(1) Except as otherwise provided in Section 63-21-101, an owner of a vehicle, trailer or similar conveyance that has been seized shall file an answer within thirty (30) days after the completion of service of process. If an answer is not filed, the court shall hear evidence that the vehicle, trailer or similar conveyance is subject to forfeiture and forfeit the vehicle, trailer or similar conveyance to the local law enforcement agency. If an answer is filed, a time for hearing on forfeiture shall be set within thirty (30) days of filing the answer or at the succeeding term of court if court would not be in progress within thirty (30) days after filing the answer. (4) If it is found that the vehicle, trailer or similar conveyance is subject to forfeiture, then the judge shall forfeit the vehicle, trailer or similar conveyance to the local law enforcement agency. However, if proof at the hearing discloses that the interest of any bona fide lienholder, secured party, other person holding an interest in the vehicle, trailer or similar conveyance in the nature of a security interest or any holder of a bona fide encumbrance is greater than or equal to the present value of the vehicle, trailer or similar conveyance, the court shall order the vehicle, trailer or similar conveyance released to him. (1) Any district attorney or any aggrieved person may institute civil proceedings against any person in any court of competent jurisdiction seeking relief from conduct constituting a violation of subsections (1) and (2) of Section 63-25-5. If the plaintiff in such a proceeding proves the alleged violation or its threat, by a preponderance of the evidence, any court of competent jurisdiction after due provision for the rights of innocent persons may grant relief by entering any appropriate order or judgment including but not limited to: (a) Ordering any defendant to be divested of any interest in any property; (b) Imposing reasonable restrictions upon the future activities or investments of any defendant, including prohibiting any defendant from engaging in the same type of endeavor as the defendant was engaged in previously; (c) Ordering the suspension or revocation of a license, permit or prior approval granted by any public agency or any other public authority; or (d) Ordering the surrender of the charter of a corporation organized under the laws of this state or the revocation of a certificate authorizing a foreign corporation to conduct business within the state upon finding that the board of directors or a managerial agent acting on behalf of the corporation, in conducting the affairs of the corporation, has authorized or engaged in conduct made unlawful by Sections 63-25-1 through 63-25-11 and that, for the prevention of future criminal conduct, the public interest requires the charter of the corporation be surrendered and the corporation dissolved or the certificate revoked. Pending final determination of a proceeding under this section, a temporary restraining order or a preliminary injunction may be issued upon a showing of immediate danger of significant injury, including the possibility that any judgment for money damages might be difficult to execute, and, in a proceeding initiated by an aggrieved person, upon the execution of proper bond against injury for an injunction improvidently granted. (3) Any person injured, directly or indirectly, by conduct constituting a violation by any person of Section 63-25-5 shall, in addition to any other relief, have a cause of action for threefold the actual damages sustained by the person. (5) Personal service of any process in an action under this section may be made upon any person outside the state if the person has engaged in any conduct constituting a violation of Section 63-25-5 in this state. The person shall be deemed to have thereby submitted to the jurisdiction of the courts of this state for the purposes of this provision. Whenever local authorities, including boards of supervisors, within their respective jurisdictions, determine upon the basis of an engineering and traffic investigation that the speed permitted under this article on any street, or any county road or any portion thereof, or at any intersection is greater than is reasonable or safe under conditions found to exist upon such street, or any county road or any portion thereof, or at such intersection, such local authorities shall determine and declare, by ordinance, a reasonable and safe speed limit, which shall be effective when appropriate signs giving notice thereof are erected on such street, or any county road or any portion thereof, or at such intersection, or upon the approaches thereto. The state highway commission upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this article, the commission shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of one hundred feet before each end of such structure. No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section. Upon the trial of any person, charged with a violation of this section, proof of said determination of the maximum speed by said commission and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure. (1)(a)Before a towing and recovery service connects a commercial motor vehicle to a tow truck for a nonconsensual tow, the towing and recovery service shall document the vehicle's condition and the reason for the tow by:(i)Taking at least four (4) photographs of

