2024 Iowa Code Title IV - PUBLIC HEALTH Chapter 135C - HEALTH CARE FACILITIES Section 135C.38 - Inspections upon complaints.

135C.38 Inspections upon complaints. 1. a. Upon receipt of a complaint made in accordance with section 135C.37, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, the department shall make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint within the time period determined pursuant to the following guidelines, which period shall commence on the date of receipt of the complaint: (1) For nursing facilities, an on-site inspection shall be initiated as follows: (a) Within two working days for a complaint determined by the department to be an alleged immediate jeopardy situation. (b) Within ten working days for a complaint determined by the department to be an alleged high-level, nonimmediate jeopardy situation. (c) Within forty-five calendar days for a complaint determined by the department to be an alleged nonimmediate jeopardy situation, other than a high-level situation. (2) For all other types of health care facilities, an on-site inspection shall be initiated as follows: (a) Within two working days for a complaint determined by the department to be an alleged immediate jeopardy situation. (b) Within twenty working days for a complaint determined by the department to be an alleged high-level, nonimmediate jeopardy situation. (c) Within forty-five calendar days for a complaint determined by the department to be an alleged nonimmediate jeopardy situation, other than a high-level situation. b. The complaint investigation shall include, at a minimum, an interview with the complainant, the alleged perpetrator, and the victim of the alleged violation, if the victim is able to communicate, if the complainant, alleged perpetrator, or victim is identifiable, and if the complainant, alleged perpetrator, or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files of the facility may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, "a preponderance of the evidence standard" means that the evidence, considered and compared with the evidence opposed to it, produces the belief in a reasonable mind that the allegations are more likely true than not true. "A preponderance of the evidence standard" does not require that the investigator personally witnessed the alleged violation. c. The department may refer to a representative of the office of long-term care ombudsman any complaint received by the department regarding a facility, for initial evaluation and appropriate action by the office of long-term care ombudsman. 2. a. The complainant shall be promptly informed of the result of any action taken by the

department or the office of long-term care ombudsman in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. b. Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated. c. The department shall mail the notification to the complainant without charge. Upon the request of the complainant, the department shall mail to the complainant, without charge, a copy of the most recent final findings regarding compliance with licensing requirements by the facility against which the complaint was filed. d. A person who is dissatisfied with any aspect of the department's handling of the complaint may contact the office of long-term care ombudsman, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness. 3. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters included in the complaint. However, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection or unless in the course of the complaint investigation a violation is evident to the inspector. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department or a representative of the office of long-term care ombudsman, the complainant or the complainant's representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident of the facility to be inspected would otherwise be violated. The protection and dignity of the resident shall be given first priority by the inspector and others. 135C.40 Citations when violations found — penalties — exception. 1. If the director determines, based on the findings of an inspection or investigation of a health care facility, that the facility is in violation of this chapter or rules adopted under this chapter, the director within five working days after making the determination, may issue a written citation to the facility. The citation shall be served upon the facility personally, by electronic mail, or by certified mail, except that a citation for a class III violation may be sent by ordinary mail. Each citation shall specifically describe the nature of the violation, identifying the Code section or subsection or the rule or standard violated, and the classification of the violation under section 135C.36. Where appropriate, the citation shall also state the period of time allowed for correction of the violation, which shall in each case be the shortest period of time the department deems feasible. Failure to correct a violation within the time specified, unless the licensee shows that the failure was due to

circumstances beyond the licensee's control, shall subject the facility to a further penalty of fifty dollars for each day that the violation continues after the time specified for correction. a. If a facility licensed under this chapter is subject to or will be subject to denial of payment including payment for Medicare or medical assistance under chapter 249A, or denial of payment for all new admissions pursuant to 42 C.F.R. §488.417, and submits a plan of correction relating to a statement of deficiencies or a response to a citation issued under rules adopted by the department and the department elects to conduct an on-site revisit inspection, the department shall commence the revisit inspection within the shortest time feasible of the date that the plan of correction is received, or the date specified within the plan of correction alleging compliance, whichever is later. b. If the department recommends the issuance of federal remedies pursuant to 42 C.F.R. §488.406(a)(2) or (a)(3), relating to an inspection conducted by the department, the department shall issue the statement of deficiencies within twenty-four hours of the date that the centers for Medicare and Medicaid services of the United States department of health and human services was notified of the recommendation for the imposition of remedies. c. The facility shall be provided an exit interview at the conclusion of an inspection and the facility representative shall be informed of all issues and areas of concern related to the deficient practices. The department may conduct the exit interview either in person or by telephone, and a second exit interview shall be provided if any additional issues or areas of concern are identified. The facility shall be provided two working days from the date of the exit interview to submit additional or rebuttal information to the department. 2. When a citation is served upon or mailed to a health care facility under subsection 1 and the licensee of the facility is not actually involved in the daily operation of the facility, a copy of the citation shall be mailed to the licensee. If the licensee is a corporation, a copy of the citation shall be sent to the corporation's office of record. If the citation was issued pursuant to an inspection resulting from a complaint filed under section 135C.37, a copy of the citation shall be sent to the complainant at the earliest time permitted by section 135C.19, subsection 1. 3. No health care facility shall be cited for any violation caused by any practitioner licensed pursuant to chapter 148 if that practitioner is not the licensee of and is not otherwise financially interested in the facility and the licensee or the facility presents evidence that reasonable care and diligence have been exercised in notifying the practitioner of the practitioner's duty to the patients in the facility. 135H.7 Personnel. 1. A person shall not be allowed to provide services in a psychiatric institution if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons. 2. a. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a licensed psychiatric institution, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the record check evaluation system and the licensee for an employee of the licensee shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The record check evaluation system of the department of health and human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of health and human services. b. If the record check evaluation system determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a psychiatric institution licensed under this chapter, or resides in a licensed facility, the record check evaluation system shall notify the program that an evaluation will be conducted to determine whether prohibition of the person’s licensure, employment, or residence is warranted. c. In an evaluation, the record check evaluation system and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The record check evaluation system may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a licensed facility, if the person complies with the record check evaluation system’s conditions relating to the person’s licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The record check evaluation system has final authority in determining whether prohibition of the person’s licensure, employment, or residence is warranted and in developing any conditional requirements under this paragraph. 3. If the record check evaluation system determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a psychiatric institution and shall not be employed by a psychiatric institution or reside in a facility licensed under this chapter. 4. In addition to the record checks required under subsection 2, the record check evaluation system may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of subsections 2 and 3, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random dependent adult abuse record check conducted under this subsection. 5. A licensee shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information. 6. A licensee shall include the following inquiry in an application for employment: Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state? 89 Acts, ch 283, §8; 90 Acts, ch 1221, §2; 91 Acts, ch 138, §2; 92 Acts, ch 1163, §35; 94 Acts, ch 1130, §13; 2023 Acts, ch 19, §188 Section amended

The department may accept an evaluation report issued by such an approved accreditation program as evidence that a radiation machine meets those criteria. If at any time the department determines that it will not accept any evaluation reports issued by such an approved accreditation program as evidence that a radiation machine meets those criteria, the department shall promptly notify each person who has registered a radiation machine under this paragraph. b. The radiation machine, the film or other image receptor used in the radiation machine, and the facility where the radiation machine is used meet the requirements set forth in department rules for radiation machines. c. The radiation machine is specifically designed to perform mammography. d. The radiation machine is used in a facility that does all of the following: (1) At least annually has a qualified radiation physicist provide on-site consultation to the facility, including, but not limited to, a complete evaluation of the entire mammography system to ensure compliance with this section and the rules adopted pursuant to this section. (2) Maintains for at least seven years, records of the consultation required in subparagraph (1) and the findings of the consultation. e. The radiation machine is used according to the department rules on patient radiation exposure and radiation dose levels. f. The radiation machine is operated only by an individual who can demonstrate to the department that the individual is specifically trained in mammography and meets the standards established in this section, or an individual who is a physician or an osteopathic physician. 3. The department may issue a nonrenewable temporary authorization for a radiation machine for use for mammography if additional time is needed to allow submission of evidence satisfactory to the department that the radiation machine meets the standards set forth in subsection 2 for approval for mammography. A temporary authorization granted under this subsection shall be effective for no more than twelve months. The department may withdraw a temporary authorization prior to its expiration if the radiation machine does not meet one or more of the standards set forth in subsection 2. 4. To obtain authorization from the department to use a radiation machine for mammography, the person who owns or leases the radiation machine or an authorized agent of the person shall apply to the department for mammography authorization on an application form provided by the department and shall provide all of the information required by the department as specified on the application form. A person who owns or leases more than one radiation machine used for mammography shall obtain authorization for each radiation machine. The department shall provide an opportunity for a hearing in connection with a denial or withdrawal of mammography authorization. 9. Upon a finding that a deficiency in a radiation machine used for mammography or a violation of this section or the rules adopted pursuant to this section seriously affects the health, safety, and welfare of individuals upon whom the radiation machine is used for mammography, the department may issue an emergency order summarily withdrawing the mammography authorization of the radiation machine. The department shall incorporate its findings in the order and shall provide an opportunity for a hearing within five working days after issuance of the order. The order shall be effective during the proceedings. 10. If the department withdraws the mammography authorization of a radiation machine, the radiation machine shall not be used for mammography. An application for reinstatement of a mammography authorization shall be filed and processed in the same manner as an application for mammography authorization under subsection 4, except that the department shall not issue a reinstated certificate of registration specifying the mammography authorization until the department inspects the radiation machine and determines that it meets the standards set forth in subsection 2. The department shall conduct an inspection required under this subsection no later than sixty days after receiving a proper application for reinstatement of a mammography authorization. 11. 139A.19 Care provider notification. 1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains a significant exposure from an individual while rendering health care services or other services, the individual to whom the care

provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of a significant exposure report by the care provider to the hospital, clinic, other health facility, or other person specified in this section to whom the individual is delivered by the care provider as determined by rule. b. The hospital, clinic, or other health facility in which the significant exposure occurred or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number. c. A hospital, clinic, or other health facility, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, clinic, or other health facility, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, clinic, or other health facility, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided. d. Notwithstanding any other provision of law to the contrary, a care provider may transmit cautions regarding contagious or infectious disease information, with the exception of AIDS or HIV pursuant to section 80.9B, in the course of the care provider's duties over the police radio broadcasting system under chapter 693 or any other radio-based communications system if the information transmitted does not personally identify an individual. 2. a. If the test results are positive, the hospital, clinic, other health facility, or other person performing the test shall notify the subject of the test and make any required reports to the department pursuant to sections 139A.3 and 141A.6. The report to the department shall include the name of the individual tested. b. If the individual tested is diagnosed or confirmed as having a contagious or infectious disease, the hospital, clinic, other health facility, or other person conducting the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider. c. The notification to the care provider shall be provided as soon as is reasonably possible following determination that the subject of the test has a contagious or infectious disease. The notification shall not include the name of the individual tested for the contagious or infectious disease unless the individual consents. If the care provider who sustained a significant exposure determines the identity of the individual diagnosed or confirmed as having a contagious or infectious disease, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual diagnosed with or confirmed as having a contagious or infectious disease. 3. This section does not preclude a hospital, clinic, other health facility, or a health care provider from providing notification to a care provider under circumstances in which the hospital's, clinic's, other health facility's, or health care provider's policy provides for notification of the hospital's, clinic's, other health facility's, or health care provider's own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient's name, unless the patient consents. 4. A hospital, clinic, other health facility, or health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed. 5. A hospital's, clinic's, other health facility's, or health care provider's duty to notify under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual who was the source of the significant exposure. 6. Notwithstanding subsection 5, the hospital, clinic, or other health facility may provide a procedure for notifying the exposed care provider if, following discharge from or completion of care or treatment by the hospital, clinic, or other health facility, the individual who was the source of the significant exposure, and for whom a significant exposure report was submitted that did not result in notification of the exposed care provider, wishes to provide information regarding the source individual's contagious or infectious disease status to the exposed care provider. 7. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section who performs the test in compliance with this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed. 8. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized. 9. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section. 10. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of testing for the individual who is the source of the significant exposure and of the testing of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall assist an individual who is the source of the significant exposure in finding resources to pay for the costs of the testing and shall assist a care provider who renders direct aid without compensation in finding resources to pay for the cost of the test. 2000 Acts, ch 1066, §19; 2001 Acts, ch 157, §4; 2011 Acts, ch 63, §20; 2011 Acts, ch 131, §54, 158

(2) If the donor or other person is physically unable to sign a record, the record may be signed by another individual at the direction of the donor or other person and shall meet all of the following requirements: (a) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or other person. (b) State that the record has been signed and witnessed as provided in subparagraph division (a). c. Revocation, suspension, expiration, or cancellation of a driver’s license, identification card, or hunting, fishing, or fur harvester license upon which an anatomical gift is indicated shall not invalidate the gift. d. An anatomical gift made by will takes effect upon the donor’s death whether or not the will is probated. Invalidation of the will after the donor’s death does not invalidate the gift. 3. Amending or revoking gift before donor’s

death. a. Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may amend or revoke an anatomical gift by any of the following means: (1) A record signed by any of the following: (a) The donor. (b) The other person authorized to make an anatomical gift. (c) Subject to paragraph “b”, another individual acting at the direction of the donor or the other authorized person if the donor or other person is physically unable to sign the record. (2) A later-executed document of gift that amends or revokes a previous anatomical gift or portion of an anatomical gift, either expressly or by inconsistency. b. A record signed pursuant to paragraph “a”, subparagraph (1), subparagraph division (c), shall comply with all of the following: (1) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other authorized person. (2) State that the record has been signed and witnessed as provided in subparagraph (1). c. Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may revoke an anatomical gift by the destruction or cancellation of the document of gift, or the portion of the document of gift used to make the gift, with the intent to revoke the gift. d. A donor may amend or revoke an anatomical gift that was not made in a will by any form of communication during a terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness. e. A donor who makes an anatomical gift in a will may amend or revoke the gift in the manner provided for amendment or revocation of wills or as provided in paragraph “a”. 4. Refusal to make. a. An individual may refuse to make an anatomical gift of the individual’s body or part by any of the following means: (1) A record signed by any of the following: (a) The individual. (b) Subject to paragraph “b”, another individual acting at the direction of the individual if the individual is physically unable to sign the record. (2) The individual’s will, whether or not the will is admitted to probate or invalidated after the individual’s death. (3) Any form of communication made by the individual during the individual’s terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness. b. A record signed pursuant to paragraph “a”, subparagraph (1), subparagraph division (b), shall comply with all of the following: (1) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the individual. (2) State that the record has been signed and witnessed as provided in subparagraph (1). c. An individual who has made a refusal may amend or revoke the refusal in accordance with any of the following: (1) In the manner provided in paragraph “a” for making a refusal. (2) By subsequently making an anatomical gift pursuant to subsection 2 that is inconsistent with the refusal. (3) By destroying or canceling the record evidencing the refusal, or the portion of the record used to make the refusal, with the intent to revoke the refusal. d. Except as otherwise provided in subsection 5, paragraph “h”, in the absence of an express, contrary indication by the individual set forth in the refusal, an individual’s unrevoked refusal to make an anatomical gift of the individual’s body or part prohibits all other persons from making an anatomical gift of the individual’s body or part. 5. Preclusive effect. a. Donor gift or amendment — subsequent actions by others prohibited. Except as otherwise provided in paragraph “g”, and subject to paragraph “f”, in the absence of a contrary indication by the donor, a person other than the donor is prohibited from making, amending, or revoking an anatomical gift of a donor’s body or part if the donor made an anatomical gift of the donor’s body or part under subsection 2 or an amendment to an anatomical gift of the donor’s body or part under subsection 3. b. Donor revocation not a refusal. A donor’s revocation of an anatomical gift of the donor’s body or part under subsection 3 is not a refusal and does not prohibit another person specified in subsection 1 or section 142C.4 from making an anatomical gift of the donor’s body or part under subsection 2 or section 142C.4. c. Gift on amendment by another — subsequent actions by others prohibited. If a person other than the donor makes an unrevoked anatomical gift of the donor’s body or part under subsection 2, or an amendment to an anatomical gift of the donor’s body or part under subsection 3, another person may not make, amend, or revoke the gift of the donor’s body or part under section 142C.4. d. Revocation by another not prohibitive of other gift. A revocation of an anatomical gift of a donor’s body or part under subsection 3 by a person other than the donor does not prohibit another person from making an anatomical gift of the body or part under subsection 2 or section 142C.4. e. Gift of part not prohibitive of gift of another part. In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part is neither a refusal to donate another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another authorized person. f. Gift for one purpose not prohibitive of another purpose. In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part for one or more of the purposes specified in subsection 1 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under subsection 2 or section 142C.4. g. Unemancipated minor gift — parent revocation. If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor’s body or part. h. Unemancipated minor refusal — parent revocation or amendment. If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor’s refusal. 95 Acts, ch 39, §3; 2002 Acts, ch 1064, §3, 4; 2007 Acts, ch 44, §3; 2009 Acts, ch 41, §263; 2019 Acts, ch 86, §4 – 6 Referred to in §142C.2, 142C.4, 142C.5, 142C.18

