(b) Form and Duration. – A temporary special sports event license plate must state on the plate the date it was issued, the date it expires, and the make, model, and serial number of the vehicle for which it is issued. A temporary special sports event license plate may be issued for no

more than 45 days. The dealer to whom the plate is issued must destroy the plate on or before the date it expires.

NC General Statutes - Chapter 20 236(c) Restrictions on Use. – A temporary special sports event license plate may be displayed only on the vehicle for which it is issued. A vehicle displaying a temporary special sports event license plate may be driven by anyone who is licensed to drive the type of vehicle for which the plate is issued and may be driven for any purpose. (1993, c. 440, s. 13.)

§ 20-79.02. Loaner/Dealer "LD" license plate for franchised dealer loaner vehicles.

(a) Application; Fee. – A franchised motor vehicle dealer, as defined in G.S. 20 -286(8b) and licensed in accordance with Article 12 of this Chapter, who agrees to loan, with or without charge, a new motor vehicle owned by the dealer to a customer of the dealer who is having his or her vehicle serviced by the dealer, may obtain a Loaner/Dealer "LD" license plate for the vehicle by filing an application with the Division and paying the required fee. Receipt by a franchised motor vehicle dealer of compensation or other consideration from a manufacturer, distributor, manufacturer branch, distributor branch, third -party warranty, maintenance or service contract company, or other third -party source related to a vehicle, including, but not limited to, incentive compensation or reimbursement for maintenance, repairs, or other work performed on the vehicle, does not prevent the franchised motor vehicle dealer from receiving an LD license plate for the vehicle. An application must be filed on a form provided by the Division and contain the information required by the Division. The annual fee for an LD license plate is two hundred dollars ($200.00) per 12 calendar months.

(b) Number of Plates. – There is no limit on the number of LD license plates that a franchised motor vehicle dealer may be issued, provided that the applicable annual fee for each plate is paid.

(c) Form and Duration. – An LD license plate is subject to G.S. 20 -63, except for the requirement that the plate display the registration number of a motor vehicle and the requirement that the plate be a "First in Flight" plate, "First in Freedom" plate, or a "National/State Mottos" plate. An LD license plate must have a distinguishing symbol identifying the plate as an LD license plate. Subject to the limitations in this section, an LD license plate may continue in existence perpetually and may be transferred to other vehicles in the dealer's loaner fleet when the vehicle on which the LD license plate is displayed has been sold or leased to a third party or otherwise removed from the dealer's loaner fleet.

(d) Restrictions on Use. – The following restrictions apply with regard to the use and display of an LD license plate:

(1) An LD license plate may be displayed only on a motor vehicle that meets all of the following requirements:

a. Is part of the inventory of a franchised motor vehicle dealer.

b. Is not consigned to the franchised motor vehicle dealer or affiliate.

c. Is covered by liability insurance that meets the requirements of Article 9A of this Chapter; provided, however, that nothing herein prevents or prohibits a franchised motor vehicle dealer from contractually shifting the risk of loss and insurance requirements contained in Article 9A of this Chapter to an individual or entity to which a vehicle is loaned.

d. Is not used by the franchised motor vehicle dealer in another business in which the dealer is engaged.

e. Is driven on a highway by a customer of the franchised motor vehicle dealer who is having a vehicle serviced or repaired by the dealer.

NC General Statutes - Chapter 20 237(2) The person operating the motor vehicle must carry a copy of the assignment by the franchised motor vehicle dealer and a copy of the registration card for the LD license plate issued to the franchised motor vehicle dealer, or, if the person is operating the motor vehicle in this State, the registration card must be maintained on file at the franchised motor vehicle dealer's address listed on the registration card, and the registration card must be able to be produced within 24 hours upon request of a law enforcement officer.

(3) A vehicle displaying an LD license plate may be driven only by a person who is licensed to drive the type of motor vehicle for which the plate is issued.

(4) An LD license plate may be displayed only on the motor vehicle for which it has been assigned by the franchised motor vehicle dealer.

(5) The franchised motor vehicle dealer to whom an LD license plate is issued is responsible for completing and maintaining documentation prescribed by the Division relating to the assignment of each motor vehicle on which an LD

license plate is displayed to a customer of the franchised dealer.
(e) Penalties. – A driver of a motor vehicle or a franchised motor vehicle dealer who violates a restriction on the use or display of an LD license plate as set out in subsection (d) of this section is subject to the penalties listed in this subsection. The clear proceeds of all civil penalties, civil forfeitures, and civil fines that are collected pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C -457.2. The penalties are as follows:
(1) The driver of the motor vehicle who violates a restriction on the use or display of an LD license plate is responsible for an infraction and is subject to a penalty of one hundred dollars ($100.00).
(2) A franchised motor vehicle dealer to whom the plate is issued who violates a restriction on the use or display of an LD license plate is subject to an infraction and is subject to a penalty of two hundred fifty dollars ($250.00). The Division may rescind all LD license plates issued to the franchised motor vehicle dealer for knowing repeated violations of subsection (d) of this section.
(f) Transfer of Dealer Registration. – A change in the name of a firm, partnership, or corporation is not considered a new business, and the franchised motor vehicle dealer's LD license plates may continue to be used.
(g) Applicability. – A new motor vehicle dealer may, but is not required to, display an LD license plate on a service loaner vehicle. (2015 -232, s. 1.3(a); 2018 -5, s. 34.27(c); 2018 -27, s. 4.5(a); 2018 -42, s. 3(a); 2020 -51, s. 1(a); 2024 -30, s. 24(a).)
§ 20-79.1. Use of temporary registration plates or markers by purchasers of motor vehicles in lieu of dealers' plates.
(a) The Division may, subject to the limitations and conditions hereinafter set forth, deliver temporary registration plates or markers designed by said Division to a dealer duly registered under the provisions of this Article who applies for at least 25 such plates or markers and who encloses with the application a fee of one dollar ($1.00) for each plate or marker for which application is made. The application shall be made upon a form prescribed and furnished by the Division. The Division shall provide methods for physical and electronic application submission and payment. Any electronic application submitted to the Division under this subsection may include a method for electronic signature by the dealer. Dealers, subject to the limitations and conditions hereinafter
set forth, may issue temporary registration plates or markers to owners of vehicles, provided that
owners comply with the pertinent provisions of this section.
(b) Every dealer who has made application for temporary registration plates or markers shall maintain in permanent form a record of all temporary registration plates or markers delivered to him, and shall also maintain in permanent form a record of all temporary registration plates or markers issued by him, and in addition thereto, shall maintain in permanent form a record of any other information pertaining to the receipt or the issuance of temporary registration plates or markers that the Division may require. Each record shall be kept for a period of at least one year from the date of entry of such record. Every dealer shall allow full and free access to such records during regular business hours, to duly authorized representatives of the Division and to peace officers.
(c) Every dealer who issues temporary registration plates or markers shall also issue a temporary registration certificate upon a form furnished by the Division and deliver it with the registration plate or marker to the owner.
(d) A dealer shall:
(1) Not issue, assign, transfer, or deliver temporary registration plates or markers to anyone other than a bona fide purchaser or owner of a vehicle which he has sold.
(2) Not issue a temporary registration plate or marker without first obtaining from the purchaser or owner a written application for titling and registration of the vehicle and the applicable fees.
(3) Within 60 days of the issuance of a temporary registration plate or marker, mail or deliver the application and fees to the Division or deliver the application and fees to a local license agency for processing. Delivery need not be made if the contract for sale has been rescinded by all parties to the contract.
(4) Not deliver a temporary registration plate to anyone purchasing a vehicle that has an unexpired registration plate that is to be transferred to the purchaser.
(5) Not lend to anyone, or use on any vehicle that he may own, any temporary registration plates or markers.

A dealer may issue temporary markers, without obtaining the written application for titling and registration or collecting the applicable fees, to nonresidents for the purpose of removing the vehicle from the State.

(e) Every dealer who issues temporary plates or markers shall write clearly and indelibly on the face of the temporary registration plate or marker:

(1) The dates of issuance and expiration;

(2) The make, motor number, and serial numbers of the vehicle; and

(3) Any other information that the Division may require.

It shall be unlawful for any person to issue a temporary registration plate or marker containing any misstatement of fact or to knowingly write any false information on the face of the plate or marker.

(f) If the Division finds that the provisions of this section or the directions of the Division are not being complied with by the dealer, the Division may suspend, after a hearing, the right of a dealer to issue temporary registration plates or markers. Nothing in this section shall be deemed to require a dealer to collect or receive property taxes from any person.

(g) Every person to whom temporary registration plates or markers have been issued shall permanently destroy such temporary registration plates or markers immediately upon receiving the limited registration plates or the annual registration plates from the Division: Provided, that if the

limited registration plates or the annual registration plates are not received within 60 days of the

issuance of the temporary registration plates or markers, the owner shall, notwithstanding, immediately upon the expiration of such 60-day period, permanently destroy the temporary registration plates or markers.

(h) Temporary registration plates or markers shall expire and become void upon the receipt of the limited registration plates or the annual registration plates from the Division, or upon the rescission of a contract to purchase a motor vehicle, or upon the expiration of 60 days from the date of issuance, depending upon whichever event shall first occur. No refund or credit or fees paid by dealers to the Division for temporary registration plates or markers shall be allowed, except in the event that the Division discontinues the issuance of temporary registration plates or markers or unless the dealer discontinues business. In this event the unissued registration plates or markers with the unissued registration certificates shall be returned to the Division and the dealer may petition for a refund. Upon the expiration of the 60 days from the date of issuance, a second 60-day temporary registration plate or marker may be issued by the dealer upon showing the vehicle has been sold or leased, and that the dealer, having used reasonable diligence, is unable to obtain the vehicle's statement of origin or certificate of title so that the lien may be perfected. For purposes of this subsection, a dealer shall be considered unable to obtain the vehicle's statement of origin or certificate of title if the statement of origin or certificate of title either (i) has not been delivered to the dealer or (ii) was lost or misplaced.

(i) A temporary registration plate or marker may be used on the vehicle for which issued only and may not be transferred, loaned, or assigned to another. In the event a temporary registration plate or marker or temporary registration certificate is lost or stolen, the owner shall permanently destroy the remaining plate or marker or certificate and no operation of the vehicle for which the lost or stolen registration certificate, registration plate or marker has been issued shall be made on the highways until the regular license plate is received and attached thereto.

(j) The Commissioner of Motor Vehicles shall have the power to make such rules and regulations, not inconsistent herewith, as he shall deem necessary for the purpose of carrying out the provisions of this section.

(k) The provisions of G.S. 20 -63, 20-71, 20-110 and 20-111 shall apply in like manner to temporary registration plates or markers as is applicable to nontemporary plates.

(l) The Division is authorized to enter into agreements to utilize commission contractors under contract with the Division under G.S. 20 -63(h) to distribute temporary registration plates to dealers as provided in this section. The Division must provide compensation to commission contractors for distributing temporary registration plates at the transaction rate established for issuing registration documents in G.S. 20 -63(h)(1). The Division must provide commission contractors with any forms, equipment, and supplies necessary for distributing temporary registration plates and provide appropriate guidance and supervision of the distribution. If the Division enters into agreements with commission contractors under this subsection, the Division shall make every effort to enter into agreements with commission contractors across all geographic regions of the State in order to make temporary registration plates accessible to all dealers. § 20-79.1A. Limited registration plates.

(a) Eligibility. – A limited registration plate is issuable to any of the following:

NC General Statutes - Chapter 20 240(1) A person who applies, either directly or through a dealer licensed under Article 12 of this Chapter, for a title to a motor vehicle and a registration plate for the vehicle and who submits payment for the applicable title and registration fees but does not submit payment for any municipal corporation property taxes on the vehicle. A person who submits payment for municipal corporation property taxes receives an annual registration plate.

(2) A person who applies for a plate for a vehicle that was previously registered with the Division but whose registration has not been current for at least a year because the plate for the vehicle was surrendered or the vehicle's registration expired over a year ago.

(b) Form and Authorization. – A limited registration plate must be clearly and visibly designated as "temporary." The plate expires on the last day of the second month following the date of application of the limited registration plate. The plate may be used only on the vehicle for which it is issued and may not be transferred, loaned, or assigned to another. If the plate is lost or stolen, the vehicle for which the plate was issued may not be operated on a highway until a replacement limited registration plate or a regular license plate is received and attached to the vehicle.

(c) Registration Certificate. – The Division is not required to issue a registration certificate for a limited registration plate. A combined tax and registration notice issued under G.S. 105-330.5 serves as the registration certificate for the plate. (2007 -471, s. 2; 2009 -445, ss. 24(b), 25(a); 2010 -95, ss. 22(c), (d); 2013 -414, s. 70(b), (c); 2014 -3, s. 14.24.)

§ 20-79.1B. Print -on-demand temporary registration plates.

(a) Implementation. – No later than January 1, 2025, the Division shall implement a statewide print -on-demand temporary registration plate system for on-demand printing of temporary registration plates with vehicle owner information electronically associated and transferred to the Division as required by this Chapter. Plates issued through the print -on-demand temporary registration plate system implemented under this section are in lieu of temporary plates issued by dealers under G.S. 20 -79.1 and temporary registration plates issued by commission contractors under G.S. 20 -50(b) but are otherwise subject to all conditions and limitations applicable to temporary registration plates set forth in this Article. The Division shall contract with a qualified vendor or vendors after consultation with the North Carolina Automobile Dealers Association and the Carolinas Independent Automobile Dealers Association to develop and implement this statewide print -on-demand temporary registration plate system.

(b) Minimum Standards for System. – When contracting with a qualified vendor or vendors to implement the system required in subsection (a) of this section, the Division shall set the following minimum standards:

(1) The Division shall issue a competitive request for proposal to assess the qualifications of any vendor or vendors responsible for the establishment and ongoing support of the statewide print -on-demand temporary registration plate system. The Division may also reserve the right to receive input regarding specifications for the print -on-demand temporary registration plate system from parties that do not respond to a request for proposal to establish and operate a print -on-demand temporary registration plate system. The Division shall select at least two vendors.

(2) Any contract entered into with a vendor or vendors shall include no costs or charges payable by the Division to the vendor or vendors. The vendor or

NC General Statutes - Chapter 20 241vendors shall reimburse the Division for documented reasonable implementation costs directly associated with the establishment of the statewide print -on-demand temporary registration plate system.

(3) Upon implementation of the print -on-demand temporary registration plate system, the qualified vendor or vendors may charge participating motor vehicle dealers or their agents a fee for each temporary registration plate printed and registered with the Division. The print -on-demand temporary registration plate fee shall be consistent with market pricing in an amount not to exceed fifteen dollars ($15.00) for costs associated with the development and ongoing administration of the print -on-demand temporary registration plate system. The qualified vendor or vendors shall not charge motor vehicle dealers or their

agents any additional fee for the printing and registration of a print -on-demand temporary registration plate. To recover their costs, participating motor vehicle dealers or their agents may charge the purchaser of a motor vehicle or lessee of an automotive lease an amount equal to the print -on-demand temporary registration plate fee plus a fee in an amount not to exceed fifteen dollars ($15.00) for each print -on-demand temporary registration plate printed and registered with the Division.

(4) The print -on-demand temporary registration plate system must include the following elements:

a. A design and layout for the print -on-demand temporary registration plate established by the Division and of a quality as to resist deterioration or fading from exposure to the elements during the period for which display is required.

b. The ability of motor vehicle dealers to directly connect to the system in order to issue print -on-demand temporary registration plates to the owner or lessee of a motor vehicle that will be registered in this State or another state, including a web-based option for motor vehicle dealers who do not utilize an online vehicle registration vendor to complete and file Division required documents related to motor vehicle titling and registration.

c. The ability of commission contractors to directly connect to the system in order to issue print -on-demand temporary registration plates to the owner or lessee of a motor vehicle.

d. Each print -on-demand temporary registration plate must contain identifying information for the motor vehicle, as determined by the Division, to include the date of issue, the date of expiration, the name of the issuing entity, and unique identifying information for the plate that will be assigned by the Division.

e. The ability for identifying information on a print -on-demand temporary registration plate and vehicle owner information to be transmitted to the Division upon issuance of the plate.

f. The ability to implement and maintain a distribution procedure for print -on-demand temporary registration plates in accordance with subsections (c) and (d) of this section.

NC General Statutes - Chapter 20 242(c) Distribution of Print -on-Demand Temporary Registration Plate Materials. – In order to assist the Division with the administration and security of the print -on-demand temporary registration system, the system shall include a procedure for a motor vehicle dealer to obtain print -on-demand temporary registration plate materials from a registered distributor. A commission contractor may obtain print -on-demand temporary registration plate materials from a registered distributor or the Division. A registered distributor may charge a fee for distribution of print -on-demand temporary registration plate materials not to exceed ten dollars ($10.00) per print -on-demand temporary registration plate.

(d) Print -on-Demand Temporary Registration Plate Materials Distributors. – The Division shall register two print -on-demand temporary registration plate materials distributors in the State. One registered distributor shall be a trade association composed of a minimum of 400 new motor vehicle dealers located in this State. One registered distributor shall be a trade association comprised of a minimum of 400 used motor vehicle dealers located in this State.

(e) Experience Required. – Qualified vendors shall have experience in directly providing electronic solutions to State motor vehicle departments or agencies.

(f) Mandatory Participation. – Beginning on October 1, 2025, all motor vehicle dealers and other entities that issue at least five temporary registration plates annually shall utilize exclusively the print -on-demand temporary registration plate system for the issuance of all temporary registration plates to vehicle owners or lessees.

(g) Definition. – For purposes of this section, print -on-demand temporary registration plate system means a computerized system that allows the on-demand and on-site printing of required vehicle registration and other information on a temporary registration plate by the issuer of the plate and allows required information about the vehicle owner or lessee to whom the temporary plate has been issued to be transferred to the Division in electronic format. (2024 -30, s. 8(a).)

§ 20-79.2. Transporter plates.

(a) Who Can Get a Plate. – The Division may issue a transporter plate authorizing the

limited operation of a motor vehicle in the circumstances listed in this subsection. A person who receives a transporter plate must have proof of financial responsibility that meets the requirements of Article 9A of this Chapter. The person to whom a transporter plate may be issued and the circumstances in which the vehicle bearing the plate may be operated are as follows:
(1) To a business or a dealer to facilitate the manufacture, construction, rebuilding, or delivery of new or used truck cabs or bodies between manufacturer, dealer, seller, or purchaser. A plate issued pursuant to this subdivision shall not be used to deliver truck cabs or bodies manufactured, constructed, or rebuilt in another state.
(2) To a financial institution that has a recorded lien on a motor vehicle located in North Carolina to repossess the motor vehicle.

The title to the vehicle, a bill of sale, or written authorization from the dealer or auction must be inside the vehicle when the vehicle is operated with a transporter plate. A plate issued pursuant to this subdivision shall not be used on a vehicle that is towing or transporting a vehicle authorized to be operated with a transporter plate under this subdivision.
(6) To a business or dealer to road-test a repaired truck whose GVWR is at least 15,000 pounds when the test is performed within a 10-mile radius of the place where the truck was repaired and the truck is owned by a person who has a fleet of at least five trucks whose GVWRs are at least 15,000 pounds and who maintains the place where the truck was repaired.
(7) To a business or dealer to move a mobile office, a mobile classroom, or a mobile or manufactured home, or to transport a newly manufactured travel trailer, fifth-wheel trailer, or camping trailer between a manufacturer and a dealer. Any transporter plate used under this subdivision may not be used on the power unit.
(8) To a business to drive a motor vehicle that is registered or titled in this State and is at least 35 years old to and from a parade or another public event and to drive the motor vehicle in that event. A person who owns one of these motor vehicles is considered to be in the business of collecting those vehicles. The total number of plates issued to a person pursuant to this subdivision shall not exceed two.

(b1) Number of Plates. – The total number of Dealer -Transporter or dealer plates issued to a dealer may not exceed the total number of plates that can be issued to the dealer under G.S. 20 -79(b). (4) A person who sells, rents, leases, or otherwise provides a transporter plate to another person in exchange for the money or any other thing of value is guilty of a Class I felony. A penalty imposed under subdivision (1) of this subsection is payable to the county where the infraction occurred, as required by G.S. 14 -3.1. A law enforcement officer having probable cause to believe that a transporter plate is being used in violation of this section may seize the plate.
(c) Form, Duration, and Transfer. – A transporter plate is subject to G.S. 20 -63, except for the requirement that the plate display the registration number of a motor vehicle and the requirement that the plate be a "First in Flight" plate, a "First in Freedom" plate, or a "National/State Mottos" plate. A transporter plate shall have a distinguishing symbol identifying the plate as a transporter plate. The symbol may vary depending upon the classification of transporter plate issued. A transporter plate is issued for a period of one year. The Division shall vary the expiration dates of transporter registration renewals so that an approximately equal number expires at the end of each month, quarter, or other period consisting of one or more months. When the Division issues a transporter plate, it may issue a registration that expires at the end of any monthly interval. During the year for which it is issued, a business or dealer may transfer a transporter plate from one vehicle to another as long as the vehicle is driven only for a purpose authorized by subsection (a) of this section. The Division must rescind a transporter plate that is displayed on a motor vehicle driven for a purpose that is not authorized by subsection (a) of this section.
(d) County. – A county may obtain one transporter plate, without paying a fee, by filing an application with the Division on a form to be provided by the Division. A transporter plate issued pursuant to this subsection may only be used to transport motor vehicles as part of a program established by the county to receive donated motor vehicles and make them available to low-income individuals.
If a motor vehicle is operated on the highways of this State using a transporter plate authorized by this section, all of the following requirements shall be met:

The application items must include:
(1) A completed Special Registration Plate Development Application.
(2) A fee equal to number of paid applications received by the applicant, which shall be no less than the minimum number of paid applications required under subsection (a) of this section, multiplied by the proposed additional fee amount stated on the Special Registration Plate Development Application submitted by the applicant.

If an applicant meets the requirements of this section, then a bill may be considered during the legislative session being held that year to authorize a special registration plate for the applicant that submitted the application.
(d) Legislative Approval. – If a special registration plate requested under this section is approved by law, the applicant must submit all of the following items to the Division no later than 60 days after the act approving the plate becomes law. § 20-108. Vehicles or component parts of vehicles without manufacturer's numbers.
(a) Any person who knowingly buys, receives, disposes of, sells, offers for sale, conceals, or has in his possession any motor vehicle, or engine or transmission or component part which has been stolen or removed from a motor vehicle and from which the manufacturer's serial or engine number or other distinguishing number or identification mark or number placed thereon under assignment from the Division has been removed, defaced, covered, altered, or destroyed for the purpose of concealing or misrepresenting the identity of said motor vehicle or engine or transmission or component part is guilty of a Class 2 misdemeanor.
(b) The Commissioner and such officers and inspectors of the Division of Motor Vehicles as he has designated may take and possess any motor vehicle or component part if its engine
number, vehicle identification number, or manufacturer's serial number has been altered, changed,
or obliterated or if such officer has probable cause to believe that the driver or person in charge of the motor vehicle or component part has violated subsection (a) above. Any officer who so takes possession of a motor vehicle or component part shall immediately notify the Division of Motor Vehicles and the rightful owner, if known. The notification shall contain a description of the motor vehicle or component part and any other facts that may assist in locating or establishing the rightful ownership thereof or in prosecuting any person for a violation of the provisions of this Article.
(c) Within 15 days after seizure of a motor vehicle or component part pursuant to this section, the Division shall send notice by certified mail to the person from whom the property was seized and to all claimants to the property whose interest or title is in the registration records in the Division of Motor Vehicles that the Division has taken custody of the motor vehicle or component part. The notice shall also contain the following information:

b. Upon presentation of satisfactory evidence of the ownership of the motor vehicle or component part if no other person claims an interest in it within 30 days of the date the notice is mailed. Otherwise, a hearing regarding the disposition of the motor vehicle or component part may take place in a court having jurisdiction.
(3) The name and address of the officer to whom evidence of ownership of the motor vehicle or component part may be presented; and
(4) A copy statement of the text contained in this section.
(d) Whenever a motor vehicle or component part comes into the custody of an officer, the Division of Motor Vehicles may commence a civil action in the District Court in the county in which the motor vehicle or component part was seized to determine whether the motor vehicle or component part should be destroyed, sold, converted to the use of the Division or otherwise disposed of by an order of the court. The Division shall give notice of the commencement of such

an action to the person from whom the motor vehicle or component part was seized and all claimants to the property whose interest or title is in the registration records of the Division of Motor Vehicles. Notice shall be by certified mail sent within 10 days after the filing of the action. In addition, any possessor of a motor vehicle or component part described in this section may commence a civil action under the provisions of this section, to which the Division of Motor Vehicles may be made a party, to provide for the proper disposition of the motor vehicle or component part.

(e) Nothing in this section shall preclude the Division of Motor Vehicles from returning a seized motor vehicle or component part to the owner following presentation of satisfactory evidence of ownership, and, if determined necessary, requiring the owner to obtain an assignment of an identification number for the motor vehicle or component part from the Division of Motor Vehicles.

(f) No court order providing for disposition shall be issued unless the person from whom the motor vehicle or component was seized and all claimants to the property whose interest or title

 in the registration records in the Division of Motor Vehicles are provided a postseizure hearing

Ten days' notice of the postseizure hearing shall be given by certified mail to the person from whom the motor vehicle was seized and all claimants to the property whose interest or title is in the registration records in the Division of Motor Vehicles. If such motor vehicle or component part has been held or identified as evidence in a pending civil or criminal action or proceeding, no final disposition of such motor vehicle or component part shall be ordered without prior notice to the parties in said proceeding.

(g) At a hearing held pursuant to any action filed by the Division to determine the disposition of any motor vehicle or component part seized pursuant to this section, the court shall consider the following:

(1) If the evidence reveals either that the motor vehicle or component part identification number has not been altered, changed or obliterated or that the identification number has been altered, changed, or obliterated but satisfactory evidence of ownership has been presented, the motor vehicle or component part shall be returned to the person entitled to it. If ownership cannot be established, nothing in this section shall preclude the return of said motor vehicle or component part to a good faith purchaser following the presentation of satisfactory evidence of ownership thereof and, if necessary, upon the good faith purchaser's obtaining an assigned number from the Division of Motor Vehicles and posting a reasonable bond for a period of three years. The amount of the bond shall be set by the court.

(2) If the evidence reveals that the motor vehicle or component part identification number has been altered, changed, or obliterated and satisfactory evidence of ownership has not been presented, the motor vehicle or component part shall be destroyed, sold, converted to the use of the Division of Motor Vehicles or otherwise disposed of, as provided for by order of the court.

(h) At the hearing, the Division shall have the burden of establishing, by a preponderance of the evidence, that the motor vehicle or component part has been stolen or that its identification number has been altered, changed, or obliterated.

(i) At the hearing any claimant to the motor vehicle or component part shall have the burden of providing satisfactory evidence of ownership.

(j) An officer taking into custody a motor vehicle or component part under the provisions of this section is authorized to obtain necessary removal and storage services, but shall incur no personal liability for such services. The person or company so employed shall be entitled to reasonable compensation as a claimant under (e), and shall not be deemed an unlawful possessor under (a). (1937, c. 407, s. 72; 1965, c. 621, s. 2; 1973, c. 1149, ss. 1, 2; 1975, c. 716, s. 5; 1983, c. 592; 1985, c. 764, s. 22; 1985 (Reg. Sess., 1986), c. 852, s. 17; 1993, c. 539, s. 349; 1994, Ex. (2) Any vehicle owner, with intent to conceal or misrepresent the true identity of the vehicle, to permit the defacing, destruction, removal, covering, alteration, or use of a serial or motor number assigned to a vehicle by the Division; or
(3) Any vehicle owner, with the intent to conceal or misrepresent the true identity of a vehicle, to permit the defacing, destruction, removal, covering, alteration, use, gift, or sale of any manufacturer's serial number, serial number plate, or any part or parts of a vehicle containing the serial number or portions of the serial number.

Sess., c. 24, s. 14(c).)
§ 20-109.1. Surrender of titles to salvage vehicles.
(a) Option to Keep Title. – When a vehicle is damaged to the extent that it becomes a salvage vehicle and the owner submits a claim for the damages to an insurer, the insurer must determine whether the owner wants to keep the vehicle after payment of the claim. If the owner does not want to keep the vehicle after payment of the claim, the procedures in subsection (b) of this section apply. If the owner wants to keep the vehicle after payment of the claim, the procedures in subsection (c) of this section apply.
(b) Transfer to Insurer. –
(1) If a salvage vehicle owner does not want to keep the vehicle, the owner must assign the vehicle's certificate of title to the insurer when the insurer pays the claim. The insurer must send the assigned title to the Division within 10 days after receiving it from the vehicle owner. The Division must then send the insurer a form to use to transfer title to the vehicle from the insurer to a person who buys the vehicle from the insurer. If the insurer sells the vehicle, the insurer must complete the form and give it to the buyer. If the buyer rebuilds the vehicle, the buyer may apply for a new certificate of title to the vehicle.
(2) If a salvage vehicle owner fails to assign and deliver the vehicle's certificate of title to the insurer within 30 days of the payment of the claim in accordance with subdivision (b)(1) of this section, the insurer, without surrendering the certificate of title, may, at any time thereafter, request that the Division send the insurer a form to use to transfer title to the vehicle from the insurer to a person who buys the vehicle from the insurer. The request shall be made on a form
prescribed by the Division and shall be accompanied by proof of payment of the claim and proof of notice sent to the owner and any lienholder requesting the vehicle's certificate of title. If the records of the Division indicate there is an outstanding lien against the vehicle immediately before the payment of the claim and if the payment was made to a lienholder or to a lienholder and the owner jointly, the proof of payment shall include evidence that funds were paid to the first lienholder shown on the records of the Division. The notice must be sent by the insurer at least 30 days prior to requesting the Division send the insurer a form to use to transfer title and must be sent by certified mail or by another commercially available delivery service providing proof of delivery to the address on record with the Division. Upon the Division's receipt of such request, the vehicle's certificate of title is deemed to be assigned to the insurer. Notwithstanding any outstanding liens against the vehicle, the Division must send the insurer a form to use to transfer title to the vehicle from the insurer to a person who buys the vehicle from the insurer. The Division's issuance of the

form extinguishes all existing liens on the motor vehicle. If the insurer sells the vehicle, the insurer must complete the form and give it to the buyer. In such a sale by the insurer, the motor vehicle shall be transferred free and clear of any liens. If the buyer rebuilds the vehicle, the buyer may apply for a new certificate of title to the vehicle.

(3) Notwithstanding any other provision of law, with respect to a vehicle described in this subsection, the following shall be exempt from the requirements of notarization, including exemption from the notarization of electronic signature requirements of G.S. 20 -52(c):

a. The transfer of ownership on the certificate of title.

b. Any power of attorney required in connection with the transfer of ownership to the insurer.

c. Any required odometer disclosure statement.

d. The application for a salvage certificate of title.

e. The transfer of ownership on the salvage certificate of title issued.

f. Any statement pursuant to subdivision (2) of subsection (b) of this section.

g. Any statement on the salvage certificate of title issued.

(c) Owner Keeps Vehicle. – If a salvage vehicle owner wants to keep the vehicle, the insurer must give the owner an owner -retained salvage form. The owner must complete the owner -retained salvage form and give it to the insurer when the insurer pays the claim. The owner shall execute the owner -retained salvage form with either a manual signature or an electronic signature. An electronic signature must comply with Article 40 of Chapter 66 of the General Statutes. The owner's signature is not required to be notarized. The insurer must send the completed form to the Division within 10 days after receiving it from the vehicle owner. The Division must then note in its vehicle registration records that the vehicle listed on the form is a salvage vehicle.

(d) Theft Claim on Salvage Vehicle. – An insurer that pays a theft loss claim on a vehicle and, upon recovery of the vehicle, determines that the vehicle has been damaged to the extent that it is a salvage vehicle must send the vehicle's certificate of title to the Division within 10 days after NC General Statutes - Chapter 20 319making the determination. The Division and the insurer must then follow the procedures set in subdivision (1) of subsection (b) of this section.

(e) Out-of-State Vehicle. – A person who acquires a salvage vehicle that is registered in a state that does not require surrender of the vehicle's certificate of title must send the title to the Division within 10 days after the vehicle enters this State. The Division and the person must then follow the procedures set in subdivision (1) of subsection (b) of this section.

(e1) Owner or Lienholder Abandons Vehicle. – If an insurer requests a used motor vehicle dealer, the primary business of which is the sale of salvage vehicles on behalf of insurers, to take possession of a salvage vehicle that is the subject of an insurance claim and subsequently the insurer does not take ownership of the vehicle, the insurer may direct the used motor vehicle dealer to release the vehicle to the owner or lienholder. The insurer shall provide the used motor vehicle dealer a release statement authorizing the used motor vehicle dealer to release the vehicle to the vehicle's owner or lienholder.

Upon receiving a release statement from an insurer, the used motor vehicle dealer shall send notice to the owner and any lienholder of the vehicle informing the owner or lienholder that the vehicle is available for pick up. The notice shall include an invoice for any outstanding charges owed to the used motor vehicle dealer. The notice shall inform the owner and any lienholder that the owner or lienholder has 30 days from the date of the notice, and upon payment of applicable charges owed to the used motor vehicle dealer, to pick up the vehicle from the used motor vehicle dealer. Notice under this subsection must be sent by certified mail or by another commercially available delivery service providing proof of delivery to the address on record with the Division.

If the owner or any lienholder of the vehicle does not pick up the vehicle within 30 days after notice was sent to the owner and any lienholder in accordance with this subsection, the vehicle shall be considered abandoned, the vehicle's certificate of title is deemed to be assigned to the used motor vehicle dealer, and the used motor vehicle dealer, without surrendering the certificate of title, may request that the Division send the used motor vehicle dealer a form to use to transfer title to the vehicle from the used motor vehicle dealer to a person who buys the vehicle from the used motor vehicle dealer. The request shall be accompanied by a copy of the notice required by this subsection and proof of delivery of the notice required by this subsection sent to the owner and any lienholder. Notwithstanding any outstanding liens against the vehicle, the Division must send the

used motor vehicle dealer a form to use to transfer title to the vehicle from the used motor vehicle dealer to a person who buys the vehicle from the used motor vehicle dealer. The Division's issuance of the form extinguishes all existing liens on the motor vehicle. If the used motor vehicle dealer sells the vehicle, the used motor vehicle dealer must complete the form and give it to the buyer. In such a sale by the used motor vehicle dealer, the motor vehicle shall be transferred free and clear of any liens. If the buyer rebuilds the vehicle, the buyer may apply for a new certificate of title.
(f) Sanctions. – Violation of this section is a Class 1 misdemeanor. In addition to this criminal sanction, a person who violates this section is subject to a civil penalty of up to one hundred dollars ($100.00), to be imposed in the discretion of the Commissioner.
(g) Fee. – G.S. 20 -85 sets the fee for issuing a salvage certificate of title.
(h) Claims. – The Division shall not be subject to a claim under Article 31 of Chapter 143 of the General Statutes related to the cancellation of a title pursuant to this section if the claim is based on reliance by the Division on any proof of payment or proof of notice submitted to the Division by a third party pursuant to subdivision (b)(2) or subsection (e1) of this section. The Division shall not be subject to a claim arising from an owner -retained salvage form submitted to the Division with an unverified manual signature or an electronic signature pursuant to subsection
NC General Statutes - Chapter 20 320(c) of this section. (1973, c. 1095, s. 1; 1975, c. 716, s. 5; c. 799; 1983, c. 713, s. 94; 1989, c. 455, s.
5; 1993, c. 539, s. 350; 1994, Ex. Sess., c. 24, s. 14(c); 1995, c. 50, s. 3; c. 517, s. 33.1; 2013 -400, s. 1; 2019 -153, s. 6; 2021 -185, s. 16.)
§ 20-109.1A. Application for unregisterable certificate of title.
(a) If an insurance company is unable to obtain the properly endorsed title, certificate of ownership, or other evidence of ownership to a vehicle registered in another state, the company, or its agent or contractor, may apply to the Division for an unregisterable certificate of title in the name of the insurance company if all of the following conditions are met:
(1) The vehicle has been declared a total loss.
(2) The occurrence that damaged the vehicle occurred within the boundaries of this State.
(3) The vehicle has remained within this State continuously since the occurrence of the loss.
(4) The owner of the vehicle has accepted an offer of an amount in settlement of the total loss from the insurance company.
(5) The insurance company, or its agent or contractor, has made a written request for the title from the vehicle owner and any lienholders of record at the addresses contained in the records of the state of registration. The written request must be delivered by certified United States Postal Service mail or by another commercially available delivery service providing proof of delivery.
(6) The owner and lienholder have failed to deliver the title for more than 30 days from the receipt of the written request, or the written request has been returned as undeliverable.
(b) An application for an unregisterable certificate of title under this section shall be made on a form provided by the Division, and the Division may require a notarized affidavit attesting under penalty of perjury that the conditions of subsection (a) of this section have been met. The form shall be accompanied by (i) evidence of a total loss payment in the form of either a copy of a claims check or a screenshot from the insurance company's claim system showing a payment was made and (ii) evidence of delivery of notice to the vehicle owner. Any company, agent, or contractor that has applied for an unregisterable certificate of title under this section shall maintain a record of any supporting documentation for a period of three years. The fee for an unregisterable certificate of title pursuant to this section shall be twenty -one dollars and fifty cents ($21.50).
(c) If an out-of-state registered vehicle has been damaged in this State and an insurance company, its agent, or its contractor takes possession of the vehicle with the permission of the owner, the company's agent or contractor taking possession of the vehicle shall have a towing and storage lien on the vehicle for any amount actually accrued in the possession, towing, and storage of the vehicle. This lien is superior to any other liens on the vehicle. If the insurance company subsequently denies coverage or otherwise fails to reach a settlement with the owner, the company, or its agent or contractor may make written demand that the owner or lienholder retake possession of the vehicle upon payment of any towing or storage fees accrued by the agent or contractor. If the owner or lienholder fails to satisfy the lien and take possession of the vehicle within 14 calendar days of the written demand, the agent or contractor may apply for an unregisterable certificate of title in the name of the agent or contractor for purposes of selling the vehicle to recoup any towing

or storage fees accrued by the agent or contractor. The application shall be on a notarized form provided by the Division attesting by the applicant that the requirements of this section have been
completed. Included with this form shall be evidence of delivery of notice to the vehicle owner.
The written demand required by this subsection must be delivered by United States Postal Service mail or by another commercially available delivery service providing proof of delivery.
(d) Any vehicle that has been issued an unregisterable certificate of title under this section may only be sold for parts, scrap, or recycling.
(e) Any owner, lienholder, or subsequent purchaser harmed as a result of an unregisterable certificate of title being issued pursuant to this section, or harmed by the sale of any such vehicle following issuance of the same, shall have no cause of action against the Division, and the Division shall not be liable to any such persons in any matter related to actions taken under this section.
(2021 -126, s. 2.)
§ 20-109.2. Surrender of title to manufactured home.
(a) Surrender of Title. – If a certificate of title has been issued for a manufactured home, the owner listed on the title has the title, and the manufactured home qualifies as real property as defined in G.S. 105 -273(13), the owner listed on the title shall submit an affidavit to the Division that the manufactured home meets this definition and surrender the certificate of title to the Division.
(a1) Surrender When Title Not Available. – If a certificate of title has been issued for a manufactured home, no issued title is available, and the manufactured home qualifies as real property as defined in G.S. 105 -273(13), the owner listed on the title shall be deemed to have surrendered the title to the Division if the owner of the real property on which the manufactured home is affixed (i) submits an affidavit to the Division that the manufactured home meets the definition of real property under G.S. 105 -273(13) and in compliance with subsection (b) of this section and (ii) submits a tax record showing the manufactured home listed for ad valorem taxes as real property pursuant to Article 17 of Chapter 105 of the General Statutes in the name of the record owner of the real property on which the manufactured home is affixed.
(b) Affidavit. – The affidavit must be in a form approved by the Commissioner and shall include or provide for all of the following information:
(1) The manufacturer and, if applicable, the model name of the manufactured home affixed to real property upon which cancellation is sought.
(2) The vehicle identification number and serial number of the manufactured home affixed to real property upon which cancellation is sought.
(3) The legal description of the real property on which the manufactured home is affixed, stating that the owner of the manufactured home also owns the real property or that the owner of the manufactured home has entered into a lease with a primary term of at least 20 years for the real property on which the manufactured home is affixed with a copy of the lease or a memorandum thereof pursuant to G.S. 47 -18 attached to the affidavit, if not previously recorded.
(4) A description of any security interests in the manufactured home affixed to real property upon which cancellation is sought.
(5) A section for the Division's notation or statement that either the procedure in subsection (a) of this section for surrendering the title has been surrendered and the title has been cancelled by the Division or the affiant submits this affidavit pursuant to subsection (a1) of this section to have the title deemed surrendered by the owner listed on the certificate of title.
(6) An affirmative statement that the affiant is (i) the record owner of the real property on which the manufactured home is affixed and the lease for the manufactured home does not include a provision allowing the owner listed on the certificate of title to dispose of the manufactured home prior to the end of the primary term of the lease or (ii) is the owner of the manufactured home and either owns the real property on which the manufactured home is affixed or has entered into a lease with a primary term of at least 20 years for the real property on which the manufactured home is affixed.
(7) The affiant affirms that he or she has sent notice of this cancellation by hand delivery or by first-class mail to the last known address of the owner listed on the certificate of title prior to filing this affidavit with the Division.
(c) Cancellation. – Upon compliance with the procedures in subsection (a) or (a1) of this

section for surrender of title, the Division shall rescind and cancel the certificate of title. If a security interest has been recorded on the certificate of title and not released by the secured party, the Division may not cancel the title without written consent from all secured parties. After canceling the title, the Division shall return the original of the affidavit to the affiant, or to the secured party having the first recorded security interest, with the Division's notation or statement that the title has been surrendered and has been cancelled by the Division. The affiant or secured party shall file the affidavit returned by the Division with the office of the register of deeds of the county where the real property is located. The Division may charge five dollars ($5.00) for a cancellation of a title under this section.

(d) Application for Title After Cancellation. – If the owner of a manufactured home whose certificate of title has been cancelled under this section subsequently seeks to separate the manufactured home from the real property, the owner may apply for a new certificate of title. The owner must submit to the Division an affidavit containing the same information set out in subsection (b) of this section, verification that the manufactured home has been removed from the real property, verification of the identity of the current owner of the real property upon which the manufactured home was located, and written consent of any affected owners of recorded mortgages, deeds of trust, or security interests in the real property where the manufactured home was placed. Upon receipt of this information, together with a title application and required fee, the Division shall issue a new title for the manufactured home in the name of the current owner of the real property upon which the manufactured home was located.

(e) Sanctions. – Any person who violates this section is subject to a civil penalty of up to one hundred dollars ($100.00), to be imposed in the discretion of the Commissioner.

(f) No Right of Action. – A person damaged by the cancellation of a certificate of title pursuant to subsection (a1) of this section does not have a right of action against the Division or a commission contractor of the Division. § 20-109.3. Disposition of vehicles abandoned by charitable organizations.

(a) If a charitable organization operating under section 501(c)(3) of the Internal Revenue Code (26 U.S.C. § 501(c)(3)) requests a licensed used motor vehicle dealer, whose primary business is the sale of salvage vehicles on behalf of insurers or charitable organizations, to take possession of a donated vehicle that is currently titled in this State, and the vehicle title is not provided to the used motor vehicle dealer at the time of donation or within 10 days of the donation, then the following provisions apply:

323(1) The used motor vehicle dealer receiving the vehicle on behalf of the charitable organization shall send notice to the last registered owner and any reasonably ascertainable lienholders of the vehicle informing the owner or lienholder that the vehicle has been donated to the named charitable organization. The notice shall set forth the current location of the vehicle, the name of the charitable organization to which the vehicle was donated, and the name of the vehicle donor. The notice shall inform the owner or lienholder that, if the owner or lienholder objects to the donation of the vehicle, the owner or lienholder has 30 days from the date of the notice to provide proof of ownership and reclaim the vehicle from the used motor vehicle dealer at no charge. Notice under this subdivision must be sent by certified mail or by another commercially available delivery service providing proof of delivery to the address on record with the Division.

(2) If the owner or any lienholder of the vehicle receives notice but fails to object to the donation and pick up the vehicle within 30 days, any claim to the vehicle by the owner or lienholder is considered abandoned, the certificate of title to the vehicle is deemed to be transferred to the charitable organization by the owner, and the lien is deemed to be extinguished. The charitable organization, or the used motor vehicle dealer acting on its behalf through a power of attorney, may then execute an application for duplicate title with transfer upon payment of any applicable fees. The application for duplicate title with transfer shall be accompanied by a copy of the written donation statement, a copy of the notice required by subdivision (1) of this subsection, and proof of delivery of the notice sent to the owner and any lienholder. If the application is being executed by the used motor vehicle dealer on behalf of the charitable organization, a copy of the power of attorney shall also be submitted with the application.

(3) Upon receipt of an application for duplicate title with transfer, any additional

documentation required under subdivision (2) of this subsection and payment of required fees, the Division shall issue a title to the donated vehicle in the name of the charitable organization and mail the title, free and clear of any liens, to the used motor vehicle dealer possessing the vehicle.
(4) If the notice required under subdivision (1) of this subsection is not received or is returned as undeliverable, the used motor vehicle dealer may file a special proceeding to obtain an order allowing the vehicle to be sold. In such a proceeding, the used motor vehicle dealer may include more than one vehicle.
(5) If the donated vehicle is not currently titled in this State, does not appear in the Division's records, or the owner and any lienholders are not otherwise reasonably ascertainable for any reason, the used motor vehicle dealer may institute a civil action in the county where the vehicle is being held for authorization to sell that vehicle as salvage on behalf of the charitable organization. In such a proceeding, the used motor vehicle dealer may include more than one vehicle. If the court enters an order authorizing the sale of the vehicle, upon proper application and payment of the appropriate taxes and fees, the Division shall issue a salvage branded title to the person who purchases the vehicle at a subsequent sale.
NC General Statutes - Chapter 20 324(b) No person shall have a cause of action against the Division or Division contractors arising from the issuance of a title pursuant to this section, and the Division and Division contractors shall not be held liable for any damages arising from the transfer or subsequent operation of any vehicle titled or sold pursuant to this section. (2018 -43, s. 1.)

(a) The Division shall rescind and cancel the registration of any vehicle which the Division shall determine is unsafe or unfit to be operated or is not equipped as required by law.
(b) The Division shall rescind and cancel the registration of any vehicle whenever the person to whom the registration card or registration number plates therefor have been issued shall make or permit to be made any unlawful use of the said card or plates or permit the use thereof by a person not entitled thereto.
(c) Repealed by Session Laws 1993, c. 440, s. 8.
(d) The Division shall rescind and cancel the certificate of title to any vehicle which has been erroneously issued or fraudulently obtained or is unlawfully detained by anyone not entitled to possession.
(e) and (f) Repealed by Session Laws 1993, c. 440, s. 8.
(g) The Division shall rescind and cancel the registration plates issued to a carrier of passengers or property which has been secured by such carrier as provided under G.S. 20 -50 when the license is being used on a vehicle other than the one for which it was issued or which is being used by the lessor -owner after the lease with such lessee has been terminated.
(h) The Division may rescind and cancel the registration or certificate of title on any vehicle on the grounds that the application therefor contains any false or fraudulent statement or that the holder of the certificate was not entitled to the issuance of a certificate of title or registration.
(i) The Division may rescind and cancel the registration or certificate of title of any vehicle when the Division has reasonable grounds to believe that the vehicle is a stolen or embezzled vehicle, or that the granting of registration or the issuance of certificate of title constituted a fraud against the rightful owner or person having a valid lien upon such vehicle.
(j) The Division may rescind and cancel the registration or certificate of title of any vehicle on the grounds that the registration of the vehicle stands suspended or revoked under the motor vehicle laws of this State.
(k) The Division shall rescind and cancel a certificate of title when the Division finds that such certificate has been used in connection with the registration or sale of a vehicle other than the vehicle for which the certificate was issued.
(l) The Division may rescind and cancel the registration and certificate of title of a vehicle when presented with evidence, such as a sworn statement, that the vehicle has been transferred to a person who has failed to get a new certificate of title for the vehicle as required by G.S. 20 -73. A person may submit evidence to the Division by mail.
(m) The Division shall rescind and cancel the registration of vehicles of a motor carrier that is the subject of an order issued by the Federal Motor Carrier Safety Administration or the Division.
(n) The Division shall rescind and cancel the registration of a vehicle of a motor carrier if

the applicant fails to disclose material information required, or if the applicant has made a materially false statement on the application, or if the applicant has applied as a subterfuge for the real party in interest who has been issued a federal out-of-service order, or if the applicant's
business is operated, managed, or otherwise controlled by or affiliated with a person who is ineligible for registration, including the applicant entity, a relative, family member, corporate officer, or shareholder. The Division shall rescind and cancel the registration for a vehicle that has been assigned for safety to a commercial motor carrier who has been prohibited from operating by the Federal Motor Carrier Safety Administration or a carrier whose business is operated, managed, or otherwise controlled by or affiliated with a person who is ineligible for registration, including the owner, a relative, family member, corporate officer, or shareholder. misdemeanor. Every officer herein named who shall neglect or refuse to carry out the duties imposed by this Chapter shall be liable on his official bond for such neglect or refusal as provided by law in like cases.
(b) It shall be the duty of all sheriffs, police officers, deputy sheriffs, deputy police officers, and all other officers within the State to cooperate with and render all assistance in their power to the officers herein provided for, and nothing in this Article shall be construed as relieving said sheriffs, police officers, deputy sheriffs, deputy police officers, and other officers of the duties imposed on them by this Chapter.
(c) It shall also be the duty of every law enforcement officer to make immediate report to the Commissioner of all motor vehicles reported to the officer as abandoned or that are seized by the officer for being used for illegal transportation of alcoholic beverages or other unlawful purposes, or seized and are subject to forfeiture pursuant to G.S. 20-28.2, et seq., or any other statute, and no motor vehicle shall be sold by any sheriff, police or peace officer, or by any person, firm or corporation claiming a mechanic's or storage lien, or under judicial proceedings, until notice on a form approved by the Commissioner shall have been given the Commissioner at least 20 days before the date of such sale. (1937, c. 407, s. 78; 1943, c. 726; 1967, c. 862; 1971, c. 528, s. 13; 1981, c. 412, s. 4; c. 747, s. 66; 1998 -182, s. 12.)
§ 20-114.1. Willful failure to obey law-enforcement or traffic -control officer; firemen as traffic -control officers; appointment, etc., of traffic -control officers.
(a) No person shall willfully fail or refuse to comply with any lawful order or direction of any law-enforcement officer or traffic -control officer invested by law with authority to direct, control or regulate traffic, which order or direction related to the control of traffic.
(b) In addition to other law enforcement or traffic control officers, uniformed regular and volunteer firemen and uniformed regular and volunteer members of a rescue squad may direct traffic and enforce traffic laws and ordinances at the scene of or in connection with fires, accidents, or other hazards in connection with their duties as firemen or rescue squad members. Except as herein provided, firemen and members of rescue squads shall not be considered law enforcement or traffic control officers.
(b1) Any member of a rural volunteer fire department or volunteer rescue squad who receives no compensation for services shall not be liable in civil damages for any acts or omissions
relating to the direction of traffic or enforcement of traffic laws or ordinances at the scene of or in
connection with a fire, accident, or other hazard unless such acts or omissions amount to gross negligence, wanton conduct, or intentional wrongdoing.
(c) The chief of police of a local or county police department or the sheriff of any county is authorized to appoint traffic -control officers, who shall have attained the age of 18 years and who are hereby authorized to direct, control, or regulate traffic within their respective jurisdictions at times and places specifically designated in writing by the police chief or the sheriff. A traffic -control officer, when exercising this authority, must be attired in a distinguishing uniform or jacket indicating that he is a traffic -control officer and must possess a valid authorization card issued by the police chief or sheriff who appointed him. Unless an earlier expiration date is specified, an authorization card shall expire two years from the date of its issuance. In order to be appointed as a traffic -control officer, a person shall have received at least three hours of training in directing, controlling, or regulating traffic under the supervision of a law-enforcement officer. A traffic -control officer shall be subject to the rules and regulations of the respective local or county police department or sheriff's office as well as the lawful command of any other law-enforcement officer. The appointing police chief or sheriff shall have the right to revoke the appointment of any traffic -control officer at any time with or without cause. The appointing police chief or sheriff shall not be held liable for any act or omission of a traffic -control officer. A traffic -control officer shall not be deemed to be an agent or employee of the respective local or county police department or of the sheriff's office, nor shall he be considered a law-enforcement officer except as provided herein. A traffic -control officer shall not have nor shall he exercise the power of arrest.
(d) No police chief or sheriff who is authorized to appoint traffic -control officers under subsection (c) of this section shall appoint any person to direct, control, or regulate traffic unless there is indemnity against liability of the traffic -control officer for wrongful death, bodily injury, or property damage that is proximately caused by the negligence of the traffic -control officer while acting within the scope of his duties as a traffic -control officer. Such indemnity shall provide a minimum of twenty -five thousand dollars ($25,000) for the death of or bodily injury to one person in any one accident, fifty thousand dollars ($50,000) for the death of or bodily injury to two or more persons in any one accident, and ten thousand dollars ($10,000) for injury to or destruction of

property of others in any one accident. (1961, c. 879; 1969, c. 59; 1983, c. 483, ss. 1-3; 1987, c. 146, ss. 1, 3.)

Part 9. The Size, Weight, Construction and Equipment of Vehicles.

§ 20-115. Scope and effect of regulations in this Part.

It shall be unlawful for any person to drive or move or for the owner to cause or knowingly permit to be driven or moved on any highway any vehicle or vehicles of a size or weight exceeding the limitations stated in this Part, or any vehicle or vehicles which are not so constructed or equipped as required in this Part, or the rules and regulations of the Department of Transportation adopted pursuant to this Part and the maximum size and weight of vehicles specified in this Part shall be lawful throughout this State, and local authorities shall have no power or authority to alter the limitations except as express authority may be granted in this Article. (1937, c. 407, s. 79; 1973, c. 507, s. 5; 1977, c. 464, s. 34; 1985 (Reg. Sess., 1986), c. 852, s. 8; 2015 -264, s. 8(a).)

NC General Statutes - Chapter 20 328§ 20-115.1. Limitations on tandem trailers and semitrailers on certain North Carolina highways.

(a) Motor vehicle combinations consisting of a truck tractor and two trailing units may be operated in North Carolina only on highways of the interstate system (except those exempted by the United States Secretary of Transportation pursuant to 49 USC 2311(i)) and on those sections of the federal -aid primary system designated by the United States Secretary of Transportation. No trailer or semitrailer operated in this combination shall exceed 28 feet in length; Provided, however, a 1982 or older year model trailer or semitrailer of up to 28 1/2 feet in length may operate in a combination permitted by this section for trailers or semitrailers which are 28 feet in length.

(b) Motor vehicle combinations consisting of a semitrailer of not more than 53 feet in length and a truck tractor may be operated on all primary highway routes of North Carolina provided the motor vehicle combination meets the requirements of this subsection. The Department may, at any time, prohibit motor vehicle combinations on portions of any route on the State highway system. If the Department prohibits a motor vehicle combination on any route, it shall submit a written report to the Joint Legislative Transportation Oversight Committee within six months of the prohibition clearly documenting through traffic engineering studies that the operation of a motor vehicle combination on that route cannot be safely accommodated and that the route does not have sufficient capacity to handle the vehicle combination. To operate on a primary highway route, a motor vehicle combination described in this subsection must meet all of the following requirements:

(1) The motor vehicle combination must comply with the weight requirements in G.S. 20-118.

(2) A semitrailer in excess of 48 feet in length must meet one or more of the following conditions:

(a) The distance between the kingpin of the trailer and the rearmost axle, or a point midway between the two rear axles, if the two rear axles are a tandem axle, does not exceed 41 feet.

(b) The semitrailer is used exclusively or primarily to transport vehicles in connection with motorsports competition events, and the distance between the kingpin of the trailer and the rearmost axle, or a point midway between the two rear axles, if the two rear axles are a tandem axle, does not exceed 46 feet.

(3) A semitrailer in excess of 48 feet must be equipped with a rear underride guard of substantial construction consisting of a continuous lateral beam extending to within four inches of the lateral extremities of the semitrailer and located not more than 30 inches from the surface as measured with the vehicle empty and on a level surface.

(c) Motor vehicles with a width not exceeding 102 inches may be operated on the interstate highways (except those exempted by the United States Secretary of Transportation pursuant to 49 USC 2316(e)) and other qualifying federal -aid highways designated by the United States Secretary of Transportation, with traffic lanes designed to be a width of 12 feet or more and any other qualifying federal -aid primary system highway designated by the United States Secretary of Transportation if the Secretary has determined that the designation is consistent with highway safety.

(d) Notwithstanding the provisions of subsections (a) and (b) of this section which limit the length of trailers which may be used in motor vehicle combinations in this State on highways of the

NC General Statutes - Chapter 20 329interstate system (except those exempted by the United States Secretary of Transportation

pursuant
to 49 USC 2311(i)) and on those sections of the federal -aid primary system designated by the United States Secretary of Transportation, there is no limitation of the length of the truck tractor which may be used in motor vehicle combinations on these highways and therefore, in compliance with Section 411(b) of the Surface Transportation Act of 1982, there is no overall length limitation for motor vehicle combinations regulated by this section.
(e) The length and width limitations in this section are subject to exceptions and exclusions for safety devices and specialized equipment as provided for in 49 USC 2311(d)(h) and Section 416 of the Surface Transportation Act of 1982 as amended (49 USC 2316).
(f) Motor vehicle combinations operating pursuant to this section shall have reasonable access between (i) highways on the interstate system (except those exempted by the United States Secretary of Transportation pursuant to 49 USC 2311(i) and 49 USC 2316(e)) and other qualifying federal -aid highways as designated by the United States Secretary of Transportation and (ii) terminals, facilities for food, fuel, repairs, and rest and points of loading and unloading by household goods carriers and by any truck tractor -semitrailer combination in which the semitrailer has a length not to exceed 28 1/2 feet and a width not to exceed 102 inches as provided in subsection (c) of this section and which generally operates as part of a vehicle combination described in subsection (a) of this section. The North Carolina Department of Transportation may, on streets and highways on the State highway system, and any municipality may, on streets and highways on the municipal street system, impose reasonable restrictions based on safety considerations on any truck tractor -semitrailer combination in which the semitrailer has a length not to exceed 28 1/2 feet and which generally operates as part of a vehicle combination described in subsection (a) of this section. "Reasonable access" to facilities for food, fuel, repairs and rest shall be deemed to be those facilities which are located within three road miles of the interstate or designated highway. The Department of Transportation is authorized to promulgate rules and regulations providing for "reasonable access." The Department may approve reasonable access routes for one particular type of STAA (Surface Transportation Assistance Act) dimensioned vehicle when significant, substantial differences in their operating characteristics exist.
(g) Under certain conditions, and after consultation with the Joint Legislative Commission on Governmental Operations, the North Carolina Department of Transportation may designate State highway system roads in addition to those highways designated by the United States Secretary of Transportation for use by the vehicle combinations authorized in this section. Such designations by the Department shall only be made under the following conditions:
(1) A determination of the public convenience and need for such designation;
(2) A traffic engineering study which clearly shows the road proposed to be designated can safely accommodate and has sufficient capacity to handle these vehicle combinations; and
(3) A public hearing is held or the opportunity for a public hearing is provided in each county through which the designated highway passes, after two weeks notice posted at the courthouse and published in a newspaper of general circulation in each county through which the designated State highway system road passes, and consideration is given to the comments received prior to the designation.
(4) The Department may designate routes for one particular type of STAA (Surface Transportation Assistance Act) dimensioned vehicle when significant, substantial differences in their operating characteristics exist.
The Department may not designate any portion of the State highway system that has been deleted
or exempted by the United States Secretary of Transportation based on safety considerations. For the purpose of this section, any highway designated by the Department shall be deemed to be the same as a federal -aid primary highway designated by the United States Secretary of Transportation pursuant to 49 USC 2311 and 49 USC 2316, and the vehicle combinations authorized in this section shall be permitted to operate on such highway.
(h) Any owner of a semitrailer less than 50 feet in length in violation of subsections (a) or (b) is responsible for an infraction and is subject to a penalty of one hundred dollars ($100.00). Any owner of a semitrailer 50 feet or greater in length in violation of subsection (b) is responsible for an infraction and subject to a penalty of two hundred dollars ($200.00).
(i) Any driver of a vehicle with a semitrailer less than 50 feet in length violating subsections (a) or (b) of this section is guilty of a Class 3 misdemeanor punishable only by a fine of one hundred dollars ($100.00). Any driver of a vehicle with a semitrailer 50 feet or more in length

violating subsection (b) of this section is guilty of a Class 3 misdemeanor punishable only by a fine of two hundred dollars ($200.00).
(j) Notwithstanding any other provision of this section, a manufacturer of trailer frames, with a permit issued pursuant to G.S. 20-119, is authorized to transport the trailer frame to another location within three miles of the first place of manufacture to the location of completion on any public street or highway if the width of the trailer frame does not exceed 14 feet and oversize markings and safety flags are used during transport. Trailer frames transported pursuant to this subsection shall not exceed 7,000 pounds, and the vehicle towing the trailer frame shall have a towing capacity greater than 10,000 pounds and necessary towing equipment. The transport of trailer frames under this subsection shall only be done during daylight hours. (1983, c. 898, s. 1; 1985, c. 423, ss. 1-7; 1989, c. 790, ss. 1, 3, 3.1; 1993, c. 533, s. 10; c. 539, s. 354; 1994, Ex. Sess., c. 24, s. 14(c); 1998 -149, s. 6; 2007 -77, ss. 2, 3; 2008 -160, s. 1; 2008 -221, ss. 3, 4.)
§ 20-116. Size of vehicles and loads.
(a) The total outside width of any vehicle or the load thereon shall not exceed 102 inches, except as otherwise provided in this section. When hogsheads of tobacco are being transported, a tolerance of six inches is allowed. When sheet or bale tobacco is being transported the load must not exceed a width of 114 inches at the top of the load and the bottom of the load at the truck bed must not exceed the width of 102 inches inclusive of allowance for load shifting or settling. Vehicles (other than passenger buses) that do not exceed the overall width of 102 inches and otherwise provided in this section may be operated in accordance with G.S. 20 -115.1(c), (f), and (g).
(b) No passenger -type vehicle or recreational vehicle shall be operated on any highway with any load carried thereon extending beyond the line of the fenders on the left side of such vehicle nor extending more than six inches beyond the line of the fenders on the right side thereof.
(c) No vehicle, unladen or with load, shall exceed a height of 14 feet. Provided, however, that neither the State of North Carolina nor any agency or subdivision thereof, nor any person, firm or corporation, shall be required to raise, alter, construct or reconstruct any underpass, wire, pole, trestle, or other structure to permit the passage of any vehicle having a height, unladen or with load, in excess of 12 feet, six inches. Provided further, that the operator or owner of any vehicle having an overall height, whether unladen or with load, in excess of 12 feet, six inches, shall be liable for damage to any structure caused by such vehicle having a height in excess of 12 feet, six inches.
NC General Statutes - Chapter 20 331(d) Maximum Length. – The following maximum lengths apply to vehicles. A truck -tractor and semitrailer shall be regarded as two vehicles for the purpose of determining lawful length and license taxes.
(1) Except as otherwise provided in this subsection, a single vehicle having two or more axles shall not exceed 40 feet in length overall of dimensions inclusive of front and rear bumpers.
(2) Trucks transporting unprocessed cotton from farm to gin, or unprocessed sage from farm to market shall not exceed 50 feet in length overall of dimensions inclusive of front and rear bumpers.
(3) Recreational vehicles shall not exceed 45 feet in length overall, excluding bumpers and mirrors.
(4) Vehicles owned or leased by State, local, or federal government, when used for official law enforcement or emergency management purposes, shall not exceed 45 feet in length overall, excluding bumpers and mirrors.
(e) Except as provided by G.S. 20 -115.1, no combination of vehicles coupled together shall consist of more than two units and no such combination of vehicles shall exceed a total length of 60 feet inclusive of front and rear bumpers, subject to the following exceptions: Motor vehicle combinations of one semitrailer of not more than 53 feet in length and a truck tractor (power unit) may exceed the 60-foot maximum length. Said maximum overall length limitation shall not apply to vehicles operated in the daytime when transporting poles, pipe, machinery or other objects of a structural nature which cannot readily be dismembered, nor to such vehicles transporting such objects operated at nighttime by a public utility when required for emergency repair of public service facilities or properties, provided the trailer length does not exceed 53 feet in length, but in respect to such night transportation every such vehicle and the load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of said projecting load to clearly mark the dimensions of such load: Provided that vehicles designed and used exclusively for the transportation of motor vehicles shall be permitted an overhang tolerance front or rear not to exceed five feet. Provided, that wreckers may tow a truck, combination tractor and trailer, trailer, or any other disabled vehicle or combination of vehicles to a

place for repair, parking, or storage within 50 miles of the point where the vehicle was disabled and may tow a truck, tractor, or other replacement vehicle to the site of the disabled vehicle. Provided further, that the said limitation that no combination of vehicles coupled together shall consist of more than two units shall not apply to trailers not exceeding three in number drawn by a motor vehicle used by municipalities for the removal of domestic and commercial refuse and street rubbish, but such combination of vehicles shall not exceed a total length of 50 feet inclusive of front and rear bumpers. Provided further, that the said limitation that no combination of vehicles coupled together shall consist of more than two units shall not apply to a combination of vehicles coupled together by a saddle mount device used to transport motor vehicles in a driveway service when no more than three saddle mounts are used and provided further, that equipment used in said combination is approved by the safety regulations of the Federal Highway Administration and the safety rules of the Department of Public Safety.

(f) The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than three feet beyond the foremost part of the vehicle. Under this subsection "load" shall include the boom on a self-propelled vehicle.

A utility pole carried by a self-propelled pole carrier may extend beyond the front overhang limit set in this subsection if the pole cannot be dismembered, the pole is less than 80 feet in length

and does not extend more than 10 feet beyond the front bumper of the vehicle, and either of the following circumstances apply:

(1) It is daytime and the front of the extending load of poles is marked by a flag of the type required by G.S. 20 -117 for certain rear overhangs.

(2) It is nighttime, operation of the vehicle is required to make emergency repairs to utility service, and the front of the extending load of poles is marked by a light of the type required by G.S. 20 -117 for certain rear overhangs.

As used in this subsection, a "self-propelled pole carrier" is a vehicle designed to carry a pole on the side of the vehicle at a height of at least five feet when measured from the bottom of the brace used to carry the pole. A self-propelled pole carrier may not tow another vehicle when carrying a pole that extends beyond the front overhang limit set in this subsection.

(g)(1) No vehicle shall be driven or moved on any highway unless the vehicle is constructed and loaded to prevent any of its load from falling, blowing, dropping, sifting, leaking, or otherwise escaping therefrom, and the vehicle shall not contain any holes, cracks, or openings through which any of its load may escape. However, sand may be dropped for the purpose of securing traction, or water or other substance may be sprinkled, dumped, or spread on a roadway in cleaning or maintaining the roadway. For purposes of this subsection, the terms "load" and "leaking" do not include water accumulated from precipitation.

(2) A truck, trailer, or other vehicle licensed for more than 7,500 pounds gross vehicle weight that is loaded with rock, gravel, stone, or any other similar substance, other than sand, that could fall, blow, leak, sift, or drop shall not be driven or moved on any highway unless:

a. The height of the load against all four walls does not extend above a horizontal line six inches below their tops when loaded at the loading point; and

b. The load is securely covered by tarpaulin or some other suitable covering to prevent any of its load from falling, dropping, sifting, leaking, blowing, or otherwise escaping therefrom.

(3) A truck, trailer, or other vehicle licensed for 7,500 pounds or less gross vehicle weight and loaded with rock, gravel, stone, or any other similar substance that could fall, blow, leak, or sift, or licensed for any gross vehicle weight and loaded with sand, shall not be driven or moved on any highway unless:

a. The height of the load against all four walls does not extend above a horizontal line six inches below the top when loaded at the loading point;

b. The load is securely covered by tarpaulin or some other suitable covering; or

c. The vehicle is constructed to prevent any of its load from falling, dropping, sifting, leaking, blowing, or otherwise escaping therefrom.

(4) This section shall not be applicable to or in any manner restrict the transportation of seed cotton, poultry or livestock, or silage or other feed grain used in the feeding of poultry or livestock.

(h) Whenever there exist two highways of the State highway system of approximately the same distance between two or more points, the Department of Transportation may, when in the opinion of the Department of Transportation, based upon engineering and traffic investigation, safety will be promoted or the public interest will be served, designate one of the highways the
"truck route" between those points, and to prohibit the use of the other highway by heavy trucks or
other vehicles of a gross vehicle weight or axle load limit in excess of a designated maximum. In such instances the highways selected for heavy vehicle traffic shall be designated as "truck routes" by signs conspicuously posted, and the highways upon which heavy vehicle traffic is prohibited shall likewise be designated by signs conspicuously posted showing the maximum gross vehicle weight or axle load limits authorized for those highways. The operation of any vehicle whose gross vehicle weight or axle load exceeds the maximum limits shown on signs over the posted highway shall constitute a Class 2 misdemeanor: Provided, that nothing in this subsection shall prohibit a truck or other motor vehicle whose gross vehicle weight or axle load exceeds that prescribed for those highways from using them when its destination is located solely upon that highway, road or street: Provided, further, that nothing in this subsection shall prohibit passenger vehicles or other light vehicles from using any highways designated for heavy truck traffic.

(i) Repealed by Session Laws 1973, c. 1330, s. 39.

(j) Nothing in this section shall be construed to prevent the operation of self-propelled grain combines or other self-propelled farm equipment with or without implements, not exceeding 25 feet in width on any highway, unless the operation violates a provision of this subsection. Farm equipment includes a vehicle that is designed exclusively to transport compressed seed cotton from a farm to a gin and has a self-loading bed. Combines or equipment which exceed 10 feet in width may be operated only if they meet all of the conditions listed in this subsection. A violation of one or more of these conditions does not constitute negligence per se.

(1) The equipment may only be operated during daylight hours.

(2) The equipment must display a red flag on front and rear ends or a flashing warning light. The flags or lights shall be attached to the equipment as to be visible from both directions at all times while being operated on the public highway for not less than 300 feet.

(3) Equipment covered by this section, which by necessity must travel more than 10 miles or where by nature of the terrain or obstacles the flags or lights referred to in subdivision (2) of this subsection are not visible from both directions for 300 feet at any point along the proposed route, must be preceded at a distance of 300 feet and followed at a distance of 300 feet by a flagman in a vehicle having mounted thereon an appropriate warning light or flag. No flagman in a vehicle shall be required pursuant to this subdivision if the equipment is being moved under its own power or on a trailer from any field to another field, or from the normal place of storage of the vehicle to any field, for no more than ten miles and if visible from both directions for 300 feet at any point along the proposed route.

(4) Every piece of equipment so operated shall operate to the right of the center line unless the combined width of the traveling lane and the accessible shoulder is less than the width of the equipment.

(5) Repealed by Session Laws 2008 -221, s. 6, effective September 1, 2008.

(6) When the equipment is causing a delay in traffic, the operator of the equipment shall move the equipment off the paved portion of the highway at the nearest practical location until the vehicles following the equipment have passed.

(7) The equipment shall be operated in the designed transport position that minimizes equipment width. No removal of equipment or appurtenances is required under this subdivision.

(8) Equipment covered by this subsection shall not be operated on a highway or section of highway that is a fully controlled access highway or is a part of the National System of Interstate and Defense Highways without authorization from the North Carolina Department of Transportation. The Department shall develop an authorization process and approve routes under the following conditions:

a. Persons shall submit an application to the Department requesting authorization to operate equipment covered by this subsection on a particular route that is part of a highway or section of highway that is a

fully controlled access highway or is a part of the National System of Interstate and Defense Highways.
b. The Department shall have a period of 30 days from receipt of a complete application to approve or reject the application. A complete application shall be deemed approved if the Department does not take action within 30 days of receipt by the Department; such a route may then be used by the original applicant.
c. The Department shall approve an application upon a showing that the route is necessary to accomplish one or more of the following:
1. Prevent farming operations from traveling more than five miles longer than the requested route during the normal course of business.
2. Prevent excess traffic delays on local or secondary roads.
3. Allow farm equipment access due to dimension restrictions on local or secondary roads.
d. For applications that do not meet the requirements of sub-subdivision c. of this subdivision, the Department may also approve an application upon review of relevant safety factors.
e. The Department may consult with the North Carolina State Highway Patrol, the North Carolina Department of Agriculture and Consumer Services, or other parties concerning an application.
f. Any approved route may be subject to any of the following additional conditions:
1. A requirement that the subject equipment be followed by a flag vehicle with flashing lights that shall be operated at all times on the route so as to be visible from a distance of at least 300 feet.
2. Restrictions on maximum and minimum speeds of the equipment.
3. Restrictions on the maximum dimensions of the equipment.
4. Restrictions on the time of day that the equipment may be operated on the approved route.
g. The Department shall publish all approved routes, including any conditions on the routes' use, and shall notify appropriate State and local law enforcement officers of any approved route.
h. Once approved for use and published by the Department, a route may be used by any person who adheres to the route, including any conditions on the route's use imposed by the Department.
NC General Statutes - Chapter 20 335i. The Department may revise published routes as road conditions on the routes change.
(k) Nothing in this section shall be construed to prevent the operation of passenger buses having an overall width of 102 inches, exclusive of safety equipment, upon the highways of this State which are 20 feet or wider and that are designated as the State primary system, or as municipal streets, when, and not until, the federal law and regulations thereunder permit the operation of passenger buses having a width of 102 inches or wider on the National System of Interstate and Defense Highways.
(l) Nothing in this section shall be construed to prevent the operation of passenger buses that are owned and operated by units of local government, operated as a single vehicle and having an overall length of 45 feet or less or as an articulated vehicle and having an overall length of 65 feet or less, on public streets or highways. The Department of Transportation may prevent the operation of buses that are authorized under this subsection if the operation of such buses on a street or highway presents a hazard to passengers of the buses or to the motoring public.
(m) Notwithstanding subsection (a) of this section, a boat or boat trailer with an outside width of less than 120 inches may be towed without a permit. The towing of a boat or boat trailer 102 inches to 114 inches in width may take place on any day of the week, including weekends and holidays, and may take place at night. The towing of a boat or boat trailer 114 inches to 120 inches in width may take place on any day of the week, including weekends and holidays from sun up to sun down. A boat or boat trailer in excess of 102 inches but less than 120 inches must be equipped with a minimum of two operable amber lamps on the widest point of the boat and the boat trailer such that the dimensions of the boat and the boat trailer are clearly marked and visible.
(n) Vehicle combinations used in connection with motorsports competition events that

include a cab or other motorized vehicle unit with living quarters, and an attached enclosed specialty trailer, the combination of which does not exceed 90 feet in length, may be operated on the highways of this State, provided that such operation takes place for one or more of the following purposes:

(1) Driving to or from a motorsports competition event.

(2) For trips conducted for the purpose of purchasing fuel or conducting repairs or other maintenance on the competition vehicle.

(3) For other activities related to motorsports purposes, including, but not limited to, performance testing of the competition vehicle.

The Department of Transportation may prohibit combinations authorized by this subsection from specific routes, pursuant to G.S. 20 -115.1(b).

(o) Any vehicle carrying baled hay from place to place on the same farm, from one farm to another, from farm to market, or from market to farm that does not exceed 12 feet in width may be operated on the highways of this State. Vehicles carrying baled hay that exceed 10 feet in width may only be operated under the following conditions:

(1) The vehicle may only be operated during daylight hours.

(2) The vehicle shall display a red flag or a flashing warning light on both the rear and front ends. The flags or lights shall be attached to the equipment as to be visible from both directions at all times while being operated on the public highway for not less than 300 feet.

(p) Notwithstanding any provision of this section to the contrary, the following may operate on the highways of this State without an oversize permit for the purpose of Department snow removal and snow removal training operations:

NC General Statutes - Chapter 20 336(1) Truck supporting snow plows with blades not exceeding 12 feet in width. A truck operated pursuant to this subdivision shall have adequate illumination when the plow is in the up and the down positions; visible signal lights; and a plow that is angled so that the minimum width is exposed to oncoming traffic during periods of travel between assignments.

See exception in subdivision (c)(1) of this section.
(4) The Department of Transportation may establish light-traffic roads and further restrict the axle weight limit on such light-traffic roads lower than the statutory limits. The Department of Transportation has the authority to designate any highway on the State Highway System, excluding routes designated by I, U.S. and N.C., as a light-traffic road when in the opinion of the Department of Transportation, the road is inadequate to carry and will be injuriously affected by vehicles using the road carrying the maximum axle weight. All such roads so designated shall be conspicuously posted as light-traffic roads and the maximum axle weight authorized shall be displayed on proper signs erected thereon.
(c) Exceptions. – The following exceptions apply to subsections (b) and (e) of this section:

(1) Two consecutive sets of tandem axles may carry a gross weight of 34,000 pounds each without penalty provided the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.
(2) When a vehicle is operated in violation of subdivision (b)(1), (b)(2), or (b)(3) of this section, but the gross weight of the vehicle or combination of vehicles does not exceed that permitted by subdivision (b)(3) of this section, the owner of the vehicle shall be permitted to shift the load within the vehicle, without penalty, from one axle to another to comply with the weight limits in the following cases:
a. Where the single -axle load exceeds the statutory limits, but does not exceed 21,000 pounds.
b. Where the vehicle or combination of vehicles has tandem axles, but the tandem -axle weight does not exceed 40,000 pounds.
(3) When a vehicle is operated in violation of subdivision (b)(4) of this section, the owner of the vehicle shall be permitted, without penalty, to shift the load within the vehicle from one axle to another to comply with the weight limits where the single -axle weight does not exceed the posted limit by 2,500 pounds.
(4) A truck or other motor vehicle shall be exempt from the light-traffic road limitations provided for pursuant to subdivision (b)(4) of this section, when transporting supplies, material, or equipment necessary to carry out a farming operation engaged in the production of meats and agricultural crops and livestock or poultry by-products or a business engaged in the harvest or processing of seafood when the destination of the vehicle and load is located solely upon a light-traffic road.
NC General Statutes - Chapter 20 340(5) The light-traffic road limitations provided for pursuant to subdivision (b)(4) of this section do not apply to a vehicle while that vehicle is transporting only the following from its point of origin on a light-traffic road to either one of the two nearest highways that is not a light-traffic road. If that vehicle's point of origin is a non-light-traffic road and that road is blocked by light-traffic roads from all directions and is not contiguous with other non-light-traffic roads, then the road at point of origin is treated as a light-traffic road for purposes of this subdivision:

(5) A violation of a weight limit in this section or of a permitted weight under G.S. 20 -119 is not punishable under G.S. 20 -176.
(6) The penalty for violating the gross weight or axle-group weight by a dump truck or dump trailer vehicle transporting bulk soil, bulk rock, sand, sand rock, or asphalt millings intrastate from a site that does not have a certified scale for weighing the vehicle is one-half of the amount it otherwise would be under subdivisions (1) and (3) of this subsection.
(7) The clear proceeds of all civil penalties, civil forfeitures, and civil fines that are collected by the Department of Transportation pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C -457.2.
(f) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 761, s. 15.
(g) This section does not permit the gross weight of any vehicle or combination in excess of the safe load carrying capacity established by the Department of Transportation on any bridge pursuant to G.S. 136 -72.
(h) Tolerance. – A vehicle may exceed maximum and the inner axle-group weight limitations set forth in subdivision (b)(3) of this section by a tolerance of ten percent (10%). This exception does not authorize a vehicle to exceed either the single -axle or tandem -axle weight limitations set forth in subdivisions (b)(1) and (b)(2) of this section, or the maximum gross weight limit of 80,000 pounds. This exception does not apply to a vehicle exceeding posted bridge weight limitations as posted under G.S. 136 -72 or to vehicles operating on interstate highways. The tolerance allowed under this subsection does not authorize the weight of a vehicle to exceed the weight for which that vehicle is licensed under G.S. 20 -88. No tolerance on the single -axle weight or the tandem -axle weight provided for in subdivisions (b)(1) and (b)(2) of this section shall be granted administratively or otherwise. The Department of Transportation shall report back to the Transportation Oversight Committee and to the General Assembly on the effects of the tolerance granted under this section, any abuses of this tolerance, and any suggested revisions to this section by that Department on or before May 1, 1998.
(i) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 761, s. 16.
(j) Repealed by Session Laws 1987, c. 392.
(k) A vehicle which is equipped with a self-loading bed and which is designed and used exclusively to transport compressed seed cotton from the farm to a cotton gin, or sage to market, may operate on the highways of the State, except interstate highways, with a tandem -axle weight not exceeding 50,000 pounds. Such vehicles are exempt from light-traffic road limitations only from point of origin on the light-traffic road to the nearest State -maintained road which is not posted to prohibit the transportation of statutory load limits. This exemption does not apply to restricted, posted bridge structures.
(l) A vehicle or vehicle combination that hauls unhardened ready -mixed concrete may be weighed with weigh in motion scales, but the vehicle or vehicle combination must be weighed static, allowing the drum to come to a complete stop. § 20-118.1. Officers may weigh vehicles and require overloads to be removed.

