2024 Nevada Revised Statutes Chapter 207 - Miscellaneous Crimes NRS 207.490 - Criminal and civil forfeiture: Seizure of property before forfeiture and final disposition; order of forfeiture; intercession by Attorney General; interlocutory actions by court.

1. Property subject to forfeiture under NRS 207.420 and 207.460 may be seized by a law enforcement agency upon process issued by a court. Before an order of civil forfeiture is issued and without legal process, notice of the claim for forfeiture of real property may be given in the manner provided in NRS 14.010 and 14.015. A seizure of personal property may be made without legal process if the seizure is incident to: (a) A lawful arrest or search; or (b) An inspection under an administrative warrant. 2. Property seized or made the subject of notice under this section is deemed to be in the custody of the agency subject only to orders of the court which has jurisdiction over the proceedings for forfeiture. An agency which has seized such property without process shall begin the proceedings for forfeiture promptly. Such an action takes precedence over other civil proceedings. The seized property is subject to an action to claim the delivery of the property if the agency does not file the complaint for forfeiture within 60 days after the property is seized. If a complaint for forfeiture is filed after an affidavit claiming delivery, the complaint must be treated as a counterclaim. 3. When property is seized under this section, pending forfeiture and final disposition, the law enforcement agency

may: (a) Place the property under seal. (b) Remove the property to a place designated by the court. (c) Require another agency authorized by law to take custody of the property and remove it to an appropriate location. 4. The district attorney may institute civil proceedings under this section for the forfeiture of property subject to forfeiture pursuant to NRS 207.460. The Attorney General may institute such proceedings when the property is seized by a state agency. If a district attorney has not instituted such a proceeding or has not pursued one which was instituted, the Attorney General may intercede after giving 30 days' written notice to the district attorney of the intention to do so. 5. In any action so brought, the district court shall proceed as soon as practicable to the hearing and determination. Pending final determination in an action brought under this section or NRS 207.470, the district court may at any time enter such injunctions, prohibitions or restraining orders, or take such actions, including the acceptance of satisfactory performance bonds, as the court deems proper in connection with any property or interest subject to forfeiture. 6. Upon a finding of civil liability under this section or NRS 207.470, the court may order the forfeiture of the appropriate property and interests. (Added to NRS by 1983, 1500)

Except as otherwise provided in subsection 2, the proceeds from such a sale must be used: (a) First to satisfy a claim of an injured person as provided in NRS 207.470; (b) Then for payment of all proper expenses of any proceedings for the forfeiture and sale, including any expenses for the seizure and maintenance of the property, advertising and court costs; and (c) Then to repay any money received pursuant to NRS 207.415 and to pay the amount required to be paid by that section. The balance of the proceeds, if any, must be deposited in the General Fund of the State or a county or city as the court provides in the order of forfeiture. 2. If the property forfeited is encumbered by a bona fide security interest and the secured party shows that the secured party did not consent or have knowledge of the violation causing the forfeiture, the State shall pay the existing balance or return the property to the secured party. (Added to NRS by 1983, 1501; A 1985, 973)

The amount of the bond must be the greater of \$50,000 or the greatest required escrow amount due from the nonparticipating manufacturer or its predecessor for any of the immediately preceding 12 calendar quarters. 3. To the extent that a wholesale dealer makes any payment with respect to a shortfall pursuant to this section, the wholesale dealer has a claim against the nonparticipating manufacturer for the amount of the payment. 3. A wholesale dealer may require a nonparticipating manufacturer, as a condition of the agreement of the wholesale dealer to purchase the cigarettes of the nonparticipating manufacturer, to: (a) Prepay the escrow deposit amount of the nonparticipating manufacturer into the escrow account designated in the certification of the nonparticipating manufacturer filed with the Attorney General pursuant to NRS 370.665; and (b) Require the escrow agent to provide to the wholesale dealer and the Attorney General proof of that prepayment. 4. [Effective through December 31, 2026.]

