in subsection (b), from a private tolling authority stating that the owner of a registered vehicle has failed to satisfy any fees, fines, charges, or penalties resulting from a final invoice or notice by the private tolling authority relating directly or indirectly to 5 or more toll violations, the Secretary shall suspend the driving privileges of the person in accordance with the procedures set forth in this Section.

(b) The report from the private tolling authority notifying the Secretary of unsatisfied fees, fines, charges, or penalties may be generated by the private tolling authority and received by the Secretary by automated process. The report shall contain the following:

(1) The name, last known address, and driver's license number of the person who failed to satisfy the fees, fines, charges, or penalties, and the registration number of any vehicle known to be registered in this State to that person.

(2) A statement that the private tolling authority sent a notice of impending suspension of the person's driver's license to the person named in the report at the address recorded with the Secretary; the date on which the notice was sent; and the address to which the notice was sent.

(c) Following the Secretary's receipt of a report described in subsection (b), the Secretary shall notify the person whose name appears on the report that the person's driver's license will be suspended at the end of a specified period unless the Secretary is presented with a notice from the private tolling authority stating that the fees, fines, charges, or penalties owed to the private tolling authority have been satisfied or that inclusion of that person's name on the report described in subsection

(b) was in error. The Secretary's notice shall state in substance the information contained in the private tolling authority's report to the Secretary described in subsection (b), and shall be effective as specified by subsection

(c) of Section 6-211, except as to those drivers who also have been issued a CDL. If a person also has been issued a CDL, notice of suspension of that person's driver's license must be given in writing by certified mail and is effective on the date listed in the notice of suspension, except that the notice is not effective until 4 days after the date on which the notice was deposited into the United States mail. The notice becomes effective 4 days after its deposit into the United States mail regardless of whether the Secretary of State receives the return receipt and regardless of whether the written notification is returned for any reason to the Secretary of State as undeliverable.

(d) The private tolling authority, after making a report to the Secretary described in subsection (b), shall notify the Secretary, on a form prescribed by the Secretary or by automated process, whenever a person named in the report has satisfied the previously reported fees, fines, charges, or penalties or whenever the private tolling authority determines that the original report was in error. A copy of the notification shall also be given upon request and at no additional charge to the person named therein. Upon receipt of the private tolling authority's notification, the Secretary shall lift the suspension.

(e) The private tolling authority shall establish procedures for persons to challenge the accuracy of the report described in subsection (b). The procedures shall provide the grounds for a challenge, which may include:

(1) the person not having been the owner or lessee of the vehicle or vehicles receiving 5 or more toll violations on the date or dates the violations occurred; or

(2) the person having already satisfied the fees, fines, charges, or penalties for the 5 or more toll violations indicated on the report described in subsection (b).

(f) The Secretary and the Authority may promulgate rules necessary to implement this Section.

(g) The Secretary, the Authority, and the private tolling authority shall cooperate with one another in the administration and implementation of this Section.

(h) The Secretary shall provide the Authority and the private tolling authority with any information the Authority or the private tolling authority may deem necessary for purposes of this Section or for the private tolling authority's invoicing, collection, and administrative functions, including regular and timely access to driver's license, vehicle registration, and license plate information, and the Secretary's driver, title, and vehicle record databases. Section 2-123 does not apply to the provision of such information, but the Secretary shall be entitled to reimbursement for its costs in providing such information.

(i) The Authority shall provide the Secretary and the private tolling authority with any information the Secretary or the private tolling authority may deem necessary for purposes of this Section or for the private tolling authority's invoicing, collection, and administrative functions, including regular and timely access to toll violation records.

(j) As used in this Section: "Authority" means the Illinois State Toll Highway Authority. "Private tolling authority" means the owner, lessee, licensee, or operator of a toll bridge authorized under the Toll Bridge Act. "Secretary" means the Illinois Secretary of State.

625 ILCS 5/6-307 — Injunctions

Sec. 6-307. Injunctions. If any person operates in violation of any provision of this Chapter, or any rule, regulation, order or decision of the Secretary of State, or of any term, condition or limitation of any license, the Secretary of State, or any person injured thereby, or any interested person, may apply to the Circuit Court of the county in which such violation or some part thereof occurred, or in which the person complained of has his place of business or resides, to prevent such violation. The Court has jurisdiction to enforce obedience by injunction or other process restraining such person from further violation and enjoining upon him obedience.

625 ILCS 5/6-308 — Procedures for traffic violations

Sec. 6-308. Procedures for traffic violations.

(a) Any person cited for violating this Code or a similar provision of a local ordinance for which a violation is a petty offense as defined by Section 5-1-17 of the Unified Code of Corrections, excluding business offenses as defined by Section 5-1-2 of the Unified Code of Corrections or a violation of Section 15-111 or subsection

(d) of Section 3-401 of this Code, shall not be required to sign the citation for his or her release. All other provisions of this Code or similar provisions of local ordinances shall be governed by the pretrial release provisions of the Illinois Supreme Court Rules when it is not practical or feasible to take the person before a judge to have conditions of pretrial release set or to avoid undue delay because of the hour or circumstances.

(b) Whenever a person fails to appear in court, the court may continue the case for a minimum of 30 days and the clerk of the court shall send notice of the continued court date to the person's last known address and, if the clerk of the court elects to establish a system to send text, email, and telephone notifications, may also send notifications to an email address and may send a text message to the person's last known cellular telephone number. If the person does not have a cellular telephone number, the clerk of the court may reach the person by calling the person's last known landline telephone number regarding continued court dates. The notice shall include a statement that a subsequent failure to appear in court could result in a warrant for the defendant's arrest and other significant consequences affecting their driving privileges. If the person does not

(i) appear in court on or before the continued court date, (ii) satisfy the charge without a court appearance if allowed by Illinois Supreme Court Rule, or (iii) satisfy the court that the person's appearance in and surrender to the court is impossible for no fault of the person, the court shall:

(1) for those offenses under this Code that are punishable by fine only, enter an ex parte judgment of conviction imposing a single assessment, specified in the applicable assessment Schedule 10 or 10.5 for the charged offense, as provided in the Criminal and Traffic Assessment Act, plus a fine allowed by statute and the clerk of the court shall notify the Secretary of State, in a manner and form prescribed by the Secretary, of the court's order, or

(2) for those offenses under this Code that are punishable by a sentence of imprisonment, enter an order of failure to appear. The clerk of the court shall notify the Secretary of State, on a report prescribed by the Secretary, of the court's order. The Secretary, when notified by the clerk of the court that an order of failure to appear has been entered, shall immediately suspend the person's driver's license, which shall be designated by the Secretary as a failure to appear suspension. The Secretary shall not remove the suspension, nor issue any permit or privileges to the person whose license has been suspended, until the Secretary is notified by the ordering court that the person has appeared and resolved the violation or failure to appear order. Upon compliance, the clerk of the court shall present the person with a notice of compliance containing the seal of the court and shall notify the Secretary that the person has appeared and resolved the violation or failure to appear order.

(c) Illinois Supreme Court Rules shall govern pretrial release and appearance procedures when a person who is a resident of another state that is not a member of the Nonresident Violator Compact of 1977 is cited for violating this Code or a similar provision of a local ordinance. The changes made to this Section by Public Act 103-0789 do not apply to suspensions entered pursuant to the Nonresident Violator Compact of 1977.

(d) The changes made to this Section by Public Act 103-789 apply to each individual whose license was suspended pursuant to this Section from January 1, 2020 through June 30, 2025 for an offense under this Code that is punishable only by fine and did not involve the death of another person. No later than October 1, 2025, the clerk of the court shall notify the Secretary of State in a manner and form prescribed by the Secretary, of each failure to appear notification previously sent to the Secretary by the clerk of the court resulting from an offense that is punishable only by fine and did not involve the death of another person for which a notice of compliance had not been sent to the Secretary. No later than January 1, 2026, the Secretary shall rescind the suspension of each driver identified by the clerk of the court under this subsection

(b) Upon receipt of: the notice of a CDL disqualification not based upon a conviction; an out-of-service order; or notification that a CDL disqualification is forthcoming, the person may make a written petition in a form, approved by the Secretary of State, for a CDL hearing with the Secretary if the stop or arrest occurred in a commercial motor vehicle. Such petition must state the grounds upon which the person seeks to have the CDL disqualification rescinded or the out-of-service order removed from the person's driving record. Within 10 days after the receipt of such petition, it shall be reviewed by the Director of the Department of Administrative Hearings, Office of the Secretary of State, or by an appointed designee. If it is determined that the petition on its face does not state grounds upon which the relief may be based, the petition for a CDL hearing shall be denied and the disqualification shall become effective as if no petition had been filed and the out-of-service order shall be sustained. Whether the person was warned that if the test or tests disclosed an alcohol concentration of 0.08 or more or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act or a controlled substance listed in the Illinois Controlled Substances Act or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, such results could be admissible in a subsequent prosecution under Section 11-501 of this Code or similar provision of local ordinances; and 6. (f) Any evidence of alcohol or other drug consumption, for the purposes of this UCDLA, shall be sufficient probable cause for requesting the driver to submit to a chemical test or tests to determine the presence of alcohol, other drug, or both in the person's system and the subsequent issuance of an out-of-service order or a Sworn Report by a police officer.

(g) For the purposes of this UCDLA, a CDL "hearing" shall mean a hearing before the Office of the Secretary of State in accordance with Section 2-118 of this Code, for the purpose of resolving differences or disputes specifically related to the scope of the issues identified in this Section relating to the operation of a commercial motor vehicle. (c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

625 ILCS 5/6-701 — Findings and declaration of policy

Sec. 6-701. Findings and declaration of policy.

(a) The party states find that: 1. The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles. 2. Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property. 3. The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to: 1. Promote compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles. 2. Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

625 ILCS 5/6-702 — Reports of Conviction

Sec. 6-702. Reports of Conviction. The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in

connection therewith.

625 ILCS 5/6-703 — Effect of conviction

Sec. 6-703. Effect of conviction.

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Section 6-702, as it would if such conduct had occurred in the home state, in the case of convictions for: 1. Manslaughter or negligent homicide resulting from the operation of a motor vehicle; 2. Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle; 3. Any felony in the commission of which a motor vehicle is used; 4. Failure to stop and render aid in the event of a motor vehicle crash resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Section 6-702, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in paragraph

(a) of this Section, such party state shall construe the denominations and descriptions appearing in paragraph

(a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provision as may be necessary to ensure that full force and effect is given to this Section.

625 ILCS 5/6-704 — Applications for new licenses

Sec. 6-704. Applications for new licenses. Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if: 1. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated. 2. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways. 3. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders this license, except that if an applicant is applying only for a non-domiciled commercial learner's permit or non-domiciled commercial driver's license, the applicant is not required to surrender the license issued by the applicant's state or country of domicile. .)

625 ILCS 5/6-705 — Applicability of Other Laws

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 6 months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

625 ILCS 5/6-708 — Construction and Severability

Sec. 6-708. Construction and Severability.

(a) This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

(b) As used in the compact, the term "licensing authority" with reference to this state, means the Secretary of State. The Secretary of State shall furnish to the appropriate authorities of any other party state any information or documents reasonably necessary to facilitate the administration of Sections 6-702, 6-703 and 6-704 of the compact.

(c) The compact administrator provided for in Section 6-706 of the compact shall not be entitled to any additional compensation on account of his service as such administrator, but shall be entitled to expenses incurred in connection with his duties and responsibilities as such administrator, in the same manner as for expenses incurred in connection with any other duties or responsibilities of his office or employment.

625 ILCS 5/6-801 — Findings, Declaration of Policy and Purpose

Sec. 6-801. Findings, Declaration of Policy and Purpose.

(a) The party jurisdictions find that: 1. In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than the motorist's home jurisdiction:

(i) Must post collateral or bond to secure appearance for trial at a later date; or (ii) If unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or (iii) Is taken directly to court for immediate disposition. 2. A motorist receiving a traffic citation in the motorist's home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation, voluntarily deposit a valid driver's license and immediately continue after promising or being instructed to comply with the terms of the citation. 3. The purpose of the practices described in subsections 1 and 2 of paragraph

(a) is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue after receiving the traffic citation, could return to the motorist's home jurisdiction and disregard any duty under the terms of the traffic citation. 4. The practice described in subsection 1 of paragraph

(a) causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some arrangement can be made. 5. The deposit of a driver's license as a bail bond, as described in subsection 2 of paragraph (a), is viewed with disfavor. 6. The practices described herein consume an undue amount of law enforcement time.

(b) It is the policy of the party jurisdictions to: 1. Seek compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions. 2. Allow a motorist to accept a traffic citation for certain violations and proceed without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued. 3. Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction. 4. Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

(c) The purpose of the Compact is to: 1. Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in paragraph

(b) above in a uniform and orderly manner. 2. Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

(b) of this Section, require the motorist to post collateral to secure appearance, if the officer receives the motorist's personal recognizance to comply with the terms of the citation.

(b) Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it must take place according to law, following issuance of the citation.

(c) Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply, in a manner prescribed by the Secretary, to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with procedures specified by the Secretary and shall contain information as specified by the Secretary as minimum requirements for effective processing by the home jurisdiction.

Such suspension shall continue until such resident furnishes evidence of compliance with the law of such other state relating to the deposit of such security.

The clerk of a court, or the judge of a court which has no clerk, or the judgment creditor or his or her attorney of record shall forward to the Secretary of State, on a form prescribed by the Secretary, a certified record of any judgment for damages, the rendering and nonpayment of which judgment required the suspension of the driver's license and registrations in the name of the judgment debtor hereunder, such record to be forwarded to the Secretary of State upon request by the plaintiff after the expiration of 30 days after such judgment has become final and when such judgment has not been stayed or satisfied within the amounts specified in this Article as shown by the records of the Court.

625 ILCS 5/7-308 — Action in respect to nonresident for nonpayment of judgment

Sec. 7-308. Action in respect to nonresident for nonpayment of judgment.

(a) If a person, whose failure to satisfy a judgment within 30 days after the same became final would require a suspension or revocation hereunder in respect to a resident, shall not be a resident of this State, such nonresident shall not operate any motor vehicle in this State, nor shall any motor vehicle owned by such nonresident be operated in this State by any person and the Secretary of State shall not issue to such nonresident a driver's license and shall not register any motor vehicle owned by such nonresident unless and until such nonresident shall give proof of financial responsibility and shall satisfy any such judgment as required with respect to a resident of this State.

The proof is to be maintained by the judgment debtor, in a manner satisfactory to the Secretary of State, for a period of 3 years after the date on which the proof is first filed. A petition for discharge filed in bankruptcy of the owner or lessee of a commercial vehicle by whom the judgment debtor is employed at the time of the motor vehicle crash that gives rise to the judgment also shall relieve the judgment debtor so employed from any of the requirements of this Chapter 7 if the discharge of the owner or lessee follows the rendering of the judgment and if the judgment debtor so employed was operating the commercial vehicle in connection with his or her regular employment or occupation at the time of the crash. (b) The Secretary of State shall not suspend the driver's license, registration or nonresident's operating privilege, and any suspended driver's license or registration following nonpayment of a final judgment shall be restored when the judgment debtor gives proof of financial responsibility and when the judgment debtor obtains an order from the trial court permitting

All electronic certificates must be submitted in a manner satisfactory to the Secretary of State.

(b) Such certificate or certificates shall give the dates of issuance and expiration of such policy or policies and certify that the same shall not be canceled unless 15 days' prior electronic notice thereof be given to the Secretary of State and shall explicitly describe all motor vehicles covered thereby unless the policy or policies are issued to a person who is not the owner of a motor vehicle.

(c) The Secretary of State shall not accept any certificate or certificates unless the same shall cover all motor vehicles then registered in this State in the name of the person furnishing such proof as owner and an additional certificate or certificates shall be required as a condition precedent to the subsequent registration of any motor vehicle or motor vehicles in the name of the person giving such proof as owner.

Any nonresident owner of a motor vehicle not registered in this State may give proof of financial responsibility by filing with the Secretary of State a certificate or certificates of an insurance carrier authorized to transact business in the state or province of the Dominion of Canada in which the motor vehicle or motor vehicles described in such certificate are registered, or if such nonresident does not own a motor vehicle then in the state or province of the Dominion of Canada in which the insured resides, and otherwise conforming to the provisions of this Code, and the Secretary of State shall accept the same if such carrier shall: 1. Execute a power of attorney authorizing the Secretary of State to accept service on its behalf of notice of process in any action arising out of a motor vehicle crash in this State; 2. Duly adopt a resolution which shall be binding upon it declaring that its policies shall be deemed to be varied to comply with the laws of this State relating to the terms of motor vehicle liability policies as required by Section 7-317; and 3. 625 ILCS 5/7-317 — "Motor vehicle liability policy" defined

Sec. 7-317. "Motor vehicle liability policy" defined.

(a) Certification. --A "motor vehicle liability policy", as that term is used in this Act, means an "owner's policy" or an "operator's policy" of liability insurance, certified as provided in Section 7-315 or Section 7-316 as proof of financial responsibility for the future, and issued, except as otherwise provided in Section 7-316, by an insurance carrier duly authorized to transact business in this State, to or for the benefit of the person named therein as insured.

