(g) The Attorney General shall, within 10 days after receiving notification of a pending release pursuant to subsection (a) or subsection (b) of this section, or notification of release pursuant to subsection (d) of this section, assess the offender in accordance with the Registrant Risk Assessment Scale, the form of which and a manual for which are attached hereto as Exhibit A. The Attorney General shall notify the Delaware State Police and the chief law-enforcement officer of the jurisdiction where the offender intends to reside as to the resulting score on the Registrant Risk Assessment Scale, and shall forward a copy of the completed Registrant Risk Assessment Scale to the Superintendent of the Delaware State Police and to the chief law-enforcement officer of the jurisdiction where the registrant offender intends to reside.

(h) The chief law-enforcement officer of the jurisdiction where the inmate intends to reside, or the Superintendent of State Police if no local agency exists, shall provide notification of the convicted sex offender's release in accordance with the following guidelines:

(1) Those persons receiving a "Low Risk" score on the Registrant Risk Assessment Scale shall be considered a Tier One offender. The release of Tier One offenders will require notification to all law-enforcement agencies with jurisdiction over the area where the offender intends to reside.

(2) Those persons receiving a "Moderate Risk" score on the Registrant Risk Assessment Scale shall be considered a Tier Two offender. In addition to law-enforcement notification, the release of a Tier Two offender shall require a Community Organization Alert pursuant to this paragraph. Such Community Organization Alert may include a photograph of the offender if deemed appropriate by the notifying agency. In order to be a community organization entitled to Tier Two notification, such organizations must register with the local law-enforcement agency, or where the community has no local law-enforcement agency, with the Superintendent of State Police. Organizations may only be included on the notification list if they operate an establishment where children gather under their care or where women are cared for. The State Board of Education shall provide all law-enforcement agencies within the State a list of all educational institutions within the Board's administration. Every law-enforcement agency shall automatically register each institution on the Board's list located within its jurisdiction. Notification will go to those organizations which, at any specific time, are likely to encounter the released offender. "Likely to encounter" for the purposes of this section means that the location of any organization is such that they are in close geographic proximity to a location where the released offender resides or visits or can be presumed to visit on a regular basis.

(3) Those persons receiving a "High Risk" score on the Registrant Risk Assessment Scale shall be considered a Tier Three offender. In addition to law-enforcement notification and a Community Organization Alert, the release of a Tier Three offender shall require community notification pursuant to this paragraph. Community notification shall be conducted by door-to-door appearances or by mail or by other methods devised specifically to notify members of the public likely to encounter the offender. Community notification should be targeted to a defined community. Such community notification may include a photograph of the offender if deemed appropriate by the notifying agency.

(i) A complete register of all persons convicted after June 27, 1994, of any of the offenses specified in subsection (a) of this section, or of attempt to commit any of such offenses shall be created, maintained and routinely updated by the Delaware State Police for immediate accessibility by the Delaware Justice Information System (DelJIS) computer to all law-enforcement agencies. Such register shall be accessible by the name of each offender or by county of residence of each offender. The register required by this subsection shall be established by the Delaware State Police no later than 6 months after June 21, 1996.

(j) All elected public officials, public employees and public agencies are immune from civil liability for any discretionary decision to release relevant information unless it is shown that the official, employee or agency acted with gross negligence or in bad faith. The immunity provided under this section applies to the release of relevant information to other employees or officials or to the general public.

(k) There shall be no civil legal remedies available as a cause of action against any public official, public employee or public agency for failing to release information as authorized in this section.

(l) In addition to those circumstances enumerated in this section, law-enforcement agencies shall notify any member of the public of the release of a person described in subsection (a), subsection (b) or subsection (d) of this section where such released person may pose a particular threat or danger to a member of the public.

(m) The Court in which any person described in subsection (a) of this section is sentenced shall designate for the Department of Correction or the DSCYF, as the case may be, at the time of sentencing that notice in accordance with this section shall be required.

(n) The Court in which any person described in subsection (b) of this section is sentenced shall designate for the official in charge of the institution of confinement or state hospital at the time of sentencing that notice in accordance with this section shall be required.

(o) The Court in which any person described in subsection (d) of this section is sentenced shall determine, at the time of sentencing, that notice in accordance with this section shall be required.

(p) The Department of Technology and Information shall provide public notification of the name of every person designated by the Attorney General as a Tier Three sex offender pursuant to paragraph (h)(3) of this section (including any known alias), the last verified address of the offender, the title of any sex offense for which the offender has been convicted and the date of conviction. Such information shall be searchable by the name of the sex offender and by geographic criteria, and shall be made available to the public by the Internet, and by printed copy that shall be available on request at any state or local police agency and all public libraries within the State. Such information shall be updated as often as practicable, but not less than every 3 months, and shall be maintained by the Superintendent of the Delaware State Police, as set forth in § 4120 of this title, and elsewhere in this section.

(q) This section shall apply with respect to persons convicted after June 21, 1996, but before March 1, 1999.

A member shall hold office until a successor has been appointed and qualified.

(e) The Governor may remove a member of the Board only for disability, inefficiency, neglect of duty or malfeasance in office. A member may be deemed in neglect of duty if he or she is absent from 3 consecutive Board meetings without adequate reason or if they attend less than 50% of Board meetings in a calendar year. Before such removal the Governor shall give the member a written copy of the charges against such member and shall fix the time when such member can be heard in such member's defense, which shall not be less than 10 days thereafter.

(6) Consult with the Department in the formulation and establishment of policies and procedures, fully to carry out the objectives of parole and correctional treatment in the best interests of the public;

(7) Cooperate with the Department in preparing the annual report of the Board to be submitted to the Governor and make available and submit to the Department all statistical and other data of its work and compilation and analysis of dispositions as it shall require. The Board may make a separate statement or include such statement in the report of the Department to the Governor;

(8) Act as advisory board to the Board of Pardons. When a person in legal custody of the Department of Correction applies to the Board of Pardons for recommendation for a pardon or commutation of sentence, the Parole Board, upon request, shall furnish to each member of the Board of Pardons and to the Governor a report of the record of such person, which shall include its opinion as to the state of rehabilitation of such person.

§ 4344. Compensation and expenses.

(a) Each member of the Board except the Chairperson shall receive $300 per day, for services when attending a meeting of the Board. The meetings of the Board shall not exceed 50 in any year; however, the Governor may, in the Governor's discretion, give written authorization to the Board to hold as many meetings in excess of 50 in any year as the business of the Board may require.

(b) In addition, each member shall receive mileage incurred attending such meetings and performing such duties.

§ 4345. Information on applications for parole and review to be provided by Chairperson.

At least 14 days before any meeting of the Board, the Chairperson shall provide all the members of the Board with copies of all pertinent information and materials at the Chairperson's disposal concerning all applications for parole coming before the Board at that meeting, or concerning any reviews which shall be undertaken at that meeting.

(11 Del. C. 1953, § 4345; 57 Del. Laws, c. 597, § 5; 70 Del. Laws, c. 186, § 1.)

§ 4346. Eligibility for parole.

(a) A person confined to any correctional facility administered by the Department may be released on parole by the Board if the person has served $^1/_3$ of the term imposed by the court, such term to be reduced by such merit and good behavior credits as have been earned, or 120 days, whichever is greater. For the purpose of this subchapter, "court" shall include any court committing an offender to the Department.

(b) Consistent with law, the Board, upon written recommendation of the court which imposed the sentence, or the Department, may reduce the minimum term of eligibility when the Board is satisfied that the best interest of the public and the welfare of the person will be served by such reduction. Such reduction in the minimum term of eligibility for parole shall be by order of the Board stating the specific date when said person shall become eligible for parole; but such reduction of the minimum term of eligibility for parole shall have no effect on the maximum limits of the sentence. The order of reduction by the Board shall be made in open hearing.

(c) The Board shall have authority to act where the maximum term has been commuted by the Governor. For all purposes of this section, a person sentenced to imprisonment for life shall be considered as having been sentenced to a fixed term of 45 years.

(d) Consistent with law, the Board may adopt such other rules as it deems proper or necessary with respect to the eligibility of persons for parole, the conduct of parole hearings or conditions to be imposed upon parolees.

(e) If good cause for release on the grounds of serious medical illness or infirmity would exist under § 4217 of this title, the Department shall recommend, or the person seeking release may request, that the person's case be considered by the Board of Parole at a regular or special meeting. When the case is so considered, the Board of Parole, if satisfied that good cause exists and that the release of the person

does not constitute a substantial risk under § 4217(b)(1)c. of this title, may order the release of the person on parole without regard to the time already served by the person. The Board of Parole may impose any conditions of parole on the person and may revoke the person's parole without hearing at any time and for any cause and order the return of the person to the Department.

(11 Del. C. 1953, § 4346; 54 Del. Laws, c. 349, § 7; 85 Del. Laws, c. 76, § 4.)

§ 4347. Parole authority and procedure.

(a) A person committed to the custody of the Department who will be eligible for parole within 180 days may apply for a parole hearing on forms promulgated by the Board. Upon receipt of such application, the Board shall notify the Bureau Chief of Prisons of said application and request verification of parole eligibility and the information required in subsection (d) of this section which shall be provided the Board within 30 days. Upon receipt of the foregoing information, the Board shall determine within 30 days if a parole hearing will be scheduled. If the hearing is denied or if the hearing is held and the parole denied the applicant and the Department shall be advised in writing by the Board of the earliest date, not sooner than 6 months for an applicant with a good-time release date of 3 years or less and not sooner than 1 year for an applicant with a good-time release date of more than 3 years, upon which the applicant shall be eligible to again apply for a parole hearing in accordance within this section.

(b) If any person eligible for parole fails to make an application as specified in subsection (a) of this section, the Department shall have no duty to such person to provide the Board with the information otherwise required by this chapter and the Board shall have no duty to such person to consider such person for parole. Notwithstanding the failure of a person to apply for parole, the Department is permitted to provide the Board with the information otherwise required by this chapter and the Board may, in turn, consider such person for parole.

(c) A parole may be granted when in the opinion of the Board there is reasonable probability that the person can be released without detriment to the community or to person, and where, in the Board's opinion, parole supervision would be in the best interest of society and an aid to rehabilitation of the offender as a law-abiding citizen. A parole shall be ordered only in the best interest of society, not as an award of clemency, and shall not be considered as a reduction of sentence or a pardon. A person shall be placed on parole only when the Board believes that the person is able and willing to fulfill the obligations of a law-abiding citizen. Among the factors the Board shall consider when determining if a defendant shall be placed on parole are as follows: job skills, progress towards or achievement of a general equivalency diploma, substance abuse treatment and anger management and conflict resolution.

(d) Within 1 month prior to the time an offender is scheduled for a parole hearing, the Department shall submit a progress report with parole recommendations to the Parole Board, and the Department shall submit a carefully evaluated parole plan with recommendations. At the same time a copy of the progress report and the parole plan and recommendations shall also be submitted to the Delaware State Police and to the arresting public police organization, along with the date and location of the scheduled parole hearing. Moreover, whenever possible and feasible, the Department shall notify the aggrieved party of the crime or crimes for which the offender was sentenced and the date and location of the scheduled parole hearing.

(e) The Board shall have no obligation to allow a person eligible for parole to appear before it, and the Board may deny a parole application without having interviewed the applicant. In no case, however, shall the Board grant a parole without having first had the applicant personally appear before the Board and be interviewed by it.

(f) All paroles shall issue upon order of the Board duly adopted by a majority of those present and voting; provided, however, no person who has been convicted of and imprisoned for murder in the first or second degree, rape in the first, second or third degree, unlawful sexual intercourse in the first or second degree, kidnapping or any offense relating to the sale, attempt to sell, delivery or possession with intent to sell or deliver a narcotic drug shall be granted a parole except by order of the Board duly adopted by at least 4 of the 5 members of the Board. A quorum shall be a minimum of 3 members.

No parole shall be issued to any prisoner who has been convicted in a court of law and sentenced for committing or attempting to commit the offense of "escape after conviction" as set forth in § 1253 of this title until such time as that prisoner has served the amount of time equivalent to and commensurate with that imposed in the sentence set forth by the court for said escape or attempt to escape.

No parole shall be issued to any prisoner who has been convicted and sentenced in a court of law for the offense of "conspiracy in the second degree" as defined in § 512 of this title with respect to directly and actively aiding or abetting an escape as defined in § 1253 of this title until such time as an equivalent amount of time commensurate with that which has been imposed under the sentence set forth by the court for said conspiracy has been served.

(g) Every person while on parole shall remain in the legal custody of the Department but shall be subject to the orders of the Board of Parole.

(h) Where civil rights would otherwise be forfeited, they shall be forfeited only during any period of incarceration.

(i) The period served on parole or conditional release shall be deemed service of the term of imprisonment, and subject to the provisions contained in § 4352 of this title, relating to a person who is a fugitive from or has fled from justice, the total time served may not exceed the maximum term or sentence. When a person on parole or conditional release has performed the obligations of that person's release for such time as shall satisfy the Board that the person's final release is not incompatible with the best interest of society and the welfare of the individual, the Board may make a final order of discharge and issue a certificate of discharge to the person; but no such order of discharge shall be made within 1 year after the date of release except where the sentence expires earlier thereto. Such discharge, and the discharge of a person who has served person's term of imprisonment, shall have the effect of restoring all civil rights lost by operation

of law upon commitment. Except when discharged herein a person on parole or conditional release shall be on parole until the expiration of the maximum term for which the person is sentenced.

(j) Each person who is eligible for parole or conditional release under this subchapter is eligible to be a candidate for appointment to the house arrest program for nonviolent offenders. A person shall be eligible for consideration to participate in the house arrest program if such person meets all of the requirements of subsection (c) of this section and in addition:

(1) Makes regular payments, per month, toward the costs incurred by the State in maintaining the program;

(2) Performs such stipulated number of hours of public service work as are directed by the court or by the Department;

(3) Makes restitution to any victim or victims in such amounts as the court shall determine. Full or partial restitution, in such manner as the court determines, is a requirement for participation, or continued participation, in the program.

(k) *Notification of parole eligibility.* — (1) a. At least 30 days before a scheduled parole hearing for an inmate convicted of a felony offense, the Board shall notify the victim or member of the victim's family of the date, time, and place of the scheduled hearing. A copy of any rules developed under § 4350(a) of this title must be included with the notice.

b. Notwithstanding paragraph (k)(1)a. of this section, the victim or member of the victim's family can request not to receive notification under § 9414(a)(3) of this title.

(2) At least 30 days prior to a scheduled parole hearing for an inmate convicted of a felony offense, the Board shall send a notice of the date, time and place of the scheduled hearing to the attorney general.

(3) At least 30 days prior to a scheduled parole hearing for an inmate convicted of a felony offense, the Board shall cause notice of the date, time and place of the scheduled hearing to be published in a newspaper with an average daily statewide circulation of at least 15,000 copies, of which at least 5,000 copies shall be in the county in which the offense occurred.

(*l*) *Notification of parole decision.* — (1) At the same time as the Board sends notice of its decision to the inmate, the Board shall send notice of its decision to individuals notified under paragraphs (k)(1) or (k)(2) of this section.

(2) No later than 10 days after a parole hearing resulting in parole of an applicant, the Board shall cause notice of its decision to be published in the same newspaper in which the notice of the hearing was published.

(m) Before a parole hearing, a party to whom the Board failed to notify as required in paragraphs (k)(1) or (2) of this section may request that the Board postpone the scheduled hearing in order to provide a reasonable opportunity for the party to attend the hearing or submit a written statement, or do both. However, in no event may the hearing be postponed more than 45 days from the original scheduled date.

(n) A notice under this section must be provided to the victim or to a member of the victim's family under § 9414(a) of this title.

§ 4348. Release upon merit and good behavior credits.

A person released on or after August 8, 2012, having served that person's term or terms in incarceration, less such merit and good behavior credits as have been earned, shall, upon release, be deemed as released on probation until the expiration of the maximum term or terms for which the person is sentenced. A person may waive the right to conditional release, in which case the person shall serve the remainder of the term or terms in prison. Such waiver shall be in writing.

(11 Del. C. 1953, § 4348; 54 Del. Laws, c. 349, § 7; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 392, § 7; 79 Del. Laws, c. 187, § 3.)

§ 4349. Information from the Department and others.

The Department shall grant to the Board or its representatives access to any person over whom the Board has jurisdiction under this chapter, and shall provide facilities for communicating with and observing such person, and make available to the Board such reports as the Board shall require concerning the conduct and character of any person in the custody of the Department, the institutional plan of treatment for such person or any other facts deemed by the Board pertinent in determining whether the person shall be paroled. The Department shall furnish to the Board such reports as the Board shall require concerning casework performed in the community with relatives or others connected with the person, investigations of parole plans or other reports or facts deemed by the Board pertinent in determining whether or not the person shall be paroled. All police agencies of this State, upon request, shall furnish the Board with any information at their disposal in regard to any person to be considered for parole.

(11 Del. C. 1953, § 4349; 54 Del. Laws, c. 349, § 7.)

§ 4350. Conduct of hearings on applications for parole.

(a) The Board shall adopt rules for hearing oral statements or arguments by persons not connected with the Department of Correction when hearing applications for parole. In developing those rules, the Board shall reserve for itself the right to:

(1) Limit the length of each statement;

(2) Restrict the number of individuals allowed to attend parole hearings in accordance with physical limitations or security requirements of the hearing facilities; and

(3) Deny admission or continued attendance to individuals who threaten or present a danger to the attendees or participants or who disrupt the hearing.

The Board shall also accept written statements.

(b) The Board may take formal action to close their proceedings upon a majority vote of members present for the following reasons:

(1) To protect ongoing law-enforcement investigations, upon written request of the attorney general or law-enforcement agency;

(2) To deliberate upon oral or written arguments received;

(3) To provide opportunity for applicants to challenge confidential information which they believe is detrimental to their applications; or

(4) At the request of the victim or, in the case of first-degree murder, the immediate family of the victim.

(c) The Department of Correction may appear personally before the Board to advise and be heard by the Board with respect to any application for parole being considered.

(d) When the Board is hearing an application for parole made by an offender, the victim or immediate family of the victim of such crime or their duly appointed representatives may make oral statements or arguments before the Board with respect to the application for parole being considered. Victims or their representatives shall have priority in making statements before the Board.

(e) As used in this section, the phrase “immediate family” shall mean widow, widower, parents, children, brothers and sisters of the victim.

(11 Del. C. 1953, § 4350; 54 Del. Laws, c. 349, § 7; 60 Del. Laws, c. 64, § 1; 70 Del. Laws, c. 168, § 1.)

§ 4351. Witnesses; production of records.

The Board may issue subpoenas requiring the attendance of such witnesses and the production of such records, books, papers and documents necessary for investigation of the case of any person before it. Subpoenas may be signed and oaths administered by any member of the Board. Subpoenas so issued may be served by Department employees or by any person authorized to serve subpoenas by the Rules of Civil Procedure of the Superior Court and shall be served and returned as provided by said Rules. The fees of witnesses shall be the same as allowed in the Superior Court and shall be paid by the State Treasurer from any moneys in the Treasury of the State not otherwise appropriated, upon a warrant signed by a member of the Board and its Secretary. Any person who testifies falsely or fails to appear when subpoenaed, or refuses to produce such material pursuant to the subpoena, shall be subject to the same orders and penalties to which a person before said Court is subject. The Superior Court, upon application of the Board, may in its discretion compel the attendance of witnesses, the production of such material and the giving of testimony before the Board, by an attachment for contempt or otherwise in the same manner as production of evidence may be compelled before such Superior Court.

(11 Del. C. 1953, § 4351; 54 Del. Laws, c. 349, § 7.)

§ 4352. Return of violator of parole; procedure and action on violation.

Such notice shall be served personally upon the person. The warrant shall authorize any officer authorized to serve process in this State to return the person to the actual custody of the correctional facility from which the person was released, or to any other suitable detention facility designated by the Board or Department. When, in the judgment of the Commissioner or of any probation and parole officer, there has been a violation of the conditions of release, the Commissioner or the probation and parole officer may arrest such parolee without a warrant, or the Commissioner or the probation and parole officer may deputize any other officer with power of arrest to do so by giving officer a written statement setting forth that the parolee has, in the judgment of the Commissioner or probation and parole officer, violated the conditions of parolee’s release. The written statement delivered with the person by the arresting officers to the official in charge of the facility to which the person is brought for detention shall be sufficient warrant for detaining the parolee.

(b) After making an arrest the Department shall present to the detaining authorities a statement of the circumstances of violation. Pending hearing, as hereinafter provided, upon any charge of violation, the person shall remain incarcerated in the institution.

(c) Upon such arrest and detention, the Department shall immediately notify the Board and shall submit a report showing in what manner the person had violated the conditions of release. The Board shall cause the person to be brought promptly before it for a hearing on the violation charge, under such rules and regulations as the Board may adopt.

(d) If the violation is established by the hearing, the Board may continue or revoke the parole, or enter such other order as it may see fit.

(e) A person for whose return a warrant has been issued by the Board shall, if it is found that the warrant cannot be served, be deemed to be a fugitive from justice or to have fled from justice.

(f) If it shall appear that the person has violated the provisions of the person’s release, the Board shall determine whether the time from the issuing of the warrant to the date of the person’s arrest, or any part of it, shall be counted as time under the sentence.

(g) Any person who commits a crime while at large on parole and is convicted and sentenced therefor shall serve the unexpired portion of the term under which the person was released consecutively after any new sentence for the new offense.

(11 Del. C. 1953, § 4352; 54 Del. Laws, c. 349, § 7; 59 Del. Laws, c. 546, § 1; 67 Del. Laws, c. 442, § 1; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 392, § 8.)

§ 4353. Mental health evaluations required prior to parole.

(a) No person who has been convicted of and imprisoned for any class A felony, felony sex offense or any felony wherein death or assault to a victim occurred shall be released from incarceration by the Parole Board until the Parole Board has considered a mental health evaluation of such person. The Parole Board, in its discretion, may request mental health evaluations on persons convicted and imprisoned for any offense not enumerated above.

(b) The Department of Correction shall ensure that mental health evaluations required by subsection (a) of this section are available to the Parole Board at the time of the hearing in those cases wherein a favorable recommendation is made by the Department to the Board.

In cases wherein a favorable recommendation is not made by the Department but the Parole Board has determined that the person is otherwise suitable for release on parole, the Parole Board must request a mental health evaluation, pursuant to this section.

(c) The Parole Board may consider any mental health evaluation conducted within 12 months prior to the person's parole hearing in lieu of requesting a new mental health evaluation. However, for persons convicted and imprisoned for any of the offenses listed in subsection (a) of this section, the Parole Board may determine that it requires additional information. In such case as additional information is required, no person shall be released from incarceration until such additional information has been considered by the Parole Board.

(d) Mental health evaluations conducted pursuant to this section will be administered by a person with professional education and training. The mental health evaluation to the Parole Board shall consist of:

(1) Background information or historical information about the person's mental health;

(2) Information about the person's functioning in the prison or institutional setting;

(3) A description of the person's current mental health; and

(4) A summary with a prognosis of expected behavior if the person were paroled, including any specific recommendations for mental health care.

(e) Any mental health evaluations prepared pursuant to this section will be provided to each member of the Parole Board for their consideration in determining whether the person should be released from prison.

(f) Nothing in this section shall preclude the parole of a person for treatment to another institution because of a physical or mental condition, as provided in § 4346 of this title.

Subchapter V

Interstate Compact For The Supervision Of Adult Offenders

§ 4358. Terms of the compact between the states.

The Governor shall execute a compact on behalf of the State with any of the United States legally joining therein in the form substantially as follows:

INTERSTATE COMPACT FOR THE SUPERVISION OF ADULT OFFENDERS

PREAMBLE

* WHEREAS, the interstate compact for the supervision of Parolees and Probationers was established in 1937, it is the earliest corrections "compact" established among the states and has not been amended since its adoption over 62 years ago; and

* WHEREAS, this compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines, and it currently has jurisdiction over more than a quarter of a million offenders; and

* WHEREAS, the complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements and sex offender registration; and

* WHEREAS, after hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability; and

* WHEREAS, upon the adoption of this Interstate Compact for Adult Offender Supervision, it is the intention of the legislature to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers on the effective date of this Compact.

ARTICLE I PURPOSE

The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the Bylaws and Rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner,

and when necessary return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. § 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime. It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states: to provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits and obligations of the compact among the compacting states. In addition, this compact will: create an Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of Compact activities to heads of state councils, state executive, judicial, and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct non-compliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity.

The compacting states recognize that there is no “right” of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and bylaws and rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.

The Interstate Commission shall indemnify and hold the Commissioner of a Compacting State, the appointed designee or employees, or the Interstate Commission’s representatives or employees, harmless in the amount of any settlement or judgment obtained against such persons arising out of any actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties or responsibilities, provided, that the actual or alleged act, error or omission did not result from gross negligence or intentional wrongdoing on the part of such person.

Except as otherwise provided in this Compact and unless a greater percentage is required by the By-laws, in order to constitute an act of the Interstate Commission, such act shall have been taken at a meeting of the Interstate Commission and shall have received an affirmative vote of a majority of the members present.

Each Member of the Interstate Commission shall have the right and power to cast a vote to which that Compacting State is entitled and to participate in the business and affairs of the Interstate Commission. A Member shall vote in person on behalf of the state and shall not delegate a vote to another member state. However, a State Council shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the member state at a specified meeting. The By-laws may provide for Members' participation in meetings by telephone or other means of telecommunication or electronic communication. Any voting conducted by telephone, or other means of telecommunication or electronic communication shall be subject to the same quorum requirements of meetings where members are present in person.

The Interstate Commission shall meet at least once during each calendar year. The chairperson of the Interstate Commission may call additional meetings at any time and, upon the request of a majority of the Members, shall call additional meetings.

The Interstate Commission's By-laws shall establish conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. Public notice shall be given of all meetings and all meetings shall be open to the public, except as set forth in the Rules or as otherwise provided in the Compact. The Interstate Commission shall promulgate Rules consistent with the principles contained in the "Government in Sunshine Act", 5 U.S.C. § 552(b), as may be amended. The Interstate Commission and any of its committees may close a meeting to the public where it determines by two-thirds vote that an open meeting would be likely to:

* Relate solely to the Interstate Commission's internal personnel practices and procedures;

* Disclose matters specifically exempted from disclosure by statute;

* Disclosure trade secrets or commercial or financial information which is privileged or confidential;

* Involve accusing any person of a crime, or formally censuring any person;

* Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

* Specifically relate to the Interstate Commission's issuance of a subpoena, or its participation in a civil action or proceeding.

For every meeting closed pursuant to this provision, the Interstate Commission's chief legal officer shall publicly certify that, in his or her opinion, the meeting may be closed to the public, and shall reference each relevant exemptive provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll-call vote (reflected in the vote of each Member on the question). All documents considered in connection with any action shall be identified in such minutes.

The Interstate Commission shall collect standardized data concerning the interstate movement of offenders as directed through its By-laws and Rules which shall specify the data to be collected, the means of collection and data exchange and report requirements.

ARTICLE VIII RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

Rulemaking shall occur pursuant to the criteria set forth in this Article and the By-laws and Rules adopted pursuant thereto. Such rulemaking shall substantially conform to the principles of the Federal Administrative Procedure Act, 5 U.S.C. § 551 et seq., and the Federal Advisory Committee Act, 5 U.S.C. app. 2, § 1 et seq., as may be amended (hereinafter "APA"). All Rules and amendments shall become binding as of the date specified in each Rule or amendment.

If a majority of the legislatures of the Compacting States rejects a Rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such Rule shall have no further force and effect in any Compacting State.

When promulgating a Rule, the Interstate Commission shall:

* Publish the proposed Rule stating with particularity the text of the Rule which is proposed and the reason for the proposed Rule;

* Allow persons to submit written data, facts, opinions and arguments, which information shall be publicly available;

* Provide an opportunity for an informal hearing; and

* Promulgate a final Rule and its effective date, if appropriate, based on the rulemaking record.

Not later than 60 days after a Rule is promulgated, any interested person may file a petition in the United States District Court for the District of Columbia or in the Federal District Court where the Interstate Commission's principal office is located for judicial review of

such Rule. If the court finds that the Interstate Commission's action is not supported by substantial evidence, (as defined in the APA), in the rulemaking record, the court shall hold the Rule unlawful and set it aside.

Subjects to be addressed within 12 months after the first meeting must at a minimum include:

* Notice to victims and opportunity to be heard;

* Offender registration and compliance;

The existing rules governing the operation of the previous Compact superseded by this Act shall be null and void 12 months after the first meeting of the Interstate Commission created hereunder.

Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule.

ARTICLE IX OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION BY THE INTERSTATE COMMISSION

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each Compacting State and shall promulgate a Rule binding upon all Compacting States which governs said assessment.

The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the Compacting States, except by and with the authority of the Compacting State.

The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its By-laws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XI COMPACTING STATES, EFFECTIVE DATE AND AMENDMENT

Any state, as defined in Article II of this compact, is eligible to become a Compacting State. The Compact shall become effective and binding upon legislative enactment of the Compact into law by no less than 35 of the States. The initial effective date shall be the later of July 1, 2001, or upon enactment into law of the Compact into law by that State. The governors of Non-Member states or their designees will be invited to participate in Interstate Commission activities on a non-voting basis prior to adoption of the compact by all states and territories of the United States.

Amendments to the Compact may be proposed by the Interstate Commission for enactment by the Compacting States. Once effective, the Compact shall continue in force and remain binding upon each and every Compacting State; PROVIDED, that a Compacting State may withdraw from the Compact ("Withdrawing State") by enacting a statute specifically repealing the statute which enacted the Compact into law.

The effective date of withdrawal is the effective date of the repeal.

The Withdrawing State shall immediately notify the Chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this Compact in the Withdrawing State. The Interstate Commission shall notify the other Compacting States of the Withdrawing State's intent to withdraw within sixty days of its receipt thereof.

The Withdrawing State is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

Reinstatement following withdrawal of any Compacting State shall occur upon the Withdrawing State re-enacting the Compact or upon such later date as determined by the Interstate Commission.

The Interstate Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If the Defaulting State fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed herein, the Defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Compacting States and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of suspension. Within 60 days of the effective date of termination of a Defaulting State, the Interstate Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer and the Majority and Minority Leaders of the Defaulting State's legislature and the state council of such termination.

The Defaulting State is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

The Interstate Commission shall not bear any costs relating to the Defaulting State unless otherwise mutually agreed upon between the Interstate Commission and the Defaulting State. Reinstatement following termination of any Compacting State requires both a re-enactment of the Compact by the Defaulting State and the approval of the Interstate Commission pursuant to the Rules.

C. Judicial Enforcement.

The Interstate Commission may, by majority vote of the Members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the Federal District where the Interstate Commission has its offices to enforce compliance with the provisions of the Compact, its duly promulgated Rules and By-laws, against any Compacting State in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys' fees.

D. Dissolution of Compact.

The Compact dissolves effective upon the date of the withdrawal or default of the Compacting State which reduces membership in the Compact to one Compacting State.

A. Other Laws.

Nothing herein prevents the enforcement of any other law of a Compacting State that is not inconsistent with this Compact.

All Compacting States' laws conflicting with this Compact are superseded to the extent of the conflict.

B. Binding Effect of the Compact.

All lawful actions of the Interstate Commission, including all Rules and By-laws promulgated by the Interstate Commission, are binding upon the Compacting States.

All agreements between the Interstate Commission and the Compacting States are binding in accordance with their terms.

Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the Compacting States, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.

In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any Compacting State, the obligations, duties, powers or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers or jurisdiction shall remain in the Compacting State and shall be exercised by the agency thereof to which such obligations, duties, powers or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

Subchapter VII

Expungement of Criminal Records

§ 4371. Statement of policy.

The General Assembly finds that a criminal history is a hindrance to a person's present and future ability to obtain employment, housing, education, or credit. This subchapter is intended to protect persons from unwarranted damage which may occur when the existence of a criminal history continues indefinitely.

(62 Del. Laws, c. 317, § 2; 82 Del. Laws, c. 83, § 1.)

§ 4372. Applicability; definitions; effect of expungement.

(a) This subchapter applies to all criminal cases brought and convictions entered in a court in this State.

(1) The accused is acquitted of all charges related to the case.

(2) A nolle prosequi is entered on all charges related to the case.

(3) The accused is placed on probation before judgment, fulfills the terms and conditions of probation, and the court enters an order discharging the person from probation.

This paragraph (b)(7) does not apply if there is an active warrant in the case, if there is documented case activity within the last 12 months, or if there are charges in the case that were not terminated in favor of the accused.

(c) For the purposes of this subchapter:

(1) "Case" means a charge or set of charges related to a complaint or incident that are or could be properly joined for prosecution.

(4) "Expungement" means that all law-enforcement agency records and court records relating to a case in which an expungement is granted, including any electronic records, are destroyed, segregated, or placed in the custody of the State Bureau of Identification, and are not released in conjunction with any inquiry beyond those specifically authorized under this subchapter.

(d) Except as otherwise provided under § 4376(a) of this title, a person is not required to disclose, nor should the person be asked to disclose, to anyone for any purpose that the person was arrested for, charged with, or convicted of an offense for which records have been expunged under this subchapter or any other provision of this Code.

(e) (1) If a court issues an order expunging records, all the criminal records relating to a case specified in the order must, within 60 days of the order, be removed from the court's files and placed in the control of the Supervisor of the State Bureau of Identification or otherwise segregated and kept in a manner that ensures that they are not open to public inspection or disclosure. The court may retain a nonpublic record of expungement orders. The court shall send a copy of its order of expungement to the Bureau, and shall consult with the Bureau to develop a standard form of order for expungements. Except as otherwise provided under § 4376 of this title, the Supervisor of the Bureau shall retain control over all expunged records and shall ensure that the records or information contained in the records are not released for any reason.

(2) If the State Bureau of Identification determines that expungement is mandated under this subchapter, or receives an expungement order from a court, it shall promptly notify all courts and law-enforcement agencies where records pertaining to the case are located or maintained, and any court where the case was terminated, disposed of, or concluded. A court or law-enforcement agency which receives a notice of expungement from the Bureau shall provide the Bureau with written confirmation of the completion of the expungement. Where an expungement of a conviction is granted, all arrest records associated with any charge in that case must also be expunged.

(3) If a court orders expungement, the State Bureau of Identification shall provide the court that entered the order with written confirmation of the execution of the order. The Bureau shall promptly notify the court if it is unable to comply with any order issued under this subchapter and state the reasons why it is unable to comply.

In cases where sentence of life imprisonment has been imposed, there shall be no stay of execution, and no supersedeas bond taken or allowed. (5) The requested testing has the scientific potential to produce new, noncumulative evidence materially relevant to the person's assertion of actual innocence; and

(6) The requested testing employs a scientific method which is generally accepted within the relevant scientific community, and which satisfies the pertinent Delaware Rules of Evidence concerning the admission of scientific testimony or evidence.

(b) Except at a time when direct appellate review is available, a person convicted of a crime who claims that DNA evidence not available at trial establishes the petitioner's actual innocence may commence a proceeding to secure relief by filing a motion for a new trial in the court that entered the judgment of conviction. The court may grant a new trial if the person establishes by clear and convincing evidence that no reasonable trier of fact, considering the evidence presented at trial, evidence that was available at trial but was not presented or was excluded, and the evidence obtained pursuant to subsection (a) of this section would have convicted the person.

(c) The court shall impose reasonable conditions on the testing designed to protect the state's interests in the integrity of the evidence and the testing process.

(d) Any motion filed pursuant to this section shall be served upon the State. The State shall have an absolute right to appeal to an appellate court any order granting a motion for a new trial pursuant to this section.

(e) The cost of DNA testing ordered under subsection (a) of this section shall be borne by the State or the applicant, as the court may order in the interests of justice, if it is shown that the applicant is not indigent and possesses the means to pay.

(b) Such rules shall not abridge, enlarge or modify the substantive rights of any person, and shall preserve the right of trial by jury as at common law and as declared by the statutes and Constitution of this State.

(c) The Rules of Criminal Procedure for the Superior Court adopted and promulgated by the Supreme Court prior to the enactment of this Code shall take effect upon the enactment of this Code. Any amendments of or supplements to such Rules which the Superior Court may hereafter adopt and promulgate shall take effect upon such date as the Superior Court shall fix in its order adopting and promulgating such amendments or supplements. After the effective date of any rule adopted and promulgated under this section, all laws inconsistent or in conflict therewith shall be of no further force or effect.

(d) Nothing in this title, anything therein to the contrary notwithstanding, shall in any way limit, supersede or repeal any such rules heretofore prescribed under authority of law.

§ 5122. Conflict between rules and statutes.

Any inconsistency or conflict between any rule of court promulgated under the authority of § 5121 of this title, or prior law, and any of the provisions of this Code or other statute of this State, dealing with practice and procedure in criminal actions in the Superior Court, shall be resolved in favor of such rule of court.

(11 Del. C. 1953, § 5122.)

Subchapter III
Child Victims and Witnesses

§ 5131. Legislative intent.

The General Assembly finds that it is necessary to provide child victims and witnesses with additional consideration and different treatment than that usually required for adults. It is therefore the intent of the General Assembly to provide each child who is involved in a criminal proceeding within the Superior Court with certain fundamental rights and protections.

(65 Del. Laws, c. 158, § 1.)

§ 5132. Definitions.

The following words, terms and phrases, when used in this subchapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) “Child” shall mean a person who has not yet reached their eighteenth birthday.

(2) “Victim” or “witness” shall not include any child accused of committing a felony; provided, however, that the word “victim” or “witness” may, in the Court’s discretion, include:

a. A child where such child’s participation in a felony appears to have been induced, coerced or unwilling; or

b. A child who has participated in the felony, but who has subsequently and voluntarily agreed to testify on behalf of the State.

(65 Del. Laws, c. 158, § 1; 70 Del. Laws, c. 186, § 1.)

§ 5133. Expedited proceedings.

In all criminal proceedings in the Superior Court involving a child victim or witness, the Court and the prosecution shall take appropriate action to ensure a prompt trial in order to minimize the length of time a child victim or witness must endure the stress of the victim’s or witness’ involvement in the proceedings. In ruling on any motion or other request for a delay or continuance of proceedings, the Court shall consider and give weight to any adverse impact such delay or continuance might have on the well-being of any child victim or witness.

(65 Del. Laws, c. 158, § 1; 70 Del. Laws, c. 186, § 1.)

§ 5134. Additional rights and services.

(a) A child victim or witness is entitled to an explanation, in language understood by the child, of all legal proceedings in which the child is to be involved.

(b) A child victim or witness is entitled to be accompanied, in all proceedings, by a “friend” or other person in whom the child trusts, which person shall be permitted to advise the judge, when appropriate and as a friend of the Court, regarding the child’s ability to understand proceedings and questions.

(c) A child victim or witness is entitled to information about, and referrals to, appropriate social services and programs to assist such child, and the child's family, in coping with the emotional impact of the crime, and the subsequent Court proceedings in which the child is to become involved.

(11 Del. C. 1953, § 6570; 57 Del. Laws, c. 275.)

§ 6571. Interstate Corrections Compact.

The Interstate Corrections Compact is enacted into law and entered into by this State with any other states legally joining therein in the form substantially as follows:

INTERSTATE CORRECTIONS COMPACT

ARTICLE I Purpose and Policy

The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) “State” means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) “Sending state” means a state party to this compact in which conviction or court commitment was had.

(c) “Receiving state” means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) “Inmate” means a male or female offender who is committed, under sentence to or confined in a penal or correctional institution.

(e) “Institution” means any penal or correctional facility, including but not limited to a facility for persons with mental illness or serious mental disorders, in which inmates as defined in subsection (d) of this article above may lawfully be confined.

ARTICLE III Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV Procedures and Rights

(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to Article III of this compact, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III of this compact.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his or her status changed on account of any action or proceeding in which he or she could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his or her exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V Acts Not Reviewable in Receiving State; Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he or she is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI Federal Aid

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision, provided that if such program or activity is not part of the customary correctional regimen the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII Entry into Force

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any 2 states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

ARTICLE VIII Withdrawal and Termination

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until 1 year after the notices provided in said statute have been sent. Such withdrawals shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. Chapter 67
Boot Camp Intensive Incarceration

§ 6701. Findings and purposes.

(a) The General Assembly hereby finds that certain offenders, especially young adults, respond positively to a short term military-type program which would provide for the restructuring of behavior through a highly-regimented routine of physical exercise, hard work, continued education, and substance abuse therapy. The General Assembly also finds that the cost of incarcerating the increasing number of criminal offenders in conventional prison facilities has been increasing annually, and there is an urgent need to develop and implement innovative and cost-effective options to alleviate prison overcrowding.

(b) This chapter has the following purposes:

(1) *Deterrence.* — To include a "shock" component to give certain offenders, especially young first offenders, an advance warning of the unpleasant consequences of conventional imprisonment, in an attempt to discourage future criminal behavior;

(2) *Cost effectiveness.* — To reduce future corrections expenses by utilizing cost avoidance as an effective strategy of cost savings and capital savings due to implementation of this chapter.

(3) *Rehabilitation.* — To develop a foundation on which a participant in the program can develop the self-control needed to meet daily stresses and challenges;

(4) *Behavior modification.* — To instill more positive attitudes and behavior within each participant, which will be reflected, upon release, in less negative behavior and no subsequent arrests for violent crimes.

(a) The Bureau of Prisons may establish 1 or more regimented boot camp inmate training programs. Subject to appropriations therefor, each such program shall include, but not be limited to:

(1) A military-style intensive physical training and discipline component;

(2) An educational and vocational component, emphasizing job-seeking skills;

(d) The boot camp program shall be 6 months in duration; provided however, that any participant who is assigned to the program shall remain in the program at least 1 month, unless the camp commander, in the commander's discretion, determines otherwise. In exceptional cases, a participant may be retained in the program in order to join the next following class if the additional time spent in the program is, in the opinion of the Bureau, needed to allow such person to complete the program successfully after illness or other circumstance has delayed such person's normal progress through the program.

(e) Selection for participation in a boot camp program is a privilege, and not a right. No person has the right to participate in a boot camp program.

(70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 244, § 1.)

§ 6705. Sentencing; boot camp designation.

(a) Each participant in the boot camp program shall have first been convicted of a criminal offense. The selection of boot camp participants shall be made by the Bureau from those offenders not otherwise excluded under this section. However, satisfying the statutory or regulatory qualifications for admission to the boot camp program shall not mean that an offender shall automatically be permitted to participate in the program.

(b) Notwithstanding the provisions of subsection (a) of this section, the following offenders shall not be classified or otherwise permitted to participate in the boot camp program:

(1) Any person declared to be an habitual offender under § 4214 of this title;

(2) Any person who is serving a sentence of Level V incarceration for a violent crime;

(70 Del. Laws, c. 244, § 1; 71 Del. Laws, c. 7, § 2; 71 Del. Laws, c. 174, §§ 1-3; 71 Del. Laws, c. 484, § 1.)

§ 6706. Criteria for selection and classification by the Bureau.

(3) Have been sentenced to a period of incarceration of 5 years or less;

(4) In accordance with the Bureau's assessment and determination, be physically and mentally capable of successfully completing the rigorous boot camp program; provided, however, no such assessment and/or determination shall be deemed as a waiver of any of the various immunity defenses or otherwise trigger a duty, obligation and/or liability on the Department or Bureau not presently provided under applicable law;

(5) Be a resident of the State; and

(6) Have a term of not less than 9 months, nor have more than 18 months remaining in Level V incarceration.

(70 Del. Laws, c. 244, § 1; 71 Del. Laws, c. 7, § 3.)

§ 6707. Contract; admission into the program.

No offender may participate in the boot camp program unless such individual voluntarily enrolls by agreeing to be bound by a written contract with the Bureau, which contract shall clearly set forth the obligations, duties, responsibilities and expectations with which such

offender must comply. A representative of the Bureau shall also explain to the offender the intended benefits of the program, and the consequences of failing the program. The time served as a boot camp participant shall begin the first day such person is physically within the camp.

(70 Del. Laws, c. 244, § 1.)

§ 6708. Evaluation of program participants.

Each participant shall be evaluated by members of the boot camp staff on a continual basis throughout the period of such person's participation in the program. Such evaluation shall include the participant's performance within the program, the likelihood of successful adjustment after release, and such other matters which the boot camp staff deems relevant or important.

(70 Del. Laws, c. 244, § 1.)

§ 6709. Conduct and administration of boot camp program.

(a) The program shall be a rigorous military-type program which, among other features, shall include mandatory physical training; hard labor which has a rational goal or objective; military formations, drills and courtesy; regimentation of all activities, except those which are specifically exempted by the camp commander; control which is strict, but not capricious; uniformity and cleanliness in dress and appearance; education and counseling; and drug treatment, counseling and education where appropriate.

(b) The Bureau and the camp commander shall establish rules and regulations for the conduct and administration of each boot camp program. Such rules and regulations shall reflect the goals and objectives of this chapter, and shall include a system of rewards for individuals and groups based upon achievements and progress in achieving camp standards and requirements; and shall include sanctions, administered by the staff within the confines and authority of the camp, to punish those individuals whose demeanor, behavior or attitude do not comply with camp standards and requirements. The rules and regulations shall also include the supervision and the structure to be used in each program offered by the camp.

(c) The camp commander and staff shall be responsible for the day-to-day functions and decisions affecting the operations of the boot camp. Each full-time employee employed inside the boot camp shall, to the extent possible, be a volunteer regardless of job description or function. All boot camp employees shall receive appropriate specialized boot camp training. Each drill instructor shall receive specialized drill instructor training, preferably military training, from an agency which specializes in such training. Boot camp employees shall receive, for the same general responsibilities, the same salaries as prison employees not employed in a boot camp. Job bidding shall not be used in the selection of the camp staff.

(d) Participants may be formed into work squads by boot camp staff to perform labor-intensive projects outside the perimeters of the camp. No wages shall be paid to individual participants working outside the camp, but the camp commander may from time to time receive funds or gifts for the general use or benefit of the camp or for all participants. Work squads may be utilized to work on state, county, municipal or town projects; for disaster relief, civil or community emergencies; and for specific projects for nonprofit organizations, if the Bureau determines that the project is of direct benefit to a community or a large number of people, and not for the organization itself. No work squad is permitted to do any labor for the benefit of any individual or commercial entity. Approved projects may include, but not limited to, highway cleanup and trash removal; timber clearing on state forestry lands; preparing and stacking sandbags in the event of a flood; and beach and state park clean-up. Participants are not employees for purpose of workers' compensation. Notwithstanding any provision of this title to contrary, any boot camp participant who is otherwise appropriately classified to the boot camp program may participate in work squads pursuant to this section.

(70 Del. Laws, c. 244, § 1; 71 Del. Laws, c. 7, § 4.)

§ 6710. Sanctions; removal from the program.

(a) A participant who is accepted into the boot camp program shall not receive any credit for time spent in the program, except for actual time served, unless such participant completes the full program. Before any participant is deemed to have completed the full boot camp program, such participant must have been graduated from the program with a written certification of successful completion.

(b) A participant who fails to complete the boot camp program, who is administratively terminated from the program, or who violates any conditions of the program, shall be re-classified to serve the full unexpired term of the original sentence.

(c) Upon the successful completion of the boot camp program as determined by the Department in its sole discretion, and having served at least 6 months of incarceration, the participant shall be allowed to serve the remaining part of the participant's Level V sentence at either Level IV or Level III, in the discretion of the Department. Should a boot camp graduate violate the Level IV or Level III conditions of supervision, such person shall upon conviction of a violation of probation, be returned to Level V custody to serve the full term of the original Level V sentence, less the 6 months served in boot camp.

(70 Del. Laws, c. 244, § 1.)

§ 6711. Aftercare; intensive parole supervision.

A person who has successfully completed the boot camp program shall be placed under parole supervision (Level IV or Level III supervision). During this period, such person shall participate in an aftercare program which emphasizes completion of GED requirements

(a) Any member of the State Police who has served as such for a period of 20 years may retire, or any member who has reached the age of 55 years shall be retired; in either event, the retired member shall thereupon receive monthly, from the Fund, an amount equal to $^1/_2$ of the monthly salary received by such member at the time of retirement; provided, however, that members of the State Police retired prior to January 1, 1972, shall as of that date receive an amount equal to one half of the monthly salary provided under this chapter for an active-duty officer of equivalent rank. Thereafter, pensions of retired State Police shall not be recomputed based on the salaries of active-duty State Police; provided further, however, that as of July 1, 1974, the monthly amount payable to retirees shall increase on July 1 of each year by any cumulative percentage increase in the national consumer price index average of the previous calendar year, plus the aggregated cumulative percentage change in the national consumer price index average of the previous consecutive years in which an increase was not granted. A cumulative percentage decrease in any calendar year shall not result in any reduction in the pension rates.

(b) Any former or present member of the State Highway Police, State Police, or any successor or substitute therefor, who shall have been a member of the County Police of New Castle County, shall receive full credit for the time served in such County Police in computing the number of years' service required to receive pension benefits provided in subsection (a) of this section.

(c) An individual shall not receive a pension under this subchapter for any month which the individual is an employee, as defined in § 8301 of this title or § 5501 of Title 29, unless the individual is:

(1) An official elected by popular vote at a regular or special election; or

(2) An official appointed by the Governor; or

(3) A registration or election official or a juror; or

(4) Receiving an ordinary service, disability or survivor's pension.

The employment, except employment as an elected official, may not be used for further retirement benefits.

(d) Nothing in this section shall prevent the employment by the State as a registration or election official or as a juror of any person receiving a state pension. Persons so employed may receive the compensation provided by law without deduction from their state pension.

(e) Any former or present member of the State Highway Police, State Police, or any successor or substitute therefor, who shall have been a member of the Delaware Memorial Bridge Police before the establishment of the Delaware River and Bay Authority, shall receive full credit for the time served in such Delaware Memorial Bridge Police in computing the number of years' service required to receive pension benefits provided in subsection (a) of this section.

(f) Nothing in this section shall prevent the employment by the State as a registration or election official or as a juror any person receiving a state pension. Persons so employed may receive the compensation provided by law without deduction from their state pension.

(g) Nothing in this section shall prevent the employment by the Superior Court, Court of Chancery, Court of Common Pleas or Family Court in or of any county of any person receiving a State Police pension. Persons so employed may receive compensation for such services without deduction from their State Police pension.

(h) No retired member of the Uniformed Division, State Police, entitled to receive a pension under subsection (a) of this section, shall receive a monthly pension less than any retiree on the retired rolls from the immediately prior retiring class, and of the same active-duty rank, if such difference is solely the result of a cost-of-living increase granted to such retiree.

(i) A member of the State Police hired prior to July 1, 1980, and who has 20 years of credited service shall have a vested right to a service pension as provided for in this subsection at a rate not less than the pension payment due upon completing 20 years of credited service; payments of said pension benefit shall increase pursuant to this section based upon increased annual salary adjustments and/or promotional increases that may occur subsequent to the twentieth year of credited service. A member's vested pension under this subsection shall be payable upon the effective date of termination of employment as a member of the State Police.

(j) Any reduction in a member's salary, mandated as part of the FY 2010 Annual Appropriations Act [77 Del. Laws, c. 84] and implemented during FY 2010, shall not be used when computing a member's final monthly salary. When, however, a member of the State Police shall desire to retire by reason of injury or disease, the member shall make application in writing to the Board of Pension Trustees for such retirement. Whereupon, the Board of Pension Trustees shall call to its assistance the aid of a physician or surgeon representing the Board of Pension Trustees, and the member may also call to the member's aid a physician or surgeon. Any member of the Board of Pension Trustees may administer oaths to such physician or surgeon or to any other person called as a witness with respect to the matter before the Board of Pension Trustees, and the Board of Pension Trustees shall determine by resolution passed by at least a majority of the members of the Board of Pension Trustees, whether such member is entitled to the benefits of this subchapter, and if so determined, such member shall be retired upon a pension equal to $^3/_4$ of the member's salary at the time of retirement, together with cost of medical attention, if such medical attention be made necessary by reason of such injury or disease; provided, however, that members of the State Police who by reason of permanent injuries received in the performance of their duties and who for that reason have retired prior to January 1, 1972, shall as of that date receive an amount equal to $^3/_4$ of the monthly salary provided under this chapter for an active duty officer of an equivalent rank in accordance with § 8326 of this title. Thereafter, pensions of State Police retired by reason of permanent injuries received in the performance of their duties shall not be recomputed based on the salaries of active duty State Police; provided further, however, that members of the State Police retired by reason of injury not received in the performance of their duties or disease prior to January 1, 1972, shall as of that date receive an amount equal to one half of the monthly salary provided under this chapter for an active duty officer of equivalent rank in accordance with § 8326 of this title. Thereafter, pensions of State Police members retired by reason of injury or disease shall not be recomputed based on the salaries of active duty State Police; provided further, however, that as of July 1, 1974, the monthly amount payable to State Police retired by reason of permanent injuries received in the performance of their duties and by State Police retired by reason of other injury or disease shall increase on July 1 of each year by any cumulative percentage increase in the national consumer price index average of the previous calendar year, plus the aggregated cumulative percentage change in the national consumer price index average of the previous consecutive years in which an increase was not granted. A cumulative percentage decrease in any calendar year shall not result in any reduction in the pension rates.

Any member who is entitled to a pension equal to $^3/_4$ of the member's salary pursuant to this section shall be examined by at least 2 competent physicians employed by the Department of Health and Social Services every 6 months in order to determine the continuing eligibility of said member. Should such pensioner reside without the territorial limits of the State, the pensioner shall submit certificates of examination by 2 competent physicians approved by the Department of Health and Human Services or comparable agency of the state of residence for the foregoing purpose.

shall hereafter lose life in the performance of the member's duties, or when death results from injury received in the performance of the member's duties, shall receive a pension equal to three fourths of the salary of such member at the time of death. Such pension to such minor children shall be discontinued when the youngest dependent child shall cease to be a dependent as defined by § 8351(4) of this title; provided, however, that anyone entitled to receive a pension under this section prior to January 1, 1972, shall as of that date receive an amount equal to three fourths of the monthly payment to which the decedent would have been entitled under this chapter had the death occurred on or after January 1, 1972. Thereafter, pensions of those eligible under this section shall not be recomputed based on the salaries of active duty State Police; provided further, however, that as of July 1, 1974, the monthly amount payable to those eligible under this section shall increase on July 1 of each year by any cumulative percentage increase in the national consumer price index average of the previous calendar year, plus the aggregated cumulative percentage change in the national consumer price index average of the previous consecutive years in which an increase was not granted. A cumulative percentage decrease in any calendar year shall not result in any reduction in the pension rates. Any pension to a surviving spouse that has been discontinued as a result of remarriage shall be reinstated as of July 1, 2002, at the rate that the surviving spouse would have been receiving if the surviving spouse's pension had not been discontinued.

When a member of the State Police shall desire to retire by reason of a nonoccupational injury or disease that causes the member to become disabled, the member shall make application in writing, and, in the case of death, the surviving spouse, minor children or dependent parent shall make application in writing to the Board of Pension Trustees for such pension. Whereupon, the Board of Pension Trustees shall call to its assistance the aid of a physician or surgeon representing the Board of Pension Trustees, and the member may also call to the member's aid a physician or surgeon. The Board of Pension Trustees shall determine by resolution, passed by at least a majority of the members of the Board of Pension Trustees, whether such member is entitled to the benefits of this subchapter, and if so determined, such member shall be retired upon a pension equal to one half of the member's salary at the time of retirement, and in the case of death, the following persons shall receive a pension equal to one half of the salary of the member in the following order of preference: surviving spouse, children, dependent parent. Such pension to such children shall be discontinued when the youngest living dependent child shall cease to be a dependent as defined by § 8351(4) of this title. Nothing in this section shall be construed as to conflict with any other section contained within this subchapter; provided, however, that any retired police member entitled to receive a pension under this section prior to January 1, 1972, shall, as of that date, receive an amount equal to one half the monthly salary provided under this chapter for an active duty officer of the same rank as that held by the retired State Police member. Thereafter, pensions of retired State Police members eligible to receive such pensions under this section shall not be recomputed based on the salaries of active duty member of the State Police. A dependent entitled to receive a payment under this section prior to January 1, 1972, shall as of that date receive an amount equal to one half the monthly salary provided under this chapter to an active duty officer of the same rank as the decedent through whom the dependent claims. Thereafter, pensions of dependents eligible to receive payments under this section shall not be recomputed based on the salaries of active duty State Police members. Provided further, that as of July 1, 1974, the monthly amount payable to those eligible to receive payments under this section shall increase on July 1 of each year by any cumulative percentage increase in the national consumer price index average of the previous calendar year, plus the aggregated cumulative percentage change in the national consumer price index average of the previous consecutive years in which an increase was not granted. A cumulative percentage decrease in any calendar year shall not result in any reduction in the pension rates.