A law enforcement officer may stop and weigh a vehicle to determine if the vehicle's weight is in compliance with the vehicle's declared gross weight and the weight limits set in this Part. The officer may require the driver of the vehicle to drive to a scale located within five miles of where the officer stopped the vehicle.

Any person operating a vehicle or a combination of vehicles having a GVWR of 10,001 pounds or more or any vehicle transporting hazardous materials that is required to be placarded under 49 C.F.R. § 171-180 must enter a permanent weigh station or temporary inspection or weigh site as directed by duly erected signs or an electronic transponder for the purpose of being electronically screened for compliance, or weighed, or inspected.

If the vehicle's weight exceeds the amount allowable, the officer may detain the vehicle until the overload has been removed. Any property removed from a vehicle because the vehicle was overloaded is the responsibility of the owner or operator of the vehicle. The State is not liable for damage to or loss of the removed property.

Failure to permit a vehicle to be weighed or to remove an overload is a misdemeanor of the Class set in G.S. 20-176. An officer must weigh a vehicle with a scale that has been approved by the Department of Agriculture and Consumer Services.

A privately owned noncommercial horse trailer constructed to transport four or fewer horses shall not be required to stop at any permanent weigh station in the State while transporting horses, unless the driver of the vehicle hauling the trailer is directed to stop by a law enforcement officer. A "privately owned noncommercial horse trailer" means a trailer used solely for the occasional transportation of horses and not for compensation or in furtherance of a commercial enterprise. (1927, c. 148, s. 37; 1949, c. 1207, s. 3; 1951, c. 1013, s. 4; 1979, c. 436, ss. 1, 2; 1981 (Reg. Sess., 1982), c. 1259, s. 2; 1993, c. 539, s. 356; 1994, Ex. Sess., c. 24, s. 14(c); 1995, c. 109, s. 4; 1997 -261, s. 109; 2001 -487, s. 50(f); 2003 -338, s. 1.)

§ 20-118.2. Authority to fix higher weight limitations at reduced speeds for certain vehicles.

The Department of Transportation is hereby authorized and empowered to fix higher weight limitations at reduced speeds for vehicles used in transporting property when the point of origin or destination of the motor vehicles is located upon any light traffic highway, county road, farm -to-market road, or any other roads of the secondary system only and/or to the extent only that

the motor vehicle is necessarily using said highway in transporting the property from the bona fide
point of origin of the property being transported or to the bona fide point of destination of said property and such weights may be different from the weight of those vehicles otherwise using such roads. (1951, c. 1013, s. 7A; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 34.)

§ 20-118.3. Vehicle or combination of vehicles operated without registration plate subject to civil penalty.

Any vehicle or combination of vehicles being operated upon the highway of this State either by a resident or nonresident without having been issued therefor a registration plate by the appropriate jurisdiction shall be subject to a civil penalty equal to the North Carolina annual fee for the gross weight of the vehicle and in addition thereto the license fee applicable for the remainder of the current registration year, provided a nonresident shall pay the North Carolina license fee or furnish satisfactory proof of payment of required registration fee to its base jurisdiction. The civil penalties provided for in this section shall not be enforceable through criminal sanctions and the provisions of G.S. 20-176 shall not apply to this section. (1981 Reg. Sess., 1982), c. 1259, s. 1.)

§ 20-118.4. Firefighting equipment exempt from size and weight restrictions while

transporting or moving heavy equipment for emergency response and preparedness and fire prevention; permits.

(a) Exemption From Weight and Size Restrictions. – Any overweight or oversize vehicle owned and operated by a State or local government or cooperating federal agency is exempt from the weight and size restrictions of this Chapter and implementing rules while it is actively engaged in (i) a response to a fire under the authority of a forest ranger pursuant to G.S. 106-899(a); (ii) a county request for forest protection assistance pursuant to G.S. 106-906; (iii) a request for assistance under a state of emergency declared pursuant to G.S. 166A -19.20 or G.S. 166A -19.22, and any other applicable statutes and provisions of common law; (iv) a request for assistance under a disaster declared pursuant to G.S. 166A -19.21; or (v) performance of other required duties for emergency preparedness and fire prevention, when the vehicle meets the following conditions:

(1) The vehicle weight does not exceed the manufacturer's GVWR or 90,000 pounds gross weight, whichever is less.

(2) The tri-axle grouping weight does not exceed 50,000 pounds, tandem axle weight does not exceed 42,000 pounds, and the single axle weight does not exceed 22,000 pounds.

(3) A vehicle/vehicle combination does not exceed 12 feet in width and a total overall vehicle combination length of 75 feet from bumper to bumper.

(b) Marking, Lighting, and Bridge Requirements. – Vehicle/vehicle combinations subject to an exemption or permit under this section shall not be exempt from the requirement of a yellow banner on the front and rear measuring a total length of seven feet by 18 inches bearing the legend "Oversize Load" in 10 inch black letters 1.5 inches wide, and red or orange flags measuring 18 inches square to be displayed on all sides at the widest point of load. In addition, when operating between sunset and sunrise, flashing amber lights shall be displayed on each side of the load at the widest point. Vehicle/vehicle combinations subject to an exemption or permit under this section shall not exceed posted bridge limits without prior approval from the Department of Transportation.

NC General Statutes - Chapter 20 348(c) Definition of "Response." – A response lasts from the time an overweight or oversize vehicle is requested until the vehicle is returned to its base location and restored to a state of readiness for another response.

(c1) Definition of "Preparedness and Fire Prevention." – Movement of equipment for the purpose of hazardous fuel reduction, training, equipment maintenance, pre-suppression fire line installation, fire prevention programs, and equipment staging. In order to qualify for the exception in subsection (a) of this section, equipment must remain configured during movement for one or more of these purposes.

(d) Discretionary Annual or Single Trip Permit for Emergency Response by a Commercial Vehicle. – The Department of Transportation may, in its discretion, issue an annual or single trip special use permit waiving the weight and size restrictions of this Chapter and implementing rules for a commercial overweight or oversize vehicle actively engaged in a response to a fire or a request for assistance from a person authorized to direct emergency operations. The Department of Transportation may condition the permit with safety measures that do not unreasonably delay a response. The Department of Transportation may issue the single trip special use permit upon verbal communication, provided the requestor submits appropriate documentation and fees on the next business day.

(e) No Liability for Issuance of Permit Under This Section. – The action of issuing a permit by the Department of Transportation under this section is a governmental function and does not subject the Department of Transportation to liability for injury to a person or damage to property as a result of the activity. (2007 -290, s. 1; 2012 -12, s. 2(g); 2012 -78, s. 7.)

§ 20-119. Special permits for vehicles of excessive size or weight; fees.

(a) The Department of Transportation may, in its discretion, upon application, for good cause being shown therefor, issue a special permit in writing authorizing the applicant to operate or move a vehicle of a size or weight exceeding a maximum specified in this Article upon any highway under the jurisdiction and for the maintenance of which the body granting the permit is responsible. However, the Department is not authorized to issue any permit to operate or move over the State highways twin trailers, commonly referred to as double bottom trailers. Every such permit shall be carried in the vehicle to which it refers and shall be open to inspection by any peace officer. The authorities in any incorporated city or town may grant permits in writing and for good cause shown, authorizing the applicant to move a vehicle over the streets of such city or town, the size or weight exceeding the maximum expressed in this Article. The Department of Transportation shall issue rules to implement this section.

(a1) Where permitted by the posted road and bridge limits, the Department may issue a single trip permit for a vehicle or vehicle combination responding to an emergency event that could result in severe damage, injury, or loss of life or property resulting from any natural or man-made emergency as determined by either the Secretary of Public Safety or the Secretary of Transportation or their designees. A permit issued under this subsection may allow for travel from a specific origin to destination and return 24 hours a day, seven days a week, including holidays. Permits issued under this subsection shall include a requirement for banners, flags, and other safety devices, as determined by the Department, and a requirement for a law enforcement escort or a vehicle being operated by a certified escort vehicle operator if traveling between sunset and sunrise. To obtain authorization to travel during restricted times, application shall be made with any required documentation to the proper officials as designated by the Department. If an emergency permit is issued under this subsection, the requestor shall contact the Department of
NC General Statutes - Chapter 20 349Transportation's central permit office on the next business day to complete any further documentation and pay the applicable fees.
(b) Upon the issuance of a special permit for an oversize or overweight vehicle by the Department of Transportation in accordance with this section, the applicant shall pay to the Department for a single trip permit a fee of twelve dollars ($12.00) for each dimension over lawful dimensions, including height, length, width, and weight up to 132,000 pounds. For overweight vehicles, the applicant shall pay to the Department for a single trip permit in addition to the fee imposed by the previous sentence a fee of three dollars ($3.00) per 1,000 pounds over 132,000 pounds.
Upon the issuance of an annual permit for a single vehicle, the applicant shall pay a fee in accordance with the following schedule:
Commodity: Annual Fee:
Annual Permit to
Move House Trailers or Trailer Frames $200.00
Annual Permit to Move Other Commodities $185.00
In addition to the fees set out in this subsection, applications for permits that require an engineering study for pavement or structures or other special conditions or considerations shall be accompanied by a nonrefundable application fee of one hundred dollars ($100.00).
This subsection does not apply to farm equipment or machinery being used at the time for agricultural purposes, nor to the moving of a house as provided for by the license and permit requirements of Article 16 of this Chapter. Fees will not be assessed for permits for oversize and overweight vehicles issued to any agency of the United States Government or the State of North Carolina, its agencies, institutions, subdivisions, or municipalities if the vehicle is registered in the name of the agency.
(b1) Neither the Department nor the Board may require review or renewal of annual permits, with or without fee, more than once per calendar year.
(b2) The Department shall issue single trip permits for the transport and delivery of a manufactured or modular home with a maximum width of 16 feet and a gutter edge that does not exceed three inches from the manufacturer to an authorized dealership within this State, for delivery of a manufactured or modular home by a manufacturer and authorized dealer or their transporters to a location within this State, and for transport and delivery of a manufactured or modular home by a homeowner from one location to another within this State. The Department shall promulgate rules that set the days allowed for transport and delivery, times of day transport or delivery may occur, the display and use of banners and escort vehicles for public safety purposes, and any other reasonable rules as are necessary to promote public safety and commerce. For the purposes of this subsection, manufactured home and modular home shall have the same meanings as those terms are defined in G.S. 105 -164.3.
(b3) For a special permit issued under this section for the transport and delivery of cargo, containers, or other equipment, the Department may allow travel after sunset if the Department determines it will be safe and expedite traffic flow. The Department shall not include a term or condition prohibiting travel after sunset for any permitted shipments going to or from international ports. Nothing in this subsection precludes the Department from restricting movements it determines to be unsafe.
(c) Nothing in this section shall require the Department of Transportation to issue any permit for any load.
NC General Statutes - Chapter 20 350(d) For each violation of any of the terms or conditions of a special permit issued or where a permit is required but not obtained under this section the Department of Public Safety shall assess a civil penalty for each violation against the registered owner of the vehicle as follows:

(1) A fine of one thousand five hundred dollars ($1,500) for operating without the proper number of certified escorts as determined by the actual loaded weight or size of the vehicle combination.
(1a) A fine of five hundred dollars ($500.00) for any of the following: operating without the issuance of a permit, moving a load off the route specified in the permit, falsifying information to obtain a permit, or failing to comply with dimension restrictions of a permit.
(2) A fine of two hundred fifty dollars ($250.00) for moving loads beyond the distance allowances of an annual permit covering the movement of house trailers from the retailer's premises or for operating in violation of time of travel restrictions.
(3) A fine of one hundred dollars ($100.00) for any other violation of the permit conditions or requirements imposed by applicable regulations.
The Department of Transportation may refuse to issue additional permits or suspend existing permits if there are repeated violations of subdivision (1), (1a), or (2) of this subsection.
(d1) In addition to the penalties assessed under subsection (d) of this section, the Department of Public Safety shall assess a civil penalty, not to exceed ten thousand dollars ($10,000), in accordance with G.S. 20 -118(e)(1) and (e)(3) against the registered owner of the vehicle for any of the following:
(1) Operating without the issuance of a required permit.
(2) Operating off permitted route of travel.
(3) Failing to comply with travel restrictions of the permit.
(4) Operating without the proper vehicle registration or license for the class of vehicle being operated.
A violation of this subsection constitutes operating a vehicle without a special permit.
(e) It is the intent of the General Assembly that the permit fees provided in G.S. 20 -119 shall be adjusted periodically to assure that the revenue generated by the fees is equal to the cost to the Department of administering the Oversize/Overweight Permit Unit Program within the Division of Highways. At least every two years, the Department shall review and compare the revenue generated by the permit fees and the cost of administering the program, and shall report to the Joint Legislative Transportation Oversight Committee created in G.S.120 -70.50 its recommendations for adjustments to the permit fees to bring the revenues and the costs into alignment.
(f) The Department of Transportation shall issue rules to establish an escort driver training and certification program for escort vehicles accompanying oversize/overweight loads. Department issued eligibility requirements for escort driver training and certification shall not include a minimum age for an escort driver greater than 18 years of age or that the applicant possess a commercial drivers license. A person that possesses a valid Class A commercial drivers license may sit for an escort vehicle certification examination without meeting any additional education or training requirements. Any driver operating a vehicle escorting an oversize/overweight load shall meet any training requirements and obtain certification under the rules issued pursuant to this subsection. These rules may provide for reciprocity with other states having similar escort certification programs. The Department shall allow third parties, including
employers of escort drivers, to train and certify escort drivers pursuant to the rules issued by the
Department to implement this subsection. Certification credentials for the driver of an escort vehicle shall be carried in the vehicle and be readily available for inspection by law enforcement personnel. The escort and training certification requirements of this subsection shall not apply to the transportation of agricultural machinery until October 1, 2004. The Department of Transportation shall develop and implement an in-house training program for agricultural machinery escorts by September 1, 2004. A motor vehicle intended to be used as an escort vehicle must meet all of the following requirements:
(1) Meets all legal requirements for travel on a roadway in the State of North Carolina.
(2) Is a single motor vehicle with a GVWR of at least 2,000 pounds and not more than 26,000 pounds.
(3) Is not transporting hazardous materials while being used as an escort vehicle.
(4) Is not pulling a trailer while being used as an escort vehicle.
(5) Is equipped with lighting that is visible from all directions.
(g) The Department of Transportation shall issue annual overwidth permits for the

following:
(1) A vehicle carrying agricultural equipment or machinery from the dealer to the farm or from the farm to the dealer that does not exceed 14 feet in width. A permit issued under this subdivision is valid for unlimited movement without escorts on all State highways where the overwidth vehicle does not exceed posted bridge and load limits.
(2) A boat or boat trailer whose outside width equals or exceeds 120 inches. A permit issued under this subdivision must restrict a vehicle's towing of the boat or boat trailer to daylight hours only.
(h) No law enforcement officer shall issue a citation to a person for a violation of this section if the officer is able to determine by electronic means that the person has a permit valid at the time of the violation but does not have the permit in his or her possession. Any person issued a citation pursuant to this section who does not have the permit in his or her possession at the time of the issuance of the citation shall not be responsible for a violation, and the Department of Public Safety may not impose any fines under this section if the person submits evidence to the Department of the existence of a permit valid at the time of the violation within 30 days of the date of the violation.
(i) One, two, or three steel coils, transported on the same vehicle, shall be considered a nondivisible load for purposes of permit issuance pursuant to this section.
(j) Electric vehicle batteries, transported on the same vehicle with a weight up to 132,000 pounds, shall be considered a nondivisible load for purposes of permit issuance pursuant to this section. In addition to the fee set out in subsection (b) of this section, upon issuance of an annual permit to transport electric vehicle batteries, the applicant shall pay to the Department a fee of four hundred ninety -eight dollars ($498.00). (1937, c. 407, s. 83; 1957, c. 65, s. 11; 1959, c. 1129; 1973, c. 507, s. 5; 1977, c. 464, s. 34; 1981, c. 690, ss. 31, 32; c. 736, ss. 1, 2; 1989, c. 54; 1991, c. 604, ss. 1, 2; c. 689, s. 334; 1993, c. 539, s. 357; 1994, Ex. NC General Statutes - Chapter 20 352§ 20-119.1. Use of excess overweight and oversize fees.
Funds generated by overweight and oversize permit fees in excess of the cost of administering the program, as determined pursuant to G.S. 20-119(e), shall be used for highway and bridge maintenance required as a result of damages caused from overweight or oversize loads. (2005 -276, s. 28.5.)
§ 20-120. Operation of flat trucks on State highways regulated; trucks hauling leaf tobacco in barrels or hogsheads.
It shall be unlawful for any person, firm or corporation to operate, or have operated on any public highway in the State any open, flat truck loaded with logs, cotton bales, boxes or other load piled on said truck, without having the said load securely fastened on said truck.
It shall be unlawful for any firm, person or corporation to operate or permit to be operated on any highway of this State a truck or trucks on which leaf tobacco in barrels or hogsheads is carried unless each section or tier of such barrels or hogsheads are reasonably securely fastened to such truck or trucks by metal chains or wire cables, or manila or hemp ropes of not less than five-eighths inch in diameter, to hold said barrels or hogsheads in place under any ordinary traffic or road condition: Provided that the provisions of this paragraph shall not apply to any truck or trucks on which the hogsheads or barrels of tobacco are arranged in a single layer, tier, or plane, it being the intent of this paragraph to require the use of metal chains or wire cables only when barrels or hogsheads of tobacco are stacked or piled one upon the other on a truck or trucks. Nothing in this paragraph shall apply to trucks engaged in transporting hogsheads or barrels of tobacco between factories and storage houses of the same company unless such hogsheads or barrels are placed upon the truck in tiers. In the event the hogsheads or barrels of tobacco are placed upon the truck in tiers same shall be securely fastened to the said truck as hereinbefore provided in this paragraph. Any person violating the provisions of this section shall be guilty of a Class 2 misdemeanor. (1939, c. 114; 1947, c. 1094; 1953, c. 240; 1993, c. 539, s. 358; 1994, Ex. Sess., c. 24, s. 14(c).)
§ 20-121. When authorities may restrict right to use highways.
The Department of Transportation or local authorities may prohibit the operation of vehicles upon or impose restrictions as to the weight thereof, for a total period not to exceed 90 days in any one calendar year, when operated upon any highway under the jurisdiction of and for the maintenance of which the body adopting the ordinance is responsible, whenever any said highway by reason of deterioration, rain, snow or other climatic conditions will be damaged unless the use

of vehicles thereon is prohibited or the permissible weights thereof reduced. The local authority enacting any such ordinance shall erect, or cause to be erected and maintained, signs designating the provisions of the ordinance at each end of that portion of any highway to which the ordinance is applicable, and the ordinance shall not be effective until or unless such signs are erected and maintained. (1937, c. 407, s. 84; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 34.)

§ 20-121.1. Operation of a low-speed vehicle, mini -truck, or modified utility vehicle on certain roadways.

limit is 55 miles per hour or less; provided, a modified utility vehicle may not be operated on any street or highway having four or more travel lanes unless the posted speed limit is 35 miles per hour or less. This subdivision does not prohibit a low-speed vehicle, mini-truck, or modified utility vehicle from crossing a road or street at an intersection where the road or street being crossed has a posted speed limit of more than 35 miles per hour.

(2) A low-speed vehicle or mini-truck shall be equipped with headlamps, stop lamps, turn signal lamps, tail lamps, reflex reflectors, parking brakes, rearview mirrors, windshields, windshield wipers, speedometer, seat belts, and a vehicle identification number. Any such required equipment shall be maintained in proper working order.

(2a) A modified utility vehicle shall be equipped with headlamps, stop lamps, turn signal lamps, tail lamps, reflex reflectors, parking brakes, rearview mirrors, a speedometer, seat belts, and a vehicle identification number. Any such required equipment shall be maintained in proper working order. If a modified utility vehicle does not have a vehicle identification number, upon application by the owner, the Division shall assign a vehicle identification number to the modified utility vehicle prior to registration. The operator of and all passengers on a modified utility vehicle that is not equipped with a windshield and windshield wipers shall wear a safety helmet, with a retention strap properly secured, that complies with Federal Motor Vehicle Safety Standard (FMVSS) 218.

(3) A low-speed vehicle, mini-truck, or modified utility vehicle shall be registered and insured in accordance with G.S. 20 -50 and G.S. 20 -309.

(4) Notwithstanding the provisions of any other subdivision of this section, the Department of Transportation may prohibit the operation of low-speed vehicles, mini-trucks, or modified utility vehicles on any road or highway if it determines that the prohibition is necessary in the interest of safety.

(5) Low-speed vehicles must comply with the safety standards in 49 C.F.R. § 571.500.

(6) Regardless of age, a mini-truck shall not qualify as an antique vehicle or historic vehicle as described in G.S. 20 -79.4(b). (2001 -356, s. 5; 2019 -34, s. 3; 2020 -40, s. 3; 2021 -33, s. 2.)

(1) A neighborhood occupantless vehicle may be operated only on streets and highways where the posted speed limit is 45 miles per hour or less.

(2) A neighborhood occupantless vehicle must be operated in the right -hand travel lane or as close as practicable to the right -hand curb or edge of the street or highway, except when preparing for a left turn.

(3) On a highway with two travel lanes, a neighborhood occupantless vehicle must turn off the roadway to a controlled stop as soon as practicable and when it is safe to do so to allow faster moving vehicles to pass when passing is unsafe

because of traffic in the opposite direction or other conditions and there are five or more vehicles immediately behind the neighborhood occupantless vehicle.

(b) Equipment Exemptions. – A fully autonomous vehicle that is designed to be operated exclusively and at all times by an automated driving system shall not be subject to any State law or

regulation requiring the installation, maintenance, or inspection of vehicle equipment that relates to or supports motor vehicle operation by a human driver, but is not necessary for operation by an automated driving system alone. "Automated driving system" is defined in G.S. 20 -400. (2021 -179, s. 2.)

§ 20-122. Restrictions as to tire equipment.

(a) No vehicle will be allowed to move on any public highway unless equipped with tires of rubber or other resilient material which depend upon compressed air, for support of a load, except by special permission of the Department of Transportation which may grant such special permits upon a showing of necessity. This subsection shall have no application to the movement of farm vehicles on highways.

(b) No tire on a vehicle moved on a highway shall have on its periphery any block, stud, flange, cleat or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it shall be permissible to use farm machinery with tires having protuberances which will not injure the highway and except, also, that it shall be permissible to use tire chains of reasonable proportions upon any vehicle when required for safety because of snow, ice or other conditions tending to cause a vehicle to slide or skid. It shall be permissible to use upon any vehicle for increased safety, regular and snow tires with studs which project beyond the tread of the traction surface of the tire not more than one sixteenth of an inch when compressed.

(c) The Department of Transportation or local authorities in their respective jurisdictions may, in their discretion, issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugation upon the periphery of such movable tracks or farm tractors or other farm machinery.

(d) It shall not be unlawful to drive farm tractors on dirt roads from farm to farm: Provided, in doing so they do not damage said dirt roads or interfere with traffic. (1937, c. 407, s. 85; 1939, c. 266; 1957, c. 65, s. 11; 1965, c. 435; 1973, c. 507, s. 5; 1977, c. 464, s. 34; 1979, c. 515.)

§ 20-122.1. Motor vehicles to be equipped with safe tires.

(a) Every motor vehicle subject to safety equipment inspection in this State and operated on the streets and highways of this State shall be equipped with tires which are safe for the operation of the motor vehicle and which do not expose the public to needless hazard. Tires shall be considered unsafe if cut so as to expose tire cord, cracked so as to expose tire cord, or worn so as to expose tire cord or there is a visible tread separation or chunking or the tire has less than two thirty -seconds inch tread depth at two or more locations around the circumference of the tire in two adjacent major tread grooves, or if the tread wear indicators are in contact with the roadway at two or more locations around the circumference of the tire in two adjacent major tread grooves: Provided, the two thirty -seconds tread depth requirements of this section shall not apply to dual wheel trailers. For the purpose of this section, the following definitions shall apply:

(1) "Chunking" – separation of the tread from the carcass in particles which may range from very small size to several square inches in area.

(2) "Cord" – strands forming a ply in a tire.

NC General Statutes - Chapter 20 355(3) "Tread" – portion of tire which comes in contact with road.

(4) "Tread depth" – the distance from the base of the tread design to the top of the tread.

(a1) Any motor vehicle that has a GVWR of at least 10,001 pounds or more and is operated on the streets or highways of this State shall be equipped with tires that are safe for the operation of the vehicle and do not expose the public to needless hazard. A tire is unsafe if any of the following applies:

(1) It is cut, cracked, or worn so as to expose tire cord.

(2) There is a visible tread separation or chunking.

(3) The steering axle tire has less than four thirty -seconds inch tread depth at any location around the circumference of the tire on any major tread groove.

(4) Any nonsteering axle tire has less than two thirty -seconds inch tread depth around the circumference of the tire in any major tread groove.

It shall be a defense to any such charge that the person arrested produce in court, or submit to the prosecuting attorney prior to trial, a certificate from an official safety inspection equipment station showing that within 15 calendar days after such arrest, the tires

on such vehicle had been made to conform with the requirements of this section or that such vehicle had been sold, destroyed, or permanently removed from the highways. Violation of this section shall not constitute negligence per se. (1969, c. 378, s. 1; c. 1256; 1985, c. 93, ss. 1, 2; 2009 -376, s. 5.)

The towing of farm trailers and equipment allowed by this subsection does not apply to interstate or federal numbered highways.

(b) No trailer or semitrailer or other towed vehicle shall be operated over the highways of the State unless such trailer or semitrailer or other towed vehicle be firmly attached to the rear of the towing unit, and unless so equipped that it will not snake, but will travel in the path of the vehicle drawing such trailer or semitrailer or other towed vehicle, which equipment shall at all times be kept in good condition.

(c) In addition to the requirements of subsections (a) and (b) of this section, the towed vehicle shall be attached to the towing unit by means of safety chains or cables which shall be of sufficient strength to hold the gross weight of the towed vehicle in the event the primary towing device fails or becomes disconnected while being operated on the highways of this State if the primary towing attachment is a ball hitch. Trailers and semitrailers having locking pins or bolts in the towing attachment to prevent disconnection, and the locking pins or bolts are of sufficient strength and condition to hold the gross weight of the towed vehicle, need not be equipped with safety chains or cables unless their operation is subject to the requirements of the Federal Motor Carrier Safety Regulations. Semitrailers in combinations of vehicles that are equipped with fifth wheel assemblies that include locking devices need not be equipped with safety chains or cables.

NC General Statutes - Chapter 20 356(1937, c. 407, s. 86; 1955, c. 296, s. 3; 1963, c. 356, s. 2; c. 1027, s. 2; 1965, c. 966; 1971, c. 639;

If these two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes.

(d) Every motorcycle and every motor -driven cycle when operated upon a highway shall be equipped with at least one brake which may be operated by hand or foot. For purposes of this section, the term "motorcycle" shall not include autocycles. Autocycles shall be subject to the requirements under this section for motor vehicles.

It shall be unlawful for any person or corporation engaged in the business of selling house trailers at wholesale or retail to sell or offer for sale any house trailer which is not equipped with the brakes required by this subsection.

This subsection shall not apply to house trailers being used as dwellings, or to house trailers not intended to be used or towed on public highways and roads. This subsection shall not apply to house trailers with a manufacturer's certificate of origin dated prior to December 31, 1974.

(g) The provisions of this section shall not apply to a trailer when used by a farmer, a farmer's tenant, agent, or employee if the trailer is exempt from registration by the provisions of G.S. 20-51. This exemption does not apply to trailers that are equipped with brakes from the manufacturer and that are manufactured after October 1, 2009.

A violation of this subsection shall not constitute negligence per se in civil actions. Farm tractors, self-propelled implements of husbandry and construction equipment and all self-propelled vehicles not subject to registration under this Chapter are exempt from the provisions of this section. Provided that pickup trucks equipped with an outside rearview mirror approved by the Commissioner shall be exempt from the inside rearview mirror provision of this section. Any inside mirror installed in any motor vehicle by its manufacturer shall be deemed to comply with the provisions of this subsection.

If a vehicle has more than one windshield wiper to clear substances from the windshield, all the windshield wipers shall be in good working order.
(b) Window Tinting Restrictions. – A window of a vehicle that is operated on a highway or a public vehicular area shall comply with this subsection. The windshield of the vehicle may be tinted only along the top of the windshield and the tinting may not extend more than five inches below the top of the windshield or below the AS1 line of the windshield, whichever measurement is longer. Provided, however, an untinted clear film which does not obstruct vision but which reduces or eliminates ultraviolet radiation from entering a vehicle may be applied to the windshield. Any other window of the vehicle may be tinted in accordance with the following restrictions:
(1) The total light transmission of the tinted window shall be at least thirty -five percent (35%). A vehicle window that, by use of a light meter approved by the Commissioner, measures a total light transmission of more than thirty -two percent (32%) is conclusively presumed to meet this restriction.
(2) The light reflectance of the tinted window shall be twenty percent (20%) or less.
(3) Tinted film or another material used to tint the window shall be nonreflective and shall not be red, yellow, or amber.
(b1) Notwithstanding subsection (b) of this section, a window of a vehicle that is operated on a public street or highway and which is subject to the provisions of Part 393 of Title 49 of the Code of Federal Regulations shall comply with the provisions of that Part.
(c) Tinting Exceptions. – The window tinting restrictions in subsection (b) of this section apply without exception to the windshield of a vehicle. The window tinting restrictions in subdivisions (b)(1) and (b)(2) of this section do not apply to any of the following vehicle windows:
(1) A window of an excursion passenger vehicle, as defined in G.S. 20 -4.01(27).
(2), (3) Repealed by Session Laws 2012 -78, s. 8, effective December 1, 2012. For applicability, see Editor's notes.

(2) Drives on a highway or a public vehicular area a vehicle that has a window that does not meet the window tinting restrictions set in this section.
(e) Defense. – It is a defense to a charge of driving a vehicle with an unlawfully tinted window that the tinting was removed within 15 days after the charge and the window now meets the window tinting restrictions. To assert this defense, the person charged shall produce in court, or submit to the prosecuting attorney before trial, a certificate from the Division of Motor Vehicles or the Highway Patrol showing that the window complies with the restrictions.
(f) Medical Exception. – A person who suffers from a medical condition that causes the person to be photosensitive to visible light may obtain a medical exception permit. To obtain a permit, an applicant shall apply in writing to the Drivers Medical Evaluation Program and have his or her doctor complete the required medical evaluation form provided by the Division. The permit shall be valid for five years from the date of issue, unless a shorter time is directed by the Drivers Medical Evaluation Program. The renewal shall require a medical recertification that the person continues to suffer from a medical condition requiring tinting.
A person may receive no more than two medical exception permits that are valid at any one time. A permit issued under this subsection shall specify the vehicle to which it applies, the windows that may be tinted, and the permitted levels of tinting. The permit shall be carried in the vehicle to which it applies when the vehicle is driven on a highway.
The Division shall give a person who receives a medical exception permit a sticker to place on the lower left-hand corner of the rear window of the vehicle to which it applies. The sticker shall be designed to give prospective purchasers of the vehicle notice that the windows of the vehicle do not meet the requirements of G.S. 20 -127(b), and shall be placed between the window and the tinting when the tinting is installed. (4) At any other time when windshield wipers are in use as a result of smoke, fog, rain, sleet, or snow, or when inclement weather or environmental factors severely reduce the ability to clearly discern persons and vehicles on the street and highway at a distance of 500 feet ahead, provided, however, the provisions of this subdivision shall not apply to instances when windshield wipers are used intermittently in misting rain, sleet, or snow. Any person violating this subdivision during the period from October 1, 1990, through December 31, 1991, shall be given a warning of the violation only. Thereafter, any person violating this subdivision shall have committed an infraction and shall pay a fine of five dollars ($5.00) and shall not be assessed court costs. (a) Offense. – No person shall drive a motor vehicle on a highway or the right -of-way of a highway:
(1) While there is an alcoholic beverage in the passenger area in other than the unopened manufacturer's original container or a container that remains securely sealed pursuant to G.S. 18B -1001(3), 18B-1001(5), or 18B-1001(10).
(2) While the driver is consuming alcohol or while alcohol remains in the driver's body.
(a1) Offense. – No person shall possess an alcoholic beverage other than in the unopened manufacturer's original container, or consume an alcoholic beverage, in the passenger area of a motor vehicle while the motor vehicle is on a highway or the right -of-way of a highway. For purposes of this subsection, only the person who possesses or consumes an alcoholic beverage in violation of this subsection shall be charged with this offense.
(a2) Exception. – It shall not be a violation of subsection (a1) of this section for a passenger to possess an alcoholic beverage other than in the unopened manufacturer's original container, or for a passenger to consume an alcoholic beverage, if the container is:
(1) In the passenger area of a motor vehicle that is designed, maintained, or used primarily for the transportation of persons for compensation;
(2) In the living quarters of a motor home or house car as defined in G.S. 20 -4.01(27)k.; or
(3) In a house trailer as defined in G.S. 20 -4.01(14).
(a3) Meaning of Terms. – Under this section, the term "motor vehicle" means any vehicle driven or drawn by mechanical power and manufactured primarily for use on public highways and includes mopeds.
NC General Statutes - Chapter 20 389(b) Subject to Implied -Consent Law. – An offense under this section is an alcohol -related offense subject to the implied -consent provisions of G.S. 20 -16.2.
(c) Odor Insufficient. – The odor of an alcoholic beverage on the breath of the driver is insufficient evidence to prove beyond a reasonable doubt that alcohol was remaining in the driver's body in violation of this section, unless the driver was offered an alcohol screening test or chemical analysis and refused to provide all required samples of breath or blood for analysis.
(d) Alcohol Screening Test. – Notwithstanding any other provision of law, an alcohol screening test may be administered to a driver suspected of violating subsection (a) of this section, and the results of an alcohol screening test or the driver's refusal to submit may be used by a law enforcement officer, a court, or an administrative agency in determining if alcohol was present in the driver's body. No alcohol screening tests are valid under this section unless the device used is one approved by the Commission for Public Health, and the screening test is conducted in accordance with the applicable regulations of the Commission as to the manner of its use.
(e) Punishment; Effect When Impaired Driving Offense Also Charged. – Violation of subsection (a) of this section shall be a Class 3 misdemeanor for the first offense and shall be a

Class 2 misdemeanor for a second or subsequent offense. Violation of subsection (a) of this section is not a lesser included offense of impaired driving under G.S. 20 -138.1, but if a person is convicted under subsection (a) of this section and of an offense involving impaired driving arising out of the same transaction, the punishment imposed by the court shall not exceed the maximum applicable to the offense involving impaired driving, and any minimum applicable punishment shall be imposed. Violation of subsection (a1) of this section by the driver of the motor vehicle is a lesser -included offense of subsection (a) of this section. A violation of subsection (a) shall be considered a moving violation for purposes of G.S. 20 -16(c).

Violation of subsection (a1) of this section shall be an infraction and shall not be considered a moving violation for purposes of G.S. 20 -16(c).

(f) Definitions. – If the seal on a container of alcoholic beverages has been broken, it is opened within the meaning of this section. For purposes of this section, "passenger area of a motor vehicle" means the area designed to seat the driver and passengers and any area within the reach of a seated driver or passenger, including the glove compartment. The area of the trunk or the area behind the last upright back seat of a station wagon, hatchback, or similar vehicle shall not be considered part of the passenger area. The term "alcoholic beverage" is as defined in G.S. 18B -101(4).

(g) Pleading. – In any prosecution for a violation of subsection (a) of this section, the pleading is sufficient if it states the time and place of the alleged offense in the usual form and charges that the defendant drove a motor vehicle on a highway or the right -of-way of a highway with an open container of alcoholic beverage after drinking.

In any prosecution for a violation of subsection (a1) of this section, the pleading is sufficient if it states the time and place of the alleged offense in the usual form and charges that (i) the defendant possessed an open container of alcoholic beverage in the passenger area of a motor vehicle while the motor vehicle was on a highway or the right -of-way of a highway, or (ii) the defendant consumed an alcoholic beverage in the passenger area of a motor vehicle while the motor vehicle was on a highway or the right -of-way of a highway.

(h) Limited Driving Privilege. – A person who is convicted of violating subsection (a) of this section and whose drivers license is revoked solely based on that conviction may apply for a limited driving privilege as provided for in G.S. 20 -179.3. The judge may issue the limited driving privilege only if the driver meets the eligibility requirements of G.S. 20 -179.3, other than the NC General Statutes - Chapter 20 390requirement in G.S. 20 -179.3(b)(1)c. G.S. 20 -179.3(e) shall not apply. All other terms, conditions,

and restrictions provided for in G.S. 20 -179.3 shall apply. G.S. 20 -179.3, rather than this subsection, governs the issuance of a limited driving privilege to a person who is convicted of violating subsection (a) of this section and of driving while impaired as a result of the same transaction. (1995, c. 506, s. 9; 2000 -155, s. 4; 2002 -25, s. 1; 2006 -66, s. 21.7; 2007 -182, s. 2; 2013 -348, s. 4; 2017 -102, s. 5.2(b); 2024 -41, s. 5(b).)

§ 20-139. Repealed by Session Laws 1983, c. 435, s. 23.

§ 20-139.1. Procedures governing chemical analyses; admissibility; evidentiary provisions; controlled -drinking programs.

(a) Chemical Analysis Admissible. – In any implied -consent offense under G.S. 20 -16.2, a person's alcohol concentration or the presence of any other impairing substance in the person's body as shown by a chemical analysis is admissible in evidence. This section does not limit the introduction of other competent evidence as to a person's alcohol concentration or results of other tests showing the presence of an impairing substance, including other chemical tests.

(b) Approval of Valid Test Methods; Licensing Chemical Analysts. – The results of a chemical analysis shall be deemed sufficient evidence to prove a person's alcohol concentration. A chemical analysis of the breath administered pursuant to the implied -consent law is admissible in any court or administrative hearing or proceeding if it meets both of the following requirements:

(1) It is performed in accordance with the rules of the Department of Health and Human Services.

(2) The person performing the analysis had, at the time of the analysis, a current permit issued by the Department of Health and Human Services authorizing the person to perform a test of the breath using the type of instrument employed.

For purposes of establishing compliance with subdivision (b)(1) of this section, the court or administrative agency shall take notice of the rules of the Department of Health and Human Services. For purposes of establishing compliance with subdivision (b)(2) of this section, the court or administrative agency shall take judicial notice of the list of permits issued to the person performing the analysis, the type of instrument on which the person is authorized to perform tests

of the breath, and the date the permit was issued. The Department of Health and Human Services may ascertain the qualifications and competence of individuals to conduct particular chemical analyses and the methods for conducting chemical analyses. The Department may issue permits to conduct chemical analyses to individuals it finds qualified subject to periodic renewal, termination, and revocation of the permit in the Department's discretion.

(b1) When Officer May Perform Chemical Analysis. – Any person possessing a current permit authorizing the person to perform chemical analysis may perform a chemical analysis.

(b2) Breath Analysis Results Preventive Maintenance. – The Department of Health and Human Services shall perform preventive maintenance on breath -testing instruments used for chemical analysis. A court or administrative agency shall take judicial notice of the preventive maintenance records of the Department. Notwithstanding the provisions of subsection (b), the results of a chemical analysis of a person's breath performed in accordance with this section are not admissible in evidence if:

(1) The defendant objects to the introduction into evidence of the results of the chemical analysis of the defendant's breath; and

NC General Statutes - Chapter 20 391(2) The defendant demonstrates that, with respect to the instrument used to analyze the defendant's breath, preventive maintenance procedures required by the regulations of the Department of Health and Human Services had not been performed within the time limits prescribed by those regulations.

(b3) Sequential Breath Tests Required. – The methods governing the administration of chemical analyses of the breath shall require the testing of at least duplicate sequential breath samples. The results of the chemical analysis of all breath samples are admissible if the test results from any two consecutively collected breath samples do not differ from each other by an alcohol concentration greater than 0.02. Only the lower of the two test results of the consecutively administered tests can be used to prove a particular alcohol concentration. A person's refusal to give the sequential breath samples necessary to constitute a valid chemical analysis is a refusal under G.S. 20 -16.2(c).

A person's refusal to give the second or subsequent breath sample shall make the result of the first breath sample, or the result of the sample providing the lowest alcohol concentration if more than one breath sample is provided, admissible in any judicial or administrative hearing for any relevant purpose, including the establishment that a person had a particular alcohol concentration for conviction of an offense involving impaired driving.

(b4) Repealed by Session Laws 2006 -253, s. 16, effective December 1, 2006, and applicable to offenses committed on or after that date.

(b5) Subsequent Tests Allowed. – A person may be requested, pursuant to G.S. 20 -16.2, to submit to a chemical analysis of the person's blood or other bodily fluid or substance in addition to or in lieu of a chemical analysis of the breath, in the discretion of a law enforcement officer; except that a person charged with a violation of G.S. 20 -141.4 shall be requested, at any relevant time after the driving, to provide a blood sample in addition to or in lieu of a chemical analysis of the breath. However, if a breath sample shows an alcohol concentration of .08 or more, then requesting a blood sample shall be in the discretion of a law enforcement officer. If a subsequent chemical analysis is requested pursuant to this subsection, the person shall again be advised of the implied consent rights in accordance with G.S. 20 -16.2(a). A person's willful refusal to submit to a chemical analysis of the blood or other bodily fluid or substance is a willful refusal under G.S. 20 -16.2. If a person willfully refuses to provide a blood sample under this subsection, and the person is charged with a violation of G.S. 20 -141.4, then a law enforcement officer with probable cause to believe that the offense involved impaired driving or was an alcohol -related offense made subject to the procedures of G.S. 20 -16.2 shall seek a warrant to obtain a blood sample. The failure to obtain a blood sample pursuant to this subsection shall not be grounds for the dismissal of a charge and is not an appealable issue.

(b6) The Department of Health and Human Services shall post on a Web page a list of all persons who have a permit authorizing them to perform chemical analyses, the types of analyses that they can perform, the instruments that each person is authorized to operate, the effective dates of the permits, and the records of preventive maintenance. A court or administrative agency shall take judicial notice of whether, at the time of the chemical analysis, the chemical analyst possessed a permit authorizing the chemical analyst to perform the chemical analysis administered and whether preventive maintenance had been performed on the breath -testing instrument in accordance with the Department's rules.

(c) Blood and Urine for Chemical Analysis. – Notwithstanding any other provision of law, when a blood or urine test is specified as the type of chemical analysis by a law enforcement

officer, a physician, registered nurse, emergency medical technician, or other qualified person shall
NC General Statutes - Chapter 20 392withdraw the blood sample and obtain the urine sample, and no further authorization or approval is
required. If the person withdrawing the blood or collecting the urine requests written confirmation of the law enforcement officer's request for the withdrawal of blood or collecting the urine, the officer shall furnish it before blood is withdrawn or urine collected. When blood is withdrawn or urine collected pursuant to a law enforcement officer's request, neither the person withdrawing the blood nor any hospital, laboratory, or other institution, person, firm, or corporation employing that person, or contracting for the service of withdrawing blood or collecting urine, may be held criminally or civilly liable by reason of withdrawing the blood or collecting the urine, except that there is no immunity from liability for negligent acts or omissions. A person requested to withdraw blood or collect urine pursuant to this subsection may refuse to do so only if it reasonably appears that the procedure cannot be performed without endangering the safety of the person collecting the sample or the safety of the person from whom the sample is being collected. If the officer requesting the blood or urine requests a written justification for the refusal, the medical provider who determined the sample could not be collected safely shall provide written justification at the time of the refusal.

(c1) Admissibility. – The results of a chemical analysis of blood or urine reported by the North Carolina State Crime Laboratory, the Charlotte, North Carolina, Police Department Laboratory, or any other laboratory approved for chemical analysis by the Department of Health and Human Services (DHHS), are admissible as evidence in all administrative hearings, and in any court, without further authentication and without the testimony of the analyst. For the purposes of this section, a "laboratory approved for chemical analysis" by the DHHS includes, but is not limited to, any hospital laboratory approved by DHHS pursuant to the program resulting from the federal Clinical Laboratory Improvement Amendments of 1988 (CLIA).

The results shall be certified by the person who performed the analysis. The provisions of this subsection may be utilized in any administrative hearing, but can only be utilized in cases tried in the district and superior court divisions, or in an adjudicatory hearing in juvenile court, if:

(1) The State notifies the defendant no later than 15 business days after receiving the report and at least 15 business days before the proceeding at which the evidence would be used of its intention to introduce the report into evidence under this subsection and provides a copy of the report to the defendant.

(2) The defendant fails to file a written objection with the court, with a copy to the State, at least five business days before the proceeding at which the report would be used that the defendant objects to the introduction of the report into evidence.

If the defendant's attorney of record, or the defendant if that person has no attorney, fails to file a written objection as provided in this subsection, then the objection shall be deemed waived and the report shall be admitted into evidence without the testimony of the analyst. Upon filing a timely objection, the admissibility of the report shall be determined and governed by the appropriate rules of evidence.

If the proceeding at which the report would be introduced into evidence under this subsection is continued, the notice provided by the State, the written objection filed by the defendant, or the failure of the defendant to file a written objection shall remain effective at any subsequent calendaring of that proceeding.

The report containing the results of any blood or urine test may be transmitted electronically or via facsimile. A copy of the affidavit sent electronically or via facsimile shall be admissible in any court or administrative hearing without further authentication. A copy of the report shall be sent to
NC General Statutes - Chapter 20 393the charging officer, the clerk of superior court in the county in which the criminal charges are pending, the Division of Motor Vehicles, and the Department of Health and Human Services.

Nothing in this subsection precludes the right of any party to call any witness, except a chemical analyst in district court as provided in subsection (c6) of this section, or to introduce any evidence supporting or contradicting the evidence contained in the report.

(c2) Repealed by Session Laws 2013 -194, s. 1, effective June 26, 2013.

(c3) Procedure for Establishing Chain of Custody Without Calling Unnecessary Witnesses. –

(1) For the purpose of establishing the chain of physical custody or control of blood or urine tested or analyzed to determine whether it contains alcohol, a controlled substance or its metabolite, or any impairing substance, a statement signed by each successive person in the chain of custody that the person delivered it to the

other person indicated on or about the date stated is prima facie evidence that the person had custody and made the delivery as stated, without the necessity of a personal appearance in court by the person signing the statement.
(2) The statement shall contain a sufficient description of the material or its container so as to distinguish it as the particular item in question and shall state that the material was delivered in essentially the same condition as received. The statement may be placed on the same document as the report provided for in subsection (c1) or the affidavit provided for in subsection (e1) of this section, as applicable.
(3) The provisions of this subsection may be utilized in any administrative hearing, but can only be utilized in cases tried in the district and superior court divisions, or in an adjudicatory hearing in juvenile court, if:
a. The State notifies the defendant no later than 15 business days after receiving the statement and at least 15 business days before the proceeding at which the statement would be used of its intention to introduce the statement into evidence under this subsection and provides a copy of the statement to the defendant, and
b. The defendant fails to file a written notification with the court, with a copy to the State, at least five business days before the proceeding at which the statement would be used that the defendant objects to the introduction of the statement into evidence.
If the defendant's attorney of record, or the defendant if that person has no attorney, fails to file a written objection as provided in this subsection, then the objection shall be deemed waived and the statement shall be admitted into evidence without the necessity of a personal appearance by the person signing the statement. Upon filing a timely objection, the admissibility of the statement shall be determined and governed by the appropriate rules of evidence.
If the proceeding at which the statement would be introduced into evidence under this subsection is continued, the notice provided by the State, the written objection filed by the defendant, or the failure of the defendant to file a written objection shall remain effective at any subsequent calendaring of that proceeding.
(4) Nothing in this subsection precludes the right of any party to call any witness, except an analyst regarding the results of chemical testing and the testimony of
NC General Statutes - Chapter 20 394each person in the associated chain of custody made available via remote testimony in real time in district court pursuant to subsection (c6) of this section. Nothing in this subsection precludes the right of any party to introduce any evidence supporting or contradicting the evidence contained in the statement.
(c4) Repealed by Session Laws 2013 -194, s. 1, effective June 26, 2013.
(c5) Except as provided in subsection (c6) of this section, testimony of an analyst regarding the results of a chemical analysis of blood or urine admissible pursuant to subsection (c1) of this section, and reported by that analyst, shall be permitted by remote testimony, as defined in G.S. 15A -1225.3, in all administrative hearings, and in any superior court if all of the following occur:
(1) The State has provided a copy of the report to the attorney of record for the defendant, or to the defendant if that person has no attorney, as required by subsections (c1) and (c3) of this section.
(2) The State notifies the attorney of record for the defendant or the defendant if that person has no attorney, at least 15 business days before the proceeding at which the evidence would be used of its intention to introduce the testimony regarding the chemical analysis into evidence using remote testimony.
(3) The defendant's attorney of record, or the defendant if that person has no attorney, fails to file a written objection with the court, with a copy to the State, at least five business days before the proceeding at which the testimony will be presented that the defendant objects to the introduction of the remote testimony.
If the defendant's attorney of record, or the defendant if that person has no attorney, fails to file a written objection as provided in this subsection, then the objection shall be deemed waived and the analyst shall be allowed to testify by remote testimony.
The method used for remote testimony authorized by this subsection shall allow the trier of fact

and all parties to observe the demeanor of the analyst as the analyst testifies in a similar manner as if the analyst were testifying in the location where the hearing or trial is being conducted. The court shall ensure that the defendant's attorney, or the defendant if that person has no attorney, has a full and fair opportunity for examination and cross -examination of the analyst.
Nothing in this section shall preclude the right of any party to call any witness. Nothing in this subsection shall obligate the Administrative Office of the Courts or the State Crime Laboratory to incur expenses related to remote testimony absent an appropriation of funds for that purpose.
(c6) The testimony of an analyst regarding the results of a chemical analysis of blood or urine admissible pursuant to subsection (c1) of this section, and reported by that analyst, and the testimony of each person in the associated chain of custody admissible pursuant to subsection (c3) of this section shall be permitted by remote testimony, as defined in G.S. 15A -1225.3, in district court, if each of the following occurs:
(1) The State has provided a copy of the report to the attorney of record for the defendant, or to the defendant if that person has no attorney, as required by subsections (c1) and (c3) of this section.
(2) The State notifies the attorney of record for the defendant, or the defendant if that person has no attorney, at least 15 business days before the proceeding at which the evidence would be used of its intention to introduce the testimony regarding the chemical analysis into evidence using remote testimony.
NC General Statutes - Chapter 20 395The method used for remote testimony authorized by this subsection shall allow the trier of fact
and all parties to observe the demeanor of the remote witness as the witness testifies in a similar manner as if the witness were testifying in the location where the hearing or trial is being conducted. The court shall ensure that the defendant's attorney, or the defendant if that person has no attorney, has a full and fair opportunity for examination and cross -examination of the witness.
Nothing in this subsection shall obligate the Administrative Office of the Courts or the State Crime Laboratory to incur expenses related to remote testimony absent an appropriation of funds for that purpose.
Nothing in this subsection shall preclude the right of any party to call any witness, except an analyst regarding the results of chemical testing and the testimony of each person in the associated chain of custody made available via remote testimony in real time in district court pursuant to this subsection.
(d) Right to Additional Test. – Nothing in this section shall be construed to prohibit a person from obtaining or attempting to obtain an additional chemical analysis. If the person is not released from custody after the initial appearance, the agency having custody of the person shall make reasonable efforts in a timely manner to assist the person in obtaining access to a telephone to arrange for any additional test and allow access to the person in accordance with the agreed procedure in G.S. 20 -38.5. The failure or inability of the person who submitted to a chemical analysis to obtain any additional test or to withdraw blood does not preclude the admission of evidence relating to the chemical analysis.
(d1) Right to Require Additional Tests. – If a person refuses to submit to any test or tests pursuant to this section, any law enforcement officer with probable cause may, without a court order, compel the person to provide blood or urine samples for analysis if the officer reasonably believes that the delay necessary to obtain a court order, under the circumstances, would result in the dissipation of the percentage of alcohol in the person's blood or urine.
(d2) Notwithstanding any other provision of law, when a blood or urine sample is requested under subsection (d1) of this section by a law enforcement officer, a physician, registered nurse, emergency medical technician, or other qualified person shall withdraw the blood and obtain the urine sample, and no further authorization or approval is required. If the person withdrawing the blood or collecting the urine requests written confirmation of the charging officer's request for the withdrawal of blood or obtaining urine, the officer shall furnish it before blood is withdrawn or urine obtained. A person requested to withdraw blood or collect urine pursuant to this subsection may refuse to do so only if it reasonably appears that the procedure cannot be performed without endangering the safety of the person collecting the sample or the safety of the person from whom the sample is being collected. If the officer requesting the blood or urine requests a written justification for the refusal, the medical provider who determined the sample could not be collected safely shall provide written justification at the time of the refusal.
(d3) When blood is withdrawn or urine collected pursuant to a law enforcement officer's request, neither the person withdrawing the blood nor any hospital, laboratory, or other institution, person, firm, or corporation employing that person, or contracting for the service of withdrawing

blood, may be held criminally or civilly liable by reason of withdrawing that blood, except that there is no immunity from liability for negligent acts or omissions. The results of the analysis of blood or urine under this subsection shall be admissible if performed by the State Crime Laboratory or any other hospital or qualified laboratory.

(e) Recording Results of Chemical Analysis of Breath. – A person charged with an implied -consent offense who has not received, prior to a trial, a copy of the chemical analysis

results the State intends to offer into evidence may request in writing a copy of the results. The failure to provide a copy prior to any trial shall be grounds for a continuance of the case but shall not be grounds to suppress the results of the chemical analysis or to dismiss the criminal charges.

(e1) Use of Chemical Analyst's Affidavit in District Court. – An affidavit by a chemical analyst sworn to and properly executed before an official authorized to administer oaths shall be admissible in evidence without further authentication and without the testimony of the analyst in any hearing or trial in the District Court Division of the General Court of Justice with respect to the following matters:

(1) The alcohol concentration or concentrations or the presence or absence of an impairing substance of a person given a chemical analysis and who is involved in the hearing or trial.

(2) The time of the collection of the blood, breath, or other bodily fluid or substance sample or samples for the chemical analysis.

(3) The type of chemical analysis administered and the procedures followed.

(4) The type and status of any permit issued by the Department of Health and Human Services that the analyst held on the date the analyst performed the chemical analysis in question.

(5) If the chemical analysis is performed on a breath -testing instrument for which regulations adopted pursuant to subsection (b) require preventive maintenance, the date the most recent preventive maintenance procedures were performed on the breath -testing instrument used, as shown on the maintenance records for that instrument.

The Department of Health and Human Services shall develop a form for use by chemical analysts in making this affidavit.

(e2) Except as governed by subsection (c1) or (c3) of this section, the State can only use the provisions of subsection (e1) of this section if:

(1) The State notifies the defendant no later than 15 business days after receiving the affidavit and at least 15 business days before the proceeding at which the affidavit would be used of its intention to introduce the affidavit into evidence under this subsection and provides a copy of the affidavit to the defendant.

(2) The defendant fails to file a written notification with the court, with a copy to the State, at least five business days before the proceeding at which the affidavit would be used that the defendant objects to the introduction of the affidavit into evidence.

The failure to file a timely objection as provided in this subsection shall be deemed a waiver of the right to object to the admissibility of the affidavit, and the affidavit shall be admitted into evidence without the testimony of the analyst. Upon filing a timely objection, the admissibility of the report shall be determined and governed by the appropriate rules of evidence. The case shall be continued until the analyst can be present. The criminal case shall not be dismissed due to the failure of the analyst to appear, unless the analyst willfully fails to appear after being ordered to appear by the court. If the proceeding at which the affidavit would be introduced into evidence under this subsection is continued, the notice provided by the State, the written objection filed by the defendant, or the failure of the defendant to file a written objection shall remain effective at any subsequent calendaring of that proceeding.

Nothing in subsection (e1) or subsection (e2) of this section precludes the right of any party to call any witness, except an analyst regarding the results of chemical testing and the testimony of

each person in the associated chain of custody made available via remote testimony in real time in district court pursuant to subsection (c6) of this section. Nothing in subsection (e1) or subsection (e2) of this section precludes the right of any party to introduce any evidence supporting or contradicting the evidence contained in the affidavit.

(f) Evidence of Refusal Admissible. – If any person charged with an implied -consent offense refuses to submit to a chemical analysis or to perform field sobriety tests at the request of an officer, evidence of that refusal is admissible in any criminal, civil, or administrative action

against the person.
(g) Controlled -Drinking Programs. – The Department of Health and Human Services may adopt rules concerning the ingestion of controlled amounts of alcohol by individuals submitting to chemical testing as a part of scientific, experimental, educational, or demonstration programs. These regulations shall prescribe procedures consistent with controlling federal law governing the acquisition, transportation, possession, storage, administration, and disposition of alcohol intended for use in the programs. Any person in charge of a controlled -drinking program who acquires alcohol under these regulations must keep records accounting for the disposition of all alcohol acquired, and the records must at all reasonable times be available for inspection upon the request of any federal, State, or local law-enforcement officer with jurisdiction over the laws relating to control of alcohol. A controlled -drinking program exclusively using lawfully purchased alcoholic beverages in places in which they may be lawfully possessed, however, need not comply with the record -keeping requirements of the regulations authorized by this subsection. All acts pursuant to the regulations reasonably done in furtherance of bona fide objectives of a controlled -drinking program authorized by the regulations are lawful notwithstanding the provisions of any other general or local statute, regulation, or ordinance controlling alcohol.
(h) Disposition of Blood Evidence. – Notwithstanding any other provision of law, any blood or urine sample subject to chemical analysis for the presence of alcohol, a controlled substance or its metabolite, or any impairing substance pursuant to this section may be destroyed by the analyzing agency 12 months after the case is filed or after the case is concluded in the trial court and not under appeal, whichever is later, without further notice to the parties. However, if a Motion to Preserve the evidence has been filed by either party, the evidence shall remain in the custody of the analyzing agency or the agency that collected the sample until dispositive order of a court of competent jurisdiction is entered. (1) Carelessly and heedlessly in willful or wanton disregard of the rights or safety of others; or
(2) Without due caution and circumspection and at a speed or in a manner so as to endanger or be likely to endanger any person or property. (1937, c. 407, s. 102; 1957, c. 1368, s. 1; 1959, c. 1264, s. 8; 1973, c. 1330, s. 3; 1979, c. 903, ss. 7, 8; 1981, c. 412, s. 4; c. 466, s. 7; c. 747, s. 66; 1983, c. 435, s. 23; 1985, c. 764, s. 28; 1985 (Reg. Sess., 1986), c. 852, s. 17; 1993, c. 539, s. 365; 1994, Ex. Sess., c. 24, s. 14(c); 2000 -109, s. 7(b).)
§ 20-140.1. Repealed by Session Laws 1973, c. 1330, s. 39.
§ 20-140.2. Overloaded or overcrowded vehicle.
No person shall operate upon a highway or public vehicular area a motor vehicle which is so loaded or crowded with passengers or property, or both, as to obstruct the operator's view of the highway or public vehicular area, including intersections, or so as to impair or restrict otherwise the proper operation of the vehicle. (1953, c. 1233; 1967, c. 674, s. 1; 1973, c. 1143, s. 2; c. 1330, s. 4.)

§ 20-140.3. Unlawful use of National System of Interstate and Defense Highways and other controlled -access highways.

On those sections of highways which are or become a part of the National System of Interstate and Defense Highways and other controlled -access highways, it shall be unlawful for any person:

(1) To drive a vehicle over, upon, or across any curb, central dividing section or other separation or dividing line on said highways.

(2) To make a left turn or a semicircular or U-turn except through an opening provided for that purpose in the dividing curb, separation section, or line on said highways.

(3) To drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section, or line on said highways.

(4) To drive a vehicle onto or from any controlled -access highway except at such entrances and exits as are established by public authority.

(5) To stop, park, or leave standing any vehicle, whether attended or unattended, on any part or portion of the right -of-way of said highways, except in the case of an emergency or as directed by a peace officer, or at designated parking areas.

(6) To fail to yield the right -of-way when entering the highway to any vehicle already travelling on the highway.

NC General Statutes - Chapter 20 399(7) Notwithstanding any other subdivision of this section, a law enforcement officer may cross the median of a divided highway when the officer has reasonable grounds to believe that a felony is being or has been committed, has personal knowledge that a vehicle is being operated at a speed or in a manner which is likely to endanger persons or property, or the officer has reasonable grounds to believe that the officer's presence is immediately required at a location which would necessitate crossing a median of a divided highway for this purpose. Fire department vehicles and public or private ambulances and rescue squad emergency service vehicles traveling in response to a fire alarm or other emergency call may cross the median of a divided highway when assistance is immediately required at a location which would necessitate the vehicle crossing a median of a divided highway for this purpose. (1973, c. 1330, s. 5; 1977, c. 731, s. 1; 1999 -330, s. 5.)

§ 20-140.4. Special provisions for motorcycles and mopeds.

(a) No person shall operate a motorcycle or moped upon a highway or public vehicular area:

(1) When the number of persons upon or within such motorcycle or moped, including the operator, shall exceed the number of persons which it was designed to carry.

(2) Unless the operator and all passengers thereon wear on their heads, with a retention strap properly secured, safety helmets of a type that complies with Federal Motor Vehicle Safety Standard (FMVSS) 218. This subdivision shall not apply to an operator of, or any passengers within, an autocycle that has completely enclosed seating or is equipped with a roll bar or roll cage.

(b) Violation of any provision of this section shall not be considered negligence per se or contributory negligence per se in any civil action.

(c) Any person convicted of violating this section shall have committed an infraction and shall pay a penalty of twenty -five dollars and fifty cents ($25.50) plus the following court costs:

(1) The General Court of Justice fee provided for in G.S. 7a -304(a)(4).

(2) The fee provided for in G.S. 7a -304(a)(2a).

(3) One dollar and fifty cents ($1.50) to be remitted to the county wherein the infraction was issued, except in those cases in which the infraction was issued by a law enforcement officer employed by a municipality, the fee shall be paid to the municipality employing the officer.

(4) One dollar and fifty cents ($1.50) for the supplemental pension benefits of sheriffs to be remitted to the Department of Justice and administered under the provisions of Article 12H of Chapter 143 of the General Statutes.

Conviction of an infraction under this section has no other consequence.

(d) No drivers license points or insurance surcharge shall be assessed on account of violation of this section. (1973, c. 1330, s. 6; 1989, c. 711, s. 1; 2007 -360, s. 7; 2009 -451, s. 15.20(k); 2015 -163, s. 11; 2016 -90, s. 12.5(b); 2019 -227, s. 6(a); 2022 -6, s. 8.3(b).)

§ 20-140.5. Special mobile equipment may tow certain vehicles.
Special mobile equipment may not tow any vehicle other than the following:
NC General Statutes - Chapter 20 400(1) A single passenger vehicle that can carry no more than nine passengers and is carrying no passengers.
(2) A single property -hauling vehicle that has a registered weight of 5,000 pounds or less, is carrying no passengers, and does not exceed its registered weight.
(1991 (Reg. Sess., 1992), c. 1015, s. 3; 1999 -438, s. 29.)
§ 20-141. Speed restrictions.
(a) No person shall drive a vehicle on a highway or in a public vehicular area at a speed greater than is reasonable and prudent under the conditions then existing.
(b) Except as otherwise provided in this Chapter, it shall be unlawful to operate a vehicle in excess of the following speeds:
(1) Thirty -five miles per hour inside municipal corporate limits for all vehicles.
(2) Fifty -five miles per hour outside municipal corporate limits for all vehicles except for school buses and school activity buses.
(c) Except while towing another vehicle, or when an advisory safe-speed sign indicates a slower speed, or as otherwise provided by law, it shall be unlawful to operate a passenger vehicle upon the interstate and primary highway system at less than the following speeds:
(1) Forty miles per hour in a speed zone of 55 miles per hour.
(2) Forty -five miles per hour in a speed zone of 60 miles per hour or greater.
These minimum speeds shall be effective only when appropriate signs are posted indicating the minimum speed.
(d) (1) Whenever the Department of Transportation determines on the basis of an engineering and traffic investigation that any speed allowed by subsection (b) is greater than is reasonable and safe under the conditions found to exist upon any part of a highway outside the corporate limits of a municipality or upon any part of a highway designated as part of the Interstate Highway System or any part of a controlled -access highway (either inside or outside the corporate limits of a municipality), the Department of Transportation shall determine and declare a reasonable and safe speed limit.
(2) Whenever the Department of Transportation determines on the basis of an engineering and traffic investigation that a higher maximum speed than those set forth in subsection (b) is reasonable and safe under the conditions found to exist upon any part of a highway designated as part of the Interstate Highway System or any part of a controlled -access highway (either inside or outside the corporate limits of a municipality) the Department of Transportation shall determine and declare a reasonable and safe speed limit. A speed limit set pursuant to this subsection may not exceed 70 miles per hour.
Speed limits set pursuant to this subsection are not effective until appropriate signs giving notice thereof are erected upon the parts of the highway affected.
(e) Local authorities, in their respective jurisdictions, may authorize by ordinance higher speeds or lower speeds than those set out in subsection (b) upon all streets which are not part of the State highway system; but no speed so fixed shall authorize a speed in excess of 55 miles per hour. Speed limits set pursuant to this subsection shall be effective when appropriate signs giving notice thereof are erected upon the part of the streets affected.
(e1) Local authorities within their respective jurisdictions may authorize, by ordinance, lower speed limits than those set in subsection (b) of this section on school property. If the lower
NC General Statutes - Chapter 20 401speed limit is being set on the grounds of a public school, the local school administrative unit must
request or consent to the lower speed limit. If the lower speed limit is being set on the grounds of a private school, the governing body of the school must request or consent to the lower speed limit. Speed limits established pursuant to this subsection shall become effective when appropriate signs giving notice of the speed limit are erected upon affected property. A person who drives a motor vehicle on school property at a speed greater than the speed limit set and posted under this subsection is responsible for an infraction and is required to pay a penalty of two hundred fifty dollars ($250.00).
(f) Whenever local authorities within their respective jurisdictions determine upon the basis of an engineering and traffic investigation that a higher maximum speed than those set forth in subsection (b) is reasonable and safe, or that any speed hereinbefore set forth is greater than is reasonable and safe, under the conditions found to exist upon any part of a street within the

corporate limits of a municipality and which street is a part of the State highway system (except those highways designated as part of the interstate highway system or other controlled -access highway) said local authorities shall determine and declare a safe and reasonable speed limit. A speed limit set pursuant to this subsection may not exceed 55 miles per hour. Limits set pursuant to this subsection shall become effective when the Department of Transportation has passed a concurring ordinance and signs are erected giving notice of the authorized speed limit.
When local authorities annex a road on the State highway system, the speed limit posted on the road at the time the road was annexed shall remain in effect until both the Department and municipality pass concurrent ordinances to change the speed limit.
The Department of Transportation is authorized to raise or lower the statutory speed limit on all highways on the State highway system within municipalities which do not have a governing body to enact municipal ordinances as provided by law. The Department of Transportation shall determine a reasonable and safe speed limit in the same manner as is provided in G.S. 20-141(d)(1) and G.S. 20-141(d)(2) for changing the speed limits outside of municipalities, without action of the municipality.
(g) Whenever the Department of Transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway considerably impede the normal and reasonable movement of traffic, the Department of Transportation or such local authority may determine and declare a minimum speed below which no person shall operate a motor vehicle except when necessary for safe operation in compliance with law. Such minimum speed limit shall be effective when appropriate signs giving notice thereof are erected on said part of the highway. Provided, such minimum speed limit shall be effective as to those highways and streets within the corporate limits of a municipality which are on the State highway system only when ordinances adopting the minimum speed limit are passed and concurred in by both the Department of Transportation and the local authorities. The provisions of this subsection shall not apply to farm tractors and other motor vehicles operating at reasonable speeds for the type and nature of such vehicles.
(h) No person shall operate a motor vehicle on the highway at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law; provided, this provision shall not apply to farm tractors and other motor vehicles operating at reasonable speeds for the type and nature of such vehicles.
(i) The Department of Transportation shall have authority to designate and appropriately mark certain highways of the State as truck routes.
(j) Repealed by Session Laws 1997, c. 443, s. 19.26(b).
NC General Statutes - Chapter 20 402(j1) A person who drives a vehicle on a highway at a speed that is either more than 15 miles per hour more than the speed limit established by law for the highway where the offense occurred or over 80 miles per hour is guilty of a Class 3 misdemeanor.
(j2) A person who drives a motor vehicle in a highway work zone at a speed greater than the speed limit set and posted under this section shall be required to pay a penalty of two hundred fifty dollars ($250.00). This penalty shall be imposed in addition to those penalties established in this Chapter. A "highway work zone" is the area between the first sign that informs motorists of the existence of a work zone on a highway and the last sign that informs motorists of the end of the work zone. The additional penalty imposed by this subsection applies only if signs are posted at the beginning and end of any segment of the highway work zone stating the penalty for speeding in that segment of the work zone. The Secretary shall ensure that work zones shall only be posted with penalty signs if the Secretary determines, after engineering review, that the posting is necessary to ensure the safety of the traveling public due to a hazardous condition.
A law enforcement officer issuing a citation for a violation of this section while in a highway work zone shall indicate the vehicle speed and speed limit posted in the segment of the work zone, and determine whether the individual committed a violation of G.S. 20-141(j1). Upon an individual's conviction of a violation of this section while in a highway work zone, the clerk of court shall report that the vehicle was in a work zone at the time of the violation, the vehicle speed, and the speed limit of the work zone to the Division of Motor Vehicles.
(j3) A person is guilty of a Class 2 misdemeanor if the person drives a commercial motor vehicle carrying a load that is subject to the permit requirements of G.S. 20-119 upon a highway or any public vehicular area at a speed of 15 miles per hour or more above either:
(1) The posted speed; or
(2) The restricted speed, if any, of the permit, or if no permit was obtained, the speed that would be applicable to the load if a permit had been obtained.
(k) Repealed by Session Laws 1995 (Regular Session, 1996), c. 652, s. 1.

(l) Notwithstanding any other provision contained in G.S. 20-141 or any other statute or law of this State, including municipal charters, any speed limit on any portion of the public highways within the jurisdiction of this State shall be uniformly applicable to all types of motor vehicles using such portion of the highway, if on November 1, 1973, such portion of the highway had a speed limit which was uniformly applicable to all types of motor vehicles using it. Provided, however, that a lower speed limit may be established for any vehicle operating under a special permit because of any weight or dimension of such vehicle, including any load thereon. The requirement for a uniform speed limit hereunder shall not apply to any portion of the highway during such time as the condition of the highway, weather, an accident, or other condition creates a temporary hazard to the safety of traffic on such portion of the highway.
(m) The fact that the speed of a vehicle is lower than the foregoing limits shall not relieve the operator of a vehicle from the duty to decrease speed as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway, and to avoid injury to any person or property.
(n) Notwithstanding any other provision contained in G.S. 20-141 or any other statute or law of this State, the failure of a motorist to stop his vehicle within the radius of its headlights or the range of his vision shall not be held negligence per se or contributory negligence per se.
(o) A violation of G.S. 20-123.2 shall be a lesser included offense in any violation of this section, and shall be subject to the following limitations and conditions:
NC General Statutes - Chapter 20 403(1) A violation of G.S. 20-123.2 shall be recorded in the driver's official record as "Improper equipment – Speedometer."
(2) The lesser included offense under this subsection shall not apply to charges of speeding in excess of 25 miles per hour or more over the posted speed limit.
No drivers license points or insurance surcharge shall be assessed on account of a violation of this subsection.
(p) A driver charged with speeding in excess of 25 miles per hour over the posted speed limit shall be ineligible for a disposition of prayer for judgment continued. (1937, c. 297, s. 2; c. 407, s. 103; 1939, c. 275; 1941, c. 347; 1947, c. 1067, s. 17; 1949, c. 947, s. 1; 1953, c. 1145; 1955, c. 398; c. 555, ss. 1, 2; c. 1042; 1957, c. 65, s. 11; c. 214; 1959, c. 640; c. 1264, s. 10; 1961, cc. 99, 1147; 1963, cc. 134, 456, 949; 1967, c. 106; 1971, c. 79, ss. 1-3; 1973, c. 507, s. 5; c. 1330, s. 7; 1975, c. 225; 1977, c. 367; c. 464, s. 34; c. 470; 1983, c. 131; 1985, c. 764, ss. 29, 30; 1985 (Reg. Sess., 1996), c. 652, s. 1; 1997 -341, s. 1; 1997 -443, s. 19.26(b); 1997 -488, s. 1; 1999 -330, s. 3; 2000 -109, s. 7(c); 2003 -110, s. 1; 2004 -203, s. 70(a); 2005 -349, s. 11; 2007 -380, ss. 1, 2; 2009 -234, ss. 1, 2; 2011 -64, s. 2; 2012 -194, s. 9; 2013 -360, s. 18B.14(k).)

§ 20-141.1. Speed limits in school zones.

The Board of Transportation or local authorities within their respective jurisdictions may, by ordinance, set speed limits lower than those designated in G.S. 20-141 for areas adjacent to or near a public, private or parochial school. Limits set pursuant to this section shall become effective when signs are erected giving notice of the school zone, the authorized speed limit, and the days and hours when the lower limit is effective, or by erecting signs giving notice of the school zone, the authorized speed limit and which indicate the days and hours the lower limit is effective by an electronic flasher operated with a time clock. Limits set pursuant to this section may be enforced only on days when school is in session, and no speed limit below 20 miles per hour may be set under the authority of this section. A person who drives a motor vehicle in a school zone at a speed greater than the speed limit set and posted under this section is responsible for an infraction and is required to pay a penalty of two hundred fifty dollars ($250.00). (1977, c. 902, s. 2; 1979, c. 613; 1997 -341, s. 1.1; 2011 -64, s. 1.)

§ 20-141.2. Prima facie rule of evidence as to operation of motor vehicle altered so as to increase potential speed.

Proof of the operation upon any street or highway of North Carolina at a speed in excess of the limits provided by law of any motor vehicle when the motor, or any mechanical part or feature, or the design of the motor vehicle has been changed or altered so that there is a variation between such motor vehicle as changed or altered and the motor vehicle as constructed according to specification of the original motor vehicle manufacturer, with the result that the potential speed of such vehicle has been increased beyond that which existed prior to such change or alteration, or the proof of operation upon any street or highway of North Carolina at a speed in excess of the limits provided by law of any motor vehicle assembled from parts of two or more different makes of motor vehicles, whether or not any specially made or specially designed parts or appliances are included

in the manufacture and assembly thereof, shall be prima facie evidence that such motor vehicle was operated at such time by the registered owner thereof. (1953, c. 1220.)

NC General Statutes - Chapter 20 404§ 20-141.3. Unlawful racing on streets and highways.

(a) It shall be unlawful for any person to operate a motor vehicle on a street or highway willfully in prearranged speed competition with another motor vehicle. Any person violating the provisions of this subsection shall be guilty of a Class 1 misdemeanor.

(b) It shall be unlawful for any person to operate a motor vehicle on a street or highway willfully in speed competition with another motor vehicle. Any person willfully violating the provisions of this subsection shall be guilty of a Class 2 misdemeanor.

(c) It shall be unlawful for any person to authorize or knowingly permit a motor vehicle owned by him or under his control to be operated on a public street, highway, or thoroughfare in prearranged speed competition with another motor vehicle, or to place or receive any bet, wager, or other thing of value from the outcome of any prearranged speed competition on any public street, highway, or thoroughfare. Any person violating the provisions of this subsection shall be guilty of a Class 1 misdemeanor.

(d) The Commissioner of Motor Vehicles shall revoke the driver's license or privilege to drive of every person convicted of violating the provisions of subsection (a) or subsection (c) of this section, said revocation to be for three years; provided any person whose license has been revoked under this section may apply for a new license after 18 months from revocation. Upon filing of such application the Division may issue a new license upon satisfactory proof that the former licensee has been of good behavior for the past 18 months and that his conduct and attitude are such as to entitle him to favorable consideration and upon such terms and conditions which the Division may see fit to impose for the balance of the three -year revocation period, which period shall be computed from the date of the original revocation.

(e) The Commissioner may suspend the driver's license or privilege to drive of every person convicted of violating the provisions of subsection (b) of this section. Such suspension shall be for a period of time within the discretion of the Commissioner, but not to exceed one year.

(f) All suspensions and revocations made pursuant to the provisions of this section shall be in the same form and manner and shall be subject to all procedures as now provided for suspensions and revocations made under the provisions of Article 2 of Chapter 20 of the General Statutes.

(g) The following provisions apply to this section:

(1) When any officer of the law discovers that any person has operated or is operating a motor vehicle willfully in violation of subsection (a) of this section, the officer shall seize the motor vehicle. When any officer of the law discovers that any person has operated or is operating a motor vehicle in violation of G.S. 20 -141.10, the officer may seize the vehicle. Any vehicle seized pursuant to this subsection shall be delivered to the sheriff of the county in which such offense is committed, or the same shall be placed under said sheriff's constructive possession if delivery of actual possession is impractical, and the vehicle shall be held by the sheriff pending the trial of the person or persons arrested for operating such motor vehicle in violation of subsection (a) of this section or in violation of G.S. 20 -141.10. The sheriff shall restore the seized motor vehicle to the owner upon execution by the owner of a good and valid bond, with sufficient sureties, in an amount double the value of the property, which bond shall be approved by said sheriff and shall be conditioned on the return of the motor vehicle to the custody of the sheriff on the day of trial of the person or persons accused. Upon the acquittal of the person charged under

NC General Statutes - Chapter 20 405subsection (a) of this section or G.S. 20 -141.10, the sheriff shall return the motor vehicle to the owner thereof.

(2) Notwithstanding the provisions for sale set out above, on petition by a lienholder, the court, in its discretion and upon such terms and conditions as it may prescribe, may allow reclamation of the vehicle by the lienholder. The lienholder shall file with the court an accounting of the proceeds of any subsequent sale of the vehicle and pay into the court any proceeds received in excess of the amount of the lien.

(3) Upon conviction of the operator of said motor vehicle of a violation of subsection (a) of this section or in violation of G.S. 20 -141.10, the court shall order a sale at public auction of said motor vehicle and the officer making the sale, after deducting the expenses of keeping the motor vehicle, the fee for the seizure, and the costs of the sale, shall pay all liens, according to their priorities,

which are established, by intervention or otherwise, at said hearing or in other proceeding brought for said purpose, as being bona fide, and shall pay the balance of the proceeds to the proper officer of the county who receives fines and forfeitures to be used for the school fund of the county. All liens against a motor vehicle sold under the provisions of this section shall be transferred from the motor vehicle to the proceeds of its sale. If, at the time of hearing, or other proceeding in which the matter is considered, the owner of the vehicle can establish to the satisfaction of the court that said motor vehicle was used in a prearranged speed competition with another motor vehicle on a street or highway or in a street takeover without the knowledge or consent of the owner, and that the owner had no reasonable grounds to believe that the motor vehicle would be used for such purpose, the court shall not order a sale of the vehicle but shall restore it to the owner, and the said owner shall, at his request, be entitled to a trial by jury upon such issues.