(b) Owner's Policy. --Such owner's policy of liability insurance: 1. Shall designate by explicit description or by appropriate reference, all motor vehicles with respect to which coverage is thereby intended to be granted; 2. Shall insure the person named therein and any other person using or responsible for the use of such motor vehicle or vehicles with the express or implied permission of the insured; 3. Shall insure every named insured and any other person using or responsible for the use of any motor vehicle owned by the named insured and used by such other person with the express or implied permission of the named insured on account of the maintenance, use or operation of any motor vehicle owned by the named insured, within the continental limits of the United States or the Dominion of Canada against loss from liability imposed by law arising from such maintenance, use or operation, to the extent and aggregate amount, exclusive of interest and cost, with respect to each motor vehicle, of \$25,000 for bodily injury to or death of one person as a result of any one crash and, subject to such limit as to one person, the amount of \$50,000 for bodily injury to or death of all persons as a result of any one crash and the amount of \$20,000 for damage to property of others as a result of any one crash. The changes to this paragraph made by this amendatory Act of the 98th General Assembly apply only to policies issued or renewed on or after January 1, 2015.

(c) Operator's Policy. --When an operator's policy is required, it shall insure the person named therein as insured against the liability imposed by law upon the insured for bodily injury to or death of any person or damage to property to the amounts and limits above set forth and growing out of the use or operation by the insured within the continental limits of the United States or the Dominion of Canada of any motor vehicle not owned by him.

(d) Required Statements in Policies. --Every motor vehicle liability policy must specify the name and address of the insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement that the insurance thereunder is provided in accordance with the coverage defined in this Act, as respects bodily injury and death or property damage or both, and is subject to all the provisions of this Act.

(e) Policy Need Not Insure Workers' Compensation. --Any liability policy or policies issued hereunder need not cover any liability of the insured assumed by or imposed upon the insured under any workers' compensation law nor any liability for damage to property in charge of the insured or the insured's employees.

(f) Provisions Incorporated in Policy. --Every motor vehicle liability policy is subject to the following provisions which need not be contained therein: 1. The liability of the insurance carrier under any such policy shall become absolute whenever

loss or damage covered by the policy occurs and the satisfaction by the insured of a final judgment for such loss or damage shall not be a condition precedent to the right or obligation of the carrier to make payment on account of such loss or damage. 2. No such policy may be cancelled or annulled as respects any loss or damage, by any agreement between the carrier and the insured after the insured has become responsible for such loss or damage, and any such cancellation or annulment shall be void. 3. The insurance carrier shall, however, have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in the policy. 4. The policy, the written application therefor, if any, and any rider or endorsement which shall not conflict with the provisions of this Act shall constitute the entire contract between the parties.

(g) Excess or Additional Coverage. --Any motor vehicle liability policy may, however, grant any lawful coverage in excess of or in addition to the coverage herein specified or contain any agreements, provisions, or stipulations not in conflict with the provisions of this Act and not otherwise contrary to law.

(h) Reimbursement Provision Permitted. --The policy may provide that the insured, or any other person covered by the policy shall reimburse the insurance carrier for payment made on account of any loss or damage claim or suit involving a breach of the terms, provisions or conditions of the policy; and further, if the policy shall provide for limits in excess of the limits specified in this Act, the insurance carrier may plead against any plaintiff, with respect to the amount of such excess limits of liability, any defense which it may be entitled to plead against the insured.

(i) Proration of Insurance Permitted. --The policy may provide for the pro-rating of the insurance thereunder with other applicable valid and collectible insurance.

(j) Binders. --Any binder pending the issuance of any policy, which binder contains or by reference includes the provisions hereunder shall be sufficient proof of ability to respond in damages.

(k) Copy of Policy to Be Filed with Department of Insurance--Approval. --A copy of the form of every motor vehicle liability policy which is to be used to meet the requirements of this Act must be filed, by the company offering such policy, with the Department of Insurance, which shall approve or disapprove the policy within 30 days of its filing. If the Department approves the policy in writing within such 30 day period or fails to take action for 30 days, the form of policy shall be deemed approved as filed. If within the 30 days the Department disapproves the form of policy filed upon the ground that it does not comply with the requirements of this Act, the Department shall give written notice of its decision and its reasons therefor to the carrier and the policy shall not be accepted as proof of financial responsibility under this Act.

(l) Insurance Carrier Required to File Certificate. --An insurance carrier who has issued a motor vehicle liability policy or policies or an operator's policy meeting the requirements of this Act shall, upon the request of the insured therein, deliver to the insured for filing, or at the request of the insured, shall file direct, with the Secretary of State a certificate, as required by this Act, which shows that such policy or policies have been issued. No insurance carrier may require the payment of any extra fee or surcharge, in addition to the insurance premium, for the execution, delivery or filing of such certificate.

(m) Proof When Made By Endorsement. --Any motor vehicle liability policy which by endorsement contains the provisions required hereunder shall be sufficient proof of ability to respond in damages.

625 ILCS 5/7-318 — Notice of cancellation or termination of certified policy

Sec. 7-318. Notice of cancellation or termination of certified policy. When an insurance carrier has certified a motor vehicle liability policy or policies under this Act, it shall notify the Secretary of State of any cancellation by submitting an electronic notice at least 15 days prior to cancellation of such policy and the policy shall continue in full force and effect until the date of cancellation specified in such notice or until its expiration, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any vehicle designated in both certificates. All electronic certificates must be submitted in a manner satisfactory to the Secretary of State.

This Act shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance,

operation or use by persons in the insured's employ or in his behalf of motor vehicles not owned by the insured.

625 ILCS 5/7-320 — Bond as Proof

The Secretary of State shall not accept any such real estate bond unless it is first approved by a judge of a court. 2. The Secretary of State shall not accept any such bond unless it is conditioned for payment in amounts and under the same circumstances as would be required in a motor vehicle liability policy furnished by the person giving such proof under this Act. 3. No such bond shall be cancelled unless 10 days' prior written notice is given to the Secretary of State, but cancellation of such bond shall not prevent recovery thereon with respect to any right or cause of action arising prior to the date of cancellation. 4. The principal and sureties of every such real estate bond shall execute and deliver an original and one copy of the bond and schedule and in addition, when the real property or any part thereof, listed or described in the schedule, shall lie in more than one county, then as many extra copies as there are counties in which the real property, or any part thereof, shall lie, to the judge to whom such bond is presented for approval, who shall, if he approved the bond, endorse upon the original and each copy of the bond the date of the approval thereof; and the clerk of the court shall immediately file one of the copies with the recorder in each county in which is situated any of the non-registered real property so scheduled. 5. If any of the lands so scheduled shall have been registered under "An Act concerning land titles", approved May 1, 1897, as amended, the clerk of the court in which the bond is approved shall immediately file with the registrar of titles in and for each county in which any of the registered land so scheduled is situated, a notice stating that such land has been so scheduled, and the registrar shall thereupon enter a memorial of such fact upon the record. 6. The clerk of the court in which the bond is approved shall endorse upon the original of each such real estate bond approved the date upon which he or she filed a copy of such bond with the recorder in each county in which is situated any of the non-registered real property so scheduled or the notice with the registrar of titles in and for each county in which any of the registered land scheduled is situated and shall deliver such original bond to the principal thereon.

Such lien shall exist in favor of the People of the State of Illinois for the use of any holder of a final judgment against the principal on such bond upon a liability covered by the conditions of such bond.

625 ILCS 5/7-322 — Action on Bond

Sec. 7-322. Action on Bond. If a judgment is rendered against the principal of any such surety or real estate bond upon a liability covered by the conditions of such bond and such judgment is not satisfied within thirty

(30) days after it becomes final, then the judgment creditor may, for his own use and benefit, and at his sole expense, bring an action or actions in the name of the State against the company or persons who executed such bond including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond, which action shall be brought in like manner and subject to all the provisions of law applicable to an action to foreclose a mortgage upon real estate.

625 ILCS 5/7-323 — Money Or Securities As Proof

A person may give proof of financial responsibility by delivering to the Secretary of State a receipt of the State Treasurer showing the deposit with said State Treasurer of money in amount or securities endorsed in blank by the owner thereof and approved by said State Treasurer and of a market value in a total amount as would be required for coverage in a motor vehicle liability policy furnished by the person giving such proof under this Act. Such securities shall be of the type which may legally be purchased as investments of trust funds by trustees.

625 ILCS 5/7-324 — Application of Deposit

Sec. 7-324. Application of Deposit. All money or securities so deposited shall be subject to execution to satisfy any judgment mentioned in this Act but shall not otherwise be subject to attachment or execution. The State Treasurer shall not accept any such deposit or issue a certificate therefor, and the Secretary of State shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments against the depositor registered in the county where the depositor resides.

625 ILCS 5/7-325 — Owner may give proof for others

Sec. 7-325. Owner may give proof for others. Whenever the Secretary of State determines that any person required to give proof under this Article by reason of a revocation is not the owner of a motor vehicle but was, at the time of such conviction a driver in the employ of an owner of a motor vehicle, or a member of the immediate family or household of the owner of a motor vehicle, the Secretary of State shall accept proof of financial responsibility given by such owner in lieu of proof given by such other person so long as such other person is operating a motor vehicle for which the owner has given proof as herein provided.

625 ILCS 5/7-326 — Substitution of proof

Sec. 7-326. Substitution of proof. The Secretary of State shall cancel any bond or return any certificate of insurance, or the Secretary of State shall direct and the State Treasurer shall return any money or securities to the person entitled thereto, upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this Article.

Sec. 7-327. Other proof may be required. Whenever any evidence of proof of ability to respond in damages filed under the provisions of this Article no longer fulfills the purpose for which required, the Secretary of State shall, for the purposes of this Chapter, require other evidence of ability to respond in damages as required by this Article, and the driver's license, registration certificates, license plates and registration stickers involved shall be suspended by the Secretary of State pending such proof.

625 ILCS 5/7-328 — Duration of proof; when proof may be canceled or returned

Sec. 7-328. Duration of proof; when proof may be canceled or returned. The Secretary of State shall upon request cancel any bond or return any certificate of insurance, or the Secretary of State shall direct and the State Treasurer shall return to the person entitled thereto any money or securities, deposited pursuant to this Chapter as proof of financial responsibility or waive the requirements of filing proof of financial responsibility in any of the following events: 1. In the event of the death of the person on whose behalf such proof was filed, or the permanent incapacity of such person to operate a motor vehicle. 2. In the event the person who has given proof of financial responsibility surrenders such person's driver's license, registration certificates, license plates and registration stickers, but the Secretary of State shall not release such proof in the event any action for damages upon a liability referred to in this Article is then pending or any judgment upon any such liability is then outstanding and unsatisfied or in the event the Secretary of State has received notice that such person has, within the period of 3 months immediately preceding, been involved as a driver in any motor vehicle crash. An affidavit of the applicant of the nonexistence of such facts shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the Secretary of State. Any person who has not completed the required 3-year period of proof of financial responsibility pursuant to Section 7-304, and to whom proof has been surrendered as provided in this paragraph applies for a driver's license or the registration of a motor vehicle shall have the application denied unless the applicant reestablishes such proof for the remainder of such period. 3. In the event that proof of financial responsibility has been deposited voluntarily, at any time upon request of the person entitled thereto, provided that the person on whose behalf such proof was given has not, during the period between the date of the original deposit thereof and the date of such request, been convicted of any offense for which revocation is mandatory as provided in Section 6-205; provided, further, that no action for damages is pending against such person on whose behalf such proof of financial responsibility was furnished and no judgment against such person is outstanding and unsatisfied in respect to bodily injury, or in respect to damage to property resulting from the ownership, maintenance, use, or operation hereafter of a motor vehicle. An affidavit of the applicant under this Section shall be sufficient evidence of the facts in the absence of evidence to the contrary in the records of the Secretary of State.

625 ILCS 5/7-329 — Proof of financial responsibility made voluntarily

Sec. 7-329. Proof of financial responsibility made voluntarily. 1. Proof of financial responsibility may be made voluntarily by or on behalf of any person. The privilege of operation of any motor vehicle within this State by such person shall not be suspended or withdrawn under the provisions of this Article if such proof of financial responsibility has been voluntarily filed or deposited prior to the offense or crash out of which any conviction, judgment, or order arises and if such proof, at the date of such conviction, judgment, or order, is valid and sufficient for the requirements of this Code. 2. If the Secretary of State receives record of any conviction or judgment against such person which, in the absence of such proof of financial responsibility would have caused the suspension of the driver's license of such person, the Secretary of State shall forthwith notify the insurer or surety of such person of the conviction or judgment so reported.

625 ILCS 5/7-401 — Transfer of registration to defeat purposes of act prohibited

Sec. 7-401. Transfer of registration to defeat purposes of act prohibited.

(a) If an owner's registration has been suspended hereunder, such registration shall not be transferred nor the vehicle in respect to which such registration was issued be registered in any other name until the Secretary of State is satisfied that such transfer of registration is proposed in good faith and not for the purpose or with the effect of defeating the purposes of this act.

(b) Nothing in this section shall in any wise affect the rights of any conditional vendor, chattel mortgagee or lessor of such a vehicle registered in the name of another as owner who becomes subject to the provisions of this act.

(c) The Secretary of State shall suspend the registration of any vehicle transferred in violation of the provisions of this section.

625 ILCS 5/7-402 — Surrender of license to drive and registration

Sec. 7-402. Surrender of license to drive and registration. Except as otherwise provided in this Code or Article V of the Supreme Court Rules, any person whose license to drive has been suspended shall immediately return to the Secretary of State any driver's license, instruction permit, restricted driving permit or other evidence of driving privileges held by such person. Any driving authorization document issued under Section 6-206.1 or 11-501.1 of this Code shall be returned to the issuing court for proper processing. Any person whose vehicle registration has been suspended shall, upon the request of the Secretary, immediately return to the Secretary any license plates or other evidences of registration held by such person. The Secretary is authorized to take possession of any license to drive, registration certificate, registration sticker or digital registration sticker, or license plates or digital license plates upon the suspension thereof under the provisions of this Code or to direct any law enforcement officer to take possession thereof and to return the same to the Secretary. Any person willfully failing to comply with this Section is guilty of a Class A misdemeanor and shall be punished as provided in Section 9-110 of this Code.

625 ILCS 5/7-403 — Forged Proof

Sec. 7-403. Forged Proof. Any person who shall forge, or, without authority, sign any evidence of proof of financial responsibility for the future, or who files or offers for filing any such evidence of proof knowing or having reason to believe that it is forged or signed without authority, shall be guilty of a Class A misdemeanor.

625 ILCS 5/7-501 — Assigned Risk Plans

Sec. 7-501. Assigned Risk Plans. If, on or before January 1, 1946, every insurance carrier authorized to write automobile bodily injury liability insurance in this State shall not subscribe to an assigned risk plan approved by the Director of Insurance, providing that no carrier may withdraw therefrom after approval of the Director, the Director of Insurance shall, when he finds that an application for bodily injury or property damage insurance by a risk, which may become subject to this Act or is a local public entity subject to the Local Governmental and Governmental Employees Tort Immunity Act, and in good faith is entitled to such insurance, has been rejected by 3 insurance carriers, designate an insurance carrier which shall be obligated to issue forthwith its usual form of policy providing such insurance for such risk. The Director shall make equitable distribution of such assignments among insurance carriers proportionate, so far as practicable, by premiums to the respective net direct automobile bodily injury premium writings of the carriers authorized to do business in this State. The Director of Insurance shall establish rules and regulations for the administration of the provisions of this Section. If any carrier refuses or neglects to comply with the provisions of this Section or with any lawful order or ruling made by the Director of Insurance pursuant to this Section, the Director may, after notice and hearing, suspend the license of such carrier to transact any insurance business in this State until such carrier shall have complied with such order. The

provisions of the Administrative Review Law, and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Director of Insurance hereunder.

625 ILCS 5/7-502 — Self-insurers

Sec. 7-502. Self-insurers. Any person in whose name more than 25 motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the Director of the Department of Insurance as provided in this Section. The Director may, in his discretion, upon the application of such a person, issue a certificate of self-insurance when he is satisfied that such person is possessed and will continue to be possessed of ability to pay judgment obtained against such person. Upon not less than 5 days' notice, and a hearing pursuant to such notice, the Director may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment against any person covered by such certificate of self-insurance and arising out of any crash in which a motor vehicle covered by such certificate of self-insurance has been involved within 30 days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance.

625 ILCS 5/7-503 — Unclaimed Security Deposits

Sec. 7-503. Unclaimed Security Deposits. During July, annually, the Secretary shall compile a list of all securities on deposit, pursuant to this Article, for one year since the expiration of the applicable statute of limitations and concerning which he has received no notice as to the pendency of any judicial proceeding that could affect the disposition thereof. Thereupon, he shall promptly send a notice to the last known address of each depositor advising him that his deposit will be subject to escheat to the State of Illinois if not claimed within 30 days after the mailing date of such notice. At the expiration of such time, the Secretary of State shall file with the State Treasurer an order directing the transfer of such deposit to the general revenue fund in the State Treasury. Upon receipt of such order, the State Treasurer shall make such transfer, after converting to cash any other type of security. Thereafter any person having a legal claim against such deposit may enforce it by appropriate proceedings in the Court of Claims subject to the limitations prescribed for such Court. At the expiration of such limitation period such deposit shall escheat to the State of Illinois.