1. The Legislature hereby finds and declares that: (a) The State faces major financial challenges to adequately fund the construction and maintenance of the highways of this State as revenues from taxes imposed on fuel, at both the state and federal level, long used to fund construction and maintenance of the highways of this State and many other states, have declined primarily because of the improved efficiency of the motor vehicles operated on the highways of this State. (b) The Legislature must seek significant and innovative solutions in order to meet the challenges of adequately funding the construction and maintenance of the highways of this State into the future, among them the concept of basing revenue collection on the annual vehicle miles traveled by each vehicle using the highways of this State. 2. The Legislature therefore directs the Department of Motor Vehicles to conduct a pilot program to gather data on annual vehicle miles traveled and other relevant information for certain motor vehicles registered in this State. 3. Upon receipt of the information obtained pursuant to NRS 482.2177, the Department shall compile the data and prepare a report on the annual vehicle miles traveled of those motor vehicles in this State required to provide odometer readings pursuant to NRS 482.2177 by categories determined by the Department, including, without limitation, the annual vehicle miles traveled by: (a) Type of motor vehicle, including, without limitation: (1) Passenger car; (2) Light-duty; (3) Heavy-duty; (4) Motortruck; (5) Truck-tractor; and (6) Bus. Beginning not later than December 31, 2019, the Department shall compile all the information available to produce the report required pursuant to subsection 3 every 6 months, and shall transmit the report not later than January 1 and July 1 of each year to: (a) The Chair of the Assembly Standing Committee on Growth and Infrastructure; (b) The Chair of the Senate Standing Committee on Growth and Infrastructure; and (c) The Director of the Legislative Counsel Bureau for transmittal to the Legislative Commission, if the report is received during an odd-numbered year, or to the next session of the Legislature, if the report is received during an even-numbered year. 5. The Department may apply for and accept gifts, grants and donations to assist with the implementation of the pilot program. 6. The

Department shall not disclose any information provided to the Department pursuant to NRS 482.2177 to an insurer, self-insurer or organization that provides assistance or support to an insurer or self-insurer or its agents, employees or contractors, in connection with activities relating to the rating, underwriting, cancellation or nonrenewal of insurance required by NRS 485.185. 7. The undertaking on the bond is for the use and benefit of the consumer and includes any breach of a consumer contract, deceptive trade practice, fraud, fraudulent representation, negligent misrepresentation, abuse of process, conversion or violation of any of the provisions of this chapter or chapter 41, 97, 104, 104A, 104B, 104C or 598 of NRS by any employee of the licensed broker who acts on behalf of the broker and within the scope of his or her employment. 5. (b) Apply to the Director, for good cause shown, for compensation from the bond. The Director may determine the amount of compensation and the consumer to whom it is to be paid. The surety shall then make the payment. (c) Settle the matter with the broker or employee. If such a settlement is made, the settlement must be reduced to writing, signed by both parties and acknowledged before any person authorized to take acknowledgments in this State, and submitted to the Director with a request for compensation from the bond. Any judgment entered by a court in favor of a consumer and against a broker or an employee of the broker may be executed through a writ of attachment, garnishment, execution or other legal process, or the consumer in whose favor the judgment was entered may apply to the Director for compensation from the bond of the broker or employee. 8. 2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.363523 - Termination or discontinuation of franchise: Duties of dealer.

Upon the termination or refusal to continue a franchise, the dealer: 1. May not require reimbursement by the manufacturer or distributor for any parts or services furnished by the dealer, after the effective date of the termination or refusal to continue, to customers pursuant to any warranties of the manufacturer or distributor; 2. Shall deliver to the manufacturer or distributor any invoices and money deposited by customers for vehicles or other products of the manufacturer or distributor that were not delivered to the customers before the effective date of the termination or refusal to continue; and 3. Shall furnish the manufacturer or distributor with copies of all of his or her records concerning the servicing of any vehicle or other product of the manufacturer or distributor. The manufacturer or distributor shall reimburse the dealer for the reasonable cost of compiling and copying the records and delivering the copies. (Added to NRS by 1987, 2201; A 2003, 20th Special Session, 301)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36354 - Modification or replacement of franchise: Notice; protest by dealer; hearing; change of area of primary

responsibility of dealer; requirement for franchise agreement to be offered if manufacturer is purchased by another manufacturer or entity.

