(2) The State Fish and Wildlife Commission shall develop and adopt by rule a pilot program for urban deer and elk population control that:

(a) Following the passage by a city of an ordinance, resolution or order declaring that a deer or elk population has risen to a level that constitutes a public nuisance, allows the city to petition the State Department of Fish and Wildlife for assistance in reducing the deer or elk population level within city limits; and

(b) In cities where the department determines that a deer or elk population constitutes a public nuisance, allows a local government body or an appropriate agent to take the deer or elk for the purpose of reducing the deer or elk population level.

(3) To implement the pilot program under this section, the department shall consult with:

(a) The governing bodies of cities where high urban deer or elk populations are a concern; and

(b) Food banks or other charitable organizations that serve the governing bodies described in paragraph (a) of this subsection.

(4) Rules for the pilot program adopted by the commission must include, but need not be limited to:

(a) Provisions for the means and manner by which deer and elk may be taken under the pilot program, which must include a prohibition on taking deer or elk by dart or lethal injection;

(b) Provisions for ensuring, to the extent feasible, that the edible portions of any deer or elk taken under the pilot program are distributed, at the expense of the local government, to a local food bank or other charitable organization;

(c) A requirement that, if the hides and antlers of a deer or elk taken under the program are not sold by the local government to persons licensed under ORS 498.019, that the antlers must be surrendered to the department; and

(d) Provisions for ensuring that the number of deer and elk taken under the pilot program do not exceed the number necessary to be taken to reduce the deer or elk population to a level that no longer constitutes a public nuisance.

(5) Prior to exercising any power granted by the pilot program adopted under this section, the governing body of a city shall adopt by ordinance restrictions on placing, depositing, distributing, storing or scattering food, garbage or any other attractant so as to knowingly constitute a lure, attractant or enticement for deer or elk. [2017 c.331 §1; 2021 c.144 §1]

Sec. 2. Report on pilot program.

(1) The State Department of Fish and Wildlife shall first allow a local government to engage in activities related to deer pursuant to the pilot program adopted under section 1, chapter 331, Oregon Laws 2017, no later than January 1, 2019.

(2) The department may first allow a local government to engage in activities related to elk pursuant to the pilot program described in section 1, chapter 331, Oregon Laws 2017, as amended by section 1 of this 2021 Act, on or after the effective date of this 2021 Act [January 1, 2022].

(3) The department shall prepare and submit a report in the manner provided in ORS 192.245 on the implementation of the urban deer and elk population control pilot program, that may include recommendations for legislation, to the committees of the Legislative Assembly related to the environment and natural resources during the 2027 regular session of the Legislative Assembly. [2017 c.331 §2; 2021 c.144 §2]

Sec. 3.

Sections 1 and 2 of this 2017 Act are repealed on January 1, 2029. [2017 c.331 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.014 - Taking of wolves by State Department of Fish and Wildlife to address chronic depredation; taking by landowners; rules.**

(1) As used in this section:

(a) "Chronic depredation":

(A) Means at least four confirmed qualifying incidents of depredation by wolves upon livestock or working dogs within a consecutive six-month period during phase 1 of the Oregon Wolf Conservation and Management Plan adopted by the State Fish and Wildlife Commission; or

(B) Has the meaning given that term by the commission for periods of time after the expiration of phase 1 of the Oregon Wolf Conservation and Management Plan adopted by the State Fish and Wildlife Commission.

(b) "Livestock" has the meaning given that term in ORS 610.150.

(c) "Working dog" has the meaning given that term in ORS 610.150.

(2) Nothing in the wildlife laws prevents the State Fish and Wildlife Commission or the State Department of Fish and Wildlife from lethally taking wolves to address chronic depredation pursuant to rules adopted by the commission, regardless of the management status of wolves under the Oregon Wolf Conservation and Management Plan adopted by the commission.

(3) Pursuant to rules adopted by the State Fish and Wildlife Commission, a person who owns or lawfully occupies land may take wolves on land that is owned or occupied by the person, without a permit issued by the commission, if:

(a) The person has not used bait to attract wolves or taken any other intentional action to attract wolves other than engaging in regular and ordinary livestock management practices;

(b) The taking is allowed under the federal Endangered Species Act of 1973 (P.L. 93-205, 16 U.S.C. 1531 et seq.); and

(c) The wolves are:

(A) Caught in the act of biting, wounding or killing livestock or working dogs; or

(B) Caught in the act of chasing livestock or working dogs. If the taking in response to chasing occurs during phase 1 of the Oregon Wolf Conservation and Management Plan adopted by the commission:

(i) A person must have first undertaken nonlethal actions as specified by the State Department of Fish and Wildlife to minimize conflict between the wolves and livestock or working dogs; and

(ii) The taking must occur during a time period in which the department has determined a situation of chronic depredation exists.

(4) A person who is a landowner or a lawful occupant of land may authorize another person to enter the land for the purpose of taking wolves under subsection (3) of this section on behalf of the landowner or occupant. The authorization must be in writing and must include:

(a) The date of issuance of the authorization;

(b) The name, address, telephone number and signature of the person granting the authorization;

(c) The name, address and telephone number of the person to whom the authorization is granted; and

(d) The expiration date of the authorization, which may not be later than one year from the date of issuance of the authorization.

(5) The person taking wolves on behalf of a landowner or lawful occupant under subsection (4) of this section must be carrying the written authorization when wolves are taken.

(6) If a person takes wolves under the provisions of this section, the person shall report the taking to the State Department of Fish and Wildlife within 24 hours and make all reasonable efforts to preserve, and to keep undisturbed, the scene of the taking. The department and the Oregon State Police shall immediately investigate the report of the taking to determine compliance with the provisions of this section. [2013 c.626 §2]

Note:

Sections 3 and 4, chapter 192, Oregon Laws 2023, provide:

Sec. 3.

(1) On or before September 15, 2024, the State Department of Fish and Wildlife shall submit a report, in the manner prescribed in ORS 192.245, to the committees or interim committees of the Legislative Assembly related to natural resources.

(2) The report must include:

(a) Data on conflicts between wolves and livestock.

(b) A summary of discussions, during the department's five-year review of the Oregon Wolf Conservation and Management Plan, related to the release of wolf location data, including any discussion of other states' models for sharing wolf location data with livestock producers and others. [2023 c.192 §3]

Sec. 4.

Section 3 of this 2023 Act is repealed on January 2, 2025. [2023 c.192 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.016 - Taking crippled or helpless wildlife.**

Nothing in the wildlife laws is intended to prohibit any person from killing any crippled or helpless wildlife when the killing is done for a humane purpose. Any person so killing any wildlife shall immediately report such killing to a person authorized to enforce the wildlife laws, and shall dispose of the wildlife in such manner as the State Fish and Wildlife Commission directs. [1973 c.723 §76]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.018 - Commercial cervid attractants.**

(1) As used in this section:

(a) "Chronic wasting disease" means a type of spongiform encephalopathy that is transmissible among cervids and typified by chronic and fatal weight loss.

(b) "Commercial cervid attractant" means a marketed product that contains or is derived from cervid urine and is designed for use in luring, attracting or enticing a cervid.

(2) The Legislative Assembly finds and declares that:

(a) Commercial cervid attractants sometimes contain the source of chronic wasting disease;

(b) There is no reliable test for determining the presence or absence of chronic wasting disease in commercial cervid attractants; and

(c) Banning the possession and use of commercial cervid attractants will reduce the threat to the cervid population of this state from chronic wasting disease.

(3) A person may not possess or use commercial cervid attractants. [2019 c.396 §2]

Note:

498.018 was added to and made a part of the wildlife laws by legislative action but was not added to ORS chapter 498 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.019 - Purchase, sale or exchange of hides, antlers and other parts of deer, elk and antelope; records required.**

(1) If the State Fish and Wildlife Commission, pursuant to its authority under ORS 498.022, establishes a license for the purchase of deer, elk and antelope hides and antlers, any person holding such license shall also be authorized to purchase, sell or exchange, or offer to purchase, sell or exchange, the hooves, dewclaws and sinews of deer, elk and antelope.

(2) A licensee under subsection (1) of this section shall maintain a record of transactions involving specimens of deer, elk or antelope. The record shall be in such form and contain such information as the commission, by rule, prescribes to accurately indicate the date, type and number of specimens received and the name and address of the person with whom such transaction was made.

[1995 c.711 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.021 - Short title.**

This section and the amendments to ORS 498.022 by section 2, chapter 3, Oregon Laws 2017, shall be known and cited as the "Wildlife Trafficking Prevention Act." [2017 c.3 §1]

Note:

498.021 was enacted into law but was not added to or made a part of ORS chapter 498 or any series therein by law. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.022 - Purchase, sale, exchange or possession of wildlife or wildlife parts or products; rules; penalty.**

(1) Except as the State Fish and Wildlife Commission by rule may provide otherwise, but subject to subsection (2) of this section, a person may not purchase, sell or exchange, or offer to purchase, sell or exchange any wildlife, or any part of any wildlife.

(2)(a) Except as provided in paragraphs (b) and (c) of this subsection, and notwithstanding any other provision of law, or rule enacted pursuant to subsection (1) of this section, a person may not purchase, sell, offer for sale or possess with intent to sell any

item that the person knows or should know is a covered animal species part or product.

(b) This subsection does not apply:

(A) To employees or agents of the federal or state government undertaking any law enforcement activities pursuant to federal or state law or any mandatory duties required by federal or state law;

(B) When the activity is expressly authorized by federal law;

(C) When the activity involves a species that is subject to a federal management plan under Title III of P.L. 94-265 (16 U.S.C. 1851 to 1869), as amended;

(D) When the activity is exempt under ORS 498.257 (3) or 509.160 (3);

(E) When the covered animal species part or product is a fixed component of an antique that is not made wholly or primarily of the covered animal species part or product, provided that the antique status is established by the owner or seller of the antique with documentation evidencing provenance and showing the covered animal species part or product to be not less than 100 years old and provided that the total weight of the covered animal species part or product is less than 200 grams;

(F) When the covered animal species part or product is a fixed component of a musical instrument, including, but not limited to, string instruments and bows, wind and percussion instruments and pianos, provided that the covered animal species part or product was legally acquired and provided that the total weight of the covered animal species part or product is less than 200 grams;

(G) To the noncommercial transfer of ownership of a covered animal species part or product to a legal beneficiary of an estate, trust or other inheritance;

(H) To the possession of a covered animal species part or product by any enrolled member of a federally recognized Indian tribe; or

(I) To the sale of a covered animal species part or product by or to a bona fide scientific or educational institution when the sale is made pursuant to a written gift agreement or similar instrument entered into before July 1, 2017.

(c)(A) Unless otherwise prohibited by federal law, the State Department of Fish and Wildlife may permit the purchase, sale or donation of a lawfully acquired covered animal species part or product by or to a bona fide scientific or educational institution for scientific or educational purposes on or after July 1, 2017.

(B) For each covered animal species part or product that is purchased, sold or donated under this paragraph, the bona fide scientific or educational institution shall:

(i) Keep documentation from the transaction detailing the type of part or product acquired and the source of the part or product; and

(ii) Provide the department with a copy of the documentation described in sub-subparagraph (i) of this subparagraph.

(d) There is a presumption of possession with intent to sell a covered animal species part or product when the part or product is possessed by a retail or wholesale establishment or other forum engaged in the business of buying or selling of similar items. This rebuttable presumption does not preclude a finding of intent to sell based on any other evidence that may serve to independently establish such intent.

(e) Each violation of this subsection is punishable by a civil penalty not to exceed \$6,500 or an amount equal to two times the total value of the covered animal species part or product that is the subject of the violation, whichever is higher. The civil penalty authorized by this paragraph shall be imposed in the manner provided by ORS 183.745.

(f) Any covered animal species part or product that is subject to seizure by or forfeiture to the department may not be sold by the department.

(g) The commission may adopt rules necessary for the implementation of this subsection, including rules restricting the purchase, sale, offer for sale or possession with intent to sell of parts or products of any animal species that so closely resemble in appearance parts or products of a covered animal species that law enforcement personnel would have substantial difficulty in attempting to differentiate between the species.

(h) As used in this subsection:

(A) "Bona fide scientific or educational institution" means:

(i) A career school granted authority to operate under ORS 345.010 to 345.340;

(ii) A community college established under ORS chapter 341;

(iii) An education service district as defined in ORS 334.003;

(iv) The Oregon Health and Science University;

(v) A public high school;

(vi) A public university listed in ORS 352.002;

(vii) Any institution not otherwise listed in this subparagraph that is exempt from ORS 348.594 to 348.615 under ORS 348.597 (2); or

(viii) A zoo or aquarium that is accredited under standards that equal or exceed the accreditation standards of the Association of Zoos and Aquariums in effect on May 18, 2017.

(B) "Covered animal species" means any species of:

(i) Elephant;

(ii) Rhinoceros;

(iii) Whale;

(iv) Tiger;

(v) Lion;

(vi) Leopard;

- (vii) Cheetah;
- (viii) Jaguar;
- (ix) Pangolin;
- (x) Sea Turtle;
- (xi) Shark (excluding spiny dogfish as defined in ORS 498.257); or
- (xii) Ray.

(C) "Covered animal species part or product" means any item that contains, or is wholly or partially made from, any covered animal species.

(D) "Person" means any individual, firm, partnership, joint venture, corporation, limited liability company, joint stock company, estate, trust, receiver, syndicate, association or other legal entity.

(E) "Sale" or "sell" means any act of selling, trading or bartering for monetary or nonmonetary consideration and includes any transfer of ownership that occurs in the course of a commercial transaction, but does not include a nonmonetary transfer of ownership by way of gift, donation or bequest.

(F) "Total value" means either the fair market value or the actual price paid for a covered animal species part or product, whichever is greater. [1973 c.723 §77; 2017 c.3 §2; 2017 c.107 §1]

Note:

The repeal of statutes in ORS chapter 345 by section 17, chapter 273, Oregon Laws 2023, becomes operative July 1, 2024. See section 19, chapter 273, Oregon Laws 2023. Until July 1, 2024, a reference to the series 345.010 to 345.340 should be considered a reference to the series 345.010 to 345.450. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.025**

[Amended by 1961 c.276 §1; renumbered 498.820]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.026 - Transaction in threatened or endangered wildlife species prohibited.**

(1) Except as provided in subsection (2) of this section, no person shall take, import, export, transport, purchase or sell, or attempt to take, import, export, transport, purchase or sell, any threatened species or endangered species, or the skin, hides or other parts thereof, or any article made in whole or in part from the skin, hide or other parts of any threatened species or endangered species.

(2) Nothing in subsection (1) of this section is intended to prevent the taking, importation, transportation or sale of any threatened species or endangered species in such manner as may be authorized in ORS 496.172, 497.218 to 497.238, 497.298 or 497.308.

(3) Nothing in this section applies to the resale of used skins, hides or other parts of a threatened species or endangered species or an article made in whole or part thereof if the seller acquired the item sold prior to October 5, 1973. [1973 c.425 §2; 1977 c.242 §1; 1987 c.686 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.029 - Purchase, sale or exchange of fox, skunk or raccoon prohibited; exceptions.**

(1) No person shall offer for sale, trade, barter or exchange as a household pet any fox, skunk or raccoon.

(2) An animal specified in subsection (1) of this section may be offered for sale, trade, barter or exchange to a public park, zoo, museum or educational institution for educational, medical, scientific or exhibition purposes if the organization possesses a permit from the State Fish and Wildlife Commission. The commission may refuse to issue a permit if the commission finds that the organization requesting the permit does not have physical facilities adequate to maintain the animal in health and safety and to prevent the escape of the animal from confinement. [1979 c.560 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.032 - Angling or hunting for compensation in violation of wildlife laws or rules prohibited.**

No person shall angle for or hunt, or offer to angle for or hunt, for compensation, any wildlife in violation of any provision of the wildlife laws or any rule promulgated pursuant thereto. [1973 c.723 §78]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.036 - Possession in field of skinned or plucked wildlife prohibited.**

Except as the State Fish and Wildlife Commission by rule may provide otherwise, no person shall possess in the field or forest, or in transit from the field or forest, the carcass of any wildlife that has been skinned, plucked or mutilated in any manner so that the sex, size or species of the wildlife cannot be determined. [1973 c.723 §79]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.038 - Sale of wildlife for human consumption prohibited.**

(1) In this state, a person may not sell, offer for sale or otherwise participate in the sale or offer for sale of wildlife that is sold alive for the purpose of human consumption.

(2) This section does not apply to the otherwise lawful sale, offer for sale or other participation in the sale or offer for sale of an animal:

(a) Utilized in farm use, as defined in ORS 308A.056.

(b) Described in ORS 506.011 that is lawfully raised or harvested. [2023 c.9 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.042 - Removal of parts of wildlife and waste of wildlife prohibited.**

(1) Except as provided in subsection (2) of this section, a person may not remove the following parts from the carcass of any wildlife and utilize only those parts so removed:

(a) From the carcass of any game mammal or game bird, the head, antlers, horns, hide or plumage.

(b) From the carcass of a black bear or cougar, the paws, gallbladder, sex organs or bones.

(c) From the carcass of a sturgeon, salmon or steelhead, the eggs.

(2) Subsection (1) of this section does not apply to the removal of wildlife parts by a person:

(a) When engaged in lawful trapping activities.

(b) When utilizing those game mammals or game birds that the State Fish and Wildlife Commission by rule declares to be inedible.

(3) No person shall waste any edible portion of any game mammal, game bird or game fish or the pelt of any fur-bearing mammal. [1973 c.723 §80; 2016 c.37 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.046 - Making toxic substances accessible to wildlife prohibited.**

No person shall place any toxic substance where it is accessible to wildlife unless the substance used and the method of application is approved by the state governmental agencies having authority to prescribe or implement environmental control programs. [1973 c.723 §81]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.048 - Devices propelling cyanide.**

A person may not use an M44 cyanide device, cyanide trap, cyanide gun or similar device designed to propel a dose of sodium cyanide into an animal for the purpose of taking the animal. [2019 c.81 §2]

Note:

498.048 was added to and made a part of the wildlife laws by legislative action but was not added to ORS chapter 498 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.052 - Releasing domestically raised or imported wildlife without permit prohibited.**

No person shall release within this state any domestically raised wildlife or wildlife brought to this state from any place outside this state unless the person first obtains a permit therefor from the State Fish and Wildlife Commission. [1973 c.723 §82]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.056 - Aiming rifle from moving motor vehicle prohibited.**

No person who is the occupant of a motor vehicle that is moving on a road open to the public shall aim a rifle or other firearm from the motor vehicle at a time when the hunting of wildlife is lawful. [1993 c.440 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.061 - Reporting takings of beaver; rules.**

(1) As used in this section:

(a) "Beaver" means a member of the species *Castor canadensis*.

(b) "Forestland" has the meaning given that term in ORS 527.620.

(2) A person that takes a beaver on privately owned forestland shall report the taking to the State Department of Fish and Wildlife,

including the reason for the taking, the location of the taking and the number of beavers taken.

(3) The department shall:

(a) Annually submit a summary of the takings of beaver reported under subsection (2) of this section to the State Fish and Wildlife Commission to help the commission better understand the scale of trapping on privately owned forestland.

(b) Make the summary described in paragraph (a) of this subsection available to the public on a department website.

(4) The commission shall adopt rules to implement this section. [2022 c.33 §22]

Note:

498.061 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (note below).

Note:

Sections 54 and 60 to 64, chapter 33, Oregon Laws 2022, provide:

Sec. 54. Statement of legislative intent concerning habitat conservation plan and incidental take permit.

(1) The Legislative Assembly intends that the policies described in sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 9, 26 to 29, 40, 41 and 45 to 49 of this 2022 Act shall remain in effect only if:

(a) An incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is issued on or before December 31, 2027;

(b) The State Board of Forestry has not made a finding that the habitat conservation plan imposes more than a de minimis difference in economic or resource impacts, at the level of landscapes, relative to rules adopted or amended as part of the rule package described in section 2 of this 2022 Act [527.711]; and

(c) The incidental take permit remains in effect.

(2) The legislative intent described in subsection (1) of this section is established by sections 55 to 64 of this 2022 Act. [2022 c.33 §54]

Sec. 60. Conditional repeals.

Sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act are repealed. [2022 c.33 §60]

Sec. 61. Operation of conditional provisions upon finding related to habitat conservation plan.

(1) Except as otherwise provided in sections 62 and 63 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if the State Board of Forestry finds, pursuant to section 55 (1) and (2) of this 2022 Act, that the habitat conservation plan described in section 55 (1) of this 2022 Act imposes more than a de minimis difference, as described in section 55 (1) of this 2022 Act.

(2) If the board finds, pursuant to section 55 (1) and (2) of this 2022 Act, that the habitat conservation plan described in section 55

(1) of this 2022 Act imposes more than a de minimis difference, as described in section 55 (1) of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on the 150th day after the date the board makes the finding. [2022 c.33 §61]

Sec. 62. Operation of conditional provisions upon revocation or invalidation of incidental take permit.

(1) Except as otherwise provided in sections 61 and 63 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if:

(a) Pursuant to section 55 (1) and (2) of this 2022 Act, the State Board of Forestry does not make a finding or finds that the habitat conservation plan described in section 55 (1) of this 2022 Act does not impose more than a de minimis difference, as described in section 55 (1) of this 2022 Act; and

(b) The incidental take permit is subsequently revoked or invalidated.

(2) If the events described in subsection (1)(a) and (b) of this section occur, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on the 240th day after the date that any appeals process related to the revocation or invalidation has been exhausted or foregone, whichever occurs first. [2022 c.33 §62]

Sec. 63. Operation of conditional provisions upon failure to issue incidental take permit on or before December 31, 2027.

(1) Except as otherwise provided in sections 61 and 62 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if an incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is not issued on or before December 31, 2027.

(2) If an incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report is not issued on or before December 31, 2027, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on June 1, 2028. [2022

c.33 §63]

Sec. 64. Repeal of conditionally operative provisions.

Sections 59 and 62 of this 2022 Act are repealed on January 2, 2077. [2022 c.33 §64]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.062 - Takings of beaver by owners of forestland; rules.**

(1) As used in this section:

(a) "Beaver" means a member of the species *Castor canadensis*.

(b) "Forest practices" has the meaning given that term in ORS 527.620.

(c) "Forestland" has the meaning given that term in ORS 527.620.

(d) "Small forestland" means forestland whose owner owns or holds common ownership interest in less than 5,000 acres of forestland in this state.

(2) Notwithstanding ORS 498.012 (1), an owner of forestland, other than small forestland, or a designee of the owner, may take a beaver on the owner's forestland only if:

(a) The beaver apparently poses a threat to infrastructure.

(b) The owner or a designee of the owner first requests that the State Department of Fish and Wildlife address the threat to infrastructure apparently posed by the beaver.

(c) The owner or a designee of the owner waits 30 days after making the request described in paragraph (b) of this subsection before taking the beaver.

(3) If the department receives a request under subsection (2)(b) of this section, the department shall make a reasonable attempt to nonlethally relocate the beaver, as department resources allow, or otherwise address the threat to infrastructure apparently posed by the beaver, in consultation with the owner or a designee of the owner.

(4) Notwithstanding subsection (2) of this section and ORS 498.012 (1), if a beaver on privately owned forestland damages or imminently threatens infrastructure, an owner of forestland, other than small forestland, or a designee of the owner, may take the beaver without submitting a request to the department under subsection (2) of this section.

(5) An owner, or a designee of an owner, that takes a beaver under subsection (2) or (4) of this section must report the taking as described in ORS 498.061.

(6) In consultation with persons engaged in forest practices and other interested stakeholders, the department shall:

(a) Make reasonable attempts to nonlethally relocate beavers, as department resources allow.

(b) Develop a program for voluntarily relocating beavers.

(7) Notwithstanding ORS 496.162 (3), the State Fish and Wildlife Commission shall adopt rules to implement this section. [2022 c.33 §23]

Note:

498.062 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (second note following 498.061).

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.063 - Restrictions related to trapping of beavers.**

(1) As used in this section:

(a) "Forestland" has the meaning given that term in ORS 527.620.

(b) "Small forestland" has the meaning given that term in ORS 498.062.

(2) A person may not solicit or accept a fee for trapping a beaver on privately owned forestland other than small forestland, unless the trapping occurs pursuant to ORS 498.062 (2) or (4).

(3) A person that traps a beaver on privately owned forestland other than small forestland may not sell or exchange the pelt of the beaver, unless the trapping occurs pursuant to ORS 498.062 (2) or (4). [2022 c.33 §25]

Note:

498.063 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (second note following 498.061).

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.072 - Updating list of prohibited species; risk from zoonotic disease.**

(1) As used in this section, "prohibited species" means a species that may not be imported, possessed, sold, purchased, exchanged or transported in this state, as established by rule by the State Fish and Wildlife Commission.

(2) The commission shall review and update the list of prohibited species as the commission deems necessary to protect against significant risks to public health from zoonotic disease.

(3) If the Oregon Health Authority identifies a wildlife species as posing a significant risk to public health from zoonotic disease:

- (a) The authority shall notify the commission of the risk as soon as practicable.
- (b) After the notification, the commission shall review and update relevant rules related to wildlife as necessary to protect the public from the risk, including by adding the species to the list of prohibited species.
- (4) In making decisions under this section, the commission:
  - (a) Shall use the best available science.
  - (b) Shall consult with the authority and the State Department of Agriculture.
  - (c) May consult with bona fide scientific or educational institutions, as defined in ORS 498.022, and any other experts with relevant expertise.
- (5) In addition to actions described in this section, the commission may take any lawful action the commission deems necessary to protect the public from a potential for transmission of zoonotic disease.
- (6) Notwithstanding subsection (5) of this section, this section does not authorize commission action related to a species utilized in farm use, as defined in ORS 308A.056. [2022 c.9 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.073 - Suit for violation related to list of prohibited species.**

- (1) The State Fish and Wildlife Commission may institute suit for recovery of damages in the amount of \$2,500 for a violation of a rule related to the list of prohibited species, as defined in ORS 498.072.
- (2) Each action in violation of a rule related to the list of prohibited species that pertains to an individual animal constitutes a separate violation for purposes of this section.
- (3) The amount recoverable under this section shall be reduced by any amount paid to the commission under ORS 496.992 (15).
- (4) In a suit brought under this section, the court shall award to the prevailing party, in addition to costs and disbursements, reasonable attorney fees.
- (5) Civil damages awarded pursuant to this section are in addition to other penalties prescribed by the wildlife laws.
- (6) Any circuit or justice court has jurisdiction to try a case for recovery of damages for violation of a rule related to the list of prohibited species as defined in ORS 498.072. [2022 c.9 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.102 - Use of dogs to hunt or track game mammals or birds.**

- (1) Any dog that is not wearing a collar with a license number thereon in compliance with ORS 609.100 that is found unlawfully hunting, running or tracking any game mammal or game bird may be killed at such time by any person authorized to enforce the wildlife laws.
- (2) If a dog that is found unlawfully hunting, running or tracking any game mammal or game bird is wearing a collar with a license number thereon in compliance with ORS 609.100, the owner of the dog shall be notified by any person authorized to enforce the wildlife laws. If the owner or reputed owner of the dog disclaims ownership of the dog, the dog may be killed at such time by a person authorized to enforce the wildlife laws.
- (3) If the owner of a dog has been notified that the dog has been found unlawfully hunting, running or tracking game mammals or game birds and thereafter fails to prevent the dog from unlawfully hunting, running or tracking game mammals or game birds, such dog may be killed by any person authorized to enforce the wildlife laws.
- (4) No person shall permit any dog the person owns to unlawfully hunt, run or track any game mammal or game bird. [1973 c.723 §84]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.106 - Competitive field trials for hunting dogs.**

Competitive field trials for hunting dogs may be held at such times and places and under such conditions as the State Fish and Wildlife Commission may prescribe by rule. [1973 c.723 §85]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.112 - Use of live birds for competitive shooting prohibited.**

No person shall use any live bird as a target for the purpose of competitive shooting. [1973 c.723 §86]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.120 - Hunting on another's cultivated or enclosed land.**

- (1) No person shall hunt upon the cultivated or enclosed land of another without first obtaining permission from the owner or lawful

occupant thereof, or the agent of such owner or occupant. No prosecution shall be commenced under this section except upon written complaint filed with a magistrate. The complaint shall be verified by the oath of the owner or lawful occupant of the cultivated or enclosed land, or the agent of such owner or occupant.

(2) For the purpose of subsection (1) of this section, the boundaries of "enclosed" land may be indicated by wire, ditch, hedge, fence, water or by any visible or distinctive lines that indicate a separation from the surrounding or contiguous territory, and includes the established and posted boundaries of Indian reservations established by treaties of the United States and the various Indian tribes. [Amended by 1959 c.318 §1; 1971 c.580 §1; 1973 c.723 §83]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.126 - Hunting or assisting others to hunt or locate game animals or birds by aircraft prohibited; exemption; rules.**

(1) A person may not:

(a) Hunt game mammals or game birds from or with the aid of an aircraft.

(b) Transmit from an aircraft to a person not in the aircraft information regarding the location of any game mammals or game birds.

(c) Otherwise use an aircraft to assist another person in hunting or locating game mammals or game birds for the purpose of hunting.

(2) A person may not hunt any game mammal within eight hours after having been transported by aircraft to or from any place other than a recognized airport that the Oregon Department of Aviation has licensed as a public use airport, registered as a personal use airport or specifically exempted from licensing or registration.

(3) Every pilot shall maintain a log book that shows the names and addresses of record of the persons transported, point of departure, point of destination, time and date of each flight that the pilot makes in an aircraft within this state to transport a person to or from any place to hunt. The log book is subject to inspection by any person authorized to enforce the wildlife laws.

(4)(a) Notwithstanding subsections (1) to (3) of this section, and except as provided in subsection (5) of this section, the State Department of Fish and Wildlife, or its agents, may conduct wildlife management activities necessary for scientific research or, in emergency situations, to protect human safety, wildlife species or property by:

(A) Hunting game mammals or game birds from or with the aid of an aircraft; or

(B) Transmitting from an aircraft information regarding the location of any game mammal or game bird.

(b) The State Fish and Wildlife Commission shall define by rule the terms "emergency situations" and "necessary" for purposes of implementation of this section.

(5) If the definition of "game mammal" in ORS 496.004 is modified to include wolves, then the department may conduct wolf management activities under this section only under a statewide wolf management plan adopted by the commission. [1973 c.723 §87; 1987 c.277 §1; 1989 c.448 §1; 1999 c.935 §30; 2003 c.566 §1; 2003 c.762 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.128 - Use of drones for pursuit of wildlife prohibited; rules.**

(1) The State Fish and Wildlife Commission shall adopt rules prohibiting the use of drones for the following purposes related to the pursuit of wildlife:

(a) Angling;

(b) Hunting;

(c) Trapping;

(d) Aiding angling, hunting or trapping through the use of drones to harass, track, locate or scout wildlife; and

(e) Interfering in the acts of a person who is lawfully angling, hunting or trapping.

(2) Rules adopted to carry out the prohibitions provided for in this section may include exemptions for:

(a) Subject to ORS 837.360, the State Department of Fish and Wildlife and the department's agents and contractors for the use of drones in carrying out the duties of the department; or

(b) The use of drones in a manner otherwise prohibited under this section if the purpose of the use is to benefit wildlife management or habitat or for the protection of property.

(3) Nothing in this section is meant to limit the use of drones by a person who is lawfully engaging in activities authorized under the commercial fishing laws.

(4) As used in this section, "drone" means:

(a) An unmanned flying machine;

(b) An unmanned water-based vehicle; or

(c) Any other vehicle that is able to operate in the air, in or under the water or on land, either remotely or autonomously, and without a human occupant. [2015 c.61 §1; 2016 c.72 §14]

Note:

498.128 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 498 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting,**

**Angling and Trapping Regulations; Miscellaneous Wildlife Protective MeasuresSection 498.136 - Hunting from motor-propelled vehicle restricted; rules.**

- (1) Except as provided in subsection (2) of this section, a person may not hunt wildlife from a motor-propelled vehicle.
- (2) The State Fish and Wildlife Commission, by rule, may authorize hunting from a motor-propelled vehicle by a person with a disability or for the purpose of alleviating damage by wildlife to other resources.
- (3)(a) Nothing in the wildlife laws, or rules adopted pursuant thereto, is intended to prohibit the companion of a person with a disability who is lawfully hunting from a motor-propelled vehicle from killing an animal wounded by the person and applying to the animal the tag issued to the person for the taking of the animal, even if the companion has already validated any tag required for the taking of such an animal.
- (b) For purposes of this subsection, "companion" means a person who does not have a disability. [1973 c.723 §88; 1987 c.292 §1; 1999 c.25 §8; 2007 c.70 §278]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective MeasuresSection 498.142 - Hunting with artificial light restricted; rules.**

- (1) Except as provided in subsection (2) of this section, no person shall hunt wildlife with the aid of any artificial light.
- (2) The State Fish and Wildlife Commission, by rule, may authorize hunting with the aid of an artificial light for the purpose of taking raccoon, opossum or bobcat or to alleviate damage by wildlife to other resources. [1973 c.723 §88a; 1977 c.136 §3]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective MeasuresSection 498.145**

[Renumbered 498.272]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective MeasuresSection 498.146 - Shining artificial light on game mammal, predatory animal or livestock while in or near motor vehicle and while in possession of weapon restricted.**

- (1) No person shall cast from a motor vehicle or from within 500 feet of a motor vehicle an artificial light upon any game mammal, predatory animal or livestock while there is in the possession or in the immediate physical presence of the person a weapon with which the game mammal, predatory animal or livestock could be killed.
- (2) Subsection (1) of this section does not apply to a person who casts artificial light upon a game mammal, predatory animal or livestock:
  - (a) From the headlights of a motor vehicle that is being operated on a road in the usual manner, if that person makes no attempt to kill the game mammal or livestock; or
  - (b) When the weapon that person has in the possession or immediate physical presence of the person is disassembled or stored, or in the trunk or storage compartment of a motor vehicle; or
  - (c) On land owned or lawfully occupied by that person; or
  - (d) On publicly owned land when that person has an agreement with the public body to use that property.
- (3) As used in this section, "predatory animal" has the meaning for that term provided in ORS 610.002. [1973 c.542 §2; 1975 c.791 §2]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective MeasuresSection 498.152 - Agreements restricting parking or use of motor vehicles on certain lands.**

- (1) The State Fish and Wildlife Commission may enter into agreements with the owners or lawful possessors of land to restrict the operation or parking of motor-propelled vehicles on the land when the commission determines that such operation or parking is damaging wildlife or wildlife habitat.
- (2) An agreement shall restrict the types and uses of motor-propelled vehicles on the land and shall specify the times and places that such restrictions apply.
- (3) The commission shall cause notice of the restrictions, including the effective date thereof, to be posted on the main traveled roads entering the area to which the restrictions apply.
- (4) Nothing in this section authorizes the establishment of any restrictions that impede normal forest or range management operations. [1973 c.723 §89; 1987 c.798 §1]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective MeasuresSection 498.153 - Parking vehicle in violation of restrictions; vehicle owner subject to penalty.**

A person who operates or parks a motor-propelled vehicle in violation of restrictions established and posted under ORS 498.152, and any owner of the vehicle who authorizes the operation or parking of the vehicle, commits a Class A violation. [1987 c.798 §3;

1999 c.1051 §194; 2011 c.597 §65]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.154 - Notice adequate to charge defendant; delivery or posting.**

(1) In all prosecutions against the owner of a motor-propelled vehicle under ORS 498.153, it shall be sufficient for a police officer to charge the defendant by an unsworn written notice if the notice clearly states:

- (a) The date, place and nature of the charge.
- (b) The time and place for defendant's appearance in court.
- (c) The name of the issuing officer.
- (d) The license number of the vehicle.

(2) The notice provided for in subsection (1) of this section shall either be delivered to the defendant or placed in a conspicuous place upon the vehicle involved in the violation. A duplicate original of the notice shall serve as the complaint in the case when it is filed with the court. The issuing officer need not have observed the act of parking, but need only have observed that the vehicle appeared to be parked in violation of restrictions established and posted under ORS 498.152. [1987 c.798 §4; 1995 c.658 §108; 2011 c.597 §65a]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.155 - Failure to appear; issuance of warrant.**

If a vehicle owner cited under ORS 498.154 to appear in a circuit or justice court upon an alleged parking offense fails to appear on or before the date and time stated on the citation, the court and the Department of Transportation may take such actions as are otherwise authorized by law under the Oregon Vehicle Code in the case of a failure to appear, except that in no case may a warrant of arrest be issued nor a criminal prosecution for failure to appear be commenced unless the citing or prosecuting authority, more than 10 days prior thereto, has sent a letter to the registered owner at the address shown upon the vehicle registration records of the department advising such owner of the charge pending and informing the owner that the owner may be subject to arrest if the owner does not appear in the court within 10 days to answer the charge. The letter must be sent by certified mail, restricted delivery, return receipt requested. A warrant of arrest may not be issued, nor a criminal prosecution for failure to appear be commenced if such a letter has not been sent or if the owner appears in court to answer the charge within 10 days after receiving the letter. [1987 c.798 §5; 1993 c.741 §69; 1995 c.658 §109; 1999 c.1051 §274]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.158 - Hunting or trapping wildlife in certain governmental districts restricted.**

(1) Except as provided in ORS 448.305 and in subsection (2) of this section, no person shall hunt or trap any wildlife within the boundaries of any city, public park, cemetery or on any school lands.

(2) No hunting or trapping shall be allowed on any lands within the boundaries of any city, public park or on any school lands unless:

- (a) The governing body or other agency that administers the affairs of the city, public park or school, after notice and hearing, authorizes such hunting or trapping by ordinance or resolution; and
- (b) The State Fish and Wildlife Commission, after notice and hearing, determines that such hunting or trapping would not adversely affect public safety or unreasonably interfere with other authorized uses of such lands. [1973 c.723 §90]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.164 - Use of dogs or bait to hunt black bears or cougars; prohibitions; exemptions; penalties.**

(1) Except as provided in subsections (2) and (3) of this section, a person may not use bait to attract or take black bears or use one or more dogs to hunt or pursue black bears or cougars.

(2) Nothing in subsection (1) of this section prohibits the use of bait or one or more dogs by employees or agents of county, state or federal agencies while acting in their official capacities.

(3) Nothing in subsection (1) of this section prohibits the use of bait or dogs by persons for the taking of black bears or cougars in accordance with the provisions of ORS 498.012 relating to taking wildlife that is causing damage.

(4) Any person who violates subsection (1) of this section commits a Class A misdemeanor and, upon conviction, shall in addition to appropriate criminal penalties have the person's privilege to apply for any hunting license suspended for a period of five years for a first offense and permanently suspended for any subsequent offense.

(5) For the purposes of this section, "bait" means any material placed for the purpose of attracting or attempting to attract bears. [1995 c.4 §1; 2003 c.248 §2; 2007 c.675 §§1,2; 2013 c.376 §§2,3; 2021 c.97 §64]

Note:

498.164 was enacted into law but was not added to or made a part of ORS chapter 498 or any series therein by law. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.166 - Bears or cougars posing threat to human safety.**

(1) Notwithstanding the licensing and tag requirements of ORS 497.102, 497.112, 497.127 and 497.132, a person may take a cougar or bear that poses a threat to human safety.

(2) Any person who takes a cougar or bear pursuant to subsection (1) of this section shall immediately report the taking to a person authorized to enforce the wildlife laws and shall dispose of the animal in such manner as the State Fish and Wildlife Commission directs.

(3) Any regional office of the State Department of Fish and Wildlife ordering the disposal of an animal under subsection (2) of this section shall file a report with the State Fish and Wildlife Director within 30 days after the disposal. The report shall include but need not be limited to the disposition of the animal, the events leading to the taking of the animal and any injury caused by the animal to humans or domesticated animals. The director shall compile all reports received under this subsection on a bimonthly basis. The reports compiled by the director shall be available to the public upon request.

(4) As used in this section:

(a) "Structure" includes a building being used as a residence, a building located on land actively used for agricultural, timber management, ranching or construction purposes or a building used as part of a business.

(b) "Threat to human safety" means the exhibition by a cougar or bear of one or more of the following behaviors:

(A) Aggressive actions directed toward a person or persons, including but not limited to charging, false charging, growling, teeth popping and snarling.

(B) Breaking into, or attempting to break into, a residence.

(C) Attacking a pet or domestic animal as defined in ORS 167.310.

(D) Loss of wariness of humans, displayed through repeated sightings of the animal during the day near a permanent structure, permanent corral or mobile dwelling used by humans at an agricultural, timber management, ranching or construction site. [2001 c.431 §2; 2015 c.779 §50]

Note:

498.166 was added to and made a part of the wildlife laws by legislative action but was not added to ORS chapter 498 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.170 - Hunters who have a visual impairment.**

(1) A person who does not have a visual impairment and who accompanies a hunter who possesses a visually impaired hunter license may:

(a) Assist the hunter in selecting a game animal or bird;

(b) Assist the aiming or sighting of a firearm;

(c) Advise the hunter when to fire a firearm;

(d) Shoot a game animal or bird on behalf of the hunter while in the immediate presence of the hunter; and

(e) Tag and retrieve game animals and birds on behalf of the hunter.

(2) The person accompanying a hunter who has a visual impairment shall be required to possess a valid hunting license. The person accompanying a hunter who has a visual impairment may also hunt game animals or birds if the person possesses the appropriate tags, permits and stamps for the area and time period.

(3) A hunter who possesses a visually impaired hunter license must comply with all other tag, permit and stamp requirements of the State Fish and Wildlife Commission and applicable hunting laws.

(4) As used in this section, "hunter who has a visual impairment" means a person who files proof with the commission that the person's central visual acuity does not exceed 20/200 in the better eye with best correction or that the person's visual acuity, if better than 20/200, is accompanied by a limit to the field of vision to such a degree that its widest diameter subtends an angle of no greater than 20 degrees. [1997 c.407 §1; 2007 c.70 §279]

Note:

498.170 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 498 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.172 - Trap check requirements.**

(1) A person holding a license issued under ORS 497.142 may not set a trap for fur-bearing mammals without checking the trap at least once during each 48-hour period.

(2) A person may not set a trap for a predatory animal, as defined in ORS 610.002, without checking the trap on a regular basis.

[2001 c.562 §2]

Note:

498.172 was added to and made a part of the wildlife laws by legislative action but was not added to ORS chapter 498 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.180 - Sale of hunts for feral swine prohibited; penalties; revocation of hunting licenses, tags and permits.**

(1) A person may not offer for sale or sell a hunt for feral swine on public or private lands.

(2) Violation of subsection (1) of this section is a Class A misdemeanor. A person may not be convicted under this subsection if a civil penalty has been imposed against the person under subsection (3) of this section.

(3)(a) The State Fish and Wildlife Commission may impose a civil penalty of \$1,000 for a violation of subsection (1) of this section.

(b) Civil penalties described in this subsection shall be imposed in the manner provided in ORS 183.745. A civil penalty may not be imposed against a person under this subsection if the person has been convicted under subsection (2) of this section.

(4) Notwithstanding ORS 497.415 (1), (2), (3) and (5) and in addition to any criminal penalty or civil penalty imposed under this section, when a person is convicted under subsection (2) of this section or a civil penalty is imposed under subsection (3) of this section, the commission shall revoke all hunting licenses, tags and permits issued to the person under the wildlife laws, and the person may not apply for or obtain any hunting license, tag or permit for a period of 24 months after the conviction or imposition of the civil penalty. [2009 c.605 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.182 - Knowingly allowing feral swine to roam on certain lands prohibited; rules.**

(1) A person, or an employee of that person who acts as a land manager, may not knowingly, as defined in ORS 161.085, allow feral swine to roam on land owned or controlled by that person.

(2) A person, or an employee of that person who acts as a land manager, shall take action in a manner consistent with rules adopted by the State Fish and Wildlife Commission to remove any feral swine that roams on land owned or controlled by that person if the person or employee knows that feral swine roam on land owned or controlled by that person. ORS 497.075 does not apply to this subsection.

(3) A person, or an employee of that person who acts as a land manager, shall, within 10 days after discovering feral swine on land owned or controlled by that person, inform the State Department of Fish and Wildlife about the feral swine. [2009 c.605 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.205**

[Amended by 1973 c.723 §109; renumbered 501.400]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.208 - Use of electricity or foreign substances to take game fish prohibited; rules.**

(1) Except as the State Fish and Wildlife Commission by rule may provide otherwise, no person shall:

(a) Use in any body of water any electric current that may attract, frighten, retard, stun, kill or obstruct the movement of any game fish.

(b) Place in any body of water any foreign substance such as blood or fish offal or any gas, chemical, drug or powder that may attract, frighten, retard, stun, kill or obstruct the movement of any game fish.

(c) Use in any body of water any explosive device for the purpose of taking game fish.

(2) No person shall possess any game fish that the person knows or has reason to know was taken in violation of subsection (1) of this section. [1973 c.723 §92]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.210**

[Amended by 1973 c.723 §110; renumbered 501.405]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.215**

[Amended by 1973 c.723 §111; renumbered 501.425]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.216 - Angling from fishways**

**restricted; rules.**

Except as the State Fish and Wildlife Commission by rule may provide otherwise, no person shall trespass upon or angle from any fishway or angle within an area of a body of water bounded by a line extending across the body of water 200 feet above the upper end of a fishway and a line across the body of water 200 feet below the lower end of a fishway. [1973 c.723 §93]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.222 - Transportation or release of fish without permit prohibited; penalties; revocation of angling licenses and tags; suit for recovery of damages.**

(1) No person shall:

- (a) Transport any live fish unless the person has first obtained a permit therefor from the State Fish and Wildlife Commission.
- (b) Release or attempt to release into any body of water any live fish that was not taken from that body of water, unless the person has first obtained a permit therefor from the commission.
- (2) The commission may refuse to issue the permit referred to in subsection (1)(b) of this section if the commission finds that release of the fish into a body of water would adversely affect existing fish populations.
- (3) Subsection (1)(a) of this section does not apply to live fish that are for aquaria use.
- (4) Violation of subsection (1)(b) of this section is:
  - (a) A Class C felony if the violation is committed intentionally or knowingly.
  - (b) A Class A misdemeanor if the violation is committed recklessly or with criminal negligence.
- (5)(a) Notwithstanding ORS 497.415 (1), (2), (3) and (5), when a person is convicted of violating subsection (1)(b) of this section, the court in which the conviction occurs shall notify the commission, which shall revoke all angling licenses and tags issued to that person pursuant to the wildlife laws. Revocation of licenses and tags is in addition to and not in lieu of other penalties provided by law.
- (b) No person who has been convicted of violating subsection (1)(b) of this section shall apply for, obtain or possess any angling license or tag issued pursuant to the wildlife laws within five years after the conviction.
- (6)(a) The commission may institute suit for the recovery of damages for the control or eradication of live fish released into a body of water in violation of subsection (1)(b) of this section. The damages awarded under this subsection shall be the amount necessary to return the body of water to its condition prior to the violation.
- (b) In any action under this subsection, the court shall award to the prevailing party, in addition to costs and disbursements, reasonable attorney fees.
- (c) Damages awarded under this subsection shall be in addition to other penalties prescribed by the wildlife laws for releasing or attempting to release live fish without a permit.
- (d) Any circuit or justice court has jurisdiction to try any case for the recovery of damages as provided by this subsection. [1973 c.723 §94; 2009 c.243 §1; 2011 c.597 §66]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.228 - Possession of fish taken outside state restricted.**

(1) Except as provided in subsection (2) of this section:

- (a) No person shall possess or import into this state from the waters of the Pacific Ocean beyond the boundaries of this state any game fish unless the person has in possession those valid angling licenses, tags and permits required therefor by the wildlife laws or rules promulgated pursuant thereto.
- (b) No person shall possess or import into this state from any waters beyond the boundaries of this state any game fish in excess of the amount prescribed by the wildlife laws or rules promulgated pursuant thereto.
- (2) Subsection (1) of this section does not apply to:
  - (a) The possession or importation of fish taken pursuant to the commercial fishing laws; or
  - (b) The possession or importation of fish taken in the waters of another state, a territory of the United States or a foreign country pursuant to the laws of such state, territory or foreign country. [1973 c.723 §95]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.234 - Protection of finfish and shellfish from introduction of disease; exceptions; rules.**

- (1) The State Fish and Wildlife Commission shall, by rule, establish a program to protect all finfish and shellfish in waters of this state, both public and private, from infection by the introduction of detrimental fish diseases.
- (2) Rules adopted under subsection (1) of this section shall not apply to live aquaria species imported or transported for aquaria use unless those species are reared in facilities from which effluent directly enters waters of this state.
- (3) The requirements of subsection (1) of this section are in addition to any other requirement of law, or rule promulgated pursuant thereto, regarding the importation into this state of live game fish or game fish eggs. [1973 c.723 §96; 1987 c.294 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.242 - Possession of walking catfish and piranha restricted.**

(1) Except as provided in subsections (2) and (3) of this section, no person shall possess any live fish of the various species:

(a) Of the family Clariidae, commonly known as walking catfish; or

(b) Of the subfamily Serrasalminae of the family Characidae, commonly known as caribe or piranha.

(2) A public park, zoo, museum or educational institution may possess any of the fish referred to in subsection (1) of this section for educational, medical, scientific or exhibition purposes if the organization first obtains a permit from the State Fish and Wildlife Commission. The commission may refuse to issue the permit if the commission finds that the organization requesting the permit has physical facilities for holding the fish that are inadequate to prevent their escape from confinement.

(3) Subsections (1) and (2) of this section do not prohibit the possession or require a permit for the possession of live fish that are of the genera *Pygocentrus*, *Serrasalmus* or *Pristobrycon* that are carnivorous fish in the subfamily Serrasalminae, from the family Characidae, commonly known as piranha or caribe. [1973 c.723 §97; 1995 c.355 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.247 - Protection of juvenile salmonids from cormorants.**

(1) The State Fish and Wildlife Commission shall issue not more than three permits annually for activities involving the protection of juvenile salmonids from cormorants (*Phalacrocoracidae*) on Oregon coastal river systems between Cape Falcon and Cascade Head.

(2) Activities authorized under the permits shall not include the killing, trapping or other taking of cormorants.

(3) Persons to whom permits are issued may subcontract with others for the performance of protection activities. [1996 c.7 §3 (enacted in lieu of 498.246)]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.248**

[1973 c.723 §98; 1987 c.488 §1; 1995 c.426 §5; renumbered 498.311 in 1995]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.256**

[1989 c.933 §§6,7; 1995 c.426 §10; renumbered 498.326 in 1995]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.257 - Prohibition on possession, sale, trade or distribution of shark fins; exceptions.**

(1) As used in this section:

(a) "Shark fin" means the raw or dried fin or tail of a shark.

(b) "Spiny dogfish" means a shark belonging to the family Squalidae in the order Squaliformes that has two spines, one anterior to each dorsal fin, and that does not have an anal fin.

(2) A person may not possess, sell or offer for sale, trade or distribute a shark fin in this state.

(3) This section does not apply to:

(a) A person who possesses, sells or offers for sale, trades or distributes a shark fin from a spiny dogfish that was legally taken or landed under rules adopted by the State Department of Fish and Wildlife and in accordance with federal regulations; and

(b) A person who holds a license or permit issued by the State Department of Fish and Wildlife under the wildlife laws to take a shark and who possesses, sells or offers for sale, trades or distributes a shark fin consistent with the terms of that license or permit. [2011 c.371 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.262**

[1973 c.723 §100; 1987 c.488 §3; 1995 c.426 §8; renumbered 498.316 in 1995]

[1991 c.858 §9; renumbered 498.336 in 1995]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.279 - Black bass and walleye angling contests; rules.**

(1) A person, or group of persons, may conduct, sponsor and participate in any competition or contest in which prizes are offered for the amount, quality, size, weight or other physical characteristics of black bass or walleye, provided that the rules of a competition or contest are prepared and distributed by the sponsors to the contestants and are administered and enforced by the sponsors. Except as provided in subsection (2) of this section, such rules shall include, but are not limited to:

(a) A requirement that the contestants use aerated live wells or other equipment so that all reasonable efforts are made to maintain the fish taken in a live and healthy condition.

(b) A requirement that all fish caught that are in a healthy condition are immediately returned to the water where they were caught, after weighing. Black bass may be turned over to the State Department of Fish and Wildlife for restocking.

(c) A requirement that bass tournament contestants use only artificial or other such prepared baits.

(2) The State Department of Fish and Wildlife may waive any of the requirements described in subsection (1) of this section if the department determines that limiting a population of black bass or walleye in a body of water would benefit native fish species or the ecological health of the body of water.

(3) As used in this section, "black bass" means largemouth bass, smallmouth bass, redeye bass, spotted bass and all other basses of the genus *Micropterus*.

(4) The State Fish and Wildlife Commission may adopt rules to limit the number of contests and participants, determine the location of contests and prescribe other terms and conditions regarding the conduct of contests under this section. [1981 c.510 §3; 1985 c.562 §1; 1987 c.299 §1; 2001 c.186 §1; 2023 c.48 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.286 - Prize limitation.**

(1) Except as provided in subsection (2) of this section and ORS 498.279, no person shall conduct, sponsor or participate in any competition or contest in which any prize of a retail value of more than \$1,000 is offered for the amount, quality, size, weight or other physical characteristic of game fish taken.

(2) When a prize is offered that exceeds \$1,000 for the amount, quality, size, weight or other physical characteristic of a game fish taken, the State Fish and Wildlife Commission, by rule, may limit the number of contests and participants, determine the location of contests and prescribe other terms and conditions regarding the conduct of contests. [1989 c.373 §4; 1997 c.12 §1; 2001 c.186 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.301 - Policy.**

It is the policy of the State of Oregon to prevent appreciable damage to game fish populations or populations of nongame fish that are classified as sensitive species, threatened species or endangered species by the State Fish and Wildlife Commission as the result of the diversion of water for nonhydroelectric purposes from any body of water in this state. [1993 c.478 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.306 - Screening or by-pass devices for water diversions; fees; costs.**

(1) Any person who diverts water from any body of water in this state in which any fish, subject to the State Fish and Wildlife Commission's regulatory jurisdiction, exist may be required to install, operate and maintain screening or by-pass devices to provide adequate protection for fish populations present at the water diversion in accordance with the provisions of this section.

(2)(a) The State Department of Fish and Wildlife shall establish a cost-sharing program to implement the installation of screening or by-pass devices on not less than 150 water diversions or 150 cubic feet per second of diverted water per biennium. The department shall select the water diversions to be screened from the priority listing of diversions established by the department and reviewed by the Fish Screening Task Force. The installation of a screening or by-pass device may be required only if:

(A) The water diversion is 30 cubic feet per second or more;

(B) A new water right is issued for the water diversion;

(C) The point of water diversion is transferred as described in ORS 540.525;

(D) Fewer than 150 persons per biennium volunteer to request such installation on the diversions for which they are responsible; or

(E) The Fish Screening Task Force has reviewed and approved the department's request to require installation of screening or by-pass devices in order to complete the screening of a stream system or stream reach.

(b) The limitations on the number of diversions or cubic feet per second of diverted water to be screened as provided in this section do not prevent the installation of screening and by-pass devices for diversions by persons responsible for diversions who are willing

to pay the full cost of installing screening and by-pass devices.

(c) Cost-sharing program funds may not be provided under this subsection for screening or by-pass devices on a water diversion involving water rights issued on or after January 1, 1996, unless the Fish Screening Task Force finds there is good cause to allow an exception. The department shall give preference to diversions of 30 cubic feet per second or less when making cost-sharing program funds available.

(3) When selecting diversions to be equipped with screening or by-pass devices, the department shall attempt to solicit persons who may volunteer to request the installation of such devices on the diversions for which they are responsible. When selecting diversions to be equipped with screening or by-pass devices, the department shall select those diversions that will provide protection to the greatest number of indigenous naturally spawning fish possible.

(4) If the department constructs and installs the screening or by-pass device, a fee shall be assessed against the person responsible for the diversion in an amount that does not exceed 40 percent of the construction and installation costs of the device. The fee shall be paid into the Fish Screening Subaccount. If the person responsible for the diversion constructs and installs the by-pass or screening device, the person shall be reimbursed from the Fish Screening Subaccount or other state funds in an amount that does not exceed 60 percent of the actual construction and installation costs of the device.

(5) The department's cost of major maintenance and repair of screening or by-pass devices shall be paid from the Fish Screening Subaccount.

(6) The department is responsible for major maintenance and repair of screening or by-pass devices at water diversions of less than 30 cubic feet per second, and if failure by the department to perform major maintenance on or repair such devices results in damage or blockage to the water diversion on which a device has been installed, the person responsible for the water diversion shall give written notice of such damage or blockage to the department. If within seven days of the notice, the department fails to take appropriate action to perform major maintenance on or repair the device, and to repair any damage that has occurred, the person responsible for the water diversion may remove the device. If an emergency exists that will result in immediate damage to livestock or crops, the person responsible for the water diversion may remove the screening or by-pass device. A person required to comply with this section is responsible for minor maintenance and shall, in a timely manner, notify the department of the need for activities associated with major maintenance.

(7) A person who diverts water at a rate of 30 cubic feet per second or more is responsible for all maintenance of an installed screening or by-pass device.

(8) A person required to comply with this section may design, construct and install screening or by-pass devices adequate to prevent fish from leaving the body of water and entering the diversion or may request the department to design, construct and install such devices. However, if a person required to comply with this section fails to comply within 180 days after notice to comply by the department, the department shall design, install, operate and maintain on that person's water diversion appropriate screening or by-pass devices and shall charge and collect from the person the actual costs thereof in an amount not to exceed the average cost for diversions of that size.

(9) If the diversion requiring screening or by-pass devices is located on public property, the department shall obtain from the property owner approval or permits necessary for such devices. Activities of the department pursuant to this section may not interfere with existing rights of way or easements of the person responsible for the diversion.

(10)(a) The department or its agent has the right of ingress and egress to and from those places where screening or by-pass devices are required, doing no unnecessary injury to the property of the landowner, for the purpose of designing, installing, inspecting, performing major maintenance on or repairing such devices.

(b) If a screening or by-pass device installed by the department must be removed or replaced due to inadequate design or faulty construction, the person responsible for the diversion shall bear no financial responsibility for its replacement or reconstruction.

(c) If a screening or by-pass device installed by the person responsible for the diversion must be removed or replaced due to faulty construction, the person shall bear full financial responsibility for its replacement or reconstruction.

(d) If the person responsible for a diversion on which a screening or by-pass device is installed fails to conduct appropriate inspection and minor maintenance, the department may perform such activities and charge and collect from the person responsible a fee not to exceed \$150 for each required visit to the location of the screening or by-pass device.

(e) If the department determines that a person must install, operate, maintain, repair or replace a screening or by-pass device under this section, the department shall notify the person, by registered mail, of the specific action the person is required to take. The person may request a contested case hearing before the State Fish and Wildlife Commission, to be conducted as provided in ORS chapter 183.

(11) A person may not interfere with, tamper with, damage, destroy or remove in any manner not associated with regular and necessary maintenance procedures any screening or by-pass devices installed pursuant to this section.

(12) The department may maintain an action to cover any costs incurred by the department when a person who is required to comply with this section fails to comply. Such action shall be brought in the circuit court for the county in which the screening or by-pass device is located.

(13) Upon receiving notice from the department to comply with this section, a person responsible for a water diversion may be excused from compliance if the person demonstrates to the Fish Screening Task Force that:

(a) The installation and operation of screening or by-pass devices would not prevent appreciable damage to the fish populations in the body of water from which water is being diverted.

- (b) Installation and operation of screening or by-pass devices would not be technically feasible.
- (c) Installation of screening or by-pass devices would result in undue financial hardship.
- (14)(a) Not later than January 1, 1996, the department, with the assistance of the Fish Screening Task Force and the Water Resources Department, shall establish and publish an updated priority listing of 3,500 water diversions in the state that should be equipped with screening or by-pass devices. Changes may be made to the list whenever deletions are made for any reason. The priority listing shall include the name and address of the person currently responsible for the water diversion, the location of the diversion, size of the diversion, type of screening or by-pass device required, estimated costs for construction and installation of screening or by-pass devices for the individual diversion and species of fish present in the water body. When developing the priority listing, the department shall base priorities for the installation of screening or by-pass devices on unscreened diversions on the following criteria:
- (A) Fish species status.
- (B) Fish numbers.
- (C) Fish migration.
- (D) Diversion size.
- (E) Diversion amount.
- (F) Any other criteria that the department, in consultation with the Fish Screening Task Force, considers appropriate.
- (b) Criteria identified in this subsection shall be given appropriate consideration by the department when updating its priority listing. The priority listing will be updated to give the highest priority to those diversions that save the greatest number of fish and simultaneously protect the greatest number of threatened or endangered fish species.
- (c) After the priority listing has been updated, the persons responsible for the diversions on the list shall be notified that their diversions appear on the list. Such persons also shall be furnished a description of the fish screening cost-sharing program.
- (d)(A) The department shall notify, by means of registered mail, each person responsible for the first 250 diversions on the priority listing on or before January 1, 1996. The department shall furnish information regarding the fish screening cost-sharing program to each person responsible for a diversion included in the first 250 diversions on the priority listing on or before January 1, 1996. A person may not be required to install a screening or by-pass device unless previously notified by the department of the requirement to install such devices.
- (B) On January 1 of each even-numbered year, the department shall notify each person responsible for a diversion included in the first 250 diversions on the priority listing. However, the department is not required to notify in a subsequent year any person previously notified. The department shall include with such notification information regarding the fish screening cost-sharing program.
- (C) Before any person is required to install a screening or by-pass device, the department shall confirm the need for the device through a visual, on-site inspection by appropriate staff of the fish screening division of the department, or a district biologist of the department.
- (15) As used in this section:
- (a) "Behavioral barrier" means a system that utilizes a stimulus to take advantage of natural fish behavior to attract or repel fish. A behavioral barrier does not offer a physical impediment to fish movement, but uses such means as electricity, light, sound or hydraulic disturbance to move or guide fish.
- (b) "Body of water" includes but is not limited to irrigation ditches, reservoirs, stock ponds and other artificially created structures or impoundments.
- (c) "By-pass device" means any pipe, flume, open channel or other means of conveyance that transports fish back to the body of water from which the fish were diverted but does not include fishways or other passages around a dam.
- (d) "Fish screen" means a screen, bar, rack or other barrier, including related improvements necessary to ensure its effective operation, to provide adequate protection for fish populations present at a water diversion.
- (e) "Major maintenance" means all maintenance work done on a screening or by-pass device other than minor maintenance.
- (f) "Minor maintenance" means periodic inspection, cleaning and servicing of screening or by-pass devices at such times and in such manner as to ensure proper operation of the screening or by-pass device.
- (g) "Person" means any person, partnership, corporation, association, municipal corporation, political subdivision or governmental agency.
- (h) "Screening device" means a fish screen or behavioral barrier. [1991 c.858 §2; 1993 c.478 §4; 1995 c.426 §1; 2005 c.22 §370; 2007 c.625 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.316 - Exemption from screening or by-pass devices.**

ORS 498.306 does not require the installation of screening or by-pass devices in those water diversions for which the State Fish and Wildlife Commission, by contract or other form of agreement with the person diverting the water, has made such other provision as the commission determines is adequate for the protection of the game fish in the body of water from which water is being diverted. [Formerly 498.262; 2007 c.625 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.321 - Screening or by-pass standards.**

(1) In order to carry out the provisions of ORS 498.301 and 498.306, the following minimum standards and criteria apply to actions of the State Fish and Wildlife Commission and the State Department of Fish and Wildlife with regard to fish screening or by-pass devices:

(a) Standards and criteria shall address the overall level of protection necessary at a given water diversion and may not favor one technology or technique over another.

(b) Standards and criteria shall take into account at least the following factors relating to the fish populations present at a water diversion:

(A) The source of the population, whether native or introduced and whether hatchery or wild.

(B) The status of the population, whether endangered, threatened or sensitive.

(c) Standards and criteria may take into account the cumulative effects of other water diversions on the fish populations being protected.

(d) Design and engineering recommendations shall consider cost-effectiveness.

(e) Alternative design and installation proposals must be approved if they can be demonstrated to provide an equal level of protection to fish populations as those recommended by the department.

(2) In order to maximize effectiveness and promote consistency relating to the protection of fish at nonhydroelectric water diversions, the department shall establish a single organizational entity to administer all agency activities related to fish screening and by-pass devices.

(3) The department shall emphasize cooperative effort and mutual understanding with those responsible for water diversions that need fish screening or by-pass devices.

(4) The department shall aggressively investigate and encourage the development of new technologies and techniques to provide protection for fish populations at water diversions in order to reduce initial costs, reduce operating costs and improve cost-effectiveness. [1993 c.478 §3; 2005 c.22 §371]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.326 - Department guidelines for screening and by-pass projects; expenditure of funds.**

(1) The State Department of Fish and Wildlife shall establish guidelines to determine the need for and location of potential fish screening and by-pass projects. The guidelines shall include a plan to be used for determining priorities for and expected costs of installing and maintaining the fish screening and by-pass devices.

(2) Nothing in subsection (1) of this section is intended to prevent the State Department of Fish and Wildlife from expending federal or other funds if such funds become available for the installation and maintenance of fish screening and by-pass projects. [Formerly 498.256]

Note:

498.326 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 498 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.336 - Statutes not construed to limit ability to acquire funding for screening or by-pass devices.**

Nothing in ORS 498.306 or 509.585 shall be construed:

(1) To limit the eligibility of a person required to install and operate screening or by-pass devices to obtain funding from the Water Development Fund pursuant to ORS 541.700 to 541.855.

(2) To limit the acquisition or acceptance of any federal funds available for the installation, operation, maintenance, improvement or repair of screening or by-pass devices on water diversions in this state. [Formerly 498.276; 2001 c.923 §6; 2007 c.625 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.341 - Additional funding.**

Notwithstanding the limitations imposed by ORS 498.306, if sufficient funds are made available in the Fish Screening Subaccount of the Fish and Wildlife Account, by allocation from the Administrative Services Economic Development Fund or from other sources, the State Department of Fish and Wildlife may provide financial assistance for construction and installation of screening or by-pass devices on additional water diversions. [1993 c.478 §8; 2001 c.822 §10; 2005 c.22 §372; 2007 c.625 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.346 - Injunction to require compliance with screening or by-pass requirements.**

The State Fish and Wildlife Commission may maintain a suit to enjoin any person, including governmental agencies of this state and political subdivisions of this state, from violating the provisions of ORS 498.306. The circuit court for any county in which are situated any waters in which any such violations are threatened has jurisdiction of the suit authorized by this section. [Formerly 498.274; 2001 c.923 §7; 2007 c.625 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.400 - Definitions for ORS 498.400 to 498.464.**

As used in ORS 498.400 to 498.464, unless the context requires otherwise:

- (1) "Advertise" means to make public distribution by any means of communication any material relating to the sale of membership in an outdoor club.
- (2) "Outdoor club" means a business entity organized for profit that:
  - (a) Conducts, or under whose authority is conducted, hunting or angling or both hunting and angling activities exclusively for its members and their guests; and
  - (b) Engages in promotional plan activities for the sale of membership in such club.
- (3) "Promotional plan" includes, but is not limited to advertising. [1973 c.749 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.406 - License to operate certain outdoor clubs required; promotional activities for sale of membership without license prohibited.**

- (1) Except as provided in ORS 498.412, no person shall operate an outdoor club unless the person has a valid license for such operation issued by the State Fish and Wildlife Commission, if the outdoor club activities are to be conducted on land that is leased from the owners thereof and if:
  - (a) The members of the club are not parties to the lease; and
  - (b) The members of the club do not have any financial or proprietary interest in the club.
- (2) No person required by subsection (1) of this section to obtain a license to operate an outdoor club shall engage in promotional plan activities for the sale of membership in the outdoor club unless the person first obtains the license. [1973 c.749 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.412 - Application of ORS 498.406.**

ORS 498.406 does not apply to any landowner offering to sell recreational access to property the landowner owns. [1973 c.749 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.418 - License application; form; fee.**

- (1) A person who is required to obtain a license from the State Fish and Wildlife Commission to operate an outdoor club shall submit to the commission an application for such license, on a form approved by the commission, that contains such information as the commission may require regarding the ownership, financial condition and operation of the club and promotional plans for sale of membership therein.
- (2) The application shall be accompanied by the applicable fee under the fee schedule in ORS 497.061. [1973 c.749 §5; 2015 c.779 §31]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.424 - Report to commission required; suspension of license pending investigation of reported information.**

- (1) A person who is licensed to operate an outdoor club shall report immediately to the State Fish and Wildlife Commission any material changes in the information required to be contained in the application.
- (2) Upon receipt of any such report, the commission may suspend a license that has been issued for such time as the commission considers necessary to adequately investigate and approve the information submitted. [1973 c.749 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.432 - Notice to applicant upon receipt of license application; order granting or denying license; procedure.**

- (1) Upon receipt in proper form of an application for a license to operate an outdoor club, the State Fish and Wildlife Commission shall issue a notice of filing to the applicant. Within 30 days from the date of the notice of filing, the commission shall enter an order granting or denying the license. If the license is denied, the commission shall give the applicant notice of the reasons therefor.
- (2) If an order denying a license is not entered within 60 days from the date of notice of filing of an application, a license shall be

considered granted unless the applicant has consented in writing to a delay.

(3) Orders of the commission regarding the issuance, renewal, suspension or revocation of a license shall be issued and reviewed in accordance with ORS chapter 183. [1973 c.749 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.438 - Investigatory power of commission over outdoor clubs required to be licensed.**

The State Fish and Wildlife Commission may cause to be investigated, to such extent as the commission considers appropriate, the activities and operations of an outdoor club for which a license to operate has been received, previously granted or previously denied. The commission's power to investigate includes, but is not limited to:

(1) Contracting for investigative services with, and receiving information and recommendations from, any other agency or political subdivision of this state, another state or of the United States.

(2) Making on-site inspections of all lands upon which outdoor club activities are to be conducted. [1973 c.749 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.444 - Information developed in licensing process as public record.**

Each application to the State Fish and Wildlife Commission for a license to operate an outdoor club, all information submitted with the application, and all information obtained by the commission through investigation of applications, is a public record. [1973 c.749 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.452 - Grounds for denial or revocation of license.**

The State Fish and Wildlife Commission may refuse to issue or renew a license to operate an outdoor club, or may revoke a license that has been previously issued if the commission finds:

(1) Failure by the outdoor club or person advertising the sale of membership in the outdoor club to comply with the provisions of ORS 498.400 to 498.464 and 498.993 or any rule promulgated pursuant thereto;

(2) That the promotional plan for the sale of outdoor club membership is false, deceptive or misleading, or that the promotional plan for the sale of membership is not in conformity with the plan submitted with the license application and approved by the commission;

(3) That any land upon which it has been represented that outdoor club activities are to be conducted is unsuitable for the purposes for which represented;

(4) That any obligation, guaranty or warranty to members of the club by the outdoor club that was included in the promotional plan for the sale of membership or in the contract or other documents relating to membership is not being fulfilled or that adequate financial arrangements to secure performance of such obligations, guaranties or warranties has not been made; or

(5) That the proposed outdoor club activities would have adverse effect upon existing wildlife populations or habitat or upon wildlife-oriented recreation. [1973 c.749 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.458 - Term of license; renewal fee.**

A license to operate an outdoor club expires one year from the date of its issuance. A person who desire to renew a license shall submit an application therefor to the State Fish and Wildlife Commission, together with a fee of \$100. The application shall be in such form, contain such information and be submitted at such time as the commission prescribes. [1973 c.749 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.464 - Commission authority to restrain violations of outdoor club laws.**

(1) Whenever the State Fish and Wildlife Commission has cause to believe that any person is engaged in or is about to engage in any acts or practices that constitute a violation of ORS 498.400 to 498.464 and 498.993, or any rule promulgated pursuant thereto, that requires immediate action to protect the wildlife resources of this state, the commission shall institute actions or proceedings for legal or equitable remedies to restrain the violation or threatened action.

(2) The actions or proceedings authorized by subsection (1) of this section may be instituted without necessity of a prior administrative proceeding, or at any time during an administrative proceeding if a proceeding has been commenced. [1973 c.749 §12; 1979 c.284 §160]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.500 - Mitigation of adverse**

**effects on core area habitat; policy.**

(1) To assist persons with meeting the requirements of this state and local and federal governments concerning the mitigation of the adverse effects that a proposed action may have on core area habitat of sage grouse, the State Department of Fish and Wildlife, after consultation with interested local and tribal governments, state and federal agencies and private organizations, may develop and administer a uniform policy for mitigating the adverse effects that the proposed actions may have on core area habitat of sage grouse.

(2) If the department develops a mitigation policy under this section, the policy may include:

(a) Provisions for the recognition or establishment of mitigation banks; and

(b) Any other framework, criteria or goals developed to facilitate the mitigation of the adverse effects that a proposed action may have on core area habitat of sage grouse in a manner that ensures a landscape approach to the conservation of sage grouse.

(3) If the department develops a mitigation policy under this section, the policy must:

(a) Provide that the department review, at least once every five years, the mapping by the department of core area habitat of sage grouse and revise the mapping, if necessary, to account for any new and substantial biological information; and

(b) Ensure that any use of a mitigation bank or other mitigation framework provided for under the policy does not result in a net loss of either the quality or quantity of sage grouse habitat and provides a net benefit to the quality or quantity of sage grouse habitat.

(4) If the department develops a mitigation policy under this section for the purpose of benefiting sage grouse as a result of a listing as a sensitive, threatened or endangered species under ORS 496.171 to 496.182, or a listing as a candidate, threatened or endangered species pursuant to the federal Endangered Species Act of 1973 (P.L. 93-205, 16 U.S.C. 1531 et seq.), the policy shall ensure, to the greatest extent practicable, that any use of land, water or other natural resources occurring in a habitat identified as part of a mitigation bank or other mitigation framework developed under the policy may continue after the department identifies the habitat as part of a mitigation bank or other mitigation framework.

(5)(a) Subsections (1) to (4) of this section do not affect the ability of a person to develop a proposal under ORS 498.502 for off-site mitigation or a mitigation bank in order to meet the requirements of this state and local and federal governments concerning the mitigation of the adverse effects that a proposed action by the person may have on core area habitat of sage grouse.

(b) Any proposal for off-site mitigation or a mitigation bank developed under this section and ORS 498.502 must not result in a net loss of either the quality or quantity of sage grouse habitat and must provide a net benefit to the quality or quantity of sage grouse habitat. [2013 c.710 §1]

Note:

498.500 and 498.502 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 498 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.502 - Actions that affect core area habitat; reports; orders; rules.**

(1) Subject to and consistent with the federal Endangered Species Act of 1973 (P.L. 93-205, 16 U.S.C. 1531 et seq.) and notwithstanding any provision of ORS 496.171 to 496.182:

(a) If a person applies for a permit, license, authorization or other form of permission required by law from a state agency for a proposed action that may affect core area habitat of sage grouse, the person may file with the State Department of Fish and Wildlife, at any time before or after the commencement of the relevant permitting, licensing, authorization or other form of permission process, a report that uses the best scientific and commercial data available to provide a description of the proposed action and its possible effects on the habitat.

(b) The report described in this section must describe the core area habitat of sage grouse affected by the proposed action, specify whether the habitat is essential and irreplaceable and provide proposals for off-site mitigation or a mitigation bank.

(c)(A) Within 60 days after the filing of the report described in this section, the department shall evaluate whether the proposals specified in the report result in a net loss of either the quality or quantity of sage grouse habitat and provide a net benefit to the quality or quantity of sage grouse habitat.

(B)(i) If the department concludes that the proposals specified in the report do not result in a net loss of either the quality or quantity of sage grouse habitat and do provide a net benefit to the quality or quantity of sage grouse habitat, the department shall issue an order finding that the core area habitat of sage grouse affected by the proposed action is not irreplaceable. The department may not thereafter reverse or modify the order except pursuant to a judgment of a court.

(ii) If the department concludes that the proposals specified in the report result in a net loss of either the quality or quantity of sage grouse habitat and do not provide a net benefit to the quality or quantity of sage grouse habitat, a person affected by the action may request a contested case hearing before the State Fish and Wildlife Commission, to be conducted as provided in ORS chapter 183.

(2) The provisions of this section apply to a site certificate for an energy facility described in ORS 469.300 (11)(a)(F), but do not apply to a site certificate for any other facility under the provisions of ORS 469.300 to 469.563.

(3) The commission may adopt rules to carry out the provisions of this section. [2013 c.710 §2]

Note:

See note under 498.500.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.504 - Sage Grouse Mitigation Program In-Lieu Fee Fund.**

(1) The Sage Grouse Mitigation Program In-Lieu Fee Fund is established in the State Treasury, separate and distinct from the General Fund. Interest earned by the Sage Grouse Mitigation Program In-Lieu Fee Fund shall be credited to the fund. Moneys in the fund are continuously appropriated to the State Department of Fish and Wildlife for supporting efforts to restore, protect, enhance or increase habitat for sage grouse. Expenditures from the fund may include but are not limited to expenditures for related administrative costs, related research or assessment activities or insurance for sage grouse habitat.

(2) The fund shall consist of moneys received by the department as fees in lieu of compensatory mitigation, pursuant to department rules adopted to implement the Oregon Sage-Grouse Action Plan and Executive Order 15-18 issued on September 16, 2015.

(3) Except as provided in this subsection, fund moneys may be deposited in the Oregon Short Term Fund established under ORS 293.728. Subject to approval by the State Treasurer, all or part of Sage Grouse Mitigation Program In-Lieu Fee Fund moneys may be placed in an investment pool designed for intermediate-term investment, as provided by ORS 293.701 to 293.857. Earnings from the investment of fund moneys shall be credited to the fund. [2021 c.48 §1]

Note:

498.504 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 498 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.825 - Oregon Hatchery Research Center Board.**

(1) There is established the Oregon Hatchery Research Center Board within the State Department of Fish and Wildlife. The board shall consist of 15 members, including 12 voting members appointed by the State Fish and Wildlife Director under subsection (3) of this section and three nonvoting members specified in subsection (4) of this section. Members of the board must be residents of this state who are well informed on matters related to fish management policy and scientific research and who demonstrate an interest in research related to the propagation of fish in hatcheries.

(2) In making appointments under subsection (3) of this section, the director shall consult with organizations that represent or that are engaged in the same interests as those interests that appointees to the board are required to represent, and shall take into consideration nominations or recommendations of persons for appointment as members of the board that are received in the course of the consultation required by this subsection.

(3) The 12 voting members appointed by the director shall be representative of each of the following interests:

(a) One member shall represent the Oregon Salmon Commission established under ORS 576.062.

(b) One member shall represent the Columbia River gillnet salmon fishery established under ORS 508.775 to 508.796.

(c) Two members shall represent wild fish advocacy organizations.

(d) Two members shall represent statewide sport angling organizations.

(e) One member shall represent the agricultural industry.

(f) One member shall represent coastal ports.

(g) One member shall represent the forest products industry.

(h) One member shall represent the independent scientific community and have scientific background related to fish management and the propagation of fish in hatcheries.

(i) One member shall represent fish habitat restoration interests and have experience in the management or implementation of habitat restoration projects.

(j) One member shall represent Oregon Indian tribes, to be appointed by the director after consultation with the Commission on Indian Services.

(4) In addition to the members appointed under subsection (3) of this section, the director shall:

(a) Appoint the following two nonvoting members of the board who have a background in fish management and the propagation of fish in hatcheries:

(A) One member to represent the State Department of Fish and Wildlife.

(B) One member to represent Oregon State University.

(b) Invite a representative of agencies of the federal government related to fish management to serve as a nonvoting member of the board.

(5) The term of office of each member is four years, but a member serves at the pleasure of the director. Before the expiration of the term of a member, the director shall appoint a successor whose term begins on July 1 next following. A member is eligible for reappointment. If there is a vacancy for any cause, the director shall make an appointment to become immediately effective for the unexpired term.

(6) A member of the board is not entitled to compensation under ORS 292.495. At the discretion of the board, board members may be reimbursed from funds available to the board for actual and necessary travel and other expenses incurred by members of the board in the performance of their official duties, subject to the limits described in ORS 292.495. [2013 c.664 §1; 2017 c.173 §1]

Note:

498.825 to 498.833 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 498 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.827 - Duties of Oregon Hatchery Research Center Board.**

The Oregon Hatchery Research Center Board shall report to the Director of the Oregon Hatchery Research Center and shall:

- (1) Establish strategic directions and operational objectives for the Oregon Hatchery Research Center located on Fall Creek, near Alsea, consistent with ORS 496.275.
- (2) Develop, after consultation with the Director of the Oregon Hatchery Research Center, Oregon State University and the State Department of Fish and Wildlife, the proposed operating budget for the center.
- (3) Recommend research projects for the Oregon Hatchery Research Center and issue requests for research proposals as needed to carry out the activities of the Oregon Hatchery Research Center specified in ORS 498.831.
- (4) Review and prioritize all research proposals submitted to the Oregon Hatchery Research Center before research takes place and prioritize the research according to whether the research is consistent with the strategic directions and operational objectives specified in subsection (1) of this section and with the activities of the Oregon Hatchery Research Center specified in ORS 498.831.
- (5) Make recommendations, as needed, regarding how the research projects at the Oregon Hatchery Research Center may be enhanced to meet the strategic directions and operational objectives specified in subsection (1) of this section and the activities specified in ORS 498.831.
- (6) On or before February 1 of each calendar year, report to the Legislative Assembly in the manner required by ORS 192.245, and to the State Fish and Wildlife Director and the State Fish and Wildlife Commission, regarding the findings of research projects carried out by the Oregon Hatchery Research Center and any recommendations regarding current hatchery management practices based on the research projects. The Director of the Oregon Hatchery Research Center shall post the report on the center's website for public access. [2013 c.664 §3]

Note:

See note under 498.825.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.829 - Officers; quorum; meetings.**

- (1) The Oregon Hatchery Research Center Board shall select one of its members as chairperson and another as vice chairperson, for such terms and with duties and powers necessary for the performance of the functions of such offices as the board determines.
- (2) A majority of the voting members of the board constitutes a quorum for the transaction of business.
- (3) The board shall meet at least once every three months at a place, day and hour determined by the board. The board may also meet at other times and places specified by the call of the chairperson or of a majority of the members of the board. [2013 c.664 §4]

Note:

See note under 498.825.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.831 - Oregon Hatchery Research Center; activities.**

- (1) The hatchery research center located on Fall Creek, near Alsea, is named the Oregon Hatchery Research Center.
- (2) Pursuant to the strategic directions and operation objectives established by the Oregon Hatchery Research Center Board under ORS 498.827, the center shall carry out the following activities:
  - (a) Conduct research that assists in the implementation and advancement of native fish population recovery as well as viable fisheries.
  - (b) Conduct research on methods to minimize the genetic and ecological risks to naturally produced native fish when hatchery produced fish are released in the waters of this state for population recovery or consumptive fishery objectives.
  - (c) Conduct research to determine the genetic and ecological risk to naturally produced native fish when wild native broodstock hatchery produced native fish are released into the waters of this state.
  - (d) Conduct research to determine the effect of hatchery operations on naturally produced native fish and the habitat of naturally produced native fish.
  - (e) Provide educational and research opportunities for undergraduate students, graduate students and post-graduate students.
  - (f) Provide educational opportunities for the public and for students in grades 1 through 12.
  - (g) Consider any recommendations made by the Oregon Hatchery Research Center Board pursuant to ORS 498.827.
- (3) The Director of the Oregon Hatchery Research Center shall post information about the research specified in subsection (2) of this section on the center's website for public access.
- (4) As used in this section, "waters of this state" has the meaning given that term in ORS 196.800. [2013 c.664 §5]

Note:

See note under 498.825.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.833 - Oregon Hatchery Research Center; director.**

The State Fish and Wildlife Director, after consultation with the chairperson of a department related to fish and wildlife at Oregon State University and the Oregon Hatchery Research Center Board established under ORS 498.825, shall appoint a Director of the Oregon Hatchery Research Center. [2013 c.664 §6]

Note:

See note under 498.825.

Note:

Sections 1, 7 and 8, chapter 734, Oregon Laws 2015, provide:

Sec. 1.

(1) The Oregon Hatchery Research Center Fund is established in the State Treasury, separate and distinct from the General Fund. Interest earned by the Oregon Hatchery Research Center Fund shall be credited to the fund. Moneys in the fund are continuously appropriated to the State Department of Fish and Wildlife. The fund shall consist of:

(a) All moneys received from the surcharge on angling licenses imposed by section 3, chapter 734, Oregon Laws 2015; and

(b) All moneys received from the ad valorem fee imposed by section 4, chapter 734, Oregon Laws 2015.

(2) Moneys in the fund may be expended only on research projects recommended by the Oregon Hatchery Research Center Board. [2015 c.734 §1; 2017 c.120 §1]

Sec. 7.

(1) The State Department of Fish and Wildlife shall provide a financial report quarterly to the Oregon Hatchery Research Center Board showing all revenues and deposits to and transfers and expenditures from the Oregon Hatchery Research Center Fund.

(2) The department shall provide a financial report annually to the interim committees of the Legislative Assembly related to the environment and natural resources showing all revenues and deposits to and transfers and expenditures from the Oregon Hatchery Research Center Fund. [2015 c.734 §7]

Sec. 8.

(1)(a) Sections 4 and 7, chapter 734, Oregon Laws 2015, are repealed on January 2, 2027.

(b) Section 3, chapter 734, Oregon Laws 2015, as amended by section 52, chapter 779, Oregon Laws 2015, is repealed on January 2, 2027.

(c) Section 1, chapter 734, Oregon Laws 2015, as amended by section 1 of this 2017 Act, is repealed on January 2, 2027.

(2) Any balance in the Oregon Hatchery Research Center Fund that is unexpended and unobligated on the date of the repeal of section 1, chapter 734, Oregon Laws 2015, and all moneys that would have been deposited in the Oregon Hatchery Research Center Fund had section 1, chapter 734, Oregon Laws 2015, remained in effect, shall be transferred to and deposited in the Hatchery Construction Fund, and are appropriated for expenditure as in the case of other moneys in the Hatchery Construction Fund. [2015 c.734 §8; 2015 c.779 §53; 2017 c.120 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.850 - Disposition of hatchery-produced fish carcasses; rules.**

The State Fish and Wildlife Commission shall adopt rules governing the disposition of carcasses of adult hatchery-produced fish returning to hatchery facilities that include but are not limited to requirements that:

(1) At least 45 percent of the carcasses from all adult hatchery-produced fish that return to hatchery facilities, averaged over 10 years, beginning in a year after the rules are adopted, must be retained and placed at seasonally appropriate times in natural spawning and rearing areas to enhance nutrient recycling, consistent with pathology constraints; and

(2) When selling eggs and carcasses from hatchery facilities to provide revenues to support hatchery programs and facilities, the State Department of Fish and Wildlife shall prioritize sales to, in the following order:

(a) Oregon small businesses in communities with high rates of unemployment; and

(b) Other Oregon small businesses. [2021 c.258 §2]

Note:

498.850 was added to and made a part of the wildlife laws by legislative action but was not added to ORS chapter 498 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.990**

[Subsection (5) of 1965 Replacement Part enacted as 1953 c.184 §4; subsection (1) of 1965 Replacement Part enacted as 1955 c.506 §2; 1959 c.352 §3; 1967 c.523 §3; subsection (2) enacted as 1971 c.223 §4; repealed by 1973 c.723 §130]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 498 - Hunting, Angling and Trapping Regulations; Miscellaneous Wildlife Protective Measures Section 498.993 - Penalty for violation of outdoor club laws; penalty for violation of law related to sale of certain animals as household pets.**

Violation of any provision of ORS 498.029 or 498.400 to 498.464 is a Class A violation, if committed by an individual. If the violation is committed by any person other than an individual, violation of any provision of ORS 498.029 or 498.400 to 498.464 is a specific fine violation punishable by a fine not to exceed \$10,000. [1973 c.749 §13; 1979 c.560 §3; 1999 c.1051 §195; 2011 c.597 §90]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 501 - Refuges and Closures Section 501.005 - Closure of hunting season for fire danger.**

- (1) The Governor by proclamation may suspend any season established by the State Fish and Wildlife Commission for hunting when the Governor determines that hunting may result in extreme fire danger in any part of the state.
- (2) The suspension referred to in subsection (1) of this section may be applicable in all or any portion of this state, and shall be effective for a specified or indeterminate period until it appears to the Governor that the possible excessive fire danger no longer exists. A suspension for an indeterminate period shall be terminated by proclamation of the Governor.
- (3) No person shall hunt during a period when or in an area where the appropriate season has been suspended pursuant to this section. [1973 c.723 §104]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 501 - Refuges and Closures Section 501.015 - Hunting or trapping on refuge prohibited.**

Except as the State Fish and Wildlife Commission by rule may provide otherwise, no person shall hunt or trap any wildlife on any wildlife refuge created by any law of this state or any rule promulgated pursuant thereto. [1973 c.723 §105]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 501 - Refuges and Closures Section 501.025 - Authority to manage supply or condition of wildlife on refuge.**

Notwithstanding any restrictions to the contrary regarding the uses of any wildlife refuge created by any law of this state or any rule promulgated pursuant thereto, the State Fish and Wildlife Commission may authorize the hunting or trapping of wildlife on any such wildlife refuge when the commission determines that such action is necessary to properly manage the supply or condition of the wildlife on such refuge. [1973 c.723 §106]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 501 - Refuges and Closures Section 501.035 - Posting signs around refuge; defacing or alteration of signs prohibited.**

- (1) When any wildlife refuge is created by the laws of this state or any rule promulgated thereto, the State Fish and Wildlife Commission shall post signs around the boundary of the refuge giving notice of restrictions on hunting or trapping of wildlife on the refuge and on such other uses of the refuge as are specified by law or rule.
- (2) No person shall remove, deface, alter or destroy any sign referred to in subsection (1) of this section. [1973 c.723 §107]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 501 - Refuges and Closures Section 501.045 - Contracts to establish refuges on private lands.**

The State Fish and Wildlife Commission may enter into contracts with the owners of land for the purpose of establishing a wildlife refuge on the land. The contract shall be for such period and shall contain such terms, conditions and restrictions regarding the hunting and trapping of wildlife and other uses of the land as the commission considers appropriate to properly manage the supply and condition of the wildlife on the land. [1973 c.723 §108]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 501 - Refuges and Closures Section 501.400 - Columbia River Wildlife Refuge.**

There is created a wildlife refuge within the following described area: Beginning at the railroad bridge at Celilo in Wasco County; thence easterly along the railroad right of way to Boardman; thence due north to the center of the Columbia River (Washington State Line); thence westerly down the center of the Columbia River to a point due north of the point of beginning; thence south to the point of beginning. [Formerly 498.205]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 501 - Refuges and Closures Section 501.405 - Deschutes River Wildlife Refuge.**

There is created a wildlife refuge within the area that includes any island or sandbar along or in the Deschutes River from the Columbia River to a point one-half mile south of the Oregon Trail highway bridge where it crosses the Deschutes River. [Formerly 498.210]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 501 - Refuges**

**and ClosuresSection 501.410 - Brown's Island and Minto Island Wildlife Refuge.**

There is created a wildlife refuge which shall be known as the Brown's Island and Minto Island Wildlife Refuge and shall be bounded and described as follows: Beginning at the point of intersection of the center line of State Street in Salem, Oregon, with the center line of the Oregon Electric Railway tracks on Front Street in Salem; thence southwesterly along the center line of the Oregon Electric Railway tracks to the north boundary of the east ell of the donation land claim of R. E. Ekin and wife in township 8 south, range 3 west of the Willamette Meridian in Marion County; thence west to the re-entrant corner in the west boundary of such donation land claim; thence north to the most northerly northeast corner of such donation land claim; thence west to the middle of the Willamette River; thence down the meanderings of such river to the westerly projection of the center line of State Street in Salem; thence easterly to the place of beginning. [Amended by 1973 c.723 §112]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 501 - Refuges and ClosuresSection 501.425 - John Day River Wildlife Refuge.**

There is created a wildlife refuge within the area that is one-fourth mile from the high-water flowline along the John Day River from the Columbia River south to its junction with Thirty Mile Creek. [Formerly 498.215]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 501 - Refuges and ClosuresSection 501.440 - Carlton Lake Wildlife Refuge.**

The following described lands, including Carlton Lake, situated in Yamhill County, shall be known as the Carlton Lake Wildlife Refuge: Beginning at the northwest corner of the W. C. Hembree D.L.C. (claim) No. 59, in section 17, township 3 south, range 4 west, Willamette Meridian; running thence east along the north line of Hembree D.L.C. and along this north line produced, or extended 4,500 feet to the west line of the state highway, known as the Tualatin Valley Highway; thence southerly along the west line of such highway 6,600 feet to north line of Main Street in the City of Carlton; thence westerly along the north line of Main Street and the county road, which is an extension of Main Street, 6,300 feet to the northeast corner of the intersection of the county road, leading west from Carlton and the county road running north and south through the James Fulton D. L. C. just west of Carlton Lake; thence northerly along the east line of such county road 6,700 feet to the intersection of the east line of the county road with the north line of the James Fulton D. L. C.; thence east along the north line of Fulton D. L. C. 1,950 feet to the northeast corner of the claim; thence north about 60 feet to the northwest corner of the W. C. Hembree D. L. C., the place of beginning, situated in parts of sections 16, 17, 20 and 21, township 3 south, range 4 west. [Amended by 1973 c.723 §113]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 501 - Refuges and ClosuresSection 501.490 - Lake Lytle Wildlife Refuge.**

There is created a wildlife refuge in Tillamook County, to be known as Lake Lytle Wildlife Refuge of the land and waters within the following described boundaries: Beginning at the northeast corner of section 29, township 2 north, range 10 west of Willamette Meridian; running thence west to the mean low water line of Pacific Ocean; thence southerly along the mean low water line of Pacific Ocean to the middle east and west line of section 32, in such township and range; thence east to the east line of section 32; thence north to the place of beginning. [Amended by 1973 c.723 §114]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 501 - Refuges and ClosuresSection 501.505 - Sturgeon Lake Wildlife Refuge; rules.**

(1) The following described lakes, the islands therein and the lands adjacent thereto shall be known as the Sturgeon Lake Wildlife Refuge:

- (a) Big Sturgeon Lake, situated in sections 9, 10, 15, 16, 21, 22, 23, 26, 27, 28, 33 and 34, township 3 north, range 1 west, Willamette Meridian.
- (b) West Sturgeon Lake, situated in sections 20, 28, 29, 30, 32 and 33, township 3 north, range 1 west, Willamette Meridian.
- (c) Little Sturgeon Lake, situated in sections 32 and 33, township 3 north, range 1 west, Willamette Meridian, and sections 4 and 5, township 2 north, range 1 west, Willamette Meridian.
- (d) Marquam Lake, situated in sections 34 and 35, township 3 north, range 1 west, Willamette Meridian, and sections 2 and 3, township 2 north, range 1 west, Willamette Meridian.

(2) The State Fish and Wildlife Commission by rule shall establish the exact boundaries of the wildlife refuge referred to in subsection (1) of this section in such manner as the commission determines will provide adequate protection for the wildlife within the area. However, the boundaries so established shall not include land adjacent to any lake referred to in subsection (1) of this section that is further than 100 yards from the line of ordinary high water of such lake. [1973 c.723 §116]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 501 - Refuges and ClosuresSection 501.540 - Multnomah-Clackamas Wildlife Refuge.**

The following described land situated in Multnomah and Clackamas Counties shall be known as the Multnomah-Clackamas Wildlife Refuge: Beginning at intersection of center line of the channels of the Willamette River and Willamette slough; thence westerly along center line of channel of Willamette slough to its intersection with the south line of section 27, township 2 north,

range 1 west, Willamette Meridian; thence west along south line of sections 27 and 28 to intersection with the Columbia River Highway; thence in southerly direction along Columbia River Highway to intersection with Harborton Road; thence southwesterly along Harborton Road to its intersection with Skyline Boulevard; thence southeasterly along Skyline Boulevard to its intersection with Cornell Road; thence west along Cornell Road to its intersection with the Washington-Multnomah County line; thence south and east along the Washington-Multnomah County line to the Willamette Meridian; thence south along the Willamette Meridian to section 19, township 2 south, range 1 east, Willamette Meridian; thence east along the north lines of sections 19, 20 and 21 to Stafford Road; thence east and north on Stafford Road to the west bank of the Willamette River; thence southerly along the west bank of said Willamette River to a point opposite the intersection of the east bank of the Willamette River and the north bank of the Clackamas River; thence easterly across the Willamette River to said intersection; thence easterly along the north bank of Clackamas River to a point where the east line of Ninety-second Street in the City of Portland extended southerly intersects the north bank of the Clackamas River; thence north along the southerly extension of Ninety-second Street to the point of the Multnomah and Clackamas County line, such point being at the quarter-section corner of south side of section 21, township 1 south, range 2 east, Willamette Meridian; thence east along the Multnomah County line to its intersection with Foster Road; thence northwesterly along Foster Road to the intersection of Foster Road with Jenne Road; thence northeasterly and northerly along Jenne Road to its intersection with Section Line Road; thence east along Section Line Road to its intersection with Rockwood Road; thence north along Rockwood Road to the north side of Sandy Boulevard; thence west along the north side of Sandy Boulevard to the Government Island Road; thence north along the Government Island Road to the high-water flowline of the south bank of the south channel of the Columbia River; thence westerly along high-water flowline of the waters of the Columbia River to the easterly line of the Spokane, Portland and Seattle railroad; thence south along the Spokane, Portland and Seattle railroad to the junction of the Oregon-Washington Railroad and Navigation Company right of way; thence south along the Oregon-Washington Railroad and Navigation Company right of way to the city boundaries of the City of Portland; thence westerly along the north line of the boundary of the City of Portland to the center of the channel of the Willamette River; thence in a northerly direction along the center line of the channel of the Willamette River to the point of beginning. [Amended by 1953 c.255 §2; 1973 c.723 §115]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.001 - Contents of commercial fishing laws.**

All laws enacted for the protection, propagation and preservation of food fish or for the protection and development of commercial fisheries in this state, including but not limited to ORS chapters 506, 507, 508, 509, 511 and 513, may be cited as the commercial fishing laws. [1965 c.570 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.006 - General definitions.**

As used in the commercial fishing laws, unless the context requires otherwise:

- (1) "Angling" means fishing for personal use with one line attached to a pole held in hand while landing the fish, or with a hand-operated line without rod or reel, to which may be attached not to exceed three hooks, except on floating bass plugs.
- (2) "Boat" means any vessel, any floating craft, powered, towed, rowed or otherwise propelled which is used for landing or taking food fish.
- (3) "Buy" includes offer to buy, barter, exchange or trade.
- (4) "Commercial purposes" means taking food fish with any gear unlawful for angling, or taking or possessing food fish in excess of the limits permitted for personal use, or taking, fishing for, handling, processing, or otherwise disposing of or dealing in food fish with the intent of disposing of such food fish or parts thereof for profit, or by sale, barter or trade, in commercial channels.
- (5) "Commission" means the State Fish and Wildlife Commission created by ORS 496.090.
- (6) "Department" means the State Department of Fish and Wildlife.
- (7) "Director" means the State Fish and Wildlife Director appointed pursuant to ORS 496.112.
- (8) "Fishing gear" means any appliance or device intended for or capable of being used to take food fish except by angling.
- (9) "Fixed fishing gear" includes but is not limited to stationary gear operated at a fixed location.
- (10) "Personal use" means taking or fishing for food fish by angling or by such other means and with such gear as the commission may authorize for fishing for personal use, or possessing the same for the use of the person fishing for, taking or possessing the same and not for sale or barter.
- (11) "Sell" includes offer or possess for sale, barter, exchange or trade.
- (12) "Take" means fish for, hunt, pursue, catch, capture or kill or attempt to fish for, hunt, pursue, catch, capture or kill.
- (13) "Transport" means transport by any means, and includes offer or receive for transportation.
- (14) "Waters of this state" means all waters over which the State of Oregon has jurisdiction, or joint or other jurisdiction with any other state or government, including waters of the Pacific Ocean and all bays, inlets, lakes, rivers and streams within or forming the boundaries of this state. [1965 c.570 §3; 1975 c.253 §13; 1995 c.602 §1; 2003 c.14 §337]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.011 - Types of marine life defined.**

As used in the commercial fishing laws, unless the context requires otherwise:

- (1) "Anadromous fish" includes but is not limited to salmon, as defined in ORS 506.016; *Roccus saxatilis*, commonly known as striped bass; *Alosa sapidissima*, commonly known as shad; *Acipenser medirostris* and *Acipenser transmontanus*, commonly known as sturgeon; and *Thaleichthys pacificus*, commonly known as smelt.
- (2) "Animals living intertidally on the bottom" includes but is not limited to starfish, sea urchins, sea cucumbers, snails, bivalves, worms, coelenterates and shore, hermit and other small crabs not included within subsection (1) or (7) of this section.
- (3) "Black rockfish" means *Sebastes melanops*, commonly known as black rockfish.
- (4) "Blue rockfish" means *Sebastes mystinus*, commonly known as blue rockfish.
- (5) "Food fish" means any animal over which the State Fish and Wildlife Commission has jurisdiction pursuant to ORS 506.036.
- (6) "Nearshore fish" means:
  - (a) *Enophrys bison*, commonly known as buffalo sculpin;
  - (b) *Hemilepidotus hemilepidotus*, commonly known as red Irish lord;
  - (c) *Hemilepidotus spinosus*, commonly known as brown Irish lord;
  - (d) *Scorpaenichthys marmoratus*, commonly known as cabezon;
  - (e) *Hexagrammos decagrammus*, commonly known as kelp greenling;
  - (f) *Hexagrammos lagocephalus*, commonly known as rock greenling;
  - (g) *Hexagrammos stelleri*, commonly known as whitespotted greenling;
  - (h) *Oxylebius pictus*, commonly known as painted greenling;
  - (i) *Sebastes atrovirens*, commonly known as kelp rockfish;
  - (j) *Sebastes auriculatus*, commonly known as brown rockfish;
  - (k) *Sebastes carnatus*, commonly known as gopher rockfish;
  - (L) *Sebastes caurinus*, commonly known as copper rockfish;
  - (m) *Sebastes chrysomelas*, commonly known as black and yellow rockfish;
  - (n) *Sebastes dalli*, commonly known as calico rockfish;
  - (o) *Sebastes maliger*, commonly known as quillback rockfish;
  - (p) *Sebastes miniatus*, commonly known as vermilion rockfish;
  - (q) *Sebastes nebulosus*, commonly known as china rockfish;
  - (r) *Sebastes nigrocinctus*, commonly known as tiger rockfish;
  - (s) *Sebastes rastrelliger*, commonly known as grass rockfish;
  - (t) *Sebastes serranoides*, commonly known as olive rockfish; or
  - (u) *Sebastes serripes*, commonly known as treefish.
- (7) "Shellfish" includes but is not limited to abalone, clams, crabs, crayfish or crawfish, mussels, oysters, piddocks, scallops and shrimp. [1965 c.570 §4; 2003 c.809 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.016 - "Salmon" defined.**

As used in the commercial fishing laws, "salmon" means all anadromous species of salmon, including but not limited to:

- (1) *Oncorhynchus gorboscha*, commonly known as humpback, humpies or pink salmon.
- (2) *Oncorhynchus keta*, commonly known as chum or dog salmon.
- (3) *Oncorhynchus kisutch*, commonly known as coho or silver salmon.
- (4) *Oncorhynchus nerka*, commonly known as sockeye, red or blueback salmon.
- (5) *Oncorhynchus tshawytscha*, commonly known as chinook salmon. [1965 c.570 §5; 1969 c.411 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.025 - "Unlawful to buy" defined.**

Whenever the commercial fishing laws state that it is unlawful to buy any food fish, illegally taken, this prohibition means that it is unlawful to buy, knowing or having reasonable cause to believe that the fish have been illegally taken or transported within this state, or unlawfully imported or otherwise unlawfully brought into this state. [Amended by 1965 c.570 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.028 - "Conservation" defined.**

As used in the commercial fishing laws, unless the context requires otherwise, "conservation" means providing for the utilization and management of the food fish of Oregon to protect the ultimate supply for present and future generations, preventing waste and implementing a sound management program for sustained economic, recreational and aesthetic benefits. [1971 c.187 §5; 1973 c.271 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.031 - Effect of wildlife laws on commercial fishing laws.**

(1) Nothing in the wildlife laws of this state affects the lawful operation of any fishing gear or the lawful taking of any food fish under the commercial fishing laws.

(2) The commercial fishing laws apply to food fish except as otherwise provided in ORS 506.045 and 506.050, and shall be enforced regardless of any conflicting provisions in the wildlife laws of this state. No act lawfully done under the commercial fishing laws is unlawful in the event that such act conflicts with any provision of the wildlife laws of this state. [1965 c.570 §7; 1975 c.545 §10; 1977 c.242 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.036 - Jurisdiction of commission; duty to protect and propagate fish.**

(1) Except as otherwise provided in subsection (4) of this section and in ORS 506.045 and 506.050, the State Fish and Wildlife Commission has exclusive jurisdiction over all fish, shellfish, and all other animals living intertidally on the bottom, within the waters of this state. The commission has joint or other jurisdiction with any other state or government over all such fishes within the waters of the Columbia River and its tributaries where such waters form the boundaries of this state.

(2) The commission has jurisdiction over those species of fish, shellfish and all other animals living intertidally on the bottom referred to in subsection (1) of this section transported into or landed in this state which have been taken in waters outside this state.

(3) The duty of protection, preservation, propagation, cultivation, development and promotion of all fishes under its jurisdiction is delegated to and imposed upon the commission.

(4) The commission has no regulatory authority or jurisdiction over the commercial cultivation of oysters in the waters of this state. However, nothing in this subsection is intended to affect the authority of the commission under ORS 509.140. [1965 c.570 §8; 1975 c.253 §20; 1981 c.638 §13; 1983 c.364 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.045 - Fishing rights of treaty Indians not affected.**

There are excluded from the operation of ORS 506.129, 506.136, 507.030, 508.025, 508.285 and 509.025 (1), any Warm Springs, Umatilla, Yakima, Wasco, Tenino, Wyum and other Columbia River Indians affiliated with these tribes and entitled to enjoy fishing rights, who have not severed their tribal relations, in so far as it would conflict with any rights or privileges granted to such Indians under the terms of the treaties made by the United States with the Warm Springs Indians on June 25, 1855, and with the Umatilla and Yakima Indians on June 9, 1855. [Formerly 506.195; 1975 c.545 §11; 1977 c.242 §3; 2013 c.672 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.050 - Federal and state fish cultural operations and scientific investigations; commission to propagate fish and to stock waters.**

(1) The United States Fish and Wildlife Service, the State Fish and Wildlife Commission and their duly authorized agents may conduct fish cultural operations and scientific investigations in the waters of this state in such manner and at such times as may be considered necessary and proper by the service, the commission or their agents.

(2) The commission shall propagate and stock the waters of this state with such fish as it considers proper. [1965 c.570 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.109 - Food fish management policy.**

It is the policy of the State of Oregon that food fish shall be managed to provide the optimum economic, commercial, recreational and aesthetic benefits for present and future generations of the citizens of this state. In furtherance of this policy, the goals of food fish management are:

(1) To maintain all species of food fish at optimum levels in all suitable waters of the state and prevent the extinction of any indigenous species.

(2) To develop and manage the lands and waters of this state in a manner that will optimize the production, utilization and public enjoyment of food fish.

(3) To permit an optimum and equitable utilization of available food fish.

(4) To develop and maintain access to the lands and waters of the state and the food fish resources thereon.

(5) To regulate food fish populations and the utilization and public enjoyment of food fish in a manner that is compatible with other uses of the lands and waters of the state and provides optimum commercial and public recreational benefits.

(6) To preserve the economic contribution of the sports and commercial fishing industries in a manner consistent with sound food fish management practices.

(7) To develop and implement a program for optimizing the return of Oregon food fish for Oregon's recreational and commercial fisheries. [1975 c.253 §15; 1985 c.529 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.119 - General duties and powers of**

**commission; rulemaking authority.**

(1) The State Fish and Wildlife Commission has the authority to formulate and implement the policies and programs of this state for the management of food fish, and may perform all acts necessary to administer and carry out the provisions of the commercial fishing laws.

(2) In accordance with any applicable provision of ORS chapter 183, the commission may promulgate rules to carry out the provisions of the commercial fishing laws. [1975 c.253 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.124 - Hatchery practice rules; reports.**

The State Fish and Wildlife Commission shall adopt rules governing public and private salmon hatchery practices by July 1, 1984. The commission shall also submit quarterly reports to the Emergency Board on matters related to the adoption of rules and the impact of hatchery practices on the salmon resource. [1983 c.797 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.129 - Establishing seasons, amounts and manner of taking food fish; rules.**

(1) After investigation of the supply and condition of food fish, the State Fish and Wildlife Commission, at appropriate times each year, shall by rule:

(a) Prescribe the times, places and manner in which food fish may be taken or sold, except when canned or otherwise processed, and the amount of those food fish species that may be taken or sold.

(b) Prescribe such other restrictions or procedures regarding the taking, selling or possessing of food fish as the commission determines will carry out the provisions of the commercial fishing laws.

(2) In carrying out the provisions of subsection (1) of this section, the power of the commission includes, but is not limited to:

(a) Prescribing the amount of each food fish species that may be taken and possessed in terms of sex, size and other physical characteristics.

(b) Prescribing such regular and special time periods and areas closed to the taking and selling of any food fish species when the commission determines such action is necessary to protect the supply of such food fish.

(c) Prescribing regular and special time periods and areas open to the taking and selling of any food fish species, and prescribing means by which the taking of food fish is permitted. [1975 c.253 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.136 - Commission to study and classify food fish and fishing gear.**

The State Fish and Wildlife Commission shall:

(1) Investigate the habits, supply and economic uses of, and classify all food fish.

(2) Classify all fishing gear and such classification shall be final. [1965 c.570 §21]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.142 - Authority of Fish Division.**

The Fish Division established pursuant to ORS 496.124 shall be responsible for the management of all fish and other marine life over which the State Fish and Wildlife Commission has regulatory jurisdiction. [1975 c.253 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.147 - Record keeping regarding food fish commerce.**

(1) In addition to any other authority under the commercial fishing laws, and except as provided in this subsection, the State Fish and Wildlife Commission may adopt record keeping requirements for a person that engages in taking, landing, buying or selling food fish for commercial purposes or otherwise deals in food fish for commercial purposes. Records that the commission may require under this section include, but need not be limited to, records sufficient to show the source and disposition of food fish and any other information the commission deems necessary for tracing the chain of possession for food fish. The commission may not make record keeping requirements under this section applicable to tribal members exercising the treaty-reserved rights of an Indian tribe.

(2) A person that the commission makes subject to a record keeping requirement under this section shall make the records available for inspection by the commission, the State Department of Fish and Wildlife or the State Department of Agriculture, or by a designee of the commission, State Department of Fish and Wildlife or State Department of Agriculture. The State Department of Agriculture may request copies of, or information from, the records for the purpose of programs under ORS chapter 616 or other food safety law programs administered or enforced by the department. The State Department of Agriculture may, as part of a

general pattern of administering and enforcing programs under ORS chapter 616 or other food safety law programs, during normal business hours enter premises where records described in this section are kept.

(3) A person may keep records required by the commission under this section in electronic form and may satisfy a request for inspection of the records by supplying a copy of the records in electronic form to the requester. If the records are not supplied to the requester in electronic form, the person shall allow inspection of the records upon request during normal business hours. [2018 c.104 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.154 - Duties of director.**

The State Fish and Wildlife Director shall:

(1) Be responsible to the State Fish and Wildlife Commission for the administration and enforcement of the commercial fishing laws.

(2) Be responsible for the collection, application and dissemination of information pertinent to the management of food fish resources and to the regulation of the uses of such resources. [1975 c.253 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.195**

[Amended by 1965 c.570 §10; renumbered 506.045]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.201 - Powers of commission in regard to real property.**

The State Fish and Wildlife Commission may:

(1) Acquire by purchase, lease, gift, agreement or donation, real property, or any right or interest therein, including any easement or right of access, necessary:

(a) To construct or maintain fish hatcheries, fishways or research facilities;

(b) To remove logjams; or

(c) Otherwise to carry out the duties imposed on the commission by law.

(2) Acquire by exercise of the power of eminent domain any easement or right of access necessary to construct or maintain fishways or remove logjams. Proceedings instituted by the commission under this subsection shall be conducted in accordance with ORS chapter 35.

(3) Lease, dispose of or grant easements upon any property owned by the state and used for the protection, propagation or preservation of food fish, which is found to be of no further use or value to the state. The commission shall turn over the proceeds arising from such disposition to the State Treasurer to be credited to the General Fund. [1965 c.570 §16; 1971 c.741 §34]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.211 - Acquisition of fish, eggs and larvae for certain purposes; returning salmon to Rogue River.**

(1) Subject to subsection (2) of this section, the State Fish and Wildlife Commission may acquire by gift or purchase, and may acquire by capture or otherwise in this state, any fish, eggs or larvae thereof for propagation, experimental or scientific purposes.

(2) The commission or any other person authorized by it who takes salmon eggs from the waters of the Rogue River for the purpose of supplying the various hatcheries of this state, shall return at least 40 percent of the fish hatched from the eggs to the Rogue River. [1965 c.570 §28]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.213 - Coho and chinook salmon hatchery on Oregon coast.**

(1) The State Fish and Wildlife Commission shall cause to be commenced and shall supervise the construction of a fish hatchery on the Oregon coast for the purpose of rearing coho and chinook salmon. The location for the site of the hatchery shall be at the discretion of the commission. Selection of the site shall be based upon the most recent research data available to the commission.

(2) The hatchery constructed pursuant to subsection (1) of this section shall be maintained and operated by the commission. [1967 c.360 §§1,4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.214 - Hatchery Construction Fund.**

The Hatchery Construction Fund is established in the State Treasury, separate and distinct from the General Fund. Interest earned by the Hatchery Construction Fund shall be credited to the fund. Moneys in the fund are continuously appropriated to the State Department of Fish and Wildlife. The fund shall consist of any moneys appropriated to the fund by the Legislative Assembly and

moneys received by the department for the purposes established in this section in the form of gifts, grants, bequests, endowments or donations. Moneys in the fund may be expended only to improve, upgrade or replace current coastal hatchery facilities in order to incorporate new technologies. [2015 c.734 §2; 2017 c.120 §2]

Note:

506.214 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 506 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.215 - Maintaining hatcheries in adjoining states.**

The State Fish and Wildlife Commission may construct, maintain or operate hatcheries in an adjoining state, but no hatchery shall be constructed or operated on any stream in an adjoining state that is not a tributary of the Columbia River, or whose waters do not flow into the Columbia River.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.220 - Erecting markers of closed waters; interference with markers.**

Whenever deadlines are established on any of the waters of this state, either by legislative enactment or by order of the State Fish and Wildlife Commission, the commission shall, within a reasonable time, erect suitable monuments or markers in the water or on the banks of the water designating the closed portion of the water. It is unlawful to remove, destroy, alter or mutilate any of these monuments or markers. [Amended by 1965 c.570 §27]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.226 - Use of electric shock to take adult salmonids for private hatchery permittees prohibited.**

Notwithstanding any other provision of law the State Department of Fish and Wildlife shall not use in any body of water any electric current or electric shock device for the purpose of capturing any adult salmonids for a person granted a permit pursuant to ORS 508.700 to 508.745. [1981 c.646 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.231 - Public report of fish hatchery activities.**

The State Department of Fish and Wildlife shall prepare and make available to the public upon request monthly reports of fish hatchery operations. Information in the report shall include, but is not limited to:

- (1) The location of each state facility at which salmon eggs were taken and the number of eggs taken.
- (2) The number and destination of salmon eggs transferred from one state facility to another.
- (3) The number of salmon eggs to be reared at each state facility.
- (4) The number of salmon eggs sold from each state facility to any person granted a permit pursuant to ORS 508.700 to 508.745.
- (5) The number of salmon eggs from state facilities allocated for volunteer salmonid improvement program activities.
- (6) The location and circumstances of each mortality incident involving 10,000 or more salmon eggs at a state facility. [1981 c.646 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.235**

[1957 c.141 §1; renumbered 506.321]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.241 - Commercial fishing vessel fleet reduction program; rules.**

The State Fish and Wildlife Commission, by rule, may prescribe a commercial fishing vessel fleet reduction program that complies with the federal Salmon and Steelhead Conservation and Enhancement Act of 1980. [1981 c.365 §38]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.306 - Collecting moneys under commercial fishing laws; deposit into Commercial Fisheries Fund.**

The State Fish and Wildlife Commission shall collect all moneys to be paid to this state for the protection, preservation, propagation and development of the commercial fishing industry and arising under the commercial fishing laws and deposit such moneys in the Commercial Fisheries Fund. [1965 c.570 §29; 1987 c.905 §26; 1991 c.701 §23; 1997 c.545 §1; 2011 c.597 §139]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.316 - Payment of commission expenditures.**

Except as otherwise provided in ORS 506.321, all expenditures of the State Fish and Wildlife Commission pursuant to the commercial fishing laws shall be made from moneys appropriated for the purposes for which such moneys are used, upon claims presented and warrants drawn pursuant to law. [1965 c.570 §30; 1967 c.454 §108]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.321 - Acceptance and use of gifts of money and property to commission.**

The State Fish and Wildlife Commission may accept gifts of money, lands or other property and use the same for the protection, preservation, propagation and development of the fishery resource, subject to the terms of the gift. Subject to such terms the gifts may be used or exchanged for the acquisition of other lands, waters, rights, easements or other property. Any moneys received under this section not otherwise appropriated hereby are appropriated for such purposes. [Formerly 506.235]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.405 - Powers of commission regarding federal aid for fish and fisheries.**

The State Fish and Wildlife Commission may:

- (1) Enter into such contracts, appoint such officers and do any other act or thing necessary fully to meet the requirements of the United States and the officers acting under federal statute in aid of the conservation and preservation of fish and fisheries in this state or concerning any federal project wherein the conservation and preservation of such fish and fisheries are involved.
- (2) Accept contributions of funds from the federal government for such purposes.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.450 - Definitions for ORS 506.450 to 506.465; rules.**

As used in ORS 506.450 to 506.465, "developmental fishery" means activity for the development of commercial taking of an underutilized food fish species. The State Fish and Wildlife Commission by rule shall determine those species of food fish that are underutilized. [1993 c.765 §115]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.455 - Policy.**

It is the policy of the State of Oregon to institute a management system for developmental fishery resources that addresses both long term commercial and biological values and that protects the long term sustainability of those resources through planned commercial development when appropriate. [1993 c.765 §116]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.460 - Developmental fishery species harvest programs; biological surveys; permits; fees.**

In consultation with the Developmental Fisheries Board, the State Fish and Wildlife Commission shall:

- (1) Establish an annual list of food fish species that are considered to be developmental fishery species.
- (2) Establish and review commercial harvest programs for developmental fishery species.
- (3) Establish methods to obtain biological information necessary to determine the long term sustainability of the resource.
- (4) Establish limited entry harvest systems for developmental fisheries. An annual fee of not more than \$100 to participate in a developmental fishery may be charged by the commission.
- (5) Issue permits for developmental fisheries within 14 days of receiving a written request for a permit. [1993 c.765 §118]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.462 - Review of denial of applications; removal of fishery from developmental fisheries list; fees; rules.**

- (1) A person whose application for a developmental fisheries permit or a restricted permit established under subsection (6) of this section, or for the renewal or transfer of a developmental fisheries permit or restricted permit, is denied may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any review by the State Department of Fish and Wildlife or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$125. The fee shall apply toward any applicable permit fees resulting from an order of the board in favor of the requesting applicant.
- (2) The board shall review a denial as a contested case under ORS chapter 183. Orders issued by the board are not subject to review

by the commission, but may be appealed as provided in ORS 183.482.

(3) The board may waive requirements for renewal of a developmental fisheries permit or a restricted permit established under subsection (6) of this section if the board finds that an individual applicant fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(4) The board may delegate to the department the board's authority to waive requirements for renewal of developmental fisheries permits or restricted permits established under subsection (6) of this section.

(5) The board may adopt such rules as it determines necessary to carry out its duties, functions and powers under this section.

(6) Once the commission determines that a commercial harvest of a developmental fishery can be sustained, it may remove that fishery from the developmental fisheries list, and may, by rule, establish a restricted participation system or a restricted vessel permit system for that fishery. These restricted permit systems may include, but are not limited to, provisions relating to the following matters:

(a) Establishment of criteria for initial entry into the restricted permit system and criteria for annual qualification for continued participation in the system; and

(b) Establishment of terms and conditions for transferring participation rights. [2007 c.95 §2; 2009 c.832 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.465 - Developmental Fisheries Board; members; qualifications; expenses.**

(1) The Developmental Fisheries Board is established in the State Department of Fish and Wildlife. The board shall consist of members appointed by the State Fish and Wildlife Commission after consultation with commercial fishing industry representatives to insure representation on the board of a broad range of fishing interests.

(2) The commission shall appoint:

(a) Two members who are commercial fishermen licensed in this state and who are the operators of commercial fishing vessels that are less than 60 feet in length.

(b) Two members who are commercial fishermen licensed in this state and who are the operators of commercial fishing vessels that are 60 feet or more in length.

(c) One member who represents commercial fishing interests in general.

(d) One member who is employed by a fish processor having fewer than 50 employees.

(e) One member who is employed by a fish processor having 50 or more employees.

(f) One member who is an employee of the State Department of Fish and Wildlife.

(g) One member who is an employee of the State Department of Agriculture.

(3) A member of the board shall receive no compensation for services as a member. However, subject to any applicable law regulating travel and other expenses of state officers and employees, a member shall be reimbursed for actual and necessary travel and other expenses incurred in the performance of duties as a board member. The board shall meet at least once each year. [1993 c.765 §117]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.501 - Jurisdiction and authority to enforce commercial fishing laws.**

The State Fish and Wildlife Commission has jurisdiction and authority to enforce the commercial fishing laws, except as provided in ORS 506.506 to 506.516. [1965 c.570 §34]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.506 - Intent of ORS 506.511 and 506.516.**

It is the intent of ORS 506.511 and 506.516 to permit the State Fish and Wildlife Commission to employ only such deputy fish wardens as are agreed necessary or expedient among the commission, the Governor and the Superintendent of State Police, and that the duties of enforcing criminal provisions of the commercial fishing laws, so far as is economical and practicable, be performed by the Department of State Police. [1965 c.570 §35]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.511 - State police to enforce commercial fishing laws; appointment of federal agents.**

(1) The Department of State Police shall employ a sufficient number of state police to perform the duties required in the enforcement of criminal provisions of the commercial fishing laws.

(2) The Superintendent of State Police may appoint special enforcement officers authorized to enforce the commercial fishing laws. Individuals so appointed must be special agents of the United States Fish and Wildlife Service or the National Marine Fisheries Service, and shall serve at the pleasure of the superintendent without additional compensation. Each such special enforcement

officer shall have all powers and authority of a peace officer of this state in serving warrants, subpoenas and other legal process in enforcement of the commercial fishing laws. [1965 c.570 §36; 1983 c.364 §5; 2003 c.14 §338]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.516 - Employment of deputy fish wardens by commission.**

The State Fish and Wildlife Commission, with the approval of the Governor and the Superintendent of State Police, may employ deputy fish wardens to the extent necessary or expedient. [1965 c.570 §37]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.518 - Appointment of special deputy fish wardens.**

The State Fish and Wildlife Commission may appoint special deputy fish wardens who shall serve without compensation except for what the commission may allow for special services. [Amended by 1965 c.570 §38]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.521 - Enforcement of commercial fishing laws; officers subject to direction and control of commission or director.**

Each member of the State Fish and Wildlife Commission, the State Fish and Wildlife Director and every inspector, deputy fish warden, special deputy fish warden, and all peace officers of this state or any political subdivision therein, including police officers commissioned by a university under ORS 352.121 or 353.125, shall enforce the commercial fishing laws within their respective jurisdictions. In the performance of these duties such officers are subject to the direction and control of the commission or director. [1965 c.570 §39; 2001 c.104 §224; 2011 c.506 §43; 2013 c.180 §47]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.526 - Peace officer powers of director, inspectors and deputies; reporting arrests.**

(1) The State Fish and Wildlife Director or any inspector, deputy fish warden or special deputy fish warden may arrest any person the officer has probable cause to believe is in the act of committing a violation of the commercial fishing laws. Such officers are peace officers of the state for this purpose and may execute all criminal process issued for the arrest or detention of any person complained against for violation of the commercial fishing laws. It is unlawful knowingly or willfully to resist or oppose such officers in the discharge of their duties.

(2) Any officer described in subsection (1) of this section who makes an arrest must report it, together with the disposition of the case, to the director within 30 days after the date of the arrest. Failure so to report subjects the officer to removal from office by the authority that appointed the officer.

(3) The officers described in subsection (1) of this section have all the powers and authority of a peace officer in serving warrants, subpoenas and other legal process in the enforcement of the commercial fishing laws. [1965 c.570 §40; 1973 c.836 §356]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.531 - Arrests, searches and seizures made on Sunday.**

The arrests, searches and seizures provided for in the commercial fishing laws may be made on Sunday. In this event the persons arrested shall be taken before any justice of the peace or judge having jurisdiction, who shall bind over the persons arrested to appear and be proceeded against as soon as may be on a week day following the arrest. [1965 c.570 §41]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.535 - Jurisdiction of courts over commercial fishing law violations; commencement of prosecutions.**

(1) Unless otherwise specifically provided, justice courts have concurrent jurisdiction in the first instance with circuit courts of all offenses under the commercial fishing laws.

(2) Any action or proceedings under the commercial fishing laws shall be commenced on order of the State Fish and Wildlife Commission or a person duly authorized to enforce such laws, or by any district attorney, in the county in which the offense is alleged to have been committed. [Amended by 1965 c.570 §43]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.540 - Payment of rewards.**

The State Fish and Wildlife Commission may offer and authorize payment of rewards for the arrest and conviction of any person who has violated any of the commercial fishing laws, but no reward of more than \$100 shall be offered or paid for any one arrest or

conviction. [Amended by 1965 c.570 §48]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.550 - Search by peace officers to enforce commercial fishing laws.**

The officers mentioned in ORS 506.521 may search and examine all places where food fish may be kept, sold or secreted and examine all packages, boxes and bundles held either for storage or shipment which they have reason to believe contain evidence of violation of the commercial fishing laws. [Amended by 1965 c.570 §50]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.555 - Issuance of search warrants.**

Any court having jurisdiction of any offense against the commercial fishing laws, upon receiving proof or probable cause for believing in the concealment of any food fish taken or possessed contrary to law, shall issue a search warrant and cause a search to be made in any place, and to that end cause any place where concealment may be effected, to be opened and the contents examined by any officer charged with the enforcement of the commercial fishing laws. [Amended by 1965 c.570 §51]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.560 - Nonliability of peace officers enforcing commercial fishing laws.**

The officers described in ORS 506.521 shall not suffer civil or criminal liability for any arrest, seizure or search as provided under the commercial fishing laws. [Amended by 1965 c.570 §52]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.575**

[Amended by 1965 c.570 §54a; renumbered 506.655]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.580**

[Amended by 1965 c.570 §54b; renumbered 506.660]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.585**

[Amended by 1953 c.636 §2; 1965 c.570 §54c; renumbered 506.665]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.590**

[Amended by 1965 c.570 §54d; renumbered 506.670]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.595**

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.605 - Naming place of offense in complaint, information or indictment.**

In any criminal prosecution under the commercial fishing laws, it is not necessary in the complaint, information or indictment to

name the particular waters of the state if they are unknown to the person signing or filing the complaint or information or to the grand jury returning the indictment. It is sufficient if it is stated in such cases in the complaint, information or indictment that the particular waters of the state are to such person, or to the grand jury, unknown. [Amended by 1965 c.570 §44]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.610 - When possession prima facie evidence of taking fish unlawfully.**

(1) The possession or custody of food fish on, near, adjacent to or in the vicinity of any waters of this state, during the closed season on such waters, is prima facie evidence that such fish were unlawfully taken during the closed season on such waters.

(2) In all cases where such possession or custody by accused persons on, near, adjacent to or in the vicinity of any of such closed waters is proven, the burden of proof is shifted to the persons found having such possession or custody, to establish that the fish were lawfully taken during an open season and from waters from which it was at such time lawful to take such fish. [Amended by 1965 c.570 §45]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.620 - Inspections by director or agent.**

The State Fish and Wildlife Director or authorized agent may enter and inspect all canneries, cold storage houses, packing establishments, business places, boats, fishing gear, and all property used in the taking, processing and packing of food fish, for the purpose of enforcing the commercial fishing laws. [Amended by 1965 c.570 §49]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.625 - Compelling testimony in commercial fishing law enforcement proceedings.**

In any action or proceeding for the enforcement of any of the provisions of the commercial fishing laws, or in any investigation before a grand jury, district attorney or other officer, or any criminal proceeding, no person shall be excused from testifying concerning any offense committed by another or by the person on the ground that the testimony of the person may incriminate the person. However, such testimony shall not be used against the person in any prosecution for any crime or misdemeanor under the laws of the state, nor shall the person be subjected to any criminal prosecution or any penalty or forfeiture for or on account of any transaction, matter or thing concerning which the person has been compelled to testify or to produce evidence, documentary or otherwise. [Amended by 1965 c.570 §46]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.635 - Execution for payment of fines and costs.**

Any fishing gear used in violation of the commercial fishing laws, including boats or vehicles of any kind and other appliances, is subject to execution for the payment of fines and costs provided for in the commercial fishing laws. [1965 c.570 §55]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.690 - Seizure, forfeiture and disposition of fish unlawfully taken.**

(1) All fish taken by or in the possession of any person in violation of the commercial fishing laws or the rules of the State Fish and Wildlife Commission shall be seized by any member of the commission or any officer described in ORS 506.521.

(2) Any fish seized under the provisions of subsection (1) of this section may be disposed of, sold, preserved or used for food purposes, under the rules of the commission, to prevent loss or spoilage. At the time the court passes sentence in the criminal prosecution for violation of the commercial fishing laws, the court may order that any fish seized under subsection (1) of this section or the proceeds from the sale of such fish shall be forfeited. Any moneys derived from the sale of any forfeited fish shall be deposited in the Commercial Fisheries Fund.

(3) If the fish seized under subsection (1) of this section are not subsequently forfeited, the commission shall pay to the person from whom the fish were seized an amount equal to the fair market value, as established by rule pursuant to ORS 506.720, of the fish at the time of seizure.

(4) The commission shall approve the amount to be paid under subsection (3) of this section, and the claim shall be paid from the Commercial Fisheries Fund in the manner provided by law for the payment of claims against the state. There is appropriated continuously from the Commercial Fisheries Fund an amount equal to the amounts approved by the commission under this subsection. [Formerly 506.602; 1975 c.253 §27; 1977 c.652 §4; 1999 c.1013 §1; 1999 c.1051 §275; 2023 c.166 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.695 - Seizure, forfeiture and disposition of fishing gear and vehicles used unlawfully; removal of unlawful piling.**

- (1) All boats, fishing gear and vehicles used in violation of the commercial fishing laws or the rules of the State Fish and Wildlife Commission may be seized, and piling driven for the sole or primary purposes of violation of such laws may be removed, by any member of the commission or any officer described in ORS 506.521. The agency that seizes property under this subsection shall retain custody of the seized property until it is ordered returned to the owner or confiscation is adjudged pursuant to this section.
- (2) Upon the order of the court at the time of passing sentence for a crime, the property seized under subsection (1) of this section may be forfeited. If forfeited, such property shall be turned over to the commission.
- (3) The commission may dispose of such forfeited property in any manner it deems proper, but the clear proceeds derived from the sale of any forfeited property shall be deposited with the State Treasury to be placed in the Common School Fund. [Formerly 506.603; 1977 c.652 §5; 1987 c.858 §7; 1993 c.699 §26; 2009 c.835 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.700 - Return of seized property; undertaking; effect of judgment ordering forfeiture or confiscation.**

- (1) At any time after the seizure mentioned in ORS 506.695, but before the entry of judgment pursuant to ORS 506.695, the owner of the seized property may require the return thereof upon giving to the agency that seized the property a written undertaking, executed by sufficient surety, to be approved by the court described in ORS 506.695, to the effect that such surety is bound in double the value of the property as determined by the court, for the delivery thereof to the plaintiff, if such delivery be adjudged, and for the payment to the plaintiff of such sum as may, for any cause, be recovered against the owner. The owner shall file such written undertaking with the clerk of the court for the county in which the seizure occurred and shall serve a true copy thereof upon the district attorney for the same county.
- (2) If confiscation or forfeiture of such property is required by a judgment of the court under ORS 506.695, the owner shall return the property to the plaintiff. If the owner fails to return the property, any officer described under ORS 506.521 may maintain an action upon such undertaking, and the clear proceeds shall be deposited with the State Treasury in the Common School Fund. [1977 c.652 §7; 1987 c.858 §8; 1993 c.699 §27; 2009 c.835 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.720 - Suit for damages; amount; rules; application for or obtaining license when money due prohibited.**

- (1) The State Fish and Wildlife Commission may institute suit for the recovery of damages for the unlawful taking, possession or killing of food fish that are the property of the state.
- (2) The damages shall be twice the fair market value of the food fish.
- (3) The commission shall establish by rule the fair market value of food fish.
- (4) No person shall apply for or obtain any license, tag or permit issued by the commission when civil damages due pursuant to this section, or when moneys due the State Department of Fish and Wildlife from court-ordered restitution for a violation of the commercial fishing laws, have not been paid. [1987 c.213 §2; 2023 c.166 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.750 - Policy for ORS 506.755.**

The Legislative Assembly finds and declares that:

- (1) The preservation of complex interrelationships of marine environment within the continental shelf of the Pacific Ocean off the coast of the State of Oregon is necessary to conserve coastal species of fish and to guarantee the well-being of the economy and welfare of the state and its people.
- (2) The uncontrolled use of the marine commercial fisheries to harvest coastal species of fish and other marine fisheries resources by foreign nationals is of public concern and constitutes an immediate threat to the marine environment and its ultimate survival.
- (3) The State of Oregon has a special interest in the maintenance of the productivity of the living resources in the area of the high seas adjacent to its territorial sea. [1974 c.3 §1]

Note:

506.750 and 506.755 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 506 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.755 - Fisheries Conservation Zone; rules; jurisdiction over zone; penalty; construction.**

- (1) The State of Oregon adopts a Fisheries Conservation Zone for the maintenance, preservation and protection of all coastal species of fish and other marine fisheries resources between the mean high water mark of the state and a straight line extension of the lateral boundaries of the state drawn seaward to a distance of 50 statute miles.
- (2) Activities of marine commercial fishing within the limits and boundaries of the Fisheries Conservation Zone shall be under the jurisdiction and regulation of the commission.

(3) The commission shall study the fishery within the zone and when appropriate adopt, amend or repeal all rules, according to the provisions of ORS 506.119 and 506.129 necessary for the maintenance, preservation and protection of all coastal species of fish and other marine fisheries resources.

(4) The jurisdiction within the Fisheries Conservation Zone shall include, but not be limited to, provisions for inspection of catch, particularly regarding anadromous fish; rules relating to methods of fishing, size and kind of gear and nets; rules designating seasons, closures and restricted areas.

(5) ORS 506.501 to 506.695 shall provide the authority for enforcing rules adopted by the commission as specified in this section.

(6) Subject to ORS 153.022, any person convicted of violating any rule authorized under the provisions of this section shall be punished by a fine not to exceed \$10,000.

(7) Nothing contained within this section is intended to abrogate a nation's right of free passage or navigation of the high seas.

(8) Nothing contained within this section is intended to abrogate international fish compacts, agreements or treaties providing for the management of anadromous or pelagic fish species. [1974 c.3 §2; 1983 c.740 §204; 1999 c.1051 §313]

Note:

See note under 506.750.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.800 - Names for marketing certain fish and shellfish.**

In order to obtain uniform names to be used for the marketing of fish:

(1) The common names Pacific red snapper, Pacific snapper, Oregon red snapper, Oregon snapper, red snapper and snapper may be used as alternate names for the purpose of marketing the following fish:

(a) Widow rockfish (*Sebastes entomelas*).

(b) Yellowtail rockfish (*Sebastes flavidus*).

(c) Chilipepper (*Sebastes goodei*).

(d) Cowcod (*Sebastes levis*).

(e) Black rockfish (*Sebastes melanops*).

(f) Vermillion rockfish (*Sebastes miniatus*).

(g) Speckled rockfish (*Sebastes ovalis*).

(h) Bocaccio (*Sebastes paucispinnis*).

(i) Canary rockfish (*Sebastes pinniger*).

(j) Yelloweye rockfish (*Sebastes ruberrimus*).

(k) Bank rockfish (*Sebastes rufus*).

(L) Olive rockfish (*Sebastes serranoides*).

(2) The common names butterfish and black cod may be used as alternate names for purposes of marketing sablefish (*Anoplopoma fimbria*).

(3) The common names Pacific ocean shrimp, Pacific shrimp, pink shrimp and Oregon shrimp may be used as alternate names for the purpose of marketing *Pandalus jordani* (shrimp). [1979 c.457 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.895 - Person aiding in commercial fishing law violation punishable as principal.**

Any person who counsels, aids or assists in any violation of the commercial fishing laws shall incur the penalties provided for the person guilty of such violation. [1981 c.365 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.898 - Tillamook Bay Clam Advisory Committee.**

(1) The State Department of Fish and Wildlife shall establish a Tillamook Bay Clam Advisory Committee.

(2) The department shall appoint to the committee a balance of persons who take bay clams for commercial purposes, take bay clams for noncommercial purposes, are members of a group that advocates conservation or have another interest in bay clams.

(3) The committee shall make recommendations to the department on:

(a) Adopting rules related to bay clams;

(b) Ensuring the sustainability of the take of bay clams in Tillamook Bay;

(c) Balancing the take of bay clams in Tillamook Bay for commercial purposes with the take of bay clams in Tillamook Bay for noncommercial purposes;

(d) Establishing physical boundaries for, or seasonal restrictions on, the take of bay clams in Tillamook Bay for commercial purposes, to reduce conflicts between persons who take bay clams in Tillamook Bay for commercial purposes and salmon anglers in and around the Ghost Hole fishing area in Tillamook Bay;

(e) Establishing areas in Tillamook Bay that are closed to the take of bay clams for commercial purposes and open to the take of bay

- clams for noncommercial purposes;
  - (f) Monitoring the take of bay clams;
  - (g) Establishing additional restrictions on the annual take of bay clams in intertidal and subtidal areas in Oregon bays;
  - (h) Limiting the take of bay clams in Oregon bays for commercial purposes; and
  - (i) Assessing bay clam populations in Oregon bays.
- (4) The department shall consider the recommendations of the committee.
- (5) The committee shall assist the department in preparing any funding requests related to bay clams.
- (6) In addition to the recommendations identified in subsection (3) of this section, the committee may advise the department on other matters related to bay clams. [2019 c.564 §2]

Note:

506.898 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 506 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.991 - Criminal penalties.**

- (1) Except as otherwise provided by this section or other law, violation of any provision of the commercial fishing laws, or of any rule adopted by the State Fish and Wildlife Commission in carrying out the commercial fishing laws, is a Class A misdemeanor if the offense is committed with a culpable mental state.
- (2) Except as otherwise provided by this section or other law, violation of any provision of the commercial fishing laws, or of any rule adopted by the State Fish and Wildlife Commission in carrying out the commercial fishing laws, is a Class A violation if the offense is committed without a culpable mental state.
- (3) In lieu of the fine provided in ORS 161.635, and in addition to the imprisonment provided in ORS 161.615, any violation of subsection (1) of this section is punishable as follows:
- (a) For the first conviction, a fine not to exceed \$2,500.
  - (b) For the second conviction within a 10-year period, a fine not to exceed \$4,000.
  - (c) For the third conviction within a 10-year period, a fine not to exceed \$10,000.
  - (d) For the fourth and subsequent convictions within a 10-year period, a fine not to exceed \$25,000.
- (4) Violation of any provision of ORS 509.011 that occurs more than 12 hours prior to or more than 12 hours subsequent to a season established under ORS 506.129 by the commission for the lawful taking of food fish when the total value of the food fish is \$200 or more is a Class C felony.
- (5) In addition to the penalties of this section and notwithstanding the provisions of ORS 506.690, all fish or sexual products therefrom taken by or in the possession of any person sentenced under this section shall be seized and confiscated, condemned, and sold.
- (6) As used in this section, "culpable mental state" has the meaning given that term in ORS 161.085. [1965 c.570 §56; 1975 c.517 §1; 1977 c.242 §4; 1977 c.353 §2; 1983 c.364 §2; 1993 c.699 §28; 1999 c.1051 §314; 2013 c.164 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 506 - Application, Administration and Enforcement of Commercial Fishing Laws Section 506.995 - Civil penalties.**

- (1) As used in this section, "gain" means the amount of money and the value of any property derived from the violation.
- (2) In addition to any other sanction imposed by law, if a person derives a gain of at least \$5,000 from violating any commercial fishing law or rule promulgated pursuant to such laws, the person shall be subject to a civil penalty that is equal to twice the amount of the gain.
- (3) Civil penalties under this section shall be imposed pursuant to ORS 183.745.
- (4) Any civil penalty received by the State Department of Fish and Wildlife under this section shall be deposited in the Commercial Fisheries Fund. [1999 c.672 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 507 - Compacts with Other States Section 507.010 - Oregon-Washington Columbia River fish compact.**

Congress, by virtue of the authority vested in it under section 10, Article I, United States Constitution, providing for compacts and agreements between states, having ratified the recommendations of the conference committees of the States of Oregon and Washington, appointed to agree on legislation necessary for the regulation, preservation and protection of fish in the waters of the Columbia River, over which said states have concurrent jurisdiction, and other waters within either state which would be affected by such concurrent interest, recommendations being as follows: "We further recommend that a resolution be passed by the legislatures of Washington and Oregon, whereby the ratification by Congress of the laws of the States of Oregon and Washington shall act as a treaty between said states, subject to modification only by joint agreement by said states;" and the recommendation having been approved by resolution adopting the report of the conference committee, there exists between the States of Oregon and Washington a definite compact and agreement, the purport of which is substantially as follows: All laws and regulations now existing, or which may be necessary for regulating, protecting or preserving fish in the waters of the Columbia River, over which the States of Oregon and Washington have concurrent jurisdiction, or any other waters within either of said states, which would affect the concurrent

jurisdiction, shall be made, changed, altered and amended in whole or in part, only with the mutual consent and approbation of both states.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 507 - Compacts with Other States Section 507.020 - Oregon-Washington concurrent jurisdiction waters.**

The waters over which the States of Oregon and Washington are deemed to have concurrent jurisdiction comprise the waters of the Columbia River and its tributaries, within the confines of the States of Oregon and Washington, where such waters are state boundaries.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 507 - Compacts with Other States Section 507.030 - Modification of Oregon-Washington Columbia River fish compact; hearing.**

(1) The State Fish and Wildlife Commission, on behalf of the State of Oregon, may enter into an agreement with the constituted authority of the State of Washington, to modify the existing agreement with respect to fishing in the waters of the Columbia River and its tributaries, within the confines of the States of Oregon and Washington, where such waters are state boundaries between the States of Oregon and Washington, as approved by the United States Congress on April 8, 1918.

(2) The commission, in entering into any agreement with the constituted authority of the State of Washington, as provided in subsection (1) of this section, may hold a hearing jointly with such constituted authority of the State of Washington within the State of Washington. However, any such joint meeting scheduled in either state shall be held not more than 25 miles from an area of the Columbia River where commercial fishing is permitted. [Amended by 1959 c.321 §1; 1965 c.570 §150; 1971 c.187 §2; 1975 c.545 §14; 1987 c.244 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 507 - Compacts with Other States Section 507.040 - Pacific Marine Fisheries Compact.**

A compact, in form as in this section fully set forth, shall be in effect when one or both of the States of California and Washington become parties thereto, and the consent of Congress has been granted as required by section 10, Article I, of the Constitution of the United States.

---

The contracting states do hereby agree as follows:

**ARTICLE I**

The purposes of this compact are and shall be to promote the better utilization of fisheries, marine, shell and anadromous, which are of mutual concern, and to develop a joint program of protection and prevention of physical waste of such fisheries in all of those areas of the Pacific Ocean and adjacent waters over which the compacting states jointly or separately now have or may hereafter acquire jurisdiction.

Nothing herein contained shall be construed so as to authorize the compacting states or any of them to limit the production of fish or fish products for the purpose of establishing or fixing the prices thereof or creating and perpetuating a monopoly.

**ARTICLE II**

This agreement shall become operative immediately as to those states executing it in the form that is in accordance with the laws of the executing states and the Congress has given its consent.

**ARTICLE III**

Each state joining herein shall appoint, as determined by state statutes, one or more representatives to a commission hereby constituted and designated as the Pacific States Marine Fisheries Commission, of whom one shall be the administrative or other officer of the agency of such state charged with the conservation of the fisheries resources to which this compact pertains. This commission shall be invested with the powers and duties set forth herein.

The term of each commissioner of the Pacific States Marine Fisheries Commission shall be four years. A commissioner shall hold office until a successor shall be appointed and qualified but such successor's term shall expire four years from legal date of expiration of the term of the predecessor. Vacancies occurring in the office of such commissioner from any reason or cause shall be filled for the unexpired term, or a commissioner may be removed from office, as provided by the statutes of the state concerned.

Each commissioner may delegate in writing from time to time, to a deputy, the power to be present and participate, including voting as the representative or substitute, at any meeting of or hearing by or other proceeding of the commission.

Voting powers under this compact shall be limited to one vote for each state regardless of the number of representatives.

**ARTICLE IV**

The duty of the said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell, and anadromous, in all of those areas of the Pacific Ocean over which the states signatory to this compact jointly or separately now have or may hereafter acquire jurisdiction. The commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their respective jurisdictions and said conservation zones to promote the preservation of those fisheries and their protection against over-fishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the signatory parties hereto.

To that end the commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the

Governors and legislative branches of the various signatory states hereto legislation dealing with the conservation of the marine, shell, and anadromous fisheries in all of those areas of the Pacific Ocean over which the signatory states jointly or separately now have or may hereafter acquire jurisdiction. The commission shall, more than one month prior to any regular meeting of the legislative branch in any state signatory hereto, present to the Governor of such state its recommendations relating to enactments by the legislative branch of that state in furthering the intents and purposes of this compact.

The commission shall consult with and advise the pertinent administrative agencies in the signatory states with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable and which lie within the jurisdiction of such agencies.

The commission shall have power to recommend to the states signatory hereto the stocking of the waters of such states with marine, shell or anadromous fish and fish eggs or joint stocking by some or all of such states and when two or more of the said states shall jointly stock waters the commission shall act as the coordinating agency for such stocking.

#### ARTICLE V

The commission shall elect from its number a chairman and a vice chairman and shall appoint and at its pleasure remove or discharge such officers and employees as may be required to carry the provisions of this compact into effect and shall fix and determine their duties, qualifications and compensation. Said commission shall adopt rules and regulations for the conduct of its business. It may establish and maintain one or more offices for the transaction of its business and may meet at any time or place within the territorial limits of the signatory states but must meet at least once a year.

#### ARTICLE VI

No action shall be taken by the commission except by the affirmative vote of a majority of the whole number of compacting states represented at any meeting. No recommendation shall be made by the commission in regard to any species of fish except by the vote of a majority of the compacting states which have an interest in such species.

#### ARTICLE VII

The fisheries research agencies of the signatory states shall act in collaboration as the official research agency of the Pacific States Marine Fisheries Commission.

An advisory committee to be representative of the commercial fishermen, commercial fishing industry and such other interests of each state as the commission deems advisable shall be established by the commission as soon as practicable for the purpose of advising the commission upon such recommendations as it may desire to make.

#### ARTICLE VIII

Nothing in this compact shall be construed to limit the powers of any state or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any state imposing additional conditions and restrictions to conserve its fisheries.

#### ARTICLE IX

Continued absence of representation or of any representative on the commission from any state party hereto, shall be brought to the attention of the Governor thereof.

#### ARTICLE X

The States agree to make available annual funds for the support of the Commission on the following basis:

Eighty percent (80%) of the annual budget shall be shared equally by those member States having as a boundary the Pacific Ocean; and five percent (5%) of the annual budget shall be contributed by each other member State; the balance of the annual budget shall be shared by those member States, having as a boundary the Pacific Ocean, in proportion to the primary market value of the products of their commercial fisheries on the basis of the latest five-year catch records.

The annual contribution of each member State shall be figured to the nearest one hundred dollars.

This amended article shall become effective upon its enactment by the States of Alaska, California, Idaho, Oregon and Washington and upon ratification by Congress by virtue of the authority vested in it under Article I, section 10, of the Constitution of the United States.

#### ARTICLE XI

This compact shall continue in force and remain binding upon each state until renounced by it. Renunciation of this compact must be preceded by sending six months' notice in writing of intention to withdraw from the compact to the other parties hereto.

#### ARTICLE XII

The States of Alaska or Hawaii, or any state having rivers or streams tributary to the Pacific Ocean may become a contracting state by enactment of the Pacific Marine Fisheries Compact. Upon admission of any new state to the compact, the purposes of the compact and the duties of the commission shall extend to the development of joint programs for the conservation, protection and prevention of physical waste of fisheries in which the contracting states are mutually concerned and to all waters of the newly admitted state necessary to develop such programs.

This article shall become effective upon its enactment by the States of California, Oregon and Washington and upon ratification by Congress by virtue of the authority vested in it under Article I, section 10, of the Constitution of the United States.

[Amended by 1961 c.481 §1; 1969

c.129 §1; 2009 c.11 §71]

Note:

The Pacific Marine Fisheries Compact was enacted into law by the Legislative Assembly of Oregon by chapter 131, Oregon Laws 1947 (approved by Governor on March 11, 1947). The compact was enacted into law by the Washington State Legislature by

chapter 29, Washington Laws 1947 (approved by Governor on February 20, 1947). The Congress of the United States consented to the compact by Public Law 232, 80th Congress (signed by President on July 24, 1947). In 1990, Congress redesignated the "Pacific Marine Fisheries Commission" as the "Pacific States Marine Fisheries Commission" by Public Law 101-627, 101st Congress (signed by President on November 28, 1990).