625 ILCS 5/7-504 — Emergency telephone system outages; reimbursement

Sec. 7-504. Emergency telephone system outages; reimbursement. Any person who negligently causes a motor vehicle crash that causes an emergency telephone system outage must reimburse the public safety agency that provides personnel to answer calls or to maintain or operate an emergency telephone system during the outage for the agency's costs associated with answering calls or maintaining or operating the system during the outage. For the purposes of this Section, "public safety agency" means the same as in Section 2.02 of the Emergency Telephone System Act.

625 ILCS 5/7-601 — Required liability insurance policy

Sec. 7-601. Required liability insurance policy.

(a) No person shall operate, register or maintain registration of, and no owner shall permit another person to operate, register or maintain registration of, a motor vehicle designed to be used on a public highway in this State unless the motor vehicle is covered by a liability insurance policy. The insurance policy shall be issued in amounts no less than the minimum amounts set for bodily injury or death and for destruction of property under Section 7-203 of this Code, and shall be issued in accordance with the requirements of Sections 143a and 143a-2 of the Illinois Insurance Code, as amended. No insurer other than an insurer authorized to do business in this State shall issue a policy pursuant to this Section for any vehicle subject to registration under this Code. Nothing herein shall deprive an insurer of any policy defense available at common law.

(b) The following vehicles are exempt from the requirements of this Section:

- (1) vehicles subject to the provisions of Chapters 8 or 18a, Article III or Section 7-609 of Chapter 7, or Sections 12-606 or 12-707.01 of Chapter 12 of this Code;
- (2) vehicles required to file proof of liability insurance with the Illinois Commerce Commission;
- (3) vehicles covered by a certificate of self-insurance under Section 7-502 of this Code;
- (4) vehicles owned by the United States, the State of Illinois, or any political subdivision, municipality or local mass transit district;

(5) implements of husbandry;

(6) other vehicles complying with laws which require them to be insured in amounts meeting or exceeding the minimum amounts required under this Section; and

(7) inoperable or stored vehicles that are not operated, as defined by rules and regulations of the Secretary.

(c) Every employee of a State agency, as that term is defined in the Illinois State Auditing Act, who is assigned a specific vehicle owned or leased by the State on an ongoing basis shall provide the certification described in this Section annually to the director or chief executive officer of his or her agency. The certification shall affirm that the employee is duly licensed to drive the assigned vehicle and that

(i) the employee has liability insurance coverage extending to the employee when the assigned vehicle is used for other than official State business, or (ii) the employee has filed a bond with the Secretary of State as proof of financial responsibility, in an amount equal to, or in excess of the requirements stated within this Section. Upon request of the agency director or chief executive officer, the employee shall present evidence to support the certification. The certification shall be provided during the period July 1 through July 31 of each calendar year, or within 30 days of any new assignment of a vehicle on an ongoing basis, whichever is later. The employee's authorization to use the assigned vehicle shall automatically be rescinded upon:

(1) the revocation or suspension of the license required to drive the assigned vehicle;

(2) the cancellation or termination for any reason of the automobile liability insurance coverage as required in item (c)(i); or

(3) the termination of the bond filed with the Secretary of State. All State employees providing the required certification shall immediately notify the agency director or chief executive officer in the event any of these actions occur. All peace officers employed by a State agency who are primarily responsible for prevention and detection of crime and the enforcement of the criminal, traffic, or highway laws of this State, and prohibited by agency rule or policy to use an assigned vehicle owned or leased by the State for regular personal or off-duty use, are exempt from the requirements of this Section.

(d) No person shall operate a motor vehicle registered in another state upon the highways of this State unless the vehicle is covered by a liability insurance policy. The operator of the vehicle shall carry within the vehicle evidence of the insurance.

625 ILCS 5/7-602 — Insurance card

Sec. 7-602. Insurance card. Every operator of a motor vehicle subject to Section 7-601 of this Code shall carry within the vehicle evidence of insurance. The evidence shall be legible and sufficient to demonstrate that the motor vehicle currently is covered by a liability insurance policy as required under Section 7-601 of this Code and may include, but is not limited to, the following:

(a) an insurance card provided by the insurer under this Section;

(b) the combination of proof of purchase of the motor vehicle within the previous 60 days and a current insurance card issued for the motor vehicle replaced by such purchase;

(c) the current declarations page of a liability insurance policy;

(d) a liability insurance binder, certificate of liability insurance or receipt for payment to an insurer or its authorized representative for a liability insurance premium, provided such document contains all information the Secretary of State by rule and regulation may require;

(e) a current rental agreement;

(f) registration plates or digital registration plates, registration sticker or digital registration sticker, or other evidence of registration issued by the Secretary only upon submission of proof of liability insurance pursuant to this Code;

(g) a certificate, decal, or other document or device issued by a governmental agency for a motor vehicle indicating the vehicle is insured for liability pursuant to law;

(h) the display of electronic images on a cellular phone or other type of portable electronic device. The use of a cellular phone or other type of portable electronic device to display proof of insurance does not constitute consent for a law enforcement officer, court, or other officer of the court to access other contents of the electronic device. Any law enforcement officer, court, or officer of the court presented with the device shall be immune from any liability resulting

from damage to the mobile electronic device. An insurance card shall be provided for each motor vehicle insured by the insurer issuing the liability insurance policy and may be issued in either paper or electronic format. Acceptable electronic formats shall permit display on a cellular phone or other portable electronic device and satisfy all other requirements of law and rule, including this Section, regarding form and content. The form, contents and manner of issuance of the insurance card shall be prescribed by rules and regulations of the Secretary of State. The Secretary shall adopt rules requiring that reasonable measures be taken to prevent the fraudulent production of insurance cards. The insurance card shall display an effective date and an expiration date covering a period of time not to exceed 12 months. The insurance card shall contain the following disclaimer: "Examine policy exclusions carefully. This form does not constitute any part of your insurance policy." If the insurance policy represented by the insurance card does not cover any driver operating the motor vehicle with the owner's permission, or the owner when operating a motor vehicle other than the vehicle for which the policy is issued, the insurance card shall contain a warning of such limitations in the coverage provided by the policy. No insurer shall issue a card, similar in appearance, form and content to the insurance card required under this Section, in connection with an insurance policy that does not provide the liability insurance coverage required under Section 7-601 of this Code. The evidence of insurance shall be displayed upon request made by any law enforcement officer wearing a uniform or displaying a badge or other sign of authority. Any person who fails or refuses to comply with such request is in violation of Section 3-707 of this Code. Any person who displays evidence of insurance, knowing there is no valid liability insurance in effect on the motor vehicle as required under Section 7-601 of this Code or knowing the evidence of insurance is illegally altered, counterfeit or otherwise invalid, is in violation of Section 3-710 of this Code. "Display" means the manual surrender of the evidence of insurance into the hands of the law enforcement officer, court, or officer of the court making the request for the officer's, court's, or officer of the court's inspection thereof.

625 ILCS 5/7-603 — Illegal insurance cards - penalty

Sec. 7-603. Illegal insurance cards - penalty. No person shall alter an invalid insurance card to make it appear valid. No person knowingly shall make, sell or otherwise make available an invalid or counterfeit insurance card. Any person convicted of a violation of this Section is guilty of a Class 4 felony.

625 ILCS 5/7-603.5 — Electronic verification of a liability insurance policy

Sec. 7-603.5. Electronic verification of a liability insurance policy.

(a) The Secretary may implement a program of electronic motor vehicle liability insurance policy verification for motor vehicles subject to Section 7-601 of this Code for the purpose of verifying whether or not the motor vehicle is insured. The development and implementation of the program shall be consistent with the standards and procedures of a nationwide organization whose primary membership consists of individual insurance companies and insurance trade associations. The program shall include, but is not limited to:

(1) a requirement that an insurance company authorized to sell motor vehicle liability insurance in this State shall make available, in a format designated by the Secretary that is consistent with a nationwide organization whose primary membership consists of individual insurance companies and insurance trade organizations, to the Secretary for each motor vehicle liability insurance policy issued by the company the following information: (A) the name of the policy holder; (B) the make, model, year, and vehicle identification number of the covered motor vehicle; (C) the policy number; (D) the policy effective date; (E) the insurance company's National Association of Insurance Commissioner's number; and (F) any other information the Secretary deems necessary to match an eligible vehicle with an insurance policy;

(2) a method for searching motor vehicle liability insurance policies issued and in effect in this State by using the information under paragraph

(1) of this subsection (a);

(3) a requirement that at least twice per calendar year, the Secretary shall verify the existence of a liability insurance policy for every registered motor vehicle subject to Section 7-601 of this Code; and if the Secretary is unable to verify the existence of a liability insurance policy, the Secretary shall, by U.S. mail or electronic mail, send the vehicle owner a written notice allowing the vehicle owner 30 calendar days to provide proof of insurance on the date of attempted verification, or to provide proof that the vehicle is no longer operable;

(4) a requirement that a vehicle owner who does not provide proof of insurance or proof of an inoperable vehicle within the 30 calendar days specified under paragraph

(3) of this subsection

(a) shall be in violation of Section 7-601 of this Code and the Secretary shall suspend the vehicle's registration upon expiration of that 30 calendar days and the owner shall pay any applicable reinstatement fees and shall provide proof of insurance before the Secretary may reinstate the vehicle's registration under Section 7-606 of this Code;

(5) a requirement that if a vehicle owner provides proof of insurance on the date of the attempted verification under paragraph

(3) of this subsection (1), the Secretary may verify the vehicle owner's response by furnishing necessary information to the insurance company. Within 7 calendar days of receiving the information, the insurance company shall confirm and notify the Secretary the dates of the motor vehicle's insurance coverage. If the insurance company does not confirm coverage for the date of attempted verification, the Secretary shall suspend the vehicle's registration and the owner of the vehicle shall pay any applicable reinstatement fees and shall provide proof of insurance before the Secretary may reinstate the vehicle's registration under Section 7-606 of this Code;

(6) a requirement that the Secretary may consult with members of the insurance industry during the implementation of the program, including, but not limited to, during the drafting process for adopting any rules that may be necessary to implement or manage an electronic motor vehicle liability insurance policy verification program;

(7) a requirement that commercial lines of automobile insurance are excluded from the program, but may voluntarily report insurance coverage to the State.

(b) In addition to the semi-annual verification of liability insurance under subsection

(a) of this Section, the Secretary may select monthly verification for a motor vehicle owned or registered by a person:

(1) whose motor vehicle registration during the preceding 4 years has been suspended under Section 7-606 or 7-607 of this Code;

(2) who, during the preceding 4 years, has been convicted of violating Section 3-707, 3-708, or 3-710 of this Code while operating a vehicle owned by another person;

(3) whose driving privileges have been suspended during the preceding 4 years;

(4) who, during the preceding 4 years, acquired ownership of a motor vehicle while the registration of the vehicle under the previous owner was suspended under Section 7-606 or 7-607 of this Code; or

(5) who, during the preceding 4 years, has received a disposition of court supervision under subsection

(c) of Section 5-6-1 of the Unified Code of Corrections for a violation of Section 3-707, 3-708, or 3-710 of this Code.

(c) Nothing in this Section provides the Secretary with regulatory authority over insurance companies.

(d) The Secretary may contract with a private contractor to carry out the Secretary's duties under this Section.

(e) Any information collected, stored, maintained, or referred to under this Section shall be used solely for the purpose of verifying whether a registered motor vehicle meets the requirements of Section 7-601 of this Code and shall be exempt from a records request or from inspection and copying under the Freedom of Information Act. A request for release of verification of liability insurance policy information from the Secretary shall require a court order, subpoena, or the motor vehicle owner's approval.

(f) An insurer identified by an electronic motor vehicle liability insurance policy program as insuring less than 1,000 vehicles per year shall be exempt from the reporting requirements under subsection

(a) of this Section.

(g) The Secretary may adopt any rules necessary to implement this Section.

625 ILCS 5/7-604 — Verification of liability insurance policy

Sec. 7-604. Verification of liability insurance policy.

(a) The Secretary of State may select random samples of registrations of motor vehicles subject to Section 7-601 of this Code, or owners thereof, for the purpose of verifying whether or not the motor vehicles are insured. In addition to such general random samples of motor vehicle registrations, the Secretary may select for verification other random samples, including, but not limited to registrations of motor vehicles owned by persons:

(1) whose motor vehicle registrations during the preceding 4 years have been suspended pursuant to Section 7-606 or 7-607 of this Code;

- (2) who during the preceding 4 years have been convicted of violating Section 3-707, 3-708, or 3-710 of this Code while operating vehicles owned by other persons;
- (3) whose driving privileges have been suspended during the preceding 4 years;
- (4) who during the preceding 4 years acquired ownership of motor vehicles while the registrations of such vehicles under the previous owners were suspended pursuant to Section 7-606 or 7-607 of this Code; or
- (5) who during the preceding 4 years have received a disposition of supervision under subsection (c) of Section 5-6-1 of the Unified Code of Corrections for a violation of Section 3-707, 3-708, or 3-710 of this Code.
- (b) Upon receiving certification from the Department of Transportation under Section 7-201.2 of this Code of the name of an owner or operator of any motor vehicle involved in a crash, the Secretary may verify whether or not at the time of the crash such motor vehicle was covered by a liability insurance policy in accordance with Section 7-601 of this Code.
- (c) In preparation for selection of random samples and their verification, the Secretary may send to owners of randomly selected motor vehicles, or to randomly selected motor vehicle owners, requests for information about their motor vehicles and liability insurance coverage electronically or, if electronic means are unavailable, via U.S. mail. The request shall require the owner to state whether or not the motor vehicle was insured on the verification date stated in the Secretary's request and the request may require, but is not limited to, a statement by the owner of the names and addresses of insurers, policy numbers, and expiration dates of insurance coverage.
- (d) Within 30 days after the Secretary sends a request under subsection (c) of this Section, the owner to whom it is sent shall furnish the requested information to the Secretary above the owner's signed affirmation that such information is true and correct. Proof of insurance in effect on the verification date, as prescribed by the Secretary, may be considered by the Secretary to be a satisfactory response to the request for information. Any owner whose response indicates that his or her vehicle was not covered by a liability insurance policy in accordance with Section 7-601 of this Code shall be deemed to have registered or maintained registration of a motor vehicle in violation of that Section. Any owner who fails to respond to such a request shall be deemed to have registered or maintained registration of a motor vehicle in violation of Section 7-601 of this Code.
- (e) If the owner responds to the request for information by asserting that his or her vehicle was covered by a liability insurance policy on the verification date stated in the Secretary's request, the Secretary may conduct a verification of the response by furnishing necessary information to the insurer named in the response. The insurer shall within 45 days inform the Secretary whether or not on the verification date stated the motor vehicle was insured by the insurer in accordance with Section 7-601 of this Code. The Secretary may by rule and regulation prescribe the procedures for verification.
- (f) No random sample selected under this Section shall be categorized on the basis of race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, economic status, or geography.
- (g) (Blank).
- (h) This Section shall be inoperative upon the effective date of the rules adopted by the Secretary to implement Section 7-603.5 of this Code.

625 ILCS 5/7-605 — Uninsured motor vehicles - notice

Sec. 7-605. Uninsured motor vehicles - notice. If the Secretary determines that an owner has registered or maintained the registration of a motor vehicle without a liability insurance policy in accordance with Section 7-601 of this Code, the Secretary shall notify the owner that such owner's vehicle registration shall be suspended 30 days after the date of the mailing of the notice unless the owner furnishes proof of insurance in effect on the verification date, as prescribed by the Secretary, or provides an exemption from the mandatory insurance requirements as specified under subsection

(b) of Section 7-601. Notwithstanding any provision of law to the contrary, the giving of notice by mail under this Section or Section 7-603.5 shall be deemed complete upon the deposit of that notice in the mail and the 30-day notice period shall begin upon deposit.

625 ILCS 5/7-606 — Uninsured motor vehicles - suspension and reinstatement

Sec. 7-606. Uninsured motor vehicles - suspension and reinstatement. The Secretary shall suspend the vehicle registration of any motor vehicle determined by the Secretary to be in violation of Section 7-601 of this Code, including any motor vehicle operated in violation of Section 3-707, 3-708 or 3-710 of this Code by an operator other than the owner

of the vehicle. Neither the fact that, subsequent to the date of verification or conviction, the owner acquired the required liability insurance policy nor the fact that the owner terminated ownership of the motor vehicle shall have any bearing upon the Secretary's decision to suspend. The Secretary is authorized to suspend the registration of any motor vehicle registered in this State upon receiving notice of the conviction of the operator of the motor vehicle in another State of an offense which, if committed in this State, would constitute a violation of Section 7-601 of this Code. Until it is terminated, the suspension shall remain in force after the registration is renewed or a new registration is acquired for the motor vehicle. The suspension also shall apply to any motor vehicle to which the owner transfers the registration. In the case of a first violation, the Secretary shall terminate the suspension upon payment by the owner of a reinstatement fee of \$100 and submission of proof of insurance as prescribed by the Secretary. In the case of a second or subsequent violation by a person having ownership interest in a motor vehicle or vehicles within the preceding 4 years, or a violation of Section 3-708 of this Code, the Secretary shall terminate the suspension 4 months after its effective date upon payment by the owner of a reinstatement fee of \$100 and submission of proof of insurance as prescribed by the Secretary. All fees collected under this Section shall be disbursed under subsection

(g) of Section 2-119 of this Code.