If there is more than one member of a class listed in subsection 1, paragraph "a", "c", "d", "e", "f", "g", or "i", entitled to make an anatomical gift, an anatomical gift may be made by one member of the class unless that member or a person to whom the gift may pass under section 142C.5 knows of an objection by another member of the class. If an objection is known, the gift shall be made only by a majority of the members of the class who are reasonably available. b. A person shall not make an anatomical gift if, at the time of the death of the decedent, a person in a prior class under subsection 1 is reasonably available to make or to object to the making of an anatomical gift. 3. 2024 Iowa Code Title IV - PUBLIC HEALTH Chapter 142C - REVISED UNIFORM ANATOMICAL GIFT ACT Section 142C.4A - Cooperation between medical examiner and organ procurement organization — facilitation of anatomical gift from decedent whose body is under jurisdiction of medical examiner.

142C.4A Cooperation between medical examiner and organ procurement organization — facilitation of anatomical gift from decedent whose body is under jurisdiction of medical examiner. 1. A medical examiner shall cooperate with procurement organizations to maximize the opportunity to recover organs for the purpose of transplantation when the recovery of organs does not interfere with a death investigation. 2. If a medical examiner receives notice from a procurement organization that an organ might be or was made available with respect to a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination will be performed, unless the medical examiner denies recovery in accordance with this section, the medical examiner or designee shall conduct a postmortem examination of the body or the organ in a manner and within a period compatible with its preservation for the purposes of the gift. Every reasonable effort shall be made to accomplish the mutual goals of organ donation and a thorough death investigation. 3. An organ shall not be removed from the body of a decedent under the jurisdiction of a medical examiner for transplantation unless the organ is the subject of an anatomical gift. This subsection does not preclude a medical examiner from performing a medicolegal investigation pursuant to subsection 5 upon the body or organs of a decedent under the jurisdiction of the medical examiner. 4. Upon request of an organ procurement organization, a medical examiner shall release to the organ procurement organization the name and contact information of a decedent whose body is under the jurisdiction of the medical examiner. If the decedent's organs are medically suitable for transplantation, the pathologist or medical examiner shall release to the organ procurement organization the postmortem examination results, limited to cause and manner of death and any evidence of infection or other disease process, which might preclude safe transplantation of recovered organs. The organ procurement organization may make a subsequent disclosure of the postmortem examination results only if relevant to transplantation. 5. The medical examiner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, X rays, other diagnostic results, and other information that any person possesses about a donor or prospective donor whose body is under the jurisdiction of the medical examiner, which the medical examiner determines may be relevant to the investigation. 6. A person who has any information requested by a medical examiner pursuant to subsection 5 shall provide that information as expeditiously as possible to allow the medical examiner to conduct the medicolegal investigation within a period compatible with the preservation of organs for the purpose of transplantation. 7. If an anatomical gift has been or might be made of an organ of a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination is not required, or the medical examiner determines that a postmortem examination is required but that the recovery of the organ that is the subject of an anatomical gift will not interfere with the examination, the medical examiner and organ procurement organization shall cooperate in the timely removal of the organ from the decedent for the purpose of transplantation. 8. a. If an anatomical gift of an organ from a decedent under the jurisdiction of the medical examiner has been or might be made, but the pathologist or medical examiner initially believes that the recovery of the organ could interfere with the postmortem investigation into the decedent's cause or manner of death, the pathologist or medical examiner shall consult with the organ procurement organization or physician or technician designated by the organ procurement organization about the proposed recovery. b. Ancillary clinical tests such as a magnetic resonance imaging (MRI), a computed tomography (CT) scan, or skeletal survey may be required by the pathologist prior to determination of suitability of organ procurement. These tests shall be performed and interpreted by the appropriate physician at the pathologist's request, and reported in a timely fashion. All expenses for such tests shall be the responsibility of the organ procurement organization regardless of outcome. c. After consultation pursuant to paragraph "a" and any preliminary investigation pursuant to paragraph "b", the pathologist or medical examiner may allow recovery, depending on the nature of the case and the availability of a pathologist to view the body prior to recovery. 9. If the manner of death may be homicide or has the potential for litigation, the organ recovery shall be approved

by the forensic pathologist, and the forensic pathologist may examine the body prior to organ recovery and document by diagrams and photographs all visible injuries. 10. a. If the medical examiner or designee allows recovery of an organ under subsection 7, 8, or 9, the organ procurement organization, upon request, shall cause the physician or technician who removes the organ to provide the medical examiner with a record describing the condition of the organ, a biopsy, a photograph, and any other information and observations that would assist in the postmortem examination. b. Arrangements for the examination of bodies of such decedents shall be coordinated between the organ procurement organization and the state medical examiner. c. If applicable, and whenever possible, the forensic pathologist who examined the decedent's body prior to recovery of the organ shall perform the autopsy. If the forensic pathologist is unable to accommodate examination of the body due to scheduling or staffing, the request for organ donation may be denied. 11. If a medical examiner or designee is required to be present at a removal procedure under subsection 9, upon request, the organ procurement organization requesting the recovery of the organ shall reimburse the medical examiner or designee for the additional costs incurred in complying with subsection 9. 12. A physician or technician who removes an organ at the direction of the organ procurement organization may be called to testify about findings from the surgical recovery of organs at no cost to taxpayers if the decedent is under the jurisdiction of the medical examiner. 13. a. The medical examiner or pathologist with jurisdiction over the body of a decedent has discretion to grant or deny permission for organ or tissue recovery. b. If the recovery of organs or tissues may hinder the determination of cause or manner of death or if evidence may be destroyed by the recovery, permission may be denied. c. The medical examiner or a pathologist performing state autopsies shall work closely with procurement organizations in an effort to balance the needs of the public and the decedent's next of kin. 96 Acts, ch 1048, §1; 2007 Acts, ch 44, §5

The department may share information with federal public health officials for the purposes of securing federal funding or conducting public health research. However, in sharing the information, the department shall not relinquish control of the information, and any agreement entered into by the department with federal public health officials to share information shall prohibit the use, reproduction, release, or disclosure of the information by federal public health officials in a manner which violates this section. Death resulting from the withholding or withdrawal of life-sustaining procedures pursuant to a declaration or out-of-hospital do-not-resuscitate order and in accordance with this chapter does not, for any purpose, constitute a suicide, homicide, or dependent adult abuse. 2. No policy of life insurance is legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures pursuant to this chapter, notwithstanding any term of the policy to the contrary. 3. A physician, health care provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not require any person to execute a declaration or an out-of-hospital do-not-resuscitate order as a condition for being insured for, or receiving, health care services. 4. In that respect, the provisions of this chapter are cumulative. 6. This chapter shall not be interpreted to affect the right of an individual to make decisions regarding use of life-sustaining procedures as long as the individual is able to do so, nor to impair or supersede any right or responsibility that any person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect, the provisions of this chapter are cumulative. 9. This chapter shall not be construed to condone, authorize, or approve mercy killing or euthanasia, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying. 10. Plans for an area hospital shall include the maximum amount to be levied for debt service and operation and maintenance of the area hospital in the portion of the merged area within each political subdivision taking part in the merger. However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within the subdivision, and the expected service benefits to the residents of each subdivision by the proposed area hospital. 146.1 Liability of persons relating to performance of abortions. An individual who may lawfully perform, assist, or participate in medical procedures which will result in an abortion shall not be required against that individual’s religious beliefs or moral convictions to perform, assist, or participate in such procedures. A person shall not discriminate against any individual in any way, including but not limited to employment, promotion, advancement, transfer, licensing, education, training or the granting of hospital privileges or staff appointments, because of the individual’s participation in or refusal to participate in recommending, performing, or assisting in an abortion procedure. For the purposes of this chapter, “abortion” means the termination of a human pregnancy with the intent other than to produce a live birth or to remove a dead fetus. Abortion does not include medical care which has as its primary purpose the treatment of a serious physical condition requiring emergency medical treatment necessary to save the life of a mother. 146.2 Liability of hospitals refusing to perform abortions. A hospital, which is not controlled, maintained and supported by a public authority, shall not be required to permit the performance of an abortion. The refusal to permit such procedures shall not be grounds for civil liability to any person nor a basis for any disciplinary or other recriminatory action against the hospital. That the woman has undergone an ultrasound imaging of the unborn child that displays the approximate age of the unborn child. b. That the woman was given the opportunity to see the unborn child by viewing the ultrasound image of the unborn child. c. That the woman was given the option of hearing a description of the unborn child based on the ultrasound image and hearing the heartbeat of the unborn child. d. (1) That the woman has been provided information regarding all of the following, based upon the materials developed by the department of health and human services pursuant to subparagraph (2): (a) The options relative to a pregnancy, including continuing the pregnancy to term and retaining parental rights following the child’s birth, continuing the pregnancy to term and placing the child for adoption, and terminating the pregnancy. The materials shall inform the woman of the benefits of adoption, including the requirements of confidentiality in the adoption process, the importance of adoption to individuals

and society, and the state's interest in promoting adoption by preferring adoption over abortion. "Medical emergency" means a situation in which an abortion is performed to preserve the life of the pregnant woman whose life is endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy, but not including psychological conditions, emotional conditions, familial conditions, or the woman's age; or when continuation of the pregnancy will create a serious risk of substantial and irreversible impairment of a major bodily function of the pregnant woman. b. "Unborn child" means an individual organism of the species homo sapiens from fertilization to live birth. 2015 Acts, ch 137, §75, 162, 163; 2017 Acts, ch 108, §1, 7; 2018 Acts, ch 1132, §2; 2020 Acts, ch 1110, §2; 2023 Acts, ch 19, §260, 261 Referred to in §146C.1, 146E.1 Legislative intent; 2017 Acts, ch 108, §5 Subsection 1, paragraph d, subparagraph (1), unnumbered paragraph 1 amended Subsection 1, paragraph d, subparagraph (2), unnumbered paragraph 1 amended

"Major bodily function" includes but is not limited to functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. 6. 2024 Iowa Code Title IV - PUBLIC HEALTH Chapter 146B - ABORTION — POSTFERTILIZATION AGE Section 146B.2 - Determination of postfertilization age — certain abortions prohibited — exceptions — reporting requirements — penalties.

146B.2 Determination of postfertilization age — certain abortions prohibited — exceptions — reporting requirements — penalties. 1. Except in the case of a medical emergency, in addition to compliance with the prerequisites of chapter 146A, an abortion shall not be performed or be attempted to be performed unless the physician performing the abortion has first made a determination of the probable postfertilization age of the unborn child or relied upon such a determination made by another physician. In making such a determination, a physician shall make such inquiries of the pregnant woman and perform or cause to be performed such medical examinations and tests the physician considers necessary in making a reasonable medical judgment to accurately determine the postfertilization age of the unborn child. 2. a. A physician shall not perform or attempt to perform an abortion upon a pregnant woman when it has been determined, by the physician performing the abortion or by another physician upon whose determination that physician relies, that the probable postfertilization age of the unborn child is twenty or more weeks unless, in the physician's reasonable medical judgment, any of the following applies: (1) The pregnant woman has a condition which the physician deems a medical emergency. (2) The abortion is necessary to preserve the life of an unborn child. b. If an abortion is performed under this subsection, the physician shall terminate the human pregnancy in the manner which, in the physician's reasonable medical judgment, provides the best opportunity for an unborn child to survive, unless, in the physician's reasonable medical judgment, termination of the human pregnancy in that manner would pose a greater risk than any other available method of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function. A greater risk shall not be deemed to exist if it is based on a claim or diagnosis that the pregnant woman will engage in conduct which would result in the

pregnant woman's death or in substantial and irreversible physical impairment of a major bodily function. 3. A physician who performs or attempts to perform an abortion shall report to the department, on a schedule and in accordance with forms and rules adopted by the department, all of the following: a. If a determination of probable postfertilization age of the unborn child was made, the probable postfertilization age determined and the method and basis of the determination. b. If a determination of probable postfertilization age of the unborn child was not made, the basis of the determination that a medical emergency existed. c. If the probable postfertilization age of the unborn child was determined to be twenty or more weeks, the basis of the determination of a medical emergency, or the basis of the determination that the abortion was necessary to preserve the life of an unborn child. d. The method used for the abortion and, in the case of an abortion performed when the probable postfertilization age was determined to be twenty or more weeks, whether the method of abortion used was one that, in the physician's reasonable medical judgment, provided the best opportunity for an unborn child to survive or, if such a method was not used, the basis of the determination that termination of the human pregnancy in that manner would pose a greater risk than would any other available method of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function. 4. a. By June 30, annually, the department shall issue a public report providing statistics for the previous calendar year, compiled from the reports for that year submitted in accordance with subsection 3. The department shall ensure that none of the information included in the public reports could reasonably lead to the identification of any woman upon whom an abortion was performed. b. (1) A physician who fails to submit a report by the end of thirty days following the due date shall be subject to a late fee of five hundred dollars for each additional thirty-day period or portion of a thirty-day period the report is overdue. (2) A physician required to report in accordance with subsection 3 who has not submitted a report or who has submitted only an incomplete report more than one year following the due date, may, in an action brought in the manner in which actions are brought to enforce chapter 148, be directed by a court of competent jurisdiction to submit a complete report within a time period stated by court order or be subject to contempt of court. (3) A physician who intentionally or recklessly falsifies a report required under this section is subject to a civil penalty of one hundred dollars. 5. Any medical facility in which a physician is authorized to perform an abortion shall implement written medical policies and procedures consistent with the requirements and prohibitions of this chapter. 6. The department shall adopt rules to implement this section. 2017 Acts, ch 108, §3, 7 Referred to in §146B.3

2024 Iowa Code Title IV - PUBLIC HEALTH Chapter 146B - ABORTION — POSTFERTILIZATION AGE Section 146B.3 - Civil actions and penalties.

