When a person who is convicted of a crime or traffic infraction and sentenced to a term of imprisonment has failed to pay the mandatory surcharge or crime victim assistance fee required by this section, the clerk of the court or the administrative tribunal that rendered the conviction shall notify the superintendent or the municipal official of the facility where the person is confined. The superintendent or the municipal official shall cause any amount owing to be collected from such person during his or her term of imprisonment from moneys to the credit of an incarcerated individuals' fund or such moneys as may be earned by a person in a work release program pursuant to section eight hundred sixty of the correction law. Such moneys shall be paid over to the state comptroller to the credit of the criminal justice improvement account established by section ninety-seven-bb of the state finance law, except that any such moneys collected which are surcharges or crime victim assistance fees levied in relation to convictions obtained in a town or village justice court shall be paid within thirty days after the receipt thereof by the superintendent or municipal official of the facility to the justice of the court in which the conviction was obtained. For the purposes of collecting such mandatory surcharge or crime victim assistance fee, the state shall be legally entitled to the money to the credit of an incarcerated individuals' fund or money which is earned by an incarcerated individual in a work release program. For purposes of this subdivision, the term "incarcerated individuals' fund" shall mean moneys in the possession of an incarcerated individual at the time of his admission into such facility, funds earned by him or her as provided for in section one hundred eighty-seven of the correction law and any other funds received by him or her or on his or her behalf and deposited with such superintendent or municipal official. 5-a. The provisions of subdivision four-a of section five hundred ten, subdivision three of

section five hundred fourteen and subdivision three of section two hundred twenty-seven of this chapter governing actions which may be taken for failure to pay a fine or penalty shall be applicable to a mandatory surcharge or crime victim assistance fee imposed pursuant to this section. 6. Notwithstanding any other provision of this section, where a person has made restitution or reparation pursuant to section 60.27 of the penal law, such person shall not be required to pay a mandatory surcharge or crime victim assistance fee. 7. Notwithstanding any other provision of this section, where a mandatory surcharge or crime victim assistance fee is imposed pursuant to the provisions of section 60.35 of the penal law, no mandatory surcharge or crime victim assistance fee shall be imposed pursuant to the provisions of this section. 8. The provisions of this section shall only apply to offenses committed on or before September first, two thousand twenty-five. 9. Notwithstanding the provisions of subdivision one of this section, in the event a proceeding is in a town or village court, the court shall add an additional five dollars to the surcharges imposed by such subdivision one of this section. 10. For the purposes of this section, the term conviction means and includes the conviction of a felony or a misdemeanor for which a youthful offender finding was substituted and upon such a finding there shall be levied a mandatory surcharge and a crime victim assistance fee to the same extent and in the same manner and amount provided by this section for conviction of the felony or misdemeanor, as the case may be, for which such youthful offender finding was substituted.

The following definitions are applicable to this chapter: 1. "Act" means a bodily movement. 2. "Voluntary act" means a bodily movement performed consciously as a result of effort or determination, and includes the possession of property if the actor was aware of his physical possession or control thereof for a sufficient period to have been able to terminate it. 3. "Omission" means a failure to perform an act as to which a duty of performance is imposed by law. 4. "Conduct" means an act or omission and its accompanying mental state. 5. 2024 New York LawsPEN - PenalPart 1 - General ProvisionsTitle B - Principles of Criminal LiabilityArticle 15 - Culpability15.05 - Culpability; Definitions of Culpable Mental States.

The following definitions are applicable to this chapter: 1. "Intentionally." A person acts intentionally with respect to a result or to conduct described by a statute defining an offense when his conscious objective is to cause such result or to engage in such conduct. 2. "Knowingly." A person acts knowingly with respect to conduct or to a circumstance described by a statute defining an offense when he is aware that his conduct is of such nature or that such circumstance exists. 3. "Recklessly." A person acts recklessly with respect to a result or to a circumstance described by a statute defining an offense when he is aware of and consciously disregards a substantial and unjustifiable risk that such result will occur or that such circumstance exists. The risk must be of such nature and degree that disregard thereof constitutes a gross deviation from the standard of conduct that a reasonable person would observe in the situation. A person who creates such a risk but is unaware thereof solely by reason of voluntary intoxication also acts recklessly with respect thereto. 4. "Criminal negligence." A person acts with criminal negligence with respect to a result or to a circumstance described by a statute defining an offense when he fails to perceive a substantial and unjustifiable risk that such result will occur or that such circumstance exists. The risk must be of such nature and degree that the failure to perceive it constitutes a gross deviation from the standard of care that a reasonable person would observe in the situation.

of strict liability and mental culpability. The minimal requirement for criminal liability is the performance by a person of conduct which includes a voluntary act or the omission to perform an act which he is physically capable of performing. If such conduct is all that is required for commission of a particular offense, or if an offense or some material element thereof does not require a culpable mental state on the part of the actor, such offense is one of "strict liability." If a culpable mental state on the part of the actor is required with respect to every material element of an offense, such offense is one of "mental culpability."

2024 New York LawsPEN - PenalPart 1 - General ProvisionsTitle B - Principles of Criminal LiabilityArticle 15 - Culpability15.15 - Construction of Statutes With Respect to Culpability Requirements.

requirements. 1. When the commission of an offense defined in this chapter, or some element of an offense, requires a particular culpable mental state, such mental state is ordinarily designated in the statute defining the offense by use of the terms "intentionally," "knowingly," "recklessly" or "criminal negligence," or by use of terms, such as "with intent to defraud" and "knowing it to be false," describing a specific kind of intent or knowledge. When one and only one of such terms appears in a statute defining an offense, it is presumed to apply to every element of the offense unless an intent to limit its application clearly appears. 2. Although no culpable mental state is expressly designated in a statute defining an offense, a culpable mental state may nevertheless be required for the commission of such offense, or with respect to some or all of the material elements thereof, if the proscribed conduct necessarily involves such culpable mental state. A statute defining a crime, unless clearly indicating a legislative intent to impose strict liability, should be construed as defining a crime of mental culpability. This subdivision applies to offenses defined both in and outside this chapter.

2024 New York LawsPEN - PenalPart 1 - General ProvisionsTitle B - Principles of Criminal LiabilityArticle 15 - Culpability15.20 - Effect of Ignorance or Mistake Upon Liability.

1. A person is not relieved of criminal liability for conduct because he engages in such conduct under a mistaken belief of fact, unless:(a) Such factual mistake negatives the culpable mental state required for the commission of an offense; or(b) The statute defining the offense or a statute related thereto expressly provides that such factual mistake constitutes a defense or exemption; or(c)

Such factual mistake is of a kind that supports a defense of justification as defined in article thirty-five of this chapter.2. A person is not relieved of criminal liability for conduct because he engages in such conduct under a mistaken belief that it does not, as a matter of law, constitute an offense, unless such mistaken belief is founded upon an official statement of the law contained in (a) a statute or other enactment, or (b) an administrative order or grant of permission, or (c) a judicial decision of a state or federal court, or (d) an interpretation of the statute or law relating to the offense, officially made or issued by a public servant, agency or body legally charged or empowered with the responsibility or privilege of administering, enforcing or interpreting such statute or law.3. Notwithstanding the use of the term "knowingly" in any provision of this chapter defining an offense in which the age of a child is an element thereof, knowledge by the defendant of the age of such child is not an element of any such offense and it is not, unless expressly so provided, a defense to a prosecution therefor that the defendant did not know the age of the child or believed such age to be the same as or greater than that specified in the statute.4. Notwithstanding the use of the term "knowingly" in any provision of this chapter defining an offense in which the aggregate weight of a controlled substance or marihuana is an element, knowledge by the defendant of the aggregate weight of such controlled substance or marihuana is not an element of any such offense and it is not, unless expressly so provided, a defense to a prosecution therefor that the defendant did not know the aggregate weight of the controlled substance or marihuana. (a) Such factual mistake negatives the culpable mental state required for the commission of an offense; or (b) The statute defining the offense or a statute related thereto expressly provides that such factual mistake constitutes a defense or exemption; or (c) Such factual mistake is of a kind that supports a defense of justification as defined in article thirty-five of this chapter. 2. A person is not relieved of criminal liability for conduct because he engages in such conduct under a mistaken belief that it does not, as a matter of law, constitute an offense, unless such mistaken belief is founded upon an official statement of the law contained in (a) a statute or other enactment, or (b) an administrative order or grant of permission, or (c) a judicial decision of a state or federal court, or (d) an interpretation of the statute or law relating to the offense, officially made or issued by a public servant, agency or body legally charged or empowered with the responsibility or privilege of administering, enforcing or interpreting such statute or law. 3. Notwithstanding the use of the term "knowingly" in any provision of this chapter defining an offense in which the age of a child is an element thereof, knowledge by the defendant of the age of such child is not an element of any such offense and it is not, unless expressly so provided, a defense to a prosecution therefor that the defendant did not know the age of the child or believed such age to be the same as or greater than that specified in the statute. 4. Notwithstanding the use of the term "knowingly" in any provision of this chapter defining an offense in which the aggregate weight of a controlled substance or marihuana is an element, knowledge by the defendant of the aggregate weight of such controlled substance or marihuana is not an element of any such offense and it is not, unless expressly so provided, a defense to a prosecution therefor that the defendant did not know the aggregate weight of the controlled substance or marihuana.

2024 New York LawsPEN - PenalPart 1 - General ProvisionsTitle C - DefensesArticle 35 - Defense of Justification35.05 - Justification; Generally.

Unless otherwise limited by the ensuing provisions of this article defining justifiable use of physical force, conduct which would otherwise constitute an offense is justifiable and not criminal when: 1. Such conduct is required or authorized by law or by a judicial decree, or is performed by a public servant in the reasonable exercise of his official powers, duties or functions; or 2. Such conduct is necessary as an emergency measure to avoid an imminent public or private injury which is about to occur by reason of a situation occasioned or developed through no fault of the actor, and which is of such gravity that, according to ordinary standards of intelligence and morality, the desirability and urgency of avoiding such injury clearly outweigh the desirability of avoiding the injury sought to be prevented by the statute defining the offense in issue. The necessity and justifiability of such conduct may not rest upon considerations pertaining only to the morality and advisability of the statute, either in its general application or with respect to its application to a particular class of cases arising thereunder. Whenever evidence relating to the defense of justification under this subdivision is offered by the defendant, the court shall rule as a matter of law whether the claimed facts and circumstances would, if established, constitute a defense.

2024 New York LawsPEN - PenalPart 1 - General ProvisionsTitle C - DefensesArticle 35 - Defense of Justification35.10 - Justification; Use of Physical Force Generally.

The use of physical force upon another person which would otherwise constitute an offense is justifiable and not criminal under any of the following circumstances: 1. A parent, guardian or other person entrusted with the care and supervision of a person under the age of twenty-one or an incompetent person, and a teacher or other person entrusted with the care and supervision of a person under the age of twenty-one for a special purpose, may use physical force, but not deadly physical force, upon such person when and to the extent that he reasonably believes it necessary to maintain discipline or to promote the welfare of such person. 2. A warden or other authorized official of a jail, prison or correctional institution may, in order to maintain order and discipline, use such physical force as is authorized by the correction law. 3. A person responsible for the maintenance of order in a common carrier of passengers, or a person acting under his direction, may use physical force when and to the extent that he reasonably believes it necessary to maintain order, but he may use deadly physical force only when he reasonably believes it necessary to prevent death or serious physical injury. 4. A person acting under a reasonable belief that another person is about to commit suicide or to inflict serious physical injury upon himself may use physical force upon such person to the extent that he reasonably believes it necessary to thwart such result. 5. A duly licensed physician, or a person acting under a physician's direction, may use physical force for the purpose of administering a recognized form of treatment which he or she reasonably believes to be adapted to promoting the physical or mental health of the patient if (a) the treatment is administered with the consent of the patient or, if the patient is under the age of eighteen years or an incompetent person, with the consent of the parent, guardian or other person entrusted with the patient's care and supervision, or (b) the treatment is administered in an emergency when the physician reasonably believes that no one competent to consent can be consulted and that a reasonable person, wishing to safeguard the welfare of the patient, would consent. 6. A person may, pursuant to the ensuing provisions of this article, use physical force upon another person in self-defense or defense of a third person, or in defense of premises, or in order to prevent larceny of or criminal mischief to property, or in order to effect an arrest or prevent an escape from custody. Whenever a person is authorized by any such provision to use deadly physical force in any given circumstance, nothing contained in any other such provision may be deemed to negate or qualify such authorization.

1. A person may, subject to the provisions of subdivision two, use physical force upon another person when and to the extent he or she reasonably believes such to be necessary to defend himself, herself or a third person from what he or she reasonably believes to be the use or imminent use of unlawful physical force by such other person, unless:(a) The latter's conduct was provoked by the actor with intent to cause physical injury to another person; or(b) The actor was the initial aggressor; except that in such case the use of physical force is nevertheless justifiable if the actor has withdrawn from the encounter and effectively communicated such withdrawal to such other person but the latter persists in continuing the incident by the use or threatened imminent use of unlawful physical force; or(c) The physical force involved is the product of a combat by agreement not specifically authorized by law.2. A person may not use deadly physical force upon another person under circumstances specified in subdivision one unless:(a) The actor reasonably believes that such other person is using or about to use deadly physical force. Even in such case, however, the actor may not use deadly physical force if he or she knows that with complete personal safety, to oneself and others he or she may avoid the necessity of so doing by retreating; except that the actor is under no duty to retreat if he or she is:(i) in his or her dwelling and not the initial aggressor; or(ii) a police officer or peace officer or a person assisting a police officer or a peace officer at the latter's direction, acting pursuant to section 35.30; or(b) He or she reasonably believes that such other person is committing or attempting to commit a kidnapping, forcible rape, forcible aggravated sexual abuse, a crime formerly defined in section 130.50 of this chapter by force, or robbery; or(c) He or she reasonably believes that such other person is committing or attempting to commit a burglary, and the circumstances are such that the use of deadly physical force is authorized by subdivision three of section 35.20. (a) The latter's conduct was provoked by the actor with intent to cause physical injury to another person; or (b) The actor was the initial aggressor; except that in such case the use of physical force is nevertheless justifiable if the actor has withdrawn from the encounter and effectively communicated such withdrawal to such other person but the latter persists in continuing the incident by the use or threatened imminent use of unlawful physical force; or (c) The physical force involved is the product of a combat by agreement not specifically authorized by law. 2. A person may not use deadly physical force upon another person under circumstances specified in subdivision one unless: (a) The actor reasonably believes that such other person is using or about to use deadly physical force. Even in such case, however, the actor may not use deadly physical force if he or she knows that with complete personal safety, to oneself and others he or she may avoid the necessity of so doing by retreating; except that the actor is under no duty to retreat if he or she is: (i) in his or her dwelling and not the initial aggressor; or (ii) a police officer or peace officer or a person assisting a police officer or a peace officer at the latter's direction, acting pursuant to section 35.30; or (b) He or she reasonably believes that such other person is committing or attempting to commit a kidnapping, forcible rape, forcible aggravated sexual abuse, a crime formerly defined in section 130.50 of this chapter by force, or robbery; or (c) He or she reasonably believes that such other person is committing or attempting to commit a burglary, and the circumstances are such that the use of deadly physical force is authorized by subdivision three of section 35.20.

in defense of a person in the course of burglary. 1. Any person may use physical force upon another person when he or she reasonably believes such to be necessary to prevent or terminate what he or she reasonably believes to be the commission or attempted commission by such other person of a crime involving damage to premises. Such person may use any degree of physical force, other than deadly physical force, which he or she reasonably believes to be necessary for such purpose, and may use deadly physical force if he or she reasonably believes such to be necessary to prevent or terminate the commission or attempted commission of arson. 2. A person in possession or control of any premises, or a person licensed or privileged to be thereon or therein, may use physical force upon another person when he or she reasonably believes such to be necessary to prevent or terminate what he or she reasonably believes to be the commission or attempted commission by such other person of a criminal trespass upon such premises. Such person may use any degree of physical force, other than deadly physical force, which he or she reasonably believes to be necessary for such purpose, and may use deadly physical force in order to prevent or terminate the commission or attempted commission of arson, as prescribed in subdivision one, or in the course of a burglary or attempted burglary, as prescribed in subdivision three. 3. A person in possession or control of, or licensed or privileged to be in, a dwelling or an occupied building, who reasonably believes that another person is committing or attempting to commit a burglary of such dwelling or building, may use deadly physical force upon such other person when he or she reasonably believes such to be necessary to prevent or terminate the commission or attempted commission of such burglary. 4. As used in this section, the following terms have the following meanings:(a) The terms "premises," "building" and "dwelling" have the meanings prescribed in section 140.00;(b) Persons "licensed or privileged" to be in buildings or upon other premises include, but are not limited to:(i) police officers or peace officers acting in the performance of their duties; and(ii) security personnel or employees of nuclear powered electric generating facilities located within the state who are employed as part of any security plan approved by the federal operating license agencies acting in the performance of their duties at such generating facilities. A police officer or a peace officer, in the course of effecting or attempting to effect an arrest, or of preventing or attempting to prevent the escape from custody, of a person whom he or she reasonably believes to have committed an offense, may use physical force when and to the extent he or she reasonably believes such to be necessary to effect the arrest, or to prevent the escape from custody, or in self-defense or to defend a third person from what he or she reasonably believes to be the use or imminent use of physical force; except that deadly physical force may be used for such purposes only when he or she reasonably believes that:(a) The offense committed by such person was:(i) a felony or an attempt to commit a felony involving the use or attempted use or threatened imminent use of physical force against a person; or(ii) kidnapping, arson, escape in the first degree, burglary in the first degree or any attempt to commit such a crime; or(b) The offense committed or attempted by such person was a felony and that, in the course of resisting arrest therefor or attempting to escape from custody, such person is armed with a firearm or deadly weapon; or(c) Regardless of the particular offense which is the subject of the arrest or attempted escape, the use of deadly physical force is necessary to defend the police officer or peace officer or another person from what the officer reasonably believes to be the use or imminent use of deadly physical force.2. The fact that a police officer or a peace officer is justified in using deadly physical force under circumstances prescribed in paragraphs (a) and (b) of subdivision one does not constitute justification for reckless conduct by such police officer or peace officer amounting to an offense against or with respect to innocent persons whom he or she is not seeking to arrest or retain in custody.3. A person who has been directed by a police officer or a peace officer to assist such police officer or peace officer to effect an arrest or to prevent an escape from custody may use physical force, other than deadly physical force, when and to the extent that he or she reasonably believes such to be necessary to carry out such police officer's or peace officer's direction, unless he or she knows that the arrest or prospective arrest is not or was not authorized and may use deadly physical force under such circumstances when:(a) He or she reasonably believes such to be necessary for self-defense or to defend a third person from what he or she reasonably believes to be the use or imminent use of deadly physical force; or(b) He or she is directed or authorized by such police officer or peace officer to use deadly physical force unless he or she knows that the police officer or peace officer is not authorized to use deadly physical force under the circumstances.4. A private person acting on his or her own account may use physical force, other than deadly physical force, upon another person when and to the extent that he or she reasonably believes such to be necessary to effect an arrest or to prevent the escape from custody of a person whom he or she reasonably believes to have committed an offense and who in fact has committed such offense; and may use deadly physical force for such purpose when he or she reasonably believes such to be necessary to:(a) Defend himself, herself or a third person from what he or she reasonably believes to be the use or imminent use of deadly physical force; or(b) Effect the arrest of a person who has committed murder, manslaughter in the first degree, robbery, forcible rape or forcible criminal sexual act and who is in immediate flight therefrom.5. A guard, police officer or peace officer who is charged with the duty of guarding prisoners in a detention facility, as that term is defined in section 205.00, or while in transit to or from a detention facility, may use physical force when and to the extent that he or she reasonably believes such to be necessary to prevent the escape of a prisoner from a detention facility or from custody while in transit thereto or therefrom. (a) The offense committed by such person was: (i) a felony or an attempt to commit a felony involving the use or attempted use or threatened imminent use of physical force against a person; or (ii) kidnapping, arson, escape in the first degree, burglary in the first degree or any attempt to commit such a crime; or (b) The offense committed or attempted by such person was a felony and that, in the course of resisting arrest therefor or attempting to escape from custody, such person is armed with a firearm or deadly weapon; or (c) Regardless of the particular offense which is the subject of the arrest or attempted escape, the use of deadly physical force is necessary to defend the police officer or peace officer or another person from

what the officer reasonably believes to be the use or imminent use of deadly physical force. 2. A guard, police officer or peace officer who is charged with the duty of guarding prisoners in a detention facility, as that term is defined in section 205.00, or while in transit to or from a detention facility, may use physical force when and to the extent that he or she reasonably believes such to be necessary to prevent the escape of a prisoner from a detention facility or from custody while in transit thereto or therefrom.