the vehicle, with at least one (1) photograph taken from the front, one (1) photograph taken from the rear, one (1) photograph taken from the driver's side and one (1) taken from the passenger's side. These photographs must: 1. Show the entire vehicle from the required angle; and 2. Have the vehicle fill at least three-fourths (3/4) of the photograph, measured from side to side; and (ii) Taking a photograph that shows the reason the vehicle is being towed nonconsensually. The photograph must show the portion of the vehicle in relation to the reason, including any sign that the vehicle was towed. (b) Upon demand of the owner or operator of the commercial motor vehicle or the owner's designee, the Department of Transportation or the Commercial Vehicle Towing Advisory Committee, the towing and recovery service shall provide copies of the photographs. (c) A towing and recovery service's failure to produce the photographs shall create a rebuttable presumption that the towing and recovery service did not have the authority to tow a vehicle from either a private property owner or operator or a law enforcement officer. (2) Before a towing and recovery service connects a commercial motor vehicle to a tow truck for a nonconsensual tow, the towing and recovery service shall have authorization to nonconsensually tow a commercial motor vehicle. Authorization shall be found if: (a) A law enforcement officer requests a police-initiated tow and requests that a towing and recovery service from the tow list provide towing; or (b) The towing and recovery service has received permission to tow the commercial motor vehicle from the owner of the private property. A towing service shall not tow a commercial motor vehicle from private property without the owner or operator of the private property giving the towing service written permission. (c) In order for the towing and recovery service to conduct a nonconsensual tow, the private property owner must have posted signage visible and facing the driver at each entryway into the property stating that vehicles parked on the property without authorization or inappropriately or illegally parked are subject to being towed. (1) Every trailer which shall be towed on the public highways at a speed in excess of twenty (20) miles per hour shall be coupled to the towing vehicle by means of a safety chain, chains, cables, or equivalent devices in addition to the regular trailer hitch or coupling. This requirement does not apply to a semitrailer having a connecting device composed of a fifth wheel and kingpin assembly meeting the requirements of the Interstate Commerce Commission, nor to a pole, pipe, casing, long or piling dolly. No more slack shall be left in any such safety chains, cables or equivalent devices than shall be necessary to permit proper turning. The safety chains, cables or equivalent device shall be so connected to the towed and towing vehicles and to the drawbar to prevent the drawbar from dropping to the ground if the drawbar fails, and shall be of sufficient strength to control the trailer in event of failure of the regular trailer hitch or coupling. (2) When one (1) vehicle is towing another the drawbar or other connection shall be of sufficient strength to pull all weight towed thereby. Said drawbar or other connection shall not exceed fifteen (15) feet from one (1) vehicle to the other except the connection between any two (2) vehicles transporting poles, pipe, machinery or other objects of structural nature which cannot readily be dismembered. (3) When one (1) vehicle is towing another and the connection consists of a chain, rope, or cable, there shall be displayed upon such connection a white flag or cloth not less than twelve (12) inches square. (4) No more than three (3) vehicles in combination shall be towed by saddle-mounts, provided the overall length of the towing and towed vehicles shall not exceed seventy-five (75) feet in length. No more than one (1) motor vehicle shall be towed by tow bar. (1)Subject to the maximum gross single axle or tandem axle weights hereinafter specified, the gross single or tandem axle weights shall not exceed five hundred fifty (550) pounds per inch of tire width. The gross weight on any single or tandem axle thus derived shall be subject to a tolerance not in excess of five hundred (500) pounds provided that the total allowable gross weight of the single or tandem axle shall not exceed the maximum limitations allowed hereinafter.(2)The gross weight imposed on the highway by the wheels of any one (1) single axle of a vehicle shall not exceed twenty thousand (20,000) pounds exclusive of the tolerance provided in Section63-5-33. A single axle shall be defined as an assembly of two (2) or more wheels whose centers are in one (1) transverse vertical plane or may be included between two (2) parallel transverse vertical planes forty (40) inches apart extending across the full width of the vehicle.