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 507 - Compacts with Other States Section 507.050 - Representation on Pacific States Marine Fisheries Commission.**

- (1) The State Fish and Wildlife Director, one legislator appointed as provided in this section and one public member appointed by the Governor shall act as representatives of the State of Oregon on the Pacific States Marine Fisheries Commission in accordance with the provisions of and with the powers and duties in the compact set forth in ORS 507.040.
- (2) The legislative member shall be appointed by the President of the Senate or the Speaker of the House of Representatives.
- (3) The legislative member shall serve for a term of four years. The Speaker of the House of Representatives and the President of the Senate shall alternate in making the appointment of the legislative member.
- (4) Notwithstanding ORS 171.072, the legislative member is not entitled to mileage expenses or a per diem and serves as a volunteer on the commission.
- (5) Members of the commission who are not members of the Legislative Assembly are not entitled to compensation or reimbursement of expenses and serve as volunteers on the commission. [Amended by 1961 c.192 §1; 1975 c.253 §29; 1987 c.436 §1; 2007 c.71 §170; 2009 c.11 §72; 2011 c.272 §16; 2015 c.27 §53]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.006 - Definitions.**

The definitions prescribed by ORS 506.001 to 506.025 apply to this chapter. [1965 c.570 §58]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.011 - Activities relating to oysters exempted.**

This chapter does not apply to oysters or to any activity of any person relating to oysters. [1965 c.570 §59b]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.025 - License required to take, process or deal in fish.**

- (1) It is unlawful for any person, without first procuring a license from the State Fish and Wildlife Commission, to:
  - (a) Take food fish in any of the waters of this state for commercial purposes or land food fish in this state for commercial purposes.
  - (b) Buy, sell or otherwise deal in food fish for commercial purposes.
  - (c) Process or can food fish for commercial purposes.
- (2) In a prosecution under this section, it is no defense that a person did take the person's own food fish for commercial purposes. [1965 c.570 §60]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.030 - License required for fishing gear.**

It is unlawful for any individual to operate, or leave in a condition to take food fish in any of the waters of this state, any fishing gear used in taking food fish, without first obtaining from the State Fish and Wildlife Director or the authorized agent of the director such license as may be prescribed by this chapter. The license must be in the possession of such individual at the time the fishing gear is being used. [1965 c.570 §61]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.035 - Separate licenses required for certain fishing gear and activities.**

- (1) Separate licenses are required for each:
  - (a) Person other than an employee operating as a canner of food fish.
  - (b) Person other than an employee operating as a wholesale fish dealer, for each separate place of business.
  - (c) Individual acting or engaged as a fish buyer by a person licensed under paragraph (a) or (b) of this subsection.
  - (d) Person licensed under paragraph (a) or (b) of this subsection, for each permanent site or location operated by such person as a fish-buying station.
  - (e) Individual taking or assisting in the taking of food fish for commercial purposes as described in ORS 508.235.
  - (f) Boat, used in taking food fish for commercial purposes, as described in ORS 508.260.
  - (g) Single delivery of food fish from the Pacific Ocean for commercial purposes in the absence of licenses under paragraphs (e) and (f) of this subsection.
  - (h) Person other than an employee operating as a fish bait dealer, for each separate place of business.
  - (i) Individual taking or assisting in the taking of food fish for sale to a fish bait dealer.
- (2) The State Fish and Wildlife Commission shall classify and define the various licenses provided for in this section and shall direct

the State Fish and Wildlife Director to issue licenses accordingly and the classification shall be final. [1965 c.570 §62; 1969 c.172 §1; 1971 c.540 §4; 1973 c.768 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.040 - Unlawful to knowingly buy or receive fish from unlicensed person.**

It is unlawful for a wholesaler, canner or buyer to buy or receive food fish from a person who the wholesaler, canner or buyer does not have reasonable cause to believe is licensed as required under ORS 508.035, unless such person is exempt from the requirements of ORS 508.035. [1965 c.570 §62a]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.045 - Exemption of retail fish dealers.**

Notwithstanding ORS 508.025 and 508.035, no license is required to handle or deal in food fish and shellfish for human consumption as a retail fish dealer. [1965 c.570 §63; 1969 c.172 §2; 1971 c.540 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.106 - Permit to take carp or other nongame fish; fee.**

(1) Upon receiving a written application therefor, accompanied by a fee of \$30, the State Fish and Wildlife Commission may issue to any person a permit to take carp or other nongame fish.

(2) The kind or kinds of fish, the method to be used and the name and location of the body of water from which the fish are to be taken, shall be specified in the permit.

(3) After having obtained a permit as provided for in subsection (1) of this section, and subject to any rules of the commission, any person may take carp or nongame fish from any of the waters of this state described in the permit.

(4) It is unlawful to:

(a) Retain any fish other than described in the permit in connection with the use of any permit issued under subsection (1) of this section, and any other fish taken shall at once be set free; or

(b) Take any fish for commercial purposes by a permit issued under subsection (1) of this section without first having obtained a license under ORS 508.035. [1965 c.570 §64; 1973 c.768 §12; 1975 c.253 §30; 2009 c.832 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.111 - Permit to take food fish for educational and scientific purposes.**

The State Fish and Wildlife Director may issue to any person a permit to take food fish solely for educational and scientific purposes. [1965 c.570 §64a]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.116 - Permit to take animals living intertidally on bottom; fees.**

(1)(a) The State Fish and Wildlife Director may issue to any person a permit to take animals living intertidally on the bottom.

(b) The annual fee for a resident permit issued under this section is \$125.

(c) The annual fee for a nonresident permit issued under this section is \$175.

(2) It is unlawful to take animals living intertidally on the bottom for commercial purposes by a permit issued under subsection (1) of this section without first having obtained a license under ORS 508.035. [1965 c.570 §64b; 2009 c.832 §20; 2015 c.779 §32]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.121 - Juvenile jig line license.**

(1) Any juvenile may secure from the State Fish and Wildlife Commission free of charge a juvenile jig line license to take herring, pilchard, perch, anchovies and candlefish by a hand or jig line and to sell such fish so taken by the juvenile to a wholesale fish dealer or a fish bait dealer.

(2) As used in this section, "juvenile" means any individual 17 years of age or younger as of January 1 of the year for which the license is issued.

(3) The license, for the purposes authorized in this section, is in lieu of the commercial fisherman and boat licenses required under ORS 508.235 and 508.260. [1965 c.103 §2; 1971 c.540 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.124 - Northern pikeminnow fishing derby license; rules.**

(1) An organizer of a fishing derby may apply for and obtain from the State Fish and Wildlife Commission a fishing derby license to take northern pikeminnow and to sell, for charitable fund-raising purposes, northern pikeminnow taken during the duration of the derby. A fee may not be charged for the license.

(2) Upon receipt of an application for a fishing derby license, the commission shall review the application and issue a fishing derby license if the commission determines that the fishing derby will comply with the rules of the commission related to the protection of

native fish species, including northern pikeminnow, and will be conducted in a manner that minimizes impacts on sensitive populations or habitats, except that the commission may issue no more than two fishing derby licenses per year for a given body of water.

(3) A fishing derby for which a fishing derby license has been obtained under this section may have a duration of no longer than three days.

(4) An organizer of a fishing derby is required to obtain a separate fishing derby license for each fishing derby.

(5) The commission may adopt rules necessary to implement the provisions of this section. Notwithstanding ORS 508.025, 508.030, 508.035, 508.235, 508.260, 508.505 and 508.535, rules adopted by the commission may provide that separate licenses under the commercial fishing laws are not required for an organizer or a person to participate in a fishing derby for which the organizer holds a fishing derby license issued under this section.

(6) This section is not intended to and may not be interpreted to exempt an organizer or a person participating in a fishing derby from any applicable licensing requirements under the wildlife laws. [2015 c.590 §1]

Note:

508.124 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 508 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

### **2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.230**

[Amended by 1963 c.224 §5; 1965 c.570 §83; renumbered 508.290]

### **2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.235 - Commercial fishing license; fees.**

(1) A commercial fishing license must be obtained by each individual who, for commercial purposes:

- (a) Takes or assists in the taking of any food fish from the waters or land of this state;
- (b) Operates or assists in the operation of any boat or fishing gear for the taking of food fish in the waters of this state; or
- (c) Lands food fish from the waters of the Pacific Ocean at any point in this state.

(2) A commercial fishing license must be in the possession of the licensee, when engaged in the taking or landing of commercial fish, and is required in addition to any other license under this chapter.

(3) Notwithstanding any other provision of this section or ORS 508.035, upon application of the holder of a boat license, the State Fish and Wildlife Commission shall issue to the applicant in the name of the boat, one commercial fishing license for each individual who assists the holder of the boat license in the taking of fish for commercial purposes. Notwithstanding ORS 508.465, licenses issued pursuant to this subsection are transferable to all individuals who assist in the taking of fish for commercial purposes on the boat for which the licenses are issued. Notwithstanding ORS 508.285, the fee for the license issued pursuant to this subsection in the name of a boat:

- (a) With a resident boat license is \$125 for each individual.
- (b) With a nonresident boat license is \$175 for each individual. [1965 c.570 §77; 1993 c.501 §1; 2009 c.832 §21; 2011 c.613 §1]

### **2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.240 - Acts by commercial fishing licensee prohibited.**

It is unlawful for any person licensed to take food fish for commercial purposes, as required under ORS 508.035, to:

- (1) Keep any food fish the person takes under such license for personal use; or
- (2) Sell any food fish the person takes under such license to other than a wholesaler, canner, fish bait dealer or buyer licensed as required under ORS 508.035. [1965 c.570 §77a; 1971 c.540 §6]

### **2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.260 - Boat license; plates; decals; rules.**

(1) A boat license must be obtained by the owner or operator of any boat used in taking food fish or shellfish for commercial purposes except for the taking of clams or crayfish.

(2) A pair of decals bearing the last two numbers of the year for which the license is issued shall be included with the license for placement on the licensed boat.

(3) In accordance with rules promulgated by it, the State Fish and Wildlife Commission shall assign a number to each licensed boat and shall designate the size, location and manner of placement of the number and license year decal on the boat. [1965 c.570 §81; 1973 c.768 §13; 1975 c.756 §1]

### **2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.265 - Boat licensing constitutes registration for purposes of federal laws.**

The licensing of any boat pursuant to this chapter to take food fish for commercial purposes from the waters of this state or land food fish from the waters of the Pacific Ocean at any point in this state shall constitute registration of such vessel under the laws of

this state for the purposes of section 306(a) of the Fishery Conservation and Management Act of 1976 (Act of April 13, 1976, 90 Stat. 331). [1977 c.202 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.270 - Fishing, boat license fees in lieu of other taxes and licenses on crab pots; reports to county assessor.**

- (1) Either the commercial fishing license required by ORS 508.235 or the boat license required by ORS 508.260 is in lieu of all taxes and licenses on crab pots used by a person so licensed or used in connection with a boat so licensed.
- (2) Crab pots shall be reported to the county assessor by each owner and listed for ad valorem taxation, but if the owner of such crab pots furnishes documentary proof to the assessor, not later than August 1 of each year, that the owner possesses a current commercial fishing license under ORS 508.235 or that the boat of the owner is currently licensed under ORS 508.260, the assessor shall cancel any assessment made by the assessor of crab pots used by such person or used in connection with such person's licensed boat. [1969 c.649 §2; 1993 c.270 §69]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.285 - License fees.**

- (1) The fee for each license required by this chapter is as follows:
  - (a) Resident albacore tuna landing license for boats that do not hold a valid commercial fishing license from Oregon or another state, \$250.
  - (b) Nonresident albacore tuna landing license for boats that do not hold a valid commercial fishing license from Oregon or another state, \$300.
  - (c) Albacore tuna landing license for boats that hold a valid commercial fishing license from another state and do not hold a valid commercial fishing license from Oregon, \$25.
  - (d) Resident boat license for a vessel less than 50 feet in length, \$350.
  - (e) Nonresident boat license for a vessel less than 50 feet in length, \$400.
  - (f) Resident boat license for a vessel 50 feet in length or more, \$400.
  - (g) Nonresident boat license for a vessel 50 feet in length or more, \$450.
  - (h) Resident commercial fishing license, \$100.
  - (i) Nonresident commercial fishing license, \$150.
  - (j) Commercial fishing license for resident persons 18 years of age or younger, \$30.
  - (k) Resident commercial bait fishing license, \$125.
  - (L) Nonresident commercial bait fishing license, \$175.
  - (m) Fish buyer license, \$275.
  - (n) Fish bait dealer license, \$125.
  - (o) Food fish canner license, \$500.
  - (p) Shellfish canner license, \$500.
  - (q) Resident single delivery license, \$125.
  - (r) Nonresident single delivery license, \$175.
  - (s) Wholesale fish dealer license, \$500.
- (2) As used in this section, "resident" means a person who has resided in this state at least 12 consecutive months immediately prior to the date of making application for a license. [1965 c.570 §82; 1969 c.172 §3; 1971 c.540 §7; 1973 c.768 §14; 1975 c.756 §2; 1977 c.245 §3; 1979 c.679 §11; 1991 c.701 §1; 1999 c.59 §163; 2005 c.629 §1; 2009 c.832 §22; 2011 c.613 §2; 2015 c.779 §33]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.288 - Commercial fishing permit surcharges.**

In addition to the fees otherwise prescribed by law, the issuer of each of the following permits shall charge and collect the following surcharges each time the permit is issued:

- (1) Ocean Troll Salmon Fishery permit issued under ORS 508.816, \$65.
- (2) Columbia River Gillnet Fishery permit issued under ORS 508.790, \$74. [1989 c.512 §6; 1991 c.184 §2; 1997 c.8 §10; 2003 c.643 §2; 2009 c.765 §3; 2019 c.458 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.300 - Albacore tuna landing license in lieu of other licenses.**

Notwithstanding any other provision of this chapter, the only license required for landing albacore tuna from the waters of the Pacific Ocean at any point in this state is an albacore tuna landing license. [1973 c.768 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.305**

[Amended by 1957 s.s. c.9 §1; 1963 c.197 §1; 1965 c.310 §1; renumbered 508.505]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.306 - Fish bait dealer license; authority of commission to designate fish or shellfish bait.**

(1) Any person may obtain a fish bait dealer license to purchase food fish directly from a commercial fisherman licensed under ORS 508.235 or commercial bait fisherman licensed under ORS 508.312, for retail sale as fish or shellfish bait.

(2) The State Fish and Wildlife Commission by regulation may designate those species of food fish or parts thereof which may not be used for fish or shellfish bait. [1971 c.540 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.310**

[Amended by 1965 c.570 §86; renumbered 508.515]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.312 - Commercial bait fishing license; license in lieu of commercial fishing and boat licenses.**

(1) Any individual may obtain a commercial bait fishing license to take food fish for sale to a fish bait dealer licensed under ORS 508.306.

(2) The license for the purpose authorized in this section is in lieu of the commercial fishing and boat licenses required under ORS 508.235 and 508.260. [1971 c.540 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.316 - Disqualification from receiving more than one single delivery license.**

Except as provided in ORS 508.843 and 508.883, the State Fish and Wildlife Director shall not issue a boat more than one single delivery license under ORS 508.285 during a 12-month period as established by rule of the director. For purposes of this section, the disqualification from receiving additional single delivery licenses shall apply to a boat without regard to ownership or changes in ownership. [1999 c.164 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.320**

[Amended by 1963 c.197 §2; 1965 c.310 §2; renumbered 508.510]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.325**

[Renumbered 508.520]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.326 - Commercial Fisheries Fund; uses.**

(1) The Commercial Fisheries Fund is created in the State Treasury, separate and distinct from the General Fund. Except as provided in ORS 506.690, all moneys in the Commercial Fisheries Fund are appropriated continuously to the State Fish and Wildlife Commission for the administration and enforcement of the commercial fishing laws and for the management, propagation, research, habitat improvement and other activities that protect, maintain or enhance the food fish resource of this state. Interest earned on moneys in the fund shall be credited to the fund.

(2) Except as provided in ORS 508.949, all moneys collected pursuant to ORS 508.505 to 508.550 for fish species taken pursuant to developmental fishery activities referred to in ORS 506.460 shall be credited to a separate account in the Commercial Fisheries Fund. Notwithstanding subsection (1) of this section or ORS 506.306, 25 percent of such moneys shall be expended for general fish management purposes and 75 percent of such moneys shall be expended to pay the expenses of developmental fishery activities pursuant to ORS 506.460. [1991 c.701 §21; 1993 c.765 §119; 1999 c.1013 §2; 2003 c.809 §14]

[Renumbered 508.525]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.335**

[Amended by 1965 c.570 §87; renumbered 508.530]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.340**

[Amended by 1961 c.373 §1; 1963 c.197 §3; 1965 c.570 §88; renumbered 508.535]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.345**

[Amended by 1961 c.373 §2; 1965 c.570 §89; renumbered 508.540]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.350**

[Renumbered 508.545]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.406 - Director or agent to issue and renew licenses.**

The State Fish and Wildlife Director or the authorized agent of the director shall issue or renew any license required by the commercial fishing laws to a qualified person upon proper application and payment of the license fee required by ORS 508.285. [1965 c.570 §66 (enacted in lieu of 508.405)]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.410 - Contents of license applications.**

All applications for licenses under ORS 508.406 shall be made on blanks furnished by the State Fish and Wildlife Director and shall contain such information as the State Fish and Wildlife Commission determines to be necessary for proper administration and enforcement of the commercial fishing laws. [Amended by 1957 c.208 §1; 1963 c.196 §2; 1965 c.570 §67]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.415 - Security for fees.**

- (1) In case of license applications by canners or wholesalers, the State Fish and Wildlife Director, in addition to license fees provided by law, may exact from the applicant a bond from a corporate surety, authorized to do business in this state, guaranteeing the payment of fees, if the director considers such action is necessary to insure compliance with ORS 508.505 to 508.540.
- (2) In lieu of any bond that may be required under subsection (1) of this section, any applicant may deposit with the State Fish and Wildlife Commission, under such terms and conditions as the director may prescribe, a like amount of lawful money of the United States or an irrevocable letter of credit issued by an insured institution, as defined in ORS 706.008. The commission shall turn over to the State Treasurer for safekeeping all such deposits so received. [Amended by 1963 c.196 §3; 1965 c.570 §68; 1969 c.52 §1; 1991 c.331 §73; 1991 c.701 §17; 1997 c.631 §484]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.445 - Certificate evidence as to license issuance.**

In all prosecutions requiring proof as to the issuance or nonissuance of a license by the State Fish and Wildlife Director under any of the laws of this state, the certificate of the director as to the issuance or nonissuance of the license by the director shall be sufficient proof on that question to establish the fact. This certificate shall be admitted in evidence as to the issuance or nonissuance of the license in any such prosecution.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.450 - Contents of license.**

Each license issued under ORS 508.406 shall be numbered and dated by the State Fish and Wildlife Director or an authorized agent and contain the site or address where the appliance or business is located and the name of the person to whom the license is granted. [Amended by 1957 c.132 §1; 1963 c.196 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.460 - Oregon-Washington reciprocity on gillnet licenses.**

All gillnet licenses issued by the States of Oregon and Washington are valid as to the waters of the Columbia River in Oregon and Washington, as though issued by the department of fisheries of either state. The department of fisheries of each state or the officials who have charge of issuing licenses shall furnish to each other the names of licensees and the number of the licenses, without cost or expense to either state.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.465 - Licenses nontransferable.**

Licenses may not be transferred from one licensee to another.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses**

**and PermitsSection 508.470 - When licenses expire; renewal.**

All licenses for which fees are provided for under ORS 508.285 unless otherwise specified in law expire as of midnight, December 31, following the dates of their issuance or on such date as may be specified by rule of the State Department of Fish and Wildlife. The licenses may be renewed annually thereafter upon application and payment of fees required therefor. [Amended by 1959 c.123 §1; 1961 c.374 §3; 1963 c.196 §7; 1965 c.570 §71; 1977 c.245 §4; 1979 c.679 §12; 2007 c.768 §6]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 508 - Licenses and PermitsSection 508.475 - Failure to renew license for fixed fishing gear constitutes abandonment; exception for Armed Forces.**

The failure to renew the license, or make application therefor, for any location for a fixed fishing gear in any of the waters of this state, on January 1 of any year, constitutes abandonment of the location. However, any licensee entering the Armed Forces of the United States during any period which would qualify the licensee as a veteran, as defined in ORS 408.225, is not deemed to have abandoned such location or gear so licensed, either by reason of absence from the location during such service or by failure to renew the license as required. Such licensee may file application for renewal of the license at any time following the date of release from the Armed Forces of the United States, until January 1 of the following year, and shall have preference over other persons therefor. [Amended by 1965 c.570 §72; 2009 c.41 §21]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 508 - Licenses and PermitsSection 508.480 - Failure to construct or install fishing gear held to be abandonment.**

Should the holder of any license neglect to construct or install at the site the fishing gear called for by the license during two consecutive years covered by the license, the location shall be deemed abandoned. [Amended by 1965 c.570 §73]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 508 - Licenses and PermitsSection 508.485 - Revocation of license or permit for violation of commercial fishing laws or rules or theft of crab fishing gear.**

(1) Except for vessel licenses described in ORS 508.285 and 508.470 and vessel permits described in ORS 508.775 to 508.796, 508.801 to 508.825, 508.880, 508.883, 508.889 to 508.910 and 508.926, the State Fish and Wildlife Commission may, in its discretion, revoke for the remainder of the license or permit year any license or permit issued to a person under the authority of the commission, or the State Fish and Wildlife Director, pursuant to the commercial fishing laws, and in its discretion may refuse the issuance of any license or permit issued under the authority of the commission, or director, pursuant to the commercial fishing laws, during any period not to exceed one year from the date of the license or permit revocation order:

- (a) Upon conviction within this state of any person of violation of any of the commercial fishing laws or rules;
- (b) Upon receiving notice from the agency that regulates commercial fishing in the State of Washington of the conviction of any person in that state of an offense that was a violation of Columbia River commercial fishing rules adopted pursuant to the Columbia River Compact and that if committed in this state would be grounds for license revocation pursuant to paragraph (a) of this subsection;
- (c) Upon conviction within this state of any person for violation of ORS 498.022, or any rule adopted pursuant thereto, involving game fish, through the use of a license issued pursuant to the commercial fishing laws; or
- (d) Upon conviction within this state of a person for violation of ORS 164.043 to 164.065 when the subject of the theft is commercial fishing crab rings or crab pots, or the crabs taken therefrom.

(2)(a) Except for vessel licenses described in ORS 508.285 and 508.470 and vessel permits described in ORS 508.775 to 508.796, 508.801 to 508.825, 508.880, 508.883, 508.889 to 508.910 and 508.926, a court may order the commission to revoke any licenses or permits issued to a person under the authority of the commission, or the director, pursuant to the commercial fishing laws. Such revocations may not exceed a period of two years from the date of the license or permit revocation order. Revocation of licenses and permits is in addition to and not in lieu of other penalties provided by law.

(b) The license and permit revocation provisions of paragraph (a) of this subsection apply to the following persons:

- (A) Any person who is convicted of a violation of the commercial fishing laws, or any rule adopted pursuant thereto, or who otherwise fails to comply with the requirements of a citation in connection with any such offense;
- (B) Any person who is convicted of a violation of ORS 498.022, or any rule adopted pursuant thereto, involving game fish, through the use of a license issued pursuant to the commercial fishing laws; or
- (C) Any person who is convicted of a violation of ORS 164.043 to 164.065 when the subject of the theft is commercial fishing crab rings or crab pots, or the crabs taken therefrom.

(c) When a court orders the revocation of a license or permit under the provisions of this subsection, the court shall take up any such licenses and permits and forward them, together with a copy of the revocation order, to the commission. Upon receipt thereof, the commission shall cause revocation of the appropriate licenses and permits in accordance with the court order.

(d) Nothing in this subsection requires a court to take additional action, after the conclusion of the sentencing hearing, to secure the licenses or permits if the defendant does not have the license or permit in the defendant's possession at the time of sentencing.

(3) Any person whose license revocation involves the buying, selling or dealing of food fish is prohibited from engaging in such

activity under any license issued by the commission during the period the court orders the revocation. [Amended by 1965 c.570 §74; 1971 c.569 §1; 1977 c.350 §6; 1987 c.213 §4; 1997 c.252 §1; 1999 c.1051 §276; 2009 c.11 §73; 2013 c.164 §1; 2014 c.1 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.490 - Refusal to issue license or permit pursuant to commercial fishing laws within two years after revocation.**

Except for vessel licenses described in ORS 508.260, 508.285 and 508.470 and vessel permits described in ORS 508.775 to 508.796, 508.801 to 508.825, 508.880, 508.883, 508.889 to 508.910 and 508.926, the State Fish and Wildlife Commission may, in its discretion, refuse the issuance of any license or permit issued under the authority of the commission, or the State Fish and Wildlife Director, pursuant to the commercial fishing laws, during any period not to exceed two years from the date of the license or permit revocation order:

- (1) Upon conviction within this state of any person of violation of any of the commercial fishing laws or rules after the person has once been convicted and penalized under ORS 508.485; or
- (2) Upon receiving notice from the agency that regulates commercial fishing in the State of Washington of the conviction of any person in that state of an offense that was a violation of Columbia River commercial fishing rules adopted pursuant to the Columbia River Compact and that if committed in this state would be grounds for refusal to issue a license or permit pursuant to subsection (1) of this section. [Amended by 1965 c.570 §75; 1977 c.350 §7; 1987 c.213 §5; 2009 c.11 §74; 2013 c.164 §6; 2014 c.1 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.495 - Certificate in lieu of lost or destroyed license; fee.**

Upon the receipt of a fee of \$16.50 and the filing of an affidavit that a license issued under authority of ORS 508.406 has been lost or destroyed, the State Fish and Wildlife Director or the authorized agent of the director shall issue a certificate that such license has been issued and has been lost or destroyed. Except as provided in ORS 508.260, the certificate may be used in lieu of the lost or destroyed license. [1957 c.140 §1; 1965 c.570 §76; 1973 c.768 §18; 2009 c.832 §23]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.500 - Alteration, false application and multiple possession of licenses prohibited.**

No person shall:

- (1) Alter, borrow or loan to any other person any license or permit issued by the department.
- (2) In applying for a license or permit issued by the State Department of Fish and Wildlife knowingly make any false statement of any information required by the application regarding the person in whose name the license or permit is to be issued.
- (3) Possess any license or permit that has been altered, borrowed or loaned or for which any false statements were knowingly made in applying therefor. [1981 c.365 §20]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.502 - Seller operation of vessel pending proceeding against buyer; rules.**

(1) In a circuit court proceeding concerning a claim by a seller of a vessel permit transferable under ORS 508.760, 508.793, 508.864, 508.907, 508.936 or 508.957 that the buyer of the vessel permit has failed to fulfill one or more terms of the sale, the seller may petition the circuit court for a preliminary injunction requiring the State Department of Fish and Wildlife and the Commercial Fishery Permit Board to take such actions as are necessary to allow the seller to continue to operate a vessel in the appropriate fishery during the pendency of the proceeding. An order granting a preliminary injunction under this section must include a finding that allowing the seller to continue to operate a vessel in the appropriate fishery during the pendency of the proceeding will not cause excessive harvest pressure on the fishery resource.

(2) Notwithstanding any other provision of law, the State Fish and Wildlife Commission may adopt rules necessary to allow for the issuance of temporary vessel permits or other relief necessary to comply with a preliminary injunction issued pursuant to a petition filed under subsection (1) of this section. [2017 c.158 §2]

Note:

508.502 was added to and made a part of the commercial fishing laws by legislative action but was not added to ORS chapter 508 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.505 - Additional fees based on value of fish at time of landing; exceptions.**

(1) Additional fees shall be collected by the State Fish and Wildlife Director in the amount prescribed by this section, except as provided in ORS 508.510. Every person operating within the state as a canner, buyer, bait dealer or wholesaler of any food fish or shellfish shall pay, in addition to all other licenses or fees provided by law, a fee equal to the value of the food fish at the point of landing multiplied by the following rates:

- (a) All salmon and steelhead, 3.15 percent.
- (b) All black rockfish, blue rockfish and nearshore fish, 5.00 percent.

- (c) All tuna, 1.09 percent.
  - (d) All crab, 2.35 percent.
  - (e) All shrimp, 2.40 percent.
  - (f) All sardines, 2.25 percent.
  - (g) All sablefish, 2.40 percent.
  - (h) All whiting, 2.30 percent.
  - (i) All other groundfish, 2.25 percent.
  - (j) All other food fish and shellfish, 2.30 percent.
- (2) Only live, fresh or frozen in the round or dressed food fish or shellfish are subject to the fees provided in this section. "Dressed" includes but is not limited to beheaded, gutted, filleted, loined or shucked. However, frozen food fish or frozen shellfish received in a wrapped package to which a legible label is stamped or printed showing the name, address, brand or trade name of the original processor or wholesale distributor under which the package is marketed and the kind of frozen food fish or frozen shellfish contained therein, for distribution and ultimate sale in the original package are not subject to the fees provided in this section. [Formerly 508.305; 1969 c.172 §4; 1971 c.243 §1; 1973 c.768 §15; 1979 c.378 §1; 1989 c.166 §1; 1991 c.701 §2; 2003 c.809 §12; 2009 c.832 §24; 2015 c.779 §34]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.506 - Additional payments on certain fish species.**

In addition to the ad valorem fee prescribed by law, there shall be paid for each fish species referred to in ORS 508.505 (1)(a), an additional fee of four cents per pound. The ad valorem fee referred to in this section is subject to ORS 508.505 to 508.540. [1989 c.512 §8; 1991 c.184 §3; 1997 c.8 §11; 2003 c.643 §3; 2009 c.765 §4; 2015 c.734 §5; 2019 c.458 §6]

Note:

Section 4, chapter 734, Oregon Laws 2015, provides:

Sec. 4. Additional fee through 2026.

- (1) In addition to the ad valorem fee prescribed by law, during the period beginning January 1, 2016, and ending December 31, 2026, there shall be paid for each fish species referred to in ORS 508.505 (1)(a), an additional fee of four cents per pound. The ad valorem fee referred to in this section is subject to ORS 508.505 to 508.540.
- (2) Notwithstanding ORS 506.306, all moneys received by the State Fish and Wildlife Commission pursuant to subsection (1) of this section shall be deposited in the Oregon Hatchery Research Center Fund. [2015 c.734 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.510 - Place where fish caught is immaterial; exceptions; special fee.**

- (1) The fee provided for in ORS 508.505 shall be paid irrespective of where the fish were caught. However, the fees shall not be paid on any food fish or shellfish brought into this state after having been landed:
  - (a) In another state, territory or possession of the United States, and upon or in regard to which a tax or fee has been levied and collected in the other state, territory or possession; or
  - (b) In another country.
- (2) Notwithstanding ORS 508.505, there shall be paid a fee of one percent of the value of all food fish or shellfish brought into this state after having been landed in another state, territory or possession of the United States, and upon or in regard to which a tax or fee has not been levied and collected in the other state, territory or possession. [Formerly 508.320; 1991 c.701 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.515 - Time of paying fees; report; interest on overdue fees; waiver or extension of payment.**

- (1) The fee required by ORS 508.505 shall be paid to the State Fish and Wildlife Director on or before the 20th day of each calendar month for the preceding calendar month.
- (2) The fee shall be accompanied by a report showing the total number of pounds of all varieties of food fish, stated separately upon blanks furnished by the director, and the value at the point of landing.
- (3) In the event that such fee is not paid within the time for payment provided in subsection (1) of this section, there shall be added as a late payment charge a sum equal to five percent of the unpaid fees or \$5, whichever is greater, and there shall be charged an interest rate of one percent per month until the principal and interest is paid.
- (4) Notwithstanding subsection (1), (2) or (3) of this section, the State Fish and Wildlife Commission may waive or extend payment of any fees required by ORS 508.505 amounting to less than \$10 during any calendar year. [Formerly 508.310; 1971 c.243 §2; 1981 c.646 §5; 1991 c.701 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.520 - Determination of disputes.**

It is the intention that only one fee based on the value of the fish at the point of landing shall be collected for each fish purchased or received, and in order that this end may be accomplished the State Fish and Wildlife Commission and the State Fish and Wildlife

Director may determine finally any dispute arising out of the operation and enforcement of ORS 508.505. [Formerly 508.325; 1991 c.701 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.525 - Lien for unpaid fee; foreclosure; jurisdiction of courts.**

The fee required by ORS 508.505 constitutes a first lien upon the cannery, packing plant, scow, boat and its equipment used in the canning, receiving or transporting of the fish. This lien may be foreclosed by the State Fish and Wildlife Commission in the name of the state by a suit in equity in the circuit court of the county in which the property upon which a lien is given by this section is situated. If situated in two or more counties the court first acquiring jurisdiction of a part of the property shall have jurisdiction of all the property described in such foreclosure suit. [Formerly 508.330; 1991 c.701 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.530 - Rules; reports; violation or falsification.**

(1) The State Fish and Wildlife Commission may make such rules and require such reports to be made as, in its judgment, are necessary to insure the collection and payment of the fee required by ORS 508.505.

(2) It is unlawful for any person to falsify any of the reports or to violate any of the rules made or required by the commission. [Formerly 508.335; 1991 c.701 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.535 - Keeping record of food fish received and bought; inspection.**

(1) Every fish canner, fish buyer, retail fish dealer, fish bait dealer or wholesale fish dealer shall keep a record, of all food fish received and bought, in accordance with rules promulgated by the State Fish and Wildlife Commission. Such information may be required as is necessary to enable the commission to carry out its duties of conservation, protection, administration or enforcement under the commercial fishing laws without imposing undue hardship on the licensees.

(2) At least one copy of this record shall be kept:

(a) On each boat, vessel, scow, pickup boat or other craft, truck, automobile, motor vehicle or other vehicle of any kind whatsoever used in buying, receiving or transporting the fish.

(b) By the canner, buyer, retailer, fish bait dealer or wholesaler.

(3) This record is subject to inspection by the commissioners, the State Fish and Wildlife Director, the authorized agent of the director, or any duly authorized police officer. This record shall be transmitted to the office of the director at such times and in such manner as the commission directs.

(4) Every person shall always keep open to inspection by the commission or its agent any books, records, papers or memoranda which are pertinent to the administration of ORS 508.505 to 508.540. For the purpose of ascertaining the correctness of any fee record or report or the number of pounds or value of fish upon which the additional fee is based or such other information as may be necessary to the administration of ORS 508.505 to 508.540, the commission or its agent may inspect such books, records, papers or memoranda.

(5) Restaurants licensed under ORS 624.020 shall keep a record of all fresh or frozen fish received or bought while such fish are in the restaurant's possession. This record shall be subject to inspection by the commissioners, the director, the authorized agent of the director, or any duly authorized police officer. An invoice or receipt shall be adequate for the purposes of this subsection. [Formerly 508.340; 1969 c.172 §5; 1971 c.540 §11; 1973 c.437 §1; 1977 c.242 §5; 1991 c.701 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.540 - Failure to keep or submit records or to pay fee.**

(1) In addition to the penalty prescribed by ORS 506.991, the State Fish and Wildlife Director, under the authority of the State Fish and Wildlife Commission, may suspend or revoke any license for which a fee is required under ORS 508.285 if the person holding the license fails to keep the record required by ORS 508.535 or fails to submit the books, records, papers or memoranda of the person for inspection, pursuant to ORS 508.535 (4), to any member of the commission or any of its representatives presenting written authority from the commission.

(2) The State Fish and Wildlife Director may suspend, deny the renewal of or refuse to issue any license for which a fee is required under ORS 508.285 if the person holding or applying for the license is more than 60 days past due in an amount of more than \$400 owed:

(a) From fees pursuant to ORS 508.505;

(b) From overage, incidental catch or bycatch charges; or

(c) To any food fish commodity commission established under ORS chapter 576.

(3) The State Fish and Wildlife Commission may contact any food fish commodity commission at any time to obtain lists of persons who owe past due fees to the commodity commission.

(4) For purposes of this section:

(a) "Bycatch" means the unintended taking of a species of food fish that:

- (A) Occurs while targeting another species of food fish; and
- (B) Is prohibited due to time, place, manner, regulations or quota restrictions.
- (b) "Incidental catch" means the unintended legal taking of a species of food fish that occurs while targeting another species of food fish.
- (c) "Overage" means the amount of food fish taken for commercial purposes that exceeds the amount allowed by federal and state law. [Formerly 508.345; 1991 c.701 §10; 2003 c.39 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.550 - Sale of fish from license holder's boat; permit; fee; reports; payment of fees.**

Notwithstanding any other provision of this chapter, a person who holds a valid Oregon commercial fishing license may sell any species of food fish taken in lawful commercial fishing activity directly from the license holder's boat, subject to the following conditions:

- (1) The person must first obtain from the State Fish and Wildlife Commission an annual limited fish seller permit for such sales, the annual fee for which is:
  - (a) \$100 for resident applicants.
  - (b) \$150 for nonresident applicants.
- (2) The commission by rule may limit the number of permits available for any species of food fish.
- (3) Prior to making any sale pursuant to this section, the person must notify the commission, in such manner as the commission prescribes, of the estimated number of food fish on board the boat and of the location where the sale is to take place.
- (4) Within seven days of making any sale pursuant to this section, the person shall submit to the commission a report thereof, in such form as the commission may prescribe. The person must pay the fees required as prescribed in ORS 508.505 to 508.540, or in such other manner as the commission by rule may prescribe.
- (5) The person may sell food fish from any port and dock location in this state.
- (6) If a person fails to comply with subsection (3) of this section, the commission may revoke and thereafter refuse to issue another limited fish seller permit. [1985 c.533 §2; 1987 c.802 §1; 1991 c.701 §11; 1999 c.585 §1; 2009 c.832 §25; 2015 c.779 §35]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.700 - Permits for salmon hatcheries; fees.**

- (1) The State Fish and Wildlife Commission may issue a permit, subject to such restrictions and regulations as the commission deems desirable, to any person to construct and operate a hatchery for:
  - (a) Chinook salmon, also known as *Oncorhynchus tshawytscha*; or
  - (b) Chum salmon, also known as *Oncorhynchus keta* or dog salmon; or
  - (c) Silver salmon, also known as *Oncorhynchus kisutch* or coho salmon; or
  - (d) Pink salmon, also known as *Oncorhynchus gorbuscha* or humpback salmon.
- (2) The application for a permit to construct and operate a chum salmon, chinook salmon, silver salmon, or pink salmon hatchery shall include an application fee of \$3,000. [1971 c.203 §1; 1973 c.356 §1; 1979 c.556 §1; 2009 c.832 §26]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.705 - Hearing for permits.**

- (1) Prior to issuance of any permit by the State Fish and Wildlife Commission, a public hearing shall be held. Notice of the hearing shall be published at least once and at least 10 days prior to the hearing in a newspaper of general circulation in each of the counties in which the hearing is to be held, or if no such newspaper is published in that county or counties, then such a newspaper in an adjoining county.
- (2) The hearing shall be conducted by either the commission or a representative designated by the commission. [1971 c.203 §2; 1975 c.253 §31]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.710 - Grounds for denial of permit.**

No permit shall be issued:

- (1) Which may tend to deplete any natural run of anadromous fish or any population of resident game fish.
- (2) Which may result in waste or deterioration of fish.
- (3) If the proposed operation is to be located on the same stream or river or tributary thereof on which a state or federal fish culture facility is established or is planned to be established.
- (4) If the proposed operation is not consistent with sound resource management and is not in close proximity to the ocean.
- (5) If the State Fish and Wildlife Commission determines the applicant does not have the financial capability to successfully construct and operate the hatchery or may not properly conduct the operation authorized under the permit. [1971 c.203 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.715 - Conditions of permits.**

Any permit granted by the State Fish and Wildlife Commission pursuant to ORS 508.700 to 508.745 shall contain at least the following conditions:

- (1) All propagated fish released into state waters shall be marked annually at no less than the level of marking of the same species of fish by hatcheries operated by the commission for the purpose of determining contributions to ocean fisheries.
- (2) All propagated coho and chinook salmon released into state waters shall be marked annually, consistent with subsection (8) of this section, at a minimum level necessary to determine the proportion of straying of hatchery coho and chinook salmon into the spawning beds of natural and hatchery produced native stocks of salmon. However, the commission shall not require private hatcheries to meet marking standards that the commission would not apply to its own operations in similar circumstances.
- (3) Prior to release into state waters, the fish must be subject to examination by a qualified fish pathologist approved by the commission to determine that they are not diseased or infected with any disease which in the opinion of the commission may be detrimental to the state fishery resources. Cost of such examination shall be paid by the permittee. No fish shall be released without written approval from the commission. The commission may require diseased fish to be destroyed. The commission shall not suffer civil or criminal liability for any fish destroyed under this section.
- (4) The permittee may be authorized by the commission to divert all fish returning to the stream to an inspection area, the location of such area to be approved by the commission, to examine all fish for the purpose of identifying propagated fish.
- (5) Notwithstanding the provisions of ORS chapters 509 and 511, the permittee shall have the right to take for commercial purposes, only those fish the commission determines were propagated by the permittee, and the commission's decision is final.
- (6) It shall be unlawful for the permittee to select stocks of fish or to genetically alter the life history or habits of propagated fish in a way the State Department of Fish and Wildlife determines is inconsistent with the provisions of ORS 496.012 or 506.109.
- (7) It shall be unlawful for the permittee to conduct any activity not authorized by the permit or fail to conduct activities required by the permit without approval of the commission after public hearings.
- (8) The permittee shall pay all reasonable costs incurred by the commission as a result of the operation of the private hatchery. [1971 c.203 §5; 1979 c.556 §5; 1985 c.529 §1; 1989 c.817 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.718 - Program for protecting natural runs and genetic diversity of anadromous fish stocks; rules; findings.**

- (1) The Legislative Assembly finds that protecting the natural runs and genetic diversity of anadromous fish is essential to the long-term health of Oregon's natural resources and sport and commercial fisheries.
- (2) Not later than January 1, 1990, the State Department of Fish and Wildlife shall:
  - (a) Develop and implement monitoring programs, consistent with ORS 508.715 (8) at a minimum level necessary to determine the proportion of straying of hatchery fish into the spawning beds of natural and hatchery produced native stocks of salmon.
  - (b) Utilizing the best available scientific evidence, adopt rules, after public hearing, that determine the proportion of straying that by indicator stock is likely to cause deterioration of the genetic diversity and habitat necessary to maintain long-term species viability or that causes a deterioration of natural or native stocks of salmon.
- (3) The Legislative Assembly further finds that private hatcheries are a significant part of Oregon's salmon resource and that the Legislative Assembly relies on the State Fish and Wildlife Commission to monitor and regulate private hatcheries in a way that will optimize their long-term contribution to Oregon's salmon resource in conformity with the findings under subsection (1) of this section. [1989 c.817 §5; 1995 c.79 §295]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.720 - Altering terms of permits; findings; hearing; restoration of fish population.**

- (1) If the State Fish and Wildlife Commission finds that the operation described in the permit is not in the best public interest, it shall alter the conditions of the permit to mitigate such adverse effects or may cause an orderly termination of the operation under the permit. Proceedings to cause such alteration or termination shall be conducted in accordance with ORS chapter 183. An orderly termination shall not exceed a four-year period and shall culminate in the revocation of the permit in its entirety. During this period the permittee may continue to examine and take specified propagated chum salmon, chinook salmon, silver salmon or pink salmon according to the provisions of the permit but may not release additional fish.
- (2) If the commission finds the operation has caused deterioration of the natural run of anadromous fish or any population of resident game fish in the waters covered by the permit, it may require the permittee to return the fish populations to the same condition that existed prior to issuance of the permit. If the permittee fails to take appropriate action, the commission shall take such action and the permittee shall bear any cost incurred by the commission. [1971 c.203 §6; 1973 c.356 §2; 1975 c.253 §32; 1979 c.556 §2; 1989 c.817 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.725 - Released fish as state property; consideration by commission of adverse economic impact on hatcheries.**

- (1) All fish released under ORS 508.700 to 508.745 during the time they are in the wild will be the property of the state and may be taken under angling or commercial fishing laws of this state until they return to the private hatchery.

(2) In carrying out the provisions of ORS 496.162 or 506.129, the State Fish and Wildlife Commission shall not consider evidence of or argument regarding the prospect of adverse economic impact on the activities of hatcheries for which permits have been issued unless the commission determines that it is necessary in order to comply with the policies set forth in ORS 496.012 or 506.109. [1971 c.203 §4; 1979 c.335 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.730 - Disposal of salmon products.**

After first ensuring that all natural and artificial fish production needs of the State Department of Fish and Wildlife have been met, the State Fish and Wildlife Commission may provide at a reasonable fee chum salmon, chinook salmon, silver salmon or pink salmon, or the sexual products therefrom, for the needs of any person granted a permit by the commission pursuant to ORS 508.700 to 508.745 in the following order of priority:

- (1) The needs of the salmon and trout enhancement program.
- (2) The needs of fish propagation facilities operated under contract or agreement with other state or federal agencies, local governments, special districts and nonprofit organizations.
- (3) The needs of all federal and other fish propagation facilities located on the Columbia River and its tributaries. [1971 c.203 §7; 1973 c.356 §3; 1979 c.556 §3; 1981 c.317 §9; 1995 c.469 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.735 - Application of chapter to taking and sale of salmon.**

The provisions of this chapter shall apply to the taking and sale of chum salmon, chinook salmon, silver salmon or pink salmon artificially reared under any permit granted by the State Fish and Wildlife Commission pursuant to ORS 508.700 to 508.745. [1971 c.203 §8; 1973 c.356 §4; 1979 c.556 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.737 - Policy for marketing of salmon products.**

It is the policy of the State of Oregon that all holders of permits issued pursuant to ORS 508.700 to 508.745 are encouraged to market salmon products obtained pursuant to permit activities in such manner as to promote the development and growth of locally based industries and to provide the maximum benefit to the economy of this state. [1979 c.556 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.740 - Authority under ORS 508.700 to 508.745.**

- (1) Nothing in ORS 508.700 to 508.745 is intended to give the permittee any equity in any of the waters or fish of the state.
- (2) Nothing in ORS 508.700 to 508.745 shall imply an intent to permit commercial fishing in any rivers south of the mouth of the Columbia River except as provided in ORS 508.715 (5). [1971 c.203 §§9,10; 1989 c.817 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.745 - Disposition of moneys received under ORS 508.700 to 508.745.**

All moneys received by the State Fish and Wildlife Commission under ORS 508.700 to 508.745 except those under ORS 508.735 shall be paid over to the State Treasurer to be held in a suspense account established under ORS 293.445. After the payment of costs of administration incurred by the commission in carrying out the provisions of ORS 508.700 to 508.745, that portion of the balance of the moneys in this suspense account as of the end of each fiscal year shall be deposited to the General Fund for general governmental purposes. [1971 c.203 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.755 - Membership; duties; meetings; expenses.**

- (1) There is established within the State Department of Fish and Wildlife the Commercial Fishery Permit Board. The board shall consist of members appointed by the State Fish and Wildlife Commission as follows:
  - (a) Three members shall be chosen to represent the Columbia River gillnet salmon fishing industry.
  - (b) Three members shall be chosen to represent the ocean troll salmon fishing industry.
  - (c) Three members shall be chosen to represent the ocean pink shrimp fishing industry.
  - (d) Three members shall be chosen to represent the Yaquina Bay roe-herring fishing industry.
  - (e) Three members shall be chosen to represent the sea urchin commercial fishery.
  - (f) Three members shall be chosen to represent the ocean Dungeness crab fishing industry.
  - (g) Three members shall be chosen to represent the black rockfish and blue rockfish fishing industry and the nearshore fish fishing industry.
  - (h) Three members shall be chosen to represent developmental fisheries as described in ORS 506.450 to 506.465.
  - (i) Three members shall be chosen to represent each restricted participation system or restricted vessel permit system established by rule of the commission under ORS 506.462.

- (j) Two members shall be chosen to represent the public.
- (2) A member of the board shall receive no compensation for services as a member. However, subject to any applicable law regulating travel and other expenses of state officers and employees, a member shall be reimbursed for travel and other expenses incurred in the performance of official duties.
- (3) The board shall select such officers, for such terms and with such duties and powers, as the board considers necessary for the performance of those offices.
- (4) A majority of the members of the board constitutes a quorum for the transaction of business.
- (5) The board shall meet at such times and places as may be determined by the chairperson or by a majority of the members of the board.
- (6) Notwithstanding any other provision of law:
  - (a) Members of the board representing the Columbia River gillnet salmon fishing industry shall participate in actions of the board only on matters arising under ORS 508.285, 508.470 and 508.775 to 508.796.
  - (b) Members of the board representing the ocean troll salmon fishing industry shall participate in actions of the board only on matters arising under ORS 508.801 to 508.825.
  - (c) Members of the board representing the ocean pink shrimp fishing industry shall participate in actions of the board only on matters arising under ORS 508.880, 508.883 and 508.889 to 508.910.
  - (d) Members of the board representing the Yaquina Bay roe-herring fishing industry shall participate in actions of the board only on matters arising under ORS 508.765.
  - (e) Members of the board representing the sea urchin commercial fishery shall participate in actions of the board only on matters arising under ORS 508.760.
  - (f) Members of the board representing the ocean Dungeness crab fishing industry shall participate in actions of the board only on matters arising under ORS 508.921 and 508.934.
  - (g) Members of the board representing the black rockfish and blue rockfish fishing industry and the nearshore fish fishing industry shall participate in actions of the board only on matters arising under ORS 508.947, 508.957 or 508.960.
  - (h) Members of the board representing developmental fisheries shall participate in actions of the board only on matters arising under ORS 506.450 to 506.465.
  - (i) Members of the board representing a restricted participation system or a restricted vessel permit system established by rule of the commission under ORS 506.462 shall participate in actions of the board only on matters related to that system. [Formerly 508.920; 2003 c.809 §13; 2007 c.95 §3; 2014 c.1 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.760 - Sea urchin limited participation; terms; conditions; fees; rules.**

- (1) Notwithstanding any other provision of the commercial fishing laws, in order to provide a sea urchin (*Strongylocentrotus franciscanus*, *S. purpuratus* and *S. droebachiensis*) commercial fishery with optimum profits to those engaged in the fishery and to prevent a concentration of fishing effort that would deplete the resource, the State Fish and Wildlife Commission, by rule, shall establish a system for limiting participation in the sea urchin commercial fishery. Any such system may include, but is not limited to, provisions on the following matters:
  - (a) Establishment of criteria for initial entry into fishery participation and for annual qualification for participation thereafter.
  - (b) Establishment of terms and conditions for transferring participation rights.
- (2)(a) The annual fee to participate in the sea urchin fishery is:
  - (A) \$125 for resident applicants.
  - (B) \$175 for nonresident applicants.
- (b) A fee of \$100 shall be charged for each transfer of participation rights under this section. [1987 c.374 §2; 1991 c.701 §12; 1995 c.602 §2; 2009 c.832 §27; 2011 c.613 §3; 2015 c.779 §36]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.762 - Review of denial of sea urchin permit renewal or transfer; fee; rules.**

- (1) A person whose application for renewal or transfer of a permit established pursuant to ORS 508.760 is denied may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the State Department of Fish and Wildlife or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$125. Such fee shall apply toward the permit fee of an applicant seeking review who is successful in obtaining a permit.
- (2) The board shall review a denial of an application for renewal or request to transfer a permit according to the applicable provisions of ORS chapter 183. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.500.
- (3) According to the applicable provisions of ORS chapter 183, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.
- (4) The board may delegate to the department its authority to waive requirements for renewal of permits. [1995 c.602 §3; 2009 c.832 §28]

Note:

508.762 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 508 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.765 - Roe-herring limited participation; terms; conditions; fees; rules.**

(1) Notwithstanding any other provision of the commercial fishing laws, in order to provide a roe-herring commercial fishery with optimum profits to those engaged in the fishery and to prevent a concentration of fishing effort that would deplete the resource, the State Fish and Wildlife Commission, by rule, shall establish a system for limiting participation in the roe-herring commercial fishing. Any such system may include, but is not limited to, provisions on the following matters:

(a) Establishment of criteria for initial entry into fishery participation and for annual qualification for participation thereafter.

(b) Establishment of terms and conditions for transferring participation rights.

(2)(a) The annual fee to participate in the roe-herring fishery is:

(A) \$125 for resident applicants.

(B) \$175 for nonresident applicants.

(b) A fee of \$100 shall be charged for each transfer of participation rights under this section.

(3)(a) A denial by the commission of an application for renewal of any permit or transfer of any permit established under this section shall be subject to review by the Commercial Fishery Permit Board upon written request of the applicant. The review provided under this subsection shall be in lieu of any such review by the commission or the State Department of Fish and Wildlife.

(b) Request for review under this subsection shall be on such forms and contain such information as the board shall determine.

Requests for review shall be accompanied by a \$125 fee, which fee shall apply toward any applicable permit fees resulting from an order of the board in favor of the requesting applicant.

(4) Orders issued by the board are not subject to review by the commission but may be appealed as provided in ORS chapter 183.

(5) According to the provisions of ORS chapter 183, the board shall adopt such rules as it determines necessary to carry out its duties, functions and powers. [Formerly 508.800; 1991 c.701 §13; 1995 c.602 §4; 2009 c.832 §29; 2011 c.613 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.775 - Vessel permit required to engage in fishery; purchase of fish by dealer from individual without permit prohibited.**

(1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the Columbia River gillnet salmon fishery without first obtaining a vessel permit issued pursuant to ORS 508.775 to 508.796. However, an individual who holds valid commercial fishing licenses and vessel permits required by and issued pursuant to the laws of the State of Washington for commercial salmon fishing in the Columbia River may land salmon in this state that were taken in the Columbia River gillnet salmon fishery without the permit otherwise required by this subsection.

(2) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for a wholesaler, canner or buyer to buy or receive salmon taken in the Columbia River gillnet fishery from an individual who does not have the permit required by subsection (1) of this section.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260. [1979 c.679 §2; 1981 c.365 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.778 - Limitation on issuance of permits.**

Except as provided in ORS 508.792, no new vessel permits shall be issued. [1979 c.679 §3; 1981 c.365 §40; 1989 c.940 §3; 1995 c.602 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.781 - Renewal of permit; rules.**

An individual who obtained the permit required by ORS 508.775 for a particular calendar year is eligible to obtain renewal of the permit in a subsequent calendar year, upon application and payment of the fees therefor by December 31 of the permit year or by such date as may be specified by rule of the State Department of Fish and Wildlife. [1979 c.679 §4; 1981 c.365 §12; 1995 c.602 §6; 2007 c.768 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.784 - Considerations in determining eligibility for permit.**

In making determinations regarding renewal of the permits required by ORS 508.775, the State Department of Fish and Wildlife and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board consider reliable evidence of the qualifications or requirements in question. [1979 c.679 §5; 1989 c.940 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.787 - Permit revocation procedure.**

The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by ORS 508.775 in the manner provided in ORS 508.485 (1) and 508.490. [1979 c.679 §6; 2013 c.164 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.790 - Fee; application form.**

(1) The annual fee for the vessel permit required by ORS 508.775 is:

(a) \$51 for resident applicants.

(b) \$101 for nonresident applicants.

(2) Applications shall be in such form and contain such information as the State Department of Fish and Wildlife, by rule, may prescribe. [1979 c.679 §7; 1981 c.43 §3; 2009 c.832 §30; 2011 c.613 §5; 2015 c.779 §37]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.792 - Lottery system for permit issuance.**

(1) Except as provided in subsection (2) of this section, if the number of permits renewed under ORS 508.781 falls below 200, the State Department of Fish and Wildlife shall issue permits by a lottery system for vessels that do not meet the requirements of ORS 508.781. However, the number of permits issued pursuant to any such lottery system shall not increase the number of permits issued to a total number greater than 200.

(2) The State Fish and Wildlife Commission may, in its discretion, suspend the lottery for up to two years. Suspension shall be based on the commission's assessment of the condition of the resource and shall account for the recommendations of the Gillnet Salmon Review Board. [1989 c.940 §5b; 1995 c.602 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.793 - Permit transfer restrictions; fee.**

(1) The vessel permit required by ORS 508.775 is transferable:

(a) To a replacement vessel of the permit holder.

(b) To the purchaser of the vessel when the vessel is sold.

(2) Notwithstanding subsection (1) of this section, upon request of a permit holder, the State Department of Fish and Wildlife may authorize transfer of a permit to a replacement vessel owned by an individual other than the permit holder. However, any transfer of a permit away from a vessel without the written consent of each person holding a security interest in such vessel is void.

(3) A fee of \$100 shall be charged for each transfer of a vessel permit under this section. [1979 c.679 §9; 1981 c.365 §14; 2009 c.832 §31]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.796 - Review of permit denial; fee; rules; limitation on transfer of certain permits.**

(1) An individual whose application for renewal of the permit required by ORS 508.775 is denied by the State Department of Fish and Wildlife may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$125. Such fees shall apply toward the permit fee of successful applicants.

(2) In accordance with any applicable provision of ORS chapter 183, the board shall review denials of applications for renewal of permits. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.500. The board may waive requirements for renewal of permits if the board finds:

(a) That the individual for personal or economic reasons chose to actively commercially fish in some other fishery during the Columbia River gillnet salmon seasons; or

(b) That the individual failed to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department its authority to waive requirements for renewal of permits.

(5) Notwithstanding any other provision of law, without the prior approval of the Commercial Fishery Permit Board, a Columbia River gillnet salmon vessel permit acquired as a result of a waiver pursuant to subsection (2) of this section may not be transferred to another vessel until the vessel for which the permit was issued has been used in the Columbia River gillnet salmon fishery for two or more calendar years. [1979 c.679 §10; 1981 c.365 §15; 1989 c.940 §5; 1995 c.602 §8; 2009 c.832 §32]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.800**

[1983 c.419 §2; renumbered 508.765 in 1987]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.801 - Vessel permit required to engage in fishery; purchase of fish by dealer from individual without permit prohibited.**

(1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the ocean troll salmon fishery without first obtaining a vessel permit issued pursuant to ORS 508.801 to 508.825.

(2) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for a wholesaler, canner or buyer to buy or receive salmon taken in the ocean troll fishery from a vessel for which the permit required by subsection (1) of this section has not been issued.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260. [1979 c.613 §2; 1981 c.365 §1; 2009 c.11 §75]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.804 - Prohibition on issuance of permits.**

No new vessel permits shall be issued in the ocean troll salmon fishery after March 5, 2012. [1979 c.613 §3; 1989 c.940 §6; 1995 c.602 §9; 2012 c.17 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.807 - Renewal of permit; replacement vessel; rules.**

(1) An individual who obtained the permit required by ORS 508.801 for a particular calendar year is eligible to obtain renewal of the permit in a subsequent calendar year upon obtaining the annual boat license referred to in ORS 508.285. The permit must be renewed, and the boat license obtained, not later than December 31 of each year or such date as may be established by rule of the State Department of Fish and Wildlife.

(2) Notwithstanding any other provision of law, an individual who permanently loses the services of a vessel through capsizing, sinking, fire, collision or other catastrophic accident has a period of two years from the date of loss to replace the vessel without losing eligibility to renew the vessel permit. [1979 c.613 §4; 1981 c.43 §5; 1987 c.912 §1; 1995 c.602 §10; 2007 c.768 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.808 - Special renewal and fee provisions.**

(1) In order to be able to renew the vessel permit in any subsequent year, an individual is not required to renew the boat license as provided in ORS 508.807 if:

(a) In the year prior to renewal there was not an ocean troll salmon season of more than 20 consecutive days between May 1 and July 31 in the Pacific Fisheries Management Council management area adjacent to the port where the vessel lands fish; and

(b) The vessel landed salmon in only one single Oregon port and no other during the preceding three years in which there was a salmon season of more than 20 consecutive days between May 1 and July 31 in the Pacific Fisheries Management Council management area adjacent to the port.

(2) The State Department of Fish and Wildlife may, upon written request by the purchaser, refund any amount paid for a boat license for a boat that qualifies under the provisions of subsection (1) of this section. [1993 c.227 §§2,3; 1995 c.540 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.810 - Considerations in determining eligibility for permit.**

In making determinations regarding renewal of the permits required by ORS 508.801, the State Department of Fish and Wildlife and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board considers reliable evidence of the qualifications or requirements in question. [1979 c.613 §5; 1989 c.940 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.813 - Permit revocation procedure.**

The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by ORS 508.801 in the manner provided in ORS 508.485 (1) and 508.490. [1979 c.613 §6; 2013 c.164 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.816 - Fee; application form; rules.**

(1) The annual fee for the vessel permit required by ORS 508.801 is:

(a) \$60 for resident applicants.

(b) \$110 for nonresident applicants.

(2) Applications shall be in such form and contain such information as the State Department of Fish and Wildlife, by rule, may

prescribe. [1979 c.613 §7; 1981 c.43 §1; 1987 c.912 §2; 2009 c.832 §33; 2011 c.613 §6; 2015 c.779 §38]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.819 - Permits transferred to federal government.**

The State Department of Fish and Wildlife shall consider a permit transferred to, purchased by or otherwise held by the federal government as a permit renewed under ORS 508.807. [1979 c.613 §8; 1981 c.365 §2; 1987 c.912 §3; subsection (2) of 1987 Replacement Part enacted as 1983 c.797 §4; 1993 c.555 §1; 1995 c.602 §13; 2001 c.235 §1; 2007 c.461 §1; 2012 c.17 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.822 - Permit transfer restrictions; fee.**

(1) The vessel permit required by ORS 508.801 is transferable:

(a) To a replacement vessel of the permit holder.

(b) To the purchaser of the vessel when the vessel is sold.

(c) Upon request of a permit holder, to a replacement vessel owned by an individual other than the permit holder if authorized by the State Department of Fish and Wildlife. However, any transfer of a permit away from a vessel without the written consent of each person holding a security interest in such vessel is void.

(2) Permits may be transferred between vessels where both vessels fall within any one of the following categories:

(a) Vessels less than or equal to 30 feet;

(b) Vessels greater than 30 feet and less than or equal to 42 feet; or

(c) Vessels greater than 42 feet.

(3) A permit may be transferred from a vessel that is in one of the categories defined in subsection (2) of this section to a vessel that is in a different category provided that no vessel permit may be transferred to a vessel more than five feet longer than the vessel from which the permit is being transferred.

(4) A vessel permit may not be transferred more than once in any 12-month period. However, the Commercial Fishery Permit Board may waive the waiting period for additional transfer if the board finds that strict adherence to the waiting period would create undue hardship for the individual seeking transfer of the permit.

(5) Persons requesting the transfer of a permit pursuant to subsection (1)(c) of this section shall provide to the department copies of documents or state registration for each vessel as proof of the length and ownership.

(6) A fee of \$100 shall be charged for each transfer of a vessel permit under this section. [1979 c.613 §9; 1981 c.365 §3; 1983 c.797 §5; 1985 c.159 §1; 1987 c.912 §4; 1989 c.441 §1; 1995 c.602 §14; 2007 c.461 §2; 2009 c.832 §34; 2012 c.17 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.825 - Review of permit denial; rules; fee.**

(1) An individual whose application for renewal or transfer of the permit required by ORS 508.801 is denied by the State Department of Fish and Wildlife may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$125. Such fee shall apply toward the permit fee of successful applicants.

(2) In accordance with any applicable provision of ORS chapter 183, the board shall review denials of applications for renewal or transfer of permits. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board may waive requirements for renewal or transfer of permits if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department its authority to waive requirements for renewal or transfer of permits. [1979 c.613 §11; 1981 c.365 §4; 1983 c.797 §6; 1987 c.912 §5; 1989 c.940 §8; 1995 c.602 §15; 2009 c.832 §35]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.828 - Single delivery license in lieu of vessel permit.**

Notwithstanding ORS 508.801 to 508.825, 508.880, 508.883 and 508.889 to 508.910, subject to ORS 508.316, a vessel not having a permit may in an emergency and with the approval of the State Department of Fish and Wildlife land salmon by purchase of a single delivery license. [1981 c.365 §21; 1999 c.164 §3; 2009 c.11 §76]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.840 - Vessel permit required to engage in fishery; purchase of scallops by dealer from individual without permit prohibited.**

(1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the ocean scallop fishery without first obtaining a vessel permit issued pursuant to ORS 508.840 to 508.867.

(2) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for a wholesaler, canner or buyer to buy or receive scallops taken in the ocean fishery from a vessel for which the permit required by subsection (1) of this section has not been issued.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260. [1981 c.365 §25]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.843 - Use of single delivery license in lieu of permit; reciprocity of law.**

(1) Notwithstanding ORS 508.840, an individual who holds a valid scallop fishing permit required by or issued pursuant to the laws of the states of Washington or California may land scallops in this state that were taken in the ocean fishery without the permit required by ORS 508.840 if the vessel possesses a single delivery license referred to in ORS 508.285.

(2) This section remains operative only while laws or administrative rules in California and Washington are operative that contain, in substance or effect, provisions similar to the provisions of ORS 508.840 (1). [1981 c.365 §26; 1995 c.602 §16; 1999 c.164 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.846 - Issuance of permits restricted.**

Except as provided in ORS 508.861, no new vessel permits shall be issued. [1981 c.365 §27; 1989 c.940 §9; 1995 c.602 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.849 - Renewal of permit.**

An individual who obtained the permit required by ORS 508.840 for calendar year 1981 is eligible to obtain renewal of the permit in a subsequent calendar year, upon application by December 31 of the permit year and payment of the fees therefor, if during the preceding calendar year the vessel for which permit renewal application is made was used in the ocean fishery to take at least 5,000 pounds of food fish which were lawfully landed in this state. [1981 c.365 §28; 1995 c.602 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.852 - Considerations in determining eligibility for permit.**

In making determinations regarding renewal of the permits required by ORS 508.840, the State Department of Fish and Wildlife and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board considers reliable evidence of the qualifications or requirements in question. [1981 c.365 §29; 1989 c.940 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.855 - Permit revocation procedure.**

The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by ORS 508.840 in the manner provided in ORS 508.485 (1) and 508.490. [1981 c.365 §30; 2013 c.164 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.858 - Fee.**

The annual fee for the vessel permit required by ORS 508.840 is:

(1) \$125 for resident applicants.

(2) \$175 for nonresident applicants. [1981 c.365 §31; 1991 c.701 §14; 2009 c.832 §36; 2011 c.613 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.861 - Lottery system for permit issuance; rules.**

The State Department of Fish and Wildlife may establish by rule a lottery system for issuing permits to vessels that do not meet the requirements of ORS 508.849. The department, by rule, shall determine the number of permits and the criteria for issuance. [1981 c.365 §32; 1989 c.940 §11a; 1995 c.602 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.864 - Permit transfer restrictions; fee.**

(1) Notwithstanding any other provision of law, an ocean scallop vessel permit issued pursuant to ORS 508.840 to 508.867 may not be transferred to another vessel:

(a) Until the vessel for which the permit was issued has been used in the ocean scallop fishery for three or more calendar years to land at least 5,000 pounds of food fish annually.

(b) More than once in any 12-month period. However, the Commercial Fishery Permit Board may waive the waiting period if the board finds that strict adherence to the waiting period would create undue hardship for the individual seeking transfer of the permit.

(c) That is more than five feet longer than the vessel from which the permit is transferred.

(2) A fee of \$100 shall be charged for each transfer of a vessel permit under this section. [1981 c.365 §33; 1995 c.602 §20; 2009 c.832 §37]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.867 - Review of permit denial; fee; rules.**

(1) Notwithstanding ORS 508.755 (6)(b) and (c), an individual whose application for renewal of the permit required by ORS 508.840 is denied by the State Department of Fish and Wildlife may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$125. Such fee shall apply toward the permit fee of successful applicants.

(2) In accordance with any applicable provision of ORS chapter 183, the board shall review denials of applications for renewal of permits. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board may waive requirements for renewal of permits if the board finds that the individual for personal or economic reasons chooses to actively fish the permit vessel in some other ocean fishery or if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department the authority to waive eligibility requirements for renewal of permits. [1981 c.365 §34; 1989 c.940 §11; 1995 c.602 §21; 2009 c.832 §38]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.880 - Vessel permit required to engage in fishery; purchase of shrimp by dealers from individual without permit prohibited.**

(1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the ocean pink shrimp fishery without first obtaining a vessel permit issued pursuant to ORS 508.880, 508.883 and 508.889 to 508.910.

(2) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for a wholesaler, canner or buyer to buy or receive pink shrimp (*Pandalus jordani*) taken in the ocean pink shrimp fishery from a vessel for which the permit required by subsection (1) of this section or the license required by ORS 508.883 has not been issued.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260. [1979 c.613 §13; 1981 c.365 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.883 - Use of single delivery license in lieu of vessel permit; reciprocity of law.**

(1) Notwithstanding ORS 508.880, an individual who holds valid commercial fishing permits required by or issued pursuant to the laws of the states of Washington or California to take pink shrimp may land pink shrimp in this state that were taken in the ocean pink shrimp fishery without the permit required by ORS 508.880 if the vessel possesses a single delivery license referred to in ORS 508.285. However, a single delivery license may be used to land pink shrimp only once in a 12-month period as established by rule of the State Fish and Wildlife Director.

(2) Subsection (1) of this section shall apply to a vessel registered under the laws of another state only while laws or administrative rules are operative in that state that contain, in substance or effect, provisions similar to the provisions of subsection (1) of this section. [1979 c.613 §14; 1987 c.912 §9; 1995 c.602 §22; 1999 c.164 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.886 - Limitation on number of permits; eligibility.**

Notwithstanding any other provision of law, until the number of vessel permits required by ORS 508.880 reaches 235:

(1) For calendar year 1987, those persons who delivered pink shrimp by use of a single delivery license referred to in ORS 508.285 during calendar year 1986 are eligible to obtain a permit.

(2) For calendar year 1988, those persons who deliver pink shrimp from their own boats by use of a single delivery license referred to in ORS 508.285 during calendar year 1987 are eligible to obtain a permit, giving priority in the order of the date of delivery.

[1987 c.912 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.889 - Issuance of permits limited.**

Except as provided in ORS 508.904, no new vessel permits shall be issued. [1979 c.613 §15; 1989 c.940 §12; 1995 c.602 §23]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.892 - Renewal of permit; rules.**

(1) An individual who obtained the permit required by ORS 508.880 for a particular calendar year is eligible to obtain renewal of the

permit in a subsequent calendar year upon application and payment of the fees therefor and upon obtaining the annual boat license referred to in ORS 508.285. The permit must be applied for, and the boat license obtained, not later than December 31 of each year or such date as may be established by rule of the State Department of Fish and Wildlife.

(2) An individual who permanently loses the services of a vessel through capsizing, sinking, fire, collision or other catastrophic accident shall remain eligible to obtain a vessel permit for a replacement vessel for two years from the date of loss. [1979 c.613 §16; 1981 c.365 §6; 1985 c.453 §1; 1987 c.912 §8; 1995 c.602 §24; 1999 c.165 §1; 2007 c.768 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.895 - Considerations in determining eligibility for permit.**

In making determinations regarding renewal of the permits required by ORS 508.880, the State Department of Fish and Wildlife and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board considers reliable evidence of the qualifications or requirements in question. [1979 c.613 §17; 1989 c.940 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.898 - Permit revocation procedure.**

The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by ORS 508.880 in the manner provided in ORS 508.485 (1) and 508.490. [1979 c.613 §18; 2013 c.164 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.901 - Fee; application form; rules.**

(1) The annual fee for the vessel permit required by ORS 508.880 is:

(a) \$200 for resident applicants.

(b) \$250 for nonresident applicants.

(2) Applications shall be in such form and contain such information as the State Department of Fish and Wildlife, by rule, may prescribe. [1979 c.613 §19; 1981 c.43 §2; 1987 c.912 §7; 1991 c.701 §15; 2009 c.832 §39; 2011 c.613 §8; 2015 c.779 §39]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.904 - Lottery system for permit issuance.**

(1) Except as provided in subsection (2) of this section, if the number of permits renewed under ORS 508.892 falls below 150, the State Department of Fish and Wildlife shall issue permits by lottery systems for vessels that do not meet such requirements, first among those individuals who landed pink shrimp pursuant to a single delivery license referred to in ORS 508.285, and then among all other individuals making application therefor. However, the number of permits issued pursuant to any such lottery system may not increase the total number of permits issued beyond 150.

(2) The department shall consider a permit transferred to, purchased by or otherwise held by the federal government as a permit renewed under ORS 508.892. A permit transferred to, purchased by or otherwise held by the federal government is a permit under the limit of 150 permits established by this section. [1979 c.613 §20; 1981 c.365 §7; 1987 c.912 §6; 1989 c.940 §15; 1995 c.602 §25; 2001 c.235 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.907 - Permit transfer restrictions; fee.**

(1) The vessel permit required by ORS 508.880 is transferable:

(a) To a replacement vessel of the permit holder. A replacement is any vessel that is purchased for any reason to replace a vessel previously owned by and licensed to the permit holder;

(b) To the purchaser of the vessel when the vessel is sold; or

(c) To a replacement vessel owned by an individual other than the permit holder. However, any transfer of a permit away from a vessel without the written consent of each person holding a security interest in such vessel is void.

(2) A permit may be transferred to a vessel of greater length only if that vessel is within 5 feet in overall length of the vessel from which the permit is being transferred. This provision does not apply if the permit is being transferred from one vessel owned by an individual to another vessel not exceeding 80 feet in length that is owned by the same individual.

(3) A permit may not be transferred to another vessel more than once in a 12-month period. However, the Commercial Fishery Permit Board may waive the waiting period if the board finds that strict adherence to the waiting period would create undue hardship for the individual seeking transfer of the permit.

(4) A fee of \$100 shall be charged for each transfer of a vessel permit under this section. [1979 c.613 §21; 1981 c.365 §8; 1995 c.602 §26; 1999 c.165 §2; 2009 c.832 §40]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.908 - Limits on authority of Commercial Fishery Permit Board to prohibit transfer of valid pink shrimp vessel permits.**

The Commercial Fishery Permit Board may not prohibit the transfer under ORS 508.907 of a valid ocean pink shrimp vessel permit on the basis that:

- (1) The vessel for which the permit was issued did not participate in the ocean pink shrimp fishery for three or more preceding consecutive years to annually land at least 5,000 pounds of shrimp in Oregon, California or Washington; or
- (2) The holder of the permit did not obtain an exemption from the catch requirement. [1999 c.165 §4]

Note:

508.908 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 508 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.910 - Review of permit denial; fee; rules; limitation on transfer of certain permits.**

(1) An individual whose application for renewal of the permit required by ORS 508.880 is denied by the State Department of Fish and Wildlife may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$125. Such fee shall apply toward the permit fee of successful applicants.

(2) In accordance with any applicable provision of ORS chapter 183, the board shall review denials of applications for renewal of permits. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board may waive requirements for renewal of permits if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department its authority to waive requirements for renewal of permits. [1979 c.613 §22; 1981 c.365 §9; 1989 c.940 §14; 1995 c.602 §27; 1999 c.165 §3; 2009 c.832 §41]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.913 - Issuance of permits for vessels engaged in groundfish fishery; permit transfer restriction.**

(1) The Commercial Fishery Permit Board is authorized to receive applications and issue ocean pink shrimp vessel permits for 1982 to trawl vessel owners for those vessels that did not qualify for or receive an ocean pink shrimp permit in 1980, if the board finds that the vessel has been actively engaged in Oregon's groundfish fishing since January 1, 1974, or entered that fishery subsequent to January 1, 1974, but prior to July 1, 1979, and has continued to be actively engaged in that Oregon fishery.

(2) Notwithstanding any other provision of law, without the prior approval of the Commercial Fishery Permit Board, an ocean pink shrimp vessel permit acquired pursuant to subsection (1) of this section may not be transferred to another vessel until the vessel for which the permit was issued has been used in the ocean pink shrimp fishery for two or more calendar years. [1981 c.365 §22]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.915 - Negotiations to establish reciprocal agreements pertaining to pink shrimp.**

The State Fish and Wildlife Director shall work with the appropriate authorities in the states of California and Washington to negotiate reciprocal agreements that would allow vessels registered under the laws of those states to land pink shrimp in Oregon to the same extent that vessels registered in Oregon may land pink shrimp in California or Washington. [1999 c.164 §6]

Note:

508.915 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 508 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.920**

[1979 c.613 §10; 1983 c.419 §3; 1987 c.374 §3; 1995 c.484 §8; renumbered 508.755 in 1995]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.921 - Findings; rules.**

The Legislative Assembly finds that the Oregon ocean Dungeness crab fishery is overcapitalized. This overcapitalization has led to economic destabilization of the ocean Dungeness crab industry and the coastal communities relying on the crab harvest and can cause excessive harvesting pressure on Oregon's ocean Dungeness crab resources. Since the state legislatures of Washington and California have enacted programs restricting participation in the ocean Dungeness crab fishery, the possibility of increased effort in Oregon coastal waters by displaced vessels is increased. Notwithstanding any other provision of the commercial fishing laws, in order to promote the economic well-being of the Oregon ocean Dungeness crab industry and the coastal communities relying on the harvest, to protect the livelihood of participants in the Oregon ocean Dungeness crab fishery who have historically and continuously participated in the ocean Dungeness crab fishery and to prevent a concentration of fishing effort, the State Fish and Wildlife

Commission by rule shall establish a system for restricting participation in the Oregon ocean Dungeness crab fishery. [1995 c.484 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.926 - Vessel permit required to engage in fishery; purchase of crab by dealer from individual without permit prohibited.**

(1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the ocean Dungeness crab fishery without first obtaining a vessel permit issued pursuant to ORS 508.931 or 508.941.

(2) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for a wholesaler, canner or buyer to buy or receive ocean Dungeness crab taken in the ocean fishery from a vessel for which the permit required by subsection (1) of this section has not been issued.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260. [1995 c.484 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.931 - Eligibility for permit.**

(1) The system established under ORS 508.921 shall provide initial eligibility for vessels to participate in the ocean Dungeness crab fishery seasons established by the State Fish and Wildlife Commission, beginning on December 1, 1995, with a transferable ocean Dungeness crab permit only if:

(a) The vessel for which application is made was continuously licensed pursuant to ORS 508.260 for the calendar years 1991 through 1994, and was used in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 500 pounds of ocean Dungeness crab in each of two crab fishing seasons between December 1, 1988, and December 31, 1994;

(b) The vessel for which application is made was under construction between December 1, 1988, and August 14, 1991, for the purpose of ocean Dungeness crab fishing in waters of this state, and the vessel lawfully landed into Oregon ports at least 500 pounds of ocean Dungeness crab in each of two crab fishing seasons between December 1, 1988, and December 31, 1994, and was licensed as an Oregon vessel from the date of completion;

(c) The vessel for which application is made was used in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 500 pounds of ocean Dungeness crab in each of two crab fishing seasons between December 1, 1991, and December 31, 1994, and is owned by a person who, prior to December 31, 1994, sold a vessel that was used prior to sale in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 500 pounds of ocean Dungeness crab in each of two crab fishing seasons between December 1, 1988, and December 31, 1994, and who, as a condition of the sale, retained the sold vessel's commercial fishing rights to fish for ocean Dungeness crab in the ocean waters of Oregon;

(d) The vessel for which application is made was continuously licensed pursuant to ORS 508.260 for the calendar years 1991 through 1994, was used in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 10,000 pounds of ocean Dungeness crab in one crab fishing season between December 1, 1988, and December 31, 1994, and the owner of the vessel on December 31, 1994, demonstrates possession of one or more vessel licenses described in ORS 508.260 in each of 10 separate years during the period December 1, 1980, to December 31, 1994; or

(e) The vessel for which application is made was licensed pursuant to ORS 508.260 during 1994, is 26 feet or less in length and was used in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 100 pounds of ocean Dungeness crab in at least one crab fishing season between December 1, 1988, and December 31, 1994.

(2) As used in this section:

(a) "Crab fishing season" is the time period from December 1 of one year through August 14 of the next year.

(b) "Owner" includes any ownership interest in a vessel, including interests arising from partnership or corporation. [1995 c.484 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.934 - Permit revocation procedure.**

The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a vessel permit required by ORS 508.926 in the manner provided in ORS 508.485 (1) and 508.490. [2014 c.1 §2]

Note:

508.934 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 508 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.936 - Permit transfer restrictions; rules; fee.**

(1) The system established under ORS 508.921 shall include provisions to make the vessel ocean Dungeness crab permit required by ORS 508.926 transferable:

(a) To another vessel; or

(b) To the purchaser of the vessel when the vessel is sold.

- (2) Except as provided in subsection (3) of this section, the vessel to which a permit is transferred may not be:
- (a) More than 10 feet longer than the vessel from which the permit is transferred; or
  - (b) More than 99 feet in length.
- (3) A permit that is transferred to a vessel that is more than 10 feet shorter than the vessel for which the permit was held on January 1, 2013, may subsequently be transferred to a vessel of a length equal to or less than the length of the vessel for which the permit was held on January 1, 2013.
- (4) Notwithstanding subsections (2) and (3) of this section, a permit issued to a vessel:
- (a) Under ORS 508.931 (1)(e) shall be transferred only to a vessel that is 26 feet or less in length.
  - (b) May not be transferred to a vessel that is more than 10 feet longer than the vessel for which the permit was held on January 1, 2006. However, the Commercial Fishery Permit Board may waive the length restriction in this paragraph if the board finds that strict adherence to the length restriction would create undue hardship, as that term is defined by rule by the State Fish and Wildlife Commission, for the individual seeking transfer of the permit.
- (5) Transfer of a permit under this section is subject to the approval of the State Department of Fish and Wildlife according to such rules as the State Fish and Wildlife Commission may adopt. Any transfer of a permit from a vessel without the written consent of each person holding a security interest in the vessel is void.
- (6) For purposes of this section, the length of a vessel shall be determined by the manufacturer's specification of overall length, United States Coast Guard documentation stating overall length or a survey of overall length by a certified marine surveyor, as the State Fish and Wildlife Commission by rule shall establish.
- (7) A fee of \$100 shall be charged for each transfer of a vessel permit under this section. [1995 c.484 §5; 2005 c.629 §3; 2009 c.832 §42; 2014 c.1 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.941 - Review of eligibility determinations; reciprocity with other states; fee.**

- (1) The system established under ORS 508.921 shall include any other provisions for participation that the State Fish and Wildlife Commission considers appropriate.
- (2) Any determination by the commission regarding the eligibility of a vessel to participate in the ocean Dungeness crab commercial fishery or to transfer participation rights is subject to review by the Commercial Fishery Permit Board, in accordance with ORS chapter 183. The board may waive the eligibility requirements contained in ORS 508.931 if the board finds that the individual fails to meet the requirements as the result of illness, fire, sinking, accident or other circumstances beyond the individual's control. In making a determination of eligibility under this section, the board shall consider the applicant's history of participation in the Oregon ocean Dungeness crab fishery. If a vessel for which application is made is owned by a person who has served in the Armed Forces of the United States and the person establishes that a service-related disability prevented the person from lawfully landing crab in two seasons during the prescribed time period, there is a rebuttable presumption in favor of issuing an illness waiver for one of the two seasons of lawfully landing crab in Oregon required under ORS 508.931 so as to require the landing of crab in only one season during the prescribed time period. The rebuttable presumption created by this subsection may be overcome only by clear and convincing evidence that the service-related disability of the person did not prevent the person from lawfully landing crab in two seasons during the prescribed time period. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540.
- (3) A commercial fishing vessel that holds a valid Washington or California permit to fish for ocean Dungeness crab shall be eligible to participate in the Oregon ocean Dungeness crab fishery provided there is reciprocal statutory authority in Washington or California that provides for equal access for vessels holding Oregon ocean Dungeness crab permits to Washington or California coastal waters and Washington waters of the Columbia River. If such reciprocal statutory authority exists, a vessel licensed by Washington or California is eligible to participate in accordance with rules that establish reciprocal border agreements that recognize traditional fishing patterns.
- (4) The annual fee to participate in the ocean Dungeness crab fishery is:
- (a) \$200 for resident applicants.
  - (b) \$250 for nonresident applicants. [1995 c.484 §6; 1997 c.837 §9; 2009 c.832 §43; 2011 c.613 §9; 2015 c.779 §40]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.943 - Requirements related to removal of crab pots; exemptions; permits for removal; rules.**

- (1) As used in this section, "crab fishing season" has the meaning given that term in ORS 508.931.
- (2) A person may not leave a crab pot used as part of the ocean Dungeness crab fishery in the waters of this state more than 15 days after the closure of the crab fishing season.
- (3) The State Fish and Wildlife Commission may issue permits to persons for the removal of crab pots left in violation of subsection (2) of this section:
- (a) Regardless of whether the person who removes the crab pot originally set the crab pot; and
  - (b) If the permit holder also holds a boat license issued pursuant to ORS 508.260.
- (4) By rule the commission:
- (a) Shall establish provisions related to the disposition of the crab pots by the permit holder who removes the crab pots.

- (b) May restrict the removal of crab pots to specific geographic areas.
- (5) The State Department of Fish and Wildlife may exempt certain owners of crab pots from the requirements of subsection (2) of this section. If the department exempts certain owners under this subsection, the department must notify the holders of permits issued under subsection (3) of this section.
- (6) The provisions of ORS 98.005, 98.015, 98.025 and 98.302 to 98.436 do not apply to crab pots removed under the provisions of this section. [2013 c.142 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.945 - Vessel permit required; rules; purchase of black or blue rockfish or nearshore fish from individual without permit prohibited; exemptions.**

- (1) Notwithstanding any other provision of the commercial fishing laws and except as provided in subsection (4) of this section, a person may not operate a vessel for:
  - (a) Landing black rockfish or blue rockfish in a fishery without a black rockfish and blue rockfish vessel permit issued under ORS 508.947; or
  - (b) Landing nearshore fish in a fishery without a black rockfish and blue rockfish vessel permit with a nearshore fish endorsement issued under ORS 508.947.
- (2)(a) The State Fish and Wildlife Commission may prescribe by rule the type of fishing gear that a vessel required to have a permit under this section shall use to land black rockfish, blue rockfish or nearshore fish.
- (b) The commission may not prescribe a rule under this subsection that allows a vessel to use:
  - (A) Diving gear.
  - (B) Pots, unless a vessel was issued a pot endorsement in the Interim Nearshore Fisheries Plan through the Developmental Fisheries Program enacted by the commission.
- (3) Notwithstanding any other provision of the commercial fishing laws, a wholesaler, canner or buyer may not buy or receive black rockfish, blue rockfish or nearshore fish taken in a fishery from a vessel for which the permit required by this section has not been issued, unless the black rockfish, blue rockfish or nearshore fish were taken pursuant to subsection (4)(a), (b) or (c) of this section.
- (4) A person may operate a vessel without a permit required by this section if the person:
  - (a) For only one landing per day, lands no more than 15 pounds of black rockfish, blue rockfish, nearshore fish or a combination of black rockfish, blue rockfish or nearshore fish and if the black rockfish, blue rockfish and nearshore fish:
    - (A) Make up 25 percent or less of the total poundage of the landing; and
    - (B) Are landed with fishing gear that is legal to use in the fishery in which the black rockfish, blue rockfish or nearshore fish are landed;
  - (b) Operates a vessel in the ocean troll salmon fishery pursuant to ORS 508.801 to 508.825 and the person lands black rockfish, blue rockfish or a combination of black rockfish and blue rockfish in the same landing in which the person lands a salmon under the permit required by ORS 508.801 to 508.825. The black rockfish or blue rockfish landed under this paragraph must be landed dead. A person who lands black rockfish and blue rockfish under this paragraph may land up to the greater of:
    - (A) 30 black rockfish or 30 blue rockfish per landing or a combination of 30 black rockfish and blue rockfish per landing;
    - (B) 100 pounds of black rockfish, blue rockfish or a combination of black rockfish and blue rockfish per landing;
  - (c) Operates a vessel in the west coast groundfish trawl fishery pursuant to federal regulations and lands no more than 1,000 pounds of black rockfish, blue rockfish or a combination of black rockfish and blue rockfish per calendar year and if the black rockfish and blue rockfish:
    - (A) Make up 25 percent or less of the total poundage of each landing; and
    - (B) Are landed dead; or
  - (d) Is a nonprofit aquarium or has contracted with a nonprofit aquarium to land black rockfish, blue rockfish or nearshore fish for the purpose of displaying or conducting research on the black rockfish, blue rockfish or nearshore fish.
- (5) Notwithstanding the amounts set forth in subsection (4)(b) of this section, the State Fish and Wildlife Commission may change the amounts of black rockfish, blue rockfish or the combination of black rockfish and blue rockfish allowed to be landed under subsection (4)(b) of this section by rule based on an assessment of the resource. [2003 c.809 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.947 - Eligibility for permit; renewal; rules.**

- (1) The State Department of Fish and Wildlife may issue a black rockfish and blue rockfish vessel permit to an owner of a vessel that landed a minimum of 750 pounds of nontrawl caught black rockfish, blue rockfish or nearshore fish in any one calendar year between January 1, 1995, and January 1, 2001, or in the six-month period between January 1, 2001, and July 1, 2001, for delivery to a fish processor licensed pursuant to ORS 508.025.
- (2) The department may issue a black rockfish and blue rockfish vessel permit with a nearshore fish endorsement to an owner of a vessel that was issued a permit under the Interim Nearshore Fisheries Plan through the Developmental Fisheries Program.
- (3) The department may renew a black rockfish and blue rockfish vessel permit or a black rockfish and blue rockfish vessel permit with a nearshore fish endorsement if the vessel made a minimum of five commercial fish landings during the calendar year prior to the request for renewal for delivery to a fish processor licensed pursuant to ORS 508.025.

(4) Permits issued under this section expire on December 31 of each year or on such date as may be specified by department rule. An owner of a vessel with a permit must submit a renewal application to the department by January 1 of each year or by such date as may be specified by department rule. If the owner of a vessel with a permit does not timely submit a renewal application, the department shall, not more than 30 days after the application was due, send to the owner by certified letter a notice of the failure to submit the renewal application. An owner may submit a late application to renew a permit not more than 90 days after the application was due if the owner pays a \$150 late fee in addition to the fee required in ORS 508.949.

(5) In making determinations regarding initial eligibility for and renewal of a permit issued under this section, the department may consider department records and receipts and accounts, contracts and other business records of private parties that the department considers reliable.

(6) Except as provided in ORS 508.955, new vessel permits may not be issued under this section after December 30, 2005. [2003 c.809 §3; 2005 c.629 §2; 2007 c.768 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.949 - Fees; application form; rules.**

(1) The annual fee for a black rockfish and blue rockfish vessel permit or a black rockfish and blue rockfish vessel permit with a nearshore fish endorsement issued under ORS 508.947 is:

(a) \$125 for resident applicants.

(b) \$175 for nonresident applicants.

(2) Applications for a permit shall be in such form and contain such information as the State Department of Fish and Wildlife, by rule, may prescribe.

(3) All fees collected under this section and ORS 508.505 (1)(b) and 508.947 shall be placed into the Black Rockfish, Blue Rockfish and Nearshore Species Research Account established in ORS 508.951. [2003 c.809 §4; 2009 c.832 §44; 2015 c.779 §41]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.951 - Black Rockfish, Blue Rockfish and Nearshore Species Research Account; sources; uses.**

(1) There is established a Black Rockfish, Blue Rockfish and Nearshore Species Research Account in the State Treasury, separate and distinct from the General Fund. Interest on moneys in the account shall be credited to the account.

(2) The account shall consist of moneys deposited into the account by the State Department of Fish and Wildlife from fees collected for the value of black rockfish, blue rockfish or nearshore fish at the point of landing pursuant to ORS 508.505 (1)(b) and black rockfish and blue rockfish vessel permit fees and late fees collected under ORS 508.947 and 508.949. The moneys in the account are continuously appropriated to the State Department of Fish and Wildlife for gathering and analyzing data and conducting research on the black rockfish and blue rockfish fishery and the nearshore species fishery. [2003 c.809 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.953 - Log book required; collection and report of data.**

(1) An owner of a vessel that has a black rockfish and blue rockfish vessel permit or a black rockfish and blue rockfish vessel permit with a nearshore fish endorsement shall keep a log book that includes:

(a) The amount of food fish that are caught;

(b) The date on which the food fish are caught;

(c) The species of food fish that are caught by the vessel; and

(d) Any other information that the State Department of Fish and Wildlife may prescribe.

(2) The State Department of Fish and Wildlife shall:

(a) Annually collect and summarize the information required by subsection (1) of this section; and

(b) Present a report on the black rockfish and blue rockfish fishery and the nearshore species fishery, including the summary prepared in paragraph (a) of this subsection, to the State Fish and Wildlife Commission during a public meeting held by July 1.

[2003 c.809 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.955 - Lottery system for permit issuance; rules.**

(1) The State Fish and Wildlife Commission may establish by rule a lottery for issuing permits to vessels under ORS 508.947.

(2) A vessel may qualify for the lottery if the vessel:

(a) Has a boat license issued pursuant to ORS 508.260 for the current year; and

(b) Had a boat license issued pursuant to ORS 508.260 for the previous year.

(3) Based on an assessment of the resource, the commission may:

(a) Suspend the lottery for up to two years; and

(b) Renew a suspension of the lottery every two years.

(4) The commission shall establish by rule a threshold number of permits below which the department shall issue permits through the lottery. [2003 c.809 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.957 - Permit transfer restrictions; fee.**

- (1) A black rockfish and blue rockfish vessel permit with a nearshore fish endorsement issued under ORS 508.947 may be transferred to another vessel if:
- (a) The permit has been renewed a minimum of five times; and
  - (b) The vessel operating under the permit has made, in the previous calendar year, a minimum of five landings that contained at least 15 pounds of black rockfish, blue rockfish or nearshore fish.
- (2) Notwithstanding subsection (1) of this section, a black rockfish and blue rockfish vessel permit with a nearshore fish endorsement:
- (a) May be transferred one time per calendar year to a replacement vessel that is owned by the same person that owns the vessel to which the permit was originally issued.
  - (b) That is issued to a vessel owned by a sole proprietor may be transferred upon the death of the sole proprietor.
- (3) A black rockfish and blue rockfish vessel permit with a nearshore fish endorsement may not be transferred to a vessel that is more than five feet longer than the vessel to which the permit was originally issued.
- (4) A black rockfish and blue rockfish vessel permit issued under ORS 508.947:
- (a) May be transferred to another vessel except as provided in paragraph (b) of this subsection.
  - (b) May not be transferred to a vessel that is more than five feet longer than the vessel to which the permit was originally issued.
- (5) A fee of \$100 shall be charged for each transfer of a vessel permit under this section. [2003 c.809 §8; 2009 c.832 §45]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.960 - Review of permit denial; fee; rules.**

- (1) A person whose application for issuance, renewal or transfer of a permit under ORS 508.947 is denied by the State Department of Fish and Wildlife may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$125, which shall apply toward the permit fee if the application is approved.
- (2) In accordance with the applicable provisions of ORS chapter 183, the board shall review denials of applications for issuance, transfer or renewal of permits. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board may waive requirements for renewal or transfer of permits if the board finds that the person fails to meet the requirements as the result of illness, accident or other circumstances beyond the person's control.
- (3) In accordance with the applicable provisions of ORS chapter 183, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers under this section. [2003 c.809 §9; 2009 c.832 §46]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 508 - Licenses and Permits Section 508.980 - Legislative findings and policy; Columbia River fish management and reform; adaptive management actions; rules.**

- (1) The Legislative Assembly finds that it is the policy of the State of Oregon that rules as a whole related to Columbia River fish management and reform that are adopted by the State Fish and Wildlife Commission:
- (a) Optimize overall economic benefits to this state;
  - (b) Enhance the economic viability of Oregon's recreational and commercial fisheries and the communities that rely on these fisheries;
  - (c) Contribute to native fish conservation and recovery;
  - (d) Promote orderly fishery management with the State of Washington; and
  - (e) Provide consistency with agreements made with Indian tribes pursuant to state or federal court orders.
- (2) If economic, including commercial harvest, or conservation objectives related to Columbia River fish management and reform adopted by rule of the commission are not met, then by rule the commission must provide for adaptive management actions that are designed to efficiently achieve the respective economic, including commercial harvest, or conservation objectives, including but not limited to:
- (a) Modifying or halting the schedule and degree of shifts in harvest and impact allocations specified in rules of the commission as necessary to attain harvest objectives through improved harvest levels in either off-channel or mainstem fisheries, within the context of naturally varying run sizes;
  - (b) Advancing additional fishery opportunities, seasons or selective fishing gear; or
  - (c) Improving hatchery fish production or the timing, size or location of hatchery fish releases.
- (3) As part of the rules related to Columbia River fish management and reform, the commission shall establish a zone at the mouth of Youngs Bay in which recreational fishing, including recreational fishing taking place with guide boats, is prohibited in order to reduce the interception of hatchery fish returning to the off-channel commercial fishery in Youngs Bay. At least once every three years, the commission shall evaluate the impacts and effectiveness of this zone and make adjustments, including the removal of the prohibition described in this subsection, as necessary to meet the objectives described in subsection (1) of this section. [2013 c.672]

§3a]

Note:

508.980 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 508 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

Note:

Sections 7 and 8, chapter 672, Oregon Laws 2013, provide:

Sec. 7. Fishery enhancement on Columbia River.

(1) The Columbia River Fisheries Enhancement Fund is established in the State Treasury, separate and distinct from the General Fund. Interest earned by the Columbia River Fisheries Enhancement Fund shall be credited to the fund.

(2) Moneys in the fund are continuously appropriated to the State Fish and Wildlife Commission to implement measures that enhance fisheries, advance selective harvest practices, optimize the economic benefits of fisheries, improve monitoring and data regarding fishery-related mortality and advance native fish conservation directly related to Columbia River fish management and reform adopted by rule of the commission.

(3) The commission shall annually make available on a website of the commission or State Department of Fish and Wildlife a summary of the uses of the moneys in the fund.

(4) The commission may accept grants, donations, contributions or gifts from any source for deposit in the Columbia River Fisheries Enhancement Fund.

(5) The Columbia River Fisheries Enhancement Fund shall consist of:

(a) Moneys accepted by the commission pursuant to subsection (2) of this section.

(b) Fees collected by the commission under ORS 496.146 (23). [2013 c.672 §7; 2021 c.169 §1]

Sec. 8.

(1) Section 7, chapter 672, Oregon Laws 2013, is repealed on January 2, 2026.

(2) The Columbia River Fisheries Enhancement Fund established under section 7, chapter 672, Oregon Laws 2013, is abolished January 2, 2026.

(3) Any unexpended moneys remaining in the Columbia River Fisheries Enhancement Fund on January 2, 2026, shall be transferred to the State Wildlife Fund. [2013 c.672 §8; 2021 c.169 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.001 - Definitions.**

The definitions prescribed by ORS 506.001 to 506.025 apply to this chapter. [1965 c.570 §91]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.006 - General prohibition regarding taking, possessing, buying, selling or handling food fish.**

It is unlawful to take, possess, buy, sell or otherwise handle any food fish in or from any waters of this state, during times, in a manner or by means of the fishing gear prohibited by law. [1965 c.570 §92]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.011 - Prohibited activities during closed season.**

(1) It is unlawful, during a closed season on any of the waters of this state, to:

(a) Take or transport food fish taken in or upon such waters.

(b) Make use of a boat or any fishing gear to take or transport food fish taken in such waters.

(c) Have, leave or cause to be left in such waters any fishing gear in a condition to take food fish.

(2) It is unlawful to:

(a) Buy, receive, possess or sell food fish unlawfully caught during a closed season.

(b) Make use of a vehicle of any kind whatsoever for transporting, or intended to be used for transporting, in any place, food fish unlawfully taken during a closed season, or unlawfully brought into this state. [1965 c.570 §93]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.015 - Forfeiture of boat, vessel or fishing gear unlawfully used; seizure and disposition of food fish unlawfully taken.**

(1) In addition to the penalty prescribed by ORS 506.991, upon conviction of a violation of ORS 509.011, the court may order the forfeiture of the boat, vessel, vehicle and fishing gear unlawfully used, in the manner provided by ORS 506.695 and 506.700, and the clear proceeds of the property forfeited shall be deposited with the State Treasury in the Common School Fund.

(2) All food fish taken, transported or possessed in violation of ORS 509.011 are subject to seizure by the State Fish and Wildlife Director, a deputy fish or game warden or a member of the state police, either with or without arrest. Upon such seizure, the fish are subject to forfeiture and disposition pursuant to ORS 506.690. [Amended by 1957 c.133 §1; 1965 c.570 §95; 1977 c.652 §8; 1987 c.858 §9; 1993 c.699 §29]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.019 - Consumption of catch at sea lawful without payment of fee.**

Notwithstanding any other provision of law, an individual lawfully engaged in commercial fishing, while at sea, may consume a portion of the lawful commercial catch, without payment of the fees required under ORS 508.505. [1987 c.178 §2; 1991 c.701 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.025 - Selling or transporting food fish taken by angling.**

It is unlawful to sell within this state, or transport out of this state for the purpose of sale, food fish taken from any waters of this state by means of angling. [Amended by 1965 c.570 §94; subsection (2) enacted as 1965 c.570 §107; 1977 c.242 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.031 - Rainbow trout as game fish; return to water of incidental commercial catch.**

(1) It shall be the policy of the State of Oregon that rainbow trout, *Oncorhynchus mykiss*, including steelhead trout are game fish, and shall be managed to provide recreational angling for the people and to protect wild native stocks. Recognizing that rainbow trout are sometimes intermingled with food fish, the State Fish and Wildlife Commission shall regulate to minimize the incidental catch of rainbow trout that may be taken under subsection (2) of this section by commercial fishing gear, including but not limited to regulations as to season, gear and area.

(2) Any rainbow trout, *Oncorhynchus mykiss*, including steelhead trout taken as an incidental catch, by any person fishing commercially shall be returned immediately to the water and shall not be bought or sold within the state.

(3) Nothing in this section is intended to affect Indian fishing rights as granted by federal treaties. [1975 c.1 §2 (enacted in lieu of 509.030); 1987 c.199 §1; 1991 c.47 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.040 - Small or immature salmon protected; exceptions; rules.**

(1) Any person who takes any immature salmon of any variety less than 20 inches in length, or any mature salmon of any variety less than 15 inches in length, by any means other than angling, shall immediately return such salmon alive to the water.

(2) It is unlawful to:

(a) Take, buy, sell or possess immature salmon less than 20 inches or mature salmon less than 15 inches in length, taken in any waters of this state, at any time or in any manner except by angling.

(b) Take, molest, kill or injure, in any manner at any time, or expose for sale or have in possession, except for the purpose of propagation when authorized by law, any spawning salmon.

(3) Notwithstanding subsections (1) and (2) of this section it is lawful to take precocious salmon commonly called jack salmon less than 15 inches in length from the waters of this state, except the Pacific Ocean and to buy, sell or possess such salmon.

(4) To further protect immature salmon the State Fish and Wildlife Commission may establish by rule a minimum size for any species of salmon which is greater than 20 inches. [Amended by 1965 c.570 §97]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.060**

[Amended by 1965 c.570 §96; renumbered 509.185]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.065**

[Amended by 1959 c.254 §1; 1965 c.570 §101; renumbered 509.112]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.070 - Selling, canning, processing or preserving food fish out of water longer than 60 hours.**

It is unlawful to sell, can, process or preserve for food any food fish that have been removed from the water for a longer period than 60 hours, unless such fish have been artificially chilled. [Amended by 1965 c.570 §102]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.075 - Packing or selling food fish unfit for human consumption.**

If the State Fish and Wildlife Commission or its authorized representatives finds that food fish about to be processed, packed, canned, preserved in ice or sold in the open market are unfit for human consumption, it or they shall notify the packer or possessor of such fish of the fact. If, in spite of any warning given to such packer or possessor, such fish are packed, demand shall be made upon the packer to keep such fish separate and apart from the balance of the output or pack of the packer, and a full report shall be made of the matter to both the state and the federal health authorities. [Amended by 1965 c.570 §103]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.105 - Possession, importation or transportation of food fish unlawfully taken in other state.**

It is unlawful to possess, import into this state or transport within this state any food fish which have been unlawfully taken or transported under the laws of another state. [Amended by 1957 c.291 §1; 1965 c.570 §108]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.110 - Fish transporters to require statement from shipper; examination by commission.**

(1) All transportation companies, common carriers or other persons or agencies transporting food fish, fresh, frozen, salted, smoked, kippered or preserved in ice, shall require of the shipper, before accepting such shipments, a signed statement in writing showing:

- (a) The name of the consignor or shipper.
- (b) The name of the consignee.
- (c) The net weight in pounds of each species of fish in the shipment, in the whole or round, or dressed.
- (d) The date of the shipment.

(2) The State Fish and Wildlife Commission may require such statement to be forwarded to its office.

(3) The State Fish and Wildlife Director or the authorized representative of the director may at any time examine the records of any such transportation companies, common carriers or other persons or agencies, for the purpose of enforcing this section. [Amended by 1965 c.570 §109]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.112 - Wasting food fish.**

It is unlawful for any person wantonly to waste or destroy any food fish. [Formerly 509.065]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.115 - Placing in waters fish harmful to food fish.**

It is unlawful, without written authority from the State Fish and Wildlife Commission, to place in any of the waters of this state any species or variety of fish whatsoever which are inimical to or destructive of food fish. [Amended by 1965 c.570 §105]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.120 - Using electricity to disturb food fish.**

It is unlawful to use or permit to be used in any of the waters of this state any electrical device, appliance or current which in any manner has a tendency to retard, scare, frighten or obstruct any food fish in their migrations or movements in such waters without first having obtained the consent of and a permit from the State Fish and Wildlife Director. [Amended by 1965 c.570 §106]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.122 - Definitions for ORS 509.125 to 509.155.**

As used in ORS 509.125 to 509.155, unless the context requires otherwise:

- (1) "Explosives" means any explosive substances whatever, including but not limited to powder, dynamite and nitroglycerine.
- (2) "Substance deleterious to fish" includes but is not limited to any drug, powder, chemical, medicated bait, gas, cocculus indicus or extract therefrom, inimical to fish. [1965 c.570 §110]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.125 - Placing substances in water to drive fish from closed areas.**

It is unlawful to place or cause to be placed in any stream of this state where anadromous or food fish run or exist, within the distance from any dam, fishway or object in which the taking of any anadromous or food fish by means other than angling is prohibited by law, any blood or offal of fish, or any other substance, matter or contrivance that will frighten or drive anadromous or food fish, or with intent to drive or frighten, out of that part of the waters of any stream in which it is unlawful to take such fish. [Amended by 1965 c.570 §111]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.130 - Placing substances in water or using explosives to take or destroy food fish.**

It is unlawful, for the purpose of taking or destroying any food fish, to:

- (1) Throw, cast or pass, or cause or permit to be thrown, cast or passed, in any waters of this state in which food fishes are wont to be, any substance deleterious to fish; or
- (2) Explode or cause to be exploded in any waters of this state, any explosives. [Amended by 1963 c.112 §1; 1965 c.570 §112]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.140 - Placing explosives or harmful substances in waters in course of lawful work; permit.**

(1) Whenever in the course of removing any obstruction in any waters of this state, or in constructing any foundations for dams, bridges or other structures, or in carrying on any trade or business, any person, municipal corporation, political subdivision or governmental agency desires to use explosives or any substances deleterious to fish, such person, municipal corporation, political subdivision or governmental agency shall make application to the State Fish and Wildlife Commission for a permit to use the explosives or substances in such waters.

(2) If the commission finds it necessary that the explosives or substances be used, it may make an order granting such person, municipal corporation, political subdivision or governmental agency the right to use the explosives or substances and shall:

(a) Designate the places and period within which the explosives or substances may be used; and

(b) Prescribe such precautions as will save fish from injury.

(3) It is unlawful to disregard such order or fail to obtain such order or permit before using explosives or substances deleterious to fish. [Amended by 1963 c.112 §2; 1965 c.570 §113]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.150 - Use by commission of explosives or substances to destroy predatory fish.**

Nothing in ORS 509.125 to 509.155 prevents the State Fish and Wildlife Commission from using any explosives or substances deleterious to fish for the purpose of destroying German carp or any other predatory fish inimical to food fish, or from carrying out any of the commercial fishing laws. [Amended by 1965 c.570 §114]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.155 - Possession of fish taken by explosives or harmful substance justifies arrest; burden of proof.**

Having in possession any food fish under circumstances which make it reasonable to believe that they were taken by means of explosives or substances deleterious to fish justifies the arrest of the person having the fish in possession. It is then incumbent upon such person to prove and show that the fish were taken by lawful means. [Amended by 1965 c.570 §115]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.160 - Prohibition on possession, sale, trade or distribution of shark fins; exceptions.**

(1) As used in this section:

(a) "Shark fin" means the raw or dried fin or tail of a shark.

(b) "Spiny dogfish" means a shark belonging to the family Squalidae in the order Squaliformes that has two spines, one anterior to each dorsal fin, and that does not have an anal fin.

(2) A person may not possess, sell or offer for sale, trade or distribute a shark fin in this state.

(3) This section does not apply to:

(a) A person who possesses, sells or offers for sale, trades or distributes a shark fin from a spiny dogfish that was legally taken or landed under rules adopted by the State Department of Fish and Wildlife and in accordance with federal regulations;

(b) A person who holds a license or permit issued by the State Department of Fish and Wildlife under the commercial fishing laws to take a shark and who possesses, sells or offers for sale, trades or distributes a shark fin consistent with the terms of that license or permit; and

(c) A fish processor who holds a license under the commercial fishing laws, who possesses and processes a shark obtained from a person described in paragraph (a) of this subsection and who sells or offers for sale, trades or distributes the shark fin consistent with the terms of the license of that fish processor. [2011 c.371 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.230 - Possession of fish taken by lawful gear from Pacific Ocean outside Oregon jurisdiction; taking salmon only by troll within Oregon jurisdiction.**

(1) Subject to the conditions provided in this section and ORS chapter 513, it is unlawful to have in possession any food fish taken in the waters of the Pacific Ocean outside the territorial jurisdiction of this state by means of any fishing gear except as provided by law or rule of the State Fish and Wildlife Commission, for:

(a) The purpose of commercially packing, canning or preserving the fish.

(b) The manufacture of fish meal, fish oil or other fish products or by-products.

(c) Sale as fresh fish for general consumption.

(d) Bait.

(2) It is also unlawful to take any salmon for commercial purposes in any of the waters of the Pacific Ocean within the jurisdiction of this state or over which this state has concurrent jurisdiction by means of any fishing gear other than by "troll." [Amended by 1955 c.178 §1; 1961 c.680 §1; 1965 c.570 §122; 2013 c.672 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.235 - Certain sturgeon lines prohibited.**

It is unlawful to use or assist in using any Chinese sturgeon line, or lines of a similar character, in the waters of this state. [Amended by 1965 c.570 §119]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.240 - Snagging nets during closed season allowed.**

It is lawful to operate or use a net consisting of a single nylon or cotton web of a mesh not less than 14 inches, taut measure, hung or attached to not to exceed two lead lines combined and used as a single line and a single cork line, in any of the waters of this state, during any season or period closed to commercial fishing by law or by rule of the State Fish and Wildlife Commission, for the purpose of clearing away or removing snags or similar obstructions from gillnet drifts and other suitable or desirable fishing areas. [Amended by 1961 c.370 §1; 1965 c.570 §120]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.245 - Notice to director of use of snagging net.**

Any person desiring to operate a snagging net as provided in ORS 509.240 shall, before operating or attempting to so operate such net, obtain from the State Fish and Wildlife Director a snagging permit by forwarding a written request to the office of the State Fish and Wildlife Commission specifically providing:

- (1) The particular gillnet drift, fishing ground or other area to be cleared;
- (2) The waters in which located;
- (3) The mesh size of the snagging net to be used; and
- (4) The dates on which or within which the proposed snagging operations will be carried on. In specifying any such dates, no one notice is valid for a period of more than 30 days from the date thereof. [Amended by 1965 c.570 §121]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.355 - Definitions for ORS 509.355 to 509.385.**

As used in ORS 509.355 to 509.385:

- (1) "Citizen of this state" means a person who maintains the usual place of abode of the person within this state or who otherwise qualifies as a citizen of this state under the laws of this state.
- (2) "International waters" means waters outside the territorial boundaries of any state, territory or country. [1957 c.152 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.360 - When ORS 509.355 to 509.385 operative; proof.**

- (1) ORS 509.355 to 509.385 shall not be operative at any time unless laws or rules or regulations of California, Washington and Canada are effective which, in substance or effect, contain provisions:
    - (a) Similar to and which accomplish the purposes of ORS 509.355 to 509.385; or
    - (b) Which prohibit the possession or transportation within their respective territorial waters of the Pacific Ocean of salmon taken by any type of net within the international waters of the Pacific Ocean or within their respective territorial waters of the Pacific Ocean and not accompanied by a certificate issued under the authority of this state or of another state, territory or country showing that such salmon were lawfully taken.
  - (2) Such laws or rules or regulations of California, Washington and Canada shall be considered effective upon receipt by the Secretary of State of this state of certified written statements from the respective secretaries of state of California and Washington and from the Department of State of the United States on behalf of Canada setting forth such laws or rules or regulations and the date on which they are effective. Such certified written statements, together with a written statement of the Attorney General of this state that the provisions of subsection (1) of this section are satisfied by such laws or rules or regulations, are conclusive proof that the provisions of subsection (1) of this section are so satisfied. In any prosecution for violation of any provision of ORS 509.365, 509.370 or 509.375, proof of the existence of such certified written statements and written statement of the Attorney General of this state need not be made unless demanded by the defendant prior to the commencement of trial. [1957 c.152 §§9,10; 1965 c.570 §123]
- Note:

509.355 to 509.385 are operative and in full force and effect. A written statement of the Attorney General of the State of Oregon, dated October 16, 1957, states that the provisions of 509.360 are satisfied.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.365 - Taking salmon by net in waters of Pacific Ocean over which Oregon has jurisdiction prohibited.**

No person shall fish for or take, by the use of any type of net, any salmon within the waters of the Pacific Ocean, over which this state has jurisdiction, lying westerly of the following described line: Commencing at the point of intersection of the California-Oregon state boundary with the Pacific Ocean high water mark shoreline; thence northerly along such high water mark shoreline, including extensions thereof across the waters of the bays or tidal areas of streams emptying into the Pacific Ocean, to the mouth of the Columbia River; thence northerly across the waters of the Columbia River along the line designating and defining the

mouth of such river under ORS 511.130 (1961 Replacement Part) to the point of intersection of such line with the Oregon-Washington state boundary. [1957 c.152 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.370 - Taking of salmon by net in international waters of Pacific Ocean by Oregon citizen prohibited.**

No citizen of this state shall fish for or take, by the use of any type of net, any salmon within the international waters of the Pacific Ocean. [1957 c.152 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.375 - Transporting or possessing salmon unlawfully taken by net in certain waters prohibited.**

No person shall transport through the waters of this state wherein net fishing for salmon is prohibited or have in possession anywhere within this state any salmon which were taken by any type of net within the international waters of the Pacific Ocean or within the territorial waters of this state or of another state, territory or country wherein such fishing is prohibited and which are not accompanied by a certificate issued under the authority of this state or of another state, territory or country showing that such salmon were lawfully taken. [1957 c.152 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.385 - Exceptions.**

ORS 509.355 to 509.385 do not apply to:

- (1) Those species of salmon in those areas within the international waters of the Pacific Ocean that are regulated by the Pacific Salmon Commission or by United States laws or rules or regulations promulgated pursuant to such laws.
- (2) The use of nets for fishing for or taking salmon for purposes of scientific investigation authorized by the laws of this state. [1957 c.152 §6; 2011 c.9 §70]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.415 - Gear used in taking crab; selling crabs unlawfully taken.**

- (1) No person shall take a crab from any of the waters of the state for commercial purposes, with or by the use of any other gear than that specifically known as crab ring or crab pot, or sell or offer for sale crabs unlawfully caught.
- (2) The taking of Dungeness crab (Cancer magister) for commercial purposes from any of the waters of this state, by the use of any gear except that commonly known as crab ring or crab pot, is prohibited.
- (3) Each crab ring or crab pot used for the taking of crabs for commercial purposes must have attached to it a tag identifying the owner or the vessel from which the rings or pots are operated. [Amended by 1997 c.252 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.425**

[Amended by 1965 c.570 §128; 1969 c.675 §1; 1981 c.638 §3; renumbered 622.220]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.500**

[Amended by 1977 c.242 §7; renumbered 622.350]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.505 - Placing in water matter injurious to shellfish.**

It is unlawful for any person, municipal corporation, political subdivision or governmental agency to deposit or allow to escape into, or cause or permit to be deposited or escape into any public waters of this state, any substance of any kind which will or shall in any manner injuriously affect the life, growth or flavor of shellfish in or under such waters. [Formerly 509.460]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.510 - Taking shellfish from marked beds without permission; disturbing beds.**

It is unlawful, without the permission of the legal occupants, to take up shellfish from natural or artificially planted beds, which beds have been lawfully and plainly marked. It is unlawful willfully to disturb the shellfish in such beds, the surfaces of such beds, or the markers. [Formerly 509.475]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.515 - Landing or possession of krill prohibited.**

A person who holds a license or permit issued under the commercial fishing laws may not possess or land any species of euphausiids, commonly known as krill, or take euphausiids from any waters of the Pacific Ocean over which this state has jurisdiction, including the area outside the territorial jurisdiction of this state but within the part of the exclusive economic zone of the United States represented by a straight line extension of the boundaries of the state drawn seaward a distance of 200 nautical miles. [2003 c.809 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.580 - Definitions for ORS 509.580 to 509.590, 509.600 to 509.645 and 509.910; rules.**

As used in ORS 509.580 to 509.590, 509.600 to 509.645 and 509.910:

- (1) "Artificial obstruction" means any dam, diversion, culvert or other human-made device placed in the waters of this state that precludes or prevents the migration of native migratory fish.
- (2) "Construction" means:
  - (a) Original construction;
  - (b) Major replacement;
  - (c) Structural modifications that increase storage or diversion capacity; or
  - (d) For purposes of culverts, installation or replacement of a roadbed or culvert.
- (3) "Emergency" means unforeseen circumstances materially related to or affected by an artificial obstruction that, because of adverse impacts to a population of native migratory fish, requires immediate action. The State Fish and Wildlife Director may further define the term "emergency" by rule.
- (4) "Fundamental change in permit status" means a change in regulatory approval for the operation of an artificial obstruction where the regulatory agency has discretion to impose additional conditions on the applicant, including but not limited to licensing, relicensing, reauthorization or the granting of new water rights, but not including water right transfers or routine maintenance permits.
- (5) "In-proximity" means within the same watershed or water basin and having the highest likelihood of benefiting the native migratory fish populations directly affected by an artificial obstruction.
- (6) "Native migratory fish" means those native fish that migrate for their life cycle needs and that are listed in the rules of the State Fish and Wildlife Director.
- (7) "Net benefit" means an increase in the overall, in-proximity habitat quality or quantity that is biologically likely to lead to an increased number of native migratory fish after a development action and any subsequent mitigation measures have been completed.
- (8) "Oregon Plan" means the guidance statement and framework described in ORS 541.898. [2001 c.923 §1]

Note:

509.580 to 509.590 and 509.595 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 509 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.585 - Fish passage required for artificial obstructions; statewide inventory; waiver of requirement by commission; rules; exemptions.**

- (1) It is the policy of the State of Oregon to provide for upstream and downstream passage for native migratory fish and the Legislative Assembly finds that cooperation and collaboration between public and private entities is necessary to accomplish the policy goal of providing passage for native migratory fish and to achieve the enhancement and restoration of Oregon's native salmonid populations, as envisioned by the Oregon Plan. Therefore, except as provided in ORS chapter 509, fish passage is required in all waters of this state in which native migratory fish are currently or have historically been present.
- (2) Except as otherwise provided by this section or ORS 496.266 or 509.645, a person owning or operating an artificial obstruction may not construct or maintain any artificial obstruction across any waters of this state that are inhabited, or historically inhabited, by native migratory fish without providing passage for native migratory fish.
- (3) The State Department of Fish and Wildlife shall complete and maintain a statewide inventory of artificial obstructions in order to prioritize enforcement actions based on the needs of native migratory fish. This prioritization shall include, but need not be limited to, the degree of impact of the artificial obstruction on the native migratory fish, the biological status of the native migratory fish stocks in question and any other factor established by the department by rule. The department shall establish a list of priority projects for enforcement purposes. Priority artificial obstructions are subject to the State Fish and Wildlife Commission's authority as provided in ORS 509.625. Unless requested by persons owning or operating an artificial obstruction, the department shall primarily direct its enforcement authority toward priority projects, emergencies and projects described in subsection (4) of this section. The priority project list shall be subject to periodic review and amendment by the department and to formal review and amendment by the commission no less frequently than once every five years.
- (4) A person owning or operating an artificial obstruction shall, prior to construction, fundamental change in permit status or abandonment of the artificial obstruction in any waters of this state, obtain a determination from the department as to whether native migratory fish are or historically have been present in the waters. If the department determines that native migratory fish are or historically have been present in the waters, the person owning or operating the artificial obstruction shall either submit a proposal for fish passage to the department or apply for a waiver pursuant to subsection (7) of this section. Approval of the proposed fish passage facility or of the alternatives to fish passage must be obtained from the department prior to construction, permit modification or abandonment of the artificial obstruction.
- (5) Consistent with the purpose and goals of the Oregon Plan, the department shall seek cooperative partnerships to remedy fish passage problems and to ensure that problems are corrected as soon as possible. The department and the person owning or operating the artificial obstruction are encouraged to negotiate the terms and conditions of fish passage or alternatives to fish passage, including appropriate cost sharing. The negotiations may include, but are not limited to, consideration of equitable factors.
- (6) The department shall submit a proposed determination of the required fish passage or alternatives to fish passage to the commission for approval. The determination may be the result of the negotiations described in subsection (5) of this section or, if no

agreement was reached in the negotiations, a determination proposed by the department. If a protest is not filed within the time period specified in ORS 509.645, the proposed determination shall become a final order.

(7)(a) The commission shall waive the requirement for fish passage if the commission determines that the alternatives to fish passage proposed by the person owning or operating the artificial obstruction provide a net benefit to native migratory fish.

(b) Net benefit to native migratory fish is determined under this subsection by comparing the benefit to native migratory fish that would occur if the artificial obstruction had fish passage to the benefit to native migratory fish that would occur using the proposed alternatives to fish passage. Alternatives to fish passage must result in a benefit to fish greater than that provided by the artificial obstruction with fish passage. The net benefit to fish shall be determined based upon conditions that exist at the time of comparison.

(c) The State Fish and Wildlife Director shall develop rules establishing general criteria for determining the adequacy of fish passage and of alternatives to fish passage. The general criteria shall include, but not be limited to:

(A) The geographic scope in which alternatives must be conducted;

(B) The type and quality of habitat;

(C) The species affected;

(D) The status of the native migratory fish stocks;

(E) Standards for monitoring, evaluating and adaptive management;

(F) The feasibility of fish passage and alternatives to fish passage;

(G) Quantified baseline conditions;

(H) Historic conditions;

(I) Existing native migratory fish management plans;

(J) Financial or other incentives and the application of incentives;

(K) Data collection and evaluation; and

(L) Consistency with the purpose and goals of the Oregon Plan.

(d) To the extent feasible, the department shall coordinate its requirements for adequate fish passage or alternatives to fish passage with any federal requirements.

(8) A person owning or operating an artificial obstruction may at any time petition the commission to waive the requirement for fish passage in exchange for agreed-upon alternatives to fish passage that provide a net benefit to native migratory fish as determined in subsection (7) of this section.

(9)(a) Artificial obstructions without fish passage are exempt from the requirement to provide fish passage if the commission:

(A) Finds that a lack of fish passage has been effectively mitigated;

(B) Has granted a legal waiver for the artificial obstruction; or

(C) Finds there is no appreciable benefit to providing fish passage.

(b) The commission shall review, at least once every seven years, the artificial obstructions exempted under this subsection that do not have an exemption expiration date to determine whether the exemption should be renewed. The commission may revoke or amend an exemption if it finds that circumstances have changed such that the relevant requirements for the exemption no longer apply. The person owning or operating the artificial obstruction may protest the decision by the commission pursuant to ORS 509.645.

(10) If the fundamental change in permit status is an expiration of a license of a federally licensed hydroelectric project, the commission's determination shall be submitted to the Federal Energy Regulatory Commission as required by ORS 543A.060 to 543A.410.

(11) To the extent that the requirements of this section are preempted by the Federal Power Act or by the laws governing hydroelectric projects located in waters governed jointly by Oregon and another state, federally licensed hydroelectric projects are exempt from the requirements of this section.

(12) A person subject to a decision of the commission under this section shall have the right to a contested case hearing according to the applicable provisions of ORS chapter 183. [2001 c.923 §2; 2021 c.63 §6]

Note:

See note under 509.580.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.590 - Fish Passage Task Force; reports to legislature.**

(1) The State Fish and Wildlife Director shall establish a Fish Passage Task Force to advise the director and the State Department of Fish and Wildlife on matters related to fish passage in Oregon, including but not limited to funding, cost sharing and prioritization of efforts. The director shall determine the members and the specific duties of the task force by rule.

(2) The department shall provide staff necessary for the performance of the functions of the task force.

(3) A member of the task force may not receive compensation for services as a member of the task force. In accordance with ORS 292.495, a member of the task force may receive reimbursement for actual and necessary travel or other expenses incurred in the performance of official duties.

(4) The task force shall report semiannually to the appropriate legislative committee with responsibility for salmon restoration or species recovery, to advise the committee on matters related to fish passage. [2001 c.923 §3; 2007 c.354 §17]

Note:

See note under 509.580.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.592 - Task force advice to department regarding project funding; department report on deposits and expenditures.**

(1) The Fish Passage Task Force established pursuant to ORS 509.590 shall provide advice to the State Department of Fish and Wildlife regarding the projects to be funded and the expenditures to be made from the Fish Passage Restoration Subaccount created under ORS 497.141.

(2) The department shall maintain a record of all moneys deposited to or expended from the subaccount. The department shall make an annual report of the deposits and expenditures available to the public on the department's website. [2013 c.674 §2]

Note:

509.592 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 509 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.595 - Director to report on fish passage rules, adequacy and implementation.**

The State Fish and Wildlife Director shall report to the Governor, the Speaker of the House of Representatives, the President of the Senate and the appropriate legislative committee with responsibility for salmon restoration or species recovery:

(1) Prior to the adoption of rules relating to fish passage;

(2) Prior to the establishment of the general criteria for determining the adequacy of fish passage and of alternatives to fish passage required to be established under ORS 509.585 (7)(c); and

(3) Semiannually on the progress that the director has made in implementing ORS 509.580 to 509.590. [2001 c.923 §20; 2007 c.354 §18]

Note:

See note under 509.580.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.600 - Destroying, injuring or taking fish near fishway; permits to take fish.**

(1) A person may not willfully or knowingly destroy, injure or take fish within 600 feet of any fishway, except as permitted by subsection (2) of this section. Actions that violate this section include, but are not limited to:

(a) Hindering, annoying or disturbing fish entering, passing through, resting in or leaving such fishway, or obstructing the passage of fish through the fishway at any time or in any manner.

(b) Placing anything in the fishway.

(c) Using any fishing gear within 600 feet of the fishway.

(d) Taking fish at any time anywhere within 600 feet of the fishway.

(e) Doing any injury to the fishway.

(2) The State Fish and Wildlife Commission may by rule or by issuance of permits authorize the taking of fish within 600 feet of any fishway. [1965 c.570 §104; 1973 c.723 §122; 1981 c.646 §6; 2001 c.923 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.610 - Maintenance of fish passage required.**

(1) Subject to ORS 509.645, when the State Department of Fish and Wildlife requires fish passage to be provided pursuant to ORS 509.585, the person owning or operating an artificial obstruction shall keep the fish passage in such repair as to provide adequate fish passage of native migratory fish at all times.

(2) Each day of neglect or refusal to comply with subsection (1) of this section, after notification in writing by the department, constitutes a separate offense.

(3) A person owning or operating an artificial obstruction is responsible for maintaining, monitoring and evaluating the effectiveness of fish passage or alternatives to fish passage. [Amended by 1955 c.707 §52; 1965 c.570 §132; 2001 c.923 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.620 - Condemning inadequate or nonfunctioning fish passage; requiring new fish passage.**

If, in the judgment of the State Department of Fish and Wildlife, fish passage is not functioning as intended or is inadequate, as constructed under ORS 509.585, the State Fish and Wildlife Commission may condemn the fish passage and order new fish passage installed in accordance with plans and specifications determined by the department. [Amended by 2001 c.923 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.625 - Power of department to inspect artificial obstructions and have fish passage constructed or remove obstruction.**

(1) The State Department of Fish and Wildlife may determine or ascertain by inspection of any artificial obstruction whether it would be advisable to construct fish passage, or order the construction pursuant to ORS 509.585 of fish passage, at the artificial obstruction. Without affecting other remedies to enforce the requirement to install fish passage, if the State Fish and Wildlife Commission determines that an emergency exists, the commission may order the construction, pursuant to ORS 509.585, of fish passage in the waters of this state inhabited by native migratory fish as deemed adequate to provide passage for native migratory fish.

(2) Where fish passage has previously been constructed with or without the approval of the commission and has proved useless or inadequate for the purposes for which it is intended, the commission may improve or rebuild such fish passage. However, such construction or reconstruction shall not interfere with the prime purpose of the artificial obstruction. This subsection may not be construed to require the improvement or rebuilding of fish passage by the commission.

(3)(a) The commission may order a person owning or operating an artificial obstruction on the priority list created pursuant to ORS 509.585 who has been issued a water right, owners of lawfully installed culverts or owners of other lawfully installed obstructions to install fish passage or to provide alternatives to fish passage if the commission can arrange for nonowner or nonoperator funding of at least 60 percent of the cost.

(b) Notwithstanding paragraph (a) of this subsection, the commission may order installation of fish passage or alternatives to fish passage without regard to funding sources:

(A) If the person owning or operating the artificial obstruction is already subject to an obligation to install fish passage or to provide alternatives to fish passage under ORS 509.585;

(B) If the commission declares an emergency under this section; or

(C) If the person owning or operating the artificial obstruction has not been issued a water right or if the artificial obstruction has been otherwise unlawfully installed.

(4) If a person who owns or operates an artificial obstruction and who is required to provide fish passage under ORS 509.585 fails to provide fish passage in the manner and time required by the State Department of Fish and Wildlife, the commission may remove, replace or repair the artificial obstruction or any parts of the obstruction at the expense of the owner or operator. [Amended by 1955 c.707 §53; 1963 c.232 §1; 1965 c.570 §133; 2001 c.923 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.630 - Power of department to establish fish passage in natural stream obstructions.**

The State Department of Fish and Wildlife may determine or ascertain by inspection of any natural obstruction whether it would be advisable to construct fish passage over or around such natural obstruction. If it is deemed advisable the State Fish and Wildlife Commission may construct fish passage that provides adequate passage for native migratory fish in the waters of this state inhabited by native migratory fish. [Amended by 1965 c.570 §134; 2001 c.923 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.635 - Oregon City fishway under control of commission; removal of obstructions.**

(1) The fishways over the falls in the Willamette River, near Oregon City, are under the care and control of the State Fish and Wildlife Commission, which may make any extensions, additions, alterations or repairs to the same that become necessary.

(2) The commission, or its duly authorized representatives, may remove any artificial obstructions placed in the Willamette River above the falls which would prevent the free passage of fish up the river. [Amended by 1965 c.570 §136]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.645 - Filing protest with commission; review and determination by commission; alternative dispute resolution.**

(1) A person owning or operating an artificial obstruction may request alternative dispute resolution at any point in the process of determining fish passage requirements.

(2) A person owning or operating an artificial obstruction may file a protest with the State Fish and Wildlife Commission within 30 days from the receipt of the State Department of Fish and Wildlife determinations under ORS 509.585. The person shall identify the grounds for protesting the department's determinations.

(3) The commission may, after sufficient opportunity for public review and comment, approve, deny or modify the proposed determinations. [1955 c.707 §51; 1973 c.723 §124; 2001 c.923 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.910 - Injunction to prevent certain violations; jurisdiction; service on corporation.**

(1) The State Fish and Wildlife Commission may maintain an action for an injunction to enjoin and restrain any person, municipal corporation, political subdivision or governmental agency of this state from violating any of the provisions of ORS 509.130, 509.140, 509.505, 509.585, 509.610 and 509.625.

(2) Any action authorized by this section shall be tried in the circuit court of the county in which the violation occurs or in Marion or Multnomah County.

(3) If the defendant is a corporation with its principal office and place of business in a county other than in which the waters flow or are situated, such action shall be deemed an action of local nature and service of summons made on a corporation in any county where the corporation has its principal office and place of business. If it is a foreign corporation, service may be made on the statutory agent but if there is no such statutory agent then upon the Secretary of State as in other cases provided by law. [1963 c.303 §1; 1977 c.242 §8; 1979 c.284 §16; 2001 c.923 §14; 2007 c.625 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 509 - General Protective Regulations Section 509.990**

[Subsection (8) of 1963 Replacement Part enacted as 1955 c.477 §2; subsection (10) of 1963 Replacement Part enacted as 1957 c.152 §8; repealed by 1965 c.570 §152]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.006 - Definitions.**

The definitions prescribed by ORS 506.001 to 506.025 apply to this chapter. [1965 c.570 §138]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.011 - "Mouth" of river defined.**

The "mouth" of any river emptying into the Pacific Ocean including the bay or tidal area formed by each such river is the seaward end of the jetty or jetties of each such river. If no jetties exist, the extension of the Pacific Ocean, shoreline high watermark across the river, bay or tidal area, is the "mouth" of such river. [1965 c.570 §139]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.016 - Taking striped bass prohibited.**

It is unlawful to take striped bass for commercial purposes from any of the waters of this state. [1973 c.500 §2; 1975 c.416 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.060 - Taking salmon for commercial purposes in coastal streams prohibited.**

It is unlawful to take salmon for commercial purposes from all waters inland from the mouth of all streams or tributaries thereof that empty into the Pacific Ocean south of the mouth of the Columbia River, except as provided in ORS 511.070. [1965 c.570 §143]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.070 - Open season for chum salmon and incidental take of salmon in Tillamook Bay; rules.**

It shall be lawful for the State Fish and Wildlife Commission by rule to establish a season for commercial fishing for chum salmon and the incidental take of salmon in Tillamook Bay. Such season may not exceed 30 calendar days total length each year and may only be between October 25 and December 5. Fishing areas under this section shall be limited to:

- (1) Tillamook Bay except that portion of Hathaway Slough above a line extended due south from a point on the northerly bank or shoreline of the slough 1,000 feet downstream from the Southern Pacific railroad trestle.
- (2) The Miami River below a line drawn across the Miami River due north and south through a point 1,000 feet west from the northwest corner of the Southern Pacific railroad bridge crossing the Miami River.
- (3) The Kilchis River below a point at the intersection of the Kilchis River by the section line between sections 11 and 12, township 1 south, range 10 west of the Willamette Meridian.
- (4) The Wilson River below a point 500 feet below the bridge crossing the Wilson River in section 13, township 1 south, range 10 west of the Willamette Meridian.
- (5) The Tillamook River below a point 100 feet below the mouth of Frasier Slough. [1965 c.570 §144]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.106 - Commercial fishing in Columbia River and tributaries restricted.**

It is unlawful in the Columbia River and its tributaries to:

- (1) Take salmon for commercial purposes east of its confluence with the Deschutes River.
- (2) Take food fish for commercial purposes in a closed area at and adjacent to the mouth of the Sandy River, Hood River and Deschutes River. The closed area shall be one-fourth of a mile in width, extending out into the Columbia River at right angles to the thread of the stream, and one mile in length below the upper or right-hand bank or shoreline of such tributary where the tributary intersects the left-hand bank or shoreline of the Columbia River. [1965 c.570 §140; 1969 c.358 §1; 1989 c.126 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.206 - Taking food fish for commercial purposes in or near Rogue River prohibited.**

It is unlawful to take any food fish except shellfish for commercial purposes from the Rogue River and its tributaries and within a radius of one mile from the center of the mouth of the Rogue River. [1965 c.570 §148; 1995 c.269 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.306 - Taking food fish for commercial purposes in certain Curry County waters prohibited.**

It is unlawful to take any food fish for commercial purposes from the following waters in Curry County:

- (1) Floras Creek.
- (2) Sixes River.
- (3) Elk River.
- (4) Euchre Creek.
- (5) Hunters Creek.
- (6) Pistol River.
- (7) Chetco River.
- (8) Winchuk River. [1965 c.570 §142]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.506 - Taking shad for commercial purposes in Coos Bay or in Siuslaw, Umpqua or Smith Rivers restricted.**

It is unlawful to take shad for commercial purposes in the following waters of this state:

- (1) That portion of Coos Bay and all of Isthmus Inlet, a tributary thereof, southerly of the bridge connecting Coos Bay and Eastside in Coos County; the area designated as Coos Bay Sports Area and consisting of Isthmus Inlet, Catching Inlet and Cold Bank Slough in Coos County; the north fork of Coos River above a line drawn across the north fork at right angles to the thread of the stream at the lower end of the old John Hendrickson ranch and the south fork of Coos River above a line drawn across the south fork at right angles to the thread of the stream at the lower end of the H. H. Roger's ranch.
- (2) The Siuslaw River above a line across the river drawn at right angles to the thread of the stream at the lower end of the mouth or confluence of Morgan Creek with the Siuslaw River; the north fork of the Siuslaw River above the state highway bridge crossing the north fork between Cushman and Florence in Lane County; and Duncan Inlet or South Inlet or tributaries.
- (3) The Umpqua River above the confluence of Mill Creek, outlet of Loon Lake with the Umpqua River in Douglas County; and the Smith River above the confluence of the North Fork of the Smith River with the Smith River. [1965 c.570 §145; 1973 c.500 §3; 1989 c.127 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.511 - Taking sturgeon for commercial purposes in Umpqua River prohibited.**

It is unlawful to take sturgeon for commercial purposes from the waters of the Umpqua River or any of its bays or tributaries. [1965 c.570 §147]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.516 - Taking shad for commercial purposes from Coos River prohibited.**

It is unlawful to take shad from the waters of the Coos River or any of its tributaries for commercial purposes. [1983 c.34 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.521 - Taking shad or sturgeon for commercial purposes in Coquille River waters prohibited.**

It is unlawful to take shad or sturgeon for commercial purposes from the waters of the Coquille River or any of its bays or tributaries. [1989 c.127 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.606 - Taking food fish for commercial purposes in Nestucca Bay prohibited.**

It is unlawful to take any food fish except shellfish for commercial purposes from Nestucca Bay or any of its tributaries. [1965 c.570 §149]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.611 - Taking shad and sturgeon for commercial purposes in Netarts Bay prohibited.**

It is unlawful to take shad and sturgeon in Netarts Bay for commercial purposes. [1965 c.570 §146]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.625 - Natural and artificial oyster beds in Netarts Bay.**

That portion of Netarts Bay, in Tillamook County, lying south of the quarter section line running east and west through the center of section 19, in township 2 south, range 10 west of the Willamette Meridian, is designated as natural oyster beds. That portion of Netarts Bay lying north of such quarter section line is designated and set apart for artificial plantations of oysters. [Amended by 1969 c.675 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.640 - Sale of oyster lands in Tillamook Bay prohibited.**

All the tidelands and lands under the waters of Tillamook Bay in Tillamook County which are located as oyster claims as provided by law, are withdrawn from the lands of this state which may be sold, are designated as oyster lands, and are set aside for the location of artificial oyster claims. However, all such lands are subject to the provisions of ORS 622.210 to 622.300 and 622.320. [Amended by 1969 c.675 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 511 - Local and Special Regulations Section 511.806 - Taking salmon, shad, striped bass or sturgeon for commercial purposes in Willamette River prohibited; taking shad for commercial purposes in Willamette Slough restricted.**

- (1) It is unlawful in the waters of the Willamette River or any of its tributaries or sloughs to take salmon, shad, striped bass or sturgeon for commercial purposes.
- (2) Notwithstanding subsection (1) of this section, it shall be lawful to take shad for commercial purposes in the Willamette Slough from the Gilbert Lake farm dock to the mouth of the Willamette Slough. [1965 c.570 §141]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 513 - Packing Fish and Manufacture of Fish Products Section 513.010 - "Reduction plant" defined.**

As used in this chapter, "reduction plant" applies to any plant engaged in the reduction of fish into fish flour, fish meal, fish scrap, fertilizer, fish oil or other fish products or by-products.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 513 - Packing Fish and Manufacture of Fish Products Section 513.020 - Control and regulation of means of handling fish and fish products.**

In order that all fish or parts thereof suitable for human consumption may be conserved and used for that purpose, and to provide sanitary methods and prevent waste in the use, sale, packing, preserving, manufacturing, processing or other handling of fish or fish products, other than salmon, the State Fish and Wildlife Commission may control and regulate fishing boats, barges, lighters or tenders, receptacles or vehicles containing fish or fishing gear, fish reduction plants or plants where fish products are manufactured, in so far as may be necessary to insure the taking, catching, delivery of fish, canning, packing, preserving, reduction of and manufacture of fish products or by-products in a wholesome and sanitary manner, and to prevent deterioration or waste of any fish.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 513 - Packing Fish and Manufacture of Fish Products Section 513.030 - Inspection of means of handling fish and fish products.**

Any member, assistant or employee of the State Fish and Wildlife Commission, or duly authorized officer of the state, may enter any canning, packing, preserving or reduction plant or place of business where fish or other fish products are packed, preserved, manufactured, bought or sold, or board and inspect any fishing boat, barge, lighter or tender, receptacle or vehicle, containing fish, for the purpose of examining any fish or fish products and to ascertain the amount of fish received, or kind and amount of fish products packed or manufactured and the number and size of containers or cans for fish products purchased, received, used or on hand.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 513 - Packing Fish and Manufacture of Fish Products Section 513.040 - Control and regulation of amount and kind of fish commercially handled; sardine processing.**

The State Fish and Wildlife Commission may:

- (1) Control, regulate and establish, by order, the proportion or percentage of sardines, pilchards, herring or other species of fish other than salmon, to be used for reduction purposes or the manufacture of fish flour, fish meal, fish scrap, fertilizer or oil, and may further, through such order, specifically name or prescribe the particular species of fish which may be used for reduction purposes, food for animals or other purposes.
- (2) Exercise full jurisdiction and control over the processing, packing or preserving of sardines, and prescribe and specify the process to be used in the canning of such fishes in order to assure a quality product and prevent the use of certain substitute oils resulting in inferior grades.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.010 - Definitions.**

As used in this chapter:

- (1) "Board" means the governing board of the State Department of Geology and Mineral Industries established pursuant to ORS 516.080.
- (2) "Department" means the State Department of Geology and Mineral Industries established pursuant to ORS 516.020.
- (3) "Mine" includes all mineral-bearing properties of whatever kind and character, whether underground, quarry, pit, well, spring or other source from which any mineral substance is obtained.

- (4) "Mineral" includes any and all mineral products, metallic and nonmetallic, solid, liquid or gaseous, and mineral waters of all kinds.
- (5) "Mineral industries" includes all enterprises engaged in developing and exploiting the natural substances of the earth.
- (6) "Geologic hazard" means a geologic condition that is a potential danger to life and property which includes but is not limited to earthquake, landslide, flooding, erosion, expansive soil, fault displacement, volcanic eruption and subsidence.
- (7) "Geology" means the study of the earth, and in particular the study of the origin, history and topographic form of rocks, ores and minerals, either under the ground or upon the surface, and their alteration by surface agencies, such as wind, water, ice and other agencies, and the economics of their use. [Amended by 1989 c.954 §1; 1993 c.260 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.020 - Creation of department.**

There is created a State Department of Geology and Mineral Industries.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.030 - Duties of department.**

The State Department of Geology and Mineral Industries shall:

- (1) Initiate and conduct studies and surveys of the geological and mineral resources of the state and their commercial utility.
- (2) Conduct as a continuing project a geological survey of Oregon, including quadrangle geologic mapping, either as a department undertaking or jointly with federal or other agencies.
- (3) Initiate, carry out or administer studies and programs that will, in cooperation with universities, federal, state and local government agencies, reduce the loss of life and property by understanding and mitigating geologic hazards. These studies and programs may include but need not be limited to:
  - (a) Statewide hazard assessment, including identification and mapping of geologic hazards, estimation of their potential consequences and likelihood of occurrence and monitoring and assessment of potentially hazardous geologic activity;
  - (b) Studies of paleoseismicity including but not limited to providing evidence of whether prehistoric subduction zone and crustal earthquakes have occurred in Oregon;
  - (c) Operation of a state seismic network in cooperation with universities or federal agencies or both through the strategic placement of instrumentation to monitor earthquake activity as it occurs; and
  - (d) Operation of a state geodetic network through the monitoring and periodic survey of markers in order to detect modern deformation of the earth's crust and the subsequent buildup of stress.
- (4) Consider and study kindred scientific and economic questions in the field of geology and mining that are deemed of value to the people of Oregon.
- (5) Cooperate with federal or other agencies for the performance of work in Oregon deemed of value to the state and of advantage to its people, under rules, terms and conditions to be arranged between the governing board of the State Department of Geology and Mineral Industries and such agencies. But in no case shall the cost to the department be in excess of the amount appropriated therefor, and the results of any joint undertakings shall be made available without restrictions to this department.
- (6) Serve as a bureau of information and advisory services concerning geologic resources and hazards, including:
  - (a) Maintaining a library, a public education program and a geologic database;
  - (b) Maintaining a website that identifies the seismic risk category, as determined under an assessment process approved by the department, for every public kindergarten through grade 12 school and that is updated when the department makes a new assessment or becomes aware of information that could change the conclusions of a previous assessment;
  - (c) Providing a review of functions;
  - (d) Providing expert advice to federal, state and local government agencies;
  - (e) Operating as a clearinghouse for post-hazard event earth science investigations; and
  - (f) Providing technical assistance to local governments on aggregate mining and reclamation during preparation and amendment of comprehensive plans and land use regulations.
- (7) Serve as a bureau of information concerning Oregon mineral resources, mineral industries and geology, conduct a mineral survey of the state, and catalog each and every mineral occurrence and deposit, metallic and nonmetallic, together with its location, production, method of working, name of owner or agent, and other detailed information capable of being tabulated and published in composite form for the use, guidance and benefit of the mineral industry of the state and of the people in general and deemed necessary in compiling mineral statistics of the state.
- (8) Collect a library of literature describing the geology and mineral deposits, metallic and nonmetallic, of Oregon.
- (9) Make qualitative examinations of rocks, mineral samples and specimens.
- (10) Study minerals and ores, additional uses for the state's minerals, and explore the possibilities for using improved treatment, processes, mining methods and reclamation techniques for regulated mines and abandoned mined lands.
- (11) Establish in the department or in cooperation with universities and other organizations a repository for drill cores and samples considered by the department to be of long term use in developing information. [Amended by 1989 c.954 §2; 1991 c.243 §3; 1993 c.260 §2; 2001 c.104 §225; 2012 c.61 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.035 - Powers of department.**

The State Department of Geology and Mineral Industries may:

- (1) Make or have made qualitative and quantitative determinations of ores and minerals that are submitted for such purpose and that are from within the State of Oregon. The department shall mail to the sender of such ores or minerals the results of such determination as soon as practicable after making such determination. Such services shall be performed by the department at the request of a member of the general public at a reasonable charge.
- (2) Perform geological surveys or analyses at the request of any state agency if department funding allows undertaking such surveys or analyses and may make reasonable charges for these services.
- (3) Collect and exhibit specimens, samples and photographs, models and drawings of appliances in the mines, mills and metallurgical plants of Oregon.
- (4) Enter into contracts or agreements with the federal government or any agency thereof, pursuant to which the department shall operate or act as the agent of the federal government in the operation of a mineral assay service or similar analytical service, the cost of which is to be reimbursed by the federal government.
- (5) Establish, equip and operate a geochemical laboratory which may:
  - (a) Make geochemical determinations at the request of any department, institution or other agency of the state, without any charge in excess of the actual cost thereof.
  - (b) Make other geochemical determinations at a reasonable charge in excess of the actual cost thereof.
- (6) Enter into contracts or agreements with a person, a public body as defined in ORS 174.109 or the federal government or an agency thereof, pursuant to which the department performs geoscientific surveys or analyses. [1971 c.441 §4; 1973 c.180 §1; 1993 c.260 §3; 2011 c.72 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.061 - Department surcharge to fund electronic permitting system; reduction.**

- (1) The State Department of Geology and Mineral Industries may impose and collect a surcharge as a percentage of each invoice generated by the department's electronic permitting system. The surcharge percentage rate is 10.7 percent.
- (2)(a) Notwithstanding subsection (1) of this section, the department may reduce the surcharge percentage rate under subsection (1) of this section to a rate that the department determines will be sufficient to cover the anticipated expenses of the Electronic Permitting System Subaccount under ORS 516.070 (5) during the next biennium and to maintain an adequate operational reserve in the subaccount.
- (b) The department shall implement a reduced rate, if any, by issuing an order on or before January 1 of the odd-numbered year that sets forth the reduced rate for the next biennium.
- (c) The department shall notify all persons with an active account within the electronic permitting system of the reduced rate, if any.
- (d) Unless extended by a subsequent order under this subsection, the reduced rate expires at the end of the biennium, after which the department shall charge the surcharge percentage rate as described in subsection (1) of this section.
- (3) Surcharge moneys collected by the department under this section shall be deposited into the same fund or account as the fee or invoice payment associated with the surcharge. The department shall periodically transfer all surcharge moneys collected by the department under this section into the Electronic Permitting System Subaccount established under ORS 516.070 (5). [2023 c.274 §2]

Note:

516.061 was added to and made a part of ORS chapter 516 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.070 - Geology and Mineral Industries Account; subaccounts; sources; uses.**

- (1) There is established in the General Fund of the State Treasury an account to be known as the Geology and Mineral Industries Account. All moneys received by the State Department of Geology and Mineral Industries shall be paid over to the State Treasurer and by the State Treasurer deposited in the General Fund to the credit of the account. All moneys within the account are continuously appropriated for the use of the department in carrying out its lawful functions.
- (2) The Federal Locatable Mineral Royalties Subaccount is established within the Geology and Mineral Industries Account. Notwithstanding subsection (1) of this section, all moneys received from the federal government by the State of Oregon as the state's distributive share of the amounts collected for royalties for locatable minerals shall be credited to the subaccount. All moneys in the Federal Locatable Mineral Royalties Subaccount are continuously appropriated to the State Department of Geology and Mineral Industries to conduct investigations of new mineral resources and to carry out the provisions of ORS 517.840 (6).
- (3) The State Treasurer may invest and reinvest the moneys in the Federal Locatable Mineral Royalties Subaccount as provided in ORS 293.701 to 293.857. Interest from the moneys deposited in the subaccount and earnings from investment of the moneys in the

subaccount shall be credited to the subaccount.