(4) If the owner of said motor vehicle cannot be found, the taking of the same, with a description thereof, shall be advertised in some newspaper published in the city or county where taken, or, if there be no newspaper published in such city or county, in a newspaper having circulation in the county, once a week for two weeks and by handbills posted in three public places near the place of seizure, and if said owner shall not appear within 10 days after the last publication of the advertisement, the property shall be sold, or otherwise disposed of in the manner set forth in this section.

(5) When any vehicle confiscated for a violation of subsection (a) of this section is found to be specially equipped or modified from its original manufactured condition so as to increase its speed, the court shall, prior to sale, order that the special equipment or modification be removed and destroyed and the vehicle restored to its original manufactured condition. However, if the court should find that such equipment and modifications are so extensive that it would be impractical to restore said vehicle to its original manufactured condition, then the court may order that the vehicle be turned over to such governmental agency or public official within the territorial jurisdiction of the court as the court shall see fit, to be used in the performance of official duties only, and not for resale, transfer, or disposition other than as junk: Provided, that nothing herein

contained shall affect the rights of lienholders and other claimants to said vehicles as set out in this section. (1955, c. 1156; 1957, c. 1358; 1961, c. 354; 1963, c. 318; 1967, c. 446; 1969, c. 186, s. 3; 1973, c. 1330, s. 8; 1975, c. 716, s. 5; 1979, c. 667, s. 31; 1993, c. 539, ss. 368-370; 1994, Ex. Sess., c. 24, s. 14(c); 1995, c. 163, ss. 8, 9; 2023 -97, s. 2(b); 2023 -114, s. 8(a).)

(a) Repealed by Session Laws 1983, c. 435, s. 27.

(a1) Felony Death by Vehicle. – A person commits the offense of felony death by vehicle if:

(1) The person unintentionally causes the death of another person,

(2) The person was engaged in the offense of impaired driving under G.S. 20-138.1 or G.S. 20-138.2, and

(3) The commission of the offense in subdivision (2) of this subsection is the proximate cause of the death.

(a2) Misdemeanor Death by Vehicle. – A person commits the offense of misdemeanor death by vehicle if:

(1) The person unintentionally causes the death of another person,

(2) The person was engaged in the violation of any State law or local ordinance applying to the operation or use of a vehicle or to the regulation of traffic, other than impaired driving under G.S. 20-138.1, and

(3) The commission of the offense in subdivision (2) of this subsection is the proximate cause of the death.

(a3) Felony Serious Injury by Vehicle. – A person commits the offense of felony serious injury by vehicle if:

(1) The person unintentionally causes serious injury to another person,

(2) The person was engaged in the offense of impaired driving under G.S. 20-138.1 or G.S. 20-138.2, and

(3) The commission of the offense in subdivision (2) of this subsection is the proximate cause of the serious injury.
(a4) Aggravated Felony Serious Injury by Vehicle. – A person commits the offense of aggravated felony serious injury by vehicle if:

§ 20-150. Limitations on privilege of overtaking and passing.
(a) The driver of a vehicle shall not drive to the left side of the center of a highway, in overtaking and passing another vehicle proceeding in the same direction, unless such left side is
clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be made in safety.

(e) The driver of a vehicle shall not overtake and pass another on any portion of the highway which is marked by signs, markers or markings placed by the Department of Transportation stating or clearly indicating that passing should not be attempted. The prohibition in this section shall not apply when the overtaking and passing is done in accordance with all of the following:
(1) The slower moving vehicle to be passed is a bicycle or a moped.
(2) The slower moving vehicle is proceeding in the same direction as the faster moving vehicle.
(3) The driver of the faster moving vehicle either (i) provides a minimum of four

feet between the faster moving vehicle and the slower moving vehicle or (ii) completely enters the left lane of the highway.

(5) The driver of the faster moving vehicle complies with all other applicable requirements set forth in this section.
(e1) The driver of a vehicle shall not overtake and pass self-propelled farm equipment proceeding in the same direction when the farm equipment is (i) making a left turn or (ii) signaling that it intends to make a left turn.
(f) The foregoing limitations shall not apply upon a one-way street nor to the driver of a vehicle turning left in or from an alley, private road, or driveway. (1937, c. 407, s. 112; 1955, c. 862; c. 913, s. 2; 1957, c. 65, s. 11; 1969, c. 13; 1973, c. 507, s. 5; c. 1330, s. 16; 1977, c. 464, s. 34; 1979, c. 472; 2016 -90, s. 5.5(a); 2020 -18, s. 2(a).)

(b) The driver of any motor vehicle traveling upon a highway outside of a business or residential district and following another motor vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor vehicle from overtaking and passing another motor vehicle. This provision shall not apply to funeral processions.
(c) Subsections (a) and (b) of this section shall not apply to the driver of any non-leading commercial motor vehicle traveling in a platoon on any roadway where the Department of Transportation has by traffic ordinance authorized travel by platoon. For purposes of this subsection, the term "platoon" means a group of individual commercial motor vehicles traveling at close following distances in a unified manner through the use of an electronically interconnected braking system. (1937, c. 407, s. 114; 1949, c. 1207, s. 4; 1973, c. 1330, s. 17; 2017 -169, s. 1.)

(b) Left Turns. – The driver of a vehicle intending to turn left at any intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of that vehicle, and, after entering the intersection, the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in the direction upon the roadway being entered.
(c) Local authorities and the Department of Transportation, in their respective jurisdictions, may modify the foregoing method of turning at intersections by clearly indicating by buttons, markers, or other direction signs within an intersection the course to be followed by vehicles turning thereat, and it shall be unlawful for any driver to fail to turn in a manner as so directed. (1937, c. 407, s. 115; 1955, c. 913, s. 5; 1973, c. 1330, s. 18; 1977, c. 464, s. 34; 1997 -405, s. 1.)
§ 20-154. Signals on starting, stopping or turning.
(a) The driver of any vehicle upon a highway or public vehicular area before starting, stopping or turning from a direct line shall first see that such movement can be made in safety, and

if any pedestrian may be affected by such movement shall give a clearly audible signal by sounding the horn, and whenever the operation of any other vehicle may be affected by such movement, shall give a signal as required in this section, plainly visible to the driver of such other vehicle, of the intention to make such movement. The driver of a vehicle shall not back the same unless such movement can be made with safety and without interfering with other traffic.

NC General Statutes - Chapter 20 419(a1) A person who violates subsection (a) of this section and causes a motorcycle or bicycle operator to change travel lanes or leave that portion of any public street or highway designated as travel lanes shall be responsible for an infraction and shall be assessed a fine of not less than two hundred dollars ($200.00). A person who violates subsection (a) of this section that results in a crash causing property damage or personal injury to a motorcycle or bicycle operator or passenger shall be responsible for an infraction and shall be assessed a fine of not less than five hundred dollars ($500.00) unless subsection (a2) of this section applies.

(a2) A person who violates subsection (a) of this section and the violation results in a crash causing property damage in excess of five thousand dollars ($5,000) or a serious bodily injury as defined in G.S. 20 -160.1(b) to a motorcycle or bicycle operator or passenger shall be responsible for an infraction and shall be assessed a fine of not less than seven hundred fifty dollars ($750.00). A violation of this subsection shall be treated as a failure to yield right -of-way to a motorcycle or bicycle, as applicable, for purposes of assessment of points under G.S. 20 -16(c). In addition, the trial judge shall have the authority to order the license of any driver violating this subsection suspended for a period not to exceed 30 days. If a judge orders suspension of a person's drivers license pursuant to this subsection, the judge may allow the licensee a limited driving privilege for a period not to exceed the period of suspension. The limited driving privilege shall be issued in the same manner and under the terms and conditions prescribed in G.S. 20 -16.1(b)(1), (2), (3), (4), (5), and G.S. 20 -16.1(g).

(b) The signal herein required shall be given by means of the hand and arm in the manner herein specified, or by any mechanical or electrical signal device approved by the Division, except that when a vehicle is so constructed or loaded as to prevent the hand and arm signal from being visible, both to the front and rear, the signal shall be given by a device of a type which has been approved by the Division.

Except as otherwise provided in subsection (b1) of this section, whenever the signal is given the driver shall indicate his intention to start, stop, or turn by extending the hand and arm from and beyond the left side of the vehicle as hereinafter set forth.

Left turn – hand and arm horizontal, forefinger pointing.

Right turn – upper arm horizontal, forearm and hand pointed upward.

Stop – upper arm horizontal, forearm and hand pointed downward.

All hand and arm signals shall be given from the left side of the vehicle and all signals shall be maintained or given continuously for the last 100 feet traveled prior to stopping or making a turn. Provided, that in all areas where the speed limit is 45 miles per hour or higher and the operator intends to turn from a direct line of travel, a signal of intention to turn from a direct line of travel shall be given continuously during the last 200 feet traveled before turning.

Any motor vehicle in use on a highway shall be equipped with, and required signal shall be given by, a signal lamp or lamps or mechanical signal device when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds 24 inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds 14 feet. The latter measurement shall apply to any single vehicle, also to any combination of vehicles except combinations operated by farmers in hauling farm products.

(b1) Notwithstanding the requirement set forth in subsection (b) of this section that a driver signal a right turn by extending his or her hand and arm from beyond the left side of the vehicle, an operator of a bicycle may signal his or her intention to make a right turn by extending his or her hand and arm horizontally, with the forefinger pointing, from beyond the right side of the bicycle.

NC General Statutes - Chapter 20 420(c) No person shall operate over the highways of this State a right -hand -drive motor vehicle or a motor vehicle equipped with the steering mechanism on the right -hand side thereof unless said motor vehicle is equipped with mechanical or electrical signal devices by which the signals for left turns and right turns may be given. Such mechanical or electrical devices shall be approved by the Division.

(d) A violation of this section shall not constitute negligence per se. (1937, c. 407, s. 116; 1949, c. 1016, s. 1; 1951, cc. 293, 360; 1955, c. 1157, s. 9; 1957, c. 488, s. 2; 1965, c. 768; 1973, c. 1330, s. 19; 1975, c. 716, s. 5; 1981, c. 599, s. 4; 1985, c. 96; 2011 -361, s. 1; 2013 -366, s. 5(a); 2016 -90, s. 5.5(c).)

§ 20-155. Right -of-way.
(a) When two vehicles approach or enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right -of-way to the vehicle on the right.
(b) The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right -of-way to any vehicle approaching from the opposite direction which is within the intersection or so close as to constitute an immediate hazard.
(c) The driver of any vehicle upon a highway within a business or residence district shall yield the right -of-way to a pedestrian crossing such highway within any clearly marked crosswalk, or any regular pedestrian crossing included in the prolongation of the lateral boundary lines of the adjacent sidewalk at the end of a block, except at intersections where the movement of traffic is being regulated by traffic officers or traffic direction devices.
(d) The driver of any vehicle approaching but not having entered a traffic circle shall yield the right -of-way to a vehicle already within such traffic circle. (1937, c. 407, s. 117; 1949, c. 1016, s. 2; 1955, c. 913, ss. 6, 7; 1967, c. 1053; 1973, c. 1330, s. 20.)
§ 20-156. Exceptions to the right -of-way rule.
(a) The driver of a vehicle about to enter or cross a highway from an alley, building entrance, private road, or driveway shall yield the right -of-way to all vehicles approaching on the highway to be entered.
(b) The driver of a vehicle upon the highway shall yield the right -of-way to police and fire department vehicles and public and private ambulances, vehicles used by an organ procurement organization or agency for the recovery or transportation of human tissues and organs for transplantation or a vehicle operated by a transplant coordinator who is an employee of an organ procurement organization or agency when the transplant coordinator is responding to a call to recover or transport human tissues or organs for transplantation, and to rescue squad emergency service vehicles and vehicles operated by county fire marshals and civil preparedness coordinators, and to a vehicle operated by the Division of Marine Fisheries of the Department of Environmental Quality or the Division of Parks and Recreation of the Department of Natural and Cultural Resources when used for law enforcement, firefighting, or other emergency response purpose, and to a vehicle operated by the North Carolina Forest Service of the Department of Agriculture and Consumer Services when used for a law enforcement, firefighting, or other emergency response purpose, when the operators of said vehicles are giving a warning signal by appropriate light and by bell, siren or exhaust whistle audible under normal conditions from a distance not less than 1,000 feet. When appropriate warning signals are being given, as provided in this subsection, an emergency vehicle may proceed through an intersection or other place when the emergency
vehicle is facing a stop sign, a yield sign, or a traffic light which is emitting a flashing strobe signal
or a beam of steady or flashing red light. This provision shall not operate to relieve the driver of a police or fire department vehicle, or a vehicle owned or operated by the Department of Environmental Quality, or the Department of Agriculture and Consumer Services, or public or private ambulance or vehicles used by an organ procurement organization or agency for the recovery or transportation of human tissues and organs for transplantation or a vehicle operated by a transplant coordinator who is an employee of an organ procurement organization or agency when the transplant coordinator is responding to a call to recover or transport human tissues or organs for transplantation, or rescue squad emergency service vehicle or county fire marshals or civil preparedness coordinators from the duty to drive with due regard for the safety of all persons using the highway, nor shall it protect the driver of any such vehicle or county fire marshal or civil preparedness coordinator from the consequence of any arbitrary exercise of such right -of-way. (1937, c. 407, s. 118; 1971, cc. 78, 106; 1973, c. 1330, s. 21; 1977, c. 52, s. 4; c. 438, s. 3; 1985, c. 427; 1989, c. 537, s. 3; 2013 -415, s. 1(d); 2015 -241, ss. 14.30(u), (hh).)
§ 20-157. Approach of law enforcement, fire department or rescue squad vehicles or ambulances; driving over fire hose or blocking fire fighting equipment; parking, etc., near law enforcement, fire department, or rescue squad vehicle or ambulance.
(a) Upon the approach of any law enforcement or fire department vehicle or public or private ambulance or rescue squad emergency service vehicle, or a vehicle operated by the Division of Marine Fisheries of the Department of Environmental Quality, or the Division of Parks and Recreation of the Department of Natural and Cultural Resources, or the North Carolina Forest Service of the Department of Agriculture and Consumer Services when traveling in response to a fire alarm or other emergency response purpose, giving warning signal by appropriate light and by

audible bell, siren or exhaust whistle, audible under normal conditions from a distance not less than 1000 feet, the driver of every other vehicle shall immediately drive the same to a position as near as possible and parallel to the right -hand edge or curb, clear of any intersection of streets or highways, and shall stop and remain in such position unless otherwise directed by a law enforcement or traffic officer until the law enforcement or fire department vehicle, or the vehicle operated by the Division of Marine Fisheries of the Department of Environmental Quality, or the Division of Parks and Recreation of the Department of Natural and Cultural Resources, or the North Carolina Forest Service of the Department of Agriculture and Consumer Services, or the public or private ambulance or rescue squad emergency service vehicle shall have passed. Provided, however, this subsection shall not apply to vehicles traveling in the opposite direction of the vehicles herein enumerated when traveling on a four-lane limited access highway with a median divider dividing the highway for vehicles traveling in opposite directions, and provided further that the violation of this subsection shall be negligence per se. Violation of this subsection is a Class 2 misdemeanor.
(b) It shall be unlawful for the driver of any vehicle other than one on official business to follow any fire apparatus traveling in response to a fire alarm closer than one block or to drive into or park such vehicle within one block where fire apparatus has stopped in answer to a fire alarm.
(c) Outside of the corporate limits of any city or town it shall be unlawful for the driver of any vehicle other than one on official business to follow any fire apparatus traveling in response to a fire alarm closer than 400 feet or to drive into or park such vehicle within a space of 400 feet from where fire apparatus has stopped in answer to a fire alarm.
NC General Statutes - Chapter 20 422(d) It shall be unlawful to drive a motor vehicle over a fire hose or any other equipment that is being used at a fire at any time, or to block a fire-fighting apparatus or any other equipment from its source of supply regardless of its distance from the fire.
(e) It shall be unlawful for the driver of a vehicle, other than one on official business, to park and leave standing such vehicle within 100 feet of law enforcement or fire department vehicles, public or private ambulances, or rescue squad emergency vehicles which are engaged in the investigation of an accident or engaged in rendering assistance to victims of such accident.
(f) When an authorized emergency vehicle listed in subsection (a) of this section, or a public service vehicle, is parked or standing within 12 feet of a roadway and giving a warning signal by appropriate light, the driver of every other approaching vehicle shall, as soon as it is safe and when not otherwise directed by an individual lawfully directing traffic, do one of the following:
(1) Move the vehicle into a lane that is not the lane nearest to the parked or standing authorized emergency vehicle or public service vehicle and continue traveling in that lane until safely clear of the authorized emergency vehicle or public service vehicle. This subdivision applies only if the roadway has at least two lanes for traffic proceeding in the direction of the approaching vehicle and if the approaching vehicle may change lanes safely and without interfering with any vehicular traffic.
(2) Slow the vehicle, maintaining a safe speed for traffic conditions, and operate the vehicle at a reduced speed and be prepared to stop until completely past the authorized emergency vehicle or public service vehicle. This subdivision applies only if the roadway has only one lane for traffic proceeding in the direction of the approaching vehicle or if the approaching vehicle may not change lanes safely and without interfering with any vehicular traffic.
For purposes of this section, "public service vehicle" means a vehicle that is (i) being used to assist motorists or law enforcement officers with wrecked or disabled vehicles, (ii) being used to install, maintain, or restore utility service, including electric, cable, telephone, water, wastewater, communications, and gas, (iii) being used in the collection of refuse, solid waste, or recycling, or (iv) a highway maintenance vehicle owned and operated or contracted by the State or a local government and is operating an amber -colored flashing light authorized by G.S. 20 -130.2. Violation of this subsection shall be negligence per se.
(g) Except as provided in subsections (a), (h), and (i) of this section, violation of this section shall be an infraction punishable by a fine of two hundred fifty dollars ($250.00).
(h) A person who violates this section and causes damage to property in the immediate area of the authorized emergency vehicle or public service vehicle in excess of five hundred dollars ($500.00), or causes injury to a law enforcement officer, a firefighter, an emergency vehicle operator, an Incident Management Assistance Patrol member, a public service vehicle operator, or any other emergency response person in the immediate area of the authorized emergency vehicle or public service vehicle is guilty of a Class 1 misdemeanor.

(i) A person who violates this section and causes serious injury or death to a law enforcement officer, a firefighter, an emergency vehicle operator, an Incident Management Assistance Patrol member, a public service vehicle operator, or any other emergency response person in the immediate area of the authorized emergency vehicle or public service vehicle is guilty of a Class F felony. The Division may suspend, for up to six months, the drivers license of any person convicted under this subsection. If the Division suspends a person's license under this
subsection, a judge may allow the licensee a limited driving privilege for a period not to exceed the
period of suspension, provided the person's license has not also been revoked or suspended under any other provision of law. The limited driving privilege shall be issued in the same manner and under the terms and conditions prescribed in G.S. 20 -16.1(b). (1937, c. 407, s. 119; 1955, cc. 173, 744; 1971, c. 366, ss. 1, 2; 1985, c. 764, s. 31; 1985 (Reg. Sess., 1986), c. 852, s. 17; 1993, c. 539, s. 372; 1994, Ex. Sess., c. 24, s. 14(c); 2001 -331, s. 1; 2005 -189, s. 1; 2006 -259, s. 9; 2007 -360, s. 1; 2010 -132, s. 12; 2012 -14, s. 1; 2013 -415, s. 1(e); 2015 -26, s. 3; 2015 -241, s. 14.30(ii); 2019 -157, s. 2; 2022 -68, s. 6(a).)

§ 20-157.1. Funeral processions.

(a) As used in this section, a "funeral procession" means two or more vehicles accompanying the remains of a deceased person, or traveling to the church, chapel, or other location at which the funeral services are to be held, in which the lead vehicle is either a State or local law enforcement vehicle, other vehicle designated by a law enforcement officer or the funeral director, or the lead vehicle displays a flashing amber or purple light, sign, pennant, flag, or other insignia furnished by a funeral home indicating a funeral procession.

(b) Each vehicle in the funeral procession shall be operated with its headlights illuminated, if so equipped, and its hazard warning signal lamps illuminated, if so equipped.

(c) The operator of the lead vehicle in a funeral procession shall comply with all traffic -control signals, but when the lead vehicle in a funeral procession has progressed across an intersection in accordance with the traffic -control sign or signal, or when directed to do so by a law enforcement officer or a designee of a law enforcement officer or the funeral director, or when the lead vehicle is a law enforcement vehicle which progresses across the intersection while giving appropriate warning by light or siren, all vehicles in the funeral procession may proceed through the intersection without stopping, except that the operator of each vehicle shall exercise reasonable care towards any other vehicle or pedestrian on the highway. An operator of a vehicle that is not part of the funeral procession shall not join the funeral procession for the purpose of securing the right -of-way granted by this subsection.

(d) Operators of vehicles in a funeral procession shall drive on the right -hand side of the roadway and shall follow the vehicle ahead as closely as reasonable and prudent having due regard for speed and existing conditions.

(e) Operators of vehicles in a funeral procession shall yield the right -of-way to law enforcement vehicles, fire protection vehicles, rescue vehicles, ambulances, and other emergency vehicles giving appropriate warning signals by light or siren and shall yield the right -of-way when directed to do so by a law enforcement officer.

(f) Operators of vehicles in a funeral procession shall proceed at the posted minimum speed, except that the operator of such vehicle shall exercise reasonable care having due regard for speed and existing conditions.

(g) The operator of a vehicle proceeding in the opposite direction as a funeral procession may yield to the funeral procession. If the operator chooses to yield to the procession, the operator must do so by reducing speed, or by stopping completely off the roadway when meeting the procession or while the procession passes, so that operators of other vehicles proceeding in the opposite direction of the procession can continue to travel without leaving their lane of traffic.

(h) The operator of a vehicle proceeding in the same direction as a funeral procession shall not pass or attempt to pass the funeral procession, except that the operator of such a vehicle may
pass a funeral procession when the highway has been marked for two or more lanes of moving traffic in the same direction of the funeral procession.

(i) An operator of a vehicle shall not knowingly drive between vehicles in a funeral procession by crossing their path unless directed to do so by a person authorized to direct traffic. When a funeral procession is proceeding through a steady or strobe -beam stoplight emitting a red light as permitted by subsection (c), an operator of a vehicle that is not in the funeral procession shall not enter the intersection knowing a funeral procession is in progress, even if facing a steady or strobe -beam stoplight emitting a green light, unless the operator can do so safely without crossing the path of the funeral procession.

(j) Nothing in this section shall be construed to prevent State or local law enforcement officers from escorting funeral processions in law enforcement vehicles.
(k) A violation of this section shall not constitute negligence per se.
(l) To the extent that a local government unit's ordinance is in direct conflict with any part of this statute, the ordinance shall control and prevail over the conflicting part.
(m) A violation of this section shall not be considered a moving violation for purposes of G.S. 58-36-65 or G.S. 58-36-75. (1999 -441, s. 1.)
§ 20-158. Vehicle control signs and signals.
(a) The Department of Transportation, with reference to State highways, and local authorities, with reference to highways under their jurisdiction, are hereby authorized to control vehicles:
(1) At intersections, by erecting or installing stop signs requiring vehicles to come to a complete stop at the entrance to that portion of the intersection designated as the main traveled or through highway. Stop signs may also be erected at three or more entrances to an intersection.
(2) At appropriate places other than intersections, by erecting or installing stop signs requiring vehicles to come to a complete stop.
(3) At intersections and other appropriate places, by erecting or installing steady -beam traffic signals and other traffic control devices, signs, or signals. All steady -beam traffic signals emitting alternate red and green lights shall be arranged so that the red light in vertical -arranged signal faces shall appear above, and in horizontal -arranged signal faces shall appear to the left of all yellow and green lights.
(4) At intersections and other appropriate places, by erecting or installing flashing red or yellow lights.
(b) Control of Vehicles at Intersections. –
(1) When a stop sign has been erected or installed at an intersection, it shall be unlawful for the driver of any vehicle to fail to stop in obedience thereto and yield the right -of-way to vehicles operating on the designated main -traveled or through highway. When stop signs have been erected at three or more entrances to an intersection, the driver, after stopping in obedience thereto, may proceed with caution.
(2) a. When a traffic signal is emitting a steady red circular light controlling traffic approaching an intersection, an approaching vehicle facing the red light shall come to a stop and shall not enter the intersection. After
coming to a complete stop and unless prohibited by an appropriate sign, that approaching vehicle may make a right turn.
b. Any vehicle that turns right under this subdivision shall yield the right -of-way to:
1. Other traffic and pedestrians using the intersection; and

(2) That the crash has resulted in serious bodily injury, as defined in G.S. 14-32.4, or death to any person;

shall immediately stop his or her vehicle at the scene of the crash. The driver shall remain with the vehicle at the scene of the crash until a law-enforcement officer completes the investigation of the crash or authorizes the driver to leave and the vehicle to be removed, unless remaining at the scene places the driver or others at significant risk of injury.

Prior to the completion of the investigation of the crash by a law enforcement officer, or the consent of the officer to leave, the driver may not facilitate, allow, or agree to the removal of the vehicle from the scene for any purpose other than to call for a law enforcement officer, to call for medical assistance or medical treatment as set forth in subsection (b) of this section, or to remove oneself or others from significant risk of injury. If the driver does leave for a reason permitted by this subsection, then the driver must return with the vehicle to the accident scene within a reasonable period of time, unless otherwise instructed by a law enforcement officer. A willful violation of this subsection shall be punished as a Class F felony.

assistance is necessary or is requested by the injured person. A violation of this subsection is a Class 1 misdemeanor.

(c) The driver of any vehicle, when the driver knows or reasonably should know that the vehicle which the driver is operating is involved in a crash which results:

(1) Only in damage to property; or

(2) In injury or death to any person, but only if the operator of the vehicle did not know and did not have reason to know of the death or injury;

shall immediately stop the vehicle at the scene of the crash. If the crash is a reportable crash, the driver shall remain with the vehicle at the scene of the crash until a law enforcement officer completes the investigation of the crash or authorizes the driver to leave and the vehicle to be removed, unless remaining at the scene places the driver or others at significant risk of injury.

the license plate number of his vehicle to the driver or occupants of any other vehicle involved in the crash or to any person whose property is damaged in the crash. If the damaged property is a parked and unattended vehicle and the name and location of the owner is not known to or readily ascertainable by the driver of the responsible vehicle, the driver shall furnish the information required by this subsection to the nearest available peace officer, or, in the alternative, and provided the driver thereafter within 48 hours fully complies with G.S. 20-166.1(c), shall immediately place a paper -writing containing the information in a conspicuous place upon or in the damaged vehicle. (e) The Division of Motor Vehicles shall revoke the drivers license of a person convicted of violating subsection (a) or (a1) of this section for a period of one year, unless the court makes a finding that a longer period of revocation is appropriate under the circumstances of the case. If the court makes this finding, the Division of Motor Vehicles shall revoke that person's drivers license for two years. Upon a first conviction only for a violation of subsection (a1) of this section, a trial judge may allow limited driving privileges in the manner set forth in G.S. 20-179.3(b)(2) during any period of time during which the drivers license is revoked. The report must contain information on financial responsibility for the vehicle driven by the person whom the officer identified as at fault for the accident.

In every instance in which a valid chemical analysis is made of the defendant, the prosecutor shall present evidence of the resulting alcohol concentration.
(a1) Jury Trial in Superior Court; Jury Procedure if Trial Bifurcated. –
(1) Notice. – If the defendant appeals to superior court, and the State intends to use one or more aggravating factors under subsections (c) or (d) of this section, the State must provide the defendant with notice of its intent. The notice shall be provided no later than 10 days prior to trial and shall contain a plain and concise factual statement indicating the factor or factors it intends to use under the authority of subsections (c) and (d) of this section. The notice must list all the aggravating factors that the State seeks to establish.
(2) Aggravating factors. – The defendant may admit to the existence of an aggravating factor, and the factor so admitted shall be treated as though it were found by a jury pursuant to the procedures in this section. If the defendant does not so admit, only a jury may determine if an aggravating factor is present. The jury impaneled for the trial may, in the same trial, also determine if one or more aggravating factors is present, unless the court determines that the interests of justice require that a separate sentencing proceeding be used to make that determination. If the court determines that a separate proceeding is required, the proceeding shall be conducted by the trial judge before the trial jury as soon as practicable after the guilty verdict is returned. The State bears the burden of proving beyond a reasonable doubt that an aggravating factor exists, and the offender bears the burden of proving by a preponderance of the evidence that a mitigating factor exists.
(3) Convening the jury. – If at any time prior to rendering a decision to the court regarding whether one or more aggravating factors exist, any juror dies, becomes incapacitated or disqualified, or is discharged for any reason, an alternate juror shall become a part of the jury and serve in all respects as those selected on the regular trial panel. An alternate juror shall become a part of the jury in the order in which the juror was selected. If an alternate juror replaces a juror after deliberations have begun, the court must instruct the jury to begin its deliberations anew. In no event shall more than 12 jurors participate in the jury's

deliberations. If the trial jury is unable to reconvene for a hearing on the issue of whether one or more aggravating factors exist after having determined the guilt of the accused, the trial judge shall impanel a new jury to determine the issue.
(4) Jury selection. – A jury selected to determine whether one or more aggravating factors exist shall be selected in the same manner as juries are selected for the trial of criminal cases.
(a2) Jury Trial on Aggravating Factors in Superior Court. –
(1) Defendant admits aggravating factor only. – If the defendant admits that an aggravating factor exists, but pleads not guilty to the underlying charge, a jury shall be impaneled to dispose of the charge only. In that case, evidence that relates solely to the establishment of an aggravating factor shall not be admitted in the trial.
(2) Defendant pleads guilty to the charge only. – If the defendant pleads guilty to the charge, but contests the existence of one or more aggravating factors, a jury shall be impaneled to determine if the aggravating factor or factors exist.
(a3) Procedure When Jury Trial Waived. – If a defendant waives the right to a jury trial under G.S. 15A -1201, the trial judge shall make all findings that are conferred upon the jury under the provisions of this section.
(b) Repealed by Session Laws 1983, c. 435, s. 29.
(c) Determining Existence of Grossly Aggravating Factors. – At the sentencing hearing, based upon the evidence presented at trial and in the hearing, the judge, or the jury in superior court, must first determine whether there are any grossly aggravating factors in the case. Whether a prior conviction exists under subdivision (1) of this subsection, or whether a conviction exists under subdivision (d)(5) of this section, shall be matters to be determined by the judge, and not the jury, in district or superior court. If the sentencing hearing is for a case remanded back to district
court from superior court, the judge shall determine whether the defendant has been convicted of
any offense that was not considered at the initial sentencing hearing and impose the appropriate sentence under this section. The judge must impose the Aggravated Level One punishment under subsection (f3) of this section if it is determined that three or more grossly aggravating factors apply. The judge must impose the Level One punishment under subsection (g) of this section if it is determined that the grossly aggravating factor in subdivision (4) of this subsection applies or two of the other grossly aggravating factors apply. If the judge does not find that the aggravating factor at subdivision (4) of this subsection applies, then the judge must impose the Level Two punishment under subsection (h) of this section if it is determined that only one of the other grossly aggravating factors applies. The grossly aggravating factors are:
(1) A prior conviction for an offense involving impaired driving if:
a. The conviction occurred within seven years before the date of the offense for which the defendant is being sentenced; or
b. The conviction occurs after the date of the offense for which the defendant is presently being sentenced, but prior to or contemporaneously with the present sentencing; or
c. The conviction occurred in district court; the case was appealed to superior court; the appeal has been withdrawn, or the case has been remanded back to district court; and a new sentencing hearing has not been held pursuant to G.S. 20 -38.7.
Each prior conviction is a separate grossly aggravating factor.
(2) Driving by the defendant at the time of the offense while the defendant's driver's license was revoked pursuant to G.S. 20 -28(a1).
(3) Serious injury to another person caused by the defendant's impaired driving at the time of the offense.
(4) Driving by the defendant while (i) a child under the age of 18 years, (ii) a person with the mental development of a child under the age of 18 years, or (iii) a person with a physical disability preventing unaided exit from the vehicle was in the vehicle at the time of the offense.
In imposing an Aggravated Level One, a Level One, or a Level Two punishment, the judge may consider the aggravating and mitigating factors in subsections (d) and (e) of this section in determining the appropriate sentence. If there are no grossly aggravating factors in the case, the judge must weigh all aggravating and mitigating factors and impose punishment as required by subsection (f) of this section.

(c1) Written Findings. – The court shall make findings of the aggravating and mitigating factors present in the offense. If the jury finds factors in aggravation, the court shall ensure that those findings are entered in the court's determination of sentencing factors form or any comparable document used to record the findings of sentencing factors. Findings shall be in writing.
(d) Aggravating Factors to Be Weighed. – The judge, or the jury in superior court, shall determine before sentencing under subsection (f) of this section whether any of the aggravating factors listed below apply to the defendant. The judge shall weigh the seriousness of each aggravating factor in the light of the particular circumstances of the case. The factors are:
(1) Gross impairment of the defendant's faculties while driving or an alcohol concentration of 0.15 or more within a relevant time after the driving. For purposes of this subdivision, the results of a chemical analysis presented at trial
or sentencing shall be sufficient to prove the person's alcohol concentration, shall be conclusive, and shall not be subject to modification by any party, with or without approval by the court.
(2) Especially reckless or dangerous driving.
(3) Negligent driving that led to a reportable accident.
(4) Driving by the defendant while the defendant's driver's license was revoked.
(5) Two or more prior convictions of a motor vehicle offense not involving impaired driving for which at least three points are assigned under G.S. 20 -16 or for which the convicted person's license is subject to revocation, if the convictions occurred within five years of the date of the offense for which the defendant is being sentenced, or one or more prior convictions of an offense involving impaired driving that occurred more than seven years before the date of the offense for which the defendant is being sentenced.
(6) Conviction under G.S. 20 -141.5 of speeding by the defendant while fleeing or attempting to elude apprehension.
(7) Conviction under G.S. 20 -141 of speeding by the defendant by at least 30 miles per hour over the legal limit.
(8) Passing a stopped school bus in violation of G.S. 20 -217.
(9) Any other factor that aggravates the seriousness of the offense.
Except for the factor in subdivision (5) of this subsection the conduct constituting the aggravating factor shall occur during the same transaction or occurrence as the impaired driving offense.
(e) Mitigating Factors to Be Weighed. – The judge shall also determine before sentencing under subsection (f) of this section whether any of the mitigating factors listed below apply to the defendant. The judge shall weigh the degree of mitigation of each factor in light of the particular circumstances of the case. The factors are:
(1) Slight impairment of the defendant's faculties resulting solely from alcohol, and an alcohol concentration that did not exceed 0.09 at any relevant time after the driving.
(2) Slight impairment of the defendant's faculties, resulting solely from alcohol, with no chemical analysis having been available to the defendant.
(3) Driving at the time of the offense that was safe and lawful except for the impairment of the defendant's faculties.
(4) A safe driving record, with the defendant's having no conviction for any motor vehicle offense for which at least four points are assigned under G.S. 20 -16 or for which the person's license is subject to revocation within five years of the date of the offense for which the defendant is being sentenced.
(5) Impairment of the defendant's faculties caused primarily by a lawfully prescribed drug for an existing medical condition, and the amount of the drug taken was within the prescribed dosage.
(6) The defendant's voluntary submission to a mental health facility for assessment after being charged with the impaired driving offense for which the defendant is being sentenced, and, if recommended by the facility, voluntary participation in the recommended treatment.
(6a) Completion of a substance abuse assessment, compliance with its recommendations, and simultaneously maintaining 60 days of continuous abstinence from alcohol consumption, as proven by a continuous alcohol
monitoring system. The continuous alcohol monitoring system shall be of a type approved by the Division of Community Supervision and Reentry of the

Department of Adult Correction.
(7) Any other factor that mitigates the seriousness of the offense.
Except for the factors in subdivisions (4), (6), (6a), and (7) of this subsection, the conduct constituting the mitigating factor shall occur during the same transaction or occurrence as the impaired driving offense.
(f) Weighing the Aggravating and Mitigating Factors. – If the judge or the jury in the sentencing hearing determines that there are no grossly aggravating factors, the judge shall weigh all aggravating and mitigating factors listed in subsections (d) and (e) of this section. If the judge determines that:
(1) The aggravating factors substantially outweigh any mitigating factors, the judge shall note in the judgment the factors found and the judge's finding that the defendant is subject to the Level Three punishment and impose a punishment within the limits defined in subsection (i) of this section.
(2) There are no aggravating and mitigating factors, or that aggravating factors are substantially counterbalanced by mitigating factors, the judge shall note in the judgment any factors found and the finding that the defendant is subject to the Level Four punishment and impose a punishment within the limits defined in subsection (j) of this section.
(3) The mitigating factors substantially outweigh any aggravating factors, the judge shall note in the judgment the factors found and the judge's finding that the defendant is subject to the Level Five punishment and impose a punishment within the limits defined in subsection (k) of this section.
It is not a mitigating factor that the driver of the vehicle was suffering from alcoholism, drug addiction, diminished capacity, or mental disease or defect. Evidence of these matters may be received in the sentencing hearing, however, for use by the judge in formulating terms and conditions of sentence after determining which punishment level shall be imposed.
(f1) Aider and Abettor Punishment. – Notwithstanding any other provisions of this section, a person convicted of impaired driving under G.S. 20 -138.1 under the common law concept of aiding and abetting is subject to Level Five punishment. The judge need not make any findings of grossly aggravating, aggravating, or mitigating factors in such cases.
(f2) Limit on Consolidation of Judgments. – Except as provided in subsection (f1) of this section, in each charge of impaired driving for which there is a conviction the judge shall determine if the sentencing factors described in subsections (c), (d) and (e) of this section are applicable unless the impaired driving charge is consolidated with a charge carrying a greater punishment. Two or more impaired driving charges may not be consolidated for judgment.
(f3) Aggravated Level One Punishment. – A defendant subject to Aggravated Level One punishment may be fined up to ten thousand dollars ($10,000) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 12 months and a maximum term of not more than 36 months. Notwithstanding G.S. 15A -1371, a defendant sentenced to a term of imprisonment pursuant to this subsection shall not be eligible for parole. However, the defendant shall be released from the Statewide Misdemeanant Confinement Program on the date equivalent to the defendant's maximum imposed term of imprisonment less four months and shall be supervised by the Division of Community Supervision and Reentry under and subject to the provisions of Article 84A of Chapter 15A of the General Statutes and shall also be required to
NC General Statutes - Chapter 20 457abstain from alcohol consumption for the four-month period of supervision as verified by a continuous alcohol monitoring system. For purposes of revocation, violation of the requirement to abstain from alcohol or comply with the use of a continuous alcohol monitoring system shall be deemed a controlling condition under G.S. 15A -1368.4.
The term of imprisonment may be suspended only if a condition of special probation is imposed to require the defendant to serve a term of imprisonment of at least 120 days. If the defendant is placed on probation, the judge shall impose as requirements that the defendant (i) abstain from alcohol consumption for a minimum of 120 days to a maximum of the term of probation, as verified by a continuous alcohol monitoring system pursuant to subsection (h1) of this section, and (ii) obtain a substance abuse assessment and the education or treatment required by G.S. 20 -17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.
(g) Level One Punishment. – A defendant subject to Level One punishment may be fined up to four thousand dollars ($4,000) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 30 days and a maximum term of not more than 24 months. The term of imprisonment may be suspended only if a condition of special probation is imposed to

require the defendant to serve a term of imprisonment of at least 30 days. A judge may reduce the minimum term of imprisonment required to a term of not less than 10 days if a condition of special probation is imposed to require that a defendant abstain from alcohol consumption and be monitored by a continuous alcohol monitoring system, of a type approved by the Division of Community Supervision and Reentry of the Department of Adult Correction, for a period of not less than 120 days. If the defendant is monitored on an approved continuous alcohol monitoring system during the pretrial period, up to 60 days of pretrial monitoring may be credited against the 120-day monitoring requirement for probation. If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20 -17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.

(h) Level Two Punishment. – A defendant subject to Level Two punishment may be fined up to two thousand dollars ($2,000) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than seven days and a maximum term of not more than 12 months. The term of imprisonment may be suspended only if a condition of special probation is imposed to require the defendant to serve a term of imprisonment of at least seven days or to abstain from consuming alcohol for at least 90 consecutive days, as verified by a continuous alcohol monitoring system, of a type approved by the Division of Community Supervision and Reentry of the Department of Adult Correction. If the defendant is subject to Level Two punishment based on a finding that the grossly aggravating factor in subdivision (1) or (2) of subsection (c) of this section applies, the conviction for a prior offense involving impaired driving occurred within five years before the date of the offense for which the defendant is being sentenced and the judge suspends all active terms of imprisonment and imposes abstention from alcohol as verified by a continuous alcohol monitory system, then the judge must also impose as an additional condition of special probation that the defendant must complete 240 hours of community service. If the defendant is monitored on an approved continuous alcohol monitoring system during the pretrial period, up to 60 days of pretrial monitoring may be credited against the 90-day monitoring requirement for probation. If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by NC General Statutes - Chapter 20 458G.S. 20 -17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.

(h1) Alcohol Abstinence as Condition of Probation for Level One and Level Two Punishments. – The judge may impose, as a condition of probation for defendants subject to Level One or Level Two punishments, that the defendant abstain from alcohol consumption for a minimum of 30 days, to a maximum of the term of probation, as verified by a continuous alcohol monitoring system. The defendant's abstinence from alcohol shall be verified by a continuous alcohol monitoring system of a type approved by the Division of Community Supervision and Reentry of the Department of Adult Correction.

(h2) Repealed by Session Laws 2011 -191, s. 1, effective December 1, 2011, and applicable to offenses committed on or after that date.

(h3) Repealed by Session Laws 2012 -146, s. 9, effective December 1, 2012.

(i) Level Three Punishment. – A defendant subject to Level Three punishment may be fined up to one thousand dollars ($1,000) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 72 hours and a maximum term of not more than six months. The term of imprisonment may be suspended. However, the suspended sentence shall include the condition that the defendant:

(1) Be imprisoned for a term of at least 72 hours as a condition of special probation; or

(2) Perform community service for a term of at least 72 hours; or

(3) Repealed by Session Laws 2006 -253, s. 23, effective December 1, 2006, and applicable to offenses committed on or after that date.

(4) Any combination of these conditions.

If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20 -17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.

(j) Level Four Punishment. – A defendant subject to Level Four punishment may be fined up to five hundred dollars ($500.00) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 48 hours and a maximum term of not more than 120 days. The

term of imprisonment may be suspended. However, the suspended sentence shall include the condition that the defendant:
(1) Be imprisoned for a term of 48 hours as a condition of special probation; or
(2) Perform community service for a term of 48 hours; or
(3) Repealed by Session Laws 2006 -253, s. 23, effective December 1, 2006, and applicable to offenses committed on or after that date.
(4) Any combination of these conditions.
If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20 -17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.
(k) Level Five Punishment. – A defendant subject to Level Five punishment may be fined up to two hundred dollars ($200.00) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 24 hours and a maximum term of not more than 60 days. The term of imprisonment may be suspended. However, the suspended sentence shall include the condition that the defendant:
NC General Statutes - Chapter 20 459(1) Be imprisoned for a term of 24 hours as a condition of special probation; or
(2) Perform community service for a term of 24 hours; or
(3) Repealed by Session Laws 2006 -253, s. 23, effective December 1, 2006, and applicable to offenses committed on or after that date.
(4) Any combination of these conditions.
If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20 -17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.
(k1) Credit for Inpatient Treatment. – Pursuant to G.S. 15A -1351(a), the judge may order that a term of imprisonment imposed as a condition of special probation under any level of punishment be served as an inpatient in a facility operated or licensed by the State for the treatment of alcoholism or substance abuse where the defendant has been accepted for admission or commitment as an inpatient. The defendant shall bear the expense of any treatment unless the trial judge orders that the costs be absorbed by the State. The judge may impose restrictions on the defendant's ability to leave the premises of the treatment facility and require that the defendant follow the rules of the treatment facility. The judge may credit against the active sentence imposed on a defendant the time the defendant was an inpatient at the treatment facility, provided such treatment occurred after the commission of the offense for which the defendant is being sentenced. This section shall not be construed to limit the authority of the judge in sentencing under any other provisions of law.
(k2) Probationary Requirement for Abstinence and Use of Continuous Alcohol Monitoring. – The judge may order that as a condition of special probation for any level of offense under G.S. 20 -179 the defendant abstain from alcohol consumption, as verified by a continuous alcohol monitoring system, of a type approved by the Division of Community Supervision and Reentry of the Department of Adult Correction.
(k3) Continuous Alcohol Monitoring During Probation. – The court, in the sentencing order, may authorize probation officers to require defendants to submit to continuous alcohol monitoring for assessment purposes if the defendant has been required to abstain from alcohol consumption during the term of probation and the probation officer believes the defendant is consuming alcohol. The defendant shall bear the costs of the continuous alcohol monitoring system if the use of the system has been authorized by a judge in accordance with this subsection.
(k4) Continuous Alcohol Monitoring Exception. – Notwithstanding the provisions of subsections (g), (h), (k2), and (k3) of this section, if the court finds, upon good cause shown, that the defendant should not be required to pay the costs of the continuous alcohol monitoring system, the court shall not impose the use of a continuous alcohol monitoring system unless the local governmental entity responsible for the incarceration of the defendant in the local confinement facility agrees to pay the costs of the system.
(k5) Delegation to Probation Officer. – Unless the presiding judge specifically finds in the judgment of the court that delegation is not appropriate, the Division of Community Supervision and Reentry of the Department of Adult Correction may require an offender sentenced pursuant to subsection (f3), (g), (h), (i), (j), or (k) of this section and placed on supervised probation to do any of the following:
(1) Perform up to 20 hours of community service and pay the applicable

supervision fee prescribed by law.
NC General Statutes - Chapter 20 460(2) Report to the offender's probation officer on a frequency to be determined by the officer.
(3) Submit to substance abuse assessment, monitoring, or treatment.
(4) Submit to house arrest with electronic monitoring.
(5) Submit to a period or periods of confinement in a local confinement facility for a total of no more than six days per month during any three separate months during the period of probation. The six days per month confinement provided for in this subdivision may only be imposed as two-day or three -day consecutive periods. When a defendant is on probation for multiple judgments, confinement periods imposed under this subdivision shall run concurrently and may total no more than six days per month. If the person being ordered to a period or periods of confinement is under the age of 18, that person must be confined in a detention facility approved by the Division of Juvenile Justice of the Department of Public Safety to provide secure confinement and care for juveniles or to a holdover facility as defined in G.S. 7B -1501(11). If the person being ordered to a period or periods of confinement reaches the age of 18 years while in confinement, the person may be transported by personnel of the Division of Juvenile Justice, or personnel approved by the Division of Juvenile Justice, to the custody of the sheriff of the applicable local confinement facility.
(6) Submit to a curfew which requires the offender to remain in a specified place for a specified period each day and wear a device that permits the offender's compliance with the condition to be monitored electronically.
(7) Participate in an educational or vocational skills development program, including an evidence -based program.
If the Division of Community Supervision and Reentry imposes any of the above requirements, then it may subsequently reduce or remove those same requirements. The probation officer may exercise authority delegated to the probation officer by the court pursuant to this subsection after administrative review and approval by a chief probation officer. The offender may file a motion with the court to review the action taken by the probation officer.
The offender shall be given notice of the right to seek such a court review. However, the offender shall have no right of review if the offender has signed a written waiver of rights as required by this subsection. The Division may exercise any authority delegated to it under this subsection only if it first determines that the offender has failed to comply with one or more of the conditions of probation or the offender is determined to be high risk based on the results of a validated instrument to assess each probationer for risk of reoffending, except that the condition in subdivision (5) of this subsection may not be imposed unless the Division determines that the offender failed to comply with one or more of the conditions of probation. Nothing in this subsection shall be construed to limit the availability of the procedures authorized under G.S. 15A -1345. The Division of Community Supervision and Reentry shall adopt guidelines and procedures to implement the requirements of this subsection, which shall include a supervisor's approval prior to exercise of the delegation of authority authorized by this subsection. Prior to imposing confinement pursuant to subdivision (5) of this subsection, the probationer must first be presented with a violation report, with the alleged violations noted and advised of the right to (i) a hearing before the court on the alleged violation, with the right to present relevant oral and written evidence, (ii) have counsel at the hearing, and that one will be appointed if the probationer is indigent, (iii) request witnesses who have relevant information concerning the alleged violations,
NC General Statutes - Chapter 20 461and (iv) examine any witnesses or evidence. The probationer may be confined for the period designated on the violation report upon the execution of a waiver of rights signed by the probationer and by two officers acting as witnesses. Those two witnesses shall be the probation officer and another officer to be designated by the Deputy Secretary of the Division of Community Supervision and Reentry in written Division policy.
(l) Repealed by Session Laws 1989, c. 691.
(m) Repealed by Session Laws 1995, c. 496, s. 2.
(n) Time Limits for Performance of Community Service. – If the judgment requires the defendant to perform a specified number of hours of community service, a minimum of 24 hours must be ordered.
(o) Evidentiary Standards; Proof of Prior Convictions. – In the sentencing hearing, the State shall prove any grossly aggravating or aggravating factor beyond a reasonable doubt, and the defendant shall prove any mitigating factor by the greater weight of the evidence. Evidence

adduced by either party at trial may be utilized in the sentencing hearing. Except as modified by this section, the procedure in G.S. 15A -1334(b) governs. The judge may accept any evidence as to the presence or absence of previous convictions that the judge finds reliable but shall give prima facie effect to convictions recorded by the Division or any other agency of the State of North Carolina. A copy of such conviction records transmitted by the police information network in general accordance with the procedure authorized by G.S. 20 -26(b) is admissible in evidence without further authentication. If the judge decides to impose an active sentence of imprisonment that would not have been imposed but for a prior conviction of an offense, the judge shall afford the defendant an opportunity to introduce evidence that the prior conviction had been obtained in a case in which the defendant was indigent, had no counsel, and had not waived the right to counsel. If the defendant proves by the preponderance of the evidence all three above facts concerning the prior case, the conviction may not be used as a grossly aggravating or aggravating factor.

(p) Limit on Amelioration of Punishment. – For active terms of imprisonment imposed under this section:

(1) The judge may not give credit to the defendant for the first 24 hours of time spent in incarceration pending trial.

(2) The defendant shall serve the mandatory minimum period of imprisonment and good or gain time credit may not be used to reduce that mandatory minimum period.

(3) The defendant may not be released on parole unless the defendant is otherwise eligible, has served the mandatory minimum period of imprisonment, and has obtained a substance abuse assessment and completed any recommended treatment or training program or is paroled into a residential treatment program.

With respect to the minimum or specific term of imprisonment imposed as a condition of special probation under this section, the judge may not give credit to the defendant for the first 24 hours of time spent in incarceration pending trial.

(q) Repealed by Session Laws 1991, c. 726, s. 20.

(r) Supervised Probation Terminated. – Unless a judge in the judge's discretion determines that supervised probation is necessary, and includes in the record that the judge has received evidence and finds as a fact that supervised probation is necessary, and states in the judgment that supervised probation is necessary, a defendant convicted of an offense of impaired driving shall be placed on unsupervised probation if the defendant meets three conditions. These conditions are that the defendant (i) has not been convicted of an offense of impaired driving within the seven

years preceding the date of this offense for which the defendant is sentenced, (ii) is being sentenced under subsections (i), (j), and (k) of this section, and (iii) has obtained any necessary substance abuse assessment and completed any recommended treatment or training program.

When a judge determines in accordance with the above procedures that a defendant should be placed on supervised probation, the judge shall authorize the probation officer to modify the defendant's probation by placing the defendant on unsupervised probation upon the completion by the defendant of the following conditions of the suspended sentence:

(1) Community service; or

(2) Repealed by Session Laws 1995 c. 496, s. 2.

(3) Payment of any fines, court costs, and fees; or

(4) Any combination of these conditions.

(s) Method of Serving Sentence. – The judge in the judge's discretion may order a term of imprisonment to be served on weekends, even if the sentence cannot be served in consecutive sequence. However, if the defendant is ordered to a term of 48 hours or more, or has 48 hours or more remaining on a term of imprisonment, the defendant shall be required to serve 48 continuous hours of imprisonment to be given credit for time served. All of the following apply to a sentence served under this subsection:

(1) Credit for any jail time shall only be given hour for hour for time actually served. The jail shall maintain a log showing number of hours served.

(2) The defendant shall be refused entrance and shall be reported back to court if the defendant appears at the jail and has remaining in the defendant's body any alcohol as shown by an alcohol screening device or controlled substance previously consumed, unless lawfully obtained and taken in therapeutically appropriate amounts.

(3) If a defendant has been reported back to court under subdivision (2) of this subsection, the court shall hold a hearing. The defendant shall be ordered to

serve the defendant's jail time immediately and shall not be eligible to serve jail time on weekends if the court determines that, at the time of entrance to the jail, at least one of the following apply:
a. The defendant had previously consumed alcohol in the defendant's body as shown by an alcohol screening device.
b. The defendant had a previously consumed controlled substance in the defendant's body.
It shall be a defense to an immediate service of sentence of jail time and ineligibility for weekend service of jail time if the court determines that alcohol or controlled substance was lawfully obtained and was taken in therapeutically appropriate amounts.

§ 20-179.1. Presentence investigation of persons convicted of offense involving impaired driving.
When a person has been convicted of an offense involving impaired driving, the trial judge may request a presentence investigation to determine whether the person convicted would benefit from treatment for habitual use of alcohol or drugs. If the person convicted objects, no presentence investigation may be ordered, but the judge retains his power to order suitable treatment as a condition of probation, and must do so when required by statute. (1973, c. 612; 1981, c. 412, s. 4; c. 747, s. 66; 1983, c. 435, s. 29.)
§ 20-179.2: Repealed by Session Laws 1995, c. 496, s. 8.
§ 20-179.3. Limited driving privilege.
(a) Definition of Limited Driving Privilege. – A limited driving privilege is a judgment issued in the discretion of a court for good cause shown authorizing a person with a revoked driver's license to drive for essential purposes related to any of the following:
(1) The person's employment.
(2) The maintenance of the person's household.
(3) The person's education.
(4) The person's court -ordered treatment or assessment.
(5) Community service ordered as a condition of the person's probation.
(6) Emergency medical care.
(7) Religious worship.
(b) Eligibility. –
(1) Except as otherwise provided in subdivision (3) of this subsection, a person convicted of the offense of impaired driving under G.S. 20 -138.1 is eligible for a limited driving privilege if all of the following requirements are met:
a. At the time of the offense the person held either a valid driver's license or a license that had been expired for less than one year.
b. At the time of the offense the person had not within the preceding seven years been convicted of an offense involving impaired driving.
c. Punishment Level Three, Four, or Five was imposed for the offense of impaired driving.
d. Subsequent to the offense the person has not been convicted of, or had an unresolved charge lodged against the person for, an offense involving impaired driving.
e. The person has obtained and filed with the court a substance abuse assessment of the type required by G.S. 20 -17.6 for the restoration of a drivers license.

A person whose North Carolina driver's license is revoked because of a conviction in another jurisdiction substantially similar to impaired driving under G.S. 20 -138.1 is eligible for a limited driving privilege if the person would be eligible for it had the conviction occurred in North Carolina.
Eligibility for a limited driving privilege following a revocation under G.S. 20 -16.2(d) is governed by G.S. 20 -16.2(e1).
(2) Any person whose licensing privileges are forfeited pursuant to G.S. 15A -1331.1 is eligible for a limited driving privilege if the court finds that at the time of the forfeiture, the person held either a valid drivers license or a drivers license that had been expired for less than one year and either of the following requirements is met:
a. The person is supporting existing dependents or must have a drivers license to be gainfully employed.
b. The person has an existing dependent who requires serious medical treatment and the defendant is the only person able to provide transportation to the dependent to the health care facility where the dependent can receive the needed medical treatment.
The limited driving privilege granted under this subdivision must restrict the person to essential driving related to the purposes listed above, and any driving that is not related to those purposes is unlawful even though done at times and upon routes that may be authorized by the privilege.
(3) A person convicted of the offense of impaired driving under G.S. 20 -138.1 that has been convicted of not more than one offense involving impaired driving within the preceding seven years is eligible for a limited driving privilege if all of the following requirements are met:
a. At the time of the offense the person held either a valid driver's license or a license that had been expired for less than one year.
b. At the time of the offense the person did not have an alcohol concentration of 0.15 or more.
c. One of the following punishment levels was imposed for the offense of impaired driving:
1. Punishment Level Three, Four, or Five.
2. Punishment Level Two, but only if the Grossly Aggravating Factor determined to impose Punishment Level Two was the Grossly Aggravating Factor provided in G.S. 20 -179(c)(1).
d. Subsequent to the offense the person has not been convicted of, or had an unresolved charge lodged against the person for, an offense involving impaired driving.
e. The person has obtained and filed with the court a substance abuse assessment of the type required by G.S. 20 -17.6 for the restoration of a drivers license.
A person whose North Carolina driver's license is revoked because of a conviction in another jurisdiction substantially similar to impaired driving under G.S. 20 -138.1 is eligible for a limited driving privilege if the person would be eligible for it had the conviction occurred in North Carolina.
Eligibility for a limited driving privilege following a revocation under G.S. 20 -16.2(d) is governed by G.S. 20 -16.2(e1).
(c) Privilege Not Effective until after Compliance with Court -Ordered Revocation. – A person convicted of an impaired driving offense may apply for a limited driving privilege at the time the judgment is entered. A person whose license is revoked because of a conviction in another
jurisdiction substantially similar to impaired driving under G.S. 20 -138.1 may apply for a limited driving privilege only after having completed at least 60 days of a court -imposed term of nonoperation of a motor vehicle, if the court in the other jurisdiction imposed such a term of nonoperation.
(c1) Repealed by Session Laws 2021 -182, s. 1(a), effective December 1, 2021, and applicable to limited driving privileges issued on or after that date.
(d) Application for and Scheduling of Subsequent Hearing. – The application for a limited driving privilege made at any time after the day of sentencing must be filed with the clerk, and no hearing scheduled may be held until a reasonable time after the clerk files a copy of the application

with the district attorney's office. The hearing must be scheduled before:
(1) The presiding judge at the applicant's trial if that judge is assigned to a court in the district court district as defined in G.S. 7A -133 or superior court district or set of districts as defined in G.S. 7A -41.1, as the case may be, in which the conviction for impaired driving was imposed.
(2) The senior regular resident superior court judge of the superior court district or set of districts as defined in G.S. 7A -41.1 in which the conviction for impaired driving was imposed, if the presiding judge is not available within the district and the conviction was imposed in superior court.
(3) The chief district court judge of the district court district as defined in G.S. 7A -133 in which the conviction for impaired driving was imposed, if the presiding judge is not available within the district and the conviction was imposed in district court.
If the applicant was convicted of an offense in another jurisdiction, the hearing must be scheduled before the chief district court judge of the district court district as defined in G.S. 7A -133 in which he resides. G.S. 20 -16.2(e1) governs the judge before whom a hearing is scheduled if the revocation was under G.S. 20 -16.2(d). The hearing may be scheduled in any county within the district court district as defined in G.S. 7A -133 or superior court district or set of districts as defined in G.S. 7A -41.1, as the case may be.
(e) Limited Basis for and Effect of Privilege. – A limited driving privilege issued under this section authorizes a person to drive if the person's license is revoked solely under G.S. 20 -17(a)(2) or as a result of a conviction in another jurisdiction substantially similar to impaired driving under G.S. 20 -138.1; if the person's license is revoked under any other statute, the limited driving privilege is invalid.
(f) Overall Provisions on Use of Privilege. – Every limited driving privilege must restrict the applicant to essential driving related to the purposes listed in subsection (a), and any driving that is not related to those purposes is unlawful even though done at times and upon routes that may be authorized by the privilege. If the privilege is granted, driving related to emergency medical care is authorized at any time and without restriction as to routes, but all other driving must be for a purpose and done within the restrictions specified in the privilege.
(f1) Definition of "Standard Working Hours". – Under this section, "standard working hours" are 6:00 A.M. to 8:00 P.M. on Monday through Friday.
(g) Driving for Work -Related Purposes in Standard Working Hours. – In a limited driving privilege, the court may authorize driving for work -related purposes during standard working hours without specifying the times and routes in which the driving must occur. If the applicant is not required to drive for essential work -related purposes except during standard working hours, the limited driving privilege must prohibit driving during nonstandard working hours unless the
driving is for emergency medical care or is authorized by subsection (g2). The limited driving privilege must state the name and address of the applicant's place of work or employer, and may include other information and restrictions applicable to work -related driving in the discretion of the court.
(g1) Driving for Work -Related Purposes in Nonstandard Hours. – If the applicant is required to drive during nonstandard working hours for an essential work -related purpose, the applicant must present documentation of that fact before the judge may authorize the applicant to drive for this purpose during those hours. If the applicant is self-employed, the documentation must be attached to or made a part of the limited driving privilege. If the judge determines that it is necessary for the applicant to drive during nonstandard hours for a work -related purpose, the judge may authorize the applicant to drive subject to these limitations:
(1) If the applicant is required to drive to and from a specific place of work at regular times, the limited driving privilege must specify the general times and routes in which the applicant will be driving to and from work, and restrict driving to those times and routes.
(2) If the applicant is required to drive to and from work at a specific place, but is unable to specify the times at which that driving will occur, the limited driving privilege must specify the general routes in which the applicant will be driving to and from work, and restrict the driving to those general routes.
(3) If the applicant is required to drive to and from work at regular times but is unable to specify the places at which work is to be performed, the limited driving privilege must specify the general times and geographic boundaries in which the applicant will be driving, and restrict driving to those times and

within those boundaries.
(4) If the applicant can specify neither the times nor places in which the applicant will be driving to and from work, or if the applicant is required to drive during these nonstandard working hours as a condition of employment, the limited driving privilege must specify the geographic boundaries in which the applicant will drive and restrict driving to that within those boundaries.
The limited driving privilege must state the name and address of the applicant's place of work or employer, and may include other information and restrictions applicable to work -related driving, in the discretion of the court.
(g2) A limited driving privilege may not allow driving for maintenance of the household except during standard working hours, and the limited driving privilege may contain any additional restrictions on that driving, in the discretion of the court. The limited driving privilege must authorize driving essential to the completion of any community work assignments, course of instruction at an Alcohol and Drug Education Traffic School, or substance abuse assessment or treatment, to which the applicant is ordered by the court as a condition of probation for the impaired driving conviction. If this driving will occur during nonstandard working hours, the limited driving privilege must specify the same limitations required by subsection (g1) for work -related driving during those hours, and it must include or have attached to it the name and address of the Alcohol and Drug Education Traffic School, the community service coordinator, or mental health treatment facility to which the applicant is assigned. Driving for educational purposes other than the course of instruction at an Alcohol and Drug Education Traffic School is subject to the same limitations applicable to work related driving under subsections (g) and (g1).
Driving to and from the applicant's place of religious worship is subject to the same limitations
applicable to work -related driving under subsections (g) and (g1) of this section.
(g3) Ignition Interlock Allowed. – A judge may include all of the following in a limited driving privilege order:
(1) A restriction that the applicant may operate only a designated motor vehicle.
(2) A requirement that the designated motor vehicle be equipped with a functioning ignition interlock system of a type approved by the Commissioner. The Commissioner shall not unreasonably withhold approval of an ignition interlock system and shall consult with the Division of Purchase and Contract in the Department of Administration to ensure that potential vendors are not discriminated against. All approved vendors shall report all attempts to start the vehicle with an alcohol concentration greater than 0.02 or any other violations of the interlock policies established by the Division for use of an ignition interlock system or a violation of G.S. 20 -17.8A to the Commissioner in accordance with Division requirements.
(3) A requirement that the applicant personally activate the ignition interlock system before driving the motor vehicle.
If the limited driving privilege order includes the restrictions set forth in this subsection, then the limitations set forth in subsections (a), (f), (g), (g1), and (g2) of this section do not apply when the person is operating the designated motor vehicle with a functioning ignition interlock system.
(g4) The restrictions set forth in subsection (g3) and (g5) of this section do not apply to a motor vehicle that meets all of the following requirements:
(1) Is owned by the applicant's employer.
(2) Is operated by the applicant solely for work -related purposes.
(3) Its owner has filed with the court a written document authorizing the applicant to drive the vehicle, for work -related purposes, under the authority of a limited driving privilege.
(g5) Ignition Interlock Required. – If a person's drivers license is revoked for a conviction of G.S. 20 -138.1, and the person had an alcohol concentration of 0.15 or more or is eligible for a limited driving privilege pursuant to subdivision (b)(3) of this section, a judge shall include all of the following in a limited driving privilege order:
(1) A restriction that the applicant may operate only a designated motor vehicle.
(2) A requirement that the designated motor vehicle be equipped with a functioning ignition interlock system of a type approved by the Commissioner, which is set to prohibit driving with an alcohol concentration of greater than 0.02. The Commissioner shall not unreasonably withhold approval of an ignition interlock system and shall consult with the Division of Purchase and Contract in

the Department of Administration to ensure that potential vendors are not discriminated against. All approved vendors shall report all attempts to start the vehicle with an alcohol concentration greater than 0.02 or any other violations of the interlock policies established by the Division for use of an ignition interlock system or a violation of G.S. 20 -17.8A to the Commissioner in accordance with Division requirements.

(3) A requirement that the applicant personally activate the ignition interlock system before driving the motor vehicle.

If the limited driving privilege order includes the restrictions set forth in this subsection, then the limitations set forth in subsections (a), (f), (g), (g1), and (g2) of this section do not apply when the person is operating the designated motor vehicle with a functioning ignition interlock system. For purposes of this subsection, the results of a chemical analysis presented at trial or sentencing shall be sufficient to prove a person's alcohol concentration, shall be conclusive, and shall not be subject to modification by any party, with or without approval by the court. The removal of the ignition interlock system prior to the end of the revocation period or any extension shall void the limited driving privilege and the Division shall remove the limited driving privilege from the person's driving record. The interlock provider shall notify the holder of the limited driving privilege that removal voids the limited driving privilege in accordance with Division policy. The Division shall notify the person by first class mail at the address on file with the Division that the limited driving privilege is void and does not authorize driving due to removal of the ignition interlock system.

(h) Other Mandatory and Permissive Conditions or Restrictions. – In all limited driving privileges the judge shall also include a restriction that the applicant not consume alcohol while driving or drive at any time while the applicant has remaining in the applicant's body any alcohol or controlled substance previously consumed, unless the controlled substance was lawfully obtained and taken in therapeutically appropriate amounts. The judge may impose any other reasonable restrictions or conditions necessary to achieve the purposes of this section.

(i) Modification or Revocation of Privilege. – A judge who issues a limited driving privilege is authorized to modify or revoke the limited driving privilege upon a showing that the circumstances have changed sufficiently to justify modification or revocation. If the judge who issued the privilege is not presiding in the court in which the privilege was issued, a presiding judge in that court may modify or revoke a privilege in accordance with this subsection. The judge must indicate in the order of modification or revocation the reasons for the order, or the judge must make specific findings indicating the reason for the order and those findings must be entered in the record of the case.

(j) Effect of Violation of Restriction. – Except as otherwise provided in subsection (j2) of this section, a person holding a limited driving privilege who violates any of its restrictions commits the offense of driving while license is revoked for impaired driving under G.S. 20 -28(a1) and is subject to punishment and license revocation as provided in that section. If a law-enforcement officer has reasonable grounds to believe that the person holding a limited driving privilege has consumed alcohol while driving or has driven while the person has remaining in the person's body any alcohol previously consumed, the suspected offense of driving while license is revoked is an alcohol -related offense subject to the implied -consent provisions of G.S. 20 -16.2. If a person holding a limited driving privilege is charged with driving while license revoked by violating a restriction contained in the limited driving privilege, and a judicial official determines that there is probable cause for the charge, the limited driving privilege is suspended pending the resolution of the case, and the judicial official must require the person to surrender the limited driving privilege. The judicial official must also notify the person that the person is not entitled to drive until the case is resolved.

Notwithstanding any other provision of law, an alcohol screening test may be administered to a driver suspected of violating this section, and the results of an alcohol screening test or the driver's refusal to submit may be used by a law enforcement officer, a court, or an administrative agency in determining if alcohol was present in the driver's body. No alcohol screening tests are valid under this section unless the device used is one approved by the Department of Health and Human

Services, and the screening test is conducted in accordance with the applicable regulations of the Department as to the manner of its use.

(j1) Effect of Violation of Community Service Requirement. – Division of Community Supervision and Reentry staff shall report significant violations of the terms of a probation judgment related to community service to the court that ordered the community service. The court

shall then conduct a hearing to determine if there was a willful failure to comply. The hearing may be held in the district where the requirement was imposed, where the alleged violation occurred, or where the probationer resides. If the court determines that there was a willful failure to pay the prescribed fee or to complete the work as ordered within the applicable time limits, the court shall revoke any limited driving privilege issued in the impaired driving case until community service requirements have been met. In addition, the court may take any further action authorized by Article 82 of Chapter 15A of the General Statutes for violation of a condition of probation.

(j2) Effect of Ignition Interlock System Violation During Final 90-Day Period. – Notwithstanding subsection (j) of this section, a person holding a limited driving privilege, including the restriction set forth in subsection (g5) of this section who commits an ignition interlock system violation during the 90-day period immediately preceding the date on which the person's compliance with subsection (g5) of this section is to end, shall have the period of revocation and authorization to drive with the limited driving privilege in compliance with subsection (g5) of this section extended for an additional period of 90 days or until the person has been violation -free for such extended period. For purposes of this subsection, the term "ignition interlock system violation" means any of the following:

(1) Any attempt to start the vehicle with an alcohol concentration greater than 0.02 or violation of any of the other restrictions set forth in subsection (g5) of this section.

(2) A violation of G.S. 20 -17.8A.

(3) A violation of any of the policies established by the Division for use of an ignition interlock system on a designated motor vehicle.

The Division shall notify the holder of the limited driving privilege of any violation and the right to appeal in accordance with Division policy. The Division shall provide for a telephonic hearing if the holder appeals an extension. The extension shall continue pending appeal. The Division shall send notice of the extension to the person holding the limited driving privilege by first class mail to the address on file with the Division.

(k) Copy of Limited Driving Privilege to Division; Action Taken if Privilege Invalid. – The clerk of court or the child support enforcement agency must send a copy of any limited driving privilege issued in the county to the Division. A limited driving privilege that is not authorized by this section, G.S. 20 -16.2(e1), 20-16.1, 50-13.12, or 110-142.2, or that does not contain the limitations required by law, is invalid. If the limited driving privilege is invalid on its face, the Division must immediately notify the court and the person holding the privilege that it considers the privilege void and that the Division records will not indicate that the person has a limited driving privilege.

(l) Any judge granting limited driving privileges under this section shall, prior to granting such privileges, be furnished proof and be satisfied that the person being granted such privileges is financially responsible. Proof of financial responsibility shall be in one of the following forms:

(1) A written certificate or electronically -transmitted facsimile thereof from any insurance carrier duly authorized to do business in this State certifying that there is in effect a nonfleet private passenger motor vehicle liability policy for

the benefit of the person required to furnish proof of financial responsibility. The certificate or facsimile shall state the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy and shall state the date that the certificate or facsimile is issued. The certificate or facsimile shall remain effective proof of financial responsibility for a period of 30 consecutive days following the date the certificate or facsimile is issued but shall not in and of itself constitute a binder or policy of insurance.

(2) A binder for or policy of nonfleet private passenger motor vehicle liability insurance under which the applicant is insured, provided that the binder or policy states the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy.

The preceding provisions of this subsection do not apply to applicants who do not own currently registered motor vehicles and who do not operate nonfleet private passenger motor vehicles that are owned by other persons and that are not insured under commercial motor vehicle liability insurance policies. In such cases, the applicant shall sign a written certificate to that effect. Such certificate shall be furnished by the Division. Any material misrepresentation made by such person on such certificate shall be grounds for suspension of that person's license for a period of 90 days.

For the purpose of this subsection "nonfleet private passenger motor vehicle" has the definition

ascribed to it in Article 40 of General Statute Chapter 58.
The Commissioner may require that certificates required by this subsection be on a form approved by the Commissioner. Such granting of limited driving privileges shall be conditioned upon the maintenance of such financial responsibility during the period of the limited driving privilege. Nothing in this subsection precludes any person from showing proof of financial responsibility in any other manner authorized by Articles 9A and 13 of this Chapter. (1983, c. 435, s. 31; 1983 (Reg. Sess., 1984), c. 1101, ss. 30-33; 1985, c. 706, s. 2; 1987, c. 869, s. 13; 1987 (Reg. Sess., 1988), c. 1037, s. 78; 1989, c. 436, s. 6; 1994, Ex. § 20-179.4: Repealed by Session Laws 2009 -372, s. 16, effective December 1, 2009, and applicable to offenses committed on or after that date.
§ 20-179.5. Affordability of ignition interlock system.
(a) Payment of Costs. – The costs incurred in order to comply with the ignition interlock requirements imposed by the court or the Division pursuant to this Chapter, including costs for installation and monitoring of the ignition interlock system, shall be paid by the person ordered to install the system. Costs for installation and monitoring of the ignition interlock system shall be collected under terms agreed upon by the ignition interlock system vendor and the person required to install the ignition interlock system.
(b) Waiver. – A person who is ordered by a court, or required by statute, to install an ignition interlock system in order to lawfully operate a motor vehicle, but who is unable to afford
the cost of an ignition interlock system, may apply to an authorized vendor for a waiver of a portion
of the costs of an ignition interlock system.
(c) Affidavit. – A person who applies for a waiver of a portion of the costs of an ignition interlock system under subsection (b) of this section shall provide to the vendor on a form affidavit created by the Division a statement (i) that the person's income is at or below one hundred fifty percent (150%) of the federal poverty line or (ii) that the person is enrolled in any of the following public assistance programs:
(1) Temporary Assistance for Needy Families (TANF).
(2) Supplemental Security Income (SSI).

(5) Medicaid.
(d) Supporting Documentation. – A person who submits an affidavit under subsection (c) of this section shall provide to the vendor documentation confirming the statement set out in the affidavit. A person may establish the person's income for purposes of this subsection by providing any of the following:

(2) A copy of the person's IRS Form W-2 for the previous year.
(3) A copy of the person's pay stubs or monthly income statements for the three months immediately preceding the date of application under subsection (b) of this section.
(4) A verification of unemployment benefits paid to the person for the three months immediately preceding the date of application under subsection (b) of this section.
(e) Reduction of Costs. – A vendor who receives a waiver under subsection (b) of this section that complies with the requirements of subsections (c) and (d) of this section shall install the ignition interlock system in accordance with both of the following terms:
(1) The applicant shall not be required to pay for installation or removal of the ignition interlock system or systems.
(2) The applicant shall receive a fifty percent (50%) discount on the monthly service rate charged to persons who are not granted a waiver under this section.
(f) Review of Denial. – An applicant denied a waiver of ignition interlock system costs under this section may seek review by the Division of the vendor's determination. The Division shall adopt rules to govern its review under this subsection. (2021 -182, s. 1(e).)
§ 20-180. Repealed by Session Laws 1973, c. 1330, s. 39.

§ 20-181. Penalty for failure to dim, etc., beams of headlamps.
Any person operating a motor vehicle on the highways of this State, who shall fail to shift, depress, deflect, tilt or dim the beams of the headlamps thereon whenever another vehicle is met on such highways or when following another vehicle at a distance of less than 200 feet, except when engaged in the act of overtaking and passing may, upon a determination of responsibility for the offense, be required to pay a penalty of not more than ten dollars ($10.00). § 20-183.3. Scope of safety inspection and emissions inspection.

(a) Safety. – A safety inspection of a motor vehicle consists of an inspection of the following equipment to determine if the vehicle has the equipment required by Part 9 of Article 3 of this Chapter and if the equipment is in a safe operating condition:

(4) Steering mechanism, as required by G.S. 20-123.1.

(5) Windows and windshield wipers, as required by G.S. 20-127. To determine if a vehicle window meets the window tinting restrictions, a safety inspection mechanic must first determine, based on use of an automotive film check card or knowledge of window tinting techniques, if after-factory tint has been applied to the window. If after-factory tint has been applied, the mechanic must use a light meter approved by the Commissioner to determine if the window meets the window tinting restrictions.
(6) Directional signals, as required by G.S. 20-125.1.
(7) Tires, as required by G.S. 20-122.1.
(8) Mirrors, as required by G.S. 20-126.
(9) Exhaust system and emissions control devices, as required by G.S. 20-128. (b) Repealed by Laws 2000 -134, s. 12, effective January 1, 2006.
(b1) Emissions. – An emissions inspection of a motor vehicle consists of a visual inspection of the vehicle's emissions control devices to determine if the devices are present, are properly connected, and are the correct type for the vehicle and an analysis of data provided by the on-board diagnostic (OBD) equipment installed by the vehicle manufacturer to identify any deterioration or malfunction in the operation of the vehicle that violates standards for the model year of the vehicle
NC General Statutes - Chapter 20 475set by the Environmental Management Commission. To pass an emissions inspection a vehicle must pass both the visual inspection and the OBD analysis. When an emissions inspection is performed on a vehicle, a safety inspection must be performed on the vehicle as well.
(c) Reinspection After Failure. – The scope of a reinspection of a vehicle that has been repaired after failing an inspection is the same as the original inspection unless the vehicle is presented for reinspection within 60 days of failing the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was a safety inspection, the reinspection is limited to an inspection of the equipment that failed the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was an emissions inspection, the reinspection is limited to the portion of the inspection the vehicle failed and any other portion of the inspection that would be affected by repairs made to correct the failure. (1965, c. 734, s. 1; 1969, c. 378, s. 2; 1971, c. 455, s. 2; c. 478, ss. 1, 2; 1979, 2nd Sess., c. 1180, s. 3; 1981 (Reg. The waiver amount is two hundred dollars ($200.00) if the vehicle is a 1996 or newer model.
(b) Procedure. – To obtain a waiver, a person must contact a local enforcement office of the Division. Before issuing a waiver, an employee of the Division must review the inspection receipts issued for the inspections of the vehicle, review the documents establishing what repairs were made to the vehicle and at what cost, review any statement denying warranty coverage of the repairs made, and do a visual inspection of the vehicle, if appropriate, to determine if the documented repairs were made. The Division must issue a waiver if it determines that the vehicle qualifies for a waiver. A person to whom a waiver is issued must present the waiver to the self-inspector or inspection station performing the inspection to obtain an electronic inspection authorization.
(c) Repairs. – The following repairs and their costs cannot be considered in determining whether the cost of repairs made to a vehicle equals or exceeds the waiver amount:

(1) Repairs covered by a warranty that applies to the vehicle.
(2) Repairs needed as a result of tampering with an emission control device of the vehicle.
(3) Repairs made by an individual who is not professionally engaged in the business of repairing vehicles.
(d) Electronic Inspection Authorization Expiration. – An electronic inspection authorization issued to a vehicle after the vehicle receives a waiver from the requirement of passing the safety inspection expires at the same time it would if the vehicle had passed the safety inspection. (2001 -504, s. 9; 2007 -503, ss. 8, 9.)
§ 20-183.6: Repealed by Session Laws 2007 -503, s. 10, effective October 1, 2008, and applicable to offenses committed on or after that date.
§ 20-183.6A. Administration of program; duties of license holders.
(a) Division. – The Division is responsible for administering the safety inspection and the emissions inspection programs. In exercising this responsibility, the Division must:
(1) Conduct performance audits, record audits, and equipment audits of those licensed to perform inspections to ensure that inspections are performed properly.
(2) Ensure that Division personnel who audit license holders are knowledgeable about audit procedures and about the requirements of both the safety inspection and the emissions inspection programs.
(3) Perform an emissions inspection on a vehicle when requested to do so by a vehicle owner so the owner can compare the result of the inspection performed by the Division with the result of an inspection performed at an emissions inspection station.
(4) Investigate complaints about a person licensed to perform inspections and reports of irregularities in performing inspections.
(5) Establish written procedures for the issuance of electronic inspection authorizations to persons licensed to perform electronic inspection authorizations.
NC General Statutes - Chapter 20 482(6) Submit information and reports to the federal Environmental Protection Agency as required by 40 C.F.R. Part 51.
(b) License Holders. – A person who is licensed by the Division under this Part must post the license at the place required by the Division and must keep a record of inspections performed. The inspection record must identify the vehicle that was inspected, indicate the type of inspection performed and the date of inspection, and contain any other information required by the Division. A self-inspector or an inspection station must send its records of inspections to the Division in the form and at the time required by the Division. An auditor of the Division may review the inspection records of a person licensed by the Division under this Part during normal business hours. (1993 (Reg. Sess., 1994), c. 754, s. 1; 2007 -503, s. 11.)