1. A manufacturer or distributor shall not modify the franchise of a dealer or replace the franchise with another franchise if the modification or replacement would have a substantially adverse effect upon the dealer's investment or obligations to provide sales and service, unless: (a) The manufacturer or distributor has given written notice of its intention to the Director and the dealer affected by the intended modification or replacement; and (b) Either of the following conditions occurs: (1) The dealer does not file a protest with the Director within 30 days after receiving the notice; or (2) After a protest has been filed with the Director and the Director has conducted a hearing, the Director issues an order authorizing the manufacturer or distributor to modify or replace the franchise. 2. The notice required by subsection 1 must be given to the dealer and to the Director at least 60 days before the date on which the intended action is to take place. 3. If a manufacturer or distributor changes the area of primary responsibility of a dealer, the change constitutes a modification of the franchise of the dealer for the purposes of NRS 482.36311 to 482.36425, inclusive. As used in this subsection, "area of primary responsibility" means the geographic area in which a dealer, pursuant to a franchise agreement, is responsible for selling, servicing and otherwise representing the products of a manufacturer or distributor. 4. Notwithstanding the provisions of this section, if a manufacturer is purchased by another manufacturer or entity, a dealer must be offered a franchise agreement that is substantially similar to the franchise agreement offered to other dealers of the same line and make of vehicles. 2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36355 - Considerations for determining good cause for termination, discontinuation, modification or replacement of franchise.

In determining whether good cause has been established for permitting a manufacturer or distributor to terminate, refuse to continue, modify or replace a franchise, the Director shall consider, without limitation: 1. The amount of business transacted by the dealer, as compared to the business available to the dealer, but only if there was merchandise available to the dealer in sufficient quantities of models to match competitive makes and models available in the relevant marketing area. All transactions and all registrations must be taken into account within the area covered by the franchise. 2. The investment necessarily made and obligations incurred by the dealer to perform its part of the franchise. 3. Whether the proposed action would be injurious or beneficial to the public welfare. 4. Whether the dealer has adequate new facilities for sales and service, equipment, vehicle parts and qualified personnel to provide reasonably for the needs of the customers for the new vehicles handled by the dealer, and whether the dealer has been and is rendering adequate services to the public. 5. Whether the dealer fails to fulfill warranty obligations of the manufacturer or distributor to be performed by the dealer. 6. The extent of the dealer's failure, if any, to comply with the terms of the franchise. 7. Whether the dealer, the successor in interest of the dealer or the manufacturer or distributor has complied with the provisions of NRS 482.36396 to 482.36414, inclusive. (Added to NRS by 1981, 699; A 1985, 1832; 1999, 2509)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36356 - Additional criteria for determining existence of good cause for termination, discontinuation, modification or replacement of franchise or for establishing additional dealership or relocating existing dealership.

1. In addition to other criteria provided for determining whether good cause exists for terminating, refusing to continue, modifying or replacing a franchise, or for establishing an additional dealership or relocating an existing dealership, the Director shall consider the lasting nature of each affected dealer's investment. The investment includes commitments of the owner to the dealership, the value of time and effort devoted to building the business, and any real property of the owner used by the dealership whether or not held in the name of the dealership. 2. The sole fact that a manufacturer or distributor desires further penetration of the market does not constitute good cause to take any of the actions described in subsection 1. (Added to NRS by 1999, 2505)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36357 - Establishment or relocation of dealership in marketing area of dealer in same line and make of vehicles: Notice; protest of dealer; hearing; exemptions.

1. Except as otherwise provided in subsection 2, a manufacturer or distributor shall not enter into a franchise which would establish an additional dealership for new vehicles or relocate an existing dealership within the relevant market area of another dealer in the same line and make of vehicles unless: (a) The manufacturer or distributor has given written notice of its intention to the Director and to each dealer in the same line and make in the relevant market area; and (b) Either of the following conditions occurs: (1) None of the dealers affected files a protest with the Director within 15 days after receiving the notice or within 15 days after the end of any appeal procedure provided in the franchise agreement; or (2) After a protest has been filed with the Director and the Director has conducted a hearing, the Director finds that there is not good cause for preventing the intended establishment or relocation of a dealership and issues an order authorizing the manufacturer or distributor to establish the additional dealership or relocate the existing dealership. 2. The requirements of this section do not apply to: (a) Relocation of a dealership if the new location is within 2 miles of the former location and is within the same city and relevant market area as the former location. (b) The establishment of a branch office of the manufacturer or distributor for the purpose of selling vehicles at a fair, exhibition or similar event if the branch office is not intended to operate for more than 30 days. (c) Reopening of a dealership which has been out of operation for less than 2

years. (Added to NRS by 1981, 700)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.363571 - Manufacturer prohibited from modifying franchise of or taking adverse action against dealer for selling vehicle which is later exported outside of United States; exception.

A manufacturer shall not modify the franchise of a dealer or take any adverse action against a dealer that sells a vehicle which is later exported outside the United States, unless the dealer had actual knowledge of or reasonably should have known of the exportation of the vehicle. (Added to NRS by 2011, 1027)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.363573 - Substantial alteration of existing facility of dealer: Restrictions on manufacturer; criteria that constitute modification of franchise agreement.

