Title XX ALCOHOLIC BEVERAGES Chapter 311 311.710. Additional complaints — by whom made — procedure. —1. In addition to the penalties and proceedings for suspension or revocation of licenses provided for in this chapter, and without limiting them, proceedings for the suspension or revocation of any license authorizing the sale of intoxicating liquor at retail may be brought in the circuit court of any county in this state, or in the City of St. Louis, in which the licensed premises are located and such proceedings may be brought by the sheriff or any peace officer of that county or by any eight or more persons who are taxpaying citizens of the county or city for any of the following offenses: (1) Selling, giving or otherwise supplying intoxicating liquor to a habitual drunkard or to any person who is under or apparently under the influence of intoxicating liquor; (2) Knowingly permitting any prostitute, degenerate, or dissolute person to frequent the licensed premises; (3) Permitting on the licensed premises any disorderly conduct, breach of the peace, or any lewd, immoral or improper entertainment, conduct or practices; (4) Selling, offering for sale, possessing or knowingly permitting the consumption on the licensed premises of any kind of intoxicating liquors, the sale, possession or consumption of which is not authorized under his or her license; (5) Selling, giving, or otherwise supplying intoxicating liquor to any person under the age of twenty-one years; (6) Selling, giving or otherwise supplying intoxicating liquors between the hours of 1:30 a.m. and 6:00 a.m. any day of the week. 2. Provided, that said taxpaying citizen shall submit in writing, under oath, by registered United States mail to the supervisor of alcohol and tobacco control a joint complaint, stating the name of the licensee, the name under which the licensee's business is conducted and the address of the licensed premises, setting out in general the character and nature of the offense or offenses charged, together with the names and addresses of the witnesses by whom proof thereof is expected to be made; and provided, that after a period of thirty days after the mailing of such complaint to the supervisor of alcohol and tobacco control the person therein complained of shall not have been cited by the supervisor to appear and show cause why his or her license should not be suspended or revoked then they shall file with the circuit clerk of the county or city in which the premises are located a copy of the complaint on file with the supervisor of alcohol and tobacco control. 3. If, pursuant to the receipt of such complaint by the supervisor of alcohol and tobacco control, the licensee appears and shows cause why his or her license should not be suspended or revoked at a hearing held for that purpose by the supervisor and either the complainants or the licensee consider themselves aggrieved with the order of the supervisor then, after a request in writing by either the complainants or the licensee, the supervisor shall certify to the circuit clerk of the county or city in which the licensed premises are located a copy of the original complaint filed with him or her, together with a copy of the transcript of the evidence adduced at the hearing held by him or her. Such certification by the supervisor shall not act as a supersedeas of any order made by him or her. 4. Upon receipt of such complaint, whether from the complainant directly or from the supervisor of alcohol and tobacco control, the court shall set a date for an early hearing thereon and it shall be the duty of the circuit clerk to cause to be delivered by registered United States mail to the prosecuting attorney of the county or to the circuit attorney of the City of St. Louis and to the licensee copies of the complaint and he or she shall, at the same time, give notice of the time and place of the hearing. Such notice shall be delivered to the prosecuting attorney or to the circuit attorney and to the licensee at least fifteen days prior to the date of the hearing. 5. The complaint shall be heard by the court without a jury and if there has been a prior hearing thereon by the supervisor of alcohol and tobacco control then the case shall be heard de novo and both the complainants and the licensee may produce new and additional evidence material to the issues. 6. If the court shall find upon the hearing that the offense or offenses charged in the complaint have been established by the evidence, the court shall order the suspension or revocation of the license but, in so doing, shall take into consideration whatever order, if any, may have been made in the premises by the supervisor of alcohol and tobacco control. If the court finds that to revoke the license would be unduly severe, then the court may suspend the license for such period of time as the court deems proper. 7. The judgment of the court in no event shall be superseded or stayed during pendency of any appeal therefrom. 8. It shall be the duty of the prosecuting attorney or circuit attorney to prosecute diligently and without delay any such complaints coming to him or her by virtue of this section. 9. The jurisdiction herein conferred upon the circuit courts to hear and determine complaints for the suspension or revocation of licenses in the manner provided in this section shall not be exclusive and any authority conferred upon the supervisor of alcohol and tobacco control to revoke or suspend licenses shall remain in full force and effect, and the suspension or revocation of a license as provided in this section shall be in addition to and not in lieu of any other revocation or suspension provided by this chapter. 10. Title XX ALCOHOLIC BEVERAGES Chapter 311 311.840. Action to forfeit seized liquor as contraband — notice — intervention — judgment — appeal — sale of forfeited liquor — liability of officers — prosecutor's duties. —1. Whenever any intoxicating liquor or other property having a value of more than fifty dollars is seized as contraband under any section of the liquor control law, the officer seizing such property, or the supervisor of liquor control, if the seizure is made by one of his agents, shall commence an action in the circuit court of the county in which such property is seized by filing a petition in the office of the clerk of said court in the name of the state of Missouri as plaintiff against the person from whom the property was seized as defendant, and there shall be a rebuttable presumption that said property is the property of the defendant from whom it was seized. Said petition shall describe the property seized and the circumstances of the seizure and shall pray the court to make an order, declaring said liquor or other property to be contraband and directing said seizing officer or the supervisor of liquor control, if the seizure was made by the supervisor or one of his agents, to sell said property at public or private sale, subject to the approval of the said circuit court. A summons shall be issued and process served on the defendant as in other civil suits. The defendant shall file his answer within thirty days after service of process upon him, whether such service is personal service, service by mail, or service by publication. After defendant's time for filing answer has expired, the court shall fix a day for hearing and said action shall be heard by the court without a jury and shall be conducted, except as otherwise in this chapter provided, as other cases under the code of civil procedure of the state of Missouri. 2. However, in addition to any other process provided by the civil code, the clerk of the circuit court shall cause to be published one time in some newspaper having a general circulation in the county where the action is pending, or if there be no newspaper of general circulation in the county, then in some newspaper of an adjoining county, a notice to all persons whom it may concern that said petition has been filed in said court, briefly describing the property seized, the time and circumstances of the seizure, the person from whom seized, and stating that any person claiming any interest in the property may, upon his own request, be made a party to the action and assert any claim he may have thereto within thirty days after the publication of said notice. 3. Any person claiming any interest in said property may intervene in said action within thirty days after the publication of said notice, setting forth any claim he may have to said property. 4. The court shall render such judgment as to it shall seem meet and just, and if it shall appear that any person who has made claim to said property is the owner thereof and was ignorant of the illegal use thereof and such illegal use was without his connivance or consent, express or implied, or if the court shall find that said property was not being illegally used at the time of seizure, the court shall relieve said property from forfeiture and restore it to the rightful owner, or if it shall appear that the claimant is the holder of a bona fide lien against the property, and that he was ignorant of the illegal use thereof and that such use was without his connivance or consent, express or implied, the court shall, first, if the lien so established is equal to or more than the value of the property, order said property to be delivered to the lienor. Or, if the property is valued at more than the established lien and all costs of proceedings and sale, an order shall be made for the sale of said property by the seizing officer or by the supervisor of liquor control, if the seizure was made by him or one of his agents, at public or private sale, subject to the approval of the court, and out of the proceeds of such sale shall be paid: Storage, if any, the lien, the cost of the proceedings, and the residue, if any, shall be paid into the general revenue fund of the state of Missouri. If it shall be determined that no person, other than the defendant, has any interest in said property or that the person or persons having any interest in said property knew of or connived or gave consent, express or implied, to the illegal use thereof, and if it shall be found by the court that said property was, at the time it was seized, being illegally used and was contraband, as declared by any section of the liquor control law of the state of Missouri, the said property shall be declared to be forfeited to the state of Missouri, and the court shall order the officer who seized said property or the supervisor of liquor control, if the property was seized by one of his agents, to sell said property at public or private sale, subject to the approval of the court, and out of the proceeds of said sale shall be paid: The cost of storage, if any, cost of the proceedings of the case and the balance thereof shall be paid into the general revenue fund of the state of Missouri. 5. Appeals shall be allowed from the judgment of the circuit court as in other civil actions. 6. Whenever any liquor is sold under the provisions of this section, the officer selling it shall procure the proper excise stamps from the director of revenue and attach them to the container thereof, unless such liquor is already properly stamped, and he shall be reimbursed for the cost of said stamps out of the proceeds of the sale. 7. Under no circumstances shall the officer commencing said action on behalf of the state be liable for any costs or storage. 8. The supervisor of liquor control and his agents and any other officer authorized to make seizures of contraband under the liquor control law are each hereby authorized and empowered to call upon the prosecuting attorneys of the respective

counties and the circuit attorney of the city of St. Louis and the attorney general of the state of Missouri to represent them in any proceeding hereunder, and thereafter it shall be the duty of such prosecuting or circuit attorney or the attorney general to proceed on behalf of the officer making such call according to the provisions of this chapter. ---------- (L. 1949 p. 320 § 4917, A.L. 1978 H.B. 1634) Effective 1-02-79

If the vehicle is any motor vehicle other than a motor vehicle primarily for business use, a recreational motor vehicle, motorcycle, motortricycle, autocycle, bus, or any commercial motor vehicle licensed for over twelve thousand pounds and if such motor vehicle is ten years of age or less and has less than one hundred fifty thousand miles on the odometer, the director of revenue shall retain the odometer information provided in the vehicle inspection report, and provide for prompt access to such information, together with the vehicle identification number for the motor vehicle to which such information pertains, for a period of ten years after the receipt of such information. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection. 8. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.025. Personal property taxes and federal heavy vehicle use tax, paid when — tax receipt forms — failure to pay personal property tax, effect of, notification requirements, reinstatement fee, appeals — rulemaking, procedure. —1. No state registration license to operate any motor vehicle in this state shall be issued unless the application for license of a motor vehicle or trailer is accompanied by a tax receipt for the tax year which immediately precedes the year in which the vehicle's or trailer's registration is due and which reflects that all taxes, including delinquent taxes from prior years, have been paid, or a statement certified by the county collector or collector-treasurer of the county in which the applicant's property was assessed showing that the state and county tangible personal property taxes for such previous tax year and all delinquent taxes due have been paid by the applicant, or a statement certified by the county or township collector for such previous year that no such taxes were assessed or due and, the applicant has no unpaid taxes on the collector's tax roll for any subsequent year or, if the applicant is not a resident of this state and serving in the Armed Forces of the United States, the application is accompanied by a leave and earnings statement from such person verifying such status or, if the applicant is an organization described pursuant to subdivision (5) of section 137.100 or subsection 1 of section 137.101, the application is accompanied by a document, in a form approved by the director, verifying that the organization is registered with the department of revenue or is determined by the Internal Revenue Service to be a tax-exempt entity. If the director of the department of revenue has been notified by the assessor pursuant to subsection 2 of section 137.101, that the applicant's personal property is not tax exempt, then the organization's application shall be accompanied by a statement certified by the county collector or collector-treasurer of the county in which the organization's property was assessed showing that the state and county tangible personal property taxes for such previous tax year and all delinquent taxes due have been paid by the organization. In the event the registration is a renewal of a registration made two or three years previously, the application shall be accompanied by proof that taxes were not due or have been paid for the two or three years which immediately precede the year in which the motor vehicle's or trailer's registration is due. The county collector or collector-treasurer shall not be required to issue a receipt or certified statement that taxes were not assessed or due for the immediately preceding tax year until all personal property taxes, including all current and delinquent taxes, are paid. If the applicant was a resident of another county of this state in the applicable preceding years, he or she must submit to the collector

or collector-treasurer in the county of residence proof that the personal property tax was paid in the applicable tax years. Every county collector and collector-treasurer shall give each person a tax receipt or a certified statement of tangible personal property taxes paid. The receipt issued by the county collector in any county of the first classification with a charter form of government which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county, any county of the first classification without a charter form of government with a population of at least one hundred fifty thousand inhabitants which contains part of a city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county and any county of the first classification without a charter form of government with a population of at least one hundred ten thousand but less than one hundred fifty thousand inhabitants shall be determined null and void if the person paying tangible personal property taxes issues or passes a check or other similar sight order which is returned to the collector because the account upon which the check or order was drawn was closed or did not have sufficient funds at the time of presentation for payment by the collector to meet the face amount of the check or order. The collector may assess and collect in addition to any other penalty or interest that may be owed, a penalty of ten dollars or five percent of the total amount of the returned check or order whichever amount is greater to be deposited in the county general revenue fund, but in no event shall such penalty imposed exceed one hundred dollars. The collector may refuse to accept any check or other similar sight order in payment of any tax currently owed plus penalty or interest from a person who previously attempted to pay such amount with a check or order that was returned to the collector unless the remittance is in the form of a cashier's check, certified check or money order. If a person does not comply with the provisions of this section, a tax receipt issued pursuant to this section is null and void and no state registration license shall be issued or renewed. Where no such taxes are due each such collector shall, upon request, certify such fact and transmit such statement to the person making the request. Each receipt or statement shall describe by type the total number of motor vehicles on which personal property taxes were paid, and no renewal of any state registration license shall be issued to any person for a number greater than that shown on his or her tax receipt or statement except for a vehicle which was purchased without another vehicle being traded therefor, or for a vehicle previously registered in another state, provided the application for title or other evidence shows that the date the vehicle was purchased or was first registered in this state was such that no personal property tax was owed on such vehicle as of the date of the last tax receipt or certified statement prior to the renewal. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. If electronic data is not available, residents of counties with a township form of government and with collector-treasurers shall present personal property tax receipts which have been paid for the preceding two years when registering under this section. 2. Every county collector in counties with a population of over six hundred thousand and less than nine hundred thousand shall give priority to issuing tax receipts or certified statements pursuant to this section for any person whose motor vehicle registration expires in January. Such collector shall send tax receipts or certified statements for personal property taxes for the previous year within three days to any person who pays the person's personal property tax in person, and within twenty working days, if the payment is made by mail. Any person wishing to have priority pursuant to this subsection shall notify the collector at the time of payment of the property taxes that a motor vehicle registration expires in January. Any person purchasing a new vehicle in December and licensing such vehicle in January of the following year may use the personal property tax receipt of the prior year as proof of payment. 3. In addition to all other requirements, the director of revenue shall not register any vehicle subject to the heavy vehicle use tax imposed by Section 4481 of the Internal Revenue Code of 1954 unless the applicant presents proof of payment, or that such tax is not owing, in such form as may be prescribed by the United States Secretary of the Treasury. No proof of payment of such tax shall be required by the director until the form for proof of payment has been prescribed by the Secretary of the Treasury. 4. Beginning July 1, 2000, a county collector or collector-treasurer may notify, by ordinary mail, any owner of a motor vehicle for which personal property taxes have not been paid that if full payment is not received within thirty days the collector may notify the director of revenue to suspend the motor vehicle registration for such vehicle. Any notification returned to the collector or collector-treasurer by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. Thereafter, if the owner fails to timely pay such taxes the collector or collector-treasurer may notify the director of revenue of such failure. Such notification shall be on forms designed and provided by the department of revenue and shall list the motor vehicle owner's full name, including middle initial, the owner's address, and the year, make, model and vehicle identification number of such motor vehicle. Upon receipt of this notification the director of revenue may provide notice of suspension of motor vehicle registration to the owner at the owner's last address shown on the records of the department of revenue. Any suspension imposed may remain in effect until the department of revenue receives notification from a county collector or collector-treasurer that the personal property taxes have been paid in full. Upon the owner furnishing proof of payment of such taxes and paying a twenty dollar reinstatement fee to the director of revenue the motor vehicle or vehicles registration shall be reinstated. In the event a motor vehicle registration is suspended for nonpayment of personal property tax the owner so aggrieved may appeal to the circuit court of the county of his or her residence for review of such suspension at any time within thirty days after notice of motor vehicle registration suspension. Upon such appeal the cause shall be heard de novo in the manner provided by chapter 536 for the review of administrative decisions. The circuit court may order the director to reinstate such registration, sustain the suspension of registration by the director or set aside or modify such suspension. Appeals from the judgment of the circuit court may be taken as in civil cases. The prosecuting attorney of the county where such appeal is taken shall appear in behalf of the director, and prosecute or defend, as the case may require. 5. Beginning July 1, 2005, a city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county may notify, by ordinary mail, any owner of a motor vehicle who is delinquent in payment of vehicle-related fees and fines that if full payment is not received within thirty days, the city not within a county or any home rule city with more than four

hundred thousand inhabitants and located in more than one county may notify the director of revenue to suspend the motor vehicle registration for such vehicle. Any notification returned to the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. If the vehicle-related fees and fines are assessed against a car that is registered in the name of a rental or leasing company and the vehicle is rented or leased to another person at the time the fees or fines are assessed, the rental or leasing company may rebut the presumption by providing the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county with a copy of the rental or lease agreement in effect at the time the fees or fines were assessed. A rental or leasing company shall not be charged for fees or fines under this subsection, nor shall the registration of a vehicle be suspended, unless prior written notice of the fees or fines has been given to that rental or leasing company by ordinary mail at the address appearing on the registration and the rental or leasing company has failed to provide the rental or lease agreement copy within fifteen days of receipt of such notice. Any notification to a rental or leasing company that is returned to the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county by the post office shall not result in the notification to the director of revenue for suspension of a motor vehicle registration. For the purpose of this section,"vehicle-related fees and fines"includes, but is not limited to, traffic violation fines, parking violation fines, vehicle towing, storage and immobilization fees, and any late payment penalties, other fees, and court costs associated with the adjudication or collection of those fines. 6. If after notification under subsection 5 of this section the vehicle owner fails to pay such vehicle-related fees and fines to the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county within thirty days from the date of such notice, the city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county may notify the director of revenue of such failure. Such notification shall be on forms or in an electronic format approved by the department of revenue and shall list the vehicle owner's full name and address, and the year, make, model, and vehicle identification number of such motor vehicle and such other information as the director shall require. 7. Upon receipt of notification under subsection 5 of this section, the director of revenue may provide notice of suspension of motor vehicle registration to the owner at the owner's last address shown on the records of the department of revenue. Any suspension imposed may remain in effect until the department of revenue receives notification from a city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county that the vehicle-related fees or fines have been paid in full. Upon the owner furnishing proof of payment of such fees and fines and paying a twenty dollar reinstatement fee to the director of revenue the motor vehicle registration shall be reinstated. In the event a motor vehicle registration is suspended for nonpayment of vehicle-related fees or fines the owner so aggrieved may appeal to the circuit court of the county where the violation occurred for review of such suspension at any time within thirty days after notice of motor vehicle registration suspension. Upon such appeal the cause shall be heard de novo in the manner provided by chapter 536 for the review of administrative decisions. The circuit court may order the director to reinstate such registration, sustain the suspension of registration by the director or set aside or modify such suspension. Appeals from the judgment of the circuit court may be taken as in civil cases. The prosecuting attorney of the county where such appeal is taken shall appear in behalf of the director, and prosecute or defend, as the case may require. 8. The city not within a county or any home rule city with more than four hundred thousand inhabitants and located in more than one county shall reimburse the department of revenue for all administrative costs associated with the administration of subsections 5 to 8 of this section. 9. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void. ---------- (L. 1951 p. 691 §§ 1, 2, A.L. 1974 H.B. 894 & 1517, A.L. 1984 H.B. 1515, A.L. 1987 S.B. 3, A.L. 1995 S.B. 70, A.L. 1997 S.B. 316, A.L. 1998 S.B. 778, A.L. 1999 S.B. 19, A.L. 2000 H.B. 1797, A.L. 2004 S.B. 1233, et al. merged with S.B. 1394, A.L. 2005 H.B. 58 merged with H.B. 487 merged with S.B. 210)

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.032. Fleet vehicle registration, director to establish system — procedures — special license plates — exempt from inspection requirements, when — leasing company may operate as registered fleet owner, when, requirements — rulemaking authority. —1. Notwithstanding the provisions of sections