1. In any prosecution for an offense, it is an affirmative defense that the defendant engaged in the proscribed conduct because he was coerced to do so by the use or threatened imminent use of unlawful physical force upon him or a third person, which force or threatened force a person of reasonable firmness in his situation would have been unable to resist. 2. The defense of duress as defined in subdivision one of this section is not available when a person intentionally or recklessly places himself in a situation in which it is probable that he will be subjected to duress.

2024 New York LawsPEN - PenalPart 1 - General ProvisionsTitle C - DefensesArticle 40 - Other Defenses Involving Lack of Culpability40.05 - Entrapment.

In any prosecution for an offense, it is an affirmative defense that the defendant engaged in the proscribed conduct because he was induced or encouraged to do so by a public servant, or by a person acting in cooperation with a public servant, seeking to obtain evidence against him for purpose of criminal prosecution, and when the methods used to obtain such evidence were such as to create a substantial risk that the offense would be committed by a person not otherwise disposed to commit it. Inducement or encouragement to commit an offense means active inducement or encouragement. Conduct merely affording a person an opportunity to commit an offense does not constitute entrapment.

1. In any prosecution for an offense, other than an attempt to commit a crime, in which the defendant's guilt depends upon his criminal liability for the conduct of another person pursuant to section 20.00, it is an affirmative defense that, under circumstances manifesting a voluntary and complete renunciation of his criminal purpose, the defendant withdrew from participation in such offense prior to the commission thereof and made a substantial effort to prevent the commission thereof. 2. In any prosecution for criminal facilitation pursuant to article one hundred fifteen, it is an affirmative defense that, prior to the commission of the felony which he facilitated, the defendant made a substantial effort to prevent the commission of such felony. 3. In any prosecution pursuant to section 110.00 for an attempt to commit a crime, it is an affirmative defense that, under circumstances manifesting a voluntary and complete renunciation of his criminal purpose, the defendant avoided the commission of the crime attempted by abandoning his criminal effort and, if mere abandonment was insufficient to accomplish such avoidance, by taking further and affirmative steps which prevented the commission thereof. 4. In any prosecution for criminal solicitation pursuant to article one hundred or for conspiracy pursuant to article one hundred five in which the crime solicited or the crime contemplated by the conspiracy was not in fact committed, it is an affirmative defense that, under circumstances manifesting a voluntary and complete renunciation of his criminal purpose, the defendant prevented the commission of such crime. 5. A renunciation is not "voluntary and complete" within the meaning of this section if it is motivated in whole or in part by (a) a belief that circumstances exist which increase the probability of detection or apprehension of the defendant or another participant in the criminal enterprise, or which render more difficult the accomplishment of the criminal purpose, or (b) a decision to postpone the criminal conduct until another time or to transfer the criminal effort to another victim or another but similar objective.

1. In addition to any of the dispositions authorized by this article, the court shall consider restitution or reparation to the victim of the crime and may require restitution or reparation as part of the sentence imposed upon a person convicted of an offense, and after providing the district attorney with an opportunity to be heard in accordance with the provisions of this subdivision, require the defendant to make restitution of the fruits of his or her offense or reparation for the actual out-of-pocket loss caused thereby and, in the case of a violation of section 190.78, 190.79, 190.80, 190.82 or 190.83 of this chapter, any costs or losses incurred due to any adverse action taken against the victim. The district attorney shall where appropriate, advise the court at or before the time of sentencing that the victim seeks restitution or reparation, the extent of injury or economic loss or damage of the victim, and the amount of restitution or reparation sought by the victim in accordance with his or her responsibilities under subdivision two of section 390.50 of the criminal procedure law and article twenty-three of the executive law. The court shall hear and consider the information presented by the district attorney in this regard. In that event, or when the victim impact statement reports that the victim seeks restitution or reparation, the court shall require, unless the interests of justice dictate otherwise, in addition to any of the dispositions authorized by this article that the defendant make restitution of the fruits of the offense and reparation for the actual out-of-pocket loss and, in the case of a violation of section 190.78, 190.79, 190.80, 190.82 or 190.83 of this chapter, any costs or losses incurred due to any adverse action, caused thereby to the victim. Adverse action as used in this subdivision shall mean and include actual loss incurred by the victim, including an amount equal to the value of the time reasonably spent by the victim attempting to remediate the harm incurred by the victim from the offense, and the consequential financial losses from such action. 2. Whenever the court requires restitution or reparation to be made, the court must make a finding as to the dollar amount of the fruits of the offense and the actual out-of-pocket loss to the victim caused by the offense. In making this finding, the court must consider any victim impact statement provided to the court. If the record does not contain sufficient evidence to support such finding or upon request by the defendant, the court must conduct a hearing upon the issue in accordance with the procedure set forth in section 400.30 of the criminal procedure law. 3. The provisions of sections 420.10, 420.20 and 420.30 of the criminal procedure law shall apply in the collection and remission of restitution and reparation. 4. For purposes of the imposition, determination and collection of restitution or reparation, the following definitions shall apply:(a) the term "offense" shall include the offense for which a defendant was convicted, as well as any other offense that is part of the same criminal transaction or that is contained in any other accusatory instrument disposed of by any plea of guilty by the defendant to an offense.(b) the term "victim" shall include the victim of the offense, the representative of a crime victim as defined in subdivision six of section six hundred twenty-one of the executive law, an individual whose identity was assumed or whose personal identifying information was used in violation of section 190.78, 190.79 or 190.80 of this chapter, or any person who has suffered a financial loss as a direct result of the acts of a defendant in violation of section 190.78, 190.79, 190.80, 190.82 or 190.83 of this chapter, a good samaritan as defined in section six hundred twenty-one of the executive law and the office of victim services or other governmental agency that has received an application for or has provided financial assistance or compensation to the victim. A victim shall also mean any owner or lawful producer of a master recording, or a trade association that represents such owner or lawful producer, that has suffered injury as a result of an offense as defined in article two hundred seventy-five of this chapter.5. (a) Except upon consent of the defendant or as provided in paragraph (b) of this subdivision, or as a condition of probation or conditional discharge as provided in paragraph (g) of subdivision two of section 65.10 of this chapter, the amount of restitution or reparation required by the court shall not exceed fifteen thousand dollars in the case of a conviction for a felony, or ten thousand dollars in the case of a conviction for any offense other than a felony. Notwithstanding the provisions of this subdivision, if an officer of a school district is convicted of violating any section of article one hundred fifty-five of this chapter where the victim of such crime is such officer's school district, the court may require an amount of restitution up to the full amount of the fruits of the offense or reparation up to the full amount of the actual out-of-pocket loss suffered by the victim, provided further that in such case the provisions of paragraph (b) of this subdivision shall not apply.(b) The court in its discretion may impose restitution or reparation in excess of the amounts specified in paragraph (a) of this subdivision, provided however that the amount in excess must be limited to the return of the victim's property, including money, or the equivalent value thereof; and reimbursement for medical expenses actually incurred by the victim prior to sentencing as a result of the offense committed by the defendant.(c) If a corporation is found guilty of an offense involving the death or serious physical injury of an employee in violation of subparagraph (iv) of paragraph (c) of subdivision two of section 20.20 of this chapter, the court may order restitution or reparation in excess of the amounts specified in paragraphs (a) and (b) of this subdivision.6. The court shall in all cases where restitution or reparation is imposed direct as part of the disposition that the defendant pay a designated surcharge of five percent of the entire amount of a restitution or reparation payment to the official or organization designated pursuant to subdivision eight of section 420.10 of the criminal procedure law. The designated surcharge shall not exceed five percent of the amount actually collected. Upon the filing of an affidavit of the official or organization designated pursuant to subdivision eight of section 420.10 of the criminal procedure law demonstrating that the actual cost of the collection and administration of restitution or reparation in a particular case exceeds five percent of the entire amount of the payment or the amount actually collected, as the case may be, the court shall direct that the defendant pay an additional surcharge of not more than five percent of the entire amount of a restitution or reparation payment to such official or organization, or the actual cost of collection or administration, whichever is less unless, upon application of the defendant, the court determines that imposition of such additional surcharge would cause undue hardship to the defendant, or any other person who is financially supported by the defendant, or would otherwise not be in the interest of justice. Such additional surcharge, when added to the initial five percent surcharge, shall not exceed ten percent of the amount actually collected.9. If the offense of which a person is convicted is a class A, class B, class C, or class D felony involving the sale of a controlled substance, as defined in article two hundred twenty of this chapter, and no other victim who is a person is seeking restitution in the case, the term "victim" as used in this section, in addition to its ordinary meaning, shall mean any law enforcement agency of the state of New York or of any subdivision thereof which has expended funds in the purchase of any controlled substance from such person or his agent as part of the investigation leading to such conviction. Any law enforcement agency seeking restitution pursuant to this section shall file with the court and the district attorney an affidavit stating that funds expended in the actual purchase of a controlled substance for which restitution is being sought have not been and will not be recovered from any other source or in any other civil or criminal proceeding. Any law enforcement agency receiving restitution pursuant to this section shall promptly transmit to the commissioner of the division of criminal justice services a report stating the dollar amount of the restitution received.10. Any restitution which may be required to be made to a municipality or volunteer fire company pursuant to this section shall be limited to the amount of funds reasonably expended or to be expended for the purpose of restoration, rehabilitation or clean-up of the site of the arson, less the amount of any funds which have been or will be recovered from any other source, and shall not include a designated surcharge pursuant to subdivision eight of this section. If the offense of which a person is convicted is defined in section 155.25, 155.30, 155.35, 155.40 or 155.42 of this chapter, and the property taken is timber, the court may upon conviction, in addition to any other sentence, direct the defendant to pay the rightful owner of such timber an amount equal to treble the stumpage value of the timber stolen as defined in section 71-0703 of the environmental conservation law and for any permanent and substantial damage caused to the land or the improvements thereon as a result of such violation. Such reparations shall be of such kind, nature and extent as will reasonably restore the lands affected by the violation to their condition immediately before the violation and may be made by physical restoration of such lands and/or by the assessment of monetary payment to make such restoration.13. If the offense of which a person is convicted is defined in section 240.50, subdivision one or two of section 240.55, section 240.60, section 240.61, section 240.62 or section 240.63 of this chapter, and no other victim who is a person is seeking restitution in the case, the term "victim" as used in this subdivision, in addition to the ordinary meaning, shall mean any school, municipality, fire district, fire company, fire corporation, ambulance association, ambulance corporation, or other legal or public entity engaged in providing emergency services which has expended funds for the purpose of responding to a false report of an incident or false bomb as defined in section 240.50, subdivision one or two of section 240.55, section 240.60, section 240.61, section 240.62, or section 240.63 of this chapter. Any victim seeking restitution pursuant to this subdivision shall file with the court, district attorney and defense counsel an affidavit stating that the funds reasonably expended for which restitution is being sought have not been and will not be recovered from any other source or in any other civil or criminal proceeding, except as provided for by section 3-112 of the general obligations law.14. A victim shall also mean any owner or lawful producer of a master recording, or a trade association that represents such owner or lawful producer, that has suffered injury as a result of an offense as defined in article two hundred seventy-five of this chapter. 5. (a) Except upon consent of the defendant or as provided in paragraph (b) of this subdivision, or as a condition of probation or conditional discharge as provided in paragraph (g) of subdivision two of section 65.10 of this chapter, the amount of restitution or reparation required by the court shall not exceed fifteen thousand dollars in the case of a conviction for a felony, or ten thousand dollars in the case of a conviction for any offense other than a felony. Notwithstanding the provisions of this subdivision, if an officer of a school district is convicted of violating any section of article one hundred fifty-five of this chapter where the victim of such crime is such officer's school district, the court may require an amount of restitution up to the full amount of the fruits of the offense or reparation up to the full amount of the actual out-of-pocket loss suffered by the victim, provided further that in such case the provisions of paragraph (b) of this subdivision shall not apply. (b) The court in its discretion may impose restitution or reparation in excess of the amounts specified in paragraph (a) of this subdivision, provided however that the amount in excess must be limited to the return of the victim's property, including money, or the equivalent value thereof; and reimbursement for medical expenses actually incurred by the victim prior to sentencing as a result of the offense committed by the defendant. (c) If a corporation is found guilty of an offense involving the death or serious physical injury of an employee in violation of subparagraph (iv) of paragraph (c) of subdivision two of section 20.20 of this chapter, the court may order restitution or reparation in excess of the amounts specified in paragraphs (a) and (b) of this subdivision. 6. Any payment made as restitution or reparation pursuant to this section shall not limit, preclude or impair any liability for damages in any civil action or proceeding for an amount in excess of such payment. 7. In the event that the court requires restitution or reparation to be made to a person and that person dies prior to the completion of said restitution or reparation, the remaining payments shall be made to the estate of the deceased. 8. The court shall in all cases where restitution or reparation is imposed direct as part of the disposition that the defendant pay a designated surcharge of five percent of the entire amount of a restitution or reparation payment to the official or organization designated pursuant to subdivision eight of section 420.10 of the criminal procedure law. The designated surcharge shall not exceed five percent of the amount actually collected. Upon the filing of an affidavit of the official or organization designated pursuant to subdivision eight of section 420.10 of the criminal procedure law demonstrating that the actual cost of the collection and administration of restitution or reparation in a particular case exceeds five percent of the entire amount of the payment or the amount actually collected, as the case may be, the court shall direct that the defendant pay an additional surcharge of not more than five percent of the entire amount of a restitution or reparation payment to such official or organization, or the actual cost of collection or administration, whichever is less unless, upon application of the defendant, the court determines that imposition of such additional surcharge would cause undue hardship to the defendant, or any other person who is financially supported by the defendant, or would otherwise not be in the interest of justice. Such additional surcharge, when added to the initial five percent surcharge, shall not exceed ten percent of the amount actually collected. 9. If the offense of which a person is convicted is a class A, class B, class C, or class D felony involving the sale of a controlled substance, as defined in article two hundred twenty of this chapter, and no other victim who is a person is seeking restitution in the case, the term "victim" as used in this section, in addition to its ordinary meaning, shall mean any law enforcement agency of the state of New York or of any subdivision thereof which has expended funds in the purchase of any controlled substance from such person or his agent as part of the investigation leading to such conviction. Any restitution which may be required to be made to a law enforcement agency pursuant to this section shall be limited to the amount of funds expended in the actual purchase of such controlled substance by such law enforcement agency, less the amount of any funds which have been or will be recovered from any other source, and shall not include a designated surcharge pursuant to subdivision eight of this section. Any law enforcement agency seeking restitution pursuant to this section shall file with the court and the district attorney an affidavit stating that funds expended in the actual purchase of a controlled substance for which restitution is being sought have not been and will not be recovered from any other source or in any other civil or criminal proceeding. Any law enforcement agency receiving restitution pursuant to this section shall promptly transmit to the commissioner of the division of criminal justice services a report stating the dollar amount of the restitution received. 10. If the offense of which a person is convicted is defined in section 150.10, 150.15 or 150.20 of this chapter, and no other victim who is a person is seeking restitution in the case, the term "victim" as used in this section, in addition to its ordinary meaning, shall mean any municipality or volunteer fire company which has expended funds or will expend funds for the purpose of restoration, rehabilitation or clean-up of the site of the arson. Any restitution which may be required to be made to a municipality or volunteer fire company pursuant to this

section shall be limited to the amount of funds reasonably expended or to be expended for the purpose of restoration, rehabilitation or clean-up of the site of the arson, less the amount of any funds which have been or will be recovered from any other source, and shall not include a designated surcharge pursuant to subdivision eight of this section. Any municipality or volunteer fire company seeking restitution pursuant to this section shall file with the court, district attorney and defense counsel an affidavit stating that the funds reasonably expended or to be expended for which restitution is being sought have not been and will not be recovered from any other source or in any other civil or criminal proceeding. For the purposes of this subdivision, "volunteer fire company" means a fire company as defined in paragraph a of subdivision two of section one hundred of the general municipal law. 11. Notwithstanding any other provision of this section to the contrary, when a person is convicted of harming an animal trained to aid a person with a disability in the second degree as defined in section 195.11 of this chapter, or harming an animal trained to aid a person with a disability in the first degree as defined in section 195.12 of this chapter, the court, in addition to any other sentence, shall order the payment of restitution to the person with a disability who was aided by such animal. 12. If the offense of which a person is convicted is defined in section 155.25, 155.30, 155.35, 155.40 or 155.42 of this chapter, and the property taken is timber, the court may upon conviction, in addition to any other sentence, direct the defendant to pay the rightful owner of such timber an amount equal to treble the stumpage value of the timber stolen as defined in section 71-0703 of the environmental conservation law and for any permanent and substantial damage caused to the land or the improvements thereon as a result of such violation. Such reparations shall be of such kind, nature and extent as will reasonably restore the lands affected by the violation to their condition immediately before the violation and may be made by physical restoration of such lands and/or by the assessment of monetary payment to make such restoration. 13. If the offense of which a person is convicted is defined in section 240.50, subdivision one or two of section 240.55, section 240.60, section 240.61, section 240.62 or section 240.63 of this chapter, and no other victim who is a person is seeking restitution in the case, the term "victim" as used in this subdivision, in addition to the ordinary meaning, shall mean any school, municipality, fire district, fire company, fire corporation, ambulance association, ambulance corporation, or other legal or public entity engaged in providing emergency services which has expended funds for the purpose of responding to a false report of an incident or false bomb as defined in section 240.50, subdivision one or two of section 240.55, section 240.60, section 240.61, section 240.62, or section 240.63 of this chapter. Any restitution which may be required to be made to a victim pursuant to this subdivision shall be limited to the amount of funds reasonably expended for the purpose of responding to such false report of incident or false bomb, less the amount of any funds which have been or will be recovered from any other source and shall not include a designated surcharge pursuant to subdivision eight of this section. Any victim seeking restitution pursuant to this subdivision shall file with the court, district attorney and defense counsel an affidavit stating that the funds reasonably expended for which restitution is being sought have not been and will not be recovered from any other source or in any other civil or criminal proceeding, except as provided for by section 3-112 of the general obligations law. 14. Where a transfer of probation has occurred pursuant to section 410.80 of the criminal procedure law and the probationer is subject to a restitution condition, the department of probation in the county in which the order of restitution was imposed shall notify the appropriate district attorney. Upon notification by the department of probation, such district attorney shall file a certified copy of the judgment with the clerk of the county in the receiving jurisdiction for purposes of establishing a first lien and to permit institution of civil proceedings pursuant to the provisions of subdivision six of section 420.10 of the criminal procedure law.