(4) The Mined Land Regulation and Reclamation Program Subaccount is established within the Geology and Mineral Industries Account. Notwithstanding subsection (1) of this section, all moneys received by the State Department of Geology and Mineral Industries from fees assessed pursuant to ORS 517.800 shall be credited to the subaccount. All moneys in the subaccount are continuously appropriated to the department for the purpose of administering ORS 517.702 to 517.951.

(5) The Electronic Permitting System Subaccount is established within the Geology and Mineral Industries Account.

Notwithstanding subsection (1) of this section, moneys received by the State Department of Geology and Mineral Industries under ORS 516.061 shall be credited to the subaccount. Moneys in the subaccount are continuously appropriated to the department for the costs of maintaining the department's electronic permitting system, that allows the department to electronically issue permits and receive applications and fees under this chapter and ORS chapters 517, 520 and 522. Costs of maintaining the system include the costs of hosting, operating, repairing, upgrading, staffing and administering the system. [Amended by 1957 c.233 §1; 1961 c.671 §14; 1971 c.441 §5; 1993 c.260 §4; 1995 c.509 §1; 2005 c.650 §2; 2013 c.371 §35; 2023 c.274 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.080 - Governing board; members; term; confirmation; meetings; compensation and expenses; quorum.**

(1) The State Department of Geology and Mineral Industries shall be administered by a governing board composed of five citizens of Oregon appointed by the Governor.

(2)(a) The term of office of each member is four years, but a member serves at the pleasure of the Governor. Before the expiration of the term of a member, the Governor shall appoint a successor. A member is eligible for reappointment. If there is a vacancy for any cause, the Governor shall make an appointment to become immediately effective for the unexpired term. The term of a board member shall continue until a successor has been appointed and confirmed.

(b) All appointments shall be made subject to approval by the Senate in the manner provided in ORS 171.562 and 171.565.

(3) The board shall hold meetings four times each year and special meetings may be called by the chairperson or by a majority of the board.

(4) Each member of the board is entitled to compensation and expenses as provided in ORS 292.495.

(5) A majority of the members of the board constitutes a quorum for the transaction of business.

(6) The members of the State Department of Geology and Mineral Industries governing board must be citizens of this state. The members chosen shall, to the greatest extent possible, represent all geographic regions of the state. [Amended by 1961 c.167 §42; 1969 c.314 §61; 1969 c.695 §11; 1983 c.740 §204a; 1993 c.260 §5; 2001 c.75 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.090 - General duties and powers of board; rules.**

(1) The governing board of the State Department of Geology and Mineral Industries shall:

(a) Direct and review the performance of the State Geologist and the State Department of Geology and Mineral Industries in carrying out its duties and responsibilities pursuant to this chapter and ORS chapters 517, 520 and 522.

(b) Carry out the policies set forth in this chapter and ORS chapters 517, 520 and 522.

(c) Establish policies and approve plans that lead to an understanding of geology and mineral resources of the state, geologic processes and hazards and scientific, economic and tourism issues relating to geology and mineral industries.

(d) At the discretion of the board, accept from the United States or any of its agencies such funds as may be made available to this state for any of the purposes contemplated by this chapter, and shall enter into such contracts and agreements with the United States or any of its agencies or with Oregon or any of its agencies as may be necessary, proper and convenient, and not contrary to the laws of this state.

(e) Review and approve budget requests of the department.

(f) In accordance with applicable provisions of ORS chapter 183, adopt rules establishing criteria and procedures by which the department may enter into contracts or agreements pursuant to ORS 516.035 (6), including but not limited to criteria and procedures that ensure protection of the public interest and advance the duties of the department as described in ORS 516.030.

(2) The board may:

(a) In accordance with applicable provisions of ORS chapter 183, adopt rules necessary for the administration of the laws that the board is charged with administering.

(b) Receive on behalf of this state, for the use and benefit of the department, gifts, devises and legacies of real or other property, and use them in accordance with the wishes of the donors, or, in the absence of specific instructions by the donors, manage, use and dispose of the gifts and legacies as may be deemed by the board for the best interest of the state. [Amended by 1993 c.260 §6; 2011 c.72 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.100 - Reports and publications of department.**

(1) The State Department of Geology and Mineral Industries shall have prepared, printed and published reports, pamphlets, charts and maps, embracing the matters addressed in ORS 516.030 and ORS chapters 517, 520 and 522. All maps, charts, special bulletins

and other publications shall be for public distribution, but the department may make a reasonable charge to cover publication and distribution costs.

(2)(a) When a report embodies results of surveys or studies of economic importance, no information of any kind concerning the contents of such report shall be given out prior to publication, if such prior information could place the recipient in a preferential position as regards its use.

(b) Notwithstanding the provisions of paragraph (a) of this subsection, if an investigation of a mineral property or geologic hazard within the state is made by an employee of the department at the request of either the owner or a person in control of such property, results of the investigation shall be conveyed to the owner or person in control prior to the publication of a report of such results. After they have been conveyed to the owner or person, the results shall be open to public inspection prior to their publication.

[Amended by 1975 c.605 §26; 1993 c.260 §7; 2005 c.22 §373]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.120 - State Geologist; appointment; qualifications.**

(1) The position of State Geologist within the State Department of Geology and Mineral Industries is created. In consultation with the Governor, the governing board of the State Department of Geology and Mineral Industries shall appoint the State Geologist.

(2) The State Geologist shall be qualified to perform as well as to direct the technical and executive work of the department as determined by the board and shall be a geologist, engineer or other technical specialist with a broad background of practical experience related to programs of the department. [Amended by 1963 c.192 §1; 1983 c.740 §205; 1993 c.260 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.130 - Duties of State Geologist; bond; employment of personnel; report to board.**

(1) The State Geologist shall be covered by a bond as set forth in ORS 291.011.

(2) The State Geologist may employ qualified persons subject to any applicable provisions of the State Personnel Relations Law.

(3) The State Geologist shall report to the governing board of the State Department of Geology and Mineral Industries as requested by the board concerning the administration of the State Department of Geology and Mineral Industries.

(4) The State Geologist shall make every effort to complete promptly for publication all notes, charts and maps covering mineral and geological investigations of the department, so that public distribution of same may take place as closely as possible after the completion of field investigations.

(5) The State Geologist shall have charge of, organize and supervise the work of the department and perform such other duties as may be necessary to carry out the work of the department. [Amended by 1991 c.331 §74; 1993 c.260 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.133 - Prohibited activities; conflicts of interest.**

(1) No member of the staff of the State Department of Geology and Mineral Industries shall hold a direct pecuniary interest in or accept compensation from an industry regulated by the department.

(2) No member of the staff of the department shall:

(a) Hold a direct pecuniary interest in or accept compensation from any producing or prospective mineral operation of any kind of any entity that does business in this state.

(b) Act as agent or broker for any purchaser, owner, or an agent of a purchaser or owner, of any mineral interest.

(c) Accept a commission for any service rendered during the period of employment with the department, if such service is concerned with mining, geology or any mineral industry that does business in this state.

(d) Make any investigation or report of any individual property in this state for purposes of evaluation, except as provided in ORS 516.100.

(3) For purposes of this section:

(a) "Direct pecuniary interest" means a mining claim, stock, royalty interest, partnership, joint venture or other interest over which the employee may control acquisition or disposal of the interest.

(b) "Direct pecuniary interest" does not mean an interest in a mutual fund, retirement fund or other interest described in subsection (1) or (2) of this section over which the employee may not control acquisition or disposal.

(4) The provisions of this section are in addition to and not in lieu of the provisions of ORS chapter 244. [1993 c.260 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 516 - Department of Geology and Mineral Industries Section 516.135 - Avoidance of ground water resource contamination; department actions.**

(1) In carrying out its duties related to mineral resources, mineral industries and geology, the State Department of Geology and Mineral Industries shall act in a manner that is consistent with the goal set forth in ORS 468B.155.

(2) In order to assist in the development of a statewide repository of information about Oregon's ground water resource, the department shall provide any information, acquired by the department in carrying out its statutory duties, that is related to ground

water quality to the centralized repository established pursuant to ORS 468B.167. [1989 c.833 §46]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.005 - Legislative findings.**

The Legislative Assembly finds and declares that:

(1) Mining contributes to the economy and well-being of the people of Oregon. Mining creates high-paying jobs in parts of this state that, due to a lack of infrastructure and development, are less likely to be capable of diversifying beyond a regional economy based on natural resources. Mining creates secondary industries in the surrounding region and attracts numerous providers of goods and services. Mining also generates significant tax revenues for local governments and provides support for civic and educational projects in local communities.

(2) The mining of minerals is a natural resource use.

(3) In eastern Oregon, including Lake, Harney, Malheur, Baker and Grant Counties, diversifying the types of natural resource uses that contribute to local economies enables those economies to better withstand temporary economic declines that affect specific natural resource uses. In the same way that a diversified economy is good for a large metropolitan area, a diversified natural resource economy is good for eastern Oregon.

(4) Technological advances in the mining industry, coupled with reclamation efforts, have greatly reduced the environmental impacts of mining operations. The size and scope of modern operations is such that the operations do not cause interference with other natural resource uses, particularly in an area as vast as eastern Oregon.

(5) Mining operations should be encouraged and supported in eastern Oregon as a means for residents and communities to improve their economies and well-being. [2015 c.826 §1]

Note:

517.005 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 517 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.010 - Location of mining claims upon veins or lodes.**

(1) Any person, a citizen of the United States, or one who has declared an intention to become such, who discovers a vein or lode of mineral-bearing rock in place upon the unappropriated public domain of the United States within this state, may locate a claim upon such vein or lode by posting thereon a notice of such discovery and location. The notice shall contain:

(a) The name of the lode or claim.

(b) The names of the locators.

(c) The date of the location.

(d) The number of linear feet claimed along the vein or lode each way from the point of discovery, with the width on each side of the lode or vein.

(e) The general course or strike of the vein or lode as nearly as may be, with reference to some natural object or permanent monument in the vicinity, and by defining the boundaries upon the surface of each claim so that the same may be readily traced.

(2)(a) Such boundaries shall be marked within 30 days after posting of such notice by four substantial posts, projecting not less than three feet above the surface of the ground, and made of wood measuring not less than one and one-half inch by one and one-half inch, or by substantial mounds of stone, or earth and stone, at least two feet in height, one such post or mound of rock at each corner of such claims.

(b) During the course of normal maintenance of the claim location posts or monuments, any post that requires replacement and is not constructed of naturally occurring materials shall be replaced by posts that are made of wood measuring not less than one and one-half inch by one and one-half inch on a side and that project not less than three feet above the surface of the ground.

(3) At such time as any lode mining claim is declared invalid by the United States Department of the Interior, Bureau of Land Management or is otherwise dropped by the last claim holder of record without transfer through lease or sale to another person, all claim location posts not made of natural materials shall be removed from the public domain of the United States and at the same time any post made of natural materials shall be removed or dismantled. [Amended by 1991 c.215 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.030 - Recording copy of location notice; fee.**

The locator shall, within 60 days from the posting of the location notices by the locator upon the lode or claim, record with the clerk of the county where the claim is situated, who shall be the custodian of mining records and miners' liens, a copy of the notice posted by the locator upon the lode or claim and shall pay the clerk a fee for such recording as provided in ORS 205.320, which sum the clerk shall immediately pay over to the treasurer of the county and shall take a receipt therefor, as in case of other county funds coming into the possession of such officer. The clerk shall immediately record the location notice. [Amended by 1971 c.228 §2; 1971 c.621 §33; 1973 c.598 §4; 1975 c.607 §36; 1979 c.833 §31; 1991 c.230 §25; 1999 c.654 §28]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.040 - Abandoned claims.**

Abandoned claims are unappropriated mineral lands, and titles thereto shall be obtained as specified in ORS 517.010 and 517.030, without reference to any work previously done thereon.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.042 - "Legal subdivision" defined for ORS 517.042 to 517.052.**

As used in ORS 517.042 to 517.052, unless the context requires otherwise, "legal subdivision" means a subdivision of a state survey or of a United States survey which has been extended over the geographic area to be described. [1961 c.525 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.044 - Location of claims upon placer deposits; posting notice.**

Any individual, a citizen of the United States, or one who has declared an intention to become such, who discovers a placer deposit of minerals upon the unappropriated public domain of the United States within this state, which minerals are subject to location under the mineral and mining laws of the United States, may locate a placer claim thereon by posting in a conspicuous place thereon a notice of such discovery and location. The notice shall contain:

- (1) The name of the claim.
- (2) The name of the individual or individuals locating the claim.
- (3) The date of the location of the claim.
- (4) The number of feet or acres claimed, together with a description, either by legal subdivisions, if practicable, or if not, then by reference to some natural object or permanent monument in the vicinity of the claim, which will identify the claim located. [1961 c.525 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.046 - Marking boundaries of claim or locating by legal subdivisions.**

- (1) Unless the claim for placer deposit referred to in ORS 517.044 is located by legal subdivisions, the surface boundaries of the claim must be marked so that the same may be readily traced. Such boundaries shall be marked within 30 days after the posting of the notice described in ORS 517.044 by substantial posts or other monuments of the same size, materials and dimensions as in the case of quartz claims. The boundaries of the claim shall be marked at each corner or angle, and, when any side or end of the claim extends for more than 1,320 feet without a corner or angle, then at intervals of not less than 1,320 feet along such side or end.
- (2) Where the claim for placer deposit referred to in ORS 517.044 is taken by legal subdivisions, no other reference in the notice of claim required to be posted and filed under the provisions of ORS 517.042 to 517.052 than to the legal subdivisions shall be required and the boundaries of a claim so located and described need not be staked or monumented. The description by legal subdivisions in the notice required to be filed under ORS 517.052 shall be deemed the equivalent of marking the surface boundaries of the claim. [1961 c.525 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.050**

[Renumbered as part of 517.065]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.052 - Recording copy of location notice; fee.**

The individual locating a placer deposit shall, within 60 days from the posting of the location notice upon the claim, record with the clerk of the county where the claim is situated, a copy of the notice posted by the individual upon the claim. The fee for recording such location notice shall be the fee provided for in ORS 205.320. The clerk shall immediately record the location notice. [1961 c.525 §5; 1971 c.228 §3; 1991 c.230 §26; 1999 c.654 §29]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.060 - Correcting defective notice of location.**

If at any time an individual who has located a mining claim within the meaning of ORS 517.010 or 517.044, or the assigns of the individual, apprehends that the original notice of location of the mining claim was defective, erroneous, or that the requirements of the law had not been complied with before the filing of the notice, such locator or assigns may post and record in the manner now provided by law, an amended notice of the location which shall relate back to the date of the original location. However, the posting and recording of the amended notice of location shall not interfere with the existing rights of others at the time of posting the amended notice. [Amended by 1961 c.525 §7; 1991 c.230 §27]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.065 - Effect of noncompliance with law in locating claim.**

- (1) Subject to ORS 517.060, all locations or attempted locations of quartz mining claims subsequent to December 31, 1898, that do not comply with ORS 517.010 and 517.030 are void.

(2) Except as provided in ORS 517.060, all locations or attempted locations of placer mining claims made after August 9, 1961, that do not comply with the provisions of ORS 517.042 to 517.052 are void. [Subsection (1) formerly 517.050; subsection (2) enacted as 1961 c.525 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.070 - Certain locations subject to prior rights.**

Any location of any mining claim made upon any natural stream, or contiguous or near to any placer mine, or upon or below the dump of any placer mine, shall be subject to the prior right of all mines in operation prior to the making of such location, to discharge debris, gravel, earth, and slickens which were or may be discharged at the time of making such subsequent location.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.080 - Mining claims as realty.**

All mining claims, whether quartz or placer, are real estate. The owner of the possessory right thereto has a legal estate therein within the meaning of ORS 105.005.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.090 - Application to claims of law governing transfers and mortgages of realty.**

All conveyances of mining claims or of interests therein, either quartz or placer, whether patented or unpatented, are subject to the provisions governing transfers and mortgages of other realty as to execution, recordation, foreclosure, execution sale and redemption. However, such redemption by the judgment debtor must take place within 60 days from date of confirmation, or such right is lost. [Amended by 2003 c.14 §339]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.100 - Sums payable on redemption of claim; interest.**

In case of redemption from sale under judgment, the redemptioner shall pay such sums as are now required by law for redemption under execution sale, and such additional sum as may have been expended upon the property so redeemed by the purchaser under execution, or the assigns of the purchaser, in order to keep alive the possessory right thereto after the execution sale, not exceeding \$100 for each claim, with 10 percent interest thereon from date of such expenditures. [Amended by 2003 c.576 §466]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.110 - Grubstaking contracts.**

All contracts of mining copartnership, commonly known as "grubstaking," shall be in writing, and recorded with the clerk of the county wherein the locations thereunder are made. Unless contracts of mining copartnership contain the names of the parties thereto and the duration thereof, the contracts are void. [Amended by 1991 c.230 §28]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.120 - Definitions for ORS 517.120 to 517.133.**

As used in ORS 517.120 to 517.133:

- (1) "Mining" means the removal of gold, silver or other precious minerals from aggregate or a vein of ore.
- (2) "Mining claim" means a portion of the public lands claimed for the valuable minerals occurring in those lands and for which the mineral rights are obtained under federal law or a right that is recognized by the United States Bureau of Land Management and given an identification number.
- (3) "Prospecting" means to search or explore, using motorized or nonmotorized methods, for samples of gold, silver or other precious minerals from among small quantities of aggregate or ore.
- (4) "Recreational mining" means mining in a manner that is consistent with a hobby or casual use, including use on public lands set aside or withdrawn from mineral entry for the purpose of recreational mining, or using pans, sluices, rocker boxes, other nonmotorized equipment and dredges with motors of 16 horsepower or less and a suction nozzle of four inches or less in diameter.
- (5) "Small scale mining" means mining on a valid federal mining claim operating under a notice of intent or plan of operations while using whatever equipment is necessary, as approved by the notice of intent or plan of operations, to locate, remove and improve the claim. [1999 c.354 §1]

Note:

517.120 to 517.135 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 517 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.123 - Legislative findings.**

The Legislative Assembly finds that prospecting, small scale mining and recreational mining:

- (1) Are important parts of the heritage of the State of Oregon; and

(2) Provide economic benefits to the state and local communities. [1999 c.354 §2; 2013 c.783 §10]

Note:

See note under 517.120.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.125 - Rules to be adopted in consultation with affected parties.**

Any rule pertaining to recreational or small scale mining adopted after June 28, 1999, shall be adopted in consultation with affected parties. [1999 c.354 §3]

Note:

See note under 517.120.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.128 - Restricting access to open mining area or mining claim prohibited.**

A person may not attempt to restrict access to any open mining area or valid mining claim or to harass or interfere in any way with a person engaged in lawful mining activities. [1999 c.354 §4]

Note:

See note under 517.120.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.130 - Mineral trespass.**

(1) As used in this section:

(a) "Bedrock sluice" means a wood or metal flume or trough that is permanently attached to the bedrock of the creek and is equipped with transverse riffles across the bottom of the unit and used to recover heavy mineral sands.

(b) "Deface" includes but is not limited to altering, pulling down, damaging or destroying.

(c) "Dredge" means a subsurface hose from 1.5 to 10 inches in diameter that is powered by an engine and is used to draw up auriferous material that is then separated in the sluice portion of the unit.

(d) "Flume" means a trough used to convey water.

(e) "Quartz mill" means a facility for processing ores or gravel.

(f) "Rocker box" means a unit constructed of a short trough attached to curved supports that allow the unit to be rocked from side to side.

(g) "Sluice box" means a portable unit constructed of a wood or metal flume or trough equipped with transverse riffles across the bottom of the unit and that is used to recover heavy mineral sands.

(2) A person commits the crime of mineral trespass if the person intentionally and without the permission of the claim holder:

(a) Enters a mining claim posted as required in ORS 517.010 or 517.044 and disturbs, removes or attempts to remove any mineral from the claim site;

(b) Tampers with or disturbs a flume, rocker box, bedrock sluice, sluice box, dredge, quartz mill or other mining equipment at a posted mining claim; or

(c) Defaces a location stake, side post, corner post, landmark, monument or posted written notice within a posted mining claim.

(3) Mineral trespass is a Class C misdemeanor. [1999 c.354 §5]

Note:

See note under 517.120.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.133 - Interfering with a mining operation.**

(1) As used in this section, "lawful mining operation" means any small scale mining operation that is in full compliance with state and federal laws.

(2) A person commits the crime of interfering with a mining operation if the person intentionally:

(a) Interferes with a lawful mining operation; or

(b) Stops, or causes to be stopped, a lawful mining operation.

(3) Interfering with a mining operation is a Class C misdemeanor. [1999 c.354 §6]

Note:

See note under 517.120.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.135 - Exemption from crimes of mineral trespass and interfering with a mining operation.**

(1) ORS 517.128 to 517.133 do not apply to conduct that would otherwise constitute an offense when it is required or authorized by law or judicial decree or is performed by a public servant in the reasonable exercise of official powers, duties or functions.

(2) As used in subsection (1) of this section, "laws or judicial decrees" includes but is not limited to:

- (a) Laws defining duties and functions of public servants;
- (b) Laws defining duties of private citizens to assist public servants in the performance of certain of their functions; and
- (c) Judgments and orders of courts. [1999 c.354 §7]

Note:

See note under 517.120.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.140 - Legislative findings; mining using motorized equipment in beds and banks of rivers.**

The Legislative Assembly finds that:

- (1) Prospecting, small scale mining and recreational mining are part of the unique heritage of the State of Oregon.
- (2) Prospecting, small scale mining and recreational mining provide economic benefits to the State of Oregon and local communities and support tourism, small businesses and recreational opportunities, all of which are economic drivers in Oregon's rural communities.
- (3) Exploration of potential mine sites is necessary to discover the minerals that underlie the surface and inherently involves natural resource disturbance.
- (4) Mining that uses motorized equipment in the beds and banks of the rivers of Oregon can pose significant risks to Oregon's natural resources, including fish and other wildlife, riparian areas, water quality, the investments of this state in habitat enhancement and areas of cultural significance to Indian tribes.
- (5) Between 2007 and 2013, mining that uses motorized equipment in the beds and banks of the rivers of Oregon increased significantly, raising concerns about the cumulative environmental impacts.
- (6) The regulatory system related to mining that uses motorized equipment in the beds and banks of the rivers of Oregon should be efficient and structured to best protect environmental values. [2013 c.783 §1]

Note:

517.140 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 517 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.160 - Location of nonmineral land as millsite; notice; fee.**

- (1) The proprietor of a vein or lode, or placer claim, or the owner of a quartz mill or reduction works, may locate not more than five acres of nonmineral land as a millsite. Such locations shall be made in the same manner as provided in ORS 517.044 for locating placer claims, except that no discovery or location work is required. Where a millsite is appurtenant to a mining claim, either lode or placer, the notice of location of such millsite shall describe by appropriate reference the mining claim to which it is appurtenant.
- (2) The locator of a millsite shall, within 30 days from the date of posting a notice thereon, record a copy thereof with the same county officer. The fee for recording such location notice shall be the fee provided for in ORS 205.320. Such location notices shall be recorded in the same manner as location notices of quartz or placer claims but need have no affidavit of location work attached. [1963 c.123 §1; 1999 c.654 §30]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.170 - Policy.**

It is in the interest of the State of Oregon to provide a mechanism for the removal of dormant encumbrances on property which prevent a landowner from using or developing that property in a manner which contributes to the economy and increases the state's tax base. [1983 c.421 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.180 - Procedure for extinguishing dormant mineral interest.**

- (1) An owner of land in which another person holds a mineral interest, may extinguish the holder's interest by publishing notice and submitting an affidavit of publication for recording as described in subsections (4) to (9) of this section, unless:
  - (a) Within the last 30 years, the holder of the mineral interest has submitted a statement of claim for recording in the manner set out in subsection (3) of this section; or
  - (b) The holder of the mineral interest acquired the mineral interest within the previous 30 years.
- (2) For the purposes of this section:
  - (a) "Mineral interest" includes any interest that is created by an instrument transferring, either by grant, assignment, reservation or otherwise, an interest of any kind in coal, oil, gas or other minerals and geothermal resources, except an interest vested in the United States, the State of Oregon or a political subdivision of the State of Oregon. A mineral interest does not include an interest in sand or gravel.
  - (b) "Owner of land" includes a vested fee simple owner or a contract purchaser.
- (3) The statement of claim referred to in subsection (1) of this section shall be submitted for recording in the office of the clerk of the county in which the land affected by the mineral interest is located and shall contain:

- (a) The name and address of the holder of the mineral interest as that name is shown in the instrument that created the original mineral interest; and
- (b) The name and address of the current holder of the mineral interest.
- (4) To extinguish the mineral interest held by another person, and acquire ownership of that interest, the owner of the land shall publish notice of the lapse of the mineral interest at least once each week for three consecutive weeks in a newspaper of general circulation in the county in which the lands affected by the mineral interest are located. If the address of the mineral interest holder is known or can be determined by due diligence, the notice shall also be mailed by the owner of the land to the holder of the mineral interest before the first publication.
- (5) The notice required in subsection (4) of this section shall include:
  - (a) The name of the holder of the mineral interest, as shown of record;
  - (b) A reference to the instrument creating the original mineral interest, including where it is recorded;
  - (c) A description of the lands affected by the mineral interest;
  - (d) The name and address of the person giving the notice;
  - (e) The date of first publication of the notice; and
  - (f) A statement that the holder of the mineral interest must submit a statement of claim to the county clerk within 60 days after the date of the last publication or the mineral interest of the holder may be extinguished.
- (6) A copy of the notice and an affidavit of publication of the notice, as described in subsection (7) of this section, shall be submitted to the county clerk within 15 days after the date of the last publication of the notice in the office of the clerk of the county where the lands affected by the mineral interest are located.
- (7) The affidavit of publication shall contain either:
  - (a) A statement that a copy of the notice was mailed to the holder of the mineral interest and the address to which it was mailed; or
  - (b) If no copy of the notice was mailed, a detailed description, including dates, of the efforts made to determine with due diligence the address of the holder of the mineral interest.
- (8) If the owner of the land affected by the mineral interest gives notice as required in subsection (4) of this section and submits a copy of the notice and the affidavit of publication for recording as required by subsection (6) of this section, the mineral interest of the holder shall be extinguished and become the property of the owner of the lands, unless the holder of the mineral interest submits a statement of claim to the county clerk within 60 days after the date of the last publication of the notice.
- (9) Upon receipt, the clerk of the county shall record a statement of claim or a notice and affidavit of publication of notice in the Mineral and Mining Record. When possible, the clerk shall also indicate by marginal notation on the instrument creating the original mineral interest the recording of the statement of claim or notice and affidavit of publication of notice. The clerk of the county shall record a statement of claim by cross-referencing in the Mineral and Mining Record the name of the current holder of the mineral interest and the name of the original holder of the mineral interest as set out in the statement of claim.
- (10) The provisions of this section may not be waived at any time. [1983 c.421 §2; 1997 c.819 §10; 1999 c.654 §31]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.210 - Recording affidavit of annual compliance.**

Within 30 days after the performance of labor or making of improvements, or making federal fee payments required by law to be annually performed or made upon any mining claim, the person in whose behalf such labor was performed or improvement or payment was made, or someone in behalf of the person, knowing the facts, shall make and have recorded in the Mineral and Mining Record of the county in which the mining claim is situated, an affidavit setting forth:

- (1) The name of the claim or claims if grouped and a reference to the record where the location notice of each such claim is recorded.
- (2) The number of days' work done and the character and value of the improvements placed thereon, together with their location.
- (3) The dates of performing the labor and making the improvements.
- (4) At whose instance or request the work was done or improvements made.
- (5) The actual amount paid for the labor and improvements, and by whom paid, when the same was not done by the claim owner.
- (6) That the federal fee requirements have been met by the owner or agent and that the owner or agent intends to hold the claim in good standing for the applicable assessment year. [Amended by 1993 c.443 §1; 1999 c.654 §32]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.220 - Affidavit or lack thereof as evidence; recording fee.**

The affidavit described in ORS 517.210, when so recorded, or a duly certified copy thereof, is prima facie evidence of the facts therein stated. Failure to file such affidavit within the prescribed time is prima facie evidence that such labor has not been done. The fee for recording the affidavit shall be the fee provided by ORS 205.320. [Amended by 1971 c.621 §34; 1975 c.607 §37; 1979 c.833 §32; 1991 c.230 §29; 1999 c.654 §33]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.230 - Performance of assessment work by co-owners.**

Whenever any quartz or placer mines are owned by one or more persons, or are owned in common by any persons, any person

owning any legal or equitable interest in the mines may perform the annual assessment work upon them which is required by the laws of the United States and Oregon. Such work, when it complies with said laws, shall protect the mines from relocation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.240 - Failure of co-owner to contribute; notice.**

Upon failure of any co-owner of any mine to contribute that co-owner's proportion of expenditures required in assessment work, or to perform or pay for such proportion, the co-owners who performed or caused to be performed the labor or assessment work, may, at the expiration of the year for which the assessment work was performed, give the delinquent co-owner notice that the assessment work for that year has been performed, stating by whom performed, the amount of work performed and the dates between which it was performed; together with a statement of the amount due from the delinquent co-owner for the delinquent co-owner's proportion of the work, and requiring the delinquent co-owner, within 90 days from the date of service of the notice, to pay to the co-owners who performed or caused to be performed such work, the delinquent co-owner's proportion. The notice shall further state that if the delinquent co-owner fails or refuses to contribute the proportion due for the work, the interest of the delinquent co-owner in the mine will become the property of the co-owners who performed or caused to be performed the assessment work.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.250 - Form of notice; service; publication.**

The notice shall be in writing and signed by the co-owner who performed or caused to be performed the assessment work. It shall be served upon the delinquent co-owner personally by the sheriff of the county in which the mine is situated, if the delinquent co-owner is within the county. If the delinquent co-owner can be found in any other county, then the notice shall be served by the sheriff of that county. If the delinquent co-owner cannot be found within the state, or if at the time of giving the notice the delinquent co-owner is without the state, service of the notice shall be made by publication thereof in the weekly newspaper published in the county nearest to where the mine is situated. If there are two or more papers published in the county at the same distance from the mine, the co-owner giving notice may elect in which paper the notice shall be published. If no weekly newspaper is published within the county, service of the notice shall be made by publication in any other weekly newspaper within the state published nearest the mine. The notice shall be published at least once a week for a period of 90 days after the first publication.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.260 - Notice; return and proof of service.**

If the notice is served by any sheriff as provided in ORS 517.250, the sheriff shall make return by filing the notice with the return showing service with the county recorder, or if there is none, with the county clerk, for the county within which the mine is situated. If personal service cannot be had as provided in ORS 517.250, proof of service shall be made by filing with the county recorder, or if there is none, with the county clerk of the county in which the mine is situated, the notice as published, attached to an affidavit made by the printer, foreman, or publisher of the newspaper, to the effect that it is of general circulation throughout the county, is published weekly, and that the notice was published at least once a week in that newspaper for a period of not less than 90 days after the first publication of the notice.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.270 - Vesting of interest of delinquent co-owner.**

If at the expiration of 90 days from the date of personal service of the notice upon the delinquent co-owner or from the date of the last publication of the notice, the delinquent co-owner has not paid the proportion of the delinquent co-owner to the co-owners who performed or caused to be performed the assessment work, the title to the interest of the delinquent co-owner in the mine shall be immediately vested in the co-owners who performed or caused to be performed the assessment work.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.280 - Certificate of ownership; issuance.**

The co-owners who performed the assessment work may file with the county clerk of the county where the mine is situated, their affidavits that the payment has not been made. Upon the filing of such affidavits, the clerk shall record the notice, proof of service and affidavits in the Mineral and Mining Record. The clerk shall then and there issue to the co-owners who performed or caused to be performed the assessment work, a certificate to the effect that the clerk has recorded the notice, proof of service and affidavits of nonpayment, and that the co-owners who performed or caused to be performed the assessment work have become and are the owners of all the right, title and interest of the delinquent co-owner or co-owners of the property. [Amended by 1991 c.230 §30; 1999 c.654 §34]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.290 - Fee for certificate.**

The certificate described in ORS 517.280 shall not be issued until the co-owners entitled to it pay to the clerk a fee as set by ORS 205.320. [Amended by 1971 c.621 §35; 1975 c.607 §38; 1979 c.833 §33; 1991 c.230 §31]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.300 - Effect of certificate; certified copy of certificate, notice and return admissible as evidence.**

(1) A certificate issued as provided in ORS 517.280 shall be equivalent to a deed from a delinquent co-owner of all the interest of the delinquent co-owner in and to all mines described in the notice, and shall convey the interest of the delinquent co-owner in the premises to the co-owner or co-owners who performed or caused to be performed the assessment work. The certificate may be introduced in evidence in any cause where ownership of the property may become material. When so introduced, it shall have the same force and effect as would a duly executed and delivered deed from the delinquent co-owner.

(2) A certified copy of the certificate, and of the notice and return, when made and certified to by the county clerk, shall be admissible in evidence in any trial where it is material to establish proof of service of the notice or ownership of the property.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.310 - Recording and indexing certificate; fee; effect.**

The certificate given by the county clerk shall be recorded in the office of the officer issuing it, upon payment of the fee established under ORS 205.320. The officer shall record and index the certificates in the Mineral and Mining Record. Such indexing and recording shall have the same force and effect as the indexing and recording of deeds to other real property, and shall give like constructive notice. [Amended by 1999 c.654 §35]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.320 - Counteraffidavits of delinquent owner; suit to quiet title; judgment.**

If prior to the issuing of the certificate there has been filed with the county clerk an affidavit by the delinquent co-owner that the payment has been made, the clerk shall not issue a certificate, but the parties shall be left to establish such fact by suit to quiet the title to the premises. If in the suit it appears either that the assessment work was not performed by the co-owners claiming to have performed it, or that the delinquent co-owner has performed or paid the delinquent co-owner's proportion of the assessment work, a judgment shall be entered in the suit to that effect; but if it is established that the assessment has been performed by or has been caused to be performed by the co-owners so claiming and that the delinquent co-owner has not performed or paid the delinquent co-owner's proportion, a judgment shall be entered providing that the co-owners who performed the assessment work to be the owners of all the interest of the delinquent co-owner in the premises. The judgment shall be entitled to record in the Mineral and Mining Record kept by the county clerk in the county, and shall be indexed in the Mineral and Mining Record for the county.

[Amended by 1999 c.654 §36; 2003 c.576 §467]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.330 - Accounting for fees.**

All fees collected under ORS 517.290 and 517.310 are the property of the county in which they are collected, and shall be accounted for by the officer collecting them as other recording fees are accounted for.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.410**

[Amended by 1961 c.419 §1; part renumbered 273.920; remainder renumbered 273.355]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.430 - Use of timber by lessee.**

(1) The lessee of the Department of State Lands under ORS 273.551 may use down timber found on the premises for fuel, and may cut and use green timber in the construction of buildings required in the operation of a mine on the premises, or for lining test pits or shafts, or for timbering drifts or excavations, or for other mining purposes, but for no other purpose.

(2) The lessee of the State Forester under ORS 273.551 may use down timber found on the premises for fuel and may cut and use green timber for lining test pits or shafts, or for timbering drifts or excavations, or for other mining purposes, but for no other purpose. [Amended by 1953 c.65 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.440 - Lessee, licensee, or operator of mine deemed bailee of yield until payment of lessor and workers.**

Any lessee, licensee, or person other than the owner, who operates or works a mine, lode, mining claim, or deposit yielding metal or mineral of any kind, has custody and control of whatever metal or mineral may be produced in such operation or work, as bailee only and not as owner, until the sum due the lessor is paid and the wages due from such lessee to the lessor or to any worker who has performed labor under contract of service on, in or about such mine, lode, mining claim, or deposit are wholly paid.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining**

**and Mining ClaimsSection 517.702 - Legislative findings.**

(1) The Legislative Assembly finds and declares that:

- (a) Mineral exploration is recognized as an integral part of the mineral industry with inherently less risk to the environment than surface or underground mining operations.
  - (b) Mineral exploration assists in the orderly identification of mineral resources in the state.
  - (c) Mineral exploration activities are recognized as distinct from operational activities.
- (2) The Legislative Assembly, therefore, declares that the purposes of ORS 517.702 to 517.755, 517.790, 517.810, 517.910 and 517.920 are to encourage efficient and environmentally sound identification and development of the mineral resources of this state. [Formerly 517.960]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.705 - Exploration permit; application; information required; fees; confidentiality of production records, mineral assessments or trade secrets.**

(1) A person may not engage in onshore exploration that disturbs more than one surface acre or involves drilling to greater than 50 feet except in compliance with a permit issued by the State Department of Geology and Mineral Industries under this section.

(2) An application for an onshore exploration permit must include:

- (a) The name and address of the surface owner and mineral owner.
  - (b) The names and addresses of the persons conducting the exploration.
  - (c) The name and address of any designated agent.
  - (d) A brief description of the exploration activities, including:
    - (A) The amount of road to be constructed;
    - (B) The number, depth and location of proposed drill holes;
    - (C) The number, depth and location of proposed monitoring wells; and
    - (D) The number, length, width and depth of exploration trenches.
  - (e) Provisions for the reclamation of surface disturbance caused by exploration activities.
  - (f) Exploration drill hole or monitoring well abandonment procedures, including:
    - (A) The capping of all holes;
    - (B) The plugging of any hole producing surface flow; and
    - (C) Appropriate sealing for any holes which have encountered aquifers.
  - (g) An exploration boundary map with the location of the proposed exploration and delineation of exploration boundaries.
  - (h) Such other information as the department by rule may require to assess the impacts of the proposed exploration.
  - (i) A nonrefundable fee of \$2,000 per application.
- (3) Each permit application may include a single contiguous exploration boundary that is no more than 640 acres.
- (4) Any production records, mineral assessments or trade secrets submitted as part of the application under subsection (2) of this section are confidential. [Formerly 517.962; 1999 c.492 §11; 2020 s.s.2 c.4 §1]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.710 - Fees.**

(1) If the person conducting an exploration under a permit issued under ORS 517.705 is not in violation of ORS 517.702 to 517.740 or 517.810 or any terms of the permit and has paid an annual renewal fee not to exceed \$1,460 prior to the anniversary date of the permit as established by the State Department of Geology and Mineral Industries, the department shall renew the permit.

(2) Nothing in this section prevents the department from suspending or revoking a permit for violations of ORS 517.702 to 517.740 or 517.810 or taking any other action authorized under this chapter. [Formerly 517.964; 2020 s.s.2 c.4 §2]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.715 - Exemptions from permit requirement.**

(1) When exploration will result in less than one acre of surface disturbance or drilling to 50 feet or less, any person conducting exploration is exempted from the requirements of the permit procedure described in ORS 517.702 to 517.740. However, nothing in this section exempts a person from the requirements of ORS chapter 273 or the requirements of other departments.

(2) All mineral exploration drill holes shall comply with the abandonment procedures specified in ORS 517.705 (2)(f). [Formerly 517.966; 1999 c.492 §12; 2020 s.s.2 c.4 §11]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.720 - Persons with operating permit exempted.**

The provisions of ORS 517.702 to 517.740 do not apply if the applicant has obtained an operating permit, described in ORS 517.790, for the area described in the exploration permit. [Formerly 517.968; 1999 c.492 §13]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining**

**and Mining ClaimsSection 517.725 - Department inspection of exploration site.**

(1) The State Department of Geology and Mineral Industries may inspect the exploration site prior to initiation of exploration to review the existing environmental conditions, assess impacts of the proposed exploration and establish the amount of financial assurance required.

(2) The department may inspect lands not later than 60 days following notification by the person conducting the exploration that reclamation is complete. If the department determines that the reclamation complies with the approved reclamation plan, including establishment of vegetation, the department may release the bond or other security required by ORS 517.810 within 60 days of that determination.

(3) The department is authorized to inspect any ongoing exploration site in order to establish compliance with ORS 517.702 to 517.755, 517.790, 517.810, 517.910 and 517.920. [Formerly 517.970]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.730 - Drill hole or well abandonment; rules.**

(1) The State Department of Geology and Mineral Industries shall consult with the Water Resources Department on the development of rules covering drill hole or monitoring well abandonment procedures, including procedures for the abandonment of holes and wells for which no exploration permit is required in ORS 517.705.

(2) Nothing in ORS 517.702 to 517.740 prohibits the conversion of exploration drill holes or monitoring wells to water wells, provided that the conversion conforms to the standards and rules of the Water Resources Department. [Formerly 517.972; 2020 s.s.2 c.4 §12]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.735 - Exploration on land administered by Department of State Lands.**

The Department of State Lands and the State Department of Geology and Mineral Industries shall coordinate the regulation of any exploration project on land administered by the Department of State Lands. [Formerly 517.974]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.740 - Rules.**

In consultation with the Environmental Quality Commission, Water Resources Commission and the State Land Board, the State Department of Geology and Mineral Industries governing board shall adopt rules to carry out the provisions of ORS 517.702 to 517.755, 517.790, 517.810, 517.910 and 517.920. [Formerly 517.976]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.750 - Definitions for ORS 517.702 to 517.989.**

As used in ORS 517.702 to 517.989, unless the context requires otherwise:

(1) "Board" means the governing board of the State Department of Geology and Mineral Industries.

(2) "Completion" means termination of surface mining activities including reclamation of the surface-mined land in accordance with the approved reclamation plan and operating permit.

(3) "Cooperating agency" means the State Department of Agriculture, the State Department of Fish and Wildlife or any agency that has statutory responsibility related to a mining operation but that does not issue a permit for the mining operation.

(4) "Department" means the State Department of Geology and Mineral Industries.

(5) "Exploration" means all activities conducted on or beneath the surface of the earth for the purpose of determining presence, location, extent, grade or economic viability of a deposit. "Exploration" does not include prospecting or chemical processing of minerals.

(6) "Explorer" means a person that is engaged in exploration.

(7) "Landowner" means:

(a) The person possessing fee title to the natural mineral deposit being surface mined or explored; and

(b) The owner of an equitable interest in land that is subject to a deed of trust.

(8) "Minerals" includes soil, coal, clay, stone, sand, gravel, metallic ore and any other solid material or substance excavated for commercial, industrial or construction use from natural deposits situated within or upon lands in this state.

(9) "Operator" means any individual, public or private corporation, political subdivision, agency, board or department of this state, any municipality, partnership, association, firm, trust, estate or any other legal entity whatsoever that is engaged in surface mining operations.

(10) "Overburden" means the soil, rock and similar materials that lie above natural deposits of minerals.

(11) "Person" means any person, any federal agency or any public body, as defined in ORS 174.109.

(12) "Processing" includes, but is not limited to, crushing, washing, milling and screening as well as the batching and blending of mineral aggregate into asphalt and portland cement concrete located within the operating permit area.

(13) "Reclamation" means the employment in a surface mining operation or exploration of procedures reasonably designed to:

(a) Minimize, as much as practicable, the adverse effects of the surface mining operation or exploration on land, air and water

resources; and

(b) Provide for the rehabilitation of surface resources adversely affected by the surface mining operations or exploration through the rehabilitation of plant cover, soil stability and water resources and through other measures that contribute to the subsequent beneficial use of the explored, mined or reclaimed lands.

(14) "Reclamation plan" means a written proposal, submitted to the department as required by ORS 517.702 to 517.989 and subsequently approved by the department as provided in ORS 517.702 to 517.989, for the reclamation of the land area adversely affected by a surface mining operation or exploration and including, but not limited to the following information:

(a) Proposed measures to be undertaken by the operator in protecting the natural resources of adjacent lands.

(b) Proposed measures for the rehabilitation of the explored or surface-mined lands and the procedures to be applied.

(c) The procedures to be applied in the surface mining operation or exploration to control the discharge of contaminants and the disposal of surface mining refuse.

(d) The procedures to be applied in the surface mining operation or exploration in the rehabilitation of affected stream channels and stream banks to a condition minimizing erosion, sedimentation and other factors of pollution.

(e) The map required by ORS 517.790 (1)(e) and such other maps and supporting documents as may be requested by the department.

(f) A proposed time schedule for the completion of reclamation operations.

(g) Requirements of the exploration permit.

(15) "Surface impacts of underground mining" means all waste materials produced by underground mining and placed upon the surface including, but not limited to, waste dumps, mill tailings, washing plant fines and all surface subsidence related to underground mining.

(16)(a) "Surface mining" includes:

(A) All or any part of the process of mining minerals by the removal of overburden and the extraction of natural mineral deposits thereby exposed by any method by which more than 5,000 cubic yards of minerals are extracted or by which at least one acre of land is affected within a period of 12 consecutive calendar months, including open-pit mining operations, auger mining operations, processing, surface impacts of underground mining, production of surface mining refuse and the construction of adjacent or off-site borrow pits, except those constructed for use as access roads.

(B) Removal or filling, or both, within the beds or banks of any waters of this state that is the subject of a memorandum of agreement between the Department of State Lands and the State Department of Geology and Mineral Industries in which the State Department of Geology and Mineral Industries is assigned sole responsibility for permitting as described in ORS 517.797.

(b) "Surface mining" does not include:

(A) Excavations of sand, gravel, clay, rock or other similar materials conducted by the landowner or tenant for the primary purpose of construction, reconstruction or maintenance of access roads on the same parcel or on an adjacent parcel that is under the same ownership as the parcel that is being excavated;

(B) Excavation or grading operations, reasonably necessary for farming;

(C) Nonsurface effects of underground mining;

(D) Removal of rock, gravel, sand, silt or other similar substances removed from the beds or banks of any waters of this state pursuant to a permit issued under ORS 196.800 to 196.900;

(E) Excavations or reprocessing of aggregate material, or grading operations, within the highway right of way reasonably necessary for the construction, reconstruction or maintenance of a highway as defined in ORS 801.305;

(F) Excavation or movement of materials on site at a landfill, as defined in ORS 459.005, for the primary purpose of construction, reconstruction or maintenance of access roads or for landfill operations, including but not limited to landfill cell construction and daily, interim and final cover operations, if the excavation or movement of materials is covered by a permit issued by the Department of Environmental Quality under ORS 459.205 to 459.385;

(G) Excavation or grading operations necessary for construction and maintenance of utilities or drainage facilities, where the excavated material is used on site and is not sold into the commercial market as aggregate material; or

(H) Excavation or grading operations that:

(i) Are associated with on-site construction activities; and

(ii) Do not result in any excavated materials being sold into the commercial market.

(17) "Surface mining refuse" means all waste materials, soil, rock, mineral, liquid, vegetation and other materials resulting from or displaced by surface mining operations within the operating permit area, including all waste materials deposited in or upon lands within the operating permit area.

(18) "Underground mining" means all human-made excavations below the surface of the ground through shafts or adits for the purpose of exploring for, developing or producing valuable minerals. [1971 c.719 §2; 1975 c.724 §1; 1977 c.59 §1; 1981 c.622 §1; 1983 c.46 §1; 1985 c.292 §2; 1989 c.347 §12; 1999 c.353 §2; 2007 c.318 §5; 2009 c.279 §1; 2011 c.406 §2; 2017 c.736 §2; 2017 c.743 §1; 2019 c.502 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.753 - Exclusion certificate required for certain small-scale surface mining operations; application; fees.**

(1) Notwithstanding the yard and acre limitations of ORS 517.750 (16), a person may not engage in surface mining that results in the extraction of 5,000 cubic yards or less of minerals or affects less than one acre of land within a period of 12 consecutive calendar months except in compliance with an exclusion certificate issued by the State Department of Geology and Mineral Industries under this section. Except as provided in ORS 517.755, a mining operation subject to a valid exclusion certificate is not subject to the operating permit or reclamation requirements set forth in ORS 517.702 to 517.989.

(2) A person shall submit an exclusion certificate application on a form provided by the department, accompanied by a fee not to exceed \$400. If the department does not approve or disapprove the application within 90 days after the date the application is filed with the department, the application shall be deemed approved.

(3) Each holder of an exclusion certificate shall annually pay to the department a renewal fee not to exceed \$165, accompanied by a description of:

(a) The amount of minerals extracted pursuant to the certificate during the previous 12 months;

(b) The total acreage of surface disturbance by the mining operation as of the date that the renewal is submitted; and

(c) Any additional information required by the department to determine that the mining operation continues to qualify for an exclusion certificate. [2015 c.834 §2; 2017 c.736 §12; 2020 s.s.2 c.4 §3]

Note:

517.753 was added to and made a part of 517.702 to 517.989 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.755 - Mining operations affecting more than five acres.**

Notwithstanding the yard and acre limitations of ORS 517.750 (16), as soon as any mining operation begun after July 1, 1975, affects more than five acres of land the provisions of ORS 517.702 to 517.989 apply to the mining operation. [1975 c.724 §1a; 1979 c.435 §3; 1985 c.292 §3; 1985 c.565 §80; 1989 c.347 §13; 1999 c.353 §7; 2007 c.318 §15; 2017 c.736 §13]

Note:

517.755 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 517 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.760 - Policy.**

(1) The Legislative Assembly finds and declares that:

(a) It is the policy of the State of Oregon to recognize the important and essential contribution that the extraction of minerals makes to the economic well-being of the state and the nation and to prevent unacceptable adverse impacts to environmental, scenic, recreational, social, archaeological and historic resources of the state that may result from mining operations, while permitting operations that comply with the provisions set forth in ORS 517.702 to 517.951.

(b) Proper reclamation of surface-mined lands is necessary to prevent undesirable land and water conditions that would be detrimental to the general welfare, health, safety and property rights of the citizens of this state.

(c) Surface mining takes place in diverse areas where the geologic, topographic, climatic, biological and social conditions are significantly different and that reclamation operations and the specifications therefor must vary accordingly.

(d) It is not practical to extract minerals required by our society without disturbing the surface of the earth and producing waste materials and that the very character of many types of surface mining operations precludes complete restoration of the affected lands to their original condition.

(e) Reclamation of surface-mined lands as provided by ORS 517.702 to 517.951 will allow the mining of valuable minerals in a manner designed for the protection and subsequent beneficial use of the mined and reclaimed lands.

(2) The Legislative Assembly, therefore, declares that the purposes of ORS 517.702 to 517.951 are:

(a) To provide that the usefulness, productivity and scenic values of all lands and water resources affected by surface mining operations within this state shall receive the greatest practical degree of protection and reclamation necessary for their intended subsequent use.

(b) To provide for cooperation between private and governmental entities in carrying out the purposes of ORS 517.702 to 517.951 and reclamation of abandoned mined lands that may pose a hazard to public health, safety or the environment. [1971 c.719 §1; 1985 c.292 §4; 1993 c.342 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.770 - Exemptions from reclamation requirements.**

(1) The following mining operations are exempt from the reclamation requirements set forth in ORS 517.702 to 517.989:

(a) Lands within the surfaces and contours of surface mines in existence on July 1, 1972, or vertical extensions of those surfaces and contours, provided that the State Department of Geology and Mineral Industries issued a certificate of exemption to the mining operation on or before October 31, 2000.

(b) Lands within the surfaces and contours of surface mines in existence on July 1, 1972, or vertical extensions of those surfaces and contours, provided that:

- (A) The surface mining operations at the site were allowed under a comparable certificate of exemption that was issued by a county and current on the date of repeal of a county zoning law or ordinance described in ORS 517.780 (1); and
- (B) The landowner or operator applies for and receives a certificate of exemption from the department. An application for a certificate of exemption must be filed with the department within 90 days after the date the county's repeal of a zoning law or ordinance becomes effective. If the department does not approve or disapprove the application within 90 days after the date the application is filed with the department, the application will be deemed to be approved.
- (c) Lands within the surfaces and contours of surface mining operations that are owned or operated by a person that, on July 1, 1972, was a party to a surface mining contract that was valid on January 1, 1971, provided that the department issued a certificate of exemption to the mining operation on or before September 20, 1985.
- (2) A certificate of exemption terminates if the landowner or operator does not renew the certificate annually. [1971 c.719 §15; 1973 c.709 §1; 1975 c.724 §2; 1985 c.292 §5; 1987 c.260 §2; 1987 c.361 §§1,1a; 1999 c.492 §1; 2009 c.270 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.775 - Permit fee for certain landowners and operators; erosion stabilization at mining operations exempt from reclamation.**

Notwithstanding the provisions of ORS 517.770:

- (1) Any landowner or operator conducting surface mining on July 1, 1972, shall pay the permit fee as provided in ORS 517.800; and
- (2) The State Department of Geology and Mineral Industries shall require the landowner or operator to complete erosion stabilization upon completion of mining at a mining operation exempt from reclamation under ORS 517.770. [1971 c.719 §17; 1979 c.435 §4; 1985 c.292 §17; 1987 c.260 §3; 1987 c.361 §2; 1999 c.492 §2; 2009 c.270 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.780 - Effect on county zoning laws or ordinances; rules; certain operations exempt.**

- (1)(a) The provisions of ORS 517.702 to 517.989 and the rules and regulations adopted thereunder do not supersede any county zoning laws or ordinances in effect on July 1, 1972. However, if the county zoning laws or ordinances are repealed on or after July 1, 1972, the provisions of ORS 517.702 to 517.989 and the rules and regulations adopted thereunder are controlling. The governing board of the State Department of Geology and Mineral Industries may adopt rules and regulations with respect to matters covered by county zoning laws and ordinances in effect on July 1, 1972.
- (b) If the county zoning laws or ordinances specified in paragraph (a) of this subsection are repealed by a county:
- (A) The department may allow a surface mining operation that previously operated under a valid county operating permit and reclamation plan to continue to operate for a period not to exceed one year if the landowner or operator applies for an operating permit under ORS 517.790 within 60 days after the date the county's repeal of the zoning laws or ordinances becomes effective, pays all applicable fees to the department and submits a bond or security to the department as required by ORS 517.810. Pending issuance of an operating permit and approval of a reclamation plan by the department, the county permit is deemed to remain in effect and is enforceable by the department.
- (B) The department, in issuing a permit and approving a reclamation plan for a surface mining operation that previously operated under a valid county operating permit as described in paragraph (a) of this subsection, may incorporate any provisions from the county operating permit into the permit issued by the department and the reclamation plan approved by the department if the department determines that the provisions provide adequate protection of the public health, safety and welfare and the environment.
- (C) The department may issue a certificate of exemption from reclamation requirements as described in ORS 517.770 (1)(b).
- (2) City or county operated surface mining operations that sell less than 5,000 cubic yards of minerals within a period of 12 consecutive calendar months are exempt from the state mining permit requirements of ORS 517.702 to 517.989 if the city or county adopts an ordinance that includes a general reclamation scheme establishing the means and methods of achieving reclamation for city or county operated surface mining sites exempted from the state permit requirements by this subsection. [1971 c.719 §16; 1975 c.724 §3; 1977 c.524 §1; 1979 c.435 §1; 1983 c.20 §1; 1985 c.292 §6; 1987 c.361 §9; 2003 c.14 §340; 2007 c.318 §6; 2009 c.270 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.790 - Operating permit required for surface mining on certain lands; application for permit; proposed reclamation plans; waiver of requirement for preparation and approval of reclamation plan; refusal to issue operating permit; provisional operating permit.**

- (1) A landowner or operator may not allow or engage in surface mining on land not surface mined on July 1, 1972, without holding a valid operating permit from the State Department of Geology and Mineral Industries for the surface mining operation. A separate permit is required for each separate surface mining operation. A person seeking an operating permit from the department shall submit an application on a form provided by the department that contains the following information:
- (a) The name and address of the landowner and the operator and the names and addresses of any persons designated by them as their agents for the service of process.
- (b) The materials for which the operation is to be conducted.
- (c) The type of surface mining to be employed in the operation.

- (d) The proposed date for the initiation of the operation.
  - (e) The size and legal description of the lands that will be affected by the operation, and, if more than 10 acres of land will be affected by the operation and if the department determines that the conditions warrant it, a map of the lands to be surface mined that includes the boundaries of the affected lands, topographic details of the lands, the location and names of all streams, roads, railroads, utility facilities, wells, irrigation ditches, ponds, stockpiles, buffers, setbacks and excavation boundaries within or adjacent to the lands, the location of all proposed access roads to be protected or constructed in conducting the operation and the names and addresses of the owners of all surface and mineral interests of the lands included within the surface mining area.
  - (f) If practicable, a plan for visual screening by vegetation or otherwise that will be established and maintained on the lands within the operation for the purpose of screening the operation from the view of persons using adjacent public highways, public parks and residential areas.
  - (g) The type of monitoring well abandonment procedures.
  - (h) A proposed reclamation plan that is acceptable to and approved by the department.
  - (i) Any other information that the department considers pertinent in its review of the application.
- (2) The department may waive the requirement for preparation and approval of a reclamation plan if:
- (a) The operation is conducted as part of the on-site construction of a building, public works project or other physical improvement of the subject property;
  - (b) The operation is reasonably necessary for such construction; and
  - (c) The proposed improvements are authorized by the local jurisdiction with land use authority.
- (3) The department may not issue an operating permit to an operator other than the owner or owners of the surface and mineral interests of the lands included within the surface mining area unless the operator:
- (a) Has written approval from the owner or owners of all surface and mineral interests of the lands included within the surface mining area; and
  - (b) Maintains a legal interest in the lands that is sufficient to ensure that the operator has the authority to operate and reclaim the lands as provided in the operating permit and reclamation plan.
- (4) The department may refuse to issue an operating permit to a person who has not, in the determination of the department, substantially complied with the conditions of an operating permit or reclamation plan, the provisions of this chapter or the rules adopted by the department to carry out the purposes of this chapter.
- (5) The department shall issue a provisional operating permit to an applicant that has not obtained all required federal, state and local permits and approvals for the proposed mining operation, provided:
- (a) The applicant has complied with this chapter and the rules adopted by the department to carry out the purposes of this chapter; and
  - (b) The permit:
    - (A) Does not become effective until the applicant obtains all required permits and approvals; and
    - (B) Contains conditions:
      - (i) Requiring the applicant to obtain an amendment to the provisional operating permit if necessary to conform with a subsequently obtained federal, state or local permit or approval; and
      - (ii) Prohibiting the applicant from allowing or engaging in any surface mining operations on the land prior to the effective date of the provisional operating permit. [1971 c.719 §4; 1973 c.709 §2; 1987 c.361 §10; 1989 c.347 §10; 1999 c.353 §3; 2007 c.318 §7; 2017 c.736 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.795 - Department to consult with and cooperate with other agencies.**

- (1) The State Department of Geology and Mineral Industries shall consult with other state agencies as necessary to ensure that rules developed by the department and those agencies regarding exploration or monitoring well requirements for sites described under ORS 517.790 do not conflict.
- (2) The department and any other state agencies imposing requirements for exploration or monitoring wells for sites described under ORS 517.790 may enter into agreements for the department to act on behalf of the agencies in informing the landowner or operator of the requirements and overseeing enforcement of the requirements. [1997 c.184 §1]

Note:

517.795 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 517 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.797 - Memorandum of agreement with Department of State Lands regarding permitting.**

- (1) As used in this section, "surface mining" has the meaning given that term in ORS 517.750 and "waters of this state" has the meaning given that term in ORS 196.800.
- (2) The Department of State Lands and the State Department of Geology and Mineral Industries may enter into a memorandum of agreement concerning surface mining as described in subsection (3) of this section.
- (3) The memorandum described in subsection (2) of this section may assign sole responsibility for permitting to the State

Department of Geology and Mineral Industries when the surface mining would otherwise be under the permitting jurisdiction of both the Department of State Lands and the State Department of Geology and Mineral Industries because:

- (a) Part of the surface mining is located within the beds or banks of any waters of this state; and
  - (b) Part of the surface mining is located upland from the beds or banks of any waters of this state.
- (4) Prior to any permitting pursuant to the provisions of subsection (3) of this section, the State Department of Geology and Mineral Industries shall consult with the Department of State Lands regarding any conditions necessary to protect the waters of this state. [2011 c.406 §1]

Note:

517.797 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 517 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.800 - Fees; rules; annual report.**

- (1)(a) Except for an application for a mining operation submitted under ORS 517.910 to 517.989, each applicant for an operating permit under ORS 517.702 to 517.989 shall pay to the State Department of Geology and Mineral Industries a fee established by the State Geologist in an amount not to exceed \$2,000.
- (b) If an application for a new permit or an amendment to an existing permit requires extraordinary department resources because of concerns about slope stability or proximity to waters of the state or other environmentally sensitive areas, the applicant shall pay to the department an additional fee in an amount the State Geologist deems adequate to cover the additional costs for staff and other related expenses. The State Geologist shall consult with the applicant when determining the amount of the fee.
- (2) A holder of an operating permit that did not extract minerals during the preceding 12-month period shall pay to the department an annual renewal fee of \$1,200. A holder of an operating permit that extracted minerals during the preceding 12-month period shall pay to the department an annual renewal fee of \$1,460 and \$0.0125 per ton of minerals extracted during the preceding 12-month period.
- (3) If a reclamation plan is changed, the operator may be assessed for staff time and other related costs an amount not to exceed \$2,000 in addition to the annual renewal fee. This subsection does not apply to a mining operation that is subject to the fee established by ORS 517.973 (2)(a).
- (4) If an operator requests that the department respond to requests for information required by a local government in making a land use planning decision, the State Geologist may require the operator to pay the department a fee for staff time and related costs. The department shall notify the operator in advance of the estimated costs of providing the information, and the assessment may not exceed the estimate.
- (5) The State Geologist may require the operator of a site to pay to the department a special inspection fee in an amount not to exceed \$2,000 for an inspection conducted under the following circumstances:
- (a) Investigation of surface mining operations conducted without the operating permit required under ORS 517.790; or
  - (b) Investigation of surface mining operations conducted outside the area authorized in an operating permit.
- (6) Upon request of an applicant or operator, the department shall provide an itemized list and documentation of expenses used to determine a fee under subsection (1)(b), (3) or (4) of this section.
- (7) Notwithstanding the per ton fee established in subsection (2) of this section, the governing board of the department may lower to zero or raise the per ton fee up to \$0.015 to reflect actual expenses of the department in administering ORS 517.702 to 517.951.
- (8) All fees collected by the department under this section shall be deposited in the Mined Land Regulation and Reclamation Program Subaccount within the Geology and Mineral Industries Account. The department shall prepare and submit to the governing board of the department an annual report on the financial status of the Mined Land Regulation and Reclamation Program Subaccount.
- (9) The governing board of the department shall adopt rules establishing:
- (a) Procedures for the administrative review of the determinations of fees under this section.
  - (b) The payment date for fees required under this section.
  - (c) Late fees of up to five percent of the unpaid amount of a fee owed under this section if the fee is more than 60 days past due. [1971 c.719 §7; 1973 c.709 §3; 1977 c.524 §2; 1979 c.435 §2; 1981 c.274 §1; 1983 c.88 §1; 1985 c.292 §8; 1987 c.598 §1; 1989 c.346 §1; 1991 c.735 §28; 1993 c.399 §1; 1995 c.79 §297; 1997 c.62 §1; 1999 c.353 §4; 2003 c.520 §1; 2005 c.650 §§1,1a; 2007 c.318 §16; 2013 c.371 §29; 2015 c.834 §3; 2020 s.s.2 c.4 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.810 - Requirement for bond or security; rules; other security in lieu of bond.**

(1) Before issuing or reissuing an operating permit for any surface mining operation or issuing or reissuing an exploration permit for any exploration activity, the State Department of Geology and Mineral Industries shall require that the applicant for the permit file with it a bond or security acceptable to the department in a sum to be determined by the department but in an amount not to exceed the total cost for reclamation if the department were to perform the reclamation. The decision of the department may be appealed to the governing board of the State Department of Geology and Mineral Industries as provided in ORS chapter 183. The bond or security shall be conditioned upon the faithful performance of the reclamation plan and of the other requirements of ORS 517.702 to

517.989 and the rules adopted thereunder.

(2) Nothing in this section shall apply to any public body, as defined in ORS 174.109.

(3) In lieu of the bond or other security required of the applicant in subsection (1) of this section, the department may accept a similar security from the landowner, equal to the estimated cost of reclamation as determined by the department in consultation with the operator or explorer. The decision of the department may be appealed to the governing board as provided in ORS chapter 183.

(4) In lieu of the bond required by subsection (1) of this section, the department may accept a blanket bond covering two or more surface mining sites or exploration projects operated by a single company, owned by a single landowner or operated by all members of an established trade association, in an amount, established by the department, not to exceed the amount of the bonds that would be required for separate sites.

(5) The governing board shall identify by rule the procedures for the determination of the amount of the bond or other security required of an applicant for an operating permit or exploration permit. The rules:

(a) Shall provide an opportunity for participation by the applicant as part of the procedures; and

(b) May allow for the amount of the bond to be calculated and adjusted based upon the total area expected to be in a disturbed condition in the following year as a result of the surface mining or exploration operation.

(6) Any deposit of moneys accepted and held by the department as a form of security pursuant to the provisions of this section shall be deposited in the Reclamation Guarantee Fund. [1971 c.719 §8; 1975 c.724 §4; 1979 c.435 §5; 1983 c.497 §1; 1985 c.291 §1a; 1985 c.292 §9; 1987 c.361 §5; 1989 c.347 §11; 1999 c.492 §3; 2005 c.34 §6; 2015 c.834 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.813 - Reclamation Guarantee Fund.**

(1) The Reclamation Guarantee Fund is established in the State Treasury, separate and distinct from the General Fund. The Reclamation Guarantee Fund shall consist of deposits of moneys received under ORS 517.810.

(2) Interest earned on the Reclamation Guarantee Fund shall be paid to the State Treasury and deposited in the General Fund to the credit of the Geology and Mineral Industries Account.

(3) The State Department of Geology and Mineral Industries shall annually prepare and submit to the governing board of the department a report on the financial status of the Reclamation Guarantee Fund. [2015 c.834 §5]

Note:

517.813 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 517 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.815 - Reclamation bond pooling program; requirements; rules.**

(1) The State Department of Geology and Mineral Industries may establish and administer a program that provides for the pooling of reclamation bonds to assist:

(a) An operator in complying with the reclamation bond requirements of ORS 517.810;

(b) A person engaging in small mining operations or small exploration projects on federally managed lands to comply with financial guarantee requirements imposed by the Federal Land Policy and Management Act of 1976 (P.L. 94-579) or regulations adopted to implement the Act under 43 U.S.C. 1740; or

(c) A person engaging in any form of mining or exploration to comply with bonding requirements imposed pursuant to county ordinance.

(2) The program must:

(a) Be designed to reduce the financial burden of obtaining a reclamation bond for mining or exploration.

(b) Require each person participating in the program to:

(A) Pay an amount into the pool each year that is actuarially determined to enable the program to be self-sustaining and pay for the costs of the department in administering the program;

(B) Execute an agreement, on a form provided by the department, to indemnify the pool for any claims made against the reclamation bond; and

(C) Provide security approved by the State Geologist, if the State Geologist considers security necessary to ensure against the possible forfeiture of the reclamation bond.

(c) Use the moneys in the pool to cover the bonded liability of persons participating in the program.

(d) Provide a limit on the total bonded liability of any person that may be covered under the program.

(e) Provide conditions for the release or forfeiture of bonds.

(f) Provide that a person that participates in the program has obtained security acceptable to the department as required by ORS 517.810.

(3) The department may adopt rules relating to the development and administration of the program established under this section. [2003 c.646 §2]

Note:

517.815 was added to and made a part of 517.702 to 517.989 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.820 - Extensions of time for submission of proposed reclamation plans; time limit for reclamation completion; consultation with cooperating agencies.**

(1) Upon good cause shown, the State Department of Geology and Mineral Industries may grant reasonable extensions of time for the completion by the landowner or operator and the submission to the department of a proposed reclamation plan required by ORS 517.790. Each reclamation plan submitted to the department must provide that all reclamation activities shall be completed within three years after the termination of mineral extraction from the surface mining operation conducted within each separate area for which an operating permit is requested. Each such reclamation plan shall be approved by the department if it adequately provides for the reclamation of surface-mined lands.

(2) Prior to approving a proposed reclamation plan, the department shall consult with all other cooperating agencies and appropriate local planning authorities. [1971 c.719 §5; 1977 c.59 §2; 2007 c.318 §17; 2017 c.736 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.825 - Mining aggregate on high-value farmland; requirements; rules.**

(1) As used in this section, "significant aggregate resource" means the average minimum depth of aggregate, determined by rule of the Land Conservation and Development Commission, that is required for a local government to find that the aggregate resource is significant pursuant to a statewide land use planning goal that protects natural resources and conserves scenic, historic and open space resources.

(2) When the State Department of Geology and Mineral Industries issues an operating permit under ORS 517.790 for mining aggregate on high-value farmland composed predominantly of Class I and Class II soils in the Willamette Valley, the department shall require:

(a) An operator or owner to excavate substantially all of the significant aggregate resource within the operating permit boundary, not including any buffer, setback and sloping areas:

(A) To the extent that the removal of the significant aggregate resource can be done in a manner that is consistent with operating permit conditions imposed by the department; and

(B) Subject to limitations imposed by other federal, state or local regulatory requirements.

(b) An applicant to demonstrate to the satisfaction of the department that the operator or owner has the mechanical ability to comply with paragraph (a) of this subsection.

(c) Performance of the requirements of paragraph (a) of this subsection before approving final reclamation and closure of the mining operation, unless:

(A) The operator or owner defaults as described in ORS 517.860; or

(B) Performance is not required due to changed conditions or new information that justify a permit modification under ORS 517.831.

(3) The acceptance by the department of a plan to mine in compliance with subsection (2)(a) of this section does not establish a depth standard for purposes of land use permits or authorizations.

(4) The time limitations imposed on the department under ORS 517.830 do not apply to an application for an operating permit, or the transfer of a permit under ORS 517.833, that is subject to this section.

(5) This section does not require the operator or owner to provide bond or security to excavate to the permitted depth. [2013 c.706 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.830 - Operating permit approval process; appeal from denial of plan; consolidated application process.**

(1) Upon receipt of an application for an operating permit, the State Department of Geology and Mineral Industries shall:

(a) Inspect the operating site described in the application;

(b) Provide notice to the local jurisdiction and an opportunity for the local jurisdiction to, within 30 days after the date of the notice, request that the department delay a decision on an operating permit and reclamation plan as provided in subsection (4) of this section; and

(c) If the application is not subject to the consolidated application process under ORS 517.952 to 517.989, provide notice to each federal and state permitting agency, as defined in ORS 517.952, and each cooperating agency and provide an opportunity for the agencies to, within 30 days after the date of the notice, respond in writing to the department identifying reasonably expected adverse effects of the proposed mining operation on land, air, water or wildlife resources.

(2) Within 90 days after the date that the application and the required permit fee are received, the department shall issue the operating permit applied for or, if it considers the application incomplete, return the application to the applicant for correction of the deficiencies indicated by the department. An operating permit that is not subject to ORS 517.952 to 517.989 shall contain reasonable conditions designed to avoid or minimize an adverse effect identified by an agency pursuant to subsection (1)(c) of this section, provided:

(a) A permit issued by a federal, state or local permitting agency approving the mining operation does not include provisions to

mitigate the adverse effect; and

(b) The land use decision issued by the local government approving the mining operation does not include provisions to mitigate the adverse effect.

(3) Failure by the department to act upon the reclamation plan submitted with an application for an operating permit within the 90-day period referred to in subsection (2) of this section is not a denial by the department of the operating permit applied for. The department, pending final approval of a reclamation plan, may issue a provisional permit subject to reasonable limitations that may be prescribed by the department and conditioned upon the applicant's compliance with the bond and security requirements established by ORS 517.810.

(4)(a) Notwithstanding subsections (2) and (3) of this section, if an application involves an aggregate site that requires a permit issued pursuant to ORS 215.427 or 227.178, and if the local jurisdiction requests that the application not be decided until the local jurisdiction has taken final action, the department shall make a final decision on the operating permit and reclamation plan no later than 165 days after the date a complete land use application is submitted to the local jurisdiction, unless the applicant agrees to allow additional time under ORS 215.427, 215.429, 227.178 or 227.179. If a plan amendment is required as part of issuance of a permit, the provisions of paragraph (b) of this subsection apply. The department may not approve an operating permit and reclamation plan if the land use application is denied.

(b) Notwithstanding subsections (2) and (3) of this section, if an application involves an aggregate site that requires amendment to a comprehensive plan, as defined in ORS 197.015, and if the local jurisdiction requests that the application not be decided until the local jurisdiction has taken final action on the plan amendment, the department may not make a final decision on the operating permit and reclamation plan until the local jurisdiction has taken final action on the plan amendment. The department shall make its final decision within 45 days of the date that the local jurisdiction has taken final action on the plan amendment. The department may not approve an operating permit and reclamation plan if the plan amendment is denied.

(5) Conditions and requirements imposed on an operating permit and reclamation plan, and modifications thereto, issued subsequent to issuance of a local jurisdiction permit shall be compatible with the requirements and conditions of the local government permit, unless more stringent requirements are necessary to comply with the provisions of ORS 517.750 to 517.901.

(6)(a) If a local jurisdiction does not request that the department delay a decision on an operating permit and reclamation plan as provided in subsections (1)(b) and (4) of this section, the department shall, prior to issuing the operating permit, give the local jurisdiction notice and an opportunity to provide comments and the following information about the proposed operating permit and reclamation plan:

(A) Information about any applicable local land use regulations;

(B) Whether the site described in the proposed operating permit and reclamation plan is included on a local government inventory required by any open spaces, scenic and historic areas and natural resources land use planning goal;

(C) A statement that an application has or has not been filed for local approval; and

(D) Any other information that the local jurisdiction considers pertinent in its review of the application.

(b) A local jurisdiction shall respond to a notice provided under paragraph (a) of this subsection within 35 days after the date of the notice.

(7) If the department refuses to approve a submitted reclamation plan, it shall notify the applicant, in writing, of its reasons for the refusal to approve the reclamation plan, including additional requirements as may be prescribed by the department for inclusion in the reclamation plan. Within 60 days after the receipt of the notice, the applicant shall comply with the additional requirements prescribed by the department for the reclamation plan or file with the department a notice of appeal from the decision of the department with respect to the reclamation plan. If a notice of appeal is filed with the department by the applicant, the department may issue a provisional permit to the applicant.

(8) If an application is submitted as part of the consolidated application process under ORS 517.952 to 517.989, review of the application and approval or denial of the application shall be in accordance with ORS 517.952 to 517.989. However, the review and approval or denial shall take into consideration all policy considerations for issuing a permit under ORS 517.702 to 517.989. [1971 c.719 §6; 1975 c.724 §5; 1985 c.292 §10; 1991 c.243 §2; 1991 c.735 §29; 1999 c.353 §5; 1999 c.492 §4; 1999 c.533 §13; 2001 c.104 §226; 2007 c.318 §8; 2015 c.492 §1; 2017 c.736 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.831 - Modification of operating permit or reclamation plan; opportunity for alternative dispute resolution.**

(1) Except as provided in subsection (2) of this section, the State Department of Geology and Mineral Industries may not modify an operating permit or reclamation plan without the consent of the operator.

(2) The department may modify an operating permit or reclamation plan without the consent of the operator if, because of changed conditions at the permitted site or because of information otherwise not available to the department at the time of permit issuance or reclamation plan establishment, the department finds, by substantial evidence, that a modification is justified due to the potential for:

(a) Substantial harm to off-site property;

(b) Harm to threatened or endangered species; or

(c) Channel changes or unstable pit walls.

(3) Modification of an operating permit or reclamation plan without the consent of the operator must be limited to the areas or

matters affected by the changed conditions or new information.

(4) If the department modifies an operating permit or reclamation plan without the consent of the operator, the department must provide the operator with an opportunity for alternative dispute resolution in the manner provided in ORS 183.502. [2007 c.318 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.832 - Emergency operating permit; rules.**

(1) Notwithstanding ORS 517.810 and 517.830, the State Department of Geology and Mineral Industries may issue an emergency operating permit if:

(a) A natural disaster, including but not limited to a flood or an earthquake, or the effects of a natural disaster threaten significant damage to property or to natural resources; and

(b) A surface mining operation is necessary to abate the threat.

(2) The governing board of the department shall adopt rules governing the issuance of emergency operating permits. The rules shall include provisions:

(a) Ensuring that emergency operating permits are not issued over the objection of affected federal agencies or public bodies, as defined in ORS 174.109;

(b) Specifying the terms of an emergency operating permit;

(c) Establishing procedures for converting an emergency operating permit to a standard operating permit; and

(d) Establishing procedures for payment of fees under ORS 517.800. [2005 c.34 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.833 - Transfer of operating permit; rules.**

(1) A person who by sale, assignment, lease or other means has succeeded in interest to an uncompleted surface mining operation may request that the State Department of Geology and Mineral Industries release the existing operator from any reclamation obligations and transfer the operating permit to the successor. The department shall transfer the operating permit, unless:

(a) The successor does not agree to full assumption of the reclamation requirements in the operating permit and reclamation plan;

(b) The successor fails to provide a bond or security as required by ORS 517.810;

(c) More than one person has a claim to the property or operating permit and there is a dispute between the claimants that presents a justiciable controversy; or

(d) The successor, as the operator of another permitted site in this state, has failed to substantially comply with the conditions of an operating permit or reclamation plan, the provisions of ORS 517.702 to 517.989 or the rules adopted by the department to carry out the purposes of ORS 517.702 to 517.989.

(2) The governing board of the State Department of Geology and Mineral Industries may adopt rules relating to the responsibilities and duties of a person requesting a transfer of an operating permit under this section. [2007 c.318 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.834 - Temporary operating permit; rules.**

(1) Notwithstanding ORS 517.810 and 517.830, the State Department of Geology and Mineral Industries may issue a temporary operating permit to a person if:

(a) After consultation, the local jurisdiction with land use authority over the permitted site does not raise substantive objections to the issuance of the permit;

(b) All cooperating agencies approve of the permit issuance; and

(c) There is no objection from persons owning property adjacent to the permitted site.

(2) A temporary operating permit issued under this section is subject to reasonable limitations that may be prescribed by the department.

(3) Within 30 days after issuing the temporary operating permit, the operator shall:

(a) Comply with the bond and security requirements established by ORS 517.810;

(b) Pay any applicable fee pursuant to ORS 517.800; and

(c) Submit a reclamation plan to the department.

(4) The governing board of the department shall adopt rules governing the issuance of temporary operating permits. The rules shall include provisions:

(a) Ensuring opportunities for notice and comment by federal agencies;

(b) Specifying the terms of a temporary operating permit; and

(c) Establishing procedures for converting a temporary operating permit to a standard operating permit. [2005 c.34 §4; 2017 c.736 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.835 - Conditions on operating permit or reclamation plan to prevent impact on ground water.**

(1) Notwithstanding ORS 517.831, the State Department of Geology and Mineral Industries may require conditions on any new or existing surface mining operating permit or reclamation plan sufficient to prevent or mitigate off-site impacts to ground water resources from the removal of water from surface mining operations. The department may include ground water monitoring as one of the conditions.

(2) The department shall consult with the operator and the Water Resources Department in assessing off-site impacts and in developing prevention or mitigation measures prior to imposing any conditions on an operating permit or reclamation plan pursuant to this section.

(3) As used in this section, "mitigation" has the meaning given that term in ORS 517.952. [2003 c.470 §2; 2007 c.318 §9; 2013 c.371 §30]

Note:

517.835 was added to and made a part of 517.702 to 517.989 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.836 - Surveying or marking surface mining operations; rules.**

(1)(a) The governing board of the State Department of Geology and Mineral Industries may adopt rules requiring the surveying or marking of surface mining operations.

(b) The rules may include, but are not limited to, requirements for maps or diagrams showing areas excavated or approved for excavation, setbacks or buffers established by the operating permit and the location of buildings, wells, ponds, haul roads, stockpiles, bodies of water and floodways.

(c) The rules may require that information required under this subsection be updated if the mining operations are subject to:

(A) A notice of violation under ORS 517.860;

(B) A suspension order under ORS 517.880; or

(C) A significant modification of the operating permit or reclamation plan under ORS 517.831.

(d) The rules may exempt mining operations from survey or marking requirements based on the size or location of the operations or on the distance of the operations from ground and surface waters.

(e) The rules must allow for reasonable compliance schedules for existing mining operations.

(2) The governing board may adopt rules requiring surface mining operators to collect and report information relating to amount and nature of materials excavated or processed at a surface mining operation and the impacts of mining operations on ground or surface water. [2007 c.318 §4a]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.837 - Annual report by permittee; rules.**

A person holding an operating permit issued pursuant to ORS 517.830 shall, no later than March 31 of each year, file an annual report with the State Department of Geology and Mineral Industries. The governing board of the department shall adopt rules describing the information relating to the permit and operations under the permit that must be included in the annual report. [2005 c.34 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.840 - Administration and enforcement of ORS 517.702 to 517.989; rules.**

The governing board of the State Department of Geology and Mineral Industries shall administer and enforce the provisions of ORS 517.702 to 517.989 and:

(1) May conduct or cause to be conducted investigations, research, experiments and demonstrations and may collect and disseminate information related to surface mining and the reclamation of surface-mined lands.

(2) May cooperate with other governmental and private agencies of this state or of other states and with agencies of the federal government, including the reimbursement for any services provided by such agencies to the State Department of Geology and Mineral Industries at its request.

(3) May apply for, accept and expend public and private funds made available for the reclamation of lands affected by surface mining in accordance with the purposes of ORS 517.702 to 517.989.

(4) May, in accordance with the applicable provisions of ORS chapter 183, adopt rules to carry out the provisions of ORS 517.702 to 517.989.

(5) Shall establish by rule a program to encourage voluntary reclamation practices that exceed the normal reclamation standards to provide maximum enhancement and benefits from mined lands. The program shall include incentives and other actions that will encourage voluntary reclamation practices.

(6) May receive and manage abandoned mined land funds received for abandoned mined land reclamation from the federal government. [1971 c.719 §3; 1985 c.292 §11; 1989 c.461 §1; 1993 c.342 §2; 1995 c.509 §2; 2007 c.318 §10; 2013 c.371 §27]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.850 - Inspection of permit area.**

At such reasonable times as the State Department of Geology and Mineral Industries may elect, the department, after reasonable advance notice has been given to the operator, may cause the permitted site to be inspected to determine if the operator has complied with the operating permit, reclamation plan, this chapter and the rules of the department. [1971 c.719 §9; 1997 c.183 §2; 2007 c.318 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.855 - Disruption of portion of mining property preserved from mining.**

(1) Any portion of a mining property that is preserved from mining, including, but not limited to, a setback, buffer zone or no-impact area, may be excavated, reduced, added to, elevated, reshaped, contoured, graded or otherwise disrupted for the purpose of facilitating the reclamation of the mined area or integrating the reclaimed area with its surroundings.

(2) Subsection (1) of this section does not permit the removal for profit of any valuable mineral. [1997 c.186 §2]

Note:

517.855 was added to and made a part of 517.702 to 517.989 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.860 - Effect of failure to comply with operating permit or reclamation plan; department may perform work and assess costs against bond or security.**

(1) If, from inspections conducted pursuant to ORS 517.850 or from any other source, the State Department of Geology and Mineral Industries determines that the operator has not complied with or is not complying with the operating permit, the reclamation plan, the provisions of this chapter or the rules of the department, the department may issue either or both of the following to the operator:

(a) Written notice of the violation. The notice shall specifically outline the deficiencies.

(b) A compliance order. The order may specify a date by which the operator shall rectify any deficiencies. The department may extend the period if delays occasioned for causes beyond the operator's control necessitate more time, but only when the operator is, in the opinion of the department, making a reasonable effort to comply with the order.

(2) The department may recover against the bond or alternative form of financial security and reclaim the area affected by surface mining if the department determines that an operator:

(a) Has failed to comply with a department order issued under subsection (1) of this section;

(b) Fails to complete reclamation in conformance with the reclamation plan on any segment of the permitted site or fails to complete reclamation in a timely manner; or

(c) Fails to maintain an operating permit and pay all fees required under ORS 517.800.

(3) If the department makes a claim on the bond or security filed pursuant to ORS 517.810, the surety on the bond or holder of the other security shall pay to the department the amount of the bond or other security required. The department may reclaim the surface-mined land in a manner determined by the department, including by public or private contractor. If the amount is not paid within 30 days, the Attorney General, upon request of the department, shall institute proceedings to recover the amount.

(4) If the landowner has given security as provided in ORS 517.810 (3) and the operator is in default as specified in subsection (2) of this section, the landowner shall be held responsible for complying with the reclamation plan of the operator. The department shall furnish written notice of the default to the landowner and require the landowner to complete the reclamation as specified in the operator's reclamation plan acceptable to the department. If the landowner has not commenced action to rectify the deficiencies within 30 days after receiving notice, or if the landowner fails to diligently pursue reclamation in conformance with the plan, the department may demand payment of the amount of the bond or other security from the surety or other holder and otherwise proceed as provided in subsections (2) and (3) of this section.

(5) The department, in performing reclamation of surface-mined land, shall pursue a goal for reclamation designed to:

(a) Remove hazards;

(b) Protect from drainage problems and from pollution;

(c) Meet local land use requirements for reclamation; and

(d) Comply with all federal and state laws.

(6) The department may delay, for a reasonable time not to exceed one year, all or part of any reclamation activities if the department determines that it is likely that:

(a) Marketable mineral reserves exist at the permitted site; and

(b) A new operator will seek an operating permit for the site and assume all reclamation responsibilities. [1971 c.719 §10; 1975 c.724 §6; 1977 c.59 §3; 1983 c.497 §2; 1985 c.291 §3; 1997 c.183 §1; 1999 c.353 §6; 1999 c.492 §5; 2007 c.318 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.862 - Revocation, termination or refusal to renew operating permit.**

(1) Except as provided in subsection (2) of this section, the State Department of Geology and Mineral Industries may not revoke, terminate or refuse to renew an operating permit if marketable reserves exist at the permitted site and if there is a significant potential for continued mining opportunities given reasonably foreseeable economic conditions.

(2) The department may revoke, terminate or refuse to renew an operating permit if the operator:

- (a) Requests termination, provided that all reclamation requirements in the operating permit and reclamation plan have been satisfied;
  - (b) Fails to pay a fee as required by ORS 517.800 within 60 days of the due date;
  - (c) Fails to provide or maintain a bond or security as required by ORS 517.810;
  - (d) Fails to comply with an order issued under ORS 517.860; or
  - (e) Fails to comply with a suspension order issued under ORS 517.880.
- (3) If an operating permit is revoked, terminated or not renewed, the operator may not perform any actions at the permitted site, except that the operator may, after receiving written approval from the department:
- (a) Perform actions at the permitted site that are necessary to comply with reclamation requirements in the operating permit or reclamation plan, including but not limited to removal of mining-related stockpiles;
  - (b) Excavate materials at the permitted site that are necessary for reclamation; and
  - (c) Remove any excavated materials from buffers, setbacks or other areas not approved for disturbance and restore the areas to the approximate pre-mining contours with materials approved by the department.
- (4) The department, in lieu of or in addition to revoking, terminating or refusing to renew an operating permit for the reasons specified in subsection (2) of this section, may recover against the bond or security filed pursuant to ORS 517.810 and reclaim the area affected by surface mining. [2007 c.318 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.865 - Effect of failure to perform reclamation and insufficient bond; lien; notice; priority; foreclosure.**

- (1) If an operator fails to faithfully perform the reclamation required by the reclamation plan and if the bond or security required by ORS 517.810 is not sufficient to compensate the State Department of Geology and Mineral Industries for all reasonably necessary costs and expenses incurred by it in reclaiming the surface-mined land, the amount due shall be a lien in favor of the department upon all property, whether real or personal, belonging to the operator. However, for any operator that is first issued a permit after June 30, 1989, the lien shall not exceed \$2,500 for each site plus \$1,500 per acre.
- (2) The lien shall attach upon the filing of a notice of claim of lien with the county clerk of the county in which the property is located. The notice of lien claim shall contain a true statement of the demand, the insufficiency of the bond or security to compensate the department and the failure of the operator to perform the reclamation required.
- (3) The lien created by this section is prior to all other liens and encumbrances, except that the lien shall have equal priority with tax liens.
- (4) The lien created by this section may be foreclosed by a suit in the circuit court in the manner provided by law for the foreclosure of other liens on real or personal property. [1975 c.724 §8; 1983 c.497 §3; 1985 c.291 §4; 1987 c.361 §7; 1999 c.492 §6; 2007 c.318 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.870 - Adjustment of bond or security of operator upon satisfactory completion of reclamation work.**

Upon request of the operator, and when in the judgment of the State Department of Geology and Mineral Industries the reclamation has been completed in accordance with the reclamation plan, the operator shall be notified that the work has been found to be satisfactorily performed and is acceptable and the bond or security of the operator shall be adjusted accordingly. [1971 c.719 §11; 1999 c.492 §7; 2007 c.318 §20]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.880 - Order for suspension of surface mining operation operating without required permit; enjoining operation upon failure of operator to comply; completion of reclamation by department.**

- (1) When the State Department of Geology and Mineral Industries finds that an operator is conducting a surface mining operation for which an operating permit is required by ORS 517.702 to 517.989 or by rules adopted by the department, but has not been issued by the department, the department may issue an order to the operator to suspend the operation until an operating permit has been issued by the department for the surface mining operation or until the department is assured that the operator will comply with the requirement to obtain a permit.
- (2) The department may issue an order to an operator to suspend operations if the operator has not complied with or is not complying with the operating permit, reclamation plan, this chapter or rules of the department. Failure to comply includes, but is not limited to, disturbing land within the permit boundary that has not been approved by the department for excavation, placement of debris or removal of vegetation.
- (3) If the operator fails or refuses to comply with a suspension order, the Attorney General, at the request of the department, shall initiate any necessary legal proceeding to enjoin the surface mining operation and to provide for completion of the reclamation of the lands affected by the operation, including the restoration of buffers, setbacks or other areas not approved for disturbance. [1971 c.719 §12; 1985 c.292 §12; 1997 c.183 §3; 2007 c.318 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.890 - Review of final determination.**

Any final determinations made by the State Department of Geology and Mineral Industries in carrying out the provisions of ORS 517.702 to 517.989 and the rules and regulations adopted thereunder may be reviewed in the manner provided by the applicable provisions of ORS chapter 183. [1971 c.719 §13; 1985 c.292 §13; 1999 c.492 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.901 - Confidentiality of production records, mineral assessments and trade secrets.**

Any production records, mineral assessments and trade secrets submitted by a mine operator or landowner to the State Department of Geology and Mineral Industries shall be confidential. [1999 c.492 §10 (enacted in lieu of 517.900)]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.905 - Applicability of ORS 517.910 to 517.989 and 517.910 to 517.951.**

- (1) ORS 517.910 to 517.989 only apply to surface mines for nonaggregate minerals.
- (2) ORS 517.910 to 517.951 do not apply to surface mines for nonaggregate minerals that are subject to the provisions for consolidated operating permits set forth in ORS 517.952 to 517.989. [1981 c.622 §15; 2013 c.371 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.910 - Definitions for ORS 517.910 to 517.989.**

For the purposes of ORS 517.910 to 517.989:

- (1) "Impact area" has the meaning given that term in ORS 215.298 (1).
- (2) "Nonaggregate minerals" means coal and metal-bearing ores, including but not limited to ores that contain nickel, cobalt, lead, zinc, gold, molybdenum, uranium, silver, aluminum, chrome, copper or mercury.
- (3) "Reclamation" means, notwithstanding ORS 517.750 (13), the employment in a surface mining operation of procedures reasonably designed to minimize, as much as practicable, the disruption from the surface mining operation or surface mining processing operation and to provide for the rehabilitation of any such surface resources through the use of plant cover, soil stability techniques, measures to protect the surface and subsurface water resources, including but not limited to domestic water use and agricultural water use, and other measures appropriate to the subsequent beneficial use of any land or water resource affected by a surface mining or processing operation.
- (4) "Significant mineral resource site" has the meaning given that term in ORS 215.298 (1). [1981 c.622 §3; 1987 c.158 §113; 1987 c.693 §5; 1989 c.347 §14; 1999 c.353 §8; 2007 c.318 §21; 2013 c.371 §2; 2017 c.736 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.915 - Additional operating permit requirements for nonaggregate mineral mines; denial of permit if reclamation not possible.**

- (1) In addition to any other provision of law, the State Department of Geology and Mineral Industries shall not issue an operating permit until:
  - (a) The department has received a reclamation plan that contains but is not limited to:
    - (A) A description of the proposed mining operation;
    - (B) A description of what is to be mined;
    - (C) The present use of the land, the planned subsequent beneficial use of the land and a list of plant species to be established;
    - (D) The measures that will adequately conserve the quantity and quality of the affected aquifers;
    - (E) A description of any toxic or radioactive materials known to be present in the ore, spoil, tailings, overburden or any other material involved in the mining operation and their approximate concentrations;
    - (F) A description of how the materials described in subparagraph (E) of this paragraph will be handled during mining and reclamation;
    - (G) Environmental baseline information as may be required by the department; and
    - (H) The name and address of the landowner, the owner of the surface estate, the operator and any parent corporations of the operator.
  - (b) The department has received a performance bond as it may require.
  - (c) The department finds that reclamation is possible and that the reclamation plan as approved will achieve the reclamation of affected lands.
- (2) If the department finds that reclamation cannot be accomplished, it shall not issue an operating permit.
- (3) The department shall obtain, whenever possible, a list of plant species suitable for reseeding in the area pursuant to a reclamation plan and comments on the feasibility of permanent revegetation from the soil and water conservation district in which the mined land is situated.
- (4) The department shall consult with affected public bodies, as defined in ORS 174.109, regarding the feasibility of reclamation, with particular attention to possible impacts on ground water aquifers. [1981 c.622 §§4,5,9; 1985 c.292 §18; 1987 c.361 §3; 2013

c.371 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.917 - Activation of project coordinating committee.**

Upon receipt of an application for an operating permit subject to ORS 517.915 to mine a significant mineral resource site, the State Department of Geology and Mineral Industries shall activate a project coordinating committee as defined in ORS 517.952. The project coordinating committee shall be composed as provided in, and shall carry out the responsibilities as set forth in, ORS 517.965. [2017 c.736 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.920 - Permit application fees under ORS 517.910 to 517.989.**

Each application for an operating permit under ORS 517.910 to 517.989 shall be accompanied by a fee sufficient to cover the costs of the State Department of Geology and Mineral Industries in processing the application as determined by the department. [1981 c.622 §8; 1989 c.347 §15; 1989 c.461 §2; 1991 c.735 §30; 2013 c.371 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.925 - Time limit for action on permit application.**

The State Department of Geology and Mineral Industries shall have 120 days to act upon a completed permit application. [1981 c.622 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.930 - Department inspection.**

Notwithstanding ORS 517.850, if the State Department of Geology and Mineral Industries has reason to believe that the provisions of an operating permit are being violated or that a surface mining operation is being conducted without a valid operating permit, it may inspect such surface mining areas without prior notice. [1981 c.622 §7; 1991 c.735 §31; 2007 c.318 §22; 2013 c.371 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.951 - Legislative intent not to assume exclusive jurisdiction.**

The Legislative Assembly declares that ORS 517.910 to 517.989 are not intended to provide the legal basis for assumption by the State of Oregon of exclusive jurisdiction over the environmental regulation of surface coal mining and reclamation operations described in section 503 of the federal Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1253). [Formerly 517.955]

Note:

517.951 was added to and made a part of 517.702 to 517.989 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.952 - Definitions for ORS 517.952 to 517.989.**

As used in ORS 517.952 to 517.989:

- (1) "Affected agency" includes permitting agencies, cooperating agencies and commenting agencies.
- (2) "Baseline data" means information gathered to characterize the natural and cultural environments of a mining operation site before a mining operation begins.
- (3) "Commenting agency" means any agency that makes recommendations to the State Department of Geology and Mineral Industries or to a permitting agency regarding permit conditions or whether to approve or deny a permit under the consolidated application process established under ORS 517.952 to 517.989.
- (4) "Consolidated application" means the single application required under ORS 517.971.
- (5) "Environmental evaluation" means an analysis prepared under ORS 517.979 to address specific impacts of the mining operation to allow affected agencies to develop permit conditions.
- (6) "Gravity separation" means the separation of mineral particles, with the aid of water or air, according to the differences in the specific gravities of the particles.
- (7) "Mining operation" means a surface or underground mine that processes, produces or reclaims metal ore using a method other than, or in addition to, gravity separation to process the ore.
- (8) "Mitigation" means the reduction of adverse effects of a proposed mining operation by considering, in the following order:
  - (a) Avoiding the impact altogether by not taking a certain action or parts of an action;
  - (b) Minimizing impacts by limiting the degree or magnitude of the action and its implementation;
  - (c) Rectifying the impact by repairing, rehabilitating or restoring the affected environment;
  - (d) Reducing or eliminating the impact over time by preservation and maintenance operations during the life of the action by monitoring and taking appropriate corrective measures; or
  - (e) Compensating for the impact by replacing or providing comparable substitute resources or environments.

(9) "Permitting agency" means an agency that has a separate permitting authority for a mining operation.

(10) "Project coordinating committee" means the interagency governmental committee established in accordance with ORS 517.965.

(11) "Technical review team" means the interagency group established in accordance with ORS 517.967. [1991 c.735 §3; 2013 c.371 §6; 2017 c.736 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.953 - Policy.**

Notwithstanding the policy set forth in ORS 517.760, the Legislative Assembly finds and declares that it is the policy of the State of Oregon to protect the environmental, scenic, recreational, social, archaeological and historic resources of this state from unacceptable adverse impacts that may result from mining operations, while permitting operations that comply with the provisions set forth in ORS 517.952 to 517.989 and ensure the protection of the public health, safety, welfare and the environment. [1991 c.735 §2; 2013 c.371 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.954 - Application of ORS 517.952 to 517.989.**

ORS 517.952 to 517.989 apply only to mining operations as defined in ORS 517.952. ORS 517.952 to 517.989 do not apply to placer mining. [1991 c.735 §3a; 2013 c.371 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.955**

[1981 c.622 §16; renumbered 517.951 in 1991]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.956 - Requirements for mining operations; rules.**

Mining operations in Oregon shall comply with the following:

(1) Mining operations shall be undertaken in a manner that minimizes environmental damage through the use of the best available, practicable and necessary technology to ensure compliance with environmental standards.

(2) Protection measures for fish and wildlife shall be consistent with policies of the State Department of Fish and Wildlife, including:

(a) Protective measures to maintain an objective of zero wildlife mortality. All chemical processing solutions and associated waste water shall be covered or contained to preclude access by wildlife or maintained in a condition that is not harmful to wildlife.

(b) On-site and off-site mitigation ensuring that there is no overall net loss of habitat value.

(c) No loss of existing critical habitat of any state or federally listed threatened or endangered species.

(d) Fish and wildlife mortality shall be reported in accordance with a monitoring and reporting plan approved by the State Department of Fish and Wildlife.

(e) The State Department of Fish and Wildlife shall establish by rule standards for review of a proposed mining operation for the purpose of developing conditions for fish and wildlife habitat protection that satisfy the terms of this section for inclusion in a consolidated permit by the State Department of Geology and Mineral Industries.

(3) Surface reclamation of a mine site shall:

(a) Ensure protection of human health and safety, as well as that of livestock, fish and wildlife;

(b) Ensure environmental protection;

(c) Require certification to the operator, by the State Department of Fish and Wildlife and the State Department of Agriculture, that a self-sustaining ecosystem, comparable to undamaged ecosystems in the area, has been established in satisfaction of the operator's habitat restoration obligations; and

(d) Include backfilling or partial backfilling as determined on a case-by-case basis by the State Department of Geology and Mineral Industries when necessary to achieve reclamation objectives that cannot be achieved through other mitigation activities. [1991 c.735 §4; 2003 c.14 §341; 2007 c.318 §25; 2013 c.371 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.957 - Department coordination of activities of affected agencies.**

The State Department of Geology and Mineral Industries shall coordinate the activities of the affected agencies related to the consolidated application process established under ORS 517.952 to 517.989. [1991 c.735 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.958 - Compliance with preapplication process; purpose.**

Any person proposing to conduct a mining operation shall comply with the requirements for the preapplication process set forth in ORS 517.961 to 517.969. The purpose of such process shall be to identify significant issues to be addressed in the consolidated application process set forth in ORS 517.971 to 517.987. [1991 c.735 §6; 2013 c.371 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.959 - Public notice requirements for ORS 517.952 to 517.989; master list of interested parties; fees.**

(1) Whenever required in ORS 517.952 to 517.989, public notice shall include information sufficient to inform the public of the proposed activity or event and shall include:

(a) Notification to all permitting and cooperating agencies.

(b) Notice by mail to each owner of property located within one-half mile of the perimeter of the proposed site of the mining operation. As used in this paragraph, "owner" means the owner of the title to real property or the contract purchaser of real property of record as shown on the last available complete tax assessment roll.

(c) Notice by mail to persons on the master list.

(d) Notice by mail to mineral claimants for claims located within one-half mile of the proposed mining operation or as otherwise required by rule of a permitting or cooperating agency.

(e) Notice by publication in a newspaper of general circulation in the state and in a local newspaper of general circulation in the county or counties in which the proposed mining operation is located. Notice by publication shall be given at least once each week for two weeks immediately preceding the action.

(2) The notice provided pursuant to this section shall satisfy any notice requirement of an individual permitting or cooperating agency related to a permit included in the consolidated application process established under ORS 517.952 to 517.989.

(3) As used in this section, "master list" means a consolidated list of all interested parties compiled by the State Department of Geology and Mineral Industries and each permitting and cooperating agency and maintained by the department. Any person may request in writing that the State Department of Geology and Mineral Industries add the person's name to the agency master list. The State Department of Geology and Mineral Industries may establish a procedure for establishing and maintaining an agency master list, and the governing board of the department may establish a fee to be paid by a person requesting to be added to the master list. The fee shall be sufficient to defray the department's costs of mailing notices to persons on the master list and maintaining the master list. [1991 c.735 §7; 2013 c.371 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.960**

[1989 c.347 §2; renumbered 517.702 in 1991]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.961 - Notice of intent to submit application; posting of notice.**

A prospective applicant for a mining operation permit shall file with the State Department of Geology and Mineral Industries a notice of intent to submit an application and post copies of the notice along the perimeter of the location of the proposed operation. The posting shall be sufficient to inform the public of the intended action and a legal description of the proposed mining operation location and shall comply with requirements adopted by rule by the governing board of the department. [1991 c.735 §8; 2013 c.371 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.962**

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.963 - Department duties upon receipt of notice of intent.**

Upon receipt of a notice of intent under ORS 517.961, the State Department of Geology and Mineral Industries shall:

(1) Provide notice as required under ORS 517.959. The notice shall be sufficient to inform the public of the nature, size and location of the proposed mining operation.

(2) Activate a project coordinating committee for the proposed mining operation and coordinate the participation of federal agencies, affected agencies, local government agencies and the prospective applicant in the activities of the project coordinating committee.

(3) Activate a technical review team for the proposed mining operation.

(4) Identify to the prospective applicant all permitting and cooperating agencies that will be participating in the consolidated application process. [1991 c.735 §9; 2013 c.371 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.964**

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining**

**and Mining ClaimsSection 517.965 - Project coordinating committee.**

(1)(a) A project coordinating committee shall be composed of representatives from the State Department of Geology and Mineral Industries, all permitting and cooperating agencies, local government agencies and affected federal agencies. Each permitting and cooperating agency shall designate an appropriate staff member to serve on the committee. The project coordinating committee shall share information and coordinate county, state and federal permitting requirements in order to avoid contradictory requirements, facilitate the exchange of ideas, optimize communication and avoid duplicative effort.

(b) If a mining operation is proposed on federal land, the project coordinating committee shall work with the affected federal agency in accordance with a memorandum of agreement established by the department and the federal agency to facilitate the state and federal application process and to coordinate the two processes to the fullest extent possible.

(2)(a) For a proposed mining operation that is a significant mineral resource site, if the owner or lessee of private property within the impact area of the proposed mining operation identifies a conflict between the proposed mining operation and the agricultural activities conducted on the private property within the impact area, the project coordinating committee shall analyze and address the identified conflict. In analyzing and addressing the identified conflict, the project coordinating committee:

(A) Shall consider compliance with federal, state or local standards for air quality, noise, water quality or other environmental considerations that are applicable to the identified conflict to be sufficient to resolve the conflict; and

(B) If there are not applicable federal, state or local standards as provided for in subparagraph (A) of this paragraph, may suggest to the department permit conditions for avoiding or reducing the identified conflict.

(b) The department shall avoid or minimize the conflicts identified by the project coordinating committee under this subsection through the imposition of one or more permit conditions. The permit conditions imposed by the department pursuant to this paragraph may include, but are not limited to:

(A) A permit condition suggested by the project coordinating committee;

(B) A requirement that the operator fulfill the terms of a written agreement to compensate one or more owners or lessees of private property located within the impact area for loss of crops or reduced agricultural production or use of the land; or

(C) Other reasonable and practicable measures to avoid or minimize the conflicts, as determined by the department.

(c) For purposes of this subsection, the department shall determine the impact area of the proposed mining operation.

(3) In carrying out its responsibilities, the project coordinating committee shall include opportunities for public participation. [1991 c.735 §10; 2013 c.371 §14; 2017 c.736 §8]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.967 - Technical review team.**

(1) A technical review team shall be composed of representatives from the State Department of Geology and Mineral Industries and each permitting agency and cooperating agency. The technical review team shall:

(a) Establish methodology guidelines to be followed in the collection of baseline data;

(b) Coordinate with the applicant the use of baseline data collection methodologies as approved by the permitting and cooperating agencies; and

(c) Determine whether the mining operation as proposed in the consolidated application complies with ORS 517.956 and any other applicable requirements for a permit listed under ORS 517.971.

(2) Each permitting agency and cooperating agency shall designate an appropriate staff member to serve on the technical review team. [1991 c.735 §11; 2013 c.371 §15]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.969 - Collection of baseline data; public informational meetings; collection methodology.**

(1) Upon receipt of notice from a prospective applicant that the prospective applicant is ready to begin collecting baseline data, the State Department of Geology and Mineral Industries shall:

(a) Provide notice in accordance with ORS 517.959 that the prospective applicant intends to begin baseline data collection and the location where additional background information may be obtained or reviewed.

(b) Within 30 days after receiving the notice from the applicant, conduct two public information meetings. One public meeting shall be conducted in the population center closest to the site of the proposed mining operation and one public meeting shall be conducted in a major population center for the state, as determined by State Department of Geology and Mineral Industries.

(c) Receive written comments from the public and affected agencies for 45 days after receiving notice under this subsection.

- (2) The purpose of the public informational meetings and public comment period under subsection (1) of this section shall be to:
- (a) Identify the issues raised by the proposed mining operation;
  - (b) Receive information from the public that the State Department of Geology and Mineral Industries and the permitting and cooperating agencies may need to know in order to evaluate the application; and
  - (c) Determine the data that should be collected during the baseline data collection phase of the consolidated application process to address the issues identified.
- (3) Upon receipt of notice under subsection (1) of this section, the technical review team activated under ORS 517.963 shall determine the specific methodologies to be applied by the applicant in collecting baseline data.
- (4) The applicant shall collect data according to the methodology established by the permitting and cooperating agencies through the technical review team. The data collected shall be verified by the appropriate agency in accordance with procedures adopted by the agency. [1991 c.735 §12; 2013 c.371 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.971 - Consolidated application.**

Each applicant for a permit to operate a mining operation shall submit a consolidated application to the State Department of Geology and Mineral Industries. The department and the permitting and cooperating agencies shall not begin deliberating on whether to issue a permit until the department receives an application fee and a complete consolidated application that includes but is not limited to:

- (1) Name and location of the proposed facility.
- (2) Name, mailing address and phone number of the applicant and a registered agent for the applicant.
- (3) The legal structure of the applicant as filed in the business registry with the Secretary of State and the legal residence of the applicant.
- (4) Mineral and surface ownership status of the proposed facility.
- (5) Baseline data, including but not limited to environmental, socioeconomic, historical, archaeological conditions, land use designations and special use designations in the area of the state in which the proposed mining operation is located.
- (6) Appropriate maps, aerial photos, cross sections, plans and documentation.
- (7) A proposed:
  - (a) Mine plan;
  - (b) Processing plan;
  - (c) Water budget;
  - (d) Fish and wildlife protection and mitigation plan;
  - (e) Operational monitoring and reporting plan;
  - (f) Reclamation and closure plan;
  - (g) Plan for controlling water runoff and run on;
  - (h) Operating plan;
  - (i) Solid and hazardous waste management plan;
  - (j) Plan for transporting and storing toxic chemicals;
  - (k) Employee training plan as required by agency rule;
  - (L) Seasonal or short term closure plan;
  - (m) Spill prevention and credible accident contingency plan;
  - (n) Post-closure monitoring and reporting plan; and
  - (o) Identification of special natural areas, including but not limited to areas designated as areas of critical environmental concern, research natural areas, outstanding natural areas and areas designated by the Oregon Natural Areas Plan, as defined in state rules and federal regulations.
- (8) All information required by the permitting agencies to determine whether to issue or deny the following permits as applicable to the proposed operation:
  - (a) Surface mining operating permits required under ORS 517.790 and 517.915;
  - (b) Fill and removal permits required under ORS 196.600 to 196.921;
  - (c) Permits to appropriate surface water or ground water under ORS 537.130 and 537.615, to store water under ORS 537.400 and impoundment structure approval under ORS 540.449;
  - (d) National Pollutant Discharge Elimination System permit under ORS 468B.050;
  - (e) Water pollution control facility permit under ORS 468B.050;
  - (f) Air contaminant discharge permit under ORS 468A.040 to 468A.060;
  - (g) Solid waste disposal permit under ORS 459.205;
  - (h) Permit for use of power driven machinery on forestland under ORS 477.625;

- (i) Permit for placing explosives or harmful substances in waters of the state under ORS 509.140;
  - (j) Hazardous waste storage permit under ORS 466.005 to 466.385;
  - (k) Local land use permits; and
  - (L) Any other state permit required for the mining operation.
- (9) All other information required by the department, a permitting agency, a cooperating agency or the technical review team. [1991 c.735 §13; 1995 c.605 §3; 2009 c.217 §12; 2013 c.371 §17; 2019 c.390 §21]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.972**

[1989 c.347 §7; renumbered 517.730 in 1991]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.973 - Fees; payment of expenses of department and permitting and cooperating agencies.**

- (1) In addition to any permit fee required by any other permitting agency, each notice of intent to submit a consolidated application under ORS 517.961 must be accompanied by an initial fee established by the State Geologist in an amount not to exceed \$2,000.
- (2)(a) Annually on the anniversary date of an operating permit, each holder of an operating permit shall pay to the State Department of Geology and Mineral Industries a renewal fee established by the State Geologist in an amount not less than \$2,500.
- (b) In addition to the fee prescribed in paragraph (a) of this subsection, the department may charge an amount not to exceed \$1,200 for inspections made at sites if the surface mining is:
- (A) Conducted without the permit required by ORS 517.790;
  - (B) Abandoned; or
  - (C) Conducted in an area not described in the surface mining permit.
- (3) Subject to the provisions of subsection (5) of this section, the prospective applicant or applicant shall pay all expenses incurred by the department and the permitting and cooperating agencies related to the consolidated application process under ORS 517.952 to 517.989. These expenses may include legal expenses, expenses incurred in processing and evaluating the consolidated application, issuing a permit or final order and expenses of hiring a third party contractor under ORS 517.979 and 517.980.
- (4) If the costs exceed the fee, the prospective applicant or applicant shall pay any excess costs shown in an itemized statement prepared by the department. The department and permitting and cooperating agencies may not incur evaluation expenses in excess of 110 percent of the fee initially paid unless the department provides prior notification to the prospective applicant or applicant and a detailed projected budget the department believes necessary to complete the process or a portion of the process under ORS 517.952 to 517.989. If the actual costs are less than the fee paid, the department shall refund the excess to the prospective applicant or applicant.
- (5) All expenses incurred by the department and the permitting and cooperating agencies under ORS 517.952 to 517.989 that are charged to or allocated to the fee paid by a prospective applicant or an applicant shall be necessary, just and reasonable. Upon request, the department shall provide a detailed justification for all charges to the prospective applicant or applicant. [1991 c.735 §13a; 2013 c.371 §18; 2020 s.s.2 c.4 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.974**

[1989 c.347 §9; renumbered 517.735 in 1991]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.975 - Distribution of completed consolidated application; notice of receipt of application.**

Upon receipt of a completed consolidated application, the State Department of Geology and Mineral Industries shall:

- (1) Provide copies of the application to each affected local government, permitting agency, cooperating agency or federal agency.
- (2) Provide notice of the receipt of the consolidated application in accordance with ORS 517.959. The notice shall include information about the opportunity for submitting written comments on the application and about the public hearing conducted as required under ORS 517.977. [1991 c.735 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.976**

[1989 c.347 §16; renumbered 517.740 in 1991]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.977 - Preparation of draft permits; public hearing; determination of completeness of consolidated application.**

- (1) When all members of the technical review team concur that the permitting agencies and the cooperating agencies are ready to begin preparing draft permits, the State Department of Geology and Mineral Industries shall conduct a public hearing and accept

written comments on whether the information contained in the consolidated application is complete and sufficient to allow the permitting agencies to determine whether to issue a permit. The date and location of the public hearing and the period allowed for written comment shall be established by the department. Notice of the public hearing and comment period shall be given in accordance with ORS 517.959.

(2) At the conclusion of the public hearing and comment period under subsection (1) of this section and within 90 days after the State Department of Geology and Mineral Industries receives a consolidated application for a mining operation, the department, in conjunction with all permitting and cooperating agencies, shall make a determination of whether the application is complete. On the basis of the determination the department shall either:

(a) If the permitting and cooperating agencies determine that the consolidated application is complete, issue a notice to proceed with the permitting process and the preparation of draft permits; or

(b) If the permitting and cooperating agencies determine that additional information is necessary, notify the applicant of the additional information that is required.

(3) If the permitting and cooperating agencies do not require the applicant to provide additional information as suggested at the public hearing or comment period under subsection (1) of this section, the agencies shall prepare a written response explaining why the additional information is not being requested from the applicant.

(4) Upon receipt of any additional information requested, the State Department of Geology and Mineral Industries shall accept public comments related to the additional information for a period of two weeks. Except as provided in ORS 517.978, the department shall not conduct additional public hearings. [1991 c.735 §15; 2013 c.371 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.978 - Review of application; additional information.**

(1) After the State Department of Geology and Mineral Industries issues a notice to proceed, the consolidated application shall be considered complete unless:

(a) New information is available that could not have been presented at the time of the completeness hearing; or

(b) Additional information is necessary to allow the permitting or cooperating agencies to make a determination regarding whether to issue or deny a permit or to issue the permit with conditions attached.

(2) The permitting and cooperating agencies may continue to review an application while in the process of requesting additional information. However, the department shall conduct an additional public hearing under ORS 517.977 if the agencies determine that additional information is significant to the issuance or denial of a permit. [1991 c.735 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.979 - Environmental evaluation; review of baseline data; payment of costs of third party contractor.**

(1) The State Department of Geology and Mineral Industries shall direct staff or shall hire a third party contractor to:

(a) Prepare an environmental evaluation;

(b) Review baseline data submitted by the applicant; and

(c) Review application material if a permitting agency or a cooperating agency lacks the expertise.

(2) The applicant shall pay costs of hiring a third party contractor. If the applicant shows cause why a particular third party contractor should not be allowed to perform a function under subsection (1) of this section, the department shall hire an alternate contractor.

(3) The contents of the environmental evaluation under subsection (1) of this section shall include:

(a) An analysis of the reasonably foreseeable impacts of an activity including catastrophic consequences, even if the probability of occurrence is low, if the analysis is supported by credible scientific evidence and is not based on pure conjecture.

(b) An assessment of the total cumulative impact on the environment that results from the incremental impact of an action when added with other past, present and reasonably foreseeable future actions, regardless of the agency or persons that undertake the other action, or whether the actions are on private, state or federal land. To the extent possible, the department shall enter into a memorandum of agreement with federal agencies to ensure that information required by the state in evaluating the cumulative impact of a proposed mining operation may be used by the applicant to satisfy federal requirements for such an assessment.

(c) A review and analysis of alternatives analyzed by the applicant or a contractor hired by the applicant that:

(A) Rigorously explores and objectively evaluates all reasonable alternatives and briefly discusses alternatives that were eliminated and the reasons the alternatives were eliminated;

(B) Treats each alternative, including the proposed action, in detail so that the permitting agencies, cooperating agencies and the public may evaluate the comparative merits of the alternatives; and

(C) Identifies all alternatives within the authority of each permitting or cooperating agency.

(4) Upon completion of the environmental evaluation, the State Department of Geology and Mineral Industries shall provide notice in accordance with ORS 517.959. The notice shall state that the environmental evaluation is complete and that the persons may respond with written comments for a period of two weeks after the notice is given. [1991 c.735 §17; 2013 c.371 §20]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining**

**and Mining ClaimsSection 517.980 - Socioeconomic impact analysis.**

Concurrent with the development of the environmental evaluation, the State Department of Geology and Mineral Industries shall direct staff or hire a third party contractor to prepare a socioeconomic impact analysis for the use of the applicant, local government and affected agencies. [1991 c.735 §18]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.981 - Draft permit and permit conditions; denial of permit; time limits; public hearing on draft permit.**

(1) Within 225 days after receiving the completed consolidated application and the environmental evaluation conducted under ORS 517.979, each permitting agency shall provide its draft permit and permit conditions or its denial document to the State Department of Geology and Mineral Industries. If a permitting agency includes in its draft permit a condition that is inconsistent with the environmental evaluation conducted pursuant to ORS 517.979, the agency shall include with its draft permit a written explanation of the condition setting forth the findings of the agency that support the condition. The State Department of Geology and Mineral Industries shall assure that the conditions imposed on the permits by the cooperating agencies do not conflict. If the department finds a conflict exists, the technical review team shall resolve the conflict.

(2) Within 15 days after receiving all draft permits and the completion of its draft operating permit, the State Department of Geology and Mineral Industries shall issue notice of an opportunity for public comment and a consolidated public hearing on all draft permits. The public hearing shall occur not sooner than 45 days after the department issues the notice. The notice shall be issued in accordance with ORS 517.959. [1991 c.735 §19]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.982 - Final permits; permit conditions submitted by cooperating agencies.**

(1) Based on information received at the consolidated public hearing, from persons submitting written comments, commenting agencies and the review of the affected agencies, each permitting agency shall, within 45 days after the consolidated public hearing under ORS 517.981 or within the time period required by any applicable federal law, whichever is sooner, approve, deny or modify the agency's permit with conditions necessary to ensure that the mining operation allowed under a permit complies with the standards and requirements applicable to the permit.

(2) Each cooperating agency shall:

(a) Develop permit conditions within the expertise and authority of the cooperating agency that are reasonable and designed to avoid or minimize the adverse effect; and

(b) Submit the permit conditions to the State Department of Geology and Mineral Industries to be included as conditions on the department's permit.

(3) The department may not issue a permit until each cooperating agency has submitted a written concurrence with the terms and conditions of the permit pertaining to the statutory responsibility of each cooperating agency or 60 days after the consolidated public hearing, whichever is earlier.

(4) Upon completion of the permits, the department shall issue a notice in accordance with ORS 517.959 to notify interested persons that the final permits are issued. [1991 c.735 §20; 2013 c.371 §21; 2017 c.736 §9]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 517 - Mining and Mining ClaimsSection 517.983 - Consolidated contested case hearing; judicial review; stay of permit.**

(1) The applicant or any person who appeared before a permitting agency at the consolidated public hearing under ORS 517.981, either orally or in writing, regarding a permit granted or denied by the permitting agency may file with the State Geologist a written request for a consolidated contested case hearing. The request shall be filed within 30 days after the date the permit was granted or denied.

(2) Upon receipt of a request under subsection (1) of this section, the State Department of Geology and Mineral Industries shall schedule a consolidated contested case hearing which shall be held not less than 60 days or more than 75 days after the notice of permit issuance under ORS 517.982. The hearing shall be conducted in accordance with the provisions applicable to contested case proceedings under ORS chapter 183. Any permit granted by a permitting agency shall be suspended until completion of the administrative hearings process.

(3) Hearings under this section shall be conducted by an administrative law judge assigned from the Office of Administrative Hearings established under ORS 183.605.

(4) The administrative law judge shall prepare a proposed order for each contested permit. A party may file written exceptions to the proposed order with the permitting agency. If the permitting agency determines that additional information may be included in the record, the agency shall remand the order to the appropriate administrative law judge for further consideration. After receiving exceptions and hearing argument on the exceptions, the governing body or person within the permitting agency responsible for making a final decision on a permit may adopt the proposed order or issue a new order.

(5) Jurisdiction for judicial review of a permitting agency's issuance or denial of a permit is conferred upon the Supreme Court. Proceedings for review shall be instituted by filing a petition in the Supreme Court. The petition shall be filed within 60 days

following the date the permit is issued or denied. If the permit with prescribed conditions is approved, the filing of the petition for review shall stay the permit during the pendency of judicial review for a period of up to six months from the date the petition for review is filed. The Supreme Court may extend the stay beyond the six-month period upon written request and a showing by the petitioner that the activities under the permit could result in irreparable harm to the site. Except as otherwise provided in this subsection, the review by the Supreme Court shall be as provided in ORS 183.482. The Supreme Court shall give priority on its docket to such a petition for review.

(6) When only the applicant files a petition for judicial review, the six-month stay imposed under subsection (5) of this section may be removed by the permitting agency upon written request within 60 days after the filing of the petition and a showing by the applicant to support a finding by the permitting agency that proceeding with any or all activities under the permit will not result in irreparable harm to the site. In making such findings the permitting agency may require an additional bond or alternative security to be filed with the State Department of Geology and Mineral Industries as provided in ORS 517.987. The bond shall be in an amount the permitting agency determines necessary to assure complete restoration of the site if the petitioner elects not to complete the project following judicial review. Agency denial of the request to remove the stay is subject to review by the Supreme Court under such rules as the Supreme Court may establish. [1991 c.735 §21; 1999 c.849 §§104a,104c; 2003 c.75 §44]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.984 - Modification of permit; project coordinating committee.**

(1) The operator, the State Department of Geology and Mineral Industries, any other permitting agency or a cooperating agency may request modification of a permit issued under the process established under ORS 517.952 to 517.989.

(2) If a permitting agency is requested to make a permit modification that the permitting agency or a cooperating agency finds is a significant permit modification under the provisions of ORS 517.952 to 517.989, the agency shall notify the State Department of Geology and Mineral Industries. The department shall coordinate the organization of a project coordinating committee. The project coordinating committee shall review the proposed modification and determine those portions of ORS 517.952 to 517.989 with which the applicant must comply. The decision of the project review committee shall be:

(a) Limited to those portions of the mining operation to be modified; and

(b) Consistent with public participation as set forth in ORS 517.952 to 517.989. [1991 c.735 §22; 2007 c.318 §26; 2013 c.371 §22]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.985 - Rulemaking.**

In accordance with applicable provisions of ORS chapter 183, the governing board of the State Department of Geology and Mineral Industries shall adopt rules necessary to implement the provisions of ORS 517.952 to 517.989. The rules shall include but need not be limited to:

(1) The information required to be submitted in a notice of intent;

(2) The fee that the department may collect from a person requesting inclusion on the master list under ORS 517.959; and

(3) The form and content of the consolidated application. [1991 c.735 §23]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.986 - Time limit for final action on permit subject to consolidated application process.**

Notwithstanding any other provision of law, the State Department of Geology and Mineral Industries and any other permitting agency shall take final action to issue or deny a permit subject to the consolidated application process set forth in ORS 517.952 to 517.989 within one year after issuance of a notice to proceed under ORS 517.977. However, with the concurrence of the applicant, the processing of the application may be suspended for a period of time to allow the applicant to resolve issues having a bearing on, or necessary to any permitting agency's decision or the department's decision on whether to issue or deny a permit. [1991 c.735 §24]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.987 - Reclamation bond or security; annual assessment of cost of reclamation; lien; release of security; post-reclamation security.**

(1) At the time of submitting a consolidated application under ORS 517.971, the applicant shall estimate the total cost of reclamation consistent with the standards imposed under ORS 517.702 to 517.989. Using the reclamation estimate and a credible accident analysis as a guide, the State Department of Geology and Mineral Industries shall make an initial determination as to the amount of the reclamation bond necessary to protect human health and the environment. The department shall distribute a bond proposal to all permitting and cooperating agencies. The amount of the bond that the department may require to cover the actual cost of reclamation shall not be limited.

(2) The reclamation bond or alternative security acceptable to the department shall be posted before the start of mining operations. The bond shall be issued by a bonding company licensed to operate in Oregon. A mining operation may not satisfy the requirements for a bond through self-insurance.

(3) The department shall assess annually the overall cost of reclamation. If changes in the operation or modifications to a permit

cause the cost of reclamation to exceed the amount of the reclamation bond currently held by the state, the operator shall post an additional bond for the difference. All reclamation calculations shall be approved by the department. Incremental surety increases shall be provided for, with the level of surety being consistent with the degree and forms of surface disturbance anticipated within a time period specified by the department. When the actual surface area to be disturbed approaches the level expected by the department, the operator shall notify the department sufficiently in advance of reaching the acreage limit specified to allow for a review of surety requirements and posting of additional surety by the operator prior to exceeding the acreage limit set by the department.

(4) If reclamation costs will exceed the posted bond and the operator does not increase the bond amount, the department and other permitting agencies shall suspend all permits until the operator posts the additional bond security.

(5) The department may seek a lien against the assets of the operator to cover the cost of reclamation if the bond posted is insufficient. The amount of the lien shall be the amount of the costs incurred by the department to complete reclamation. All current operating permits of the operator shall be suspended and the department shall deny immediately all pending applications of the operator to conduct mining operations.

(6)(a) The operator shall submit to the department a written request for the release of its reclamation bond. If the operator has conducted concurrent reclamation, the operator shall submit an application for bond reduction which estimates the percentage of reclamation done to date and the corresponding percentage of reclamation funds that the operator believes should be returned. A bond release or reduction request shall state in unambiguous terms all measures taken to reclaim the site and any problem or potential problems that may inhibit reclamation in accordance with permit requirements.

(b) The department shall distribute the request to each permitting or cooperating agency, to members of the public who participated in the consolidated application under ORS 517.952 to 517.989, and to any person who requests notification. In addition, the department shall publish a notice as provided in ORS 517.959 announcing receipt of a request for bond release or bond reduction.

(c) No sooner than 60 days after distributing the request and providing notice of the receipt of the request, the department shall conduct an informal public hearing to determine whether to allow the bond release or bond reduction.

(7) The department may require security or an annuity for post-reclamation monitoring and care to be paid before the final bond release. The security or annuity shall be sufficient to cover long-term site care and monitoring needs. The department shall determine the amount of the proposed security or annuity and distribute a proposal to all permitting and cooperating agencies. [1991 c.735 §24a; 2007 c.318 §27]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.988 - Permit conditions by State Department of Fish and Wildlife; violations of State Department of Fish and Wildlife conditions.**

(1) The State Department of Fish and Wildlife shall develop conditions for the protection of fish and wildlife resources that shall be included in any permit issued by the State Department of Geology and Mineral Industries under the process established under ORS 517.952 to 517.989.

(2) The State Department of Fish and Wildlife shall have the right of ingress and egress to and from a mine operating under a permit that includes conditions imposed pursuant to subsection (1) of this section, doing no unnecessary injury to the property of the mine operator, to determine whether the operator is complying with such conditions. If the State Department of Fish and Wildlife determines that a violation has occurred, the State Department of Fish and Wildlife shall inform the State Department of Geology and Mineral Industries of the violation and the State Department of Geology and Mineral Industries shall cooperate with the State Department of Fish and Wildlife to take appropriate enforcement action. [1991 c.735 §24b; 2013 c.371 §23]

Note:

517.988 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 517 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.989 - Rules applicable to consolidated application.**

(1) Except as provided in subsections (2) and (3) of this section, the State Department of Geology and Mineral Industries and all permitting and commenting agencies shall review and take action on a consolidated application in accordance with rules in effect at the time the notice of intent to submit an application is filed under ORS 517.961.

(2) Subsection (1) of this section shall not apply to a consolidated application if:

(a) An applicant is responsible for unreasonable delays in the processing of the application or fails to make a good faith effort to comply with all requirements for issuance of the permit;

(b) Application of a statute or rule is required under federal law or is a requirement for the state to maintain approval of or delegation of administration of a federal program; or

(c) The department, or a permitting agency or commenting agency, finds that application of a rule is necessary to protect the public from a serious threat to human health or safety. [1995 c.503 §2; 2013 c.371 §24]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.990 - Criminal penalties.**

- (1) A person who conducts a surface mining operation without a valid operating permit as required by ORS 517.750 to 517.901 commits a Class A violation.
- (2) Subject to ORS 153.022, violation of any provision of ORS 517.750 to 517.901, or any rules promulgated pursuant thereto, or of any conditions of an operating permit is a Class A violation.
- (3) Subject to ORS 153.022, violation of ORS 517.910 to 517.989, or any rules promulgated pursuant thereto, or of any conditions of an operating permit for a nonaggregate surface mining operation is punishable, upon conviction, by a fine of not more than \$10,000.
- (4) Notwithstanding any other provision of the law, a person who conducts a nonaggregate surface mining operation without a valid operating permit as required by ORS 517.910 to 517.989 shall be punished, upon conviction, by a fine of not more than \$10,000.
- (5) A person commits a violation subject to a fine of not more than \$10,000 if the person knowingly or recklessly causes substantial harm to human health or the environment while:
  - (a) Conducting a surface mining operation without a valid operating permit as required by ORS 517.750 to 517.901; or
  - (b) Violating an operating permit, a reclamation plan, a provision of this chapter or any rule adopted by the State Department of Geology and Mineral Industries to carry out the provisions of this chapter.
- (6) For purposes of this section, "substantial harm to human health or the environment" means:
  - (a) Physical injury, as defined in ORS 161.015, or risk of serious physical injury, as defined in ORS 161.015, to humans; or
  - (b) Substantial damage to wildlife, plants, aquatic and marine life, habitat or stream buffers. [Amended by 1953 c.188 §2; subsection (3) enacted as 1957 c.580 §11; 1971 c.743 §398; subsection (4) enacted as 1971 c.719 §18; subsections (5) and (6) enacted as 1981 c.622 §14; 1985 c.292 §1; 1987 c.260 §4; 1993 c.742 §115; 1999 c.1051 §196; 2007 c.318 §13; 2013 c.371 §25]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 517 - Mining and Mining Claims Section 517.992 - Civil penalties; rules.**

- (1) In addition to any other sanction authorized by law, the governing board of the State Department of Geology and Mineral Industries may impose a civil penalty of not less than \$200 per day and not more than \$50,000 per day for any violation of ORS 517.952 to 517.989, of any rules adopted under those provisions, of any orders issued under those provisions or of any conditions of a permit issued under those provisions. A penalty may be imposed under this subsection without regard to whether the violation occurs on property covered by a permit issued under ORS 517.952 to 517.989.
- (2)(a) In addition to any other sanction authorized by law, and subject to the limitations of paragraph (b) of this subsection, the governing board of the State Department of Geology and Mineral Industries may impose a civil penalty of not more than \$10,000 per day for any violation of ORS 517.702 to 517.740, 517.750 to 517.901 and 517.905 to 517.951, of any rules adopted under those provisions, of any orders issued under those provisions or of any conditions of a permit issued under those provisions.
  - (b) A penalty may be imposed under this subsection only if a landowner or operator fails to complete erosion stabilization as required by ORS 517.775 or board rules adopted to implement that section, if the operator has failed to comply with an order issued under ORS 517.860 or 517.880, if the operation is being conducted in violation of conditions imposed on an operating permit or reclamation plan pursuant to ORS 517.835 or if the operation is being conducted:
    - (A) Without a permit;
    - (B) Outside the permit boundary; or
    - (C) Outside a permit condition regarding boundaries, setbacks, buffers or the placement of surface mining refuse.
- (3) Civil penalties under this section shall be imposed in the manner provided by ORS 183.745.
- (4) Failure to pay a civil penalty that has become final under this section shall be grounds for revocation of any permit issued under ORS 517.702 to 517.989 to the person against whom the penalty has been assessed.
- (5) Any civil penalty received by the State Treasurer under this section shall be deposited in the General Fund to the credit of the Geology and Mineral Industries Account and is continuously appropriated to the State Department of Geology and Mineral Industries to the extent necessary for the administration and enforcement of the laws, rules and orders under which the penalty was assessed.
- (6) A reclamation fund shall be established into which funds not used as described in subsection (5) of this section shall be deposited. This money shall be used by the State Department of Geology and Mineral Industries for the purpose of the reclamation of abandoned mine and drill sites.
- (7) When a single incident violates statutes, rules, board orders or permit conditions administered by more than one agency, the department shall coordinate with the other agencies having civil penalty authority before imposing a civil penalty.
- (8) In implementing this section, the department shall adopt rules that provide civil penalties that are commensurate with the severity of violations.
- (9) A civil penalty may be imposed against the board of directors and high managerial agents of a corporation if those persons engage in, authorize, solicit, request, command or knowingly tolerate the conduct for which the penalty is to be imposed. As used in this subsection, "agent" and "high managerial agent" have the meanings given those terms in ORS 161.170. [1991 c.735 §24c; 1993 c.341 §1; 1997 c.183 §4; 2001 c.262 §1; 2003 c.470 §3; 2007 c.318 §14; 2013 c.371 §26]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.005 - Definitions.**

As used in this chapter, unless the context requires otherwise:

- (1) "Condensate" means liquid hydrocarbons that were originally in the gaseous phase in the reservoir.
- (2) "Field" means the general area underlain by one or more pools.
- (3) "Gas" means all natural gas and all other fluid hydrocarbons not defined as oil in subsection (5) of this section, including condensate originally in the gaseous phase in the reservoir.
- (4) "Information hole" means a hole drilled for information purposes only, including but not limited to core holes, stratigraphic holes or other test holes.
- (5) "Oil" means crude petroleum oil and all other hydrocarbons, regardless of gravity, that are produced in liquid form by ordinary production methods, but does not include liquid hydrocarbons that were originally in a gaseous phase in the reservoir.
- (6) "Person" means any natural person, partnership, corporation, association, receiver, guardian, fiduciary, administrator, representative of any kind, or the State of Oregon and any public body as defined in ORS 174.109.
- (7) "Pool" means an underground reservoir containing a common accumulation of oil and natural gas. A zone of a structure that is completely separated from any other zone in the same structure is a pool.
- (8) "Owner" means a person who has the right to drill into and to produce from any pool and to appropriate the oil or gas produced therefrom either for others, for the person or for the person and others.
- (9) "Protect correlative rights" means that the action or regulation by the board affords a reasonable opportunity to each person entitled thereto to recover or receive the oil or gas in the tract or tracts of the person or the equivalent thereof, without being required to drill unnecessary wells or to incur other unnecessary expense to recover or receive such oil or gas or its equivalent.
- (10) "Seismic program" means the collection of seismic exploration data through a continuous field operation.
- (11) "Sidetrack" means to reenter a well from the well's surface location with drilling equipment for the purpose of deviating from the existing well bore to achieve production from an alternate zone or bottom hole location, or to remedy an engineering problem encountered in the existing well bore.
- (12) "Unit area" means one or more pools or parts thereof under unit operation pursuant to ORS 520.260 to 520.330 and 520.230 (2).
- (13) "Underground reservoir" means any subsurface sand, strata, formation, aquifer, cavern or void whether natural or artificially created, suitable for the injection and storage of natural gas therein and the withdrawal of natural gas therefrom, but excluding a pool.
- (14) "Underground storage" means the process of injecting and storing natural gas within and withdrawing natural gas from an underground reservoir.
- (15) "Waste of oil or gas" means:
  - (a) The inefficient, excessive or improper use or dissipation of reservoir energy of any pool, or the locating, spacing, drilling, equipping, operating or producing of any oil well or gas well in a manner that results or may result in reducing the quantity of oil or gas ultimately recoverable from any pool; or
  - (b) The inefficient storing of oil and the locating, spacing, drilling, equipping, operating or producing of oil wells or gas wells in a manner that causes or may cause unnecessary or excessive surface loss or destruction of oil or gas.
- (16)(a) "Well" means a well drilled for the purpose of producing or storing oil or gas or other gaseous substances, reservoir pressure maintenance, disposal of produced fluids, and injection of water as part of a water flood.
- (b) "Well" includes a well drilled in search of a new or undiscovered pool, or with the intent of extending the limits of a developed pool.
- (c) "Well" does not include an information hole or a hole drilled as part of a seismic program. [1953 c.667 §1; 1961 c.671 §15; 1973 c.276 §1; 1977 c.296 §1; 2007 c.672 §1; 2009 c.294 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.017 - Fees; rules; disposition of fees.**

- (1) The following fees are established under this chapter:
  - (a) The application fee for a permit to drill a well is \$2,000.
  - (b) The fee to modify a well permit, information hole permit or seismic program permit is \$2,000.
  - (c) The annual renewal fee for a well permit, information hole permit or seismic program permit is \$1,160.
  - (d) The application fee for a permit to drill an information hole may not exceed \$2,000 per five information holes drilled in a contiguous 640-acre area. The State Department of Geology and Mineral Industries shall base the fee on the estimated cost of review and approval and the number and location of information holes to be drilled.
  - (e) The fee for approval of a seismic program may not exceed \$2,000. The department shall base the fee on the estimated cost of review and approval.
  - (f) A permittee that requests to transfer a well permit, information hole permit or seismic program permit must pay a nonrefundable fee of \$2,000 at the time of the request.
- (2) The governing board of the department by rule may specify a schedule of fees for costs incurred by the department for activities related to field designation for purposes of this section.
- (3) All moneys received by the department under this section shall be paid into the State Treasury and deposited in the General Fund to the credit of the Geology and Mineral Industries Account established in ORS 516.070. [2007 c.672 §3; 2020 s.s.2 c.4 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.025 - Permit for drilling well or using well; extension; annual report; grounds for granting or denying permit.**

(1) A person may not drill or use a well without first obtaining a permit from the State Department of Geology and Mineral Industries and posting any bond that may be required pursuant to ORS 520.095 (1). When drilling has been completed, the well must be maintained under a permit until it is properly plugged and the site is reclaimed.

(2) A permittee maintaining or operating a well shall provide the department with an annual report on a form provided by the department. Subject to the determinations in subsection (3) of this section, a permittee shall renew the permit for a well by paying the fee established under ORS 520.017.

(3)(a) If upon receipt of the application the department determines that the method and equipment to be used by the applicant in drilling or operating the well comply with applicable laws and rules, the department shall issue the permit.

(b) The department may refuse to issue, refuse to renew or revoke a permit issued pursuant to this section if the department determines that methods or equipment to be used or being used in drilling or operating the well do not comply with applicable laws or rules, or that the well will not be operated and maintained or is not being operated or maintained in compliance with the permit and applicable laws or rules. [1953 c.667 §5; 1973 c.276 §2; 1977 c.296 §3; 1981 c.146 §1; 1991 c.526 §1; 2007 c.672 §4; 2020 s.s.2 c.4 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.027 - Information holes; holes drilled as part of seismic program; trade secrets.**

(1) A person may not drill an information hole or a hole drilled as part of a seismic program without first applying for approval from the State Department of Geology and Mineral Industries and paying the fee established in ORS 520.017. The application must be submitted on a form provided by the department and must include all information requested by the department.

(2) A person issued an approval under this section shall comply with all terms of the department's approval and any other applicable law or rule. The department may not require the person receiving approval under this section to provide information from seismic programs. The department may require the submittal of information from information holes, but the information is a trade secret under ORS 192.345 and is not subject to public disclosure under ORS 192.311 to 192.478. [2007 c.672 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.035 - Waste of oil or gas prohibited.**

The waste of oil or gas, as defined in ORS 520.005, is prohibited. [1953 c.667 §3; 2007 c.672 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.045 - Determination of waste of oil or gas.**

The State Department of Geology and Mineral Industries may determine whether waste of oil or gas over which it has jurisdiction exists or is imminent. In the exercise of such power the department may:

- (1) Collect data.
- (2) Make investigations and inspections.
- (3) Examine properties, leases, papers, books and records, including drilling records and logs.
- (4) Examine, check, test and gauge oil and gas wells and tanks.
- (5) Hold hearings.
- (6) Provide for the keeping of records and the making of reports.
- (7) Take such action as may be reasonably necessary to enforce this chapter. [1953 c.667 §6; 2007 c.672 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.055 - General jurisdiction and authority of board; tidal lands; rules.**

(1) The governing board of the State Department of Geology and Mineral Industries has jurisdiction and authority over all persons and property, including tidal submerged and submersible lands of this state under ORS 274.705 to 274.860, necessary to enforce effectively this chapter and all other laws relating to the conservation of oil and gas.

(2) In addition to and not in lieu of any other powers granted under this chapter, the board may adopt rules and issue orders necessary to regulate geological, geophysical and seismic surveys on, and operations to remove sulfur from, the tidal submerged and submersible lands of this state under ORS 274.705 to 274.860. [1953 c.667 §4; subsection (2) enacted as 1961 c.619 §40; 1969 c.594 §57; 2007 c.672 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.065**

**Conservation of Gas and OilSection 520.075**

[1953 c.667 §9; 1961 c.671 §16; renumbered 520.220]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 520 - Conservation of Gas and OilSection 520.085**

[1953 c.667 §10; 1961 c.671 §17; renumbered 520.230]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 520 - Conservation of Gas and OilSection 520.095 - Rules and orders; bond.**

The governing board of the State Department of Geology and Mineral Industries may adopt rules and issue orders, and the department may issue orders, as may be necessary in the proper administration and enforcement of this chapter, including but not limited to rules and orders for the following purposes:

- (1) To require the drilling, casing and plugging of wells to be done in such a manner as to prevent the escape of oil or gas out of one stratum to another; to prevent the intrusion of water into oil or gas strata; to prevent the pollution of fresh water supplies by oil, gas or salt water; and to require reasonable bond conditioned upon compliance with applicable laws and rules and upon the performance of the duty to plug each dry or abandoned well.
- (2) To compel the filing of logs from wells, including electrical logs, if any are taken, drilling records, typical drill cuttings or cores, if cores are taken, with the office of the State Geologist.
- (3) To prevent wells from being drilled, operated and produced in such a manner as to cause injury to neighboring leases or property.
- (4) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities, and to prevent the premature and irregular encroachment of water that reduces, or tends to reduce, the total ultimate recovery of oil or gas from any pool.
- (5) To require the operation of wells with efficient gas-oil ratios, and to fix ratios.
- (6) To prevent blowouts, caving and seepage in the same sense that conditions indicated by such terms are generally understood in the oil and gas business.
- (7) To prevent fires.
- (8) To identify the ownership of all oil and gas wells, producing leases, tanks, plants, structures and all storage equipment and facilities.
- (9) To regulate the stimulation and chemical treatment of wells.
- (10) To regulate secondary recovery methods, including the introduction of gas, air, water or other substance into producing formations.
- (11) To require the filing currently of information as to the volume of oil and gas, or either of them, produced and saved from the respective properties.
- (12) To require the protection of ground water.
- (13) To require the disposal of salt water and oil field waste so as not to damage land or property unnecessarily.
- (14) To require that wells drilled for oil or gas be logged adequately enough to identify the geologic formations penetrated by the wells.
- (15) To regulate the underground storage of natural gas and the drilling and operation of any wells required therefor.
- (16) To require the mitigation of off-site impacts of drilling and to require reclamation for subsequent beneficial use of drill sites and adjacent areas adversely affected by drilling or use of the well and the filling of sumps.
- (17) To require performance bonds or other forms of financial security for compliance with the requirements of this chapter and rules adopted or orders issued under this chapter.
- (18) To regulate exploratory wells, including stratigraphic wells and seismic program test wells, subject to the limitations in ORS 520.027.
- (19) To regulate geological, geophysical and seismic surveys on, and operations to remove oil, gas and sulfur from, the tidal submerged and submersible lands of this state under ORS 274.705 to 274.860. [1953 c.667 §7; 1961 c.671 §18; 1973 c.276 §3; 1977 c.296 §2; 1981 c.146 §2; 1989 c.365 §1; 2007 c.672 §10]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 520 - Conservation of Gas and OilSection 520.097 - Abandonment or completion of well; well logs and records; trade secrets.**

- (1) For a period of two years from the date of abandonment or completion of a well, all well logs and records and well reports submitted to the State Department of Geology and Mineral Industries are trade secrets under ORS 192.345 and are not subject to public disclosure under ORS 192.311 to 192.478, and all drill cuttings and cores may not be disclosed to the public unless such protection is waived by the permittee or disclosure is required by a court order.
- (2) The department may extend the period under subsection (1) of this section up to an additional five years on the request of the permittee or the permittee's successor in interest. [2007 c.672 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.125 - Authority of board to summon witnesses and require production of evidence.**

(1) The governing board of the State Department of Geology and Mineral Industries may summon witnesses, administer oaths and require the production of records, books and documents for examination at any hearing or investigation conducted before the board.

(2) In case of failure or refusal on the part of any person to comply with the subpoena issued by the board or in the case of the refusal of any witness to testify as to any matter regarding which the witness may lawfully be interrogated it shall be the duty of the circuit court of any county or any judge thereof, upon application of the board, to issue an order to show cause why such person should not be held for contempt as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein.

(3) The board may, in any matter before the board, cause the depositions of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil suits in the circuit courts of this state. [1953 c.667 §13; 2005 c.22 §374; 2007 c.672 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.145 - Judicial review of board or department actions.**

Any person adversely affected by any rule adopted by the governing board of the State Department of Geology and Mineral Industries under this chapter or any order issued by the board or the State Department of Geology and Mineral Industries under this chapter may obtain judicial review thereof pursuant to ORS chapter 183. [1953 c.667 §15; 1961 c.671 §20; 1979 c.562 §15; 1981 c.146 §3; 2007 c.672 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.155 - Records, accounts, reports and writings not to be falsified, altered, destroyed or removed from state.**

A person may not, for the purpose of evading the provisions of this chapter or any rule adopted or order issued under this chapter, make or cause to be made any false entry or statement in a report required by this chapter or by any rule or order under this chapter, make or cause to be made any false entry in any record, account or other writing required by this chapter or by any rule or order under this chapter, omit or cause to be omitted from any such record, account or writing full, true and correct entries as required by this chapter or any rule or order under this chapter, or remove from this state or destroy, mutilate, alter or falsify any such record, account or writing. [1953 c.667 §16; 2007 c.672 §15]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.165 - Aiding or abetting in violation of chapter prohibited.**

A person may not knowingly aid or abet any other person in the violation of any provision of this chapter or any rule adopted or order issued under this chapter. [1953 c.667 §17; 2007 c.672 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.175 - Injunctions to restrain violation or threatened violation of chapter.**

(1) Whenever it appears that any person is violating or threatening to violate any provision of this chapter or any rule adopted or order issued under this chapter, the governing board of the State Department of Geology and Mineral Industries may bring an action against such person in the circuit court of any county where the violation occurs or is threatened, to restrain such person from continuing such violation. In any such action, the court shall have jurisdiction to grant to the board, without bond or other undertaking, such temporary restraining orders or final prohibitory and mandatory injunctions as the facts may warrant, including any such orders restraining the movement or disposition of oil or gas.

(2) If the board fails to bring an action to enjoin a violation or threatened violation of any provision of this chapter or any rule adopted or order issued under this chapter, within 60 days after receipt of a written request to do so by any person who is or will be adversely affected by such violation, then the person making such request may bring an action to restrain such violation or threatened violation in any court in which the board might have brought such action. The board shall be made a party defendant in such action in addition to the person or persons bringing the action and the action shall proceed and injunctive relief may be granted without bond in the same manner as if the action had been brought by the board. [1953 c.667 §18; 1979 c.284 §162; 2007 c.672 §17]

Note:

Sections 1 to 3, chapter 406, Oregon Laws 2019, provide:

Sec. 1.

Section 2 of this 2019 Act is added to and made a part of ORS chapter 520. [2019 c.406 §1]

Sec. 2.

(1) A person may not use hydraulic fracturing in the exploration for or the production of oil and gas in this state.

(2) As used in this section, "hydraulic fracturing" means the drilling technique of expanding existing fractures or creating new fractures in rock by injecting water, with or without chemicals, sand or other substances, into or underneath the surface of the rock

for the purpose of stimulating oil or gas production. "Hydraulic fracturing" does not mean drilling required for:

- (a) Natural gas storage wells;
- (b) Geothermal wells or activities related to exploration for geothermal energy; and
- (c) Coal bed methane extraction wells in existence as of the effective date of this 2019 Act [June 17, 2019]. [2019 c.406 §2] Sec. 3.