(3)The gross weight imposed on the highway by any tandem axle shall not exceed thirty-four thousand (34,000) pounds exclusive of the tolerance provided in Section63-5-33. A tandem axle shall be defined as any two (2) or more consecutive axles whose centers are more than forty (40) inches but not more than ninety-six (96) inches apart. No one (1) axle of any such group of two (2) or more consecutive axles shall exceed the weight permitted for a single axle.(4)(a)Vehicles designed and especially constructed to transport concrete products and which are not available for purchase in sizes and capacities to fully comply with the road and bridge weight laws of the State of Mississippi shall not be made to conform to the axle spacing requirements or axle or tire loadings of this section or to the total combined weights as set out in Section63-5-33in Table III, provided (i) that such vehicles shall be limited to a gross weight of sixty thousand (60,000) pounds; (ii) that such vehicles shall only be operated within fifty (50) miles of their home base; (iii) that any such vehicles shall be limited to a maximum load of the rated capacity of the vehicle; (iv) that all such vehicles shall have at least three (3) axles; and (v) that all vehicles with only three (3) axles shall have all wheels brake-equipped. Any two (2) or more axles close enough to be considered an axle group shall be suspended by an equalizing system and be spaced a minimum of four (4) feet apart in order to be eligible for the maximum load as provided in this subsection. It shall be a violation if vehicles to which this subsection applies travel upon any federal interstate highway or upon any roads or bridges designated and posted as incapable of carrying such loads by the Transportation Commission, a board of supervisors, or municipal governing authorities as provided in subsection (5) or (6) of this section.(b)Vehicles designed and especially constructed to transport raw cotton from harvest to the cotton gin shall not be made to conform to the axle spacing or axle or tire loadings of this section. However, such vehicles (i) shall be limited to a gross weight of sixty thousand (60,000) pounds; (ii) may be operated only within a fifty-mile radius of their home base or their contractual customer; (iii) shall be limited to a maximum load of the rated capacity of that vehicle; (iv) shall have all wheels brake equipped; and (v) are prohibited from traveling upon any federal interstate highway or upon any roads or bridges designated and posted as incapable of carrying such loads by the Mississippi Department of Transportation, a board of supervisors or municipal governing authorities as provided in subsection (5) or (6) of this section.(c)Vehicles designed and especially constructed to collect and transport solid waste and which are not available for purchase in sizes and capacities to fully comply with the road and bridge weight laws of the State of Mississippi, shall not be made to conform to the axle spacing or tire loadings of this section. However, such vehicles (i) shall be limited to a gross weight of sixty thousand (60,000) pounds; (ii) may be operated only within a fifty-mile radius of their home base or their contractual customer; (iii) shall be limited to a maximum load of the rated capacity of that vehicle; (iv) shall have all wheels brake-equipped; and (v) are

prohibited from traveling upon any federal interstate highway or upon any roads or bridges designated and posted as incapable of carrying such loads by the Mississippi Department of Transportation, a board of supervisors or the governing authorities of a municipality as provided in subsection (5) or (6) of this section.(d)The rear axle of trailer mounted knuckle boom log loaders shall be exempt from the tire loading limitation provided for in subsection (3) of this section; provided, however, that the gross weight imposed on the highway by such an axle shall not exceed forty-one thousand (41,000) pounds.(5)The board of supervisors of any county or the governing authorities of any municipality, by appropriate resolution, may impose limitations more restrictive than those permitted in this section upon the county highways of such county or the streets of such municipality.(6)The Mississippi Department of Transportation, for cause, may post or limit any road or bridge to weights less than those permitted by this section.Codes, 1942, § 8270; Laws, 1938, ch. 200; Laws, 1946, ch. 307, § 3; Laws, 1948, ch. 328, § 5; Laws, 1950, ch. 472; Laws, 1981, ch. 366, § 5; Laws, 1982, ch. 479, § 1; Laws, 1995, ch. 326, § 1; Laws, 2001, ch. 352, § 1, eff. 3/11/2001.Brought forward by Laws, 2020, ch. 378, SB 2467,§ 2, eff. 7/1/2020. However, any penalty assessed against a vehicle operating under the provisions of this paragraph (3)(b) shall be calculated according to the maximum weight which that particular vehicle is legally permitted to transport and not the maximum gross weight limit established for that highway. Nothing herein contained shall be construed to permit movements of weights in excess of those provided