The designated date of appearance on the summons shall be set for the first day court is in session falling after the sixtieth day from the imposition of the mandatory surcharge, sex offender registration fee or DNA databank fee, crime victim assistance fee or supplemental sex offender victim fee. The summons shall contain the information required by subdivision two of section 130.10 of the criminal procedure law except that in substitution for the requirement of paragraph (c) of such subdivision the summons shall state that the person served must appear at a date, time and specific location specified in the summons if after sixty days from the date of issuance the mandatory surcharge, sex offender registration fee or DNA databank fee, crime victim assistance fee or supplemental sex offender victim fee remains unpaid. The court shall not issue a summons under this subdivision to a person who is being sentenced to a term of confinement in excess of sixty days in jail or in the department of corrections and community supervision. The mandatory surcharges, sex offender registration fee and DNA databank fees, crime victim assistance fees and supplemental sex offender victim fees for those persons shall be governed by the provisions of section 60.30 of this article.9. Where a person is convicted of two or more crimes or violations committed through a single act or omission, or through an act or omission which in itself constituted one of the crimes or violations and also was a material element of the other, the court shall impose a mandatory surcharge and a crime victim assistance fee, and where appropriate a supplemental sex offender victim fee, in accordance with the provisions of this section for the crime or violation which carries the highest classification, and no other sentence to pay a mandatory surcharge, crime victim assistance fee or supplemental sex offender victim fee required by this section shall be imposed. The mandatory surcharge, sex offender registration fee, DNA databank fee, crime victim assistance fee, and supplemental sex offender victim fee provided for in subdivision one of this section shall be paid to the clerk of the court or administrative tribunal that rendered the conviction. Within the first ten days of the month following collection of the mandatory surcharge, crime victim assistance fee, and supplemental sex offender victim fee, the collecting authority shall determine the amount of mandatory surcharge, crime victim assistance fee, and supplemental sex offender victim fee collected and, if it is an administrative tribunal, or a town or village justice court, it shall then pay such money to the state comptroller who shall deposit such money in the state treasury pursuant to section one hundred twenty-one of the state finance law to the credit of the criminal justice improvement account established by section ninety-seven-bb of the state finance law. Within the first ten days of the month following collection of the sex offender registration fee and DNA databank fee, the collecting authority shall determine the amount of the sex offender registration fee and DNA databank fee collected and, if it is an administrative tribunal, or a town or village justice court, it shall then pay such money to the state comptroller who shall deposit such money in the state treasury pursuant to section one hundred twenty-one of the state finance law to the credit of the general fund. If such collecting authority is any other court of the unified court system, it shall, within such period, pay such money attributable to the mandatory surcharge or crime victim assistance fee to the state commissioner of taxation and finance to the credit of the criminal justice improvement account established by section ninety-seven-bb of the state finance law. If such collecting authority is any other court of the unified court system, it shall, within such period, pay such money attributable to the sex offender registration fee and the DNA databank fee to the state commissioner of taxation and finance to the credit of the general fund. 4. Any person who has paid a mandatory surcharge, sex offender registration fee, DNA databank fee, a crime victim assistance fee or a supplemental sex offender victim fee under the authority of this section based upon a conviction that is subsequently reversed or who paid a mandatory surcharge, sex offender registration fee, DNA databank fee, a crime victim assistance fee or supplemental sex offender victim fee under the authority of this section which is ultimately determined not to be required by this section shall be entitled to a refund of such mandatory surcharge, sex offender registration fee, DNA databank fee, crime victim assistance fee or supplemental sex offender victim fee upon application, in the case of a town or village court, to the state comptroller. The state comptroller shall require such proof as is necessary in order to determine whether a refund is required by law. In all other cases, such application shall be made to the department, agency or court that collected such surcharge or fee. Such department, agency or court shall initiate the refund process and the state comptroller shall pay the refund pursuant to subdivision fifteen of section eight of the state finance law. 5. When a person who is convicted of a crime or violation and sentenced to a term of imprisonment has failed to pay the mandatory surcharge, sex offender registration fee, DNA databank fee, crime victim assistance fee or supplemental sex offender victim fee required by this section, the clerk of the court that rendered the conviction shall notify the superintendent or the municipal official of the facility where the person is confined. The superintendent or the municipal official shall cause any amount owing to be collected from such person during his or her term of imprisonment from moneys to the credit of an incarcerated individuals' fund or such moneys as may be earned by a person in a work release program pursuant to section eight hundred sixty of the correction law. Such moneys attributable to the mandatory surcharge or crime victim assistance fee shall be paid over to the state comptroller to the credit of the criminal justice improvement account established by section ninety-seven-bb of the state finance law and such moneys attributable to the sex offender registration fee or DNA databank fee shall be paid over to the state comptroller to the credit of the general fund, except that any such moneys collected which are surcharges, sex offender registration fees, DNA databank fees, crime victim assistance fees or supplemental sex offender victim fees levied in relation to convictions obtained in a town or village justice court shall be paid within thirty days after the receipt thereof by the superintendent or municipal official of the facility to the justice of the court in which the conviction was obtained. For the purposes of collecting such mandatory surcharge, sex offender registration fee, DNA databank fee, crime victim assistance fee and supplemental sex offender victim fee, the state shall be legally entitled to the money to the credit of an incarcerated individuals' fund or money which is earned by an incarcerated individual in a work release program. For purposes of this subdivision, the term "incarcerated individuals' fund" shall mean moneys in the possession of an incarcerated individual at the time of his or her admission into such facility, funds earned by him or her as provided for in section one hundred eighty-seven of the correction law and any other funds received by him or her or on his or her behalf and deposited with such superintendent or municipal official. 6. When a sentence of imprisonment that has been imposed on a person is vacated and a new sentence is imposed on such person for the same offense, or for an offense based upon the same act, the new sentence shall be calculated as if it had commenced at the time the vacated sentence commenced, and all time credited against the vacated sentence shall be credited against the new sentence. In any case where a vacated sentence also includes a period of post-release supervision, all time credited against the period of post-release supervision shall be credited against the period of

post-release supervision included with the new sentence. In the event a period of post-release supervision is not included with the new sentence, such period shall be credited against the new sentence.6. Escape. When a person who is serving a sentence of imprisonment escapes from custody, the escape shall interrupt the sentence and such interruption shall continue until the return of the person to the institution in which the sentence was being served or, if the sentence was being served in an institution under the jurisdiction of the state department of corrections and community supervision, to an institution under the jurisdiction of that department. Any time spent by such person in custody from the date of escape to the date the sentence resumes shall be credited against the term or maximum term of the interrupted sentence, provided:(a) That such custody was due to an arrest or surrender based upon the escape; or(b) That such custody arose from an arrest on another charge which culminated in a dismissal or an acquittal; or(c) That such custody arose from an arrest on another charge which culminated in a conviction, but in such case, if a sentence of imprisonment was imposed, the credit allowed shall be limited to the portion of the time spent in custody that exceeds the period, term or maximum term of imprisonment imposed for such conviction.* 7. Absconding from temporary release or furlough program. When a person who is serving a sentence of imprisonment is permitted to leave an institution to participate in a program of work release or furlough program as such term is defined in section six hundred thirty-one of the correction law, or in the case of an institution under the jurisdiction of the state department of corrections and community supervision or a facility under the jurisdiction of the state office of children and family services to participate in a program of temporary release, fails to return to the institution or facility at or before the time prescribed for his or her return, such failure shall interrupt the sentence and such interruption shall continue until the return of the person to the institution in which the sentence was being served or, if the sentence was being served in an institution under the jurisdiction of the state department of corrections and community supervision or a facility under the jurisdiction of the state office of children and family services to an institution under the jurisdiction of that department or a facility under the jurisdiction of that office. Any time spent by such person in an institution from the date of his or her failure to return to the date his or her sentence resumes shall be credited against the term or maximum term of the interrupted sentence, provided:(a) That such incarceration was due to an arrest or surrender based upon the failure to return; or(b) That such incarceration arose from an arrest on another charge which culminated in a dismissal or an acquittal; or(c) That such custody arose from an arrest on another charge which culminated in a conviction, but in such case, if a sentence of imprisonment was imposed, the credit allowed shall be limited to the portion of the time spent in custody that exceeds the period, term or maximum term of imprisonment imposed for such conviction.* NB Expires September 1, 2025 (ii) Notwithstanding subparagraph (i) of this paragraph, the aggregate maximum term of consecutive sentences imposed for the conviction of two violent felony offenses committed prior to the time the person was imprisoned under any of such sentences and one of which is a class B violent felony offense, shall, if it exceeds forty years, be deemed to be forty years; (iii) Notwithstanding subparagraphs (i) and (ii) of this paragraph, the aggregate maximum term of consecutive sentences imposed for the conviction of three or more violent felony offenses committed prior to the time the person was imprisoned under any of such sentences and one of which is a class B violent felony offense, shall, if it exceeds fifty years, be deemed to be fifty years; * NB Effective September 1, 2025 * (d) If the defendant is serving one or more indeterminate sentences of imprisonment and one or more determinate sentence of imprisonment which run consecutively, the minimum term or terms of the indeterminate sentence or sentences and the term or terms of the determinate sentence or sentences are added to arrive at an aggregate maximum term of imprisonment, provided, however, (i) that in no event shall the aggregate maximum so calculated be less than the term or maximum term of imprisonment of the sentence which has the longest unexpired time to run; and (ii) that the aggregate maximum term of imprisonment shall be subject to the limitations set forth in paragraphs (e) and (f) of this subdivision, where applicable. * NB Effective until September 1, 2025 * (d) The aggregate maximum term of consecutive sentences imposed upon a juvenile offender for two or more crimes, not including a class A felony, committed before he has reached the age of sixteen, shall, if it exceeds ten years, be deemed to be ten years. If consecutive indeterminate sentences imposed upon a juvenile offender include a sentence for the class A felony of arson in the first degree or for the class A felony of kidnapping in the first degree, then the aggregate maximum term of such sentences shall, if it exceeds fifteen years, be deemed to be fifteen years. Where the aggregate maximum term of two or more consecutive sentences is reduced by a calculation made pursuant to this paragraph, the aggregate minimum period of imprisonment, if it exceeds one-half of the aggregate maximum term as so reduced, shall be deemed to be one-half of the aggregate maximum term as so reduced. * NB Effective September 1, 2025 * (e) (i) Except as provided in subparagraph (ii), (iii), (iv), (v), (vi) or (vii) of this paragraph, the aggregate maximum term of consecutive sentences, all of which are indeterminate sentences or all of which are determinate sentences, imposed for two or more crimes, other than two or more crimes that include a class A felony, committed prior to the time the person was imprisoned under any of such sentences shall, if it exceeds twenty years, be deemed to be twenty years, unless one of the sentences was imposed for a class B felony, in which case the aggregate maximum term shall, if it exceeds thirty years, be deemed to be thirty years. In such instances, the minimum sentence shall be deemed to be twenty-five years or six-sevenths of the term or aggregate maximum term of the determinate sentence or sentences, whichever is greater. Definite sentences. A definite sentence of imprisonment commences when the prisoner is received in the institution named in the commitment. Where a person is under more than one definite sentence, the sentences shall be calculated as follows: (a) If the sentences run concurrently and are to be served in a single institution, the terms merge in and are satisfied by discharge of the term which has the longest unexpired time to run; (b) If the sentences run consecutively and are to be served in a single institution, the terms are added to arrive at an aggregate term and are satisfied by discharge of such aggregate term, or by service of two years imprisonment plus any term imposed for an offense committed while the person is under the sentences, whichever is less; (c) If the sentences run concurrently and are to be served in more than one institution, the term of each such sentence shall be credited with the portion of any concurrent term served after that sentence was imposed; (d) If the sentences run consecutively and are to be served in more than one institution, the aggregate of the time served in all of the institutions shall not exceed two years plus any term imposed for an offense committed while the person is under the sentences. 2-a. Undischarged imprisonment in other jurisdiction. Where a person who is subject to an undischarged term of imprisonment imposed at a previous time by a court of another jurisdiction is sentenced to an additional term or terms of imprisonment by a court of this state, to run

concurrently with such undischarged term, such additional term or terms shall be deemed to commence when the said person is returned to the custody of the appropriate official of such other jurisdiction where the undischarged term of imprisonment is being served. If the additional term or terms imposed shall run consecutively to the said undischarged term, such additional term or terms shall commence when the prisoner is received in the appropriate institution as provided in subdivisions one and two of this section. The term or terms of such imprisonment shall be calculated and such other pertinent provisions of this section applied in the same manner as where a person is under more than one sentence in this state as provided in this section. * 3. Jail time. The term of a definite sentence, a determinate sentence, or the maximum term of an indeterminate sentence imposed on a person shall be credited with and diminished by the amount of time the person spent in custody prior to the commencement of such sentence as a result of the charge that culminated in the sentence. In the case of an indeterminate sentence, if the minimum period of imprisonment has been fixed by the court or by the board of parole, the credit shall also be applied against the minimum period. The credit herein provided shall be calculated from the date custody under the charge commenced to the date the sentence commences and shall not include any time that is credited against the term or maximum term of any previously imposed sentence or period of post-release supervision to which the person is subject. Where the charge or charges culminate in more than one sentence, the credit shall be applied as follows: (a) If the sentences run concurrently, the credit shall be applied against each such sentence; (b) If the sentences run consecutively, the credit shall be applied against the aggregate term or aggregate maximum term of the sentences and against the aggregate minimum period of imprisonment. In any case where a person has been in custody due to a charge that culminated in a dismissal or an acquittal, the amount of time that would have been credited against a sentence for such charge, had one been imposed, shall be credited against any sentence that is based on a charge for which a warrant or commitment was lodged during the pendency of such custody. * NB Effective until September 1, 2025 * 3. Jail time. The term of a definite sentence or the maximum term of an indeterminate sentence imposed on a person shall be credited with and diminished by the amount of time the person spent in custody prior to the commencement of such sentence as a result of the charge that culminated in the sentence. In the case of an indeterminate sentence, if the minimum period of imprisonment has been fixed by the court or by the board of parole, the credit shall also be applied against the minimum period. The credit herein provided shall be calculated from the date custody under the charge commenced to the date the sentence commences and shall not include any time that is credited against the term or maximum term of any previously imposed sentence or period of post-release supervision to which the person is subject. Where the charge or charges culminate in more than one sentence, the credit shall be applied as follows: (a) If the sentences run concurrently, the credit shall be applied against each such sentence; (b) If the sentences run consecutively, the credit shall be applied against the aggregate term or aggregate maximum term of the sentences and against the aggregate minimum period of imprisonment. In any case where a person has been in custody due to a charge that culminated in a dismissal or an acquittal, the amount of time that would have been credited against a sentence for such charge, had one been imposed, shall be credited against any sentence that is based on a charge for which a warrant or commitment was lodged during the pendency of such custody. * NB Effective September 1, 2025 * 4. Good behavior time. Time allowances earned for good behavior, pursuant to the provisions of the correction law, shall be computed and applied as follows: (a) In the case of a person serving an indeterminate or determinate sentence, the total of such allowances shall be calculated as provided in section eight hundred three of the correction law and the allowances shall be applied as provided in paragraph (b) of subdivision one of section 70.40; (b) In the case of a person serving a definite sentence, the total of such allowances shall not exceed one-third of his term or aggregate term and the allowances shall be applied as a credit against such term. * NB Effective until September 1, 2025 * 4. Good behavior time. Time allowances earned for good behavior, pursuant to the provisions of the correction law, shall be computed and applied as follows: (a) In the case of a person serving an indeterminate sentence, the total of such allowances shall not exceed one-third of his maximum or aggregate maximum term and the allowances shall be applied as provided in subdivision one (b) of section 70.40; (b) In the case of a person serving a definite sentence, the total of such allowances shall not exceed one-third of his term or aggregate term and the allowances shall be applied as a credit against such term. * NB Effective September 1, 2025 5. Time served under vacated sentence. When a sentence of imprisonment that has been imposed on a person is vacated and a new sentence is imposed on such person for the same offense, or for an offense based upon the same act, the new sentence shall be calculated as if it had commenced at the time the vacated sentence commenced, and all time credited against the vacated sentence shall be credited against the new sentence. In any case where a vacated sentence also includes a period of post-release supervision, all time credited against the period of post-release supervision shall be credited against the period of post-release supervision included with the new sentence. In the event a period of post-release supervision is not included with the new sentence, such period shall be credited against the new sentence. 6. Escape. When a person who is serving a sentence of imprisonment escapes from custody, the escape shall interrupt the sentence and such interruption shall continue until the return of the person to the institution in which the sentence was being served or, if the sentence was being served in an institution under the jurisdiction of the state department of corrections and community supervision, to an institution under the jurisdiction of that department. Any time spent by such person in custody from the date of escape to the date the sentence resumes shall be credited against the term or maximum term of the interrupted sentence, provided: (a) That such custody was due to an arrest or surrender based upon the escape; or (b) That such custody arose from an arrest on another charge which culminated in a dismissal or an acquittal; or (c) That such custody arose from an arrest on another charge which culminated in a conviction, but in such case, if a sentence of imprisonment was imposed, the credit allowed shall be limited to the portion of the time spent in custody that exceeds the period, term or maximum term of imprisonment imposed for such conviction. * 7. Absconding from temporary release or furlough program. When a person who is serving a sentence of imprisonment is permitted to leave an institution to participate in a program of work release or furlough program as such term is defined in section six hundred thirty-one of the correction law, or in

the case of an institution under the jurisdiction of the state department of corrections and community supervision or a facility under the jurisdiction of the state office of children and family services to participate in a program of temporary release, fails to return to the institution or facility at or before the time prescribed for his or her return, such failure shall interrupt the sentence and such interruption shall continue until the return of the person to the institution in which the sentence was being served or, if the sentence was being served in an institution under the jurisdiction of the state department of corrections and community supervision or a facility under the jurisdiction of the state office of children and family services to an institution under the jurisdiction of that department or a facility under the jurisdiction of that office. Any time spent by such person in an institution from the date of his or her failure to return to the date his or her sentence resumes shall be credited against the term or maximum term of the interrupted sentence, provided: (a) That such incarceration was due to an arrest or surrender based upon the failure to return; or (b) That such incarceration arose from an arrest on another charge which culminated in a dismissal or an acquittal; or (c) That such custody arose from an arrest on another charge which culminated in a conviction, but in such case, if a sentence of imprisonment was imposed, the credit allowed shall be limited to the portion of the time spent in custody that exceeds the period, term or maximum term of imprisonment imposed for such conviction. * NB Expires September 1, 2025