301.030 and 301.035 to the contrary, the director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles. 2. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. The fees for vehicles added to the fleet which must be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee. 3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection. 4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129*. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, a fleet owner of at least fifty fleet vehicles may apply for fleet license plates bearing a company name or logo, the size and design thereof subject to approval by the director. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. 5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390 if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri. 6. (1) Notwithstanding any other provisions of law to the contrary, any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale that has applied to the director of revenue for authority to operate as a lease or rental company as prescribed in section 144.070 may operate as a registered fleet owner as prescribed in the provisions of this subsection to subsection 10 of this section. (2) The director of revenue may issue license plates after presentment of an application, as designed by the director, and payment of an annual fee of three hundred sixty dollars for the first ten plates and thirty-six dollars for each additional plate. The payment and issuance of such plates shall be in lieu of registering each motor vehicle with the director as otherwise provided by law. (3) The registration fees for vehicles in the registered fleet owner's fleet shall be fully payable at the time such plates are ordered, except that when such plate is ordered after the first month of registration, the fees payable shall be prorated by the month the plates were ordered. When biennial registration is sought, an additional year's annual fee shall be added to the partial year's prorated fee. (4) Such motor vehicles within the fleet shall not be exempted from the safety inspection and emissions inspection provisions as prescribed in chapters 307 and 643, but notwithstanding the provisions of section 307.355, such inspections shall not be required to be presented to the director of revenue. 7. A recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 operating as a registered fleet owner under this section shall register such fleet with the director of revenue on an annual or biennial basis in lieu of the individual motor vehicle registration periods as prescribed in sections 301.030, 301.035, and 301.147. An agent fee as prescribed in subdivision (1) of subsection 1 of section 136.055 shall apply to the issuance of fleet registrations issued under subsections 6 to 10 of this section, and if a biennial fleet registration is elected, the agent fee shall be collected in an amount equal to the fee for two years. 8. Prior to the issuance of fleet license plates under subsections 6 to 10 of this section, the applicant shall provide proof of insurance as required under section 303.024 or 303.026. 9. The authority of a recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 to operate as a fleet owner as provided in this section shall expire on January first of the licensure period. 10. A lease or rental company operating fleet license plates issued under subsections 6 to 10 of this section shall make available, upon request, to the director of revenue and all Missouri law enforcement agencies any corresponding vehicle and registration information that may be requested as prescribed by rule. 11. The director shall make all necessary rules and regulations for the administration of this section and shall design all necessary forms required by this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if

any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void. ---------- (L. 1993 S.B. 105 § 301.032 subsecs. 1 to 6, A.L. 1995 S.B. 70, A.L. 2009 H.B. 683, A.L. 2012 H.B. 1402, A.L. 2019 S.B. 89 merged with S.B. 368, A.L. 2020 H.B. 1963) *Section 301.129 was repealed by H.B. 1298 Revision, 2014

To facilitate the transition from an annual registration to a staggered registration, the commission shall inquire of all registrants and registrations as to which calendar quarter the registrant wishes to use as the beginning date of the registration once the transition to staggered registration is complete. If the registrant does not respond by the date selected by the commission, or if no quarter is selected, the registrant shall remain on a calendar year registration. The commission may issue prorated registrations pursuant to this section for periods of greater than or less than one year during the transition to a nonannual year registration, but no registration shall exceed eighteen months nor be less than six months. The commission may issue a prorated, by quarter, partial year registration at any time for additions to a fleet made after an initial registration of such fleet, or such other reasons as approved by the commission or its designee upon the request of the registrant. 2. Any vehicle required to be registered pursuant to this section shall display the plate issued to that vehicle no later than December thirty-first of each year or the last day of the quarter preceding the quarter in which the registration begins, as applicable. Failure to display the registration plate required by this section shall constitute a class A misdemeanor. 7. The commission may prescribe rules and regulations for the effective administration of this section. 8. Any current registration or plate for which all fees have been paid for a commercial trailer previously issued pursuant to reciprocity agreements shall remain valid even if such agreements no longer require apportionment of such trailers under such agreements, and such trailers may continue to be registered pursuant to this section. 9. Notwithstanding any other law to the contrary, the commission shall have the authority pursuant to this chapter to issue permanent and temporary registrations on commercial trailers whether or not the registration is issued pursuant to reciprocity agreements. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024. 8. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund. 4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way. 5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained. 6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification

number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri. 7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit. 8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection. 9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350. 10. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void. *11. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact. ---------- (RSMo 1939 § 8382, A.L. 1947 V. If the physician or health care practitioner fails to record an expiration date on the physician's statement, the director shall issue a temporary windshield placard for a period of thirty days. 5. A physician or other authorized health care practitioner who issues or signs a physician's statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person's medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists. 6. Such owners, upon application to the director accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days proceeding the date the application is made, and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use. 8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when

the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard. 9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129*, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter. 10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side. 11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every four years. The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates. 12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal. 13. A windshield placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not. 14. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate. 15. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act. 16. (1) Except as otherwise provided in this subsection, every applicant for issuance of a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application, and for renewal applications a physician's statement dated no more than ninety days prior to such application shall be required every eighth year. (2) Notwithstanding any provision of law to the contrary, if the applicant has presented proof of disability in the form of a statement from the United States Department of Veterans Affairs verifying that the person is permanently disabled, the applicant shall not be required to provide a physician's statement for the purpose of issuance or renewal of disabled person license plates or windshield placards. (3) Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided a physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled person license plates or windshield placards. 17. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or

podiatrists to determine whether the physician is duly licensed and registered pursuant to law. 18. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section. 19. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420. 20. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards. 21. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons. 22. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor. 23. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards. 24. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter. 25. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars. 26. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis. ---------- (L. 1977 H.B. 367, et al. § 1, A.L. 1981 H.B. 511, A.L. 1982 H.B. 1489, A.L. 1983 H.B. 149, et al., A.L. 1986 H.B. 1062 & 929, A.L. 1987 H.B. 605, A.L. 1991 S.B. 177, A.L. 1995 S.B. 70, A.L. 1997 H.B. 389, A.L. 1998 H.B. 1092 merged with H.B. 1410 merged with S.B. 649, A.L. 1999 H.B. 343 merged with S.B. 19, A.L. 2001 S.B. 111, A.L. 2003 H.B. 491, A.L. 2004 S.B. 1233, et al., A.L. 2006 H.B. 1762, A.L. 2007 S.B. 82, A.L. 2010 S.B. 754, A.L. 2015 S.B. 254, A.L. 2018 S.B. 881, A.L. 2024 S.B. 912) *Section 301.129 was repealed by H.B. 1298 Revision, 2014. Parking space for physically disabled may be established by political subdivisions and others — signs, violations, enforcement, penalty — handicap and handicapped prohibited on signage, when. —1. As used in this section, the term "vehicle" shall have the same meaning given it in section 301.010, and the term "physically disabled" shall have the same meaning given it in section 301.142. 2. Political subdivisions of the state may by ordinance or resolution designate parking spaces for the exclusive use of vehicles which display a distinguishing license plate or card issued pursuant to section 301.071 or 301.142. Owners of private property used for public parking shall also designate parking spaces for the exclusive use of vehicles which display a distinguishing license plate or card issued pursuant to section 301.071 or 301.142. Whenever a political subdivision or owner of private property so designates a parking space, the space shall be indicated by a sign upon which shall be inscribed the international symbol of accessibility and may also include any appropriate wording such as "Accessible Parking" to indicate that the space is reserved for the exclusive use of vehicles which display a distinguishing license plate or card. The sign described in this subsection shall also state, or an additional sign shall be posted below or adjacent to the sign stating, the following: "$50 to $300 fine.". Beginning August 28, 2011, when any political subdivision or owner of private property restripes a parking lot or constructs a new parking lot, one in every four accessible spaces, but not less than one, shall be served by an access aisle a minimum of ninety-six inches wide and shall be designated "lift van accessible only" with signs that meet the requirements of the federal Americans with Disabilities Act, as amended, and any rules or regulations established pursuant thereto. 3. Such designation shall be made by posting immediately adjacent to, and visible from, each space, a sign upon which is inscribed the international symbol of accessibility, and may also include any appropriate wording to indicate that the space is reserved for the exclusive use of vehicles which display a distinguishing license plate or card. 4. The local police or sheriff's department may cause the removal of any vehicle not displaying a distinguishing license

Any person who parks in a space reserved for physically disabled persons and is not displaying distinguishing license plates or a card is guilty of an infraction and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than three hundred dollars. Any vehicle which has been removed and which is not properly claimed within thirty days thereafter shall be considered to be an abandoned vehicle. 5. Spaces designated for use by vehicles displaying the distinguishing "disabled" license plate issued pursuant to section 301.142 or 301.071 shall meet the requirements of the federal Americans with Disabilities Act, as amended, and any rules or regulations established pursuant thereto. Notwithstanding the other provisions of this section, on-street parking spaces designated by political subdivisions in residential areas for the exclusive use of vehicles displaying a distinguishing license plate or card issued pursuant to section 301.071 or 301.142 shall meet the requirements of the federal Americans with Disabilities Act pursuant to this subsection and any such space shall have clearly and visibly painted upon it the international symbol of accessibility and any curb adjacent to the space shall be clearly and visibly painted blue. 6. Nonconforming signs or spaces otherwise required pursuant to this section which are in use prior to August 28, 2011, shall not be in violation of this section during the useful life of such signs or spaces. Under no circumstances shall the useful life of the nonconforming signs or spaces be extended by means other than those means used to maintain any sign or space on the owner's property which is not used for vehicles displaying a disabled license plate. 9. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.144. Personalized license plates, appearance, fees — new plates every three years without charge — obscene or offensive plates prohibited — amateur radio operators, plates, how marked — repossessed vehicles, placards — retired U.S. military plates, how marked. —1. The director of revenue shall establish and issue special personalized license plates containing letters or numbers or combinations of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Any person desiring to obtain a special personalized license plate for any motor vehicle the person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight shall apply to the director of revenue on a form provided by the director and shall pay a fee of fifteen dollars in addition to the regular registration fees. The director of revenue shall issue rules and regulations setting the standards and establishing the procedure for application for and issuance of the special personalized license plates and shall provide a deadline each year for the applications. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void. No two owners shall be issued identical plates. An owner shall make a new application and pay a new fee each year such owner desires to obtain or retain special personalized license plates; however, notwithstanding the provisions of subsection 8 of section 301.130 to the contrary, the director shall allow the special personalized license plates to be replaced with new plates every three years without any additional charge, above the fee established in this section, to the renewal applicant. Any person currently in possession of an approved personalized license plate shall have first priority on that particular plate for each of the following years that timely and appropriate application is made. 2. Upon application for a personalized plate by the owner of a motor vehicle for which the owner has no registration plate available for transfer as prescribed by section 301.140, the director shall issue a temporary permit authorizing the operation of the motor vehicle until the personalized plate is issued. 3. No personalized license plates shall be issued containing any letters, numbers or combination of letters and numbers which are obscene, profane, patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found. The director may recall any personalized license plates, including those issued prior to August 28, 1992, if the director determines that the plates are obscene, profane, patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an

unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found. Where the director recalls such plates pursuant to the provisions of this subsection, the director shall reissue personalized license plates to the owner of the motor vehicle for which they were issued at no charge, if the new plates proposed by the owner of the motor vehicle meet the standards established pursuant to this section. The director shall not apply the provisions of this statute in a way that violates the Missouri or United States Constitutions as interpreted by the courts with controlling authority in the state of Missouri. The primary purpose of motor vehicle license plates is to identify motor vehicles. Nothing in the issuance of a personalized license plate creates a designated or limited public forum. Nothing contained in this subsection shall be interpreted to prohibit the use of license plates, which are no longer valid for registration purposes, as collector's items or for decorative purposes. 4. The director may also establish categories of special license plates from which license plates may be issued. Any such person, other than a person exempted from the additional fee pursuant to subsection 7 of this section, that desires a personalized special license plate from any such category shall pay the same additional fee and make the same kind of application as that required by subsection 1 of this section, and the director shall issue such plates in the same manner as other personalized special license plates are issued. 5. The application shall be accompanied by a statement stating that the applicant has an unrevoked and unexpired amateur radio license issued by the Federal Communications Commission and the official radio call letters assigned by the Federal Communications Commission to the applicant. An owner making a new application and paying a new fee to retain an amateur radio license plate may request a replacement plate with the words "AMATEUR RADIO" in place of the words "SHOW-ME STATE". If application is made to retain a plate that is three years old or older, the replacement plate shall be issued upon the payment of required fees. 6. Notwithstanding any other provision to the contrary, any business that repossesses motor vehicles or trailers and sells or otherwise disposes of them shall be issued a placard displaying the word "Repossessed", provided such business pays the license fees presently required of a manufacturer, distributor, or dealer in section 301.560. Such placard shall bear a number and shall be in such form as the director of revenue shall determine, and shall be only used for demonstrations when displayed substantially as provided for number plates on the rear of the repossessed motor vehicle or trailer. 7. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.190. Certificate of registration — application, contents — special requirements, certain vehicles — fees — failure to obtain within time limit, delinquency penalty — duration of certificate — unlawful to operate without certificate — certain vehicles brought into state in a wrecked or damaged condition or after being towed, inspection — certain vehicles previously registered in other states, designation — reconstructed motor vehicles, procedure. —1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 in which case the applicant shall make application

within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership. 2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown. 3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either: (1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or (2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information. 4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable. 5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually. 6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee. 7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section. 8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund. 9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall

be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner. 10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin. 11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle. 12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation. 13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle". 14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section. 15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by: (1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished; (2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle; (3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and (4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles. --The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol. ---------- (RSMo 1939 § 8382, A.L. 1947 V. If the person constructing the trailer sells or transfers the trailer prior to applying for a certificate of ownership, the sheriff's or the Missouri state highway patrol's certificate of inspection shall be transferred with the trailer. 4. A fee of twenty-five dollars shall be paid for the inspection. If the inspection is completed by the sheriff, the proceeds from the inspections shall be deposited by the sheriff within thirty days into the county law enforcement fund if one exists; otherwise into the county general revenue fund. If the inspection is completed by the Missouri state highway patrol, the applicant shall pay the twenty-five dollar inspection fee to the director of revenue at the time of application for a certificate of ownership for the homemade trailer. The fee shall be deposited in the state treasury to the credit of the state highway fund. 5. The sheriff or Missouri state highway patrol shall inspect the trailer and certify it if the trailer appears to be homemade. When a trailer is certified by the sheriff, the sheriff may stamp a permanent identifying number in the tongue of the frame. The certificate of inspection shall be on a form designed and provided by the director of revenue. 6. Upon presentation of the certificate of inspection and all applicable documents and fees including the identification plate fee provided in section 301.380, the director of revenue shall issue a readily distinguishable manufacturers' identifying number plate. The identification number plate shall be affixed to the tongue of the trailer's frame. 7. The sheriff or Missouri state highway patrol may seize any trailer which has been stolen or has identifying numbers obliterated or removed. The sheriff or Missouri state highway patrol may hold the trailer as evidence while an investigation is conducted. The trailer shall be returned if no related criminal charges are filed within thirty days or when the charges are later dropped or dismissed or when the owner is acquitted. ---------- (L. 1998 H.B. 1528, A.L. 1999 S.B. 19, A.L. 2019 S.B. 89)

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.193. Abandoned property, titling of, privately owned real estate, procedure — salvage or junking certificate authorized, when — watercraft titled through claims adjustment process, certificate of title authorized, when. —1. Any person who purchases or is the owner of real property on which vehicles, as defined in section 301.010, vessels or watercraft, as defined in section 306.010, or outboard motors, as that term is used in section 306.530, have been abandoned, without the consent of said purchaser or owner of the real property, may apply to the department of revenue for a certificate of title. Any insurer which purchases a vehicle through the claims adjustment process for which the insurer is unable to obtain a negotiable title may make an application to the department of revenue for a salvage certificate of title pursuant to this section. Prior to making application for a certificate of title on a vehicle under this section, the insurer or owner of the real estate shall have the vehicle inspected by law enforcement pursuant to subsection 9 of section 301.190, and shall have law enforcement perform a check in the national crime information center and any appropriate statewide law enforcement computer to determine if the vehicle has been reported stolen and the name and address of the person to whom the vehicle was last titled and any lienholders of record. The insurer or owner or purchaser of the real estate shall, thirty days prior to making application for title, notify any owners or lienholders of record for the vehicle by certified mail that the owner intends to apply for a certificate of title from the director for the abandoned vehicle. The application for title shall be accompanied by: (1) A statement explaining the circumstances by which the property came into the insurer, owner, or purchaser's possession; a description of the property including the year, make, model, vehicle identification number, and any decal or license plate that may be affixed to the vehicle; the current location of the property; and the retail value of the property; (2) An inspection report of the property, if it is a vehicle, by a law enforcement agency pursuant to subsection 9 of section 301.190; and (3) A copy of the thirty-day notice and certified mail receipt mailed to any owner and any person holding a valid security interest of record. 2. Upon receipt of the application and supporting documents, the director shall search the records of the department of revenue, or initiate an inquiry with another state, if the evidence presented indicated the property described in the application was registered or titled in another state, to verify the name and address of any owners and any lienholders. If the latest owner or lienholder was not notified the director shall inform the insurer, owner, or purchaser of the real estate of the latest owner and lienholder information so that notice may be given as required by subsection 1 of this section. Any owner or lienholder receiving notification may protest the issuance of title by, within the thirty-day or forty-five-day notice period, as applicable, and may file a petition to recover the vehicle, naming the insurer described in subsection 1, 3, or 6 of this section, as applicable; a salvage pool or salvage dealer and dismantler described in subsection 4 of this section; a used motor vehicle dealer described in subsection 5 of this section; or the owner of the real estate and serving a copy of the petition on the director of revenue. The director shall not be a party to such petition but shall, upon receipt of the petition, suspend the processing of any further certificate of title until the rights of all parties to the vehicle are determined by the court. Once all requirements are satisfied the director shall issue one of the following: (1) An original certificate of title if the vehicle examination certificate, as provided in section 301.190, indicates that the vehicle was not previously in a salvaged condition or rebuilt; (2) An original certificate of title designated as prior salvage if the vehicle examination certificate as provided in section 301.190 indicates the vehicle was previously in a salvaged condition or rebuilt; (3) A salvage certificate of title designated with the words "salvage/abandoned property" or junking certificate based on the condition of the property as stated in the inspection report. An insurer purchasing a vehicle through the claims adjustment process under this section shall only be eligible to obtain a salvage certificate of title or junking certificate. A salvage pool or salvage dealer and dismantler described in subsection 4 of this section or a used motor vehicle dealer described in subsection 5 of this section shall only be eligible to obtain a salvage certificate of title or junking certificate. 3. Any insurer which purchases a vehicle that is currently titled in Missouri through the claims adjustment process for which the insurer is unable to obtain a negotiable title may make application to the department of revenue for a salvage certificate of title or junking certificate. Such application may be made by the insurer or its designated salvage pool on a form provided by the department and signed under penalty of perjury. The application shall include a declaration that the insurer has made at least two written attempts to obtain the certificate of title, transfer documents, or other acceptable evidence of title, and be accompanied by proof of claims payment from the insurer, evidence that letters were sent to the vehicle owner, a statement explaining the circumstances by which the property came into the insurer's possession, a description of the property including the year, make, model, vehicle identification number, and current location of the property, and the fee prescribed in subsection 5 of section 301.190. The insurer shall, thirty days prior to making application for title, notify any owners or lienholders of record for the vehicle that the insurer intends to apply for a certificate of title from the director for the vehicle. Upon receipt of the application and supporting documents, the director shall search the records of the department of revenue to verify the name and address of any owners and any lienholders. If the director identifies any additional owner or lienholder who has not been notified by the insurer, the director shall inform the insurer of such additional owner or lienholder and the insurer shall notify the additional owner or lienholder of the insurer's intent to obtain title as prescribed in this section. If no valid lienholders have notified the department of the existence of a lien, the department shall issue a salvage certificate of title or junking certificate for the vehicle in the name of the insurer. 4. Any salvage pool or salvage dealer and dismantler that takes possession of a vehicle at the request of an insurer when the insurer

