Trial court improperly failed to canvass defendant personally and relied on old competency report despite defense counsel's representations that competency issues had newly surfaced; even when defendant is competent at commencement of trial, trial court must be alert to circumstances suggesting a change that would render defendant unable to meet the standards of competence to stand trial. 315 C. 151. Defendant is presumed competent and burden to show otherwise is on party alleging incompetence. 62 CA 367. Trial court did not improperly fail to order competency hearing in light of court's observations of defendant at trial and various evaluation reports from mental health facility in which he had been treated, all of which concluded that he was competent to stand trial and that he was engaging in a deliberate pattern of behavior to delay his trial; trial court did not abuse its discretion in determining defendant was malingering in order to delay trial and that competency hearing under section was not required. 81 CA 294. Although defense counsel expressed concerns about defendant's competency, court had opportunity to observe defendant on numerous occasions and did not abuse its discretion by denying defendant's motion for a competency evaluation. 113 CA 651. To demonstrate that trial counsel was ineffective for purposes of this section, petitioner must show that trial counsel had substantial evidence to raise a reasonable doubt

regarding petitioner's lack of competence, but failed to act on it by moving for a competency hearing, and such evidence required trial counsel to investigate petitioner's competence further, but failed to do so. 166 CA 707. Juvenile, age 11, failed to meet burden of proving that he is not competent to stand trial because expert's opinion that juvenile is not competent lacks sufficient foundation and is based upon expert's age-bias for juvenile competency. 52 CS 267. Subsec. (a): No abuse of discretion in finding defendant competent to stand trial. 68 CA 470. Despite egregious and repeated outbursts during trial, defendant legally competent to stand trial since his demeanor and condition remained unchanged from the final pretrial evaluation and his conduct resulted not from mental incapacity but from his deliberate choice to obstruct the proceedings. 158 CA 119. Subsec. (b): Defendant who refuses to cooperate with evaluation process is presumed to be competent under Subsec. 124 CA 249. Subsec. (i): Placements for treatment must be treated cumulatively for purposes of applying the 18-month time limitation. 288 C. 610. Subsec. (k): Subdiv. (2): State's interest in trying defendant for intent to sell and manufacture of marijuana overrides defendant's right to self-determination because the offenses were serious and carried a mandatory minimum sentence of 7 years imprisonment. 299 C. 141. Discussion of whether trial court correctly used standards set forth in statute in determining whether to order forced medication of defendant to render him competent to stand trial; confirmation that statute makes it mandatory to appoint a licensed health care provider to represent health care interests of defendant if court finds that defendant is unable to provide consent for involuntary medication. 70 CA 488. State did not establish by clear and convincing evidence that forced administration of antipsychotic drugs either is substantially likely to render defendant competent to stand trial or, to a reasonable degree of medical certainty, will render defendant competent to stand trial, or that administration of antipsychotic drugs is narrowly tailored and substantially unlikely to have side effects that will interfere significantly with defendant's ability to assist counsel in preparing for trial and at trial. 53 CS 290. Subsec. (m): The term "defendant" includes a respondent in a juvenile matter. 291 C. 556. Subdiv. (5): Provision applies to all charges pending against defendant who has been found incompetent and not restorable to competency; the applicable statute of limitations runs continuously from the date that defendant committed the offense and not from the date that defendant had been found incompetent and not restorable to competency. 301 C. 630. Unconditional release under statute is a reasonable legislative determination. 22 CA 199. Section, as amended by P.A. 98-88, applies retroactively to authorize court to order periodic competency evaluations of incompetent defendant charged with the commission of a crime that resulted in death or serious physical injury; trial court did not abuse its discretion in ordering periodic competency evaluations of defendant when there is no possibility that he will ever regain competence because the plain language of statute contains no such limitation and there is an interest in giving the state a formal mechanism of keeping abreast of possible improvements in defendant's mental condition that may allow prosecution to go forward. 126 CA 539; judgment affirmed, see 307 C. 548.

The hate crimes diversion program shall consist of an educational program and supervised community service. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-56f. (Formerly Sec. 54-5). - Requirements of sureties of the peace.

Any judge of the Superior Court may, from his personal knowledge or upon complaint of another, require sureties of the peace and good behavior from any person who threatens to beat or kill another or resists or abuses any officer in the execution of his office or contends with angry words or, by any unlawful act, terrifies or disturbs any person. When any person complains on oath to a judge of the Superior Court that he has just cause to fear that another will imprison, beat or kill the complainant, or procure others to do so, and that he is under fear of bodily harm, such judge may, if he believes such person has just cause for such fear, require sureties of the peace and good behavior from the person so complained of. Upon refusal of the person so required to find sureties of the peace in any of such cases, such judge may commit him to a community correctional center to remain until he is discharged by due course of law or until the next term of the superior court having criminal jurisdiction in such judicial district, which may make further order relating to the subject matter of any such offense; but, in all cases in which any person so complains on oath, such judge shall require of him a sufficient bond to prosecute his complaint to effect; and, if the person complained of is discharged by such judge for want of probable cause, the complainant shall pay all the expenses of such prosecution and such judge shall tax the same against the complainant and issue execution against him therefor, and the same when collected shall be paid into the hands of such judge, to be by him paid to those to whom the same may be due. (2) The court shall provide each such victim who sustained a serious physical injury an opportunity to be heard prior to granting an application under this section. Unless good cause is shown, a person shall be ineligible for participation in such pretrial alcohol education program if such person's alleged violation of section 14-227a, 14-227g or 14-227m, subdivision (1) or (2) of subsection (a) of section 14-227n or subsection (d) of section 15-133 caused the serious physical injury, as defined in section 53a-3, of another person. If the court grants such application, the court shall refer such person to the Court Support Services Division for assessment and confirmation of the eligibility of the applicant and to the Department of Mental Health and Addiction Services for evaluation. The Court Support Services Division, in making its assessment and confirmation, may rely on the representations made by the applicant under oath in open court with respect to convictions in other states of offenses specified in subsection (a) of this section. Upon confirmation of eligibility and receipt of the evaluation report, the defendant shall be referred to the Department of Mental Health and Addiction Services by the Court Support Services Division for placement in an appropriate alcohol intervention program for one year, or be placed in a state-licensed substance abuse treatment program. The alcohol intervention program shall include a ten-session intervention program and a fifteen-session intervention program. Any person who enters the pretrial alcohol education program shall agree: (1) To the tolling of the statute of limitations with respect to such crime, (2) to a waiver of such person's right to a speedy trial, (3) to complete ten or fifteen counseling sessions in an alcohol intervention program or successfully complete a substance abuse treatment program of not less than twelve sessions pursuant to this section dependent upon the evaluation report and the court order, (4) to commence participation in an alcohol intervention program or substance abuse treatment program not later than ninety days after the date of entry of the court order unless granted a delayed entry into a program by the court, (5) upon completion of participation in the alcohol intervention program, to accept placement in a substance abuse treatment program upon the recommendation of a provider under contract with the Department of Mental Health and Addiction Services pursuant to subsection (f) of this section or placement in a state-licensed substance abuse treatment program which meets standards established by the Department of Mental Health and Addiction Services, if the Court Support Services Division deems it appropriate, and (6) if ordered by the court, to participate in at least one victim impact panel. If the Court Support Services Division informs the court that the defendant is ineligible for such program and the court makes a determination of ineligibility or if the program provider certifies to the court that the defendant did not successfully complete the assigned program or is no longer amenable to treatment and such person does not request, or the court denies, program reinstatement under subsection (e) of this section, the court shall order the court file to be unsealed, enter a plea of not guilty for such defendant and immediately place the case on the trial list. If such defendant satisfactorily completes the assigned program, such defendant may apply for dismissal of the charges against such defendant and the court, on reviewing the record of the defendant's participation in such program submitted by the Court Support Services Division and on finding such satisfactory completion, shall dismiss the charges. If the defendant does not apply for dismissal of the charges against such defendant after satisfactorily completing the assigned program the court, upon receipt of the record of the defendant's participation in such program submitted by the Court Support Services Division, may on its own motion make a finding of such satisfactory completion and dismiss the charges. Upon motion of the defendant and a showing of good cause, the court may extend the one-year placement period for a reasonable period for the defendant to complete the assigned program. A record of participation in such program shall be retained by the Court Support Services Division for a period of ten years from the date the court grants the application for participation in such program. The Court Support Services Division shall transmit to the Department of Motor Vehicles a record of participation in such program for each person who satisfactorily completes such program. The Department of Motor Vehicles shall maintain for a period of ten years the record of a person's participation in such program as part of such person's driving record. The Department of Energy and Environmental Protection shall maintain for a period of ten years the record of a person's participation in such program as a part of such person's boater certification record. (c) (1) At the time the court grants the application for participation in the pretrial alcohol education program, such person shall also pay to the court a nonrefundable program fee of three hundred fifty dollars if such person is ordered to participate in the ten-session intervention program and a nonrefundable program fee of five hundred dollars if such person is ordered to participate in the fifteen-session intervention program. If the court grants the application for participation in the pretrial alcohol education program and such person is ordered to participate in a substance abuse treatment program, such person shall be responsible for the costs associated with participation in such program. No person may be excluded from either program for inability to pay such fee or cost, and the court shall waive any such fee or cost for any intervention program if such person is found eligible to have such fee or cost waived under subsection (i) of this section. (2) If the court finds that a person is indigent or unable

to pay for a treatment program using the method for determining indigency described in subsection (i) of this section, the costs of such program shall be paid from the pretrial account established under section 54-56k. (3) If the court denies the application, such person shall not be required to pay the program fee. If the court grants the application and such person is later determined to be ineligible for participation in such pretrial alcohol education program or fails to complete the assigned program, the program fee shall not be refunded. All program fees shall be credited to the pretrial account established under section 54-56k. (d) If a person returns to court with certification from a program provider that such person did not successfully complete the assigned program or is no longer amenable to treatment, the provider, to the extent practicable, shall include a recommendation to the court as to whether a ten-session intervention program, a fifteen-session intervention program or placement in a state-licensed substance abuse treatment program would best serve such person's needs. The provider shall also indicate whether the current program referral was an initial referral or a reinstatement to the program. (e) When a person subsequently requests reinstatement into an alcohol intervention program or a substance abuse treatment program and the Court Support Services Division verifies that such person is eligible for reinstatement into such program and thereafter the court favorably acts on such request, such person shall pay a nonrefundable program fee of one hundred seventy-five dollars if ordered to complete a ten-session intervention program or two hundred fifty dollars if ordered to complete a fifteen-session intervention program, as the case may be, except as provided in subsection (i) of this section. If the court grants a person's request to be reinstated into a treatment program, such person shall be responsible for the costs, if any, associated with being reinstated into the treatment program. All program fees collected in connection with a reinstatement to an intervention program shall be credited to the pretrial account established under section 54-56k. No person shall be permitted more than two program reinstatements pursuant to this subsection. (f) The Department of Mental Health and Addiction Services shall contract with service providers, develop standards and oversee appropriate alcohol programs to meet the requirements of this section. Said department shall adopt regulations, in accordance with chapter 54, to establish standards for such alcohol programs. Any person ordered to participate in a treatment program shall do so at a state-licensed treatment program which meets the standards established by said department. Any defendant whose employment or residence makes it unreasonable to attend an alcohol intervention program or a substance abuse treatment program in this state may attend a program in another state which has standards substantially similar to, or higher than, those of this state, subject to the approval of the court and payment of the application, evaluation and program fees and treatment costs, as appropriate, as provided in this section. (g) The court may, as a condition of granting such application, require that such person participate in a victim impact panel program approved by the Court Support Services Division of the Judicial Department. Such victim impact panel program shall provide a nonconfrontational forum for the victims of alcohol-related or drug-related offenses and offenders to share experiences on the impact of alcohol-related or drug-related incidents in their lives. Such victim impact panel program shall be conducted by a nonprofit organization that advocates on behalf of victims of accidents caused by persons who operated a motor vehicle while under the influence of intoxicating liquor or any drug, or both. Such organization may assess a participation fee of not more than seventy-five dollars on any person required by the court to participate in such program, provided such organization shall offer a waiver when such person has been determined indigent and eligible for representation by a public defender who has been appointed on behalf of such person pursuant to section 51-296. (h) The provisions of this section shall not be applicable in the case of any person charged with a violation of section 14-227a or 14-227m or subdivision (1) or (2) of subsection (a) of section 14-227n (1) while operating a commercial motor vehicle, as defined in section 14-1, or (2) who holds a commercial driver's license or commercial learner's permit at the time of the violation. (i) The court shall waive any fee or cost under subsection (a), (c) or (e) of this section for any person who (1) files with the court an affidavit of indigency or inability to pay, has such indigency confirmed by the Court Support Services Division and the court enters a finding thereof, or (2) has been determined indigent and eligible for representation by a public defender who has been appointed on behalf of such person pursuant to section 51-296. The court shall not require a person to perform community service in lieu of payment of such fee or cost, if such fee or cost is waived. (j) A court may not grant an application to participate in the pretrial alcohol education program under this section on or after April 1, 2022. Anyone participating in the program on April 1, 2022, may continue such participation until successful completion of the program or termination of participation in the program after any possible reinstatements in the program. (2) The Court Support Services Division may only refer a veteran to the Department of Veterans Affairs or the United States Department of Veterans Affairs for the receipt of services under the program if (A) the division determines that such services will be provided in a timely manner under standards substantially similar to, or higher than, standards for services provided by the Department of Mental Health and Addiction Services under the program, and (B) the applicable department agrees to submit timely program participation and completion reports to the division in the manner required by the division. (e) If the Court Support Services Division informs the court that such person is ineligible for the program and the court makes a determination of ineligibility or if the program provider certifies to the court that such person did not successfully complete the assigned program and such person did not request, or the court denied, reinstatement in the program under subsection (i) of this section, the court shall order the court file to be unsealed, enter a plea of not guilty for such person and immediately place the case on the trial list. (f) If such person satisfactorily completes the assigned program, such person may apply for dismissal of the charges against such person and the court, on reviewing the record of such person's participation in such program submitted by the Court Support Services Division and on finding such satisfactory completion, shall dismiss the charges. If such person does not apply for dismissal of the charges against such person after satisfactorily completing the assigned program, the court, upon receipt of the record of such person's participation in such program submitted by the Court Support Services Division, may on its own motion make a finding of such satisfactory completion and dismiss the charges. Upon motion of such person and a showing of good cause, the court may extend the placement period for a reasonable period of time to allow such person to complete the assigned program. A record of participation in such program shall be retained by the Court Support Services Division for a period of ten years from the date the court grants the application for participation in the program. (g) At the time the court grants the application for participation in the pretrial drug education and community service program, any person ordered to participate in such drug education program shall pay to the court a nonrefundable program fee of six hundred dollars. If the court orders participation in a substance abuse treatment program, such person shall pay to the court a nonrefundable program fee of one hundred dollars and shall be responsible for the costs associated with such program. No person may be excluded from any such program for inability to pay such fee or cost, and the court shall waive any such fee or cost if such person is found eligible to have such fee or cost waived under subsection (l) of this section. If the court waives the costs for a substance abuse treatment program, the costs of such program shall be paid from the pretrial account established under section 54-56k. If the court denies the application, such person shall not be required to pay the

program fee. If the court grants the application, and such person is later determined to be ineligible for participation in such pretrial drug education and community service program or fails to complete the assigned program, the program fee shall not be refunded. All program fees shall be credited to the pretrial account established under section 54-56k. (h) If a person returns to court with certification from a program provider that such person did not successfully complete the assigned program or is no longer amenable to treatment, the provider, to the extent practicable, shall include a recommendation to the court as to whether placement in a drug education program or placement in a substance abuse treatment program would best serve such person's needs. The provider shall also indicate whether the current program referral was an initial referral or a reinstatement to the program. (i) When a person subsequently requests reinstatement into a drug education program or a substance abuse treatment program and the Court Support Services Division verifies that such person is eligible for reinstatement into such program and thereafter the court favorably acts on such request, any person reinstated into such drug education program shall pay a nonrefundable program fee of two hundred fifty dollars, and any person reinstated into a substance abuse treatment program shall be responsible for the costs, if any, associated with being reinstated into the treatment program, unless such person is found eligible to have such fee or costs waived under subsection (l) of this section. No person shall be permitted more than two program reinstatements pursuant to this subsection. (l) The court shall waive any fee or cost under subsection (b), (g) or (i) of this section for any person who (1) files with the court an affidavit of indigency or inability to pay, has such indigency confirmed by the Court Support Services Division and the court enters a finding thereof, or (2) has been determined indigent and eligible for representation by a public defender who has been appointed on behalf of such person pursuant to section 51-296. The court shall not require a person to perform community service in lieu of payment of such fee or cost, if such fee or cost is waived. (m) A court may not grant an application to participate in the pretrial drug education and community service program under this section on or after April 1, 2022. Anyone participating in the program on April 1, 2022, may continue such participation until successful completion of the program or termination of participation in the program after any possible reinstatements in the program. (2) If any person placed in the program is a veteran, the division (A) may refer such person to the Department of Veterans Affairs or the United States Department of Veterans Affairs for the applicable drug education or substance use treatment component recommended by the evaluation conducted pursuant to subparagraph (A) of subdivision (2) of subsection (c) of this section if: (i) the division determines that services for such component will be provided in a timely manner under standards substantially similar to, or higher than, the standards for services provided by the Department of Mental Health and Addiction Services or a state-licensed substance use treatment provider, and (ii) the applicable department agrees to submit timely component participation and completion reports to the division in the manner required by the division; and (B) shall direct such person to attend the recommended drug education or substance use treatment component within ninety days unless the division determines that a later start date is appropriate. (3) The division shall direct such person to attend the applicable community service component ordered by the court, and shall supervise such person's participation in such community service component. (4) The division may allow any person placed in the program whose employment, residence or education makes it unreasonable to participate in any component of the program ordered by the court in this state to participate in the applicable program components in another state if: (A) The out-of-state program component provider has standards substantially similar to, or higher than, those of this state; (B) For any substance use treatment component, the out-of-state substance use treatment provider is licensed by the state in which treatment will be provided; and (C) The person allowed to participate in any of the components of the program in another state pays the applicable program fee and participation costs required by the applicable out-of-state program component provider. (5) If the division determines that any person placed in the program has either failed to comply with the requirements of any component of the program in which the court has ordered such person to participate, or engaged in any conduct that constitutes a violation of section 21a-257, 21a-267, 21a-279 or 21a-279a, the division shall inform the court and return such person's case to court for further proceedings. (e) (1) At the time that the Court Support Services Division directs any person to attend any component of the program, such person shall (A) if directed to attend the drug education component, pay to the court a nonrefundable program fee of four hundred dollars, or (B) if directed to attend the substance use treatment component, pay to the court a nonrefundable program fee of one hundred dollars and pay to the treatment provider any costs associated with such treatment unless the division allows such person to participate in the applicable program component in another state pursuant to subdivision (4) of subsection (d) of this section, in which case such person shall pay the program fee and participation costs required by the out-of-state program component provider. All program fees shall be credited to the pretrial account established under section 54-56k. (2) (A) No person may be excluded from any component of the program because such person is indigent and unable to pay the associated fee or costs, provided (i) such person files with the court an affidavit of indigency and the court enters a finding of such indigency, or (ii) such person has been determined indigent and eligible for representation by a public defender who has been appointed on behalf of such person pursuant to section 51-296. The court shall not require a person to perform community service in lieu of payment of any fee or cost, if such fee or cost is waived. (B) If the court finds that a person is indigent and unable to pay for the program application or the evaluation fee for the program, the court may waive all or any portion of these fees. (C) If the court finds that a person is indigent and unable to pay for the drug education component of the program, the court may waive all or any portion of the program fee for that component, provided that such person participates in such drug education services offered by a provider located in this state. (D) If the court finds that a person is indigent and unable to pay for the substance use treatment component of the program, the court may waive all or any portion of the program

fee for that component and the costs of such treatment, provided that such person participates in such treatment at a substance use treatment provider licensed by and located in this state. Any costs waived under this subparagraph shall be paid by the Department of Mental Health and Addiction Services. (E) Notwithstanding any provision of this section, the court shall not waive any fee or cost required by any out-of-state program component provider, and the Department of Mental Health and Addiction Services shall not pay any costs associated with education or substance use treatment provided outside of this state. (f) (1) If the Court Support Services Division returns to court the case of any person placed in the program whom the division has determined is not eligible for the program, and the court finds that such person is not eligible to participate in the program, the court shall revoke such person's placement in the program. (2) If the Court Support Services Division returns to court the case of any person placed in the program whom the division has learned has failed to comply with requirements of any component of the program in which the court has ordered such person to participate, or engaged in any conduct that constitutes a violation of section 21a-257, 21a-267, 21a-279 or 21a-279a, and the court finds that such person is no longer eligible to continue participating in the program, the court shall terminate such person's participation in the program. (3) If the court revokes any person's placement in the program or terminates any person's participation in the program, the court shall order the court file to be unsealed, enter a plea of not guilty for such person, and immediately place the case on the trial list, unless such person is eligible for, such person requests and the court grants such person reinstatement into the program pursuant to subsection (k) of this section. (4) (A) If the court revokes any person's placement in the program, such person shall not be required to pay any program fee or participation costs specified in subsection (e) of this section. (B) If the court terminates any person's participation in the program, no program fees or substance use treatment costs imposed pursuant to subsection (e) of this section shall be refunded. (g) The Department of Mental Health and Addiction Services shall administer the drug education component of the program and shall adopt regulations, in accordance with the provisions of chapter 54, to establish standards for such drug education component. The department may contract with service providers to provide the appropriate drug education component in accordance with the provisions of this section. The department may combine the services for the drug education component of the program under the provisions of this section with the services for the alcohol education component of the impaired driving intervention program under the provisions of section 54-56r, if necessary to ensure the appropriate and timely access to court ordered education components. Participation by a person in any combined drug and alcohol education services provided by the department for the drug education component of the program under the provisions of this section shall not be deemed participation in, nor shall affect such person's eligibility for, the impaired driving intervention program under the provisions of section 54-56r. (h) (1) All program component providers shall provide the Court Support Services Division with a certification regarding the participation of each person referred to such provider pursuant to this section in the manner required by the division. (A) If such person has successfully completed the applicable program component, the certification shall indicate such successful completion and state whether additional substance use treatment is recommended. (B) If such person has failed to successfully complete the applicable program component, the certification shall indicate the reasons for such failure, whether the person is no longer amenable to education or treatment, and whether the current referral was an initial referral under subsection (d) of this section or a reinstatement under subsection (k) of this section for the program component. The certification of failure shall also, to the extent practicable, include a recommendation as to whether an alternative drug education or substance use treatment component would best serve such person's needs. (2) Except as provided in subdivision (3) of this subsection, upon receipt of a participation certification from any program component provider pursuant to this subsection, the Court Support Services Division shall provide the court with a final progress report indicating whether such person has successfully completed any components of the program ordered by the court, whether the division required such person to participate in any additional substance use treatment in accordance with subdivision (3) of this subsection and whether such person successfully completed any such additional substance use treatment. The final progress report shall also include any other information the division obtained during the supervision of such person relevant to such person's participation in the program, including whether the results of a criminal history record check, which the division shall complete prior to the submission of the final progress report, reveals that such person has engaged in any conduct that constitutes a violation of section 21a-257, 21a-267, 21a-279 or 21a-279a, during such person's period of participation in the program. (3) If a participation certification indicates that a person who was placed in the program successfully completed the drug education or substance use treatment component ordered by the court, but the program component provider recommends additional substance use treatment for such person, the Court Support Services Division may, if it deems such additional treatment appropriate, require such person to participate in the recommended additional substance use treatment in order to satisfactorily complete the pretrial drug intervention and community service program. If the division requires such additional substance use treatment, the division shall provide the court with a final progress report in accordance with subdivision (2) of this subsection upon receipt of the participation certification from the substance use treatment provider for such additional treatment. (i) (1) If any person successfully completes all components of the program ordered by the court and any additional substance use treatment required by the Court Support Services Division, such person may apply for dismissal of the charges against such person at the conclusion of such person's period of participation in the program. Upon application, the court shall review the final progress report submitted by the division regarding such person and any other relevant information. If the court finds that such person has satisfactorily completed the pretrial drug intervention and community service program, the court shall dismiss the charges. (2) If any person who has successfully completed all components of the program ordered by the court and any additional substance use treatment required by the Court Support Services Division does not apply for dismissal of the charges against such person at the conclusion of such person's period of participation in the program, the court may, upon its own motion, review the final progress report regarding such person submitted by the division and any other relevant information. If the court finds that such person has satisfactorily completed

the pretrial drug intervention and community service program, the court shall dismiss the charges. (3) Upon the motion of any person placed in the program and a showing of good cause, the court may extend the program placement period for a reasonable period of time to allow such person to complete the applicable program components. (j) If, upon review of the final progress report submitted by the Court Support Services Division or any other relevant information, the court finds that any person placed in the program has failed to successfully complete any component of the program ordered by the court, is no longer amenable to treatment or is otherwise ineligible to continue participating in the program, the court shall terminate such person's participation in the program. No program fees or substance use treatment costs imposed pursuant to subsection (e) of this section shall be refunded to any person whose participation in the program is terminated. Unless such person requests, and the court grants, reinstatement into the program pursuant to subsection (k) of this section, the court shall order the court file of any person whose participation in the program is terminated to be unsealed, enter a plea of not guilty for such person and immediately place the case on the trial list. (k) (1) Any person whose participation in the program is terminated may ask the court to reinstate such person into the program up to two times. If a person requests reinstatement into the program, the Court Support Services Division shall verify that such person is eligible for such reinstatement. If a person requesting reinstatement into the program is eligible for reinstatement, the court may, in its discretion, grant such person reinstatement into the program. When granting such reinstatement, the court shall order the person to participate in an appropriate drug education, substance use treatment or community service component of the program. (2) Any person reinstated into the program shall (A) if ordered to participate in the drug education component of the program, pay to the court a nonrefundable program fee of two hundred fifty dollars, which shall be credited to the pretrial account established under section 54-56k, or (B) if ordered to participate in the substance use treatment component of the program, pay the costs of any substance use treatment. The court shall not waive the program fee or the costs of substance use treatment associated with reinstatement into the program unless such person is found eligible to have such fee or costs waived under subdivision (2) of subsection (e) of this section and such person participates in the applicable drug education at a service provider located in this state or substance use treatment at a substance use treatment provider licensed by and located in this state. (l) (1) If any person applies for both the pretrial drug intervention and community service program under the provisions of this section and the pretrial impaired driving intervention program pursuant to section 54-56r, for charges arising from the same arrest, and the Department of Mental Health and Addiction Services has already completed the required evaluation and determination of the appropriate alcohol education or substance use treatment component pursuant to section 54-56r, the court and the Court Support Services Division may rely on such evaluation and determination for the purposes of ordering participation and directing attendance in the drug education or substance use treatment component of the program under the provisions of this section. If the court and the division rely on such evaluation and determination, such person shall not be required to pay the evaluation fee under the provisions of subdivision (2) of subsection (b) of this section, provided that such person has paid, or the court has waived, the evaluation fee pursuant to section 54-56r. (2) If any person is placed in both the pretrial drug intervention and community service program under the provisions of this section and the pretrial impaired driving intervention program under section 54-56r, for charges arising from the same arrest, the court may find that: (A) Such person's successful completion of the alcohol education component of the pretrial impaired driving intervention program pursuant to section 54-56r, satisfies such person's required participation in the drug education component of the pretrial drug intervention and community service program under the provisions of this section; or (B) Such person's successful completion of the substance use treatment component of the pretrial impaired driving intervention program under section 54-56r, satisfies such person's required participation in the substance use treatment component of the pretrial drug intervention and community service program under the provisions of this section. (3) Nothing in this subsection shall relieve any person placed in both the pretrial drug intervention and community service program pursuant to this section and the pretrial impaired driving intervention program pursuant to section 54-56r, for charges arising from the same arrest, from the requirement to participate in the: (A) Community service component of the pretrial drug intervention and community service program under the provisions of this section, in order to satisfactorily complete the pretrial drug intervention and community service program, or (B) Victim impact component of the pretrial impaired driving intervention program, if ordered by the court pursuant to section 54-56r, in order to satisfactorily complete the pretrial impaired driving intervention program. (m) The Court Support Services Division shall retain a record of participation in the pretrial drug intervention and community service program for a period of ten years from the date the court grants the application for, and places the applicant in, the program pursuant to the provisions of this section. (n) For purposes of this section, "veteran" has the same meaning as provided in subdivision (2) of subsection (a) of section 27-103. (June Sp. Sess. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-56r. - Pretrial impaired driving intervention program.