(a) Kinds of Violations. – The civil penalty schedule established in this section applies to safety self-inspectors, safety inspection stations, and safety inspection mechanics. The schedule categorizes safety violations into serious (Type I), minor (Type II), and technical (Type III) violations. A serious violation is a violation of this Part or a rule adopted to implement this Part that directly affects the safety or emissions reduction benefits of the safety inspection program. A minor violation is a violation of this Part or a rule adopted to implement this Part that reflects negligence or carelessness in conducting a safety inspection or complying with the safety inspection requirements but does not directly affect the safety benefits or emission reduction benefits of the safety inspection program. A technical violation is a violation that is not a serious violation, a minor violation, or another type of offense under this Part.

(b) Penalty Schedule. – The Division must take the following action for a violation:

(c) Station or Self-Inspector Responsibility. – It is the responsibility of a safety inspection station and a safety self-inspector to supervise the safety inspection mechanics it employs. The Division may stay a term of suspension for a first occurrence of a Type I violation for a station if the station agrees to follow the reasonable terms and conditions of the stay as determined by the Division. In determining whether to suspend a first

NC General Statutes - Chapter 20 485occurrence violation for a station, the Division may consider the supervision provided by the station over the individual or individuals who committed the violation, action that has been taken to remedy future violations, or prior knowledge of the station as to the acts committed by the individual or individuals who committed the violation, or a combination of these factors. The monetary penalty shall not be stayed or reduced.

The Division may in its discretion direct that any suspensions for the first, second, or third or subsequent violations run concurrently. If the Division does not direct that the suspensions

run concurrently, they shall run consecutively. Nothing in this section shall prohibit or limit a reviewing court's ability to affirm, reverse, remand, or modify the Division's decisions, whether discretionary or otherwise, pursuant to Article 4 of Chapter 150B of the General Statutes.
(e) Mechanic Training. – A safety inspection mechanic whose license has been suspended or revoked must retake the course required under G.S. 20-183.4 and successfully complete the course before the mechanic's license can be reinstated. Failure to successfully complete this course continues the period of suspension or revocation until the course is completed successfully.

VEHICLE EQUIPMENT SAFETY COMPACT

ARTICLE I. Findings and Purposes.

(a) The party states find that:

(1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

(2) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(b) The purposes of this Compact are to:

(1) Promote uniformity in regulation of and standards for equipment.
(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.
(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision (a) of this article.
(c) It is the intent of this Compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.
ARTICLE II. Definitions.
As used in this Compact:
(a) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

The deed performed must have been one of personal bravery and self-sacrifice so conspicuous as to clearly distinguish the individual above his colleagues and must have involved risk of life. Proof of the performance of the service will be required and each recommendation for the award of this decoration will be considered on the standard of extraordinary merit.
(c) Recipients of the awards hereinabove provided for will be entitled to receive a framed certificate of the award and an insignia designed to be worn as a part of the State Highway Patrol uniform.
(d) The awards committee shall review and investigate all reports of outstanding service and shall make recommendations to the patrol commander with respect thereto. The committee shall consider members of the Patrol for the awards created by this section when properly recommended by any individual having personal knowledge of an act, achievement or service believed to warrant the award of a decoration. No recommendation shall be made except by majority vote of all members of the committee. All recommendations of the committee shall be in writing and shall be forwarded to the patrol commander.
(e) Upon receipt of a recommendation of the committee, the patrol commander shall inquire into the facts of the matter and shall reduce his recommendation to writing. The patrol commander shall forward his recommendation, together with the recommendation of the committee, to the Secretary of Public Safety. The Secretary shall have final authority to approve or disapprove recommendations affecting the issuance of all awards except the award of honor. (a) The Secretary of Public Safety shall not make or permit to be made any order, rule, or regulation requiring the issuance of any minimum number of traffic citations, or ticket quotas, by any member or members of the State Highway Patrol. Pay and promotions of members of the Highway Patrol shall be based on their overall job performance and not on the basis of the volume

To this end, the members of the Patrol are given the power and authority of peace officers for the service of any warrant or other process issuing from any of the courts of the State having criminal jurisdiction, and are likewise authorized to arrest without warrant any person who, in the presence of said officers, is engaged in the violation of any of the laws of the State regulating travel and the use of vehicles upon the highways, or of laws with respect to the protection of the highways, and they shall have jurisdiction anywhere within the State, irrespective of county lines.

The State Highway Patrol recognizes the need to utilize private wrecker services to remove vehicles from public roadways as part of its public safety responsibility. In order to assure that this public safety responsibility is accomplished, the Troop Commander shall include on the Highway Patrol's rotation wrecker list only those wrecker services which agree in writing to impose reasonable charges for work performed and present one bill to the owner or operator of any towed vehicle. Towing, storage, and related fees charged may not be greater than fees charged for the same service for nonrotation calls that provide the same service, labor, and conditions. (a) This Article applies to each towing of a vehicle that is carried out pursuant to G.S.

115C -46(d) or G.S. 143-340(19), or pursuant to the direction of a law-enforcement officer except:
(1) This Article applies to towings pursuant to G.S. 115D -21, 116-44.4, 116-229, 153A -132, 153A -132.2, 160A -303, and 160A -303.2 only insofar as specifically provided;
(2) This Article does not apply to a seizure of a vehicle under G.S. 14-86.1, 18B-504, 90-112, 113-137, 20-28.2, 20-28.3, or to any other seizure of a vehicle for evidence in a criminal proceeding or pursuant to any other statute providing for the forfeiture of a vehicle;
(3) This Article does not apply to a seizure of a vehicle pursuant to a levy under execution.
(b) A person who authorizes the towing of a vehicle covered by this Article, G.S. 115D -21, 116-44.4, 116-229, 153A -132, 153A -132.2, 160A -303 or 160A -303.2 is a legal possessor of the vehicle within the meaning of G.S. 44A-1(1). (1983, c. 420, s. 2; 1989, c. 743, s. 3; 1997 -379, s. 1.7.)

§ 20-219.11. Notice and probable cause hearing.

(a) Whenever a vehicle with a valid registration plate or registration is towed as provided in G.S. 20-219.10, the authorizing person shall immediately notify the last known registered owner of the vehicle of the following:
(1) A description of the vehicle;
(2) The place where the vehicle is stored;
(3) The violation with which the owner is charged, if any;
(4) The procedure the owner must follow to have the vehicle returned to him; and
(5) The procedure the owner must follow to request a probable cause hearing on the towing.

If the vehicle has a North Carolina registration plate or registration, notice shall be given to the owner within 24 hours; if the vehicle is not registered in this State, notice shall be given to the owner within 72 hours. This notice shall, if feasible, be given by telephone. Whether or not the owner is reached by telephone, notice shall be mailed to his last known address unless he or his agent waives this notice in writing.
(b) Whenever a vehicle with neither a valid registration plate nor registration is towed as provided in G.S. 20-219.10, the authorizing person shall make reasonable efforts, including checking the vehicle identification number, to determine the last known registered owner of the vehicle and to notify him of the information listed in subsection (a). Unless the owner has otherwise been given notice, it is presumed that the authorizing person has not made reasonable efforts, as required under this subsection, unless notice that the vehicle would be towed was posted on the windshield or some other conspicuous place at least seven days before the towing actually occurred; except, no pretowing notice need be given if the vehicle impeded the flow of traffic or otherwise jeopardized the public welfare so that immediate towing was necessary.
(c) The owner or any other person entitled to claim possession of the vehicle may request in writing a hearing to determine if probable cause existed for the towing. The request shall be filed with the magistrate in the county where the vehicle was towed. If there is more than one magistrate's office in that county, the request may be filed with the magistrate in the warrant -issuing office in the county seat or in any other office designated to receive requests by the chief district court judge. The magistrate shall set the hearing within 72 hours of his receiving the request. The owner, the person who requested the hearing if someone other than the owner, the tower, and the person who authorized the towing shall be notified of the time and place of the hearing.
(d) The owner, the tower, the person who authorized the towing, and any other interested parties may present evidence at the hearing. The person authorizing the towing and the tower may submit an affidavit in lieu of appearing personally, but the affidavit does not preclude that person from also testifying.
(e) The only issue at this hearing is whether or not probable cause existed for the towing. If the magistrate finds that probable cause did exist, the tower's lien continues. If the magistrate finds that probable cause did not exist, the tower's lien is extinguished.
(f) Any aggrieved party may appeal the magistrate's decision to district court. (1983, c. 420, s. 2.)

§ 20-219.12. Option to pay or post bond.

At any stage in the proceedings, including before the probable cause hearing, the owner may obtain possession of his vehicle by:
(1) Paying the towing fee, or

(2) Posting a bond for double the amount of the towing fee. (1983, c. 420, s. 2.)
§ 20-219.13. Hearing on lien.
The tower may seek to enforce his lien or the owner may seek to contest the lien pursuant to Chapter 44A. (1983, c. 420, s. 2.)
§ 20-219.14. Payment to tower guaranteed.
NC General Statutes - Chapter 20 520Every agency whose law-enforcement officers act pursuant to this Article, G.S. 115D -21, 116-44.4, 116-229, 153A -132, or 160A -303 shall by contract or rules provide compensation to the tower if a court finds no probable cause existed for the towing. Notification of Towing.
§ 20-219.20. Requirement to give notice of vehicle towing.
(a) Whenever a vehicle is towed at the request of a person other than the owner or operator of the vehicle, the tower shall provide the following information to the local law enforcement agency having jurisdiction through calling the 10-digit telephone number designated by the local law enforcement agency having jurisdiction prior to moving the vehicle:
(1) A description of the vehicle.
(2) The place from which the vehicle was towed.
(3) The place where the vehicle will be stored.
(4) The contact information for the person from whom the vehicle owner may retrieve the vehicle.
If the vehicle is impeding the flow of traffic or otherwise jeopardizing the public welfare so that immediate towing is necessary, the notice to the local law enforcement agency having jurisdiction may be provided by a tower within 30 minutes of moving the vehicle rather than prior to moving the vehicle. If a caller to a local law enforcement agency having jurisdiction can provide the information required under subdivisions (1) and (2) of this subsection, then a local law enforcement agency having jurisdiction shall provide to the caller the information provided under subdivisions (3) and (4) of this subsection. The local law enforcement agency having jurisdiction shall preserve the information required under this subsection for a period of not less than 30 days from the date on which the tower provided the information to the local law enforcement agency having jurisdiction.
(b) This section shall not apply to vehicles that are towed at the direction of a law enforcement officer or to vehicles removed from a private lot where signs are posted in accordance with G.S. 20-219.2(a).
(c) Violation of this section shall constitute an infraction subject to a penalty of not more than one hundred dollars ($100.00). (2013 -241, s. 1.)

§ 20-279.2. Commissioners to administer Article; appeal to court.
(a) Except for G.S. 20 -279.21(d1), the Commissioner shall administer and enforce the provisions of this Article and may make rules and regulations necessary for its administration and shall provide for hearings upon request of persons aggrieved by orders or acts of the Commissioner under the provisions of this Article. The Commissioner of Insurance shall administer and enforce the provisions of G.S. 20 -279.21(d1) and may make rules and regulations necessary for its administration.
(b) Any person aggrieved by an order or act of the Commissioner of Motor Vehicles requiring a suspension or revocation of the person's license under the provisions of this Article, or requiring the posting of security as provided in this Article, or requiring the furnishing of proof of financial responsibility, may file a petition in the superior court of the county in which the petitioner resides for a review, and the commencement of the proceeding shall suspend the order or act of the Commissioner pending the final determination of the review. A copy of the petition shall be served upon the Commissioner, and the Commissioner shall have 20 days after service in which to file answer. The appeal shall be heard in said county by the judge holding court in said county or by the resident judge. At the hearing upon the petition the judge shall sit without the intervention of a jury and shall receive any evidence deemed by the judge to be relevant and proper. Except as otherwise provided in this section, upon the filing of the petition herein provided for, the procedure shall be the same as in civil actions.

The matter shall be heard de novo and the judge shall enter an order affirming the act or order of the Commissioner, or modifying same, including the amount of bond or security to be given by the petitioner. If the court is of the opinion that the petitioner was probably not guilty of negligence or that the negligence of the other party was probably the sole proximate cause of the collision, the judge shall reverse the act or order of the Commissioner. Either party may appeal from the order to the Supreme Court in the same manner as in other appeals from the superior court and the appeal shall have the effect of further staying the act or order of the Commissioner requiring a suspension or revocation of the petitioner's license.

(1953, c. 1300, s. 3.)

§ 20-279.4: Repealed by Session Laws 1995, c. 191, s. 4.

§ 20-279.5. Security required unless evidence of insurance; when security determined; suspension; exceptions.

(a) When the Division receives a report of a reportable accident under G.S. 20 -166.1, the Commissioner must determine whether the owner or driver of a vehicle involved in the accident must file security under this Article and, if so, the amount of security the owner or driver must file. The Commissioner must make this determination at the end of 20 days after receiving the report.

(b) The Commissioner shall, within 60 days after the receipt of such report of a motor vehicle accident, suspend the license of each operator and each owner of a motor vehicle in any manner involved in such accident, and if such operator or owner is a nonresident the privilege of operating a motor vehicle within this State, unless such operator or owner, or both, shall deposit security in the sum so determined by the Commissioner; provided, notice of such suspension shall be sent by the Commissioner to such operator and owner not less than 10 days prior to the effective date of such suspension and shall state the amount required as security; provided further, the provisions of this Article requiring the deposit of security and the suspension of license for failure to deposit security shall not apply to an operator or owner who would otherwise be required to deposit security in an amount not in excess of one hundred dollars ($100.00). Where erroneous information is given the Commissioner with respect to the matters set forth in subdivisions (1), (2) or (3) of subsection (c) of this section or with respect to the ownership or operation of the vehicle, the extent of damage and injuries, or any other matters which would have affected the Commissioner's action had the information been previously submitted, he shall take appropriate action as hereinbefore provided, within 60 days after receipt by him of correct information with respect to said matters. The Commissioner, upon request and in his discretion, may postpone the effective date of the suspension provided in this section by 15 days if, in his opinion, such extension would aid in accomplishing settlements of claims by persons involved in accidents.

(c) (Effective until July 1, 2025) This section shall not apply under the conditions stated in G.S. 20 -279.6 nor:

(1) To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;

(2) To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident a motor vehicle liability policy or bond with respect to his operation of motor vehicles not owned by him;

(3) To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the Commissioner, covered by any other form of liability insurance policy or bond or sinking fund or group assumption of liability;

(4) To any person qualifying as a self-insurer, nor to any operator for a self-insurer if, in the opinion of the Commissioner from the information furnished him, the operator at the time of the accident was probably operating the vehicle in the course of the operator's employment as an employee or officer of the self-insurer; nor

(5) To any employee of the United States government while operating a vehicle in its service and while acting within the scope of his employment, such operations being fully protected by the Federal Tort Claims Act of 1946, which affords ample security to all persons sustaining personal injuries or property damage through the negligence of such federal employee.

No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this State, except that if such motor vehicle was not registered in this State, or was a motor vehicle which was registered elsewhere than in this State at the effective date of the policy or bond, or the most recent renewal thereof, or if such operator not an owner was a nonresident of this State, such policy or bond shall not be effective under this section unless the insurance company or surety company if not authorized to do business in this State shall execute a power of attorney authorizing the Commissioner to accept service on its behalf of notice or process in any action upon such policy, or bond arising out of such accident, and unless said insurance company or surety company, if not authorized to do business in this State, is authorized to do business in the state or other jurisdiction where the motor vehicle is registered or, if such policy or bond is filed on behalf of an operator not an owner who was a nonresident of this State, unless said insurance company or surety company, if not authorized to do business in this State, is authorized to do business in the state or other jurisdiction of residence of such operator; provided, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and cost, of not less than thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than twenty -five thousand dollars ($25,000) because of injury to or destruction of property of others in any one accident.

(c) (Effective July 1, 2025) This section shall not apply under the conditions stated in G.S. 20 -279.6 nor:

(1) To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;

(2) To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident a motor vehicle liability policy or bond with respect to his operation of motor vehicles not owned by him;

(3) To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the Commissioner, covered by any other form of liability insurance policy or bond or sinking fund or group assumption of liability;

(4) To any person qualifying as a self-insurer, nor to any operator for a self-insurer if, in the opinion of the Commissioner from the information furnished him, the operator at the time of the accident was probably operating the vehicle in the course of the operator's employment as an employee or officer of the self-insurer; nor

(5) To any employee of the United States government while operating a vehicle in its service and while acting within the scope of his employment, such operations being fully protected by the Federal Tort Claims Act of 1946, which affords ample security to all persons sustaining personal injuries or property damage through the negligence of such federal employee.

No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this State, except that if such motor vehicle was not registered in this State, or was a motor vehicle which was registered elsewhere than in this State at the effective date of the policy or bond, or the most recent renewal thereof, or if such operator not an owner was a nonresident of this State, such policy or bond shall not be effective under this section unless the insurance company or surety company if not authorized to do business in this State shall execute a power of attorney authorizing the Commissioner to accept service on its behalf of notice or process in any action upon such policy, or bond arising out of such accident, and unless said insurance company or surety company, if not authorized to do business in this State, is authorized to do business in the state or other jurisdiction where the motor vehicle is registered or, if such policy or bond is filed on behalf of an operator not an owner who was a nonresident of this State, unless said insurance company or surety company, if not authorized to do business in this State, is authorized to do business in the state or other jurisdiction of residence of such operator;

provided, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and cost, of not less than fifty thousand dollars ($50,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than one hundred thousand dollars ($100,000) because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than fifty thousand dollars ($50,000) because of injury to or destruction of property of others in any one accident. (1953, c. 1300, s. 5; 1955, cc. 138, 854; c. 855, s. 1; c. 1152, ss. 4-8; c. 1355; 1967, c. 277, s. 2; 1971, c. 763, s. 3; 1973, c. 745, s. 2; 1979, c. 832, s. 2; 1983, c. 691, s. 2; 1991, c. 469, s. 2; 1991 (Reg. Sess., 1992), c. 837, s. 10; 1995, c. 191, s. 5; 1999 -228, s. 2; 2023 -133, s. 12(b); 2024 -29, s. 8(c).)

§ 20-279.6. Further exceptions to requirement of security.

The requirements as to security and suspension in G.S. 20-279.5 shall not apply:

(1) To the operator or the owner of a motor vehicle involved in an accident wherein no injury or damage was caused to the person or property of anyone other than such operator or owner;

(2) To the operator or the owner of a motor vehicle legally parked at the time of the accident;

(3) To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without his permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission;

(4) If, prior to the date that the Commissioner would otherwise suspend the license or the nonresident's operating privilege under G.S. 20-279.5, there shall be filed

with the Commissioner evidence satisfactory to him that the person who would otherwise have to file security has been released from liability or been finally adjudicated not to be liable or has executed a duly acknowledged written agreement providing for the payment of an agreed amount, in installments or otherwise, with respect to all claims for injuries or damages resulting from the accident;

(5) If, prior to the date that the Commissioner would otherwise suspend the license or the nonresident's operating privilege under G.S. 20-279.5, there shall be filed with the Commissioner evidence satisfactory to him that the person who would otherwise be required to file security has in any manner settled the claims of the other persons involved in the accident and if the Commissioner determines that, considering the circumstances of the accident and the settlement, the purposes of this Article and of protection of operators and owners of other motor vehicles are best accomplished by not requiring the posting of security or the suspension of the license. For the purpose of administering this subdivision, the Commissioner may consider a settlement made by an insurance company as the equivalent of a settlement made directly by the insured; nor

(6) If, prior to the date that the Commissioner would otherwise suspend the license or the nonresident's operating privilege under G.S. 20-279.5, there shall be filed with the Commissioner evidence satisfactory to him that another person involved in the accident has been convicted by a court of competent jurisdiction of a crime involving the operation of a motor vehicle at the time of the accident, and if the Commissioner in his discretion determines, after considering the circumstances of the accident or the nature and the circumstances of the crime, that the purpose of this Article and of protection of operators and owners of other motor vehicles are best accomplished by not requiring the posting of security or the suspension of the license. (1953, c. 1300, s. 6; 1955, c. 1152, ss. 9, 10.)

§ 20-279.6A. Minors.

In determining whether or not any of the exceptions set forth in G.S. 20-279.6 have been satisfied, in the case of accidents involving minors, the Commissioner may accept, for the purpose of this Article only, as valid releases on account of claims for injuries to minors or damage to the property of minors releases which have been executed by the parent of the minor having custody of the minor or by the guardian of the minor if there be one. In the case of an emancipated minor, the Commissioner may accept a release signed by or a settlement agreed upon by the minor without the approval of the parents of the minor. If in the opinion of the Commissioner the circumstances of the accident, the nature and extent of the injuries or damage, or any other circumstances make it advisable for the best protection of the interest of the minor, the Commissioner may decline to

accept such releases or settlements and may require the approval of the superior court. (1955, c. 1152, s. 11.)

§ 20-279.7. Duration of suspension.

The license and nonresident's operating privilege suspended as provided in G.S. 20-279.5 shall remain so suspended and shall not be renewed nor shall any such license be issued to such person until:

(1) Such person shall deposit or there shall be deposited on his behalf the security required under G.S. 20-279.5;

(2) One year shall have elapsed following the date of such suspension and evidence satisfactory to the Commissioner has been filed with him that during such period no action for damages arising out of the accident has been instituted; or

(3) Evidence satisfactory to the Commissioner has been filed with him of a release from liability, or a final adjudication of nonliability, or a duly acknowledged written agreement, in accordance with subdivision (4) of G.S. 20-279.6 or a settlement accepted by the Commissioner as provided in subdivision (5) of G.S. 20-279.6, or a conviction accepted by the Commissioner as provided in subdivision (6) of G.S. 20-279.6; provided, if there is a default in the payment of any installment or sum under a duly acknowledged written agreement, the Commissioner shall, upon notice of the default, immediately suspend the license or nonresident's operating privilege of the defaulting person and may not restore it until:

a. That person deposits and thereafter maintains security as required under G.S. 20-279.5 in an amount determined by the Commissioner; or

b. That person files evidence satisfactory to the Commissioner of a new duly acknowledged written agreement or a settlement. (1953, c. 1300, s. 7; 1955, c. 1152, s. 12; 1983, c. 610, s. 1.)

§ 20-279.7A. Forms to carry statement concerning perjury.

A person who makes a false affidavit or falsely sworn or affirmed statement concerning information required to be submitted under this Article commits a Class I felony. The Division shall include a statement of this offense on a form that it provides under this Article and that must be completed under oath. (1983, c. 610, s. 3; 1993 (Reg. Sess., 1994), c. 761, s. 26.)

§ 20-279.8. Application to nonresidents, unlicensed drivers, unregistered motor vehicles and accidents in other states.

(a) In case the operator or the owner of a motor vehicle involved in an accident within this State has no license, or is a nonresident, he shall not be allowed a license until he has complied with the requirements of this Article to the same extent that it would be necessary if, at the time of the accident, he had held a license.

(b) When a nonresident's operating privilege is suspended pursuant to G.S. 20-279.5 or 20-279.7, the Commissioner shall transmit a certified copy of the record of such action to the official in charge of the issuance of licenses in the state in which such nonresident resides, if the law of such other state provides for action in relation thereto similar to that provided for in subsection (c) of this section.

(c) Upon receipt of such certification that the operating privilege of a resident of this State has been suspended or revoked in any such other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, under circumstances which would require the Commissioner to suspend a nonresident's operating privilege had the accident occurred in this State the Commissioner shall suspend the license of such resident. Such suspension shall continue until such resident furnishes evidence of his compliance with the law of such other state relating to the deposit of such security. (1953, c. 1300, s. 8.)

§ 20-279.9. Form and amount of security.

The security required under this Article shall be in such form and in such amount as the Commissioner may require but in no case in excess of the limits specified in G.S. 20-279.5 in reference to the acceptable limits of a policy or bond. The person depositing security shall specify in writing the person or persons on whose behalf the deposit is made and, at any time while such deposit is in the custody of the Commissioner or State Treasurer, the person depositing it may, in writing, amend the specification of the person or persons on whose behalf the deposit is made to include an additional person or persons; provided, however, that a single deposit of security shall be applicable only on behalf of persons required to furnish security because of the same accident. The Commissioner may reduce the amount of security ordered in any case if, in his judgment,

the amount ordered is excessive. In case the security originally ordered has been deposited the excess deposited over the reduced amount ordered shall be returned to the depositor or his personal representative forthwith, notwithstanding the provisions of G.S. 20-279.10. (1953, c. 1300, s. 9.)

§ 20-279.10. Custody, disposition and return of security; escheat.

(a) Security deposited in compliance with the requirements of this Article shall be placed by the Commissioner in the custody of the State Treasurer and shall be applicable only to the payment of a judgment or judgments rendered against the person or persons on whose behalf the deposit was made, for damages arising out of the accident in question in an action at law, begun not later than one year after the date of such accident, or within one year after the date of deposit of any security under subdivision (3) of G.S. 20-279.7, or to the payment in settlement, agreed to by the depositor, of a claim or claims arising out of such accident. Such deposit or any balance thereof shall be returned to the depositor or his personal representative when evidence satisfactory to the Commissioner has been filed with him that there has been a release from liability, or a final adjudication of nonliability, or a duly acknowledged agreement, in accordance with subdivision (4) of G.S. 20-279.6, or a settlement accepted by the Commissioner as provided in subdivision (5) of G.S. 20-279.6, or a conviction accepted by the Commissioner as provided in subdivision (6) of G.S. 20-279.6, or whenever, after the expiration of one year from the date of the accident, or from the date of deposit of any security under subdivision (3) of G.S. 20-279.7, whichever is later, the Commissioner shall be given reasonable evidence that there is no such action pending and no judgment rendered in such action left unpaid.

(b) One year from the deposit of any security under the terms of this Article, the Commissioner shall notify the depositor thereof by registered mail addressed to his last known address that the depositor is entitled to a refund of the security upon giving reasonable evidence that no action at law for damages arising out of the accident in question is pending or that no judgment rendered in any such action remains unpaid. If, at the end of three years from the date of deposit, no claim therefor has been received, the Division shall notify the depositor thereof by registered mail and shall cause a notice to be posted at the courthouse door of the county in which is located the last known address of the depositor for a period of 60 days. Such notice shall contain the name of the depositor, his last known address, the date, amount and nature of the deposit, and shall state the conditions under which the deposit will be refunded. If, at the end of two years from the date of posting of such notice, no claim for the deposit has been received, the Commissioner shall certify such fact together with the facts of notice to the State Treasurer. These deposits shall be turned over to the Escheat Fund of the Department of State Treasurer. (1953, c. 1300, s. 10; 1955, c. 1152, s. 13; 1967, c. 1227; 1975, c. 716, s. 5; 1981, c. 531, s. 16.)

NC General Statutes - Chapter 20 529§ 20-279.11. Matters not to be evidence in civil suits.

Neither the information on financial responsibility contained in an accident report, the action taken by the Commissioner pursuant to this Article, the findings, if any, of the Commissioner upon which the action is based, or the security filed as provided in this Article shall be referred to in any way, nor be any evidence of the negligence or due care of either party, at the trial of any action at law to recover damages. (1953, c. 1300, s. 11; 1995, c. 191, s. 6.)

§ 20-279.12. Courts to report nonpayment of judgments.

Whenever any person fails within 60 days to satisfy any judgment, upon the written request of the judgment creditor or his attorney it shall be the duty of the clerk of the court, or of the judge of a court which has no clerk, in which any such judgment is rendered within this State, to forward to the Commissioner immediately after the expiration of said 60 days, a certified copy of such judgment.

If the defendant named in any certified copy of a judgment reported to the Commissioner is a nonresident, the Commissioner shall transmit a certified copy of the judgment to the official in charge of the issuance of licenses and registration certificates of the state of which the defendant is a resident. (1953, c. 1300, s. 12.)

§ 20-279.13. Suspension for nonpayment of judgment; exceptions.

(a) The Commissioner, upon the receipt of a certified copy of a judgment, which has remained unsatisfied for a period of 60 days, shall forthwith suspend the license and any nonresident's operating privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this section and in G.S. 20-279.16.

(b) The Commissioner shall not, however, revoke or suspend the license of an owner or driver if the insurance carried by him was in a company which was authorized to transact business in this State and which subsequent to an accident involving the owner or operator and prior to settlement of the claim therefor went into liquidation, so that the owner or driver is thereby unable to satisfy the judgment arising out of the accident.

(c) If the judgment creditor consents in writing, in such form as the Commissioner may prescribe, that the judgment debtor be allowed license or nonresident's operating privilege, the same may be allowed by the Commissioner, in his discretion, for six months from the date of such consent and thereafter until such consent is revoked in writing notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in G.S. 20-279.16. (1953, c. 1300, s. 13; 1965, c. 926, s. 1; 1969, c. 186, s. 4; 1979, c. 667, s. 37.)

§ 20-279.14. Suspension to continue until judgments satisfied.

Such license and nonresident's operating privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until every such judgment:

(1) Is stayed, or

(2) Is satisfied in full, or

(3) Is subject to the exemptions stated in G.S. 20-279.13 or G.S. 20-279.16, or

(4) Is barred from enforcement by the statute of limitations pursuant to G.S. 1-47,

(5) Is discharged in bankruptcy. (1953, c. 1300, s. 14; 1969, c. 186, s. 5; 1975, c. 301.)

§ 20-279.15. (Effective July 1, 2025) Payment sufficient to satisfy requirements.

In addition to other methods of satisfaction provided by law, judgments herein referred to shall, for the purpose of this Article, be deemed satisfied:

(1) When fifty thousand dollars ($50,000) has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident; or

(2) When, subject to such limit of fifty thousand dollars ($50,000) because of bodily injury to or death of one person, the sum of one hundred thousand dollars ($100,000) has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

(3) When fifty thousand dollars ($50,000) has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident;

Provided, however, payments made in settlement of any claims because of bodily injury, death or property damage arising from a motor vehicle accident shall be credited in reduction of the amounts provided for in this section. (1953, c. 1300, s. 15; 1963, c. 1238; 1967, c. 277, s. 3; 1973, c. 745, s. 3; c. 889; 1979, c. 832, ss. 3-5; 1991, c. 469, s. 3; 1991 (Reg. Sess., 1992), c. 837, s. 10; 1999 -228, s. 3; 2023 -133, s. 12(c); 2024 -29, s. 8(c).)

§ 20-279.16. Installment payment of judgments; default.

(a) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(b) The Commissioner shall not suspend a license or a nonresident's operating privilege, and shall restore any license or nonresident's operating privilege suspended following nonpayment of a judgment, when the judgment debtor obtains such an order permitting the payment of such judgment in installments, and while the payment of any said installment is not in default.

(c) In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the Commissioner shall forthwith suspend the license or nonresident's operating privilege of the judgment debtor until such judgment is satisfied, as provided in this Article. (1953, c. 1300, s. 16; 1969, c. 186, s. 6.)

§ 20-279.17. Repealed by Session Laws 1967, c. 866.

§ 20-279.18. Alternate methods of giving proof.

Proof of financial responsibility when required under this Article with respect to a motor vehicle or with respect to a person who is not the owner of a motor vehicle may be given by filing:

(1) A certificate of insurance as provided in G.S. 20-279.19 or 20-279.20; or

(2) A bond as provided in G.S. 20-279.24; or

(3) A certificate of deposit of money or securities as provided in G.S. 20-279.25; or

(4) A certificate of self-insurance, as provided in G.S. 20-279.33, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, he will pay the same judgments and in the same

amounts that an insurer would have been obligated to pay under an owner's motor vehicle liability policy if it had issued such a policy to said self-insurer.

(1953, c. 1300, s. 18.)

§ 20-279.19. Certificate of insurance as proof.

Proof of financial responsibility may be furnished by filing with the Commissioner the written certificate of any insurance carrier duly authorized to do business in this State certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all motor vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle. The Commissioner may require that certificates filed pursuant to this section be on a form approved by the Commissioner. (1953, c. 1300, s. 19; 1955, c. 1152, s. 16.)

§ 20-279.20. Certificate furnished by nonresident as proof.

(a) The nonresident owner of a motor vehicle not registered in this State may give proof of financial responsibility by filing with the Commissioner a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the motor vehicle or motor vehicles described in such certificate is registered, or if such nonresident does not own a motor vehicle, then in the state in which the insured resides, provided such certificate otherwise conforms to the provisions of this Article, and the Commissioner shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

(1) Said insurance carrier shall execute a power of attorney authorizing the Commissioner to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this State; and

(2) Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this State relating to the terms of motor vehicle liability policies issued herein.

(b) If any insurance carrier not authorized to transact business in this State, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the Commissioner shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues.

(c) The Commissioner may require that certificates and powers filed pursuant to this section be on forms approved by the Commissioner. (1953, c. 1300, s. 20; 1955, c. 1152, s. 17.)

§ 20-279.21. "Motor vehicle liability policy" defined.

(a) A "motor vehicle liability policy" as said term is used in this Article shall mean an owner's or an operator's policy of liability insurance, certified as provided in G.S. 20 -279.19 or 20-279.20 as proof of financial responsibility, and issued, except as otherwise provided in G.S. 20 -279.20, by an insurance carrier duly authorized to transact business in this State, to or for the benefit of the person named therein as insured.

(b) (Effective until July 1, 2025) Except as provided in G.S. 20 -309(a2), such owner's policy of liability insurance:

(1) Shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted;

(2) Shall insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, or any other persons in lawful possession, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident, and twenty -five thousand dollars ($25,000) because of injury to or destruction of property of others in any one accident; and

(3) No policy of bodily injury liability insurance, covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be delivered or issued for delivery in this State with respect to any motor vehicle registered or principally garaged in this State unless coverage is provided therein or supplemental thereto, under provisions filed with and approved by the Commissioner of Insurance, for the protection of persons insured thereunder

who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom. The limits of such uninsured motorist bodily injury coverage shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy; provided, however, that (i) the limits shall not exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident regardless of whether the highest limits of bodily injury liability coverage for any one vehicle insured under the policy exceed those limits and (ii) a named insured may purchase greater or lesser limits, except that the limits shall not be less than the bodily injury liability limits required pursuant to subdivision (2) of this subsection, and in no event shall an insurer be required by this subdivision to sell uninsured motorist bodily injury coverage at limits that exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident. When the policy is issued and renewed, the insurer shall notify the named insured as provided in subsection (m) of this section. The provisions shall include coverage for the protection of persons insured under the policy who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of injury to or destruction of the property of such insured. The limits of such uninsured motorist property damage coverage shall be equal to the highest limits of property damage liability coverage for any one vehicle insured under the policy; provided, however, that (i) the limits shall not exceed one million dollars ($1,000,000) per accident regardless of whether the highest limits of property damage liability coverage for any one vehicle insured under the policy exceed those limits and (ii) a named insured may purchase lesser limits, except that the limits shall not be less than the property
damage liability limits required pursuant to subdivision (2) of this subsection. When the policy is issued and renewed, the insurer shall notify the named insured as provided in subsection (m) of this section. For uninsured motorist property damage coverage, the limits purchased by the named insured shall be subject, for each insured, to an exclusion of the first one hundred dollars ($100.00) of such damages. The provision shall further provide that a written statement by the liability insurer, whose name appears on the certification of financial responsibility made by the owner of any vehicle involved in an accident with the insured, that the other motor vehicle was not covered by insurance at the time of the accident with the insured shall operate as a prima facie presumption that the operator of the other motor vehicle was uninsured at the time of the accident with the insured for the purposes of recovery under this provision of the insured's liability insurance policy.

If a person who is legally entitled to recover damages from the owner or operator of an uninsured motor vehicle is an insured under the uninsured motorist coverage of a policy that insures more than one motor vehicle, that person shall not be permitted to combine the uninsured motorist limit applicable to any one motor vehicle with the uninsured motorist limit applicable to any other motor vehicle to determine the total amount of uninsured motorist coverage available to that person. If a person who is legally entitled to recover damages from the owner or operator of an uninsured motor vehicle is an insured under the uninsured motorist coverage of more than one policy, that person may combine the highest applicable uninsured motorist limit available under each policy to determine the total amount of uninsured motorist coverage available to that person. The previous sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58 -40-10(1) and (2).

In addition to the above requirements relating to uninsured motorist insurance, every policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance or use of any motor vehicle, which policy is delivered or issued for delivery in this State, shall be subject to the following provisions which need not be contained therein.

a. A provision that the insurer shall be bound by a final judgment taken by the insured against an uninsured motorist if the insurer has been served with copy of summons, complaint or other process in the action against

the uninsured motorist by registered or certified mail, return receipt requested, or in any manner provided by law; provided however, that the determination of whether a motorist is uninsured may be decided only by an action against the insurer alone. The insurer, upon being served as herein provided, shall be a party to the action between the insured and the uninsured motorist though not named in the caption of the pleadings and may defend the suit in the name of the uninsured motorist or in its own name. The insurer, upon being served with copy of summons, complaint or other pleading, shall have the time allowed by statute in which to answer, demur or otherwise plead (whether the pleading is verified or not) to the summons, complaint or other process served upon it. The consent of the insurer shall not be required for the initiation of
suit by the insured against the uninsured motorist: Provided, however, no action shall be initiated by the insured until 60 days following the posting of notice to the insurer at the address shown on the policy or after personal delivery of the notice to the insurer or its agent setting forth the belief of the insured that the prospective defendant or defendants are uninsured motorists. No default judgment shall be entered when the insurer has timely filed an answer or other pleading as required by law. The failure to post notice to the insurer 60 days in advance of the initiation of suit shall not be grounds for dismissal of the action, but shall automatically extend the time for the filing of an answer or other pleadings to 60 days after the time of service of the summons, complaint, or other process on the insurer.

b. Where the insured, under the uninsured motorist coverage, claims that he has sustained bodily injury as the result of collision between motor vehicles and asserts that the identity of the operator or owner of a vehicle (other than a vehicle in which the insured is a passenger) cannot be ascertained, the insured may institute an action directly against the insurer: Provided, in that event, the insured, or someone in his behalf, shall report the accident within 24 hours or as soon thereafter as may be practicable, to a police officer, peace officer, other judicial officer, or to the Commissioner of Motor Vehicles. The insured shall also within a reasonable time give notice to the insurer of his injury, the extent thereof, and shall set forth in the notice the time, date and place of the injury. Thereafter, on forms to be mailed by the insurer within 15 days following receipt of the notice of the accident to the insurer, the insured shall furnish to insurer any further reasonable information concerning the accident and the injury that the insurer requests. If the forms are not furnished within 15 days, the insured is deemed to have complied with the requirements for furnishing information to the insurer. Suit may not be instituted against the insurer in less than 60 days from the posting of the first notice of the injury or accident to the insurer at the address shown on the policy or after personal delivery of the notice to the insurer or its agent. The failure to post notice to the insurer 60 days before the initiation of the suit shall not be grounds for dismissal of the action, but shall automatically extend the time for filing of an answer or other pleadings to 60 days after the time of service of the summons, complaint, or other process on the insurer.

Provided under this section the term "uninsured motor vehicle" shall include, but not be limited to, an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability within the limits specified therein because of insolvency.

An insurer's insolvency protection shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tort-feasor becomes insolvent within three years after such an accident. Nothing herein shall be
construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to the insured than is provided herein.

In the event of payment to any person under the coverage required by this

section and subject to the terms and conditions of coverage, the insurer making payment shall, to the extent thereof, be entitled to the proceeds of any settlement for judgment resulting from the exercise of any limits of recovery of that person against any person or organization legally responsible for the bodily injury for which the payment is made, including the proceeds recoverable from the assets of the insolvent insurer.

For the purpose of this section, an "uninsured motor vehicle" shall be a motor vehicle as to which there is no bodily injury liability insurance and property damage liability insurance in at least the amounts specified in subsection (c) of G.S. 20 -279.5, or there is that insurance but the insurance company writing the insurance denies coverage thereunder, or has become bankrupt, or there is no bond or deposit of money or securities as provided in G.S. 20 -279.24 or 20-279.25 in lieu of the bodily injury and property damage liability insurance, or the owner of the motor vehicle has not qualified as a self-insurer under the provisions of G.S. 20 -279.33, or a vehicle that is not subject to the provisions of the Motor Vehicle Safety and Financial Responsibility Act; but the term "uninsured motor vehicle" shall not include:

a. A motor vehicle owned by the named insured;

b. A motor vehicle that is owned or operated by a self-insurer within the meaning of any motor vehicle financial responsibility law, motor carrier law or any similar law;

c. A motor vehicle that is owned by the United States of America, Canada, a state, or any agency of any of the foregoing (excluding, however, political subdivisions thereof);

d. A land motor vehicle or trailer, if operated on rails or crawler -treads or while located for use as a residence or premises and not as a vehicle; or

e. A farm -type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

For purposes of this section "persons insured" means the named insured and, while resident of the same household, the spouse of any named insured and relatives of either, while in a motor vehicle or otherwise, and any person who uses with the consent, expressed or implied, of the named insured, the motor vehicle to which the policy applies and a guest in the motor vehicle to which the policy applies or the personal representative of any of the above or any other person or persons in lawful possession of the motor vehicle.

Notwithstanding the provisions of this subsection, no policy of motor vehicle liability insurance applicable solely to commercial motor vehicles as defined in G.S. 20 -4.01(3d) or applicable solely to fleet vehicles shall be required to provide uninsured motorist coverage. When determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the issuance of the policy for the policy term in question. In the event of a renewal of the policy, when determining whether a policy is applicable solely to fleet vehicles, the insurer

may rely upon the number of vehicles reported by the insured at the time of the renewal of the policy for the policy term in question. Any motor vehicle liability policy that insures both commercial motor vehicles as defined in G.S. 20 -4.01(3d) and noncommercial motor vehicles shall provide uninsured motorist coverage in accordance with the provisions of this subsection in amounts equal to the highest limits of bodily injury and property damage liability coverage for any one noncommercial motor vehicle insured under the policy, subject to the right of the insured to purchase greater or lesser uninsured motorist bodily injury coverage limits and lesser uninsured motorist property damage coverage limits as set forth in this subsection. For the purpose of the immediately preceding sentence, noncommercial motor vehicle shall mean any motor vehicle that is not a commercial motor vehicle as defined in G.S. 20 -4.01(3d), but that is otherwise subject to the requirements of this subsection.

(4) Shall, in addition to the coverages set forth in subdivisions (2) and (3) of this subsection, provide underinsured motorist coverage. The limits of such underinsured motorist bodily injury coverage shall be equal to the highest limits

of bodily injury liability coverage for any one vehicle insured under the policy; provided, however, that (i) the limits shall not exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident regardless of whether the highest limits of bodily injury liability coverage for any one vehicle insured under the policy exceed those limits, (ii) a named insured may purchase greater or lesser limits, and in no event shall an insurer be required by this subdivision to sell underinsured motorist bodily injury coverage at limits that exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident, and (iii) the limits shall be equal to the limits of uninsured motorist bodily injury coverage purchased pursuant to subdivision (3) of this subsection. When the policy is issued and renewed, the insurer shall notify the named insured as provided in subsection (m) of this section. An "uninsured motor vehicle," as described in subdivision (3) of this subsection, includes an "underinsured highway vehicle," which means a highway vehicle with respect to the ownership, maintenance, or use of which, the sum of the limits of liability under all bodily injury liability bonds and insurance policies applicable at the time of the accident is less than the applicable limits of underinsured motorist coverage. For purposes of an underinsured motorist claim asserted by a person injured in an accident where more than one person is injured, a highway vehicle will also be an "underinsured highway vehicle" if the total amount actually paid to that person under all bodily injury liability bonds and insurance policies applicable at the time of the accident is less than the applicable limits of underinsured motorist coverage. Notwithstanding the immediately preceding sentence, a highway vehicle shall not be an "underinsured motor vehicle" for purposes of an underinsured motorist claim under an owner's policy insuring that vehicle unless the owner's policy insuring that vehicle provides underinsured motorist coverage with limits that are greater than that policy's bodily injury liability limits. For the purposes of this subdivision, the term "highway vehicle" means a
land motor vehicle or trailer other than (i) a farm -type tractor or other vehicle designed for use principally off public roads and while not upon public roads, (ii) a vehicle operated on rails or crawler -treads, or (iii) a vehicle while located for use as a residence or premises. The provisions of subdivision (3) of this subsection shall apply to the coverage required by this subdivision.
Underinsured motorist coverage is deemed to apply when, by reason of payment of judgment or settlement, all liability bonds or insurance policies providing coverage for bodily injury caused by the ownership, maintenance, or use of the underinsured highway vehicle have been exhausted. Exhaustion of that liability coverage for the purpose of any single liability claim presented for underinsured motorist coverage is deemed to occur when either (a) the limits of liability per claim have been paid upon the claim, or (b) by reason of multiple claims, the aggregate per occurrence limit of liability has been paid.
Underinsured motorist coverage is deemed to apply to the first dollar of an underinsured motorist coverage claim beyond amounts paid to the claimant under the exhausted liability policy. The previous sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58 -40-10(1) and (2).
In any event, the limit of underinsured motorist coverage applicable to any claim is determined to be the difference between the amount paid to the claimant under the exhausted liability policy or policies and the limit of underinsured motorist coverage applicable to the motor vehicle involved in the accident. Furthermore, if a claimant is an insured under the underinsured motorist coverage on separate or additional policies, the limit of underinsured motorist coverage applicable to the claimant is the difference between the amount paid to the claimant under the exhausted liability policy or policies and the total limits of the claimant's underinsured motorist coverages as determined by combining the highest limit available under each policy; provided that this sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58 -40-15(9) and (10). The underinsured motorist limits applicable to any one motor vehicle under a policy shall not be combined

with or added to the limits applicable to any other motor vehicle under that policy.
An underinsured motorist insurer may at its option, upon a claim pursuant to underinsured motorist coverage, pay moneys without there having first been an exhaustion of the liability insurance policy covering the ownership, use, and maintenance of the underinsured highway vehicle. In the event of payment, the underinsured motorist insurer shall be either: (a) entitled to receive by assignment from the claimant any right or (b) subrogated to the claimant's right regarding any claim the claimant has or had against the owner, operator, or maintainer of the underinsured highway vehicle, provided that the amount of the insurer's right by subrogation or assignment shall not exceed payments made to the claimant by the insurer. No insurer shall exercise any right of subrogation or any right to approve settlement with the original owner, operator, or maintainer of the underinsured highway vehicle under a policy providing coverage against an underinsured motorist where the insurer has been provided
with written notice before a settlement between its insured and the underinsured motorist and the insurer fails to advance a payment to the insured in an amount equal to the tentative settlement within 30 days following receipt of that notice. Further, the insurer shall have the right, at its election, to pursue its claim by assignment or subrogation in the name of the claimant, and the insurer shall not be denominated as a party in its own name except upon its own election. Assignment or subrogation as provided in this subdivision shall not, absent contrary agreement, operate to defeat the claimant's right to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for damages beyond those paid by the underinsured motorist insurer. The claimant and the underinsured motorist insurer may join their claims in a single suit without requiring that the insurer be named as a party. Any claimant who intends to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for moneys beyond those paid by the underinsured motorist insurer shall before doing so give notice to the insurer and give the insurer, at its expense, the opportunity to participate in the prosecution of the claim. Upon the entry of judgment in a suit upon any such claim in which the underinsured motorist insurer and claimant are joined, payment upon the judgment, unless otherwise agreed to, shall be applied pro rata to the claimant's claim beyond payment by the insurer of the owner, operator or maintainer of the underinsured highway vehicle and the claim of the underinsured motorist insurer.
A party injured by the operation of an underinsured highway vehicle who institutes a suit for the recovery of moneys for those injuries and in such an amount that, if recovered, would support a claim under underinsured motorist coverage shall give notice of the initiation of the suit to the underinsured motorist insurer as well as to the insurer providing primary liability coverage upon the underinsured highway vehicle. Upon receipt of notice, the underinsured motorist insurer shall have the right to appear in defense of the claim without being named as a party therein, and without being named as a party may participate in the suit as fully as if it were a party. The underinsured motorist insurer may elect, but may not be compelled, to appear in the action in its own name and present therein a claim against other parties; provided that application is made to and approved by a presiding superior court judge, in any such suit, any insurer providing primary liability insurance on the underinsured highway vehicle may upon payment of all of its applicable limits of liability be released from further liability or obligation to participate in the defense of such proceeding. However, before approving any such application, the court shall be persuaded that the owner, operator, or maintainer of the underinsured highway vehicle against whom a claim has been made has been apprised of the nature of the proceeding and given his right to select counsel of his own choice to appear in the action on his separate behalf. If an underinsured motorist insurer, following the approval of the application, pays in settlement or partial or total satisfaction of judgment moneys to the claimant, the insurer shall be subrogated to or entitled to an assignment of the claimant's rights against the owner,

operator, or maintainer of the underinsured highway vehicle and, provided that
adequate notice of right of independent representation was given to the owner, operator, or maintainer, a finding of liability or the award of damages shall be res judicata between the underinsured motorist insurer and the owner, operator, or maintainer of underinsured highway vehicle.

As consideration for payment of policy limits by a liability insurer on behalf of the owner, operator, or maintainer of an underinsured motor vehicle, a party injured by an underinsured motor vehicle may execute a contractual covenant not to enforce against the owner, operator, or maintainer of the vehicle any judgment that exceeds the policy limits. A covenant not to enforce judgment shall not preclude the injured party from pursuing available underinsured motorist benefits, unless the terms of the covenant expressly provide otherwise, and shall not preclude an insurer providing underinsured motorist coverage from pursuing any right of subrogation.

Notwithstanding the provisions of this subsection, no policy of motor vehicle liability insurance applicable solely to commercial motor vehicles as defined in G.S. 20 -4.01(3d) or applicable solely to fleet vehicles shall be required to provide underinsured motorist coverage. When determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the issuance of the policy for the policy term in question. In the event of a renewal of the policy, when determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the renewal of the policy for the policy term in question. Any motor vehicle liability policy that insures both commercial motor vehicles as defined in G.S. 20 -4.01(3d) and noncommercial motor vehicles shall provide underinsured motorist coverage in accordance with the provisions of this subsection in an amount equal to the highest limits of bodily injury liability coverage for any one noncommercial motor vehicle insured under the policy, subject to the right of the insured to purchase greater or lesser underinsured motorist bodily injury liability coverage limits as set forth in this subsection. For the purpose of the immediately preceding sentence, noncommercial motor vehicle shall mean any motor vehicle that is not a commercial motor vehicle as defined in G.S. 20 -4.01(3d), but that is otherwise subject to the requirements of this subsection.

(b) (Effective July 1, 2025) Except as provided in G.S. 20 -309(a2), such owner's policy of liability insurance:

(1) Shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted;

(2) Shall insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, or any other persons in lawful possession, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: fifty thousand dollars ($50,000) because of bodily injury to or death of
one person in any one accident and, subject to said limit for one person, one hundred thousand dollars ($100,000) because of bodily injury to or death of two or more persons in any one accident, and fifty thousand dollars ($50,000) because of injury to or destruction of property of others in any one accident; and

(3) No policy of bodily injury liability insurance, covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be delivered or issued for delivery in this State with respect to any motor vehicle registered or principally garaged in this State unless coverage is provided therein or supplemental thereto, under provisions filed with and approved by the Commissioner of Insurance, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom. The limits of

such uninsured motorist bodily injury coverage shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy; provided, however, that (i) the limits shall not exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident regardless of whether the highest limits of bodily injury liability coverage for any one vehicle insured under the policy exceed those limits and (ii) a named insured may purchase greater or lesser limits, except that the limits shall not be less than the bodily injury liability limits required pursuant to subdivision (2) of this subsection, and in no event shall an insurer be required by this subdivision to sell uninsured motorist bodily injury coverage at limits that exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident. When the policy is issued and renewed, the insurer shall notify the named insured as provided in subsection (m) of this section. The provisions shall include coverage for the protection of persons insured under the policy who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of injury to or destruction of the property of such insured. The limits of such uninsured motorist property damage coverage shall be equal to the highest limits of property damage liability coverage for any one vehicle insured under the policy; provided, however, that (i) the limits shall not exceed one million dollars ($1,000,000) per accident regardless of whether the highest limits of property damage liability coverage for any one vehicle insured under the policy exceed those limits and (ii) a named insured may purchase lesser limits, except that the limits shall not be less than the property damage liability limits required pursuant to subdivision (2) of this subsection. When the policy is issued and renewed, the insurer shall notify the named insured as provided in subsection (m) of this section. For uninsured motorist property damage coverage, the limits purchased by the named insured shall be subject, for each insured, to an exclusion of the first one hundred dollars ($100.00) of such damages. The provision shall further provide that a written statement by the liability insurer, whose name appears on the certification of financial responsibility made by the owner of any vehicle involved in an accident with the insured, that the other motor vehicle was not covered by insurance at the time of the accident with the insured shall operate as a prima
facie presumption that the operator of the other motor vehicle was uninsured at the time of the accident with the insured for the purposes of recovery under this provision of the insured's liability insurance policy.

If a person who is legally entitled to recover damages from the owner or operator of an uninsured motor vehicle is an insured under the uninsured motorist coverage of a policy that insures more than one motor vehicle, that person shall not be permitted to combine the uninsured motorist limit applicable to any one motor vehicle with the uninsured motorist limit applicable to any other motor vehicle to determine the total amount of uninsured motorist coverage available to that person. If a person who is legally entitled to recover damages from the owner or operator of an uninsured motor vehicle is an insured under the uninsured motorist coverage of more than one policy, that person may combine the highest applicable uninsured motorist limit available under each policy to determine the total amount of uninsured motorist coverage available to that person. The previous sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58 -40-10(1) and (2).

In addition to the above requirements relating to uninsured motorist insurance, every policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance or use of any motor vehicle, which policy is delivered or issued for delivery in this State, shall be subject to the following provisions which need not be contained therein.

a. A provision that the insurer shall be bound by a final judgment taken by the insured against an uninsured motorist if the insurer has been served with copy of summons, complaint or other process in the action against the uninsured motorist by registered or certified mail, return receipt requested, or in any manner provided by law. The insurer may also be issued a summons, complaint, or other process as an unnamed party and

served by registered or certified mail, return receipt requested, or in any manner provided by law. Service outside of the statute of limitations shall be valid so long as the summons has been properly issued, preserved, and served pursuant to North Carolina Rule of Civil Procedure 4. The determination of whether a motorist is uninsured may be decided only by an action against the insurer alone. The insurer, upon being served as herein provided, shall be a party to the action between the insured and the uninsured motorist though not named in the caption of the pleadings and may defend the suit in the name of the uninsured motorist or in its own name. The insurer, upon being served with copy of summons, complaint or other pleading, shall have the time allowed by statute in which to answer, demur or otherwise plead (whether the pleading is verified or not) to the summons, complaint or other process served upon it. The consent of the insurer shall not be required for the initiation of suit by the insured against the uninsured motorist: Provided, however, no action shall be initiated by the insured until 60 days following the posting of notice to the insurer at the address shown on the policy or after personal delivery of the notice to the insurer or its agent setting forth the belief of the insured that the prospective defendant or
defendants are uninsured motorists. No default judgment shall be entered when the insurer has timely filed an answer or other pleading as required by law. The failure to post notice to the insurer 60 days in advance of the initiation of suit shall not be grounds for dismissal of the action, but shall automatically extend the time for the filing of an answer or other pleadings to 60 days after the time of service of the summons, complaint, or other process on the insurer.

b. Where the insured, under the uninsured motorist coverage, claims that he has sustained bodily injury as the result of collision between motor vehicles and asserts that the identity of the operator or owner of a vehicle (other than a vehicle in which the insured is a passenger) cannot be ascertained, the insured may institute an action directly against the insurer: Provided, in that event, the insured, or someone in his behalf, shall report the accident within 24 hours or as soon thereafter as may be practicable, to a police officer, peace officer, other judicial officer, or to the Commissioner of Motor Vehicles. The insured shall also within a reasonable time give notice to the insurer of his injury, the extent thereof, and shall set forth in the notice the time, date and place of the injury. Thereafter, on forms to be mailed by the insurer within 15 days following receipt of the notice of the accident to the insurer, the insured shall furnish to insurer any further reasonable information concerning the accident and the injury that the insurer requests. If the forms are not furnished within 15 days, the insured is deemed to have complied with the requirements for furnishing information to the insurer. Suit may not be instituted against the insurer in less than 60 days from the posting of the first notice of the injury or accident to the insurer at the address shown on the policy or after personal delivery of the notice to the insurer or its agent. The failure to post notice to the insurer 60 days before the initiation of the suit shall not be grounds for dismissal of the action, but shall automatically extend the time for filing of an answer or other pleadings to 60 days after the time of service of the summons, complaint, or other process on the insurer.

Provided under this section the term "uninsured motor vehicle" shall include, but not be limited to, an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability within the limits specified therein because of insolvency.

An insurer's insolvency protection shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tort-feasor becomes insolvent within three years after such an accident. Nothing herein shall be construed to prevent any insurer from affording insolvency protection under

terms and conditions more favorable to the insured than is provided herein.
In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of coverage, the insurer making payment shall, to the extent thereof, be entitled to the proceeds of any settlement for judgment resulting from the exercise of any limits of recovery of that person
against any person or organization legally responsible for the bodily injury for which the payment is made, including the proceeds recoverable from the assets of the insolvent insurer.
For the purpose of this section, an "uninsured motor vehicle" shall be a motor vehicle as to which there is no bodily injury liability insurance and property damage liability insurance in at least the amounts specified in subsection (c) of G.S. 20 -279.5, or there is that insurance but the insurance company writing the insurance denies coverage thereunder, or has become bankrupt, or there is no bond or deposit of money or securities as provided in G.S. 20 -279.24 or 20-279.25 in lieu of the bodily injury and property damage liability insurance, or the owner of the motor vehicle has not qualified as a self-insurer under the provisions of G.S. 20 -279.33, or a vehicle that is not subject to the provisions of the Motor Vehicle Safety and Financial Responsibility Act; but the term "uninsured motor vehicle" shall not include:
a. A motor vehicle owned by the named insured;
b. A motor vehicle that is owned or operated by a self-insurer within the meaning of any motor vehicle financial responsibility law, motor carrier law or any similar law;
c. A motor vehicle that is owned by the United States of America, Canada, a state, or any agency of any of the foregoing (excluding, however, political subdivisions thereof);
d. A land motor vehicle or trailer, if operated on rails or crawler -treads or while located for use as a residence or premises and not as a vehicle; or
e. A farm -type tractor or equipment designed for use principally off public roads, except while actually upon public roads.
For purposes of this section "persons insured" means the named insured and, while resident of the same household, the spouse of any named insured and relatives of either, while in a motor vehicle or otherwise, and any person who uses with the consent, expressed or implied, of the named insured, the motor vehicle to which the policy applies and a guest in the motor vehicle to which the policy applies or the personal representative of any of the above or any other person or persons in lawful possession of the motor vehicle.
Notwithstanding the provisions of this subsection, no policy of motor vehicle liability insurance applicable solely to commercial motor vehicles as defined in G.S. 20 -4.01(3d) or applicable solely to fleet vehicles shall be required to provide uninsured motorist coverage. When determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the issuance of the policy for the policy term in question. In the event of a renewal of the policy, when determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the renewal of the policy for the policy term in question. Any motor vehicle liability policy that insures both commercial motor vehicles as defined in G.S. 20 -4.01(3d) and noncommercial motor vehicles shall provide uninsured motorist coverage in accordance with the provisions of this subsection in amounts equal to the highest limits of bodily injury and property damage
liability coverage for any one noncommercial motor vehicle insured under the policy, subject to the right of the insured to purchase greater or lesser uninsured motorist bodily injury coverage limits and lesser uninsured motorist property damage coverage limits as set forth in this subsection. For the purpose of the immediately preceding sentence, noncommercial motor vehicle shall mean any motor vehicle that is not a commercial motor vehicle as defined in G.S. 20 -4.01(3d), but that is otherwise subject to the requirements of this subsection.
(4) Shall, in addition to the coverages set forth in subdivisions (2) and (3) of this

subsection, provide underinsured motorist coverage. The limits of such underinsured motorist bodily injury coverage shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy; provided, however, that (i) the limits shall not exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident regardless of whether the highest limits of bodily injury liability coverage for any one vehicle insured under the policy exceed those limits, (ii) a named insured may purchase greater or lesser limits, and in no event shall an insurer be required by this subdivision to sell underinsured motorist bodily injury coverage at limits that exceed one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident, and (iii) the limits shall be equal to the limits of uninsured motorist bodily injury coverage purchased pursuant to subdivision (3) of this subsection. When the policy is issued and renewed, the insurer shall notify the named insured as provided in subsection (m) of this section. An "uninsured motor vehicle," as described in subdivision (3) of this subsection, includes an "underinsured highway vehicle," which means a highway vehicle with respect to the ownership, maintenance, or use of which, the sum of the limits of liability under all bodily injury liability bonds and insurance policies applicable at the time of the accident is less than the total damages sustained by an individual seeking payment of benefits under this subdivision. For purposes of an underinsured motorist claim asserted by a person injured in an accident where more than one person is injured, a highway vehicle will also be an "underinsured highway vehicle" if all bodily injury liability bonds and insurance policies applicable to such highway vehicle at the time of the accident are exhausted and the total amount actually paid to that person from the exhaustion of all bodily injury liability bonds and insurance policies applicable to such highway vehicle at the time of the accident is less than the total damages sustained by such person seeking payment of benefits under this subdivision. Notwithstanding the immediately preceding sentence, a highway vehicle shall not be an "underinsured motor vehicle" for purposes of an underinsured motorist claim under an owner's policy insuring that vehicle unless the owner's policy insuring that vehicle provides underinsured motorist coverage with limits that are greater than that policy's bodily injury liability limits, in which event the available underinsured motorist coverage is that amount of underinsured motorist coverage under the owner's policy insuring that vehicle which exceeds the policy's bodily injury liability limits. For the purposes of this subdivision, the term "highway vehicle" means a land motor
vehicle or trailer other than (i) a farm -type tractor or other vehicle designed for use principally off public roads and while not upon public roads, (ii) a vehicle operated on rails or crawler -treads, or (iii) a vehicle while located for use as a residence or premises. The provisions of subdivision (3) of this subsection shall apply to the coverage required by this subdivision. Underinsured motorist coverage is deemed to apply when, by reason of payment of judgment or settlement, all liability bonds or insurance policies providing coverage for bodily injury caused by the ownership, maintenance, or use of the underinsured highway vehicle have been exhausted. Exhaustion of that liability coverage for the purpose of any single claim presented for underinsured motorist coverage is deemed to occur when either (a) the limits of liability per claim have been paid or tendered upon the claim, or (b) by reason of multiple claims, the aggregate per occurrence limit of liability has been paid or tendered. Underinsured motorist coverage is deemed to apply to the first dollar of an underinsured motorist coverage claim beyond amounts paid to the claimant under the exhausted liability policy or policies applicable to the underinsured highway vehicle at the time of the accident. The amount of underinsured motorist coverage applicable to any claim for benefits under this subdivision shall not be reduced by a setoff or credit against any coverage, including liability insurance, except for workers' compensation coverage to the extent provided for in subsection (e) of this section. If a claimant is an insured under the underinsured motorist coverage on separate or additional policies, the total amount of underinsured motorist coverage applicable to the claimant is the sum of the

limits of the claimant's underinsured motorist coverages as determined by combining the highest limit available under each policy, and shall not be reduced by a setoff against any coverage, including liability insurance, except for workers' compensation coverage to the extent provided for in subsection (e) of this section. The previous sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58 -40-10(1) and (2). The underinsured motorist limits applicable to any one motor vehicle under a policy shall not be combined with or added to the limits applicable to any other motor vehicle under that policy.

An underinsured motorist insurer may at its option, upon a claim pursuant to underinsured motorist coverage, pay moneys without there having first been an exhaustion of the liability insurance policy covering the ownership, use, and maintenance of the underinsured highway vehicle. In the event of payment, the underinsured motorist insurer shall be either: (a) entitled to receive by assignment from the claimant any right or (b) subrogated to the claimant's right regarding any claim the claimant has or had against the owner, operator, or maintainer of the underinsured highway vehicle, provided that the amount of the insurer's right by subrogation or assignment shall not exceed payments made to the claimant by the insurer. No insurer shall exercise any right of subrogation or any right to approve settlement with the original owner, operator, or maintainer of the underinsured highway vehicle under a policy providing coverage against an underinsured motorist where the insurer has been provided with written notice before a settlement between its insured and the underinsured

motorist and the insurer fails to advance a payment to the insured in an amount equal to the tentative settlement within 30 days following receipt of that notice. Further, the insurer shall have the right, at its election, to pursue its claim by assignment or subrogation in the name of the claimant, and the insurer shall not be denominated as a party in its own name except upon its own election. Assignment or subrogation as provided in this subdivision shall not, absent contrary agreement, operate to defeat the claimant's right to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for damages beyond those paid by the underinsured motorist insurer. The claimant and the underinsured motorist insurer may join their claims in a single suit without requiring that the insurer be named as a party. Any claimant who intends to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for moneys beyond those paid by the underinsured motorist insurer shall before doing so give notice to the insurer and give the insurer, at its expense, the opportunity to participate in the prosecution of the claim. Upon the entry of judgment in a suit upon any such claim in which the underinsured motorist insurer and claimant are joined, payment upon the judgment, unless otherwise agreed to, shall be applied pro rata to the claimant's claim beyond payment by the insurer of the owner, operator or maintainer of the underinsured highway vehicle and the claim of the underinsured motorist insurer.

A party injured by the operation of an underinsured highway vehicle who institutes a suit for the recovery of moneys for those injuries and in such an amount that, if recovered, would support a claim under underinsured motorist coverage shall give notice of the initiation of the suit to the underinsured motorist insurer as well as to the insurer providing primary liability coverage upon the underinsured highway vehicle. Upon receipt of notice, the underinsured motorist insurer shall have the right to appear in defense of the claim without being named as a party therein, and without being named as a party may participate in the suit as fully as if it were a party. The underinsured motorist insurer may elect, but may not be compelled, to appear in the action in its own name and present therein a claim against other parties; provided that application is made to and approved by a presiding superior court judge, in any such suit, any insurer providing primary liability insurance on the underinsured highway vehicle may upon payment of all of its applicable limits of liability be released from further liability or obligation to participate in the defense of such proceeding. However, before approving any such application, the court shall be

persuaded that the owner, operator, or maintainer of the underinsured highway vehicle against whom a claim has been made has been apprised of the nature of the proceeding and given his right to select counsel of his own choice to appear in the action on his separate behalf. If an underinsured motorist insurer, following the approval of the application, pays in settlement or partial or total satisfaction of judgment moneys to the claimant, the insurer shall be subrogated to or entitled to an assignment of the claimant's rights against the owner, operator, or maintainer of the underinsured highway vehicle and, provided that adequate notice of right of independent representation was given to the owner,
operator, or maintainer, a finding of liability or the award of damages shall be res judicata between the underinsured motorist insurer and the owner, operator, or maintainer of underinsured highway vehicle.
As consideration for payment of policy limits by a liability insurer on behalf of the owner, operator, or maintainer of an underinsured motor vehicle, a party injured by an underinsured motor vehicle may execute a contractual covenant not to enforce against the owner, operator, or maintainer of the vehicle any judgment that exceeds the policy limits. A covenant not to enforce judgment shall not preclude the injured party from pursuing available underinsured motorist benefits, unless the terms of the covenant expressly provide otherwise, and shall not preclude an insurer providing underinsured motorist coverage from pursuing any right of subrogation.
Notwithstanding the provisions of this subsection, no policy of motor vehicle liability insurance applicable solely to commercial motor vehicles as defined in G.S. 20 -4.01(3d) or applicable solely to fleet vehicles shall be required to provide underinsured motorist coverage. When determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the issuance of the policy for the policy term in question. In the event of a renewal of the policy, when determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the renewal of the policy for the policy term in question. Any motor vehicle liability policy that insures both commercial motor vehicles as defined in G.S. 20 -4.01(3d) and noncommercial motor vehicles shall provide underinsured motorist coverage in accordance with the provisions of this subsection in an amount equal to the highest limits of bodily injury liability coverage for any one noncommercial motor vehicle insured under the policy, subject to the right of the insured to purchase greater or lesser underinsured motorist bodily injury liability coverage limits as set forth in this subsection. For the purpose of the immediately preceding sentence, noncommercial motor vehicle shall mean any motor vehicle that is not a commercial motor vehicle as defined in G.S. 20 -4.01(3d), but that is otherwise subject to the requirements of this subsection.
(c) Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, and within 30 days following the date of its delivery to him of any motor vehicle owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.
(d) Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this Article as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this Article.
(d1) Such motor vehicle liability policy shall provide an alternative method of determining the amount of property damage to a motor vehicle when liability for coverage for the claim is not in
dispute. For a claim for property damage to a motor vehicle against an insurer, the policy shall provide that if:
(1) The claimant and the insurer fail to agree as to the difference in fair market value of the vehicle immediately before the accident and immediately after the accident; and

(2) The difference in the claimant's and the insurer's estimate of the diminution in fair market value is greater than two thousand dollars ($2,000) or twenty -five percent (25%) of the fair market retail value of the vehicle prior to the accident as determined by the latest edition of the National Automobile Dealers Association Pricing Guide Book or other publications approved by the Commissioner of Insurance, whichever is less, then on the written demand of either the claimant or the insurer, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within 20 days after the demand. The appraisers shall then appraise the loss. Should the appraisers fail to agree, they shall then select a competent and disinterested appraiser to serve as an umpire. If the appraisers cannot agree upon an umpire within 15 days, either the claimant or the insurer may request that a magistrate resident in the county where the insured motor vehicle is registered or the county where the accident occurred select the umpire. The appraisers shall then submit their differences to the umpire. The umpire then shall prepare a report determining the amount of the loss and shall file the report with the insurer and the claimant. The agreement of the two appraisers or the report of the umpire, when filed with the insurer and the claimant, shall determine the amount of the damages. In preparing the report, the umpire shall not award damages that are higher or lower than the determinations of the appraisers. In no event shall appraisers or the umpire make any determination as to liability for damages or as to whether the policy provides coverage for claims asserted. The claimant or the insurer shall have 15 days from the filing of the report to reject the report and notify the other party of such rejection. If the report is not rejected within 15 days from the filing of the report, the report shall be binding upon both the claimant and the insurer. Each appraiser shall be paid by the party selecting the appraiser, and the expenses of appraisal and umpire shall be paid by the parties equally. For purposes of this section, "appraiser" and "umpire" shall mean a person licensed as a motor vehicle damage appraiser under G.S. 58 -33-26 and G.S. 58 -33-30 and who as a part of his or her regular employment is in the business of advising relative to the nature and amount of motor vehicle damage and the fair market value of damaged and undamaged motor vehicles.

(e) Uninsured or underinsured motorist coverage that is provided as part of a motor vehicle liability policy shall insure that portion of a loss uncompensated by any workers' compensation law and the amount of an employer's lien determined pursuant to G.S. 97 -10.2(h) or (j). In no event shall this subsection be construed to require that coverage exceed the applicable uninsured or underinsured coverage limits of the motor vehicle policy or allow a recovery for damages already paid by workers' compensation. The policy need not insure a loss from any liability for damage to property owned by, rented to, in charge of or transported by the insured.

(f) Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

NC General Statutes - Chapter 20 549(1) Except as hereinafter provided, the liability of the insurance carrier with respect to the insurance required by this Article shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy. As to policies issued to insureds in this State under the assigned risk plan or through the North Carolina Motor Vehicle Reinsurance Facility, a default judgment taken against such an insured shall not be used as a basis for obtaining judgment against the insurer unless counsel for the plaintiff has forwarded to the insurer, or to one of its agents, by registered or certified mail with return receipt requested, or served by any other method of service provided by law, a copy of summons, complaint, or other pleadings, filed in the action. The return receipt shall, upon its return to plaintiff's counsel, be filed with the clerk of court wherein the action is pending against the insured and shall be admissible in evidence as proof of notice to the insurer. The refusal of insurer or its agent to accept delivery of the registered mail, as provided in this section, shall not affect the validity of such notice and any insurer or agent of an insurer refusing to accept such registered mail shall be

charged with the knowledge of the contents of such notice. When notice has been sent to an agent of the insurer such notice shall be notice to the insurer. The word "agent" as used in this subsection shall include, but shall not be limited to, any person designated by the insurer as its agent for the service of process, any person duly licensed by the insurer in the State as insurance agent, any general agent of the company in the State of North Carolina, and any employee of the company in a managerial or other responsible position, or the North Carolina Commissioner of Insurance; provided, where the return receipt is signed by an employee of the insurer or an employee of an agent for the insurer, shall be deemed for the purposes of this subsection to have been received. The term "agent" as used in this subsection shall not include a producer of record or broker, who forwards an application for insurance to the North Carolina Motor Vehicle Reinsurance Facility.

The insurer, upon receipt of summons, complaint or other process, shall be entitled, upon its motion, to intervene in the suit against its insured as a party defendant and to defend the same in the name of its insured. In the event of such intervention by an insurer it shall become a named party defendant. The insurer shall have 30 days from the signing of the return receipt acknowledging receipt of the summons, complaint or other pleading in which to file a motion to intervene, along with any responsive pleading, whether verified or not, which it may deem necessary to protect its interest: Provided, the court having jurisdiction over the matter may, upon motion duly made, extend the time for the filing of responsive pleading or continue the trial of the matter for the purpose of affording the insurer a reasonable time in which to file responsive pleading or defend the action. If, after receiving copy of the summons, complaint or other pleading, the insurer elects not to defend the action, if coverage is in fact provided by the policy, the insurer shall be bound to the

extent of its policy limits to the judgment taken by default against the insured, and noncooperation of the insured shall not be a defense.

If the plaintiff initiating an action against the insured has complied with the provisions of this subsection, then, in such event, the insurer may not cancel or annul the policy as to such liability and the defense of noncooperation shall not be available to the insurer: Provided, however, nothing in this section shall be construed as depriving an insurer of its defenses that the policy was not in force at the time in question, that the operator was not an "insured" under policy provisions, or that the policy had been lawfully canceled at the time of the accident giving rise to the cause of action.

Provided further that the provisions of this subdivision shall not apply when the insured has delivered a copy of the summons, complaint or other pleadings served on him to his insurance carrier within the time provided by law for filing answer, demurrer or other pleadings.

(2) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage;

(3) The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in subdivision (2) of subsection (b) of this section;

(4) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the Article shall constitute the entire contract between the parties.

(g) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this Article. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

(h) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this Article.

(i) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.
(j) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.
(k) Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.
(l) A party injured by an uninsured motor vehicle covered under a policy in amounts less than those set forth in G.S. 20 -279.5, may execute a contractual covenant not to enforce against the owner, operator, or maintainer of the uninsured vehicle any judgment that exceeds the liability policy limits, as consideration for payment of any applicable policy limits by the insurer where judgment exceeds the policy limits. A covenant not to enforce judgment shall not preclude the injured party from pursuing available uninsured motorist benefits, unless the terms of the covenant
expressly provide otherwise, and shall not preclude an insurer providing uninsured motorist coverage from pursuing any right of subrogation.
(m) Every insurer that sells motor vehicle liability policies subject to the requirements of subdivisions (b)(3) and (b)(4) of this section shall, when issuing and renewing a policy, give reasonable notice to the named insured of all of the following:
(1) (Effective until July 1, 2025) The named insured is required to purchase uninsured motorist bodily injury coverage, uninsured motorist property damage coverage, and, if applicable, underinsured motorist bodily injury coverage.
(1) (Effective July 1, 2025) The named insured is required to purchase uninsured motorist bodily injury coverage, uninsured motorist property damage coverage, and underinsured motorist bodily injury coverage.
(2) The named insured's uninsured motorist bodily injury coverage limits shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy unless the insured elects to purchase greater or lesser limits for uninsured motorist bodily injury coverage.
(3) The named insured's uninsured motorist property damage coverage limits shall be equal to the highest limits of property damage liability coverage for any one vehicle insured under the policy unless the insured elects to purchase lesser limits for uninsured motorist property damage coverage.
(4) (Effective until July 1, 2025) The named insured's underinsured motorist bodily injury coverage limits, if applicable, shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy unless the insured elects to purchase greater or lesser limits for underinsured motorist bodily injury coverage.
(4) (Effective July 1, 2025) The named insured's underinsured motorist bodily injury coverage limits shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy unless the insured elects to purchase greater or lesser limits for underinsured motorist bodily injury coverage.
(5) The named insured may purchase uninsured motorist bodily injury coverage and underinsured motorist coverage with limits up to one million dollars ($1,000,000) per person and one million dollars ($1,000,000) per accident.
An insurer shall be deemed to have given reasonable notice if it includes the following or substantially similar language on the policy's original and renewal declarations pages or in a separate notice accompanying the original and renewal declarations pages in at least 12 point type:
NOTICE: YOU ARE REQUIRED TO PURCHASE UNINSURED MOTORIST BODILY INJURY COVERAGE, UNINSURED MOTORIST PROPERTY DAMAGE COVERAGE AND UNDERINSURED MOTORIST BODILY INJURY COVERAGE. YOU MAY PURCHASE UNINSURED MOTORIST BODILY INJURY COVERAGE AND UNDERINSURED MOTORIST COVERAGE WITH LIMITS UP TO ONE MILLION DOLLARS ($1,000,000) PER PERSON AND ONE MILLION DOLLARS ($1,000,000) PER ACCIDENT OR AT SUCH LESSER LIMITS YOU CHOOSE. YOU CANNOT PURCHASE COVERAGE FOR LESS THAN THE MINIMUM LIMITS FOR THE BODILY INJURY AND
PROPERTY DAMAGE COVERAGE THAT ARE REQUIRED FOR YOUR OWN VEHICLE. IF

YOU DO NOT CHOOSE A GREATER OR LESSER LIMIT FOR UNINSURED MOTORIST BODILY INJURY COVERAGE, A LESSER LIMIT FOR UNINSURED MOTORIST PROPERTY DAMAGE COVERAGE, AND/OR A GREATER OR LESSER LIMIT FOR UNDERINSURED MOTORIST BODILY INJURY COVERAGE, THEN THE LIMITS FOR THE UNINSURED MOTORIST BODILY INJURY COVERAGE AND THE UNDERINSURED MOTORIST BODILY INJURY COVERAGE WILL BE THE SAME AS THE HIGHEST LIMITS FOR BODILY INJURY LIABILITY COVERAGE FOR ANY ONE OF YOUR OWN VEHICLES INSURED UNDER THE POLICY AND THE LIMITS FOR THE UNINSURED MOTORIST PROPERTY DAMAGE COVERAGE WILL BE THE SAME AS THE HIGHEST LIMITS FOR PROPERTY DAMAGE LIABILITY COVERAGE FOR ANY ONE OF YOUR OWN VEHICLES INSURED UNDER THE POLICY . IF YOU WISH TO PURCHASE UNINSURED MOTORIST AND UNDERINSURED MOTORIST COVERAGE AT DIFFERENT LIMITS THAN THE LIMITS FOR YOUR OWN VEHICLE INSURED UNDER THE POLICY , THEN YOU SHOULD CONTACT YOUR INSURANCE COMPANY OR AGENT TO DISCUSS YOUR OPTIONS FOR OBTAINING DIFFERENT COVERAGE LIMITS. YOU SHOULD ALSO READ YOUR ENTIRE POLICY TO UNDERSTAND WHAT IS COVERED UNDER UNINSURED AND UNDERINSURED MOTORIST COVERAGES.