does not purchase the vehicle through the claims adjustment process may apply to the department for a salvage certificate of title or junking certificate in the name of the salvage pool or salvage dealer and dismantler if the vehicle has remained unclaimed on the salvage pool's or salvage dealer and dismantler's premises for more than forty-five days. The salvage pool or salvage dealer and dismantler shall, forty-five days prior to making application for title, notify any owners or lienholders of record for the vehicle that the salvage pool or salvage dealer and dismantler intends to apply to the director for a certificate of title for the vehicle unless the owner or lienholder removes the vehicle from the salvage pool's or salvage dealer and dismantler's premises within the forty-five days. The application for title shall be on a form provided by the department, signed under penalty of perjury, and shall be accompanied by: (1) A statement explaining the circumstances by which the vehicle came into the salvage pool's or salvage dealer and dismantler's possession; a description of the vehicle including the year, make, model, and vehicle identification number; the current location of the property; and the fee prescribed in subsection 5 of section 301.190; (2) A copy of the forty-five-day notice and certified mail receipt mailed, or proof that the request was delivered by a nationally recognized courier service, to any owner and any person holding a valid security interest of record; and (3) If the vehicle is not currently titled in Missouri, an inspection report of the vehicle by a law enforcement agency pursuant to subsection 9 of section 301.190. --Upon receipt of the application and supporting documents, the director shall search the records of the department, or initiate an inquiry with another state if the evidence presented indicated the property described in the application was registered or titled in another state, to verify the name and address of any owners and any lienholders. If the director identifies any additional owner or lienholder who has not been notified by the salvage pool or salvage dealer and dismantler, the director shall inform the salvage pool or salvage dealer and dismantler of such additional owner or lienholder and the salvage pool or salvage dealer and dismantler shall notify the additional owner or lienholder of the salvage pool's or salvage dealer and dismantler's intent to obtain title as prescribed in this section. If no valid lienholders have notified the department of the existence of a lien, the department shall issue a salvage certificate of title or junking certificate for the vehicle in the name of the salvage pool or salvage dealer and dismantler. 5. Any used motor vehicle dealer that takes possession of a vehicle at the request of an organization exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code when such organization does not provide the used motor vehicle dealer with a negotiable title may apply to the department of revenue for a salvage certificate of title or junking certificate in the name of the used motor vehicle dealer if the vehicle has remained unclaimed on the used motor vehicle dealer's premises for more than forty-five days. The used motor vehicle dealer shall, forty-five days prior to making application for title, notify any owners or lienholders of record for the vehicle that the used motor vehicle dealer intends to apply for a certificate of title from the director for the vehicle unless the owner or lienholder removes the vehicle from the used motor vehicle dealer's premises within the forty-five days. The application for title shall be on a form provided by the department, signed under penalty of perjury, and shall be accompanied by: (1) A statement explaining the circumstances by which the vehicle came into the used motor vehicle dealer's possession; a description of the vehicle including the year, make, model, and vehicle identification number; the current location of the property; and the fee prescribed in subsection 5 of section 301.190; (2) A copy of the forty-five-day notice and certified mail receipt mailed, or proof that the request was delivered by a nationally recognized courier service, to any owner and any person holding a valid security interest of record; and (3) If the vehicle is not currently titled in Missouri, an inspection report of the vehicle by a law enforcement agency pursuant to subsection 9 of section 301.190. --Upon receipt of the application and supporting documents, the director shall search the records of the department, or initiate an inquiry with another state if the evidence presented indicated the property described in the application was registered or titled in another state, to verify the name and address of any owners and any lienholders. If the director identifies any additional owner or lienholder who has not been notified by the used motor vehicle dealer, the director shall inform the used motor vehicle dealer of such additional owner or lienholder and the used motor vehicle dealer shall notify the additional owner or lienholder of the used motor vehicle dealer's intent to obtain title as prescribed in this section. If no valid lienholders have notified the department of the existence of a lien, the department shall issue a salvage certificate of title or junking certificate for the vehicle in the name of the used motor vehicle dealer. 6. Any insurer that purchases a vessel or watercraft that is currently titled in Missouri through the claims adjustment process and for which the insurer is unable to obtain a negotiable title may make application to the department for a certificate of title. Such application may be made by the insurer or its designated salvage pool or salvage dealer and dismantler on a form provided by the department and signed under penalty of perjury. The application shall include a declaration that the insurer has made at least two written attempts to obtain the certificate of title, transfer documents, or other acceptable evidence of title and be accompanied by proof of claims payment from the insurer; evidence that letters were sent to the vessel or watercraft owner; a statement explaining the circumstances by which the property came into the insurer's possession; a description of the property including the year, make, and hull identification number; the current location of the property; and the fee prescribed in subsection 3 of section 306.015. The insurer shall, thirty days prior to making application for title, notify any owners or lienholders of record for the vessel or watercraft that the insurer intends to apply to the director for a certificate of title for the vessel or watercraft. Upon receipt of the application and supporting documents, the director shall search the records of the department of revenue to verify the name and address of any owners and any lienholders. If the director identifies any additional owner or lienholder who has not been notified by the insurer, the director shall inform the insurer of such additional owner or lienholder and the insurer shall notify the additional owner or lienholder of the insurer's intent to obtain title as prescribed in this section. If no valid lienholders have notified the department of the existence of a lien, the department shall issue a certificate of title for the vessel or watercraft in the name of the insurer. ---------- (L. 2002 H.B. 1075, A.L. 2004 S.B. 1233, et al., A.L. 2012 H.B. 1150 merged with S.B. 568, A.L. 2013 H.B. 428 merged with S.B. 148, A.L. 2020 H.B. 1963)

For the purposes of this section, "transmitted electronically" shall have the same meaning as an electronic signature as defined in section 432.205; (10) Any other information required by the department by rule. 2. A notice of sale substantially complying with the requirements of this section is effective even though it contains minor errors which are not materially misleading. 3. For purposes of giving notice under this section, if the transfer occurs by operation of law, the personal representative, receiver, trustee, sheriff, or other representative or successor in interest of the person whose interest is transferred shall be considered the transferor. Repossession by a creditor shall not be considered a transfer of ownership requiring such notice. 4. Retail sales made by licensed dealers including sales of new vehicles shall be reported pursuant to the provisions of section 301.280. ---------- (L. 2004 S.B. 1233, et al., A.L. 2007 S.B. 82, A.L. 2015 H.B. 686 merged with S.B. 254)

Notification of transfer of interest included in revenue records, when — application for new title, failure to apply, effect — rulemaking authority. —1. Beginning January 1, 2006, upon receipt of a notification of transfer described in section 301.196, the department shall make a notation on its records indicating that it has received notification that an interest in the motor vehicle or trailer has been transferred. The notation shall be made whether or not the form submitted to the department contains all the information required by section 301.196, so long as there is sufficient information to identify the motor vehicle or trailer and the name and address of the transferee. Thereafter, until a new title is issued, when the department is asked or is required by law to provide the name of the owner or lienholder of a motor vehicle or trailer as shown on its records, the department shall provide the name of the owner or lienholder recorded on the latest title or lien perfection of record and indicate that department records show a notification of transfer but do not show a title transfer. The department shall also provide the name of the transferee, if otherwise permitted by law, if it is shown on the form submitted by the transferor pursuant to section 301.196. 2. If the department does not receive an application for title from the person named as transferee in a form submitted pursuant to section 301.196 within sixty days of the receipt of the form, the department shall notify the transferee to apply for title. Notification shall be made as soon after the sixtieth day after receipt of the form as is convenient for the department. The provisions of this subsection shall be in addition to the requirements of section 301.190. 3. The department may adopt rules for the implementation of section 301.196 and this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Notwithstanding section 226.200 to the contrary the general assembly may appropriate state highways and transportation department funds for the requirements of sections 301.196, 301.198, and 301.280, and this section. ---------- (L. 2004 S.B. 1233, et al.)

In the case of dealers, a certificate of ownership or proof that a dealer has applied for a certificate of ownership or that a prior lien has been satisfied by the dealer shall be required in the case of each motor vehicle in his possession, and the director of revenue shall determine the form in which application for such certificates of ownership and assignments shall be made, in case forms differing from those used for individuals are, in his judgment, reasonably required; provided, however, that no such certificates shall be required in the case of new motor vehicles or trailers sold by manufacturers to dealers. 2. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.210. Sale and transfer of vehicles, procedure — assignment of certificate — new certificate — notice of sale to nonresident — director of revenue to keep file — motor vehicle dealer, certificate of ownership requirements. —1. In the event of a sale or transfer of ownership of a motor vehicle or trailer for which a certificate of ownership has been issued, the holder of such certificate shall endorse on the same an assignment thereof, with warranty of title in form printed thereon, and prescribed by the director of revenue, with a statement of all liens or encumbrances on such motor vehicle or trailer, and deliver the same to the buyer at the time of the delivery to him of such motor vehicle or trailer; provided that, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.575*, the provisions of subdivision (3) of subsection 7 of section 144.070 shall not apply. 2. The buyer shall then present such certificate, assigned as aforesaid, to the director of revenue, at the time of making application for the registration of such motor vehicle or trailer, whereupon a new certificate of ownership shall be issued to the buyer, the fee therefor being that prescribed in subsection 5 of section 301.190. 3. If such motor vehicle or trailer is sold to a resident of another state or country, or if such motor vehicle or trailer is destroyed or dismantled, the owner thereof shall immediately notify the director of revenue. Certificates when so signed and returned to the director of revenue shall be retained by the director of revenue and all certificates shall be appropriately indexed so that at all times it will be possible for him to expeditiously trace the ownership of the motor vehicle or trailer designated therein. 4. It shall be unlawful for any person to buy or sell in this state any motor vehicle or trailer registered under the laws of this state, unless, at the time of the delivery thereof, there shall pass between the parties such certificates of ownership with an assignment thereof, as provided in this section, and the sale of any motor vehicle or trailer registered under the laws of this state, without the assignment of such certificate of ownership, shall be presumed fraudulent and void unless the parties have executed a written agreement for delayed delivery of certificate of ownership as provided in subsection 5 of this section. 5. (1) A motor vehicle dealer licensed under sections 301.550 to 301.580 may deliver a motor vehicle or trailer to a purchaser with a written agreement to pass the certificate of ownership with an assignment to the purchaser within thirty days after delivery, inclusive of weekends and holidays. (2) The form of the agreement shall be prescribed by the director of revenue. The agreement shall provide that if the motor vehicle dealer does not pass the certificate of ownership with an assignment to the purchaser within thirty days that the sale shall be voidable at purchaser's option and, in such case, dealer shall repurchase the vehicle by paying and satisfying in full any purchase money lien against the vehicle, including accrued penalties and fees, with the remainder of one hundred percent of the sale price refunded and paid by the dealer to the buyer. As used in this subdivision, the term"sale price"shall include the negotiated price of the vehicle, the down payment, the trade-in allowance even if the allowance reflected negative equity, and the price of all optional services and products sold to the

buyer under the sales and finance transaction. (3) In the event a motor vehicle subject to this subsection has suffered physical damage covered by the purchaser's vehicle insurance policy and the vehicle is determined by the insurance company to be a total loss, the insurance company may satisfy the claim in full, with respect to the damage to the vehicle, by transferring all proceeds to such purchaser and any secured lienholder of record. The purchaser shall not assign the purchaser's corresponding insurance benefits to any party without the express written permission of the insurer. In conjunction with such satisfaction of the claim, if as part of such claim settlement the insurance company is to receive the vehicle under subdivision (4) of this subsection, but clear title never vests with the purchaser within the thirty-day period after the date of sale prescribed by subdivision (2) of this subsection or within ten days of the claim settlement date, whichever is later, the insurance company shall notify the dealer that clear title never vested with the purchaser and the dealer shall reimburse the insurance company for the salvage value of such vehicle as determined in the claims settlement with the purchaser, and in exchange the insurance company shall assign its rights to the vehicle back to the dealer. If the dealer fails to make payment to the insurance company within fifteen days of receiving notice, the dealer shall be liable to the insurance company for the value of the salvage as determined in the claims settlement with the purchaser, plus any actual damages and any applicable court costs, in return for the right to acquire the title and apply for a salvage title under this chapter. (4) Notwithstanding any provision of law to the contrary, completion of the requirements of this subsection shall constitute prima facie evidence of an ownership interest vested in the purchaser of the vehicle for all purposes other than for a subsequent transfer of ownership of the vehicle by the purchaser, subject to the rights of any secured lienholder of record; however, the purchaser may use a dealer-supplied copy of the agreement to transfer his or her ownership of the vehicle to an insurance company in situations where the vehicle has been declared salvage or a total loss by the insurance company as a result of a settlement of a claim. Such insurance company may apply for a salvage certificate of title or junking certificate under subsection 3 of section 301.193 in order to transfer its interest in such vehicle. The purchaser may also use a dealer-supplied copy of the agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lien placed upon a vehicle based upon such signed written agreement shall be valid and enforceable, notwithstanding the absence of a certificate of ownership. (5) No motor vehicle dealer shall be authorized under this subsection to enter and have outstanding any such written agreements until such dealer has provided to the director of revenue a surety bond or irrevocable letter of credit in an amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the fifty thousand dollar bond otherwise required for licensure as a motor vehicle dealer. ---------- (RSMo 1939 § 8382, A.L. 1947 V. — violation, penalty. —1. Notwithstanding the provisions of sections 301.200 and 301.210, any person licensed as a motor vehicle dealer under sections 301.550 to 301.580 that has provided to the director of revenue a surety bond or irrevocable letter of credit in an amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the fifty thousand dollar bond otherwise required for licensure as a motor vehicle dealer shall be authorized to purchase or accept in trade any motor vehicle for which there has been issued a certificate of ownership, and to receive such vehicle subject to any existing liens thereon created and perfected under sections 301.600 to 301.660 provided the licensed dealer receives the following: (1) A signed written contract between the licensed dealer and the owner of the vehicle outlining the terms of the sale or acceptance in trade of such motor vehicle without transfer of the certificate of ownership; and (2) Physical delivery of the vehicle to the licensed dealer; and (3) A power of attorney from the owner to the licensed dealer, in accordance with subsection 4 of section 301.300, authorizing the licensed dealer to obtain a duplicate or replacement title in the owner's name and sign any title assignments on the owner's behalf. 2. If the dealer complies with the requirements of subsection 1 of this section, the sale or trade of the vehicle to the dealer shall be considered final, subject to any existing liens created and perfected under sections 301.600 to 301.660. Once the prior owner of the motor vehicle has physically delivered the motor vehicle to the licensed dealer, the prior owners' insurable interest in such vehicle shall cease to exist. 3. If a licensed dealer complies with the requirements of subsection 1 of this section, and such dealer has provided to the director of revenue a surety bond or irrevocable letter of credit in amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the fifty thousand dollar bond otherwise required for licensure as a motor vehicle dealer, such dealer may sell such vehicle prior to receiving and assigning to the purchaser the certificate of ownership, provided such dealer complies with the following: (1) All outstanding liens created on the vehicle pursuant to sections 301.600 to 301.660 have been paid in full, and the dealer provides a copy of proof or other evidence to the purchaser; and (2) The dealer has obtained proof or other evidence from the department of revenue confirming that no outstanding child support liens exist upon the vehicle at the time of sale and provides a copy of said proof or other evidence to the purchaser; and (3) The dealer has obtained proof or other evidence from the department of revenue confirming that all applicable state sales tax has been satisfied on the sale of the vehicle to the previous owner and provides a copy of said proof or other evidence to the purchaser; and (4) The dealer has signed an application for duplicate or replacement title for the vehicle under subsection 4 of section 301.300 and provides a copy of the application to the purchaser, along with a copy of the power of attorney required by subsection 1 of this section, and the dealer has prepared and delivered to the purchaser an application for title for the vehicle in the purchaser's name; and (5) The dealer and the purchaser have entered into a written agreement for the subsequent assignment and delivery of such certificate of ownership, on a form prescribed by the director of revenue, to take place at a time, not to exceed sixty calendar days, after the time of delivery of the motor vehicle to the purchaser. Such agreement shall require the purchaser to provide to the dealer proof of financial responsibility in accordance with chapter 303 and proof of comprehensive and collision coverage on the motor vehicle. Such dealer shall maintain the original or an electronic copy of the signed agreement and deliver a copy of the signed agreement to the purchaser. Such dealer shall also complete and deliver to the director of revenue such form as the director shall prescribe demonstrating that the purchaser has purchased the vehicle without contemporaneous delivery of the title. --Notwithstanding any provision of law to the contrary, completion of the requirements of this subsection shall constitute prima facie evidence of an ownership interest vested in the purchaser of the vehicle for all purposes other than for a subsequent transfer of ownership of the vehicle by the purchaser, subject to the rights of any secured lienholder of record; however, the purchaser may use the dealer-supplied copy of the agreement to transfer his or her ownership of the vehicle to an insurance company in situations where the vehicle has been declared salvage or a total loss by the insurance company as a result of a settlement of a claim. Such insurance company may apply for a salvage certificate of title or junking certificate pursuant to the provisions of subsection 3 of section 301.193 in order to transfer its interest in such vehicle. The purchaser may also use the dealer-supplied copy of the agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lender or insurance company may rely upon a copy of the signed written agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lien placed upon a vehicle based upon such signed written agreement shall be valid and enforceable, notwithstanding the absence of a certificate of ownership. 4. Following a sale or other transaction in which a certificate of ownership has not been assigned from the owner to the licensed dealer, the dealer shall, within ten business days, apply for a duplicate or replacement certificate of ownership. Upon receipt of a duplicate or replacement certificate of ownership applied for under subsection 4 of section 301.300, the dealer shall assign and deliver said certificate of ownership to the purchaser of the vehicle within five business days. The dealer shall maintain proof of the assignment and delivery of the certificate of ownership to the purchaser. For purposes of this subsection, a dealer shall be deemed to have delivered the certificate of ownership to the purchaser upon either: (1) Physical delivery of the certificate of ownership to any of the purchasers identified in the contract with such dealer; or (2) Mailing of the certificate, postage prepaid, return receipt requested, to any of the purchasers at any of their addresses identified in the contract with such dealer. 5. If a licensed dealer fails to comply with subsection 3 of this section, and the purchaser of the vehicle is thereby damaged, then the dealer shall be liable to the purchaser of the vehicle for actual damages, plus court costs and reasonable attorney fees. 6. If a licensed dealer fails or is unable to comply with subsection 4 of this section, and the purchaser of the vehicle is thereby damaged, then the dealer shall be liable to the purchaser of the vehicle for actual damages, plus court costs and reasonable attorney fees. If the dealer cannot be found by the purchaser after making reasonable attempts, or if the dealer fails to assign and deliver the duplicate or replacement certificate of ownership to the purchaser by the date agreed upon by the dealer and the purchaser, as required by subsection 4 of this section, then the purchaser may deliver to the director a copy of the contract for sale of the vehicle, a copy of the application for duplicate title provided by the dealer to the purchaser, a copy of the secure power of attorney allowing

the dealer to assign the duplicate title, and the proof or other evidence obtained by the purchaser from the dealer under subsection 3 of this section. Thereafter, the director shall mail by certified mail, return receipt requested, a notice to the dealer at the last address given to the department by that dealer. That notice shall inform the dealer that the director intends to cancel any prior certificate of title which may have been issued to the dealer on the vehicle and issue to the purchaser a certificate of title in the name of the purchaser, subject to any liens incurred by the purchaser in connection with the purchase of the vehicle, unless the dealer, within ten business days from the date of the director's notice, files with the director a written objection to the director taking such action. If the dealer does file a timely, written objection with the director, then the director shall not take any further action without an order from a court of competent jurisdiction. However, if the dealer does not file a timely, written objection with the director, then the director shall cancel the prior certificate of title issued to the dealer on the vehicle and issue a certificate of title to the purchaser of the vehicle, subject to any liens incurred by the purchaser in connection with the purchase of the vehicle and subject to the purchaser satisfying all applicable taxes and fees associated with registering the vehicle. 7. If a seller misrepresents to a dealer that the seller is the owner of a vehicle and the dealer, the owner, any subsequent purchaser, or any prior or subsequent lienholder is thereby damaged, then the seller shall be liable to each such party for actual and punitive damages, plus court costs and reasonable attorney fees. 8. When a lienholder is damaged as a result of a licensed dealer's acts, errors, omissions, or violations of this section, then the dealer shall be liable to the lienholder for actual damages, plus court costs and reasonable attorney fees. 9. No court costs or attorney fees shall be awarded under this section unless, prior to filing any such action, the following conditions have been met: (1) The aggrieved party seeking damages has delivered an itemized written demand of the party's actual damages to the party from whom damages are sought; and (2) The party from whom damages are sought has not satisfied the written demand within thirty days after receipt of the written demand. 10. The department of revenue may use a dealer's repeated or intentional violation of this section as a cause to suspend, revoke, or refuse to issue or renew any license required pursuant to sections 301.550 to 301.580, in addition to the causes set forth in section 301.562. The hearing process shall be the same as that established in subsection 6 of section 301.562. 11. No dealer shall enter into a contract under this section after December 31, 2020. Any contract entered into prior to December 31, 2020, shall be enforceable as provided in this section. This section shall be repealed effective December 31, 2020. ---------- (L. 2015 S.B. 456, A.L. 2018 S.B. 707, A.L. 2020 H.B. 1963) Expires 12-31-20