(a)(1) There is established a pretrial impaired driving intervention program for persons charged with a violation of section 14-227a, 14-227g, 14-227m, 14-227n, subsection (d) of section 15-133 or section 15-140n. The program shall consist of a twelve-session alcohol education component or a substance use treatment component of not less than fifteen sessions, and may also include a victim

impact component, as ordered by the court pursuant to subsection (d) of this section. (2) The provisions of this section shall not apply to any person: (A) Who has been placed in the pretrial impaired driving intervention program under this section or the pretrial alcohol education program established under section 54-56g, within ten years immediately preceding the application; (B) Who has been convicted of a violation of section 14-227a, 14-227g, 14-227m, 14-227n, 15-132a, subsection (d) of section 15-133 or section 15-140l, 15-140n, 53a-56b or 53a-60d; (C) Who has been convicted in any other state at any time of an offense the essential elements of which are substantially the same as any statutory provision set forth in subparagraph (B) of this subdivision; (D) Who is charged with a violation of section 14-227a, 14-227g, 14-227m or 14-227n (i) and held a commercial driver's license or commercial driver's instruction permit at the time of the violation; or (ii) while operating a commercial motor vehicle, as defined in section 14-1-1; or (3) Whose alleged violation caused the serious physical injury, as defined in section 53a-3, of another person, unless good cause is shown. (b) Upon application for participation in the program: (1) The court shall, but only as to the public, order the court file sealed; (2) The applicant shall pay to the court a nonrefundable application fee of one hundred dollars, which shall be credited to the Criminal Injuries Compensation Fund established under section 54-215, and a nonrefundable evaluation fee of one hundred fifty dollars, which shall be credited to the pretrial account established under section 54-56k; (3) The applicant shall agree that, if the court grants the application and places the applicant in the program: (A) The statute of limitations for any alleged violations for which the court grants the application for the program shall be tolled; (B) The applicant waives the right to a speedy trial; (C) The applicant will begin participation in the components of the program ordered by the court not later than ninety days after the date that the Court Support Services Division directs the applicant to attend such components pursuant to subsection (e) of this section, unless the applicant requests a later start date and the division determines that a later start date is appropriate; (D) The applicant will successfully complete any components of the program ordered by the court; (E) The applicant will not engage in any conduct that would constitute a violation of (i) any statutory provision set forth in subparagraph (B) of subdivision (2) of subsection (a) of this section; or (ii) any statutory provision in any other state the essential elements of which are substantially the same as any statutory provision set forth in subparagraph (B) of subdivision (2) of subsection (a) of this section; (F) To satisfactorily complete the program, the applicant may be required to participate in additional substance use treatment after completing the alcohol education or substance use treatment component of the program that the Court Support Services Division directs the applicant to attend pursuant to subsection (e) of this section, if a program component provider recommends such additional treatment and the division deems it appropriate pursuant to subdivision (3) of subsection (j) of this section, or the court orders the additional treatment. (c) (1) Immediately following application, the applicant shall send notice, by registered or certified mail on a form prescribed by the Office of the Chief Court Administrator, to any victim who sustained a serious physical injury, as defined in section 53a-3, as a result of the applicant's alleged violation. The notice shall inform each such victim that the applicant has applied to participate in the pretrial impaired driving intervention program and that the victim has an opportunity to be heard by the court on the application. The court shall provide each such victim an opportunity to be heard prior to granting an application under this section. (2) If the court determines that any person not entitled to notice pursuant to subdivision (1) of this subsection should be provided an opportunity to be heard on the application, the court may also require the defendant or the state's attorney, assistant state's attorney or deputy assistant state's attorney in charge of the case to send notice of the application to any such person. (d) (1) The court, after consideration of the recommendation of the state's attorney, assistant state's attorney or deputy assistant state's attorney in charge of the case, and the statement of any victim and any other person required to be notified pursuant to subsection (c) of this section, may, in its discretion, grant the application for, and place the applicant in, the pretrial impaired driving intervention program for a period of one year, subject to confirmation of the applicant's eligibility to participate in the program. (2) If the court grants the application and places the applicant in the program, the court shall: (A) Refer the person placed in the program to the Court Support Services Division for confirmation of eligibility to participate in the program; and (B) direct the division, (i) if it confirms that such person is eligible for the program, to refer such person to the Department of Mental Health and Addiction Services for evaluation and determination of the appropriate alcohol education or substance use treatment component of the program; or (ii) if it determines that such person is not eligible for the program, to inform the court of such determination and return such person's case to the court for further proceedings. (3) When granting an application and placing an applicant in the program, the court (A) shall order the applicant to participate in the alcohol education or substance use treatment component of the program recommended by the evaluation conducted pursuant to subparagraph (B)(i) of subdivision (2) of this subsection, and (B) may also order the applicant to participate in a victim impact component for which the applicant must attend a victim impact panel provided by an organization approved by the Court Support Services Division pursuant to subsection (h) of this section. (e) (1) Except as provided in subdivision (3) of this subsection, upon receipt of the evaluation of any person placed in the program conducted pursuant to subparagraph (B)(i) of subdivision (2) of subsection (d) of this section, the Court Support Services Division shall (A) refer such person to the Department of Mental Health and Addiction Services or to a state-licensed substance use treatment provider with facilities that are in compliance with all state standards governing the operation of such facilities, as appropriate, for the purpose of receiving the alcohol education or substance use treatment component services recommended by such evaluation; and (B) direct such person to attend the recommended alcohol education or substance use treatment component within ninety days unless the division determines that a later start date is appropriate. In making the determination of whether a later start date is appropriate, the division may consider any relevant factors, including, but not limited to, the date upon which the suspension of such person's motor vehicle operator's license pursuant to section 14-227b will expire. (2) If the court has ordered any person placed in the program to participate in a victim impact component, the division shall (A) refer such person to an organization approved to conduct victim impact panels in accordance with subsection (h) of this section; and (B) direct such person to attend an appropriate victim impact

panel. (3) The division may allow any person placed in the program whose employment, residence, or education makes it unreasonable to participate in any component of the program ordered by the court in this state to participate in the applicable program components in another state if: (A) The out-of-state program component provider has standards substantially similar to, or higher than, those of this state; (B) For any substance use treatment component, the out-of-state substance use treatment provider is licensed by the state in which treatment will be provided; and (C) The person allowed to participate in any components of the program in another state pays the applicable program fee and participation costs required by the applicable out-of-state program component provider. (4) If the division determines that any person placed in the program has either failed to comply with requirements of any component of the program in which the court has ordered such person to participate, or engaged in any conduct that constitutes a violation of (A) any statutory provision set forth in subparagraph (B) of subdivision (2) of subsection (a) of this section; or (B) any statutory provision in any other state the essential elements of which are substantially the same as any statutory provision set forth in subparagraph (B) of subdivision (2) of subsection (a) of this section, the division shall inform the court and return such person's case to court for further proceedings. (f) (1) At the time that the Court Support Services Division directs any person to attend any component of the program, such person shall (A) if directed to attend the alcohol education component, pay to the court a nonrefundable program fee of four hundred dollars, or (B) if directed to attend the substance use treatment component, pay to the court a nonrefundable program fee of one hundred dollars and pay to the treatment provider any costs associated with such treatment, unless the division allows such person to participate in the applicable program component in another state pursuant to subdivision (3) of subsection (e) of this section, in which case such person shall pay the program fee and participation costs required by the out-of-state program component provider. All program fees shall be credited to the pretrial account established under section 54-56k. (2) Any person directed to attend the victim impact component shall, at the time such person attends the victim impact panel, pay the organization conducting the victim impact panel the participation fee required by such organization. (3) (A) No person may be excluded from any component of the program because such person is indigent and unable to pay the associated fee or costs, provided (i) such person files with the court an affidavit of indigency and the court enters a finding of such indigency, or (ii) such person has been determined indigent and eligible for representation by a public defender who has been appointed on behalf of such person pursuant to section 51-296. The court shall not require a person to perform community service in lieu of payment of any fee or cost, if such fee or cost is waived. (B) If the court finds that a person is indigent and unable to pay for the program application or evaluation fee for the program, the court may waive all or any portion of these fees. (C) If the court finds that a person is indigent and unable to pay for the alcohol education component of the program, the court may waive all or any portion of the program fee for that component, provided that such person participates in alcohol education services offered by a provider located in this state. (D) If the court finds that a person is indigent and unable to pay for the substance use treatment component of the program, the court may waive all or any portion of the program fee for that component and the costs of such treatment, provided that such person participates in such treatment at a substance use treatment provider licensed by and located in this state. Any costs waived under this subparagraph shall be paid by the Department of Mental Health and Addiction Services. (E) Notwithstanding any provision of this section, the court shall not waive any fee or cost required by any out-of-state program component provider, and the Department of Mental Health and Addiction Services shall not pay any fees or costs associated with education or substance use treatment provided outside of this state. (g) (1) If the Court Support Services Division returns to court the case of any person placed in the program whom the division has determined is not eligible for the program, and the court finds that such person is not eligible to participate in the program, the court shall revoke such person's placement in the program. (2) If the Court Support Services Division returns to court the case of any person placed in the program whom the division has learned has failed to comply with requirements of any component of the program in which the court has ordered such person to participate, or engaged in any conduct that constitutes a violation of (A) any statutory provision set forth in subparagraph (B) of subdivision (2) of subsection (a) of this section; or (B) any statutory provision in any other state the essential elements of which are substantially the same as any statutory provision set forth in subparagraph (B) of subdivision (2) of subsection (a) of this section, and the court finds that such person is no longer eligible to continue participating in the program, the court shall terminate such person's participation in the program. (3) If the court revokes any person's placement in the program or terminates any person's participation in the program, the court shall order the court file to be unsealed, enter a plea of not guilty for such person, and immediately place the case on the trial list unless such person is eligible for, such person requests and the court grants such person reinstatement into the program pursuant to subsection (m) of this section. (4) (A) If the court revokes any person's placement in the program, such person shall not be required to pay any program fee or participation costs specified in subsection (f) of this section. (B) If the court terminates any person's participation in the program, no program fees or substance use treatment costs imposed pursuant to subsection (f) of this section shall be refunded. (h) The Court Support Services Division shall approve a nonprofit organization that advocates on behalf of victims of accidents caused by persons who operated a motor vehicle while under the influence of intoxicating liquor or drugs, or both, to provide victim impact panels for the victim impact component of the program. Victim impact panels shall provide a non-confrontational forum for the victims of alcohol-related or drug-related offenses and offenders to share experiences of the impact of alcohol-related or drug-related incidents in their lives. Such organization may assess a participation fee of not more than seventy-five dollars per panel on any person ordered to participate in the victim impact component of the program, provided that such organization offers a hardship waiver of the participation fee when it determines that the imposition of the fee would pose an economic hardship for such person. (i) The Department of Mental Health and Addiction Services shall administer the alcohol education component of the program and shall adopt regulations, in accordance with chapter 54, to establish standards for such alcohol education component. The department may contract with service providers to provide the appropriate alcohol education

component in accordance with the provisions of this section. The department may combine the services for the alcohol education component of the program under the provisions of this section with the services for the drug education component of the drug intervention and community service program under section 54-56q, if necessary to ensure the appropriate and timely access to court ordered education components. Participation by a person in any combined alcohol and drug education services provided by the department for the alcohol education component of the program under the provisions of this section shall not be deemed participation in, nor shall affect such person's eligibility for, the drug intervention and community service program under the provisions of section 54-56q. (j) (1) All program component providers shall provide the Court Support Services Division with a certification regarding the participation of each person referred to such provider pursuant to this section in the manner required by the division. (A) If such person has successfully completed the applicable program component, the certification shall indicate such successful completion and state whether additional substance use treatment is recommended. (B) If such person has failed to successfully complete the applicable program component, the certification shall indicate the reasons for such failure, whether the person is no longer amenable to education or treatment and whether the current referral was an initial referral under subsection (e) of this section or a reinstatement under subsection (m) of this section for the program component. The certification of failure shall also, to the extent practicable, include a recommendation as to whether an alternative alcohol education or substance use treatment component would best serve such person's needs. (2) Except as provided in subdivision (3) of this subsection, upon receipt of a participation certification from any program component provider pursuant to this subsection, the Court Support Services Division shall provide the court with a final progress report indicating whether such person has successfully completed any components of the program ordered by the court, whether the division required such person to participate in any additional substance use treatment in accordance with subdivision (3) of this subsection and whether such person successfully completed any such additional substance use treatment. The final progress report shall also include any other information the division obtained during the supervision of such person relevant to such person's participation in the program, including whether the results of a criminal history record check, which the division shall complete prior to the submission of the final progress report, reveals that such person has engaged in any conduct that constitutes a violation of (A) any statutory provision set forth in subparagraph (B) of subdivision (2) of subsection (a) of this section; or (B) any statutory provision in any other state the essential elements of which are substantially the same as any statutory provision set forth in subparagraph (B) of subdivision (2) of subsection (a) of this section, during such person's period of participation in the program. (3) If a participation certification indicates that a person who was placed in the program successfully completed the alcohol education or substance use treatment component ordered by the court, but the program component provider recommends additional substance use treatment for such person, the Court Support Services Division may, if it deems such additional treatment appropriate, require such person to participate in the recommended additional substance use treatment in order to satisfactorily complete the pretrial impaired driving intervention program. If the division requires such additional substance use treatment, the division shall provide the court with a final progress report in accordance with subdivision (2) of this subsection upon receipt of the participation certification from the substance use treatment provider for such additional treatment. (k) (1) If any person successfully completes all components of the program ordered by the court and any additional substance use treatment required by the Court Support Services Division, such person may apply for dismissal of the charges against such person at the conclusion of such person's period of participation in the program. Upon application, the court shall review the final progress report submitted by the division regarding such person and any other relevant information. If the court finds that such person has satisfactorily completed the pretrial impaired driving intervention program, the court shall dismiss the charges. (2) If any person who has successfully completed all components of the program ordered by the court and any additional substance use treatment required by the Court Support Services Division does not apply for dismissal of the charges against such person at the conclusion of such person's period of participation in the program, the court may, upon its own motion, review the final progress report regarding such person submitted by the division and any other relevant information. If the court finds that such person has satisfactorily completed the pretrial impaired driving intervention program, the court shall dismiss the charges. (3) Upon the motion of any person placed in the program and a showing of good cause, the court may extend the program placement period for a reasonable period of time to allow such person to complete the applicable program components. (l) If, upon review of the final progress report submitted by the Court Support Services Division or any other relevant information, the court finds that any person placed in the program has failed to successfully complete any component of the program ordered by the court, is no longer amenable to treatment or is otherwise ineligible to continue participating in the program, the court shall terminate such person's participation in the program. No program fees or substance use treatment costs imposed pursuant to subsection (f) of this section shall be refunded to any person whose participation in the program is terminated. Unless such person requests, and the court grants, reinstatement into the program pursuant to subsection (m) of this section, the court shall order the court file of any person whose participation in the program is terminated to be unsealed, enter a plea of not guilty for such person and immediately place the case on the trial list. (m) (1) Any person whose participation in the program is terminated may ask the court to reinstate such person into the program up to two times. If a person requests reinstatement into the program, the Court Support Services Division shall verify that such person is eligible for such reinstatement. If a person requesting reinstatement into the program is eligible for reinstatement, the court may grant such person reinstatement into the program. When granting such reinstatement, the court shall order the defendant to participate in an appropriate alcohol education, substance use treatment or victim impact component of the program. (2) Any person reinstated into the program shall: (A) If ordered to participate in the alcohol education component of the program, pay to the court a nonrefundable program fee of two hundred fifty dollars, which shall be credited to the pretrial account established under section 54-56k, or (B) if ordered to participate in the substance use treatment component of the program, pay the costs of any substance use treatment. The

court shall not waive the program fee or the costs of substance use treatment associated with reinstatement into the program unless such person is found eligible to have such fee or cost waived under subdivision (3) of subsection (f) of this section and such person participates in the applicable alcohol education at a service provider located in this state or substance use treatment at a substance use treatment provider licensed by and located in this state. (n) (1) If any person applies for both the pretrial impaired driving intervention program under the provisions of this section and the pretrial drug intervention and community service program pursuant to section 54-56q, for charges arising from the same arrest, and the Department of Mental Health and Addiction Services, a licensed substance use treatment provider, the Department of Veterans Affairs or the United States Department of Veterans Affairs has already completed the required evaluation and determination of the appropriate drug education or substance use treatment component pursuant to section 54-56q, the court and the Court Support Services Division may rely on such evaluation and determination for the purposes of ordering participation and directing attendance in the alcohol education or substance use treatment component of the program under the provisions of this section. If the court and the division rely on such evaluation and determination, such person shall not be required to pay the evaluation fee under the provisions of subdivision (2) of subsection (b) of this section, provided that such person has paid, or the court has waived, the evaluation fee pursuant to section 54-56q. (2) If any person is placed in both the pretrial impaired driving intervention program under the provisions of this section and the pretrial drug intervention and community service program pursuant to section 54-56q, for charges arising from the same arrest, the court may find that (A) such person's successful completion of the drug education component of the pretrial drug intervention and community service program pursuant to section 54-56q, satisfies such person's required participation in the alcohol education component of the pretrial impaired driving intervention program under the provisions of this section; or (B) such person's successful completion of the substance use treatment component of the pretrial drug intervention and community service program pursuant to section 54-56q, satisfies such person's required participation in the substance use treatment component of the pretrial impaired driving intervention program under the provisions of this section. (3) Nothing in this subsection shall relieve any person placed in both the pretrial impaired driving intervention program pursuant to this section and the pretrial drug intervention and community service program pursuant to section 54-56q, for charges arising from the same arrest, from the requirement to participate in the: (A) Victim impact component of the pretrial impaired driving intervention program, if ordered by the court under the provisions of this section, in order to satisfactorily complete the pretrial impaired driving intervention program, or (B) Community service component of the pretrial drug intervention and community service program pursuant to section 54-56q, in order to satisfactorily complete the pretrial drug intervention and community service program. (o) (1) The Court Support Services Division shall retain a record of participation in the pretrial impaired driving intervention program for a period of ten years from the date the court grants the application for, and places the applicant in, the program pursuant to the provisions of this section. (2) For any person charged with a violation of section 14-227a, 14-227g, 14-227m or 14-227n whose charges were dismissed pursuant to the provisions of this section, the division shall transmit to the Department of Motor Vehicles the record of such person's participation in the program. The Department of Motor Vehicles shall maintain the record of any person's participation in such program as part of such person's driving record for a period of ten years. (3) For any person charged with a violation of subsection (d) of section 15-133 or section 15-140n whose charges were dismissed pursuant to the provisions of this section, the division shall transmit to the Department of Energy and Environmental Protection the record of such person's participation in the program. The Department of Energy and Environmental Protection shall maintain the record of any person's participation in such program as a part of such person's boater certification record for a period of ten years. Under section, there is no blanket presumption in favor of joinder; section is directed at prosecutors and governs whether they may join multiple charges in a single information, while Practice Book is directed at trial courts; trial court abused its discretion in finding defendant's alleged conduct in felony murder case not so brutal or shocking to require separate trials, but error was harmless. 303 C. 538. Defendant was not subject to substantial injustice or deprived of due process when trial court granted state's motion for joinder because the matters were not so complex as to confuse a jury. 112 CA 711. (1967, P.A. 549, S. 5; P.A. 74-183, S. 143, 291; P.A. 76-106, S. 2; 76-436, S. 543, 681; P.A. 77-452, S. 37, 72.) 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-63f. - Release after conviction and pending sentence or appeal.

A person who has been convicted of any offense, except a violation of section 53a-54a, 53a-54b, 53a-54c or 53a-54d, and is either awaiting sentence or has given oral or written notice of such person's intention to appeal or file a petition for certification or a writ of certiorari may be released pending final disposition of the case, unless the court finds custody to be necessary to provide reasonable assurance of such person's appearance in court, upon the first of the following conditions of release found sufficient by the court to provide such assurance: (1) Upon such person's execution of a written promise to appear, (2) upon such person's execution of a bond without surety in no greater amount than necessary, (3) upon such person's execution of a bond with surety in no greater amount than necessary, (4) upon such person's deposit, with the clerk of the court having jurisdiction of the offense with which such person stands convicted or any assistant clerk of such court who is bonded in the same manner as the clerk or any person or officer authorized to accept bail, a sum of money equal to the amount called for by the bond required by the court, or (5) upon such person's pledge of real property, the equity of which is equal to the amount called for by the bond required by the court, provided the person pledging such property is the owner of such property. When cash bail is offered, such bond shall be executed and the money shall be received in lieu of a surety or sureties upon such bond. Such cash bail shall be retained by the clerk of such court until a final order of the court disposing of the same is passed, provided, if such bond is forfeited, the clerk of such court shall pay the money to the payee named therein, according to the terms and conditions of the bond. (1967, P.A. 549, S. 14; P.A. 89-47; P.A. 98-51; P.A. 00-200, S. 5; P.A. 18-127, S. 1.) History: P.A. 89-47 added Subdivs. (4) and (5) authorizing release upon the deposit of a sum of money or upon the pledge of real property, respectively, and added provisions re the execution of the bond when cash bail is offered and the retention and disposition of such cash bail; P.A. 98-51 prohibited the release of a person convicted of violating Sec. 53a-54a, 53a-54b, 53a-54c or 53a-54d; P.A. 00-200 prohibited the release of a person convicted of "any offense involving the use, attempted use or threatened use of physical force against another person" and made technical changes; P.A. 18-127 deleted "or any offense involving the use, attempted use or threatened use of physical force against another person" re exceptions to granting release, effective June 11, 2018. Bail under section is entirely disconnected from preconviction bail and presumption of innocence and should be granted with great caution. 159 C. 264. Section violates separation of powers provision contained in Art. II of the Connecticut Constitution, as amended by Art. XVIII of the amendments, insofar as it prohibits trial court from releasing on bail any person who has been convicted of an offense "involving the use, attempted use or threatened use of physical force against another person" because it presents significant interference with the orderly functioning of Superior Court's judicial role. 261 C. 492. The right to bail under the Connecticut constitution is extinguished upon conviction, i.e., a finding of guilt, accepted by the court. 327 C. 932. Supreme Court's determination of unconstitutionality in 261 C. 492 should be applied retroactively, as it could have impact on defendant's sentence. 89 CA 729. Cited. 29 CS 339.

The results of any such drug test shall not be admissible in any criminal proceeding concerning such person. (2) If the arrested person is charged with no offense other than a misdemeanor, the court shall not impose financial conditions of release on the person unless (A) the person is charged with a family violence crime, as defined in section 46b-38a, or (B) the person requests such financial conditions, or (C) the court makes a finding on the record that there is a likely risk that (i) the arrested person will fail to appear in court, as required, or (ii) the arrested person will obstruct or attempt to obstruct justice, or threaten, injure or intimidate or attempt to threaten, injure or intimidate a prospective witness or juror, or (iii) the arrested person will engage in conduct that threatens the safety of himself or herself or another person. In making a finding described in this subsection, the court may consider past criminal history, including any prior record of failing to appear as required in court that resulted in any conviction for a violation of section 53a-172 or any conviction during the previous ten years for a violation of section 53a-173 and any other pending criminal cases of the person charged with a misdemeanor. (3) The court may, in determining what conditions of release will reasonably ensure the appearance of the arrested person in court, consider the following factors: (A) The nature and circumstances of the offense, (B) such person's record of previous convictions, (C) such person's past record of appearance in court, (D) such person's family ties, (E) such person's employment record, (F) such person's financial resources, character and mental condition, (G) such person's community ties, and (H) in the case of a violation of section 53a-222a when the condition of release was issued for a family violence crime, as defined in section 46b-38a, the heightened risk posed to victims of family violence by violations of conditions of release. (b) (1) Except as provided in subsection (c) of this section, any arrested person charged with the commission of a class A felony, a class B felony, except a violation of section 53a-86 or 53a-122, a class C felony, except a violation of section 53a-87, 53a-152 or 53a-153, or a class D felony under sections 53a-60 to 53a-60c, inclusive, section 53a-72a, 53a-95, 53a-103, 53a-103a, 53a-114, 53a-136 or 53a-216, or a family violence crime, as defined in section 46b-38a, is presented before the Superior Court, said court shall, in bailable offenses, promptly order the release of such person upon the first of the following conditions of release found sufficient to reasonably ensure the appearance of the arrested person in court and that the safety of any other person will not be endangered: (A) Upon such person's execution of a written promise to appear without special conditions, (B) upon such person's execution of a written promise to appear with nonfinancial conditions, (C) upon such person's execution of a bond without surety in no greater amount than necessary, or (D) upon such person's execution of a bond with surety in no greater amount than necessary, but in no event shall a judge prohibit a bond from being posted by surety. In addition to or in conjunction with any of the conditions enumerated in subparagraphs (A) to (D), inclusive, of this subdivision, the court may, when it has reason to believe that the person is drug-dependent and where necessary, reasonable and appropriate, order the person to submit to a urinalysis drug test and to participate in a program of periodic drug testing and treatment. The results of any such drug test shall not be admissible in any criminal proceeding concerning such person. (2) The court may, in determining what conditions of release will reasonably ensure the appearance of the arrested person in court and that the safety of any other person will not be endangered, consider the following factors: (A) The nature and circumstances of the offense, (B) such person's record of previous convictions, (C) such person's past record of appearance in court after being admitted to bail, (D) such person's family ties, (E) such person's employment record, (F) such person's financial resources, character and mental condition, (G) such person's community ties, (H) the number and seriousness of charges pending against the arrested person, (I) the weight of the evidence against the arrested person, (J) the arrested person's history of violence, (K) whether the arrested person has previously been convicted of similar offenses while released on bond, (L) the likelihood based upon the expressed intention of the arrested person that such person will commit another crime while released, and (M) the heightened risk posed to victims of family violence by violations of conditions of release and court orders of protection. (3) When imposing conditions of release under this subsection, the court shall state for the record any factors under subdivision (2) of this subsection that it considered and the findings that it made as to the danger, if any, that the arrested person might pose to the safety of any other person upon the arrested person's release that caused the court to impose the specific conditions of release that it imposed. (c) (1) When any arrested person charged with the commission of a serious firearm offense, as defined in section 53a-3, is (A) a serious firearm offender, (B) has two previous convictions for a violation of section 29-36, 29-36a, 53-202, 53-202a, 53-202b, 53-202c, 53-202w, 53-202aa, 53-206i, 53a-54a, 53a-54b, 53a-54c, 53a-54d, 53a-55, 53a-55a, 53a-56, 53a-56a, 53a-59, 53a-60, 53a-60a, 53a-134, 53a-212, 53a-216, 53a-217, 53a-217b or 53a-217c, (C) a previous conviction for a violation of section 29-35, in addition to a prior conviction for a violation of section 29-36, 29-36a, 53-202, 53-202a, 53-202b, 53-202c, 53-202w, 53-202aa, 53-206i, 53a-54a, 53a-54b, 53a-54c, 53a-54d, 53a-55, 53a-55a, 53a-56, 53a-56a, 53a-59, 53a-60, 53a-60a, 53a-134, 53a-212, 53a-216, 53a-217, 53a-217b or 53a-217c, or (D) two or more convictions during the five-year period immediately prior to the current arrest for a violation of section 21a-277, 21a-278, 53a-122 or 53a-123, is presented before the Superior Court, the court shall, in bailable offenses, promptly order the release of such person after establishing a bond amount found sufficient to reasonably ensure the appearance of the arrested person in court, and that the safety of any other person will not be endangered and upon such person's execution of a bond with or without surety in no greater amount than necessary. The prosecutorial official shall petition for the arrested person to deposit at least thirty per cent of the bond amount directly with the court, and there shall be a rebuttable

Additionally, the court may, when it has reason to believe that the person is drug-dependent and where necessary, reasonable and appropriate, order the person to submit to a urinalysis drug test and to participate in a program of periodic drug testing and treatment. The results of any such drug test shall not be admissible in any criminal proceeding concerning such person. (2) When any arrested person charged with the commission of a serious firearm offense, as defined in section 53a-3, other than a person described in subdivision (1) of this subsection, is presented before the Superior Court, the court shall, in bailable offenses, promptly order the release of such person upon the first of the following conditions of release found sufficient to reasonably ensure the appearance of the arrested person in court and that the safety of any other person will not be endangered: (A) Upon such person's execution of a written promise to appear without special conditions, (B) upon such person's execution of a written promise to appear with nonfinancial conditions, (C) upon such person's execution of a bond without surety in no greater amount than necessary, or (D) upon such person's execution of a bond with surety in no greater amount than necessary, but in no event shall a judge prohibit a bond from being posted by surety. The prosecutorial official may petition the court to deem such person a serious risk to the safety of another person or persons. The prosecutorial official may present any information developed by federal, state and local law enforcement agencies in the course of a criminal investigation or enforcement action, including, but not limited to, social media posts, pictures or videos threatening violence, claiming responsibility for violence or suggesting possession of a firearm. If the court finds that the arrested person poses a serious risk to the safety of another person or persons, the arrested person may only be released pursuant to subparagraph (C) or (D) of this subdivision and the arrested person shall be required to deposit at least thirty per cent of any bond amount directly with the court. Additionally, the court may, when it has reason to believe that the person is drug-dependent and where necessary, reasonable and appropriate, order the person to submit to a urinalysis drug test and to participate in a program of periodic drug testing and treatment. The results of any such drug test shall not be admissible in any criminal proceeding concerning such person. (d) If the court determines that a nonfinancial condition of release should be imposed pursuant to subparagraph (B) of subdivision (1) of subsection (a) or (b) of this section, the court shall order the pretrial release of the person subject to the least restrictive condition or combination of conditions that the court determines will reasonably ensure the appearance of the arrested person in court and, with respect to the release of the person pursuant to subsection (b) or (c) of this section, that the safety of any other person will not be endangered, which conditions may include an order that the arrested person do one or more of the following: (1) Remain under the supervision of a designated person or organization; (2) comply with specified restrictions on such person's travel, association or place of abode; (3) not engage in specified activities, including the use or possession of a dangerous weapon, an intoxicant or a controlled substance; (4) provide sureties of the peace pursuant to section 54-56f under supervision of a designated bail commissioner or intake, assessment and referral specialist employed by the Judicial Branch; (5) avoid all contact with an alleged victim of the crime and with a potential witness who may testify concerning the offense; (6) maintain employment or, if unemployed, actively seek employment; (7) maintain or commence an educational program; (8) be subject to electronic monitoring; or (9) satisfy any other condition that is reasonably necessary to ensure the appearance of the person in court and that the safety of any other person will not be endangered. If the court finds that the person subject to electronic monitoring is indigent and unable to pay the costs of electronic monitoring services, the court shall waive such costs. Any contract entered into by the Judicial Branch and the electronic monitoring service provider shall include a provision stating that the total cost for electronic monitoring services shall not exceed five dollars per day. Such amount shall be indexed annually to reflect the rate of inflation. (f) re defendant who commits serious firearm offense while on pretrial release and is subsequently convicted of any offense for which defendant was on release and serious firearm offense committed while on release.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-64g. - Surveillance of serious felony offenders released on bond.