1. A manufacturer shall not require a dealer: (a) To alter substantially an existing facility of the dealer; or (b) To construct a new facility, for any new vehicles that are handled by the dealer unless the alteration or new construction constitutes a reasonable facility requirement in accordance with the franchise agreement. 2. If a manufacturer requires a substantial alteration of an existing facility of the dealer or requires the dealer to construct a new facility, that requirement constitutes a modification of the franchise of the dealer for the purposes of this section and NRS 482.36311 to 482.36425, inclusive. (Added to NRS by 2011, 1026)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.363574 - Compensation to dealer for certain used vehicles subject to recall or other orders; requirements for dealer to file claim with manufacturer; calculation of compensation; limits on compensation; duties and requirements of manufacturers upon receiving compensation claims.

1. If a manufacturer issues a recall and either a stop-sale order or a do-not-drive order on a used vehicle and parts or a remedy are not available to perform a recall service or repair on the vehicle within 30 days after issuing the recall, a new vehicle dealer that is franchised to sell and service new vehicles of the manufacturer is entitled to compensation from the manufacturer and may file a claim with the manufacturer for each used vehicle subject to the recall which the dealer: (a) Has in its used vehicle inventory on the date on which the stop-sale order or do-not-drive order is issued; or (b) Takes into its used car inventory as a consumer trade-in related to the sale of a new vehicle after the date on which the stop-sale order or do-not-drive order is issued. 2. A claim for compensation that is filed by a new vehicle dealer pursuant to this section: (a) Must be in a form prescribed by the manufacturer. The manufacturer may prescribe the manner in which a dealer must demonstrate eligibility for such compensation, including, without limitation, the documentation required to show the inventory status of a used vehicle, provided that the demonstration of eligibility or the providing of documentation is not unduly burdensome. (b) Except as otherwise provided in subsection 5, is subject to the provisions of NRS 482.36385. 3. Except as otherwise provided in subsections 4 and 5, compensation for a used vehicle pursuant to this section must be calculated at a rate of not less than 1 percent of the value of the used vehicle per month, beginning 30 days after the date on which the stop-sale order or do-not-drive order is provided to the dealer and continuing until the earlier of the date: (a) The parts or a remedy for the recall service or repair are made available to the dealer; or (b) The dealer sells, trades or otherwise disposes of the used vehicle. 4. Compensation due to a new vehicle dealer pursuant to subsection 1 is limited to an amount equal to the value of the used vehicle for which the compensation is paid. 5. A manufacturer, in lieu of compensating a new vehicle dealer pursuant to subsection 3, may: (a) Compensate the dealer pursuant to a national recall compensation program, if the amount of compensation owed to the dealer under the program is not less than the amount of compensation owed to the dealer pursuant to subsection 3; or (b) Enter into an agreement with the dealer for an alternative form or amount of compensation. 6. A manufacturer may not take any action to offset or reduce the amount of compensation owed to a new vehicle dealer pursuant to this section, including, without limitation, through a chargeback program, any reduction in an amount owed to the new vehicle dealer under an incentive program or the removal of the new vehicle dealer from an incentive program, if such action is taken, in whole or in part, because the new vehicle dealer filed a claim for compensation pursuant to this section. This subsection: (a) Does not apply to any action taken by a manufacturer that is applied uniformly to all new vehicle dealers of the same line and make of vehicles in this State; and (b) Is subject to the audit provisions of subsections 7 and 8 of NRS 482.36385. 7. Except as otherwise provided in subsection 5 and NRS 482.36385, any compensation provided to a new vehicle dealer pursuant to this section is exclusive and may not be combined with any other state or federal recall compensation remedy. 8. As used in this section: (a) "Do-not-drive order" means a notification issued by a manufacturer to its dealers or to the registered owner of a used vehicle or by the National Highway Traffic Safety Administration to the registered owner of a used vehicle stating that the vehicle is subject to a federal safety recall for a defect or noncompliance and including an unconditional instruction to the recipient of the notification to not drive the vehicle until the remedy for the recall is complete. (b) "Recall" means a safety recall of a vehicle in accordance with federal law and any regulations adopted thereunder. (c) "Stop-sale order" means a notification issued by a manufacturer to its dealers stating that a used vehicle in inventory must not be sold or leased, either retail or wholesale, because of a federal safety recall for a defect or noncompliance or because of a federal emissions recall. (d) "Value of the used vehicle" means the average trade-in value of the year, make and model of the subject used vehicle as indicated in an independent third-party guide. 482.363575 - Director to adopt regulations for conduct of discovery preliminary to hearings required for termination, discontinuation, modification or replacement of franchises or for establishment or relocation of dealership in marketing area of another dealer in same line and make of vehicles.