(n) Nothing in this section shall be construed to provide greater amounts of uninsured or underinsured motorist coverage in a liability policy than the insured has purchased from the insurer under this section.

§ 20-279.22. Notice of cancellation or termination of certified policy.

When an insurance carrier has certified a motor vehicle liability policy under G.S. 20-279.19 or a policy under G.S. 20-279.20, the insurance so certified shall not be canceled or terminated until at least 20 days after a notice of cancellation or termination of the insurance so certified shall be filed in the office of the Commissioner, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates. (1953, c. 1300, s. 22.)

§ 20-279.23. Article not to affect other policies.

(a) This Article shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this State, and such policies, if they contain an agreement or are endorsed to conform to the requirements of this Article, may be certified as proof of financial responsibility under this Article.

(b) This Article shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the NC General Statutes - Chapter 20 553insured's employ or on his behalf of motor vehicles not owned by the insured. (1953, c. 1300, s. 23.)

§ 20-279.24. Bond as proof.

(a) Proof of financial responsibility may be furnished by filing with the Commissioner the bond of a surety company duly authorized to transact business in the State or a bond with at least two individual sureties each owning real estate within this State, and together having equities in such real estate over and above any encumbrances thereon equal in value to at least twice the amount of such bond, which real estate shall be scheduled in the bond which shall be approved by the clerk of the superior court of the county wherein the real estate is situated. Such bond shall be conditioned for payments in amounts and under the same circumstances as would be required in a motor vehicle liability policy, and shall not be cancellable except after 20 days' written notice to the Commissioner. A certificate of the county tax supervisor or person performing the duties of the tax supervisor, showing the assessed valuation of each tract or parcel of real estate for tax purposes shall accompany a bond with individual sureties and, upon acceptance and approval by the Commissioner, the execution of such bond shall be proved before the clerk of the superior court of the county or counties wherein the land or any part thereof lies, and such bond shall be recorded in

the office of the register of deeds of such county or counties. Such bond shall constitute a lien upon the real estate therein described from and after filing for recordation to the same extent as in the case of ordinary mortgages and shall be regarded as the equivalent of a mortgage or deed of trust. In the event of default in the terms of the bond the Commissioner may foreclose the lien thereof by making public sale upon publishing notice thereof as provided by G.S. 45-21.17; provided, that any such sale shall be subject to the provisions for upset or increased bids and resales and the procedure therefor as set out in Part 2 of Article 2A of Chapter 45 of the General Statutes. The proceeds of such sale shall be applied by the Commissioner toward the discharge of liability upon the bond, any excess to be paid over to the surety whose property was sold. The Commissioner shall have power to so sell as much of the property of either or both sureties described in the bond as shall be deemed necessary to discharge the liability under the bond, and shall not be required to apportion or prorate the liability as between sureties.

If any surety is a married person, his or her spouse shall be required to execute the bond, but only for the purpose of releasing any dower or curtesy interest in the property described in the bond, and the signing of such bond shall constitute a conveyance of dower or curtesy interest, as well as the homestead exemption of the surety, for the purpose of the bond, and the execution of the bond shall be duly acknowledged as in the case of deeds of conveyance. The Commissioner may require a certificate of title of a duly licensed attorney which shall show all liens and encumbrances with respect to each parcel of real estate described in the bond and, if any parcel of such real estate has buildings or other improvements thereon, the Commissioner may, in his discretion, require the filing with him of a policy or policies of fire and other hazard insurance, with loss clauses payable to the Commissioner as his interest may appear. All costs and expenses in connection with furnishing such bond and the registration thereof, and the certificate of title, insurance and other necessary items of expense shall be borne by the principal obligor under the bond, except that the costs of foreclosure may be paid from the proceeds of sale.

(b) If such a judgment, rendered against the principal on such bond shall not be satisfied within 60 days after it has become final, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the State against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist

upon the real estate of a person who has executed such bond. (1953, c. 1300, s. 24; 1993, c. 553, s. 10.)

§ 20-279.25. Money or securities as proof.

(a) (Effective until July 1, 2025) Proof of financial responsibility may be evidenced by the certificate of the State Treasurer that the person named therein has deposited with him eighty -five thousand dollars ($85,000) in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of eighty -five thousand dollars ($85,000). The State Treasurer shall not accept any such deposit and issue a certificate therefor and the Commissioner shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(a) (Effective July 1, 2025) Proof of financial responsibility may be evidenced by the certificate of the State Treasurer that the person named therein has deposited with him one hundred fifty thousand dollars ($150,000) in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of one hundred fifty thousand dollars ($150,000). The State Treasurer shall not accept any such deposit and issue a certificate therefor and the Commissioner shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(b) Such deposit shall be held by the State Treasurer to satisfy, in accordance with the provisions of this Article, any execution on a judgment issued against such person making the deposit for damages, including damages for care and loss of services because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment, garnishment, or execution unless such attachment, garnishment, or execution shall arise out of a suit for damages as aforesaid. (1953, c. 1300, s. 25; 1965, c. 358, s. 1; 1967, c. 277, s. 5; 1973, c. 745, s. 5; 1979, c. 832, s. 8; 1991, c. 469, s. 8; 1999 -228, s. 5; 2023 -133, s. 12(f); 2024 -29, s. 8(c).)

§ 20-279.26. Owner may give proof for others.

Whenever any person required to give proof of financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate

family or household of the owner, the Commissioner shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided. The Commissioner shall designate the restrictions imposed by this section on the face of such person's license. (1953, c. 1300, s. 26.)

§ 20-279.27. Substitution of proof.

The Commissioner shall consent to the cancellation of any bond or certificate of insurance or the Commissioner shall direct and the State Treasurer shall return any money or securities to the person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this Article. (1953, c. 1300, s. 27.)

§ 20-279.28. Other proof may be required.

Whenever any proof of financial responsibility filed under the provisions of this Article no longer fulfills the purposes for which required, the Commissioner shall for the purpose of this

Article, require other proof as required by this Article, or whenever it appears that proof filed to

cover any motor vehicle owned by a person does not cover all motor vehicles registered in the name of such person, the Commissioner shall require proof covering all such motor vehicles. The Commissioner shall suspend the license or the nonresident's operating privilege pending the filing of such other proof. (1953, c. 1300, s. 28.)

§ 20-279.29. Duration of proof; when proof may be canceled or returned.

The Commissioner shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the Commissioner shall direct and the State Treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this Article as proof of financial responsibility, or the Commissioner shall waive the requirement of filing proof, in any of the following events:

(1) At any time after two years from the date such proof was required when, during the two-year period preceding the request, the Commissioner has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration or nonresident's operating privilege of the person by or for whom such proof was furnished; or

(2) In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

(3) In the event the person who has given proof surrenders his license to the Commissioner.

Provided, however, that the Commissioner shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied or in the event the person who has filed such bond or deposited such money or securities, has, within one year immediately preceding such request, been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the Commissioner.

Whenever any person whose proof has been canceled or returned under subdivision (3) of this section applies for a license within a period of two years from the date proof was originally required, any such application shall be refused unless the applicant shall reestablish such proof for the remainder of such two-year period. (1953, c. 1300, s. 29.)

§ 20-279.30. Surrender of license.

Any person whose license shall have been suspended as herein provided, or whose policy of insurance or bond, when required under this Article, shall have been canceled or terminated, or who shall neglect to furnish other proof upon request of the Commissioner shall immediately return his license to the Commissioner. If any person shall fail to return to the Commissioner the license as provided herein, the Commissioner shall forthwith direct any peace officer to secure possession thereof and to return the same to the Commissioner. (1953, c. 1300, s. 30.)

§ 20-279.31. Other violations; penalties.

(c1) Any person who makes a false affidavit or knowingly swears or affirms falsely to any matter under G.S. 20-279.5, 20-279.6, or 20-279.7 is guilty of a Class I felony.
(d) Any person who shall violate any provision of this Article for which no penalty is otherwise provided is guilty of a Class 2 misdemeanor. (1953, c. 1300, s. 31; 1983, c. 610, s. 2; 1993, c. 539, ss. 384, 1261; 1994, Ex. Sess., c. 24, s. 14(c); 1995, c. 191, s. 7.)

(b2) For a licensed dealer, manufacturer, factory branch, distributor, distributor branch, or wholesaler applying for renewal, the death of a co-owner in the licensed business entity shall not be considered a change of ownership for purposes of licensure, as long as the business entity has no new co-owners or changes in structure of the business entity. The applicant shall be considered by the Division to be a continuing business for purposes of renewal and shall not be required to apply for a license as a new business.

§ 20-296. Notice and hearing upon denial, suspension, revocation, placing on probation, or refusal to renew license.
No license shall be suspended, revoked, denied, placed on probation, or renewal thereof refused, until a written notice of the complaint made has been furnished to the licensee against whom the same is directed, and a hearing thereon has been had before the Commissioner, or a person designated by him. At least 10 days' written notice of the time and place of the hearing shall be given to the licensee by certified mail with return receipt requested to the licensee's last known address as shown on the licensee's license or other record of information in possession of the Division. For each alleged violation, the Division shall determine in its sole and unappealable discretion whether entering into a settlement agreement or consent order with the applicable licensee or license applicant either prior to or subsequent to the hearing would promote the interests of justice and administrative efficiency. (1955, c. 1243, s. 12; 1975, c. 716, s. 5; 1981, c. 108; 2014 -108, s. 6(a); 2023 -116, s. 7(a).)

For purposes of this section, the location where dealership written or electronic records are kept and maintained may be owned and operated by a party other than the dealer.

(b) Inspection. – The Division may inspect the pertinent books, records, letters, and contracts of a licensee relating to any written complaint made to the Division against the licensee.

(c) Records Format. – Any record required to be kept and maintained under this section may be converted to electronic form and retained by a dealer in electronic form without retention of the original or any copies of the record in paper or other nonelectronic form. (1955, c. 1243, s. 13; 1975, c. 716, s. 5; 1995, c. 163, s. 5; 2007 -481, s. 3; 2016 -74, s. 1.)

§ 20-297.1. Franchise -related form agreements.

(a) All franchise -related form agreements, as defined in this subsection, offered to a motor vehicle dealer in this State shall provide that all terms and conditions in the agreement inconsistent with any of the laws or rules of this State are of no force and effect. For purposes of this section, the term "franchise -related form agreements" means one or more contracts between a franchised

motor vehicle dealer and a manufacturer, factory branch, distributor, or distributor branch, including a written communication from a manufacturer or distributor in which a duty is imposed on the franchised motor vehicle dealer under which:

(3) The franchised motor vehicle dealer is substantially associated with the manufacturer or distributor's trademark, trade name, and commercial symbol;

(4) The franchised motor vehicle dealer's business substantially relies on the manufacturer or distributor for a continued supply of motor vehicles, parts, and accessories; or

(5) Any right, duty, or obligation granted or imposed by this Chapter is affected.

(b) Notwithstanding the terms of any franchise or agreement, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch to offer to a dealer, revise, modify, or replace a franchise -related form agreement, as defined above in this section, which agreement, modification, or replacement may adversely affect or alter the rights, obligations, or liability of a motor vehicle dealer or may adversely impair the sales, service obligations, investment, or profitability of any motor vehicle dealer located in this State, unless:

(1) The manufacturer, factory branch, distributor, or distributor branch provides prior written notice by registered or certified mail to each affected dealer, the Commissioner, and the North Carolina Automobile Dealers Association, Inc., of the modification or replacement in the form and within the time frame set forth within this section and in subsection (c) of this section; and

(2) If a protest is filed under this section, the Commissioner approves the modification or replacement.

(c) The notice required by subdivision (b)(1) of this section shall:

(1) Be given not later than the 60th day before the effective date of the modification

or replacement;
(2) Contain on its first page a conspicuous statement that reads: "NOTICE TO DEALER: YOU MAY BE ENTITLED TO FILE A PROTEST WITH THE COMMISSIONER OF THE NORTH CAROLINA DIVISION OF MOTOR VEHICLES AND HA VE A HEARING IN WHICH YOU MAY PROTEST THE PROPOSED INITIAL OFFERING, MODIFICATION, OR REPLACEMENT OF CERTAIN FRANCHISE -RELATED FORM AGREEMENTS UNDER THE TERMS OF THE MOTOR VEHICLE DEALERS AND MANUFACTURERS LICENSING LAW, IF YOU OPPOSE THIS ACTION"; and
(3) Contain a separate letter or statement that identifies all substantive modifications or revisions and the principal reasons for each such modification or revision.
(d) A franchised dealer may file a protest with the Commissioner of the offering, modification, or replacement pursuant to this section not later than the latter of:

NC General Statutes - Chapter 20 585(2) The time specified in the notice.
(e) After a protest is filed, the Commissioner shall determine whether the manufacturer, factory branch, distributor, or distributor branch has established by a preponderance of the evidence that there is good cause for the proposed offering, modification, or replacement. The prior franchise -related form agreement, if any, continues in effect until the Commissioner resolves the protest.
(f) The Commissioner is authorized and directed to investigate and prevent violations of this section, including inconsistencies of any franchise -related form agreement with the provisions of this Article.
(g) Nothing contained in this section shall in any way limit a dealer's rights under any other provision of this Article or other applicable law. (1997 -319, s. 1; 2005 -409, s. 1.)
§ 20-298. Insurance.
It shall be unlawful for any dealer or salesman or any employee of any dealer, to coerce or offer anything of value to any purchaser of a motor vehicle to provide any type of insurance coverage on said motor vehicle. No dealer, salesman or representative of either shall accept any policy as collateral on any vehicle sold by him to secure an interest in such vehicle in any company not qualified under the insurance laws of this State: Provided, nothing in this Article shall prevent a dealer or his representative from requiring adequate insurance coverage on a motor vehicle which is the subject of an installment sale. (1955, c. 1243, s. 14.)
§ 20-298.1. Provision of certain products and services to those covered under the Military Lending Act.
A motor vehicle dealer that does not market or extend to a covered borrower a loan or credit transaction covered by Section 987 of Title 10 of the United States Code, or any subsequent amendments thereto, and Part 232 (commencing with Section 232.1) of Subchapter M of Chapter I of Subtitle A of Title 32 of the Code of Federal Regulations, or any subsequent amendments thereto, shall not be in violation of G.S. 127B -11 or otherwise under the law with respect to all transactions entered into on or after October 3, 2016, regardless of whether the motor vehicle dealer markets or extends the loan or credit transaction to other persons who are not covered borrowers. For purposes of this section, "covered borrower" has the same meaning as provided in Part 232 (commencing with Section 232.1) of Subchapter M of Chapter I of Subtitle A of Title 32 of the Code of Federal Regulations and any subsequent amendments thereto. (2019 -181, s. 4.)
§ 20-299. Acts of officers, directors, partners, salesmen and other representatives.
(a) The Division may deny, suspend, place on probation, or revoke a license issued to a corporation, limited liability company, limited liability partnership, or any other business entity that is a licensee under this Article if more than fifty percent (50%) of the business entity ownership engaged in conduct prohibited by G.S. 20 -294. A license issued to a business entity under this Article may also be revoked if any damages suffered due to a violation of this Article are not satisfied, including damages caused by a sales representative while acting as an agent of the business entity. An owner of a business entity that did not engage personally in a violation of G.S. 20 -294 and did not knowingly omit any duty may not be penalized for the acts of a business entity found to have violated this section.
(b) Every licensee who is a manufacturer or a factory branch shall be responsible for the acts of any or all of its agents and representatives while acting in the conduct of said licensee's
NC General Statutes - Chapter 20 586business whether or not such licensee approved, authorized, or had knowledge of such acts.

(1955,
c. 1243, s. 15; 1973, c. 559; 2021 -134, s. 1.3.)
§ 20-300. Appeals from actions of Commissioner.
Appeals from actions of the Commissioner shall be governed by the provisions of Chapter 150B of the General Statutes. (1955, c. 1243, s. 16; 1973, c. 1331, s. 3; 1987, c. 827, s. 1.)
§ 20-301. Powers of Commissioner.
(a) The Commissioner shall promote the interests of the retail buyer of motor vehicles.
(b) The Commissioner shall have power to prevent unfair methods of competition and unfair or deceptive acts or practices and other violations of this Article. Any franchised new motor vehicle dealer who believes that a manufacturer, factory branch, distributor, or distributor branch with whom the dealer holds a currently valid franchise has violated or is currently violating any provision of this Article may file a petition before the Commissioner setting forth the factual and legal basis for such violations. The Commissioner shall promptly forward a copy of the petition to the named manufacturer, factory branch, distributor, or distributor branch requesting a reply to the petition within 30 days. Allowing for sufficient time for the parties to conduct discovery, the Commissioner or his designee shall then hold an evidentiary hearing and render findings of fact and conclusions of law based on the evidence presented. Any parties to a hearing by the Commissioner concerning the establishment or relocating of a new motor vehicle dealer shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.
(c) The Commissioner shall have the power in hearings arising under this Article to enter scheduling orders and limit the time and scope of discovery; to determine the date, time, and place where hearings are to be held; to subpoena witnesses; to take depositions of witnesses; and to administer oaths.
(d) The Commissioner may, whenever he shall believe from evidence submitted to him that any person has been or is violating any provision of this Article, in addition to any other remedy, bring an action in the name of the State against that person and any other persons concerned or in any way participating in, or about to participate in practices or acts so in violation, to enjoin any persons from continuing the violations.
(e) The Commissioner may issue rules and regulations to implement the provisions of this section and to establish procedures related to administrative proceedings commenced under this section.
(f) In the event that a dealer, who is permitted or required to file a notice, protest, or petition before the Commissioner within a certain period of time in order to adjudicate, enforce, or protect rights afforded the dealer under this Article, voluntarily elects to appeal a policy, determination, or decision of the manufacturer through an appeals board or internal grievance procedure of the manufacturer, or to participate in or refer the matter to mediation, arbitration, or other alternative dispute resolution procedure or process established or endorsed by the manufacturer, the applicable period of time for the dealer to file the notice, protest, or petition before the Commissioner under this Article shall not commence until the manufacturer's appeal board or internal grievance procedure, mediation, arbitration, or appeals process of the manufacturer has been completed and the dealer has received notice in writing of the final decision or result of the procedure or process. Nothing, however, contained in this subsection shall be deemed to require that any dealer exhaust any internal grievance or other alternative dispute
process required or established by the manufacturer before seeking redress from the Commissioner
as provided in this Article.
(g) Notwithstanding any other statute, regulation, or rule or the existence of a pending legal or administrative proceeding in any other forum any franchised new motor vehicle dealer or any manufacturer, factory branch, distributor, or distributor branch may elect to file a petition before the Commissioner for resolution of any dispute that may arise with respect to any of the rights or obligations of the dealer or of the manufacturer, factory branch, distributor, or distributor branch related to a franchise or franchise -related form agreement. The Commissioner shall have the authority to apply principles of law, equity, and good faith in determining such matters. The filing of a petition by a dealer or a manufacturer, factory branch, distributor, or distributor branch pursuant to this section shall not preclude the party filing the petition from pursuing any other form of recourse it may have, either before the Commissioner or in another form, including any damages and injunctive relief. The Commissioner shall have the authority to receive and evaluate the facts in the matter of controversy and render a decision by entering an order which shall thereafter become binding and enforceable with respect to the parties, subject to the right of review of the

decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.
(1955, c. 1243, s. 17; 1983, c. 704, s. 23; 1991, c. 510, s. 1; 1997 -319, s. 2; 1999 -335, s. 1; 2011 -290, s. 3.)

§ 20-301.1. Notice of additional charges against dealer's account; informal appeals procedure.

(a) Notwithstanding the terms of any contract, franchise, novation, or agreement, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch to charge or assess one of its franchised motor vehicle dealers located in this State, or to charge or debit the account of the franchised motor vehicle dealer for merchandise, tools, or equipment, or other charges or amounts which total more [than] five thousand dollars ($5,000), other than the published cost of new motor vehicles, and merchandise, tools, or equipment specifically ordered by the franchised motor vehicle dealer, unless the franchised motor vehicle dealer receives a detailed itemized description of the nature and amount of each charge in writing at least 10 days prior to the date the charge or account debit is to become effective or due. For purposes of this subsection, the prior written notice required pursuant to this subsection includes, but is not limited to, all charges or debits to a dealer's account for advertising or advertising materials; advertising or showroom displays; customer informational materials; computer or communications hardware or software; special tools; equipment; dealership operation guides; Internet programs; and any additional charges or surcharges made or proposed for merchandise, tools, or equipment previously charged to the dealer; and any other charges or amounts which total more than five thousand dollars ($5,000). If the franchised new motor vehicle dealer disputes all or any portion of an actual or proposed charge or debit to the dealer's account, the dealer may proceed as provided in G.S. 20-301(b) and G.S. 20-308.1. Upon the filing of a petition pursuant to G.S. 20-301(b) or a civil action pursuant to G.S. 20-308.1, the affected manufacturer, factory branch, distributor, or distributor branch shall not require payment from the dealer, or debit or charge the dealer's account, unless and until a final judgment supporting the payment or charge has been rendered by the Commissioner or court.

(b) Any franchised new motor vehicle dealer who seeks to challenge an actual or proposed charge, debit, payment, reimbursement, or credit to the franchised new motor vehicle dealer or to the franchised new motor vehicle dealer's account in an amount less than or equal to ten thousand

dollars ($10,000) and that is in violation of this Article or contrary to the terms of the franchise

may, prior to filing a formal petition before the Commissioner as provided in G.S. 20-301(b) or a civil action in any court of competent jurisdiction under G.S. 20-308.1, request and obtain a mediated settlement conference as provided in this subsection. Unless objection to the timeliness of the franchised new motor vehicle dealer's request for mediation under this subsection is waived in writing by the affected manufacturer, factory branch, distributor, or distributor branch, a franchised new motor vehicle dealer's request to mediate must be sent to the Commissioner within 75 days after the franchised new motor vehicle dealer's receipt of written notice from a manufacturer, factory branch, distributor, or distributor branch of the charges, debits, payments, reimbursements, or credits challenged by the franchised new motor vehicle dealer. If the franchised new motor vehicle dealer has requested in writing that the manufacturer, factory branch, distributor, or distributor branch review the questioned charges, debits, payments, reimbursements, or credits, a franchised new motor vehicle dealer's request to mediate must be sent to the Commissioner within 30 days after the franchised new motor vehicle dealer's receipt of the final written determination on the issue from the manufacturer, factory branch, distributor, or distributor branch.

(1) It is the policy and purpose of this subsection to implement a system of settlement events that are designed to reduce the cost of litigation under this Article to the general public and the parties, to focus the parties' attention on settlement rather than on trial preparation, and to provide a structured opportunity for settlement negotiations to take place.

(2) The franchised new motor vehicle dealer shall send a letter to the Commissioner by certified or registered mail, return receipt requested, identifying the actual or proposed charges the franchised new motor vehicle dealer seeks to challenge and the reason or basis for the challenge. The charges, debits, payments, reimbursements, or credits challenged by the franchised new motor vehicle dealer need not be related, and multiple issues may be resolved in a single proceeding. The franchised new motor vehicle dealer shall send a copy of the letter to the affected manufacturer, factory branch, distributor, or distributor

branch, addressed to the current district, zone, or regional manager in charge of overseeing the dealer's operations, or the registered agent for acceptance of legal process in this State. Upon the mailing of a letter to the Commissioner and the manufacturer, factory branch, distributor, or distributor branch pursuant to this subsection, any chargeback to or any payment required of a franchised new motor vehicle dealer by a manufacturer, factory branch, distributor, or distributor branch shall be stayed during the pendency of the mediation. Upon the mailing of a letter to the Commissioner and manufacturer, factory branch, distributor, or distributor branch pursuant to this subsection, any statute of limitation or other time limitation for filing a petition before the Commissioner or civil action shall be tolled during the pendency of the mediation.

(3) Upon receipt of the written request of the franchised new motor vehicle dealer, the Commissioner shall appoint a mediator and send notice of that appointment to the parties. A person is qualified to serve as mediator as provided by this subdivision if the person is certified to serve as a mediator under Rule 8 of the North Carolina Rules Implementing Statewide Mediated Settlement Conferences in Superior Court Civil Actions and does not represent motor

vehicle dealers or manufacturers, factory branches, distributors, or distributor branches. A mediator acting pursuant to this subdivision shall have judicial immunity in the same manner and to the same extent as a judge of the General Court of Justice.

(4) The parties shall by written agreement select a venue and schedule for the mediated settlement conference conducted under this subsection. If the parties are unable to agree on a venue and schedule, the mediator shall select a venue and schedule. Except by written agreement of all parties, a mediation proceeding and mediated settlement conference under this subsection shall be held in North Carolina.

(5) In this subsection, "mediation" means a nonbinding forum in which an impartial person, the mediator, facilitates communication between parties to promote reconciliation, settlement, or understanding among them. A mediator may not impose his or her own judgment on the issues for that of the parties.

(6) At least 10 days prior to the mediated settlement conference, the affected manufacturer, factory branch, distributor, or distributor branch shall, by certified or registered mail, return receipt requested, send the mediator and the franchised new motor vehicle dealer a detailed response to the allegations raised in the franchised new motor vehicle dealer's written request. The mediation may be conducted by officers or employees of the parties themselves without the appearance of legal counsel. However, at least 10 days prior to the mediated settlement conference, either party may give notice to the other and to the mediator of its intention to appear at the mediation with legal counsel, in which event either party may appear at the mediation with legal counsel.

(7) A mediation proceeding conducted pursuant to this subsection shall be complete not later than the sixtieth day after the date of the Commissioner's notice of the appointment of the mediator; this deadline may be extended by written agreement of the parties. The parties shall be solely responsible for the compensation and expenses of the mediator on a 50/50 basis. The Commissioner is not liable for the compensation paid or to be paid a mediator employed pursuant to this subsection.

(8) A party may attend a mediated settlement conference telephonically in lieu of personal appearance. If a party or other person required to attend a mediated settlement conference fails to attend without good cause, the Commissioner may impose upon the party or person any appropriate monetary sanction, including the payment of fines, attorneys' fees, mediator fees, expenses, and loss of earnings incurred by persons attending the conference.

(9) If the mediation fails to result in a resolution of the dispute, the franchised new motor vehicle dealer may proceed as provided in G.S. 20-301(b) and G.S. 20-308.1. Upon the filing of a petition pursuant to G.S. 20-301(b) or a civil action pursuant to G.S. 20-308.1, the affected manufacturer, factory branch, distributor, or distributor branch shall not require payment from the dealer, or debit or charge the dealer's account, unless and until a final judgment supporting

the payment or charge has been rendered by the Commissioner or court. All communications made during a mediation proceeding, including, but not limited to, those communications made during a mediated settlement
conference are presumed to be made in compromise negotiation and shall be governed by Rule 408 of the North Carolina Rules of Evidence. (2001 -510, s. 1; 2011 -290, s. 4.)

§ 20-302. Rules and regulations.

The Commissioner may make such rules and regulations, not inconsistent with the provisions of this Article, as he shall deem necessary or proper for the effective administration and enforcement of this Article, provided that the Commissioner shall make a copy of such rules and regulations available on a Web site maintained by the Division or the Department of Transportation 30 days prior to the effective date of such rules and regulations. (1955, c. 1243, s. 18; 2018 -74, s. 8.)

§ 20-303. Installment sales to be evidenced by written instrument; statement to be delivered to buyer.

(a) Every retail installment sale shall be evidenced by one or more instruments in writing, which shall contain all the agreements of the parties and shall be signed by the buyer.

(b) For every retail installment sale, prior to or about the time of the delivery of the motor vehicle, the seller shall deliver to the buyer a written statement describing clearly the motor vehicle sold to the buyer, the cash sale price thereof, the cash paid down by the buyer, the amount credited the buyer for any trade -in and a description of the motor vehicle traded, the amount of the finance charge, the amount of any other charge specifying its purpose, the net balance due from the buyer, the terms of the payment of such net balance and a summary of any insurance protection to be effected. The written statement shall be signed by the buyer. (1955, c. 1243, s. 19; 2007 -513, s. 1.)

§ 20-304. Coercion of retail dealer by manufacturer or distributor in connection with installment sales contract prohibited.

(a) It shall be unlawful for any manufacturer, wholesaler or distributor, or any officer, agent or representative of either, to coerce, or attempt to coerce, any retail motor vehicle dealer or prospective retail motor vehicle dealer in this State to sell, assign or transfer any retail installment sales contract, obtained by such dealer in connection with the sale by him in this State of motor vehicles manufactured or sold by such manufacturer, wholesaler, or distributor, to a specified finance company or class of such companies, or to any other specified persons, by any of the acts or means hereinafter set forth, namely:

(1) By any statement, suggestion, promise or threat that such manufacturer, wholesaler, or distributor will in any manner benefit or injure such dealer, whether such statement, suggestion, threat or promise is expressed or implied, or made directly or indirectly,

(2) By any act that will benefit or injure such dealer,

(3) By any contract, or any expressed or implied offer of contract, made directly or indirectly to such dealer, for handling motor vehicles, on the condition that such dealer sell, assign or transfer his retail installment sales contract thereon, in this State, to a specified finance company or class of such companies, or to any other specified person,

(4) By any expressed or implied statement or representation, made directly or indirectly, that such dealer is under any obligation whatsoever to sell, assign or transfer any of his retail sales contracts, in this State, on motor vehicles
manufactured or sold by such manufacturer, wholesaler, or distributor to such finance company, or class of companies, or other specified person, because of any relationship or affiliation between such manufacturer, wholesaler, or distributor and such finance company or companies or such other specified person or persons.

(b) Any such statements, threats, promises, acts, contracts, or offers of contracts, when the effect thereof may be to lessen or eliminate competition, or tend to create a monopoly, are declared unfair trade practices and unfair methods of competition and against the public policy of this State, are unlawful and are hereby prohibited. (1955, c. 1243, s. 20.)

§ 20-305. Coercing dealer to accept commodities not ordered; threatening to cancel franchise; preventing transfer of ownership; granting additional franchises; terminating franchises without good cause; preventing family succession.

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them:

(1) To require, coerce, or attempt to coerce any dealer to accept delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities, which shall not have been ordered by that dealer, or to accept delivery of any motor vehicle or vehicles which have been equipped in a manner other than as specified by the dealer.
(2) To require, coerce, or attempt to coerce any dealer to enter into any agreement with such manufacturer, factory branch, distributor, or distributor branch, or representative thereof, or do any other act unfair to such dealer, by threatening to cancel any franchise existing between such manufacturer, factory branch, distributor, distributor branch, or representative thereof, and such dealer;
(3) (See Editor's note for applicability) Unfairly without due regard to the equities of the dealer, and without just provocation, to cancel the franchise of such dealer;
(4) Notwithstanding the terms of any franchise agreement, to prevent or refuse to approve the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale or assignment of a dealer franchise, or a change in the executive management or principal operator of the dealership, change in use of an existing facility to provide for the sales or service of one or more additional line-makes of new motor vehicles, or relocation of the dealership to another site within the dealership's relevant market area, if the Commissioner has determined, if requested in writing by the dealer within 30 days after receipt of an objection to the proposed transfer, sale, assignment, relocation, or change, and after a hearing on the matter, that the failure to permit or honor the transfer, sale, assignment, relocation, or change is unreasonable under the circumstances. [The following applies:]
a. No franchise may be transferred, sold, assigned, relocated, or the executive management or principal operators changed, or the use of an existing facility changed, unless the franchisor has been given at least 30 days' prior written notice of all of the following:
1. The proposed transferee's name and address, financial ability, and qualifications of the proposed transferee, a copy of the
purchase agreement between the dealership and the proposed transferee.
2. The identity and qualifications of the persons proposed to be involved in executive management or as principal operators.
3. The location and site plans of any proposed relocation or change in use of a dealership facility.
b. If the franchisor objects to the proposed transfer, sale, assignment, relocation, or change, the franchisor shall send the dealership and the proposed transferee notice of objection, by registered or certified mail, return receipt requested, to the proposed transfer, sale, assignment, relocation, or change within 30 days after receipt of notice from the dealer, as provided in this section. The notice of objection shall state in detail all factual and legal bases for the objection on the part of the franchisor to the proposed transfer, sale, assignment, relocation, or change that is specifically referenced in this subdivision. An objection to a proposed transfer, sale, assignment, relocation, or change in the executive management or principal operator of the dealership or change in the use of the facility may only be premised upon the factual and legal bases specifically referenced in this subdivision or G.S. 20 -305(11), as it relates to change in the use of a facility. A manufacturer's notice of objection which is based upon factual or legal issues that are not specifically referenced in this subdivision or G.S. 20 -305(11) with respect to a change in the use of an existing facility as being issues upon which the Commissioner shall base his determination shall not be effective to preserve the franchisor's right to object to the proposed transfer sale, assignment, relocation, or change, provided the dealership or proposed transferee has submitted written notice, as required above, as to the proposed transferee's name and address, financial ability, and qualifications of the proposed transferee, a copy of the purchase

agreement between the dealership and the proposed transferee, the identity and qualifications of the persons proposed to be involved in the executive management or as principal operators, and the location and site plans of any proposed relocation or change in the use of an existing facility.

c. Failure by the franchisor to send notice of objection within 30 days shall constitute waiver by the franchisor of any right to object to the proposed transfer, sale, assignment, relocation, or change. If the franchisor requires additional information to complete its review, the franchisor shall notify the dealership within 15 days after receipt of the notice to franchisor under sub-subdivision a. of this subdivision. If the franchisor fails to request additional information from the dealer or proposed transferee within 15 days of receipt of this initial information, the 30-day time period within which the franchisor may provide notice of objection shall be deemed to run from the initial receipt date. Otherwise, the 30-day time period within which the franchisor may provide notice of objection shall run from the date the franchisor has received the

supplemental information requested from the dealer or proposed transferee; provided, however, that failure by the franchisor to send notice of objection within 60 days of the franchisor's receipt of the initial information from the dealer shall constitute waiver by the franchisor of any right to object to the proposed transfer, sale, assignment, relocation, or change.

d. With respect to a proposed transfer of ownership, sale, or assignment, the sole issue for determination by the Commissioner and the sole issue upon which the Commissioner shall hear or consider evidence is whether, by reason of lack of good moral character, lack of general business experience, or lack of financial ability, the proposed transferee is unfit to own the dealership. For purposes of this subdivision, the refusal by the manufacturer to accept a proposed transferee who is of good moral character and who otherwise meets the written, reasonable, and uniformly applied business experience and financial requirements, if any, required by the manufacturer of owners of its franchised automobile dealerships is presumed to demonstrate the manufacturer's failure to prove that the proposed transferee is unfit to own the dealership.

e. With respect to a proposed change in the executive management or principal operator of the dealership, the sole issue for determination by the Commissioner and the sole issue on which the Commissioner shall hear or consider evidence shall be whether, by reason of lack of training, lack of prior experience, poor past performance, or poor character, the proposed candidate for a position within the executive management or as principal operator of the dealership is unfit for the position. For purposes of this subdivision, the refusal by the manufacturer to accept a proposed candidate for executive management or as principal operator who is of good moral character and who otherwise meets the written, reasonable, and uniformly applied standards or qualifications, if any, of the manufacturer relating to the business experience and prior performance of executive management required by the manufacturers of its dealers is presumed to demonstrate the manufacturer's failure to prove the proposed candidate for executive management or as principal operator is unfit to serve the capacity.

f. With respect to a proposed change in use of a dealership facility to provide for the sales or service of one or more additional line-makes of new motor vehicles, the sole issue for determination by the Commissioner is whether the new motor vehicle dealer has a reasonable line of credit for each make or line of motor vehicle and remains in compliance with any reasonable capital standards and facilities requirements of the manufacturer or distributor. The reasonable facilities requirements of the manufacturer or distributor shall not

include any requirement that a new motor vehicle dealer establish or maintain exclusive facilities, personnel, or display space.
NC General Statutes - Chapter 20 594g. With respect to a proposed relocation or other proposed change, the issue for determination by the Commissioner is whether the proposed relocation or other change is unreasonable under the circumstances. For purposes of this subdivision, the refusal by the manufacturer to agree to a proposed relocation which meets the written, reasonable, and uniformly applied standards or criteria, if any, of the manufacturer relating to dealer relocations is presumed to demonstrate that the manufacturer's failure to prove the proposed relocation is unreasonable under the circumstances.
h. The manufacturer shall have the burden of proof before the Commissioner under this subdivision.
i. It is unlawful for a manufacturer to, in any way, do any of the following:
1. [Condition its] approval of a proposed transfer, sale, assignment, change in the dealer's executive management, principal operator, or appointment of a designated successor, on the existing or proposed dealer's willingness to construct a new facility, renovate the existing facility, acquire or refrain from acquiring one or more line-makes of vehicles, separate or divest one or more line-makes of vehicle, or establish or maintain exclusive facilities, personnel, or display space.
2. Condition its approval of a proposed relocation on the existing or proposed dealer's willingness to acquire or refrain from acquiring one or more line-makes of vehicles, separate or divest one or more line-makes of vehicle, or establish or maintain exclusive facilities, personnel, or display space. The opinion or determination of a franchisor that the continued existence of one of its franchised dealers situated in this State is not viable, or that the dealer holds or fails to hold licensing rights for the sale of other line-makes of vehicles in a manner consistent with the franchisor's existing or future distribution or marketing plans, shall not constitute a lawful basis for the franchisor to fail or refuse to approve a dealer's proposed change in use of a dealership facility or relocation: provided, however, that nothing contained in this subdivision shall be deemed to prevent or prohibit a franchisor from failing to approve a dealer's proposed relocation on grounds that the specific site or facility proposed by the dealer is otherwise unreasonable under the circumstances. Approval of a relocation pursuant to this subdivision shall not in itself constitute the franchisor's representation or assurance of the dealer's viability at that location.
3. Condition, directly or indirectly, the approval of the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, succession, or assignment of a dealer's franchise, or a change in the executive management or principal operator of the dealership upon the existing or proposed dealer's willingness to
NC General Statutes - Chapter 20 595renovate, construct, or relocate the dealership facility, or to enroll in a facility program; provided, however, that this provision shall not apply to or affect the validity of an ownership transfer or change in executive management or principal operator of the dealership that occurred prior to July 1, 2021. This sub-sub-subdivision shall not be construed to annul or impair an existing agreement regarding the renovation, construction, or relocation of a dealership facility that existed prior to the transfer, sale, succession, assignment of the dealer's franchise, change in executive management or change in principal operator. This sub-sub-subdivision does not prevent a manufacturer or distributor from requiring changes to a facility

that are necessary in order to sell or service a motor vehicle.
4. Condition, directly or indirectly, the approval of the sale or transfer of the ownership of a dealership by the sale of the business, stock transfer, or otherwise, or the transfer, sale, succession, or assignment of a dealer's franchise, or a change in the executive management or principal operator of the dealership, or a dealer's proposed relocation of the dealership facility, or a dealer's satisfaction of the terms of any incentive program or contest, upon the existing or proposed dealer's willingness to enter into a right of first refusal in favor of the manufacturer.
(5) To enter into a franchise establishing an additional new motor vehicle dealer or relocating an existing new motor vehicle dealer into a relevant market area where the same line make is then represented without first notifying in writing the Commissioner and each new motor vehicle dealer in that line make in the relevant market area of the intention to establish an additional dealer or to relocate an existing dealer within or into that market area. Within 30 days of receiving such notice or within 30 days after the end of any appeal procedure provided by the manufacturer, any new motor vehicle dealer may file with the Commissioner a protest to the establishing or relocating of the new motor vehicle dealer. When a protest is filed, the Commissioner shall promptly inform the manufacturer that a timely protest has been filed, and that the manufacturer shall not establish or relocate the proposed new motor vehicle dealer until the Commissioner has held a hearing and has determined that there is good cause for permitting the addition or relocation of such new motor vehicle dealer.
a. This section does not apply:
1. To the relocation of an existing new motor vehicle dealer within that dealer's relevant market area, provided that the relocation not be at a site within 10 miles of a licensed new motor vehicle dealer for the same line make of motor vehicle. If this sub-subdivision is applicable, only dealers trading in the same line-make of vehicle that are located within the 10-mile radius shall be entitled to notice from the manufacturer and have the protest rights afforded under this section.
 If the proposed additional new motor vehicle dealer is to be established at or within two miles of a location at which a former licensed new motor vehicle dealer for the same line make of new motor vehicle had ceased operating within the previous two years.
3. To the relocation of an existing new motor vehicle dealer within two miles of the existing site of the new motor vehicle dealership if the franchise has been operating on a regular basis from the existing site for a minimum of three years immediately preceding the relocation.
4. To the relocation of an existing new motor vehicle dealer if the proposed site of the relocated new motor vehicle dealership is further away from all other new motor vehicle dealers of the same line make in that relevant market area.
5. Repealed by Session Laws 2008 -156, s. 3, effective August 3, 2008.
b. In determining whether good cause has been established for not entering into or relocating an additional new motor vehicle dealer for the same line make, the Commissioner shall take into consideration the existing circumstances, including, but not limited to:
1. The permanency of the investment of both the existing and proposed additional new motor vehicle dealers;
2. Growth or decline in population, density of population, and new car registrations in the relevant market area;
3. Effect on the consuming public in the relevant market area;
4. Whether it is injurious or beneficial to the public welfare for an

additional new motor vehicle dealer to be established;
5. Whether the new motor vehicle dealers of the same line make in that relevant market area are providing adequate competition and convenient customer care for the motor vehicles of the same line make in the market area which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of motor vehicle parts, and qualified service personnel;
6. Whether the establishment of an additional new motor vehicle dealer or relocation of an existing new motor vehicle dealer in the relevant market area would increase competition in a manner such as to be in the long-term public interest; and
7. The effect on the relocating dealer of a denial of its relocation into the relevant market area.
c. The Commissioner shall try to conduct the hearing and render his final determination if possible, within 180 days after a protest is filed.
d. Any parties to a hearing by the Commissioner concerning the establishment or relocating of a new motor vehicle dealer shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.
NC General Statutes - Chapter 20 597e. In a hearing involving a proposed additional dealership, the manufacturer or distributor has the burden of proof under this section. In a proceeding involving the relocation of an existing dealership, the dealer seeking to relocate has the burden of proof under this section.
f. If the Commissioner determines, following a hearing, that good cause exists for permitting the proposed additional or relocated motor vehicle dealership, the dealer seeking the proposed additional or relocated motor vehicle dealership must, within two years, obtain a license from the Commissioner for the sale of vehicles at the relevant site, and actually commence operations at the site selling new motor vehicles of all line makes, as permitted by the Commissioner. Failure to obtain a permit and commence sales within two years shall constitute waiver by the dealer of the dealer's right to the additional or relocated dealership, requiring renotification, a new hearing, and a new determination as provided in this section. If the Commissioner fails to determine that good cause exists for permitting the proposed additional or relocated motor vehicle dealership, the manufacturer seeking the proposed additional dealership or dealer seeking to relocate may not again provide notice of its intention or otherwise attempt to establish an additional dealership or relocate to any location within 10 miles of the site of the original proposed additional dealership or relocation site for a minimum of three years from the date of the Commissioner's determination.
g. (See Editor's note for applicability) For purposes of this subdivision, the addition, creation, or operation of a "satellite" or other facility, not physically part of or contiguous to an existing licensed new motor vehicle dealer, whether or not owned or operated by a person or other entity holding a franchise as defined by G.S. 20 -286(8a), at which warranty service work authorized or reimbursed by a manufacturer is performed or at which new motor vehicles are offered for sale to the public, shall be considered an additional new motor vehicle dealer requiring a showing of good cause, prior notification to existing new motor vehicle dealers of the same line make of vehicle within the relevant market area by the manufacturer and the opportunity for a hearing before the Commissioner as provided in this subdivision.
(6) Notwithstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, to terminate, cancel or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has satisfied the notice requirements of sub-subdivision c. of this subdivision and the Commissioner has determined, if requested in writing by the dealer within (i) the time period specified in G.S. 20 -305(6)c.1.II., III., or

IV ., as applicable, or (ii) the effective date of the franchise termination specified or proposed by the manufacturer in the notice of termination, whichever period of time is longer, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith as defined in this act regarding the
NC General Statutes - Chapter 20 598termination, cancellation or nonrenewal. When such a petition is made to the Commissioner by a dealer for determination as to the existence of good cause and good faith for the termination, cancellation or nonrenewal of a franchise, the Commissioner shall promptly inform the manufacturer that a timely petition has been filed, and the franchise in question shall continue in effect pending the Commissioner's decision. The Commissioner shall try to conduct the hearing and render a final determination within 180 days after a petition has been filed. If the termination, cancellation or nonrenewal is pursuant to G.S. 20 -305(6)c.1.III. then the Commissioner shall give the proceeding priority consideration and shall try to render his final determination no later than 90 days after the petition has been filed. Any parties to a hearing by the Commissioner under this section shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes. Any determination of the Commissioner under this section finding that good cause exists for the nonrenewal, cancellation, or termination of any franchise shall automatically be stayed during any period that the affected dealer shall have the right to judicial review or appeal of the determination before the superior court or any other appellate court and during the pendency of any appeal; provided, however, that within 30 days of entry of the Commissioner's order, the affected dealer provide such security as the reviewing court, in its discretion, may deem appropriate for payment of such costs and damages as may be incurred or sustained by the manufacturer by reason of and during the pendency of the stay. Although the right of the affected dealer to such stay is automatic, the procedure for providing such security and for the award of damages, if any, to the manufacturer upon dissolution of the stay shall be in accordance with G.S. 1A -1, Rule 65(d) and (e). No such security provided by or on behalf of any affected dealer shall be forfeited or damages awarded against a dealer who obtains a stay under this subdivision in the event the ownership of the affected dealership is subsequently transferred, sold, or assigned to a third party in accordance with this subdivision or subdivision (4) of this section and the closing on such transfer, sale, or assignment occurs no later than 180 days after the date of entry of the Commissioner's order. Furthermore, unless and until the termination, cancellation, or nonrenewal of a dealer's franchise shall finally become effective, in light of any stay or any order of the Commissioner determining that good cause exists for the termination, cancellation, or nonrenewal of a dealer's franchise as provided in this subdivision, a dealer who receives a notice of termination, cancellation, or nonrenewal from a manufacturer as provided in this subdivision shall continue to have the same rights to assign, sell, or transfer the franchise to a third party under the franchise and as permitted under G.S. 20 -305(4) as if notice of the termination had not been given by the manufacturer. Any franchise under notice or threat of termination, cancellation, or nonrenewal by the manufacturer which is duly transferred in accordance with G.S. 20 -305(4) shall not be subject to termination by reason of failure of performance or breaches of the franchise on the part of the transferor.
NC General Statutes - Chapter 20 599a. Notwithstanding the terms, provisions or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:
1. There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship provided that the dealer has been notified in writing of the failure within 180 days after the manufacturer first acquired knowledge of such failure;
2. If the failure by the new motor vehicle dealer relates to the

performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer if the new motor vehicle dealer was apprised by the manufacturer in writing of the failure; and
I. The notification stated that notice was provided of failure of performance pursuant to this section;
II. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than 180 days, to comply with the criteria; and
III. The new motor vehicle dealer failed to demonstrate substantial progress towards compliance with the manufacturer's performance criteria during such period and the new motor vehicle dealer's failure was not primarily due to economic or market factors within the dealer's relevant market area which were beyond the dealer's control.
b. The manufacturer shall have the burden of proof under this section.
c. Notification of Termination, Cancellation and Nonrenewal. –
1. Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation or nonrenewal of any franchise, the manufacturer shall furnish notification of termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:
I. In the manner described in G.S. 20 -305(6)c2 below; and
II. Not less than 90 days prior to the effective date of such termination, cancellation or nonrenewal; or
III. Not less than 15 days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:
A. Insolvency of the new motor vehicle dealer, or filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;
B. Failure of the new motor vehicle dealer to conduct its customary sales and service
operations during its customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;
C. Revocation of any license which the new motor vehicle dealer is required to have to operate a dealership;
D. Conviction of a felony involving moral turpitude, under the laws of this State or any other state, or territory, or the District of Columbia.
IV . Not less than 180 days prior to the effective date of such termination, cancellation, or nonrenewal which occurs as a result of any change in ownership, operation, or control of all or any part of the business of the manufacturer, factory branch, distributor, or distributor branch whether by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, operation of law or otherwise; or the termination, suspension, or cessation of a part or all of the business operations of the manufacturers, factory branch, distributor, or distributor branch; or discontinuance of the sale of the line-make or brand, or a change in distribution system by the manufacturer whether through a change in distributors or

the manufacturer's decision to cease conducting business through a distributor altogether.
V . Unless the failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or service, not more than one year after the manufacturer first acquired knowledge of the basic facts comprising the failure.
2. Notification under this section shall be in writing; shall be by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:
I. A statement of intention to terminate, cancel or not to renew the franchise;
II. A detailed statement of all of the material reasons for the termination, cancellation or nonrenewal; and
III. The date on which the termination, cancellation or nonrenewal takes effect.
3. Notification provided in G.S. 20 -305(6)c1II of 90 days prior to the effective date of such termination, cancellation or renewal may run concurrent with the 180 days designated in G.S. 20 -305(6)a2II provided the notification is clearly designated by a separate written document mailed by certified mail or personally delivered to the new motor vehicle dealer.
NC General Statutes - Chapter 20 601d. Payments.
1. Notwithstanding the terms of any franchise, agreement, or waiver, upon the termination, nonrenewal or cancellation of any franchise by the manufacturer or distributor, the cessation of business or the termination, nonrenewal, or cancellation of any franchise by any new motor vehicle dealer located in this State, or upon any of the occurrences set forth in G.S. 20 -305(6)c.1.IV ., the manufacturer or distributor shall purchase from and compensate the new motor vehicle dealer for all of the following:
I. Each new and unsold motor vehicle within the new motor vehicle dealer's inventory that has been acquired within 24 months of the effective date of the termination from the manufacturer or distributor or another same line-make dealer in the ordinary course of business, and which has not been substantially altered or damaged to the prejudice of the manufacturer or distributor while in the new motor vehicle dealer's possession, and which has been driven less than 1,000 miles or, for purposes of a recreational vehicle motor home as defined in G.S. 20 -4.01(32b)c., less than 1,500 miles following the original date of delivery to the dealer, and for which no certificate of title has been issued. For purposes of this sub-subdivision, the term "ordinary course of business" shall include inventory transfers of all new, same line-make vehicles between affiliated dealerships, or otherwise between dealerships having common or interrelated ownership, provided that the transfer is not intended solely for the purpose of benefiting from the termination assistance described in this sub-subdivision.
II. Unused, undamaged and unsold supplies and parts purchased from the manufacturer or distributor or sources approved by the manufacturer or distributor, at a price not to exceed the original manufacturer's price to the dealer, provided such supplies and parts are currently offered for sale by the manufacturer or distributor in its current parts catalogs and are in salable condition.
III. Equipment, signs, and furnishings that have not been

substantially altered or damaged and that have been required by the manufacturer or distributor to be purchased by the new motor vehicle dealer from the manufacturer or distributor, or their approved sources.
IV . Special tools that have not been altered or damaged, normal wear and tear excepted, and that have been required by the manufacturer or distributor to be purchased by the new motor vehicle dealer from the
manufacturer or distributor, or their approved sources within five years immediately preceding the termination, nonrenewal or cancellation of the franchise. The amount of compensation which shall be paid to the new motor vehicle dealer by the manufacturer or distributor shall be the net acquisition price if the item was acquired in the 12 months preceding the date of receipt of the dealer's request for compensation; seventy -five percent (75%) of the net acquisition price if the item was acquired between 13 and 24 months preceding the dealer's request for compensation; fifty percent (50%) of the net acquisition price if the item was acquired between 25 and 36 months preceding the dealer's request for compensation; twenty -five percent (25%) of the net acquisition price if the item was acquired between 37 and 60 months preceding the dealer's request for compensation.
2. The compensation provided above shall be paid by the manufacturer or distributor not later than 90 days after the manufacturer or distributor has received notice in writing from or on behalf of the new motor vehicle dealer specifying the elements of compensation requested by the dealer; provided the new motor vehicle dealer has, or can obtain, clear title to the inventory and has conveyed, or can convey, title and possession of the same to the manufacturer or distributor. Within 15 days after receipt of the dealer's written request for compensation, the manufacturer or distributor shall send the dealer detailed written instructions and forms required by the manufacturer or distributor to effectuate the receipt of the compensation requested by the dealer. The manufacturer or distributor shall be obligated to pay or reimburse the dealer for any transportation charges associated with the repurchase obligations of the manufacturer or distributor under this sub-subdivision. The manufacturer or distributor shall also compensate the dealer for any handling, packing, or similar payments contemplated in the franchise. In no event may the manufacturer or distributor charge the dealer any handling, restocking, or other similar costs or fees associated with items repurchased by the manufacturer under this sub-subdivision.
3. In addition to the other payments set forth in this section, if a termination, cancellation, or nonrenewal is premised upon any of the occurrences set forth in G.S. 20 -305(6)c.1.IV ., then the manufacturer or distributor shall be liable to the dealer for an amount at least equivalent to the fair market value of the franchise on (i) the date the franchisor announces the action which results in termination, cancellation, or nonrenewal; or (ii) the date the action which results in termination, cancellation, or
nonrenewal first became general knowledge; or (iii) the day 18 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued, whichever amount is higher. Payment is due not later than 90 days after the manufacturer or distributor has received notice in writing from, or on behalf of, the new motor vehicle dealer specifying the

elements of compensation requested by the dealer. Any contract, agreement, or release entered into between any manufacturer and any dealer in which the dealer waives the dealer's right to receive monetary compensation in any sum or amount not less than the fair market value of the franchise as provided in this subdivision, including any contract, agreement, or release in which the dealer would accept the right to continue to offer and be compensated for service, parts, or both service and parts provided by the dealer in lieu of receiving all or a portion of the fair market value of the franchise, shall be voidable at the election of the dealer within 90 days of the effective date of the agreement. If the termination, cancellation, or nonrenewal is due to a manufacturer's change in distributors, but the line-make or brand in this State would continue to be sold through the new distributor, the manufacturer may avoid paying fair market value to the dealer if the new distributor or the manufacturer offers the dealer a franchise agreement with terms acceptable to the dealer.

e. Dealership Facilities Assistance upon Termination, Cancellation or Nonrenewal.

In the event of the occurrence of any of the events specified in G.S. 20 -305(6)d.1. above, except termination, cancellation or nonrenewal for license revocation, conviction of a crime involving moral turpitude, or fraud by a dealer -owner:

1. Subject to sub-sub-subdivision 3. of this sub-subdivision, if the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer or distributor, the manufacturer or distributor shall pay the new motor vehicle dealer a sum equivalent to the rent for the unexpired term of the lease or three year's rent, whichever is less, or such longer term as is provided in the franchise agreement between the dealer and manufacturer; except that, in the case of motorcycle dealerships, the manufacturer shall pay the new motor vehicle dealer the sum equivalent to the rent for the unexpired term of the lease or one year's rent, whichever is less, or such longer term as provided in the franchise agreement between the dealer and manufacturer; or

2. Subject to sub-sub-subdivision 3. of this sub-subdivision, if the new motor vehicle dealer owns the dealership facilities, the manufacturer or distributor shall pay the new motor vehicle dealer a sum equivalent to the reasonable rental value of the

dealership facilities for three years, or for one year in the case of motorcycle dealerships.

3. In order to be entitled to facilities assistance from the manufacturer or distributor, as provided in this sub-subdivision, the dealer, owner, or lessee, as the case may be, shall have the obligation to mitigate damages by listing the demised premises for lease or sublease with a licensed real estate agent within 30 days after the effective date of the termination of the franchise and thereafter by reasonably cooperating with said real estate agent in the performance of the agent's duties and responsibilities. In the event that the dealer, owner, or lessee is able to lease or sublease the demised premises, the dealer shall be obligated to pay the manufacturer the net revenue received from such mitigation up to the total amount of facilities assistance which the dealer has received from the manufacturer pursuant to sub-subdivisions 1. and 2. To the extent and for such uses and purposes as may be consistent with the terms of the lease, a manufacturer who pays facilities assistance to a dealer under this sub-subdivision shall be entitled to occupy and use the dealership facilities during the years for which the manufacturer shall have paid rent under sub-subdivisions 1. and 2.

4. In the event the termination relates to fewer than all of the franchises operated by the dealer at a single location, the amount of facilities assistance which the manufacturer or distributor is required to pay the dealer under this sub-subdivision shall be based on the proportion of gross revenue received from the sale and lease of new vehicles by the dealer and from the dealer's parts and service operations during the three years immediately preceding the effective date of the termination (or any shorter period that the dealer may have held these franchises) of the line-makes being terminated, in relation to the gross revenue received from the sale and lease of all line-makes of new vehicles by the dealer and from the total of the dealer's and parts and service operations from this location during the same three -year period.

5. The compensation required for facilities assistance under this sub-subdivision shall be paid by the manufacturer or distributor within 90 days after the manufacturer or distributor has received notice in writing from, or on behalf of, a new motor vehicle dealer specifying the elements of compensation requested by the dealer.

f. The provisions of sub-subdivision e. above shall not be applicable when the termination, nonrenewal, or cancellation of the franchise agreement by a new motor vehicle dealer is the result of the sale of assets or stock of the motor vehicle dealership. The provisions of sub-subdivisions d. and e. above shall not be applicable when the termination, nonrenewal,

or cancellation of the franchise agreement is at the initiation of a new motor vehicle dealer of recreational vehicle motor homes, as defined in G.S. 20 -4.01(32b)c., provided that at the time of the termination, nonrenewal, or cancellation, the recreational vehicle manufacturer or distributor has paid to the dealer all claims for warranty or recall work, including payments for labor, parts, and other expenses, which were submitted by the dealer 30 days or more prior to the date of termination, nonrenewal, or cancellation.

g. A franchise shall continue in full force and operation notwithstanding a change, in whole or in part, of an established plan or system of distribution of the motor vehicles offered for sale under the franchise. The appointment of a new manufacturer, factory branch, distributor, or distributor branch for motor vehicles offered for sale under the franchise agreement shall be deemed to be a change of an established plan or system of distribution.

Upon the occurrence of the change, the Division shall deny an application of a manufacturer, factory branch, distributor, or distributor branch for a license or license renewal unless the applicant for a license as a manufacturer, factory branch, distributor, or distributor branch offers to each motor vehicle dealer who is a party to a franchise for that line make, without any separate or additional fee or charge, a new franchise agreement containing substantially the same provisions which were contained in the previous franchise agreement or files an affidavit with the Division acknowledging its undertaking to assume and fulfill, without any separate or additional fee or charge to its dealers, the rights, duties, and obligations of its predecessor under the previous franchise agreement. Should the Division fail to deny an application following the change, as required by this subsection, the Division shall then deny any subsequent renewal of such license until such time as the manufacturer, factory branch, distributor, or distributor branch offers to each motor vehicle dealer who is a party to a franchise for that line make a new franchise agreement on substantially the same provisions which were contained in the previous franchise agreement.

(7) Notwithstanding the terms of any contract or agreement, to prevent or refuse to honor the succession to a dealership, including the franchise, by a motor vehicle

dealer's designated successor as provided for under this subsection. [The following applies:]
a. Any owner of a new motor vehicle dealership may appoint by will, or any other written instrument, a designated successor to succeed in the respective ownership interest or interest as principal operator of the owner in the new motor vehicle dealership, including the franchise, upon the death or incapacity of the owner or principal operator. In order for succession to the position of principal operator to occur by operation of law in accordance with sub-subdivision c. below, the owner's choice of a successor must be approved by the dealer, in accordance with the
NC General Statutes - Chapter 20 606dealer's bylaws, if applicable, either prior or subsequent to the death or incapacity of the existing principal operator.
b. Any objections by a manufacturer or distributor to an owner's appointment of a designated successor shall be asserted in accordance with the following procedure:
1. Within 30 days after receiving written notice of the identity of the owner's designated successor and general information as to the financial ability and qualifications of the designated successor, the franchisor shall send the owner and designated successor notice of objection, by registered or certified mail, return receipt requested, to the appointment of the designated successor. The notice of objection shall state in detail all facts which constitute the basis for the contention on the part of the manufacturer or distributor that good cause, as defined in this sub-subdivision below, exists for rejection of the designated successor. Failure by the franchisor to send notice of objection within 30 days and otherwise as provided in this sub-subdivision shall constitute waiver by the franchisor of any right to object to the appointment of the designated successor.
2. Any time within 30 days of receipt of the manufacturer's notice of objection the owner or the designated successor may file a request in writing with the Commissioner that the Commissioner hold an evidentiary hearing and determine whether good cause exists for rejection of the designated successor. When such a request is filed, the Commissioner shall promptly inform the affected manufacturer or distributor that a timely request has been filed.
3. The Commissioner shall endeavor to hold the evidentiary hearing required under this sub-subdivision and render a determination within 180 days after receipt of the written request from the owner or designated successor. In determining whether good cause exists for rejection of the owner's appointed designated successor, the manufacturer or distributor has the burden of proving that the designated successor is a person who is not of good moral character or does not meet the franchisor's existing written and reasonable standards and, considering the volume of sales and service of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area for the proposed principal operator of the dealership.
4. Any parties to a hearing by the Commissioner concerning whether good cause exists for the rejection of the dealer's designated successor shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.
NC General Statutes - Chapter 20 6075. Nothing in this sub-subdivision shall preclude a manufacturer or distributor from, upon its receipt of written notice from an owner of the identity of the owner's designated successor, requiring that the designated successor promptly provide personal and financial data that is reasonably necessary to determine the

financial ability and qualifications of the designated successor; provided, however, that such a request for additional information shall not delay any of the time periods or constraints contained herein.

6. In the event death or incapacity of the owner or principal operator occurs prior to the time a manufacturer or distributor receives notice of the owner's appointment of a designated successor or before the Commissioner has rendered a determination as provided above, the existing franchise shall remain in effect and the designated successor shall be deemed to have succeeded to all of the owner's or principal operator's rights and obligations in the dealership and under the franchise until a determination is made by the Commissioner or the rights of the parties have otherwise become fixed in accordance with this sub-subdivision.

c. Except as otherwise provided in sub-subdivision d. of this subdivision, any designated successor of a deceased or incapacitated owner or principal operator of a new motor vehicle dealership appointed by such owner in substantial compliance with this section shall, by operation of law, succeed at the time of such death or incapacity to all of the rights and obligations of the owner or principal operator in the new motor vehicle dealership and under either the existing franchise or any other successor, renewal, or replacement franchise.

d. Within 60 days after the death or incapacity of the owner or principal operator, a designated successor appointed in substantial compliance with this section shall give the affected manufacturer or distributor written notice of his or her succession to the position of owner or principal operator of the new motor vehicle dealership; provided, however, that the failure of the designated successor to give the manufacturer or distributor written notice as provided above within 60 days of the death or incapacity of the owner or principal operator shall not result in the waiver or termination of the designated successor's right to succeed to the ownership of the new motor vehicle dealership unless the manufacturer or distributor gives written notice of this provision to either the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary by certified or registered mail, return receipt requested, and said written notice grants not less than 30 days within which the designated successor may give the notice required hereunder, provided the designated successor or the deceased or incapacitated owner's executor, administrator, guardian or other fiduciary has given the manufacturer reasonable notice of death or

incapacity. Within 30 days of receipt of the notice by the manufacturer or distributor from the designated successor provided in this sub-subdivision, the manufacturer or distributor may request that the designated successor complete the application forms generally utilized by the manufacturer or distributor to review the designated successor's qualifications to establish a successor dealership. Within 30 days of receipt of the completed forms, the manufacturer or distributor shall send a letter by certified or registered mail, return receipt requested, advising the designated successor of facts and circumstances which have changed since the manufacturer's or distributor's original approval of the designated successor, and which have caused the manufacturer or distributor to object to the designated successor. Upon receipt of such notice, the designated successor may either designate an alternative successor or may file a request for evidentiary hearing in accordance with the procedures provided in sub-subdivisions b.2.-5. of this subdivision. In any such hearing, the manufacturer or distributor shall be limited to facts and circumstances which did not exist at the time the designated successor was originally approved or evidence which was originally requested to be produced by the designated successor at the

time of the original request and was fraudulent.
e. The designated successor shall agree to be bound by all terms and conditions of the franchise in effect between the manufacturer or distributor and the owner at the time of the owner's or principal operator's death or incapacity, if so requested in writing by the manufacturer or distributor subsequent to the owner's or principal operator's death or incapacity.
f. This section does not preclude an owner of a new motor vehicle dealership from designating any person as his or her successor by written instrument filed with the manufacturer or distributor, and, in the event there is an inconsistency between the successor named in such written instrument and the designated successor otherwise appointed by the owner consistent with the provisions of this section, and that written instrument has not been revoked by the owner of the new motor vehicle dealership in writing to the manufacturer or distributor, then the written instrument filed with the manufacturer or distributor shall govern as to the appointment of the successor.
(8) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to order or accept delivery of any new motor vehicle with special features, accessories or equipment not included in the list price of those motor vehicles as publicly advertised by the manufacturer or distributor.
(9) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to purchase or lease a specific dealer management computer system for communication with the manufacturer, factory branch, distributor, or distributor branch or any computer hardware or software used for any purpose other than the maintenance or repair of motor vehicles, to participate monetarily in an advertising campaign or contest, to purchase off-lease or other pre-owned
vehicles, or to purchase unnecessary or unreasonable quantities of any promotional materials, training materials, training programs, showroom or other display decorations, materials, computer equipment or programs, charging stations, or special tools at the expense of the new motor vehicle dealer, provided that nothing in this subsection shall preclude a manufacturer or distributor from including an unitemized uniform charge in the base price of the new motor vehicle charged to the dealer where such charge is attributable to advertising costs incurred or to be incurred by the manufacturer or distributor in the ordinary courses of its business.
Notwithstanding the terms or conditions of any franchise or other agreement, policy, or incentive program, it is unlawful for any manufacturer or distributor to require, coerce, or attempt to coerce any of its franchised dealers in this State to purchase or lease any electric vehicle charging stations at the dealer's expense unless the dealer has notified the manufacturer or distributor of the dealer's intention to begin selling and servicing electric vehicles manufactured or distributed by that manufacturer or distributor. If the dealer is actually offering for sale to the public or providing warranty service on electric vehicles manufactured or distributed by that manufacturer or distributor, the dealer may not be required to purchase or lease, at the dealer's expense, (a) more than the number of electric vehicle charging stations for use by service technicians and customer education than would reasonably be necessary for the dealer to perform these functions based on the dealer's estimated sales and service volume during the following three -year period or (b) to make electric vehicle charging stations located at the dealership available for use by the general public. Nothing in this subdivision shall prohibit a manufacturer or distributor from establishing an incentive program for its dealers within this State that provides financial assistance to dealers that purchase or install electric charging stations; provided, however, that the incentive compensation paid to the dealer for the dealer's purchase or lease and installation of all charging stations is reasonable and the amount paid separately reflects incentive compensation related to the charging stations.
Notwithstanding the terms or conditions of any franchise or other agreement, policy, or incentive program, it is unlawful for any manufacturer or

distributor to require that any of its franchised dealers in this State purchase or lease any diagnostic equipment or tool for the maintenance, servicing, or repair of electric vehicles if the dealer has other diagnostic equipment or tools available for servicing another brand or line make of vehicle manufactured or distributed by that manufacturer or distributor that can perform the work to the standards required by and which have been approved by the applicable manufacturer or distributor; provided that approval by the manufacturer or distributor shall not be unreasonably withheld.

Notwithstanding the terms or conditions of any franchise or other agreement, a franchised dealer that sells fewer than 250 new motor vehicles per year may request approval from the manufacturer to enter into a tool loaner agreement with another dealer, in lieu of purchasing or leasing any special tools

required by any manufacturer, factory branch, distributor, or distributor branch, provided, however, that all of the following conditions are satisfied:

a. The manufacturer does not offer its dealers a special tool loaner/sharing program in which the dealer would be eligible to participate.

b. Eligible special tools exceed a cost of two thousand dollars ($2,000) per special tool, are easily and readily transportable, and would be utilized for service on less than 10 vehicles per month at the requesting dealer's dealership.

c. The dealers participating in a special tools loaner agreement do so pursuant to a written agreement, including designation of the dealer responsible for purchasing the specified tools.

d. All participating dealers are of the same line-make franchise with the manufacturer.

e. All participating dealers are located within a 40-mile radius of the dealer responsible for purchasing the specified special tools.

f. No more than five dealers participate in a special tool loaner agreement.

g. The manufacturer has approved the special tool loaner agreement, including the list of participating dealers and the list of eligible special tools to be included, which approval shall not be unreasonably withheld, conditioned, or delayed.

h. The manufacturer, factory branch, distributor, or distributor branch shall have the right to disapprove or terminate, upon 30 days written notice to all of the affected dealers, any special tool loaner agreement, if it determines that the agreement has resulted or is likely to result in a warranty repair delay of more than 48 hours, excessive warranty expense, or significant customer dissatisfaction.

(10) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to change the capital structure of the new motor vehicle dealer or the means by or through which the new motor vehicle dealer finances the operation of the dealership provided that the new motor vehicle dealer at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria; and also provided that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor, provided that said consent shall not be unreasonably withheld.

(11) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to refrain from participation in the management of, investment in, or the acquisition of any other line of new motor vehicle or related products; Provided, however, that this subsection does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and the new motor vehicle dealer remains in compliance with any reasonable capital standards and facilities requirements of the manufacturer. The reasonable facilities requirements shall not include any requirement that a new motor vehicle dealer establish or maintain exclusive facilities, personnel, or display space.

(12) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to change location of the dealership, or to make any substantial alterations to the dealership premises or facilities, when to do so would be unreasonable, or

without written assurance of a sufficient supply of new motor vehicles so as to justify such expense, in light of the current market and economic conditions. If a dealer is required by the manufacturer or distributor to change the location of the dealership and has not sold its existing dealership facility and real estate within the later of 180 days of listing the property for sale or 90 days after the facility relocation, then, upon the written request of the dealer, the manufacturer or distributor shall purchase the dealer's existing dealership facility and real estate at its fair market value as determined by an independent appraiser agreed upon by the dealer and the manufacturer or distributor. If a manufacturer or distributor purchases a dealership facility and real estate, then it shall be entitled to sole ownership, possession, use, and control of any items, buildings, or property that were included in the contract to purchase.

(13) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to prospectively assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability to be imposed by this law or to require any controversy between a new motor vehicle dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the State or the United States of America, or to the Commissioner, if such referral would be binding upon the new motor vehicle dealer.

(14) To delay, refuse, or fail to deliver motor vehicles or motor vehicle parts or accessories in reasonable quantities relative to the new motor vehicle dealer's facilities and sales potential in the new motor vehicle dealer's market area as determined in accordance with reasonably applied economic principles, or within a reasonable time, after receipt of an order from a dealer having a franchise for the retail sale of any new motor vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts or accessories to new vehicles as are covered by such franchise, and such vehicles, parts or accessories as are publicly advertised as being available or actually being delivered in this State. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who has placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be prima facie evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within a reasonable time, without cause. Additionally, except as may be required by any consent decree of the Commissioner or other order of the Commissioner or court of competent jurisdiction, any sales objectives which a manufacturer, factory branch, distributor, or distributor branch establishes for any of its franchised dealers in this State must be reasonable, and every manufacturer, factory branch, distributor, or distributor branch must allocate its products within this State in a manner that does all of the following:

 Provides each of its franchised dealers in this State an adequate supply of vehicles by series, product line, and model in a fair, reasonable, and equitable manner based on each dealer's historical selling pattern and reasonable sales standards as compared to other same line-make dealers in the State.

b. Allocates an adequate supply of vehicles to each of its dealers by series, product line, and model so as to allow the dealer to achieve any performance standards established by the manufacturer and distributor.

b1. Allocates available vehicle features and options to each of its authorized same line-make dealers in a fair, reasonable, and equitable manner that takes into consideration the dealer's historical experience and success in selling vehicles similarly configured and that contain similar options.

c. Is fair and equitable to all of its franchised dealers in this State.

d. Makes available to each of its franchised dealers in this State a minimum of one of each vehicle series, model, or product line that the manufacturer makes available to any dealer in this State and advertises in the State as being available for purchase.

e. Does not unfairly discriminate among its franchised dealers in its

allocation process.
e1. Discloses to each of its franchised dealers handling the same line-make both its system of allocation and the dealer's actual new vehicle allocation that occurred during the previous calendar month and during the previous six calendar months, including, but not limited to, a complete breakdown by model, color, equipment, and, to the extent tracked by the manufacturer or distributor, other available features and an explanation of the derivation of the allocation system, including its mathematical formula or formulae, in a clear and comprehensible form. The data provided by the manufacturer or distributor pursuant to this sub-subdivision is required to reflect the dealer's total vehicle availability by model, along with the dealer's measurement of available days supply for each model in comparison to the threshold available days supply by model in the dealer's peer group of all new vehicles allocated to its franchised dealers in this State broken down by tiers or other groups of dealers created by the manufacturer or distributor and those allocated to dealers in this State, if available, or another geographical area utilized by the manufacturer or distributor pursuant to a mathematical formula or on a discretionary basis. All of the allocation data that a manufacturer or distributor is required to disclose to its same line-make dealers in this State pursuant to this sub-subdivision may be made available for its dealers to review online at the dealer's discretion, if the data and the ability to display the data online are reasonably available to the manufacturer or distributor, or be provided within 30 days of receipt of the written request of a dealer or in the event a manufacturer or distributor has changed its allocation formula, process, or policies. This sub-subdivision shall not apply to manufacturers or distributors of Class 4 vehicles or above (Gross Vehicle Weight Rating
exceeding 14,000 lbs.) as classified by the Federal Highway Administration.
f. Provides each of its franchised dealers in this State a process for a dealer to appeal the dealer's vehicle allocation should the dealer believe it was not allocated or did not receive vehicle inventory in a manner that complies with both this subdivision and the manufacturer's or distributor's uniformly applied allocation formula. Participation in the appeal process does not waive or impair any rights, claims, or defenses available to the dealer, manufacturer, or distributor under applicable law. All in-person meetings, mediations, or other proceedings related to the appeal process shall be conducted in this State unless otherwise agreed to by the parties.
This subdivision is not violated, however, if such failure is caused solely by the occurrence of temporary international, national, or regional product shortages resulting from natural disasters, unavailability of parts, labor strikes, product recalls, and other factors and events beyond the control of the manufacturer that temporarily reduce a manufacturer's product supply. In the event of any such shortages in vehicle availability, each manufacturer or distributor shall be required to allocate and distribute all available new motor vehicles to its franchised dealers in this State in accordance with the allocation priorities established in this subdivision and in a fair, equitable, and nondiscriminatory manner. The willful or malicious maintenance, creation, or alteration of a vehicle allocation process or formula by a manufacturer, factory branch, distributor, or distributor branch that is in any part designed or intended to force or coerce a dealer in this State to close or sell the dealer's franchise, cause the dealer financial distress, or to relocate, update, or renovate the dealer's existing dealership facility shall constitute an unfair and deceptive trade practice under G.S. 75 -1.1.
(15) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the State.
(16) To award money, goods, services, or any other benefit to any new motor vehicle dealership employee, either directly or indirectly, unless such benefit is

promptly accounted for, and transmitted to, or approved by, the new motor vehicle dealer.
(17) To increase prices of new motor vehicles which the new motor vehicle dealer had ordered and which the manufacturer or distributor has accepted for immediate delivery for private retail consumers prior to the new motor vehicle dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each such order provided that the vehicle is in fact delivered to that customer. Price differences applicable to new model or series shall not be considered a price increase or price decrease. Price changes caused by either: (i) the addition to a new motor vehicle of required or optional equipment; or (ii) revaluation of the United States dollar, in the case of foreign -make vehicles or components; or (iii) an increase in transportation charges due to increased rates imposed by carriers; or (iv) new tariffs or duties imposed by the United States of America or any
other governmental authority, shall not be subject to the provisions of this subsection.
(18) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business transferred in accordance with G.S. 20 -305(4) above, or to prevent or attempt to prevent, through the exercise of any contractual right of first refusal, option to purchase, or otherwise, a dealer located in this State from transferring the franchised business to such persons or other entities as the dealer shall designate in accordance with G.S. 20 -305(4). The opinion or determination of a manufacturer that the existence or location of one of its franchised dealers situated in this State is not viable or is not consistent with the manufacturer's distribution or marketing forecast or plans shall not constitute a lawful basis for the manufacturer to fail or refuse to approve a dealer's proposed transfer of ownership submitted in accordance with G.S. 20 -305(4), or "good cause" for the termination, cancellation, or nonrenewal of the franchise under G.S. 20 -305(6) or grounds for the objection to an owner's designated successor appointed pursuant to G.S. 20 -305(7).
(19) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line make to be sold to the State or any political subdivision thereof without making the same offer available upon request to all other new motor vehicle dealers in the same line make within the State.
(20) To release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial or arbitration proceeding involving the manufacturer or new motor vehicle dealer, any confidential business, financial, or personal information which may be from time to time provided by the new motor vehicle dealer to the manufacturer, without the express written consent of the new motor vehicle dealer. A manufacturer shall not require, or include in any incentive program, a requirement that any of its motor vehicle dealers in this State provide an exclusive financial statement for a franchise or line make when the dealer company operates more than one franchise or sells more than one line make.
(21) To deny any new motor vehicle dealer the right of free association with any other new motor vehicle dealer for any lawful purpose.
(22) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursements or authority granted its new motor vehicle dealers to make warranty adjustments with retail customers.
(23) To engage in any predatory practice against or unfairly compete with a new motor vehicle dealer located in this State.
(24) To terminate any franchise solely because of the death or incapacity of an owner who is not listed in the franchise as one on whose expertise and abilities the manufacturer relied in the granting of the franchise.
(25) To require, coerce, or attempt to coerce a new motor vehicle dealer in this State to either establish or maintain exclusive facilities, personnel, or display space.
(26) To resort to or to use any false or misleading advertisement in the conducting of its business as a manufacturer or distributor in this State.

NC General Statutes - Chapter 20 615(27) To knowingly make, either directly or through any agent or employee, any material statement which is false or misleading or conceal any material facts which induce any new motor vehicle dealer to enter into any agreement or franchise or to take any action which is materially prejudicial to that new motor vehicle dealer or his business.
(28) To require, coerce, or attempt to coerce any new motor vehicle dealer to purchase, order, or accept any pre-owned or new motor vehicle as a precondition to purchasing, ordering, or receiving any other new motor vehicle or vehicles. Nothing herein shall prevent a manufacturer from requiring that a new motor vehicle dealer fairly represent and inventory the full line of current model year new motor vehicles which are covered by the franchise agreement, provided that such inventory representation requirements are not unreasonable under the circumstances.
(29) To require, coerce, or attempt to coerce any new motor vehicle dealer to sell, transfer, or otherwise issue stock or other ownership interest in the dealership corporation to a general manager or any other person involved in the management of the dealership other than the dealer principal or dealer operator named in the franchise, unless the dealer principal or dealer operator is an absentee owner who is not involved in the operation of the dealership on a regular basis.
(30) To vary the price charged to any of its franchised new motor vehicle dealers located in this State for new motor vehicles based on the dealer's purchase of new facilities, supplies, tools, equipment, or other merchandise from the manufacturer, the dealer's relocation, remodeling, repair, or renovation of existing dealerships or construction of a new facility, the dealer's participation in training programs sponsored, endorsed, or recommended by the manufacturer, whether or not the dealer is dualed with one or more other line makes of new motor vehicles, or the dealer's sales penetration. Except as provided in this subdivision, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them to vary the price charged to any of its franchised new motor vehicle dealers located in this State for new motor vehicles based on the dealer's sales volume, the dealer's level of sales or customer service satisfaction, the dealer's purchase of advertising materials, signage, nondiagnostic computer hardware or software, communications devices, or furnishings, or the dealer's participation in used motor vehicle inspection or certification programs sponsored or endorsed by the manufacturer.
The price of the vehicle, for purposes of this subdivision shall include the manufacturer's use of rebates, credits, or other consideration that has the effect of causing a variance in the price of new motor vehicles offered to its franchised dealers located in the State.
Notwithstanding the foregoing, nothing in this subdivision shall be deemed to preclude a manufacturer from establishing sales contests or promotions that provide or award dealers or consumers rebates or incentives; provided, however, that the manufacturer complies with all of the following conditions:
NC General Statutes - Chapter 20 616a. With respect to manufacturer to consumer rebates and incentives, the manufacturer's criteria for determining eligibility shall:
1. Permit all of the manufacturer's franchised new motor vehicle dealers in this State to offer the rebate or incentive; and
2. Be uniformly applied and administered to all eligible consumers.
b. With respect to manufacturer to dealer rebates and incentives, the rebate or incentive program shall:
1. Be based solely on the dealer's actual or reasonably anticipated sales volume or on a uniform per vehicle sold or leased basis;
2. Be uniformly available, applied, and administered to all of the manufacturer's franchised new motor vehicle dealers in this State; and
3. Provide that any of the manufacturer's franchised new motor

vehicle dealers in this State may, upon written request, obtain the method or formula used by the manufacturer in establishing the sales volumes for receiving the rebates or incentives and the specific calculations for determining the required sales volumes of the inquiring dealer and any of the manufacturer's other franchised new motor vehicle dealers located within 75 miles of the inquiring dealer.