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.215. Certificate of title on repossession under mortgage, issuance — contents — application — notice — rulemaking authority. —1. When the holder of any indebtedness secured by a security agreement or other contract for security covering a motor vehicle or trailer, who has a notice of lien on file with the director of revenue, repossesses the motor vehicle or trailer either by legal process or in accordance with the terms of a contract authorizing the repossession of the vehicle without legal process, the holder may obtain a certificate of ownership from the director of revenue upon presentation of: (1) An application form furnished by the director of revenue that shall contain a full description of the motor vehicle or trailer and the manufacturer's or other identifying number; (2) A notice of lien receipt or the original certificate of ownership reflecting the holder's lien; and (3) An affidavit of the holder, certified under penalties of perjury for making a false statement to a public official, that the debtor defaulted in payment of the debt, and that the holder repossessed the motor vehicle or trailer either by legal process or in accordance with the terms of the contract, and the specific address where the vehicle or trailer is held. Such affidavit shall also state that the lienholder has the written consent from all owners or lienholders of record to repossess the vehicle or has provided all the owners or lienholders with written notice of the repossession. 2. On a motor vehicle or trailer, the lienholder shall first give: (1) Ten days' written notice by first class United States mail postage prepaid to each of the owners and other lienholders, if any, of the motor vehicle or trailer at each of their last mailing addresses as shown by the last prior certificate of ownership, if any issued, or the most recent address on the lienholder's records, that an application for a repossessed title will be made; or (2) The lienholder may, ten days prior to applying for a repossession title, include the information in the above notice in the appropriate uniform commercial code notice under sections 400.9-613 or 400.9-614. Such alternative notice to all owners and lienholders shall be valid and enforceable under both the uniform commercial code and this section, provided it otherwise complies with the provisions of the uniform commercial code. 3. Upon the holder's presentation of the papers required by subsection 1 of this section and the payment of a fee of ten dollars, the director of revenue, if he is satisfied with the genuineness of the papers, shall issue and deliver to the holder a certificate of ownership which shall be in its usual form except it shall be clearly captioned "Repossessed Title". Each repossessed title so issued shall, for all purposes, be treated as an original certificate of ownership and shall supersede the outstanding certificate of ownership, if any, and duplicates thereof, if any, on the motor vehicle or trailer, all of which shall become null and void. 4. In any case where there is no certificate of ownership or duplicate thereof outstanding in the name of the debtor on the repossessed motor vehicle or trailer, the director of revenue shall issue a repossessed title to the holder and shall proceed to collect all unpaid fees, taxes, charges and penalties from the debtor as provided in section 301.190. 5. The director of revenue may prescribe rules and regulations for the effective administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule

proposed or adopted after August 28, 2005, shall be invalid and void. ---------- (L. 1955 p. 618, A.L. 1965 pp. 114, 470, A.L. 1984 H.B. 1045, A.L. 1989 H.B. 211, A.L. 2005 H.B. 487, A.L. 2006 S.B. 892) (1974) Repossession proceedings under this section held not to involve sufficient state action to authorize cause of action under federal civil rights act. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.227. Salvage certificate of title mandatory or optional, when — issuance, fee — junking certificate issued or rescinded, when — inoperable vehicle for ten years, scrap metal operator may purchase without title. —1. Whenever a vehicle is sold for salvage, dismantling or rebuilding, the purchaser shall forward to the director of revenue within ten days the certificate of ownership or salvage certificate of title and the proper application and fee of eight dollars and fifty cents, and the director shall issue a negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On vehicles purchased during a year that is no more than six years after the manufacturer's model year designation for such vehicle, it shall be mandatory that the purchaser apply for a salvage title. On vehicles purchased during a year that is more than six years after the manufacturer's model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is sold for destruction and a salvage certificate of title, junking certificate, or certificate of ownership exists, the seller, if licensed under sections 301.217 to 301.221, shall forward the certificate to the director of revenue within ten days, with the notation of the date sold for destruction and the name of the purchaser clearly shown on the face of the certificate. 2. Whenever a vehicle is classified as junk, as defined in section 301.010, the purchaser may forward to the director of revenue a properly completed application for a junking certificate as well as the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate to the purchaser of the vehicle. The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such junking certificate may be granted within thirty days of the submission of a request. A junking certificate shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap, or junk. 3. For any vehicle issued a junking certificate or such similar document or classification pursuant to the laws of another state, regardless of whether such designation has been subsequently changed by law in any other state, the department shall only issue a junking certificate, and a salvage certificate of title or original certificate of ownership shall not thereafter be issued for such vehicle. Notwithstanding the provisions of this subsection, if the vehicle has not previously been classified as a junk vehicle, the applicant making the original junking certification application shall, within ninety days, be allowed to rescind his application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in his name. The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer. 4. No scrap metal operator shall acquire or purchase a

motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of ownership or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221. 5. All titles and certificates required to be received by scrap metal operators from nonlicensees shall be forwarded by the operator to the director of revenue within ten days of the receipt of the vehicle or parts. 6. The scrap metal operator shall keep a record, for three years, of the seller's name and address, the salvage business license number of the licensee, date of purchase, and any vehicle or parts identification numbers open for inspection as provided in section 301.225. 7. Notwithstanding any other provision of this section, a motor vehicle dealer as defined in section 301.550 and licensed under the provisions of sections 301.550 to 301.572*may negotiate one reassignment of a salvage certificate of title on the back thereof. 8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190. Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records. 9. Notwithstanding subsection 4 of this section or any other provision of the law to the contrary, if a motor vehicle is inoperable and is at least ten model years old, or the parts are from a motor vehicle that is inoperable and is at least ten model years old, a scrap metal operator may purchase or acquire such motor vehicle or parts without receiving the original certificate of ownership, salvage certificate of title, or junking certificate from the seller of the vehicle or parts, provided the scrap metal operator verifies with the department of revenue, via the department's online record access, that the motor vehicle is not subject to any recorded security interest or lien and the scrap metal operator complies with the requirements of this subsection. In lieu of forwarding certificates of title or ownership for such motor vehicles as required by subsection 5 of this section, the scrap metal operator shall forward a copy of the seller's state identification card along with a bill of sale to the department of revenue. The bill of sale form shall be designed by the director and such form shall include, but not be limited to, a certification that the motor vehicle is at least ten model years old, is inoperable, is not subject to any recorded security interest or lien, and a certification by the seller that the seller has the legal authority to sell or otherwise transfer the seller's interest in the motor vehicle or parts. Upon receipt of the information required by this subsection, the department of revenue shall cancel any certificate of title or ownership and registration for the motor vehicle. If the motor vehicle is inoperable and at least twenty model years old, then the scrap metal operator shall not be required to verify with the department of revenue whether the motor vehicle is subject to any recorded security interests or liens. As used in this subsection, the term"inoperable"means a motor vehicle that is in a rusted, wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically inoperative condition and the vehicle's highest and best use is for scrap purposes. The director of the department of revenue is directed to promulgate rules and regulations to implement and administer the provisions of this section, including but not limited to, the development of a uniform bill of sale. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void. ---------- (L. 1979 H.B. 78 § 9, A.L. 1983 H.B. 149, et al., A.L. 1984 S.B. 648 Revision, H.B. 1045, A.L. 1986 H.B. 1367 & 1573, A.L. 1988 H.B. 1581, A.L. 1990 H.B. 1279, A.L. 2004 S.B. 1233, et al., A.L. 2007 S.B. 82, A.L. 2012 H.B. 1150, A.L. 2015 H.B. 686, A.L. 2017 S.B. 8 merged with S.B. 222 merged with S.B. 225) *Section 301.572 was repealed in 1997 by H.B. 207.

(2) If any state permits or requires the licensing of fleets of motor vehicles and trailers or combinations thereof operated in interstate or combined interstate and intrastate commerce and payment of license taxes and other fixed fees thereon on an apportionment basis commensurate with and determined by the miles traveled on and the use made of said state's highways or any other equitable basis of apportionment, and exempts equipment registered in other states under such apportionment basis from its own registration and other fixed fees, then said Missouri highway reciprocity commission may by agreement adopt such exemptions with respect to motor vehicles and trailers, which agreement may, under such terms, conditions and restrictions as the commission deems proper, provide that owners and operators of motor vehicles and trailers operated in interstate or combined interstate and intrastate commerce in Missouri shall be required to pay registration and other fees on an apportionment basis commensurate with

and determined by the miles traveled on and the use made of Missouri highways, or any other equitable basis of apportionment, and shall provide a fair and equitable formula for apportionment whereby there shall be registered in Missouri and the Missouri registration fees paid and applied to a proper proportion of said motor vehicles and trailers operated in the fleet. (3) Such agreements may authorize the granting of reciprocal privileges to an owner for vehicles which are not licensed in the state, District of Columbia, territory or possession of the United States, foreign country, or other place of such owner's residence when such owner maintains a bona fide place of business in a state, District of Columbia, territory or possession of the United States, foreign country or other place other than his residence and such vehicle is in fact based at such a place of business and is principally operated into and out of such a place of business as a terminal of its operation and such vehicle is duly licensed in the state, District of Columbia, territory or possession of the United States, foreign country, or other place where such place of business is located. Before reciprocal privileges are granted to an owner under such agreement authorized by this subsection, the commission may, under such conditions and terms as it deems advisable, require such owner to apply for a basing point permit which, among other things, shall name the state, District of Columbia, territory or possession of the United States, foreign country, or other place in which such vehicle is to be licensed. 2. Any agreement entered into by the commission shall require that the operator of any vehicle for which reciprocal privileges are claimed must have in his possession a valid and legal registration certificate or other evidence of proper registration issued for such vehicle by the state or other jurisdiction in which it is registered. 3. Notwithstanding section 301.090, fees collected by the commission which are subject to prorating under this section shall be immediately transmitted to the treasurer of the state for deposit to the credit of the state highway department fund except that part of such fees to be paid to other states under a reciprocal agreement shall be placed in a special fund designated a "reciprocity fund." The commission shall not less frequently*than once each month direct the payment of, and the treasurer shall pay, the reciprocal fees to the appropriate state or states. All income derived from the investment of the "reciprocity fund" by the treasurer shall be credited to the highway department fund. 4. Notwithstanding any other provision of law, no reciprocity shall be granted under any statute or agreement for the operation of any commercial motor vehicle within the state of Missouri solely in intrastate commerce, but all vehicles so engaged must be duly registered and licensed in the state of Missouri. ---------- (L. 1958 2d Ex. The monthly sales report shall be completed in full and signed by an officer, partner, or owner of the dealership, and actually received by the department of revenue on or before the fifteenth day of the month succeeding the month for which the sales are being reported. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.340. Municipal licenses — fees — carrier occupation taxes — election for increase in levy. —1. Municipalities, by ordinance, may levy and collect license taxes from the owners of and dealers in motor vehicles, residing in such municipalities, and may require the display of license plates or stickers. Municipal license taxes, including the cost of plates, stickers and notarial fees shall not exceed the amounts in effect on September 28, 1985, or the amounts approved by the voters of the municipality on or after September 28, 1985, whichever is greater. 2. Upon approval of the voters of any city, the amount of the motor vehicle license tax imposed by such city shall be: (1) Uniform for all motor vehicles; or (2) At three different rates for passenger cars, trucks, and motorcycles; or (3) At rates which are based on the horsepower of motor vehicles other than commercial motor vehicles and the tonnage of commercial motor vehicles. 3. Other provisions of the law to the contrary notwithstanding, any motor vehicle license tax imposed by any city may, by ordinance recommended by the license collector of such city, be included as a charge on bills issued for personal property taxes and may be collected, with and in the same payment as personal property taxes, by the collector of revenue. The collector of revenue may collect delinquent receipts of such motor vehicle license taxes, and penalties thereon, in the same manner and form as provided by law for the collection of delinquent ad valorem property taxes. 4. No municipal license tax shall be collected from a resident of any municipality for motor vehicles used exclusively outside of such municipality, and that fact may be shown by an affidavit of the motor vehicle owner for the purpose of securing a state registration certificate without producing a receipt for municipal license taxes. Municipalities may impose occupation taxes on the business of transporting passengers, freight and merchandise for hire carried on within their limits, and may measure such taxes by the number of motor vehicles engaged in such transportation. 6. At no time shall any municipality propose a percentage increase in the municipal license tax on commercial motor vehicles higher than that of other motor vehicles. 7. In lieu of the license tax prescribed pursuant to this section, the governing body of any city in which the voters of the city have approved such a license tax may submit to the qualified voters of the city a proposal to either increase the city property tax levy imposed pursuant to sections 94.010 to 94.330 or increase the city sales tax levied pursuant to sections 94.510 to 94.550 by an amount to generate approximately the same amount of revenue as the license tax prescribed by this section generates. No such proposal shall become effective unless and until the majority of the qualified voters in the city approve such proposal at a citywide election held for such purpose. Any proposal approved by the voters shall cause the property or sales tax to increase by the approved amount and shall cause the motor vehicle license tax imposed pursuant to this section to be eliminated in that city. ---------- (RSMo 1939 § 8369, A.L. 1943 p. 663, A.L. 1945 p. 1194; RSMo 1939 § 8395, A.L. 1943 p. 659; A. 1949 S.B. 1110, A.L. 1955 p. 617, A.L. 1957 p. 628, A.L. 1985 S.B. 188, A.L. 1993 S.B. 376) (1954) Ordinance making license tax collectible from an "operator or person having control of" an automobile is not

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.558. Dealer may fill in blanks on standardized forms, when — fee authorized, fund created — preliminary worksheet on computation of sale price, requirements. —1. A motor vehicle dealer, boat dealer, or powersport dealer may fill in the blanks on standardized forms in connection with the sale or lease of a new or used motor vehicle, vessel, or vessel trailer if the motor vehicle dealer, boat dealer, or powersport dealer does not charge for the services of filling in the blanks or otherwise charge for preparing documents. 2. A motor vehicle dealer, boat dealer, or powersport dealer may charge an administrative fee in connection with the sale or lease of a new or used motor vehicle, vessel, or

vessel trailer for the storage of documents or any other administrative or clerical services not prohibited by this section. A portion of the administrative fee may result in profit to the motor vehicle dealer, boat dealer, or powersport dealer. *3. (1) Ten percent of any fee authorized under this section and charged by motor vehicle dealers shall be remitted to the motor vehicle administration technology fund established in this subsection, for the development of the system specified in this subsection. Following the development of the system specified in this subsection, the director of the department of revenue shall notify motor vehicle dealers and implement the system, and the percentage of any fee authorized under this section required to be remitted to the fund shall be reduced to one percent, which shall be used for maintenance of the system. This subsection shall expire on January 1, 2037. (2) There is hereby created in the state treasury the "Motor Vehicle Administration Technology Fund", which shall consist of money collected as specified in this subsection. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the purpose of development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles. (3) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. (4) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. 4. No motor vehicle dealer, boat dealer, or powersport dealer that sells or leases new or used motor vehicles, vessels, or vessel trailers and imposes an administrative fee of five hundred dollars or less in connection with the sale or lease of a new or used vehicle, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services shall be deemed to be engaging in the unauthorized practice of law. The maximum administrative fee permitted under this subsection shall be increased annually by an amount equal to the percentage change in the annual average of the Consumer Price Index for All Urban Consumers or its successor index, as reported by the federal Bureau of Labor Statistics or its successor agency, or by zero, whichever is greater. The director of the department of revenue shall annually furnish the maximum administrative fee determined under this section to the secretary of state, who shall publish such value in the Missouri Register as soon as practicable after January fourteenth of each year. 5. If an administrative fee is charged under this section, the same administrative fee shall be charged to all retail customers unless the fee is limited by the dealer's franchise agreement to certain classes of customers. The fee shall be disclosed on the retail buyer's order form as a separate itemized charge. 6. A preliminary worksheet on which a sale price is computed and that is shown to the purchaser, a retail buyer's order form from the purchaser, or a retail installment contract shall include, in reasonable proximity to the place on the document where the administrative fee authorized by this section is disclosed, the amount of the administrative fee and the following notice in type that is boldfaced, capitalized, underlined, or otherwise conspicuously set out from the surrounding written material: "AN ADMINISTRATIVE FEE IS NOT AN OFFICIAL FEE AND IS NOT REQUIRED BY LAW BUT MAY BE CHARGED BY A DEALER. THIS ADMINISTRATIVE FEE MAY RESULT IN A PROFIT TO DEALER. NO PORTION OF THIS ADMINISTRATIVE FEE IS FOR THE DRAFTING, PREPARATION, OR COMPLETION OF DOCUMENTS OR THE PROVIDING OF LEGAL ADVICE. THIS NOTICE IS REQUIRED BY LAW.". 7. The general assembly believes that an administrative fee charged in compliance with this section is not the unauthorized practice of law or the unauthorized business of law so long as the activity or service for which the fee is charged is in compliance with the provisions of this section and does not result in the waiver of any rights or remedies. Recognizing, however, that the judiciary is the sole arbitrator of what constitutes the practice of law, in the event that a court determines that an administrative fee charged in compliance with this section, and that does not waive any rights or remedies of the buyer, is the unauthorized practice of law or the unauthorized business of law, then no person who paid that administrative fee may recover said fee or treble damages, as permitted under section 484.020, and no person who charged that fee shall be guilty of a misdemeanor, as provided under section 484.020. ---------- (L. 2009 S.B. 355, A.L. 2021 S.B. 176) *Subsection 3 expires 1-01-37.