The Director shall adopt regulations for the conduct of discovery preliminary to each hearing required pursuant to NRS 482.36352, 482.36354 or 482.36357. The practice so established must conform insofar as practicable to the practice established for use in the district courts pursuant to N.R.C.P. 26 to 37, inclusive. (Added to NRS by 1999, 2505)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36358 - Considerations for determining good cause for establishing or relocating dealership in marketing area of dealer in same line and make of vehicles.

In determining whether good cause has been established for preventing a manufacturer or distributor from establishing an additional dealership or relocating an existing dealership within the relevant market area of another dealer in the same line and make of vehicles, the Director shall consider, without limitation: 1. The effect of the intended action on the business of selling new vehicles at retail in the relevant market area. 2. Whether the establishment of an additional dealership or the relocation of an existing dealership for vehicles of the particular line and make would be injurious to the welfare of the public. 3. Whether the dealers franchised to sell new vehicles of the particular line and make in the relevant market area are providing adequate competition, convenient customer service and adequate personnel and facilities for sales of the vehicles to persons in the area, as well as adequate equipment, spare parts and qualified mechanics and other service personnel for repair and maintenance of the vehicles. 4. Whether the establishment of an additional dealership or the relocation of an existing dealership would increase constructive competition and therefore be in the public interest. 5. Any other fact which the Director regards as relevant to the decision required of the Director. (Added to NRS by 1981, 701; A 1999, 2509; 2003, 20th Special Session, 301)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36361 - Written protests: Notice; manufacturer or distributor not to take further action pending determination; hearing; consolidation of hearings.

1. If the Director receives a written protest from a dealer pursuant to NRS 482.36352, 482.36354 or 482.36357, the Director shall give notice as follows: (a) To the manufacturer or distributor, that the protest has been filed and that the manufacturer or distributor may not take the intended action which has given rise to the protest until the Director has made his or her findings and issued an order permitting the manufacturer or distributor to do so; and (b) To any other dealer who has requested such a notice or who may be adversely affected by the intended action, that the protest has been filed. 2. A manufacturer or distributor who receives a notice pursuant to this section shall not proceed with the action which has given rise to the protest until the Director notifies the manufacturer or distributor that the Director has made a decision authorizing the manufacturer or distributor to proceed with that action. 3. Upon completion of discovery by the parties, the Director shall schedule a hearing upon the protest, to be held within 60 days thereafter. 4. If two or more protests are filed concerning a particular intended action, the Director may consolidate the hearings on the protests. (Added to NRS by 1981, 701; A 1999, 2510)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36363 - Hearings: Burden of proof; consideration of economic effect.

1. In any hearing on a protest filed pursuant to NRS 482.36352, 482.36354 or 482.36357, the manufacturer or distributor has the burden of proof to establish that there is good cause to terminate, refuse to continue, modify or replace a franchise, or to establish an additional dealership or relocate an existing dealership. 2. In any hearing on a protest filed pursuant to NRS 482.36357, the Director shall consider the economic effect of the proposed action upon the protesting dealer. 2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36366 - Hearings: Fees for witness; assessment of costs; attorney's fees.

1. Each witness, other than an officer or employee of the State or of a political subdivision of the State or an expert witness, who appears by order of the Director in a hearing pursuant to NRS 482.36311 to 482.36425, inclusive, is entitled to receive for attending the hearing the same fees allowed by law to witnesses in civil cases. Except as otherwise provided in subsection 2, the amount must be paid by the party at whose request the witness is ordered to appear. 2. The Director may assess other costs against the parties as the Director deems appropriate. After any hearing on a protest filed pursuant to NRS 482.36352, 482.36354 or 482.36357, if the Director determines that the manufacturer or distributor has failed to establish that there is good cause to terminate, refuse to continue, modify or replace a franchise, or to establish an additional dealership or relocate an existing dealership, the Director shall award to the dealer attorney's fees and costs. 3. For the purposes of this section, "costs" includes: (a) Except as otherwise provided in paragraph (b), any applicable cost set forth in NRS 18.005; and (b) The actual amount of any fees paid by a dealer to an expert witness in connection with the hearing. The decision is not subject to rehearing or reconsideration by the Director after it is received by the parties. 3. When the written decision of the Director is delivered to the parties, copies of the decision, including the findings of fact as well as the determination of the issues, must be delivered to all persons who have requested notice of such decisions. (Added to NRS by 1981, 702)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36371 - Unfair practices: Change in capital structure, executive management, ownership or control; compensation for value of dealership; consent not to be unreasonably withheld; time period for complying with request for consent; effect of failure to grant or deny request.