This 2019 Act is repealed on January 2, 2025. [2019 c.406 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.210 - Establishment of spacing units for pool or field; purpose; scope; effect.**

- (1) When necessary to prevent waste of oil or gas, to avoid the drilling of unnecessary wells or to protect correlative rights, the governing board of the State Department of Geology and Mineral Industries shall establish spacing units for a pool or field. Spacing units when established shall be of uniform size and shape for the entire pool or field, except that when found to be necessary for any of the above purposes the board is authorized to divide any pool or field into zones and establish spacing units for each zone, which units may differ in size and shape from those established in any other zone. The board may not establish spacing units for injection wells, withdrawal wells or monitoring wells drilled for the purpose of storing gas or other gaseous substances, or wells drilled for the underground disposal of fluids.
- (2) The size and shape of spacing units shall be such as will result in efficient and economical development of the pool or field as a whole and the size thereof may not be smaller than the maximum area that can be efficiently drained by one well.
- (3) An order establishing spacing units for a pool or field shall specify the size and shape of each unit and the location of each permitted well thereon in accordance with a reasonably uniform spacing plan. If an owner finds that a well drilled at the prescribed location would not produce in paying quantities or that surface conditions would substantially add to the burden or hazard of drilling such well, then the owner may apply to the department for permission to drill a well at a location other than that prescribed by such spacing order. The department shall notify adjacent mineral owners of such application and any such owner may request a hearing by the board to consider the application. If no request for a hearing is made in writing within 20 days, the department may issue an order approving the drilling site. Any order by the board or department under this section shall include in the order suitable provisions to prevent the production from the spacing unit of more than its just and equitable share of the oil and gas in the pool.
- (4) An order establishing spacing units for a pool or field shall cover all lands determined or believed to be underlain by such pool or field and may be modified by the board from time to time to include additional areas determined to be underlain by such pool or field. When necessary to prevent waste of oil or gas, to protect correlative rights or to provide for more efficient drainage, an order establishing spacing units in a pool or field may be modified by the board to increase the size of spacing units for future wells in a pool or field or any zone thereof or to permit the drilling of additional wells on a reasonably uniform plan in such pool, field or zone. [Formerly 520.065; 1981 c.146 §4; 2007 c.672 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.220 - Integrating interests or tracts within spacing unit.**

- (1) When two or more separately owned tracts are embraced within a spacing unit or when there are separately owned interests in all or a part of such spacing unit, then the interested persons may integrate their tracts or interests for the development and operation of the spacing unit.
- (2) In the absence of voluntary integration, the governing board of the State Department of Geology and Mineral Industries, upon the application of any interested person, shall make an order integrating all tracts or interests in the spacing unit for the development and operation thereof and for the sharing of production therefrom. The board, as a part of the order establishing one or more spacing units, may prescribe the terms and conditions upon which the royalty interests in the units shall, in the absence of voluntary agreement, be deemed to be integrated without the necessity of a subsequent order integrating royalty interests. Each such integration order shall be upon terms and conditions that are just and reasonable. [Formerly 520.075]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.230 - Approved agreement for cooperative or unit development of pool not to be construed as violating certain regulatory laws.**

- (1) An agreement for the unit or cooperative development and operation of a field or pool in connection with the conduct of repressuring or pressure maintenance operations, cycling or recycling operations, including the extraction and separation of liquid hydrocarbons from natural gas in connection therewith, or any other method of operation, including water floods, is authorized and may be performed and shall not be held or construed to violate ORS 59.005 to 59.505, 59.710 to 59.830, 59.991 and 59.995 or any of the statutes of this state relative to trusts, monopolies or contracts and combinations in restraint of trade, if such agreement is approved by the governing board of the State Department of Geology and Mineral Industries as being in the public interest, for the protection of correlative rights and reasonably necessary to increase ultimate recovery or prevent waste of oil or gas. The failure to submit such an agreement to the board for approval does not, for that reason, imply or constitute evidence that the agreement or operations conducted pursuant thereto violate ORS 59.005 to 59.505, 59.710 to 59.830, 59.991 and 59.995 or any statute of this state now or hereafter in effect relating to trusts and monopolies.
- (2) An agreement for the unit or cooperative development or operation of a field, pool or part thereof may be submitted to the board

for approval as being in the public interest or reasonably necessary to prevent waste or protect correlative rights. Approval by the board constitutes a complete defense to any proceeding charging violation of ORS 59.005 to 59.505, 59.710 to 59.830, 59.991 and 59.995 or of any statute of this state now or hereafter in effect relating to trusts and monopolies on account thereof or on account of operations conducted pursuant thereto. The failure to submit such an agreement to the board for approval does not, for that reason, imply or constitute evidence that the agreement or operations conducted pursuant thereto violate ORS 59.005 to 59.505, 59.710 to 59.830, 59.991 and 59.995 or any statute of this state now or hereafter in effect relating to trusts and monopolies. [Formerly 520.085; subsection (2) enacted as 1961 c.671 §13; 1963 c.69 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.240 - Voluntary unitization of operations by lessees of tidal or submersible lands; Department of State Lands' function.**

(1) For the purpose of properly conserving the natural resources of any single oil or gas pool or field, lessees under ORS 274.705 to 274.860 and their representatives may unite with each other jointly or separately, or jointly or separately with others owning or operating lands not belonging to the state, in collectively adopting and operating under a cooperative or unit plan of development or operation of the pool or field, whenever it is determined by the Department of State Lands to be necessary or advisable in the public interest.

(2) The Department of State Lands may, with the consent of the holders of the leases involved, establish, alter, change and revoke any drilling and production requirements of such leases, and make such regulations with reference to such leases, with like consent on the part of the lessees, in connection with the institution and operation of any such cooperative or unit plan, as the Department of State Lands deems necessary or proper to secure the proper protection of the interests of the state. [1961 c.619 §33]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.260 - Hearing to determine need for unitization of operations; required findings; order.**

(1) The governing board of the State Department of Geology and Mineral Industries upon its own motion may, and upon the application of any interested person shall, hold a hearing to consider the need for the operation as a unit of one or more pools or parts thereof in a field.

(2) The board shall make an order providing for the unit operation of a pool or part thereof if it finds that:

(a) Unit operation is reasonably necessary to effectively carry on pressure control, pressure maintenance or repressuring operations, cycling operations, water flooding operations, injection operations, or any combination thereof, or any other method of recovery designed to substantially increase the ultimate recovery of oil from the pool or pools; and

(b) The value of the estimated additional recovery of oil or gas exceeds the estimated additional cost incident to conducting unit operations. [1961 c.671 §2; 2007 c.672 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.270 - Plan for unit operations.**

An order issued pursuant to ORS 520.260 shall be upon terms and conditions that are just and reasonable, and shall prescribe a plan for unit operations that includes the following:

(1) A description of the pool or pools or parts thereof to be so operated.

(2) A statement of the nature of the operations contemplated.

(3) An allocation to the separately owned tracts in the unit area of all the oil and gas that is produced from the unit area and is saved, being the production that is not used in the conduct of operations on the unit area or not unavoidably lost.

(4) A provision for the credits and charges to be made in the adjustment among the owners in the unit area for their respective investments in wells, tanks, pumps, machinery, materials and equipment contributed to the unit operations.

(5) A provision stating how the costs of unit operations, including capital investments, shall be determined and charged to the separately owned tracts and how these costs shall be paid, including a provision stating when, how and by whom the unit production allocated to an owner who does not pay the share of the cost of unit operations charged to such owner, or the interest of such owner, may be sold and the proceeds applied to the payment of such costs.

(6) A provision, if necessary, for carrying or otherwise financing any person who elects to be carried or otherwise financed, allowing a reasonable interest charge for such service payable out of that person's share of the production.

(7) A provision for the supervision and conduct of the unit operations, in respect to which each person shall have a vote with a value corresponding to the percentage of the costs of unit operations chargeable against the interest of that person.

(8) The time when the unit operations shall commence, and the manner in which, and the circumstances under which, the unit operations shall terminate.

(9) Additional provisions that are found appropriate for carrying on the unit operations, and for the protection of correlative rights. [1961 c.671 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.280 - Allocation of production under plan; ownership.**

(1) The allocation described in ORS 520.270 (3) shall be in accord with the agreement, if any, of the interested parties. If there is no such agreement, the governing board of the State Department of Geology and Mineral Industries shall determine the relative value, from evidence introduced at the hearing, of the separately owned tracts in the unit area, exclusive of physical equipment, for development of oil and gas by unit operations. The production allocated to each tract shall be the proportion that the relative value of each tract so determined bears to the relative value of all tracts in the unit area.

(2) That portion of the unit production allocated to any tract, and the proceeds from the sale thereof, are the property and income of the several persons to whom, or to whose credit, they are allocated or payable under the order providing for unit operations. [1961 c.671 §§4,10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.290 - When unitization order to become effective; supplemental hearings.**

(1) No order of the governing board of the State Department of Geology and Mineral Industries providing for unit operations is effective until:

(a) The plan for unit operations prescribed by the board under ORS 520.270 has been approved in writing by (A) those owners who, under the board's order, will be required to pay at least 75 percent of the costs of the unit operation, and (B) those persons who, at the time of the order of the board, owned of record legal title to 75 percent of royalty and overriding royalty payable with respect to oil and gas produced from the pool or part thereof over the entire unit area; and

(b) The board has made a finding, either in the order providing for unit operations or in a supplemental order, that the plan for unit operations has been so approved.

(2) If the plan for unit operations has not been approved pursuant to subsection (1) of this section at the time the order providing for unit operations is made, the board shall upon application and notice hold such supplemental hearings as are required to determine if and when the plan for unit operations has been approved. If the persons owning the percentage of interest in the unit area required by subsection (1) of this section do not approve the plan for unit operations within a period of six months after the date on which the order providing for unit operations is made, the order is ineffective and shall be revoked by the board unless the board, for good cause shown, extends the time for approval. [1961 c.671 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.300 - Amending unitization order.**

An order providing for unit operations may be amended by an order made by the governing board of the State Department of Geology and Mineral Industries in the same manner and subject to the same conditions as an original order providing for unit operations. However:

(1) If the amendment affects only the rights and interests of the owners, the approval of the amendment by the royalty owners is not required.

(2) The order of amendment may not change the percentage for the allocation of:

(a) Oil and gas as established for any separately owned tract by the original order, except with the consent of all persons owning oil and gas rights in the tract; or

(b) Cost as established for any separately owned tract by the original order, except with the consent of all owners in the tract. [1961 c.671 §6; 2007 c.672 §20]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.310 - Unitization of area including area previously unitized; partial unitization of pool.**

(1) The governing board of the State Department of Geology and Mineral Industries by order may provide for the unit operation of a pool or pools or parts thereof that embrace a unit area established by a previous order of the board. The order, in providing for the allocation of unit production, shall first treat as a single tract the unit area previously established, and the portion of the unit production so allocated thereto shall then be allocated among the separately owned tracts included in the previously established unit area in the same proportions as those specified in the previous order.

(2) An order may provide for unit operations on less than the whole of a pool where the unit area is of such size and shape as may reasonably be required for that purpose, and the conduct thereof will have no adverse effect upon other portions of the pool. [1961 c.671 §§7,8; 2007 c.672 §21]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.320 - Unitization order does not terminate prior agreements or affect oil and gas rights; acquisition of property during unit operations.**

(1) No division order or other contract relating to the sale or purchase of production from a separately owned tract may be terminated by the order providing for unit operations, but remains in force and applies to oil and gas allocated to that tract until terminated in accordance with the provisions thereof.

(2) Except to the extent that the parties affected so agree, no order providing for unit operations results in a transfer of all or any part

of the title of any person to the oil and gas rights in any tract in the unit area.

(3) All property, whether real or personal, that may be acquired in the conduct of unit operations under ORS 520.260 to 520.330 and 520.230 (2) shall be acquired for the account of the owners within the unit area, and is the property of such owners in the proportion that the expenses of unit operations are charged. [1961 c.671 §§11,12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.330 - Effect of operations in unit area.**

All operations, including but not limited to the commencement, drilling or operation of a well, upon any portion of the unit area, are considered for all purposes the conduct of such operations upon each separately owned tract in the unit area by the several owners thereof. The portion of the unit production allocated to a separately owned tract in a unit area, when produced, is considered for all purposes to have been actually produced from that tract by a well drilled thereon. Operations conducted pursuant to an order of the governing board of the State Department of Geology and Mineral Industries providing for unit operations constitute a fulfillment of all the express or implied obligations of each lease or contract covering lands in the unit area to the extent that compliance with such obligations cannot be had because of the order of the board. [1961 c.671 §9; 2007 c.672 §22]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.340 - Legislative findings.**

The underground storage of natural gas in Oregon is found by the Legislative Assembly to be in the public interest in that the establishment of underground reservoirs of natural gas will help insure the continued, uninterrupted availability of natural gas supplies to residential, commercial and industrial consumers in Oregon during periods of peak demand and during interruptions in the normal flow of natural gas supplies. [1977 c.296 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.350 - Property rights in underground reservoirs for natural gas storage.**

(1) All natural gas in an underground reservoir utilized for underground storage, whether acquired by eminent domain or otherwise, shall at all times be the property of the natural gas company utilizing said underground storage, its heirs, successors, or assigns. In no event shall such gas be subject to the rights of the owner of the surface of the land under which said underground reservoir lies or of the owner of any mineral interest therein or of any person other than said natural gas company, its heirs, successors and assigns to release, produce, take, reduce to possessions, or otherwise interfere with or exercise any control thereof.

(2) Any right of condemnation granted for the purposes of ORS 520.340, 772.610 to 772.625 and this section shall be without prejudice to the rights of the owner of the condemned lands or of the rights and interest therein to drill or bore through the underground reservoir in such a manner as shall protect the underground reservoir against pollution and against the escape of natural gas in a manner which complies with the orders and rules of the State Department of Geology and Mineral Industries. Such condemnation shall be without prejudice to the owners of such lands or other rights or interests therein as to all other uses thereof. The additional costs of complying with rules or orders to protect the underground shall be paid by the condemnor. [1977 c.296 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 520 - Conservation of Gas and Oil Section 520.991 - Penalties.**

Subject to ORS 153.022, violation of any provision of this chapter, any rule adopted by the governing board of the State Department of Geology and Mineral Industries under this chapter or any order issued by the board or the State Department of Geology and Mineral Industries under this chapter is a Class B misdemeanor. [1953 c.667 §19; 1999 c.1051 §315; 2007 c.672 §23; 2011 c.597 §221]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.005 - Definitions.**

As used in this chapter, unless the context requires otherwise:

(1) "Board" means the governing board of the State Department of Geology and Mineral Industries.

(2) "By-product" means any mineral or minerals, exclusive of helium or of oil, hydrocarbon gas or other hydrocarbon substances, that are found in solution or in association with geothermal resources and that have a value of less than 75 percent of the value of the geothermal resource or are not, because of quantity, quality, or technical difficulties in extraction and production, of sufficient value to warrant extraction and production by themselves.

(3) "Completed geothermal well" means a well producing geothermal resources for which the operator has received the department's written assurance that the manner of drilling of and producing geothermal resources from the well are satisfactory.

(4) "Cooperative agreement" means an agreement or plan of development and operation for the production or utilization of geothermal resources in which separate ownership units independently operate without allocation of production.

(5) "Correlative rights" means the right of each owner in a geothermal area to obtain that owner's just and equitable share of the underlying geothermal resource, or an economic equivalent of that share of the resource, produced in a manner and in an amount that does not injure the reservoir to the detriment of others.

- (6) "Department" means the State Department of Geology and Mineral Industries.
- (7) "Drilling" includes drilling, re-drilling and deepening of a geothermal well.
- (8) "Enhanced recovery" means the increased recovery from a reservoir achieved by artificial means or by the application of energy extrinsic to the reservoir. The artificial means include, but are not limited to, reinjection of hot brine, fluid or water into a reservoir.
- (9) "Geothermal area" means any parcel of land that is, or reasonably appears to be, underlain by geothermal resources.
- (10) "Geothermal reinjection well" means any well or converted well constructed to dispose of geothermal fluids derived from geothermal resources into an underground reservoir.
- (11) "Geothermal resources" means the natural heat of the earth, the energy, in whatever form, below the surface of the earth present in, resulting from, or created by, or that may be extracted from, the natural heat, and all minerals in solution or other products obtained from naturally heated fluids, brines, associated gases, and steam, in whatever form, found below the surface of the earth, exclusive of helium or of oil, hydrocarbon gas or other hydrocarbon substances, but including, specifically:
- (a) All products of geothermal processes, including indigenous steam, hot water and hot brines;
  - (b) Steam and other gases, hot water and hot brines resulting from water, gas, or other fluids artificially introduced into geothermal formations;
  - (c) Heat or other associated energy found in geothermal formations; and
  - (d) Any by-product derived from them.
- (12) "Geothermal well" includes any excavation made for producing geothermal resources and any geothermal reinjection well.
- (13) "Land" means both surface and mineral rights.
- (14) "Operator" means the person:
- (a) Who possesses the legal right to drill a geothermal well;
  - (b) Who has obtained a drilling permit pursuant to ORS 522.135; or
  - (c) Who possesses the legal right to operate a completed geothermal well or who has been granted the authority to operate the well by that person.
- (15) "Prospect well" includes any well drilled as a geophysical test well, seismic shot hole, mineral exploration drilling, core drilling or temperature gradient test well and drilled in prospecting for geothermal resources. "Prospect well" does not include a geothermal well.
- (16) "Reservoir" means an aquifer or combination of aquifers or zones containing a common geothermal or ground water resource. "Reservoir" includes, but is not limited to, a hot dry rock conductive system.
- (17) "Royalty interest" means a right or interest in geothermal resources produced from land or in the proceeds of the first sale of those resources.
- (18) "Unit agreement" means an agreement or plan of development and operation developed under the provisions of ORS 273.775, 308A.050 to 308A.128, 522.015, 522.405 to 522.545, 522.815 and 522.990 and this section for the production or use of geothermal resources in separately owned interests as a single consolidated unit and that provides for the allocation of costs and benefits.
- (19) "Unit area" means the area described in a unit agreement that constitutes the land subject to development under the agreement.
- (20) "Unit operator" means the person designated in the unit agreement to manage and conduct the operation involving unitized land.
- (21) "Unit production" means all geothermal resources produced from a unit area from the effective date of a unit agreement approved by the board under ORS 522.405.
- (22) "Waste" means:
- (a) Any physical waste, including, but not limited to, underground waste resulting from the inefficient, excessive or improper use or dissipation of reservoir energy or resulting from the location, spacing, drilling, equipping, operation or production of a geothermal resource well in such a manner that reduces or tends to reduce the ultimate economic recovery of the geothermal resources within a reservoir; and
  - (b) Surface waste resulting from the inefficient storage of geothermal resources and the location, spacing, drilling, equipping, operation or production of a geothermal resource well in such a manner that causes or tends to cause the unnecessary or excessive surface loss or destruction of geothermal resources released from a reservoir.
- (23) "Working interest" means an interest in geothermal resources or in land containing geothermal resources that is held under a lease, operating agreement, fee title or otherwise and under which, except as otherwise provided in a unit or cooperative agreement, the owner of the interest has the right to explore for, develop, produce or utilize the resources. "Working interest" does not include a right delegated to a unit operator as such by a unit agreement. [1975 c.552 §3; 1979 c.163 §1; 1981 c.588 §3; 1981 c.694 §4; 1999 c.314 §74; 2005 c.22 §375; 2009 c.794 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.015 - Policy.**

- (1) The Legislative Assembly hereby finds and declares that:
- (a) The people of the State of Oregon have a direct and primary interest in the development of geothermal resources situated in this state.
  - (b) The State of Oregon, through the State Department of Geology and Mineral Industries, shall control the drilling, re-drilling and deepening of wells for the discovery and production of geothermal resources so that such wells will be constructed, operated,

maintained, plugged and decommissioned in the manner necessary to safeguard the life, health, property and welfare of the people of this state, to safeguard the air, water and other natural resources of this state, and to encourage the maximum economic recovery of geothermal resources therefrom.

(2) It is the policy of the Legislative Assembly that this chapter be administered:

- (a) To prevent damage to and waste of geothermal resources;
- (b) To prevent interference with or damage to waters used or to be used for beneficial purposes that may result from improper drilling, operation, maintenance, plugging or decommissioning of geothermal or prospect wells;
- (c) To supervise the drilling, operation, maintenance, plugging and decommissioning of geothermal or prospect wells in a manner permitting the operator to utilize all methods known to the industry for the purpose of increasing the ultimate economic recovery of geothermal resources, that are suitable, and consistent with protection of the air, water and other natural resources of the state; and
- (d) To provide for the development, management and production of geothermal resources in a manner that minimizes state involvement, enhances resource recovery, prevents waste, maximizes economic development and protects correlative rights of the resource owners. [Formerly 522.050; 1981 c.588 §4; 2009 c.794 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.019 - Injection of geothermal fluids; rules; water quality permit.**

(1)(a) In order to accomplish the policy of ORS 522.015 all geothermal fluids derived from geothermal resources shall be reinjected into the same reservoir from which withdrawn unless it is determined by the State Department of Geology and Mineral Industries that these policies and the public interest require other disposal of the fluids.

(b) Subject to the determination in paragraph (a) of this subsection, injection into other reservoirs or disposal by other means may be allowed by the department in specific instances where it is shown that such action is consistent with the policies cited in this section. Disposal by other means may include any secondary use of geothermal fluid after the primary use of such fluid for electrical power generation or for other direct application of the heat or other associated energy contained in such fluids or for by-product extraction. Secondary uses may include, but shall not be limited to, use of condensate resulting from electrical power plant operations for plant-cooling purposes, or use of such geothermal fluid for agricultural, commercial or industrial purposes.

(2) The State Department of Geology and Mineral Industries shall adopt rules governing the disposal by reinjection or other means of geothermal fluids derived from geothermal resources from wells of 250 or more degrees Fahrenheit bottom hole temperature or wells 2,000 or more feet deep. The rules shall include standards whereby contamination may be determined, construction standards for reinjection wells, testing procedures for identifying aquifers, standards and procedures for determining whether adjacent aquifers are being degraded by the reinjection process, guidelines for conservation of the resource, criteria for evaluating reservoirs or zones for geothermal fluid disposal and requirements for prior approval of all geothermal fluid reinjection proposals.

(3) In addition to the permit required by ORS 522.115, an operator of a geothermal well must obtain a water quality permit from the Department of Environmental Quality under ORS 468B.050 or under rules authorized by ORS 468B.195 before injection of any fluid, except well drilling fluids. Nothing in this chapter limits the authority of the Department of Environmental Quality to regulate the subsurface injection of fluids pursuant to ORS 468B.195 and 468B.197. [1979 c.163 §4; 1979 c.547 §1; 2009 c.794 §3; 2023 c.258 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.025 - Application.**

(1) The provisions of this chapter relating to the location and drilling of any well for the production of geothermal resources do not apply to any wells producing geothermal resources on July 1, 1975, or wells, other than prospect wells, where:

- (a) The geothermal fluids produced are of less than 250 degrees Fahrenheit bottom hole temperature; or
- (b) Such fluids have been appropriated pursuant to ORS 537.505 to 537.795 and 537.992.

(2) The provisions of this chapter relating to regulation of production of geothermal resources from a geothermal reservoir apply only to wells with a bottom hole temperature of at least 250 degrees Fahrenheit.

(3) If the bottom hole temperature of a well that was initially at least 250 degrees Fahrenheit falls below 250 degrees Fahrenheit, the State Geologist and the Water Resources Director, after consulting with the well owner, shall determine the agency with regulatory responsibility for that specific well. This determination shall be documented in writing and shall supersede a determination made under subsection (1) or (2) of this section. This chapter does not limit the authority of the Water Resources Department to regulate the appropriation of water pursuant to ORS 537.505 to 537.795 and 537.992. [1975 c.552 §4; 1981 c.589 §1; 2009 c.794 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.035 - Ownership rights.**

Ownership rights to geothermal resources shall be in the owner of the surface property underlain by the geothermal resources unless such rights have been otherwise reserved or conveyed. However, nothing in this section shall divest the people or the state of any rights, title or interest they may have in geothermal resources. [1975 c.552 §21]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.045 - Decommissioned well; jurisdiction.**

Any well drilled under authority of this chapter from which usable geothermal resources cannot be derived, or the owner or operator has no intention of deriving usable geothermal resources, and that is not expected to provide information useful to the development of geothermal resources shall be plugged and decommissioned as provided in this chapter or, upon the operator's written application to the State Department of Geology and Mineral Industries and with the concurrence and approval of the Water Resources Director, jurisdiction over the well may be transferred to the Water Resources Director and, in such case, the well shall no longer be subject to the provisions of this chapter but shall be subject to any applicable laws and rules relating to wells drilled for appropriation and use of ground waters. If an application is made to transfer jurisdiction, a copy of all logs, records, histories and descriptions shall be provided to the Water Resources Director by the applicant. [1975 c.552 §4e; 2009 c.794 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.050**

[1971 c.776 §1; 1975 c.552 §1; renumbered 522.015]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.055 - Permit; application; fees.**

- (1) A person may not engage in drilling a prospect well except in compliance with a permit issued by the State Department of Geology and Mineral Industries under this section.
- (2) An application for a permit to drill prospect wells must include:
  - (a) A plugging and decommissioning plan;
  - (b) Such other information as the department by rule may require to assess the impacts of the proposed prospect well; and
  - (c) A nonrefundable fee as determined by the department based on the estimated cost of review of the proposed prospect wells, not to exceed \$2,000 per application or permit modification.
- (3) Each application may include up to five prospect wells per project area. The project area must be contiguous and include no more than 640 acres.
- (4) A permit to drill remains valid until it is revoked or modified by the department based on new information or changed conditions.
- (5) The permittee shall pay the department an annual nonrefundable renewal fee of \$2,725 on or before the anniversary of each active permit.
- (6) A permittee that requests to transfer a permit issued under this section shall pay a nonrefundable fee of \$2,000 at the time of the request.
- (7) All moneys received by the department under this section shall be paid into the State Treasury and deposited in the General Fund to the credit of the Geology and Mineral Industries Account established by ORS 516.070. [1975 c.552 §4a; 1991 c.526 §2; 2009 c.794 §6; 2020 s.s.2 c.4 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.065 - Circulation of application to state agencies; suggested conditions to permit; time limit for permit action.**

- (1) Upon receipt of a complete application to drill prospect wells, the State Department of Geology and Mineral Industries shall circulate copies of the application to the Water Resources Department, the Department of Environmental Quality, the Department of Land Conservation and Development and the Department of State Lands. The State Department of Geology and Mineral Industries may circulate copies to other public agencies that may have an interest in the permit application.
- (2) Any public agency receiving a copy of the application as provided in subsection (1) of this section may suggest conditions under which a permit should be granted. A public agency shall submit any suggested conditions to the State Department of Geology and Mineral Industries within 45 days of the public agency's receipt of the copy of the application. The department shall consider any suggested conditions that a public agency submits to the department within the 45-day period.
- (3) A permit issued under this section is subject to such conditions as the department may impose. Included among the conditions shall be provision for the proper and safe plugging and decommissioning of each prospect well. Subject to ORS 522.075, the department shall issue or deny the permit by a written order within 60 days after receipt of a complete application unless the department determines that a longer period is necessary to respond to comments or new information or for other good cause. [1975 c.552 §4b; 2009 c.794 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.075 - Bond or security; conditions; cancellation.**

- (1)(a) The State Department of Geology and Mineral Industries may not issue a permit for a prospect well until the applicant has provided a bond or alternative form of financial security as specified in rules adopted by the governing board of the State Department of Geology and Mineral Industries.
- (b) The amount of the bond or alternative form of financial security may not be less than \$10,000 for each prospect well or not less than \$50,000 for all prospect wells to be drilled.

(2) The bond or alternative form of financial security must be conditioned upon compliance with the requirements of this chapter and rules adopted and orders issued pursuant to this chapter and must secure the state against all losses, charges and expenses, including court costs and attorney fees, incurred by the state in obtaining such compliance.

(3) With the consent of the department, any bond or acceptable alternative form of financial security submitted pursuant to this section may be terminated or canceled. However, the department may not consent to the termination or cancellation of any bond or security until each prospect well covered by such bond or security has been properly and safely plugged and decommissioned pursuant to the plan required by the permit or until another bond or security for each well has been submitted and approved by the department. [1975 c.552 §4c; 1977 c.87 §1; 1979 c.163 §2; 1995 c.146 §1; 2009 c.794 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.080 - Operator liability.**

In addition to any other liability imposed by law, the operator of a prospect well shall be liable to any person or public agency that sustains damages from failure of the operator to comply with:

- (1) A condition in a permit requiring the operator to provide for the protection of ground water in the area affected by the well; or
- (2) Any rules of the governing board of the State Department of Geology and Mineral Industries establishing standards for blowout prevention, equipment and casing design and removal, and any other procedures necessary to shut out detrimental substances from strata containing ground or surface water usable for beneficial purposes. [2009 c.794 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.085 - Report certifying completion of decommissioning plan.**

Upon completion of all drilling and testing undertaken pursuant to an application to drill prospect wells, the applicant shall file with the State Department of Geology and Mineral Industries a report certifying the completion of the plugging and decommissioning plan required by the permit. [1975 c.552 §4d; 2009 c.794 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.115 - Permit; application; fees.**

- (1) A person may not engage in the drilling or operating of any geothermal well except in compliance with a permit issued by the State Department of Geology and Mineral Industries under this section.
- (2) An application for a permit to drill or operate a geothermal well must include:
  - (a) The location and elevation of the floor of the proposed derrick.
  - (b) The number or other designation approved by the department by which the well shall be known.
  - (c) The applicant's estimate of the depths to be drilled.
  - (d) The nature and character of the geothermal resource sought.
  - (e) A reclamation plan for the well pad.
  - (f) Such other information as the department by rule may require to assess the impact of the proposed geothermal well.
  - (g) A nonrefundable fee of \$2,000.
- (3) The permittee shall pay an annual nonrefundable renewal fee of \$2,725 on or before the anniversary of each active permit.
- (4) A request by a permittee to modify a permit shall be accompanied by a nonrefundable fee not to exceed \$2,000.
- (5) A request by a permittee to transfer a permit issued under this section must be accompanied by a nonrefundable fee of \$2,000.
- (6) All moneys received by the department under this section shall be paid into the State Treasury and deposited in the General Fund to the credit of the Geology and Mineral Industries Account established by ORS 516.070. [1975 c.552 §5; 1977 c.87 §2; 1991 c.526 §3; 2009 c.794 §11; 2020 s.s.2 c.4 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.125 - Circulation of application to state agencies; suggested conditions to permit.**

- (1) Upon receipt of a complete application for a permit to drill or operate a geothermal well, the State Department of Geology and Mineral Industries shall circulate copies of the application to the Water Resources Department, the State Department of Fish and Wildlife, the Department of Environmental Quality, the State Parks and Recreation Department, the Department of Land Conservation and Development, the State Department of Energy, the Department of State Lands and the governing body of the county and the geothermal heating district in which the well will be located. The State Department of Geology and Mineral Industries may circulate copies to other public agencies that have an interest in the application.
- (2) Any public agency receiving a copy of the application as provided in subsection (1) of this section may suggest conditions under which a permit should be granted. A public agency shall submit any suggested conditions to the State Department of Geology and Mineral Industries within 45 days of the public agency's receipt of the copy of the application. The department shall consider any suggested conditions that a public agency submits to the department within the 45-day period. [1975 c.552 §6; 1981 c.694 §5; 1989 c.904 §66; 2009 c.794 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.135 - Permit; time limit for action; grounds for issuance; conditions; fees.**

(1) Within 60 days after receipt of a complete application for a permit to drill or operate a geothermal well, the State Department of Geology and Mineral Industries shall by order issue or deny the permit unless the department determines that a longer period is necessary to respond to comments or new information or for other good cause.

(2) Except as provided in ORS 522.145, the department shall issue the permit if, after receipt of comments from the agencies referred to in ORS 522.125, the department determines that issuance of the permit would be consistent with the provisions of this chapter and ORS chapters 468A, 468B and 537, any rule adopted under this chapter by the governing board of the department, any rule adopted by the Water Resources Commission under ORS chapter 537 and any rule adopted under ORS chapter 468 or 468B by the Environmental Quality Commission.

(3) If the department issues a permit pursuant to this section, the department shall impose such conditions as the department considers necessary to carry out the provisions of this chapter and ORS chapters 468A, 468B and 537, any rule adopted under this chapter by the governing board of the department, any rule adopted by the Water Resources Commission under ORS chapter 537 and any rule adopted under ORS chapter 468 or 468B by the Environmental Quality Commission. The department shall include in the permit a statement that issuance of the permit does not relieve any person from any obligation to comply with ORS 468B.035, 468B.050, 468B.195, 537.090 or 537.535 or any other applicable state or federal environmental laws.

(4) The State Geologist shall incorporate into the permit requirements:

(a) Any conditions made by the Water Resources Director necessary to comply with the purposes set forth in ORS 537.525; and

(b) Any conditions made by the Department of Environmental Quality necessary to comply with the purposes set forth in ORS 468A.010 and 468B.015. [1975 c.552 §7; 1981 c.694 §6; 1991 c.526 §4; 2009 c.794 §13; 2020 s.s.2 c.4 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.145 - Bond or security; conditions; cancellation.**

(1)(a) The State Department of Geology and Mineral Industries may not issue a permit for a geothermal well until the applicant has provided a bond or alternative form of financial security as specified in rules adopted by the governing board of the State Department of Geology and Mineral Industries.

(b) The amount of the bond or alternative form of financial security may not be less than \$25,000 for each well or not less than \$150,000 for all wells to be drilled.

(2) The bond or alternative form of financial security must be conditioned upon compliance with the requirements of this chapter and rules adopted and orders issued pursuant to this chapter and must secure the state against all losses, charges and expenses, including court costs and attorney fees, incurred by the state in obtaining such compliance.

(3) With the consent of the department, any bond or acceptable alternative form of financial security submitted pursuant to this section may be terminated or canceled. However, the department may not consent to the termination or cancellation of any bond or security until each geothermal well covered by such bond or security has been properly and safely plugged and decommissioned pursuant to the plan required by the permit or until another bond or security for each well has been submitted and approved by the department. [1975 c.552 §8; 1977 c.87 §3; 1981 c.694 §7; 1995 c.146 §2; 2009 c.794 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.155 - Liability for failure to protect ground water and surface water; rules.**

In addition to any other liability imposed by law, the operator of a geothermal well shall be liable to any person or public agency that sustains damages from failure of the operator to comply with:

(1) A condition in a permit requiring the operator to provide for the protection of ground water in the area affected by the well; or

(2) Any rules of the governing board of the State Department of Geology and Mineral Industries establishing standards for blowout prevention, equipment and casing design and removal, and any other procedures necessary to shut out detrimental substances from strata containing ground or surface water usable for beneficial purposes. [1975 c.552 §9; 2009 c.794 §15]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.165 - Request for permit modification; fee.**

(1) A permittee must make a request to modify a permit before changing the location, number or designation specified for any geothermal well or before undertaking to alter in any manner the casing of a geothermal well.

(2) A request to modify a permit under this section, except for changes to a well name, shall be accompanied by the nonrefundable fee specified in ORS 522.115. [1975 c.552 §10; 2009 c.794 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.175 - Plugging and decommissioning; rules.**

(1) No person shall abandon a geothermal well without first plugging and decommissioning the well in conformance with a plugging and decommissioning plan approved by the State Department of Geology and Mineral Industries and complying with the provisions of ORS 522.245.

(2) The governing board of the department shall adopt rules designed to:

(a) Protect underground and surface water usable for beneficial purposes from pollution resulting from infiltration or addition of any

detrimental substance;

(b) Prevent the escape of all fluids to the surface;

(c) Close the surface aperture of the well; and

(d) Remove all surface equipment except that necessary to maintain permanent closure of the well. [1975 c.552 §11; 1981 c.694 §8; 2009 c.794 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.195 - Monthly production statement; rules.**

Except as excluded by rule adopted by the governing board of the State Department of Geology and Mineral Industries, the operator of any completed geothermal well shall file with the department a monthly statement of the geothermal resources production from such well during the preceding calendar month. [1975 c.552 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.205 - Notice by prospective operator of transfer or purchase of well; application; fee; notice by buyer of land of transfer or purchase; rules.**

(1) Except as excluded from the provisions of this section by rule of the governing board of the State Department of Geology and Mineral Industries, any prospective operator of a geothermal well shall notify the department in such form as the department may direct of the purchase, assignment, transfer, conveyance or exchange of the well within 45 days of the purchase and shall accompany such notice with an application for transfer of the permit for the particular well. The application must include the transfer fee specified in ORS 522.115.

(2) Any buyer of land on which a geothermal well is located shall notify the department of the purchase, assignment, transfer, conveyance or exchange of the land upon which such well is situated within 45 days of such purchase. [1975 c.552 §15; 2009 c.794 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.215 - Suspension of drilling or operation; application; terms; extension; presumption of abandonment; unlawful abandonment; notice; proceedings against operator.**

(1) No operator shall suspend drilling or operation of a geothermal well without obtaining permission from the State Department of Geology and Mineral Industries.

(2) The department may authorize an operator to suspend for a specific period operations or remove equipment from an uncompleted geothermal well upon such terms as the department may specify, upon written application of the operator and an affidavit showing good cause therefor.

(3) Within a period of six months from the ending date specified for such suspension, the operator may make written application for an extension of suspension and file it with an affidavit showing good cause for such an extension. Upon a finding that the extension is merited, the governing board of the department may extend the suspension for an additional specific period.

(4) If, after suspension, operations are not resumed by the operator within six months from the ending date specified for the suspension or extension thereof, an intention to abandon and unlawful abandonment shall be presumed.

(5) Whenever an operator whose operations have been suspended fails to comply with such terms as the department may specify in its authorization, the geothermal well shall be presumed unlawfully abandoned. A well shall also be deemed unlawfully abandoned, if, without notice to the department, any drilling or producing equipment is removed.

(6) An unlawful abandonment shall be declared by order of the board, and written notice thereof shall be mailed by registered mail or by certified mail with return receipt both to such operator at the last-known post-office address of the operator, to the registered agent of the operator, if any, and to the operator's sureties.

(7) After declaration of unlawful abandonment, the board may proceed against the operator and the surety of the operator as provided for in ORS 522.145 and may bring suit pursuant to ORS 522.810 or take any other enforcement or recovery action authorized by law. [1975 c.552 §16; 1981 c.694 §9; 1991 c.249 §39; 2009 c.794 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.225 - Notice of intent to plug and decommission.**

(1) Before commencing any operation to discontinue the use of a geothermal well, the operator shall give notice to the State Department of Geology and Mineral Industries of the intention to plug and decommission the well and the date upon which the work will begin.

(2) Such notice shall be given at least 24 hours before the commencement of plugging and decommissioning operations and shall indicate:

(a) The condition of the well;

(b) The proposed method of the plugging and decommissioning operation; and

(c) Any additional information that may be required by the department. [1975 c.552 §17; 2009 c.794 §20]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 -**

**Geothermal ResourcesSection 522.245 - Department approval of plugging and decommissioning; report by operator; effect of failure to comply; proceedings against operator.**

- (1) A representative of the State Department of Geology and Mineral Industries may be present during any operation to plug and decommission a geothermal well. If the representative determines that the plugging and decommissioning is satisfactory, the representative shall approve the plugging and decommissioning of the well.
- (2) Within 45 days after the completion of the plugging and decommissioning of any geothermal well, the operator of the well shall make a written report of all work done. Within 45 days after the receipt of the report, the department shall furnish the operator with a written final approval of the plugging and decommissioning or a written disapproval setting forth the conditions upon which the disapproval is based.
- (3) Failure to plug and decommission in accordance with the approved method, failure to submit to the department any notice or report required by this chapter or failure to furnish the department with any required information shall constitute sufficient grounds for disapproval of the plugging and decommissioning and shall constitute unlawful abandonment of the well.
- (4) When the department has issued a written disapproval of the plugging and decommissioning, the governing board of the department may proceed against the operator and the surety of the operator as provided for in ORS 522.145 and may bring suit pursuant to ORS 522.810 or take any other enforcement or recovery action authorized by law. [1975 c.552 §19; 1981 c.694 §10; 2009 c.794 §21]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.255 - Resolution of conflicts between geothermal and water uses.**

If interference between an existing geothermal well permitted under this chapter and an existing water appropriation permitted under ORS chapter 537 is found by either the State Geologist or the Water Resources Director, the State Geologist and the Water Resources Director shall work cooperatively to resolve the conflict and develop a cooperative management program for the area. In determining what action should be taken, they shall consider the following goals:

- (1) Achieving the most beneficial use of the water and heat resources;
- (2) Allowing all existing users of the resources to continue to use those resources to the greatest extent possible; and
- (3) Insuring that the public interest in efficient use of water and heat resources is protected. [1981 c.589 §8]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.275 - Administration by State Geologist.**

Subject to policy direction by the governing board of the State Department of Geology and Mineral Industries, the State Geologist shall administer this chapter, the rules and orders made pursuant thereto, and supervise the department in carrying out the provisions of this chapter. [1975 c.552 §23]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.305 - Rules.**

- (1) In accordance with the applicable provisions of ORS chapter 183, the governing board of the State Department of Geology and Mineral Industries may adopt rules necessary to implement the provisions of this chapter. This authority includes, but is not limited to, rules relating to:
  - (a) Establishing procedures for the issuance, modification, transfer, denial, suspension and revocation of permits;
  - (b) Establishing procedures for enforcing permit conditions, for enforcing the requirements of this chapter and for enforcing rules adopted to implement the provisions of this chapter; and
  - (c) Establishing civil penalties for violations of this chapter, for violations of rules adopted to implement the provisions of this chapter and for violations of permits and orders issued pursuant to this chapter.
- (2) Any final determination made by the State Department of Geology and Mineral Industries in carrying out the provisions of this chapter or in rules adopted thereunder may be reviewed in the manner provided by the applicable provisions of ORS chapter 183. [1975 c.552 §22; 2009 c.794 §25]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.315 - Final order of department; delivery to operator.**

Whenever the State Department of Geology and Mineral Industries gives any written direction concerning any geothermal well and the operator requests in writing that a final order for purposes of ORS chapter 183 be made, the department shall, within 15 days after receipt of the notice, deliver such final written order to the operator. [1975 c.552 §24]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.325 - Compliance with final order; appeal.**

- (1) The operator of any geothermal well shall within 15 days from the date of the service of any order, either comply with the order or file with the State Department of Geology and Mineral Industries a written statement that the order is not acceptable, and the reasons therefor, and the statement shall constitute an appeal from such order to the governing board of the department.

(2) Any final written order of the board may be appealed in the manner provided in ORS chapter 183 for appeals from final orders in contested cases. [1975 c.552 §25]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.355 - Records of well; contents; drill cutting and core samples.**

(1) The operator of any geothermal well shall keep, or cause to be kept, a careful and accurate log, core record and history of the drilling of the well.

(2) The log referred to in subsection (1) of this section shall show the character and depth of each formation encountered in the drilling of the well; the amount, size and weight of casing used; and the location, depth and temperature of water-bearing strata, including the temperature, chemical composition and other chemical and physical characteristics of fluid encountered from time to time, so far as determined.

(3) The core record referred to in subsection (1) of this section shall show the depth, character and fluid content of cores obtained, so far as determined from the study and analysis thereof.

(4) The history referred to in subsection (1) of this section shall show the location and amount of sidetracked casings, tools or other material; the depth and quantity of cement in cement plugs; the shots of dynamite or other explosives used; the results of production and other tests during drilling operations; and completion data.

(5) The log referred to in subsections (1) and (2) of this section shall be kept in the local office of the operator and, together with the tour reports of the operator, shall be subject, during business hours, to inspection by the governing board of the State Department of Geology and Mineral Industries, or the department.

(6) The operator of any geothermal well shall, in addition to furnishing the log, records, and tests required by this section, collect representative drill cuttings. The operator shall additionally, in the event cores are taken, collect representative core samples. The drill cuttings and core samples shall be filed with the department promptly upon completion or upon its written request, and upon plugging and decommissioning or upon suspension of operations for a period of at least six months. [1975 c.552 §26; 1977 c.87 §4; 2009 c.794 §22]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.365 - Filing record with department; exemption from disclosure.**

(1) Each operator of any geothermal well or the designated agent of the operator shall file with the State Department of Geology and Mineral Industries a copy of the log, history and core record, or any portion thereof, promptly upon completion, or upon the written request of the department at any time after the commencement of the work of drilling any geothermal well, and upon plugging and decommissioning or upon suspension of operations for a period of at least six months.

(2) For a period of four years after the receipt of any log, history, core record, or any portion thereof, such record shall be exempt from disclosure as a trade secret pursuant to ORS 192.345 unless the operator gives approval to release the data. [1975 c.552 §27; 2009 c.794 §23]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.405 - Unitization; development of unit agreement; rules.**

(1) When two or more separately owned tracts of land are within an area under which a reservoir is located or reasonably believed to be located, or when there are separately owned interests in all or part of such an area, the governing board of the State Department of Geology and Mineral Industries, upon its own motion may or upon the application of an interested person or state or local governmental governing body, special district or agency, shall review the need for unitization of the area. The board by rule or order may require the development of a unit agreement for the geothermal resource area if it finds:

(a) Unitized management, operation and development of the geothermal resources in a reservoir is necessary to increase the ultimate recovery of the resources;

(b) The application of unitized methods of operation will prevent waste and aid efficient production and utilization of the resource; or

(c) Unitization and the unitized method of operation are in the public interest and reasonably necessary to protect the correlative rights of owners.

(2) When the board requires the development of a unit agreement under this section, it shall encourage the development of a voluntary agreement between the affected parties. In the absence of a voluntary agreement, the board shall itself develop or cause to be developed a unit agreement that satisfies the provisions of ORS 273.775, 308A.050 to 308A.128, 522.005, 522.015, 522.405 to 522.545, 522.815 and 522.990. In adopting a rule or entering an order for a unit agreement, the board shall consider any plant dedicated area agreement in effect and shall not contravene or interfere with that agreement unless it finds that a term or condition of that agreement violates the policies stated in ORS 522.015. The board shall require the development of the resource in accordance with a proposed unit agreement if it finds that the agreement conforms with the provisions of ORS 273.775, 308A.050 to 308A.128, 522.005, 522.015, 522.405 to 522.545, 522.815 and 522.990.

(3) The development of a unit agreement under subsections (1) and (2) of this section shall be conducted as a rulemaking proceeding in accordance with ORS chapter 183 unless an interested party requests that it be conducted as a contested case in accordance with ORS chapter 183. In either event, notice shall be given in accordance with the applicable provisions of ORS chapter 183.

(4) As used in this section, "plant dedicated area agreement" means a contractual relationship in geothermal energy development between a geothermal resource owner and a customer which makes a specific surface area and related resource base available exclusively to that customer. [1981 c.588 §8; 1999 c.314 §75]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.415 - Unit operation plan.**

A voluntary or board-sponsored unit agreement developed in response to a rule adopted or an order issued under ORS 522.405 shall provide a unit operation plan that includes:

- (1) A description of the geothermal reservoir and the overlaying land to be operated as a unit.
- (2) A statement of the nature of the operations contemplated.
- (3) A provision for credits and charges to be made in the adjustment among the owners in a unit area for their respective investments in geothermal wells, prospect wells, machinery, materials and equipment used in the unit operation.
- (4) The division of interest or a formula for apportionment of unit production among the separately owned tracts within the unit area which reasonably permits a person or state or local governing body, special district or agency otherwise entitled to share in or benefit by production from a tract to receive an equitable and reasonable share of the unit production or other benefit. An equitable and reasonable share of unit production is measured by the proportion the value of the separately owned tract for geothermal resources recovery bears to the value of the unit for that purpose, taking acreage into account.
- (5) Provisions which state how the costs will be paid, how unit production is to be measured and when, how and by whom unit production is to be allocated. The provision shall provide that unit production due to an owner who does not pay that owner's share of the cost of unit operation or that owner's interest may be sold and the proceeds applied to the cost.
- (6) A provision, if necessary, for making financing available to any person or state or local governing body, special district or agency that wishes to obtain financing. The provision shall allow a reasonable interest charge for the service payable out of that respective share of production.
- (7) A provision for the supervision and conduct of the unit operation. Each person or state or local governing body, special district or agency shall have a vote on the provision with a weight corresponding to the percentage of the cost of unit operation chargeable against that respective interest.
- (8) The time when the unit operation shall begin and the manner and circumstances under which the unit operation shall terminate.
- (9) Provisions, if necessary, for the protection of preexisting water users within the unit area and for administration of future water development from the reservoir covered by the unit agreement. [1981 c.588 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.425 - Provisions in rule or order requiring unit operation.**

Any rule or order of the governing board of the State Department of Geology and Mineral Industries providing for the unit operation of a geothermal resource area may include provisions for:

- (1) Division of a reservoir into zones;
- (2) Establishment of spacing units, including a description of their location, size and shape;
- (3) The integration of separately owned tracts or interests within a spacing unit, the development and operation of the spacing unit and the sharing of production;
- (4) The protection of existing and future beneficial uses of water;
- (5) Maintenance of the renewability of geothermal resources and any other natural resources; and
- (6) Any additional provisions the board considers necessary for carrying out the provisions of this chapter or for protection of the public health, safety and welfare. [1981 c.588 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.435 - Rule, order to supersede previous board action.**

Any rule adopted or order entered under ORS 522.405 shall supersede any right or privilege previously granted by the governing board of the State Department of Geology and Mineral Industries to the same person or state or local governing body, special district or agency with respect to the reservoir. [1981 c.588 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.445 - Condition to effectiveness of unitization plan and unit agreement.**

- (1) No rule or order of the governing board of the State Department of Geology and Mineral Industries which creates a unit and prescribes a unitization plan and no applicable unit agreement shall be effective unless the plan of unit operation required by the board under ORS 522.405 has been approved in writing by:
  - (a) The operators who will be required to pay under the board's rule or order at least 75 percent of the unit operation costs; and
  - (b) The persons or state or local governing body, special district or agency that, at the time of the board rule or order, own record legal title to 75 percent of the royalties payable with respect to the geothermal resource produced from the unit area.
- (2) If the royalty owners who own the required percentage interest in the unit area and the operators have not approved the

unitization plan within six months of the date on which the rule or order creating the unit is adopted or entered, that rule or order shall become ineffective and shall be considered to have been repealed or revoked by the board. [1981 c.588 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.455 - Rehearing on rule or order; judicial review.**

(1) Any person or state or local governing body, special district or agency with an interest in geothermal resources within an area to be designated as a unit that is adversely affected by any rule or order of the governing board of the State Department of Geology and Mineral Industries may apply to the board for a rehearing within 30 days after the adoption of the rule or entry of the order. The board shall decide within 45 days after the filing date of the rule or order whether to grant a rehearing. If granted, the rehearing shall be held without undue delay. Failure to act within the 45-day period constitutes approval of the rehearing request.

(2) Any person or state or local governing body, special district or agency that holds a working interest in geothermal resources in a designated or proposed unit area that is adversely affected by any rule promulgated or order entered by the board may obtain judicial review of the rule or order pursuant to ORS chapter 183. [1981 c.588 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.465 - Appointment of unit operator.**

As part of a proposed rule or order designating a unit area and approving a unitization plan or as part of a unit agreement, the working interest owners under the agreement, within the time specified by the governing board of the State Department of Geology and Mineral Industries, shall appoint the unit operator. If the working interest owners do not make the appointment within the specified time, the board shall appoint the unit operator. [1981 c.588 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.475 - Board review of disputes over unit operation; appeal.**

(1) Any disagreement with respect to the unit operation between persons or between persons and state or local governing bodies, special districts or agencies owning any interest in the geothermal resources in a unit area, or between persons or state and local governing bodies, special districts or agencies owning an interest in geothermal resources in a unit area and a unit operator, including a dispute over replacement of a unit operator, may be submitted to the governing board of the State Department of Geology and Mineral Industries for its review and decision.

(2) The board decision under this section may be appealed to the Court of Appeals. The appeal must be filed within 60 days of the date of the board's decision. [1981 c.588 §15]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.485 - Amendment of unitization plan.**

Subject to the same conditions and limitations provided with respect to the creation of a unit, the following may occur:

(1) A unit area may be enlarged to include adjoining portions of the same geothermal resource area, including another unit area, and a new unit created for the unitized management, operation and development of the enlarged unit area; or

(2) The unitization plan may be otherwise amended, including, but not limited to, an amendment reducing unit area size. [1981 c.588 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.495 - Presumptions regarding conduct of operation.**

Any operation on any portion of the unit area, including, but not limited to, the drilling or operation of a well, is considered for all purposes the conduct of the same operation on the whole unit area. The portion of unit production allocated to a separately owned tract in a unit area is considered for all purposes to actually have been produced from a well drilled upon that tract. An operation conducted pursuant to a board rule adopted or order issued under ORS 522.405 constitutes a fulfillment of all express or implied obligations under each lease or contract covering lands in the unit area. [1981 c. 588 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.505 - Unauthorized operation in unit area prohibited; exemption.**

(1) The operation of a geothermal well in a unit area by anyone other than by a person or state or local governing body, special district or agency acting under the unit's authority shall be unlawful. That operation is prohibited from the effective date of the board rule or order creating the unit and prescribing the unitization plan or the unit agreement, except in the manner and to the extent provided in the unitization plan or agreement.

(2) The provisions of ORS 273.775, 308A.050 to 308A.128, 522.005, 522.015, 522.405 to 522.545, 522.815 and 522.990 shall not affect the ability of a ground water user to exercise a water right that existed before the initiation of a unit agreement. [1981 c.588 §18; 1999 c.314 §76]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 -**

**Geothermal ResourcesSection 522.515 - When agreement or plan held not to violate state securities or trade law.**

(1) A unit agreement or unitization plan under a board rule adopted or order issued pursuant to ORS 522.405 shall not be held or construed to violate ORS 59.005 to 59.505, 59.710 to 59.830, 59.991 and 59.995 or any state statute relating to trusts, monopolies or contracts and combinations in restraint of trade if the board has made a finding that the agreement is in the public interest for the protection of correlative rights and is necessary to enhance recovery of geothermal resources or to prevent waste.

(2) Any voluntary unit agreement or plan for unitization between owners, holders of working interests and holders of royalty interests for the exploration, development and operation of a unit area shall not be held or construed to violate ORS 59.005 to 59.505, 59.710 to 59.830, 59.991 and 59.995 or any state statute relating to trusts, monopolies or contracts and combinations in restraint of trade if the agreement is approved by the board as being in the public interest for the protection of correlative rights and necessary to enhance recovery of geothermal resources or to prevent waste.

(3) A voluntary agreement may be submitted to the board for approval as being in the public interest for the protection of correlative rights and necessary to enhance recovery of geothermal resources or to prevent waste. Board approval constitutes a complete defense to any proceeding charging violation of ORS 59.005 to 59.505, 59.710 to 59.830, 59.991 and 59.995 or of any state statute relating to trusts or monopolies on account of operations conducted pursuant to the agreement.

(4) The failure to submit a voluntary agreement for board approval does not constitute evidence that the agreement or operation violates ORS 59.005 to 59.505, 59.710 to 59.830, 59.991 and 59.995 or any state statute relating to trusts or monopolies. [1981 c.588 §19]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.525 - Land subject to board authority; federal lands.**

Board authority applies to all private, municipal, state and federal land in the state which is subject to the state's regulatory authority. When land subject to federal jurisdiction is committed to a unit agreement or cooperative agreement the board may suspend the operation of this chapter or any provision of this chapter if:

(1) The unit operation is regulated by the United States; and

(2) The unit agreement prevents waste and encourages maximum economic development of the resource. [1981 c.588 §20]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.535 - Fees; rules.**

(1) The governing board of the State Department of Geology and Mineral Industries shall establish reasonable fees by rule pursuant to ORS chapter 183 for the purpose of the development and administration of a unit agreement to be paid by all persons or state or local governing bodies, special districts or agencies with a royalty interest in that unitized development. The fee schedule shall recognize the reduced workload involved in review of a voluntary unit agreement that complies with this chapter.

(2) When a person or state or local governing body, special district or agency with a royalty interest fails to pay a fee imposed by the board under ORS 522.545 or this section, the board may require that the fee be paid from the proceeds of the sale of the unit production attributable to that interest. [1981 c.588 §21]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.545 - Rulemaking authority.**

The governing board of the State Department of Geology and Mineral Industries may make, in compliance with ORS chapter 183, rules and orders for the following purposes:

(1) To review and enforce voluntary unit agreements governing production of geothermal resources in a manner that is consistent with the provisions of this chapter.

(2) To provide application forms and procedures to enable a person to request the board to initiate a unit agreement.

(3) To develop and enforce, when necessary, unit agreements satisfying the requirements of this chapter.

(4) To settle disagreements between the parties to a unit agreement over unit operation.

(5) To change the boundaries of a unit area.

(6) To prevent the drilling and operation of geothermal wells and the production of geothermal resources in a manner that causes injury to neighboring leaseholds or property.

(7) To levy fees on any operator, person, state or local governing body, special district or agency that holds a royalty interest in a unit area to cover reasonable costs associated with the development and administration of a unit agreement. [1981 c.588 §22]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 522 - Geothermal ResourcesSection 522.810 - Suits to enjoin violations.**

Whenever it appears that any person is violating or threatening to violate any provision of this chapter or any rule or order of the governing board of the State Department of Geology and Mineral Industries made thereunder, or is threatening to or committing waste, the board may bring suit against such person in the circuit court of any county where the violation or waste occurs or is threatened, to restrain such person from continuing such violation or waste. In any such suit, the court shall have jurisdiction to grant to the board, without bond or other undertaking, such temporary restraining orders or final prohibitory and mandatory injunctions as

the facts may warrant, including any such orders restraining the movement, disposition or waste of geothermal resources. [1971 c.776 §41; 1973 c.388 §7; 1975 c.552 §29]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.815 - Rules by board; scope; adoption; notice.**

(1) In accordance with the rulemaking provisions of ORS chapter 183, the governing board of the State Department of Geology and Mineral Industries may adopt rules necessary to conserve geothermal resources or other natural resources, or to protect the environment, the correlative rights of any person having an ownership interest in the affected land or resource, or beneficial uses of water, or to accomplish the efficient and economical development of a geothermal reservoir. The rules shall include a description of the geothermal reservoir and the overlying land and may also include provisions for the following:

- (a) Division of a geothermal reservoir into zones;
- (b) Establishment of spacing units including a description of the location, size and shape of such spacing units;
- (c) The integration of separately owned tracts or interests within a spacing unit for the development and operation of the spacing unit and the sharing of production therefrom;
- (d) The protection of existing and future beneficial uses of water;
- (e) Maintaining the renewability of geothermal resources and any other natural resources; and
- (f) Any additional provisions the board deems necessary for carrying out the provisions of this chapter or for protecting the public health, safety and welfare.

(2) Any rule adopted under this section may in the board's discretion supersede any right or privilege previously granted by or previously entered by the board with respect to such reservoir and may be amended in accordance with the rulemaking provisions of ORS chapter 183 as appears necessary to the board to further the policy stated in ORS 522.015.

(3) Any proceeding under this section shall be conducted as a rulemaking proceeding in accordance with ORS chapter 183 unless an interested party requests that it be conducted as a contested case in accordance with ORS chapter 183. In either event, notice shall be given in accordance with the requirements of ORS chapter 183. Notice shall always be given to the following persons:

- (a) Any operator who has a drilling permit issued pursuant to ORS 522.135 or has a legal right to operate a completed geothermal well in the geothermal reservoir; and
- (b) Any person who has an ownership interest in the geothermal reservoir. [1975 c.552 §43; 1981 c.588 §5; 1981 c.694 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.910 - Aiding in violations prohibited.**

No person shall knowingly aid or abet any other person in the violation of any provision of this chapter or of any rule or order of the governing board of the State Department of Geology and Mineral Industries made thereunder. [1971 c.776 §40; 1975 c.552 §30]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.915 - False entries, omissions, destruction or removal of records or reports.**

No person shall:

- (1) Make or cause to be made any false entry or statement in a report, record, log, account or other writing required by this chapter or any rule adopted pursuant thereto;
- (2) Omit or cause to be omitted from any such report, record, log, account or writing, full, true and correct entries as required by this chapter or any rule or order adopted pursuant thereto;
- (3) Destroy, mutilate, alter or falsify any such report, record, log, account or writing; or
- (4) Remove from this state the original copy of any such report, record, log, account or writing before the plugging and decommissioning of a geothermal well has been approved pursuant to ORS 522.245 (2). [1975 c.552 §28; 2009 c.794 §24]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 522 - Geothermal Resources Section 522.990 - Penalties.**

Subject to ORS 153.022, violation of any provision of this chapter or of any rule or order of the governing board of the State Department of Geology and Mineral Industries made thereunder, excluding ORS 522.405 to 522.545 and any rule promulgated thereunder, is a Class B misdemeanor. [1971 c.776 §42; 1975 c.552 §31; 1981 c.588 §6; 1999 c.1051 §316; 2011 c.597 §222]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.010 - Definitions.**

As used in this chapter unless the context requires otherwise:

- (1) "Board" or "board of commissioners" means the governing body of a district.
- (2) "By-product" means any mineral or minerals (exclusive of oil, hydrocarbon gas, helium or other hydrocarbon substances) which are found in solution or in association with geothermal resources and which have a value of less than 75 percent of the value of the geothermal resources or are not, because of quantity, quality, or technical difficulties in extraction and production, of sufficient value to warrant extraction and production by themselves.

- (3) "District" means a geothermal heating district formed under this chapter.
- (4) "County" means the county in which the district, or the greater portion of the taxable assessed value of the district, is located.
- (5) "County board" means the county court or board of county commissioners of the county.
- (6) "County clerk" means the county clerk of the county.
- (7) "Geothermal heat" means heat derived from geothermal resources.
- (8) "Geothermal resources" means the natural heat of the earth, the energy, in whatever form, below the surface of the earth present in, resulting from, or created by, or which may be extracted from, the natural heat, and all minerals in solution or other products obtained from naturally heated fluids, brines, associated gases, and steam, in whatever form, found below the surface of the earth, exclusive of oil, hydrocarbon gas, helium or other hydrocarbon substances, but including, specifically:
  - (a) All products of geothermal processes, embracing indigenous steam, hot water and hot brines;
  - (b) Steam and other gases, hot water and hot brines resulting from water, gas or other fluids artificially introduced into geothermal formations;
  - (c) Heat or other associated energy found in geothermal formation; and
  - (d) Any by-product derived from them.
- (9) "Inhabitant" when used with respect to a district includes a business located within the district.
- (10) "Owner" means the holder of the record title to real property or the vendee under a land sale contract, if there is such a contract. [1975 c.782 §1; 1983 c.83 §98]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.015 - Definitions for ORS 523.020.**

For the purposes of ORS 523.020 and this section, notwithstanding ORS 523.610 to 523.670, "board," as defined in ORS 523.010, includes the governing body of a city. "District," as defined in ORS 523.010, includes an incorporated city. [1977 c.212 §1]

Note:

523.015 and 523.020 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 523 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.020 - City as geothermal heating district.**

(1) An incorporated city, when empowered by its charter to do so, may provide geothermal heating services to persons within and without its boundaries in accordance with the provisions of ORS chapter 523, where not in conflict with ORS 523.015 and this section.

(2) The powers conferred by ORS chapter 523 and ORS 523.015 and this section are in addition to the powers conferred by any other law and not in substitution for any right, power or privilege vested in a city. [1977 c.212 §2]

Note:

See note under 523.015.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.030 - Formation of geothermal heating districts; disposal of surplus; exclusion from district.**

A geothermal heating district may be formed for the purpose of supplying inhabitants of the district with geothermal heat as provided by this chapter. In connection with supplying geothermal heat, a district may supply, furnish and sell for any use any surplus geothermal heat over and above the heating needs of its inhabitants to persons outside the district, or to school districts or other local governments as defined in ORS 174.116. All railroad rights of way or improvements thereon or rolling stock moving thereover shall be excluded from districts organized under ORS 198.010, 198.180, 198.510, 198.705, 199.420, 255.012, 366.321, 451.573 and this chapter and for purposes of this chapter shall not be considered as property within the boundaries of such districts, unless the owner of the railroad property expressly consents to its inclusion. [1975 c.782 §2; 2003 c.802 §128; 2007 c.179 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.040 - Powers of district; emergency power; applying for financing gifts and grants.**

(1) A district formed under this chapter shall have the power to make contracts, hold and receive and dispose of real and personal property within and without its described boundaries and do all other acts and things which may be requisite, necessary or convenient in carrying out the objects of the district or exercising the powers conferred upon it by this chapter, sue and be sued, plead and be impleaded in all actions and suits or other proceedings brought by or against it.

(2) In an emergency or in order to meet peak demand a district may supply its inhabitants with heat derived from an energy source other than from geothermal resources for purposes of supplementing the geothermal heat supplied by the district.

(3) In addition to any other power of a district, it may apply and qualify for and receive any private or federal grants, loans or other funds available for carrying out the objects of the district. [1975 c.782 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 -**

**Geothermal Heating DistrictsSection 523.050 - Water and real property transactions; right to obtain geothermal heat from other sources.**

A geothermal heating district may purchase, sell and hold interests in water and real property in carrying out the objects of the district. A district also has the right to purchase or obtain from cities or other geothermal heating districts, geothermal heat, or an interest in geothermal heat, or an interest in a geothermal heat pipeline owned or operated by a city or other geothermal heating district, or to obtain jointly with a city or other geothermal heating district, any right, or to lay and own individually or jointly with any city or other geothermal heating district, any geothermal heat pipeline for the purposes specified in ORS 523.030. [1975 c.782 §5; 2003 c.802 §129]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.060 - Cooperative agreements; bonds.**

(1) Districts may enter into cooperative agreements with each other providing for the joint acquisition, construction, ownership, use or control of facilities for the collection, treatment, distribution or supply of geothermal heat.  
(2) Each district may issue and sell general obligation, revenue or refunding bonds, subject to the limitations and procedures contained or referred to in this chapter for the authorization, issuance or sale of such bonds, for the purpose of paying its share of the cost of the acquisition or construction of facilities provided for in cooperative agreements authorized by this section. [1975 c.782 §18]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.070 - Authority to perform drainage work.**

Any district may perform drainage work for the purpose of reclaiming real property located within the district, protecting real or personal property located within the district from the effects of geothermal heating, promoting sanitation, providing for the public health, convenience and welfare or providing services of public utility or benefit. The district may use all applicable powers granted to it by this chapter, including the rights and powers of eminent domain, in performing the drainage work authorized by this section. [1975 c.782 §17]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.110 - Regulations on use of geothermal heat; effect of failure to comply.**

Any district may adopt and promulgate regulations concerning the use of geothermal heat and the property of the district. The board of commissioners may refuse to supply any building, place or premises with geothermal heat where the user fails after 10 days' written notice to comply with the regulations. The written notice shall be by registered mail or by certified mail with return receipt and shall be deemed given when it is deposited in the United States Post Office properly addressed with postage prepaid. [1975 c.782 §11; 1991 c.249 §40]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.120 - Deposit or other security for use of heat.**

Any district may require a reasonable cash deposit or an irrevocable letter of credit to insure payment for the use or rent of geothermal heat to be furnished by the district. [1975 c.782 §12; 1991 c.331 §75]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.130 - Rates; contracts with users.**

A geothermal heating district shall charge consumers for the geothermal heat furnished and fix and collect the rates therefor. Rates charged may be fixed and classified according to the type of use and according to the amount of geothermal heat used. Any contract entered into by a district with persons other than domestic users shall provide for immediate cancellation whenever no surplus supply of geothermal heat exists over and above any and all demands of domestic users. A district also may contract with any person or may enter into an intergovernmental agreement under ORS chapter 190 to supply, furnish and sell surplus geothermal heat on such terms and conditions and at such rates as the board of commissioners considers advisable. [1975 c.782 §13; 2003 c.802 §130]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.140 - Rate increase procedure.**

(1) Whenever any increase is proposed in the existing rates charged geothermal heat consumers by a district pursuant to ORS 523.130, the board of commissioners shall first provide for a public hearing on such proposal before any increased rates are ordered into effect.  
(2) The public hearing required under subsection (1) of this section shall be held at a place designated by the board after notice thereof has been given by inclusion of a notice of the public hearing in the geothermal heating bills sent to consumers by the district during the period of 30 days prior to the date of the hearing. [1975 c.782 §14]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 -**

**Geothermal Heating DistrictsSection 523.150 - Termination of service for nonpayment of heating charge.**

In case prompt payment of geothermal heating rent or charge is not made, a district may shut off the geothermal heating supply to the building, place or premises to which the district supplied the geothermal heating. [1975 c.782 §15]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.160 - Refund of heating service extension costs by owner of adjacent property.**

If any person is required by a district to pay the cost of extending a geothermal heating pipeline adjacent to property other than the property of the person so that geothermal heating service is provided for such other property without further extension of the geothermal heating pipeline, the district shall require the owner of the other property, prior to providing geothermal heating service to that property, to refund to the person required to pay the cost of extending the geothermal heating pipeline, a pro rata portion of the cost of the extension. The right to require such refund shall not continue for more than 10 years after the date of installation of the extension of the geothermal heating pipeline. The amount to be refunded shall be determined by the district and such determination shall be final. [1975 c.782 §16]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.210 - Special assessment for improvements; report; contents.**

Whenever the district board considers it necessary, upon its own motion, or upon the petition of the owners of one-half of the property that benefits specially from the improvement, to make any improvement to be paid for in whole or in part by special assessment according to benefits, the board shall, by motion, cause a survey and written report for such project to be made and filed with the secretary. Unless the district board directs otherwise, the report shall contain:

- (1) A map or plat showing the general nature, location and extent of the proposed improvement and the land to be assessed for the payment of any part of the cost thereof.
- (2) Plans, specifications and estimates of the work to be done; however, where the proposed project is to be carried out in cooperation with any other governmental agency, the district board may adopt the plans, specifications and estimates of such agency.
- (3) An estimate of the probable cost of the improvement, including any legal, administrative and engineering costs attributable thereto.
- (4) An estimate of the unit cost of the improvement to the specially benefited properties.
- (5) A recommendation as to the method of assessment to be used to arrive at a fair apportionment of the whole or any portion of the cost of the improvement to the properties specially benefited.
- (6) The description and assessed value of each lot, parcel of land or portion thereof, to be specially benefited by the improvement, with the names of the record owners thereof and, when readily available, the names of the contract purchasers thereof.
- (7) A statement of outstanding assessments against property to be assessed. [1975 c.782 §19]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.220 - Action on special assessment report by board.**

After the report has been filed with the secretary, the district board may by motion approve the report, modify the report and approve it as modified, require additional or different information for the improvement, or it may abandon the improvement. [1975 c.782 §20]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.230 - Approval of special assessment report; notice of improvement; contents.**

After the district board approves the report as submitted or modified, the board shall, by resolution, declare its intention to make the improvement, provide the manner and method of carrying out the improvement and direct the secretary to give notice of the improvement. Such notice shall be given by two publications one week apart in a newspaper of general circulation within the district, and by mailing copies of the notice by registered or certified mail to the owners to be assessed for the costs of the improvement. The notice shall contain the following:

- (1) That the report of the improvement is on file in the office of the secretary and is subject to public examination.
- (2) That the district board will hold a public hearing on the proposed improvement on a specified date, which shall not be earlier than 10 days following the first publication of notice, at which objections and remonstrances to the improvement will be heard by the board; and that if prior to such hearing there shall be presented to the secretary valid, written remonstrances of the owners of two-thirds of the property or two-thirds of the front footage of the property to be specifically affected for the improvement, then the improvement will be abandoned for at least six months, unless the improvement is unanimously declared by the district board to be needed at once because of an emergency.
- (3) A description of the property to be specially benefited by the improvement, the owners of the property and the estimate of the unit cost of the improvement to be paid for by special assessments to benefited properties. [1975 c.782 §21]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 -**

**Geothermal Heating DistrictsSection 523.240 - Means of constructing improvement.**

The board of a geothermal heating district may provide in the improvement resolution that the construction work will be done in whole, or in part, by the district, by a contract or by any other public body as defined in ORS 174.109, or by any combination thereof. [1975 c.782 §22; 2003 c.802 §131]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.250 - Order to carry out or abandon improvement after public hearing; assessment ordinance.**

(1) At the time of the public hearing on the proposed improvement, if the written remonstrances represent less than the amount of property required to defeat the proposed improvement, if such an improvement is one that can be remonstrated against, then on the basis of such hearing of written remonstrances and oral objections, if any, the district board may, by motion, at the time of the hearing or within 60 days thereafter, order the improvement to be carried out in accordance with the resolution, or the district board may, on its own motion, abandon the improvement.

(2) After the public hearing on the proposed improvement and after the district board has moved to proceed with the improvement, it may pass an ordinance assessing the various lots, parcels of land or parts thereof, to be specially benefited with their apportioned share of the cost of the improvement; but the passage of an assessment ordinance may be delayed until the contract for the work is let, or until the improvement is completed and the total cost thereof is determined. [1975 c.782 §23]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.260 - Method of assessment.**

The district board in adopting a method of assessment of the costs of the improvement may:

(1) Use any just and reasonable method of determining the extent of any improvement district consistent with the benefits derived.

(2) Use any method of apportioning the sum to be assessed as is just and reasonable between the properties determined to be specially benefited.

(3) Authorize payment by the district of all, or any part, of the cost of any such improvement, when in the opinion of the board the topographical or physical conditions, or unusual or excessive public travel, or other character of the work involved warrants only a partial payment or no payment by the benefited property of the costs of the improvement. [1975 c.782 §24]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.270 - Appeal of assessment.**

Any person feeling aggrieved by the assessments made under an assessment ordinance may, within 20 days after the passage of the ordinance levying the assessment by the district board, appeal to the circuit court for the county in which the district is located. The appeal and the requirements and formalities thereof shall be heard, governed and determined, and the judgment thereon rendered and enforced, in the manner provided for appeals from assessments in ORS 223.005 to 223.105 and 223.205 to 223.930. The result of the appeal shall be a final and conclusive determination of the matter of the assessment, except with respect to the district right of reassessment provided by ORS 523.360. [1975 c.782 §25]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.280 - Notice of assessment to property owners; publication; contents.**

Within 10 days after the ordinance levying assessments is adopted, the secretary of the district shall send by registered or certified mail a notice of assessment to the owner of the assessed property, and shall publish notice of the assessment twice in a newspaper of general circulation in the district, the first publication of which shall be made not later than 10 days after the date of the assessment ordinance. The notice of assessment shall recite the date of the assessment ordinance and shall state that upon the failure of the owner of the property assessed to make application to pay the assessment in installments within 10 days from the date of the first publication of notice, or upon the failure of the owner to pay the assessment in full within 30 days after the date of the assessment ordinance, then interest will commence to run on the assessment and the property assessed will be subject to foreclosure. The notice shall also set forth a description of the property assessed, the name of the owner of the property and the amount of each assessment. [1975 c.782 §26]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.290 - Entry of amount of assessment; lien; priority; foreclosure.**

After passage of the assessment ordinance by the district board, the secretary shall enter in the docket of district liens a statement of the amounts assessed upon each particular lot, parcel of land or portion thereof, together with a description of the improvement, the name of the owners and the date of the assessment ordinance. Upon such entry in the lien docket, the amount so entered shall become a lien upon the respective lots, parcels of land or portions thereof, which have been assessed for such improvement. All assessment liens of a district shall be superior and prior to all other liens or encumbrances on property insofar as the laws of the state permit. Interest shall be charged at the rate of six percent per annum until paid on all amounts not paid within 30 days from the date of an assessment ordinance. After expiration of 30 days following the date of an assessment ordinance the district may proceed to

foreclose or enforce collection of the assessment liens in the amount provided by the general law of the state. However, the district may, at its option, enter a bid for the property being offered at a foreclosure sale, which bid shall be prior to all bids except those made by persons who would be entitled under the laws of the state to redeem the property. [1975 c.782 §27]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.310 - Errors in assessment.**

Claimed errors in the calculation of assessments shall be called to the attention of the secretary of the district, who shall determine whether there has been an error in fact. If the secretary finds that there has been an error in fact, the secretary shall recommend to the district board an amendment to the assessment ordinance to correct the error. Upon enactment of the amendment, the secretary shall make the necessary correction in the lien docket and send a correct notice of assessment by registered or certified mail. [1975 c.782 §28]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.320 - Deficit assessment; hearing; objections; notices.**

In the event that an assessment is made before the total cost of the improvement is ascertained, and if it is found that the amount of the assessment is insufficient to defray the expenses of the improvement, the district board may, by motion, declare such deficit and prepare a proposed deficit assessment. The board shall set a time for a hearing of objections to such deficit assessment and shall direct the secretary to publish one notice thereof in a newspaper of general circulation in the district. After the hearing the board shall make a just and equitable deficit assessment by ordinance, which shall be entered in the lien docket as provided by ORS 523.210 to 523.380. Notices of the deficit assessment shall be published and mailed and the collection of the assessment shall be made in accordance with ORS 523.280 and 523.290. [1975 c.782 §29]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.330 - Excess assessment; credit; rebate.**

Upon the completion of the improvement project, if it is found that the assessment previously levied upon any property is more than sufficient to pay the costs of the improvements, the district board shall ascertain and declare the amount of the excess by ordinance. When declared, the excess amounts shall be entered on the lien docket as a credit upon the appropriate assessment. If any assessment has been paid, the person who paid it, or the legal representative of the person, shall be entitled to the repayment of the rebate credit, or the portion thereof which exceeds the amount unpaid on the original assessment. [1975 c.782 §30]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.340 - Abandonment of improvement; cancellation of liens; refunds.**

The district board may abandon proceedings for an improvement at any time prior to the final completion of the improvement. If liens have been assessed upon any property under ORS 523.210 to 523.380, they shall be canceled, and any payments made on such assessments shall be refunded to the person paying the same, the assigns or legal representatives of the person. [1975 c.782 §31]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.350 - Restriction on rendering assessment invalid; correction by board.**

No improvement assessment shall be rendered invalid by reason of a failure of the improvement report to contain all of the information required by ORS 523.210, or by reason of a failure to have all of the information required to be in the improvement resolution, the assessment ordinance, the lien docket or notices required to be published and mailed, nor by the failure to list the name of, or mail notice to, the owner of any property as required by ORS 523.210 to 523.380, or by reason of any other error, mistake, delay, omission, irregularity or other act, jurisdiction or otherwise, in any of the proceedings or steps specified, unless it appears that the assessment is unfair or unjust in its effect upon the person complaining. The district board may remedy and correct all such matters by suitable action and proceedings. [1975 c.782 §32]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.360 - Reassessment.**

Whenever any assessment, deficit assessment or reassessment for any improvement which has been made by the district is set aside, or its enforcement restrained by any court having jurisdiction thereof, or when the district board is in doubt as to the validity of an assessment, deficit assessment or reassessment, or any part thereof, the district board may make a reassessment in the manner provided by ORS 223.405 to 223.485. [1975 c.782 §33]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.380 - Foreclosure of assessment lien.**

(1) In case the whole or any portion of the cost of an improvement is assessed against the property directly benefited and the owner of the property fails to pay the amount of the lien, or any portion thereof, or the interest thereon, when they become due, the board may proceed to foreclose the lien in any manner provided by law for the collection of liens by municipalities and may provide by

ordinance a general procedure for the collection of liens in any manner not inconsistent with law.

(2) The provisions of ORS 223.405 to 223.485 relating to reassessment shall be available to districts where applicable. [1975 c.782 §35]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.410 - Ad valorem taxation; special tax; collection; enforcement; boundary changes.**

(1) A district may assess, levy and collect taxes in an amount each year not to exceed one-fourth of one percent (0.0025) of the real market value of all taxable property within the limits of the district, computed in accordance with ORS 308.207. The proceeds of the tax shall be applied by it in carrying out the objects and purposes of ORS 523.030 to 523.050 and 523.420 to 523.490 and for the purpose of financing the employees' retirement system.

(2) A district may annually also assess, levy and collect a special tax upon all such property in an amount sufficient to pay the yearly interest on bonds theretofore issued by the district and then outstanding, together with any portion of the principal of such bonds maturing within the year. The special tax shall be applied only in payment of interest and principal of bonds issued by the district, but the district may apply any funds it may have toward payment of principal and interest of any such bonds.

(3) Taxes shall be levied in each year and returned to the county officer whose duty it is to extend the tax roll by the time required by law for city taxes to be levied and returned.

(4) Taxes levied by the district shall become payable at the same time and be collected by the same officer who collects county taxes, and the proceeds shall be turned over to the district according to law. The county officer whose duty it is to extend the county levy shall extend the levy of the district in the same manner as city taxes are extended.

(5) Property is subject to sale for nonpayment of taxes levied by the district in like manner and with like effect as in the case of county and state taxes.

(6) For purposes of ad valorem taxation, a boundary change must be filed in final approved form with the county assessor and the Department of Revenue as provided in ORS 308.225. [1975 c.782 §10; 1991 c.459 §421; 2001 c.215 §16; subsection (6) of 2001 Edition enacted as 2001 c.138 §40]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.420 - Disposal of taxes levied by invalid district.**

When an attempt has been made to organize a district under the provisions of this chapter and subsequently by a judgment of a court it has been declared that the organization is invalid, but prior to such judgment the invalid organization has levied taxes, the funds derived from the levy shall be disposed of as follows:

(1) If the area embraced in the invalid organization is embraced in a subsequently created organization composed of unincorporated or incorporated territory, or combinations thereof, for the purpose of furnishing geothermal heat to the inhabitants thereof, the custodian of the taxes collected for the invalid organization shall turn them over to the subsequent organization to be used only for the purpose of furnishing geothermal heat to such inhabitants.

(2) If the subsequent organization does not embrace all territory embraced in the invalid organization, such taxes as have been collected from the levy upon property in areas not embraced in the subsequent organization shall be refunded to the payers thereof by the custodian of the taxes before the balance is turned over to the subsequent organization.

(3) If no such subsequent organization is created to provide geothermal heat for the inhabitants of such an area, within a period of two years after the entry of the judgment of invalidation, the taxes collected shall be refunded by the custodian of them to the taxpayers who paid them. [1975 c.782 §4; 2003 c.576 §468]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.460 - General obligation bonds; limit; issuance; maturity; interest; election; pledge of revenue.**

(1) For the purpose of carrying into effect all or any powers granted by this chapter, the district, when authorized at any properly called election held for that purpose, may borrow money and sell and dispose of general obligation bonds. Except as otherwise provided by this section, the bonds shall never exceed in the aggregate two and one-half percent of the real market value of all taxable property within the limits of the district, computed in accordance with ORS 308.207.

(2) The bonds shall be issued from time to time by the board of commissioners in behalf of the district as authorized by the voters, and may be issued in an amount not to exceed one-half of one percent of the real market value referred to in subsection (1) of this section without the approval of the electors. The bonds shall mature serially within not to exceed 30 years from issue date, and shall bear interest not exceeding seven percent per annum payable semiannually as the board shall determine. The bonds shall be so conditioned that the district agrees to pay to the bearer, at a place named, the principal sum of the bonds with interest at the rate named, payable semiannually in accordance with the tenor and terms of the interest coupons attached.

(3) If the district has within its corporate limits a population of 300 or over, it may issue bonds in an amount which shall not exceed in the aggregate 10 percent of the real market value referred to in subsection (1) of this section.

(4) For the purpose of additionally securing the payment of the principal and interest on general obligation bonds issued under this section, the district may, by resolution of its board which shall constitute part of the contract with the holders of the bonds, pledge all or any part of the net revenue of its geothermal heating system. The board may adopt such a resolution without submitting the

question of the pledge to the electors of the district. [1975 c.782 §6; 1977 c.188 §7; 1983 c.347 §29; 1991 c.459 §422; 2001 c.215 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.470 - Revenue bonds; terms; issuance.**

In addition to the authority to issue general obligation bonds, the district, when authorized at any properly called election, shall have the power to sell and dispose of revenue bonds, and to pledge as security therefor all or any part of the unobligated net revenue of the district or system, to purchase, acquire, lay out, construct, reconstruct, extend, enlarge or improve a geothermal heating system, for the purpose of obtaining geothermal heating for the use of consumers, within or without the boundaries of the district. The revenue bonds shall be issued in the same manner and form as are general obligation bonds of the district, but they shall be payable, both as to principal and interest, from revenues only, as specified by this section. The revenue bond shall not be subject to the percentage limitation applicable to general obligation bonds and shall not be a lien upon any of the taxable property within the corporate limits of such district, but shall be payable solely from such part of the revenues of the district as remain after payment of obligations having a priority and of all expenses of operation and maintenance of the district, including any taxes levied against it. All revenue bonds shall contain a clause reciting that both the principal and interest are payable solely from operating revenues of the district remaining after paying such obligations and expenses. [1975 c.782 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.480 - Refunding bonds.**

Refunding bonds of the same character and tenor as those replaced thereby may be issued pursuant to a resolution duly adopted by the board of commissioners without submitting to the electors the question of authorizing the issuance of such bonds. [1975 c.782 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.490 - Issuance of bonds.**

All general obligation and revenue bonds, including refunding bonds, authorized under ORS 523.460 to 523.480 shall be issued as prescribed in ORS chapter 287A. [1975 c.782 §9; 2007 c.783 §212]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.510 - Assumption of debts and obligations of district upon dissolution.**

(1) A city may enter into a written agreement with a geothermal heating district contemplating dissolution undertaking to assume, in the event of such dissolution, all of the outstanding debts and obligations of the district and to continue to furnish geothermal heat to the inhabitants of the dissolving district for domestic and municipal use for a term therein specified, not to exceed 25 years. Subject to the provisions of this section, the successor city shall, if the dissolution is approved, have the powers and assume the responsibilities of geothermal heating districts under this chapter. Any person entitled to geothermal heating service within the area of the dissolved district has the same remedies at law or in equity to enforce the rights to geothermal heating service as are available to enforce the right to geothermal heating service within the district.

(2) The successor city or district shall furnish geothermal heat to persons owning or occupying property within the dissolved district on the same terms and conditions as in the case of those owning or occupying property within the city, or elsewhere within the district. If the district assets and obligations are transferred to a city, the city may charge a rate for the service that is no more than the rate which is uniformly applied to all users in similar classifications outside the city. No such differential rate may be charged, however, unless such a differential is provided for, and specifically limited, by the terms of the agreement made prior to the dissolution. Nothing in this section authorizes a city to levy an ad valorem real property tax on property outside the city or district.

(3) Any debts or obligations assumed by the successor city by reason of, or during the period of, its commitment under the agreement shall bind the city until they are fully paid and discharged. No contract shall be effective unless all of the terms thereof are reduced to writing, signed by the entities and filed with the county clerk. [1975 c.782 §47]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.610 - Board; election; authority; term; vacancy.**

(1) Except as otherwise provided by this chapter, the power and authority given to districts is vested in and shall be exercised by a board of five commissioners, each of whom shall be an elector registered in the district. Except as provided by subsection (2) of this section, each commissioner shall be elected for a term of four years.

(2) Not later than the 40th day after the formation of a district and the election of the members of the first board, the commissioners shall meet and organize, first taking and subscribing an oath of office. The commissioners first elected shall determine by lot the length of term each shall hold office as follows:

(a) The terms of two commissioners shall expire June 30 next following the first regular district election; and

(b) The terms of the other three commissioners shall expire June 30 next following the second regular district election.

(3) The board of commissioners shall fill any vacancy on the board as provided in ORS 198.320. [1975 c.782 §36; 1983 c.83 §99;

1983 c.350 §295]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.625 - Election laws applicable.**

(1) ORS chapter 255 governs the following:

- (a) The nomination and election of commissioners.
- (b) The conduct of district elections.

(2) The electors of a district may exercise the powers of the initiative and referendum regarding a district measure, in accordance with ORS 255.135 to 255.205. [1983 c.350 §298]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.630 - Meetings; officers; quorum; employees; employee benefits.**

(1) The board of commissioners shall hold meetings at such time and place within the district as it may determine. The board shall hold at least one regular meeting in each month on a day to be fixed by it, and may hold special meetings under such rules as it may make.

(2) The board shall, at the time of its organization, choose from the commissioners a president, a secretary and a treasurer, who shall hold their offices until the first regular meeting in January, or until their successors are elected and qualified. The officers shall have, respectively, the powers and shall perform the duties usual in such cases. A majority shall constitute a quorum to do business and, in the absence of the president, any other member may preside at a meeting.

(3) The board of commissioners may employ engineers, superintendents, mechanics, clerks or other persons as it may find requisite, necessary or convenient in carrying on any work of the district and at a rate of remuneration as it may consider just.

(4) The board may provide life insurance and retirement or pension plans for employees of a district, if the insurer issuing the policy is licensed to do business in the State of Oregon. [1975 c.782 §39]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.640 - Special election.**

The board of commissioners at any regular meeting may call a special election of the electors of the district. [1975 c.782 §38]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.660 - District funds; deposit; records.**

(1) Moneys of a district shall be deposited in accordance with ORS 295.001 to 295.108 and as designated by the board of commissioners. Moneys shall be withdrawn or paid out only when previously ordered by vote of the board, and upon checks signed by the treasurer or such other person as may be authorized by resolution of the board. Receipts or vouchers, showing clearly the nature and items covered by each check drawn, shall be kept on file.

(2) All the proceedings of the board of commissioners shall be entered at large in a record book. All books, maps, plans, documents, correspondence, vouchers, reports and other papers and records pertaining to the business of the district shall be carefully preserved and shall be open to inspection as public records. [1975 c.782 §41; 2001 c.215 §18; 2019 c.587 §44]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.670 - Agreements between district and annexed or joined city.**

If a city has been annexed to a district under ORS 198.866 and 198.867 or joined to a district under ORS 198.910, the city and the district may:

- (1) Enter into contracts and agreements to do any act or thing which either could have done if the annexation had not occurred.
- (2) Contract and agree for the collection by the district of any geothermal heat tax or charge imposed by the city upon geothermal heat users within the territory of the city, and the district thereupon may provide for such collection according to its rules and regulations for the collection of amounts due the district by geothermal heat users, including but not limited to shutting off the geothermal heat supply for nonpayment. [1975 c.782 §42; 1983 c.142 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 - Geothermal Heating Districts Section 523.680 - Employees' retirement system; establishment; contents.**

(1) A district may establish an employees' retirement system. The board of commissioners may enter into agreements necessary to establish the system and carry out the plan and may agree to modifications of such agreements from time to time.

(2) The retirement plan may provide for retirement benefits measured on the basis of services rendered or to be rendered by an employee, either before or after the date on which such employee first becomes a member of the retirement plan. The retirement plan may provide for a minimum of years of service and a minimum and maximum age of retirement for the employee. [1975 c.782 §43]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 523 -**

**Geothermal Heating DistrictsSection 523.690 - Payments to retirement plan fund.**

The district may budget and provide for payment into the fund of the retirement plan an amount sufficient:

- (1) To provide on an actuarial reserve basis the amortized level premium cost of the retirement benefits which, under the provision of the retirement system, are to be provided by the district to its employees who attain the retirement age or retire in accordance with the terms of the retirement plan.
- (2) To meet the actuarially computed costs of retirement benefits measured on the basis of services rendered or to be rendered by an employee before or after the date on which such employee becomes a member of the retirement plan. [1975 c.782 §44]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.700 - Employee contributions to retirement plan.**

The district may collect, as a contribution from any employee, that percentage of the salary received by the employee which is necessary to fund on an actuarial reserve basis the cost of retirement benefits which the employee is required to provide pursuant to the provisions of a retirement plan. [1975 c.782 §45]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 523 - Geothermal Heating DistrictsSection 523.710 - Limit on eligible individuals in retirement plan.**

Nothing in this chapter authorizes the district to budget, provide for payments or collect contributions to fund retirement benefits for an individual who is not in the employment of the district at the time of the creation of a membership status under a retirement plan. [1975 c.782 §46]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.005 - Definitions.**

As used in this chapter, unless the context otherwise requires:

- (1) "Biomass" means any organic matter, including woody biomass, agricultural crops, wood wastes and residues, plants, aquatic plants, grasses, residues, fibers, animal wastes, municipal wastes and other waste materials.
- (2) "Board" means the State Board of Forestry.
- (3) "Certified Burn Manager" means an individual, other than the forester, who is currently certified under a program established pursuant to ORS 526.360 (3).
- (4) "Department" means the State Forestry Department.
- (5) "Forester" means the State Forester or the authorized representative of the forester.
- (6)(a) "Forestland" means any woodland, brushland, timberland, grazing land or clearing that, during any time of the year, contains enough forest growth, slashing or vegetation to constitute, in the judgment of the forester, a fire hazard, regardless of how the land is zoned or taxed.
- (b) As used in this subsection, "clearing" means any grassland, improved area, lake, meadow, mechanically or manually cleared area, road, rocky area, stream or other similar opening that is surrounded by or contiguous to land described in paragraph (a) of this subsection and that has been included in areas classified as forestland under ORS 526.305 to 526.370.
- (7) "Forestry carbon offset" means a transferable unit based on a measured amount of carbon storage expressed as a carbon dioxide emission equivalent, or other equivalent standard, and accruing on forestland as live or dead matter in trees, shrubs, forest litter and soil.
- (8) "Nonindustrial private forest landowner" means any forest landowner who does not own a forest products manufacturing facility that employs more than six people.
- (9) "Nonindustrial private forestland" means any forestland owned by a nonindustrial private forest landowner.
- (10)(a) "Woody biomass" means material from trees and woody plants, including limbs, tops, needles, leaves and other woody parts, grown in a forest, woodland, farm, rangeland or wildland-urban interface environment that is the by-product of forest management, ecosystem restoration or hazardous fuel reduction treatment.
- (b) "Woody biomass" does not mean:
  - (A) Wood pieces that have been treated with creosote, pentachlorophenol, copper chrome arsenic or other chemical preservatives;
  - (B) Wood that must be retained under state or federal regulations;
  - (C) Wood required for large woody debris recruitment; or
  - (D) Municipal solid waste. [Amended by 1961 c.123 §3; 1965 c.253 §1; 1977 c.893 §14; 1997 c.274 §41; 1999 c.101 §1; 2001 c.752 §6; 2009 c.69 §2; 2011 c.276 §3]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.008 - State Forestry Department.**

The State Forestry Department consists of the State Forester and the deputy, assistants and employees of the forester, acting under direction of the State Board of Forestry. [1961 c.123 §1; 1965 c.253 §2]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry**

**AdministrationSection 526.009 - State Board of Forestry; chairperson; terms; vacancies; confirmation; qualifications; removal.**

(1) There is created a State Board of Forestry consisting of seven members appointed by the Governor. The members appointed to the board shall be subject to confirmation by the Senate as provided in ORS 171.562 and 171.565. The Governor shall designate one member of the board as chairperson to hold that position until that member's term expires or until relieved by the Governor as provided in subsection (6) of this section. The chairperson shall have such powers and duties as are provided by the rules of the board.

(2) The term of office of a member of the board is four years. A member shall be eligible for reappointment, but no member shall serve more than two consecutive full terms. In case of a vacancy for any cause, the Governor shall make an appointment as provided in subsection (1) of this section.

(3) Appointments made by the Governor under subsection (1) of this section shall include appointment of at least one member from each of the forest regions established under ORS 527.640 and the rules adopted thereunder by January 1, 1987.

(4) No more than three members of the board may derive any significant portion of their income directly from persons or organizations that are subject to regulation under ORS 527.610 to 527.770, 527.990 (1) and 527.992.

(5) Except as provided in subsection (4) of this section, no member of the board shall have any relationship or pecuniary interest that would interfere with the member representing the public interest.

(6) The Governor may at any time remove any member of the board for inefficiency, incompetence, neglect of duty, malfeasance in office, unfitness to render effective service or failure to continue to meet the criteria of appointment pursuant to this section. [1965 c.253 §4; 1973 c.230 §1; 1979 c.394 §1; 1983 c.759 §5; 1987 c.919 §6]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.016 - General duties; limits; compensation and expenses; meetings; rules.**

(1) The State Board of Forestry shall supervise all matters of forest policy and management under the jurisdiction of this state and approve claims for expenses incurred under the statutes administered by the board except as otherwise provided by law. Advisory committees may be appointed by the board to make recommendations concerning any function vested by law in the board.

Notwithstanding any other provisions of law, the board shall not supervise or direct the State Forester in matters relating to the geographic scheduling, annual volume and species allocation, appraisals and competitive timber sale techniques used in the sale of forest products from lands managed under the provisions of ORS chapter 530.

(2) The members of the board are entitled to compensation and expenses as provided in ORS 292.495.

(3) The board shall meet on the first Wednesday after the first Monday in January, March, June and September, at places designated by the chairperson of the board or the State Forester. The board may meet at other times and places in this state on the call of the chairperson or the State Forester. A majority of the voting members of the board constitutes a quorum to do business.

(4) In accordance with the applicable provisions of ORS chapter 183, the board shall adopt rules to perform the functions defined by statute. [1965 c.253 §6; 1969 c.314 §62; 1973 c.230 §3; 1983 c.759 §8; 1987 c.919 §8]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.030**

[Amended by 1953 c.23 §2; 1955 c.27 §1; 1961 c.123 §4; 1965 c.253 §11; renumbered 526.046]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.031 - State Forester; deputy and assistants; compensation.**

(1) The State Board of Forestry shall appoint a State Forester, who must be a practical forester familiar with western conditions and experienced in organization for the prevention of forest fires. The forester shall be the chief executive officer of the State Forestry Department. The forester shall hold office at the pleasure of the board, and shall act as its secretary.

(2) With the approval of the board and subject to applicable provisions of the State Personnel Relations Law, the State Forester may appoint a Deputy State Forester, assistant state foresters and other employees of the department. During the State Forester's absence or disability, all authority shall be exercised by the Deputy State Forester or by the assistant whom the State Forester or the board, by written order filed with the Secretary of State, has designated as Acting State Forester.

(3) The board shall fix the compensation of the State Forester. In addition to their salaries, the forester, the deputy and assistants shall be reimbursed, subject to the limitations otherwise provided by law, for their actual and necessary travel and other expenses incurred in the performance of their duties. [1965 c.253 §7; 1983 c.759 §13]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.036 - Fidelity bonds.**

(1) Before entering upon the duties of office, the forester shall furnish a fidelity bond in favor of the State of Oregon in the penal sum of \$100,000 issued by one or more corporate sureties authorized to do business in the State of Oregon, conditioned upon the faithful and honest handling and disposition of the moneys in the State Forestry Department Account and any other moneys in the hands of the forester. The bond and sureties are subject to approval by the Director of the Oregon Department of Administrative

Services as provided in ORS 291.011.

(2) The premium for the bond shall be paid from the appropriation of the State Board of Forestry.

(3) Except as provided in subsection (1) of this section, the board may require a fidelity bond, with one or more corporate sureties authorized to do business in this state, of any officer or employee of the State Forestry Department. The board shall fix the amount of the bond, which otherwise is subject to subsections (1) and (2) of this section. [Formerly 526.070; 1967 c.419 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.041 - General duties of State Forester; rules.**

The forester, under the general supervision of the State Board of Forestry, shall:

(1) In compliance with ORS chapter 183, promulgate rules consistent with law for the enforcement of the state forest laws relating directly to the protection of forestland and the conservation of forest resources.

(2) Appoint and instruct fire wardens as provided in ORS chapter 477.

(3) Direct the improvement and protection of forestland owned by the State of Oregon.

(4) Collect data relative to forest conditions.

(5) Take action authorized by law to prevent and extinguish forest, brush and grass fires.

(6) Enforce all laws pertaining to forestland and prosecute violations of such laws.

(7) Cooperate with landowners, political subdivisions, private associations and agencies and others in forest protection.

(8) Advise and encourage reforestation.

(9) Publish such information on forestry as the forester determines to be in the public interest.

(10) Enter into contracts and cooperative agreements pertaining to experiments and research in forestry.

(11) Sell, exchange or otherwise dispose of any real property heretofore or hereafter acquired by the board for administrative purposes and no longer needed.

(12) Coordinate any activities of the State Forestry Department related to a watershed enhancement project approved by the Oregon Watershed Enhancement Board under ORS 541.932 with activities of other cooperating state and federal agencies participating in the project.

(13) Prescribe uniform state standards for certification of wildland fire training courses and educational programs.

(14) Serve as the Governor's authorized representative for the purpose of initiating the fire management assistance declaration process with the Federal Emergency Management Agency and administering Federal Emergency Management Agency fire management assistance grants. [1965 c.253 §10 (enacted in lieu of 526.020); 1969 c.249 §2; 1975 c.605 §27; 1987 c.734 §13; 1993 c.415 §5; 1997 c.413 §5; 2003 c.539 §38; 2011 c.49 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.046 - State Forester to cooperate with other agencies and persons; contracts for supervision; costs.**

(1) Under the direction of the State Board of Forestry, the forester:

(a) Shall, upon request, and whenever the forester deems that it is in the public interest, assist and cooperate with any federal or state department or any institution, political subdivision or person owning or controlling forestland within this state, in the preparation of plans for their protection, management, replacement or extension. Unless otherwise provided by law, the parties obtaining such assistance shall pay the necessary costs of travel, subsistence and other field expenses incurred by the forester or the assistants of the forester in the preparation and execution of these plans.

(b) May enter into contracts with the applicants under which the forester will supervise the execution of the plans. However, the costs of carrying out the plans shall be paid by the applicants.

(2) In carrying out this section the forester may require the applicant to deposit in one or more installments the moneys needed to cover the cost of preparing and executing the plans. These deposits shall be placed in the State Treasury, credited to the State Forestry Department Account and used exclusively for the purposes of this section. [Formerly 526.030]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.048**

[1977 c.893 §16; renumbered 526.425]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.052 - Credits for former forest protective association employees.**

(1) For purposes of this section, "forest protective association" or "association" has the meaning for that term provided in ORS 477.001.

(2) Subject to subsection (3) of this section, a person employed by a forest protective association at a time when the association was under contract or cooperative agreement with the forester or State Board of Forestry by authority of ORS chapter 477 and this chapter, with specific reference to ORS 477.406 to 477.412, or predecessor statutes, shall receive the following credits when transferring directly from association employment to employment by the State Forestry Department:

- (a) Sick leave accrual earned during employment as an association employee.
- (b) Rate of accumulating annual leave based on years of service as an association employee.
- (c) Credit for current service under the Public Employees Retirement System equal to periods of service as an association employee as determined by the Public Employees Retirement Board, if the person, before the effective date of retirement of the person as a member of the system, applies in writing to the retirement board for that credit or any part thereof and pays to the retirement board in a lump sum for credit to the member account of the member an amount determined by the retirement board to be equal to the total amount of employee and employer contributions with interest that would have accumulated had the person been a member of the system as an employee of the State Forestry Department in a position equivalent to that held by the person for the periods of service or part thereof as an association employee.
- (3) The credits granted by subsection (2) of this section shall be granted if the employee makes an immediate transfer from association employment to state employment, and if the person earned employment credits as an association employee under standards comparable to laws and rules of the State of Oregon governing similar credits in state employment.
- (4) Unless the employee transferring to employment with the State Forestry Department first becomes a member of the Public Employees Retirement System before January 1, 2000, as described in subsection (6) of this section:
  - (a) The employee may acquire credit under subsection (2)(c) of this section only after the employee has been a member of the Public Employees Retirement System for at least 60 calendar months; and
  - (b) The maximum number of years of retirement credit that a person may acquire under subsection (2)(c) of this section is five years.
- (5) If a person subject to the limitation imposed by subsection (4)(b) of this section is also eligible for credit under ORS 238.145, and the person is subject to the limitation imposed by ORS 238.145 (4), the total years of credit that the person may acquire under this section and under the provisions of ORS 238.145 may not exceed five years.
- (6) A person becomes a member of the Public Employees Retirement System before January 1, 2000, for the purposes of this section if:
  - (a) The person is a member of the system on January 1, 2000; or
  - (b) The person was a member of the system before January 1, 2000, ceased to be a member of the system under the provisions of ORS 238.095, 238.265 or 238.545 before January 1, 2000, but restores part or all of the forfeited creditable service from before January 1, 2000, under the provisions of ORS 238.105 or 238.115 after January 1, 2000. [1969 c.249 §5; 1973 c.46 §6; 1987 c.617 §14; 1999 c.317 §13; 2001 c.945 §67]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.054 - Authority of department to require fingerprints.**

For the purpose of requesting a state or nationwide criminal records check under ORS 181A.195, the State Forestry Department may require the fingerprints of a person who:

- (1)(a) Is employed or is applying for employment by the department; or
- (b) Provides services or seeks to provide services to the department as a contractor or volunteer; and
- (2) Is, or will be, working or providing services in a position:
  - (a) That provides forest education or recreation programs for persons under 18 years of age; or
  - (b) In which the person investigates or fights wildland fires and the criminal records check is requested to search for crimes associated with arson. [2005 c.730 §75]

Note:

526.054 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.060 - State Forestry Department Account; subaccounts.**

- (1) Except as provided in ORS 526.121, 530.147 and 530.280, all assessments, federal apportionments or contributions, and other moneys received by the forester or State Board of Forestry, shall be paid into the State Treasury and credited to the State Forestry Department Account, which is established separate and distinct from the General Fund. All moneys in the State Forestry Department Account are continuously appropriated, and shall be used by the forester, under the supervision and direction of the board, for the purposes authorized by law.
- (2) The forester shall keep a record of all moneys deposited in the State Forestry Department Account. The record shall indicate by separate cumulative accounts the source from which the moneys are derived and the individual activity or program against which each withdrawal is charged. All moneys in the account received pursuant to ORS 527.610 to 527.770 and 527.992 shall be used only for carrying out the duties, functions and powers of the State Forestry Department in administering ORS 527.610 to 527.770 and 527.992.
- (3) The Urban and Community Forestry Subaccount is established as a subaccount of the State Forestry Department Account. Moneys in the Urban and Community Forestry Subaccount are continuously appropriated to the State Forestry Department to be used for urban and community forest activities described in ORS 469.634 and 469.652.
- (4) The State Forest Enhancement Donation Subaccount is established as a subaccount to the State Forestry Department Account.

Moneys in the State Forest Enhancement Donation Subaccount are continuously appropriated to the State Forestry Department to be used for the purposes described in ORS 526.065.

(5) The State Forest Nursery Subaccount is established as a subaccount to the State Forestry Department Account. Moneys in the State Forest Nursery Subaccount are continuously appropriated to the State Forestry Department to be used for the purposes described in ORS 526.235.

(6) The State Forest Tree Seed Bank Subaccount is established as a subaccount to the State Forestry Department Account. Moneys in the State Forest Tree Seed Bank Subaccount are continuously appropriated to the State Forestry Department to be used for the purposes described in ORS 526.470.

(7) The State Forest Tree Seed Orchard Subaccount is established as a subaccount to the State Forestry Department Account. Moneys in the State Forest Tree Seed Orchard Subaccount are continuously appropriated to the State Forestry Department to be used for the purposes described in ORS 526.472.

(8) Notwithstanding ORS 291.238, the moneys credited to the subaccounts established under subsections (5), (6) and (7) of this section shall be continuously available on a revolving basis. [1957 c.83 §1; 1965 c.253 §12; 1975 c.224 §7; 1989 c.966 §58; 1993 c.388 §5; 2001 c.159 §1; 2007 c.248 §4; 2009 c.831 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.065 - Authority to accept gifts and other donations for management of state forests and forest legacy programs; use of moneys in subaccount.**

(1) The State Forestry Department may receive gifts, grants, bequests, endowments and donations of moneys, labor or materials from public and private sources for the purpose of contributing to the management and enhancement of state forests, including but not limited to activities such as recreation, education, interpretation, research and monitoring, cultural resources management and habitat improvement.

(2) The department may apply for, accept and utilize grants from the federal government to accomplish the goals of a federal forest legacy program. In implementing the federal forest legacy program, the department shall ensure that the program complies with all land use laws and regulations.

(3) On or before January 15 of each odd-numbered year, the State Forester shall report to the committee created by ORS 171.555 and to any legislative committee with responsibility for forestry issues regarding:

(a) The number and monetary amounts of grants applied for under the federal forest legacy program;

(b) The number and monetary amounts of grants awarded under the federal forest legacy program; and

(c) The location and disposition of areas affected by the federal forest legacy program.

(4) The department shall deposit moneys received under this section into the State Forest Enhancement Donation Subaccount created under ORS 526.060. The department may expend moneys, materials or labor received under this section only for the purposes specified in the gift, grant, bequest, endowment or donation. If no purpose is specified, the department may use the moneys, materials or labor for the management and enhancement of state forests. [2001 c.159 §3; 2005 c.745 §1; 2007 c.206 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.070**

[1957 c.83 §22; 1965 c.253 §8; renumbered 526.036]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.090 - Acceptance and use of moneys under Agricultural Act of 1956 (soil bank and reforestation provisions).**

The forester, under the supervision and direction of the State Board of Forestry, may receive moneys from the federal government in connection with cooperative work and programs set out in the Agricultural Act of 1956, as amended (Public Law 84-540, 70 Stat. 188), particularly the provisions of Title I (7 U.S.C. 1801 to 1837) and Title IV (16 U.S.C. 568e to 568g), and Acts amendatory thereof and supplemental or complementary thereto. [1957 c.83 §4; 1965 c.253 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.095 - Clarke-McNary Act accepted; State Forester is agent of state.**

The State of Oregon has accepted the provisions of the Clarke-McNary Act (43 Stat. 653), as amended, and will observe and comply with the requirements of that Act. The forester, under the supervision and direction of the State Board of Forestry, is the agent of the State of Oregon for the purposes of that Act, and may cooperate with the authorities of the United States having powers and duties under that Act to do all things necessary to secure to the State of Oregon the benefits of that Act or Acts amendatory thereof and supplemental or complementary thereto. [1957 c.83 §2; 1965 c.253 §15]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.105 - Disposition of receipts under ORS 526.090 and 526.095.**

All moneys received pursuant to the Acts of Congress mentioned in ORS 526.090 and 526.095 shall be paid into the State Treasury, credited to the State Forestry Department Account, and used exclusively for the purposes of the respective Acts. [1965 c.253 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.111 - State Forestry Department Revolving Account; purposes.**

(1) Notwithstanding ORS 291.238 or any other law, a revolving account in the sum of \$750,000 deposited with the State Treasurer shall be at the disposal of the forester for the payment of:

(a) Lawful expenses incurred under the direction of the forester and the State Board of Forestry in the prevention or suppression of fire and the protection of forestlands; and

(b) Miscellaneous bills and extraordinary items which are payable in cash immediately upon presentation.

(2) The forester may draw checks upon the State Treasurer in making disbursements from the revolving account for the purposes stated in this section. Reimbursement of such disbursements shall be made from funds and accounts budgeted and allotted for expenses of the State Forestry Department. The revolving account is not subject to allotment or allocation of moneys pursuant to ORS 291.234 to 291.260. [1953 c.327 §1; 1965 c.253 §18; 1969 c.249 §1; 1987 c.155 §1; 1997 c.467 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.121 - Reimbursement of revolving account; keeping records.**

(1) Reimbursement vouchers for claims paid from the revolving account created by ORS 526.111 shall be approved by the forester. Warrants in payment of the vouchers shall be drawn in favor of the forester and deposited with the State Treasurer to reimburse the revolving account.

(2) The forester shall maintain such records as readily disclose the true status of vouchers payable from, and checks outstanding against, the revolving account and the balance to the credit thereof. [1953 c.327 §2; 1957 c.83 §23; 1965 c.253 §19; 1983 c.740 §207]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.122 - State Forestry Department Cash Flow Repayment Fund.**

(1) The State Forestry Department Cash Flow Repayment Fund is established in the State Treasury, separate and distinct from the General Fund. The State Forestry Department Cash Flow Repayment Fund consists of moneys deposited in the fund by the State Forestry Department pursuant to subsection (2) of this section. Moneys in the fund are continuously appropriated to the department for the purposes set forth in subsection (3) of this section.

(2)(a) When the State Forestry Department determines that moneys are available to the department in an amount greater than necessary to satisfy the current cash flow needs of the department, the department shall deposit excess amounts in the State Forestry Department Cash Flow Repayment Fund, except as provided in paragraph (b) of this subsection.

(b) The department is not required to deposit moneys in the fund if the balance of the fund is equal to or greater than the outstanding balance of moneys appropriated, allocated or otherwise made available to the department specifically for cash flow purposes.

(c) The moneys deposited in the fund under this subsection shall not be considered as a budget item on which a limitation is otherwise fixed by law, but shall be in addition to any specific biennial appropriations or amounts authorized to be expended from continuously appropriated moneys for any biennial period.

(3) On July 1 of each odd-numbered year, the department shall cause the balance of the fund to be transferred to the General Fund for general governmental purposes. [2022 c.76 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.123 - Reporting on cash flow.**

On or before March 31 of each odd-numbered year, the State Forestry Department shall report to the standing or interim Joint Committee on Ways and Means on the following matters:

(1) The amounts appropriated, allocated or otherwise made available to the department specifically for cash flow purposes, both within the current biennium and cumulatively;

(2) The amounts deposited in the State Forestry Department Cash Flow Repayment Fund pursuant to ORS 526.122 (2), both within the current biennium and cumulatively;

(3) The current balance of the fund; and

(4) The amount currently in use by the department for cash flow purposes. [2022 c.76 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.125 - Tillamook Forest Interpretive Center Fund; sources; use of moneys in fund.**

(1) The State Forestry Department may receive and disburse gifts, grants, bequests, endowments and donations of labor and material from public and private sources for the purpose of developing and operating a forest interpretation and education center in the

Tillamook State Forest.

(2) The Tillamook Forest Interpretive Center Fund is created in the State Treasury, separate and distinct from the General Fund. All moneys received by the State Forestry Department under subsection (1) of this section shall be paid into the State Treasury and credited to the Tillamook Forest Interpretive Center Fund. All interest earned by the fund shall be credited to the fund.

(3) All moneys in the Tillamook Forest Interpretive Center Fund are continuously appropriated to the State Forestry Department and may be expended only for the purposes specified in the gift or donation, or, if no purpose is specified, only for the purpose of forest interpretation and education. [1999 c.928 §1]

Note:

526.125 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.127 - Forestry Natural Climate Solutions Fund.**

(1) The Forestry Natural Climate Solutions Fund is established in the State Treasury, separate and distinct from the General Fund. Interest earned by the Forestry Natural Climate Solutions Fund shall be credited to the fund. Moneys in the fund are continuously appropriated to the State Forestry Department to:

(a) Carry out the provisions of ORS 468A.189 (3); and

(b) For the administrative expenses of the department in implementing ORS 468A.189, except that no more than 10 percent of moneys may be used for administrative expenses.

(2) The Forestry Natural Climate Solutions Fund consists of moneys transferred to the fund under ORS 468A.187. [2023 c.442 §65]

Note:

526.127 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.131 - Purchase or acceptance of federal surplus property.**

Subject to the allotment provisions of ORS 291.238, the State Forester and State Board of Forestry hereby are authorized to purchase or accept excess and surplus property from the United States. [Formerly 526.080]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.135 - Leasing departmental equipment to federal agency.**

The forester, with the approval of the State Board of Forestry, may lease equipment that is under the jurisdiction and control of the forester and board to any agency of the United States. However:

(1) The lease must include a reasonable rental fee and require the lessee to maintain the equipment during the lease period; and

(2) The federal agency must be a cooperator with the forester and board in common activities and programs for which the equipment is leased. [1965 c.87 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.142 - Definition for ORS 526.142 to 526.152.**

As used in ORS 526.142 to 526.152, "equipment" includes the necessary materials and supplies for the operation of equipment in the equipment pool authorized by ORS 526.144. [1965 c.253 §21]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.144 - Equipment pool; participation.**

(1) The equipment pool operated by the forester and the State Board of Forestry, which furnishes transportation and equipment for the various activities and programs of the board, is for the acquisition, operation, storage, maintenance and replacement of equipment. Notwithstanding any other law, the forester, under the direction of the board, may:

(a) Determine each activity or program of the board that shall participate in the equipment pool, and in so doing, cause the transfer of moneys from the account representing such activity or program in an amount determined advisable for equipment pool purposes. However, in each instance the transfer of moneys must be based on the proportionate use of the equipment pool, or the proposed use thereof, by the activity or program.

(b) Transfer equipment to the equipment pool, which items of transfer are owned by the State of Oregon and under the jurisdiction of the board or forester. In such event the records shall reveal the cash value of the transferred items as of the date of the transfer.

(2) Forest protective associations or agencies under contract or cooperative agreement with the board pursuant to ORS 477.406 may, with the approval of the board, participate in the equipment pool for the purposes of the contract or agreement. Participation by such an association or agency shall be on the same basis as an activity or program of the board that participates in the equipment pool.

[1965 c.253 §22]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry**

**AdministrationSection 526.146 - Charges.**

(1) All items transferred under ORS 526.144, together with any equipment purchased from moneys transferred to the equipment pool, are available for all activities or programs participating in the equipment pool. However, upon use of such equipment for any activity or program, a reasonable use charge shall be made against such activity or program. The charge shall be based upon the maintenance and replacement costs for the equipment used, including operational expenses.

(2) At the end of each month the forester, under the supervision and direction of the State Board of Forestry, shall render a statement on a basis of mileage or rental against each activity or program for transportation or equipment used or furnished for such activity or program. Administrative costs in connection with the operation of the equipment pool shall be included in the computation of the mileage or rental statement. The forester shall at all times keep records showing the mileage and rental charges, and against which activity or program the charges are a claim. The amount specified in the statement shall be a charge against the moneys available for such activity or program. All amounts so charged shall be credited to the State Forestry Department Account and, notwithstanding ORS 291.238, are available and shall be used exclusively for:

- (a) The acquisition, operation, storage, maintenance, repair and replacement of equipment by the forester;
- (b) Administrative expenses of the forester and the board in connection therewith; and
- (c) The payment of insurance premiums for such equipment. [1965 c.253 §23]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.148 - Leasing communication equipment.**

(1) The forester and State Board of Forestry may lease communication equipment owned or acquired under ORS 526.144 to any forest protective association or agency under contract or agreement with the board for the protection of forestland against fire. However, the communication equipment may be used only for purposes of the forest protection system designated in ORS 477.005. Any lease so made must provide for a rental at the current rates established for the equipment pool. All amounts so charged shall be credited as provided in ORS 526.146.

(2) At the option of the board, the lease agreements made under this section may be merged under the equipment pool administration and equities set forth in ORS 526.152. [1965 c.253 §24]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.152 - Disposition of equipment; termination of pool.**

(1) Any proceeds from the sale or other disposition of equipment of the equipment pool shall be credited to the State Forestry Department Account for equipment pool purposes.

(2) Should the equipment pool be terminated by the State Board of Forestry, each activity or program shall have an equity in the moneys of the pool and in the cash value of the equipment and personalty of the pool. The equity shall be in proportion to the amount of moneys and value of the equipment and personalty transferred to the pool under ORS 526.144. By this subsection, each activity or program participating in the equipment pool has a continuing and recognized interest in the total value of the pool so long as the equipment pool exists unless otherwise such equity is purchased. [1965 c.253 §25]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.156 - Forest Trust Land Advisory Committee; membership; advisory function.**

(1) A Forest Trust Land Advisory Committee is established to be composed of the board of directors of the Council of Forest Trust Land Counties.

(2) Members may receive reimbursement for actual and reasonable traveling and other expenses necessarily incurred in performing official duties. This reimbursement shall not be deemed lucrative.

(3) The committee shall advise the State Board of Forestry and the State Forester on the management of lands subject to the provisions of ORS 530.010 to 530.170 and on other matters in which counties may have a responsibility pertaining to forestland. The board and the State Forester shall consult with the committee with regard to such matters. [Formerly 527.735; 1997 c.120 §1]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.162 - Taking title in fee simple.**

In all cases where a title in fee simple to real property is acquired by the State Board of Forestry under ORS 526.166 or 526.168, such title shall be taken in the name of the State of Oregon. [Formerly 526.176]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.164 - Exchange of property.**

The State Board of Forestry may convey to any person all or parts of the real property described in ORS 526.166 or 526.168, in exchange for other property, real or personal, which, in the judgment of the board, is of equal or superior value for public use. [Formerly 526.174]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry**

**AdministrationSection 526.166 - Acquisition of real property by purchase, agreement or donation.**

In addition to any authority otherwise granted by law, the State Board of Forestry may acquire, by purchase, agreement or donation, real property or any interest therein, including easements and ways, found necessary by the board for:

- (1) Rights of way to lands of the state, which lands are under the management or jurisdiction of the board or forester.
- (2) Forest patrol sites, administrative sites, nursery sites, communication sites, construction of shops, equipment sheds and office buildings.
- (3) Quarry sites, gravel pits and rights of way for pipelines, communication lines and power lines.
- (4) Any other use or purpose necessary in carrying out the powers and duties of the board or forester. [1965 c.253 §29]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.168 - Acquisition of real property by eminent domain.**

In addition to any authority otherwise granted by law, the State Board of Forestry may acquire, by the exercise of the power of eminent domain, real property or any interest therein, including easements and ways, found necessary by the board for:

- (1) Rights of way to lands of the state, which lands are under the management or jurisdiction of the board or forester.
- (2) Forest patrol or communication sites.
- (3) Rights of way for pipelines, communication lines and power lines. [1965 c.253 §30]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.174**

[1959 c.287 §2; 1965 c.253 §27; renumbered 526.164]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.176**

[1959 c.287 §3; 1965 c.253 §26; renumbered 526.162]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.178 - Going upon private property.**

The State Board of Forestry, or any duly authorized representative of the board, may go upon private property in the manner provided by ORS 35.220 to determine the advisability or practicability of acquiring real property or any interest in real property. [1959 c.287 §4; 2003 c.477 §6]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.192 - Attorney General to conduct proceedings.**

After request of the State Board of Forestry pursuant to ORS 35.235 (1), the Attorney General shall commence and prosecute, in any court of competent jurisdiction in the name of the State of Oregon, the necessary or appropriate suit, action or proceeding for condemnation of the amount of or interest in the property required for such purposes, and for the assessment of the damages for the taking thereof. [1959 c.287 §12; 1983 c.740 §208]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.194 - Disposition or leasing of property.**

The State Board of Forestry may sell, lease, exchange, permit use of or otherwise dispose of any real property, or interest therein, acquired pursuant to ORS 526.162 to 526.194, when, in the judgment of the board, such will best serve the interests of the state. In the case of real property, interest in or title to the same may be conveyed by deed or other instrument executed in the name of the state, by and through the board. All funds or moneys derived from the sale or lease of any such property shall be paid by the board to the State Treasurer and by the State Treasurer credited to the funds from which moneys originally were used for the acquisition of the property involved. [1959 c.287 §11]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.215 - Oregon State University research and experimentation programs.**

To aid in the economic development of the State of Oregon, Oregon State University shall institute and carry on research and experimentation to develop the maximum yield from the forestlands of Oregon, to obtain the fullest utilization of the forest resource, and to study air and water pollution as it relates to the forest products industries. [1961 c.297 §2(1); 1967 c.377 §6; 2013 c.768 §145a; 2015 c.767 §179]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.225 - Forest Research Laboratory; cooperative programs; advisory committee.**

(1) The Forest Research Laboratory is established at Oregon State University. In administering the laboratory, Oregon State University shall cooperate with individuals, corporations, associations and public agencies wherever and whenever advisable to

further the purposes of ORS 526.215, and may enter into any necessary agreements therefor.

(2) In order that there may be close coordination between the research and experimentation programs and the wise management and use of Oregon's forests for the production of goods and services that benefit all its citizens, the Higher Education Coordinating Commission, in consultation with Oregon State University, shall appoint a Forest Research Laboratory Advisory Committee composed of 15 members. Nine members shall be individuals who are actively and principally engaged in timber management on forestlands, harvesting or the processing of forest products, one of whom shall be from a small woodland owner's association, three members shall be individuals who are the heads of state and federal public forestry agencies and three members shall be individuals from the public at large. No individual who is a public member may have any relationship or pecuniary interest that would interfere with that individual representing the public interest. The advisory committee shall render practical counsel in the fields of forest management and use and forest harvest and utilization as they relate to the economic and social well-being of the people of Oregon. [1961 c.297 §2(2); 1965 c.253 §31; 1965 c.433 §1; 1975 c.96 §1; 1991 c.223 §1; 2015 c.767 §180]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.231 - Findings.**

The Legislative Assembly finds and declares that:

(1) Nonindustrial private forests make a vital contribution to Oregon by providing jobs, products, an expanded tax base and other social and economic benefits.

(2) Providing a source of forest tree seedlings to owners of nonindustrial private forests is essential to securing the benefits described in subsection (1) of this section. [2005 c.541 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.233 - Application of antitrust laws.**

The Legislative Assembly intends that ORS 526.237 and the amendments to ORS 526.235 by section 4, chapter 541, Oregon Laws 2005, authorize the displacement of competition in the forest tree seedling industry to a limited degree. The regulatory program of the State Forester described in ORS 526.237 is intended to grant immunity from state and federal antitrust laws to a cooperative and its members that enter into an agreement with the forester or the State Board of Forestry for the members to produce nonindustrial private forest tree seedlings for the forester and the board. The activities that any person performs in compliance with ORS 526.237 may not be considered in restraint of trade, a conspiracy or combination or any other unlawful activity in violation of ORS 646.705 to 646.805 or federal antitrust laws. [2005 c.541 §2]

Note:

See note under 526.231.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.235 - State forest nursery; securing seedlings; sale of seedlings and stock; disposition of sales receipts.**

(1) A state forest nursery may be operated by the forester and the State Board of Forestry to provide forest tree seedlings for the reforestation of forestland. The nursery program may provide for the growth, care and maintenance of nursery stock and for the sale of such stock to private, state and other public owners of forestland.

(2) The forester and the board may use means in addition to, or instead of, operating a state forest nursery under subsection (1) of this section to secure forest tree seedlings and may sell those forest tree seedlings to private, state and other public owners of forestland. The means of securing forest tree seedlings may include, but need not be limited to:

(a) Contracting with private nurseries to grow forest tree seedlings;

(b) Allocating all or part of forest tree seedling production on behalf of the forester and the board to a cooperative of private growers under ORS 526.237; and

(c) Leasing or otherwise making state nursery property available for operation by private growers of forest tree seedlings.

(3) Each year the forester shall determine the costs of nursery operation and of securing forest tree seedlings under subsection (2) of this section and shall offer nursery stock or otherwise secured forest tree seedlings for sale to forest owners at prices that will recover actual costs.

(4) All revenues derived from the selling of nursery stock and otherwise secured forest tree seedlings shall be credited to the State Forestry Department Account and deposited in the State Forest Nursery Subaccount established in ORS 526.060. [1971 c.59 §2; 2005 c.541 §4; 2007 c.248 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.237 - Acquisition of forest tree seedlings; agreements with grower cooperatives; fees.**

(1) As used in this section:

(a) "Cooperative" means a cooperative of forest tree seedling growers formed under ORS chapter 62 for the purpose of allocating among those growers agreements to grow forest tree seedlings under this section.

(b) "Member" means a grower who qualifies and is accepted for membership in the cooperative.

(2) The State Forester and the State Board of Forestry may secure forest tree seedlings for the reforestation of forestlands by means that include, but need not be limited to, entering into agreements with a cooperative to allocate among the members of the cooperative the production of forest tree seedlings for the forester and the board in amounts, types and species specified by the board.

(3) The forester shall actively supervise the conduct of the cooperative and members in carrying out agreements described in subsection (2) of this section to ensure that the activities of the cooperative and members are consistent with the provision of a reasonably priced, adequate and reliable source of high-quality forest tree seedlings. The forester may inspect during reasonable hours any facility or land used by a member to produce forest tree seedlings for the forester and the board. The forester may examine, test and take samples of forest tree seedlings being produced by the member for the forester and the board.

(4) The forester may assess a charge on forest tree seedlings grown by a member under a production allocation. Any charges collected under this subsection shall be deposited in the State Forestry Department Account and are continuously appropriated to the forester for purposes of carrying out the duties of the forester under this section. [2005 c.541 §3]

Note:

See note under 526.231.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.255 - Long range management, marketing and harvest report.**

The forester shall submit a biennial report to the Governor and to those committees of the Legislative Assembly with responsibility for forestry matters. The report shall contain matters that include, but are not limited to:

(1) The long range management plans based on current resource descriptions and technical assumptions, including sustained yield calculations for the purpose of maintaining economic stability in each management region.

(2) Marketing, reforestation and intensive management programs for the last completed biennium and the current biennium, and projected programs for the ensuing biennium. The marketing report shall include volume and value of new sales, volume and value of timber harvested and timber sales receipts distributed to counties and to the Common School Fund.

(3) The programmed harvest level on federal lands or federal policy changes that would impact that level of harvest on lands in Oregon. [1983 c.759 §15]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.265 - Hearings to publish report and receive testimony; management regions.**

(1) The State Forester may conduct biennial public hearings in each management region to report the matters included in ORS 526.255 and to accept public testimony.

(2) For the purpose of this section and ORS 526.255, the following forest management regions are established:

(a) Northwest Region, consisting of Clatsop, Columbia, Tillamook, Washington and Yamhill Counties.

(b) Willamette Region, consisting of Multnomah, Clackamas, Marion, Polk, Lincoln, Benton, Linn and Lane Counties.

(c) Southern Region, consisting of Douglas, Coos, Curry, Josephine and Jackson Counties.

(d) Eastern Region, consisting of Hood River, Wasco, Gilliam, Sherman, Morrow, Umatilla, Union, Wallowa, Jefferson, Wheeler, Grant, Baker, Deschutes, Crook, Klamath, Lake, Harney and Malheur Counties. [1983 c.759 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.271 - Findings.**

The Legislative Assembly finds and declares that:

(1) The State Forestry Department is well-positioned, due to experience in managing Oregon forests and its understanding of science-based, active forest management, to facilitate state government participation in forest management on federal lands located within the state.

(2) The State Department of Fish and Wildlife has expertise with fish and wildlife habitat and the Department of Environmental Quality has expertise with water quality. Both departments have an important role to play in the management of federal forests located within the state.

(3) A collaborative relationship between the State Forestry Department, the federal government, other agencies of the executive department, as defined in ORS 174.112, interested persons and nongovernmental organizations may restore the health, diversity and resilience of federal forests by increasing the information shared and by providing a variety of perspectives on site-specific and landscape-level determinations.

(4) In cooperation with the State Forestry Department and the federal government, many communities in wildfire-prone areas have completed a community wildfire protection plan that identifies priority areas for hazardous fuel removal from federal lands.

(5) The federal government has provided opportunities for agencies of the executive department, as defined in ORS 174.112, to become involved, to a greater extent, in the management of federal lands. [2005 c.772 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.272 - Expanding activities under the Good Neighbor Authority Agreement.**

(1) The State Forestry Department shall:

(a) In collaboration with any forest protective association or agency that is under contract or agreement with the State Board of Forestry for the protection of forestland against fire, and whose protection area is or may be affected by a fire on nearby federal lands, and with a focus on protecting lands and rural communities within the wildland-urban interface, as defined pursuant to ORS 477.027, from fire on federal lands, endeavor to further shared stewardship to decrease wildfire risk across Oregon through increased partnership with federal agencies to expand activities under the Good Neighbor Authority Agreement described in ORS 526.275 in federal forests through:

(A) Increasing forest thinning.

(B) Reducing ladder fuels and other hazardous fuel loading.

(C) Restoring meadowland.

(D) Increasing biomass utilization.

(E) Increasing post-disturbance recovery and restoration activities.

(b) Request that the federal agencies fund portions of the activities described in paragraph (a) of this subsection.

(2) Activities undertaken pursuant to subsection (1) of this section must be executed in a manner that protects and enhances the long-term ecological health of a landscape, in conformance with the most broadly accepted scientific principles of forestry. [2023 c.214 §1]

Note:

526.272 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.273 - Cooperation with federal agencies.**

The State Forestry Department shall cooperate with federal agencies to increase the effectiveness of activities undertaken pursuant to ORS 526.271, 526.274 and 526.275. [2021 c.592 §27a]

Note:

526.273 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.274 - Authority to participate in federal forest management.**

In furtherance of the policy established in ORS 526.271, the State Board of Forestry, in consultation with the Governor, may:

(1) In conformance with federal law, including Public Law 108-7, direct the State Forester to facilitate the development of stewardship contracts utilizing private contractors and, when appropriate, to seek and enter into a stewardship contract agreement with federal agencies to carry out forest management activities on federal lands. The State Forester may, under the stewardship contract agreements:

(a) Perform road and trail maintenance;

(b) Set prescribed fires to improve forest health, composition, structure and condition;

(c) Manage vegetation;

(d) Perform watershed restoration and maintenance;

(e) Restore wildlife habitat;

(f) Control exotic weeds and species; and

(g) Perform other activities related to stewardship.

(2) Create a forum for interagency cooperation and collaborative public involvement regarding federal forest management issues that may include, at the discretion of the board, the appointment of advisory committees, the use of existing advisory committees and procedures for holding public hearings.

(3) Provide guidelines for the State Forestry Department and State Forester to follow that contain directions regarding the management of federal lands and that specify the goals and objectives of the board regarding the management of federal lands.

(4) Participate, to the extent allowed by federal law, in the development of federal forest policies and the forest management planning processes of federal agencies.

(5) Provide guidelines for the department to follow in implementing this section.

(6) Coordinate with Oregon State University, the State Department of Fish and Wildlife, the Oregon Forest Resources Institute, the Department of Environmental Quality, the Oregon Business Development Department, the State Department of Energy and other agencies of the executive department, as defined in ORS 174.112, to assist the State Forestry Department in carrying out the provisions of this section. [2005 c.772 §2]

Note:

See note under 526.271.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.275 - Policy regarding Good Neighbor Authority Agreement projects.**

(1) As used in this section:

(a) "Additive" means an increase in the pace, scale and quality of forest, rangeland and water restoration services on federal lands within Oregon, including but not limited to services to produce timber harvest volumes that exceed outputs that would be produced by federal land management agencies alone.

(b) "Federal land management agencies" means the United States Forest Service and the Bureau of Land Management.

(c) "Forest, rangeland and water restoration services" means activities that:

(A) Treat insect-infested or disease-infected trees;

(B) Reduce hazardous fuels; or

(C) Restore or improve forest, rangeland or watershed health, including but not limited to fish or wildlife habitat health.

(d) "Good Neighbor Authority Agreement" means the Good Neighbor Authority Agreement that the Governor, the State Forester and the State Fish and Wildlife Director entered into with the United States Forest Service on March 29, 2016.

(2) It is the policy of the state to pursue projects under the Good Neighbor Authority Agreement that increase timber harvest volume, contribute to job creation, reduce wildfire risks to all lands, improve wildlife habitat and watershed health and stimulate local economies. To the extent allowed by the agreement, state agencies that are signatories to the agreement shall work with federal land management agencies to give priority to projects that:

(a) Consist of additive activities;

(b) Maximize economic benefit to this state; and

(c) Recover the state agency costs of implementing the projects. [2018 c.96 §1]

Note:

526.275 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

### **2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.276 - Reporting on Good Neighbor Authority Agreement projects.**

The State Forestry Department shall report outcomes from all projects pursued in this state under the Good Neighbor Authority Agreement described in ORS 526.275. No later than December 31 of every even-numbered year, the department shall submit the report, in the manner provided by ORS 192.245, to an interim committee of the Legislative Assembly relating to economic development. [2019 c.273 §1]

Note:

526.276 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

### **2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.277 - Findings.**

The Legislative Assembly finds and declares that:

(1) Forestlands in federal, state and private ownership comprise some of the most important environmental, economic and recreational resources in the State of Oregon. However, federal lands, and to a lesser extent state and private lands, are increasingly jeopardized by the risk of drought-induced mortality, severe insect and disease outbreaks and catastrophic wildfires.

(2) Enhancing forest health, wildlife habitat and other ecological values and reducing the risk of severe insect and disease outbreaks and catastrophic wildfires through forest management are of interest to the residents of this state. Federal and state funds have not proved sufficient to carry out the management activities necessary to achieve these goals on federal lands, and it is unlikely that the funds will be available on a continuous basis.

(3) The development of new market-based solutions to reduce the risk of severe insect and disease outbreaks and catastrophic wildfires may reduce the requirement for public funding. The development of biomass markets, including energy markets, that use woody biomass unsuitable for lumber, pulp and paper products as a primary source of raw material may assist in the creation of a sustainable, market-based model for restoring complexity and structure to Oregon's forests.

(4) A biomass-based industry may provide a renewable source of energy, reduce net greenhouse gas emissions, reduce air pollution from wildfires, improve fish and wildlife habitat, create jobs and provide economic benefits to rural communities. Through the collection and conversion of woody biomass, ancillary benefits may be realized through the improvement in forest health, the protection of infrastructure and the stabilization of soils within critical watersheds.

(5) The collection and conversion of woody biomass diminishes fuel loads and is an ecologically and economically sustainable practice where the reintroduction of fire is not appropriate.

(6) The policy of this state is to support efforts to build, and place in service, biomass-fueled energy production facilities that utilize biomass collected from forests or derived from other sources such as agricultural crop residue when:

(a) The facilities utilize sustainable supplies of biomass from cost-effective sources;

(b) The use of woody biomass for energy maintains or enhances the biological productivity of the land, taking into consideration transportation costs, existing forest conditions, management objectives, vegetation growth rates and the need to sustain water quality and fish and wildlife habitat; and

(c) The set of forest values to be sustained, in addition to wood and biomass for energy, is considered. Forest values include forest

products, water, wildlife and recreation. [2005 c.772 §3; 2011 c.276 §4]

Note:

See note under 526.271.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.280 - Responsibilities of State Forester; woody biomass utilization; report.**

In furtherance of the policy established in ORS 526.277, the State Forester shall:

(1) Establish a policy of active and inclusive communication with the federal government, public bodies as defined in ORS 174.109, residents of Oregon and interested parties regarding the utilization of woody biomass produced through forest health restoration. The State Forester shall actively utilize the statutory provisions of the National Forest Management Act of 1976, the Forest and Rangeland Renewable Resources Planning Act of 1974, the National Environmental Policy Act of 1969, the Federal Land Policy and Management Act of 1976 and the Healthy Forests Restoration Act of 2003 that allow the state to participate in federal policy development in a manner that expresses the policy established in ORS 526.277.

(2) Promote public involvement in the identification of the areas of interface between urban lands and forestlands that pose the highest potential to threaten lives and private property.

(3) Solicit public comment on the location of biomass-based energy projects and conversion facilities.

(4) Promote public understanding, through education and outreach, of forest conditions, forest management options, the potential benefits and potential consequences of woody biomass utilization, the quality and quantity of woody biomass on federal lands and the potential for woody biomass utilization to assist in reducing wildfire risk and in enhancing forest health, diversity and resilience. The State Forestry Department may coordinate with the State Department of Energy, the Oregon Business Development Department, Oregon State University, the State Department of Fish and Wildlife, the Department of Environmental Quality and other entities in any education and outreach performed pursuant to this subsection.

(5) Assess the types of woody biomass available and serve as an information resource for persons seeking to utilize woody biomass for energy development. Notwithstanding ORS 192.345, reports on any assessment of woody biomass conducted by the State Forester shall be made available for public inspection.

(6) Promote public understanding that woody biomass utilization may be an effective tool for restoration of forest health and for economic development in rural communities.

(7) Develop and apply, with advice from the forestry program at Oregon State University, the State Department of Fish and Wildlife, the Department of Environmental Quality and other sources, the best available scientific knowledge and technologies pertaining to forest and wildlife habitat restoration and woody biomass utilization when developing rules under ORS 527.630.

(8) Seek opportunities to provide a source of woody biomass from federal, tribal, state and private forests.

(9) Periodically prepare a report utilizing, to the greatest extent practicable, data collected from state and federal sources that specify the effect of woody biomass collection and conversion on the plant and wildlife resources and on the air and water quality of this state. The report shall identify any changes that the State Forester determines are necessary to encourage woody biomass collection and conversion and to avoid negative effects on the environment from woody biomass collection and conversion. The State Forester shall submit the report to the Governor and to an appropriate legislative interim committee with jurisdiction over forestry issues.

[2005 c.772 §4; 2011 c.276 §5]

Note:

See note under 526.271.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.285 - Contracts for providing woody biomass from state-managed forestlands.**

Notwithstanding ORS 530.059, the State Forester may enter into contracts under ORS 530.050 to provide a supply of woody biomass from forestlands managed by the State Forestry Department as needed to facilitate the development of projects, including but not limited to bioenergy projects. The department shall ensure that the provisions of contracts described in this section comply with applicable state forestland management plans. A contract described in this section is a sale of timber for purposes of the public contracting exemption described in ORS 279A.025 (2)(L). [2011 c.276 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.287 - Definitions for ORS 526.287 to 526.299 and 526.991.**

As used in ORS 526.287 to 526.299 and 526.991:

(1) "Large commercial event":

(a) Means a gathering that:

(A) Has an organizer;

(B) Is held for the purpose of a shared or common activity or experience;

(C) Has more than 50 participating individuals or more than 15 motor vehicles of participating individuals present at any time; and

(D) Continues or is scheduled to continue for more than four consecutive hours.

(b) Does not mean:

(A) An outdoor mass gathering regulated under ORS 433.735 to 433.770; or

(B) A gathering held by arrangement with the State Forestry Department at a permanent facility or officially designated area that is designed and equipped for accommodating gatherings of that type and size.

(2) "Organizer":

(a) Means a person that organizes, holds or sponsors a gathering having the characteristics described in subsection (1)(a)(B) to (D) of this section and directly or indirectly accepts moneys or other items of value, whether or not resulting in a profit, from one or more persons participating or reasonably expected to participate in the gathering in exchange for:

(A) Admittance;

(B) Parking;

(C) The receipt of on-site goods or services;

(D) The reservation or rental of camping or commercial space;

(E) Rights to sell on-site goods or services; or

(F) On-site advertising rights.

(b) Does not mean:

(A) A person acting in a regular business relationship with, on behalf of or under contract with the department;

(B) A person that receives money only from a coapplicant for purposes of obtaining a permit under ORS 526.291; or

(C) An individual receiving only hourly wages, commissions or tips for services personally provided by that individual. [2015 c.713 §1]

Note:

526.287 to 526.299 and 526.991 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.289 - Legislative findings.**

The Legislative Assembly finds that:

(1) State forestlands are especially vulnerable to the effects of uncontrolled gatherings of persons at large commercial events; and

(2) To avoid detriment to the best interest of the state it is necessary to protect the health of state forestlands, the viability of state forestlands as a public resource, the well-being of fish and wildlife and the health and safety of persons on state forestlands through the establishment of reasonable health and safety standards to mitigate the adverse effects of large commercial events held on state forestlands. [2015 c.713 §2]

Note:

See note under 526.287.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.291 - Large commercial event permits; fees; rules.**

(1) An organizer may not organize, hold or sponsor a large commercial event on state forestland unless the organizer holds a large commercial event permit issued by the State Forestry Department.

(2) A permit issued under this section does not entitle an organizer to make any permanent physical alterations to or on state forestland.

(3) The department may issue a permit to a person that demonstrates compliance with, or the ability and willingness to comply with, applicable health and safety standards governing large commercial events on state forestland. The application shall include all of the following:

(a) The name and address of the applicant.

(b) A description adequate to allow the department to accurately identify the location of the proposed event.

(c) The dates of the proposed event.

(d) Estimated total and peak attendance at the proposed event.

(e) Estimated total and peak demand for parking at the proposed event.

(f) The nature of the proposed event.

(g) Other information the department deems appropriate in order to ensure the identification of and compliance with applicable health and safety standards.

(4) The department may not issue a permit that authorizes a large commercial event to continue for more than 120 hours in any 90-day period.

(5) Subsection (3) of this section does not require the department to issue a large commercial event permit to a person that has a history of:

(a) Acting as an organizer for a gathering without obtaining a required large commercial event permit; or

(b) Violating, or recklessly allowing others to violate, the terms and conditions of a large commercial event permit issued to the person.

(6) The department, with the consent of the permit holder, may amend a large commercial event permit.

(7)(a) The department may charge a fee for reviewing and processing an application for a large commercial event permit. The fee may not exceed an amount reasonably calculated to reimburse the department for its reasonable and necessary costs in receiving,

processing and reviewing applications for permits. An application fee is refundable only if the application is withdrawn prior to any review of the application by the department.

(b) The department may adopt rules establishing a fee schedule for large commercial event permits. The department may establish fees under the schedule in amounts that the department deems adequate to fund an effective monitoring and enforcement program for large commercial events.

(c) The fees established or authorized under this subsection are in addition to any other fees or charges authorized by law. [2015 c.713 §3]

Note:

See note under 526.287.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.294 - Large commercial event health and safety standards; rules.**

(1) The State Forestry Department may adopt rules establishing health and safety standards for large commercial events held on state forestlands. The department shall consult with the Oregon Health Authority and the Department of Environmental Quality prior to establishing health and safety standards under this section. The State Forestry Department shall design the standards to protect the health of state forestlands, the viability of state forestlands as a public resource, the well-being of fish and wildlife and the health and safety of persons on state forestlands. The standards may address matters that include, but need not be limited to:

(a) Alcohol consumption;

(b) Buffer zones between large commercial events and ecologically sensitive areas;

(c) Buffer zones between large commercial events and known cultural resources;

(d) Buffer zones between large commercial events and forest practices as defined in ORS 527.620;

(e) Crowd and traffic control;

(f) Fire and flammable material use;

(g) Insurance and bonding;

(h) Lighting;

(i) Noise levels and hours; and

(j) Sanitation.

(2) The department shall include applicable health and safety standards in the terms and conditions of any large commercial event permit issued under ORS 526.291. [2015 c.713 §4]

Note:

See note under 526.287.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.297 - Suspension or revocation of permit.**

The State Forestry Department may suspend or revoke a large commercial event permit if:

(1) An emergency, significant law enforcement problem, substantial threat to public safety or welfare or substantial threat to public property arises from, or is likely to affect, event activities; or

(2) The department discovers that a violation of permit terms and conditions has occurred. [2015 c.713 §5; 2017 c.17 §45]

Note:

See note under 526.287.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.299 - Organizer responsibility for compliance with permit terms and conditions.**

An organizer may not recklessly allow a person to violate the terms and conditions of a large commercial event permit held by the organizer. As used in this section, "recklessly" has the meaning given that term in ORS 161.085. [2015 c.713 §6]

Note:

See note under 526.287.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.305 - Definitions for ORS 526.305 to 526.370.**

As used in ORS 526.305 to 526.370, unless the context requires otherwise:

(1) "Committee" means a forestland classification committee.

(2) "Governing body" means the board of county commissioners or county court of a county, as the case may be. [1965 c.253 §33; 2009 c.69 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.310 - Forestland classification committees; rules.**

(1) Pursuant to a request by the State Forester:

(a) The governing body of a county may establish a forestland classification committee of six persons, of whom one shall be appointed by the State Forester, one by the Director of the Oregon State University Extension Service, one by the State Fire Marshal and three by the governing body. Of the members appointed by the governing body, one must be an owner of forestland or the representative of an owner of forestland, and, if the land to be investigated and studied by the committee includes or is expected to include grazing land, one must be an owner of grazing land or the representative of an owner of grazing land; or

(b) The governing bodies of two or more counties may, by written agreement, establish a joint forestland classification committee. One member of a joint committee shall be appointed by the State Forester, one by the Director of the Oregon State University Extension Service and one by the State Fire Marshal. The governing body of each participating county shall appoint two members. Of the members appointed by a governing body to a joint committee, one must be an owner of forestland or the representative of an owner of forestland.

(2) Each appointing authority shall file with the State Forester the name of its appointee or appointees, and the persons so named shall constitute the committee. Unless otherwise provided for by the appointing authority, members of the committee shall serve a term of four years and may be reappointed to any number of terms. Each member of the committee at all times is subject to replacement by the appointing authority, effective upon the filing with the State Forester by that authority of written notice of the name of the new appointee.

(3) The committee shall elect from among its members a chair and a secretary and may elect other officers as it finds advisable. It shall adopt rules governing its organization and proceedings and the performance of its duties, and shall keep written minutes of all its meetings.

(4)(a) The governing body of a county may provide for the committee and its members such accommodations and supplies and such county funds not otherwise appropriated as the governing body finds necessary for the proper performance of the committee's functions.

(b) The forester may provide for the committee and its members such accommodations and supplies and such forest protection district funds as the forester finds necessary for the proper performance of the committee's functions.

(5) The members of the committee shall receive no compensation for their services but a governing body or a forest protection district may reimburse them for their actual and necessary travel and other expenses incurred in the performance of their duties.

[Amended by 1965 c.253 §34; 1967 c.429 §30; 1997 c.274 §42; 2009 c.69 §4; 2013 c.148 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.320 - Determination of forestland.**

Upon establishment of a forestland classification committee under ORS 526.310, the committee shall periodically investigate and study all land within the boundaries of its county or counties and determine which of the land is forestland. Such determination shall take into consideration climate, topography, elevation, rainfall, soil conditions, roads, extent of fire hazards, recreation needs, scenic values, and other physical, economic and social factors and conditions relating to the land involved. [Amended by 1965 c.253 §35; 1967 c.429 §31; 2009 c.69 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.324 - Classification of forestland by committee; publication.**

(1) Upon the basis of its investigation and determination under ORS 526.320, a committee shall assign all forestland within the boundaries of its county or counties and within a forest protection district to one of the following classifications:

(a) Class 1, timber class, includes forestland suitable for the production of timber and may include lands on which structures are present.

(b) Class 2, timber and grazing class, includes forestland suitable for joint use for timber production and the grazing of livestock and may include lands on which structures are present.

(c) Class 3, agricultural class, includes forestland suitable for grazing of livestock or other agricultural use and may include lands on which structures are present.

(2) The committee shall adopt preliminary classifications and shall cause notice thereof to be published once a week for two consecutive weeks in one or more newspapers of general circulation within the boundaries of its county or within the boundaries of each of its counties and to be posted in three public places within the boundaries of its county or within the boundaries of each of its counties. The notice shall state the time and place for the public hearing required pursuant to ORS 526.328 and where maps of the preliminary classifications may be inspected. [1965 c.253 §37; 1967 c.429 §32; 2009 c.69 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.328 - Hearing; final classification.**

(1) The committee shall hold a public hearing within the boundaries of its county or within the boundaries of each of its counties at the time and place stated in the notice published under ORS 526.324 (2), or at such other time and place as the hearing may then be adjourned to, to receive from any interested persons objections, remonstrances or suggestions relating to the preliminary classifications. Following the hearing the committee may make such changes to the preliminary classifications as it finds to be proper, and thereafter shall adopt final classifications.

(2) All action by the committee in adopting final classifications shall be by formal written order that must include a statement of

findings of fact on the basis of which the order is made and must include a list of tax lots affected by the classifications or reclassifications. The committee shall prepare one or more maps showing the final classifications, but the maps may not be included as part of the formal written order. The original of the order shall be filed with the county clerk of its county or with the county clerk of each of its counties. The order need not meet the requirements of ORS 205.232, 205.234 and 205.236 to be filed and recorded. A copy of the order certified by the secretary of the committee shall be sent to the State Forester. [1965 c.253 §38; 2009 c.69 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.332 - Appeal.**

(1) Any owner of land classified under ORS 526.328 or 526.340 who is aggrieved by the classification may, within 30 days after the date of the order making the classification, appeal to the circuit court for the county in which the property is located. If the forestland classification committee has been established for more than one county and the property is located in more than one of those counties, the owner of the land may appeal to the circuit court for any of those counties. Notice of an appeal shall be promptly served on the secretary of the committee or, if the classification was made under ORS 526.340, on the State Forester.

(2) The appeal shall be tried by the circuit court as an action not triable by right to a jury.

(3) The State Forester may intervene as a matter of right in an appeal under this section from a forestland classification committee order. The State Forester may defend a forestland classification committee order whether or not the forestland classification committee also defends the order. [1965 c.253 §39; 1979 c.284 §163; 2009 c.69 §8; 2013 c.148 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.335 - State Board of Forestry rules.**

The State Board of Forestry may adopt rules as necessary to implement ORS 526.305 to 526.340. [2009 c.69 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.340 - Classification by State Forester.**

(1) The State Forester may identify and classify forestland in a county, consistent with ORS 526.324 and 526.328, if:

(a) The governing body of a county has failed to establish a forestland classification committee within two years after the State Forester made a request under ORS 526.310 (1);

(b) A forestland classification committee has failed to adopt and file a final classification pursuant to ORS 526.328 within the five-year period after the date the forestland classification committee was first established; or

(c) A forestland classification committee has failed to act in a manner consistent with ORS 526.310, 526.320, 526.324 and 526.328.