The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured. The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid at the order of the department and in the amount determined by the department to any buyer or interested lienholder up to the greater of the amount required for the release of the purchase money lien or the sales price paid by the buyer where a dealer has failed to fulfill the dealer's obligations under an agreement to assign and deliver title to the buyer within thirty days under a contract entered into pursuant to subsection 5 of section 301.210. The department shall direct release of the bond or irrevocable letter of credit proceeds upon presentation of a written agreement entered into pursuant to subsection 5 of section 301.210, copies of the associated sales and finance documents, and the affidavit or affidavits of the buyer or lienholder stating that the certificate of title with assignment thereof has not been passed to the buyer within thirty days of the date of the contract entered into under subsection 5 of section 301.210, that the dealer has not fulfilled the agreement under the contract to repurchase the vehicle, that the buyer or the lienholder has notified the dealer of the claim on the bond or letter of credit, and the amount claimed by the purchaser or lienholder. In addition, prior to directing release and payment of the proceeds of a bond or irrevocable letter of credit, the department shall ensure that there is satisfactory evidence to establish that the vehicle which is subject to the written agreement has been returned by the buyer to the dealer or that the buyer has represented to the department that the buyer will surrender possession of the vehicle to the dealer upon payment of the proceeds of the bond or letter of credit directed by the department. Excepting ordinary wear and tear or mechanical failures not caused by the buyer, the amount of proceeds to be paid to the buyer under the bond or irrevocable letter of credit shall be reduced by an amount equivalent to any damage, abuse, or destruction incurred by the vehicle while the vehicle was in the buyer's possession as agreed between the buyer and the dealer. The dealer may apply to a court of competent jurisdiction to contest the claim on the bond or letter of credit, including the amount of the claim and the amount of any adjustment for any damage, abuse, or destruction, by filing a petition with the court within thirty days of the notification by the buyer or lienholder. If the dealer does not fulfill the agreement or file a petition to request judicial relief from the terms of the agreement or contest the amount of the claim, the bond or letter of credit shall be released by the department and directed paid in the amount or amounts presented by the lienholder or buyer; (4) Payment of all necessary license fees as established by the department. The sale of vehicles at off-site sales shall be limited to sales by a seller of vehicles used and titled solely in its ordinary course of business, and such sales shall be held in conjunction with a credit union and limited to members of the credit union, thus constituting a private sale to be advertised to members only. 3. Off-site sales by a seller of vehicles used and titled solely in its ordinary course of business may also be held in conjunction with other financial institutions provided that any such sale event shall be held on the premises of the financial institution, and sales shall be limited to persons who were customers of the financial institution prior to the date of the sale event. Off-site sales held with such other financial institutions shall be limited to one sale per year per institution. 4. A motor vehicle dealer may participate in up to two off-premise motor vehicle shows or sales annually and conduct sales of motor vehicles away from the dealer's registered place of business, which for purposes of this section shall be considered off-premise events provided the following: (1) The off-premise event shall be conducted for not more than five consecutive days; (2) The off-premise event shall not require any motor vehicle dealer participant to pay an unreasonably prohibitive participation fee: (a) Participation fees may include those costs reasonably necessary for the off-premise event such as rental of real property and provision of insurance coverage; (b) If a participation fee is required, the fee shall be the same for all motor vehicle dealers participating in the event, but in no event shall any participation fee exceed five hundred dollars per participant; (3) A majority of motor vehicle dealers within a class of dealers described in subsection 3 of section 301.550 that are located within the city or town in which the off-premise event is situated participate in the event or are notified via mail or electronic means and have the opportunity to participate in the event; (4) A majority of motor vehicle dealers within a class of dealers described in subsection 3 of section 301.550 that are located within a ten-mile radius of the location of the off-premise event participate in the event or are notified via mail or electronic means and have the opportunity to participate in the event; (5) Notices provided pursuant to subdivisions (3) and (4) of this subsection shall be provided not less than forty-five days before the off-premise event is to take place and invited dealers shall be given at least five business days to respond to the notice; (6) The organizer of the off-premise event shall provide a copy of the notices issued pursuant to subdivisions (3) and (4) of this subsection to the director at the time they are mailed or electronically transmitted to the prospective participants; and (7) No motor vehicle dealer shall participate in any off-premise event that is more than ten miles from its licensed location. 5. Provided the requirements of this section are met, the department shall consider such events to be proper in all respects and as if each dealer participant was conducting business at the dealer's usual business location. Nothing contained in this section shall be construed as applying to the sale of motor vehicles or trailers through either a wholesale motor vehicle auction or public motor vehicle auction. A recreational motor vehicle dealer, as classified by subdivision (5) of subsection 3 of section 301.550, may participate in an off-premise event even if a majority of recreational motor vehicle dealers in a city or town do not participate in the event. 6. A recreational vehicle dealer, as that term is defined in section 700.010, who is licensed in another state may participate in recreational vehicle shows or exhibits with recreational vehicles within this state in which less than fifty dealers participate as exhibitors with permission of the dealer's licensed manufacturer if all of the following conditions exist: (1) The show or exhibition has a minimum of ten recreational vehicle dealers licensed as motor vehicle dealers in this state; (2) More than fifty percent of the participating recreational vehicle dealers are licensed motor vehicle dealers in this state; and (3) The state in which the recreational vehicle is licensed is a state contiguous to Missouri and the state permits recreational vehicle dealers licensed in Missouri to participate in recreational vehicle shows in such state pursuant to conditions substantially equivalent to the conditions which are imposed on dealers from such state who participate in recreational vehicle shows in Missouri. 7. A recreational vehicle dealer licensed in another state may participate in a vehicle show or exhibition in Missouri which has, when it opens to the public, at least fifty dealers displaying recreational vehicles if the show or exhibition is trade-oriented and is predominantly funded by recreational vehicle manufacturers. All of the participating dealers who are not licensed in Missouri shall be licensed as recreational vehicle dealers by the state of their residence. 8. A recreational vehicle dealer licensed in another state who intends to participate in a vehicle show or exhibition in this state shall send written notification of such intended participation to the department of revenue at least thirty days prior to the vehicle show or exhibition. Upon receipt of such written notification, the department of revenue shall make a determination regarding compliance with the provisions of this section. If such recreational vehicle dealer would be unable to participate in the vehicle show or exhibition in this state pursuant to this section, the department of revenue shall notify the recreational vehicle dealer at least fifteen days prior to the vehicle show or exhibition of the inability to participate in the vehicle show or exhibition in this state. 9. The department may assess a fine of up to one thousand dollars for the

off-premise sale or display of any motor vehicle in violation of this section. ---------- (L. 1988 H.B. 1512 § 9, A.L. 1993 S.B. 35, A.L. 1996 S.B. 560, A.L. 1997 H.B. 207, A.L. 2004 H.B. 1288 and S.B. 1233, et al., A.L. 2007 S.B. 82, A.L. 2018 S.B. 707, A.L. 2022 H.B. 2416)

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.567. Advertising standards, violation of, when. —1. For purposes of this section, a violation of any of the following advertising standards shall be deemed an attempt by the advertising dealer to obtain a fee or other compensation by fraud, deception or misrepresentation in violation of section 301.562: (1) A motor vehicle shall not be advertised as new, either by express terms or implication, unless it is a new motor vehicle as defined in section 301.550; (2) When advertising any motor vehicle which is not a new motor vehicle, such advertisement must expressly identify that the motor vehicle is a used motor vehicle by express use of the term "used", or by such other term as is commonly understood to mean that the vehicle is used; (3) Any terms, conditions, and disclaimers relating to the advertised motor vehicle's price or financing options shall be stated clearly and conspicuously. An asterisk or other reference symbol may be used to point to a disclaimer or other information, but not be used as a means of contradicting or changing the meaning of an advertised statement; (4) The expiration date, if any, of an advertised sale or vehicle price shall be clearly and conspicuously disclosed. In the absence of such disclosure, the advertised sale or vehicle price shall be deemed effective so long as such vehicles remain in the advertising dealership's inventory; (5) The terms "list price", "sticker price", or "suggested retail price" shall be used only in reference to the manufacturer's suggested retail price for new motor vehicles, and, if used, shall be accompanied by a clear and conspicuous disclosure that such terms represent the manufacturer's suggested retail price of the advertised vehicle; (6) Terms such as "at cost", "$_____ above cost", "invoice price", and "$_____ below/over invoice" shall not be used in advertisements because of the difficulty in determining a dealer's actual net cost at the time of the sale; (7) When the price or financing terms of a motor vehicle are advertised, the vehicle shall be fully identified as to year, make, and model. In addition, in advertisements placed by individual dealers and not line-make marketing groups, the advertised price or credit terms shall include all charges which the buyer must pay to the dealer, except buyer-selected options and state and local taxes. If a processing fee or freight or destination charges are not included in the advertised price, the amount of any such processing fee and freight or destination charge must be clearly and conspicuously disclosed within the advertisement; (8) Advertisements of dealer rebates shall not be used, however, this shall not be deemed to prohibit the advertising of manufacturer rebates, so long as all material terms of such rebates are clearly and conspicuously disclosed; (9) "Free" or "at no cost" shall not be used if any purchase is required to qualify for the free item, merchandise, or service; (10) Bait advertising, in which an advertiser may have no intention to sell at the prices or terms advertised, shall not be used. Bait advertising shall include, but not be limited to, the following examples: (a) Not having available for sale the advertised motor vehicles at the advertised prices. If a specific vehicle is advertised, the dealer shall be in possession of a reasonable supply of such vehicles, and they shall be available at the advertised price. If the advertised vehicle is available only in limited numbers or only by order, such limitations shall be stated in the advertisement; (b) Advertising a motor vehicle at a specified price, including such terms as "as low as $_____", but having available for sale only vehicles equipped with dealer-added cost options which increase the selling price above the advertised price; (11) Any reference to monthly payments, down payments, or other reference to financing or leasing information shall be accompanied by a clear and conspicuous disclosure of the following: (a) Whether the payment or other information relates to a financing or a lease transaction; (b) If the payment or other information relates to a financing transaction, the minimum down payment, annual percentage interest rate, and number of payments necessary to obtain the advertised payment amount must be disclosed, in addition to any special qualifications required for obtaining the advertised terms including, but not limited to, first-time buyer discounts, college graduate discounts, and a statement concerning whether the advertised terms are subject to credit approval; (c) If the payment or other information relates to a lease transaction, the total amount due from the purchaser at signing with such costs broken down and identified by category, lease term expressed in number of months, whether the lease is closed-end or open-end, and total cost to the lessee over the lease term in dollars; (12) Any advertisement which states or implies that the advertising dealer has a special arrangement or relationship with the distributor or manufacturer, as compared to similarly situated dealers, shall not be used; (13) Any advertisement which, in the circumstances under which it is made or applied, is false, deceptive, or misleading shall not be used; (14) No abbreviations for industry words or phrases shall be used in any advertisement unless such abbreviations are accompanied by the fully spelled or spoken words or phrases. 2. The requirements of this section shall apply regardless of whether a dealer advertises by means of print, broadcast, or electronic media, or direct mail. If the advertisement is by means of a broadcast or print media, a dealer may provide the disclaimers and disclosures required under subdivision (3) of subsection 1 of this section by reference to an internet web page or toll-free telephone number containing the information required to be disclosed. 3. Dealers shall clearly and conspicuously identify themselves in each advertisement by use of a dealership name which complies with subsection 6 of section 301.560. ---------- (L. 2002 H.B. 2008, A.L. 2005 H.B. 487, A.L. 2007 S.B. 82, A.L. 2012 H.B. 1402)

dealer to another who is franchised to sell the same make of new motor vehicles by assignment of the manufacturer's statement of origin. Such exchange shall not be deemed to be a sale and shall not require the motor vehicle dealer to register and make application for a certificate of ownership as set out in this chapter. However, when an exchange by assignment of the manufacturer's statement of origin is between a new motor vehicle franchise dealer and another motor vehicle dealer who has a franchise for a different make of motor vehicle or a motor vehicle dealer who is not a new motor vehicle franchise dealer, the transaction shall be deemed a sale and shall void the resale of that motor vehicle as a new motor vehicle, and it shall be unlawful for any motor vehicle dealer to hold forth, offer for sale, advertise or sell such motor vehicle as a new motor vehicle. A motor vehicle dealer shall not assign ownership on any vehicle in a retail sale by the assignment of a manufacturer's statement of origin unless he is franchised by the manufacturer to sell that particular make of vehicle; however, this provision shall not take effect if the motor vehicle dealer and the manufacturer are in the process of negotiating a new franchise agreement, or the motor vehicle dealer has filed a timely protest to the manufacturer or appealed under section 407.825 of the motor vehicle franchise practices act. A separate application is required for each special event motor vehicle auction. 6. At least ninety percent of the vehicles being auctioned at a special event motor vehicle auction shall be ten years old or older. The licensee shall, within ten days of the conclusion of a special event motor vehicle auction, submit a report in the form approved by the director to the department that includes the make, model, year, and vehicle identification number of each vehicle included in the auction. The applicant for the special event motor vehicle auction shall be responsible for ensuring that a sales tax license or special event sales tax license is obtained for the event if one is required. 8. Every applicant for a special event motor vehicle auction license shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-102 issued by any state or federal financial institution in the penal sum of one hundred thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the applicant complying with the provisions of the statutes applicable to a special event auction license holder and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the revocation or denial of a special event auction license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary. The aggregate liability of the surety or financial institution to the aggrieved parties shall not exceed the amount of the bond or irrevocable letter of credit. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void. ---------- (L. 2012 H.B. 1402 and S.B. 470, A.L. 2014 H.B. 1245)

2024 Missouri Revised StatutesTitle XIX - Motor Vehicles, Watercraft and AviationChapter 301 - Registration and Licensing of Motor VehiclesSection 301.600 - Liens and encumbrances, how perfected — effect of on vehicles and trailers brought into state — security procedures for verifying electronic notices.

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 301 301.600. Liens and encumbrances, how perfected — effect of on vehicles and trailers brought into state — security procedures for verifying electronic notices. —1. Unless excepted by section 301.650, a lien or encumbrance on a motor vehicle or trailer, as defined by section 301.010, is not valid against subsequent transferees or lienholders of the motor vehicle or trailer who took without knowledge of the lien or encumbrance unless the lien or encumbrance is perfected as provided in sections 301.600 to 301.660. 2. Subject to the provisions of section 301.620, a lien or encumbrance on a motor vehicle or trailer is perfected by the delivery to the director of revenue of a notice of a lien in a format as prescribed by the director of revenue. The notice of lien is perfected as of the time of its creation if the delivery of such notice to the director of revenue is completed within thirty days thereafter, otherwise as of the time of the delivery. A notice of lien shall contain the name and address of the owner of the motor vehicle or trailer and the secured party, a description of the motor vehicle or trailer, including the vehicle identification number, and such other information as the department of revenue may prescribe. A notice of lien substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading. Provided the lienholder submits complete and legible documents, the director of revenue shall mail confirmation or electronically confirm receipt of such notice of lien to the lienholder as soon as possible, but no later than fifteen business days after the filing of the notice of lien. 3. Notwithstanding the provisions of section 301.620, on a refinance by a different lender of a prior loan secured by a motor vehicle or trailer a lien is perfected by the delivery to the director of revenue of a notice of lien completed by the refinancing lender in a format prescribed by the director of revenue. 4. To perfect a subordinate lien, the notice of lien must be accompanied by the documents required to be delivered to the director pursuant to subdivision (3) of section 301.620. 5. Liens may secure future advances. The future advances may be evidenced by one or more notes or other documents evidencing indebtedness and shall not be required to be executed or delivered prior to the date of the future advance lien securing them. The fact that a lien may secure future advances shall be clearly stated on the security agreement and noted as "subject to future advances" on the notice of lien and noted on the certificate of ownership if the motor vehicle or trailer is subject to only one notice of lien. To secure future advances when an existing lien on a motor vehicle or trailer does not secure future advances, the lienholder shall file a notice of lien reflecting the lien to secure future advances. A lien to secure future advances is perfected in the same time and manner as any other lien, except as follows: proof of the lien for future advances is maintained by the department of revenue; however, there shall be additional proof of such lien when the notice of lien reflects such lien for future advances, is receipted for by the department of revenue, and returned to the lienholder. 6. If a motor vehicle or trailer is subject to a lien or encumbrance when brought into this state, the validity and effect of the lien or encumbrance is determined by the law of the jurisdiction where the motor vehicle or trailer was when the lien or encumbrance attached, subject to the following: (1) If the parties understood at the time the lien or encumbrance attached that the motor vehicle or trailer would be kept in this state and it was brought into this state within thirty days thereafter for purposes other than transportation through this state, the validity and effect of the lien or encumbrance in this state is determined by the law of this state; (2) If the lien or encumbrance was perfected pursuant to the law of the jurisdiction where the motor vehicle or trailer was when the lien or encumbrance attached, the following rules apply: (a) If the name of the lienholder is shown on an existing certificate of title or ownership issued by that jurisdiction, the lien or

encumbrance continues perfected in this state; (b) If the name of the lienholder is not shown on an existing certificate of title or ownership issued by that jurisdiction, the lien or encumbrance continues perfected in this state three months after a first certificate of ownership of the motor vehicle or trailer is issued in this state, and also thereafter if, within the three-month period, it is perfected in this state.--The lien or encumbrance may also be perfected in this state after the expiration of the three-month period; in that case perfection dates from the time of perfection in this state; --The lien or encumbrance may also be perfected in this state after the expiration of the three-month period; in that case perfection dates from the time of perfection in this state; (3) If the lien or encumbrance was not perfected pursuant to the law of the jurisdiction where the motor vehicle or trailer was when the lien or encumbrance attached, it may be perfected in this state; in that case perfection dates from the time of perfection in this state; (4) A lien or encumbrance may be perfected pursuant to paragraph (b) of subdivision (2) or subdivision (3) of this subsection either as provided in subsection 2 or 4 of this section or by the lienholder delivering to the director of revenue a notice of lien or encumbrance in the form the director of revenue prescribes and the required fee. 7. By rules and regulations, the director of revenue shall establish a security procedure for the purpose of verifying that an electronic notice of lien or notice of satisfaction of a lien on a motor vehicle or trailer given as permitted in sections 301.600 to 301.640 is that of the lienholder, verifying that an electronic notice of confirmation of ownership and perfection of a lien given as required in section 301.610 is that of the director of revenue, and detecting error in the transmission or the content of any such notice. A security procedure may require the use of algorithms or other codes, identifying words or numbers, encryption, callback procedures or similar security devices. Any person at least fifteen years of age who, except for age or lack of instruction in operating a motor vehicle, would otherwise be qualified to obtain a license pursuant to sections 302.010 to 302.340 may apply for and the director shall issue a temporary instruction permit entitling the applicant, while having such permit in the applicant's immediate possession, to drive a motor vehicle of the appropriate class upon the highways for a period of twelve months, but any such person, except when operating a motorcycle or motortricycle, must be accompanied by a licensed operator for the type of motor vehicle being operated who is actually occupying a seat beside the driver for the purpose of giving instruction in driving the motor vehicle, who is at least twenty-one years of age, and in the case of any driver under sixteen years of age, the licensed operator occupying the seat beside the driver shall be a grandparent, parent, guardian, a person who is at least twenty-five years of age who has been licensed for a minimum of three years and has received written permission from the parent or legal guardian to escort or accompany the driver, a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or a qualified instructor of a private drivers' education program who has a valid driver's license. An applicant for a temporary instruction permit shall successfully complete a vision test and a test of the applicant's ability to understand highway signs which regulate, warn or direct traffic and practical knowledge of the traffic laws of this state, pursuant to section 302.173. In addition, beginning January 1, 2007, no permit shall be granted pursuant to this subsection unless a parent or legal guardian gives written permission by signing the application and in so signing, state they, or their designee as set forth in subsection 2 of this section, will provide a minimum of forty hours of behind-the-wheel driving instruction, including a minimum of ten hours of behind-the-wheel driving instruction that occurs during the nighttime hours falling between sunset and sunrise. The forty hours of behind-the-wheel driving instruction that is completed pursuant to this subsection may include any time that the holder of an instruction permit has spent operating a motor vehicle in a driver training program taught by a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the department of elementary and secondary education or by a qualified instructor of a private drivers' education program. If the applicant for a permit is enrolled in a federal residential job training program, the instructor, as defined in subsection 5 of this section, is authorized to sign the application stating that the applicant will receive the behind-the-wheel driving instruction required by this section. 2. In the event the parent, grandparent or guardian of the person under sixteen years of age has a physical disability which prohibits or disqualifies said parent, grandparent or guardian from being a qualified licensed operator pursuant to this section, said parent, grandparent or guardian may designate a maximum of two individuals authorized to accompany the applicant for the purpose of giving instruction in driving the motor vehicle. An authorized designee must be a licensed operator for the type of motor vehicle being operated and have attained twenty-one years of age. At least one of the designees must occupy the seat beside the applicant while giving instruction in driving the motor vehicle. The name of the authorized designees must be provided to the department of revenue by the parent, grandparent or guardian at the time of application for the temporary instruction permit. Such instruction permit shall entitle the applicant, when the applicant has such permit in his or her immediate possession, to operate a motor vehicle on the highways, but only when a driver training instructor holding a valid driver education endorsement on a teaching certificate issued by the state department of elementary and secondary education is occupying a seat beside the driver. 4. The director, in his or her discretion, may issue a temporary driver's permit to an applicant who is otherwise qualified for a license permitting the applicant to operate a motor vehicle while the director is completing the director's investigation and determination of all facts relative to such applicant's rights to receive a license. Such permit must be in the applicant's immediate possession while operating a motor vehicle, and it shall be invalid when the applicant's license has been issued or for good cause has been refused. 5. In the event the plaintiff prevails on any count of his or her claim, the plaintiff shall be entitled to recover reasonable attorney fees from the defendants. 10. The department of revenue may promulgate rules necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void. 11. Biometric data, digital images, source documents, and licensee signatures, or any copies of the same, required to be collected or retained to comply with the requirements of the federal REAL ID Act of 2005 shall be digitally retained for no longer than the minimum duration required to maintain compliance, and immediately thereafter shall be securely destroyed so as to make them irretrievable. 12. No agency, department, or official of this state or of any political subdivision thereof shall use, collect, obtain, share, or retain radio frequency identification data from a REAL ID compliant driver's license or identification card issued by a state, nor use the same to uniquely identify any individual. 13. Notwithstanding any provision of law to the contrary, the department of revenue shall not amend procedures for applying for a driver's license or identification card, nor promulgate any rule or regulation, for purposes of complying with modifications made to the federal REAL ID Act of 2005 after August 28, 2017, imposing additional requirements on applications, document retention, or issuance of compliant licenses or cards, including any rules or regulations promulgated under the authority granted under the federal REAL ID Act of 2005, as amended, or any requirements adopted by the American Association of Motor Vehicle Administrators for furtherance thereof. 14. If the federal REAL ID Act of 2005 is modified or repealed such that driver's licenses and identification cards issued by this state that are not compliant with the federal REAL ID Act of 2005 are once again sufficient for federal identification purposes, the department shall not issue a driver's license or identification card that complies with the federal REAL ID Act of 2005 and shall securely destroy, within thirty days, any source documents retained by the department for the purpose of compliance with such Act. ---------- (L. 2017 H.B. 151, A.L. 2018 S.B. 881, A.L. 2019 S.B. 89 merged with S.B. 368, A.L. 2020 H.B. 1963)