1. It is an unfair act or practice for any manufacturer, distributor or factory branch, directly or through any representative, to: (a) Prevent or require or attempt to prevent or require by contract or otherwise any change in the capital structure of a dealer or the means by which the dealer finances his or her operation if at all times the dealer meets any reasonable standards for capital previously agreed to by the dealer and the manufacturer or distributor. A dealer may not change the capital structure if it causes a change in the ownership or control of the franchised dealership, or has the effect of a sale of the franchised dealership, without the consent of the manufacturer or distributor. The consent must not be unreasonably withheld. (b) Prevent or require or attempt to prevent or require a dealer to change his or her executive management. (c) Prevent or require or attempt to prevent or require by contract or otherwise the sale or transfer of any part of the interest of the principal owner or any officer, partner or stockholder of any dealership to any other person. Except as otherwise provided in NRS 482.36396 to 482.36414, inclusive, a principal owner, officer, partner or stockholder may not cause a change in the control of the dealership or sell, transfer or assign the franchise or any right thereunder without the consent of the manufacturer or distributor. The consent must not be unreasonably withheld. (d) Prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised dealership as a going concern. 2. If the consent of a manufacturer or distributor to a change of ownership or control is requested pursuant to paragraph (a) or (c) of subsection 1, the manufacturer or distributor shall grant or deny the request, in writing, within 60 days after receipt of the request. If the request is denied, the material reasons for the denial must be stated. Failure to grant or deny the request, in writing, within 60 days has the effect of granting the request. (Added to NRS by 1977, 555; A 1985, 1833; 1999, 2510)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.3638 - Unfair practices: Release from liability; limitations on settlement of controversies; unlawful terms or conditions of franchise agreements; price increases; participation in ownership; unlawful acts against franchise; preventing dealer from selling or servicing another line or make of new vehicles.

It is an unfair act or practice for any manufacturer, distributor or factory branch, directly or through any representative, to: 1. Require a dealer to agree to a release, assignment, novation, waiver or estoppel which purports to relieve any person from liability imposed by this chapter, or require any controversy between a dealer and a manufacturer, distributor or representative to be referred to any person or agency except as set forth in this chapter if that referral would be binding on the dealer, except that this section does not prevent the parties from mutually agreeing to arbitration pursuant to law. 2. Require a dealer to agree to the jurisdiction, venue or tribunal in which a controversy arising under the provisions of the franchise agreement may or may not be submitted for resolution, or prohibit a dealer from bringing an action in any forum allowed by Nevada law. 3. Require a dealer to agree to a term or condition of a franchise agreement which violates or waives any provision of NRS 482.36311 to 482.36425, inclusive. A waiver of any provision of NRS 482.36311 to 482.36425, inclusive, is void and unenforceable. 4. Require a dealer to waive a trial by jury in actions involving the manufacturer, distributor or factory branch. 5. Increase prices of new vehicles which the dealer had ordered for private retail consumers before the dealer receives the written official notification of a price increase. A sales contract signed by a retail consumer constitutes evidence of each order. Price changes applicable to new models or series of vehicles at the time of the introduction of the new models or series shall not be deemed a price increase. Price changes caused by: (a) The addition to a vehicle of equipment formerly optional as standard or required equipment pursuant to state or federal law; (b) Revaluation of the United States dollar in the case of foreign-made vehicles; or (c) Transportation cost increases, are not subject to this subsection. 6. Deny the principal owner the opportunity to designate his or her spouse, a member of his or her family, a qualified manager, or a trust or other artificial person controlled by any of them as entitled to participate in the ownership of: (a) The franchised dealership; (b) A successor franchised dealership for 2 years or a longer reasonable time after the incapacity of the principal owner; or (c) A successor franchised dealership after the death of the principal in accordance with NRS 482.36396 to 482.36414, inclusive. 7. Modify unilaterally, replace, enter into, relocate, terminate or refuse to renew a franchise in violation of law. 8. Terminate or refuse to approve a transfer of a franchise for a dealership, or honor the right of succession set forth in a franchise agreement or refuse to approve the transfer of a controlling interest in a dealership because the dealer has, before October 1, 1997, established an additional franchise to sell or service another line or make of new vehicles in the same facility as the existing dealership. 9. Prevent a dealer from establishing, on or after October 1, 1997, an additional franchise to sell or service another line or make of new vehicles in the same facility as the existing dealership if the dealer: (a) Submits a written request for approval of the additional franchise to the manufacturer, distributor or factory branch of the existing dealership; (b) Complies with the reasonable requirements for approval set forth in the franchise of the existing dealership; and (c) Obtains the approval of the manufacturer, distributor or factory branch of the existing dealership. The manufacturer, distributor or factory branch shall notify the dealer in writing of its decision to approve or