(2) Classifications by the State Forester have the same force and effect as though made by a forestland classification committee. However, classifications made by the State Forester cease to be effective if replaced by classifications made pursuant to ORS 526.320, 526.324 and 526.328. [Amended by 1965 c.253 §40; 1997 c.274 §43; 2009 c.69 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.350 - Policy in administering forest and fire laws; contracts for care of forestland.**

(1) All forest laws relating to forestland classified pursuant to ORS 526.328 or 526.340, and all rules promulgated under such laws, shall be so administered as best to promote the primary use for which that land is classified. Any contract by the State Board of Forestry or the State Forester with any forest protective association or agency for the care of any such forestland shall provide that the care shall be in accord with the provisions of this section relating to that land.

(2) It shall be the policy of the board and the forester as to all forestland classified in:

(a) Class 1, to give primary consideration to timber production and reforestation, in preference to grazing or agricultural uses, not excluding, however, recreation needs or scenic values.

(b) Class 2, to give equal consideration and value to timber production and the development or maintenance of grazing, either as a temporary use for the interim between logging and reforestation or as a permanent or semipermanent joint use.

(c) Class 3, to give primary consideration to the development of grazing or agriculture, in preference to timber production.

(3) The forester, on forestland classified pursuant to ORS 526.328 or 526.340, shall administer the forest laws of this state in accordance with the policy stated in this section as it applies to the land involved. [Amended by 1965 c.253 §41]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.360 - Assistance with developing lands; supervision of certain burning; refusal of supervision or permit; Certified Burn Manager program; rules; liability for damage.**

(1) The State Board of Forestry, the State Forester and forest protective associations may assist to the extent practical in developing, for forestry, grazing or agricultural uses, lands within a forest protection district, as described in ORS 477.205 to 477.281, for such uses, including the burning of brush or other flammable material for the purpose of:

(a) Removing a fire hazard to any property;

(b) Preparing seed beds;

(c) Removing obstructions to or interference with the proper seeding or agricultural or grazing development or use of that land;

- (d) Promoting the establishment of new forest crops on cutover, denuded or underproductive lands;
  - (e) Implementing pest prevention and suppression activities, as provided in ORS 527.310 to 527.370; or
  - (f) Promoting improvements to forest health, including improvements to fish and wildlife habitat.
- (2) Upon request of the owner or the agent of the owner of lands within a forest protection district, the forester or a forest protective association may perform or supervise burning operations thereon for any of the purposes stated in subsection (1) of this section. The owner or the agent of the owner shall supply such personnel and equipment and shall perform such fire control actions and activities as the forester or forest protective association may require while there is danger of the fire spreading. The forester or forest protective association may refuse to perform or supervise burning or to issue any burning permit when, in the judgment of the forester or forest protective association, conditions so warrant.
- (3) To accomplish the purposes set forth in subsection (1) of this section, the board shall establish by rule a Certified Burn Manager program.
- (4) The rules shall include:
- (a) Certification standards, requirements and procedures;
  - (b) Standards, requirements and procedures to revoke certification;
  - (c) Actions and activities that a Certified Burn Manager must perform;
  - (d) Actions and activities that a Certified Burn Manager may not allow or perform;
  - (e) Limitations on the use of a Certified Burn Manager; and
  - (f) Any other standard, requirement or procedure that the board considers necessary for the safe and effective administration of the program.
- (5) The rules may establish and impose fees for participation in the program.
- (6) When a burning for any of the purposes stated in subsection (1) of this section on lands within a forest protection district is started under the supervision of and supervised by the forester, a forest protective association or a Certified Burn Manager, a person may not be held liable for property damage resulting from that burning unless the damage is caused by the negligence of the person. [Amended by 1965 c.253 §42; 1967 c.429 §33; 1999 c.101 §2; 2021 c.592 §26; 2023 c.611 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.370 - Seeding agreements as condition of supervision of burning on forestlands; seeding at owner's expense on breach; lien; foreclosure.**

- (1) The forester may, as a condition precedent to supervising of any burning as provided in ORS 526.360, require the owner or the agent of the owner in control of the land involved to agree in writing to seed properly the land over which the burning operation is to be conducted, with such seed or seed mixtures as may be suitable for that area.
- (2) In the event of failure by the owner or agent of the owner to seed the property in accordance with such agreement, the governing body of that county may cause the seeding to be done and the cost thereof may be recovered by the governing body from the owner or the agent of the owner by legal action. The cost shall constitute a lien upon the land seeded. The governing body shall cause a written statement and notice of such lien, describing the land and stating the amount of the cost, to be certified under oath and filed in the office of the county clerk within 90 days following the completion of reseeded. The lien may be foreclosed, within six months after such filing, by suit, in the manner provided by law for foreclosure of liens for labor and material. [Amended by 1965 c.253 §43; 1999 c.101 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.400 - Small Forestland Owner Assistance Office; rules.**

- (1) The Small Forestland Owner Assistance Office is created within the State Forestry Department.
- (2) The office shall:
- (a) Support and promote implementation of financial incentives and technical assistance programs for small forestland owners that align with the intent of the Private Forest Accord Report dated February 2, 2022, and published by the department on February 7, 2022.
  - (b) Carry out duties related to the Small Forestland Investment in Stream Habitat Program, as described in ORS 526.402.
  - (c) To support compliance with a habitat conservation plan that is consistent with the requirements of the Private Forest Accord Report, develop and maintain a database of:
    - (A) Landowners that the department has determined meet the requirements set forth in ORS 527.738 (3).
    - (B) Forestland in this state that is owned by the landowners.
    - (C) The types and conditions of the forestland.
    - (D) The roads and streams located within the forestland.
  - (d) Serve as the lead coordination and support body within the department for programs, partnerships and educational opportunities not otherwise described in this section that support forestland owners that own or hold common ownership interest in less than 5,000 acres of forestland in this state.
  - (e) Identify and implement opportunities to leverage the programs, partnerships and educational opportunities to support activities consistent with the habitat conservation plan, including activities that provide for adequate fish passage, remove fish passage barriers, maintain roads or collect data related to the habitat conservation plan.

(f) Engage in any other duties delegated to the office by the State Board of Forestry or the department.

(3) The board may adopt rules as necessary to implement this section. [2022 c.33 §19]

Note:

526.400 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (second note below).

Note:

Sections 54 and 60 to 64, chapter 33, Oregon Laws 2022, provide:

Sec. 54. Statement of legislative intent concerning habitat conservation plan and incidental take permit.

(1) The Legislative Assembly intends that the policies described in sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 9, 26 to 29, 40, 41 and 45 to 49 of this 2022 Act shall remain in effect only if:

(a) An incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is issued on or before December 31, 2027;

(b) The State Board of Forestry has not made a finding that the habitat conservation plan imposes more than a de minimis difference in economic or resource impacts, at the level of landscapes, relative to rules adopted or amended as part of the rule package described in section 2 of this 2022 Act [527.711]; and

(c) The incidental take permit remains in effect.

(2) The legislative intent described in subsection (1) of this section is established by sections 55 to 64 of this 2022 Act. [2022 c.33 §54]

Sec. 60. Conditional repeals.

Sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act are repealed. [2022 c.33 §60]

Sec. 61. Operation of conditional provisions upon finding related to habitat conservation plan.

(1) Except as otherwise provided in sections 62 and 63 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if the State Board of Forestry finds, pursuant to section 55 (1) and (2) of this 2022 Act, that the habitat conservation plan described in section 55 (1) of this 2022 Act imposes more than a de minimis difference, as described in section 55 (1) of this 2022 Act.

(2) If the board finds, pursuant to section 55 (1) and (2) of this 2022 Act, that the habitat conservation plan described in section 55

(1) of this 2022 Act imposes more than a de minimis difference, as described in section 55 (1) of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on the 150th day after the date the board makes the finding. [2022 c.33 §61]

Sec. 62. Operation of conditional provisions upon revocation or invalidation of incidental take permit.

(1) Except as otherwise provided in sections 61 and 63 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if:

(a) Pursuant to section 55 (1) and (2) of this 2022 Act, the State Board of Forestry does not make a finding or finds that the habitat conservation plan described in section 55 (1) of this 2022 Act does not impose more than a de minimis difference, as described in section 55 (1) of this 2022 Act; and

(b) The incidental take permit is subsequently revoked or invalidated.

(2) If the events described in subsection (1)(a) and (b) of this section occur, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on the 240th day after the date that any appeals process related to the revocation or invalidation has been exhausted or foregone, whichever occurs first. [2022 c.33 §62]

Sec. 63. Operation of conditional provisions upon failure to issue incidental take permit on or before December 31, 2027.

(1) Except as otherwise provided in sections 61 and 62 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if an incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is not issued on or before December 31, 2027.

(2) If an incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report is not issued on or before December 31, 2027, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on June 1, 2028. [2022 c.33 §63]

Sec. 64. Repeal of conditionally operative provisions.

Sections 59 and 62 of this 2022 Act are repealed on January 2, 2077. [2022 c.33 §64]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.402 - Small Forestland Investment in Stream Habitat Program; rules.**

- (1) The State Board of Forestry shall adopt by rule a Small Forestland Investment in Stream Habitat Program.
- (2) The purpose of the program is to provide grants to certain small forestland owners to fund projects that:
  - (a) Result in environmental benefits to fish species addressed in the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022; or
  - (b) Mitigate risks to natural resources arising from the construction, operation or maintenance of forest roads or related activities.
- (3) The Small Forestland Owner Assistance Office established by ORS 526.400 shall implement and administer the program.
- (4)(a) To be eligible for a grant under the program, a landowner must:
  - (A) Own or hold common ownership interest in less than 5,000 acres of forestland in this state.
  - (B) Submit documentation showing that no more than an average yearly volume of two million board feet of merchantable forest products has been harvested from the landowner's forestland in this state, when averaged over the three years prior to the date the office receives the grant application.
  - (C) Affirm to the office that the landowner does not expect to exceed an average yearly volume of two million board feet of merchantable forest products to be harvested from the landowner's forestland in this state during the 10 years following the date the office receives the grant application.
  - (D) Have on file with the State Forestry Department a road condition assessment that includes assessment of all the roads, abandoned roads, culverts and fish passage barriers located anywhere in the parcel of land on which the project for which grant funding is requested will occur.
- (b) For purposes of this subsection, a landowner must be considered to hold common ownership interest in forestland if the forestland is owned by the landowner directly or by a corporation, partnership, association or other entity in which the landowner owns a significant interest.
- (c) Notwithstanding paragraph (a)(B) and (C) of this subsection, a landowner may be eligible for a grant if the landowner establishes to the department's reasonable satisfaction that any exceedance of the harvest limits set forth in paragraph (a)(B) or (C) of this subsection was or will be necessary to raise funds to pay estate taxes or for a compelling and unexpected obligation.
- (5) In administering and implementing the program, the office shall coordinate with the State Department of Fish and Wildlife to prioritize awarding grants for projects on high conservation value sites, as described in section 5.3.5.3 of chapter 5 of the Private Forest Accord Report.
- (6) In addition to the requirements described in subsection (4) of this section, when awarding grants under the program, the office may consider:
  - (a) The length of time that has elapsed since an application for a grant was received.
  - (b) Any potential efficiencies gained through coordinating grant-funded activities with other activities at a proposed project site.
- (7) The office shall annually publish, and make publicly available on a website of the State Forestry Department, a report for the previous calendar year that addresses:
  - (a) Each funded project that was completed during the calendar year.
  - (b) The costs of each completed project and the mileage of streams improved as a result of the completed project.
- (8) The department shall submit a copy of the report to an appropriate committee or interim committee of the Legislative Assembly, in the manner described in ORS 192.245, no later than September 15 of each year. [2022 c.33 §17]

Note:

526.402 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 526.400).

Note:

See second note under 526.400.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.404 - Small Forestland Investment in Stream Habitat Program Fund.**

- (1) The Small Forestland Investment in Stream Habitat Program Fund is established, separate and distinct from the General Fund. Interest earned by the Small Forestland Investment in Stream Habitat Program Fund shall be credited to the fund.
- (2) Moneys in the fund are continuously appropriated to the State Forestry Department to be distributed by the Small Forestland Owner Assistance Office described in ORS 526.400 as grants to small forestland owners under the Small Forestland Investment in Stream Habitat Program established under ORS 526.402.
- (3) The fund shall consist of:
  - (a) Moneys appropriated to the department for deposit in the fund or otherwise transferred to the fund.
  - (b) Any gifts, grants, contributions or other donations for use as described in subsection (2) of this section that are received by the department from any public or private source and caused to be deposited in the fund or otherwise transferred to the fund. [2022 c.33 §18]

Note:

526.404 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note

following 526.400).

Note:

See second note under 526.400.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.406 - Adopting rules as part of rule package.**

The State Board of Forestry shall adopt the rules described in ORS 526.400, 526.402 and 527.738 as part of the rule package described in ORS 527.711. [2022 c.33 §20]

Note:

526.406 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 526.400).

Note:

See second note under 526.400.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.425 - Management assistance to nonindustrial private forest landowners; rules.**

Recognizing that nonindustrial private forests make a vital contribution to Oregon by providing jobs, products, tax base and other social and economic benefits, it is hereby declared to be the public policy of the State of Oregon to encourage management of nonindustrial private forestlands for tree production. Therefore, under the direction of the State Board of Forestry and to the extent funds are available, the State Forester shall:

- (1) Provide for coordinated technical and financial assistance to the nonindustrial private forest landowner;
- (2) Provide management planning for nonindustrial private forestlands;
- (3) Advise and encourage nonindustrial private forest landowners to carry out young growth management activities, such as converting underproductive forestlands, reforestation, release, precommercial thinning and salvaging insect or disease damaged trees;
- (4) Administer federal programs, such as the Agricultural Conservation Program or Forestry Incentives Program, that are designed to help encourage management of nonindustrial private forestlands;
- (5) Advise and encourage nonindustrial private forest landowners to form cooperatives or aggregates for the purpose of more efficiently carrying out their young growth management activities;
- (6) Periodically advise and recommend changes to the Legislative Assembly on laws conflicting with the intent of this statute; and
- (7) In compliance with ORS chapter 183, promulgate rules consistent with law for providing management planning for nonindustrial private forestlands. [Formerly 526.048]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.450 - Short title.**

ORS 315.104, 318.031 and 526.450 to 526.475 may be cited as the "Woodland Management Act of 1979." [1979 c.578 §1]

Note:

The amendments to 526.450 by section 5, chapter 883, Oregon Laws 2007, become operative January 2, 2028. See section 10, chapter 883, Oregon Laws 2007, as amended by section 36, chapter 33, Oregon Laws 2009. The text that is operative on and after January 2, 2028, is set forth for the user's convenience.

ORS 318.031 and 526.450 to 526.475 may be cited as the "Woodland Management Act of 1979."

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.455 - Definitions for ORS 526.450 to 526.475.**

As used in ORS 315.104, 318.031 and 526.450 to 526.475, unless the context requires otherwise:

- (1) "Approved forest management practice" means and includes site preparation, tree planting, precommercial thinning, release, fertilization, animal damage control, insect and disease management or such other young growth management practices that increase wood growth as the State Forester shall approve or determine proper generally with regard to any particular applicant.
- (2) "Board" means State Board of Forestry.
- (3) "Commercial forestland" means land for which a primary use is the growing and harvesting of forest tree species and other forest resource values.
- (4) "Eligible owner" means any private individual, group, Indian tribe or other native group, association, corporation or other nonpublic legal entity owning 10 to 500 acres of Oregon commercial forestland.
- (5) "Forest management plan" means an operation plan to reach landowner objectives and assures public benefits as they relate to producing timber and other values. It shall include a cover map, basic forest stand description data, treatment opportunities, landowner objectives and a schedule for implementing the forest management plan.
- (6) "Forest management practices" means and includes site preparation, tree planting, precommercial thinning, release, fertilization, animal damage control, insect and disease management and other young growth management practices that increase wood growth.

- (7) "Industrial private forestlands" means lands capable of producing crops of industrial wood, greater than 10 acres and owned by other than an eligible owner.
- (8) "Industrial wood" means forest products used to sustain a sawmill, plywood mill, pulp mill or other forest industry related manufacturing facility.
- (9) "Landowner" means any private individual, group, Indian tribe or other native group, association, corporation or other legal entity, owning both the forestland and any timber thereon.
- (10) "Nonindustrial private forestlands" means lands capable of producing crops of industrial wood and owned by an eligible owner.
- (11) "State Forester" means the individual appointed pursuant to ORS 526.031, or the authorized representative of the State Forester.
- (12) "Timber" means wood growth, mature or immature, growing or dead, standing or down of species acceptable for regeneration under the Oregon Forest Practices Act.
- (13) "Underproductive forestlands" means commercial forestlands not meeting the minimum stocking standards of the Oregon Forest Practices Act. [1979 c.578 §2]

Note:

The amendments to 526.455 by section 6, chapter 883, Oregon Laws 2007, become operative January 2, 2028. See section 10, chapter 883, Oregon Laws 2007, as amended by section 36, chapter 33, Oregon Laws 2009. The text that is operative on and after January 2, 2028, is set forth for the user's convenience.

As used in ORS 318.031 and 526.450 to 526.475, unless the context requires otherwise:

- (1) "Approved forest management practice" means and includes site preparation, tree planting, precommercial thinning, release, fertilization, animal damage control, insect and disease management or such other young growth management practices that increase wood growth as the State Forester shall approve or determine proper generally with regard to any particular applicant.
- (2) "Board" means State Board of Forestry.
- (3) "Commercial forestland" means land for which a primary use is the growing and harvesting of forest tree species and other forest resource values.
- (4) "Eligible owner" means any private individual, group, Indian tribe or other native group, association, corporation or other nonpublic legal entity owning 10 to 500 acres of Oregon commercial forestland.
- (5) "Forest management plan" means an operation plan to reach landowner objectives and assures public benefits as they relate to producing timber and other values. It shall include a cover map, basic forest stand description data, treatment opportunities, landowner objectives and a schedule for implementing the forest management plan.
- (6) "Forest management practices" means and includes site preparation, tree planting, precommercial thinning, release, fertilization, animal damage control, insect and disease management and other young growth management practices that increase wood growth.
- (7) "Industrial private forestlands" means lands capable of producing crops of industrial wood, greater than 10 acres and owned by other than an eligible owner.
- (8) "Industrial wood" means forest products used to sustain a sawmill, plywood mill, pulp mill or other forest industry related manufacturing facility.
- (9) "Landowner" means any private individual, group, Indian tribe or other native group, association, corporation or other legal entity, owning both the forestland and any timber thereon.
- (10) "Nonindustrial private forestlands" means lands capable of producing crops of industrial wood and owned by an eligible owner.
- (11) "State Forester" means the individual appointed pursuant to ORS 526.031, or the authorized representative of the State Forester.
- (12) "Timber" means wood growth, mature or immature, growing or dead, standing or down of species acceptable for regeneration under the Oregon Forest Practices Act.
- (13) "Underproductive forestlands" means commercial forestlands not meeting the minimum stocking standards of the Oregon Forest Practices Act.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.460 - Policy to manage forests to maximize benefits.**

- (1) The State of Oregon recognizes that the forest makes a vital contribution to Oregon. Economic benefits provided include a large tax base, substantial employment and wood products for a world market. The environmental benefits include maintenance of a forest cover and soil, air and water resources. Other benefits provided are habitats for wildlife and aquatic life, recreation and forest range. Management of all forestlands in Oregon should be encouraged to provide continuous production of all forest benefits.
- (2) Nonindustrial private forestlands are an important part of Oregon's forest resource base. They can make major contributions to Oregon's economy and provide many other social benefits. Therefore, it is the policy of the State of Oregon to provide conditions favorable for long term forestry investments that lead to increased management of and harvest from these lands. [1979 c.578 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.465 - Purpose of ORS 526.450 to 526.475.**

The purpose of ORS 315.104, 318.031 and 526.450 to 526.475 is to encourage long term forestry investments that lead to increased management of Oregon's forestlands by:

- (1) Providing the forest owner with tax relief during the timber growth period.
- (2) Promoting programs that provide forest credit on young stands and encourage harvesting of mature forest crops.

- (3) Promoting the establishment of new forest crops on cutover, denuded or underproductive privately owned forestlands.
- (4) Protecting the public interest by assuring that the citizens of the state and future generations shall have the benefits to be derived from the continuous production of forest products from the private forestlands of Oregon, including jobs, taxes, water, erosion control and habitat for wild game. [1979 c.578 §4]

Note:

The amendments to 526.465 by section 7, chapter 883, Oregon Laws 2007, become operative January 2, 2028. See section 10, chapter 883, Oregon Laws 2007, as amended by section 36, chapter 33, Oregon Laws 2009. The text that is operative on and after January 2, 2028, is set forth for the user's convenience.

The purpose of ORS 318.031 and 526.450 to 526.475 is to encourage long term forestry investments that lead to increased management of Oregon's forestlands by:

- (1) Promoting programs that provide forest credit on young stands and encourage harvesting of mature forest crops.
- (2) Promoting the establishment of new forest crops on cutover, denuded or underproductive privately owned forestlands.
- (3) Protecting the public interest by assuring that the citizens of the state and future generations shall have the benefits to be derived from the continuous production of forest products from the private forestlands of Oregon, including jobs, taxes, water, erosion control and habitat for wild game.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.470 - Forest tree seed bank; sale to recover costs; disposition of funds; use of funds for research and development activities.**

- (1) A state forest tree seed bank may be operated by the State Forester and the State Board of Forestry to provide forest tree seed for the raising of forest tree seedlings suitable for reforestation. Such tree seed bank is to provide for the research and development, production, purchase, collection, storage, care and maintenance of forest tree seed and for the sale of such tree seed to private, state and other public owners of forest nurseries or forestland.
- (2) Each year the State Forester shall determine the costs of tree seed bank operation and shall offer tree seed for sale to forest or nursery owners at prices that will recover actual costs.
- (3) All revenues derived from the operation of the tree seed bank shall be credited to the State Forestry Department Account and deposited in the State Forest Tree Seed Bank Subaccount established in ORS 526.060.
- (4) In order to develop and produce high quality forest tree seed, the moneys deposited in the State Forest Tree Seed Bank Subaccount may be used for research and development activities, including establishing and maintaining seed production areas, seed orchards or select forest trees from which seed, cuttings or pollen may be collected. The activities described in this subsection may be conducted independently by the State Forester or in collaboration, partnership or cooperation with private entities and public bodies as defined in ORS 174.109. [1979 c.578 §5; 2005 c.541 §5; 2007 c.248 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.472 - Forest tree seed orchard; purposes; cooperative agreements; recovery of costs; revenues.**

- (1) A state forest tree seed orchard may be operated by the State Forester and the State Board of Forestry to produce high quality forest tree seed suitable for reforestation. The purposes of the state forest tree seed orchard are to:
  - (a) Grow, care for and maintain seed orchard stock and produce seed, pollen, cuttings and other propagules for reforestation uses by private entities and public bodies as defined in ORS 174.109;
  - (b) Promote the conservation of genetic resources; and
  - (c) Support research and development activities for the purpose of producing high quality, well adapted seeds.
- (2) The State Forester may enter into cooperative cost sharing and management agreements with private entities and public bodies as defined in ORS 174.109 to carry out the purposes set forth in subsection (1) of this section.
- (3) Each year the State Forester shall determine the costs of operating the state forest tree seed orchard and shall recover actual costs.
- (4) All revenues derived from the operation of the state forest tree seed orchard shall be credited to the State Forestry Department Account and deposited in the State Forest Tree Seed Orchard Subaccount established in ORS 526.060. [2007 c.248 §3]

Note:

526.472 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.475 - Appeal of decisions by State Forester.**

- (1) Any owner affected by a determination of the State Forester made under ORS 315.104, 318.031 and 526.450 to 526.475 may appeal to the State Board of Forestry under such rules as it may adopt. An appeal to set aside any decision of the board with respect to ORS 315.104 or 318.031 may be taken within 60 days of the decision to the Oregon Tax Court in the manner provided for tax cases under ORS chapter 305.
- (2) Any owner affected by a determination of the Department of Revenue made under ORS 315.104 or 318.031 may appeal directly to the tax court under ORS 305.404 to 305.560. [1979 c.578 §11; 1995 c.650 §40]

Note:

The amendments to 526.475 by section 8, chapter 883, Oregon Laws 2007, become operative January 2, 2028. See section 10, chapter 883, Oregon Laws 2007, as amended by section 36, chapter 33, Oregon Laws 2009. The text that is operative on and after January 2, 2028, is set forth for the user's convenience.

(1) Any owner affected by a determination of the State Forester made under ORS 318.031 and 526.450 to 526.475 may appeal to the State Board of Forestry under such rules as it may adopt. An appeal to set aside any decision of the board with respect to ORS 318.031 may be taken within 60 days of the decision to the Oregon Tax Court in the manner provided for tax cases under ORS chapter 305.

(2) Any owner affected by a determination of the Department of Revenue made under ORS 318.031 may appeal directly to the tax court under ORS 305.404 to 305.560.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.490 - Afforestation of certain idle lands; harvest requirements; inspection fees; lands subject to Oregon Forest Practices Act; rules; fees.**

(1) It is the policy of the State of Oregon to encourage the afforestation of idle land for the purpose of establishing commercial forests if such afforestation is consistent with landowner objectives. The purpose of this section is to provide an incentive for afforestation by providing assurance that the State of Oregon will not prohibit the harvesting of trees planted on such lands within the first crop rotation.

(2) As used in this section:

(a) "Free to grow" means a stand of well-distributed trees that has a high probability of remaining or becoming vigorous, healthy and dominant over undesired competing vegetation.

(b) "Parcel" has the meaning given that term in ORS 92.010.

(3) Notwithstanding ORS 527.676, 527.710 or 527.755 or any rules promulgated thereunder, and except as provided in subsection (4) of this section, a person who, after September 9, 1995, plants or causes to be planted a stand of timber that is intended to become a merchantable stand of timber as defined in ORS 321.005 on a parcel owned by the person, or a portion of such parcel not less than five contiguous acres, shall not be prohibited from harvesting the planted timber provided that:

(a) Prior to the time of planting, the parcel or portion thereof has not been subject to any forest practice as defined in ORS 527.620 since July 1, 1972; and

(b) Prior to the time of planting, the stocking of forest tree species on the subject parcel or portion thereof is less than 25 square feet of basal area per acre.

(4) The provisions of subsection (3) of this section shall not apply to any land or timber located within 20 feet of any large or medium stream, or any small stream that is a fish-bearing or domestic use stream, as defined by the State Board of Forestry.

(5)(a) If, within two to five years of planting under subsection (3) of this section, the person notifies the State Forester, the State Forester shall inspect the timber and shall issue a certificate to the owner indicating that a free to grow stand of timber has been established under subsection (3) of this section and identifying the location of the timber. Upon request of the owner and payment of any applicable fee, the county clerk in the county wherein the parcel is located shall record the certificate as specified under ORS 205.130.

(b) A person who notifies the State Forester and requests certification shall provide an accurate plat of the parcel or portion planted under subsection (3) of this section to the State Forester as well as photographs that accurately depict the condition of the land prior to planting.

(c) The State Forester may, by rule, establish a fee or schedule of fees adequate to cover such necessary expenses incurred by the State Forester in conducting inspection and certification activities. Fees may be charged to the person requesting certification.

(6)(a) Except as provided in subsection (3) of this section, all forest practices conducted on the planted parcel or portion thereof shall be subject to the provisions of ORS 527.610 to 527.770, 527.990 (1) and 527.992.

(b) No parcel or portion of such parcel shall be subject to the provisions of subsections (3) and (5) of this section more than once. [1995 c.266 §1; 2001 c.340 §2]

Note:

526.490 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.500 - Definitions for ORS 526.500 to 526.515.**

As used in ORS 526.500 to 526.515, unless the context requires otherwise:

(1) "Urban forest" means the area in and around a city that contains trees and associated plant and animal life. The area may be public or private and may include single trees, small groups of trees or trees in large groups that would be identified commonly as a forest or woodland.

(2) "Urban and community forestry" means the practice of managing, planning, maintaining and promoting the health of the urban forest as a community resource. [1993 c.347 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.505 - Policy.**

Trees not only are important to the economic and environmental well-being of Oregon, but also represent a significant component of the quality of life for urban residents. As a matter of policy, it is important to promote and protect the human habitat values that accrue from a healthy urban forest. Therefore, it is declared to be the public policy of the State of Oregon to encourage cities to plant and properly care for trees within the cities' urban growth boundaries and develop management plans to protect and promote urban forests. [1993 c.347 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.510 - Department to provide technical assistance to governmental units.**

(1) The State Forestry Department shall provide technical assistance to cities, counties, other governmental units, nonprofit and civic organizations and other groups interested in planting and caring for trees in communities. Technical assistance may include, but is not limited to, the following areas:

- (a) Establishing and maintaining local urban and community forestry programs;
- (b) Developing local tree management ordinances;
- (c) Developing public information programs to promote awareness of the values and benefits of the urban forest as a resource of the urban community;
- (d) Implementing appropriate tree management and care practices;
- (e) Performing street tree inventories; and
- (f) Planning and coordinating local tree planting projects.

(2) The department shall make the fullest use of cooperative agreements, projects and resource sharing with local grassroots organizations, community action groups, businesses, local and state agencies, federal agencies, public and private schools, colleges and universities in designing, developing and implementing local programs, plans and activities. [1993 c.347 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.515 - Gifts, grants and donations; fees for services.**

(1) The State Forestry Department may receive and disburse such gifts, grants, bequests, federal moneys and endowments and donations of labor, material, seedlings, trees and equipment from public and private sources for the purpose of conducting an urban and community forestry program. In addition, the department is authorized to charge fees for services and for attendance at workshops and conferences and to sell various publications and other materials that the department prepares.

(2) All revenues received under subsection (1) of this section and any interest earned on all cash balances except federal moneys shall be credited to the State Forestry Department Account and may be expended only for urban and community forestry purposes. [1993 c.347 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.520 - Urban tree canopy assessment.**

(1) The State Forestry Department shall acquire and maintain a statewide urban tree canopy assessment tool.

(2) The assessment tool must provide geospatial mapping that includes:

- (a) A visualization of urban tree canopies, viewable at the census tract level;
- (b) Community demographic, economic, social and health data;
- (c) A comprehensive inventory of tree canopies on public lands;
- (d) Rights of way and their associated jurisdictions;
- (e) An urban green space assessment that includes an evaluation of vegetation health and a comparison of pervious surfaces to impervious surfaces within the green space; and
- (f) An assessment of tree canopy and green space in the urban-rural gradient.

(3) The department may integrate the urban tree canopy assessment tool with data from other agency mapping tools, including the environmental justice mapping tool developed pursuant to ORS 182.555.

(4) The department shall make the urban tree canopy assessment tool available on a website maintained by the department, along with guidance for using the tool to promote environmental, social and economic well-being.

(5) Using the urban tree canopy assessment tool, the department shall designate as green infrastructure improvement zones areas of this state that have a high level of poverty density and any of the following:

- (a) Low levels of tree canopy cover;
- (b) Poor vegetation health;
- (c) High risk of pests, disease or other threats to plant life; or
- (d) Other needs for revegetation or holistic native plant restoration. [2023 c.442 §28]

Note:

526.520 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.600 - Definitions for ORS 526.600 to 526.675.**

As used in ORS 526.600 to 526.675, unless the context requires otherwise:

- (1) "Institute" means the Oregon Forest Resources Institute.
- (2) "Producer" means a producer of forest products and includes any person, partnership, association, corporation, cooperative or other business entity involved in the growing, harvesting or producing of timber or timber products. "Producer" does not include landowners who meet the requirement of ORS 526.610 (4). [1991 c.949 §2; 1995 c.225 §2; 2003 c.423 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.605 - Findings.**

The State of Oregon recognizes that the forest products industry is one of the largest industries in the state. It provides monetary returns to labor, forestland owners, mill owners and operators, public timber purchasers, timber harvesters, investors and others. It is a source of local and state taxes. It is a major supporter of many secondary businesses that supply goods and services in our communities. The welfare of the state is therefore largely dependent on the health and vigor of the forest products industry. The Oregon Forest Resources Institute's objectives support this important industry and the wise stewardship of natural resources for the benefit of Oregonians. [1991 c.949 §3; 2003 c.423 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.610 - Oregon Forest Resources Institute; board of directors; eligibility.**

There is created the Oregon Forest Resources Institute. The institute shall be governed by a board of directors appointed by the State Forester. In making the appointments, the State Forester shall take into consideration any nominations or recommendations made to the State Forester by producers or organizations that represent producers. The board shall consist of 11 voting members plus two nonvoting members appointed as follows:

- (1) Three voting members to represent small producers of 20 million board feet or less per year.
- (2) Three voting members to represent medium producers of more than 20 million board feet but less than 100 million board feet per year.
- (3) Three voting members to represent large producers of 100 million board feet or more per year.
- (4) One voting member who is an owner of between 100 and 2,000 acres of forestland and who has no direct financial interest in any forest products processing activity.
- (5) After consideration of the recommendations of the other appointed members in subsections (1) to (4) of this section, one voting member who is an hourly wage employee of a producer or a person who represents such employees. The member appointed under this subsection need not comply with the requirements of ORS 526.615 (3) to (6).
- (6)(a) Two nonvoting members:
  - (A) The Dean of the College of Forestry at Oregon State University.
  - (B) An individual jointly appointed by the President of the Senate and the Speaker of the House of Representatives to represent the public. The public representative may not be a member of or significantly affiliated with any organization of or business in the timber industry or any organization or business known to support or promote environmental or conservation issues. A person appointed under this subparagraph serves at the pleasure of the President of the Senate and the Speaker of the House of Representatives.
- (b) Members referred to in this subsection are not subject to ORS 526.615 to 526.625. [1991 c.949 §4; 1993 c.584 §3; 1995 c.225 §3; 1999 c.40 §1; 2003 c.423 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.615 - Qualifications of voting members.**

Except as provided in ORS 526.610 (5), each voting member of the board of directors of the Oregon Forest Resources Institute shall have the following qualifications:

- (1) Be a citizen of the United States.
- (2) Be a bona fide resident of this state.
- (3) Be a producer in this state, an employee of such a producer or own between 100 and 2,000 acres of forestland in this state on which harvest taxes are paid, but have no direct financial interest in any forest products processing activity.
- (4) Have been actively engaged in producing forest products for a period of at least five years.
- (5) Derive a substantial proportion of income from the production of forest products.
- (6) Have demonstrated, through membership in producers' organizations or organizations representing landowners who meet the requirements of ORS 526.610 (4), a profound interest in the development of Oregon's forest products industry. [1991 c.949 §6; 1995 c.225 §4; 1999 c.40 §2; 2003 c.423 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.620 - Terms of voting members; vacancies.**

Each voting member of the board of directors of the Oregon Forest Resources Institute shall be appointed for a term ending three years from the date of the expiration of the term for which the member's predecessor was appointed. If there is a vacancy on the board of a voting member, other than a vacancy caused by expiration of a term, the State Forester shall fill the vacancy for the remainder of the unexpired term with a person who represents the same class as the member whose term was vacated. [1991 c.949 §7; 1995 c.225 §5; 2003 c.423 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.625 - Effect of failure to maintain qualification; removal of member.**

(1) The State Forester shall immediately declare the office of any member of the board of directors of the Oregon Forest Resources Institute vacant whenever the member becomes a resident of another state or is unable to perform the duties of office. In addition, the State Forester shall immediately declare the office of any member of the board who represents producers vacant if the member ceases to be an active producer in the state.

(2) The State Forester may remove any member of the board of directors for inefficiency, neglect of duty or misconduct in office, but not until after a public hearing thereon and service upon such member of a copy of the charges together with a notice of the time and place of such hearing. Service shall be made not less than 10 days prior to the hearing. At the hearing the member shall be given an opportunity to be heard in person or by counsel and shall be permitted to present evidence to answer the charges and explain the facts alleged. [1991 c.949 §8; 2003 c.423 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.630 - Expenses of members and staff.**

Directors, officers and employees of the institute may receive their actual and necessary travel and other expenses incurred in the performance of their official duties. The board of directors shall adopt uniform and reasonable rules governing the incurring and paying of such expenses. [1991 c.949 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.632 - Employees not subject to certain personnel regulation.**

Notwithstanding any other provision of law, wages or salaries of employees of the Oregon Forest Resources Institute are not subject to personnel compensation plans for state employees established by the Oregon Department of Administrative Services under ORS 240.235 to 240.250. [1993 c.584 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.635 - Officers.**

(1) The board of directors annually shall elect a chairperson.

(2) The board of directors shall meet regularly at least once each quarter, and at such other times as called by the chairperson. [1991 c.949 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.640 - General authority of institute.**

The Oregon Forest Resources Institute shall enhance and provide support for Oregon's forest products industry. In achieving these objectives the institute may:

(1) Increase public understanding of the practice of forestry and the use and benefits of forest products.

(2) Support education and cooperative efforts among private forest landowners and within the forest products industry to:

(a) Practice good stewardship of the land, and protect water and other public resources to the maximum extent practicable;

(b) Encourage the conversion of underproductive rural lands to forest uses, and provide information to private landowners on the means to facilitate such conversions;

(c) Encourage, facilitate and assist private forest landowners to meet or exceed state and federal regulations governing forest operations;

(d) Evaluate and communicate to private forest landowners the stewardship responsibility expectations of the public; and

(e) In cooperation with the State Forestry Department, Oregon State University and other appropriate government or private entities, serve as a clearinghouse for the dissemination of information to private forest landowners, through conferences, workshops and other means, about modern land management practices.

(3) Conduct research and help facilitate continued improvement in wood utilization and in secondary wood products manufacturing.

(4) Publish and sell publications and other materials relating to any program or function authorized by ORS 526.600 to 526.675. The institute may contract for the publication of the materials described in this subsection, including the research, design and writing of the materials. The contract may include, among other matters, provisions for advance payment or reimbursement for services performed under the contract. The price of such publications shall include the cost of publishing and distributing the materials. All moneys received by the institute from the sale of publications shall be deposited in the Oregon Forest Resources Institute Fund.

[1991 c.949 §11; 1997 c.15 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.645 - Additional powers.**

In addition to the functions listed in ORS 526.640, the Oregon Forest Resources Institute may:

- (1) Conduct research and disseminate reliable information based upon such research.
- (2) Sue and be sued as an institute without individual liability for acts of the board of directors within the scope of the powers conferred upon it by law.
- (3) Enter into contracts which the board of directors considers necessary to carry out the duties, functions and powers imposed upon the institute by law.
- (4) Borrow money in amounts not to exceed 50 percent of the board of directors' estimate of the institute's revenue from the current year's harvest.
- (5) Appoint subordinate officers and employees of the institute and prescribe their duties and fix their compensation.
- (6) Adopt, rescind, modify or amend all proper orders, regulations, rules and resolutions for the exercise of its duties, functions and powers. [1991 c.949 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.650 - Expenditure of funds restricted.**

- (1) Notwithstanding ORS 526.645 (2), no funds shall be expended by the Oregon Forest Resources Institute for the purpose of supporting or opposing litigation or other legal action which is unrelated to the administration of the institute.
- (2) No funds shall be expended by the institute for the purpose of influencing, or attempting to influence, any legislation or any rulemaking or other administrative activity of any state board, commission or agency. [1991 c.949 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.655 - Acceptance of grants, donations and gifts.**

The Oregon Forest Resources Institute may accept grants, donations or gifts from any source for expenditures for any purposes consistent with the purposes of ORS 526.600 to 526.675. All funds so received shall be handled as specified in ORS 526.600 to 526.675 for other moneys received by the institute. [1991 c.949 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.660 - Application of budget and expenditure control laws.**

The provisions of ORS 576.410 to 576.450 as set forth in the 2001 Edition of Oregon Revised Statutes, pertaining to budget and expenditure control, apply to budgets and expenditures of the Oregon Forest Resources Institute except that:

- (1) All references in such statutes to the Director of Agriculture shall be considered references to the State Forester.
- (2) All references in such statutes to the board shall be considered references to the State Board of Forestry.
- (3) All references in such statutes to the commission shall be considered references to the board of directors of the institute.
- (4) Copies of proposed budgets required as described by ORS 576.425 (1) as set forth in the 2001 Edition of Oregon Revised Statutes shall not be sent to county extension agents, but shall be available for inspection at the institute office and at the office of the State Forester in Salem.
- (5) The State Forester shall examine and certify the budget in the manner provided under ORS 576.430 (2) as set forth in the 2001 Edition of Oregon Revised Statutes and make the determination in the same manner as a determination by the Director of Agriculture under ORS 576.445 (2) as set forth in the 2001 Edition of Oregon Revised Statutes. [1991 c.949 §16; 1995 c.225 §6; 2003 c.604 §102]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.665 - Exemption from certain financial administration laws.**

Except as otherwise provided in ORS 526.600 to 526.675, ORS 291.026, 291.201 to 291.222, 291.232 to 291.260, 291.322 to 291.334, 292.210 to 292.250, 293.260 to 293.280, 293.295 to 293.346 and 293.590 to 293.640 do not apply to the Oregon Forest Resources Institute or to the administration and enforcement of ORS 526.600 to 526.675. [1991 c.949 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.670 - Books and records; audit.**

The Oregon Forest Resources Institute shall keep accurate books, records and accounts of all its dealings which shall be open to inspection and audit by the Secretary of State. [1991 c.949 §18]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.675 - Oregon Forest Resources Institute Fund; use of moneys; rules.**

- (1) The Oregon Forest Resources Institute Fund is created in the State Treasury, separate and distinct from the General Fund. Except as otherwise provided by law, all moneys received by the Oregon Forest Resources Institute shall be paid into the State Treasury and credited to the fund. All moneys in the fund are appropriated continuously to the institute to carry out its duties, functions and

powers. Interest earnings on all moneys in the fund shall be retained in the fund.

(2) The board of directors of the institute may repay moneys from the fund to persons who paid a privilege tax levied under ORS 321.017. The board may repay the amount of tax paid upon application by the person who paid the tax. The board shall adopt rules necessary for the implementation of this subsection. Rules adopted by the board shall include standards for the repayment of moneys and limits on the amount that may be requested. [1991 c.949 §20; 2003 c.423 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.695 - Definitions for ORS 526.695 to 526.775.**

As used in ORS 526.695 to 526.775, unless the context otherwise requires:

- (1) "Contract" means the contract signed by the forestland owner and the State Forester, acting on behalf of the Forest Resource Trust pursuant to ORS 526.705.
- (2) "Ecosystem services" means environmental benefits arising from the conservation and management of forestland, including, but not limited to, fish and wildlife habitat, clean water and air, pollination, mitigation of environmental hazards, control of pests and diseases, carbon sequestration, avoidance of carbon dioxide emissions and maintenance of soil productivity.
- (3) "Forestland owner" means the individual, corporation, limited liability company, partnership, association, joint stock company, trustee, business trust or unincorporated organization holding fee simple ownership of land capable of producing forest products.
- (4) "Forest products" includes, but is not limited to, trees, logs, poles, lumber, chips or pulp that flow from investment of the Forest Resource Trust.
- (5) "Forest Resource Trust programs" means the voluntary cost share program established by ORS 526.703, the voluntary loan program established by ORS 526.705 and other programs administered by the State Board of Forestry to further the purposes of the Forest Resource Trust pursuant to ORS 526.695 to 526.775.
- (6) "Qualified private or local government forestland owner" means a private or local government forestland owner that qualifies for a specific Forest Resource Trust program, as described in rules adopted by the board. [Formerly 526.735]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.700 - Forest Resource Trust; purpose; trustees; advisory committee; rules; duties.**

- (1) The Forest Resource Trust is established in the State Forestry Department. The Forest Resource Trust shall provide funds for financial, technical and related assistance to qualified private and local government forestland owners for stand establishment and improved management of forestlands for timber production as well as wildlife, water quality and other environmental purposes.
- (2) The members of the State Board of Forestry shall have overall responsibility for management of the Forest Resource Trust. The board is authorized to establish policies and programs in addition to those created by ORS 526.695 to 526.775 to further the purposes of the trust.
- (3) The board shall appoint an advisory committee consisting of no more than 15 members representing the public, nonindustrial private forestland owners, the forest products industry, forest consultants and contractors, the financial community, environmental and conservation organizations and other related interests including affected state agencies. The advisory committee shall assist the board in setting policy for the best use and investment of funds available to the trust and otherwise assist board members in the performance of their duties as trustees.
- (4) In accordance with any applicable provisions of ORS chapter 183, the board shall adopt rules to carry out the duties, functions and powers of the Forest Resource Trust and to guide implementation of the Forest Resource Trust programs.
- (5) The State Forester is responsible for implementing board policies and programs for the Forest Resource Trust. [1993 c.765 §57; 2007 c.201 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.703 - Cost share program; purpose; advance of moneys and assistance.**

- (1) The State Board of Forestry shall establish a voluntary cost share program to ensure that the purposes of the Forest Resource Trust are achieved. The purpose of the program is to provide financial and other incentives for stand establishment and improved management of nonindustrial private forestlands.
- (2) In advancing moneys and providing other assistance for stand establishment and improved forest management, the State Forester shall:
  - (a) Give priority, to the extent possible, to lands zoned for forest use under county comprehensive plans and to other lands with moderate to high probability of success for long-term stand establishment and improved forest management activities; and
  - (b) Assist landowners in securing payments for ecosystem services. [2007 c.201 §2]

Note:

526.703 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.705 - Loan program; financial assistance terms and conditions; rules.**

- (1) To carry out the duties, functions and powers of the Forest Resource Trust, there is created a voluntary loan program to finance establishment of stands of trees and the improved management of qualified private and local government forestlands.
- (2) In advancing moneys and providing other assistance for stand establishment, the State Board of Forestry shall:
- (a) Give priority to lands zoned for forest uses under county comprehensive plans and to other lands with moderate to high probability of success for long-term stand establishment and improved forest management activities; and
- (b) Assist landowners in securing payments for ecosystem services.
- (3) The State Board of Forestry may, by rule, establish financial agreements for the repayment of moneys advanced consistent with subsection (2) of this section and including but not limited to the following, singly or in combination:
- (a) A revenue-sharing proposal that guarantees the landowner a percentage of the receipts upon harvest after payment of harvest and severance taxes;
- (b) Financial agreements; and
- (c) Repayment in full with interest if a landowner fails to get the stand free to grow as that term is defined in the Oregon Forest Practices Act, unless said failure is through no fault of the landowner.
- (4) The terms of repayment shall be based on considerations that represent the best use and investment of funds including:
- (a) Rates of return, as established by the State Board of Forestry, that provide a reasonable payback to the Forest Resource Trust of project costs;
- (b) Measurable anticipated public benefits such as job creation, tax revenue, increased timber supply and environmental improvement; and
- (c) The extent to which landowner contributions of money, labor or other resources reduce the risk to the Forest Resource Trust.
- (5) Participating landowners shall not be required to comply with forest practices beyond those required by state and federal law with the exception that planting standards for stand establishment may be more than the required minimum.
- (6) The State Forester is authorized, on behalf of the Forest Resource Trust, to enter into contracts with eligible landowners to carry out the provisions of the voluntary loan program. The contracts may include, but are not limited to:
- (a) Partial to full financing to the landowner, as specified in rules of the State Board of Forestry, from such moneys as may be available in the Forest Resource Trust Fund.
- (b) Any obligations of the landowner for repayment of moneys advanced including, but not limited to:
- (A) Terms for sharing the revenue gained from the sales of timber and forest products, including salvage, from the lands enrolled under the voluntary loan program;
- (B) Acknowledgment that the rights and obligations of the landowner and the Forest Resource Trust and all of the terms of the contract are covenants that run with the land upon sale, lease or transfer of the land benefiting from the voluntary loan program until all future obligations of the contract are met;
- (C) Financial terms allowing the landowner to terminate the contract;
- (D) Agreement that there is no obligation to repay the moneys advanced prior to sale of timber and forest products from the land;
- (E) Terms to protect the contract from modification unless both parties consent to modification;
- (F) Allowance for different prescriptions for stand management; and
- (G) Repayment in full with interest if the landowner fails to meet any terms of the contract.
- (c) Acknowledgment by the landowner that the State Forester may require a statutory lien on the forest products.
- (7) In addition to the contracts provided for in subsection (6) of this section, the State Forester, on behalf of the Forest Resource Trust, may require landowners to execute security agreements in favor of the trust to secure any repayment or other obligations of the landowner. Any security interest required shall have priority from the date of recording or filing.
- (8)(a) The State Forester shall record a contract described in subsection (6) of this section with the recording officer of the county or counties in which the forestland is located.
- (b) Upon recording, the rights and obligations of the landowner and the Forest Resource Trust under the contract shall become covenants that run with the land and shall be binding upon successors and assigns.
- (c) The interest of the Forest Resource Trust created by recording the contract constitutes a purchaser's interest in real property for purposes of ORS 93.640.
- (d) A memorandum of contract must include, but is not limited to:
- (A) The date of execution of the contract;
- (B) The name of each landowner of the forestland identified in the contract;
- (C) A legal description of the forestland subject to the contract that conforms with ORS 93.600; and
- (D) If the contract is secured by a lien as provided in ORS 526.695 and 526.740 to 526.775, a statement from each landowner acknowledging the lien.
- (9) As used in this section, "eligible landowner" means a qualified private or local government forestland owner who:
- (a) Owns land that qualifies as forestland, as defined by the State Board of Forestry.
- (b) Has not received an exemption from reforestation requirements pursuant to rules adopted by the board under ORS 527.760.

To assist the State Board of Forestry in carrying out the duties of the Forest Resource Trust, the State Forestry Department shall:

- (1) Identify potentially suitable lands, and educate the owners of those lands on Forest Resource Trust programs.
- (2) Provide technical and other management assistance to participating landowners.
- (3) Monitor compliance with Forest Resource Trust programs by participating landowners.
- (4) Encourage involvement of the landowner.
- (5) Encourage the use of private contractors, consultants, forestry extension programs, nongovernmental organizations and landowner cooperatives.
- (6) Develop project plans in cooperation with landowners that establish clear benchmarks for compliance with terms of the plan.
- (7) Release from financial obligation for any portion of the qualified private and local government forestlands included under Forest Resource Trust programs and irretrievably lost to insects, disease, fire, storm, flood or other natural destruction through no fault of the landowner.
- (8) Secure provisions for access to the land by the State Forester.
- (9) Give consideration to conservation plans or strategies adopted by the State Department of Fish and Wildlife when setting priorities for Forest Resource Trust programs. [1993 c.765 §59; 2007 c.201 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.720 - Forest Resource Trust Fund.**

The Forest Resource Trust Fund is created in the State Treasury, separate and distinct from the General Fund. The Forest Resource Trust Fund shall consist of all moneys received from whatever source to carry out the duties, functions and powers of the Forest Resource Trust. All earnings on moneys in the fund shall be retained in the fund. All moneys in the fund are appropriated continuously to the State Forestry Department to carry out the duties, functions and powers of the Forest Resource Trust, including State Forestry Department administrative expenses. [1993 c.765 §61]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.725 - Agreements with private, governmental or other organizations; land acquisitions; investment of funds; forestry carbon offsets; trust on governmental agencies or officers not created.**

- (1) The State Board of Forestry or the State Forester may enter into agreements with private, governmental or other organizations and may accept contributions, gifts or grants from any source to carry out the duties, functions and powers of the Forest Resource Trust. All moneys received by the board or the State Forester pursuant to this section shall be deposited in the Forest Resource Trust Fund.
- (2) The board may acquire, on behalf of the Forest Resource Trust, through exchange, lease or purchase, land only to the extent necessary to carry out the duties, functions and powers of the trust.
- (3) Agreements with private, governmental or other organizations under subsection (1) of this section may specify the terms under which funds are invested and benefits accrue to the contributing party to the extent the agreement is consistent with the provisions of ORS 526.695 to 526.775.
- (4) The State Forester may, on behalf of the Forest Resource Trust, market, register, transfer or sell forestry carbon offsets attributable to the lands enrolled in the stand establishment program under ORS 526.705. Prices for the transfer or sale of forestry carbon offsets may be negotiated but must be at or greater than fair market value.
- (5) Nothing in ORS 526.695 to 526.775 is intended to create an enforceable trust on any agency or officer of the State of Oregon. [1993 c.765 §62; 2001 c.752 §7; 2007 c.201 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.730 - Report to legislature.**

The State Board of Forestry, after consultation with the advisory committee appointed pursuant to ORS 526.700, shall prepare and submit a report to the Seventy-sixth Legislative Assembly that contains the following information regarding the Forest Resource Trust Fund:

- (1) Program accomplishments;
- (2) Financial assistance payments to participating landowners;
- (3) Revenues received by the fund; and
- (4) Expenditures made from the fund. [1993 c.765 §63; 2007 c.201 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.735**

[1995 c.207 §2; 2001 c.51 §2; 2007 c.201 §6; renumbered 526.695 in 2007]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.740 - Lien for moneys payable to trust by forestland owner; attachment to severed forest products and accounts receivable.**

(1) From and after recording of the notice of lien pursuant to ORS 526.745, the Forest Resource Trust has a lien for the moneys payable to the trust by the forestland owner under the terms of the contract.

(2) The lien created by subsection (1) of this section constitutes a general lien upon all forest products grown or growing on the forestland described in the contract, whether standing on the forestland, severed and remaining on the forestland, severed and transported to another area for sale or processing, or made into forest products on the forestland. If the forest product is severed and delivered to a purchaser or mill, the lien continues against the forest product and the lien also attaches to accounts receivable evidencing indebtedness of the purchaser or mill. The lien attaches to the accounts receivable on the date on which the forestland owner sells the forest products and relates to the date on which notice of lien was filed under ORS 526.745. [1995 c.207 §3; 2001 c.51 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.745 - Notice of lien; filing.**

(1) The State Forester may file a notice of lien under ORS 526.740 anytime after the contract is executed.

(2) The State Forester shall file the notice of lien with the recording officer of the county or counties where the forestland is located. The notice shall be in writing verified by the State Forester and shall contain:

(a) The name of each owner of the forestland identified in the contract;

(b) A legal description of the forestland identified in the contract in conformance with ORS 93.600;

(c) A description of the forest products to be covered by the lien;

(d) A statement that the lien includes a lien on accounts receivable from the sale of any forest products covered by the lien and that the lien on forest products and accounts receivable shall have priority as of the date of filing of the notice of lien under this section; and

(e) A statement of the amount of funds to be paid under the contract.

(3) Within 10 days after the State Forester files the notice of lien under this section, the State Forester shall send a copy of the notice to each of the following persons whose interest in the forestland referred to in subsection (2)(a) of this section is of record as of the date the State Forester files the notice of lien with the county recording officer:

(a) Each seller on a land sale contract covering all or any part of the forestland referred to in subsection (2)(a) of this section;

(b) Each mortgagee upon a mortgage covering all or part of the forestland referred to in subsection (2)(a) of this section; and

(c) Each beneficiary of a trust deed covering all or part of the forestland referred to in subsection (2)(a) of this section. [1995 c.207 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.750 - Recording of notice; fee.**

The recording officer of the county shall record the notices made under ORS 526.745. The record shall be indexed in the same manner as the record of deeds and mortgages. The recording officer shall charge and collect from the Forest Resource Trust, for the benefit of the county, the fee established in ORS 205.320. [1995 c.207 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.755 - Foreclosure; costs.**

(1) The lien created by and filed under ORS 526.740 and 526.745 shall be foreclosed in the manner provided by law for the foreclosure of liens generally.

(2) In all suits under ORS 526.695 and 526.740 to 526.775, the court, upon entering judgment for the plaintiff, shall allow as a part of the costs all moneys paid for the filing and recording of the lien, all moneys paid for sending notices of the lien to third parties pursuant to ORS 526.745 (3), all moneys paid for title reports and policies required for preparing and foreclosing the lien, and a reasonable amount for attorney fees at trial and on appeal to the party who prevails on the issue of the validity of the lien. [1995 c.207 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.760 - Priority; lien survives land foreclosure proceedings.**

(1) The lien on forest products and accounts receivable created by ORS 526.740 is valid and shall have priority over all other liens, security interests and encumbrances on the forest products and accounts receivable covered by the lien even though it does not create a lien on the land on which the forest products are growing, except that ad valorem taxes and duly perfected liens, security interests and encumbrances which were perfected prior to the filing of the notice of lien under ORS 526.745 shall have priority over a lien created under ORS 526.740.

(2) Notwithstanding subsection (1) of this section, the lien upon forest products and accounts receivable created by ORS 526.740 shall survive the foreclosure of any land sale contract, mortgage, trust deed or other lien or encumbrance upon or security interest in the forest products or the forestland described in the notice of lien filed under ORS 526.745, and shall remain in full force and effect until released, fully satisfied or foreclosed. [1995 c.207 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry**

**AdministrationSection 526.765 - Payment of funds advanced; release of lien.**

(1) When the State Forester receives full payment of funds described in the notice of lien filed under ORS 526.745, or if the lien is released, the State Forester shall file with the recording officer of the county in which the claim is recorded a certificate declaring that full payment has been received, or that the lien has been released, and that the claim of lien is discharged. The certificate shall include the name of the forestland owner, the date of filing of the notice of lien under ORS 526.745 and a legal description of the land affected in conformance with ORS 93.600.

(2) Upon receiving the certificate, the recording officer shall enter it in full length in the book kept to record such liens. [1995 c.207 §8]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.770 - Notice of forest products harvest; contents; forest products purchasers.**

(1) No harvest or removal of forest products on forestland covered by a contract between the forest landowner and the Forest Resource Trust shall occur without the landowner or the timber owner first notifying the State Forester in writing, on forms prepared by the State Forester, of intent to harvest or remove forest products. Notice shall be made in the same manner as notice provided under ORS 527.670 (6).

(2) The notification shall specify where and when the harvest or removal of forest products will take place, the nature of the harvest or removal of forest products and where and to whom the forest products will be sold or delivered and shall include maps or other information as required by the State Forester. Upon receipt of notification pursuant to subsection (1) of this section, the State Forester shall notify the landowner, and any person to whom the forest products will be sold or delivered, of the repayment obligation specified in any contract between the forest landowner and the State Forester. The landowner shall make payment to the State Forester. Such payment shall be deposited in the Forest Resource Trust Fund. If payment is not made within 60 days of harvest or removal of forest products, the lien shall be delinquent and may be foreclosed in the manner described in ORS 526.755. [1995 c.207 §9]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.775 - Execution of judgment against other property when forest products and accounts not subject to lien.**

Notwithstanding ORS 526.695 and 526.740 to 526.775, if the forest landowner and the State Forester entered into a contract as provided in ORS 526.705 and the contract is terminated or breached, and there are no forest products or accounts receivable subject to the lien created under ORS 526.740, any judgment entered against the landowner for breach or termination of the contract may be executed on any property of the landowner. [1995 c.207 §10; 2007 c.201 §10]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 526 - Forestry AdministrationSection 526.780 - Agreements for forestry carbon offsets; requirements; creation; disposition of revenues.**

(1) The State Forester may enter into agreements with nonfederal forest landowners as a means to market, register, transfer or sell forestry carbon offsets on behalf of the landowners to provide a stewardship incentive for nonfederal forestlands.

(2) The State Forester may enter into an agreement described in this section if all of the following criteria are met:

(a) The agreement must ensure continuous management of the nonfederal forestlands at a standard that, in the judgment of the State Forester, would not occur in the absence of the agreement.

(b) Any forestry carbon offsets managed by the agreement must be attributable to the subject nonfederal forestland as determined by the forestry carbon offset accounting system established in ORS 526.783.

(c) Prices for the transfer or sale of forestry carbon offsets may be negotiated on behalf of the nonfederal forest landowner and must be at or greater than fair market value.

(d) The agreement must provide for the following distribution of proceeds from the transfer or sale of forest carbon offsets attributable to the subject nonfederal forestland:

(A) Not less than 50 percent to the nonfederal forest landowner;

(B) Not more than 25 percent to the State Forester to fund programs providing coordinated technical, financial or management planning assistance to nonindustrial private forest landowners; and

(C) Not more than 25 percent to the State Forester to fund administration of the forestry carbon offset program.

(3) All revenues received and any interest earned on moneys distributed to the State Forester under subsection (2)(d)(B) and (C) of this section shall be credited to the State Forestry Department Account and may be expended only for the purposes stated in subsection (2)(d)(B) and (C) of this section.

(4) A person or governmental agency may create a forestry carbon offset by performing, financing or otherwise causing one or more of the following activities:

(a) Afforestation or reforestation of underproducing lands that are not subject to required reforestation under the Oregon Forest Practices Act;

(b) Forest management activities not required under law existing at the point of creation of the forestry carbon offset, including but not limited to the following practices:

- (A) Stand density control treatments in overstocked, underproducing stands of timber;
- (B) Silvicultural practices that increase forest stand biomass, including but not limited to structure based management, variable retention, uneven age management, longer rotation ages and no harvest reserves;
- (C) Expanded riparian buffers and other leave areas; and
- (D) Deferred harvest rotations past 50 years or the age of economic maturity, whichever is longer; and
- (c) Other activities as defined by rule by the State Board of Forestry. [2001 c.752 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.783 - Development of forestry carbon offset accounting system.**

As a means of consistently reporting forestry carbon offsets created through programs established under ORS 526.725, 526.780 to 526.789, 530.050 or 530.500, the State Forester shall develop a forestry carbon offset accounting system for the registration, transfer or sale of forestry carbon offsets. The forestry carbon offset accounting system shall:

- (1) Use accepted principles and standards relating to creating, measuring, monitoring, marketing, verifying, registering, transferring and selling carbon offsets used as mitigation for carbon dioxide emissions; and
- (2) Be consistent with any rules adopted by the State Board of Forestry under ORS 526.786. [2001 c.752 §3; 2007 c.201 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.786 - Rules relating to forestry carbon offsets; rules advisory committee.**

(1) The State Board of Forestry may develop administrative rules that define principles and standards relating to the creation, measurement, accounting, marketing, verifying, registering, transferring and selling of forestry carbon offsets from nonfederal forestlands.

(2) Rules adopted by the board under this section shall set standards to ensure that in order to be marketed, registered, transferred or sold, a forestry carbon offset must be created as a result of forest management activities that:

- (a) Have the effect of increasing carbon storage on forestlands as measured by a forestry carbon offset accounting system;
- (b) Would not otherwise occur but for the carbon storage objective; and
- (c) Provide environmental, social and economic benefits for Oregon and its citizens, including but not limited to, protection or enhancement of long term timber supplies, native fish and wildlife habitat and water quality.

(3) Rules adopted by the board under this section shall establish principles to ensure that the forestry carbon offset accounting system shall:

- (a) Account for relevant sources of carbon dioxide emission debits and credits for carbon storage or sequestration;
- (b) Account for the duration and permanence of the carbon dioxide storage or emission reductions;
- (c) Include provisions for establishing the appropriate baseline for projects, practices, rotation ages, harvest schedules and ownership from which measured carbon dioxide emission debits, and credits for carbon storage or sequestration are made;
- (d) Account for other relevant and measurable greenhouse gas consequences, specifically credits and debits expressed as a carbon dioxide emissions equivalent, when establishing baselines or otherwise as appropriate;
- (e) Account for the specific forest management practices used on-site and include provisions for monitoring carbon dioxide emission debits and credits for carbon storage or sequestration, from the implementation of specific practices;
- (f) Account for continuing carbon dioxide emission debits, and credits for carbon storage or sequestration, based on the end product use of harvested biomass;
- (g) Account for environmental, social and economic benefits of forestry carbon offsets and ensure that practices with unsustainable, long term consequences are not used to create forestry carbon offsets;
- (h) Allow for public access to information in monitoring reports; and
- (i) Encourage third-party verification of forestry carbon offsets.

(4) Rules adopted by the board under this section may address qualifications for persons and agencies that provide third-party verification and registration of forestry carbon offsets.

(5) Rules adopted by the board under this section shall be developed with the assistance of an advisory committee appointed by the board. The advisory committee shall consist of at least nine persons and shall contain:

- (a) Persons from businesses, governmental agencies and nongovernmental organizations with knowledge and experience in the accounting of greenhouse gas emissions, sequestration and storage;
- (b) At least one person from a nongovernmental forestry conservation organization;
- (c) At least one nonindustrial private forest landowner or a representative of an organization that represents nonindustrial private forest landowners;

(d) One representative of the State Department of Energy;

(e) One representative of the State Department of Fish and Wildlife, or a designee of the State Department of Fish and Wildlife;

(f) One representative of the Department of Environmental Quality, or a designee of the Department of Environmental Quality;

(g) At least one representative from a qualified organization, as defined in ORS 469.503; and

(h) At least one representative from the State Forestry Department who shall serve as the secretary to the advisory committee. [2001 c.752 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.789 - Effect of state forestry carbon offset program.**

Nothing in ORS 526.005, 526.725, 526.780 to 526.789, 530.050 or 530.500 shall prohibit any person or governmental agency from marketing, selling or transferring forestry carbon offsets independently from the State Forester program established under ORS 526.725, 526.780 to 526.789, 530.050 or 530.500. Rules adopted by the State Board of Forestry pursuant to ORS 526.786 may not prohibit any person from marketing, selling or transferring forestry carbon offsets using principles and standards different than those adopted by the board. [2001 c.752 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.801 - Definitions for ORS 526.801 to 526.831 and 526.992.**

As used in ORS 526.801 to 526.831 and 526.992:

- (1) "Export" means that unprocessed timber is loaded on a vessel or other conveyance with a foreign destination or is present at a facility such as a port or dock with intent to load it on a vessel or other conveyance with a foreign destination.
- (2) "Person" means an individual, a partnership, a public or private corporation, an unincorporated association or any other legal entity. "Person" includes any subsidiary subcontractor, parent company or other affiliate. Business entities are considered affiliates when one controls or has the power to control the other or when both are controlled directly or indirectly by a third person.
- (3) "Private lands" means lands within the State of Oregon owned by a person. "Private lands" does not include federal lands or nonfederal public lands, or any lands the title to which is:
  - (a) Held in trust by the United States for the benefit of any Indian tribe or individual.
  - (b) Held by any Indian tribe or individual subject to a restriction by the United States against alienation.
- (4) "Public body" means an agency of the State of Oregon or of any other political subdivision.
- (5) "Public lands" means lands owned by the State of Oregon or by any other political subdivision.
- (6) "Unprocessed timber" means trees or portions of trees or other roundwood not processed to standards and specifications suitable for end product use. "Unprocessed timber" does not include timber processed into any one of the following:
  - (a) Lumber or construction timbers, meeting current American Lumber Standards Grades or Pacific Lumber Inspection Bureau Export R or N list grades, sawn on four sides, not intended for remanufacture.
  - (b) Lumber, construction timbers, or cants for remanufacture, meeting current American Lumber Standards Grades or Pacific Lumber Inspection Bureau Export R or N list clear grades, sawn on four sides, not to exceed 12 inches (nominal) in thickness.
  - (c) Lumber, construction timbers or cants for remanufacture, that do not meet the grades referred to in paragraph (b) of this subsection and are sawn on four sides, with wane less than one-fourth of any face, not exceeding eight and three-fourths inches in thickness.
  - (d) Chips, pulp or pulp products.
  - (e) Veneer or plywood.
  - (f) Poles, posts or piling cut or treated with preservatives for use as such.
  - (g) Shakes or shingles.
  - (h) Aspen or other pulpwood bolts, not exceeding 100 inches in length, exported for processing into pulp.
  - (i) Pulp logs or cull logs processed at domestic pulp mills, domestic chip plants or other domestic operations for the purpose of conversion of the logs into chips.
  - (j) Firewood cut in pieces 48 inches or less in length. [1991 c.942 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.806 - Prohibition against export of unprocessed timber; prohibition against certain public timber purchases.**

- (1) It is unlawful to export unprocessed timber originating from public lands in Oregon.
- (2) All unprocessed timber that originates from public lands is prohibited from export.
- (3) In addition to all other requirements of law, no person who is prohibited from purchasing timber directly from a public agency may purchase public timber from any other person. Acquisitions of Western Red Cedar that are domestically processed into finished products to be sold into domestic or international markets are exempt from the prohibitions contained in this subsection. [1991 c.942 §§3,5,6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.810**

[1961 c.700 §2; 1963 c.298 §7; renumbered 526.835]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.811 - Exemption from export prohibition.**

The prohibitions against export contained in ORS 526.801 to 526.831 and 526.992 shall not apply to specific quantities of grades and species of unprocessed timber originating from public lands which the United States Secretary of Agriculture or Secretary of the

Interior has determined by rule to be surplus to the needs of timber manufacturing facilities in the United States. [1991 c.942 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.816 - Certification by bidders for public timber.**

In addition to all other requirements of law, any person submitting a bid for the purchase of public timber must certify to the following:

- (1) The person will not export directly or indirectly unprocessed public timber;
- (2) The person will not sell, transfer, exchange or otherwise convey unprocessed public timber to any other person without obtaining a certification from the person of the person's intent to comply with ORS 526.801 to 526.831 and 526.992; and
- (3) Unless exempted by rule of a public agency, the person has not exported unprocessed timber from private lands in Oregon for a period of not less than 24 months prior to the date of submission of the bid. [1991 c.942 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.821 - Political subdivisions to establish rules.**

All political subdivisions engaged in selling public timber shall establish, by rule, the standards and procedures to implement the provisions of ORS 526.801 to 526.831 and 526.992. [1991 c.942 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.826 - Barring timber export violators from unprocessed public timber purchases.**

A public agency may debar any person who violates any provision of ORS 526.801 to 526.831 and 526.992, or any rule adopted pursuant thereto, from entering into any contract for the purchase of unprocessed timber from public lands for a period of not more than five years. Such person shall also be precluded from taking delivery of public timber purchased by another party for the period of debarment. [1991 c.942 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.831 - Contract cancellation for timber export violation.**

A public agency may cancel any contract entered into with a person found to have violated any provision of ORS 526.801 to 526.831 and 526.992, or any rule adopted pursuant thereto. [1991 c.942 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.900 - Review of state regulations and policies affecting implementation of conservation strategies.**

(1) The State Forestry Department and the State Department of Agriculture shall, in consultation with relevant state agencies and other public or private organizations, review state statutes, rules, policies and programs that affect landowner decisions to implement conservation strategies.

(2) The review conducted under subsection (1) of this section shall include:

- (a) Establishing a statewide strategy for the implementation and coordination of incentives, regulatory disincentives, expedited permit processes and related taxes.
- (b) The development of a stewardship agreement program for rural lands that establishes a baseline management standard for landowners and a voluntary higher standard that provides natural resource benefits and regulatory certainty for landowners. [2001 c.708 §17]

Note:

526.900 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.905 - Management plans or policies to reduce risk of loss of forest resources.**

(1) Pursuant to its authority to improve the efficient and effective use of state resources, the Oregon Department of Administrative Services shall coordinate with the State Department of Fish and Wildlife, the State Parks and Recreation Department, the State Forestry Department, the Department of State Lands and any other state agency that has oversight responsibilities for state forestlands to adopt forest management plans or policies that:

(a) Establish forest health programs and management strategies designed to reduce the risk of catastrophic loss of forest resources from disease and insect infestation.

(b) Establish goals and strategies for managing forest fuel accumulation in order to reduce the risk of catastrophic fires in areas historically subject to frequent, periodic fires.

(2) To the extent that a state agency with oversight responsibilities for state forestlands has, as of January 1, 2004, policies, approved forest management plans or other strategies designed to address forest health and forest fuels management, those policies, plans and strategies may be incorporated into the plans and policies developed by the Oregon Department of Administrative Services.

(3) The Oregon Department of Administrative Services may develop forest fuel reduction and forest health restoration projects that

may be implemented by state agencies. Such projects may include procedures for:

- (a) Identifying forests that are at high risk of loss due to fuel accumulation, disease or insect infestation.
- (b) Cooperating with local governments to identify locations where the urban-forest interface poses the greatest risk of contributing to damage or loss during a fire.
- (c) Establishing priority areas for the projects due to natural, economic or scenic values. [2003 c.424 §1]

Note:

526.905 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 526 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

Note:

Sections 14 to 17, chapter 611, Oregon Laws 2023, provide:

:BF8.(Prescribed Fire Liability Pilot Program)

Sec. 14.

(1) As used in this section:

(a) "Cultural burn" means the intentional application of fire to land by an Indian tribe or cultural fire practitioner to achieve cultural goals or objectives identified by a tribal ordinance, traditional tribal custom or law of an Indian tribe, such as subsistence, ceremonial activities, biodiversity or other benefits.

(b) "Cultural fire practitioner" means a person associated with an Indian tribe with experience in burning to meet cultural goals or objectives, including subsistence, ceremonial activities, biodiversity or other benefits.

(c) "Indian tribe" means a federally recognized Indian tribe in Oregon.

(2) The State Forestry Department shall establish a Prescribed Fire Liability Pilot Program and administer the program.

(3) Notwithstanding subsection (2) of this section, the Department of Consumer and Business Services shall administer reimbursements for claims under the program.

(4) The program must be administered to:

(a) Increase the pace and scale of the use of prescribed fire and cultural burning.

(b) Reduce barriers for conducting prescribed fires and cultural burning.

(c) Support coverage for losses from prescribed fires and cultural burning by nonpublic entities such as cultural fire practitioners, private landowners, nongovernmental entities, Certified Burn Managers as defined in ORS 526.005, companies, contractors and operators.

(d) Support nonpublic entities, such as cultural fire practitioners, private landowners, nongovernmental entities, Certified Burn Managers, companies, contractors and operators, that are alleged to have caused damages resulting from prescribed fires or cultural burning.

(5) Under the program, the Department of Consumer and Business Services may reimburse claims related to:

(a) A prescribed fire conducted or supervised by the State Forester, a forest protective association or a rangeland protection association, pursuant to ORS 477.315 to 477.325.

(b) A prescribed fire in a forest protection district, as described in ORS 477.205 to 477.281, that is conducted or supervised by a Certified Burn Manager pursuant to ORS 526.360.

(c) A cultural burn conducted or supervised by a cultural fire practitioner.

(6) The Department of Consumer and Business Services may only reimburse a claim for recoverable damages, as described in ORS 477.089 (2), or for actual costs, as described in ORS 477.068, subject to the provisions of ORS 477.120, if:

(a) The State Forester, a forest protective association, a rangeland protection association or a Certified Burn Manager reviewed and approved a burn plan before the prescribed fire or cultural burning;

(b) Any necessary permit was obtained before the prescribed fire or cultural burning was conducted;

(c) The prescribed fire or cultural burning complied with any requirements under a burn plan or permit;

(d) The claim was submitted to the Department of Consumer and Business Services not more than 60 days after an incident report was completed or as specified by rule by the State Forestry Department; and

(e) The State Forestry Department has certified that the claim satisfies the requirements of paragraphs (a) to (d) of this subsection.

(7) The limitations imposed by ORS 30.271 apply to claims under this section for losses arising from a prescribed fire or cultural burn.

(8) The State Forestry Department:

(a) Shall consult with other relevant state agencies, cultural fire practitioners, the State Forester, forest protective associations, rangeland protection associations and Certified Burn Managers to establish guidelines for the program.

(b) Shall adopt the guidelines by rule.

(c) Shall make the guidelines publicly available on a department website.

(d) Notwithstanding subsection (3) of this section, shall adopt rules to determine how claims under the program will be accepted and processed.

(e) Shall adopt by rule a definition of the term "prescribed fire" for purposes of implementing this section.

(f) Shall adopt rules establishing requirements for incident reports for prescribed fires and cultural burning.

(g) May adopt rules imposing requirements for eligibility for reimbursement of a claim under this section that are in addition to eligibility requirements described in subsection (6) of this section.

(9) A person who interacts with an Indian tribe or cultural fire practitioner pursuant to this section shall respect tribal sovereignty, customs and culture.

(10) Notwithstanding any other provision of law, the state's liability for all claims under this section and the guidelines developed by the State Forestry Department pursuant to subsection (8) of this section, shall be limited as described in this section and to the amount in the Prescribed Fire Claims Fund established by section 15 of this 2023 Act.

(11) The provisions of ORS 183.310 to 183.497 do not apply to rules adopted under this section.

(12) This section does not undermine or diminish the exercise of tribal sovereignty. [2023 c.611 §14]

Sec. 15.

(1) There is established in the State Treasury, separate and distinct from the General Fund, the Prescribed Fire Claims Fund. Interest earned by the fund shall be credited to the fund. All moneys in the fund are continuously appropriated to the Department of Consumer and Business Services for the program described in section 14 of this 2023 Act.

(2) The fund shall consist of all moneys credited to the fund, including moneys appropriated or transferred to the fund by the Legislative Assembly.

(3) If the department authorizes the Oregon Insurance Guaranty Association to administer the program, the department shall distribute moneys in the fund to the association as necessary for the program. [2023 c.611 §15]

Sec. 16.

(1) Sections 14 and 15 of this 2023 Act are repealed on January 2, 2028.

(2) Forty-five days before the date specified in subsection (1) of this section, the Department of Consumer and Business Services and the State Forestry Department shall determine the number of claims certified by the State Forestry Department pursuant to section 14 (6)(e) of this 2023 Act that have not been processed.

(3) Any moneys in the Prescribed Fire Claims Fund that are unexpended and unobligated on the date of the repeal of sections 14 and 15 of this 2023 Act by subsection (1) of this section shall revert to the General Fund.

(4) The Department of Consumer and Business Services shall determine the amount of unexpended and unobligated moneys described in subsection (3) of this section, based on the amount remaining in the fund and the number of claims described in subsection (2) of this section. [2023 c.611 §16]

Sec. 17.

(1) On or before April 1, 2028, in consultation with the Department of Consumer and Business Services, the State Forestry Department shall report to the Governor and to a committee or interim committee of the Legislative Assembly related to natural resources, in the manner prescribed in ORS 192.245, on the performance of the Prescribed Fire Liability Pilot Program described in section 14 of this 2023 Act.

(2) The report must include:

(a) The number of claims that were processed after the program was established and before the date of the report.

(b) The total costs of claims paid.

(c) A reference to an incident report for each claim processed or paid after the program was established and before the date of the report.

(d) Recommendations for revising the program and improving administration of the program if sections 14 and 15 of this 2023 Act are not repealed on January 2, 2028, pursuant to section 16 of this 2023 Act. [2023 c.611 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.990 - Criminal penalty for rule violation.**

Violation of any rule promulgated under ORS 526.041 (1) is, upon conviction, punishable as a misdemeanor. [1969 c.249 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.991 - Criminal penalty for large commercial event offense.**

An organizer commits a Class A misdemeanor if the organizer:

(1) Accepts money or other items of value in an exchange described under ORS 526.287 (2)(a) prior to the issuance of a large commercial event permit required under ORS 526.291; or

(2) Recklessly allows the violation of a term or condition of a large commercial event permit issued to the organizer by the State Forestry Department. [2015 c.713 §7]

Note:

See note under 526.287.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 526 - Forestry Administration Section 526.992 - Criminal and civil penalties for timber export violation.**

(1) A person who, with willful disregard for the prohibitions contained in ORS 526.801 to 526.831 against exporting public timber, exported or caused to be exported unprocessed timber originating from public lands in violation of this chapter is guilty of a Class C felony and may be assessed a civil penalty not to exceed \$500,000 for each violation or three times the gross value of the unprocessed timber involved in the violation, whichever amount is greater.

(2) If the agency concerned finds, on the record and after an opportunity for a hearing, that a person has violated any provision of

ORS 526.801 to 526.831 or any rule issued pursuant thereto relating to lands which the agency administers (notwithstanding that such violation may not have caused the export of unprocessed public timber in violation of this chapter), such agency may:

- (a) Assess against such person a civil penalty not more than \$75,000 for each violation if it is determined that the violation was casual or involuntary.
- (b) Assess against such person a civil penalty not more than \$500,000 or three times the gross value of the unprocessed timber involved in the violation, whichever amount is greater, if it is determined that the person committed such violation willfully. Any person who willfully commits such a violation is guilty of a Class C felony.
- (3) Any civil penalty imposed under this section shall become due and payable when the person incurring the penalty receives a notice in writing of the imposition of the penalty. The notice may be personally served on the person incurring the penalty or may be sent by registered or certified mail.
- (4) The person incurring the penalty shall have 20 days from the date of receiving the notice to make written application for a hearing.
- (5) Any person who makes application as provided for in subsection (4) of this section shall be entitled to a hearing. The hearing shall be conducted as a contested case hearing pursuant to the applicable provisions of ORS 183.413 to 183.470.
- (6) Judicial review of an order made after a hearing under this section shall be as provided in ORS 183.480 to 183.497 for judicial review of contested cases.
- (7) When an order assessing a civil penalty under this section becomes final by operation of law or on appeal, and the amount of penalty is not paid within 10 days after the order becomes final, the order may be recorded with the county clerk in any county of this state. The clerk shall thereupon record the name of the person incurring the penalty and the amount of the penalty in the County Clerk Lien Record.
- (8) All moneys recovered pursuant to this section shall be paid into the State Forestry Department Account and may be used only to pay the expenses of administration, investigation and enforcement of ORS 526.801 to 526.831 by the State Forester or any law enforcement agency. [1991 c.942 §9; 1999 c.59 §165]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.010**

[Amended by 1971 c.316 §1; renumbered 527.610]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.240**

[Amended by 1971 c.316 §13; renumbered 527.700]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.260 - Injuring forest tree of another or extracting pitch without, or in violation of, a permit prohibited; permit to extract pitch.**

- (1) No person shall willfully and unlawfully:
  - (a) Bore or cut any forest tree belonging to another for the purpose of extracting pitch;
  - (b) Cut, injure or deface any such tree for the purpose of taking any part of it; or
  - (c) Injure or destroy any such tree.
- (2) The State Forester, with the consent of the owner of the land, shall issue permits for the extraction of pitch from forest trees. The terms of the permits shall clearly describe the area to which the extraction shall be confined and state the precautions necessary, in the judgment of the State Forester, to be taken by the permittee, so that the extraction will not result in an increased fire hazard to life and adjoining property.
- (3) No person shall:
  - (a) Bore or cut any forest tree for the purpose of extracting pitch without having first obtained a permit to do so; or
  - (b) Willfully or negligently fail to comply with the terms of the permit. [Amended by 1995 c.79 §299]

[1953 c.375 §28; 1961 c.297 §10; renumbered 477.450]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.290**

[1953 c.375 §29; renumbered 477.455]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.292**

[1953 c.375 §30; 1961 c.297 §11; renumbered 477.460]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.310 - Definitions for ORS 527.310 to 527.370.**

As used in and for the purposes of ORS 527.310 to 527.370:

- (1) "Control" means reduction of resource losses or pest occurrences to an acceptable level by direct and immediate application of effective prevention, suppression or eradication strategies, or any combination thereof.
- (2) "Eradication" means the implementation of strategies through host or pest destruction or removal, or by the use of pesticides, to contain or completely eliminate exotic pests in a specific area, or both.
- (3) "Exotic" means any pest that has been accidentally or deliberately introduced into an area where it does not naturally occur.
- (4) "Forestland" means any nonfederal land which has enough timber or forest growths, standing or down, to constitute, in the judgment of the State Board of Forestry, forest pests of a nature to be harmful, detrimental and injurious to the management objectives for the site.
- (5) "Integrated pest management" means a coordinated decision-making process that utilizes the most appropriate of all reasonably available means, tactics or strategies blended together to minimize the impact of forest pests in an environmentally and economically sound manner to meet site specific management objectives.
- (6) "Native" means any pest that is indigenous or naturally occurring in a particular area.
- (7) "Owner" means any person owning nonfederal forestlands or timber as shown on the latest records of the tax collector of the county in which the forestlands or timber is situated. Where timber is owned entirely separate and apart from the land whereon it grows or is situated, "owner" means any person owning such timber as shown on the latest records of the tax collector of the county in which the timber is situated.
- (8) "Pest" means any forest insect or disease which causes or may cause damage that prevents or interferes with management objectives in a specific area.
- (9) "Pesticide" has the meaning given that term in ORS 634.006.
- (10) "Prevention" means the implementation of strategies designed to minimize the impact of a pest before an outbreak occurs, including but not limited to, release or enhancement of natural enemies and silvicultural activities to increase tree vigor or otherwise reduce tree susceptibility to pest damage. "Prevention" requires the incorporation of integrated pest management into overall forest resource management in order to create ecological conditions unfavorable for the reproduction or survival of pest organisms.
- (11) "Strategies" may include, but are not limited to, physical and biological methods and application of pesticides.
- (12) "Suppression" means the implementation of intervention strategies designed to reduce native pest populations to acceptable levels necessary to meet forest resource management objectives in a specified area. [Amended by 1967 c.87 §1; 1991 c.686 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.315 - Process components.**

The integrated pest management process shall consist of:

- (1) Defining the management unit or area of concern.
- (2) Defining site specific management objectives that are compatible with the ecosystem of concern and that are achievable within the economic, logistical and regulatory constraints that apply.
- (3) Establishing or maintaining routine detection and monitoring systems of major pests and their damage through ground and aerial surveys.
- (4) Evaluating forest and pest conditions on specified site.
- (5) Establishing pest population thresholds or acceptable levels of damage, or both, but not taking action until those levels are exceeded or where historical documentation has verified a reoccurring problem.
- (6) Developing and evaluating potential strategies.
- (7) Considering the following in selecting a strategy:
  - (a) Effectiveness;
  - (b) Operational feasibility;
  - (c) Cost-effectiveness;
  - (d) Ecological soundness;
  - (e) Environmental impact; and
  - (f) Site specific resource management objectives.
- (8) Implementing the strategy selected.

- (9) Timing actions for maximum effectiveness by monitoring pest, host development and weather.
- (10) Monitoring and evaluating results of activities and strategies.
- (11) Keeping current, accurate records.
- (12) Structuring the program so that it can be adjusted to meet changes or varying situations. [1991 c.686 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.321 - Implementation of process by State Forester.**

The State Forester shall implement the integrated pest management process as provided in ORS 527.315 on department-managed lands and encourage the process on other nonfederal lands by setting examples on department lands and through training workshops, demonstration areas and on-site technical advice. [1991 c.686 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.335 - Investigations by State Forester concerning pests; access to privately owned lands.**

(1) The State Forester shall conduct surveys and evaluations on nonfederal forestlands to determine the presence, extent, trend and impact of native and exotic pests, as well as overall forest health monitoring. In so doing, the forester or representatives of the forester may go upon privately owned lands with permission of the respective owners thereof, and should any owner withhold such permission and the forester believes an emergency exists, the forester may petition that circuit court of this state having jurisdiction over the lands involved for a warrant authorizing the forester or representatives of the forester to go upon such lands. Upon petition being made the court shall forthwith summarily determine whether or not such emergency exists, and if determining such emergency exists, immediately issue a warrant authorizing the forester or representatives of the forester to go upon such lands for the purposes of this section.

(2) The State Forester may cooperate with the United States or agencies thereof, other agencies of the state, county or municipal governments, agencies of other states or other public or private organizations or individuals and may accept such funds, equipment, supplies or services from cooperators and others as it may deem appropriate for the purposes of subsections (1) and (4) of this section.

(3) The State Forester is authorized to enter into contracts for selected services or accept moneys from private and public sources for the purposes stated in subsections (1) and (4) of this section; provided, however, that such moneys shall be placed in the State Forestry Department Account and shall be continuously appropriated for such purposes.

(4) The State Forester shall also provide on-site technical advice regarding insect and disease management to nonfederal land owners who request such services. [1961 c.212 §1; 1991 c.686 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.341 - Forestland owners to implement strategies to carry out resource management objectives.**

Every owner of forestlands or timber shall implement prevention and suppression strategies to meet their own forest resource management objectives. [1991 c.686 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.346 - State Forester to assist owners unable to take action against pest.**

(1) Whenever the State Forester determines, using criteria approved by the State Board of Forestry, that owners are unable to take action against a pest that is threatening Oregon's economic, social and environmental well-being, the State Forester shall, using funds appropriated by the Legislative Assembly, declare a control district and implement the appropriate strategy.

(2) The State Forester shall, within 15 days after receiving state funds, notify in writing all owners of forestlands within the control district of the declared control project. The notice shall be served by return receipt mail addressed to the last-known address of the owner. In addition, there shall be published an article describing the nature of the control district, including a legal description of the area and vicinity map, at least once a week for two consecutive weeks in a newspaper having a general circulation in the area in which the control district is situated. Other methods of notification may be used in the future as new technology becomes available. [1991 c.686 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.360 - Costs of eradication; state to contribute; unpaid costs to be charge against timber; collection of charge.**

Upon completion of any work authorized and performed under the provisions of ORS 527.346, the State Forester shall prepare a certified statement of the expenses necessarily incurred in performing the work. The state shall assist in the payment of control costs from funds available for that purpose. The balance of the expenses, after deducting the sum of such amounts as may be contributed by the state, the federal government or any other agencies or persons to defray control costs, shall constitute a charge against the forestlands or timber involved and shall be collected in the same manner as forest patrol assessments under the provisions of ORS

chapter 477. [Amended by 1967 c.87 §4; 1991 c.686 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.370 - Disposition of receipts.**

All moneys collected under ORS 527.335 and 527.346, together with such moneys as have been and may be appropriated by the legislature for the purposes of ORS 527.310 to 527.370, and with such moneys as may be contributed by the federal government or any agencies or persons, shall be placed into the State Forestry Department Account. [Amended by 1953 c.15 §3; 1955 c.116 §2; 1957 c.83 §11; 1967 c.34 §5; 1991 c.686 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.610 - Short title.**

ORS 527.610 to 527.770, 527.990

(1) and 527.992 are known as the Oregon Forest Practices Act. [Formerly 527.010; 1991 c.634 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.620 - Definitions for ORS 527.610 to 527.770.**

As used in ORS 527.610 to 527.770, 527.990 and 527.992:

(1) "Aquatic resource" means:

(a) A species addressed in the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, and the resources on which the species relies; or

(b) If a habitat conservation plan consistent with the Private Forest Accord Report has been approved, a species addressed in the habitat conservation plan and the resources on which the species relies.

(2) "Board" means the State Board of Forestry.

(3) "Cumulative effects" means the impact on the environment which results from the incremental impact of the forest practice when added to other past, present and reasonably foreseeable future forest practices regardless of what governmental agency or person undertakes such other actions.

(4) "DBH" means the diameter at breast height which is measured as the width of a standing tree at four and one-half feet above the ground, on the uphill side.

(5) "Edge of the roadway" means:

(a) For interstate highways, the fence.

(b) For all other state highways, the outermost edge of pavement, or if unpaved, the edge of the shoulder.

(6) "Forest practice" means any operation conducted on or pertaining to forestland, including but not limited to:

(a) Reforestation of forestland;

(b) Road construction and maintenance;

(c) Harvesting of forest tree species;

(d) Application of chemicals;

(e) Disposal of slash; and

(f) Removal of woody biomass.

(7) "Forest tree species" means any tree species capable of producing logs, fiber or other wood materials suitable for the production of lumber, sheeting, pulp, firewood or other commercial forest products except trees grown to be Christmas trees as defined in ORS 571.505 on land used solely for the production of Christmas trees.

(8) "Forestland" means land that is used for the growing and harvesting of forest tree species, regardless of how the land is zoned or taxed or how any state or local statutes, ordinances, rules or regulations are applied.

(9) "Harvest type 1" means an operation that requires reforestation but does not require wildlife leave trees. A harvest type 1 is an operation that leaves a combined stocking level of free to grow seedlings, saplings, poles and larger trees that is less than the stocking level established by rule of the board that represents adequate utilization of the productivity of the site.

(10) "Harvest type 2" means an operation that requires wildlife leave trees but does not require reforestation. A harvest type 2 does not require reforestation because it has an adequate combined stocking of free to grow seedlings, saplings, poles and larger trees, but leaves:

(a) On Cubic Foot Site Class I, II or III, fewer than 50 11-inch DBH trees or less than an equivalent basal area in larger trees, per acre;

(b) On Cubic Foot Site Class IV or V, fewer than 30 11-inch DBH trees or less than an equivalent basal area in larger trees, per acre; or

(c) On Cubic Foot Site Class VI, fewer than 15 11-inch DBH trees or less than an equivalent basal area in larger trees, per acre.

(11) "Harvest type 3" means an operation that requires reforestation and requires wildlife leave trees. This represents a level of stocking below which the size of operations is limited under ORS 527.740 and 527.750.

(12) "Landowner" means any individual, combination of individuals, partnership, corporation or association of whatever nature that holds an ownership interest in forestland, including the state and any political subdivision thereof.

(13) "Operation" means any commercial activity relating to the establishment, management or harvest of forest tree species except

as provided by the following:

(a) The establishment, management or harvest of Christmas trees, as defined in ORS 571.505, on land used solely for the production of Christmas trees.

(b) The establishment, management or harvest of hardwood timber, including but not limited to hybrid cottonwood, that is:

(A) Grown on land that has been prepared by intensive cultivation methods and that is cleared of competing vegetation for at least three years after tree planting;

(B) Of a species marketable as fiber for inclusion in the furnish for manufacturing paper products;

(C) Harvested on a rotation cycle that is 12 or fewer years after planting; and

(D) Subject to intensive agricultural practices such as fertilization, cultivation, irrigation, insect control and disease control.

(c) The establishment, management or harvest of trees actively farmed or cultured for the production of agricultural tree crops, including nuts, fruits, seeds and nursery stock.

(d) The establishment, management or harvest of ornamental, street or park trees within an urbanized area, as that term is defined in ORS 221.010.

(e) The management or harvest of juniper species conducted in a unit of less than 120 contiguous acres within a single ownership.

(f) The establishment or management of trees intended to mitigate the effects of agricultural practices on the environment or fish and wildlife resources, such as trees that are established or managed for windbreaks, riparian filters or shade strips immediately adjacent to actively farmed lands.

(g) The development of an approved land use change after timber harvest activities have been completed and land use conversion activities have commenced.

(14) "Operator" means any person, including a landowner or timber owner, who conducts an operation.

(15)(a) "Significant violation" means:

(A) Violation of ORS 527.670 (6) by engaging in an operation without filing the requisite notification;

(B) Continued operation in contravention of an order issued by the State Forester under ORS 527.680 (2)(a), (3) or (5); or

(C) A violation resulting in major damage to a resource described in ORS 527.710 (2) for which restoration is expected to take more than 10 years.

(b) "Significant violation" does not include:

(A) Unintentional operation in an area outside an operating area of an operation for which sufficient notification was filed pursuant to ORS 527.670 (6);

(B) Continued operation in contravention of an order issued by the State Forester under ORS 527.680 (2)(a), (3) or (5), where an operator, timber owner or landowner demonstrates that it did not receive the order; or

(C) Failure to timely notify the State Forester of an intent to continue an operation into the next calendar year.

(16) "Single ownership" means ownership by an individual, partnership, corporation, limited liability company, trust, holding company or other business entity, including the state or any political subdivision thereof. Single ownership includes ownership held under different names or titles where the same individual or individuals, or their heirs or assigns, are shareholders (other than those of public corporations whose stock is traded on the open market), partners, business trustees or officers, or otherwise have an interest in or are associated with each property.

(17) "State Forester" means the State Forester or the duly authorized representative of the State Forester.

(18) "Suitable hardwood seedlings" means any hardwood seedling that will eventually yield logs or fiber, or both, sufficient in size and quality for the production of lumber, plywood, pulp or other forest products.

(19) "Timber owner" means any individual, combination of individuals, partnership, corporation or association of whatever nature, other than a landowner, that holds an ownership interest in any forest tree species on forestland.

(20) "Visually sensitive corridor" means forestland extending outward 150 feet, measured on the slope, from the outermost edge of the roadway of a scenic highway referred to in ORS 527.755, along both sides for the full length of the highway.

(21) "Wildlife leave trees" means trees or snags required to be retained as described in ORS 527.676 (1).

(22) "Written plan" means a document prepared by an operator, timber owner or landowner that describes how the operation is planned to be conducted. [1971 c.316 §3; 1987 c.919 §9; 1991 c.547 §1; 1991 c.634 §3; 1991 c.919 §1; 1995 s.s. c.3 §39; 1996 c.9 §2; 1999 c.59 §166; 2001 c.451 §1; 2003 c.740 §2; 2011 c.276 §6; 2022 c.33 §40]

Note:

The amendments to 527.620 by section 68, chapter 33, Oregon Laws 2022, become operative only if certain conditions are met. See sections 54 and 61 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711). 527.620, as amended by section 68, chapter 33, Oregon Laws 2022, is set forth for the user's convenience.

As used in ORS 527.610 to 527.770, 527.990 and 527.992:

(1) "Board" means the State Board of Forestry.

(2) "Cumulative effects" means the impact on the environment which results from the incremental impact of the forest practice when added to other past, present and reasonably foreseeable future forest practices regardless of what governmental agency or person undertakes such other actions.

(3) "DBH" means the diameter at breast height which is measured as the width of a standing tree at four and one-half feet above the ground, on the uphill side.

(4) "Edge of the roadway" means:

- (a) For interstate highways, the fence.
- (b) For all other state highways, the outermost edge of pavement, or if unpaved, the edge of the shoulder.
- (5) "Forest practice" means any operation conducted on or pertaining to forestland, including but not limited to:
  - (a) Reforestation of forestland;
  - (b) Road construction and maintenance;
  - (c) Harvesting of forest tree species;
  - (d) Application of chemicals;
  - (e) Disposal of slash; and
  - (f) Removal of woody biomass.
- (6) "Forest tree species" means any tree species capable of producing logs, fiber or other wood materials suitable for the production of lumber, sheeting, pulp, firewood or other commercial forest products except trees grown to be Christmas trees as defined in ORS 571.505 on land used solely for the production of Christmas trees.
- (7) "Forestland" means land that is used for the growing and harvesting of forest tree species, regardless of how the land is zoned or taxed or how any state or local statutes, ordinances, rules or regulations are applied.
- (8) "Harvest type 1" means an operation that requires reforestation but does not require wildlife leave trees. A harvest type 1 is an operation that leaves a combined stocking level of free to grow seedlings, saplings, poles and larger trees that is less than the stocking level established by rule of the board that represents adequate utilization of the productivity of the site.
- (9) "Harvest type 2" means an operation that requires wildlife leave trees but does not require reforestation. A harvest type 2 does not require reforestation because it has an adequate combined stocking of free to grow seedlings, saplings, poles and larger trees, but leaves:
  - (a) On Cubic Foot Site Class I, II or III, fewer than 50 11-inch DBH trees or less than an equivalent basal area in larger trees, per acre;
  - (b) On Cubic Foot Site Class IV or V, fewer than 30 11-inch DBH trees or less than an equivalent basal area in larger trees, per acre; or
  - (c) On Cubic Foot Site Class VI, fewer than 15 11-inch DBH trees or less than an equivalent basal area in larger trees, per acre.
- (10) "Harvest type 3" means an operation that requires reforestation and requires wildlife leave trees. This represents a level of stocking below which the size of operations is limited under ORS 527.740 and 527.750.
- (11) "Landowner" means any individual, combination of individuals, partnership, corporation or association of whatever nature that holds an ownership interest in forestland, including the state and any political subdivision thereof.
- (12) "Operation" means any commercial activity relating to the establishment, management or harvest of forest tree species except as provided by the following:
  - (a) The establishment, management or harvest of Christmas trees, as defined in ORS 571.505, on land used solely for the production of Christmas trees.
  - (b) The establishment, management or harvest of hardwood timber, including but not limited to hybrid cottonwood, that is:
    - (A) Grown on land that has been prepared by intensive cultivation methods and that is cleared of competing vegetation for at least three years after tree planting;
    - (B) Of a species marketable as fiber for inclusion in the furnish for manufacturing paper products;
    - (C) Harvested on a rotation cycle that is 12 or fewer years after planting; and
    - (D) Subject to intensive agricultural practices such as fertilization, cultivation, irrigation, insect control and disease control.
  - (c) The establishment, management or harvest of trees actively farmed or cultured for the production of agricultural tree crops, including nuts, fruits, seeds and nursery stock.
  - (d) The establishment, management or harvest of ornamental, street or park trees within an urbanized area, as that term is defined in ORS 221.010.
  - (e) The management or harvest of juniper species conducted in a unit of less than 120 contiguous acres within a single ownership.
  - (f) The establishment or management of trees intended to mitigate the effects of agricultural practices on the environment or fish and wildlife resources, such as trees that are established or managed for windbreaks, riparian filters or shade strips immediately adjacent to actively farmed lands.
  - (g) The development of an approved land use change after timber harvest activities have been completed and land use conversion activities have commenced.
- (13) "Operator" means any person, including a landowner or timber owner, who conducts an operation.
- (14) "Single ownership" means ownership by an individual, partnership, corporation, limited liability company, trust, holding company or other business entity, including the state or any political subdivision thereof. Single ownership includes ownership held under different names or titles where the same individual or individuals, or their heirs or assigns, are shareholders (other than those of public corporations whose stock is traded on the open market), partners, business trustees or officers, or otherwise have an interest in or are associated with each property.
- (15) "State Forester" means the State Forester or the duly authorized representative of the State Forester.
- (16) "Suitable hardwood seedlings" means any hardwood seedling that will eventually yield logs or fiber, or both, sufficient in size and quality for the production of lumber, plywood, pulp or other forest products.
- (17) "Timber owner" means any individual, combination of individuals, partnership, corporation or association of whatever nature,

other than a landowner, that holds an ownership interest in any forest tree species on forestland.

(18) "Visually sensitive corridor" means forestland extending outward 150 feet, measured on the slope, from the outermost edge of the roadway of a scenic highway referred to in ORS 527.755, along both sides for the full length of the highway.

(19) "Wildlife leave trees" means trees or snags required to be retained as described in ORS 527.676 (1).

(20) "Written plan" means a document prepared by an operator, timber owner or landowner that describes how the operation is planned to be conducted.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.630 - Policy; rules.**

(1) Forests make a vital contribution to Oregon by providing jobs, products, tax base and other social and economic benefits, by helping to maintain forest tree species, soil, air and water resources and by providing a habitat for wildlife and aquatic life. Therefore, it is declared to be the public policy of the State of Oregon to encourage economically efficient forest practices that ensure the continuous growing and harvesting of forest tree species and the maintenance of forestland for such purposes as the leading use on privately owned land, consistent with sound management of soil, air, water, fish and wildlife resources and scenic resources within visually sensitive corridors as provided in ORS 527.755 and to ensure the continuous benefits of those resources for future generations of Oregonians.

(2) It is recognized that operations on forestland are already subject to other laws and to regulations of other agencies which deal primarily with consequences of such operations rather than the manner in which operations are conducted. It is further recognized that it is essential to avoid uncertainty and confusion in enforcement and implementation of such laws and regulations and in planning and carrying out operations on forestlands.

(3) To encourage forest practices implementing the policy of ORS 527.610 to 527.770, 527.990 and 527.992, it is declared to be in the public interest to vest in the State Board of Forestry exclusive authority to develop and enforce statewide and regional rules pursuant to ORS 527.710 and to coordinate with other state agencies and local governments which are concerned with the forest environment.

(4) It is recognized that ensuring compliance with, and enforcing, ORS 527.610 to 527.770 and rules and orders adopted or issued thereunder is essential to protect Oregon's natural resources. It is further recognized that onsite inspections are necessary to further the policy of ORS 527.610 to 527.770, 527.990 and 527.992.

(5) It is recognized that enforcement of the policy of ORS 527.610 to 527.770, 527.990 and 527.992 is necessary to support the integrity of the policy and give the public confidence that standards for forest practices are being followed. It is further recognized that an effective enforcement program must include:

(a) Adequate training and education of enforcement officers, operators, timber owners and landowners.

(b) Clear technical guidance.

(c) Implementation expectations that are transparent and easily understood by operators, timber owners and landowners.

(6) It is declared to be the policy of the State of Oregon that the program for implementing enforcement under ORS 527.680, 527.683, 527.685, 527.690 and 527.700 be adequately funded, and that the board:

(a) Use inspections and enforcement as tools to deter future violations and to educate and train operators, timber owners and landowners.

(b) In exercising enforcement discretion, including discretion to impose penalties, prioritize addressing significant violations, other consequential violations and the actions of repeat violators.

(7) The board may adopt and enforce rules addressing scenic considerations only in accordance with ORS 527.755.

(8) The board shall adopt and enforce forest practice rules to reduce the risk of serious bodily injury or death from a rapidly moving landslide only in accordance with ORS 527.710 (10). As used in this subsection, "rapidly moving landslide" has the meaning given in ORS 195.250.

(9) The State of Oregon should provide a stable regulatory environment to encourage investment in private forestlands. [1971 c.316 §4; 1987 c.919 §10; 1991 c.634 §4; 1991 c. 919 §10; 1995 s.s. c.3 §39L; 1996 c.9 §14; 1999 c.1103 §11; 2003 c.740 §9; 2022 c.33 §41]

Note:

The amendments to 527.630 by section 69, chapter 33, Oregon Laws 2022, become operative only if certain conditions are met. See sections 54 and 61 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711). 527.630, as amended by section 69, chapter 33, Oregon Laws 2022, is set forth for the user's convenience.

(1) Forests make a vital contribution to Oregon by providing jobs, products, tax base and other social and economic benefits, by helping to maintain forest tree species, soil, air and water resources and by providing a habitat for wildlife and aquatic life.

Therefore, it is declared to be the public policy of the State of Oregon to encourage economically efficient forest practices that ensure the continuous growing and harvesting of forest tree species and the maintenance of forestland for such purposes as the leading use on privately owned land, consistent with sound management of soil, air, water, fish and wildlife resources and scenic resources within visually sensitive corridors as provided in ORS 527.755 and to ensure the continuous benefits of those resources for future generations of Oregonians.

(2) It is recognized that operations on forestland are already subject to other laws and to regulations of other agencies which deal primarily with consequences of such operations rather than the manner in which operations are conducted. It is further recognized

that it is essential to avoid uncertainty and confusion in enforcement and implementation of such laws and regulations and in planning and carrying out operations on forestlands.

(3) To encourage forest practices implementing the policy of ORS 527.610 to 527.770, 527.990 and 527.992, it is declared to be in the public interest to vest in the State Board of Forestry exclusive authority to develop and enforce statewide and regional rules pursuant to ORS 527.710 and to coordinate with other state agencies and local governments which are concerned with the forest environment.

(4) The board may adopt and enforce rules addressing scenic considerations only in accordance with ORS 527.755.

(5) The board shall adopt and enforce forest practice rules to reduce the risk of serious bodily injury or death from a rapidly moving landslide only in accordance with ORS 527.710 (10). As used in this subsection, "rapidly moving landslide" has the meaning given in ORS 195.250.

(6) The State of Oregon should provide a stable regulatory environment to encourage investment in private forestlands.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.633 - Conversion of forestland to other uses.**

Nothing in the Oregon Forest Practices Act shall prevent the conversion of forestland to any other use. [Formerly 527.730]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.640 - Forest regions.**

The State Board of Forestry shall establish a number of forest regions, but not less than three, necessary to achieve the purposes described in ORS 527.630. [1971 c.316 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.650 - Forest practice committees; members; qualifications; appointment; terms.**

(1) The State Board of Forestry shall establish a forest practice committee for each forest region established pursuant to ORS 527.640. Each such committee shall consist of nine members, a majority of whom must reside in the region. Members of each committee shall be qualified by education or experience in natural resource management and not less than two-thirds of the members of each committee shall be private landowners, private timber owners or authorized representatives of such landowners or timber owners who regularly engage in operations.

(2) Members of forest practice committees shall be appointed by the board for three-year terms. If there is a vacancy for any cause, the board shall make an appointment to become immediately effective for the unexpired term. Each such committee shall select a chairperson from among its members. A staff member of the State Forestry Department shall be designated by the State Forester to serve as the secretary, without voting power, for each such committee. [1971 c.316 §7; 2005 c.22 §377]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.660 - Committees to review rules.**

Each forest practice committee shall review proposed forest practice rules in order to assist the State Board of Forestry in developing rules appropriate to the forest conditions within its region. Committee recommendations are advisory only and the committees need not be consulted prior to the adoption of any forest practice rule. [1971 c.316 §8; 1987 c.919 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.665 - Notice of reforestation requirements to be given in forestland transfers; effect of failure to notify; damages.**

(1) In any transaction for the conveyance of an ownership interest in forestland, the transferor must provide to the transferee, prior to the date of execution of the conveyance, written notice of any reforestation requirements imposed upon the land pursuant to the Oregon Forest Practices Act.

(2) The failure of the transferor to comply with subsection (1) of this section does not invalidate an instrument of conveyance executed in the transaction. However, for any such failure the transferee may bring against the transferor an appropriate action to recover the costs of complying with the reforestation requirements. The court may award reasonable attorney fees to the prevailing party in an action brought under the provisions of this section. [1983 c.759 §4; 1995 c.618 §79]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.670 - Commencement of operations; rules; written plan; effect of plan; notice of chemical application; fees.**

(1) The State Board of Forestry shall designate the types of operations for which notice shall be required under this section.

(2) The board shall identify by rule the types of operations that require a written plan.

(3) In addition to any other types of operations identified by the board, the board shall adopt rules to require a written plan for the following:

(a) An operation that occurs within 100 feet of a stream determined by the State Forester to be used by fish or for domestic use,

unless:

- (A) The board, by rule, provides that a written plan is not required because the operation will be conducted according to a general vegetation retention prescription described in administrative rule;
  - (B) The operation will not directly affect the riparian management area and the State Forester, acting under authority granted by a board rule, waives the written plan requirement; or
  - (C) The operation will be conducted pursuant to a stewardship agreement entered into under ORS 541.973.
- (b) An operation that occurs within 100 feet of a resource site that is inventoried under ORS 527.710 (3) as a significant wetland but is not classified by board rule as an estuary, unless:
- (A) The board, by rule, provides that a written plan is not required because the operation will be conducted according to a general vegetation retention prescription described in administrative rule;
  - (B) The operation will not directly affect the riparian management area and the State Forester, acting under authority granted by a board rule, waives the written plan requirement; or
  - (C) The operation will be conducted pursuant to a stewardship agreement entered into under ORS 541.973.
- (c) An operation that occurs within 300 feet of a resource site inventoried under ORS 527.710 (3), other than a site described in paragraph (b) of this subsection, unless the operation:
- (A) Will be conducted pursuant to a stewardship agreement entered into under ORS 541.973; and
  - (B) Is consistent with the purposes and policies of any relevant Safe Harbor Agreements or Candidate Conservation Agreements entered into between the State of Oregon and agencies of the United States Government, pursuant to the federal Endangered Species Act of 1973 (P.L. 93-205, 16 U.S.C. 1531 et seq.) and federal regulations.
- (4) The distances set forth in subsection (3) of this section are solely for the purpose of defining an area within which a hearing may be requested under ORS 527.700 and not the area to be protected by the board's rules adopted pursuant to ORS 527.710 (3)(c).
- (5) For the purpose of determining the distances set forth in subsection (3) of this section "site" means the specific resource site and not any additional buffer area.
- (6) An operator, timber owner or landowner, before commencing an operation, shall notify the State Forester. The notification shall be on forms provided by the State Forester and shall include the name and address of the operator, timber owner and landowner, the legal description of the operating area, and any other information considered by the State Forester to be necessary for the administration of the rules promulgated by the board pursuant to ORS 527.710. Promptly upon receipt of such notice, the State Forester shall provide a copy of the notice to whichever of the operator, timber owner or landowner did not submit the notification. The State Forester shall provide a copy of notices involving chemical applications to persons within 10 miles of the chemical application who hold downstream surface water rights pursuant to ORS chapter 537, if such a person has requested that notification in writing. The board shall adopt rules specifying the information to be contained in the notice. All information filed with the State Forester pertaining to chemical applications shall be public record.
- (7) An operator, timber owner or landowner that filed an original notification shall notify the State Forester of any subsequent change in the information contained in the notification.
- (8) Within six working days of receipt of a notice or a written plan filed under subsection (6) or (7) of this section, the State Forester shall make a copy of the notice or written plan available to any person who requested of the State Forester in writing that the person be provided with copies of notice and written plan and who has paid any applicable fee established by the State Forester for such service. The State Forester may establish a fee for providing copies of notices and written plans under this subsection not to exceed the actual and reasonable costs. In addition, the State Forester shall provide a copy of the notification to the Department of Revenue and the county assessor for the county in which the operation is located, at times and in a manner determined through written cooperative agreement by the parties involved.
- (9) Persons may submit written comments pertaining to the operation to the State Forester within 14 calendar days of the date the notice or written plan was filed with the State Forester under subsection (2), (6) or (7) of this section. Notwithstanding the provisions of this subsection, the State Forester may waive any waiting period for operations not requiring a written plan under subsection (3) of this section, except those operations involving aerial application of chemicals.
- (10) If an operator, timber owner or landowner is required to submit a written plan of operations to the State Forester under subsection (3) of this section:
- (a) The State Forester shall review a written plan and may provide comments to the person who submitted the written plan;
  - (b) The State Forester may not provide any comments concerning the written plan earlier than 14 calendar days following the date that the written plan was filed with the State Forester nor later than 21 calendar days following the date that the written plan was filed; and
  - (c) Provided that notice has been provided as required by subsection (6) of this section, the operation may commence on the date that the State Forester provides comments or, if no comments are provided within the time period established in paragraph (b) of this subsection, at any time after 21 calendar days following the date that the written plan was filed.
- (11)(a) Comments provided by the State Forester, or by the board under ORS 527.700 (6), to the person who submitted the written plan are for the sole purpose of providing advice to the operator, timber owner or landowner regarding whether the operation described in the written plan is likely to comply with ORS 527.610 to 527.770 and rules adopted thereunder. Comments provided by the State Forester or the board do not constitute an approval of the written plan or operation.
- (b) If the State Forester or the board does not comment on a written plan, the failure to comment does not mean that an operation

carried out in conformance with the written plan complies with ORS 527.610 to 527.770 or rules adopted thereunder nor does the failure to comment constitute a rejection of the written plan or operation.

(c) If the State Forester or board determines that an enforcement action may be appropriate concerning the compliance of a particular operation with ORS 527.610 to 527.770 or rules adopted under ORS 527.610 to 527.770, the State Forester or board shall consider, but are not bound by, comments that the State Forester provided under this section or comments that the board provided under ORS 527.700.

(12) If the operation is required under rules described in subsection (3) of this section to have a written plan and comments have been timely filed under subsection (9) of this section pertaining to the operation requiring a written plan, the State Forester shall:

(a) Provide a copy of the State Forester's review and comments, if any, to persons who submitted timely written comments under subsection (9) of this section pertaining to the operation; and

(b) Provide to the operator, timber owner and landowner a copy of all timely comments submitted under subsection (9) of this section. [1971 c.316 §9; 1987 c.919 §12; 1991 c.634 §5; 1991 c.919 §11; 1995 s.s. c.3 §39a; 1996 c.9 §3; 1997 c.413 §1; 2003 c.539 §39; 2003 c.740 §3; 2007 c.608 §5; 2011 c.54 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.672 - Aerial herbicide applications.**

When a forest operation involves applying herbicides by aircraft near an inhabited dwelling or school, the operator is responsible for leaving an unsprayed strip of at least 60 feet adjacent to the dwelling or school. The responsibility of the operator under this section is in addition to any responsibility of the aerial pesticide applicator under ORS chapter 634. [2015 c.833 §21]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.674 - Rules requiring approval of written plan prohibited.**

The State Board of Forestry may not adopt or enforce a rule under ORS 527.610 to 527.770 that requires that the board or the State Forester approve written plans as a required precedent to conducting a forest practice or operation. [2003 c.740 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.676 - Leaving snags and downed logs in harvest type 2 or 3 units; green trees to be left near certain streams.**

(1) In order to contribute to the overall maintenance of wildlife, nutrient cycling, moisture retention and other resource benefits of retained wood, when a harvest type 2 unit exceeding 25 acres or harvest type 3 unit exceeding 25 acres occurs the operator shall leave on average, per acre harvested, at least:

(a) Two snags or two green trees at least 30 feet in height and 11 inches DBH or larger, at least 50 percent of which are conifers; and  
(b) Two downed logs or downed trees, at least 50 percent of which are conifers, that each comprise at least 10 cubic feet gross volume and are no less than six feet long. One downed conifer or suitable hardwood log of at least 20 cubic feet gross volume and no less than six feet long may count as two logs.

(2) In meeting the requirements of this section, the operator has the sole discretion to determine the location and distribution of wildlife leave trees, including the ability to leave snags, trees and logs in one or more clusters rather than distributed throughout the unit and, if specifically permitted by the State Board of Forestry by rule, to meet the wildlife leave tree requirements by counting snags, trees or logs otherwise required to be left in riparian management areas or resource sites listed in ORS 527.710, subject to:

(a) Safety and fire hazard regulations;  
(b) Rules or other requirements relating to wildlife leave trees established by the State Board of Forestry or the State Forester; and  
(c) All other requirements pertaining to forest operations.

(3) In meeting the requirements of this section, the State Forester:

(a) Shall consult with the operator concerning the selection of wildlife leave trees when the State Forester believes that retaining certain trees or groups of trees would provide increased benefits to wildlife.

(b) May approve alternate plans submitted by the operator to meet the provisions of this section, including but not limited to waiving:

(A) The requirement that at least 50 percent of wildlife leave trees be conifers, upon a showing that a site is being intensively managed for hardwood production; and

(B) In whole or in part, the requirements of this section for one operation if an alternate plan provides for an equal or greater number of wildlife leave trees in another harvest type 2 or harvest type 3 operation, that the State Forester determines would achieve better overall benefits for wildlife.

(c) May require, for operations adjacent to a fish-bearing or domestic use stream, in addition to trees otherwise required to be left in riparian management areas, up to 25 percent of the green trees required to be retained under this section to be left in or adjacent to the riparian management area of the stream.

(d) May require by rule, for operations adjacent to a small, nonfish-bearing stream subject to rapidly moving landslides as defined in ORS 195.250, that available green trees and snags be left in or adjacent to the stream. The operator must leave available green trees and snags under this paragraph within an area that is 50 feet on each side of the stream and no more than 500 feet upstream from a riparian management area of a fish-bearing stream.

(4) When a harvest type 2 or harvest type 3 unit occurs adjacent to a prior harvest type 2 or harvest type 3 unit, resulting in a combined total contiguous acreage of harvest type 2 or harvest type 3 under single ownership exceeding 25 acres, the wildlife leave tree and downed log requirements of subsection (1) of this section apply to the combined total contiguous acreage. [1996 c.9 §9 (enacted in lieu of 527.675); 2001 c.340 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.678 - Wildlife food plots; rules.**

(1) As used in this section:

(a) "Forest tree species" has the meaning given that term in ORS 527.620.

(b) "Small forestland" means forestland as defined in ORS 527.620 that:

(A) Has an owner that owns or holds common ownership interest in at least 10 acres of Oregon forestland but less than 5,000 acres of Oregon forestland; and

(B) Constitutes all forestland within a single tax lot and all forestland within contiguous parcels owned or held in common ownership by the owner.

(c) "Wildlife food plot" means a small forestland area that, instead of being used for growing and harvesting a forest tree species, is planted in vegetation capable of substantially contributing to wildlife nutrition.

(2) The owner of a small forestland that is subject to reforestation requirements under ORS 527.610 to 527.770 may, notwithstanding any contrary provision of the reforestation requirements for the forestland, establish wildlife food plots within the boundaries of the small forestland. The combined size of the wildlife food plots described in this subsection may not exceed:

(a) 2.5 percent of the small forestland, if the small forestland is 500 acres or less in size;

(b) 2.0 percent of the small forestland, if the small forestland is more than 500 acres but not more than 1,000 acres in size; or

(c) 1.0 percent of the small forestland, if the small forestland is more than 1,000 acres in size.

(3)(a) The State Board of Forestry shall adopt rules for carrying out this section. The board shall consult with the State Department of Fish and Wildlife to identify vegetation capable of substantially contributing to wildlife nutrition.

(b) The establishment of a wildlife food plot as provided by board rules is a forest practice providing for the overall maintenance of forestland resources as described in ORS 527.710 and supersedes any contrary reforestation requirement under ORS 527.610 to 527.770 for the wildlife food plot.

(c) Notwithstanding ORS 527.670 (1), the establishment or relocation of a wildlife food plot, and the reforestation of a location that ceases to be a wildlife food plot, are forest operations requiring notice to the State Forester under ORS 527.670. [2015 c.64 §1]

Note:

527.678 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 527 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.680 - Violation by operator; citation; order to cease violation; order to repair damage; temporary order where violation continuing; service on operator.**

(1) Whenever the State Forester determines that an operator has committed a violation under ORS 527.990 (1), the State Forester may issue and serve a citation upon the operator or authorized representative. The State Forester shall cause a copy of the citation to be mailed or delivered to the timber owner and landowner. Whenever the State Forester determines that the landowner has failed to comply with the reforestation rules under ORS 527.710, the State Forester may issue and serve a citation upon the landowner or authorized representative. Each citation issued under this section shall specify the nature of the violation charged and any damage or unsatisfactory condition that has occurred as the result of such violation.

(2) Whenever a citation is served pursuant to subsection (1) of this section, the State Forester:

(a) Shall issue and serve upon the landowner or operator or authorized representative an order directing that the landowner or operator cease further violation. If the order is served upon an operator, the State Forester shall cause a copy of such order to be mailed or delivered to the timber owner and landowner; and

(b) May issue and serve an order upon the landowner or operator and shall cause a copy of such order to be mailed or delivered to the timber owner and landowner, directing the landowner or operator, where practical and economically feasible, to make reasonable efforts to repair the damage or correct the unsatisfactory condition specified in the citation within a period specified by the State Forester.

(3) In the event the order issued under subsection (2)(a) of this section has not been complied with, and the violation specified in such order is resulting in continuing damage, the State Forester by temporary order may direct the landowner or operator to cease any further activity in that portion of the operation that is resulting in such damage. Such temporary order shall be in effect until the date of the expiration of the period as prescribed in subsection (4) of this section or until the date that the violation ceases, whichever date occurs first.

(4) A temporary order issued under subsection (3) of this section shall be served upon the landowner or operator or authorized representative, and the State Forester shall cause a copy of such temporary order to be mailed or delivered to the operator, timber owner and landowner. If requested by the operator, timber owner or landowner, the State Board of Forestry, following the appeal procedures of ORS 527.700, must hold a hearing on the temporary order within five working days after the receipt by the board of

the request. A temporary order issued and served pursuant to subsection (3) of this section shall remain in effect not more than five working days after such hearing unless the order is sooner affirmed, modified or revoked by the board.

(5) If a landowner or operator fails to comply with a final order issued under subsection (2)(b) of this section within the time specified in the order, or if the landowner or operator fails to comply with a final order imposing civil penalties for violation of any provision of the Oregon Forest Practices Act, the State Forester may issue an order that prohibits the affected landowner or operator from conducting any new operations on any forestland in this state until the landowner or operator has complied with the order to correct an unsatisfactory condition, make repair or pay the civil penalty, as the case may be, to the satisfaction of the State Forester.

(6) The State Forester may require an operator, timber owner or landowner to provide financial assurance before conducting a new operation if the State Forester has, within the preceding three-year period, made a finding under ORS 527.685 (6) applicable to the operator, timber owner or landowner. [1971 c.316 §10; 1983 c.759 §1; 1997 c.306 §1; 2022 c.33 §45]

Note:

The amendments to 527.680 by section 70, chapter 33, Oregon Laws 2022, become operative only if certain conditions are met. See sections 54 and 61 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711). 527.680, as amended by section 70, chapter 33, Oregon Laws 2022, is set forth for the user's convenience.

(1) Whenever the State Forester determines that an operator has committed a violation under ORS 527.990 (1), the State Forester may issue and serve a citation upon the operator or authorized representative. The State Forester shall cause a copy of the citation to be mailed or delivered to the timber owner and landowner. Whenever the State Forester determines that the landowner has failed to comply with the reforestation rules under ORS 527.710, the State Forester may issue and serve a citation upon the landowner or authorized representative. Each citation issued under this section shall specify the nature of the violation charged and any damage or unsatisfactory condition that has occurred as the result of such violation.

(2) Whenever a citation is served pursuant to subsection (1) of this section, the State Forester:

(a) Shall issue and serve upon the landowner or operator or authorized representative an order directing that the landowner or operator cease further violation. If the order is served upon an operator, the State Forester shall cause a copy of such order to be mailed or delivered to the timber owner and landowner; and

(b) May issue and serve an order upon the landowner or operator and shall cause a copy of such order to be mailed or delivered to the timber owner and landowner, directing the landowner or operator, where practical and economically feasible, to make reasonable efforts to repair the damage or correct the unsatisfactory condition specified in the citation within a period specified by the State Forester.

(3) In the event the order issued under subsection (2)(a) of this section has not been complied with, and the violation specified in such order is resulting in continuing damage, the State Forester by temporary order may direct the landowner or operator to cease any further activity in that portion of the operation that is resulting in such damage. Such temporary order shall be in effect until the date of the expiration of the period as prescribed in subsection (4) of this section or until the date that the violation ceases, whichever date occurs first.

(4) A temporary order issued under subsection (3) of this section shall be served upon the landowner or operator or authorized representative, and the State Forester shall cause a copy of such temporary order to be mailed or delivered to the operator, timber owner and landowner. If requested by the operator, timber owner or landowner, the State Board of Forestry, following the appeal procedures of ORS 527.700, must hold a hearing on the temporary order within five working days after the receipt by the board of the request. A temporary order issued and served pursuant to subsection (3) of this section shall remain in effect not more than five working days after such hearing unless the order is sooner affirmed, modified or revoked by the board.

(5) If a landowner or operator fails to comply with a final order issued under subsection (2)(b) of this section within the time specified in the order, or if the landowner or operator fails to comply with a final order imposing civil penalties for violation of any provision of the Oregon Forest Practices Act, the State Forester may issue an order that prohibits the affected landowner or operator from conducting any new operations on any forestland in this state until the landowner or operator has complied with the order to correct an unsatisfactory condition, make repair or pay the civil penalty, as the case may be, to the satisfaction of the State Forester.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.683 - Notice of violation.**

(1) No civil penalty prescribed in ORS 527.992 shall be imposed until the person incurring the penalty has received notice in writing from the State Forester specifying the violation. Such notice is in addition to the notice required in ORS 183.745.

(2) The citation issued pursuant to ORS 527.680 (1) and the order issued pursuant to ORS 527.680 (2)(b) shall each constitute the notice required by subsection (1) of this section. [1987 c.919 §25; 1991 c.734 §48]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.685 - Civil penalty considerations; rules.**

(1) The State Board of Forestry shall by rule establish the amount of civil penalty that may be imposed for a particular violation. Except as provided in subsections (5) and (6) of this section, a civil penalty may not exceed \$10,000 per violation.

(2) In imposing a penalty authorized by this section, the State Forester may consider the following factors:

(a) The past history of the person incurring a penalty in taking all feasible steps or procedures necessary or appropriate to correct

any violation.

- (b) Any prior violations of statutes, rules, orders and permits pertaining to the Oregon Forest Practices Act.
  - (c) The gravity and magnitude of the violation.
  - (d) Whether the violation was repeated or continuous.
  - (e) Whether the cause of the violation was an unavoidable accident, negligence or an intentional act.
  - (f) The size and type of ownership of the operation.
  - (g) Any relevant rule of the board.
  - (h) The cooperativeness of the person incurring the penalty and the person's efforts, if any, to correct the violation.
- (3) The penalty imposed under this section may be remitted or mitigated upon such terms and conditions as the board determines to be proper and consistent with the public benefit. Upon the request of the person incurring the penalty, the board shall consider evidence of the economic and financial condition of the person in determining whether a penalty shall be remitted or mitigated.
- (4) The board, by rule, may delegate to the State Forester, upon such conditions as deemed necessary, all or part of the authority of the board provided in subsection (3) of this section to assess, remit or mitigate civil penalties.
- (5) For a violation of ORS 527.745, or rules for reforestation adopted pursuant to ORS 527.745, the State Forester may impose a civil penalty in an amount equal to the estimated cost of reforesting lands pursuant to ORS 527.690.
- (6) If the State Forester makes a finding that an operator, timber owner or landowner has a history of significant violations that shows a pattern of willful disregard for the requirements of ORS 527.610 to 527.770 or rules or orders adopted or issued thereunder, the State Forester may impose a civil penalty in an amount not to exceed \$50,000 per significant violation. In imposing the penalty, the State Forester shall consider, in addition to the factors described in subsection (2) of this section:
- (a) The degree, if any, to which the operator, timber owner or landowner derived economic benefit from the significant violation.
  - (b) The proportion of total operations conducted by the operator, timber owner or landowner related to which significant violations have occurred compared to the total number of operations conducted by the operator, timber owner or landowner, while accounting for the organizational structure of the operator, timber owner or landowner. [1987 c.919 §26; 2007 c.214 §1; 2022 c.33 §46]

Note:

The amendments to 527.685 by section 71, chapter 33, Oregon Laws 2022, become operative only if certain conditions are met. See sections 54 and 61 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711). 527.685, as amended by section 71, chapter 33, Oregon Laws 2022, is set forth for the user's convenience.

- (1) The State Board of Forestry shall by rule establish the amount of civil penalty that may be imposed for a particular violation. Except as provided in subsection (5) of this section, a civil penalty may not exceed \$5,000 per violation.
- (2) In imposing a penalty authorized by this section, the State Forester may consider the following factors:
  - (a) The past history of the person incurring a penalty in taking all feasible steps or procedures necessary or appropriate to correct any violation.
  - (b) Any prior violations of statutes, rules, orders and permits pertaining to the Oregon Forest Practices Act.
  - (c) The gravity and magnitude of the violation.
  - (d) Whether the violation was repeated or continuous.
  - (e) Whether the cause of the violation was an unavoidable accident, negligence or an intentional act.
  - (f) The size and type of ownership of the operation.
  - (g) Any relevant rule of the board.
  - (h) The cooperativeness of the person incurring the penalty and the person's efforts, if any, to correct the violation.
- (3) The penalty imposed under this section may be remitted or mitigated upon such terms and conditions as the board determines to be proper and consistent with the public benefit. Upon the request of the person incurring the penalty, the board shall consider evidence of the economic and financial condition of the person in determining whether a penalty shall be remitted or mitigated.
- (4) The board, by rule, may delegate to the State Forester, upon such conditions as deemed necessary, all or part of the authority of the board provided in subsection (3) of this section to assess, remit or mitigate civil penalties.
- (5) For a violation of ORS 527.745, or rules for reforestation adopted pursuant to ORS 527.745, the State Forester may impose a civil penalty in an amount equal to the estimated cost of reforesting lands pursuant to ORS 527.690.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.687 - Civil penalty procedure.**

- (1) Subject to the notice provisions of ORS 527.683, any civil penalty under ORS 527.992 shall be imposed in the manner provided in ORS 183.745.
- (2) In no case shall a hearing requested under ORS 183.745 be held less than 45 days from the date of service of the notice of penalty to allow the party to prepare testimony. The hearing shall be held not more than 180 days following issuance of the notice unless all parties agree on an extension.
- (3) Hearings under this section shall be conducted by an administrative law judge assigned from the Office of Administrative Hearings established under ORS 183.605.
- (4) Except as provided in subsection (5) of this section, all civil penalties recovered under ORS 527.610 to 527.770, 527.990 and 527.992 shall be paid to the General Fund.
- (5) Civil penalties recovered under ORS 527.685 (5) shall be deposited in the State Forestry Department Account under ORS

526.060 and used, consistently with ORS 527.690, by the State Forester to reforest the land that is the subject of a violation of ORS 527.745 or rules for reforestation adopted pursuant to ORS 527.745. Civil penalties described in this subsection that exceed the costs of reforestation shall be paid to the General Fund. [1987 c.919 §27; 1991 c.634 §6; 1991 c.734 §121; 1995 s.s. c.3 §39k; 1996 c.9 §13; 1999 c.849 §§107,108; 2003 c.75 §45; 2007 c.214 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.690 - Failure to comply with order to reforest or repair damage; estimate of cost of repair; notification; board authorization for repair; cost of repair as lien upon operator, timber owner or landowner.**

(1) In the event an order issued pursuant to ORS 527.680 (2)(b) directs the repair of damage or correction of an unsatisfactory condition, including compliance with reforestation requirements, and if the operator or landowner does not comply with the order within the period specified in such order and the order has not been appealed to the State Board of Forestry within 30 days, the State Forester based upon a determination by the forester of what action will best carry out the purposes of ORS 527.630 shall:

(a) Maintain an action in the Circuit Court for Marion County or the circuit court for the county in which the violation occurred for an order requiring the landowner or operator to comply with the terms of the forester's order or to restrain violations thereof; or  
(b) Estimate the cost to repair the damage or the unsatisfactory condition as directed by the order and shall notify the operator, timber owner and landowner in writing of the amount of the estimate. Upon agreement of the operator, timber owner or the landowner to pay the cost, the State Forester may proceed to repair the damage or the unsatisfactory condition. In the event approval of the expenditure is not obtained within 30 days after notification to the operator, timber owner and landowner under this section, the State Forester shall present to the board the alleged violation, the estimate of the expenditure to repair the damage or unsatisfactory condition and the justification for the expenditure.

(2) The board shall review the matter presented to it pursuant to subsection (1) of this section and shall determine whether to authorize the State Forester to proceed to repair the damage or correct the unsatisfactory condition and the amount authorized for expenditure. The board shall afford the operator, timber owner or landowner the opportunity to appear before the board for the purpose of presenting facts pertaining to the alleged violation and the proposed expenditure.

(3) If the board authorizes the State Forester to repair the damage or correct the unsatisfactory condition, the State Forester shall proceed, either with forces of the State Forester or by contract, to repair the damage or correct the unsatisfactory condition. The State Forester shall keep a complete account of direct expenditures incurred, and upon completion of the work, shall prepare an itemized statement thereof and shall deliver a copy to the operator, timber owner and landowner. In no event shall the expenditures exceed the amount authorized by subsection (2) of this section. An itemized statement of the direct expenditures incurred by the State Forester, certified by the State Forester, shall be accepted as prima facie evidence of such expenditures in any proceeding authorized by this section. If the State Forester's action to repair the damage or correct the unsatisfactory condition arose from an operation for which a bond, cash deposit or other security was required under ORS 527.760, the State Forester shall retain any applicable portion of a cash deposit and the surety on the bond or holder of the other security deposit shall pay the amount of the bond or other security deposit to the State Forester upon demand. If the amount specified in the demand is not paid within 30 days following the demand, the Attorney General, upon request by the State Forester, shall institute proceedings to recover the amount specified in the demand.

(4) The expenditures in cases covered by this section, including cases where the amount collected on a bond, deposit or other security was not sufficient to cover authorized expenditures, shall constitute a general lien upon the real and personal property of the operator, timber owner and landowner within the county in which the damage occurred. A written notice of the lien, containing a statement of the demand, the description of the property upon which the expenditures were made and the name of the parties against whom the lien attaches, shall be certified under oath by the State Forester and filed in the office of the county clerk of the county or counties in which the expenditures were made within six months after the date of delivery of the itemized statement referred to in subsection (3) of this section, and may be foreclosed in the manner provided in ORS chapter 88.

(5) All moneys recovered under this section shall be paid into the State Forestry Department Account. [1971 c.316 §11; 1981 c.757 §10; 1983 c.28 §1; 1991 c.919 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.700 - Appeals from orders of State Forester; hearing procedure; rules; stay of operation.**

(1) Any operator, timber owner or landowner affected by any finding or order of the State Forester issued under ORS 527.610 to 527.770 and 527.992 may request a hearing within 30 days after issuance of the order. The hearing shall be commenced within 14 days after receipt of the request for hearing and a final order shall be issued within 28 days of the request for the hearing unless all parties agree to an extension of the time limit.

(2) The State Board of Forestry may delegate to the administrative law judge the authority to issue final orders on matters under this section. Hearings provided under this section shall be conducted as contested case hearings under ORS 183.413 to 183.470. The board may establish such rules as it deems appropriate to carry out the provisions of this section. Appeals from final hearing orders under this section shall be provided in ORS 183.482, except that the comments of the board or the State Forester concerning a written plan are not reviewable orders under ORS 183.480.

(3) Any person adversely affected or aggrieved by an operation described in subsection (4) of this section may file a written request

to the board for a hearing if the person submitted written comments pertaining to the operation within the time limits established under ORS 527.670 (9).

(4) A request for hearing may be filed under subsection (3) of this section only if a written plan was required by rules adopted under ORS 527.670 (3).

(5) A request for hearing filed under subsection (3) of this section shall be filed within 14 calendar days of the date the State Forester completed review of the written plan and issued any comments. Copies of the complete request shall be served, within the 14-day period, on the operator, timber owner and landowner. The request shall include:

(a) A copy of the written plan on which the person is requesting a hearing;

(b) A copy of the comments pertaining to the operation that were filed by the person requesting the hearing;

(c) A statement that shows the person is adversely affected or aggrieved by the operation and has an interest which is addressed by the Oregon Forest Practices Act or rules adopted thereunder; and

(d) A statement of facts that establishes that the operation is of the type described in ORS 527.670 (3).

(6) If the board finds that the person making the request meets the requirement of subsection (5)(c) of this section, the board shall set the matter for hearing within 21 calendar days after receipt of the request for hearing. The operator, timber owner and landowner shall be allowable parties to the hearing. The person requesting the hearing may raise, in the hearing, only those issues that the person raised in written comments filed under ORS 527.670 (9) relating to conformity with the rules of the board. The board shall issue its own comments, which may affirm, modify or rescind comments of the State Forester, if any, on the written plan within 45 days after the request for hearing was filed, unless all parties agree to an extension of the time limit. The comments of the board or of the State Forester concerning a written plan are not reviewable orders under ORS 183.480.

(7) The board may award reasonable attorney fees and expenses to each of the prevailing parties against any other party who the board finds presented a position without probable cause to believe the position was well-founded, or made a request primarily for a purpose other than to secure appropriate action by the board.

(8)(a) Upon the written request of a person requesting a hearing under subsection (3) of this section, a stay of the operation subject to the hearing may be granted upon a showing that:

(A) Commencement or continuation of the operation will constitute a violation of the rules of the board;

(B) The person requesting the stay will suffer irreparable injury if the stay is not granted; and

(C) The requirements of subsections (3), (4) and (5) of this section are met.

(b) If the board grants the stay, it shall require the person requesting the stay to give an undertaking which may be in the amount of the damages potentially resulting from the stay, but in any event shall not be less than \$15,000. The board may impose other reasonable requirements pertaining to the grant of the stay. The board shall limit the effect of the stay to the specific geographic area or elements of the operation for which the person requesting the stay has demonstrated a violation of the rules and irreparable injury under paragraph (a) of this subsection.

(c) If the board determines in its comments that the written plan pertaining to the operation for which the stay was granted is likely to result in compliance with ORS 527.610 to 527.770 or the rules of the board, the board may award reasonable attorney fees and actual damages in favor of each of the prevailing parties, to the extent incurred by each, against the person requesting the stay.

(9) If the board rescinds or modifies the comments on the written plan as submitted by the State Forester pertaining to any operation, the board may award reasonable attorney fees and costs against the state in favor of each of the prevailing parties.

(10) As used in this section, "person" means any individual, partnership, corporation, association, governmental subdivision or public or private organization of any character. [Formerly 527.240; 1983 c.28 §2; 1987 c.919 §13; 1999 c.849 §110; 2003 c.75 §94; 2003 c.740 §4; 2011 c.54 §2]

### **2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.704 - Program of inspections.**

(1) The State Forester, or a representative of the State Forester, shall conduct a program of inspections of forestland within the operating areas of operations for which notifications are filed pursuant to ORS 527.670 (6), at regular intervals, to assess compliance with ORS 527.610 to 527.770 and rules and orders adopted or issued thereunder.

(2) The inspection may occur:

(a) On or after the date on which notification is filed pursuant to ORS 527.670 (6), but not more than three years after the date on which the State Forester learns that the operation has been completed.

(b) Only at a reasonable time, absent consent or a warrant.

(3) The person conducting the inspection shall:

(a) Advise the operator, timber owner or landowner that the inspection is being made pursuant to the law and is limited in scope to the operation subject to the relevant notification.

(b) Ensure that the inspection is tailored to assessing compliance with ORS 527.610 to 527.770 and rules and orders adopted or issued thereunder.

(4) The State Forester may petition the circuit court of this state having jurisdiction over the forestland for a warrant authorizing the State Forester or a representative of the State Forester to inspect the forestland.

(5) The court may issue a warrant if:

(a) The State Forester or a representative of the State Forester has attempted inspection consistent with subsections (1) to (3) of this

section and access to all or part of the forestland was actually or constructively denied; or

(b) The State Forester has reasonable cause to believe that a violation of ORS 527.610 to 527.770 or a rule or order adopted or issued thereunder has occurred. [2022 c.33 §43]

Note:

527.704 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

Note:

527.704 and 527.706 were added to and made a part of 527.610 to 527.770 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.706 - Program of photogrammetric mapping; rules.**

(1) As used in this section, "photogrammetric mapping" has the meaning given that term in ORS 672.002.

(2) To aid in monitoring compliance with ORS 527.610 to 527.770 and rules adopted thereunder, the State Board of Forestry shall adopt rules that:

(a) Require persons that file notifications pursuant to ORS 527.670 (6) to inform the State Forester when the operations are complete, within a reasonable time after completion;

(b) Authorize the State Forester to use a program of photogrammetric mapping to determine whether operations for which notifications have been filed pursuant to ORS 527.670 (6) have been completed; or

(c) Otherwise establish a program for determining when operations for which notifications have been filed pursuant to ORS 527.670 (6) have been completed.

(3) Rules described in subsection (2)(b) or (c) of this section must limit the discretion of the person conducting the compliance monitoring. [2022 c.33 §44]

Note:

527.706 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

Note:

See second note under 527.704.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.710 - Duties and powers of board; rules; inventory for resource protection; consultation with other agencies required.**

(1) In carrying out the purposes of ORS 527.610 to 527.770, 527.990 (1) and 527.992, the State Board of Forestry shall adopt, in accordance with applicable provisions of ORS chapter 183, rules to be administered by the State Forester establishing standards for forest practices in each region or subregion.

(2) The rules shall ensure the continuous growing and harvesting of forest tree species. Consistent with ORS 527.630, the rules shall provide for the overall maintenance of the following resources:

(a) Air quality;

(b) Water resources, including but not limited to sources of domestic drinking water;

(c) Soil productivity; and

(d) Fish and wildlife.

(3)(a) In addition to its rulemaking responsibilities under subsection (2) of this section, the board shall collect and analyze the best available information and establish inventories of the following resource sites needing protection:

(A) Threatened and endangered fish and wildlife species identified on lists that are adopted, by rule, by the State Fish and Wildlife Commission or are federally listed under the Endangered Species Act of 1973 as amended;

(B) Sensitive bird nesting, roosting and watering sites;

(C) Biological sites that are ecologically and scientifically significant; and

(D) Significant wetlands.

(b) The board shall determine whether forest practices would conflict with resource sites in the inventories required by paragraph (a) of this subsection. If the board determines that one or more forest practices would conflict with resource sites in the inventory, the board shall consider the consequences of the conflicting uses and determine appropriate levels of protection.

(c) Based upon the analysis required by paragraph (b) of this subsection, and consistent with the policies of ORS 527.630, the board shall adopt rules appropriate to protect resource sites in the inventories required by paragraph (a) of this subsection.

(4) Before adopting rules under subsection (1) of this section, the board shall consult with other agencies of this state or any of its political subdivisions that have functions with respect to the purposes specified in ORS 527.630 or programs affected by forest operations. Agencies and programs subject to consultation under this subsection include, but are not limited to:

(a) Air and water pollution programs administered by the Department of Environmental Quality under ORS chapters 468A and 468B and ORS 477.013 and 477.515 to 477.532;

(b) Mining operation programs administered by the Department of Geology and Mineral Industries under ORS 516.010 to 516.130

and ORS chapter 517;

- (c) Game fish and wildlife, commercial fishing, licensing and wildlife and bird refuge tax incentive programs administered by the State Department of Fish and Wildlife under ORS 272.060 and ORS chapters 496, 498, 501, 506 and 509;
  - (d) Park land, Willamette River Greenway, scenic waterway and recreation trail programs administered by the State Parks and Recreation Department under ORS 358.480 to 358.545, 390.310 to 390.368, 390.805 to 390.925, 390.950 to 390.989 and 390.121;
  - (e) The programs administered by the Columbia River Gorge Commission under Public Law 99-663 and ORS 196.110 and 196.150;
  - (f) Removal and fill programs administered by the Department of State Lands under ORS 196.800 to 196.900;
  - (g) Federal Safe Drinking Water Act programs administered by the Oregon Health Authority under ORS 448.273 to 448.990;
  - (h) Conservation and conservation tax incentive programs administered by the State Parks and Recreation Department under ORS 273.563 to 273.591;
  - (i) Open space land tax incentive programs administered by cities and counties under ORS 308A.300 to 308A.330;
  - (j) Water resources programs administered by the Water Resources Department under ORS 536.220 to 536.540; and
  - (k) Pesticide control programs administered by the State Department of Agriculture under ORS chapter 634.
- (5) In carrying out the provisions of subsection (4) of this section, the board shall consider and accommodate the rules and programs of other agencies to the extent deemed by the board to be appropriate and consistent with the purposes of ORS 527.630.
- (6) The board shall adopt rules to meet the purposes of another agency's regulatory program where it is the intent of the board to administer the other agency's program on forestland and where the other agency concurs by rule. An operation performed in compliance with the board's rules shall be deemed to comply with the other agency's program.
- (7)(a) The board may enter into cooperative agreements or contracts necessary in carrying out the purposes specified in ORS 527.630.
- (b) The State Forestry Department shall enter into agreements with appropriate state agencies for joint monitoring of the effectiveness of forest practice rules in protecting forest resources and water quality.
- (8) If, based upon the study completed pursuant to section 15 (2)(f), chapter 919, Oregon Laws 1991, the board determines that additional rules are necessary to protect forest resources pursuant to ORS 527.630, the board shall adopt forest practice rules that reduce to the degree practicable the adverse impacts of cumulative effects of forest practices on air and water quality, soil productivity, fish and wildlife resources and watersheds. Such rules shall include a process for determining areas where adverse impacts from cumulative effects have occurred or are likely to occur, and may require that a written plan be submitted for harvests in such areas.
- (9)(a) The State Forester, in cooperation with the State Department of Fish and Wildlife, shall identify streams for which restoration of habitat would be environmentally beneficial. The State Forester shall select as a priority those streams where restoration efforts will provide the greatest benefits to fish and wildlife, and to streambank and streambed stability.
- (b) For those streams identified in paragraph (a) of this subsection, the State Forester shall encourage landowners to enter into cooperative agreements with appropriate state agencies for conduct of restoration activities.
- (c) The board, in consultation with appropriate state agencies, shall study and identify methods for restoring or enhancing fish and wildlife populations through restoration and rehabilitation of sites beneficial to fish and wildlife.
- (d) The board shall adopt rules to implement the findings of this subsection.
- (10) In addition to its responsibilities under subsections (1) to (3) of this section, the board shall adopt rules to reduce the risk of serious bodily injury or death caused by a rapidly moving landslide directly related to forest practices. The rules shall consider the exposure of the public to these safety risks and shall include appropriate practices designed to reduce the occurrence, timing or effects of rapidly moving landslides. As used in this subsection, "rapidly moving landslide" has the meaning given that term in ORS 195.250. [1971 c.316 §5; 1987 c.919 §14a; 1989 c.171 §69; 1989 c.904 §38; 1991 c.634 §7; 1991 c.919 §13; 1993 c.18 §126; 1995 c.79 §300; 1997 c.274 §54; 1997 c.413 §2; 1999 c.1103 §12; 2001 c.114 §52; 2001 c.540 §24; 2003 c.14 §342; 2003 c.539 §40; 2003 c.740 §7; 2009 c.217 §13; 2009 c.595 §983; 2011 c.83 §25; 2011 c.319 §21]

Note:

Section 6, chapter 33, Oregon Laws 2022, provides:

Sec. 6. Post-disturbance harvest rulemaking.

(1) Pursuant to the authority granted by ORS 527.710 and subject to the procedures set forth in ORS 527.714 for rules described in ORS 527.714 (1)(c), the State Board of Forestry shall initiate rulemaking concerning the post-disturbance harvest of trees that, but for the disturbance, would not be harvested under rules adopted, amended or repealed as part of the rule package described in section 2 of this 2022 Act [527.711].

(2) The rulemaking:

(a) Must be completed on or before November 30, 2025.

(b) Is not subject to the requirements of section 39 of this 2022 Act [527.734]. [2022 c.33 §6]

Note:

Section 7, chapter 33, Oregon Laws 2022, provides:

Sec. 7. Tethered logging rulemaking.

(1) Pursuant to the authority granted by ORS 527.710 and subject to the procedures set forth in ORS 527.714 for rules described in ORS 527.714 (1)(c), not more than three years after the effective date of this 2022 Act [March 17, 2022], the State Board of Forestry shall initiate rulemaking concerning tethered logging.

(2) The board shall prioritize the rulemaking.

(3) The rulemaking is not subject to the requirements of section 39 of this 2022 Act [527.734], but as part of the rulemaking, the board may solicit and consider reports that pertain to tethered logging from the Adaptive Management Program Committee and the Independent Research and Science Team described in sections 36 [527.732] and 38 [527.733] of this 2022 Act. [2022 c.33 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.711 - Private Forest Accord rule package.**

(1) The State Board of Forestry shall, as a single rule package following a single, consolidated rulemaking process:

(a) Adopt rules consistent with the requirements of the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, to the extent that requirements in the Private Forest Accord Report do not contravene statutory requirements.

(b) As needed to conform with the rules described in paragraph (a) of this subsection, and only as needed to conform with the rules described in paragraph (a) of this subsection, amend or repeal the rules in effect on March 17, 2022, that implement ORS 527.610 to 527.770.

(2) When adopting, amending or repealing rules as described in subsection (1) of this section, the board shall resolve any gaps or ambiguities in the requirements of the Private Forest Accord Report by:

(a) Referring to the intent and structure of the rules implementing ORS 527.610 to 527.770 that are in effect on March 17, 2022; and

(b) Achieving the outcomes described in the Private Forest Accord Report.

(3) The department shall:

(a) Publish the Private Forest Accord Report.

(b) Ensure that the Private Forest Accord Report remains publicly available on a department website. [2022 c.33 §2]

Note:

527.711 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (second note below).

Note:

Section 5, chapter 33, Oregon Laws 2022, provides:

Sec. 5. Timeline for applicability of Private Forest Accord rule package.