146B.3 Civil actions and penalties. 1. Failure of a physician to comply with any provision of section 146B.2, with the exception of the late filing of a report or failure to submit a complete report in compliance with a court order, is grounds for licensee discipline under chapter 148. 2. A woman upon whom an abortion has been performed in violation of this chapter may maintain an action against the physician who performed the abortion in intentional or reckless violation of this chapter for actual damages. 3. A woman upon whom an abortion has been attempted in violation of this chapter may maintain an action against the physician who attempted the abortion in intentional or reckless violation of this chapter for actual damages. 4. A cause of action for injunctive relief to prevent a physician from performing abortions may be maintained against a physician who has intentionally violated this chapter by the woman upon whom the abortion was performed or attempted, by a parent or guardian of the woman if the woman is less than eighteen years of age at the time the abortion was performed or attempted, by a current or former licensed health care provider of the woman, by a county attorney with appropriate jurisdiction, or by the attorney general. 5. If the plaintiff prevails in an action brought under this section, the plaintiff shall be entitled to an award for reasonable attorney fees. 6. If the defendant prevails in an action brought under this section and the court finds that the plaintiff's suit was frivolous and brought in bad faith, the defendant shall be entitled to an award for reasonable attorney fees. 7. Damages and attorney fees shall not be assessed against the woman upon whom an abortion was performed or attempted except as provided in subsection 6. 8. In a civil proceeding or action brought under this chapter, the court shall rule whether the anonymity of any woman upon whom an abortion has been performed or attempted shall be preserved from public disclosure if the woman does not provide consent to such disclosure. The court, upon motion or on its own motion, shall make such a ruling and, upon determining that the woman's anonymity should be preserved, shall issue orders to the parties, witnesses, and counsel and shall direct the sealing of the record and exclusion of individuals from courtrooms or hearing rooms to the extent necessary to safeguard the woman's identity from public disclosure. Each such order shall be accompanied by specific written findings explaining why the anonymity of the woman should be preserved from public disclosure, why the order is essential to that end, how the order is narrowly tailored to serve that interest, and why no reasonable less restrictive alternative exists. In the absence of written consent of the woman upon whom an abortion has been performed or attempted, anyone, other than a public official, who brings an action under this section shall do so under a pseudonym. This subsection shall not be construed to conceal the identity of the plaintiff or of witnesses from the defendant or from attorneys for the defendant. 9. This chapter shall not be construed to impose civil or criminal liability on a woman upon whom an abortion is performed or attempted. 2017 Acts, ch 108, §4, 7

147.135 Peer review committees — nonliability — records and reports privileged and confidential. 1. A person shall not be civilly liable as a result of acts, omissions, or decisions made in connection with the person's service on a peer review committee. However, such immunity from civil liability shall not apply if an act, omission, or decision is made with malice. 2. As used in this subsection, "peer review records" means all complaint files, investigation files, reports, and other investigative information relating to licensee discipline or professional competence in the possession of a peer review committee or an employee of a peer review committee. As used in this subsection, "peer review committee" does not include licensing boards. Peer review records are privileged and confidential, are not subject to discovery, subpoena, or other means of legal compulsion for release to a person other than an affected licensee or a peer review committee, and are not admissible in evidence in a judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review record and whose competence is at issue. A person shall not be liable as a result of filing a report or complaint with a peer review committee or providing information to such a committee, or for disclosure of privileged matter to a peer review committee. A person present at a meeting of a peer review committee shall not be permitted to testify as to the findings, recommendations, evaluations, or opinions of the peer review committee in any judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review committee meeting and whose competence is at issue. Information or documents discoverable from sources other than the peer review committee do not become nondiscoverable from the other sources merely because they are made available to or are in the possession of a peer review committee. However, such information relating to licensee discipline may be disclosed to an appropriate licensing authority in any jurisdiction in which the licensee is licensed or has applied for a license. If such information indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. This subsection shall not preclude the discovery of the identification of witnesses or documents known to a peer review committee. Any final written decision and finding of fact by a licensing board in a disciplinary proceeding is a public record. Upon appeal by a licensee of a decision of a board, the entire case record shall be submitted to the reviewing court. In all cases where privileged and confidential information under this subsection becomes discoverable, admissible, or part of a court record the identity of an individual whose privilege has been involuntarily waived shall be withheld. 3. a. A full and confidential report concerning any final hospital disciplinary action approved by a hospital board of trustees that results in a limitation, suspension, or revocation of a physician's privilege to practice for reasons relating to the physician's professional competence or concerning any voluntary surrender or limitation of privileges for reasons relating to professional competence shall be made to the board of medicine by the hospital administrator or chief of medical staff within ten days of such action. The board of medicine shall investigate the report and take appropriate action. These reports shall be privileged and confidential as though included in and subject to the requirements for peer review committee information in subsection 2. Persons making these reports and persons participating in resulting proceedings related to these reports shall be immune from civil liability with respect to the making of the report or participation in resulting proceedings. As used in this subsection, "physician" means a person licensed pursuant to chapter 148. b. Notwithstanding subsection 2, if the board of medicine conducts an investigation based on a complaint received or upon its own motion, a hospital pursuant to subpoena shall make available information and documents requested by the board, specifically including reports or descriptions of any complaints or incidents concerning an individual who is the subject of the board's investigation, even though the information and documents are also kept for, are the subject of, or are being used in peer review by the hospital. However, the deliberations, testimony, decisions, conclusions, findings, recommendations, evaluations, work product, or opinions of a peer review committee or its members and those portions of any documents or records containing or revealing information relating thereto shall not be subject to the board's request for information, subpoena, or other legal compulsion. All information and documents received by the board from a hospital under this section shall be confidential pursuant to section 272C.6, subsection 4. 147A.22 Legislative findings and intent — purpose. The general assembly finds the following: 1. Trauma is a serious health problem in the state of Iowa and is the leading cause of death of younger Iowans. The death and disability associated with traumatic injury contributes to the significant medical expenses and lost work, and adversely affects the productivity of Iowans. 2. The result of a well-coordinated statewide trauma care system is to reduce the incidences of inadequate trauma care and preventable deaths, minimize human suffering, and decrease the costs associated with preventable mortality and morbidity. 4. The development of the Iowa trauma care system will achieve these goals while meeting the unique needs of the rural residents of the state. 95 Acts, ch 40, §3

Render emergency and nonemergency medical care, rescue, and lifesaving services in those areas for which the emergency medical care provider is certified, as defined and approved in accordance with the rules of the department, at the scene of an emergency, during transportation to a hospital or while in the hospital emergency department, and until care is directly assumed by a physician or by authorized hospital personnel. 2. Function in any hospital or any other entity in which health care is ordinarily provided only when under the direct supervision, as defined by rules adopted pursuant to chapter 17A, of a physician, when the emergency care provider is any of the following: a. Enrolled as a student or participating as a preceptor in a training program approved by the department or an agency authorized in another state to provide initial EMS education and approved by the department. b. An emergency medical care provider shall not routinely function without the direct supervision of a physician, physician assistant, or registered nurse. However, when the physician, physician assistant, or registered nurse cannot directly assume emergency care of the patient, the emergency medical care provider may perform without direct supervision emergency medical care procedures for which that individual is certified if the life of the patient is in immediate danger and such care is required to preserve the patient's life. d. Employed by or assigned to a hospital or other entity in which health care is ordinarily provided only when under the direct supervision of a physician, as a member of an authorized service program, or in an individual capacity, to perform nonlifesaving procedures for which those individuals have been certified and are designated in a written job description. Such procedures may be performed after the patient is observed by and when the emergency medical care provider is under the supervision of the physician, physician assistant, or registered nurse, including when the registered nurse is not acting in the capacity of a physician designee, and where the procedure may be immediately abandoned without risk to the patient. 147A.9 Remote supervision — emergency communication failure — authorization to initiate emergency procedures. 1. When voice contact or a telemetered electrocardiogram is monitored by a physician, physician's designee, or physician assistant, and direct communication is maintained, an emergency medical care provider may upon order of the monitoring physician or upon standing orders of a physician transmitted by the monitoring physician's designee or physician assistant perform any emergency medical care procedure for which that emergency medical care provider is certified. 2. If communications fail during an emergency or nonemergency situation, the emergency medical care provider may perform any emergency medical care procedure for which that individual is certified and which is included in written protocols if in the judgment of the emergency medical care provider the life of the patient is in immediate danger and such care is required to preserve the patient's life. 3. 2024 Iowa Code Title IV - PUBLIC HEALTH Chapter 147B - INTERSTATE MEDICAL LICENSURE COMPACT Section 147B.1 - Interstate medical licensure compact.

147B.1 Interstate medical licensure compact. 1. Purpose. a. In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the interstate medical licensure compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards and provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The compact creates another pathway for licensure and does not otherwise change a state's existing medical practice Act. The compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located. b. State medical boards that participate in the compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the compact. 2. Definitions. In this compact: a. "Bylaws" means those bylaws established by the interstate commission pursuant to subsection 11 for its governance, or for directing and controlling its actions and conduct. b. "Commissioner" means the voting representative appointed by each member board pursuant to subsection 11. c. "Conviction" means a finding by a court that an individual is guilty of a criminal offense through adjudication, or entry of a plea of guilt or no contest to the charge by the offender. Evidence of an entry of a conviction of a criminal offense by the court shall be considered final for purposes of disciplinary action by a member board. d. "Expedited license" means a full and unrestricted medical

license granted by a member state to an eligible physician through the process set forth in the compact. e. "Interstate commission" means the interstate commission created pursuant to this section. f. "License" means authorization by a state for a physician to engage in the practice of medicine, which would be unlawful without the authorization. g. "Medical practice act" means laws and regulations governing the practice of allopathic and osteopathic medicine within a member state. h. "Member board" means a state agency in a member state that acts in the sovereign interests of the state by protecting the public through licensure, regulation, and education of physicians as directed by the state government. i. "Member state" means a state that has enacted the compact. j. "Offense" means a felony, gross misdemeanor, or crime of moral turpitude. k. "Physician" means any person who satisfies all of the following: (1) Is a graduate of a medical school accredited by the liaison committee on medical education, the commission on osteopathic college accreditation, or a medical school listed in the international medical education directory or its equivalent. (2) Passed each component of the United States medical licensing examination or the comprehensive osteopathic medical licensing examination within three attempts, or any of its predecessor examinations accepted by a state medical board as an equivalent examination for licensure purposes. (3) Successfully completed graduate medical education approved by the accreditation council for graduate medical education or the American osteopathic association. (4) Holds specialty certification or a time-unlimited specialty certificate recognized by the American board of medical specialties or the American osteopathic association's bureau of osteopathic specialists. (5) Possesses a full and unrestricted license to engage in the practice of medicine issued by a member board. (6) Has never been convicted, received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction. (7) Has never held a license authorizing the practice of medicine subjected to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license. (8) Has never had a controlled substance license or permit suspended or revoked by a state or the United States drug enforcement administration. (9) Is not under active investigation by a licensing agency or law enforcement authority in any state, federal, or foreign jurisdiction. l. "Practice of medicine" means the clinical prevention, diagnosis, or treatment of human disease, injury, or condition requiring a physician to obtain and maintain a license in compliance with the medical practice act of a member state. m. "Rule" means a written statement by the interstate commission promulgated pursuant to subsection 12 that is of general applicability, implements, interprets, or prescribes a policy or provision of the compact, or an organizational, procedural, or practice requirement of the interstate commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule. n. "State" means any state, commonwealth, district, or territory of the United States. o. "State of principal license" means a member state where a physician holds a license to practice medicine and which has been designated as such by the physician for purposes of registration and participation in the compact.

3. Eligibility. a. A physician must meet the eligibility requirements as defined in subsection 2, paragraph "k", to receive an expedited license under the terms and provisions of the compact. b. A physician who does not meet the requirements of subsection 2, paragraph "k", may obtain a license to practice medicine in a member state if the individual complies with all laws and requirements, other than the compact, relating to the issuance of a license to practice medicine in that state.

4. Designation of state of principal license. a. A physician shall designate a member state as the state of principal license for purposes of registration for expedited licensure through the compact if the physician possesses a full and unrestricted license to practice medicine in that state, and the state is: (1) The state of primary residence for the physician, or (2) The state where at least twenty-five percent of the practice of medicine occurs, or (3) The location of the physician's employer, or (4) If no state qualifies under subparagraph (1), subparagraph (2), or subparagraph (3), the state designated as state of residence for purposes of federal income tax. b. A physician may redesignate a member state as the state of principal license at any time, as long as the state meets the requirements in paragraph "a". c. The interstate commission is authorized to develop rules to facilitate redesignation of another member state as the state of principal license.