An application for a license shall be made upon an approved form furnished by the director. Every application shall state the full name, Social Security number, age, height, weight, color of eyes, sex, residence, mailing address of the applicant, and the classification for which the applicant has been licensed, and, if so, when and by what state, and whether or not such license has ever been suspended, revoked, or disqualified, and, if revoked, suspended or disqualified, the date and reason for such suspension, revocation or disqualification and whether the applicant is making a one or more dollar donation to promote an organ donation program as prescribed in subsection 2 of this section, to promote a blindness education, screening and treatment program as prescribed in subsection 3 of this section, or the Missouri medal of honor recipients fund prescribed in subsection 4 of this section. A symbol may be placed on the front of the license or identification card indicating the applicant's desire to be listed in the registry at the applicant's request at the time of his or her application for a driver's license or identification card, or the applicant may instead request an organ donor sticker from the department of health and senior services by application on the department of health and senior services' website. Upon receipt of an organ donor sticker sent by the department of health and senior services, the applicant shall place the sticker on the back of his or her driver's license or identification card to indicate that he or she has made an anatomical gift. The donation prescribed in this subsection is voluntary and may be refused by the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection. 5. Beginning July 1, 2005, the director shall deny the driving privilege of any person who commits fraud or deception during the examination process or who makes application for an instruction permit, driver's license, or nondriver's license which contains or is substantiated with false or fraudulent information or documentation, or who knowingly conceals a material fact or otherwise commits a fraud in any such application. The period of denial shall be one year from the effective date of the denial notice sent by the director. The denial shall become effective ten days after the date the denial notice is mailed to the person. The notice shall be mailed to the person at the last known address shown on the person's driving record. The notice shall be deemed received three days after mailing unless returned by the postal authorities. No such individual shall reapply for a driver's examination, instruction permit, driver's license, or nondriver's license until the period of denial is completed. Notwithstanding any other provision of this chapter, if an applicant does not meet the requirements of subsection 9 of this section and does not have the required documents to prove Missouri residency, United States naturalization, or lawful immigration status, the department may issue a one-year driver's license renewal. This one-time renewal shall only be issued to an applicant who previously has held a Missouri noncommercial driver's license, noncommercial instruction permit, or nondriver's license for a period of fifteen years or more and who does not have the required documents to prove Missouri residency, United States naturalization, or lawful immigration status. Any active member of the Armed Forces, their adult dependents or any active member of the Peace Corps may apply for a renewal license without examination of any kind, unless otherwise required by sections 302.700 to 302.780, provided the renewal application shows that the previous license had not been suspended or revoked. Any person honorably discharged from the Armed Forces of the United States who held a valid license prior to being inducted may apply for a renewal license within sixty days after such person's honorable discharge without submitting to any examination of such person's ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780, other than the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. No applicant for a renewal license shall be required to submit to any examination of his or her ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, other than a test of the applicant's ability to understand highway signs regulating, warning or directing traffic and the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. The examination shall be made available in each county. Reasonable notice of the time and place of the examination shall be given the applicant by the person or officer designated to conduct it. The complete examination shall include a test of the applicant's natural or corrected vision as prescribed in section 302.175, the applicant's ability to understand highway signs regulating, warning or directing traffic, the applicant's practical knowledge of the traffic laws of this state, and an actual demonstration of ability to exercise due care in the operation of a motor vehicle of the classification for which the license is sought. When an applicant for a license has a license from a state which has requirements for issuance of a license comparable to the Missouri requirements or a license from a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 and such license has not expired more than six months prior to the date of application for the Missouri license, the director may waive the test of the applicant's practical knowledge of the traffic laws of this state, and the requirement of actual demonstration of ability to exercise due care in the operation of a motor vehicle. If the director has reasonable grounds to believe that an applicant is suffering from some known physical or mental ailment which ordinarily would interfere with the applicant's fitness to operate a motor vehicle safely upon the highways, the director may require that the examination include a physical or mental examination by a licensed physician of the applicant's choice, at the applicant's

expense, to determine the fact. The director shall prescribe regulations to ensure uniformity in the examinations and in the grading thereof and shall prescribe and furnish all forms to the members of the highway patrol and to other persons authorized to conduct examinations as may be necessary to enable the officer or person to properly conduct the examination. The records of the examination shall be forwarded to the director who shall not issue any license hereunder if in the director's opinion the applicant is not qualified to operate a motor vehicle safely upon the highways of this state. 2. Beginning July 1, 2005, when the examiner has reasonable grounds to believe that an individual has committed fraud or deception during the examination process, the license examiner shall immediately forward to the director all information relevant to any fraud or deception, including, but not limited to, a statement of the examiner's grounds for belief that the person committed or attempted to commit fraud or deception in the written, skills, or vision examination. 3. The director of revenue shall delegate the power to conduct the examinations required for a license or permit to any member of the highway patrol or any person employed by the highway patrol. The powers delegated to any examiner may be revoked at any time by the director of revenue upon notice. 4. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to 302.137 shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further practical knowledge or driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. The motorcycle rider training course completion shall be accepted for purposes of motorcycle license or endorsement issuance for one year from the date of course completion. 5. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a military motorcycle rider training course that meets or exceeds the Motorcycle Safety Foundation curriculum standards by an applicant who is an active member of the United States Armed Forces, shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further practical knowledge or driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. The military motorcycle rider training course completion shall be accepted for purposes of motorcycle license or endorsement issuance for one year from the date of course completion. The director of revenue is authorized to promulgate rules and regulations for the administration and implementation of this subsection including rules governing the presentment of motorcycle training course completion cards from a military motorcycle rider training course or other documentation showing that the applicant has successfully completed a course in basic motorcycle safety instruction that meets or exceeds curriculum standards established by the Motorcycle Safety Foundation or other national organization whose purpose is to improve the safety of motorcyclists on the nation's streets and highways. As used in this section, the following terms mean: (1)"Deaf person", any person who, because of hearing loss, is not able to discriminate speech when spoken in a normal conversation tone regardless of the use of amplification devices; (2)"DHH", a notation on a driver's license that indicates the person is a deaf or hard of hearing person who uses alternative communication; (3)"Hard of hearing person", any person who, because of hearing loss, has a diminished capacity to discriminate speech when spoken in a normal conversational tone. 2. Any resident of this state who is a deaf or hard of hearing person may apply to the department of revenue to have the notation "DHH" placed on the person's driver's license. The department of revenue, by rule, may establish the cost and criteria for placement of the DHH notation, such as requiring an applicant to submit certain medical proof of deafness or hearing loss. The department may also, by rule, elect to use the phrase "deaf or hard of hearing" in lieu of the notation DHH on a driver's license. 3. The Missouri commission for the deaf and hard of hearing shall make an informational video in American Sign Language explaining what a DHH notation means on a driver's license and informing Missourians of their right to receive a license with the DHH notation under this section. This video shall also be captioned in English and converted to QR-Code which shall be posted in a conspicuous place at every driver's license office in Missouri. 4. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 302 302.175. Vision requirements — examination — license may be issued with conditions, limitations, restrictions. —1. The director shall not issue or renew a license to any applicant whose vision is not twenty-forty or better with either eye according to the test for vision provided in this section. Any person whose naked vision is less than twenty-forty with either or both eyes but whose vision in one eye has been corrected to twenty-forty or better by the use of corrective lenses may be issued a conditional license, conditioned that the person may operate a motor vehicle only when wearing corrective lenses which will correct his vision to meet the requirements of this section, which condition shall be noted on the license of the person and it is unlawful for the person to operate a motor vehicle upon any public highway of this state unless he is at the time complying with the condition. If a person whose naked vision is less than twenty-forty is unable to accomplish the correction of this condition by corrective lenses and produces a statement from a registered optometrist or physician to that effect, the director may conduct an examination to determine the person's ability to operate a motor vehicle upon the public highways of this state with safety in spite of his infirmity. If the director is satisfied that the person can operate a motor vehicle upon the public highways of this state with safety in spite of his vision infirmity, the director may issue him a license containing the conditions, limitations and restrictions as to points of operation and time of operation, or any other conditions, limitations or restrictions that the director deems advisable. 2. Any person between the ages of sixteen and eighteen years who is qualified to obtain a license pursuant to sections 302.010 to 302.340 may apply for, and the director shall issue, an intermediate driver's license entitling the applicant, while having such license in his or her possession, to operate a motor vehicle of the appropriate class upon the highways of this state in conjunction with the requirements of this section. An intermediate driver's license shall be readily distinguishable from a license issued to those over the age of eighteen. All applicants for an intermediate driver's license shall: (1) Successfully complete the examination required by section 302.173; (2) Pay the fee required by subsection 4 of this section; (3) Have had a temporary instruction permit issued pursuant to subsection 1 of section 302.130 for at least a six-month period or a valid license from another state; and (4) Have a parent, grandparent, legal guardian, or, if the applicant is a participant in a federal residential job training program, a driving instructor employed by a federal residential job training program, sign the application stating that the applicant has completed at least forty hours of supervised driving experience under a temporary instruction permit issued pursuant to subsection 1 of section 302.130, or, if the applicant is an emancipated minor, the person over twenty-one years of age who supervised such driving. For purposes of this section, the term"emancipated minor"means a person who is at least sixteen years of age, but less than eighteen years of age, who: (a) Marries with the consent of the legal custodial parent or legal guardian pursuant to section 451.080; (b) Has been declared emancipated by a court of competent jurisdiction; (c) Enters active duty in the Armed Forces; (d) Has written consent to the emancipation from the custodial parent or legal guardian; or (e) Through employment or other means provides for such person's own food, shelter and other cost-of-living expenses; (5) Have had no alcohol-related enforcement contacts as defined in section 302.525 during the preceding twelve months; and (6) Have no nonalcoholic traffic convictions for which points are assessed pursuant to section 302.302, within the preceding six months. 2. An intermediate driver's license grants the licensee the same privileges to operate that classification of motor vehicle as a license issued pursuant to section 302.177, except that no person shall operate a motor vehicle on the highways of this state under such an intermediate driver's license between the hours of 1:00 a.m. and 5:00 a.m. unless accompanied by a person described in subsection 1 of section 302.130; except the licensee may operate a motor vehicle without being accompanied if the travel is to or from a school or educational program or activity, a regular place of employment or in emergency situations as defined by the director by regulation. 3. Each intermediate driver's license shall be restricted by requiring that the driver and all passengers in the licensee's vehicle wear safety belts at all times. This safety belt restriction shall not apply to a person operating a motorcycle. For the first six months after issuance of the intermediate driver's license, the holder of the license shall not operate a motor vehicle with more than one passenger who is under the age of nineteen who is not a member of the holder's immediate family. As used in this subsection, an intermediate

driver's license holder's immediate family shall include brothers, sisters, stepbrothers or stepsisters of the driver, including adopted or foster children residing in the same household of the intermediate driver's license holder. After the expiration of the first six months, the holder of an intermediate driver's license shall not operate a motor vehicle with more than three passengers who are under nineteen years of age and who are not members of the holder's immediate family. The passenger restrictions of this subsection shall not be applicable to any intermediate driver's license holder who is operating a motor vehicle being used in agricultural work-related activities. 4. Notwithstanding the provisions of section 302.177 to the contrary, the fee for an intermediate driver's license shall be five dollars and such license shall be valid for a period of two years. 5. Any intermediate driver's licensee accumulating six or more points in a twelve-month period may be required to participate in and successfully complete a driver-improvement program approved by the state highways and transportation commission. The driver-improvement program ordered by the director of revenue shall not be used in lieu of point assessment. 6. (1) An intermediate driver's licensee who has, for the preceding twelve-month period, had no alcohol-related enforcement contacts, as defined in section 302.525 and no traffic convictions for which points are assessed, upon reaching the age of eighteen years or within the thirty days immediately preceding their eighteenth birthday may apply for and receive without further examination, other than a vision test as prescribed by section 302.173, a license issued pursuant to this chapter granting full driving privileges. Such person shall pay the required fee for such license as prescribed in section 302.177. (2) If an intermediate driver's license expires on a Saturday, Sunday, or legal holiday, such license shall remain valid for the five business days immediately following the expiration date. In no case shall a licensee whose intermediate driver's license expires on a Saturday, Sunday, or legal holiday be guilty of an offense of driving with an expired or invalid driver's license if such offense occurred within five business days immediately following an expiration date that occurs on a Saturday, Sunday, or legal holiday. (3) The director of revenue shall deny an application for a full driver's license until the person has had no traffic convictions for which points are assessed for a period of twelve months prior to the date of application for license or until the person is eligible to apply for a six-year driver's license as provided for in section 302.177, provided the applicant is otherwise eligible for full driving privileges. An intermediate driver's license shall expire when the licensee is eligible and receives a full driver's license as prescribed in subdivision (1) of this section. 7. No person upon reaching the age of eighteen years whose intermediate driver's license and driving privilege is denied, suspended, cancelled or revoked in this state or any other state for any reason may apply for a full driver's license until such license or driving privilege is fully reinstated. Any such person whose intermediate driver's license has been revoked pursuant to the provisions of sections 302.010 to 302.540 shall, upon receipt of reinstatement of the revocation from the director, pass the complete driver examination, apply for a new license, and pay the proper fee before again operating a motor vehicle upon the highways of this state. 8. A person shall be exempt from the intermediate licensing requirements if the person has reached the age of eighteen years and meets all other licensing requirements. 9. Any person who violates any of the provisions of this section relating to intermediate drivers' licenses or the provisions of section 302.130 relating to temporary instruction permits is guilty of an infraction, and no points shall be assessed to his or her driving record for any such violation. 10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void. ---------- (L. 1999 S.B. 19, A.L. 2000 H.B. 1797, A.L. 2001 H.B. 648, et al., A.L. 2004 H.B. 928 and H.B. 1123 and H.B. 1280, A.L. 2006 S.B. 1001, et al., A.L. 2014 H.B. 1299 Revision)

The license issued pursuant to the provisions of sections 302.010 to 302.340 shall be in such form as the director shall prescribe, but the license shall be a card made of plastic or other comparable material. All licenses shall be manufactured of materials and processes that will prohibit, as nearly as possible, the ability to reproduce, alter, counterfeit, forge, or duplicate any license without ready detection. A digital image of the applicant's full facial features shall be taken in a manner prescribed by the director. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue. 3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months. 4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed

proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows: (1) In the case of an initial suspension, thirty days after the effective date of the suspension; (2) In the case of a second suspension, sixty days after the effective date of the suspension; (3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.--Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date. --Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date. 5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. 6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended. 7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state. 8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated. 9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director. 10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice. 11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue. 12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law. 13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee. 14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program

determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court. 15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053. 16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program. 17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a conviction for an intoxication-related traffic offense as defined under section 577.001, and who has a prior alcohol-related enforcement contact as defined under section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor. ---------- (L. 1961 p. 487, A.L. 1972 S.B. 651, A.L. 1973 S.B. 257, A.L. 1979 S.B. 484, A.L. 1983 S.B. 318 & 135, A.L. 1984 H.B. 1575 Revision, A.L. 1989 1st Ex. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 302 302.309. Return of license, when — limited driving privilege, when granted, application, when denied — judicial review of denial by director of revenue — rulemaking. —1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303. 2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law. 3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein. (2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following: (a) A business, occupation, or employment; (b) Seeking medical treatment for such operator; (c) Attending school or other institution of higher education; (d) Attending alcohol- or drug-treatment programs; (e) Seeking the required services of a certified ignition interlock device provider; or (f) Any other circumstance the court or director finds would create an undue hardship on the operator,--the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license. --the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license. (3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle. (4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of subdivision (6) of this subsection if such person has a license denial under paragraph (a) or (b) of subdivision (8) of this subsection or on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license revocation under subdivision (2) of subsection 2 of section 302.525, or section 302.574 or 577.041, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have a photo identification technology feature, and a court may require a global positioning system feature for such device. (5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of

the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated. (6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons: (a) A conviction of any felony in the commission of which a motor vehicle was used and such conviction occurred within the five-year period prior to the date of application. However, any felony conviction for leaving the scene of an accident under section 577.060 shall not render the applicant ineligible for a limited driving privilege under this section; (b) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), or (10) of subsection 1 of section 302.060; or (c) Due to a suspension pursuant to subdivision (8) or (10) of subsection 1 of section 302.302 or subsection 2 of section 302.525. (7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege. (8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial. (b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of acting with criminal negligence while driving while intoxicated to cause the death of another person, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial. (9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. 4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege. 5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void. ---------- (L. 1961 p. 487, A.L. 1965 p. 477, A.L. 1967 p. 410, A.L. 1977 S.B. 478, A.L. 1978 H.B. 1634, A.L. 1983 H.B. 713 Revision, A.L. 1984 S.B. 608 & 681, A.L. 1987 S.B. 230, A.L. 1989 1st Ex. 1-01-17 (1972) Provision that hardship driving privilege may be granted following the first conviction for operating an automobile while intoxicated but not following a second conviction is neither arbitrary nor unreasonable. Williams v. Schaffner (Mo.), 477 S.W.2d 55. (1984) A second conviction for driving while intoxicated must have occurred within a five-year period relative to the grant or denial of both a new application for a license and/or an application for limited driving privileges. Director of Revenue, 760 S.W.2d 615 (Mo.App.). (1993) A driver's license is not vested right, but merely privilege and granting of limited hardship privilege is not substantive in nature; therefore, where statute bars limited driving privileges in certain instances, it can be applied retrospectively. Taylor v. Director of Revenue, 861 S.W.2d 134 (Mo. App. E.D.). (1998) A felony conviction involving the use of a motor vehicle precludes eligibility for hardship driving privileges without time limit. Hagan v. Director of Revenue, 968 S.W.2d 704 (Mo.banc). (2014) Provision allowing DWI court graduates and participants to obtain limited driving privileges while denying same opportunity to non-participants does not violate equal protection because it is rationally related to legitimate state interest in protecting public from drunk drivers. Suspension or revocation — appeals from — procedure. —In the event an application for a license is denied or withheld, or in the event that a license is suspended or revoked by the director, the applicant or licensee so aggrieved may appeal to the circuit court of the county of his residence in the manner provided by chapter 536 for the review of administrative decisions at any time within thirty days after notice that a license is denied or withheld or that a license is suspended or revoked. Upon such appeal the cause shall be heard de novo and the circuit court may order the director to grant such license, sustain the suspension or revocation by the director, set aside or modify the same, or revoke such license. Appeals from the judgment of the circuit court may be taken as in civil cases. The prosecuting attorney of the county where such appeal is taken, shall appear in behalf of the director, and prosecute or defend, as the case may require. ---------- (L. 1951 p. 678 § 302.310) (1964) The director of revenue is a necessary party to any appeal authorized by section 302.311 taken from a driver's or chauffeur's license suspension or revocation order of the director of revenue and his absence in such an action is jurisdictional to such an extent that it must be considered by an appellate court though not ruled on by trial court. If the court imposes the use of an ignition interlock device on a person having full or limited driving privileges, the court shall require the person to provide proof of compliance with the order to the court or the probation officer within thirty days of this court's order or sooner, as required by the court, in addition to any proof required to be filed with the director of revenue under the provisions of this chapter or chapter 577. If the person fails to provide proof of installation within that period, absent a finding by the court of good cause for that failure which is entered in the court record, the court shall revoke or terminate the person's probation or limited driving privilege. 4. Nothing in sections 302.440 to 302.462 shall be construed to authorize a person to operate a motor vehicle whose driving privileges have been suspended or revoked, unless the person has obtained a limited driving privilege or restricted driving privilege under other provisions of law. 5. The person whose driving privilege is restricted pursuant to section 302.440 shall report to the court or the probation officer at least once annually, or more frequently as the court may order, on the operation of each ignition interlock device in the person's vehicle or vehicles. Such person shall be responsible for the cost and maintenance of the ignition interlock device. If such device is broken, destroyed or stolen, such person shall also be liable for the cost of replacement of the device. 6. The court may require a person whose driving privilege is restricted under section 302.440 to report to any officer appointed by the court in lieu of a probation officer. 7. The court shall require periodic calibration checks that are needed for the proper operation of the ignition interlock device. ---------- (L. 1995 S.B. 102 § 2, A.L. 2001 H.B. 302 & 38, A.L. 2008 S.B. 930 & 947, A.L. 2014 S.B. 491) Transferred 2014; formerly 577.602; Effective 1-01-17