(1) As used in this section:

(a) "Common ownership" has the meaning given that term in section 16 of this 2022 Act [527.738].

(b) "Small forestland" means forestland that has an owner that owns or holds common ownership interest in less than 5,000 acres of forestland in this state.

(2) Rules adopted or amended as part of the rule package described in section 2 of this 2022 Act [527.711] apply only to an operation for which a notification is filed under ORS 527.670 (6):

(a) On or after January 1, 2024.

(b) Before January 1, 2024, if the operation is not completed on or before December 31, 2023.

(3) Notwithstanding subsection (2) of this section, rules adopted or amended as part of the rule package that relate to fish buffers apply to an operation, other than an operation on small forestland, for which a notification is filed on or after July 1, 2023.

(4) If the State Forester determines that a forest activity electronic reporting and notice system operated by the State Forestry Department is not updated with the information necessary to implement the requirements of the Private Forest Accord Report dated February 2, 2022, and published by the department on February 7, 2022, in time for operations to reasonably comply with the requirements by January 1, 2024, the deadlines described in subsection (2) of this section for application of rules that do not relate to fish buffers:

(a) May be extended by the State Forester for a period not to exceed one year; and

(b) After an extension described in paragraph (a) of this subsection, may be extended by the State Board of Forestry only if the board finds that the additional extension is necessary. [2022 c.33 §5]

Note:

Sections 54 to 64, chapter 33, Oregon Laws 2022, provide:

Sec. 54. Statement of legislative intent concerning habitat conservation plan and incidental take permit.

(1) The Legislative Assembly intends that the policies described in sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 9, 26 to 29, 40, 41 and 45 to 49 of this 2022 Act shall remain in effect only if:

(a) An incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is issued on or before December 31, 2027;

(b) The State Board of Forestry has not made a finding that the habitat conservation plan imposes more than a de minimis difference in economic or resource impacts, at the level of landscapes, relative to rules adopted or amended as part of the rule package described in section 2 of this 2022 Act [527.711]; and

(c) The incidental take permit remains in effect.

(2) The legislative intent described in subsection (1) of this section is established by sections 55 to 64 of this 2022 Act. [2022 c.33 §54]

Sec. 55. Petition for finding related to habitat conservation plan.

(1) If an incidental take permit related to an approved habitat conservation plan responsive to the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is issued on or before December 31, 2027, an author of the Private Forest Accord Report may, no later than 14 days after the date the incidental take permit is issued, petition the State Board of Forestry to make a finding as to whether the habitat conservation plan imposes more than a de minimis difference in economic or resource impacts, at the level of landscapes, relative to rules adopted or amended as part of the rule package described in section 2 of this 2022 Act [527.711].

(2) If the board receives a petition described in subsection (1) of this section, the board shall issue a finding no later than 45 days after the date the petition is received.

(3) If the board finds that the habitat conservation plan imposes more than a de minimis difference:

(a) On or before the 91st day after the date the board makes the finding, the board shall:

(A) Repeal new rules adopted as part of the rule package described in section 2 of this 2022 Act.

(B) Amend rules in effect on or before the effective date of this 2022 Act [March 17, 2022] as needed to conform with repeals described in subparagraph (A) of this paragraph.

(C) Amend any other rules as needed to conform with repeals described in subparagraph (A) of this paragraph.

(b) On or before the 120th day after the board makes the finding, the State Fish and Wildlife Commission shall amend rules as needed to conform the rules with actions taken by the board under paragraph (a) of this subsection. [2022 c.33 §55]

Sec. 56. Revocation or invalidation of incidental take permit.

If, pursuant to section 55 (1) and (2) of this 2022 Act, the State Board of Forestry does not make a finding or finds that the habitat conservation plan described in section 55 (1) of this 2022 Act does not impose more than a de minimis difference, as described in section 55 (1) of this 2022 Act, and the incidental take permit described in section 55 (1) of this 2022 Act is subsequently revoked or invalidated:

(1) On or before the 180th day after the date that any appeals process related to the revocation or invalidation has been exhausted or foregone, whichever occurs first, the board shall:

(a) Repeal new rules adopted as part of the rule package described in section 2 of this 2022 Act [527.711].

(b) Amend rules in effect on or before the effective date of this 2022 Act [March 17, 2022] as needed to conform with repeals described in paragraph (a) of this subsection.

(c) Amend any other rules as needed to conform with repeals described in paragraph (a) of this subsection.

(2) On or before the 210th day after the date that any appeals process related to the revocation or invalidation has been exhausted or foregone, whichever occurs first, the State Fish and Wildlife Commission shall amend rules as needed to conform the rules with actions taken by the board under subsection (1) of this section. [2022 c.33 §56]

Sec. 57. Issuance of incidental take permit on or before December 31, 2027.

If an incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is not issued on or before December 31, 2027:

(1) On or before April 1, 2028, the State Board of Forestry shall:

(a) Repeal new rules adopted as part of the rule package described in section 2 of this 2022 Act [527.711].

(b) Amend rules in effect on or before the effective date of this 2022 Act [March 17, 2022] as needed to conform with repeals described in paragraph (a) of this subsection.

(c) Amend any other rules as needed to conform with repeals described in paragraph (a) of this subsection.

(2) On or before May 1, 2028, the State Fish and Wildlife Commission shall amend rules as needed to conform the rules with actions taken by the board under subsection (1) of this section. [2022 c.33 §57]

Sec. 58. Report on issuance of incidental take permit and finding related to habitat conservation plan.

On or before February 1, 2028, the State Board of Forestry shall report to a committee or interim committee of the Legislative Assembly related to forestry, in the manner described in ORS 192.245, on:

(1) Whether the incidental take permit described in section 11 of this 2022 Act was issued on or before December 31, 2027.

(2) Whether the board has received a petition to make a finding described in section 55 (1) and (2) of this 2022 Act. [2022 c.33 §58]

Sec. 59. Report on revocation or invalidation of incidental take permit.

If an incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is issued on or before December 31, 2027, but is subsequently revoked or invalidated, after the date that any appeals process related to the revocation or invalidation has been exhausted or forgone, whichever occurs first, the State Board of Forestry shall:

(1) Promptly report the revocation or invalidation to a committee or interim committee of the Legislative Assembly related to forestry, in the manner described in ORS 192.245.

(2) Notify the Office of the Legislative Counsel of the revocation or invalidation as soon as practicable. [2022 c.33 §59]

Sec. 60. Conditional repeals.

Sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act are repealed. [2022 c.33 §60]

Sec. 61. Operation of conditional provisions upon finding related to habitat conservation plan.

(1) Except as otherwise provided in sections 62 and 63 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and

50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if the State Board of Forestry finds, pursuant to section 55 (1) and (2) of this 2022 Act, that the habitat conservation plan described in section 55 (1) of this 2022 Act imposes more than a de minimis difference, as described in section 55 (1) of this 2022 Act.

(2) If the board finds, pursuant to section 55 (1) and (2) of this 2022 Act, that the habitat conservation plan described in section 55 (1) of this 2022 Act imposes more than a de minimis difference, as described in section 55 (1) of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on the 150th day after the date the board makes the finding. [2022 c.33 §61]

Sec. 62. Operation of conditional provisions upon revocation or invalidation of incidental take permit.

(1) Except as otherwise provided in sections 61 and 63 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if:

(a) Pursuant to section 55 (1) and (2) of this 2022 Act, the State Board of Forestry does not make a finding or finds that the habitat conservation plan described in section 55 (1) of this 2022 Act does not impose more than a de minimis difference, as described in section 55 (1) of this 2022 Act; and

(b) The incidental take permit is subsequently revoked or invalidated.

(2) If the events described in subsection (1)(a) and (b) of this section occur, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on the 240th day after the date that any appeals process related to the revocation or invalidation has been exhausted or foregone, whichever occurs first. [2022 c.33 §62]

Sec. 63. Operation of conditional provisions upon failure to issue incidental take permit on or before December 31, 2027.

(1) Except as otherwise provided in sections 61 and 62 of this 2022 Act, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative only if an incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, is not issued on or before December 31, 2027.

(2) If an incidental take permit related to an approved habitat conservation plan consistent with the Private Forest Accord Report is not issued on or before December 31, 2027, the repeal of sections 1 to 8, 10 to 25, 30 to 39, 42 to 44 and 50 to 52 of this 2022 Act by section 60 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 65 to 76 of this 2022 Act become operative on June 1, 2028. [2022 c.33 §63]

Sec. 64. Repeal of conditionally operative provisions.

Sections 59 and 62 of this 2022 Act are repealed on January 2, 2077. [2022 c.33 §64]

Note:

527.711 and 527.712 were added to and made a part of 527.610 to 527.770 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.712 - Exemption for practices that comply with federal Endangered Species Act agreements.**

If a person is party to an agreement with the National Marine Fisheries Service or the United States Fish and Wildlife Service under the federal Endangered Species Act of 1973 (16 U.S.C. 1531 to 1544) and is engaging in a forest practice in compliance with the agreement, the forest practice is not subject to provisions of ORS 527.610 to 527.770 or rules adopted thereunder that relate to protection of a species addressed in the agreement. [2022 c.33 §14]

Note:

527.712 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

Note:

See fourth note under 527.711.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.714 - Types of rules; procedure; findings necessary; rule analysis.**

(1) The rulemaking authority of the State Board of Forestry under ORS 527.610 to 527.770 consists generally of the following three types of rules:

(a) Rules adopted to implement administration, procedures or enforcement of ORS 527.610 to 527.770 that support but do not directly regulate standards of forest practices.

- (b) Rules adopted to provide definitions or procedures for forest practices where the standards are set in statute.
- (c) Rules adopted to implement the provisions of ORS 527.710 (2), (3), (6), (8), (9) and (10) that grant broad discretion to the board and that set standards for forest practices not specifically addressed in statute.
- (2) When considering the adoption of a rule, and prior to the notice required pursuant to ORS 183.335, the board shall determine which type of rule described in subsection (1) of this section is being considered.
- (3) If the board determines that a proposed rule is of the type described in subsection (1)(a) or (b) of this section, or if the proposed rule is designed only to clarify the meaning of rules already adopted or to make minor adjustments to rules already adopted that are of the type described in subsection (1)(c) of this section, rulemaking may proceed in accordance with ORS 183.325 to 183.410 and is not subject to the provisions of this section.
- (4) If the board determines that a proposed rule is of the type described in subsection (1)(c) of this section, and the proposed rule would change the standards for forest practices, the board shall describe in its rule the purpose of the rule and the level of protection that is desired. If the proposed rule would change the standards for forest practices that relate to the protection of aquatic resources, the level of protection that is desired must be consistent with:
  - (a) Requirements described in the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022; or
  - (b) If a habitat conservation plan consistent with the Private Forest Accord Report has been approved, the terms of the habitat conservation plan.
- (5) If the board determines that a proposed rule is of the type described in subsection (1)(c) of this section, including a proposed amendment to an existing rule not qualifying under subsection (3) of this section, and the proposed rule would provide new or increased standards for forest practices, the board may adopt such a rule only after determining that the following facts exist and standards are met:
  - (a)(A) If forest practices continue to be conducted under existing regulations:
    - (i) There is monitoring or research evidence that documents that degradation of resources maintained under ORS 527.710 (2) or (3) is likely; or
    - (ii) In the case of rules proposed under ORS 527.710 (10), that there is a substantial risk of serious bodily injury or death; or
  - (B) The board has received reports produced by the Adaptive Management Program Committee and the Independent Research and Science Team described in ORS 527.732 and 527.733 that review the new or increased standards the proposed rule would provide;
  - (b) If the resource to be protected is a wildlife species, the scientific or biological status of a species or resource site to be protected by the proposed rule has been documented using best available information;
  - (c) The proposed rule reflects available scientific information and, as appropriate, the results of relevant monitoring and adequate field evaluation at representative locations in Oregon;
  - (d) The objectives of the proposed rule are clearly defined, and the restrictions placed on forest practices as a result of adoption of the proposed rule:
    - (A)(i) Are to prevent harm or provide benefits to the resource or resource site for which protection is sought; or
    - (ii) In the case of rules proposed under ORS 527.710 (10), are to reduce risk of serious bodily injury or death; and
  - (B) Are directly related to the objective of the proposed rule and materially advance its purpose; and
  - (e) The availability, effectiveness and feasibility of alternatives to the proposed rule, including nonregulatory alternatives, were considered, and the alternative chosen is the least burdensome to landowners and timber owners, in the aggregate, while still achieving the desired level of protection.
- (6) Nothing in subsection (5) of this section:
  - (a) Requires the board to call witnesses;
  - (b) Requires the board to allow cross-examination of witnesses;
  - (c) Restricts ex parte communications with the board or requires the board to place statements of such communications on the record;
  - (d) Requires verbatim transcripts of records of proceedings; or
  - (e) Requires depositions, discovery or subpoenas.
- (7) If the board determines that a proposed rule is of the type described in subsection (1)(c) of this section, including a proposed amendment to an existing rule not qualifying under subsection (3) of this section, and that the proposed rule relates to aquatic resources, the board may adopt the rule only after considering reports from the Adaptive Management Program Committee and the Independent Research and Science Team.
- (8) If the board determines that a proposed rule is of the type described in subsection (1)(c) of this section, and the proposed rule would require new or increased standards for forest practices, as part of or in addition to the economic and fiscal impact statement required by ORS 183.335 (2)(b)(E), the board shall, prior to the close of the public comment period, prepare and make available to the public a comprehensive analysis of the economic impact of the proposed rule. The analysis shall include, but is not limited to:
  - (a) An estimate of the potential change in timber harvest as a result of the rule;
  - (b) An estimate of the overall statewide economic impact, including a change in output, employment and income related to:
    - (A) The forest products industry;
    - (B) Other private sectors such as commercial fishing, recreational fishing and other outdoor recreation; and
    - (C) Government sectors such as public water system providers, waste treatment and built and natural infrastructure;

- (c) An estimate of the total economic impact on the forest products industry and common school and county forest trust land revenues, both regionally and statewide; and
- (d) An assessment of the economic impact of the proposed rule on various types of affected forestland parcels and on various geographic locations that is derived from consulting stakeholders.
- (9) The provisions of this section do not apply to temporary rules adopted by the board. [1996 c.9 §16 (enacted in lieu of 527.713); 1999 c.1103 §13; 2003 c.740 §10; 2022 c.33 §47]

Note:

The amendments to 527.714 by section 72, chapter 33, Oregon Laws 2022, become operative only if certain conditions are met. See sections 54 and 61 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711). 527.714, as amended by section 72, chapter 33, Oregon Laws 2022, is set forth for the user's convenience.

(1) The rulemaking authority of the State Board of Forestry under ORS 527.610 to 527.770 consists generally of the following three types of rules:

- (a) Rules adopted to implement administration, procedures or enforcement of ORS 527.610 to 527.770 that support but do not directly regulate standards of forest practices.
  - (b) Rules adopted to provide definitions or procedures for forest practices where the standards are set in statute.
  - (c) Rules adopted to implement the provisions of ORS 527.710 (2), (3), (6), (8), (9) and (10) that grant broad discretion to the board and that set standards for forest practices not specifically addressed in statute.
- (2) When considering the adoption of a rule, and prior to the notice required pursuant to ORS 183.335, the board shall determine which type of rule described in subsection (1) of this section is being considered.
- (3) If the board determines that a proposed rule is of the type described in subsection (1)(a) or (b) of this section, or if the proposed rule is designed only to clarify the meaning of rules already adopted or to make minor adjustments to rules already adopted that are of the type described in subsection (1)(c) of this section, rulemaking may proceed in accordance with ORS 183.325 to 183.410 and is not subject to the provisions of this section.
- (4) If the board determines that a proposed rule is of the type described in subsection (1)(c) of this section, and the proposed rule would change the standards for forest practices, the board shall describe in its rule the purpose of the rule and the level of protection that is desired.
- (5) If the board determines that a proposed rule is of the type described in subsection (1)(c) of this section, including a proposed amendment to an existing rule not qualifying under subsection (3) of this section, and the proposed rule would provide new or increased standards for forest practices, the board may adopt such a rule only after determining that the following facts exist and standards are met:
- (a) If forest practices continue to be conducted under existing regulations:
    - (A) There is monitoring or research evidence that documents that degradation of resources maintained under ORS 527.710 (2) or (3) is likely; or
    - (B) In the case of rules proposed under ORS 527.710 (10), that there is a substantial risk of serious bodily injury or death;
  - (b) If the resource to be protected is a wildlife species, the scientific or biological status of a species or resource site to be protected by the proposed rule has been documented using best available information;
  - (c) The proposed rule reflects available scientific information, the results of relevant monitoring and, as appropriate, adequate field evaluation at representative locations in Oregon;
  - (d) The objectives of the proposed rule are clearly defined, and the restrictions placed on forest practices as a result of adoption of the proposed rule:
    - (A)(i) Are to prevent harm or provide benefits to the resource or resource site for which protection is sought; or
    - (ii) In the case of rules proposed under ORS 527.710 (10), are to reduce risk of serious bodily injury or death; and
    - (B) Are directly related to the objective of the proposed rule and substantially advance its purpose;
  - (e) The availability, effectiveness and feasibility of alternatives to the proposed rule, including nonregulatory alternatives, were considered, and the alternative chosen is the least burdensome to landowners and timber owners, in the aggregate, while still achieving the desired level of protection; and
  - (f) The benefits to the resource, or in the case of rules proposed under ORS 527.710 (10), the benefits in reduction of risk of serious bodily injury or death, that would be achieved by adopting the rule are in proportion to the degree that existing practices of the landowners and timber owners, in the aggregate, are contributing to the overall resources concern that the proposed rule is intended to address.
- (6) Nothing in subsection (5) of this section:
- (a) Requires the board to call witnesses;
  - (b) Requires the board to allow cross-examination of witnesses;
  - (c) Restricts ex parte communications with the board or requires the board to place statements of such communications on the record;
  - (d) Requires verbatim transcripts of records of proceedings; or
  - (e) Requires depositions, discovery or subpoenas.
- (7) If the board determines that a proposed rule is of the type described in subsection (1)(c) of this section, and the proposed rule would require new or increased standards for forest practices, as part of or in addition to the economic and fiscal impact statement

required by ORS 183.335 (2)(b)(E), the board shall, prior to the close of the public comment period, prepare and make available to the public a comprehensive analysis of the economic impact of the proposed rule. The analysis shall include, but is not limited to:

- (a) An estimate of the potential change in timber harvest as a result of the rule;
  - (b) An estimate of the overall statewide economic impact, including a change in output, employment and income related to:
    - (A) The forest products industry;
    - (B) Other private sectors such as commercial fishing, recreational fishing and other outdoor recreation; and
    - (C) Government sectors such as public water system providers, waste treatment and built and natural infrastructure;
  - (c) An estimate of the total economic impact on the forest products industry and common school and county forest trust land revenues, both regionally and statewide; and
  - (d) An assessment of the economic impact of the proposed rule on various types of affected forestland parcels and on various geographic locations that is derived from consulting stakeholders.
- (8) The provisions of this section do not apply to temporary rules adopted by the board.

Note:

527.714 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 527 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.715 - Rules to establish standards and procedures.**

The State Board of Forestry shall establish, by rule, the standards and procedures to implement the provisions of ORS 197.180, 197.270, 197.825, 215.050, 477.440, 477.455, 477.460, 526.009, 526.016, 526.156, 527.620, 527.630, 527.660, 527.670, 527.683 to 527.724, 527.736 to 527.760 and 527.992. [1987 c.919 §28; 1991 c.919 §14; 2013 c.307 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.721 - Coordination with state and local agencies for review and comment on operations.**

By rule or by cooperative agreement entered into following an opportunity for public comment before the State Board of Forestry, the board shall provide for coordination with appropriate state and local agencies regarding procedures to be followed for review and comment on individual forest operations. [1987 c.919 §16 (enacted in lieu of 527.720)]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.722 - Restrictions on local government adoption of rules regulating forest operations; exceptions.**

- (1) Notwithstanding any provisions of ORS chapters 195, 196, 197, 197A, 215 and 227, and except as provided in subsections (2), (3) and (4) of this section, no unit of local government shall adopt any rules, regulations or ordinances or take any other actions that prohibit, limit, regulate, subject to approval or in any other way affect forest practices on forestlands located outside of an acknowledged urban growth boundary.
- (2) Nothing in subsection (1) of this section prohibits local governments from adopting and applying a comprehensive plan or land use regulation to forestland to allow, prohibit or regulate:
  - (a) Forest practices on lands located within an acknowledged urban growth boundary;
  - (b) Forest practices on lands located outside of an acknowledged urban growth boundary, and within the city limits as they exist on July 1, 1991, of a city with a population of 100,000 or more, for which an acknowledged exception to an agriculture or forestland goal has been taken;
  - (c) The establishment or alteration of structures other than temporary on-site structures which are auxiliary to and used during the term of a particular forest operation;
  - (d) The siting or alteration of dwellings;
  - (e) Physical alterations of the land, including but not limited to those made for purposes of exploration, mining, commercial gravel extraction and processing, landfills, dams, reservoirs, road construction or recreational facilities, when such uses are not auxiliary to forest practices; or
  - (f) Partitions and subdivisions of the land.
- (3) Nothing in subsection (2) of this section shall prohibit a local government from enforcing the provisions of ORS 455.310 to 455.715 and the rules adopted thereunder.
- (4) Counties may prohibit, but in no other manner regulate, forest practices on forestlands:
  - (a) Located outside an acknowledged urban growth boundary; and
  - (b) For which an acknowledged exception to an agricultural or forest land goal has been taken.
- (5) To ensure that all forest operations in this state are regulated to achieve protection of soil, air, water, fish and wildlife resources, in addition to all other forestlands, the Oregon Forest Practices Act applies to forest operations inside any urban growth boundary except in areas where a local government has adopted land use regulations for forest practices. For purposes of this subsection, "land use regulations for forest practices" means local government regulations that are adopted for the specific purpose of directing how forest operations and practices may be conducted. These local regulations shall:

- (a) Protect soil, air, water, fish and wildlife resources;
  - (b) Be acknowledged as in compliance with land use planning goals;
  - (c) Be developed through a public process;
  - (d) Be developed for the specific purpose of regulating forest practices; and
  - (e) Be developed in coordination with the State Forestry Department and with notice to the Department of Land Conservation and Development.
- (6) To coordinate with local governments in the protection of soil, air, water, fish and wildlife resources, the State Forester shall provide local governments with a copy of the notice or written plan for a forest operation within any urban growth boundary. Local governments may review and comment on an individual forest operation and inform the landowner or operator of all other regulations that apply but that do not pertain to activities regulated under the Oregon Forest Practices Act.
- (7) The existence or adoption by local governments of a comprehensive plan policy or land use regulation regulating forest practices consistent with subsections (1) to (5) of this section shall relieve the State Forester of responsibility to administer the Oregon Forest Practices Act within the affected area.
- (8) The Director of the Department of Land Conservation and Development shall provide the State Forester copies of notices submitted pursuant to ORS 197.615, whenever such notices concern the adoption, amendment or repeal of a comprehensive land use regulation allowing, prohibiting or regulating forest practices. [1979 c.400 §2; 1987 c.919 §17; 1991 c.919 §29; 2001 c.268 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.724 - Forest operations to comply with air and water pollution control rules and standards; effect of violation.**

Subject to ORS 527.765 and 527.770, any forest operations on forestlands within this state shall be conducted in full compliance with the rules and standards of the Environmental Quality Commission relating to air and water pollution control. In addition to all other remedies provided by law, any violation of those rules or standards shall be subject to all remedies and sanctions available under statute or rule to the Department of Environmental Quality or the Environmental Quality Commission. [1979 c.400 §3; 1991 c.919 §19]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.730**

[1971 c.316 §12; 1991 c.634 §8; renumbered 527.633 in 2023]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.731 - Adaptive management program; rules.**

- (1) It is the policy of the State of Oregon that regulation of forest practices for the protection of aquatic species shall, in addition to other statutory requirements, be subject to a process of adaptive management, whereby goals and objectives are validated, and modified if necessary, and forest practice rules are monitored for effectiveness relative to the goals and objectives.
- (2) The State Board of Forestry shall establish by rule an adaptive management program to accomplish the policy described in subsection (1) of this section, consistent with the adaptive management framework set forth in the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022.
- (3) The adaptive management program must:
  - (a) Ensure effective change as needed to meet resource objectives.
  - (b) Increase the predictability and stability of the process of changing regulation so landowners, regulators and interested members of the public can understand and anticipate change.
  - (c) Apply best available science to decision-making.
  - (d) Effectively meet resource objectives with less operationally expensive prescriptions when feasible.
- (4) The State Board of Forestry shall adopt rules prescribing in detail the roles and obligations of the Adaptive Management Program Committee and Independent Research and Science Team, consistent with ORS 527.732 and 527.733 and the provisions of the Private Forest Accord Report.
- (5) The board shall consider reports submitted by the committee and team. [2022 c.33 §34]

Note:

527.731 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.732 - Adaptive Management Program Committee; rules.**

- (1) The Adaptive Management Program Committee is established as an advisory committee to the State Board of Forestry.
- (2) The committee shall consist of 10 voting members and up to three nonvoting members.
- (3) The board shall select a voting member from among two candidates recommended by each of the following 10 entities:
  - (a) The Oregon Forest and Industries Council.

- (b) The Coalition of Oregon Land Trusts.
- (c) The Associated Oregon Loggers.
- (d) A conservation organization collectively selected by Beyond Toxics, Cascadia Wildlands, Klamath Siskiyou Wildlands Center, Oregon League of Conservation Voters, Oregon Stream Protection Coalition, Oregon Wild, Portland Audubon and Umpqua Watersheds, which were parties to the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022.
- (e) The Oregon Small Woodlands Association.
- (f) The Commission on Indian Services.
- (g) A recreational or commercial angling organization collectively selected by Northwest Guides and Anglers Association, Pacific Coast Federation of Fishermen's Associations, Trout Unlimited and Wild Salmon Center, which were parties to the Private Forest Accord Report.
- (h) The Association of Oregon Counties.
- (i) The State Department of Fish and Wildlife.
- (j) The Department of Environmental Quality.
- (4) If an entity described in subsection (3) of this section ceases to exist, the board shall determine a successor entity that represents the same interests.
- (5) The board shall:
  - (a) Select one representative of the State Forestry Department to serve as a nonvoting member.
  - (b) Invite one representative of the National Marine Fisheries Service and one representative of the United States Fish and Wildlife Service to serve on the committee as nonvoting members.
  - (6) The voting members and the nonvoting member described in subsection (5)(a) of this section shall serve for terms of four years and may serve an unlimited number of terms.
- (7) The committee shall:
  - (a) Guide the adaptive management process.
  - (b) Set the research agenda of the Independent Research and Science Team established in ORS 527.733 and recommend to the board the team's budget.
  - (c) Assess the scientific findings in a report prepared by the team and prepare a report that identifies alternative actions, including no action, to address resource issues identified in the team's report.
  - (d) Submit the committee's reports to the board.
  - (e) Assist the board in the ongoing process of identifying and modifying resource objectives.
  - (f) Review reports related to compliance monitoring and enforcement.
  - (g) Submit recommendations to the board concerning rule adjustment, guidance or training.
  - (h) Strive for full consensus in committee decision-making.
- (8) Notwithstanding subsection (7)(h) of this section, the committee shall make substantial decisions by a vote of at least seven voting members.
- (9) Committee members are not eligible for compensation or reimbursement for expenses. If an organization represented by a committee member requests a participation grant to compensate for the organizational resources the organization dedicated to supporting the committee member's service on the committee, subject to available funding, the board shall award the participation grant in an amount determined by the board.
- (10) The board shall adopt rules describing a process for awarding participation grants described in subsection (9) of this section.

[2022 c.33 §36]

Note:

527.732 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

Note:

Section 37, chapter 33, Oregon Laws 2022, provides:

Sec. 37.

- (1) The State Board of Forestry shall appoint the first voting members of the Adaptive Management Program Committee on or before November 30, 2022.
- (2) Notwithstanding section 36 (6) of this 2022 Act [527.732 (6)], of the voting members of the committee first appointed by the board:
  - (a) Two shall serve for terms ending one year after the date of appointment.
  - (b) Two shall serve for terms ending two years after the date of appointment.
  - (c) Three shall serve for terms ending three years after the date of appointment.
- (3) The board shall appoint the first voting members of the Independent Research and Science Team from a list of candidates provided by the committee. [2022 c.33 §37]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.733 - Independent Research and Science Team; rules.**

- (1) The Independent Research and Science Team is established as an advisory committee to the State Board of Forestry.
- (2) The team shall consist of an odd number of at least five voting members. The voting members must:
  - (a) Have demonstrated subject matter expertise in a relevant field and a graduate-level degree in a relevant natural resources-related field such as forestry, silviculture, ecology, hydrology, wildlife, fisheries or geology.
  - (b) Include, at all times:
    - (A) At least one voting member who represents a public institution.
    - (B) At least one voting member who represents the timber industry.
    - (C) At least one voting member who represents a nongovernmental organization that promotes conservation of freshwater aquatic habitat.
- (3) Team members shall serve for initial terms of four years and may serve an unlimited number of terms.
- (4) A team member may be removed by a two-thirds vote of the team or by a majority vote of the board.
- (5) If there is a vacancy on the team, or if the team determines that a new scientific or technical discipline must be represented on the team in order for the team to perform its research duties:
  - (a) The team shall submit a list of candidates to the board.
  - (b) The board may appoint one or more of the candidates as voting members of the team.
  - (c) If the board does not select one or more voting members from the list of candidates, the team shall submit a new list of candidates to the board until such time as the board appoints one or more candidates as voting members of the team.
- (6) The board shall adopt rules for administering subsection (5) of this section.
- (7) The team shall:
  - (a) Conduct or oversee research requested by the Adaptive Management Program Committee.
  - (b) Report to the board and the committee on the findings of the research, including findings concerning the magnitude of impacts on species of concern, the urgency of needed action and the degree of scientific confidence or uncertainty behind the findings.
- (8)(a) The team shall strive for full consensus in team decision-making.
- (b) Notwithstanding paragraph (a) of this subsection, the team shall make substantial decisions by a vote of at least two-thirds of the team members.
- (9) Team members are not eligible for compensation or reimbursement for expenses. If an organization represented by a team member requests a participation grant to compensate for the organizational resources the organization dedicated to supporting the team member's service on the team, subject to available funding, the board shall award the participation grant in an amount determined by the board.
- (10) The board shall adopt rules describing a process for awarding participation grants described in subsection (9) of this section.

[2022 c.33 §38]

Note:

527.733 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.734 - Considering reports on rules relating to aquatic resources.**

- (1) Subject to subsection (2) of this section, the State Board of Forestry may not adopt, amend or repeal a rule described in ORS 527.714 (1)(c) that relates to aquatic resources until the board has first received and considered reports that pertain to the rule from the Adaptive Management Program Committee and the Independent Research and Science Team described in ORS 527.732 and 527.733.
- (2) Notwithstanding ORS 527.714 (7), subsection (1) of this section does not apply:
  - (a) To adoption, amendment or repeal of a rule as part of a rulemaking proceeding commenced pursuant to ORS 527.765 (3)(e) in response to a petition for review of best management practices made by the Environmental Quality Commission;
  - (b) To adoption, amendment or repeal of a rule by the commission;
  - (c) If the legislation authorizing or requiring the adoption, amendment or repeal of the rule provides a specific exemption from this section; or
  - (d) If the adoption, amendment or repeal of the rule is necessary to comply with a court order.
- (3) The board may solicit and consider a report from the committee or the team prior to or as part of:
  - (a) A rulemaking proceeding described in subsection (2)(a) of this section, if soliciting and considering the report does not conflict with the requirements of ORS 527.765 (3)(e); or
  - (b) Any other rulemaking described in ORS 527.714 (1)(c), subject to the funding available to, and the capacity of, the committee and the team, taking into consideration the requirements of subsection (1) of this section. [2022 c.33 §39]

Note:

527.734 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.735**

[1987 c.919 §6a; renumbered 526.156 in 1991]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.736 - Forest practice standards for operations on public and private land; exceptions; rules.**

(1) The standards established in ORS 527.740 to 527.750 shall be administered by the State Forester as standards applying to all operations in the state, including those on forestland owned by the state or any political subdivision thereof. Pursuant to ORS 527.710 the State Board of Forestry shall adopt, repeal or amend forest practice rules as necessary to be consistent with and to implement the standards established in ORS 527.740 to 527.750. Except as provided in ORS 527.714, nothing in ORS 468B.100 to 468B.110, 477.562, 527.620, 527.670, 527.690, 527.710, 527.715, 527.722, 527.724 and 527.736 to 527.770 shall affect the powers and duties of the board to adopt, or the State Forester to administer, all other regulations pertaining to forest practices under applicable state law.

(2) Nothing in ORS 527.740 to 527.750 is intended to apply to cutting of trees that is for growth enhancement treatments, as defined by the State Forester, such as thinning or precommercial thinning.

(3) The State Board of Forestry may modify or waive the limitations and requirements of ORS 527.676, 527.740, 527.750 and 527.755 for the purposes of a bona fide research project conducted by:

- (a) A federal agency;
- (b) Agencies of the executive department, as defined in ORS 174.112;
- (c) An educational institution; or
- (d) A private landowner.

(4) The State Board of Forestry may agree as a term of a stewardship agreement entered into under ORS 541.973 to modify or waive the limitations and requirements of ORS 527.676, 527.740, 527.750 and 527.755.

(5) The State Board of Forestry may modify or waive the limitations and requirements of ORS 527.676, 527.740, 527.750 and 527.755 for the purpose of an operation for the planting, growing, managing or harvesting of hardwood timber, including but not limited to hybrid cottonwood, if:

- (a) The timber is grown on land that has been prepared by intensive cultivation methods and is cleared of competing vegetation for at least three years after planting;
- (b) The timber is harvested on a rotation cycle of more than 12 years and less than 20 years after planting; and
- (c) The timber is subject to intensive agricultural practices, including but not limited to fertilization, cultivation, irrigation, insect control and disease control. [1991 c.919 §3; 1993 c.657 §5; 1995 s.s. c.3 §39r; 1996 c.9 §20; 2008 c.11 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.738 - Riparian prescriptions; small forestland owner minimum option; rules.**

(1) As used in this section:

(a) "Common ownership" means direct ownership by one or more individuals or ownership by a corporation, partnership, association or other entity in which an individual owns a significant interest.

(b) "Small forestland owner minimum option" means any small forestland owner minimum option available for small forestland owners pursuant to rules adopted by the State Board of Forestry under ORS 527.711.

(2) The board may not establish riparian prescriptions that result in minimum riparian buffer widths or lengths that measure less than the minimum riparian buffer widths or lengths set forth in sections 5.3.1.3 and 5.3.1.4 of chapter 5 of the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022.

(3)(a) An operator, timber owner or landowner may not follow a small forestland owner minimum option for an operation unless the department determines that, as of the date the department receives a notification related to the operation under ORS 527.670:

(A) The landowner of the forestland where the operation will occur owns or holds common ownership interest in less than 5,000 acres of forestland in this state;

(B) No more than an average yearly volume of two million board feet of merchantable forest products has been harvested from the landowner's forestland in this state, when averaged over the three years prior to the date the department receives the notification; and

(C) The landowner has submitted an affirmation to the department that it does not expect to exceed an average yearly volume of two million board feet of merchantable forest products to be harvested from the landowner's forestland in this state during the 10 years following the date the department receives the notification.

(b) Notwithstanding paragraph (a)(B) and (C) of this subsection, the department may allow a landowner to follow a small forestland owner minimum option if the landowner establishes to the department's reasonable satisfaction that any exceedance of the harvest limits set forth in paragraph (a)(B) or (C) of this subsection was or will be necessary to raise funds to pay estate taxes or for a compelling and unexpected obligation.

(4) The department may require a landowner to submit, as part of the notification required under ORS 527.670, any additional information or statements necessary to determine whether a landowner meets the requirements of subsection (3) of this section.

(5) The board may adopt any rules necessary to implement this section. [2022 c.33 §16]

Note:

527.738 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

Note:

527.738 and 527.739 were added to and made a part of 527.610 to 527.770 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.739 - Application of restrictions related to small forestland owner minimum option; rules.**

In any tax year that a tax credit allowed for use of the standard practice in lieu of the small forestland owner minimum option is not available to small forestland owners, State Board of Forestry rules must provide that restrictions on using the small forestland owner minimum option related to the horizontal feet limitation applicable to fifth field watersheds are not in effect. [2022 c.33 §16a]

Note:

527.739 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

Note:

See second note under 527.738.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.740 - Harvest type 3 limitations; exceptions.**

(1) No harvest type 3 unit within a single ownership shall exceed 120 acres in size, except as provided in ORS 527.750.

(2) No harvest type 3 unit shall be allowed within 300 feet of the perimeter of a prior harvest type 3 unit within a single ownership if the combined acreage of the harvest type 3 areas subject to regulation under the Oregon Forest Practices Act would exceed 120 acres in size, unless the prior harvest type 3 unit has been reforested as required by all applicable regulations and:

(a) At least the minimum tree stocking required by rule is established per acre; and either

(b) The resultant stand of trees has attained an average height of at least four feet; or

(c) At least 48 months have elapsed since the stand was created and it is "free to grow" as defined by the State Board of Forestry.

(3) Any acreage attributable to riparian areas or to resource sites listed in ORS 527.710 (3) that is located within a harvest unit shall not be counted in calculating the size of a harvest type 3 unit.

(4) The provisions of this section shall not apply when the land is being converted to managed conifers or managed hardwoods from brush or hardwood stands that contain less than 80 square feet of basal area per acre of trees 11 inches DBH or greater or when the harvest type 3 results from disasters such as fire, insect infestation, disease, windstorm or other occurrence that the State Forester determines was beyond the landowner's control and has substantially impaired productivity or safety on the unit or jeopardizes nearby forestland. The prior approval of the State Forester shall be required for such conversion or harvest type 3 operations that exceed 120 acres in size.

(5) The provisions of this section do not apply to any operation where the operator demonstrates to the State Forester that:

(a) The trees are subject to a cutting right created by written contract prior to October 1, 1990, which provides that the trees must be paid for regardless of whether the trees are cut, or subject to a cutting right created by reservation in a deed prior to October 1, 1990; and

(b) If the provisions of this section were applied, the cutting right would expire before all the trees subject to the cutting right could reasonably be harvested. [1991 c.919 §4; 1995 s.s. c.3 §39b; 1996 c.9 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.745 - Reforestation of certain harvest types; adoption of standards; rules.**

(1) The State Board of Forestry shall adopt standards for the reforestation of harvest type 1 and harvest type 3. Unless the board makes the findings for alternate standards under subsection (2) of this section, the standards for the reforestation of harvest type 1 and harvest type 3 shall include the following:

(a) Reforestation, including site preparation, shall commence within 12 months after the completion of harvest and shall be completed by the end of the second planting season after the completion of harvest. By the end of the fifth growing season after planting or seeding, at least 200 healthy conifer or suitable hardwood seedlings or lesser number as permitted by the board by rule, shall be established per acre, well-distributed over the area, which are "free to grow" as defined by the board.

(b) Landowners may submit plans for alternate practices that do not conform to the standards established under paragraph (a) of this subsection or the alternate standards adopted under subsection (2) of this section, including but not limited to variances in the time in which reforestation is to be commenced or completed or plans to reforest sites by natural reforestation. Such alternate plans may be approved if the State Forester determines that the plan will achieve equivalent or better regeneration results for the particular conditions of the site, or the plan carries out an authorized research project conducted by a public agency or educational institution.

(2) The board, by rule, may establish alternate standards for the reforestation of harvest type 1 and harvest type 3, in lieu of the standards established in subsection (1) of this section, but in no case can the board require the establishment of more than 200 healthy conifer or suitable hardwood seedlings per acre. Such alternate standards may be adopted upon finding that the alternate

standards will better assure the continuous growing and harvesting of forest tree species and the maintenance of forestland for such purposes, consistent with sound management of soil, air, water, fish and wildlife resources based on one or more of the following findings:

- (a) Alternate standards are warranted based on scientific data concerning biologically effective regeneration;
  - (b) Different standards are warranted for particular geographic areas of the state due to variations in climate, elevation, geology or other physical factors; or
  - (c) Different standards are warranted for different tree species, including hardwoods, and for different growing site conditions.
- (3) Pursuant to ORS 527.710, the board may adopt definitions, procedures and further regulations to implement the standards established under subsection (1) of this section, without making the findings required in subsection (2) of this section, if those procedures or regulations are consistent with the standards established in subsection (1) of this section.
- (4) The board shall encourage planting of disease and insect resistant species in sites infested with root pathogens or where planting of susceptible species would significantly facilitate the spread of a disease or insect pest and there are immune or more tolerant commercial species available which are adapted to the site.
- (5) Notwithstanding subsections (1), (2) and (3) of this section, in order to remove potential disincentives to the conversion of underproducing stands, as defined by the board, or the salvage of stands that have been severely damaged by wildfire, insects, disease or other factors beyond the landowner's control, the State Forester may suspend the reforestation requirements for specific harvest type 1 or harvest type 3 units in order to take advantage of the Forest Resource Trust provisions, or other cost-share programs administered by the State Forester or where the State Forester is the primary technical adviser. Such suspension may occur only on an individual case basis, in writing, based on a determination by the State Forester that the cost of harvest preparation, harvest, severance and applicable income taxes, logging, site preparation, reforestation and any other measures necessary to establish a free to grow forest stand will likely exceed the gross revenues of the harvest. The board shall adopt rules implementing this subsection establishing the criteria for and duration of the suspension of the reforestation requirements.
- (6) Notwithstanding subsections (1), (2) and (3) of this section, at the request of the Department of Transportation, the State Forester shall consult with the department concerning reforestation requirements for harvest type 1 and harvest type 3 in areas that are within or adjacent to a state highway right of way. The State Forester shall waive reforestation requirements in areas deemed to be unsuitable for reforestation by the department in order to maintain motorist safety and to protect highways, bridges and utility lines. [1991 c.919 §6; 1993 c.562 §1; 1995 s.s. c.3 §39c; 1996 c.9 §5; 2012 c.56 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.750 - Exceeding harvest type 3 size limitation; conditions; rules.**

(1) Notwithstanding the requirements of ORS 527.740, a harvest type 3 unit within a single ownership that exceeds 120 acres but does not exceed 240 acres may be approved by the State Forester if all the requirements of this section and any additional requirements established by the State Board of Forestry are met. Proposed harvest type 3 units that are within 300 feet of the perimeter of a prior harvest type 3 unit, and that would result in a total combined harvest type 3 area under a single ownership exceeding 120 acres but not exceeding 240 acres, may be approved by the State Forester if the additional requirements are met for the combined area. No harvest type 3 unit within a single ownership shall exceed 240 contiguous acres. No harvest type 3 unit shall be allowed within 300 feet of the perimeter of a prior harvest type 3 unit within a single ownership if the combined acreage of the areas subject to regulation under the Oregon Forest Practices Act would exceed 240 acres, unless:

- (a) The prior harvest type 3 unit has been reforested by all applicable regulations;
  - (b) At least the minimum tree stocking required by rule is established per acre; and
  - (c)(A) The resultant stand of trees has attained an average height of at least four feet; or
  - (B) At least 48 months have elapsed since the stand was created and it is "free to grow" as defined by the board.
- (2) The requirements of this section are in addition to all other requirements of the Oregon Forest Practices Act and the rules adopted thereunder. The requirements of this section shall be applied in lieu of such other requirements only to the extent the requirements of this section are more stringent. Nothing in this section shall apply to operations conducted under ORS 527.740 (4) or (5).
- (3) The board shall require that a plan for an alternate practice be submitted prior to approval of a harvest type 3 operation under this section. The board may establish by rule any additional standards applying to operations under this section.
- (4) The State Forester shall approve the harvest type 3 operation if the proposed operation would provide better overall results in meeting the requirements and objectives of the Oregon Forest Practices Act.
- (5) The board shall specify by rule the information to be submitted for approval of harvest type 3 operations under this section, including evidence of past satisfactory compliance with the Oregon Forest Practices Act. [1991 c.919 §7; 1995 s.s. c.3 §39d; 1996 c.9 §6; 2003 c.740 §5; 2005 c.22 §378]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.755 - Scenic highways; visually sensitive corridors; operations restricted; exemptions.**

- (1) The following highways are hereby designated as scenic highways for purposes of the Oregon Forest Practices Act:
- (a) Interstate Highways 5, 84, 205, 405; and
  - (b) State Highways 6, 7, 20, 18/22, 26, 27, 30, 31, 34, 35, 36, 38, 42, 58, 62, 66, 82, 97, 101, 126, 138, 140, 199, 230, 234 and 395.

- (2) The purpose of designating scenic highways is to provide a limited mechanism that maintains roadside trees for the enjoyment of the motoring public while traveling through forestland, consistent with ORS 527.630, safety and other practical considerations.
- (3) The State Board of Forestry, in consultation with the Department of Transportation, shall establish procedures and regulations as necessary to implement the requirements of subsections (4), (5) and (6) of this section, consistent with subsection (2) of this section, including provisions for alternate plans. Alternate plans that modify or waive the requirements of subsection (4), (5) or (6) of this section may be approved when, in the judgment of the State Forester, circumstances exist such as:
- (a) Modification or waiver is necessary to maintain motorist safety, protect improvements such as dwellings and bridges, or protect forest health;
  - (b) Modification or waiver will provide additional scenic benefits to the motoring public, such as exposure of distant scenic vistas;
  - (c) Trees that are otherwise required to be retained will not be visible to motorists;
  - (d) The operation involves a change of land use that is inconsistent with maintaining a visually sensitive corridor; or
  - (e) The retention of timber in a visually sensitive corridor will result in severe economic hardship for the owner because all or nearly all of the owner's property is within the visually sensitive corridor.
- (4)(a) For harvest operations within a visually sensitive corridor, at least 50 healthy trees of at least 11 inches DBH, or that measure at least 40 square feet in basal area, shall be temporarily left on each acre.
- (b) Overstory trees initially required to be left under paragraph (a) of this subsection may be removed when the reproduction understory reaches an average height of at least 10 feet and has at least the minimum number of stems per acre of free to grow seedlings or saplings required by the board for reforestation, by rule.
- (c) Alternatively, when the adjacent stand, extending from 150 feet from the outermost edge of the roadway to 300 feet from the outermost edge of the roadway, has attained an average height of at least 10 feet and has at least the minimum number of stems per acre of free to grow seedlings or saplings required by the board for reforestation, by rule, or at least 40 square feet of basal area per acre, no trees are required to be left in the visually sensitive corridor, or trees initially required to be left under paragraph (a) of this subsection may be removed. When harvests within the visually sensitive corridor are carried out under this paragraph, the adjacent stand, extending from 150 feet from the outermost edge of the roadway to 300 feet from the outermost edge of the roadway, shall not be reduced below the minimum number of stems per acre of free to grow seedlings or saplings at least 10 feet tall required by the board for reforestation, by rule, or below 40 square feet of basal area per acre until the adjacent visually sensitive corridor has been reforested as required under subsection (6) of this section and the stand has attained an average height of at least 10 feet and has at least the minimum number of stems per acre.
- (5) Harvest areas within a visually sensitive corridor shall be cleared of major harvest debris within 30 days of the completion of the harvest, or within 60 days of the cessation of active harvesting activity on the site, regardless of whether the harvest operation is complete.
- (6) Notwithstanding the time limits established in ORS 527.745 (1)(a), when harvesting within a visually sensitive corridor results in a harvest type 1 or harvest type 3, reforestation shall be completed by the end of the first planting season after the completion of the harvest. All other provisions of ORS 527.745 shall also apply to harvest type 1 or harvest type 3 within visually sensitive corridors.
- (7) Landowners and operators shall not be liable for injury or damage caused by trees left within the visually sensitive corridor for purposes of fulfilling the requirements of this section, when carried out in compliance with the provisions of the Oregon Forest Practices Act.
- (8) The following are exempt from this section:
- (a) Harvest on single ownerships less than five acres in size;
  - (b) Harvest within an urban growth boundary, as defined in ORS 197.015; and
  - (c) Harvest within zones designated for rural residential development pursuant to an exception adopted to the statewide land use planning goals under ORS 197.732. [1991 c.919 §17; 1993 c.306 §1; 1995 s.s. c.3 §39e; 1996 c.9 §7; 1997 c.249 §179; 2007 c.383 §1; 2023 c.13 §102]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.760 - Reforestation exemptions for land use changes.**

- (1) The State Board of Forestry shall review its rules governing changes in land use and adopt or amend rules as necessary to assure that only bona fide, established and continuously maintained changes from forest uses are provided an exemption from reforestation requirements. The board shall set specific time periods for the completion of land use conversions. Among other factors, the board shall condition exemptions from reforestation requirements upon:
- (a) Demonstrating the intended change in land use is authorized under local land use and zoning ordinances, including obtaining and maintaining all necessary land use or construction permits and approvals for the intended change in land use;
  - (b) Demonstrating progress toward the change in land use within the time required for planting of trees, and substantial completion and continuous maintenance of the change in land use in a time certain;
  - (c) Allowing an exemption for only the smallest land area necessary to carry out the change in land use, and requiring that additional land area within the harvest unit remains subject to all applicable reforestation requirements; and
  - (d) Allowing an exemption only to the extent that the proposed land use is not compatible with the maintenance of forest cover.
- (2) The board may require that, prior to commencing an operation where a change in land use is proposed, a bond, cash deposit, irrevocable letter of credit or other security be filed with the State Forester in an amount determined by the State Forester sufficient

to cover the cost of site preparation and reforestation for the area subject to an exemption from reforestation due to a change in land use, and shall require that provisions be made for the administration and collection on such bond or security deposit in the event that the change in land use is not established or continuously maintained within a time certain.

(3) Nothing in this section is intended to exempt any change in land use from, nor affect the applicability and administration of, any planning, zoning or permitting requirements provided under state or local laws or regulations. [1991 c.919 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.765 - Best management practices to maintain water quality; rules.**

(1) The State Board of Forestry shall establish best management practices and other rules applying to forest practices as necessary to insure that to the maximum extent practicable nonpoint source discharges of pollutants resulting from forest operations on forestlands do not impair the achievement and maintenance of water quality standards established by the Environmental Quality Commission for the waters of the state. Such best management practices shall consist of forest practices rules adopted to prevent or reduce pollution of waters of the state. Factors to be considered by the board in establishing best management practices shall include, where applicable, but not be limited to:

- (a) Beneficial uses of waters potentially impacted;
- (b) The effects of past forest practices on beneficial uses of water;
- (c) Appropriate practices employed by other forest managers;
- (d) Technical, economic and institutional feasibility; and
- (e) Natural variations in geomorphology and hydrology.

(2) The board shall consult with the Environmental Quality Commission in adoption and review of best management practices and other rules to address nonpoint source discharges of pollutants resulting from forest operations on forestlands.

(3)(a) Notwithstanding ORS 183.310 (8), upon written petition for rulemaking under ORS 183.390 of any interested person or agency, the board shall review the best management practices adopted pursuant to this section. In addition to all other requirements of law, the petition must allege with reasonable specificity that nonpoint source discharges of pollutants resulting from forest operations being conducted in accordance with the best management practices are a significant contributor to violations of such standards.

(b) Except as provided in paragraph (c) of this subsection, if the board determines that forest operations being conducted in accordance with the best management practices are neither significantly responsible for particular water quality standards not being met nor are a significant contributor to violations of such standards, the board shall issue an order dismissing the petition.

(c) If the petition for review of best management practices is made by the Environmental Quality Commission, the board shall not terminate the review without the concurrence of the commission, unless the board commences rulemaking in accordance with paragraph (e) of this subsection.

(d) If a petition for review is dismissed, upon conclusion of the review, the board shall issue an order that includes findings regarding specific allegations in the petition and shall state the board's reasons for any conclusions to the contrary.

(e) If, pursuant to review, the board determines that best management practices should be reviewed, the board shall commence rulemaking proceedings for that purpose. Rules specifying the revised best management practices must be adopted not later than two years from the filing date of the petition for review unless the board, with concurrence of the Environmental Quality Commission, finds that special circumstances require additional time.

(f) Notwithstanding the time limitation established in paragraph (e) of this subsection, at the request of the Environmental Quality Commission, the board shall take action as quickly as practicable to prevent significant damage to beneficial uses identified by the commission while the board is revising its best management practices and rules as provided for in this section. [1991 c.919 §20; 2003 c.75 §95; 2003 c.749 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.770 - Good faith compliance with best management practices not violation of water quality standards; subsequent enforcement of standards.**

A forest operator conducting, or in good faith proposing to conduct, operations in accordance with best management practices currently in effect shall not be considered in violation of any water quality standards. When the State Board of Forestry adopts new best management practices and other rules applying to forest operations, such rules shall apply to all current or proposed forest operations upon their effective dates. However, nothing in this section prevents enforcement of water quality standards against a forest operator conducting operations after the time provided in ORS 527.765 (3)(e) for adoption of revised best management practices if the board either has not adopted revised management practices or has not made a finding that such revised best management practices are not required. [1991 c.919 §21; 2003 c.749 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.780 - Exemption from liability for trees or debris left on property.**

(1) A landowner is not liable in tort for any personal injury, death or property damage that arises out of the leaving of trees and other debris on the property of the landowner under the provisions of ORS 527.610 to 527.770, under any rules adopted pursuant to ORS 527.610 to 527.770, or under any other law or rule requiring trees and debris to be left upon property after logging or other activity

on the land.

(2) The limitation on liability provided by this section applies to any injury, death or damage arising out of wildfire, erosion, flooding, diversion of waters, damage to public improvements and any other injury, death or damage caused by trees or debris left by the landowner.

(3) The limitation on liability provided by this section does not apply if the injury, death or damage was caused by the intentional tort of the landowner or by the gross negligence of the landowner. As used in this subsection, "gross negligence" means negligence that is materially greater than the mere absence of reasonable care under the circumstances, and that is characterized by indifference to or reckless disregard of the rights of others.

(4) The limitation on liability provided by this section is in addition to any limitation on liability provided under ORS 105.672 to 105.696.

(5) The limitation on liability provided by this section does not apply to any liability established by the provisions of ORS chapter 477. [1999 c.543 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.785 - Exemption from liability for large woody debris left on property.**

(1) A landowner is not liable in tort for any personal injury, death or property damage that arises out of the leaving of large woody debris on the property of the landowner under the provisions of ORS 527.610 to 527.770, under any rules adopted pursuant to ORS 527.610 to 527.770, or under any other law or rule requiring trees and large woody debris to be left upon property after logging or other activity on the land.

(2) The limitation on liability provided by this section applies to any injury, death or damage arising out of wildfire, erosion, flooding, diversion of waters, damage to public improvements and any other injury, death or damage caused by the large woody debris left by the landowner.

(3) The limitation on liability provided by this section does not apply if the injury, death or damage was caused by the intentional tort of the landowner or by the gross negligence of the landowner. As used in this subsection, "gross negligence" means negligence that is materially greater than the mere absence of reasonable care under the circumstances, and that is characterized by indifference to or reckless disregard of the rights of others.

(4) The limitation on liability provided by this section is in addition to any limitation on liability provided under ORS 105.672 to 105.696.

(5) The limitation on liability provided by this section does not apply to any liability established by the provisions of ORS chapter 477. [1999 c.863 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.786 - Definitions.**

As used in ORS 527.786 to 527.793:

(1) "Department reporting system" means a forest activity electronic reporting and notice system operated by the State Forestry Department.

(2) "Nearby recipient" means a person registered under ORS 527.787:

(a) Whose parcel location information is reconciled under ORS 527.787 (2) with a tax lot that is in whole or in part less than one mile from the edge of a proposed or scheduled pesticide application by helicopter to forestland; or

(b) Whose water intake location noted under ORS 527.787 (4) is less than one mile from the edge of a proposed or scheduled pesticide application by helicopter to forestland.

(3) "Pesticide":

(a) Except as provided in this subsection, has the meaning given that term in ORS 634.006.

(b) Does not include fertilizer. As used in this paragraph, "fertilizer" means any substance, or any combination or mixture of substances, that is designed for use primarily as a source of plant food, for inducing increased plant growth or for producing any physical, microbial or chemical change in the soil.

(4) "Water use qualifying for a spray buffer" means the use of water:

(a) For watering not more than one-half acre of lawn or noncommercial garden;

(b) By one or more dwelling units for domestic animal consumption ancillary to residential or related use of a property;

(c) By one or more dwelling units for household purposes or human consumption;

(d) For livestock watering; or

(e) Supplied for community purposes through a municipal water system, a system operated by a federally recognized Indian tribe or a system operated by a private corporation. As used in this paragraph, "community purposes" includes, but is not limited to, uses described in paragraphs (a) to (d) of this subsection, commercial or industrial use, fire protection, watering of public parks and street cleaning. [2020 s.s.1 c.16 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.787 - Registering to receive notice of pesticide application.**

(1) A person may register with the State Forestry Department to receive notices of proposed or scheduled pesticide applications by

helicopter to forestland near the residence of the person. To obtain registration, the person must provide the department with:

- (a) A description of the parcel where the person resides;
- (b) Proof satisfactory to the department that the person resides at the parcel; and
- (c) Contact information for the person that, at a minimum, includes:
  - (A) A mailing address; and
  - (B) An electronic mail address or telephone number.

(2) Upon the receipt of information under subsection (1) of this section, the department shall reconcile the parcel location information with tax lot information and note the tax lot in a geospatial layer maintained within a department reporting system.

(3) A person appropriating surface water for a water use qualifying for a spray buffer may register with the department to receive notices of proposed or scheduled pesticide applications by helicopter to forestland near the water intake used by the person. To obtain registration, the person must provide the department with:

- (a) The global positioning system coordinates for the water intake;
- (b) If the water use qualifying for a spray buffer is subject to water right requirements, a permit, certificate, registration, limited license or order of determination for the water use;
- (c) If the water use qualifying for a spray buffer is exempt from water right requirements, a description of the spring box or other type of water intake and of the type of water use;
- (d) Unless established in documentation described in paragraph (b) of this subsection, an attestation that the person believes the person has a lawful entitlement to make the water use qualifying for a spray buffer;
- (e) An attestation that the person controls the works at the point of diversion for the water use qualifying for a spray buffer; and
- (f) Contact information for the person that, at a minimum, includes:
  - (A) A mailing address; and
  - (B) An electronic mail address or telephone number.

(4) Upon the receipt of information under subsection (3) of this section, the department shall note the location of the water intake in a geospatial layer maintained within a department reporting system. [2020 s.s.1 c.16 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.788 - Notice to State Forestry Department of proposed pesticide application.**

(1) To the extent of any conflict between this section and ORS 527.610 to 527.770, the provisions of this section prevail.

(2) Notwithstanding ORS 527.670, an operator, timber owner or landowner proposing to conduct a pesticide application by helicopter to forestland shall send the State Forestry Department notice of the proposed pesticide application that includes the following:

- (a) Identification of the pesticides likely to be used. The notice may not identify any pesticides that are not likely to be used.
- (b) Identification of the forestland units to receive pesticide application.
- (c) Identification of a 90-day period within which the pesticide application is to occur.
- (d) Contact information for the operator, timber owner or landowner providing the notice that, at a minimum, includes a mail address, electronic mail address and telephone number.
- (e) Any information required by State Board of Forestry rules.

(3) Except as provided in subsection (4) of this section, if the department reporting system indicates that the location of the proposed pesticide application has one or more nearby recipients, the beginning of the 90-day period identified in the notice under subsection (2)(c) of this section must be 30 or more days after the date the notice is provided to the department.

(4) If a pesticide application is not completed during the 90-day period identified in a notice, the operator, timber owner or landowner must send a new notice before commencing or completing the pesticide application. Notwithstanding ORS 527.670, if the new notice is sent in the same calendar year as the original notice, the 90-day period identified in the new notice must be seven or more days after the date the new notice is provided to the department. [2020 s.s.1 c.16 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.789 - Notice to nearby recipient of proposed pesticide application.**

(1) Upon receipt of a notice under ORS 527.788 (2), a State Forestry Department reporting system shall provide the operator, timber owner or landowner that provided the notice with a list of, and contact information for, any nearby recipients for the proposed pesticide application.

(2) Two weeks after receiving a notice under ORS 527.788 (2), and on the date of receipt of any new notice under ORS 527.788 (4), the department shall send notice of the proposed pesticide application to the electronic mail address or telephone number of each nearby recipient for the application. The notice sent by the department must include, but need not be limited to, the location and nature of the proposed pesticide application and the 90-day period within which the pesticide application may occur, and the mailing address, electronic mail address and telephone number supplied as contact information by the operator, timber owner or landowner that provided notice of the proposed pesticide application under ORS 527.788. [2020 s.s.1 c.16 §7]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.790 - Notice to State Forestry Department prior to pesticide application.**

(1) An operator, timber owner or landowner that sends notice under ORS 527.788 of a proposed pesticide application by helicopter to forestland shall notify the State Forestry Department prior to the pesticide application by helicopter being made. A notice under this section must:

- (a) Be made by electronic communication to a department reporting system;
  - (b) Be sent to the department no later than 7 p.m. on the day preceding the pesticide application;
  - (c) Specify the day following the notice as a day for pesticide application by helicopter;
  - (d) Identify the forestland units to receive pesticide application on the specified day; and
  - (e) Contain any additional information required by State Board of Forestry rules.
- (2) The sending of a notice under subsection (1) of this section does not limit the number of days on which a pesticide application by helicopter may be made. However, a separate notice is required for each day that a pesticide application by helicopter is to be made. The sending of a notice under subsection (1) of this section does not require that a pesticide application identified in the notice be conducted.
- (3) Upon receipt of a notice under this section, the department shall send the schedule information for the pesticide application and forestland unit identification to the electronic mail address or telephone number of each nearby recipient to which the department sent notice of the proposed pesticide application under ORS 527.789. [2020 s.s.1 c.16 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.791 - Verifying completion of pesticide application.**

- (1) If a forestland unit identified in a notice sent under ORS 527.790 receives an incomplete pesticide application on the date specified in the notice, the operator, timber owner or landowner shall send a notice of incompleteness to a State Forestry Department reporting system no later than 24 hours after the end of the date specified for the application in the notice. The notice of incompleteness shall consist of designating the forestland units to which an incomplete pesticide application by helicopter was made. Entry of a notice of incompleteness does not affect the requirement to send notice under ORS 527.790 before completing the pesticide application.
- (2) An operator, timber owner or landowner that sends a notice under ORS 527.790 shall send a completion verification to a department reporting system no later than 24 hours after the completion of the pesticide application. The completion verification shall consist of designating the forestland units to which the pesticide application by helicopter was made.
- (3) The department shall make an electronic listing of the forestland units that were identified in the notice under ORS 527.790 available to the operator, timber owner or landowner in a format that allows the operator, timber owner or landowner to electronically designate:
- (a) Forestland units from the list that have received an incomplete pesticide application, when sending a notice of incompleteness; and
  - (b) Forestland units from the list on which pesticide application is complete, when sending a completion verification. [2020 s.s.1 c.16 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.792 - Designation of forestland units.**

- (1) If the State Forestry Department receives a notice under ORS 527.790, at the beginning of the 90-day period identified in the notice, the department shall designate the forestland units identified in the notice as being in available status. Except as provided in subsection (2) of this section, the department shall terminate the available status of a forestland unit after 90 days.
- (2) Upon receiving a notice under ORS 527.790 specifying a date on which a pesticide application by helicopter is to be made, the department shall change the designation of any forestland unit identified in the notice to pending status.
- (3) Upon receiving a notice of incompleteness under ORS 527.791, the department shall change the designation of any forestland unit identified in the notice to incomplete status.
- (4) Upon receiving a completion verification under ORS 527.791, the department shall change the designation of any forestland unit identified in the completion verification to completed status.
- (5) The department shall change the designation of a forestland unit from pending status if, at 11:59 p.m. on the day following the pesticide application date specified for the forestland unit in a notice under ORS 527.790, the department has not received a notice of incompleteness or completion verification for the forestland unit. Subject to subsection (1) of this section, the department shall return a forestland unit described in this subsection from pending status to available status. [2020 s.s.1 c.16 §11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.793 - Failure to send notice; penalties.**

- (1) As used in this section, "spray season" means a period that:
- (a) Begins on January 1 and ends on June 30 in the same calendar year; or
  - (b) Begins on July 1 and ends on December 31 in the same calendar year.
- (2) If an operator, timber owner or landowner fails to timely send a notice under ORS 527.790 or timely send a notice of incompleteness or completion verification under ORS 527.791 for one or more forestland units, or any combination of such failures on the same day:
- (a) For the first day during a spray season on which one or more failures occur, the State Forestry Department shall issue the

landowner a warning.

(b) For the second day during a single spray season on which one or more failures occur, the department shall assess the landowner a civil penalty of \$1,000.

(c) For a third day or any subsequent day during a single spray season on which one or more failures occur, the department shall assess the landowner a civil penalty of \$5,000 per day. [2020 s.s.1 c.16 §10]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.794 - Department reporting system.**

(1) As used in this section, "department reporting system" has the meaning given that term in ORS 527.786.

(2) The State Forestry Department shall develop a system to allow nondepartment messages to nearby recipients described in ORS 527.789 (1), notices under ORS 527.790 and notices of incompleteness or completion verifications under ORS 527.791 to be sent electronically using mobile telephone equipment to access a department reporting system. The department shall make the access system compatible with, at a minimum, the two most commonly used types of mobile telephone operating systems. [2020 s.s.1 c.16 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.795 - Daily spray records; penalties.**

(1) As used in this section:

(a) "Daily spray records" means records required of a pesticide operator under ORS 634.146.

(b) "Geographic information system data" means the electronic location data recorded during a pesticide application by helicopter.

(c) "Health provider" means a person holding a license, certificate or permit issued under Oregon law to provide the diagnosis, treatment or care of disease or injury in the ordinary course of business or practice of a profession, when seeking to provide diagnosis, treatment or care of a patient in response to a suspected exposure of the patient to pesticide.

(d) "Pesticide operator" has the meaning given that term in ORS 634.006.

(2) The Pesticide Analytical and Response Center shall accept requests for a pesticide operator's daily spray records and geographic information system data concerning a pesticide application by helicopter to forestland from:

(a) A unit of state government, as defined in ORS 174.111;

(b) A law enforcement agency, as defined in ORS 181A.010; or

(c) A health provider.

(3)(a) The center shall forward a request received under subsection (2) of this section to the pesticide operator that is the subject of the request. A pesticide operator that receives a request from the center shall send the center the daily spray records and geographic information system data possessed or accessible to the pesticide operator concerning pesticide applications by helicopter to forestland identified in the request.

(b) The pesticide operator shall send the requested daily spray record information to the center no later than 24 hours after receiving the request. The pesticide operator shall send the requested geographic information system data to the center no later than five business days after receiving the request.

(c) Upon receiving requested information from a pesticide operator, the center shall forward the information received to the requesting unit of state government, law enforcement agency or health provider.

(4) Failure of a pesticide operator to timely send records or data as required under subsection (3) of this section is a violation subject to a fine of \$1,000 per request.

(5) Records and data sent or received under this section are not public records for purposes of ORS 192.311 to 192.478. [2020 s.s.1 c.16 §14]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.796 - Interference with pesticide application; penalties.**

(1) As used in this section:

(a) "Interfere":

(A) Means to use force, violence or action that impedes a pesticide application by helicopter to forestland.

(B) Does not mean:

(i) The memorializing of pesticide application activities through photography, videotaping, audiotaping or other creation of an electronic record by a person on public property or on private property where the person has a lawful right to be present; or

(ii) Other activities to the extent that the activities are protected under the First Amendment to the United States Constitution or Article I, section 8, of the Oregon Constitution.

(b) "Nearby recipient" has the meaning given that term in ORS 527.786.

(2) A person that intentionally interferes with a pesticide application by helicopter to forestland commits an unclassified violation punishable by a fine of:

(a) \$1,000, if during the five years before the date of the interference the person has not previously been found to have committed a violation under this section; or

(b) \$5,000, if not more than five years before the date of the interference the person was found to have committed a violation under

this section.

(3) For purposes of this section, there is a conclusive presumption that interference is intentional if performed by a nearby recipient who was sent information under ORS 527.790 (3) concerning the pesticide application. [2020 s.s.1 c.16 §15]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.797 - Limitations on pesticide applications.**

(1) As used in this section:

- (a) "Department reporting system," "pesticide" and "water use qualifying for a spray buffer" have the meanings given those terms in ORS 527.786.
  - (b) "Flowing water" means surface water is present at the time of a pesticide application.
  - (c) "Inhabited dwelling" means a structure or part of a structure used as a home, residence or sleeping place by a person maintaining a household or by two or more persons maintaining a common household, but does not include outbuildings, yard areas or other land associated with the structure.
  - (d) "School" means the campus of:
    - (A) A Head Start program;
    - (B) A public or private institution offering instruction for all or part of prekindergarten through grade 12;
    - (C) The Oregon School for the Deaf;
    - (D) A regional residential academy operated by the Oregon Youth Authority;
    - (E) An education service district or community college; or
    - (F) A public or private college or university.
  - (e) "Sixth-level hydrologic unit" means the cataloging unit level of the 12-digit hydrologic unit mapping system developed by the Federal Geographic Data Committee.
  - (f) "Type D stream" means a stream that has domestic use, but does not have fish use.
  - (g) "Type F stream" means a stream that has fish use or has both domestic use and fish use.
  - (h) "Type N stream" means a stream that does not have domestic use or fish use.
- (2) Notwithstanding ORS 527.672, a person may not directly apply pesticide by helicopter to forestland:
- (a) Less than 300 feet from an inhabited dwelling, unless the landowner is the requester of the application;
  - (b) Less than 300 feet from a school, unless the school board or other governing body for the school is the requester of the application; or
  - (c) Subject to subsection (4) of this section, less than 300 feet from a water intake for a water use qualifying for a spray buffer:
    - (A) Within the same sixth-level hydrologic unit as a water source for water use qualifying for a spray buffer that is registered under ORS 527.787; or
    - (B) Within the same sixth-level hydrologic unit as a water source for water use qualifying for a spray buffer that is identified by the State Forestry Department and for which the location has been recorded in the department reporting system.
- (3) On forestland that is subject to ORS 527.610 to 527.770, a person may not directly apply pesticide by helicopter near a stream:
- (a) That is identified by the department as a Type D stream or Type F stream, within the greatest of:
    - (A) 75 feet;
    - (B) The required vegetated buffer; or
    - (C) A riparian management area existing in State Board of Forestry rules on the July 7, 2020, within which vegetation retention and special management practices are required; or
  - (b) That is identified by the department as a Type N stream and has flowing water, within 50 feet.
- (4) The restrictions in subsection (2)(c) of this section are contingent upon the water intake location being recorded in the department reporting system. [2020 s.s.1 c.16 §16]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.798 - Reporting points of diversion.**

- (1) As used in this section, "department reporting system" and "water use qualifying for a spray buffer" have the meanings given those terms in ORS 527.786.
- (2) The State Forestry Department shall record in the department reporting system any points of diversion inventoried by the Water Resources Department that are:
  - (a) For a water use qualifying for a spray buffer; and
  - (b) Mapped with sufficient precision to allow the State Forestry Department to implement buffers under ORS 527.797 (2)(c).
- (3) The State Forestry Department shall periodically review Water Resources Department inventory information for points of diversion and update State Forestry Department reporting system information as necessary to comply with subsection (2) of this section. [2020 s.s.1 c.16 §20]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.799 - Implementing pesticide application provisions; rules.**

The State Forestry Department may adopt rules to implement the provisions of ORS 527.786 to 527.793, 527.794, 527.795,

527.796, 527.797 and 527.798. [2022 c.33 §51]

Note:

527.799 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.820 - Just compensation exemption.**

The Legislative Assembly intends that a person is not entitled to just compensation under ORS 195.305 to 195.336 for any restriction placed on the use of real property by a rule adopted or amended by the State Board of Forestry:

(1) As part of the rule package described in ORS 527.711.

(2) After the board has considered reports that pertain to the rule from the Adaptive Management Program Committee and the Independent Research and Science Team described in ORS 527.732 and 527.733. [2022 c.33 §8]

Note:

527.820 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.822 - Reports to Legislative Assembly.**

The State Board of Forestry shall report annually to a committee or interim committee of the Legislative Assembly related to forestry, in the manner described in ORS 192.245, on progress in implementing the requirements of the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022. [2022 c.33 §52]

Note:

527.822 is repealed only if certain conditions are met. See sections 54 and 60 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711).

Note:

Section 50, chapter 33, Oregon Laws 2022, provides:

Sec. 50. Effect of policies on Indian tribes.

(1) Nothing in sections 1 to 8, 10 to 25, 30 to 39, 42 to 44, 51 and 52 of this 2022 Act and the amendments to ORS 195.308, 496.252, 496.254, 527.620, 527.630, 527.680, 527.685, 527.714, 527.990, 527.992, 610.060 and 610.105 by sections 9, 26 to 29, 40, 41 and 45 to 49 of this 2022 Act:

(a) Affects the treaty or other rights of a federally recognized Indian tribe in Oregon.

(b) Applies to real property that is:

(A) Held in trust by the United States for the benefit of a federally recognized Indian tribe in Oregon or a member of a federally recognized Indian tribe in Oregon;

(B) Owned by a federally recognized Indian tribe in Oregon; or

(C) Owned by an entity that is wholly owned by:

(i) A federally recognized Indian tribe in Oregon; or

(ii) A tribally owned or operated corporation organized pursuant to the Indian Reorganization Act (25 U.S.C. 5101 to 5144).

(2) The State Board of Forestry shall develop a process for a federally recognized Indian tribe in Oregon to elect to join as an applicant for a habitat conservation plan described in section 11 of this 2022 Act, consistent with the terms and requirements applicable to private forestland under the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022. [2022 c.33 §50]

Note:

Section 10, chapter 33, Oregon Laws 2022, provides:

Sec. 10. Landslide modeling.

(1) The Legislative Assembly finds that:

(a) The requirements of the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, are premised on specific landslide modeling developed by a specific contractor.

(b) Implementation of the requirements is contingent on the ability to use the specific landslide modeling.

(c) Implementation of the requirements is time sensitive and requires rapid development of landslide modeling.

(d) Procurement of services pursuant to this section:

(A) Is unlikely to encourage favoritism in awarding public contracts or to substantially diminish competition for public contracts.

(B) Will substantially promote the public interest in a manner that could not otherwise be practically realized through a procurement subject to the requirements of the Public Contracting Code.

(2) The State Forestry Department shall:

(a) Procure services for development and application of the landslide modeling described in chapter 3 and appendix B of the Private Forest Accord Report.

(b) Ensure that the modeling is developed and incorporated into a forest activity electronic reporting and notice system operated by the department:

(A) In time to facilitate compliance with the deadlines described in section 5 (2) and (3) of this 2022 Act.

(B) Not later than May 1, 2023.

(3) The procurement required by this section is not subject to the requirements of the Public Contracting Code. [2022 c.33 §10]

Note:

Sections 11 and 12, chapter 33, Oregon Laws 2022, provide:

Sec. 11.

The State Board of Forestry shall submit to the National Marine Fisheries Service and the United States Fish and Wildlife Service:

(1) A proposed habitat conservation plan consistent with the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022.

(2) An application for an incidental take permit, supported by the habitat conservation plan, for the incidental taking of species addressed in the Private Forest Accord Report. [2022 c.33 §11]

Sec. 12.

(1) On or before December 31, 2022, the State Board of Forestry shall prepare and submit to the National Marine Fisheries Service and the United States Fish and Wildlife Service the habitat conservation plan described in section 11 of this 2022 Act.

(2) The board shall procure the services of a person to develop and draft the habitat conservation plan.

(3) Pursuant to ORS 279A.050 (6)(n) and notwithstanding ORS 279B.050, 279B.055, 279B.060, 279B.065 and 279B.070, the board may award a contract for the services without undertaking a process of competitive sealed bidding or competitive sealed proposals or soliciting competitive price quotes or competitive proposals.

(4) The board shall ensure that representatives of the authors of the Private Forest Accord Report dated February 2, 2022, and published by the State Forestry Department on February 7, 2022, are:

(a) Regularly and closely consulted concerning the development and drafting of the habitat conservation plan.

(b) Consulted if any question arises concerning the intent of the Private Forest Accord Report.

(5) The habitat conservation plan and application for an incidental take permit described in section 11 of this 2022 Act do not constitute rules for purposes of ORS 183.310 to 183.410 or 527.714. [2022 c.33 §12]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.840 - Program of assistance related to loss of tree canopy.**

(1) The State Forestry Department shall develop and implement a program to provide technical and financial assistance to public bodies as defined in ORS 174.109, tribal governments, watershed councils as defined in ORS 541.890 and community-based organizations for planning for, responding to and recovering from damage to habitats and urban tree canopies due to pests, diseases or other natural or human-created conditions that lead to loss of tree canopy, including but not limited to:

(a) Emerald ash borer infestation;

(b) Japanese beetle infestation;

(c) Sudden Oak Death;

(d) Pine bark beetle infestation;

(e) Climate change;

(f) Drought; or

(g) Wildfire.

(2) The program may include, but need not be limited to, assistance for:

(a) Vulnerability assessments;

(b) Tree inventories;

(c) Response and recovery plan development;

(d) Community engagement and community-led strategies; and

(e) Tree removal and replanting with species that are resistant to disease, pest and drought.

(3) The department shall coordinate with the State Department of Agriculture to support program activities related to any pests or diseases subject to quarantine under the laws of this state or of the United States. [2023 c.442 §29]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.990 - Criminal penalties.**

(1) Subject to ORS 153.022, violation of ORS 527.670, 527.672, 527.676, 527.740, 527.750, 527.755, 527.788 or 527.797, or any rule promulgated under ORS 527.706, 527.710 or 527.711, is a Class A misdemeanor. Each day of operation in violation of an order issued under ORS 527.680 (3) shall be deemed to be a separate offense.

(2) Violation of ORS 527.260 (1) is a Class A misdemeanor. Violation of ORS 527.260 (3) is a Class C misdemeanor. [Amended by 1953 c.262 §2; 1971 c.316 §14; 1987 c.919 §32; 1991 c.686 §10; 1995 s.s. c.3 §39h; 1996 c.9 §10; 1999 c.1051 §317; 2011 c.597 §223; 2015 c.833 §22; 2022 c.33 §48]

Note:

The amendments to 527.990 by section 73, chapter 33, Oregon Laws 2022, become operative only if certain conditions are met. See sections 54 and 61 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711). 527.990, as amended by section 73, chapter 33, Oregon Laws 2022, is set forth for the user's convenience.

(1) Subject to ORS 153.022, violation of ORS 527.670, 527.672, 527.676, 527.740, 527.750 or 527.755 or any rule promulgated under ORS 527.710 is a Class A misdemeanor. Each day of operation in violation of an order issued under ORS 527.680 (3) shall be deemed to be a separate offense.

(2) Violation of ORS 527.260 (1) is a Class A misdemeanor. Violation of ORS 527.260 (3) is a Class C misdemeanor.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 527 - Pest Control; Forest Practices Section 527.992 - Civil penalties.**

(1) In addition to any other penalty provided by law, any person who fails to comply with any of the following may incur a civil penalty in the amount adopted under ORS 527.685:

(a) The requirements of ORS 527.670, 527.672, 527.676, 527.740, 527.750, 527.755, 527.788 or 527.797.

(b) The terms or conditions of any order of the State Forester issued in accordance with ORS 527.680.

(c) Any rule or standard of the State Board of Forestry adopted or issued pursuant to ORS 527.706, 527.710 or 527.711.

(d) Any term or condition of a written waiver, or prior approval granted by the State Forester pursuant to the rules adopted under ORS 527.710.

(2) Imposition or payment of a civil penalty under this section shall not be a bar to actions alleging trespass under ORS 105.810, nor to actions under ORS 161.635 or 161.655 seeking to recover an amount based on the gain resulting from individual or corporate criminal violations. [1987 c.919 §24; 1995 s.s. c.3 §39i; 1996 c.9 §11; 2003 c.740 §6; 2015 c.833 §23; 2022 c.33 §49]

Note:

The amendments to 527.992 by section 74, chapter 33, Oregon Laws 2022, become operative only if certain conditions are met. See sections 54 and 61 to 64, chapter 33, Oregon Laws 2022 (third note following 527.711). 527.992, as amended by section 74, chapter 33, Oregon Laws 2022, is set forth for the user's convenience.

(1) In addition to any other penalty provided by law, any person who fails to comply with any of the following may incur a civil penalty in the amount adopted under ORS 527.685:

(a) The requirements of ORS 527.670, 527.672, 527.676, 527.740, 527.750 or 527.755.

(b) The terms or conditions of any order of the State Forester issued in accordance with ORS 527.680.

(c) Any rule or standard of the State Board of Forestry adopted or issued pursuant to ORS 527.710.

(d) Any term or condition of a written waiver, or prior approval granted by the State Forester pursuant to the rules adopted under ORS 527.710.

(2) Imposition or payment of a civil penalty under this section shall not be a bar to actions alleging trespass under ORS 105.810, nor to actions under ORS 161.635 or 161.655 seeking to recover an amount based on the gain resulting from individual or corporate criminal violations.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.005 - Definitions for ORS 530.010 to 530.170 and 530.210 to 530.280.**

As used in ORS 530.010 to 530.170 and 530.210 to 530.280:

(1) "Bond-related costs" means:

- (a) The costs and expenses of issuing, administering and maintaining bonds, including but not limited to paying principal and interest, and premiums if any, on general obligation or revenue bonds, redeeming general obligation or revenue bonds, paying amounts due in connection with credit enhancements or any instruments authorized by ORS 286A.580 (6) and paying the administrative costs and expenses of the State Treasurer and the State Forestry Department, including costs of consultants or advisors retained by the treasurer or the department for the bonds;
- (b) The costs of funding any bond reserves;
- (c) Capitalized interest for bonds;
- (d) Rebates or penalties due to the United States in connection with the bonds; and
- (e) Any other costs or expenses that the State Treasurer or the State Forestry Department determines are necessary or desirable in connection with issuing, administering or maintaining the bonds.

(2) "Reforestation" means to increase tree stocking to a level that meets or exceeds the stocking standards relating to productivity specified by the State Board of Forestry by rule. [2009 c.831 §1]

Note:

530.005 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 530 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.010 - State Board of Forestry authorized to acquire lands; limitations; lands designated as state forests.**

- (1) The State Board of Forestry, referred to in this chapter as the board, in the name of the State of Oregon, may acquire, by purchase, donation, devise or exchange from any public, quasi-public or private owner, lands which by reason of their location, topographical, geological or physical characteristics are chiefly valuable for the production of forest crops, watershed protection and development, erosion control, grazing, recreation or forest administrative purposes.
- (2) The board shall not acquire any land without prior approval, duly made and entered, of the county court or board of county commissioners of the county in which the lands are situated.
- (3) Lands acquired under the provisions of this section shall be designated as state forests. [Amended by 1953 c.43 §2; 1967 c.396 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.020 - Title to acquired lands; encumbrances; Attorney General approval of title; cure of defects; recording.**

Title to all lands acquired by the State Board of Forestry under ORS 530.010 shall be free and clear of all encumbrances except easements of rights of way and reservations or exceptions of gas, oil, coal, mineral and timber rights, unless the board determines other encumbrances will not unduly limit the management of the lands consistent with ORS 530.010 to 530.170. All titles shall be approved by the Attorney General before conveyance is accepted. However, the Attorney General may approve title to lands proposed to be acquired from counties under the provisions of ORS 530.030 or proposed to be acquired by donation or devise when, in the opinion of the Attorney General, existing defects of title are of formal nature and may be cured by suit to quiet title. In case of acquisition of lands with defective title, the Attorney General may institute suit to quiet title to such lands, and all costs in connection therewith shall be a proper charge against the funds of the board. All deeds, abstracts, title insurance policies, and other evidences of title to lands acquired under ORS 530.010 to 530.040 shall be deposited with the Secretary of State. All deeds shall promptly be recorded in the county in which the lands are situated. [Amended by 1955 c.421 §1; 2009 c.831 §9]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.025 - Interests in acquired lands; management of lands; sales.**

For acquisitions made by the State Board of Forestry on or after July 28, 2009:

- (1) The board may hold and manage lands alone or in cooperation with other entities, including but not limited to community forest authorities under ORS 530.600 to 530.628.
- (2) The board may acquire lands or partial interest in lands, including but not limited to conservation easements.
- (3) Subject to any covenants under ORS 530.130 or 530.147, the board may sell lands or partial interest in lands, including but not limited to conservation easements, to other parties if the board determines that the other parties are better situated to manage the

lands for the long term. [2009 c.831 §2]

Note:

530.025 was added to and made a part of 530.010 to 530.170 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.030 - Conveyance of county lands to state; consideration; adjustment of delinquent fire patrol liens; contracts concerning removal of timber and disposition of proceeds from sale thereof.**

(1) The county court or board of county commissioners of any county may convey to the state for state forests any lands heretofore or hereafter acquired by such county through foreclosure of tax liens, or otherwise, that are within the classification of lands authorized to be acquired under ORS 530.010, if the State Board of Forestry deems such lands necessary or desirable for acquisition, in consideration of the payment to such county of the percentage of revenue derived from such lands as provided in ORS 530.110.

In connection with any such conveyance, the State Board of Forestry shall have authority to make equitable adjustments with any county of accrued delinquent fire patrol liens on lands heretofore or hereafter acquired by such county by foreclosure of tax liens.

(2) As to such lands acquired by the State Board of Forestry with title to the timber remaining in the county for a designated period of time, the State Forester may enter into contracts with the county to supervise the removal and sale of such timber, and under such contracts the gross proceeds of the sale thereof shall be disposed of as follows:

(a) Ten percent of such gross proceeds shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used exclusively for the purposes and under the limitations set out in ORS 530.110 (1)(a).

(b) A percentage of such gross proceeds shall be accepted by the State Forester, pursuant to written contract with the county authority, as compensation for the supervision and management of county-owned timber. The moneys so derived shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used exclusively for the supervision and management of state forests acquired pursuant to ORS 530.010. [Amended by 1953 c.65 §5; 1957 c.83 §13; 1965 c.423 §1; 2007 c.71 §171]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.040 - Exchange of forestland or timber; reservations; hearing; approval of title; status of lands received.**

(1) It is desirable that lands acquired under the provisions of ORS 530.010 shall be consolidated in areas wherever possible through exchanges of land. It is recognized that the management of state forests will be more economically feasible through such consolidation.

(2) In order to accomplish the objectives of subsection (1) of this section, the State Board of Forestry may exchange any land acquired under the provisions of ORS 530.010, or may exchange the timber on such land, for land of approximately equal aggregate value, situated in the same county, when such exchange is in furtherance of the purposes of ORS 530.010. However, the State Board of Forestry may exchange land or timber situated in one county or counties for land situated in another county or counties if such exchange is first approved by the county court or board of county commissioners of each county involved. Either party to any such exchange may make reservations of easements, rights of use and other interests and rights. Under the authority granted in this section, the State Board of Forestry may provide or receive, in addition to land to be exchanged, a monetary consideration where necessary to make the values comply with this subsection.

(3) Before making any such exchange, the State Board of Forestry shall hold a hearing thereon at the courthouse of the county in which such lands are situated and shall give notice of the time and place thereof by publication in two successive issues of a newspaper of general circulation published in such county. The notice shall contain a description of the lands to be given and to be received in the proposed exchange. However, no such exchange shall be made until the title to the lands to be received has been approved by the Attorney General.

(4) All lands received in exchange shall have the same status and be subject to the same provisions of law as the lands given in exchange therefor. [Amended by 1955 c.421 §2; 1959 c.103 §1; 1967 c.396 §2; 2007 c.71 §172]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.050 - Management of lands acquired; powers of forester; rules.**

Under the authority and direction of the State Board of Forestry except as otherwise provided for the sale of forest products, the State Forester shall manage the lands acquired pursuant to ORS 530.010 to 530.040 so as to secure the greatest permanent value of those lands to the state, and to that end may:

(1) Protect the lands from fire, disease and insect pests, cooperate with the counties and with persons owning lands within the state in the protection of the lands and enter into all agreements necessary or convenient for the protection of the lands.

(2) Sell forest products from the lands, and execute mining leases and contracts as provided for in ORS 273.551.

(3) Enter into and administer contracts for the sale of timber from lands owned or managed by the State Board of Forestry and the State Forestry Department.

(4) Enter into and administer contracts for activities necessary or convenient for the sale of timber under subsection (3) of this section, either separately from or in conjunction with contracts for the sale of timber, including but not limited to activities such as

timber harvesting and sorting, transporting, gravel pit development or operation, and road construction, maintenance or improvement.

(5) Permit the use of the lands for other purposes, including but not limited to forage and browse for domestic livestock, fish and wildlife environment, landscape effect, protection against floods and erosion, recreation, and protection of water supplies when, in the opinion of the board, the use is not detrimental to the best interest of the state.

(6) Grant easements, permits and licenses over, through and across the lands. The State Forester may require and collect reasonable fees or charges relating to the location and establishment of easements, permits and licenses granted by the state over the lands. The fees and charges collected shall be used exclusively for the expenses of locating and establishing the easements, permits and licenses under this subsection and shall be placed in the State Forestry Department Account.

(7) Require and collect fees or charges for the use of state forest roads. The fees or charges collected shall be used exclusively for purposes of maintenance and improvements of the roads and shall be placed in the State Forestry Department Account.

(8) Reforest the lands and cooperate with the counties, and with persons owning timberlands within the state, in the reforestation, and make all agreements necessary or convenient for the reforestation.

(9) Require such undertakings as in the opinion of the board are necessary or convenient to secure performance of any contract entered into under the terms of this section or ORS 273.551.

(10) Sell rock, sand, gravel, pumice and other such materials from the lands. The sale may be negotiated without bidding, provided the appraised value of the materials does not exceed \$2,500.

(11) Enter into agreements, each for not more than 10 years duration, for the production of minor forest products.

(12) Establish a forestry carbon offset program to market, register, transfer or sell forestry carbon offsets. In establishing the program, the forester may:

(a) Execute any contracts or agreements necessary to create opportunities for the creation of forestry carbon offsets; and

(b) Negotiate prices that are at, or greater than, fair market value for the transfer or sale of forestry carbon offsets.

(13) Establish a forestry renewable woody biomass conversion program to market, register, transfer or sell forestry woody biomass conversion offtakes. In establishing the program, the forester may:

(a) Execute any contracts or agreements necessary to create opportunities for the creation of forestry woody biomass conversion offtakes; and

(b) Negotiate prices that are at, or greater than, fair market value for the transfer or sale of forestry woody biomass conversion offtakes.

(14) Do all things and make all rules, not inconsistent with law, necessary or convenient for the management, protection, utilization and conservation of the lands. [Amended by 1953 c.65 §5; 1955 c.421 §3; 1957 c.228 §1; 1959 c.141 §1; 1963 c.475 §1; 1965 c.128 §1; 1967 c.396 §3; 1983 c.759 §9; 2001 c.752 §8; 2005 c.103 §37; 2015 c.447 §1; 2023 c.442 §31]

Note:

Section 30, chapter 442, Oregon Laws 2023, provides:

Sec. 30. Low carbon fuels derived from woody biomass residues.

(1) The College of Forestry at Oregon State University, in collaboration with the Department of Environmental Quality and the State Forestry Department, shall conduct research to develop methodologies and data necessary to establish fuel pathways, consistent with the clean fuels program adopted under ORS 468A.265 to 468A.277, for low carbon fuels derived from woody biomass residues from forestry operations. In carrying out the research under this section, the College of Forestry shall:

(a) Coordinate with the Department of Environmental Quality to ensure that the methodologies and data are consistent with the methodologies and data used to determine lifecycle greenhouse gas emissions and carbon intensity under the clean fuels program.

(b) Research any methods to convert biomass feedstocks to low carbon fuels, with particular focus on wood slash piles that would otherwise be burned on lands managed by the State Forester or lands used by the College of Forestry to carry out research.

(2) No later than July 31, 2025, the College of Forestry shall submit its findings in a report, in the manner provided by ORS 192.245, to the interim committees of the Legislative Assembly related to natural resources. The report must include, but need not be limited to:

(a) Progress in establishing fuel pathways and carbon intensity values for low carbon fuels derived from woody biomass residues from forestry operations; and

(b) The impact converting woody biomass residues to low carbon fuels has on:

(A) Greenhouse gas and black carbon emissions;

(B) Snowpack in the Cascade Mountains;

(C) Water quality and drought; and

(D) Wildfire.

(3) The College of Forestry may collaborate with the Department of Environmental Quality or any other relevant state agency to prepare the report described in subsection (2) of this section. [2023 c.442 §30]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.053 - Holiday recreational use; armed forces personnel and veterans.**

If, under ORS 530.050, the State Forester permits the use of lands acquired pursuant to ORS 530.010 to 530.040 for recreation, the State Forester shall authorize the recreational use of the lands without charge to the following persons, upon showing of proper

identification and any documentation issued by the State Parks and Recreation Department that is issued to serve as proof of eligibility to use a state park, individual campsite or day use fee area without charge under ORS 390.124 (2)(c)(D):

(1) Disabled veterans; and

(2) Persons on leave from military active duty status on Memorial Day, Independence Day or Veterans Day. [2017 c.729 §2]

Note:

530.053 was added to and made a part of ORS chapter 530 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.055 - Leasing lands acquired.**

Except as limited in this section but subject to separate sale of forest products under ORS 530.059, lands acquired under ORS 530.010 to 530.040 may be leased by the State Forester to any person when approved by the State Board of Forestry and for purposes deemed by the board to be more in the public interest than the purposes for which the land was acquired. [1965 c.128 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.059 - Procedure for sales of forest products; surety deposit required of bidder.**

(1) Before offering any forest products for sale under authority of ORS 530.050 or 530.500, the State Forester shall cause the forest products to be appraised. Should the appraised value of the forest products be in excess of \$25,000, the State Forester shall not sell the same to a private person, firm or corporation, except after giving notice of the sale as required by this section, and affording an opportunity for competitive bidding either by public auction or through sealed bids, or a combination of both; provided, however, that such notice and opportunity for competitive bidding will not be required for sales in connection with:

(a) Experimental or research projects in the field of forestland management or forest product utilization.

(b) The removal, injury or destruction of forest products necessitated by any grant of easement or right of way, or necessitated by a permit or license to use a right of way, including trees which may endanger the use of such easement or way.

(c) The removal of forest products with an appraised value of less than \$100,000 that, as a result of an act of nature or other unforeseen circumstance:

(A) Pose a threat to the health of the forests, waterways or forest road infrastructures; or

(B) Will lose value as a result of potential theft.

(d) The removal of forest products with an appraised value of less than \$100,000 to facilitate the development, placement or maintenance of forest road infrastructures.

(2) The State Forester shall give the notice required by subsection (1) of this section by mail to all persons requesting such notice and in such other media of communication as the State Forester may deem advisable. The State Forester shall maintain a mailing list with the names and addresses of persons who have requested to receive State Forestry Department notices of timber sales. The notice shall describe the forest products to be sold and the land on which such products are situated, state the minimum price at which the same may be sold, and contain a brief statement of the terms of the sale. As a provision of each sale, the State Forester shall reserve the right to accept or reject any or all bids.

(3) Prior to or at the time the State Forester receives bids, each bidder shall furnish the State Forester with a certified check, cashier's check, money order, surety bond, cash deposit, assignment of surety, irrevocable letters of credit or other securities as determined acceptable by the State Forester in an amount designated by the State Forester. The amount designated by the State Forester may not exceed 10 percent of the minimum price of the forest products to be sold or \$500,000, whichever is less. The State Forester shall retain the amounts furnished by the successful bidder as a credit toward payment of the purchase price of the forest products sold. The State Forester shall return the amounts furnished by an unsuccessful bidder after determination of the successful bid. Any checks, bonds or orders furnished under this subsection shall be made payable to the State of Oregon.

(4) If the provisions of this section have been complied with, and no satisfactory bid has been received, or the bidder fails to complete the purchase, the State Forester may, at any time, during a period of six months after the advertised date of sale, sell the forest products in such manner as the forester deems appropriate, but the sale price shall not be less than the minimum terms offered in the notice of sale or the highest bid received, whichever is the larger amount. [1959 c.141 §4; 1963 c.475 §2; 1967 c.396 §4; 1975 c.185 §7; 1983 c.759 §10; 1987 c.324 §1; 1995 c.375 §3; 1997 c.285 §1; 2014 c.47 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.061 - Surety deposit required of successful purchaser.**

The State Forester may require the successful purchaser at a forest products sale to provide a surety bond, cash deposit, assignment of surety, irrevocable letters of credit or other securities as determined acceptable by the State Forester for the purpose of securing performance by the purchaser. The required amount of a bond, deposit, assignment, letter of credit or other security may not be more than \$500,000. Claims by any person against the bond, deposit, assignment, letter of credit or other security shall be made to the State Forester for determination. If the claim is disputed, the State Forester may request settlement of the claim through compromise or mediation or require that the claim be litigated. Unless there is a claim awaiting determination, the State Forester shall return any unexpended amount from the bond, deposit, assignment, letter of credit or other security no later than 180 days after the earlier of the completion of operations under the sales contract or the termination date in the sales contract. [2014 c.47 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.065 - Modifying timber sale contracts.**

(1) During the period of a timber sale contract made under ORS 530.059, either party may propose to change or modify the terms of the contract if unforeseen circumstances develop. As used in this subsection, "unforeseen circumstances" means acts of nature or other unforeseen circumstances or conditions that:

(a) Affect the nature or scope of the work to be performed or volume to be harvested under the terms of the sale contract made by the State Forester; or

(b) Require additional work or harvest in an area adjacent to a timber sale made by the State Forester.

(2) The State Forester is hereby authorized to change or modify the terms or conditions of the contract in the event of unforeseen circumstances requiring such change or modification under subsection (1) of this section only when:

(a) Such change or modification is in the best interest of the State of Oregon; and

(b) The purchaser of the timber sale agrees that the proposed change or modification will maintain an equitable contractual relationship between the parties. [1965 c.128 §2; 1983 c.759 §11; 1997 c.285 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.075 - Validation of state acquisition of county land; purposes for which land may be used; disposition of revenue.**

(1) Notwithstanding ORS chapter 275 or any other law, deeds of conveyance or other instruments transferring county forests, public parks or recreational areas, from a county to the State of Oregon, either acting by and through or for the use and benefit of the State Board of Forestry, are validated and shall be conclusive evidence of the transfer of such lands from the county to the state.

(2) The State Board of Forestry shall use, manage and develop such lands for the purposes designated in ORS 275.320 if such lands are suitable for such purposes; otherwise, the lands shall be used for the purposes stated in ORS 530.010 and any revenue derived from the sale of forest products from such lands shall be disposed of in accordance with the provisions of ORS 530.110 (2). In other instances where the county received title to the land from a grantor with the provision that the land be used for particular purposes, this section shall not be construed to obviate such purposes. [1963 c.475 §3]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.110 - Distribution of revenues from lands acquired under ORS 530.010 to 530.040.**

(1) All revenues derived from lands acquired without cost to the state, or acquired from counties pursuant to ORS 530.030, shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used in accordance with the following distribution:

(a) Fifteen percent shall be credited to the State Forests Protection Subaccount of the State Forestry Department Account until the amount in such subaccount reaches \$475,000. Thereafter, the revenues shall be disposed of as stated in paragraphs (b) and (c) of this subsection, unless needed to maintain the \$475,000 level. All moneys in the State Forests Protection Subaccount are continuously appropriated to the State Forester who may use such money under the following priorities:

(A) First, in addition to or in lieu of other moneys available, to pay the cost of protection, as determined under ORS 477.270, for lands acquired under ORS 530.010 to 530.040.

(B) Second, to provide moneys needed for activities authorized by subsection (3) of this section.

(C) From remaining moneys, to pay costs incurred in the suppression of fire originating on or spreading from an operation area, as defined in ORS 477.001, on state-owned forestland acquired under ORS 530.010 to 530.040. The State Forester shall make payments with approval of the State Board of Forestry for such fire suppression costs, except that no payments shall be made for such costs or portion thereof when other parties are responsible under law or contracts for the payment of such costs.

(b) Seventy-five percent of all such revenues remaining after the percentage disposed of as stated in paragraph (a) of this subsection, shall be disposed of as provided in ORS 530.115.

(c) Twenty-five percent of all such revenues remaining after the percentage disposed of as stated in paragraph (a) of this subsection, shall be used for the purposes set out in subsection (3) of this section.

(2) Except as provided in ORS 530.147 and 530.280, all revenues from lands other than lands designated in subsection (1) of this section, acquired under ORS 530.010 to 530.040, shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used in accordance with the following distribution:

(a) Until each legal subdivision of the lands has been credited with an amount equal to the purchase price thereof, the revenues shall reimburse the State Forestry Department Account. If sufficient revenue to reimburse the State Forestry Department Account is not generated from the purchased parcels within five years from the date of acquisition, the State Forester, with the consent of the affected county, shall deduct all or portions of the unreimbursed purchase costs from the revenue distributed to that county in accordance with ORS 530.115 (1). After the State Forestry Department Account has been reimbursed for the purchase price of the lands, the revenue from the lands shall be distributed according to the formula specified in paragraphs (b), (c) and (d) of this subsection.

(b) The percentage required under subsection (1)(a) of this section shall be credited to the State Forests Protection Subaccount, and the revenues shall be disposed of as stated in paragraphs (c) and (d) of this subsection.

(c) Seventy-five percent of all such revenues remaining after paragraphs (a) and (b) of this subsection have been complied with, shall be disposed of as provided in ORS 530.115.

(d) Twenty-five percent of all such revenues remaining after the percentage disposed of as stated in paragraphs (a) and (b) of this subsection, shall be used for the purposes set out in subsection (3) of this section.

(3) Unless otherwise consented to in advance and in writing by the counties from which the state has acquired lands without cost to the state or pursuant to ORS 530.130, the moneys in the State Forestry Department Account derived from those percentages of revenues set out in subsections (1)(c) and (2)(d) of this section shall be used exclusively for the following purposes and in the following order:

(a) First, for the payment of bond related costs for bonds issued under ORS 530.140 prior to July 28, 2009.

(b) Second, to the Forest Acquisition County Reimbursement Fund to the extent necessary for paying tax revenue reimbursements to counties under ORS 530.175.

(c) Third, for such other purposes as are necessary in carrying out ORS 530.010 to 530.110. [Amended by 1953 c.65 §5; 1957 c.83 §14; 1965 c.317 §6; 1965 c.423 §2; 1969 c.428 §1; 1991 c.459 §423; 1991 c.876 §1; 1997 c.249 §180; 2007 c.911 §8; 2009 c.831 §§10,11]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.115 - Disposition of certain moneys described in ORS 530.110; disposition of forest product rehabilitation revenues.**

(1) Except as set forth in subsection (2) of this section, moneys described in ORS 530.110 (1)(b) and (2)(c) shall be credited to the county in which the lands are situated and shall be paid quarterly to the county by a warrant drawn as provided by law, pursuant to claim therefor, duly approved by the State Board of Forestry. Payment shall be made on or before the last day of each month following the end of the calendar quarters ending on March 31, June 30, September 30 and December 31. Money received under this subsection by the county shall be applied in the following order:

(a) The county general fund shall be reimbursed for all costs and expenses incurred by the county in the maintenance and supervision of such lands and in any suits by it to quiet its title to lands conveyed to the state; provided that the proceeds so applied shall not be less than 10 percent of the total proceeds received.

(b) Twenty-five percent of the remainder of the money shall be credited and paid into the county school fund created under ORS 328.005.

(c) The remainder of the money shall be by the county prorated and apportioned to the various taxing districts in which the lands are situated in the proportion that the rate of tax levy in each district as shown by the tax levy filed with the assessor for the last year in process of collection, bears to the total rate of tax levy of all such taxing bodies for such year.

(2) After payment of the principal and interest of each bond issue issued pursuant to ORS 530.210 to 530.280, 20 percent of the moneys derived from forest products created through expenditures of moneys available from such bond issue shall be credited to the General Fund until the state is reimbursed for its costs under the bond issue in that county. However, the governing body of the county in its discretion may authorize a higher percentage of that county's allocation for any year to be so credited to the General Fund. [1969 c.428 §3; 1969 c.595 §16; 1973 c.436 §2; 1977 c.840 §17]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.120 - Account of receipts from lands acquired; annual statement to county.**

The State Board of Forestry shall keep an accurate account, by legal subdivisions, of all receipts from lands acquired under the provisions of ORS 530.010 to 530.040 and shall credit to each legal subdivision the revenues derived therefrom. The board shall render annually to each county in which lands acquired under the provisions of ORS 530.010 to 530.040 are situated, a statement, by legal subdivisions, showing the revenues derived from each of such legal subdivisions.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.130 - Issuance of revenue bonds to acquire lands.**

(1) In compliance with the applicable provisions of ORS chapter 286A, the State Board of Forestry may request the State Treasurer to issue the revenue bonds described in ORS 530.140 to acquire any lands as provided in ORS 530.010 and to sell revenue bonds under ORS 530.140 in the manner the State Treasurer deems advisable. The net proceeds derived from the sale of the revenue bonds, after the payment of bond-related costs, shall be paid into the State Treasury and credited to the State Forestry Department Account to be used exclusively for the purpose of acquiring lands as provided by ORS 530.010 and 530.025. The State Forestry Department may establish one or more subaccounts, as it determines are desirable for administration of the net proceeds, in the State Forestry Department Account.

(2) Subject to any management plan adopted under ORS 526.905 for the lands, the board may make covenants related to the operation, use and sale of, or revenues derived from, lands acquired with proceeds of the revenue bonds that the board determines after consultation with the State Treasurer to be necessary or desirable for repayment of the bonds.

(3) Any lands proposed to be acquired under subsection (1) of this section shall be appraised by the State Board of Forestry and the appraisal shall be approved by the Department of State Lands prior to the acquisition of the lands. [Amended by 1957 c.83 §15; 1959 c.209 §1; 1975 c.614 §17; 1981 c.660 §43; 2007 c.783 §213; 2009 c.831 §13]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.140 - Forest development revenue bonds.**

(1) The State Board of Forestry may request the State Treasurer to sell revenue bonds of the State of Oregon, to be known as Oregon forest development revenue bonds, in an amount authorized under ORS 286A.035. The bonds shall not constitute a general obligation of the state, nor be a lien on any of the lands acquired by the state under ORS 530.010.

(2) The bonds shall bear interest at a rate to be determined by the State Treasurer. [Amended by 1957 c.83 §16; 2007 c.783 §213a]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.143 - Revenue bond refunding.**

Revenue bonds issued under ORS 530.140 may be refunded as provided under ORS chapter 286A. [2009 c.831 §5]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.147 - Forest Development Revenue Bond Fund.**

(1) The Forest Development Revenue Bond Fund is established separate and distinct from the General Fund. Interest earned by the Forest Development Revenue Bond Fund shall be credited to the fund. Moneys in the fund may be invested as provided in ORS 286A.025 and 293.701 to 293.857. All moneys in the fund are continuously appropriated to the State Board of Forestry for the purposes of paying bond-related costs when due on the revenue bonds issued under ORS 530.140 on or after July 28, 2009.

(2) The Forest Development Revenue Bond Fund may be credited with:

(a) Moneys deposited in the fund from the State Forestry Department Account, to the extent that the State Forestry Department allocates proceeds from the sale of revenue bonds issued on or after July 28, 2009, under ORS 530.140 to the payment of bond-related costs;

(b) Proceeds from the disposal of lands acquired with revenue bonds that were issued on or after July 28, 2009, under ORS 530.140;

(c) Proceeds from the disposal of forest products, as defined in ORS 532.010, minerals or other forest-related values derived from the lands acquired with revenue bonds that were issued on or after July 28, 2009, under ORS 530.140; and

(d) Gifts, grants or any other unrestricted moneys paid to the State Forestry Department or the State Board of Forestry or appropriated by the Legislative Assembly that may be used for the purpose set forth in this section.

(3) The board or the State Forester may make covenants related to, or pledge moneys deposited in, the fund that the board or forester, after consultation with the State Treasurer, determines to be necessary or desirable for the repayment of revenue bonds and the payment of bond-related costs. [2009 c.831 §4]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.170 - Disposition of revenues from lands acquired under former statute.**

Revenues from lands acquired by the state pursuant to section 5, chapter 478, Oregon Laws 1939, shall be disposed of as provided by law at the time of such acquisition. However, the county court or board of county commissioners of any county from which such lands were acquired may, by resolution duly made and entered, and delivery of a certified copy thereof to the State Board of Forestry, elect to have such revenues disposed of as provided in ORS 530.110 (1). [Amended by 1957 c.83 §19; 2007 c.71 §173]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.175 - Forest Acquisition County Reimbursement Fund.**

(1) The Forest Acquisition County Reimbursement Fund is established in the State Treasury, separate and distinct from the General Fund. Interest earned by the Forest Acquisition County Reimbursement Fund shall be credited to the fund. Moneys in the Forest Acquisition County Reimbursement Fund are continuously appropriated to the State Forestry Department for use as provided in this section.

(2) The fund shall consist of moneys deposited in the fund pursuant to ORS 530.110 (3).

(3) If the department uses proceeds from bonds issued on or after July 28, 2009, under ORS 530.140 or 530.210 to 530.280, or from lottery bonds that were issued on or after July 28, 2009, to acquire land that immediately prior to acquisition by the department was subject to taxation by a county, the department shall make payments as provided in this section to reimburse the county for the loss of tax revenue from the acquired land. The amount paid to a county under this section shall be the amount by which the tax revenue to the county for the last year in which the acquired land was taxable exceeds the amounts distributed to the counties under ORS 530.110 (1)(b) or (2)(c) from revenue generated by that land. However, if in any year the amounts distributed under ORS 530.110 (1)(b) or (2)(c) from revenue generated by the acquired land equals or exceeds the tax revenue to the county for the last year in which the acquired land was taxable, payments under this section in regard to that land shall terminate and not resume. [2009 c.831 §8]

Note:

530.175 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 530 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State**

**Forests; Community ForestsSection 530.181 - State Forest Acquisition Fund.**

The State Forest Acquisition Fund is established in the State Treasury, separate and distinct from the General Fund. The State Forest Acquisition Fund shall consist of moneys deposited in the fund under section 13, chapter 906, Oregon Laws 2009, and section 16, chapter 624, Oregon Laws 2011, and may include fees, revenues or other income deposited into the fund by the Legislative Assembly. The moneys in the State Forest Acquisition Fund and the interest earnings on moneys in the fund are continuously appropriated to the State Board of Forestry for the purpose of acquiring parcels in the Gilchrist area of Klamath County for use as state forestland. [2009 c.906 §14; 2011 c.624 §17]

Note:

530.181 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 530 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.210 - Definitions for ORS 530.210 to 530.280.**

When used in ORS 530.210 to 530.280, unless the context clearly would be otherwise:

- (1) "Bonds" are the general obligation bonds of the State of Oregon issued pursuant to Article XI-E, Oregon Constitution.
- (2) "Forestland" is any land suitable for the production of forest crops. [Amended by 1955 c.115 §1]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.220 - Oregon Forest Rehabilitation Act.**

ORS 530.210 to 530.280 shall be known as the Oregon Forest Rehabilitation Act.

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.230 - Issuance of general obligation bonds.**

In order to provide funds for the purposes specified in Article XI-E of the Oregon Constitution, the State Board of Forestry may request the State Treasurer to issue bonds in accordance with the provisions of ORS chapter 286A. [Amended by 1981 c.660 §44; 2007 c.783 §214; 2009 c.831 §14]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.240 - Use of proceeds from general obligation bonds.**

The net proceeds, after payment of bond-related costs, arising from the sale of each issue of bonds under ORS 530.210 to 530.280 shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used exclusively for the rehabilitation, reforestation, management and development of state-owned forestlands and the acquisition of lands for said purposes. Moneys acquired under ORS 530.230 shall be in addition to and not in lieu of moneys regularly appropriated or otherwise made available to the State Board of Forestry for the administration, management and protection of state forestlands. The State Forestry Department may establish one or more subaccounts, as the department determines are desirable for administration of the net proceeds arising from the sale of each issue of bonds, in the State Forestry Department Account. [Amended by 1957 c.83 §20; 2009 c.831 §15]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.250 - State Forester to rehabilitate state forestlands; assistants, equipment and contracts; rules.**

- (1) The State Forester, under the direction of the State Board of Forestry, shall rehabilitate, reforest and develop state-owned forestlands so as to secure the highest permanent usefulness to the whole people of the state. In the management and control of such land, the State Forester may employ assistants and such other help as in the judgment of the State Forester may be necessary and may purchase machinery, equipment and supplies required to accomplish the purposes hereof. The State Forester may enter into any and all contracts, in the name of the board, deemed necessary for the rehabilitation, reforestation and development of said lands.
- (2) The board shall carry out the provisions of ORS 530.210 to 530.280 and may promulgate such rules and regulations and do any other act or thing necessary to meet fully the requirements of such sections.

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.255 - Hardwood species for reforestation.**

- (1) When making reforestation plans for state-owned or state-managed lands the State Forester, insofar as edaphic conditions permit, shall select suitable hardwood species as well as coniferous species.
- (2) Silvicultural practices shall have as their objective the maintenance or improvement of forest health and soil fertility and the production of a continuous supply of coniferous and hardwood timber consistent with sound management of fish, wildlife, recreational and watershed values. [1993 c.346 §2]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State**

**Forests; Community ForestsSection 530.280 - State Forestry General Obligation Bond Fund.**

(1) The State Forestry General Obligation Bond Fund is established separate and distinct from the General Fund. Interest earned by the State Forestry General Obligation Bond Fund shall be credited to the fund. Moneys in the fund may be invested as provided in ORS 286A.025 and 293.701 to 293.857. All moneys in the State Forestry General Obligation Bond Fund are continuously appropriated to the State Forestry Department for the purposes of paying bond-related costs when due on the general obligation bonds issued under Article XI-E of the Oregon Constitution. However, an agreement for exchange of interest rates may not be paid from moneys derived under paragraph (a) of this subsection or from General Fund moneys appropriated under paragraph (d) of this subsection to fulfill a pledge of the full faith and credit of the state set forth in Article XI-E of the Oregon Constitution. The State Forestry General Obligation Bond Fund shall consist of the following:

- (a) All moneys derived from taxes levied under ORS 291.445;
  - (b) All moneys derived from the sale, exchange or use of land acquired pursuant to ORS 530.240;
  - (c) Except as provided in ORS 530.115, all moneys received from the disposal of forest products created through expenditures of moneys available under ORS 530.210 to 530.280 for reforestation; and
  - (d) Any moneys that may be appropriated to the fund by the Legislative Assembly.
- (2) The moneys referred to in subsection (1)(b) and (c) of this section shall be set aside for State Forestry General Obligation Bond Fund purposes until there are no longer any bonds issued under ORS 530.210 to 530.280 outstanding. If no bonds issued under ORS 530.210 to 530.280 are outstanding, the moneys described in subsection (1)(b) and (c) of this section shall be disposed of using the distribution formula described in ORS 530.115 (1)(a) to (c). [Amended by 1955 c.115 §2; 1957 c.83 §21; 1967 c.335 §52; 1969 c.428 §4; 1991 c.220 §14; 1999 c.59 §168; 2009 c.831 §16]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.450 - Withdrawal from sale of Elliott State Forest.**

Any lands in the national forests on February 25, 1913, selected by, and patented to, the State of Oregon, for the purpose of establishing a state forest, hereby are withdrawn from sale except as provided in ORS 530.510. The state forest shall be known as the Elliott State Forest. [1957 c.240 §1]

Note:

The amendments to 530.450 by section 25, chapter 89, Oregon Laws 2022, become operative on January 1, 2024, only if certain conditions are met on or before December 31, 2023. See section 31, chapter 89, Oregon Laws 2022, as amended by section 1, chapter 225, Oregon Laws 2023 (third note following 530.520). 530.450, as amended by section 25, chapter 89, Oregon Laws 2022, is set forth for the user's convenience.

Any lands in the national forests on February 25, 1913, selected by, and patented to, the State of Oregon, for the purpose of establishing a state forest, hereby are withdrawn from sale except as provided in section 14, chapter 89, Oregon Laws 2022. The state forest formerly known as the Elliott State Forest shall be known as the Elliott State Research Forest and managed as described in sections 1 to 21, chapter 89, Oregon Laws 2022.

Note:

Section 24, chapter 89, Oregon Laws 2022, becomes operative on January 1, 2024, only if certain conditions are met on or before December 31, 2023. See section 31, chapter 89, Oregon Laws 2022, as amended by section 1, chapter 225, Oregon Laws 2023 (third note following 530.520). Section 24, chapter 89, Oregon Laws 2022, provides:

Sec. 24.

ORS 530.450 is added to and made a part of sections 1 to 21 of this 2022 Act.  
[2022 c.89 §24]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.460 - Lands suited for growing forest products to be designated Common School Forest Lands and withdrawn from sale.**

(1) The Department of State Lands and the State Board of Forestry shall designate and set aside those lands owned by the State of Oregon, under the jurisdiction of the Department of State Lands, which are primarily suited for the growing of timber and other forest products.

(2) The state-owned lands shall be designated and set aside pursuant to ORS 530.470 and 530.480, and when so designated and set aside, shall be known as the Common School Forest Lands and hereby are dedicated for the primary purposes stated in subsection (1) of this section and shall be withdrawn from sale except as provided in ORS 530.450 to 530.520. [1957 c.240 §2; 1967 c.396 §5]

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.470 - Determination of lands to be designated Common School Forest Lands.**

(1) Periodically as is necessary, the Department of State Lands and the State Board of Forestry shall proceed to designate and set aside Common School Forest Lands as rapidly as forestry data and information are obtained from field examinations of the lands eligible for dedication under ORS 530.450 to 530.520.

(2) Any lands so designated and set aside may, at any time, be returned to their original status by similar actions of said agencies, if

said lands are to be used for higher and better use for the general public, including the sale of said lands where lawful. [1957 c.240 §3; 1967 c.396 §6]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.480 - Legal descriptions of lands; resolutions of State Land Board and State Board of Forestry.**

As the Common School Forest Lands are determined as required by ORS 530.450 to 530.520, such lands shall be described by legal subdivision. The State Land Board and the State Board of Forestry, respectively in their regular meetings, shall by separate board resolutions designate and set aside such lands as a part of the Common School Forest Lands; lands in the Elliott State Forest, as determined by ORS 530.450, shall be similarly described and reserved. A copy of each board resolution certified by the Director of the Department of State Lands or the State Forester, respectively, together with the description of the lands involved, shall be filed with the Secretary of State, who shall keep such copies and descriptions in conjunction with the auditing records of the State Forestry Department Account. [1957 c.240 §4; 1969 c.594 §58]

Note:

The amendments to 530.480 by section 26, chapter 89, Oregon Laws 2022, become operative on January 1, 2024, only if certain conditions are met on or before December 31, 2023. See section 31, chapter 89, Oregon Laws 2022, as amended by section 1, chapter 225, Oregon Laws 2023 (third note following 530.520). 530.480, as amended by section 26, chapter 89, Oregon Laws 2022, is set forth for the user's convenience.

As the Common School Forest Lands are determined as required by ORS 530.460 to 530.520, such lands shall be described by legal subdivision. The State Land Board and the State Board of Forestry, respectively in their regular meetings, shall by separate board resolutions designate and set aside such lands as a part of the Common School Forest Lands. A copy of each board resolution certified by the Director of the Department of State Lands or the State Forester, respectively, together with the description of the lands involved, shall be filed with the Secretary of State, who shall keep such copies and descriptions in conjunction with the auditing records of the State Forestry Department Account.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.490 - Management, control and protection of Common School Forest Lands and Elliott State Forest; easements.**

(1) Notwithstanding the provisions of any other law, or authority granted thereunder, after the State Board of Forestry and State Land Board resolutions and legal descriptions are filed with the Secretary of State as required by ORS 530.480, the State Forester hereby shall be authorized, under the supervision of the State Board of Forestry and the regulations of that board, to manage, control and protect the Common School Forest Lands. Also, notwithstanding the provisions of any other law, or authority granted thereunder, the State Forester hereby is authorized, under the supervision of the State Board of Forestry and the regulations of that board, to manage, control and protect the Elliott State Forest Lands. In each instance the State Forester shall manage, control and protect such forests and forestlands so as to secure the greatest permanent value of the lands to the whole people of the State of Oregon, particularly for the dedicated purposes of the lands and the common schools to which the resources of the lands are devoted.

(2) Easements on, over and across the Common School Forest Lands and the Elliott State Forest Lands may be granted as follows:

(a) Permanent easements determined by the State Forester and State Board of Forestry as necessary to accomplish the dedicated purposes of such lands may be granted by the Department of State Lands.

(b) Easements other than permanent may be granted by the State Forester under joint rules of the State Board of Forestry and Department of State Lands.

(3) The authority granted the State Forester in this section shall not supersede the authority of the Department of State Lands to grant easements on or leases for the Common School Forest Lands and Elliott State Forest Lands for grazing purposes or for the exploration and development of minerals, oil or gas, and any consideration received by the Department of State Lands therefor shall be excepted from the provisions of ORS 530.520. However, the Department of State Lands shall cooperate with the forestry program of the State Forester in granting such easements and leases and make provisions therein for continuing the primary purposes for which such land has been dedicated. [1957 c.240 §5; 2007 c.71 §174]

Note:

The amendments to 530.490 by section 27, chapter 89, Oregon Laws 2022, become operative on January 1, 2024, only if certain conditions are met on or before December 31, 2023. See section 31, chapter 89, Oregon Laws 2022, as amended by section 1, chapter 225, Oregon Laws 2023 (third note following 530.520). 530.490, as amended by section 27, chapter 89, Oregon Laws 2022, is set forth for the user's convenience.

(1) Notwithstanding the provisions of any other law, or authority granted thereunder, after the State Board of Forestry and State Land Board resolutions and legal descriptions are filed with the Secretary of State as required by ORS 530.480, the State Forester hereby shall be authorized, under the supervision of the State Board of Forestry and the regulations of that board, to manage, control and protect the Common School Forest Lands. The State Forester shall manage, control and protect such forests and forestlands so as to secure the greatest permanent value of the lands to the whole people of the State of Oregon, particularly for the dedicated purposes of the lands and the common schools to which the resources of the lands are devoted.

- (2) Easements on, over and across the Common School Forest Lands may be granted as follows:
- (a) Permanent easements determined by the State Forester and State Board of Forestry as necessary to accomplish the dedicated purposes of such lands may be granted by the Department of State Lands.
  - (b) Easements other than permanent may be granted by the State Forester under joint rules of the State Board of Forestry and Department of State Lands.
  - (3) The authority granted the State Forester in this section shall not supersede the authority of the Department of State Lands to grant easements on or leases for the Common School Forest Lands for grazing purposes or for the exploration and development of minerals, oil or gas, and any consideration received by the Department of State Lands therefor shall be excepted from the provisions of ORS 530.520. However, the Department of State Lands shall cooperate with the forestry program of the State Forester in granting such easements and leases and make provisions therein for continuing the primary purposes for which such land has been dedicated.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.500 - Authority of State Forester in management, protection, utilization and conservation of lands and waters; rules.**

In order to accomplish the purposes of ORS 530.490, the State Forester may:

- (1) Protect the lands from fire, disease and insect pests, cooperate with the counties and with persons owning lands within the state in the protection of the lands and enter into all agreements necessary or convenient for the protection of the lands.
- (2) Enter into and administer contracts for the sale of timber from lands owned or managed by the State Board of Forestry and the State Forestry Department.
- (3) Enter into and administer contracts for activities necessary or convenient for the sale of timber under subsection (2) of this section, either separately from or in conjunction with contracts for the sale of timber, including but not limited to activities such as timber harvesting and sorting, transporting, gravel pit development or operation, and road construction, maintenance or improvement.
- (4) Permit the use of the lands for other purposes, including but not limited to fish and wildlife environment, landscape effect, protection against flood and erosion, recreation and production and protection of water supplies when the use is not detrimental to the purpose for which the lands are dedicated.
- (5) Contract with other governmental bodies for the protection of water supplies to facilitate the multiple use of publicly owned water supplies for recreational purposes as well as a source of water for domestic and industrial use.
- (6) Grant permits and licenses on, over and across the lands.
- (7) Reforest the lands and cooperate with persons owning timberlands within the state in the reforestation, and make all agreements necessary or convenient for the reforestation.
- (8) Establish a forestry carbon offset program to market, register, transfer or sell forestry carbon offsets. In establishing the program, the forester may:
  - (a) Execute any contracts or agreements necessary to create opportunities for the creation of forestry carbon offsets; and
  - (b) Negotiate prices that are at, or greater than, fair market value for the transfer or sale of forestry carbon offsets.
- (9) Do all things and make all rules and regulations, not inconsistent with law, necessary or convenient for the management, protection, utilization and conservation of the lands.
- (10) Require such undertakings as in the opinion of the State Forester are necessary or convenient to secure performance of any agreement authorized in ORS 530.450 to 530.520. [1957 c.240 §6; 1959 c.141 §2; 1967 c.396 §7; 1969 c.194 §1; 2001 c.752 §9; 2005 c.103 §38; 2015 c.447 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.510 - Exchanges of land.**

The State Forester may propose and initiate any exchange of land of the Elliott State Forest or Common School Forest Lands, or propose and initiate any exchange of timber on such lands, for land of approximately equal aggregate value, when any such exchange is in the furtherance of the purposes of ORS 530.450 to 530.520. However:

- (1) Any exchange of land of the Elliott State Forest must be for the consolidation of the forest;
- (2) The State Land Board and the State Board of Forestry shall, each separately, approve such exchanges by resolutions of the respective boards; and
- (3) The county court or board of county commissioners of the county, or counties, in which such land is situated, shall approve such exchange, and after such approval the exchanges shall be consummated by legal conveyance from the Department of State Lands.
- (4) Under the authority granted in this section, in addition to land to be exchanged, a monetary consideration may be provided or received where necessary to make the values comply with this section. No exchange shall be made until title to the lands to be received has been approved by the Attorney General. All lands received in exchange shall have the same status and be subject to the same provisions of law as the lands given in exchange therefor. [1957 c.240 §9; 1959 c.141 §5; 1967 c.396 §8; 1969 c.194 §2; 1969 c.594 §59]

Note:

The amendments to 530.510 by section 28, chapter 89, Oregon Laws 2022, become operative on January 1, 2024, only if certain conditions are met on or before December 31, 2023. See section 31, chapter 89, Oregon Laws 2022, as amended by section 1,

chapter 225, Oregon Laws 2023 (third note following 530.520). 530.510, as amended by section 28, chapter 89, Oregon Laws 2022, is set forth for the user's convenience.

(1) The State Forester may propose and initiate any exchange of Common School Forest Lands, or propose and initiate any exchange of timber on such lands, for land of approximately equal aggregate value, when any such exchange is in the furtherance of the purposes of ORS 530.460 to 530.520. However:

(a) The State Land Board and the State Board of Forestry shall, each separately, approve such exchanges by resolutions of the respective boards; and

(b) The county court or board of county commissioners of the county, or counties, in which such land is situated, shall approve such exchange, and after such approval the exchanges shall be consummated by legal conveyance from the Department of State Lands.

(2) Under the authority granted in this section, in addition to land to be exchanged, a monetary consideration may be provided or received where necessary to make the values comply with this section. No exchange shall be made until title to the lands to be received has been approved by the Attorney General. All lands received in exchange shall have the same status and be subject to the same provisions of law as the lands given in exchange therefor.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.520 - Use of receipts; manner of paying administrative expenses.**

(1) Excepting receipts from the easements and leases designated in ORS 530.490 (3), all receipts from the Elliott State Forest and the Common School Forest Lands shall be paid into the Common School Fund and are continuously appropriated to the Department of State Lands for the purposes for which other moneys in the Common School Fund may be used and to reimburse the Common School Forest Revolving Fund as provided in subsection (2) of this section.

(2)(a) The Common School Forest Revolving Fund, in an amount not exceeding \$300,000, is established as a fund, separate and distinct from the General Fund, in the State Treasury. Interest earned by the fund shall be credited to the fund. The revolving fund is continuously appropriated to the State Forester for the payment of administrative expenses incurred by the State Forester in the management, control and protection of the Elliott State Forest and the Common School Forest Lands and in processing the sale of forest products and the disposal of privileges under ORS 530.500. The revolving fund shall be reimbursed at least once each month by submission to the Department of State Lands of a claim for payment approved by the State Forester and payment of the claim to the revolving fund out of the Common School Fund, that payment representing a portion of receipts paid into the Common School Fund under subsection (1) of this section.

(b) As used in paragraph (a) of this subsection, "administrative expenses" means a classification of expenses incurred by the State Forester in performing functions referred to in paragraph (a) of this subsection as a whole, rather than expenses incurred in performing any specific function that is a part of the whole; and it means expenditures recognized as operating costs of a current or past period, including refund of overpayments in the sale of forest products, and capital expenditures for buildings, furniture, fixtures or equipment.

(3) After the end of each six-month period the State Forester shall submit to the Department of State Lands a statement of capital asset account balances as of the end of that period for buildings, furniture, fixtures and equipment held by the State Forester in performing functions referred to in subsection (2)(a) of this section and in which the Common School Fund has a vested interest, showing the amount of that interest. [1957 c.240 §7; 1967 c.421 §203; 1975 c.614 §19; 1977 c.167 §1; 1989 c.966 §59]

Note:

The amendments to 530.520 by section 29, chapter 89, Oregon Laws 2022, become operative on January 1, 2024, only if certain conditions are met on or before December 31, 2023. See section 31, chapter 89, Oregon Laws 2022, as amended by section 1, chapter 225, Oregon Laws 2023 (third note below). 530.520, as amended by section 29, chapter 89, Oregon Laws 2022, is set forth for the user's convenience.

(1) Excepting receipts from the easements and leases designated in ORS 530.490 (3), all receipts from the Common School Forest Lands shall be paid into the Common School Fund and are continuously appropriated to the Department of State Lands for the purposes for which other moneys in the Common School Fund may be used and to reimburse the Common School Forest Revolving Fund as provided in subsection (2) of this section.

(2)(a) The Common School Forest Revolving Fund, in an amount not exceeding \$300,000, is established as a fund, separate and distinct from the General Fund, in the State Treasury. Interest earned by the fund shall be credited to the fund. The revolving fund is continuously appropriated to the State Forester for the payment of administrative expenses incurred by the State Forester in the management, control and protection of the Common School Forest Lands and in processing the sale of forest products and the disposal of privileges under ORS 530.500. The revolving fund shall be reimbursed at least once each month by submission to the Department of State Lands of a claim for payment approved by the State Forester and payment of the claim to the revolving fund out of the Common School Fund, that payment representing a portion of receipts paid into the Common School Fund under subsection (1) of this section.

(b) As used in paragraph (a) of this subsection, "administrative expenses" means a classification of expenses incurred by the State Forester in performing functions referred to in paragraph (a) of this subsection as a whole, rather than expenses incurred in performing any specific function that is a part of the whole; and it means expenditures recognized as operating costs of a current or past period, including refund of overpayments in the sale of forest products, and capital expenditures for buildings, furniture, fixtures or equipment.

(3) After the end of each six-month period the State Forester shall submit to the Department of State Lands a statement of capital asset account balances as of the end of that period for buildings, furniture, fixtures and equipment held by the State Forester in performing functions referred to in subsection (2)(a) of this section and in which the Common School Fund has a vested interest, showing the amount of that interest.

Note:

Sections 1 to 21, chapter 89, Oregon Laws 2022, provide:

Sec. 1. Definitions.

As used in sections 1 to 21 of this 2022 Act, "forest management plan" means a forest management plan that:

(1) Furthers the mission and management policies described in section 2 of this 2022 Act.

(2) Includes a cover map, basic forest stand description data, treatment opportunities, management objectives and a schedule for implementing the forest management plan. [2022 c.89 §1]

Sec. 2. Management of Elliott State Research Forest.

(1) The Elliott State Research Forest shall consist of lands determined by a resolution of the State Land Board, as modified by any subsequent expansion or exchange of lands authorized by section 14 of this 2022 Act.

(2) The mission of establishing the Elliott State Research Forest is to create an enduring, publicly owned, world-class research forest that:

(a) Advances and supports forest health, climate resilience, carbon sequestration, biodiversity, recovery of imperiled species, water quality and quantity, recreational opportunities and local economies.

(b) Is managed to promote collaboration, partnerships, inclusive public processes and equity, consistent with:

(A) Sections 1 to 21 of this 2022 Act;

(B) The applicable habitat conservation plan approved pursuant to the Endangered Species Act of 1973 (P.L. 93-205, 16 U.S.C. 1531 to 1544);

(C) A forest management plan approved by the State Land Board; and

(D) The applicable version of Oregon State University's Elliott State Research Forest Proposal described in section 4 of this 2022 Act.

(3) The management policies for the forest are to:

(a) Further the mission described in subsection (2) of this section.

(b) Support scientific inquiry by Oregon State University or the entity contracted to implement forest management operations as described in section 7 (1)(a) of this 2022 Act.

(c) Allow public access for recreational and educational purposes that is compatible with scientific and conservation purposes and the mission and management policies described in this section.

(d) Advance long-term, operational-scale research, in partnership with the university, on issues including forest management practices, ecosystem function, biodiversity, habitat conservation, water quality and quantity, carbon sequestration, rural livelihoods and the resilience of forests to the impacts of climate change.

(e) Support rural economies through active forest management, timber harvest, recreation and research.

(f) Promote opportunities at all education levels to interact with the forest and advance public understanding of the ecological, economic and social benefits of healthy forest ecosystems.

(g) Seek active partnerships with tribal governments to:

(A) Research and demonstrate traditional and contemporary tribal cultural practices and ecological knowledge related to forest management.

(B) Provide opportunities for tribal governments and tribal members to harvest traditional forest products and engage in traditional tribal cultural practices related to the forest.

(C) Consult on potential impacts on natural, cultural and traditional resources in the forest.

(h) Maintain a financially self-sufficient forest management entity capable of operating and overseeing the forest and necessary infrastructure.

(i) Prioritize collaborative partnerships that recognize both the local and statewide values the forest provides.

(j) Maintain a high level of public accountability and transparency in forest management decisions and operations.

(k) Advance equity and inclusion in all aspects of forest management and operations.

(4) The Elliott State Research Forest Authority shall administer the forest. [2022 c.89 §2]

Sec. 3.

Notwithstanding the operative date specified in section 31 (1)(a) of this 2022 Act [January 1, 2024], the State Land Board shall first determine the lands constituting the Elliott State Research Forest by resolution, as described in section 2 (1) of this 2022 Act, before the operative date specified in section 31 (1)(a) of this 2022 Act. [2022 c.89 §3]

Sec. 4. Oregon State University Elliott State Research Forest Proposal.

(1) The Legislative Assembly finds and declares that Oregon State University's Elliott State Research Forest Proposal was accepted by the State Land Board in December 2020 and amended in April 2021.

(2) The university:

(a) May, after receiving input and approval from the State Land Board and approval from the board of directors of the Elliott State Research Forest Authority, further amend the proposal described in subsection (1) of this section.

(b) Shall make the current version of the proposal publicly available on a university website. [2022 c.89 §4]

Sec. 5. Elliott State Research Forest Authority; board of directors.

(1) For the purpose of providing for the administration of the Elliott State Research Forest in a manner consistent with the mission and management policies described in section 2 of this 2022 Act, there is created the Elliott State Research Forest Authority, as a state agency independent from the Department of State Lands.

(2) The authority shall be governed by a board of directors consisting of seven or nine voting members and the Dean of the College of Forestry at Oregon State University, who shall be a nonvoting member.

(3) The State Land Board shall:

(a) Appoint the voting members for terms of four years and for not more than two consecutive terms.

(b) Fill any vacancy among the voting members by appointing a voting member to serve the remainder of the unexpired term.

(c) Consult with, and consider input from, the university and the existing board of directors when determining whom to appoint to the board of directors.

(d) Endeavor to appoint members who have a full complement of relevant experience or expertise in subjects related to the mission and management policies and operations of the forest and demonstrated interest in the success of the mission and management policies of the forest.

(4) Members of the board of directors are not entitled to compensation but may receive their actual and necessary travel and other expenses incurred in the performance of their official duties. [2022 c.89 §5]

Sec. 6.

(1) On or before September 1, 2023, the Director of the Department of State Lands, the Elliott State Research Forest Advisory Committee formed by the Department of State Lands and Oregon State University shall develop a list of candidates for appointment as the first voting members of the board of directors of the Elliott State Research Forest Authority.

(2) As soon as practicable after the operative date specified in section 31 (1)(a) of this 2022 Act [January 1, 2024], the State Land Board shall appoint the first voting members of the board of directors from the list of candidates described in subsection (1) of this section.

(3) Notwithstanding section 5 (3)(a) of this 2022 Act:

(a) Of the voting members first appointed by the State Land Board under subsection (2) of this section:

(A) Two shall serve for a term ending one year after the date of the appointment.

(B) Two shall serve for a term ending two years after the date of the appointment.

(C) Two shall serve for a term ending three years after the date of the appointment.

(b) A voting member serving a term described in this subsection may be appointed to serve two additional consecutive terms. [2022 c.89 §6]

Sec. 7. Powers and duties of board of directors.

(1) The board of directors of the Elliott State Research Forest Authority shall:

(a) Contract with Oregon State University for implementation of forest management operations consistent with the mission and management policies described in section 2 of this 2022 Act and a biennial operations plan, unless implementation of forest management operations is provided for as otherwise agreed to by the State Land Board, the board of directors and the university.

(b) Ensure that the mission and management policies for the Elliott State Research Forest described in section 2 of this 2022 Act are effectively implemented.

(c) Oversee the operational and fiscal integrity of the authority.

(d) Select an executive director of the authority, for which position the board of directors and the university shall work collaboratively to recruit and nominate candidates in a selection process led by the university.

(e) Oversee the activities of, and determine the delegation of responsibilities to, the executive director.

(f) Determine the scope of biennial operations plans.

(g) Provide input, guidance and direction to the executive director concerning implementation of operations and research programs, consistent with the mission and management policies for the forest described in section 2 of this 2022 Act.

(h) Promote transparency and public participation in decision-making by:

(A) Notwithstanding the timeframe for public notice required by ORS 192.640 (1), and subject to the provisions of ORS 192.660, providing public notice as described in ORS 192.640 (1) of the time, location and agendas for a regular meeting of the board of directors at least seven days before the meeting.

(B) Providing at least 24 hours' notice before a special meeting as described in ORS 192.640 (3).

(C) Ensuring that any written materials being considered by the board of directors at a regular meeting are available to the public at least seven days before the meeting.

(D) Providing opportunities for public comment on agenda items requiring action by the board of directors before the board of directors acts on the agenda items.

(E) Ensuring that copies of written public comments are distributed to members of the board of directors before the board of directors acts.

(F) Providing to the State Land Board and the public, 45 days before the board of directors approves or denies a biennial operations plan, written materials related to the biennial operations plan that contain operational details and guidance sufficient to ensure compliance with relevant management direction described in the applicable forest management plan and habitat conservation plan.

(i) After considering public comments described in paragraph (h) of this subsection, approve or deny:

(A) Annual budgets.

(B) Biennial operations reports.

(C) Biennial operations plans. A biennial operations plan must be consistent with an applicable forest management plan.

(D) Recreation plans. A recreation plan must be consistent with an applicable forest management plan and the mission and management policies described in section 2 of this 2022 Act.

(E) Education plans. An education plan must be consistent with an applicable forest management plan and the mission and management policies described in section 2 of this 2022 Act.

(F) A forest management plan applicable to lands in the forest, and any subsequent amendments to the forest management plan, after receiving input and approval from the State Land Board. The forest management plan or amendments must be consistent with the mission and management policies described in section 2 of this 2022 Act and the applicable version of the university's Elliott State Research Forest Proposal described in section 4 of this 2022 Act.

(G) Any sale of carbon credits or entry into easements or other encumbrances of lands in the forest.

(H) Any expansion or exchange of lands in the forest, after receiving input and approval from the State Land Board.

(I) Any amendments to a habitat conservation plan related to the forest, after receiving input and approval from the State Land Board. The amendments must be consistent with the mission and management policies described in section 2 of this 2022 Act.

(J) Any proposed amendments to the university's Elliott State Research Forest Proposal described in section 4 of this 2022 Act. The amendments must be consistent with the mission and management policies described in section 2 of this 2022 Act.

(K) Any other submission to federal or state agencies that relates to the forest.

(L) Any funding requests made to federal or state agencies or the Legislative Assembly, including any request for issuance of revenue bonds described in section 17 of this 2022 Act or certificates of participation financing described in section 23 of this 2022 Act, or any request related to state-funded debt service.

(j) Submit to the State Land Board biennial programmatic reviews of authority operations that address:

(A) Functions of the authority relating to the mission and management policies for the forest, including the fiscal integrity of the authority and the status of forest operations, research initiatives, tribal partnerships, ties with local and regional economies and ongoing implementation of conservation, recreation and education programs.

(B) Compliance with federal and state regulatory requirements and any policy directives from the executive branch.

(k) Conduct at least six business meetings per year for which public participation is facilitated consistent with paragraph (h) of this subsection.

(L) Promote transparency around decisions concerning the forest, including forums to provide input.

(m) Form advisory bodies or subcommittees as the board of directors deems necessary and appropriate.

(2) As part of a funding request described in subsection (1)(i)(L) of this section, the board of directors may request funding for state-funded debt service. Any moneys requested pursuant to this subsection and appropriated by the Legislative Assembly to pay debt service for state bonds must be held by the State Treasurer pursuant to an agreement entered into by the State Treasurer and the board of directors.

(3) The board of directors constitutes the governing body of the authority for purposes of the public meetings laws set forth in ORS 192.610 to 192.690 [series became 192.610 to 192.705]. [2022 c.89 §7]

Sec. 8.

(1) In the six calendar years following the operative date established in section 31 (1)(a) of this 2022 Act [January 1, 2024], the board of directors of the Elliott State Research Forest Authority shall submit written annual operations reports to the State Land Board.

(2) The State Land Board shall review the reports. [2022 c.89 §8]

Sec. 9. State Land Board oversight.

The State Land Board shall:

(1) Provide policy guidance to the board of directors of the Elliott State Research Forest Authority at the request of the board of directors or Oregon State University and as deemed necessary and appropriate by the State Land Board.

(2) Review, at scheduled meetings of the board, biennial programmatic reviews submitted by the board of directors.

(3) Provide input on, and approve or deny:

(a) A forest management plan related to the Elliott State Research Forest and any subsequent amendments to the forest management plan.

(b) Any amendments to the habitat conservation plan proposed by the board of directors, prior to submittal to federal or state regulatory agencies.

(c) Any proposed amendments to the university's Elliott State Research Forest Proposal described in section 4 of this 2022 Act.

(d) Any expansion of lands in the forest, or exchange of lands in the forest or timber on the lands, proposed by the board of directors, subject to the requirements of section 14 of this 2022 Act. [2022 c.89 §9]

Sec. 10. Duties of executive director of Elliott State Research Forest Authority.

The executive director of the Elliott State Research Forest Authority reports to the board of directors of the authority and shall:

(1) Serve for a term of four years, subject to removal at the discretion of the board of directors.

(2) Receive such salary as is fixed by the board of directors. In addition to the salary, subject to applicable laws regulating travel and

other expenses, the executive director shall be reimbursed for actual and necessary travel and other expenses incurred in the performance of official duties.

(3) Manage day-to-day operations of the Elliott State Research Forest consistent with the mission and management policies for the forest described in section 2 of this 2022 Act.

(4) Oversee implementation of approved biennial operations plans.

(5) Collaborate with Oregon State University or the entity contracted to implement forest management operations as described in section 7 (1)(a) of this 2022 Act to ensure that forest operations and research further the mission and management policies for the forest described in section 2 of this 2022 Act.

(6) Hire and supervise authority staff and contractors.

(7) Prepare and submit to the board of directors all documents and plans requiring approval by the board of directors, including the documents and plans described in section 7 (1)(i) of this 2022 Act.

(8) Oversee budget execution, regulatory compliance, contracts or agreements for services or the sale of resources and administration of facilities associated with the authority, if the oversight is delegated to the executive director by the board of directors.

(9) Manage relations with the executive and legislative branches and interested stakeholders and communities.

(10) Work with advisory committees or subcommittees formed by the board of directors.

(11) Ensure that decision-making related to the forest is open and transparent, consistent with state law.

(12) Restrict or prohibit public access to all or a part of the forest for reasonable purposes, subject to direction from the board of directors. [2022 c.89 §10]

Sec. 11. Powers of Elliott State Research Forest Authority.

(1) Through the board of directors of the Elliott State Research Forest Authority, the authority may:

(a) Enter into and administer contracts and agreements, and take other actions, as needed to perform functions related to carrying out the mission and management policies described in section 2 of this 2022 Act and the duties described in this section and section 7 of this 2022 Act.

(b) Oversee management of the Elliott State Research Forest that maintains, protects and improves the functioning condition of the forest and furthers the mission and management policies for the forest described in section 2 of this 2022 Act.

(c) Participate in available ecosystem services or forestry carbon programs and markets, or enter into easements, consistent with the management policies described in section 2 of this 2022 Act.

(d) Accept and expend proceeds derived from management of the forest, including proceeds derived from marketing, registering and transfer or sale of forest carbon, ecosystem services, forest products or easements, to:

(A) Support financial obligations of the authority.

(B) Conduct research or undertake other program activities located in the forest.

(C) Create financial reserves to ensure the long-term financial integrity and stability of the authority as a self-supporting entity.

(e) Hold and ensure compliance with permits, certifications and permissions from federal, state and local entities, including a habitat conservation plan and related incidental take permit.

(f) Work and partner with federal, state, tribal, local or private owners of lands surrounding the forest concerning land management, research and consolidation.

(g) Raise funds and advance cross-sector partnerships that further the mission and management policies for the forest described in section 2 of this 2022 Act and support programs related to the forest.

(2) Any contract or agreement entered into by the authority, any forest management activities conducted by the authority either directly or by contract and all other actions taken by the authority must be consistent with the applicable approved biennial operations plan.

(3) The public records laws set forth in ORS 192.311 to 192.478 apply to the authority and the board of directors of the authority. [2022 c.89 §11]

Sec. 12. Expenses of directors, officers and employees.

Directors, officers and employees of the Elliott State Research Forest Authority may receive their actual and necessary travel and other expenses incurred in the performance of their official duties. [2022 c.89 §12]

Sec. 13. Judicial review of actions of Elliott State Research Forest Authority.

(1) As used in this section, "materially" means of such a nature as to have influence or effect.

(2) The requirements of ORS 183.310 to 183.497 do not apply to actions of the Elliott State Research Forest Authority or the board of directors of the authority, including the adoption or approval of a document that describes or establishes how the Elliott State Research Forest is managed, such as:

(a) A forest management plan;

(b) A biennial operations report;

(c) A biennial operations plan;

(d) A habitat conservation plan;

(e) Oregon State University's Elliott State Research Forest Proposal described in section 4 of this 2022 Act;

(f) A recreation plan; or

(g) An education plan.

(3) Notwithstanding subsection (2) of this section, an action of the authority or the board of directors, except for the actions enumerated in subsection (2) of this section, that principally concerns a person's individual rights may be subject to judicial review as provided in ORS 183.484.

(4) Notwithstanding subsection (2) of this section, the following actions by the authority or the board of directors are subject to judicial review as described in ORS 183.484, 183.486, 183.490, 183.497 and 183.500:

(a) Approval of a forest management plan or amendments to a forest management plan that are materially inconsistent with:

(A) The mission and management policies described in section 2 of this 2022 Act;

(B) The applicable version of the university's Elliott State Research Forest Proposal described in section 4 of this 2022 Act; or

(C) Any applicable habitat conservation plan.

(b) Approval of a biennial operations plan, recreation plan or education plan that is materially inconsistent with the applicable forest management plan.

(c) Approval of amendments to a habitat conservation plan related to the forest that are materially inconsistent with the mission and management policies described in section 2 of this 2022 Act.

(d) Entry into a contract for undertaking forest operations, or any other action related to undertaking forest operations, that is materially inconsistent with the applicable biennial operations plan. [2022 c.89 §13]

Sec. 14. Expansion or exchange of lands.

(1) The board of directors of the Elliott State Research Forest Authority may propose to the State Land Board, and the State Land Board may approve, an expansion of lands in the Elliott State Research Forest, or an exchange of lands in the forest or timber on the lands, that furthers the mission and management policies described in section 2 of this 2022 Act.

(2) Lands in the forest may be exchanged:

(a) Only if the exchange consolidates the forest.

(b) Only for lands of approximately equal aggregate value or a combination of lands and monetary consideration of approximately equal aggregate value.

(3) Timber on lands in the forest may be exchanged only for lands of approximately equal aggregate value.

(4) The authority shall consummate by legal conveyance an expansion or exchange described in this section.

(5) Lands acquired by expansion or exchange shall be part of the forest.

(6) After an expansion or exchange, the State Land Board shall establish by resolution the lands constituting the forest. [2022 c.89 §14]

Sec. 15. Elliott State Research Forest Account.

(1) The Elliott State Research Forest Account is established in the State Treasury, separate and distinct from the General Fund. Interest earned by the account shall be credited to the account.

(2) The account shall consist of all moneys deposited in the account or otherwise transferred to the account. Moneys in the account may be invested as provided in ORS 293.701 to 293.857. Moneys in the account are continuously appropriated to the Elliott State Research Forest Authority for carrying out sections 1 to 21 of this 2022 Act, under the supervision and direction of the State Land Board.

(3) Moneys generated from owning or operating the Elliott State Research Forest, including from any sale of forest products, carbon or ecosystem services or credits or easement, and any other revenues related to the forest, shall be deposited in the account.

(4) The authority may receive gifts, grants, bequests, endowments and donations of moneys, labor or materials from public and private sources for the purpose of contributing to the management and enhancement of the Elliott State Research Forest, including activities such as recreation, education, interpretation, research and monitoring, cultural resources management and habitat improvement.

(5) The authority may apply for, accept and utilize grants from any source, including federal, state or local governments or a private entity, to further the mission and management policies described in section 2 of this 2022 Act.

(6) The authority shall deposit moneys received under subsection (4) or (5) of this section in the account. The authority may expend moneys, materials or labor received under subsection (4) or (5) of this section only for purposes specified in the gift, grant, bequest, endowment or donation. If no purpose is specified, the authority may use the moneys, materials or labor for the management and enhancement of the forest, consistent with the mission and management policies described in section 2 of this 2022 Act.