5. Application and issuance of expedited licensure. a. A physician seeking licensure through the compact shall file an application for an expedited license with the member board of the state selected by the physician as the state of principal license. b. Upon receipt of an application for an expedited license, the member board within the state selected as the state of principal license shall evaluate whether the physician is eligible for expedited licensure and issue a letter of qualification, verifying or denying the physician's eligibility, to the interstate commission. (1) Static qualifications, which include verification of medical education, graduate medical education, results of any medical or licensing examination, and other qualifications as determined by the interstate commission through rule, shall not be subject to additional primary source verification where already primary source-verified by the state of principal license. (2) The member board within the state selected as the state of principal license shall, in the course of verifying eligibility, perform a criminal background check of an applicant, including the use of the results of fingerprint or other biometric data checks compliant with the requirements of the federal bureau of investigation, with the exception of federal employees who have suitability determination in accordance with 5 C.F.R. §731.202. (3) Appeal on the determination of eligibility shall be made to the member state where the application was filed and shall be subject to the law of that state. c. Upon verification in paragraph "b", physicians eligible for an expedited license shall complete the registration process established by the interstate commission to receive a license in a member state selected pursuant to paragraph "a", including the payment of any applicable fees. d. After receiving verification of eligibility under paragraph "b" and any fees under paragraph "c", a member board shall issue an expedited license to the physician. This license shall authorize the physician to practice medicine in the issuing state consistent with the medical practice act and all applicable laws and regulations of the issuing member board and member state. e. An expedited license shall be valid for a period consistent with the licensure period in the member state and in the same manner as required for other physicians holding a full and unrestricted license within the member state. f. An expedited license obtained through the compact shall be terminated if a physician fails to maintain a license in the state of principal license for a nondisciplinary reason, without redesignation of a new state of

principal license. g. The interstate commission is authorized to develop rules regarding the application process, including payment of any applicable fees, and the issuance of an expedited license. 6. Fees for expedited licensure. a. A member state issuing an expedited license authorizing the practice of medicine in that state may impose a fee for a license issued or renewed through the compact. b. The interstate commission is authorized to develop rules regarding fees for expedited licenses. 7. Renewal and continued participation. a. A physician seeking to renew an expedited license granted in a member state shall complete a renewal process with the interstate commission if the physician satisfies the following: (1) Maintains a full and unrestricted license in a state of principal license. (2) Has not been convicted, received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction. (3) Has not had a license authorizing the practice of medicine subject to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license. (4) Has not had a controlled substance license or permit suspended or revoked by a state or the United States drug enforcement administration. b. Physicians shall comply with all continuing professional development or continuing medical education requirements for renewal of a license issued by a member state. c. The interstate commission shall collect any renewal fees charged for the renewal of a license and distribute the fees to the applicable member board. d. Upon receipt of any renewal fees collected in paragraph "c", a member board shall renew the physician's license. e. Physician information collected by the interstate commission during the renewal process will be distributed to all member boards. f. The interstate commission is authorized to develop rules to address renewal of licenses obtained through the compact. 8. Coordinated information system. a. The interstate commission shall establish a database of all physicians licensed, or who have applied for licensure, under subsection 5. b. Notwithstanding any other provision of law, member boards shall report to the interstate commission any public action or complaints against a licensed physician who has applied or received an expedited license through the compact. c. Member boards shall report disciplinary or investigatory information determined as necessary and proper by rule of the interstate commission. d. Member boards may report any nonpublic complaint, disciplinary, or investigatory information not required by paragraph "c" to the interstate commission. e. Member boards shall share complaint or disciplinary information about a physician upon request of another member board. f. All information provided to the interstate commission or distributed by member boards shall be confidential, filed under seal, and used only for investigatory or disciplinary matters. g. The interstate commission is authorized to develop rules for mandated or discretionary sharing of information by member boards. 9. Joint investigations. a. Licensure and disciplinary records of physicians are deemed investigative. b. In addition to the authority granted to a member board by its respective medical practice Act or other applicable state law, a member board may participate with other member boards in joint investigations of physicians licensed by the member boards. c. A subpoena issued by a member state shall be enforceable in other member states. d. Member boards may share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact. e. Any member state may investigate actual or alleged violations of the statutes authorizing the practice of medicine in any other member state in which a physician holds a license to practice medicine. 10. Disciplinary actions. a. Any disciplinary action taken by any member board against a physician licensed through the compact shall be deemed unprofessional conduct which may be subject to discipline by other member boards, in addition to any violation of the medical practice Act or regulations in that state. b. If a license granted to a physician by the member board in the state of principal license is revoked, surrendered, or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician's license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the medical practice Act of that state. c. If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matter of law and fact decided and either: (1) Impose the same or lesser sanctions against the physician so long as such sanctions are consistent with the medical practice Act of that state, or (2) Pursue separate disciplinary action against the physician under its respective medical practice Act, regardless of the action taken in other member states. d. If a license granted to a physician by a member board is revoked, surrendered, or relinquished in lieu of discipline, or suspended, then any licenses issued to the physician by any other member boards shall be suspended, automatically and immediately without further action necessary by the other member boards, for ninety days upon entry of the order by the disciplining board, to permit the member boards to investigate the basis for the action under the medical practice Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the ninety-day suspension period in a manner consistent with the medical practice Act of that state. 11. Interstate medical licensure compact commission. a. The member states hereby create the interstate medical licensure compact commission. b. The purpose of the interstate commission is the administration of the interstate medical licensure compact, which is a discretionary state function. c. The interstate commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth in the compact, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of the compact. d. The interstate commission shall consist of two voting representatives appointed by each member state who shall serve as commissioners. In states where allopathic and osteopathic physicians are regulated by separate member boards, or if the licensing and disciplinary authority is split between multiple member boards within a member state, the member state shall appoint one representative from each member board. A commissioner shall be one of the following: (1) An allopathic or osteopathic physician appointed to a member board. (2) An executive director, executive secretary, or similar executive of a member board. (3) A member of the public appointed to a member board. e. The bylaws may provide for meetings of the interstate commission to be conducted by telecommunication or electronic communication. g. Each commissioner participating at a meeting of the interstate commission is entitled to one vote. A majority of commissioners shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the interstate commission. A commissioner shall not delegate a vote to another commissioner. In the absence of its commissioner, a member state may delegate voting authority for a specified meeting to another person from that state who shall meet the requirements of paragraph "d". h. The interstate commission shall provide public notice of all meetings and all meetings shall be open to the public. The interstate commission may close a meeting, in full or in portion, where it determines by a two-thirds vote of the commissioners present that an open meeting would be likely to result in one or more of the following: (1) Relate solely to the internal personnel practices and procedures of the interstate commission. (2) Discuss matters specifically exempted from disclosure by federal statute. (3) Discuss trade secrets, commercial, or financial information that is privileged or confidential. (4) Involve accusing a person of a crime, or formally censuring a person. (5) Discuss information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy. The interstate commission shall keep minutes which shall fully describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including record of any roll call votes. j. The interstate commission shall make its information and official records, to the extent not otherwise designated in the compact or by its rules, available to the public for inspection. k. The interstate commission shall establish an executive committee, which shall include officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the interstate commission, with the exception of rulemaking, during periods when the interstate commission is not in session. When acting on behalf of the interstate commission, the executive committee shall oversee the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as necessary. l. Borrow, accept, hire, or contract for services of personnel. i. Purchase and maintain insurance and bonds. j. Employ an executive director who shall have such powers to employ, select, or appoint employees, agents, or consultants, and to determine their qualifications, define their duties, and fix their compensation. k. Establish personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel. l. Accept donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same in a manner consistent with the conflict of interest policies established by the interstate commission. m. Lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve, or use, any property, real, personal, or mixed. n. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed. o. Establish a budget and make expenditures. p. Adopt a seal and bylaws governing the management and operation of the interstate commission. q. Coordinate education, training, and public awareness regarding the compact, its implementation, and its operation. s. Maintain records in accordance with the bylaws. t. Seek and obtain trademarks, copyrights, and patents. u. Perform such functions as may be necessary or appropriate to achieve the purposes of the compact. 13. Finance powers. a. The interstate commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the interstate commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states. b. The interstate commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same. c. The interstate commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state. d. The interstate commission shall be subject to a yearly financial audit conducted by a certified or licensed public accountant and the report of the audit shall be included in the annual report of the interstate commission. 14. Organization and operation of the interstate commission. a. The interstate commission shall, by a majority of commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact within twelve months of the first interstate commission meeting. b. The interstate commission shall elect or appoint annually from among its commissioners a chairperson, a vice chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson, or in the chairperson's absence or disability, the vice chairperson, shall preside at all meetings of the interstate commission. c. Officers selected in paragraph "b" shall serve without remuneration from the interstate commission. d. The

officers and employees of the interstate commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of interstate commission employment, duties, or responsibilities, provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person. (1) The liability of the executive director and employees of the interstate commission or representatives of the interstate commission, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The interstate commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this paragraph "d" shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person. (2) The interstate commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person. (3) To the extent not covered by the state involved, member state, or the interstate commission, the representatives or employees of the interstate commission shall be held harmless in the amount of a settlement or judgment, including attorney fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons. 15. Rulemaking functions of the interstate commission. a. The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the compact. Notwithstanding the foregoing, in the event the interstate commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action by the interstate commission shall be invalid and have no force or effect. b. Rules deemed appropriate for the operations of the interstate commission shall be made pursuant to a rulemaking process that substantially conforms to the model state administrative procedure Act of 2010, and subsequent amendments thereto. c. Not later than thirty days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States district court for the District of Columbia or the federal district where the interstate commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the interstate commission. 16. Oversight of interstate compact. a. The executive, legislative, and judicial branches of state government in each member state shall enforce the compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of the compact and the rules promulgated hereunder shall have standing as statutory law but shall not override existing state authority to regulate the practice of medicine. b. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the compact which may affect the powers, responsibilities, or actions of the interstate commission. c. The interstate commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission shall render a judgment or order void as to the interstate commission, the compact, or promulgated rules. 17. Enforcement of interstate compact. a. The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the compact. b. The interstate commission may, by majority vote of the commissioners, initiate legal action in the United States district court for the District of Columbia, or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of the compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney fees. c. The remedies herein shall not be the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession. 18. Default procedures. a. The grounds for default include but are not limited to failure of a member state to perform such obligations or responsibilities imposed upon it by the compact, or the rules and bylaws of the interstate commission promulgated under the compact. b. If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the compact, or the bylaws or promulgated rules, the interstate commission shall do the following: (1) Provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default. (2) Provide remedial training and specific technical assistance regarding the default. c. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the commissioners and all rights, privileges, and benefits conferred by the compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending

state of obligations or liabilities incurred during the period of the default. d. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the interstate commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states. e. The interstate commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state. f. The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination. g. The interstate commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state. h. The defaulting state may appeal the action of the interstate commission by petitioning the United States district court for the District of Columbia or the federal district where the interstate commission has its principal offices. (3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states. (6) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. In such cases, the home state's law shall control in determining the appropriate adverse action. g. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states must require individuals who enter any alternative programs to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state. 9. The responsible official of the state emergency medical services authority or his designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is

appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the member state in which the vacancy exists. In the event that more than one board, office, or other agency with the legislative mandate to license emergency medical services personnel at and above the level of EMT exists, the governor of the state will determine which entity will be responsible for assigning the delegate. (6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction. c. The commission shall, by a majority vote of the delegates, prescribe bylaws and rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact, including but not limited to: (1) Establishing the fiscal year of the commission; (2) Providing reasonable standards and procedures: (a) For the establishment and meetings of other committees; and (b) Governing any general or specific delegation of any authority or function of the commission; (3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the membership votes to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed; (4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission; (5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission; (6) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees; (7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment and/or reserving of all of its debts and obligations; (8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any; (9) The commission shall maintain its financial records in accordance with the bylaws; and (10) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws. d. The commission shall have the following powers: (1) The authority to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all member states; (2) To bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state emergency medical services authority or other regulatory body responsible for emergency medical services personnel licensure to sue or be sued under applicable law shall not be affected; (3) To purchase and maintain insurance and bonds; (4) To borrow, accept, or contract for services of personnel, including but not limited to employees of a member state; (5) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters; (6) To accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same, provided that at all times the commission shall strive to avoid any appearance of impropriety and/or conflict of interest; (7) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, real, personal, or mixed, provided that at all times the commission shall strive to avoid any appearance of impropriety; (8) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed; (9) To establish a budget and make expenditures; (10) To borrow money; (11) To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws; (12) To provide and receive information from, and to cooperate with, law enforcement

agencies; (13) To adopt and use an official seal; and (14) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of emergency medical services personnel licensure and practice.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states. (5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

f. Qualified immunity, defense, and indemnification. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. (2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel, and provided further that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct. (3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred, within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

12. Rulemaking. **a.** The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment. **b.** If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state. **c.** Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission. **d.** Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking: (1) On the internet site of the commission; and (2) On the internet site of each member state emergency medical services authority or the publication in which each state would otherwise publish proposed rules. **e.** The notice of proposed rulemaking shall include: (1) The proposed time, date, and location of the meeting in which the rule will be considered and voted upon; (2) The text of the proposed rule or amendment and the reason for the proposed rule; (3) A request for comments on the proposed rule from any interested person; and (4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments. **f.** Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public. **g.** The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by: (1) At least twenty-five persons; (2) A governmental subdivision or agency; or (3) An association having at least twenty-five members. **h.** If a

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing. (2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. (3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the commission from making a transcript or recording of the hearing if it so chooses. (4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section. i. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received. j. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to: (1) Meet an imminent threat to public health, safety, or welfare; (2) Prevent a loss of commission or member state funds; (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or (4) Protect public health and safety. m. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission. 13. Oversight, dispute resolution, and enforcement. a. Oversight. (1) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law. (2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission. (3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules. b. Default, technical assistance, and termination. (1) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall: (a) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the commission; and (b) Provide remedial training and specific technical assistance regarding the default. (2) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default. (3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states. (4) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination. (5) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state. (6) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees. c. Dispute resolution. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact. b. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any member state may withdraw from this compact by enacting a statute repealing the same. (1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute. (2) Withdrawal shall not affect the continuing requirement of the withdrawing state's emergency medical services authority to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal. d. Nothing contained in this compact shall be construed to invalidate or prevent any emergency medical services personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact. e. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states. 15. (a) A member state shall, within a time frame established by the commission, require a criminal background check for a licensee seeking or applying for a compact privilege whose primary state of residence is that member state, by receiving the results of the federal bureau of investigation criminal record search, and shall use the results in making licensure decisions. 4. Compact privilege. a. To exercise the compact privilege under the terms and provisions of the compact, the licensee shall do all of the following: (1) Hold a license in the home state. (2) Have a valid United States social security number or national practitioner identification number. (3) Have no encumbrance on any state license. (4) Be eligible for a compact privilege in any member state in accordance with paragraphs "d", "f", "g", and "h". The licensee may be ineligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid. f. If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until all of the following occur: (1) The home state license is no longer encumbered. (2) Two years have elapsed from the date on which the home state license is no longer encumbered in accordance with subparagraph (1). g. Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of paragraph "a" to obtain a compact privilege in any remote state. h. If a licensee's compact privilege in any remote state is removed, the individual may lose the compact privilege in any other remote state until all of the following occur: (1) The specific period of time for which

the compact privilege was removed has ended. (2) All fines have been paid and all conditions have been met. Obtaining a new home state license by virtue of compact privilege. a. An occupational therapist or occupational therapy assistant may hold a home state license, which allows for compact privileges in member states, in only one member state at a time. b. If an occupational therapist or occupational therapy assistant changes primary state of residence by moving between two member states: (1) The occupational therapist or occupational therapy assistant shall file an application for obtaining a new home state license by virtue of a compact privilege, pay all applicable fees, and notify the current and new home state in accordance with applicable rules adopted by the commission. Nothing in this compact shall affect the requirements established by a member state for the issuance of a single-state license. 6. Active duty military personnel or their spouses. Active duty military personnel, or their spouses, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state or through the process described in subsection 5. 7. Adverse actions. a. A home state shall have exclusive power to impose adverse action against an occupational therapist's or occupational therapy assistant's license issued by the home state. b. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence are located. c. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action. d. The home state shall complete any pending investigations of an occupational therapist or occupational therapy assistant who changes primary state of residence during the course of the investigations. The home state where the investigations were initiated shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the occupational therapy compact commission data system. The occupational therapy compact commission data system administrator shall promptly notify the new home state of any adverse actions. e. A member state, if otherwise permitted by state law, may recover from the affected occupational therapist or occupational therapy assistant the costs of investigations and disposition of cases resulting from any adverse action taken against that occupational therapist or occupational therapy assistant. f. A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its own procedures for taking the adverse action. g. Joint investigations. (1) In addition to the authority granted to a member state by its respective state occupational therapy laws and regulations or other applicable state law, any member state may participate with other member states in joint investigations of licensees. (2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact. h. If an adverse action is taken by the home state against an occupational therapist's or occupational therapy assistant's license, the occupational therapist's or occupational therapy assistant's compact privilege in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an occupational therapist's or occupational therapy assistant's license shall include a statement that the occupational therapist's or occupational therapy assistant's compact privilege is deactivated in all member states during the pendency of the order. i. If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states. j. Nothing in this

compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing. (2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. (3) All hearings will be recorded. A copy of the recording will be made available on request. (4) Nothing in this subsection shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this subsection. j. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received. k. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing. l. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission. 11. Oversight, dispute resolution, and enforcement. a. Oversight. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default. (3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states. (4) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact. b. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the date the compact becomes law in that state. c. Any member state may withdraw from this compact by enacting a statute repealing the same. (1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute. (2) Withdrawal shall not affect the continuing requirement of the withdrawing state's occupational therapy licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal. d. Nothing contained in this compact shall be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact. e. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states. 13. Construction and severability. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters. 14. Binding effect of compact and other laws. a. A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state. b. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact. c. Any laws in a member state in conflict with the compact are superseded to the extent of the conflict. d. Any lawful actions of the commission, including all rules and bylaws promulgated by the commission, are binding upon the member states. e. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states. (d) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state. (e) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission. f. paragraph “f” shall be construed to protect any person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person. (2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining the person’s own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person’s intentional, willful, or wanton misconduct. (3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person. 9. The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state shall be available to any other member state. e. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state. f. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system. 10. Rulemaking. a. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this subsection and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment. b. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, the rule shall have no further force and effect in any member state. c. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission. d. Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty days in advance of the meeting at which the rule shall be considered and voted upon, the commission shall file a notice of proposed rulemaking in all of the following locations: (1) On the internet site of the commission or other publicly accessible platform. (2) On the internet site of each member state audiology or speech language pathology licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules. e. A notice of proposed rulemaking shall include all of the following: (1) The proposed time, date, and location of the meeting in which the rule shall be considered and voted upon. (2) The text of the proposed rule or amendment and the reason for the proposed rule. (3) A request for comments on the proposed rule from any interested person. (2) A state or federal governmental subdivision or agency. (3) An association having at least twenty-five members. h. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. (1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing. (2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. (3) All hearings shall be recorded. A copy of the recording shall be made available on request. (4) Nothing in this paragraph “h” shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this paragraph “h”. i. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received. j. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing. k. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule. l. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to do any of the following: (1) Meet an imminent threat to public health, safety, or welfare. (2) Prevent a loss of commission or member state funds.