for in this section (63-5-29) over a route or section thereof for the purpose of a shortcut between two (2) highways found by the commission to be suitable to carry the maximum load limits pursuant to Sections 63-5-33 and 63-5-35 or any other purpose not consistent with the aforementioned provisions. Nothing in Sections 63-5-29, and 63-5-34, shall be construed to imply any general variation from the maximum weight limitations designated by the Mississippi Department of Transportation other than specified in Sections 63-5-29 and 63-5-34. commission to be suitable to carry the maximum load limits pursuant to Sections 63-5-33 and 63-5-35; and provided further, that any goods, materials, and equipment actually used in the supply of an activity of producing, manufacturing or distributing products on any such highway within the State of Mississippi may be transported on such highway to the site of such manufacture, production or distribution. However, any penalty assessed against a vehicle operating under the provisions of this paragraph (3)(b) shall be calculated according to the maximum weight which that particular vehicle is legally permitted to transport and not the maximum gross weight limit established for that highway. Nothing herein contained shall be construed to permit movements of weights in excess of those provided for in this section (63-5-29) over a route or section thereof for the purpose of a shortcut between two (2) highways found by the commission to be suitable to carry the maximum load limits pursuant to Sections 63-5-33 and 63-5-35 or any other purpose not consistent with the aforementioned provisions. Nothing in Sections 63-5-29, and 63-5-34, shall be construed to imply any general variation from the maximum weight limitations designated by the Mississippi Department of Transportation other than specified in Sections 63-5-29 and 63-5-34. Brought forward by Laws, 2020, ch. 378, SB 2467, § 3, eff. 7/1/2020. On all highways of the State of Mississippi except those referred to in Sections 63-5-31 and 63-5-33, and subject to the limitations imposed on wheel and axle loads by Section 63-5-27 and to the further limitations hereinafter specified, the total combined weight (vehicles plus load) on any group of axles shall not exceed the value given in the following table (Table I), corresponding to the distance in feet between the extreme axles of the group, measured longitudinally to the nearest foot: TABLE I Distance in Feet Between the Extreme of Any Group of Axles Maximum Load in Pounds Carried on any Group of Axles

Moreover, in addition to the per axle weight limitation specified by Section 63-5-27, the maximum load carried on a combination of vehicles shall be subject to the following additional limitations: The maximum load carried on any group of two (2) axles shall not exceed twenty-four thousand (24,000) pounds in instances where one or more of such axles is a driving axle (that is, an axle turned by the vehicle's engine power). Nothing herein contained shall be construed to permit movements of weights in excess of those provided for in this section (63-5-29) over a route or section thereof for the purpose of a shortcut between two (2) highways found by the commission to be suitable to carry the maximum load limits pursuant to Sections 63-5-33 and 63-5-35 or any other purpose not consistent with the aforementioned provisions. (1) No person shall drive any motor vehicle required to be registered in this state upon the public roads, streets or highways in this state with any sign or poster, or with any glazing material which causes a mirrored effect, upon the front windshield, side wings or side or rear windows of the vehicle, other than a certificate or other paper required or authorized to be so displayed by law. No person shall drive any motor vehicle required to be registered in this state upon the public roads, streets or highways in this state with any tinted film, glazing material or darkening material of any kind on the windshield of a motor vehicle except material designed to replace or provide a sun shield in the uppermost area as authorized to be installed by manufacturers of vehicles under federal law. (2) From and after July 1, 2006, no person shall drive any motor vehicle required to be registered in this state upon the public roads, streets or highways in this state with any window tinted or darkened, by tinted film or otherwise, unless: (a) The windshield of the vehicle has affixed to it a label as provided under subsection (6) of this section certifying that all the windows of the vehicle have a light transmittance of twenty-eight percent (28%) or more; or (b) The owner or operator of the vehicle has a certificate of medical exemption issued under subsection (4) of this section. (3) The prohibitions of subsection (2) of this section shall not apply to: (a) School buses, other buses used for public transportation, any bus or van owned or leased by a nonprofit organization duly incorporated under the laws of this state or any funeral home services vehicle, any limousine owned or leased by a private or public entity, or any government-owned law enforcement or fire department vehicle or any volunteer fire department vehicle; (b) Any window behind the front two (2) side windows, including the rear window, of any pickup truck, van, motor home, recreational vehicle, sport utility vehicle or multipurpose vehicle that has been tinted or darkened after factory delivery to the extent that the light transmittance of the window meets the minimum light transmittance requirements authorized to be installed for that window and for that vehicle under federal law or regulations before factory delivery; or (c) Any other motor vehicle the windows of which have been tinted or darkened before factory delivery as permitted by federal law or federal regulations. (4) Notwithstanding the provisions of subsection (2) of this section, it shall be lawful for any person who has been diagnosed by a physician licensed to practice medicine in the State of Mississippi as having a physical condition or disease that is seriously aggravated by minimum exposure to sunlight to place or have placed upon the windshield or windows of any motor vehicle which he owns or operates or within which he regularly travels as a passenger tinted film or other darkening material that would otherwise be in violation of this section. However, any vehicle, in order to be exempt under this subsection (4), shall have prominently displayed on the vehicle dashboard a certificate of medical exemption on a form prepared by the Commissioner of Public Safety and signed by the person on whose behalf the certificate is issued. The special certificate authorized by this subsection (4) shall be issued free of charge to the applicants through the offices of the tax collectors of the counties. Each applicant shall present to the issuing official: (a) An affidavit signed personally by the applicant and signed and attested by a physician which states the applicant's physical condition or disease which entitles him to an exemption under this subsection (4); and (b) Proof of ownership of the motor vehicle by the applicant, or a signed affidavit by the owner of a motor vehicle operated for the use of the applicant, for which he is obtaining the certificate. (5) The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow or other moisture from the windshield, which device shall be so constructed as to be controlled or operated by the driver of the vehicle. (6) The Department of Public Safety shall issue labels to official tint inspection stations for affixing to the windshield of every motor vehicle required to be inspected in this state with a window therein which has been tinted or darkened with any tinted film or other darkening material after factory delivery. The label shall be affixed to the lower left corner of the windshield, shall be legible from outside the vehicle, and shall indicate the label registration number, a certification of compliance with Mississippi law, and such other information as the Commissioner of Public Safety deems appropriate. The labels shall be of a type which is pressure-sensitive, self-destructive upon removal, and no larger than one (1) inch square in size. Before affixing the label, the inspection station shall conduct a test to determine that the window

complies with the light transmittance requirements prescribed under subsection (2) of this section. The test shall be conducted using such methods or devices as may be approved and certified not less often than annually by the Department of Public Safety. For conducting such tests, tint inspection stations shall charge and collect a fee of Five Dollars (\$5.00). Two Dollars (\$2.00) of the fee shall be retained by the inspection station, and Three Dollars (\$3.00) of the fee shall be remitted to the Department of Public Safety and may be expended, upon legislative appropriation, for the operational expenses of the department. No fee shall be charged unless a test is actually performed under this subsection (6). The presence of a label upon the windshield of a motor vehicle shall indicate that the person who affixed the label certifies that the windows of the vehicle meet the restrictions of subsection (2) of this section as to light transmittance.(7)No person shall install any tinted film, darkening material, glazing material or any other material upon the windshield or any window of a motor vehicle which, after the installation thereof, would result in such vehicle being in violation of subsection (2) of this section.(8)No label shall be issued for a vehicle on which the windshield or any window of the vehicle has been darkened by the installation of tinted film or by other means, except as authorized under this section.(9)It shall be unlawful for any person to alter or reproduce any label or certificate of medical exemption approved by the Commissioner of Public Safety under this section for the purpose of misleading law enforcement officers or motor vehicle inspection stations, or to knowingly use any approved label or certificate except as authorized by this section.(10)Any person violating subsection (7), (8) or (9) of this section, upon conviction, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00), or imprisonment in the county jail for not more than three (3) months, or by both such fine and imprisonment.(11)Any violation of this section other than a violation of subsection (7), (8) or (9) of this section shall be punishable upon conviction as provided in Section63-7-7.(12)Violations of this section shall be enforced only by law enforcement officers of the Mississippi Department of Public Safety and municipal law enforcement officers of municipalities having a population of two thousand (2,000) or more on the public roads, streets and highways under their jurisdiction.(13)The Department of Public Safety shall initiate a public awareness program designed to inform and educate persons of the provisions of this section. The purpose and intent of this article is to vigorously enforce the prohibition laws throughout the state, except in those counties and municipalities voting themselves out from under the prohibition law in accordance with the provisions of this article, and, in those counties and municipalities, to require strict regulation and supervision of the manufacture, sale, distribution, and transportation of intoxicating liquor under a system of state licensing of manufacturers, wholesalers and retailers, which licenses shall be subject to revocation for violations of this article. However, from and after January 1, 2021, prohibition is renounced as to the possession of alcoholic beverages. It shall thereafter be lawful to possess alcoholic beverages throughout the state, unless otherwise prohibited in this article. Nothing herein shall be construed to make lawful the possession of alcoholic beverages with the intent to sell except as authorized under this article. All laws and parts of laws in conflict with this article are repealed only to the extent of such conflict; however, except as is provided in this article, all laws prohibiting the manufacture, sale, and distribution of alcoholic beverages, which are not in conflict with this article shall remain in full force and effect, and all such laws shall remain in full force and effect in counties and municipalities wherein the manufacture, sale, and distribution of alcoholic beverages has not been authorized as a result of an election held under Section 67-1-11 or Section 67-1-14, Mississippi Code of 1972, or as otherwise provided in this article. (1)The department is hereby created a wholesale distributor and seller of alcoholic beverages, not including malt liquors, within the State of Mississippi. It is granted the right to import and sell alcoholic beverages at wholesale within the state, and no person who is granted the right to sell, distribute or receive alcoholic beverages at retail shall purchase any alcoholic beverages from any source other than the department, except as authorized in subsections (4), (9) and (12) of this section. The department may establish warehouses, and the department may purchase alcoholic beverages in such quantities and from such sources as it may deem desirable and sell the alcoholic beverages to authorized permittees within the state including, at the discretion of the department, any retail distributors operating within any military post or qualified resort areas within the boundaries of the state, keeping a correct and accurate record of all such transactions and exercising such control over the distribution of alcoholic beverages as seem right and proper in keeping with the provisions or purposes of this article.(2)No person for the purpose of sale shall manufacture, distill, brew, sell, possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except in accordance with authority granted under this article, or as otherwise provided by law for native wines or native spirits.(3)No alcoholic beverage intended for sale or resale shall be imported, shipped or brought into this state for delivery to any person other than as provided in this article, or as otherwise provided by law for native wines or native spirits.(4)The department may promulgate rules and regulations which authorize on-premises retailers to purchase limited amounts of alcoholic beverages from package retailers and for package retailers to purchase limited amounts of alcoholic beverages from other package retailers. The department shall develop and provide forms to be completed by the on-premises retailers and the package retailers verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.(5)The department may promulgate rules which authorize the holder of a package retailer's permit to permit individual retail purchasers of packages of alcoholic beverages to return, for exchange, credit or refund, limited amounts of original sealed and unopened packages of alcoholic beverages purchased by the individual from the package retailer.(6)The department shall maintain all forms to be completed by applicants necessary for licensure by the department at all district offices of the department.(7)The department may promulgate rules which authorize the manufacturer of an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic beverages or wines to the holders of package retailer's permits, on-premises retailer's permits, native wine or native spirit retailer's permits and temporary retailer's permits who have not previously purchased the brand of that manufacturer from the department. For each holder of the designated permits, the manufacturer may furnish not more than five hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3) liters of any brand of wine.(8)The department may promulgate rules disallowing open product sampling of alcoholic beverages or wines by the holders of package retailer's permits and permitting open product sampling of alcoholic beverages by the holders of on-premises retailer's permits. Permitted sample products shall be plainly identified "sample" and the actual sampling must occur in the presence of the manufacturer's representatives during the legal operating hours of on-premises retailers.(9)The department may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the department. The department shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department. The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.(10)The department may promulgate rules facilitating a retailer's on-site pickup of alcoholic beverages sold by the department or as authorized by the department, including, but not limited to, native wines and native spirits, so that those alcoholic beverages may be delivered to the retailer at the manufacturer's location instead of via shipment from the department's warehouse.(11)[Through June 30, 2026]This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit or a festival wine permit.(11)[From and after July 1, 2026]This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit.(12)(a)An individual resident of this state who is at least twenty-one (21) years of age may purchase wine from a winery and have the purchase shipped into this state so long as it is shipped to a package retailer permittee in Mississippi; however, the permittee shall pay to the department all taxes, fees and surcharges on the wine that are imposed upon the sale of wine shipped by the department or its warehouse operator. No credit shall be provided to the permittee for any taxes paid to another state as a result of the transaction. Package retailers may charge a service fee for receiving and handling shipments from wineries on behalf of the purchasers. The department shall develop and provide forms to be completed by the package retailer permittees verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.(b)The purchaser of wine that is to be shipped to a package retailer's store shall be required to get the prior approval of the package retailer before any wine is shipped to the package retailer. A purchaser is limited to no more than ten (10) cases of wine per year to be shipped to a package retailer. A package retailer shall notify a purchaser of wine within two (2) days after receiving the shipment of wine. If the purchaser of the wine does not pick up or take the wine from the package retailer within thirty (30) days after being notified by the package retailer, the package retailer may sell the wine as part of his inventory.(c)Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or corporation making the report, the period of

time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings. Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in which the railroad company, express company, common or contract carrier making the report resides or does business. Any common or contract carrier that willfully fails to make reports, as provided by this section or any of the rules and regulations of the department for the administration and enforcement of this section, is subject to a notification of violation. In the case of a continuing failure to make reports, the common or contract carrier is subject to possible license suspension and revocation at the department's discretion. (d) A winery that ships wine under this section shall be deemed to have consented to the jurisdiction of the courts of this state, of the department, of any other state agency regarding the enforcement of this section, and of any related law, rules or regulations. (e) Any person who makes, participates in, transports, imports or receives a shipment in violation of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of One Thousand Dollars (\$1,000.00) or imprisonment in the county jail for not more than six (6) months, or both. Each shipment shall constitute a separate offense. (13) If any provision of this article, or its application to any person or circumstance, is determined by a court to be invalid or unconstitutional, the remaining provisions shall be construed in accordance with the intent of the Legislature to further limit rather than expand commerce in alcoholic beverages to protect the health, safety, and welfare of the state's residents, and to enhance strict regulatory control over taxation, distribution and sale of alcoholic beverages through the three-tier regulatory system imposed by this article upon all alcoholic beverages to curb relationships and practices calculated to stimulate sales and impair the state's policy favoring trade stability and the promotion of temperance.