§ 8328. Adjustment of benefits.

(a) On and after July 1, 1972, no pension which has been in effect for 3 years shall be subject to adjustment. This provision shall not apply to adjustments of pensions required to implement subsection (b) of this section.

(b) Effective September 1, 1972, the amount of any pension in effect on July 1, 1969, shall be the greater of: (1) The monthly pension rate paid in July, 1969, or (2) the recalculated amount determined as a result of audits made between May, 1971, and June 30, 1972,

§ 8330. Employer pickup of employee contributions.

(a) Each participating employer, pursuant to the provisions of § 414(h)(2) of the United States Internal Revenue Code [26 U.S.C. § 414(h)(2)], shall pick up and pay the contributions which would otherwise be payable by the members under § 8322 of this title. The contributions so picked up shall be treated as employer contributions for purposes of determining the amounts of federal income taxes to withhold from the member's compensation.

(b) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a member. A deduction shall be made from each member's compensation equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's compensation for purposes of computing benefits under the retirement system pursuant to this chapter.

(c) Member contributions shall be credited to a separate account within the member's individual account so that the amount contributed prior to the effective date for the pickup of member contributions may be distinguished from the amounts contributed on or after the effective date.

(d) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the employee. The employee will not be given the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system.

(62 Del. Laws, c. 361, § 1.)

§ 8374. Withdrawal benefit.

(a) The accumulated contributions with interest of a member who is neither eligible for a service nor disability pension, nor has a vested right to a service pension, shall be refunded upon withdrawal from service. There shall be a rebuttable presumption that a former member who fails to apply for a withdrawal benefit within 5 years after the date of withdrawal has waived the right to such benefit.

(b) If a member has a vested right to a service pension and withdraws from service and is not immediately eligible for a service or disability benefit, the member may request refund of accumulated contributions with interest. (b) The Board may require any member, inactive member, retired member or eligible survivor to furnish such information as may be required for the determination of benefits under this subchapter, or to authorize the Board to procure such information. The Board may withhold payment of any pension under this subchapter, whenever the determination of such pension is dependent upon such information and the member, inactive member, retired member or eligible survivor does not cooperate in the furnishing or procuring thereof.

(c) A service pension, disability pension, or survivor's pension applied for under this act may be paid into a Miller Trust Bank account, pursuant to the creation of an irrevocable income assignment trust ("Miller Trust"), established on behalf of an eligible pensioner or survivor covered under this chapter who is a person with disabilities, so long as the Miller Trust is established consistent with the laws

§ 8392. Actuarial valuations and appropriations.

(a) The actuary shall prepare an actuarial valuation of the assets and liabilities of the funds as of June 30, each year. On the basis of reasonable actuarial assumptions and tables approved by the Board, the actuary shall determine the normal cost required to meet the actuarial cost of current service and the unfunded actuarial accrued liability.

(b) The State's appropriation to the funds for fiscal year 2008, and for each fiscal year thereafter, shall be the percentage of covered payroll approved by the Board on the basis of the most recent actuarial valuation, and shall equal the sum of the normal cost plus the payment required to implement the provisions of subsection (c) of this section plus the payment required to amortize the unfunded actuarial accrued liability using an open amortization period of 20 years. The amortization payment shall be an amount computed as a level percentage of the prospective total covered payroll over the remainder of the amortization periods, with such prospective total covered payroll to be determined on the basis of a growth rate, as determined by the Board, compounded annually. Except as provided in subsection (c) of this section, all funds appropriated pursuant to this subsection shall be deposited into the Fund established by § 8393 of this title.

(c) In order to provide a fund for postretirement increases, the State shall include in its annual appropriation payments equal to 2.33% of covered payroll, subject to the limitations contained in § 5548(a)(2) of Title 29. Beginning with the fiscal year 94 budget, .70% of covered payroll shall be appropriated; in fiscal year 95, 1.11% of covered payroll shall be appropriated; in fiscal year 96, 1.52% of covered payroll shall be appropriated; in fiscal year 97, 1.93% of covered payroll shall be appropriated; in fiscal year 98 and each fiscal year thereafter 2.33% of covered payroll shall be appropriated. Funds appropriated to implement this subsection shall be deposited into the Post Retirement Fund established by § 5548 of Title 29.

(69 Del. Laws, c. 104, § 3; 76 Del. Laws, c. 80, § 68; 78 Del. Laws, c. 116, § 6.)

§ 8393. Establishment of Fund.

There shall be established a State Police Retirement Fund, hereinafter referred to as the "Fund," separate and distinct from the Fund established under subchapter II of this chapter, to which state appropriations and other employer contributions shall be deposited monthly, and to which member contributions shall be deposited upon deduction from the member's paycheck, and to which earnings on investments, refunds and reimbursements shall be deposited upon receipt, and from which benefits shall be paid and fees and expenses authorized by the Board shall be paid. The contributions so picked up shall be treated as employer contributions for purposes of determining the amounts of federal income taxes to withhold from the member's compensation.

(b) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a member. A deduction shall be made from each member's compensation equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's compensation for purposes of computing benefits under the retirement system pursuant to this chapter.

(c) Member contributions shall be credited to a separate account within the member's individual account so that the amount contributed prior to the effective date for the pickup of member contributions may be distinguished from the amounts contributed on or after the effective date.

(d) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the employee. The employee will not be given the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system.

(68 Del. Laws, c. 358, § 5.)

§ 8395. Burial benefits.

(a) Upon the death of an individual receiving a pension under this subchapter, a benefit will be paid from the Fund in the same manner as benefits provided under § 5546 of Title 29.

(77 Del. Laws, c. 193, § 1; 70 Del. Laws, c. 186, § 1; 83 Del. Laws, c. 247, § 5.)

§ 9008. Function of the Appeals Board.

(a) The Appeals Board has the power and authority to meet and function in any place within the State.

(b) The Appeals Board has the power and authority to affirm, reverse, or modify the Agency's claims decisions under the provisions of § 9012 of this title.

(77 Del. Laws, c. 193, § 1; 83 Del. Laws, c. 247, § 6.)

§ 9009. Administrative provisions; compensation.

A claimant, including an estate, may file a claim with the Agency for indemnification of all pecuniary loss:

(1) If a claim is approved, the award must be the amount of pecuniary loss minus the amount the claimant has received or will receive as indemnification from any other source, including any applicable insurance.

(2) In the event of a death caused by a crime , a person who legally or voluntarily assumes the obligation to pay the medical or burial expenses incurred as a direct result of the injury and death is eligible to file a claim with the Agency. This provision for payment in case of death does not apply to any insurer or public entity.

(3) The Agency is not compelled to provide compensation in any case, nor is it compelled to award the full amount claimed. The Agency may make its award of compensation dependent on conditions it deems desirable.

(4)-(6) [Repealed.]

(7) Payment may be made in accordance with this chapter, whether or not the alleged perpetrator of the criminal act is prosecuted or convicted, in the discretion of the Agency. Payment may be made even though the person committing the crime is legally deemed to not have intended the act by reason of age, insanity, drunkenness, or is otherwise deemed legally incapable of mens rea.

(8) Upon determination of the Agency of the amount of compensation due, the Agency shall request payment be issued by the Delaware State Treasurer in accordance with the State of Delaware Budget and Accounting Manual or any succeeding document.

(9) A person whose domicile is in Delaware and who is the victim or secondary victim of a crime that occurs in another state, possession, or territory of the United States may make an application for compensation if both of the following are true:

a. The crimes would be compensable had they occurred in Delaware.

b. The placement of the crime occurred in states, possessions, or territories of the United States not having eligible crime victim compensation programs that provide benefits equal to the benefits provided under this chapter.

(10) Where compensation has been paid to a claimant, the Agency may not reopen or reinvestigate a case after 2 years from the date of the last payment by the Agency, or 1 year from the date the award was rendered if no payment has been made, except where the Agency in its discretion determines that the circumstances render this requirement unreasonable. Where compensation has been denied to a claimant, reopening and reinvestigation must be limited to the circumstances set forth in Superior Court Civil Rule 60.

(11) Notwithstanding the provision of paragraph (10) of this section and § 9010(a)(3), (4), and (5) of this title to the contrary, the Agency may make an award for the payment of mental health counseling services under this chapter on a claim made by the victim of a crime that occurred before the victim's eighteenth birthday so long as the occurrence of the crime is appropriately documented, and the claim is filed before the victim's twentieth birthday. The Agency may also, upon good cause shown, permit a victim whose claim had previously been decided by the Agency to request that such claim be reopened for the purpose of making an award for the payment for mental health counseling services, and the Agency may reopen or reinvestigate the case and award such compensation, if the victim had not yet reached that victim's eighteenth birthday by the date of the Agency's original decision, and provided that the request for reopening is filed before the victim's twentieth birthday. However, the foregoing limitations in this paragraph (11) regarding the victim's twentieth birthday do not apply in cases of crimes involving sexual assault or abuse.

(12) Notwithstanding any provision to the contrary, the Agency may not limit acceptance or consideration of any applications arising from sexual assault or abuse of a child which may have otherwise been barred from consideration by a statute of limitations.

(13) a. Notwithstanding the provisions of paragraph (10) of this section or any other provisions of this chapter to the contrary, if any of the following apply, a victim or secondary victim of the crime committed by the offender may apply for reimbursement as set forth in paragraph (13)b. of this section:

1. Further investigation into a previously reported crime is initiated by a law-enforcement agency.

2. An offender appears in any judicial or administrative proceeding regarding a criminal charge, conviction, or sentence, including a trial, appeal, postconviction relief, mediation, penalty, parole or pardon hearing.

3. The offender is released from incarceration.

4. [Repealed.]

b. A victim or secondary victim may apply for reimbursement of the following costs under the circumstances set forth in paragraph (13)a. of this section provided that the costs are incurred within 1 year before, or within 2 years after, the opening of the investigation, the date of the judicial or administrative proceeding, or the release or execution date of the offender:

1. The cost of mental health counseling services, not to exceed 50 sessions.

2. Reasonable expenses incurred due to attendance at criminal proceedings.

3. Expenses for essential personal safety property, not to exceed $1,500.

c. Any payments made under this paragraph (13) are subject to the provisions of § 9010 of this title with regard to denial and reduction of claims, and to § 9011 of this title with regard to payment.

(59 Del. Laws, c. 519, § 1; 60 Del. Laws, c. 436, §§ 4, 5; 65 Del. Laws, c. 268, § 1; 66 Del. Laws, c. 262, § 2; 68 Del. Laws, c. 35, § 1; 68 Del. Laws, c. 213, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 424, § 5; 72 Del. Laws, c. 460, §§ 6-8, 15; 74 Del. Laws, c. 296, §§ 7, 8; 76 Del. Laws, c. 360, §§ 2, 3; 77 Del. Laws, c. 193, § 1; 77 Del. Laws, c. 204, § 1; 78 Del. Laws, c. 103, §§ 1, 2; 83 Del. Laws, c. 247, § 7; 84 Del. Laws, c. 433, § 3.)

§ 9010. Denial of claim; reduction.

(a) The Agency shall deny payment of a claim for any of the following reasons:

(1) Where the claimant was the perpetrator of the crime on which the claim is based.

(2) Where the victim incurred the personal injury on which the claim is based through collusion with the perpetrator of the crime.

(3) Where the victim refused to give reasonable cooperation to state or local law-enforcement agencies in their efforts to apprehend or convict the perpetrator of the crime in question.

(4) Where the claim has not been filed within 1 year after the personal injury on which the claim in based, unless an extension is granted by the Agency or the Agency, in its discretion, determines that the circumstances render this requirement unreasonable.

(5) Where the victim has failed to report the crime to a law-enforcement agency within 72 hours of its occurrence. This requirement is waived in any of the following circumstances:

a. The crime has been reported to an appropriate governmental agency, such as child or adult protective services or the Family Court.

b. The victim can provide a protection from abuse order.

c. The victim has cooperated with law enforcement or an appropriate government agency in cases of crimes involving domestic violence, sexual assault or abuse.

d. Where the Agency, in its discretion, determines that the circumstances of the crime or the victim render this requirement unreasonable.

(6) Where the victim is injured as a result of that victim's own suicide or attempted suicide, unless the suicide or attempted suicide is directly related to a prior criminal victimization for which compensation is eligible under this chapter.

(7), (8) [Repealed.]

(b) In determining whether or not to make an award under this chapter, or in determining the amount of any award, the Agency may consider any circumstances it deems to be relevant, including the behavior of the victim which directly or indirectly contributed to injury

or death, unless such injury or death resulted from the victim's lawful attempt to prevent the commission of a crime or to apprehend an offender.

(c) If the victim bears any share of responsibility that caused injury or death, the Agency shall reduce the amount of compensation in accordance with its assessment of the degree of such responsibility attributable to the victim. A claim may be denied or reduced if the victim of the personal injury in question, either through negligence or through wilful and unlawful conduct, substantially provoked or aggravated the incident giving rise to the injury.

(d) In no event may the Agency deny any claim solely because the victim was a child victim of sexual assault or abuse, and the victim either delayed reporting the abuse or assault to authorities or the victim delayed an application for services to mitigate the effects of the impact of sexual assault or abuse.

(59 Del. Laws, c. 519, § 1; 65 Del. Laws, c. 268, § 3; 68 Del. Laws, c. 35, § 2; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 18, §§ 1, 2; 72 Del. Laws, c. 460, §§ 9, 20; 74 Del. Laws, c. 296, §§ 9-12; 76 Del. Laws, c. 360, § 4; 77 Del. Laws, c. 193, § 1; 78 Del. Laws, c. 103, §§ 3-5; 83 Del. Laws, c. 247, § 8.)

§ 9011. Payment of compensation.

(a) Any person, regardless of age or mental condition, is entitled to make application for compensation under this chapter if the person is a claimant. In any instance in which the person entitled to make application is deemed by law to be a person who is incapacitated, the person may nevertheless appear in person or the application may be made on the person's behalf by any person acting as a relative, guardian, or attorney. Every claimant making application is entitled to appear and be heard by the Agency in accordance with § 9012(b), (c), and (d) of this title.

(b) Except in cases of dire hardship, as determined by the Agency, there may not be payment of compensation where the claim is for less than $25. Awards may be paid in a lump sum, or in periodic payments as determined by the Agency. All payment is exempt from attachment, garnishment, or any other remedy available to creditors for the collection of a debt.

(c) The Agency may require any injured person filing a claim under this chapter to submit to a physical or mental examination by a physician selected by the Agency.

(d) Compensation may not be awarded under the chapter to a claimant in a total amount in excess of $25,000; provided, however, that the Agency may award compensation to victims who are permanently and totally disabled in an amount not to exceed $50,000.

(e) Although a person who is incapacitated may appear and press a claim before the Agency, payment of compensation may not be made directly to any person who is incapacitated but must be made to a third person for the benefit of the person who is incapacitated. In the case of any payment for the benefit of a child or person who is incapacitated, the Agency shall order the payee to file an accounting with the Agency no later than January 31 of each year for the previous calendar year, and to take such other action as the Agency may determine to be necessary and appropriate for the benefit of the child or person who is incapacitated.

(f) The Agency shall deduct from its award of compensation any payments received from the following by the claimant if the payment were in any manner made to compensate for the personal injury or death arising from the crime or incident giving rise to the claim:

(1) The offender.

(2) Any person on behalf of the offender.

(3) Any insurer.

(4) The United States or any state.

(5) The State of Delaware or any of its political subdivisions.

(g) In the event that payment of an award of compensation has been received by the claimant, and payments as set forth is subsection (f) of this section are received, the claimant is obligated to reimburse the Agency for the funds received, to the full extent of the compensation paid by the Agency.

(h) The Executive Director has authority to accept reimbursement of less than the full amount of compensation paid, but only in cases where the claimant is subjected to extreme hardship, as determined in the sole discretion of the Executive Director.

(i) The reimbursement provisions of subsections (f), (g), and (h) of this section do not apply to any life insurance proceeds.

(59 Del. Laws, c. 519, § 1; 60 Del. Laws, c. 436, § 6; 64 Del. Laws, c. 273, § 1; 67 Del. Laws, c. 84, § 1; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 460, §§ 10-12; 77 Del. Laws, c. 193, § 1; 78 Del. Laws, c. 103, § 8; 79 Del. Laws, c. 404, § 4; 83 Del. Laws, c. 247, § 9.)

§ 9012. Form of claim; investigation—hearing.

(a) All claims filed with the Agency must be in writing on the Agency's provided claim form and signed by the claimant. The Agency shall initiate an investigation of the claim within 30 days of the filing of the claim. After this investigation, the Agency shall render a decision on whether or not to award compensation to the claimant. The Agency shall immediately mail a copy of its decision to the claimant, together with written notice of the claimant's options for redress if dissatisfied with the Agency decision.

(b) If the claimant is dissatisfied with the Agency's decision, the claimant may, within 30 days after the date the Agency decision is mailed, file a request for reconsideration of the claim. The request must include additional information from the claimant that supports

the claim request. If the request is not timely made, then the Agency decision is final and not appealable to the Appeals Board or the Superior Court.

(c) If a reconsideration is timely requested, the Executive Director shall review the claimant's information and render a final decision. This decision will immediately be mailed to the claimant, together with written notice of the claimant's right to request an appeal.

(d) If the claimant is dissatisfied with the Agency's final decision, the claimant may, within 30 days after the date the decision is mailed, request a hearing before the Appeals Board. If an appeal is timely requested, the Appeals Board shall fix the time and place for hearing the appeal. The Agency shall, at least 20 days before the time set for the hearing, mail notices of the time and place of the hearing to all interested persons and agencies. At the appeal hearing, the claimant may present evidence to the Appeals Board to show why the Agency's decision should be reversed or modified. Within 90 days of the conclusion of all hearings on the matter, the Appeals Board shall mail to the claimant a statement of its final decision to award or deny the claim and a statement of any conditions under which the claim will be awarded. The Appeals Board may affirm, reverse, or modify the Agency's decision.

(e) The claimant or the Agency, if dissatisfied by the Appeals Board's decision concerning compensation or any conditions attached to the award of the compensation, may appeal to the Superior Court within 30 days following the date the decision of the Appeals Board is mailed to the appealing party. An appeal to Superior Court must be based on the record of the Appeals Board hearing.

(59 Del. Laws, c. 519, § 1; 60 Del. Laws, c. 436, §§ 7, 8; 68 Del. Laws, c. 239, §§ 1, 2; 72 Del. Laws, c. 460, §§ 13, 14, 16; 77 Del. Laws, c. 193, § 1; 83 Del. Laws, c. 247, § 10.)

§ 9013. Attorney fees.

A claimant need not be represented by an attorney before the Appeals Board, but if such person is represented the Appeals Board may award an amount for services rendered. Such fees shall not exceed $1,000 or 15% of the amount awarded, whichever sum is less, and shall be in addition to the amount of compensation awarded to the claimant. An attorney shall not charge, demand, receive or collect for services rendered in connection with any proceedings under this chapter any amount other than awarded as attorneys' fees under this section.

(59 Del. Laws, c. 519, § 1; 77 Del. Laws, c. 193, § 1.)

§ 9014. Recovery from the criminal.

(a) Whenever any person is convicted of an offense and a payment of compensation is, or has been, made under this chapter for a personal injury or death resulting from the act constituting such offense, the State may institute an action against such person for the recovery of the whole or any specified part of the compensation in any Superior Court within the State, or in any other court, either state or federal, if such court has custody or control of funds of the criminal or which may be awarded to the criminal. Any amounts recovered under this section shall be deposited to the fund which finances the administration of this chapter.

(b) Any payment of compensation under this chapter does not affect any right of any person to recover damages in a civil action from the person convicted of the offense giving rise to the claim for compensation.

(c) Whenever any person is sentenced for an offense and compensation has been paid under this chapter to a claimant, the Agency may assert a claim for reimbursement of the Victims' Compensation Fund as restitution from the criminal defendant. In support of the reimbursement claim, the Agency shall submit an affidavit with supporting documentation to the sentencing court, setting forth all payments made to the claimant. Restitution may be awarded to the Agency. A hearing on restitution will be held on the timely request of the defendant. Where the compensation of the claimant is continuing, and the full amount of reimbursement due has not been established by the Agency, the affidavit may so state, and the sentencing court may reserve jurisdiction over any future claim for reimbursement to the Agency. Any supplemental claim for reimbursement to the Agency must be brought within 2 years of the sentencing date, or before the expiration of a term of probation imposed on the defendant for an offense giving rise to the claim for compensation, whichever date comes first. The courts shall establish procedures for determining the amount of reimbursement due to the Victims' Compensation Fund from offenders.

(59 Del. Laws, c. 519, § 1; 77 Del. Laws, c. 193, § 1; 79 Del. Laws, c. 404, § 2; 83 Del. Laws, c. 247, § 11.)

§ 9015. Assignment and subrogation.

(a) Awards and recoveries granted under this chapter shall not be transferable or assignable, at law or in equity, and none of the money paid or payable under this chapter shall be subject to execution, levy, attachment, garnishment or other legal process, or to the operation of any bankruptcy or insolvency law.

(b) There shall be no substitution or subrogation, whether conventional or legal, of any indebtedness or right of action by virtue of any claim of guarantee or surety, agency, lien, payments or advances made, or any claim made by the person convicted of the act giving rise to any compensation awarded under this chapter.

(59 Del. Laws, c. 519, § 1; 77 Del. Laws, c. 193, § 1.)

§ 9016. Penalty assessment.

(a) In addition to, and at the same time as, any fine is assessed to any criminal defendant or any child adjudicated delinquent, there must be levied an additional penalty of 18% of every fine, penalty, and forfeiture imposed and collected by the courts for crimes or offenses

as defined in § 233 of this title, or $10 per offense of conviction, whichever is greater. Where multiple offenses are involved, the penalty assessment must be based on the total fine for all offenses. When a fine, penalty, or forfeiture is suspended, in whole or in part, the penalty assessment must not be suspended; provided, however, that if the penalty assessment herein imposed remains uncollected for a period in excess of 3 years, the courts may expunge the record of the assessment.

(b) The penalty assessment under subsection (a) of this section must be paid to the prothonotary or clerk of court, as applicable, and transmitted to the State Treasury to be deposited in a separate account for the administration of this chapter, designated the "Victims' Compensation Fund".

§ 9017. Annual reports.

The Department of Justice shall transmit to the Governor, State Auditor, and the General Assembly an annual report of the activity of the Agency under this chapter.

§ 9018. Compensating fine.

In any court of the State upon the conviction of any person or the adjudication of delinquency of any child for a crime resulting in the personal injury or death of another person, the court may, in addition to any other penalty, and in addition to reimbursement to the Victims' Compensation Fund, order such person to pay a compensating fine, in lieu of, but greater than, the penalty set forth in § 9016 of this title. The amount of such fine is in the discretion of the court and must be commensurate with the malice shown and the injury done to the victim. All fines paid in accordance with this section must be deposited into the Victims' Compensation Fund.

(59 Del. Laws, c. 519, § 1; 67 Del. Laws, c. 71, § 3; 67 Del. Laws, c. 260, § 1; 77 Del. Laws, c. 193, § 1; 79 Del. Laws, c. 404, § 3; 83 Del. Laws, c. 247, § 14.)

§ 9019. Oaths; production of witnesses and records.

The Executive Director and each member of the Appeals Board shall have the power to administer oaths, subpoena witnesses and compel the production of books, papers and records relevant to any investigation or hearing authorized by this chapter. Any person who shall fail to appear in response to a subpoena or to answer any question, or produce any books, papers and records relevant to any such investigation or hearing may be compelled to do so by order of the Superior Court.

(60 Del. Laws, c. 436, § 11; 77 Del. Laws, c. 193, § 1.)

§ 9020. Filing false claim.

(a) Any claim under this chapter, which is false in part or in whole, constitutes a false written statement in violation of § 1233 of this title.

(b) Any person who files a false claim under this chapter shall forfeit any compensation and shall reimburse and repay the Agency for any compensation received under this chapter.

(60 Del. Laws, c. 436, § 12; 77 Del. Laws, c. 193, § 1; 83 Del. Laws, c. 247, § 15.)

§ 9021. Persons to whom chapter applicable.

(60 Del. Laws, c. 436, § 13; 72 Del. Laws, c. 460, § 17; 73 Del. Laws, c. 250, § 4; 77 Del. Laws, c. 193, § 1.)

§ 9022. Conflict of interest.

Any member of the Agency, Council, or Appeals Board with a direct or indirect interest in a matter in question shall disqualify themselves from any consideration of that matter.

(65 Del. Laws, c. 64, § 1; 70 Del. Laws, c. 186, § 1; 77 Del. Laws, c. 193, § 1; 83 Del. Laws, c. 247, § 16.)

§ 9023. Payment for forensic medical examinations for victims of sexual offense.

(a) The cost of a forensic medical examination done for the purpose of gathering evidence that can be used in the prosecution of a sexual offense may be paid from the Victims' Compensation Fund.

(b) For purposes of this section, "forensic medical examination" means medical diagnostic procedures examining for physical trauma, and determining penetration, force, or lack of consent. The cost of the examination must include collecting all evidence as called for in the sexual offense evidence collection kits and may include any of the following, if done as part of the forensic medical examination:

(1) Physician's fees for the collection of the patient history, physical, collection of specimens, and treatment for the prevention of venereal disease or the provision of emergency contraception, including 1 return follow-up visit.

(2) Emergency department expenses, including emergency room fees, cost of pelvic tray, and transportation by ambulance.

(3) Laboratory expenses for wet mount for sperm, swabs for acid phosphates and ABH antigen; blood typing, serology for syphilis and Hepatitis B; cultures for gonorrhea, chlamydia, trichomonas, and other sexually transmitted diseases; pregnancy testing; urinalysis; and any other laboratory test needed to collect evidence that could be used in the prosecution of the offense.

(c) Hospitals and health-care professionals shall provide forensic medical examinations free of charge to the victims of sexual offenses. Any hospital or health-care professional performing a forensic medical examination shall seek reimbursement for the examination from the patient's insurance carrier, including Medicaid and Medicare, if available. If insurance is unavailable, or does not cover the full costs of the forensic medical examination, the service provider may seek reimbursement from the Victims' Compensation Fund. The Agency shall authorize the repayment for reasonable expenses incurred during the forensic medical examination. The reimbursement may not exceed a maximum amount to be determined by the Agency. If the hospital or health-care professional has recovered from insurance, the Agency shall only provide compensation sufficient to total the maximum amount provided for in the Agency's rules and regulations.

(d) The victim of the sexual offense shall not pay any out-of-pocket costs associated with the forensic medical examination and shall not be required to file an application with the Agency. Notwithstanding other language in this chapter, all forensic medical examinations of victims of a sexual offense not covered by insurance must be paid for through the Victims' Compensation Fund and the payment must be considered full compensation to the hospital or health-care professional providing the services.

(e) In addition to, and at the same time as, any other fine or penalty assessed on any criminal defendant, all defendants convicted of a sexual offense as defined in § 761 of this title must be assessed an additional fine that must be used to reimburse the Victims' Compensation Fund for forensic medical examination payments. All defendants convicted of sexual offenses shall pay $50 for each misdemeanor level count for which they are convicted and $100 for each felony level count for which they are convicted. All fines paid in accordance with this section must be deposited into the Victims' Compensation Fund.

(f) Nothing in this section may preclude victims from applying to the Agency for other costs incurred.

(70 Del. Laws, c. 40, § 1; 77 Del. Laws, c. 193, § 1; 83 Del. Laws, c. 247, § 17.)

§ 9024. Payment for child psychological assessments and short-term counseling.

(a) The costs of a psychological assessment done for the purposes of evaluating the mental health needs of a child victim may be paid from the Victims' Compensation Fund.

(b) The costs of short-term counseling, as defined by the Agency, for the purposes of meeting the mental health needs of a child victim may be paid from the Victims' Compensation Fund.

(c) Any psychological assessment or counseling provided pursuant to this section shall be provided by a qualified mental health practitioner as determined by the Agency. The Agency shall authorize the repayment of reasonable expenses for a psychological assessment and/or short-term counseling. Such reimbursement shall not exceed a maximum amount to be determined by the Agency. Any mental health practitioner performing a psychological assessment and/or short-term counseling pursuant to this section shall seek reimbursement for such services from the patient's insurance carrier, including Medicaid and Medicare, if available. If the mental health practitioner has recovered from insurance, the Agency shall only provide compensation sufficient to total the maximum amount provided for in the Board's rules and regulations. Funding for psychological assessments and/or short-term counseling shall be available to the victim regardless of other health insurance resources which may exist.

(d) A parent or guardian acting on behalf of a child victim shall not pay any out-of-pocket costs associated with a psychological assessment or short-term counseling, and shall not be required to file an application with the Agency. Notwithstanding other language in this chapter, all psychological assessments and short-term counseling expenses of child victims shall be paid for through the Victims' Compensation Fund and such payment shall be considered full compensation to the mental health practitioner providing such services.

Victims of Crimes

Chapter 91
Distribution of Moneys Received as Result of Commission of Crime

§ 9101. Findings.

The General Assembly finds that it is against public policy and the welfare of the citizens of Delaware to allow a person accused or convicted of a crime to benefit financially from a published reenactment of said crime or any incidents involved therein. The General Assembly further finds that a system is required to provide for the distribution of moneys received as a result of the commission of a crime in order that victims of crime may be adequately compensated.

(64 Del. Laws, c. 169, § 1.)

§ 9102. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them except where the context clearly indicates a different meaning:

(1) "Board" shall mean the Violent Crimes Compensation Board, as established by this title.

(2) "Person convicted of a crime" shall mean any person convicted of a crime in this State either by entry of a plea of guilty, a plea of nolo contendere, a "Robinson plea" or by conviction after trial as well as a person found not guilty as a result of the defense of mental disease or defect pursuant to this title.

(3) "Victim" shall mean a person who suffers personal, physical, mental or emotional injury, or pecuniary loss, as a direct result of the commission of a crime enumerated in Chapter 5 of this title.

(64 Del. Laws, c. 169, § 1; 67 Del. Laws, c. 260, § 1; 68 Del. Laws, c. 394, § 1.)

§ 9103. Distribution of moneys.

(a) Every person, firm, corporation, partnership, association or other legal entity contracting with any person or the representative or assignee of any person convicted of a crime in this State, with respect to the reenactment of such crime, by way of a movie, book, magazine article, tape recording, phonograph record, radio or television presentation, live entertainment of any kind, or from the expression of such convicted person's thoughts, feelings, opinions or emotions regarding such crime if such expression represents the primary contents of a movie, book, magazine article, tape recording, phonograph record, radio or television presentation, or live entertainment of any kind, shall submit a copy of such contract to the Board and pay over to the Board any moneys which would otherwise, by terms of such contract, be owing to the person convicted or the person's representatives. The Board shall deposit such moneys in an escrow account for the benefit of and payable to any victim or the legal representative of any victim of crimes committed by such convicted person, provided that such victim, or the legal representative of any such victim, within 5 years from the establishment of such escrow account, brings a civil action in a court of competent jurisdiction and recovers a money judgment for damages against such person or the person's representatives.

(b) The Board, at least once every 6 months for 5 years from the date it receives such moneys, shall cause to have published a legal notice in a newspaper or newspapers of general circulation in the county wherein the crime was committed, and in the county contiguous to such county, advising such victims that such escrow accounts are available to satisfy money judgments pursuant to this chapter. The Board may, in its discretion, provide for such additional notice as it deems necessary.

(c) Upon a showing by any convicted person that 5 years have elapsed from the date of establishment of such escrow account, and further that no actions are pending against such convicted person pursuant to this chapter, the Board shall immediately pay over any moneys in such escrow account to such person or the person's legal representatives.

(d) Notwithstanding the foregoing provision of this chapter, the Board shall make payments from an escrow account to any person convicted of crime upon order of any court of competent jurisdiction after a showing by such person that such moneys shall be used for the exclusive purpose of retaining legal representation at any stage of the criminal proceeding against such person, including the appeals process. The Board may in its discretion and after notice to victims of the crime make payments from the escrow account to a representative of any person convicted of a crime for the necessary fees and expenses incident to the generation and procurement of the moneys paid into the escrow account, provided the Board finds that such payments would be in the best interest of the victims of the crime and would not be contrary to public policy. The total of all payments made from the escrow account under this subsection shall not exceed one fifth of the total moneys paid into the escrow account and available to satisfy civil money judgments obtained by victims of the crime.

(e) Any action taken by any person convicted of a crime, whether by way of execution of a power of attorney, creation of corporate entities or otherwise, to defeat the purpose of this chapter, shall be null and void as against the public policy of this State.

(f) For purposes of this chapter, notwithstanding any other provision of the Delaware Code, claims on moneys in the escrow account shall have the following priorities:

(1) Payments ordered by the Board or a court pursuant to subsection (d) of this section.

(2) Judgments obtained by the Division of Revenue, State of Delaware, against the convicted person pursuant to Chapter 5 of Title 30.

(3) Subrogation claims of the State in an amount not to exceed one third of the net amount of the civil judgment obtained by a victim which is payable directly to the victim from the escrow account.

(4) Civil judgments of the crime victims.

(5) Other judgment creditors or persons claiming moneys through the person convicted of a crime who present lawful claims, including local government tax authorities.

(6) The person convicted of the crime.

(g) The Board may bring an action in a court of competent jurisdiction for a declaratory judgment where it cannot determine the priority of claims and the proper distribution of any escrow account.

(h) Moneys in an escrow account shall not be subject to execution, levy, attachment or lien except in accordance with the priority of claims established in this chapter.

(64 Del. Laws, c. 169, § 1; 68 Del. Laws, c. 394, § 2; 70 Del. Laws, c. 186, § 1.)

§ 9104. Board as exclusive escrow agent.

Notwithstanding any other provisions of law, the Board shall have exclusive jurisdiction and control, as escrow agent, over any moneys subject to this chapter. No distribution of moneys in such escrow accounts shall be made except by determination and order of the Board.

(64 Del. Laws, c. 169, § 1.)

§ 9105. Judicial review.

Any party aggrieved by a final determination and order of the Board may appeal such final determination and order to the Superior Court.

(64 Del. Laws, c. 169, § 1.)

§ 9106. Penalties.

Any person convicted of a violation of this chapter shall be guilty of a class A misdemeanor.

(64 Del. Laws, c. 169, § 1.)

Part VI
Victims of Crimes
Chapter 92
Police Officers' Due Process, Accountability, and Transparency

(84 Del. Laws, c. 148, § 1.)

§ 9200. Limitations on political activity; "law-enforcement officer" defined; rights of officers under investigation.

(a) A law-enforcement officer within a jurisdiction in this State has the same rights to engage in political activity as are afforded to any other person. The right to engage in political activity shall not apply to any law-enforcement officer while on duty or when acting in an official capacity or while in uniform.

(b) For purposes of this chapter:

(1) "Detailed narrative" means a complete description of the facts, steps taken to further an investigation, evidence collected, conclusions reached, the names of officers involved for whom misconduct was substantiated, any discipline assigned in connection with the event, and the employment status of disciplined officers.

(2) "Formal investigation" refers to an investigation initiated at the request of management after a preliminary determination has been made that a rule or policy of the department may have been violated. A formal investigation is typically conducted by an internal affairs department or its equivalent and is distinguished from an informal inquiry that is more properly considered routine employer supervision.

(3) "Informal inquiry" means questioning by supervisory personnel for purposes of making a preliminary determination whether an officer has violated a rule or policy of the department. An informal inquiry is made only to obtain preliminary facts in order to determine whether a formal investigation should be initiated. An informal inquiry must be conducted in accordance with state and federal law.

(4) "Law-enforcement officer" or "officer" means a full-time or part-time police officer who is a sworn member of the Delaware State Police, of the Wilmington City Police Department, of the New Castle County Police, of the University of Delaware Police Division, the Delaware State University Police Department, of the police force established by the Delaware River and Bay Authority, or of the police department, bureau of police or police force of any incorporated municipality, city or town within this State or who is a sworn uniformed police or enforcement officer of the Department of Natural Resources and Environmental Control or of the Delaware State Capital Police, or a Probation and Parole Officer of the Department of Correction or a Probation and Parole Officer of the Department of Services for Children, Youth and their Families, or a State Fire Marshall Deputy or a state detective or special investigator of the Department of Justice, an agent of the State Police Drug Diversion Unit or an agent of the State Division of Alcohol and Tobacco Enforcement; provided, however, that except for the disclosures required under § 9210 of this title, this chapter shall not apply to the Superintendent or Deputy Superintendent of the Delaware State Police, or to any officer above the rank of Captain in the Delaware State Police, or to the chief of police of any police force in this State, or to any other officer who is the highest ranking officer in the law-enforcement agency. An officer who is not a member of 1 of the above agencies is not covered by this chapter.

(5) "Sustained finding" means after the conclusion of an investigation, a law-enforcement officer's violation of law, rule, policy, regulation, or guideline was established by a preponderance of the evidence. "Preponderance of the evidence" means more probably true than not.

(c) Whenever a law-enforcement officer is under formal investigation and is subjected to questioning which could lead to disciplinary action, the investigation or questioning shall be conducted under the following conditions:

(1) The questioning shall be conducted at a reasonable hour, preferably at a time when the officer is on duty unless the gravity of the investigation in the opinion of the investigator is of such degree that immediate questioning is required.

(2) The questioning shall take place at the agency headquarters or at the office of the local troop or police unit in which the incident allegedly occurred as designated by the investigating officer or unless otherwise waived in writing by the officer being investigated.

(3) The law-enforcement officer under investigation shall be informed of the name, rank and command of the officer in charge of the investigation at a time and at the discretion of the department, but no later than prior to formal questioning. All questions directed to the officer shall be asked by and through no more than 2 investigators. No formal complaint against a law-enforcement officer seeking dismissal or suspension or other formal disciplinary action shall be prosecuted under departmental rule or regulation unless the complaint is supported by substantial evidence derived from an investigation by an authorized member of the department or another officer who is certified pursuant to Chapter 84 of this title and has experience and/or training on conducting an internal law-enforcement investigation and is appointed by the Chief of Police, or the Chief's designee, of the law-enforcement department to conduct the investigation of the officer in question.

(4) The law-enforcement officer under investigation shall be informed in writing of the nature of the investigation prior to being questioned.

(5) Interview sessions shall be for reasonable periods of time. There shall be times provided for the officer to allow for such personal necessities and rest periods as are reasonably necessary.

(6) Except upon refusal to answer questions pursued in a valid investigation, no officer shall be threatened with transfer, dismissal or other disciplinary action.

(7) A complete record shall be kept of all interviews held in connection with the administrative investigation. Upon request, a copy of the record or recording of the interviews shall be provided to the officer.

(8) If the law-enforcement officer under interrogation is under arrest or may reasonably be placed under arrest as a result of the investigation, the officer shall be informed of the officer's rights, including the reasonable possibility of the officer's arrest prior to the commencement of the interrogation.

(9) Upon request, any officer under questioning shall have the right to be represented by counsel or other representative of the officer's choice, who shall be present at all times during the questioning unless waived in writing by the investigated officer. The questioning shall be suspended for a reasonable period of time if the officer requests representation until such time as the officer can obtain the representative requested if reasonably available.

(10) An officer who is charged with violating any departmental rules or regulations, or the officer's representative, will be provided access to transcripts, records, written statements, written reports, and video and audio recordings pertinent to the case if they are exculpatory, intended to support any disciplinary action or are to be introduced in the departmental hearing on the charges involved. Upon demand by the officer or counsel, they shall be produced within 48 hours of the written notification of the charges.

(11) At the conclusion of the formal investigation, the investigator shall inform in writing the officer of the investigative findings, conclusions, and any recommendation for further action. Notwithstanding anything in this chapter to the contrary, upon completion of the investigation and any related proceedings, an officer is entitled to access investigatory files regardless of whether charges are sustained.

(12) Except as set forth in subsection (d) of this section and § 9210 of this title, records compiled as a result of any investigation subject to the provisions of this chapter and/or a contractual disciplinary grievance procedure are confidential and may not be released to the public. A contract or collective bargaining agreement that purports to extend confidentiality provisions relating to officer personnel or disciplinary records beyond the scope set forth in this chapter is void and unenforceable as against public policy.

(13) Whenever an investigation is initiated, it must be completed, regardless of the employment status of the law-enforcement officer under investigation. The employing department shall maintain the file relating to the investigation regardless of whether or not the officer separates from the employing department prior to the initiation or completion of a formal investigation and regardless of the investigation's conclusion. Any sustained finding must be reported to the Police Officer Standards and Training Commission.

(d) Unless otherwise required by this chapter, no law-enforcement agency shall be required to disclose in any civil proceeding, other than those brought by a citizen against a law-enforcement officer alleging that the officer breached the officer's official duties and that such breach resulted in injury or other damage to the citizen, any:

(1) Personnel file; or

(2) Internal affairs investigatory file compiled in connection with a law-enforcement officer under investigation or subjected to questioning for any reason which could lead to disciplinary action, demotion, or dismissal.

(65 Del. Laws, c. 12, § 1; 65 Del. Laws, c. 139, §§ 1, 2; 67 Del. Laws, c. 237, § 1; 69 Del. Laws, c. 298, § 1; 70 Del. Laws, c. 175, § 1; 70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 467, § 1; 71 Del. Laws, c. 456, § 1; 72 Del. Laws, c. 367, § 6; 76 Del. Laws, c. 43, § 3; 76 Del. Laws, c. 303, §§ 1, 2; 77 Del. Laws, c. 158, § 1; 78 Del. Laws, c. 155, § 5; 79 Del. Laws, c. 340, § 1; 81 Del. Laws, c. 347, § 1; 84 Del. Laws, c. 148, § 1; 84 Del. Laws, c. 149, § 18.)

§ 9201. Insertion of adverse material in officer's file.

No law-enforcement agency shall insert any adverse material into the file of any officer except the file of the internal investigation or the intelligence division unless the officer has had an opportunity to review, sign, receive a copy of and comment in writing on the adverse material.

(65 Del. Laws, c. 12, § 1.)

§ 9202. Disclosure of personal assets.

No officer shall be required or requested to disclose any item of personal property, income, assets, sources of income, debts, personal or domestic expenditures (including those of any member of the officer's household), unless such information is necessary in investigating a violation of any federal, state or local ordinance with respect to the performance of official duties or unless such disclosure is required by state or federal law.

(65 Del. Laws, c. 12, § 1; 70 Del. Laws, c. 186, § 1.)

§ 9203. Hearing — Required on suspension or other disciplinary action.

If a law-enforcement officer is:

(1) Suspended for any disciplinary reason; or

(2) Charged with conduct alleged to violate the rules or regulations or general orders of the agency that employs the officer; or

(3) Charged with a breach of discipline of any kind, which charge could lead to any form of disciplinary action (other than a reprimand) which may become part of the officer's permanent personnel record,

then that officer shall be entitled to a hearing which shall be conducted in accordance with this chapter unless a contractual disciplinary grievance procedure executed by and between the agency and the bargaining unit of that officer is in effect, in which case the terms of that disciplinary grievance procedure shall take precedence and govern the conduct of the hearing.

(65 Del. Laws, c. 12, § 1; 65 Del. Laws, c. 139, § 3; 70 Del. Laws, c. 186, § 1; 84 Del. Laws, c. 148, § 1.)

§ 9204. Hearing — Scheduling; notice.

In the event an officer is entitled to a hearing, a hearing shall be scheduled within a reasonable period of time from the alleged incident, but in no event more than 45 days following the conclusion of the internal investigation, unless waived in writing by the charged officer. The officer shall be given written notice of the time and place of the hearing and the issues involved, including a specification of the actual facts that the officer is charged with having committed; a statement of the rule, regulation or order that those facts are alleged to violate; and a copy of the rule, regulation or order. The charge against the law-enforcement officer shall advise the officer of the alleged facts and that the violation of the rule constituted a basis for discipline, and shall specify the range of applicable penalties that could be imposed.

(65 Del. Laws, c. 12, § 1; 70 Del. Laws, c. 186, § 1; 84 Del. Laws, c. 148, § 1.)

§ 9205. Hearing — Procedure.

(a) An official record including testimony and exhibits shall be kept of the hearing.

(b) The hearing shall be conducted within the department by an impartial board of officers. The prosecuting party and the officer and/or the officer's representative shall be given an opportunity to present evidence and argument with respect to the issues involved. Both the department and the officer may be represented by legal counsel. In the event an impartial board cannot be convened, then a board of 3 officers or more shall be convened under the auspices of the Delaware Criminal Justice Council. Any officer appointed under this subsection, either within the department or under the auspices of the Criminal Justice Council, shall not be liable for civil damages from any acts or omissions arising out of such officer's service on the board as long as the member of the board of officers acted in good faith and without malice in carrying out that member's responsibilities or duties. A member of the board of officers is presumed to have acted in good faith and without malice unless proven otherwise.

(c) Evidence which possesses probative value commonly accepted by reasonable and prudent persons in the conduct of their affairs shall be admissible in evidence and given probative effect. The tribunal conducting the hearing shall give effect to the rules of privilege recognized by law and may exclude incompetent, irrelevant, immaterial and unduly repetitious evidence. All records and documents which any party desires to use shall be offered and made a part of the record. Documentary evidence may be received in the form of copies of excerpts or by incorporation by reference.

(d) Every party shall have the right of cross-examination of witnesses who testify and may submit rebuttal evidence.

(e) The tribunal may take notice of judicially cognizable facts and in addition may take notice of general, technical or scientific facts within its specialized knowledge. Parties shall be notified beforehand of the materials so noticed by the trial board. No law-enforcement officer may be adjudged guilty of any offense unless the hearing tribunal is satisfied that guilt has been established by substantial evidence.

(65 Del. Laws, c. 12, § 1; 65 Del. Laws, c. 139, § 4; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 166, § 1.)

§ 9206. Hearing — Evidence obtained in violation of officer's rights.

No evidence may be obtained, received or admitted into evidence in any proceeding of any disciplinary action which violates any of the rights established by the United States Constitution or Delaware Constitution or by this chapter. The tribunal may not enter any judgment or sustain any disciplinary action based on any evidence obtained in violation of the officer's rights as contained in this chapter.

(65 Del. Laws, c. 12, § 1.)

§ 9207. Hearing — Written decision and findings of fact to be delivered to officer.

Any decision, order or action taken following the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each issue in the case. A copy of the decision or order accompanying findings and conclusions along with the written action and right of appeal, if any, shall be delivered or mailed promptly to the law-enforcement officer or to the officer's attorney or representative of record.

(65 Del. Laws, c. 12, § 1; 70 Del. Laws, c. 186, § 1.)

§ 9208. Extra work as punishment prohibited.

No law-enforcement officer shall be compelled to work extra duty without compensation as a penalty for a disciplinary infraction. No suspension for any period of time provided in departmental rules and regulations shall affect the law-enforcement officer's eligibility for pension, hospitalization, medical and life insurance coverage or other benefits specifically protected under the contract of employment. Suspension may affect time of pension eligibility by contractual provision or other statutory provision. Nothing herein shall prevent any law-enforcement agency from requiring reimbursement by a suspended law-enforcement officer of the officer's employee contribution to benefits during the officer's time of suspension.

(65 Del. Laws, c. 12, § 1; 70 Del. Laws, c. 186, § 1.)

§ 9209. Application of chapter.

The chapter shall apply to all law-enforcement disciplinary proceedings throughout the State, conducted by the law-enforcement agencies specified in § 9200(b) of this title.

(65 Del. Laws, c. 12, § 1; 65 Del. Laws, c. 139, § 5.)

§ 9210. Authorized disclosures.

(a) (1) Beginning on August 7, 2023, an investigating agency shall prepare, within 30 days following the completion of a formal investigation and the conclusion of any hearing required by this chapter, a detailed narrative of the investigation, not including any compelled statements of an officer, and forward the detailed narrative to the Criminal Justice Council (CJC), with regard to any of the following:

a. Incidents where a law-enforcement officer has discharged a firearm at a person.

b. A law-enforcement officer's use of force that results in serious physical injury.

c. An investigation that results in a sustained finding that a law-enforcement officer engaged in a sexual assault or sexual harassment. For purposes of this paragraph, "sexual assault" means the commission or attempted initiation of a sexual act by means of force, threat, coercion, extortion, or offer or implication of leniency or official favor, under the color of authority. Propositioning sex or commission of a sexual act while an officer is on duty is deemed a "sexual assault."

d. An investigation that results in a sustained finding that a law-enforcement officer engaged in dishonest conduct. This includes, but is not limited to sustained findings of perjury, false statements, filing false reports, witness tampering, and destruction, falsification, or concealment of evidence.

e. A sustained finding of domestic violence by a law-enforcement officer.

(2) The detailed narratives required by this subsection may not reveal the name or any personal identifying information of a victim or witness. In a domestic violence case where revealing the name of the officer would also allow identification of the victim, the officer's name may be redacted.

(3) The Criminal Justice Council shall post the narratives they receive under this paragraph on their website within 30 calendar days of receipt.

(b) Departments shall provide information to a complainant or victim of officer misconduct regarding the resolution of that complaint, including the investigative findings, conclusions, and any recommendation for further action.

(c) (1) Notwithstanding anything in this chapter to the contrary, the Department of Justice must disclose in a criminal or delinquency matter, at the request of a defendant, all existing records, including those contained in a personnel or disciplinary file, relating to sustained findings of misconduct relating to perjury, witness tampering, intentional false statements or false reports, or destruction, falsification, or concealment of evidence by an officer who participated in the investigation or prosecution.

(2) The Department of Justice is responsible for gathering records from law-enforcement agencies that are responsive to a request under paragraph (c)(1) of this section and shall facilitate the transfer of records, pursuant to a confidentiality order entered by the court that restricts use or dissemination of such information beyond proceedings in that case and requires secure handling of the records.

(3) The Department of Justice shall diligently advise all agencies involved in criminal and juvenile justice matters of the agencies' continuing duty to identify, preserve, and disclose to the prosecutor, information required to be disclosed under this subsection.

(4) Prior to the transfer of records under this subsection, the Department of Justice shall redact all of the following:

a. The home address, home telephone number, work or school address, work telephone number, e-mail address, and Social Security number of a law-enforcement officer or officer's family member, a complainant or complainant's family member, or a witness or witness' family member.

b. The medical history and detailed medical information of a law-enforcement officer or a complainant. § 9601. Witness relocation and services.

(a) The Attorney General may provide for the health, safety, security and welfare of a witness or a potential witness for the State government in an official proceeding concerning criminal activity or other serious offense, if the Attorney General determines that an offense involving a crime of violence directed at the witness with respect to that proceeding or an offense set forth in subchapter III of Chapter 35 of this title directed at the witness or a potential witness is likely to be committed. The Attorney General may also provide for the health, safety, security and welfare of the immediate family of, or a person otherwise closely associated with, such witness or potential witness if the family or person may also be endangered on account of the participation of the witness in the judicial proceeding.

(1) The Attorney General shall issue guidelines defining the types of cases for which the exercise of the authority of the Attorney General as set forth in this subchapter would be appropriate.

(2) The State and its officers and employees shall not be subject to any civil liability on account of any decision to provide or not to provide services under this subchapter.

(b) In connection with the provision of services under this subchapter to a witness, a potential witness, or an immediate family member or close associate of a witness or potential witness, the Attorney General shall take such action as the Attorney General determines to be necessary to protect the person involved from bodily injury or otherwise to assure the health, safety, security and welfare of that person, including the psychological well-being and social adjustment of that person, for as long as, in the judgment of the Attorney General, the danger to that person exists. The Attorney General may provide some or all of the following services by regulation:

(1) Provide suitable documents to enable the person to establish a new identity or otherwise protect the person;

(2) Provide housing for the person;

(3) Provide for the transportation of household furniture and other personal property to a new residence of the person;

(6) Provide other services necessary to assist the person in becoming self-sustaining;

(7) Disclose or refuse to disclose the identity or location of the person relocated or protected, or any other matter concerning the person or the program after weighing the danger such a disclosure would pose to the person, the detriment it would cause to the general effectiveness of the program, and the benefit it would afford to the public or to the person seeking the disclosure, except that the Attorney General shall, upon the request of law-enforcement officials or pursuant to a court order, without undue delay, disclose to such officials the identity, location, criminal records and fingerprints relating to the person relocated or protected when the Attorney General knows or the request indicates that the person is under investigation for or has been arrested for or charged with an offense that is punishable by more than one year in prison or that is a crime of violence;

(8) Exempt procurement for services, materials, and supplies, and the renovation and construction of safe sites within existing buildings from other provisions of law as may be required to maintain the security of protective witnesses and the integrity of the witness security program established pursuant to this subchapter;

The Attorney General shall establish an accurate, efficient and effective system of records concerning the criminal history of persons provided services under this subchapter in order to provide the information described in paragraph (b)(7) of this section.

(c) Deductions shall be made from any payment made to a person pursuant to paragraph (b)(4) of this section hereof to satisfy obligations of that person for family support payments pursuant to a state court order.

(d) Any person who, without the authorization of the Attorney General, knowingly discloses any information received from the Attorney General under paragraph (b)(7) of this section shall be fined $5,000 or imprisoned for 5 years, or both. The Superior Court shall have exclusive jurisdiction of any violation of this subsection.

(e) (1) Before providing services to any person under this subchapter, the Attorney General shall, to the extent practicable, obtain information relating to the suitability of the person for inclusion in the program, including the criminal history, if any, and a psychological evaluation of, the person. A psychological evaluation shall only be required if the Attorney General intends to establish a new identity

and/or a new permanent place of residence for the person. The Attorney General shall also make a written assessment in each case of the seriousness of the investigation or case in which the person's information or testimony has been or will be provided and the possible risk of danger to other persons and property which could be created by providing services to a person and shall determine whether the need for that person's testimony outweighs the risk of danger to the public. In assessing whether services should be provided to a person under this subchapter, the Attorney General shall consider the person's criminal record, alternatives to providing services under this subchapter, the possibility of securing similar testimony from other sources, the need for protecting the person, the relative importance of the person's testimony, the results of psychological examinations, whether providing such services will substantially infringe upon the relationship between a child who would be relocated in connection with such services and that child's parent who would not be so relocated, and such other factors as the Attorney General considers appropriate. The Attorney General shall not provide services to any person under this subchapter if the risk of danger to the public created by the provision of such services, including the potential harm to innocent victims, outweighs the need for that person's testimony. This subsection shall not be construed to authorize the disclosure of the written assessment made pursuant to this subsection.

(2) In addition to the requirements set forth in paragraph (e)(1) of this section, before providing services under this subchapter which are intended to establish a new identity and/or a new permanent place of residence for the person, the Attorney General shall secure a psychological evaluation of the person which shall assess the risk of danger to the public, including the potential harm to innocent victims, potentially created by the provision of such services.

(f) Before providing services to any person under this subchapter, the Attorney General shall enter into a memorandum of understanding with that person. Each such memorandum of understanding shall set forth the responsibilities of that person, including:

(1) The agreement of the person, if a witness or potential witness, to testify and provide information to all appropriate law-enforcement officials concerning all appropriate proceedings;

(2) The agreement of the person not to commit any crime;

(3) The agreement of the person to take all necessary steps to avoid detection by others of the facts concerning the services provided to that person under this subchapter;

(4) The agreement of the person to comply with legal obligations and civil judgments against that person;

(5) The agreement of the person to cooperate with all reasonable requests of officers and employees of the state and other law-enforcement officers who are providing services under this subchapter;

(6) The agreement of the person to designate another person to act as agent for the service of process;

(7) The agreement of the person to make a sworn statement of all outstanding legal obligations, including obligations concerning child custody and visitation;

(8) The agreement of the person to disclose any probation or parole responsibilities, and if the person is on probation or parole under the laws of another State, to consent to supervision by the State of Delaware; and

(9) The agreement of the person to regularly inform the appropriate program official of the activities and current address of such person. Each such memorandum of understanding shall also set forth the services which the Attorney General has determined will be provided to the person under this subchapter, and the procedures to be followed in the case of a breach of the memorandum of understanding, as such procedures are established by the Attorney General. Such procedures shall include a procedure for filing and resolution of grievances of persons provided services under this subchapter regarding the administration of the program. This procedure shall include the opportunity for resolution of a grievance by a person who was not involved in the case.

(g) (1) The attorney General shall enter into a separate memorandum of understanding pursuant to this subsection with each person to whom services are provided under this subchapter who is 18 years of age or older. The memorandum of understanding shall be signed by the Attorney General and the person to whom services are provided.

(2) The Attorney General may delegate the responsibility initially to authorize services under this subchapter only to the Chief Deputy Attorney General or the State Prosecutor.