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule. m. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the internet site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

11. Oversight, dispute resolution, and enforcement. a. Dispute resolution. (1) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states. (2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate. b. Enforcement. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact. (2) By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of litigation, including reasonable attorney fees. (3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

12. Date of implementation of the interstate commission for audiology and speech language pathology practice and associated rules, withdrawal, and amendment. a. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact. b. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state. c. A member state may withdraw from this compact by enacting a statute repealing the same. (1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute. (2) Withdrawal shall not affect the continuing requirement of the withdrawing state's audiology or speech language pathology licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal. d. Nothing contained in this compact shall be construed to invalidate or prevent any audiology or speech language pathology licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact. e. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

13. Construction and severability. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

14. Binding effect of compact and other laws. a. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact. b. All laws in a member state in conflict with the compact are superseded to the extent of the conflict. c. All lawful actions of the commission, including all rules and bylaws promulgated by the commission, are binding upon the member states. d. All agreements between the commission and the member states are binding in accordance with their terms. e. In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

2024 Iowa Code Title IV - PUBLIC HEALTH Chapter 147G - DENTIST AND DENTAL HYGIENIST COMPACT Section 147G.1 - Dentist and dental hygienist compact.

147G.1 Dentist and dental hygienist compact. 1. Title and purpose. This chapter shall be known and cited as the dentist and dental hygienist compact. The purposes of this compact are to facilitate the interstate practice of dentistry and dental hygiene and improve public access to dentistry and dental hygiene services by providing dentists and dental hygienists licensed in a participating state the ability to practice in participating states in which they are not licensed. The compact does this by establishing a pathway for dentists and dental hygienists licensed in a participating state to obtain a compact privilege that authorizes them to practice in another participating state in which they are not licensed. The compact enables participating states to protect the public health and safety with respect to the practice of such dentists and dental hygienists through the state's authority to regulate the practice of dentistry and dental hygiene in the state. The compact: a. Enables dentists and dental hygienists who qualify for a compact privilege to practice in other participating states without satisfying burdensome and duplicative requirements associated with securing a license to practice in those states. b. Promotes mobility and addresses workforce shortages through each participating state's acceptance of a

compact privilege to practice in that state. c. Increases public access to qualified, licensed dentists and dental hygienists by creating a responsible, streamlined pathway for licensees to practice in participating states. d. Enhances the ability of participating states to protect the public's health and safety. e. Does not interfere with licensure requirements established by a participating state. f. Facilitates the sharing of licensure and disciplinary information among participating states. g. Requires dentists and dental hygienists who practice in a participating state pursuant to a compact privilege to practice within the scope of practice authorized in that state. h. Extends the authority of a participating state to regulate the practice of dentistry and dental hygiene within its borders to dentists and dental hygienists who practice in the state through a compact privilege. i. Promotes the cooperation of participating states in regulating the practice of dentistry and dental hygiene within those states. j. (2) Participate fully in the commission's data system. (3) Have a mechanism in place for receiving and investigating complaints about its licensees and license applicants. (4) Notify the commission, in compliance with the terms of the compact and commission rules, of any adverse action or the availability of significant investigative information regarding a licensee or license applicant. (5) Fully implement a criminal background check requirement, within a time frame established by commission rule, by receiving the results of a qualifying criminal background check. (6) Comply with commission rules applicable to a participating state. (7) Accept the

national board examinations of the joint commission on national dental examinations or another examination accepted by commission rule as a licensure examination. (8) Accept for licensure that applicants for a dentist license graduate from a predoctoral dental education program accredited by the commission on dental accreditation or another accrediting agency recognized by the United States department of education for the accreditation of dentistry and dental hygiene education programs, leading to the doctor of dental surgery or doctor of dental medicine degree. (9) Accept for licensure that applicants for a dental hygienist license graduate from a dental hygiene program accredited by the commission on dental accreditation or another accrediting agency recognized by the United States department of education for the accreditation of dentistry and dental hygiene education programs. (10) Require for licensure that applicants successfully complete a clinical assessment. (11) Have continuing professional development requirements as a condition for license renewal. (12) Pay a participation fee to the commission as established by commission rule. b. Providing alternative pathways for an individual to obtain an unrestricted license does not disqualify a state from participating in the compact. c. When conducting a criminal background check the state licensing authority shall do all of the following: (1) Consider that information in making a licensure decision. (2) Maintain documentation of the criminal background check and background check information to the extent allowed by state and federal law. (3) Report to the commission whether a state has completed the criminal background check and whether the individual was granted or denied a license. d. A licensee of a participating state who has a qualifying license in that state and does not hold an encumbered license in any other participating state shall be issued a compact privilege in a remote state in accordance with the terms of the compact and commission rules. If a remote state has a jurisprudence requirement, a compact privilege will not be issued to the licensee unless the licensee has satisfied the jurisprudence requirement. 4. Compact privilege. a. To obtain and exercise the compact privilege under the terms and provisions of the compact, a licensee shall do all of the following: (1) Have a qualifying license as a dentist or dental hygienist in a participating state. (2) Be eligible for a compact privilege in any remote state in accordance with paragraphs “d”, “g”, and “h”. (3) Submit to an application process whenever the licensee is seeking a compact privilege. (4) Pay any applicable commission and remote state fees for a compact privilege in the remote state. (5) Meet any jurisprudence requirement established by a remote state in which the licensee is seeking a compact privilege. (6) Have passed a national board examination of the joint commission on national dental examinations or another examination accepted by commission rule. (7) For a dentist, have graduated from a predoctoral dental education program accredited by the commission on dental accreditation, or another accrediting agency recognized by the United States department of education for the accreditation of dentistry and dental hygiene education programs, leading to the doctor of dental surgery or doctor of dental medicine degree. (8) For a dental hygienist, have graduated from a dental hygiene education program accredited by the commission on dental accreditation or another accrediting agency recognized by the United States department of education for the accreditation of dentistry and dental hygiene education programs. (9) Have successfully completed a clinical assessment for licensure. (10) Report to the commission any adverse action taken by any nonparticipating state when applying for a compact privilege and otherwise within thirty days from the date the adverse action is taken. (11) Report to the commission when applying for a compact privilege the address of the licensee’s primary residence and thereafter immediately report to the commission any change in the address of the licensee’s primary residence. (12) Consent to accept service of process by mail at the licensee’s primary residence on record with the commission with respect to any action brought against the licensee by the commission or a participating state, and consent to accept service of a subpoena by mail at the licensee’s primary residence on record with the commission with respect to any action brought or investigation conducted by the commission or a participating state. b. The licensee must comply with the requirements in paragraph “a” to maintain the compact privilege in the remote state. If those requirements are met, the compact privilege will continue as long as the licensee maintains a qualifying license in the state through which the licensee applied for the compact privilege and pays any applicable compact privilege renewal fees. c. A licensee providing dentistry or dental hygiene in a remote state under the compact privilege shall function within the scope of practice authorized by the remote state for a dentist or dental hygienist licensed in that state. d. A licensee providing dentistry or dental hygiene pursuant to a compact privilege in a remote state is subject to that state’s regulatory authority. A remote state may, in accordance with due process and that state’s laws, by adverse action revoke or remove a licensee’s compact privilege in the remote state for a specific period of time, impose fines, or take any other necessary actions to protect the health and safety of its citizens. If a remote state imposes an adverse action against a compact privilege that limits the compact privilege, that adverse action applies to all compact privileges in all remote states. A licensee whose compact privilege in a remote state is removed for a specified period of time is not eligible for a compact privilege in any other remote state until the specific time for removal of the compact privilege has passed and all encumbrance requirements are satisfied. e. If a license in a participating state is an encumbered license, the licensee shall lose the compact privilege in a remote state and shall not be eligible for a compact privilege in any remote state until the license is no longer encumbered. f. Once an encumbered license in a participating state is restored to good standing, the licensee must meet the requirements of paragraph “a” to obtain a compact privilege in a remote state. g. If a licensee’s compact privilege in a remote state is removed by the remote state, the individual shall lose or be ineligible for the compact privilege in any remote state until both of the following occur: (1) The specified period of time for which the compact privilege was removed has ended. (2) All conditions for removal of the compact privilege have been satisfied. h. Once the requirements of paragraph “g” have been met, the licensee must meet the requirements of paragraph “a” to obtain a compact privilege in a remote state. 5. Active military member or spouses. An active military member and the spouse of an active military member shall not be required to pay to the commission for a compact privilege the fee otherwise charged by the commission. If a remote state chooses to charge a fee for a compact privilege, it may choose to charge a reduced fee or no fee to an active military member and the spouse of an active military member for a compact privilege. 6. Adverse actions. a. A participating state in which a licensee is licensed shall have exclusive authority to impose adverse action against the qualifying license issued by

that participating state. b. A participating state may take adverse action based on significant investigative information of a remote state, so long as the participating state follows its own procedures for imposing adverse action. c. Nothing in this compact shall override a participating state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the participating state's laws. Participating states must require licensees who enter any alternative program in lieu of discipline to agree not to practice pursuant to a compact privilege in any other participating state during the term of the alternative program without prior authorization from such other participating state. d. Any participating state in which a licensee is applying to practice or is practicing pursuant to a compact privilege may investigate actual or alleged violations of the statutes and regulations authorizing the practice of dentistry or dental hygiene in any other participating state in which the dentist or dental hygienist holds a license or compact privilege. e. A remote state shall have the authority to do all of the following: (1) Take adverse actions as set forth in subsection 4, paragraph "d", against a licensee's compact privilege in the state. (2) In furtherance of its rights and responsibilities under the compact and commission's rules, issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a state licensing authority in a participating state for the attendance and testimony of witnesses, or the production of evidence from another participating state, shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence are located. (3) If otherwise permitted by state law, recover from the licensee the costs of investigation and disposition of cases resulting from any adverse action taken against that licensee. f. Joint investigations. (1) In addition to the authority granted to a participating state by its dentist or dental hygienist licensure act or other applicable state law, a participating state may jointly investigate licensees with other participating states. (2) Participating states shall share any significant investigative information, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact. g. Authority to continue investigation. (1) After a licensee's compact privilege in a remote state is terminated, the remote state may continue an investigation of the licensee that began when the licensee had a compact privilege in that remote state. (2) If the investigation yields what would be significant investigative information had the licensee continued to have a compact privilege in that remote state, the remote state shall report the presence of such information to the data system as required by subsection 8, paragraph "b", subparagraph (6), as if it was significant investigative information. 7. Establishment and operation of the commission. a. The compact participating states hereby create and establish a joint government agency whose membership consists of all participating states that have enacted the compact. The commission is an instrumentality of the participating states acting jointly and not an instrumentality of any one state. The commission shall come into existence on or after the effective date of the compact as set forth in subsection 11, paragraph "a". b. Participation, voting, and meetings. (1) Each participating state shall have and be limited to one commissioner selected by the participating state's state licensing authority or, if the state has more than one state licensing authority, selected collectively by the state licensing authorities. (2) The commissioner shall be a member or designee of such authority or authorities. (3) The commission may by rule or bylaw establish a term of office for commissioners and may by rule or bylaw establish term limits. (4) The commission may recommend to a state licensing authority or authorities, as applicable, removal or suspension of an individual as the state's commissioner. (5) A participating state's state licensing authority or authorities, as applicable, shall fill any vacancy of its commissioner on the commission within sixty days of the vacancy. (6) Each commissioner shall be entitled to one vote on all matters that are voted upon by the commission. (7) The commission shall meet at least once during each calendar year. Additional meetings may be held as set forth in the bylaws. The commission may meet by telecommunication, video conference, or other similar electronic means. c. The commission shall have the following powers: (1) Establish the fiscal year of the commission. (2) Establish a code of conduct and conflict of interest policies. (3) Adopt rules and bylaws. (4) Maintain its financial records in accordance with the bylaws. (5) Meet and take such actions as are consistent with the provisions of this compact, the commission's rules, and the bylaws. (6) Initiate and conclude legal proceedings or actions in the name of the commission, provided that the standing of a state licensing authority to sue or be sued under applicable law shall not be affected. (12) As set forth in the commission rules, charge a fee to a licensee for the grant of a compact privilege in a remote state and thereafter, as may be established by commission rule, charge the licensee a compact privilege renewal fee for each renewal period in which that licensee exercises or intends to exercise the compact privilege in that remote state. Nothing herein shall be construed to prevent a remote state from charging a licensee a fee for a compact privilege or renewals of a compact privilege, or a fee for the jurisprudence requirement if the remote state imposes such a requirement for the grant of a compact privilege. (13) Accept any and all appropriate gifts, donations, grants of money, other sources of revenue, equipment, supplies, materials, and services, and receive, utilize, and dispose of the same, provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest. (14) Lease, purchase, retain, own, hold, improve, or use any property, real, personal, or mixed, or any undivided interest therein. (23) Determine whether a state's enacted compact is materially different from the model compact language such that the state would not qualify for participation in the compact. (24) Perform such other functions as may be necessary or appropriate to achieve the purposes of this compact.