Nothing contained in this subdivision shall prohibit a manufacturer from providing assistance or encouragement to a franchised dealer to remodel, renovate, recondition, or relocate the dealer's existing facilities, provided that this assistance, encouragement, or rewards are not determined on a per vehicle basis.

It is unlawful for any manufacturer to charge or include the cost of any program or policy prohibited under this subdivision in the price of new motor vehicles that the manufacturer sells to its franchised dealers or purchasers located in this State.

In the event that as of October 1, 1999, a manufacturer was operating a program that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, or had in effect a documented policy that had been conveyed to its franchised dealers in this State and that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, it shall be lawful for that program or policy, including amendments to that program or policy that are consistent with the purpose and provisions of the existing program or policy, or a program or policy similar thereto implemented after October 1, 1999, to continue in effect as to the manufacturer's franchised dealers located in this State until June 30, 2028.

In the event that as of June 30, 2001, a manufacturer was operating a program that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, or had in effect a documented policy that had been conveyed to its franchised dealers in

this State and that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, and the program or policy was implemented in this State subsequent to October 1, 1999, and prior to June 30, 2001, and provided that the program or policy is in compliance with this subdivision as it existed as of June 30, 2001, it shall be lawful for that program or policy, including amendments to that program or policy that comply with this subdivision as it existed as of June 30, 2001, to continue in effect as to the manufacturer's franchised dealers located in this State until June 30, 2028.

Any manufacturer shall be required to pay or otherwise compensate any franchise dealer who has earned the right to receive payment or other compensation under a program in accordance with the manufacturer's program or policy.

The provisions of this subdivision shall not be applicable to multiple or repeated sales of new motor vehicles made by a new motor vehicle dealer to a single purchaser under a bona fide fleet sales policy of a manufacturer, factory branch, distributor, or distributor branch.

(31) Notwithstanding the terms of any contract, franchise, agreement, release, or waiver, to require that in any civil or administrative proceeding in which a new motor vehicle dealer asserts any claims, rights, or defenses arising under this Article or under the franchise, that the dealer or any nonprevailing party compensate the manufacturer or prevailing party for any court costs, attorneys' fees, or other expenses incurred in the litigation.

(32) To require that any of its franchised new motor vehicle dealers located in this State pay any extra fee, purchase unreasonable or unnecessary quantities of advertising displays or other materials, or remodel, renovate, or recondition the dealers' existing facilities in order to receive any particular model or series of

vehicles manufactured or distributed by the manufacturer for which the dealers have a valid franchise. Notwithstanding the foregoing, nothing contained in this subdivision shall be deemed to prohibit or prevent a manufacturer from requiring that its franchised dealers located in this State purchase special tools or equipment, stock reasonable quantities of certain parts, or participate in training programs which are reasonably necessary for those dealers to sell or service any model or series of vehicles.

(33) To fail to reimburse a dealer located in this State in full for the actual cost, including applicable taxes and third -party fees, of providing a loaner or rental vehicle to any customer who is having a vehicle serviced at the dealership if the provision of such a loaner or rental vehicle is required by the manufacturer. It is unlawful for a manufacturer to fail to reimburse the dealer in full as provided above (i) whether or not the dealer provides the customer with a model vehicle similar to the vehicle the customer brought in for service, in the event the dealer does not have a similar model loaner or rental vehicle available, or (ii) if the provision of a rental or loaner vehicle to a customer is required or approved by the manufacturer or distributor and further provided that all or any portion of the time the dealer has provided the customer with a loaner or rental vehicle is due

to the unavailability of one or more parts sold or distributed by the manufacturer or through a supplier designated or approved by the manufacturer.

(34) To require, coerce, or attempt to coerce any new motor vehicle dealer in this State to participate monetarily in any training program whose subject matter is not expressly limited to specific information necessary to sell or service the models of vehicles the dealer is authorized to sell or service under the dealer's franchise with that manufacturer. Examples of training programs with respect to which a manufacturer is prohibited from requiring the dealer's monetary participation include, but are not limited to, those which purport to teach morale -boosting employee motivation, teamwork, or general principles of customer relations. A manufacturer is further prohibited from requiring the personal attendance of an owner or dealer principal of any dealership located in this State at any meeting or training program at which it is reasonably possible for another member of the dealer's management to attend and later relate the subject matter of the meeting or training program to the dealership's owners or principal operator.

(35) Notwithstanding the terms of any franchise, agreement, waiver or novation, to limit the number of franchises of the same line make of vehicle that any franchised motor vehicle dealer, including its parent(s), subsidiaries, and affiliates, if any, may own or operate or attach any restrictions or conditions on the ownership or operation of multiple franchises of the same line make of motor vehicle without making the same limitations, conditions, and restrictions applicable to all of its other franchisees.

(36) With regard to any manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof that owns and operates a new motor vehicle dealership, directly or indirectly through any subsidiary or affiliated entity as provided in G.S. 20 -305.2, to unreasonably discriminate against any other new motor vehicle dealer in the same line make in any matter governed by the motor vehicle franchise, including the sale or allocation of vehicles or other manufacturer or distributor products, or the execution of dealer programs for benefits.

(37) Subdivisions (11) and (25) of this section shall not apply to any manufacturer, manufacturer branch, distributor, distributor branch, or any affiliate or subsidiary thereof of new motor vehicles which manufactures or distributes exclusively new motor vehicles with a gross weight rating of 8,500 pounds or more, provided that the following conditions are met: (i) the manufacturer has, as of November 1, 1996, an agreement in effect with at least three of its franchised dealers within the State, and which agreement was, in fact, being enforced by the manufacturer, requiring the dealers to maintain separate and exclusive facilities for the vehicles it manufactures or distributes; and (ii) there existed at least seven dealerships (locations) of that manufacturer within the State as of January 1, 1999.

(38) Notwithstanding the terms, provisions, or conditions of any agreement, franchise, novation, waiver, or other written instrument, to assign or change a franchised new motor vehicle dealer's area of responsibility under the franchise arbitrarily or without due regard to the present or projected future pattern of
motor vehicle sales and registrations within the dealer's market and without having provided the affected dealer with written notice of the change in the dealer's area of responsibility and a detailed description of the change in writing by registered or certified mail, return receipt requested. A franchised new motor vehicle dealer who believes that a manufacturer, factory branch, distributor, or distributor branch with whom the dealer has entered into a franchise has assigned or changed the dealer's area of responsibility, is proposing to assign or change the dealer's area of responsibility arbitrarily or without due regard to the present or projected future pattern of motor vehicle sales and registrations within the dealer's market, or failed to provide the dealer with the notice required under this subdivision may file a petition within 60 days of receiving notice of a manufacturer, factory branch, distributor, or distributor branch's proposed assignment or change to the dealer's area of responsibility and have an evidentiary hearing before the Commissioner as provided in G.S. 20 -301(b) contesting the franchised new motor vehicle dealer's assigned area of responsibility. Provided that the dealer has not previously filed a petition pursuant to this subdivision within the preceding 48 months regarding the dealer's currently assigned area of responsibility, a franchised new motor vehicle dealer who believes that it is unreasonable for a manufacturer, factory branch, distributor, or distributor branch with whom that dealer has entered into a franchise to include one or more portions of the dealer's existing area of responsibility previously assigned to that dealer by the manufacturer, factory branch, distributor, or distributor branch may request the elimination of the contested territory from the dealer's area of responsibility by submitting the request in writing via U.S. registered or certified mail, return receipt requested, to the manufacturer, factory branch, distributor, or distributor branch. The dealer shall state in its request that the request is being made pursuant to this subdivision, describe the territory the dealer seeks to remove from its area of responsibility, and provide a general statement as to the factual basis for the dealer's contention of the changed factors warranting modification of the dealer's area of responsibility. The dealer's request shall be deemed accepted by the manufacturer, factory branch, distributor, or distributor branch if the manufacturer, factory branch, distributor, or distributor branch has not sent the dealer notice of objection to the dealer's request via U.S. registered or certified mail, return receipt requested, within 90 days after receipt of the dealer's request. Within 30 days of the dealer's receipt of notice from the manufacturer, factory branch, distributor, or distributor branch of the manufacturer's rejection, in whole or in part, of the dealer's request for the elimination of the contested territory from the dealer's area of responsibility, either party may request mediation under the manufacturer's internal mediation program, if any. Any such mediation shall commence within 60 days after the request for mediation is made and be concluded within 120 days after the date the manufacturer, factory branch, distributor, or distributor branch objected to the dealer's proposed change in its area of responsibility. Within 60 days of the conclusion of a requested mediation process, or, if a mediation process has not been timely requested under this subdivision, within 60 days of receiving notice from the
manufacturer, factory branch, distributor, or distributor branch of the manufacturer's rejection, in whole or in part, of the dealer's request for the elimination of the contested territory from the dealer's area of responsibility, a dealer may file a petition and have an evidentiary hearing before the Commissioner as provided in G.S. 20 -301(b) contesting the manufacturer's rejection, in whole or in part, of the dealer's request for the elimination of the contested territory from the franchised new motor vehicle dealer's assigned area of responsibility. In determining at an evidentiary hearing requested under this subdivision whether all or any portion of the existing or proposed area of responsibility assigned to the dealer is unreasonable or has been assigned

arbitrarily or without due regard to the present or projected future pattern of motor vehicle sales and registrations within the dealer's market, the Commissioner may take into consideration the relevant circumstances, including, but not limited to:

a. The investment of time, money, or other resources made for the purpose of developing the market for the vehicles of the same line-make in the existing or proposed area of responsibility by the petitioning dealer, other same line-make dealers who would be affected by the change in the area of responsibility, or by the manufacturer, factory branch, distributor, distributor branch, or any dealer or regional advertising association.

b. The present and future projected traffic patterns and drive times between consumers and the same line-make franchised dealers of the affected manufacturer, factory branch, distributor, or distributor branch who are located within the market.

c. The historical and projected future pattern of new vehicle sales and registrations of the affected manufacturer, factory branch, distributor, or distributor branch within various portions of the area of responsibility and within the market as a whole.

d. The growth or decline in population, density of population, and new car registrations in the market.

e. If the affected manufacturer, factory branch, distributor, or distributor branch has removed territory from a dealer's area of responsibility or is proposing to remove territory from a dealer's area of responsibility, the projected economic effects, if any, that these changes in the dealer's area of responsibility will have on the petitioning dealer, other same line-make dealers, the public, and the manufacturer, factory branch, distributor, or distributor branch.

f. The projected effects that the changes in the petitioning dealer's area of responsibility that have been made or proposed by the affected manufacturer, manufacturer branch, distributor, or distributor branch will have on the consuming public within the market.

g. The presence or absence of natural geographical obstacles or boundaries, such as mountains and rivers.

h. The proximity of census tracts or other geographic units used by the affected manufacturer, factory branch, distributor, or distributor branch

in determining same line-make dealers' respective areas of responsibility.

i. The public interest, consumer welfare, and customer convenience.

j. The reasonableness of the change or proposed change to the dealer's area of responsibility considering the benefits and harm to the petitioning dealer, other same line-make dealers, and the manufacturer, factory branch, distributor, or distributor branch.

At the evidentiary hearing before the Commissioner, following the filing of a petition by a dealer contesting the proposed assignment or change to the dealer's area of responsibility by a manufacturer, factory branch, distributor, or distributor branch, the affected manufacturer, factory branch, distributor, or distributor branch shall have the burden of proving that all portions of its current or proposed area of responsibility for the petitioning franchised new motor vehicle dealer are reasonable in light of the present or projected future pattern of motor vehicle sales and registrations within the franchised new motor vehicle dealer's market. At an evidentiary hearing before the Commissioner held pursuant to a franchised new motor vehicle dealer's petition to eliminate contested territory from the dealer's existing area of responsibility previously assigned to the dealer by the manufacturer, factory branch, distributor, or distributor branch, the franchised new motor vehicle dealer shall have the burden of proving that it would be unreasonable to continue to include the contested territory in the dealer's area of responsibility due to changes in circumstances under sub-subdivisions a. through j. of this subdivision that are beyond the control of the dealer. A policy or protocol of a manufacturer, factory

branch, distributor, or distributor branch that determines a dealer's area of responsibility based solely on the proximity of census tracts or other geographic units to its franchised dealers and the existence of natural boundaries fails to satisfy the burden of proof on the affected manufacturer, factory branch, distributor, or distributor branch under this subdivision. Upon the filing of a petition before the Commissioner under this subdivision, any changes in the petitioning franchised new motor vehicle dealer's area of responsibility that have been proposed by the affected manufacturer, factory branch, distributor, or distributor branch shall be stayed during the pendency of the determination by the Commissioner. If a protest is or has been filed under G.S. 20 -305(5) and the franchised new motor vehicle dealer's area of responsibility is included in the relevant market area under the protest, any protest filed under this subdivision shall be consolidated with that protest for hearing and joint disposition of all of the protests. Nothing in this subdivision shall apply to the determination of whether good cause exists for the establishment by a manufacturer, factory branch, distributor, or distributor branch of an additional new motor vehicle dealer or relocation of an existing new motor vehicle dealer, which shall be governed in accordance with the requirements and criteria contained in G.S. 20 -305(5) and not this subdivision.

(39) Notwithstanding the terms, provisions, or conditions of any agreement, franchise, novation, waiver, or other written instrument, to require, coerce, or attempt to coerce any of its franchised motor vehicle dealers in this State to

purchase, lease, erect, or relocate one or more signs displaying the name of the manufacturer or franchised motor vehicle dealer upon unreasonable or onerous terms or conditions or if installation of the additional signage would violate local signage or zoning laws to which the franchised motor vehicle dealer is subject. Any term, provision, or condition of any agreement, franchise, waiver, novation, or any other written instrument which is in violation of this subdivision shall be deemed null and void and without force and effect.

(40) Notwithstanding the terms, provisions, or conditions of any agreement or franchise, to require any dealer to floor plan any of the dealer's inventory or finance the acquisition, construction, or renovation of any of the dealer's property or facilities by or through any financial source or sources designated by the manufacturer, factory branch, distributor, or distributor branch, including any financial source or sources that is or are directly or indirectly owned, operated, or controlled by the manufacturer, factory branch, distributor, or distributor branch.

(41) Notwithstanding the terms, provisions, or conditions of any agreement or franchise, to use or consider the performance of any of its franchised new motor vehicle dealers located in this State relating to the sale of the manufacturer's new motor vehicles or ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of the manufacturer's new motor vehicles in determining:

a. The dealer's eligibility to purchase program, certified, or other used motor vehicles from the manufacturer;

b. The volume, type, or model of program, certified, or other used motor vehicles the dealer shall be eligible to purchase from the manufacturer;

c. The price or prices of any program, certified, or other used motor vehicles that the dealer shall be eligible to purchase from the manufacturer; or

d. The availability or amount of any discount, credit, rebate, or sales incentive the dealer shall be eligible to receive from the manufacturer for the purchase of any program, certified, or other used motor vehicles offered for sale by the manufacturer.

(42) Notwithstanding the terms, provisions, or conditions of any agreement or waiver, to directly or indirectly condition the awarding of a franchise to a prospective new motor vehicle dealer, the addition of a line make or franchise to an existing dealer, the renewal of a franchise of an existing dealer, the approval of the relocation of an existing dealer's facility, or the approval of the sale or transfer of the ownership of a franchise on the willingness of a dealer, proposed

new dealer, or owner of an interest in the dealership facility to enter into a site control agreement or exclusive use agreement. For purposes of this subdivision, the terms "site control agreement" and "exclusive use agreement" include any agreement that has the effect of either: (i) requiring that the dealer establish or maintain exclusive dealership facilities; or (ii) restricting the ability of the dealer, or the ability of the dealer's lessor in the event the dealership facility is being leased, to transfer, sell, lease, or change the use of the dealership premises, whether by sublease, lease, collateral pledge of lease, right of first
refusal to purchase or lease, option to purchase, option to lease, or other similar agreement, regardless of the parties to such agreement. Any provision contained in any agreement entered into on or after August 26, 2009, that is inconsistent with the provisions of this subdivision shall be voidable at the election of the affected dealer, prospective dealer, or owner of an interest in the dealership facility.

(43) Notwithstanding the terms, provisions, or conditions of any agreement, franchise, novation, waiver, or other written instrument, to require, coerce, or attempt to coerce any of its franchised motor vehicle dealers in this State to change the principal operator, general manager, or any other manager or supervisor employed by the dealer. Any term, provision, or condition of any agreement, franchise, waiver, novation, or any other written instrument that is inconsistent with this subdivision shall be deemed null and void and without force and effect.

(44) Notwithstanding the terms, provisions, or conditions of any agreement or franchise, to require, coerce, or attempt to coerce any new motor vehicle dealer located in this State to refrain from doing any of the following:

a. Displaying in the dealer's showroom or elsewhere within the dealership facility any sports -related honors, awards, photographs, displays, or other artifacts or memorabilia; provided, however, that such sports -related honors, awards, photographs, displays, or other artifacts or memorabilia (i) pertain to an owner, investor, or executive manager of the dealership; (ii) relate to professional sports; (iii) do not reference or advertise a competing brand of motor vehicles; and (iv) do not conceal or disparage any of the required branding elements that are part of the dealership facility.

b. Using all or part of the name of a dealer's founder, owner, existing trade name, or dealer principal in the dealer's trade name, provided the name the dealer proposes to use for its trade name would not disparage the manufacturer's or distributor's brand or be confusing or misleading to the consuming public.

(45) Nothwithstanding the terms, provisions, or conditions of any agreement or franchise, to discriminate against a new motor vehicle dealer located in this State for selling or offering for sale a service contract, debt cancellation agreement, maintenance agreement, or similar product not approved, endorsed, sponsored, or offered by the manufacturer, distributor, affiliate, or captive finance source. For purposes of this subdivision, discrimination includes any of the following:

a. Requiring or coercing a dealer to exclusively sell or offer for sale service contracts, debt cancellation agreements, or similar products approved, endorsed, sponsored, or offered by the manufacturer, distributor, affiliate, or captive finance source.

b. Taking or threatening to take any adverse action against a dealer (i) because the dealer sells or offers for sale any service contracts, debt cancellation agreements, maintenance agreements, or similar products that have not been approved, endorsed, sponsored, or offered by the
manufacturer, distributor, affiliate, or captive finance source or (ii) because the dealer fails to sell or offer for sale service contracts, debt cancellation agreements, maintenance agreements, or similar products approved, endorsed, sponsored, or offered by the manufacturer, distributor, their affiliate, or captive finance source.

c. Measuring a dealer's performance under a franchise in any part based

upon the dealer's sale of service contracts, debt cancellation agreements, or similar products approved, endorsed, sponsored, or offered by the manufacturer, distributor, affiliate, or captive finance source.
d. Requiring a dealer to exclusively promote the sale of service contracts, debt cancellation agreements, or similar products approved, endorsed, sponsored, or offered by the manufacturer, distributor, affiliate, or captive finance source.
e. Considering the dealer's sale of service contracts, debt cancellation agreements, or similar products approved, endorsed, sponsored, or offered by the manufacturer, distributor, affiliate, or captive finance source in determining any of the following:
1. The dealer's eligibility to purchase any vehicles, parts, or other products or services from the manufacturer or distributor.
2. The volume of vehicles or other parts or services the dealer shall be eligible to purchase from the manufacturer or distributor.
3. The price or prices of any vehicles, parts, or other products or services that the dealer shall be eligible to purchase from the manufacturer or distributor.
4. The availability or amount of any vehicle discount, credit, special pricing, rebate, or sales or service incentive the dealer shall be eligible to receive from the manufacturer, distributor, affiliate, or captive finance source in which the incentives are calculated or paid on a per-vehicle basis or any vehicle discount, credit, special pricing, or rebate that are calculated or paid on a per-vehicle basis.
For purposes of this subdivision, discrimination does not include, and nothing shall prohibit a manufacturer, distributor, affiliate, or captive finance source from, offering discounts, rebates, or other incentives to dealers who voluntarily sell or offer for sale service contracts, debt cancellation agreements, or similar products approved, endorsed, sponsored, or offered by the manufacturer, distributor, affiliate, or captive finance source; provided, however, that such discounts, rebates, or other incentives are based solely on the sales volume of the service contracts, debt cancellation agreements, or similar products sold by the dealer and do not provide vehicle sales or service incentives.
For purposes of this subdivision, a service contract provider or its representative shall not complete any sale or transaction of an extended service contract, extended maintenance plan, or similar product using contract forms that do not disclose the identity of the service contract provider.
NC General Statutes - Chapter 20 625(46) To require, coerce, or attempt to coerce a dealer located in this State to purchase goods or services of any nature from a vendor selected, identified, or designated by a manufacturer, distributor, affiliate, or captive finance source when the dealer may obtain goods or services of substantially similar quality and design from a vendor selected by the dealer, provided the dealer obtains prior approval from the manufacturer, distributor, affiliate, or captive finance source, for the use of the dealer's selected vendor. Such approval by the manufacturer, distributor, affiliate, or captive finance source may not be unreasonably withheld. For purposes of this subdivision, the term "goods" does not include moveable displays, brochures, and promotional materials containing material subject to the intellectual property rights of a manufacturer or distributor, or special tools or parts as reasonably required by the manufacturer to be used in repairs under warranty obligations of a manufacturer or distributor. If the manufacturer, distributor, affiliate, or captive finance source claims that a vendor chosen by the dealer cannot supply goods and services of substantially similar quality and design, the dealer may file a protest with the Commissioner. When a protest is filed, the Commissioner shall promptly inform the manufacturer, distributor, affiliate, or captive finance source that a protest has been filed. The Commissioner shall conduct a hearing on the merits of the protest within 90 days following the filing of a response to the protest. The manufacturer, distributor, affiliate, or captive finance source shall bear the

burden of proving that the goods or services chosen by the dealer are not of substantially similar quality and design to those required by the manufacturer, distributor, affiliate, or captive finance source.
(47) To fail to provide to a dealer, if the goods or services to be supplied to the dealer by a vendor selected, identified, or designated by the manufacturer or distributor are signs or other franchisor image elements to be purchased or leased to the dealer, the right to purchase or lease the signs or other franchisor image elements of similar quality and design from a vendor selected by the dealer. This subdivision and subdivision (46) of this section shall not be construed to allow a dealer or vendor to violate directly or indirectly the intellectual property rights of the manufacturer or distributor, including, but not limited to, the manufacturer's or distributor's intellectual property rights in any trademarks or trade dress, or other intellectual property interests owned or controlled by the manufacturer or distributor, or to permit a dealer to erect or maintain signs that do not conform to the reasonable intellectual property right or trademark and trade dress usage guidelines of the manufacturer or distributor.
(48) To unreasonably interfere with a dealer's independence in staffing the dealership by engaging in any of the following conduct: (i) requiring, coercing, or attempting to coerce a dealer located in this State to employ, appoint, or designate an individual to serve full-time or exclusively in any specific capacity, role, or job function at the dealership, other than the employment or appointment of a full-time general manager; (ii) requiring a dealer to employ, appoint, or designate an individual to serve full-time or exclusively in any specific capacity, role, or job function at the dealership, other than the employment or appointment of a full-time general manager, in order to
participate in or qualify for any incentive program offered or sponsored by the manufacturer or distributor or to otherwise receive any discounts, credits, rebates, or incentives of any kind that are calculated or paid on a per-vehicle basis; or (iii) requiring that the dealer obtain the approval of the manufacturer or distributor prior to employing or appointing any individual in any capacity, role, or job function at the dealership, other than the employment or appointment of a full-time general manager. Except as expressly provided above, nothing contained in this subdivision shall be deemed to prevent or prohibit a manufacturer or distributor from requiring that a dealer employ a reasonable number of trained employees to sell and service the factory's vehicles.
(49) A manufacturer or distributor may not charge a dealer more than a reasonable cost for any tool that the manufacturer or distributor sells to a dealer and designates as a special or essential tool. A manufacturer or distributor that collects tool fees as a convenience for the dealer and passes the payment through to a tool manufacturer or supplier which is not owned, operated, or controlled by the manufacturer, distributor, or affiliate shall not be considered to be selling the tool provided that the manufacturer or distributor's involvement does not increase the cost of the special tool or essential tool. Nothing in this subdivision shall prohibit a manufacturer or distributor from charging a reasonable nominal fee in addition to the cost of the special or essential tool that includes manufacturer or distributor handling costs. For any special or essential tool that the manufacturer or distributor sells to the dealer at a price exceeding two hundred fifty dollars ($250.00), the manufacturer or distributor shall disclose on an invoice or similar billing statement submitted to the dealer for the tool, the actual cost of the special or essential tool paid by the manufacturer or distributor.
(50) To require, coerce, or attempt to coerce any new motor vehicle dealer located in this State to change location of its dealership, or to make any substantial alterations to its dealership premises or facilities, if the dealer (i) has changed the location of its dealership or made substantial alterations to its dealership premises or facilities within the preceding 10 years at a cost of more than two hundred fifty thousand dollars ($250,000), indexed to the Consumer Price Index, over this 10-year period, and (ii) the change in location or alteration was made toward compliance with a facility initiative or facility program that was sponsored or supported by the manufacturer, factory branch, distributor, or

distributor branch, with the approval of the manufacturer, factory branch, distributor, or distributor branch. If a manufacturer, factory branch, distributor, or distributor branch offers incentives, or other payments under a program that are in any part conditioned on a dealer's construction of a new facility, facility improvements, or installation of signs or other image elements, a dealer that constructed a new facility, made facility improvements, or installed signs or other image elements required by or approved by the manufacturer that were completed at a cost of more than two hundred fifty thousand dollars ($250,000), indexed to the Consumer Price Index, within the preceding 10 years shall be deemed to be in compliance with any applicable facility requirements included in the manufacturer's program, and the dealer shall be entitled to receive all such
incentives or other payments awardable under the program. If, during the 10-year period, the manufacturer revises or discontinues an existing program, standard, or policy or establishes a new program, standard, or policy or other benefit relating to construction or substantial alteration of a dealership, a motor vehicle dealer that completed construction or alteration of a dealership at a cost of more than two hundred fifty thousand dollars ($250,000) as part of a prior program, standard, or policy and elects not to participate in the new or revised program, standard, or policy shall not be entitled to the benefits under the new or revised program but shall remain entitled to all benefits under the prior program, standard, or policy according to the terms of the prior program, standard, or policy. If the prior program, standard, or policy under which the dealer completed a construction or alteration does not contain a specific period of time during which the manufacturer or distributor must provide payments or benefits to a dealer, then the manufacturer or distributor may not deny the dealer payment or benefits under the terms of that prior program, as it existed when the dealer began to perform under the prior program, for the balance of the 10-year term, regardless of whether the manufacturer's or distributor's program, standard, or policy has been revised or discontinued. For any dealer that did not change the location of its dealership or make substantial alterations to its dealership premises or facilities within the preceding 10 years at a cost of more than two hundred fifty thousand dollars ($250,000), indexed to the Consumer Price Index, the dealer's obligation to make any substantial alteration to its dealership premises or facilities, at the request of a manufacturer, factory branch, distributor, or distributor branch, or to satisfy a requirement or condition of an incentive program sponsored by a manufacturer, factory branch, distributor, or distributor branch, shall be governed by the applicable provisions of subdivisions (4), (11), (12), (25), (30), (32), and (42) of this section. This section shall not apply to any facility or premises improvement or alteration that is voluntarily agreed to by the new motor vehicle dealer and for which the dealer receives facilities -related compensation from the manufacturer or distributor for the facility improvement or alteration equivalent to at least a majority of the cost incurred by the dealer for the facility improvement or alteration.

(51) To establish, implement, or enforce criteria for measuring the sales or service performance of any of its franchised new motor vehicle dealers in this State for any of the purposes in sub-subdivisions a. through c. of this subdivision that (i) are unfair, unreasonable, arbitrary, or inequitable; (ii) do not consider available relevant and material State and regional criteria, data, and facts. Relevant and material criteria, data, or facts include those of motor vehicle dealerships of comparable size in comparable markets; and (iii) if such performance measurement criteria are based, in whole or in part, on a survey, such survey must be based on a statistically significant and valid random sample. In any proceeding under this subdivision, the applicable manufacturer or distributor shall bear the burden of proof (i) with regard to all issues raised in the proceeding and (ii) that the dealer performance measurements comply with all of the provisions hereof and are, and have been, implemented and enforced uniformly by the manufacturer or distributor among its franchised dealers in
this State. Prior to taking a final action on an event described in sub-subdivisions a. through c. of this subdivision, if the dealer's current or past sales or service performance constitute any part of the basis for the final action,

a manufacturer or distributor shall allow a dealer to present relevant local criteria, data, and facts beyond the control of the dealer, which the manufacturer or distributor shall consider. In the event it is determined that the performance criteria employed by a manufacturer or distributor for measuring the sales, service, or customer satisfaction performance of any of its franchised motor vehicle dealers in this State are unfair, unreasonable, arbitrary, or inequitable, or that the performance criteria does not consider available State and regional criteria, data, and facts required in this subsection, or that the performance criteria have not been implemented and enforced uniformly by the manufacturer or distributor among its franchised dealers in this State, or that the performance criteria do not consider relevant local criteria, data, and facts presented by the dealer in accordance with this subdivision, the performance criteria of the manufacturer or distributor may not constitute any part of the basis for a determination in any franchise -related decision pertaining to any of the following:

a. Whether to allow a dealer's proposed transfer of ownership pursuant to subdivision (4) of this section.

b. Whether good cause exists for the termination of a dealer's franchise pursuant to subdivision (6) of this section.

c. Whether to allow appointment of a designated successor to a franchise pursuant to subdivision (7) of this section.

If a dealer's current or past performance in sales or service constitutes any part of the basis for the decision of the manufacturer, factory branch, distributor, or distributor branch pertaining to sub-subdivisions a. through c. of this subdivision, the dealer and the applicable manufacturer, factory branch, distributor, or distributor branch shall have the right to present local criteria, data, and facts in any petition or hearing before the Commissioner requested by the dealer pursuant to subdivision (4), (6), or (7) of this section.

(52) To prohibit or to in any way unreasonably limit or restrict a dealer from offering for sale over the Internet, including online e-commerce marketplaces, parts and accessories obtained by the dealer from the manufacturer, factory branch, distributor, or distributor branch, or from any source recommended or approved by the manufacturer, factory branch, distributor, or distributor branch. Nothing in this subdivision shall eliminate or impair the intellectual property rights of a manufacturer, factory branch, distributor, or distributor branch.

(53) Notwithstanding the terms of any franchise or agreement, or the terms of any program or policy, to do any of the following if it has any franchised dealers in this State:

a. If it permits retail customers the option of reserving or requesting to purchase or lease a vehicle directly from such manufacturer or distributor, to do any of the following:

1. Fail to assign any retail vehicle reservation or request to purchase or lease received by the manufacturer or distributor

from a resident of this State to the franchised dealer authorized to sell that make and model which is designated by the customer, or if none is designated, to its franchised dealer authorized to sell that make and model located in closest proximity to the customer's location, provided that if the customer does not purchase or lease the vehicle from that dealer within 10 days of the vehicle being assigned to the dealer, or if the customer requests that the transaction be assigned to another dealer, then the manufacturer or distributor may assign the transaction to another franchised dealer authorized to sell that make and model.

2. Prohibit a retail customer that has reserved or requested to purchase or lease a vehicle directly from the manufacturer or distributor from negotiating the final purchase price of the vehicle directly with the dealer if the dealer is authorized to sell that make and model and to agree on a final price for a new motor vehicle which varies from the MSRP established by the

manufacturer or distributor.
3. Prohibit a retail customer that has reserved or requested to purchase or lease a vehicle directly from the manufacturer or distributor from using any vehicle financing or leasing source available from or through the dealer to whom the customer's vehicle reservation or request to purchase or lease has been assigned or to prohibit a franchised dealer in this State from offering and negotiating directly with the customer the terms of vehicle financing or leasing through all sources available to the dealer.
4. Prohibit a retail customer that has reserved or requested to purchase or lease a vehicle directly from the manufacturer or distributor from purchasing on terms negotiated or agreed to directly between the customer and the dealer to whom the customer's reservation or request to purchase or lease has been assigned, any service contract, extended warranty, vehicle maintenance contract, or guaranteed asset protection (GAP) agreement, or any other vehicle -related products and services offered by the dealer, provided that a manufacturer, distributor, or captive finance source shall not be required to finance any such product or service that is not offered or supported by the manufacturer or distributor.
5. Prohibit a retail customer that has reserved or requested to purchase or lease a vehicle directly from the manufacturer or distributor and the dealer to whom the customer's reservation or request to purchase or lease has been assigned from directly negotiating the trade -in value the customer will receive, or to prohibit the dealer from conducting an on-site inspection of the
condition of a trade -in vehicle before the dealer becomes contractually obligated to accept the trade -in value negotiated.
6. Use a third party to accomplish what would otherwise be prohibited by this subdivision.
b. Fail or refuse to do any of the following:
1. Allow retail customers located in this State the ability to directly purchase from any of its franchised dealers in this State all makes and models of new vehicles the dealer is authorized to sell; provided, however, that this sub-sub-subdivision is not violated to the extent that the inability of the manufacturer or distributor to provide vehicles to the dealer is based on acts of God, labor strikes, unavailability of parts, recalls, material shortages, natural disasters, or other factors or events beyond the control of the manufacturer or distributor.
2. Require that all of the new vehicles manufactured or distributed by the manufacturer or distributor that are sold or leased to retail customers located in this State be physically delivered to the retail customer by an authorized same line-make franchised dealer selected by the retail customer, or in the absence of such selection, by the authorized same line-make dealer that is located in closest proximity to the retail customer. This provision shall not apply to fleet sales to a fleet customer that has a designation as such by the manufacturer or distributor.
c. Fail or refuse to allow all of its franchised dealers located in this State to do any of the following:
1. Subject to availability, have the ability to maintain on the ground and in the dealer's stock a reasonable supply of all makes and models of new vehicles the dealer is authorized to sell; provided, however, that this sub-sub-subdivision is not violated to the extent that the inability of the manufacturer to provide a reasonable on-the-ground supply of new vehicles to dealers is based on acts of God, labor strikes, unavailability of parts,

recalls, material shortages, natural disasters, or other factors and events beyond the control of the manufacturer or distributor.
2. Have the right to store new and used propulsion batteries used for electric vehicles and hybrid electric vehicles at a safe and secure location selected and paid for by the dealer that is separate from the dealership premises or fail or refuse to compensate dealers for the reasonable pro rata cost of storing used batteries for a period of more than 30 days after the manufacturer or distributor has been notified by the dealer of their availability to be picked up. Nothing in this sub-sub-subdivision shall be deemed to grant a dealer the right to purchase new or used propulsion batteries from a manufacturer or distributor to maintain in the dealer's inventory. A dealer's right to order propulsion batteries from or through a
manufacturer or distributor and maintain a reasonable supply of such batteries in stock is governed by the same provisions, limitations, and availability as the dealer's right to order and stock other parts, as delineated in sub-sub-subdivision 4. of this sub-subdivision.
3. Have the opportunity to purchase, on the same terms, used vehicle inventory distributed or made available by that manufacturer or distributor without imposing any unrelated or unreasonable conditions or requirements on their dealers; provided that a manufacturer or distributor may uniformly restrict dealers to purchase through such program only used vehicles for which the dealer holds a franchise.
4. Subject to availability, have the opportunity to order from or through the manufacturer or distributor, receive, and maintain in stock a reasonable supply of parts required for service and repair of the manufacturer's or distributor's vehicles based on the volume of warranty service work performed by the dealer; provided that this sub-sub-subdivision is not violated to the extent that the failure of the manufacturer or distributor to provide parts is caused by the occurrence of product shortages resulting from acts of God, natural disasters, unavailability of parts, material shortages, labor strikes, product recalls, or other factors or events beyond the control of the manufacturer or distributor. Notwithstanding the requirements of this sub-sub-subdivision, a manufacturer or distributor may impose reasonable restrictions and limitations on a dealer's ability to order and maintain in inventory certain parts exclusively used for a particular model of motor vehicle, provided that (i) the model is publicly designated by the manufacturer or distributor as being a specialty or limited production motor vehicle and (ii) worldwide production of the motor vehicle model is less than 10,000 vehicles in any given model year.
5. Have, if the manufacturer or distributor has not contributed money, tangible items of property or resources owned or paid for by the manufacturer or distributor, or content toward the specific dealer advertising material, the right to independently determine the types of physical and digital advertising media the dealer chooses to advertise for all brands, models, and types of vehicles offered for sale by the dealer as well as the content and format of the advertising and all locations where the dealer chooses to establish, publish, broadcast, circulate, or display such advertising and the individuals to whom advertising is targeted or directed; provided that nothing in this sub-sub-subdivision allows a dealer to infringe upon or to interfere with the intellectual property rights of manufacturers and distributors or
to advertise the products offered by the manufacturer or

distributor in a disparaging or misleading manner.
d. Engage in any of the following actions:
1. Retain ownership of new motor vehicles until they are sold or leased to retail customers located in this State, provided, a manufacturer, factory branch, distributor, or distributor branch may retain ownership of new motor vehicles held in a common supply of new vehicles until such vehicles are sold to its authorized franchised dealers. This provision shall not apply to fleet sales to a fleet customer that has a designation as such by the manufacturer or distributor.
2. Except for the sale or lease of a vehicle in connection with a repurchase or replacement under Article 15A of this Chapter, or for display purposes, consign new motor vehicles to its franchised dealers in this State for dealer inventory or for sale or lease to retail customers located in this State.
3. Reserve the right to negotiate binding terms of sale or lease directly with retail customers purchasing or leasing new motor vehicles located in this State; provided that a manufacturer or distributor may engage in fleet sales to a fleet customer that has a designation as such by the manufacturer or distributor.
4. Designate its franchised dealers in this State to be only delivery agents for new motor vehicles and service and parts outlets, reserving for the respective manufacturer or distributor the right to establish the binding terms of vehicle sales or leases or the right to negotiate the binding terms of vehicle sales or leases directly with retail customers located in this State; provided that a manufacturer or distributor may engage in fleet sales with a fleet customer that has a designation as such by the manufacturer or distributor. Nothing in this sub-sub-subdivision shall prohibit a manufacturer or distributor from:
I. Setting or advertising a suggested retail price, minimum advertised price, employee or supplier discount price, or special finance, lease, or other promotional offers.
II. Stating an estimated trade -in valuation of a customer's vehicle that is designated as such and based on a valuation guide whose identity is conspicuously disclosed; provided that in close proximity to any such stated estimated trade -in valuation, the manufacturer or distributor conspicuously discloses that the actual valuation of any used vehicle is dependent on many factors and the dealer is not obligated to accept the estimated trade -in valuation.
III. Displaying prices that dealers voluntarily set and choose to display.
NC General Statutes - Chapter 20 6335. Unreasonably impede or interfere with the ability of its rural and other franchised dealers located in this State to obtain from that manufacturer or distributor and sell or lease any series or models of technologically advanced vehicles that the manufacturer or distributor makes available for sale or lease to retail customers in this State by or through its same line-make dealers and which the dealer is authorized to sell. For purposes of this sub-sub-subdivision, the term "technologically advanced vehicle" or "TA V" means a motor vehicle that is an electric vehicle (EV) or hydrogen vehicle. For purposes of this sub-sub-subdivision, the term "EV" means any plug-in electric vehicle that does not rely on any nonelectric source of power in all modes of operation. For purposes of this sub-sub-subdivision, the term "unreasonably impede or interfere with" includes, but is not limited to, any of the following:
I. If a manufacturer or distributor has established any

training, infrastructure, capital, or equipment requirements as a condition for a dealer to sell TA Vs, to fail or refuse to promptly cause, at a dealer's request, a detailed, itemized, individual dealer assessment to determine the minimum TA V investment each dealer would need to make for training, facilities, tools, parts, equipment, and charging stations for vehicle service and for training dealership employees and customers. Charging stations for use by the public and all other charges or expenditures not technically essential to sell and service the manufacturer's or distributor's TA Vs shall not be required or included in determining a dealer's minimum TA V investment. The minimum TA V investment established for each dealer must be scaled based on the estimated number of the manufacturer's or distributor's new TA Vs the dealer would be anticipated to sell and the number of TA Vs the dealer would be expected to service within the following three -year period. In the event that a manufacturer or distributor had performed an individualized dealer assessment required in this sub-sub-sub-subdivision prior to July 1, 2023, the assessment shall be deemed to satisfy the requirements contained in this sub-sub-sub-subdivision as long as it complies with all of the requirements of an individual TA V assessment established in this sub-sub-sub-subdivision and the TA V assessment contains no charges in excess of those charges includable under this sub-sub-sub-subdivision. It shall be unlawful for a manufacturer or distributor to require a dealer to pay for an assessment of the type required under this
NC General Statutes - Chapter 20 634sub-sub-sub-subdivision if the manufacturer or distributor requires that an assessment be performed as a prerequisite for the dealer to sell or lease TA Vs that the manufacturer or distributor sells or distributes.
II. To fail or refuse to allocate all TA V models offered by the manufacturer or distributor for sale or lease in this State in accordance with the requirements of this sub-sub-subdivision to each of its same line-make franchised dealers located in this State that has made the minimum TA V investment determined pursuant to sub-sub-sub-subdivision I. of this sub-sub-subdivision.
6. Withhold all or any portion of any incentive payment from any of its dealers located in this State on the basis of a dealer's failure to comply with any unlawful or prohibited condition or requirement.
7. Require, coerce, or attempt to coerce a dealer to make expenditures related to achieving or making progress toward achieving CO2 neutrality at the dealer's facility at the expense of the dealer.
Nothing contained in sub-subdivision a. of this subdivision shall (i) require that a manufacturer or distributor allocate or supply additional or supplemental inventory to a franchised dealer located in this State in order to satisfy a retail customer's vehicle reservation or request submitted directly to the manufacturer or distributor as provided in this section, (ii) apply to the generation of sales leads; provided, however, that for purposes of this subdivision the term "sales leads" shall not include any reservation or request to purchase or lease a vehicle submitted directly by a customer or potential customer to a manufacturer or distributor, or (iii) apply to a reservation or request to purchase or lease a vehicle directly from the manufacturer or distributor received from customer that is a resident of this State if the customer designates a dealer outside of this State to

be assigned the reservation or request to purchase or lease, or if the dealer located in closest proximity to the customer's location is in another state and the manufacturer or distributor assigns the reservation or request to purchase or lease to that dealer.

(54) To prohibit or to in any way unreasonably limit or restrict a dealer from using electronic signature technology that conforms to Article 40 of Chapter 66 of the General Statutes to facilitate or execute loaner, demonstrator, rental, and test drive agreements and forms.

(55) To interfere with the independence and governance of a dealer or dealer applicant having multiple owners by requiring, coercing, or attempting to coerce the dealer or dealer applicant to adopt a corporate structure under which a single individual has the sole legal authority to issue additional corporate stock; add one or more new managers, members, or shareholders; purchase or sell any franchises or line-makes of vehicles; acquire or sell real estate; invest in new or substantially remodeled or updated facilities; borrow money in the name of the dealer; select a new or successor dealer principal; file a petition in NC General Statutes - Chapter 20 635bankruptcy or receivership; or require that owners contribute additional capital. Nothing in this subdivision shall prohibit a manufacturer or distributor from requiring the dealer or dealer applicant to designate a single natural person that the manufacturer or distributor may contact and who shall be responsible for all business communications with the manufacturer or distributor and any day-to-day business decisions not identified in this subdivision, or from requiring that the designated person own a minimum percentage of ownership reasonably determined by the manufacturer or distributor or be physically present at the dealership premises.

(56) Notwithstanding the terms of any franchise, agreement, or policy, to do any of the following with regard to dealer and manufacturer websites:

a. Dealer websites. – It is unlawful for any manufacturer or distributor to unreasonably interfere with the establishment, maintenance, operation, or control of either a single location dealer website or a dealer group website. For purposes of this subdivision, the term "single location dealer website" means a website that is owned or operated by or on behalf of a new motor vehicle dealer that is licensed in this State and that advertises, markets, displays, sells, or leases new and used motor vehicles that are only available for sale or lease at the dealership owned by that dealer. For purposes of this subdivision, the term "dealer group website" means a website that is owned or operated by or on behalf of a new motor vehicle dealer licensed in this State and that advertises, markets, displays, sells, or leases new and used motor vehicles that are available for sale or lease at more than one dealership location within this State. For purposes of this sub-subdivision, the term "unreasonably interfere" includes, but is not limited to, any contractual or other prohibition or any policy that does any of the following:

1. Prohibits any of its franchised dealers in this State that own or operate either a single location dealer website or a dealer group website from prominently displaying throughout the website the name and logo of the applicable dealer or dealer group.

2. Requires any dealer or dealer group located in this State to use a digital platform or digital retailing tool provided, recommended, endorsed, or approved by the manufacturer or distributor; provided, however, that the digital platform or digital retailing tool selected by the dealer possesses substantially the same level of quality and performs the same essential functions as the digital platform or digital retailing tool provided, recommended, endorsed, or approved by the manufacturer or distributor.

3. Requires, as a condition to sell any line-make, brand, model, or series of vehicles, any single location dealer or dealer group located in this State to use, on either a single location dealer website or a dealer group website, one or more chat tools, appraisal tools, payment calculators, or other online digital tools

provided, recommended, endorsed, or approved by the manufacturer or distributor, provided, however, that any such
digital retailing tools selected by the dealer possess substantially the same quality and perform the same essential functions as the digital retailing tools provided, recommended, endorsed, or approved by the manufacturer or distributor.

4. Restricts any of its franchised dealers in this State that own or operate either a single location dealer website or a dealer group website from using any method, procedure, or protocol selected by the dealer for communicating with the dealer's customers or permitting or allowing customers to make an appointment to see or test drive a vehicle, hold or reserve a vehicle in the dealer's inventory, or negotiate the purchase or lease price of a vehicle directly with the dealer through a dealer -owned website or other digital retail process.

5. Restricts any of its franchised dealers in this State that own or operate a single location dealer website from displaying, selling, or leasing all brands and line-makes of new and used motor vehicles offered for sale or lease at that dealership location, including the dealer's display of manufacturer logos and marks for all such brands and line-makes of new motor vehicles the dealer is authorized by the manufacturer or distributor to offer for sale or lease, to the extent such display of manufacturer logos and marks does not interfere with the intellectual property rights of the manufacturer or advertise the products offered by the manufacturer or distributor in a disparaging or misleading manner.

6. Restricts any of its franchised dealers in this State that own or operate a dealer group website from displaying, selling, or leasing all brands and line-makes of new and used motor vehicles offered for sale or lease at any dealership affiliated with the dealer group, including the display of manufacturer logos and marks for all such brands and line-makes of new motor vehicles the dealer is authorized by the manufacturer or distributor to offer for sale or lease at any such affiliated dealerships, to the extent such display of manufacturer logos and marks does not interfere with the intellectual property rights of the manufacturer or advertise the products offered by the manufacturer or distributor in a disparaging or misleading manner.

Nothing contained in this sub-subdivision shall prevent or prohibit a manufacturer or distributor from requiring that, in establishing and operating either single location dealer websites or dealer group websites, dealers not violate the intellectual property rights of the manufacturer or distributor or advertise the products offered by the manufacturer or distributor in a disparaging or misleading manner.

b. Manufacturer websites. – It is unlawful for any manufacturer or distributor to do either of the following:

1. Fail to give, to the extent technologically feasible and practicable, substantially equivalent visibility to all of the manufacturer's or distributor's authorized same line-make franchised dealers that are located in this State, on any website owned, operated, or controlled by the manufacturer or distributor on which customers are permitted to order or reserve vehicles for purchase or lease, provided such visibility may be limited (i) at the election of the customer or (ii) in relation to the distance of the authorized dealer to the customer or the location at which the customer appears to be.

2. Maintain a website or other electronic or digital means of communication for negotiating or otherwise establishing

binding terms of sale or lease of new vehicles directly between the manufacturer or distributor and retail customers located in this State, provided that a manufacturer, factory branch, distributor, or distributor branch may maintain a website or other electronic or digital means of communication if the final selling or lease price of the new vehicles is determined by eligible dealers, and provided further that a dealer may not be required to set a nonnegotiable price as a condition for the dealer's inclusion on any website owned, controlled, or maintained by a manufacturer or distributor. Nothing in this sub-sub-subdivision shall prevent a manufacturer or distributor from engaging in fleet sales to a fleet customer that has a designation as such by the manufacturer or distributor, or establishing or offering employee or supplier discount pricing, provided the dealer is not required to participate in such program.

(57) To sell, or activate for a fee, any permanent or temporary motor vehicle accessory, option, add-on, service, feature, improvement, or upgrade on or to any motor vehicle owned or leased by a retail customer located in this State, through over-the-air or remote means, unless the manufacturer or distributor complies with all of the following requirements:

a. The manufacturer or distributor permits all of its franchised same line-make dealers that are located in this State to sell the same motor vehicle accessory, option, add-on, service, upgrade, feature, or improvement to retail customers on the same terms offered by the manufacturer or distributor.

b. The permanent or temporary motor vehicle accessory, option, add-on, service, upgrade, feature, or improvement is activated or installed directly on the retail customer's motor vehicle through remote electronic transmission.

c. If the sale or activation of the permanent or temporary motor vehicle accessory, option, add-on, service, upgrade, feature, or improvement by either the manufacturer or the direct involvement of the dealer who sells or leases the vehicle to the retail customer occurs at the time of the new motor vehicle sale or lease, or within the 12-month period immediately

following the sale or lease of the new motor vehicle by a North Carolina franchised motor vehicle dealer, the manufacturer or distributor provides the franchised motor vehicle dealer that sold the new motor vehicle reasonable compensation for the sale or activation of the accessory, option, add-on, service, upgrade, feature, or improvement to the original North Carolina vehicle owner or lessee when the cost of which would equal or exceed (i) fifty dollars ($50.00), if the cost or purchase price to the retail customer involves a single, one-time payment, or (ii) seventy -five dollars ($75.00) in cumulative cost or purchase price over any 12-month period, if the retail customer is making multiple or periodic payments.

d. If the sale or activation of the permanent or temporary motor vehicle accessory, option, add-on, service, upgrade, feature, or improvement did not occur as provided in sub-subdivision c. of this subdivision, and a North Carolina franchised new motor vehicle dealer of the manufacturer or distributor was directly involved in the sale of the feature or improvement, the manufacturer or distributor provides reasonable compensation to the North Carolina franchised new motor vehicle dealer that sold the accessory, option, add-on, service, upgrade, feature, or improvement to a North Carolina resident when the cost of which would equal or exceed (i) fifty dollars ($50.00), if the cost or purchase price to the retail customer involves a single, one-time payment, or (ii) seventy -five dollars ($75.00) in cumulative cost or purchase price over any 12-month period, if the retail customer is making multiple or periodic payments.

e. The manufacturer or distributor provides compensation consistent with

G.S. 20 -305.1 to an authorized dealer for providing assistance or repair at the dealership for a failed, damaged, nonfunctioning, or defective over-the-air or remote accessory, option, add-on, service, upgrade, feature or improvement, change, or repair, administered by the vehicle manufacturer to any part, system, accessory, or function of the customer's vehicle at the request of the customer.

f. When providing a new motor vehicle to a dealer for offer or sale to the public, the manufacturer or distributor shall provide to the dealer a written disclosure that may be furnished by the dealer to a potential purchaser or lessee of the new motor vehicle identifying each permanent or temporary motor vehicle accessory, option, add-on, service, upgrade, feature, or improvement of the vehicle that may be initiated, updated, changed, or maintained by the manufacturer or distributor through over-the-air or remote means, the cost to the retail customer at the time of the new motor vehicle sale or lease, and the fact that all such accessories, options, add-ons, services, upgrades, features, or improvements may be purchased directly from the dealer. A manufacturer or distributor may comply with this sub-subdivision by notifying the dealer that such information is available on a website or by other digital means. § 20-305.1. Automobile dealer warranty and recall obligations.

(a) Each motor vehicle manufacturer, factory branch, distributor or distributor branch, shall specify in writing to each of its motor vehicle dealers licensed in this State the dealer's obligations for preparation, delivery, warranty, manufacturer -sponsored maintenance programs, manufacturer extended warranty, parts exchange programs, and recall service on its products. The disclosure required under this subsection shall include the schedule of compensation to be paid the dealers for parts, work, and service in connection with preparation, delivery, warranty, and recall service, and the time allowances for the performance of the work and service. In no event shall the schedule of compensation fail to include reasonable compensation for diagnostic work, shipping, if required by the manufacturer or distributor, and for battery disposal or other disposal charges and all other associated fees that were actually incurred by the dealer, and associated administrative requirements as well as repair service and labor. Time allowances for the performance of preparation, delivery, warranty, and recall work and service shall be reasonable and adequate for the work to be performed. The compensation paid under this section shall be reasonable, provided, however, that under no circumstances shall the reasonable compensation under this section for warranty and recall service be in an amount less than the dealer's current retail labor rate and the amount charged to retail customers for the manufacturer's or distributor's original parts for nonwarranty work of like kind, provided the amount is competitive with the retail rates charged for parts and labor by other franchised dealers of the same line-make located within the dealer's market. If there is no other same line-make dealer located in the dealer's market or if all other same line-make dealers in the dealer's market are owned or operated by the same entities or individuals as the dealership being compared, the retail rates charged for parts and labor by other franchised dealers located in the dealer's market that sell competing line-make motor vehicles as the dealer may be considered when determining whether the dealer's rates are competitive.

(a1) The retail rate customarily charged by the dealer for parts and labor may be established at the election of the dealer by the dealer submitting to the manufacturer or distributor 100 sequential nonwarranty customer -paid service repair orders which contain warranty -like parts, or 60 consecutive days of nonwarranty customer -paid service repair orders which contain warranty -like parts, whichever is less, covering repairs made no more than 180 days before the submission and declaring the average percentage markup. The average of the parts markup rate and the average labor rate shall both be presumed to be reasonable, however, a manufacturer or

distributor may, not later than 30 days after submission, rebut that presumption by reasonably substantiating that the rate is unfair and unreasonable in light of the retail rates charged for parts and labor by all other franchised motor vehicle dealers located in the dealer's relevant market area offering the same line-make vehicles. In the event there are no other franchised dealers offering the same line-make of vehicle in the dealer's relevant market area, the manufacturer or distributor may
compare the dealer's retail rate for parts and labor with the retail rates charged for parts and labor by
other same segment franchised dealers who are selling competing line-makes of vehicles within the dealer's relevant market area. In the event there is also no other same segment franchised dealer who is selling a competing line-make of vehicle within the dealer's relevant market area, the manufacturer or distributor may then compare the dealer's retail rate for parts and labor with the retail rates charged for parts and labor by other same line-make dealers or same segment franchised dealers who are selling competing line-makes of vehicles that are located within the relevant market area of the franchised dealer who is located in closest proximity, measured by straight -line distance, to the dealer, provided they are not all owned, operated, or controlled by the subject dealer. For the purposes of this section, the term "relevant market area" shall have the same meaning as set forth in G.S. 20 -286(13b). The retail rate and the average labor rate shall go into effect 30 days following the manufacturer's approval, but in no event later than 60 days following the declaration, subject to audit of the submitted repair orders by the manufacturer or distributor and a rebuttal of the declared rate as described above. If the declared rate is rebutted, the manufacturer or distributor shall propose an adjustment of the average percentage markup based on that rebuttal not later than 30 days after such audit, but in no event later than 60 days after submission. If the dealer does not agree with the proposed average percentage markup, the dealer may file a protest with the Commissioner not later than 30 days after receipt of that proposal by the manufacturer or distributor. If such a protest is filed, the Commissioner shall inform the manufacturer or distributor that a timely protest has been filed and that a hearing will be held on such protest. In any hearing held pursuant to this subsection, the manufacturer or distributor shall have the burden of proving by a preponderance of the evidence that the rate declared by the dealer was unreasonable as described in this subsection and that the proposed adjustment of the average percentage markup is reasonable pursuant to the provisions of this subsection. If the dealer prevails at a protest hearing, the dealer's proposed rate, affirmed at the hearing, shall be effective as of 60 days after the date of the dealer's initial submission of the customer -paid service orders to the manufacturer or distributor. If the manufacturer or distributor prevails at a protest hearing, the rate proposed by the manufacturer or distributor, that was affirmed at the hearing, shall be effective beginning 30 days following issuance of the final order.

(a2) In calculating the retail rate customarily charged by the dealer for parts and labor, the following work shall not be included in the calculation:

(1) Repairs for manufacturer or distributor special events, specials, coupons, or other promotional discounts for retail customer repairs.

(2) Parts sold at wholesale or at reduced or specially negotiated rates for insurance repairs.

(3) Engine and transmission assemblies.

(4) Routine maintenance, including fluids, filters, alignments, flushes, oil changes, belts, and brake drums/rotors and shoes/pads not provided in the course of repairs.

(5) Nuts, bolts, fasteners, and similar items that do not have an individual part number.

(6) Tires and vehicle alignments.

(7) Vehicle reconditioning.

(8) Batteries and light bulbs.

(a3) If a manufacturer or distributor furnishes a part or component to a dealer, at reduced or no cost, to use in performing repairs under a recall, campaign service action, or warranty repair, the
manufacturer or distributor shall compensate the dealer for the part or component in the same manner as warranty parts compensation under this section by compensating the dealer on the basis of the dealer's average markup on the cost for the part or component as listed in the manufacturer's or distributor's price schedule less the cost for the part or component.

(a4) A manufacturer or distributor may not require a dealer to establish the retail rate customarily charged by the dealer for parts and labor by an unduly burdensome or time-consuming method or by requiring information that is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction -by-transaction calculations.

(b) Notwithstanding the terms of any franchise agreement, it is unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to perform any of its warranty or recall obligations with respect to a motor vehicle, to fail to fully compensate its motor vehicle dealers licensed in this State for a qualifying used motor vehicle pursuant to subsections (i) and (j) of this section or warranty and recall parts other than parts used to repair the living facilities of recreational vehicles, including motor homes, travel trailers, fifth-wheel trailers, camping trailers, and truck campers as defined in G.S. 20 -4.01(32b), at the prevailing retail rate according to the factors in subsection (a) of this section, or, in service in accordance with the schedule of compensation provided the dealer pursuant to subsection (a) of this section, or to otherwise recover all or any portion of its costs for compensating its motor vehicle dealers licensed in this State for warranty or recall parts and service or for payments for a qualifying used motor vehicle pursuant to subsections (i) and (j) of this section either by reduction in the amount due to the dealer, or by separate charge, surcharge, or other imposition, and to fail to indemnify and hold harmless its franchised dealers licensed in this State against any judgment for damages or settlements agreed to by the manufacturer, including, but not limited to, court costs and reasonable attorneys' fees of the motor vehicle dealer, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, express or implied warranty, or recision or revocation of acceptance of the sale of a motor vehicle as defined in G.S. 25 -2-608, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, factory branch, distributor or distributor branch, beyond the control of the dealer. Any audit, other than an audit conducted for cause, for warranty or recall parts or service compensation, or compensation for a qualifying used motor vehicle in accordance with subsections (i) and (j) of this section may only be conducted one time within any 12-month period and shall only be for the 12-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, or distributor branch. Any audit, other than an audit conducted for cause, for sales incentives, service incentives, rebates, or other forms of incentive compensation may only be conducted one time within any 12-month period and shall only be for the 12-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, or distributor branch pursuant to a sales incentives program, service incentives program, rebate program, or other form of incentive compensation program. Provided, however, these limitations shall not be effective in the case of fraudulent claims. For purposes of this subsection, the term "audit conducted for cause" is defined as an audit based on any of the following: (i) statistical evidence that the dealer's claims are unreasonably high in comparison to other dealers similarly situated or the dealer's claim history, (ii) that the dealer's claims submissions violate reasonable claims documentation or other requirements of the applicable manufacturer, factory branch, distributor, or distributor branch, (iii) a follow up to an earlier audit in which the dealer was notified of a claim documentation procedure violation that occurred within the prior

or (b2) of this section and are limited in scope to just the specific violation determined previously, or (iv) reasonable evidence of malfeasance or fraud. In the event a manufacturer, factory branch, distributor, or distributor branch elects to perform an audit conducted for cause, the manufacturer, factory branch, distributor, or distributor branch, simultaneously with providing the affected dealer with written notice of the audit, shall further be required to explain in detail in the notice the data or other foundation upon which the cause is based.

(b1) All claims made by motor vehicle dealers pursuant to this section for compensation for delivery, preparation, warranty, and recall work, including compensation for a qualifying used motor vehicle in accordance with subsection (i) of this section, labor, parts, and other expenses, shall be paid by the manufacturer within 30 days after receipt of claim from the dealer. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. Any claim not specifically disapproved in writing within 30 days after receipt shall be considered approved and payment is due immediately. No claim which has been approved and paid may be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the claim either in accordance with the manufacturer's reasonable written procedures or by other reasonable means. A manufacturer or distributor shall not deny a claim or reduce the amount to be reimbursed to the dealer as long as the dealer has provided reasonably sufficient documentation that the dealer:

(1) Made a good faith attempt to perform the work in compliance with the written

policies and procedures of the manufacturer; and
(2) Actually performed the work.
Notwithstanding the foregoing, a manufacturer shall not fail to fully compensate a dealer for warranty or recall work or make any chargeback to the dealer's account based on the dealer's failure to comply with the manufacturer's claim documentation procedure or procedures unless both of the following requirements have been met:
(1) The dealer has, within the previous 12 months, failed to comply with the same specific claim documentation procedure or procedures; and
(2) The manufacturer has, within the previous 12 months, provided a written warning to the dealer by certified United States mail, return receipt requested, identifying the specific claim documentation procedure or procedures violated by the dealer.
Nothing contained in this subdivision shall be deemed to prevent or prohibit a manufacturer from adopting or implementing a policy or procedure which provides or allows for the self-audit of dealers, provided, however, that if any such self-audit procedure contains provisions relating to claim documentation, such claim documentation policies or procedures shall be subject to the prohibitions and requirements contained in this subdivision. Notices sent by a manufacturer under a bona fide self-audit procedure shall be deemed sufficient notice to meet the requirements of this subsection provided that the dealer is given reasonable opportunity through self-audit to identify and correct any out-of-line procedures for a period of at least 60 days before the manufacturer conducts its own audit of the dealer warranty operations and procedures. A manufacturer may further not charge a dealer back subsequent to the payment of the claim unless a representative of the manufacturer has met in person at the dealership, or by telephone, with an officer or employee of the dealer designated by the dealer and explained in detail the basis for each of the proposed charge -backs and thereafter given the dealer's representative a reasonable opportunity at the NC General Statutes - Chapter 20 643meeting, or during the telephone call, to explain the dealer's position relating to each of the proposed charge -backs. In the event the dealer was selected for audit or review on the basis that some or all of the dealer's claims were viewed as excessive in comparison to average, mean, or aggregate data accumulated by the manufacturer, or in relation to claims submitted by a group of other franchisees of the manufacturer, the manufacturer shall, at or prior to the meeting or telephone call with the dealer's representative, provide the dealer with a written statement containing the basis or methodology upon which the dealer was selected for audit or review.
(b2) A manufacturer may not deny a motor vehicle dealer's claim for sales incentives, service incentives, rebates, or other forms of incentive compensation, reduce the amount to be paid to the dealer, or charge a dealer back subsequent to the payment of the claim unless it can be shown that the claim was false or fraudulent or that the dealer failed to reasonably substantiate the claim either in accordance with the manufacturer's reasonable written procedures or by other reasonable means.
(b3) (1) For purposes of this subsection, the term "manufacturer" shall include the terms "manufacturer," "manufacturer branch," "distributor," and "distributor branch," as those terms are defined in G.S. 20 -286.
(2) Notwithstanding the terms of any franchise or other agreement, or the terms of any program, policy, or procedure of any manufacturer, it shall be unlawful for any manufacturer to take or threaten to take any adverse action against a dealer located in this State, or to otherwise discriminate against any dealer located in this State when:
a. The dealer failed to ensure that the purchaser or lessee paid personal property tax on the vehicle purchased or leased from the dealer;
b. The dealer failed to ensure that the vehicle being purchased or leased had been permanently registered in this State or in any other state in which the dealer was not required to ensure that the vehicle's permanent registration was processed or submitted at the time of the vehicle's purchase or lease;
c. The manufacturer extrapolated the imposition of any adverse action based on a certain number or percentage of the vehicles sold or leased by a dealer over a specified period of time having been exported or brokered; or
d. The dealer sold or leased a motor vehicle to a customer who either exported the vehicle to a foreign country or who resold the vehicle to a third party, unless:

1. The dealer reasonably should have known that the customer intended to export or resell the motor vehicle prior to the customer's purchase or lease of the vehicle from the dealer;
2. The vehicle sold or leased by the dealer was exported to a foreign country within 180 days after the date of sale or lease by the dealer; and
3. The affected manufacturer provided written notification to the affected motor vehicle dealer of the resale or export within 12 months from the date of sale or lease.

Notwithstanding the provisions of sub-subdivision d. of this subdivision, a manufacturer may take adverse action against a dealer
located in this State if the dealer sold or leased a motor vehicle to a customer who either exported the vehicle to a foreign country or who resold the vehicle to a third party and the dealer, prior to the customer's purchase or lease of the vehicle from the dealer, had actual knowledge that the customer intended to export or resell the motor vehicle.

(3) The adverse action and discrimination prohibited under this subsection includes, but is not limited to, a manufacturer's actual or threatened:

a. Failure or refusal to allocate, sell, or deliver motor vehicles to the dealer;
b. Discrimination against any dealer in the allocation of vehicles;
c. Charging back or withholding payments or other compensation or consideration that a dealer is otherwise entitled to receive and that is not otherwise the subject of a dispute for warranty reimbursement or under a sales promotion, incentive program, contest, or other program or policy that would provide any compensation or support for the dealer;
d. Disqualification of a dealer from participating in, or discrimination against any dealer relating to, any sales promotion, incentive program, contest, or other program or policy that would provide any compensation or support for the dealer;
e. Termination of a franchise; or
f. The imposition of any fine, penalty, chargeback, or other disciplinary or punitive measure.

(4) In any proceeding brought pursuant to this subsection, the affected manufacturer shall have the burden of proving that the dealer knew or reasonably should have known that the customer intended to export or resell the motor vehicle prior to the customer's purchase or lease of the vehicle from the dealer, subject to the following provisions:

a. There shall be a rebuttable presumption that the dealer, prior to the customer's purchase or lease of the vehicle, did not know nor should have reasonably known that the customer intended to export or resell the motor vehicle, if:
1. Following the sale or lease, the dealer submitted the requisite documentation to the appropriate governmental entity to enable the vehicle to be titled, registered and, where applicable, sales or highway use tax paid in any state or territory within the United States in the name of a customer who was physically present at the dealership at or prior to the time of sale or lease; and
2. The customer's identifying information was not included on a list of known or suspected exporters or resellers identified and made readily accessible to the dealer by the applicable manufacturer at the time of the sale or lease.

b. There shall be a rebuttable presumption that the dealer, prior to the customer's purchase or lease of the vehicle, knew or reasonably should have known that the customer intended to export or resell the motor vehicle if the customer's identifying information was included on a list of known or suspected exporters or resellers identified and made readily
accessible to the dealer by the applicable manufacturer at the time of the sale or lease.

c. Nothing contained in subdivision (2) of this subsection shall be deemed to prevent or prohibit the Commissioner or the affected manufacturer

from considering one or more of the factors delineated in sub-subdivisions a. through c. of subdivision (2) of this subsection in determining whether the dealer knew or reasonably should have known that the customer intended to export or resell the motor vehicle prior to the customer's purchase or lease of the vehicle from the dealer.

(5) Any audit of a dealer by a manufacturer for sales or leases made to known exporters or brokers may only be conducted one time within any 12-month period and shall only be for the 12-month period immediately preceding the audit, provided, however, that nothing in this subsection shall prohibit or limit the ability of a manufacturer, factory branch, distributor, or distributor branch to conduct any audit of sales or leases made by one of its franchised dealers to known exporters or brokers for cause at any time during the permitted time period. For purposes of this subdivision, the term "for cause" means the dealer's sale or lease of motor vehicles to individuals identified on a list of known motor vehicle exporters or brokers previously provided by or posted on a Web site made accessible to the dealer by the manufacturer, factory branch, distributor, or distributor branch or reasonable evidence that the dealer knew or reasonably should have known that the customer intended to export or resell the motor vehicle.

(b4) Any person or other entity employed or contracted by a manufacturer, factory branch, distributor, or distributor branch to conduct an audit of a motor vehicle dealer regulated by this section shall comply with all the requirements of this section. It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch to contract with or employ any person or other entity to conduct an audit of any motor vehicle dealer located in this State regulated under this section for which the person or other entity conducting the audit of the dealer would be in any part compensated on the basis of the dollar amount, volume, or number of chargebacks that would result to the dealer from the audit.

(c) In the event there is a dispute between the manufacturer, factory branch, distributor, or distributor branch, and the dealer with respect to any matter referred to in subsection (a), (b), (b1), (b2), (b3), (b4), (d), or (i) of this section, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing on the subject and the decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in Chapter 150B of the General Statutes; provided, however, that nothing contained herein shall give the Commissioner any authority as to the content of any manufacturer's or distributor's warranty. Upon the filing of a petition before the Commissioner under this subsection, any chargeback to or any payment required of a dealer by a manufacturer relating to warranty or recall parts or service compensation, or to sales incentives, service incentives, rebates, other forms of incentive compensation, or the withholding or chargeback of other compensation or support that a dealer would otherwise be eligible to receive, shall be stayed during the pendency of the determination by the Commissioner.

(d) Transportation damages. –

 646(1) Notwithstanding the terms, provisions or conditions of any agreement or franchise, the manufacturer is liable for all damages to motor vehicles before delivery to a carrier or transporter.

(2) If a new motor vehicle dealer determines the method of transportation, the risk of loss passes to the dealer upon delivery of the vehicle to the carrier.

(3) In every other instance, the risk of loss remains with the manufacturer until such time as the new motor vehicle dealer or his designee accepts the vehicle from the carrier.

(4) Whenever a motor vehicle is damaged while in transit when the carrier or the means of transportation is designated by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the dealer, the dealer must:

a. Notify the manufacturer or distributor of such damage within three working days or within such additional time as authorized by the franchise agreement of the occurrence of the delivery of the motor vehicle as defined in subsection (1) of this section; and

b. Must request from the manufacturer or distributor authorization to repair the damages sustained or to replace the parts or accessories damaged.

(5) In the event the manufacturer or distributor refuses or fails to authorize repair or replacement of any such damage within ten working days after receipt of notification of damage by the dealer, ownership of the motor vehicle shall revert to the manufacturer or distributor, and the dealer shall incur no obligation, financial or otherwise, for such damage to the motor vehicle.
(5a) No manufacturer shall fail to disclose in writing to a new motor vehicle dealer, at the time of delivery of a new motor vehicle, the nature and extent of any and all damage and post-manufacturing repairs made to such motor vehicle while in the possession or under the control of the manufacturer if the cost of such post-manufacturing repairs exceeds three percent (3%) of the manufacturer's suggested retail price. A manufacturer is not required to disclose to a new motor vehicle dealer that any glass, tires or bumper of a new motor vehicle was damaged at any time if the damaged item has been replaced with original or comparable equipment.
(6) Nothing in this subsection (d) shall relieve the dealer of the obligation to cooperate with the manufacturer as necessary in filing any transportation damage claim with the carrier.
(e) Damage/Repair Disclosure. – Notwithstanding the provisions of subdivision (d)(4) of this section and in supplementation thereof, a new motor vehicle dealer shall disclose in writing to a purchaser of the new motor vehicle prior to entering into a sales contract any damage and repair to the new motor vehicle if the damage exceeds five percent (5%) of the manufacturer's suggested retail price as calculated at the rate of the dealer's authorized warranty rate for labor and parts.
(1) A new motor vehicle dealer is not required to disclose to a purchaser that any damage of any nature occurred to a new motor vehicle at any time if the total cost of all repairs fails to exceed five percent (5%) of the manufacturer's suggested retail price as calculated at the time the repairs were made based upon
the dealer's authorized warranty rate for labor and parts and the damaged item has been replaced with original or comparable equipment.
(2) If disclosure is not required under this section, a purchaser may not revoke or rescind a sales contract or have or file any cause of action or claim against the dealer or manufacturer for breach of contract, breach of warranty, fraud, concealment, unfair and deceptive acts or practices, or otherwise due solely to the fact that the new motor vehicle was damaged and repaired prior to completion of the sale.
(3) For purposes of this section, "manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer including the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer which is not included within the retail price suggested by the manufacturer for the new motor vehicle.
(f) The provisions of subsections (a), (b), (b1), (d) and (e) shall not apply to manufacturers and dealers of "motorcycles" as defined in G.S. 20 -4.01(27).
(f1) The provisions of subsections (a), (b), (b1), (b2), and (c) of this section applicable to a motor vehicle manufacturer shall also apply to a component parts manufacturer. For purposes of this section, a component parts manufacturer means a person, resident, or nonresident of this State who manufactures or assembles new motor vehicle "component parts" and directly warrants the component parts to the consumer. For purposes of this section, component parts means an engine, power train, rear axle, or other part of a motor vehicle that is not warranted by the final manufacturer of the motor vehicle.
(f2) The provisions of subsections (d) and (e) of this section shall not apply to a State agency that assists the United States Department of Defense with purchasing, transferring, or titling a vehicle to another State agency, a unit of local government, a volunteer fire department, or a volunteer rescue squad.
(g) Truck Dealer Cost Reimbursement. – Every manufacturer, manufacturer branch, distributor, or distributor branch of new motor vehicles, or any affiliate or subsidiary thereof, which manufactures or distributes new motor vehicles with a gross vehicle weight rating of 16,000 pounds or more shall compensate its new motor vehicle dealers located in this State for the cost of special tools, equipment, and training for which its dealers are liable when the applicable manufacturer, manufacturer branch, distributor, or distributor branch sells a portion of its vehicle inventory to converters and other nondealer retailers. The purpose of this reimbursement is to

compensate truck dealers for special additional costs these dealers are required to pay for servicing these vehicles when the dealers are excluded from compensation for these expenses at the point of sale. The compensation which shall be paid pursuant to this subsection shall be applicable only with respect to new motor vehicles with a gross vehicle weight rating of 16,000 pounds or more which are registered to end users within this State and that are sold by a manufacturer, manufacturer branch, distributor, or distributor branch to either of the following:

(1) Persons or entities other than new motor vehicle dealers with whom the manufacturer, manufacturer branch, distributor, or distributor branch has entered into franchises.

(2) Persons or entities that install custom bodies on truck chassis, including, but not limited to, mounted equipment or specialized bodies for concrete distribution, firefighting equipment, waste disposal, recycling, garbage disposal, buses,

utility service, street sweepers, wreckers, and rollback bodies for vehicle recovery; provided, however, that no compensation shall be required to be paid pursuant to this subdivision with respect to vehicles sold for purposes of manufacturing or assembling school buses. Additionally, no compensation shall be required to be paid pursuant to this subdivision with respect to any vehicles that were sold to the end user by a franchised new motor vehicle dealer.

The amount of compensation that shall be payable by the applicable manufacturer, manufacturer branch, distributor, or distributor branch shall be one thousand five hundred dollars ($1,500) per new motor vehicle registered in this State whose chassis has a gross vehicle weight rating of 16,000 pounds or more. The compensation required pursuant to this subsection shall be paid by the applicable manufacturer, manufacturer branch, distributor, or distributor branch to its franchised new motor vehicle dealer in closest proximity to the registered address of the end user to whom the motor vehicle has been registered within 30 days after registration of the vehicle. Upon receiving a request in writing from one of its franchised dealers located in this State, a manufacturer, manufacturer branch, distributor, or distributor branch shall promptly make available to the dealer its records relating to the registered addresses of its new motor vehicles registered in this State for the previous 12 months and its payment of compensation to dealers as provided in this subsection.

(h) Right to Return Unnecessary Parts or Accessories. – Notwithstanding the terms of any franchise agreement, it is unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to deny a franchised new motor vehicle dealer the right to return any part or accessory that the dealer has not sold after 15 months where the part or accessory was not obtained through a specific order initiated by the franchised new motor vehicle dealer, but instead was specified for, sold to, and shipped to the dealer pursuant to an automated ordering system, provided that the part or accessory is in the condition required for return to the manufacturer, factory branch, distributor, or distributor branch and the dealer returns the part within 60 days of it becoming eligible under this subsection. For purposes of this subsection, an "automated ordering system" shall be a computerized system required by the manufacturer that automatically specifies parts and accessories for sale and shipment to the dealer without specific order thereof initiated by the dealer. The manufacturer, factory branch, distributor, or distributor branch shall not charge a restocking or handling fee for any part or accessory being returned under this subsection.

(i) Compensation for Used Motor Vehicle Recall. – Notwithstanding the terms of any franchise or other agreement other than an agreement permitted by this subsection (i) of this section, it is unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to compensate a franchised motor vehicle dealer for any qualifying used motor vehicle in the inventory of a dealer authorized to sell new motor vehicles of the same line-make or by a dealer authorized to perform recall repairs on vehicles of the same line-make in the manner specified in this subsection. The manufacturer, factory branch, distributor, or distributor branch shall compensate the dealer for any qualifying used motor vehicle in the inventory of the dealer at the prorated rate of at least one and one-half percent (1.5%) per month of the average trade -in value of the qualifying used motor vehicle beginning on the date the vehicle becomes a qualifying used motor vehicle and ending on and including the date the vehicle ceases to be a qualifying used motor vehicle pursuant to subsection (j) of this section. Any claim by a dealer for compensation owed under this subsection may be submitted by the dealer on a monthly basis, and the manufacturer, factory branch, distributor, or distributor branch shall approve or disapprove the claim within 30 days of receipt of the claim and shall process and pay the claim within 60 days after the approval of

the claim. Every manufacturer, manufacturer branch, distributor, and distributor branch licensed

by the Commissioner under this Article shall establish a simple, convenient, and efficient process for its franchised dealers to submit claims for compensation under this subsection on a monthly basis. Such process shall provide for a manner and method for a dealer to demonstrate the inventory status of a qualifying used motor vehicle, provided the manner and method is reasonable and does not require information that is unduly burdensome. Nothing in this subsection shall prohibit a manufacturer, factory branch, distributor, or distributor branch from compensating a dealer for a qualifying used motor vehicle under a national recall compensation program instead of the basis established in this section, provided that the compensation paid to dealers under the program is equal to or exceeds the level of compensation required by this subsection on a monthly basis and the compensation payments are made within the time periods required by this section. Nothing in this subsection shall prohibit a dealer and a manufacturer, factory branch, distributor, or distributor branch from voluntarily entering an agreement the sole subject matter of which is compensation for a dealer for a used motor vehicle subject to a recall and which provides a compensation amount or other related terms that differ from the compensation amount and other requirements specified in subsection (j) of this section provided that the dealer's ability to participate in or qualify for any incentive program offered or sponsored by the manufacturer or distributor or to otherwise receive any discounts, credits, rebates, or incentives of any kind is not conditioned upon the dealer's willingness to enter such an agreement. Nothing in this subsection shall require a manufacturer, factory branch, distributor, or distributor branch to provide total compensation in excess of the total average trade -in value of the qualifying used motor vehicle.