(h) If the Attorney General determines that harm to the person for whom services may be provided under this subchapter is imminent or that failure to provide immediate services would otherwise seriously jeopardize an ongoing investigation, the Attorney General may provide temporary services to such person under this subchapter before making the written assessment and determination required by subsection (e) of this section or entering into the memorandum of understanding required by subsection (f) of this section. In such a case the Attorney General shall make such assessment and determination and enter into such memorandum of understanding without undue delay after the services are initiated.

(i) The Attorney General may terminate the services provided under this subchapter to any person who substantially breaches the memorandum of understanding entered into between the Attorney General and that person pursuant to subsection (f) of this section, or who provides false information concerning the memorandum of understanding or the circumstances pursuant to which the person was provided services under this subchapter, including information with respect to the nature and circumstances concerning child custody and visitation. Before terminating such services, the Attorney General shall send notice to the person involved of the termination of the services provided under this subchapter and the reasons for the termination. The decision of the Attorney General to terminate such services shall not be subject to judicial review.

§ 9602. Civil judgments.

(a) If a person provided services which include the establishment of a new identity and/or new place of permanent residence under this subchapter is named as a defendant in a civil cause of action arising prior to or during the period in which the services are provided, process in the civil proceeding may be served upon that person or an agent designated by that person for that purpose. The Attorney General shall make reasonable efforts to serve a copy of the process upon the person protected at the person's last known address. The Attorney General shall notify the plaintiff in the action whether such process has been served. If a judgment in such action is entered against that person, the Attorney General shall determine whether the person has made reasonable efforts to comply with the judgment. The Attorney General shall take appropriate steps to urge the person to comply with the judgment. If the Attorney General determines that the person has not made reasonable efforts to comply with the judgment, the Attorney General may, after considering the danger to the person and upon the request of the person holding the judgment, disclose the identity and location of the person to the plaintiff entitled to recovery pursuant to the judgment. Any such disclosure of the identity and location of the person shall be made upon the express condition that further disclosure by the plaintiff of such identity or location may be made only if essential to the plaintiff's efforts to recover under the judgment, and only to such additional persons as is necessary to effect the recovery.

Any such disclosure or nondisclosure by the Attorney General shall not subject the State and its officers or employees to any civil liability.

(b) (1) Any person who holds a judgment entered by a federal or state court in that person's favor against a person provided services which include the establishment of a new identity and/or a new place of employment under this subchapter may, upon a decision by the Attorney General to deny disclosure of the current identity and location of such person, bring an action against the person in the Superior Court. Such action shall be brought within 120 days after the petitioner requested the Attorney General to disclose the identity and location of the person to whom services have been provided under this subchapter. The complaint in such action shall contain statements that the petitioner holds a valid judgment of a federal or state court against a person provided services under this subchapter and that the petitioner sought to enforce the judgment by requesting the Attorney General to disclose the identity and location of such person.

(2) The petitioner in an action described in paragraph (b)(1) of this section shall notify the Attorney General of the action at the same time the action is brought. The Attorney General shall appear in the action and shall affirm or deny the statements in the complaint that the person against whom the judgment is allegedly held is provided services under this subchapter and that the petitioner requested the Attorney General to disclose the identity and location of such person for the purpose of enforcing the judgment.

(3) Upon a determination:

a. That the petitioner holds a judgment entered by a federal or state court; and

b. That the Attorney General has declined to disclose to the petitioner the current identify and location of the person against whom the judgment was entered,

the court shall appoint a guardian to act on behalf of the petitioner to enforce the judgment. The clerk of the court shall forthwith furnish the guardian with a copy of the order of appointment. The Attorney General shall disclose to the guardian the current identity and location of the person to whom services have been provided and any other information necessary to enable the guardian to carry out that guardian's duties under this subsection.

(4) It is the duty of the guardian to proceed with all reasonable diligence and dispatch to enforce the rights of the petitioner under the judgment. The guardian shall, however, endeavor to carry out such enforcement duties in a manner that maximizes, to the extent practicable, the safety and security of the person to whom services have been provided under this subchapter. In no event shall the guardian disclose the new identity or location of such person without the permission of the Attorney General, except that such disclosure may be made to a federal or state court in order to enforce the judgment. Any good faith disclosure made by the guardian in the performance of the guardian's duties under this subsection shall not create any civil liability against the State or any of its officers or employees, or the guardian.

(5) Upon appointment, the guardian shall have the power to perform any act with respect to the judgment which the petitioner could perform, including the initiation of judicial enforcement actions in any federal or state court or the assignment of such enforcement actions to a third party under applicable federal or state law. The Superior Court Rules of Civil Procedure shall apply in any action brought under this subsection to enforce a federal or state court judgment.

(6) The cost of any action brought under this subsection with respect to a judgment, including any enforcement action described herein, and the compensation to be allowed to a guardian appointed in any such action shall be fixed by the court and shall be apportioned among the parties as follows:

a. The petitioner shall be assessed the amount the petitioner would have paid to collect on the judgment in an action not arising under the provisions of this subsection; and

b. The protected person shall be assessed the costs which are normally charged to debtors in similar actions and any other costs which are incurred as a result of an action brought under this subsection.

In the event that the costs and compensation to the guardian are not met by the petitioner or by the protected person, the court may, in its discretion, enter judgment against the state for costs and fees reasonably incurred as a result of the action brought under this subsection.

(7) No officer or employee of the Department of Justice shall in any way impede the efforts of a guardian appointed under this subsection to enforce the judgment with respect to which the guardian was appointed.

(c) The provisions of this section shall not apply to a court order to which § 9603 of this title applies.

(74 Del. Laws, c. 57, § 1; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 28, § 1.)

§ 9603. Child custody arrangement.

(a) The Attorney General may not relocate any child in connection with services provided to a person under this subchapter if it appears that a person other than that protected person has legal custody of that child.

(b) Before services which include the establishment of a new identity and/or new place of permanent residence are provided under this subchapter to any person:

(1) Who is a parent of a child of whom that person has custody; and

(2) Who has obligations to another parent of that child with respect to custody or visitation of that child under a court order,

the Attorney General shall obtain and examine a copy of such order for the purpose of assuring that compliance with the order can be achieved. If compliance with a visitation order cannot be achieved, the Attorney General may provide services under this subchapter to the person only if the parent being relocated initiates legal action to modify the existing court order under paragraph (e)(1) of this section. The parent being relocated must agree in writing before being provided such services to abide by any ensuing court orders issued as a result of an action to modify.

(c) With respect to any person provided services which include the establishment of a new identity and/or new place of permanent residence under this subchapter:

(1) Who is the parent of a child who is relocated in connection with such services; and

(2) Who has obligations to another parent of that child with respect to custody or visitation of that child under a state court order,

the Attorney General shall, as soon as practicable after the person and child are so relocated, notify in writing the child's parent who is not so relocated that a child has been provided services under this subchapter. The notification shall also include statements that the rights of the parent not so relocated to visitation or custody, or both, under the court order shall not be infringed by the relocation of the child and the Department of Justice responsibility with respect thereto. The Department of Justice will pay all reasonable costs of transportation and security incurred in insuring that visitation can occur at a secure location, but in no event shall it be obligated to pay such costs for visitation in excess of 30 days a year. Additional visitation may be paid for, in the discretion of the Attorney General, by the Department of Justice in extraordinary circumstances. In the event that the unrelocated parent pays visitation costs, the Department of Justice may, in the discretion of the Attorney General, extend security arrangements associated with such visitation.

(d) (1) With respect to any person provided services which include the establishment of a new identity and/or new place of permanent residence under this subchapter:

a. Who is the parent of a child who is relocated in connection with such services; and

b. Who has obligations to another parent of that child with respect to custody or visitation of that child under a court order,

an action to modify that court order may be brought by any party to the court order in the Family Court in the county in which the child's parent resides who has not been relocated in connection with such services.

(2) With respect to actions brought under paragraph (d)(1) of this section, the Family Court shall establish a procedure to provide a reasonable opportunity for the parties to the court order to mediate their dispute with respect to the order. The court shall provide a mediator for this purpose. If the dispute is mediated, the court shall issue an order in accordance with the resolution of the dispute.

(3) If, within 60 days after an action is brought under paragraph (d)(1) of this section hereof to modify a court order, the dispute has not been mediated, any party to the court order may request arbitration of the dispute. In the case of such a request, the court shall appoint a commissioner to act as arbitrator, who shall be experienced in domestic relations matters. The court and the commissioner shall, in determining the dispute, give substantial deference to the need for maintaining parent-child relationships, and any order issued by the court shall be in the best interests of the child. In actions to modify a court order brought under this subsection, the court and the commissioner shall apply the law of the State in which the court order was issued. The costs to the state of carrying out a court order may be considered in an action brought under this subsection to modify that court order but shall not outweigh the relative interests of the parties themselves and the child.

(4) Until a court order is modified under this subsection, all parties to that court order shall comply with their obligations under that court order subject to the limitations set forth in this section.

(5) With respect to any person provided services which include the establishment of a new identity and/or new place of permanent residence under this subchapter who is the parent of a child who is relocated in connection with such services, the parent not relocated in connection with such services may bring an action in the Family Court for violation by that protected person of a court order with respect to custody or visitation of that child. If the court finds that such a violation has occurred, the court may hold the person to whom services have been provided in contempt.

Once held in contempt, the person to whom such services have been provided shall have a maximum of 60 days, in the discretion of the Attorney General, to comply with the court order. If the person fails to comply with the order within the time specified by the

Attorney General, the Attorney General shall disclose the new identity and address of the protected person to the other parent and terminate any financial assistance to such person unless otherwise directed by the court.

(6) The State shall pay litigation costs, including reasonable attorneys' fees, incurred by a parent who prevails in enforcing a custody or visitation order, but shall retain the right to recover such costs from the person to whom services have been provided under this subchapter.

(e) (1) In any case in which the Attorney General determines that, as a result of the relocation of a person and a child of whom that person is a parent in connection with the provision of services under this subchapter, the implementation of a court order with respect to custody or visitation of that child would be substantially impossible, the Attorney General may bring, on behalf of the person provided services under this subchapter, an action to modify the court order. Such action may be brought in the county in which the parent resides who would not be or was not relocated in connection with the services provided under this subchapter. In an action brought under this paragraph, if the Attorney General establishes, by clear and convincing evidence, that implementation of the court order involved would be substantially impossible, the court may modify the court order but shall, subject to appropriate security considerations, provide an alternative as substantially equivalent to the original rights of the nonrelocating parent as feasible under the circumstances.

(2) With respect to any state court order in effect to which this section applies, if the parent who is not relocated in connection with the services provided under this subchapter intentionally violates a reasonable security requirement imposed by the Attorney General with respect to the implementation of that court order, the Attorney General may bring an action in the county in which that parent resides to modify the court order. The court may modify the court order if the court finds such an intentional violation. The procedures for mediation and arbitration provided herein shall not apply to actions for modification brought under this subsection.

(f) In any case in which a person provided services which include the establishment of a new identity and/or new place of permanent residence under this subchapter is the parent of a child of whom that person has custody and has obligations to another parent of that child concerning custody and visitation of that child which are not imposed by court order, that person, or the parent not relocated in connection with such services may bring an action in the county in which the parent not relocated resides to obtain an order providing for custody or visitation, or both, of that child. In any such action, all the provisions of subsection (d) of this section shall apply.

(g) In any case in which an action under this section involves court orders from different States with respect to custody or visitation of the same child, the court shall resolve any conflicts by applying the rules of conflict of laws of the state in which the court is sitting.

(h) (1) Subject to paragraph (h)(2) of this section, the costs of any action described in subsection (d), (e) or (f) of this section shall be paid by the State.

(2) The Attorney General shall insure that any state court order in effect to which this section applies is carried out. The Department of Justice shall pay all costs and fees described in subsections (c) and (d) of this section.

(i) As used in this section, the term "parent" includes any person who stands in the place of a parent by law.

(74 Del. Laws, c. 57, § 1; 78 Del. Laws, c. 28, § 1.)

§ 9604. Cooperation of other state agencies and governments; reimbursement of expenses.

Each state agency shall cooperate with the Attorney General in carrying out the provisions of this subchapter and may provide, on a reimbursable basis, such personnel and services as the Attorney General may request in carrying out those provisions.

(74 Del. Laws, c. 57, § 1; 78 Del. Laws, c. 28, § 1.)

§ 9605. Additional authority of Attorney General.

The Attorney General may enter into such contracts or other agreements as may be necessary to carry out this subchapter. Any such contract or agreement which would result in the State being obligated to make outlays may be entered into only to the extent and in such amount as may be provided in advance in an Appropriation Act.

(d) If the departments enter into any agreement under the authority of this section, and the provisions set forth in the agreement are in conflict with any other rules or regulations by the departments, the agreement's provisions shall prevail notwithstanding.

(68 Del. Laws, c. 156, § 52; 74 Del. Laws, c. 110, §§ 36-38.)

§ 421. Base state registration.

An agreement, arrangement or declaration made under this subchapter may authorize the registration or licensing in another jurisdiction of vehicles that are located in or operated from a base in that jurisdiction and that otherwise would be required to be registered or licensed in this State. In this event, the benefits, privileges and exemptions extended by the agreement, arrangement or declaration shall apply to those vehicles, if licensed or registered in the base jurisdiction.

(68 Del. Laws, c. 156, § 52.)

Subchapter III

Toll Interoperability

§ 422. Authority to enter in reciprocity agreements with toll agencies and motor vehicle agencies for toll interoperability and collection of tolls and penalties.

The Secretary may enter into reciprocal agreements with duly authorized representatives of other agencies, authorities or jurisdictions, including without limitation entities operating pursuant to compacts authorized by Acts of the Congress of the United States, that impose tolls, charges, and related penalties on motor vehicles, in accordance with this subchapter for the purpose of toll interoperability and the collection of tolls, penalties and charges in connection therewith. For purposes of this subchapter, such agencies, authorities and jurisdictions shall be referred as "away agencies."

(79 Del. Laws, c. 33, § 1.)

§ 423. Minimum provisions for reciprocity agreements.

When an away agency certifies with supporting evidence that the operator of a motor vehicle registered in this State either owes a toll(s) or failed to pay a toll, the Department may collect the civil penalties and tolls properly imposed by the away agency as though those penalties and tolls were imposed by the Department if the reciprocity agreement confirms that:

(1) The away agency has its own effective reciprocal procedures for collecting penalties and tolls collected by the Department and does, in fact, reciprocate in collecting penalties and tolls of the Department by employing sanctions that include denial of a person's right to register or reregister a motor vehicle;

(2) The away agency provides due process and appeal protections to avoid the likelihood that a false, mistaken, or unjustified claim will be pursued against an owner;

(3) An owner of a motor vehicle registered in Delaware may present evidence to the away agency by mail, telephone, electronic means, or other means to invoke rights of due process, without having to appear personally in the jurisdiction where the violation is alleged to have occurred; and

(4) The reciprocal collection agreement between the Department and the away agency provides that each party may charge the other a fee sufficient to cover the costs of the collection services, including costs incurred by the agency that registers motor vehicles.

(a) A person arrested without a warrant for a violation of any section of this title, or arrested for any moving traffic violation or any municipal ordinance regulating traffic within its territorial limits as set forth in Chapter 41 of this title shall have such case heard and determined by a justice of the peace.

(b) Notwithstanding subsection (a) of this section, the arresting officer may issue a summons to the person arrested for an appearance at a subsequent date before a justice of the peace.

(c) The arresting officer shall take the person arrested without a warrant, or shall summon the person arrested to appear at a subsequent date, before a Justice of the Peace Court which is located in the same county wherein the violation occurred, unless a Justice of the Peace Court located in another county is closer to the place where the violation occurred, in which case the arresting officer may take the person arrested without a warrant, or may summon the person arrested to appear at a subsequent date, before said Court.

Notwithstanding the foregoing, any case in which a person is arrested or issued a summons within the corporate limits of the city of Milford for a violation of a provision of this title, with the exception of violations of § 4177 of this title, shall be heard and adjudicated in the nearest available Justice of the Peace Court location in Kent County. Violations of § 4177 of this title within the corporate limits of the city of Milford may be initiated or transferred to any Justice of the Peace Court location so designated by the Justice of the Peace Court to hear such cases. Once properly within the jurisdiction of a particular Justice of the Peace Court location, that location shall retain jurisdiction until final adjudication, unless a transfer of venue is permitted by statute or court rule.

(d) Anything else in this or any other chapter or title notwithstanding, those proceedings in the Justice of the Peace Courts specified by court rule may be conducted by audiovisual device. Audiovisual monitors shall be situated in the courtroom and where the defendant is present so as to provide the public, the court and the defendant with a view of the proceedings. As justice

requires, the alderman's court or the mayor's court may administratively transfer a case that would be within the jurisdiction of that court to the Justice of the Peace Court.

(f) Notwithstanding subsection (e) of this section, no alderman, mayor or other municipal official shall be authorized to adjudicate any alleged moving traffic violation unless said court complies with the following:

(1) All convictions in said alderman's court or mayor's court for moving traffic violations and the disposition of those cases shall become a matter of record to be filed with the State Division of Motor Vehicles. Records of all such convictions shall be forwarded to the Division no later than 10 days after disposition of the case.

(2) The adjudicating official shall receive a salary but no other compensation for performing such official's duties. All fees, fines, costs and other funds collected by the court in the course of its business shall be deposited to the account of the municipality from which the adjudicating official derives authority.

(g) Superior Court shall have jurisdiction to issue writs of mandamus to adjudicating officials of any alderman's court or mayor's court to compel compliance with this section.

§ 703A. Reporting of offenses to the Division of Motor Vehicles by the courts.

All record convictions for any person for violations of this title, Title 4, Title 10, Title 11 and Title 16, which apply to motor vehicle violations, the suspension and/or revocation of a license and/or driving privileges shall be reported within 30 days to the Division of Motor Vehicles by each court within the State. Such reporting shall be deemed acceptable if in written form or by electronic data transfer. The original conviction documents shall be retained by the court and forwarded to the Division upon request.

(70 Del. Laws, c. 87, § 1.)

§ 704. Jurisdiction over certain children; notice that child has been taken into custody.

(a) Justices of the peace shall have jurisdiction over a child 16 or 17 years of age or older charged with having violated this title, except as provided in § 927 of Title 10 and except when said child is charged with having violated 1 or more of the offenses specified in § 927 of Title 10 and, in the same incident, is charged with having violated other Title 21 offenses not specified in § 927 of Title 10, in which event the entire case shall be heard in the Family Court.

(b) Justices of the peace and arresting officers shall conform to the procedure for advising the accused of all rights of election of trial in the Court of Common Pleas as provided in § 5901 of Title 11.

(c) Section 703 of this title shall also be applicable to all alleged offenders.

(d) Justices of the peace shall adhere to the procedures, where applicable, as specified in Chapter 9 of Title 10, for offenders over whom they have jurisdiction pursuant to this section.

(e) Any peace officer having taken a child into custody or any justice of the peace before whom said child is brought by a peace officer shall make a reasonable attempt to notify the person having the care of the child that the child has been taken into custody.

(f) The jurisdiction of the Family Court in matters involving the violation of this title by children 16 years of age or over is hereby terminated, with the exception of those offenses over which the Family Court has expressly retained jurisdiction under § 927 of Title 10 and except for such actions for the violation of this title which were commenced prior to August 5, 1976.

§ 705. Bail.

In the event of an arrest for the violation of any section of this title, if the defendant is unable to give sufficient bail for a hearing or for the defendant's presence at court, the justice of the peace before whom the defendant is first taken may accept as a forfeit, conditioned upon the defendant's appearance, a sum of money equal in amount to the maximum fines which could be imposed for the offense charged and the costs or in lieu of such bail or forfeit may accept any article of sufficient value or hold in custody a motor vehicle found in the possession of the defendant. Such justice of the peace after the trial of the defendant, if sufficient bail according to law has not been given in the meantime, shall make such order as to the disposal of such motor vehicle or other articles as to the justice of the peace seems just and proper.

(36 Del. Laws, c. 10, § 145; Code 1935, § 5683; 21 Del. C. 1953, § 705; 70 Del. Laws, c. 186, § 1.)

§ 706. Disposition of fines and costs.

(a) All fines collected for the violation of any of the provisions of this title, in the limits of any county, incorporated city or town in this State where arrests are procured by the authorized representatives of that county, incorporated city or town, shall be paid to that county, incorporated city or town within which such offense was committed for the use of that county, incorporated city or town. Nothing

in this section shall be construed to entitle any county to fines, penalties or forfeitures arising from an arrest made under this title by an authorized representative of that county for a violation committed within any incorporated city or town. All the fines, penalties and forfeitures imposed and collected in any county of this State for violation of any of the laws of this title in relation to motor vehicles, where the arrests are procured by the authorized representatives of the Department of Safety and Homeland Security, shall inure and be paid to the State Treasurer for the General Fund. Such fines, penalties and forfeitures shall be collected as other fines, penalties and forfeitures are collected under the laws of this State, and the officers collecting them shall make a monthly report thereof to the State Treasurer on blanks to be furnished for that purpose by the Department of Safety and Homeland Security. All costs collected for the violation of any of the provisions of this title shall be paid to the jurisdiction whose court imposed said costs.

(b) All fines and costs collected as a result of radar or other speed timing devices, where the device is operated to determine speed beyond the corporate limits of an incorporated city or town but within the jurisdiction of the extended corporate limits provided by the applicable municipal charter, shall be paid to the State Treasurer for the General Fund.

(b) Any judgment rendered or bail bond taken in pursuance of the provisions of this title shall be of full force and effect as though such judgment were rendered or bail bond accepted on days other than Sundays, if the justice of the peace or mayor so rendering or accepting bail bond on Sunday heretofore would have had jurisdiction on days other than Sundays to render such judgment or accept such bail bond.

(34 Del. Laws, c. 220, §§ 1, 2; Code 1935, § 5684; 21 Del. C. 1953, § 707.)

§ 708. Appeal.

(a) Any person convicted under this title, or under any municipal ordinance or other law, for a motor vehicle violation within the State before an alderman or mayor of any incorporated city or town, shall have the right of an appeal, unless otherwise stated in this title, to the Court of Common Pleas, upon giving bond in the sum of $500 to the State with surety satisfactory to the mayor or judge before whom such person was convicted, such appeal to be taken and bond given within 15 days from time of conviction. Such appeal shall operate as a stay or supersedeas of all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. The taking of such appeal shall constitute a waiver by the appellant of the appellant's right to a writ of certiorari in the Superior Court.

(b) Except as provided in subsection (a) of this section, any person convicted under this title shall have the right of an appeal to the Court of Common Pleas only in those cases in which the sentence imposed was imprisonment, or a fine exceeding $100, upon giving bond with surety satisfactory to the alderman, justice of the peace or a judge before whom such person was convicted, such appeal to be taken and bond given with 15 days from the time of conviction. Such appeal shall operate as a stay or supersedeas of all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. § 709. Payment of motor vehicle fines.

(a) Applicability. — Any duly constituted peace officer in the State who charges any person with any of the offenses hereinafter designated "motor vehicle offenses subject to voluntary assessment" may indicate on the Uniform Traffic Complaint and Summons that the fine shall be paid by voluntary assessment unless the driver requests a hearing. When a voluntary assessment is permitted and the Uniform Traffic Complaint and Summons is properly executed by the officer, the driver may dispose of the charge without the necessity of personally appearing in the court to which the Uniform Traffic Complaint and Summons is returnable. The court to which the summons is returnable shall be determined by § 703 of this title unless the summons permits a voluntary assessment, in which case it shall be returnable to either the applicable court or a voluntary assessment center established by the Justice of the Peace Court. Notwithstanding any provision of this section and chapter to the contrary, the City of Wilmington may establish the exclusive voluntary assessment center for parking summonses issued for designated offenses within the boundaries of the City of Wilmington, and the Town of Elsmere may establish a voluntary assessment center for any violation of a town ordinance within the boundaries of the Town of Elsmere.

(b) *Definitions.* — (1) "Payment," as used in this section, shall mean remittance in part or in full of the fine and of the costs as herein provided and of the penalty assessment added to the fine pursuant to the Delaware Victim Compensation Law, Chapter 90 of Title 11, and other penalty assessment as provided by law.

(2) "Signature" shall include a written signature or an electronic signature as defined by § 101 of this title.

(3) "Voluntary assessment" means the process set forth in this section by which a driver may voluntarily remit payment of a Title 21 violation without having to appear in a court.

(c) *Places and time of payment.* — Payments made pursuant to this section shall be remitted to the court or voluntary assessment center to which the summons is returnable and shall be disbursed in accordance with § 706 of this title. The court or voluntary assessment center must receive the payment within 30 days of the arrest. Payment to the voluntary assessment center shall be paid only by check, money order or credit card.

(d) *Jurisdiction.* — This section shall apply to any licensed resident of the State; to residents of those jurisdictions with which the State has entered a reciprocal agreement pursuant to Chapter 4 of this title; and to those out-of-state residents who, in the discretion of the arresting peace officer, are deemed to be reliable prospects for a voluntary assessment disposition.

(e) *Offenses designated as "motor vehicle offenses subject to voluntary assessment"; exceptions.* — All offenses as now or hereafter set forth in this title and all motor vehicle offenses falling within the scope of § 5211(a) of Title 30 are hereby designated as motor vehicle offenses subject to voluntary assessment except for the following offenses:

(1) Violation of § 2118 of this title;

(2) Violation of § 2118A of this title;

(3) Violation of § 2701 of this title;

(4) Violation of § 2751 of this title;

(5) Violation of § 2752 of this title;

(6) Violation of § 2756 of this title;

(7) Violation of § 4103 of this title;

(8) Violation of § 4166(d) of this title;

(9) Violation of § 4172 of this title;

(10) Violation of § 4175 of this title;

(11) Violation of § 4175A of this title;

(12) Violation of § 4177 of this title;

(13) Violation of § 4177L of this title;

(14) Violation of § 4201 of this title;

(15) Violation of § 4202 of this title;

(16) Any violation of Chapter 67 of this title; and

(17) Violations of other Title 21 sections which are deemed not appropriate for processing by voluntary assessment.

(f) *Procedure for voluntary assessment.* — (1) At the time of making an arrest for any offense subject to this section, the arresting officer shall determine whether the offense may be handled as a voluntary assessment. If the officer determines that the offense may be so treated, the officer may indicate on the Uniform Traffic Complaint and Summons that payment shall be made by voluntary assessment, unless the driver requests a hearing on the charge or charges. The officer shall inform the arrested person of the court or voluntary assessment center to which payment should be submitted if the person does not request a hearing. No officer shall receive or accept custody of a payment.

(2) A driver who has been given a Uniform Traffic Complaint and Summons which specifies that payment be made by voluntary assessment shall pay the fine, together with costs and penalty assessments, within 30 days from the date of arrest during which time payment must be received by the applicable court or voluntary assessment center.

(3) In lieu of paying the voluntary assessment, a driver who has been given a voluntary assessment may request a hearing by notifying, in writing, the court or the voluntary assessment center to which payment is to be made within 30 days of the date of arrest. If the driver makes a timely request for a hearing, the charge shall be prosecuted as if the voluntary assessment had not been permitted and the officer shall swear to the ticket prior to trial.

(4) If a voluntary assessment is not issued or the driver declines to accept the voluntary assessment, the officer shall follow the procedure for arrest as set forth in Chapter 19 of Title 11.

(g) *Penalty.* — The penalty for offenses for which a voluntary assessment payment is made shall be the minimum fine for each specific offense charged and fines shall be cumulative if more than 1 offense is charged. Provisions of this subsection as to penalties under voluntary assessment shall not apply if the voluntary assessment payment is not received by the voluntary assessment center or the applicable court within 30 days from the date of arrest.

(h) *Court costs; applicability of Delaware Victim Compensation Law.* — In lieu of any other court costs, and provided the offense is not subject to other proceedings under this section, each fine for an offense under this section shall be subject to court costs for processing a voluntary assessment agreement as prescribed by § 9801 of Title 10. Each fine for an offense under this section shall be subject also to the penalty assessment which is or may be provided for in the Delaware Victim Compensation Law, Chapter 90 of Title 11, and any other penalty assessments as provided by law.

(i) *Effect of payment of fine or signature; repeat offenders.* — (1) Payment of the prescribed fine, costs and penalty assessment is an admission of guilt, a waiver of the right to a hearing, and a complete satisfaction of the violation, except as provided in paragraph (i)(2) of this section. Anything in this section notwithstanding, if an agreement for a voluntary assessment is signed by the driver, the signature

of the driver shall constitute an acknowledgment of guilt of the stated offense and an agreement to pay the fine, together with costs and penalty assessment within 30 days from the date of arrest. Payment does not waive any administrative penalty which may be lawfully charged to the violator's driving record by the Department of Safety and Homeland Security.

(2) In the event that, following compliance with the payment provisions of this section, it is determined that within the 2-year period immediately preceding the violation, the violator was convicted of or made a payment pursuant to this section in satisfaction of a violation of the same section of this title, personal appearance before the court to which the summons is returnable or the court which is associated with the applicable voluntary assessment center may be required.

(j) *Failure to pay a voluntary assessment.* — (1) a. The voluntary assessment center shall, pursuant to § 2731 of this title, forward to the Division of Motor Vehicles the name and address of any driver who was issued a Uniform Traffic Complaint and Summons for which a voluntary assessment could be made and who has failed to do 1 of the following:

1. Pay the voluntary assessment within 30 days from the date of arrest.

The driver shall provide the voluntary assessment center with a self-addressed, stamped envelope in order to receive a copy of the receipt by mail. Such payment shall be an admission of guilt, a waiver of the right to a hearing, and a complete satisfaction of the violation, except as provided in paragraph (i)(2) of this section.

(3) If a driver who has failed to pay a voluntary assessment or request a hearing within 30 days of the date of arrest appears at court, the charge shall be prosecuted as if the voluntary assessment had not been permitted and the officer shall swear to the Uniform Traffic Complaint and Summons prior to trial. The minimum fine provisions of subsection (g) of this section shall not apply. (2) Has within the vehicle the manufacturer's gross vehicle weight rating documentation required by subsection (b) of this section.

(f) Any vehicle altered so as to change its gross vehicle weight rating or substantially change its use shall not be registered or operated within this State unless the vehicle's new gross weight rating is documented in accordance with subsection (b) of this section.

(g) If the gross vehicle weight rating for a vehicle registered pursuant to this section is documented in accordance with paragraph (b)(2) or (3) of this section, the Division of Motor Vehicles shall maintain such documentation of the manufacturer's gross vehicle weight rating as part of such vehicle's title file.

Any used vehicle not more than 7 model years old may be registered from 6 to 72 months based on a model year and mileage formula established by the Division of Motor Vehicles. The Division of Motor Vehicles may require vehicles to be registered for less than 24 months as may be necessary to ensure a balanced monthly distribution of vehicle inspections and registrations; all fees shall be prorated. The registration of a vehicle shall expire at midnight on the last day of the period for which it is registered, and the vehicle shall not thereafter be operated upon the highways of this State until it has been reregistered according to law. Thereafter, the registration shall be renewed pursuant to § 2110 of this title.

Vehicles no more than 7 model years old may be renewed for up to 72 months based on a prorated model year formula established by the Division of Motor Vehicles.

Any time prior to the expiration of the period for which a vehicle is registered with a commercial, trailer or farm truck license plate, the registration thereof may be renewed to extend from the date of expiration for an additional period of 3 months, 6 months, 1 year or 2 years.

(b) Upon renewing the registration of any vehicle or upon reregistering any vehicle, the Department shall furnish a new registration plate or plates showing the new registration period or the expiration date thereof and shall issue a new registration card or appropriately endorse the new registration period on the original card.

(c) A renewal registration of a vehicle for an additional period to take effect at the expiration of the registration thereof may be canceled on application to the Secretary at any time before the renewal registration is to take effect, and thereupon the Secretary shall refund to the owner the registration fee so paid for such renewal registration upon the receipt for cancellation by the Secretary for any such renewal registration card or registration plates, or both, issued pursuant to such renewal and otherwise cancel any endorsement of such renewal entered on the original card.

(d) Notwithstanding the provisions of subsections (a), (b) and (c) of this section, the registration of any trailer with a gross registered weight of 4,000 pounds or less and for which the annual safety inspection is waived may be renewed for 3 years, at the option of the owner. If this option is selected, the registration fee shall be 3 times the annual registration fee.

(b) Motor vehicles owned and controlled by nonresidents of this State, who are residents or citizens of foreign nations, and the drivers and operators thereof shall be accorded the free use of the highways of this State without restriction by way of license or registration and without the imposition of any tax or fee. (d) The requirements of subsection (c) of this section may be waived by the Department of Transportation for vehicles registered in those jurisdictions which reciprocate with vehicles registered in this State.

(e) The Secretary shall enforce this title and shall have the power to suspend the operating privilege of all, a class or a part of any class of motor vehicles or trailers or semitrailers registered in another jurisdiction when, in the Secretary's judgment, any such jurisdiction prohibits the free operation therein of a class or part of any class of motor vehicles or trailers or semitrailers belonging to residents of this State and which have been properly registered in accordance with the laws of this State. The Secretary shall also have power to suspend for violation of any of the provisions of this title, or on other reasonable grounds, the operating privilege of any motor vehicle or trailer or semitrailer belonging to a nonresident. In suspending any such operating privilege, the Secretary shall notify the official or body performing the registration duty in the jurisdiction in which the nonresident resides of such action. If any such motor vehicle or trailer or semitrailer whose operating privilege has been suspended shall thereafter be driven in this State, such driving shall constitute a violation of § 2115(1) of this title, and the driver of any such vehicle shall be subject to the penalty prescribed in § 2116. The Secretary shall also have the power to impound the vehicle in violation until the fees imposed under § 402 of this title have been paid to the Department. Any impoundment fees or towing fees incurred as a result of a violation of this section shall be at the registered owner's expense.

The notice shall be effective for the current registration period, but, if during that time the vehicle is not recovered, a new affidavit to like effect may be filed with the Department, and the notice shall be effective for a further period of 12 months. Thereafter like notices may be given effective from year to year. Every owner who has filed an affidavit of theft or embezzlement shall immediately notify the Department of the recovery of such vehicle, and failure so to do within 30 days after such recovery shall be punished as provided in § 2116 of this title.

3. Where a qualified medical practitioner shall, within 2 years from the date of an accident, verify in writing that surgical or dental procedures will be necessary and are then medically ascertainable but impractical or impossible to perform during that 2-year period, the cost of such dental or surgical procedures, including expenses for related medical treatment, and the net amount of lost earnings lost in connection with such dental or surgical procedures shall be payable. Such lost earnings shall be limited to the period of time that is reasonably necessary to recover from such surgical or dental procedures but not to exceed 90 days. The payment of these costs shall be either at the time they are ascertained or at the time they are actually incurred, at the insurer's option.

4. Extra expenses for personal services which would have been performed by the injured person had they not been injured.

5. "Injured person" for the purposes of this section shall include the personal representative of an estate; provided, however, that if a death occurs, the "net amount of lost earnings" shall include only that sum attributable to the period prior to the death of the person so injured.

b. The minimum insurance coverage which will satisfy the requirements of subparagraph a. of this paragraph (a)(2)a. of this section is a minimum limit for the total of all payments which must be made pursuant to that subparagraph of $15,000 for any 1 person and $30,000 for all persons injured in any 1 accident.

c. The coverage required by this paragraph shall be applicable to each person occupying such motor vehicle and to any other person injured in an accident involving such motor vehicle, other than an occupant of another motor vehicle.

d. The coverage required by this paragraph shall also be applicable to the named insureds and members of their households for accidents which occur through being injured by an accident with any motor vehicle other than a Delaware insured motor vehicle while a pedestrian or while occupying any registered motor vehicle other than a Delaware registered insured motor vehicle, in any state of the United States, its territories or possessions or Canada.

e. The coverage required in this paragraph shall apply to pedestrians only if they are injured by an accident with any motor vehicle within the State except as to named insureds or members of their households to the extent they must be covered pursuant to paragraph (a)(2)d. of this section.

f. The owner of a vehicle may elect to have the coverage described in this paragraph written subject to certain deductibles, waiting periods, sublimits, percentage reductions, excess provisions and similar reductions offered by insurers in accordance with filings made by such insurers with the Department of Insurance; applicable to expenses incurred as a result of injury to the owner of a vehicle or members of the owner's household; provided that the owner of a motorcycle may elect to exclude from such coverage expenses incurred as a result of injury to any person riding such vehicle while not on a highway and in any case of injury when no other vehicle was involved by actual collision or contact. This election must be made in writing and signed by the owner of the vehicle; insurers issuing such policies may not require such reductions. For all policies having a deductible pursuant to this paragraph the insured shall receive in writing as a separate document a full explanation of all deductible options available, and the insured shall sign such written explanation acknowledging receipt of a copy of same. In addition the insured shall sign a separate statement acknowledging the specific deductible the insured is selecting and the related cost for the policies with such deductible. An insured person may not plead and introduce into evidence in an action for damages against a tortfeasor the amount of the deductible; however, insurers shall recover any deductible for their insureds or their household members pursuant to subsection (g) of this section. Any notices or documents required under this section may be delivered in compliance with the provisions of § 107 of Title 18.

g. The coverage required by this paragraph shall be considered excess over any similar insurance for passengers, other than Delaware residents, when the accident occurs outside the State.

h. Insurers shall notify injured persons covered under this section that the coverage is for 2 years from the date of the accident, and that it is only extended for compensation related to surgical or dental procedures that are related to the accident and that were impossible or impractical to perform within the 2-year period. Such surgical or dental procedures must be verified in writing, within 2 years of the accident, by a qualified medical practitioner.

i. 1. Expenses under paragraph (a)(2)a. of this section shall be submitted to the insurer as promptly as practical, in no event more than 2 years after they are received by the insured.

2. Payments of expenses under paragraph (a)(2)a. of this section shall be made as soon as practical after they are received during the period of 2 years from the accident. Expenses which are incurred within the 2 years but which have been impractical to present to an insurer within the 2 years shall be paid if presented within 90 days after the end of the 2-year period.

(3) Compensation for damage to property arising as a result of an accident involving the motor vehicle, other than damage to a motor vehicle, aircraft, watercraft, self-propelled mobile equipment and any property in or upon any of the aforementioned, with the minimum limits of $10,000 for any 1 accident.

(4) Compensation for damage to the insured motor vehicle, including loss of use of the motor vehicle, not to exceed the actual cash value of the vehicle at the time of the loss and $10 per day, with a maximum payment of $300, for loss of use of such vehicle.

The owner of the motor vehicle may elect to exclude, in whole or in part, the coverage described in this paragraph by the use of certain deductibles and exclusions in accordance with filings made by the insurer with the Department of Insurance.

(b) No owner of a motor vehicle being operated in this State shall operate in this State, or authorize any other person to operate such vehicle in this State, unless the owner has insurance on such motor vehicle equal to the minimum insurance required by the state or jurisdiction where said vehicle is registered. If the state or jurisdiction of registration requires no minimum insurance coverage, then such owner must have insurance on such motor vehicle equal to the minimum insurance coverage required for motor vehicles registered in this State. However, an owner shall not be convicted under this subsection if, prior to conviction, the owner shall produce to the court in which the offense is to be tried the insurance identification card or in lieu thereof other sufficient proof of insurance showing such insurance to be in full force and effect at all pertinent times when the motor vehicle was being operated in this State. The Justice of the Peace Court may permit an operator charged under this subsection to provide proof of insurance to the Court by mail or facsimile transmission in lieu of a personal appearance. Proof of insurance shall be as prescribed by the Court and shall be sent to the Court directly from the operator's insurer or the insurer's agent or broker. It shall be the responsibility of the operator to ensure that proof of insurance is received and accepted by the Court. When proof of insurance is sent by mail or fax, the Court may also accept a guilty plea by mail or fax for any accompanying charge for which a voluntary assessment is permitted under § 709(e) of this title. A guilty plea so accepted shall have the same force and effect as if the operator had made the plea in open court. The Justice of the Peace Court shall enact court rules to implement the handling of such cases by mail or facsimile transmission. Where proof of insurance is provided by facsimile, the operator's insurer or the insurer's agent or broker must confirm the information by mail and the Justice of the Peace Court must confirm by telephone that the facsimile was sent by the operator's insurer or the insurer's agent or broker.

(c) Only insurance policies validly issued by companies authorized to write in this State all the kinds of insurance embodied in the required coverages shall satisfy the requirements of this section.

(d) Nothing in this section shall be construed to prohibit the issuance of policies providing coverage more extensive than the minimum coverages required by this section or to require the segregation of such minimum coverages from other coverages in the same policy.

(e) Policies purporting to satisfy the requirements of this section shall contain a provision which states that, notwithstanding any of the other terms and conditions of the policy, the coverage afforded shall be at least as extensive as the minimum coverage required by this section.

(f) The coverage described in paragraphs (a)(1)-(4) of this section may be subject to conditions and exclusions customary to the field of liability, casualty and property insurance and not inconsistent with the requirements of this section, except there shall be no exclusion to any person who sustains bodily injury or death to the extent that benefits therefore are in whole or in part either payable or required to be provided under any workers' compensation law.

(g) Insurers providing benefits described in paragraphs (a)(1)-(4) of this section shall be subrogated to the rights, including claims under any workers' compensation law, of the person for whom benefits are provided, to the extent of the benefits so provided.

(1) Such subrogated rights shall be limited to the maximum amounts of the tortfeasor's liability insurance coverage available for the injured party, after the injured party's claim has been settled or otherwise resolved, except that the insurer providing benefits shall be indemnified by any workers' compensation insurer obligated to make such payments to the injured party.

(2) Any settlement made with an injured party by a liability insurer shall not be challenged or disputed by any insurer having subrogated rights.

(3) Disputes among insurers as to liability or amounts paid pursuant to paragraphs (a)(1)-(4) of this section shall be arbitrated by the Wilmington Auto Accident Reparation Arbitration Committee or its successors. Any disputes arising between an insurer or insurers and a self-insurer or self-insurers shall be submitted to arbitration which shall be conducted by the Commissioner in the same manner as the arbitration of claims provided for in subsection (j) of this section.

(4) No insurer or self-insurer shall join or be joined in an action by an injured party against a tortfeasor for the recovery of damages by the injured party and/or the recovery of benefits paid by the insurer or self-insurer.

(5) Nothing contained herein shall prohibit a liability insurer from paying the subrogated claim of another insurer prior to the settlement or resolution of the injured party's claim. However, should the amount of such settlement or resolution, in addition to the amount of any subrogated claim, exceed the maximum amount for the tortfeasor's liability insurance coverage available for the injured party, then any insurer who has been paid its subrogated claim shall reimburse the tortfeasor's liability insurer that portion of the claim exceeding the maximum amount of the tortfeasor's liability insurance coverage available for the injured party.

(6) Unless specifically excepted by this subsection, this subsection shall also apply to self-insurers.

(h) Any person eligible for benefits described in paragraph (a)(2) or (3) of this section, other than an insurer in an action brought pursuant to subsection (g) of this section, is precluded from pleading or introducing into evidence in an action for damages against a tortfeasor those damages for which compensation is available under paragraph (a)(2) or (3) of this section without regard to any elective reductions in such coverage and whether or not such benefits are actually recoverable.

(i) Nothing in this section shall be construed to require an insurer to insure any particular risk. Nothing herein shall limit the insurer's obligation pursuant to the Delaware Automobile Plan.

(j) Every insurance policy issued under this section shall require the insurer to submit to arbitration, in the manner set forth hereinafter, any claims for losses or damages within the coverages required under paragraph (a)(2) of this section and for damages to a motor vehicle, including the insured motor vehicle, including loss of use of such vehicle, upon request of the party claiming to have suffered a loss or

damages within the above-described coverages of paragraph (a)(2) of this section or to such a motor vehicle. Such request shall be in writing and mailed to the Insurance Commissioner.

(1) All arbitration shall be administered by the Insurance Commissioner or the Insurance Commissioner's nominee.

(2) The Insurance Commissioner or the Insurance Commissioner's nominee shall establish a panel of arbitrators consisting of attorneys authorized to practice law in the State and insurance adjusters licensed to act as such in the State.

(3) The Insurance Commissioner, or the Insurance Commissioner's nominee, shall select 3 individuals from the panel of arbitrators, at least 1 of whom shall be an attorney authorized to practice law in the State, to hear each request for arbitration.

(4) The Insurance Commissioner, or the Insurance Commissioner's nominee, shall promulgate all rules and regulations necessary to implement this arbitration program.

(5) The right to require such arbitration shall be purely optional and neither party shall be held to have waived any of its rights by any act relating to arbitration and the losing party shall have a right to appeal de novo to the Superior Court if notice of such appeal is filed with that Court in the manner set forth by its rules within 30 days of the date of the decision being rendered.

(6) The Insurance Commissioner shall establish a schedule of costs of arbitration; provided, however, the arbitrator's fee shall not exceed $25 per arbitrator for any 1 arbitration.

(7) The cost of arbitration shall be payable to the State Department of Insurance, and shall be maintained in a special fund identified as the "Arbitration Fund" which shall be administered by the Insurance Commissioner. These funds under no circumstances shall revert to the General Fund. All costs of arbitration including administrative expenses of the Insurance Department and the arbitrator's fee shall be payable from this Fund.

(8) The applicant may be reimbursed the cost of filing arbitration as a part of the award rendered by the arbitration panel. If an insurer should pay an applicant damages in advance of a hearing, they shall include with those damages the cost to the applicant of filing the arbitration.

(9) This subsection shall also apply to self-insurers.

(k) Every insurance company authorized to transact the business of motor vehicle liability insurance in this State shall file with the Insurance Commissioner as a condition of its continued transaction of such business within this State a form approved by the Insurance Commissioner stating that its motor vehicle liability policies, on Delaware registered vehicles wherever issued, shall be deemed to provide the insurance required by this section. A nonadmitted insurer may file such a form.

(*l*) A motor vehicle registration shall not be issued or renewed for any vehicle not covered by a vehicle insurance policy meeting the requirements of this title. All insurers shall send to the Division of Motor Vehicles notice, in written or electronic form per the direction of the Division, of any cancellations or terminations of private passenger automobile insurance under § 3904(a)(1) of Title 18 for any private passenger automobile policies which are final and occur within the first 6 months after such policies are issued. The Insurance Commissioner may further change the timeframe for notification by regulation. All insurers shall send notice to the named insured when a motor vehicle insurance policy is canceled pursuant to the provisions of § 3905 or § 3920 of Title 18.

(m) A motor vehicle owner shall, upon request of the Division of Motor Vehicles, offer proof of insurance in full force and effect as a condition of registration or continued registration of a motor vehicle. The Division of Motor Vehicles, upon proof from its records or other sufficient evidence that the required insurance has not been provided or maintained or has terminated or otherwise lapsed at any time, shall immediately suspend the registration of the uninsured vehicle. The registration shall remain suspended until:

(1) The required insurance is obtained or replaced and the vehicle owner submits evidence of insurance on a form prescribed by the Division of Motor Vehicles and certified by the insurer or its agent; and

(2) An uninsured motorist penalty fee is paid to the Division of Motor Vehicles.

(n) (1) Except as provided in subsection (p) of this section, within 5 days of the notice of suspension from the Division of Motor Vehicles, the owner will surrender to the Division of Motor Vehicles the vehicle's certificate of registration and the registration plate.

(2) The Division of Motor Vehicles will promulgate rules and/or regulations to cover those circumstances in which there is an allegation of lost or stolen tags.

(3) Each insurer shall report to the Division of Motor Vehicles, within 30 days on a form prescribed by the Division of Motor Vehicles, the name of any person or persons involved in an accident or filing a claim who is alleged to have been operating a Delaware registered motor vehicle without the insurance required under this chapter. At a minimum, the insurer shall provide the name, address and description of the vehicle alleged to be uninsured. Each insurer shall take reasonable care when reporting potential violations of this section, but in no case shall an insurer, provider or any of its employees or agents incur any liabilities for erroneous reports of a violation.

(4) In addition to any other penalty provided for in the Delaware Motor Vehicle Law, if the required insurance for a vehicle terminates or otherwise lapses during its registration year, the Division of Motor Vehicles shall assess the owner of the vehicle with a penalty of $100 for each vehicle without the required insurance for a period of up to 30 days. When a penalty fee is assessed, beginning on the thirty-first day of the penalty period, the penalty fee shall increase by a rate of $5.00 for each subsequent day until the insurance is replaced, tags are surrendered to the Division of Motor Vehicles, or the registration expires, whichever occurs first. The Division of Motor Vehicles shall also charge a registration reinstatement fee of $50. When the Division of Motor Vehicles assesses a vehicle

owner with a penalty under this subsection, the Division shall not reinstate a registration suspended under this section until the penalty is paid, and the owner has also paid a registration reinstatement fee of $50.

(o) "Insurance identification card" shall mean a card issued by or on behalf of an insurance company or bonding company duly authorized to transact business in this State which states in such form as the Insurance Commissioner may prescribe or approve that such company has issued a vehicle insurance policy meeting the requirements of this title. If the insured and insurance company both consent, the insurance identification card may be produced in electronic format. Acceptable electronic formats include display of electronic images on a cellular phone or any other type of portable electronic device. The Insurance Commissioner shall require all insurance companies transacting business within this State to provide with each vehicle insurance policy an insurance identification card describing the vehicle covered. The insurance identification card shall be valid for a period not to exceed 6 months. Notwithstanding this limitation, an insurance identification card may be issued for a period of 12 months if premium has been paid for the 12-month period. If an owner shall have filed a financial security deposit, or shall have qualified as a self-insurer, the term "insurance identification card" shall mean a card issued by the Office of the Insurance Commissioner which evidences that such deposit has been filed or that such owner has so qualified.

(p) (1) The insurance identification card issued for a vehicle required to be registered under this title shall at all times, when the vehicle is being operated upon a highway within this State, be in the possession of the operator thereof or carried in the vehicle and shall be produced upon the request of a police officer or any other party involved in an accident with the insured. If the operator of a motor vehicle is unable to produce an insurance identification card at the time of a traffic stop or an accident the operator shall be issued a summons to appear in court. If the operator is convicted under this subsection and has not provided proof of insurance in effect as of the date of conviction, the court shall, in addition to any other penalties imposed, notify the Division of Motor Vehicles of the lack of insurance. The Division of Motor Vehicles shall promptly suspend the vehicle's registration pursuant to the provisions of subsection (m) of this section.

a. Presentation of proof of insurance in electronic format shall not constitute consent for law enforcement or other state officials to access other contents of the cellular phone or other portable electronic device, and shall not expand or restrict authority to conduct a search or investigation.

b. Law-enforcement officers and other state officials shall not be liable for any damage to a cellular phone or portable electronic device resulting from its use to present satisfactory proof of motor vehicle liability insurance coverage.

c. A police officer may require the operator to electronically forward the proof of insurance to a specified location provided by the officer. The electronic insurance information would then be viewed in a setting which is safe for the officer to verify that all the information is valid and accurate.

(2) An operator shall not be convicted under this subsection if, prior to conviction, the operator shall produce to the court in which the offense is to be tried the insurance identification card or in lieu thereof other sufficient proof, including but not limited to an automobile, garage keeper's or other commercial or personal insurance policy, showing that there was insurance in full force and effect at all pertinent times covering or which would cover the said motor vehicle or the operation of the said motor vehicle by the operator charged under this subsection.

(3) Subject to paragraph (p)(2) of this section above, the Justice of the Peace Court may permit an operator charged under this subsection to provide proof of insurance to the Court by mail or facsimile transmission or other Court approved method in lieu of a personal appearance. Proof of insurance shall be as prescribed by the Court and shall be sent to the Court directly from the operator's insurer or the insurer's agent or broker. It shall be the responsibility of the operator to ensure that proof of insurance is received and accepted by the Court. When proof of insurance is accepted by the court by any means other than personal appearance, the Court may also accept a guilty plea in absentia for any accompanying charge for which a voluntary assessment is permitted under § 709(e) of this title. A guilty plea so accepted shall have the same force and effect as if the operator had made the plea in open court. The Justice of the Peace Court shall enact court rules to implement the handling of such cases by means other than personal appearance of the operator.

(4) Where the individual is charged with violating this section, and at the time of the alleged offense, the individual was operating a vehicle owned or leased by the individual's employer in the course and scope of the individual's employment, the individual shall not be convicted of violating this section unless the individual knew or should have known that the employer's vehicle failed to meet the requirement of this section.

(q) (1) The Division of Motor Vehicles shall annually select for verification on a random sample basis not less than 10% of vehicle registrations subject to the insurance required by this section. This verification will be made through the insurers as reflected in the Division's records.

(2) Any vehicle owner identified by the Division as a possible uninsured shall submit proof of insurance within 30 days of the Division's request for such proof, to the Division of Motor Vehicles on a form prescribed by the Division and certified by an insurer or agent.

(3) The failure of a vehicle owner to submit the required proof under this section within a 30-day period shall be prima facie evidence that the vehicle is uninsured and the owner shall be subject to the penalties as prescribed in subsections (*l*) and (m) of this section.

(4) With respect to any vehicle which has:

a. Had its registration suspended by the Division of Motor Vehicles pursuant to subsection (m) of this section,

b. Had transfer of custody of its license plate ordered by the Justice of the Peace Court pursuant to subsection (p) of this section, or

c. Failed to produce proof of insurance in a timely fashion pursuant to this subsection (q) of this section,

an officer of the Delaware State Police or member of the Department of Insurance's Fraud Prevention Bureau ("the Fraud Bureau") may confiscate the registration plate of that vehicle at any time absent affirmative proof that the vehicle is currently insured. Prior to any confiscation pursuant to this subsection, the registered owner of a vehicle shall receive notice at least 7 days prior to confiscation by regular and certified mail that such confiscation is to occur, and shall be provided a means to prove that the vehicle has current insurance prior to the indicated confiscation date. The Division of Motor Vehicles and the Justice of the Peace Court shall provide information to the Fraud Bureau and Delaware State Police sufficient to allow those organizations to enforce this subsection. Registration plates confiscated pursuant to this subsection shall be turned over to the Division of Motor Vehicles, which shall follow procedures established pursuant to and consistent with subsection (m) of this section for return of said plates. The Fraud Bureau shall provide its members with sufficient training to ensure safe enforcement of this subsection.

(r) In the event of a suspension of a driver's license pursuant to this section, the Department may issue an occupational license during a period of suspension upon application by the applicant upon a form prescribed by the Department and sworn to by the applicant; provided, that the applicant sets forth in said application that the suspension of such license has created an extreme hardship and that no prior occupational license has been issued within the preceding 12 months; provided, however, that no such occupational license shall be issued until the applicant demonstrates proof of liability insurance on all motor vehicles owned by such applicant or spouse. If the suspension of the driver's license resulted from the arrest and conviction of a person stemming from an incident in which property damage or personal injury occurred, an occupational license shall not be issued, the other provisions of this subsection to the contrary notwithstanding.

(s) (1) Whoever violates any subsection of this section shall be fined for the first offense not less than $1,500 nor more than $2,000 and shall have that person's driving license and/or privileges suspended for 6 months. For each subsequent offense occurring within 3 years of a former offense, that person shall be fined not less than $3,000 nor more than $4,000 and shall have that person's driver's license and/or driving privilege suspended for 6 months. The minimum fine levied for a violation of subsection (a), (b), or (p) of this section may be suspended, in whole or in part, by the Court if evidence is presented that the defendant has secured insurance between the date of charge and the date of sentencing.

(2) Failure of the owner or operator to produce an insurance identification card for insurance which is in full force and effect at the time of the offense shall be presumptive evidence that such person is operating such person's vehicle without having insurance required by this title.

(3) Notwithstanding the penalties specified above, anyone convicted of driving without minimum insurance as required in this section shall have such person's privileges of driving suspended in this State until such time as such person has furnished proof of insurance to the Division of Motor Vehicles.

(t) (1) The Division of Motor Vehicles shall periodically select for verification of the required insurance all vehicles owned, individually or jointly, by a person who has been previously convicted of violating the provisions of this subchapter.

(2) The Division of Motor Vehicles may determine the accuracy of information relating to the proof of required insurance satisfying the provisions of this section.

(u) (1) The Division of Motor Vehicles may require evidence that any motor vehicle registered in a person's name, individually or jointly, is covered by the insurance required by this chapter, at a conference, hearing or interview:

a. As a result of point accumulation on the owner's motor vehicle driving record pursuant to the rules and regulations of the Division of Motor Vehicles; or

b. To show cause why the person's license should not be suspended or revoked pursuant to the laws of this State or the rules and regulations of the Division of Motor Vehicles.

(2) The Division of Motor Vehicles may require evidence that any vehicle registered in a person's name, individually or jointly, is covered by the insurance required by this chapter, at the time of reinstatement of driving privileges.

(3) The evidence of insurance shall be on a form prescribed by the Division of Motor Vehicles and certified by an insurer or its agent.

(4) Failure to submit the required proof under this section shall be prima facie evidence that any vehicle registered in that person's name, either individually or jointly, is uninsured and the owner shall be subject to the penalties as prescribed in subsections (*l*) and (m) of this section.