625 ILCS 5/7-607 — Submission of false proof - penalty

Sec. 7-607. Submission of false proof - penalty. If the Secretary determines that the proof of insurance submitted by a motor vehicle owner under Section 7-603.5, 7-604, 7-605 or 7-606 of this Code is false, the Secretary shall suspend the owner's vehicle registration. The Secretary shall terminate the suspension 6 months after its effective date upon payment by the owner of a reinstatement fee of \$200 and submission of proof of insurance as prescribed by the Secretary. All fees collected under this Section shall be disbursed under subsection

(g) of Section 2-119 of this Code.

625 ILCS 5/7-608 — Verification-limitation

Sec. 7-608. Verification-limitation. No verification procedure established under this Code shall include individual inspections of vehicles on a highway solely for the purpose of verifying the existence of an insurance policy. No law enforcement officer shall stop a vehicle solely for the purpose of verifying the existence of a valid insurance policy.

625 ILCS 5/7-609 — Exemption for certain religious organizations

Sec. 7-609. Exemption for certain religious organizations.

(a) Pursuant to the following minimum criteria, the Secretary may exempt from the provisions of Section 7-601 of this Code motor vehicles owned by a religious organization or its members:

- (1) The religious organization and its members hold a bona fide conviction that the acquisition of insurance is contrary to their religious beliefs.
 - (2) The religious organization and its members submit to the Secretary evidence that historically, over a period of time not less than two years, they have paid or, by agreement with the other party or parties involved, are paying in a timely manner for all damages for which they were or are liable.
 - (3) The religious organization has filed with the Secretary a current, irrevocable letter of credit, valid for a period of 12 months and issued in accordance with this Section and Article 5 of the Uniform Commercial Code, approved July 31, 1961, as amended, by a financial institution chartered by an agency of State or federal government. The Secretary of State by rule and regulation shall establish the minimum amount of credit required.
 - (4) The religious organization and its members meet other requirement which the Secretary by rule and regulation may prescribe.
- (b) Upon accepting a letter of credit from a religious organization, the Secretary shall issue a certificate of exemption for each motor vehicle covered. The certificate of exemption shall serve as evidence of insurance in accordance with Section 7-602 of this Code. Not less than 30 days before a current letter of credit expires, or by agreement between the issuer and customer is revoked, the religious organization shall file with the Secretary a new letter of credit. If a new letter of credit is not on file with the Secretary at the time the current letter of credit expires or is revoked, the exemption of the religious organization and its members shall expire and their certificates of exemption shall become invalid.
- (c) If credit is used to the extent that the remaining amount of credit does not meet the minimum requirements of this Section, and the issuer declines to reinstate the used portion of the credit or issue a new letter of credit, the issuer

immediately shall send written notice to the customer and the Secretary that the current letter of credit on file with the Secretary no longer meets the minimum requirements of the law. If, within 30 days of receiving the notice, the Secretary has not received and accepted a new letter of credit from the customer, the exemption of that religious organization and its members shall expire and their certificates of exemption shall become invalid.

(d) Upon the request of the plaintiff, if a person, known by the court to be covered by a current letter of credit issued pursuant to this Section fails to pay a judgment for damages within 30 days after the judgment has become final, the clerk of the court within 10 days shall forward to the Secretary a report of the person's failure to pay. The report shall indicate that the person is covered by a letter of credit and, if known by the court, the names of the issuer and the customer. Upon receiving the report from the court, the Secretary shall notify the religious organization that, unless the payment is made, 30 days after the date of the mailing of the notice the exemption of the religious organization and its members shall be terminated and their certificates of exemption shall become invalid. If within the 30 days the religious organization does not submit evidence that the payment has been made, or furnish valid reasons why the payment has been delayed or not made, the Secretary shall terminate the exemptions.

(e) The Secretary is authorized to promulgate rules and regulations necessary for the administration of the provisions of this Section.

625 ILCS 5/7-610 — Immunity

Sec. 7-610. Immunity. No state or local governmental unit and no government official or employee acting in the course of his or her official duties in the administration or enforcement of Section 7-601 and related provisions of this Code shall be liable for any damages, brought directly or indirectly by the injured party or a third party, except for damages resulting from willful and wanton misconduct or gross negligence on the part of the governmental unit, official or employee.

625 ILCS 5/7-611

Sec. 7-611. (Repealed).

625 ILCS 5/7-701 — Findings and purpose

Sec. 7-701. Findings and purpose. The General Assembly finds that the timely receipt of adequate financial support has the effect of reducing poverty and State expenditures for welfare dependency among children, and that the timely payment of adequate child support demonstrates financial responsibility. Further, the General Assembly finds that the State has a compelling interest in ensuring that drivers within the State demonstrate financial responsibility, including family financial responsibility, in order to safely own and operate a motor vehicle. Further, the General Assembly finds that the State has a compelling interest in ensuring that those individuals with responsibilities involving minor children pursuant to visitation orders demonstrate responsibility, including family responsibility, in order to safely own and operate a motor vehicle, especially when transporting a minor child who is the subject of a visitation order. To this end, the Secretary of State is authorized to establish systems to suspend driver's licenses for failure to comply with court and administrative orders of support.

625 ILCS 5/7-702 — Suspension of driver's license for failure to comply with order to pay support or to comply with a visitation order

Sec. 7-702. Suspension of driver's license for failure to comply with order to pay support or to comply with a visitation order.

(a) The Secretary of State shall suspend the driver's license issued to an obligor upon receiving an authenticated report provided for in subsection

(a) of Section 7-703, that the person is 90 days or more delinquent in court ordered child support payments or has been adjudicated in arrears in an amount equal to 90 days obligation or more, and has been found in contempt by the court for failure to pay the support.

(b) The Secretary of State shall suspend the driver's license issued to an obligor upon receiving an authenticated document provided for in subsection

(b) of Section 7-703, that the person has been adjudicated in arrears in court ordered child support payments in an amount equal to 90 days obligation or more, but has not been held in contempt of court, and that the court has ordered that the person's driving privileges be suspended. The obligor's driver's license shall be suspended until such time as the Secretary of State receives authenticated documentation that the obligor is in compliance with the court order of support.

When the obligor complies with the court ordered child support payments, the circuit court shall report the obligor's compliance with the court order of support to the Secretary of State, on a form prescribed by the Secretary of State, and shall order that the obligor's driver's license be reinstated.

(c) The Secretary of State shall suspend a driver's license upon certification by the Illinois Department of Healthcare and Family Services, in a manner and form prescribed by the Illinois Secretary of State, that the person licensed is 90 days or more delinquent in payment of support under an order of support issued by a court or administrative body of this or any other State. The Secretary of State may reinstate the person's driver's license if notified by the Department of Healthcare and Family Services that the person has paid the support delinquency in full or has arranged for payment of the delinquency and current support obligation in a manner satisfactory to the Department of Healthcare and Family Services.

(d) The Secretary of State shall suspend the driver's license issued to a person upon receiving an authenticated document provided for in Section 7-703 that the person has been adjudicated as having engaged in visitation abuse and that the court has ordered that the person's driving privileges be suspended. The person's driver's license shall be suspended until such time as the Secretary of State receives authenticated documentation that the court has determined that there has been sufficient compliance for a sufficient period of time with the court's order concerning visitation and that full driving privileges shall be reinstated. When the court order in which the court has determined that there has been sufficient compliance for a sufficient period of time with the court's order concerning visitation and that full driving privileges shall be reinstated, the circuit court shall report that order concerning visitation to the Secretary of State, on a form prescribed by the Secretary of State, and shall order that the person's driver's license be reinstated.

625 ILCS 5/7-702.1 — Family financial responsibility driving permits

Sec. 7-702.1. Family financial responsibility driving permits.

(a) Following the entry of an order that an obligor has been found in contempt by the court for failure to pay court ordered child support payments or upon a motion by the obligor who is subject to having his or her driver's license suspended pursuant to subsection

(b) of Section 7-703, the court may enter an order directing the Secretary of State to issue a family financial responsibility driving permit for the purpose of providing the obligor the privilege of operating a motor vehicle between the obligor's residence and place of employment, or within the scope of employment related duties; or for the purpose of providing transportation for the obligor or a household member to receive alcohol treatment, other drug treatment, or medical care. If the obligor is unemployed, the court may issue the order for the purpose of seeking employment, which may be subject to the requirements set forth in subsection

(a) of Section 505.1 of the Illinois Marriage and Dissolution of Marriage Act. Except upon a showing of good cause, any permit issued for the purpose of seeking employment shall be limited to Monday through Friday between the hours of 8 a.m. and 12 p.m. The court may enter an order directing the issuance of a permit only if the obligor has proven to the satisfaction of the court that no alternative means of transportation are reasonably available for the above stated purposes. No permit shall be issued to a person under the age of 16 years who possesses an instruction permit. Upon entry of an order granting the issuance of a permit to an obligor, the court shall report this finding to the Secretary of State on a form prescribed by the Secretary. This form shall state whether the permit has been granted for employment or medical purposes and the specific days and hours for which limited driving privileges have been granted. (a-1) Following the entry of an order that a person has been found in contempt by the court for failure to follow a visitation order, the court may enter an order directing the Secretary of State to issue a family responsibility driving permit for the purpose of providing the person the privilege of operating a motor vehicle between the person's residence and place of employment or within the scope of employment related duties, or for the purpose of providing transportation for the person or a household member to receive alcohol treatment, other drug treatment, or medical care. If the person is unemployed, the court may issue the order for the purpose of seeking employment, which may be subject to the requirements set forth in subsection

(a) of Section 505.1 of the Illinois Marriage and Dissolution of Marriage Act. Except upon a showing of good cause, any permit issued for the purpose of seeking employment shall be limited to Monday through Friday between the hours of 8 a.m. and 12 p.m. The court may enter an order directing the issuance of a permit only if the person has proven to the satisfaction of the court that no alternative means of transportation are reasonably available for the above stated purposes. No permit shall be issued to a person under the age of 16 years who possesses an instruction permit. Upon entry of an order granting the issuance of a permit to a person, the court shall report this finding to the Secretary of State

on a form prescribed by the Secretary. This form shall state whether the permit has been granted for employment or medical purposes and the specific days and hours for which limited driving privileges have been granted. (a-2) The family financial responsibility driving permit shall be subject to cancellation, invalidation, suspension, and revocation by the Secretary of State in the same manner and for the same reasons as a driver's license may be cancelled, invalidated, suspended, or revoked. The Secretary of State shall, upon receipt of a certified court order from the court of jurisdiction, issue a family financial responsibility driving permit. In order for this permit to be issued, an individual's driving privileges must be valid except for the family financial responsibility suspension or the family responsibility suspension. This permit shall be valid only for employment and medical purposes as set forth above. The permit shall state the days and hours for which limited driving privileges have been granted. Any submitted court order that contains insufficient data or fails to comply with any provision of this Code shall not be used for issuance of the permit or entered to the individual's driving record but shall be returned to the court of jurisdiction indicating why the permit cannot be issued at that time. The Secretary of State shall also send notice of the return of the court order to the individual requesting the permit.

(b) Following certification of delinquency pursuant to subsection

(c) of Section 7-702 of this Code, and upon petition by the obligor whose driver's license has been suspended under that subsection, the Department of Healthcare and Family Services may direct the Secretary of State to issue a family financial responsibility driving permit for the purpose of providing the obligor the privilege of operating a motor vehicle between the obligor's residence and place of employment, or within the scope of employment related duties, or for the purpose of providing transportation for the obligor or a household member to receive alcohol treatment, other drug treatment, or medical care. If the obligor is unemployed, the Department of Healthcare and Family Services may direct the issuance of the permit for the purpose of seeking employment, which may be subject to the requirements set forth in subsection

(a) of Section 505.1 of the Illinois Marriage and Dissolution of Marriage Act. Except upon a showing of good cause, any permit issued for the purpose of seeking employment shall be limited to Monday through Friday between the hours of 8 a.m. and 12 p.m. The Department of Healthcare and Family Services may direct the issuance of a permit only if the obligor has proven to the Department's satisfaction that no alternative means of transportation is reasonably available for the above stated purposes. The Department of Healthcare and Family Services shall report to the Secretary of State the finding granting a permit on a form prescribed by the Secretary of State. The form shall state the purpose for which the permit has been granted, the specific days and hours for which limited driving privileges are allowed, and the duration of the permit. The family financial responsibility driving permit shall be subject to cancellation, invalidation, suspension, and revocation by the Secretary of State in the same manner and for the same reasons as a driver's license may be cancelled, invalidated, suspended, or revoked. As directed by the Department of Healthcare and Family Services, the Secretary of State shall issue a family financial responsibility driving permit, but only if the obligor's driving privileges are valid except for the family financial responsibility suspension. The permit shall state the purpose or purposes for which it was granted under this subsection, the specific days and hours for which limited driving privileges are allowed, and the duration of the permit. If the Department of Healthcare and Family Services directive to issue a family financial responsibility driving permit contains insufficient data or fails to comply with any provision of this Code, a permit shall not be issued and the directive shall be returned to the Department of Healthcare and Family Services. The Secretary of State shall also send notice of the return of the Department's directive to the obligor requesting the permit.

(c) In accordance with 49 C.F.R. Part 384, the Secretary of State may not issue a family financial responsibility driving permit to any person for the operation of a commercial motor vehicle if the person's driving privileges have been suspended under any provisions of this Code.

Sec. 7-702.2. Written agreement to pay past-due support.

(a) An obligor who is presently unable to pay all past-due support and is subject to having his or her license suspended pursuant to subsection

(b) of Section 7-703 may come into compliance with the court order for support by executing a written payment agreement that is approved by the court and by complying with that agreement. A condition of a written payment agreement must be that the obligor pay the current child support when due. Before a written payment agreement is executed, the obligor shall:

(1) Disclose fully to the court in writing, on a form prescribed by the court, the obligor's financial circumstances, including income from all sources, assets, liabilities, and work history for the past year; and

(2) Provide documentation to the court concerning the obligor's financial circumstances, including copies of the most recent State and federal income tax returns, both personal and business; a copy of a recent pay stub representative of current income; and copies of other records that show the obligor's income and the present level of assets held by the obligor.

(b) After full disclosure, the court may determine the obligor's ability to pay past-due support and may approve a written payment agreement consistent with the obligor's ability to pay, not to exceed the court-ordered support.

625 ILCS 5/7-703 — Courts to report non-payment of court ordered support or orders concerning driving privileges

Sec. 7-703. Courts to report non-payment of court ordered support or orders concerning driving privileges.

(a) The clerk of the circuit court, as provided in subsection

(b) of Section 505 of the Illinois Marriage and Dissolution of Marriage Act or as provided in Section 15 of the Illinois Parentage Act of 2015, shall forward to the Secretary of State, on a form prescribed by the Secretary, an authenticated document certifying the court's order suspending the driving privileges of the obligor. For any such certification, the clerk of the court shall charge the obligor a fee of \$5 as provided in the Clerks of Courts Act.

(b) If an obligor has been adjudicated in arrears in court ordered child support payments in an amount equal to 90 days obligation or more but has not been held in contempt of court, the circuit court may order that the obligor's driving privileges be suspended. If the circuit court orders that the obligor's driving privileges be suspended, it shall forward to the Secretary of State, on a form prescribed by the Secretary, an authenticated document certifying the court's order suspending the driving privileges of the obligor. The authenticated document shall be forwarded to the Secretary of State by the court no later than 45 days after entry of the order suspending the obligor's driving privileges.

(c) The clerk of the circuit court, as provided in subsection (c-1) of Section 607.1 of the Illinois Marriage and Dissolution of Marriage Act, shall forward to the Secretary of State, on a form prescribed by the Secretary, an authenticated document certifying the court's order suspending the driving privileges of the party. For any such certification, the clerk of the court shall charge the party a fee of \$5 as provided in the Clerks of Courts Act.

(d) If a party has been adjudicated to have engaged in visitation abuse, the circuit court may order that the party's driving privileges be suspended. If the circuit court orders that the party's driving privileges be suspended, it shall forward to the Secretary of State, on a form prescribed by the Secretary, an authenticated document certifying the court's order suspending the driving privileges of the party. The authenticated document shall be forwarded to the Secretary of State by the court no later than 45 days after entry of the order suspending the party's driving privileges.

625 ILCS 5/7-704 — Suspension to continue until compliance with court order of support

Sec. 7-704. Suspension to continue until compliance with court order of support.

(a) The suspension of a driver's license shall remain in effect unless and until the Secretary of State receives authenticated documentation that the obligor is in compliance with a court order of support or that the order has been stayed by a subsequent order of the court. Full driving privileges shall not be issued by the Secretary of State until notification of compliance has been received from the court. The circuit clerks shall report the obligor's compliance with a court order of support to the Secretary of State, on a form prescribed by the Secretary. (a-1) The suspension of a driver's license shall remain in effect unless and until the Secretary of State receives authenticated documentation as to the person who violated a visitation order that the court has determined that there has been sufficient compliance for a sufficient period of time with the court's order concerning visitation and that full driving privileges shall be reinstated or that the order has been stayed by a subsequent order of the court. Full driving privileges shall not be issued by the Secretary of State until notification has been received from the court. The circuit clerk shall report any court order in which the court determined that there has been sufficient compliance for a sufficient period of time with the court's order concerning visitation and that full driving privileges shall be reinstated to the Secretary of State on a form prescribed by the Secretary.