1. In general. When a court imposes a determinate sentence it shall in each case state not only the term of imprisonment, but also an additional period of post-release supervision as determined pursuant to this article. Such period shall commence as provided in subdivision five of this section and a violation of any condition of supervision occurring at any time during such period of post-release supervision shall subject the defendant to a further period of imprisonment up to the balance of the remaining period of post-release supervision, not to exceed five years; provided, however, that a defendant serving a term of post-release supervision for a conviction of a felony sex offense, as defined in section 70.80 of this article, may be subject to a further period of imprisonment up to the balance of the remaining period of post-release supervision. Such maximum limits shall not preclude a longer period of further imprisonment for a violation where the defendant is subject to indeterminate and determinate sentences. 1-a. When, following a final hearing, a time assessment has been imposed upon a person convicted of a felony sex offense who owes three years or more on a period of post-release supervision, imposed pursuant to subdivision two-a of this section, such defendant, after serving three years of the time assessment, shall be reviewed by the board of parole and may be re-released to post-release supervision only upon a determination by the board of parole made in accordance with subdivision two of section two hundred fifty-nine-i of the executive law. If re-release is not granted, the board shall specify a date not more than twenty-four months from such determination for reconsideration, and the procedures to be followed upon reconsideration shall be the same. If a time assessment of less than three years is imposed upon such a defendant, the defendant shall be released upon the expiration of such time assessment, unless he or she is subject to further imprisonment or confinement under any provision of law. 2. The board of parole shall establish and impose conditions of post-release supervision in the same manner and to the same extent as it may establish and impose conditions in accordance with the executive law upon persons who are granted parole or conditional release; provided that, notwithstanding any other provision of law, the board of parole may impose as a condition of post-release supervision that for a period not exceeding six months immediately following release from the underlying term of imprisonment the person be transferred to and participate in the programs of a residential treatment facility as that term is defined in subdivision six of section two of the correction law. Upon release from the underlying term of imprisonment, the person shall be furnished with a written statement setting forth the conditions of post-release supervision in sufficient detail to provide for the person's conduct and supervision.4. Revocation of post-release supervision. An alleged violation of any condition of post-release supervision shall be initiated, heard and determined in accordance with the provisions of subdivisions three and four of section two hundred fifty-nine-i of the executive law.5. Calculation of service of period of post-release supervision. A period or periods of post-release supervision shall be calculated and served as follows:(a) A period of post-release supervision shall commence upon the person's release from imprisonment to supervision by the department of corrections and community supervision and shall interrupt the running of the determinate sentence or sentences of imprisonment and the indeterminate sentence or sentences of imprisonment, if any. The remaining portion of any maximum or aggregate maximum term shall then be held in abeyance until the successful completion of the period of post-release supervision or the person's return to the custody of the department of corrections and community supervision, whichever occurs first.(b) Upon the completion of the period of post-release supervision, the running of such sentence or sentences of imprisonment shall resume and only then shall the remaining portion of any maximum or aggregate maximum term previously held in abeyance be credited with and diminished by such period of post-release supervision. The person shall then be under the jurisdiction of the department of corrections and community supervision for the remaining portion of such maximum or aggregate maximum term.(c) When a person is subject to two or more periods of post-release supervision, such periods shall merge with and be satisfied by discharge of the period of post-release supervision having the longest unexpired time to run; provided, however, any time served upon one period of post-release supervision shall not be credited to any other period of post-release supervision except as provided in subdivision five of section 70.30 of this article.(d) When a person is alleged to have violated a condition of post-release supervision by absconding and the department of corrections and community supervision has declared such person to be delinquent: (i) the declaration of delinquency shall interrupt the period of post-release supervision; (ii) such interruption shall continue until the person is restored to post-release supervision; (iii) if the person is restored to post-release supervision without being returned to the department of corrections and community supervision, any time spent in custody from the

date of delinquency until restoration to post-release supervision shall first be credited to the maximum or aggregate maximum term of the sentence or sentences of imprisonment, but only to the extent authorized by subdivision three of section 70.40 of this article. Any time spent in custody solely pursuant to such delinquency after completion of the maximum or aggregate maximum term of the sentence or sentences of imprisonment shall be credited to the period of post-release supervision, if any; and (iv) if the person is ordered returned to the department of corrections and community supervision, the person shall be required to serve the time assessment before being re-released to post-release supervision. If the person is detained pursuant to paragraph (a) of subdivision three of section two hundred fifty-nine-i of the executive law pending a preliminary or final revocation hearing, the time assessment imposed following such hearing shall commence upon the execution of the warrant. If a warrant was executed pursuant to paragraph (a) of subdivision three of section two hundred fifty-nine-i of the executive law but a court released the person pending a preliminary or final revocation hearing, the time assessment shall commence upon the issuance of a determination after a final hearing that the person has violated one or more conditions of community supervision in an important respect, and shall include the time period between execution of the warrant and release of the person pending a preliminary or final revocation hearing. If a releasee is committed to the custody of the sheriff pursuant to article five hundred thirty of the criminal procedure law, the time assessment, if any, shall include any time the releasee spent in such custody. A person who receives a sentence of intermittent imprisonment shall be incarcerated in the institution to which he is committed at such times as are specified by the court in the sentence. 2. Duration of sentence. A sentence of intermittent imprisonment may be for any term that could be imposed as a definite sentence of imprisonment for the offense for which such sentence is imposed. The term of the sentence shall commence on the day it is imposed and shall be calculated upon the basis of the duration of its term, rather than upon the basis of the days spent in confinement, so that no person shall be subject to any such sentence for a period that is longer than a period that commences on the date the sentence is imposed and ends on the date the term of the longest definite sentence for the offense would have expired, after deducting the credit that would have been applicable to a definite sentence for jail time but without regard to any credit authorized to be allowed against the term of a definite sentence for good behavior. (a) When the court imposes a sentence of intermittent imprisonment the court shall specify in the sentence:(i) that the court is imposing a sentence of intermittent imprisonment;(ii) the term of such sentence;(iii) the days or parts of days on which the sentence is to be served, but except as provided in paragraph (iv) hereof such specification need not include the dates on which such days fall; and(iv) the first and last dates on which the defendant is to be incarcerated under the sentence.(b) The court, in its discretion, may specify any day or days or parts thereof on which the defendant shall be confined and may specify a period to commence at the commencement of the sentence and not to exceed fifteen days during which the defendant is to be continuously confined. (a) the court is imposing sentence, upon a person other than a second or persistent felony offender, for a class D or class E felony or for any offense that is not a felony; and (b) the court is not imposing any other sentence of imprisonment upon the defendant at the same time; and (c) the defendant is not under any other sentence of imprisonment with a term in excess of fifteen days imposed by any other court; and 3. Duration of sentence. A sentence of intermittent imprisonment may be for any term that could be imposed as a definite sentence of imprisonment for the offense for which such sentence is imposed. The term of the sentence shall commence on the day it is imposed and shall be calculated upon the basis of the duration of its term, rather than upon the basis of the days spent in confinement, so that no person shall be subject to any such sentence for a period that is longer than a period that commences on the date the sentence is imposed and ends on the date the term of the longest definite sentence for the offense would have expired, after deducting the credit that would have been applicable to a definite sentence for jail time but without regard to any credit authorized to be allowed against the term of a definite sentence for good behavior. The provisions of section five hundred-l of the correction law shall not be applicable to a sentence of intermittent imprisonment. 4. Imposition of sentence. (a) When the court imposes a sentence of intermittent imprisonment the court shall specify in the sentence: (i) that the court is imposing a sentence of intermittent imprisonment; (ii) the term of such sentence; (iii) the days or parts of days on which the sentence is to be served, but except as provided in paragraph (iv) hereof such specification need not include the dates on which such days fall; and (iv) the first and last dates on which the defendant is to be incarcerated under the sentence. (b) The court, in its discretion, may specify any day or days or parts thereof on which the defendant shall be confined and may specify a period to commence at the commencement of the sentence and not to exceed fifteen days during which the defendant is to be continuously confined.

Where a person has made two statements under oath which are inconsistent to the degree that one of them is necessarily false, where the circumstances are such that each statement, if false, is perjuriously so, and where each statement was made within the jurisdiction of this state and within the period of the statute of limitations for the crime charged, the inability of the people to establish specifically which of the two statements is the false one does not preclude a prosecution for perjury, and such prosecution may be conducted as follows: 1. The indictment or information may set forth the two statements and, without designating either, charge that one of them is false and perjuriously made. 2. The falsity of one or the other of the two statements may be established by proof or a showing of their irreconcilable inconsistency. 3. The highest degree of perjury of which the defendant may be convicted is determined by hypothetically assuming each statement to be false and perjurious. If perjury of different degrees would be established by the making of the two statements, the defendant may be convicted of the lesser degree at most.

2024 New York LawsPEN - PenalPart 3 - Specific OffensesTitle M - Offenses Against Public Health and MoralsArticle 225 - Gambling Offenses225.00 - Gambling Offenses; Definitions of Terms.

The following definitions are applicable to this article: 1. "Contest of chance" means any contest, game, gaming scheme or gaming device in which the outcome depends in a material degree upon an element of chance, notwithstanding that skill of the contestants may also be a factor therein. 2. "Gambling." A person engages in gambling when he stakes or risks something of value upon the outcome of a contest of chance or a future contingent event not under his control or influence, upon an agreement or understanding that he will receive something of value in the event of a certain outcome. 3. "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular gambling activity. A person who gambles at a social game of chance on equal terms with the other participants therein does not otherwise render material assistance to the establishment, conduct or operation thereof by performing, without fee or remuneration, acts directed toward the arrangement or facilitation of the game, such as inviting persons to play, permitting the use of premises therefor and supplying cards or other equipment used therein. A person who engages in "bookmaking", as defined in this section is not a "player." 4. "Advance gambling activity." A person "advances gambling activity" when, acting other than as a player, he engages in conduct which materially aids any form of gambling activity. Such conduct includes but is not limited to conduct directed toward the creation or establishment of the particular game, contest, scheme, device or activity involved, toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor, toward the solicitation or inducement of persons to participate therein, toward the actual conduct of the playing phases thereof, toward the arrangement of any of its financial or recording phases, or toward any other phase of its operation. One advances gambling activity when, having substantial proprietary or other authoritative control over premises being used with his knowledge for purposes of gambling activity, he permits such to occur or continue or makes no effort to prevent its occurrence or continuation. 5. "Profit from gambling activity." A person "profits from gambling activity" when, other than as a player, he accepts or receives money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity. 6. "Something of value" means any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge. 7. "Gambling device" means any device, machine, paraphernalia or equipment which is used or usable in the playing phases of any gambling activity, whether such activity consists of gambling between persons or gambling by a person involving the playing of a machine. Notwithstanding the foregoing, lottery tickets, policy slips and other items used in the playing phases of lottery and policy schemes are not gambling devices. 7-a. A "coin operated gambling device" means a gambling device which operates as a result of the insertion of something of value. A device designed, constructed or readily adaptable or convertible for such use is a coin operated gambling device notwithstanding the fact that it may require adjustment, manipulation or repair in order to operate as such. A machine which awards free or extended play is not a gambling device merely because such free or extended play may constitute something of value provided that the outcome depends upon the skill of the player and not in a material degree upon an element of chance. 8. "Slot machine" means a gambling device which, as a result of the insertion of a coin or other object, operates, either completely automatically or with the aid of some physical act by the player, in such manner that, depending upon elements of chance, it may eject something of value. A device so constructed, or readily adaptable or convertible to such use, is no less a slot machine because it is not in working order or because some mechanical act of manipulation or repair is required to accomplish its adaptation, conversion or workability. Nor is it any less a slot machine because, apart from its use or adaptability as such, it may also sell or deliver something of value on a basis other than chance. A machine which sells items of merchandise which are of equivalent value, is not a slot machine merely because such items differ from each other in composition, size, shape or color. 9. "Bookmaking" means advancing gambling activity by unlawfully accepting bets from members of the public as a business, rather than in a casual or personal fashion, upon the outcomes of future contingent events. 10. "Lottery" means an unlawful gambling scheme in which (a) the players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one or more of which chances are to be designated the winning ones; and (b) the winning chances are to be determined by a drawing or by some other method based upon the element of chance; and (c) the holders of the winning chances are to receive something of value provided, however, that in no event shall the provisions of this subdivision be construed to include a raffle as such term is defined in subdivision three-b of section one hundred eighty-six of the general municipal law. 11. "Policy" or "the numbers game" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme. 12. "Unlawful" means not specifically authorized by law. 13. "Authorized gaming establishment" means any structure, structure and adjacent or attached structure, or grounds adjacent to a structure in which casino gaming, conducted pursuant to article thirteen of the racing, pari-mutuel wagering and breeding law, or Class III gaming, as authorized pursuant to a compact reached between the state of New York and a federally recognized Indian nation or tribe under the federal Indian Gaming Regulatory Act of 1988, is conducted and shall include all public and non-public areas of any such building, except for such areas of a building where either Class I or II gaming are conducted or any building or

grounds known as a video gaming entertainment facility, including facilities where food and drink are served, as well as those areas not normally open to the public, such as where records related to video lottery gaming operations are kept, except shall not include the racetracks or such areas where such video lottery gaming operations or facilities do not take place or exist, such as racetrack areas or fairgrounds which are wholly unrelated to video lottery gaming operations, pursuant to section sixteen hundred seventeen-a and paragraph five of subdivision a of section sixteen hundred twelve of the tax law, as amended and implemented. 14. "Authorized gaming operator" means an enterprise or business entity authorized by state or federal law to operate casino or video lottery gaming. 15. "Casino gaming" means games authorized to be played pursuant to a license granted under article thirteen of the racing, pari-mutuel wagering and breeding law or by federally recognized Indian nations or tribes pursuant to a gaming compact reached in accordance with the federal Indian Gaming Regulatory Act of 1988, Pub. L. 100-497, 102 Stat. 2467, codified at 25 U.S.C. §§ 2701-21 and 18 U.S.C. §§ 1166-68. 16. "Cash equivalent" means a treasury check, a travelers check, wire transfer of funds, transfer check, money order, certified check, cashiers check, payroll check, a check drawn on the account of the authorized gaming operator payable to the patron or to the authorized gaming establishment, a promotional coupon, promotional chip, promotional cheque, promotional token, or a voucher recording cash drawn against a credit card or charge card. 17. "Cheques" or "chips" or "tokens" means nonmetal, metal or partly metal representatives of value, redeemable for cash or cash equivalent, and issued and sold by an authorized casino operator for use at an authorized gaming establishment. The value of such cheques or chips or tokens shall be considered equivalent in value to the cash or cash equivalent exchanged for such cheques or chips or tokens upon purchase or redemption. 18. "Class I gaming" and "Class II gaming" means those forms of gaming that are not Class III gaming, as defined in subsection eight of section four of the federal Indian Gaming Regulatory Act, 25 U.S.C. § 2703. 19. "Class III gaming" means those forms of gaming that are not Class I or Class II gaming, as defined in subsections six and seven of section four of the federal Indian Gaming Regulatory Act, 25 U.S.C. § 2703 and those games enumerated in the Appendix of a gaming compact. 20. "Compact" or "gaming compact" means the agreement between a federally recognized Indian tribe and the state of New York regarding Class III gaming activities entered into pursuant to the federal Indian Gaming Regulatory Act, Pub. L. 100-497, 102 Stat. 2467, codified at 25 U.S.C. §§ 2701-21 and 18 U.S.C. §§ 1166-68 (1988 & Supp. II). 21. "Gaming equipment or device" means any machine or device which is specially designed or manufactured for use in the operation of any Class III or video lottery game. 22. "Gaming regulatory authority" means, with respect to any authorized gaming establishment on Indian lands, territory or reservation, the Indian nation or tribal gaming commission, its authorized officers, agents and representatives acting in their official capacities or such other agency of a nation or tribe as the nation or tribe may designate as the agency responsible for the regulation of Class III gaming, jointly with the state gaming agency, conducted pursuant to a gaming compact between the nation or tribe and the state of New York, or with respect to any casino gaming authorized pursuant to article thirteen of the racing, pari-mutuel wagering and breeding law or video lottery gaming conducted pursuant to section sixteen hundred seventeen-a and paragraph five of subdivision a of section sixteen hundred twelve of the tax law, as amended and implemented. 23. "Premises" includes any structure, parking lot, building, vehicle, watercraft, and any real property. 24. "Sell" means to sell, exchange, give or dispose of to another. 25. Notwithstanding any other provision of law to the contrary, when a person is convicted of criminal use of a firearm in the first degree as defined in subdivision one of this section, the court shall impose an additional consecutive sentence of five years to the sentence imposed on the underlying class B violent felony offense where the person convicted of such crime displays a loaded weapon from which a shot, readily capable of producing death or other serious injury may be discharged, in furtherance of the commission of such crime, provided, however, that such additional sentence shall not be imposed if the court, having regard to the nature and circumstances of the crime and to the history and character of the defendant, finds on the record that such additional consecutive sentence would be unduly harsh and that not imposing such sentence would be consistent with the public safety and would not deprecate the seriousness of the crime. Notwithstanding any other provision of law to the contrary, the aggregate of the five year consecutive term imposed pursuant to this subdivision and the minimum term of the indeterminate sentence imposed on the underlying class B violent felony shall constitute the new aggregate minimum term of imprisonment, and a person subject to such term shall be required to serve the entire aggregate minimum term and shall not be eligible for release on parole or conditional release during such term. This subdivision shall not apply where the defendant's criminal liability for displaying a loaded weapon from which a shot, readily capable of producing death or other serious injury may be discharged, in furtherance of the commission of crime is based on the conduct of another pursuant to section 20.00 of this chapter.