d. Meetings of the commission. (1) All meetings of the commission that are not closed pursuant to this paragraph shall be open to the public. Notice of public meetings shall be posted on the commission's internet site at least thirty days prior to the public meeting. (2) Notwithstanding subparagraph (1), the commission may convene an emergency public meeting by providing at least twenty-four hours prior notice on the commission's internet site, and any other means as provided in the commission's rules, for any of the reasons it may dispense with notice of proposed rulemaking under subsection 9, paragraph "l". The commission's legal counsel shall certify that one of the reasons justifying an emergency public meeting has been met. (3) Notice of all commission meetings shall provide the time, date, and location of the meeting, and if the meeting is to be held or accessible via telecommunication, video conference, or other electronic means, the notice shall include the mechanism for access to the meeting through such means. (4) The commission may convene in a closed, nonpublic meeting for the commission to receive legal advice or to discuss any of the following: (a) Noncompliance of a participating state with its obligations under the compact. (b) The employment, compensation, discipline, or other matters, practices, or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures. (k) Legal advice. (l) Matters specifically exempted from disclosure to the public by federal or participating state law. (m) Other matters as promulgated by the commission by rule. (5) If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes. (6) The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the commission or order of a court of competent jurisdiction.

e. Financing of the commission. (1) The commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities. (2) The commission may accept any and all appropriate sources of revenue, donations, and grants of money, equipment, supplies, materials, and services. (3) The commission may levy on and collect an annual assessment from each participating state and impose fees on licensees of participating states when a compact privilege is granted to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each fiscal year for which sufficient revenue is not provided by other sources. The aggregate annual assessment amount for participating states shall be allocated based upon a formula that the commission shall promulgate by rule. (4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the commission pledge the credit of any participating state, except by and with the authority of the participating state. (5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the financial review and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the commission.

f. The executive board. (1) The executive board shall have the power to act on behalf of the commission according to the terms of this compact. The powers, duties, and responsibilities of the executive board shall include all of the following: (a) Overseeing the day-to-day activities of the administration of the compact including compliance with the provisions of the compact, the commission's rules, and bylaws. (b) Recommending to the commission changes to the rules or bylaws, changes to this compact legislation, fees charged to the compact participating states, fees charged to licensees, and other fees. (c) Ensuring compact administration services are appropriately provided, including by contract. (d) Preparing and recommending the budget. (e) Maintaining financial records on behalf of the commission. (f) Monitoring compact compliance of participating states and providing compliance reports to the commission. (g) Establishing additional committees as necessary. (h) Exercising the powers and duties of the commission during the interim between commission meetings, except for adopting or amending rules, adopting or amending bylaws, and exercising any other powers and duties expressly reserved to the commission by rule or bylaw. (i) Other duties as provided in the rules or bylaws of the commission. (2) The executive board shall be composed of up to seven members: (a) The chair, vice chair, secretary, and treasurer of the commission, and any other members of the commission who serve on the executive board shall be voting members of the executive board. (b) Other than the chair, vice chair, secretary, and treasurer of the commission, the commission may elect up to three voting members from the current membership of the commission. (3) The commission may remove any member of the executive board as provided in the commission's bylaws. (4) The executive board shall

meet at least annually. (a) An executive board meeting at which it takes or intends to take formal action on a matter shall be open to the public, except that the executive board may meet in a closed, nonpublic session of a public meeting when dealing with any of the matters covered under paragraph "d", subparagraph (4). (b) The executive board shall give five business days' notice of its public meetings, posted on its internet site and as it may otherwise determine to provide notice to persons with an interest in the public matters the executive board intends to address at those meetings. (5) The executive board may hold an emergency meeting when acting for the commission to do any of the following: (a) Meet an imminent threat to public health, safety, or welfare. (b) Prevent a loss of commission or participating state funds. (c) Protect public health and safety. g. Qualified immunity, defense, and indemnification. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person. The procurement of insurance of any type by the commission shall not in any way compromise or limit the immunity granted hereunder. (2) The commission shall defend any member, officer, executive director, employee, and representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to prohibit that person from retaining counsel at that person's own expense; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct. (3) Notwithstanding subparagraph (1), should any member, officer, executive director, employee, or representative of the commission be held liable for the amount of any settlement or judgment arising out of any actual or alleged act, error, or omission that occurred within the scope of that individual's employment, duties, or responsibilities for the commission, or that the person to whom the individual is liable had a reasonable basis for believing occurred within the scope of the individual's employment, duties, or responsibilities for the commission, the commission shall indemnify and hold harmless such individual, provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of the individual. (4) Nothing in this compact shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws. (5) Nothing in this compact shall be interpreted to waive or otherwise abrogate a participating state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation. (6) Nothing in this compact shall be construed to be a waiver of sovereign immunity by the participating states or by the commission. 8. Data system. a. The commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse action, and the presence of significant investigative information on all licensees and applicants for a license in participating states. b. Notwithstanding any other provision of state law to the contrary, a participating state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the commission, including all of the following: (1) Identifying information. (2) Licensure data. (3) Adverse actions against a licensee, license applicant, or compact privilege, and information related thereto. (4) Nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation. (5) Any denial of an application for licensure and the reason for such denial, excluding the reporting of any criminal history record information where prohibited by law. (6) The presence of significant investigative information. (7) Other information that may facilitate the administration of this compact or the protection of the public, as determined by the rules of the commission. c. The records and information provided to a participating state pursuant to this compact or through the data system, when certified by the commission or an agent thereof, shall constitute the authenticated business records of the commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a participating state. d. Significant investigative information pertaining to a licensee in any participating state will only be available to other participating states. e. It is the responsibility of the participating states to monitor the database to determine whether adverse action has been taken against a licensee or license applicant. Adverse action information pertaining to a licensee or license applicant in any participating state will be available to any other participating state. f. Participating states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state. g. Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the participating state contributing the information shall be removed from the data system. 9. Rulemaking. a. The commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the compact. A commission rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the compact or the powers granted hereunder, or based upon another applicable standard of review. b. The rules of the commission shall have the force of law in each participating state, provided however that where the rules of the commission conflict with the laws of the participating state that establish the participating state's scope of practice as held by a court of competent jurisdiction, the rules of the commission shall be ineffective in that state to the extent of the conflict. c. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding as of the date specified by the

commission for each rule. d. If a majority of the legislatures of the participating states rejects a commission rule or portion of a commission rule, by enactment of a statute or resolution in the same manner used to adopt the compact, within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any participating state or to any state applying to participate in the compact. e. Rules shall be adopted at a regular or special meeting of the commission. f. Prior to adoption of a proposed rule, the commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments. g. Prior to adoption of a proposed rule by the commission, and at least thirty days in advance of the meeting at which the commission will hold a public hearing on the proposed rule, the commission shall provide a notice of proposed rulemaking as follows: (1) On the internet site of the commission or other publicly accessible platform. (2) To persons who have requested notice of the commission's notices of proposed rulemaking. (3) In such other ways as the commission may by rule specify. h. The notice of proposed rulemaking shall include all of the following: (1) The time, date, and location of the public hearing at which the commission will hear public comments on the proposed rule and, if different, the time, date, and location of the meeting where the commission will consider and vote on the proposed rule. (2) If the hearing is held via telecommunication, video conference, or other electronic means, the commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking. (3) The text of the proposed rule and the reason for the proposed rule. (4) A request for comments on the proposed rule from any interested person. (5) The manner in which interested persons may submit written comments. i. All hearings will be recorded. A copy of the recording and all written comments and documents received by the commission in response to the proposed rule shall be available to the public. j. Nothing in this subsection shall be construed as requiring a separate hearing on each commission rule. Rules may be grouped for convenience of the commission at hearings required by this section. k. The commission shall, by a majority vote of all commissioners, take final action on the proposed rule based on the rulemaking record. (1) The commission may adopt changes to the proposed rule provided the changes do not enlarge the original purposes of the proposed rule. (2) The commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters. (3) The commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in paragraph "l", the effective date of the rule shall be no sooner than thirty days after the commission issuing the notice that it adopted or amended the rule. l. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with twenty-four hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the compact and in this subsection shall be retroactively applied to the rule as soon as reasonably possible, but in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to do any of the following: (1) Meet an imminent threat to public health, safety, or welfare. (2) Prevent a loss of commission or participating state funds. (3) Meet a deadline for the promulgation of a rule that is established by federal law or rule. (4) Protect public health and safety. m. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the internet site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission. n. No participating state's rulemaking requirements shall apply under this compact. 10. Oversight, dispute resolution, and enforcement. a. Oversight. (1) The executive and judicial branches of state government in each participating state shall enforce this compact and take all actions necessary and appropriate to implement the compact. (2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter. (3) The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact or commission rule and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission service of process shall render a judgment or order void as to the commission, this compact, or promulgated rules. b. Default, technical assistance, and termination. (1) If the commission determines that a participating state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the commission may take, and shall offer training and specific technical assistance regarding the default. (2) The commission shall provide a copy of the notice of default to the other participating states. c. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the commissioners, and all rights, privileges, and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default. d. Termination of participation in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's state licensing authority or authorities, as applicable, and each of the participating states' state licensing authority or authorities, as applicable. e. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination. f. Upon the

termination of a state's participation in this compact, that state shall immediately provide notice to all licensees of the state, including licensees of other participating states issued a compact privilege to practice within that state, of such termination. The terminated state shall continue to recognize all compact privileges then in effect in that state for a minimum of one hundred eighty days after the date of said notice of termination. g. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state. h. The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. i. Dispute resolution. (1) Upon request by a participating state, the commission shall attempt to resolve disputes related to the compact that arise among participating states and between participating states and nonparticipating states. (2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate. j. Enforcement. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact and the commission's rules. (2) By a majority vote, the commission may initiate legal action against a participating state in default in the United States district court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or the defaulting participating state's law. (3) A participating state may initiate legal action against the commission in the United States district court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. (4) No individual or entity other than a participating state may enforce this compact against the commission. 11. Effective date, withdrawal, and amendment. a. The compact shall come into effect on the date on which the compact statute is enacted into law in the seventh participating state. (1) On or after the effective date of the compact, the commission shall convene and review the enactment of each of the states that enacted the compact prior to the commission convening, who shall be known as charter participating states, to determine if the statute enacted by each such charter participating state is materially different from the model compact. (a) A charter participating state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in subsection 10. (b) If any participating state is later found to be in default, or is terminated or withdraws from the compact, the commission shall remain in existence and the compact shall remain in effect even if the number of participating states should be less than seven. (2) Participating states enacting the compact subsequent to the charter participating states shall be subject to the process set forth in subsection 7, paragraph "c", subparagraph (23), to determine if their enactments are materially different from the model compact and whether they qualify for participation in the compact. (3) All actions taken for the benefit of the commission or in furtherance of the purposes of the administration of the compact prior to the effective date of the compact or the commission coming into existence shall be considered to be actions of the commission unless specifically repudiated by the commission. (4) Any state that joins the compact subsequent to the commission's initial adoption of the rules and bylaws shall be subject to the commission's rules and bylaws as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state. b. Any participating state may withdraw from this compact by enacting a statute repealing the state's enactment of the compact. (1) A participating state's withdrawal shall not take effect until one hundred eighty days after enactment of the repealing statute. (2) Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority or authorities to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal. (3) Upon the enactment of a statute withdrawing from this compact, the state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all compact privileges to practice within that state granted pursuant to this compact for a minimum of one hundred eighty days after the date of such notice of withdrawal. c. Nothing contained in this compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a participating state and a nonparticipating state that does not conflict with the provisions of this compact. d. This compact may be amended by the participating states. No amendment to this compact shall become effective and binding upon any participating state until it is enacted into the laws of all participating states. 12. Construction and severability. a. This compact and the commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the compact. Provisions of the compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the commission's rulemaking authority solely for those purposes. b. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is held by a court of competent jurisdiction to be contrary to the constitution of any participating state, a state seeking participation in the compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby. c. Notwithstanding paragraph "b", the commission may deny a state's participation in the compact or, in accordance with the requirements of subsection 10, paragraph "b", terminate a participating state's participation in the compact, if it determines that a constitutional requirement of a participating state is a material departure from the compact. Otherwise, if this compact shall be held to be contrary to the constitution of any

participating state, the compact shall remain in full force and effect as to the remaining participating states and in full force and effect as to the participating state affected as to all severable matters. 13. Consistent effect and conflict with other state laws. a. Nothing herein shall prevent or inhibit the enforcement of any other law of a participating state that is not inconsistent with the compact. b. Any laws, statutes, regulations, or other legal requirements in a participating state in conflict with the compact are superseded to the extent of the conflict. c. All permissible agreements between the commission and the participating states are binding in accordance with their terms. 2023 Acts, ch 24, §1 NEW section

Nothing in this compact shall affect the requirements established by a member state for the issuance of a single-state license. f. A license issued to a licensed professional counselor by a home state to a resident in that state shall be recognized by each member state as authorizing a licensed professional counselor to practice professional counseling, under a privilege to practice, in each member state. 4. The privilege to practice is valid until the expiration date of the home state license. The licensee must comply with the requirements of paragraph “a” to maintain the privilege to practice in the remote state. c. A licensee providing professional counseling in a remote state under the privilege to practice shall adhere to the laws and regulations of the remote state. d. A licensee providing professional counseling services in a remote state is subject to that state’s regulatory authority. A remote state may, in accordance with due process and that state’s laws, remove a licensee’s privilege to practice in the remote state for a specific period of time, impose fines, or take any other necessary actions to protect the health and safety of its citizens. The licensee may be ineligible for a privilege to practice in any member state until the specific time for removal has passed and all fines are paid. e. If a home state license is encumbered, the licensee shall lose the privilege to practice in any remote state until all of the following occur: (1) The home state license is no longer encumbered. (2) The licensee has not had any encumbrance or restriction against any license or privilege to practice within the previous two years. f. Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of paragraph “a” to obtain a privilege to practice in any remote state. g. Obtaining a new home state license