(b) Whenever, after one suspension of an individual's driver's license for failure to pay child support, another order of non-payment is entered against the obligor and the person fails to come into compliance with the court order of support, then the Secretary shall again suspend the driver's license of the individual and that suspension shall not be removed unless the obligor is in full compliance with the court order of support and has made full payment on all arrearages or has

arranged for payment of the arrearages and current support obligation in a manner satisfactory to the court. The provision in this Section regarding the compliance necessary to remove an active suspension applies equally to all individuals who have had a driver's license suspended due to non-payment of child support, regardless of whether that suspension occurred before or after the effective date of this amendatory Act of the 101st General Assembly. (b-1) Whenever, after one suspension of an individual's driver's license for failure to abide by a visitation order, another order finding visitation abuse is entered against the person and the court orders the suspension of the person's driver's license, then the Secretary shall again suspend the driver's license of the individual and that suspension shall not be removed until the court has determined that there has been sufficient compliance for a sufficient period of time with the court's order concerning visitation and that full driving privileges shall be reinstated.

(c) Section 7-704.1, and not this Section, governs the duration of a driver's license suspension if the suspension occurs as the result of a certification by the Illinois Department of Healthcare and Family Services under subsection

(c) of Section 7-702.

625 ILCS 5/7-704.1 — Duration of driver's license suspension upon certification of Department of Healthcare and Family Services

Sec. 7-704.1. Duration of driver's license suspension upon certification of Department of Healthcare and Family Services.

(a) When a suspension of a driver's license occurs as the result of a certification by the Illinois Department of Healthcare and Family Services under subsection

(c) of Section 7-702, the suspension shall remain in effect until the Secretary of State receives notification from the Department that the person whose license was suspended has paid the support delinquency in full or has arranged for payment of the delinquency and current support obligation in a manner satisfactory to the Department.

(b) Whenever, after one suspension of an individual's driver's license based on certification of the Department of Healthcare and Family Services, another certification is received from the Department of Healthcare and Family Services, the Secretary shall again suspend the driver's license of that individual and that suspension shall not be removed unless the obligor is in full compliance with the order of support and has made full payment on all arrearages or has arranged for payment of the arrearages and current support obligation in a manner satisfactory to the Department. The provision in this Section regarding the compliance necessary to remove an active suspension applies equally to all individuals who have had a driver's license suspended due to nonpayment of child support, regardless of whether that suspension occurred before or after the effective date of this amendatory Act of the 101st General Assembly.

(a) The provisions of this Chapter applicable to the drivers of vehicles upon the highways shall apply to the drivers of all vehicles owned or operated by the United States, this State or any county, city, town, district or any other political subdivision of the State, except as provided in this Section and subject to such specific exceptions as set forth in this Chapter with reference to authorized emergency vehicles.

(b) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this Section, but subject to the conditions herein stated.

(c) The driver of an authorized emergency vehicle may: 1. Park or stand, irrespective of the provisions of this Chapter; 2. Proceed past a red or stop signal or stop sign, but only after slowing down as may be required and necessary for safe operation; 3. Exceed the maximum speed limits so long as he does not endanger life or property; 4. Disregard regulations governing direction of movement or turning in specified directions.

(d) The exceptions herein granted to an authorized emergency vehicle, other than a police vehicle, shall apply only when the vehicle is making use of either an audible signal when in motion or visual signals meeting the requirements of Section 12-215 of this Act.

(e) The foregoing provisions do not relieve the driver of an authorized emergency vehicle from the duty of driving with due regard for the safety of all persons, nor do such provisions protect the driver from the consequences of his reckless disregard for the safety of others.

(f) Unless specifically made applicable, the provisions of this Chapter, except those contained in Section 11-204 and Articles IV and V of this Chapter, shall not apply to persons, motor vehicles and equipment while actually engaged in work upon a highway but shall apply to such persons and vehicles when traveling to or from such work.

625 ILCS 5/11-206 — Traffic laws apply to persons riding animals or driving animal-drawn vehicles

Sec. 11-206. Traffic laws apply to persons riding animals or driving animal-drawn vehicles. Every person riding an animal or driving any animal-drawn vehicle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this chapter, except those provisions of this chapter which by their very nature can have no application.

625 ILCS 5/11-207 — Provisions of this Chapter uniform throughout State

Sec. 11-207. Provisions of this Chapter uniform throughout State. The provisions of this Chapter shall be applicable and uniform throughout this State and in all political subdivisions and municipalities therein, and no local authority shall enact or enforce any ordinance rule or regulation in conflict with the provisions of this Chapter unless expressly authorized herein. Local authorities may, however, adopt additional traffic regulations which are not in conflict with the provisions of this Chapter, but such regulations shall not be effective until signs giving reasonable notice thereof are posted.

625 ILCS 5/11-208 — Powers of local authorities

Sec. 11-208. Powers of local authorities.

(a) The provisions of this Code shall not be deemed to prevent local authorities with respect to streets and highways under their jurisdiction and within the reasonable exercise of the police power from: 1. Regulating the standing or parking of vehicles, except as limited by Sections 11-1306 and 11-1307 of this Act; 2. Regulating traffic by means of police officers or traffic control signals; 3. Regulating or prohibiting processions or assemblages on the highways; and certifying persons to control traffic for processions or assemblages; 4. Designating particular highways as one-way highways and requiring that all vehicles thereon be moved in one specific direction; 5. Regulating the speed of vehicles in public parks subject to the limitations set forth in Section 11-604; 6. Designating any highway as a through highway, as authorized in Section 11-302, and requiring that all vehicles stop before entering or crossing the same or designating any intersection as a stop intersection or a yield right-of-way intersection and requiring all vehicles to stop or yield the right-of-way at one or more entrances to such intersections; 7. Restricting the use of highways as authorized in Chapter 15; 8. Regulating the operation of mobile carrying devices, bicycles, low-speed electric bicycles, and low-speed gas bicycles, and requiring the registration and licensing of same, including the requirement of a registration fee; 9. Regulating or prohibiting the turning of vehicles or specified types of vehicles at intersections; 10. Altering the speed limits as authorized in Section 11-604; 11. Prohibiting U-turns; 12. Prohibiting pedestrian crossings at other than designated and marked crosswalks or at intersections; 13. Prohibiting parking during snow removal operation; 14. Imposing fines in accordance with Section 11-1301.3 as penalties for use of any parking place reserved for persons with disabilities, as defined by Section 1-159.1, or veterans with disabilities by any person using a motor vehicle not bearing registration plates specified in Section 11-1301.1 or a special decal or device as defined in Section 11-1301.2 as evidence that the vehicle is operated by or for a person with disabilities or a veteran with a disability; 15. Adopting such other traffic regulations as are specifically authorized by this Code; or 16. Enforcing the provisions of subsection

(f) of Section 3-413 of this Code or a similar local ordinance.

(b) No ordinance or regulation enacted under paragraph 1, 4, 5, 6, 7, 9, 10, 11 or 13 of subsection

(a) shall be effective until signs giving reasonable notice of such local traffic regulations are posted.

(c) The provisions of this Code shall not prevent any municipality having a population of 500,000 or more inhabitants from prohibiting any person from driving or operating any motor vehicle upon the roadways of such municipality with headlamps on high beam or bright.

(d) The provisions of this Code shall not be deemed to prevent local authorities within the reasonable exercise of their police power from prohibiting, on private property, the unauthorized use of parking spaces reserved for persons with disabilities.

(e) No unit of local government, including a home rule unit, may enact or enforce an ordinance that applies only to motorcycles if the principal purpose for that ordinance is to restrict the access of motorcycles to any highway or portion of a highway for which federal or State funds have been used for the planning, design, construction, or maintenance of that highway. No unit of local government, including a home rule unit, may enact an ordinance requiring motorcycle users to wear protective headgear. Nothing in this subsection

(e) shall affect the authority of a unit of local government to regulate motorcycles for traffic control purposes or in accordance with Section 12-602 of this Code. No unit of local government, including a home rule unit, may regulate

motorcycles in a manner inconsistent with this Code. This subsection

(e) is a limitation under subsection

(i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State. (e-5) The City of Chicago may enact an ordinance providing for a noise monitoring system upon any portion of the roadway known as Lake Shore Drive. Twelve months after the installation of the noise monitoring system, and any time after the first report as the City deems necessary, the City of Chicago shall prepare a noise monitoring report with the data collected from the system and shall, upon request, make the report available to the public. For purposes of this subsection (e-5), "noise monitoring system" means an automated noise monitor capable of recording noise levels 24 hours per day and 365 days per year with computer equipment sufficient to process the data. (e-10) A unit of local government, including a home rule unit, may not enact an ordinance prohibiting the use of Automated Driving System equipped vehicles on its roadways. Nothing in this subsection (e-10) shall affect the authority of a unit of local government to regulate Automated Driving System equipped vehicles for traffic control purposes. No unit of local government, including a home rule unit, may regulate Automated Driving System equipped vehicles in a manner inconsistent with this Code. For purposes of this subsection (e-10), "Automated Driving System equipped vehicle" means any vehicle equipped with an Automated Driving System of hardware and software that are collectively capable of performing the entire dynamic driving task on a sustained basis, regardless of whether it is limited to a specific operational domain. This subsection (e-10) is a limitation under subsection

(i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(f) A municipality or county designated in Section 11-208.6 may enact an ordinance providing for an automated traffic law enforcement system to enforce violations of this Code or a similar provision of a local ordinance and imposing liability on a registered owner or lessee of a vehicle used in such a violation.

(g) A municipality or county, as provided in Section 11-1201.1, may enact an ordinance providing for an automated traffic law enforcement system to enforce violations of Section 11-1201 of this Code or a similar provision of a local ordinance and imposing liability on a registered owner of a vehicle used in such a violation.

(h) A municipality designated in Section 11-208.8 may enact an ordinance providing for an automated speed enforcement system to enforce violations of Article VI of Chapter 11 of this Code or a similar provision of a local ordinance.

(i) A municipality or county designated in Section 11-208.9 may enact an ordinance providing for an automated traffic law enforcement system to enforce violations of Section 11-1414 of this Code or a similar provision of a local ordinance and imposing liability on a registered owner or lessee of a vehicle used in such a violation.

625 ILCS 5/11-208.1 — Uniformity

Sec. 11-208.1. Uniformity. The provisions of this Chapter of this Act, as amended, and the rules and regulations promulgated thereunder by any State Officer, Office, Agency, Department or Commission, shall be applicable and uniformly applied and enforced throughout this State, in all other political subdivisions and in all units of local government.

625 ILCS 5/11-208.2 — Limitation on home rule units

Sec. 11-208.2. Limitation on home rule units. The provisions of this Chapter of this Act limit the authority of home rule units to adopt local police regulations inconsistent herewith except pursuant to Sections 11-208, 11-209, 11-1005.1, 11-1412.1, and 11-1412.2 of this Chapter of this Act.

625 ILCS 5/11-208.3

Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles, automated traffic law violations, and automated speed enforcement system violations.

(a) Any municipality or county may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as described in this subsection, automated traffic law violations as defined in Section 11-208.6, 11-208.9, or 11-1201.1, and automated speed enforcement system violations as defined in Section 11-208.8. The administrative system shall have as its purpose the fair and efficient enforcement of municipal or county regulations through the administrative adjudication of automated speed enforcement system or automated traffic law violations and violations of municipal or county ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal or county wheel tax licenses within the municipality's

or county's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of \$500 or requiring the completion of a traffic education program, or both, that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal or county regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal or county wheel tax license.

(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

(1) A traffic compliance administrator authorized to adopt, distribute, and process parking, compliance, and automated speed enforcement system or automated traffic law violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances and automated speed enforcement system or automated traffic law violations, and operate an administrative adjudication system.

(2) A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice that shall specify or include the date, time, and place of violation of a parking, standing, compliance, automated speed enforcement system, or automated traffic law regulation; the particular regulation violated; any requirement to complete a traffic education program; the fine and any penalty that may be assessed for late payment or failure to complete a required traffic education program, or both, when so provided by ordinance; the vehicle make or a photograph of the vehicle; the state registration number of the vehicle; and the identification number of the person issuing the notice. With regard to automated speed enforcement system or automated traffic law violations, vehicle make shall be specified on the automated speed enforcement system or automated traffic law violation notice if the notice does not include a photograph of the vehicle and the make is available and readily discernible. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make specified is incorrect. The violation notice shall state that the completion of any required traffic education program, the payment of any indicated fine, and the payment of any applicable penalty for late payment or failure to complete a required traffic education program, or both, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of a parking, standing, or compliance violation notice by:

(i) affixing the original or a facsimile of the notice to an unlawfully parked or standing vehicle; (ii) handing the notice to the operator of a vehicle if he or she is present; or (iii) mailing the notice to the address of the registered owner or lessee of the cited vehicle as recorded with the Secretary of State or the lessor of the motor vehicle within 30 days after the Secretary of State or the lessor of the motor vehicle notifies the municipality or county of the identity of the owner or lessee of the vehicle, but not later than 90 days after the date of the violation, except that in the case of a lessee of a motor vehicle, service of a parking, standing, or compliance violation notice may occur no later than 210 days after the violation; and service of an automated speed enforcement system or automated traffic law violation notice by mail to the address of the registered owner or lessee of the cited vehicle as recorded with the Secretary of State or the lessor of the motor vehicle within 30 days after the Secretary of State or the lessor of the motor vehicle notifies the municipality or county of the identity of the owner or lessee of the vehicle, but not later than 90 days after the violation, except that in the case of a lessee of a motor vehicle, service of an automated traffic law violation notice may occur no later than 210 days after the violation. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or, in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. In the case of an automated traffic law violation, the ordinance shall require a determination by a technician employed or contracted by the municipality or county that, based on inspection of recorded images, the motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance. If the technician determines that the vehicle entered the intersection as part of a funeral procession or in order to yield the right-of-way to an emergency vehicle, a citation shall not be issued. In municipalities with a population of less than 1,000,000 inhabitants and counties with a population of less than 3,000,000 inhabitants, the automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation. In municipalities with a population of 1,000,000 or more inhabitants and counties with a population of 3,000,000 or more inhabitants, the

automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation or by an additional fully trained reviewing technician who is not employed by the contractor who employs the technician who made the initial determination. In the case of an automated speed enforcement system violation, the ordinance shall require a determination by a technician employed by the municipality, based upon an inspection of recorded images, video or other documentation, including documentation of the speed limit and automated speed enforcement signage, and documentation of the inspection, calibration, and certification of the speed equipment, that the vehicle was being operated in violation of Article VI of Chapter 11 of this Code or a similar local ordinance. If the technician determines that the vehicle speed was not determined by a calibrated, certified speed equipment device based upon the speed equipment documentation, or if the vehicle was an emergency vehicle, a citation may not be issued. The automated speed enforcement ordinance shall require that all determinations by a technician that a violation occurred be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality issuing the violation or by an additional fully trained reviewing technician who is not employed by the contractor who employs the technician who made the initial determination. Routine and independent calibration of the speeds produced by automated speed enforcement systems and equipment shall be conducted annually by a qualified technician. Speeds produced by an automated speed enforcement system shall be compared with speeds produced by lidar or other independent equipment. Radar or lidar equipment shall undergo an internal validation test no less frequently than once each week. Qualified technicians shall test loop-based equipment no less frequently than once a year. Radar equipment shall be checked for accuracy by a qualified technician when the unit is serviced, when unusual or suspect readings persist, or when deemed necessary by a reviewing technician. Radar equipment shall be checked with the internal frequency generator and the internal circuit test whenever the radar is turned on. Technicians must be alert for any unusual or suspect readings, and if unusual or suspect readings of a radar unit persist, that unit shall immediately be removed from service and not returned to service until it has been checked by a qualified technician and determined to be functioning properly. Documentation of the annual calibration results, including the equipment tested, test date, technician performing the test, and test results, shall be maintained and available for use in the determination of an automated speed enforcement system violation and issuance of a citation. The technician performing the calibration and testing of the automated speed enforcement equipment shall be trained and certified in the use of equipment for speed enforcement purposes. Training on the speed enforcement equipment may be conducted by law enforcement, civilian, or manufacturer's personnel and if applicable may be equivalent to the equipment use and operations training included in the Speed Measuring Device Operator Program developed by the National Highway Traffic Safety Administration (NHTSA). The vendor or technician who performs the work shall keep accurate records on each piece of equipment the technician calibrates and tests. As used in this paragraph, "fully trained reviewing technician" means a person who has received at least 40 hours of supervised training in subjects which shall include image inspection and interpretation, the elements necessary to prove a violation, license plate identification, and traffic safety and management. In all municipalities and counties, the automated speed enforcement system or automated traffic law ordinance shall require that no additional fee shall be charged to the alleged violator for exercising his or her right to an administrative hearing, and persons shall be given at least 25 days following an administrative hearing to pay any civil penalty imposed by a finding that Section 11-208.6, 11-208.8, 11-208.9, or 11-1201.1 or a similar local ordinance has been violated. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice issued, signed, and served in accordance with this Section, a copy of the notice, or the computer-generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer-generated record shall be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers.