The office of the Chief State's Attorney shall, in consultation with the Commissioner of Emergency Services and Public Protection and the Connecticut Police Chiefs Association, develop protocols for the surveillance by state police officers or municipal police officers, or both, of persons charged with the commission of a serious felony offense, as defined in section 54-82t, who are released on bond. (P.A. 99-240, S. 10; P.A. 11-51, S. 172.) History: P.A. 11-51 replaced "Commissioner of Public Safety" with "Commissioner of Emergency Services and Public Protection" and deleted reference to January 1, 2000, effective July 1, 2011.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-65. - Procedure when surety believes principal intends to abscond. Application for release of surety from bond if

principal absconds.

(a) Any surety in a recognizance in criminal proceedings, who believes that such surety's principal intends to abscond, shall apply to a judge of the Superior Court, produce such surety's bail bond or evidence of being a surety, and verify the reason of such surety's application by oath or otherwise. Thereupon, the judge shall immediately grant a mittimus, directed to a proper officer or indifferent person, commanding such officer or indifferent person immediately to arrest the principal and commit the principal to a community correctional center. The Community Correctional Center Administrator shall receive the principal and retain the principal in a community correctional center until discharged by due order of law. The surrender of the principal shall be a full discharge of the surety upon such surety's bond or recognizance. (b) If the principal of a surety in a recognizance in criminal proceedings absconds, such surety may apply, prior to six months after the date the bond is ordered forfeited, to a judge of the Superior Court to be released from such bond. The judge may release such surety from such bond for good cause shown. (1949 Rev., S. 8780; P.A. 81-410, S. 12; P.A. 90-288, S. 1; P.A. 14-184, S. 1.) History: P.A. 81-410 replaced previous provision re rights of surety with the language of former Sec. 52-319; P.A. 90-288 made provision re application to a judge by a surety who believes his principal intends to abscond mandatory rather than discretionary; P.A. 14-184 designated existing provisions as Subsec. (a) and amended same to make technical changes, and added Subsec. (b) re application for release of surety from bond for good cause shown when principal of surety absconds. Right of person giving bail to retake prisoner; arrest of prisoner in another state no defense to action on hand. 16 Wall. 371; 160 U.S. 246. Cited. 140 C. 326; 175 C. 149. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-65a. - Forfeiture of bond for failure to appear. Issuance of rearrest warrant or capias. Termination or reinstatement of bond. Rebate to surety.

(a)(1) Whenever an arrested person is released upon the execution of a bond with surety in an amount of five hundred dollars or more and such bond is ordered forfeited because the principal failed to appear in court as conditioned in such bond, the court shall, at the time of ordering the bond forfeited: (A) Issue a rearrest warrant or a capias directing a proper officer to take the defendant into custody, (B) provide written notice to the surety on the bond that the principal has failed to appear in court as conditioned in such bond, except that if the surety on the bond is an insurer, as defined in section 38a-660, the court shall provide such notice to such insurer and not to the surety bail bond agent, as defined in section 38a-660, and (C) order a stay of execution upon the forfeiture for six months. The court may, in its discretion and for good cause shown, extend such stay of execution. A stay of execution shall not prevent the issuance of a rearrest warrant or a capias. (2) When the principal whose bond has been forfeited is returned to custody pursuant to the rearrest warrant or a capias within six months after the date such bond was ordered forfeited or, if a stay of execution was extended, within the time period inclusive of such extension of the date such bond was ordered forfeited, the bond shall be automatically terminated and the surety released and the court shall order new conditions of release for the defendant in accordance with section 54-64a. (3) When the principal whose bond has been forfeited returns to court voluntarily within five business days after the date such bond was ordered forfeited, the court may, in its discretion, and after finding that the defendant's failure to appear was not wilful, vacate the forfeiture order and reinstate the bond. (b) Whenever an arrested person, whose bond has been forfeited, is returned to the jurisdiction of the court within one year after the date such bond was ordered forfeited, the surety on such bond shall be entitled to a rebate of that portion of the forfeited amount as may be fixed by the court or as may be established by a schedule adopted by rule of the judges of the court. (P.A. 77-455; P.A. 79-461; P.A. 84-123, S. 3; P.A. 87-343, S. 1; P.A. 96-96; 96-164, S. 2; P.A. 99-62; P.A. 03-202, S. 21; P.A. 14-184, S. 2.) History: P.A. 79-461 amended Subsec. (a) to specify applicability where bond is \$500 or more and to add provisions re stay of execution on forfeiture; P.A. 84-123 amended Subsec. (a) to authorize a court to issue a capias for a defendant who fails to appear in court and to delete reference to issuance of a mittimus; P.A. 87-343 amended Subsec. (a) to provide automatic reinstatement of the bond and release of the surety when the arrested person is returned to custody within six months of the bond forfeiture; P.A. 96-96 amended Subsec. (a) to provide that when the "principal", rather than the "arrested person", is returned to custody "pursuant to the rearrest warrant or a capias" within six months of the forfeiture the bond shall be automatically "terminated", rather than "reinstated", and "the court shall order new conditions of release for the defendant in accordance with section 54-64a" and to add provision that when the principal returns to court voluntarily within two business days of the forfeiture, the court may vacate the forfeiture order and reinstate the bond if it finds the failure to appear was not wilful; P.A. 96-164 amended Subsec. (a) to extend from two to five business days the period after the date of forfeiture within which if the principal returns to court voluntarily the court may vacate the forfeiture order and reinstate the bond; P.A. 99-62 added new Subsec. (a)(2) requiring the court to provide written notice to the surety on the bond that the principal has failed to appear in court as conditioned in such bond, renumbering former Subdiv. (2) as Subdiv. (3); P.A. 03-202 amended Subsec. (a)(2) by adding provision re notice to insurer that is the surety on the bond, effective April 1, 2004; P.A. 14-184 amended Subsec. (a) to insert new Subdiv. (1), (2) and (3) designators, add provision allowing court to extend stay of execution for good cause shown and make conforming changes in Subdiv. (1), and add provision re time period inclusive of extension of date bond was ordered forfeited in Subdiv. (2), and made technical changes. Statute can coexist with common law right of bail bondsman to apprehend and surrender his principal; nothing in wording of statute abrogates that right. 199 C. 537. The proper legal standard for determining whether a surety may be relieved of its obligation on a bail bond continues to be the common law rule set forth in *Taylor v. Taintor*, 83 U.S. 366, i.e. that a surety will be released only when the appearance of the principal at trial is made impossible by an act of God, an act of the state or pursuant to law. 301 C. 617. This section and Sec. 54-66 do not expressly provide for, or preclude, the granting of rebate to a

depositor of cash bail when defendant has been returned to the jurisdiction more than 6 months after the bond is called, but it is within the power of Connecticut courts to ensure defendant's appearance and thus trial court's award of such a rebate was proper. 68 CA 849.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-65b. - Verification of rearrest warrant or capias upon request.

Upon the request during regular business hours of a person licensed as (1) a professional bondsman under chapter 533, (2) a surety bail bond agent under section 38a-660, or (3) a bail enforcement agent under sections 29-152f to 29-152i, inclusive, the Judicial Branch shall verify in the central computer system set forth in subsection (e) of section 54-2a whether a rearrest warrant or capias issued pursuant to section 54-65a is still outstanding. (P.A. 11-45, S. 23.)

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-65c. - Vacating forfeiture of bond.

A court shall vacate an order forfeiting a bail bond and release the professional bondsman, as defined in section 29-144, or the surety bail bond agent and the insurer, as both terms are defined in section 38a-660, if (1) the principal on the bail bond (A) is detained or incarcerated (i) in another state, territory or country, or (ii) by a federal agency, or (B) has been removed by United States Immigration and Customs Enforcement, and (2) the professional bondsman, the surety bail bond agent or the insurer provides satisfactory proof of such detention, incarceration or removal to the court and the state's attorney prosecuting the case, and (3) the state's attorney prosecuting the case declines to seek extradition of the principal. (P.A. 11-45, S. 24; P.A. 14-184, S. 4.) History: P.A. 14-184 amended Subdiv. (1) by designating existing provision re principal detained or incarcerated as Subpara. (A), adding "or (ii) by a federal agency" therein, and adding Subpara. (B) re removal by United States Immigration and Customs Enforcement, amended Subdiv. (2) to add "satisfactory" re proof and add reference to removal, and made technical changes. Plain language of section, as read in connection with other statutes, demonstrates that legislature intended "detained" to require governmental action, i.e., custody by a governmental entity. 323 C. 629.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 960 - Information, Procedure and Bail Section 54-66. - Acceptance and disposition of bail. Pledge of real property as lien. Forfeiture of bond for failure to appear. Issuance of rearrest warrant or capias. Termination or reinstatement of bond.

(a)(1) In any criminal case in which a bond is allowable or required and the amount of such bond has been determined, the accused person, or any person on the accused person's behalf, (A) may deposit, with the clerk of the court having jurisdiction of the offense with which the accused person stands charged or any assistant clerk of such court who is bonded in the same manner as the clerk or any person or officer authorized to accept bail, a sum of money equal to the amount called for by such bond, or (B) may pledge real property, the equity of which is equal to the amount called for by such bond, provided the person pledging such property is the owner of such real property, and such accused person shall thereupon be admitted to bail. (2) When cash bail is offered, such bond shall be executed and the money shall be received in lieu of a surety or sureties upon such bond. Such cash bail shall be retained by the clerk of such court until a final order of the court disposing of the same is passed, except that if such bond is forfeited, the clerk of such court shall pay the money to the payee named therein, according to the terms and conditions of the bond. When cash bail in excess of ten thousand dollars is received for a person accused of a felony, where the underlying facts and circumstances of the felony involve the use, attempted use or threatened use of physical force against another person, the clerk of such court shall prepare a report that contains (A) the name, address and taxpayer identification number of the accused person, (B) the name, address and taxpayer identification number of each person offering the cash bail, other than a person licensed as a professional bondsman under chapter 533 or a surety bail bond agent under chapter 700f, (C) the amount of cash received, and (D) the date the cash was received. Not later than fifteen days after receipt of such cash bail, the clerk of such court shall file the report with the Department of Revenue Services and mail a copy of the report to the state's attorney for the judicial district in which the court is located and to each person offering the cash bail. (3) When real property is pledged, the pledge shall constitute a lien on the real property upon the filing of a notice of lien in the office of the town clerk of the town in which the real property is located. The lien shall be in an amount equal to the bond set by the court. The notice of lien shall be on a form prescribed by the Office of the Chief Court Administrator. Upon order of forfeiture of the underlying bond, the state's attorney for the judicial district in which the forfeiture is ordered shall refer the matter to the Attorney General and the Attorney General may, on behalf of the state, foreclose such lien in the same manner as a mortgage. The lien created by this subsection shall expire six years after the forfeiture is ordered unless the Attorney General commences an action to foreclose it within that period of time and records a notice of lis pendens in evidence thereof on the land records of the town in which the real property is located. If the bond has not been ordered forfeited, the clerk of the court shall authorize the recording of a release of such lien upon final disposition of the criminal matter or upon order of the court. The release shall be on a form prescribed by the Office of the Chief Court Administrator. (b) (1) Whenever an accused person is released upon the deposit by a person on behalf of the accused person of a sum of money equal to the amount called for by such bond or upon the pledge by a person on behalf of the accused person of real property, the equity of which is equal to the amount called for by such bond, and such bond is ordered forfeited because the accused person failed to appear in court as conditioned in such bond, the court shall, at the time of ordering the bond forfeited: (A) Issue a rearrest warrant or a capias directing a proper officer to take the accused person into custody, (B) provide written notice to the person who offered cash bail or pledged real property on behalf of the accused

person that the accused person has failed to appear in court as conditioned in such bond, and (C) order a stay of execution upon the forfeiture for six months. The court may, in its discretion and for good cause shown, extend such stay of execution. A stay of execution shall not prevent the issuance of a rearrest warrant or a capias. (2) When the accused person whose bond has been forfeited is returned to custody pursuant to the rearrest warrant or a capias within six months of the date such bond was ordered forfeited or, if a stay of execution was extended, within the time period inclusive of such extension of the date such bond was ordered forfeited, the bond shall be automatically terminated and the person who offered cash bail or pledged real property on behalf of the accused person shall be released from such obligation and the court shall order new conditions of release for the accused person in accordance with section 54-64a. (3) When the accused person whose bond has been forfeited returns to court voluntarily within five business days of the date such bond was ordered forfeited, the court may, in its discretion, and after finding that the accused person's failure to appear was not wilful, vacate the forfeiture order and reinstate the bond. (1949 Rev., S. 8781; 1959, P.A. 28, S. 152; P.A. 81-246; P.A. 93-265, S. 1; P.A. 99-240, S. 14; P.A. 01-186, S. 18; P.A. 14-184, S. 3.) History: 1959 act deleted references to trial justices and included assistant court clerk; P.A. 81-246 permitted the accused person to pledge real property in order to be admitted to bail; P.A. 93-265 added Subsec. (b) to provide that the pledge of real property constitutes a lien on the property when a notice of lien is filed and to specify the procedure for the foreclosure or release of such lien; P.A. 99-240 amended Subsec. (a) to add provisions requiring the clerk of the court to prepare a report when cash bail in excess of \$10,000 is received for a person accused of a felony involving the use, attempted use or threatened use of physical force against another person, specifying the contents of such report and requiring said clerk not later than 15 days after receipt of such cash bail to file such report with the Department of Revenue Services and mail a copy of such report to the state's attorney and each person offering the cash bail; P.A. 01-186 added Subsec. (c) re forfeiture of bond for failure to appear, issuance of rearrest warrant or capias, stay of execution upon forfeiture of bond for six months from date bond ordered forfeited, automatic termination of bond if accused is returned to custody as result of rearrest warrant or capias and reinstatement of bond if accused returns to court voluntarily within 5 business days of order of forfeiture; P.A. 14-184 amended Subsec. (a) to designate existing provisions as Subdivs. (1) and (2) and redesignate existing Subdivs. (1) and (2) as Subparas. (A) and (B), redesignated existing Subsec. (b) as Subsec. (a)(3), redesignated existing Subsec. (c) as Subsec. (b)(1), (2) and (3), amended redesignated Subsec. (b)(1) to add provision allowing court, for good cause shown, to extend stay of execution, amended redesignated Subsec. (b)(2) to add provision re extension of stay of execution within time period inclusive of extension of date bond was ordered forfeited, amended redesignated Subsec. (b)(3) to delete provision re prevention of issuance of rearrest warrant or capias, and made technical changes. Cash bail remains in custody of court until order for return is made, even though accused has appeared and been discharged; garnishment of such a fund. 96 C. 358. Cited. 119 C. 25. Cited. 25 CA 643. This section and Sec. 54-65a do not expressly provide for, or preclude, granting of rebate to a depositor of cash bail when defendant has been returned to the jurisdiction more than 6 months after the bond is called, but it is within the power of Connecticut courts to ensure defendant's appearance and thus trial court's award of such a rebate was proper. 68 CA 849.

(a) In any case where an information or complaint has been laid charging a defendant with the commission of a crime, and where it appears that the defendant is a youth, such defendant shall be presumed to be eligible to be adjudged a youthful offender and the court having jurisdiction shall, but only as to the public, order the court file sealed, unless such defendant (1) is charged with the commission of a crime which is a class A felony or a violation of section 53a-70b of the general statutes, revision of 1958, revised to January 1, 2019, or section 14-222a, subsection (a) or subdivision (1) of subsection (b) of section 14-224, section 14-227a, 14-227g or 14-227m, subdivision (1) or (2) of subsection (a) of section 14-227n, subdivision (2) of subsection (a) of section 53-21 or section 53a-70, 53a-70a, 53a-71, 53a-72a or 53a-72b, except a violation involving consensual sexual intercourse or sexual contact between the youth and another person who is thirteen years of age or older but under sixteen years of age, or (2) has been previously convicted of a felony in the regular criminal docket of the Superior Court or been previously adjudged a serious juvenile offender or serious juvenile repeat offender, as defined in section 46b-120. Except as provided in subsection (b) of this section, upon motion of the prosecuting official, the court may order that an investigation be made of such defendant under section 54-76d, for the purpose of determining whether such defendant is ineligible to be adjudged a youthful offender, provided the court file shall remain sealed, but only as to the public, during such investigation. (b) (1) Upon motion of the prosecuting official and order of the court, the case of any defendant who is a youth and is charged with the commission of a felony, other than a felony set forth in subsection (a) of this section, shall be transferred from the youthful offender docket to the regular criminal docket of the Superior Court, provided the court finds that there is probable cause to believe the defendant has committed the act for which he or she is charged. The defendant shall be arraigned in the regular criminal docket of the Superior Court by the next court business day following such transfer, provided any proceedings held prior to the finalization of such transfer shall be private and shall be conducted in such parts of the courthouse or the building wherein court is located as shall be separate and apart from the other parts of the court which are then being held for proceedings pertaining to adults charged with crimes. If the victim of the offense requests that the accused person or child be tested, the court may order the testing of the accused person or child in accordance with this subsection and the results of such test may be disclosed to the victim. (h) The analysis shall be performed by the Division of Scientific Services within the Department of Emergency Services and Public Protection, except that the division shall analyze samples taken pursuant to subsection (a) of this section only as available resources allow. (e) by replacing “custody” of Court Support Services Division to “supervision” of said division and by making a technical change, effective May 10, 2022. Purpose of section is to further the regulatory, nonpunitive goal of maintaining a DNA data bank to assist in criminal investigations, not to punish those convicted of crimes by requiring them to submit a DNA sample; penalty provision of section does not render the entire statutory scheme punitive in fact; prior to the legislature's amendment of the section in 2011, section was ambiguous as to whether it was permissible for the trial court to authorize the state to use reasonable physical force to obtain a sample of a defendant's DNA, but the use of reasonable force to obtain a DNA sample from an unwilling individual was inherent in section; section is regulatory in nature, rather than punitive, and does not violate the federal constitution's bar on ex post facto laws under article one, section 10. 321 C. 821. Section is regulatory in nature and does not violate the ex post

facto clause, and the state may use reasonable force to obtain a DNA sample. 143 CA 485; judgment affirmed, see 321 C. 821. Defendant's double jeopardy claim fails because refusal to provide DNA sample is new, postconviction conduct and constitutes a separate crime. *Id.*, 510.

Such procedures shall conform to nationally recognized and accepted standards for DNA analysis. The Commissioner of Emergency Services and Public Protection or the commissioner's designee shall complete and maintain on file a form indicating the name of the person whose sample is to be analyzed, the date and by whom the sample was received and examined, and a statement that the seal on the tube or container had not been broken or otherwise tampered with. The department shall specify the positions in that agency which require regular access to the data bank and samples submitted as a necessary function of the job. (e) The Division of Scientific Services shall create a separate statistical data base comprised of DNA profiles of blood or other biological samples of persons whose identity is unknown. Nothing in this section or section 54-102k shall prohibit the Division of Scientific Services from sharing or otherwise disseminating the information in the statistical data base with law enforcement or criminal justice agencies within or without the state. (f) The Division of Scientific Services may charge a reasonable fee to search and provide a comparative analysis of DNA profiles in the data bank to any authorized law enforcement agency outside of the state. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-102jj. - Preservation of biological evidence.

(a) For the purposes of this section and section 54-102kk: (1) "DNA testing" means forensic deoxyribonucleic acid testing; and (2) "Agent" means a person, firm or corporation to whom the state police or a local police department entrusts or delivers evidence to undergo DNA testing. (b) Upon the conviction of a person of a capital felony under the provisions of section 53a-54b in effect prior to April 25, 2012, or murder with special circumstances under the provisions of section 53a-54b in effect on or after April 25, 2012, or the conviction of a person of a crime after trial, or upon order of the court for good cause shown, the state police, all local police departments, any agent of the state police or a local police department and any other person to whom biological evidence has been transferred shall preserve all biological evidence acquired during the course of the investigation of such crime for the term of such person's incarceration. (c) The state police, a local police department, an agent or any person to whom biological evidence has been transferred may be relieved of the obligation to preserve biological evidence as provided in subsection (b) of this section by applying to the court in which the defendant's case was prosecuted for permission to destroy such biological evidence. Upon receipt of the application, the court shall give notice to all defendants charged in connection with the prosecution and shall hold a hearing. After such hearing, the court shall grant the application if it finds that the Connecticut Supreme Court has decided the defendant's appeal and the defendant does not seek further preservation of the biological evidence, or for good cause shown. (P.A. 03-242, S. 6; P.A. 12-5, S. 31.) History: P.A. 12-5 amended Subsec. (b) to add reference to provisions of Sec. 53a-54b in effect prior to April 25, 2012, re capital felony and add reference to murder with special circumstances under Sec. 53a-54b, effective April 25, 2012.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-102k. - Unauthorized dissemination or use of DNA data bank information. Obtaining blood sample without authority. Penalties.

Any person who, without authority, disseminates information contained in the data bank shall be guilty of a class C misdemeanor. Any person who disseminates, receives or otherwise uses or attempts to so use information in the data bank, knowing that such dissemination, receipt or use is for a purpose other than as authorized by law, shall be guilty of a class A misdemeanor. Except as authorized by law, any person who, for purposes of having a DNA analysis performed, obtains or attempts to obtain any sample submitted to the Division of Scientific Services for analysis shall be guilty of a class D felony. (P.A. 94-246, S. 5; P.A. 99-218, S. 14, 16.) History: P.A. 99-218 replaced the forensic science laboratory with the Division of Scientific Services, effective July 1, 1999.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-102kk. - DNA testing of biological evidence.

(a) Notwithstanding any other provision of law governing postconviction relief, any person who was convicted of a crime and sentenced to incarceration may, at any time during the term of such incarceration, file a petition with the sentencing court requesting the DNA testing of any evidence that is in the possession or control of the Division of Criminal Justice, any law enforcement agency, any laboratory or the Superior Court. The petitioner shall state under penalties of perjury that the requested testing is related to the investigation or prosecution that resulted in the petitioner's conviction and that the evidence sought to be tested contains biological evidence. (b) After notice to the prosecutorial official and a hearing, the court shall order DNA testing if it finds that: (1) A reasonable probability exists that the petitioner would not have been prosecuted or convicted if exculpatory results had been obtained through DNA testing; (2) The evidence is still in existence and is capable of being subjected to DNA testing; (3) The evidence, or a specific portion of the evidence identified by the petitioner, was never previously subjected to DNA testing, or the testing requested by the petitioner may resolve an issue that was never previously resolved by previous testing; and (4) The petition before the Superior Court was filed in order to demonstrate the petitioner's innocence and not to delay the administration of justice. (c) After notice to the prosecutorial official and a hearing, the court may order DNA testing if it finds that: (1) A reasonable probability exists that the requested testing will produce DNA results which would have altered the verdict or reduced the petitioner's sentence if the results had been available at the prior proceedings leading to the judgment of conviction; (2) The evidence is still in existence and is capable of being subjected to DNA testing; (3) The evidence, or a specific portion of the evidence identified by the petitioner, was never previously subjected to DNA testing, or the testing requested by the petitioner may resolve an issue that was never previously resolved by previous testing; and (4) The petition before the Superior Court was filed in order to demonstrate the petitioner's innocence and not to delay the administration of justice. (d) The costs of DNA testing ordered pursuant to this section shall be borne by the state or the petitioner, as the court may order in the interests of justice, except that DNA testing shall not be denied because of the inability of the petitioner to pay the costs of such testing. (e) In a proceeding under this section, the petitioner shall have the right to be represented by counsel and, if the petitioner is indigent, the court shall appoint counsel for the petitioner in accordance with section 51-296. (P.A. 03-242, S. 7.) Reasonable probability under Subsec. (b)(1) means a probability sufficient to undermine confidence in the outcome; a petitioner may succeed by demonstrating a reasonable probability that he or she would not have been prosecuted or convicted if exculpatory DNA evidence had been available. 295 C. 50. In light of determination that defendant did not establish "reasonable probability" under Subsec. (b), trial court properly denied petition under Subsec. (c). *Id.*, 74. Under Subsec. (b)(1), petitioner was not entitled to DNA testing as there was no reasonable probability that petitioner would not have been prosecuted or convicted if exculpatory DNA test results had been obtained prior to trial because even if the court assumed the most favorable result from DNA testing, it would not have undermined the confidence in the verdict given the strength of the state's case against petitioner. 309 C. 567. Subsec. (b)(1) requires court to consider the effect of the most favorable result possible from DNA testing of evidence, and in this case, petitioner did not establish a reasonable probability under Subsec. (b)(1) because evidence amply supported conclusion that petitioner, in fact, committed the crimes. 129 CA 833, see also *Id.*, 842. Subsec. (a) requires petitioner to make a preliminary showing supported by a reasonable basis in fact that the evidence sought to be tested likely contains biological material. 131 CA 846.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-102l. - Expungement of DNA data bank records and destruction of samples.

(b) The Division of Scientific Services within the Department of Emergency Services and Public Protection shall purge all records and identifiable information in the data bank pertaining to the person and destroy all samples from the person upon receipt of a certified copy of (1) the court order reversing and dismissing the conviction or the finding of not guilty by reason of mental disease or defect, or (2) the court order dismissing or nolling the charge or acquitting the person of the charge. (P.A. 94-246, S. 6; P.A. 10-36, S. 28; P.A. 11-91, S. 2; 11-207, S. 3.) History: P.A. 10-36 made provisions applicable upon reversal of finding of not guilty by reason of mental disease or defect and made technical changes, effective July 1, 2010; P.A. 11-91 substituted "State Police Forensic Science Laboratory" with "Division of Scientific Services within the Department of Public Safety", effective July 8, 2011 (Revisor's note: "Department of Public Safety" was changed editorially by the Revisors to "Department of Emergency Services and Public Protection" to conform with changes

made by P.A. 11-51); P.A. 11-207 inserted Subsec. (a) and (b) designators, amended Subsec. (a) to replace provision re person “may request expungement” of DNA profile upon reversal of conviction or finding of not guilty by reason of mental disease or defect and dismissal of case with provision re profile “shall be expunged” upon such reversal and dismissal, designate existing provision re reversal and dismissal as Subdiv. (1) and add new Subdiv. (2) re dismissal, nolle or acquittal of charge when profile included on account of person being arrested as provided in Sec. 54-102g(a), and amended Subsec. (b) to delete former Subdiv. (1) re written request for expungement, redesignate existing Subdiv. (2) re court order reversing and dismissing conviction or finding of not guilty by reason of mental disease or defect as Subdiv. (1) and add new Subdiv. (2) re court order dismissing or nolling the charge or acquitting the person of the charge.