(v) (1) If a person has been issued an equipment inspection notice pursuant to § 2144 of this title, the person shall send within 30 days to the Division of Motor Vehicles the evidence of insurance or security required by this chapter on a form prescribed by the Division and certified by an insurer or agent.

(2) A failure to submit the evidence required by paragraph (v)(1) of this section shall result in the suspension of the registration of the vehicle cited and the assessment of the uninsured motorist penalty fee under this section.

(w) The Division of Motor Vehicle shall conduct a study or cause such study to be conducted to assess the feasibility and costs of establishing a direct computer link between the Division of Motor Vehicle's registration files and the insurance companies' data bases for the purposes of allowing the Division to conduct "real time" status reports of uninsured motorists. The Division of Motor Vehicles shall also conduct a study or cause such study to be conducted to analyze the ramifications of implementing an uninsured motorist program in the State similar to that of Virginia's Uninsured Motorist Program.

(x) Notwithstanding any contrary provisions of the Code, there shall be established a special fund of the State to be known as the D.M.V.T. Fund. The Secretary of Finance shall, commencing upon July 18, 1995, and commencing at the beginning of each fiscal year thereafter, cause to be deposited into the D.M.V.T. Fund amounts received as payments of fines and costs assessed by the Justice of the Peace Courts and/or the Court of Common Pleas under this section, until the amount deposited in said fiscal year shall equal $150,000.

(y) The purpose of the D.M.V.T. Fund is to provide for the administrative costs associated with this Act. Any balance in the D.M.V.T. Fund as of the last day of the fiscal year in excess of $15,000 shall be deposited to the General Fund. The Secretary of Finance shall make deposits to the D.M.V.T. Fund as required under this section commencing after August 1, 1995.

(z) The Director of the Division of Motor Vehicles may adopt such rules and regulations, not inconsistent with this title, as are necessary to enforce this section.

§ 2118A. Unlawful possession or manufacture of proof of insurance, penalties.

(a) It shall be unlawful for any person to possess, manufacture, sell, distribute or circulate a fictitious insurance identification card or any fictitious proof of insurance. A fictitious insurance identification card shall be any document in written or electronic format not manufactured in compliance with § 2118(o) of this title. Fictitious proof of insurance shall be any document in written or electronic format not produced in compliance with § 2118(o) of this title.

(b) It shall also be unlawful for any person to possess, manufacture, sell, distribute or circulate a blank insurance identification card. However, the following shall be exempt from this subsection: Office of the Insurance Commissioner, insurance companies or bonding companies or their employees or agents or employees of such agents in the discharge of their employment duties.

(c) Any person convicted of a violation of subsection (a) or (b) of this section shall be fined for the first offense not less than $500, nor more than $1500, or imprisoned not less than 30 days, nor more than 60 days, or both. For each subsequent violation, the person shall be fined not less than $1000, nor more than $2000, or be imprisoned not less than 60 days, nor more than 6 months, or both.

(68 Del. Laws, c. 406, § 1; 79 Del. Laws, c. 269, § 2.)

§ 2118B. Processing and payment of insurance benefits.

(a) The purpose of this section is to ensure reasonably prompt processing and payment of sums owed by insurers to their policyholders and other persons covered by their policies pursuant to § 2118 of this title, and to prevent the financial hardship and damage to personal credit ratings that can result from the unjustifiable delays of such payments.

(b) When an insurer is notified in writing by the claimant that the claimant desires to file an initial claim for benefits pursuant to § 2118(a)(2) of this title, the insurer shall, no later than 10 days following the insurer's receipt of said notification, provide that claimant with a form for filing such a claim. For purposes of this subsection an insurer shall be deemed to have provided a claimant with a form for filing a claim when the insurer deposits such a form in an envelope addressed to such claimant with the United States Postal Service and with postage affixed for first class (or better) delivery. If an insurer fails to comply with the provisions of this subsection, the insurer shall pay the claimant a sum equal to 1 percent of the amount due as of the date on which the claim was required to be provided for each day beyond the prescribed period for compliance, not to exceed $5,000.

(c) When an insurer receives a written request for payment of a claim for benefits pursuant to § 2118(a)(2) of this title, the insurer shall promptly process the claim and shall, no later than 30 days following the insurer's receipt of said written request for first-party insurance benefits and documentation that the treatment or expense is compensable pursuant to § 2118(a) of this title, make payment of the amount of claimed benefits that are due to the claimant or, if said claim is wholly or partly denied, provide the claimant with a written explanation of the reasons for such denial. If an insurer fails to comply with the provisions of this subsection, then the amount of unpaid benefits due from the insurer to the claimant shall be increased at the monthly rate of:

(1) One and one-half percent from the thirty-first day through the sixtieth day; and

(2) Two percent from the sixty-first day through the one hundred and twentieth day; and

(3) Two and one-half percent after the one hundred and twenty-first day.

(d) If an insurer fails to comply with subsection (b) or (c) of this section, the claimant may recover the amount due through a civil action in any court of competent jurisdiction or through a Delaware Insurance Commissioner's Arbitration Proceeding, consistent with § 2118(j)(1)-(9) of this title, at the option of the claimant. Any judgment entered for a claimant in a civil action or arbitration proceeding

brought under this section shall include, in addition to the amount due and any additional amount provided for by subsections (b) and (c) of this section, an award for the costs of the action and the prosecution of the action, including reasonable attorney's fees; provided, however, that the costs of the action and the prosecution of the action, including reasonable attorney's fees shall only be awarded if it is found that the insurer acted in bad faith. The burden of proving that the insurer acted in bad faith shall be on the claimant. Any sums other than the original claim paid under this subsection shall not reduce the amount of coverage available under the insurance policy that is the basis for the claim.

(e) If an action pursuant to subsection (d) of this section is not filed within 90 days of the date of denial or the date when benefits are due as provided for in subsection (c) of this section, the penalties prescribed in that subsection shall begin to run from the date of the filing of said action.

(f) The remedies provided by this section are in addition to all other remedies available to the claimant under state and federal statutory or common law.

Code 1126 or 1131. which are in effect at the time of the initial application for titling or registering of the vehicle. A unique vehicle may be titled and registered with restrictions as determined by the Division to be in the best interest of highway safety.

(c) A unique vehicle shall be subject to an initial inspection in accordance with regulations as adopted by the Division of Motor Vehicles.

(d) A unique vehicle may not be registered unless such vehicle is insured pursuant to §§ 2118 and 2902 of this title.

(e) A unique unregistered vehicle title may be issued for proof of ownership only if the unique vehicle does not meet the Division of Motor Vehicles' inspection requirements, FMVSS safety and equipment requirements, or DNREC's emission standards. A unique unregistered vehicle title does not permit the operation of the unique unregistered motor vehicle on the roads of the State or any other state in any capacity other than as specified in subsection (f) of this section.

(f) A unique unregistered vehicle titled pursuant to subsection (e) of this section shall be used only for participation in club activities, exhibits, tours, parades, and similar uses (a "permitted use"). A unique vehicle participating in a permitted use must be insured as required by §§ 2118 and 2902 of this title. (g) The Division of Motor Vehicles may not assign a vehicle identification number (VIN) to a unique vehicle that was assigned a VIN by the vehicle manufacturer unless it meets the requirements as described in this title. A dealership or manufacturer may not assign a VIN to a unique vehicle unless the dealership or manufacturer are approved by National Highway Traffic Safety Administration to assign VIN numbers, in accordance with 49 C.F.R. Part 565.

(h) The owner of a unique vehicle modified to meet all requirements outlined in this section and Chapter 43 of this title must apply to the Division of Motor Vehicles for a unique blue and gold identification plate which shall be displayed on the front of such vehicle in addition to the standard vehicle registration plate. The Division of Motor Vehicles has the authority to issue any additional regulations, rules, policies or procedures necessary to implement this unique identification plate requirement.

Unique vehicle status shall be forfeited in the event of a transfer of ownership and the transferor shall surrender the special plate to the Division of Motor Vehicles. The purchaser of any previously titled or registered unique vehicle must reapply for a unique vehicle status at the time of any transfer. At the time of any post transfer titling or

(a) *Testing.* — (1) *General.* — No person may be issued a commercial driver license unless that person is a resident of this State and has passed a knowledge and skills test for driving a commercial motor vehicle which complies with minimum federal standards established by federal regulation enumerated in 49 C.F.R. part 383, subparts G and H, and has satisfied all other requirements of the CMVSA in addition to other requirements imposed by state law or federal regulation. The tests must be prescribed and conducted by the Division of Motor Vehicles.

(2) *Third-party testing.* — The Division of Motor Vehicles may authorize a person, including an agency of this or another state, an employer, a private driver training facility, or other private institution, or a department, agency or instrumentality of local government, to administer the skills test specified by this section, provided:

(3) *Testing by State.* — Only an agency of the State, as approved by the Division of Motor Vehicles, shall be permitted to administer the skills test specified by this chapter.

(b) *Waiver of skills test.* — The Division of Motor Vehicles may waive the skills test specified in this section for a commercial driver license applicant who meets the requirements of 49 C.F.R. § 383.77.

(2) The Division shall query the Drug and Alcohol Clearinghouse and deny the issuance, renewal, upgrade, or transfer of a CDL and the issuance, upgrade, or renewal of a CLP if the query indicates the driver is subject to the CMV driving prohibition due to a violation of 49 C.F.R. Part 382.

(d) *Commercial learner permit (CLP).* — (1) The issuance of a CLP is a precondition to the initial issuance of a CDL. A CLP may be issued to an individual who has satisfied all of the following requirements:

a. Is at least 18 years of age.

b. Holds a valid Delaware driver license.

c. Has passed the vision and written tests required for a CDL.

(2) The CLP may be issued for a period that does not exceed 1 year. Only 1 renewal or re-issuance may be granted within a 1-year period. The holder of a CLP may, unless otherwise disqualified, drive a commercial motor vehicle only when accompanied by the holder of a commercial driver license, valid for the type of vehicle driven who occupies a seat beside the individual for the purpose of giving instruction in driving the commercial motor vehicle; provided that the CLP holder may not operate a commercial motor vehicle transporting hazardous materials as defined in § 2603 of this title.

(3) If for any reason the applicant fails to pass the required examinations during the 1-year period granted by the permit, the CLP is void and the $10 fee is forfeited.

(4) A CLP holder is not eligible to take the CDL pre-trip, skills or road test in the first 14 days after initial issuance of the CLP.

(5) A CLP holder is eligible to apply for a passenger, school bus, or tank endorsement while holding a CLP provided the written test is passed for each endorsement prior to the permit issuance. A CLP holder with a passenger or school bus endorsement is prohibited from carrying passengers or students. A CLP holder with a tank endorsement may only operate an empty tank vehicle. All other endorsements as defined by 49 C.F.R. § 383.153 are prohibited on a CLP.

(6) The issuance of a CLP is a precondition to the upgrade of a CDL if the upgrade requires a skills test.

(7) *Content of CLP.* — The commercial learner permit must be marked "Commercial Learner Permit" or "CLP" and must be, to the maximum extent possible, tamperproof. The CLP must include, but not be limited to, the following information:

a. The name and residential address of the person;

Prior to issuing a non-domiciled CDL or CLP, the Division of Motor Vehicles must establish the practical capability of revoking, suspending, or cancelling the non-domiciled CDL or CLP and disqualifying that person with the same conditions applicable to the commercial driver license issued to a resident of this State.

Within 30 days of receiving notification from the State that retesting is necessary, the affected CLP or CDL holder must make an appointment or otherwise schedule to take the next available test. A person's CLP or CDL will be disqualified if such person fails to make an appointment within 30 days, does not take the required knowledge or skills test, or fails the knowledge or skills test. Once a CLP or CDL holder's privileges have been disqualified, such person must reapply for a CLP or CDL under state application procedures.

§ 2626. CDL medical certification requirements.

(a) *CDL medical self-certification requirements.* — (1) Beginning January 30, 2012, any person applying for an initial CLP/CDL must self-certify to the Division that such person is operating commercial motor vehicles in a nonexcepted interstate commerce, excepted interstate commerce, nonexcepted intrastate commerce or excepted intrastate commerce status.

(2) Existing CDL holders must self-certify to the Division on or after January 30, 2012, but not later than January 30, 2014, that the CDL holder operates commercial motor vehicles in a nonexcepted interstate commerce, excepted interstate commerce, nonexcepted intrastate commerce or excepted intrastate commerce status.

(3) It is the responsibility of the CDL/CLP holder to immediately notify the Division if/when CDL/CLP holder medical certification status changes.

(b) *Medical certification documentation requirements for nonexcepted interstate commerce drivers after January 30, 2012.* — (1) Any person applying for an initial CLP/CDL who certifies that such person will operate CMVs in nonexcepted, interstate commerce must provide the Division with the current, original medical examiner's certificate prepared by a medical examiner who, on and after May 21, 2014, is currently certified by FMCSA and is listed on the National Registry of Certified Medical Examiners confirming the applicant meets the minimum physical qualifications for CMV operators in accordance with federal regulations.

(2) On or after January 30, 2012, but not later than January 30, 2014, existing CDL holders must provide the Division with the current original or copy of the medical examiner's certificate prepared by a medical examiner who, on and after May 21, 2014, is currently certified by FMCSA and is listed on the National Registry of Certified Medical Examiners confirming the CDL holder meets the minimum physical qualifications for CMV operators in accordance with federal regulations.

(3) In order to maintain a medical certification status of certified, the CDL/CLP holder who certifies that such CDL/CLP holder will operate CMVs in nonexcepted interstate commerce must provide the Division with a current original or copy of each subsequent medical examiner's certificate prepared by a medical examiner confirming the CDL/CLP holder meets the minimum physical qualifications for CMV operators in accordance with federal regulations.

(c) *CDL/CLP issuance procedures for drivers who after January 30, 2012, self-certify as operating in nonexcepted interstate commerce.* — (1) The Division must verify the driver has self-certified as a nonexcepted interstate commerce operator.

(2) The Division must verify the driver has a "certified" medical status on the medical examiner's certificate and on the CDLIS driver record.

(3) In the event that the driver has not self-certified or the medical certification status of the individual is "not-certified," the applicant will be denied a CDL/CLP issuance, renewal, upgrade or transfer, and the CDL will be downgraded.

(4) Approximately 60 days before a medical examiner's certificate expires, the Division will attempt to notify the CDL/CLP holder requiring such CDL/CLP holder to either submit a current medical certificate or self-certify that such CDL/CLP holder now operates a CMV in excepted interstate commerce, nonexcepted intrastate commerce or excepted intrastate commerce. The CDL/CLP will be downgraded no later than 60 days after the CDL/CLP holder's current medical certification expires or when determined to be "not-certified" if:

a. such CDL/CLP holder does not change such CDL/CLP holder self-certification to excepted interstate commerce, nonexcepted intrastate commerce, or excepted intrastate commerce;

b. such CDL/CLP holder does not present to the Division a current medical certificate;

c. such CDL/CLP holder FMCSA medical variance expires; or

d. The FMCSA notifies the Division that such CDL/CLP holder medical variance was removed or rescinded.

(5) Upon notification from the FMCSA that a medical variance has been issued to a CDL/CLP driver, the Division shall file, electronically or otherwise, medical variance information, the CDLIS driver record will be updated, and the CDL/CLP document will show a restricted code "V" indicating there is information about a medical variance on the CDLIS driver record. Within 10 calendar days of receiving information from the FMCSA regarding the issuance or renewal of a medical variance for a driver, the Division must update the CDLIS driver record to include the medical variance information provided by the FMCSA.

(d) *CDL driver physical qualifications and recordkeeping requirements for nonexcepted interstate commerce drivers.* — (1) A CDL/CLP holder who is subject to the physical requirements contained in 49 C.F.R. § 391.41 must not operate a commercial motor vehicle unless such CDL/CLP holder is medically certified as physically qualified to do so, and, except as provided in paragraph (b)(2) of this section, when on duty, has on such person the original or a copy of a current medical examiner's certificate that such person is physically qualified to drive a commercial motor vehicle.

(2) Beginning January 30, 2014, a CDL/CLP holder who has submitted a current medical examiner's certificate to the Division in accordance with 49 C.F.R. § 383.71(h) substantiating CDL/CLP holder is medically "certified," no longer needs to carry on such person the medical examiner's certificate once the medical certification information is posted on the CDLIS driver record. The Division will post the medical information in CDLIS within 10 days after the driver submits a current medical certificate. If there is no medical certification information on that driver's CDLIS driver record, a current medical examiner's certificate issued prior to January 30, 2012, will be accepted until January 30, 2014.

(3) A CDL/CLP driver who obtained a medical variance from the FMCSA must continue to have in CDL/CLP holder's possession the original or copy of that medical variance documentation at all times when driving a CMV.

(4) Canadian and Mexican CMV drivers are not required to have in their possession a medical examiner's certificate if the driver has been issued and possesses a valid commercial driver license issued by the United Mexican States or Canadian Province or Territory and whose license and medical status, including any waiver or exemption, can be electronically verified. Drivers from any of the countries who have received a medical authorization that deviates from the mutually accepted compatible medical standards of the resident country are not qualified to drive a CMV in the other countries. Canadian and Mexican drivers who do not meet the medical fitness provisions of their home country for motor carriers are not qualified to drive a CMV in the United States even if that driver has received a medical variance or waiver. In addition, United States drivers who receive a medical variance from the FMCSA are not qualified to drive a CMV in Canada or Mexico.

(e) CDL/CLP holders self-certifying that they operate or expect to operate CMVs in excepted interstate commerce must:

(1) Meet the minimum physical qualifications for CMV operators as determined in 49 C.F.R. § 390.3(f), § 391.2, § 391.68, or § 398.3; and

(2) Self-certify to the Division that that operate or expect to operate CMVs in excepted interstate commerce upon each renewal of their CDLs.

(f) CDL/CLP holders self-certifying that they operate or expect to operate CMVs in nonexcepted intrastate or excepted intrastate commerce must:

(1) Meet the minimum physical qualifications for CMV operators as determined in § 4704 of this title;

(2) Self-certify to the Division that they operate or expect to operate CMVs in nonexcepted intrastate or excepted intrastate commerce upon each renewal of their CDLs;

(3) Meet the minimum physical qualification requirements for CMV operators as determined in subsections (b) through (d) or subsection (e) of this section before the CDL holders may have the "K" restriction removed from their CDL/CLP.

(g) *Release of medical certification information in the CDLIS driver record.* — Except where prohibited by § 305 of this title or Division policies, the following authorized agents may receive CDLIS driver record information:

(1) *States.* — All information on all CDLIS driver records.

(2) *Secretary of Transportation.* — All information on all CDLIS driver records.

(3) *Driver.* — All information on that driver's CDLIS driver record obtained on the CDLIS motor vehicle record.

(4) *Motor carrier or prospective motor carrier.* — After the employer or prospective employer notifies the driver, all information on that driver's or prospective driver's CDLIS driver record obtained on the CDLIS motor vehicle record.

(78 Del. Laws, c. 87, § 3; 70 Del. Laws, c. 186, § 1; 79 Del. Laws, c. 214, § 12; 79 Del. Laws, c. 279, §§ 6, 7; 84 Del. Laws, c. 42, § 1.)

§ 2627. CDL Drug and Alcohol Clearinghouse requirements.

(a) The Division shall request information from the Clearinghouse, and if applicable, deny the issuance, renewal, upgrade, or transfer of a CDL or CLP as stated in § 2608(c)(2) of this title.

(b) The Division shall, upon receiving notification from FMCSA that a CDL or CLP holder is prohibited from operating a CMV due to a drug and alcohol program violation, downgrade the CDL or CLP by removing the commercial privilege from the driver license. The downgrade must be completed and recorded on the CDLIS driver record within 60 days of the Division's receipt of such notification.

(1) *Reinstatement after FMCSA notification that the driver is no longer prohibited.* —

If, after the Division completes and records the downgrade on the CDLIS driving record, FMCSA notifies the State that a driver is no longer prohibited from operating a commercial motor vehicle, the Division must make the driver eligible for reinstatement of the CDL or CLP privilege to the driver's license within 10 calendar days of receiving notification from FMCSA.

(2) *Reinstatement after Clearinghouse error correction.* —

If, after the Division completes and records the downgrade on the CDLIS driver record, FMCSA notifies the State the driver was erroneously identified as prohibited from operating a commercial motor vehicle, the Division shall:

a. Reinstate the CDL or CLP privilege to the driver's license within 5 business days of receiving notification of the correction from FMCSA; and

b. Expunge from the CDLIS driver record and, if applicable, the motor vehicle record, any reference related to the driver's erroneous prohibited status within 5 business days of receiving notification of the correction from FMCSA.

§ 2703. License to operate a motorcycle, motorbike, etc.

(a) No person shall operate a "motorcycle," as defined by § 101 of this title, motorbike or other 2-wheeled or 3-wheeled motor-driven vehicle upon a highway of this State without having been properly licensed and having passed, to the satisfaction of the Department, an examination testing the person's ability to operate such vehicle safely. The Department shall place a motorcycle endorsement on the driver license authorizing the operation of such vehicle. A person who passes an examination administered by the Department on a 3-wheeled motorcycle shall have a restriction placed on that person's driver license, in addition to the motorcycle endorsement, limiting that person to the operation of 3-wheeled motorcycles. A temporary motorcycle instruction permit can be issued to a person age 18 or older after passing a written motorcycle examination. This permit expires in 6 months. If for any reason whatsoever the applicant fails to pass the required road skills examination during the 6-month period granted by the permit, the permit shall be void, and the fee paid therefor shall be forfeited unless the applicant requests an extension thereof and pays the sum of $5.00. Upon payment of said sum the Division shall immediately issue 1 extension only of the permit for an additional 6 months. If the applicant fails to pass the required examination within the additional 6-month period, the permit shall become void. The following provisions shall apply to a person while operating a motorcycle with a temporary instruction permit for the operation of a motorcycle:

(1) No passengers shall be allowed on the motorcycle;

(2) Operating a motorcycle between sunset and sunrise is prohibited;

(3) A safety helmet and eye protection as approved by the Office of Highway Safety must be worn; and,

(4) Operation is not permitted on the federal interstate highway system.

(b) The initial and subsequent renewal fee for an authorization or endorsement under this section shall be $8.00 when the authorization or endorsement holder also holds a commercial motor vehicle driver license endorsed for the transport of hazardous materials. Otherwise, the fee for an initial authorization or endorsement under this section and each renewal shall be $12.

(c) Of each of the initial fees for authorization or endorsement collected pursuant to subsection (b) of this section the sum of $5.00 is appropriated to the Department of Transportation and shall be placed in a special account to be used only for expenses incurred in the administration of the motorcycle rider education program. For each fee collected for subsequent renewals pursuant to subsection (b) of this section, the total of such renewal fee shall also be appropriated to the Department of Transportation to be placed in said special account.

(d) The authorization or endorsement specified in subsection (a) of this section shall not be issued by the Division to any person under the age of 18 years unless the application therefor is signed both by the applicant and by the parent, guardian or court-ordered custodian of the applicant with whom the applicant resides in this State.

(1) Nevertheless, if the applicant has no parent, guardian or court-ordered custodian residing in the State to act as that applicant's sponsor, another responsible adult person who resides with the applicant in this State who is acceptable to the Secretary of Transportation may sign the application.

(2) The following sponsors are listed in order of priority:

a. Either parent of the minor, if both parents are living together within this State and the minor resides with both parents;

b. Father of the minor, if the father is living within this State, and the minor resides with the father only; mother of the minor, if the mother is living within this State, and the minor resides with the mother only; or either parent, if either parent lives within this State, and the minor resides with neither parent, and the minor has no legal guardian within this State;

c. Guardian or court-ordered custodian of the minor, duly appointed as such, under the laws of this State; or

d. Any suitable person acceptable to the Secretary of Transportation.

(3) The Department shall not require as a prerequisite to the issuance of a license to a minor under this section, that the parent, guardian or court ordered custodian who signs the minor's driver license application be present at the time the application is made by the minor, or sign the application at the offices of the Division of Motor Vehicles. The signing of the application and acknowledgment thereof by the natural parent, guardian, or court-ordered custodian before a notary public or other person authorized to administer oaths

shall be deemed sufficient to satisfy the requirements of this section. Sponsors designated in paragraph (d)(2)d. of this section shall sign the minor's license application in the presence of a Division representative.

(4) The sponsor who signs the motorcycle endorsement application on behalf of a minor can withdraw their sponsorship at any time until the minor reaches 18 years of age, thereby canceling the minor's authority to drive a motorcycle. If the court terminates the custody order and the minor subsequently resides with a parent in this State, then the parent may cancel the driving privileges of the minor under this section. Once canceled, the applicant can reapply for a motorcycle endorsement when they meet the provisions of this section and pay the endorsement fee.

(5) It shall be unlawful for any person to sign the application of a minor under this section when such application misstates the age of the minor or misrepresents themselves or their relationship to the minor. Any person who violates this provision shall be guilty of a class B misdemeanor. Both the minor applicant and the sponsor's driver's license will be suspended for 2 months under § 2733(a)(5) of this title.

(e) The authorization or endorsement specified in subsection (a) of this section shall not be issued by the Department to any person under the age of 18 years unless such person:

(1) Complies with subsection (d) of this section; and

(2) Completes a motorcycle rider education program, such program having been approved by the State Department of Transportation pursuant to this chapter.

§ 2710. Issuance of a Level 1 Learner's Permit and Class D operator's license to persons under 18 years of age.

(a) The Division, upon receiving from any person who is at least 16 years old but less than 18 years old or a person who is receiving special education services under an active Individualized Education Program who is at least 16 years old but less than 22 years old, an application for a Level 1 Learner's Permit, together with the fee required by law, may, in its discretion, issue such a permit entitling the

applicant, with such a permit in the applicant's immediate possession, to drive a motor vehicle upon the highways of this State provided they meet all requirements for the permit. Eye screening and medical examinations will be required in accordance with Division policies.

The Division may issue a distinctively designed Level 1 Learner's Permit document or issue the permit holder a Class D license encased in a packet which explains the driver's limited driving privileges. If the permit holder completes the 12-month driving experience and the sponsor does not withdraw their endorsement, the Division will notify the permit holder by mail that the permit holder is eligible for a Class D license. The time used to compute the 12 months of driving experience shall not include any period of time when the permit holder's driving privileges were suspended, revoked, canceled, denied or surrendered.

(b) *Level1 Learner's Permit.* — A person who is at least 16 years old but less than 18 years old, or a person who is receiving special education services under an active Individualized Education Program who is at least 16 years old but less than 22 years old, may obtain a Level 1 Learner's Permit if the person has:

(1) Successfully completed a course in driver education in a public or private high school in this State, which has been approved by the Department of Education and meets the standards for such courses described by that Department. If the applicant has completed a course of instruction in driver education in a public or private high school outside this State, the applicant must produce a certified copy of that applicant's high school transcript evidencing the completion of the driver education course;

(2) Passed a written test and road skills test administered by the Division or administered by a driver education teacher. Students who require specialized evaluation, training or equipment to operate a motor vehicle because they are persons with a physical or mental disability will be identified by the driver education teacher and tested by the Division;

(3) Been certified by the driver education teacher as qualified for licensing; and

(4) Submitted an application signed by a sponsor as required by subsection (e) of this section.

(c) *Restrictions pertaining to theLevel1 Learner's Permit.* — A learner's permit authorizes the permit holder to drive the specified type or class of motor vehicles as those defined under § 2702(d)(1) of this title for 12 months only under the conditions listed below. If the learner's permit expires, the applicant will pay the appropriate fees and pass a written and road skills examination conducted by the Division.

(1) The Level 1 Learner's Permit must be in possession of the permit holder.

(2) When the permit holder is under mandatory supervision, the permit holder must be supervised by a properly licensed parent, guardian or a licensed driver at least 25 years of age who has held a Class D license for at least 5 years. The supervising driver must be seated beside the permit holder in the front seat of the vehicle when it is in motion. No person other than the supervising driver can be in the front seat.

(3) For the first 6 months after issuance, the permit holder may only drive supervised. In order for the permit holder to be able to drive unsupervised as called for in paragraph (c)(4) of this section, a parent or guardian shall certify that the permit holder has completed 50 hours of driving time, which shall include 10 hours of nighttime driving. This certification form shall be developed by the Division of Motor Vehicles, Department of Education and Department of Highway Safety and shall be signed by the parent or guardian and submitted to a Department of Education approved program at the end of this 6-month period.

(4) After the first 6 months from issuance, the permit holder may drive unsupervised between the hours of 6:00 a.m. and 10:00 p.m. Such a permit holder may drive only with supervision from 10:00 p.m. to 6:00 a.m. with the exception of times when the permit holder is traveling to and from church activities, work activities and the permit holder's school. For purposes of this section, the term "school" shall not include school-related activities that do not take place on school property.

(5) No passengers other than the adult supervisor and 1 or fewer other passengers can be in the vehicle during the first 12 months. However, the passenger restrictions of this paragraph shall not apply to immediate members of the driver's family provided the adult supervisor is in the car. During the second 6-month period of unsupervised driving, when a supervisor is not present, only 1 other passenger in addition to the driver can be in the vehicle.

(6) The restrictions of paragraph (c)(4) of this section shall not apply to those individuals who are Delaware volunteer fire fighters and ambulance attendants as long as they have permission from their fire chief or ambulance captain in writing with the permit referenced in paragraph (c)(1) of this section and are returning home from their company stations or place of education or training relating to their respective duties for the sole purpose of either an emergency response, an official fire or ambulatory meeting, or education or training relating to said duties.

(7) The permit holder and all passengers, under the age of 18, in the vehicle must wear a seat belt or be secured in a child safety seat or booster seat as required by § 4802 or § 4803 of this title when the vehicle is in motion.

(8) The permit holder shall not operate a motor vehicle while using a cellular telephone, text messager, or substantially similar electronic device. This paragraph shall not apply if the permit holder has stopped the vehicle at a location off of the lanes of travel. Any permit holder found to be in violation of this paragraph is deemed to be operating the vehicle in a negligent manner and is subject to the penalties set forth in subsection (j) of this section.

(d) *Class D license qualifications.* — A person who is at least 17 years old but less than 18 years old, or who is at least 17 years old but less than 22 years old and receiving special education services under an active Individual Education Program (IEP), may obtain a Class D operator's license if the person meets the following requirements:

(1) The person has held a Level 1 Learner's Permit issued by the Division for at least 12 months; and

(2) The person has an application signed by a sponsor as specified in subsection (e) of this section. The sponsor's signature on the Level 1 Learner's Permit application authorizes the minor to obtain the Class D operator's license when eligible unless the sponsor withdraws, in writing, their authorization for any such license or permit.

(e) The Division shall not grant the application of any minor between the ages of 16 years and 18 years or a person receiving special education services under an active Individual Education Program (IEP) between the ages of 16 and 22 for an operator's license or Level 1 Learner's Permit unless such application is signed both by the applicant and a sponsor who is the applicant's parent, guardian, Division of Family Services case worker or court-ordered custodian who resides in this State.

(1) Nevertheless, if the applicant has no parent, guardian, Division of Family Services case worker or court-ordered custodian residing in the State to act as the applicant's sponsor, another responsible adult person acceptable to the Secretary of Transportation who resides with the applicant in this State may sign the application.

(2) The following sponsors are listed in order of preference:

a. Either parent of the minor if both parents are living together within this State and the minor resides with both parents.

b. Father of the minor, if the father is living within this State, and the minor resides with the father only; mother of the minor, if the mother is living within this State, and the minor resides with the mother only; or either parent, if either parent lives within this State, and the minor resides with neither parent, and the minor has no legal guardian within this State;

c. Guardian, Division of Family Services case worker or court-ordered custodian of the minor, duly appointed, as such, under the laws of this State; or

d. Any suitable person acceptable to the Secretary of Transportation.

(3) The Department shall not require as a prerequisite to the issuance of a license to a minor under this section, that the parent, guardian, Division of Family Services case worker or court-ordered custodian who signs the minor's driver license application be present at the time the application is made by minor or sign the application at the offices of the Division of Motor Vehicle. The signing of the application and acknowledgment thereof, by the parent, guardian, Division of Family Services case worker or court-ordered custodian before a notary public or other person authorized to administer oaths shall be deemed sufficient to satisfy the requirements of this section. However, sponsors designated in paragraph (e)(2)d. of this section shall sign the minor's license application in the presence of a Division representative.

(4) The sponsor who signs the driver's license application on behalf of a minor has final authority to determine if the minor is capable of handling the responsibility of operating a motor vehicle and authority to designate who can supervise the minor driver per paragraph (c)(2) of this section. The sponsor who signed the application on behalf of the minor can withdraw their endorsement at any time until the minor reaches age 18, thereby canceling the minor's driving authority regardless of the type of permit or license held. If the court terminates the custody order and the minor subsequently resides with a parent in this State, then the parent may cancel the driving privileges of the minor under this section. To reinstate the canceled driving privileges, an approved sponsor must sign the application on behalf of the minor. When the minor turns 18, they can reinstate their previously held driving privileges without a sponsor's signature. The applicant can reinstate the driving privileges of a canceled license when they meet the license requirements and pay the appropriate license fee.

(5) It shall be unlawful for any person to sign the application of a minor under the provisions of this section when such application misstates the age of the minor or misrepresents the sponsor's relationship to the minor. Any person who violates this provision shall be guilty of a class B misdemeanor, and both the minor applicant and the sponsor's driving privileges shall be suspended for 2 months per § 2733(a)(5) of this title.

(6) It is unlawful for a sponsor to knowingly allow the holder of a Level 1 Learner's Permit to drive in violation of paragraph (c)(2) of this section. A sponsor who violates this provision is guilty of an unclassified misdemeanor.

(f) *Out-of-state driver license transfer.* — A person who is at least 16 years old but less than 18 years old, who was a resident of another state and has a driver's license issued by that state, and who becomes a resident of this State may obtain Delaware driving authority under the following conditions:

(1) If the applicant was issued the out-of-state driver's license for less than 12 months, they are eligible to apply for a Level 1 Learner's Permit when meeting the requirements under subsection (b) of this section and successfully completing a driver education training program approved by the Delaware Department of Education.

(2) If the applicant was issued the out-of-state driver's license for over 12 months, and has successfully completed a driver education training program approved by the Delaware Department of Education, that applicant is eligible to apply for a Class D operator's license after meeting the requirements of subsection (e) of this section. Additionally, such a minor applicant must pass a written and road skills examination conducted by the Division.

(3) If the applicant holds an out-of-state driver's license and that applicant is over 18 years old, that applicant can apply for a Delaware Class D operator's license under §§ 2712 and 2713 of this title.

(g) *Duration and fees.* —

(1) A Level 1 Learner's Permit expires 12 months after the date of issuance. If the applicant's learner's permit expires, the permit shall be void. The permit can be reissued when the applicant meets the permit requirements.

(2) Except as provided under paragraph (g)(3) of this section, the applicant must pay the $40 Class D license fee at the time of initial application.

(3) An applicant is not required to pay a license fee if the applicant is a child in the custody of the Department of Services for Children, Youth, and Their Families or meets the requirements under § 9011A(g) of Title 29.

(h) It is unlawful for the holder of a Level 1 Learner's Permit to operate a motor vehicle in violation of the restrictions that apply to the Level 1 Learner's Permit. Failure to comply with these restrictions constitutes operating a motor vehicle without a license under § 2701(a) of this title.

(i) The Division shall not issue an operator's license or Level 1 Learner's Permit to a person who has not reached the person's eighteenth birthday at the time of the offense if the person has been adjudicated delinquent as a result of acts which would constitute such an offense if committed by an adult as set forth in § 2732(a) of this title.

(j) The Department may immediately suspend a minor's permit, license and/or driving privileges whenever the Department has reason to believe that such person is a reckless or negligent driver of a motor vehicle or has committed a serious moving traffic violation. The Secretary may promulgate policy regulations more stringent than those that apply to other drivers when suspending minors. The suspension period will be for l month for the first suspension and 3 months for subsequent suspensions under this subsection. No suspension under this section shall be used by a motor vehicle insurance company licensed to sell insurance in this State as a basis for canceling a policy of insurance or to raise the premium cost to the insured.

(k) *Driver education learner's permit.* — The Division, upon receiving proper notice that a person is currently enrolled in a driver's education course and successfully completed the minimum class hours of actual driving experience and in-the-car observation as approved by the Department of Education, may issue a driver education learner's permit to such person after the person's sixteenth birthday, or before the person's twenty-second birthday if the person is enrolled in an active Individualized Education Program, provided the person meets all other Division requirements. The Division may issue a driver education learner's permit to those who meet the requirements of this section and need supervised driving experience before completing the road skill s test. The full driver license fee shall be collected at the time of the application. The permit is valid for 4 months. If for any reason whatsoever the applicant fails to pass the required examinations during the 4-month period granted by the permit, the permit shall be void and the driver license fee shall be forfeited. The application must be signed by the sponsor pursuant to subsection (e) of this section.

(1) Any person issued a driver education learner's permit pursuant to this subsection is entitled to drive a motor vehicle described in § 2702(d)(1) of this title upon the highways only when supervised by a properly licensed parent or guardian. If the parent(s) or guardian(s) is (are) not licensed to operate a motor vehicle or the permit holder is in the custody of the Department of Services for Children, Youth and their Families, the holder of the driver education learner's permit must be supervised by a licensed driver who is 25 years of age or older and have held a Class D driver's license for at least 5 years. The supervising driver must be seated beside the permit holder in the front seat of the vehicle when it is in motion. No person other than the supervising driver can be in the front seat.

(2) The driver education learner's permit must be in the possession of the permit holder.

(3) No passengers other than the adult supervisor and 1 or fewer other passengers can be in the vehicle. However, this passenger limit does not apply to members of the driver's immediate family.

(4) Driving experience obtained while holding this permit will be counted towards and in conjunction with the driving experience restrictions contained in paragraph (c)(3) of this section.

(5) The permit holder shall not operate a motor vehicle while using a cellular telephone, text messager, or substantially similar electronic device. This paragraph shall not apply if the permit holder has stopped the vehicle at a location off of the lanes of travel. Any permit holder found to be in violation of this paragraph is deemed to be operating the vehicle in a negligent manner and is subject to the penalties set forth in subsection (j) of this section.

(a) Every application for an operator's license shall be made on an application form furnished by the Department. The original application shall be verified by the applicant before a person authorized to administer oaths.

(b) Every application shall state the name, social security number, if eligible, date of birth, sex and residence address of the applicant and whether or not the applicant has previously been licensed as an operator, and, if so, when and by what state and whether or not such license has ever been suspended or revoked and, if so, the date of and reason for such suspension or revocation.

(c) Regardless of the age of the applicant, the Division shall require documentary evidence satisfactory to the Division of the applicant's name, date of birth, legal presence in the United States, Social Security number (if eligible), sex, and Delaware residence address.

(d) Any applicant who is able to provide satisfactory documentary evidence of all information described in subsection (c) of this section except for legal presence in the United States, may be eligible for a class D license or a class D temporary instruction permit valid for driving privileges only, hereinafter referred to as a driving privilege card or permit. Federal law prohibits any person from being eligible for a commercial driver license without providing satisfactory documentary evidence of legal presence in the United States.

(1) A driving privilege card or permit applicant must also provide the Division with satisfactory documentary evidence that the applicant, for each of the preceding 2 years, has:

a. Filed a Delaware income tax return; or

b. Resided in Delaware and been claimed as a dependent by an individual who has filed a Delaware income tax return.

(2) A driving privilege card or permit applicant must have completed the procedures required under § 8595 of Title 11.

(3) A driving privilege card or permit shall not be considered a valid form of identification for any purpose.

(4) Every applicant for or holder of a driving privilege card or permit under this section shall be subject to all of the provisions of this and any other title that apply to applicants and holders of class D driver licenses, class D temporary instruction permits, and level 1 learner permits.

(5) Notwithstanding any provision to the contrary, to ensure the public trust of the Delaware undocumented population that will utilize the driving privilege card for its intended purposes, all personal identifiable information collected during the application process shall be kept confidential, except in connection with purposes or procedures that would equally apply to applicants under subsection (c) of this section.

(e) (1) Any male applicant who applies for an instruction permit or driver's license or a renewal of any such permit or license and who is at least 18 years of age but less than 26 years of age shall be registered in compliance with the requirements of § 3 of the "Military Selective Service Act," 50 U.S.C. The Department shall notify the applicant at the time of application that the applicant's signature constitutes consent to registration with the selective service system, if the applicant is not already registered.

(a) A Class D temporary instruction permit may be issued to a person age 18 years or older. A temporary permit shall entitle the applicant to drive during a 12-month period only when the applicant is accompanied by a licensed operator over the age of 21 who is actually occupying a seat beside the driver and there are no more than 2 other persons in the vehicle.

(b) If for any reason the applicant fails to pass the required examination during the 12-month period granted by the permit, the permit shall be void, and the fee paid therefor shall be forfeited.

(c) The applicant must successfully pass a written examination before being issued a temporary instruction permit, and pass a practical road skills examination before being issued a Class D operator's license. Eye screening and medical examinations will be administered in accordance with Division policies.

(d) It is unlawful for the holder of a Class D temporary instruction permit to operate a motor vehicle when the applicant is not accompanied by a licensed operator over the age of 21 years who is seated beside the driver or if there are more than 2 other persons in the vehicle. Failure to comply with subsection (a) of this section restrictions constitutes operating a motor vehicle without a license under § 2701(a) of this title.

(e) Applicants who are receiving special education services under an active Individualized Education Program may waive the provisions of this section and obtain a Class D operator's license if the person meets the requirements of § 2710(d) of this title.

operate a motor vehicle in such manner as not to jeopardize the safety of persons or property and as to whether any facts exist that would bar the issuance of a license under this chapter. Such examination may not include investigation of any facts other than those directly pertaining to the ability of the applicant to operate a motor vehicle with safety, or other than those facts declared to be prerequisite to the issuance of a license under this chapter.

(b) The Department may in its discretion waive the examination of any person applying for the renewal of an operator's license issued under this chapter.

(c) The Department may in its discretion issue an operator's license under this chapter without examination to every person applying therefor who is of sufficient age, as required by § 2707 of this title, to receive the license applied for and who at the time of such application has a valid unrevoked license of like nature issued to such person under any previous law of this State providing for the licensing of operators or to any person who at the time of such application has a valid unrevoked license of like nature issued to such person in another state under a law requiring the licensing and examination of operators.

(d) Written and road skill examinations for students duly enrolled in a driver education course, including students who are receiving special education services under an active Individualized Education Program until the age of 22, will be administered by driver education teachers certified by the Delaware Department of Education. Upon successful completion of the driver education course, the certified teacher must issue a "High School Driver Education Certificate" which will be accepted in lieu of the written and road skill examinations administered by the Division for a period of 6 months from the date of issue. No further testing by the Division is required unless the High School Driver Education Certificate has expired; in such event, full testing is required. Students identified in § 2710(b)(2) of this title as persons with a disability requiring specialized training shall be examined by the Division. All persons under age 18 who transfer their out-of-state license for a Delaware license must be given a written and road test by the Division. Any person who is suspended while operating a motor vehicle on a Level 1 Learner's Permit, Driver Education Learner's Permit or temporary instruction permit will be re-examined before reinstatement. Notwithstanding the preceding, the Division must administer written and road skills tests to applicants who are 18 years of age or older, except as otherwise provided in subsections (b) and (c) of this section.

c. The role of a law-enforcement officer in general and during a traffic stop and the procedures a law-enforcement officer must follow during a traffic stop.

d. How to interact with a law-enforcement officer during a traffic stop.

e. How and where to file a complaint against or compliment on behalf of a law-enforcement officer.

(2) The Department shall include in its examination of an applicant at least 2 questions to test an applicant's knowledge related to traffic stops by a law-enforcement officer.

(3) The Department of Education, the Department, the Department of Justice, and the Office of Defense Services shall collaborate to produce information to educate an applicant related to traffic stops by a law–enforcement officer, and may consult with any interested parties from the public safety and transportation communities to produce this information.

a. The information under this paragraph (e)(3) must include the topics contained in paragraph (e)(1) of this section.

b. The information produced under this paragraph (e)(3) may not be construed as legal advice in contravention of § 2504(2) or § 2515 of Title 29 and of § 4602 or § 4604 of Title 29.

(4) The Department shall include the information produced under paragraph (e)(3) of this section in any document designed to educate an applicant on the rules for driving a motor vehicle in this State.

§ 2714. Special examination.

(a) As a prerequisite to the continuation of the operator's right to drive on the highways, the Department shall cause a special examination to be made of every person involved in a second accident resulting in personal injury, death or property damage to an apparent extent of $250 within any 24-month period, when such person has been adjudged responsible for causing such accidents by a court of competent jurisdiction, to determine whether such person is a person with a physical or mental disability which prevents the safe operation of a vehicle.

(b) The Department shall also cause to be examined any person whom the State Police Superintendent, State Police Troop Commanders or chief of police of any city, town or county in this State recommends for such examination.

(c) The Department may examine any person with mental or physical conditions which may interfere with safe operation of a motor vehicle when reported, in writing, to the Department by a physician, member of the immediate family, the court or other person acceptable

to the Secretary of Transportation. This examination is to determine the person's physical and mental abilities to operate a motor vehicle in such manner so as not to jeopardize the safety of person or property and whether any facts exist which would bar the continued issuance of a license under this chapter. Such examination shall not include investigation of any facts other than those directly pertaining to the ability of the applicant to operate a motor vehicle safely or other facts declared to be prerequisite to the continued issuance of a license under this chapter. Evaluation requested per subsections (b) and (c) of this section are confidential records used to determine a driver's ability to safely operate a motor vehicle and shall not be released except by court order.

§ 2733. Discretionary suspension or revocation of license or driving privileges.

(a) The Department may immediately suspend the license and driving privileges or both of any person without hearing and without receiving a record of conviction of such person of crime whenever the Department has reason to believe that such person:

(1) Has committed any offense for the conviction of which mandatory revocation of license and driving privileges or both is provided in § 2732 of this title, but no license shall be suspended by reason of any conviction or convictions upon the charge of overloading any vehicle as provided in § 4502 of this title;

(2) Has, by reckless or unlawful operation of a motor vehicle, caused or contributed to an accident resulting in death or injury to any other person or serious property damage;

(3) Is incompetent to drive a motor vehicle or is a person with mental or physical disabilities rendering it unsafe for such person to drive a motor vehicle upon the highways;

(4) Is an habitual reckless or negligent driver of a motor vehicle or has committed a serious violation of the motor vehicle laws of this State;

(5) Has violated § 2751(a) or (b) of this title;

(6) Has violated § 6702 of this title;

(7) Has violated § 2118A of this title; or

(8) Has violated § 4129 of this title based upon notification of such violation provided by the Department of Transportation to the Department. However, no suspension of driving privileges shall take place if the toll(s), administrative fee and civil penalty has been paid prior to the hearing required under subsection (b) of this section.

(b) Whenever the Department suspends the license of any person for any reason set forth in subsection (a) of this section, the Department shall immediately notify the licensee and afford the licensee an opportunity of a hearing before the Department in the county wherein the licensee resides. Upon such hearing the Department shall either rescind its order of suspension or, good cause appearing therefor, may suspend the license of such person for a further period or revoke the license.

(c) The Department may suspend or revoke the right of any nonresident to operate a motor vehicle in this State for any cause for which the license of a resident operator or chauffeur may be suspended or revoked, and any nonresident who operates a motor vehicle upon a highway when the right to operate has been suspended or revoked by the Department shall be punished as provided in § 2756 of this title.

(d) (1) The Department may suspend or revoke the license of any resident of this State upon receiving notice of the conviction of such person in another state of an offense therein which, if committed in this State, would be grounds for the suspension or revocation of the license of an operator or chauffeur. The Department may, upon receiving a record of the conviction in this State of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this State, forward a certified copy of such record to the Motor Vehicle Administrator in the state wherein the person so convicted is a resident.

(2) If the Department takes action pursuant to this subsection because of the receipt of notice of the conviction in another state of a resident of this State for operating a vehicle without insurance, it shall provide the resident with the opportunity to produce for the Department sufficient proof of insurance as determined by the Department showing such insurance to have been in full force and effect at all pertinent times on the day of the occurrence of the offense. If the Department determines that such insurance was in full force and effect at all pertinent times on the day of the occurrence of the offense, the resident's driver's license shall be reinstated without a fee and the notation relating to the Department's action shall be removed from the resident's driving record.

(e) The Department shall not suspend a license for a period of more than 1 year, and upon suspending or revoking any license shall require that such license so suspended or revoked be surrendered to the Department to be retained by it, except that at the end of a period of suspension the license so surrendered shall be returned to the licensee upon payment of the reinstatement fee as provided in § 2737 of this title.

(f) The Department, upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license and driving privileges or both of such person is suspended or revoked, shall immediately extend the period of such first suspension or revocation for an additional like period.

(g) In the event of a suspension of a driver's license pursuant to this section, the Department may issue an occupational license during a period of suspension upon application by the applicant upon a form prescribed by the Department and sworn to by the applicant; provided, that the applicant sets forth in said application that the suspension of such license has created an extreme hardship in the conduct of the business usually transacted by the applicant, and that there have been no more than 2 such prior suspensions; provided, however, that no such occupational license shall be issued if the license of the applicant has been suspended for physical and/or mental disability or if the license of the applicant has been revoked for conviction of any of the crimes specified in § 2732 of this title, even though the revocation has created an extreme hardship.

(h) The Department, upon receiving a record of convictions of any person upon a charge of operating a motor vehicle in violation of the restriction imposed upon said occupational license during the period of such occupational license, shall immediately extend the period of such suspension for an additional like period and shall forthwith direct such person to surrender said occupational license to the Department.

(i) Any person whose operator's or chauffeur's license has been suspended and to whom an occupational license has been issued, who drives any motor vehicle upon the highways of this State contrary to the restrictions placed upon such occupational license during the period of such occupational license, upon conviction thereof, shall be fined not less than $25 nor more than $200.

(j) The Department ordinarily may not suspend a license based upon a driving record prior to 2 years before the date of the intended suspension. If at the discretion of the Secretary a longer record period should be considered, a suspension may be based upon such longer driving record period.

(k) The Division shall forthwith suspend the license or driving privileges, or both, of any child upon notification by the Family Court of the State pursuant to § 1009 of Title 10.

(*l*) Except when the name and address of a resident of this State has been forwarded to the Department under § 2731(c) of this title, the Department may, upon receiving a record, notice, or certification of noncompliance by a person for a citation, summons, ticket, or other document issued by an arresting officer for violation of a traffic law, ordinance, rule, or regulation ordering the arrested motorist to appear, suspend the driver's license or driving privileges of the person who failed to comply. The Department shall not have this power of suspension in cases of parking violations.

(m) When the name and address of a nonresident of this State has been forwarded to the Department under § 2731(c) of this title, the Department may suspend the person's driving privileges in this State and immediately advise the motor vehicle administrator of the state in which the person is a resident that the person's license to drive be suspended until the person provides evidence that any of the following has occurred:

(1) The fine on the charge stated in the Uniform Traffic Complaint and Summons has been paid.

(2) The person has appeared before the court and made arrangements to take care of the charge stated in the Uniform Traffic Complaint and Summons.

(3) The person has been adjudicated not guilty of the charge stated in the Uniform Traffic Complaint and Summons.

§ 2740. Consent to submit to chemical test; probable cause; test required.

(a) Any person who drives, operates or has in actual physical control a vehicle, an off-highway vehicle, or a moped within this State shall be deemed to have given consent, subject to this section and §§ 4177 and 4177L of this title to a chemical test or tests of that person's blood, breath and/or urine for the purpose of determining the presence of alcohol or a drug or drugs. The testing may be required of a person when an officer has probable cause to believe the person was driving, operating or in physical control of a vehicle in violation of §§ 4177 and 4177L or § 2742 of this title, or a local ordinance substantially conforming thereto.

(b) The testing shall be required of a person when an officer has probable cause to believe the person was driving, operating or in physical control of a vehicle in violation of § 4177 or § 2742 of this title or a local ordinance substantially conforming thereto and was involved in an accident which resulted in a person's death. In the event of a fatal accident if the officer does not believe that probable cause exists to require testing, then the officer shall file a written report outlining the reasons for that determination.

(21 Del. C. 1953, § 2740; 57 Del. Laws, c. 52; 61 Del. Laws, c. 474, § 1; 63 Del. Laws, c. 430, § 1; 64 Del. Laws, c. 13, § 1; 70 Del. Laws, c. 36, § 2; 70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 236, § 1; 70 Del. Laws, c. 265, § 1.)

§ 2741. Administration of test; refusal to take test.

(a) At the time a chemical test specimen is required, the person may be informed that if testing is refused, the person's driver's license and/or driving privilege shall be:

(1) Revoked for a period of at least 1 year if a violation of § 4177 is alleged; or

(2) Revoked for a period of at least 2 months if a violation of § 4177L is alleged.

The test(s) shall be administered by qualified personnel, as defined in § 2746 of this title, at the direction of the police officer who shall designate which of the tests shall be administered.

(b) If there are reasonable grounds to believe that there is impairment by a drug or drugs which are not readily subject to detection by a breath test, a blood and/or urine test may be required even after a breath test has been administered.

(c) The fact that the police officer offered or required a person to submit to a preliminary screening test of the person's breath in order to estimate the alcohol concentration of the person's blood, at the scene of the stop or other initial encounter between the officer and the person, shall have no bearing upon the implied consent provisions of this chapter. Refusal to take such a preliminary screening test shall not be deemed an implied consent violation nor shall the taking of such a test satisfy the requirements of the implied consent law.

§ 2742. Revocation; notice; hearing [Effective until fulfillment of the contingency in 81 Del. Laws, c. 155, § 2].

(a) If a person refuses to permit chemical testing, after being informed of the penalty of revocation for such refusal, the test shall not be given but the police officer shall report the refusal to the Department. The police officer may, however, take reasonable steps to conduct

such chemical testing even without the consent of the person if the officer seeks to conduct such test or tests without informing the person of the penalty of revocation for such refusal and thereby invoking the implied consent law.

(b) (1) Upon certification by the police officer that there existed probable cause to believe that the person had been acting in violation of § 4177 of this title or a local ordinance substantially conforming thereto and that the person refused to submit to a chemical test after being informed of the penalty of revocation for such refusal, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 1 year for a person with no previous violation of § 4177 of this title or this section or a similar statute of any state or the District of Columbia or local government, within 5 years of the date of the charge in question; 18 months' revocation for a person with 1 previous violation of such statutes as described above; and 24 months' revocation for a person with 2 or more previous violations of such statutes as described above.

(2) Upon certification by the police officer that there existed probable cause to believe that the person had been acting in violation of § 4177L of this title or a local ordinance substantially conforming thereto and that the person refused to submit to a chemical test after being informed of the penalty of revocation for such refusal, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 2 months for a person with no previous violation of § 4177L of this title or this section or a similar statute of any state or the District of Columbia or local government; 6 months for a person with a previous violation of such statutes as described above; and 12 months revocation for a person with 2 or more previous violations of such statutes as described above.

(c) Except in those cases wherein the police officer acts pursuant to subsection (b) of this section:

(1) Upon certification by the police officer that there existed probable cause to believe that the person was in violation of § 4177 of this title or a local ordinance substantially conforming thereto and the person was arrested on that occasion for a violation of § 4177 of this title or a local ordinance substantially conforming thereto or for violation of a criminal statute dealing with injury or death caused to another person by the person's driving or operation of the vehicle, if driving under the influence is included as an element of such charge, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 3 months for a first time DUI offender, 1 year for a second DUI offender, or 18 months for more than 2 DUI offenses. For purposes of this subsection, a DUI offender shall include anyone who has previously committed a first offense as defined in § 4177B(e) or lost their license pursuant to this section and any person convicted of a violation of § 4177 of this title or similar statutes of any state or the District of Columbia or local government within 5 years of the date of the charge in question, a revocation within 5 years of said date for an implied consent violation or a revocation within 5 years of said date under this subsection.

(2) Upon certification by the police officer that there existed probable cause to believe that the person was in violation of § 4177L of this title or a local ordinance substantially conforming thereto, and the person was arrested on that occasion for a violation of § 4177L of this title or a local ordinance substantially conforming thereto, the Secretary shall revoke the person's driver's license and/or driving privileges for a period of 2 months for the first offense under said section or from 6 to 12 months for each subsequent offense pursuant to said section.

(d) No revocation under subsection (b) or (c) of this section is effective until the Secretary or a police officer or other person acting on the Secretary's behalf notifies the person of the revocation and allows the person a 15-day period to request of the Secretary in writing a hearing as herein provided. If no request is filed in writing with the Division of Motor Vehicles within the 15-day period, the order of revocation becomes effective. If a request for a hearing is filed, a revocation is not effective until the final decision of the hearing officer resulting in a decision adverse to the person.