deny the request within 90 days after receipt of the request. The manufacturer, distributor or factory branch shall not unreasonably withhold its approval. If the request is denied, the material reasons for the denial must be stated. Failure to approve or deny the request, in writing, within 90 days has the effect of approval. (Added to NRS by 1977, 556; A 1985, 1833; 1987, 254; 1989, 208; 1997, 3214; 1999, 2511; 2003, 20th Special Session, 302; 2005, 1147; 2013, 639)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36385 - Unfair practices: Competition by manufacturer, distributor or branch of factory; discrimination; compensation of dealer; failure to pay, approve or disapprove claim or accept amended claim; sale to unlicensed person; deceptive advertising or acts; audits performed more than 9 months after date of claim; acts relating to appeals of results of audits.

It is an unfair act or practice for any manufacturer, distributor or factory branch, directly or through any representative, to:

1. Compete with a dealer. A manufacturer or distributor shall not be deemed to be competing when operating a previously existing dealership temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified person at a fair and reasonable price, or in a bona fide relationship in which a person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions.
2. Discriminate unfairly among its dealers, or fail without good cause to comply with franchise agreements, with respect to warranty reimbursement or authority granted to its dealers to make warranty adjustments with retail customers.
3. Fail to compensate a dealer fairly for the work and services which the dealer is required to perform in connection with the delivery and preparation obligations under any franchise, or fail to compensate a dealer fairly for labor, parts and other expenses incurred by the dealer under the manufacturer's warranty agreements or any recall service or repairs. The manufacturer shall set forth in writing the respective obligations of a dealer and the manufacturer in the preparation of a vehicle for delivery, and as between them a dealer's liability for a defective product is limited to the obligation so set forth. Fair compensation includes diagnosis and reasonable administrative and clerical costs. The dealer's compensation for parts and labor to satisfy a warranty or a recall service or repair must not be less than the amount of money charged to its various retail customers for parts and labor that are not covered by a warranty. If parts are supplied by the manufacturer, including exchanged parts and assembled components, the dealer is entitled with respect to each part to an amount not less than the dealer's normal retail markup for the part. This subsection does not apply to compensation for any part, system, fixture, appliance, furnishing, accessory or feature of a motor home or recreational vehicle that is designed, used and maintained primarily for nonvehicular, residential purposes.
4. Fail to: (a) Pay all claims made by dealers for compensation for delivery and preparation work, transportation claims, special campaigns and work to satisfy warranties and recall service or repairs within 30 days after approval, or fail to approve or disapprove such claims within 30 days after receipt; (b) Disapprove any claim without notice to the dealer in writing of the grounds for disapproval; or (c) Accept an amended claim for labor and parts if the amended claim is submitted not later than 60 days after the date on which the manufacturer or distributor notifies the dealer that the claim has been disapproved and the disapproval was based on the dealer's failure to comply with a specific requirement for processing the claim, including, without limitation, a clerical error or other administrative technicality that does not relate to the legitimacy of the claim. Failure to approve or disapprove or to pay within the specified time limits in an individual case does not constitute a violation of this section if the failure is because of reasons beyond the control of the manufacturer, distributor or factory branch.
5. Sell a new vehicle to a person who is not licensed as a new vehicle dealer under the provisions of this chapter.
6. Use false, deceptive or misleading advertising or engage in deceptive acts in connection with the manufacturer's or distributor's business.
7. Perform an audit to confirm a claim for compensation pursuant to NRS 482.363574, warranty repair, sales incentive or rebate more than 9 months after the date on which the claim was made. An audit of a dealer's records pursuant to this subsection may be conducted by the manufacturer or distributor on a reasonable basis, and a dealer's claim for warranty or sales incentive compensation or compensation pursuant to NRS 482.363574 must not be denied except for good cause, including, without limitation, performance of nonwarranty repairs, lack of material documentation, fraud or misrepresentation. A dealer's failure to comply with the specific requirements of the manufacturer or distributor for processing the claim does not constitute grounds for the denial of the claim or the reduction of the amount of compensation to the dealer if reasonable documentation or other evidence has been presented to substantiate the claim. The manufacturer or distributor shall not deny a claim or reduce the amount of compensation to the dealer for warranty repairs to resolve a condition discovered by the dealer during the course of a separate repair.
8. Prohibit or prevent a dealer from appealing the results of an audit to confirm a warranty repair, sales incentive, claim for compensation made pursuant to NRS 482.363574 or rebate, or to require that such an appeal be conducted at a location other than the dealer's place of business. (Added to NRS by 1977, 556; A 1991, 1583; 1999, 2512; 2003, 20th Special Session, 303; 2005, 1148; 2011, 1027; 2017, 1541)