Persons appearing at a hearing under this Section may be represented by counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 or subsection

(p) of Section 11-208.6 or 11-208.9, or subsection

(p) of Section 11-208.8 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include, but not be limited to, the information specified herein:

(i) A second notice of parking, standing, or compliance violation if the first notice of the violation was issued by affixing the original or a facsimile of the notice to the unlawfully parked vehicle or by handing the notice to the operator. This notice shall specify or include the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make or a photograph of the vehicle, the state registration number of the vehicle, any requirement to complete a traffic education program, the fine and any penalty that may be assessed for late payment or failure to complete a traffic education program, or both, when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure to complete a required traffic education program, to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any incomplete traffic education program or any unpaid fine or penalty, or both, will constitute a debt due and owing the municipality or county. (ii) A notice of final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability. This notice shall be sent following a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the incomplete traffic education program or the unpaid fine or penalty, or both, is a debt due and owing the municipality or county. The notice shall contain warnings that failure to complete any required traffic education program or to pay any fine or penalty due and owing the municipality or county, or both, within the time specified may result in the municipality's or county's filing of a petition in the Circuit Court to have the incomplete traffic education program or unpaid fine or penalty, or both, rendered a judgment as provided by this Section, or, where applicable, may result in suspension of the person's driver's license for failure to complete a traffic education program.

(6) A notice of impending driver's license suspension. This notice shall be sent to the person liable for failure to complete a required traffic education program. The notice shall state that failure to complete a required traffic education program within 45 days of the notice's date will result in the municipality or county notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self-addressed, stamped envelope to the municipality or county along with a request for the photostatic copy. The notice of impending driver's license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to complete the required traffic education program or to pay the fine or penalty, or both, after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. A petition to set aside a determination of liability may also be filed by a person required to complete a traffic education program. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already completed the required traffic education program or paid the fine or penalty, or both, for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make, only if specified in the violation notice, is incorrect. After the determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality or county may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines or failure to complete required traffic education programs, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed \$250, except as provided in subsection

(c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section. (b-5) An automated speed enforcement system or automated traffic law ordinance adopted under this Section by a municipality or county shall require that the determination to issue a citation be vested solely with the municipality or county and that such authority may not be delegated to any vendor retained by the municipality or county. Any contract or agreement violating such a provision in the ordinance is null and void.

(c) Any municipality or county establishing vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without the completion of the required traffic education program or payment of the outstanding fines and penalties on parking, standing, compliance, automated speed enforcement system, or automated traffic law violations, or both, for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

(d) Judicial review of final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, incomplete traffic education program, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality or county and, as such, may be collected in accordance with applicable law. Completion of any required traffic education program and payment in full of any fine or

penalty resulting from a standing, parking, compliance, automated speed enforcement system, or automated traffic law violation shall constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, the municipality or county may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality or county from consolidating multiple final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations against a person in a proceeding. Upon commencement of the action, the municipality or county shall file a certified copy or record of the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal or county ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations does not exceed \$2500. If the court is satisfied that the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation was entered in accordance with the requirements of this Section and the applicable municipal or county ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality or county and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

(g) The fee for participating in a traffic education program under this Section shall not exceed \$25. A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

(h) Notwithstanding any other provision of law to the contrary, a person shall not be liable for violations, fees, fines, or penalties under this Section during the period in which the motor vehicle was stolen or hijacked, as indicated in a report to the appropriate law enforcement agency filed in a timely manner.

Sec. 11-208.4. (Repealed).

625 ILCS 5/11-208.5 — Prosecution of felony DUI by local authorities prohibited

Sec. 11-208.5. Prosecution of felony DUI by local authorities prohibited.

(a) The powers of a local authority to enact or enforce any ordinance or rule with respect to the streets or highways under its jurisdiction relating to driving under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination thereof is limited to the enactment and enforcement of ordinances or rules the violation of which would constitute a misdemeanor under Section 11-501 of the Illinois Vehicle Code.

(b) A local authority may not enact or enforce any ordinance or rule with respect to streets and highways under its jurisdiction if a violation of that ordinance or rule would constitute a felony under Section 11-501 of the Illinois Vehicle Code. The municipality may, however, charge an offender with a municipal misdemeanor offense if the State's Attorney rejects or denies felony charges for the conduct that comprises the charge.

(c) A municipal attorney who is aware that, based on a driver's history, the driver is subject to prosecution for a felony under Section 11-501 of the Illinois Vehicle Code, must notify the State's Attorney of that county of the driver's conduct and may not prosecute the driver on behalf of the municipality.

625 ILCS 5/11-208.6 — Automated traffic law enforcement system

Sec. 11-208.6. Automated traffic law enforcement system.

(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with a red light signal to produce recorded images of motor vehicles entering an intersection against a red signal indication in violation of Section 11-306 of this Code or a similar provision of a local ordinance. An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

- (1) 2 or more photographs;
- (2) 2 or more microphotographs;
- (3) 2 or more electronic images; or

(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle. (b-5) A municipality or county that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(c) Except as provided under Section 11-208.8 of this Code, a county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to provide recorded images of a motor vehicle for the purpose of recording its speed. Except as provided under Section 11-208.8 of this Code, the regulation of the use of automated traffic law enforcement systems to record vehicle speeds is an exclusive power and function of the State. This subsection

(c) is a denial and limitation of home rule powers and functions under subsection

(h) of Section 6 of Article VII of the Illinois Constitution. (c-5) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where the motor vehicle comes to a complete stop and does not enter the intersection, as defined by Section 1-132 of this Code, during the cycle of the red signal indication unless one or more pedestrians or bicyclists are present, even if the motor vehicle stops at a point past a stop line or crosswalk where a driver is required to stop, as specified in subsection

(c) of Section 11-306 of this Code or a similar provision of a local ordinance. (c-6) A county, or a municipality with less than 2,000,000 inhabitants, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where a motorcyclist enters an intersection against a red signal indication when the red signal fails to change to a green signal within a reasonable period of time not less than 120 seconds because of a signal malfunction or because the signal has failed to detect the arrival of the motorcycle due to the motorcycle's size or weight.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automatic traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation. The notice shall include:

- (1) the name and address of the registered owner of the vehicle;
- (2) the registration number of the motor vehicle involved in the violation;
- (3) the violation charged;
- (4) the location where the violation occurred;
- (5) the date and time of the violation;
- (6) a copy of the recorded images;
- (7) the amount of the civil penalty imposed and the requirements of any traffic education program imposed and the date by which the civil penalty should be paid and the traffic education program should be completed;
- (8) a statement that recorded images are evidence of a violation of a red light signal;

(9) a warning that failure to pay the civil penalty, to complete a required traffic education program, or to contest liability in a timely manner is an admission of liability;

(10) a statement that the person may elect to proceed by: (A) paying the fine, completing a required traffic education program, or both; or (B) challenging the charge in court, by mail, or by administrative hearing; and

(11) a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(e) (Blank).

(f) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(g) Recorded images made by an automatic traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(h) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner or lessee at the time of the violation; (1.5) that the motor vehicle was hijacked before the violation occurred and not under the control of or in the possession of the owner or lessee at the time of the violation;

(2) that the driver of the vehicle passed through the intersection when the light was red either

(i) in order to yield the right-of-way to an emergency vehicle or (ii) as part of a funeral procession; and

(3) any other evidence or issues provided by municipal or county ordinance.

(i) To demonstrate that the motor vehicle was hijacked or the motor vehicle or registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner or lessee at the time of the violation, the owner or lessee must submit proof that a report concerning the motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(j) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding \$100 or the completion of a traffic education program, or both, plus an additional penalty of not more than \$100 for failure to pay the original penalty or to complete a required traffic education program, or both, in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle.

(j-3) A registered owner who is a holder of a valid commercial driver's license is not required to complete a traffic education program. (j-5) For purposes of the required traffic education program only, a registered owner may submit an affidavit to the court or hearing officer swearing that at the time of the alleged violation, the vehicle was in the custody and control of another person. The affidavit must identify the person in custody and control of the vehicle, including the person's name and current address. The person in custody and control of the vehicle at the time of the violation is required to complete the required traffic education program. If the person in custody and control of the vehicle at the time of the violation completes the required traffic education program, the registered owner of the vehicle is not required to complete a traffic education program.

(k) An intersection equipped with an automated traffic law enforcement system must be posted with a sign visible to approaching traffic indicating that the intersection is being monitored by an automated traffic law enforcement system and informing drivers whether, following a stop, a right turn at the intersection is permitted or prohibited. (k-3) A municipality or county that has one or more intersections equipped with an automated traffic law enforcement system must provide notice to drivers by posting the locations of automated traffic law systems on the municipality or county website. (k-5) An intersection equipped with an automated traffic law enforcement system must have a yellow change interval that conforms with the Illinois Manual on Uniform Traffic Control Devices (IMUTCD) published by the Illinois Department of Transportation. Beginning 6 months before it installs an automated traffic law enforcement system at an intersection, a county or municipality may not change the yellow change interval at that intersection. (k-7) A municipality or county operating an automated traffic law enforcement system shall conduct a statistical analysis to assess the safety impact of

each automated traffic law enforcement system at an intersection following installation of the system and every 2 years thereafter. Each statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. Each statistical analysis shall be consistent with professional judgment and acceptable industry practice. Each statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. Each statistical analysis required by this subsection (k-7) shall be made available to the public and shall be published on the website of the municipality or county. If a statistical analysis indicates that there has been an increase in the rate of crashes at the approach to the intersection monitored by the system, the municipality or county shall undertake additional studies to determine the cause and severity of the crashes, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the crashes at that intersection. (k-8) Any municipality or county operating an automated traffic law enforcement system before July 28, 2023 (the effective date of Public Act 103-364) shall conduct a statistical analysis to assess the safety impact of each automated traffic law enforcement system at an intersection by no later than one year after July 28, 2023 (the effective date of Public Act 103-364) and every 2 years thereafter. The statistical analyses shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. The statistical analyses shall be consistent with professional judgment and acceptable industry practice. The statistical analyses also shall be consistent with the data required for valid comparisons of before and after conditions. The statistical analyses required by this subsection shall be made available to the public and shall be published on the website of the municipality or county. If the statistical analysis for any period following installation of the system indicates that there has been an increase in the rate of accidents at the approach to the intersection monitored by the system, the municipality or county shall undertake additional studies to determine the cause and severity of the accidents, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the accidents at that intersection.

(l) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system. (l-1) No member of the General Assembly and no officer or employee of a municipality or county shall knowingly accept employment or receive compensation or fees for services from a vendor that provides automated traffic law enforcement system equipment or services to municipalities or counties. No former member of the General Assembly shall, within a period of 2 years immediately after the termination of service as a member of the General Assembly, knowingly accept employment or receive compensation or fees for services from a vendor that provides automated traffic law enforcement system equipment or services to municipalities or counties. No former officer or employee of a municipality or county shall, within a period of 2 years immediately after the termination of municipal or county employment, knowingly accept employment or receive compensation or fees for services from a vendor that provides automated traffic law enforcement system equipment or services to municipalities or counties.

(m) This Section applies only to the counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will and to municipalities located within those counties.

(n) The fee for participating in a traffic education program under this Section shall not exceed \$25. A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

(o) (Blank).

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. Upon the provision of information by the lessor pursuant to this subsection, the county or municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

(q) If a county or municipality selects a new vendor for its automated traffic law enforcement system and must, as a consequence, apply for a permit, approval, or other authorization from the Department for reinstallation of one or more malfunctioning components of that system and if, at the time of the application for the permit, approval, or other authorization, the new vendor operates an automated traffic law enforcement system for any other county or municipality in the State, then the Department shall approve or deny the county or municipality's application for the permit, approval, or other authorization within 90 days after its receipt.

(r) The Department may revoke any permit, approval, or other authorization granted to a county or municipality for the placement, installation, or operation of an automated traffic law enforcement system if any official or employee who serves that county or municipality is charged with bribery, official misconduct, or a similar crime related to the placement, installation, or operation of the automated traffic law enforcement system in the county or municipality. The Department shall adopt any rules necessary to implement and administer this subsection. The rules adopted by the Department shall describe the revocation process, shall ensure that notice of the revocation is provided, and shall provide an opportunity to appeal the revocation. Any county or municipality that has a permit, approval, or other authorization revoked under this subsection may not reapply for such a permit, approval, or other authorization for a period of one year after the revocation.

(s) If an automated traffic law enforcement system is removed or rendered inoperable due to construction, then the Department shall authorize the reinstallation or use of the automated traffic law enforcement system within 30 days after the construction is complete.

625 ILCS 5/11-208.7 — Administrative fees and procedures for impounding vehicles for specified violations

Sec. 11-208.7. Administrative fees and procedures for impounding vehicles for specified violations.

(a) Any county or municipality may, consistent with this Section, provide by ordinance procedures for the release of properly impounded vehicles and for the imposition of a reasonable administrative fee related to its administrative and processing costs associated with the investigation, arrest, and detention of an offender, or the removal, impoundment, storage, and release of the vehicle. The administrative fee imposed by the county or municipality may be in addition to any fees charged for the towing and storage of an impounded vehicle. The administrative fee shall be waived by the county or municipality upon verifiable proof that the vehicle was stolen or hijacked at the time the vehicle was impounded.

(b) An ordinance establishing procedures for the release of properly impounded vehicles under this Section may impose fees only for the following violations:

(1) operation or use of a motor vehicle in the commission of, or in the attempt to commit, an offense for which a motor vehicle may be seized and forfeited pursuant to Section 36-1 of the Criminal Code of 2012; or

(2) driving under the influence of alcohol, another drug or drugs, an intoxicating compound or compounds, or any combination thereof, in violation of Section 11-501 of this Code; or

(3) operation or use of a motor vehicle in the commission of, or in the attempt to commit, a felony or in violation of the Cannabis Control Act; or

(4) operation or use of a motor vehicle in the commission of, or in the attempt to commit, an offense in violation of the Illinois Controlled Substances Act; or

(5) operation or use of a motor vehicle in the commission of, or in the attempt to commit, an offense in violation of Section 24-1, 24-1.5, or 24-3.1 of the Criminal Code of 1961 or the Criminal Code of 2012; or

(6) driving while a driver's license, permit, or privilege to operate a motor vehicle is suspended or revoked pursuant to Section 6-303 of this Code; except that vehicles shall not be subjected to seizure or impoundment if the suspension is for an unpaid citation (parking or moving) or due to failure to comply with emission testing; or

(7) operation or use of a motor vehicle while soliciting, possessing, or attempting to solicit or possess cannabis or a controlled substance, as defined by the Cannabis Control Act or the Illinois Controlled Substances Act; or

(8) operation or use of a motor vehicle with an expired driver's license, in violation of Section 6-101 of this Code, if the period of expiration is greater than one year; or

(9) operation or use of a motor vehicle without ever having been issued a driver's license or permit, in violation of Section 6-101 of this Code, or operating a motor vehicle without ever having been issued a driver's license or permit due to a

person's age; or

(10) operation or use of a motor vehicle by a person against whom a warrant has been issued by a circuit clerk in Illinois for failing to answer charges that the driver violated Section 6-101, 6-303, or 11-501 of this Code; or

(11) operation or use of a motor vehicle in the commission of, or in the attempt to commit, an offense in violation of Article 16 or 16A of the Criminal Code of 1961 or the Criminal Code of 2012; or

(12) operation or use of a motor vehicle in the commission of, or in the attempt to commit, any other misdemeanor or felony offense in violation of the Criminal Code of 1961 or the Criminal Code of 2012, when so provided by local ordinance; or

(13) operation or use of a motor vehicle in violation of Section 11-503 of this Code: (A) while the vehicle is part of a funeral procession; or (B) in a manner that interferes with a funeral procession.

(c) The following shall apply to any fees imposed for administrative and processing costs pursuant to subsection (b):

(1) All administrative fees and towing and storage charges shall be imposed on the registered owner of the motor vehicle or the agents of that owner. (1.5) No administrative fees shall be imposed on the registered owner or the agents of that owner if the motor vehicle was stolen or hijacked at the time the vehicle was impounded. To demonstrate that the motor vehicle was hijacked or stolen at the time the vehicle was impounded, the owner or the agents of the owner must submit proof that a report concerning the motor vehicle was filed with a law enforcement agency in a timely manner.

(2) The fees shall be in addition to

(i) any other penalties that may be assessed by a court of law for the underlying violations; and (ii) any towing or storage fees, or both, charged by the towing company.

(3) The fees shall be uniform for all similarly situated vehicles.

(4) The fees shall be collected by and paid to the county or municipality imposing the fees.

(5) The towing or storage fees, or both, shall be collected by and paid to the person, firm, or entity that tows and stores the impounded vehicle.

(d) Any ordinance establishing procedures for the release of properly impounded vehicles under this Section shall provide for an opportunity for a hearing, as provided in subdivision (b)(4) of Section 11-208.3 of this Code, and for the release of the vehicle to the owner of record, lessee, or a lienholder of record upon payment of all administrative fees and towing and storage fees.