(3) For purposes of this subsection, “grounds consistent with innocence” includes, but is not limited to, a situation in which a conviction was vacated or reversed and there is substantial evidence of innocence, whether such evidence was available at the time of investigation or trial or is newly discovered. If the General Assembly takes no action on such compensation award, the determination made by the Claims Commissioner shall be deemed confirmed. (2) (A) In determining the amount of such compensation, the Claims Commissioner shall award an amount that is two hundred per cent of the median family income for the state for each year the claimant was incarcerated, as determined by the United States Department of Housing and Urban Development, adjusted for inflation using the consumer price index for urban consumers, provided the amount for any partial year shall be prorated in order to compensate only for the portion of such year in which such claimant was incarcerated. The Claims Commissioner may decrease or increase the award amount by twenty-five per cent based on an assessment of relevant factors including, but not limited to, the evidence presented by the claimant under subdivisions (1) to (6), inclusive, of subsection (c) of this section. (B) The amount of any compensation awarded pursuant to this subdivision shall be offset by the amount of any damages awarded to the claimant resulting from an action by the claimant against any other unit of government within this state by reason of the same subject of the claim. (e) In addition to the compensation paid under subsection (d) of this section, the Claims Commissioner may order payment for the expenses of employment training and counseling, tuition and fees at any constituent unit of the state system of higher education. (h) Any damages awarded after an award pursuant to this section to the claimant resulting from an action by the claimant against any other unit of government within this state by reason of the same subject of the claim shall be offset by the amount of the compensation award received under this section. (i) If a claimant who is deceased would be entitled to compensation under this section if such claimant were living, including a claimant whose conviction was vacated or reversed posthumously, the claimant's estate is entitled to compensation under this section, provided such claimant's claim was pending before the Claims Commissioner at the time of such claimant's death. (j) Any compensation award and claim from which such award arose that is submitted by the Claims Commissioner to the General Assembly (1) when the General Assembly is not in a regular session, or (2) not more than thirty days before the end of a regular session and which is not acted upon dispositively before the end of such session, shall be deemed to be submitted on the first day of the next regular session. Any person confined for an indeterminate sentence, after having been in confinement under such sentence for not less than the minimum term, or, if sentenced for life, after having been in confinement under such sentence for not less than the minimum term imposed by the court, less such time as may have been earned under the provisions of section 18-7, may be allowed to go at large on parole in the discretion of the panel of the Board of Pardons and Paroles for the institution in which the person is confined, if (1) it appears from all available information, including such reports from the Commissioner of Correction as such panel may require, that there is reasonable probability that such inmate will live and remain at liberty without violating the law and (2) such release is not incompatible with the welfare of society. Such parolee shall be allowed in the discretion of such panel to return to his home or to reside in a residential community center, or to go elsewhere, upon such terms and conditions, including personal reports from such paroled person, as such panel prescribes, and to remain, while on parole, in the legal custody and control of the board until the expiration of the maximum term or terms for which he was sentenced. Each order of parole shall fix the limits of the parolee's residence, which may be changed in the discretion of such panel. Within one week after the commitment of each person sentenced for more than one year during any criminal term of the Superior Court, the state's attorney of each county and judicial district shall send to the Board of Pardons and Paroles the record, if any, of such person. In the case of an inmate serving a sentence at the John R. Manson Youth Institution, Cheshire, or at the York Correctional Institution, the Board of Pardons and Paroles shall establish, by rule, the date upon which said board shall notify the inmate that his eligibility for parole will be considered. At the discretion of the panel, and under the terms and conditions as may be prescribed by the panel including requiring the parolee to submit personal reports, the parolee shall be allowed to return to the parolee's home or to reside in a residential community center, or to go elsewhere. The parolee shall, while on parole, remain under the jurisdiction of the board until the expiration of the maximum term or terms for which the parolee was sentenced less any risk reduction credit earned under the provisions of section 18-98e. (b) (1) No person convicted of any of the following offenses, which was committed on or after July 1, 1981, shall be eligible for parole under subsection (a) of this section: (A) Capital felony, as provided under the provisions of section 53a-54b in effect prior to April 25, 2012, (B) murder with special circumstances, as provided under the provisions of section 53a-54b in effect on or after April 25, 2012, (C) felony murder, as provided in section 53a-54c, (D) arson murder, as provided in section 53a-54d, (E) murder, as provided in section 53a-54a, or (F) aggravated sexual assault in the first degree, as provided in section 53a-70a. (2) A person convicted of (A) a violation of section 53a-100aa or 53a-102, or (B) an offense, other than an offense specified in subdivision (1) of this subsection, where the underlying facts and circumstances of the offense involve the use, attempted use or threatened use of physical force against another person shall be ineligible for parole under subsection (a) of this section until such person has served not less than eighty-five per cent of the definite sentence imposed. (c) The Board of Pardons and Paroles shall, not later than July 1, 1996, adopt regulations in accordance with chapter 54 to ensure that a person convicted of an offense described in subdivision (2) of subsection (b) of this section is not released on parole until such person has served eighty-five per cent of the definite sentence imposed by the court. Such regulations shall include guidelines and procedures for classifying a person as a violent offender that are not limited to a consideration of the elements of the offense or offenses for which such person was convicted. (d) The Board of Pardons and Paroles may hold a hearing to determine the suitability for parole release of any person whose eligibility for parole release is not subject to the provisions of subsection (b) of this section upon completion by such person of seventy-five per cent of such person's definite or total effective sentence less any risk reduction credit earned under the provisions of section 18-98e. If a hearing is held, and if the board determines that continued confinement is necessary, the board shall articulate for the record the specific reasons why such person and the public would not benefit from such person serving a period of parole supervision while transitioning from incarceration to the community. If a hearing is not held, the board shall document the specific reasons for not holding a hearing and provide such reasons to such person. No person shall be released on parole without receiving a hearing. The decision of the board under this subsection shall not be subject to appeal. An employee of the board or, if deemed necessary by the chairperson, a panel of the board shall assess the suitability for parole release of such person based on the following standards: (1) Whether there is a reasonable probability that such person will live and remain at liberty without violating the law, and (2) whether the benefits to such person and society that would result from such person's release to community supervision substantially outweigh the benefits to such person and society that would result from such person's continued incarceration. If a hearing is held, and if the board determines that continued confinement is necessary, the board shall articulate for the record the specific reasons why such person and the public would not benefit from such person serving a period of parole supervision while transitioning from incarceration to the community. No hearing pursuant to the provisions of this subsection may proceed unless the parole release panel is in possession of the complete file for such applicant, including any documentation from the Department of Correction, the trial transcript, the sentencing record and any file of any previous parole hearing. Each member of the panel shall certify that all such documentation has been reviewed in preparation for such hearing. If a hearing is not held, the board shall document the specific reasons for not holding a hearing and provide such reasons to such person. years, whichever is greater, or (B) if such person is serving a sentence of more than fifty years, such person shall be eligible for parole after serving thirty years. Nothing in this subsection shall limit a person's eligibility for parole release under the provisions of subsections (a) to (e), inclusive, of this section if such person would be eligible for parole release at an earlier date under any of such provisions. (2) The board shall apply the parole eligibility rules of this subsection only with respect to the sentence for a crime or crimes committed while a person was under eighteen years of age. Any portion of a sentence that is based on a crime or crimes committed while a person was eighteen years of age or older shall be subject to the applicable parole eligibility, suitability and release rules set forth in subsections (a) to (e), inclusive, of this section. At least twelve months prior to such hearing, the board shall notify the office of Chief Public Defender, the appropriate state's attorney, the Victim Services Unit within the Department of Correction, the Office of the Victim Advocate and the Office of Victim Services within the Judicial Department of such person's eligibility for parole release pursuant to this subsection. The board shall use validated risk assessment and needs assessment tools and its risk-based structured decision making and release criteria established pursuant to subsection (d) of section 54-124a in making a determination pursuant to this subsection. (4) After such hearing, the board may allow such person to go at large on parole with respect to any portion of a sentence that was based on a crime or crimes committed while such person was under eighteen years of age if the board finds that such parole release would be consistent with the factors set forth in subdivisions (1) to (4), inclusive, of subsection (c) of section 54-300 and if it appears, from all available information, including, but not limited to, any reports from the Commissioner of Correction, that (A) there is a reasonable probability that such person will live and remain at liberty without violating the law, (B) the benefits to such person and society that would result from such person's release to community supervision substantially outweigh the benefits to such person and society that would result from such person's continued incarceration, and (C) such person has demonstrated substantial rehabilitation since the date such crime or crimes were committed considering such person's character, background and history, as demonstrated by factors, including, but not limited to, such person's correctional record, the age and circumstances of such person as of the date of the commission of the crime or crimes, whether such person has demonstrated remorse and increased maturity since the date of the commission of the crime or crimes, such person's contributions to the welfare of other persons through service, such person's efforts to overcome substance abuse, addiction, trauma, lack of education or obstacles that such person may have faced as a child or youth in the adult correctional system, the opportunities for rehabilitation in the adult correctional system, whether the person has also applied for or received a sentence modification and the overall degree of such person's rehabilitation considering the nature and circumstances of the crime or crimes. (5) After such hearing, the board shall articulate for the record its decision and the reasons for its decision. If the board determines that continued confinement is necessary, the board may reassess such person's suitability for a new parole hearing at a later date to be determined at the discretion of the board, but not earlier than two years after the date of its decision. (6) The decision of the board under this subsection shall not be subject to appeal. (g) (1) Notwithstanding the provisions of subsections (a) to (f), inclusive, of this section, a person convicted of one or more crimes committed while such person was under twenty-one years of age, who was sentenced on or before October 1, 2005, and who received a definite sentence or total effective sentence of more than ten years' incarceration for such crime or crimes committed on or before October 1, 2005, may be allowed to go at large on parole in the discretion of the panel of the Board of Pardons and Paroles for the institution in which such person is confined, provided (A) if such person is serving a sentence of fifty years or less, such person shall be eligible for parole after serving sixty per cent of the sentence or twelve years, whichever is greater, or (B) if such person is serving a sentence of more than fifty years, such person shall be eligible for parole after serving thirty years. Nothing in this subsection shall limit a person's eligibility for parole release under the provisions of subsections (a) to (f), inclusive, of this section if such person would be eligible for parole release at an earlier date under any of such provisions. (2) The board shall apply the parole eligibility rules of this subsection only with respect to the sentence for a crime or crimes committed while a person was under twenty-one years of age. Any portion of a sentence that is based on a crime or crimes committed while a person was twenty-one years of age or older, shall be subject to the applicable parole eligibility, suitability and release rules set forth in subsections (a) to (e), inclusive, of this section. (3) Whenever a person becomes eligible for parole release pursuant to this subsection, the board shall hold a hearing to determine such person's suitability for parole release. At least twelve months prior to such hearing, the board shall notify the office of Chief Public Defender, the appropriate state's attorney, the Victim Services Unit within the Department of Correction, the Office of the Victim Advocate and the Office of Victim Services within the Judicial Department of such person's eligibility for parole release pursuant to this subsection. The office of Chief Public Defender shall assign counsel for such person pursuant to section 51-296 if such person is indigent. At any hearing to determine such person's suitability for parole release pursuant to this subsection, the board shall permit (A) such person to make a statement on such person's behalf, (B) counsel for such person and the state's attorney to submit reports and other documents, and (C) any victim of the crime or crimes to make a statement pursuant to section 54-126a. The board may request testimony from mental health professionals or other relevant witnesses, and reports from the Commissioner of Correction or other persons, as the board may require. The board shall use validated risk assessment and needs assessment tools and its risk-based structured decision making and release criteria established pursuant to subsection (d) of section 54-124a in making a determination

pursuant to this subsection. (4) After such hearing, the board may allow such person to go at large on parole with respect to any portion of a sentence that was based on a crime or crimes committed while such person was under twenty-one years of age, if the board finds that such parole release would be consistent with the factors set forth in subdivisions (1) to (4), inclusive, of subsection (c) of section 54-300 and if it appears, from all available information, including, but not limited to, any reports from the Commissioner of Correction, that (A) there is a reasonable probability that such person will live and remain at liberty without violating the law, (B) the benefits to such person and society that would result from such person's release to community supervision substantially outweigh the benefits to such person and society that would result from such person's continued incarceration, and (C) such person has demonstrated substantial rehabilitation since the date such crime or crimes were committed considering such person's character, background and history, as demonstrated by factors, including, but not limited to, such person's correctional record, the age and circumstances of such person as of the date of the commission of the crime or crimes, whether such person has demonstrated remorse and increased maturity since the date of the commission of the crime or crimes, such person's contributions to the welfare of other persons through service, such person's efforts to overcome substance abuse, addiction, trauma, lack of education or obstacles that such person may have faced as a person who was under twenty-one years of age in the adult correctional system, the opportunities for rehabilitation in the adult correctional system, whether the person has also applied for or received a sentence modification and the overall degree of such person's rehabilitation considering the nature and circumstances of the crime or crimes. (5) After such hearing, the board shall articulate for the record its decision and the reasons for its decision. If the board determines that continued confinement is necessary, the board may reassess such person's suitability for a new parole hearing at a later date to be determined at the discretion of the board, but not earlier than two years after the date of its decision. (b) to replace provision that court may "as a condition of the sentence, order such person to comply" with any or all of requirements of Sec. 53a-30(a) with provision re court may "recommend that such person comply" with such requirements, require delivery of copy of "recommendation", rather than copy of "order", and authorize board to require compliance with "the requirements of subsection (a) of section 53a-30 which the court recommended", rather than "any or all of the requirements of subsection (a) of section 53a-30 which the court could have imposed and which are not inconsistent with any condition actually imposed by the court"; June Sp. Sess. P.A. 15-2 made technical changes in Subsec. (c); P.A. 18-63 designated existing Subsec. (b) as Subsec. (b)(2) and added Subsec. (c) by replacing "53a-70b," with "section 53a-70b of the general statutes, revision of 1958, revised to January 1, 2019, or", and making a technical change. The legislature, in passing public act 18-63, did not intend to clarify section, and changes made to Subsec. (b) in public act 18-63 were not intended to apply retroactively. 214 CA 511. Subsec. (a): Regardless of whether a person has been convicted of one offense or multiple offenses, legislature has used the phrase "period of special parole" to refer to that duration of time in which a person is transferred to the jurisdiction of the chairperson of the Board of Pardons and Paroles for

supervision. 133 CA 140. Subsec. (c): With respect to 1999 revision, when sentencing provisions of Sec. 54-128(c) and Subsec. conflict, legislature intended the maximum statutory limit in Sec. 54-128(c) to control; defendant's sentence of 10 years of imprisonment followed by 10 years of special parole violated Sec. 54-128(c) and was an illegal sentence because total length of terms of imprisonment and special parole combined exceeded maximum term of imprisonment authorized for sexual assault in the second degree by Sec. 53a-35a(6) and Sec. 53a-71(b). 279 C. 527. Subsec. can be given effect only to the extent that it does not conflict with Sec. 54-128(c). 292 C. 417. Legislature intended to provide trial court with authority to impose a sentence of up to 10 years of special parole for each offense for which defendant is convicted and has not expressed intention to prevent a trial court from imposing such sentences of special parole consecutively if it deems appropriate, regardless of whether such consecutive sentences impose a total effective sentence of more than 10 years of special parole. 310 C. 693. Court exceeded its authority by sentencing defendant to 16 years of special parole, beyond the 10-year maximum, where defendant had not been convicted of one of the enumerated exceptions for which a longer period of special parole may be imposed. 133 CA 140; judgment reversed, see 310 C. 693.

During the period that such provisional pardon or certificate of rehabilitation is temporary, the board may revoke such provisional pardon or certificate of rehabilitation for a violation of the conditions of such eligible offender's probation, parole or special parole. After the eligible offender completes such eligible offender's term of incarceration, probation, parole or special parole, the temporary provisional pardon or certificate of rehabilitation shall become permanent. (j) If a provisional pardon or certificate of rehabilitation issued under this section or section 54-108f is revoked, the barriers and forfeitures thereby relieved shall be reinstated as of the date the person to whom the provisional pardon or certificate of rehabilitation was issued receives written notice of the revocation. Any such person shall surrender the provisional pardon or certificate of rehabilitation to the issuing board or division upon receipt of the notice. (k) The board may revoke a permanent provisional pardon or certificate of rehabilitation if the board is notified or becomes aware that the person to whom it was issued was convicted of a crime, as defined in section 53a-24, after the issuance of the provisional pardon or certificate of rehabilitation. Nothing in this subsection shall require the board to continue monitoring the criminal activity of any person to whom the board has issued a provisional pardon or certificate of rehabilitation but who is no longer under parole or special parole supervision. (l) Not later than October 1, 2015, and annually thereafter, the board shall submit to the Office of Policy and Management and the Connecticut Sentencing Commission, in such form as the office may prescribe, data on the number of applications received for provisional pardons and certificates of rehabilitation, the number of applications denied, the number of applications granted and the number of provisional pardons and certificates of rehabilitation revoked. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-133. - Interstate Compact for Adult Offender Supervision.

The Interstate Compact for Adult Offender Supervision is hereby enacted into law and entered into by this state with all jurisdictions legally joining therein, in the form substantially as follows: **ARTICLE I PURPOSE** The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the bylaws and rules of this compact to travel across state lines both to and from each compacting state in such a manner as to: Track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 USC Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime. It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states: To provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits and obligations of the compact among the compacting states. In addition, this compact will: Create an Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials and regular reporting of compact activities to heads of state councils, state executive, judicial and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct noncompliance; and coordinate training and education regarding regulation of interstate movement of offenders for officials involved in such activity. The compacting states recognize that there is no right of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and bylaws and rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.

Except as otherwise provided in this compact and unless a greater percentage is required by the bylaws, in order to constitute an act of the Interstate Commission, such act shall have been taken at a meeting of the Interstate Commission and shall have received an affirmative vote of a majority of the members present. 3. Each member of the Interstate Commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the Interstate Commission. A member shall vote in person on behalf of the state and shall not delegate a vote to another member state. However, a State Council shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the member state at a specified meeting. The chairperson of the Interstate Commission may call additional meetings at any time and, upon the request of a majority of the members, shall call additional meetings. 5. The Interstate Commission's bylaws shall establish conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure any information or official records to the extent they would adversely affect personal privacy rights or proprietary interests. In promulgating such rules, the Interstate Commission may make available to law enforcement agencies records and information otherwise exempt from disclosure, and may enter into agreements with law enforcement agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions. 6. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes. 8. The Interstate Commission shall collect standardized data concerning the interstate movement of offenders as directed through its bylaws and rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements. ARTICLE VII RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION 1. The Interstate Commission shall promulgate rules in order to effectively and efficiently achieve the purposes of the compact including transition rules governing administration of the compact during the period in which it is being considered and enacted by the states. 2. Rulemaking shall occur pursuant to the

Such rulemaking shall substantially conform to the principles of the federal Administrative Procedure Act, 5 USC Section 551 et seq., and the Federal Advisory Committee Act, 5 USC App. 2, Section 1 et seq., as may be amended (hereinafter "APA"). 3. All rules and amendments shall become binding as of the date specified in each rule or amendment. 4. If a majority of the legislatures of the compacting states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state. 5. When promulgating a rule, the Interstate Commission shall: a. Publish the proposed rule stating with particularity the text of the rule which is proposed and the reason for the proposed rule; b. allow persons to submit written data, facts, opinions and arguments, which information shall be publicly available; c. provide an opportunity for an informal hearing; and d. promulgate a final rule and its effective date, if appropriate, based on the rulemaking record. 6. Not later than sixty days after a rule is promulgated, any interested person may file a petition in the United States District Court for the District of Columbia or in the federal district court where the Interstate Commission's principal office is located for judicial review of such rule. If the court finds that the Interstate Commission's action is not supported by substantial evidence, as defined in the APA, in the rulemaking record, the court shall hold the rule unlawful and set it aside. 7. Subjects to be addressed within twelve months after the first meeting must at a minimum include: a. Notice to victims and opportunity to be heard; b. offender registration and compliance; c. violations/returns; d. transfer procedures and forms; e. eligibility for transfer; f. collection of restitution and fees from offenders; g. data collection and reporting; h. the level of supervision to be provided by the receiving state; i. transition rules governing the operation of the compact and the Interstate Commission during all or part of the period between the effective date of the compact and the date on which the last eligible state adopts the compact; j. mediation, arbitration and dispute resolution. The existing rules governing the operation of the previous compact superseded by this compact shall be null and void twelve months after the first meeting of the Interstate Commission created hereunder. 8. Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule.

ARTICLE VIII OVERSIGHT, ENFORCEMENT AND DISPUTE RESOLUTION BY THE INTERSTATE COMMISSION

Section A. Oversight 1. The Interstate Commission shall oversee the interstate movement of adult offenders in the compacting states and shall monitor such activities being administered in noncompacting states which may significantly affect compacting states. 2. The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the Interstate Commission, the Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes.

ARTICLE IX FINANCE 1. The Interstate Commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities. 2. The Interstate Commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment. 3. The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state. 4. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE X COMPACTING STATES, EFFECTIVE DATE AND AMENDMENT 1. Any state, as defined in Article II of this compact, is eligible to become a compacting state. 2. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than thirty-five of the states. The initial effective date shall be the later of July 1, 2001, or upon enactment into law by the thirty-fifth jurisdiction. Thereafter it shall become effective and binding, as to any other compacting state, upon enactment of the compact into law by that state. The governors of nonmember states or their designees will be invited to participate in Interstate Commission activities on a nonvoting basis prior to adoption of the compact by all states and territories of the United States. 3. Amendments to the compact may be proposed by the Interstate Commission for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

ARTICLE XI WITHDRAWAL, DEFAULT, TERMINATION AND JUDICIAL ENFORCEMENT

Section A. Withdrawal 1. Once effective, the compact shall continue in force and remain

binding upon each and every compacting state; provided, that a compacting state may withdraw from the compact (“withdrawing state”) by enacting a statute specifically repealing the statute which enacted the compact into law. 2. The effective date of withdrawal is the effective date of the repeal. 3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. 4. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within sixty days of its receipt thereof. 5. Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

Section B. Default 1. If the Interstate Commission determines that any compacting state has at any time defaulted (“defaulting state”) in the performance of any of its obligations or responsibilities under this compact, the bylaws or any duly promulgated rules, the Interstate Commission may impose any or all of the following penalties: a. Fines, fees and costs in such amounts as are deemed to be reasonable as fixed by the Interstate Commission; b. Remedial training and technical assistance as directed by the Interstate Commission; c. Suspension and termination of membership in the compact. Suspension shall be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted. Immediate notice of suspension shall be given by the Interstate Commission to the Governor, the Chief Justice or chief judicial officer of the state; the majority and minority leaders of the defaulting state's legislature, and the State Council. The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, Interstate Commission bylaws, or duly promulgated rules. The Interstate Commission shall immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission on the defaulting state pending a cure of the default. The Interstate Commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed herein, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of suspension. 2. Within sixty days of the effective date of termination of a defaulting state, the Interstate Commission shall notify the Governor, the Chief Justice or chief judicial officer and the majority and minority leaders of the defaulting state's legislature and the State Council of such termination. 3. The defaulting state is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination. 4. The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon between the Interstate Commission and the defaulting state. 5. Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.

Section C. Judicial enforcement The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its offices to enforce compliance with the provisions of the compact, its duly promulgated rules and bylaws, against any compacting state in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys' fees.

Section D. Dissolution of compact 1. The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to one compacting state. 2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XII SEVERABILITY AND CONSTRUCTION 1. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable. 2. The provisions of this compact shall be liberally construed to effectuate its purposes.

ARTICLE XIII BINDING EFFECT OF COMPACT AND OTHER LAWS **Section A. Other laws** 1. Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact. 2. All compacting states' laws conflicting with this compact are superseded to the extent of the conflict. **Section B. Binding effect of the compact** 1. All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the compacting states. 2. Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the compacting states, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation. 4. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers or jurisdiction are delegated by law in effect at the time this compact becomes effective. (a) In any criminal case, prosecution or proceeding, the accused may, if the accused so elects when called upon to plead, be tried by the court instead of by the jury; and, in such case, the court shall have jurisdiction to hear and try such case and render judgment and sentence thereon. (b) If the accused is charged with a crime punishable by death, life imprisonment without the possibility of release or life imprisonment and elects to be tried by the court, the court shall be composed of three judges to be designated by the Chief Court Administrator, or the Chief Court Administrator's designee, who shall name one such judge to preside over the trial. Such judges, or a majority of them, shall have power to decide all questions of law and fact arising upon the trial and render judgment accordingly. (c) If the accused does not elect to be tried by the court, the accused shall be tried by a jury of six except that no person charged with an offense which is punishable by death, life imprisonment without the possibility of release or life imprisonment, shall be tried by a jury of less than twelve without such person's consent. (b) by replacing provision re appointment of judges by chief justice with provision that three judges shall be designated by chief court administrator or his designee, who shall name one such judge to preside over the trial; P.A. 12-5 added provisions re crimes punishable by life imprisonment without possibility of release and made technical changes, effective April 25, 2012. (b) In criminal proceedings the judge shall advise the accused of his right to trial by jury at the time he is put to plea and, if the accused does not then claim a jury, his right thereto shall be deemed waived, but if a judge acting on motion made by the accused within ten days after judgment finds that such waiver was made when the accused was not fully cognizant of his rights or when, in the opinion of the judge, the proper administration of justice requires it, the judge shall vacate the judgment and cause the proceeding to be set for jury trial. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-82h. - Alternate jurors in criminal cases. Peremptory challenges.

(a) In any criminal prosecution to be tried to the jury in the Superior Court if it appears to the court that the trial is likely to be protracted, the court may, in its discretion, direct that, after a jury has been selected, two or more additional jurors shall be added to the jury panel, to be known as "alternate jurors". Such alternate jurors shall have the same qualifications and be selected and subject to examination and challenge in the same manner and to the same extent as the jurors constituting the regular panel, provided, in any case when the court directs the selection of alternate jurors, the number of peremptory challenges allowed shall be as follows: In any criminal prosecution the state and the accused may each peremptorily challenge thirty jurors if the offense for which the accused is arraigned is punishable by death or life imprisonment without the possibility of release, eighteen jurors if the offense is punishable by life imprisonment, eight jurors if the offense is punishable by imprisonment for more than one year and for less than life, and four jurors in any other case. (b) Alternate jurors shall be sworn separately from those constituting the regular panel, and the oaths to be administered shall be as provided in section 1-25. (c) Alternate jurors shall attend at all times upon trial of the cause. They shall be seated when the case is on trial with or near the jurors constituting the regular panel, with equal opportunity to see and hear all matters adduced in the trial of the case. If, at any time, any juror shall, for any reason, become unable to further perform the duty of a juror, the court may excuse such juror and, if any juror is so excused or dies, the court may order that an alternate juror who is

designated by lot to be drawn by the clerk shall become a part of the regular panel and the trial or deliberation shall then proceed with appropriate instructions from the court as though such juror had been a member of the regular panel from the time when the trial or deliberation began. If the alternate juror becomes a member of the regular panel after deliberations began, the jury shall be instructed by the court that deliberations by the jury shall begin anew. A juror who has been selected to serve as an alternate shall not be segregated from the regular panel except when the case is given to the regular panel for deliberation at which time such alternate juror may be dismissed from further service on said case or may remain in service under the direction of the court. (P.A. 80-313, S. 41; P.A. 82-307, S. 5, 8; P.A. 00-116, S. 6; P.A. 12-5, S. 28.) History: P.A. 82-307 amended Subsec. (a) by changing the number of alternate jurors from "one or two" to two "or more" and amended Subsec. (c) to reflect this change; P.A. 00-116 amended Subsec. (c) by making technical changes, by permitting alternate juror to become part of the deliberation and proceed with appropriate instructions from the court as though alternate juror was part of the regular panel when the trial or deliberation began, by providing if alternate juror becomes member of panel after deliberations began, the jury shall be instructed by the court that deliberations by the jury shall begin anew, and by adding provision allowing alternate juror to remain in service under the direction of the court during deliberation of regular panel; P.A. 12-5 amended Subsec. (a) to add provision re offense punishable by life imprisonment without possibility of release, effective April 25, 2012. See Sec. 51-243 re alternate jurors in civil cases. I, Secs. 8 and 9 of Connecticut Constitution. 318 C. 1. Subsec. (c): Cited. 199 C. 163; 216 C. 367; 231 C. 235. Statute requires alternate jurors to be dismissed after commencement of jury deliberations and substitution of alternate juror after commencement of deliberations is prohibited; substitution of alternate juror after commencement of deliberations in violation of statute is not harmless error. 254 C. 472. Statute now explicitly permits substitution of a juror after deliberations have begun. 257 C. 192. Process for selecting and dismissing alternate jurors, including under Subsec., does not implicate constitutional rights. 272 C. 432. Trial court could not reconsider its decision to dismiss juror once it had communicated its decision to her since such communication caused her to lose her status as a juror and she was no longer qualified to participate in the remainder of the proceedings. 303 C. 378. Judgments of conviction reversed due to substitution of two nonjurors, formerly alternate jurors who were dismissed by trial court after deliberations had begun, for regular jurors in the jury by the trial court. 67 CA 734. Defendant's constitutional right to fair trial before jury drawn from a fair cross-section of the community was not violated where trial court excused alternate juror for financial hardship after deliberations had begun. 110 CA 263. Section not violated when court, after learning that an unidentified and unauthorized person permitted sick juror to leave courthouse, excused such juror and replaced her with an alternate juror because, for purposes of section, such juror was not excused from jury service when unidentified person permitted her to leave, but after court heard from counsel and decided to replace her with an alternate juror. 166 CA 304. Trial court not obligated to state on the record the diagnosis or medical condition of a juror who has been excused, or describe such juror's current physical condition or detail what medical treatment or intervention was necessary. 168 CA 321.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-82i. (Formerly Sec. 54-22). - Attendance of witnesses in criminal proceedings.