(e) On behalf of the Secretary, the police officer offering a chemical test or directing the administration of a chemical test shall serve immediate notice of revocation on a person who refuses to permit chemical testing after being informed of the penalty of revocation for such refusal, or on a person who is arrested on that occasion, either for a violation of § 4177 or § 4177L of this title or a local ordinance substantially conforming thereto or for violation of a criminal statute dealing with injury or death caused to another person by the person's driving or operation of the vehicle, if driving under the influence is included as an element of such charge. The officer shall take the Delaware license or permit of the driver in any such case and issue a temporary license effective only for 15 days with a provision for an additional period if a written request for a hearing is received by the Division of Motor Vehicles within the 15-day period. The police officer shall send the person's driver's license or permit to the Secretary along with the certificate required by subsection (b) or (c) of this section.

(f) The hearing under this section shall be before the Secretary or the Secretary's designee. The scope of the hearing shall cover the issues of:

(1) With respect to subsections (b) and (c) of this section, whether the police officer had probable cause to believe the person was in violation of § 4177 or § 4177L of this title or a local ordinance substantially conforming thereto.

(2) With respect to paragraph (c)(1) of this section, whether by a preponderance of the evidence it appears that the person was in violation of § 4177 of this title or a local ordinance substantially conforming thereto. For purposes of this subsection an alcohol concentration of .08 or more pursuant to testing provided for in this section, or § 4177 of this title, or a positive indication of the presence of drugs, shall be conclusive evidence of said violation.

(3) With respect to paragraph (c)(2) of this section, whether by a preponderance of the evidence it appears that the person was in violation of § 4177L of this title or a local ordinance substantially conforming thereto. For purposes of this subsection an alcohol concentration of .02 or more pursuant to the testing referred to in this section shall be conclusive evidence of said violation.

(4) With respect to subsection (b) of this section, whether the person refused to permit the test after being informed of the penalty of revocation for such refusal.

(g) The hearing specified in this section shall be scheduled within 60 days following the filing of the request for a hearing.

(h) In addition to the revocation authorized by this section, the Secretary shall require attendance of the person whose license is revoked at a course of instruction or rehabilitation program established under § 4177D of this title.

(a) If a person refuses to permit chemical testing, after being informed of the penalty of revocation for such refusal, the test shall not be given but the police officer shall report the refusal to the Department. The police officer may, however, take reasonable steps to conduct such chemical testing even without the consent of the person if the officer seeks to conduct such test or tests without informing the person of the penalty of revocation for such refusal and thereby invoking the implied consent law.

(b) (1) Upon certification by the police officer that there existed probable cause to believe that the person had been acting in violation of § 4177 of this title or a local ordinance substantially conforming thereto and that the person refused to submit to a chemical test after being informed of the penalty of revocation for such refusal, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 1 year for a person with no previous violation of § 4177 of this title or this section or a similar statute of any state or the District of Columbia or local government, within 5 years of the date of the charge in question; 18 months' revocation for a person with 1 previous violation of such statutes as described above; and 24 months' revocation for a person with 2 or more previous violations of such statutes as described above.

(2) Upon certification by the police officer that there existed probable cause to believe that the person had been acting in violation of § 4177L of this title or a local ordinance substantially conforming thereto and that the person refused to submit to a chemical test after being informed of the penalty of revocation for such refusal, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 2 months for a person with no previous violation of § 4177L of this title or this section or a similar statute of any state or the District of Columbia or local government; 6 months for a person with a previous violation of such statutes as described above; and 12 months revocation for a person with 2 or more previous violations of such statutes as described above.

(c) Except in those cases wherein the police officer acts pursuant to subsection (b) of this section:

For purposes of this subsection, a DUI offender shall include anyone who has previously committed a first offense as defined in § 4177B(e) or lost their license pursuant to this section and any person convicted of a violation of § 4177 of this title or similar statutes of any state or the District of Columbia or local government within 5 years of the date of the charge in question, a revocation within 5 years of said date for an implied consent violation or a revocation within 5 years of said date under this subsection.

(2) Upon certification by the police officer that there existed probable cause to believe that the person was in violation of § 4177L of this title or a local ordinance substantially conforming thereto, and the person was arrested on that occasion for a violation of § 4177L of this title or a local ordinance substantially conforming thereto, the Secretary shall revoke the person's driver's license and/or driving privileges for a period of 2 months for the first offense under said section or from 6 to 12 months for each subsequent offense pursuant to said section.

(d) No revocation under subsection (b) or (c) of this section is effective until the Secretary or a police officer or other person acting on the Secretary's behalf notifies the person of the revocation and allows the person a 15-day period to request of the Secretary in writing a hearing as herein provided. If no request is filed in writing with the Division of Motor Vehicles within the 15-day period, the order of revocation becomes effective. If a request for a hearing is filed, a revocation is not effective until the final decision of the hearing officer resulting in a decision adverse to the person.

(e) On behalf of the Secretary, the police officer offering a chemical test or directing the administration of a chemical test shall serve immediate notice of revocation on a person who refuses to permit chemical testing after being informed of the penalty of revocation for such refusal, or on a person who is arrested on that occasion, either for a violation of § 4177 or § 4177L of this title or a local ordinance substantially conforming thereto or for violation of a criminal statute dealing with injury or death caused to another person by the person's driving or operation of the vehicle, if driving under the influence is included as an element of such charge. The officer shall take the Delaware license or permit of the driver in any such case and issue a temporary license effective only for 15 days with a provision for an additional period if a written request for a hearing is received by the Division of Motor Vehicles within the 15-day period. The police

officer shall send the person's driver's license or permit to the Secretary along with the certificate required by subsection (b) or (c) of this section.

(f) The hearing under this section shall be before the Secretary or the Secretary's designee. The scope of the hearing shall cover the issues of:

(1) With respect to subsections (b) and (c) of this section, whether the police officer had probable cause to believe the person was in violation of § 4177 or § 4177L of this title or a local ordinance substantially conforming thereto.

(2) With respect to paragraph (c)(1) of this section, whether by a preponderance of the evidence it appears that the person was in violation of § 4177 of this title or a local ordinance substantially conforming thereto. For purposes of this subsection an alcohol concentration of .08 or more pursuant to testing provided for in this section, or § 4177 of this title, or a positive indication of the presence of drugs, shall be conclusive evidence of said violation.

(3) With respect to paragraph (c)(2) of this section, whether by a preponderance of the evidence it appears that the person was in violation of § 4177L of this title or a local ordinance substantially conforming thereto. For purposes of this subsection an alcohol concentration of .02 or more pursuant to the testing referred to in this section shall be conclusive evidence of said violation.

(4) With respect to subsection (b) of this section, whether the person refused to permit the test after being informed of the penalty of revocation for such refusal.

(g) The hearing specified in this section shall be scheduled within 60 days following the filing of the request for a hearing.

(h) In addition to the revocation authorized by this section, the Secretary shall require attendance of the person whose license is revoked at a course of instruction or rehabilitation program established under § 4177D of this title.

(i) If a person's driver's license is revoked pursuant to subsections (b) or (c) of this section and the person has not yet been adjudicated guilty and sentenced to the charge of driving under the influence, the Justice of the Peace Court may request in writing that the Division of Motor Vehicles issue a conditional license to the revoked driver as a condition of pretrial release pursuant to § 2108 or § 2112 of Title 11 if the person is subject to continuous sobriety monitoring.

(1) When the Division of Motor Vehicles receives a request from the Justice of the Peace Court to issue a conditional license to a revoked driver, the Division may issue a conditional license during the period of revocation provided the person's driver's license is not suspended, revoked, denied, or otherwise unavailable for any other violation of the law of any jurisdiction that would prohibit the issuance of the conditional license unless it is determined by the Secretary of Transportation or the Secretary's designee that the individual is eligible for reinstatement. This conditional license only permits the driver to operate a motor vehicle to travel to and from work, school, medical appointments, any Court, or any appointments related to the driver's continuous sobriety monitoring.

(2) If at any point the revoked driver ceases to be subject to continuous sobriety monitoring, the Justice of the Peace Court must promptly notify the Division of Motor Vehicles of the change in the revoked driver's status. The Division of Motor Vehicles must direct such person to surrender said conditional license to the Division of Motor Vehicles and the Division of Motor Vehicles will restore the full revocation of the driver's license for the remainder of the term of the revocation.

(3) If at any point the Justice of the Peace Court determines, in its discretion, that the revoked driver is no longer entitled to a conditional license, the Justice of the Peace Court must promptly notify the Division of Motor Vehicles of that determination. The Division of Motor Vehicles must direct such person to surrender said conditional license to the Division of Motor Vehicles and must restore the full revocation of the driver's license for the remainder of the term of the revocation.

(4) Any person whose driver's license has been revoked and to whom a conditional license has been issued under this chapter, and who drives any motor vehicle upon the highways of this State contrary to the conditions placed upon such conditional license during the period of such conditional license, is guilty of an unclassified misdemeanor, and, upon conviction thereof, shall be fined not less than $28.75 or more than $230. The Division, upon receiving a record of conviction of any person operating a motor vehicle in violation of the conditions imposed upon said conditional license, must forthwith direct such person to surrender said conditional license to the Division of Motor Vehicles and must notify the Justice of the Peace Court of the cancellation of the conditional license.

Only duly licensed physicians, registered nurses, licensed practical nurses or other persons trained in medically accepted procedures for the drawing of blood and employed by a hospital or other health-care facility, acting at the request of a police officer, may withdraw blood from a person submitting to a chemical test under this subchapter. This limitation shall not apply to obtaining a specimen of breath or urine as to which qualified personnel shall include a police officer as well as the above personnel. Notwithstanding any other provision of law to the contrary, it shall not be necessary in any proceeding under this Code to produce evidence that a person who has withdrawn blood from a person submitting to a chemical test under this title was qualified to do so as defined in this section. Notwithstanding any other provision of law to the contrary, it shall not be necessary to present the testimony of, or certification by, a person who has withdrawn blood from a person pursuant to this section in order to establish chain of physical custody of such evidence.

A duly licensed physician, medical technician or registered nurse withdrawing a blood sample under this subchapter and a hospital employing such physician, technician or nurse shall not be liable for civil damages for any acts or omissions arising out of the taking of such sample, provided, however, this section shall not relieve such person from civil liability for any malicious act or gross negligence perpetrated in taking the blood.

(21 Del. C. 1953, § 2740H; 57 Del. Laws, c. 52.)

§ 2749. Refusal to submit as admissible in evidence.

Upon the trial of any action or proceeding arising out of the acts alleged to have been committed by any person while in violation of § 4177 or § 4177L of this title or local ordinance substantially conforming thereto, the court may admit evidence of the refusal of such person to submit to a chemical test of breath, blood or urine under this subchapter.

The informing or failure to inform the accused concerning the implied consent law shall not affect the admissibility of such results in any case, including a prosecution for a violation of § 4177 of this title. The informing of an accused concerning the implied consent law shall only have application and be relevant at a hearing concerning revocation of the driver's license of said person for a violation of the implied consent law. Nothing contained in this section shall be deemed to preclude the admissibility of such evidence when such evidence would otherwise be admissible under the law relative to search and seizure law such as when such evidence has been obtained by valid consent or other means making the obtaining of the evidence legal under the Fourth Amendment.

(b) The doctor-patient privilege shall not apply to the disclosure to law-enforcement personnel nor the admissibility into evidence in any criminal proceeding of the results of a chemical test of a person's blood, breath or urine for the purpose of determining the alcohol or drug content of that person's blood irrespective of whether such test was done at the request of a treating physician, other medical personnel or a peace officer.

(a) Any person whose driver's license or driving privileges have been suspended or revoked and who drives any motor vehicle upon the highways of this State during the period of suspension or revocation shall for the first offense be fined not less than $500 nor more than $1,000 and be imprisoned not less than 30 days nor more than 6 months. For each subsequent like offense, such person shall be fined not less than $1,000 nor more than $4,000 and in addition be imprisoned not less than 60 days nor more than 1 year. However, for a first offense under this section, if the suspension or revocation resulted from a prior or previous driving under the influence-related conviction or offense as defined in § 4177B(e)(1)a.-d. of this title, the minimum fine shall be $600. For purposes of this section a subsequent offense shall be defined as one occurring within 3 years of a former offense.

(b) The minimum fine for a first or subsequent offense shall not be subject to suspension. The minimum period of imprisonment for a subsequent offense shall not be subject to suspension. In addition, for any offense under this section, if the suspension or revocation resulted from a violation of any criminal statute pertaining to injury or death caused to another person by the person's driving or operation of a vehicle or a driving under the influence-related conviction or offense as defined in § 4177B(e)(1)a.-d. of this title, the minimum fine

shall be $2,000 and shall not be subject to suspension and the minimum period of imprisonment shall not be subject to suspension but shall, notwithstanding any provision of this section or title to the contrary, be served subject to the provisions of § 4205A(b) of this title.

The court shall permit any party with a legal or equitable interest in the vehicle an opportunity to show cause why the impoundment of such vehicle should cease. Prior to release of said vehicle, the person to whom the vehicle is released shall pay all reasonable towing and storage fees connected therewith. The State and the arresting police agency shall not be liable for any expenses incurred in connection with the towing and storage of said vehicle.

(2) In lieu of impoundment, the number plate or registration plate of any vehicle used in connection with a violation of this section, while the permit or license of the operator was revoked for violation of § 4177 or § 2742 of this title or pursuant to § 2732 of this title, shall be surrendered to the Department for at least 90 days for the first violation of this section, and for at least 1 year for a subsequent violation. The court shall permit any party with a legal or equitable interest in the vehicle an opportunity to show cause why the surrender of said plate should cease.

(d) Notwithstanding the foregoing, if the judge determines that the sole reason that an individual's license was suspended is failure to pay a fine for a traffic offense which is eligible for voluntary assessment (whether or not the voluntary assessment procedure was offered or used), the provisions of subsections (a) to (c) of this section shall not apply and the penalties of § 2701(e) of this title shall apply, which penalties may be suspended.

(a) Any person not licensed to drive a motor vehicle who is arrested and convicted of an offense for which the penalty is a mandatory suspension or revocation of driver's license or driving privileges shall be ineligible for licensing for a time equivalent to the time that person's license would have been suspended or revoked if that person had been licensed.

(b) Any person not licensed as a driver who is convicted of driving a motor vehicle during a license denial period shall be punished as provided in § 2756 of this title.

Whenever a motor vehicle is towed in connection with the enforcement of § 4177 of this title or a criminal offense for which violation of § 4177 of this title is an element, the person to whom the vehicle is released shall be liable for the towing and storage costs, except that the police agency ordering such towing shall be liable for such costs if the driver was not actually arrested for driving in violation of § 4177 of this title or another criminal offense as a result of that incident and no other existing situation reasonably necessitated such towing.

§ 2760. Duplication, reproduction, manufacture and sale, altering, or counterfeiting of driver licenses or identification cards; presenting fraudulent identification and driving authority source documents.

(a) A person or company shall not duplicate, reproduce, alter or counterfeit a Delaware driver license or identification card or a driver license or identification card issued by an authorized issuing agency from another state.

This includes any driver license or identification card that uses the word "Delaware" or any other state name or has the words "not issued by a government agency" or similar words.

If the Division of Motor Vehicles has reason to believe the documents provided by an applicant are fraudulent after physically examining the documents and/or by using an electronic

verification process, the Division shall confiscate the documents, deny the transaction, and provide the documents to a law-enforcement officer or Division investigator. The investigator may recommend prosecution, deny issuance of the document, return the confiscated documents to the applicant, or take any other action deemed appropriate. The applicant may request an administrative hearing to challenge the Division's decision to retain the confiscated documents or to continue denial of the driver license or identification card based on the presentation of the questioned documents.

(d) Identification documents produced by other State of Delaware agencies are exempt from this section.

(e) (1) Any person convicted of a violation of subsection (a) or (c) of this section shall be fined not less than $500, nor more than $1,500 or imprisoned not less than 30 days, nor more than 60 days. It is hereby declared to be the policy of this State to:

(1) Provide maximum safety for all persons who travel or otherwise use the public highways of this State; and

(2) Deny the privilege of operating motor vehicles on our highways to persons who by their conduct and record have demonstrated their indifference to the safety and welfare of others and their disrespect for the laws of this State, the orders of its courts and the statutorily required acts of its administrative agencies; and

(3) Discourage repetition of criminal acts by individuals against the peace and dignity of this State and the State's political subdivisions and to impose increased and added deprivation of the privilege to operate motor vehicles upon habitual offenders who have been convicted repeatedly of violations of the motor vehicle laws.

(21 Del. C. 1953, § 2801; 58 Del. Laws, c. 416; 70 Del. Laws, c. 186, § 1.)

Notwithstanding the foregoing, if the judge determines that the sole reason that an individual was convicted of a violation of § 2701(b) of this title was because the individual's driver's license was suspended, revoked or denied for a failure to pay a fine for a traffic offense which is eligible for voluntary assessment (whether or not the voluntary assessment procedure was offered or used), then that violation of § 2701(b) of this title may not be considered to establish habitual offense status pursuant to this paragraph (1)d.;

e. Driving a motor vehicle during a period of suspension or revocation, in violation of § 2756 of this title. Notwithstanding the foregoing, if the judge determines that the sole reason that an individual was convicted of a violation of § 2756 of this title was because the individual's driver's license was suspended or revoked for a failure to pay a fine for a traffic offense which is eligible for voluntary assessment (whether or not the voluntary assessment procedure was offered or used), then such violation of § 2756 of this title may not be considered to establish habitual offense status pursuant to this paragraph (1)e.;

(2) *Ten or more convictions.* — Ten or more convictions of separate and distinct offenses involving moving violations singularly or in combination, in the operation of a motor vehicle which are required to be reported to the Department and the commission whereof authorizes the Division or the court to suspend or revoke the privilege to operate motor vehicles on the highways of this State for a period of 30 days or more for each offense and such convictions shall include those offenses enumerated in paragraph (1) of this section when taken with and added to those offenses described.

(3) *Inclusions.* — The offenses included in paragraphs (1) and (2) of this section shall be deemed to include offenses under any federal law, any law of another state or any valid town, city or county ordinance of another state substantially conforming to a state statutory provision.

§ 2803. Certification of record to Attorney General.

The Director of the Division of Motor Vehicles shall certify the conviction record, as maintained in the Division of Motor Vehicles, of any person whose record brings that person within the definition of an habitual offender, as defined in § 2802 of this title, to the Attorney General of the State. The certified conviction record or abstract may be admitted in evidence and shall be competent evidence that the person named therein was duly convicted of each offense enumerated therein.

(21 Del. C. 1953, § 2803; 58 Del. Laws, c. 416; 66 Del. Laws, c. 231, §§ 2, 3; 70 Del. Laws, c. 186, § 1.)

§ 2804. Attorney General to initiate court proceeding; petition.

The Attorney General, upon receiving the abstract from the Director of the Division of Motor Vehicles, shall forthwith file a petition against the person named therein in the Court of Common Pleas in and for the county wherein such person resides or, in the case of a nonresident, in the Court of Common Pleas in and for New Castle County. § 2805. Service of petition; order to show cause.

Upon the filing of the petition, the Court of Common Pleas shall enter an order incorporating by attachment the aforesaid abstract and direct the person named therein to appear at a time scheduled by the Court and show cause why the person should not be barred from operating or driving a motor vehicle on the highways of this State. A copy of the petition, the show cause order and the abstract shall be served upon the person named therein either by personal delivery thereof or by deposit of such in the United States mail in an envelope with postage prepaid, addressed to such person at that person's address as shown by the records of the Division of Motor Vehicles. The service of the petition, order and abstract by mail is complete upon the expiration of 4 days after such deposit of those documents. Service thereof on any nonresident of this State may be made pursuant to § 3112 of Title 10 [repealed], except that any fee for such service shall be taxed against the person named in the petition as a part of the cost of such proceeding.

(21 Del. C. 1953, § 2805; 58 Del. Laws, c. 416; 69 Del. Laws, c. 333, § 6; 70 Del. Laws, c. 136, § 2; 70 Del. Laws, c. 186, § 1; 79 Del. Laws, c. 121, § 1.)

§ 2806. Hearing; procedure.

The matter shall be heard by the Court without a jury. If such person denies that that person was convicted of any offense shown in the abstract necessary for a holding that that person is an habitual offender, and if the Court cannot, on the evidence available to it, determine the issue, the Court may require of the Department certified copies of such records respecting the matter as it may have in its possession. If, upon an examination of such records, the Court is still unable to make such determination it shall certify the decision of such issue to the Court in which such conviction was reportedly made. The Court to which such certification is made shall forthwith conduct a hearing to determine the issue and send a certified copy of its final order determining the issue to the Court of Common Pleas. The Court, at its discretion, may rely upon certified copies of convictions adjudged by courts outside of this State or federal courts or may request such a court to make a determination.

(21 Del. C. 1953, § 2806; 58 Del. Laws, c. 416; 69 Del. Laws, c. 333, § 7; 70 Del. Laws, c. 186, § 1.)

§ 2807. Court's findings; judgment; prothonotary to submit copy.

If the court finds that the person is not the same person named in the abstract, or that the person is not an habitual offender under this chapter, the proceeding shall be dismissed. If the court finds that the person is the same person named in the abstract and that the person is an habitual offender, the court shall by appropriate judgment direct that such person not drive or operate a motor vehicle on the highways of this State and to surrender to the court all licenses or permits to operate a motor vehicle upon the highways of this State. The prothonotary shall forthwith transmit a copy of such judgment together with any licenses or permits surrendered to the Department.

(21 Del. C. 1953, § 2807; 58 Del. Laws, c. 416; 70 Del. Laws, c. 186, § 1.)

(4) Unless the Attorney General moves the court for restoration of the privilege to operate a motor vehicle in this State of any person declared to be an habitual offender as defined in § 2802(1) of this title after 3 years from the date of the order of the court declaring the person to be a habitual offender. In the event of such a motion by the Attorney General, the court may in its discretion restore the driving privileges of the person in whole or in part only if the person also meets the obligation set forth in paragraphs (2) and (3) of this section.

(21 Del. C. 1953, § 2809; 58 Del. Laws, c. 416; 70 Del. Laws, c. 136, § 3.)

The periods of imprisonment required under this section shall not be subject to suspension and if the judgment of the Court prohibiting the operation of a motor vehicle was based in whole or in part upon a conviction of the person for a prior or previous driving under the influence-related conviction or offense as defined in § 4177B(e)(1)a.-d. of this title, or in whole or in part upon a conviction under any criminal statute pertaining to injury or death caused to another person by the person's driving or operation of a vehicle, the period of imprisonment shall, notwithstanding any provision of this section or title to the contrary, be served subject to the provisions of § 4205(c)(2) [repealed] of this title. Chapter 29
Motor Vehicle Safety—Responsibility

Subchapter I
General Provisions

§ 2901. Motor vehicles exempted.

This chapter shall not apply with respect to any motor vehicle owned by the United States, this State or any political subdivision of this State or any municipality therein or with respect to any motor vehicle which is subject to the requirements of §§ 6101 and 6102 of this title; however, § 2904 of this title shall apply to motor vehicles owned by this State.

(61 Del. Laws, c. 292, § 5; 79 Del. Laws, c. 394, § 1.)

§ 2902. Motor vehicle liability policy. [For application of this section, see 81 Del. Laws, c. 39, § 2].

(a) A "motor vehicle liability policy," as said term is used in this chapter, shall mean an owner's or an operator's policy of liability insurance, certified, as provided in § 2948 or § 2949 of this title, as proof of financial responsibility and issued, except as otherwise provided in § 2949 of this title, by an insurance carrier duly authorized to transact business in this State, to or for the benefit of the person named therein as insured.

(b) Such owner's policy of liability insurance shall:

(1) Designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

(2) Insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: $25,000, because of bodily injury to or death of 1 person in any 1 accident and, subject to said limit for 1 person $50,000, because of bodily injury to or death of 2 or more persons in any 1 accident, and $10,000, because of injury to or destruction of property of others in any 1 accident.

(c) Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon the operator by law for damages arising out of the use by the operator of any motor vehicle not owned by the operator, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(d) Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

(e) Such motor vehicle liability policy need not insure any liability under any workers' compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured or while engaged in the operation, maintenance or repair of any such motor vehicle, nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.

(f) Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

(1) The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; such policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on the insured's behalf and no violation of such policy shall defeat or void such policy;

(2) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage;

(3) The insurance carrier shall have the right to settle any claim covered by the policy, and, if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph (b)(2) of this section;

(4) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the chapter shall constitute the entire contract between the parties.

(g) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

(h) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for this chapter.

(i) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(j) The requirements for a motor vehicle liability policy may be fulfilled by the policies of 1 or more insurance carriers which policies together meet such requirements.

(k) Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

(61 Del. Laws, c. 292, § 5; 64 Del. Laws, c. 198, § 8; 70 Del. Laws, c. 186, § 1; 81 Del. Laws, c. 39, § 1.)

§ 2903. Certain policies unaffected by chapter.

(a) This chapter shall not apply to or affect policies of automobile insurance against liability required by any other law of this State, and such policies, if they contain an agreement or are endorsed to conform to the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

(b) This chapter shall not apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on the insured's behalf of motor vehicles not owned by the insured.

(61 Del. Laws, c. 292, § 5; 70 Del. Laws, c. 186, § 1.)

§ 2904. Self-insurers.

(a) Upon condition of providing the same benefits available under a required vehicle insurance policy, any person in whose name more than 15 motor vehicles are registered in this State may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the Secretary of Transportation as provided in subsection (b) of this section.

(b) The Secretary of Transportation may, in the Secretary's discretion, approve an application for self-insurance from such a person provided the following is submitted in satisfactory form:

(1) A continuing undertaking by the owner or other appropriate person to pay tort liabilities or basic reparation benefits, or both, and to perform all other obligations imposed by § 2118 of this title;

(2) Evidence that appropriate provisions exist for prompt and efficient administration of all claims, benefits and obligations required by § 2118 of this title; and

(3) Evidence that reliable financial arrangements, deposits or commitments exist providing assurance for payment of tort liabilities or basic reparation benefits, or both, and all other obligations imposed by this chapter substantially equivalent to those afforded by a policy of insurance complying with § 2118 of this title.

(c) Upon not less than 5 days' notice and a hearing pursuant to such notice, the Secretary of Transportation may, upon reasonable grounds, withdraw this approval of self-insurance. Failure to pay any valid claim within 60 days of its submission or any judgment within 30 days after such judgment shall have become final shall constitute a reasonable ground for the immediate withdrawal of approval of self-insurance.

(61 Del. Laws, c. 292, § 5; 70 Del. Laws, c. 186, § 1; 74 Del. Laws, c. 110, §§ 63, 64, 65.)

§ 2905. Assigned risks.

(a) Any applicant for registration who in good faith has applied to 2 insurance companies for a policy of insurance or surety bond under this chapter but who is unable to procure such insurance from said companies shall thereupon notify the Insurance Commissioner, in writing, and the Insurance Commissioner upon receipt of said notice shall thereupon assign said application to 1 of the insurance companies handling such insurance and doing business in this State. Such insurance company shall promptly issue a policy at the rate then prevailing for such policies, adding an automatic surcharge of 10 percent over and above such rate then in force and effect, for similar policies of insurance. Surcharges of 50 percent and 25 percent shall be added to the then prevailing rate for such policies under the following circumstances:

(1) *Fifty percent surcharge.* — If the certificate is required for a conviction of:

a. Driving a motor vehicle while intoxicated;

b. Failing to stop and report when involved in an accident; or

c. Homicide or assault arising out of the operation of a motor vehicle.

(2) *Twenty-five percent surcharge.* — If the certificate is required for a conviction of:

a. Driving a motor vehicle at an excessive rate of speed where an injury to person or damage to property actually results therefrom; or

b. Driving a motor vehicle in a reckless manner where an injury to person or damage to property actually results therefrom.

(b) All such assignments may carry an expense charge of 5 percent.

(c) No assignment may be made or surcharge added solely because a driver license is denied or suspended in accordance with § 516(g) or § 2216 of Title 13.

(d) The surcharges specified in this section shall be limited for 3 years. The Insurance Commissioner shall notify the Secretary of Transportation of such assignments and the rate at which such assignments are made and the registration shall then be issued.

(61 Del. Laws, c. 292, § 5; 70 Del. Laws, c. 452, § 8; 71 Del. Laws, c. 216, § 86; 74 Del. Laws, c. 110, § 66.)

§ 2906. Cancellation or termination of insurance policy.

(a) Any insurance company may cancel any motor vehicle liability policy or bond, except such risks as may be assigned to it as provided in § 2905 of this title, for any reason it may deem proper. Such insurance company shall refund to its insured the unearned portion of the premium paid by the insured.

(b) Any insurance company may cancel any motor vehicle liability policy or bond issued to any person under § 2905 of this title by giving 30 days' notice thereof to the Secretary of Transportation provided the insured:

(1) Is not licensed to operate a motor vehicle under the laws of this State;

(2) Is a person with mental or physical disabilities rendering it unsafe for the insured to operate a motor vehicle upon the highways;

(3) Is, in the opinion of the Secretary of Transportation, an habitually reckless or negligent driver of a motor vehicle;

§ 2907. Disclosure of information relating to insurance.

(a) A Delaware attorney who represents an injured person, or an individual injured in a motor vehicle accident who is not represented by an attorney, may, prior to the filing of a civil action for bodily injuries sustained as a result of a motor vehicle accident, request in writing that the insurer disclose the bodily injury limits of liability of any motor vehicle liability policy, as defined by § 2902(a) of this title, that may be applicable to the claim.

(b) The requesting party shall provide the insurer with the date of the motor vehicle accident, the name and last known address of the alleged liable party if it has been reported to the requesting party, a copy of the police report, if any, and the claim number, if available.

(c) When requesting the bodily injury limits of liability, the requesting party shall also submit to the insurer the injured person's medical records, medical bills, and wage-loss documentation, pertaining to the claimed injury and supporting the damages referenced in subsection (d) of this section.

(d) If the total of the medical bills and wage losses submitted equals or exceeds $12,500, the insurer shall respond in writing within 30 days of receipt of the request, and shall disclose the bodily injury limits of liability at the time of the accident of all its motor vehicle liability policies, regardless of whether the insurer contests the applicability of the policy to the injured person's claim.

(e) Disclosure of the bodily injury policy limits under this section shall not constitute an admission that the alleged injury or damage is subject to the policy.

(f) Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

(g) The disclosure shall be confidential and available only to the individual injured and the attorney representing the injured person and personnel in the office of the attorney.

§ 2908. Administration and enforcement.

The Secretaries of Safety and Homeland Security and/or Transportation, in keeping with their respective responsibilities, shall administer and enforce this chapter. The State Police shall assist the Secretary of Safety and Homeland Security in enforcing this chapter.

(61 Del. Laws, c. 292, § 5.)

§ 2910. Rights of bona fide transferees and lienors unaffected.

This chapter shall not prevent the owner of a motor vehicle, the registration of which has been suspended hereunder, from effecting a bona fide sale of such motor vehicle to another person whose rights or privileges are not suspended under this chapter or prevent the registration of such motor vehicle by such transferee. This chapter shall not in any way affect the rights of any conditional vendor, chattel mortgagee or lessor of a motor vehicle registered in the name of another as owner who becomes subject to this chapter.

(61 Del. Laws, c. 292, § 5.)

(b) The Secretary of Transportation shall not suspend a license or a nonresident's operating privilege for nonpayment of a judgment when the judgment debtor gives proof of financial responsibility and obtains an order permitting the payment of such judgment in installments, and while the payment of any said installment is not in default.

(a) (1) This chapter shall only apply to limited durable powers of attorney which are executed for the sole purpose of completing documentation required and allowable by the Department to accomplish certain actions set forth in this title.

(2) The provisions of this chapter shall not apply to any business or individual who is specifically required by statute or regulation to identify persons who have authority to sign on behalf of the business or individual. A power of attorney is durable if it contains the words: "This power of attorney shall not be affected by the subsequent incapacity of the principal," or similar words showing the intent of the principal that the authority conferred shall be exercisable notwithstanding the principal's subsequent incapacity.

NOTICE

As the person signing this limited durable power of attorney you are the Principal.

The purpose of this power of attorney is to give the person you designate (your "Agent") broad powers to complete all paperwork necessary to accomplish any required actions set forth in this title without advance notice to you or approval by you.

This power of attorney does not authorize your Agent to make health-care decisions for you.

Unless you specify otherwise, your Agent's authority will continue even if you become incapacitated, or until you die or revoke the power of attorney, or until your Agent resigns or is unable to act for you. You should select someone you trust to serve as your Agent.

This power of attorney does not impose a duty on your Agent to exercise granted powers, but when powers are exercised, your Agent must use due care to act for your benefit and in accordance with this power of attorney.

Your Agent must keep your funds and other property separate from your Agent's funds and other property.

A court can take away the powers of your Agent if it finds your Agent is not acting properly.

The powers and duties of an Agent under a durable power of attorney are explained more fully in § 3212 of this title.

If there is anything about this form that you do not understand, you should ask a lawyer of your own choosing to explain it to you.

I have read or had explained to me this notice and I understand its contents.

To the extent reasonably practicable under the circumstances, keep in regular contact with the principal and communicate with the principal.

In addition, in the absence of a specific provision to the contrary in the limited durable personal power of attorney, when I act as Agent, I shall:

Keep the assets of the Principal separate from my assets;

Exercise reasonable caution and prudence; and

Keep a full and accurate record of all actions, receipts and disbursements on behalf of the Principal.

(83 Del. Laws, c. 149, § 1.)

§ 3205. Execution of personal power of attorney— Validity; limited durable power of attorney; copies.

(a) A personal power of attorney is validly executed if it complies with § 3204 of this title, unless such personal power of attorney provides that it is governed by the laws of another jurisdiction, in which case, such personal power of attorney is validly executed if such execution complies with the laws of such other jurisdiction.

(b) A limited durable power of attorney (other than a personal power of attorney) will be deemed to be validly executed under the laws of this State if, when the power of attorney was executed, the execution complied with:

(1) The law of the jurisdiction that determines the meaning and effect of the power of attorney; or

(2) The requirements for a military power of attorney pursuant to 10 U.S.C. § 1044b, as amended.

(c) Except as otherwise provided by statute other than this chapter, a photocopy or electronically transmitted copy of an original power of attorney has the same effect as the original.

(83 Del. Laws, c. 149, § 1.)

§ 3206. Nomination of guardian of person or property; relation of agent to court-appointed fiduciary.

(a) The appointment by a court of a guardian or other fiduciary charged with the management of the principal's property or the care of the principal's person shall terminate all personal powers of attorney.

(b) After the appointment of a guardian or other fiduciary charged with the management of the principal's property or the care of the principal's person, the agent is accountable to such guardian or other fiduciary as well as to the principal as to any personal powers of attorney which the agent continues to hold. A guardian or other fiduciary shall only have such powers to revoke or amend the powers of the agent as shall be given to such guardian or other fiduciary by the court.

(83 Del. Laws, c. 149, § 1.)

§ 3207. When the personal power of attorney is effective.

A personal power of attorney is effective when executed.

(83 Del. Laws, c. 149, § 1.)

§ 3208. Termination of personal power of attorney or agent's authority.

(a) A personal power of attorney terminates when:

(1) The principal dies;

(2) The principal revokes the personal power of attorney;

(3) A terminating event set forth in the personal power of attorney occurs;

(4) The purpose of the personal power of attorney is accomplished;

(5) The principal revokes the agent's authority or the agent dies, becomes incapacitated, or resigns, and the personal power of attorney does not provide for another agent to act; or

(6) The personal power of attorney is revoked by order of the Court of Chancery pursuant to § 3214 of this title or otherwise.

(b) An agent's authority terminates when:

(1) The principal revokes the authority;

(2) The agent dies, becomes incapacitated, or resigns;

(3) An action is filed for the dissolution or annulment of the agent's marriage to the principal, unless the personal power of attorney otherwise provides;

(4) All documentation has been submitted, accepted, processed and acted upon by the Department;

(5) One year from the date of execution of the power of attorney; or

(6) The personal power of attorney terminates.

(c) Unless the personal power of attorney otherwise provides, an agent's authority is exercisable until the authority terminates under subsection (b) of this section, notwithstanding a lapse of time since the execution of the personal power of attorney.

(d) Termination of an agent's authority or of a personal power of attorney is not effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the personal power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(e) The execution of a personal power of attorney does not revoke a personal power of attorney previously executed by the principal unless the subsequent personal power of attorney provides that the previous personal power of attorney is revoked or that all other personal powers of attorney are revoked.

(83 Del. Laws, c. 149, § 1.)

§ 3209. Concurrent agents, joint agents, and successor agents.

(a) A principal may designate 2 or more persons to act as concurrent agents. Each concurrent agent may exercise its authority independently.

(b) A principal may designate 2 or more persons to act as joint agents. No joint agent shall have the power to act without the agreement of all other joint agents and shall have no power to act independent of the other agent.

(c) If the principal designates more than 1 agent and does not specify that they are concurrent agents or joint agents, such agents shall be considered concurrent agents.

(d) A principal may designate 1 or more successor agents to act if an agent resigns, dies, becomes incapacitated, is not qualified to serve, or declines to serve. Unless the personal power of attorney otherwise provides, a successor agent:

(1) Has the same authority as that granted to the original agent; and

(2) May not act until all predecessor agents have resigned, died, become incapacitated, are no longer qualified to serve, or have declined to serve.

(e) A principal may give an appointed agent or another person designated by name, office or function the authority to designate by a writing executed by such person, 1 or more concurrent, joint, or successor agents in addition to those designated in the personal power of attorney. Unless the personal power of attorney authorizing the appointment of such further agents otherwise provides, a concurrent, joint, or successor agent appointed by this method:

(1) Has the same authority as that granted to the original agent; and

(2) May not act until the predecessor designee has resigned, died, become incapacitated, is no longer qualified to serve, or has declined to serve.

(f) Except as otherwise provided in the personal power of attorney and subsection (g) of this section, an acting agent that does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, is not liable for the actions of the other agent.

(g) An acting agent that has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall notify the principal and, if the principal is incapacitated, take any action reasonably appropriate in the circumstances to safeguard the principal's best interest. An agent that fails to notify the principal or take action as required by this subsection is liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken such action.

(83 Del. Laws, c. 149, § 1.)

§ 3210. Reimbursement and compensation of agent.

(a) An agent is entitled to reimbursement of expenses reasonably incurred on behalf of the principal.

§ 3211. Agent's acceptance.

Except as otherwise provided in the personal power of attorney, a person accepts appointment as an agent under a personal power of attorney by signing the agent's certification (pursuant to § 3204 of this title) or by exercising authority or performing duties as an agent or by any other assertion or conduct indicating acceptance.

(83 Del. Laws, c. 149, § 1.)

(a) Notwithstanding provisions in the personal power of attorney, an agent that has accepted appointment pursuant to a personal power of attorney shall, in connection with exercising the authority granted to such agent therein:

(1) Act in accordance with the principal's reasonable expectations to the extent actually known by the agent and, otherwise, in the principal's best interest;

(2) Act in good faith;

(3) Act only within the scope of authority granted in the personal power of attorney; and

(4) To the extent reasonably practicable under the circumstances, keep in regular contact with the principal and communicate with the principal.

(b) Except as otherwise provided in the personal power of attorney, an agent that has accepted appointment shall:

(1) Act loyally for the principal's benefit;

(2) Act so as not to create a conflict of interest that impairs the agent's ability to act impartially in the principal's best interest;

(3) Act with the care, competence, and diligence ordinarily exercised by agents in similar circumstances; and

(4) Keep a record of all receipts, disbursements, and transactions made on behalf of the principal.

(c) An agent that acts with care, competence, and diligence for the best interest of the principal is not liable solely because the agent also benefits from the act or has an individual or conflicting interest in relation to the property or affairs of the principal.

(d) If an agent has special skills or expertise the special skills or expertise must be considered in determining whether the agent has acted with care, competence, and diligence under the circumstances.

(e) An agent that engages another person on behalf of the principal is not liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person.

(f) Except as otherwise provided in the personal power of attorney and by § 3206 of this title, an agent is not required to disclose receipts, disbursements, or transactions conducted on behalf of the principal unless ordered by a court or requested by the principal, a guardian, a conservator, another fiduciary acting for the principal, a governmental agency having authority to protect the welfare of the principal, or, upon the death of the principal, by the personal representative or successor in interest of the principal's estate. If so requested the agent shall comply with the request within a reasonable period of time.

(83 Del. Laws, c. 149, § 1.)

§ 3213. Exoneration of agent.

A provision in a personal power of attorney relieving an agent of liability for breach of duty is binding on the principal and the principal's successors in interest except to the extent the provision:

(1) Relieves the agent of liability for breach of duty committed in bad faith or with reckless indifference to the purposes of the personal power of attorney or the best interest of the principal; or

(2) Was inserted as a result of undue influence upon the principal.

(83 Del. Laws, c. 149, § 1.)

§ 3214. Judicial relief.

(a) A person designated in subsection (b) of this section may petition the Court of Chancery requesting that the Court:

(1) Determine whether the personal power of attorney or the authority of an agent is in effect or has terminated pursuant to § 3208 of this title or otherwise;

(2) Compel the agent to exercise or refrain from exercising authority in a particular manner or for a particular purpose;

(3) Compel the agent to account for transactions conducted on the principal's behalf pursuant to § 3212(f) of this title;

(4) Modify, suspend, or revoke the powers of the agent to act under a personal power of attorney, and, if the principal has not designated another agent or successor agent in the personal power of attorney, appoint another agent to act in place of the agent whose powers are modified, suspended, or revoked;

(5) Determine an agent's liability for violation of the agent's duties pursuant to § 3212 of this title.

(b) Any of the following persons may file a petition seeking appropriate relief under this section:

(2) The spouse, child, or parent of the principal;

(3) A guardian, trustee, or other fiduciary acting for the principal;

(4) The personal representative, trustee, or a beneficiary of the principal's estate;

(5) Any other interested person, as long as the person demonstrates to the Court's satisfaction that the person is interested in the welfare of the principal and has a good faith belief that:

a. The Court's intervention is necessary; and

b. The principal is incapacitated at the time of filing the petition or otherwise unable to protect that principal's own interests; or

(6) A person asked to accept a personal power of attorney.

(c) Upon motion by the principal, who shall be presumed to have legal capacity, the Court shall dismiss a petition filed under this section, unless the Court finds that the principal lacks capacity to revoke the agent's authority or the personal power of attorney.

(d) Nothing in this section shall preclude or diminish the Court's authority to appoint a guardian or other fiduciary pursuant to Chapter 39 of Title 12, or to order other judicial relief, in order to grant appropriate relief upon review of a personal power of attorney or an agent's conduct with respect to a personal power of attorney.

(e) Nothing in this section shall preclude the Department of Health and Social Services, the Public Guardian, or other governmental agency having authority to protect the welfare of the principal from petitioning the Court for access to the principal or to records necessary to determine, or terminate, possible abuse, neglect, exploitation or abandonment of the principal.

(83 Del. Laws, c. 149, § 1; 70 Del. Laws, c. 186, § 1; 84 Del. Laws, c. 42, § 1.)

§ 3215. Agent's resignation; notice.

Unless the personal power of attorney provides a different method for an agent's resignation, an agent may resign by giving written notice to the principal and, if the principal is incapacitated:

(1) To the guardian, if 1 has been appointed for the principal, and a concurrent agent or successor agent; or

(2) If there is no person described in paragraph (1) of this section, to:

(a) For purposes of this section, "acknowledged" means purportedly verified before a notarial officer or contain an electronic signature acceptable to the Department.

(b) A person that in good faith accepts an acknowledged personal power of attorney without actual knowledge that the signature is not genuine may rely upon a presumption that the signature is genuine.

(c) A person that in good faith accepts an acknowledged personal power of attorney without actual knowledge that the personal power of attorney is void, invalid, or terminated, that the purported agent's authority is void, invalid, or terminated, or that the agent is exceeding or improperly exercising the agent's authority may rely upon the personal power of attorney as if the personal power of attorney were genuine, valid and still in effect, the agent's authority were genuine, valid and still in effect, and the agent had not exceeded and had properly exercised the authority.

(d) A person that is asked to accept an acknowledged personal power of attorney may request, and rely upon, without further investigation, an English translation, under oath of the translator, of the personal power of attorney if it contains, in whole or in part, language other than English.

(e) For purposes of this section, a person that conducts activities through employees is without actual knowledge of a fact relating to a personal power of attorney, a principal, or an agent if the employee conducting the transaction involving the personal power of attorney is without actual knowledge of the fact. Notification of revocation of a personal power of attorney by a principal or agent to an officer of a bank or other financial institution shall constitute actual notice to all employees.

(83 Del. Laws, c. 149, § 1.)

(84 Del. Laws, c. 302, § 3.)

§ 3308. Notification of intent to suspend or revoke a license or deny an original or renewal application.

(a) No transporter license issued under this title may be suspended or revoked, nor may an application for licensure or renewal be denied, unless a notice of the Division's intent to suspend or revoke the license or deny the application has been furnished to the applicant or licensee.

§ 3309. Effect of denial of original or renewal application or revocation on applicant or licensee.

(a) A transporter whose application for licensure or renewal has been denied, or whose license has been revoked, may not be employed by any other licensed transporter or dealership, nor may the transporter be employed in any of the capacities listed in this section for the following time periods:

(1) If the transporter's license is revoked, for 5 years from the effective date of the revocation.

(2) If a transporter's original or renewal application is denied, for 12 months from the date of the decision denying the application, or any other time period set forth in the decision.

(b) When issuing a decision that revokes or suspends a transporter license, or that denies an original or renewal application, the Division must provide the applicant or licensee with notice of the following:

(1) The transporter must return all documentation and transporter plates required under § 3311 of this title.

(2) If the transporter does not return the documentation or plates as required by this section within 30 days from the date the Division provides the required notification, the time periods set forth in subsection (a) of this section are extended by 1 day for each day the documentation and transporter plates remain outstanding.

(3) If the documentation and transporter plates are not provided within 6 months of the deadline, the time periods set forth in subsection (b) of this section may be extended indefinitely.

(c) If a transporter is or is found to have been employed in violation of this section, the time periods set forth in subsection (a) are extended by 6 months for every month the transporter is employed in violation of this section.

(d) The prohibitions set forth in this section apply to any individual applicant or licensee. If the applicant or licensee is a partnership, the prohibitions set forth in this section apply to each individual partner listed on the application. If the applicant or licensee is a corporation, the prohibitions set forth in this section apply to the individual or individuals who signed the application.

(e) The Division must notify any transporter found to be in violation of this section of its intent to extend the suspension of the license or any time periods set forth under subsection (a) of this section. The notice may be provided in the same manner as the notice of intent to revoke or suspend the license or deny the original or renewal application under § 3308 of this title. The notice must include the following:

(1) The Division's intent to extend the suspension or any time periods set forth under subsection (a) of this section.

(2) The nature of the violations committed by the transporter.

(3) An explanation that the transporter has a right to request a hearing to dispute the intended extension of the suspension or time periods set forth under subsection (a) of this section, that the hearing must be requested within 10 business days from the earlier of the date the applicant or licensee receives the notice or the Division receives the return receipt.

(4) An explanation that the transporter has the right to present evidence, to be represented by counsel, and to appear personally or by other representative at the hearing, if requested.

(f) If no hearing is requested within the allotted time, the Division may issue a final decision, which may be provided to the applicant or licensee in the same manner as the written notice under this section.

(84 Del. Laws, c. 302, § 3.)

§ 3310. Hearings.

(b) The Division must provide notice of the time, date, and location of the hearing at least 30 days in advance of the hearing.

(c) At any hearing under this section, the transporter has the right to be heard personally, by counsel, or by other representative.

(d) Prior to a hearing under this section, the Director may initiate investigations, appoint a hearing officer, and subpoena witnesses.

(e) A hearing officer may make findings of fact and issue recommendations to the Division. If the findings of fact support the proposed action, the Director may issue a decision taking the proposed action.

(f) In considering whether or not to suspend or revoke a license, deny an original or renewal application, or extend any time periods under this section, the Director must consider the following facts:

(1) The nature of the violation or violations and, if appropriate, the willingness and ability of the transporter to make restitution to any party harmed by the actions of the transporter.

(2) The effect of the proposed action on the parties involved.

(g) Following a hearing and after considering all relevant facts or if a timely hearing request is not received after issuing the notice of intent under § 3308 or § 3309 of this title, the Director must issue a written decision to all parties involved. A copy of the decision must be provided to the transporter in the same manner as the notice of intent to revoke or suspend the license or deny the original or renewal application under § 3308 of this title.

(h) A final decision of the Director may be appealed to the Superior Court. The notice of appeal must be filed within 30 days of the earlier of the date the applicant or licensee receives the decision or the Division receives the return receipt.

(84 Del. Laws, c. 302, § 3.)

§ 3312. Cease and desist orders and injunctive relief.

(a) In addition to the legal remedies provided for in this chapter, the Division has authority to issue cease and desist orders to any person, corporation, partnership, or other legal entity who violates this chapter.

(b) The Division may file a complaint for injunctive relief with the Court of Chancery upon notice of a violation of a cease and desist order issued under this section. The Court of Chancery may award attorneys' fees and costs if a preliminary or permanent injunction is granted by the Court. Nothing herein prevents the Department of Justice from seeking any civil remedy or criminal sanction for any conduct constituting a violation of this chapter.

(84 Del. Laws, c. 302, § 3.)

Part III
Operation and Equipment
Chapter 41
Rules of the Road
Subchapter I
Obedience to and Effect of Traffic Laws

§ 4101. Provisions refer to vehicles upon highways; exceptions; powers of local authorities.

(a) The provisions of this title relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except:

(1) Where a different place is specifically referred to in a given section.

(2) That subchapter IX of this chapter shall apply upon highways and elsewhere throughout the State.

(3) That subchapter VIII of this chapter and § 4164 of this title shall apply upon highways and elsewhere throughout the State, except that subchapter VIII of this chapter and § 4164 of this title shall not apply upon any nonresidential, commercial property, except as set forth in § 4172 of this title. For the purposes of this paragraph, "elsewhere," except for purposes of § 4172 of this title, shall mean only those areas regulated by traffic-control devices which have been reviewed and approved as acceptable for the area by the Delaware Department of Transportation.

(4) Upon application by a majority of persons having a property interest in a private road or way upon which motor vehicles are driven, the appropriate agency or officer of any town, city or county in which such private property is located may petition the Department of Safety and Homeland Security (hereinafter "Department") in a manner prescribed by the Department, requesting the Department assume jurisdiction over such private property. Upon acceptance of jurisdiction over the private property, the Department shall, by written notice, so notify each governmental body and property owner affected and shall supply copies of such notice to all appropriate courts and law-enforcement agencies. One week following the official acceptance of such jurisdiction, all provisions of Title 17 and this title shall apply to the affected private property. The installation and maintenance of all traffic-control devices authorized by the Department of Transportation shall be undertaken by the owners at no cost to the State.

(b) Local authorities, except as expressly authorized by law, shall not enact or enforce any rules or regulations contrary to this chapter. Traffic ordinances and regulations adopted by local authorities, and substantially conforming to the sections of this chapter, shall have the same force and effect as the traffic laws of this title. Whenever any provision of this title refers to a specific section of this title, such section shall be deemed to include substantially conforming ordinances and regulations enacted by local authorities. The court's notice of conviction for violating a local ordinance or regulation that substantially conforms to this title, when included in the person's driving record, shall be deemed to be equivalent to a violation of the state statute to which it conforms. This section shall not be deemed to affect the jurisdiction for violations of local traffic ordinances or regulations nor the fine to be imposed for such a violation. Local authorities may regulate the use of the highways by processions or assemblages. Nothing in this chapter shall be construed to prevent the owner of real property used by the public for purposes of vehicular travel by permission of the owner and not as a matter of right from prohibiting such use nor requiring other or different or additional conditions than those specified in this chapter or otherwise regulating such use as seems best to such owner.

(c) The authority to authorize, maintain, install and remove all traffic-control devices necessary to implement this title is provided to the Department of Transportation and to local authorities in their respective jurisdictions by Chapter 1 of Title 17. Unless otherwise provided in this title, the authorities granted are uniformly applicable to all sections of this title.

(d) *Liability for failure of owner to comply with traffic light signals.* — (1) The Department of Safety and Homeland Security and/or the governing body of any city or any county may provide, by regulation or ordinance, for the establishment of a program imposing monetary liability on the owner of a motor vehicle for failure to comply with traffic light signals in accordance with the provisions of this subsection. This subsection allows the Department of Transportation and/or the governing body of any city or county to install and operate traffic light signal violation monitoring systems; provided however, that in the event the installation other than by the Department of Transportation, the Department of Transportation must first approve such installation using the same recognized safety and accident criteria which the Department of Transportation uses to determine new locations; and provided further that the duration of the yellow light change interval, at any intersection where a traffic control photographic system or other traffic light signal violation monitoring system is in use, must be no less than the yellow light change interval duration specified in the design manual developed by the Department of Transportation. All existing locations erected without the Department of Transportation prior approvals shall be reviewed by the Department of Transportation using same recognized safety and accident criteria used to authorize new locations. Any location which fails to meet the criteria shall be removed upon end of the contract with the camera operator vendor.

(2) Jurisdictions operating an Electronic Red Light Safety Program can only issue right turn on red violations if there is safety and crash data to support it as determined by the Department of Transportation.

(3) *Liability.* — The owner or operator of a vehicle which has failed to comply with a traffic light signal, as evidenced by information obtained from a traffic light signal violation monitoring system, shall be subject to a civil or administrative assessment not to exceed

$110; provided, however, that the city or county may provide for an additional assessment not to exceed $10 if the civil or administrative assessment is not paid within 20 days, which assessment may be increased to an amount not to exceed $20 if the assessment is not paid within 45 days, and may be increased to an amount not to exceed $30 if the assessment is not paid within 90 days. Court costs or similar administrative fees not to exceed $35 may also be assessed against an owner or operator who requests a hearing to contest the violation and is ultimately found or pleads responsible for the violation or who fails to pay or contest the violation in a timely manner. No assessments and court costs other than those specified in this subsection may be imposed. A violation for which a civil assessment is imposed under this subsection shall not be classified as a criminal offense and shall not be made a part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance. Assessments collected as a result of a traffic control signal monitoring system shall be paid to the city or county which controlled the monitoring system, or the General Fund for personnel, after first being applied to reimburse the applicable state agencies for their costs of administering such systems.

(4) *Definitions.* — For purpose of this subsection only:

a. "Owner" means the registered owner of such vehicle on record with this or any other state; provided, however, that in the event that the owner is a vehicle leasing company, the "owner," for purposes of this subsection, shall mean the person shown on the records to be the lessee of such vehicle. Vehicle rental companies are excluded from the definition of "owner."

b. "Traffic light signal violation monitoring system" means a vehicle sensor installed to work in conjunction with a traffic light that automatically produces 2 or more photographs, or 2 or more microphotographs, or a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this subsection.

(5) *Summons and notice of violation.* — Any nonresident owner or operator of any motor vehicle which is operated or driven on the public streets, roads, turnpikes or highways of this State is deemed to have submitted to the jurisdiction of the Delaware courts for purposes of this subsection. Notwithstanding any other provision of the Delaware Code, a summons for a violation of this subsection may be executed by mailing to any Delaware resident or nonresident by first class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Division of Motor Vehicles of this or any other state, as appropriate. Collection actions, including default judgment and execution, may proceed based upon jurisdiction obtained through the mailing by first class mail of a summons and subsequent court notices pursuant to this subsection. Every initial mailing shall include the:

a. Name and address of the owner of the vehicle;

b. Registration number of the motor vehicle involved in the violation;

c. Violation charges;

d. Location where the violation occurred;

e. Date and time of the violation;

f. Copies of 2 or more photographs, or microphotographs or other recorded images, taken as proof of the violation;

g. Amount of the civil assessment imposed and the date by which the civil assessment should be paid;

h. Information advising the summonsed person of the matter, time and place by which liability as alleged in the notice may be contested, and warning that the failure to pay the civil assessment or to contest liability in a timely manner is an admission of liability and may result in a judgment being entered against the summonsed person and/or the denial of the registration or the renewal of the registration of any of the owner's vehicles; and

i. Notice of the summonsed person's ability to rebut the presumption that the summonsed person was the operator of the vehicle at the time of the alleged violation and the means for rebutting such presumption.

(6) *Payment by voluntary assessment.* — Persons electing to pay by voluntary assessment shall make payments to the entity designated on the summons for payment. Such entity may be the Justice of the Peace Court or an entity designated by the Court, the Department of Safety and Homeland Security, or by the city or county in which the traffic light was located. Procedures for payment under this subsection shall be as provided by court rule or policy directive of the Justice of the Peace Court, by regulation of the Department of Safety and Homeland Security, or by regulation, code or ordinance of the applicable city or county, and shall be in lieu of the procedures set forth in § 709 of this title.