(j) Definitions – The following definitions apply in this section:

(1) "Average trade -in value" means the value of a used motor vehicle as determined by reference to a generally accepted, nationally published, third -party used vehicle valuation guide book.

(2) "Qualifying used motor vehicle" means a motor vehicle that meets all of the following: (i) a used motor vehicle of a line-make for which the dealer holds an active franchise with the manufacturer to sell and service new motor vehicles; (ii) a used motor vehicle of a model subject to a recall notice and subject to or covered under a stop-sale or do-not-drive order issued by the manufacturer of the motor vehicle or issued by the National Highway Traffic Safety Administration; (iii) parts or other remedy sufficient to fully repair the underlying defect that resulted in the recall of the motor vehicle to the extent that the motor vehicle is no longer subject to or covered by a stop-sale or do-not-drive order issued by the manufacturer of the motor vehicle were not made available to the dealer within 30 days of the date of the notice of recall by the manufacturer; (iv) a motor vehicle in the dealer's inventory or otherwise owned by the dealer at the time a stop-sale or do-not-drive order is issued or taken into the used motor vehicle inventory of the dealer as a consumer trade -in incident to the purchase of a motor vehicle from the dealer after the stop-sale or do-not-drive order is issued. A motor vehicle meeting the definition of a "qualifying used motor vehicle" pursuant to this subdivision shall cease to be a "qualifying used motor vehicle" on the earlier of the following: (i) the date the remedy or parts to fully repair the underlying defect that resulted in the recall of the motor vehicle to an extent that the motor vehicle is no longer subject to or covered by a stop-sale or do-not-drive order issued by the manufacturer of the

motor vehicle are made available to the dealer; (ii) the date the dealer sells, trades, or otherwise disposes of the qualifying used motor vehicle; or (iii) the date the manufacturer provides notice to the dealer that the stop-sale or do-not-drive order is no longer in effect.

(3) "Stop -sale or do-not-drive order" means a notification, directive, or order issued by a manufacturer, factory branch, distributor, or distributor branch to its franchised dealers or issued by the National Highway Traffic Safety Administration stating that motor vehicle models of certain used vehicles in inventory shall not be sold or leased, at either retail or wholesale, due to a federal safety recall for a defect or a noncompliance recall, or a federal emissions recall.

Nothing in this subsection shall be construed as excluding from the definition of a qualifying used motor vehicle a motor vehicle on which a previously issued notice of recall or a stop-sale or do-not-drive order remains in effect as of the effective date of this subsection, or a motor vehicle that becomes subject to a notice of recall or a stop-sale or do-not drive order on or after the effective

date of this subsection, provided that the motor vehicle otherwise meets the criteria for a qualifying used motor vehicle. Subsections (i) and (j) of this section shall not be applicable to any manufacturer, factory branch, distributor, or distributor branch that manufactures or distributes recreational vehicles.

(k) Any compensation provided to the dealer that meets the minimum requirements of subsection (i) of this section is exclusive and may not be combined with any other state or federal recall compensation civil remedy for used motor vehicles subject to recall. (1973, c. 88, s. 3; c. 1331, s. 3; 1983, c. 704, ss. 11-13; 1987, c. 827, s. 1; 1989, c. 614, ss. 1, 2; 1991, c. 561, ss. 1-4; 1993, c. 116, ss. 1, 2; 1995, c. 156, s. 1; 1997 -319, s. 4; 1999 -335, ss. 3, 3.1, 4; 2003 -113, s. 5; 2003 -258, s. 4; 2007 -513, ss. 5-7, 11; 2009 -338, ss. 3, 4; 2009 -550, s. 2(c); 2011 -290, s. 10; 2013 -302, s. 10; 2015 -209, ss. 6, 7, 8, 9.; 2017 -148, s. 3; 2018 -27, s. 2; 2019 -125, ss. 6, 9; 2021 -147, s. 9; 2023 -116, s. 5.)

§ 20-305.2. Unfair methods of competition; protection of car-buying public.

(a) It is unlawful for any motor vehicle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, to directly or indirectly through any parent, subsidiary, or affiliated entity, whether or not such motor vehicle manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof has entered into a franchise, within the meaning of G.S. 20 -286(8a), with any person or entity in this State, own any ownership interest in, operate, or control any motor vehicle dealer in this State or any entity in this State that provides warranty service or repairs at retail, to file a motor vehicle dealer application with the Division pursuant to G.S. 20 -288, or to be licensed by the Division as a motor vehicle dealer, provided that this section shall not be construed to prohibit any of the following:

(1) The operation by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, of a dealership for a temporary period (not to exceed one year) during the transition from one owner or operator to another.

(2) The ownership or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, while in a bona fide relationship with an economically disadvantaged or other independent person, other than a manufacturer, factory branch, distributor, distributor branch, or an agent or affiliate thereof, who has made a bona fide, unencumbered initial

investment of at least six percent (6%) of the total sales price that is subject to loss in the dealership and who can reasonably expect to acquire full ownership of the dealership within a reasonable period of time, not to exceed 12 years, and on reasonable terms and conditions.

(3) The ownership, operation or control of a dealership by a manufacturer, factory branch, distributor, distributor branch, or subsidiary thereof, if such manufacturer, factory branch, distributor, distributor branch, or subsidiary has been engaged in the retail sale of motor vehicles through such dealership for a continuous period of three years prior to March 16, 1973, and if the Commissioner determines, after a hearing on the matter at the request of any party, that there is no independent dealer available in the relevant market area to own and operate the franchise in a manner consistent with the public interest.

(4) Repealed by Session Laws 2019 -125, s. 10, effective July 19, 2019.

(4a) The ownership, operation, or control of a maximum total number of five motor vehicle dealership locations within this State prior to December 31, 2020, or a maximum total number of six motor vehicle dealership locations within this State on or after January 1, 2021, by a manufacturer that manufactures and sells only motor vehicles that are plug-in electric vehicles that do not rely on any nonelectric source of power in all modes of operation; provided, however, that this subdivision shall be applicable only to a manufacturer that had at least one motor vehicle dealership licensed in this State by the Division as of March 1, 2019. The Division shall deny any motor vehicle dealer application that, if granted by the Division, would allow said manufacturer, or any parent, subsidiary, or other person or entity affiliated with the manufacturer, to own, operate, or control any more than the maximum total number of motor vehicle dealership locations in this State permitted by this subdivision. Provided further, that the Commissioner shall promptly revoke any motor vehicle dealer license granted under this section upon discovery of the occurrence of any of the following events:

a. The manufacturer ceases to manufacturer or distribute only motor

vehicles that are electric vehicles that do not rely on any nonelectric source of power in all modes of operation.
b. The manufacturer enters into a franchise with any dealer located in this State.
c. For purposes of this sub-subdivision, the term "substantial affiliation" means either of the following:
1. The ownership by the manufacturer of a direct or indirect interest of greater than thirty percent (30%) of the shareholder voting control of an entity that is a motor vehicle manufacturer, factory branch, distributor, or distributor branch, as these terms are defined in G.S. 20 -286.
2. The combined direct or indirect ownership by one or more motor vehicle manufacturers, factory branches, distributors, or
distributor branches, as these terms are defined in G.S. 20 -286, or one of their affiliates, of greater than thirty percent (30%) of the shareholder voting control of the manufacturer.
d. The manufacturer sells or offers for sale any new motor vehicles identified as, or bearing the logo or brand of, a motor vehicle manufacturer or distributor which has any franchised dealers within this State, provided, however, that this provision shall not be deemed to be violated if any component parts of a motor vehicle are branded with the name of or logo of another motor vehicle manufacturer as long as the vehicle as a whole is clearly identified as, and branded exclusively with the brand of the electric vehicle manufacturer that holds the motor vehicle dealer license.
(5) The ownership, operation, or control of any facility (location) of a new motor vehicle dealer in this State at which the dealer sells only new and used motor vehicles with a gross weight rating of 8,500 pounds or more, provided that both of the following conditions have been met:
a. The facility is located within 35 miles of manufacturing or assembling facilities existing as of January 1, 1999, and is owned or operated by the manufacturer, manufacturing branch, distributor, distributor branch, or any affiliate or subsidiary thereof which assembles, manufactures, or distributes new motor vehicles with a gross weight rating of 8,500 pounds or more by such dealer at said location; and
b. The facility is located in the largest Standard Metropolitan Statistical Area (SMSA) in the State.

b. At the time the manufacturer, factory branch, distributor, distributor branch, or subsidiary or affiliate thereof first acquires ownership or assumes operation or control with respect to any such dealership, the distance between the dealership thus owned, operated, or controlled and the nearest other new motor vehicle dealership trading in the same line make of vehicle, is no less than 35 miles;
c. All the manufacturer's franchise agreements confer rights on the dealer of the line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and

manufacturer shall agree are appropriate; and
NC General Statutes - Chapter 20 653d. That as of July 1, 1999, not fewer than half of the dealers of the line make within the State own and operate two or more dealership facilities in the geographic territory or area covered by the franchise agreement with the manufacturer.

(8) A manufacturer that manufactures and distributes only low-speed vehicles that meet the applicable NHTSA standards for low-speed vehicles; provided, however, that this subdivision is applicable only to a manufacturer that had at least one motor vehicle dealership licensed in this State by the Division as of March 1, 2019.
(b) Subsection (a) of this section does not apply to manufacturers or distributors of trailers or semitrailers that are not recreational vehicles as defined in G.S. 20 -4.01.
(c) For purposes of subsection (d) of this section, the following definitions apply:
(1) Former Franchisee. – A new motor vehicle dealer, as defined in G.S. 20 -286(13), that has entered into a franchise, as defined in G.S. 20 -286(8a) with a predecessor manufacturer and that has either:
a. Entered into a termination agreement or deferred termination agreement with a predecessor or successor manufacturer related to such franchise; or
b. Has had such franchise canceled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended.
(2) Relevant market area. – The area within a 10-, 15-, or 20-mile radius around the site of the previous franchisee's dealership facility, as determined in the same manner that the relevant market area is determined under G.S. 20 -286(13b) when a manufacturer is seeking to establish an additional new motor vehicle dealer.
(3) Successor manufacturer. – Any motor vehicle manufacturer, as defined in G.S. 20 -286(8e), that, on or after January 1, 2009, acquires, succeeds to, or assumes any part of the business of another manufacturer, referred to as the "predecessor manufacturer," as the result of any of the following:
a. A change in ownership, operation, or control of the predecessor manufacturer by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, court -approved sale, operation of law or otherwise.
b. The termination, suspension, or cessation of a part or all of the business operations of the predecessor manufacturer.
c. The discontinuance of the sale of the product line.
d. A change in distribution system by the predecessor manufacturer, whether through a change in distributor or the predecessor manufacturer's decision to cease conducting business through a distributor altogether.
NC General Statutes - Chapter 20 654(d) For a period of four years from the date that a successor manufacturer acquires, succeeds to, or assumes any part of the business of a predecessor manufacturer, it shall be unlawful for such successor manufacturer to enter into a same line make franchise with any person, as defined in G.S. 20 -4.01(28), or to permit the relocation of any existing same line make franchise, for a line make of the predecessor manufacturer that would be located or relocated within the relevant market area of a former franchisee who owned or leased a dealership facility in that relevant market area without first offering the additional or relocated franchise to the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or disabled, at no cost and without any requirements or restrictions other than those imposed generally on the manufacturer's other franchisees at that time, unless one of the following applies:
(1) As a result of the former franchisee's cancellation, termination, noncontinuance, or nonrenewal of the franchise, the predecessor manufacturer had consolidated

the line make with another of its line makes for which the predecessor manufacturer had a franchisee with a then-existing dealership facility located within that relevant market area.
(2) The successor manufacturer has paid the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or disabled, the fair market value of the former franchisee's franchise calculated as prescribed in G.S. 20 -305(6)d.3.
(3) The successor manufacturer proves that the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or disabled, by reason of lack of training, lack of prior experience, poor past performance, lack of financial ability, or poor character, is unfit to own or manage the dealership. A successor manufacturer who seeks to assert that a former franchisee is unfit to own or manage the dealership must file a petition seeking a hearing on this issue before the Commissioner and shall have the burden of proving lack of fitness at such hearing. The Commissioner shall try to conduct the hearing and render a final determination within 120 days after the manufacturer's petition has been filed. No successor dealer, other than the former franchisee, may be appointed or franchised by the successor manufacturer within the relevant market area until the Commissioner has held a hearing and rendered a determination on the issue of the fitness of the previous franchisee to own or manage the dealership.
(e) For purposes of this section, an unfair method of competition includes any physical or mechanical warranty repair made or provided directly by a manufacturer or distributor to any motor vehicle located within this State requiring the direct participation of a dealer franchised by the manufacturer or distributor and without such dealer receiving reasonable compensation, equal to an amount no less than the amount provided in G.S. 20 -305.1.
(f) No claim or cause of action may be brought against a dealer in this State arising out of any warranty repair, fix, repair, or update that was provided by the manufacturer or distributor without the direct involvement and participation of the dealer. Any manufacturer or distributor that provides or attempts to provide a warranty repair, fix, repair, update, or adjustment directly to any motor vehicle located within this State without the direct participation of a dealer franchised by the manufacturer or distributor shall fully indemnify and hold harmless any dealer located in this State for all claims, demands, judgments, damages, attorneys' fees, litigation expenses, and all other
costs and expenses incurred by the dealer arising out of the actual or attempted warranty repair, fix,
repair, update, or adjustment. (1973, c. 88, s. 3; 1983, c. 704, ss. 14, 15; 1999 -335, s. 5; 2001 -510, s. 3; 2002 -72, ss. 19(d), 19(e); 2003 -416, s. 11; 2009 -496, s. 2; 2013 -302, s. 8; 2019 -125, s. 10.)
§ 20-305.3. Hearing notice.
In every case of a hearing before the Commissioner authorized under this Article, the Commissioner shall give reasonable notice of each such hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in Chapter 150B of the General Statutes. The costs of such hearings shall be assessed by the Commissioner. (1973, c. 88, s. 3; c. 1331, s. 3; 1987, c. 827, s. 1.)
§ 20-305.4. (Repealed effective June 30, 2023 – see note) Motor Vehicle Dealers' Advisory Board.
(a) The Motor Vehicle Dealers' Advisory Board shall consist of six members; three of which shall be appointed by the Speaker of the House of Representatives, and three of which shall be appointed by the President Pro Tempore of the Senate to consult with and advise the Commissioner with respect to matters brought before the Commissioner under the provisions of G.S. 20 -304 through 20-305.4.
(b) Each member of the Motor Vehicle Dealers' Advisory Board shall be a resident of North Carolina. Three members of the Board shall be franchised dealers in new automobiles or trucks, duly licensed and engaged in business as such in North Carolina, provided that no two of such dealers may be franchised to sell automobiles or trucks manufactured or distributed by the same person or a subsidiary or affiliate of the same person. Three members of the Board shall not be motor vehicle dealers or employees of a motor vehicle dealer.
(c) The Speaker shall appoint two of the dealer members and one of the public members and shall fill any vacancy in said positions and the President Pro Tempore of the Senate shall appoint one of the dealer members and two of the public members and shall fill any vacancy in said positions. In making the initial appointments the Speaker shall designate that the two dealer

members shall serve for one and three years respectively and the public member shall serve for two years, and in making the initial appointments the Lieutenant Governor shall designate that the dealer member shall serve for two years and the two public members shall serve for one and three years respectively.

(d) Two members of the first Board appointed shall serve for a period of three years, two members of the first Board shall serve for a period of two years, and two members of the first Board shall serve for a period of one year. Subsequent appointments shall be for terms of three years, except appointments to fill vacancies which shall be for the unexpired terms. § 20-305.5. Recreational vehicle manufacturer warranty recall obligations.

(a) It is unlawful for any manufacturer, factory branch, distributor, or distributor branch that manufactures or distributes recreational vehicles to fail to fully compensate its dealers located in this State in accordance with this section for warranty or recall work performed by the dealers related to the living facilities of the vehicle, including all labor and parts used to repair such living

facilities and any equipment, plumbing, appliances, and other options included by the manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle. For purposes of this section, the term "recreational vehicle" includes motor homes, travel trailers, fifth-wheel trailers, camping trailers, and truck campers as defined by G.S. 20 -4.01(32b). With respect to those portions of the living facilities of recreational vehicles and any equipment, plumbing, appliances, and other options that are part of such living facilities and that are included by the recreational vehicle manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle, the term "warrantor" shall mean any manufacturer or distributor of such living facilities or any equipment, plumbing, appliances, and other options that are part of such living facilities that offers a warranty in writing to either the recreational vehicle dealer or to the ultimate purchaser of the recreational vehicle. The term "warrantor" does not include a person that provides a service contract, mechanical or other insurance, or an extended warranty sold for separate consideration by a dealer or other person not controlled by a warrantor. Notwithstanding the terms or conditions of any contract or agreement, it is unlawful for any recreational vehicle manufacturer, factory branch, distributor, or distributor branch to fail to fully and timely compensate any of its franchised recreational vehicle dealers located in this State in accordance with this section for all parts and labor used by such franchised dealers in making warranty or recall repairs to such living facilities of recreational vehicles, including any equipment, plumbing, appliances, and other options included by the recreational vehicle manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle, to the extent that the individual components of such living facilities are not separately warranted by the manufacturers or distributors of such components. Notwithstanding the terms or conditions of any warranty, contract, or agreement, it is unlawful for any warrantor, as defined in this subdivision, to fail to fully and timely compensate any franchised recreational vehicle dealer located in this State in accordance with this section for all parts and labor used by such franchised recreational vehicle dealer in making warranty or recall repairs to any component parts of the living facilities of recreational vehicles manufactured or distributed by such warrantor, including any equipment, plumbing, appliances, and other options included by a recreational vehicle manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle.

(b) Each warrantor as defined in this subdivision and each recreational vehicle manufacturer, factory branch, distributor, and distributor branch that sells or distributes recreational vehicles in this State shall specify in writing to each recreational vehicle dealer licensed in this State who sells products manufactured or distributed by such warrantor or such recreational vehicle manufacturer, factory branch, distributor, or distributor branch, the recreational vehicle dealer's obligations for preparation, delivery, and warranty and recall service on its products, the schedule of compensation to be paid such dealers for parts, work, and service in connection with warranty or recall service, and the time allowances for the performance of such work and service. In no event shall such schedule of compensation fail to include reasonable compensation for diagnostic work and associated administrative requirements as well as repair service, labor, and transportation provided by the dealer to transport a recreational vehicle to and from a location at which the repairs can be made. Provided, however, that with respect to reimbursement for a recreational vehicle dealer's transportation expenses, the dealer is required to

obtain the prior written authorization of the affected warrantor before incurring any transportation expenses, which authorization shall not be unreasonably denied by the warrantor, and provided further that any such request for transportation reimbursement must be denied by the warrantor
NC General Statutes - Chapter 20 657within 5 business days of the warrantor's receipt of the dealer's request for reimbursement or the
request shall be deemed authorized and allowed. Time allowances for the performance of warranty work and service shall be reasonable and adequate for the work to be performed. The compensation which must be paid under this section must be reasonable; provided, however, that under no circumstances may the reasonable compensation under this section be in an amount less than the recreational vehicle dealer's current retail labor rate for nonwarranty work of like kind, provided such amount is competitive with the retail rates charged for parts and labor by other franchised recreational dealers within the dealer's market.

(c) A warrantor may not require a dealer to establish the rate customarily charged by the recreational vehicle dealer for labor by an unduly burdensome or time-consuming method or by requiring information that is unduly burdensome or time-consuming to provide, including, but not limited to, part-by-part or transaction -by-transaction calculations.

(d) For any part, equipment, plumbing system or device, or appliance or option, a warrantor shall reimburse the dealer the cost of the part, equipment, plumbing system or device, appliance or option, plus a minimum of a thirty percent (30%) handling charge and pay the cost, if any, of freight to return the part, equipment, appliance, or option to the warrantor.

(e) If a warrantor furnishes a part or component to a dealer, at reduced or no cost, to use in performing repairs under a warranty or recall repair, the warrantor shall compensate the dealer for the part or component in the same manner as warranty parts compensation under this section, by compensating the dealer on the basis of a thirty percent (30%) handling charge for the part or component as listed in the warrantor's price schedule less the cost for the part or component.

(f) Notwithstanding the terms of any warranty, contract, or agreement, all claims made by recreational dealers pursuant to this section for compensation for delivery, preparation, warranty and recall work, and transportation costs, including labor, parts, and other expenses, shall be paid by the affected warrantor within 30 days after receipt of claim from the dealer. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. Any claim not specifically disapproved in writing within 30 days after receipt shall be considered approved and payment is due immediately. No claim which has been approved and paid may be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the claim either in accordance with the manufacturer's reasonable written procedures or by other reasonable means. A warrantor shall not deny a claim or reduce the amount to be reimbursed to the dealer as long as the dealer has provided reasonably sufficient documentation that the dealer (i) made a good -faith attempt to perform the work in compliance with the written policies and procedures of the warrantor and (ii) actually performed the work. Notwithstanding the foregoing, a warrantor shall not fail to fully compensate a dealer for warranty or recall work or make any chargeback to the dealer's account based on the dealer's failure to comply with the warrantor's claim documentation procedure or procedures unless both of the following requirements have been met:

(1) The dealer has, within the previous 12 months, failed to comply with the same specific claim documentation procedure or procedures.

(2) The warrantor has, within the previous 12 months, provided a written warning to the dealer by certified United States mail, return receipt requested, identifying the specific claim documentation procedure or procedures violated by the dealer.

NC General Statutes - Chapter 20 658(g) Every recreational vehicle manufacturer, factory branch, distributor, or distributor branch that manufactures or distributes recreational vehicles for sale in this State shall designate at least one of its employees knowledgeable in warranty administration who shall be the designated warranty contact person with whom its franchised dealers licensed in this State can communicate to assist them in filing and getting paid on warranty claims related to all component parts of all recreational vehicles such recreational vehicle manufacturer, factory branch, distributor, or distributor branch sells or distributes in this State. Each recreational vehicle manufacturer, factory branch, distributor, or distributor branch shall promptly notify, in writing, all of its franchised recreational vehicle dealers licensed in this State, the Commissioner, and the North Carolina Automobile Dealers Association, Incorporated, of the identity and contact information of the designated warranty contact person and any changes in this information. A recreational vehicle

manufacturer or distributor that represents multiple suppliers or multiple line-makes of vehicles shall be permitted to designate a single individual as the designated warranty contact person for all such suppliers and line-makes of vehicles represented by such recreational vehicle manufacturer or distributor.

(h) It shall be unlawful for any warrantor or for any recreational vehicle manufacturer, factory branch, distributor, or distributor branch to recover or attempt to recover all or any portion of its costs for compensating recreational vehicle dealers licensed in this State for warranty or recall parts and service either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition.

(i) It shall be unlawful for any recreational vehicle manufacturer, factory branch, distributor, or distributor branch to fail to indemnify and hold harmless its franchised dealers licensed in this State against any judgment for damages or settlements agreed to by the manufacturer, including, but not limited to, court costs and reasonable attorneys' fees of the recreational vehicle dealer, arising out of complaints, claims, or lawsuits, including, but not limited to, strict liability, negligence, misrepresentation, express or implied warranty, or rescission or revocation of acceptance of the sale of a vehicle as defined in G.S. 25 -2-608, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly, or design of new recreational vehicles, parts, or accessories or other functions by the manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer. It shall be unlawful for any warrantor to fail to indemnify and hold harmless any recreational vehicle dealer located in this State who sold one or more products warranted by such warrantor against any judgment for damages or settlements agreed to by the warrantor, including, but not limited to, court costs and reasonable attorneys' fees of the recreational vehicle dealer, arising out of complaints, claims, or lawsuits, including, but not limited to, strict liability, negligence, misrepresentation, express or implied warranty, or rescission or revocation of acceptance of the sale of a vehicle or vehicle part, component, or accessory, as defined in G.S. 25 -2-608, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly, or design of a product warranted by the warrantor or other functions of the warrantor beyond the control of the dealer. Any audit for warranty or recall parts or service compensation shall only be for the 12-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, distributor branch, or warrantor. Any audit for sales incentives, service incentives, rebates, or other forms of incentive compensation shall only be for the 12-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, distributor branch, or warrantor. Provided, however, these limitations shall not be effective in the case of fraudulent claims.

NC General Statutes - Chapter 20 659(j) It shall be unlawful for any warrantor or for any recreational vehicle manufacturer, factory branch, distributor, or distributor branch to direct or encourage any owner or purchaser of a recreational vehicle to have warranty or recall service work or other repairs on a recreational vehicle made by a repair facility other than either the franchised dealer that sold the vehicle owner the recreational vehicle or the franchised dealer closest in proximity to such recreational vehicle owner or purchaser, provided that the recreational vehicle dealer who sold the vehicle to the owner or purchaser or who is located in closest proximity to such recreational vehicle owner or purchaser has sufficiently trained personnel and the necessary tools and equipment to make the required repairs to the vehicle, has not expressly stated in writing its desire to have the repairs made elsewhere, and is willing to make the repairs within a reasonable period of time after the necessary parts have been supplied to the dealer.

(k) In the event there is a dispute between a recreational vehicle dealer and a warrantor or a recreational vehicle manufacturer, factory branch, distributor, or distributor branch, with relating to any matter referred to in this section, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing on the subject and the decision of the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in Chapter 150B of the General Statutes; provided, however, that nothing contained herein shall give the Commissioner any authority as to the content of any warrantor's warranty. Upon the filing of a petition before the Commissioner under this subsection, any chargeback to or any payment required of a recreational vehicle dealer by a warrantor or by a recreational vehicle manufacturer, factory branch, distributor, or distributor branch relating to warranty or recall parts or service compensation, or to sales incentives, service incentives, rebates, other forms of incentive compensation, or the withholding or chargeback of other compensation or support that a dealer would otherwise be eligible to receive, shall be stayed during the pendency of the determination by the Commissioner.

(l) The provisions of G.S. 20 -305(4) through G.S. 20 -305(28) and G.S. 20 -305.2 to G.S. 20 -305.3 shall not apply to manufacturers of or dealers in mobile or manufactured type housing or who sell or distribute only nonmotorized recreational trailers; provided, however, that unless specifically exempted, each of these provisions shall be applicable to all recreational vehicle manufacturers, factory branches, distributors, and distributor branches who sell or distribute any motorized recreational vehicles in this State. The provisions of G.S. 20 -305.1 shall not apply to manufacturers of or dealers in mobile or manufactured type housing.
(m) To the extent not expressly inconsistent with the provisions of this section, all of the terms and provisions of G.S. 20 -305.1 shall be applicable to recreational vehicle dealers and to recreational vehicle manufacturers, factory branches, distributors, and distributor branches under this section. For purposes of this section and Article 12 of Chapter 20 of the General Statutes of North Carolina, the relationship between a recreational vehicle manufacturer or recreational vehicle distributor, on the one part, and a recreational vehicle dealer that is located within this State, on the other part, pursuant to which the recreational vehicle dealer purchases and resells new recreational vehicles from the recreational vehicle manufacturer or recreational vehicle distributor, shall be considered a "franchise", as this term is defined in G.S. 20 -286(8a), whether or not the rights and responsibilities of the parties have been delineated in a written agreement or contract. (1973, c. 88, s. 4; 1983, c. 704, s. 18; 2017 -148, s. 4; 2021 -90, s. 16(b).)
§ 20-305.6. Unlawful for manufacturers to unfairly discriminate among dealers.
NC General Statutes - Chapter 20 660Notwithstanding the terms of any contract, franchise, novation, or agreement, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch to do any of the following:
(1) Discriminate against any similarly situated franchised new motor vehicle dealers in this State.
(2) Unfairly discriminate against franchised new motor vehicle dealers located in this State who have dualed facilities at which the vehicles distributed by the manufacturer, factory branch, distributor, or distributor branch are sold or serviced with one or more other line makes of vehicles.
(3) Unfairly discriminate against one of its franchised new motor vehicle dealers in this State with respect to any aspect of the franchise agreement.
(4) Use any financial services company or leasing company owned or controlled by the manufacturer or distributor to accomplish what would otherwise be illegal conduct on the part of the manufacturer or distributor pursuant to this section. This section shall not limit the right of the financial services or leasing company to engage in business practices in accordance with the trade. (2001 -510, s. 4.)
§ 20-305.7. Protecting dealership data and consent to access dealership information.
(a) Except as expressly authorized in this section, no manufacturer, factory branch, distributor, or distributor branch shall require a new motor vehicle dealer to provide its customer lists, customer information, consumer contact information, transaction data, or service files. Any requirement by a manufacturer, factory branch, distributor, or distributor branch that a new motor vehicle dealer provide its customer lists, customer information, consumer contact information, transaction data, or service files to the manufacturer, factory branch, distributor, or distributor branch, or to any third party as a condition to the dealer's participation in any incentive program or contest, for a customer or dealer to receive any incentive payments otherwise earned under an incentive program or contest, for the dealer to obtain consumer or customer leads, or for the dealer to receive any other benefits, rights, merchandise, or services for which the dealer would otherwise be entitled to obtain under the franchise or any other contract or agreement, or which shall customarily be provided to dealers, shall be voidable at the option of the dealer, and the dealer shall automatically be entitled to all benefits earned under the applicable incentive program or contest or any other contract or agreement, unless all of the following conditions are satisfied: (i) the customer information requested relates solely to the specific program requirements or goals associated with such manufacturer's or distributor's own vehicle makes and does not require that the dealer provide general customer information or other information related to the dealer; (ii) such requirement is lawful and would also not require the dealer to allow any customer the right to opt out under the federal Gramm -Leach -Bliley Act, 15 U.S.C., Subchapter I, § 1608, et seq.; and (iii) the dealer is either permitted to restrict the data fields that may be accessed in the dealer's dealer management computer system, or the dealer is permitted to provide the same dealer, consumer, or customer data or information specified by the manufacturer or distributor by timely obtaining and pushing or otherwise furnishing the required data in a widely accepted file format such as comma delimited in accordance with subsection (g1) of this section. Nothing contained in this section shall

limit the ability of the manufacturer, factory branch, distributor, or distributor branch to require that the dealer provide, or use in accordance with the law, such customer information related solely to such manufacturer's or distributor's own vehicle makes to the extent necessary to do any of the following:
(1) Satisfy any safety or recall notice obligations.
(2) Complete the sale and delivery of a new motor vehicle to a customer.
(3) Validate and pay customer or dealer incentives.
(4) Submit to the manufacturer, factory branch, distributor, or distributor branch claims for any services supplied by the dealer for any claim for warranty parts or repairs.
At the request of a manufacturer or distributor or of a third party acting on behalf of a manufacturer or distributor, a dealer may only be required to provide customer information related solely to such manufacturer's or distributor's own vehicle makes for reasonable marketing purposes, market research, consumer surveys, market analysis, and dealership performance analysis, but the dealer is only required to provide such customer information to the extent lawfully permissible; to the extent the requested information relates solely to specific program requirements or goals associated with such manufacturer's or distributor's own vehicle makes and does not require the dealer to provide general customer information or other information related to the dealer; and to the extent the requested information can be provided without requiring that the dealer allow any customer the right to opt out under the federal Gramm -Leach -Bliley Act, 15 U.S.C., Subchapter I, § 6801, et seq.
No manufacturer, factory branch, distributor, or distributor branch shall access or obtain dealer or customer data from or write dealer or customer data to a dealer management computer system utilized by a motor vehicle dealer located in this State, or require or coerce a motor vehicle dealer located in this State to utilize a particular dealer management computer system, unless the dealer management computer system allows the dealer to reasonably maintain the security, integrity, and confidentiality of the data maintained in the system. No manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor shall prohibit a dealer from providing a means to regularly and continually monitor the specific data accessed from or written to the dealer's computer system and from complying with applicable State and federal laws and any rules or regulations promulgated thereunder. These provisions shall not be deemed to impose an obligation on a manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor to provide such capability. Notwithstanding the terms or conditions of any incentive program or contest that is either required or voluntary on the part of the dealer, or the terms or conditions of any other contract or agreement, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch to fail or refuse to provide dealer notice, in a standalone written document, at least 30 days prior to making any changes in any of the dealer or customer data the dealer is requested or required to share with a manufacturer, factory branch, distributor, or distributor branch, or any third party. The changes in any of the dealer or customer data the dealer is required or requested to provide shall be void unless the applicable manufacturer, factory branch, distributor, or distributor branch complies with the notice requirements contained in this paragraph.
(b) No manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor may access or utilize customer or prospect information maintained in a dealer management computer system utilized by a motor vehicle dealer located in this State for purposes of soliciting any such customer
or prospect on behalf of, or directing the customer or prospect to, any other dealer. The limitations in this subsection do not apply to any of the following:
(1) A customer that requests a reference to another dealership.
(2) A customer that moves more than 60 miles away from the dealer whose data was accessed.
(3) Customer or prospect information that was provided to the dealer by the manufacturer, factory branch, distributor, or distributor branch.
(4) Customer or prospect information obtained by the manufacturer, factory branch, distributor, or distributor branch where the dealer agrees to allow the

manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor the right to access and utilize the customer or prospect information maintained in the dealer's dealer management computer system for purposes of soliciting any customer or prospect of the dealer on behalf of, or directing the customer or prospect to, any other dealer in a separate, stand -alone written instrument dedicated solely to the authorization.

No manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor may provide access to customer or dealership information maintained in a dealer management computer system utilized by a motor vehicle dealer located in this State, without first obtaining the dealer's prior express written consent, revocable by the dealer upon five business days written notice, to provide the access. Prior to obtaining this consent and prior to entering into an initial contract or renewal of a contract with a dealer located in this State, the manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of, or through any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor shall provide to the dealer a written list of all specific third parties to whom any data obtained from the dealer has actually been provided within the 12-month period ending November 1 of the prior year. The list shall further describe the scope and specific fields of the data provided. In addition to the initial list, a dealer management computer system vendor or any third party acting on behalf of or through a dealer management computer system vendor shall provide to the dealer an annual list of each and every third party to whom the data is actually being provided on November 1 of each year and each and every third party to whom the data was actually provided in the preceding 12 months and for each and every third party identified, the scope and specific fields of the data provided to the third party during the 12-month period. This list shall be provided to the dealer by January 1 of each year. The lists required in this subsection of the third parties to whom any data obtained from the dealer has actually been provided shall be specific to each affected dealer. It is insufficient and unlawful for the provider of this information to furnish any dealer a list of third parties who could or may have received any of the affected dealer's data, as the information required to be provided in this subsection requires the provider of this information to state the identity and other specified information of each and every third party to whom the data was actually provided during the relevant period of time. Any dealer management computer system vendor's contract that directly relates to the transfer or accessing of dealer or dealer customer information must conspicuously state, "NOTICE TO DEALER: THIS AGREEMENT RELATES TO THE TRANSFER AND ACCESSING OF CONFIDENTIAL INFORMATION AND

". This consent does not change any such person's obligations to comply with the terms of this section and any additional State or federal laws (and any rules or regulations adopted under these laws) applicable to the person with respect to the access. In addition, no dealer management computer system vendor shall refuse to provide a dealer management computer system to a motor vehicle dealer located in this State if the dealer refuses to provide any consent under this subsection.

(b1) Notwithstanding the terms of any contract or agreement with a dealer management computer system vendor or third party, for purposes of this subsection, the dealer's data contained in or on a dealer management computer system owned, leased, or licensed by a dealer located in this State is the property of the dealer. For purposes of this section, the terms "dealer data" and "dealer's data" shall be defined as any information or other data that has been entered, by direct entry or otherwise, or stored on the dealer's dealer management computer system by an officer or employee of the dealer or third party contracted by the dealer, whether stored or hosted on-site at a dealer location or on the cloud or at any other remote location, that contains data or other information about any of the following: (i) the dealer's sales, service, or parts customers or the dealer's customer transactions, (ii) customer leads generated by or provided to the dealer, (iii) the tracking, history, or performance of the dealer's internal processing of customer orders and work, (iv) customer deal files, (v) customer recommendations or complaints communicated by any means to the dealer, (vi) the tracking of dealer or customer incentive payments sought or received from any manufacturer or distributor, (vii) business plans, goals, objectives, or strategies created by any officer, employer, or contractee of the dealer; (viii) the dealer's internal bank, financial, or business records, (ix) email, voice, and other communications between or among the dealer's

officers or employees, (x) email, voice, and other communications between the dealer's officers or employees and third parties, (xi) contracts and agreements with third parties and all records related to the performance of such contracts and agreements, (xii) employee performance, (xiii) dealer personnel records, and (xiv) dealer inventory data. The terms "dealer data" and "dealer's data" specifically exclude the proprietary software, intellectual property, data, or information of a dealer management computer system vendor, manufacturer, factory branch, distributor, or distributor branch, data specifically licensed from a third party by a dealer management computer system vendor, manufacturer, factory branch, distributor, or distributor branch, and data provided to a dealer by a manufacturer, factory branch, distributor, distributor branch, subsidiary, or affiliate. Notwithstanding the terms of any contract or agreement, it shall be unlawful for any dealer management computer system vendor, or any third party having access to any dealer management computer system, to:

(1) Unreasonably interfere with a dealer's ability to protect, store, copy, share, or use any dealer data downloaded from a dealer management computer system utilized by a new motor vehicle dealer located in this State. Unlawful conduct prohibited by this section includes, but is not limited to:

a. Imposing any unreasonable fees or other restrictions on the dealer or any third party for access to or sharing of dealer data. For purposes of this section, the term "unreasonable fees" means charges for access to customer or dealer data beyond any direct costs incurred by any dealer management computer system vendor in providing access to the dealer's customer or dealer data to a third party that the dealer has authorized to access its dealer management computer system or allowing any third party that the dealer has authorized to access its dealer management

computer system to write data to its dealer management computer system. Nothing contained in this subdivision shall be deemed to prohibit the charging of a fee, which includes the ability of the service provider to recoup development costs incurred to provide the services involved and to make a reasonable profit on the services provided. Any charges must be both (i) reasonable in amount and (ii) disclosed to the dealer in reasonably sufficient detail prior to the fees being charged to the dealer, or they will be deemed prohibited, unreasonable fees.

b. Imposing unreasonable restrictions on secure integration by any third party that the dealer has explicitly authorized to access its dealer management computer system for the purpose of accessing dealer data. Examples of unreasonable restrictions include, but are not limited to, any of the following:

1. Unreasonable restrictions on the scope or nature of the dealer's data shared with a third party authorized by the dealer to access the dealer's dealer management computer system.
2. Unreasonable restrictions on the ability of a third party authorized by the dealer to securely access the dealer's dealer management computer system to share dealer data or securely write dealer data to a dealer management computer system.
3. Requiring unreasonable access to sensitive, competitive, or other confidential business information of a third party as a condition for access dealer data.
4. It shall not be an unreasonable restriction to condition a third party's access to the dealer management computer system on that third party's compliance with reasonable security standards or operational protocols that the dealer management computer system vendor specifies.

c. Sharing dealer data with any third party, if sharing the data is not authorized by the dealer.

d. Prohibiting or unreasonably limiting a dealer's ability to store, copy, securely share, or use dealer data outside the dealer's dealer management computer system in any manner and for any reason once it has been downloaded from the dealer management computer system.

e. Permitting access to or accessing dealer data without first obtaining the dealer's express written consent in a standalone document or contractual

provision that is conspicuous in appearance, contained in a separate page or screen from any other written material, and requires an independent mark or affirmation from a dealer principal, general manager, or other management level employee of the dealership expressly authorized in writing by the dealer principal or general manager.

f. Upon receipt of a written request from a dealer, failing or refusing to block specific data fields containing dealer data from being shared with one or more third parties. Where blocking hinders, blocks, diminishes, or otherwise interferes with the functionality of a third party's service or

product or the dealer's ability to participate in an incentive or other program of a manufacturer, factory branch, distributor, or distributor branch, or other third party authorized by the dealer, the dealer management computer system vendor shall be held harmless from the dealer's decision to block specified data fields, so long as the dealer management computer system vendor was acting at the direction of the dealer.

(2) Access, use, store, or share any dealer data from a dealer management computer system in any manner other than as expressly permitted in its written agreement with the dealer.

(3) Fail to provide the dealer with the option and ability to securely obtain and push or otherwise distribute specified dealer data within the dealer's dealer management computer system to any third party instead of the third party receiving the dealer data directly from the dealer's dealer management computer system vendor or providing the third party direct access to the dealer's dealer management computer system. A dealer management computer system vendor shall be held harmless for any errors, breach, misuse, or any harms directly or indirectly caused by a dealer sharing data with any third party beyond the control of the dealer management computer system vendor. In the event a dealer sharing data with a third party outside of the control of the dealer computer management system vendor causes damage to the dealer management computer system or any third party, the party or parties that caused the damage shall be liable for the damage.

(4) Fail to provide the dealer, within seven days of receiving a dealer's written request, access to any SOC 2 audit conducted on behalf of the dealer management computer system vendor and related to the services licensed by the dealer.

(5) Fail to promptly provide a dealer, upon the dealer's written request, a written listing of all entities with whom it is currently sharing any data from the dealer's dealer management computer system and with whom it has, within the immediately 12 preceding months, shared any data from the dealer's dealer management computer system, the specific data fields shared with each entity identified, and the dates any data was shared, to the extent that information can reasonably be stored by the dealership management computer system vendor.

(6) Upon receipt of a dealer's written request to terminate any contract or agreement for the provision of hardware or software related to the dealer's dealer management computer system, to fail to promptly provide a copy of the dealer's data maintained on its dealership management computer system to the dealer in a secure, usable format.

Nothing in this section prevents the charging of a fee, which includes the ability of the dealer management computer system vendor to recoup costs incurred to provide the services involved and to make a reasonable profit on the services provided. Charges must be disclosed to and approved by the dealer prior to the time the dealer incurs the charges.

Nothing in this section prevents any dealer or third party from discharging its obligations as a service provider under federal, State, or local law to protect and secure protected dealer data.

Nothing in this section shall be deemed to prohibit a dealer management computer system vendor from conditioning a party's access to, or integration with, a dealer's dealer management computer system on that party's compliance with reasonable security standards or other operational protocols that the dealer's computer management system vendor specifies.

For purposes of this subsection, the term "third party" shall not be applicable to any

manufacturer, factory branch, distributor, distributor branch, or subsidiary or affiliate thereof.
(b2) The rights conferred on dealers in this section are not waivable and may not be reduced or otherwise modified by any contract or agreement.
(c) No dealer management computer system vendor, or third party acting on behalf of or through any dealer management computer system vendor, may access or obtain data from or write data to a dealer management computer system utilized by a motor vehicle dealer located in this State, unless the dealer management computer system allows the dealer to reasonably maintain the security, integrity, and confidentiality of the customer and dealership information maintained in the system. No dealer management computer system vendor, or third party acting on behalf of or through any dealer management computer system vendor, shall prohibit a dealer from providing a means to regularly and continually monitor the specific data accessed from or written to the dealer's computer system and from complying with applicable State and federal laws and any rules or regulations adopted under these laws. This section does not impose an obligation on a manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor to provide this capability.
(d) Any manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of or through any dealer management computer system vendor, having electronic access to customer or motor vehicle dealership data in a dealership management computer system utilized by a motor vehicle dealer located in this State shall provide notice to the dealer of any security breach of dealership or customer data obtained through the access, which at the time of the breach was in the possession or custody of the manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or third party. The disclosure notification shall be made without unreasonable delay by the manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or third party following discovery by the person, or notification to the person, of the breach. The disclosure notification shall describe measures reasonably necessary to determine the scope of the breach and corrective actions that may be taken in an effort to restore the integrity, security, and confidentiality of the data. These measures and corrective actions shall be implemented as soon as practicable by all persons responsible for the breach.
(e) Nothing in this section precludes, prohibits, or denies the right of the manufacturer, factory branch, distributor, or distributor branch to receive customer or dealership information from a motor vehicle dealer located in this State for the purposes of complying with federal or State safety requirements or implementing steps related to manufacturer recalls at such times as necessary in order to comply with federal and State requirements or manufacturer recalls so long as receiving this information from the dealer does not impair, alter, or reduce the security, integrity, and confidentiality of the customer and dealership information collected or generated by the dealer.
(f) The following definitions apply to this section:
(1) Dealer management computer system. – A computer hardware and software system that is owned or leased by the dealer, including a dealer's use of Web applications, software, or hardware, whether located at the dealership or
provided at a remote location and that provides access to customer records and transactions by a motor vehicle dealer located in this State and that allows the motor vehicle dealer timely information in order to sell vehicles, parts, or services through the motor vehicle dealership.
(2) Dealer management computer system vendor. – A seller or reseller of dealer management computer systems, a person that sells computer software for use on dealer management computer systems, or a person that services or maintains dealer management computer systems, but only to the extent that each of the sellers, resellers, or other persons listed in this subdivision are engaged in these activities.
(3) Security breach. – An incident of unauthorized access to and acquisition of records or data containing dealership or dealership customer information where unauthorized use of the dealership or dealership customer information has occurred or is reasonably likely to occur or that creates a material risk of harm to a dealership or a dealership's customer. Any incident of unauthorized access to and acquisition of records or data containing dealership or dealership customer information or any incident of disclosure of dealership customer information to one or more third parties that has not been specifically authorized by the dealer or customer constitutes a security breach.

(g) G.S. 20 -308.1(d) does not apply to an action brought under this section against a dealer management computer system vendor.
(g1) Notwithstanding any of the terms or provisions contained in this section or in any consent, authorization, release, novation, franchise, or other contract or agreement, whenever any manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of or through, or approved, referred, endorsed, authorized, certified, granted preferred status, or recommended by, any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor requires that a new motor vehicle dealer provide any dealer, consumer, or customer data or information through direct access to a dealer's computer system, the dealer is not required to provide, and shall not be required to consent to provide in any written agreement, such direct access to its computer system. The dealer may instead provide the same dealer, consumer, or customer data or information specified by the requesting party by timely obtaining and pushing or otherwise furnishing the requested data to the requesting party in a widely accepted file format such as comma delimited. When a dealer would otherwise be required to provide direct access to its computer system under the terms of a consent, authorization, release, novation, franchise, or other contract or agreement, a dealer that elects to provide data or information through other means may be charged a reasonable initial set-up fee and a reasonable processing fee based on the actual incremental costs incurred by the party requesting the data for establishing and implementing the process for the dealer. Any term or provision contained in any consent, authorization, release, novation, franchise, or other contract or agreement that is inconsistent with any term or provision contained in this subsection is voidable at the option of the dealer.
(g2) Notwithstanding the terms or conditions of any consent, authorization, release, novation, franchise, or other contract or agreement, every manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of or through any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor, having electronic access to consumer or customer
data or other information in a computer system utilized by a new motor vehicle dealer, or who has
otherwise been provided consumer or customer data or information by the dealer, shall fully indemnify and hold harmless any dealer from whom it has acquired the consumer or customer data or other information from all damages, costs, and expenses incurred by the dealer. This indemnification by the manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or third party acting on behalf of these entities includes, but is not limited to, judgments, settlements, fines, penalties, litigation costs, defense costs, court costs, costs related to the disclosure of security breaches, and attorneys' fees arising out of complaints, claims, civil or administrative actions, and, to the fullest extent allowable under the law, governmental investigations and prosecutions to the extent caused by a security breach; the access, storage, maintenance, use, sharing, disclosure, or retention of the dealer's consumer or customer data or other information; or maintenance or services provided to any computer system utilized by a new motor vehicle dealer.

A salesman may be employed by more than one dealer provided such multiple employment is clearly indicated on his license. It shall be unlawful for any person to, for a fee, commission, or other valuable consideration, arrange or offer to arrange a transaction involving the sale of a new motor vehicle; provided, however, this prohibition shall not be applicable to:
(1) A franchised motor vehicle dealer as defined in G.S. 20 -286(8b) who is licensed under this Article or a sales representative who is licensed under this Article when acting on behalf of the dealer;
(2) A manufacturer who is licensed under this Article or bona fide employee of

(b) Where the violation of a provision of this Article can be shown to be willful, malicious, or wanton, or if continued multiple violations of a provision or provisions of this Article occur, the court may award punitive damages, attorneys' fees and costs in addition to any other damages under this Article.
(c) A new motor vehicle dealer, if he has not suffered any loss of money or property, may obtain final equitable relief if it can be shown that the violation of a provision of this Article by a manufacturer or distributor may have the effect of causing a loss of money or property.
(d) In order to prevent injury or harm to all or a substantial number of its members or to prevent injury or harm to the franchise distribution system of new motor vehicles within this State, any association that is comprised of a minimum of 400 new motor vehicle dealers, or a minimum of 10 motorcycle dealers or recreational vehicle dealers, substantially all of whom are new motor vehicle dealers located within North Carolina, and which represents the collective interests of its members, shall have standing to intervene as a party in any civil or administrative proceeding in any of the courts or administrative agencies of this State, or to file a petition before the Commissioner or a civil action or cause of action in any court of competent jurisdiction for itself, or on behalf of any or all of its members, seeking declaratory and injunctive relief. An action brought pursuant to this subsection may seek a determination whether one or more manufacturers, factory
NC General Statutes - Chapter 20 670branches, distributors, or distributor branches doing business in this State have violated any of the
provisions of this Article, or for the determination of any rights created or defined by this Article, so long as the association alleges an injury to the collective interest of its members cognizable under this section. A cognizable injury to the collective interest of the members of the association

shall be deemed to occur if a manufacturer, factory branch, distributor, or distributor branch doing business in this State, or seeking to be licensed by the Division in any capacity or to otherwise engage in business in this State, applies for licensure to own, operate, or control a motor vehicle dealership in this State in violation of this Article or engages in any conduct or takes any action that either: (i) has harmed or would harm or which has adversely affected or would adversely affect a majority of its franchised new motor vehicle dealers in this State or a majority of all franchised new motor vehicle dealers in this State, or (ii) would erode or cause any other damage or injury to the franchise system of distribution of new motor vehicles within this State, whether or not the manufacturer, factory branch, distributor, or distributor branch currently has or proposes to have any franchised dealer in this State. Notwithstanding the foregoing, nothing in this subsection shall be construed to convey standing for an association to intervene in the denial of a renewal license or revocation of existing licenses issued by the Division pursuant to this Chapter or other enforcement actions taken against individual dealers or other individual licensees that may be initiated by the Division pursuant to G.S. 20 -294 or other statute. Intervention by the association shall be limited to seeking declaratory relief, injunctive relief, or both declaratory and injunctive relief. With respect to any administrative or civil action filed by an association pursuant to this subsection, the relief granted shall be limited to declaratory and injunctive relief and in no event shall the Commissioner or court enter an award of monetary damages. In the event that, in any civil action before a court of this State in which an association has exercised standing in accordance with this subsection and becomes a party to the action, the court enters a declaratory ruling as to the facial applicability of any of the provisions contained in this Article, or interpreting the rights and obligations of one or more manufacturers or distributors or the rights and obligations of one or more dealers, the court's determination shall be collateral estoppel in any subsequent civil action or administrative proceeding involving the same manufacturer or manufacturers, or the same distributor or distributors, or the same dealer or dealers on all issues of fact and law decided in the original civil action in which the association was a party, provided the same decision or specific portion of the decision qualifies for application of collateral estoppel under North Carolina law. Notwithstanding anything contained herein, this subsection shall not be applicable to motor vehicle dealer licenses issued by the Division to a manufacturer pursuant to G.S. 20 -305.2(a)(4a), provided that this exclusion from association standing shall not be applicable in the event the manufacturer applies for or is issued more than the maximum total number of motor vehicle dealer licenses permitted in G.S. 20 -305.2(a)(4a) or upon the occurrence of any of the events listed in sub-subdivisions a. through d. of G.S. 20 -305.2(a)(4a). (1983, c. 704, s. 16; 1991, c. 510, s. 5; 2001 -510, s. 5; 2007 -513, s. 8; 2019 -125, s. 8.)

§ 20-308.2. Applicability of this Article.

(a) Any person who engages directly or indirectly in purposeful contacts within this State in connection with the offering or advertising for sale, or has business dealings, with respect to a new motor vehicle sale within this State, shall be subject to the provisions of this Article and shall be subject to the jurisdiction of the courts of this State.

(b) The applicability of this Article shall not be affected by a choice of law clause in any franchise, agreement, waiver, novation, or any other written instrument.

NC General Statutes - Chapter 20 671(c) Any provision of any agreement, franchise, waiver, novation or any other written instrument which is in violation of any section of this Article shall be deemed null and void and without force and effect.

(d) It shall be unlawful for a manufacturer or distributor to use any subsidiary corporation, affiliated corporation, or any other controlled corporation, partnership, association or person to accomplish what would otherwise be illegal conduct under this Article on the part of the manufacturer or distributor.

(e) The provisions of this Article shall apply to all written agreements between a manufacturer, wholesaler, or distributor with a motor vehicle dealer including, but not limited to, the franchise offering, the franchise agreement, sales of goods, services or advertising, leases or deeds of trust of real or personal property, promises to pay, security interests, pledges, insurance contracts, advertising contracts, construction or installation contracts, servicing contracts, and all other such agreements between a motor vehicle dealer and a manufacturer, wholesaler, or distributor. (1983, c. 704, s. 17; 2005 -409, s. 6.)

§§ 20-308.3 through 20-308.12. Reserved for future codification purposes.

Article 12A.

Motor Vehicle Captive Finance Source Law.

§ 20-308.13. Regulation of motor vehicle captive finance sources.

The General Assembly finds and declares that the distribution of motor vehicles in the State of

North Carolina vitally affects the general economy of the State and the public interest and public welfare, and in the exercise of its police power, it is necessary to regulate motor vehicle captive finance sources doing business in North Carolina to protect and preserve the investments and properties of the citizens of this State. (2005 -409, s. 3.)

§ 20-308.14. Definitions.

The definitions contained in G.S. 20-286 shall be applicable to the provisions of this Article. (2005 -409, s. 3.)

§ 20-308.15. Prohibited contractual requirements imposed by manufacturer, distributor, or captive finance source.

It shall be unlawful for any manufacturer, factory branch, captive finance source, distributor, or distributor branch, or any field representative, officer, agent, or any representative of them, notwithstanding the terms, provisions, or conditions of any agreement or franchise, to require any of its franchised dealers located in this State to agree to any terms, conditions, or requirements that are set forth in subdivisions (1) through (8) below in order for any such dealer to sell to any captive finance source (defined below) any retail installment contract, loan, or lease of any motor vehicles purchased or leased by any of the dealer's customers ("contract for sale or lease"), or to be able to participate in, or otherwise, directly or indirectly, obtain the benefits of any consumer transaction incentive program payable to the consumer or the dealer and offered by or through any financial source that provides automotive -related loans or purchases retail installment contracts or lease contracts for motor vehicles in North Carolina and is, directly or indirectly, owned, operated, or controlled by such manufacturer, factory branch, distributor, or distributor branch ("captive finance source"):

(1) Require a dealer to grant such captive finance source a power of attorney to do anything on behalf of the dealer other than sign the dealer's name on any check, draft, or other instrument received in payment or proceeds under any contract for the sale or lease of a motor vehicle that is made payable to the dealer but which is properly payable to the captive finance source, is for the purpose of correcting an error in a customer's finance application or title processing document, or is for the purpose of processing regular titling of the vehicle.

(2) Require a dealer to warrant or guarantee the accuracy and completeness of any personal, financial, or credit information provided by the customer on the credit application and/or in the course of applying for credit other than to require that the dealer make reasonable inquiry regarding the accuracy and completeness of such information and represent that such information is true and correct to the best of the dealer's knowledge.

(3) Require a dealer to repurchase, pay off, or guaranty any contract for the sale or lease of a motor vehicle or to require a dealer to indemnify, defend, or hold harmless the captive finance source for settlements, judgments, damages, litigation expenses, or other costs or expenses incurred by such captive finance source unless the obligation to repurchase, pay off, guaranty, indemnify, or hold harmless resulted directly from (i) the subject dealer's material breach of the terms of a written agreement with the captive finance source or the terms for the purchase of an individual contract for sale or lease that the captive finance source communicates to the dealer before each such purchase, except to the extent the breached terms are otherwise prohibited under subdivisions (1) through (8) of this section, or (ii) the subject dealer's violation of applicable law. For purposes of this section, the dealer may, however, contractually obligate itself to warrant the accuracy of the information provided on the finance contact, but such warranty can only be enforced if the captive finance source gives the dealer a reasonable opportunity to cure or correct any errors on the finance contract where cure or correction is possible. For purposes of this section, any allegation by a third party that would constitute a breach of the terms of a written agreement between the dealer and a captive finance source shall be considered a material breach.

(4) Notwithstanding the terms of any contract or agreement, treat a dealer's breach of an agreement between the dealer and a captive finance source with respect to the captive finance source's purchase of individual contracts for the sale or lease of a motor vehicle as a breach of such agreement with respect to purchase of other such contracts, nor shall such a breach, in and of itself, constitute a breach of any other agreement between the dealer and the captive finance source, or

between the dealer and any affiliate of such captive finance source.
(5) Require a dealer to waive any defenses that may be available to it under its agreements with the captive finance source or under any applicable laws.
(6) Require a dealer to settle or contribute any of its own funds or financial resources toward the settlement of any multiparty or class action litigation without obtaining the dealer's voluntary and written consent subsequent to the filing of such litigation.
NC General Statutes - Chapter 20 673(7) Require a dealer to contribute to any reserve or contingency account established or maintained by the captive finance source, for the financing of the sale or lease of any motor vehicles purchased or leased by any of the dealer's customers, in any amount or on any basis other than the reasonable expected amount of future finance reserve chargebacks to the dealer's account. This section shall not apply to or limit (i) reasonable amounts reserved and maintained related to the sale or financing of any products ancillary to the sale, lease, or financing of the motor vehicle itself; (ii) a delay or reduction in the payment of dealer's portion of the finance income pursuant to an agreement between the dealer and a captive finance source under which the dealer agrees to such delay or reduction in exchange for the limitation, reduction, or elimination of the dealer's responsibility for finance reserve chargebacks; or (iii) a chargeback to a dealer (or offset of any amounts otherwise payable to a dealer by the captive finance source) for any indebtedness properly owing from a dealer to the captive finance source as part of a specific program covered by this section, the terms of which have been agreed to by the dealer in advance, except to the extent such chargeback would otherwise be prohibited under subdivisions (1) through (8) of this section.
(8) Require a dealer to repossess or otherwise gain possession of a motor vehicle at the request of or on behalf of the captive finance source. This section shall not apply to any requirements contained in any agreement between the dealer and the captive finance source wherein the dealer agrees to receive and process vehicles that are voluntarily returned by the customer or returned to the lessor at the end of the lease term.
Any clause or provision in any franchise or agreement between a dealer and a manufacturer, factory branch, distributor, or distributor branch, or between a dealer and any captive finance source, that is in violation of or that is inconsistent with any of the provisions of this section shall be voidable, to the extent that it violates this section, at any time at the election of the dealer.

§ 20-308.16. Powers of Commissioner.
(a) The Commissioner shall promote the interests of the retail buyer of motor vehicles.
(b) The Commissioner shall have power to prevent unfair or deceptive acts or practices and other violations of this Article. Any franchised new motor vehicle dealer who believes that a captive finance source with whom the dealer does business in North Carolina has violated or is currently violating any provision of this Article may file a petition before the Commissioner setting forth the factual and legal basis for such violations. The Commissioner shall promptly forward a copy of the petition to the named captive finance source requesting a reply to the petition within 30 days. Allowing for sufficient time for the parties to conduct discovery, the Commissioner or his designee shall then hold an evidentiary hearing and render findings of fact and conclusions of law based on the evidence presented.
(c) The Commissioner shall have the power in hearings arising under this Article to enter scheduling orders and limit the time and scope of discovery; to determine the date, time, and place where hearings are to be held; to subpoena witnesses; to take depositions of witnesses; and to administer oaths.

(e) The Commissioner may issue rules and regulations to implement the provisions of this section and to establish procedures related to administrative proceedings commenced under this section.

(f) In the event that a dealer, who is permitted or required to file a notice, protest, or petition before the Commissioner within a certain period of time in order to adjudicate, enforce, or protect rights afforded the dealer under this Article, voluntarily elects to appeal a policy, determination, or decision of the captive finance source through an appeals board or internal grievance procedure of the captive finance source, or to participate in or refer the matter to mediation, arbitration, or other alternative dispute resolution procedure or process established or endorsed by the captive finance source, the applicable period of time for the dealer to file the notice, protest, or petition before the Commissioner under this Article shall not commence until the captive finance source's appeal board or internal grievance procedure, mediation, arbitration, or appeals process of the captive finance source has been completed and the dealer has received notice in writing of the final decision or result of the procedure or process. Nothing, however, contained in this subsection shall be deemed to require that any dealer exhaust any internal grievance or other alternative dispute process required or established by the captive finance source before seeking redress from the Commissioner as provided in this Article. (2005 -409, s. 3.)

§ 20-308.17. Rules and regulations.

The Commissioner may make such rules and regulations, not inconsistent with the provisions of this Article, as he shall deem necessary or proper for the effective administration and enforcement of this Article, provided that a copy of such rules and regulations shall be mailed to each motor vehicle dealer licensee and captive finance source 30 days prior to the effective date of such rules and regulations. (2005 -409, s. 3.)

§ 20-308.18. Hearing notice.

In every case of a hearing before the Commissioner authorized under this Article, the Commissioner shall give reasonable notice of each such hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in Chapter 150B of the General Statutes. The costs of such hearings shall be assessed by the Commissioner. (2005 -409, s. 3.)

§ 20-308.19. Article applicable to existing and future agreements.

NC General Statutes - Chapter 20 675§ 20-308.21. Civil actions for violations.

(a) Notwithstanding the terms, provisions, or conditions of any agreement or other terms or provisions of any novation, waiver, arbitration agreement, or other written instrument, any person who is or may be injured by a violation of a provision of this Article, or any party to an agreement who is so injured in his business or property by a violation of a provision of this Article relating to that agreement, or an arrangement which, if consummated, would be in violation of this Article may, notwithstanding the initiation or pendency of, or failure to initiate an administrative proceeding before the Commissioner concerning the same parties or subject matter, bring an action for damages and equitable relief, including injunctive relief, in any court of competent jurisdiction with regard to any matter not within the jurisdiction of the Commissioner or that seeks relief wholly outside the authority or jurisdiction of the Commissioner to award.

(b) Where the violation of a provision of this Article can be shown to be willful, malicious, or wanton, or if continued multiple violations of a provision or provisions of this Article occur, the court may award punitive damages, attorneys' fees and costs in addition to any other damages under this Article.

(c) A new motor vehicle dealer, if he has not suffered any loss of money or property, may obtain final equitable relief if it can be shown that the violation of a provision of this Article by a captive finance source may have the effect of causing a loss of money or property.

(d) Any association that is comprised of a minimum of 400 new motor vehicle dealers, or a minimum of 10 motorcycle dealers, substantially all of whom are new motor vehicle dealers located within North Carolina, and which represents the collective interests of its members, shall have standing to file a petition before the Commissioner or a cause of action in any court of competent jurisdiction for itself, or on behalf of any or all of its members, seeking declaratory and injunctive relief. Prior to bringing an action, the association and captive finance source shall initiate mediation as set forth in G.S. 20-301.1(b). An action brought pursuant to this subsection may seek a determination whether one or more captive finance sources doing business in this State

have violated any of the provisions of this Article, or for the determination of any rights created or defined by this Article, so long as the association alleges an injury to the collective interest of its members cognizable under this section. A cognizable injury to the collective interest of the members of the association shall be deemed to occur if a captive finance source doing business in this State has engaged in any conduct or taken any action which actually harms or affects all of the franchised new motor vehicle dealers holding agreements with that captive finance source in this State. With respect to any administrative or civil action filed by an association pursuant to this subsection, the relief granted shall be limited to declaratory and injunctive relief and in no event shall the Commissioner or court enter an award of monetary damages. (2005 -409, s. 3.)

Article 13.

The Vehicle Financial Responsibility Act of 1957.

§ 20-309. Financial responsibility prerequisite to registration; must be maintained throughout registration period.

(a) No motor vehicle shall be registered in this State unless the owner at the time of registration provides proof of financial responsibility for the operation of such motor vehicle, as provided in this Article. The owner of each motor vehicle registered in this State shall maintain financial responsibility continuously throughout the period of registration. For purposes of this Article, the term "motor vehicle" includes mopeds, as that term is defined in G.S. 20-4.01.

(a1) An owner of a commercial motor vehicle, as defined in G.S. 20-4.01(3d), shall have financial responsibility for the operation of the motor vehicle in an amount equal to that required for for-hire carriers transporting nonhazardous property in interstate or foreign commerce in 49 C.F.R. § 387.9.

(a2) Notwithstanding any other provision of this Chapter, an owner's policy of liability insurance issued to a foster parent or parents, which policy includes an endorsement excluding coverage for one or more foster children residing in the foster parent's or parents' household, may be certified as proof of financial responsibility, provided that each foster child for whom coverage is excluded is insured in an amount equal to or greater than the minimum limits required by G.S. 20-279.21 under some other owner's policy of liability insurance or a named nonowner's policy of liability insurance. The North Carolina Rate Bureau shall establish, with the approval of the Commissioner of Insurance, a named driver exclusion endorsement or endorsements for foster children as described herein.

(b) Financial responsibility shall be a liability insurance policy or a financial security bond or a financial security deposit or by qualification as a self-insurer, as these terms are defined and described in Article 9A, Chapter 20 of the General Statutes of North Carolina, as amended.

(c) When it is certified that financial responsibility is a liability insurance policy, the Commissioner of Motor Vehicles may require that the owner produce records to prove the fact of such insurance, and failure to produce such records shall be prima facie evidence that no financial responsibility exists with regard to the vehicle concerned. It shall be the duty of insurance companies, upon request of the Division, to verify the accuracy of any owner's certification.

(c1) The proof of insurance required to demonstrate financial responsibility under subsection (c) of this section may be satisfied by producing records of insurance in either physical or electronic format. Acceptable electronic formats include display of electronic images on a mobile phone or other portable electronic device produced through an application or Web site of the insurer.

(d) When liability insurance with regard to any motor vehicle is terminated by cancellation

or failure to renew, or the owner's financial responsibility for the operation of any motor vehicle is otherwise terminated, the owner shall forthwith surrender the registration certificate and plates of
the vehicle to the Division of Motor Vehicles unless financial responsibility is maintained in some
other manner in compliance with this Article.

(2) Terminates a policy, either by cancellation or failure to renew, unless the same insurer issues a replacement policy complying with this Article at the same time the insurer terminates the old policy and no lapse in coverage results.
(3) Reinstates a policy after the insurer has notified the Division of a cancellation or termination.
(a1) Division Records. – The Division shall ensure that its records accurately reflect the insurance coverage status of each owner of a motor vehicle registered or required to be registered in this State by reconciling all notices received under this section pertaining to that motor vehicle owner. A termination notice received under subdivision (2) of subsection (a) of this section shall not be recorded as a lapse in financial responsibility or initiate action by the Division under G.S. 20 -311 if an earlier notice received by the Division under this section establishes that the owner of the motor vehicle has met the duty to have continuous financial responsibility for the vehicle, as required under G.S. 20 -309, through a motor vehicle liability policy that is not the subject of the later termination notice.
(b) Time Period. – An insurer shall notify the Division as required by subsection (a) of this section within 20 business days.
(c) Form of Notice. – All insurers shall submit the notices required under this section by electronic means.

§ 20-311. Action by the Division when notified of a lapse in financial responsibility.
(a) Action. – When the Division receives evidence, by a notice of termination of a motor

vehicle liability policy or otherwise, that the owner of a motor vehicle registered or required to be registered in this State does not have financial responsibility for the operation of the vehicle, the Division shall notify the owner electronically or by mail. The notice shall inform the owner of the evidence demonstrating lapse and that the owner must respond to the notice within 10 days of the date the notice was sent. The owner's response must explain how the owner has met the duty to have continuous financial responsibility for the vehicle. Based on the owner's response, the Division shall take the appropriate action listed:

(1) Division correction. – If the owner responds within the required time and the response establishes that the owner has not had a lapse in financial responsibility, the Division shall correct its records.

(2) Penalty only. – If the owner responds within the required time and the response establishes all of the following, the Division shall assess the owner a penalty in the amount set in subsection (b) of this section:

a. The owner had a lapse in financial responsibility, but the owner now has financial responsibility.

b. The vehicle was not involved in an accident during the lapse in financial responsibility.

c. The owner did not operate the vehicle or allow the vehicle to be operated during the lapse with knowledge that the owner had no financial responsibility for the vehicle.

(3) Penalty and revocation. – If the owner responds within the required time and the response establishes either of the following, the Division shall assess the owner a penalty in the amount set in subsection (b) of this section and revoke the registration of the owner's vehicle for the period set in subsection (c) of this section:

a. The owner had a lapse in financial responsibility and still does not have financial responsibility.

b. The owner now has financial responsibility even though the owner had a lapse, but the response also establishes any of the following:

 The vehicle was involved in an accident during the lapse.

2. The owner operated the vehicle during the lapse with knowledge that the owner had no financial responsibility for the vehicle.

3. The owner allowed the vehicle to be operated during the lapse with knowledge that the owner had no financial responsibility for the vehicle.

(4) Penalty and revocation for failure to respond. – Except as otherwise provided in this subdivision, if the owner does not respond within the required time, the Division shall assess a penalty in the applicable amount set forth in subsection (b) of this section and shall revoke the registration of the owner's vehicle for the period set in subsection (c) of this section. If the owner does not respond within the required time, but later responds and establishes that the owner has not had a lapse in financial responsibility, the Division shall correct its records, rescind any revocation under this subdivision of the registration of the owner's vehicle, and the owner shall not be responsible for any fee or penalty arising under this section from the owner's failure to timely respond.

(5) No penalty. – If the owner responds within the required time and the response establishes all of the following, the Division shall not assess the owner a penalty:

a. The owner sold the vehicle under G.S. 20 -62.1 or transferred title under G.S. 20 -72 or G.S. 20 -109.1 within 10 days of the termination of financial responsibility for the vehicle.

b. The owner did not operate or allow the vehicle to be operated during the lapse because the vehicle was either (i) unable to be driven due to damage or mechanical defect or (ii) no longer in the possession of the owner as a result of a sale or transfer for which there was a delay between physical transfer of the vehicle and completion of the paperwork required under G.S. 20 -62.1, 20-72, or 20-109.1.

c. The owner has returned the North Carolina registration plate or has submitted an affidavit indicating that the North Carolina registration plate has been lost, stolen, or destroyed.

(b) Penalty Amount. – The following table determines the amount of a penalty payable under this section by an owner who has had a lapse in financial responsibility; the amount is based on the number of times the owner has been assessed a penalty under this section during the three -year period before the date the owner's current lapse began:

Number of Lapses in Previous Three Years	Penalty Amount
None	$50.00
One	$100.00
Two or More	$150.00

(c) Revocation Period. – The revocation period for a revocation based on a response that establishes that a vehicle owner does not have financial responsibility is indefinite and ends when the owner obtains financial responsibility or transfers the vehicle to an owner who has financial responsibility. The revocation period for a revocation based on a response that establishes the occurrence of an accident during a lapse in financial responsibility or the knowing operation of a vehicle without financial responsibility is 30 days. The revocation period for a revocation based on failure of a vehicle owner to respond is indefinite and ends when the owner (i) establishes that the
owner has not had a lapse in financial responsibility, (ii) obtains financial responsibility, or (iii)
transfers the vehicle to an owner who has financial responsibility, whichever occurs first.
(d) Revocation Notice. – When the Division revokes the registration of an owner’s vehicle, it shall notify the owner of the revocation. The notice shall inform the owner of the following:

(3) That the registration of the vehicle cannot be renewed while the registration is revoked.
(4) That the owner shall pay any penalties assessed within 30 days of the date of the notice, a restoration fee, and the fee for a registration plate when the owner applies to the Division to register a vehicle whose registration was revoked.
(5) That failure of an owner to pay any penalty or fee assessed pursuant to this section shall result in the Division withholding the registration renewal of any motor vehicle registered in that owner’s name.
(e) Registration After Revocation. – A vehicle whose registration has been revoked may not be registered during the revocation period in the name of the owner, a child of the owner, the owner’s spouse, or a child of the owner’s spouse. This restriction does not apply to a spouse who is living separate and apart from the owner. At the end of a revocation period, a vehicle owner who has financial responsibility may apply to register a vehicle whose registration was revoked. The owner shall provide proof of current financial responsibility and pay any penalty assessed, a restoration fee of fifty dollars ($50.00), and the fee for a registration plate. Pursuant to G.S. 20 -54, failure of an owner to pay any penalty or fee assessed pursuant to this section shall result in the Division withholding the registration renewal of any motor vehicle registered in that owner’s name.
(f) Clear Proceeds of Penalties. – The clear proceeds of all civil penalties, civil forfeitures, and civil fines that are collected by the Department of Transportation pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C -457.2.

In addition, no insurance points under the Safe Driver Incentive Plan shall be assessed for any violation for which a monetary penalty or restoration fee is waived pursuant to this subsection. All of the following apply to a person qualifying under this subsection:

(2) Upon reregistration, the person shall receive without cost from the Division all necessary registration cards or plates.

(2) The owner has submitted a copy of their current out-of-state registration card to the Division.
(3) The owner has returned the North Carolina registration plate or has submitted an affidavit indicating that the North Carolina registration plate has been lost, stolen, or destroyed.
(h) Applicability. – The penalty and revocation imposed under this section do not apply when the sole owner of a vehicle dies and that owner had financial responsibility for the vehicle as of the date of the owner's death. (1957, c. 1393, s. 3; 1959, c. 1277, s. 2; 1963, c. 964, s. 4; 1965, c. 205; c. 1136, s. 3; 1967, c. 822, s. 3; c. 857, s. 4; 1971, c. 477, s. 3; 1975, c. 348, s. 4; c. 716, s. 5; 1979, 2nd Sess., c. 1279, s. 2; 1983, c. 761, s. 147; 1983 (Reg. If it appears that continuous financial responsibility existed for the vehicle involved, or if it appears the lapse of financial responsibility is not reasonably attributable to the neglect or fault of the person whose registration plate was revoked, the Division shall withdraw its order of revocation and such person may retain the registration plate. Otherwise, the order of revocation shall be affirmed and the registration plate surrendered. (1971, c. 1218, s. 1; 1973, c. 1144, ss. 1, 2; 1975, c. 716, s. 5; 2006 -213, s. 3.)

For the purposes of this section, the true mileage driven is that mileage driven by the vehicle as registered by the odometer within the manufacturer's designed tolerance. (1973, c. 679, s. 1.)

§ 20-343. Unlawful change of mileage.

It is unlawful for any person or his agent to disconnect, reset, or alter the odometer of any motor vehicle with the intent to change the number of miles indicated thereon. Whenever evidence shall be presented in any court of the fact that an odometer has been reset or altered to change the number of miles indicated thereon, it shall be prima facie evidence in any court in the State of North Carolina that the resetting or alteration was made by the person, firm or corporation who held title or by law was required to hold title to the vehicle in which the reset or altered odometer was installed at the time of such resetting or alteration or if such person has more than 20 employees and has specifically and in writing delegated responsibility for the motor vehicle to an agent, that the resetting or alteration was made by the agent. (1973, c. 679, s. 1; 1979, c. 696.)

§ 20-344. Operation of vehicle with intent to defraud.

NC General Statutes - Chapter 20 687§ 20-346. Lawful service, repair, or replacement of odometer.
Nothing in this Article shall prevent the service, repair, or replacement of an odometer, provided the mileage indicated thereon remains the same as before the service, repair, or replacement. Where the odometer is incapable of registering the same mileage as before such service, repair, or replacement, the odometer shall be adjusted to read zero and a notice in writing shall be attached to the left door frame of the vehicle by the owner or his agent specifying the mileage prior to repair or replacement of the odometer and the date on which it was repaired or replaced. Any removal or alteration of such notice so affixed shall be unlawful. (1973, c. 679, s. 1.)
§ 20-347. Disclosure requirements.
(a) In connection with the transfer of a motor vehicle, the transferor shall disclose the mileage to the transferee in writing on the title or on the document used to reassign the title. c. Does not reflect the actual mileage and should not be relied on.
(6), (7) Repealed by Session Laws 1989, c. 482, s. 2.
(a1) Before executing any transfer of ownership document, each lessor of a leased motor vehicle shall notify the lessee in writing that the lessee is required to provide written disclosure to the lessor regarding mileage. (4) A new vehicle prior to its first transfer for purposes other than resale.
(5) A vehicle that is transferred by a State agency that assists the United States Department of Defense with purchasing, transferring, or titling a vehicle to another State agency, a unit of local government, a volunteer fire department, or a volunteer rescue squad. They shall retain all odometer disclosure statements at their primary place of business in an order that is appropriate to business requirements and that permits systematic retrieval.
(b) Lessors shall retain, for five years following the date they transfer ownership of the leased vehicle, each odometer disclosure statement which they receive from a lessee. They shall retain all odometer disclosure statements at their primary place of business in an order that is appropriate to business requirements and that permits systematic retrieval.
(c) Each auction company shall establish and retain at its primary place of business in an order that is appropriate to business requirements and that permits systematic retrieval, for five years following the date of sale of each motor vehicle, the following records:
(1) The name of the most recent owner (other than the auction company);

(1) Three times the amount of actual damages sustained or one thousand five hundred dollars ($1,500), whichever is the greater; and
(2) In the case of any successful action to enforce the foregoing liability, the costs of the action together with reasonable attorney fees as determined by the court.
(b) An action to enforce any liability created under subsection (a) of this section may be brought in any court of the trial division of the General Court of Justice of the State of North Carolina within four years from the date on which the liability arises. Article 15A.
New Motor Vehicles Warranties Act.
§ 20-351. Purpose.
This Article shall provide State and private remedies against motor vehicle manufacturers for persons injured by new motor vehicles failing to conform to express warranties. (1987, c. 385, s. 1.)
§ 20-351.1. Definitions.
As used in this Article:
(1) "Consumer" means the purchaser, other than for purposes of resale, or lessee from a commercial lender, lessor, or from a manufacturer or dealer, of a motor vehicle, and any other person entitled by the terms of an express warranty to enforce the obligations of that warranty.