(e) Any ordinance establishing procedures for the impoundment and release of vehicles under this Section shall include the following provisions concerning notice of impoundment:

(1) Whenever a police officer has cause to believe that a motor vehicle is subject to impoundment, the officer shall provide for the towing of the vehicle to a facility authorized by the county or municipality.

(2) At the time the vehicle is towed, the county or municipality shall notify or make a reasonable attempt to notify the owner, lessee, or person identifying himself or herself as the owner or lessee of the vehicle, or any person who is found to be in control of the vehicle at the time of the alleged offense, of the fact of the seizure, and of the vehicle owner's or lessee's right to an administrative hearing.

(3) The county or municipality shall also provide notice that the motor vehicle will remain impounded pending the completion of an administrative hearing, unless the owner or lessee of the vehicle or a lienholder posts with the county or municipality a bond equal to the administrative fee as provided by ordinance and pays for all towing and storage charges.

(f) Any ordinance establishing procedures for the impoundment and release of vehicles under this Section shall include a provision providing that the registered owner or lessee of the vehicle and any lienholder of record shall be provided with a notice of hearing. The notice shall:

(1) be served upon the owner, lessee, and any lienholder of record either by personal service or by first class mail to the interested party's address as registered with the Secretary of State;

(2) be served upon interested parties within 10 days after a vehicle is impounded by the municipality; and

(3) contain the date, time, and location of the administrative hearing. An initial hearing shall be scheduled and convened no later than 45 days after the date of the mailing of the notice of hearing.

(g) In addition to the requirements contained in subdivision (b)(4) of Section 11-208.3 of this Code relating to administrative hearings, any ordinance providing for the impoundment and release of vehicles under this Section shall include the following requirements concerning administrative hearings:

(1) administrative hearings shall be conducted by a hearing officer who is an attorney licensed to practice law in this State for a minimum of 3 years; (1.5) the hearing officer shall consider as a defense to the vehicle impoundment that the motor vehicle was stolen or hijacked at the time the vehicle was impounded; to demonstrate that the motor vehicle was hijacked or stolen at the time the vehicle was impounded, the owner or the agents of the owner or a lessee must submit proof that a report concerning the motor vehicle was filed with a law enforcement agency in a timely manner;

(2) at the conclusion of the administrative hearing, the hearing officer shall issue a written decision either sustaining or overruling the vehicle impoundment;

(3) if the basis for the vehicle impoundment is sustained by the administrative hearing officer, any administrative fee posted to secure the release of the vehicle shall be forfeited to the county or municipality;

(4) all final decisions of the administrative hearing officer shall be subject to review under the provisions of the Administrative Review Law, unless the county or municipality allows in the enabling ordinance for direct appeal to the circuit court having jurisdiction over the county or municipality;

(5) unless the administrative hearing officer overturns the basis for the vehicle impoundment, no vehicle shall be released to the owner, lessee, or lienholder of record until all administrative fees and towing and storage charges are paid;

(6) if the administrative hearing officer finds that a county or municipality that impounds a vehicle exceeded its authority under this Code, the county or municipality shall be liable to the registered owner or lessee of the vehicle for the cost of storage fees and reasonable attorney's fees; and

(7) notwithstanding any other provision of law to the contrary, if the administrative hearing officer finds that a county or municipality impounded a motor vehicle that was stolen or hijacked at the time the vehicle was impounded, the county or municipality shall refund any administrative fees already paid by the registered owner or lessee of the vehicle.

(h) Vehicles not retrieved from the towing facility or storage facility within 35 days after the administrative hearing officer issues a written decision shall be deemed abandoned and disposed of in accordance with the provisions of Article II of Chapter 4 of this Code.

(i) Unless stayed by a court of competent jurisdiction, any fine, penalty, or administrative fee imposed under this Section which remains unpaid in whole or in part after the expiration of the deadline for seeking judicial review under the Administrative Review Law may be enforced in the same manner as a judgment entered by a court of competent jurisdiction.

(j) The fee limits in subsection (b), the exceptions in paragraph

(6) of subsection (b), and all of paragraph

(6) of subsection

(g) of this Section shall not apply to a home rule unit that tows a vehicle on a public way if a circumstance requires the towing of the vehicle or if the vehicle is towed due to a violation of a statute or local ordinance, and the home rule unit:

(1) owns and operates a towing facility within its boundaries for the storage of towed vehicles; and

(2) owns and operates tow trucks or enters into a contract with a third party vendor to operate tow trucks.

625 ILCS 5/11-208.8 — Automated speed enforcement systems in safety zones

Sec. 11-208.8. Automated speed enforcement systems in safety zones.

(a) As used in this Section: "Automated speed enforcement system" means a photographic device, radar device, laser device, or other electrical or mechanical device or devices installed or utilized in a safety zone and designed to record the speed of a vehicle and obtain a clear photograph or other recorded image of the vehicle and the vehicle's registration plate or digital registration plate while the driver is violating Article VI of Chapter 11 of this Code or a similar provision of a local ordinance. An automated speed enforcement system is a system, located in a safety zone which is under the jurisdiction of a municipality, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation. "Owner" means the person or entity to whom the vehicle is registered. "Recorded image" means images recorded by an automated speed enforcement system

on:

- (1) 2 or more photographs;
- (2) 2 or more microphotographs;
- (3) 2 or more electronic images; or

(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle. "Safety zone" means an area that is within one-eighth of a mile from the nearest property line of any public or private elementary or secondary school, or from the nearest property line of any facility, area, or land owned by a school district that is used for educational purposes approved by the Illinois State Board of Education, not including school district headquarters or administrative buildings. A safety zone also includes an area that is within one-eighth of a mile from the nearest property line of any facility, area, or land owned by a park district used for recreational purposes. However, if any portion of a roadway is within either one-eighth mile radius, the safety zone also shall include the roadway extended to the furthest portion of the next furthest intersection. The term "safety zone" does not include any portion of the roadway known as Lake Shore Drive or any controlled access highway with 8 or more lanes of traffic. (a-5) The automated speed enforcement system shall be operational and violations shall be recorded only at the following times:

(i) if the safety zone is based upon the property line of any facility, area, or land owned by a school district, only on school days and no earlier than 6 a.m. and no later than 8:30 p.m. if the school day is during the period of Monday through Thursday, or 9 p.m. if the school day is a Friday; and (ii) if the safety zone is based upon the property line of any facility, area, or land owned by a park district, no earlier than one hour prior to the time that the facility, area, or land is open to the public or other patrons, and no later than one hour after the facility, area, or land is closed to the public or other patrons.

(b) A municipality that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(c) Notwithstanding any penalties for any other violations of this Code, the owner of a motor vehicle used in a traffic violation recorded by an automated speed enforcement system shall be subject to the following penalties:

(1) if the recorded speed is no less than 6 miles per hour and no more than 10 miles per hour over the legal speed limit, a civil penalty not exceeding \$50, plus an additional penalty of not more than \$50 for failure to pay the original penalty in a timely manner; or

(2) if the recorded speed is more than 10 miles per hour over the legal speed limit, a civil penalty not exceeding \$100, plus an additional penalty of not more than \$100 for failure to pay the original penalty in a timely manner. A penalty may not be imposed under this Section if the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a speeding violation occurring within one-eighth of a mile and 15 minutes of the violation that was recorded by the system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle. A law enforcement officer is not required to be present or to witness the violation. No penalty may be imposed under this Section if the recorded speed of a vehicle is 5 miles per hour or less over the legal speed limit. The municipality may send, in the same manner that notices are sent under this Section, a speed violation warning notice where the violation involves a speed of 5 miles per hour or less above the legal speed limit.

(d) The net proceeds that a municipality receives from civil penalties imposed under an automated speed enforcement system, after deducting all non-personnel and personnel costs associated with the operation and maintenance of such system, shall be expended or obligated by the municipality for the following purposes:

(i) public safety initiatives to ensure safe passage around schools, and to provide police protection and surveillance around schools and parks, including but not limited to:

(1) personnel costs; and

(2) non-personnel costs such as construction and maintenance of public safety infrastructure and equipment; (ii) initiatives to improve pedestrian and traffic safety; (iii) construction and maintenance of infrastructure within the municipality, including but not limited to roads and bridges; and (iv) after school programs.

(e) For each violation of a provision of this Code or a local ordinance recorded by an automated speed enforcement system, the municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the

vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

(f) The notice required under subsection

(e) of this Section shall include:

- (1) the name and address of the registered owner of the vehicle;
- (2) the registration number of the motor vehicle involved in the violation;
- (3) the violation charged;
- (4) the date, time, and location where the violation occurred;
- (5) a copy of the recorded image or images;
- (6) the amount of the civil penalty imposed and the date by which the civil penalty should be paid;
- (7) a statement that recorded images are evidence of a violation of a speed restriction;
- (8) a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability;
- (9) a statement that the person may elect to proceed by: (A) paying the fine; or (B) challenging the charge in court, by mail, or by administrative hearing; and
- (10) a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(g) (Blank).

(h) Based on inspection of recorded images produced by an automated speed enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(i) Recorded images made by an automated speed enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(j) The court or hearing officer may consider in defense of a violation:

- (1) that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control or in the possession of the owner or lessee at the time of the violation; (1.5) that the motor vehicle was hijacked before the violation occurred and not under the control of or in the possession of the owner or lessee at the time of the violation;
- (2) that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a speeding violation occurring within one-eighth of a mile and 15 minutes of the violation that was recorded by the system; and
- (3) any other evidence or issues provided by municipal ordinance.

(k) To demonstrate that the motor vehicle was hijacked or the motor vehicle or registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner or lessee at the time of the violation, the owner or lessee must submit proof that a report concerning the motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(l) A roadway equipped with an automated speed enforcement system shall be posted with a sign conforming to the national Manual on Uniform Traffic Control Devices that is visible to approaching traffic stating that vehicle speeds are being photo-enforced and indicating the speed limit. The municipality shall install such additional signage as it determines is necessary to give reasonable notice to drivers as to where automated speed enforcement systems are installed.

(m) A roadway where a new automated speed enforcement system is installed shall be posted with signs providing 30 days notice of the use of a new automated speed enforcement system prior to the issuance of any citations through the automated speed enforcement system.

(n) The compensation paid for an automated speed enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system. (n-1) No member of the General Assembly and no officer or employee of a municipality or county shall knowingly accept employment or receive compensation or fees for services from a vendor that provides automated speed

enforcement system equipment or services to municipalities or counties. No former member of the General Assembly shall, within a period of 2 years immediately after the termination of service as a member of the General Assembly, knowingly accept employment or receive compensation or fees for services from a vendor that provides automated speed enforcement system equipment or services to municipalities or counties. No former officer or employee of a municipality or county shall, within a period of 2 years immediately after the termination of municipal or county employment, knowingly accept employment or receive compensation or fees for services from a vendor that provides automated speed enforcement system equipment or services to municipalities or counties.

(o) (Blank).

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The drivers license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section. Upon the provision of information by the lessor pursuant to this subsection, the municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

(q) A municipality using an automated speed enforcement system must provide notice to drivers by publishing the locations of all safety zones where system equipment is installed on the website of the municipality.

(r) A municipality operating an automated speed enforcement system shall conduct a statistical analysis to assess the safety impact of the system following installation of the system and every 2 years thereafter. A municipality operating an automated speed enforcement system before the effective date of this amendatory Act of the 103rd General Assembly shall conduct a statistical analysis to assess the safety impact of the system by no later than one year after the effective date of this amendatory Act of the 103rd General Assembly and every 2 years thereafter. Each statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. Each statistical analysis shall be consistent with professional judgment and acceptable industry practice. Each statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. Each statistical analysis required by this subsection shall be made available to the public and shall be published on the website of the municipality.

(s) This Section applies only to municipalities with a population of 1,000,000 or more inhabitants.

(t) If a county or municipality selects a new vendor for its automated speed enforcement system and must, as a consequence, apply for a permit, approval, or other authorization from the Department for reinstallation of one or more malfunctioning components of that system and if, at the time of the application for the permit, approval, or other authorization, the new vendor operates an automated speed enforcement system for any other county or municipality in the State, then the Department shall approve or deny the county or municipality's application for the permit, approval, or other authorization within 90 days after its receipt.

(u) The Department may revoke any permit, approval, or other authorization granted to a county or municipality for the placement, installation, or operation of an automated speed enforcement system if any official or employee who serves that county or municipality is charged with bribery, official misconduct, or a similar crime related to the placement, installation, or operation of the automated speed enforcement system in the county or municipality. The Department shall adopt any rules necessary to implement and administer this subsection. The rules adopted by the Department shall describe the revocation process, shall ensure that notice of the revocation is provided, and shall provide an opportunity to appeal the revocation. Any county or municipality that has a permit, approval, or other authorization revoked under this subsection may not reapply for such a permit, approval, or other authorization for a period of 1 year after the revocation.

(v) The University of Illinois Chicago Urban Transportation Center shall conduct a study that includes the following:

(1) a comprehensive review of the City of Chicago's website multi-year crash data on North and South DuSable Lake Shore Drive;

(2) the available research on potential effectiveness of cameras powered by artificial intelligence in improving compliance and reducing crashes and road fatalities on North and South DuSable Lake Shore Drive;

- (3) an analysis of driving behavior to detect risky driving patterns and to address the DuSable Lake Shore Drive crash corridors;
- (4) an assessment of the effectiveness of psychological deterrence in reducing habitual speeding; and
- (5) an assessment of how fatalities can be reduced using these cameras powered by artificial intelligence and other technical options that may be available in place of cameras powered by artificial intelligence. The Department shall adopt any rules necessary to implement this subsection (v).

625 ILCS 5/11-208.9 — Automated traffic law enforcement system; approaching, overtaking, and passing a school bus

Sec. 11-208.9. Automated traffic law enforcement system; approaching, overtaking, and passing a school bus.

(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with the visual signals on a school bus, as specified in Sections 12-803 and 12-805 of this Code, to produce recorded images of motor vehicles that fail to stop before meeting or overtaking, from either direction, any school bus stopped at any location for the purpose of receiving or discharging pupils in violation of Section 11-1414 of this Code or a similar provision of a local ordinance. An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

- (1) 2 or more photographs;
 - (2) 2 or more microphotographs;
 - (3) 2 or more electronic images; or
 - (4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle.
- (c) A municipality or county that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.
- (d) For each violation of a provision of this Code or a local ordinance recorded by an automated traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

(e) The notice required under subsection

(d) shall include:

- (1) the name and address of the registered owner of the vehicle;
- (2) the registration number of the motor vehicle involved in the violation;
- (3) the violation charged;
- (4) the location where the violation occurred;
- (5) the date and time of the violation;
- (6) a copy of the recorded images;
- (7) the amount of the civil penalty imposed and the date by which the civil penalty should be paid;
- (8) a statement that recorded images are evidence of a violation of overtaking or passing a school bus stopped for the purpose of receiving or discharging pupils;
- (9) a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability;
- (10) a statement that the person may elect to proceed by: (A) paying the fine; or (B) challenging the charge in court, by mail, or by administrative hearing; and

(11) a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(f) (Blank).

(g) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(h) Recorded images made by an automated traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(i) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner or lessee at the time of the violation; (1.5) that the motor vehicle was hijacked before the violation occurred and not under the control of or in the possession of the owner or lessee at the time of the violation;

(2) that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a violation of Section 11-1414 of this Code within one-eighth of a mile and 15 minutes of the violation that was recorded by the system;

(3) that the visual signals required by Sections 12-803 and 12-805 of this Code were damaged, not activated, not present in violation of Sections 12-803 and 12-805, or inoperable; and

(4) any other evidence or issues provided by municipal or county ordinance.

(j) To demonstrate that the motor vehicle was hijacked or the motor vehicle or registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner or lessee at the time of the violation, the owner or lessee must submit proof that a report concerning the motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(k) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding \$150 for a first time violation or \$500 for a second or subsequent violation, plus an additional penalty of not more than \$100 for failure to pay the original penalty in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle, but may be recorded by the municipality or county for the purpose of determining if a person is subject to the higher fine for a second or subsequent offense.

(l) A school bus equipped with an automated traffic law enforcement system must be posted with a sign indicating that the school bus is being monitored by an automated traffic law enforcement system.

(m) A municipality or county that has one or more school buses equipped with an automated traffic law enforcement system must provide notice to drivers by posting a list of school districts using school buses equipped with an automated traffic law enforcement system on the municipality or county website. School districts that have one or more school buses equipped with an automated traffic law enforcement system must provide notice to drivers by posting that information on their websites.

(n) A municipality or county operating an automated traffic law enforcement system shall conduct a statistical analysis to assess the safety impact in each school district using school buses equipped with an automated traffic law enforcement system following installation of the system and every 2 years thereafter. A municipality or county operating an automated speed enforcement system before the effective date of this amendatory Act of the 103rd General Assembly shall conduct a statistical analysis to assess the safety impact of the system by no later than one year after the effective date of this amendatory Act of the 103rd General Assembly and every 2 years thereafter. Each statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. Each statistical analysis shall be consistent with professional judgment and acceptable industry practice. Each statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. Each statistical analysis required by this subsection shall be made available to the public and shall be published on the website of the municipality or county. If a

statistical analysis indicates that there has been an increase in the rate of crashes at the approach to school buses monitored by the system, the municipality or county shall undertake additional studies to determine the cause and severity of the crashes, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the crashes involving school buses equipped with an automated traffic law enforcement system.