(7) *Procedures to contest the violation.* — A person receiving the summons pursuant to this subsection may request a hearing to contest the violation by notifying, in writing, the entity designated on the summons within 20 days of the date. Upon receipt of a timely request for a hearing a civil hearing shall be scheduled and the defendant notified of the hearing date by first class mail. A civil hearing shall be held by the Justice of the Peace Court or such other entity as designated by the Department of Safety and Homeland Security or applicable county or city. The hearing may be informal and shall be held in accordance with Justice of the Peace Court rules or policy directive, regulation of the Department of Safety and Homeland Security, or by regulation, code or ordinance of the applicable city or county. Additional administrative collection processes may be established by court rule, policy directive, regulation, code or ordinance, as applicable. Costs for such hearing shall not be assessed against the prevailing party. There shall be no right of transfer to the Court of Common Pleas.

(8) *Failure to pay or successfully contest the violation.* — If the owner or an operator identified by the owner fails to pay the civil penalty by voluntary assessment, request a hearing within the required time or submit an affidavit stating that the owner or operator

identified was not the driver, the Division of Motor Vehicles may refuse to renew the registration of the owner's vehicle operated at the time the summons was issued. If the owner or an operator identified by the owner is found responsible at a hearing and fails to pay as ordered by the Court, or requests a hearing and fails to appear, the Division of Motor Vehicles shall suspend the license of the owner or operator.

Upon receiving a record of failure to comply, the Clerk may enter a civil traffic judgment against the owner or operator in the amount of the civil penalty, costs, and any applicable penalty amounts, giving credit for any amount paid. Such judgment may, upon motion, be transferred by the Court to the civil docket. Any judgment so transferred may be executed and enforced or transferred in the same manner as other judgments of the Court and the Division of Public Safety or its designee, or the applicable city or county shall have authority to seek such execution, enforcement or transfer.

(9) *Proof of violation.* — Proof of a violation of this subsection shall be evidenced by information obtained from a traffic light signal violation monitoring system authorized pursuant to this subsection. A certificate, or facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a traffic light signal violation monitoring system shall constitute prima facie evidence of the facts contained therein, if the certificate, or facsimile thereof, is sworn to or affirmed by a technician employed by a locality authorized to impose assessments pursuant to this subsection, or a technician employed by a state agency or entity designated by a state agency for the purposes of this section. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to regulation, ordinance or other law adopted pursuant to this subsection.

(10) *Presumptions.* — The owner of any vehicle found to be in violation of this subsection shall be held prima facie responsible for such violation in the same manner as provided for under § 7003 of this title, unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody or control of another person. Such presumption shall be rebutted if the owner:

a. Furnishes an affidavit by regular mail to the entity indicated on the summons that the owner was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person or company who leased, rented or otherwise had the care, custody or control of the vehicle, or attaches a certified copy of a police report showing that the vehicle or license plate or plates thereof had been reported to the police as stolen prior to the time of the alleged violation of this subsection; or

b. Provides proof in court or to the entity handling the administrative appeal process that the owner was not the operator of the vehicle at the time of the alleged violation or that the owner failed to comply with the traffic signal either in order to yield the right-of-way to an emergency vehicle or as part of a funeral procession.

A summons may be issued to a person identified by affidavit or evidence in court as the actual operator of the vehicle shown to have violated the traffic light signal. There shall be a presumption that the person so identified was the driver. The presumption may be rebutted as described in this subsection.

(11) Notwithstanding any other provision in this section, if the motor vehicle which is found by the traffic light signal violation monitoring system to have failed to comply with a traffic light signal is commercially licensed, then the owner of that vehicle shall be sent notice of the date, time and location of the violation with 2 photographs thereof. Within 10 days of the receipt of said notice, the owner of the vehicle shall provide the law-enforcement agency which has issued the summons with the name and address of the driver of the vehicle at the date, time and location of the violation and, within the same time period, shall provide the driver of the vehicle with the photographs of the violation. After receipt by the law-enforcement agency which has issued the summons of the name and address of the driver of the vehicle at the time of the violation, the driver of the vehicle shall be prima facie responsible for such violation in the same manner as provided for under § 7003 of this title and shall be subject to the provisions of this section. Failure of the owner of the vehicle found to be in violation of subsection (d) to provide the name and address of the driver at the time of the violation within the period prescribed shall cause the owner to be held responsible as set forth in paragraph (d)(5) of this section.

(12) Any person found responsible for a civil traffic offense shall have a right of appeal only in those cases in which the civil penalty imposed exceeds $100, upon giving bond with surety satisfactory to the judge before whom such person was found responsible, such appeal to be taken and bond given within 15 days from the time of the finding of responsible. Such appeal shall operate as a stay or supersedeas of all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. The taking of such appeal shall constitute a waiver by the appellant of the appellant's right to a writ of certiorari in the Superior Court. Additional penalty assessments for late payment/response pursuant to paragraph (d)(3) of this section shall be included in determining the amount of the civil penalty for purposes of determining the right to an appeal.

§ 4102. Required obedience to traffic laws.

It is unlawful for any person to do any act forbidden or fail to perform any act required in this chapter.

(21 Del. C. 1953, § 4102; 54 Del. Laws, c. 160, § 1; 77 Del. Laws, c. 60, § 1.)

§ 4103. Obedience to authorized persons directing traffic.

(a) (1) No person shall wilfully fail or refuse to comply with any lawful order or direction of any of the following, who are invested by law with authority to direct, control, or regulate vehicle and pedestrian traffic:

a. A police officer.

b. An authorized flagperson.

c. A fire police officer.

d. A uniformed adult school crossing guard.

e. A commissioned constable.

(2) This subsection does not operate to relieve a driver of the duty to operate the driver's vehicle with due regard to the safety of all persons using the highway.

(b) Any driver who, having received a visual or audible signal from a police officer identifiable by uniform, by motor vehicle or by a clearly discernible police signal to bring the driver's vehicle to a stop, operates the vehicle in disregard of the signal or interferes with or endangers the operation of the police vehicle or who increases speed or extinguishes the vehicle's lights and attempts to flee or elude the police officer shall be guilty of a class G felony, with a minimum fine of $575 which may not be suspended. Upon receiving notice of such conviction the Secretary, at the Secretary's discretion, may forthwith revoke the operator's or chauffeur's license of the person so convicted for a period of 2 years. For each subsequent like offense, the person shall be guilty of a class E felony, with a minimum fine of $1,150 which may not be suspended. Upon receiving a court notice of conviction for a subsequent like offense, the Secretary shall revoke the operator's or chauffeur's license for an additional 3-year period. It shall be an affirmative defense for this section if the driver proceeds at or below the posted speed limit to a safe location or, at nighttime to a well-lit reasonable location and stops the vehicle at that point that the driver is not guilty of this section.

(c) If any vehicle is witnessed by a police officer to be in violation of subsection (b) of this section and the identity of the operator is not otherwise apparent, it shall be a rebuttable presumption that the persons in whose name such vehicle is registered, to whom a rental vehicle is leased or whose name appears on a company's records as driving a company vehicle, committed such violation of subsection (b) of this section.

§ 4104. Persons riding animals or driving animal-drawn vehicles.

Every person riding an animal or driving any animal-drawn vehicle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this chapter, except those provisions of this chapter which by their very nature can have no application.

(21 Del. C. 1953, § 4104; 54 Del. Laws, c. 160, § 1.)

§ 4105. Persons and vehicles working on highways and utilities; exceptions.

(a) Unless specifically made applicable, the provisions of this title, except those contained in subchapter IX of this chapter, shall not apply to persons, motor vehicles and other equipment while actually engaged in work upon a highway or in work upon utility facilities along a highway, so long as proper traffic-control devices are posted, but shall apply to such persons and vehicles when traveling to or from such work.

(b) The driver of a vehicle shall yield the right-of-way to any authorized vehicle or pedestrian actually engaged in work upon a highway within any highway construction or maintenance area indicated by traffic-control devices.

(c) The driver of a vehicle shall yield the right-of-way to any authorized vehicle obviously and actually engaged in work upon a highway whenever such vehicle displays flashing lights meeting the requirements of the Secretary of Public Safety.

(d) Traffic-control devices shall be used as required in the standards adopted under § 147 of Title 17. Failure to comply with this section shall be cause for immediate cessation of operations in the affected area and the immediate reopening of the highway in a safe manner.

(e) Failure to comply with the lawful order to effect immediate cessation of operations and the reopening of the highway shall subject the violator to a fine of not less than $115 nor more than $575.

(f) (1) The driver of a vehicle who violates any of the following sections of this title shall be fined not less than double the enumerated amount for a first offense when the violation occurs within any highway construction or maintenance area indicated by traffic-control devices:

t. Section 4178 of this title relating to stopping, standing or parking; and

u. Section 4184 of this title relating to limitations on backing.

(2) As used in this subsection, the phrase "within any highway construction or maintenance area indicated by traffic-control devices" shall mean that area between the first traffic-control device informing road users of their approach toward a work zone area until the last traffic-control device indicating all restrictions are removed and normal vehicle operations can resume. The phrase shall also include detour routes for highway construction or maintenance marked by traffic-control devices. "Traffic-control devices" and "work zone" shall have the same meaning as adopted pursuant to § 147 of Title 17, as amended. Subchapter II

Traffic Signs, Signals and Markings

§ 4106. Authorized emergency vehicles.

(a) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

(b) The driver of an authorized emergency vehicle may:

(1) Park or stand, irrespective of the provisions of this chapter;

(2) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;

(3) Exceed the speed limits so long as the driver does not endanger life or property;

(4) Disregard regulations governing direction of movement or turning in specified directions.

(c) The exemptions herein granted to an authorized emergency vehicle shall apply only when such vehicle is making use of audible or visual signals meeting the requirements of this title, except that an authorized emergency vehicle operated as a police vehicle need not make use of such signals.

(d) The driver of an emergency vehicle is not liable for any damage to or loss of property or for any personal injury or death caused by the negligent or wrongful act or omission of such driver except acts or omissions amounting to gross or wilful or wanton negligence so long as the applicable portions of subsection (c) of this section have been followed. The owner of such emergency vehicle may not assert the defense of governmental immunity in any action on account of any damage to or loss of property or on account of personal injury or death caused by the negligent or wrongful act or omission of such driver or owner.

(e) Authorized emergency vehicles within the meaning of this chapter mean vehicles of a fire department, police vehicles, ambulances, vehicles used by a fire chief, deputy fire chief, assistant fire chief, chief engineer or fire police officer of any duly organized fire company in the performance of those duties, vehicles under the control of the Delaware State Fire Prevention Commission, the vehicle of the State Forester in the performance of the State Forester's duties, the vehicle of the Forest Fire Control Supervisor in the performance of the Forest Fire Control Supervisor's duties, the vehicles of the State Emergency Response Team in the performance of its duties, the vehicles

of the Department of Correction, Bureau of Prisons and Bureau of Community Corrections in the performance of their respective duties, and emergency vehicles of state, federal, county or municipal departments or public service corporations as are designated or authorized by the Secretary of Safety and Homeland Security.

(21 Del. C. 1953, § 4106; 54 Del. Laws, c. 160, § 1; 61 Del. Laws, c. 461, § 1; 63 Del. Laws, c. 162, § 1; 63 Del. Laws, c. 300, § 1; 68 Del. Laws, c. 251, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 89, § 281(a); 77 Del. Laws, c. 6, § 1; 83 Del. Laws, c. 224, § 1; 83 Del. Laws, c. 370, § 1.)

§ 4107. Obedience to and required traffic-control devices.

(a) The driver of any vehicle shall obey the instructions of any traffic-control device applicable thereto placed in accordance with this title, unless otherwise directed as authorized in § 4103 of this title, subject to the exceptions granted the driver of an authorized emergency vehicle in this title.

(b) No provision of this chapter for which traffic-control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official traffic-control device is not in proper position and sufficiently legible to be seen by an ordinarily observant person. This subsection shall not operate to relieve a driver of the duty to operate a vehicle with due regard to the safety of all persons using the highway.

(c) Whenever a particular section does not state that traffic-control devices are required, such section shall be effective even though no traffic-control devices are erected or in place.

(d) In the event a traffic-control signal is erected and maintained at a place other than an intersection, this title shall be applicable except as to those provisions which by their nature can have no application.

(e) Whenever traffic-control devices are placed in position approximately conforming to the requirements of this title, such devices shall be presumed to have been so placed by the official act or direction of lawful authority, unless the contrary shall be established by competent evidence.

(f) Any traffic-control device placed pursuant to this title and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this title, unless the contrary shall be established by competent evidence.

(21 Del. C. 1953, § 4107; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, § 10; 70 Del. Laws, c. 186, § 1.)

§ 4108. Traffic-control signal legend.

(a) Whenever traffic is controlled by official traffic-control signals showing different colored circular lights, color-lighted arrows, or color-lighted bicycle symbols, successively 1 at a time or in combination, only the colors green, red and yellow shall be used, except for pedestrian control signals, and such lights shall indicate and apply to drivers of vehicles, operators of bicycles and pedestrians as follows:

(1) *Green indication:*

a. Vehicular traffic facing the signal may proceed straight through or turn right or left unless a traffic-control device at such place prohibits either such turn. Vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

b. Unless otherwise directed by a pedestrian-control signal as provided in § 4109 of this title, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) *Circular yellow or yellow arrow:*

a. Vehicular traffic facing the circular yellow signal is thereby warned that a red signal for the previously permitted movement will be exhibited immediately thereafter.

b. Vehicular traffic facing the yellow arrow signal shown alone or in combination with another indication is thereby warned that the previously displayed green arrow signal is being terminated. The yellow arrow signal may be followed by a red signal or a green signal.

c. Pedestrians facing a yellow signal, unless otherwise directed by a pedestrian-control signal, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(3) *Red indication:*

a. Vehicular traffic facing the red signal shall stop before crossing the stop limit, whether marked by sign or painted line, or if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until an indication to proceed is shown or as provided in paragraph (a)(3)b. of this section.

b. When a traffic-control device is not in place prohibiting such turn, vehicular traffic facing a circular red signal may cautiously enter the intersection to turn right, or to turn left from a one-way roadway onto a one-way roadway.

c. When turns on red are permitted, the right to proceed to turn after stopping shall be subject to the rule applicable after making a stop as at a stop sign.

d. No pedestrian facing such signal shall enter the roadway unless the pedestrian can do so safely and without interfering with any vehicular traffic.

(4) *Green arrow or arrows:*

a. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

b. Vehicles facing such signals are thereby advised that other traffic movements may be prohibited from the lane or lanes that the signal indication controls. Making or attempting to make any prohibited movement is unlawful.

c. Pedestrians facing such signals shall not enter the roadway unless they can do so safely and without interfering with any vehicular traffic.

(5) *Bicycle signals:*

Bicycle signals may include circular or arrow traffic signal indications designated as bicycle signals by an adjacent sign, and traffic indications in the shape of a bicycle. Circular and arrow bicycle signals shall have the same meaning as the corresponding circular and arrow signals as described in paragraphs (a)(1) through (a)(4) of this section, but shall only apply to a person operating a bicycle in a bicycle lane or path. Bicycle-shaped bicycle signals shall have the same meaning as the corresponding circular signals as described in paragraphs (a)(1) through (a)(4) of this section, but shall only apply to a person operating a bicycle in a bicycle lane or path. A person operating a bicycle in a general travel lane shall obey the circular and arrow traffic signals described in paragraphs (a)(1) through (a)(4) of this section.

(b) When lane use control signals are placed over the individual lanes of roadway or highway, vehicular traffic may travel in any lane or lanes over which a green signal is shown, but shall not enter or travel in any lane or lanes over which a red signal is shown. Left turns may be made across such lane if not otherwise prohibited. Vehicular traffic shall move from any lane over which a steady amber signal is displayed as soon as the movement can be made in safety. Vehicular traffic may use a lane over which a flashing yellow signal is displayed for the purpose of making a left turn.

(c) In the event that traffic signals are in place and no lighted indication is visible to an approaching driver, the approaching driver shall reduce speed and prepare to yield to other vehicles in or approaching the intersection.

(d) Whoever violates this section shall be fined not less than $75 nor more than $115. Whoever violates paragraph (a)(3) of this section shall be fined not less than $75 nor more than $230. For each subsequent offense of paragraph (a)(3) of this section within 2 years, the person shall be fined not less than $100 nor more than $575, or imprisoned not less than 10 nor more than 60 days, or both.

(e) Notwithstanding any provision of the Delaware Code to the contrary, any local government, municipality, town or county, whether incorporated or unincorporated, shall pay to the General Fund any sums collected under this section or any substantially conforming ordinances and regulations enacted by local authorities that exceed the maximum fine permitted under the law as it existed prior to the effective date of subsection (d) of this section.

(21 Del. C. 1953, § 4108; 54 Del. Laws, c. 160, § 1; 58 Del. Laws, c. 430; 58 Del. Laws, c. 570; 60 Del. Laws, c. 701, § 11; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 407, § 1; 81 Del. Laws, c. 196, § 1.)

§ 4109. Pedestrian-control signals.

Whenever special pedestrian-control signals exhibiting the words or symbols “Walk” or “Don’t Start” or “Don’t Walk” are in place, such signals shall take precedence over pedestrian movements outlined in § 4108 of this title. Such signals shall apply as follows:

(1) *“Walk” or flashing “Walk”. —*

Pedestrians facing such signals may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the driver of all vehicles.

(2) *“Don’t Walk” or flashing “Don’t Walk” or “Don’t Start”. —*

No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed crossing on the walk signal shall proceed to the nearest sidewalk or safety island.

(21 Del. C. 1953, § 4109; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 12; 70 Del. Laws, c. 186, § 1.)

§ 4110. Traffic signals.

(a) Whenever a flashing red, yellow or green signal is used in a traffic signal or with a traffic sign, it shall require obedience by vehicle traffic as follows:

(1) *Flashing red. —*

When a red lens is illuminated with intermittent flashes, drivers of vehicles shall stop before crossing the stop limit whether marked by a sign or painted line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop as at a stop sign.

(2) *Flashing yellow or green. —*

When a yellow or green lens is illuminated with intermittent flashes, drivers of vehicles may proceed through the intersection or pass such signals only with caution.

(b) In the event that flashing signals are in place and no lighted indication is visible to an approaching driver, the approaching driver shall reduce speed and prepare to yield to other vehicles in or approaching the intersection. If facing a stop sign, the approaching driver shall stop and proceed as from a stop sign.

(c) This section shall not apply at railroad grade crossings.

(21 Del. C. 1953, § 4110; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 13; 67 Del. Laws, c. 46, § 72; 70 Del. Laws, c. 186, § 1.)

§ 4111. Display of unauthorized signs, signals or markings.

(a) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal.

(b) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising, and no person shall attach to any traffic sign or signal any other sign containing commercial advertising.

(b) Except as provided in subsection (d) or (e) of this section, a traffic control signal preemption device may not be installed on a motor vehicle, may not be transported in the passenger compartment of a motor vehicle, and may not be operated by the driver or passenger of a motor vehicle. No person who is not in a motor vehicle shall operate a traffic control signal preemption device. Violation of this subsection is an unclassified misdemeanor and upon arrest the device shall be seized and those convicted shall forfeit the traffic control signal preemption device and shall also be fined not less than $250 nor more than $750 and/or be sentenced to up to 3 months incarceration at Level V.

Subchapter III

Driving on Right Side of Roadway; Overtaking and Passing, etc.

§ 4114. Driving on right side of roadway; exceptions.

(a) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(1) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(2) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

(3) Upon a roadway divided into 3 marked lanes for traffic under the rules applicable thereon; or

(4) Upon a roadway designated and signposted for one-way traffic.

(b) Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

(c) Upon any roadway having 4 or more lanes for moving traffic and providing for 2-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by signs or markings designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under this section. This subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road, driveway or highway.

(21 Del. C. 1953, § 4114; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 15.)

§ 4114A. Lane travel restrictions on certain roadways.

(a) This section applies only to vehicles traveling on the portions of State Route 1 and Interstate 495 that are any of the following:

(1) An "express highway," as defined in § 101 of Title 17.

(2) A "controlled-access facility," as defined in § 172 of Title 17.

(b) A vehicle may not travel in the left lane, except in any of the following circumstances:

(1) When no other vehicle is traveling in the same lane less than 100 feet behind the vehicle.

(2) When overtaking and passing another vehicle proceeding in the same direction under the rules governing overtaking and passing another vehicle.

(3) When necessary to enter, leave, or continue on the roadway.

(4) When necessary due to an obstruction.

(5) When necessary in response to emergency conditions.

(6) When necessary due to traffic conditions or congestion.

(7) To comply with other law or regulation.

(c) A vehicle with a gross vehicle weight rating of more than 26,000 pounds may only travel in the right-hand lane, except as provided in paragraphs (b)(2) through (b)(7) of this section.

(d) An operator who refuses, fails, or neglects to comply with this section is subject to a civil penalty as follows:

(1) For a first occurrence, a civil penalty of not less than $25 nor more than $75.

(2) For a subsequent occurrence, a civil penalty of not less than $57.50 nor more than $95.

(84 Del. Laws, c. 457, § 1.)

§ 4115. Passing vehicles proceeding in opposite directions.

Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than 1 line of traffic in each direction each driver shall give to the other at least one half of the main-traveled portion of the roadway as nearly as possible.

(21 Del. C. 1953, § 4115; 54 Del. Laws, c. 160, § 1.)

§ 4116. Overtaking a vehicle or bicycle on the left.

The following rules shall govern the overtaking and passing of vehicles and bicycles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

(1) On a roadway with at least 2 travel lanes proceeding in the same direction and if a travel lane proceeding in the same direction exists to the left, the driver of the overtaking vehicle shall, yielding the right-of-way and proceeding with caution, move completely into the lane to the left before passing.

(2) On a roadway with only 1 travel lane proceeding in a given direction and where that travel lane is too narrow for an overtaking vehicle to travel safely side-by-side within the lane with the overtaken vehicle or bicycle, the driver of the overtaking vehicle shall move completely into the lane to the left before passing. The driver of the overtaking vehicle shall only make this movement if it can be accomplished while obeying the limitations described in §§ 4118 through 4120 of this title.

(3) On a roadway with only 1 travel lane proceeding in a given direction and where that travel lane is both wide enough for an overtaking vehicle to travel safely side-by-side within the lane with the overtaken vehicle or bicycle and where the vehicle or bicycle to be overtaken is also positioned in the right part of the lane leaving sufficient space for safe passing within the travel lane, the driver of the overtaking vehicle shall:

a. Reduce speed while passing in order to lessen the speed differential between the overtaking vehicle and the overtaken vehicle or bicycle;

b. Pass to the left of the overtaken vehicle or bicycle at a reasonable and prudent distance, which shall in any case never be less than 3 feet; and

c. Return to a normal position in the travel lane only when safely clear of the overtaken vehicle or bicycle.

(4) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle or operator of an overtaken bicycle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of the vehicle or bicycle until completely passed by the overtaking vehicle.

(5) A person who violates this section by driving below the posted speed limit in the left lane of a multilane roadway when it impedes the ability of 1 or more vehicles to pass, except when such person is making a legal left turn or otherwise lawfully exiting the road to the left, shall be penalized as provided in § 4205 of this title.

(21 Del. C. 1953, § 4116; 54 Del. Laws, c. 160, § 1; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 150, § 1; 78 Del. Laws, c. 395, § 1; 81 Del. Laws, c. 196, § 1.)

§ 4117. When overtaking on the right is permitted.

(a) The driver of a vehicle may overtake and pass upon the right of another vehicle only under conditions permitting such movement in safety. In no event, except as permitted in subsection (c) and (d) of this section, shall such movement be made by driving off the roadway, main traveled portion, or regular moving traffic lane of the highway.

(b) Overtaking and passing on the right, except as permitted herein, shall be unlawful:

(1) When the vehicle overtaken is making or about to make a left turn;

(2) Upon any roadway which is officially marked for more than 1 traffic lane in 1 direction;

(3) Upon any roadway on which traffic is restricted to 1 direction of movement and the roadway is of sufficient width for 2 or more lanes of moving vehicles.

(c) When the vehicle overtaken is making or about to make a left turn, the vehicle approaching from the rear may pass on the right using the shoulder if necessary.

(d) When the overtaking vehicle is a Delaware Department of Transportation authorized vehicle or an emergency vehicle, as defined in § 4106(e) of this title, responding to an emergency, the overtaking vehicle may pass on the right using the shoulder if necessary.

(21 Del. C. 1953, § 4117; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 16; 81 Del. Laws, c. 182, § 1.)

§ 4118. Limitations on overtaking on the left.

No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable.

(21 Del. C. 1953, § 4118; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 17.)

§ 4119. Further limitations on driving to left of center of roadway.

(a) No vehicle shall be driven on the left side of the roadway under the following conditions:

(1) When approaching or upon a curve or the crest of a grade in the highway where the driver’s view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(2) When approaching within 100 feet of or traversing any intersection or railroad grade crossing, unless otherwise indicated by official traffic-control devices;

(3) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct or tunnel.

(b) The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in § 4114(a)(2) of this title, nor to the driver of a vehicle turning left into or from an alley, private road, driveway or highway.

(21 Del. C. 1953, § 4119; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 18.)

§ 4120. No-passing zones; exceptions.

(a) The Department of Transportation is authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.

(b) Where signs or markings are in place to define a no-passing zone, no driver shall at any time drive on the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length; except as follows:

(1) When reasonably necessary to avoid parked vehicles, pedestrians, animals, surface hazards or other obstructions on a roadway and where only 1 travel lane proceeding in a given direction exists but while still obeying the limitations described in §§ 4118 and 4119 of this title;

(2) When reasonably necessary to pass a vehicle or bicycle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing and where only 1 travel lane proceeding in a given direction exists but while still obeying the limitations described in §§ 4118 and 4119 of this title; or

(3) When making a left turn into or from an alley, private road, driveway or highway.

(21 Del. C. 1953, § 4120; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, §§ 19, 20; 81 Del. Laws, c. 196, § 1.)

§ 4121. One-way roadways and rotary traffic islands.

(a) Upon a roadway where traffic-control devices establish one-way traffic, a vehicle shall be driven only in the direction designated. Such designation may be at all times or at such times as shall be indicated by traffic-control devices.

(b) A vehicle passing around a rotary traffic island shall be driven only to the right of such island.

(c) A driver about to enter a rotary traffic island shall yield the right-of-way to any vehicles passing around it.

(21 Del. C. 1953, § 4121; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, § 21.)

§ 4122. Driving on roadways laned for traffic.

Whenever any roadway has been divided into 2 or more clearly marked lanes for traffic, the following rules in addition to all others consistent herewith shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into 3 lanes for 2-way traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of oncoming traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively by traffic-control devices to traffic moving in the direction the vehicle is proceeding.

(3) Traffic-control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway, and drivers of vehicles shall obey the directions of every such traffic-control device.

(4) Traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device.

(21 Del. C. 1953, § 4122; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 22.)

§ 4123. Following too closely.

(a) The driver of a vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(b) The driver of any truck or vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district, and which is following another vehicle, shall, whenever conditions permit, leave sufficient space, but not less than 300 feet, so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor vehicle drawing another vehicle from overtaking and passing any vehicle or combination of vehicles. Whoever violates this subsection shall, for the first offense, be fined not less than $28.75 nor more than $75. For each subsequent like offense within 2 years, the person shall be fined not less than $57.50 nor more than $95.

(c) Vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade, whether or not towing other vehicles, shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

(21 Del. C. 1953, § 4123; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 23; 62 Del. Laws, c. 140, § 1; 68 Del. Laws, c. 9, § 24; 78 Del. Laws, c. 208, §§ 1-3.)

§ 4124. Driving on divided highways.

Whenever any highway has been divided into 2 or more roads by an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand road unless directed or permitted to use another road by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection as established, unless specifically authorized by public authority. The driver of a vehicle may turn left across a paved dividing space unless prohibited by an official traffic-control device.

(21 Del. C. 1953, § 4124; 54 Del. Laws, c. 160, § 1; 56 Del. Laws, c. 313; 79 Del. Laws, c. 258, § 1.)

§ 4125. Turning off roadway by slow-moving vehicle.

On a 2-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow-moving vehicle, behind which 5 or more vehicles are formed in line, shall turn off the roadway wherever sufficient area for a safe turnout exists, in order to permit the vehicles following to proceed. As used in this section, a slow-moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place.

(60 Del. Laws, c. 701, § 24.)

(11) Walk as a pedestrian except to contact aid in the event of an accident, breakdown or other emergency;

(12) Operate a vehicle of any type or kind prohibited by traffic-control devices at the entrances;

Any nonresident owner or operator of any motor vehicle which is operated or driven on the public streets, roads, turnpikes or highways of this State is deemed to have submitted to the jurisdiction of the Delaware courts for purposes of this section. (9) Notice of the summonsed person's ability to rebut the presumption that the summonsed person was the operator of the vehicle at the time of the alleged violation and the means for rebutting such presumption.

If the owner or an operator identified by the owner is found responsible at a hearing and fails to pay as ordered by the Court, or requests a hearing and fails to appear, the Division of Motor Vehicles shall suspend the license of the owner or operator.

(2) Upon receiving a record of failure to comply, the Clerk may enter a civil traffic judgment against the owner or operator in the amount of the civil penalty, costs, and any applicable penalty amounts, giving credit for any amount paid. Such judgment may, upon motion, be transferred by the Court to the civil docket. Any judgment so transferred may be executed and enforced or transferred in the same manner as other judgments of the Court and the Division of Public Safety or its designee, shall have authority to seek such execution, enforcement or transfer.

Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to regulation, ordinance or other law adopted pursuant to this section.

(o) *Presumptions. —*

(1) The owner of any vehicle found to be in violation of this section shall be held prima facie responsible for such violation in the same manner as provided for under § 7003 of this title, unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody or control of another person. Such presumption shall be rebutted if the owner does either of the following:

a. Furnishes an affidavit by regular mail to the entity indicated on the summons that the owner was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person or company who leased, rented or otherwise had the care, custody or control of the vehicle, or attaches a certified copy of a police report showing that the vehicle or license plate or plates thereof had been reported to the police as stolen prior to the time of the alleged violation of this section.

b. Provides proof in court or to the entity handling the administrative appeal process that the owner was not the operator of the vehicle at the time of the alleged violation.

(2) A summons may be issued to a person identified by affidavit or evidence in court as the actual operator of the vehicle shown to have violated the right-of-way regulations. There shall be a presumption that the person so identified was the driver. The presumption may be rebutted as described in this subsection.

(p) Notwithstanding any other provision in this section to the contrary, if the motor vehicle which is found by the electronic traffic monitoring for vehicle obstructions system to have failed to comply with the right-of-way regulations is commercially licensed, then the owner of that vehicle shall be sent notice of the date, time and location of the violation with 2 photographs thereof. Within 10 days of the receipt of said notice, the owner of the vehicle shall provide the law-enforcement agency which has issued the summons with the name and address of the driver of the vehicle at the date, time and location of the violation and, within the same time period, shall provide the driver of the vehicle with the photographs of the violation. After receipt by the law-enforcement agency which has issued the summons of the name and address of the driver of the vehicle at the time of the violation, the driver of the vehicle shall be prima facie responsible for such violation in the same manner as provided for under § 7003 of this title and shall be subject to the provisions of this section. Failure of the owner of the vehicle found to be in violation of subsection (e) of this section to provide the name and address of the driver at the time of the violation within the period prescribed shall cause the owner to be held responsible as set forth in paragraph (e)(5) of this section.

(q) Any person found responsible for a civil traffic offense shall have a right of appeal only in those cases in which the civil penalty imposed exceeds $100, upon giving bond with surety satisfactory to the judge before whom such person was found responsible, such appeal to be taken and bond given within 15 days from the time of the finding of responsible. Such appeal shall operate as a stay or supersedeas of all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. The taking of such appeal shall constitute a waiver by the appellant of the appellant's right to a writ of certiorari in the Superior Court.

(a) The driver of a vehicle intending to turn at an intersection shall do so as follows:

(1) *Right Turns.* — Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(2) *Left Turns on 2-Way Roadways.* — At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center thereof and by passing to the right of such center line where it enters the intersection and, after entering the intersection, the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(3) *Left Turns on Other Than 2-Way Roadways.* — At any intersection where traffic is restricted to 1 direction on 1 or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered.

(b) Traffic-control devices may be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when traffic-control devices are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by traffic-control devices.

(21 Del. C. 1953, § 4152; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, § 35.)

§ 4161. Obedience to signal indicating approach of train or other on-track equipment, drawbridge, or automatic signal system controlling the flow of traffic.

(a) Whenever any person driving a vehicle approaches a railroad grade crossing, drawbridge or automatic signal system controlling the flow of traffic under any of the circumstances stated in this section, the driver of such vehicle shall stop within 50 feet but not less than 15 feet from the nearest rail of such railroad, and may not proceed until the driver can do so safely. The foregoing requirements apply to all of the following:

(1) A clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train or other on-track equipment.

(2) A crossing gate is lowered or when a human flagman gives or continues to give a signal of the approach or passage of a railroad train or other on-track equipment.

(3) A railroad train or other on-track equipment approaching within approximately 1,500 feet of the highway crossing emits a signal audible from such distance and such railroad train or other on-track equipment, by reason of its speed or nearness to such crossing, is an immediate hazard.

(4) An approaching railroad train or other on-track equipment is plainly visible and is in hazardous proximity to such crossing.

(b) No person shall drive any vehicle through, around or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed.

§ 4162. [Reserved.]

§ 4163. Certain vehicles must stop at all railroad grade crossings.

(a) Except as provided by subsection (b) of this section, the driver of any motor vehicle carrying passengers for hire or of any vehicle carrying explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at any grade or any track of a railroad, shall stop such vehicle within 50 feet but not less than 15 feet from the nearest rail of such railroad and while stopped, shall listen and look in both directions along such track for any approaching train or other on-track equipment and for signals indicating the approach of a train or other on-track equipment, and may not proceed until the driver can do so safely. After stopping as required by this subsection, and upon proceeding when it is safe to do so, the driver of any vehicle referenced in this subsection shall cross only in such gear of the vehicle that there will be no necessity for changing gears while traversing such crossing, and the driver may not shift gears while crossing the track.

(b) Subsection (a) of this section does not apply at any of the following:

(1) A railroad grade crossing at which traffic is controlled by a police officer or human flagger.

(2) A railroad grade crossing at which traffic is regulated by a traffic-control signal.

(3) A railroad grade crossing protected by crossing gates or an alternately flashing light signal intended to give warning of the approach of a railroad train or other on-track equipment.

(4) A railroad grade crossing at which an official traffic-control device gives notice that the stopping requirement imposed by this section does not apply.

(c) Except as provided by subsection (d) of this section, the driver of any school bus, before crossing at any grade or any track of a railroad, shall stop such vehicle within 50 feet but not less than 15 feet from the nearest rail of such railroad and while stopped, shall listen and look in both directions along such track for any approaching train or other on-track equipment and for signals indicating the approach of a train or other on-track equipment, and may not proceed until the driver can do so safely. After stopping as required by this subsection, and upon proceeding when it is safe to do so, the driver of any school bus may cross only in such gear of the vehicle that there will be no necessity for changing gears while traversing such crossing, and the driver may not shift gears while crossing the track.

(d) Subsection (c) of this section shall not apply at any of the following:

(1) A railroad grade crossing at which traffic is controlled by a police officer or human flagger.

(2) A railroad grade crossing at which an official traffic-control device gives notice that the stopping requirement imposed by this section does not apply.

(21 Del. C. 1953, § 4163; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 39; 70 Del. Laws, c. 186, § 1; 77 Del. Laws, c. 312, § 3; 80 Del. Laws, c. 122, § 1; 81 Del. Laws, c. 362, § 2.)

(3) The driver of a commercial motor vehicle may not cross a railroad-highway grade crossing unless the vehicle has sufficient undercarriage clearance.

(4) The driver of a commercial motor vehicle may not cross a railroad-highway grade crossing unless the vehicle has sufficient space and can be driven completely through the crossing without stopping.

(77 Del. Laws, c. 311, § 9; 81 Del. Laws, c. 362, § 3.)

§ 4164. Stop signs and yield signs.

(a) Except when directed to proceed by police officers or traffic-control devices, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop at a marked stop line, but if none, before entering the crosswalk on the near side of the intersection or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection.

(b) The operator of any vehicle who has come to a full stop as provided in subsection (a) of this section shall yield the right-of-way to any vehicle or pedestrian in the intersection or to any vehicle approaching on another roadway so closely as to constitute an immediate hazard and shall not enter into, upon or across such roadway or highway until such movement can be made in safety.

(c) Whenever a yield sign notifying drivers to yield the right-of-way has been erected, it shall be unlawful for a driver of any vehicle on the highway whose traffic is regulated by such a sign to fail to yield the right-of-way to any vehicle approaching on or from another highway or merging roadway or to a pedestrian legally crossing a roadway. If required for safety to stop, the stop shall be made at a marked stop line, but if none, before entering the crosswalk on the near side of the intersection or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. Any such driver having so yielded to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard or to a pedestrian legally crossing a roadway shall not enter into, upon or across such roadway or highway until such movement can be made in safety.

(21 Del. C. 1953, § 4164; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, § 40.)

(a) *School bus.* — (1) It shall be unlawful to operate or permit to be operated a vehicle which purports to be a school bus and which does not meet the following requirements:

a. Carries a valid school bus inspection sticker;

b. Meets all requirements set by the Department of Transportation; and

c. Complies with §§ 4362-4364 of this title [repealed].

(2) If licensed in another state, these requirements still prevail except that an inspection sticker is not required.

(3) It shall be unlawful for the driver of any vehicle which does not meet the requirements of this section to attempt to or to control traffic while stopped on the roadway to pick up and discharge passengers.

(b) *School bus flashing lamps.* — (1) School bus flashing lamps are intended to identify the vehicle as a school bus and to inform other users of the highway that such vehicle is about to stop or is stopped on the roadway or shoulder to take on or discharge school children. They are separate from the brake lamps and shall not be used in lieu of or to supplement the brake lamps.

(2) a. The amber warning lamps shall be activated approximately 10 seconds prior to the red stop lamps to give motorists advance notice that the bus is preparing to stop or has stopped to pick up and discharge pupils. The lamps shall always be used prior to the red when available and shall be used only after the bus is relatively parallel with the travelway. The bus may be in motion when the amber warning lamps are activated.

b. The provisions of subsection (b)(2) a. of this section shall not apply to Red Clay School District school buses equipped with, and operating stop arm cameras.

(3) The red stop lamps shall be activated only when the bus is stopped, but only when the bus is stopped on the shoulder or roadway to pick up and discharge pupils. The red stop lamps shall not be displayed while the bus is in motion either before or after a stop.

(4) The amber warning lamps and/or the red stop lamps shall not be activated:

a. In designated school bus loading zones;

b. At intersections or other places where traffic is controlled by traffic-control signals or police officers;

c. When the bus is not being used as a school bus; provided, however, the amber warning lights and/or the red stop lamps may be used any time the bus is transporting children under the age of 18.

(c) *School bus words.* — The words "SCHOOL BUS" shall be displayed whenever the bus is operated as a school bus. The words shall be covered, or concealed or removed when the bus is not in actual service as a school bus.

(d) (1) *Overtaking and passing school bus.* — When a school bus is stopped and displays flashing lamps in accordance with subsection (b) of this section, the driver of any vehicle approaching the school bus from the front or from the rear shall stop before passing the bus and remain stopped until such bus begins to move or no longer has the red stop lamps activated. On roadway or roadways with 4 or more lanes, the driver approaching from the front shall not stop.

(2) The provisions of § 4101(a) of this title or any other statute notwithstanding, the provisions of this subsection shall apply upon highways and elsewhere throughout the State.

(e) *Stopping of school bus.* — Whenever practical, a school bus driver shall stop as far to the right as possible to pick up and discharge passengers.

(f) *Identification of violators.* — If any vehicle is witnessed by a police officer, school bus operator or school crossing guard to be in violation of subsection (d) of this section and the identity of the operator is not otherwise apparent, it shall be a rebuttable presumption that the person in whose name such vehicle is registered committed such violation of subsection (d) of this section.

(g) *Bus operators, bus aides or crossing guards as witnesses.* — Whenever a school bus operator, a bus aide or a crossing guard is required to prepare, with legal counsel, for an appearance or to appear in any court as witness against a person who is alleged to have violated subsection (d) of this section, the witness shall be advised by the prosecutor assigned to the case by the Attorney General. If a witness is required to prepare for or to appear in court during working hours, as an operator, aide or guard, in a case as herein described, the witness shall not suffer any loss of wages, salary or leave time as an employee of the school district, bus contractor or other employing agency, because of such appearance, except as provided in this section. If the preparation or appearance occurs at a time other than regular working hours, then the witness shall be paid by the employer for the time involved. Payment for such time shall be at the rate regularly paid to that employee, except that such payment shall not exceed $8.00 per hour. Employers shall be reimbursed for wages and employment costs paid upon presentation of appropriate documentation to the Secretary of Education.

(h) *Penalties.* — Whoever violates subsection (d) of this section shall, for the first offense, be fined not less than $115 nor more than $230 or imprisoned not less than 30 days nor more than 60 days or both. For each subsequent like offense occurring within 3 years from the former offense, such person shall be fined not less than $115 nor more than $575, and imprisoned not less than 60 days nor more than 6 months. The minimum fine levied for a violation of subsection (d) of this section shall not be subject to suspension.

(i) *Suspension of license.* — Upon receiving a conviction for a violation of subsection (d) of this section, the Department shall suspend the driver's license and/or driving privileges for a period of not less than 1 month, nor more than 1 year. If the driver's license is suspended, a conditional license may be issued pursuant to regulations adopted by the Department.

Laws, c. 64, § 183; 85 Del. Laws, c. 233, § 11.)

§ 4167. Moving heavy equipment at railroad grade crossings.

(a) No person shall operate or move any crawler-type tractor, steam shovel, derrick, roller or any equipment or structure having a normal operating speed of 10 or less miles per hour or a vertical body or load clearance of less than $^1/_2$ inch per foot of the distance between any 2 adjacent axles or in any event of less than 9 inches, measured above the level surface of a roadway, upon or across any tracks at a railroad grade crossing without first complying with this section.

(b) Notice of any such intended crossing shall be given to a station agent of such railroad and a reasonable time be given to such railroad to provide proper protection at such crossing.

(c) Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than 15 feet nor more than 50 feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train and for signals indicating the approach of a train and shall not proceed until the crossing can be made safely.

(d) No such crossing shall be made when warning is given by automatic signal or crossing gates or a flagger or otherwise of the immediate approach of a railroad train or car. If a flagger is provided by the railroad, movement over the crossing shall be under the flagger's direction.

(a) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and without having regard to the actual and potential hazards then existing. In every event, speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway, in compliance with legal requirements and the duty of all persons to use due care.

(b) The driver of every vehicle shall, consistent with the requirements of subsection (a) of this section, drive at an appropriate speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway and when a special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions.

(21 Del. C. 1953, § 4168; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 43.)

(a) Where no special hazard exists, the following speeds shall be lawful, but any speed in excess of such limits shall be absolute evidence that the speed is not reasonable or prudent and that it is unlawful [for] all types of vehicles:

(1) 25 miles per hour in any business district;

(2) 25 miles per hour in any residential district;

(3) 20 miles per hour at all school zones where 20 mph regulatory signs are posted and state the time periods or conditions during which the speed limit is in effect; such conditions may include when children are present or while 1 or more warning lights flash;

(4) 50 miles per hour on 2-lane roadways;

(5) 55 miles per hour on 4-lane roadways and on divided roadways.

(b) Whenever the Department of Transportation shall determine, on the basis of engineering studies and traffic investigations or upon the basis of a federal law or directive by the Congress or the President, that a maximum speed limit set pursuant to subsection (a) of this section in any particular place on the state maintained highway system is greater or less than is reasonable or safe, the Department shall declare a reasonable and safe maximum limit thereat, which limit shall be effective when posted. Such maximum limit may be declared to be effective either part or all of the time and differing limits may be established for different times of the day, for different types of vehicles, for different weather conditions and when other significant factors differ. Such maximum limits may be posted on fixed or variable signs. Any speed in excess of such displayed limits shall be absolute evidence that the speed is not reasonable or prudent and that it is unlawful.

(c) Penalties for violation of this section are as follows:

(1) Whoever violates this section shall for the first offense be fined $20. For each subsequent offense, the person shall be fined $25. A subsequent violation, before being punishable as such, shall have been committed within 24 months after the commission of the prior offense.

(2) Any person violating this section who exceeds the maximum speed limit by more than 5 miles per hour but less than 16 miles per hour shall pay an additional fine of $1.00 per mile, if such violation is a first offense, or $2.00 per mile, if such violation is a subsequent offense, for each mile in excess of the maximum speed limit.

(3) Any person violating this section who exceeds the maximum speed limit by more than 15 miles per hour but less than 20 miles per hour shall pay an additional fine of $2.00 per mile, if such violation is a first offense, or $3.00 per mile, if such violation is a subsequent offense, for each mile in excess of the maximum speed limit.

(4) Any person violating this section who exceeds the maximum speed limit by more than 19 miles per hour shall pay an additional fine of $3.00 per mile, if such violation is a first offense, or $4.00 per mile, if such violation is a second offense, for each mile in excess of the maximum speed limit.

(d) The Department of Transportation shall designate a maximum speed limit of 65 miles per hour for all portions of Delaware State Route 1 located between the Red Lion Creek and the Appoquinimink River, except for the delineated nonhighway speed toll plaza area. Such maximum limits may be posted on fixed or variable signs. Any speed in excess of such displayed limits shall be absolute evidence that the speed is not reasonable or prudent and that it is unlawful.

§ 4170. Speed limits set by local authorities.

(a) Whenever local authorities within their respective jurisdictions determine upon the basis of an engineering and traffic investigation that the absolute speed permitted under this chapter is greater than is reasonable or safe under the conditions found to exist, such local

authority, subject to subsection (c) of this section, shall determine and declare a reasonable and safe absolute speed limit, which shall be effective when appropriate signs giving notice thereof are erected.

(b) Local authorities in their respective jurisdictions may at their discretion, but subject to subsection (c) of this section, authorize by ordinance higher absolute speeds than those stated in this chapter upon through highways or upon highways or portions thereof where there are no intersections or between widely spaced intersections provided signs are erected giving notice of the authorized speed, but local authorities shall not modify or alter the basic rule set forth in § 4168(a) of this title.

(c) Alteration of absolute limits on state-maintained highways in any municipality by local authorities shall not be effective until such alteration has been approved by the Department of Transportation.

(2) The Department of Transportation, or the governing body of New Castle County or any municipality, may provide by regulation or ordinance, for the establishment of a program imposing monetary liability on the owner of a motor vehicle for failure to comply with designated posted speeds, as monitored by an electronic speed monitoring system in accordance with this section.

(3) This section does not apply to any authorized emergency vehicles being operated in compliance with § 4106 of this title.

(b) *Definitions. —*

For purposes of this section:

(1) “Business district” means as defined in § 101 of this title.

(2) “Electronic speed monitoring system” means a device with 1 or more motor vehicle sensors that can produce a recorded image of a motor vehicle whose speed exceeds the posted speed limit.

(3) “Electronic speed monitoring system operator” means an individual who has been trained and certified to operate an electronic speed monitoring system.

(4) “Owner” means the registered owner of the vehicle on record with this or any other state provided, however, that in the event that the owner is a vehicle leasing company the “owner,” for purposes of this section, shall mean the person shown on the records to be the lessee of the vehicle. Vehicle rental companies are excluded from the definition of “owner.”

(5) “Recorded image” means an image recorded by an electronic speed monitoring system and includes any of the following:

a. A photograph.

b. A microphotograph.

c. A digital image.

d. A video.

e. Any other medium used to store images or sounds.

(6) “Residence district” means as defined in § 101 of this title.

(7) “Work zone” means any area of roadway designated as a work zone by the Department of Transportation and in accordance with § 4105 (f)(2) of this title.

(c) *Conditions for installation and operation of electronic speed monitoring system. —*

(1) The Department of Transportation may approve the installation and use of an electronic speed monitoring system to be installed and used to record images of a motor vehicle travelling in a work zone, or in a residence district in either New Castle County or a municipality, if all of the following conditions are met:

a. If in a residence district, unless in a designated work zone, a study, which is no more than 1 year old and approved by the Department of Transportation, documents that the eighty-fifth percentile speed on the road is 5 miles per hour or greater than the posted speed limit.

b. If in a residence district the police agency with jurisdiction over the road has agreed to participate in the use of the system.

c. If the road is within the boundaries of a municipality the municipality must approve the road and extent of the road eligible for electronic speed monitoring.

d. The police agency, with jurisdiction over the road, must notify the Department of Transportation of the intent to use the electronic speed monitoring system at least 30 days in advance of implementation.

e. The Department of Transportation and police agency with jurisdiction must provide notice on their publicly-accessible web sites of the intended use of the electronic speed monitoring system at least 14 days prior to its implementation.

f. At least 1 sign must be installed advising motorists that the electronic speed monitoring system is in use.

(2) Once a road is approved for an electronic speed monitoring system the use of an electronic speed monitoring system will be at the discretion of the police agency with jurisdiction over the residence district or work zone where the system will be implemented. The police agency may consider crash data in prioritizing locations where the system is to be implemented.

(3) The Delaware State Police shall have enforcement authority over the electronic speed monitoring system in all work zones.

(4) The Department of Transportation shall develop guidelines related to the safe positioning of portable and permanent electronic speed monitoring equipment within the road right-of-way.

(d) *System vendor, calibration and operator. —*

(1) *System vendor. —*

The Department of Transportation shall select the system vendor to provide electronic speed monitoring systems for the State, counties and municipalities. The system vendor must be selected through an open competitive procurement process. To ensure integrity in the selection process a person involved in the administration or enforcement of the electronic speed monitoring system may not own any direct interest or equity in any selected vendor.

(2) *System calibration. —*

Every electronic speed monitoring system in use on the roads in this State must undergo an annual calibration check to be performed by an independent calibration laboratory.

a. The independent calibration laboratory must issue a signed certificate of calibration after the annual calibration check which:

1. Must be kept on file by the police agency within the jurisdiction where the electronic speed monitoring system is located; and

2. May be entered into evidence in any court proceeding for a violation of this section.

(3) *System operator. —*

Every electronic speed monitoring system operator must complete training by the manufacturer of the electronic speed monitoring system in the procedures for setting up, testing, and operating the electronic speed monitoring system.

a. On completion of the training, the manufacturer must issue a signed certificate to the electronic speed monitoring system operator.

b. The certificate of training may be entered into evidence in any court proceeding for a violation of this section.

c. An electronic speed monitoring system operator must fill out and sign a daily set-up log for the electronic speed monitoring system which:

1. States the date and time when the system was set up.

2. States that the operator successfully performed, and the device passed, the manufacturer’s specified self-test of the system before producing a recorded image.

3. Must be kept on file by the police agency within the jurisdiction where the electronic speed monitoring system is located.

4. May be entered into evidence in any court proceeding for a violation of this section.

(e) *Violation and proof of violation. —*

(1) For a violation to occur, a motor vehicle must exceed the posted speed limit by 11 miles per hour or more in the residence district or work zone.

(2) Proof of a violation of this section may be evidenced by information obtained from an electronic speed monitoring system approved under this section. A certificate, or facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by an electronic speed monitoring system shall constitute prima facie evidence of the facts contained therein, if the certificate, or facsimile thereof, is sworn to or affirmed by an operator or a technician employed by a state agency or entity designated by a state agency for the purpose of carrying out this subsection. Any photographs, microphotographs, videotape or other recoded images evidencing a violation shall be made available for inspection in any proceeding to adjudicate liability for violation of this section.

(f) *Notice of violation, procedure to contest violation, and orders subject to appeal. —*

(1) Any resident or nonresident owner or operator of any motor vehicle driven on the public streets, roads, turnpikes or highways of this State will be deemed to have submitted to the jurisdiction of the courts in this State for purposes of this section. Notwithstanding any other provision of the Code, a summons for a violation of this section may be executed by mailing to any resident or nonresident, by first-class mail, a copy thereof to the address of the owner of the vehicle as shown in the records of the Division of Motor Vehicles of this or any other state. Collection actions, including default judgment and execution, may proceed based upon jurisdiction obtained through the mailing, by first-class mail, of a summons and subsequent court notices pursuant to this subsection. Every initial mailing shall include the following:

a. Name and address of the owner of the vehicle.

b. Registration number of the motor vehicle involved in the violation.

c. Violation charges.

d. Location where the violation occurred.

e. Date and time of the violation.

f. Copies of 2 or more photographs, microphotographs, or other recoded images, taken as proof of the violation.

g. Amount of the civil penalty imposed and the date by which the civil penalty should be paid.

h. The length of time and location for contesting liability and notice that the failure to pay the civil penalty or to contest liability, in a timely manner, is an admission of liability and may result in a judgment being entered against the summonsed person and the denial of the registration or renewal of registration of any of the owner's vehicles.

i. The ability to rebut the presumption under this section that the summonsed person was the operator of the vehicle at the time of the violation and the manner of rebutting said presumption.

(2) A person receiving the summons pursuant to this subsection may request a hearing to contest the violation by notifying, in writing, the entity designated on the summons within 20 days of the date of the summons. Upon receipt of a timely request for a hearing, a civil hearing shall be scheduled, and the defendant notified of the hearing date by first-class mail. A civil hearing shall be held by the Justice of the Peace Court or other court with competent jurisdiction as designated by the Department of Safety and Homeland Security or county or municipality in which the speed camera was located. There shall be no right of transfer to the Court of Common Pleas.

(3) Any person found, by the court, to be responsible for a speeding violation, under this subsection, shall have a right of appeal only in those cases in which the civil penalty exceeds $100, upon giving bond with surety satisfactory to the judge before whom such person was found responsible, such appeal to be taken and bond given within 15 days from the court's order. Such appeal shall operate as a stay or supersedeas of all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. The taking of such appeal shall constitute a waiver by the appellant of the appellant's right to a writ of certiorari in the Superior Court.

(g) *Civil penalties. —*

(1) The owner or operator of a vehicle who has failed to comply with the posted speed limit, as evidenced by information obtained from an electronic speed monitoring system, shall be subject to a civil penalty consistent with those established under § 4169(c) of this title. Assessments defined under § 4105 of this title, §§ 4101 and 9016 of Title 11 and § 8505 of Title 10, shall only be assessed for violations occurring in a "work zone" as defined in subsection (b) of this section.

(2) Court costs, or similar administrative fees, not to exceed $35, may be imposed against an owner or operator of a motor vehicle who requests a hearing to contest a violation and is either found at fault or admits to fault at the hearing. No costs may be assessed against a prevailing party.

(3) No additional assessments or court costs, other than those specified in this subsection, shall be assessed or collected against the owner or operator of a vehicle who has violated this section.

(4) Persons electing to pay by voluntary assessment shall make payments to the entity designated on the summons for payment. Such entity may be the Department of Safety and Homeland Security, or the city or county in which the speed camera was located. Procedures for payment under this subsection shall be as provided by court rule or policy directive of the Justice of the Peace Court, or by regulation of the Department of Safety and Homeland Security, or by regulation, code, or ordinance of the applicable city or county, and shall be in lieu of the procedures set forth in § 709 of this title.

(5) A violation for which a civil penalty is imposed under this section is not a criminal offense and is not to be made a part of the operating record of the person upon whom such liability is imposed.

(6) A violation for which a civil penalty is imposed under this section shall not be used for insurance purposes in the provision of motor vehicle insurance.

(h) *Presumption of ownership. —*

(1) The owner of any vehicle found to be in violation of this section shall be held prima facie responsible for such violation in the same manner as under § 7003 of this title unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody or control of another person. Such presumption may be rebutted if the owner:

a. Provides an affidavit, by regular mail, to the entity indicated on the summons that the owner was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person or company who leased, rented, or otherwise had care, custody or control of the vehicle, or attaches a certified copy of a police report showing that the vehicle or license plate or plates thereof had been reported to the police as stolen prior to the alleged violation of this section; or

b. Provides proof in court or to the entity handling the administrative appeal process that the owner was not the operator of the vehicle at the time of the alleged violation and identifies the operator at the time of the violation. If the owner granted multiple persons permission to use the vehicle and is unable to identify the person who was operating the vehicle at the time of the violation, the owner will remain liable for the violation.

(2) A summons may be issued to any person identified by affidavit or evidence in court as the actual operator of the vehicle alleged to have violated the speed limit. There shall be a presumption that the person so identified was the operator; this presumption may be rebutted as described under this subsection.