based on a privilege to practice. a. A licensed professional counselor may hold a home state license, which allows for a privilege to practice in other member states, in only one member state at a time. b. If a licensed professional counselor changes primary state of residence by moving between two member states: (1) The licensed professional counselor shall file an application for obtaining a new home state license based on a privilege to practice, pay all applicable fees, and notify the current and new home state in accordance with applicable rules adopted by the commission. (2) Upon receipt of an application for obtaining a new home state license by virtue of a privilege to practice, the new home state shall verify that the licensed professional counselor meets the pertinent criteria outlined in subsection 4 via the data system, without need for primary source verification except for the following: (a) A federal bureau of investigation fingerprint-based criminal background check if not previously performed or updated pursuant to applicable rules adopted by the commission in accordance with Pub. L. No. 92-544. (b) Other criminal background checks as required by the new home state. (c) Completion of any requisite jurisprudence requirements of the new home state. (3) The former home state shall convert the former home state license into a privilege to practice once the new home state has activated the new home state license in accordance with applicable rules adopted by the commission. (4) Notwithstanding any other provision of this compact, if the licensed professional counselor cannot meet the criteria in subsection 4, the new home state may apply its requirements for issuing a new single state license. (5) The licensed professional counselor shall pay all applicable fees to the new home state in order to be issued a new home state license. c. If a licensed professional counselor changes primary state of residence by moving from a member state to a nonmember state, or from a nonmember state to a member state, the state criteria shall apply for issuance of a single state license in the new state. d. Nothing in this compact shall interfere with a licensee's ability to hold a single state license in multiple states; however, for the purposes of this compact, a licensee shall have only one home state license. e. Nothing in this compact shall affect the requirements established by a member state for the issuance of a single state license. 6. Active duty military personnel or their spouses. Active duty military personnel or their spouses shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state or through the process outlined in subsection 5. 7. Compact privilege to practice telehealth. a. Member states shall recognize the right of a licensed professional counselor, licensed by a home state in accordance with subsection 3 and under rules promulgated by the commission, to practice professional counseling in any member state via telehealth under a privilege to practice as provided in the compact and rules promulgated by the commission. b. A licensee providing professional counseling services in a remote state under the privilege to practice shall adhere to the laws and regulations of the remote state. 8. Adverse actions. a. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located. (3) Only the home state shall have the power to take adverse action against a licensed professional counselor's license issued by the home state. b. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action. c. The home state shall complete any pending investigations of a licensed professional counselor who changes primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any adverse actions. d. A member state, if otherwise permitted by state law, may recover from the affected licensed professional counselor the costs of investigations and dispositions of cases resulting from any adverse action taken against that licensed professional counselor. e. A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its own procedures for taking the adverse action. f. Joint investigations. (1) In addition to the authority granted to a member state by its respective professional counseling practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees. (2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact. g. If adverse action is taken by the home state against the license of a licensed professional counselor, the licensed professional counselor's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against the license of a licensed professional counselor shall include a statement that the licensed professional counselor's privilege to practice is deactivated in all member states during the pendency of the order. h. If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states. i. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action. 9. Establishment of counseling compact commission. a. The compact member states hereby create and establish a joint public agency known as the counseling compact commission. (1) The commission is an instrumentality of the compact states. (2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. (5) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. (6) A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication. (7) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws. (8) The commission shall by rule establish a term of office for delegates and may by rule establish term limits. c. (7) Purchase and maintain insurance and bonds. (8) Borrow, accept, or contract for services of personnel, including but not limited to employees of a member state. (9) Hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters. (10) Accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and receive, utilize, and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest. (11) Lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, real, personal, or mixed; provided that at all times the commission shall avoid any appearance of impropriety. (12) Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed. (13) Establish a budget and make expenditures. (14) Borrow money. (3) If a meeting, or portion of a meeting, is closed pursuant to this paragraph "e", the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. (4) The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the

commission or order of a court of competent jurisdiction. f. Financing the commission. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states. (4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state. (5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission. g. Qualified immunity, defense, and indemnification. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph "g" shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. (2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining the person's own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct. (3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person. 10. Data system. a. The commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in member states. b. The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state. e. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state. f. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system. 11. Rulemaking. a. The commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purpose of the compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force or effect. b. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this subsection and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment. c. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state. d. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission. e. Prior to promulgation and adoption of a final rule by the commission, and at least thirty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking in all of the following places: (1) On the internet site of the commission or other publicly accessible platform. (2) On the internet site of each member state professional counseling licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules. f. (2) The text of the proposed rule or amendment and the reason for the proposed rule. (3) A request for comments on the proposed rule from any interested person. (4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments. g. Prior to adoption of a proposed

rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public. h. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by any of the following: (1) At least twenty-five persons. (2) A state or federal governmental subdivision or agency. (3) An association having at least twenty-five members. i. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing. (1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing. (2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. (3) All hearings shall be recorded. A copy of the recording shall be made available on request. (4) Nothing in this paragraph "h" shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this subsection. j. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received. k. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing. l. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule. m. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this subsection shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to do any of the following: (1) Meet an imminent threat to public health, safety, or welfare. (2) Prevent a loss of commission or member state funds. (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule. (4) Protect public health and safety. n. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the internet site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision shall not take effect without the approval of the commission. 12. Oversight, dispute resolution, and enforcement. a. Oversight. (1) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law. (2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission. (3) The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or the promulgated rules. b. Default, technical assistance, and termination. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall do all of the following: (1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission. (2) Provide remedial training and specific technical assistance regarding the default. c. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default. d. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states. e. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination. f. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state. g. The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation including reasonable attorney fees. h. Dispute resolution. (1) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states. (2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate. i. Enforcement. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact. (2) By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation including reasonable attorney fees. (3) The remedies herein shall not

be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

13. Date of implementation of the counseling compact commission and associated rules, withdrawal, and amendment. a. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact. b. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state. c. Any member state may withdraw from this compact by enacting a statute repealing the same. (1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute. (2) Withdrawal shall not affect the continuing requirement of the withdrawing state's professional counseling licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal. d. Nothing contained in this compact shall be construed to invalidate or prevent any professional counseling licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact. e. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states. 14. Construction and severability. This compact shall be liberally construed so as to effectuate the purposes thereof. 2024 Iowa Code Title IV - PUBLIC HEALTH Chapter 152E - NURSE AND ADVANCED PRACTICE REGISTERED NURSE LICENSURE COMPACTS Section 152E.1 - Form of compact.

152E.1 Form of compact. 1. Article I — Findings and declaration of purpose. a. The party states find that: (1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws. (2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public. (3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation. (4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex. (5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states. (6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits. b. The general purposes of this compact are to: (1) Facilitate the states' responsibility to protect the public's health and safety. (2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation. (3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions. (4) Promote compliance with the laws governing the practice of nursing in each jurisdiction. (5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses. (6) Decrease redundancies in the consideration and issuance of nurse licenses. (7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements. 2. Article II — Definitions. As used in this compact: a. "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action. b. "Alternative program" means a nondisciplinary monitoring program approved by a licensing board. c. "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards. d. "Current significant investigative information" means either of the following: (1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction. (2) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond. e. "Encumbrance" means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board. f. "Home state" means the party state which is the nurse's primary state of residence. g. "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses. h. "Multistate license" means a license to practice as a registered or a licensed practical or vocational nurse issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege. i. "Multistate licensure privilege" means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse or a licensed practical or vocational nurse in a remote state. j. "Nurse" means a registered nurse or licensed practical or vocational nurse, as those terms are defined by each party state's practice laws. k. "Party state" means any state that has adopted this compact. l. "Remote state" means a party state other than the home state. m. "Single-state license" means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state. n. "State" means a state, territory, or possession of the United States and the District of Columbia. o. "State practice laws" means a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing

practice, and create the methods and grounds for imposing discipline. “State practice laws” does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state. 3. Article III — General provisions and jurisdiction. a. A multistate license to practice registered or licensed practical or vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse or as a licensed practical or vocational nurse, under a multistate licensure privilege, in each party state. b. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant’s criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state’s criminal records. c. Each party state shall require all of the following for an applicant to obtain or retain a multistate license in the home state: (1) Meets the home state’s qualifications for licensure or renewal of licensure, as well as all other applicable state laws. (2) Either of the following: (a) Has graduated or is eligible to graduate from a licensing board-approved registered nurse or licensed practical or vocational nurse prelicensure education program. (b) Has graduated from a foreign registered nurse or licensed practical or vocational nurse prelicensure program that meets both of the following requirements: (i) Has been approved by the authorized accrediting body in the applicable country. (ii) Has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program. (3) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual’s native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening. (4) Has successfully passed a national council licensure examination — registered nurse or national council licensure examination — practical nurse examination or recognized predecessor, as applicable. (5) Is eligible for or holds an active, unencumbered license. (6) Has submitted in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state’s criminal records. (7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law. (8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis. (9) Is not currently enrolled in an alternative program. (10) Is subject to self-disclosure requirements regarding current participation in an alternative program. (11) Has a valid United States social security number. d. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse’s multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse’s authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states. e. A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided. f. Individuals not residing in a party state shall continue to be able to apply for a party state’s single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license. g. Any nurse holding a home state multistate license on the effective date of this compact may retain and renew the multistate license issued by the nurse’s then-current home state, provided that: (1) A nurse who changes primary state of residence after this compact’s effective date must meet all applicable requirements in article III, paragraph “c”, to obtain a multistate license from a new home state. (2) A nurse who fails to satisfy the multistate licensure requirements in article III, paragraph “c”, due to a disqualifying event occurring after this compact’s effective date shall be ineligible to retain or renew a multistate license, and the nurse’s multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the commission. 4. Article IV — Applications for licensure in a party state. a. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant and whether the applicant is currently participating in an alternative program. b. A nurse may hold a multistate license, issued by the home state, in only one party state at a time. c. If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the commission. (1) The nurse may apply for licensure in advance of a change in the primary state of residence. (2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state. d. If a nurse changes primary state of residence by moving from a party state to a nonparty state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state. 5. Article V — Additional authorities invested in party state licensing boards. a. In addition to the other powers conferred by state law, a licensing board shall have the authority to do all of the following: (1) Take adverse action against a nurse’s multistate licensure privilege to practice within that party state. (a) Only the home state shall have the power to take adverse action

against a nurse's license issued by the home state. (b) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action. (2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state. (3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions. (4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located. (5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the federal bureau of investigation for criminal background checks, receive the results of the federal bureau of investigation record search on criminal background checks, and use the results in making licensure decisions. (6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse. (7) Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action. b. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order. c. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program. 6. Article VI — Coordinated licensure information system and exchange of information. a. All party states shall participate in a coordinated licensure information system of all licensed registered nurses and licensed practical or vocational nurses. This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts. b. The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact. c. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications with the reasons for such denials and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law. d. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards. e. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state. f. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information. g. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system. h. The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include but not be limited to the following: (1) Identifying information. (2) Licensure data. (3) Information related to alternative program participation. (4) Other information that may facilitate the administration of this compact, as determined by commission rules. i. The compact administrator of a party state shall provide all investigative documents and information requested by another party state. 7. Article VII — Establishment of the interstate commission of nurse licensure compact administrators. a. The party states hereby create and establish a joint public entity known as the interstate commission of nurse licensure compact administrators. (1) The commission is an instrumentality of the party states. (2) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. (3) Nothing in this compact shall be construed to be a waiver of sovereign immunity. b. Membership, voting, and meetings. (1) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists. (2) Each administrator shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication. (3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set

forth in the bylaws or rules of the commission. (4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in article VIII. (5) The commission may convene in a closed, nonpublic meeting if the commission must discuss any of the following: (a) Noncompliance of a party state with its obligations under this compact. (b) The employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures. (c) Current, threatened, or reasonably anticipated litigation. (d) Negotiation of contracts for the purchase or sale of goods, services, or real estate. (e) Accusing any person of a crime or formally censuring any person. (f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential. (g) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy. (h) Disclosure of investigatory records compiled for law enforcement purposes. (i) Disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact. (j) Matters specifically exempted from disclosure by federal or state statute. (6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction. c. The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact, including but not limited to any of the following: (1) Establishing the fiscal year of the commission. (2) Providing reasonable standards and procedures for both of the following: (a) The establishment and meetings of other committees. (b) Governing any general or specific delegation of any authority or function of the commission. (3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed. (4) Establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission. (5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission. (6) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations. d. The commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the internet site of the commission. e. The commission shall maintain its financial records in accordance with the bylaws. f. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws. g. The commission shall have the following powers: (1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all party states. (2) To bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any licensing board to sue or be sued under applicable law shall not be affected. (3) To purchase and maintain insurance and bonds. (4) To borrow, accept, or contract for services of personnel, including but not limited to employees of a party state or nonprofit organizations. (5) To cooperate with other organizations that administer state compacts related to the regulation of nursing, including but not limited to sharing administrative or staff expenses, office space or other resources. (6) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters. (7) To accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest. (8) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, whether real, personal, or mixed; provided that at all times the commission shall avoid any appearance of impropriety. (9) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed. (10) To establish a budget and make expenditures. (11) To borrow money. (12) To appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, and consumer representatives, and other such interested persons. (13) To provide and receive information from, and to cooperate with, law enforcement agencies. (14) To adopt and use an official seal. (15) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of nurse licensure and practice. h. Financing of the commission. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities. (2) The commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule that is binding upon all party states. (3) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the party states, except by, and with the

authority of, such party state. (4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified public accountant, and the report of the audit shall be included in and become part of the annual report of the commission. i. Qualified immunity, defense, and indemnification. (1) The administrators, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph "i" shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person. (2) The commission shall defend any administrator, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining the person's own counsel; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct. (3) The commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person. 8. Article VIII — Rulemaking. a. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact. b. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission. c. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking on the internet site of the commission and on the internet site of each licensing board or the publication in which each state would otherwise publish proposed rules. d. The notice of proposed rulemaking shall include all of the following: (1) The proposed time, date, and location of the meeting in which the rule will be considered and voted upon. (2) The text of the proposed rule or amendment, and the reason for the proposed rule. (3) A request for comments on the proposed rule from any interested person. (4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments. e. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public. f. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment. g. The commission shall publish the place, time, and date of the scheduled public hearing. (1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request. (2) Nothing in this article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this article. h. If no one appears at the public hearing, the commission may proceed with promulgation of the proposed rule. i. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received. j. The commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule. k. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment or hearing, provided that the usual rulemaking procedures provided in this compact and in this article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to do any of the following: (1) Meet an imminent threat to public health, safety, or welfare. (2) Prevent a loss of commission or party state funds. (3) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule. l. The commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the internet site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission. 9. Article IX — Oversight, dispute resolution, and enforcement. a. Oversight. (1) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent. (2) The commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules. b. Default, technical assistance, and termination. (1) If the commission determines that a party state has defaulted in the performance of its obligations or responsibilities

under this compact or the promulgated rules, the commission shall do both of the following: (a) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission. (b) Provide remedial training and specific technical assistance regarding the default. (2) If a state in default fails to cure the default, the defaulting state's membership in this compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default. (3) Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states. (4) A state whose membership in this compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination. (5) The commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the commission and the defaulting state. (6) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district in which the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees. c. Dispute resolution. (1) Upon request by a party state, the commission shall attempt to resolve disputes related to the compact that arise among party states and between party and nonparty states. (2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate. (3) In the event the commission cannot resolve disputes among party states arising under this compact: (a) The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the compact administrator in each of the affected party states and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute. (b) The decision of a majority of the arbitrators shall be final and binding. d. Enforcement. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact. (2) By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district in which the commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees. (3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law. 10. Article X — Effective date, withdrawal, and amendment. a. This compact shall become effective and binding on the earlier of the date of legislative enactment of this compact into law by no less than twenty-six states or December 31, 2018. All party states to this compact, that also were parties to the prior nurse licensure compact, superseded by this compact, shall be deemed to have withdrawn from said prior compact within six months after the effective date of this compact. b. Each party state to this compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the prior nurse licensure compact until such party state has withdrawn from the prior nurse licensure compact. c. Any party state may withdraw from this compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six months after enactment of the repealing statute. d. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination. e. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact. f. This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states. g. Representatives of nonparty states to this compact shall be invited to participate in the activities of the commission, on a nonvoting basis, prior to the adoption of this compact by all states. 11. Article XI — Construction and severability. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held to be contrary to the constitution of any party state, this compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters. 2000 Acts, ch 1008, §8; 2000 Acts, ch 1232, §51 – 55; 2008 Acts, ch 1032, §201; 2017 Acts, ch 91, §1, 3 Referred to in §147.2, 147.5, 147.7, 152.6, 152.7, 152.8, 152.10, 152E.2, 272C.6 Strike and rewrite of section and enactment of new compact take effect July 21, 2017; Code editor received notice from the board of nursing of enactment of this compact by the twenty-sixth state on that date; in accordance with subsection 10, paragraph a, of this section, the state of Iowa shall be deemed to have withdrawn from the nurse licensure compact previously codified at this section within six months of July 21, 2017; 2017 Acts, ch 91, §1, 3 .