(o) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system. (o-1) No member of the General Assembly and no officer or employee of a municipality or county shall knowingly accept employment or receive compensation or fees for services from a vendor that provides automated traffic law enforcement system equipment or services to municipalities or counties. No former member of the General Assembly shall, within a period of 2 years immediately after the termination of service as a member of the General Assembly, knowingly accept employment or receive compensation or fees for services from a vendor that provides automated traffic law enforcement system equipment or services to municipalities or counties. No former officer or employee of a municipality or county shall, within a period of 2 years immediately after the termination of municipal or county employment, knowingly accept employment or receive compensation or fees for services from a vendor that provides automated traffic law enforcement system equipment or services to municipalities or counties.

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. Upon the provision of information by the lessor pursuant to this subsection, the county or municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

(q) (Blank).

(r) After a municipality or county enacts an ordinance providing for automated traffic law enforcement systems under this Section, each school district within that municipality or county's jurisdiction may implement an automated traffic law enforcement system under this Section. The elected school board for that district must approve the implementation of an automated traffic law enforcement system. The school district shall be responsible for entering into a contract, approved by the elected school board of that district, with vendors for the installation, maintenance, and operation of the automated traffic law enforcement system. The school district must enter into an intergovernmental agreement, approved by the elected school board of that district, with the municipality or county with jurisdiction over that school district for the administration of the automated traffic law enforcement system. The proceeds from a school district's automated traffic law enforcement system's fines shall be divided equally between the school district and the municipality or county administering the automated traffic law enforcement system.

(s) If a county or municipality changes the vendor it uses for its automated traffic law enforcement system and must, as a consequence, apply for a permit, approval, or other authorization from the Department for reinstallation of one or more malfunctioning components of that system and if, at the time of the application, the new vendor operates an automated traffic law enforcement system for any other county or municipality in the State, then the Department shall approve or deny the county or municipality's application for that permit, approval, or other authorization within 90 days after its receipt.

(t) The Department may revoke any permit, approval, or other authorization granted to a county or municipality for the placement, installation, or operation of an automated traffic law enforcement system if any official or employee who serves that county or municipality is charged with bribery, official misconduct, or a similar crime related to the placement, installation, or operation of the automated traffic law enforcement system in the county or municipality. The Department shall adopt any rules necessary to implement and administer this subsection. The rules adopted by the Department shall describe the revocation process, shall ensure that notice of the revocation is provided, and shall provide an opportunity to appeal the revocation. Any county or municipality that has a permit, approval, or other authorization revoked under this subsection may not reapply for such a permit, approval, or other authorization for a period of 1 year after the revocation.

January following any such action by the local authorities. However, no such rescission request may be filed within 12 months of the date of the original written request.

(d) The filing of a written request or the adoption of the enabling ordinance under this Section in no way constitutes a dedication to public use of any street, road, driveway, trail, terrace, bridle path, parkway, parking area, or other roadway open to or used by vehicular traffic, nor does it prevent such person or board of directors, as owners of such property, from requiring additional regulations than those specified by the local authorities or otherwise regulating such use as may seem best to such person or board of directors as long as they do not conflict with the powers granted to local authorities under Section 11-208 of this Code.

Such manual shall include the adoption of the R 7-8 sign adopted by the United States Department of Transportation to designate the reservation of parking facilities for a person with disabilities. Non-conforming signs in use prior to January 1, 1985 shall not constitute a violation during their useful lives, which shall not be extended by other means than normal maintenance. The manual shall also specify insofar as practicable the minimum warrants justifying the use of the various traffic control devices. Such uniform system shall correlate with and, where not inconsistent with Illinois highway conditions, conform to the system set forth in the most recent edition of the national manual on Uniform Traffic Control Devices for Streets and Highways.

(b) Signs adopted by the Department to designate the reservation of parking facilities for a person with disabilities shall also exhibit, in a manner determined by the Department, the words "\$100 Fine".

Designation of through highways and stop or yield intersections and the erection of stop signs or yield signs on township or road district roads are subject to the written approval of the county engineer or superintendent of highways.

(b) Every stop sign and yield sign shall conform to the State Manual and Specifications and shall be located as near as practicable to the nearest line of the crosswalk on the near side of the intersection or, if there is no crosswalk, then as close as practicable to the nearest line of the intersecting roadway.

(c) The Department may in its discretion and when traffic conditions warrant such action give preference to traffic upon any of the State highways under its jurisdiction over traffic crossing or entering such highway by erecting appropriate traffic control devices.

625 ILCS 5/11-303 — The Department to place signs on all State highways

Sec. 11-303. The Department to place signs on all State highways.

(a) The Department shall place and maintain such traffic-control devices, conforming to its manual and specifications on all highways under its jurisdiction as it shall deem necessary to indicate and to carry out the provisions of this Chapter or to regulate, warn or guide traffic. Temporary stop signs shall be placed in a manner to provide adequate visibility and legibility, and shall be placed within duration recommendations in the State Manual, unless circumstances require longer placement.

(b) No local authority shall place or maintain any traffic-control device upon any highway under the jurisdiction of the Department except by the latter's permission.

(c) The Department shall erect and maintain guide, warning and direction signs upon highways in cities, towns and villages of which portions or lanes of such highways are under the control and jurisdiction of the Department or for which the Department has maintenance responsibility.

(d) Nothing in this Chapter shall divest the corporate authorities of park districts of power to prohibit or restrict the use of highways under their jurisdiction by certain types or weights of motor vehicles or the power of cities, villages, incorporated towns and park districts to designate highways for one-way traffic or the power of such municipal corporations to erect and maintain appropriate signs respecting such uses.

(e) Nothing in this Section shall prohibit a municipality, township, or county from erecting signs as required under the Illinois Adopt-A-Highway Act.

All such traffic control devices shall conform to the State Manual and Specifications and shall be justified by traffic warrants stated in the Manual. Temporary stop signs shall be placed in a manner to provide adequate visibility and legibility, and shall be placed within duration recommendations in the State Manual, unless circumstances require longer placement. Placement of traffic-control devices on township or road district roads also shall be subject to the written approval of the county engineer or superintendent of highways. Local authorities in their respective maintenance jurisdictions shall have the authority to install signs, in conformance with the State Manual and specifications, alerting motorists of the tourist oriented businesses available on roads under local jurisdiction in rural areas as may be required to guide motorists to the businesses. The local authorities and road district highway commissioners shall also have the authority to sell or lease space on these signs to the owners or operators of the businesses.

(a) The driver of any vehicle shall obey the instructions of any official traffic-control device applicable thereto placed or held in accordance with the provisions of this Act, unless otherwise directed by a police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this Act.

(b) It is unlawful for any person to leave the roadway and travel across private property to avoid an official traffic-control device.

(c) No provision of this Act for which official traffic-control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that official traffic-control devices are required, such section shall be effective even though no devices are erected or in place.

(d) Whenever any official traffic-control device is placed or held in position approximately conforming to the requirements of this Act and purports to conform to the lawful requirements pertaining to such device, such device shall be presumed to have been so placed or held by the official act or direction of lawful authority, and comply with the requirements of this Act, unless the contrary shall be established by competent evidence.

(e) The driver of a vehicle approaching a traffic control signal on which no signal light facing such vehicle is illuminated shall stop before entering the intersection in accordance with rules applicable in making a stop at a stop sign. This provision does not apply to the driver of a vehicle approaching a pedestrian hybrid beacon.

(f) Any violation of subsection

(a) that occurs within a designated highway construction zone or maintenance zone shall result in a fine of no less than \$100 and no more than \$1,000.

625 ILCS 5/11-306 — Traffic-control signal legend

Sec. 11-306. Traffic-control signal legend. Whenever traffic is controlled by traffic-control signals exhibiting different colored lights or color lighted arrows, successively one at a time or in combination, only the colors green, red, and yellow shall be used, except for special pedestrian signals carrying a word legend, and the lights shall indicate and apply to drivers of vehicles, bicyclists, and pedestrians as follows:

(a) Green indication. 1. Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. Vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles, to bicyclists, and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited. 2. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right of way to bicyclists and pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection. 3. Unless otherwise directed by a pedestrian-control signal, as provided in Section 11-307, pedestrians or bicyclists facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(b) Steady yellow indication. 1. Vehicular traffic facing a steady circular yellow or yellow arrow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter. 2. Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian-control

signal as provided in Section 11-307, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway. (b-5) Flashing yellow arrow indication. 1. Vehicular traffic facing a flashing yellow arrow indication may cautiously enter the intersection only to make the movement indicated by the arrow and shall yield the right-of-way to other vehicles and pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited. 2. Pedestrians facing a flashing yellow arrow indication, unless otherwise directed by a pedestrian-control signal as provided in Section 11-307, may proceed across the roadway within any marked or unmarked crosswalk that crosses the lane or lanes used to depart the intersection by traffic controlled by the flashing yellow arrow indication. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing yellow signal indication is first displayed.

(c) Steady red indication. 1. Except as provided in paragraphs 3 and 3.5 of this subsection (c), vehicular traffic facing a steady circular red signal alone shall stop at a clearly marked stop line, but if there is no such stop line, before entering the crosswalk on the near side of the intersection, or if there is no such crosswalk, then before entering the intersection, and shall remain standing until an indication to proceed is shown. 2. Except as provided in paragraphs 3 and 3.5 of this subsection (c), vehicular traffic facing a steady red arrow signal shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make a movement permitted by another signal, shall stop at a clearly marked stop line, but if there is no such stop line, before entering the crosswalk on the near side of the intersection, or if there is no such crosswalk, then before entering the intersection, and shall remain standing until an indication permitting the movement indicated by such red arrow is shown. 3. Except when a sign is in place prohibiting a turn and local authorities by ordinance or State authorities by rule or regulation prohibit any such turn, vehicular traffic facing any steady red signal may cautiously enter the intersection to turn right, or to turn left from a one-way street into a one-way street, after stopping as required by paragraph 1 or paragraph 2 of this subsection. After stopping, the driver shall yield the right of way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction or roadways. Such driver shall yield the right of way to pedestrians or bicyclists within the intersection or an adjacent crosswalk. 3.5. The driver of a motorcycle or bicycle, facing a steady red signal which fails to change to a green signal within a reasonable period of time not less than 120 seconds because of a signal malfunction or because the signal has failed to detect the arrival of the motorcycle or bicycle due to the vehicle's size or weight, shall have the right to proceed, after yielding the right of way to oncoming traffic facing a green signal, subject to the rules applicable after making a stop at a stop sign as required by Section 11-1204 of this Code. 4. Unless otherwise directed by a pedestrian-control signal as provided in Section 11-307, pedestrians facing a steady circular red or red arrow signal alone shall not enter the roadway.

(d) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this Section shall be applicable except as to provisions which by their nature can have no application. Any stop required shall be at a traffic sign or a marking on the pavement indicating where the stop shall be made or, in the absence of such sign or marking, the stop shall be made at the signal.

(e) The motorman of any streetcar shall obey the above signals as applicable to vehicles.

(f) If an official traffic control signal is erected and maintained as a dedicated signal for bicyclists, that signal shall take precedence for bicyclists over other signals outlined in this Section.

625 ILCS 5/11-307 — Pedestrian-control signals

Sec. 11-307. Pedestrian-control signals. Whenever special pedestrian-control signals exhibiting the words "Walk" or "Don't Walk" or the illuminated symbols of a walking person or an upraised palm are in place such signals shall indicate as follows:

(a) Walk or walking person symbol. Pedestrians facing such signal may proceed across the roadway in the direction of the signal, and shall be given the right of way by the drivers of all vehicles. Bicyclists may proceed across the roadway in the direction of the signal, shall be given the right of way by the drivers of all vehicles, and shall yield the right of way to all pedestrians.

(b) Don't Walk or upraised palm symbol. No pedestrian or bicyclist shall start to cross the roadway in the direction of such signal, but any pedestrian or bicyclist who has partly completed his crossing on the Walk signal or walking person symbol shall proceed to a sidewalk or safety island while the "Don't Walk" signal or upraised palm symbol is illuminated, steady, or flashing.

625 ILCS 5/11-308 — Lane-control signals

Sec. 11-308. Lane-control signals. Whenever lane-control signals are used in conjunction with official signs, they shall have the following meanings:

- (a) Downward-pointing green arrow. A driver facing this indication is permitted to drive in the lane over which the arrow signal is located. Otherwise he shall obey all other traffic controls present and follow normal safe driving practices.
- (b) Red X symbol. A driver facing this indication shall not drive in the lane over which the signal is located, and this indication shall modify accordingly the meaning of all other traffic controls present. Otherwise he shall obey all other traffic controls and follow normal safe driving practices.
- (c) Yellow X (steady). A driver facing this indication should prepare to vacate the lane over which the signal is located, in a safe manner to avoid, if possible, occupying that lane when a steady red X is displayed.
- (d) Flashing yellow arrow. A driver facing this indication may use the lane only for the purpose of approaching and making a left turn.

625 ILCS 5/11-309 — Flashing Signals

Sec. 11-309. Flashing Signals. Whenever an illuminated flashing red or yellow signal is used in conjunction with a traffic control device it shall require obedience by vehicular traffic as follows: 1. Flashing red (stop signal). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering the cross walk on the near side of the intersection, or if none, then at a point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign. 2. Flashing yellow (caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution. 3. This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by Section 11-1201 of this Act.

625 ILCS 5/11-310 — Display of Unauthorized Signs, Signals or Markings

Sec. 11-310. Display of Unauthorized Signs, Signals or Markings.

- (a) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking, or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the movement of traffic or the effectiveness of an official traffic-control device or any railroad sign or signal.
- (b) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.
- (c) Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice.
- (d) No person shall sell or offer for sale any traffic control device to be used on any street or highway in this State which does not conform to the requirements of this Chapter.
- (e) This Section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.
- (f) This Section shall not be deemed to prohibit the erection of Illinois Adopt-A-Highway signs by municipalities, townships, or counties as provided in the Illinois Adopt-A-Highway Act.
- (g) Any person failing to comply with this Section shall be guilty of a Class A misdemeanor.

Sec. 11-311. Interference with official traffic-control devices or railroad signs or signals. No person shall without lawful authority attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device, or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof. Every person who is convicted of a violation of this Section shall be guilty of a Class A misdemeanor, punishable by a fine of at least \$250 in addition to any other penalties which may be imposed.

625 ILCS 5/11-312 — Unlawful Use or Damage to Highways, Appurtenances and Structures

Sec. 11-312. Unlawful Use or Damage to Highways, Appurtenances and Structures. It shall be unlawful for any person to wilfully injure or damage any public highway or street or any bridge or culvert, or to wilfully damage, injure or remove any sign, signpost, or structure upon or used or constructed in connection with any public highway or street for the protection thereof or for protection or regulation of traffic thereon by any wilfully unusual, improper or unreasonable use thereof, or by wilfully careless driving or use of any vehicle thereon, or by the wilful mutilation, defacing, destruction or removal thereof. Every person who is convicted of a violation of this Section shall be guilty of a Class A misdemeanor, punishable by a fine of at least \$250 in addition to any other penalty which may be imposed.

Sec. 11-313. Unlawful possession of highway sign or marker. The Department and local authorities, with reference to traffic control signs, signals, or markers owned by the Department or local authority, are authorized to indicate the ownership of the signs, signals, or markers in letters not less than 3/8 inch or more than 3/4 inch in height, by use of a metal stamp, etching, or other permanent means and, except for employees of the Department or local authorities, police officers, contractors and their employees engaged in a highway construction contract or work on the highway approved by the Department or local authority, it is unlawful for any person to possess such sign, signal, or marker so identified.

625 ILCS 5/11-315 — Paved bicycle trail signage

Sec. 11-315. Paved bicycle trail signage. For the purposes of this Section, "paved bicycle trail" includes trails accommodating bicycle traffic composed of aggregate, asphalt, bituminous treatment, concrete, crushed limestone, or any combination thereof. The authority having maintenance jurisdiction over publicly owned paved bicycle trails in the State shall erect permanent regulatory or warning signage alerting pedestrians or cyclists of highway crossings, unless the crossing is controlled by an official traffic control device or sign. If the authority having maintenance jurisdiction over publicly owned bicycle trails has actual knowledge of an emergency or safety hazard that creates a dangerous condition on a publicly owned paved bicycle trail, the authority shall take reasonable steps to erect temporary signage or other warning markers, including, but not limited to, cones, barricades, drums, or painted markings alerting pedestrians or cyclists of the dangerous condition. The Department with reference to State highways under its jurisdiction, and the local authority with reference to other highways under its jurisdiction, shall erect or install permanent signage or markings warning vehicular traffic in advance of bicycle trail crossings, unless the highway approaches to the crossing are controlled by an official traffic control device. Permanent signage erected or installed along the highways to warn vehicular traffic as part of this Section shall conform with the State manual and shall be located at least 150 feet in advance of the crossing. This Section shall not apply to rustic or primitive trails.