(a) Definitions. The following words, when used in this section, have the meaning specified, unless the context otherwise indicates: "Witness" means a person whose testimony is desired in any proceeding or investigation by a grand jury or in a criminal action, prosecution or proceeding; "state" includes any territory of the United States and the District of Columbia, and "summons" means a subpoena, order or other notice requiring the appearance of a witness. (b) Summoning witness in this state to testify in another state. If a judge of a court of record in any state which by its laws has made provision for commanding persons within that state to attend and testify in this state certifies, under the seal of such court, that there is a criminal prosecution pending in such court, or that a grand jury investigation has commenced or is about to commence, that a person being within this state is a material witness in such prosecution or grand jury investigation and that the presence of such witness will be required for a specified number of days, upon presentation of such certificate to any judge of a court of record in the judicial district in which such person is, such judge shall fix a time and place for a hearing and shall make an order directing the witness to appear at such time and place for such hearing. If, at such hearing, the judge determines that the witness is material and necessary, that it will not cause undue hardship to the witness to be compelled to attend and testify in the prosecution or a grand jury investigation in the other state and that the laws of such other state and the laws of any other state through which the witness may be required to pass by ordinary course of travel will give to such witness protection from arrest and from the service of civil or criminal process, the judge shall issue a summons, with a copy of the certificate attached, directing the witness to attend and testify in the court where the prosecution is pending, or where a grand jury investigation has commenced or is about to commence at a time and place specified in the summons, except that no judge shall issue a summons in a case where prosecution is pending, or where a grand jury investigation has commenced or is about to commence for a criminal violation of a law of such other state involving the provision or receipt of or assistance with reproductive health care services or gender-affirming health care services, as defined in section 52-571n, that are legal in this state, unless the acts forming the basis of the prosecution or investigation would also constitute an offense in this state. At any such hearing, the certificate shall be prima facie evidence of all the facts stated therein. If such certificate recommends that the witness be taken into immediate custody and delivered to an officer of the requesting state to assure the attendance of the witness in such state, such judge may, in lieu of notification of the hearing, direct that such witness be forthwith brought before such judge for such hearing, and, being satisfied, at such hearing, of the desirability of such custody and delivery, of which desirability such certificate shall be prima facie

proof, may, in lieu of issuing a subpoena or summons, order that such witness be forthwith taken into custody and delivered to an officer of the requesting state. If such witness, after being paid or tendered by an authorized person the same amount per mile as provided for state employees pursuant to section 5-141c for each mile by the ordinary traveled route to and from the court where the prosecution is pending and five dollars each day that such witness is required to travel and attend as a witness, fails, without good cause, to attend and testify as directed in the summons, the witness shall be punished in the manner provided for the punishment of any witness who disobeys a summons issued from a court of record in this state. (c)Witness from another state summoned to testify in this state.If a person in any state, which by its laws has made provision for commanding persons within its borders to attend and testify in criminal prosecutions or in grand jury investigations commenced or about to commence in this state, is a material witness in a prosecution pending in a court of record in this state, or in a grand jury investigation which has commenced or is about to commence, a judge of such court may issue a certificate under the seal of the court, stating such facts and specifying the number of days the witness will be required. Such certificate may include a recommendation that the witness be taken into immediate custody and delivered to an officer of this state to assure the attendance of the witness in this state. Such certificate shall be presented to a judge of a court of record in the judicial district in which the witness is found. If the witness is summoned to attend and testify in this state, the witness shall be tendered the same amount per mile as provided for state employees pursuant to section 5-141c for each mile by the ordinary traveled route to and from the court where the prosecution is pending, and five dollars for each day that such witness is required to travel and attend as a witness. A witness who has appeared in accordance with the provisions of the summons shall not be required to remain within this state a longer period of time than the period mentioned in the certificate, unless otherwise ordered by the court. If such witness, after coming into this state, fails, without good cause, to attend and testify as directed in the summons, the witness shall be punished in the manner provided for the punishment of any witness who disobeys a summons issued from a court of record in this state. (d)Exemption from arrest and service of process.If a person comes into this state in obedience to a summons directing him to attend and testify in this state, he shall not, while in this state pursuant to such summons, be subject to arrest or the service of process, civil or criminal, in connection with matters which arose before his entrance into this state under such summons. If a person passes through this state while going to another state in obedience to a summons to attend and testify in that state or while returning therefrom, he shall not, while so passing through this state, be subject to arrest or the service of process, civil or criminal, in connection with matters which arose before his entrance into this state under such summons. (e)Interpretation.This section shall be so interpreted and construed as to effectuate its general purpose to make uniform the laws of the states which enact it. (c) by replacing “sum of ten cents for each mile” with provision allowing witness the same amount per mile as provided for state employees pursuant to Sec. 5-141c and making technical changes for purposes of gender neutrality; P.A. 22-19 amended Subsec. (b) to add exception re potential violation of a law involving the provision or receipt of or assistance with reproductive health care services, effective July 1, 2022; P.A. 22-118 amended Subsec. Upon the written complaint of any state's attorney addressed to the clerk of the superior court for the judicial district wherein such state's attorney resides, alleging (1) that a person named therein is or will be a material witness in a criminal proceeding then pending before or returnable to the superior court for such judicial district, and in which proceeding any person is or may be charged with an offense punishable by death or imprisonment for more than one year, and (2) that the state's attorney believes that such witness is likely to disappear from the state, secrete himself or otherwise avoid the service of subpoena upon him, or refuse or fail to appear and attend in and before such superior court as a witness, when desired, the clerk or any assistant clerk of the court shall issue a warrant addressed to any proper officer or indifferent person, for the arrest of the person named as a witness, and directing that such person be forthwith brought before any judge of the superior court for such judicial district, for examination. (b) A temporary restraining order may be issued under this section without written or oral notice to the adverse party or such party's attorney if the court finds, upon written certification of facts by the prosecutorial official, that such notice should not be required and that there is a reasonable probability that the state will prevail on the merits. (c) A temporary restraining order issued without notice under this section shall be endorsed with the date and hour of issuance and be filed forthwith in the office of the clerk of the court that issued the order. If the prosecutorial official files an application for a protective order pursuant to section 54-82r prior to the expiration date of the temporary restraining order, the temporary restraining order shall remain in effect until the court makes a decision on the issuance of such protective order. (e) If, on two days' notice to the prosecutorial official or on such shorter notice as the court may prescribe, the adverse party appears and moves to dissolve or modify the temporary restraining order, the court shall proceed to hear and determine such motion expeditiously. (f) When a temporary restraining order is issued without notice, an application for a protective order filed pursuant to section 54-82r shall be privileged in assignment for hearing and shall take precedence over all other matters except matters of the same character, and, if the prosecutorial official does not proceed with such application at such hearing, the temporary restraining order shall be dissolved. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-84a. - Testimony against spouse.

(a) Except as provided in subsection (b) of this section, in any criminal proceeding, a person may elect or refuse to testify against his or her then lawful spouse. (b) The testimony of a spouse may be compelled, in the same manner as for any other witness, in a criminal proceeding against the other spouse for (1) joint participation with the spouse in criminal conduct, (2) bodily injury, sexual assault or other violence attempted, committed or threatened upon the spouse, or (3) bodily injury, sexual assault, risk of injury pursuant to section 53-21, or other violence attempted, committed or threatened upon the minor child of either spouse, or any minor child in the care or custody of either spouse. (P.A. 80-313, S. 45; P.A. 11-152, S. 14.) History: (Revisor's note: In 1993, obsolete reference to repealed Sec. 53-25 was deleted editorially by the Revisors); P.A. 11-152 replaced former provisions with Subsec. (a) authorizing person to elect or refuse to testify against then lawful spouse in any criminal proceeding and Subsec. (b) re when testimony of spouse may be compelled. Cited. 199 C. 631; 211 C. 555. Section codifies adverse spousal testimony privilege, as distinguished from marital communications privilege, and the privilege belongs to the witness spouse and is meant to protect against impact of the testimony on the marriage. 267 C. 710.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-84b. - Testimony of spouse re confidential communications.

(a) For the purposes of this section, “confidential communication” means any oral or written communication made between spouses during a marriage that is intended to be confidential and is induced by the affection, confidence, loyalty and integrity of the marital relationship. (b) Except as provided in subsection (c) of this section, in any criminal proceeding, a spouse shall not be (1) required to testify to a confidential communication made by one spouse to the other during the marriage, or (2) allowed to testify to a confidential communication made by one spouse to the other during the marriage, over the objection of the other spouse. (c) The testimony of a spouse regarding a confidential communication may be compelled, in the same manner as for any other witness, in a criminal proceeding against the other spouse for (1) joint participation with the spouse in what was, at the time the communication was made, criminal conduct or conspiracy to commit a crime, (2) bodily injury, sexual assault or other violence attempted, committed or threatened upon the spouse, or (3) bodily injury, sexual assault, risk of injury pursuant to section 53-21, or other violence attempted, committed or threatened upon the minor child of either spouse, or any minor child in the care or custody of either spouse. (P.A. 11-152, S. 15.) Language in Subsec. (a) re “induced by the affection, confidence, loyalty and integrity of the marital relationship” adds a separate element to, and effectively narrows the scope of, the common-law marital communications privilege; statements must be brought about or caused by the affection, confidence, loyalty and integrity of the marital relationship, and therefore, statements made by defendant for the purpose of furthering extramarital affair and attempting to murder her husband did not fall within language of Subsec. (a). 320 C. 123. “Induced by affection” requirement limits privilege to subset of those

confidential statements made between spouses in a valid marriage which are induced by the affection, confidence, loyalty and integrity of the marital relationship. 153 CA 419; judgment affirmed, see 320 C. 123.

(1949 Rev., S. 8801; P.A. 80-313, S. 46.) History: P.A. 80-313 restated provisions but made no substantive changes.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-85a. - Sequestering of witnesses in criminal prosecution.

In any criminal prosecution, the court, upon motion of the state or the defendant, shall cause any witness to be sequestered during the hearing on any issue or motion or any part of the trial of such prosecution in which he is not testifying. (1967, P.A. 498.) Sequestration order merely prohibits sequestered witness from being present in courtroom when he is not testifying. 169 C. 322. Cited. If the employee prevails, the employee shall be allowed a reasonable attorney's fee to be fixed by the court. (P.A. 81-186; P.A. 02-136, S. 1; P.A. 10-144, S. 14.) History: P.A. 02-136 amended Subsec. (a) by designating existing language as Subdiv. (1) and adding new Subdivs. (2) to (4) prohibiting employers from firing, penalizing or threatening employees who are crime victims because of their attendance at court proceedings, participation in police investigations or securing of a restraining or protective order, amended Subsec. (b) by adding reference to Subsec. (a)(1), and made technical changes in Subsec. (c); P.A. 10-144 amended Subsec. (a) to make technical changes, to include attending or participating in court proceeding related to civil case where employee is victim of family violence in Subdiv. (2) and to add Subdiv. (5) re employee who is victim of family violence and amended Subsec. (c) to substitute "one hundred eighty days" for "ninety days" re time limitation to bring action.

(b) A representative of a homicide victim shall be entitled to be present at the trial or any proceeding concerning the prosecution of the defendant for the homicide, except that a judge may remove such representative from the trial or proceeding or any portion thereof for the same causes and in the same manner as the rules of court or provisions of the general statutes provide for the exclusion or removal of the defendant. No representative of a homicide victim may be excluded from the proceedings under this section without a hearing. (c) The failure of a representative of a homicide victim to exercise any right

granted by the provisions of this section shall not be cause or ground for an appeal of a conviction by a defendant or for any court to set aside, reverse or remand a criminal conviction. (P.A. 88-278, S. 1.)

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-85d. - Employer not to discharge employee who attends court as family member of or person designated by homicide victim.

(P.A. 99-247, S. 2; P.A. 02-105, S. 12.) History: P.A. 02-105 added a person designated by a victim pursuant to Sec. 1-56r to employees protected in attending court proceedings.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-85e. - Photograph of deceased victim shown to jury during opening and closing arguments.

A photograph not to exceed eight inches by ten inches solely of a deceased victim prior to the date of the offense for which the defendant is being tried, that is a fair and accurate representation of the victim and is not of itself inflammatory in nature, may be shown to the jury during the opening and closing arguments by the prosecutor. (P.A. 00-200, S. 4.) Statute pertains only to the nonevidentiary presentation of an image of a deceased victim and contains no restriction on the admission into evidence of a photograph of a deceased victim; nor does it expressly abrogate or seek to supplant the rules of evidence adopted by the judiciary. 126 CA 239.

(b) Reasonable notice of the time when and place where the examination will be had and of the interrogatories to be propounded shall be given to the state's attorney or assistant state's attorney for the judicial district in which the prosecution is pending; and such attorney may, within such time as the court or judge limits, file with the clerk of the court additional interrogatories to be propounded to the witness to be examined. (c) Depositions so taken, opened by and filed with the clerk within such time as the court or judge directs, may be used at trial. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-86f. - Admissibility of evidence of sexual conduct.

(a) In any prosecution for sexual assault under sections 53a-70, 53a-70a and 53a-71 to 53a-73a, inclusive, no evidence of the sexual conduct of the victim may be admissible unless such evidence is (1) offered by the defendant on the issue of whether the defendant was, with respect to the victim, the source of semen, disease, pregnancy or injury, or (2) offered by the defendant on the issue of credibility of the victim, provided the victim has testified on direct examination as to his or her sexual conduct, or (3) any evidence of sexual conduct with the defendant offered by the defendant on the issue of consent by the victim, when consent is raised as a defense by the defendant, or (4) otherwise so relevant and material to a critical issue in the case that excluding it would violate the defendant's constitutional rights. Such evidence shall be admissible only after an in camera hearing on a motion to offer such evidence containing an offer of proof. If the proceeding is a trial with a jury, such hearing shall be held in the absence of the jury. If,

after a hearing, the court finds that the evidence meets the requirements of this section and that the probative value of the evidence outweighs its prejudicial effect on the victim, the court may grant the motion. The testimony of the defendant during a hearing on a motion to offer evidence under this section may not be used against the defendant during the trial if such motion is denied, except that such testimony may be admissible to impeach the credibility of the defendant if the defendant elects to testify as part of the defense. (b) Any motion and supporting document filed pursuant to this section shall be filed under seal and may be unsealed only if the court rules the evidence is admissible and the case proceeds to trial. If the court determines that only part of the evidence contained in the motion is admissible, only that portion of the motion and any supporting document pertaining to the admissible portion may be unsealed. The court shall maintain any document remaining under seal for delivery to the Appellate Court in the event of an appeal. (c) The court shall seal each court transcript, recording and record of a proceeding of a hearing held pursuant to this section. The court may unseal a transcript, recording or record only if the court rules the evidence in such transcript, recording or record is admissible and the case proceeds to trial. If the court determines that only part of such evidence is admissible, only the portion of such transcript, record or recording pertaining to the admissible evidence may be unsealed. (d) Evidence described in subsection (a) of this section shall be subject to such other terms and conditions as the court may provide. No defendant, defense counsel or agent of the defendant or defense counsel shall further disclose such evidence disclosed by the state, except to persons employed by defense counsel in connection with the investigation or defense of the case or any successor counsel, without the prior approval of the prosecuting authority or the court. (P.A. 82-230; P.A. 83-113; P.A. 85-347; P.A. 15-207, S. 2.) History: P.A. 83-113 added requirement that motion to offer evidence of prior sexual conduct contain an offer of proof and provision re admissibility of testimony of defendant to impeach credibility if defendant elects to testify; P.A. 85-347 deleted "prior" before "sexual conduct" and added "any" before "evidence"; P.A. 15-207 designated existing provisions as Subsec. (a) and amended same to add provision re court to conduct an in camera hearing on a motion to offer evidence of prior sexual conduct and delete former provision re hearing held in camera subject to Sec. 51-164x, added Subsec. (b) re any motion and supporting document to be filed under seal, added Subsec. (c) re each court transcript, recording and record of a proceeding of a hearing to be filed under seal, and added Subsec. (d) re other terms and conditions the court may prescribe re evidence of prior sexual conduct. Defendant failed to make an adequate preliminary showing of relevancy in order to justify cross examination of plaintiff's father about plaintiff's statement concerning a prior sexual assault investigation. 244 C. 640. Court sets forth standard applicable to child sexual abuse cases re determining whether prior sexual conduct should be admissible at trial for purposes of showing an alternative source for victim's sexual knowledge; standard also applicable for determining admissibility of evidence of prior sexual conduct for purposes of rebutting evidence offered by expert witness to show that a child exhibits behavior indicative of sexual abuse, by showing an alternative explanation for that behavior. 257 C. 156. Evidence of victim's prior history of prostitution admissible to establish consent to sexual relations or motive to provide false testimony but not to establish general unchaste character. 270 C. 826; overruled with respect to conclusion that "material" refers to the constitutional standard for materiality, see 320 C. 781. Court improperly excluded testimony proffered by defendant re victim's prior statements about past sexual conduct after victim testified to having no prior sexual experience at time of assault. 280 C. 36. Trial court properly exercised discretion by precluding inquiry into victim's prior sexual assaults, as they were not relevant to any critical issue in present case, and defendant never offered any specific evidence of falsity. 295 C. 758. Evidence of victim's prior sexual acts with a person other than defendant was not relevant to demonstrate alleged bias, motive or interest of victim and was properly excluded. 303 C. 589. Cited. 3 CA 374; 8 CA 44; Id., 190; 11 CA 673; 14 CA 451; Id., 688; 20 CA 263; 21 CA 411; 23 CA 221; Id., 225; 29 CA 409; Id., 642; 30 CA 56; 34 CA 473; 35 CA 173; 38 CA 100; 42 CA 445; 43 CA 667; Id., 680; Id., 715; 45 CA 116. Defendant's rights under statute were impermissibly impaired when trial court excluded evidence of victim's consensual sexual relations with the lead detective investigating her claim of sexual assault; such evidence was relevant to the substantive issue of consent raised by defendant and was offered for sole purpose of determining victim's credibility and the inconsistency of her behavior following an alleged traumatic sexual assault. 57 CA 32. Court did not improperly exclude evidence of semen from third party on victim's clothing. 68 CA 470. Legislative intent of rape shield statute discussed; legislature also provided for exceptions in rare instances; defendant entitled to proffer direct testimony re physical evidence tending to show misidentification; Subdiv. (1) does not specify that such evidence offered by defendant may be rebuttal evidence only. 85 CA 96. Court did not improperly exclude evidence concerning victim's prior sexual conduct because court found that such evidence was not credible and therefore not relevant. 85 CA 575. Exclusion of evidence relating to victim's alleged sexual interactions with his brothers did not violate defendant's sixth amendment rights because such evidence was properly excluded as irrelevant. 99 CA 274. Trial court abused its discretion in refusing to grant evidentiary hearing to determine admissibility of evidence of plaintiff's prior sexual conduct; evidence from police reports of two prior allegations, which presented facts that tended to demonstrate the falsity of plaintiff's prior allegations, sufficient as offers of proof and relevant to the issue of whether defendant used force in committing the sexual assault. 106 CA 517; judgment reversed, see 295 C. 758. Defendant was properly prohibited from questioning victims about their sexual histories. 126 CA 437. Section abrogates common law rule that character of woman as to chastity is of considerable probative value in judging likelihood of consent. 177 CA 369. Subsec. (a): Court improperly excluded DNA evidence re semen from individual other than defendant under Subdiv. (1) because evidence was offered by defendant to prove misidentification by victim, not to expose victim's past sexual conduct. 280 C. 285. Subdiv. (4): "Material" as used in section does not refer to the constitutional standard, but rather the evidentiary standard, that is, evidence is material when it has an influence, effect, or bearing on a fact in dispute at trial. 320 C. 781. Psychological injury is not recognized as an injury for purposes of Subdiv. (1); Subdiv. (2) does not apply where the only sexual conduct to which victim testifies is alleged sexual conduct by defendant; evidence admitted under

Subdiv. (4) must be both material and relevant in order to be so critical that its exclusion could lead to a violation of defendant's constitutional rights. 99 CA 274. Subdiv. (4): Trial court improperly precluded evidence of minor victim's sexual relationship with boyfriend because state conceded that defendant showed that victim may have had a motive to lie about defendant's sexual assault. 121 CA 534.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-86g. - Testimony of victim of child abuse. Court may order testimony taken outside courtroom. Procedure.

(a) In any criminal prosecution of an offense involving assault, sexual assault or abuse of a child twelve years of age or younger, the court may, upon motion of the attorney for any party, order that the testimony of the child be taken in a room other than the courtroom in the presence and under the supervision of the trial judge hearing the matter and be televised by closed circuit equipment in the courtroom or recorded for later showing before the court. Only the judge, the defendant, the attorneys for the defendant and for the state, persons necessary to operate the equipment and any person who would contribute to the welfare and well-being of the child may be present in the room with the child during his testimony, except that the court may order the defendant excluded from the room or screened from the sight and hearing of the child only if the state proves, by clear and convincing evidence, that the child would be so intimidated, or otherwise inhibited, by the physical presence of the defendant that a compelling need exists to take the testimony of the child outside the physical presence of the defendant in order to insure the reliability of such testimony. If the defendant is excluded from the room or screened from the sight and hearing of the child, the court shall ensure that the defendant is able to observe and hear the testimony of the child, but that the child cannot see or hear the defendant. The defendant shall be able to consult privately with his attorney at all times during the taking of the testimony. The attorneys and the judge may question the child. If the court orders the testimony of a child to be taken under this subsection, the child shall not be required to testify in court at the proceeding for which the testimony was taken. (b) In any criminal prosecution of an offense involving assault, sexual assault or abuse of a child twelve years of age or younger, the court may, upon motion of the attorney for any party, order that the following procedures be used when the testimony of the child is taken: (1) Persons shall be prohibited from entering and leaving the courtroom during the child's testimony; (2) an adult who is known to the child and with whom the child feels comfortable shall be permitted to sit in close proximity to the child during the child's testimony, provided such person shall not obscure the child from the view of the defendant or the trier of fact; (3) the use of anatomically correct dolls by the child shall be permitted; and (4) the attorneys for the defendant and for the state shall question the child while seated at a table positioned in front of the child, shall remain seated while posing objections and shall ask questions and pose objections in a manner which is not intimidating to the child. (P.A. 85-587, S. 1; P.A. 89-177, S. 1; P.A. 90-230, S. 94, 101.) History: P.A. 89-177 amended Subsec. (a) to permit the defendant to be present in the room during the child's testimony, to provide that the court may exclude the defendant from the room or screen him from the sight and hearing of the child only if the state proves by clear and convincing evidence that a compelling need exists to take the testimony of the child outside the physical presence of the defendant, to provide that the requirement that the defendant be able to observe and hear the child and that the child not be able to see or hear the defendant applies "if the defendant is excluded from the room or screened from the sight and hearing of the child", and to replace provision that the defendant "may consult with his attorney" with "shall be able to consult privately with his attorney at all times during the taking of the testimony", incorporated Subsec. (b) into Subsec. (a), and added a new Subsec. (b) authorizing the court to order that certain procedures be used when a child testifies in any criminal prosecution of an offense involving an assault, sexual assault or abuse of a child 12 years of age or younger and requiring the question of the competency of the child as a witness to be resolved prior to the time of the trial; P.A. 90-230 made technical change to Subsec. (b). Not effective at time action initiated; videotaping procedure essentially followed by trial court discussed in connection with federal and state constitutional confrontation clauses. 204 C. 683. In 36 CA 803, 233 C. 902, 42 CA 186, 239 C. 934, judgment of Appellate Court reversed; trial court properly exercised its discretion to deny motion on videotaped testimony. 241 C. 823. Plain language of statute permits testimony via videotape of victim who is 12 years of age or younger at time of offense; victim's age at time of videotaping is not controlling under statute. 70 CA 171. Section does not give court specific authority to allow the presence of a dog while a child witness testifies. 150 CA 514; judgment reversed, see 321 C. 656. Subsec. (a): State's compelling interest in securing reliable testimony from a child victim may outweigh defendant's right of face-to-face confrontation. 284 C. 597. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-86k. - Admissibility of results of DNA analysis.

(a) In any criminal proceeding, DNA (deoxyribonucleic acid) testing shall be deemed to be a reliable scientific technique and the evidence of a DNA profile comparison may be admitted to prove or disprove the identity of any person. This section shall not otherwise limit the introduction of any relevant evidence bearing upon any question at issue before the court. The court shall, regardless of the results of the DNA analysis, if any, consider such other relevant evidence of the identity of the accused as shall be admissible in evidence. (b) If the results of the DNA analysis tend to exculpate the accused, the prosecuting authority shall disclose such exculpatory information or material to the accused in accordance with section 54-86c. (c) At least twenty-one days prior to commencement of the proceeding in which the results of a DNA analysis will be offered as evidence, the party intending to offer the evidence shall notify the opposing party, in writing, of the intent to offer the analysis and shall provide or make available copies of the profiles and the report or statement to be introduced. In the event that such notice is not given, and the person proffers such evidence, then the court may in its discretion either allow the opposing party a continuance or, under the appropriate circumstances, bar the person from presenting such evidence. The period of any such continuance shall not be counted for speedy trial purposes under section 54-82c. If the opposing party intends to object to the admissibility of such evidence he shall give written notice of that fact and the basis for his objections at least ten days prior to commencement of the proceedings. (P.A. 94-246, S. 7; P.A. 99-218, S. 9, 16; P.A. 11-51, S. 134.) History: P.A. 99-218 amended Subsec. (d), effective July 1, 2011. See Secs. 54-102g to 54-102l, inclusive, re DNA analysis procedures. Trial court did not abuse its discretion when it denied defendant's motion to preclude DNA testing results produced by the state shortly before the trial was scheduled to begin where trial court ordered a continuance of the trial because of state's failure to comply with statute's timing requirements and defendant did not establish he was prejudiced by the late disclosure. 304 C. 383.

(b) Nothing in this section shall be construed to (1) prevent the admission of any statement under another hearsay exception, (2) allow broader definitions in other hearsay exceptions for statements made by children twelve years of age or younger at the time of the statement concerning any alleged act described in subsection (a) of this section than is done for other declarants, or (3) allow the admission pursuant to the residual hearsay exception of a statement described in subsection (a) of this section. (P.A. 07-143, S. 11; June Sp. Sess. P.A. 07-5, S. 42; P.A. 09-63, S. 1.) History: P.A. 07-143 effective July 1, 2007; June Sp. Sess. P.A. 07-5 deleted provision in Subsec. (a) re admissibility in civil proceedings, effective October 6, 2007; P.A. 09-63 amended Subsec. (a) to substitute "child twelve years of age or younger at the time of the statement" for "child under thirteen years of age" and replace provision re persons having authority or apparent authority over the child with provision re parent, guardian or other person exercising authority over the child at time of offense, and amended Subsec. Such property or material shall be deemed to be reasonably available to the defendant if the attorney for the state provides the defendant, the defendant's attorney or any individual the defendant may seek to qualify to furnish expert testimony at trial, ample opportunity for inspection, viewing and examination of the property or material at a state facility or at another facility agreed upon by the attorney for the state and the defendant. For the purposes of this section, "child sexual abuse material" has the same meaning as in section 53a-193. (P.A. 07-246, S. 2; P.A. 10-36, S. 27; P.A. 24-118, S. 9.) History: P.A. 10-36 made technical changes, effective July 1, 2010; P.A. 24-118 replaced references to "child pornography" with "child sexual abuse material" and redefined "child pornography" as "child sexual abuse material".

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-86n. - Appointment of advocate in proceeding re the welfare or custody of a cat or dog. A decision by the court denying a request to appoint a separate advocate to represent the interests of justice shall not be subject to appeal. (b) The advocate may: (1) Monitor the case; (2) consult any individual with information that could aid the judge or fact finder and review records relating to the condition of the cat or dog and the defendant's actions, including, but not limited to, records from animal control officers, veterinarians and police officers; (3) attend hearings; and (4) present information or recommendations to the court pertinent to determinations that relate to the interests of justice, provided such information and recommendations shall be based solely upon the duties undertaken pursuant to this subsection. (c) The Department of Agriculture shall maintain a list of attorneys with knowledge of animal issues and the legal system and a list of law schools that have students, or anticipate having students, with an interest in animal issues and the legal system. Such attorneys and law students shall be eligible to serve on a voluntary basis as advocates under this section. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-86o. - Jailhouse witnesses in a criminal prosecution.