2024 Iowa Code Title IV - PUBLIC HEALTH Chapter 152E - NURSE AND ADVANCED PRACTICE REGISTERED NURSE LICENSURE COMPACTS Section 152E.3 - Form of advanced practice registered nurse compact.

152E.3 Form of advanced practice registered nurse compact. The advanced practice registered nurse compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows: 1. Article I — Findings and declaration of purpose. a. The party states find all of the following: (1) The health and safety of the public are affected by the degree of compliance with advanced practice registered nurse licensure and practice requirements and the effectiveness of enforcement activities related to state advanced practice registered nurse license or authority to practice laws. (2) Violations of advanced practice registered nurse licensure and practice and other laws regulating the practice of nursing may result in injury or harm to the public. (3) The expanded mobility of advanced practice registered nurses and the use of advanced communication technologies as part of our nation’s health care delivery system require greater coordination and cooperation among states in the areas of advanced practice registered nurse licensure and practice requirements. (4) New practice modalities and technology make compliance with individual state advanced practice registered nurse licensure and practice requirements difficult and complex. (5) The current system of duplicative advanced practice registered nurse licensure and practice requirements for advanced practice registered nurses practicing in multiple states is cumbersome and redundant to both advanced practice registered nurses and states. (6) Uniformity of advanced practice registered nurse requirements throughout the states promotes public safety and public health benefits. (7) Access to advanced practice registered nurse services increases the public’s access to health care, particularly in rural and underserved areas. b. The general purposes of this compact are to: (1) Facilitate the states’ responsibilities to protect the public’s health and safety. (2) Ensure and encourage the cooperation of party states in the areas of advanced practice registered nurse licensure and practice requirements including promotion of uniform licensure requirements. (3) Facilitate the exchange of information between party states in the areas of advanced practice registered nurse regulation, investigation, and adverse actions. (4) Promote compliance with the laws governing advanced practice registered nurse practice in each jurisdiction. (5) Invest all party states with the authority to hold an advanced practice registered nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses. 2. Article II — Definitions. As used in this compact: a. “Advanced practice registered nurse” means a nurse anesthetist, nurse practitioner, nurse midwife, or clinical nurse specialist to the extent a party state licenses or grants authority to practice in that advanced practice registered nurse role and title. b. “Advanced practice registered nurse licensure and practice requirements” means the regulatory mechanism used by a party state to grant legal authority to practice as an advanced practice registered nurse. c. “Advanced practice registered nurse uniform license or authority to practice requirements” means those minimum uniform licensure, education, and examination requirements as agreed to by the compact administrators and adopted by licensing boards for the recognized advanced practice registered nurse role and title. d. “Adverse action” means a home or remote state action. e. “Alternative program” means a voluntary, nondisciplinary monitoring program approved by a nurse licensing board. f. “Coordinated licensure information system” means an integrated process for collecting, storing, and sharing information on advanced practice registered nurse licensure or authority to practice and enforcement activities related to advanced practice registered nurse license or authority to practice laws, which is administered by a nonprofit organization composed of and controlled by state licensing boards. g. “Current significant investigative information” means either of the following: (1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the advanced practice registered nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction. (2) Investigative information that indicates that the advanced practice registered nurse represents an immediate threat to public health and safety regardless of whether the advanced practice registered nurse has been notified and had an opportunity to respond. h. “Home state” means the party state that is the advanced practice registered nurse’s primary state of residence. i. “Home state action” means any administrative, civil, equitable, criminal, or other action permitted by the home state’s laws which is imposed on an advanced practice registered nurse by the home state’s licensing board or other authority, including actions against an individual’s license or authority to practice such as revocation, suspension, probation, or any other action which affects an advanced practice registered nurse’s authorization to practice. j. “Licensing board” means a party state’s regulatory body responsible for advanced practice registered nurse licensure or authority to practice. k. “Multistate advanced practice privilege” means current authority from a remote state permitting an advanced practice registered nurse to practice in that state in the same role and title as the advanced practice registered nurse is licensed or authorized to practice in the home state to the extent that the remote state laws recognize such advanced practice registered nurse role and title. A party state has the authority, in accordance with existing state due process laws, to take action against the advanced practice registered nurse’s privilege, including revocation, suspension, probation, or any other action that affects an advanced practice registered nurse’s multistate privilege to practice. l. “Party state” means any state that has adopted this compact. m. “Prescriptive authority” means the legal authority to prescribe medications and devices as defined by party state laws. n. “Remote state” means a party state, other than the home state, where either of the following applies: (1) Where the patient is located at the time advanced practice registered nurse care is provided. (2) In the case of advanced practice registered nurse practice not involving a patient, in such party state where the recipient of advanced practice registered nurse care is located. o. “Remote state action” means either of the following: (1) Any administrative, civil, equitable, criminal, or other action permitted by a remote state’s laws which is imposed

on an advanced practice registered nurse by the remote state's licensing board or other authority, including actions against an individual's multistate advanced practice privilege in the remote state. (2) Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards of remote states. p. "State" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. q. "State practice laws" means a party state's laws and regulations that govern advanced practice registered nurse practice, define the scope of advanced nursing practice, including prescriptive authority, and create the methods and grounds for imposing discipline. "State practice laws" does not include the requirements necessary to obtain and retain advanced practice registered nurse licensure or authority to practice as an advanced practice registered nurse, except for qualifications or requirements of the home state. r. "Unencumbered" means that a state has no current disciplinary action against an advanced practice registered nurse's license or authority to practice.

3. Article III — General provisions and jurisdiction. a. All party states shall participate in the nurse licensure compact for registered nurses and licensed practical or vocational nurses in order to enter into the advanced practice registered nurse compact. b. A state shall not enter the advanced practice registered nurse compact until the state adopts, at a minimum, the advanced practice registered nurse uniform license or authority to practice requirements for each advanced practice registered nurse role and title recognized by the state seeking to enter the advanced practice registered nurse compact. c. Advanced practice registered nurse license or authority to practice issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate advanced practice privilege to the extent that the role and title are recognized by each party state. To obtain or retain advanced practice registered nurse licensure and practice requirements as an advanced practice registered nurse, an applicant must meet the home state's qualifications for authority or renewal of authority as well as all other applicable state laws. d. The advanced practice registered nurse multistate advanced practice privilege does not include prescriptive authority, and does not affect any requirements imposed by states to grant to an advanced practice registered nurse initial and continuing prescriptive authority according to state practice laws. However, a party state may grant prescriptive authority to an individual on the basis of a multistate advanced practice privilege to the extent permitted by state practice laws. e. A party state may, in accordance with state due process laws, limit or revoke the multistate advanced practice privilege in the party state and may take any other necessary actions under the party state's applicable laws to protect the health and safety of the party state's citizens. If a party state takes action, the party state shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states. f. An advanced practice registered nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is provided. The advanced practice registered nurse practice includes patient care and all advanced nursing practice defined by the party state's practice laws. The advanced practice registered nurse practice subjects an advanced practice registered nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state. g. Individuals not residing in a party state may apply for an advanced practice registered nurse license or authority to practice as an advanced practice registered nurse under the laws of a party state. However, the authority to practice granted to these individuals shall not be recognized as granting the privilege to practice as an advanced practice registered nurse in any other party state unless explicitly agreed to by that party state.

4. Article IV — Applications for advanced practice registered nurse licensure or authority to practice in a party state. a. (1) Once an application for an advanced practice registered nurse license or authority to practice is submitted, a party state shall ascertain, through the coordinated licensure information system, whether the applicant has held, or is the holder of, a nursing license or authority to practice issued by another state, whether the applicant has had a history of previous disciplinary action by any state, whether an encumbrance exists on any license or authority to practice, and whether any other adverse action by any other state has been taken against a license or authority to practice. (2) This information may be used in approving or denying an application for an advanced practice registered nurse license or authority to practice. b. An advanced practice registered nurse in a party state shall hold an advanced practice registered nurse license or authority to practice in only one party state at a time, issued by the home state. c. An advanced practice registered nurse who intends to change the nurse's primary state of residence may apply for an advanced practice registered nurse license or authority to practice in the new home state in advance of such change. However, a new license or authority to practice shall not be issued by a party state until after an advanced practice registered nurse provides evidence of change in the nurse's primary state of residence satisfactory to the new home state's licensing board. d. (1) If an advanced practice registered nurse changes the nurse's primary state of residence by moving between two party states, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the advanced practice registered nurse license or authority to practice from the former home state is no longer valid. (2) If an advanced practice registered nurse changes the nurse's primary state of residence by moving from a nonparty state to a party state, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the individual state license issued by the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state. (3) If an advanced practice registered nurse changes the nurse's primary state of residence by moving from a party state to a nonparty state, the advanced practice registered nurse license or authority to practice issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

5. Article V — Adverse actions. In addition to the general provisions described in article III, the following provisions apply: a. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports. b. The licensing board of a party state shall have the authority to complete any pending

investigations for an advanced practice registered nurse who changes the nurse's primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions. c. A remote state may take adverse action affecting the multistate advanced practice privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the advanced practice registered nurse license or authority to practice issued by the home state. d. For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action. e. The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action. f. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require advanced practice registered nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state. g. All home state licensing board disciplinary orders, agreed to or otherwise, which limit the scope of the advanced practice registered nurse's practice or require monitoring of the advanced practice registered nurse as a condition of the order shall include the requirements that the advanced practice registered nurse will limit the nurse's practice to the home state during the pendency of the order. This requirement may allow the advanced practice registered nurse to practice in other party states with prior written authorization from both the home state and party state licensing boards.

6. Article VI — Additional authorities invested in party state licensing boards. Notwithstanding any other powers, party state licensing boards shall have the authority to do all of the following: a. If otherwise permitted by state law, recover from the affected advanced practice registered nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that advanced practice registered nurse. b. Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses, or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located. c. Issue cease and desist orders to limit or revoke an advanced practice registered nurse's privilege, license, or authority to practice in the state. d. Promulgate uniform rules and regulations as provided for in article VIII, paragraph "c".

7. Article VII — Coordinated licensure information system. a. All party states shall participate in a cooperative effort to create a coordinated database of all advanced practice registered nurses. This system shall include information on the advanced practice registered nurse licensure and practice requirements and disciplinary history of each advanced practice registered nurse, as contributed by party states, to assist in the coordination of the advanced practice registered nurse licensure or authority to practice and enforcement efforts. b. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate advanced practice privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system. c. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards. d. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state. e. Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information. f. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system. g. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

8. Article VIII — Compact administration and interchange of information. a. The head of the licensing board, or the head's designee, of each party state shall be the administrator of this compact for the head's state. b. The compact administrator of each party state shall furnish to the compact administrator of each other party state any information and documents including but not limited to a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact. c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, paragraph "d".

9. Article IX — Immunity. A party state or the officers or employees or agents of a party state's licensing board who act in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

10. Article X — Entry into force, withdrawal, and amendment. a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining

party to the compact of any report of adverse action occurring prior to the withdrawal. c. This compact shall not be construed to invalidate or prevent any advanced practice registered nurse licensure or authority to practice agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact. d. This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states. 11. Article XI — Construction and severability. a. This compact shall be liberally construed so as to effectuate the purposes of the compact. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or the applicability of the compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability of the compact to any government, agency, person, or circumstance shall not be affected by that action. If this compact shall be held contrary to the constitution of any state which is party to the compact, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters. b. (1) In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute. (2) The decision of a majority of the arbitrators shall be final and binding. 2005 Acts, ch 53, §9; 2007 Acts, ch 22, §38; 2008 Acts, ch 1032, §201 Referred to in §147.2, 147.5, 147.7, 152.6, 152.7, 152.8, 152.10, 152E.2, 272C.6

To appoint investigators, who shall not be members of the board, to administer and aid in the enforcement of the provisions of law relating to those persons licensed to practice dentistry and dental hygiene, and persons registered as dental assistants. The amount of compensation for the investigators shall be determined pursuant to chapter 8A, subchapter IV. To initiate in its own name or cause to be initiated in a proper court appropriate civil proceedings against any person to enforce the provisions of this chapter or this subtitle relating to the practice of dentistry, and the board may have the benefit of counsel in connection therewith. Any such judicial proceeding as may be initiated by the board shall be commenced and prosecuted in the same manner as any other civil action and injunctive relief may be granted therein without proof of actual damage sustained by any person but such injunctive relief shall not relieve the person so enjoined from criminal prosecution by the attorney general or county attorney for violation of any provision of this chapter or this subtitle relating to the practice of dentistry. d. The accusation of such person against any licensee or registrant shall be reduced to writing, verified by some person familiar with the facts therein stated, and three copies thereof filed with the board. b. If the board finds the charges sufficient, if true, to warrant suspension or revocation of license or registration, the board shall issue an order fixing a time and place for hearing and requiring the licensee or registrant to appear and answer to the charges. The order, together with a copy of the charges, shall be served upon the accused at least twenty days before the date fixed for hearing, either personally or by certified or registered mail, sent to the licensee’s or registrant’s last known post office address as shown by the records of the board. c. The subpoenas when issued shall be delivered to the licensee or registrant or the licensee’s or registrant’s counsel. Such subpoenas for the attendance of witnesses shall be effective if served upon the person named in the subpoena anywhere within this state, provided that, at the time of such service, the fees provided by law for attendance of witnesses in civil cases in district court are paid or tendered to the person. e. In case of disobedience of a subpoena lawfully served under this subsection, the board or any party to such hearing aggrieved thereby may invoke the aid of the district court in the county where the hearing is being conducted to require the attendance and testimony of such witnesses. The district court of the county within which the hearing is being conducted may, in case of contumacy or refusal to obey the subpoena, issue an order requiring the person to appear before the board, and, if so ordered, to give evidence touching the matter involved in the hearing. Any failure to obey such order of the court may be punished by the court as contempt. f. If the licensee or registrant pleads guilty, or after hearing is found guilty by the board of any of the charges made, the board may suspend for a limited period or revoke the license or registration, and the last renewal of the license or registration, and shall enter

the order on its records. The board shall notify the accused of the revocation or suspension of the person's license or registration, as the case may be, and the person shall immediately surrender that license or registration to the board. Any person whose license or registration has been revoked or suspended shall not practice dentistry, dental hygiene, or dental assisting within this state while the revocation or suspension is in force and effect. g. (3) Fails to complete the continuing education required for renewal of a license or registration. b. The assessment and payment of a penalty imposed pursuant to paragraph "a" shall not be considered a disciplinary action or reported as discipline and shall be confidential. c. A licensee, registrant, or trainee may contest a penalty issued pursuant to paragraph "a" by initiating a contested case proceeding pursuant to chapter 17A. d.