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 302 302.505. Determination by department to suspend or revoke license, when made, basis — final, when. —1. The department shall suspend or revoke the license of any person upon its determination that the person was arrested upon probable cause to believe such person was driving a motor vehicle while the alcohol concentration in the person's blood, breath, or urine was eight-hundredths of one percent or more by weight, based on the definition of alcohol concentration in section 302.500, or where such person was less than twenty-one years of age when stopped and was stopped upon probable cause to believe such person was driving while intoxicated in violation of section 577.010, or driving with excessive blood alcohol content in violation of section 577.012, or upon probable cause to believe such person violated a state,

county or municipal traffic offense and such person was driving with a blood alcohol content of two-hundredths of one percent or more by weight. 2. The department shall make a determination of these facts on the basis of the report of a law enforcement officer required in section 302.510, and this determination shall be final unless a hearing is requested and held. If a hearing is held, the department shall review the matter and make a final determination on the basis of evidence received at the hearing. 3. The determination of these facts by the department is independent of the determination of the same or similar facts in the adjudication of any criminal charges arising out of the same occurrence. The disposition of those criminal charges shall not affect any suspension or revocation under this section. ---------- (L. 1983 S.B. 318 & 135 § 3, A.L. 1984 S.B. 608 & 681, A.L. 1991 S.B. 125 & 341, A.L. 1996 H.B. 1169 & 1271 merged with S.B. 722, A.L. 2001 H.B. 302 & 38) Effective 9-29-01 (1985) Held that the provisions of this section are not impermissibly vague or violative of the equal protection clause. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 302 302.510. Arresting officer, duties — certain arrests not to be basis for administrative suspension or revocation. —1. Except as provided in subsection 3 of this section, a law enforcement officer who arrests any person for a violation of any state statute related to driving while intoxicated or for a violation of a county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol-related traffic offense, and in which the alcohol concentration in the person's blood, breath, or urine was eight-hundredths of one percent or more by weight or two-hundredths of one percent or more by weight for anyone less than twenty-one years of age, shall forward to the department a certified report of all information relevant to the enforcement action, including information which adequately identifies the arrested person, a statement of the officer's grounds for belief that the person violated any state statute related to driving while intoxicated or was less than twenty-one years of age and was driving with two-hundredths of one percent or more by weight of alcohol in the person's blood, or a county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol-related traffic offense, a report of the results of any chemical tests which were conducted, and a copy of the citation and complaint filed with the court. 2. The report required by this section shall be certified under penalties of perjury for making a false statement to a public official and made on forms supplied by the department or in a manner specified by regulations of the department. 3. A county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol-related traffic offense may not be the basis for suspension or revocation of a driver's license pursuant to sections 302.500 to 302.540, unless the arresting law enforcement officer, other than an elected peace officer or official, has been licensed by the director of the department of public safety pursuant to the provisions of chapter 590. ---------- (L. 1983 S.B. 318 & 135 § 4, A.L. 1984 S.B. 608 & 681, A.L. 1991 S.B. 125 & 341, A.L. 1996 H.B. 1169 & 1271 merged with S.B. 722, A.L. 2001 H.B. 302 & 38, A.L. 2005 H.B. 487)

Upon receipt of the report of the law enforcement officer, the department shall make the determination described in section 302.505. If the department determines that the person is subject to license suspension or revocation, and if notice of suspension or revocation has not already been served upon the person by the enforcement officer as required in section 302.520, the department shall issue a notice of suspension or revocation. 2. The notice of suspension or revocation shall be mailed to the person at the last known address shown on the department's records, and to the address provided by the enforcement officer's report if that address differs from the address of record. The notice is deemed received three days after mailing, unless returned by postal authorities. 3. Arresting officer to serve notice of suspension or revocation, when — to possess license, issue temporary permit, give written notice of driver's rights and responsibilities — application for hearing. —1. Whenever the chemical test results are available to the law enforcement officer while the arrested person is still in custody, and where the results show an alcohol concentration of eight-hundredths of one percent or more by weight of alcohol in such person's blood or where such person is less than twenty-one years of age and the results show that there is two-hundredths of one percent or more of alcohol in the person's blood, the officer, acting on behalf of the department, shall serve the notice of suspension or revocation personally on the arrested person. 2. When the law enforcement officer serves the notice of suspension or revocation, the officer shall take possession of any driver's license issued by this state which is held by the person. When the officer takes possession of a valid driver's license issued by this state, the officer, acting on behalf of the department, shall issue a temporary permit which is valid for fifteen days after its date of issuance and shall also give the person arrested a notice which shall inform the person of all rights and responsibilities pursuant to sections 302.500 to 302.540. The notice shall be in such form so that the arrested person may sign the original as evidence of receipt thereof. The notice shall also contain a detachable form permitting the arrested person to request a hearing. Signing the hearing request form and mailing such request to the department shall constitute a formal application for a hearing. 3. A copy of the completed notice of suspension or revocation form, a copy of any completed temporary permit form, a copy of the notice of rights and responsibilities given to the arrested person, including any request for hearing, and any driver's license taken into possession pursuant to this section shall be forwarded to the department by the officer along with the report required in section 302.510. 4. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 302 302.525. Suspension or revocation, when effective, duration — restricted driving privilege — effect of suspension or revocation by court on charges arising out of same occurrence — revocation due to alcohol-related offenses, requirements. —1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay. 2. The period of license suspension or revocation under this section shall be as follows: (1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated; (2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years; (3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts until the person has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to

maintain such proof the restricted driving privilege shall be terminated. 3. For purposes of this section,"alcohol-related enforcement contacts"shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration. 4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods. 5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor. ---------- (L. 1983 S.B. 318 & 135 § 7, A.L. 1984 S.B. 608 & 681, A.L. 1991 S.B. 125 & 341, A.L. 2002 H.B. 2062, A.L. 2008 S.B. 930 & 947, A.L. 2012 S.B. 480, A.L. 2013 S.B. 23, A.L. 2015 S.B. 254) Effective 1-01-17

Request for administrative review, when made — temporary permit, duration — telephone hearings permitted, when — hearing, venue, conduct — decision, notice, final when — appeal for judicial review — rulemaking authority. —1. Any person who has received a notice of suspension or revocation may make a request within fifteen days of receipt of the notice for a review of the department's determination at a hearing. If the person's driver's license has not been previously surrendered, it may be surrendered at the time the request for a hearing is made. 2. At the time the request for a hearing is made, if it appears from the record that the person is the holder of a valid driver's license issued by this state, and that the driver's license has been surrendered, the department shall issue a temporary permit which shall be valid until the scheduled date for the hearing. The department may later issue an additional temporary permit or permits in order to stay the effective date of the suspension or revocation until the final order is issued following the hearing, as required by section 302.520. 3. The hearing may be held by telephone, or if requested by the person, such person's attorney or representative, at a regional location as designated by the director. The hearing shall be conducted by examiners who are licensed to practice law in the state of Missouri and who are employed by the department on a part-time or full-time basis as the department may determine. 4. The sole issue at the hearing shall be whether by a preponderance of the evidence the person was driving a vehicle pursuant to the circumstances set out in section 302.505. The burden of proof shall be on the state to adduce such evidence. If the department finds the affirmative of this issue, the suspension or revocation order shall be sustained. If the department finds the negative of the issue, the suspension or revocation order shall be rescinded. 5. The procedure at such hearing shall be conducted in accordance with chapter 536, with sections 302.500 to 302.540. A report certified under subsection 2 of section 302.510 shall be admissible in a like manner as a verified report as evidence of the facts stated therein and any provision of chapter 536 to the contrary shall not apply. 6. The department shall promptly notify the person of its decision including the reasons for that decision. Such notification shall include a notice advising the person that the department's decision shall be final within fifteen days from the date such notice was mailed unless the person challenges the department's decision within that time period by filing an appeal in the circuit court in the county where the arrest occurred. 7. Unless the person, within fifteen days after being notified of the department's decision, files an appeal for judicial review pursuant to section 302.535, the decision of the department shall be final. 8. The director may adopt any rules and regulations necessary to carry out the provisions of this section. ---------- (L. 1983 S.B. 318 & 135 § 8, A.L. 1984 S.B. 608 & 681, A.L. 1996 H.B. 1169 & 1271 merged with S.B. 722, A.L. 2005 H.B. 487, A.L. 2012 H.B. 1402) (1985) Statute abrogates the power of a circuit court judge to issue an order staying the revocation of petitioner's license upon application of petitioner. Any person aggrieved by a decision of the department may file a petition for trial de novo by the circuit court. The burden of proof shall be on the state to adduce the evidence. Such trial shall be conducted pursuant to the Missouri rules of civil procedure and not as an appeal of an administrative decision pursuant to chapter 536. The petition shall be filed in the circuit court of the county where the arrest occurred. The case shall be decided by the judge sitting without a jury. Until January 1, 2002, the presiding judge of the circuit court may assign a traffic judge, pursuant to section 479.500, RSMo 1994, a circuit judge or an associate circuit judge to hear such petition. After January 1, 2002, pursuant to local court rule pursuant to Article V, Section 15 of the Missouri Constitution, the case may be assigned to a circuit judge or an associate circuit judge, or to a traffic judge pursuant to section 479.500. 2. The filing of a petition for trial de novo shall not result in a stay of the suspension or revocation order. A restricted driving privilege as defined in section 302.010 shall be issued in accordance with subsection 2 of section 302.525, if the person's driving record shows no prior alcohol-related enforcement contact during the immediately preceding five years. Such restricted driving privilege shall terminate on the date of the disposition of the petition for trial de novo. 3. In addition to the restricted driving privilege as permitted in subsection 2 of this section, the department may upon the filing of a petition for trial de novo issue a restricted driving privilege as defined in section 302.010. In determining whether to issue such a restrictive driving privilege, the department shall consider the number and the seriousness of prior convictions and the entire driving record of the driver. 4. Such time of restricted driving privilege pending disposition of trial de novo shall be counted toward any time of restricted driving privilege imposed pursuant to section 302.525. Nothing in this subsection shall be construed to prevent a person from maintaining his restricted driving privilege for an additional sixty days in order to meet the conditions imposed by section 302.540 for reinstating a person's driver's license. ---------- (L. 1983 S.B. 318 & 135 § 9, A.L. 1984 S.B. 608 & 681, A.L. 1996 H.B. 1169 & 1271 merged with S.B. 722, A.L. 2001 H.B. 302 & 38, A.L. 2002 H.B. 2062) (2010) On petition for judicial review of an administrative suspension by the Director of Revenue of a motorist's license to drive, based on blood alcohol content violation, Director has burden of production and burden of persuasion; rules of civil procedure govern the trial de novo. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of sections 302.500 to 302.540 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The

The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provision of section 32.065 plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053. 3. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program. 4. Court-ordered participation in a substance abuse traffic offender program, pursuant to section 302.580, shall satisfy the requirements of this section if the court action arose out of the same occurrence that resulted in a person's license being administratively suspended or revoked. 5. The division of alcohol and drug abuse of the department of mental health may create a treatment demonstration project within existing appropriations and shall develop and certify a program to provide education or rehabilitation services for individuals determined by the division to be serious or repeat offenders. The program shall qualify as a substance abuse traffic offender program. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 302 302.574. Temporary permit issued by officer, when — report required, contents — revocation of license, procedure — reinstatement, when — fees — proof of interlock device, when — violations, penalty. —1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation. 2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following: (1) That the officer has: (a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or (b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or (c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; (2) That the person refused to submit to a chemical test; (3) Whether the officer secured the license to operate a motor vehicle of the person; (4) Whether the officer issued a fifteen-day temporary permit; (5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and (6) Any license, which the officer has taken into possession, to operate a motor vehicle. 3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year. 4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. Pursuant to local court rule promulgated pursuant to Section 15 of Article V of the Missouri Constitution, the case may also be assigned to a traffic judge pursuant to section 479.500. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only: (1) Whether the person was arrested or stopped; (2) Whether the officer had: (a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or (b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or (c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and (3) Whether the person refused to submit to the test. 5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive. 6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed. 7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but shall not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood

alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court. 8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of behavioral health of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of behavioral health of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of behavioral health under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053. 9. Any administrator who fails to remit to the division of behavioral health of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of behavioral health of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program. 10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person shall maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor. 11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. 12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor. ---------- (L. 2014 S.B. 491, A.L. 2015 S.B. 254, A.L. 2019 H.B. 192 merged with H.B. 499)

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated. (b) It is the policy of each of the party states to: (1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles. (2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states. ARTICLE II Definitions As used in this compact: (a)"State"means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. (b)"Home state"means the state which has

issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle. (c)"Conviction"means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority. ARTICLE III Reports of Conviction The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or whether the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith. ARTICLE IV Effect of Conviction (a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of conviction for: (1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle; (2) Driving a motor vehicle while under the influence of intoxicating liquor or narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle; (3) Any felony in the commission of which a motor vehicle is used; (4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another. (b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state. (c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denomination and description appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article. ARTICLE V Application for New Licenses Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if: (1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated. (2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways. (3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license. ARTICLE VI Applicability of Other Laws Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state. ARTICLE VII Compact Administrator and Interchange of Information (a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact. (b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact. ARTICLE VIII Entry Into Force and Withdrawal (a) This compact shall enter into force and become effective as to any state when it has enacted the same into law. (b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal. ARTICLE IX Construction and Severability This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. ---------- (L. 1985 H.B. 285 § 1) (2001) Use of word "shall" in Article III list of conviction reports without prescribing results that would follow from failure to provide all information makes section discretionary, not mandatory. A certification to conduct third-party testing shall be valid for one year, and the department shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester. (3) Beginning August 28, 2006, the director shall issue or renew third-party tester certification to community colleges established under chapter 178 or to private companies who own, lease, or maintain their own fleet and administer in-house testing to their employees, or to school districts and their agents that administer in-house testing to the school district's or agent's employees. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived. (4) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the Secretary and if such person transports a hazardous material must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Such person shall be required to take the written test for such endorsement. A twenty-five dollar examination fee

shall be paid upon completion of such tests. (5) The director shall have the authority to waive the driving skills and written tests for any qualified current or former military service member applicant for a commercial driver's instruction permit or a commercial driver's license who is currently licensed at the time of application for a commercial driver's instruction permit or commercial driver's license. The director shall impose conditions and limitations and require certification and evidence to restrict the applicants from whom the department may accept the alternative requirements for the skills and written tests described in federal regulations 49 CFR 383.71 and 49 CFR 383.77. Applicants shall meet all federal and state qualifications to operate a commercial vehicle. Applicants shall be required to complete all applicable tests, except when the applicant provides proof of approved military training sufficient for waiver of the written knowledge and skills tests as specified in this subdivision and subdivision (5) of subsection 3 of section 302.170. 3. A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or cancelled in any state; nor may a commercial driver's license be issued unless the person first surrenders in a manner prescribed by the director any commercial driver's license issued by another state, which license shall be returned to the issuing state for cancellation. 4. Beginning July 1, 2005, the director shall not issue an instruction permit under this section unless the director verifies that the applicant is lawfully present in the United States before accepting the application. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant under this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536. 5. Notwithstanding the provisions of this section or any other law to the contrary, beginning August 28, 2008, the director of the department of revenue shall certify as a third-party tester any municipality that owns, leases, or maintains its own fleet that requires certain employees as a condition of employment to hold a valid commercial driver's license; and that administered in-house testing to such employees prior to August 28, 2006. 6. Notwithstanding the provisions of this section or any other law to the contrary, beginning December 1, 2019, the director of the department of revenue shall certify as a third-party tester any private education institution or other private entity, provided the institution or entity meets the necessary qualifications required by the state. 7. The director shall adopt and promulgate rules and regulations establishing a process for applicants with disabilities to request testing accommodations with respect to both the written and driving tests required under this section and to establish criteria for awarding such accommodations. The rules shall specify that a hearing test shall not be a component of the written test or driving test for any applicant who is deaf or hard of hearing. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void. 8. If the United States Secretary of Transportation determines that subsection 7 of this section has the effect of placing the state of Missouri in noncompliance with any federal constitutional, statutory, or regulatory provision that would result in the loss of any federal aid funds to the Missouri highways and transportation commission, then subsection 7 of this section shall be null and void. ---------- (L. 1989 1st Ex. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 303 303.025. Duty to maintain financial responsibility, residents and nonresidents — inoperable or stored vehicles, voluntary suspension of registration — misdemeanor penalty for violations — exception, methods — court to notify department of revenue, additional punishment, right of appeal. —1. No owner of a motor vehicle registered in this state, or required to be registered in this state, shall operate, register or maintain registration of a motor vehicle, or permit another person to operate such vehicle, unless the owner maintains the financial responsibility which conforms to the requirements of the laws of this state. No nonresident shall operate or permit another person to operate in this state a motor vehicle registered to such nonresident unless the nonresident maintains the financial responsibility which conforms to the requirements of the laws of the nonresident's state of residence. Furthermore, no person shall operate a motor vehicle owned by another with the knowledge that the owner has not maintained financial responsibility unless such person has financial responsibility which covers the person's operation of the other's vehicle; however, no owner or nonresident shall be in violation of this subsection if he or she fails to maintain financial responsibility on a motor vehicle which is inoperable or being stored and not in operation. The director of the department of revenue shall establish by rule a process for voluntary suspension of motor vehicle registration for vehicles which are inoperable or being stored and not in operation. The owner or nonresident shall not further operate the vehicle until the owner or nonresident notifies the department of revenue that the vehicle will be in use, and the department shall reinstate the motor vehicle registration upon receipt of proof of financial responsibility. Owners or nonresidents who operate a motor vehicle during a period of inoperability or storage claimed under this subsection shall be guilty of a class B misdemeanor and may additionally be guilty of a violation of this subsection. Notwithstanding any provision of law to the contrary,

the department of revenue may verify motor vehicle financial responsibility as provided by law, but shall not otherwise take legal or administrative action to enforce the requirements of this section unless, in the discretion of the director, the motor vehicle is determined to have been operated in violation of this section, a motor vehicle registration is applied for in violation of this section, or the motor vehicle on two separate occasions thirty days apart is determined to have its registration maintained in violation of this section. The director may prescribe rules and regulations for the implementation of this section. 2. A motor vehicle owner shall maintain the owner's financial responsibility in a manner provided for in section 303.160, or with a motor vehicle liability policy which conforms to the requirements of the laws of this state. A nonresident motor vehicle owner shall maintain the owner's financial responsibility which conforms to the requirements of the laws of the nonresident's state of residence. 3. Any person who violates this section is guilty of a misdemeanor. Except as otherwise provided in this section, a first violation of this section shall be punishable as a class D misdemeanor. A second or subsequent violation of this section may be punished by imprisonment in the county jail for a term not to exceed fifteen days and shall be punished by a fine not less than two hundred dollars but not to exceed five hundred dollars. Prior pleas of guilty and prior findings of guilty shall be pleaded and proven in the same manner as required by section 558.021. However, no person shall be found guilty of violating this section if the operator demonstrates to the court that he or she met the financial responsibility requirements of this section at the time the peace officer, commercial vehicle enforcement officer or commercial vehicle inspector wrote the citation. In addition to any other authorized punishment, the court shall notify the director of revenue of any person convicted pursuant to this section and shall do one of the following: (1) Enter an order suspending the driving privilege as of the date of the court order. If the court orders the suspension of the driving privilege, the court shall require the defendant to surrender to it any driver's license then held by such person. The length of the suspension shall be as prescribed in subsection 2 of section 303.042. The court shall forward to the director of revenue the order of suspension of driving privilege and any license surrendered within ten days; (2) Forward the record of the conviction for an assessment of four points; (3) In lieu of an assessment of points, render an order of supervision as provided in section 302.303. An order of supervision shall not be used in lieu of points more than one time in any thirty-six-month period. Every court having jurisdiction pursuant to the provisions of this section shall forward a record of conviction to the Missouri state highway patrol, or at the written direction of the Missouri state highway patrol, to the department of revenue, in a manner approved by the director of the department of public safety. The director shall establish procedures for the record keeping and administration of this section; or (4) For a nonresident, suspend the nonresident's driving privileges in this state in accordance with section 303.030 and notify the official in charge of the issuance of licenses and registration certificates in the state in which such nonresident resides in accordance with section 303.080. 4. Nothing in sections 303.010 to 303.050, 303.060, 303.140, 303.220, 303.290, 303.330 and 303.370 shall be construed as prohibiting the department of commerce and insurance from approving or authorizing those exclusions and limitations which are contained in automobile liability insurance policies and the uninsured motorist provisions of automobile liability insurance policies. 5. If a court enters an order of suspension, the offender may appeal such order directly pursuant to chapter 512 and the provisions of section 302.311 shall not apply. 6. Any fines owed to the state pursuant to this section may be eligible for payment in installments. The director shall promulgate rules for the application of payment plans, which shall take into account individuals' ability to pay. ---------- (L. 1986 S.B. 424, A.L. 1997 H.B. 207, A.L. 1999 S.B. 19, A.L. 2000 H.B. 1797 merged with H.B. 1948, A.L. 2001 S.B. 267, A.L. 2010 S.B. 583, A.L. 2011 H.B. 111, A.L. 2014 S.B. 491, A.L. 2022 H.B. 2168) Effective 1-01-24, see § 303.039

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 303 303.026. Director to notify owners who register vehicles, contents — affidavit certifying financial responsibility required for registration — director may use sampling techniques to verify — insurers required to submit policy information to director, format, use, disclosure — violations by insurer, penalty — notice to owner, when. —1. The director shall inform each owner who registers a motor vehicle of the following: (1) The existence of the requirement that every motor vehicle owner in the state must maintain his financial responsibility; (2) The requirement that every motor vehicle owner show an insurance identification card, or a copy thereof, or other proof of financial responsibility at the time of vehicle registration; this notice shall be given at least thirty days prior to the month for renewal and shall be shown in bold, colored print; (3) The penalties which apply to violations of the requirement to maintain financial responsibility; (4) The benefits of maintaining coverages in excess of those which are required; (5) The director's authority to conduct samples of Missouri motor vehicle owners to ensure compliance. 2. No motor vehicle owner shall be issued registration for a vehicle unless the owner, or his authorized agent, signs an affidavit provided by the director of revenue at the time of registration of the vehicle certifying that such owner has and will maintain, during the period of registration, financial responsibility with respect to each motor vehicle that is owned, licensed or operated on the streets or highways. The affidavit need not be notarized, but it shall be acknowledged by the person processing the form. The affidavit shall state clearly and in bold print the following: "Any false affidavit is a crime under section 575.050 of Missouri law.". In addition, every motor vehicle owner shall show proof of such financial responsibility by presenting his or her insurance identification card, as described in section 303.024, or a copy thereof, or some other proof of financial responsibility in the form prescribed by the director of revenue at the time of registration unless such owner registers his vehicle in conjunction with a reciprocity agreement entered into by the Missouri highway reciprocity commission pursuant to sections 301.271 to 301.279 or unless the owner insures the vehicle according to the requirements of the division of motor carrier

and railroad safety pursuant to section 390.126. 3. To ensure compliance with this chapter, the director may utilize a variety of sampling techniques including but not limited to random samples of registrations subject to this section, uniform traffic tickets, insurance information provided to the director at the time of motor vehicle registration, and persons who during the preceding year have received a disposition of court-ordered supervision or suspension. The director may verify the financial responsibility of any person sampled or reported. (1) Beginning January 1, 2001, the director may require such information, as in his or her discretion is necessary to enforce the requirements of subdivision (1) of subsection 1 of this section, to be submitted from the person's insurer or insurance company. When requested by the director of revenue, all licensed insurance companies in this state which sell private passenger (noncommercial) motor vehicle insurance policies shall report information regarding the issuance, nonrenewal and cancellation of such policies to the director, excluding policies issued to owners of fleet or rental vehicles or issued on vehicles that are insured pursuant to a commercial line policy. Such information shall be reported electronically in a format as prescribed by the director of the department of revenue by rule. (2) When required by the director of revenue, each insurance company shall provide to the department a record of each policy issued, cancelled, terminated or revoked during the period since the previous report. The director of revenue may require insurance companies to provide such records as frequently as he or she deems necessary. (3) The director may use reports described in subdivision (1) of this subsection for sampling purposes as provided in this section. 4. Information provided to the department by an insurance company for use in accordance with this section is the property of the insurer and is not subject to disclosure pursuant to chapter 610. Such information may be utilized by the department for enforcement of this chapter but may not be disclosed except that the department shall disclose whether an individual is maintaining the required insurance coverage upon request of the following individuals and agencies only: (1) The individual; (2) The parent or legal guardian of an individual if the individual is an unemancipated minor; (3) The legal guardian of the individual if the individual is legally incapacitated; (4) Any person who has power of attorney from the individual; (5) Any person who submits a notarized release from the individual that is dated no more than ninety days before the request is made; (6) Any person claiming loss or injury in a motor vehicle accident in which the individual is involved; (7) The office of the state auditor, for the purpose of conducting any audit authorized by law. 5. The director may adopt any rules and regulations necessary to carry out the provisions of subdivisions (1) through (3) of subsection 3 of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void. 6. Any person or agency who knowingly discloses information received from insurance companies pursuant to this section for any purpose, or to a person, other than those authorized in this section is guilty of a class A misdemeanor. No insurer shall be liable to any person for performing its duties pursuant to this section unless and to the extent the insurer commits a willful and wanton act of omission. 7. The department of revenue shall notify the department of commerce and insurance of any insurer who violates any provisions of this section. The department of commerce and insurance may, against any insurer who knowingly fails to comply with this section, assess an administrative penalty up to five hundred dollars per day of noncompliance. The department of commerce and insurance may excuse the administrative penalty if an assessed insurer provides acceptable proof that such insurer's noncompliance was inadvertent, accidental or the result of excusable neglect. The penalty provisions of this section shall become effective six months after the rule issued pursuant to subsections 3 and 5 of this section is published in the code of state regulations. 8. To verify that financial responsibility is being maintained, the director shall notify the owner or operator of the need to provide, within fifteen days, proof of the existence of the required financial responsibility. The request shall require the owner or the operator to state whether or not the motor vehicle was insured on the verification date stated in the director's request. The request may include but not be limited to a statement of the names and addresses of insurers, policy numbers and expiration date of insurance coverage. Failure to provide such information shall result in the suspension of the registration of the owner's motor vehicle, and where applicable, the owner's or the operator's driving privilege, for failing to meet such requirements, as is provided in this chapter. ---------- (L. 1986 S.B. 424, A.L. 1997 H.B. 207, A.L. 1999 S.B. 19, A.L. 2000 H.B. 1797, A.L. 2010 H.B. 1965, A.L. 2020 H.B. 1963) CROSS REFERENCES: Division of motor carrier and railroad safety abolished, duties and functions transferred to highways and transportation commission and department of transportation, 226.008 Highway reciprocity commission abolished, duties and functions transferred to highways and transportation commission, 226.008

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 303 303.030. Operator's license suspended on failure to give security for payment of damages after accident, burden of proof for challenging determination — exceptions — insurance accepted. —1. If within twenty days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death, or damage to the property of any one person in excess of five hundred dollars, the director does not have on file evidence satisfactory to him that the person who would otherwise be required to file security under subsection 2 of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, the director shall determine the amount of security which shall be sufficient in his judgment to satisfy any

judgment for damages resulting from such accident as may be recovered against each operator or owner. Any person challenging the director's determination shall have the burden of proving he or she was not at fault. 2. The director shall, within ninety days after the receipt of such report of a motor vehicle accident, suspend the license of each operator, and all registrations of each owner of a motor vehicle, in any manner involved in such accident, and if such operator is a nonresident the privilege of operating a motor vehicle within this state, and if such owner is a nonresident the privilege of the use within this state of any motor vehicle owned by him, unless such operator or owner or both shall deposit security in the sum so determined by the director; provided notice of such suspension shall be sent by the director to such operator and owner not less than ten days prior to the effective date of such suspension and shall state the amount required as security; provided, however, that the period of suspension provided for in this section shall be in addition to any period of suspension imposed under sections 303.041 and 303.042. 3. Where erroneous information is given the director with respect to the matters set forth in subdivision (1), (2) or (3) of subsection 4 of this section, he shall take appropriate action as hereinbefore provided, within forty-five days after receipt by him of correct information with respect to said matters. 4. This section shall not apply under the conditions stated in section 303.070, nor: (1) To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident; (2) To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him; (3) To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the director, covered by any other form of liability insurance policy or bond; nor (4) To any person qualifying as a self-insurer under section 303.220, nor to any person operating a motor vehicle for such self-insurer. 5. No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if such motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company, if not authorized to do business in this state, shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; provided, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than twenty-five thousand dollars because of injury to or destruction of property of others in any one accident. ---------- (L. 1953 p. 569 § 303.050, A.L. 1965 p. 481, A.L. 1969 3d Ex. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 303 303.040. All motor vehicle accidents to be reported — director to notify all other parties, contents — parties to furnish information — nonresident requirements. —1. The operator or owner of every motor vehicle which is involved in an accident within this state, including a nonresident operator or owner of a motor vehicle, or the owner of a legally or illegally parked car which is in any manner involved in an accident within this state, with an uninsured motorist, upon the streets or highways thereof, or on any publicly or privately owned parking lot or parking facility generally open for use by the public, in which any person is killed or injured or in which damage to property of any one person, including himself, in excess of five hundred dollars is sustained, and the owner or operator of every motor vehicle which is involved in an accident within this state if such owner or operator does not carry motor vehicle liability insurance shall, within thirty days after such accident, report the matter in writing to the director. Such report, the form of which shall be prescribed by the director, shall provide the operator with notice of the following: (1) That it is the responsibility of the operator, not the state, to bring an action at law on the claim of the operator arising out of the accident; (2) That the security deposited shall only be applied to the payment of a judgment against the person or persons on whose behalf the deposit was made; (3) That the department of revenue shall return the deposit to the depositor after the expiration of one year from the date of the accident, or as otherwise provided in section 303.060. In addition, the report shall contain such information as will enable the director to determine whether the requirements for the deposit of security under section 303.030 are inapplicable by reason of the existence of insurance or other exceptions specified in this chapter, or whether the required financial responsibility has been met by the owner or operator of the motor vehicle as required by section 303.025. The director may rely upon the accuracy of such information unless and until he has reason to believe that the information is erroneous. If such operator be physically incapable of making such report, the owner of the

motor vehicle involved in such accident shall, within thirty days after learning of the accident, make such report. If the operator is also the owner and is incapable of filing such report as is required by this section, then the report will be filed as soon as the operator-owner is so capable. If the report is late by reason of incapability, a doctor's certificate must accompany the report certifying same. The operator or the owner shall furnish such additional relevant information as the director shall require. 2. If any party involved in an accident files a report under this section, the director shall notify, within ten days after receipt of the report, all other parties involved in the accident as specified in the report that a report has been filed and such other parties shall then furnish, within ten days, the director with such information as the director may request. 3. If any party involved in an accident in this state is a nonresident uninsured motorist, the nonresident uninsured operator or owner of the motor vehicle and any law enforcement agency responding to such accident shall report the involvement of an uninsured nonresident motorist in an accident occurring in this state to the director, and any resident operator or owner of a motor vehicle involved in an accident with an uninsured nonresident motorist may report such accident to the director in accordance with the provisions of subsections 1 and 2 of this section. ---------- (L. 1953 p. 569, A.L. 1976 H.B. 1392, A.L. 1979 H.B. 167, A.L. 1986 S.B. 424, A.L. 2010 S.B. 583)

Failure to maintain financial responsibility — notice, procedure, contents — suspension of license and registration — request for hearing, right, effect — subsequent acquisition of financial responsibility, effect — duration of suspension, fee. —1. If the director determines that the owner or operator of a motor vehicle has not maintained the financial responsibility as required in this chapter, the director shall thirty-three days after mailing notice, suspend the driving privilege of the owner or operator and/or the registration of the vehicle failing to meet such requirement. The notice of suspension shall be mailed to the person at the last known address shown on the department's records. The notice of suspension is deemed received three days after mailing. The notice of suspension shall clearly specify the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the person to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made. If the request for a hearing is received by the department prior to the effective date of the suspension, the effective date of the suspension will be stayed until a final order is issued following the hearing. 2. Except as otherwise provided by law, neither the fact that subsequent to the date of verification or conviction, the owner acquired the required liability insurance policy nor the fact that the owner terminated ownership of the motor vehicle, shall have any bearing upon the director's decision to suspend. Until it is terminated, the suspension shall remain in force after the registration is renewed or a new registration is acquired for the motor vehicle. Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 303 303.409. Failure to maintain financial responsibility, notice, right to hearing — suspension, duration, factors, extension for failure to file proof of insurance, maintenance of proof — exception for inoperable or stored motor vehicles. —1. If the motorist insurance identification database indicates the owner of a registered motor vehicle has, regardless of the owner's operation of such motor vehicle, failed to maintain the financial responsibility required in section 303.025 for two consecutive months, the designated agent shall on behalf of the director inform the owner that the director will suspend the owner's vehicle registration if the owner does not present proof of insurance as prescribed by the director within thirty days from the date of mailing. The designated agent shall not select owners of fleet or rental vehicles or vehicles that are insured pursuant to a commercial line policy for notification to determine motor vehicle liability coverage. The director may prescribe rules and regulations necessary for the implementation of this subsection. The notice issued to the vehicle owner by the designated agent shall be sent to the last known address shown on the department's records. The notice is deemed received three days after mailing. The notice of suspension shall clearly specify the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the person to request a hearing, the procedure for requesting a hearing and the date by which that request for a hearing must be made. The suspension shall become effective thirty days after the subject person is deemed to have received the notice of suspension by first class mail as provided in section 303.041. If the request for a hearing is received prior to the effective date of the suspension, the effective date of the suspension will be stayed until a final order is issued following the hearing; however, any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension during the period of delay. 2. Neither the fact that, subsequent to the date of verification, the owner acquired the required liability insurance policy nor the fact that the owner terminated ownership of the motor vehicle shall have any bearing upon the director's decision to suspend. The suspension shall remain in force until termination despite the renewal of registration or acquisition of a new registration for the motor vehicle. The suspension shall also apply to any motor vehicle to which the owner transfers the registration. 3. Upon receipt of notification from the designated agent, the director shall suspend the owner's vehicle registration effective immediately. The suspension period shall be as follows: (1) If the person's record shows no prior violation, the director shall terminate the suspension upon payment of a reinstatement fee of twenty dollars and submission of proof of insurance, as prescribed by the director; (2) If the person's record shows one prior violation for failure to maintain financial responsibility within the immediately preceding two years, the director shall terminate the suspension ninety days after its effective date upon payment of a reinstatement fee of two hundred dollars and submission of proof of insurance, as prescribed by the director; (3) If the person's record shows two or more prior violations for failure to maintain financial responsibility, the period of suspension shall terminate one year after its effective date upon payment of a reinstatement fee of four hundred dollars and submission of proof of insurance, as prescribed by the director. 4. In the event that proof of insurance as prescribed by the director has not been filed with the department of revenue in accordance with this chapter prior to the end of the period of suspension provided in this section, such period of suspension shall be extended until such proof of

insurance has been filed. In no event shall filing proof of insurance reduce any period of suspension. If proof of insurance is not maintained during the three-year period following the reinstatement or termination of the suspension, the director shall again suspend the license and motor vehicle registration until proof of insurance is filed or the three-year period has elapsed. In no event shall filing proof of insurance reduce any period of suspension. 5. Notwithstanding the provisions of subsection 1 of this section, the director shall not suspend the registration or registrations of any owner who establishes to the satisfaction of the director that the owner's motor vehicle was inoperable or being stored and not operated on the date proof of financial responsibility is required by the director. ---------- (L. 1999 S.B. 19 § 4, A.L. 2000 H.B. 1797 merged with H.B. 1948) Effective 8-28-00 (H.B. 1948); 7-01-02 (H.B. 1797) see § 303.415 Expires 6-30-07; see § 303.415

Title XIX MOTOR VEHICLES, WATERCRAFT AND AVIATION Chapter 303 303.425. Incentive program created — use of third-party vendors — comparison of information — use of data — access to system — suspension of registration, when, procedure — report — rulemaking authority. —1. (1) There is hereby created within the department of revenue the motor vehicle financial responsibility enforcement and compliance incentive program. The department of revenue may enter into contractual agreements with third-party vendors to facilitate the necessary technology and equipment, maintenance thereof, and associated program management services. (2) The department of revenue or a third-party vendor shall utilize technology to compare vehicle registration information with the financial responsibility information accessible through the system. The department of revenue shall utilize this information to identify motorists who are in violation of the motor vehicle financial responsibility law. The department of revenue may offer offenders under this program the option of pretrial diversion as an alternative to statutory fines or reinstatement fees prescribed under the motor vehicle financial responsibility law as a method of encouraging compliance and discouraging recidivism. (3) The department of revenue or third-party vendors shall not use any data collected from or technology associated with any automated motor vehicle financial responsibility enforcement system. For purposes of this subdivision,"motor vehicle financial responsibility enforcement system"means a device consisting of a camera or cameras and vehicle sensor or sensors installed to record motor vehicle financial responsibility violations. (4) All fees paid to or collected by third-party vendors under sections 303.420 to 303.440 may come from violator diversion fees generated by the pretrial diversion option established under this section. 2. The department of revenue may authorize law enforcement agencies or third-party vendors to use technology to collect data for the investigation, detection, analysis, and enforcement of the motor vehicle financial responsibility law. 3. The department of revenue may authorize traffic enforcement officers or third-party vendors to administer the processing and issuance of notices of violation, the collection of fees for a violation of the motor vehicle financial responsibility law, or the referral of cases for prosecution, under the program. 4. Access to the system shall be restricted to qualified agencies and the third-party vendors with which the department of revenue contracts for purposes of the program, provided that any third-party vendor with which a contract is executed to provide necessary technology, equipment, or maintenance for the program shall be authorized as necessary to collaborate for required updates and maintenance of system software. 5. For purposes of the program, any data collected and matched to a corresponding vehicle insurance record as verified through the system, and any Missouri vehicle registration database, may be used to identify violations of the motor vehicle financial responsibility law. Such corresponding data shall constitute evidence of the violations. 6. Except as otherwise provided in this section, the department of revenue shall suspend, in accordance with section 303.041, the registration of any motor vehicle that is determined under the program to be in violation of the motor vehicle financial responsibility law. 7. The department of revenue shall send to an owner whose vehicle is identified under the program as being in violation of the motor vehicle financial responsibility law a notice that the vehicle's registration may be suspended unless the owner, within thirty days, provides proof of financial responsibility for the vehicle or proof, in a form specified by the department of revenue, that the owner has a pending criminal charge for a violation of the motor vehicle financial responsibility law. The notice shall include information on steps an individual may take to obtain proof of financial responsibility and a web address to a page on the department of revenue's website where information on obtaining proof of financial responsibility shall be provided. If proof of financial responsibility or a pending criminal charge is not provided within the time allotted, the department of revenue shall provide a notice of suspension and suspend the vehicle's registration in accordance with section 303.041, or shall send a notice of vehicle registration suspension, clearly specifying the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the vehicle owner to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made, as well as informing the owner that the matter will be referred for prosecution if a satisfactory response is not received in the time allotted, informing the owner that the minimum penalty for the violation is three hundred dollars, and offering the owner participation in a pretrial diversion option to preclude referral for prosecution and registration suspension under sections 303.420 to 303.440. The notice of vehicle registration suspension shall give a period of thirty-three days from mailing for the vehicle owner to respond, and shall be deemed received three days after mailing. If no request for a hearing or agreement to participate in the diversion option is received by the department of revenue prior to the date provided on the notice of vehicle registration suspension, the director shall suspend the vehicle's registration, effective immediately, and refer the case to the appropriate prosecuting attorney. If an agreement by the vehicle owner to participate in the diversion option is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then upon payment of a diversion participation fee not to exceed two hundred dollars, agreement to secure proof of financial responsibility within the time provided on the notice of suspension, and agreement that such financial responsibility shall be maintained for a minimum of two years, no points shall be assessed to the vehicle owner's driver's license under section 302.302 and the department of revenue shall not take further action against the vehicle owner under sections 303.420 to 303.440, subject to compliance with the terms of the pretrial diversion option. The department of revenue shall suspend the vehicle registration of, and shall refer the case to the appropriate prosecuting attorney for prosecution of, participating vehicle owners who violate the terms of the pretrial diversion option. If a request for hearing is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then for all purposes other than eligibility for participation in the diversion option, the