(a) In any criminal prosecution, upon written request by a defendant filed with the court, but not requiring an order of the court, the defendant may request of the prosecutorial official whether such official intends to introduce testimony of a jailhouse witness. The prosecutorial official shall promptly, but not later than forty-five days after the filing of such motion, disclose to the defendant whether the official intends to introduce such testimony and, if so, the following information and material: (1) The complete criminal history of any such jailhouse witness, including any charges pending against such witness, or which were reduced or

dismissed as part of a plea bargain; (2) The jailhouse witness's cooperation agreement with the prosecutorial official and any benefit that the official has provided, offered or may offer in the future to any such jailhouse witness; (3) The substance, time and place of any statement allegedly given by the defendant to a jailhouse witness, and the substance, time and place of any statement given by a jailhouse witness implicating the defendant in an offense for which the defendant is indicted; (4) Whether at any time the jailhouse witness recanted any testimony subject to the disclosure and, if so, the time and place of the recantation, the nature of the recantation and the name of any person present at the recantation; and (5) Information concerning any other criminal prosecution in which the jailhouse witness testified, or offered to testify, against a person suspected as the perpetrator of an offense or defendant with whom the jailhouse witness was imprisoned or otherwise confined, including any cooperation agreement with a prosecutorial official or any benefit provided or offered to such witness by a prosecutorial official. (b) The prosecutorial official may move for an extension of time to make any disclosure pursuant to subsection (a) of this section. The court may agree to such extension of time if the court finds that the jailhouse witness was not known to the prosecutorial official at the time the defendant filed the written request under subsection (a) of this section, and that information or material required to be disclosed pursuant to subsection (a) of this section could not be disclosed with the exercise of due diligence within the period of time required under subsection (a) of this section. Upon good cause shown, the court may set a reasonable extension of time or may, upon the court's own motion, allow such extension. (c) If the court finds that a disclosure pursuant to subsection (a) of this section may result in the possibility of bodily harm to the jailhouse witness, the court may order that such information or material may only be viewed by the defense counsel, and not by the defendant or other parties. (d) For the purposes of this section, "benefit" means any plea bargain, bail consideration, reduction or modification of sentence or any other leniency, immunity, financial payment, reward or amelioration of current or future conditions of incarceration offered or provided in connection with, or in exchange for, testimony that is offered or provided by a jailhouse witness; and "jailhouse witness" means a person who offers or provides testimony concerning statements made to such person by another person with whom he or she was incarcerated, or an incarcerated person who offers or provides testimony concerning statements made to such person by another person who is suspected of or charged with committing a criminal offense. (P.A. 19-131, S. 1; 19-132, S. 6.) History: P.A. 19-132 redefined "jailhouse witness" in Subsec. (d). See Sec. 51-286 re tracking use of testimony by jailhouse witnesses. Subsec. (d): Procedural protections embodied in section are not dependent on the location where the defendant's alleged statements occurred, instead, they are applicable regardless of whether an incarcerated witness testifies as to statements the defendant made inside or outside of prison. 337 C. 486.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-86p. - Hearing re reliability and admissibility of jailhouse witness testimony in criminal prosecutions.

(a) In any criminal prosecution of a defendant for a violation of section 53a-54a, 53a-54b, 53a-54c, 53a-54d, 53a-70, 53a-70a or 53a-70c, upon a motion of the defendant before the start of a trial on any such offense, the court shall conduct a hearing at which hearsay or secondary evidence shall be admissible to determine whether any jailhouse witness's testimony is reliable and admissible. The court shall make a prima facie determination concerning the reliability of such testimony after evaluation of the evidence submitted at the hearing and the information or material disclosed pursuant to subdivisions (1) to (5), inclusive, of subsection (a) of section 54-86o, and may consider the following factors: (1) The extent to which the jailhouse witness's testimony is confirmed by other evidence; (2) The specificity of the testimony; (3) The extent to which the testimony contains details known only by the perpetrator of the alleged offense; (4) The extent to which the details of the testimony could be obtained from a source other than the defendant; and (5) The circumstances under which the jailhouse witness initially provided information supporting such testimony to a sworn member of a municipal police department, a sworn member of the Division of State Police within the Department of Emergency Services and Public Protection or a prosecutorial official, including whether the jailhouse witness was responding to a leading question. (b) If the prosecutorial official fails to make a prima facie showing that the jailhouse witness's testimony is reliable, the court shall not allow the testimony to be admitted. (c) For the purposes of this section, "jailhouse witness" means jailhouse witness, as defined in section 54-86o. (P.A. 19-131, S. 2; 19-132, S. 7.) History: P.A. 19-132 amended Subsec. (a) by adding provision re hearsay or secondary evidence admissible at hearing, adding reference to prima facie determination, replacing "reliability of the witness" with "reliability of such testimony", adding reference to evidence submitted at hearing, and adding "may consider" re factors, and amended Subsec. (b) by replacing "show by a preponderance of the evidence" with "make a prima facie showing". See Sec. 51-286 re tracking use of testimony by jailhouse witnesses. Subsec. (a): Trial court misunderstood "information" to include its own prior credibility assessment; trial courts must rely on objective criteria, to which all parties would have access through discovery process, in considering information disclosed pursuant to Sec. 54-86o(a)(5) for purpose of making prima facie reliability determination under Subsec. 349 C. 417.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-86q. - Use of deception or coercive tactics during an interrogation.

interrogated or another person. (b) If the person being interrogated is under eighteen years of age, "deception or coercive tactics" further includes any tactic that: (1) Communicates false facts about evidence that were known to the law enforcement agency official or their agent or should have been known to the law enforcement agency official or their agent to be false; (2) Communicates false statements or misrepresentations of the law that were known or should have been known to be false statements or misrepresentations; or (3) Communicates false or misleading promises of leniency or some other benefit or reward that were known or should have been known to be false or misleading. (c) Except as provided in subsection (d) of this section, any admission, confession or statement, whether written or oral, made by any person during a custodial interrogation by a law enforcement agency official or such official's agent, shall be presumed to be involuntary and inadmissible in any proceeding if the law enforcement agency official or such official's agent engaged in deception or coercive tactics during such interrogation. (d) The presumption that any such admission, confession or statement is involuntary and inadmissible may be overcome if the state proves by clear and convincing evidence that (1) the admission, confession or statement was voluntary and not induced by the use of deception or coercive tactics, and (2) any alleged use of deception or coercive tactics did not undermine the reliability of the person's admission, confession or statement and did not create a substantial risk that the person might falsely incriminate such person's self. Terms of proposed plea agreement. Notification by state's attorney.

(a) For the purposes of this section, “victim” means a person who is a victim of a crime, the legal representative of such person, a member of a deceased victim's immediate family or a person designated by a deceased victim in accordance with section 1-56r. (b) Prior to the imposition of sentence upon any defendant who has been found guilty of any crime or has pleaded guilty or nolo contendere to any crime, and prior to the acceptance by the court of a plea of guilty or nolo contendere made pursuant to a plea agreement with the state, the court shall permit any victim of the crime to appear before the court for the purpose of making a statement for the record, which statement may include the victim's opinion of any plea agreement. Such state's attorney, assistant state's attorney or deputy assistant state's attorney shall file the statement with the sentencing court and the statement shall be made a part of the record at the sentencing hearing. Any such statement, whether oral or written, shall relate to the facts of the case, the appropriateness of any penalty and the extent of any injuries, financial losses and loss of earnings directly resulting from the crime for which the defendant is being sentenced. The court shall inquire on the record whether any victim is present for the purpose of making an oral statement or has submitted a written statement. If no victim is present and no such written statement has been submitted, the court shall inquire on the record whether an attempt has been made to notify any such victim as provided in subdivision (1) of subsection (c) of this section or, if the defendant was originally charged with a violation of section 53a-167c for assaulting a peace officer, whether the peace officer has been personally notified as provided in subdivision (2) of subsection (c) of this section. After consideration of any such statements, the court may refuse to accept, where appropriate, a negotiated plea or sentence, and the court shall give the

defendant an opportunity to enter a new plea and to elect trial by jury or by the court. (c) (1) Except as provided in subdivision (2) of this subsection, prior to the imposition of sentence upon such defendant and prior to the acceptance of a plea pursuant to a plea agreement, the state's attorney, assistant state's attorney or deputy assistant state's attorney in charge of the case shall notify the victim of such crime of the date, time and place of the original sentencing hearing or any judicial proceeding concerning the acceptance of a plea pursuant to a plea agreement, provided the victim has informed such state's attorney, assistant state's attorney or deputy assistant state's attorney that such victim wishes to make or submit a statement as provided in subsection (b) of this section and has complied with a request from such state's attorney, assistant state's attorney or deputy assistant state's attorney to submit a stamped, self-addressed postcard for the purpose of such notification. (2) Prior to the imposition of sentence upon a defendant originally charged with a violation of section 53a-167c for assaulting a peace officer, and prior to the acceptance of a plea pursuant to a plea agreement, the state's attorney, assistant state's attorney or deputy assistant state's attorney in charge of the case shall personally notify the peace officer who was the victim of such crime of the date, time and place of the original sentencing hearing or any judicial proceeding concerning the acceptance of a plea pursuant to a plea agreement. (3) If the state's attorney, assistant state's attorney or deputy assistant state's attorney is unable to notify the victim, such state's attorney, assistant state's attorney or deputy state's attorney shall sign a statement as to such notification. (d) Upon the request of a victim, prior to the acceptance by the court of a plea of a defendant pursuant to a proposed plea agreement, the state's attorney, assistant state's attorney or deputy assistant state's attorney in charge of the case shall provide such victim with the terms of such proposed plea agreement in writing. If the terms of the proposed plea agreement provide for a term of imprisonment which is more than two years or a total effective sentence of more than a two-year term of imprisonment, the state's attorney, assistant state's attorney or deputy assistant state's attorney in charge of the case shall indicate: (1) The maximum period of imprisonment that may apply to the defendant; (2) whether the defendant may be eligible to earn risk reduction credits pursuant to section 18-98e; (3) whether the defendant may be eligible to apply for release on parole pursuant to section 54-125a; and (4) whether the defendant may be eligible for automatic erasure of such defendant's criminal conviction pursuant to subsection (e) of section 54-142a. (e) The provisions of this section shall not apply to any proceedings held in accordance with section 46b-121 or section 54-76h. ConvictionSection 54-91e. - Notification of victim through automated system prior to acceptance of plea agreement.

On and after the date on which the state-wide automated victim information and notification (SAVIN) system mandated by section 54-235 becomes operational, a victim of a crime who has requested notification through the Office of Victim Services within the Judicial Department, the Board of Pardons and Paroles or the Victim Services Unit within the Department of Correction shall receive notification through the SAVIN system prior to acceptance of a plea agreement by the court. Such notification shall be deemed to have occurred once the SAVIN system has been updated to reflect the offer of a plea agreement. (Jan. Sp. Sess. P.A. 08-1, S. 32.) History: Jan. Sp. Sess. P.A. 08-1 effective January 25, 2008.

2024 Connecticut General StatutesTitle 54 - Criminal ProcedureChapter 961 - Trial and Proceedings after ConvictionSection 54-91f. - Apology to victim by person convicted of motor vehicle offense that resulted in death or serious physical injury to another. Inadmissibility in civil or criminal proceeding.

Any person convicted of a motor vehicle offense that resulted in the death or serious physical injury of another person may, prior to sentencing for the offense, make a statement, affirmation, gesture or expression of apology, fault, sympathy, commiseration, condolence, compassion or a general sense of benevolence to the victim of such offense, a relative of the victim or a representative of the victim. Such statement, affirmation, gesture or expression shall be made before the court in a courtroom closed to the public at a time set by the court. Such statement, affirmation, gesture or expression shall be inadmissible as evidence of an admission of liability or as evidence of an admission against interest in any civil or criminal proceeding. For the purposes of this section, "serious physical injury" has the same meaning as provided in section 53a-3. (P.A. 12-124, S. 1.)

2024 Connecticut General StatutesTitle 54 - Criminal ProcedureChapter 961 - Trial and Proceedings after ConvictionSection 54-91g. - Sentencing of a child for class A or B felony.

(a) If the case of a child, as defined in section 46b-120, is transferred to the regular criminal docket of the Superior Court pursuant to section 46b-127 and the child is convicted of a class A or B felony pursuant to such transfer, at the time of sentencing, the court shall: (1) Consider, in addition to any other information relevant to sentencing, the defendant's age at the time of the offense, the hallmark features of adolescence, and any scientific and psychological evidence showing the differences between a child's brain development and an adult's brain development; and (2) Consider, if the court proposes to sentence the child to a lengthy sentence under which it is likely that the child will die while incarcerated, how the scientific and psychological evidence described in subdivision (1) of this subsection counsels against such a sentence. (b) Notwithstanding the provisions of section 54-91a, no presentence investigation or report may be waived with respect to a child convicted of a class A or B felony. Any presentence report prepared with respect to a child convicted of a class A or B felony shall address the factors set forth in subparagraphs (A) to (D), inclusive, of subdivision (1) of subsection (a) of this section. (c) Whenever a child is sentenced pursuant to subsection (a) of this section, the court shall indicate the maximum period of incarceration that may apply to the child and whether the child may be eligible to apply for release on parole pursuant to subdivision (1) of subsection (f) of section 54-125a. (d) The Court Support Services Division of the Judicial Branch shall compile reference materials relating to adolescent psychological and brain development to assist courts in sentencing children pursuant to this section. (P.A. 15-84, S. 2.) Legislature did not intend for section to apply retroactively, and nothing in the text or legislative history of section suggests that legislature intended that all juveniles convicted of a class A or B felony who were sentenced without consideration of the age related mitigating factors identified in *Miller v. Alabama*, 132 S. Ct. 2455, would be sentenced. 323 C. 801. Section did not apply to defendant, who was seventeen years old when he committed his crimes, because section does not apply retroactively to defendants who, although under the age of eighteen when they committed their crimes, were initially charged and tried as adults and because he was not a child under the applicable law when his crimes were committed, was charged as an adult and prosecuted under the regular criminal docket, his case was not transferred from the juvenile docket to the regular criminal docket, and he was not convicted pursuant to such transfer. 341 C. 97. Express language of section makes no reference to a presumption or a specific finding that court was required to make in order to overcome that purported presumption. 190 CA 1. Section does not create presumption against the imposition of life imprisonment on a juvenile defendant and the court was not required to make finding that defendant was incorrigible, irreparably corrupt, or irretrievably depraved. 192 CA 738; judgment affirmed, see 341 C. 97.

2024 Connecticut General StatutesTitle 54 - Criminal ProcedureChapter 961 - Trial and Proceedings after ConvictionSection 54-91h. - Indication by court at sentencing of defendant's maximum period of imprisonment and eligibility re risk reduction credits and release on parole.

Whenever a defendant convicted of one or more crimes receives a definite sentence of more than a two-year term of imprisonment, or a total effective sentence of more than a two-year term of imprisonment, the court shall, at sentencing, indicate: (1) The maximum period of imprisonment that may apply to the defendant; (2) whether the defendant may be eligible to earn risk reduction credits pursuant to section 18-98e; and (3) whether the defendant may be eligible to apply for release on parole pursuant to section 54-125a. In absence of statute, sentences will be held to run concurrently where a person has received two or more separate sentences to imprisonment in the same penal institution and the judgments contain no provision that they shall run consecutively; where an accused is convicted on a number of counts, a general sentence is not invalid if the punishment does not exceed the maximum which could have been imposed for any single count. 23 CS 214. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-94a. - Conditional nolo contendere plea. Appeal of denial of motion to suppress or dismiss.

When a defendant, prior to the commencement of trial, enters a plea of nolo contendere conditional on the right to take an appeal from the court's denial of the defendant's motion to suppress or motion to dismiss, the defendant after the imposition of sentence may file an appeal within the time prescribed by law provided a trial court has determined that a ruling on such motion to suppress or motion to dismiss would be dispositive of the case. The issue to be considered in such an appeal shall be limited to whether it was proper for the court to have denied the motion to suppress or the motion to dismiss. A plea of nolo contendere by a defendant under this section shall not constitute a waiver by the defendant of nonjurisdictional defects in the criminal prosecution. (P.A. 82-17; P.A. 88-19; P.A. 01-13.) History: P.A. 88-19 authorized the entry of a plea of nolo contendere conditional on the right to appeal the denial of a motion to suppress statements and evidence based on the involuntariness of a statement; P.A. 01-13 substituted "motion to suppress" for "motion to suppress evidence based on an unreasonable search or seizure, motion to suppress statements and evidence based on the involuntariness of a statement" and added proviso re determination by a trial court "that a ruling on such motion to suppress or motion to dismiss would be dispositive of the case". Defendant's claim that trial court improperly denied his request for a continuance to change counsel does not fall within the narrow scope of section. 269 C. 454. Defendant's nolo contendere plea was not conditional even though trial court treated the plea as if it were conditional by conducting a sua sponte hearing; statute does not apply and Appellate Court has no good cause to review claim outside scope of statute. 276 C. 503. Trial court's exercise of discretion regarding youthful offender status not a claim encompassed by section. 51 CA 539. If defendant understood that, by entering a plea pursuant to statute, the only issue allowed on appeal was whether trial court improperly denied his motion to suppress, then defendant cannot raise other issues on appeal. 55 CA 217. Claim of insufficient evidence is not one of the particular claims that statute permits to be appealed. 67 CA 562. Although defendant's claim is cast as a challenge to court's denials of his motions to suppress and to dismiss, his claim is, in reality, a challenge to court's denial of his motion for disclosure; as such, his claim is not reviewable pursuant to section. 81 CA 492. Determination requirement of section is not a matter of convenience, but rather a matter of substance necessary to achieve the goals of statute, therefore, the requirement is mandatory. 83 CA 700. Statutory requirement that court make a determination that the ruling on a motion to suppress or dismiss would be dispositive of the case is a matter of substance necessary to achieve goals of statute and therefore is mandatory. 87 CA 122. In a matter where state stipulated before trial court that court's ruling on defendant's motion to suppress evidence of prior uncharged misconduct was dispositive of case, the state was estopped from asserting otherwise before Appellate Court, as the state waived any right it may have had to dispute whether trial court was correct in its determination. 104 CA 85. Defendant's appeal did not meet the requirements of section where sole basis for appeal was that the court improperly denied defendant's motion to present the defense of necessity and the court never made the mandatory finding that denial of this motion was dispositive of the case. 161 CA 850.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 961 - Trial and Proceedings after Conviction Section 54-95. - Appeal by defendant in criminal prosecution; stay of execution.

No appeal may be taken from a judgment denying a petition for a new trial unless, within ten days after the judgment is rendered, the judge who heard the case or a judge of the Supreme Court or the Appellate Court, as the case may be, certifies that a question is involved in the decision which ought to be reviewed by the Supreme Court or by the Appellate Court. It shall be sufficient service of any such writ of error or petition for a new trial to serve it upon the state's attorney for the judicial district where it is brought. (b) When such defendant is convicted and sentenced to a term of imprisonment and, within two weeks after final judgment, files with the clerk of the court wherein the conviction was had an appeal to the Supreme

Court or gives oral or written notice of his intention to appeal to said court or to petition for a new trial, the appeal or the notice shall operate as a stay of execution pending the final determination of the case, provided the defendant is admitted to bail, except the appeal or the notice shall not operate as a stay of execution, if within five days after the filing of the appeal or notice thereof, the judge before whom the criminal prosecution was tried directs in writing that the appeal or the notice shall not operate as a stay of execution. Such order shall be accompanied by a written statement of the judge's reasons for denying the stay of execution. The order and the statement shall become a part of the files and record of the case. If any defendant has been admitted to bail following an oral or written notice of intent to appeal or petition for a new trial and such defendant has failed, within twenty days after the judgment from which the appeal is to be taken, or such further period as the court may grant, to perfect the appeal or petition, a mittimus for his arrest shall issue. If any defendant is imprisoned after sentencing and before he is admitted to bail, such period of imprisonment shall be counted toward satisfaction of his sentence. If any defendant is admitted to bail and subsequently surrendered and remitted to custody while his appeal is pending, the period of imprisonment following thereafter shall be counted toward satisfaction of his sentence. (c) In any criminal prosecution in which the defendant has been sentenced to death and has taken an appeal to the Supreme Court of this state or the Supreme Court of the United States or brought a writ of error, writ of certiorari or petition for a new trial, the taking of the appeal, the making of the application for a writ of certiorari or the return into court of the writ of error or petition for a new trial shall, unless, upon application by the state's attorney and after hearing, the Supreme Court otherwise orders, stay the execution of the death penalty until the clerk of the court where the trial was had has received notification of the termination of any such proceeding by decision or otherwise, and for thirty days thereafter. No appellate procedure shall be deemed to have terminated until the end of the period allowed by law for the filing of a motion for reargument, or, if such motion is filed, until the proceedings consequent thereon are finally determined. When execution is stayed under the provisions of this section, the clerk of the court shall forthwith give notice thereof to the warden of the institution in which such defendant is in custody. If the original judgment of conviction has been affirmed or remains in full force at the time when the clerk has received the notification of the termination of any proceedings by appeal, writ of certiorari, writ of error or petition for a new trial, and the day designated for the infliction of the death penalty has then passed or will pass within thirty days thereafter, the defendant shall, within said period of thirty days, upon an order of the court in which the judgment was rendered at a regular or special criminal session thereof, be presented before said court by the warden of the institution in which the defendant is in custody or his deputy, and the court, with the judge assigned to hold the session presiding, shall thereupon designate a day for the infliction of the death penalty and the clerk of the court shall issue a warrant of execution, reciting therein the original judgment, the fact of the stay of execution and the final order of the court, which warrant shall be forthwith served upon the warden or his deputy. Probation revocation hearing is a criminal case that can be appealed under section. 50 CA 187. Trial court improperly denied state permission to appeal on the bases of inadequacy of record where state rectified record, lack of jurisdiction over defendant solely for prosecutor's failure to sign the information pursuant to Sec. 36-12, and state's failure to indicate its intention to appeal on date of dismissal of charges where state impliedly expressed its intent by seeking "one week" and planned to file motion to appeal within that period. 51 CA 676. In the absence of either permission to appeal or challenge to trial court's denial of permission to appeal, Appellate Court lacks subject matter jurisdiction to hear an appeal pursuant to section. 55 CA 250. Where there was sufficient basis in the evidence to support court's finding on a motion to suppress and there had been a full evidentiary hearing on such motion, the record was such that there was no clear, arbitrary and extreme abuse of discretion such that an injustice appears to have been done and, therefore, trial court's denial of state's request for permission to appeal was not an abuse of discretion. 64 CA 495. Despite the statutory language of section permitting the state to appeal "with the permission of the court", the state may directly appeal a question of law without the permission of the court after requesting permission to appeal if the request is expressly denied. 147 CA 465. In the absence of a factual record, trial court directed to conduct an evidentiary hearing to determine whether defendant possessed less than one-half ounce of marijuana and, thus, whether defendant's record of conviction is entitled to erasure under section. 323 C. 756. Section does not compel erasure of probation violation that was premised on now decriminalized offense of possession of less than one-half ounce of marijuana under Sec. 21a-279a; "such case" can refer only to the case in which the person has been convicted of an offense in any court in this state and such offense has been decriminalized subsequent to the date of such conviction; "such case" cannot refer to a probation violation, which is more akin to a civil proceeding. 332 C. 639. An act that constitutes a crime under the Penal Code is an offense under section; decriminalization of an act under Sec. 53a-71(a)(1) in P.A. 07-143 entitled person with prior conviction for committing such act to erasure and destruction of records under this section, and repeal of Sec. 53a-71 in its entirety was not required for such erasure and destruction of records. 142 CA 21. Offense was not decriminalized when reclassified as a violation because actual legalization was necessary to constitute decriminalization under section. 147 CA 232; judgment reversed in part, see 315 C. 861.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 965 - Detainers Section 54-186. - Agreement on Detainers.

The Agreement on Detainers is hereby entered into by this state with all jurisdictions legally joining therein in form substantially as follows: The contracting states solemnly agree that: Article I The party states find that charges outstanding against a prisoner, detainers based on untried indictments, informations or complaints, and difficulties in securing speedy trial of persons already incarcerated in other jurisdictions, produce uncertainties which obstruct programs of prisoner treatment and rehabilitation. Accordingly, it is the policy of the party states and the purpose of this agreement to encourage the expeditious and orderly disposition of such charges and determination of the proper status of any and all detainers based on untried indictments, informations or complaints. The party states also find that proceedings with reference to such charges and detainers, when emanating from another jurisdiction, cannot properly be had in the absence of cooperative procedures. It is the further purpose of this agreement to provide such cooperative procedures. Article II As used in this agreement: (a) "State" shall mean a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico. (b) "Sending state" shall mean a state in which a prisoner is incarcerated at the time that he initiates a request for final disposition pursuant to article III hereof or at the time that a request for custody or availability is initiated pursuant to article IV hereof. (c) "Receiving state" shall mean the state in which trial is to be had on an indictment, information or complaint pursuant to article III or article IV hereof. Article III (a) Whenever a person has entered upon a term of imprisonment in a penal or correctional institution of a party state, and whenever during the continuance of the term of the imprisonment there is pending in any other party state any untried indictment, information or complaint on the basis of which a detainer has been lodged against the prisoner, he shall be brought to trial within one hundred eighty days after he shall have caused to be delivered to the prosecuting officer and the appropriate court of the prosecuting officer's jurisdiction written notice of the place of his imprisonment and his request for a final disposition to be made of the indictment, information or complaint; provided that for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance. The request of the prisoner shall be accompanied by a certificate of the appropriate official having custody of the prisoner, stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner. (b) The written notice and request for final disposition referred to in paragraph (a) hereof shall be given or sent by the prisoner to the warden, commissioner of correction or other official having custody of him, who shall promptly forward it together with the certificate to the appropriate prosecuting official and court by registered or certified mail, return receipt requested. (c) The warden, commissioner of correction or other official having custody of the prisoner shall promptly inform him of the source and contents of any detainer lodged against him and shall also inform him of his right to make a request for final disposition of the indictment, information or complaint on which the detainer is based. (d) Any request for final disposition made by a prisoner pursuant to paragraph (a) hereof shall operate as a request for final disposition of all untried indictments, informations or complaints on the basis of which detainers have been lodged against the prisoner from the state to whose prosecuting official the request for final disposition is specifically directed. The warden, commissioner of correction or other official

having custody of the prisoner shall forthwith notify all appropriate prosecuting officers and courts in the several jurisdictions within the state to which the prisoner's request for final disposition is being sent of the proceeding being initiated by the prisoner. Any notification sent pursuant to this paragraph shall be accompanied by copies of the prisoner's written notice, request, and the certificate. If trial is not had on any indictment, information or complaint contemplated hereby prior to the return of the prisoner to the original place of imprisonment, such indictment, information or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice. (e) Any request for final disposition made by a prisoner pursuant to paragraph (a) hereof shall also be deemed to be a waiver of extradition with respect to any charge or proceeding contemplated thereby or included therein by reason of paragraph (d) hereof, and a waiver of extradition to the receiving state to serve any sentence there imposed upon him, after completion of his term of imprisonment in the sending state. The request for final disposition shall also constitute a consent by the prisoner to the production of his body in any court where his presence may be required in order to effectuate the purposes of this agreement and a further consent voluntarily to be returned to the original place of imprisonment in accordance with the provisions of this agreement. Nothing in this paragraph shall prevent the imposition of a concurrent sentence if otherwise permitted by law. (f) Escape from custody by the prisoner subsequent to his execution of the request for final disposition referred to in paragraph (a) hereof shall void the request. Article IV (a) The appropriate officer of the jurisdiction in which an untried indictment, information or complaint is pending shall be entitled to have a prisoner against whom he has lodged a detainer and who is serving a term of imprisonment in any party state made available in accordance with article V(a) hereof upon presentation of a written request for temporary custody or availability to the appropriate authorities of the state in which the prisoner is incarcerated; provided that the court having jurisdiction of such indictment, information or complaint shall have duly approved, recorded and transmitted the request; and provided further that there shall be a period of thirty days after receipt by the appropriate authorities before the request be honored, within which period the governor of the sending state may disapprove the request for temporary custody or availability, either upon his own motion or upon motion of the prisoner. (b) Upon receipt of the officer's written request as provided in paragraph (a) hereof, the appropriate authorities having the prisoner in custody shall furnish the officer with a certificate stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner. Said authorities simultaneously shall furnish all other officers and appropriate courts in the receiving state who have lodged detainers against the prisoner with similar certificates and with notices informing them of the request for custody or availability and of the reasons therefor. (c) In respect of any proceeding made possible by this article, trial shall be commenced within one hundred twenty days of the arrival of the prisoner in the receiving state, but for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance. (d) Nothing contained in this article shall be construed to deprive any prisoner of any right which he may have to contest the legality of his delivery as provided in paragraph (a) hereof, but such delivery may not be opposed or denied on the ground that the executive authority of the sending state has not affirmatively consented to or ordered such delivery. (e) If trial is not had on any indictment, information or complaint contemplated hereby prior to the prisoner's being returned to the original place of imprisonment pursuant to article V(e) hereof, such indictment, information or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice. Article V (a) In response to a request made under article III or article IV hereof, the appropriate authority in a sending state shall offer to deliver temporary custody of such prisoner to the appropriate authority in the state where such indictment, information or complaint is pending against such person in order that speedy and efficient prosecution may be had. If the request for final disposition is made by the prisoner, the offer of temporary custody shall accompany the written notice provided for in article III of this agreement. In the case of a federal prisoner, the appropriate authority in the receiving state shall be entitled to temporary custody as provided by this agreement or to the prisoner's presence in federal custody at the place for trial, whichever custodial arrangement may be approved by the custodian. (b) The officer or other representative of a state accepting an offer of temporary custody shall present the following upon demand: (1) Proper identification and evidence of his authority to act for the state into whose temporary custody the prisoner is to be given. (2) A duly certified copy of the indictment, information or complaint on the basis of which the detainer has been lodged and on the basis of which the request for temporary custody of the prisoner has been made. (c) If the appropriate authority shall refuse or fail to accept temporary custody of said person, or in the event that an action on the indictment, information or complaint on the basis of which the detainer has been lodged is not brought to trial within the period provided in article III or article IV hereof, the appropriate court of the jurisdiction where the indictment, information or complaint has been pending shall enter an order dismissing the same with prejudice, and any detainer based thereon shall cease to be of any force or effect. (d) The temporary custody referred to in this agreement shall be only for the purpose of permitting prosecution on the charge or charges contained in one or more untried indictments, informations or complaints which form the basis of the detainer or detainers or for prosecution on any other charge or charges arising out of the same transaction. Except for his attendance at court and while being transported to or from any place at which his presence may be required, the prisoner shall be held in a suitable jail or other facility regularly used for persons awaiting prosecution. (e) At the earliest practicable time consonant with the purposes of this agreement, the prisoner shall be returned to the sending state. (f) During the continuance of temporary custody or while the prisoner is otherwise being made available for trial as required by this agreement, time being served on the sentence shall continue to run but good time shall be earned by the prisoner only if, and to the extent that, the law and practice of the jurisdiction which imposed the sentence may allow. (g) For all purposes other than that for which temporary custody as provided in this agreement is exercised, the prisoner shall be deemed to remain in the custody of and subject to the jurisdiction of the sending state and any escape from temporary custody may be dealt with in the same

manner as an escape from the original place of imprisonment or in any other manner permitted by law. (h) From the time that a party state receives custody of a prisoner pursuant to this agreement until such prisoner is returned to the territory and custody of the sending state, the state in which the one or more untried indictments, informations or complaints are pending or in which trial is being had shall be responsible for the prisoner and shall also pay all costs of transporting, caring for, keeping and returning the prisoner. The provisions of this paragraph shall govern unless the states concerned shall have entered into a supplementary agreement providing for a different allocation of costs and responsibilities as between or among themselves. Nothing herein contained shall be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

Article VI (a) In determining the duration and expiration dates of the time periods provided in articles III and IV of this agreement, the running of said time periods shall be tolled whenever and for as long as the prisoner is unable to stand trial, as determined by the court having jurisdiction of the matter. (b) No provision of this agreement, and no remedy made available by this agreement, shall apply to any person who is adjudged to be mentally ill.

Article VII Each state party to this agreement shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this agreement, and who shall provide, within and without the state, information necessary to the effective operation of this agreement.

Article VIII This agreement shall enter into full force and effect as to a party state when such state has enacted the same into law. A state party to this agreement may withdraw herefrom by enacting a statute repealing the same. However, the withdrawal of any state shall not affect the status of any proceedings already initiated by inmates or by state officers at the time such withdrawal takes effect, nor shall it affect their rights in respect thereof.

Article IX This agreement shall be liberally construed so as to effectuate its purposes. The provisions of this agreement shall be severable and if any phrase, clause, sentence or provision of this agreement is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state party hereto, the agreement shall remain in full force and effect as to the state affected as to all severable matters. Cited. 15 CA 222; 21 CA 449; 26 CA 674; 42 CA 790. Pursuant to Subsec., charged violations of Sec. 14-227a were subject to a 1-year limitations period because they were not punishable by a term of imprisonment of more than 1 year; trial court did not improperly deny defendant's motion to dismiss counts of information on grounds that statute of limitations precluded prosecution of counts where court found no evidence that defendant raised statute of limitations as an affirmative defense at trial. 61 CA 90. Prosecution was time barred where the police department did not make sufficient effort to ensure that warrant was timely served and therefore the state could not demonstrate that delay of nearly 3 years on service of arrest warrant was reasonable to toll statute of limitations. 130 CA 734. Former Subsec. (d): Re meaning of "fled" in former Subsec. (c), plain language does not require defendant to leave the state with intent to avoid prosecution, and Subsec. may toll statute of limitations when defendant absents himself from the jurisdiction with reason to believe that an investigation may ensue as a result of his actions. 306 C. 698.

Court declines to overrule *State v. Kalil*, 314 C. 529, and adopt the amelioration doctrine as it relates to section. 337 C. 739. Cited. 22 CA 601. There is no express language in P.A. 11-71 or any indication in the legislative history that the legislature clearly and unequivocally intended P.A. 11-71 to apply retroactively and thus the savings statutes apply and the law in effect at the time of defendant's offense for possession of marijuana and use of drug paraphernalia controls. 147 CA 232; judgment reversed in part on alternate grounds, see 315 C. 861. 2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 967 - General Provisions Section 54-199. - Parent or guardian to accompany minor in court. Representatives of commissioner.

Whenever any minor charged with the commission of an offense is to appear in any court, he shall be accompanied by one of his parents, if such parent is physically capable of appearing and is within the jurisdiction of such court, or by his legally appointed guardian, if any. In the case of any child committed to the guardianship of the Commissioner of Social Services or the Commissioner of Children and Families, said commissioner may designate any member of his department to act as his representative. If any such parent, guardian or representative fails to appear in court as required by this section, the court may continue the case until he so appears and may issue a subpoena to compel his attendance. Failure to appear in response to such subpoena shall be punishable as contempt of court. The judge of such court may, in his discretion and for good cause, waive the requirement that a minor be accompanied by his parent, guardian or a Department of Social Services representative. (1955, S. 3353d; 1957, P.A. 598; 1969, P.A. 297; 395; P.A. 74-251, S. 14; P.A. 75-420, S. 4, 6; P.A. 77-614, S. 521, 610; P.A. 93-91, S. 1, 2; 93-262, S. 1, 87.) Since a grand jury is essentially an investigatory body and not a court, the provisions of section are not applicable when minor is to appear before a grand jury; a juvenile defendant shall be accompanied by guardian ad litem if he has one, but appointment of guardian ad litem is not required. 171 C. 644. (11) “Sexually violent offense” means (A) a violation of section 53a-70b of the general statutes, revision of 1958, revised to January 1, 2019, or section 53a-70, except subdivision (2) of subsection (a) of said section, 53a-70a, 53a-71, except subdivision (1), (4), (8) or (10) or subparagraph (B) of subdivision (9) of subsection (a) of said section or subparagraph (A) of subdivision (9) of subsection (a) of said section if the court makes a finding

(12) "Sexual purpose" means that a purpose of the defendant in committing the felony was to engage in sexual contact or sexual intercourse with another person without that person's consent. A sexual purpose need not be the sole purpose of the commission of the felony. The sexual purpose may arise at any time in the course of the commission of the felony. (13) "Employed" or "carries on a vocation" means employment that is full-time or part-time for more than fourteen days, or for a total period of time of more than thirty days during any calendar year, whether financially compensated, volunteered or for the purpose of government or educational benefit. 54-251. - Registration of person who has committed a criminal offense against a victim who is a minor or a nonviolent sexual offense.

(a) Any person who has been convicted or found not guilty by reason of mental disease or defect of a criminal offense against a victim who is a minor or a nonviolent sexual offense, and is released into the community on or after October 1, 1998, shall, within three days following such release or, if such person is in the custody of the Commissioner of Correction, at such time prior to release as the commissioner shall direct, and whether or not such person's place of residence is in this state, register such person's name, identifying factors, criminal history record, residence address and electronic mail address, instant message address or other similar Internet communication identifier, if any, with the Commissioner of Emergency Services and Public Protection, on such forms and in such locations as the commissioner shall direct, and shall maintain such registration for ten years from the date of such person's release into the community, except that any person who has one or more prior convictions of any such offense or who is convicted of a violation of subdivision (2) of subsection (a) of section 53a-70 shall maintain such registration for life. Prior to accepting a plea of guilty or nolo contendere from a person with respect to a criminal offense against a victim who is a minor or a nonviolent sexual offense, the court shall (1) inform the person that the entry of a finding of guilty after acceptance of the plea will subject the person to the registration requirements of this section, and (2) determine that the person fully understands the consequences of the plea. If any person who is subject to registration under this section changes such person's name, such person shall, without undue delay, notify the Commissioner of Emergency Services and Public Protection in writing of the new name. If any person who is subject to registration under this section changes such person's address, such person shall, without undue delay, notify the Commissioner of Emergency Services and Public Protection in writing of the new address and, if the new address is in another state, such person shall also register with an appropriate agency in that state, provided that state has a registration requirement for such offenders. If any person who is subject to registration under this section establishes or changes an electronic mail address, instant message address or other similar Internet communication identifier, such person shall, without undue delay, notify the Commissioner of Emergency Services and Public Protection in writing of such identifier. If any person who is subject to registration under this section is employed at, carries on a vocation at or is a student at a trade or professional institution or institution of higher learning in this state, such person shall, without undue delay, notify the Commissioner of Emergency Services and Public Protection of such status and of any change in such status. If any person who is subject to registration under this section is employed in another state, carries on a vocation in another state or is a student in another state, such person shall, without undue delay, notify the Commissioner of Emergency Services and Public Protection and shall also register with an appropriate agency in that state, provided that state has a registration requirement for such offenders. During such period of registration, each registrant shall complete and return forms mailed to such registrant to verify such registrant's residence address and shall submit to the retaking of a photographic image upon request of the Commissioner of Emergency Services and Public Protection. (b) Notwithstanding the provisions of subsection (a) of this section, the court may exempt any person who has been convicted or found not guilty by reason of mental disease or defect of a violation of subdivision (1) of subsection (a) of section 53a-71 from the registration requirements of this section if the court finds that such person was under nineteen years of age at the time of the offense and that registration is not required for public safety. (c) Notwithstanding the provisions of subsection (a) of this section, the court may exempt any person who has been convicted or found not guilty by reason of mental disease or defect of a violation of subdivision (2) of subsection (a) of section 53a-73a or subdivision (2), (3) or (4) of subsection (a) of section 53a-189a, from the registration requirements of this section if the court finds that registration is not required for public safety. (d) Any person who files an application with the court to be exempted from the registration requirements of this section pursuant to subsection (b) or (c) of this section shall, pursuant to subsection (b) of section 54-227, notify the Office of Victim Services and the Victim Services Unit within the Department of Correction of the filing of such application. The Office of Victim Services or the Victim Services Unit within the Department of Correction, or both, shall, pursuant to section 54-230 or 54-230a, notify any victim who has requested notification of the filing of such application. Prior to granting or denying such application, the court shall consider any information or statement provided by the victim. (e) Any person who violates the provisions of subsection (a) of this section shall be guilty of a class D felony, except that, if such person violates the provisions of this section by failing to notify the Commissioner of Emergency Services and Public Protection without undue delay of a change of name, address or status or another reportable event, such person shall be subject to such penalty if such failure continues for five business days. (b) as Subsec. (d), effective July 1, 1999; P.A. 01-211 added new Subsec. (d) requiring any person who files an

application to be exempted to notify the Office of Victim Services and the Department of Correction of the filing of such application, requiring said office or department, or both, to notify any victim who has requested notification of the filing of such application and requiring the court to consider any information or statement provided by the victim prior to granting or denying such application and redesignated existing Subsec. (d) as Subsec. (e) and amended same to specify that penalty is for a violation of “subsection (a)” of this section; May 9 Sp. Sess. P.A. 02-7 amended Subsec. (a) to make requirement that a person subject to registration under this section notify the commissioner and register with an appropriate agency in another state applicable if such person “is employed in another state, carries on a vocation in another state or is a student in another state” rather than if such person “regularly travels into or within another state or temporarily resides in another state for purposes including, but not limited to employment or schooling” and to add provision requiring any person subject to registration under this section who is employed at, carries on a vocation at or is a student at a trade or professional institution or institution of higher learning in this state to notify the commissioner of such status and any change in such status, effective August 15, 2002; P.A. 05-146 amended Subsec. (d) to specify that it is the “Victim Services Unit” within the Department of Correction to which a person gives notice of the filing of an application and which notifies any victim who requested notification of the filing of the application; P.A. 06-187 amended Subsec. (a) to require person in custody of Commissioner of Correction to register at such time prior to release as commissioner directs, require person who changes such person's name to notify commissioner in writing of new name without undue delay, replace requirement that person who changes such person's address register new address in writing with commissioner within five days with requirement that such person notify commissioner in writing of new address without undue delay, reposition provision re notification of employment, vocational or student status at trade or professional institution or institution of higher learning in this state and of any change in such status, require that such notification be made “without undue delay”, and require that notification person must give re employment, vocational or student status in another state be given “without undue delay”, amended Subsec. (c) to include a violation of Sec. 53a-189a(a)(2) and amended Subsec. (e) to add exception that person who fails to notify commissioner without undue delay of change of name, address or status or another reportable event is subject to penalty if such failure continues for five business days, effective July 1, 2006; P.A. 06-196 changed effective date of P.A. 06-187, S. 34-36 from July 1, 2006, to October 1, 2006, effective June 7, 2006; June Sp. Sess. P.A. 07-4 amended Subsec. (a) to require registration of person's “electronic mail address, instant message address or other similar Internet communication identifier, if any,” and require registrant who establishes or changes such an identifier to notify Commissioner of Public Safety in writing of such identifier without undue delay; pursuant to P.A. 11-51, “Commissioner of Public Safety” was changed editorially by the Revisors to “Commissioner of Emergency Services and Public Protection”, effective July 1, 2011; P.A. 15-211 amended Subsec. (a) to add provision re 10-year registration period to start from date of person's release into the community; P.A. 15-213 amended Subsec. (c) to add reference to Sec. 53a-189a(a)(3) or (4). Because statute imposes strict liability, actual notice to defendant and mens rea are not elements of the offense and therefore trial court's instructions were not constitutionally deficient. 286 C. 191. “Residence” means the act or fact of living in a given place for some time, but does not include temporary stays; “undue delay” means unwarranted or excessive postponement; legislature did not intend to adopt a bright-line definition for undue delay applicable to every situation but, rather, intended to make allowance for vagaries of individual conditions; “without undue delay” does not always mean within 5 business days. 306 C. 149. Trial court erred when concluding that a finding of homelessness always constitutes a change of address. 148 CA 760. Subsec. (a): Court's failure to advise defendant of registration requirement prior to defendant's Alford plea does not render defendant exempt from registration requirement. 296 C. 305. Absent clear expression of legislative intent, provisions do not apply to violations before effective date of section. 99 CA 358. Residence means any place of abode or dwelling place, however temporary it may be; court rejected defendant's claim that, due to the fact he was homeless, it was impossible for him to comply with the statutory requirement that he provide a residence address for registration purposes. 112 CA 458. Manifest injustice found where court not only failed to inform defendant that he would be required to register as a sex offender, but also failed to correct defendant's mistaken belief that by entering guilty plea pursuant to Sec. 53-21(a)(2), he would avoid such registration requirement. 127 CA 760. Because there was sufficient evidence supporting defendant's conviction of kidnapping in the second degree and because victim was under 18 at time offense was committed, Subsec. mandates defendant, upon release, register as a sex offender for a period of 10 years. 147 CA 598. Subsec. (b): Under the “may exempt” language in Subsec., even when the two enumerated factors are satisfied in a given case, the court still may decline to grant the registry exemption. 281 C. 5. Phrase “may exempt” means that a court may exercise its discretion to grant an exemption from registration once an individual has been convicted of violation of Sec. 53a-71(a)(1), regardless of whether the individual's obligation to register has commenced, as long as the two criteria set forth in Subsec. are satisfied, and therefore defendant retained statutory right to file application for exemption after having been placed on registry for approximately 7 years; plain language of Subsec. indicates that individual's right to seek exemption arises upon entry of judgment of conviction and continues throughout his or her obligation to register; Subsec. contains no provision imposing a temporal limitation on individual's statutory right to file application for exemption from registration. 320 C. 426. Trial court's determination of whether to exempt individual from registration requirements under Subsec. is properly reviewed under an abuse of discretion standard. 86 CA 186. Subsec. permits a court to grant defendant's request for an exemption from the registration requirements after the obligation to register has commenced, where the registration was made a special condition of probation and the court finds that defendant's later rehabilitated status justifies modification. 147 CA 465.

(a) Any person who has been convicted or found not guilty by reason of mental disease or defect of a sexually violent offense, and (1) is released into the community on or after October 1, 1988, and prior to October 1, 1998, and resides in this state, shall, on October 1, 1998, or within three days of residing in this state, whichever is later, or (2) is released into the community on or after October 1, 1998, shall, within three days following such release or, if such person is in the custody of the Commissioner of Correction, at such time prior to release as the commissioner shall direct, register such person's name, identifying factors and criminal history record, documentation of any treatment received by such person for mental abnormality or personality disorder, and such person's residence address and electronic mail address, instant message address or other similar Internet communication identifier, if any, with the Commissioner of Emergency Services and Public Protection on such forms and in such locations as said commissioner shall direct, and shall maintain such registration for life. Prior to accepting a plea of guilty or nolo contendere from a person with respect to a sexually violent offense, the court shall (A) inform the person that the entry of a finding of guilty after acceptance of the plea will subject the person to the registration requirements of this section, and (B) determine that the person fully understands the consequences of the plea. If any person who is subject to registration under this section changes such person's name, such person shall, without undue delay, notify the Commissioner of Emergency Services and Public Protection in writing of the new name. If any person who is subject to registration under this section changes such person's address, such person shall, without undue delay, notify the Commissioner of Emergency Services and Public Protection in writing of the new address and, if the new address is in another state, such person shall also register with an appropriate agency in that state, provided that state has a registration requirement for such offenders. (c) Notwithstanding the provisions of subsections (a) and (b) of this section, during the initial registration period following October 1, 1998, the Commissioner of Emergency Services and Public Protection may phase in completion of the registration procedure for persons released into the community prior to said date over the first three months following said date, and no such person shall be prosecuted for failure to register under this section during those three months provided such person complies with the directives of said commissioner regarding registration procedures. (d) Any person who violates the provisions of this section shall be guilty of a class D felony, except that, if such person violates the provisions of this section by failing to notify the Commissioner of Emergency Services and Public Protection without undue delay of a change of name, address or status or another reportable event, such person shall be subject to such penalty if such failure continues for five business days. (a) to replace provision requiring a person who "is released into the community on or after October 1, 1988," to register "within three days following such release or October 1, 1998, whichever is later" with provisions requiring a person who "is released into the community on or after October 1, 1988, and prior to October 1, 1998, and resides in this state" to register "on October 1, 1998, or within three days of residing in this state, whichever is later" and requiring a person who "is released into the community on or after October 1, 1998," to register "within three days of such release", to require that a person maintain registration "for life" rather than "until released from this obligation in accordance with section 54-255", to revise provision re changing address to and registering in another state, to add provision requiring a person who regularly travels into or within another state or temporarily resides in another state to notify the Commissioner of Public Safety and register with an appropriate agency in that state if that state has a registration requirement, and to add provision requiring registrants to submit to the retaking of a photographic image upon request and made technical changes, effective July 1, 1999; P.A. 02-89 amended Subsec. (b) to replace reference to Sec. 54-259 with Sec. 54-258a, reflecting repeal of Sec. 54-259 by the same public act; May 9 Sp. Sess. P.A. 02-7 amended Subsec. (a) to make requirement that a person subject to registration under this section notify the commissioner and register with an appropriate agency in another state applicable if such person "is employed in another state, carries on a vocation in another state or is a student in another state" rather than if such person "regularly travels into or within another state or temporarily resides in another state for purposes including, but not limited to employment or schooling" and to add provision requiring any person subject to registration under this section who is employed at, carries on a vocation at or is a student at a trade or professional institution or institution of higher learning in this state to notify the commissioner of such status and any

change in such status, effective August 15, 2002; P.A. 06-187 amended Subsec. (a) to require person in custody of Commissioner of Correction to register at such time prior to release as commissioner directs, require person who changes such person's name to notify commissioner in writing of new name without undue delay, replace requirement that person who changes address register new address in writing with commissioner within five days with requirement that such person notify commissioner in writing of new address without undue delay, reposition provision re notification of employment, vocational or student status at trade or professional institution or institution of higher learning in this state and of any change in such status, require that such notification be made "without undue delay", and require that notification person must give re employment, vocational or student status in another state be given "without undue delay", amended Subsec. (b) to add exception re maintenance of registration for 10 years for offense classified as a criminal offense against victim who is a minor and that is subject to 10-year period of registration and amended Subsec. (d) to add exception that person who fails to notify commissioner without undue delay of change of name, address or status or another reportable event is subject to penalty if such failure continues for 5 business days, effective July 1, 2006; P.A. 06-196 changed effective date of P.A. 06-187, S. 37 from July 1, 2006, to October 1, 2006, effective June 7, 2006; June Sp. Sess. P.A. 07-4 amended Subsec. (a) to require registration of person's "electronic mail address, instant message address or other similar Internet communication identifier, if any," require registrant who establishes or changes such an identifier to notify Commissioner of Public Safety in writing of such identifier without undue delay and make technical changes; pursuant to P.A. 11-51, "Commissioner of Public Safety" was changed editorially by the Revisors to "Commissioner of Emergency Services and Public Protection", effective July 1, 2011; P.A. 15-211 amended Subsec. (b) to add provision re 10-year registration period to start from date of person's release into the community. Violation of section is a threat to the public in general, thus the state has an important interest at stake, and involuntary administration of medication to render the accused competent for trial is justified. 122 CA 664. Defendant's federal and state equal protection challenges properly denied because defendant failed to demonstrate lack of a rational basis for the lifetime registration requirement for those convicted of violent second degree sexual assaults as compared to the 10-year registration requirement for those convicted of nonviolent second degree sexual assaults; requiring lifetime sexual offender registration for those convicted of violent second degree sexual assaults is rationally related to the government's legitimate interest in protecting the public from sexual offenders whose actions demonstrate a willingness to use force or the threat of force. 151 CA 658. Subsec. (b): Registration of nonviolent offenders under another statute does not negate requirement that sexual offenders register under repealed Sec. 52-102n. 99 CA 358.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 969 - Registration of Sexual Offenders Section 54-255. - Restriction on dissemination of registration information for certain offenders.

(a) Upon the conviction or finding of not guilty by reason of mental disease or defect of any person for a violation of section

53a-70b of the general statutes, revision of 1958, revised to January 1, 2019, the court may order the Department of Emergency Services and Public Protection to restrict the dissemination of the registration information to law enforcement purposes only and to not make such information available for public access, provided the court finds that dissemination of the registration information is not required for public safety and that publication of the registration information would be likely to reveal the identity of the victim within the community where the victim resides. The court shall remove the restriction on the dissemination of such registration information if, at any time, the court finds that public safety requires that such person's registration information be made available to the public or that a change of circumstances makes publication of such registration information no longer likely to reveal the identity of the victim within the community where the victim resides. Prior to ordering or removing the restriction on the dissemination of such person's registration information, the court shall consider any information or statements provided by the victim. (b) Upon the conviction or finding of not guilty by reason of mental disease or defect of any person of a criminal offense against a victim who is a minor, a nonviolent sexual offense or a sexually violent offense, where the victim of such offense was, at the time of the offense, under eighteen years of age and related to such person within any of the degrees of kindred specified in section 46b-21, the court may order the Department of Emergency Services and Public Protection to restrict the dissemination of the registration information to law enforcement purposes only and to not make such information available for public access, provided the court finds that dissemination of the registration information is not required for public safety and that publication of the registration information would be likely to reveal the identity of the victim within the community where the victim resides. The court shall remove the restriction on the dissemination of such registration information if, at any time, it finds that public safety requires that such person's registration information be made available to the public or that a change in circumstances makes publication of the registration information no longer likely to reveal the identity of the victim within the community where the victim resides. (c) Any person who: (1) Has been convicted or found not guilty by reason of mental disease or defect of a violation of subdivision (1) of subsection (a) of section 53a-71 between October 1, 1988, and June 30, 1999, and was under nineteen years of age at the time of the offense; (2) has been convicted or found not guilty by reason of mental disease or defect of a violation of subdivision (2) of subsection (a) of section 53a-73a between October 1, 1988, and June 30, 1999; (3) has been convicted or found not guilty by reason of mental disease or defect of a criminal offense against a victim who is a minor, a nonviolent sexual offense or a sexually violent offense, between October 1, 1988, and June 30, 1999, where the victim of such offense was, at the time of the offense, under eighteen years of age and related to such person within any of the degrees of kindred specified in section 46b-21; (4) has been convicted or found not guilty by reason of mental disease or defect of a violation of section 53a-70b of the general statutes, revision of 1958, revised to January 1, 2019, between October 1, 1988, and June 30, 1999; or (5) has been convicted or found not guilty by reason of mental disease or defect of any crime between October 1, 1988, and September 30, 1998, which requires registration under sections 54-250 to 54-258a, inclusive, and (A) served no jail or prison time as a result of such conviction or finding of not guilty by reason of mental disease or defect, (B) has not been subsequently convicted or found not guilty by reason of mental disease or defect of any crime which would require registration under sections 54-250 to 54-258a, inclusive, and (C) has registered with the Department of Emergency Services and Public Protection in accordance with sections 54-250 to 54-258a, inclusive; may petition the court to order the Department of Emergency Services and Public Protection to restrict the dissemination of the registration information to law enforcement purposes only and to not make such information available for public access. Any person who files such a petition shall, pursuant to subsection (b) of section 54-227, notify the Office of Victim Services and the Victim Services Unit within the Department of Correction of the filing of such petition. The Office of Victim Services or the Victim Services Unit within the Department of Correction, or both, shall, pursuant to section 54-230 or 54-230a, notify any victim who has requested notification pursuant to subsection (b) of section 54-228 of the filing of such petition. Prior to granting or denying such petition, the court shall consider any information or statements provided by the victim. The court may order the Department of Emergency Services and Public Protection to restrict the dissemination of the registration information to law enforcement purposes only and to not make such information available for public access, provided the court finds that dissemination of the registration information is not required for public safety. (P.A. 98-111, S. 6; P.A. 99-183, S. 6, 13; P.A. 01-211, S. 2; P.A. 02-89, S. 87; P.A. 05-146, S. 6; P.A. 11-51, S. 134; P.A. 19-189, S. 41.) History: P.A. 99-183 entirely replaced existing provisions that had authorized a person registered under Sec. 54-252 to apply to the court after 10 years for release from the obligation to register, that had required the court to grant such application if the person proved by clear and convincing evidence that he does not suffer from a mental abnormality or personality disorder that makes him likely to engage in sexually violent offenses and that had specified the procedure for the court to follow in acting on such application with new provisions authorizing the court under certain circumstances to order the Department of Public Safety to restrict the dissemination of registration information with respect to certain offenders to law enforcement purposes only and not make such information available for public access, effective July 1, 1999; P.A. 01-211 amended Subsec. (c) to add provisions requiring any person who files a petition to notify the Office of Victim Services and the Department of Correction of the filing of such petition, requiring said office or department, or both, to notify any victim who has requested notification of the filing of such petition and requiring the court to consider any information or statements provided by the victim prior to granting or denying such petition; P.A. 02-89 amended Subsec. (c) to replace references to Sec. 54-259 with Sec. 54-258a, reflecting repeal of Sec. 54-259 by the same public act; P.A. 05-146 amended Subsec. (c) to specify that it is the "Victim Services Unit" within the Department of Correction to which a person gives notice of the filing of a petition and which notifies any victim who requested notification of the filing of the petition; pursuant to P.A. 11-51, "Department of Public Safety" was changed editorially by the Revisors to "Department of Emergency Services and Public Protection", effective July 1, 2011; P.A. 19-189 amended Subsec. (a) and Subsec. (c)(4) by replacing "53a-70b" with "53a-70b of the general statutes, revision of 1958, revised to January 1, 2019,".

“Registration information” means any information that is received, maintained and disseminated by the registry, and restricted registration information should not be disclosed except as provided in Sec. 54-258(a)(4). 298 C. 703. When properly read in context, the phrase “jail or prison time” in Subsec. (c)(5)(A) is most reasonably construed to include confinement in a hospital for psychiatric disabilities pursuant to Sec. 17a-582(e)(1). 225 CA 16.