(3) Notwithstanding any other provision in this section, if the motor vehicle which is documented by the electronic speed monitoring system in violation of subsection (e) of this section is commercially licensed, then the owner of that vehicle shall be sent notice of the date, time, and location of the violation with 2 photographs thereof. Within 10 days of the receipt of said notice, the owner of

the vehicle shall provide the law-enforcement agency which has issued the summons with the name and address of the driver of the vehicle at the date, time, and location of the violation and, within the same time period, shall provide the driver of the vehicle with the photographs of the violation. After receipt by the law-enforcement agency which has issued the summons of the name and address of the driver of the vehicle at the time of the violation, the driver of the vehicle shall be prima facie responsible for such violation in the same manner as provided for under § 7003 of this title and shall be subject to the provisions of this section. Failure of the owner of the vehicle found to be in violation of this section to provide the name and address of the driver, within the prescribed time period, shall cause the owner to be held responsible as set forth in this subsection.

(i) Failure to pay civil penalty. —

(1) If the owner or operator identified by the owner fails to pay the civil penalty by voluntary assessment, request a hearing within the required time or submit an affidavit stating that the owner or operator identified was not the driver, the Division of Motor Vehicles shall refuse to renew the registration of the owner's vehicle operated at the time the summons was issued. If the owner or operator identified by the owner is found responsible at a hearing and fails to pay the fine as ordered by the court, or requests a hearing and fails to appear, the Division of Motor Vehicles shall suspend the license of the owner or operator.

(2) Upon receiving a record of failure to comply, a court clerk may enter a civil traffic judgement against the owner or operator in the amount of the civil penalty, costs, and any applicable additional assessment, giving credit for any amount paid. Such judgement may, upon motion, be transferred by the court to the civil docket. Any judgement so transferred may be executed and enforced or transferred in the same manner as other judgements of the court and the Division of Public Safety, or its designee, shall have authority to seek such execution, enforcement or transfer.

(j) Funding sources and use of revenue. —

(1) The Department of Transportation, New Castle County, and any municipality, may contract with the approved system vendor for carrying out any tasks related to the use of an electronic speed monitoring system by using any eligible funding source.

(2) Revenue generated through the use of electronic speed monitoring systems may be used to pay costs of the system vendor, staff required to implement this section, and any consultant fees for administration of the electronic speed monitoring system.

(3) Any revenue collected above what is required for the operation of the electronic speed monitoring system, as set forth in this subsection, shall be managed by the Office of Highway Safety and may be used only for transportation safety purposes under any of the following categories:

a. Education.

b. Enforcement.

c. Engineering.

d. Administrative expenses.

(k) *Annual report.* —

(1) The Department of Transportation shall be responsible for preparing an annual report on the electronic speed monitoring system as implemented statewide. The report shall include all of the following:

a. Where and when the system was used.

b. Citation data.

c. Crash data.

d. Readily-available speed data.

e. Financial data including expenditures and revenues.

(2) Police agencies shall cooperate with the Department of Transportation regarding the collection of data necessary to prepare the annual report. In the event a police agency does not provide requested information, in a timely manner, to the Department of Transportation, the police agency will no longer be eligible for use of the electronic speed monitoring system.

(84 Del. Laws, c. 74, § 1.)

§ 4171. Minimum speed.

(a) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

(b) A minimum speed limit, below which no person shall drive a vehicle except when necessary for safe operation or in compliance with law, may be displayed on appropriate traffic-control devices.

(21 Del. C. 1953, § 4171; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 700, § 8; 60 Del. Laws, c. 701, § 44.)

§ 4172. Speed exhibitions; drag races and other speed contests.

(a) No person shall drive any vehicle in any race, speed competition or contest, drag race or acceleration contest, test of physical endurance, exhibition of speed or acceleration and no person shall aid, abet, promote, assist or in any manner participate in any such race, competition, contest, test or exhibition.

(b) No person shall accelerate or try to accelerate a vehicle, or any of its tires, regardless of whether the vehicle is stationary or in motion, at a rate which causes the drive wheels to spin or slip on the road surface, to produce smoke from tire slippage, or to leave visible tire acceleration marks on a highway, ground, or other surface. This subsection shall not apply during periods of inclement weather, unless such conduct is done in wilful or wanton disregard for the safety of persons or property.

(c) No owner or person in charge of a vehicle shall permit that vehicle or any vehicle under the person's control to be used by another person for any of the purposes listed in subsection (a) or (b) of this section. If any vehicle is used in violation of this section and the identity of the operator is not otherwise apparent, the person in whose name such vehicle is registered as the owner shall be held prima facie responsible for such violation.

(d) (1) A violation of this section is an unclassified misdemeanor for the first offense. For a first offense, any sentence shall also include 16 hours of community service either as a condition of probation or pursuant to § 4204(m) of Title 11. A subsequent like offense is a class A misdemeanor. For a subsequent offense, any sentence shall also include 40 hours of community service either as a condition of probation or pursuant to § 4204(m) of Title 11. Any fine imposed may not be suspended. Upon receiving notice of a conviction for a first offense, the Secretary shall forthwith suspend the driver's license of the person convicted, for a period of 6 months. Upon receiving notice of a conviction of a subsequent like offense, the Secretary shall suspend the driver's license for a 1-year period. Notwithstanding the foregoing, there shall not be a suspension of driver's license upon conviction for a first offense under subsection (b) of this section.

(2) a. Whenever a person is arrested or issued a citation for a violation of this section, the issuing or arresting law-enforcement agency shall impound the vehicle used in the offense. A law-enforcement officer may elect not to impound the vehicle, if there is an emergency or medical necessity jeopardizing life or limb, or if the law-enforcement officer is presented with exigent circumstances, including resource constraints.

b. A vehicle impounded pursuant to this section shall be impounded for a period of 72 hours after the time of arrest or citation, or until such later time as the person claiming the vehicle meets the conditions for release listed in paragraph (d)(2)d. of this section. This section does not otherwise limit any other provisions of the Code that govern the lawful seizure of vehicles or evidence.

c. A vehicle impounded pursuant to this section may be released to a person other than the arrestee prior to the end of the impoundment period only under 1 of the following conditions:

1. The arrestee does not own and has not leased the vehicle, and the person who owns or leases the vehicle claims the vehicle and meets the conditions of release set forth in paragraph (d)(2)d. of this section.

2. The vehicle is owned or leased by the arrestee and the arrestee gives permission to another person, who has provided written acknowledgment that such person is responsible for not allowing the arrestee to drive the motor vehicle during the balance of the impoundment period, and the conditions for release in paragraph (d)(2)d. of this section are met. Should another person obtain the early release of an impounded vehicle under this paragraph and the arrestee thereafter drives, operates, or is in actual physical control of the vehicle during the balance of the 72-hour period of impoundment, the person that obtained the early release of the vehicle shall be guilty of a violation and subject to a $200 fine, which shall not be suspended. In any such prosecution under this paragraph, the State does not need to present a copy of the written acknowledgement.

d. A vehicle impounded pursuant to this section shall not be released unless all of the following conditions are met:

1. The claimant presents a valid driver's license or other photo identification, proof of ownership or lawful authority to operate the motor vehicle, and proof of valid motor vehicle insurance for that vehicle. If the vehicle will be driven out of impoundment, the claimant must have a valid driver's license or be accompanied by a person with a valid driver's license. If the vehicle is an ATV or OHV, proof of insurance is not necessary.

2. The claimant is able to operate the vehicle in a safe manner and would not be in violation of § 4177(a) of this title.

3. Any other conditions for release established by the law-enforcement agency have been met.

4. All reasonable towing and storage fees connected to the vehicle have been paid. The State and the arresting law-enforcement agency shall not be liable for any expenses incurred in connection with the towing and storage of said vehicle.

(e) (1) This section applies on highways and elsewhere throughout the State including all of the following:

a. On any driveway or premises of a church, school, recreational facility, or business or governmental property open to the public.

b. On the premises of any industrial establishment providing parking space for customers, patrons, or employees.

c. On any highway under construction or not yet open to the public.

(2) This section does not apply on any raceway, drag strip, or other place customarily and lawfully used for speed exhibitions or contests, or any nonresidential commercial, industrial, or other property where the participants have received express permission from the owner or the owner's agent.

(3) For the purpose of this section, the term "vehicle" includes "all terrain vehicle," "ATV," "Off-highway vehicle," and "OHV" as those terms are defined in § 101 of this title.

(4) For purposes of this section, a "subsequent offense" means a new violation of either subsection (a) or (b) of this section occurring within 5 years of the date of any former offense under this section.

(f) (1) If a person is found in violation of this section and the vehicle used in the violation is registered to that person or where the registrant permits the use of the vehicle, the court, at the time of sentencing the operator for violating this section, may, upon motion by

the State, order said vehicle be impounded for up to 90 days for the first violation of this section, and for up to 1 year for a subsequent violation, provided that a public or private secure storage area may be obtained by the arresting law-enforcement agency for said vehicle. The court shall permit any party with a legal or equitable interest in the vehicle an opportunity to show cause why the impoundment of such vehicle should cease. Prior to releasing said vehicle, the person to whom the vehicle is released shall pay all reasonable towing and storage fees connected therewith. The State and the arresting law-enforcement agency shall not be liable for any expenses incurred in connection with the towing and storage of said vehicle.

(2) In lieu of impoundment under paragraph (f)(1) of this section, the court may order that the number plate or registration plate of any Delaware-registered vehicle used in connection with a violation of subsection (a) of this section be surrendered to the Department within 72 hours of the issuance of the order, or in accordance with the Department's procedures, for up to 90 days for the first violation of this section, and for up to 1 year for a subsequent violation. The court shall permit any party with a legal or equitable interest in the vehicle an opportunity to show cause why the surrender of said plate should cease. After a person is convicted for a violation of this section, no person shall sell, transfer, or encumber the title to a Delaware-registered vehicle that the person knows is subject to a court order, except in the case of salvage, repossession, or unless first approved by the court that issued the order. The Department may not issue any alternate number plate or registration plate to that vehicle during the period of surrender, unless approved by the court that entered the order or upon presentment of proof of salvage or repossession. Anyone convicted of a violation of this section is prohibited from driving, operating, or being in physical control of the vehicle during the period of surrender absent specific court approval, regardless of any legal or equitable interest they might have in the vehicle.

(g) Whenever any vehicle has been used in, or in connection with, the commission of a violation of this section, or in connection with the flight or escape of any person convicted of a violation of this section, and any vehicle involved causes serious physical injury or death to another person during the course of the violation, or its operator is in violation of § 4177(a) of this title as a second offense or higher, the State, pursuant to the procedure governing set forth in Chapter 23 of Title 11 may seek to have forfeited any vehicle involved, whether it be the vehicle or an accomplice vehicle.

(h) Nothing in this section shall be construed to preclude or otherwise limit prosecution of or conviction for a violation of this chapter or any other provision of law. A person may be prosecuted and convicted of both the offenses of speed exhibitions, drag races and other speed contests and any other offenses as defined elsewhere by the laws of the State.

(i) (1) Except as provided under paragraph (i)(2) of this section, the Court of Common Pleas has exclusive original jurisdiction of a violation of this section.

(2) If a violation of this section may be joined properly with a felony or other offense within the jurisdiction of the Superior Court, the violation of this section is within the jurisdiction of the Superior Court.

(b) No owner or person in charge of a motor vehicle shall permit that motor vehicle or any motor vehicle under the person's control to be operated by another person in such a manner as to cause wilful, wanton or reckless damage to or destruction of property owned by another person, party, company or corporation, nor so as to cause or threaten to cause injury or death to any person.

(c) Whoever being an operator violates this section shall be guilty of an unclassified misdemeanor, and shall be fined for the first offense not less than $25 nor more than $200, or imprisoned not less than 10 days nor more than 30 days or both. Upon receiving the notice of such conviction, the Secretary shall forthwith suspend the driver's license of the person convicted, for a period of not longer than 6 months. For each subsequent like offense, the person shall be fined not less than $50 nor more than $400, or imprisoned not less than 15 days nor more than 60 days or both. Upon receiving a court record of conviction for a subsequent like offense, the Secretary shall suspend the driver's license for a 1-year period.

(d) Whoever being the owner or person in charge of a motor vehicle who permitted such motor vehicle to be operated in violation of this section shall be guilty of an unclassified misdemeanor, and shall be fined for the first offense not less than $28.75 nor more than $230, or imprisoned not less than 10 days nor more than 30 days or both. For each subsequent like offense the person shall be fined not less than $57.50 nor more than $460, or imprisoned not less than 15 days nor more than 60 days or both.

(a) No person shall drive a vehicle over any bridge or elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such bridge has traffic-control devices displayed.

(b) No person shall drive a vehicle over any bridge or elevated structure constituting a part of a highway when such vehicle's gross weight, including carried load, is greater than the maximum weight which can be maintained with safety to such bridge or structure, when such structure has traffic-control devices displayed.

(c) The existence of traffic-control devices shall be conclusive evidence of the maximum speed or gross weight, including carried load, which can, with safety to any such structures, be maintained thereon.

For each subsequent like offense occurring within 3 years of a former offense, the person shall be fined not less than $300 nor more than $1,000, or be imprisoned not less than 30 nor more than 60 days, or both. No person who violates subsection (a) of this section shall receive a suspended sentence. However, for the first offense, the period of imprisonment may be suspended. at the time of driving, if the person's alcohol concentration is, within 4 hours after the time of driving .08 or more and that alcohol concentration is the result of an amount of alcohol present in, or consumed by the person when that person was driving;

(6) When the person's blood contains, within 4 hours of driving, any amount of an illicit or recreational drug that is the result of the unlawful use or consumption of such illicit or recreational drug or any amount of a substance or compound that is the result of the unlawful use or consumption of an illicit or recreational drug prior to or during driving.

(b) In a prosecution for a violation of subsection (a) of this section:

No person shall be guilty under paragraph (a)(6) of this section when the person has not used or consumed an illicit or recreational drug prior to or during driving but has only used or consumed such drug after the person has ceased driving and only such use or consumption after driving caused the person's blood to contain an amount of the drug or an amount of a substance or compound that is the result of the use or consumption of the drug within 4 hours after the time of driving.

b. No person shall be guilty under paragraph (a)(6) of this section when the person has used or consumed the drug or drugs detected according to the directions and terms of a lawfully obtained prescription for such drug or drugs.

c. Nothing in this subsection nor any other provision of this chapter shall be deemed to preclude prosecution under paragraph (a)(2) or (a)(3) of this section.

(c) For purposes of subchapter III of Chapter 27 of this title and this subchapter, the following definitions shall apply:

(1) "Alcohol concentration of .08 or more" shall mean:

a. An amount of alcohol in a sample of a person's blood equivalent to .08 or more grams of alcohol per 100 milliliters of blood; or

(4) "Chemical test" or "test" shall include any form or method of analysis of a person's blood, breath or urine for the purposes of determining alcohol concentration or the presence of drugs which is approved for use by the Forensic Sciences Laboratory, Division of Forensic Science, the Delaware State Police Crime Laboratory, any state or federal law-enforcement agency, or any hospital or medical laboratory. It shall not, however, include a preliminary screening test of breath performed in order to estimate the alcohol concentration of a person at the scene of a stop or other initial encounter between an officer and the person.

(8) "Unlawful use or consumption" as that phrase is used in paragraph (a)(6) of this section means that the person used or consumed a drug without legal authority to do so as provided by Delaware law. This Code describes the procedure by which a person may lawfully obtain, use or consume certain drugs. In a prosecution brought under paragraph (a)(6) of this section, the State need not present evidence of a lack of such legal authority. In a prosecution brought under paragraph (a)(6) of this section, if a person claims that such person lawfully used or consumed a drug, it is that person's burden to show that person has complied with and satisfied the provisions of this Code regarding obtaining, using or consumption of the drug detected.

The sentencing court may suspend up to 9 months of any minimum sentence set forth in this paragraph provided, however, that any portion of a sentence suspended pursuant to this paragraph shall include participation in both a drug and alcohol abstinence program and a drug and alcohol treatment program as set forth in paragraph (d)(9) of this section.

The sentencing court may suspend up to $^1/_2$ of any minimum sentence set forth in this section provided, however, that any portion of a sentence suspended pursuant to this paragraph shall include participation in both a drug and alcohol abstinence program and a drug and alcohol treatment program as set forth in paragraph (d)(9) of this section. No conviction for a violation of this section, for which a sentence is imposed pursuant to this paragraph or paragraph (d)(3) or (d)(4) of this section, shall be considered a predicate felony for conviction or sentencing pursuant to § 4214 of Title 11. No offense for which sentencing pursuant to this paragraph or paragraph (d)(3) or (d)(4) of this section is applicable shall be considered an underlying felony for a murder in the first degree charge pursuant to § 636(a)(2) of Title 11.

(9) Any minimum sentence suspended pursuant to paragraph (d)(3), (d)(4), or (d)(8) of this section shall be upon the condition that the offender shall complete a program of supervision which shall include:

a. A drug and alcohol abstinence program requiring that the offender maintain a period of not less than 90 consecutive days of sobriety as measured by a transdermal continuous alcohol monitoring device or through periodic breath or urine analysis. In addition to such monitoring, the offender shall participate in periodic, random breath or urine analysis during the entire period of supervision.

b. An intensive inpatient or outpatient drug and alcohol treatment program for a period of not less than 3 months as approved by the Court or the Department of Correction.

1. Such treatment and counseling may be completed either while an offender is serving any level of supervision as defined by § 4204(c)(2) through (5) of Title 11 or after arrest but before adjudication of the offense.

2. Notwithstanding paragraph (d)(9)b.1. of this section, the offender must complete the required drug and alcohol treatment program within 9 months from the date the offender is sentenced or from the date of release following a Level V or Level IV sentence.

3. If an offender fails to complete the required drug and alcohol treatment program as required under paragraph (d)(9)b.2. of this section, the court shall impose the portion of the minimum sentence suspended by the court under paragraphs (d)(3), (d)(4), or (d)(8) of this section for the offender's participation in the program.

4. On petition by the offender, or the Department of Correction, filed before the expiration of the 9-month period under paragraph (d)(9)b.2. of this section, the court may, for good cause shown, extend the 9-month period to accommodate the completion of the required drug and alcohol treatment program.

c. Any other terms or provisions deemed appropriate by the sentencing court or the Department of Correction.

(10) In addition to the penalties otherwise authorized by this subsection, any person convicted of a violation of subsection (a) of this section, committed while a person who has not yet reached the person's seventeenth birthday is on or within the vehicle shall:

a. For the first offense, be fined an additional minimum of $500 and not more than an additional $1,500 and sentenced to perform a minimum of 40 hours of community service in a program benefiting children.

b. For each subsequent like offense, be fined an additional minimum of $750 and not more than an additional $2,500 and sentenced to perform a minimum of 80 hours of community service in a program benefiting children.

c. Violation of this paragraph shall be considered as an aggravating circumstance for sentencing purposes for a person convicted of a violation of subsection (a) of this section. Nothing in this paragraph shall prevent conviction for a violation of both subsection (a) of this section and any offense as defined elsewhere by the laws of this State.

d. Violation of or sentencing pursuant to this paragraph shall not be considered as evidence of either comparative or contributory negligence in any civil suit or insurance claim, nor shall a violation of or sentencing pursuant to this paragraph be admissible as evidence in the trial of any civil action.

(11) A person who has been convicted of prior or previous offenses of this section, as defined in § 4177B(e) of this title, need not be charged as a subsequent offender in the complaint, information or indictment against the person in order to render the person liable for the punishment imposed by this section on a person with prior or previous offenses under this section. However, if at any time after conviction and before sentence, it shall appear to the Attorney General or to the sentencing court that by reason of such conviction and prior or previous convictions, a person should be subjected to paragraph (d)(3), (d)(4), (d)(5), (d)(6) or (d)(7) of this section, the Attorney General shall file a motion to have the defendant sentenced pursuant to those provisions. If it shall appear to the satisfaction of the court at a hearing on the motion that the defendant falls within paragraph (d)(3), (d)(4), (d)(5), (d)(6) or (d)(7) of this section, the court shall enter an order declaring the offense for which the defendant is being sentenced to be a felony and shall impose a sentence accordingly.

(12) The Court of Common Pleas and Justice of the Peace Courts shall not have jurisdiction over offenses which must be sentenced pursuant to paragraph (d)(3), (d)(4), (d)(5), (d)(6), (d)(7), (d)(8) or (d)(9) of this section.

(13) The Justice of the Peace Court shall have jurisdiction to accept pleas of guilt and to impose sentence for violations of this section that are not subject to sentencing pursuant to paragraphs (d)(3) through (d)(9) of this section and to enter conditional adjudications of guilt requiring or permitting a person to enter a first offender election pursuant to § 4177B of this title. The Justice of the Peace Court shall not have jurisdiction to try any violations of this section. If an offense or criminal case within the exclusive jurisdiction of a justice of the peace or alderman or mayor of any incorporated city or town, except the City of Newark, is or may be joined properly with a violation of this section, such offense or criminal case shall remain joined with any violation of this section for the purpose of trial.

(14) If a person enters a guilty plea in a court of competent jurisdiction to a violation of subsection (a) of this section, such action shall constitute a waiver of the right to an administrative hearing as provided for in § 2742 of this title and shall act to withdraw any request previously made therefor.

(15) Notwithstanding any law to the contrary, the phrase "all crimes" as used in the Truth in Sentencing Act of 1989 shall include felonies under this section, and any amendments thereto.

(e) In addition to any penalty for a violation of subsection (a) of this section, the court shall prohibit the person convicted from operating any motor vehicle unless such motor vehicle is equipped with a functioning ignition interlock device; the terms of installation of the device and licensing of the individual to drive shall be as set forth in § 4177C and § 4177G of this title. A person who is prohibited from operating any motor vehicle unless such motor vehicle is equipped with a functioning ignition interlock device under this title at the

time of an offense under subsection (a) of this section shall, in addition to any other penalties provided under law, pay a fine of $2,000 and be imprisoned for 60 days.

(f) In addition to any penalty for a violation of subsection (a) of this section, the court shall order the person to complete an alcohol evaluation and to complete a program of education or rehabilitation pursuant to § 4177D of this title which may include inpatient treatment and be followed by such other programs as established by the treatment facility, not to exceed a total of 15 months and to pay a fee not to exceed the maximum fine; provided however, that successful graduation from the Superior Court's Veterans' Treatment Court or the successful completion of the Court of Common Pleas Driving Under the Influence Treatment Program shall satisfy this requirement.

(g) For purposes of a conviction premised upon subsection (a) of this section, or any proceeding pursuant to this Code in which an issue is whether a person was driving a vehicle while under the influence, evidence establishing the presence and concentration of alcohol or drugs in the person's blood, breath or urine shall be relevant and admissible. Such evidence may include the results from tests of samples of the person's blood, breath or urine taken within 4 hours after the time of driving or at some later time. In any proceeding, the resulting alcohol or drug concentration reported when a test, as defined in paragraph (c)(3) of this section, is performed shall be deemed to be the actual alcohol or drug concentration in the person's blood, breath or urine without regard to any margin of error or tolerance factor inherent in such tests.

(1) Evidence obtained through a preliminary screening test of a person's breath in order to estimate the alcohol concentration of the person at the scene of a stop or other initial encounter between a law-enforcement officer and the person shall be admissible in any proceeding to determine whether probable cause existed to believe that a violation of this Code has occurred. However, such evidence may only be admissible in proceedings for the determination of guilt when evidence or argument by the defendant is admitted or made relating to the alcohol concentration of the person at the time of driving.

(2) Nothing in this section shall preclude conviction of an offense defined in this Code based solely on admissible evidence other than the results of a chemical test of a person's blood, breath or urine to determine the concentration or presence of alcohol or drugs.

(3) A jury shall be instructed by the court in accordance with the applicable provisions of this subsection in any proceeding pursuant to this Code in which an issue is whether a person was driving a vehicle while under the influence of alcohol or drugs or a combination of both.

(h) (1) For the purpose of introducing evidence of a person's alcohol concentration or the presence or concentration of any drug pursuant to this section, a report signed by the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist who performed the test or tests as to its nature is prima facie evidence, without the necessity of the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist personally appearing in court:

a. That the blood delivered was properly tested under procedures approved by the Division of Forensic Science, or the Delaware State Police Crime Laboratory;

b. That those procedures are legally reliable;

c. That the blood was delivered by the officer or persons stated in the report; and,

d. That the blood contained the alcohol, drugs or both therein stated.

(2) Any report introduced under paragraph (h)(1) of this section must:

a. Identify the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist as an individual certified by the Division of Forensic Science, the Delaware State Police Crime Laboratory or any county or municipal police department employing scientific analysis of blood, as qualified under standards approved by the Division of Forensic Science, or the Delaware State Police Crime Laboratory to analyze the blood;

b. State that the person made an analysis of the blood under the procedures approved by the Division of Forensic Science or the Delaware State Police Crime Laboratory; and,

c. State that the blood, in that person's opinion, contains the resulting alcohol concentration or the presence or concentration of any drug within the meaning of this section.

Nothing in this subsection precludes the right of any party to introduce any evidence supporting or contradicting the evidence contained in the report entered pursuant to paragraphs (h)(1) and (2) of this section.

(3) For purposes of establishing the chain of physical custody or control of evidence defined in this section which is necessary to admit such evidence in any proceeding, a statement signed by each successive person in the chain of custody that the person delivered it to the other person indicated on or about the date stated is prima facie evidence that the person had custody and made the delivery stated, without the necessity of a personal appearance in court by the person signing the statement, in accordance with the same procedures outlined in § 4331(3) of Title 10.

(4) In a criminal proceeding, the prosecution shall, upon written demand of a defendant filed in the proceedings at least 15 days prior to the trial, require the presence of the Forensic Toxicologist, Forensic Chemist, State Police Forensic Analytical Chemist, or any person necessary to establish the chain of custody as a witness in the proceeding. The chain of custody or control of evidence defined in this section is established when there is evidence sufficient to eliminate any reasonable probability that such evidence has been tampered with, altered or misidentified.

(i) In addition to any other powers of arrest, any law-enforcement officer is hereby authorized to arrest without a warrant any person who the officer has probable cause to believe has violated the provisions of this section, regardless of whether the alleged violation was

committed in the presence of such officer. This authority to arrest extends to any hospital or other medical treatment facility located beyond the territorial limits of the officer's jurisdiction provided there is probable cause to believe that the violation of this section occurred within the officer's jurisdiction. This authority to arrest also extends to any place where the person is found within 4 hours of the alleged driving of a vehicle if there is reason to believe the person has fled the scene of an accident in which that person was involved, and provided there is probable cause to believe that the violation of this section occurred within the officer's jurisdiction.

(j) Any court in which a conviction of or guilty plea to a driving under the influence offense shall include the blood alcohol concentration of the defendant (if any is on record) when forwarding notice of said conviction or guilty plea to the Division of Motor Vehicles.

(a) The Secretary shall forthwith revoke the driver's license or driving privileges of a person convicted of a violation of § 4177 of this title or any offense under the laws of any state or of the United States or local jurisdiction or the District of Columbia which prohibits driving under the influence of alcohol or drugs. The Secretary shall revoke the person's driver's license or driving privileges for 1 of the following periods, as applicable:

(1) *First offense. —*

12 months; except that if the person's blood alcohol concentration was .15 or greater, but less than .20, the revocation period must be 18 months, or if the person's blood alcohol concentration was .20 or greater, or the person refused a chemical test, the revocation period must be 24 months.

(2) *Second offense. —*

(4) *Fourth or further subsequent offenses. —*

60 months regardless of the person's blood alcohol concentration.

(b) (1) The Secretary shall reinstate the driver's license or driving privileges of a person sentenced under § 4177(d) of this title if the person does 1 of the following:

c. Successfully graduates from the Superior Court's Veterans' Treatment Court.

(2) The Secretary shall reinstate the driver's license or driving privileges of a person sentenced under § 4177(d) of this title who is not eligible for the IID Program under § 4177G of this title, or who did not apply to obtain an IID license or participate in the IID Program under §§ 4177C and 4177G of this title and whose license revocation period under this section has elapsed, if the person does all of the following:

a. Pays all fees under the schedule adopted by the Secretary.

b. Satisfactorily completes a course or program established under § 4177D of this title.

c. Does not operate a vehicle during the person's revocation period.

(c) (1) Notwithstanding the requirement in subsection (b) of this section that the Secretary reinstate the driver's license or driving privileges of a person sentenced under § 4177(d) of this title if the person complies with the requirements for reinstatement, the Secretary may refuse to reinstate the person's driver's license or driving privileges if the Secretary finds that the person has not been of good behavior for the entire period of the revocation.

§ 4177B. First offenders; election in lieu of trial.

(a) (1) A person qualifies for the first offenders election under this section if the person meets all of the following:

a. Has never had a previous or prior conviction or offense as defined in paragraph (e)(1) of this section.

b. Had not accumulated 3 or more moving violations within 2 years of the date of the offense in question on the person's driving record according to the records of the Division of Motor Vehicles of the person's state of residence.

c. Was not, with respect to the offense in question, involved in an accident resulting in injury to any person other than the person's own self.

d. Did not have an alleged blood alcohol concentration of .15 or more at the time of driving or within 4 hours of driving.

f. Is not subject to the enhanced penalties of § 4177(d)(10) of this title for carrying a child on or within that person's vehicle while driving under the influence.

(2) If a person applies and qualifies for the first offenders election under this section, all of the following apply:

a. The court, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and shall place the accused on probation upon terms and conditions, including enrollment in a course of instruction or program of rehabilitation established under § 4177D of this title.

b. The application constitutes a waiver of the right to speedy trial.

c. The application and acceptance of the first offenders election constitutes agreement to pay the costs of prosecution for the case. The court shall assess such costs and impose them as a condition of probation. For the purposes of this section, costs of prosecution are $250 and any additional costs as established by the appropriate court schedules.

d. The application constitutes a waiver of the right to an administrative hearing under § 2742 of this title and acts to withdraw any request previously made for such a hearing.

(3) If a person elects not to apply for the first offender election under this section, or is not qualified, the court shall promptly arraign the person for a violation of § 4177 of this title.

(b) If a person is alleged to have violated a term or condition of probation, including failure to appear for evaluation at an assigned evaluating agency, the court shall hold a hearing to determine if a term or condition has been violated and, if so, shall enter an adjudication of guilt and proceed as otherwise provided under § 4177 of this title.

(1) The court shall provide notice of the hearing required under this section and the alleged violation of a term or condition of probation to the person.

(2) If the person fails to appear for the hearing required under this section, the court may proceed with the hearing.

(c) (1) If a person fulfills the terms and conditions of probation, including satisfactory completion of the course of instruction or program of rehabilitation, and payment of all fees, the court shall do both of the following:

a. Discharge the person and the proceedings against the person.

b. Submit to the Division of Motor Vehicles a written report specifying the name of the person and the nature of the proceedings against the person.

(2) The Division of Motor Vehicles shall retain the report issued under paragraph (c)(1)b. of this section for further proceedings, if required.

(d) The Secretary shall forthwith revoke the driver's license or driving privileges of a person who applies for the first offender election under subsection (a) of this section for a period of 1 year.

(1) If the person qualifies for and accepts the first offender election, the revocation period is for 1 year from the date of the initial revocation.

(2) If the person does not qualify for, or is not accepted into, the first offender election, or if the person is found by the court to be in violation of a term or condition of probation, the revocation period under this section continues until sentence is imposed. This revocation period is not concurrent with or part of any other revocation period established under this subchapter and is effective as of the date of sentencing for a period of 1 year.

(e) (1) *Prior or previous conviction or offense. —*

For purposes of §§ 2742 and 4177 of this title and this section, § 4215A of Title 11 does not apply. Instead, all of the following constitute a prior or previous conviction or offense:

a. A conviction or other adjudication of guilt or delinquency under § 4175(c) or § 4177 of this title or a similar statute of any state or local jurisdiction, any federal or military reservation, or the District of Columbia.

b. A conviction or other adjudication of guilt or delinquency under a criminal statute encompassing death or injury caused to another person by the person's driving where driving under the influence or with a prohibited blood alcohol concentration or an illicit or recreational drug content was an element of the offense, whether such conviction was under this Code or the law of any state or local jurisdiction, any federal or military reservation, or the District of Columbia.

c. Participation in a course of instruction or program of rehabilitation or education under § 4175(c) or § 4177 of this title, this section, or a similar statute of any state or local jurisdiction, any federal or military reservation, or the District of Columbia, regardless of the existence or validity of any accompanying attendant plea or adjudication of guilt.

d. A conditional adjudication of guilt, court order, or agreement sanctioned by a court requiring or permitting a person to apply for, enroll in, or otherwise accept first offender treatment or any other diversionary program under this section or a similar statute of any state or local jurisdiction, any federal or military reservation, or the District of Columbia.

(2) *Time limitations. —*

For the purpose of determining the applicability of enhanced penalties under § 4177 of this title, the time limitations on use of prior or previous convictions or offenses under this subsection are as follows:

a. For sentencing under § 4177(d)(2) of this title, the second offense must have occurred within 10 years of a prior or previous offense.

b. For sentencing under § 4177(d)(3), (d)(4), (d)(5), (d)(6), (d)(7), (d)(8), or (d)(9) of this title, there is not a time limitation and all prior or previous convictions or offenses as defined in paragraph (e)(1) of this section must be considered for sentencing.

c. For any subsection that does not have a time limitation prescribed, all prior or previous convictions or offenses as defined in paragraph (e)(1) of this section must be considered.

(3) *Computation of time limitations. —*

For the purpose of computing the periods of time under § 2742 or § 4177 of this title or this section, the period runs from the date of the commission of the prior or previous offense to the date of the commission of the charged offense. However, in any case in which the prior or previous offense is defined in paragraph (e)(1)c. or d. of this section, the date of the driving incident which caused the adjudication or program participation is the date of the prior or previous offense.

(4) *Separate and distinct offenses. —*

For the purpose of determining the applicability of enhanced penalties under § 4177 of this title, prior or previous convictions or offenses used to determine eligibility for such enhanced penalties must be separate and distinct offenses; that is, each must be successive to the other with some period of time having elapsed between sentencing or adjudication for an earlier offense or conviction and the commission of the offense resulting in a subsequent conviction.

(5) *Challenges to use of prior offenses. —*

In any proceeding under § 2742 or § 4177 of this title or this section, a person may not challenge the validity of any prior or previous conviction, unless that person first successfully challenges the prior or previous conviction in the court in which the conviction arose and provides written notice of the specific nature of the challenge in the present proceeding to the prosecution at least 20 days before trial.

(f) (1) The Attorney General may move the sentencing court to apply this section to a person who would otherwise be disqualified from consideration under this section because of the applicability of any of the following:

a. Paragraph (a)(1)a. of this section, if any prior or previous offense as defined in subsection (e) of this section is not within 10 years of the offense for which the person is being sentenced.

b. Paragraphs (a)(1)b., (a)(1)c., (a)(1)d., (a)(1)e., and (a)(1)f. of this section.

c. [Repealed.]

(2) If the Attorney General makes a motion under paragraph (f)(1) of this section, the court may apply the terms of this section to the person.

(g) [Repealed.]

No court costs or other administrative fee shall be assessed if a civil penalty is paid by voluntary assessment. In lieu of

payment, an owner or operator may notify the applicable voluntary assessment center, within the time period specified on the summons, that such owner or operator requests a hearing in the Justice of the Peace Court.

(c) *Presumptions.* — (1) If any vehicle found to be in violation of this subchapter or any ordinance, code or regulation regulating stopping, standing or parking is unattended at the time the violation is discovered and the identity of the operator is not otherwise apparent, the person in whose name such vehicle is registered as the owner shall be held responsible for such violation, unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody or control of another person. Such presumption shall be rebutted if the owner:

a. Prior to the due date furnishes to the voluntary assessment center either:

1. An affidavit stating that the owner was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person, or company who leased, rented or otherwise had the care, custody or control of the vehicle; or

2. Attaches a certified copy of a police report showing that the vehicle or license plate or plates thereof had been reported to the police as stolen prior to the time of the alleged violation; or

b. Provides proof in Court that the owner was not the operator of the vehicle at the time of the alleged violation.

(2) A summons may be issued by the prosecuting agency to a person identified by affidavit or evidence in court as the actual operator of the vehicle shown to have violated this subchapter or an ordinance, code or regulation regulating stopping, standing or parking. There shall be a presumption that the person so identified was the driver. The presumption may be rebutted as described in this subsection.

(d) *Procedure for contesting.* — (1) A request for a hearing must be made no later than the due date indicated on the summons, which date shall not be sooner than 20 days from the date the summons was issued.

(2) The voluntary assessment center shall notify the Justice of the Peace Court when a hearing is requested. Such notification shall be in accordance with policies and procedures developed by the Justice of the Peace Court.

(e) *Failure to pay or contest the violation.* — If the owner or operator:

(1) Fails to respond to the summons on or before the due date in any of the manners permitted by this section, or

(2) Requests a hearing and fails to appear,

the Court may, upon motion, enter a default judgment against such owner or operator. However, when the default judgment is sought for a failure to respond to the summons, no default judgment shall be entered until notice by first class mail is sent by the Court to such owner or operator providing the owner or operator with 10 days to pay the civil penalty to the Court or request a hearing to contest the charge. A default judgment may include any applicable increases in the amount of the civil penalty for failure to timely pay or contest. The applicable city, county, or state agency may seek execution on any judgment entered by the Court.

In addition, the applicable city, county or state agency may tow the vehicle if it is located in its jurisdiction and levy on it for the amount of unpaid tickets plus towing charges.

Subchapter XI

Miscellaneous Rules

§ 4182. Unattended motor vehicle.

(a) No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition, removing the key and effectively setting the brake thereon and, when standing upon any grade, turning the front wheels to the curb or side of the highway.

(b) The requirements of subsection (a) of this section do not apply to an operator who starts the engine of a vehicle by using a remote starter or other similar device that remotely starts the vehicle's engine without placing the key in the ignition and requires the key to be placed in the ignition or physically present in the vehicle before the vehicle can be operated.

(21 Del. C. 1953, § 4180; 54 Del. Laws, c. 160, § 1; 63 Del. Laws, c. 214, § 1; 81 Del. Laws, c. 158, § 1.)

§ 4183. Parking areas for vehicles being used by persons with disabilities.

(a) For purposes of this section:

(1) "Accessible parking space" means any parking space or parking zone designated by an owner or lessee of any public or private property for use by a vehicle being used by a person with a disability.

(2) "Vehicle being used by a person with a disability" means a vehicle that meets both of the following criteria:

a. Displays a valid special license plate issued pursuant to § 2134 of this title on the rear of the vehicle, or that displays a valid parking placard issued pursuant to § 2135 of this title on the front windshield rearview mirror of the vehicle or, if there is no mirror, on the dashboard, or that displays a valid plate, placard or other item issued under a similar statute in another state or country.

b. The person for whom the plate or placard is issued is either the operator or a passenger or, in the case of an organization, in which a person who is entitled to obtain a permanent or temporary placard is a passenger.

(b) With the exception of a vehicle being used by a person with a disability, it is unlawful to park on public or private property any vehicle in any area that is designated as an accessible parking space.

(c) Upon the discovery on private property of a vehicle, other than a vehicle being used by a person with a disability, in an accessible parking space, the owner or lessee of the private property may cause the illegally parked vehicle to be removed to a private storage area maintained for the safe storage of vehicles. Any costs of removal and storage must be borne by the owner or operator of the vehicle. Upon the discovery of a vehicle illegally parked in an accessible parking space that is under the control of the Department of Transportation or local authorities, the State Police, county police, or municipal police having jurisdiction may cause the illegally parked vehicle to be removed to a private storage area maintained for the safe storage of vehicles. Any costs of removal and storage must be borne by the owner or operator of the vehicle.

(d) In addition to unlawful parking on public or private property in an accessible parking space, all of the following acts are prohibited on both public and private property and may be enforced pursuant to this section:

(1) Creating or using a counterfeit license plate or parking placard, as described in § 2134 or § 2135 of this title.

(2) Altering a license plate or parking placard issued pursuant to § 2134 or § 2135 of this title.

(3) Parking on a striped area or access aisle within or adjacent to an accessible parking space.

(4) Being the person or organization to whom a license plate or parking placard has been issued pursuant to § 2134 or § 2135 of this title, allowing another to use the plate or placard.

(5) Parking a vehicle with a license plate or placard issued pursuant to § 2134 or § 2135 of this title in an accessible parking space, unless a person on whose behalf a special license plate or placard has been issued is being transported.

(e) A uniform parking summons may be attached to an unattended vehicle found in violation of this section by a person authorized to issue a summons for a violation of this section. It is prima facie evidence that the person or organization in whose name the unattended vehicle is registered is responsible for the violation. The owner or operator of the unattended vehicle may mail or deliver the summons and the designated fine and costs directly to the court identified on the summons instead of appearing before the court for arraignment on the charge, provided that the owner or operator self identifies and that the summons and fine and costs are received by the court at least 2 days before the arraignment date designated on the summons.

(f) (1) A person or organization who violates this section must receive a mandatory fine of $250 for a first offense, and for a subsequent like offense, a mandatory fine of $500 or a term of community service.

(2) In addition, a person or organization who holds a valid special license plate or parking placard issued under § 2134 or § 2135 of this title and who violates paragraph (d)(1), (2), or (4) of this section may receive an additional penalty of up to a 6-month suspension or the permanent revocation of the plate or placard. If a plate is suspended or revoked under this subsection, the person may apply for and be issued a regular license plate.

(3) Minor variations of accessible parking space features, including the absence of a sign, are not a defense to prosecution under this section if the space is otherwise conspicuously marked.

(g) The Superintendent of the State Police is authorized to appoint State Police Academy cadets to enforce this section within the unincorporated areas of each county. Cadets appointed pursuant to this subsection must be at least 18 years of age. The Superintendent may establish other qualifications considered necessary or desirable.

(h) A summons issued by a cadet appointed by the Superintendent pursuant to subsection (f) of this section has the same force and effect as a summons issued by the State Police.

(i) Fines collected from summonses issued by the State Police or by cadets appointed pursuant to subsection (f) of this section must be deposited into the General Fund.

(j) The authority of the State Police or a cadet appointed by the Superintendent to enforce this section is not limited by any jurisdictional agreement between the State Police and any local law-enforcement agency.

§ 4183A. Requirements for the design, construction, signage, and maintenance of accessible parking spaces.

(a) For purposes of this section, “accessible parking space” means as defined in § 4183 of this title.

(b) Where an accessible parking space is required under Titles II and III of the Americans with Disabilities Act (ADA), 42 U.S.C. 12101 et seq., the accessible parking space must be designed and constructed in compliance with:

(1) The 2010 ADA Standards for Accessible Design issued by the Department of Justice on September 15, 2010, and its accompanying guidance.

(2) Any applicable county, municipal, or Delaware building code or law.

(c) No new accessible parking spaces may be installed, and no existing accessible parking spaces may be restriped, repainted, resurfaced or otherwise altered, until the county or municipal authority having jurisdiction over the construction or alteration of commercial buildings has issued a permit authorizing such action and confirming that any accessible parking spaces are in compliance with subsection (b) of this section. A county or municipal authority may allow subsequent restriping, repainting, or resurfacing of a lot that has been permitted

in accordance with this section at least once without a permit where no change is made to the parking plan and the property remains compliant with the requirements of this section.

(d) Upon completion of the work subject to permit, the public agency issuing the permit shall verify compliance by either conducting an on-site inspection or independently confirming compliance by use of documentation and photographic evidence submitted by the entity to whom the permit was issued, provided that the documentation and photographic evidence is sufficient to adequately assess such compliance. The enforcement agency may adopt a model form published by the State Council for Persons with Disabilities in consultation with the Architectural Accessibility Board to standardize submission of verifying documentation and photographic evidence. If the submitted documentation and photographic evidence is not sufficient to confirm compliance, an on-site inspection must be conducted.

(e) All existing parking spaces that are not in compliance with subsection (b) of this section by September 25, 2030, are in violation of this section.

(f) In lieu of a permit under subsection (c) of this section, any facility covered under the Architectural Accessibility Act, Chapter 73 of Title 29, must receive a letter of approval from the Architectural Accessibility Board that confirms compliance with this section.

(g) A county or municipal government may assess a civil penalty of up to $500 for a violation of this section. Before imposing a fine, the county or municipal government must allow 90 days for the responsible party to cure the violation.

(h) Nothing in this section requires a county or municipality to conduct code inspections apart from its usual and customary practice for promoting building code compliance. Nothing in this section prohibits a county or municipality from charging fees associated with permits and compliance verification.

(i) Nothing in this section prohibits any state, municipal, or local government or agency from adopting more stringent standards for accessible parking than those imposed by this section and applicable federal law, nor shall it prohibit any private or public entity from providing more accessible parking spaces than are required by this section or other applicable code or regulation.

(j) Each accessible parking space sign that is required under this section must display the current maximum fines established in § 4183(f) of Title 21.

b. A newly-endorsed person who is operating a motorcycle on the roadways of this State, or a person riding as a passenger on a motorcycle operated on the roadways of this State by a newly-endorsed person, shall wear a safety helmet and eye protection approved by the Secretary for the first 2 years after the newly-endorsed person obtains endorsement.

(4) A person operating or riding as a passenger on a motorcycle on the roadways of this State who fails to comply with this subsection is subject to a civil or administrative assessment of not less than $25 nor more than $50. § 4193. Applicability of traffic laws.

Every person propelling a vehicle by human power or riding a bicycle shall have all of the rights and all of the duties applicable to the driver of any other vehicle by this title, except as to special regulations in this subchapter and except as to those provisions of this title which by their nature can have no application.

(21 Del. C. 1953, § 4192; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 60; 66 Del. Laws, c. 167, § 2; 70 Del. Laws, c. 186, § 1.)

(1) When overtaking and passing another bicycle or vehicle proceeding in the same direction;

(2) When preparing for a left turn at an intersection or into a private road or driveway;

(3) When approaching an intersection where right turns are permitted and there is a dedicated right-turn lane, in which case a person may operate a bicycle in this dedicated lane, even if the bicycle operator does not intend to turn right;

(4) When reasonably necessary to avoid conditions including, but not limited to fixed or moving objects, parked or moving vehicles, bicycles, pedestrians, animals or surface hazards;

(5) When a paved roadway shoulder exists, in which case a person may operate a bicycle in the roadway shoulder with due regard for any traffic control devices intended to regulate or guide traffic or pedestrians;

(6) When a part of a roadway has been set aside for the exclusive use of bicycles including contra-flow bicycle lanes, left-handed cycle tracks or bicycle lanes on 1-way streets and 2-way cycle tracks or bicycle lanes, in which case a person may operate a bicycle in the designated bicycle lane or cycle track; or

(7) When operating a bicycle upon a 1-way highway with 2 or more marked traffic lanes and a posted speed limit of less than 30 miles per hour, in which case a person may operate a bicycle as near the left-hand edge of such roadway as judged safe by the bicycle operator.

(b) Upon all roadways any bicycle proceeding at less than the normal speed of vehicle traffic at the time and place and under the conditions then existing shall be operated in the right-hand travel lane. If the right-hand travel lane is wide enough for a bicycle and a vehicle to travel safely side-by-side within the lane, a bicycle operator shall operate far enough to the right as judged safe by the operator to facilitate the movement of such overtaking vehicles unless the bicycle operator determines that other conditions make it unsafe to do so.

(c) Persons operating bicycles upon a roadway shall not travel more than 2 abreast except on paths or parts of roadways set aside for the exclusive use of bicycles.

(1) Operating bicycles side-by-side does not constitute an impediment to normal traffic at times of no conflicting traffic, if motor vehicle traffic can overtake in the adjacent lane, or if the lane is too narrow for a bicycle and a vehicle to travel safely side-by-side within the lane.

(2) On a laned roadway, persons operating bicycles side-by-side shall do so within a single lane.

§ 4401. Purpose; abandoned vehicles on private property or public highways; definition.

(a) The purpose of this chapter is to eliminate abandoned vehicles which tend to impede traffic in the streets or interfere with the enjoyment of, and reduce the value of, private property, to invite plundering, to create fire hazards and other safety and health hazards to children as well as to adults, to interfere with the comfort and well-being of the public and to create, extend and aggravate urban blight.

(b) Any vehicle that is either: (1) inoperable, dismantled, wrecked, or which displays expired registration plates which are at least 30 days expired, or which displays no registration plates, or from which major components have been removed, is in such a state of disrepair as to be incapable of being operated in the manner for which it is designed and is situated on private property appearing to have been abandoned; or (2) which is inoperable, dismantled, wrecked, or which displays expired registration plates which are at least 30 days expired, or which displays no registration plates, or from which the major components have been removed and which shall have been placed upon any State or public highway or property or the property or roads of any political subdivision or the State or public highways within a municipality or upon any express highway in the State for a period in excess of 12 hours without being removed, shall be considered to be abandoned for the purpose of this chapter, except:

(1) That vehicles and equipment used or to be used in the construction, operation or maintenance of public utility facilities and which are left in a manner which does not interfere with the normal movement of traffic shall not be considered abandoned vehicles for the purposes of this chapter;

(2) Those vehicles whose owners have properly parked and locked them and have notified the State Police, county police or municipal police, as the case may be, as designated in § 4402 of this title, that the owner desires to leave the vehicle so parked and secured for a period not to exceed 30 days, except that if during such period the vehicle is no longer secured, or, in the opinion of the State Police, county police or municipal police, has become a danger to the public, then the vehicle shall be subject to the provisions of this chapter.

(c) As used in this chapter, the term “express highway” or “state highway” or “public highway” shall include any portion of the highway located within the right-of-way lines or, in the case of limited access highway, the denial of access lines, including shoulders and median strip.

(21 Del. C. 1953, § 4401; 55 Del. Laws, c. 173; 57 Del. Laws, c. 204; 57 Del. Laws, c. 713, § 1; 65 Del. Laws, c. 46, § 1; 74 Del. Laws, c. 60, §§ 1-3.)

§ 4402. Enforcement; removal of abandoned vehicles; transfer thereof.

(a) This chapter shall be enforced with respect to state or public highways or property within a municipality which maintains a police force by that police force. In all other instances, the State Police or the Department of Safety and Homeland Security (hereinafter “Department”) shall enforce this chapter, except that, in New Castle County, the New Castle County Police shall have concurrent authority to enforce this chapter. County code enforcement constables in each county and municipal police shall have concurrent authority to enforce subsections (d) and (e) of this section. The Department of Transportation shall have a limited role in causing vehicles to be removed from state or public highways, as stated herein.

(b) Upon the discovery of a vehicle on any state or public highway or property or the property or roads of any political subdivision or state or public highways within a municipality or upon any express highway in the State concerning which vehicle there are reasonable grounds to believe to be an abandoned vehicle, the State Police, county police or municipal police, as the case may be, shall post a notice at some conspicuous place on the vehicle, which shall direct that such vehicle be removed by a stated time and date (such time and date to be not less than 12 hours following the posting of such notice). If the vehicle is not removed within the time period designated by such notice, the abandoned vehicle shall be removed to a storage area designated by the Department or the State Police or its successor.

(c) In the event that a vehicle is abandoned on private property without the consent of the owner or occupant thereof, at the complaint of the property owner or occupant, such vehicle may be caused to be removed by the State Police, county police or municipal police, as the case may be, in the manner provided in this chapter, except that the posting required in subsection (b) of this section may be omitted. Any towing company or vendor requested to remove an abandoned vehicle under these circumstances shall be provided by the involved police agency the best available information regarding ownership of the vehicle and last known address of the owner.

(d) If an abandoned vehicle is on private property with the consent of the owner or occupant thereof, or if an abandoned vehicle is owned by the owner or occupant of the private property where the vehicle is located, representatives of the Department, State Police, a county code enforcement constable, or a municipal police officer may enter upon the property where such vehicle is located to ascertain its ownership. The Department, county, or municipality shall notify the owner of the abandoned vehicle by certified mail sent to the owner’s last known address to remove such vehicle within 7 days from the date of the mailing. If the vehicle is not removed within 7 days or if the owner cannot be located for the purpose of sending the written notice, then representatives of the Department, State Police, county code enforcement, or municipal police may enter upon the property where the vehicle is located and conspicuously affix thereto a sticker or tag

showing the time and date of its affixing, advising the owner that if the vehicle is not removed within 24 hours from the time of the affixing of the sticker, the vehicle shall be removed to a storage area designated by the Department, State Police, a county code enforcement agency, or a municipal police department. This subsection does not apply to automobile graveyards as defined in § 1202(b)(2) of Title 17 nor to any vehicle on private property which is not visible from the street or road and is not otherwise a nuisance or a health or fire hazard.

(e) The notice required by subsections (b) and (d) of this section shall state that, if such vehicle is not so removed, it will be removed and stored at a storage area designated by the Department or the State Police at the owner's expense, and thereafter will be subject to disposal in accordance with law. Such notice shall also set forth verbatim § 4414 of this title. If the vehicle shall not have been removed by the time and date specified in the notice, the police officer or agents or employees of the Department or State Police shall take such vehicle into custody and shall cause it to be removed and stored for safekeeping in the storage area designated by the Department or the State Police. The officer shall promptly notify the Secretary of Safety and Homeland Security, upon a form to be supplied by the Secretary for that purpose, of the action which has been taken with respect to such vehicle.

(f) This chapter shall not apply to any removal of a vehicle unless the removal is directed by the appropriate police authority or the Department or State Police or its successor.

(g) Any person who possesses or on whose property any abandoned vehicle or motor vehicle is found or who owns a vehicle or motor vehicle for which the certificate of title is lost or destroyed and such vehicle or motor vehicle is more than 8 years old and has no engine or is otherwise totally inoperable, may transfer the vehicle or motor vehicle to a licensed automotive recycler without the certificate of title on forms furnished by the Department. In such cases, the licensed automotive recycler may take the vehicle or motor vehicle in that person's possession and shall immediately obtain from the Division of Motor Vehicles the name and address of the last known owner of the vehicle or motor vehicle or secured party. The licensed automotive recycler shall give at least 10 days' notice to the owner or secured party by certified mail, return receipt requested. If the vehicle is not reclaimed within the 10-day period specified in the notice, the licensed automotive recycler assumes unencumbered title to the vehicle.

If the name and address of the owner or secured party cannot be obtained from the records of the Division of Motor Vehicles or by exercising reasonable diligence, the licensed automotive recycler assumes unencumbered title after the vehicle or motor vehicle has been in the recycler's possession for 30 days.

Notice of assumption of ownership shall be made to the Division of Motor Vehicles on forms devised by the Division.

(h) In the event that a vehicle is abandoned or parked within a private right-of-way, alleyway or easement in such a manner as to impede the flow of traffic, at the complaint of any property owner or occupant or other person with a right-of-passage across the private right-of-way, alleyway or easement, such vehicle may be caused to be removed by the State Police, county police or municipal police, as the case may be, in the manner provided in this chapter, except that the posting required in subsection (b) of this section may be omitted and that the provisions of this chapter shall be applied to said parked vehicle as if it were an abandoned vehicle.

Chapter 45
Size and Weight of Vehicles and Loads

§ 4501. Size and weight of vehicles generally.

(a) No person shall drive or move, or, being the owner, cause or knowingly permit to be driven or moved on any highway, any vehicle or combination of vehicles:

(1) Having a size or weight exceeding the limitations stated in this chapter; or

(2) Having a gross weight exceeding that for which it is lawfully registered; or

(3) In violation of any provision of this title; or

(4) Having a gross weight exceeding that for which it could have been registered in this State if it is registered for a greater weight in another state, unless a reciprocity agreement between the 2 states is in effect; or

(5) In violation of the rules or regulations of the Secretary of Safety and Homeland Security adopted pursuant to this title or this chapter; or

(6) Special mobile equipment.

(b) For purposes of this chapter, any combination of trucks, truck trailers, trailers and semitrailers, not specifically authorized herein, shall be unlawful. The following are authorized:

(1) A truck and trailer.

(2) A truck tractor, semitrailer.

(3) A truck tractor, semitrailer, trailer.

(4) A vehicle string utilizing saddlemount and/or fullmount.

(5) A tow truck and a disabled vehicle or combination of vehicles.

(c) Except as otherwise provided herein, this chapter applies to every vehicle operated upon any road, street or highway within this State. The maximum size and weight of vehicles specified herein by type of highway shall be lawful throughout this State and local authorities may not alter such limitations, except as expressly provided in this chapter.

(d) Any gross weight measurements made to determine compliance with this chapter shall be taken so as to include both the vehicle and load. Any vehicle having a gross weight in excess of that allowable under this chapter or in excess of that for which it is currently registered shall be considered as an “overweight vehicle.”