(7) The authority shall keep a record of all moneys deposited in the account or otherwise transferred to the account. The record shall indicate the sources of moneys and the individual activity or program against which each withdrawal from the account is charged. [2022 c.89 §15]

Sec. 16. Revenue bonding.

(1) As used in this section, "bond-related cost" means:

(a) The costs and expenses of issuing, administering and maintaining bonds and the applicable bond program, including paying or redeeming bonds, paying amounts due in connection with credit enhancements or any instruments authorized by ORS 286A.120 and paying the administrative costs and expenses of the State Treasurer and the Oregon Department of Administrative Services, including costs of consultants or advisors retained by the State Treasurer or the department for the bonds or applicable program.

(b) The costs of funding any bond reserves.

(c) Capitalized interest, if any, for bonds.

(d) Rebates or penalties due to the United States in connection with bonds.

(e) Any other costs or expenses that the State Treasurer or the director of the department determines are necessary or desirable in connection with issuing bonds or maintaining the applicable bond program.

(2) In compliance with the applicable provisions of ORS chapter 286A, the board of directors of the Elliott State Research Forest Authority may request the State Treasurer to issue the revenue bonds described in section 17 of this 2022 Act for capital costs related to owning, operating or administering the Elliott State Research Forest and to sell revenue bonds under section 17 of this 2022 Act in the manner the State Treasurer deems advisable.

(3) The net proceeds derived from the sale of the revenue bonds, after the payment of principal and of the interest and premium, if any, on outstanding revenue bonds, and of any other bond-related costs, shall be paid into the State Treasury and credited to the Elliott State Research Forest Account to be used exclusively for purposes related to owning, operating or administering the forest.

(4) The board of directors may establish one or more subaccounts, as it determines are desirable for administration of the net proceeds, in the Elliott State Research Forest Account. [2022 c.89 §16]

Sec. 17. Elliott State Research Forest development revenue bonds.

(1) The board of directors of the Elliott State Research Forest Authority may request the State Treasurer to sell revenue bonds of the State of Oregon, to be known as Elliott State Research Forest development revenue bonds, in an amount authorized under ORS 286A.035.

(2) The bonds shall not constitute a general obligation of the state, nor be a lien on any lands in the Elliott State Research Forest.

(3) Revenue bonds issued under this section may be secured only by moneys in the Elliott State Research Forest Account established by section 15 of this 2022 Act.

(4) The bonds shall bear interest at a rate to be determined by the State Treasurer. [2022 c.89 §17]

Sec. 18. Refunding revenue bonds.

Revenue bonds issued under section 17 of this 2022 Act may be refunded as provided under ORS chapter 286A. [2022 c.89 §18]

Sec. 19. Revenue declaration or indenture authorizing issuance of bonds.

(1) Before revenue bonds are issued under section 17 of this 2022 Act, the board of directors of the Elliott State Research Forest Authority must prepare a revenue declaration or indenture authorizing issuance of the bonds. The revenue declaration or indenture must be signed by a designated representative of the board of directors and approved by the State Treasurer or a person designated by the State Treasurer.

(2) A revenue declaration or indenture prepared under this section may do any of the following:

(a) Pledge any part or all of the moneys described in section 17 of this 2022 Act for purposes of the bonds to be issued.

(b) Limit the purpose for which the proceeds of the sale may be applied by the authority.

(c) Make pledges concerning the proceeds of the sale or moneys described in section 17 of this 2022 Act as necessary to secure payment of bonds of the authority.

(d) Limit or establish terms upon which additional bonds or refunding bonds may be issued under section 17 of this 2022 Act.

(e) Provide for procedures, if any, by which the terms of contracts with bondholders may be amended or rescinded, for the percentage of the bondholders that must consent to amendment or rescission of the contract and for the manner of bondholder consent to any amendment or rescission of the contract.

(f) Establish a trustee and vest the trustee with property, rights, powers and duties in trust as the State Treasurer determines is appropriate.

(g) Provide for other matters affecting the issuance of bonds.

(h) Provide for a debt service reserve pursuant to ORS 286A.025 (6).

(i) Provide for certain covenants pursuant to ORS 286A.025 (4)(c) and 286A.102 (10). [2022 c.89 §19]

Sec. 20. Revenue bond reserve accounts.

(1) The Elliott State Research Forest Authority may establish one or more separate reserve accounts within, or separate and distinct from, the Elliott State Research Forest Account in connection with the issuance of revenue bonds issued under section 17 of this 2022 Act.

(2) Moneys held in any account established under this section may be subject to the provisions of any revenue declaration or indenture prepared under section 19 of this 2022 Act. [2022 c.89 §20]

Sec. 21. Requirements for revenue bonds; State Treasurer determinations.

(1) A revenue bond issued under section 17 of this 2022 Act:

(a) Must contain on its face a statement that the ad valorem taxing power of the State of Oregon is not pledged to the payment of the principal or the interest on the bond.

(b) Shall be issued as provided in ORS chapter 286A.

(c) Must mature on or before a date determined by calculation of the expected economic life of the improvements, assets and projects financed with the proceeds of the bond.

(2) The State Treasurer shall determine, after consultation with the Elliott State Research Forest Authority, all aspects relating to the sale of bonds under section 17 of this 2022 Act that are not otherwise specifically provided in this section and sections 17, 18, 19 and 20 of this 2022 Act. [2022 c.89 §21]

Note:

Sections 31 and 32, chapter 89, Oregon Laws 2022, provide:

Sec. 31.

(1)(a) Sections 1, 2, 4, 5, 7 to 21 and 24, chapter 89, Oregon Laws 2022, and the amendments to ORS 30.949, 283.085, 530.450, 530.480, 530.490, 530.510 and 530.520 by sections 23 and 25 to 30, chapter 89, Oregon Laws 2022, become operative on January 1, 2024.

(b) Sections 3 and 6, chapter 89, Oregon Laws 2022, become operative upon completion of all of the events described in subsection (2) of this section.

(2) Notwithstanding subsection (1) of this section, sections 1 to 21 and 24, chapter 89, Oregon Laws 2022, and the amendments to ORS 30.949, 283.085, 530.450, 530.480, 530.490, 530.510 and 530.520 by sections 23 and 25 to 30, chapter 89, Oregon Laws 2022, do not become operative unless, on or before December 31, 2023:

(a) The State Land Board ensures that financial obligations to the Common School Fund related to the Elliott State Forest are satisfied;

(b) The State Land Board votes to decouple the Elliott State Forest from the Common School Fund and authorizes actions necessary to transfer the forest to management described in sections 1 to 21, chapter 89, Oregon Laws 2022;

(c) The Department of State Lands submits a habitat conservation plan for the Elliott State Forest to the National Marine Fisheries Service and the United States Fish and Wildlife Service pursuant to the Endangered Species Act of 1973 (P.L. 93-205, 16 U.S.C. 1531 to 1544) and the United States Fish and Wildlife Service initiates preparation of a final environmental impact statement pursuant to the National Environmental Policy Act (42 U.S.C. 4321 et seq.);

(d) The Department of State Lands:

(A) Contracts for third-party expertise to provide input informing the department's review of a plan submitted by Oregon State University addressing the financial viability of forest operations and management that are consistent with the mission and management policies described in section 2, chapter 89, Oregon Laws 2022; and

(B) After considering the input described in subparagraph (A) of this paragraph, concludes that the plan demonstrates financial viability;

(e) The State Land Board approves a forest management plan, as described in section 1, chapter 89, Oregon Laws 2022, for the Elliott State Research Forest; and

(f) The Board of Trustees of Oregon State University authorizes the university to participate in management of the Elliott State Research Forest.

(3) The State Forester may take any action upon completion of all of the events described in subsection (2) of this section and before the operative date specified in subsection (1)(a) of this section that the State Land Board, the State Board of Forestry, the State Forestry Department or the State Forester deems necessary to prepare for the establishment of the Elliott State Research Forest as described in sections 1 to 21 and 24, chapter 89, Oregon Laws 2022, and the amendments to ORS 30.949, 283.085, 530.450, 530.480, 530.490, 530.510 and 530.520 by sections 23 and 25 to 30, chapter 89, Oregon Laws 2022. [2022 c.89 §31; 2023 c.225 §1] Sec. 32.

The State Land Board shall report by February 15, 2024, to an interim or regular committee of the Legislative Assembly related to forests, in the manner described in ORS 192.245, on whether all of the events described in section 31 (2), chapter 89, Oregon Laws 2022, occurred on or before December 31, 2023.

[2022 c.89 §32; 2023 c.225 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.600 - Definitions for ORS 530.600 to 530.628.**

As used in ORS 530.600 to 530.628, unless the context requires otherwise:

(1) "Authority" means a community forest authority created under ORS 530.606.

(2) "Board" means the board of directors of a community forest authority.

(3) "Community forestlands" means private lands that are zoned and permanently managed for commercial forestland use and any interests in those private lands, including related roads or other improvements financed by a community forest authority.

(4) "Municipality" means a city or county. [2005 c.500 §1]

Note:

530.600 to 530.628 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 530 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.602 - Findings.**

To provide the people of the State of Oregon with renewable commercial forest resources that promote community stability and sound conservation practices, the Legislative Assembly finds that it is necessary and desirable to authorize the creation of community forest authorities having the power to finance community forestlands and to authorize those authorities to issue revenue bonds and other obligations for that purpose. [2005 c.500 §2]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State**

**Forests; Community ForestsSection 530.604 - Community forest authorities.**

The governing body of a municipality may create a community forest authority under ORS 530.606. An authority may issue obligations on behalf of the municipality creating the authority to finance community forestlands. An authority may not be created or maintained for a purpose other than to finance community forestlands as described in ORS 530.600 to 530.628. [2005 c.500 §3]  
Note:

See note under 530.600.

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.606 - Creation of authority; modification; dissolution.**

- (1) Upon the written request of three individuals or upon its own motion, the governing body of a municipality may create a community forest authority for the purpose of financing community forestlands.
- (2) The governing body of a municipality may create a community forest authority by ordinance or resolution adopted following a public hearing held according to the laws of the municipality. The ordinance or resolution shall set forth:
  - (a) The name of the authority.
  - (b) The number of directors of the authority.
  - (c) The term of office of the directors.
  - (d) Other provisions that the governing body determines are necessary and appropriate and not inconsistent with the provisions of ORS 530.600 to 530.628.
- (3) Upon adoption of an ordinance or resolution creating a community forest authority, the authority is deemed created.
- (4) A community forest authority created under this section has the power and authority necessary to perform its duties under ORS 530.600 to 530.628.
- (5) The governing body that creates a community forest authority under this section may, at its sole discretion:
  - (a) Alter or change the structure, organization, programs or activities of the authority, subject to any limitations imposed by law or contract; and
  - (b) Dissolve the authority at any time if the authority has no outstanding revenue bonds or other obligations or if the authority makes arrangements regarding outstanding revenue bonds or other obligations that are satisfactory to creditors. [2005 c.500 §4]

Note:

See note under 530.600.

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.608 - Board of directors of authority; officers; terms; rules.**

- (1) The governing body of a municipality that creates a community forest authority under ORS 530.606 shall appoint a board of directors containing not fewer than five nor more than 11 directors to manage and control the authority. At least one-third of the directors must represent conservation interests. At least one-third of the directors must represent business interests and one director must serve as a member of the governing body that created the authority. The balance of the directors must be members of the public. A director who is a member of the governing body that created the authority shall serve as a director only as long as that director is a current member of the governing body.
- (2) The term of office of directors of an authority may not exceed four years and the directors serve at the pleasure of the governing body of the municipality.
- (3) The directors of an authority serve without compensation but may be reimbursed for expenses incurred in the performance of their duties.
- (4) The board of directors of an authority shall adopt rules for conducting meetings and carrying out the duties of the board. Decisions of the board must be recorded in a minute book that is a public record. A majority of the directors of the board constitutes a quorum for the transaction of business and a majority of directors present and voting is sufficient for the passage of a motion or a resolution.
- (5) The board may employ and compensate employees, bond counsel, financial advisors, feasibility consultants, accountants, attorneys or other advisors that the board deems necessary and appropriate. [2005 c.500 §5]

Note:

See note under 530.600.

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.610 - Levy of taxes prohibited.**

A community forest authority created under ORS 530.606 does not have the power or authority to levy taxes. [2005 c.500 §6]

Note:

See note under 530.600.

**2023 Oregon Revised StatutesVolume : 14 - Drugs and Alcohol, Fire Protection, Natural ResourcesChapter 530 - State Forests; Community ForestsSection 530.612 - Powers of authority.**

Except as otherwise provided in ORS 530.610, a community forest authority shall have the power necessary to accomplish the purpose of financing community forestlands under ORS 530.600 to 530.628, including the power to:

- (1) Sue and be sued in its own name.
- (2) Enter into agreements relating to the operation of community forestlands upon terms and conditions the board deems appropriate.
- (3) Borrow money by issuing notes, revenue bonds or other revenue obligations for the purpose of carrying out its powers.
- (4) Mortgage, assign and pledge its assets, or a portion of its assets, whether then owned or thereafter acquired, to pledge and assign the revenues and receipts from the assets, to acquire, hold and dispose of mortgages or other similar documents relating to community forestlands and to arrange and provide for guarantees and other security agreements.
- (5) Lend money to a nonprofit corporation for the acquisition, furnishing or extension of and improvements to community forestlands.
- (6) Enter into contracts, leases and other undertakings in its own name.
- (7) Adopt and amend ordinances and resolutions. [2005 c.500 §7]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.614 - Authorization to issue bonds or other obligations; method of issuance.**

- (1) To accomplish its purposes, a community forest authority created under ORS 530.606 may issue revenue bonds or other revenue obligations payable from the revenues derived from the repayment of loans to nonprofit corporations whose purpose is to own and operate community forestlands. The issuance of revenue bonds or other revenue obligations is governed by the provisions of this section and is not subject to the prior approval of the electors of the municipality that created the authority.
- (2) An authority may issue and sell revenue bonds or other revenue obligations payable as to principal and interest only out of the fund or funds established under this section or other assets of the authority that are pledged by the board of directors to secure the revenue bonds or other revenue obligations. The bond resolution:
  - (a) Must specify the public purposes for which the proceeds of the revenue bonds or other revenue obligations will be expended and declare the estimated cost of carrying out those purposes.
  - (b) Must contain covenants and provide for the issuance and sale of revenue bonds or other revenue obligations in a form, amount and manner that the directors determine. In declaring the estimated cost, the directors may include the moneys necessary for working capital, reserves, capitalized interest, the payment of financing and legal expenses, the repayment of advances and the start-up costs.
  - (c) May provide that community forestlands subsequently acquired by a nonprofit corporation shall be deemed betterments or additions to, or extensions of, the community forestlands, whether or not physically connected.
  - (d) Must provide for the establishment of one or more special funds under the control of the board or a trustee.
  - (e) Must obligate the authority to deposit and expend the proceeds of the revenue obligations only into and from the fund or funds established under this section and to set aside and pay into the fund or funds a fixed proportion or fixed amount of the revenues derived from the community forestlands or other corporate activities as the board finds in the best interest of the authority and the payment of its obligations.
- (3) A revenue bond or other revenue obligation issued against a fund or funds established under this section is a valid claim of the holder only as against the fund or funds, the proportion or amount of the revenues pledged to the fund or funds and the other assets pledged, assigned or encumbered by the authority to secure the revenue bond or other revenue obligation. Each revenue bond or other revenue obligation must state on its face that:
  - (a) The bond or obligation is payable from a special fund or funds and name the fund or funds and the resolution that established the fund or funds; or
  - (b) That the bond or obligation is payable from other assets and identify those other assets and the resolution pledging, assigning or encumbering them.
- (4) A pledge, assignment or encumbrance of revenues or other moneys or obligations or other assets made by an authority shall be valid and binding from the time that the pledge or assignment is made against a party with a subsequent claim of any kind in tort, contract, or otherwise against the authority, irrespective of whether the party has actual notice of the pledge, assignment or encumbrance. The pledge, assignment or encumbrance must be noted in the board's minute book or bond transcripts, which shall be constructive notice thereof to all parties, and neither the resolution nor other instrument by which a pledge, assignment or encumbrance is created need be otherwise recorded, nor shall the filing of a financing statement under the Uniform Commercial Code be required to perfect the pledge, assignment or encumbrance. Revenues or other moneys or assets pledged, assigned or encumbered and later received by an authority are subject to the lien of the pledge immediately without physical delivery or further act.
- (5) A revenue bond or other revenue obligation issued under the provisions of this section shall bear the date or dates, mature at the time or times, be in denominations and in a form, either coupon or registered or both, carry registration privileges, be made transferable, exchangeable and interchangeable, be payable in the medium, at the place or places, contain the covenants and be subject to the terms of redemption that the board may declare in the bond resolution.

(6) The revenue bonds or other revenue obligations issued by an authority may be sold by the board upon the terms and conditions and at the rate or rates of interest and for the price or prices that the authority deems most advantageous to the authority, with or without public bidding. The authority may make contracts for future sale from time to time of revenue bonds or other revenue obligations by which the contract purchasers are committed to the prices, terms and conditions stated in the contract, and the board may pay the consideration that the board deems proper for the commitments.

(7) The board by resolution may provide for the issuance of funding and refunding revenue bonds or other revenue obligations in order to take up and refund a series, or portion of a series, of outstanding revenue bonds or other revenue obligations at a time determined by the board. Refunding revenue bonds or other revenue obligations may be sold or exchanged at a price that the board determines is in the best interest of the authority.

(8) A revenue bond or other revenue obligation issued pursuant to this section is a legal security that may be used by any insured institution or trust company, as those terms are defined in ORS 706.008, for deposit with the State Treasurer or a county treasurer or city treasurer, as security for deposits in lieu of a surety bond under a law relating to deposits of public moneys and constitutes legal investments for public bodies, trustees and other fiduciaries, banks, savings and loan associations, and insurance companies. All revenue bonds and obligations and all coupons appertaining thereto shall be negotiable instruments within the meaning of and for all purposes of the law of this state. [2005 c.500 §8]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.616 - Authorization to borrow moneys or to issue, sell and assume bond anticipation notes.**

A community forest authority created under ORS 530.606 may borrow from banks, investment banks or other lenders sums of money on terms that the board deems necessary or advisable. An authority may also issue, sell and assume bond anticipation notes or the equivalent that bear a date, mature at a time, be in denominations and in a form, be payable in a medium, at a place, and be subject to the terms of redemption that the board deems necessary or advisable. [2005 c.500 §9]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.618 - Effect of bonds or other obligations on municipality.**

Revenue bonds and other revenue obligations of a community forest authority created under ORS 530.606 are not a general obligation of the municipality nor a charge upon the tax revenues of the municipality. [2005 c.500 §10]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.620 - Loan repayment.**

The board of directors of a community forest authority created under ORS 530.606 shall establish loan repayment terms and other charges at least adequate to pay the principal of and interest on the obligations of the authority as the same become due, including payments to a special fund or funds, together with the financing and other costs of the authority. [2005 c.500 §11]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.622 - Authorities may act jointly; limits on acquisition of forestlands.**

(1) The powers and responsibilities provided in ORS 530.600 to 530.628 may be exercised and discharged by two or more community forest authorities acting jointly to effectuate the purposes of ORS 530.600 to 530.628. In addition, one or more community forest authorities may authorize by resolution, ordinance or agreement the issuance of revenue bonds or other revenue obligations on behalf of the authorities or to otherwise exercise the powers of an authority within the boundaries of the authorities.

(2) A community forest authority may not finance the acquisition of community forestlands located outside the boundaries of the municipality that created the authority without the written consent of each municipality in which the community forest is located.

[2005 c.500 §12]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.624 - Assets and income of authority exempt from taxation; exceptions.**

(1) A community forest authority created under ORS 530.606 is deemed a municipal corporation performing a public function. An

authority, all assets owned by the authority, the income earned by those assets and the interest earned by revenue bonds or other revenue obligations issued by an authority are exempt from taxation in the State of Oregon.

(2) Notwithstanding subsection (1) of this section:

(a) A municipality shall determine the extent to which community forestlands acquired or financed by an authority and located within the boundaries of the municipality are subject to property taxation.

(b) Real and personal property owned by the authority and leased to a third party is subject to property taxation if the property would be subject to taxation if owned by the lessee of the property.

(c) A district, as defined in ORS 198.010 or 198.180, may elect to continue imposing taxes on property within the district that is acquired or financed by an authority and is otherwise exempt from property taxation under this section without regard to the determination of a municipality under paragraph (a) of this subsection.

(3) Revenue bonds issued by an authority are deemed to be securities issued by a political subdivision of the State of Oregon. [2005 c.500 §13]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.626 - Earnings in excess of amounts required for authority.**

The earnings of a community forest authority created under ORS 530.606 in excess of the amount required for the retirement of indebtedness or the accomplishment of the purposes of ORS 530.600 to 530.628 shall not inure to the benefit of a person or body other than the municipality creating the authority. An authority may transfer, from time to time, to the municipality creating the authority any excess moneys not needed to pay the authority's expenses or to pay the authority's bonds or other obligations, and the municipality may use such transferred funds for any lawful purpose of the municipality. Upon dissolution of an authority, any asset remaining after provision for payment of the obligations and expenses of the authority becomes an asset of the municipality. [2005 c.500 §14]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.628 - Application of laws to authority and to issuance of bonds.**

(1) ORS 530.600 to 530.628 contain complete authority for the organization of a community forest authority and for the issuance and sale of revenue bonds, including refunding revenue bonds, and other revenue obligations.

(2) ORS chapters 198, 279A, 279B and 294 do not apply to the organization of an authority and the issuance and sale of revenue bonds pursuant to ORS 530.600 to 530.628.

(3) Nothing in ORS 530.600 to 530.628 restricts or limits a power that an authority has under a law of this state or the charter of the municipality creating the authority except as explicitly provided in ORS 530.600 to 530.628. [2005 c.500 §15; 2007 c.71 §175]

Note:

See note under 530.600.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 530 - State Forests; Community Forests Section 530.990 - Penalties for forest management violations.**

(1) Except for violations arising from activities under contract with the State Board of Forestry or the State Forestry Department, and subject to ORS 153.022, violation of any rule or order adopted pursuant to ORS 530.050 is a Class A violation.

(2) Multiple violations of any rule or order adopted pursuant to ORS 530.050 shall be considered a single violation. However, each day a violation continues shall be considered a separate violation.

(3) Violations and punishments set forth in this section are in addition to and not in lieu of the provisions of ORS 164.305 to 164.335. [1995 c.347 §§2,3; 1999 c.1051 §108]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.010 - Definitions for ORS 532.010 to 532.140.**

For purposes of ORS 532.010 to 532.140, unless the context or subject matter otherwise requires:

(1) "Booming equipment" includes boom sticks.

(2) "Brand" means an identifying mark upon forest products or booming equipment, as provided by rule and regulation of the State Forester; but any brands in use and registered with the Public Utility Commission on October 1, 1951, with the exception of those brands enclosed in the letter "C," the use of which is particularly reserved for catch brands, may be continued in use, subject to the other provisions of ORS 532.010 to 532.140.

(3) "Catch brand" means a mark of brand used by a person as an identifying mark upon forest products and booming equipment previously owned by another.

(4) "Forest products" means any form, including but not limited to logs, poles and piles, into which a fallen tree may be cut before it

undergoes manufacturing, but not including peeler cores.

(5) "Highway" means every street, alley, road, highway and thoroughfare in this state, used by the public or dedicated or appropriated to public use.

(6) "Motor vehicle" means any self-propelled or motor driven vehicle or any train or combination of vehicles used upon any highway in this state in transporting forest products.

(7) "Railroad" means any self-propelled vehicle or any train or combination of vehicles operating wholly on fixed rails or tracks.

(8) "Waters of this state" includes all bodies of fresh and salt water within the jurisdiction of the state capable of being used for the transportation of forest products, and all rivers and lakes and their tributaries, harbors, bays, sloughs and marshes. [Amended by 1961 c.253 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.020 - Branding forest products and booming equipment required; rules.**

(1) Except as provided in ORS 532.030, every person who puts into any of the waters of this state, ships on any motor vehicle or railroad any forest products, or uses any booming equipment as a part of an operation in securing, rafting or floating forest products, shall have a mark or brand previously selected by the person and registered in the manner provided in ORS 532.010 to 532.140 plainly impressed or cut in a conspicuous place on the forest products and booming equipment in a manner as required by the rules and regulations of the State Forester.

(2) The State Forester hereby is authorized to issue rules and regulations to accomplish the purposes of ORS 532.010 to 532.140. [Amended by 1961 c.253 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.030 - Branding optional east of crest of Cascade Mountains.**

In view of the different conditions obtaining in the logging industry of this state between the parts of the state lying respectively east and west of the crest of the Cascade Mountains, forest products may be put into the waters of this state or shipped on railroads or motor vehicles without having thereon a registered mark or brand as required in ORS 532.010 to 532.140, within that portion of the state lying east of the crest of the Cascade Mountains; and the penalties provided in ORS 532.990 for failure to mark or brand such forest products shall not apply. However, any person operating within the east side portion of the state may select a mark or brand and cause it to be registered in the office of the State Forester pursuant to the terms of ORS 532.010 to 532.140 and use it for the purpose of marking or branding forest products and booming equipment. In the event of the registration of such mark or brand and the use of it in marking or branding forest products or booming equipment, the provisions of ORS 532.010 to 532.140 shall apply to the forest products and booming equipment so marked or branded.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.040 - Ownership of forest products and booming equipment presumed from registered brands or catch brands thereupon.**

All forest products and booming equipment having impressed thereupon a registered brand as provided in ORS 532.010 to 532.140 are presumed to belong to the person appearing on the records in the office of the State Forester as the owner of the brand. However, all forest products having impressed thereupon also a registered catch brand are presumed to belong to the owner of the registered catch brand, unless there are impressed thereupon more than one registered catch brand, in which event they shall be presumed to belong to the owner whose registered catch brand was placed thereupon latest in point of time.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.050 - Application for registration of brand; registration; rejection.**

(1) Every person selecting a brand, before using it, shall make application for its registration in the office of the State Forester by depositing therein an impression stamped on a designated form, together with, in duplicate, a written statement duly signed and verified by the person or the agent of the person, containing a description of the brand and declaring that it is not, and at the time of its adoption by the person, was not in use to the knowledge of the person by any other person and that the person has selected it in good faith for branding forest products to be transported on motor vehicles or railroads, or floated or rafted in the waters of this state, or booming equipment to be used by the person as a part of the operations in securing, rafting or floating forest products.

(2) The State Forester, upon the receipt of the application and the fee provided in ORS 532.110, if the State Forester finds that the brand is not identical with any other brand registered in the office of the State Forester or does not so closely resemble one registered therein as to be confused therewith, shall file in the office of the State Forester the impression or drawing and one copy of the written statement and shall register the brand in a book to be provided by the State Forester and kept for the purpose and known as the Forest Products Brand Register, entering therein the name of the owner, character of the brand, date of registration and such other details as the State Forester may see fit to enter therein. The State Forester shall return to the applicant the other copy of the written statement as evidence that the brand has been duly registered in accordance with the provisions of ORS 532.010 to 532.140 and that the applicant is the registered owner. The State Forester, in the event of refusal to register a brand on account of confliction

with or resemblance to one already registered, shall immediately give notice of that fact to the applicant, who may select another brand and apply for its registration in the manner of an original application.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.060 - Application for registration of catch brand.**

Every person desiring to use a catch brand as an identifying mark upon forest products or booming equipment purchased or lawfully acquired by the person from another shall, before using it, make application for its registration in the office of the State Forester in the manner prescribed for the registration of brands, and the provisions contained in ORS 532.010 to 532.140 in reference to registration, certifications, assignments and cancellation and the fees to be paid to the State Forester shall apply equally to catch brands. However, the certificate of the State Forester shall designate the mark or brand as a catch brand, and the mark selected by the applicant as a catch brand shall be enclosed in the letter "C," which letter "C" shall identify the mark as, and shall be used only in connection with, a catch brand.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.070 - Certified copy of brand registration as evidence of registration and ownership.**

A copy of brand registration certified by the State Forester or the deputy of the State Forester as a true copy and in good standing shall be received in all the courts of this state as evidence of the due and proper registration of the mark or brand and of its ownership.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.080 - Mark or brand assignable; procedure.**

Every mark or brand registered under ORS 532.010 to 532.140 shall be assignable in law. The State Forester, upon payment of the fee mentioned in ORS 532.110 and presentation to the State Forester, in duplicate, of an assignment, duly executed and acknowledged by the owner, transferring the mark or brand to a person named therein, shall file one copy of the assignment in the office of the State Forester and make an entry in the Forest Products Brand Register of the fact of the assignment, the date, the name of the assignee and such other details as the State Forester may see fit to enter therein. The State Forester shall return to the assignee the other copy of the assignment, with a certificate attached thereto, signed by the State Forester or the employee of the State Forester, to the effect that the mark or brand has been duly registered in accordance with the provisions of ORS 532.010 to 532.140 and assigned to the assignee and that the assignee is the registered owner. The assignee, upon the due registration of the assignment as herein provided, shall become the owner of the mark or brand with the full right of exclusive use to the same extent as though the assignee had been the original owner.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.090 - Cancellation of registered brand or mark.**

The State Forester, upon the petition of the owner of a registered mark or brand, may cause the registration thereof to be canceled, and in the event of such cancellation, the mark or brand shall be open to registration by any person subsequently applying therefor.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.100 - Renewal and abandonment of marks or brands; reissue of abandoned or canceled brand.**

(1) The State Forester shall, each five-year period after October 1, 1951, notify the owners of all log marks or brands then of record in Oregon to renew them. Upon receipt of the fee provided for in ORS 532.110, the State Forester shall give a renewal certificate, which shall give the holder and owner the exclusive right to continue the use of the brand or mark within Oregon. If any owner of a brand or mark which is on record fails or refuses to pay the renewing fee within three months after notification, such brand shall become forfeited and be no longer carried on the records.

(2) On or after January 1, 1952, no person shall claim or own any log mark or brand which has not been renewed in accordance with the provisions of this section, and any failure to renew the log mark or brand as required by such provisions shall be deemed an abandonment of the same. Any other person shall be at liberty to adopt or use the abandoned mark or brand; but the other person shall not claim or use it until after it has been recorded in the other person's own name, in the manner provided in ORS 532.010 to 532.140. However, no abandoned or canceled brand may be reissued for a period of one year after such abandonment or cancellation, except to the previous owner or the assignee of the previous owner. In case of a dispute as to the right of any person to the use of such mark or brand, the State Forester shall determine which of the applicants is entitled to its use. [Amended by 1957 c.127 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.110 - Fees.**

The fees to be paid to the State Forester are as follows:

- (1) For filing an application to register a mark or brand and registering the same, including the certificate, \$20.
- (2) For filing an application for an assignment of a registered mark or brand and registering such assignment, including the certificate, \$20.
- (3) For every other certificate of registration, including a copy of the written statement or assignment, \$20.
- (4) For each copy of any drawing, the reasonable expense of preparing it.
- (5) For renewing brands or marks, \$20. [Amended by 1975 c.463 §1; 1989 c.767 §1]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.120 - Disposition of fees.**

All fees collected by the State Forester under ORS 532.010 to 532.140 shall be paid into the State Treasury, credited to the State Forestry Department Account and available for expenses associated with ORS 532.010 to 532.140. [Amended by 1957 c.459 §5; 1961 c.253 §3; 1967 c.34 §6; 1989 c.767 §2]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.130 - Prohibitions generally.**

- (1) No person, unless permitted to do so under ORS 532.030, shall:
  - (a) Put into any of the waters of this state or ship on any railroad or motor vehicle any forest products, or use any booming equipment as a part of the operation of the person in securing, rafting or floating forest products, without having plainly impressed or cut in a conspicuous place on each such stick or piece of forest products, and on any piece of booming equipment so used, a mark or brand previously registered as required by the terms of ORS 532.010 to 532.140.
  - (b) Have or take in tow or into custody or possession or under control of the person, without the authorization of the owner of a registered mark or brand thereon, any forest products or booming equipment having thereupon a mark or brand registered as required by the terms of ORS 532.010 to 532.140 or, with or without such authorization, any forest products or booming equipment required to be branded under the terms of ORS 532.010 to 532.140 with a registered mark or brand and having no registered mark or brand impressed thereupon or cut therein.
  - (c) Impress upon or cut in any forest products or booming equipment a mark or brand that is false, forged or counterfeit.
  - (d) Impress or cut a catch brand that has not been registered under the terms of ORS 532.010 to 532.140 upon or into any forest products or booming equipment upon which there is or should be a registered mark or brand as required by the terms of ORS 532.010 to 532.140 or a catch brand, whether registered or not, upon any forest products or booming equipment that has not been purchased or lawfully acquired by the person from the owner.
- (2) Subsection (1)(b) of this section shall not apply to:
  - (a) Railroads.
  - (b) Log patrol or salvage companies organized as corporations for the purpose of catching or reclaiming and holding or disposing of forest products for the benefit of the owners and authorized to do business under the laws of this state.
- (3) In the case of a motor vehicle carrying more than three logs, branding of not less than three logs shall be considered compliance with the provisions of subsection (1)(a) of this section. [Amended by 1957 c.668 §21; 1973 c.800 §1; 1975 c.729 §1; 1993 c.47 §2; 1993 c.469 §8]

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.140 - Prohibited acts relating to branding or marking if intended to injure or defraud.**

No person, with an intent to injure or defraud the owner, shall:

- (1) Falsely make, forge or counterfeit a mark or brand registered as provided in ORS 532.010 to 532.140 and use it in marking or branding forest products or booming equipment.
- (2) Cut out, destroy, alter, deface or obliterate any registered mark or brand impressed upon or cut into any forest products or booming equipment.
- (3) Sell, encumber or otherwise dispose of or deal in, or appropriate to the own use of the person, any forest products or booming equipment having impressed thereupon a mark or brand registered as required by the terms of ORS 532.010 to 532.140.
- (4) Buy or otherwise acquire or deal in any forest products or booming equipment having impressed thereupon a registered mark or brand.

**2023 Oregon Revised Statutes Volume : 14 - Drugs and Alcohol, Fire Protection, Natural Resources Chapter 532 - Branding of Forest Products and Booming Equipment Section 532.990 - Penalties.**

- (1) Violation of any of the provisions of ORS 532.130 is a Class B misdemeanor.
- (2) Violation of any of the provisions of ORS 532.140 is a Class C felony. [Subsection (3) enacted as 1957 c.668 §22; 1983 c.89 §16; 1987 c.320 §238; 1993 c.47 §3; 2011 c.597 §224]

**Title: volume-19**

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.010 - Definitions.**

As used in ORS chapters 756, 757, 758 and 759, except as otherwise specifically provided or unless the context requires otherwise:

- (1) "Commission" means the Public Utility Commission of Oregon.
- (2) "Commissioner" means a member of the Public Utility Commission of Oregon.
- (3) "Customer" includes the patrons, passengers, shippers, subscribers, users of the service and consumers of the product of a public utility or telecommunications utility.
- (4) "Environmental justice" means equal protection from environmental and health hazards and meaningful public participation in decisions that affect the environment in which people live, work, learn, practice spirituality and play.
- (5) "Environmental justice communities" includes communities of color, communities experiencing lower incomes, tribal communities, rural communities, coastal communities, communities with limited infrastructure and other communities traditionally underrepresented in public processes and adversely harmed by environmental and health hazards, including but not limited to seniors, youth and persons with disabilities.
- (6) "Municipality" means any city, municipal corporation or quasi-municipal corporation.
- (7) "Person" includes individuals, joint ventures, partnerships, corporations and associations or their officers, employees, agents, lessees, assignees, trustees or receivers.
- (8) "Public utility" has the meaning given that term in ORS 757.005.
- (9) "Rate" means any fare, charge, joint rate, schedule or groups of rates or other remuneration or compensation for service.
- (10) "Service" is used in its broadest and most inclusive sense and includes equipment and facilities related to providing the service or the product served.
- (11) "Telecommunications utility" has the meaning given that term in ORS 759.005. [Amended by 1971 c.655 §2; 1973 c.776 §14; 1977 c.337 §1; 1985 c.834 §6; 1987 c.447 §75; 1991 c.841 §1; 1995 c.733 §52; 2021 c.90 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.014 - Public Utility Commission; appointment; confirmation; term; removal.**

- (1) There is created the Public Utility Commission of Oregon. The commission shall be composed of three members appointed by the Governor, subject to confirmation by the Senate pursuant to section 4, Article III of the Oregon Constitution. No more than two of such members shall be of the same political party.
- (2) Each commissioner shall hold office for the term of four years. A commissioner shall hold office until a successor has been appointed and qualified. The chairperson shall be designated by the Governor and shall serve as chairperson at the pleasure of the Governor.
- (3) Any vacancy occurring in the office of commissioner shall be filled by appointment by the Governor to hold office for the balance of the unexpired term.
- (4) The Governor may at any time remove a commissioner for any cause deemed by the Governor sufficient. Before such removal the Governor shall give the commissioner a copy of the charges, and shall fix a time when the commissioner can be heard, which shall not be less than 10 days thereafter. The hearing shall be open to the public. If the commissioner is removed, the Governor shall file in the office of the Secretary of State a complete statement of all charges made against the commissioner, and the findings thereon with a record of the proceedings. Such power of removal is absolute, and there is no right of review of the same in any court. [1985 c.834 §2; 1999 c.1102 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.016 - Quorum; seal; individual commissioner authorized to act for commission.**

- (1) A majority of the commissioners shall constitute a quorum for the transaction of any business, for the performance of any duty or for the exercise of any power of the Public Utility Commission.
- (2) The commission shall have a seal with the words "Public Utility Commission of Oregon" and such other design as the commission may prescribe engraved thereon, by which the proceedings of the commission shall be authenticated and of which the courts shall take judicial notice.
- (3) Any investigation, inquiry or hearing which the commission has power to undertake or to hold may be undertaken or held by or before any commissioner designated by order of the commission. Except as provided in ORS 756.055, all investigations, inquiries and hearings so held shall be conducted as though by the full commission with such commissioner empowered to exercise all the powers of the commission with respect thereto. [1985 c.834 §§3,4,5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.022 - Oath of office.**

Before entering upon the duties of office, each commissioner shall take and subscribe to an oath or affirmation to support the Constitution of the United States and of this state, and to faithfully and honestly discharge the duties of office. The oath shall be filed with the Secretary of State. [1971 c.655 §3; 1985 c.834 §7]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.026 - Prohibited interests of commissioner and family.**

(1) No member of the Public Utility Commission shall:

- (a) Hold any other office of profit;
- (b) Hold any office or position under any political committee or party;
- (c) Hold any pecuniary interest in any business entity conducting operations which if conducted in this state would be subject to the commission's regulatory jurisdiction; or
- (d) Hold any pecuniary interest in, have any contract of employment with, or have any substantial voluntary transactions with any business or activity subject to the commission's regulatory jurisdiction.

(2) The prohibitions of subsection (1)(c) and (d) of this section apply to the spouse and minor children of each commissioner.

(3) If the Governor determines that any commissioner has done any act prohibited by subsection (1) of this section, or that a commissioner's spouse or a minor child has done any act prohibited by subsection (2) of this section, the Governor shall remove the commissioner in the manner provided in ORS 756.014 (4).

(4) Subsection (3) of this section does not apply to a commissioner if the commissioner or the commissioner's spouse or a minor child acquires any pecuniary interest prohibited by subsection (1) or (2) of this section, advises the Governor of such acquisition, and causes divestiture of such interest within the time specified by the Governor.

(5) For purposes of subsection (1) of this section, a business or activity shall not be considered subject to the commission's regulatory jurisdiction solely because the business or activity is a private carrier as defined by ORS 825.005. [1971 c.655 §4; 1985 c.834 §8; 1987 c.123 §1; 1995 c.306 §41]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.028 - Employee statements regarding prohibited interests.**

Each employee of the Public Utility Commission shall file with the commission a statement regarding holdings of the employee and the holdings of the employee's spouse and minor children of any pecuniary interest in any business or activity subject to the commission's regulatory jurisdiction. Supplementary statements shall be filed as such pecuniary interests are acquired or divested. The statements shall be in such form as the commission prescribes. If the commission determines that an employee or spouse or minor child of the employee holds any such pecuniary interest that may interfere with the impartial discharge of the employee's duties, the commission shall order divestiture of the interest. [1971 c.655 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.032 - Employee dismissal for retention of prohibited interests or failure to file statements.**

(1) The Public Utility Commission shall dismiss an employee:

- (a) Who fails to file the statement required by ORS 756.028 before the 11th day after the date of employment.
- (b) Who fails to file the supplementary statement required by ORS 756.028 before the 11th day after the acquisition of a pecuniary interest.
- (c) Who fails to cause divestiture of a pecuniary interest within the time specified in an order issued pursuant to ORS 756.028.

(2) Dismissal of an employee under subsection (1) of this section is subject to the procedure and appeal provided in ORS 240.555, 240.560 and 240.570. An employee so dismissed is eligible for reemployment. [1971 c.655 §6; 1979 c.468 §34; 2003 c.14 §452; 2014 c.22 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.034 - Intent of prohibited interest provisions.**

Nothing in ORS 756.022 to 756.032 is intended to authorize any act otherwise prohibited by law. [1971 c.655 §7]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.036 - Duties and functions.**

(1) The Public Utility Commission may:

- (a) Organize and reorganize the office of the Public Utility Commission in the manner that it considers necessary to properly discharge the responsibilities of the Public Utility Commission.
- (b) Contract for or procure on a fee or part-time basis, or both, such experts, technical or other professional services as it may require for the discharge of its duties.
- (c) Obtain such other services as it considers necessary or desirable.
- (d) Participate in organizations of regional and national utility commissions.
- (e) Appoint advisory committees. A member of an advisory committee so appointed shall receive no compensation for services as a member. Subject to any applicable law regulating travel and other expenses of state officers and employees, the member shall receive actual and necessary travel and other expenses incurred in the performance of official duties.

(2) Subject to any applicable law regulating travel and other expenses of state officers and employees, the commissioners and the officers and employees of the commission shall be reimbursed for such reasonable and necessary travel and other expenses incurred

in the performance of their official duties.

(3) The chairperson of the commission appointed under ORS 756.014 shall serve as the administrative head of the commission and has the power to:

(a) With the consent of one or more of the other members of the commission, appoint and employ all subordinate officers and employees, including, but not limited to, deputies, assistants, engineers, examiners, accountants, auditors, inspectors and clerical personnel, prescribe their duties and fix their compensation, subject to the State Personnel Relations Law.

(b) Prescribe internal policies and procedures for the government of the commission, the conduct of its employees, the assignment and performance of its business and the custody, use and preservation of its records, papers and property in a manner consistent with applicable law. [1971 c.655 §8; 1985 c.834 §9; 1999 c.1102 §2; 2003 c.14 §453]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.037 - Commission authority to provide assistance, information, resources and advice to Legislative Assembly.**

The Public Utility Commission and commission staff may provide such assistance to the Legislative Assembly and its committees as required by the Legislative Assembly for the performance of its duties, and may furnish to the Legislative Assembly and its committees such information, resources and advice as the members of the Legislative Assembly consider necessary for the performance of legislative duties. [2001 c.558 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.040 - General powers.**

(1) In addition to the powers and duties now or hereafter transferred to or vested in the Public Utility Commission, the commission shall represent the customers of any public utility or telecommunications utility and the public generally in all controversies respecting rates, valuations, service and all matters of which the commission has jurisdiction. In respect thereof the commission shall make use of the jurisdiction and powers of the office to protect such customers, and the public generally, from unjust and unreasonable exactions and practices and to obtain for them adequate service at fair and reasonable rates. The commission shall balance the interests of the utility investor and the consumer in establishing fair and reasonable rates. Rates are fair and reasonable for the purposes of this subsection if the rates provide adequate revenue both for operating expenses of the public utility or telecommunications utility and for capital costs of the utility, with a return to the equity holder that is:

(a) Commensurate with the return on investments in other enterprises having corresponding risks; and

(b) Sufficient to ensure confidence in the financial integrity of the utility, allowing the utility to maintain its credit and attract capital.

(2) The commission is vested with power and jurisdiction to supervise and regulate every public utility and telecommunications utility in this state, and to do all things necessary and convenient in the exercise of such power and jurisdiction.

(3) The commission may participate in any proceeding before any public officer, commission or body of the United States or any state for the purpose of representing the public generally and the customers of the services of any public utility or telecommunications utility operating or providing service to or within this state.

(4) The commission may make joint investigations, hold joint hearings within or without this state and issue concurrent orders in conjunction or concurrence with any official, board, commission or agency of any state or of the United States. [Amended by 1961 c.467 §1; 1971 c.655 §9; 1973 c.776 §15; 1987 c.447 §76; 1995 c.733 §53; 2001 c.569 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.045 - Employing legal counsel.**

Upon request by the Public Utility Commission, the Attorney General shall furnish to the commission such attorneys as the commission finds necessary. [Formerly 756.150]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.047 - Authority of commission to require fingerprints.**

For the purpose of requesting a state or nationwide criminal records check under ORS 181A.195, the Public Utility Commission may require the fingerprints of a person who:

(1)(a) Is employed or applying for employment by the commission; or

(b) Provides services or seeks to provide services to the commission as a contractor or volunteer; and

(2) Is, or will be, working or providing services in a position:

(a) In which the person has access to chemicals or hazardous materials, to facilities in which chemicals and hazardous materials are present or to information regarding the transportation of chemical or hazardous materials;

(b) In which the person inspects gas or electrical lines or facilities;

(c) In which the person has access to critical infrastructure or security-sensitive facilities or information; or

(d) That has fiscal, payroll or purchasing responsibilities as one of the position's primary responsibilities. [2005 c.730 §69]

Note:

756.047 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 756 or any series

therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.050 - Office, office supplies and sessions of commission.**

(1) The Public Utility Commission shall keep office at the capital and shall be provided with suitable office quarters under ORS 276.004. Necessary office furniture, supplies, stationery, books, periodicals and maps shall be furnished, and all necessary expenses therefor shall be audited and paid as other state expenses are audited and paid.

(2) The commission may hold sessions and maintain offices at places other than the capital for the more convenient and efficient performance of the duties imposed upon the commission by law, and shall upon request be provided by the county court or board of county commissioners of any county in the state with suitable rooms for offices and hearings. [Amended by 1969 c.706 §64g; 1971 c.655 §11]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.055 - Delegation of authority.**

(1) Except as provided in subsection (2) of this section, the Public Utility Commission may designate by order or rule any commissioner or any named employee or category of employees who shall have authority to exercise any of the duties and powers imposed upon the commission by law. The official act of any commissioner or employee so exercising any such duties or powers is considered to be an official act of the commission.

(2) The commission may not delegate to any commissioner, named employee or category of employees under subsection (1) of this section the authority to:

- (a) Sign an interim or final order after hearing;
- (b) Sign any order upon any investigation the commission causes to be initiated;
- (c) Sign an order that makes effective a rule;
- (d) Enter orders on reconsideration or following rehearing; or
- (e) Grant immunity from prosecution, forfeiture or penalty. [1971 c.655 §12; 1985 c.834 §10]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.060 - Authority to adopt rules and regulations.**

The Public Utility Commission may adopt and amend reasonable and proper rules and regulations relative to all statutes administered by the commission and may adopt and publish reasonable and proper rules to govern proceedings and to regulate the mode and manner of all investigations and hearings of public utilities and telecommunications utilities and other parties before the commission. [Amended by 1971 c.655 §13; 1973 c.776 §16; 1987 c.447 §77; 1995 c.733 §54]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.062 - Substantial compliance with laws adequate for commission activities; construction of laws generally.**

(1) A substantial compliance with the requirements of the laws administered by the Public Utility Commission is sufficient to give effect to all the rules, orders, acts and regulations of the commission and they shall not be declared inoperative, illegal or void for any omission of a technical nature in respect thereto.

(2) The provisions of such laws shall be liberally construed in a manner consistent with the directives of ORS 756.040 (1) to promote the public welfare, efficient facilities and substantial justice between customers and public and telecommunications utilities. [Formerly 757.025; 1973 c.776 §17; 1987 c.447 §78; 1995 c.733 §55; 2001 c.569 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.068 - Service of notice or other legal process.**

The service or delivery of any notice, order, form or other document or legal process required to be made by the Public Utility Commission may be made by mail. If by mail, service or delivery is made when the required material is deposited in the post office, in a sealed envelope with postage paid, addressed to the person on whom it is to be served or delivered, at the address as it last appears in the records of the commission. [1971 c.655 §16]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.070 - Investigating management of utilities.**

The Public Utility Commission may inquire into the management of the business of all public utilities and telecommunications utilities and shall keep informed as to the manner and method in which they are conducted and has the right to obtain from any public utility or telecommunications utility all necessary information to enable the commission to perform duties. [Amended by 1971 c.655 §17; 1973 c.776 §19; 1987 c.447 §70; 1995 c.733 §56]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility**

**CommissionSection 756.075 - Right of entry for examination of equipment, records or employees; use of findings.**

(1) The Public Utility Commission or authorized representatives may enter upon any premises, or any equipment or facilities operated or occupied by any public utility or telecommunications utility for the purpose of making any inspection, examination or test reasonably required in the administration of ORS chapter 756, 757, 758 or 759 and to set up and use on such premises equipment or facilities any apparatus and appliances and occupy reasonable space therefor.

(2) The commission or authorized representatives shall, upon demand, have the right to inspect the books, accounts, papers, records and memoranda of any public utility or telecommunications utility and to examine under oath any officer, agent or employee of such public utility or telecommunications utility in relation to its business and affairs.

(3) Any person who on behalf of the commission makes demand of a public utility or telecommunications utility for an examination, inspection or test shall, upon request therefor, produce a certificate under the seal of the commission showing authority to make such examination, inspection or test.

(4) Nothing in this section authorizes the commission to use any information developed thereunder for any purpose inconsistent with any statute administered by the commission or to make a disclosure thereof for other than regulatory purposes. [Formerly 757.260; 1973 c.776 §20; 1987 c.447 §80; 1995 c.733 §57]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.090 - Maintaining and producing records; expenses of examining out-of-state records.**

(1) The Public Utility Commission may require by rule, or by order or subpoena to be served on any public utility or telecommunications utility the maintaining within this state or the production within this state at such time and place as the commission may designate, of any books, accounts, papers or records kept by such public utility or telecommunications utility in any office or place within or without this state, or verified copies in lieu thereof, if the commission so orders, in order that an examination thereof may be made by the commission or under direction of the commission.

(2) When a public utility or telecommunications utility keeps and maintains its books, accounts, papers or records outside the state, the commission may examine such documents and shall be reimbursed by the public utility or telecommunications utility for all expenses incurred in making such out-of-state examination. [Amended by 1971 c.655 §19; 1973 c.776 §21; 1987 c.447 §81; 1995 c.733 §58]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.105 - Duty to furnish information to commission.**

(1) Every public utility or telecommunications utility shall furnish to the Public Utility Commission all information required by the commission to carry into effect the provisions of ORS chapters 756, 757, 758 and 759 and shall make specific answers to all questions submitted by the commission.

(2) If a public utility or telecommunications utility is unable to furnish any information required under subsection (1) of this section for any reason beyond its control, it is a good and sufficient reason for such failure. The answer or information shall be verified under oath and returned to the commission at the commission's office within the period fixed by the commission. [Formerly 757.115; 1973 c.776 §22; 1987 c.447 §82; 1995 c.733 §59]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.115 - Failure to furnish requested information.**

No officer, agent or employee of any public utility, or telecommunications utility shall:

(1) Fail or refuse to fill out and return any forms required by the Public Utility Commission;

(2) Fail or refuse to answer any question therein propounded;

(3) Knowingly or willfully give a false answer to any such question or evade the answer to any such question where the fact inquired of is within the person's knowledge;

(4) Upon proper demand, fail or refuse to exhibit to the commission or any person authorized to examine the same, any book, paper, account, record or memorandum of such public utility or telecommunications utility which is in possession or under the control of the person;

(5) Fail to properly use and keep a system of accounting or any part thereof, as prescribed by the commission; or

(6) Refuse to do any act or thing in connection with such system of accounting when so directed by the commission or authorized representative. [Formerly 757.180; 1973 c.776 §23; 1987 c.447 §83; 1995 c.733 §60]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.125 - Interference with commission equipment.**

No person shall destroy, injure or interfere with any apparatus or appliance owned or operated by or in charge of the Public Utility Commission, or any apparatus or appliance sealed by the commission. [Formerly 757.340]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.150**

[Amended by 1971 c.655 §10; renumbered 756.045]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.160 - Enforcement of statutes and ordinances relating to utilities.**

(1) The Public Utility Commission shall inquire into any neglect or violation of any law of this state or any law or ordinance of any municipality thereof relating to public utilities and telecommunications utilities by any public utility or telecommunications utility doing business therein, its officers, agents or employees and shall enforce all laws of this state relating to public utilities and telecommunications utilities and may enforce all such laws and ordinances of a municipality. The commission shall report all violations of any such laws or ordinances to the Attorney General.

(2) The Attorney General, district attorney of each county, all state, county and city police officers and police officers commissioned by a university under ORS 352.121 or 353.125 shall assist the commission in the administration and enforcement of all laws administered by the commission, and they, as well as assistants and employees of the commission, shall inform against and diligently prosecute all persons whom they have reasonable cause to believe guilty of violation of any such laws or of the rules, regulations, orders, decisions or requirements of the commission made pursuant thereto.

(3) Upon the request of the commission, the Attorney General or the district attorney of the proper county shall aid in any investigation, hearing or trial, and shall institute and prosecute all necessary suits, actions or proceedings for the enforcement of those laws and ordinances referred to in subsection (1) of this section.

(4) Any forfeiture or penalty provided for in any law administered by the commission shall be recovered by an action brought thereon in the name of the State of Oregon in any court of appropriate jurisdiction. [Amended by 1971 c.655 §23; 1973 c.776 §24; 1987 c.447 §84; 1995 c.733 §61; 2011 c.506 §46; 2013 c.180 §51]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.180 - Enforcing utility laws.**

(1) Whenever it appears to the Public Utility Commission that any public utility or telecommunications utility or any other person subject to the jurisdiction of the commission is engaged or about to engage in any acts or practices which constitute a violation of any statute administered by the commission, or any rule, regulation, requirement, order, term or condition issued thereunder, the commission may apply to any circuit court of the state where such public utility or telecommunications utility or other person subject to the jurisdiction of the commission operates for the enforcement of such statute, rule, regulation, requirement, order, term or condition.

(2) Such court, without bond, has jurisdiction to enforce obedience thereto by injunction, or by other processes, mandatory or otherwise, restraining such public utility or telecommunications utility or any other person subject to the jurisdiction of the commission, or its officers, agents, employees and representatives from further violations of such statute, rule, regulation, requirement, order, term or condition, and enjoining upon them obedience thereto.

(3) The provisions of this section are in addition to and not in lieu of any other enforcement provisions contained in any statute administered by the commission. [Amended by 1971 c.655 §24; 1973 c.232 §5; 1973 c.776 §25; 1987 c.447 §85; 1995 c.733 §62]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.185 - Right to recover for wrongs and omissions; treble damages.**

(1) Any public utility which does, or causes or permits to be done, any matter, act or thing prohibited by ORS chapter 756, 757 or 758 or omits to do any act, matter or thing required to be done by such statutes, is liable to the person injured thereby in the amount of damages sustained in consequence of such violation. If the party seeking damages alleges and proves that the wrong or omission was the result of gross negligence or willful misconduct, the public utility is liable to the person injured thereby in treble the amount of damages sustained in consequence of the violation. Except as provided in subsection (2) of this section, the court may award reasonable attorney fees to the prevailing party in an action under this section.

(2) The court may not award attorney fees to a prevailing defendant under the provisions of subsection (1) of this section if the action under this section is maintained as a class action pursuant to ORCP 32.

(3) Any recovery under this section does not affect recovery by the state of the penalty, forfeiture or fine prescribed for such violation.

(4) This section does not apply with respect to the liability of any public utility for personal injury or property damage. [Formerly 757.335; 1973 c.776 §26; 1981 c.856 §1; 1981 c.897 §104a; 1987 c.447 §86; 1989 c.827 §1; 1995 c.696 §48; 1995 c.733 §63]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.200 - Effect of utility laws on common law and other statutory rights of action, duties and liabilities.**

(1) The remedies and enforcement procedures provided in ORS chapters 756, 757, 758 and 759 do not release or waive any right of action by the state or by any person for any right, penalty or forfeiture which may arise under any law of this state or under an ordinance of any municipality thereof.

(2) All penalties and forfeiture accruing under said statutes and ordinances are cumulative and a suit for and recovery of one, shall not be a bar to the recovery of any other penalty.

(3) The duties and liabilities of the public utilities or telecommunications utilities shall be the same as are prescribed by the common law, and the remedies against them the same, except where otherwise provided by the Constitution or statutes of this state, and the provisions of ORS chapters 756, 757, 758 and 759 are cumulative thereto. [Formerly 760.045; 1973 c.776 §27; 1987 c.447 §87; 1995 c.733 §64]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.305 - Public Utility Commission Account.**

(1) There hereby is established in the General Fund an account to be known as the Public Utility Commission Account. Except as limited by ORS 756.360, all moneys, without regard to their sources, credited to the Public Utility Commission Account hereby are appropriated continuously to the Public Utility Commission for the payment of any and all of the expenses of the Public Utility Commission.

(2) The Public Utility Commission shall keep a record of all moneys deposited in the Public Utility Commission Account. The record shall indicate by separate cumulative accounts the source from which the moneys are derived and the individual activity or program against which each withdrawal is charged. [1957 c.459 §1; 1971 c.655 §27; 1997 c.249 §220]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.310 - Annual fees payable by utilities and telecommunications providers.**

(1) Subject to the provisions of subsections (3) and (4) of this section, each public utility and telecommunications provider shall pay a fee to the Public Utility Commission in each calendar year. The amount of the fee shall equal the amount that the commission finds and determines to be necessary, together with the amount of all other fees paid or payable to the commission by such public utilities and telecommunications providers in the current calendar year, to defray the costs of performing the duties imposed by law upon the commission with respect to the public utilities and telecommunications providers.

(2) In each calendar year the percentage rate of the fee required to be paid by public utilities shall be determined by orders entered by the commission on or after March 1 of each year. Notice of the orders shall be given to each utility. The utility shall pay to the commission the fee or portion thereof so computed upon the date specified in the notice. The date of payment shall be at least 15 days after the date of mailing of the notice.

(3) The fee payable under subsection (1) of this section by each public utility may not be less than \$10, or more than forty-five hundredths of one percent of the utility's gross operating revenues derived within this state in the preceding calendar year. For the purpose of this subsection, the gross operating revenues of an electric company do not include revenues from sales of power for resale to the extent that the revenues from those sales exceed an amount equal to 25 percent of the total revenues received by the electric company from sales of electricity to end users in the preceding calendar year.

(4)(a) For a telecommunications provider, the fee payable under subsection (1) of this section shall be a percentage amount not to exceed thirty-five hundredths of one percent of the provider's gross retail intrastate revenue for each calendar year, but may not be less than \$100. The percentage amount shall be determined by order of the commission not less than 60 days prior to the calendar year upon which the fee is based. The fee shall be payable to the commission not later than April 1 of the year following that calendar year.

(b) A telecommunications provider shall collect the fee payable under subsection (1) of this section by charging an apportioned amount to each of the provider's retail customers. The amount of the charge shall be described on the retail customer's bill in a manner determined by the provider.

(c) In the event a telecommunications utility has an approved rate that includes the fee required under subsection (1) of this section and separately charges retail customers for the fee described in this section, at the time the utility begins collecting the charge the utility shall file with the commission a rate schedule reducing rates in an amount projected to equal the amount separately charged to customers.

(5) The commission may use any of its investigatory and enforcement powers provided under this chapter for the purpose of administering and enforcing the provisions of this section.

(6) As used in this section:

(a) "Electric company" means any entity that is a public utility under ORS 757.005 that is engaged in the business of distributing electricity to retail electric customers in Oregon.

(b) "Retail customer" does not include a purchaser of intrastate telecommunications services who is a telecommunications provider, telecommunications cooperative, interexchange carrier or radio common carrier.

(c) "Telecommunications provider" means any entity that is a telecommunications utility or a competitive telecommunications provider as defined in ORS 759.005. [Amended by 1953 c.10 §2; 1957 c.464 §1; 1959 c.355 §1; 1961 c.109 §1; 1963 c.89 §1; 1971 c.132 §1; 1973 c.170 §1; 1975 c.127 §1; 1985 c.293 §1; 1987 c.439 §1; 1987 c.447 §88; 1991 c.841 §2; 1995 c.733 §65; 1997 c.826 §8; 1999 c.339 §1; 2007 c.245 §1; 2015 c.289 §1; 2019 c.173 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.320 - Statements accompanying fees; audit and refunding by commission.**

Payment of each fee or portion thereof provided for in ORS 756.310 shall be accompanied by a statement verified by the public utility or telecommunications provider involved, showing the basis upon which the fee or portion thereof is computed. This

statement shall be in such form and detail as the Public Utility Commission shall prescribe and shall be subject to audit by the commission. The commission may refund any overpayment of any such fee in the same manner as other claims and expenses of the commission are payable as provided by law. [Amended by 1987 c.447 §89; 1995 c.733 §66; 1997 c.826 §9; 1999 c.339 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.325 - Distribution of information filed with commission; fees; rules.**

(1) The Public Utility Commission may by rule prescribe for the free distribution for public information or educational purposes or applicable charge for any blank forms, transcript, document, order, statistical data or publication prepared by and on file in the office of the commission. In no event shall the fee exceed the cost of preparing, reproducing and distributing such blank forms, transcript, document, order, statistical data or publication.

(2) In the ordinary course of distribution, no fee shall be charged or collected for copies of published documents furnished to public officers for use in their official capacity, or for annual reports of the commission. [1971 c.655 §28]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.350 - Penalty for failure to pay fees; action to collect unpaid fees and penalties.**

Every person who fails to pay any fees provided for in ORS 756.310 or 756.320 after they are due and payable shall, in addition to such fees, pay a penalty of two percent of such fees for each and every month or fraction thereof that they remain unpaid. If, in the judgment of the Public Utility Commission, action is necessary to collect any unpaid fees or penalties, the commission shall bring such action or take such proceedings as may be necessary thereon in the name of the State of Oregon in any court of competent jurisdiction, and be entitled to recover all costs and disbursements incurred therein. [Amended by 1971 c.655 §29]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.360 - Disposal and use of fees and penalties collected.**

All fees, penalties and other moneys collected by the Public Utility Commission under ORS 756.310, 756.320, 756.350, 758.015, 758.400 to 758.475 and ORS chapter 759 shall be paid by the commission into the State Treasury within 30 days after the collection thereof, and shall be placed by the State Treasurer to the credit of the Public Utility Commission Account and the fees, penalties and other moneys collected from:

(1) Public utilities shall be used only for the purpose of paying the expenses of the commission in performing the duties imposed by law upon the commission in respect to utilities, and for the purpose of paying the expenses of the Office of the Governor for its responsibilities in administering energy conservation and allocation programs.

(2) Telecommunications providers shall be used only for the purpose of paying the expenses of the commission in performing the duties imposed by law upon the commission in respect to telecommunications providers, and for the purpose of paying the expenses of the Office of the Governor for its responsibilities in administering energy conservation and allocation programs. [Amended by 1957 c.459 §7; 1967 c.164 §3; 1971 c.655 §30; 1973 c.776 §28; 1974 c.59 §1; 1987 c.447 §90; 1995 c.733 §67; 1999 c.339 §3; 2011 c.597 §298]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.380**

[Formerly 757.080; 1995 c.306 §42; renumbered 823.071 in 1995]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.385**

[Formerly 757.085; 1995 c.733 §67a; renumbered 823.073 in 1995]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.390**

[Formerly 757.090; 1983 c.78 §1; 1995 c.733 §67b; renumbered 823.075 in 1995]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.450 - Declaratory rulings.**

On petition of any interested person, the Public Utility Commission may issue a declaratory ruling with respect to the applicability to any person, property, or state of facts of any rule or statute enforceable by the commission. A declaratory ruling is binding between the commission and the petitioner on the state of facts alleged, unless it is modified, remanded or set aside by a court. However, the commission may review the ruling and modify or set it aside if requested by the petitioner or other party to the proceeding. Binding rulings issued under this section are subject to judicial review as orders in the manner provided by ORS 756.610. [1971 c.655 §36; 2005 c.638 §2; 2017 c.312 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility**

**CommissionSection 756.500 - Complaint; persons entitled to file; contents; amendments.**

- (1) Any person may file a complaint before the Public Utility Commission, or the commission may, on the commission's own initiative, file such complaint. The complaint shall be against any person whose business or activities are regulated by some one or more of the statutes, jurisdiction for the enforcement or regulation of which is conferred upon the commission. The person filing the complaint shall be known as the complainant and the person against whom the complaint is filed shall be known as the defendant.
- (2) It is not necessary that a complainant have a pecuniary interest in the matter in controversy or in the matter complained of, but the commission shall not grant any order of reparation to any person not a party to the proceedings in which such reparation order is made.
- (3) The complaint shall state all grounds of complaint on which the complainant seeks relief or the violation of any law claimed to have been committed by the defendant, and the prayer of the complaint shall pray for the relief to which the complainant claims the complainant is entitled.
- (4) The complaint may, at any time before the completion of taking of evidence, be amended by order of the commission. However, if a charge not contained in the original complaint or a prior amended complaint is sought to be made by any such amendment, the defendant shall be given a reasonable time to investigate the new charge and answer the amended complaint. The final hearing shall, if necessary, be continued until some date after the defendant has had a reasonable time to investigate and be prepared to meet the amended complaint.
- (5) Notwithstanding subsection (1) of this section, any public utility or telecommunications utility may make complaint as to any matter affecting its own rates or service with like effect as though made by any other person, by filing an application, petition or complaint with the commission. [Formerly 756.520; 1987 c.447 §91; 1995 c.733 §68]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.510**

[Amended by 1971 c.655 §40; renumbered 756.518]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.512 - Notice of complaint to defendant; responsive pleadings; setting cause for hearing.**

- (1) The Public Utility Commission shall serve a copy of the complaint upon the defendant, and shall give the defendant at least 10 days within which to respond to the complaint. Within the time so fixed, or such further time as the commission shall fix, the defendant shall file an answer to the complaint, taking issue on such parts of the complaint as the defendant desires and setting forth such additional matter as shall be pertinent to the matter in controversy. Such additional matter shall be deemed denied without the filing of any other pleading by the complainant. After the filing of the answer the commission shall set the matter for hearing, giving the defendant at least 10 days' written notice of the time and place of the hearing, unless the commission for good reason stated in the notice, fixes a shorter time. Amendment of any answer may be permitted by order of the commission.
- (2) If the defendant fails to file a responsive pleading or otherwise appear within the time prescribed in subsection (1) of this section, or if the responsive pleading filed raises no issue of law or fact, the commission may act on the complaint without a hearing. [Formerly 756.530]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.515 - Investigations and hearings on commission's own motion; hearings for aggrieved persons.**

- (1) Whenever the Public Utility Commission believes that any rate may be unreasonable or unjustly discriminatory, or that any service is unsafe or inadequate, or is not afforded, or that an investigation of any matter relating to any public utility or telecommunications utility or other person should be made, or relating to any person to determine if such person is subject to the commission's regulatory jurisdiction, the commission may on motion summarily investigate any such matter, with or without notice.
- (2) If after making such investigation the commission is satisfied that sufficient grounds exist to warrant a hearing being ordered upon any such matter, the commission shall furnish any public utility or telecommunications utility or other person interested a statement notifying it of the matters under investigation, which statement shall be accompanied by a notice fixing the time and place for hearing upon such matters in the manner provided in ORS 756.512 for notice of complaint.
- (3) Thereafter proceedings shall be had and conducted in reference to the matters investigated in like manner as though complaint had been filed with the commission relative thereto, and the same orders may be made in reference thereto as if such investigation had been made on complaint.
- (4) The commission may, after making an investigation on the commission's motion, but without notice or hearing, make such findings and orders as the commission deems justified or required by the results of such investigation. Except as provided in subsections (5) and (6) of this section such findings and orders have the same legal force and effect as any other finding or order of the commission.
- (5) In addition to any other remedy provided by law, any party aggrieved by an order entered pursuant to subsection (4) of this section may request the commission to hold a hearing to determine whether the order should continue in effect. Any such request for hearing shall be submitted to the commission not later than 15 days after the date of service of the order, and the commission shall hold the hearing not later than 60 days after receipt of such a request for hearing.

(6) If the commission receives a request for hearing pursuant to subsection (5) of this section, the order is suspended pending the outcome of the hearing unless the commission finds that the order is necessary for the public health or safety or to prevent the dissipation of assets of a business or activity subject to the commission's regulatory jurisdiction. [Formerly 757.515; 1973 c.776 §29; 1975 c.318 §1; 1983 c.703 §18; 1987 c.447 §92; 1995 c.733 §69]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.518 - Procedures applicable to all matters before commission; oral hearing; rules.**

(1) Except as otherwise provided the provisions of ORS 756.500 to 756.610 apply to and govern all hearings upon any matter or issue coming before the Public Utility Commission under any statute administered by the commission, whether instituted on the application, petition or complaint of others or initiated by the commission, together with the orders of the commission therein and the review thereof in the courts.

(2) Upon request of any party in a major proceeding before the commission, the commission shall afford the parties an opportunity for oral argument before a final order is issued. There must be a quorum of the commission present at the time the oral argument is made. The commission shall adopt rules that establish criteria for determining which proceedings give rise to a right to oral argument under this subsection. In addition, the commission may adopt rules governing participation in oral arguments, cross-examination of witnesses, draft or proposed orders or such other matters as the commission deems appropriate. [Formerly 756.510; 2001 c.558 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.520**

[Amended by 1971 c.655 §37; renumbered 756.500]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.521 - Public hearings; record required; furnishing transcripts.**

All hearings shall be open to the public and may be had before the Public Utility Commission, an examiner or any other person authorized to hold such hearing. A full record thereof shall be kept. However, it shall not be necessary to transcribe testimony unless requested. For purposes of rehearing or reconsideration under ORS 756.561, a transcription shall be made at the commission's expense, and copies of such transcription shall be supplied to the parties, at cost. A copy of the transcript shall be supplied to a party without cost upon the filing with the commission of a satisfactory affidavit of indigency. [1971 c.655 §41; 2005 c.638 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.525 - Parties to proceedings.**

(1) The Public Utility Commission may permit any person to become a party who might, on the institution of the proceeding, have been such a party, if application therefor is made before the final taking of evidence in the proceeding.

(2) At any time before the final taking of evidence in a proceeding, any person may apply to the commission for permission to appear and participate in the proceeding. The commission shall determine the interest of the applicant in the proceeding and shall grant the application, subject to appropriate conditions, if the commission determines that such appearance and participation will not unreasonably broaden the issues or burden the record, and otherwise may deny the application.

(3) This section does not apply to any person who might have been an original party in a proceeding before the commission if that person is required by statute to file a pleading or other response in the proceeding within a specified time. [1971 c.655 §42]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.528 - Segregation of issues.**

At any time before the conclusion of the taking of evidence in a proceeding, the Public Utility Commission may segregate the issues involved and order separate hearings thereon at such times and places as the commission may prescribe. [1971 c.655 §43; 2005 c.638 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.530**

[Amended by 1971 c.655 §38; renumbered 756.512]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.534 - Place of hearings; continuation.**

Except as provided in ORS 756.040 (4), the hearing may be held at any place designated by the Public Utility Commission within this state, or different parts of the hearing may be held at different places in this state, as shall be designated by the commission. The hearing may be continued from time to time and place to place as ordered and fixed by the commission. [Formerly 756.560]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility**

**CommissionSection 756.538 - Taking and use of depositions; rules.**

- (1) In any investigation, the Public Utility Commission may take the testimony of any person by deposition upon oral examination or written interrogatories for the purpose of discovery or for use in the investigation.
- (2) In any proceeding requiring a hearing, the commission or any party to the proceeding may take the testimony of any person by deposition upon oral examination or written interrogatories for the purpose of discovery or for use as evidence in the proceeding, or for both purposes.
- (3) Depositions may be taken within or without the State of Oregon by the commission, or any other person authorized to administer oaths, in accordance with procedures prescribed by the rules of the commission.
- (4) The commission shall promulgate rules concerning the manner of applying for and taking depositions and the use thereof. Such rules shall provide reasonable provisions against abuse of such procedure and for protection of the rights of all persons affected. [1971 c.655 §45]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.543 - Issuance of subpoenas; failure to comply.**

- (1) The Public Utility Commission shall issue subpoenas to any party to a proceeding before the commission upon request and proper showing of the general relevance and reasonable scope of the evidence sought. Witnesses appearing pursuant to subpoena, other than the parties or their officers or employees, or employees of the commission, shall receive fees and mileage as prescribed by law for witnesses in ORS 44.415 (2). If the commission certifies that the testimony of a witness was relevant and material, any person who paid fees and mileage to that witness shall be reimbursed by the commission and from moneys referred to in ORS 756.360, subject to the limitations provided in ORS 756.360.
- (2) If any person fails to comply with any subpoena so issued or any party or witness refuses to testify on any matters on which the person may be lawfully interrogated, the judge of the circuit court of any county, on the application of the commission, or of the party requesting the issuance of the subpoena, shall compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein. [1971 c.655 §46; 1983 c.540 §2; 1987 c.980 §23; 1997 c.249 §221]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.549 - Self-incrimination of witnesses in commission proceedings.**

- (1) No person shall be excused from testifying or from producing evidence in any proceeding held by the Public Utility Commission on the ground that the testimony or evidence required of the person may tend to incriminate the person or subject the person to prosecution, penalty or forfeiture if:
  - (a) The person has been directed by the commission to testify or produce evidence under oath;
  - (b) The person claims, at the time the person is directed by the commission to testify or produce evidence, that the testimony or evidence required of the person may tend to incriminate the person or subject the person to prosecution, penalty or forfeiture; and
  - (c) The commission specifically grants the person immunity from prosecution, penalty or forfeiture regarding those matters about which the person testifies or produces evidence as directed.
- (2) Except for prosecution and punishment for perjury, no person who testifies or produces evidence in accordance with subsection (1) of this section shall be prosecuted or subjected to any penalty or forfeiture concerning any matter about which the person so testified or produced evidence. [1971 c.655 §47]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.550**

[Amended by 1957 c.599 §1; 1971 c.655 §50; renumbered 756.558]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.552 - Self-incrimination of witnesses in court proceedings.**

No person shall be excused from testifying or from producing books and papers in any court proceeding based upon or growing out of any violation of the provisions of ORS chapter 756, 757, 758, 759 or 825 or ORS 824.020 to 824.042, 824.050 to 824.110, 824.200 to 824.256 or 824.300 to 824.310 on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate the person or subject the person to penalty or forfeiture; but no person having so testified shall be prosecuted or subjected to any penalty or forfeiture for, or on account of, any transaction, matter or thing concerning which the person may have testified or produced any documentary evidence. However, no person shall be exempted from prosecution or punishment for perjury while so testifying. The immunity conferred by this section shall extend only to a natural person who, in obedience to a subpoena, gives testimony under oath or produces evidence, documentary or otherwise, under oath. [Formerly 757.590; 1989 c.827 §2]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 756 - Public Utility CommissionSection 756.555 - Powers of commission at hearings.**

The Public Utility Commission may administer oaths, certify to official acts, issue notices in the name of the commission, issue subpoenas, compel the attendance of witnesses and the production of books, accounts, papers, records, documents and testimony, and take and receive testimony, conduct hearings and investigations, whether upon complaint or upon the commission's own motion. [Formerly 757.555]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.558 - Taking of evidence; findings; issuance of orders; providing copies of orders.**

- (1) At the conclusion of the taking of evidence, the Public Utility Commission shall declare the taking of evidence concluded. Thereafter no additional evidence shall be received except upon the order of the commission and a reasonable opportunity of the parties to examine any witnesses with reference to the additional evidence and otherwise rebut and meet such additional evidence.
- (2) After the completion of the taking of evidence, and within a reasonable time, the commission shall prepare and enter findings of fact and conclusions of law upon the evidence received in the matter and shall make and enter the order of the commission thereon. The findings of fact and conclusions of law may be embodied in the same instrument with the order or may be embodied in a separate instrument. The findings of fact, conclusions of law and order thereon shall be signed by the commission. The order shall state the date it becomes effective. A copy of the findings of fact and conclusions of law and a copy of the order shall, forthwith upon the entry of the same, be served upon each of the parties to the proceeding.
- (3) Upon application of any person, the commission shall furnish certified copies, under the seal of any order made by the commission. [Formerly 756.550]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.560**

[Amended by 1971 c.655 §44; renumbered 756.534]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.561 - Rehearing; reconsideration.**

- (1) After an order has been made by the Public Utility Commission in any proceeding, any party thereto may apply for rehearing or reconsideration thereof within 60 days from the date of service of such order. The commission may grant such a rehearing or reconsideration if sufficient reason therefor is made to appear.
- (2) No such application shall excuse any party against whom an order has been made by the commission from complying therewith, nor operate in any manner to stay or postpone the enforcement thereof without the special order of the commission.
- (3) If a rehearing is granted, the proceedings thereupon shall conform as nearly as possible to the proceedings in an original hearing, except as the commission otherwise may direct. If in the judgment of the commission, after such rehearing and the consideration of all facts, including those arising since the former hearing, the original order is in any respect unjust or unwarranted, the commission may reverse, change or modify the same accordingly. Any order made after such rehearing, reversing, changing or modifying the original determination is subject to the same provisions as an original order. [Formerly 756.570]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.565 - Prima facie effect of commission actions.**

All rates, tariffs, classifications, regulations, practices and service fixed, approved or prescribed by the Public Utility Commission and any order made or entered upon any matter within the jurisdiction of the commission shall be in force and shall be prima facie lawful and reasonable, until found otherwise in a proceeding brought for that purpose under ORS 756.610. [Formerly 760.575; 2005 c.638 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.568 - Rescission, suspension and amendment of orders.**

The Public Utility Commission may at any time, upon notice to the public utility or telecommunications utility and after opportunity to be heard as provided in ORS 756.500 to 756.610, rescind, suspend or amend any order made by the commission. Copies of the same shall be served and take effect as provided in ORS 756.558 for original orders. [Formerly 757.540; 1973 c.776 §30; 1987 c.447 §92a; 1995 c.733 §70]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.570**

[Amended by 1971 c.655 §51; renumbered 756.561]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.572 - Effect of orders on successors in interest.**

- (1) An order of the Public Utility Commission issued in accordance with the provisions of ORS chapters 756, 757, 758 and 759 is binding upon the successors in interest of each person affected thereby, until set aside, rescinded, suspended or modified as provided

by law.

(2) Any investigation, hearing or other proceeding involving the issuance of an order of the commission that has not been finally determined when a transfer of any interests of a person is effected may be continued and finally determined, notwithstanding any such transfer of interest. Any order issued in such investigation, hearing or other proceeding is binding upon the successors in interest. [1971 c.655 §54; 1973 c.776 §31; 1987 c.447 §93; 1995 c.733 §71]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.575 - Notice of acceptance of terms of orders.**

The Public Utility Commission may provide by rule that any public utility or telecommunications utility affected by any order shall within a time to be fixed by the commission, notify the commission whether the terms of the order are accepted and will be obeyed. [1971 c.655 §55; 1973 c.776 §32; 1987 c.447 §94; 1995 c.733 §72]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.610 - Judicial review.**

(1)(a) Except as provided in subsections (2) and (3) of this section, final orders of the Public Utility Commission are subject to judicial review as orders under the provisions of ORS 183.480 to 183.497.

(b) Binding rulings issued under ORS 756.450 are subject to review in the Court of Appeals in the manner provided in ORS 183.480 for the review of orders in contested cases.

(2) ORS 183.482 (3) does not apply to judicial review of an order of the Public Utility Commission. At any time after filing a petition for judicial review of a final order of the commission in a contested case, the petitioner may apply to the Court of Appeals for a stay of the order until the final disposition of the appeal. The court may grant a stay for cause shown. As a condition of granting a stay, the court may require a bond or other security, or impose such other conditions as the court deems appropriate. A stay may be granted only after notice to the commission and opportunity for hearing. Any bond required by the court must be executed in favor of the commission for the benefit of interested persons, and may be enforced by the commission or by any interested person.

(3) An order of the Public Utility Commission related to the petition for a certificate of public convenience and necessity under ORS 758.015, where the petitioner also seeks approval from the Energy Facility Siting Council for the proposed transmission line, is subject to judicial review as provided in ORS 758.017. [Amended by 1971 c.655 §62; 2003 c.576 §559; 2005 c.638 §6; 2013 c.335 §4; 2017 c.312 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 756 - Public Utility Commission Section 756.990 - Penalties.**

(1) Any public utility or telecommunications utility that fails to comply with an order or subpoena issued pursuant to ORS 756.090 shall forfeit, for each day it so fails, a sum of not less than \$50 nor more than \$500.

(2) Except where a penalty is otherwise provided by law, any public utility, telecommunications utility or other person subject to the jurisdiction of the Public Utility Commission shall forfeit a sum of not less than \$100 nor more than \$10,000 for each time that the person:

- (a) Violates any statute administered by the commission;
- (b) Does any act prohibited, or fails to perform any duty enjoined upon the person;
- (c) Fails to obey any lawful requirement or order made by the commission; or
- (d) Fails to obey any judgment made by any court upon the application of the commission.

(3) Violation of ORS 756.115 is a Class A violation.

(4) Violation of ORS 756.125 is a Class C misdemeanor.

(5) Violation of ORS 756.543 (1) is a Class A misdemeanor.

(6) In construing and enforcing this section, the act, omission or failure of any officer, agent or other person acting for or employed by any public utility, telecommunications utility or other person subject to the jurisdiction of the commission acting within the scope of the person's employment shall in every case be deemed to be the act, omission or failure of such public utility, telecommunications utility or other person subject to the jurisdiction of the commission. With respect to any violation of any statute administered by the commission, any penalty provision applying to such a violation by a public utility or telecommunications utility shall apply to such a violation by any other person.

(7) Except when provided by law that a penalty, forfeiture or other sum be paid to the aggrieved party, or as provided in ORS 757.994 (1), all penalties or forfeitures or other sums collected or paid under the provisions of any law administered by the commission shall be paid into the General Fund and credited to the Public Utility Commission Account. [1971 c.655 §63; 1973 c.232 §4; 1973 c.776 §33; 1977 c.105 §1; 1979 c.415 §1; 1987 c.447 §95; 1995 c.733 §73; 1999 c.1051 §223; 2003 c.202 §9; 2003 c.576 §560; 2011 c.597 §299]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.005 - Definition of public utility.**

(1)(a) As used in this chapter, except as provided in paragraph (b) of this subsection, "public utility" means:

(A) Any corporation, company, individual, association of individuals, or its lessees, trustees or receivers, that owns, operates, manages or controls all or a part of any plant or equipment in this state for the production, transmission, delivery or furnishing of heat, light, water or power, directly or indirectly to or for the public, whether or not such plant or equipment or part thereof is wholly within any town or city.

(B) Any corporation, company, individual or association of individuals, which is party to an oral or written agreement for the payment by a public utility, for service, managerial construction, engineering or financing fees, and having an affiliated interest with the public utility.

(b) As used in this chapter, "public utility" does not include:

(A) Any plant owned or operated by a municipality.

(B) Any railroad, as defined in ORS 824.020, or any industrial concern by reason of the fact that it furnishes, without profit to itself, heat, light, water or power to the inhabitants of any locality where there is no municipal or public utility plant to furnish the same.

(C) Any corporation, company, individual or association of individuals providing heat, light or power:

(i) From any energy resource to fewer than 20 customers, if it began providing service to a customer prior to July 14, 1985;

(ii) From any energy resource to fewer than 20 residential customers so long as the corporation, company, individual or association of individuals serves only residential customers;

(iii) From solar or wind resources to any number of customers; or

(iv) From biogas, waste heat or geothermal resources for nonelectric generation purposes to any number of customers.

(D) A qualifying facility on account of sales made under the provisions of ORS 758.505 to 758.555.

(E) Any person furnishing heat, but not delivering electricity or natural gas to its customers, except:

(i) As provided in ORS 757.007 and 757.009; or

(ii) With respect to heat furnished in municipalities which on January 1, 1989, had a municipally owned system that was furnishing steam or other thermal forms of heat to its customers.

(F) Notwithstanding subparagraph (E) of this paragraph, any corporation, company, partnership, individual or association of individuals furnishing heat to a single thermal end user from an electric generating facility, plant or equipment that is physically interconnected with the single thermal end user.

(G) Any corporation, company, partnership, individual or association of individuals that furnishes natural gas, electricity, ethanol, methanol, methane, biodiesel or other alternative fuel to any number of customers for use in motor vehicles and does not furnish any utility service described in paragraph (a) of this subsection.

(H) An electricity service supplier, as defined in ORS 757.600.

(2) Nothing in subsection (1)(b)(C) of this section shall prohibit third party financing of acquisition or development by a utility customer of energy resources to meet the heat, light or power requirements of that customer. [Amended by 1953 c.583 §2; 1967 c.241 §1; 1967 c.314 §1; 1971 c.655 §64a; 1973 c.726 §1; 1979 c.62 §1; 1981 c.360 §1; 1981 c.749 §21; 1983 c.118 §1; 1983 c.799 §7; 1985 c.550 §1; 1985 c.633 §7; 1985 c.779 §1; 1987 c.447 §96; 1987 c.900 §3; 1989 c.5 §2; 1989 c.999 §§1,2; 1991 c.294 §1; 1995 c.267 §1; 1999 c.330 §2; 1999 c.491 §1; 1999 c.865 §21; 2001 c.104 §292; 2003 c.82 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.006 - People's utility districts and electric cooperatives excluded from term "public utility."**

For purposes of ORS chapter 757, the term "public utility" does not include a people's utility district organized under ORS chapter 261 or an electric cooperative organized under ORS chapter 62. [2016 c.28 §18c]

Note:

757.006 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.007 - Contract and rate schedule filing for certain furnishers of heat exempt from regulation; procedure.**

(1) Every person exempt from regulation under ORS 757.005 (1)(b)(E) shall file with the Public Utility Commission, not later than 30 days prior to their effective date, all contracts and schedules establishing rates, terms and conditions for the provision of heating services.

(2) Prior to the effective date, the commission may suspend the effective date of such contracts or schedules for an additional period of not more than 120 days in order to determine the reasonableness of such contracts or schedules, taking into consideration the services being provided, the costs and risks of service, the availability and costs of alternative forms of service and other reasonable considerations, including the impact on existing customers of the utilities furnishing electricity and natural gas and on the public generally.

(3) If the contract or schedule is not suspended, or if the contract or schedule is determined reasonable by the commission after suspension, the contract or schedule shall not be subject to further commission review during its term or such other period as the commission may specify, except as provided in ORS 757.009.

(4) In any proceeding before the commission to determine the reasonableness of contracts or schedules proposed under this section,

the burden shall be upon the proponent of the contract or schedule to establish its reasonableness. [1989 c.999 §§4a,4c; 2003 c.82 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.009 - Procedure for reregulation of furnishers of heat.**

(1) Except as provided in subsection (2) of this section, the Public Utility Commission may, upon written complaint or upon the commission's own motion, regulate, under ORS 757.205 to 757.240, or any part thereof, any person otherwise exempt from regulation under ORS 757.005 (1)(b)(E) as follows:

(a) With respect to any or all customers, if the commission finds that the activities of such person have an adverse effect upon the customers of public utilities furnishing electricity or natural gas and the benefits of such regulation outweigh any adverse effect on the public generally; or

(b) With respect to any customer receiving service not exceeding 500 million British thermal units per year or any residential customer, if the commission finds that such person has engaged in unjust or unreasonable practices with respect to the services or rates available to the customer and the customer has no reasonable alternative to the services provided.

(2) The commission shall not regulate persons under subsection (1)(a) of this section with respect to contracts that became effective prior to the date of service of the complaint or with respect to heating systems already in place on the date of service of the complaint if the commission determines that continued expansion will increase the efficiency of those systems. [1989 c.999 §§4b,4d; 2003 c.82 §6]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.015 - "Affiliated interest" defined for ORS 757.105 (1) and 757.495.**

As used in ORS 757.105 (1) and 757.495, "affiliated interest" with a public utility means:

(1) Every corporation and person owning or holding directly or indirectly five percent or more of the voting securities of such public utility.

(2) Every corporation and person in any chain of successive ownership of five percent or more of voting securities of such public utility.

(3) Every corporation five percent or more of whose voting securities are owned by any person or corporation owning five percent or more of the voting securities of such public utility or by any person or corporation in any chain of successive ownership of five percent or more of voting securities of such public utility.

(4) Every person who is an officer or director of such public utility or of any corporation in any chain of successive ownership of five percent or more of voting securities of such public utility.

(5) Every corporation that has two or more officers or two or more directors in common with such public utility.

(6) Every corporation and person, five percent or more of which is directly or indirectly owned by a public utility.

(7) Every corporation or person that the Public Utility Commission determines as a matter of fact after investigation and hearing actually is exercising any substantial influence over the policies and actions of such public utility, even though such influence is not based upon stockholding, stockholders, directors or officers to the extent specified in this section.

(8) Every person or corporation that the commission determines as a matter of fact, after investigation and hearing, actually is exercising such substantial influence over the policies and actions of such public utility in conjunction with one or more other corporations or persons with whom they are related by ownership or blood or by action in concert that together they are affiliated with such public utility within the meaning of this section even though no one of them alone is so affiliated. [Amended by 1971 c.655 §65; 1989 c.17 §1; 2015 c.27 §60]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.020 - Duty of utilities to furnish adequate and safe service at reasonable rates.**

Every public utility is required to furnish adequate and safe service, equipment and facilities, and the charges made by any public utility for any service rendered or to be rendered in connection therewith shall be reasonable and just, and every unjust or unreasonable charge for such service is prohibited. [Amended by 1971 c.655 §66]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.025**

[Amended by 1971 c.655 §14; renumbered 756.062]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.035 - Adoption of safety rules and regulations; enforcement.**

(1) The Public Utility Commission has power, after a hearing had upon the motion of the commission or upon complaint, to require by general or special orders embodying reasonable rules or regulations, every person or municipality, their agents, lessees or acting trustees or receivers, appointed by court, engaged in the management, operation, ownership or control of telegraph, telephone, signal or power lines within this state, upon the public streets or highways, and also upon all other premises used, whether leased, owned

or controlled by them, to construct, maintain and operate every line, plant, system, equipment or apparatus in such manner as to protect and safeguard the health and safety of all employees, customers and the public, and to this end to adopt and prescribe the installation, use, maintenance and operation of appropriate safety or other devices, or appliances, to establish or adopt standards of construction or equipment, and to require the performance of any other act which seems to the commission necessary or proper for the protection of the health or safety of all employees, customers or the public.

(2) When acting pursuant to subsection (1) of this section, the Public Utility Commission shall adopt by rule as the standard of such construction, operation and maintenance the 1973 edition of the American National Standard, National Electrical Safety Code, C2.

(3) In lieu of subsection (2) of this section, or in addition thereto, the commission may adopt by rule any revision or edition of or amendment to the National Electrical Safety Code approved by the American National Standards Institute after July 14, 1977, and in effect on the date of adoption by the commission. [Amended by 1969 c.530 §1; 1971 c.655 §68; 1975 c.658 §1; 1977 c.346 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.039 - Regulation of hazardous substance distribution and storage operations; cooperation with federal agencies; disclosure of reports and information.**

(1) As used in this section, "hazardous substance or material" means:

(a) Fuel gas, whether in a gaseous, liquid or semisolid state;

(b) Petroleum or petroleum products; and

(c) Any other substance or material which may pose an unreasonable risk to life or property when transported by pipeline facilities.

(2) The Public Utility Commission has power, after a hearing had upon the commission's own motion or upon complaint, to require by general or special orders embodying reasonable rules, every person or municipality, their agents, lessees or acting trustees or receivers, appointed by court, engaged in the management, operation, ownership or control of facilities for the transmission or distribution of a hazardous substance or material by pipeline; or of facilities for the storage or treatment of a hazardous substance or material to be transmitted or distributed by pipeline or upon the public streets or highways; or of any other premises used, whether leased, owned or controlled by them, to construct, maintain and operate every pipeline, plant, system, equipment or apparatus used in the transmission, distribution, storage or treatment of a hazardous substance or material to be transmitted by pipeline or upon the public streets or highways in such manner as to protect and safeguard the health and safety of all employees, customers and the public, and to this end to adopt and prescribe the installation, use, maintenance and operation of appropriate safety or other devices, or appliances, to establish or adopt standards of construction or equipment, and to require the performance of any other act which seems to the commission necessary or proper for the protection of the health and safety of all employees, customers or the public.

(3) The commission is authorized to cooperate with, make certifications to and enter into agreements with the Secretary of Transportation of the United States of America and to assume responsibility for, and carry out on behalf of the Secretary of Transportation, safety jurisdiction relating to pipeline facilities and transportation of hazardous substances and materials in Oregon in any manner not otherwise subject to the jurisdiction of any other agency of this state.

(4) Notwithstanding any other provisions to the contrary, the commission shall make public such reports as are required to be made public under applicable federal law and regulations and provide such information as is required by the Secretary of Transportation.

(5) The jurisdiction of the commission over propane, butane or mixtures of these gases shall be limited to systems transporting such gases to 10 or more customers, or to systems any portion of which is located in a public place. [Formerly 757.095; 1983 c.540 §3; 2001 c.35 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.040**

[Amended by 1971 c.655 §101; renumbered 758.035]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.050 - Authority of commission to order extension of service to unserved areas.**

The Public Utility Commission has power to require any public utility, after a public hearing of all parties interested, to extend its line, plant or system into, and to render service to, a locality not already served when the existing public convenience and necessity requires such extension and service. However, no such extension of service shall be required until the public utility has been granted such reasonable franchises as may be necessary for the extension of service, and unless the conditions are such as to reasonably justify the necessary investment by the public utility in extending its line, plant or system into such locality and furnishing such service. [Amended by 1971 c.655 §67]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.053 - Alternative means for meeting energy conservation requirements.**

Notwithstanding the specific requirements imposed on an electric company by ORS 469.631 to 469.645 and 469.860 to 469.900, an electric company meets the requirements of ORS 469.631 to 469.645 and 469.860 to 469.900 if the electric company:

(1) Meets the public purpose expenditure standard established under ORS 757.612; and

(2) Plans for and pursues cost-effective energy efficiency and demand response resources as required under ORS 757.054. [2021

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.054 - Cost-effective energy efficiency resources and demand response resources; legislative findings; planning and pursuit by electric company required; consumer credit; rules.**

(1) As used in this section:

(a) "Electric company" has the meaning given that term in ORS 757.600.

(b) "Retail electricity consumer" means a retail electricity consumer, as defined in ORS 757.600, that is located in Oregon.

(2) The Legislative Assembly finds and declares that:

(a) Energy efficiency programs promote lower energy bills, protect the public health and safety, improve environmental benefits, stimulate sustainable economic development, create new employment opportunities and reduce reliance on imported fuels; and

(b) Demand response resources result in more efficient use of existing resources and reduce the need for procuring new power generating resources, which, in turn, reduces energy bills, protects the public health and safety and improves environmental benefits.

(3) For the purpose of ensuring prudent investments by an electric company in energy efficiency and demand response before the electric company acquires new generating resources, and in order to produce cost-effective energy savings, reduce customer demand for energy, reduce overall electrical system costs, increase the public health and safety and improve environmental benefits, each electric company serving customers in this state shall:

(a) Plan for and pursue all available energy efficiency resources that are cost effective, reliable and feasible; and

(b) As directed by the Public Utility Commission by rule or order, plan for and pursue the acquisition of available cost-effective demand response resources.

(4) All funds necessary to plan for and pursue cost-effective energy efficiency resources pursuant to subsection (3)(a) of this section must be collected in the rates of an electric company through charges paid by all retail electricity consumers, including those retail electricity consumers receiving electricity from electricity service suppliers subject to the limitations set forth in section 3, chapter 547, Oregon Laws 2021. The commission may require that a portion of all of the funds collected under this subsection be paid to a nongovernmental entity to make expenditures consistent with this section.

(5)(a) A retail electricity consumer that uses more than one average megawatt of electricity at any site in the prior year shall receive a credit against the amount charged in rates pursuant to subsection (4) of this section for that site for qualifying expenditures for energy efficiency resources made by the retail electricity consumer. The amount of the credit may not exceed the lesser of:

(A) The amount charged to the retail electricity consumer in rates; or

(B) The total amount of qualifying energy efficiency expenditures described in subsection (3)(a) of this section made by the retail electricity consumer for that site, less administration costs incurred under this subsection.

(b) The State Department of Energy shall adopt by rule procedures and other provisions necessary for a retail electricity consumer to obtain a credit under this subsection. [2016 c.28 §19; 2021 c.547 §2]

Note:

757.054 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

Note:

Sections 3 and 4, chapter 547, Oregon Laws 2021, provide:

Sec. 3. Caps on amounts charged for larger consumers of retail electricity.

(1) As used in this section:

(a) "Single contiguous area" includes an area of land crossed by a public or railroad right of way, but does not include infrastructure facilities located within the public or railroad right of way for purposes of determining whether the single contiguous area of land constitutes a site.

(b) "Site" means:

(A) Buildings and related structures that are interconnected by facilities owned by a single retail electricity consumer and that are served through a single electric meter;

(B) A single contiguous area of land containing buildings or other structures within which each building or structure is no more than 1,000 feet from at least one other building or structure, if the buildings and structures and the land containing and connecting the buildings and structures are all owned by a single retail electricity consumer, either directly or through a wholly owned subsidiary, that is billed for electricity use at the buildings and structures; or

(C) For any single retail electricity consumer, each account of the retail electricity consumer that has exceeded 4,000 kilowatts at least twice within the most recent 13-month period and for which the retail electricity consumer maintains a load factor of 80 percent or greater, if the combined electricity usage across all of the accounts described in this subparagraph, in the aggregate, equals 100 average megawatts or more in a calendar year.

(2) For the period beginning on the effective date of this 2021 Act [September 25, 2021] and ending December 31, 2025, a retail electricity consumer that uses more than one average megawatt of electricity at any site in the prior year may not be charged an amount in rates pursuant to ORS 757.054 (4) that exceeds 1.7 percent of the total revenue received from the sale of electricity services to the site from any source.

(3) For the period beginning January 1, 2026, and ending December 31, 2035, the combined annual amount charged under ORS

757.054 and 757.612 to a retail electricity consumer that uses more than one average megawatt and less than 10 average megawatts of electricity at any site in the prior year may not exceed \$250,000.

(4)(a) For the period beginning January 1, 2026, and ending December 31, 2030, the combined annual amount charged under ORS 757.054 and 757.612 to a retail electricity consumer that uses more than 10 average megawatts of electricity at any site in the prior year may not exceed \$4 million.

(b) For the period beginning January 1, 2031, and ending December 31, 2035, the combined annual amount charged under ORS 757.054 and 757.612 to a retail electricity consumer that uses more than 10 average megawatts of electricity at any site in the prior year may not exceed \$4.5 million. [2021 c.547 §3]

Sec. 4.

Section 3 of this 2021 Act is repealed on January 2, 2036. [2021 c.547 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.056 - Information on energy conservation to be furnished by certain utilities; rules.**

(1) As used in this section, "energy conservation services" means services provided by public utilities to educate and inform customers and the public about energy conservation. Such services include but are not limited to providing answers to questions concerning energy saving devices and providing inspections and making suggestions concerning the construction and siting of buildings and residences.

(2) All public utilities as defined in ORS 757.005, that produce, transmit, deliver or furnish heat, light or power shall establish energy conservation services and shall provide energy conservation information to customers and to the public. The services shall be performed in accordance with such rules as the Public Utility Commission may prescribe. [1977 c.197 §2; 1977 c.887 §11]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.061 - Regulation of water utilities; rules.**

(1) For the purposes of this section:

(a) "Rate regulation" means regulation under this chapter, except for regulation under ORS 757.105 to 757.110.

(b) "Service regulation" means regulation under this chapter, except for regulation under ORS 757.105 to 757.110, 757.140, 757.205 to 757.220, 757.225, 757.245, 757.259, 757.355, 757.400 to 757.463, 757.485, 757.490, 757.495 and 757.500.

(2) Except as provided in this section, water utilities are not subject to regulation under this chapter or required to pay the fee provided for in ORS 756.310.

(3) The following utilities are subject to rate regulation and must pay the fee provided for in ORS 756.310:

(a) A water utility that serves 500 or more customers.

(b) A water utility that serves fewer than 500 customers, if the water utility also provides wastewater services to the public inside the boundaries of a city.

(c) A water utility that serves fewer than 500 customers, if the Public Utility Commission grants a petition from the water utility requesting that the water utility be subject to rate regulation.

(d) A water utility that satisfies all of the following conditions:

(A) The water utility serves fewer than 500 customers;

(B) The water utility proposes to charge a rate for water service that exceeds the maximum rates established by the commission under subsection (5) of this section; and

(C) Twenty percent or more of the customers of the water utility file a petition with the commission requesting that the water utility be subject to rate regulation.

(4) The following utilities are subject to service regulation and must pay the fee provided for in ORS 756.310:

(a) A water utility that serves fewer than 500 customers and that is found by the commission, pursuant to an investigation under ORS 756.515, to have provided inadequate or discriminatory service at any time.

(b) A water utility that serves fewer than 500 customers and that at any time charges an average annual residential rate of \$24 per month or more.

(5)(a) The commission shall adopt rules establishing maximum rates for water utilities serving fewer than 500 customers for the purpose of determining whether a petition may be filed under subsection (3)(d)(C) of this section.

(b) To encourage metered water systems for water utilities serving fewer than 500 customers, the commission shall establish a higher maximum rate for water utilities with metered water systems than for water utilities with unmetered systems.

(6) Not less than 60 days before a water utility that serves fewer than 500 customers increases any rate to exceed any maximum rate prescribed under subsection (5) of this section, the water utility shall provide written notice to all of its customers advising the customers of their right to file a petition under subsection (3)(d)(C) of this section. The commission shall adopt rules prescribing the content of the written notice. [1989 c.403 §2; 1999 c.330 §1; 2003 c.82 §1; 2009 c.429 §1; 2011 c.76 §1; 2013 c.96 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.063 - Regulation of associations furnishing water upon petition.**

(1) Any association of individuals that furnishes water to members of the association is subject to regulation in the same manner as provided by this chapter for public utilities, and must pay the fee provided for in ORS 756.310, if 20 percent or more of the

members of the association file a petition with the Public Utility Commission requesting that the association be subject to such regulation.

(2) The provisions of this section apply to an association of individuals even if the association does not furnish water directly to or for the public. The provisions of this section do not apply to any cooperative formed under ORS chapter 62 or to any public body as defined by ORS 174.109. [2003 c.82 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.065**

[Renumbered 756.370]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.068 - Use of fees to make emergency repairs to water service plants.**

(1) In each biennium the Public Utility Commission may use not more than \$5,000 of the fees collected under ORS 756.310 to make emergency repairs to the plants of public utilities providing water service. The commission may expend moneys under the provisions of this section only if the commission determines that:

- (a) Customers of the utility are without service and are likely to remain without service for an unreasonable period of time;
- (b) The utility is unwilling or unable to make emergency repairs, or cannot be found after reasonable effort; and
- (c) Restoration of the service is necessary for the health and safety of the customers of the utility.

(2) The commission shall attempt to recover fees used under this section from the utility providing water service. The commission may also recover a penalty as provided in ORS 756.350 from the time the fees are expended. [2003 c.202 §8]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.069 - Notice of delinquency on water bill.**

(1) If a customer of a water utility fails to pay a water bill for more than 120 days after the bill becomes due, the water utility shall mail notice of the delinquency to the persons who are listed as the owners of the property in the real property tax records for the county only if the utility asserts that the property owners are responsible for the bill. The notice must be mailed to the addresses of the owners as reflected in the real property tax records.

(2) The provisions of this section apply to water utilities operated by public utilities, municipalities, cooperatives and unincorporated associations. [2005 c.168 §2; 2007 c.211 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.070**

[Renumbered 756.375]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.072 - Agreements for financial assistance to organizations representing customer interests; rules.**

(1) A public utility providing electricity or natural gas may enter into a written agreement with an organization that represents broad customer interests in regulatory proceedings conducted by the Public Utility Commission relating to public utilities that provide electricity or natural gas. The agreement shall govern the manner in which financial assistance may be provided to the organization. The agreement may provide for financial assistance to other organizations found by the commission to be qualified under subsection

(2) of this section. More than one public utility or organization may join in a single agreement. Any agreement entered into under this section must be approved by the commission before any financial assistance is provided under the agreement.

(2)(a) Financial assistance under an agreement entered into under this section may be provided only to organizations that represent interests in regulatory proceedings before the commission relating to public utilities that provide electricity or natural gas that are:

- (A) The broad interests of customers;
- (B) The interests of low-income residential customers; or
- (C) The interests of residential customers that are members of environmental justice communities.

(b) The commission by rule shall establish such qualifications as the commission deems appropriate for determining which organizations are eligible for financial assistance under an agreement entered into under this section.

(c) The total aggregate financial assistance available to all organizations that represent the interests described in paragraph (a)(B) and (C) of this subsection from all public utilities providing electricity or natural gas may not exceed \$500,000 annually.

(d) The commission shall establish a process for evaluating and approving an agreement described in this section that includes the provision of financial assistance to organizations that represent the interests described in paragraph (a)(B) or (C) of this subsection. The commission must evaluate and approve an agreement described in this paragraph before financial assistance may be provided under the agreement. The agreement described in this paragraph shall govern the manner in which financial assistance may be provided to an organization found by the commission to be qualified under paragraph (a)(B) or (C) of this subsection. More than one public utility or organization may join in a single agreement described in this paragraph.

(3) In administering an agreement entered into under this section, the commission by rule or order may determine:

- (a) The amount of financial assistance that may be provided to any organization;
  - (b) The manner in which the financial assistance will be distributed;
  - (c) The manner in which the financial assistance will be recovered in the rates of the public utility under subsection (4) of this section; and
  - (d) Other matters necessary to administer the agreement.
- (4) The commission shall allow a public utility that provides financial assistance under this section to recover the amounts so provided in rates. The commission shall allow a public utility to defer inclusion of those amounts in rates as provided in ORS 757.259 if the public utility so elects. An agreement under this section may not provide for payment of any amounts to the commission. [2003 c.234 §2; 2021 c.90 §3]

Note:

Sections 4 and 5, chapter 90, Oregon Laws 2021, provide:

Sec. 4. Study on agreements for financial assistance approved under ORS 757.072.

The Public Utility Commission shall, no later than September 15, 2025, provide a report to the interim committees of the Legislative Assembly related to energy that discusses, for the period beginning on the effective date of this 2021 Act [January 1, 2022] and ending December 31, 2024, the implementation and impacts of the amendments to ORS 757.072 by section 3 of this 2021 Act. The report shall include, but need not be limited to:

- (1) A description of the process established under ORS 757.072 (2)(d) and any other rules, orders, processes or polices adopted or established by the commission as necessary to implement the amendments to ORS 757.072 by section 3 of this 2021 Act; and
- (2) A detailed description of the organizations described in ORS 757.072 (2)(a)(B) and (C) that received funding during the period subject to reporting that includes, for each organization, a description of:
  - (a) The proceedings for which the organization received financial assistance;
  - (b) The amount of financial assistance received by the organization for each proceeding;
  - (c) The issues raised by the organization in each proceeding for which the organization received financial assistance; and
  - (d) The outcome within each proceeding with regard to the issues described in paragraph (c) of this subsection. [2021 c.90 §4]

Sec. 5.

Section 4 of this 2021 Act is repealed on January 2, 2026. [2021 c.90 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.077 - Incorrect billings; collections; refunds.**

(1) If a public utility determines that a current or former customer of the public utility was previously billed an incorrect amount for a service provided by the public utility under rate schedules or tariffs in effect for the public utility on the date on which the service was provided, the public utility may:

- (a) If the public utility underbilled the customer, issue a bill to the customer for amounts the customer owes the public utility in accordance with subsection (2) of this section; or
- (b) If the public utility overbilled the customer, refund the customer for amounts the public utility owes the customer in accordance with subsection (3) of this section.

(2)(a) Except as provided in paragraph (b) of this subsection, when issuing a bill under subsection (1)(a) of this section, a public utility:

- (A) May only collect amounts incorrectly billed during the 12-month period ending on the date on which the public utility issued the last incorrect bill; and
- (B) May not collect amounts incorrectly billed more than two years before the date on which the public utility identified the incorrect bill.

(b) If an incorrect billing described in subsection (1) of this section is the result of fraud, tampering, diversion, theft, misinformation or other dishonest or unlawful conduct for which the customer is responsible, the public utility may collect full payment for any amount that the customer of the public utility owes the public utility.

(3) When making a refund under subsection (1)(b) of this section, a public utility:

- (a) May only refund amounts incorrectly received during the 12-month period ending on the date on which the public utility issued the last incorrect bill; and
- (b) May not refund amounts incorrectly received more than three years before the date on which the public utility identified the incorrect bill. [2013 c.170 §2]

[1969 c.372 §2; 1971 c.655 §69; renumbered 757.039]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.105 - Filing of budget; rules; review by commission; pensions as operating expenses.**

(1) The Public Utility Commission has the right and power of regulation, restriction and control over the budgets of expenditures of public utilities, as to all items covering:

- (a) Proposed payment of salaries of executive officers;
- (b) Donations;
- (c) Political contributions and political advertising;
- (d) Expenditures for pensions or for a trust to provide pensions for employees and officers;
- (e) Other expenditures and major contracts for the sale or purchase of equipment; and
- (f) Any payment or contemplated payment to any person or corporation having an affiliated interest for service, advice, auditing, associating, sponsoring, engineering, managing, operating, financing, legal or other services.

(2) On or before a date prescribed by the commission by rule, each public utility shall prepare a budget showing the amount of money which, in its judgment, shall be needed during the ensuing year for covering all such activities and expenditures, and file it with the commission.

(3) When any such budget has been filed with the commission, the commission shall examine into and investigate the same and unless rejected within 60 days thereafter, the proposed budget is presumptively fair and reasonable and not contrary to public interest.

(4) Proposed expenditures for pensions or for a trust to provide pensions for the employees and officers of such utility whether for future service or past service or both, shall be recognized as an operating expense if the trust fund is irrevocably committed to the payment of pensions or benefits to employees and if such pensions are reasonable and nondiscriminatory. The commission may disallow as an operating expense any expenditure for pension purposes in excess of the amount necessary and proper to maintain an actuarially sound retirement plan for the employees of the utility in Oregon. [Amended by 1957 c.593 §1; 1971 c.655 §82; 2013 c.96 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.107 - Supplemental budgets and orders.**

Adjustment and additions to such budget expenditures may be made from time to time during the year by filing supplementary budgets with the Public Utility Commission. The provisions of ORS 757.105 (3) apply to adjustments and additions to budgets. [Amended by 1971 c.655 §83]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.110 - Effect of budget orders.**

(1) Any finding and order made and entered by the Public Utility Commission under ORS 757.105 or 757.107 shall have the effect of prohibiting any unapproved or rejected expenditure from being recognized as an operating expense or capital expenditure in any rate valuation proceeding or in any proceeding or hearing unless and until the propriety thereof has been established to the satisfaction of the commission. Any such finding and order shall remain in full force and effect, unless and until it is modified or set aside by the commission or is set aside, modified or remanded in a proceeding for judicial review of an order in the manner provided by ORS 756.610.

(2) Nothing in ORS 757.105 or 757.107 prevents the commission from at any time making and filing orders rejecting imprudent and unwise expenditures or payments. Such orders when so made shall be in full force and effect, and the public utility shall not have the right to make such expenditures or payments found to be imprudent or unwise until the order has been modified or set aside by the commission or is set aside, modified or remanded in a proceeding for judicial review of an order in the manner provided by ORS 756.610. [Amended by 1971 c.655 §84; 2005 c.638 §7; 2017 c.312 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.115**

[Amended by 1971 c.655 §20; renumbered 756.105]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.120 - Accounts required.**

(1) Every public utility shall keep and render to the Public Utility Commission, in the manner and form prescribed by the commission, uniform accounts of all business transacted. All forms of accounts which may be prescribed by the commission shall conform as nearly as practicable to similar forms prescribed by federal authority.

(2) Every public utility engaged directly or indirectly in any other business than that of a public utility shall, if required by the commission, keep and render separately to the commission, in like manner and form, the accounts of all such other business, in which case all the provisions of this chapter shall apply with like force and effect to the accounts and records of such other business. [Amended by 1971 c.655 §85]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.125 - Duty of utility to keep records and accounts; duty of commission to furnish blanks.**

(1) The Public Utility Commission shall prescribe the accounts and records required to be kept, and every public utility is required to keep and render its accounts and records accurately and faithfully in the manner prescribed by the commission and to comply with all directions of the commission relating to such accounts and records.

(2) No public utility shall keep any other accounts or records of its public utility business transacted than those prescribed or approved by the commission except such as may be required by the laws of the United States.

(3) The commission shall cause to be prepared suitable blanks for reports for carrying out the purposes of this chapter, and shall, when necessary, furnish such blanks for reports to each public utility. [Amended by 1971 c.655 §86]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.135 - Closing accounts and filing balance sheet; rules; auditing accounts.**

(1) Except as provided in subsection (2) of this section, the accounts required under ORS 757.120 and 757.125 shall be closed annually on December 31 and a balance sheet of that date promptly taken therefrom. On or before a date prescribed by the Public Utility Commission by rule, such balance sheet, together with such other information as the commission shall prescribe, verified by an officer of the public utility, shall be filed with the commission.

(2) If a public utility maintains its accounts and records on a fiscal year basis, the accounts required by ORS 757.120 and 757.125 shall be closed annually on the last day of the fiscal year and a balance sheet shall be promptly taken from those accounts. On or before the first day of the fourth month following the end of the public utility's fiscal year, the balance sheet together with such information as the commission shall prescribe must be verified by an officer of the public utility and filed with the commission. The commission may require that a public utility filing information at the time specified in this subsection also file with the commission on a calendar year basis such additional information as may be prescribed by the commission.

(3) The commission may examine and audit any account. Items shall be allocated to the accounts in the manner prescribed by the commission. [Amended by 1983 c.540 §4; 2001 c.733 §1; 2013 c.96 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.140 - Depreciation accounts; use of certain undepreciated investment in rates.**

(1) Every public utility shall carry a proper and adequate depreciation account. The Public Utility Commission shall ascertain and determine the proper and adequate rates of depreciation of the several classes of property of each public utility. The rates shall be such as will provide the amounts required over and above the expenses of maintenance, to keep such property in a state of efficiency corresponding to the progress of the industry. Each public utility shall conform its depreciation accounts to the rates so ascertained and determined by the commission. The commission may make changes in such rates of depreciation from time to time as the commission may find to be necessary.

(2) In the following cases the commission may allow in rates, directly or indirectly, amounts on the utility's books of account which the commission finds represent undepreciated investment in a utility plant, including that which has been retired from service:

(a) When the retirement is due to ordinary wear and tear, casualties, acts of God, acts of governmental authority; or

(b) When the commission finds that the retirement is in the public interest. [Amended by 1971 c.655 §87; 1989 c.956 §2]

[Amended by 1971 c.655 §93; renumbered 757.495]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.175**

[Amended by 1971 c.655 §94; renumbered 757.500]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.180**

[Amended by 1971 c.655 §21; renumbered 756.115]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.205 - Filing schedules with commission; data filed with schedules.**

(1) Every public utility shall file with the Public Utility Commission, within a time to be fixed by the commission, schedules which shall be open to public inspection, showing all rates, tolls and charges which it has established and which are in force at the time for any service performed by it within the state, or for any service in connection therewith or performed by any public utility controlled or operated by it.

(2) Every public utility shall file with and as part of every such schedule all rules and regulations that in any manner affect the rates charged or to be charged for any service. Every public utility shall also file with the commission copies of interstate rate schedules and rules and regulations issued by it or to which it is a party.

(3) Where a schedule of joint rates or charges is or may be in force between two or more public utilities, such schedules shall in like manner be printed and filed with the commission. [Amended by 1971 c.655 §70]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.210 - Hearing to establish new schedules; alternative regulation plan.**

(1)(a) Whenever any public utility files with the Public Utility Commission any rate or schedule of rates stating or establishing a new rate or schedule of rates or increasing an existing rate or schedule of rates, the commission may, either upon written complaint or upon the commission's own initiative, after reasonable notice, conduct a hearing to determine whether the rate or schedule is fair, just and reasonable. The commission shall conduct the hearing upon written complaint filed by the utility, its customer or customers, or any other proper party within 60 days of the utility's filing; provided that no hearing need be held if the particular rate change is the result of an automatic adjustment clause. At the hearing the utility shall bear the burden of showing that the rate or schedule of rates proposed to be established or increased or changed is fair, just and reasonable. The commission may not authorize a rate or schedule of rates that is not fair, just and reasonable.

(b) As used in this subsection, "automatic adjustment clause" means a provision of a rate schedule that provides for rate increases or decreases or both, without prior hearing, reflecting increases or decreases or both in costs incurred, taxes paid to units of government or revenues earned by a utility and that is subject to review by the commission at least once every two years.

(2)(a) Subsection (1) of this section does not apply to rate changes under an approved alternative form of regulation plan, including a resource rate plan under ORS 757.212.

(b) Any alternative form of regulation plan shall include provisions to ensure that the plan operates in the interests of utility customers and the public generally and results in rates that are just and reasonable and may include provisions establishing a reasonable range for rate of return on investment. In approving a plan, the commission shall, at a minimum, consider whether the plan:

(A) Promotes increased efficiencies and cost control;

(B) Is consistent with least-cost resources acquisition policies;

(C) Yields rates that are consistent with those that would be obtained following application of ORS 757.269;

(D) Is consistent with maintenance of safe, adequate and reliable service; and

(E) Is beneficial to utility customers generally, for example, by minimizing utility rates.

(c) As used in this subsection, "alternative form of regulation plan" means a plan adopted by the commission upon petition by a public utility, after notice and an opportunity for a hearing, that sets rates and revenues and a method for changes in rates and revenues using alternatives to cost-of-service rate regulation.

(d) Prior to implementing a rate change under an alternative form of regulation plan, the utility shall present a report that demonstrates the calculation of any proposed rate change at a public meeting of the commission.

(3) Except as provided in ORS 757.212, the commission, at any time, may order a utility to appear and establish that any, or all, of its rates in a plan authorized under subsection (2) of this section are in conformity with the plan and are just and reasonable. Except as provided in ORS 757.212, such rates, and the alternative form of regulation plan under which the rates are set, also shall be subject to complaint under ORS 756.500.

(4) Periodically, but not less often than every two years after the implementation of a plan referred to in subsection (2) of this

section, the commission shall submit a report to the Legislative Assembly that shows the impact of the plan on rates paid by utility customers.

(5) The commission and staff may consult at any time with, and provide technical assistance to, utilities, their customers, and other interested parties on matters relevant to utility rates and charges. If a hearing is held with respect to a rate change, the commission's decisions shall be based on the record made at the hearing. [Amended by 1971 c.655 §70a; 1981 c.715 §1; 1985 c.550 §2; 1987 c.447 §97; 1987 c.613 §1; 1989 c.5 §§3,23; 1995 c.785 §1; 2001 c.913 §3; 2005 c.845 §5; 2011 c.137 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.212 - Resource rate plans; customers who may elect to be exempt; order approving plan; effect of approving plan; rules.**

(1) For purposes of this section:

(a) "Resource rate plan" means a plan by a public utility to construct a generating plant or to enter into a wholesale power purchase or sales agreement with a term that is longer than one year.

(b) "Site" means:

(A) Buildings or other related structures that are interconnected by facilities owned by a single public utility customer and that are served through a single electric meter; or

(B) A single contiguous area of land containing buildings or other structures that are separated by not more than 1,000 feet, such that:

(i) Each building or structure included in the site is not more than 1,000 feet from at least one other building or structure in the site;

(ii) Buildings and structures in the site, and land containing and connecting buildings and structures in the site, are owned by a public utility customer who is billed for electricity use at the buildings and structures; and

(iii) Land shall be considered to be contiguous even if there is an intervening public or railroad right of way, provided that rights-of-way land on which municipal infrastructure facilities exist, such as street lighting, sewerage transmission and roadway controls, shall not be considered contiguous.

(2) The Public Utility Commission may approve a resource rate plan as an alternative form of regulation plan under ORS 757.210. A public utility must make a separate tariff filing for each proposed resource rate plan. If the commission approves a resource rate plan by a public utility based on the construction of a generating plant, the order approving the plan must state how the commission will reflect the costs and revenues of the generating plant in the utility's rates during all or a portion of the expected useful life of the generating plant. If the commission approves a resource rate plan based on a wholesale power purchase or sales agreement with a term longer than one year, the order approving the plan must state how the commission will reflect the costs and revenues under the wholesale power purchase or sales agreement in the utility's rates during all or a portion of the term of the agreement.

(3) A customer receiving electricity from a public utility may elect to be exempt from the costs and benefits of a resource rate plan for any single site at which the customer has had a peak load in excess of nine megawatts in any hour during the 12-month period immediately preceding the date on which the public utility files a tariff under this section. A public utility filing a tariff under this section must give written notice of the provisions of this subsection to all of its customers that are eligible to make an election under this subsection. The notice must be given within three days after the tariff is filed. An election under this subsection must be made by a customer within 30 days after the tariff is filed.

(4) A public utility customer that elects to be exempt under subsection (3) of this section may also elect to be exempt from the costs and benefits of a resource rate plan for any single site at which the customer has had a peak load in excess of one megawatt in any hour during the 12-month period immediately preceding the date on which the public utility files a tariff under this section. An election under this subsection must be made as part of the election under subsection (3) of this section.

(5) The commission shall ensure that customers making an election under subsection (3) or (4) of this section are charged the market cost for all electricity that is required to replace the electricity that would otherwise have been provided under the resource rate plan, and that the election does not result in increased costs or risks to the public utility or to other customers of the public utility.

(6) The commission, by rule, may allow customers of a public utility other than those customers described in subsection (3) of this section to elect to be exempt from the costs and benefits of a resource rate plan.

(7) If the commission approves a resource rate plan, the order of the commission must also address:

(a) The extent to which the public utility will use power from the generating plant or from the power purchase or sales agreement to serve its retail customers in Oregon;

(b) The allocation of power available from the generating plant or power purchase or sales agreement among different classes of the public utility's customers;

(c) The ratemaking consequences of the generating plant or power purchase or sales agreement, including the consequences of variations in the amount of power that is actually available after the plan is in operation compared with the amount of power that was anticipated to be available at the time the plan was approved; and

(d) Any other issue the commission chooses to consider.

(8) If the commission approves a resource rate plan, the commission may not thereafter review the costs and rates specific to the resource rate plan or other obligations of the public utility under the plan, or consider any complaint under ORS 756.500 seeking review of the costs and rates specific to the resource rate plan or other obligations of the public utility under the plan, except for the purpose of determining whether the public utility is in compliance with the plan and has established rates in accordance with the

plan.

(9) A resource rate plan and a public utility's rates under a resource rate plan are not subject to ORS 757.355.

(10) The commission may not set aside or modify an order approving a resource rate plan unless the public utility operating under the plan approves the setting aside or modification. [2001 c.913 §2; 2005 c.638 §8]

Note:

757.212 was added to and made a part of 757.205 to 757.220 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.215 - Commission authorized to suspend new rates or order interim rates during hearings; revenues collected under unapproved rates to be refunded; order after hearing.**

(1) The Public Utility Commission may, pending such investigation and determination, order the suspension of the rate or schedule of rates for a period of up to nine months beyond the time when such rate or schedule would otherwise go into effect.

(2) This section does not prevent the commission and the utility from entering into a written stipulation at any time extending any period of suspension.

(3) After full hearing, whether completed before or after such rate or schedule has gone into effect, the commission may make such order in reference thereto as would be proper in a proceeding initiated after such rate or schedule has become effective.

(4) If the commission is required to or determines to conduct a hearing on a rate or schedule of rates filed pursuant to ORS 757.210, but does not order a suspension thereof, any increased revenue collected by the utility as a result of such rate or rate schedule becoming effective shall be received subject to being refunded. If the rate or rate schedule thereafter approved by the commission is for a lesser increase or for no increase, the utility shall refund the amount of revenues received that exceeds the amount approved as nearly as possible to the customers from whom such excess revenues were collected, by a credit against future bills or otherwise, in such manner as the commission orders.

(5) The commission may in a suspension order authorize an interim rate or rate schedule under which the utility's revenues will be increased by an amount deemed reasonable by the commission, not exceeding the amount requested by the utility. Any such interim increase for a public utility as defined in ORS 757.005 that produces, transmits, delivers or furnishes heat, light or power shall be effected by rates designed to increase the utility's revenues without materially changing the revenue relationships among customer classes or between the revenues derived from demand charges and from energy charges. An interim rate or rate schedule shall remain in effect until terminated by the commission. Upon completion of the hearing and decision, the commission shall order the utility to refund that portion of the increase in the interim rate or schedule that the commission finds is not justified. Any refund of an interim increase under this subsection shall be based upon an analysis of the utility's earnings for a period reasonably representative of the period during which the interim increase was in effect. Refunds shall be made as nearly as possible to the customers against whom the interim rates were charged, by credits against future bills or in such other manner as the commission orders.

(6) Refunds ordered by the commission under subsection (4) or (5) of this section shall include interest on the amount determined to be subject to refund from the date such interim rate or rate schedules took effect. [Amended by 1981 c.715 §2; 1991 c.964 §1; 2023 c.53 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.220 - Notice of schedule changes required; exception for alternative regulation.**

No change shall be made in any schedule, including schedules of joint rates, except upon 30 days' notice to the Public Utility Commission. All changes shall be plainly indicated upon existing schedules, or by filing new schedules in lieu thereof 30 days prior to the time they are to take effect. However, the commission, for good cause shown, may allow changes without requiring the 30 days' notice by filing an order specifying the changes to be made and the time when they shall take effect. This section does not apply to rate changes authorized under an alternative form of regulation plan under ORS 757.210 (2). [Amended by 1995 c.785 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.225 - Utilities required to collect for their services in accordance with schedules.**

No public utility shall charge, demand, collect or receive a greater or less compensation for any service performed by it within the state, or for any service in connection therewith, than is specified in printed rate schedules as may at the time be in force, or demand, collect or receive any rate not specified in such schedule. The rates named therein are the lawful rates until they are changed as provided in ORS 757.210 to 757.220. [Amended by 1971 c.655 §71; 1985 c.550 §3; 1991 c.67 §204]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.227 - Rate mitigation for certain electric company rate increases.**

(1) As used in this section, "electric company" has the meaning given that term in ORS 757.600.

(2) The Public Utility Commission shall require that an electric company mitigate a rate increase payable by a class of customers described in subsection (5) of this section if:

- (a) The increase results from a transition to an electric company's generally applicable cost-based rate from the rates established under the contracts described in subsection (5) of this section; and
- (b) The increase in the cost of electricity to that class of customers by reason of the transition will exceed 50 percent during the first 12 calendar months after the transition occurs.
- (3) The commission shall require an electric company to mitigate a rate increase under this section by means of a schedule of rate credits for the class of customers described in subsection (5) of this section. The rate credits provided by an electric company under the schedule shall automatically decrease each year to the lowest credit necessary to avoid a rate increase that is greater than 50 percent in any subsequent year. Rate credits under this section may not be provided for more than seven years after the transition occurs.
- (4) For the purpose of determining the increase in the cost of electricity to a class of customers by reason of a transition described in subsection (2)(a) of this section, the commission shall:
  - (a) Include the total charges for electricity service, including all special charges and credits other than the rate credit provided under this section; and
  - (b) Exclude any local taxes or fees paid by the class of customers.
- (5) This section applies only to customers of an electric company that purchase electricity at metering points that before the transition described in subsection (2)(a) of this section were eligible for rates that were set under contracts entered into before 1960 and remained unchanged throughout the period of the contract.
- (6) The full cost of providing rate credits under this section shall be spread equally among all other customers of the electric company. [2005 c.594 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.230 - Control of commission over classification of services and forms of schedules; rules.**

- (1) The Public Utility Commission shall provide for a comprehensive classification of service for each public utility, and such classification may take into account the quantity used, the time when used, the purpose for which used, the existence of price competition or a service alternative, the services being provided, the conditions of service, differential energy burdens on low-income customers and other economic, social equity or environmental justice factors that affect affordability for certain classes of utility customers, and any other reasonable consideration. Based on such considerations the commission may authorize classifications or schedules of rates applicable to individual customers or groups of customers. The service classifications and schedule forms shall be designed consistently with the requirements of ORS 469.010. Each public utility is required to conform its schedules of rates to such classification. If the commission determines that a tariff filing under ORS 757.205 results in a rate classification primarily related to price competition or a service alternative, the commission, at a minimum, shall consider the following:
  - (a) Whether the rate generates revenues at least sufficient to cover relevant short and long run costs of the utility during the term of the rates;
  - (b) Whether the rate generates revenues sufficient to insure that just and reasonable rates are established for remaining customers of the utility;
  - (c) For electric and natural gas utilities:
    - (A) Whether it is appropriate to incorporate interruption of service in the utility's rate agreement with the customer; and
    - (B) Whether the rate agreement requires the utility to acquire new resources to serve the load; and
  - (d) For electric utilities, for service to load not previously served, the effect of the rate on the utility's average system cost through the residential exchange provision of the Pacific Northwest Electric Power Planning and Conservation Act of 1980, Public Law 96-501, as amended.
- (2) The commission may prescribe such changes in the form in which the schedules are issued by any public utility as may be found to be expedient. The commission shall adopt rules which allow any person who requests notice of tariff filings described under subsection (1) of this section to receive such notice. [Amended by 1971 c.655 §72; 1977 c.682 §1; 1987 c.900 §1; 2021 c.90 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.240 - Filing schedules in business office.**

- (1) A copy of so much of all schedules, including schedules of joint rates and charges, as the Public Utility Commission deems necessary for the use of the public shall be printed in plain type and kept on file in every business office of such public utility, open to the public, and in such form and place as to be readily accessible to the public for convenient inspection.
- (2) Copies of all new schedules shall be filed in every business office of such public utility 30 days prior to the time the schedules are to take effect, unless the commission prescribes a shorter time. [Amended by 1971 c.655 §73]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.245 - Establishment of joint rates.**

- (1) A public utility may establish reasonable through service and joint rates and classifications with other public utilities. Public utilities establishing joint rates shall establish just and reasonable regulations and practices in connection therewith and just, reasonable and equitable divisions thereof as between the public utilities participating therein, which shall not unduly prefer or

prejudice any of such participating public utilities, and every unjust and unreasonable rate, classification, regulation, practice and division is prohibited.

(2) The Public Utility Commission may, and shall, whenever deemed by the commission to be necessary or desirable in the public interest, after full hearing upon complaint, or upon the commission's own initiative without complaint, establish through service, classifications and joint rates, the divisions of such rates and the terms and conditions under which such through service shall be rendered. If any tariff or schedule canceling any through service or joint rate or classification without the consent of all the public utilities parties thereto or authorization by the commission is suspended by the commission for investigation, the burden of proof is upon the public utilities proposing such cancellation to show that it is consistent with the public interest.

(3) Whenever, after full hearing upon complaint or upon the commission's own initiative without complaint, the commission is of the opinion that the divisions of joint rates between the public utilities are or will be unjust, unreasonable, inequitable or unduly preferential or prejudicial as between the public utilities parties thereto, whether agreed upon by such public utilities or otherwise established, the commission shall, by order, prescribe the just, reasonable and equitable divisions thereof to be received by the several public utilities. In cases where the joint rate was established pursuant to the finding or order of the commission and the divisions thereto are found by the commission to have been unjust, unreasonable or inequitable, or unduly preferential or prejudicial, the commission may also by order determine what, for the period subsequent to the filing of the complaint or petition or the making of the order of investigation, would have been the just, reasonable and equitable division thereof to be received by the several public utilities and require adjustment to be made in accordance therewith.

(4) In so prescribing and determining the divisions of joint rates, the commission shall give due consideration, among other things, to:

- (a) The efficiency with which the public utilities concerned are operated;
- (b) The amount of revenue to pay their respective operating expenses, taxes and a fair return on their public utility property held for and used in service;
- (c) The importance to the public of the services of such public utilities;
- (d) Whether any particular participating public utility is an originating, intermediate or delivering utility; and
- (e) Any other fact or circumstance which ordinarily would entitle one public utility to a greater or less proportion of the joint rate than another. [Amended by 1971 c.655 §74]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.247 - Tariff schedules for energy resource measures; rules.**

(1) The Public Utility Commission may authorize a public utility, upon application of the utility, to file and place into effect a tariff schedule establishing rates or charges for the cost of energy resource measures provided to an individual property owner or customer pursuant to an agreement entered into between the individual property owner or customer and the public utility. Energy resource measures provided under this section may include:

- (a) The installation of renewable energy generation facilities on the property of property owners or the premises of customers;
- (b) The implementation of energy conservation measures, including measures that are not cost-effective;
- (c) The installation of equipment or devices or the implementation of measures that enable demand reduction, peak load reduction, improved integration of renewable energy generation or more effective utilization of energy resources;
- (d) Loans for the purposes described in paragraphs (a) to (c) of this subsection; and
- (e) Direct payments to third parties for the purposes described in paragraphs (a) to (c) of this subsection.

(2) Subject to the agreement entered into between the individual property owner or customer and the public utility, a tariff schedule placed into effect under this section may include provisions for:

- (a) The payment of the rates or charges over a period of time;
- (b) Except as provided in subsection (5) of this section, a reasonable rate of return on any investment made by the public utility;
- (c) The application of any payment obligation to successive owners of the property to which the energy resource measure is attached or to successive customers located at the premises to which the energy resource measure is attached; and
- (d) The application of the payment obligation to the current property owner or customer alone, secured by methods agreed to by the property owner or customer and the public utility.

(3) Application of a tariff schedule under this section is subject to approval by the commission.

(4) If a payment obligation applies to successive property owners or customers as described in subsection (2)(c) of this section, a public utility shall record a notice of the payment obligation in the records maintained by the county clerk under ORS 205.130. The commission may prescribe by rule other methods by which the public utility shall notify property owners or customers of such payment obligations.

(5) A public utility may use moneys obtained through a rate established under ORS 757.603 (3)(a) to provide a renewable energy generation facility to a property owner or customer under this section. A public utility may not charge interest to a property owner or customer for a renewable energy generation facility acquired with moneys obtained through a rate established under ORS 757.603 (3)(a).

(6) Agreements entered into and tariff schedules placed into effect under this section are not subject to ORS 470.500 to 470.710, 757.054 or 757.612. [1991 c.268 §2; 2007 c.885 §3; 2013 c.344 §1; 2021 c.508 §22; 2021 c.547 §23]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.250 - Standards and appliances for measuring service; rules.**

- (1) The Public Utility Commission shall ascertain and prescribe for each kind of public utility suitable and convenient standard commercial units of service. These shall be lawful units for the purposes of this chapter.
- (2) The commission shall ascertain and fix adequate and serviceable standards for the measurement of quality, pressure, initial voltage or other conditions pertaining to the supply of the service rendered by any public utility and prescribe reasonable regulations for examination and testing of such service and for the measurement thereof. It shall establish reasonable rules, regulations, specifications and standards to secure the accuracy of all meters and appliances for the measurements, and every public utility is required to carry into effect all orders issued by the commission relative thereto. [Amended by 1971 c.655 §75]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.255 - Testing of measuring appliances; rules; fees.**

- (1) The Public Utility Commission may provide for the examination and testing of any and all appliances used for the measuring of any service of a public utility, and may provide by rule that no such appliance shall be installed and used for the measuring of any service of any public utility until it has been examined and tested by the commission and found to be accurate.
- (2) The commission shall declare and establish a reasonable fee governing the cost of such examination and test, which shall be paid to the commission by the public utility.
- (3) The commission shall declare and establish reasonable fees for the testing of such appliances on the application of the customer, the fee to be paid by the customer at the time of the customer's request, but to be repaid to the customer by the commission and to be paid by the public utility if the appliance is found defective or incorrect to the disadvantage of the customer or used beyond such reasonable limit as may be prescribed by the commission.
- (4) All fees collected under the provisions of this section shall be paid by the commission into the State Treasury.
- (5) The commission may purchase such materials, apparatus and standard measuring instruments for the examination and tests as the commission deems necessary. [Amended by 1971 c.655 §76]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.259 - Amounts includable in rate schedule; deferral; limit in effect on rates by amortization; rules.**

- (1) In addition to powers otherwise vested in the Public Utility Commission, and subject to the limitations contained in this section, under amortization schedules set by the commission, a rate or rate schedule:
  - (a) May reflect:
    - (A) Amounts lawfully imposed retroactively by order of another governmental agency; or
    - (B) Amounts deferred under subsection (2) of this section.
  - (b) Shall reflect amounts deferred under subsection (3) of this section if the public utility so requests.
- (2) Upon application of a utility or ratepayer or upon the commission's own motion and after public notice, opportunity for comment and a hearing if any party requests a hearing, the commission by order may authorize deferral of the following amounts for later incorporation in rates:
  - (a) Amounts incurred by a utility resulting from changes in the wholesale price of natural gas or electricity approved by the Federal Energy Regulatory Commission;
  - (b) Balances resulting from the administration of Section 5(c) of the Pacific Northwest Electric Power Planning and Conservation Act of 1980;
  - (c) Direct or indirect costs arising from any purchase made by a public utility from the Bonneville Power Administration pursuant to ORS 757.663, provided that such costs shall be recovered only from residential and small-farm retail electricity consumers;
  - (d) Amounts accruing under a plan for the protection of short-term earnings under ORS 757.262 (2); or
  - (e) Identifiable utility expenses or revenues, the recovery or refund of which the commission finds should be deferred in order to minimize the frequency of rate changes or the fluctuation of rate levels or to match appropriately the costs borne by and benefits received by ratepayers.
- (3) Upon request of the public utility, the commission by order shall allow deferral of amounts provided as financial assistance under an agreement entered into under ORS 757.072 for later incorporation in rates.
- (4) The commission may authorize deferrals under subsection (2) of this section beginning with the date of application, together with interest established by the commission. A deferral may be authorized for a period not to exceed 12 months beginning on or after the date of application. However, amounts deferred under subsection (2)(c) and (d) or (3) of this section are not subject to subsection (5), (6), (7), (8) or (10) of this section, but are subject to such limitations and requirements that the commission may prescribe and that are consistent with the provisions of this section.
- (5) Unless subject to an automatic adjustment clause under ORS 757.210 (1), amounts described in this section shall be allowed in rates only to the extent authorized by the commission in a proceeding under ORS 757.210 to change rates and upon review of the utility's earnings at the time of application to amortize the deferral. The commission may require that amortization of deferred amounts be subject to refund. The commission's final determination on the amount of deferrals allowable in the rates of the utility is subject to a finding by the commission that the amount was prudently incurred by the utility.

(6) Except as provided in subsections (7), (8) and (10) of this section, the overall average rate impact of the amortizations authorized under this section in any one year may not exceed three percent of the utility's gross revenues for the preceding calendar year.

(7) The commission may allow an overall average rate impact greater than that specified in subsection (6) of this section for natural gas commodity and pipeline transportation costs incurred by a natural gas utility if the commission finds that allowing a higher amortization rate is reasonable under the circumstances.

(8) The commission may authorize amortizations for an electric utility under this section with an overall average rate impact not to exceed six percent of the electric utility's gross revenues for the preceding calendar year. If the commission allows an overall average rate impact greater than that specified in subsection (6) of this section, the commission shall estimate the electric utility's cost of capital for the deferral period and may also consider estimated changes in the electric utility's costs and revenues during the deferral period for the purpose of reviewing the earnings of the electric utility under the provisions of subsection (5) of this section.

(9) The commission may impose requirements similar to those described in subsection (8) of this section for the amortization of other deferrals under this section, but may not impose such requirements for deferrals under subsection (2)(c) or (d) or (3) of this section.

(10) The commission may authorize amortization of a deferred amount for an electric utility under this section with an overall average rate impact greater than that allowed by subsections (6) and (8) of this section if:

(a) The deferral was directly related to extraordinary power supply expenses incurred during 2001;

(b) The amount to be deferred was greater than 40 percent of the revenue received by the electric utility in 2001 from Oregon customers; and

(c) The commission determines that the higher rate impact is reasonable under the circumstances.

(11) If the commission authorizes amortization of a deferred amount under subsection (10) of this section, an electric utility customer that uses more than one average megawatt of electricity at any site in the immediately preceding calendar year may prepay the customer's share of the deferred amount. The commission shall adopt rules governing the manner in which:

(a) The customer's share of the deferred amount is calculated; and

(b) The customer's rates are to be adjusted to reflect the prepayment of the deferred amount.

(12) The provisions of this section do not apply to a telecommunications utility. [1987 c.563 §2; 1989 c.18 §1; 1989 c.956 §1; 1993 c.175 §1; 1999 c.865 §31; 2001 c.733 §3; 2003 c.132 §1; 2003 c.234 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.260**

[Amended by 1971 c.655 §18; renumbered 756.075]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.262 - Rates to encourage acquisition of cost-effective conservation resources; rules.**

(1) The Public Utility Commission, by rule, may adopt policies designed to encourage the acquisition of cost-effective conservation resources and small-scale, renewable-fuel electric generating resources.

(2) In furtherance of the policies adopted pursuant to subsection (1) of this section, and in such manner as the commission considers proper, the commission may authorize periodic rate adjustments for the purpose of providing some protection to a utility from reduction of short-term earnings that may result from implementation of such policies. The adjustments may include, but are not limited to, adjustments based in whole or in part upon the extent to which actual sales deviate from a base level of sales the commission considers appropriate. [1993 c.175 §3; 1999 c.944 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.264 - Annual forecast of certain projected production tax credits required; inclusion in rates.**

Each public utility that makes sales of electricity shall forecast on an annual basis the projected state and federal production tax credits received by the public utility due to variable renewable electricity production, and the Public Utility Commission shall allow those forecasts to be included in rates through any variable power cost forecasting process established by the commission. [2016 c.28 §18b]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.266 - Rates may encourage tree planting programs as offset to carbon dioxide emissions.**

The Public Utility Commission of Oregon may allow a rate or rate schedule of a public utility to reflect amounts for small scale programs that enable the utility to gain experience with tree planting on underproducing forestland, as defined by the State Forestry Department, as an offset to carbon dioxide emissions. [1993 c.286 §1]

Note:

757.266 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.269 - Setting of rates based upon income taxes paid by utility; limitation on use of tax information;**

**rules.**

(1) When establishing schedules and rates under ORS 757.210 for an electricity or natural gas utility, the Public Utility Commission shall act to balance the interests of the customers of the utility and the utility's investors by setting fair, just and reasonable rates that include amounts for income taxes. Subject to subsections (2) and (3) of this section, amounts for income taxes included in rates are fair, just and reasonable if the rates include current and deferred income taxes and other related tax items that are based on estimated revenues derived from the regulated operations of the utility.

(2) During ratemaking proceedings conducted pursuant to ORS 757.210, the Public Utility Commission must ensure that the income taxes included in the electricity or natural gas utility's rates:

(a) Include all expected current and deferred tax balances and tax credits made in providing regulated utility service to the utility's customers in this state;

(b) Include only the current provision for deferred income taxes, accumulated deferred income taxes and other tax related items that are based on revenues, expenses and the rate base included in rates and on the same basis as included in rates;

(c) Reflect all known changes to tax and accounting laws or policy that would affect the calculated taxes;

(d) Are reduced by tax benefits generated by expenditures made in providing regulated utility service to the utility's customers in this state, regardless of whether the taxes are paid by the utility or an affiliated group;

(e) Contain all adjustments necessary in order to ensure compliance with the normalization requirements of federal tax law; and

(f) Reflect other considerations the commission deems relevant to protect the public interest.

(3) During a ratemaking proceeding conducted under ORS 757.210 for an electricity or natural gas utility that pays taxes as part of an affiliated group, the Public Utility Commission may adjust the utility's estimated income tax expense based upon:

(a) Whether the utility's affiliated group has a history of paying federal or state income taxes that are less than the federal or state income taxes the utility would pay to units of government if it were an Oregon-only regulated utility operation;

(b) Whether the corporate structure under which the utility is held affects the taxes paid by the affiliated group; or

(c) Any other considerations the commission deems relevant to protect the public interest.

(4)(a) Because tax information of unregulated nonutility business in an electricity or natural gas utility's affiliated group is commercially sensitive, and public disclosure of such information could provide a commercial advantage to other businesses, the Public Utility Commission may not use the tax information obtained under this section for any purpose other than those described in this section, in ORS 757.511 and as necessary for the implementation and administration of this section and ORS 757.511.

(b) The commission shall adopt rules to implement paragraph (a) of this subsection that:

(A) Identify all documents and tax information that an electricity or natural gas utility must file in its initial filing in a proceeding to change rates that include amounts for income taxes, recognizing that any party may object to providing such documents on the grounds that they are not relevant; and

(B) Determine the procedures under which intervenors in such proceedings may obtain and use documents and tax information to fully participate in the proceeding.

(5) As used in this section, "affiliated group" means a group of corporations of which the public utility is a member and that files a consolidated federal income tax return. [2011 c.137 §1]

Note:

757.269 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.270 - Definitions for ORS 757.270 to 757.290.**

As used in ORS 757.270 to 757.290, unless the context requires otherwise:

(1) "Attachment" means any wire or cable for the transmission of intelligence by telegraph, telephone or television (including cable television), light waves, or other phenomena, or for the transmission of electricity for light, heat or power, and any related device, apparatus, or auxiliary equipment, installed upon any pole or in any telegraph, telephone, electrical, cable television or communications right of way, duct, conduit, manhole or handhole or other similar facility or facilities owned or controlled, in whole or in part, by one or more public utility, telecommunications utility or consumer-owned utility.

(2) "Consumer-owned utility" means a people's utility district organized under ORS chapter 261, a municipal utility organized under ORS chapter 225 or an electric cooperative organized under ORS chapter 62.

(3) "Licensee" means any person, firm, corporation, partnership, company, association, joint stock association or cooperatively organized association that is authorized to construct attachments upon, along, under or across the public ways.

(4) "Public utility" has the meaning for that term provided in ORS 757.005, and does not include any entity cooperatively organized or owned by federal, state or local government, or a subdivision of state or local government.

(5) "Telecommunications utility" has the meaning for that term provided in ORS 759.005, and does not include any entity cooperatively organized or owned by federal, state or local government or a subdivision of state or local government. [1979 c.356 §2; 1989 c.5 §4; 1999 c.832 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.271 - Authorization from pole owner required for attachment.**

(1) Subject to applicable regulations of the Public Utility Commission, a person shall not establish an attachment to a pole or other facility of a public utility, telecommunications utility or consumer-owned utility unless the person has executed a contract with and has authorization from the utility allowing the attachment.

(2) A licensee shall report all pole attachments to the pole owner. A pole owner may impose on a licensee a penalty charge for failing to report an attachment. The pole owner also may charge the licensee for any expenses incurred as a result of an unauthorized attachment or any attachment that exceeds safety limits established by rule of the commission. [1999 c.832 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.272 - Pole owner may approve or reject attachment.**

(1) A licensee shall notify a public utility, telecommunications utility or consumer-owned utility of all attachments to the utility's poles according to the terms of any agreement between the licensee and the utility.

(2) Notwithstanding subsection (1) of this section, the public utility, telecommunications utility or consumer-owned utility may approve or reject the attachment. If the attachment is rejected, the licensee shall remove the attachment within three business days of the date the attachment is rejected. If the attachment is not removed within three business days of the date the attachment is rejected, the utility may remove the attachment and charge the licensee for all costs incurred by the utility in removing the attachment. [1999 c.832 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.273 - Attachments to public utility and telecommunications utility facilities regulated.**

The Public Utility Commission of Oregon shall have the authority to regulate in the public interest the rates, terms and conditions for attachments by licensees to poles or other facilities of public utilities and telecommunications utilities. All rates, terms and conditions made, demanded or received by any public utility or telecommunications utility for any attachment by a licensee shall be just, fair and reasonable. [1979 c.356 §3; 1989 c.5 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.276 - Attachments by licensees to consumer-owned utility facilities regulated.**

The Public Utility Commission of Oregon shall have the authority to regulate the rates, terms and conditions for attachments by licensees to poles or other facilities of consumer-owned utilities. All rates, terms and conditions made, demanded or received by any consumer-owned utility for any attachment by a licensee shall be just, fair and reasonable. [1979 c.356 §4; 1987 c.414 §164; 1999 c.832 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.279 - Fixing rates or charges by commission; cost of hearing.**

(1) Whenever the Public Utility Commission of Oregon finds, after hearing had upon complaint by a licensee, a public utility, a telecommunications utility or a consumer-owned utility that the rates, terms or conditions demanded, exacted, charged or collected in connection with attachments or availability of surplus space for such attachments are unjust or unreasonable, or that such rates or charges are insufficient to yield a reasonable compensation for the attachment and the costs of administering the same, the commission shall determine the just and reasonable rates, terms and conditions thereafter to be observed and in force and shall fix the same by order. In determining and fixing such rates, terms and conditions, the commission shall consider the interest of the customers of the licensee, as well as the interest of the customers of the public utility, telecommunications utility or consumer-owned utility that owns the facility upon which the attachment is made.

(2) When the order applies to a consumer-owned utility, the order shall also provide for payment by the parties of the cost of the hearing. The payment shall be made in a manner which the commission considers equitable. [1979 c.356 §5; 1983 c.251 §1; 1987 c.414 §165; 1989 c.5 §6; 1999 c.832 §6]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.282 - Criteria for just and reasonable rate for attachments; rate reduction.**

(1) A just and reasonable rate shall ensure the public utility, telecommunications utility or consumer-owned utility the recovery from the licensee of not less than all the additional costs of providing and maintaining pole attachment space for the licensee nor more than the actual capital and operating expenses, including just compensation, of the public utility, telecommunications utility or consumer-owned utility attributable to that portion of the pole, duct or conduit used for the pole attachment, including a share of the required support and clearance space in proportion to the space used for pole attachment above minimum attachment grade level, as compared to all other uses made of the subject facilities, and uses that remain available to the owner or owners of the subject facilities.

(2) A licensee shall receive a rental deduction if the licensee is in compliance with rules adopted by the Public Utility Commission for certifying compliance with the laws regulating pole attachments. A licensee is eligible for the rental reduction unless the commission or the utility authorizing the attachment notifies the licensee in writing that the licensee has failed to comply with either the commission's rules or the terms of a contract between the licensee and the utility authorizing the attachment.