2024 Connecticut General Statutes Title 54 - Criminal Procedure Chapter 969 - Registration of Sexual Offenders Section 54-256. - Responsibilities of courts and agencies in registration process.

(a) Any court, the Commissioner of Correction or the Psychiatric Security Review Board, prior to releasing into the community any person convicted or found not guilty by reason of mental disease or defect of a criminal offense against a victim who is a minor, a nonviolent sexual offense, a sexually violent offense or a felony found by the sentencing court to have been committed for a sexual purpose, except a person being released unconditionally at the conclusion of such person's sentence or commitment, shall require as a condition of such release that such person complete the registration procedure established by the Commissioner of Emergency Services and Public Protection under sections 54-251, 54-252 and 54-254. The court, the Commissioner of Correction or the Psychiatric Security Review Board, as the case may be, shall provide the person with a written summary of the person's obligations under sections 54-102g and 54-250 to 54-258a, inclusive, and transmit the completed registration package to the Commissioner of Emergency Services and Public Protection who shall enter the information into the registry established under section 54-257. (b) Whenever a person is convicted or found not guilty by reason of mental disease or defect of an offense that will require such person to register under section 54-251, 54-252 or 54-254, the court shall provide to the Department of Emergency Services and Public Protection a written summary of the offense that includes the age and sex of any victim of the offense and a specific description of the offense. Such summary shall be added to the registry information made available to the public through the Internet. (P.A. 98-111, S. 7; P.A. 99-183, S. 7, 13; P.A. 02-89, S. 88; May 9 Sp. Sess. The commissioner shall issue regulations, in accordance with nationally accepted standards, concerning the specifications for safety glass and plastic

materials and the locations where they may be used. (b) The term “safety glass”, as used in this chapter, means glass so treated or combined with other materials that its use in motor vehicles will afford a greater degree of protection to occupants thereof than the use of glass not so treated or combined. (1949 Rev., S. 2447; 1949, S. 1335d; 1959, P.A. 62, S. 6.) History: 1959 act removed provision for approval by commissioner of type of safety glass and added provision re issuance of regulations by commissioner in Subsec. (a). See Sec. 14-99f re windshield and view requirements. See Sec. 14-99g re use of tinted or reflectorized windows and obstruction of view. Registration of a motor vehicle, the windshield of which was not composed of approved safety glass as required by former statute, is not negligence which can be the basis of a cause of action against the public official issuing the registration by an individual injured, as the duty imposed was to the public. 142 C. 585. Duty imposed on Commissioner of Motor Vehicles is a public duty and he is liable only to the state for nonperformance. 19 CS 172.

Except as provided in subsection (c) of this section, any such motor vehicle or major component part or agricultural tractor or farm implement shall be disposed of in accordance with the provisions of section 54-36a, and in the case of a motor vehicle for which the owner, registration or title has been identified, a report of such action shall be made to the Commissioner of Motor Vehicles. Such officer or inspector may take into custody the operator of such motor vehicle or agricultural tractor or farm implement or person in possession of such part and present such operator or person before a proper court. No such operator or person shall be discharged from custody until such operator or person has proved to the satisfaction of the court the ownership of such motor vehicle or such part or such agricultural tractor or farm implement and such

operator's or person's right to its custody, provided any such operator or person may be admitted to bail pending proceedings thereon. If such operator or person is unable to establish ownership of such motor vehicle or such part or such agricultural tractor or farm implement to the satisfaction of the court, the court shall order such motor vehicle or part to be forfeited and turned over to the police department or agency whose officer or inspector seized such motor vehicle or part or agricultural tractor or farm implement to be used for such department or agency's purposes or sold at auction with the proceeds given to such department or agency. No officer or inspector shall be personally liable for any official act performed under the provisions of this section. If satisfied as to the facts, the commissioner may grant permission to cut, impress or emboss permanently into the motor of such motor vehicle, construction equipment, agricultural tractor or farm implement a special identification number or mark which shall thereafter be deemed sufficient for the purpose of registration of such motor vehicle, construction equipment, agricultural tractor or farm implement. No person shall wilfully remove, deface, obliterate or change or cause to be removed, obliterated, defaced or changed any factory, serial or other identification number or mark on or from any motor vehicle, construction equipment, agricultural tractor or farm implement. (a): When applied by the court as having the clear meaning that it is unlawful knowingly to possess a vehicle with one or more altered vehicle identification numbers, Subsec. is not unconstitutionally vague; the operational language addresses motor vehicles, not vehicle

identification numbers, and defendant's convictions on multiple counts arising out of a single vehicle, but multiple altered vehicle identification numbers, violated defendant's right against multiple punishments for the same offense. 113 CA 541.

Gasoline Chapter 246 - Motor Vehicles Section 14-150. - Abandoned or unregistered motor vehicles and motor vehicles which are a menace to traffic. Notice. Removal. Storage. Hearing. Lien. Affidavit of compliance. Sale. Regulations re title to abandoned motor vehicles and re disposal of motor homes or recreational vehicles abandoned at campgrounds.

(a) Any person who abandons any motor vehicle within the limits of any highway or upon property other than such person's own without the consent of the owner thereof for a period longer than twenty-four hours shall have committed an infraction and shall be fined not less than eighty-five dollars. The last owner of record of a motor vehicle found abandoned, as shown by the files of the Department of Motor Vehicles, shall be deemed prima facie to have been the owner of such motor vehicle at the time it was abandoned and the person who abandoned the same or caused or procured its abandonment. (b) Any inspector of the Department of Motor Vehicles, any officer attached to an organized police department, any enforcement officer of a parking authority authorized under an ordinance adopted pursuant to section 7-204a to enforce parking regulations in the municipality in which it is located or any state police officer upon discovery of any motor vehicle, whether situated within or without any highway of this state, which is a menace to traffic or public health or safety, shall take such motor vehicle into such inspector's or officer's custody and cause the same to be taken to and stored in a suitable place. (c) Any inspector of the Department of Motor Vehicles, any officer attached to an organized police department, any enforcement officer of a parking authority authorized under an ordinance adopted pursuant to section 7-204a to enforce parking regulations in the municipality in which it is located or any state police officer, upon discovery of any motor vehicle apparently abandoned or a motor vehicle without proper registration, whether situated within or without any highway of this state, shall affix to such motor vehicle a notification sticker in a manner so as to be readily visible. This notification sticker shall contain the following information: (1) The date and time the notification sticker was affixed to the motor vehicle; (2) a statement that pursuant to this section, if the motor vehicle is not removed within twenty-four hours of the time the sticker was affixed, it shall be taken into custody and stored at the owner's expense; (3) the location and telephone number where additional information may be obtained; and (4) the identity of the affixing officer. If the motor vehicle is not removed within such twenty-four-hour period, the affixing department or parking authority shall take such motor vehicle into its custody and cause the same to be stored in a suitable place, except that such department or parking authority shall make a reasonable attempt to notify the owner of any such motor vehicle which is determined to be stolen prior to taking such vehicle into its custody and shall allow such owner to make arrangements for removal of such vehicle. (d) If the motor vehicle has no registration marker plates or invalid registration marker plates, and if such inspector or officer makes a determination in good faith that (1) the motor vehicle is apparently abandoned, (2) the market value of such motor vehicle in its current condition is five hundred dollars or less, and (3) the motor vehicle is so vandalized, damaged, or in disrepair as to be unusable as a motor vehicle, title to such motor vehicle shall, upon taking custody of such motor vehicle, immediately vest in the municipality in which the motor vehicle was discovered. Within

forty-eight hours of the time that such motor vehicle is taken into custody, the affixing department or parking authority shall notify the Commissioner of Motor Vehicles, in writing, of the vehicle identification number and a description of the motor vehicle and thereafter shall immediately sell or transfer such motor vehicle to a recycler licensed in accordance with section 14-67l. Upon sale or other disposition of the motor vehicle, the affixing department or parking authority shall give written notice by certified mail, return receipt requested, to the person who was the owner of such motor vehicle at the time of abandonment, if known, which notice shall state that the motor vehicle has been sold or otherwise disposed of. The proceeds of the sale or disposition, or the fair market value of the motor vehicle in its current condition, whichever is greater, less the towing and sale or disposal expenses and the amount of any fines due, shall be paid to such person or such person's representatives, if claimed by such person or such person's representatives within one year from the date of sale. If such balance is not claimed within such period, it shall escheat to the municipality. If the expenses incurred by the municipality for towing and the sale or disposition of such motor vehicle and any such fines exceed the proceeds of such sale or disposition, such person shall be liable to such municipality for such excess amount. (e) Within forty-eight hours of the time that a motor vehicle is taken into custody and stored pursuant to subsection (b) or (c) of this section, the affixing department or parking authority shall give written notice by certified mail, return receipt requested, to the owner and any lienholders of such motor vehicle, if such motor vehicle appears on the records of the Department of Motor Vehicles. The notice shall state: (1) That the motor vehicle has been taken into custody and stored, (2) the location of storage of the motor vehicle, (3) that, unless title has already vested in the municipality pursuant to subsection (d) of this section, such motor vehicle may be sold after (A) fifteen days if the market value of such motor vehicle does not exceed one thousand five hundred dollars, or (B) forty-five days if the value of such motor vehicle exceeds one thousand five hundred dollars, and (4) that the owner has a right to contest the validity of such taking by application, on a form prescribed by the Commissioner of Motor Vehicles, to the hearing officer named in such notice within ten days from the date of such notice. Such application forms shall be made readily available to the public at all offices of the Department of Motor Vehicles, parking authorities authorized under an ordinance adopted pursuant to section 7-204a to enforce parking regulations and state and local police departments. (f) (1) The chief executive officer of each town shall appoint a suitable person, who shall not be a member of any state or local police department, to be a hearing officer to hear applications to determine whether or not the towing within such municipality of such motor vehicle was authorized under the provisions of this section. Two or more towns may join in appointing such hearing officer; provided any such hearing shall be held at a location which is as near to the town within which such motor vehicle was towed as is reasonable and practicable. The commissioner shall establish by regulation the qualifications necessary for hearing officers and procedures for the holding of such hearings. If it is determined at such hearing that the vehicle was not a menace to traffic, abandoned or unregistered, as the case may be, the owner of such motor vehicle shall not be liable for any expenses incurred as a result of the taking and storage of such motor vehicle, the lien provisions of this section shall not apply to such owner, and the department which took and stored such motor vehicle shall be liable for such expenses. If the owner, prior to such determination, pays such expenses and the storage charges of such motor vehicle, and it is determined at such hearing that the motor vehicle was not a menace to traffic, abandoned or unregistered, as the case may be, the department or parking authority which took such motor vehicle shall be liable to such owner for the amount paid by such owner. Any person aggrieved by the decision of such hearing officer may, within fifteen days of the notice of such decision, appeal to the superior court for the judicial district wherein such hearing was held. (2) The chief executive officer of each municipality shall designate a suitable person who shall be responsible for the collection of data concerning abandoned motor vehicles within such municipality and the preparation and submission of periodic reports to the Commissioner of Motor Vehicles which shall contain such information as the commissioner may require. (g) The owner or keeper of any garage or other place where such motor vehicle is stored shall have a lien upon such motor vehicle for such owner's or keeper's towing or storage charges, or both, that result from towing or storage under this section. (1) Except as provided in subsection (d) of this section, if the current market value of such motor vehicle as determined in good faith by such owner or keeper does not exceed one thousand five hundred dollars and such motor vehicle has been stored for a period of not less than fifteen days, such owner or keeper shall, unless an application filed by the owner pursuant to subsection (e) of this section is pending and the owner of such motor vehicle has notified such owner or keeper that such application for hearing has been filed, send a notice of intent to sell that complies with subsection (h) of this section to the commissioner, the owner of such motor vehicle and any known lienholder of record of such motor vehicle within such period. Upon approval by the commissioner of the notice of intent to sell, the commissioner shall issue such owner or keeper an affidavit of compliance. Such owner or keeper shall sell such motor vehicle not less than five business days after the mailing date of the notice of intent to sell, and apply the proceeds of the sale toward such owner's or keeper's towing and storage charges. (2) If the current market value of such motor vehicle as determined in good faith by such owner or keeper exceeds one thousand five hundred dollars and if such motor vehicle has been stored for a period of not less than forty-five days, such owner or keeper shall, unless an application filed by the owner pursuant to subsection (e) of this section is pending and the owner of such motor vehicle has notified such owner or keeper that such application for hearing has been filed, send a notice of intent to sell that complies with subsection (h) of this section to the commissioner, the owner of such motor vehicle and any known lienholder of record of such motor vehicle within such period. Upon approval by the commissioner of the notice of intent to sell, the commissioner shall issue such owner or keeper an affidavit of compliance. Such owner or keeper shall sell such motor vehicle at public auction for cash, at such owner's or keeper's place of business not less than five business days after the mailing date of the notice of intent to sell. Such owner or keeper shall apply the proceeds of such sale toward the payment of such owner's or keeper's towing and storage charges and the payment of any debt or obligation incurred by the officer who placed such motor vehicle in storage. At any public auction held pursuant to this subsection, such owner or keeper may set a minimum bid equal to the amount of such owner's or keeper's charges and obligations

with respect to the tow and storage of the motor vehicle. If no such bid is made, such owner or keeper may sell or dispose of such vehicle. (h) The notice of intent to sell described in subsection (g) of this section shall include the make, model and vehicle identification number of such motor vehicle, the date such motor vehicle was left with the owner or keeper of the garage for storage and by whom and the registration number thereof if any number plates are on such motor vehicle, and shall be placed on file by the commissioner and subject to public inspection. The notice of intent to sell shall be accompanied by a statement to the owner and known lienholder of such motor vehicle indicating the date, time and place of the sale of such motor vehicle, and the manner of the sale, as specified in subdivision (1) or (2) of subsection (g) of this section. Such owner or keeper shall give such notice and accompanying statement to such motor vehicle owner and lienholder by certified mail, return receipt requested. Such statement shall indicate that any proceeds in excess of such owner's or keeper's charges and obligations may be claimed by the owner of such motor vehicle within one year from the date of such sale. The fee for filing such notice of intent and accompanying statement shall be ten dollars. Any sale under the provisions of this section shall be void, unless such owner or keeper provides the notice required by this section. (i) At the time of a sale conducted under subsection (g) of this section, such owner or keeper shall provide the purchaser of such motor vehicle with the affidavit of compliance issued by the commissioner. Except for a thirty-day period immediately following the date such motor vehicle was placed in storage under subdivision (1) of subsection (g) of this section, or a sixty-day period immediately following the date such motor vehicle was placed in storage under subdivision (2) of subsection (g) of this section, the commissioner may limit the number of days that such owner or keeper may charge for storage of the motor vehicle prior to the time such motor vehicle was sold unless such owner or keeper provides evidence to the commissioner that the storage charges accrued as a result of such owner or keeper's reliance upon statements or representations made by the owner or lienholder of the motor vehicle or as a result of such owner's or keeper's good faith effort to negotiate the return of such motor vehicle to such owner or lienholder. (j) The owner or keeper of such garage shall report the sales price, storing, towing and repair charges, if any; buyer's name and address; identification of the vehicle and such other information as may be required in regulations adopted pursuant to this section, to the commissioner within fifteen days after the sale of the motor vehicle. The proceeds of such sale, after deducting the amount due such owner or keeper and all expenses connected with such sale, including the expenses of the officer who placed such motor vehicle in storage, shall be paid to the owner of such motor vehicle or such owner's legal representatives, if claimed by such owner or such owner's legal representatives at any time within one year from the date of such sale. If such balance is not claimed within said period, it shall escheat to the state. (k) The Commissioner of Motor Vehicles shall adopt regulations, in accordance with the provisions of chapter 54, to carry out the purposes of this section. The regulations shall (1) specify the circumstances under which title to any motor vehicle abandoned within the limits of any highway may be transferred to any person, firm or corporation towing such vehicle, (2) establish the procedure whereby such person, firm or corporation may obtain title to such motor vehicle, and (3) specify the circumstances under which the owner of a campground may dispose of a motor home or recreational vehicle abandoned on such owner's property and establishing procedures governing such disposal. (a)(1) For assessment years commencing prior to October 1, 2024, if any property tax, or any installment thereof, laid by any city, town, borough or other taxing district upon a registered motor vehicle or snowmobile remains unpaid, the tax collector of such city,

town, borough or other taxing district shall notify the Commissioner of Motor Vehicles of such delinquency in accordance with subsection (e) of this section and guidelines and procedures established by the commissioner. The commissioner shall not issue registration for such motor vehicle or snowmobile for the next registration period if, according to the commissioner's records, it is then owned by the person against whom such tax has been assessed or by any person to whom such vehicle has not been transferred by bona fide sale. Unless notice has been received by the commissioner under the provisions of section 14-33a, no such registration shall be issued until the commissioner receives notification that the tax obligation has been legally discharged; nor shall the commissioner register any other motor vehicle, snowmobile, all-terrain vehicle or vessel in the name of such person, except that the commissioner may continue to register other vehicles owned by a leasing or rental firm licensed pursuant to section 14-15, and may issue such registration to any private owner of three or more paratransit vehicles in direct proportion to the percentage of total tax due on such vehicles which has been paid and notice of payment on which has been received. The Commissioner of Motor Vehicles may immediately suspend or cancel all motor vehicle, snowmobile, all-terrain vehicle or vessel registrations issued in the name of any person (A) who has been reported as delinquent and whose registration was renewed through an error or through the production of false evidence that the delinquent tax on any motor vehicle or snowmobile had been paid, or (B) who has been reported by a tax collector as having paid a property tax on a motor vehicle or snowmobile with a check which was dishonored by a bank and such tax remains unpaid. Any person aggrieved by any action of the commissioner under this section may appeal therefrom in the manner provided in section 14-134. For the purposes of this subsection, "paratransit vehicle" means a motor bus, taxicab or motor vehicle in livery service operated under a certificate of convenience and necessity issued by the Department of Transportation or by a transit district and which is on call or demand or used for the transportation of passengers for hire. (2) For assessment years commencing on or after October 1, 2024, if any property tax, or any installment thereof, laid by any city, town, borough or other taxing district upon a motor vehicle remains unpaid, regardless of whether such motor vehicle is classified on the grand list as a registered motor vehicle or personal property pursuant to section 12-41, the tax collector of such city, town, borough or other taxing district shall notify the Commissioner of Motor Vehicles of such delinquency in accordance with subsection (e) of this section and guidelines and procedures established by the commissioner. The commissioner shall not issue registration for such motor vehicle for the next registration period if, according to the commissioner's records, it is then owned by the person against whom such tax has been assessed or by any person to whom such vehicle has not been transferred by bona fide sale. Unless notice has been received by the commissioner under the provisions of section 14-33a, no such registration shall be issued until the commissioner receives notification that the tax obligation has been legally discharged; nor shall the commissioner register any other motor vehicle, snowmobile, all-terrain vehicle or vessel in the name of such person, except that the commissioner may continue to register other vehicles owned by a leasing or rental firm licensed pursuant to section 14-15, and may issue such registration to any private owner of three or more paratransit vehicles in direct proportion to the percentage of total tax due on such vehicles which has been paid and notice of payment on which has been received. The Commissioner of Motor Vehicles may immediately suspend or cancel all motor vehicle, snowmobile, all-terrain vehicle or vessel registrations issued in the name of any person (A) who has been reported as delinquent and whose registration was renewed through an error or through the production of false evidence that the delinquent tax on any motor vehicle had been paid, or (B) who has been reported by a tax collector as having paid a property tax on a motor vehicle with a check which was dishonored by a bank and such tax remains unpaid. (b) (1) For assessment years commencing prior to October 1, 2024, notwithstanding the provisions of subsection (a) of this section, the Commissioner of Motor Vehicles, in consultation with the Treasurer and the Secretary of the Office of Policy and Management, may enter into an agreement with the tax collector of any city, town, borough or other taxing district whereby the commissioner shall collect any property tax or any installment thereof on a registered motor vehicle which remains unpaid from any person against whom such tax has been assessed who makes application for registration for such motor vehicle. (2) For assessment years commencing on and after October 1, 2024, notwithstanding the provisions of subsection (a) of this section, the Commissioner of Motor Vehicles, in consultation with the Treasurer and the Secretary of the Office of Policy and Management, may enter into an agreement with the tax collector of any city, town, borough or other taxing district whereby the commissioner shall collect any property tax or any installment thereof on any motor vehicle which remains unpaid from any person against whom such tax has been assessed who makes application for registration for such motor vehicle. (3) Any agreement entered into pursuant to subdivision (1) or (2) of this subsection shall include a procedure for the remission of taxes collected to the city, town, borough or other taxing district, on a regular basis, and may provide that a fee be paid by the city, town, borough or other taxing district to the commissioner to cover any costs associated with the administration of the agreement. In the event an agreement is in effect, the commissioner shall immediately issue a registration for a motor vehicle owned by a person against whom such tax has been assessed upon receipt of payment of such tax and a service fee of two dollars, in addition to the fee prescribed for the renewal of the registration. (c) On and after March 1, 1989, any municipality may participate in a program administered by the Commissioner of Motor Vehicles to facilitate the payment of fines for parking violations. If any such municipality elects to participate in such program, it shall provide for a notice of violation to be served personally upon the operator of a motor vehicle who is present at the time of service. If the operator is not present, the notice shall be served upon the owner of the motor vehicle by affixing notice to said vehicle in a conspicuous place, or, in the case of the city of Hartford Parking Authority, by regular or certified mail to the registered owner of the vehicle, which shall have the same effect as if the notice of violation was personally served on the owner or operator of the vehicle. In the case of any motor vehicle that is leased or rented by the owner, not more than thirty days after the initial notice of a parking violation for which a fine remains unpaid at such time, a second notice of violation shall be mailed to the address of record of the owner leasing or renting the motor vehicle to such operator. No fines or penalties shall accrue to the owner of such rented or leased vehicle for the violation for a period

of sixty days after the second notice is mailed. Upon receipt of such notification, the owner of such rented or leased vehicle may notify the municipality as to whom the lessee was at the time of such issuance of the notice of violation, the lessee's address, motor vehicle operator's license number and state of issuance, and the municipality shall issue such notice of violation to such lessee. A participating municipality shall notify the commissioner of every owner of a registered motor vehicle who has unpaid fines for more than five parking violations committed within such municipality on and after March 1, 1989. Upon receipt of such notification, the commissioner shall not issue or renew the motor vehicle registration of such person until he receives notification from such municipality that the delinquent fines have been paid. (d) The provisions of subsection (c) of this section shall not apply to any person, firm or corporation engaged in the business of leasing or renting motor vehicles without drivers in this state with respect to any motor vehicle which is leased or rented. The commissioner shall adopt regulations, in accordance with chapter 54, to implement the provisions of subsection (c) of this section. (e) The tax collector of a city, town, borough or other district shall, at least once during each calendar month, notify the Commissioner of Motor Vehicles of any outstanding delinquent property tax payment or installment thereof for a registered motor vehicle or snowmobile. If a tax collector fails to provide such notice to the commissioner, the commissioner shall not be required to deny the issuance of a registration, pursuant to subsection (a) of this section, to the person against whom such tax has been assessed by said city or town, or by a borough or other taxing district located therein. (f) Any city, town, borough or other taxing district that notifies the commissioner of (1) a delinquency in accordance with subsection (a) of this section, or (2) an owner of a registered motor vehicle who has unpaid fines for more than five parking violations in accordance with subsection (c) of this section, may participate in a program to issue temporary registrations for passenger motor vehicles on behalf of the commissioner to persons whose registrations have been denied, and who subsequently make full payment to the city, town, borough or other taxing district for the amounts owed under said subsections. A participating city, town, borough or other taxing district shall issue such temporary registrations in accordance with subsection (i) of section 14-12 and shall retain the fees authorized in subsection (n) of section 14-49 for such registrations. The commissioner may adopt regulations in accordance with chapter 54 to carry out the provisions of this subsection. Each youth instruction permit shall expire two years from the date of issuance or on the date the holder of the permit is issued a motor vehicle operator's license, whichever is earlier. Such hours of instruction required by this subdivision shall be included as part of or in addition to any existing instruction programs. Any fee charged for the course required under subparagraph (B) of this subdivision shall not exceed one hundred fifty dollars. Any applicant sixteen or seventeen years of age who, while a resident of another state, completed the course required in subparagraph (A) of this subdivision, but did not complete the safe driving course required in subparagraph (B) of this subdivision, shall complete the safe driving course. The commissioner may waive any requirement in this subdivision, except for that in subparagraph (C) of this subdivision, in the case of an applicant sixteen or seventeen years of age who holds a valid motor vehicle operator's license issued by any other state, provided the commissioner is satisfied that the applicant has received training and instruction of a similar nature. (2) The commissioner may accept as evidence of sufficient training under subparagraph (A) of subdivision (1) of this subsection home training as evidenced by a written statement submitted to the commissioner, in such manner as the commissioner directs. Such statement shall be signed by the spouse of a married minor applicant, or by a parent, grandparent, foster parent or legal guardian of an applicant, and state that the applicant has obtained a youth instruction permit and has successfully completed a driving course taught by the person signing the statement, that the signer has had an operator's license for at least four years preceding the date of the statement, and that the signer has not had such license suspended by the commissioner for at least four years preceding the date of the statement. The knowledge test shall also be administered in a written or electronic format in at least twenty-six other languages that the commissioner, in consultation with representatives of organizations that advocate on behalf of or assist immigrants, refugees or other persons who are English language learners, determines are responsive to the linguistic needs of the emerging immigrant and refugee populations in the state. Each knowledge test offered in such other languages shall be reviewed by a person who is fluent in the language of such knowledge test and may also be administered in an audio format as the commissioner deems appropriate. The commissioner shall require any applicant under this section to have sufficient understanding of English for the interpretation of traffic control signs. (4) The commissioner may adopt regulations, in accordance with the provisions of chapter 54, to implement the purposes of this subsection concerning the requirements for behind-the-wheel, on-the-road instruction, the content of safe driving instruction at drivers' schools, high schools and other secondary schools, and the administration and certification of required testing. (e) Requirements for issuance of operator's license. (2) Except any applicant described in section 14-36m, an applicant for a new motor vehicle operator's license shall submit with the application a copy of such applicant's birth certificate or other prima facie evidence, as determined by the commissioner, of date of birth and evidence of identity. (3) Before granting a license to any applicant who has not previously held a Connecticut motor vehicle operator's license, or whose Connecticut motor vehicle operator's license expired more than two years prior to the application date, the commissioner shall require the applicant to demonstrate personally to the commissioner, a deputy, a motor vehicle inspector or an agent of the commissioner, in such manner as the commissioner directs, that the applicant is a proper person to operate motor vehicles of the class for which such applicant has applied, has sufficient knowledge of the mechanism of the motor vehicles to ensure their safe operation by him or her and has satisfactory knowledge of the laws concerning motor vehicles and the rules of the road. The knowledge test of an applicant for a class D motor vehicle operator's license shall include a question concerning highway work zone safety and the responsibilities of an operator of a motor vehicle under section 14-212d. If any such applicant has held a license from a state, territory or possession of the United States where a similar examination is required, the commissioner may waive part or all of the examination. If any such applicant is (A) a veteran who applies not later than two years after the date of discharge from the military and who, prior to such discharge, held a military operator's license for motor vehicles of the same class as that for which such applicant has applied, or (B) a member of the armed forces or the National Guard who currently holds a military operator's license for motor vehicles of the same class as that for which such applicant has applied, the commissioner shall waive all of the examination, except in the case of a commercial motor vehicle license, the commissioner shall waive the driving skills test for such applicant and may, in such commissioner's discretion, waive the knowledge test for such application, provided such applicant meets the conditions set forth in 49 CFR 383.77, as amended from time to time. For the purposes of this subsection, "veteran" and "armed forces" have the same meanings as provided in section 27-103. (4) If any applicant or operator license holder has any health problem which might affect such person's ability to operate a motor vehicle safely, the commissioner may require the applicant or license holder to demonstrate personally or otherwise establish that, notwithstanding such problem, such applicant or license holder is a proper person to operate a motor vehicle, and the commissioner may further require a certificate of such applicant's condition, signed by a medical authority designated by the commissioner, which certificate shall in all cases be treated as confidential by the commissioner. A license, containing such limitation as the commissioner deems advisable, may be issued or renewed in any case, but nothing in this section shall be construed to prevent the commissioner from refusing a license, either limited or unlimited, to any person or suspending a license of a person whom the commissioner determines to be incapable of safely operating a motor vehicle. Consistent with budgetary allotments, each motor vehicle operator's license issued to or renewed by a person who is deaf or hard of hearing shall, upon the request of such person, indicate such impairment. Such person shall submit a certificate stating such impairment, in such form as the commissioner may require and signed by a licensed health care practitioner. Each driving history record shall contain a notation of the date on which such inquiry was made. (i) Penalties.