2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.36386 - Unfair practices: Selling or offering to sell new vehicle, parts or accessories at lower actual price than offered or charged another dealer; exceptions.

It is an unfair act or practice for a manufacturer or distributor to:

1. Sell or offer to sell a new vehicle to a dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped or to use a promotion or other device that results in a lower actual price. This subsection does not apply to a sale to a governmental unit or to a dealer for resale to a governmental unit, or to a sale to a dealer of a vehicle ultimately sold, donated or used by the dealer or in a program of drivers' education.
2. Offer, sell or lease a new vehicle to any person, except a distributor, at a lower actual price than the price offered or charged a dealer for the same model similarly equipped, or use any device that results in a lower actual price.
3. Offer or sell parts or

1. The notice must be given in person or sent by mail directed to the address of the persons shown on the security agreement, unless such persons have notified the holder in writing of a different address. 2. 2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.5161 - Sale of repossessed construction equipment.

1. All the provisions of NRS 482.516 apply equally to the repossession of any article of construction equipment pursuant to the security agreement. 2. As used in this section, "construction equipment" includes without limitation all earth-moving, erecting, excavating and rigging machinery, whether self-propelled or towed, and any auxiliary vehicle used for towing or transporting such machinery. 2024 Nevada Revised Statutes Chapter 482 - Motor Vehicles and Trailers: Licensing, Registration, Sales and Leases NRS 482.5163 - Sale of repossessed vehicle in commercially reasonable manner; application of proceeds; injunctive relief; damages.

1. Every repossessed vehicle shall be sold in a commercially reasonable manner. The fact that a better price could have been obtained by a sale at a different time or in a different method from that selected by the secured party is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. If the secured party either sells the vehicle in the usual manner in any recognized market for such a vehicle or if the secured party sells at the price current in such market at the time of his or her sale or has otherwise sold in conformity with reasonable commercial practices among dealers in the type of vehicle sold the secured party has sold in a commercially reasonable manner. A disposition which has been approved in any judicial proceeding shall conclusively be deemed to be commercially reasonable, but this sentence does not indicate that any such approval must be obtained in any case nor does it indicate that any disposition not so approved is not commercially reasonable. 2. The proceeds of disposition

shall be applied in the order following to: (a) The reasonable expenses of retaking, holding, preparing for sale and selling, and, to the extent provided for in the agreement, the reasonable attorneys' fees and legal expenses incurred by the secured party. (b) The satisfaction of indebtedness secured by the security interest under which the disposition is made. (c) The satisfaction of indebtedness secured by any subordinate security interest in the collateral if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must seasonably furnish reasonable proof of his or her interest, and unless he or she does so, the secured party need not comply with the demand. (d) The payment of any surplus to the debtor. 3. If it is established that the secured party is not proceeding in accordance with the provisions of this section and NRS 482.516 disposition may be ordered or restrained on appropriate terms and conditions. If the disposition has occurred, the debtor or any person entitled to notification or whose security interest has been made known to the secured party prior to the disposition has a right to recover from the secured party any loss caused by failure to comply with the provisions of this section. If the disposition was not commercially reasonable, as specified in subsection 1, the debtor has a right to recover double the debtor's actual damages. (Added to NRS by 1975, 1813)

Any person who knowingly repossesses a vehicle or authorizes another person to repossess a vehicle in violation of this section: (a) Is guilty of a misdemeanor; and (b) May be liable for actual damages, reasonable attorney's fees and costs incurred by the injured party. 3.