Additional effects may include a colored flame, an audible crackling effect, an audible whistle effect, and smoke. These devices do not rise into the air, do not fire inserts or projectiles into the air, and do not explode or produce a report (an audible crackling-type effect is not considered to be a report). Ground-based or hand-held devices that produce a cloud of smoke as their sole pyrotechnic effect are also included in this category. Types of devices in this category include:(A) cylindrical fountain: cylindrical tube containing not more than seventy-five grams of pyrotechnic composition that may be contained in a different shaped exterior such as a square, rectangle, cylinder or other shape but the interior tubes are cylindrical in shape. Upon ignition, a shower of colored sparks, and sometimes a whistling effect or smoke, is produced. This device may be provided with a spike for insertion into the ground (spike fountain), a wood or plastic base for placing on the ground (base fountain), or a wood or cardboard handle to be hand held (handle fountain). When more than one tube is mounted on a common base, total pyrotechnic composition may not exceed two hundred grams, and when tubes are securely attached to a base and the tubes are separated from each other on the base by a distance of at least half an inch (12.7 millimeters), a maximum total weight of five hundred grams of pyrotechnic composition shall be allowed.(B) cone fountain: cardboard or heavy paper cone containing not more than fifty grams of pyrotechnic composition. When more than one cone is mounted on a common base, total pyrotechnic composition may not exceed two hundred grams, as is outlined in this subparagraph.(C) wooden sparkler/dipped stick: these devices consist of a wood dowel that has been coated with pyrotechnic composition. Upon ignition of the tip of the device, a shower of sparks is produced. Sparklers may contain up to one hundred grams of pyrotechnic composition per item.(2) novelties which do not require approval from the United States department of transportation and are not regulated as explosives, provided that they are manufactured and packaged as described below:(A) party popper: small devices with paper or plastic exteriors that are actuated by means of friction (a string or trigger is typically pulled to actuate the device). They frequently resemble champagne bottles or toy pistols in shape. Upon activation, the device expels flame-resistant paper streamers, confetti, or other novelties and produces a small report. Devices may contain not more than sixteen milligrams (0.25 grains) of explosive composition, which is limited to potassium chlorate and red phosphorus. These devices must be packaged in an inner packaging which contains a maximum of seventy-two devices.(B) snapper: small, paper-wrapped devices containing not more than one milligram of silver fulminate coated on small bits of sand or gravel. When dropped, the device explodes, producing a small report. Snappers must be in inner packages not to exceed fifty devices each, and the inner packages must contain sawdust or a similar, impact-absorbing material.(b) The term "dangerous fireworks" means any fireworks capable of causing serious physical injury and which are: firecrackers containing more than fifty milligrams of any explosive substance, torpedoes, skyrockets and rockets including all devices which employ any combustible or explosive substance and which rise in the air during discharge, Roman candles, and bombs, provided, however, that in cities with a population of one million or more, the term "dangerous fireworks" shall also include sparklers more than ten inches in length or one-fourth of one inch in diameter, or chasers including all devices which dart or travel about the surface of the ground during discharge.(c) "Fireworks" and "dangerous fireworks" shall not be deemed to include the following nor shall the purchase and use of any items listed below be subject to the provisions of section 61 of title 12 of the New York state codes, rules and regulations or section four hundred eighty, four hundred eighty-one, four hundred eighty-two or four hundred eighty-three of the general business law:(i) flares of the type used by railroads or any warning lights commonly known as red flares, or marine distress signals of a type approved by the United States coast guard, or(ii) toy pistols, toy canes, toy guns or other devices in which paper caps containing twenty-five hundredths grains or less of explosive compound are used, providing they are so constructed that the hand cannot come in contact with the cap when in place for use, and toy pistol paper caps which contain less than twenty-hundredths grains of explosive mixture, the sale and use of which shall be permitted at all times, or(iii) bank security devices which contain not more than fifty grams of any compound or substance or any combination thereof, together with an igniter not exceeding 0.2 gram, capable of producing a lachrymating and/or visible or audible effect, where such device is stored or used only by banks, national banking associations, trust companies, savings banks, savings and loan associations, industrial banks, or credit unions, or by any manufacturer, wholesaler, dealer, jobber or common carrier for such devices and where the total storage on any one premises does not exceed one hundred devices, or(iv) except in cities with a population of one million or more, "fireworks" and "dangerous fireworks" shall not be deemed to include "sparkling devices" as defined in subparagraph (vi) of paragraph (a) of this subdivision. Applications. (a) Applications shall be made and renewed, in the case of a license to carry or possess a pistol or revolver or to purchase or take possession of a semiautomatic rifle, to the licensing officer in the city or county, as the case may be, where the applicant resides, is principally employed or has his or her principal place of business as merchant or storekeeper; and, in the case of a license as gunsmith or dealer in firearms, to the licensing officer where such place of business is located. Blank applications shall, except in the city of New York, be approved as to form by the superintendent of state police. An application shall state the full name, date of birth, residence, present occupation of each person or individual signing the same, whether or not he or she is a citizen of the United States, whether or not he or she complies with each requirement for eligibility specified in subdivision one of this section and such other facts as may be required to show the good character, competency and integrity of each person or individual signing the application. An application shall be signed and verified by the applicant. Each individual signing an application shall submit one photograph of himself or herself and a duplicate for each required copy of the application. Such photographs shall have been taken within thirty days prior to filing the application. In case of a license as gunsmith or dealer in firearms, the photographs submitted shall be two inches square, and the application shall also state the previous occupation of each individual signing the same and the location of the place of such business, or of the bureau, agency,

subagency, office or branch office for which the license is sought, specifying the name of the city, town or village, indicating the street and number and otherwise giving such apt description as to point out reasonably the location thereof. In such case, if the applicant is a firm, partnership or corporation, its name, date and place of formation, and principal place of business shall be stated. For such firm or partnership, the application shall be signed and verified by each individual composing or intending to compose the same, and for such corporation, by each officer thereof.(b) Application for an exemption under paragraph seven-b of subdivision a of section 265.20 of this chapter. Each applicant desiring to obtain the exemption set forth in paragraph seven-b of subdivision a of section 265.20 of this chapter shall make such request in writing of the licensing officer with whom his application for a license is filed, at the time of filing such application. Such request shall include a signed and verified statement by the person authorized to instruct and supervise the applicant, that has met with the applicant and that he has determined that, in his judgment, said applicant does not appear to be or poses a threat to be, a danger to himself or to others. He shall include a copy of his certificate as an instructor in small arms, if he is required to be certified, and state his address and telephone number. He shall specify the exact location by name, address and telephone number where such instruction will take place. Such licensing officer shall, no later than ten business days after such filing, request the duly constituted police authorities of the locality where such application is made to investigate and ascertain any previous criminal record of the applicant pursuant to subdivision four of this section. Upon completion of this investigation, the police authority shall report the results to the licensing officer without unnecessary delay. The licensing officer shall no later than ten business days after the receipt of such investigation, determine if the applicant has been previously denied a license, been convicted of a felony, or been convicted of a serious offense, and either approve or disapprove the applicant for exemption purposes based upon such determinations. If the applicant is approved for the exemption, the licensing officer shall notify the appropriate duly constituted police authorities and the applicant. Such exemption shall terminate if the application for the license is denied, or at any earlier time based upon any information obtained by the licensing officer or the appropriate police authorities which would cause the license to be denied. The applicant and appropriate police authorities shall be notified of any such terminations.4. Investigation. Before a license is issued or renewed, there shall be an investigation of all statements required in the application by the duly constituted police authorities of the locality where such application is made, including but not limited to such records as may be accessible to the division of state police or division of criminal justice services pursuant to section 400.02 of this article. For that purpose, the records of the appropriate office of the department of mental hygiene concerning previous or present mental illness of the applicant shall be available for inspection by the investigating officer of the police authority. Where the applicant is domiciled in a foreign state, the investigation shall include inquiry of the foreign state for records concerning the previous or present mental illness of the applicant, and, to the extent necessary for inspection by the investigating officer, the applicant shall execute a waiver of confidentiality of such record in such form as may be required by the foreign state. In order to ascertain any previous criminal record, the investigating officer shall take the fingerprints and physical descriptive data in quadruplicate of each individual by whom the application is signed and verified. Two copies of such fingerprints shall be taken on standard fingerprint cards eight inches square, and one copy may be taken on a card supplied for that purpose by the federal bureau of investigation; provided, however, that in the case of a corporate applicant that has already been issued a dealer in firearms license and seeks to operate a firearm dealership at a second or subsequent location, the original fingerprints on file may be used to ascertain any criminal record in the second or subsequent application unless any of the corporate officers have changed since the prior application, in which case the new corporate officer shall comply with procedures governing an initial application for such license. When completed, one standard card shall be forwarded to and retained by the division of criminal justice services in the executive department, at Albany. A search of the files of such division and written notification of the results of the search shall be forwarded to the investigating officer and shall be made without unnecessary delay. Thereafter, such division shall notify the licensing officer and the executive department, division of state police, Albany, of any criminal record of the applicant filed therein subsequent to the search of its files. A second standard card, or the one supplied by the federal bureau of investigation, as the case may be, shall be forwarded to that bureau at Washington with a request that the files of the bureau be searched and notification of the results of the search be made to the investigating police authority. Of the remaining two fingerprint cards, one shall be filed with the executive department, division of state police, Albany, within ten days after issuance of the license, and the other shall remain on file with the investigating police authority. No such fingerprints may be inspected by any person other than a peace officer, who is acting pursuant to his or her special duties, or a police officer, except on order of a judge or justice of a court of record either upon notice to the licensee or without notice, as the judge or justice may deem appropriate. Upon completion of the investigation, the police authority shall report the results to the licensing officer without unnecessary delay.4-a. Appeals from denial of an application, renewal, recertification or license revocation. If an application for a license is denied, not renewed, not recertified, or revoked, the licensing officer shall issue a written notice to the applicant setting forth the reasons for such denial. An applicant may, within ninety days of receipt of such notice, request a hearing to appeal the denial to the appeals board created by the division of criminal justice services and the superintendent of state police. An individual may be represented by counsel at any appearance before the appeals board and shall be afforded an opportunity to present additional evidence in support of their application. The commissioner of criminal justice services and the superintendent of state police shall promulgate rules and regulations governing such appeals process.4-b. Processing of license applications. Applications for licenses shall be accepted for processing by the licensing officer at the time of presentment. Except upon written notice to the applicant specifically stating the reasons for any delay, in each case the licensing officer shall act upon any application for a license pursuant to this section within six months of the date of presentment of such an application to the appropriate authority. Such delay may only be for good cause and with respect to the applicant. In acting upon an application, the licensing officer shall either deny the application for reasons specifically and concisely stated in writing or

grant the application and issue the license applied for.4-c. Westchester county firearms safety course certificate. In the county of Westchester, at the time of application, the licensing officer to which the license application is made shall provide a copy of the safety course booklet to each license applicant. Before such license is issued, such licensing officer shall require that the applicant submit a certificate of successful completion of a firearms safety course and test issued in his or her name and endorsed and affirmed under the penalties of perjury by a duly authorized instructor.5. Filing of approved applications. (a) The application for any license, if granted, shall be filed by the licensing officer with the clerk of the county of issuance, except that in the city of New York and, in the counties of Nassau and Suffolk, the licensing officer shall designate the place of filing in the appropriate division, bureau or unit of the police department thereof, and in the county of Suffolk the county clerk is hereby authorized to transfer all records or applications relating to firearms to the licensing authority of that county. Except as provided in paragraphs (b) through (f) of this subdivision, the name and address of any person to whom an application for any license has been granted shall be a public record. Upon application by a licensee who has changed his place of residence such records or applications shall be transferred to the appropriate officer at the licensee's new place of residence. A duplicate copy of such application shall be filed by the licensing officer in the executive department, division of state police, Albany, within ten days after issuance of the license. The superintendent of state police may designate that such application shall be transmitted to the division of state police electronically. In the event the superintendent of the division of state police determines that it lacks any of the records required to be filed with the division, it may request that such records be provided to it by the appropriate clerk, department or authority and such clerk, department or authority shall provide the division with such records. In the event such clerk, department or authority lacks such records, the division may request the license holder provide information sufficient to constitute such record and such license holder shall provide the division with such information. Such information shall be limited to the license holder's name, date of birth, gender, race, residential address, social security number and firearms possessed by said license holder. Nothing in this subdivision shall be construed to change the expiration date or term of such licenses if otherwise provided for in law. Records assembled or collected for purposes of inclusion in the database established by this section shall be released pursuant to a court order. Records assembled or collected for purposes of inclusion in the database created pursuant to section 400.02 of this chapter shall not be subject to disclosure pursuant to article six of the public officers law.(b) Each application for a license pursuant to paragraph (a) of this subdivision shall include, on a separate written form prepared by the division of state police within thirty days of the effective date of the chapter of the laws of two thousand thirteen, which amended this section, and provided to the applicant at the same time and in the same manner as the application for a license, an opportunity for the applicant to request an exception from his or her application information becoming public record pursuant to paragraph (a) of this subdivision. Such forms, which shall also be made available to individuals who had applied for or been granted a license prior to the effective date of the chapter of the laws of two thousand thirteen which amended this section, shall notify applicants that, upon discovery that an applicant knowingly provided false information, such applicant may be subject to penalties pursuant to section 175.30 of this chapter, and further, that his or her request for an exception shall be null and void, provided that written notice containing such determination is provided to the applicant. Further, such forms shall provide each applicant an opportunity to specify the grounds on which he or she believes his or her application information should not be publicly disclosed. These grounds, which shall be identified on the application with a box beside each for checking, as applicable, by the applicant, shall be as follows:(i) the applicant's life or safety may be endangered by disclosure because:(A) the applicant is an active or retired police officer, peace officer, probation officer, parole officer, or corrections officer;(B) the applicant is a protected person under a currently valid order of protection;(C) the applicant is or was a witness in a criminal proceeding involving a criminal charge;(D) the applicant is participating or previously participated as a juror in a criminal proceeding, or is or was a member of a grand jury; or(E) the applicant is a spouse, domestic partner or household member of a person identified in this subparagraph or subparagraph (ii) of this paragraph, specifying which subparagraph or subparagraphs and clauses apply.(ii) the applicant has reason to believe his or her life or safety may be endangered by disclosure due to reasons stated by the applicant.(iii) the applicant has reason to believe he or she may be subject to unwarranted harassment upon disclosure of such information.(c) Each form provided for recertification pursuant to paragraph (b) of subdivision ten of this section shall include an opportunity for the applicant to request an exception from the information provided on such form becoming public record pursuant to paragraph (a) of this subdivision. Such forms shall notify applicants that, upon discovery that an applicant knowingly provided false information, such applicant may be subject to penalties pursuant to section 175.30 of this chapter, and further, that his or her request for an exception shall be null and void, provided that written notice containing such determination is provided to the applicant. Further, such forms shall provide each applicant an opportunity to either decline to request the grant or continuation of an exception, or specify the grounds on which he or she believes his or her information should not be publicly disclosed. These grounds, which shall be identified in the application with a box beside each for checking, as applicable, by the applicant, shall be the same as provided in paragraph (b) of this subdivision.(d) Information submitted on the forms described in paragraph (b) of this subdivision shall be excepted from disclosure and maintained by the entity retaining such information separate and apart from all other records.(e) (i) Upon receiving a request for exception from disclosure, the licensing officer shall grant such exception, unless the request is determined to be null and void, pursuant to paragraph (b) or (c) of this subdivision.(ii) A request for an exception from disclosure may be submitted at any time, including after a license or recertification has been granted.(iii) If an exception is sought and granted pursuant to paragraph (b) of this subdivision, the application information shall not be public record, unless the request is determined to be null and void. If an exception is sought and granted pursuant to paragraph (c) of this subdivision, the information concerning such recertification application shall not be public record, unless the request is determined to be null and void. Notwithstanding the foregoing provisions of this subparagraph, local and state law enforcement shall, upon request, be granted access to and copies of such application

information provided that such information obtained by law enforcement pursuant to this subparagraph shall not be considered a public record of such law enforcement agency.(f) The information of licensees or applicants for a license shall not be disclosed to the public during the first one hundred twenty days following the effective date of the chapter of the laws of two thousand thirteen, which amended this section. After such period, the information of those who had applied for or been granted a license prior to the preparation of the form for requesting an exception, pursuant to paragraph (b) of this subdivision, may be released only if such individuals did not file a request for such an exception during the first sixty days following such preparation; provided, however, that no information contained in an application for licensure or recertification shall be disclosed by an entity that has not completed processing any such requests received during such sixty days.(g) If a request for an exception is determined to be null and void pursuant to paragraph (b) or (c) of this subdivision, an applicant may request review of such determination pursuant to article seventy-eight of the civil practice laws and rules. Such proceeding must commence within thirty days after service of the written notice containing the adverse determination. Notice of the right to commence such a petition, and the time period therefor, shall be included in the notice of the determination. Disclosure following such a petition shall not be made prior to the disposition of such review.6. License: validity. Any license issued pursuant to this section shall be valid notwithstanding the provisions of any local law or ordinance. No license shall be transferable to any other person or premises. A license to carry or possess a pistol or revolver, or to purchase or take possession of a semiautomatic rifle, not otherwise limited as to place or time of possession, shall be effective throughout the state, except that the same shall not be valid within the city of New York unless a special permit granting validity is issued by the police commissioner of that city. Such license to carry or possess shall be valid within the city of New York in the absence of a permit issued by the police commissioner of that city, provided that (a) the firearms covered by such license have been purchased from a licensed dealer within the city of New York and are being transported out of said city forthwith and immediately from said dealer by the licensee in a locked container during a continuous and uninterrupted trip; or provided that (b) the firearms covered by such license are being transported by the licensee in a locked container and the trip through the city of New York is continuous and uninterrupted; or provided that (c) the firearms covered by such license are carried by armored car security guards transporting money or other valuables, in, to, or from motor vehicles commonly known as armored cars, during the course of their employment; or provided that (d) the licensee is a retired police officer as police officer is defined pursuant to subdivision thirty-four of section 1.20 of the criminal procedure law or a retired federal law enforcement officer, as defined in section 2.15 of the criminal procedure law, who has been issued a license by an authorized licensing officer as defined in subdivision ten of section 265.00 of this chapter; provided, further, however, that if such license was not issued in the city of New York it must be marked "Retired Police Officer" or "Retired Federal Law Enforcement Officer", as the case may be, and, in the case of a retired officer the license shall be deemed to permit only police or federal law enforcement regulations weapons; or provided that (e) the licensee is a peace officer described in subdivision four of section 2.10 of the criminal procedure law and the license, if issued by other than the city of New York, is marked "New York State Tax Department Peace Officer" and in such case the exemption shall apply only to the firearm issued to such licensee by the department of taxation and finance. A license as gunsmith or dealer in firearms shall not be valid outside the city or county, as the case may be, where issued. Notwithstanding any inconsistent provision of state or local law or rule or regulation, the premises limitation set forth in any license to have and possess a pistol or revolver in the licensee's dwelling or place of business pursuant to paragraph (a) or (b) of subdivision two of this section shall not prevent the transport of such pistol or revolver directly to or from (i) another dwelling or place of business of the licensee where the licensee is authorized to have and possess such pistol or revolver, (ii) an indoor or outdoor shooting range that is authorized by law to operate as such, (iii) a shooting competition at which the licensee may possess such pistol or revolver consistent with the provisions of subdivision a of section 265.20 of this chapter or consistent with the law applicable at the place of such competition, or (iv) any other location where the licensee is lawfully authorized to have and possess such pistol or revolver; provided however, that during such transport to or from a location specified in clauses (i) through (iv) of this paragraph, the pistol or revolver shall be unloaded and carried in a locked container, and the ammunition therefor shall be carried separately; provided further, however, that a license to have and possess a pistol or revolver in the licensee's dwelling or place of business pursuant to paragraph (a) or (b) of subdivision two of this section that is issued by a licensing officer other than the police commissioner of the city of New York shall not authorize transport of a pistol or revolver into the city of New York in the absence of written authorization to do so by the police commissioner of that city. The term "locked container" shall not include the glove compartment or console of a vehicle.7. License: form. Any license issued pursuant to this section shall, except in the city of New York, be approved as to form by the superintendent of state police. A license to carry or possess a pistol or revolver or to purchase or take possession of a semiautomatic rifle shall have attached the licensee's photograph, and a coupon which shall be removed and retained by any person disposing of a firearm to the licensee. A license to carry or possess a pistol or revolver shall specify the weapon covered by calibre, make, model, manufacturer's name and serial number, or if none, by any other distinguishing number or identification mark, and shall indicate whether issued to carry on the person or possess on the premises, and if on the premises shall also specify the place where the licensee shall possess the same. If such license is issued to a noncitizen, or to a person not a citizen of and usually a resident in the state, the licensing officer shall state in the license the particular reason for the issuance and the names of the persons certifying to the good character of the applicant. Any license as gunsmith or dealer in firearms shall mention and describe the premises for which it is issued and shall be valid only for such premises.8. License: exhibition and display. Every licensee while carrying a pistol or revolver shall have on his or her person a license to carry the same. Every person licensed to possess a pistol or revolver on particular premises shall have the license for the same on such premises. Every person licensed to purchase or take possession of a semiautomatic rifle shall have the license for the same on his or her person while purchasing or taking possession of such weapon. Upon demand, the license shall be

exhibited for inspection to any peace officer, who is acting pursuant to his or her special duties, or police officer. A license as gunsmith or dealer in firearms shall be prominently displayed on the licensed premises. A gunsmith or dealer of firearms may conduct business temporarily at a location other than the location specified on the license if such temporary location is the location for a gun show or event sponsored by any national, state, or local organization, or any affiliate of any such organization devoted to the collection, competitive use or other sporting use of firearms. Any sale or transfer at a gun show must also comply with the provisions of article thirty-nine-DD of the general business law. Records of receipt and disposition of firearms transactions conducted at such temporary location shall include the location of the sale or other disposition and shall be entered in the permanent records of the gunsmith or dealer of firearms and retained on the location specified on the license. Nothing in this section shall authorize any licensee to conduct business from any motorized or towed vehicle. A separate fee shall not be required of a licensee with respect to business conducted under this subdivision. Any inspection or examination of inventory or records under this section at such temporary location shall be limited to inventory consisting of, or records related to, firearms held or disposed at such temporary locations. Failure of any licensee to so exhibit or display his or her license, as the case may be, shall be presumptive evidence that he or she is not duly licensed.9. License: amendment. Elsewhere than in the city of New York, a person licensed to carry or possess a pistol or revolver or to purchase or take possession of a semiautomatic rifle may apply at any time to his or her licensing officer for amendment of his or her license to include one or more such weapons or to cancel weapons held under license. If granted, a record of the amendment describing the weapons involved shall be filed by the licensing officer in the executive department, division of state police, Albany. The superintendent of state police may authorize that such amendment be completed and transmitted to the state police in electronic form. Notification of any change of residence shall be made in writing by any licensee within ten days after such change occurs, and a record of such change shall be inscribed by such licensee on the reverse side of his or her license. Elsewhere than in the city of New York, and in the counties of Nassau and Suffolk, such notification shall be made to the executive department, division of state police, Albany, and in the city of New York to the police commissioner of that city, and in the county of Nassau to the police commissioner of that county, and in the county of Suffolk to the licensing officer of that county, who shall, within ten days after such notification shall be received by him or her, give notice in writing of such change to the executive department, division of state police, at Albany.10. License: expiration, certification and renewal. (a) Any license for gunsmith or dealer in firearms and, in the city of New York, any license to carry or possess a pistol or revolver, issued at any time pursuant to this section or prior to the first day of July, nineteen hundred sixty-three and not limited to expire on an earlier date fixed in the license, shall, except as otherwise provided in paragraph (d) of this subdivision, expire not more than three years after the date of issuance. In the counties of Nassau, Suffolk and Westchester, any license to carry or possess a pistol or revolver, issued at any time pursuant to this section or prior to the first day of July, nineteen hundred sixty-three and not limited to expire on an earlier date fixed in the license, shall expire not more than five years after the date of issuance; however, in the county of Westchester, any such license shall be certified prior to the first day of April, two thousand, in accordance with a schedule to be contained in regulations promulgated by the commissioner of the division of criminal justice services, and every such license shall, except as otherwise provided in paragraph (d) of this subdivision, be recertified every five years thereafter. For purposes of this section certification shall mean that the licensee shall provide to the licensing officer the following information only: current name, date of birth, current address, and the make, model, caliber and serial number of all firearms currently possessed. Such certification information shall be filed by the licensing officer in the same manner as an amendment. Elsewhere than in the city of New York and the counties of Nassau, Suffolk and Westchester, any license to carry or possess a pistol or revolver, issued at any time pursuant to this section or prior to the first day of July, nineteen hundred sixty-three and not previously revoked or cancelled, shall be in force and effect until revoked as herein provided. Any license not previously cancelled or revoked shall remain in full force and effect for thirty days beyond the stated expiration date on such license. Any application to renew a license that has not previously expired, been revoked or cancelled shall thereby extend the term of the license until disposition of the application by the licensing officer. In the case of a license for gunsmith or dealer in firearms, in counties having a population of less than two hundred thousand inhabitants, photographs and fingerprints shall be submitted on original applications and upon renewal thereafter at three year intervals. Upon satisfactory proof that a currently valid original license has been despoiled, lost or otherwise removed from the possession of the licensee and upon application containing an additional photograph of the licensee, the licensing officer shall issue a duplicate license.(b) All licensees shall be recertified to the division of state police every five years thereafter, except as otherwise provided in paragraph (d) of this subdivision. Any license issued before the effective date of the chapter of the laws of two thousand thirteen which added this paragraph shall be recertified by the licensee on or before January thirty-first, two thousand eighteen, and not less than one year prior to such date, the state police shall send a notice to all license holders who have not recertified by such time. Records assembled or collected for purposes of inclusion in the database created pursuant to section 400.02 of this chapter shall not be subject to disclosure pursuant to article six of the public officers law. (b) Each application for a license pursuant to paragraph (a) of this subdivision shall include, on a separate written form prepared by the division of state police within thirty days of the effective date of the chapter of the laws of two thousand thirteen, which amended this section, and provided to the applicant at the same time and in the same manner as the application for a license, an opportunity for the applicant to request an exception from his or her application information becoming public record pursuant to paragraph (a) of this subdivision. Such forms, which shall also be made available to individuals who had applied for or been granted a license prior to the effective date of the chapter of the laws of two thousand thirteen which amended this section, shall notify applicants that, upon discovery that an applicant knowingly provided false information, such applicant may be subject to penalties pursuant to section 175.30 of this chapter, and further, that his or her request for an exception shall be null and void, provided that written notice containing such determination is provided to the applicant. Further, such forms shall provide each applicant an opportunity to specify the grounds on which he or she believes his or her application information should not be publicly disclosed. These grounds, which shall be identified on the application with a box beside each for checking, as applicable, by the applicant, shall be as follows: (i) the applicant's life or safety may be endangered by disclosure because: (A) the applicant is an active or retired police officer, peace officer, probation officer, parole officer, or corrections officer; (B) the applicant is a protected person under a currently valid order of protection; (C) the applicant is or was a witness in a criminal proceeding involving a criminal charge; (D) the applicant is participating or previously participated as a juror in a criminal proceeding, or is or was a member of a grand jury; or (E) the applicant is a spouse, domestic partner or household member of a person identified in this subparagraph or subparagraph (ii) of this paragraph, specifying which subparagraph or subparagraphs and clauses apply. (ii) the applicant has reason to believe his or her life or safety may be endangered by disclosure due to reasons stated by the applicant. (iii) the applicant has reason to believe he or she may be subject to unwarranted harassment upon disclosure of such information. (c) Each form provided for recertification pursuant to paragraph (b) of subdivision ten of this section shall include an opportunity for the applicant to request an exception from the information provided on such form becoming public record pursuant to paragraph (a) of this subdivision. Such forms shall notify applicants that, upon discovery that an applicant knowingly provided false information, such applicant may be subject to penalties pursuant to section 175.30 of this chapter, and further, that his or her request for an exception shall be null and void, provided that written notice containing such determination is provided to the applicant. Further, such forms shall provide each applicant an opportunity to either decline to request the grant or continuation of an exception, or specify the grounds on which he or she believes his or her information should not be publicly disclosed. These grounds, which shall be identified in the application with a box beside each for checking, as applicable, by the applicant, shall be the same as provided in paragraph (b) of this subdivision. (d) Information submitted on the forms described in paragraph (b) of this subdivision shall be excepted from disclosure and maintained by the entity retaining such information separate and apart from all other records. (e) (i) Upon receiving a request for exception from disclosure, the licensing officer shall grant such exception, unless the request is determined to be null and void, pursuant to paragraph (b) or (c) of this subdivision. (ii) A request for an exception from disclosure may be submitted at any time, including after a license or recertification has been granted. (iii) If an exception is sought and granted pursuant to paragraph (b) of this subdivision, the application information shall not be public record, unless the request is determined to be null and void. If an exception is sought and granted pursuant to paragraph (c) of this subdivision, the information concerning such recertification application shall not be public record, unless the request is determined to be null and void. Notwithstanding the foregoing provisions of this subparagraph, local and state law enforcement shall, upon request, be granted access to and copies of such application information provided that such information obtained by law enforcement pursuant to this subparagraph shall not be considered a public record of such law enforcement agency. (f) The information of licensees or applicants for a license shall not be disclosed to the public during the first one hundred twenty days following the effective date of the chapter of the laws of two thousand thirteen, which amended this section. After such period, the information of those who had applied for or been granted a license prior to the preparation of the form for requesting an exception, pursuant to paragraph (b) of this subdivision, may be released only if such individuals did not file a request for such an exception during the first sixty days following such preparation; provided, however, that no information contained in an application for licensure or recertification shall be disclosed by an entity that has not completed processing any such requests received during such sixty days. (g) If a request for an exception is determined to be null and void pursuant to paragraph (b) or (c) of this subdivision, an applicant may request review of such determination pursuant to article seventy-eight of the civil practice laws and rules. Such proceeding must commence within thirty days after service of the written notice containing the adverse determination. Notice of the right to commence such a petition, and the time period therefor, shall be included in the notice of the determination. Disclosure following such a petition shall not be made prior to the disposition of such review. 6. License: validity. Any license issued pursuant to this section shall be valid notwithstanding the provisions of any local law or ordinance. No license shall be transferable to any other person or premises. A license to carry or possess a pistol or revolver, or to purchase or take possession of a semiautomatic rifle, not otherwise limited as to place or time of possession, shall be effective throughout the state, except that the same shall not be valid within the city of New York unless a special permit granting validity is issued by the police commissioner of that city. Such license to carry or possess shall be valid within the city of New York in the absence of a permit issued by the police commissioner of that city, provided that (a) the firearms covered by such license have been purchased from a licensed dealer within the city of New York and are being transported out of said city forthwith and

A license as gunsmith or dealer in firearms shall not be valid outside the city or county, as the case may be, where issued. Notwithstanding any inconsistent provision of state or local law or rule or regulation, the premises limitation set forth in any license to have and possess a pistol or revolver in the licensee's dwelling or place of business pursuant to paragraph (a) or (b) of subdivision two of this section shall not prevent the transport of such pistol or revolver directly to or from (i) another dwelling or place of business of the licensee where the licensee is authorized to have and possess such pistol or revolver, (ii) an indoor or outdoor shooting range that is authorized by law to operate as such, (iii) a shooting competition at which the licensee may possess such pistol or revolver consistent with the provisions of subdivision a of section 265.20 of this chapter or consistent with the law applicable at the place of such competition, or (iv) any other location where the licensee is lawfully authorized to have and possess such pistol or revolver; provided however, that during such transport to or from a location specified in clauses (i) through (iv) of this paragraph, the pistol or revolver shall be unloaded and carried in a locked container, and the ammunition therefor shall be carried separately; provided further, however, that a license to have and possess a pistol or revolver in the licensee's dwelling or place of business pursuant to paragraph (a) or (b) of subdivision two of this section that is issued by a licensing officer other than the police commissioner of the city of New York shall not authorize transport of a pistol or revolver into the city of New York in the absence of written authorization to do so by the police commissioner of that city. The term "locked container" shall not include the glove compartment or console of a vehicle. 7. License: form. Any license issued pursuant to this section shall, except in the city of New York, be approved as to form by the superintendent of state police. A license to carry or possess a pistol or revolver or to purchase or take possession of a semiautomatic rifle shall have attached the licensee's photograph, and a coupon which shall be removed and retained by any person disposing of a firearm to the licensee. A license to carry or possess a pistol or revolver shall specify the weapon covered by calibre, make, model, manufacturer's name and serial number, or if none, by any other distinguishing number or identification mark, and shall indicate whether issued to carry on the person or possess on the premises, and if on the premises shall also specify the place where the licensee shall possess the same. If such license is issued to a noncitizen, or to a person not a citizen of and usually a resident in the state, the licensing officer shall state in the license the particular reason for the issuance and the names of the persons certifying to the good character of the applicant. Any license as gunsmith or dealer in firearms shall mention and describe the premises for which it is issued and shall be valid only for such premises. 8. License: exhibition and display. Every licensee while carrying a pistol or revolver shall have on his or her person a license to carry the same. Every person licensed to possess a pistol or revolver on particular premises shall have the license for the same on such premises. Every person licensed to purchase or take possession of a semiautomatic rifle shall have the license for the same on his or her person while purchasing or taking possession of such weapon. Upon demand, the license shall be exhibited for inspection to any peace officer, who is acting pursuant to his or her special duties, or police officer. A license as gunsmith or dealer in firearms shall be prominently displayed on the licensed premises. A gunsmith or dealer of firearms may conduct business temporarily at a location other than the location specified on the license if such temporary location is the location for a gun show or event sponsored by any national, state, or local organization, or any affiliate of any such organization devoted to the collection, competitive use or other sporting use of firearms. Any sale or transfer at a gun show must also comply with the provisions of article thirty-nine-DD of the general business law. Records of receipt and disposition of firearms transactions conducted at such temporary location shall include the location of the sale or other disposition and shall be entered in the permanent records of the gunsmith or dealer of firearms and retained on the location specified on the license. Nothing in this section shall authorize any licensee to conduct business from any motorized or towed vehicle. A separate fee shall not be required of a licensee with respect to business conducted under this subdivision. Any inspection or examination of inventory or records under this section at such temporary location shall be limited to inventory consisting of, or records related to, firearms held or disposed at such temporary locations. Failure of any licensee to so exhibit or display his or her license, as the case may be, shall be presumptive evidence that he or she is not duly licensed. 9. License: amendment. Elsewhere than in the city of New York, a person licensed to carry or possess a pistol or revolver or to purchase or take possession of a semiautomatic rifle may apply at any time to his or her licensing officer for amendment of his or her license to include one or more such weapons or to cancel weapons held under license. If granted, a record of the amendment describing the weapons involved shall be filed by the licensing officer in the executive department, division of state police, Albany. The superintendent of state police may authorize that such amendment be completed and transmitted to the state police in electronic form. Notification of any change of residence shall be made in writing by any licensee within ten days after such change occurs, and a record of such change shall be inscribed by such licensee on the reverse side

Upon satisfactory proof that a currently valid original license has been despoiled, lost or otherwise removed from the possession of the licensee and upon application containing an additional photograph of the licensee, the licensing officer shall issue a duplicate license. (b) All licensees shall be recertified to the division of state police every five years thereafter, except as otherwise provided in paragraph (d) of this subdivision. Any license issued before the effective date of the chapter of the laws of two thousand thirteen which added this paragraph shall be recertified by the licensee on or before January thirty-first, two thousand eighteen, and not less than one year prior to such date, the state police shall send a notice to all license holders who have not recertified by such time. The form may be in an electronic form if so designated by the superintendent of state police. Failure to recertify shall act as a revocation of such license. If the New York state police discover as a result of the recertification process that a licensee failed to provide a change of address, the New York state police shall not require the licensing officer to revoke such license. (c) A license to purchase or take possession of a semiautomatic rifle as defined in subdivision two of this section shall be recertified to the applicable licensing officer every five years following the issuance of such license. Failure to renew such a license shall be a violation punishable by a fine not to exceed two hundred fifty dollars, and such failure to renew shall be considered by the licensing officer when reviewing future license applications by the license holder pursuant to this chapter. (d) Licenses issued under paragraph (f) of subdivision two of this section shall be recertified or renewed in the same form and manner as otherwise required by this subdivision, provided however, that such licenses shall be recertified or renewed every three years following the issuance of such license. For licenses issued prior to the effective date of this paragraph that were issued more than three years prior to such date, or will expire in less than one year from such date shall be recertified or renewed within one year of such date. 11. License: revocation and suspension. (a) The conviction of a licensee anywhere of a felony or serious offense or a licensee at any time becoming ineligible to obtain a license, including engaging in conduct that would have resulted in the denial of a license, under this section shall operate as or be grounds for, a revocation of the license. A license may be revoked or suspended as provided for in section 530.14 of the criminal procedure law or section eight hundred forty-two-a of the family court act. Except for a license issued pursuant to section 400.01 of this article, a license may be revoked and cancelled at any time in the city of New York, and in the counties of Nassau and Suffolk, by the licensing officer, and elsewhere than in the city of New York by any judge or justice of a court of record; a license issued pursuant to section 400.01 of this article may be revoked and cancelled at any time by the licensing officer or any judge or justice of a court of record. After completing the foregoing, the licensee shall remove and retain the attached coupon and enter in the record book the date of such license, number, if any, and name of the licensing officer, in the case of the holder of a license to carry or possess, or the shield or other number, if any, assignment and department, unit or agency, in the case of an exempt person. The original transaction report shall be forwarded to the division of state police within ten days of delivering a firearm to any person, and a duplicate copy shall be kept by the licensee. The superintendent of state police may designate that such record shall be completed and transmitted in electronic form. A dealer may be granted a waiver from transmitting such records in electronic form if the superintendent determines that such dealer is incapable of such transmission due to technological limitations that are not reasonably within the control of the dealer, or other exceptional circumstances demonstrated by the dealer, pursuant to a process established in regulation, and at the discretion of the superintendent. Records assembled or collected for purposes of inclusion in the database created pursuant to section 400.02 of this article shall not be subject to disclosure pursuant to article six of the public officers law. Before granting and issuing a permit for a display of fireworks as herein provided, the permit authority shall require an adequate bond from the applicant therefor, unless it is a state entity, county park, city, village or town, in a sum to be fixed by the permit authority, which, however, shall not be less than one million dollars, conditioned for the payment of all damages, which may be caused to a person or persons or to property, by reason of the display so permitted and arising from any acts of the permittee, his or her agents, employees, contractors or subcontractors. Such bond shall run to the state if the permit is granted for a display on state property, or to the county park, city, village or town in which the permit is granted and issued and shall be for the use and benefit of any person or persons or any owner or owners of any property so injured or damaged, and such person or persons or such owner or owners are hereby authorized to maintain an action thereon, which right of action also shall accrue to the heirs, executors, administrators, successors or assigns of such person or persons or such owner or owners. The permit authority may accept, in lieu of such bond, an indemnity insurance policy with liability coverage and indemnity protection equivalent to the terms and conditions upon which such bond is predicated and for the purposes provided in this section.5. Local ordinances superseded. (a) All local ordinances regulating or prohibiting the display of fireworks are hereby superseded by the provisions of this section. Every city, town or village shall have the power to enact ordinances or local laws regulating or prohibiting the use, or the storage, transportation or sale for use of fireworks in the preparation for or in connection with television broadcasts.(b) Notwithstanding any inconsistent

provision of law, a county may enact a local law to prohibit the sale and use of "sparkling devices", as such term is defined in section 270.00 of this chapter, provided, however, any such local law shall not establish:(i) an offense greater than a violation for a person who shall use, explode or cause to be exploded a sparkling device; or(ii) an offense greater than a class B misdemeanor for a person who shall offer or expose for sale, sell or furnish a sparkling device valued at less than five hundred dollars unless such offer, sale or furnishing is to a person less than eighteen years of age.(c) Notwithstanding paragraph (b) of this subdivision, any city wholly contained within the county of Orange may enact a local law to prohibit the sale and use of "sparkling devices" as defined in section 270.00 of this chapter, in accordance with subparagraphs (i) and (ii) of paragraph (b) of this subdivision, notwithstanding that such county has not enacted a local law to prohibit the sale and use of such sparkling devices. (a) The name of the body sponsoring the display and the names of the persons actually to be in charge of the firing of the display who shall possess a valid certificate of competence as a pyrotechnician as required under the general business law and article sixteen of the labor law. The permit application shall further contain a verified statement from the applicant identifying the individuals who are authorized to fire the display including their certificate numbers, and that such individuals possess a valid certificate of competence as a pyrotechnician. (b) The date and time of day at which the display is to be held. (c) The exact location planned for the display. (d) The number and kind of fireworks to be discharged. (e) The manner and place of storage of such fireworks prior to the display. (f) A diagram of the grounds on which the display is to be held showing the point at which the fireworks are to be discharged, the location of all buildings, highways and other lines of communication, the lines behind which the audience will be restrained and the location of all nearby trees, telegraph or telephone lines or other overhead obstructions. (g) Such other information as the permit authority may deem necessary to protect persons or property. 3. Applications for permits. All applications for permits for the display of fireworks shall be made at least five days in advance of the date of the display and the permit shall contain provisions that the actual point at which the fireworks are to be fired be in accordance with the rules promulgated by the commissioner of labor pursuant to section four hundred sixty-two of the labor law and that all the persons in actual charge of firing the fireworks shall be over the age of eighteen years, competent and physically fit for the task, that there shall be at least two such operators constantly on duty during the discharge and that at least two approved type fire extinguishers shall be kept at as widely separated points as possible within the actual area of the display. For any applications made for the display of fireworks on state property, the state fire administrator shall coordinate the issuance of such permits with the head of the police or fire department or both, where there are such departments. The legislative body of a county park, city, village or town may provide for approval of such permit by the head of the police or fire department or both where there are such departments. No permit granted and issued hereunder shall be transferable. After such permit shall have been granted, sales, possession, use and distribution of fireworks for such display shall be lawful solely therefor. 3-a. Notwithstanding the provisions of subdivision three of this section, no permit may be issued to conduct a display of fireworks upon any property where the boundary line of such property is less than five hundred yards from the boundary line of any property which is owned, leased or operated by any breeder as defined in subdivision four of section two hundred fifty-one of the racing, pari-mutuel wagering and breeding law. 4. Bonds. Before granting and issuing a permit for a display of fireworks as herein provided, the permit authority shall require an adequate bond from the applicant therefor, unless it is a state entity, county park, city, village or town, in a sum to be fixed by the permit authority, which, however, shall not be less than one million dollars, conditioned for the payment of all damages, which may be caused to a person or persons or to property, by reason of the display so permitted and arising from any acts of the permittee, his or her agents, employees, contractors or subcontractors. Such bond shall run to the state if the permit is granted for a display on state property, or to the county park, city, village or town in which the permit is granted and issued and shall be for the use and benefit of any person or persons or any owner or owners of any property so injured or damaged, and such person or persons or such owner or owners are hereby authorized to maintain an action thereon, which right of action also shall accrue to the heirs, executors, administrators, successors or assigns of such person or persons or such owner or owners. The permit authority may accept, in lieu of such bond, an indemnity insurance policy with liability coverage and indemnity protection equivalent to the terms and conditions upon which such bond is predicated and for the purposes provided in this section. 5. Local ordinances superseded. (a) All local ordinances regulating or prohibiting the display of fireworks are hereby superseded by the provisions of this section. Every city, town or village shall have the power to enact ordinances or local laws regulating or prohibiting the use, or the storage, transportation or sale for use of fireworks in the preparation for or in connection with television broadcasts. (b) Notwithstanding any inconsistent provision of law, a county may enact a local law to prohibit the sale and use of "sparkling devices", as such term is defined in section 270.00 of this chapter, provided, however, any such local law shall not establish: (i) an offense greater than a violation for a person who shall use, explode or cause to be exploded a sparkling device; or (ii) an offense greater than a class B misdemeanor for a person who shall offer or expose for sale, sell or furnish a sparkling device valued at less than five hundred dollars unless such offer, sale or furnishing is to a person less than eighteen years of age. (c) Notwithstanding paragraph (b) of this subdivision, any city wholly contained within the county of Orange may enact a local law to prohibit the sale and use of "sparkling devices" as defined in section 270.00 of this chapter, in accordance with subparagraphs (i) and (ii) of paragraph (b) of this subdivision, notwithstanding that such county has not enacted a local law to prohibit the sale and use of such sparkling devices.

In no event shall such advance notice be less than five business days.d. A walk-through and a representative demonstration of the pyrotechnics shall be approved by the permit authority before a permit is approved. The permit authority may waive this requirement based on past history, prior knowledge, and other factors; provided that the authority is confident that the discharge of pyrotechnics can be conducted safely. The demonstration shall be scheduled with sufficient time allowed to reset/reload the pyrotechnics before the arrival of the audience.e. All pyrotechnic operators shall be at least twenty-one years old and licensed or approved by the permit authority in accordance with all applicable laws, if any. All assistants shall be at least eighteen years old.3. Conduct of pyrotechnic performances. a. Fire detection and life safety systems shall not be interrupted during the operation of pyrotechnic effects.b. (1) All pyrotechnic devices shall be mounted in a secure manner to maintain their proper positions and orientations so that, when they are fired, the pyrotechnic effects described in the plan submitted by the permittee are produced. Pyrotechnic devices shall be mounted so that no fallout from the device endangers human lives, results in personal injury, or damages property. Pyrotechnic materials shall be fired only from equipment specifically constructed for the purpose of firing pyrotechnic materials. The pyrotechnic operator shall be responsible for selecting equipment and materials that are compatible.(2) Where rockets are launched before an audience, performers, or support personnel, the rockets shall be attached securely to a guide wire or cable with both ends securely attached and placed on an impact-resistant surface located at the terminal end of the guide. This guide wire or cable shall be of sufficient strength and flame resistance to withstand the exhaust from the rocket. An effective arrangement to stop the rocket shall be provided.(3) Pyrotechnics shall be: (a) placed so that any hazardous debris falls into a safe, flame-resistant area; (b) fired so that the trajectory of their pyrotechnic material is not carried over the audience; and (c) placed for firing so that no flammable materials are within their fallout area.(4) Pyrotechnic devices and materials used indoors shall be specifically manufactured and marked for indoor use by the manufacturer.(5) Airbursts shall be permitted to be fired above the assembled audience, subject to the following conditions:(a) The airburst shall be suspended by a minimum 30-gauge metal wire that is attached securely to a secure support acceptable to the authority having jurisdiction.(b) The airburst shall occur at a minimum height of three times the diameter of the

(1) The pyrotechnic effect operator shall advise all performers and support personnel that they are exposed to a potentially hazardous situation when performing or otherwise carrying out their responsibilities in the vicinity of a pyrotechnic effect. Performers and support personnel familiar and experienced with the pyrotechnic effects being used shall be permitted to be in the area of a pyrotechnic effect, but only voluntarily and in the performance of their duties.(2) No part, projectile, or debris from the pyrotechnic material or device shall be propelled so that it damages overhead properties, overhead equipment, or the ceiling and walls of the facility.(3) Immediately before any performance, the pyrotechnic operator shall make a final check of wiring, positions, hook-ups, and pyrotechnic devices to ensure that they are in proper working order. The pyrotechnic operator also shall verify safety distances.(4) The placement and wiring of all pyrotechnic devices shall be designed to minimize the possibility of performers and support personnel disturbing the devices during a performance.(5) The pyrotechnic operator shall exercise extreme care throughout the performance to ensure that the pyrotechnic devices function correctly and that the performers, support personnel, and audience are clear of the devices.(6) When pyrotechnics are fired, the quantity of smoke developed shall be controlled so as not to obscure the visibility of exit signs or paths of egress.4. Bonds. Such bond shall run to the owner of the facility for which the permit is granted and issued and shall be for the use and benefit of any person or persons or any owner or owners of any property so injured or damaged, and such person or persons or such owner or owners are hereby authorized to maintain an action thereon, which right of action also shall accrue to the heirs, executors, administrators, successors, or assigns of such person or persons or such owner or owners. The permit authority may accept, in lieu of such bond, an indemnity insurance policy with liability coverage and indemnity protection equivalent to the terms and conditions upon which such bond is predicated and for the purposes herein provided.5. When a request is made for the return of stolen property under this section, the police officer, peace officer or district attorney in possession of such property must provide written notice to the defendant or his counsel of such request as soon as practicable. Such notice shall advise the defendant or his counsel of the date on which the property will be released and the name and address of a person with whom arrangements can be made for the examination, testing, photographing, photocopying or other reproduction of said property. 2. Both the defendant's counsel and the prosecutor thereafter shall make a diligent effort to examine, test and photograph, photocopy or otherwise reproduce the property. Either party may apply to the court for an extension of any period allowed for examination, testing, photographing, photocopying or otherwise reproducing the property. Unless extended by a court order sought by either party on notice to the other, the property shall be released no later than the time periods for retention set forth in subdivisions three and four of this section to the person making such request after satisfactory proof of such person's entitlement to the possession thereof. Unless a court, upon applicaton of either party with notice to the other, orders otherwise, the release of property in accordance with the provisions of this section shall be unconditional. 3. Except as provided in subdivision four of this section, when a request is made for the release of property described in subdivision one of this section, the property shall be retained until either the expiration of a fifteen day period from receipt by the defendant or his counsel of the notice of the request, or the examination testing and photographing, photocopying or other reproduction of such property, by the parties, whichever event occurs first. The forty-eight hour period may be extended by up to twenty-four additional hours by agreement between the parties. For the purposes of this section, perishables shall mean any property likely to spoil or decay or diminish significantly in value within twenty days of the initial retention of the property.(b) If, upon oral or written application by the district attorney with notice to the defendant or his counsel, a court determines that immediate release of property described in paragraph (a) of this subdivision is required under the attendant circumstances, the court shall issue an order releasing the property and, if requested by either party, setting, as a part of such order, any condition appropriate in the furtherance of justice.(c) A motor vehicle alleged to have been stolen but not alleged to have been used in connection with any crime or criminal transaction other than the theft or unlawful use of said motor vehicle, which is in the custody of a police officer, a peace officer or a district attorney, may be released expeditiously to its registered owner or the owner's representative without prior notice to the defendant. Before such release, evidentiary photographs shall be taken of such motor vehicle. Such photographs shall include the vehicle identification number, registration on windshield, license plates,

If stolen property comes into the custody of a court, it must, unless temporary retention be deemed necessary in furtherance of justice, be delivered to the owner, on satisfactory proof of his title, and on his paying the necessary expenses incurred in its preservation, to be certified by the court.6. If stolen property has not been delivered to the owner, the court before which a trial is had for stealing it, may, on proof of his title, order it to be restored to the owner.7. If stolen property is not claimed by the owner, before the expiration of six months from the conviction of a person for stealing it, the court or other officer having it in custody must, on payment of the necessary expenses incurred in its preservation, deliver it to the county commissioner of social services, or in the city of New York, to the commissioner of social services, to be applied for the benefit of the poor of the county or city, as the case may be.8. Except in the city of New York, when money or other property is taken from a defendant, arrested upon a charge of an offense, the officer taking it must, at the time, give duplicate receipts therefor, specifying particularly the amount of property taken, one of which receipts he must deliver to the defendant, and the other of which he must forthwith file with the court in which the criminal action is pending.9. Where there has been a failure to comply with the provisions of this section, and where the district attorney does not demonstrate to the satisfaction of the court that such failure has not caused the defendant prejudice, the court shall instruct the jury that it may consider such failure in determining the weight to be given such evidence and may also impose any other sanction set forth in subdivision one of section 245.80 of the criminal procedure law; provided, however, that unless the defendant has convinced the court that such failure has caused him undue prejudice, the court shall not preclude the district attorney from introducing into evidence the property, photographs, photocopies, or other reproductions of the property or, where appropriate, testimony concerning its value and condition, where such evidence is otherwise properly authenticated and admissible under the rules of evidence. Failure to comply with any one or more of the provisions of this section shall not for that reason alone be grounds for dismissal of the accusatory instrument.11. When a request for the release of stolen property is made pursuant to paragraph (a) of subdivision four of this section and the defendant is not represented by counsel the notice required pursuant to subdivision one of this section shall be personally delivered to the defendant and release of said property shall not occur for a period less than five days: from (a) the delivery of such notice; or (b) in the case of delivery to such person in custody, from the first appearance before the court, whichever is later. (b) If, upon oral or written application by the district attorney with notice to the defendant or his counsel, a court determines that immediate release of property described in paragraph (a) of this subdivision is required under the attendant circumstances, the court shall issue an order releasing the property and, if requested by either party, setting, as a part of such order, any condition appropriate in the furtherance of justice. (c) A motor vehicle alleged to have been stolen but not alleged to have been used in connection with any crime or criminal transaction other than the theft or unlawful use of said motor vehicle, which is in the custody of a police officer, a peace officer or a district attorney, may be released expeditiously to its registered owner or the owner's representative without prior notice to the defendant. Before such release, evidentiary photographs shall be taken of such motor vehicle. Such photographs shall include the vehicle identification number, registration on windshield, license plates, each side of the vehicle, including vent windows, door locks and handles, the front and back of the vehicle, the interior of the vehicle, including ignition lock, seat to floor clearance, center console, radio receptacle and dashboard area, the motor, and any other interior or exterior surfaces showing any and all damage to the vehicle. Notice of such release, and the photographs taken of said vehicle, shall be furnished to the defendant within fifteen days after arraignment or after counsel initially appears on behalf of the defendant or respondent, whichever occurs later. 5. If stolen property comes into the custody of a court, it must, unless temporary retention be deemed necessary in furtherance of justice, be delivered to the owner, on satisfactory proof of his title, and on his paying the necessary expenses incurred in its preservation, to be certified by the court. 6. If stolen property has not been delivered to the owner, the court before which a trial is had for stealing it, may, on proof of his title, order it to be restored to the owner. 7. If stolen property is not claimed by the owner, before the expiration of six months from the conviction of a person for stealing it, the court or other officer having it in custody must, on payment of the necessary expenses incurred in its preservation, deliver it to the county commissioner of social services, or in the city of New York, to the commissioner of social services, to be applied for the benefit of the poor of the county or city, as the case may be. 8. Except in the city of New York, when money or other property is taken from a defendant, arrested upon a charge of an offense, the officer taking it must, at the time, give duplicate receipts therefor, specifying particularly the amount of property taken, one of which receipts he must deliver to the defendant, and the other of which he must forthwith file with the court in which the criminal action is pending. 9. The commissioners of police of the city of New York may designate some person to take charge of all property alleged to be stolen, and which may be brought into the police office, and all property taken from the person of a prisoner, and may prescribe regulations in regard to the duties of the clerk or clerks so designated, and to require and take security for the faithful performance of the duties imposed by this subdivision, and it shall be the duty of every officer into whose possession such property may come, to deliver the same forthwith to the person so designated. 10. Where there has been a failure to comply with the provisions of this section, and where the district attorney does not demonstrate to

the satisfaction of the court that such failure has not caused the defendant prejudice, the court shall instruct the jury that it may consider such failure in determining the weight to be given such evidence and may also impose any other sanction set forth in subdivision one of section 245.80 of the criminal procedure law; provided, however, that unless the defendant has convinced the court that such failure has caused him undue prejudice, the court shall not preclude the district attorney from introducing into evidence the property, photographs, photocopies, or other reproductions of the property or, where appropriate, testimony concerning its value and condition, where such evidence is otherwise properly authenticated and admissible under the rules of evidence. Failure to comply with any one or more of the provisions of this section shall not for that reason alone be grounds for dismissal of the accusatory instrument. 11. When a request for the release of stolen property is made pursuant to paragraph (a) of subdivision four of this section and the defendant is not represented by counsel the notice required pursuant to subdivision one of this section shall be personally delivered to the defendant and release of said property shall not occur for a period less than five days: from (a) the delivery of such notice; or (b) in the case of delivery to such person in custody, from the first appearance before the court, whichever is later.

2024 New York LawsPEN - PenalPart 4 - Administrative ProvisionsTitle X - Organized Crime Control ActArticle 460 - Enterprise Corruption460.00 - Legislative Findings.

The legislature finds and determines as follows: Organized crime in New York state involves highly sophisticated, complex and widespread forms of criminal activity. The diversified illegal conduct engaged in by organized crime, rooted in the illegal use of force, fraud, and corruption, constitutes a major drain upon the state's economy, costs citizens and businesses of the state billions of dollars each year, and threatens the peace, security and general welfare of the people of the state. Organized crime continues to expand its corrosive influence in the state through illegal enterprises engaged in such criminal endeavors as the theft and fencing of property, the importation and distribution of narcotics and other dangerous drugs, arson for profit, hijacking, labor racketeering, loansharking, extortion and bribery, the illegal disposal of hazardous wastes, syndicated gambling, trafficking in stolen securities, insurance and investment frauds, and other forms of economic and social exploitation. The money and power derived by organized crime through its illegal enterprises and endeavors is increasingly being used to infiltrate and corrupt businesses, unions and other legitimate enterprises and to corrupt our democratic processes. This infiltration takes several forms with legitimate enterprises being employed as instrumentalities, injured as victims, or taken as prizes. Through such infiltration the power of an enterprise can be diverted to criminal ends, its resources looted, or it can be taken over entirely, either on paper or de facto. Thus, for purposes of making both criminal and civil remedies available to deal with the corruption of such enterprises, the concept of criminal enterprise should not be limited to traditional criminal syndicates or crime families, and may include persons who join together in a criminal enterprise, as defined by subdivision three of section 460.10 of this article, for the purpose of corrupting such legitimate enterprises or infiltrating and illicitly influencing industries. One major cause of the continuing growth of organized criminal activities within the state is the inadequacy and limited nature of sanctions and remedies available to state and local law enforcement officials to deal with this intricate and varied criminal conduct. Existing penal law provisions are primarily concerned with the commission of specific and limited criminal acts without regard to the relationships of particular criminal acts or the illegal profits derived therefrom, to legitimate or illicit enterprises operated or controlled by organized crime. Further, traditional penal law provisions only provide for the imposition of conventional criminal penalties, including imprisonment, fines and probation, for entrenched organized crime enterprises. Such penalties are not adequate to enable the state to effectively fight organized crime. Instead, new penal prohibitions and enhanced sanctions, and new civil and criminal remedies are necessary to deal with the unlawful activities of persons and enterprises engaged in organized crime. Comprehensive statutes enacted at the federal level and in a number of other states with significant organized crime problems, have provided law enforcement agencies with an effective tool to fight organized crime. Such laws permit law enforcement authorities (i) to charge and prove patterns of criminal activity and their connection to ongoing enterprises, legitimate or illegal, that are controlled or operated by organized crime, and (ii) to apply criminal and civil penalties designed to prevent and eliminate organized crime's involvement with such enterprises. The organized crime control act is a statute of comparable purpose but tempered by reasonable limitations on its applicability, and by due regard for the rights of innocent persons. Because of its more rigorous definitions, this act will not apply to some situations encompassed within comparable statutes in other jurisdictions. This act is vital to the peace, security and general welfare of the state. In part because of its highly diverse nature, it is impossible to precisely define what organized crime is. This article, however, does attempt to define and criminalize what organized crime does. This article focuses upon criminal enterprises because their sophistication and organization make them more effective at their criminal purposes and because their structure and insulation protect their leadership from detection and prosecution. At the same time, this article is not intended to be employed to prosecute relatively minor or isolated acts of criminality which, while related to an enterprise and arguably part of a pattern as defined in this article, can be adequately and more fairly prosecuted as separate offenses. Similarly, particular defendants may play so minor a role in a criminal enterprise that their culpability would be unfairly distorted by prosecution and punishment for participation in the enterprise. The balance intended to be struck by this act cannot readily be codified in the form of restrictive definitions or a categorical list of exceptions. General, yet carefully drawn definitions of the terms "pattern of criminal activity" and "criminal enterprise" have been employed. Notwithstanding the provisions of section 5.00 of this chapter these definitions should be given their plain meaning, and should not be construed either liberally or strictly, but in the context of the legislative purposes set forth in these findings. Within the confines of these and other applicable definitions, discretion ought still be exercised. Once the letter of the law is complied with, including the essential showing that there is a pattern of conduct which is criminal under existing statutes, the question whether to

prosecute under those statutes or for the pattern itself is essentially one of fairness. The answer will depend on the particular situation, and is best addressed by those institutions of government which have traditionally exercised that function: the grand jury, the public prosecutor, and an independent judiciary.

1. Any person convicted of enterprise corruption may be required pursuant to this section to criminally forfeit to the state:(a) any interest in, security of, claim against or property or contractual right of any kind affording a source of influence over any enterprise whose affairs he has controlled or in which he has participated in violation of subdivision one of section 460.20 of this article and for which he was convicted and the use of which interest, security, claim or right by him contributed directly and materially to the crime for which he was convicted unless such forfeiture is disproportionate to the defendant's gain from his association or employment with the enterprise, in which event the jury may recommend forfeiture of a portion thereof;(b) any interest, including proceeds, he has acquired or maintained in an enterprise in violation of subdivision one of section 460.20 of this article and for which he was convicted unless such forfeiture is disproportionate to the conduct he engaged in and on which the forfeiture is based, in which event the jury may recommend forfeiture of a portion thereof; or(c) any interest, including proceeds he has derived from an investment of proceeds in an enterprise in violation of subdivision one of section 460.20 of this article and for which he was convicted unless such forfeiture is disproportionate to the conduct he engaged in and on which the forfeiture is based, in which event the jury may recommend forfeiture of a portion thereof.2. In that event, the grand jury shall file a special information, not to be disclosed to the jury in the criminal action prior to verdict on the criminal charges, specifying the property or other interest for which forfeiture is sought and containing a plain and concise factual statement which sets forth the basis for the forfeiture. Alternatively, where the defendant has waived indictment and consented to be prosecuted by superior court information pursuant to article one hundred ninety-five of the criminal procedure law, the prosecutor may file, in addition to the superior court information charging enterprise corruption, a special information specifying the property or other interest for which forfeiture is sought and containing a plain and concise factual statement which sets forth the basis for the forfeiture.(b) After returning a verdict of guilty on an enterprise corruption count or counts, the jury shall be given the special information and hear any additional evidence which is relevant and legally admissible upon the forfeiture count or counts of the special information. After hearing such evidence, the jury shall then deliberate upon the forfeiture count or counts and, based upon all the evidence received in connection with the indictment or superior court information and the special information, may, if satisfied by proof beyond a reasonable doubt that the property or other interest, or a portion thereof, is subject to forfeiture under this section return a verdict determining such property or other interest, or portion thereof, is subject to forfeiture, provided, however, where a defendant has waived a jury trial pursuant to article three hundred twenty of the criminal procedure law, the court may hear and receive all of the evidence upon the indictment or superior court information and the special information and render a verdict upon the enterprise corruption count or counts and the forfeiture count or counts.(c) After the verdict of forfeiture, the court shall hear arguments and may receive additional evidence upon a motion of the defendant that the verdict of forfeiture (i) is against the weight of the evidence, or (ii) is, with respect to a forfeiture pursuant to paragraph (a) of subdivision one of this section, disproportionate to the defendant's gain from his association or employment with the enterprise, or, with respect to a forfeiture pursuant to paragraph (b) or (c) of subdivision one of this section, disproportionate to the conduct he engaged in on which the forfeiture is based. Upon such a finding the court may in the interests of justice set aside, modify, limit or otherwise condition an order of forfeiture.3. (a) An order of criminal forfeiture shall authorize the prosecutor to seize all property or other interest declared forfeited under this section upon such terms and conditions as the court shall deem proper. If a property right or other interest is not exercisable or transferable for value by the prosecutor, it shall expire and shall not revert to the convicted person. The court ordering any forfeiture may remit such forfeiture or any portion thereof.(b) No person shall forfeit any right, title or interest in any property or enterprise under this article who has not been convicted of a

violation of section 460.20 of this article. Any person other than the convicted person claiming an interest in forfeited property or other interest may bring a special proceeding to determine that claim, before or after trial, pursuant to section thirteen hundred twenty-seven of the civil practice law and rules, provided, however, that if such an action is brought before trial, it may, upon motion of the prosecutor, and in the court's discretion, be postponed by the court until completion of the trial. In addition, any person claiming an interest in property subject to forfeiture may petition for remission as provided in subdivision seven of section thirteen hundred eleven of such law and rules.4. All property and other interests which are criminally forfeited following the commencement of an action under this article, whether by plea, verdict or other agreement, shall be disposed of in accordance with the provisions of section thirteen hundred forty-nine of the civil practice law and rules. In any case where one or more of the counts upon which a person is convicted specifically includes as a criminal act a violation of any offense defined in article two hundred twenty of this chapter, the court shall determine what portion of that property or interest derives from or relates to such criminal act, and direct that distribution of that portion be conducted in the manner prescribed for actions grounded upon offenses in violation of article two hundred twenty.5. Any person convicted of a violation of section 460.20 of this article through which he derived pecuniary value, or by which he caused personal injury or property damage or other loss, may be sentenced to pay a fine not in excess of three times the gross value he gained or three times the gross loss he caused, whichever is greater. Moneys so collected shall be paid as restitution to victims of the crime for medical expenses actually incurred, loss of earnings or property loss or damage caused thereby. Any excess after restitution shall be paid to the state treasury. In any case where one or more of the counts upon which a person is convicted specifically includes as a criminal act a violation of any offense defined in article two hundred twenty of this chapter, the court shall determine what proportion of the entire pattern such criminal acts constitute and distribute such portion in the manner prescribed by section three hundred forty-nine of the civil practice law and rules for forfeiture actions grounded upon offenses in violation of article two hundred twenty. When the court imposes a fine pursuant to this subdivision, the court shall make a finding as to the amount of the gross value gained or the gross loss caused. If the record does not contain sufficient evidence to support such a finding the court may conduct a hearing upon the issue. In imposing a fine, the court shall consider the seriousness of the conduct, whether the amount of the fine is disproportionate to the conduct in which he engaged, its impact on victims and the enterprise corrupted by that conduct, as well as the economic circumstances of the convicted person, including the effect of the imposition of such a fine upon his immediate family.6. The imposition of an order of criminal forfeiture pursuant to subdivision one of this section, a judgment of civil forfeiture pursuant to article thirteen-A of the civil practice law and rules, or a fine pursuant to subdivision five of this section or paragraph (b) of subdivision one of section 80.00 of this chapter, shall preclude the imposition of any other such order or judgment of forfeiture or fine based upon the same criminal conduct, provided however that where an order of criminal forfeiture is imposed pursuant to subdivision one of this section, an action pursuant to article thirteen-A of the civil practice law and rules may nonetheless be brought, and an order imposed in that action, for forfeiture of the proceeds of a crime or the substituted proceeds of a crime where such proceeds are not subject to criminal forfeiture pursuant to subdivision one of this section. The imposition of a fine pursuant to subdivision five of this section or paragraph (b) of subdivision one of section 80.00 of this chapter, shall preclude the imposition of any other fine pursuant to any other provision of this chapter.7. Other than as provided in subdivision six, the imposition of a criminal penalty, forfeiture or fine under this section shall not preclude the application of any other criminal penalty or civil remedy under this article or under any other provision of law.8. Any payment made as restitution to victims pursuant to this section shall not limit, preclude or impair any liability for damages in any civil action or proceeding for an amount in excess of such payment. (a) any interest in, security of, claim against or property or contractual right of any kind affording a source of influence over any enterprise whose affairs he has controlled or in which he has participated in violation of subdivision one of section 460.20 of this article and for which he was convicted and the use of which interest, security, claim or right by him contributed directly and materially to the crime for which he was convicted unless such forfeiture is disproportionate to the defendant's gain from his association or employment with the enterprise, in which event the jury may recommend forfeiture of a portion thereof; (b) any interest, including proceeds, he has acquired or maintained in an enterprise in violation of subdivision one of section 460.20 of this article and for which he was convicted unless such forfeiture is disproportionate to the conduct he engaged in and on which the forfeiture is based, in which event the jury may recommend forfeiture of a portion thereof; or (c) any interest, including proceeds he has derived from an investment of proceeds in an enterprise in violation of subdivision one of section 460.20 of this article and for which he was convicted unless such forfeiture is disproportionate to the conduct he engaged in and on which the forfeiture is based, in which event the jury may recommend forfeiture of a portion thereof. 2. (a) Forfeiture may be ordered when the grand jury returning an indictment charging a person with enterprise corruption has received evidence legally sufficient to establish, and providing reasonable cause to believe, that the property or other interest is subject to forfeiture under this section. In that event, the grand jury shall file a special information, not to be disclosed to the jury in the criminal action prior to verdict on the criminal charges, specifying the property or other interest for which forfeiture is sought and containing a plain and concise factual statement which sets forth the basis for the forfeiture. Alternatively, where the defendant has waived indictment and consented to be prosecuted by superior court information pursuant to article one hundred ninety-five of the criminal procedure law, the prosecutor may file, in addition to the superior court information charging enterprise corruption, a special information specifying the property or other interest for which forfeiture is sought and containing a plain and concise factual statement which sets forth the basis for the forfeiture. (b) After returning a verdict of guilty on an enterprise corruption count or counts, the jury shall be given the special information and hear any additional evidence which is relevant and legally admissible upon the forfeiture count or counts of the special information. After hearing such evidence, the jury shall then deliberate upon the forfeiture count or counts and, based upon all the evidence received in connection with the indictment or superior court information and the special information, may, if

satisfied by proof beyond a reasonable doubt that the property or other interest, or a portion thereof, is subject to forfeiture under this section return a verdict determining such property or other interest, or portion thereof, is subject to forfeiture, provided, however, where a defendant has waived a jury trial pursuant to article three hundred twenty of the criminal procedure law, the court may hear and receive all of the evidence upon the indictment or superior court information and the special information and render a verdict upon the enterprise corruption count or counts and the forfeiture count or counts. (c) After the verdict of forfeiture, the court shall hear arguments and may receive additional evidence upon a motion of the defendant that the verdict of forfeiture (i) is against the weight of the evidence, or (ii) is, with respect to a forfeiture pursuant to paragraph (a) of subdivision one of this section, disproportionate to the defendant's gain from his association or employment with the enterprise, or, with respect to a forfeiture pursuant to paragraph (b) or (c) of subdivision one of this section, disproportionate to the conduct he engaged in on which the forfeiture is based. Upon such a finding the court may in the interests of justice set aside, modify, limit or otherwise condition an order of forfeiture. 3. (a) An order of criminal forfeiture shall authorize the prosecutor to seize all property or other interest declared forfeited under this section upon such terms and conditions as the court shall deem proper. If a property right or other interest is not exercisable or transferable for value by the prosecutor, it shall expire and shall not revert to the convicted person. The court ordering any forfeiture may remit such forfeiture or any portion thereof. (b) No person shall forfeit any right, title or interest in any property or enterprise under this article who has not been convicted of a violation of section 460.20 of this article. Any person other than the convicted person claiming an interest in forfeited property or other interest may bring a special proceeding to determine that claim, before or after trial, pursuant to section thirteen hundred twenty-seven of the civil practice law and rules, provided, however, that if such an action is brought before trial, it may, upon motion of the prosecutor, and in the court's discretion, be postponed by the court until completion of the trial. In addition, any person claiming an interest in property subject to forfeiture may petition for remission as provided in subdivision seven of section thirteen hundred eleven of such law and rules. 4. All property and other interests which are criminally forfeited following the commencement of an action under this article, whether by plea, verdict or other agreement, shall be disposed of in accordance with the provisions of section thirteen hundred forty-nine of the civil practice law and rules. In any case where one or more of the counts upon which a person is convicted specifically includes as a criminal act a violation of any offense defined in article two hundred twenty of this chapter, the court shall determine what portion of that property or interest derives from or relates to such criminal act, and direct that distribution of that portion be conducted in the manner prescribed for actions grounded upon offenses in violation of article two hundred twenty. 5. Any person convicted of a violation of section 460.20 of this article through which he derived pecuniary value, or by which he caused personal injury or property damage or other loss, may be sentenced to pay a fine not in excess of three times the gross value he gained or three times the gross loss he caused, whichever is greater. Moneys so collected shall be paid as restitution to victims of the crime for medical expenses actually incurred, loss of earnings or property loss or damage caused thereby. Any excess after restitution shall be paid to the state treasury. In any case where one or more of the counts upon which a person is convicted specifically includes as a criminal act a violation of any offense defined in article two hundred twenty of this chapter, the court shall determine what proportion of the entire pattern such criminal acts constitute and distribute such portion in the manner prescribed by section three hundred forty-nine of the civil practice law and rules for forfeiture actions grounded upon offenses in violation of article two hundred twenty. When the court imposes a fine pursuant to this subdivision, the court shall make a finding as to the amount of the gross value gained or the gross loss caused. If the record does not contain sufficient evidence to support such a finding the court may conduct a hearing upon the issue. In imposing a fine, the court shall consider the seriousness of the conduct, whether the amount of the fine is disproportionate to the conduct in which he engaged, its impact on victims and the enterprise corrupted by that conduct, as well as the economic circumstances of the convicted person, including the effect of the imposition of such a fine upon his immediate family. 6. The imposition of an order of criminal forfeiture pursuant to subdivision one of this section, a judgment of civil forfeiture pursuant to article thirteen-A of the civil practice law and rules, or a fine pursuant to subdivision five of this section or paragraph (b) of subdivision one of section 80.00 of this chapter, shall preclude the imposition of any other such order or judgment of forfeiture or fine based upon the same criminal conduct, provided however that where an order of criminal forfeiture is imposed pursuant to subdivision one of this section, an action pursuant to article thirteen-A of the civil practice law and rules may nonetheless be brought, and an order imposed in that action, for forfeiture of the proceeds of a crime or the substituted proceeds of a crime where such proceeds are not subject to criminal forfeiture pursuant to subdivision one of this section. The imposition of a fine pursuant to subdivision five of this section or paragraph (b) of subdivision one of section 80.00 of this chapter, shall preclude the imposition of any other fine pursuant to any other provision of this chapter. 7. Other than as provided in subdivision six, the imposition of a criminal penalty, forfeiture or fine under this section shall not preclude the application of any other criminal penalty or civil remedy under this article or under any other provision of law. 8. Any payment made as restitution to victims pursuant to this section shall not limit, preclude or impair any liability for damages in any civil action or proceeding for an amount in excess of such payment.

2024 New York LawsPEN - PenalPart 4 - Administrative ProvisionsTitle X - Organized Crime Control ActArticle 460 - Enterprise Corruption460.60 - Enterprise Corruption; Consent to Prosecute.

1. For purposes of this section, when a grand jury proceeding concerns a possible charge of enterprise corruption, or when an accusatory instrument includes a count charging a person with enterprise corruption, the affected district attorneys are the district attorneys otherwise empowered to prosecute any of the underlying acts of criminal activity in a county with jurisdiction over the offense of enterprise corruption pursuant to section 460.40 of this article, in which:(a) there has been substantial and significant activity by the particular enterprise; or(b) conduct occurred constituting a criminal act specifically included in the pattern of criminal activity charged in the accusatory instrument and not previously prosecuted; or(c) the particular enterprise has its principal place of business.2. A person may be charged in an accusatory instrument with enterprise corruption only with the consent of the affected district attorneys. Within fifteen days after the arraignment of any person on an indictment charging a person with the crime of enterprise corruption the prosecutor shall provide a copy of the indictment to those district attorneys whose consent was required pursuant to subdivision three of this section, and shall notify the court and defendant of those district attorneys whose consent the prosecutor has secured. The court shall then review the indictment and the grand jury minutes, notify any district attorney whose consent under subdivision one of this section should have been but was not obtained, direct that the prosecutor provide that district attorney with the portion of the indictment and grand jury minutes that are relevant to a determination whether that district attorney is an "affected district attorney" within the meaning of subdivision one of this section.6. The failure to obtain from any district attorney the consent required by subdivision two or three of this section shall not be grounds for dismissal of the accusatory instrument or for any other relief upon motion of a defendant in the criminal action.Upon motion of a district attorney whose consent, pursuant to subdivision three of this section, the court determines was required but not obtained, the court may not dismiss the accusatory instrument or any count thereof but may grant any appropriate relief. Such relief may include, but is not limited to:(a) ordering that any money forfeited by a defendant in the criminal action, or the proceeds from the sale of any other property forfeited in the criminal action by a defendant, which would have been paid to the county of that district attorney pursuant to section thirteen hundred forty-nine of the civil practice law and rules had the forfeiture action been prosecuted in the county of that district attorney, be paid in whole or in part to the county of that district attorney; or(b) upon consent of the defendant, ordering the transfer of the prosecution, or any part thereof, to that district attorney or to any other prosecutor with jurisdiction over the prosecution, of the part thereof to be transferred. However, prior to ordering any transfer of the prosecution, the court shall provide to those district attorneys who have previously consented to the prosecution an opportunity to intervene and be heard concerning such transfer.7. A district attorney whose consent, pursuant to subdivision three of this section, the court determines was required but not obtained may seek the relief described in subdivision six of this section exclusively by a pre-trial motion in the criminal