(2) "Manufacturer" means any person or corporation, resident or nonresident, who manufactures or assembles or imports or distributes new motor vehicles which are sold in the State of North Carolina.
(3) "Motor vehicle" includes a motor vehicle as defined in G.S. 20-4.01 that is sold or leased in this State, but does not include "house trailer" as defined in G.S. 20-4.01 or any motor vehicle that weighs more than 10,000 pounds.
(4) "New motor vehicle" means a motor vehicle for which a certificate of origin, as required by G.S. 20-52.1 or a similar requirement in another state, has never been supplied to a consumer, or which a manufacturer, its agent, or its authorized dealer states in writing is being sold as a new motor vehicle. (1987, c. 385, s. 1; 1989, c. 43, s. 2; c. 519, s. 2; 2005 -436, s. 1.)
NC General Statutes - Chapter 20 690§ 20-351.2. Require repairs; when mileage warranty begins to accrue.
(a) Express warranties for a new motor vehicle shall remain in effect at least one year or 12,000 miles. If a new motor vehicle does not conform to all applicable express warranties for a period of one year, or the term of the express warranties, whichever is greater, following the date of original delivery of the motor vehicle to the consumer, and the consumer reports the nonconformity to the manufacturer, its agent, or its authorized dealer during such period, the manufacturer shall make, or arrange to have made, repairs necessary to conform the vehicle to the express warranties, whether or not these repairs are made after the expiration of the applicable warranty period.
(b) Any express warranty for a new motor vehicle expressed in terms of a certain number of miles shall begin to accrue from the mileage on the odometer at the date of original delivery to the consumer. (1987, c. 385; 1989, c. 14.)
§ 20-351.3. Replacement or refund; disclosure requirement.
(a) When the consumer is the purchaser or a person entitled by the terms of the express warranty to enforce the obligations of the warranty, if the manufacturer is unable, after a reasonable number of attempts, to conform the motor vehicle to any express warranty by repairing or correcting, or arranging for the repair or correction of, any defect or condition or series of defects or conditions which substantially impair the value of the motor vehicle to the consumer, and which occurred no later than 24 months or 24,000 miles following original delivery of the vehicle, the manufacturer shall, at the option of the consumer, replace the vehicle with a comparable new motor vehicle or accept return of the vehicle from the consumer and refund to the consumer the following:
(1) The full contract price including, but not limited to, charges for undercoating, dealer preparation and transportation, and installed options, plus the non-refundable portions of extended warranties and service contracts;
(2) All collateral charges, including but not limited to, sales tax, license and registration fees, and similar government charges;
(3) All finance charges incurred by the consumer after he first reports the nonconformity to the manufacturer, its agent, or its authorized dealer; and
(4) Any incidental damages and monetary consequential damages.
(b) When consumer is a lessee, if the manufacturer is unable, after a reasonable number of attempts, to conform the motor vehicle to any express warranty by repairing or correcting, or arranging for the repair or correction of, any defect or condition or series of defects or conditions which substantially impair the value of the motor vehicle to the consumer, and which occurred no later than 24 months or 24,000 miles following original delivery of the vehicle, the manufacturer shall, at the option of the consumer, replace the vehicle with a comparable new motor vehicle or accept return of the vehicle from the consumer and refund the following:
(1) To the consumer:
a. All sums previously paid by the consumer under the terms of the lease;
b. All sums previously paid by the consumer in connection with entering into the lease agreement, including, but not limited to, any capitalized cost reduction, sales tax, license and registration fees, and similar government charges; and
c. Any incidental and monetary consequential damages.
(2) To the lessor, a full refund of the lease price, plus an additional amount equal to five percent (5%) of the lease price, less eighty -five percent (85%) of the
NC General Statutes - Chapter 20 691amount actually paid by the consumer to the lessor pursuant to the lease. The lease price means the actual purchase cost of the vehicle to the lessor.
In the case of a refund, the leased vehicle shall be returned to the manufacturer and the consumer's written lease shall be terminated by the lessor without any penalty to the consumer. The lessor shall

transfer title of the motor vehicle to the manufacturer as necessary to effectuate the consumer's rights pursuant to this Article, whether the consumer chooses vehicle replacement or refund.
(c) Refunds shall be made to the consumer, lessor, and any lienholders as their interests may appear. The refund to the consumer shall be reduced by a reasonable allowance for the consumer's use of the vehicle. A reasonable allowance for use is calculated from the number of miles used by the consumer up to the date of the third attempt to repair the same nonconformity which is the subject of the claim, or the twentieth cumulative business day when the vehicle is out of service by reason of repair of one or more nonconformities, whichever occurs first. The number of miles used by the consumer is multiplied by the purchase price of the vehicle or the lessor's actual lease price, and divided by 120,000.
(d) If a manufacturer, its agent, or its authorized dealer resells a motor vehicle that was returned pursuant to this Article or any other State's applicable law, regardless of whether there was any judicial determination that the motor vehicle had any defect or that it failed to conform to all express warranties, the manufacturer, its agent, or its authorized dealer shall disclose to the subsequent purchaser prior to the sale:
(1) That the motor vehicle was returned pursuant to this Article or pursuant to the applicable law of any other State; and
(2) The defect or condition or series of defects or conditions which substantially impaired the value of the motor vehicle to the consumer.
Any subsequent purchaser who purchases the motor vehicle for resale with notice of the return, shall make the required disclosures to any person to whom he resells the motor vehicle. (1987, c. 385, s. 1; 1989, c. 43, s. 1; c. 519, s. 1; 2005 -436, s. 2.)

§ 20-351.4. Affirmative defenses.

It is an affirmative defense to any claim under this Article that an alleged nonconformity or series of nonconformities are the result of abuse, neglect, odometer tampering by the consumer or unauthorized modifications or alterations of a motor vehicle. (1987, c. 385.)

§ 20-351.5. Presumption.

(a) It is presumed that a reasonable number of attempts have been undertaken to conform a motor vehicle to the applicable express warranties if:
(1) The same nonconformity has been presented for repair to the manufacturer, its agent, or its authorized dealer four or more times but the same nonconformity continues to exist; or
(2) The vehicle was out of service to the consumer during or while awaiting repair of the nonconformity or a series of nonconformities for a cumulative total of 20 or more business days during any 12-month period of the warranty,
provided that the consumer has notified the manufacturer directly in writing of the existence of the nonconformity or series of nonconformities and allowed the manufacturer a reasonable period, not to exceed 15 calendar days, in which to correct the nonconformity or series of nonconformities. The manufacturer must clearly and conspicuously disclose to the consumer in the warranty or owners manual that written notification of a nonconformity is required before a consumer may be
eligible for a refund or replacement of the vehicle and the manufacturer shall include in the warranty or owners manual the name and address where the written notification may be sent. Provided, further, that notice to the manufacturer shall not be required if the manufacturer fails to make the disclosures provided herein.
(b) The consumer may prove that a defect or condition substantially impairs the value of the motor vehicle to the consumer in a manner other than that set forth in subsection (a) of this section.
(c) The term of an express warranty, the one-year period, and the 20-day period shall be extended by any period of time during which repair services are not available to the consumer because of war, strike, or natural disaster. (1987, c. 385.)

§ 20-351.6. Civil action by the Attorney General.

Whenever, in his opinion, the interests of the public require it, it shall be the duty of the Attorney General upon his ascertaining that any of the provisions of this Article have been violated by the manufacturer to bring a civil action in the name of the State, or any officer or department thereof as provided by law, or in the name of the State on relation of the Attorney General. (1987, c. 385, s. 1.)

§ 20-351.7. Civil action by the consumer.

A consumer injured by reason of any violation of the provisions of this Article may bring a civil action against the manufacturer; provided, however, the consumer has given the manufacturer written notice of his intent to bring an action against the manufacturer at least 10 days prior to filing

such suit. Nothing in this section shall prevent a manufacturer from requiring a consumer to utilize an informal settlement procedure prior to litigation if that procedure substantially complies in design and operation with the Magnuson -Moss Warranty Act, 15 USC § 2301 et seq., and regulations promulgated thereunder, and that requirement is written clearly and conspicuously, in the written warranty and any warranty instructions provided to the consumer. (1987, c. 385, s. 1.)

§ 20-351.8. Remedies.

In any action brought under this Article, the court may grant as relief:

(1) A permanent or temporary injunction or other equitable relief as the court deems just;

(2) Monetary damages to the injured consumer in the amount fixed by the verdict. Such damages shall be trebled upon a finding that the manufacturer unreasonably refused to comply with G.S. 20-351.2 or G.S. 20-351.3. The jury may consider as damages all items listed for refund under G.S. 20-351.3;

(3) A reasonable attorney's fee for the attorney of the prevailing party, payable by the losing party, upon a finding by the court that:

a. The manufacturer unreasonably failed or refused to fully resolve the matter which constitutes the basis of such action; or

b. The party instituting the action knew, or should have known, the action was frivolous and malicious. (1987, c. 385.)

§ 20-351.9. Dealership liability.

No authorized dealer shall be held liable by the manufacturer for any refunds or vehicle replacements in the absence of evidence indicating that dealership repairs have been carried out in NC General Statutes - Chapter 20 693a manner substantially inconsistent with the manufacturers' instructions. This Article does not create any cause of action by a consumer against an authorized dealer. (1987, c. 385.)

§ 20-351.10. Preservation of other remedies.

This Article does not limit the rights or remedies which are otherwise available to a consumer under any other law. (1987, c. 385.)

§ 20-351.11. Manufacturer's warranty for State motor vehicles that operate on diesel fuel.

Every new motor vehicle purchased by the State that is designed to operate on diesel fuel shall be covered by an express manufacturer's warranty that allows the use of B-20 fuel, as defined in G.S. 143-58.4. This section does not apply if the intended use, as determined by the agency, of the new motor vehicle requires a type of vehicle for which an express manufacturer's warranty allows the use of B-20 fuel is not available. (4) Motor vehicle auctions or persons in the performance of motor vehicle repairs solely for motor vehicle auctions.

(5) Any motor vehicle repair shop in the performance of a motor vehicle repair if the cost of the repair does not exceed three hundred fifty dollars ($350.00).

(6) Any person or motor vehicle repair shop in the performance of repairs on commercial construction equipment or motor vehicles that have a GVWR of at least 26,001 pounds.

(7) When a third party has waived in writing the right to receive written estimates

from the motor vehicle repair shop; the third party indicates to the motor vehicle repair shop that the repairs will be paid for by the third party under an insurance
policy, service contract, mechanical breakdown contract, or manufacturer's warranty; and the third party further indicates that the customer's share of the cost of repairs, if any, will not exceed three hundred fifty dollars ($350.00).
(1999 -437, s. 1; 2001 -298, s. 1.)

§ 20-354.2. Definitions.

As used in this act:

(1) "Customer" means the person who signs the written repair estimate or any other person whom that person designates as a person who may authorize repair work.

(2) "Employee" means an individual who is employed full time or part time by a motor vehicle repair shop and performs motor vehicle repairs.

(3) "Motor vehicle" means any automobile, truck, bus, recreational vehicle, motorcycle, motor scooter, or other motor -powered vehicle, but does not include trailers, mobile homes, travel trailers, or trailer coaches without independent motive power, or watercraft or aircraft.

(4) "Motor vehicle repair" means all maintenance of and modification and repairs to motor vehicles and the diagnostic work incident to those repairs, including, but not limited to, the rebuilding or restoring of rebuilt vehicles, body work, painting, warranty work, shop supply fees, hazardous material disposal fees incident to a repair, and other work customarily undertaken by motor vehicle repair shops. Motor vehicle repair does not include the sale or installation of tires when authorized by the customer.

(5) "Motor vehicle repair shop" means any person who, for compensation, engages or attempts to engage in the repair of motor vehicles owned by other persons and includes, but is not limited to:

a. Mobile motor vehicle repair shops.
b. Motor vehicle and recreational vehicle dealers.
c. Garages.
d. Service stations.
e. Self-employed individuals.
f. Truck stops.
g. Paint and body shops.
h. Brake, muffler, or transmission shops.
i. Shops doing glasswork.

Any person who engages solely in the maintenance or repair of the coach portion of a recreational vehicle is not a motor vehicle repair shop. (1999 -437, s. 1; 2005 -463, s. 1.)

§ 20-354.3. Written motor vehicle repair estimate and disclosure statement required.

(a) When any customer requests a motor vehicle repair shop to perform repair work on a motor vehicle, the cost of which repair work will exceed three hundred fifty dollars ($350.00) to the customer, the shop shall prepare a written repair estimate, which is a form setting forth the estimated cost of repair work, including diagnostic work, before effecting any diagnostic work or repair. In determining under this section whether the cost of the repair work exceeds three hundred fifty dollars ($350.00), the cost of the repair work shall consist of the cost of parts and labor necessary for the repair work and any charges for necessary diagnostic work and teardown, if any,
and shall include any taxes, any other repair shop supplies or overhead, and any other extra services that are incidental to the repair work. The written repair estimate shall also include a statement allowing the customer to indicate whether replaced parts should be saved for inspection or return and a statement indicating the daily charge for storing the customer's motor vehicle after the customer has been notified that the repair work has been completed.

(b) The information required by subsection (a) of this section need not be provided if the customer waives in writing his or her right to receive a written estimate. A customer may waive his or her right to receive any written estimates from a motor vehicle repair shop for a period of time specified by the customer in the waiver.

(c) Except as provided in subsection (e) of this section, a copy of the written repair estimate required by subsection (a) of this section shall be given to the customer before repair work is begun.

(d) If the customer leaves his or her motor vehicle at a motor vehicle repair shop during

hours when the shop is not open, or if the motor vehicle repair shop reasonably believes that an accurate estimate of the cost of repairs cannot be made until after the diagnostic work has been completed, or if the customer permits the shop or another person to deliver the motor vehicle to the shop, there shall be an implied partial waiver of the written estimate; however, upon completion of the diagnostic work necessary to estimate the cost of repair, the shop shall notify the customer as required by G.S. 20-354.5(a).

(e) Nothing in this section shall be construed to require a motor vehicle repair shop to give a written estimate price if the motor vehicle repair shop does not agree to perform the requested repair. (1999 -437, s. 1; 2001 -298, s. 2; 2005 -304, s. 1.)

§ 20-354.4. Charges for motor vehicle repair estimate; requirement of waiver of rights prohibited.

(a) Before proceeding with preparing an estimate, the shop shall do both of the following:

(1) Disclose to the customer the amount, if any, of the charge for preparing the estimate.

(2) Obtain a written authorization to prepare an estimate if there is a charge for that estimate.

(b) It is a violation of this Article for any motor vehicle repair shop to require that any person waive his or her rights provided in this Article as a precondition to the repair of his or her vehicle by the shop or to impose or threaten to impose any charge which is clearly excessive in relation to the work involved in making the price estimate for the purpose of inducing the customer to waive his or her rights provided in this Article. (1999 -437, s. 1.)

§ 20-354.5. Notification of charges in excess of repair estimate; prohibited charges; refusal to return vehicle prohibited; inspection of parts.

(a) In the event that any of the following applies, the customer shall be promptly notified by telephone, telegraph, mail, or other means of the additional repair work and estimated cost of the additional repair work:

(1) The written repair estimate contains only an estimate for diagnostic work necessary to estimate the cost of repair and such diagnostic work has been completed.

 696(2) A determination is made by a motor vehicle repair shop that the actual charges for the repair work will exceed the written estimate by more than ten percent (10%).

(3) An implied partial waiver exists for diagnostic work, and the diagnostic work has been completed.

When a customer is notified, he or she shall, orally or in writing, authorize, modify, or cancel the order for repair.

(b) If a customer cancels the order for repair or, after diagnostic work is performed, decides not to have the repairs performed, and if the customer authorizes the motor vehicle repair shop to reassemble the motor vehicle, the shop shall expeditiously reassemble the motor vehicle in a condition reasonably similar to the condition in which it was received.

After cancellation of the repair order or a decision by the customer not to have repairs made after diagnostic work has been performed, the shop may charge for and the customer is obligated to pay the cost of repairs actually completed that were authorized by the written repair estimate as well as the cost of diagnostic work and teardown, the cost of parts and labor to replace items that were destroyed by teardown, and the cost to reassemble the component or the vehicle, provided the customer was notified of these possible costs in the written repair estimate or at the time the customer authorized the motor vehicle repair shop to reassemble the motor vehicle.

(c) It is a violation of this Article for a motor vehicle repair shop to charge more than the written estimate and the amount by which the motor vehicle repair shop has obtained authorization to exceed the written estimate in accordance with subsections (a) or (b) of this section, plus ten percent (10%).

(d) It is a violation of this Article for any motor vehicle repair shop to refuse to return any customer's motor vehicle because the customer refused to pay for repair charges that exceed a written estimate and any amounts authorized by the customer in accordance with subsection (a) or (b) of this section by more than ten percent (10%), provided that the customer has paid the motor vehicle repair shop the amount of the estimate and the amounts authorized by the customer in accordance with subsections (a) and (b) of this section, plus ten percent (10%).

(e) Upon request made at the time the repair work is authorized by the customer, the customer is entitled to inspect parts removed from his or her vehicle or, if the shop has no warranty arrangement or exchange parts program with a manufacturer, supplier, or distributor, have them

returned to him or her. A motor vehicle repair shop may discard parts removed from a customer's vehicle or sell them and retain the proceeds for the shop's own account if the customer fails to take possession of the parts at the shop within two business days after taking delivery of the repaired vehicle. (1999 -437, s. 1; 2001 -298, ss. 3, 4.)

§ 20-354.6. Invoice required of motor vehicle repair shop.

The motor vehicle repair shop shall provide each customer, upon completion of any repair, with a legible copy of an invoice for such repair. The invoice shall include the following information:

(1) A statement indicating what was done to correct the problem or a description of the service provided.

(2) An itemized description of all labor, parts, and merchandise supplied and the costs of all labor, parts, and merchandise supplied. No itemized description is required to be provided to the customer for labor, parts, and merchandise supplied when a third party has indicated to the motor vehicle repair shop that the repairs will be paid for under a service contract, under a mechanical

breakdown contract, or under a manufacturer's warranty, without charge to the customer.

(3) A statement identifying any replacement part as being used, rebuilt, or reconditioned, as the case may be. (1999 -437, s. 1; 2001 -298, s. 5; 2002 -159, s. 32.)

§ 20-354.7. Required disclosure; signs; notice to customers.

A sign, at least 24 inches on each side, shall be posted in a manner conspicuous to the public. The sign shall contain:

(1) That the consumer has a right to receive a written estimate or to waive receipt of that estimate if the cost of repairs will exceed three hundred fifty dollars ($350.00).

(2) That the consumer may request, at the time the work order is taken, the return or inspection of all parts that have been replaced during the motor vehicle repair. (1999 -437, s. 1.)

§ 20-354.8. Prohibited acts and practices.

It shall be a violation of this Article for any motor vehicle repair shop or employee of a motor vehicle repair shop to do any of the following:

(1) Charge for repairs which have not been expressly or impliedly authorized by the customer.

(2) Misrepresent that repairs have been made to a motor vehicle.

(3) Misrepresent that certain parts and repairs are necessary to repair a vehicle.

(4) Misrepresent that the vehicle being inspected or diagnosed is in a dangerous condition or that the customer's continued use of the vehicle may be harmful or cause great damage to the vehicle.

(5) Fraudulently alter any customer contract, estimate, invoice, or other document.

(6) Fraudulently misuse any customer's credit card.

(7) Make or authorize in any manner or by any means whatever any written or oral statement which is untrue, deceptive, or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue, deceptive, or misleading, related to this Article.

(8) Make fraudulent promises of a character likely to influence, persuade, or induce a customer to authorize the repair, service, or maintenance of a motor vehicle.

(9) Substitute used, rebuilt, salvaged, or straightened parts for new replacement parts without notice to the motor vehicle owner and to his or her insurer if the cost of repair is to be paid pursuant to an insurance policy and the identity of the insurer or its claims adjuster is disclosed to the motor vehicle repair shop.

(10) Cause or allow a customer to sign any work order that does not state the repairs requested by the customer.

(11) Refuse to give to a customer a copy of any document requiring the customer's signature upon completion or cancellation of the repair work.

(12) Rebuild or restore a rebuilt vehicle without the knowledge of the owner in a manner that does not conform to the original vehicle manufacturer's established repair procedures or specifications and allowable tolerances for the particular model and year.

(13) Perform any other act that is a violation of this Article or that constitutes fraud or misrepresentation under this Article. (1999 -437, s. 1.)

§ 20-354.9. Remedies.
Any customer injured by a violation of this Article may bring an action in the appropriate court for relief. The prevailing party in that action may be entitled to damages plus court costs and reasonable attorneys' fees. The customer may also bring an action for injunctive relief in the appropriate court. A violation of this Article is not punishable as a crime; however, this Article does not limit the rights or remedies which are otherwise available to a consumer under any other law. § 20-359.1. Insurance requirements.

(a) No license shall be issued or renewed pursuant to this Article unless the applicant files with the Department a certificate or certificates of insurance, from an insurance company or companies authorized to do business in this State, providing:

(1) Motor vehicle insurance for bodily injury to or death of one or more persons in any one accident and for injury to or destruction of property of others in any one accident with minimum coverage of three hundred fifty thousand dollars ($350,000) combined single limit of liability;

(2) Comprehensive general liability insurance with a minimum coverage of three hundred fifty thousand dollars ($350,000) combined single limit of liability,

including coverage of operations on North Carolina streets and highways that are not covered by motor vehicle insurance; and

(3) Workers' compensation insurance that complies with Chapter 97 for all employees if the person is licensed as a professional housemover. The exemptions in G.S. 97-13 from the provisions of Chapter 97 shall not apply to licensed professional housemovers.

(b) The certificate or certificates shall provide for continuous coverage during the effective period of the license issued pursuant to this Article. At the time the certificate is filed, the applicant shall also file with the Department a current list of all motor vehicles covered by the certificate. The applicant shall file amendments to the list within 15 days of any changes.

(c) An insurance company issuing any insurance policy required by subsection (a) of this section shall notify the Department of any of the following events at least 30 days before its occurrence: (i) cancellation of the policy, (ii) nonrenewal of the policy, or (iii) any change in the policy.

(d) In addition to all coverages required by this section, the applicant shall file with the Department a copy of either: (i) a bond or other acceptable surety providing coverage in the amount of twenty -five thousand dollars ($25,000) for the benefit of a person contracting with the housemover to move that person's structure for all claims for property damage arising from the movement of a structure pursuant to this Article, or (ii) a policy of cargo insurance in the amount of fifty thousand dollars ($50,000). (1981, c. 818, s. 1; 1991 (Reg. Sess., 1992), c. 813, s. 1.)

§ 20-360. Requirements for permit.

(a) Persons licensed as professional housemovers shall also be required to secure a permit from the Department for every move undertaken on the State Highway System of roads; that permit shall be issued by the Department after determining that the applicant is (i) properly licensed, (ii) furnished special surety bonds as required by the Department, and (iii) complying with such other regulations as required by the Department.

(b) It shall be the duty of the applicant to see that the "beams and dollies" and "hauling units" used shall be constructed with proper material in a suitable manner and utilized so as to provide for the safety of the general public and the structure being relocated. Any violation of this duty may result in suspension or revocation of his license by the Department.

(c) A license shall not be required for an individual owner of a towing vehicle moving their own buildings from or to property owned individually by those persons; however, a permit will be required for all moves.

(d) Licensed housemovers shall furnish front and rear certified escort vehicles on all moves, one or both of which may be a marked police, sheriff or State Highway Patrol vehicle as determined by the issuing agent, or one or two properly equipped certified escort vehicles depending on the number of law-enforcement vehicles escorting the move; escort vehicles shall operate where possible at a distance of 300 feet from the structure being moved; that this interval

will be closed in cities and other congested areas to protect other traffic from the swing of the load at corners and turns, and the certified escort vehicles shall comply with all restrictions as provided on the permit secured for movement of the structure. (1977, c. 720, s. 5; 1981, c. 818, s. 2; 2005 -354, s. 4.)

§ 20-361. Application for permit and permit fee.

Application for a permit to move a structure must be made to the division or district engineer having jurisdiction at least two days prior to the date of the move. For good cause shown, this time may be waived by the district or division engineer. A travel plan and a permit application fee of twenty dollars ($20.00) shall accompany the application. Division or district engineers are authorized to issue permits for individual moves of a structure or building whose width does not exceed 36 feet. The travel plan will show the proposed route, the time estimated for each segment of the move, a plan to handle traffic so that no one delay to other highway users shall exceed 20 minutes. The division or district engineers shall review the travel plan and if the route cannot accommodate the move due to roadway weight limits, bridge size or weight limits, or will cause undue interruption of traffic flow, the permit shall not be issued. The applicant may submit alternate plans if desired until an acceptable route is determined. If the width of the building or structure to be relocated is more than 36 feet, or if no acceptable travel plan has been filed, and the denial of the permit would cause a hardship, the application and travel plan may be submitted to the Department on appeal. After reviewing the route and travel plan, the Department may in its discretion issue the permit after considering the practical physical limitations of the route, the nature and purpose of the move, the size and weight of the structure, the distance the structure is to be moved, and the safety and convenience of the traveling public. A surety bond in an amount to cover the cost of any damage to the pavement, structures, bridges, roadway or other damages that may occur can be required if deemed necessary by the Department. (1977, c. 720, s. 6; 1991 (Reg. Sess., 1992), c. 813, s. 3.)

§ 20-362. Liability of housemovers.

The permittee assumes all responsibility for injury to persons or damage to property of any kind and agrees to hold the Department harmless for any claims arising out of his conduct or actions. (1977, c. 720, s. 7.)

§ 20-363. Removal and replacement of obstructions.

All obstructions, including mailboxes, traffic signals, signs, and utility lines will be removed immediately prior to and replaced immediately after the move at the expense of the mover. Any property, real or personal, to be removed, which is not located in the right -of-way, shall not be removed until the owner is notified and arrangements for and approval from the owner are obtained. (1977, c. 720, s. 8; 2008 -89, s. 3.)

§ 20-364. Route changes.

Irrespective of the route shown on the permit, an alternate route will be followed:

(1) If directed by a peace officer.

(2) If directed by a uniformed officer assigned to a weigh station to follow a route to a weighing device.

(3) If the specified route is officially detoured. Should a detour be encountered, the driver shall check with the office issuing permit on which he is traveling prior to proceeding. (1977, c. 720, s. 9; 2004 -124, s. 18.3(d).)

§ 20-365. Loading or parking on right -of-way.

The object to be transported will not be loaded, unloaded, nor parked, day or night, on highway right -of-way without specific permission from the district or division engineer. (1977, c. 720, s. 10.)

§ 20-366. Effect of weather.

No move will be made when atmospheric conditions render visibility lower than safe for travel. Moves will not be made when highway is covered with snow or ice, or at any time travel conditions are considered unsafe by the Department or Highway Patrol or other law-enforcement officers having jurisdiction. (1977, c. 720, s. 11.)

§ 20-367. Obtaining license or permit by fraud.

The permit may be voided if any conditions of the permit are violated. Upon any violation, the permit must be surrendered and a new permit obtained before proceeding. Misrepresentation of information on application to obtain a license, fraudulently obtaining a permit, alteration of a permit, or unauthorized use of a permit will render the permit void. (1977, c. 720, s. 12.)

§ 20-368. Municipal regulations.

All moves on streets on the municipal system of streets shall comply with local regulations. (1977, c. 720, s. 13.)

§ 20-369. Out-of-state licenses and permits.
An out-of-state person, partnership, or corporation engaging in the structural moving business may apply to the Department for a license to engage in the housemoving profession in North Carolina, and obtain permits for moves by complying with the provisions of this Article and the regulations of the Department in the same manner as is required of North Carolina residents and by showing that the state in which the housemover operates his business extends similar privileges to housemovers licensed in North Carolina. (1977, c. 720, s. 14; 1979, c. 475, s. 1.)
§ 20-370. Speed limits.
The speed of moves will be that which is reasonable and prudent for the load, considering weight and bulk, under conditions existing at the time. (1977, c. 720, s. 15.)
§ 20-371. Penalties.
(a) Any person violating the provisions of this Article or the regulations of the Department governing housemoving shall be guilty of a Class 1 misdemeanor.
(b) The Department is hereby authorized in the name of the State to apply for relief by injunction, in the established manner provided in cases of civil procedure, without bond, to enforce the provisions of this Article, or to restrain any violation thereof. In such proceedings, it shall not be necessary to allege or prove either that an adequate remedy at law does not exist, or that substantial or irreparable damage would result from the continued violation thereof. (1977, c. 720, s. 16; 1993, c. 539, s. 392; 1994, Ex. Sess., c. 24, s. 14(c); 2008 -89, s. 4.)
§ 20-372. Invalid section; severability.
If any of the provisions of this Article, or if the application of such provisions to any person or circumstance shall be held invalid, the remainder of this Article and the application of such provision of this Article other than those as to which it is held valid, shall not be affected thereby. (1977, c. 720, s. 17.)
§ 20-373. Reserved for future codification purposes.
NC General Statutes - Chapter 20 703§ 20-374. Unsafe practices.
(a) If the Department determines that a housemover has engaged in unsafe practices, all licenses, permits, and authorizations issued to the person pursuant to this Article shall be revoked for a period of six months.
(b) Any person whose license, permit, or authorization issued under this Article is revoked pursuant to this section may request a hearing to be held before the Secretary or a person designated by the Secretary. The licensee shall be notified in writing no less than 10 days prior to the hearing of the time and place of the hearing. (1) To prescribe qualifications and maximum hours of service of drivers and their helpers.
(1a) To set safety standards for vehicles of motor carriers engaged in foreign, interstate, or intrastate commerce over the highways of this State and for the safe operation of these vehicles. The Department of Public Safety may stop,

enter upon, and perform inspections of motor carriers' vehicles in operation to determine compliance with these standards and may conduct any investigations and tests it finds necessary to promote the safety of equipment and the safe operation on the highway of these vehicles.
(1b) To enforce this Article, rules adopted under this Article, and the federal safety and hazardous materials regulations.
(2) To enter the premises of a motor carrier to inspect a motor vehicle or any equipment used by the motor carrier in transporting passengers or property.
(2a) To prohibit the use by a motor carrier of any motor vehicle or motor vehicle equipment the Department of Public Safety finds, by reason of its mechanical condition or loading, would be likely to cause a crash or breakdown in the

transportation of passengers or property on a highway. If an agent of the Department of Public Safety finds a motor vehicle of a motor carrier in actual use upon the highways in the transportation of passengers or property that, by reason of its mechanical condition or loading, would be likely to cause a crash or breakdown, the agent shall declare the vehicle "Out of Service." The agent shall require the operator thereof to discontinue its use and to substitute therefor a safe vehicle, parts or equipment at the earliest possible time and place, having regard for both the convenience and the safety of the passengers or property. When an inspector or agent stops a motor vehicle on the highway, under authority of this section, and the motor vehicle is declared "Out of Service," no motor carrier operator shall require, or permit, any person to operate, nor shall any person operate, any motor vehicle equipment declared "Out of Service" until all repairs required by the "Out of Service" notice have been satisfactorily completed. Such agents or inspectors shall also have the right to stop any motor vehicle which is being used upon the public highways for the transportation of passengers or property by a motor carrier subject to the provisions of this Article and to eject therefrom any driver or operator who shall be operating or be in charge of such motor vehicle while under the influence of alcoholic beverages or impairing substances. It shall be the duty of all inspectors and agents of the Department of Public Safety to make a written report, upon a form prescribed by the Department of Public Safety, of inspections of all motor equipment and a copy of each such written report, disclosing defects in such equipment, shall be served promptly upon the motor carrier operating the same, either in person by the inspector or agent or by mail. Such agents and inspectors shall also make and serve a similar written report in cases where a motor vehicle is operated in violation of this Chapter or, if the motor vehicle is subject to regulation by the North Carolina Utilities Commission, of Chapter 62 of the General Statutes.

(3) To relieve the highways of all undue burdens and safeguard traffic thereon by adopting and enforcing rules and orders designed and calculated to minimize the dangers attending transportation on the highways of all hazardous materials and other commodities.

(4) To determine the safety fitness of intrastate motor carriers, to assign safety ratings to intrastate motor carriers as defined in 49 C.F.R. § 385.3, to direct intrastate motor carriers to take remedial action when required, to prohibit the

operation of intrastate motor carriers when subject to an out-of-service order issued by the Federal Motor Carrier Safety Administration or the Department.

§ 20-398. Household goods carrier; marking or identification of vehicles.

(a) No carrier shall operate or attempt to operate any motor vehicle upon a highway, public street, or public vehicular area within the State in the transportation of household goods for compensation unless the name or trade name and the North Carolina number assigned to the carrier by the North Carolina Utilities Commission appear on each side of the vehicle in letters and figures not less than three inches high. The North Carolina number assigned to the carrier shall also be placed on the rear left upper quadrant of the vehicle in letters and figures not less than three inches

high. In case of a tractor -trailer unit, the side markings must be on the tractor and the rear markings must be on the trailer. The markings required may be printed on the vehicle or on durable placards securely fastened on the vehicle.

case the name of the lessor and the words "Operated By" need not appear.
(c) The provisions of this section do not apply to carriers engaged only in interstate commerce. If the carrier is engaged in both interstate and intrastate commerce and is marked as required by the Federal Motor Carrier Safety Administration, then in that case, it will only be necessary for the carrier to print his or her North Carolina number in a conspicuous place near his or her name in letters and figures corresponding in size with Federal Motor Carrier Safety Administration regulations.

d. Object and event response execution.
e. Maneuver planning.
f. Enhancing conspicuity via lighting, signaling, and gesturing.
(3) Fully autonomous vehicle. – A motor vehicle equipped with an automated driving system that will not at any time require an occupant to perform any portion of the dynamic driving task when the automated driving system is engaged. If equipment that allows an occupant to perform any portion of the dynamic driving task is installed, it must be stowed or made unusable in such a
NC General Statutes - Chapter 20 713manner that an occupant cannot assume control of the vehicle when the automated driving system is engaged.
(4) Minimal risk condition. – An operating mode in which a fully autonomous vehicle with the automated driving system engaged achieves a reasonably safe state, bringing the vehicle to a complete stop, upon experiencing a failure of the automatic driving system that renders the vehicle unable to perform any portion of the dynamic driving task.
(5) Operator. – For the purposes of this Article, is a person as defined in G.S. 20 -4.01. An operator does not include an occupant within a fully autonomous vehicle performing solely strategic driving functions.
(6) Operational design domain. – Specific conditions under which an automated driving system is limited to effectively operate, such as geographical limitations, roadway types, speed range, and environmental conditions.
(7) Strategic driving functions. – Control of navigational parameters such as trip scheduling or the selection of destinations and waypoints but does not include any portion of the dynamic driving task. (2017 -166, s. 1.)
§ 20-401. Regulation of fully autonomous vehicles.
(a) Driver's License Not Required. – Notwithstanding the provisions of G.S. 20 -7 and this Chapter, the operator of a fully autonomous vehicle with the automated driving system engaged is not required to be licensed to operate a motor vehicle.
(b) Vehicle Registration Card in Vehicle. – For a fully autonomous vehicle, the provisions of G.S. 20 -49(4) and G.S. 20 -57(c) are satisfied if the vehicle registration card is in the vehicle, physically or electronically, and readily available to be inspected by an officer or inspector.

(c) Parent or Legal Guardian Responsible for Certain Violations. – The parent or legal guardian of a minor is responsible for a violation of G.S. 20 -135.2B, the prohibition on children in an open bed of a pickup, or G.S. 20 -137.1, the child restraint law, if the violation occurs in a fully autonomous vehicle.
(d) Minimum Age for Unsupervised Minors in Fully Autonomous Vehicles. – It is unlawful for any parent or legal guardian of a person less than 12 years of age to knowingly permit that person to occupy a fully autonomous vehicle in motion or which has the engine running unless the person is under the supervision of a person 18 years of age or older.
(e) Registered Owner Responsible for Moving Violations. – The person in whose name the fully autonomous vehicle is registered is responsible for a violation of this Chapter that is considered a moving violation, if the violation involves a fully autonomous vehicle.
(f) Unattended Vehicle. – A vehicle shall not be considered unattended pursuant to G.S. 20 -163 or any other provision of Chapter 20 of the General Statutes merely because it is a fully autonomous vehicle with the automated driving system engaged.
(g) Duty to Stop in the Event of a Crash. – If all of the following conditions are met when a fully autonomous vehicle is involved in a crash, then the provisions of subsections (a) through (c2) and subsection (e) of G.S. 20 -166 and subsections (a) and (c) of G.S. 20 -166.1 shall be considered satisfied, and no violation of those provisions shall be charged:
(1) The vehicle or the operator of the vehicle promptly contacts the appropriate law enforcement agency to report the crash.
(2) The vehicle or operator of the vehicle promptly calls for medical assistance, if appropriate.
NC General Statutes - Chapter 20 714(3) For a reportable crash, the vehicle remains at the scene of the crash until vehicle registration and insurance information is provided to the parties affected by the crash and a law enforcement officer authorizes the vehicle to be removed.
(4) For a nonreportable crash, the vehicle remains at the scene or in the immediate vicinity of the crash until vehicle registration and insurance information is provided to the parties affected by the crash.
(h) Operation. – A person may operate a fully autonomous vehicle if the vehicle meets all of the following requirements:
(1) Unless an exception or exemption has been granted under applicable State or federal law, the vehicle:
a. Is capable of being operated in compliance with Articles 3, 3A, 7, 11, and 13 of this Chapter;
b. Complies with applicable federal law and regulations; and
c. Has been certified in accordance with federal regulations in 49 C.F.R. Part 567 as being in compliance with applicable federal motor vehicle safety standards and bears the required certification label or labels.
(2) The vehicle has the capability to meet the requirements of subsection (g) of this section.
(3) The vehicle can achieve a minimal risk condition.
(4) The vehicle is covered by a motor vehicle liability policy meeting the applicable requirements of G.S. 20 -279.21.
(5) The vehicle is registered in accordance with Part 3 of Article 3 of this Chapter, and, if registered in this State, the vehicle shall be identified on the registration and registration card as a fully autonomous vehicle.
(i) Preemption. – No local government shall enact any local law or ordinance related to the regulation or operation of fully autonomous vehicles or vehicles equipped with an automated driving system, other than regulation specifically authorized in Chapter 153A and Chapter 160A of the General Statutes that is not specifically related to those types of motor vehicles. (2017 -166, s. 1.)
§ 20-402. Applicability to vehicles other than fully autonomous vehicles.
(a) Definitions. – As used in this section, a "request to intervene" means notification by a vehicle to the human operator that the operator should promptly begin or resume performance of part or all of the dynamic driving task.
(b) Applicability. – Operation of a motor vehicle equipped with an automated driving system capable of performing the entire dynamic driving task with the expectation that a human operator will respond appropriately to a request to intervene is lawful under this Chapter and subject to the provisions of this Chapter. (2017 -166, s. 1.)

NC General Statutes - Chapter 148 2§ 148-4. Control and custody of prisoners; authorizing prisoner to leave place of confinement.
The Secretary of the Department of Adult Correction shall have control and custody of all prisoners serving sentence in the State prison system, and such prisoners shall be subject to all the rules and regulations legally adopted for the government thereof. Any sentence to imprisonment in any unit of the State prison system, or to jail to be assigned to work under the Division of Prisons of the Department of Adult Correction, shall be construed as a commitment, for such terms of imprisonment as the court may direct, to the custody of the Secretary of the Department of Adult Correction or his authorized representative, who shall designate the places of confinement within the State prison system where the sentences of all such persons shall be served. The authorized agents of the Secretary shall have all the authority of peace officers for the purpose of transferring prisoners from place to place in the State as their duties might require and for apprehending, arresting, and returning to prison escaped prisoners, and may be commissioned by the Governor, either generally or specially, as special officers for returning escaped prisoners or other fugitives from justice from outside the State, when such persons have been extradited or voluntarily surrendered. Employees of departments, institutions, agencies, and political subdivisions of the

State hiring prisoners to perform work outside prison confines may be designated as the authorized agents of the Secretary of the Department of Adult Correction for the purpose of maintaining control and custody of prisoners who may be placed under the supervision and control of such employees, including guarding and transferring such prisoners from place to place in the State as their duties might require, and apprehending and arresting escaped prisoners and returning them to prison. The governing authorities of the State prison system are authorized to determine by rules and regulations the manner of designating these agents and placing prisoners under their supervision and control, which rules and regulations shall be established in the same manner as other rules and regulations for the government of the State prison system.

The Secretary of the Department of Adult Correction may extend the limits of the place of confinement of a prisoner, as to whom there is reasonable cause to believe he will honor his trust, by authorizing him, under prescribed conditions, to leave the confines of that place unaccompanied by a custodial agent for a prescribed period of time to

(1) Contact prospective employers; or

(2) Secure a suitable residence for use when released on parole or upon discharge; or

(3) Obtain medical services not otherwise available; or

(4) Participate in a training program in the community; or

(5) Visit or attend the funeral of a spouse, child (including stepchild, adopted child or child as to whom the prisoner, though not a natural parent, has acted in the place of a parent), parent (including a person though not a natural parent, has acted in the place of a parent), brother, or sister; or

(6) Participate in community -based programs of rehabilitation, including, but not limited to the existing community volunteer and home -leave programs, pre-release and after-care programs as may be provided for and administered by the Secretary of the Department of Adult Correction and other programs determined by the Secretary of the Department of Adult Correction to be consistent with the prisoner's rehabilitation and return to society; or

 3(7) Be on maternity leave, for a period of time not to exceed 60 days. The county departments of social services are expected to cooperate with officials at the North Carolina Correctional Center for Women to coordinate prenatal care, financial services, and placement of the child; or

(8) Receive palliative care, only in the case of a terminally ill inmate or a permanently and totally disabled inmate that the Secretary finds no longer poses a significant public safety risk, and only after consultation with any victims of the inmate or the victims' families. For purposes of this subdivision, the term "terminally ill" describes an inmate who, as determined by a licensed physician, has an incurable condition caused by illness or disease that was unknown at the time of sentencing and was not diagnosed upon entry to prison, that will likely produce death within six months, and that is so debilitating that it is highly unlikely that the inmate poses a significant public safety risk. For purposes of this subdivision, the term "permanently and totally disabled" describes an inmate who, as determined by a licensed physician, suffers from permanent and irreversible physical incapacitation as a result of an existing physical or medical condition that was unknown at the time of sentencing and was not diagnosed upon entry to prison, and that is so incapacitating that it is highly unlikely that the inmate poses a significant public safety risk. The Department's medical director shall notify the Secretary immediately when an inmate has been classified as terminally ill and shall provide regular reports on inmates classified as permanently and totally disabled. The Secretary shall act expeditiously in determining whether to extend the limits of confinement under this subdivision upon receiving notice that an inmate has been classified as terminally ill or permanently and totally disabled and, in the case of a terminally ill inmate, the Secretary shall make a good faith effort to reach a determination within 30 days of receiving notice of the inmate's terminal condition.

The willful failure of a prisoner to remain within the extended limits of his confinement, or to return within the time prescribed to the place of confinement designated by the Secretary of the Department of Adult Correction, shall be deemed an escape from the custody of the Secretary of the Department of Adult Correction punishable as provided in G.S. 148 -45. (1901, c. 472, s. 4; Rev., s. 5390; C.S., s. 7706; 1925, c. 163; 1933, c. 172, ss. 5, 18; 1935, c. 257, s. 2; 1943, c. 409;

1955, c. 238, s. 2; 1957, c. 349, s. 10; 1959, c. 109; 1965, c. 1042; 1967, c. 996, ss. 13, 15; 1973, c. 902; c. 1262, s. 10; 1977, c. 704, s. 5; 1985, c. 483; 2001 -424, s. 25.9(a); 2005 -276, s. 17.13; 2011 -145, s. 19.1(h), (i); 2012 -83, s. 61; 2017 -186, s. 2(vvvvvv); 2021 -180, s. 19C.9(o), (p).)

§ 148-4.1. Release of inmates.

(a) Whenever the Secretary of the Department of Adult Correction determines from data compiled by the Division of Prisons that it is necessary to reduce the prison population to a more manageable level or to meet the State's obligations under law, the Secretary in consultation with the Secretary of the Department of Public Safety may direct the Post-Release Supervision and Parole Commission to release on parole over a reasonable period of time a number of prisoners sufficient to that purpose. From the time the Secretary directs the Post-Release Supervision and Parole Commission until the prison population has been reduced to a more manageable level, the Secretary may not accept any inmates ordered transferred from local confinement facilities to the State prison system under G.S. 148 -32.1(b). Further, the Secretary may return any inmate housed

in the State prison system under an order entered pursuant to G.S. 148 -32.1(b) to the local confinement facility from which the inmate was transferred. In order to meet the requirements of this section, the Parole Commission shall not parole any person convicted under Article 7B of Chapter 14 of a sex offense, under G.S. 14 -39, 14-41, or 14-43.3, under G.S. 90 -95(h) of a drug trafficking offense, or under G.S. 14 -17, or any other violent felon as defined in subsection (a1) of this section. The Parole Commission may continue to consider the suitability for release of such persons in accordance with the criteria set forth in Articles 85 and 85A of Chapter 15A.

(a1) Notwithstanding any other provision of this section, the Division of Prisons of the Department of Adult Correction shall at all times secure the necessary prison space to house any violent felon or habitual felon for the full active sentence imposed by the court. For purposes of this subsection, the term "violent felon" means any person convicted of the following felony offenses: first or second degree murder, voluntary manslaughter, first or second degree rape, first or second degree sexual offense, any sexual offense involving a minor, robbery, kidnapping, or assault, or attempting, soliciting, or conspiring to commit any of those offenses.

(b) Except as provided in subsection (c), only inmates who are otherwise eligible for parole pursuant to Article 85 of Chapter 15A or pursuant to Article 3B of this Chapter may be released under this section.

(c) Persons eligible for parole under Article 85A of Chapter 15A shall be eligible for early parole under this section nine months prior to the discharge date otherwise applicable, and six months prior to the date of automatic 90-day parole authorized by G.S. 15A -1380.2.

(c1) through (g). Repealed by 1995 Session Laws, c. 324, s. 19.9(e).

(g1) Expired July 1, 1996.

(h) A person sentenced under Article 81B of Chapter 15A of the General Statutes shall not be released pursuant to this section.

(i) This section does not apply to inmates released pursuant to G.S. 148 -64.1. (1983, c. 557, s. 1; 1985 (Reg. Sess., 1986), c. 1014, s. 197(a); 1987, c. 7, ss. 1, 3, 4; c. 879, s. 1.2; 1989, c. 1, s. 1; 1990, Ex. Sess., c. 1, ss. 1-3.3; 1989 (Reg. If a victim or immediate family member of a victim requests that, for the safety of the victim or family member, an inmate be confined outside the county where the victim or family member resides or is employed, the Department shall make a reasonable effort to house the inmate in a facility in another county. If the inmate is not so housed in another county, the Department shall notify the victim or family member in writing. (2001 -433, s. 10; 2001 -487, s. 120.)

The Division of Prisons of the Department of Adult Correction shall provide for receiving, and keeping in custody until discharged by law, all such convicts as may be now confined in the prison and such as may be hereafter sentenced to imprisonment therein by the several courts of this State. The Division shall have full power and authority to provide for employment of such convicts, either in the prison or on farms leased or owned by the State of North Carolina, or elsewhere, or otherwise; and may contract for the hire or employment of any able-bodied convicts upon such terms as may be just and fair, but such convicts so hired, or employed, shall remain under the actual management, control and care of the Division. § 148-28. Sentencing prisoners to Central Prison; youthful offenders.

When a sentenced offender is to be taken to the Central Prison at Raleigh, a sheriff or other appropriate officer of the county shall cause such prisoner to be delivered with the proper commitment papers to the warden of the Central Prison. (1) The person was convicted of a capital felony; or

(2) He has previously been imprisoned in a county jail or under the authority of the Division of Prisons of the Department of Adult Correction upon conviction of a felony.

This provision shall not limit the authority of the Secretary of the Department of Adult Correction from transferring a person under 16 years of age to Central Prison when in the Secretary's determination this person would not benefit from confinement in separate facilities for youthful offenders or when it has been determined that his presence would be detrimental to the implementation of programs designed for the benefit of other youthful offenders. Nor shall this provision limit the authority of the judges of the superior courts of this State or the Secretary of the Department of Adult Correction from committing or transferring a person under 16 years of age to Central Prison for medical or psychiatric treatment. § 148-29. Transportation of convicts to prison; reimbursement to counties; sheriff's expense affidavit.

(a) The sheriff having in charge any prisoner to be taken to the State prison system shall send the prisoner to the custody of the Division of Prisons of the Department of Adult Correction after sentencing and the disposal of all pending charges against the prisoner, if no appeal has been taken. Beginning on the day after the Division has been notified by the sheriff that a prisoner is

ready for transfer and the Division has informed the sheriff that bedspace is not available for that prisoner, and continuing through the day the prisoner is received by the Division, the Division shall pay the county:

(1) A standard sum set by the General Assembly in its appropriations acts for the cost of providing food, clothing, personal items, supervision, and necessary ordinary medical services to the prisoner awaiting transfer to the State prison system; and
(2) Extraordinary medical costs, as defined in G.S. 148 -32.1(a), incurred by prisoners awaiting transfer to the State prison system.
If the Division determines that bedspace is not available for a prisoner after the sheriff has notified the Division that the prisoner is ready for transfer, reimbursement under this subsection shall be made beginning on the day after the sheriff gave the notification.
(b) The sheriff having in charge any parolee or post-release supervisee to be taken to the State prison system shall send the prisoner to the custody of the Division of Prisons of the Department of Adult Correction after preliminary hearing held under G.S. 15A -1368.6(b) or G.S. 15A -1376(b). Beginning on the day after the Division has been notified by the sheriff that a prisoner is ready for transfer and the Division has informed the sheriff that bedspace is not available for that prisoner, and continuing through the day the prisoner is received by the Division, the Division shall pay the county:

(c) The sheriff shall file with the board of commissioners of his county a copy of his affidavit as to necessary guard, together with a copy of his itemized account of expenses, both certified to by him as true copies of those on file in his office. § 148-30. Repealed by Session Laws 1977, c. 711, s. 33.
§ 148-31. Maintenance of Central Prison; warden; powers and duties.
The Central Prison shall be maintained in such a manner as to conform to all the requirements of Article XI of the State Constitution, relating to a State's prison. A suitable person shall be appointed warden of the Central Prison, and he shall succeed to and be vested with all the rights, duties, and powers heretofore vested by law in the superintendent of the State's prison or the warden thereof with respect to capital punishment, or any matter of discipline of the inmates of the prison not otherwise provided for in this Article. NC General Statutes - Chapter 148 24§ 148-32. Repealed by Session Laws 1977, c. 450, s. 2.
§ 148-32.1. Local confinement, costs, alternate facilities, parole, work release.
(a) Repealed by Session Laws 2009 -451, s. 19.22A, effective July 1, 2009.
(b) In the event that the custodian of the local confinement facility certifies in writing to the clerk of the superior court in the county in which the local confinement facility is located that the local confinement facility is filled to capacity, or that the facility cannot reasonably accommodate any more prisoners due to segregation requirements for particular prisoners, or that the custodian anticipates, in light of local experiences, an influx of temporary prisoners at that time, or if the local confinement facility does not meet the minimum standards published pursuant to G.S. 153A -221, any judge of the district court in the district court district as defined in G.S. 7A -133 where the facility is located, or any superior court judge who has jurisdiction pursuant to G.S. 7A -47.1 or G.S. 7A -48 in a district or set of districts as defined in G.S. 7A -41.1 where the facility is located may order that a prisoner not housed pursuant to the Statewide Misdemeanant Confinement Program established in subsection (b2) of this section be transferred to any other qualified local confinement facility within that district or within another such district where space is available, including a satellite jail unit operated pursuant to G.S. 153A -230.3 if the prisoner is a non-violent misdemeanant, which local facility shall accept the transferred prisoner.
If no other local confinement facility is available and the reason for the requested transfer is that the local confinement facility that would be required to house the prisoner cannot reasonably

accommodate any more prisoners due to segregation requirements for particular prisoners or the local facility does not meet the minimum standards published pursuant to G.S. 153A -221, then the judge may order that a prisoner not housed pursuant to the Statewide Misdemeanant Confinement Program established in subsection (b2) of this section be transferred to a facility operated by the Division of Prisons of the Department of Adult Correction as designated by the Division of Prisons. In no event, however, shall a prisoner whose term of imprisonment is less than 30 days be assigned or ordered transferred to a facility operated by the Division of Prisons.

(b1) It is the intent of the General Assembly to authorize the Division of Prisons to enter into voluntary agreements with counties to provide housing for misdemeanants serving periods of confinement of more than 90 days and for all sentences imposed for impaired driving under G.S. 20 -138.1, regardless of length. It is further the intent of the General Assembly that the Division of Prisons, in conjunction with the North Carolina Sheriffs' Association, Inc., establish a program for housing misdemeanants serving periods of confinement of more than 90 days and for all sentences imposed for impaired driving under G.S. 20 -138.1, regardless of length. It is also the intent of the General Assembly that the Division of Prisons contract with the North Carolina Sheriffs' Association, Inc., to provide a service that identifies space in local confinement facilities that is available for housing these misdemeanants.

The General Assembly intends that the cost of housing and caring for these misdemeanants, including, but not limited to, care, supervision, transportation, medical, and any other related costs, be covered by State funds and not be imposed as a local cost. Therefore, the General Assembly intends that the funds appropriated for the Statewide Misdemeanant Confinement Program be used to provide funding to cover the costs of managing a system for providing that housing of misdemeanants in local confinement facilities as well as reimbursing the counties for housing and related expenses for those misdemeanants.

NC General Statutes - Chapter 148 25(b2) The Statewide Misdemeanant Confinement Program is established. The Program shall provide for the housing of misdemeanants from all counties serving sentences imposed for a period of more than 90 days and for all sentences imposed for impaired driving under G.S. 20 -138.1, regardless of length. Those misdemeanants shall be confined in local confinement facilities except as provided in subsections (b3) and (b4) of this section. The Program shall address methods for the placement and transportation of inmates and reimbursement to counties for the housing of those inmates. Any county that voluntarily agrees to house misdemeanants from that county or from other counties pursuant to the Program may enter into a written agreement with the Division of Prisons to do so.

The North Carolina Sheriffs' Association shall:

(1) Report no later than the fifteenth day of each month to the Office of State Budget and Management and the Fiscal Research Division on the Statewide Misdemeanant Confinement Program. Each monthly report shall include all of the following:

a. The daily population delineated by misdemeanant or DWI monthly housing.

b. The cost of housing prisoners under the Program.

c. The cost of transporting prisoners under the Program.

d. Personnel costs.

e. Inmate medical care costs.

f. The number of counties that volunteer to house inmates under the Program.

g. The administrative costs paid to the Sheriffs' Association and to the Department of Adult Correction.

(2) Report no later than October 1 of each year to the chairs of the House of Representatives Appropriations Committee on Justice and Public Safety and the Senate Appropriations Committee on Justice and Public Safety and the Joint Legislative Oversight Committee on Justice and Public Safety on the Statewide Misdemeanant Confinement Program. The report shall include the following with respect to the prior fiscal year:

a. The cost of housing prisoners by county under the Program.

b. The cost of transporting prisoners by county under the Program.

c. Personnel costs by county.

d. Inmate medical care costs by county.

e. The number of counties that volunteer to house inmates under the Program.

f. The administrative costs paid to the Sheriffs' Association and to the Department of Adult Correction.

(b3) The custodian of a local confinement facility may request a judicial order to transfer a misdemeanant housed pursuant to the Statewide Misdemeanant Confinement Program to a facility operated by the Division of Prisons by certifying in writing to the clerk of the superior court in the county in which the local confinement facility is located that one of the following conditions is met:

(1) The misdemeanant poses a security risk because the misdemeanant:

a. Poses a serious escape risk.

NC General Statutes - Chapter 148 26b. Exhibits violently aggressive behavior that cannot be contained and warrants a higher level of supervision.

c. Needs to be protected from other inmates, and the county jail facility cannot provide such protection.

d. Is a female or a person 18 years of age or younger, and the county jail facility does not have adequate housing for such prisoners.

e. Is in custody at a time when a fire or other catastrophic event has caused the county jail facility to cease or curtail operations.

f. Otherwise poses an imminent danger to the staff of the county jail facility or to other prisoners in the facility.

(2) The misdemeanant requires medical or mental health treatment that the county decides can best be provided by the Division of Prisons.

(3) The local confinement facility that would be required to house the prisoner (i) cannot reasonably accommodate any more prisoners due to segregation requirements for particular prisoners, or the local facility does not meet the minimum standards published pursuant to G.S. 153A -221, and (ii) no other local confinement facility is available.

Upon receiving such request and certification in writing, any superior or district court judge for the district in which the local confinement facility is located may, after ascertaining that the request meets the criteria set forth in subdivision (1), (2), or (3) of this subsection, order the misdemeanant transferred to a unit of the State prison system designated by the Secretary of the Department of Adult Correction or the Secretary's authorized representative. Individuals meeting the condition set forth in subdivision (2) of this subsection may be ordered to be transferred for an initial period not to exceed 30 days. The sheriff of the county from which the prisoner is removed shall be responsible for conveying the prisoner to the prison unit where the prisoner is to be held and for returning the prisoner to the jail of the county from which the prisoner was transferred. The officer in charge of the prison unit designated by the Secretary of the Department of Adult Correction shall receive custody of the prisoner in accordance with the terms of the order. Prior to the conclusion of the 30-day period, the Division of Prisons shall conduct an assessment of treatment and venue needs. The assessment shall be conducted by the attending medical or mental health professional and shall assess the medical and mental health needs of the prisoner and make a recommendation on whether the prisoner should remain in the custody of the Division of Prisons of the Department of Adult Correction or if the prisoner should be returned to the custody of the county. To extend the order beyond the initial 30-day period, the sheriff shall provide the Division of Prisons assessment and any other relevant information to the resident judge or the superior court or any judge holding superior court in the district or any district court judge who shall determine whether to extend the transfer of the prisoner to a unit of the State prison system beyond the initial 30-day period. If the judge determines that the prisoner should remain in the custody of the Division of Prisons, the judge shall renew the order and include a date certain for review by the court. Prior to the date of review, the Division shall conduct a reassessment of treatment and venue needs and the sheriff shall provide the reassessment and any other relevant information to the court, as described in this subsection. If the judge determines that the prisoner should not remain in the custody of the Division of Prisons, the officer in charge of the prison unit designated by the Secretary of the Department of Adult Correction shall release custody of the prisoner in accordance with the court order and the instructions of the attending medical or mental health professional. The Division of Prisons shall be reimbursed from the Statewide Misdemeanant Confinement Fund for the costs of

NC General Statutes - Chapter 148 27housing the misdemeanant, including the care, supervision, and transportation of the misdemeanant.

(b4) A misdemeanant housed under the Statewide Misdemeanant Confinement Program established pursuant to subsection (b2) of this section may be transferred to a facility operated by the Division of Prisons if the North Carolina Sheriffs' Association, Inc., determines that the local

confinement facilities available for housing misdemeanants under the Program are filled to capacity. The Division of Prisons shall be reimbursed from the Statewide Misdemeanant Confinement Fund for the costs of housing the misdemeanant, including the care, supervision, and transportation of the misdemeanant.
(c) Repealed by Session Laws 2015 -40, s. 6.
(d) When a prisoner serving a sentence of 30 days or more in a local confinement facility is placed on work release pursuant to a recommendation of the sentencing court, the custodian of the facility shall forward the prisoner's work -release earnings to the Division of Prisons, which shall disburse the earnings as determined under G.S. 148 -33.1(f). When a prisoner serving a sentence of 30 days or more in a local confinement facility is placed on work release pursuant to an order of the sentencing court, the custodian of the facility shall forward the prisoner's work -release earnings to the clerk of the court that sentenced the prisoner or to the Division of Prisons, as provided in the prisoner's commitment order. The clerk or the Division, as appropriate, shall disburse the earnings as provided in the prisoner's commitment order. Upon agreement between the Division of Prisons and the custodian of the local confinement facility, however, the clerk may disburse to the local confinement facility the amount of the earnings to be paid for the cost of the prisoner's keep, and that amount shall be set off against the reimbursement to be paid by the Department to the local confinement facility pursuant to G.S. 148 -32.1(a).
(e) Upon entry of a prisoner serving a sentence of imprisonment for impaired driving under G.S. 20 -138.1 into a local confinement facility or to a detention facility approved by the Division of Juvenile Justice of the Department of Public Safety pursuant to this section, the custodian of the local confinement facility or detention facility shall forward to the Post-Release Supervision and Parole Commission information pertaining to the prisoner so as to make him eligible for parole consideration pursuant to G.S. 15A -1371. Such information shall include date of incarceration, jail credit, and such other information as may be required by the Post-Release Supervision and Parole Commission. The Post-Release Supervision and Parole Commission shall approve a form upon which the custodian shall furnish this information, which form will be provided to the custodian by the Division of Prisons. § 148-32.2. Community work crew fee.
The Division of Prisons of the Department of Adult Correction may charge a fee to any unit of local government to which it provides, upon request, a community work crew. NC General Statutes - Chapter 148 28§ 148-32.3. Inmate Construction Program.
Notwithstanding any other provision of law, but subject to the provisions of this Article, the State Construction Office may utilize inmates in the custody of the Division of Prisons of the Department of Adult Correction through the Inmate Construction Program for repair and renovation projects on State -owned facilities, with priority given to Department of Adult Correction construction projects. State agencies utilizing the Inmate Construction Program shall reimburse the Division of Prisons of the Department of Adult Correction for the cost of transportation, custody, and wages for the inmate crews. § 148-33. Prison labor furnished other State agencies.
The Division of Prisons of the Department of Adult Correction may furnish to any of the other State departments, State institutions, or agencies, upon such conditions as may be agreed upon from time to time between the Division and the governing authorities of such Department, institution or agency, prison labor for carrying on any work where it is practical and desirable to use prison labor in the furtherance of the purposes of any State department, institution or agency, and such other employment as is now provided by law for inmates of the State's prison under the provisions of G.S. 148 -6: Provided that such prisoners shall at all times be under the custody of and controlled by the duly authorized agent of such Division. Provided, further, that notwithstanding any provisions of law contained in this Article or in this Chapter, no prisoner or group of prisoners may be assigned to work in any building utilized by any State department, agency, or institution

unless a duly designated custodial agent of the Secretary of the Department of Adult Correction is assigned to the building to maintain supervision and control of the prisoner or prisoners working there. (1933, c. 172, s. 30; 1957, c. 349, s. 10; 1961, c. 966; 1967, c. 996, ss. 13, 15; 1973, c. 1262, s. 10; 2007 -398, s. 4; 2011 -145, s. 19.1(h), (i); 2012 -83, s. 61; 2017 -186, s. 2(xxxxxxx); 2021 -180, s. 19C.9(o), (p).)

§ 148-33.1. Sentencing, quartering, and control of prisoners with work -release privileges.

(a) Whenever a person is sentenced to imprisonment for a term to be served in the State prison system or a local confinement facility, the Secretary of the Department of Adult Correction may authorize the Director of Prisons or the custodian of the local confinement facility to grant work -release privileges to any inmate who is eligible for work release and who has not been granted work -release privileges by order of the sentencing court. The Secretary of the Department of Adult Correction shall authorize immediate work -release privileges for any person serving a sentence not exceeding five years in the State prison system and for whom the presiding judge shall have recommended work -release privileges when (i) it is verified that appropriate employment for the person is available in an area where, in the judgment of the Secretary, the Division of Prisons of the Department of Adult Correction has facilities to which the person may suitably be assigned, and (ii) custodial and correctional considerations would not be adverse to releasing the person without supervision into the free community.

(b) Repealed by Session Laws 1981, c. 541, s. 2.

(c) The Division of Prisons of the Department of Adult Correction shall from time to time, as the need becomes evident, designate and adapt facilities in the State prison system for quartering prisoners with work -release privileges. No State or county prisoner shall be granted work -release privileges by the Director of Prisons or the custodian of a local confinement facility until suitable

facilities for quartering him have been provided in the area where the prisoner has employment or the offer of employment.

(d) The Secretary of the Department of Adult Correction is authorized and directed to establish a work -release plan under which an eligible prisoner may be released from actual custody during the time necessary to proceed to the place of his employment, perform his work, and return to quarters designated by the prison authorities. If the prisoner shall violate any of the conditions prescribed by prison rules and regulations for the administration of the work -release plan, then such prisoner may be withdrawn from work -release privileges, and the prisoner may be transferred to the general prison population to serve out the remainder of his sentence. Rules and regulations for the administration of the work -release plan shall be established in the same manner as other rules and regulations for the government of the State prison system.

(e) The State Department of Labor shall exercise the same supervision over conditions of employment for persons working in the free community while serving sentences imposed under this section as the Department does over conditions of employment for free persons.

(f) A prisoner who is convicted of a felony and who is granted work -release privileges shall give his work -release earnings, less standard payroll deductions required by law, to the Division of Prisons of the Department of Adult Correction. A prisoner who is convicted of a misdemeanor, is committed to a local confinement facility, and is granted work -release privileges by order of the sentencing court shall give his work -release earnings, less standard payroll deductions required by law, to the custodian of the local confinement facility. Other misdemeanants granted work -release privileges shall give their work -release earnings, less standard payroll deductions required by law, to the Division of Prisons of the Department of Adult Correction. The Division of Prisons of the Department of Adult Correction or the sentencing court, as appropriate, shall determine the amount to be deducted from a prisoner's work -release earnings to pay for the cost of the prisoner's keep and to accumulate a reasonable sum to be paid the prisoner when he is paroled or discharged from prison. The Division or sentencing court shall also determine the amount to be disbursed by the Division or clerk of court, as appropriate, for each of the following:

(1) To pay travel and other expenses of the prisoner made necessary by his employment;

(2) To provide a reasonable allowance to the prisoner for his incidental personal expenses;

(3) To make payments for the support of the prisoner's dependents in accordance with an order of a court of competent jurisdiction, or in the absence of a court order, in accordance with a determination of dependency status and need made by the local department of social services in the county of North Carolina in

which such dependents reside;
(3a) To make restitution or reparation as provided in G.S. 148 -33.2.
(4) To comply with an order from any court of competent jurisdiction regarding the payment of an obligation of the prisoner in connection with any judgment rendered by the court.
(5) To comply with a written request by the prisoner to withhold an amount, when the request has been granted by the Division or the sentencing court, as appropriate.
Any balance of his earnings remaining at the time the prisoner is released from prison shall be paid to him. The Social Services Commission is authorized to promulgate uniform rules and regulations governing the duties of county social services departments under this section.
(g) No prisoner employed in the free community under the provisions of this section shall be deemed to be an agent, employee, or involuntary servant of the State prison system while working in the free community or going to or from such employment.
(h) Any prisoner employed under the provisions of this section shall not be entitled to any benefits under Chapter 96 of the General Statutes entitled "Employment Security" during the term of the sentence.
(i) No recommendation for work release shall be made at the time of sentencing in any case in which the presiding judge shall suspend the imposition of sentence and place a convicted person on probation; however, if probation be subsequently revoked and the active sentence of imprisonment executed, the court may at that time recommend work release. Neither a recommendation for work release by the court or the decision of the Secretary of the Department of Adult Correction to place a person on work release shall give rise to any vested statutory right to an individual to be placed on or continued on work release.
(j) The provisions of subsections (f), (g), and (h) of this section shall also apply to prisoners employed in private prison enterprises conducted pursuant to G.S. 148 -70. (1957, c. 540; 1959, c. 126; 1961, c. 420; 1963, c. 469, ss. 1, 2; 1967, c. 684; c. 996, s. 13; 1969, c. 982; 1973, c. 476, s. 138; c. 1262, s. 10; 1975, c. 22, ss. 1-3; c. 679, s. 3; 1977, c. 450, ss. 4, 5; c. 614, s. 6; c. 623, ss. 1, 2; c. 711, s. 29; 1977, 2nd Sess., c. 1147, s. 32; 1981, c. 541, ss. 1-3; 1985, c. 474, s. 3; 1985 (Reg. § 148-33.2. Restitution by prisoners with work -release privileges.
(a) Repealed by Session Laws 1985, c. 474, s. 4.
(b) As a rehabilitative measure, the Secretary of the Department of Adult Correction is authorized to require any prisoner granted work -release privileges to make restitution or reparation to an aggrieved party from any earnings gained by the defendant while on work release when the sentencing court recommends that restitution or reparation be paid by the defendant out of any earnings gained by the defendant if he is granted work -release privileges and out of other resources of the defendant, including all real and personal property owned by the defendant and the income derived from such property. The Secretary shall not be bound by such recommendation, but if they elect not to implement the recommendation, they shall state in writing the reasons therefor, and shall forward the same to the sentencing court.
(c) When an active sentence is imposed, the court shall consider whether, as a rehabilitative measure, it should recommend to the Secretary of the Department of Adult Correction that restitution or reparation be made by the defendant out of any earnings gained by the defendant if he is granted work -release privileges and out of other resources of the defendant, including all real and personal property owned by the defendant, and income derived from such property. If the court determines that restitution or reparation should not be recommended, it shall so indicate on the commitment. If, however, the court determines that restitution or reparation should be recommended, the court shall make its recommendation a part of the order committing the defendant to custody. The recommendation shall be in accordance with the applicable provisions of G.S. 15A -1343(d) and Article 81C of Chapter 15A of the General Statutes. If the offense is one in which there is evidence of physical, mental or sexual abuse of a minor, the court may order the
defendant to pay from work release earnings the cost of rehabilitative treatment for the minor. The
Administrative Office of the Courts shall prepare and distribute forms which provide ample space to make restitution or reparation recommendations incident to commitments, which forms shall be conveniently structured to enable the sentencing court to make its recommendation.
(d) The Secretary of the Department of Adult Correction shall establish rules and regulations to implement this section, which shall include adequate notice to the prisoner that the

payment of restitution or reparation from any earnings gained by the prisoner while on work release is being considered as a condition of any work -release privileges granted the prisoner, and opportunity for the prisoner to be heard. Such rules and regulations shall also provide additional methods whereby facts may be obtained to supplement the recommendation of the sentencing court. § 148-37. Additional facilities authorized; contractual arrangements.

(a) Subject to the provisions of G.S. 143 -341, the Division of Prisons of the Department of Adult Correction may establish additional facilities for use by the Division, such facilities to be either of a permanent type of construction or of a temporary or movable type as the Division may find most advantageous to the particular needs, to the end that the prisoners under its supervision may be so distributed throughout the State as to facilitate individualization of treatment designed to prepare them for lawful living in the community where they are most likely to reside after their release from prison. For this purpose, the Division may purchase or lease sites and suitable lands adjacent thereto and erect necessary buildings thereon, or purchase or lease existing facilities, all within the limits of allotments as approved by the Department of Administration.

(b) The Secretary of the Department of Adult Correction may contract with the proper official of the United States or of any county or city of this State for the confinement of federal

prisoners after they have been sentenced, county, or city prisoners in facilities of the State prison system or for the confinement of State prisoners in any county or any city facility located in North Carolina, or any facility of the United States Bureau of Prisons, when to do so would most economically and effectively promote the purposes served by the Division of Prisons of the Department of Adult Correction. Except as otherwise provided, any contract made under the authority of this subsection shall be for a period of not more than two years, and shall be renewable from time to time for a period not to exceed two years. Contracts made under the authority of this subsection for the confinement of State prisoners in local or district confinement facilities may be for a period of not more than 10 years and renewable from time to time for a period not to exceed 10 years, and shall be subject to the approval of the Council of State and the Department of Administration after consultation with the Joint Legislative Commission on Governmental Operations. Contracts for receiving federal, county and city prisoners shall provide for reimbursing the State in full for all costs involved. The financial provisions shall have the approval of the Department of Administration before the contract is executed. Payments received under such contracts shall be deposited in the State treasury for the use of the Division of Prisons of the Department of Adult Correction. Such payments are hereby appropriated to the Division of Prisons of the Department of Adult Correction as a supplementary fund to compensate for the additional care and maintenance of such prisoners as are received under such contracts.

(b1) Recodified as G.S. 148 -37.2 by Session Laws 2001 -84, s. 1, effective May 17, 2001.

(c) In addition to the authority contained in subsections (a) and (b) of this section, and in addition to the contracts ratified by subsection (f) of this section, the Secretary of the Department of Adult Correction may enter into contracts with any public entity or any private nonprofit or

for-profit firms for the confinement and care of State prisoners in any out-of-state correctional facility when to do so would most economically and effectively promote the purposes served by the Division of Prisons of the Department of Adult Correction. Contracts entered into under the authority of this subsection shall be for a period not to exceed two years and shall be renewable from time to time for a period not to exceed two years. Prisoners may be sent to out-of-state correctional facilities only when there are no available facilities in this State within the State prison system to appropriately house those prisoners. Any contract made under the authority of this subsection shall be approved by the Department of Administration before the contract is executed. Before expending more than the amount specifically appropriated by the General Assembly for the out-of-state housing of inmates, the Division shall obtain the approval of the Joint Legislative Commission on Governmental Operations and shall report such expenditures to the Chairs of the Senate and House Appropriations Committees, the Chairs of the Senate and House Appropriations Subcommittees on Justice and Public Safety, and the Chairs of the Joint Legislative Oversight Committee on Justice and Public Safety.

(d) Prisoners confined in out-of-state correctional facilities pursuant to subsection (c) of this section shall remain subject to the rules adopted for the conduct of persons committed to the State prison system. The rules regarding good time and gain time, discipline, classification, extension of the limits of confinement, transfers, housing arrangements, and eligibility for parole shall apply to inmates housed in those out-of-state correctional facilities. The operators of those out-of-state correctional facilities may promulgate any other rules as may be necessary for the operation of those facilities with the written approval of the Secretary of the Department of Adult Correction. Custodial officials employed by an out-of-state correctional facility are agents of the Secretary of the Department of Adult Correction and may use those procedures for use of force authorized by the Secretary of the Department of Adult Correction not inconsistent with the laws of

the State of situs of the facility to defend themselves, to enforce the observance of discipline in compliance with correctional facility rules, to secure the person of a prisoner, and to prevent escape. Prisoners confined to out-of-state correctional facilities may be required to perform reasonable work assignments within those facilities. Private firms under subsection (c) of this section shall employ inmate disciplinary and grievance policies of the Division of Prisons of the Department of Adult Correction.

(e) Repealed by Session Laws 1995, c. 324, s. 19.10.

This 2,000 -bed limitation shall not apply to the 500 beds in private substance abuse treatment centers authorized by the General Assembly prior to July 1, 1995. Whenever the Division of Prisons of the Department of Adult Correction determines that new prison facilities are required in addition to existing and planned facilities, the Division may contract for any remaining beds authorized by this section before constructing State -operated facilities.

Contracts entered under the authority of this subsection shall be for a period not to exceed 10 years, shall be renewable from time to time for a period not to exceed 10 years. The Secretary of the Department of Adult Correction shall enter contracts under this subsection only if funds are appropriated for this purpose by the General Assembly. Contracts entered under the authority of this subsection may be subject to any requirements for the location of the confinement facilities set forth by the General Assembly in appropriating those funds.

Once the Division has made a determination to contract for additional private prison beds, it shall issue a request for proposals within 30 days of the decision. The request for proposals shall require bids to be submitted within two months, and the Division shall award contracts at the earliest practicable date after the submission of bids. The Secretary of the Department of Adult Correction, in consultation with the Chairs of the Joint Legislative Oversight Committee on Justice and Public Safety and the Chairs of the House and Senate Appropriations Subcommittees on Justice and Public Safety, shall make recommendations to the State Purchasing Officer on the final award decision. The State Purchasing Officer shall make the final award decision, and the contract shall then be subject to the approval of the Council of State after consultation with the Joint Legislative Commission on Governmental Operations.

Contracts made under the authority of this subsection may provide the State with an option to purchase the confinement facility or may provide for the purchase of the confinement facility by the State. Contracts made under the authority of this subsection shall state that plans and specifications for private confinement facilities shall be furnished to and reviewed by the Office of State Construction. The Office of State Construction shall inspect and review each project during construction to ensure that the project is suitable for habitation and to determine whether the project would be suitable for future acquisition by the State. provide reimbursement for all liability arising out of actions caused by operations and employees
of the private confinement facility.
Prisoners housed in private confinement facilities pursuant to this subsection shall remain subject to the rules adopted for the conduct of persons committed to the State prison system. The Secretary of the Department of Adult Correction may review and approve the design and construction of private confinement facilities before housing State prisoners in these facilities. The rules regarding good time, gain time, and earned credits, discipline, classification, extension of the limits of confinement, transfers, housing arrangements, and eligibility for parole shall apply to inmates housed in private confinement facilities pursuant to this subsection. to writing and entered into the prisoner's records as a permanent part thereof, then the chief medical officer of the prison hospital or prison institution shall be authorized to give or withhold, on behalf of the prisoner, consent to the operation or treatment.

In all cases coming under the provisions of this section, the medical staff of the hospital or institution shall keep a careful and complete medical record of the treatment and surgical procedures undertaken. § 148-57.1. Restitution as a condition of parole or post-release supervision.

(a) Repealed by Session Laws 1985, c. 474, s. 5.

(b) As a rehabilitative measure, the Post-Release Supervision and Parole Commission is authorized to require a prisoner to whom parole or post-release supervision is granted to make restitution or reparation to an aggrieved party as a condition of parole or post-release supervision when the sentencing court recommends that restitution or reparation to an aggrieved party be made a condition of any parole or post-release supervision granted the defendant. When imposing restitution as a condition and setting up a payment schedule for the restitution, the Post-Release Supervision and Parole Commission shall take into consideration the resources of the defendant, including all real and personal property owned by the defendant and the income derived from such property, his ability to earn, and his obligation to support dependents. The Post-Release Supervision and Parole Commission shall not be bound by such recommendation, but if it elects
not to implement the recommendation, it shall state in writing the reasons therefor, and shall forward the same to the sentencing court.

(c) When an active sentence is imposed, the court shall consider whether, as a rehabilitative measure, it should recommend to the Post-Release Supervision and Parole Commission that restitution or reparation by the defendant be made a condition of any parole or post-release supervision granted the defendant. If the court determines that restitution or reparation should not be recommended, it shall so indicate on the commitment. If, however, the court determines that restitution or reparation should be recommended, the court shall make its recommendation a part of the order committing the defendant to custody. The recommendation shall be in accordance with the applicable provisions of Article 81C of Chapter 15A of the General Statutes. The Administrative Office of the Courts shall prepare and distribute forms which provide ample space to make restitution or reparation recommendations incident to commitments, which forms shall be

If the offense is one in which there is evidence of physical, mental or sexual abuse of a minor, the court may order, as a condition of parole or post-release supervision, that the defendant pay the cost of any rehabilitative treatment for the minor.
(d) The Post-Release Supervision and Parole Commission shall establish rules and regulations to implement this section, which shall include adequate notice to the prisoner that the payment of restitution or reparation by the prisoner is being considered as a condition of any parole or post-release supervision granted the prisoner, and opportunity for the prisoner to be heard. Such rules and regulations shall also provide additional methods whereby facts may be obtained to supplement the recommendation of the sentencing court. Interstate Compact for Adult Offender Supervision.
§ 148-65.4. Short title.
This Article may be cited as "The Interstate Compact for Adult Offender Supervision." (2002 -166, s. 1; 2008 -189, s. 1.)
§ 148-65.5. Governor to execute compact; form of compact.
NC General Statutes - Chapter 148 46The Governor of North Carolina is authorized and directed to execute a compact on behalf of the State of North Carolina with any state of the United States legally joining therein in the form substantially as follows:
Preamble.
Whereas: The Interstate Compact for the Supervision of Parolees and Probationers was established in 1937, it is the earliest corrections "compact" established among the states, and has not been amended since its adoption over 62 years ago;
Whereas: This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines, and it currently has jurisdiction over more than a quarter of a million offenders;
Whereas: The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements, and sex offender registration;
Whereas: After hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability;
Whereas: The General Assembly hereby finds, determines, and declares that this act is necessary for the immediate preservation of the public peace, health, and safety. The Governor is hereby authorized and directed to enter into a compact on behalf of the State of North Carolina with any state of the United States and other territorial possessions of the United States legally joining therein in the form substantially as follows;
Whereas: Upon the adoption of this Interstate Compact for Adult Offender Supervision, it is the intention of the General Assembly to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers one year after the effective date of this compact.
Article I.
Purpose.
(a) The compacting states to this Interstate Compact recognize that each state is

responsible for the supervision of adult offenders in the community who are authorized pursuant to the bylaws and rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. § 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

(b) It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states:

(1) To provide the framework for the promotion of public safety and to protect the rights of victims through the control and regulation of the interstate movement of offenders in the community;

(2) To provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and

(3) To equitably distribute the costs, benefits, and obligations of the compact among the compacting states.

(c) In addition, this compact will:

(1) Create an Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections, or other criminal justice agencies, which will promulgate rules to achieve the purpose of this compact;

(2) Ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines;

(3) Establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of compact activities to heads of state councils, state executive, judicial, and legislative branches and criminal justice administrators;

(4) Monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct noncompliance; and

(5) Coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity.

(d) The compacting states recognize that there is no "right" of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provision of this compact and bylaws and rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of the public policies and are therefore public business.

b. The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

c. Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state, provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III, Subsection (1) [paragraph a. of subdivision (3)].

d. Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

e. All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

NC General Statutes - Chapter 148 71f. Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. h. Any inmate confined pursuant to the terms of this compact shall have

any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

i. The parents, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

Any decision of the sending state in respect to any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharge from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(7) This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

(8) This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate official of all other party states. An actual withdrawal shall not take effect until one year after the notice provided in said statute has been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

(9) Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

(10) The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the

United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby.