(e) Any linear measurements taken to determine compliance with this chapter shall be taken so as to include the vehicle and any load thereon including any projections of any type, character or nature whatsoever, such as, but not limited to, bumpers, steps, mirrors and hose connections specifically excluding the tongue of a trailer.

(f) Except as otherwise provided in this chapter, it shall be unlawful to operate any vehicle at a gross weight which exceeds the weight for which it is registered and provided further that:

(1) Except as otherwise provided in paragraph (f)(1)a. or (f)(1)b. of this section, the total gross weight, including load, of a combination of a truck tractor and semitrailer having a total of 5 or more axles may not exceed 80,000 pounds.

a. For a live-haul poultry truck traveling less than 150 miles from the farm to the plant, the total gross weight, including load, of a combination of a truck tractor and semitrailer having a total of 5 or more axles may not exceed 90,000 pounds or combined manufacturer’s gross combined weight rating (GCWR), whichever is less. However, such a live-haul poultry truck may exceed the established weight limit by no more than 3% to account for variations in bird weight due to bird size, moisture retention caused by precipitation, or other unanticipated conditions. For the established weight limit and associated 3% variance to apply to a live-haul poultry truck, the following conditions must exist:

1. The live-haul poultry truck must be subject to the Motor Carrier Safety Assistance Program (MCSAP) inspection.

2. The live-haul poultry truck must adhere to all bridge weight limits.

3. The live-haul poultry truck must not use the interstate highway system.

4. The axles on a live-haul poultry truck must be a minimum of 96 inches apart no later than May 8, 2015.

b. For a truck hauling farm produce grown in this State and traveling from the farm on which the farm produce is grown to a location at which the farm produce is to be processed or stored, or from a location at which the farm produce is processed or stored to an export facility within this State, the total gross weight, including load, of a combination of a truck tractor and semitrailer having a total of 5 or more axles may not exceed 90,000 pounds or combined manufacturer’s gross combined weight rating (GCWR), whichever is less.

1. For purposes of this paragraph (f)(1)b., “farm produce” means fruits, vegetables, or commodity grains.

2. This paragraph (f)(1)b. applies to a truck hauling farm produce if all of the following conditions are met:

A. The truck hauling farm produce is subject to the Motor Carrier Safety Assistance Program (MCSAP) inspection.

B. The truck hauling farm produce adheres to all bridge weight limits.

C. The axles on a truck hauling farm produce are a minimum of 96 inches apart.

D. The truck hauling farm produce does not use the interstate highway system.

(2) The gross weight of a vehicle equipped with 2 or more axles without power brakes on each rear hub shall not exceed 22,000 pounds and it shall be unlawful to operate such vehicle in excess of 20 miles per hour.

(3) The gross weight of a trailer equipped with metal tires shall not exceed 6,000 pounds.

(4) Any vehicle, otherwise required to be registered pursuant to this title which is not registered and which requires a registration fee that is calculated upon gross weight, shall be assigned a weight allowance equal to the highest legal weight for which that vehicle could be registered for the purpose of enforcement of the weight section of this title.

(g) Except as otherwise provided in this chapter, it shall be unlawful to operate any vehicle in this State in violation of length, height or size restrictions provided in this title and provided further that:

(1) No passenger vehicle shall carry any load extending beyond the line of the fenders on the left side of such vehicle nor extending more than 6 inches beyond the line of the fender on the right side thereof.

(2) The load upon any vehicle operated alone or the load upon the front vehicle of a combination of vehicles shall not extend more than 3 feet beyond the foremost part of the vehicle; and the load upon any vehicle operated alone or the load upon the rear vehicle of a combination of vehicles shall not extend more than 6 feet beyond the rear of the bed or body of such vehicle. Pilings and/or poles or mill logs, or nursery stock, or rowing shells, or steel beams, pipes, angles, channels and other length or steel, or other metal, or other articles impossible of dismemberment shall not extend more than 10 feet beyond the rear of the bed or body of such vehicle.

(3) A number of motor vehicles may be transported in combination, utilizing saddlemount and/or fullmount mechanisms and utilizing the motive power of 1 of the vehicles in combination, provided such combination of vehicles shall not exceed a length of 65 feet, and provided further that the equipment used in such combinations shall comply with the safety regulations of the United States Department of Transportation.

(4) Except as otherwise indicated herein, the limitations as to length of load stated in this chapter shall not apply to a vehicle or combination of vehicles transporting boats, commonly known as crew or rowing shells for use in interscholastic or intercollegiate rowing contests, provided that such boats shall not exceed 70 feet in length.

(5) Neither the State, any agency or subdivision thereof, nor any person, firm or corporation shall be required to raise, alter, construct or reconstruct any underpass, wire, pole, trestle or other structure to permit passage of any vehicle having a height, including any load thereon, in excess of 12 feet 6 inches. The liability for damage to any person, vehicle, structure or other property caused by any vehicle having a height, including any load thereon, in excess of 12 feet 6 inches shall be borne by the owner and/or the operator of the vehicle.

(h) The provisions of § 4502 of this title do not apply to the following vehicles; provided, however, that the liability for damages caused by any vehicle operated under this provision shall be borne by the owner of said vehicle:

(1) Fire apparatus owned or used by an organized fire company.

(2) Farm equipment being temporarily operated, moved, or transported on a highway, which shall include farm tractors and other implements of husbandry being temporarily moved or transported by a manufacturer, dealer, business, or commercial transport company.

(3) A vehicle being towed with 1 set of axles free of the roadway surface.

(i) Any vehicle or combination of vehicles, otherwise not in compliance with this chapter, but permitted to be operated within this State by virtue of a special use permit pursuant to this chapter, shall be permitted to travel on such highways as shall be designated within the contents of said permit.

(j) In accordance with the provisions of § 4503 of this title, a commercial motor vehicle is granted reasonable access between:

(1) Interstate roadways, federal-aid primary system highways, US numbered routes; and

(2) Terminals, facilities for food, fuel, repairs, and rest, and points of loading and unloading for household goods carriers, motor carriers of passengers, and any tow-away trailer transporter combination.

a. No recreational vehicle, including any load or truck camper thereon or any camping trailer, recreational trailer or park trailer attached thereto, shall exceed a total outside width of 102 inches, exclusive of any safety equipment, which shall not extend beyond the federal motor vehicle safety standards for such equipment, or appurtenances such as awnings and lights which are integral to the construction of the vehicle, installed by the vehicle's manufacturer or dealer, and do not extend more than 6 inches wider on each side of the vehicle; provided however, that such vehicles permissibly exceeding the 102-inch width limit with its attached equipment or appurtenances shall only be operated:

(4) The total gross weight of a combination tractor and semitrailer having a total of 3 axles shall not exceed 60,000 lbs. or combined manufacturer's gross vehicle weight rating whichever is less.

(5) The total gross weight of a combination tractor and semitrailer having a total of 4 axles shall not exceed 70,000 lbs. or combined manufacturer's gross vehicle weight rating whichever is less.

(6) Except as otherwise provided in paragraphs (c)(6)a. or (c)(6)b. of this section, the total gross weight of a combination tractor and semitrailer having a total of 5 or more axles may not exceed 80,000 lbs. or combined manufacturer's gross vehicle weight rating, whichever is less.

2. This paragraph (c)(6)b. applies to a truck hauling farm produce if all of the following conditions are met:
   A. The truck hauling farm produce is subject to the Motor Carrier Safety Assistance Program (MCSAP) inspection.
   B. The truck hauling farm produce adheres to all bridge weight limits.
   C. The axles on a truck hauling farm produce must be a minimum of 96 inches apart.
   D. The truck hauling farm produce does not use the interstate highway system.

(7) Except as otherwise provided herein, for single unit vehicles, no axle load shall exceed 22,400 pounds. With respect to any single unit vehicle, the maximum gross weight between any 3 consecutive axles that actually bear weight upon the pavement, and which have wheels spaced between 144 inches and not less than 60 inches apart when measured horizontally between their center lines, shall not exceed 60,000 lbs. With respect to any single unit vehicle, the maximum gross weight between any 2 consecutive axles that actually bear weight upon the pavement, and which have wheels spaced between 96 inches and not less than 40 inches apart when measured horizontally between their center lines, shall not exceed 40,000 pounds. With respect to any single unit vehicle, the maximum combined gross weight between any 2 consecutive axles that actually bear weight upon the pavement, and are less than 40 inches apart when measured horizontally between the center lines, shall not exceed 20,000 pounds. Where the distance between consecutive axle centers exceeds 96 inches, the weight for each such axle shall not exceed 22,400 pounds.

(8) Except as otherwise provided herein, for combination unit vehicles, no axle load shall exceed 22,400 pounds. With respect to any combination unit vehicle, the maximum gross weight between any 2 consecutive axles that actually bear weight upon the pavement and which have wheels spaced between 96 inches and not less than 40 inches apart, measured horizontally between their center lines, shall not exceed 36,000 pounds. Where the distance between consecutive axle centers exceeds 96 inches, the weight for each such axle shall not exceed 22,400 pounds. With respect to any combination vehicle, the maximum combined gross weight between any 2 consecutive axles that actually bear weight upon the pavement, and are less than 40 inches apart when measured horizontally between the center lines, shall not exceed 20,000 pounds.

(9) *Farm operations.* — Notwithstanding the other provisions of this section, the following applies to vehicles registered as (i) farm trucks or (ii) registered commercial motor vehicles that are controlled or operated by a farmer and while used in the operation of a farm. For these vehicles, no single axle load shall exceed 22,400 pounds, and with respect to any vehicle equipped with coupled axles spaced less than 48 inches apart measured horizontally between their center lines, the combined weight on the coupled axles shall not exceed 20,000 pounds and, with respect to a vehicle equipped with coupled axles spaced 48 inches or more apart measured horizontally between their center lines, the combined weight on the coupled axle shall not exceed 40,000 pounds. Furthermore, any farm loaded truck or farm vehicle carrying harvested products or livestock may exceed the weight limits established under this subsection by no more than 3 percent.

(10) Whenever the total gross weight permitted in any provisions of this section exceeds the total gross weight permitted as calculated pursuant to paragraph (c)(7) of this section, paragraph (c)(7) of this section shall be void.

(d) The Secretary of the Delaware Department of Transportation may, on the basis of engineering and/or traffic investigations, determine that any road, street, or highway under the jurisdiction of the Department of Transportation is not of sufficient width to accommodate vehicles otherwise permitted by this section and may thereafter prohibit vehicles of an otherwise permissible width from operation on such road, street or highway.

§ 4503. Size and weight of vehicles on interstate highways; size of vehicles on federal-aid primary system highways and United States numbered routes.

(a) No person shall drive or move or, being the owner, cause or knowingly permit to be driven or moved on any interstate highway, federal-aid primary system highway, or United States numbered route, unless otherwise posted, any vehicle or combination of vehicles having a size or weight in excess of that permitted by this section. Provided, however, that such weight limitations and restrictions listed in this section apply only to the interstate highway; weight limitations and restrictions for federal-aid primary system highways and United States numbered routes shall be as listed in § 4502 of this title.

(b) (1) No vehicle, including any load thereon, shall exceed a height of 13 feet, 6 inches.

(2) The maximum length of a semitrailer, including any load thereon, exclusive of truck tractor size shall be 53 feet.

(3) The maximum length of a trailer or semitrailer in a truck tractor-semitrailer-trailer combination, including any load thereon, exclusive of tractor size shall be 29 feet.

(4) Buses shall not exceed 45 feet in length.

(5) Single vehicles including the load thereon shall not exceed 40 feet in length.

(6) No vehicle including any load thereon shall exceed a total outside width of 102 inches, exclusive of safety equipment, which shall not extend more than 3 inches wider on each side of the vehicle, or as shall be authorized by the Delaware Secretary of Public Safety.

(7) Notwithstanding paragraph (b)(5) or (6) of this section:

a. No recreational vehicle, including any load or truck camper thereon or any camping trailer, recreational trailer or park trailer attached thereto, shall exceed a total outside width of 102 inches, exclusive of any safety equipment, which shall not extend beyond the federal motor vehicle safety standards for such equipment, or appurtenances such as awnings and lights which are integral to the construction of the vehicle, installed by the vehicle's manufacturer or dealer, and do not extend more than 6 inches wider on each side of the vehicle;

b. No single recreational vehicle, including any load or truck camper thereon, shall exceed 45 feet in length; and

c. No combination of a recreational vehicle with any vehicle, including the load thereon, nor any combination of any motor vehicle with any camping trailer, recreational trailer or park trailer attached thereto, shall exceed 65 feet in length.

(c) (1) Each weight stated in this section shall apply only to interstate highways and is a total gross weight which includes the weight of the vehicle, including load thereon and any enforcement tolerance applicable thereto.

(2) It shall be unlawful for the gross weight on any 1 axle to exceed 20,000 pounds.

(3) It shall be unlawful for the gross weight on any tandem or coupled axles to exceed 34,000 pounds.

(4) It shall be unlawful for the maximum gross weight for any vehicle to exceed the sum of the allowed axle weight for the number of axles actually bearing their full share of the weight upon the pavement or the smallest weight as calculated hereunder:

a. The gross weight of any vehicle or combination of vehicles shall not exceed the weights stated hereunder:

2 axles — 40,000 lbs.

3 axles — 54,000 lbs.

4 axles — 74,000 lbs.

5 axles — 80,000 lbs.

b. The maximum gross weight of any vehicle or combination of vehicles on a group of 2 or more consecutive axles shall not exceed the weight as calculated by this formula:

$W = 500 (LN / N - 1 + 12 N + 36)$

For purposes of this subsection, W equals overall gross weight on any group of 2 or more consecutive axles to the nearest 500 pounds, L equals the distance in feet between the extreme of any group of 2 or more consecutive axles, and N equals the number of axles in the group under consideration except that 2 consecutive sets of tandem axles may carry a gross load of 34,000 pounds each, whenever the overall distance between the first and last axle of the consecutive sets is 36 feet or more.

(d) The Delaware Secretary of Transportation may, on the basis of engineering and traffic investigations, determine that certain interstate highways, federal-aid primary system highways, and United States numbered routes cannot accommodate vehicles, otherwise permitted under this section, and may thereafter prohibit operation of such vehicles on the interstate highways, federal-aid primary system highways, and United States numbered routes so designated.

(e) The provisions of this section do not apply to the following vehicles when such vehicles are being operated on interstate highways and United States numbered routes; provided, however, that the liability for damages caused by any vehicle operated under this provision shall be borne by the owner of said vehicle:

(1) Fire apparatus owned or used by an organized fire company.

(2) Farm equipment being temporarily operated, moved or transported on a highway. This provision only applies to farmers engaged in their agricultural related practices.

(1) To be eligible for this exception, the operator of the vehicle must be able to prove:

a. By written certification, the weight of the APU; and

b. By demonstration or certification, that the idle reduction technology is fully functional.

(2) Certification of the weight of the APU must be available to law-enforcement officers if the vehicle is found in violation of applicable weight laws. The additional weight allowed cannot exceed 400 lbs. or the weight certified, whichever is less.

(g) The State hereby adopts federal commercial vehicle size limit exemptions for vehicles operating on interstate highways, federal-aid primary system highways, and United States numbered routes within the State as directed in 49 U.S.C. § 31111 and 49 U.S.C. § 31113 as amended.

(h) The State hereby adopts federal interstate weight limit exemptions for vehicles operating on interstate highways within the State as directed in 23 U.S.C. § 127 as amended.

Any such provision of this chapter declared to be inoperable, as provided herein, shall be brought to the attention of the next session of the General Assembly and shall not, in any event, serve to invalidate any other provision of this chapter.

(b) Any other provision of this chapter to the contrary notwithstanding, a vehicle or combination of vehicles having a weight in excess of that permitted by § 4503 of this title lawfully may be operated on any interstate highway or United States numbered route if such vehicle or combination of vehicles has been issued a permit for that purpose pursuant to § 4504 of this title. Regarding such permits issued pursuant to § 4504(c)(1) of this title, the State has determined that vehicles bearing such permits could be lawfully operated within this State on July 1, 1956.

§ 4511. Removal of disabled or abandoned trucks and trailers from highways.

(63 Del. Laws, c. 337, § 1; 64 Del. Laws, c. 207, § 5.)

§ 4512. Oversized motor vehicle and trailer parking.

(a) In any residence district it shall be unlawful to park, store, or permit to be parked or stored on a highway within such residence district any of the following:

(1) Trailer, semi-trailer, or recreational trailer unattached to a motor vehicle.

(2) A motor vehicle the length of which is greater than 276 inches or the width of which is over 96 inches or the height of which is over 120 inches or the gross vehicle weight of which exceeds 10,000 pounds, as such weight has been registered and recorded with the Delaware Division of Motor Vehicles (or as recorded with any other state's Department of Motor Vehicles).

(b) Motor vehicles parked pursuant to the following situations shall be exempt from this section:

(1) Any motor vehicle parked on a highway within a residence district in conjunction with ongoing legal service or work being performed in relation to a residence or business contained therein. Notwithstanding the above, the motor vehicle may remain parked within such residence district only for the time necessary to complete such work or service. This exemption shall only apply if such motor vehicle is parked immediately and entirely adjoining the property of the residence or business, being serviced. Examples of such motor vehicles include, but are not limited to, delivery trucks, limousine services, and moving trucks.

(2) Any motor vehicle used for work being performed or on call in case of emergencies for any of the following:

a. By a "public utility" as defined in § 102 of Title 26 or by others working on its behalf.

(1) It is parked, stored, or permitted to be parked or stored on the highway immediately and entirely adjacent to the owner's property.

(2) The exemptions otherwise applicable to motor vehicles in subsection (b) of this section apply.

(d) [Repealed.]

(e) The Department of Transportation may place signs prohibiting or restricting the stopping, standing or parking of any trailer, semitrailer, or recreational trailer unattached to a motor vehicle on any highway where, in its opinion, such stopping, standing or parking is dangerous to those using the highways or where the stopping, standing or parking of vehicles would unduly interfere with the free movement of traffic thereon. Such prohibitions or restrictions may be declared to be effective either part or all of the time, and differing limits may be established for different times of the day, for different types of vehicles, for different weather conditions and when other significant factors differ. One sign located at the beginning of the roadway is sufficient to prohibit or restrict stopping, standing, or parking for the length of the roadway. The Department shall provide a list of roadways or sections of roadways for which it has placed signs prohibiting or restricting the stopping, standing, or parking to the Division of Safety and Homeland Security and law-enforcement agencies across the state.

A truck monitoring system may be installed or used to record images of a motor vehicle traveling on a road in this State after the requirements of paragraph (d)(1) of this section and, if applicable, paragraph (d)(3) of this section, have been met.

(1) By August 15, 2020, the Department of Transportation shall do both of the following:

a. Identify roads in this State as potential candidates for the placement of truck monitoring systems.

b. Conduct an analysis to determine the appropriateness of each location.

(2) After the requirements of paragraph (d)(1) of this section have been met, the Secretary of the Department of Safety and Homeland Security may approve and install a truck monitoring system. A civil penalty under this subsection may not exceed any of the following:

(10) Information advising the owner of the manner, time, and place by which liability as alleged in the notice may be contested.

(11) Information warning the owner that failure to pay the civil penalty or contest liability in a timely manner is an admission of liability and may result in a judgment being entered against the owner or the denial of the registration or renewal of any of the owner's motor vehicles.

(12) Notice that the owner's ability to rebut the presumption that the owner or an employee of the owner was the operator of the motor vehicle at the time of the alleged violation and the means for rebutting the presumption.

(j) *Evidence; witnesses. —*

(1) A certificate alleging that a violation of a state, county, or municipal law restricting the presence of a certain motor vehicle during a certain time occurred and that the requirements under subsections (d) and (f) of this section have been met and affirmed by a duly authorized law-enforcement officer based on inspection of a recorded image produced by a truck monitoring system is both of the following:

(4) Adjudication of liability is based on a preponderance of the evidence.

(k) *Defenses. —*

(1) The court may consider in defense of a violation either of the following:

a. Subject to paragraph (k)(2) of this section, that the motor vehicle or the registration plates of the motor vehicle were stolen before the violation occurred and were not under the control or possession of the owner, an employee of the owner, or the driver at the time of the violation.

b. Subject to paragraph (k)(2) of this section, presence on the road was required to complete a local service, including trash removal. It is the driver's or owner's burden to prove that presence on the road was required to complete a local service.

c. Any other issue or evidence that the court deems pertinent.

(2) To demonstrate a defense under paragraph (k)(1) of this section, the owner or driver must submit proof that a police report regarding the stolen motor vehicle or registration plates was filed in a timely manner.

(*l*) *Status of violation. —*

A violation for which a civil penalty is imposed under this section is not a moving violation for the purpose of assessing points under 2 DE Admin. Code § 2208, and may not be any of the following:

(1) Recorded on the driving record of the owner, an employee of the owner, or driver of the motor vehicle.

(2) Treated as a parking violation under state, county, or municipal law.

(3) Considered in the provision of motor vehicle insurance coverage.

(2) If a contractor operates a truck monitoring system on behalf of a county or municipality, the contractor's fee may not be contingent on the number of citations issued or paid.

§ 4701. Statement of legislative purpose.

The purpose of this chapter is to reduce truck and bus related accidents on our highways by minimizing the causes related to mechanical failures, driver error and careless safety practices by motor carriers, and to standardize regulations for the transportation industry.

(65 Del. Laws, c. 198, § 1.)

The Division will establish policy to administer the CDL medical waiver program. The applicant must provide recent physical examinations signed by the driver’s primary physician and, if appropriate, from a medical specialist. The Division may require the applicant to successfully complete a training course and evaluation by a physical rehabilitation center. The Division may refer individual applications to the Medical Advisory Board for their advice concerning the applicant’s ability to safely operate motor vehicles weighing more than 26,000 pounds. The driver may be required to successfully complete the CDL knowledge tests and CDL road skill test prior to issuing an intra-State only restricted CDL license.

A “K” restriction will be added to the CDL driver license once a medical waiver is granted. The CDL medical waiver expires on the CDL expiration date or upon a date determined by the Division, whichever is earlier. Ninety days before the CDL medical waiver expires, the Division will notify the driver by letter using the address of record that the driver must reapply for a CDL medical waiver to continue operating a commercial motor vehicle in this State. However, once an applicant is initially granted a CDL medical waiver, the Division may issue a 90-day temporary CDL medical waiver pending the results of medical or rehabilitation examinations.

Part IV
Miscellaneous
Chapter 64
Odometers

§ 6401. Findings; purpose.

The General Assembly hereby finds that purchasers when buying motor vehicles rely heavily on the odometer reading as an index of the condition and value of such vehicle; that purchasers are entitled to rely on the odometer reading as an accurate reflection of the mileage actually traveled by the vehicle; that an accurate indication of the mileage traveled by a motor vehicle assists the purchasers in determining its safety and reliability; and that motor vehicles move in the current of interstate and foreign commerce or affect such commerce. It is therefore the purpose of this chapter to prohibit tampering with odometers on motor vehicles and to establish certain safeguards for the protection of purchasers with respect to the sale of motor vehicles having altered or reset odometers.

(62 Del. Laws, c. 255, § 1.)

§ 6402. Definitions.

(3) “Lessor” means any person, or the agent for any person, who has leased 5 or more motor vehicles in the past 12 months.

§ 6403. Unlawful devices.

No person shall advertise for sale, sell, use or install or cause to be installed, any device which causes an odometer to register any mileage other than the true mileage traveled by a motor vehicle. For purposes of this section, the true mileage traveled by a motor vehicle is that mileage traveled by a motor vehicle as registered by the odometer within the manufacturer’s designed tolerance.

(62 Del. Laws, c. 255, § 1.)

§ 6404. Unlawful change of mileage.

Upon entrance, the police officer is empowered to examine any junk or salvage motor, vehicle or parts thereof, all books and records required to be kept pursuant to this subchapter and buildings and may search for and take into possession any junk or salvage motor vehicle or part thereof if it is known to have been stolen or if the police officer has reason to believe it has been stolen.

(b) Insurance and execution of administrative search warrants shall be as follows:

(1) Any person authorized to issue search warrants in this State may, within the person's jurisdiction and upon proper oath or affirmation showing probable cause, issue warrants for the purpose of conducting administrative inspections authorized by this chapter and rules hereunder and seizures of property appropriate to the inspection. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of this chapter and rules hereunder, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant.

(2) A warrant shall issue only upon an affidavit of a designated police officer having knowledge of the facts alleged, sworn to before the judge or the justice of the peace and establishing the grounds for issuing the warrant. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. A return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the premises of the person

(5) This section shall not prevent the inspection without a warrant of books and records required to be kept pursuant to statute or the areas designated by this section, nor does it prevent any entries and administrative inspections, including seizures of property without a warrant:

the registration certificate. The notice shall consist of a surrender of the registration certificate on which the proper information shall be noted or written notice to the Department that the registration certificate has been stolen.

(b) When surrender of the certificate is because the OHV has been destroyed or abandoned or has been stolen, the Department shall cancel the certificate and enter such fact in its records. If the surrender is because of a change of address of the owner, the new address shall be recorded by the Department and a registration certificate bearing such information shall be returned to the owner. The transferee of a vehicle registered under this chapter, within 15 days after acquiring it, shall apply to the Department for transfer to the transferee of the registration certificate issued to the OHV, giving the transferee's name, address and the number of the vehicle and pay the Department a fee of $2.00. Upon receipt of the application and fee, the Department shall transfer the registration certificate issued for the OHV to the new owner. § 6901. Removal of motor vehicles from public highways by police; sale of vehicles; towers.

(a) Any police officer of this State, or a county or municipality therein, while in the performance of duty, may remove, store or cause to be removed or stored from any public highway, highway right-of-way, street or alley, at the owner's or operator's expense, any motor vehicle, trailer or part thereof which:

(2) Is parked or left standing in such manner as to create a hazard by interfering with the normal movement of traffic:

a. By preventing the exit from or entrance to any public highway, private road or driveway;

b. By interfering with emergency firefighting equipment;

c. By being involved in a collision and rendered incapable of being moved under its own power, when the owner or operator has been arrested and detained; or

d. When the owner or operator is unable, unwilling or not available to do so immediately.

Anyone so removing any motor vehicle, trailer or part thereof shall have a possessory lien against said motor vehicle, trailer or part thereof for the costs of removing, towing, preserving and storing said motor vehicle, trailer or part thereof and shall have the right to sell said motor vehicle, trailer or part thereof after complying with the notice and sale provisions outlined in Chapter 39 of Title 25, with the exception that the proceeds of the sale shall be applied first to the costs of the sale, then to the costs of removing, towing, preserving and storing and then to the payment of any liens to which said motor vehicle, trailer or part thereof may be subject in order of their priority, then to the State Treasurer who shall create a special fund thereof and who shall pay to the owner the moneys held if a claim is made within 1 year of the removal or deposit the moneys in the General Fund if no claim is made within 1 year of removal. Any possessory lien created under this section shall not extend to any personal property that is not attached to or considered necessary for the proper operation of any motor vehicle, and such property shall be returned to the owner of the motor vehicle if the owner of the motor vehicle claims the items prior to the sale of such motor vehicle.

There shall be no liability incurred by any police officer of this State or a county or municipality therein, or agents directed by them, whether or not they are also police officers, while in the performance of duty, for damages incurred to immobilized motor vehicle or vehicles moved under this subsection, or to the vehicle's contents or surrounding area caused by the emergency measures employed by the officer or employee to move the vehicle or vehicles for the purpose of clearing the lane or lanes to remove any threat to public safety, unless the circumstances meet the conditions for liability established in § 4001(2) or (3) or § 4011(c) of Title 10.

(b) In effecting the removal and subsequent storage of such vehicles, any police officer of this State, or a county or municipality therein, may select and engage the services, vehicles, equipment or facilities of another person, hereinafter called the "tower", who shall be compensated at the expense of the owner or operator. Such selection shall be made pursuant to the regulations promulgated under subsection (c) of this section.

(c) The Department of Safety and Homeland Security shall promulgate regulations governing the selection of towers by State Police officers. Such regulations shall prescribe qualifications for eligibility of towers to be selected by police officers under this section, shall describe the method to be used by police officers in selecting from eligible towers, and may make such other provisions as the Department of Safety and Homeland Security deems fit; provided, however, that there shall be no prohibitions against the owner of a vehicle from choosing the tower of that person's choice if no emergency exists. All eligible towers shall file with the Superintendent of the Delaware State Police a schedule of towing charges of such towers and other incidental charges of such tower customarily incurred in connection with the towing and storage of vehicles under the section.

(a) Anyone rendering services under this chapter or Chapter 44 of this title has the right to detain the vehicle or motor vehicle rendered services to, about or for, to secure the payment of such services and shall have a lien upon said vehicle or motor vehicle.

(b) The lienor shall, by certified mail, return receipt requested, notify the lienee of the towing charges and, if compensation for storage is claimed, the per diem rate of storage charges, and a statement that the lienee must pay such charges on or before the date mentioned in the notice, said date not to be less than 15 days from service thereof. Notice shall be sent to last known address of the lienee and secured party. If the identity of the last registered owner or secured party cannot be determined with reasonable certainty, the contents of the notice set forth in this subsection shall be published 1 time in the newspaper of general circulation in the area where the vehicle was removed.

The notice may contain multiple listings of removed vehicles. Notice by publication locally shall be the responsibility of the lienor. The notice shall have the same effect as notice sent by certified mail.

(c) The lienor may, after the expiration of 15 days from date of notification, request the Division of Motor Vehicles to schedule a hearing to determine the intentions of the registered owner and/or secured party as to the disposition of said vehicle.

(1) Upon receiving such request the Division of Motor Vehicles shall, by certified mail, notify the owner of record if known and each secured party as shown on the records of the Division of Motor Vehicles of the date and time of the hearing and the right to be present and contest said proposed disposition of such vehicle.

(2) The hearing officer of the Division of Motor Vehicles shall notify the lienor and the Delaware State Police Auto Theft Unit of the date and time of the hearing.

(3) If identity of the last registered owner and of all secured parties cannot be determined with reasonable certainty the Division of Motor Vehicles shall notify the Delaware State Police Auto Theft Unit.

a. A waiver of all rights, title, interest in the vehicle; and

b. A consent to dispose of the vehicle.

(5) The hearing officer shall determine the disposition of the vehicle if there is no objection at the hearing and shall certify that all applicable regulations of the Division have been met. The owner and/or secured party shall have 15 days from the date of the hearing with the Division of Motor Vehicles to appeal such disposition of said vehicle to the Director of Motor Vehicles. If after 15 days the owner and/or secured party has not filed an appeal to the Director of the Division of Motor Vehicles, the Division of Motor Vehicles shall issue a salvage certificate of title to the lienor.

(6) If, however, the owner and/or secured party objects to the disposition of the vehicle at the hearing, further proceedings by the Division of Motor Vehicles shall cease and all parties will be notified of their right to file with a court of proper jurisdiction to seek judicial disposition.

Driver's License Compact
Subchapter I
Driver's License Compact

§ 8101. Driver's License Compact.

The Driver's License Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

DRIVER'S LICENSE COMPACT

ARTICLE I Findings and Declaration of Policy

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II Definitions

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted, describe the violation specifying the section of the statute, code or ordinance violated, identify the court in which action was taken, indicate whether a plea of guilty or not guilty was entered or the conviction was a result of the forfeiture of bail, bond or other security and shall include any special findings made in connection therewith.

ARTICLE IV Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this article, such party state shall construe the denominations and descriptions appearing in subdivision (a) of this article as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of 1 year from the date the license was revoked such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for that licensing authority's head's state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII Entry Into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 6 months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

(21 Del. C. 1953, § 8101; 54 Del. Laws, c. 241, § 1; 70 Del. Laws, c. 186, § 1; 84 Del. Laws, c. 42, § 1.)

(79 Del. Laws, c. 161, § 1.)

§ 8403. Written agreements and designated territories [For application of this section, see 79 Del. Laws, c. 161, § 5].

(a) A manufacturer or distributor may not sell a new recreational vehicle or new recreational trailer in this State to or through a new recreational vehicle dealer without having first entered into a written and signed manufacturer-dealer agreement with a new recreational vehicle dealer.

(b) A manufacturer or distributor shall designate the area of sales responsibility exclusively assigned to a new recreational vehicle dealer in a manufacturer-dealer agreement and may not change the area or contract with another new recreational vehicle dealer for the sale of the same line-make in the designated area during the duration of the agreement, except as provided for in § 6311(b) of this title.

(c) The area of sales responsibility may not be reviewed or changed without the consent of both parties for 1 year after the execution of the manufacturer-dealer agreement.

(d) Except as provided in subsection (e) of this section, a new recreational vehicle dealer may not sell a new recreational vehicle or new recreational trailer in this State without having first entered into a manufacturer-dealer agreement with a manufacturer or distributor which has been signed by both parties.

(e) A new recreational vehicle dealer may not be prohibited from selling a particular line-make after a manufacturer-dealer agreement has been terminated or not renewed under § 8404 of this title, if new recreational vehicles or new recreational trailers of the terminated line-make are not returned or required to be returned to the manufacturer. The new recreational vehicle dealer may continue to sell all-line makes that were subject to the manufacturer-dealer agreement and are currently in stock until those line-makes are no longer in the new recreational vehicle dealer’s inventory.

(79 Del. Laws, c. 161, § 1.)

§ 8404. Termination, cancellation, nonrenewal, or alteration of a dealership [For application of this section, see 79 Del. Laws, c. 161, § 5].

(a) A manufacturer or distributor, directly or through any authorized officer, agent or employee, may not terminate, cancel, or fail to renew a manufacturer-dealer agreement without good cause. If the manufacturer or distributor with good cause terminates, cancels, or fails to renew the manufacturer-dealer agreement, § 8405 of this title does not apply.

(b) A manufacturer or distributor has the burden of showing good cause for terminating, canceling, or failing to renew a manufacturer-dealer agreement with a new recreational vehicle dealer. For purposes of determining whether there is good cause for the proposed action, any of the following factors may be considered:

(1) The extent of the affected new recreational vehicle dealer’s penetration in the area of sales responsibility.

(2) The nature and extent of the new recreational vehicle dealer’s investment in its business.

(3) The adequacy of the new recreational vehicle dealer’s service facilities, equipment, parts, supplies, and personnel.

(4) The effect of the proposed action on the community.

(5) The extent and quality of the new recreational vehicle dealer’s service under new recreational vehicle or new recreational trailer warranties.

(6) The new recreational vehicle dealer’s failure to follow agreed-upon procedures or standards related to the overall operation of the dealership.

(7) The new recreational vehicle dealer’s performance under the terms of its manufacturer-dealer agreement.

(c) Except as otherwise provided in this chapter, a manufacturer or distributor shall provide a new recreational vehicle dealer with at least 120 days prior written notice of termination, cancellation, or nonrenewal of the manufacturer-dealer agreement if the new recreational vehicle dealer is being terminated, cancelled, or nonrenewed for good cause.

(1) The notice must state all reasons for the proposed termination, cancellation, or nonrenewal, and must further state that if, within 30 days following receipt of the notice, the new recreational vehicle dealer provides to the manufacturer or distributor a written notice of intent to cure all claimed deficiencies, the new recreational vehicle dealer will then be entitled to the full 120-day notice period, commencing from the new recreational vehicle dealer's receipt of the manufacturer's or distributor's original notice to rectify the deficiencies. If the deficiencies are rectified within the 120-day notice period, the manufacturer's or distributor's notice is voided. If the new recreational vehicle dealer fails to provide the notice of intent to cure the deficiencies in the prescribed 30-day time period, the termination, cancellation, or nonrenewal takes effect 30 days after the new recreational vehicle dealer's receipt of the manufacturer's or distributor's original notice.

(2) The notice period may be reduced to 30 days if the manufacturer's or distributor's grounds for termination, cancellation, or nonrenewal are due to any of the following good cause factors:

a. A new recreational vehicle dealer being convicted of, or entering a plea of nolo contendere to, a felony;

b. The abandonment or closing of the business operations of the new recreational vehicle dealer for 10 consecutive business days unless the closing is due to an act of God, strike, labor difficulty, or other cause over which the new recreational vehicle dealer has no control;

c. A significant misrepresentation by a new recreational vehicle dealer that materially affects the business relationship between the new recreational vehicle dealer and the manufacturer or distributor;

d. A suspension or revocation of a new recreational vehicle dealer's license, or refusal to renew the new recreational vehicle dealer's license, by the Division of Motor Vehicles;

e. A material violation of this chapter which the new recreational vehicle dealer does not cure within 30 days after written notice by the manufacturer or distributor; or

f. A declaration by a new recreational vehicle dealer of bankruptcy, insolvency, or the occurrence of an assignment for the benefit of creditors or bankruptcy;

(d) A new recreational vehicle dealer may terminate, cancel, or not renew its manufacturer-dealer agreement with a manufacturer or distributor with or without good cause by giving 30-days written notice. In the case of a new recreational vehicle dealer terminating, cancelling, or failing to renew a manufacturer-dealer agreement for good cause, the notice must state all the reasons for the proposed termination, cancellation, or nonrenewal, and must further state that if, within 30 days following receipt of the notice, the manufacturer or distributor provides to the new recreational vehicle dealer a written notice of intent to cure all claimed deficiencies, the manufacturer or distributor will then be entitled to a 90-day notice period commencing from the manufacturer's receipt of the new recreational vehicle dealer's original notice. If the deficiencies are rectified within the 90-day notice period, the new recreational vehicle dealer's notice is voided. If the manufacturer or distributor fails to provide the notice of intent to cure the deficiencies in the prescribed 30-day time period, the termination, cancellation, or nonrenewal takes effect 30 days after the manufacturer's or distributor's receipt of the new recreational vehicle dealer's original notice, unless the parties agree otherwise in writing.

(e) If the new recreational vehicle dealer terminates, cancels or fails to renew a manufacturer-dealer agreement without good cause, the provisions of § 8405 of this title do not apply. If the new recreational vehicle dealer terminates, cancels, or fails to renew the manufacturer-dealer agreement with good cause, § 8405 of this title applies. The new recreational vehicle dealer has the burden of showing good cause. Any of the following items are considered "good cause" for a proposed termination, cancellation, or nonrenewal action by the new recreational vehicle dealer:

(1) A manufacturer or distributor being convicted of, or entering a plea of nolo contendere to, a felony.

(2) The business operations of a manufacturer or distributor have been abandoned or closed for 10 consecutive business days, unless the closing is due to an act of God, strike, labor difficulty, or other cause over which the manufacturer has no control.

(3) A significant misrepresentation by a manufacturer or distributor that materially affects the business relationship between the manufacturer and the new recreational vehicle dealer.

(4) A material violation of this chapter which the manufacturer or distributor does not cure within 30 days after written notice by the new recreational vehicle dealer.

(5) A declaration by a manufacturer or distributor of bankruptcy, insolvency, or the occurrence of an assignment for the benefit of creditors or bankruptcy.

(79 Del. Laws, c. 161, § 1.)

§ 8405. Repurchase of inventory [For application of this section, see 79 Del. Laws, c. 161, § 5].

(a) If a new recreational vehicle dealer terminates, cancels, or fails to renew a manufacturer-dealer agreement for good cause as defined in § 8404(e) of this title and the manufacturer fails to cure the claimed deficiencies as provided in § 8404(d) of this title, at the election of the new recreational vehicle dealer and within 45 days after termination, cancellation, or nonrenewal, the manufacturer shall, repurchase:

(1) All new, untitled recreational vehicles and recreational trailers that were acquired from the manufacturer or distributor within 12 months before the effective date of the notice of termination, cancellation, or nonrenewal that have not been used, except for demonstration purposes, and that have not been altered or damaged, at 100% of the net invoice cost, including transportation, less applicable rebates and discounts to the new recreational vehicle dealer. If any of the vehicles repurchased pursuant to this paragraph are damaged, but do not trigger a consumer disclosure requirement, the amount due the new recreational vehicle dealer must be reduced by the cost to repair the vehicle. Damage prior to delivery to the new recreational vehicle dealer that is disclosed at the time of delivery will not disqualify repurchase under this provision.

(2) All undamaged accessories and proprietary parts sold to a new recreational vehicle dealer for resale within the 12 months prior to termination, cancellation, or nonrenewal, if accompanied by the original invoice, at 105% of the original net price paid to the manufacturer or distributor to compensate the new recreational vehicle dealer for handling, packing, and shipping the parts; and

(3) Any properly functioning diagnostic equipment, special tools, current signage, and other equipment and machinery at 100% of the new recreational vehicle dealer's net cost plus freight, destination, delivery, and distribution charges and sales taxes, if any, if the items were purchased by the new recreational vehicle dealer within 5 years before termination, cancellation, or nonrenewal upon the manufacturer's or distributor's request, and can no longer be used in the normal course of the new recreational vehicle dealer's ongoing business.

(b) The manufacturer or distributor shall pay the new recreational vehicle dealer within 30 days after receipt of the items returned pursuant to this section.

(79 Del. Laws, c. 161, § 1.)

§ 8406. Transfer of dealership; family succession [For application of this section, see 79 Del. Laws, c. 161, § 5].

(a) If a new recreational vehicle dealer desires to make a change in ownership by the sale of the business assets, stock transfer, or otherwise, the new recreational vehicle dealer shall give the manufacturer or distributor written notice at least 15 business days before the closing, along with all supporting documentation that may be reasonably required by the manufacturer or distributor to determine if an objection to the sale may be made. In the absence of a breach by the selling new recreational vehicle dealer of its manufacturer-dealer agreement or a provision of this chapter, the manufacturer or distributor may not object to the proposed change in ownership unless the prospective transferee:

(1) Has previously been terminated by the manufacturer for breach of its manufacturer-dealer agreement;

(2) Has been convicted of a felony or any crime of fraud, deceit, or moral turpitude;

(3) Lacks a license required by law;

(4) Does not have an active line of credit sufficient to purchase a manufacturer's or distributor's product; or

(5) Has undergone in the last 10 years bankruptcy, insolvency, a general assignment for the benefit of creditors, or the appointment of a receiver, trustee, or conservator to take possession of the transferee's business or property.

(b) If the manufacturer or distributor objects to a proposed change of ownership pursuant to subsection (a) of this section, the manufacturer or distributor shall give written notice of its reasons to the new recreational vehicle dealer within 10 business days after receipt of the new recreational vehicle dealer's notification and all supporting documentation. The manufacturer or distributor has the burden of proof with regard to its objection. If the manufacturer or distributor does not give timely notice of its objection, the change of ownership is deemed approved.

(c) It is unlawful for a manufacturer or distributor to fail to provide a new recreational vehicle dealer with an opportunity to designate, in writing, a family member as a successor to the dealership in the event of the death, incapacity, or retirement of the new recreational vehicle dealer. It is unlawful to prevent or refuse to honor the succession to a dealership by a family member of the deceased, incapacitated, or retired new recreational vehicle dealer, unless the manufacturer or distributor has provided to the new recreational vehicle dealer written notice of its objections within 10 days after receipt of the new recreational vehicle dealer's modification of the new recreational vehicle dealer's succession plan. In the absence of a breach of the manufacturer-dealer agreement, the manufacturer or distributor may object to the succession for the following reasons only:

(1) Conviction of the successor of a felony or any crime of fraud, deceit, or moral turpitude;

(2) Bankruptcy or insolvency of the successor during the past 10 years;

(3) Prior termination by the manufacturer or distributor of the successor for breach of a manufacturer-dealer agreement;

(4) The lack of an active line of credit for the successor sufficient to purchase the manufacturer's or distributor's product; or

(5) The lack of a license for the successor required by law.

(d) A manufacturer or distributor has the burden of proof regarding its objection under subsection (c) of this section. However, a family member may not succeed to a dealership if the succession involves, without the manufacturer's or distributor's consent, a relocation of the business or an alteration of the terms and conditions of the manufacturer-dealer agreement.

(79 Del. Laws, c. 161, § 1.)

§ 8407. Warranty obligations [For application of this section, see 79 Del. Laws, c. 161, § 5].

(a) A warrantor shall:

(1) Specify in writing to each of its new recreational vehicle dealers all new recreational vehicle dealer obligations, if any, for preparation, delivery, and warranty service on its products;

(2) Compensate the new recreational vehicle dealer for performing warranty service required of the new recreational vehicle dealer by the warrantor; and

(3) Provide the new recreational vehicle dealer with a schedule of compensation to be paid and the time allowances for the performance of any work and service. The schedule of compensation must include reasonable compensation for diagnostic work as well as for warranty labor.

(b) Time allowances for the diagnosis and performance of warranty labor must be reasonable for the work to be performed. In the determination of what constitutes reasonable compensation under this section, the principal factors to be given consideration are the actual wage rates being paid by the new recreational vehicle dealer, and the actual retail labor rate being charged by the new recreational vehicle dealers in the community in which the new recreational vehicle dealer is doing business. The compensation of a new recreational vehicle dealer for warranty labor may not be less than the lowest retail labor rates actually charged by the new recreational vehicle dealer for like nonwarranty labor, as long as such rates are reasonable.

(c) A warrantor shall reimburse a new recreational vehicle dealer for warranty parts at actual wholesale cost plus a minimum 30% handling charge and the cost, if any, of freight to return warranty parts to the warrantor.

(d) Warranty audits of new recreational vehicle dealer records may be conducted by the warrantor on a reasonable basis, and new recreational vehicle dealer claims for warranty compensation may not be denied except for cause, such as performance of nonwarranty repairs, material noncompliance with the warrantor's published policies and procedures, lack of material documentation, fraud, or misrepresentation.

(e) A new recreational vehicle dealer shall submit warranty claims within 30 days after completing work.

(f) A new recreational vehicle dealer shall immediately notify a warrantor, verbally or in writing, if the new recreational vehicle dealer is unable to perform any warranty repairs within 10 days of receipt of verbal or written complaints from a consumer.

(g) A warrantor shall disapprove warranty claims in writing within 30 days after the work is completed and submitted by the new recreational vehicle dealer in the manner and form prescribed by the warrantor. Claims not specifically disapproved in writing within 30 days are construed to be approved and must be paid within 45 days after the work is completed and the claim submitted.

(h) It is a violation of this chapter for a warrantor to:

(1) Fail to perform any of its warranty obligations with respect to its warranted products;

(2) Fail to include, in written notices of factory campaigns to new recreational vehicle or new recreational trailer owners and new recreational vehicle dealers, the expected date by which necessary parts and equipment, including tires and chassis or chassis parts, will be available to new recreational vehicle dealers to perform the campaign work. A warrantor may ship parts to a new recreational vehicle dealer to effect the campaign work, and, if the parts are in excess of the new recreational vehicle dealer's requirements, the new recreational vehicle dealer may return unused parts to the warrantor for credit after completion of the campaign;

(3) Fail to compensate any of its new recreational vehicle dealers for authorized repairs effected by the new recreational vehicle dealer of merchandise damaged in manufacture or transit to the new recreational vehicle dealer, if the carrier is selected by the warrantor, factory branch, distributor, or distributor branch;

(4) Fail to compensate any of its new recreational vehicle dealers in accordance with the schedule of compensation provided to the new recreational vehicle dealer pursuant to this section, if performed in a timely and competent manner;

(5) Intentionally misrepresent in any way to purchasers of new recreational vehicles or new recreational trailers that warranties with respect to the manufacture, performance, or design of the vehicle are made by the new recreational vehicle dealer as warrantor or co-warrantor; or

(6) Require a new recreational vehicle dealer to make warranties to customers in any manner related to the manufacture of the new recreational vehicle or new recreational trailer.

(i) It is a violation of this chapter for a new recreational vehicle dealer to:

(1) Fail to perform predelivery inspection functions, as specified by the warrantor, in a competent and timely manner;

(2) Fail to perform warranty service work authorized by the warrantor in a competent and timely manner on any transient customer's vehicle of the same line-make;

(3) Fail to accurately document the time spent completing each repair, the total number of repair attempts conducted on a single unit, and the number of repair attempts for the same repair conducted on a single vehicle;

(4) Fail to notify the warrantor within 10 days of a second repair attempt which impairs the use, value or safety of the vehicle;

(5) Fail to maintain written records, including a consumer's signature, regarding the amount of time a unit is stored for the consumer's convenience during a repair; or,

(6) Make fraudulent warranty claims or misrepresent the terms of a warranty.

(79 Del. Laws, c. 161, § 1.)

§ 8408. Indemnification [For application of this section, see 79 Del. Laws, c. 161, § 5].

Notwithstanding the terms of any manufacturer-dealer agreement, it is a violation of this chapter for:

(1) A warrantor to fail to indemnify and hold harmless its new recreational vehicle dealer against any losses or damages to the extent that the losses or damages are caused by the negligence or wilful misconduct of the warrantor. A new recreational vehicle dealer may not be denied indemnification for failing to discover, disclose, or remedy a defect in the design or manufacturing of a new recreational vehicle or new recreational trailer. A new recreational vehicle dealer may be denied indemnification if the new recreational vehicle dealer fails to remedy a known and announced defect in accordance with the written instructions of a warrantor for whom the new recreational vehicle dealer is obligated to perform warranty service. A new recreational vehicle dealer shall provide to a warrantor a copy of any pending law suit in which allegations are made that are covered by the provisions of this paragraph within 10 days after receiving such suit. Notwithstanding anything to the contrary, this paragraph shall continue to apply even after the new recreational vehicle or new recreational trailer is titled.

(2) A new recreational vehicle dealer to fail to indemnify and hold harmless its warrantor against any losses or damages to the extent that the losses or damages are caused by the negligence or wilful misconduct of the new recreational vehicle dealer. A warrantor shall provide to a new recreational vehicle dealer a copy of any pending law suit or similar proceeding in which allegations are made that come within the provisions of this paragraph within 10 days after receiving such suit. Notwithstanding anything to the contrary, this paragraph shall continue to apply even after the new recreational vehicle or new recreational trailer is titled.

(79 Del. Laws, c. 161, § 1.)

§ 8409. Inspection and rejection by the dealer [For application of this section, see 79 Del. Laws, c. 161, § 5].

(a) If a new recreational vehicle or new recreational trailer is damaged prior to transit to a new recreational vehicle dealer or is damaged in transit to the new recreational vehicle dealer when the carrier or means of transportation has been selected by the manufacturer or distributor, the new recreational vehicle dealer shall notify the manufacturer or distributor of the damage within the timeframe specified in the manufacturer-dealer agreement and:

(1) Shall request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or to otherwise correct the damage; or

(2) Shall reject the vehicle within the timeframe set forth in subsection (d) of this section.

(b) If a manufacturer or distributor refuses or fails to authorize repair of damage pursuant to subsection (a) of this section within 10 days after receipt of notification, or if the new recreational vehicle dealer rejects the new recreational vehicle or new recreational trailer because of damage, ownership of the new recreational vehicle or new recreational trailer reverts to the manufacturer or distributor.

(c) A new recreational vehicle dealer shall exercise due care while the damaged new recreational vehicle or new recreational trailer is in the new recreational vehicle dealer's custody, but the new recreational vehicle dealer has no other obligations, financial or otherwise, with respect to the vehicle.

(d) The timeframe for inspection and rejection of a new recreational vehicle or new recreational trailer by a new recreational vehicle dealer must be part of the manufacturer-dealer agreement and may not be less than 2 business days after the physical delivery of the vehicle.

(e) A new recreational vehicle or new recreational trailer that has, at the time of delivery to a new recreational vehicle dealer, an unreasonable amount of miles on its odometer as determined by the new recreational vehicle dealer, may be subject to rejection by the new recreational vehicle dealer and reversion of the vehicle to the manufacturer or distributor. In no instance may a new recreational vehicle dealer deem an amount less than the distance between the new recreational vehicle dealer and the manufacturer's factory or a distributor's point of distribution, plus 100 miles, as unreasonable.

(79 Del. Laws, c. 161, § 1.)

§ 8410. Coercion of new recreational vehicle dealer prohibited [For application of this section, see 79 Del. Laws, c. 161, § 5].

(a) A manufacturer or distributor may not coerce or attempt to coerce a new recreational vehicle dealer to:

(1) Purchase a product that the new recreational vehicle dealer did not order;

(2) Enter into an agreement with the manufacturer or distributor; or

(3) Enter into an agreement that requires the new recreational vehicle dealer to submit its disputes to binding arbitration or otherwise waive rights or responsibilities provided under this chapter.

(b) As used in this section, the term "coerce" includes, but is not limited to, threatening to terminate, cancel, or not renew a manufacturer-dealer agreement without good cause; or threatening to withhold product lines that the new recreational vehicle dealer is entitled to purchase pursuant to the manufacturer-dealer agreement; or threatening to delay product delivery as an inducement to amending the manufacturer-dealer agreement.

(79 Del. Laws, c. 161, § 1.)

§ 8411. Mediation [For application of this section, see 79 Del. Laws, c. 161, § 5].

(a) A new recreational vehicle dealer, manufacturer, distributor, or warrantor injured by another party's violation of this chapter may bring a civil action to recover actual damages. The court may award reasonable attorneys' fees and costs to the prevailing party in such an action. Venue for any civil action authorized by this section is in the county in which the new recreational vehicle dealer's business is located. In an action involving more than 1 new recreational vehicle dealer, venue may be in any county in which any new recreational vehicle dealer that is a party to the action is located.

(b) Prior to bringing suit under this chapter, the plaintiff shall serve upon the offending party a written demand for mediation. Mediation must take place in accordance with this section; Chapter 77 of Title 6 does not apply.

(1) In the case of a manufacturer, distributor, or new recreational vehicle dealer, a demand for mediation must be served upon the other party via certified mail at the address stated within the manufacturer-dealer agreement between the parties. In the case of a different warrantor, the notice must be sent via certified mail to the address identified in the warrantor's warranty, with a copy to the manufacturer or distributor.

(2) A demand for mediation must contain a brief statement of the dispute and the relief sought by the party filing the demand.

(3) Within 20 days after the date on which a demand for mediation is served, the parties shall mutually select an independent certified mediator and meet with that mediator for the purpose of attempting to resolve the dispute. The meeting place must be in this State in a location selected by the mediator. The mediator may extend the date of the meeting for good cause shown by either party or upon stipulation by both parties.

(4) The service of a demand for mediation under this section tolls the time for the filing of a complaint, petition, protest, or other action under this chapter until representatives of both parties have met with a mutually selected mediator for the purpose of attempting to resolve the dispute. If a complaint, petition, protest, or other action is filed before meeting with the mediator, the court shall enter an order suspending the proceeding or action until mediation has occurred, and, upon written stipulation by all parties to the proceeding or action that they wish to continue to mediate under this section, the court shall enter an order suspending the proceeding or action for as long a period as the court considers appropriate.

(5) The parties to the mediation shall bear their own costs for attorneys' fees and divide equally the cost of the mediator.

(c) In addition to the remedies provided in this section and notwithstanding the existence of any additional remedy at law, a manufacturer, distributor, warrantor, or new recreational vehicle dealer may make application to a court of competent jurisdiction for the grant, upon a hearing and for cause shown, of a temporary or permanent injunction, or both, restraining any person from acting as a new recreational vehicle dealer without being properly licensed, from violating or continuing to violate any of the provisions of this chapter, or from failing or refusing to comply with the requirements of this chapter or § 6311(b) of this title. An injunction must be issued without bond. A single act in violation of the provisions of this chapter is sufficient for a court to authorize the issuance of an injunction.

(79 Del. Laws, c. 161, § 1.)

§ 8412. Regulations [For application of this section, see 79 Del. Laws, c. 161, § 5].

The Division of Motor Vehicles shall have the authority to promulgate and adopt rules and regulations necessary to carry out the provisions of this chapter.

(79 Del. Laws, c. 161, § 1.)

Chapter 86
Peer-to-Peer Car Sharing Program Act

§ 8601. Short title.

This chapter shall be known as the “Peer-to-Peer Car Sharing Program Act.”

(83 Del. Laws, c. 227, § 1.)

§ 8602. Definitions.

When used in this chapter:

(1) “Car sharing delivery period” means the period of time during which a shared vehicle is being delivered to the location of the car sharing start time, if applicable, as documented by the governing car sharing program agreement.

(2) “Car sharing period” means the period of time that commences with the car sharing delivery period or, if there is no car sharing delivery period, that commences with the car sharing start time and in either case ends at the car sharing termination time.

(3) “Car sharing program agreement” means the terms and conditions applicable to a shared vehicle owner and a shared vehicle driver that govern the use of a shared vehicle through a peer-to-peer car sharing program. “Car sharing program agreement” does not mean “rental agreement,” or similar, as defined in § 2002 of Title 18. “Car sharing program agreement” is not a “lease” as defined in § 4302 of Title 30.

(4) “Car sharing start time” means the time when the shared vehicle becomes subject to the control of the shared vehicle driver at or after the time the reservation of a shared vehicle is scheduled to begin as documented in the records of a peer-to-peer car sharing program.

(5) “Car sharing termination time” means the earliest of any of the following events:
