(1) Counsel employed by an office funded by the State of Mississippi or any county shall receive no compensation or expenses for representation of a party seeking post-conviction relief while under a sentence of death other than the compensation attendant to his office. (2) Unless employed by such an office, counsel appointed to represent a party seeking post-conviction relief while under a sentence of death shall be paid at an hourly rate not to exceed eighty percent (80%) of the hourly rate allowed in the United States District Courts of the Northern and Southern Districts of Mississippi to attorneys appointed to represent defendants seeking habeas corpus relief. Incarceration may be employed only after the court has conducted a hearing and examined the reasons for nonpayment and finds, on the record, that the defendant was not indigent or could have made payment but refused to do so. When determining whether a person is indigent, the court shall use the current Federal Poverty Guidelines and there shall be a presumption of indigence when a defendant's income is at or below one hundred twenty-five percent (125%) of the Federal Poverty Guidelines, subject to a review of his or her assets. A defendant at or below one hundred twenty-five percent (125%) of the Federal Poverty Guidelines without substantial liquid assets available to pay fines, fees, and costs shall be deemed indigent. In determining whether a defendant has substantial liquid assets, the judge shall not consider up to Ten Thousand Dollars (\$10,000.00) in tangible personal property, including motor vehicles, household goods, or any other assets exempted from seizure under execution or attachment as provided under Section 85-3-1. If the defendant is above one hundred twenty-five percent (125%) of the Federal Poverty Guidelines, the judge shall make an individualized assessment of his or her ability to pay based on the totality of the circumstances including, but not limited to, the defendant's disposable income, financial obligations and liquid assets. If the judge determines that a defendant who claims indigence is not indigent and the defendant could have made payment but refused to do so, the case file shall include a written explanation of the basis for the determination of the judge. In justice and municipal court, such finding shall be included in the court's order. (2) If it appears to the satisfaction of the court that nonpayment is not willful, the court shall enter an order that allows the defendant additional time for payment, reduces the amount of each installment, revokes the fine, in whole or in part, or allows the defendant to perform community service at the state minimum wage per hour rate. If the court finds nonpayment is willful after consideration of the defendant's situation, means, and conduct with regard to the nonpayment, the court shall determine the period of incarceration, if any, subject to the limitations set by law and subsection (3) of this section. (3) If at the time the fine, restitution or court cost is ordered, a sentence of incarceration is also imposed, the aggregate total of the period of incarceration imposed pursuant to this section and the term of the sentence originally imposed may not exceed the maximum term of imprisonment authorized for the offense. (4) A minor who is to serve as a confidential informant must be notified that the minor has the right to contact one (1) or both parents. Added by Laws, 2018, ch. 416, HB 387, § 1, eff. 7/1/2018. (1) Incarceration shall not automatically follow the nonpayment of a fine, restitution or court costs. Incarceration may be employed only after the court has conducted a hearing and examined the reasons for nonpayment and finds, on the record, that the defendant was not indigent or could have made payment but refused to do so. (1) If the Commissioner of Corrections at any time is satisfied that any female offender in his custody under sentence of death is pregnant, he shall summon a physician to inquire into the pregnancy. The commissioner shall summons and swear all necessary witnesses and the commissioner after full examination shall certify under his hand what the truth may be in relation to the alleged pregnancy, and in case the offender is found to be pregnant, the commissioner shall immediately transmit his findings to the Governor, and the Governor shall suspend the execution of the sentence until he is satisfied that the offender is not or is no longer pregnant. The Governor shall then order, by his warrant to the commissioner, the execution of the offender on a day to be appointed by the Governor according to the sentence and judgment of the court. (2)(a) If it is believed that an offender under sentence of death has become mentally ill since the judgment of the court, the following shall be the exclusive procedural and substantive procedure. The offender, or a person acting as his next friend, or the Commissioner of Corrections may file an appropriate application seeking post-conviction relief with the Mississippi Supreme Court. If it is found that the offender is a person with mental illness, as defined in this subsection, the court shall suspend the execution of the sentence. The offender shall then be committed to the forensic unit of the Mississippi State Hospital at Whitfield. The order of commitment shall require that the offender be examined and a written report be furnished to the court at that time and every month thereafter, stating whether there is a substantial probability that the offender will become sane under this subsection within the foreseeable future and whether progress is being made toward that goal. If at any time during the commitment, the appropriate official at the state hospital considers the offender to be sane under this subsection, the official shall promptly notify the court to that effect in writing and place the offender in the custody of the Commissioner of Corrections. The court then shall conduct a hearing on the sanity of the offender. The finding of the circuit court is a final order appealable under the terms and conditions of the Mississippi Uniform Post-Conviction Collateral Relief Act. (b) For the purposes of this subsection, a person shall be deemed to be a person with mental illness if the court finds that the offender does not have sufficient intelligence to understand the nature of the proceedings against him, what he was tried for, the purpose of his punishment, the impending fate that awaits him, and a sufficient understanding to know any fact that might exist that would make his punishment unjust or unlawful and the intelligence requisite to convey that information to his attorneys or the court. (1) If the Commissioner of Corrections at any time is satisfied that any female offender in his custody under sentence of death is pregnant, he shall summon a physician to inquire into the pregnancy. The commissioner shall summons and swear all necessary witnesses and the commissioner after full examination shall certify under his hand what the truth may be in relation to the alleged pregnancy, and in case the offender is found to be pregnant, the commissioner shall immediately transmit his findings to the Governor, and the Governor shall suspend the execution of the sentence until he is satisfied that the offender is not or is no longer pregnant. (1) Any person who has been convicted of a misdemeanor that is not a traffic violation, and who is a first offender, may petition the justice, county, circuit or municipal court in which the conviction was had for an order to expunge any such conviction from all public records. (2)(a) Except as otherwise provided in this subsection, a person who has been convicted of a felony and who has paid all criminal fines and costs of court imposed in the sentence of conviction may petition the court in which the conviction was had for an order to expunge one (1) conviction from all public records five (5) years after the successful completion of all terms and conditions of the sentence for the conviction upon a hearing as determined in the discretion of the court; however, a person is not eligible to expunge a felony classified as: (i) A crime of violence as provided in Section 97-3-2; (ii) Arson, first degree as provided in Sections 97-17-1 and 97-17-3; (iii) Trafficking in controlled substances as provided in Section 41-29-139; (iv) A third, fourth or subsequent offense DUI as provided in Section 63-11-30(2)(c) and (2)(d); (v) Felon in possession of a firearm as provided in Section 97-37-5; (vi) Failure to register as a sex offender as provided in Section 45-33-33; (vii) Voyeurism as provided in Section 97-29-61; (viii) Witness intimidation as provided in Section 97-9-113; (ix) Abuse, neglect or exploitation of a vulnerable person as provided in Section 43-47-19; or (x) Embezzlement as provided in Sections 97-11-25 and 97-23-19. In those cases where the court denies the petition, the findings of the court in this respect shall be identified specifically and not generally. The order of expunction shall not preclude a district attorney's office from retaining a nonpublic record thereof for law enforcement purposes only. The existence of an order of expunction shall not preclude an employer from asking a prospective employee if the employee has had an order of expunction entered on his behalf. The effect of the expunction order shall be to restore the person, in the contemplation of the law, to the status he occupied before any arrest or indictment for which convicted. No person as to whom an expunction order has been entered shall be held thereafter under any provision of law to be guilty of perjury or to have otherwise given a false statement by reason of his failure to recite or acknowledge such arrest, indictment or conviction in response to any inquiry made of him for any purpose other than the purpose of determining, in any subsequent proceedings under this section, whether the person is a first offender. A person as to whom an order has been entered, upon request, shall be required to advise the court, in camera, of the previous conviction and expunction in any legal proceeding wherein the person has been called as a prospective juror. The court shall thereafter and before the selection of the jury advise the attorneys representing the parties of the previous conviction and expunction. (4) Upon petition therefor, a justice, county, circuit or municipal court shall expunge the record of any case in which an arrest was made, the person arrested was released and the case was dismissed or the charges were dropped or there was no disposition of such case, or the person was found not guilty at trial. The proceeding shall be conducted by the trial judge before the trial jury as soon as practicable. If, through impossibility or inability, the trial jury is unable to reconvene for a hearing on the issue of penalty, having determined the guilt of the accused, the trial judge may summon a jury to determine the issue of the imposition of the penalty. If the trial jury has been waived, or if the defendant pleaded guilty, the sentencing proceeding shall be conducted before a jury impaneled for that purpose or may be conducted before the trial judge sitting without a jury if both the State of Mississippi and the defendant agree thereto in writing. In the proceeding, evidence may be presented as to any matter that the court deems relevant to sentence, and shall include matters relating to any of the aggravating or mitigating circumstances. If, after the trial of the penalty phase, the jury does not make the findings requiring the death sentence or life imprisonment without eligibility for parole, or is unable to reach a decision, the court shall impose a sentence of life imprisonment.(4)The judgment of conviction and sentence of death shall be subject to automatic review by the Supreme Court of Mississippi within sixty (60) days after certification by the sentencing court of the entire record, unless the time is extended for an additional period by the Supreme Court for good cause shown. The review by the Supreme Court shall have priority over all other cases and shall be heard in accordance with rules promulgated by the Supreme Court.(5)Aggravating circumstances shall be limited to the following:(a)The capital offense was committed by a person under sentence of imprisonment.(b)The defendant was previously convicted of another capital offense or of a felony involving the use or threat of violence to the person.(c)The defendant knowingly created a great risk of death to many persons.(d)The capital offense was committed while the defendant was engaged, or was an accomplice, in the commission of, or an attempt to commit, or flight after committing or attempting to commit, any robbery, rape,

(3) The person who is requesting the warrant shall prepare a document to be known as a "duplicate original warrant" and shall read such duplicate original warrant verbatim to the issuing judge. Mississippi Code 1972 (2024) Title 99 - CRIMINAL PROCEDURE (§§ 99-1-1 — 99-51-3) Chapter 27 - PROCEEDINGS FOR INTOXICATING BEVERAGE OFFENSES (§§ 99-27-1 — 99-27-45) Section 99-27-13 - Owner may interpose claim to seized property; jurisdiction and procedure

If any person claims the intoxicating liquors seized on any of the appliances either for handling, making, possessing, or transporting which have been seized, he may put in his claim therefor under oath stating in detail why said property, or any of it so seized, should not be destroyed, or sold for the benefit of the county, and said affidavit shall state the market value of the property so claimed by him, which amount as so fixed shall determine the jurisdiction of the court as to the amount involved or the value of the property. If the affidavit fixes the value of the property at \$200.00 or less and the proceeding is returnable before a justice of the peace otherwise having jurisdiction, the said justice of the peace shall finally dispose of the issue in the case joined under his direction. But if the

affidavit fixes the value of the property at more than \$200.00 the justice of the peace before whom the case is returnable shall forthwith transfer said cause to the circuit court of the county having jurisdiction to try the case, where the issues shall, under the direction of the circuit court, be joined between the State of Mississippi and the said claimant, and the case there tried as other cases. But if the affidavit of the officer in the first instance shows that the value of the property does not exceed \$200.00 and no claim is interposed by the parties in interest, on or before the return day of the summons and writ of seizure, the justice of the peace on the return day shall hear and dispose of the property, and may order all liquors, stills or integral parts thereof and all other unlawful articles to be destroyed, and may condemn all vehicles of transportation to be sold and the proceeds, after deducting the costs, paid into the county treasury to the credit of the general county fund. In the event the property is claimed by parties interested and issues joined in any court having jurisdiction of the case, such court trying the case shall have the rights of the state and the claimant determined in a trial according to the rules of procedure in such court, and if it be determined that any property involved in such trial was kept, possessed, manufactured, or used in violation of any provision of Chapter 31 of Title 97, Mississippi Code of 1972 or this chapter it shall be ordered destroyed and rendered useless for unlawful use, but all vehicles, boats and other means of transportation used in transporting articles in violation of said chapters shall be condemned to be sold and the proceeds from such sale, after paying the costs of the courts, shall be placed in the county treasury to the credit of the general county fund. But in all such trials and proceedings as provided for in this section the claimant may, before he shall file his claim, be required to execute a solvent bond in sufficient amount to cover all costs that may likely accrue, conditioned that he will pay all costs in the case that may be adjudged against him, and in the event the claimant fails to establish his claim, or any part of it to said articles, he may be taxed with all, or any part of the costs of the case, and judgment shall go against his sureties for all costs adjudged against him. Codes, 1906, §§ 1750, 1751; Hemingway's 1917, §§ 2089, 2090; 1930, § 1980; 1942, § 2619. If any person claims the intoxicating liquors seized on any of the appliances either for handling, making, possessing, or transporting which have been seized, he may put in his claim therefor under oath stating in detail why said property, or any of it so seized, should not be destroyed, or sold for the benefit of the county, and said affidavit shall state the market value of the property so claimed by him, which amount as so fixed shall determine the jurisdiction of the court as to the amount involved or the value of the property. If the affidavit fixes the value of the property at \$200.00 or less and the proceeding is returnable before a justice of the peace otherwise having jurisdiction, the said justice of the peace shall finally dispose of the issue in the case joined under his direction. But if the affidavit fixes the value of the property at more than \$200.00 the justice of the peace before whom the case is returnable shall forthwith transfer said cause to the circuit court of the county having jurisdiction to try the case, where the issues shall, under the direction of the circuit court, be joined between the State of Mississippi and the said claimant, and the case there tried as other cases. But if the affidavit of the officer in the first instance shows that the value of the property does not exceed \$200.00 and no claim is interposed by the parties in interest, on or before the return day of the summons and writ of seizure, the justice of the peace on the return day shall hear and dispose of the property, and may order all liquors, stills or integral parts thereof and all other unlawful articles to be destroyed, and may condemn all vehicles of transportation to be sold and the proceeds, after deducting the costs, paid into the county treasury to the credit of the general county fund. In the event the property is claimed by parties interested and issues joined in any court having jurisdiction of the case, such court trying the case shall have the rights of the state and the claimant determined in a trial according to the rules of procedure in such court, and if it be determined that

any property involved in such trial was kept, possessed, manufactured, or used in violation of any provision of Chapter 31 of Title 97, Mississippi Code of 1972 or this chapter it shall be ordered destroyed and rendered useless for unlawful use, but all vehicles, boats and other means of transportation used in transporting articles in violation of said chapters shall be condemned to be sold and the proceeds from such sale, after paying the costs of the courts, shall be placed in the county treasury to the credit of the general county fund. (1) The original motion, together with all the files, records, transcripts and correspondence relating to the judgment under attack, shall be examined promptly by the judge to whom it is assigned.(2) If it plainly appears from the face of the motion, any annexed exhibits and the prior proceedings in the case that the movant is not entitled to any relief, the judge may make an order for its dismissal and cause the petitioner to be notified.(3) If the motion is not dismissed under subsection (2) of this section, the judge shall order the state to file an answer or other pleading within the period of time fixed by the court or to take such other action as the judge deems appropriate and, in cases in which the petitioner's claim rests on the results of DNA testing of biological evidence, order the testing of the biological evidence.(4) To facilitate DNA testing of biological evidence, if granted under subsection (3) and if the interests of justice require, the judge may order:(a) The state to locate and provide the petitioner with any document, note, log or report relating to items of physical evidence collected in connection with the case, or to otherwise assist the petitioner in locating items of biological evidence that the state contends have been lost or destroyed;(b) The state to take reasonable measures to locate biological evidence that may be in its custody and to prepare an itemized inventory of such evidence;(c) The state to assist the petitioner in locating evidence that may be in the custody of a public or private hospital, public or private laboratory or other facility;(d) Both parties to reveal whether any DNA or other biological evidence testing was previously conducted without knowledge of the other party; and (e) Both parties to produce laboratory reports prepared in connection with DNA testing, as well as the underlying data and the laboratory notes, if evidence had previously been subjected to DNA testing.(5) If the court orders DNA testing of biological evidence under subsection (3) and evidence for such testing is located in accordance with subsection (4), such testing shall be conducted by a facility mutually agreed upon by the petitioner and the state and approved by the court, or, if the parties cannot agree, the court shall designate the testing facility and provide parties with a reasonable opportunity to be heard on the choice of laboratory issue. The court shall impose reasonable conditions on the testing to protect the parties' interests in the integrity of the evidence and the testing process.(6) If a state or county forensics laboratory performs DNA testing of biological evidence under this article, the state shall bear the costs of such testing upon a finding of the petitioner's indigence.(7) If testing is performed at a private laboratory, the court may require either the petitioner or the state to pay for the testing, as the interests of justice require.(8) If the state or county forensics laboratory does not have the ability or resources to conduct the type of DNA testing to be performed, the state shall bear the costs of testing at a private laboratory that has such capabilities.(9) The court, in its discretion, may make such other orders as may be appropriate in connection with a granting of testing under subsection (3). These include, but are not limited to, designating:(a) The type of DNA analysis to be used;(b) The testing procedures to be followed;(c) The preservation of some portion of the sample for testing replication;(d) Additional DNA testing, if the results of the initial testing are inconclusive or otherwise merit additional scientific analysis;(e) The collection and DNA testing of elimination samples from third parties; or (f) Any combination of these.(10) The court may order additional testing, paid for in accordance with subsections (6) through (8), upon a showing by the petitioner that the comparison of a DNA profile derived from the biological evidence at the scene of the crime for which he was convicted could, when compared to the DNA profiles in the SDIS or CODIS database systems, provide

evidence that raises a reasonable probability that the trier of fact would have come to a different outcome by virtue of that comparison demonstrating the possible guilt of a third party or parties.(11)This section shall not be applicable where an application for leave to proceed is granted by the Supreme Court under Section99-39-27.(12)Proceedings under this section shall be subject to the provisions of Section99-19-42.Laws, 1984, ch. 378, § 6; Laws, 1995, ch. 566, § 4; Laws, 2009, ch. 339, § 5, eff. 3/16/2009.Amended by Laws, 2015, ch. 452, SB 2159, 19, eff. 7/1/2015. (3) The parties shall be entitled to subpoena witnesses and compel their attendance, including, but not being limited to, subpoenas duces tecum. (4) The court may receive proof by affidavits, depositions, oral testimony or other evidence and may order the petitioner brought before it for the hearing. Likewise excepted are those cases in which the petitioner claims that his sentence has expired or his probation, parole or conditional release has been unlawfully revoked. Likewise excepted are those cases in which the petitioner has filed a prior petition and has requested DNA testing under this article, provided the petitioner asserts new or different grounds for relief related to DNA testing not previously presented or the availability of more advanced DNA technology. (7) No relief shall be granted under this article unless the petitioner proves by a preponderance of the evidence that he is entitled to the relief. (8) Proceedings under this section shall be subject to the provisions of Section 99-19-42. (9) In cases resulting in a sentence of death and upon a determination of indigence, appointment of post-conviction counsel shall be made by the Office of Capital Post-Conviction Counsel upon order entered by the Supreme Court promptly upon announcement of the decision on direct appeal affirming the sentence of death. The order shall direct the trial court to immediately determine indigence and whether the inmate will accept counsel. (1) The purpose of this article is to revise, streamline and clarify the rules and statutes pertaining to post-conviction collateral relief law and procedures, to resolve any conflicts therein and to provide the courts of this state with an exclusive and uniform procedure for the collateral review of convictions and sentences. Specifically, this article repeals the statutory writ of error coram nobis, supersedes Rule 8.07 of the Mississippi Uniform Criminal Rules of Circuit Court Practice and abolishes the common law writs relating to post-conviction collateral relief, including by way of illustration but not limitation, error coram nobis, error coram vobis, and post-conviction habeas corpus, as well as statutory post-conviction habeas corpus. The relief formerly accorded by such writs may be obtained by an appropriate motion under this article. The enactment of this article does not affect any pre-conviction remedies. (2) Direct appeal shall be the principal means of reviewing all criminal convictions and sentences, and the purpose of this article is to provide prisoners with a procedure, limited in nature, to review those objections, defenses, claims, questions, issues or errors which in practical reality could not be or should not have been raised at trial or on direct appeal. Laws, 1984, ch. 378, § 2, eff. 4/17/1984. (g) That his plea was made involuntarily; (h) That his sentence has expired; his probation, parole or conditional release unlawfully revoked; or he is otherwise unlawfully held in custody; (i) That he is entitled to an out-of-time appeal; or (j) That the conviction or sentence is otherwise subject to collateral attack upon any grounds of alleged error heretofore available under any common law, statutory or other writ, motion, petition, proceeding or remedy. (2) A motion for relief under this article shall be made within three (3) years after the time in which the petitioner's direct appeal is ruled upon by the Supreme Court of Mississippi or, in case no appeal is taken, within three (3) years after the time for taking an appeal from the judgment of conviction or sentence has expired, or in case of a guilty plea, within three (3) years after entry of the judgment of conviction. Excepted from this three-year statute of limitations are those cases in which the petitioner can demonstrate either: (a) (i) That there has been an intervening decision of the Supreme Court of either the State of Mississippi or the United States which would have actually adversely affected the outcome of his conviction or sentence or that he has evidence, not reasonably discoverable at the time of trial, which is of such nature that it would be practically conclusive that had such been introduced at trial it would have caused a different result in the conviction or sentence; or (ii) That, even if the petitioner pled guilty or nolo contendere, or confessed or admitted to a crime, there exists biological evidence not tested, or, if previously tested, that can be subjected to additional DNA testing that would provide a reasonable likelihood of more probative results, and that testing would demonstrate by reasonable probability that the petitioner would not have been convicted or would have received a lesser sentence if favorable results had been obtained through such forensic DNA testing at the time of the original prosecution. (b) Likewise excepted are those cases in which the petitioner claims that his sentence has expired or his probation, parole or conditional release has been unlawfully revoked. Likewise excepted are filings for post-conviction relief in capital cases which shall be made within one (1) year after conviction. (3) This motion is not a substitute for, nor does it affect, any remedy incident to the proceeding in the trial court, or direct review of the conviction or sentence. (4) Proceedings under this article shall be subject to the provisions of Section 99-19-42. (5) For the purposes of this article: (a) "Biological evidence" means the contents of a sexual assault examination kit and any item that contains blood, semen, hair, saliva, skin tissue, fingernail scrapings, bone, bodily fluids or other identifiable biological material that was collected as part of the criminal investigation or may reasonably be used to incriminate or exculpate any person for the offense. This definition applies whether that material is catalogued separately, such as on a slide, swab or in a test tube, or is present on other evidence, including, but not limited to, clothing, ligatures, bedding or other household material, drinking cups, cigarettes or other items; (b) "DNA" means deoxyribonucleic acid. (b) The date of the entry of the judgment of conviction and sentence of which complaint is made. (c) A concise statement of the claims or grounds upon which the motion is based. (d) A separate statement of the specific facts which are within the personal knowledge of the petitioner and which shall be sworn to by the petitioner, including, when application is made pursuant to Section 99-39-5, a statement that there exists a reasonable probability that the petitioner would not have been convicted or would have received a lesser sentence if favorable results had been obtained through DNA testing at the time of the original prosecution; that the evidence to be tested was secured in relation to the offense underlying the challenged conviction and (i) was not previously subjected to DNA testing, or (ii) although previously subjected to DNA testing, can be subjected to additional DNA testing that provides a reasonable likelihood of more probative results; and that the chain of custody of the evidence to be tested established that the evidence has not been tampered with, replaced or altered in any material respect or, if the chain of custody does not establish the integrity of the evidence, that the testing itself has the potential to establish the integrity of the evidence. motions.(3)The motion shall be verified by the oath of the petitioner.(4)If the motion received by the clerk does not substantially comply with the requirements of this section, it shall be returned to the petitioner if a judge of the court so directs, together with a statement of the reason for its return. The clerk shall retain a copy of the motion so returned.(5)The petitioner shall deliver or serve a copy of the motion, together with a notice of its filing, on the state. (1)Legislative intent.The Legislature finds that:(a)The value of properly preserved biological evidence has been enhanced by the discovery of modern DNA testing methods, which, coupled with a comprehensive system of DNA databases that store crime scene and offender profiles, allow law enforcement to improve its crime-solving potential;(b)Tapping the potential of preserved biological evidence requires the proper identification, collection, preservation, storage, cataloguing and organization of such evidence;(c)Law enforcement agencies indicate that "cold" case investigations are hindered by an inability to access biological evidence that was collected in connection with criminal investigations;(d)Innocent people mistakenly convicted of the serious crimes for which biological evidence is probative cannot prove their innocence if such evidence is not accessible for testing in appropriate circumstances;(e)It is well established that the failure to update policies regarding the preservation of evidence squanders valuable law enforcement resources, manpower hours and storage space; and(f)Simple but crucial enhancements to protocols for properly preserving biological evidence can solve old crimes, enhance public safety and settle claims of innocence.(2)Definitions.For the purposes of this section:(a)"Biological evidence" means the contents of a sexual assault examination kit or any item that contains blood, semen, hair, saliva, skin tissue, fingernail scrapings, bone, bodily fluids or other identifiable biological material that was collected as part of the criminal investigation or may reasonably be used to incriminate or exculpate any person for the offense. This definition applies whether that material is catalogued separately, such as on a slide, swab or in a test tube, or is present on other evidence, including, but not limited to, clothing, ligatures, bedding or other household material, drinking cups, cigarettes or other items.(b)"DNA" means deoxyribonucleic acid.(c)"Custody" means persons currently incarcerated; civilly committed; on parole or probation; or subject to sex offender registration for the period of the registration or for the first five (5) years of the registration, whichever is the shorter period.(d)"Profile" means an autosomal,

Y chromosome, or mitochondrial DNA profile generated from an individual.(e)"State" refers to any governmental or public entity within Mississippi, including all private entities that perform such functions, and its officials or employees, including, but not limited to, law enforcement agencies, prosecutors' offices, courts, public hospitals, forensics laboratories, and any other entity or individual charged with the collection, storage or retrieval of biological evidence.(3)Preservation of evidence procedures.(a)The state shall preserve all biological evidence:(i)That is secured in relation to an investigation or prosecution of a crime for the period of time that the crime remains unsolved or as otherwise provided by law for that crime; or(ii)That is secured in relation to an investigation or prosecution of a crime for the period of time that the person convicted of that crime remains in custody or as otherwise provided by law for that crime.(b)This section applies to evidence that:(i)Was in the possession of the state during the investigation and prosecution of the case; and(ii)At the time of conviction was likely to contain biological material.(c)The state shall not destroy biological evidence should one or more additional co-defendants, convicted of the same crime, remain in custody, and shall preserve the evidence for the period of time in which all co-defendants remain in custody or as otherwise provided by law for that crime.(d)The state shall retain evidence in the amount and manner sufficient to develop a DNA profile from the biological material contained in or included on the evidence.(e)Upon written request by the defendant, the state shall prepare an inventory of biological evidence that has been preserved in connection with the defendant's criminal case.(f)The state may destroy evidence that includes biological material before the expiration of the time period specified in paragraph (a) of this subsection if all of the following apply:(i)No other provision of federal or state law requires the state to preserve the evidence.(ii)The state sends certified delivery of notice of intent to destroy the evidence to:1.All persons who remain in custody as a result of the criminal conviction, delinquency adjudication, or commitment related to evidence in question;2.The attorney of record for each person in custody;3.The Mississippi Office of Indigent Appeals;4.The district attorney in the county of conviction; and5.The Mississippi Attorney General.(iii)No person who is notified under subparagraph (ii) of this paragraph (f) does either of the following within sixty (60) days after the date on which the person received the notice:1.Files a motion for testing of evidence under Chapter 39, Title 99, Mississippi Code of 1972; or2.Submits a written request for retention of evidence to the state entity which provided notice of its intent to destroy evidence under subparagraph (ii) of this paragraph (f).(g)If, after providing notice under paragraph (f)(ii) of this subsection of its intent to destroy evidence, the state receives a written request for retention of the evidence, the state shall retain the evidence while the person remains in custody.(h)The state shall not be required to preserve physical evidence that is of such a size, bulk or physical character as to render retention impracticable. When such retention is impracticable, the state shall remove and preserve portions of the material evidence likely to contain biological evidence related to the offense, in a quantity sufficient to permit future DNA testing, before returning or disposing of the physical evidence.(i)Should the state be called upon to produce biological evidence that could not be located and whose preservation was required under the provisions of this statute, the chief evidence custodian assigned to the entity charged with the preservation of the evidence shall provide an affidavit in which the custodian stipulates, under penalty of perjury, an accurate description of the efforts taken to locate that evidence and that the evidence could not be located.(4)This section does not require the state to preserve the biological evidence that is obtained in performing the test required by Section99-3-41and is required to be destroyed under that section.(5)Any evidence in a murder, manslaughter or felony sexual assault case in the possession of the state on July 1, 2009, whether biological or not, shall be preserved by the state consistent with the legislative intent expressed in subsection (1) and subject to compliance with subsection (3)(f).(6)Remedies for noncompliance.If the court finds that biological evidence was destroyed in violation of the provisions of this section, it may impose appropriate sanctions and order appropriate remedies.Laws, 2009, ch. 339, § 1, eff. 3/16/2009.Amended by Laws, 2023, ch. 478, HB 485,§ 5, eff. 12/1/2023.Amended by Laws, 2016, ch. 371, HB 1380, 2, eff. 4/6/2016.Amended by Laws, 2015, ch. 452, SB 2159, 20, eff. 7/1/2015.Amended by Laws, 2015, ch. 307, HB 257, 2, eff. 7/1/2015. Mississippi Code 1972 (2024) Title 99 - CRIMINAL PROCEDURE (§§ 99-1-1 — 99-51-3) Chapter 5 - BAIL (§§ 99-5-1 — 99-5-39) Section 99-5-11 - All conservators of the peace may take recognizance or bond; setting bail; waiver of appearance authorized; designation of officer to take bond authorized; certificate of default; alias warrant; when protection order registry must be checked; when bond not required

(1) All justice court judges and all other conservators of the peace are authorized, whenever a person is brought before them charged with any offense not capital for which bail is allowed by law, to take the recognizance or bond of the person, with sufficient sureties, in such penalty as the justice court judge or conservator of the peace may require, for his appearance before the justice court judge or conservator of the peace for an examination of his case at some future day. (2)(a) Financial conditions of bail shall not be set for the sole purpose of detaining the defendant. When bail is set, it is presumed that the amount of bail is both necessary to reasonably assure the safety of a victim, witness or general public and to guarantee the appearance of a defendant as required by the court. The amount of bail is also presumed to be attainable by the defendant. The presumption that bail is attainable by the defendant may be rebutted by the defendant who may file a motion to reduce or set aside the bail requirement with the court due to lack of financial means, which shall also consider the availability of a third-party support system to obtain the defendant's release. The court shall rule on any such motion within forty-eight (48) hours of the filing. (b) In cases in which the defendant or his counsel asserts that the defendant is indigent and cannot afford the amount of bail, the justice court judge or conservator of the peace shall make a determination of whether the defendant can be released on recognizance, based on the standards enumerated in the Mississippi Rules of Criminal Procedure and any other factors considered relevant by the municipal judge. No misdemeanor defendant shall be incarcerated solely because the defendant cannot afford to post bail; nor shall a misdemeanor defendant be released solely because the defendant cannot afford bail. It is the duty of the justice court judge or conservator of the peace to ensure that release of the defendant does not jeopardize the community. (c) The accused may waive an appearance before the judge and execute an appearance bond in an amount determined by the court from the bond guidelines set out in the Mississippi Rules of Criminal Procedure and agree to appear at a specified time and place. (d) If the justice court judge or conservator of the peace is unavailable and has not otherwise provided for the setting of bail, it is lawful for any officer or officers designated by order of the justice court judge or conservator of the peace to take bond, cash, property or recognizance, with or without sureties, in the amount of the minimum bail specified in the bond guidelines set out in the Mississippi Rules of Criminal Procedure, payable to the county and conditioned for the appearance of the person on the return day and time of the writ before the court to which the warrant is returnable, or in cases of arrest without a warrant, on the day and time set by the court or officer for arraignment, and there remain from day to day and term to term until discharged. (3) And if the person thus recognized or thus giving bond fails to appear at the appointed time, it shall be the duty of the justice court judge or conservator of the peace to return the recognizance or bond, with his certificate of default, to the court having jurisdiction of the case, and a recovery may be had therein by scire facias, as in other cases of forfeiture. The justice court judge or other conservator of the peace shall also issue an alias warrant for the defaulter. (4) In circumstances involving an offense against any of the following: (a) a current or former spouse of the accused or child of that person; (b) a person living as a spouse or who formerly lived as a spouse with the accused or a child of that person; (c) a parent, grandparent, child, grandchild or someone similarly situated to the accused; (d) a person who has a current or former dating relationship with the accused; or (e) a person with whom the accused has had a biological or legally adopted child, the justice court judge or other conservator of the peace shall check, or cause to be made a check, of the status of the person for whom recognizance or bond is taken before ordering bail in the Mississippi Protection Order Registry authorized under Section 93-21-25, and the existence of a domestic abuse protection order against the accused shall be considered when determining appropriate bail. (5) After the court considers the provisions of subsection (2) of this section, a misdemeanor may be released on his or her own recognizance unless: (a) The misdemeanor: (i) Is on probation or parole; (ii) Has other unresolved charges pending; or (iii) Has a history of nonappearance; or (b) The court finds that: (i) The release of

the misdemeanor would constitute a special danger to any other person or to the community; or(ii)Release of the misdemeanor on his or her own recognizance is highly unlikely to assure the appearance of the misdemeanor as required.Codes, 1871, § 2874; 1880, § 3044; 1892, § 1397; 1906, § 1469; Hemingway's 1917, § 1227; 1930, § 1249; 1942, § 2492; Laws, 2012, ch. 514, § 11, eff. 7/1/2012.Amended by Laws, 2023, ch. 376, SB 2298,§ 2, eff. 7/1/2023.Amended by Laws, 2019, ch. 466, HB 1352,§ 37, eff. 7/1/2019. If a judge of a court of record in any state which by its laws has made provision for commanding persons within that state to attend and testify in this state, certifies under the seal of such court that there is a criminal prosecution pending in such court, or that a grand jury investigation has commenced or is about to commence, that a person being within this state is a material witness in such prosecution, or grand jury investigation, and that his presence will be required for a specified number of days, upon presentation of such certificate to any judge of a court of record in the county in which such person is, such judge shall fix a time and place for a hearing, and shall make an order directing the witness to appear at a time and place certain for the hearing. If at a hearing, the judge determines that the witness is material and necessary, that it will not cause undue hardship to the witness to be compelled to attend and testify in the prosecution or a grand jury investigation in the other state, and that the laws of the state in which the prosecution is pending, or grand jury investigation has commenced or is about to commence, will give to him protection from arrest and the service of civil and criminal process, he shall issue a summons, with a copy of the certificate attached, directing the witness to attend and testify in the court where the prosecution is pending, or where the grand jury investigation has commenced or is about to commence at a time and place specified in the summons. In any such hearing the certificate shall be prima facie evidence of all the facts stated therein. If said certificate recommends that the witness be taken into immediate custody and delivered to an officer of the requesting state to assure his attendance in the requesting state, such judge may, in lieu of notification of the hearing, direct that such witness be forthwith brought before him for said hearing, and the judge at the hearing being satisfied of the desirability of such custody and delivery, for which determination the certificate shall be prima facie proof of such desirability may, in lieu of issuing subpoena or

summons, order that said witness be forthwith taken into custody and delivered to an officer of the requesting state. If the summoned witness, after being paid or tendered by some properly authorized person, the sum of ten (\$.10) cents a mile for each mile and five (\$5.00) dollars for each day that he is required to travel and attend as a witness, fails without good cause to attend and testify as directed in the summons, he shall be punished in the manner provided for the punishment of any witness who disobeys a summons issued from a court of record in this state. Codes, 1942, § 1894; Laws, 1938, ch. 261.