(3) For purposes of determining the rental rate for a pole attachment, the usable space on the pole shall include 20 inches of safety clearance space between communication circuits and electric circuits, provided the licensee is in compliance with rules and agreements as described in subsection (2) of this section. [1979 c.356 §6; 1989 c.5 §7; 1999 c.832 §7]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.285 - Presumption of reasonableness of rates set by private agreement.**

Agreements regarding rates, terms and conditions of attachments shall be deemed to be just, fair and reasonable, unless the Public Utility Commission finds upon complaint by a public utility, telecommunications utility, consumer-owned utility or licensee party to such agreement and after hearing, that such rates, terms and conditions are adverse to the public interest and fail to comply with the provisions hereof. [1979 c.356 §7; 1987 c.414 §166; 1989 c.5 §8; 1999 c.832 §8]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.287 - Application to electrical utility attachments.**

Nothing in ORS 757.270 to 757.290 shall be deemed to apply to any attachment by one or more electrical utilities on the facilities of one or more other electrical utilities. [1979 c.356 §8]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.290 - Regulatory procedures.**

The procedures of the Public Utility Commission for petition, regulation and enforcement relative to attachments, including any rights of appeal from any decision thereof, shall be the same as those otherwise generally applicable to the commission. [1979 c.356 §9; 1987 c.414 §167]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.300 - Net metering facility allowed to connect to public utility; conditions for connecting and measuring energy; rules; application to out-of-state utilities.**

(1) As used in this section:

- (a) "Customer-generator" means a user of a net metering facility.
- (b) "Electric utility" means a public utility, a people's utility district operating under ORS chapter 261, a municipal utility operating under ORS chapter 225 or an electric cooperative organized under ORS chapter 62.
- (c) "Net metering" means measuring the difference between the electricity supplied by an electric utility and the electricity generated by a customer-generator and fed back to the electric utility over the applicable billing period.
- (d) "Net metering facility" means a facility for the production of electrical energy that:
  - (A) Generates electricity using:
    - (i) Solar power;
    - (ii) Wind power;
    - (iii) Fuel cells;
    - (iv) Hydroelectric power;
    - (v) Landfill gas;
    - (vi) Digester gas;
    - (vii) Waste;
    - (viii) Dedicated energy crops available on a renewable basis;
    - (ix) Low-emission, nontoxic biomass based on solid organic fuels from wood, forest or field residues;
    - (x) Geothermal energy; or
    - (xi) Renewable marine energy, including wave energy, wave-wind hybrid energy and tidal energy;
  - (B) Is located on the customer-generator's premises, the territorial sea as defined in ORS 196.405, or the outer continental shelf;
  - (C) If located on the territorial sea or the outer continental shelf, is directly interconnected to the customer-generator's premises;
  - (D) Can operate in parallel with an electric utility's existing transmission and distribution facilities; and
  - (E) Is intended primarily to offset part or all of the customer-generator's requirements for electricity.
- (2) An electric utility that offers residential and commercial electric service:
  - (a) Shall allow net metering facilities to be interconnected using a standard meter that is capable of registering the flow of electricity in two directions.
  - (b) May at its own expense install one or more additional meters to monitor the flow of electricity in each direction.
  - (c) May not charge a customer-generator a fee or charge that would increase the customer-generator's minimum monthly charge to an amount greater than that of other customers in the same rate class as the customer-generator. However, the Public Utility Commission, for a public utility, or the governing body, for a municipal electric utility, electric cooperative or people's utility district, may authorize an electric utility to assess a greater fee or charge, of any type, if the electric utility's direct costs of interconnection and administration of the net metering outweigh the distribution system, environmental and public policy benefits of allocating such costs among the electric utility's entire customer base. The commission may authorize a public utility to assess a

greater fee or charge under this paragraph only following notice and opportunity for public comment. The governing body of a municipal electric utility, electric cooperative or people's utility district may assess a greater fee or charge under this paragraph only following notice and opportunity for comment from the customers of the utility, cooperative or district.

(3)(a) For a customer-generator, an electric utility shall measure the net electricity produced or consumed during the billing period in accordance with normal metering practices.

(b) If an electric utility supplies a customer-generator more electricity than the customer-generator feeds back to the electric utility during a billing period, the electric utility shall charge the customer-generator for the net electricity that the electric utility supplied.

(c) Except as provided in paragraph (d) of this subsection, if a customer-generator feeds back to an electric utility more electricity than the electric utility supplies the customer-generator during a billing period, the electric utility may charge the minimum monthly charge described in subsection (2) of this section but must credit the customer-generator for the excess kilowatt-hours generated during the billing period. An electric utility may value the excess kilowatt-hours at the avoided cost of the utility, as determined by the commission or the appropriate governing body. An electric utility that values the excess kilowatt-hours at the avoided cost shall bear the cost of measuring the excess kilowatt-hours, issuing payments and billing for the excess hours. The electric utility also shall bear the cost of providing and installing additional metering to measure the reverse flow of electricity.

(d) For the billing cycle ending in March of each year, or on such other date as agreed to by the electric utility and the customer-generator, any remaining unused kilowatt-hour credit accumulated during the previous year shall be granted to the electric utility for distribution to customers enrolled in the electric utility's low-income assistance programs, credited to the customer-generator or dedicated for other use as determined by the commission, for a public utility, or the governing body, for a municipal electric utility, electric cooperative or people's utility district, following notice and opportunity for public comment.

(4)(a) A net metering facility shall meet all applicable safety and performance standards established in the state building code. The standards shall be consistent with the applicable standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers and Underwriters Laboratories or other similarly accredited laboratory.

(b) Following notice and opportunity for public comment, the commission, for a public utility, or the governing body, for a municipal electric utility, electric cooperative or people's utility district, may adopt additional control and testing requirements for customer-generators to protect public safety or system reliability.

(c) An electric utility may not require a customer-generator whose net metering facility meets the standards in paragraphs (a) and (b) of this subsection to comply with additional safety or performance standards, perform or pay for additional tests or purchase additional liability insurance. However, an electric utility shall not be liable directly or indirectly for permitting or continuing to allow an attachment of a net metering facility, or for the acts or omissions of the customer-generator that cause loss or injury, including death, to any third party.

(5) Nothing in this section is intended to prevent an electric utility from offering, or a customer-generator from accepting, products or services related to the customer-generator's net metering facility that are different from the net metering services described in this section.

(6) The commission, for a public utility, or the governing body, for a municipal electric utility, electric cooperative or people's utility district, may not limit the cumulative generating capacity of solar, wind, geothermal, renewable marine, fuel cell and microhydroelectric net metering systems to less than one-half of one percent of a utility's, cooperative's or district's historic single-hour peak load. After a cumulative limit of one-half of one percent has been reached, the obligation of a public utility, municipal electric utility, electric cooperative or people's utility district to offer net metering to a new customer-generator may be limited by the commission or governing body in order to balance the interests of retail customers. When limiting net metering obligations under this subsection, the commission or the governing body shall consider the environmental and other public policy benefits of net metering systems. The commission may limit net metering obligations under this subsection only following notice and opportunity for public comment. The governing body of a municipal electric utility, electric cooperative or people's utility district may limit net metering obligations under this subsection only following notice and opportunity for comment from the customers of the utility, cooperative or district.

(7) The commission or the governing body may adopt rules or ordinances to ensure that the obligations and costs associated with net metering apply to all power suppliers within the service territory of a public utility, municipal electric utility, electric cooperative or people's utility district.

(8) This section applies only to net metering facilities that have a generating capacity of 25 kilowatts or less, except that the commission by rule may provide for a higher limit for customers of a public utility.

(9) Notwithstanding subsections (2) to (8) of this section, an electric utility serving fewer than 25,000 customers in Oregon that has its headquarters located in another state and offers net metering services or a substantial equivalent offset against retail sales in that state shall be deemed to be in compliance with this section if the electric utility offers net metering services to its customers in Oregon in accordance with tariffs, schedules and other regulations promulgated by the appropriate authority in the state where the electric utility's headquarters are located. [1999 c.944 §2; 2005 c.145 §1; 2013 c.648 §5; 2014 c.33 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.306 - Contractor labor standards for covered projects; attestation or declaration; project labor agreement.**

(1) As used in this section:

- (a) "Apprentice" and "apprenticeable occupation" have the meanings given those terms in ORS 660.010.
- (b) "Apprenticeship training program" means the total system of apprenticeship that a particular local joint committee, as defined in ORS 660.010, operates, including the local joint committee's registered standards and all other terms and conditions for qualifying, recruiting, selecting, employing and training apprentices in an apprenticeable occupation.
- (c) "Community solar project" has the meaning given that term in ORS 757.386.
- (d) "Construction" includes on-site and off-site construction and fabrication and covers 30 days after project completion.
- (e) "Covered project" means:
- (A) Except as provided in subparagraph (B) of this paragraph, a renewable energy generation, sequestration or storage facility with a capacity rating of 10 megawatts or greater.
- (B) A community solar project with a capacity rating above three megawatts.
- (f) "Minority individual" and "woman" have the meanings given those terms in ORS 200.005.
- (g) "Repower" means replacement of enough of the original generation equipment or components to make an original energy generation facility equivalent to a new facility, such that at least 80 percent of the fair market value of the facility derives from new generation equipment or components installed as part of the replacement project.
- (h) "Veteran" has the meaning given that term in ORS 408.225.
- (2) A person who constructs or repowers a covered project sited in this state shall, within 30 days from the date the construction begins, provide a signed attestation or declaration stating to the best of their knowledge and belief, subject to penalty of perjury as described in ORS 162.065, that during all periods of construction all contractors and subcontractors working on the construction or repowering project will:
- (a)(A)(i) Except as provided in sub-subparagraph (ii) of this subparagraph, participate in an apprenticeship program registered with the State Apprenticeship and Training Council and with graduation rates equal to or higher than the national average for each respective trade in a manner consistent with the respective apprenticeship training programs, such that 15 percent of the total work hours on a given covered project is performed by apprentices in apprenticeable occupations; or
- (ii) If less than 15 percent of total work hours on a given covered project is performed by apprentices in apprenticeable occupations, demonstrate good faith with meeting the requirement described in sub-subparagraph (i) of this subparagraph by providing documented and verifiable information including:
- (I) Internet addresses of employment advertisements or job announcements;
- (II) Dates, times, Internet addresses and attendance lists of a prejob conference with apprenticeship, preapprenticeship and workforce providers in construction;
- (III) Contacts requesting apprentices with an apprenticeship program approved by the Bureau of Labor and Industries including the date, time, telephone contact, electronic mail contact and whether a response was provided within 48 hours of the request;
- (IV) Contacts requesting apprentices from a union hall including the date, time, telephone contact, electronic mail contact and whether a response was provided within 48 hours of the request; and
- (V) Documentation of job offers and number of job offers made to apprentices;
- (B) Establish and execute a plan for outreach, recruitment and retention of women, minority individuals, veterans and people with disabilities to perform work under the contract, with the aspirational target of having at least 15 percent of total work hours performed by individuals in one or more of those groups;
- (C) Have policies in place that are designed to limit or prevent workplace harassment and discrimination and that promote workplace diversity, equity and inclusion for communities who have been underrepresented in the clean energy sector, including women, veterans and Black, Indigenous and People of Color;
- (D) Maintain a license and good standing to perform the work and remain eligible to receive a contract or subcontract for public works under ORS 279C.860;
- (E) Materially demonstrate a history of material compliance in the previous seven years, or provide available history for new businesses, with the rules and other requirements of state agencies with oversight regarding workers' compensation, building codes and occupational safety and health;
- (F) Materially demonstrate a history of compliance, in the previous seven years, or provide available history for new businesses, with federal and state wage and hour laws; and
- (G) Provide quarterly reporting and recordkeeping to the project owner or electric utility and respond to records requests and verification; and
- (b) If the covered project has a capacity rating of 10 megawatts or greater:
- (A) Pay no less than the prevailing wage rate for an hour's work in the same trade or occupation in the locality where the labor is performed. Prevailing wage rate includes the calculation of wages and fringe benefits per trade and locality and will be treated as standards defined in ORS 279C.800 to 279C.870.
- (B) Offer health care and retirement benefits to the employees performing the labor on the project.
- (C) Provide quarterly reporting and recordkeeping to the project owner or electric utility and respond to records requests and verification.
- (3) The person shall provide the attestation or declaration and any good faith effort documentation described in subsection (2) of this section to the State Department of Energy within 30 days from the date construction begins and shall notify the purchaser of the project or of the energy from the project of this provision or of the provision of a project labor agreement under subsection (4) of

this section, the notice of which shall identify the signatories to the agreement. In addition to the requirements described in subsection (2) of this section, the attestation or declaration must include the following information:

- (a) The megawatt capacity and physical footprint in acres of the project;
  - (b) The geographic location of the project;
  - (c) The estimated workforce requirements of the project;
  - (d) A collated list of good faith effort documentation; and
  - (e) A description of any policies in place for ensuring the person meets the requirements in this section.
- (4)(a) In lieu of providing an attestation or declaration described in subsection (2) of this section, the person may provide a copy of a project labor agreement, if a project labor agreement is used on the covered project and shall be exempted from the requirements described in subsection (2) of this section.
- (b) As used in this subsection, "project labor agreement" means a prehire collective bargaining agreement as described in 29 U.S.C. 158(f) that establishes the terms and conditions of employment for a specific construction project or contract.
- (c) A project labor agreement may include additional provisions that:
- (A) Prohibit discrimination based on race, national origin, religion, gender, sexual orientation, political affiliation or membership in a labor organization in hiring and dispatching workers for the project.
  - (B) Permit qualified contractors and subcontractors to bid for and be awarded work on the project without regard to whether they are otherwise parties to a collective bargaining agreement.
  - (C) Permit and promote qualified business enterprises owned by women, minorities, veterans and disadvantaged individuals without regard to whether the individuals are otherwise parties to a collective bargaining agreement.
  - (D) Guarantee against work stoppages, strikes, lockouts and similar disruptions of the project.
- (5)(a) The department shall retain an attestation or declaration filed with the department in a manner consistent with the department's record retention policies.
- (b) Notwithstanding any provisions of ORS 192.345 or 192.355, an attestation or declaration provided to the department pursuant to this subsection is subject to public records disclosure and the department shall provide a copy of the attestation or declaration upon request.
- (c) An attestation or declaration filed under this section is for reporting purposes only and the department may not use an attestation or declaration to investigate, regulate or enforce matters addressed in the attestation or declaration.
- (6)(a) Nothing in this section:
- (A) Applies to a contract or subcontract with a tribal government, agent or instrumentality of an Oregon Indian tribe for a covered project located in whole or in part on the tribe's reservation or on land held in trust by the United States for the benefit of the tribe, unless the tribal government elects to adopt the standards in this section for the contract or subcontract; or
  - (B) Affects the wage rates overseen by a tribal government, agent or instrumentality of an Oregon Indian tribe.
- (b) As used in this subsection, "Oregon Indian tribe" and "tribal government" have the meanings given those terms in ORS 294.805.
- (7) Nothing in this section:
- (a) Prohibits the inclusion of labor standards in addition to those required by subsection (2) of this section in contracts that are subject to this section; or
  - (b) Prohibits a person from using a project labor agreement to meet the minimum requirements of subsection (2) of this section.

[2021 c.508 §26; 2022 c.51 §1]  
Note:

757.306 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.308 - Requirements related to request for proposals that may result in procurement of covered project.**

- (1) A request for proposals submitted by an electric company, as defined in ORS 757.600, for resource procurement that is subject to competitive bidding requirements adopted by the Public Utility Commission by rule and that may result in the procurement of a covered project must:
- (a) Include a reference to and information regarding the requirements in ORS 757.306; and
  - (b) Require that a successful bidder within 30 days from the date construction begins, provide a copy of the attestation or declaration or executed project labor agreement as required under ORS 757.306.
- (2) The State Department of Energy shall, upon request from the commission, provide a copy of the attestation or declaration or project labor agreement to the commission. [2022 c.51 §2]

Note:

757.308 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.310 - Prohibition related to charges for service.**

- (1) A public utility may not charge a customer a rate or an amount for a service that is different from the rate or amount prescribed

in the schedules or tariffs for the public utility.

(2) A public utility may not charge a customer a rate or an amount for a service that is different from the rate or amount the public utility charges any other customer for a like and contemporaneous service under substantially similar circumstances.

(3) A difference in rates or amounts charged does not constitute a violation of subsection (2) of this section if the difference is based on:

(a) Service classification under ORS 757.230;

(b) Contracts for services under ORS 757.516; or

(c) An optional schedule or tariff for the provision of energy service that takes into account a customer's past energy usage and provides price incentives designed to encourage changes in the customer's energy usage that correspond to changes in the cost of providing energy. [Amended by 1971 c.655 §78; 1987 c.900 §2; 1993 c.485 §3; 2005 c.594 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.315 - When free service or reduced rates allowed.**

(1) ORS 757.310 does not prevent any public utility from giving free service, or reduced rates therefor, to:

(a) Its officers, directors, employees and members of their families;

(b) Former employees of such public utilities or members of their families where such former employees have become disabled in the service of such public utility or are unable from physical disqualification, including retirement, to continue in the service; or

(c) Members of families of deceased employees of such public utility.

(2) The Public Utility Commission may require any public utility to file with the commission a list, verified under oath, of all free or reduced rate privileges granted by a public utility under the provisions of this section.

(3) The Public Utility Commission may authorize a natural gas public utility, upon application of the utility, to include in rates for residential customers of the utility amounts for the purpose of generating funds to be used for bill payment assistance to low-income residential customers of the utility. [Amended by 1971 c.655 §79; 2001 c.856 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.320 - Reducing rates for persons furnishing part of necessary facilities.**

(1) No public utility shall demand, charge, collect or receive from any person less compensation for any service rendered or to be rendered by the public utility in consideration of the furnishing by such person of any part of the facilities incident thereto.

(2) This section does not prohibit any public utility from renting any customer's facilities incident to providing its services and for paying a reasonable rental therefor.

(3) This section does not require a public utility to furnish any part of such appliances which are situated in and upon the premises of any customer, except meters and appliances for measurements of any service, unless otherwise ordered by the Public Utility Commission. [Amended by 1971 c.655 §80]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.325 - Undue preferences and prejudices.**

(1) No public utility shall make or give undue or unreasonable preference or advantage to any particular person or locality, or shall subject any particular person or locality to any undue or unreasonable prejudice or disadvantage in any respect.

(2) Any public utility violating this section is guilty of unjust discrimination.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.330 - Soliciting or accepting special privileges from utilities.**

No person shall knowingly solicit, accept or receive any rebate, concession or discrimination in respect to any service whereby any such service shall, by any device, be rendered free or at a lesser rate than that named in the published schedules and tariffs in force, or whereby any service or advantage is received other than authorized in this chapter. [Amended by 1971 c.655 §81]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.335**

[Amended by 1971 c.655 §25; renumbered 756.185]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.340**

[Amended by 1971 c.655 §22; renumbered 756.125]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.355 - Costs of property not presently providing utility service excluded from rate base; exception.**

(1) Except as provided in subsection (2) of this section, a public utility may not, directly or indirectly, by any device, charge, demand, collect or receive from any customer rates that include the costs of construction, building, installation or real or personal

property not presently used for providing utility service to the customer.

(2) The Public Utility Commission may allow rates for a water utility that include the costs of a specific capital improvement if the water utility is required to use the additional revenues solely for the purpose of completing the capital improvement. [1979 c.3 §2; 2003 c.202 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.357 - Legislative findings; programs to accelerate transportation electrification; tariff schedules and rates; long-term stranded costs.**

(1) As used in this section:

(a) "Electric company" has the meaning given that term in ORS 757.600.

(b)(A) "Infrastructure measures" includes, but is not limited to, investments in, expenses related to or rebates for:

(i) Distribution system infrastructure that supports transportation electrification;

(ii) Communication and control technologies that support transportation electrification; and

(iii) Behind-the-meter infrastructure that supports transportation electrification and is owned by an electric company or by a customer.

(B) "Infrastructure measures" does not include investments in or expenses related to education and outreach activities related to transportation electrification, or other transportation electrification-related activities determined by the Public Utility Commission to be separate and distinct from the development of infrastructure.

(c) "Retail electricity consumer" has the meaning given that term in ORS 757.600.

(d) "Transportation electrification" means:

(A) The use of electricity from external sources to provide power to all or part of a vehicle;

(B) Programs related to developing the use of electricity for the purpose described in subparagraph (A) of this paragraph;

(C) Infrastructure measures related to developing the use of electricity for the purpose described in subparagraph (A) of this paragraph; and

(D) Programs related to supporting the adoption and service of vehicles powered as described in subparagraph (A) of this paragraph.

(e) "Vehicle" means a vehicle, vessel, train, boat or any other equipment that is mobile.

(2) The Legislative Assembly finds and declares that:

(a) Transportation electrification is necessary to reduce petroleum use, achieve optimum levels of energy efficiency and carbon reduction, meet federal and state air quality standards, meet this state's greenhouse gas emissions reduction goals described in ORS 468A.205 and improve the public health and safety;

(b) Widespread transportation electrification requires that electric companies increase access to the use of electricity as a transportation fuel;

(c) Widespread transportation electrification requires that electric companies increase access to the use of electricity as a transportation fuel in low and moderate income communities;

(d) Widespread transportation electrification should stimulate innovation and competition, provide consumers with increased options in the use of charging equipment and in procuring services from suppliers of electricity, attract private capital investments and create high quality jobs in this state;

(e) Transportation electrification and the purchase and use of electric vehicles should assist in managing the electrical grid, integrating generation from renewable energy resources and improving electric system efficiency and operational flexibility, including the ability of an electric company to integrate variable generating resources;

(f) Deploying transportation electrification and electric vehicles creates the opportunity for an electric company to propose, to the commission, that a net benefit for the customers of the electric company is attainable; and

(g) Charging electric vehicles in a manner that provides benefits to electrical grid management affords fuel cost savings for vehicle drivers.

(3)(a) The commission shall direct each electric company to file:

(A) Applications for programs to support transportation electrification; and

(B) A plan, for acceptance by the commission, that integrates the electric company's transportation electrification actions.

(b) The applications and plan must be filed in a form and manner prescribed by the commission.

(c) A program proposed by an electric company may include prudent investments in or customer rebates for electric vehicle charging and related infrastructure.

(4) The commission may allow an electric company to recover costs from retail electricity consumers for prudent infrastructure measures to support transportation electrification if the infrastructure measures are consistent with and meet the requirements of subsection (5) of this section.

(5) If undertaken by an electric company, an infrastructure measure to support transportation electrification is a utility service and a benefit to utility customers if the infrastructure measure can be reasonably anticipated to:

(a) Support reductions of transportation sector greenhouse gas emissions over time; and

(b) Benefit the electric company's customers in ways that may include, but need not be limited to:

(A) Distribution or transmission management benefits;

(B) Revenues to utilities from electric vehicle charging to offset utilities' fixed costs that may otherwise be charged to customers;

- (C) System efficiencies or other economic values inuring to the benefit of customers over the long term; or
- (D) Increased customer choice through greater transportation electrification infrastructure deployment to increase the availability of and access to public and private electric vehicle charging stations.
- (6) When considering a transportation electrification program and determining cost recovery for investments and other expenditures that are not infrastructure measures and that are related to a program proposed by an electric company under subsection (3) of this section, the commission shall consider whether the investments and other expenditures:
- (a) Are within the service territory of the electric company;
  - (b) Are prudent as determined by the commission;
  - (c) Are reasonably expected to be used and useful as determined by the commission;
  - (d) Are reasonably expected to enable the electric company to support the electric company's electrical system;
  - (e) Are reasonably expected to improve the electric company's electrical system efficiency and operational flexibility, including the ability of the electric company to integrate variable generating resources; and
  - (f) Are reasonably expected to stimulate innovation, competition and customer choice in electric vehicle charging and related infrastructure and services.
- (7) In undertaking infrastructure measures that involve the installation of one or more electric vehicle charging stations, an electric company must allow for customer choice in the selection of the type of electric vehicle charging station to be installed, subject to equipment eligibility as determined by the electric company. An electric company may prequalify multiple types of eligible electric vehicle charging stations based on criteria determined by the electric company.
- (8) Nothing in this section restricts or prohibits a corporation, company, partnership, individual or association of individuals exempt from regulation under ORS 757.005 (1)(b)(G) from furnishing electricity to any number of customers for use in motor vehicles.
- (9)(a) Tariff schedules and rates allowed pursuant to subsections (3) to (6) of this section:
- (A) May allow a return of and a return on an investment made by an electric company under subsections (3) to (6) of this section; and
  - (B) Shall be recovered from the retail electricity consumers of an electric company in a manner determined by the commission.
- (b) A return on investment allowed under this subsection may be earned for a period of time that does not exceed the depreciation schedule of the investment approved by the commission. When an electric company's investment is fully depreciated, the commission may authorize the electric company to donate the electric vehicle charging infrastructure to the owner of the property on which the infrastructure is located.
- (10) For purposes of ORS 757.355, electric vehicle charging infrastructure provides utility service to the customers of an electric company.
- (11) In authorizing programs described in subsection (3) of this section, the commission shall review data concerning current and future adoption of electric vehicles and utilization of electric vehicle charging infrastructure. If market barriers unrelated to the investment or expenditures made by an electric company prevent electric vehicles from adequately utilizing available electric vehicle charging infrastructure, the commission may not permit additional investments in or expenditures related to supporting transportation electrification without a reasonable showing that the investments or expenditures would not result in long-term stranded costs recoverable from the retail electricity consumers of electric companies. [2016 c.28 §20; 2021 c.23 §4; 2021 c.95 §4; 2021 c.630 §21]

Note:

Sections 1 to 3, chapter 95, Oregon Laws 2021, provide:

Sec. 1.

Section 2 of this 2021 Act is added to and made a part of ORS chapter 757. [2021 c.95 §1]

Sec. 2. Collection of funds to support transportation electrification.

(1) As used in this section:

- (a) "Distribution" has the meaning given that term in ORS 757.600.
- (b) "Electric company" has the meaning given that term in ORS 757.600.
- (c) "Retail electricity consumer" has the meaning given that term in ORS 757.600.
- (d) "Transportation electrification" has the meaning given that term in ORS 757.357.

(2) An electric company that makes sales of electricity to 25,000 or more retail electricity consumers in this state shall collect, through monthly meter charges, an amount from each retail electricity consumer served through the distribution system owned and operated by the electric company, regardless of whether the retail electricity consumer purchases the electricity from the electric company. The total amounts collected under this section must be set to one quarter of one percent of the total revenues collected by the electric company from all retail electricity consumers.

(3) Funds collected under subsection (2) of this section must be expended by the electric company to support and integrate transportation electrification and must be consistent with a budget approved by the Public Utility Commission for use of funds collected under this section. Expenditures made by an electric company pursuant to this subsection must be made on elements contained within the electric company's transportation electrification plan accepted by the commission pursuant to ORS 757.357.

(4) An electric company shall account separately for all revenues and expenditures related to funds described in this section and shall report the revenues and expenditures on a schedule and in the manner prescribed by the commission.

(5) Funds collected and expended pursuant to this section shall be a minimum investment in transportation electrification and may

not limit the amounts that may otherwise be collected by an electric company in rates to recover the costs of prudently incurred investments that support transportation electrification.

(6) An electric company shall make reasonable efforts to expend not less than one-half of the amount collected under subsection (2) of this section each year to support transportation electrification in underserved communities through approaches that may include but are not limited to programs, infrastructure, rebates or expenses that support:

(a) The use of electric vehicles by residents of rental or multifamily housing;

(b) The use of electric vehicles by communities of color, communities experiencing lower incomes, tribal communities, rural communities, frontier communities, coastal communities and other communities adversely harmed by environmental and health hazards;

(c) The use of electric vehicles by communities described in paragraph (b) of this subsection in areas with a low density of public charging stations; or

(d) The deployment of electric school and transit buses in a manner that benefits communities described in paragraph (a) or (b) of this subsection. [2021 c.95 §2]

Sec. 3.

Section 2 of this 2021 Act is repealed on January 2, 2031. [2021 c.95 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.359 - Infrastructure for vehicles powered by renewable natural gas or hydrogen.**

(1) As used in this section, "natural gas utility" means a natural gas utility regulated by the Public Utility Commission under this chapter.

(2) The commission may allow a natural gas utility to recover costs from all retail natural gas customers for prudent investments in or expenses related to infrastructure measures that support the adoption and service of alternative forms of transportation vehicles if the investments or expenses are consistent with and meet the requirements of subsection (3) of this section. An investment or expense by a natural gas utility may include an investment in or an expense related to infrastructure behind the customer meter.

(3) An investment in or expense related to infrastructure measures that support the adoption and service of alternative forms of transportation vehicles is a utility service and a benefit to retail natural gas customers if the investment or expense can be reasonably anticipated to:

(a) Support the adoption of alternative vehicles that are powered by renewable natural gas or hydrogen;

(b) Support reductions of transportation sector greenhouse gas emissions over time; and

(c) Benefit the natural gas utility system. Benefits may include, but need not be limited to:

(A) Distribution or transmission management benefits;

(B) System efficiencies or other economic values inuring to the benefit of retail natural gas customers over the long term; or

(C) Revenues to natural gas utilities from fueling alternative forms of transportation vehicles to offset utilities' fixed costs that may otherwise be charged to retail natural gas customers. [2021 c.630 §23]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.360 - Definitions for ORS 757.360 to 757.380.**

As used in ORS 757.360 to 757.380:

(1) "Electric company" has the meaning given that term in ORS 757.600.

(2) "Nameplate capacity" means the maximum rated output of a generator or other electric power production equipment under specific conditions designated by the manufacturer.

(3) "Qualifying system" means:

(a) An alternative energy system used for emergency backup power by a state agency or facility that is at least 30 percent more efficient than existing agency or facility sources, including fuel cells; or

(b) A solar photovoltaic energy system that:

(A) Directly connects to an electric company's electrical system within this state or indirectly connects through the system of an electric company's retail electricity consumer or the electric system of a third party that is not an electric company's retail electricity consumer but whose system is located within this state;

(B) Has meters or other devices in place to monitor and measure the quantity of energy generated by the solar photovoltaic energy system; and

(C) Meets any other siting, design, interconnection, installation and electric output standards and codes required by the laws of this state.

(4) "Residential qualifying system" means a qualifying system with a nameplate capacity of 10 kilowatts or less.

(5) "Resource value" means the estimated value to an electric company of the electricity delivered from a solar photovoltaic energy system associated with:

(a) The avoided cost of energy, including avoided fuel price volatility, minus the costs of firming and shaping the electricity generated from the facility; and

(b) Avoided distribution and transmission cost.

(6) "Retail electricity consumer" means a retail electricity consumer, as defined in ORS 757.600, that is located in Oregon and is

served by an electric company.

(7) "Small commercial qualifying system" means a qualifying system with a nameplate capacity greater than 10 kilowatts and less than or equal to 100 kilowatts.

(8) "Solar photovoltaic energy system" means equipment and devices that have the primary purpose of collecting solar energy and generating electricity by photovoltaic effect. [2009 c.748 §1; 2010 c.78 §1]

Note:

757.360 to 757.385 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.365 - Pilot program for small solar energy systems; rules; limits to program; report to Legislative Assembly.**

(1) The Public Utility Commission shall establish a pilot program for each electric company to demonstrate the use and effectiveness of volumetric incentive rates and payments for electricity or for the nonenergy attributes of electricity, or both, from solar photovoltaic energy systems that are permanently installed in this state by retail electricity consumers and that first become operational after the program begins. The cumulative nameplate capacity of the qualifying systems enrolled in all of the pilot programs may not exceed 27.5 megawatts of alternating current. Qualifying systems enrolled in the pilot program may not have nameplate generating capacity greater than 500 kilowatts.

(2) The commission by rule shall adopt requirements for the pilot programs described in subsection (1) of this section. Each electric company shall file for commission approval tariff schedules for the pilot programs that conform to the requirements.

(3) The commission may establish incentive rates for the pilot programs to enable the development of the most efficient solar photovoltaic energy systems.

(4) A retail electricity consumer participating in a pilot program may receive payments based on electricity generated from solar photovoltaic energy system output for 15 years from the consumer's date of enrollment in the program, at rates or through a rate formula in a tariff schedule established at the time of enrollment, or at rates otherwise established at the time of enrollment. The consumer thereafter may receive payments based upon electricity generated from the qualifying system at a rate equal to the resource value.

(5) The commission may adjust the tariff schedule as needed for new pilot program participants for the purpose of meeting the goal established in subsection (1) of this section. Once a retail electricity consumer is enrolled in a program, the rates or rate formula for determining payments to the consumer may not be modified.

(6) The commission may adopt and adjust a percentage goal for capacity deployed by residential and small commercial qualifying systems based upon the costs of the energy generated, the feasibility of attaining the goal and other factors. For purposes of attaining the goal described in this subsection, the commission shall require 2.5 megawatts of alternating current from the cumulative nameplate capacity of qualifying systems to be generated by individual systems with a nameplate generating capacity between five and 100 kilowatts.

(7) The commission may establish total generator nameplate capacity limits for an electric company so that the rate impact of the pilot program for any customer class does not exceed 0.25 percent of the electric company's revenue requirement for the class in any year.

(8) Ownership of renewable energy certificates established under ORS 469A.130 that are associated with renewable energy generation under the pilot programs must be transferred to the electric company and may be used to comply with the renewable portfolio standard described in ORS 469A.052 or 469A.055.

(9) To the extent that rates paid under a pilot program exceed the resource value, qualifying systems participating in the pilot programs are not eligible for expenditures under ORS 757.612 (3)(b)(B) (2019 Edition) or tax credits under ORS 469B.100 to 469B.118 or 469B.130 to 469B.169.

(10) All prudently incurred costs associated with compliance with this section are recoverable in the rates of an electric company.

(11) The commission shall advise and assist the owners and operators of qualifying systems in identifying and using grants, incentive moneys, federal funding and other sources of noninvestment financial support for the construction and operation of qualifying systems.

(12) The pilot programs described in subsection (1) of this section close to new participants on the earlier of:

(a) March 31, 2016; or

(b) The date the cumulative nameplate capacity of solar photovoltaic energy systems that have been permanently installed by retail electricity consumers under the pilot programs equals 27.5 megawatts of alternating current.

(13) The commission shall submit a report to the Legislative Assembly by January 1 of each odd-numbered year. The report must evaluate the effectiveness of the pilot programs described in subsection (1) of this section compared to the effectiveness of expenditures under ORS 757.612 (3)(b)(B) (2019 Edition) or tax credits under ORS 469B.100 to 469B.118 or 469B.130 to 469B.169 for promoting the use of solar photovoltaic energy systems and reducing system costs. The report must also estimate the cost of the program to retail electricity consumers and the resource value of solar energy. [2009 c.748 §2; 2010 c.78 §2; 2013 c.244 §§1,3; 2021 c.547 §22]

Note:

See note under 757.360.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.375 - Credit toward compliance with renewable portfolio standard; limits.**

(1) Any electricity produced from a solar photovoltaic energy system that is physically located in this state may be used by an electric company to comply with the renewable portfolio standard established under ORS 469A.005 to 469A.210.

(2) For each kilowatt-hour of electricity produced from a qualifying system that first becomes operational before January 1, 2016, and has a nameplate capacity of between 500 kilowatts and five megawatts of alternating current, the Public Utility Commission shall credit the electric company with two kilowatt-hours of qualifying electricity toward the electric company's compliance with the renewable portfolio standard under ORS 469A.005 to 469A.210, up to a maximum of 20 megawatts of capacity. [2009 c.748 §4; 2016 c.28 §24]

Note:

See note under 757.360.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.380 - Applicability of ORS 757.360 to 757.380.**

ORS 757.360 to 757.380 apply only to qualifying systems that are solar photovoltaic energy systems. [2009 c.748 §5]

Note:

See note under 757.360.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.385 - Allowance of fair and reasonable rates.**

Nothing in ORS 276.910 and 757.360 to 757.380 affects the authority of the Public Utility Commission to set fair and reasonable rates as authorized under ORS 756.040 (1). [2009 c.748 §8]

Note:

See note under 757.360.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.386 - Program for procurement of electricity from community solar projects; rules.**

(1) For purposes of this section:

(a) "Community solar project" means one or more solar photovoltaic energy systems that provide owners and subscribers the opportunity to share the costs and benefits associated with the generation of electricity by the solar photovoltaic energy systems.

(b) "Electric company" has the meaning given that term in ORS 757.600.

(c) "Owner" means a customer of an electric company who has proportionate ownership of part of a community solar project, such as direct ownership of one or more solar panels or shared ownership of the infrastructure of the community solar project.

(d) "Project manager" means the entity identified as having responsibility for managing the operation of a community solar project and, if applicable, for maintaining contact with the electric company that procures electricity from the community solar project. A project manager may be:

(A) An electric company; or

(B) An independent third party.

(e) "Solar photovoltaic energy system" means equipment and devices that have the primary purpose of collecting solar energy and generating electricity by photovoltaic effect.

(f) "Subscriber" means a customer of an electric company who proportionately leases part of a community solar project for a minimum of 10 years.

(2)(a) The Public Utility Commission shall establish by rule a program for the procurement of electricity from community solar projects. As part of the program, the commission shall:

(A) Adopt rules prescribing what qualifies a community solar project to participate in the program;

(B) Certify qualified community solar projects for participation in the program;

(C) Prescribe the form and manner by which project managers may apply for certification under the program; and

(D) Require, by rule or order, electric companies to enter into a 20-year power purchase agreement with a certified community solar project.

(b) The commission shall adopt rules under paragraph (a)(A) of this subsection that, at a minimum:

(A) Incentivize consumers of electricity to be owners or subscribers;

(B) Minimize the shifting of costs from the program to ratepayers who do not own or subscribe to a community solar project;

(C) Where an electric company is the project manager, protect owners and subscribers from undue financial hardship; and

(D) Protect the public interest.

(c) The commission may suspend the program adopted under this subsection if the commission has good cause to suspend the program.

- (3) A community solar project:
  - (a) Must have at least one solar photovoltaic energy system with a minimum generating capacity of 25 kilowatts;
  - (b) Must be located in this state; and
  - (c) May be located anywhere in this state.
- (4) A project manager may offer ownership in or subscriptions to a community solar project only to consumers of electricity that are located:
  - (a) In this state; and
  - (b) In the service territory of an electric company.
- (5)(a) A project manager may offer proportional ownership in or proportional subscriptions to a community solar project in any amount that does not exceed a potential owner's or potential subscriber's average annual consumption of electricity.
- (b) Any value associated with the generation of electricity in excess of an offer to own or subscribe to a community solar project as limited by paragraph (a) of this subsection must be used by the electric company procuring electricity from the community solar project in support of low-income residential customers of the electric company.
- (6)(a) Except as provided in paragraph (b) of this subsection, an electric company shall credit an owner's or subscriber's electric bill for the amount of electricity generated by a community solar project for the owner or subscriber in a manner that reflects the resource value of solar energy. For purposes of this paragraph, the commission shall determine the resource value of solar energy.
- (b) The commission may adopt a rate for an electric company to use in crediting an owner's or subscriber's electric bill other than the rate described in paragraph (a) of this subsection if the commission has good cause to adopt the different rate.
- (7)(a) Except as otherwise provided in this section, owners and subscribers shall bear the costs and benefits of constructing and operating a community solar project.
- (b) Costs incurred by an electric company under the terms of a power purchase agreement entered into pursuant to subsection (2)(a)(D) of this section are recoverable in the rates of the electric company. Moneys collected pursuant to imposing those rates, under the terms of a power purchase agreement entered into pursuant to subsection (2)(a)(D) of this section, may be transferred to a project manager for the purpose of operating a community solar project.
- (c) All start-up costs prudently incurred during the development or modification of the program established under this section are recoverable in the rates of an electric company.
- (d) Owners and subscribers shall bear all ongoing costs incurred during the continued administration of the program established under this section.
- (8) Owners and subscribers own all renewable energy certificates established under ORS 469A.130 that are associated with the generation of electricity by a community solar project, in proportion to the owner's proportional ownership in or the subscriber's proportional subscription to the community solar project.
- (9) As part of the program established under this section, the commission shall:
  - (a) Determine a methodology by which 10 percent of the total generating capacity of the community solar projects operated under the program will be made available for use by low-income residential customers of electricity; and
  - (b) Periodically review and adjust the percentage described in paragraph (a) of this subsection.
- (10) A subscription described in this section shall be considered a lease for purposes of ORS 307.092 and 307.112. [2016 c.28 §22; 2022 c.79 §3]

Note:

757.386 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.390 - Legislative findings and declarations.**

- (1) The Legislative Assembly finds and declares that:
  - (a) Renewable natural gas provides benefits to natural gas utility customers and to the public; and
  - (b) The development of renewable natural gas resources should be encouraged to support a smooth transition to a low carbon energy economy in Oregon.
- (2) The Legislative Assembly therefore declares that:
  - (a) Natural gas utilities can reduce emissions from the direct use of natural gas by procuring renewable natural gas and investing in renewable natural gas infrastructure;
  - (b) Regulatory guidelines for the procurement of renewable natural gas and investments in renewable natural gas infrastructure should enable the procurements and investments while also protecting Oregon consumers; and
  - (c) Renewable natural gas should be included in the broader set of low carbon resources that may leverage the natural gas system to reduce greenhouse gas emissions. [2019 c.541 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.392 - Definitions.**

As used in ORS 757.390 to 757.398:

- (1) "Biogas" means a mixture of carbon dioxide and hydrocarbons, primarily methane gas, released from the biological

decomposition of organic materials.

(2) "Biomass" has the meaning given that term in ORS 315.141.

(3) "Large natural gas utility" means a natural gas utility with 200,000 or more customer accounts in Oregon.

(4) "Natural gas utility" means a public utility providing natural gas service to customers.

(5)(a) "Qualified investment" means any capital investment in renewable natural gas infrastructure incurred by a natural gas utility for the purpose of providing natural gas service under a renewable natural gas program described in ORS 757.396 or 757.398.

(b) "Qualified investment" does not mean an investment in a biogas production project by:

(A) A single livestock operation that produces more than 250 standard cubic feet of biogas per minute; or

(B) A single biogas source that produces more than 1,000 standard cubic feet of biogas per minute.

(6) "Renewable energy sources" means hydroelectric, geothermal, solar photovoltaic, wind, tidal, wave, biomass or biogas energy sources.

(7) "Renewable natural gas" means any of the following products processed to meet pipeline quality standards or transportation fuel grade requirements:

(a) Biogas that is upgraded to meet natural gas pipeline quality standards such that it may blend with, or substitute for, geologic natural gas;

(b) Hydrogen gas derived from renewable energy sources; or

(c) Methane gas derived from any combination of:

(A) Biogas;

(B) Hydrogen gas or carbon oxides derived from renewable energy sources; or

(C) Waste carbon dioxide.

(8) "Renewable natural gas infrastructure" means all equipment and facilities for the production, processing, pipeline interconnection and distribution of renewable natural gas to be furnished to Oregon customers.

(9) "Small natural gas utility" means a natural gas utility with fewer than 200,000 customer accounts in Oregon. [2019 c.541 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.394 - Renewable natural gas programs; rules; requirements.**

(1) The Public Utility Commission shall adopt by rule a large renewable natural gas program for large natural gas utilities pursuant to the provisions of ORS 757.396.

(2) The commission shall adopt by rule a small renewable natural gas program for small natural gas utilities pursuant to ORS 757.398.

(3) Rules adopted by the commission under this section shall include:

(a) Rules for reporting requirements under the large renewable natural gas program and the small renewable natural gas program; and

(b) Rules for establishing a process for natural gas utilities to fully recover prudently incurred costs associated with the large renewable natural gas program and the small renewable natural gas program.

(4) Rules adopted by the commission under this section may not prohibit an affiliated interest of a small natural gas utility or of a large natural gas utility from making a capital investment in a biogas production project if the affiliated interest, as defined in ORS 757.015, is not a public utility. [2019 c.541 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.396 - Participating large natural gas utilities; portfolio targets; ratemaking mechanisms; qualified investments.**

(1) A large natural gas utility that participates in the large renewable natural gas program adopted by rule by the Public Utility Commission under ORS 757.394 (1) may make qualified investments and procure renewable natural gas from third parties to meet the following portfolio targets for the percentage of gas purchased by the large natural gas utility for distribution to retail natural gas customers in Oregon that is renewable natural gas:

(a) In each of the calendar years 2020 through 2024, five percent may be renewable natural gas;

(b) In each of the calendar years 2025 through 2029, 10 percent may be renewable natural gas;

(c) In each of the calendar years 2030 through 2034, 15 percent may be renewable natural gas;

(d) In each of the calendar years 2035 through 2039, 20 percent may be renewable natural gas;

(e) In each of the calendar years 2040 through 2044, 25 percent may be renewable natural gas; and

(f) In each of the calendar years 2045 through 2050, 30 percent may be renewable natural gas.

(2) The commission shall adopt ratemaking mechanisms that ensure the recovery of all prudently incurred costs that contribute to the large natural gas utility's meeting the targets set forth in subsection (1) of this section. Pursuant to the ratemaking mechanisms adopted under this subsection:

(a) Qualified investments and operating costs associated with qualified investments that contribute to the large natural gas utility meeting the targets set forth in subsection (1) of this section may be recovered by means of an automatic adjustment clause, as defined in ORS 757.210.

(b) Costs of procurement of renewable natural gas from third parties that contribute to the large natural gas utility meeting the

targets set forth in subsection (1) of this section may be recovered by means of an automatic adjustment clause, as defined in ORS 757.210, or another recovery mechanism authorized by rule.

(3) When a large natural gas utility makes a qualified investment in the production of renewable natural gas, the costs associated with the qualified investment shall include the cost of capital established by the commission in the large natural gas utility's most recent general rate case.

(4) Before making a qualified investment in biogas production that is upstream of conditioning equipment, pipeline interconnection or gas cleaning, a large natural gas utility shall engage in a competitive bidding process.

(5) If the large natural gas utility's total incremental annual cost to meet the targets of the large renewable natural gas program exceeds five percent of the large natural gas utility's total revenue requirement for an individual year, the large natural gas utility may no longer be authorized to make additional qualified investments under the large renewable natural gas program for that year without approval from the commission.

(6) The total incremental annual cost to meet the targets of the large renewable natural gas program must account for:

(a) Any value received by a large natural gas utility upon any resale of renewable natural gas, including any environmental credits that the renewable natural gas producer chooses to include with the sale of the renewable natural gas to the large natural gas utility; and

(b) Any savings achieved through avoidance of conventional gas purchases or development, such as avoided pipeline costs or carbon costs. [2019 c.541 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.398 - Small natural gas utilities; filing to participate; rate cap; cost recovery; qualified investments.**

(1) Upon a filing by a small natural gas utility to participate in the small renewable natural gas program adopted by rule by the Public Utility Commission under ORS 757.394 (2), the commission shall establish a rate cap limiting the small natural gas utility's costs of procuring renewable natural gas from third parties and qualified investments in renewable natural gas infrastructure. The rate cap must be expressed as a percentage of the small natural gas utility's total revenue requirement as approved by the commission in the public utility's most recent general rate case. For the purposes of establishing a rate cap under this subsection, the commission shall account for:

(a) Any value received by the small natural gas utility upon any resale of renewable natural gas, including any environmental credits that the renewable natural gas producer chooses to include with the sale of renewable natural gas to the small natural gas utility; and

(b) Any savings achieved through avoidance of conventional gas purchases or development, such as avoided pipeline costs or carbon costs.

(2)(a) A filing by a small natural gas utility under subsection (1) of this section must include, but need not be limited to:

(A) A proposal to procure a total volume of renewable natural gas over a specific period; and

(B) Identification of the qualified investments that the small natural gas utility may make in renewable natural gas infrastructure.

(b) A small natural gas utility may from time to time revise the filing submitted to the commission under this section.

(3) Any prudently incurred costs incurred by a small natural gas utility pursuant to a filing submitted under this section may be recovered by means of an automatic adjustment clause, as defined in ORS 757.210.

(4) When a small natural gas utility makes a qualified investment in the production of renewable natural gas, the costs associated with that qualified investment shall include the cost of capital established by the commission in the small natural gas utility's most recent general rate case. [2019 c.541 §6]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.400 - "Stocks" defined for ORS 757.400 to 757.463.**

As used in ORS 757.400 to 757.463, "stocks" means stocks, stock certificates or other evidence of interest or ownership.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.405 - Power to regulate issuance of utility securities.**

The power of public utilities to issue stocks and bonds, notes and other evidences of indebtedness and to create liens on their property situated within this state is a special privilege, the right of supervision, regulation, restriction and control of which is and shall continue to be vested in the state. Such power shall be exercised as provided by law and under such rules and regulations as the Public Utility Commission may prescribe.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.410 - When issuance of securities is void.**

All stocks and bonds, notes or other evidences of indebtedness, and any security of a public utility shall be void when issued:

(1) Without an order of the Public Utility Commission authorizing the same then in effect except as provided in ORS 757.412 or 757.415 (3).

(2) With the authorization of the commission, but not conforming in its provisions to the provisions, if any, which it is required by the order of authorization of the commission to contain; but no failure to comply with the terms or conditions of the order of

authorization of the commission and no informality or defect in the application or in the proceedings in connection therewith or with the issuance of such order shall render void any stock or bond, note or other evidence of indebtedness, or security issued pursuant to and in substantial conformity with an order of the commission, except as to a person taking the same otherwise than in good faith and for value and without actual notice. [Amended by 1997 c.261 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.412 - Exemption from securities regulation.**

Subject to such terms and conditions as the Public Utility Commission may prescribe, the commission, by rule or order, may exempt the following from any or all of the provisions of ORS 757.400 to 757.480, if the commission finds that application of the law is not required by the public interest:

- (1) Any stocks and bonds, notes or other evidences of indebtedness and any other security or guarantee or class of securities or guarantees for which commission authorization would otherwise be required prior to the issuance, incurrence or assumption thereof.
- (2) Any public utility or class of public utilities. [1997 c.261 §3]

Note:

757.412 was added to and made a part of ORS chapter 757 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.415 - Purposes for which securities and notes may be issued; order required.**

- (1) Except as otherwise permitted by subsection (4) of this section, a public utility may issue stocks and bonds, notes and other evidences of indebtedness, certificates of beneficial interests in a trust and securities for the following purposes and no others:
  - (a) The acquisition of property, or the construction, completion, extension or improvement of its facilities.
  - (b) The improvement or maintenance of its service.
  - (c) The discharge or lawful refunding of its obligations.
  - (d) The reimbursement of money actually expended from income or from any other money in the treasury of the public utility not secured by or obtained from the issue of stocks or bonds, notes or other evidences of indebtedness, or securities of such public utility, for any of the purposes listed in paragraphs (a) to (c) of this subsection except the maintenance of service and replacements, in cases where the applicant has kept its accounts and vouchers for such expenditures in such manner as to enable the Public Utility Commission of Oregon to ascertain the amount of money so expended and the purposes for which such expenditures were made.
  - (e) The compliance with terms and conditions of options granted to its employees to purchase its stock, if the commission first finds that such terms and conditions are reasonable and in the public interest.
  - (f) The finance or refinance of bondable rate recovery expenditures as described in ORS 757.461. Bonds, notes, certificates of beneficial interests in a trust and other evidences of indebtedness or ownership, issued for this purpose are rate recovery bonds for the purposes of ORS 757.463.
- (2) Before issuing such securities a public utility, in addition to the other requirements of law, shall secure from the commission upon application an order authorizing such issue, stating:
  - (a) The amount of the issue and the purposes to which the issue or the proceeds thereof are to be applied;
  - (b) In the opinion of the commission, the money, costs and expenses, property or labor to be procured, paid for or refinanced by such issue reasonably is required for the purposes specified in the order and compatible with the public interest, which is necessary or appropriate for or consistent with the proper performance by the applicant of service as a public utility, and will not impair its ability to perform that service; and
  - (c) Except as otherwise permitted in the order in the case of bonds, notes or other evidences of indebtedness, such purposes are not, in whole or in part, reasonably chargeable to operating expenses or to income.
- (3) This section and ORS 757.410 apply to demand notes but do not apply to the issuance or renewal of a note or evidence of indebtedness maturing not more than one year after date of such issue or renewal.
- (4) Nothing in ORS 757.400 to 757.463 shall prevent issuance of stock to stockholders as a stock dividend if there has been secured from the commission an order:
  - (a) Finding that the stock dividend is compatible with the public interest;
  - (b) Authorizing such issue and a transfer of surplus to capital in an amount equal to the par or stated value of the stock so authorized; and
  - (c) Finding that a sum equal to the amount to be so transferred was expended for the purposes enumerated in subsection (1) of this section.
- (5) Rate recovery bonds authorized pursuant to subsection (1)(f) of this section may be issued directly by a public utility or through a finance subsidiary. For purposes of this subsection, "finance subsidiary" means any corporation, limited liability company, company, association, trust or other entity:
  - (a)(A) That is beneficially owned, directly or indirectly, by a public utility; or
  - (B) In the case of a trust, for which a public utility or subsidiary thereof is the grantor; or
  - (b) That is unaffiliated with a public utility and acquires bondable rate recovery assets directly or indirectly from a public utility in a transaction approved by the commission. [Amended by 1961 c.319 §1; 1995 c.539 §4; 2005 c.22 §504; 2023 c.529 §8]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.417 - Limitation on application of ORS 757.415.**

ORS 757.415 does not apply to the issuance, renewal or assumption of liability on any evidence of indebtedness when such issuance, renewal or assumption is for the purpose of acquiring specific real or personal property, if the aggregate principal amount thereof, together with all other then outstanding evidences of indebtedness issued, renewed or assumed under this section, does not exceed whichever is the greater of the following amounts:

- (1) The amount of \$75,000.
- (2) The amount of one-half of one percent of the sum of:
  - (a) The total principal amount of all bonds or other securities representing secured indebtedness of the public utility issued or assumed and then outstanding; and
  - (b) The capital and surplus as then stated on the books of account of the public utility. [1971 c.655 §88]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.419 - Limitation on application of ORS 757.480.**

ORS 757.480 does not apply to any mortgage or other encumbrance upon any real or personal property given to secure payment of any evidence of indebtedness issued under ORS 757.415. [1971 c.655 §89]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.420 - Hearings and supplemental orders relating to issuance of securities; joint approval of issuance by interstate utility.**

(1) To enable the Public Utility Commission to determine whether the commission will issue an order under ORS 757.415, the commission may hold a hearing and may make such additional inquiry or investigation, examine such witnesses, books, papers, documents and contracts and require the filing of such data as the commission deems necessary. The application for such order shall be given priority and shall be disposed of by the commission within 30 days after the filing of such application, unless that period is extended with the consent of the public utility.

(2) The commission may, upon application of the public utility, after opportunity for hearing and for good cause shown, make such supplemental orders in the premises as the commission finds necessary or appropriate, and may by any such supplemental order modify the provisions of any previous order as to the particular purposes, uses, extent to which, or the condition under which, any security theretofore authorized or its proceeds may be applied. Such supplemental orders are subject to the requirements of ORS 757.415. The period of time permitted under subsection (1) of this section for disposing of applications shall not apply to supplemental orders.

(3) If a commission or other agency is empowered by another state to regulate and control the amount and character of securities to be issued by any public utility within such other state, the commission of Oregon has power to agree with such commission or agency of such other state on the issue of stocks, bonds, notes, other evidences of indebtedness or securities by a public utility owning or operating a public utility both in such state and in this state, and has power to approve such issue jointly with such commission or agency and to issue a joint certificate of such approval. However, no such joint approval is required in order to express the consent to and approval of such issue by the State of Oregon if the issue is separately approved by the Oregon commission.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.425 - State not obligated following approval of issuance.**

No provision of ORS 757.405 to 757.450 or ORS 757.457, 757.459, 757.461 and 757.463, and no deed or act done or performed under or in connection therewith, shall be held or construed to obligate the State of Oregon or any agency of state government, as defined in ORS 174.111, to pay or guarantee, in any manner whatsoever, any stock or bond, note or other evidence of indebtedness, authorized, issued or executed under the provisions of ORS 757.405 to 757.450 or ORS 757.457, 757.459, 757.461 and 757.463. [Amended by 2023 c.529 §9]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.430 - Conditional approval of issuance authorized.**

The Public Utility Commission may by order grant permission for the issue of stocks or bonds, notes or other evidences of indebtedness in the amount applied for, or in a lesser amount, or not at all, and may attach to the exercise of the permission such condition or conditions as the commission deems reasonable and necessary.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.435 - Disposal of proceeds from issuance of securities; rules.**

(1) No public utility shall, without the consent of the Public Utility Commission, apply the issue of any stock or bond, note or other evidence of indebtedness, or any part or proceeds thereof, to any purpose not specified in the commission's order, or to any purpose specified in the commission's order in excess of the amount authorized for such purpose, or issue or dispose of the same on any

terms less favorable than those specified in such order, or a modification thereof.

(2) The commission has power to require public utilities to account for the disposition of the proceeds of all sales of stocks and bonds, notes and other evidences of indebtedness, in such form and detail as the commission deems advisable, and to establish such rules and regulations as the commission deems reasonable and necessary to insure the disposition of such proceeds for the purpose or purposes specified in the order.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.440 - Approval required before utility may guarantee another's indebtedness.**

No public utility shall assume any obligation or liability as guarantor, indorser, surety or otherwise in respect to the securities of any other person, firm or corporation, when such securities are payable at periods of more than 12 months after the date thereof, without first having secured from the Public Utility Commission an order authorizing it so to do. Every assumption made other than in accordance with such an order is void.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.445 - Wrongful issues or use of proceeds by utility.**

A public utility may not, directly or indirectly, issue or cause to be issued any stock or bond, note or other evidence of indebtedness, in nonconformity with the order of the Public Utility Commission authorizing the same or contrary to the provisions of ORS 757.400 to 757.463, or of the Constitution of this state, or apply the proceeds from the sale thereof, or any part thereof, to any purpose other than the purposes specified in the commission's order, or to any purpose specified in the commission's order in excess of the amount in the order authorized for such purpose. [Amended by 2023 c.529 §11]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.450 - Wrongful acts relating to issuance of securities.**

A person may not:

- (1) Knowingly authorize, direct, aid in, issue or execute, or cause to be issued or executed, any stock or bond, note or other evidence of indebtedness, in nonconformity with the order of the Public Utility Commission authorizing the same, or contrary to the provisions of ORS 757.400 to 757.463 or of the Constitution of this state.
- (2) In any proceeding before the commission, knowingly make any false statement or representation or with knowledge of its falsity file or cause to be filed with the commission any false statement or representation which may tend in any way to influence the commission to make an order authorizing the issue of any stock or bond, note or other evidence of indebtedness, or which results in procuring from the commission the making of any such order.
- (3) With knowledge that any false statement or representation was made to the commission in any proceeding tending in any way to influence the commission to make such order, issue, execute or negotiate, or cause to be issued, executed or negotiated, any stock or bond, note or other evidence of indebtedness.
- (4) Directly or indirectly, knowingly apply, or cause or assist to be applied, the proceeds, or any part thereof, from the sale of any stock or bond, note or other evidence of indebtedness, to any purpose not specified in the commission's order, or to any purpose specified in the commission's order in excess of the amount authorized for such purpose.
- (5) With knowledge that any stock or bond, note or other evidence of indebtedness, has been issued or executed in violation of ORS 757.400 to 757.463, negotiate, or cause the same to be negotiated. [Amended by 2023 c.529 §12]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.457 - Definitions for ORS 757.457, 757.459, 757.461 and 757.463.**

As used in this section and ORS 757.459, 757.461 and 757.463:

- (1) "Assignee" means a person, and any subsequent assignee, to which a public utility assigns, sells or transfers all or part of the public utility's interest in or right to rate recovery assets, except as security.
- (2) "Bond" includes bonds, notes, certificates of beneficial interests in a trust or other evidence of indebtedness.
- (3) "Bondholder" means a holder or owner of a rate recovery bond.
- (4) "Finance subsidiary" means an assignee at the time rate recovery bonds are issued:
  - (a)(A) That is beneficially owned, directly or indirectly, by a public utility; or
  - (B) In the case of a trust, for which a public utility or subsidiary of the public utility is the grantor; or
  - (b) That is unaffiliated with a public utility and acquires bondable rate recovery assets from a public utility in a transaction or under an agreement that is approved by the Public Utility Commission.
- (5) "Financing costs" includes the following costs related to rate recovery bonds, whether incurred and paid upon issuance or over the life of rate recovery bonds:
  - (a) The costs of issuing, serving, managing, repaying or refinancing rate recovery bonds, including any fees, expenses or charges incurred and the costs of any activities performed in connection with the rate recovery bonds, including:
    - (A) Information technology programming;
    - (B) Obtaining a financing order;

- (C) Serving, accounting or auditing;
  - (D) Services related to trustees;
  - (E) Legal services;
  - (F) Consulting;
  - (G) Services related to financial and structuring advisors;
  - (H) Administration;
  - (I) Placement and underwriting;
  - (J) Services related to independent directors and managers;
  - (K) Services related to rating agencies;
  - (L) Stock exchange listing and compliance;
  - (M) Securities registration and filing; and
  - (N) Services necessary to ensure a timely payment of rate recovery bonds or other amounts or charges payable in connection with rate recovery bonds;
- (b) Principal, interest and acquisition, defeasance and redemption premiums payable on rate recovery bonds;
  - (c) Payments required under an ancillary agreement and any amounts required to fund or replenish a reserve or account established under the terms of an indenture, ancillary agreement or financing document related to rate recovery bonds;
  - (d) Applicable federal, state and local taxes, franchise fees, license fees, gross receipts or other taxes or charges, whether paid, payable or accrued; and
  - (e) The Public Utility Commission's costs in performing the commission's duties related to rate recovery bonds that are recoverable by the commission under ORS 756.310.
- (6) "Financing order" means an order issued by the Public Utility Commission that authorizes one or more the following:
    - (a) The recovery of rate recovery expenditures and financing costs;
    - (b) The creation of rate recovery assets;
    - (c) The issuance of rate recovery bonds;
    - (d) The imposition, collection and periodic adjustment of rate recovery charges; or
    - (e) The sale, assignment or transfer of rate recovery assets to an assignee.
  - (7) "Financing party" includes:
    - (a) Bondholders, trustees, agents and secured parties related to rate recovery bonds;
    - (b) A person acting for the benefit of bondholders, trustees, agents or secured parties; and
    - (c) A party to rate recovery bond documents or an ancillary agreement.
  - (8) "Public utility customer" means:
    - (a) For an electric utility, a retail electricity consumer, as defined in ORS 757.600.
    - (b) For a natural gas utility, the end use consumer served by the natural gas utility, including those served by the natural gas utility under ORS 757.516, regardless of whether the end use consumer purchases natural gas from the natural gas utility.
  - (9) "Rate recovery asset" means a right to recover from customers rate recovery expenditures and associated costs and expenses approved in a financing order, including the right to:
    - (a) Impose, charge, bill, collect, receive, hold and apply rate recovery charges authorized under a financing order or obtain, to the extent authorized, periodic adjustments of rate recovery charges; and
    - (b) All claims, accounts, revenues, payments, collections, moneys or proceeds arising from the rights and interest specified in a financing order, regardless of whether the claims, accounts, revenues, payments, collections, moneys or proceeds arising from the rights and interest specified in the financing order are commingled with other claims, accounts, revenues, payments, collections, moneys or proceeds.
  - (10) "Rate recovery charge" means charges to public utility customers authorized by the Public Utility Commission to recover rate recovery expenditures and financing costs and to be used to pay, repay or refinance rate recovery bonds.
  - (11) "Rate recovery expenditures" means costs and expenses incurred or to be incurred through the date of issuance of a financing order by a public utility associated with:
    - (a) An event that is the subject of a federal or state declaration of a state of emergency, such as severe weather, catastrophic wildfire, pandemic or other event that causes or threatens to cause widespread loss of life, injury to person or property, human suffering or financial loss, except those costs and expenses that are or are associated with criminal or civil fines or penalties or judgments from a civil action based on negligence related to the event.
    - (b) An energy conservation program that provides loans and cash payments to public utility customers for the installation of energy conservation measures funded by the public utility including, but not limited to, the costs or expenditures for specific acquisition program development, promotion and labor costs and associated general supervision, rents, leases and overheads.
  - (12) "Secured party" means a financing party that has been granted a security interest in rate recovery assets. [2023 c.529 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.459 - State policy to encourage financing of certain costs and expenses by public utilities; pledge and agreement related to rate recovery assets, bonds and charges.**

- (1) It is the policy of the State of Oregon to encourage the financing of certain costs and expenses by public utilities at the lowest,

reasonable and prudent cost to public utility customers, including, but not limited to, rate recovery expenditures.

(2) To carry out the policy described in subsection (1) of this section, the State of Oregon and all public bodies, as defined in ORS 174.109:

(a) Acknowledge that owners of rate recovery assets, bondholders and financing parties require certainty with respect to the owners', bondholders' and financing parties' rights to enter into financing transactions that offer the lowest reasonable and prudent cost; and

(b) Pledge and agree with public utilities, assignees, bondholders and financing parties not to reduce, alter or impair, in a manner that is adverse to the public utilities, assignees, bondholders or financing parties:

(A) Rate recovery assets;

(B) Rate recovery bonds or the security for rate recovery bonds; or

(C) Rate recovery charges or the collection of rate recovery charges.

(3) The pledge and agreement described under subsection (2)(b) of this section includes the pledge and agreement not to reduce, alter or impair rate recovery assets, rate recovery bonds or the security for rate recovery bonds, or rate recovery charges or the collection of rate recovery charges by taking any of the following actions:

(a) Altering the provisions of this section or ORS 757.457, 757.461 or 757.463 to the extent that those provisions authorize the Public Utility Commission to issue financing orders that:

(A) Create rate recovery assets;

(B) Establish rate recovery charges that may not be avoided by public utility customers, as described under ORS 757.461 (4); or

(C) Provide rights and remedies to public utilities, assignees, bondholders and financing parties;

(b) Impairing the rights or remedies of public utilities, assignees, bondholders or financing parties that are created under this section and ORS 757.457, 757.461 and 757.463 or by a financing order, including reducing the amount of or impairing the collection of rate recovery charges until all principal, interest, premium and other amounts due on the rate recovery bonds and financing costs have been paid in full and except as provided under ORS 757.461; or

(c) Taking any action listed under ORS 757.461 (5)(b).

(4) A public utility or financing subsidiary that issues rate recovery bonds may include the pledge and provisions of this section in the bonds and related documentation. [2023 c.529 §3 (enacted in lieu of 757.455)]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.461 - Financing of rate recovery expenditures through rate recovery bonds; application and hearing process; financing order; collection of rate recovery charges.**

(1)(a) A public utility may apply to the Public Utility Commission for a financing order designating all or part of rate recovery expenditures as bondable rate recovery expenditures, for the purpose of financing or refinancing the designated expenditures under ORS 757.415 (1)(f).

(b) After notice and an opportunity for a hearing, the commission may approve an application if the commission finds that:

(A) The rate recovery expenditures included in the application are reasonable and prudent;

(B) Financing or refinancing the rate recovery expenditures through the issuance of rate recovery bonds is likely to be more favorable to public utility customers for the recovery of rate recovery expenditures as compared to other methods; and

(C) Bonds, notes, certificates of beneficial interests in a trust and other evidences of indebtedness or ownership issued pursuant to the approval are reasonably likely to receive a determination of, at a minimum, investment grade by credit rating agencies.

(c) The commission shall issue an order within 180 days of an application approving or denying the application. If the commission approves the application, the commission shall issue a financing order.

(2)(a) A financing order issued under this section shall specify the highest amount of rate recovery expenditures that qualify as bondable rate recovery expenditures.

(b) In specifying the amount for rate recovery expenditures associated with an event described in ORS 757.457 (11)(a), net of appropriate adjustments as determined by the commission to be reasonable, the commission may include, but is not limited to including, the following rate recovery expenditures:

(A) Capital and operating costs incurred or to be incurred as a result of the event;

(B) Lost revenue associated with the event;

(C) Costs and expenses that may be recovered at a later time from third parties or insurers and returned to public utility customers through a separate rate proceeding consistent with cost causation and rate design principles and statutory or regulatory requirements; and

(D) Carrying costs or charges.

(3) A financing order issued under this section must include the following provisions:

(a) Confirmation of the existence of recoverable rate recovery expenditures and authorization to recover rate recovery expenditures and associated financing costs, including the maximum principal amount of bondable rate recovery expenditures and financing costs that may be recovered through securitization;

(b) Authorization for the creation of rate recovery assets and imposition of rate recovery charges that allow for the recovery of rate recovery expenditures, as determined by the commission, and associated financing costs;

(c) A requirement that the rate recovery charges authorized by the financing order are ongoing and may not be avoided by a public

utility customer, as described under subsection (4) of this section, until all principal, interest, premium and other amounts due on the rate recovery bonds and financing costs have been paid in full;

(d) A methodology for:

(A) Allocating rate recovery charges between the different classes of public utility customers, which may include not allocating rate recovery charges to one or more classes of public utility customers, that is consistent with cost causation and rate design principles and statutory or regulatory requirements; and

(B) Adjusting rate recovery charges as necessary to ensure timely payment on, and payment in full of, the rate recovery bonds and associated financing costs or in response to changes to applicable customers, service territories or collection rates;

(e) Authorization for the public utility to issue one or more series of rate recovery bonds with flexibility for the public utility to establish the terms and conditions of the rate recovery bonds, including repayment schedules, initial interest rates and initial financing costs;

(f) Authorization to assign rate recovery assets to a financing subsidiary and grant security interests in the rate recovery assets to secured parties without limiting the rights of subsequent assignees;

(g) Authorization for the bond documentation and ancillary documents related to the rate recovery bonds, including servicing arrangements for the rate recovery charges, without requiring the authorization to be on the final forms of the documents;

(h) Authorization for the public utility to earn a return, at the cost of capital authorized in the public utility's most recent general rate case prior to the date of the financing order, on any moneys advanced by the public utility to fund advances, reserves or capital accounts established under the terms of any indenture, ancillary agreement or financing documents related to the rate recovery bonds;

(i) A finding that the proposed issuance of rate recovery bonds and the imposition of rate recovery charges is expected to provide the lowest possible reasonable and prudent cost on a net present value basis to public utility customers for recovery of the rate recovery expenditures as compared to other methods of financing and recovery;

(j) A date, not earlier than one year from the date that the financing order becomes final, on which the authority to issue rate recovery bonds granted in the financing order expires;

(k) A requirement that the public utility notify the commission if the public utility recovers costs and expenses from a third party or insurer; and

(L) Any other conditions that the commission finds appropriate and that are consistent with this section.

(4) Rate recovery charges authorized by a financing order shall be collected through the rates or charges paid by, and may not be avoided by, the public utility customers located within the public utility's allocated service territory, as the territory existed on the date of the financing order or, if the financing order provides, as such service territory may be expanded, even if:

(a) The public utility customer receives electricity or natural gas, electricity or natural gas services or ancillary services from a successor or assignee of the public utility;

(b) The public utility customer elects to receive electricity or natural gas, electricity or natural gas services or ancillary services from another public utility, utility provider or service provider in the service territory; or

(c) After the date of issuance of the financing order, the public utility customer changes customer class.

(5)(a) Rate recovery assets, including rate recovery charges, and the rights of public utilities, assignees, bondholders and financing parties, established by a financing order issued under this section, are irrevocable and unchangeable, except as provided in the financing order, until all principal, interest, premium, interest and amounts due on the rate recovery bonds and financing costs are paid in full.

(b) Until all principal, interest, premium, interest and amounts due on the rate recovery bonds and financing costs are paid in full, the commission, except as provided in the financing order, the State of Oregon and a public body, as defined in ORS 174.109, may not:

(A) Revalue the rate recovery expenditures or financing costs for ratemaking purposes;

(B) Determine that the rates or revenues authorized under the financing order are unjust or unreasonable;

(C) Reduce, alter or impair the rate recovery assets, rate recovery charges or the collection of the rate recovery charges, or rate recovery bonds or the security for the rate recovery bonds;

(D) Rescind, suspend, amend or impair the financing order; or

(E) When setting other rates or charges for the public utility or taking other actions pursuant to the commission's authority, consider the rate recovery bonds as debt of the public utility, the rate recovery assets to be revenue for the public utility or the rate recovery expenditures to be costs of the public utility.

(6) The commission may not require a public utility to:

(a) Apply to the commission for a financing order designating all or part of rate recovery expenditures as bondable rate recovery expenditures; or

(b) Finance or refinance rate recovery expenditures that the commission has designated as bondable rate recovery expenditures.

(7) Jurisdiction for review of a financing order issued under this section shall be as provided for orders in contested cases pursuant to ORS 183.482, except that a petition for rehearing or reconsideration is not allowed. If a petition is not filed with the Court of Appeals within 60 days following the date of issuance of a financing order, the order becomes a final and irrevocable action of the commission and the State of Oregon and is not subject to administrative or judicial challenge. [2023 c.529 §4 (enacted in lieu of 757.455)]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.463 - Security interest as collateral in rate recovery assets; requirements for attachment and perfection; transfers; enforcement rights and remedies.**

(1)(a) A public utility, finance subsidiary or assignee may grant a security interest in rate recovery assets as collateral for rate recovery bonds. A security interest in rate recovery assets is valid and enforceable against the debtor and third parties, subject only to the rights of any third parties holding security interests in the rate recovery assets attached and perfected in the manner described under this subsection.

(b) A security interest in rate recovery assets attaches if:

(A) The secured party, or a financing party that the secured party represents, has given value; and

(B) The debtor has signed a security agreement granting the secured party a security interest in the rate recovery assets.

(c) A valid and enforceable security interest in rate recovery assets is perfected if:

(A) The security interest has attached in the manner described in paragraph (b) of this subsection; and

(B) A financing statement has been filed in accordance with the requirements of ORS chapter 79 that identifies the debtor as "debtor," the secured party as "secured party" and the rate recovery assets granted as security as the "collateral," and contains a description in the financing statement that refers to the Public Utility Commission's financing order creating the rate recovery assets. The financing statement shall be deemed sufficient under ORS chapter 79 and all other relevant law for identifying the rate recovery assets granted as security.

(d) A perfected security interest in rate recovery assets is a continuously perfected security interest, whether or not the related revenues have accrued or the related rate recovery charges have been charged, billed or collected. Rate recovery assets constitute a presently existing, fully vested property right for the purposes of contracts securing the rate recovery bonds, whether or not the related revenues have accrued or the related rate recovery charges have been charged, billed or collected. Multiple security interests in the same rate recovery assets shall rank according to priority in time of perfection.

(e) Subject to the terms of the security agreement covering the rate recovery assets, the relative priority of a security interest created or perfected under this section is not adversely affected by:

(A) Any later modification of the financing order or rate recovery assets; or

(B) The commingling of proceeds of rate recovery assets with other moneys.

(2)(a) A transfer of rate recovery assets to an assignee is perfected against all third parties if a notice of the transfer, by means of a financial statement:

(A) Is filed in accordance with the requirements of ORS chapter 79;

(B) Specifies that the notice of transfer is filed to provide notice of the transfer of the rate recovery assets from the transferor to the assignee;

(C) Identifies the transferor as "debtor," the assignee as "secured party" and the rate recovery asset as "collateral"; and

(D) Contains a description that refers to the commission's financing order that created the rate recovery assets.

(b) A notice of transfer that is filed in accordance with the requirements under paragraph (a) of this subsection shall be deemed sufficient under ORS chapter 79 and all other relevant laws for identifying the rate recovery assets and for providing notice that the rate recovery assets have been transferred to the assignee.

(c) A transfer is perfected against third parties on the date a notice of transfer is filed.

(d) A transfer of rate recovery assets to a financing subsidiary that is perfected under this subsection is free and clear of all claims, security interests, liens and encumbrances of the transferring public utility, except for any prior security interest perfected under subsection (1) of this section.

(e) The priority of a transfer that is perfected under this subsection is not adversely affected by:

(A) Any later modification of the financing order or rate recovery assets; or

(B) The commingling of proceeds of rate recovery assets.

(3)(a) When proceeds of rate recovery assets are transferred to a segregated account for an assignee or secured party, any lien or security interest that may apply to those proceeds, other than a security interest perfected under subsection (1) of this section, is automatically terminated, without the need for further notice, act or evidence.

(b) Proceeds from rate recovery assets shall be held in trust for an assignee or secured party until the proceeds have been transferred to the assignee or secured party.

(c) Any adjustment in rate recovery charges does not affect the validity, perfection or priority of a security interest in or the transfer of rate recovery assets.

(4)(a) The rights and remedies of a secured party in enforcing a secured interest in rate recovery assets do not include and are without recourse to any public utility asset except for the rate recovery assets, even if the rate recovery assets are commingled with other assets.

(b) If a public utility or finance subsidiary defaults on a required payment with respect to rate recovery bonds, a secured party or secured party's representatives may apply to the commission for relief. Upon application by a secured party or secured party's representatives, the commission shall order, without limiting other remedies of the secured party or secured party's representatives, the sequestration and payment to the secured party or secured party's representatives of the proceeds of the rate recovery assets.

(c) The interest of an assignee or financing party in rate recovery assets is not subject to setoff, counterclaim, surcharge or defense by the public utility or any other person in connection with a bankruptcy, reorganization or insolvency proceeding. However, any

surplus in excess of amounts necessary to pay principal, interest, premium, if any, and other amounts due with respect to the rate recovery bonds and associated financing costs, including enforcement costs, with respect to the security agreement shall be remitted to the debtor or transferor.

(d) Notwithstanding any bankruptcy, reorganization or other insolvency proceeding with respect to a public utility, debtor or transferor with respect to rate recovery assets, the commission's financing order shall remain in full force and effect.

(5) A transfer of rate recovery assets by a public utility to a finance subsidiary or other assignee that the parties have expressly stated in the governing documentation to be a sale or other absolute transfer, in a transaction approved in a financing order, shall be treated as a true sale and not as a pledge or other financing of the rate recovery assets. According the holders of rate recovery bonds a preferred right to revenues of the public utility or the provision by the public utility of other credit enhancement with respect to rate recovery bonds does not impair or negate the characterization of a transfer as a true sale.

(6) Any successor to a public utility pursuant to any bankruptcy, reorganization or other insolvency proceeding shall perform and satisfy all obligations of the public utility under an approved contract governing rate recovery bonds in the same manner and to the same extent as was required of the public utility before the proceeding, including, without limitation, billing, collecting and paying to the holders of the rate recovery bonds or their representatives revenues arising with respect to the rate recovery assets pledged to secure the rate recovery bonds.

(7) The granting, perfection and enforcement of security interests in rate recovery assets to secure rate recovery bonds are subject to ORS chapter 79, except that when a provision in ORS chapter 79 comes in conflict with a provision in this section, the provision in this section shall control.

(8) Except for enforcement permitted under the laws of another state, the laws of this state shall govern the creation, validity, enforceability, attachment, perfection, priority and exercise of remedies with respect to the creation or transfer of a security interest in a rate recovery asset. [2023 c.529 §6 (enacted in lieu of 757.460)]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.465 - Rate recovery bond not security for certain purposes.**

A rate recovery bond, as described under ORS 757.457, 757.459, 757.461 and 757.463, that is exempt under ORS 59.025 from ORS 59.049 and 59.055 is not a security for purposes of ORS 59.115, 59.135 or 59.137. [2023 c.529 §7]

Note:

757.465 and 757.467 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.467 - Validity of actions taken in good faith pursuant to financing order.**

If any provision of ORS 757.457, 757.459, 757.461 and 757.463 or the amendments to ORS 59.025, 757.415, 757.425, 757.445 and 757.450 by sections 8 to 12, chapter 529, Oregon Laws 2023, is determined to be invalid, or is invalidated, superseded, replaced, repealed or expired, such determination or occurrence does not affect the validity of any action allowed under ORS 757.457, 757.459, 757.461 and 757.463 or the amendments to ORS 59.025, 757.415, 757.425, 757.445 and 757.450 by sections 8 to 12, chapter 529, Oregon Laws 2023, and taken in good faith and pursuant to a financing order issued prior to such determination or occurrence. [2023 c.529 §14]

Note:

See note under 757.465.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.480 - Approval needed prior to disposal, mortgage or encumbrance of certain operative utility property or consolidation with another public utility; exceptions.**

(1) A public utility doing business in Oregon shall not, without first obtaining the Public Utility Commission's approval of such transaction:

(a) Except as provided in subsection (6) of this section, sell, lease, assign or otherwise dispose of the whole of the property of the public utility necessary or useful in the performance of the public utility's duties to the public or any part thereof of a value of \$1 million or more, or sell, lease, assign or otherwise dispose of any franchise, permit or right to maintain and operate the public utility or public utility property, or perform any service as a public utility;

(b) Mortgage or otherwise encumber the whole or any part of the property of the public utility necessary or useful in the performance of the public utility's duties to the public, including any franchise, permit or right to maintain and operate the public utility or public utility property, or perform any service as a public utility; or

(c) By any means whatsoever, directly or indirectly, merge or consolidate any of the public utility's lines, plant, system or other property whatsoever, or franchise or permit to maintain or operate any public utility property, or perform any service as a public utility, or any part thereof, with any other public utility.

(2) A public utility doing business in Oregon shall annually file with the commission a report that includes a summary of each transaction in excess of \$25,000 but less than \$1 million that the public utility made during the previous calendar year that involved the sale, lease, assignment or other disposition of the whole of the property of the public utility necessary or useful in the

performance of the public utility's duties to the public or any part thereof.

(3) Every sale, lease, assignment, mortgage, disposition, encumbrance, merger or consolidation subject to subsection (1) of this section made other than in accordance with the order of the commission authorizing the same is void.

(4) For purposes of complying with subsections (1)(a) and (2) of this section, a public utility shall include in the calculation of the value of the property to be sold, leased, assigned or otherwise disposed of only the portion of the value of the property that has been recognized as the basis of an operating expense or capital expenditure in an Oregon rate valuation or other hearing or proceeding.

(5) This section does not prohibit or invalidate the sale, lease or other disposition by any public utility of property that is not necessary or useful in the performance of the public utility's duties to the public.

(6) A water utility doing business in Oregon shall not, without first obtaining the Public Utility Commission's approval of a transaction, sell, lease, assign or otherwise dispose of the whole of the property of the water utility necessary or useful in the performance of the water utility's duties to the public or any part thereof of a value in excess of \$10,000, or sell, lease, assign or otherwise dispose of any franchise, permit or right to maintain and operate the water utility or water utility property, or perform any service as a water utility. [Formerly 757.155; 1999 c.530 §1; 2019 c.252 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.482 - Approval to sell or convey real property below market price for development of affordable housing.**

(1) As used in this section, "affordable housing" means affordable housing as defined in ORS 197A.445 or publicly supported housing as defined in ORS 456.250.

(2)(a) To facilitate the development of affordable housing in this state, the Public Utility Commission may allow a public utility to sell, or to convey at below market price or as a gift, the public utility's interest in real property for the purpose of the real property being used for the development of affordable housing.

(b) The instrument that conveys, or contracts to convey, the public utility's interest in the real property must include an affordable housing covenant as provided in ORS 456.270 to 456.295.

(3) A public utility may not recover costs from customers for selling, or conveying at below market price or as a gift, the public utility's interest in real property under this section. [2023 c.223 §29]

Note:

757.482 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.483 - Condemnation or acquisition of service territory or property of electric company by electric utility; stranded costs obligation.**

(1) For purposes of this section:

(a) "Electric company" has the meaning given that term in ORS 757.600.

(b) "Electric utility" has the meaning given that term in ORS 757.600.

(c) "Retail electricity consumer" has the meaning given that term in ORS 757.600.

(2) Upon the request of an electric company, the Public Utility Commission shall establish a stranded costs obligation payable by an electric utility to an electric company in association with a condemnation or transaction described in subsection (3) of this section.

(3)(a) An electric utility that condemns the service territory or property of an electric company, or acquires property pursuant to a transaction described in ORS 757.480, must pay the stranded costs obligation established by the commission under subsection (2) of this section.

(b) The purpose of the stranded costs obligation is to prevent shifting the costs associated with the loss of service territory or property of an electric company from the retail electricity consumers of the electric utility to the retail electricity consumers of the electric company.

(4) The commission may determine the stranded costs obligation in accordance with the Federal Energy Regulatory Commission's current methodology for determining stranded costs under the same or similar circumstances.

(5) This section does not interfere with or supersede the jurisdiction of the Federal Energy Regulatory Commission. [2016 c.28 §18]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.485 - Purchase of property or stocks of one utility by another.**

(1) No public utility shall, directly or indirectly, purchase, acquire or become the owner of any of the stocks or bonds or property utilized for utility purposes and having a value in excess of \$10,000 of any other public utility unless authorized so to do by the Public Utility Commission.

(2) Every contract by any public utility for the purchase, acquisition, assignment or transfer to it of any of the stock of any other public utility by or through any person, partnership or corporation without the approval of the commission shall be void and of no effect, and no such transfer or assignment of such stock upon the books of the corporation pursuant to any such contract is effective for any purpose. [Formerly 757.160]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.490 - Approval needed for certain contracts.**

(1) When any public utility doing business in this state enters into a contract with another corporation with relation to the construction, operation, maintenance or use of the property of said public utility in Oregon, or the use of the property of the other contracting party, or any part thereof, or for service, advice, engineering, financing, rentals, leasing or for any construction or management charges in respect of any such property, or for the purchase of property, materials or supplies, the proposed contract shall be filed with the Public Utility Commission for the investigation and approval when the public utility owns a majority of or controls directly or indirectly the voting stock of the other contracting corporations.

(2) Any such proposed contract shall be filed with the commission within 90 days of execution of the contract. The contract shall be deemed to be executed on the date the parties sign a written contract or on the date the parties begin to transact business under the contract, whichever date is earlier. The commission shall promptly investigate and act upon the contract in accordance with ORS 757.495 (3) and (6).

(3) In making such investigation the commission and accountants, examiners and agents, appointed by the commission for the purpose, shall be given free access to all books, books of account, documents, data and records of the public utility as well as of the corporation with which it is proposing to contract, which the commission may deem material to the investigation. The failure or refusal of either of the parties to the proposed contract to comply with this subsection is prima facie evidence that such contract is unfair, unreasonable and contrary to public interest, and is sufficient to justify a determination and finding of the commission to that effect, which has the same force and effect as any other determination or order of the commission. [Formerly 757.165; 1989 c.956 §6]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.495 - Contracts involving utilities and persons with affiliated interests.**

(1) When any public utility doing business in this state enters into any contract to make any payment, directly or indirectly, to any person or corporation having an affiliated interest, for service, advice, auditing, accounting, sponsoring, engineering, managing, operating, financing, legal or other services, or enter any charges therefor on its books, which shall be recognized as an operating expense or capital expenditure in any rate valuation or any other hearing or proceeding, the contract shall be filed with the Public Utility Commission within 90 days of execution of the contract. The contract shall be deemed to be executed on the date the parties sign a written contract or on the date the parties begin to transact business under the contract, whichever date is earlier.

(2) When any public utility doing business in this state enters into any contract, oral or written, with any person or corporation having an affiliated interest relating to the construction, operation, maintenance, leasing or use of the property of such public utility in Oregon, or the purchase of property, materials or supplies, which shall be recognized as the basis of an operating expense or capital expenditure in any rate valuation or any other hearing or proceeding, the contract shall be filed with the commission within 90 days of execution of the contract. The contract shall be deemed to be executed on the date the parties sign a written contract or on the date the parties begin to transact business under the contract, whichever date is earlier.

(3) When any such contract has been submitted to the commission, the commission promptly shall examine and investigate the contract. If, after such investigation, the commission determines that the contract is fair and reasonable and not contrary to the public interest, the commission shall enter findings and an order to this effect and serve a copy thereof upon the public utility, whereupon any expenses and capital expenditures incurred by the public utility under the contract may be recognized in any rate valuation or other hearing or proceeding. If, after such investigation, the commission determines that the contract is not fair and reasonable in all its terms and is contrary to the public interest, the commission shall enter findings and an order accordingly and serve a copy thereof upon the public utility, and, except as provided in subsection (4) of this section, it shall be unlawful to recognize the contract for the purposes specified in this section.

(4) When any such contract has been filed with the commission within 90 days of execution and the commission has not entered an order disapproving the contract under subsection (3) of this section, the commission may not base its refusal to recognize any expenses or capital expenditures incurred under the contract in any rate valuation or other hearing or proceeding solely on the basis that such contract has not been approved under subsection (3) of this section.

(5) No public utility shall issue notes or lend its funds or give credit on its books or otherwise to any person or corporation having an affiliated interest, either directly or indirectly, without the approval of the commission.

(6) The action of the commission with respect to all the matters described in this section when submitted to the commission shall be by findings and an order to be entered within 90 days after the matter has been submitted to the commission for consideration, and the findings and order of the commission with respect to any of such matters shall be and remain in full force and effect, unless and until set aside, modified or remanded in a proceeding for judicial review of an order in the manner provided by ORS 756.610.

[Formerly 757.170; 1989 c.956 §7; 2005 c.22 §505; 2005 c.638 §9; 2017 c.312 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.500 - Contracts between certain public utilities.**

When any public utility is primarily engaged in another enterprise and is only indirectly engaged in the production, transmission, delivery or furnishing of heat, light, water or power to or for the public by reason of a contract or agreement, express or implied,

between itself and another public utility which is directly engaged in such business, the jurisdiction of the Public Utility Commission over such public utility extends only to the right to modify, control, rescind, alter or amend any such existing contract or agreement where the interest of the customers of such public utility directly engaged in such business demands. No such contract or agreement is valid or enforceable until it has been approved by the commission as being in the public interest. [Formerly 757.175]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.506 - Findings and policy regarding exercise of influence over utility by person not engaged in utility business.**

(1) The Legislative Assembly finds and declares that:

(a) The protection of customers of public utilities which provide heat, light or power is a matter of fundamental statewide concern;

(b) Existing legislation requires the Public Utility Commission's approval of one public utility's acquisition of another public utility's stocks, bonds and certain property used for utility purposes, but does not require the commission's approval of such acquisitions by persons not engaged in the public utility business in Oregon; and

(c) An attempt by a person not engaged in the public utility business in Oregon to acquire the power to exercise any substantial influence over the policies and actions of an Oregon public utility which provides heat, light or power could result in harm to such utility's customers, including but not limited to the degradation of utility service, higher rates, weakened financial structure and diminution of utility assets.

(2) It is, therefore, the policy of the State of Oregon to regulate acquisitions by persons not engaged in the public utility business in Oregon of the power to exercise any substantial influence over the policies and actions of an Oregon public utility which provides heat, light or power in the manner set forth in this section and ORS 757.511 in order to prevent unnecessary and unwarranted harm to such utilities' customers. [1985 c.632 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.511 - Application for authority to exercise influence over utility; contents of application; issuance of order; dissemination of information about acquisition.**

(1) No person, directly or indirectly, shall acquire the power to exercise any substantial influence over the policies and actions of a public utility which provides heat, light or power without first securing from the Public Utility Commission, upon application, an order authorizing such acquisition if such person is, or by such acquisition would become, an affiliated interest with such public utility as defined in ORS 757.015 (1), (2) or (3).

(2) Notice must be given to the commission of an application under this section at least 60 days before the application is filed with the commission. The notice must indicate whether the transaction is a transaction described in ORS 757.814 (1). If the transaction is a transaction as described in ORS 757.814 (1), the commission shall give notice to cities and counties as required by ORS 757.814 (1).

(3) The application required by subsection (1) of this section shall set forth detailed information regarding:

(a) The applicant's identity and financial ability;

(b) The background of the key personnel associated with the applicant;

(c) The source and amounts of funds or other consideration to be used in the acquisition;

(d) The applicant's compliance with federal law in carrying out the acquisition;

(e) Whether the applicant or the key personnel associated with the applicant have violated any state or federal statutes regulating the activities of public utilities;

(f) All documents relating to the transaction giving rise to the application;

(g) The applicant's experience in operating public utilities providing heat, light or power;

(h) The applicant's plan for operating the public utility;

(i) How the acquisition will serve the public utility's customers in the public interest; and

(j) Such other information as the commission may require by rule.

(4)(a) The commission shall examine and investigate each application received pursuant to this section. The commission shall issue an order disposing of the application within 11 months of the date the application is filed, unless extended by agreement between the commission and applicant. If the commission determines that approval of the application will serve the public utility's customers and is in the public interest, the commission shall issue an order granting the application. The commission may condition an order authorizing the acquisition upon the applicant's satisfactory performance or adherence to specific requirements. The commission otherwise shall issue an order denying the application. The applicant shall bear the burden of showing that granting the application is in the public interest.

(b) In reviewing an application received pursuant to this section for an electricity or natural gas utility, the Public Utility Commission must consider the effect of the acquisition or merger on the amount of income taxes paid by the utility or its affiliated group and make any necessary adjustments to the rates of the utility, including the establishment of a balancing account to track income tax expense, to ensure that the acquisition or merger serves the utility's customers and is in the public interest.

(5) Nothing in this section shall prohibit dissemination by any party of information concerning the acquisition so long as such dissemination is not otherwise in conflict with state or federal law. [1985 c.632 §3; 2007 c.807 §2a; 2011 c.137 §4; 2023 c.53 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.515**

[Amended by 1971 c.655 §39; renumbered 756.515]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.516 - Contracts between natural gas utilities and customers for commodity and services; determination by commission of reasonableness of contract and utility activities.**

(1) Following a Public Utility Commission determination that such services are subject to competition, a natural gas utility may enter into a contract with any customer for the provision of natural gas commodity, rights to pipeline capacity and natural gas transportation services when such services are provided in advance of the point of interconnection between the facility of the natural gas utility and the facility of an interstate pipeline.

(2) Contracts for services described under subsection (1) of this section are not schedules of rates, tolls or charges within the meaning of ORS 757.205 and are not subject to the requirements of ORS 757.205, 757.230 and 757.310.

(3) A contract for services described under subsection (1) of this section may include services provided after the point of interconnection between a natural gas utility's facility and the interstate pipeline's facility. Services provided after the point of interconnection are subject to the requirements of ORS 757.205, 757.230 and 757.310 and shall be separately priced in accordance with the utility's filed tariffs.

(4) A natural gas utility entering contracts for services described under subsection (1) of this section shall make available to the commission any information necessary for review of such contracts for ratemaking purposes. Notwithstanding ORS 192.311 to 192.478, the commission shall not release the terms of any contract or portion of a contract for services described in subsection (1) of this section without the consent of the customer and the natural gas utility except for contracts entered into between a natural gas utility and an affiliated interest of that natural gas utility. Notwithstanding any other provision of this section, a contract for services described in subsection (1) of this section between a natural gas utility and another public utility may be released by the commission pursuant to a hearing held under ORS 757.210.

(5) Nothing in this section shall restrict the commission from subsequent investigation of the reasonableness of contracts entered into under subsection (1) of this section for ratemaking purposes. The commission's review of such contracts for ratemaking purposes shall not in any way affect the obligations or rights of the parties under the contracts.

(6) In accordance with ORS 756.515, the commission may investigate the activities of a natural gas utility related to contracts described under subsection (1) of this section. Notwithstanding any other provision of this section, if the commission finds that the activities of a natural gas utility have not generally been in the public interest, the commission, by order, may require the natural gas utility to file all future contracts described under subsection (1) of this section as provided under ORS 757.205 or 757.240. Any such finding by the commission shall not affect the obligations or rights of the parties under any existing contracts.

(7) Nothing in this section, nor any action taken by the commission pursuant to this section, shall be deemed state action for the purpose of exempting a natural gas utility from liability for anticompetitive conduct or other unlawful practices.

(8) As used in this section, "natural gas utility" means a public utility providing natural gas service to customers. [1993 c.485 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.518 - Elimination of coal-fired resources from allocations of electricity; depreciation; exception; useful life of coal-fired resources; rates.**

(1) As used in this section:

(a) "Allocation of electricity" means, for the purpose of setting electricity rates, the costs and benefits associated with the resources used to provide electricity to an electric company's retail electricity consumers that are located in this state.

(b)(A) "Coal-fired resource" means a facility that uses coal-fired generating units, or that uses units fired in whole or in part by coal as feedstock, to generate electricity.

(B) "Coal-fired resource" does not include a facility generating electricity that is included as part of a limited duration wholesale power purchase made by an electric company for immediate delivery to retail electricity consumers that are located in this state for which the source of the power is not known.

(c) "Electric company" has the meaning given that term in ORS 757.600.

(d) "Retail electricity consumer" has the meaning given that term in ORS 757.600.

(2) On or before January 1, 2030, an electric company shall eliminate coal-fired resources from its allocation of electricity.

(3)(a) The Public Utility Commission shall adjust any schedule of depreciation approved by the commission for an electric company's coal-fired resource if:

(A) The electric company holds a minority ownership share in only one coal-fired resource, with no more than four generating units; and

(B) The electric company serves at least 800,000 retail electricity consumers and only retail electricity consumers that are located in this state.

(b) The adjusted depreciation schedule described in paragraph (a) of this subsection must require the coal-fired resource described in paragraph (a)(A) of this subsection to be fully depreciated on or before December 31, 2030.

(4) Notwithstanding subsections (2) and (3) of this section, for the number of years requested by the electric company, not to exceed five years after the coal-fired resource is fully depreciated, the commission shall authorize an electric company described in subsection (3) of this section to include in the company's allocation of electricity the costs and benefits associated with the coal-fired resource described in subsection (3)(a)(A) of this section if:

(a) The electric company requests the commission to authorize the allocation of electricity; or

(b) The owners of the coal-fired resource agree to close the coal-fired resource on or before the date that is five years after the date the coal-fired resource is fully depreciated.

(5) For purposes of evaluating the prudence of an investment decision regarding a coal-fired resource made after March 8, 2016, or an investment related to the continued operation of a coal-fired resource made after March 8, 2016, the useful life of the coal-fired resource may not be considered to be any later than January 1, 2030, unless the commission determines otherwise.

(6) Notwithstanding ORS 757.355, this section does not prevent the full recovery of prudently incurred costs related to the decommissioning or remediation of a coal-fired resource or the closure of a coal-fired resource, at the time those costs are incurred. [2016 c.28 §1]

Note:

757.518 and 757.519 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.519 - Consideration of net gain or net loss upon sale of coal-fired resource for allocation to certain retail electricity consumers.**

The Public Utility Commission may consider the net gain or net loss upon the sale of any coal-fired resource, as defined in ORS 757.518, for allocation to the retail electricity consumers, as defined in ORS 757.600, of an electric company that makes sales of electricity to 25,000 or more retail electricity consumers in this state. [2016 c.28 §2]

Note:

See note under 757.518.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.522 - Definitions for ORS 757.522 to 757.536.**

As used in ORS 757.522 to 757.536:

(1) "Additional interest" means:

(a) The acquisition, by the holder of an interest in a generating facility located in Oregon, of a separate interest in that generating facility that is producing energy and is in service for tax purposes, commercially operable or in rates on July 1, 2010; and

(b) The renewal of an existing contract of five or more years that includes the acquisition of baseload electricity for an additional term of five or more years where the expected greenhouse gas emissions profile of the contract renewal is substantially similar to that of the previous contract.

(2) "Annual plant capacity factor" means the ratio of the electricity produced by a generating facility during one year, measured in kilowatt-hours, to the electricity the generating facility could have produced if it had been operated at its rated capacity throughout the same year, expressed in kilowatt-hours.

(3)(a) "Baseload electricity" means electricity produced by a generating facility that is designed and intended, at the time a site certificate is issued to the owner of the facility or a permit authorizing the construction and operation of the facility is issued to the owner of the facility by another state or country, to provide electricity on a continuous basis at an annual plant capacity factor of at least 60 percent.

(b) "Baseload electricity" does not include electricity from:

(A) A qualifying facility under the federal Public Utility Regulatory Policies Act of 1978, 16 U.S.C. 2601 to 2645;

(B) A generating source that uses natural gas or petroleum distillates as a fuel source and that is primarily used to serve either peak demand or to integrate energy from a renewable energy source described in ORS 469A.025; or

(C) A generating facility that:

(i) Previously used coal as the facility's primary fuel source;

(ii) Is owned in whole or in part by an electric company; and

(iii) Currently uses natural gas or another resource as the facility's primary fuel source.

(4) "Construction" has the meaning given that term in ORS 469.300.

(5) "Consumer-owned utility" has the meaning given that term in ORS 757.600.

(6) "Electric company" has the meaning given that term in ORS 757.600.

(7) "Electricity service supplier" has the meaning given that term in ORS 757.600.

(8) "Generating facility" includes one or more jointly operated electricity generators that use the same fuel type, have the same in-service date and operate at the same location as described in ORS 469.300.

(9) "Governing board" means the legislative authority of a consumer-owned utility.

(10)(a) "Long-term financial commitment" means an investment in or upgrade of a generating facility that produces baseload electricity, or a contract with a term of more than five years, beginning on the date on which the contract is executed, that includes

acquisition of baseload electricity.

(b) "Long-term financial commitment" does not include:

(A) Routine or necessary maintenance;

(B) Installation of emission control equipment;

(C) Installation, replacement or modification of equipment that improves the heat rate of the facility or reduces a generating facility's pounds of greenhouse gases per megawatt-hour of electricity;

(D) Installation, replacement or modification of equipment where the primary purpose is to maintain reliable generation output capability and not to extend the life of the generating facility, and that does not increase the heat input or fuel usage as specified in existing generation air quality permits, but that may result in incidental increases in generation capacity;

(E) Repairs necessitated by sudden and unexpected equipment failure; or

(F) An acquisition of an additional interest.

(11) "Output-based methodology" means a greenhouse gas emissions standard that is expressed in pounds of greenhouse gases emitted per megawatt-hour, factoring in the useful thermal energy employed for purposes other than the generation of electricity.

(12) "Site certificate" has the meaning given that term in ORS 469.300.

(13) "Upgrade" means any modification made for the primary purpose of increasing the electric generation capacity of a baseload facility. [2009 c.751 §1; 2013 c.172 §1]

Note:

757.522 to 757.538 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.524 - Greenhouse gas emissions standard applicable to electric companies and electricity service suppliers.**

(1) The greenhouse gas emissions standard that applies to electric companies and electricity service suppliers is 1,100 pounds of greenhouse gases per megawatt-hour for a generating facility.

(2) The greenhouse gas emissions standard applies only to carbon dioxide emissions.

(3) For purposes of applying the emissions standard to cogeneration facilities, the Public Utility Commission shall establish an output-based methodology to ensure that the calculation of emissions of greenhouse gases for cogeneration facilities recognizes the total usable energy output of the process and includes all greenhouse gases emitted by the facility in the production of both electrical and thermal energy. [2009 c.751 §2; 2013 c.172 §2]

Note:

See note under 757.522.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.526 - Petition by electric companies and electricity service suppliers to study greenhouse gas emissions standard; report to Legislative Assembly.**

No sooner than 90 days after the enactment of a federal law, state law, regulation or rule regulating the emission of greenhouse gases from generating facilities, an electric company, electricity service supplier or the customer of an electric company or electricity service supplier may petition the Public Utility Commission to study the greenhouse gas emissions standard established under ORS 757.524. If the commission undertakes the study, the commission shall determine whether the standard is still necessary to reduce greenhouse gases emitted by electric companies and electricity service suppliers and whether the standard should be repealed or maintained in whole or in part. In making the determination, the commission shall consider whether the enacted federal law, state law, regulation or rule is inconsistent with the standard or renders the standard redundant. The commission shall report the results of the study, and shall include recommendations for legislation, to the Legislative Assembly in the manner described in ORS 192.245 no later than 12 months after receiving the petition. [2013 c.172 §4]

Note:

See note under 757.522.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.528 - Greenhouse gas emissions standard applicable to consumer-owned utilities; modification; rules.**

(1) Unless modified by rule by the State Department of Energy as provided in this section, the greenhouse gas emissions standard that applies to consumer-owned utilities is 1,100 pounds of greenhouse gases per megawatt-hour for a generating facility.

(2) Unless modified pursuant to subsection (4) of this section, the greenhouse gas emissions standard includes only carbon dioxide emissions.

(3) For purposes of applying the emissions standard to cogeneration facilities, the department shall establish an output-based methodology to ensure that the calculation of emissions of greenhouse gases for cogeneration facilities recognizes the total usable energy output of the process and includes all greenhouse gases emitted by the facility in the production of both electrical and thermal energy.

(4) The department shall review the greenhouse gas emissions standard established under this section no more than once every three

years. After public notice and hearing, and consultation with the Public Utility Commission, the department may:

- (a) Modify the emissions standard to include other greenhouse gases as defined in ORS 468A.210, with the other greenhouse gases expressed as their carbon dioxide equivalent; and
- (b) Modify the emissions standard based upon current information on the rate of greenhouse gas emissions from a commercially available combined-cycle natural gas generating facility that:
  - (A) Employs a combination of one or more gas turbines and one or more steam turbines and produces electricity in the steam turbines from waste heat produced by the gas turbines;
  - (B) Has a heat rate at high elevation within the boundaries of the Western Electricity Coordinating Council; and
  - (C) Has a heat rate at ambient temperatures when operating during the hottest day of the year.
- (5) In modifying the greenhouse gas emissions standard, the department shall:
  - (a) Use an output-based methodology to ensure that the calculation of greenhouse gas emissions through cogeneration recognizes the total usable energy output of the process and includes all greenhouse gases emitted by the generating facility in the production of both electrical and thermal energy; and
  - (b) Consider the effects of the emissions standard on system reliability and overall costs to electricity consumers.
- (6) If upon a review conducted pursuant to subsection (4) of this section, the department determines that a mandatory greenhouse gas emissions limit has been established pursuant to state or federal law, the department shall issue a report to the appropriate legislative committees of the Legislative Assembly stating which portions, if any, of the greenhouse gas emissions standard are no longer necessary as a matter of state law. [2009 c.751 §3]

Note:

See note under 757.522.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.531 - Emissions standard-based restrictions on long-term financial commitments by electric companies or electricity service suppliers; rules.**

- (1)(a) An electric company or electricity service supplier may not enter into a long-term financial commitment unless the baseload electricity acquired under the commitment is produced by a generating facility that complies with a greenhouse gas emissions standard established under ORS 757.524.
- (b) A generating facility complies with the greenhouse gas emissions standard established under ORS 757.524 if the rate of emissions of the facility does not exceed the emissions standard.
- (c) In determining whether a generating facility complies with the emissions standard, the total emissions associated with producing baseload electricity at the generating facility are included in determining the rate of emissions of greenhouse gases. The total emissions associated with producing electricity at the generating facility do not include emissions associated with transportation, fuel extraction or other life-cycle emissions associated with obtaining the fuel for the facility.
- (2) Notwithstanding subsection (1) of this section, the emissions standard does not apply to greenhouse gas emissions produced by a generating facility owned by an electric company or electricity service supplier or contracted through a long-term financial commitment if the emissions:
  - (a) Come from a facility powered exclusively by renewable energy sources described in ORS 469A.025;
  - (b) Come from a cogeneration facility in this state that is fueled by natural gas, synthetic gas, distillate fuels, waste gas or a combination of these fuels, and that is producing energy, in service for tax purposes, commercially operable, or in rates as of July 1, 2010, until the facility is subject to a new long-term financial commitment; or
  - (c) Come from a generating facility that has in place a plan, as determined by the Public Utility Commission, to be a low-carbon emissions resource, pursuant to sufficient technical documentation, within seven years of commencing plant operations.
- (3) Notwithstanding ORS 757.524 and subsection (1) of this section, the commission may exempt a long-term financial commitment by an electric company or an electricity service supplier from the greenhouse gas emissions standard if the commission finds that the commitment is a necessary and prudent response to:
  - (a) Unanticipated electricity system reliability needs; or
  - (b) Catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.
- (4) Notwithstanding subsection (1) of this section, an electric company may enter into a long-term financial commitment that does not meet the emissions standard established under ORS 757.524 if the electric company does not seek recovery of the costs in retail sales in this state.
- (5) The commission by rule shall establish:
  - (a) Standards for identifying contracts for electricity for which the emissions cannot readily be determined with any specificity; and
  - (b) Emissions to be attributed to such contracts for purposes of determining compliance with the emissions standard established under ORS 757.524. [2009 c.751 §4]

Note:

See note under 757.522.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.533 - Emissions standard-based restrictions on long-term financial commitments by consumer-owned**

**utilities; rules.**

- (1)(a) A governing board of a consumer-owned utility may not enter into a long-term financial commitment unless the baseload electricity acquired under the commitment is produced by a generating facility that complies with a greenhouse gas emissions standard established under ORS 757.528.
- (b) A generating facility complies with the greenhouse gas emissions standard established under ORS 757.528 if the rate of emissions of the facility does not exceed the emissions standard.
- (c) In determining whether a generating facility complies with the emissions standard, the total emissions associated with producing baseload electricity at the generating facility shall be included in determining the rate of emissions of greenhouse gases. The total emissions associated with producing electricity at the generating facility do not include emissions associated with transportation, fuel extraction or other life-cycle emissions associated with obtaining the fuel for the facility.
- (2) Notwithstanding subsection (1) of this section, the emissions standard does not apply to greenhouse gas emissions produced by a generating facility owned by a consumer-owned utility or contracted through a long-term financial commitment if the emissions:
- (a) Come from a facility powered exclusively by renewable energy sources described in ORS 469A.025;
- (b) Come from a cogeneration facility in this state that is fueled by natural gas, synthetic gas, distillate fuels, waste gas or a combination of these fuels, and that is producing energy, in service for tax purposes, commercially operable, or in rates as of July 1, 2010, until the facility is subject to a new long-term financial commitment; or
- (c) Come from a generating facility that has in place a plan to be a low-carbon emission resource, as determined by the State Department of Energy, pursuant to sufficient technical documentation, within seven years of commencing plant operations.
- (3) The governing board may provide an exemption for an individual generating facility from the emissions performance standard to address:
- (a) Unanticipated electricity system reliability needs;
- (b) Catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances; or
- (c) Long-term financial commitments between members of a joint operating entity recognized under federal law or the joint operating entity's predecessor organization, or with the joint operating entity for a baseload resource that the consumer-owned utility had an ownership interest in prior to July 1, 2010.
- (4) A governing board shall report to the consumer-owned utility's customers or members and to the State Department of Energy information on any case-by-case exemption from the emissions performance standard granted by the governing board.
- (5) For purposes of ORS 757.522 to 757.536, a long-term financial commitment for a consumer-owned utility does not include agreements to purchase electricity from the Bonneville Power Administration.
- (6) The department by rule shall establish:
- (a) Standards for identifying contracts for electricity for which the emissions cannot readily be determined with any specificity; and
- (b) Emissions to be attributed to such contracts for purposes of determining compliance with the emissions standard established under ORS 757.528. [2009 c.751 §5]

Note:

See note under 757.522.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.536 - Public Utility Commission review of plans and rates to ensure compliance with greenhouse gas emissions standard; rules.**

- (1)(a) The Public Utility Commission may not acknowledge in an integrated resource plan, or allow in customer rates, the costs of a long-term financial commitment by an electric company or by an electricity service supplier unless the baseload electricity proposed to be acquired under the commitment is produced by a generating facility that complies with the greenhouse gas emissions standard established under ORS 757.524.
- (b) The commission shall revoke the certification under ORS 757.649 of an electricity service supplier entering into a long-term financial commitment to serve customers in this state if baseload electricity acquired under the commitment is produced by a generating facility that does not comply with the greenhouse gas emissions performance standard established under ORS 757.524.
- (2) Pursuant to ORS 756.040, the commission shall adopt rules for the implementation of this section.
- (3) Within 90 days of application by an electric company or electricity service supplier, the commission shall determine whether the electric company's or electricity service supplier's proposal to enter into a long-term financial commitment complies with the greenhouse gas emissions standard established under ORS 757.524. The commission may not decide in a proceeding under this subsection issues involving the actual costs to construct and operate the selected resource, cost recovery or other issues reserved by the commission for decision in a general rate case or other proceeding for recovery of the resource or contract costs. [2009 c.751 §6]

Note:

See note under 757.522.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.538 - Rules.**

The Public Utility Commission and the State Department of Energy shall adopt rules as necessary to implement ORS 757.522 to

757.536. [2009 c.751 §8]

Note:

See note under 757.522.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.539 - Eligibility criteria; contents of application; project proposal processes; recovery of costs; rate cap; report to Legislative Assembly.**

(1) As used in this section, "emission" means any anthropogenic gas, such as carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons and sulfur hexafluoride.

(2) The Public Utility Commission shall establish a voluntary emission reduction program for the purposes of incentivizing public utilities that furnish natural gas to invest in projects that reduce emissions and providing benefits to customers of public utilities that furnish natural gas.

(3) As part of the emission reduction program, the commission shall establish eligibility criteria for projects. The eligibility criteria must include:

(a) That the public utility requesting the project be a public utility that furnishes natural gas and that the project involve the provision of natural gas;

(b) That the project directly or indirectly reduce emissions;

(c) That the project benefit customers of the public utility as identified by the commission by rule or order;

(d) That the public utility, without the emission reduction program, would not invest in the project in the ordinary course of business;

(e) That the public utility, prior to filing an application under subsection (4) of this section, involve stakeholders as required by the commission by rule or order; and

(f) That the rate impact of the aggregate of all projects undertaken by a public utility under this section not exceed an amount established by the commission by rule or order.

(4) For each project that a public utility proposes under this section, the public utility must file with the commission an application. An application filed under this subsection must include:

(a) A description of the project;

(b) The projected amount of capital and operating costs necessary to complete and operate the project;

(c) The projected amount of reduced emissions created by the project;

(d) The potential of the project to reduce emissions not identified in paragraph (c) of this subsection;

(e) The projected date on which the project will become operational;

(f) A requested method, as described in subsection (8) of this section, for recovery of costs incurred and investments made and for the receipt of additional incentives;

(g) An explanation of why the public utility, without the emission reduction program, would not invest in the project in the ordinary course of business;

(h) Proof of stakeholder involvement;

(i) The projected rate impact of the project;

(j) The projected aggregate rate impact of all projects proposed by the public utility under this section and approved by the commission for the public utility under this section;

(k) An explanation of how the public utility will provide the commission with progress updates during the life of the project, including updates on costs and reduced emissions associated with the project; and

(L) Any other information required by the commission by rule or order.

(5)(a) The commission shall establish a two-tiered process for submitting a project proposal under the emission reduction program. For the purpose of establishing the tiers, the commission shall:

(A) Establish a threshold for overall project cost; and

(B) Establish a threshold for overall project cost per metric ton of reduced emissions.

(b) If a proposed project meets both the threshold described in paragraph (a)(A) of this subsection and the threshold described in paragraph (a)(B) of this subsection, the project is a tier one project subject to the requirements of subsection (6) of this section. If a proposed project does not meet the threshold described in paragraph (a)(A) of this subsection or the threshold described in paragraph (a)(B) of this subsection, the project is a tier two project subject to the requirements of subsection (7) of this section.

(6) For tier one projects, the commission shall:

(a) Provide interested parties with an opportunity to submit written comment in response to the proposed project;

(b) Hold a public hearing to address all submitted written comments; and

(c) Issue a final order on the proposed project within 90 days of receiving the application for the project, or at a later time as authorized by the public utility.

(7) For tier two projects, the commission shall:

(a) By rule or order, provide interested parties with an opportunity to submit testimony in response to the proposed project and be heard; and

(b) Issue a final order on the proposed project within 180 days of receiving the application for the project, or at a later time as

authorized by the public utility.

(8) If a final order issued under subsection (6)(c) or (7)(b) of this section authorizes a project, the order shall specify:

(a) The type of ratepayer from whom the public utility that submitted the project proposal may recover costs incurred and investments made and receive any allowed additional incentives. A public utility may recover costs incurred and investments made and receive any allowed additional incentives from a type of ratepayer under this paragraph only if the commission makes a finding that the type of ratepayer receives a benefit from the project. If the commission makes a finding that more than one type of ratepayer receives a benefit from the project, the commission shall allow recovery of costs incurred and investments made and receipt of any allowed additional incentives from each type of ratepayer in an amount that is proportionate to the proportion of the benefit received, as determined by the commission, by the type of ratepayer.

(b) The method by which the public utility that submitted the project proposal may recover costs incurred and investments made and receive any allowed additional incentives, and the amount that the public utility may recover and receive. Methods of recovery and receipt include:

(A) Payment per unit of reduced emissions;

(B) Preapproval for inclusion in the public utility's rates of costs prudently incurred and of investments prudently made;

(C) Return of investment and return on investment; and

(D) Any other method approved by the commission by rule or order.

(9) For purposes related to the emission reduction program established under this section, the commission may consider the amount of reduced emissions created by a project or the value of reduced emissions created by a project.

(10) The commission shall establish a rate cap for each public utility for which a project is authorized under this section. The rate cap must limit the cost of all of the public utility's projects authorized under this section to an amount that does not exceed a percentage of the public utility's revenue requirement as identified by the commission by rule or order.

(11) The commission shall biennially conduct a study on whether federal law or regulation or other state laws or rules provide adequate incentives for public utilities that furnish natural gas to invest in projects that reduce emissions in the ordinary course of business. The commission shall report the results of a study conducted under this subsection, and may make recommendations for legislation, to the Legislative Assembly in the manner described in ORS 192.245 not later than February 1 of each odd-numbered year. [2013 c.607 §2; 2015 c.24 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.540**

[Amended by 1971 c.655 §53; renumbered 756.568]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.542 - Definitions for ORS 757.542 to 757.562.**

As used in ORS 757.542 to 757.562 and 757.993:

(1) "Business day" means any 24-hour day other than a Saturday, Sunday or federal or state legal holiday.

(2) "Damage" means harm to or destruction of underground facilities including, but not limited to, the weakening of structural, lateral or subjacent support; the penetration, impairment or destruction of any coating, housing or other protective device; and the denting of, penetration into or severance of underground facilities.

(3) "Excavation" means any operation in which earth, rock or other material on or below the ground is moved or otherwise displaced by any means, except sidewalk, road and ditch maintenance less than 12 inches in depth that does not lower the road grade or original ditch flow line. "Excavation" does not include the tilling of soil for agricultural purposes conducted on private property that is not within the boundaries of a recorded right of way or easement for underground facilities.

(4) "Excavator" means any person who engages in excavation.

(5) "Operator" means any person, public utility, municipal corporation, political subdivision of the state or other person with control over underground facilities.

(6) "Underground facilities" means items partially or entirely below the surface of the ground for use in connection with the storage or conveyance of electrical energy, water, sewage, petroleum products, gas, gaseous vapors or hazardous liquids, or the transmission of electronic, telephonic, telegraphic or cable communications. Such items include, but are not limited to, pipes, sewers, conduits, cables, valves, lines, wires, manholes, attachments and those parts of poles or anchors that are underground.

(7) "Unlocatable underground facilities" means underground facilities that cannot be marked with reasonable accuracy, including nonconductive sewers and nonmetallic underground facilities that have no trace wires. [1995 c.691 §1]

Note:

757.542 to 757.562 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.547 - Oregon Utility Notification Center; board; member qualifications; terms; meetings; rules.**

(1)(a) The Oregon Utility Notification Center is created as an independent not-for-profit public corporation. The corporation shall be governed by a board of directors consisting of one member appointed to represent each of the following:

- (A) Cities with a population of 25,000 or more;
- (B) Cities with a population under 25,000;
- (C) Counties;
- (D) Natural gas utilities regulated by the Public Utility Commission under ORS chapter 757;
- (E) Electric utilities regulated by the Public Utility Commission under ORS chapter 757;
- (F) Water districts, special districts, sanitary districts or water and sanitary authorities;
- (G) Telecommunications utilities serving fewer than 50,000 access lines and regulated by the Public Utility Commission under ORS chapter 759;
- (H) Telecommunications utilities serving 50,000 access lines or more and regulated by the Public Utility Commission under ORS chapter 759;
- (I) Telecommunications cooperatives;
- (J) Electric cooperatives;
- (K) People's utility districts;
- (L) Contractors;
- (M) Excavators;
- (N) Railroads;
- (O) Cable system operators; and
- (P) Municipal electric utilities.

(b) To facilitate appointment of members of the first board of directors, the Public Utility Commission shall, by order, select organizations that are most representative of each of the groups set forth in paragraph (a) of this subsection. Each organization so selected may nominate a member for the board and may, within the time allowed by the commission's order, submit the name of the nominee to the Governor, who shall consider the nominee before making any other appointment to the board.

(c) After appointment of the first board of directors, to facilitate appointment of new members to the board, the board shall, by rule, select organizations that are most representative of each of the groups set forth in paragraph (a) of this subsection. Each organization so selected may nominate a member for the board and may, within the time allowed by rule, submit the name of the nominee to the Governor, who shall consider the nominee before making any other appointment to the board.

(d) If the board of directors determines that a group not listed in paragraph (a) of this subsection should be represented on the board, the board may select an organization that is most representative of the group and may ask that organization to nominate a member. Upon receipt of the nomination, the board may request that the Governor appoint the nominee.

(e) The Governor shall also appoint to the board of directors one employee of the commission and one employee of the Department of Transportation.

(2) The term of office of a member is four years. A member is eligible for reappointment. Before the expiration of the term of a member, the board of directors shall solicit a nomination as provided in subsection (1) of this section and the Governor shall appoint a successor. If there is a vacancy for any cause, the board shall solicit a nomination as provided in subsection (1) of this section and the Governor shall make an appointment to become immediately effective for the unexpired term. A member may continue to serve until a successor is appointed. Nothing in this subsection or subsection (1) of this section shall restrict the authority of the Governor to appoint a person other than one of the persons nominated according to this subsection or subsection (1) of this section.

(3) The board of directors shall select one of its members as chairperson and another as vice chairperson, for such terms and with such duties and powers as the board considers necessary for the performance of the functions of those offices. A minimum of seven of the members of the board constitutes a quorum for the transaction of business.

(4) The board of directors shall meet at least once every three months at a time and place determined by the board. The board shall meet at such other times and places specified by the call of the chairperson or of a majority of the members of the board. [1995 c.691 §2; 1999 c.451 §2]

Note:

See note under 757.542.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.552 - Duties of center; fees for services; rules; exemption from certain financial administration laws.**

(1) It is the function of the board of directors to operate the Oregon Utility Notification Center, through which a person shall notify operators of underground facilities of proposed excavations and request that the underground facilities be marked.

(2) The board of directors shall:

(a) Utilize a competitive process to contract with any qualified person to provide the notification required under subsection (1) of this section.

(b) Subject to subsection (3) of this section, establish rates, on a per call basis, under which subscribers shall pay to fund all of the activities of the Oregon Utility Notification Center.

(c) Adopt rules according to ORS chapter 183 that regulate the notification and marking of underground facilities to prevent damage to underground facilities. The rules, insofar as is practicable, shall be consistent with the Oregon Utilities Coordinating Council Standards Manual of March 31, 1995.

(3) The Oregon Utility Notification Center shall have all of the powers of a state agency. Except as provided in subsection (2) of this

section, the provisions of ORS 279.835 to 279.855 and 283.085 to 283.092 and ORS chapters 240, 276, 279A, 279B, 279C, 282, 283, 291, 292 and 293 do not apply to the Oregon Utility Notification Center.

(4) Notwithstanding subsection (2)(b) of this section, the board of directors shall not establish rates or other charges that require payments from any subscriber who receives fewer than 50 telephone calls in the calendar year or that result in annual payments of more than \$500 for any of the following subscribers:

(a) Cities with a population under 15,000;

(b) Telecommunications utilities serving fewer than 50,000 access lines and regulated by the Public Utility Commission under ORS chapter 759;

(c) Cable system operators serving fewer than 15,000 customers;

(d) Utilities, special districts, people's utility districts or authorities providing electricity, water or sanitary sewer service to fewer than 15,000 residential customers; and

(e) Telecommunications cooperatives. [1995 c.691 §3; 1999 c.451 §3; 2001 c.104 §293; 2003 c.794 §329; 2012 c.107 §69]

Note:

See note under 757.542.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.555**

[Amended by 1971 c.655 §49; renumbered 756.555]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.557 - Underground utility facility operators required to subscribe to center; liability for damage from excavation for nonsubscribers; exemption.**

(1) Every operator of underground facilities shall subscribe to the Oregon Utility Notification Center.

(2) Any person intending to excavate shall notify the Oregon Utility Notification Center at least two but not more than 10 business days before commencing an excavation. The board of directors shall, by rule, provide an exception to the requirement of advance notice for excavators in cases that involve an immediate danger to life or property, or a customer service outage. The board may adopt additional exceptions as the board, in its discretion, determines necessary.

(3) Nonsubscribing operators of underground facilities shall be responsible to all injured parties for all costs associated with damages to such facilities, loss of product or service or damages that occur as a result of excavation where the facilities damaged are under the control of the nonsubscribing operator and proper notice was given to the Oregon Utility Notification Center.

(4) The provisions of this section shall not apply to operators of underground facilities that are located entirely on private property and that provide services exclusively for the use of residents or owners of the property. [1995 c.691 §4; 2001 c.104 §294]

Note:

See note under 757.542.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.562 - Report to Legislative Assembly of center activities; contracts to carry out duties.**

(1) The board of directors shall file with the Legislative Assembly and the Governor, not later than April 15 of each year, a report covering the activities and operations of the Oregon Utility Notification Center for the preceding calendar year according to the provisions of ORS 192.230 to 192.250.

(2) In carrying out the duties, functions and powers imposed by law on the Oregon Utility Notification Center, the board of directors may contract with any state agency or private party for the performance of such duties, functions and powers as the board considers appropriate. [1995 c.691 §5]

Note:

See note under 757.542.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.590**

[Amended by 1971 c.655 §48; renumbered 756.552]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.600 - Definitions for ORS 757.600 to 757.687.**

As used in ORS 757.600 to 757.687, unless the context requires otherwise:

(1) "Aggregate" means combining retail electricity consumers into a buying group for the purchase of electricity and related services.

(2) "Ancillary services" means services necessary or incidental to the transmission and delivery of electricity from generating facilities to retail electricity consumers, including but not limited to scheduling, load shaping, reactive power, voltage control and energy balancing services.

- (3) "Commission" means the Public Utility Commission.
- (4) "Consumer-owned utility" means a municipal electric utility, a people's utility district or an electric cooperative.
- (5) "Default supplier" means an electricity service supplier or electric company that has a legal obligation to provide electricity services to a consumer, as determined by the commission.
- (6) "Direct access" means the ability of a retail electricity consumer to purchase electricity and certain ancillary services, as determined by the commission for an electric company or the governing body of a consumer-owned utility, directly from an entity other than the distribution utility.
- (7) "Direct service industrial consumer" means an end user of electricity that obtains electricity directly from the transmission grid and not through a distribution utility.
- (8) "Distribution" means the delivery of electricity to retail electricity consumers through a distribution system consisting of local area power poles, transformers, conductors, meters, substations and other equipment.
- (9) "Distribution utility" means an electric utility that owns and operates a distribution system connecting the transmission grid to the retail electricity consumer.
- (10) "Economic utility investment" means all electric company investments, including plants and equipment and contractual or other legal obligations, properly dedicated to generation or conservation, that were prudent at the time the obligations were assumed but the full benefits of which are no longer available to consumers as a direct result of ORS 757.600 to 757.667, absent transition credits. "Economic utility investment" does not include costs or expenses disallowed by the commission in a prudence review or other proceeding, to the extent of such disallowance, and does not include fines or penalties authorized and imposed under state or federal law.
- (11) "Electric company" means an entity engaged in the business of distributing electricity to retail electricity consumers in this state, but does not include a consumer-owned utility.
- (12) "Electric cooperative" means an electric cooperative corporation organized under ORS chapter 62 or under the laws of another state if the service territory of the electric cooperative includes a portion of this state.
- (13) "Electric utility" means an electric company or consumer-owned utility that is engaged in the business of distributing electricity to retail electricity consumers in this state.
- (14) "Electricity" means electric energy, measured in kilowatt-hours, or electric capacity, measured in kilowatts, or both.
- (15) "Electricity services" means electricity distribution, transmission, generation or generation-related services.
- (16) "Electricity service supplier" means a person or entity that offers to sell electricity services available pursuant to direct access to more than one retail electricity consumer. "Electricity service supplier" does not include an electric utility selling electricity to retail electricity consumers in its own service territory.
- (17) "Governing body" means the board of directors or the commissioners of an electric cooperative or people's utility district, or the council or board of a city with respect to a municipal electric utility.
- (18) "Load" means the amount of electricity delivered to or required by a retail electricity consumer at a specific point of delivery.
- (19) "Low-income weatherization" means repairs, weatherization and installation of energy efficient appliances and fixtures for low-income residences for the purpose of enhancing energy efficiency.
- (20) "Municipal electric utility" means an electric distribution utility owned and operated by or on behalf of a city.
- (21) "New renewable energy resource" means a renewable energy resource project, or a new addition to an existing renewable energy resource project, or the electricity produced by the project, that is not in operation on July 23, 1999. "New renewable energy resource" does not include any portion of a renewable energy resource project under contract to the Bonneville Power Administration on or before July 23, 1999.
- (22) "One average megawatt" means 8,760,000 kilowatt-hours of electricity per year.
- (23) "People's utility district" has the meaning given that term in ORS 261.010.
- (24) "Portfolio access" means the ability of a retail electricity consumer to choose from a set of product and pricing options for electricity determined by the governing board of a consumer-owned utility and may include product and pricing options offered by the utility or by an electricity service supplier.
- (25) "Power generation company" means a company engaged in the production and sale of electricity to wholesale customers, including but not limited to independent power producers, affiliated generation companies, municipal and state authorities, provided the company is not regulated by the commission.
- (26) "Qualifying expenditures" means those expenditures for energy conservation measures that have a simple payback period of not less than one year and not more than 10 years, and expenditures for the above-market costs of new renewable energy resources, provided that the State Department of Energy by rule may establish a limit on the maximum above-market cost for renewable energy that is allowed as a credit.
- (27) "Renewable energy resources" means:
  - (a) Electricity generation facilities fueled by wind, waste, solar or geothermal power or by low-emission nontoxic biomass based on solid organic fuels from wood, forest and field residues.
  - (b) Dedicated energy crops available on a renewable basis.
  - (c) Landfill gas and digester gas.
  - (d) Hydroelectric facilities located outside protected areas as defined by federal law in effect on July 23, 1999.
- (28) "Residential electricity consumer" means an electricity consumer who resides at a dwelling primarily used for residential

purposes. "Residential electricity consumer" does not include retail electricity consumers in a dwelling typically used for residency periods of less than 30 days, including hotels, motels, camps, lodges and clubs. As used in this subsection, "dwelling" includes but is not limited to single family dwellings, separately metered apartments, adult foster homes, manufactured dwellings, recreational vehicles and floating homes.

(29) "Retail electricity consumer" means the end user of electricity for specific purposes such as heating, lighting or operating equipment, and includes all end users of electricity served through the distribution system of an electric utility on or after July 23, 1999, whether or not each end user purchases the electricity from the electric utility.

(30) "Site" means a single contiguous area of land containing buildings or other structures that are separated by not more than 1,000 feet, or buildings and related structures that are interconnected by facilities owned by a single retail electricity consumer and that are served through a single electric meter.

(31) "Transition charge" means a charge or fee that recovers all or a portion of an uneconomic utility investment.

(32) "Transition credit" means a credit that returns to consumers all or a portion of the benefits from an economic utility investment.

(33) "Transmission facility" means the plant and equipment used to transmit electricity in interstate commerce.

(34) "Undue market power" means the unfair or improper exercise of influence to increase or decrease the availability or price of a service or product in a manner inconsistent with competitive markets.

(35) "Uneconomic utility investment" means all electric company investments, including plants and equipment and contractual or other legal obligations, properly dedicated to generation, conservation and workforce commitments, that were prudent at the time the obligations were assumed but the full costs of which are no longer recoverable as a direct result of ORS 757.600 to 757.667, absent transition charges. "Uneconomic utility investment" does not include costs or expenses disallowed by the commission in a prudence review or other proceeding, to the extent of such disallowance, and does not include fines or penalties as authorized by state or federal law. [1999 c.865 §1; 2001 c.134 §8; 2003 c.186 §75]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.601 - Implementation dates for direct access and portfolio of rate options; exemption for certain small electric companies.**

(1) All retail electricity consumers of an electric company, other than residential electricity consumers, shall be allowed direct access beginning on March 1, 2002. Retail electricity consumers shall not be allowed direct access before that date.

(2) Residential electricity consumers shall be allowed to purchase electricity from among a portfolio of rate options as described in ORS 757.603 not later than March 1, 2002.

(3) ORS 757.600 to 757.691 do not apply to an electric company providing electricity services to fewer than 25,000 consumers in this state unless the electric company offers direct access to any of its retail electricity consumers in this state or offers to sell electricity services available under direct access to more than one retail electricity consumer of another electric utility. [1999 c.865 §2; 2001 c.819 §1; 2003 c.14 §454]

Note:

757.601 was added to and made a part of ORS chapter 757 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.603 - Electric company required to provide cost-of-service rate option to all retail electricity consumers; waiver; portfolio of rate options for residential consumers.**

(1) Except as provided in this section, an electric company shall provide all retail electricity consumers that are connected to the electric company's distribution system with a regulated, cost-of-service rate option.

(2)(a) The Public Utility Commission by order may waive the requirement in subsection (1) of this section for any retail electricity consumer other than residential electricity consumers and small commercial electricity consumers.

(b) Prior to ordering a waiver under this subsection, the commission may conduct such studies as the commission deems necessary and shall provide notice and opportunity for public comment and hearings regarding the proposed waiver.

(c) The commission may order a waiver under this subsection if the commission finds, based on the evidentiary record developed through the conducted studies, public comment and hearings, that a market exists in which retail electricity consumers subject to the waiver are able to:

(A) Purchase supplies of electricity adequate to meet the needs of the retail electricity consumers;

(B) Obtain multiple offers for electricity supplies within a reasonable period of time;

(C) Obtain reliable supplies of electricity; and

(D) Purchase electricity at prices that are not unduly volatile and that are just and reasonable.

(3) Each electric company shall provide each retail electricity consumer that is connected to its distribution system and whose electricity demand at any point of delivery is less than 30 kilowatts a portfolio of rate options. The portfolio of rate options shall include at least the following options:

(a) A rate that reflects significant new renewable energy resources;

(b) A market-based rate; and

(c) If the commission finds, through public comment and hearing or through market research conducted by the electric company,

that demand is sufficient to justify the rate, a rate option for electricity associated with a specific renewable energy resource, including solar photovoltaic energy.

(4) The commission shall regulate the cost-of-service rate option under subsection (1) of this section and the portfolio of rate options under this section. The commission:

(a) Shall reasonably ensure that the costs, risks and benefits of serving each option are reflected in the rates for each option, and such rates may include a monthly flat rate or charge in addition to usage.

(b) May prohibit or otherwise limit the use of a cost-of-service rate by retail electricity consumers who have been served through direct access.

(c) May limit switching among the portfolio of rate options and the cost-of-service rate.

(5)(a) As used in this subsection, "government" means a city, county, irrigation district, ditch improvement district, water control district, or government of a federally recognized Indian tribe in Oregon.

(b) An electric company may file, as part of a portfolio of rate options required under this section and if agreed to in coordination with one or more governments to meet adopted renewable and nonemitting energy goals, a program of rates or charges that reflect the cost of an electric company program to serve retail electricity consumers within the boundaries of those governments with electricity:

(A) Derived from new or existing renewable energy resources or nonemitting energy resources, including supply and demand-side resources; or

(B) Paired with unbundled renewable energy certificates, as defined in ORS 469A.005, from new or existing renewable energy resources.

(c) The commission may approve a rate or charge under this subsection if:

(A) The government attests that the coordination required under paragraph (b) of this subsection occurred and the electric company includes the attestation in the filing for a program of rates or charges;

(B) The government enacts or adopts an ordinance, charter provision, resolution or other regulation requiring that retail electricity consumers within the boundaries of the government must, as determined during the coordination required by paragraph (b) of this subsection and conducted in accordance with this paragraph, be served with renewable energy resources or nonemitting energy resources, including at the option of the government, resources such as:

(i) Energy from community-based resources, including solar photovoltaic, storage, microgrids, irrigation district-owned projects, in-pipe hydroelectric, or micro-hydroelectric, that provide community cobenefits, such as:

(I) Community stability;

(II) Community reinvestment;

(III) Ownership by a nonprofit organization or renewable energy cooperative that represents an environmental justice community;

(IV) Ownership by the government;

(V) Disaster resiliency;

(VI) Water savings;

(VII) Species protection;

(VIII) Direct cost savings to customers; or

(IX) Local economic development and jobs; and

(ii) Renewable and nonemitting energy resources acquired through government specified procurement criteria which may include goals for local or diverse ownership;

(C) The ordinance, charter provision, resolution or other regulation specifies that:

(i) All eligible retail electricity consumers served within the boundaries of the government are placed on the rate schedule by the electric company, upon commission approval, but have an opportunity to decline to be served by the rate option; and

(ii) Retail electricity consumers within the boundaries of the government that are connected to the distribution system and whose electricity demand at any point of delivery is greater than 30 kilowatts may choose to be placed on the rate schedule, if the electric company determines that electricity demand at the consumer's point of delivery is greater than 30 kilowatts because of additional demand resulting from electrification of transportation or other services, including electric vehicle charging stations, after September 25, 2021;

(D) The ordinance, charter provision, resolution or other regulation includes protections, such as subsidies or bill payment assistance, for low-income retail electricity consumers affected by the rates or charges and provides that these protections are paid for solely by retail electricity consumers within the boundaries of the government;

(E) The electric company has included in the program provisions to minimize the shifting of costs from retail electricity consumers to other customers who do not participate;

(F) The ordinance, charter provision, resolution or other regulation sets forth the duration of the program; and

(G) The electric company utilizes commission-approved procurement processes, to the extent those processes apply, and the procurement criteria agreed to with the government in subparagraph (B)(ii) of this paragraph.

(d) After the electric company receives approval to serve retail electricity consumers within the boundaries of the government according to the program of rates or charges adopted pursuant to this subsection, the electric company must:

(A) Prior to commencing the program, receive acknowledgement from the government to proceed with the program as approved by the commission and, if the government declines to proceed, shall file to suspend the rates and charges under the program;

- (B) Include information on its monthly bills to participating retail electricity consumers identifying the program's cost;
- (C) Provide notice to participating retail electricity consumers of any change in rate for participation in the program; and
- (D) Provide an annual report to the commission and participating governments summarizing the program activities in the prior calendar year.
- (e) The commission shall allow the electric company, for purposes of the new or existing renewable energy resources or nonemitting energy resources that serve the program of rates or charges adopted pursuant to this subsection:
- (A) To own the facilities or use power purchase agreements.
- (B) To recover part or all of the costs associated with the resources that serve the program, including costs associated with resources described in subparagraph (A) of this paragraph, from all retail electricity consumers not served by an electricity service supplier, if:
- (i) The electric company can demonstrate that above-market or incremental costs of those resources have been paid for by program participants;
- (ii) An integrated resource plan conducted by the electric company shows an energy or capacity need and the company demonstrates that such resources are capable of meeting that need, in whole or in part;
- (iii) The electric company will use the resources to meet a renewable portfolio standard imposed by ORS 469A.052;
- (iv) The resources help the electric company comply with ORS 469A.410; or
- (v) All customers will otherwise benefit from inclusion of the costs in rates collected from all customers.
- (C) To collect moneys from participating retail electricity consumers in excess of the cost of service and defer revenues or costs associated with the program for the purposes of making future investments in resources or renewable energy certificates to serve program participants and for the purposes of protecting nonparticipating retail electricity consumers should the government end its participation in the program.
- (D) To recover the costs associated with the resources that serve the program, including costs associated with resources described in subparagraph (A) of this paragraph, from retail electricity consumers within the boundaries of the government other than those served by electricity service suppliers, if the government ends its participation in the program and the costs are not otherwise recoverable under subparagraph (B) of this paragraph.
- (6) Nothing in subsection (3) of this section prohibits an electric company from providing retail electricity consumers that are connected to its distribution system and whose electricity demand at any point of delivery is greater than 30 kilowatts a portfolio of rate options.
- (7) Notwithstanding the exemption to ORS 757.600 to 757.691 provided by ORS 757.601 (3), an electric company serving fewer than 25,000 customers in this state may propose a program for approval by the commission if the program meets the criteria specified in this section. [1999 c.865 §4; 2001 c.819 §2; 2015 c.556 §1; 2021 c.508 §20]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.605**

[1961 c.691 §2; 1971 c.655 §97; renumbered 758.400]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.606**

[Formerly 758.040; renumbered 165.475]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.607 - Direct access conditions; cost recovery.**

The Public Utility Commission shall ensure that direct access programs offered by electric companies meet the following conditions:

- (1) The provision of direct access to some retail electricity consumers must not cause the unwarranted shifting of costs to other retail electricity consumers of the electric company. The commission may, in establishing any rates and charges under ORS 757.600 to 757.667, consider and mitigate the rate impact on consumers from the reduction or elimination of subsidies in existing rate structures.
- (2) The direct access, portfolio of rate options and cost-of-service rates may include transition charges or transition credits that reasonably balance the interests of retail electricity consumers and utility investors. The commission may determine that full or partial recovery of the costs of uneconomic utility investments, or full or partial pass-through of the benefits of economic utility investments to retail electricity consumers, is in the public interest.
- (3) The commission shall allow recovery, through a transition charge, of any otherwise unrecoverable costs arising from or related to an electric company's contractual or other legal obligations to the Bonneville Power Administration under ORS 757.663, or arising from or related to a failure of the Bonneville Power Administration to meet its contractual or other legal obligations to the electric company, from those classes of consumers for which electric power was purchased from the Bonneville Power Administration.
- (4) Notwithstanding ORS 757.355, the commission may allow a return on the unamortized balance of an uneconomic utility investment or an economic utility investment that is included in rates. [1999 c.865 §8]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.609 - Date for announcing prices for electricity in subsequent calendar year; estimated prices.**

(1) The Public Utility Commission shall set a date on which all electric companies must announce prices that will be charged for electricity by the companies in the subsequent calendar year. Retail electricity consumers who are eligible for direct access must be allowed at least three business days after the date set by the commission to elect whether to use direct access or to purchase electricity from an electric company.

(2) All electricity service suppliers and electric companies must announce estimated prices that will be charged for electricity by the suppliers and companies in the subsequent calendar year or contract period at least five days before the date set by the commission under subsection (1) of this section. [2003 c.478 §2]

Note:

757.609 was added to and made a part of 757.600 to 757.687 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.610**

[1961 c.691 §18; renumbered 758.405]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.611**

[Formerly 758.050; renumbered 165.480]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.612 - Requirements for public purpose expenditures; rules.**

(1)(a) There is established an annual public purpose expenditure standard for electric companies and Oregon Community Power to fund:

(A) The above-market costs of new renewable energy resources and customer investments in distribution system-connected technologies that support reliability, resilience and the integration of renewable energy resources with the distribution systems of electric companies and Oregon Community Power;

(B) New low-income weatherization;

(C) New energy-related investments in schools; and

(D) Low-income housing.

(b) The public purpose expenditure standard shall be funded by the public purpose charge described in subsection (2) of this section.

(2)(a) Until January 1, 2036, an electric company or Oregon Community Power shall collect a nonbypassable public purpose charge equal to 1.5 percent of the revenues described in paragraph (b) of this subsection, apportioned as further set forth in subsection (3)(b) of this section. The electric company or Oregon Community Power shall collect the public purpose charge from all of the retail electricity consumers located within the electric company's or Oregon Community Power's service territory, including retail electricity consumers served by electricity service suppliers.

(b) The percentages described in paragraph (a) of this subsection and subsection (3)(b) of this section shall be calculated as percentages of the total revenues collected by the electric company, Oregon Community Power or the electricity service supplier from retail electricity consumers for electricity services, distribution services, ancillary services, metering and billing, transition charges and other types of costs included in electric rates on July 23, 1999.

(3)(a) The Public Utility Commission shall establish rules implementing the provisions of this section relating to electric companies and Oregon Community Power.

(b) The public purpose charge described in subsection (2)(a) of this section shall be the sum total of the following percentages of revenues described in subsection (2)(b) of this section, allocated for the following purposes:

(A) 0.3 percent of revenues for school districts that are located in the service territory of the electric company or Oregon Community Power, as further directed under paragraph (e) of this subsection.

(B) As further directed under paragraph (f) of this subsection, 0.51 percent of revenues for:

(i) The above-market costs of constructing and operating new renewable energy resources with a nominal electric generating capacity, as defined in ORS 469.300, of 20 megawatts or less; or

(ii) Customer investments in distribution system-connected technologies that support reliability, resilience and the integration of renewable energy resources with the distribution system of the electric company or Oregon Community Power.

(C) 0.55 percent of revenues for new low-income weatherization, as further directed under paragraph (g) of this subsection.

(D) 0.14 percent of revenues for deposit in the Housing and Community Services Department Electricity Public Purpose Charge Fund established by ORS 456.587 (1) for the purpose of providing grants as described in ORS 458.625 (2).

(c) The costs of administering subsections (1) to (5) of this section for an electric company or Oregon Community Power shall be paid out of the funds collected through public purpose charges. The commission may require an electric company or Oregon Community Power to direct funds collected through public purpose charges to state agencies responsible for implementing

subsections (1) to (5) of this section in order to pay the costs of administering subsections (1) to (5) of this section.

(d) The commission shall direct the manner in which public purpose charges are collected and spent by an electric company or Oregon Community Power and may require an electric company or Oregon Community Power to expend funds through competitive bids or other means designed to encourage competition, except that funds dedicated for new low-income weatherization shall be directed to the Housing and Community Services Department for purposes related to new low-income weatherization, as further directed in paragraph (g) of this subsection. The commission may also require funds collected through public purpose charges to be paid to a nongovernmental entity for investment in public purposes described in subsection (1) of this section.

(e)(A) Funds allocated under subsection (3)(b)(A) of this section shall be distributed to individual school districts according to the weighted average daily membership (ADMw) of each school district for the prior fiscal year as calculated under ORS 327.013. The commission shall establish by rule a methodology for distributing a proportionate share of funds under this paragraph to school districts that are only partially located in the service territory of the electric company or Oregon Community Power.

(B) A school district that receives funds under this paragraph shall use the funds first to pay for energy audits for schools located within the school district or for a fleet audit for the school district. To the extent practicable, a school district shall coordinate with the State Department of Energy and incorporate federal funding in complying with this paragraph. Following completion of an audit, the school district may expend funds received under this paragraph to implement the audit.

(C) Once an energy audit has been conducted and completely implemented for each school within the school district, the school district may expend funds received under this paragraph for any of the following purposes:

(i) Conducting additional energy audits. A school district shall conduct an energy audit prior to expending funds on any other purpose authorized under this paragraph unless the school district has performed an energy audit within the three years immediately prior to receiving the funds.

(ii) Weatherizing school district facilities and upgrading the energy efficiency of school district facilities.

(iii) Energy conservation education programs.

(iv) Purchasing electricity from environmentally focused sources.

(v) Investing in renewable energy resources.

(D) Once a fleet audit has been conducted for the school district, the school district may expend funds received under this paragraph for any of the following purposes:

(i) Purchasing or leasing zero-emission vehicles, as defined in ORS 283.398, including buses.

(ii) Purchasing or installing electric vehicle charging stations to provide electricity to zero-emission vehicles.

(f) Of the funds allocated under subsection (3)(b)(B) of this section, 25 percent must be used for activities, resources and technologies that serve low and moderate income customers, including for technologies that do not have above-market costs.

(g)(A) Funds collected by an electric company or Oregon Community Power, allocated for new low-income weatherization under subsection (3)(b)(C) of this section and directed to the Housing and Community Services Department shall be spent within the service territory of the electric company or Oregon Community Power from which the funds are collected.

(B) As further determined by the Housing and Community Services Department, a portion of the funds described in this paragraph may be used for manufactured housing replacements as a means to deliver energy efficiency, pursuant to a program dedicated to manufactured housing replacement.

(C) For purposes of this paragraph and as further determined by the Housing and Community Services Department, purposes related to new low-income weatherization includes providing funding for participants in programs by low-income weatherization service providers to change energy sources from bulk fuels to electricity service.

(h) The commission may not establish a different public purpose charge than the public purpose charge described in subsection (2) of this section.

(4)(a) A retail electricity consumer that uses more than one average megawatt of electricity at any site in the prior year shall receive a credit against public purpose charges billed by an electric company or Oregon Community Power for that site. The amount of the credit shall be equal to the total amount of qualifying expenditures for the above-market costs of new renewable energy resources and investments in distribution system-connected technologies incurred by the retail electricity consumer, not to exceed 25.5 percent of the annual public purpose charges, less administration costs incurred under this paragraph and paragraphs (b) and (c) of this subsection. The credit may not exceed, on an annual basis, the lesser of:

(A) The amount of the retail electricity consumer's qualifying expenditures; or

(B) The portion of the public purpose charge billed to the retail electricity consumer that is dedicated to the above-market costs of new renewable energy resources and investments in distribution system-connected technologies.

(b) To obtain a credit under paragraph (a) of this subsection, a retail electricity consumer shall file with the State Department of Energy a description of the proposed new renewable energy resource or investment in distribution system-connected technology and a declaration that the retail electricity consumer plans to incur the qualifying expenditure. The State Department of Energy shall issue a notice of precertification within 30 days of receipt of the filing, if such filing is consistent with paragraph (a) of this subsection. The credit may be taken after a retail electricity consumer provides a letter from a certified public accountant to the State Department of Energy verifying that the precertified qualifying expenditure has been made.

(c) Credits earned by a retail electricity consumer as a result of qualifying expenditures that are not used in one year may be carried forward for use in subsequent years.

(5) Electric utilities and retail electricity consumers shall receive a fair and reasonable credit for the public purpose expenditures of

their energy suppliers. The State Department of Energy shall adopt rules to determine eligible expenditures and the method by which such credits are accounted for and used. The State Department of Energy also shall adopt methods to account for eligible public purpose expenditures made through consortia or collaborative projects.

(6) For purposes of this section, "retail electricity consumers" includes any direct service industrial consumer that purchases electricity without purchasing distribution services from the electric utility.

(7) For purposes of this section, funds collected by Oregon Community Power through public purpose charges are not considered moneys received from electric utility operations. [1999 c.865 §3; 2001 c.134 §9; 2001 c.819 §3; 2005 c.22 §506; 2007 c.217 §9; 2007 c.301 §27; 2007 c.807 §43a; 2007 c.837 §2a; 2009 c.813 §1; 2011 c.467 §10; 2011 c.566 §2; 2015 c.180 §50; 2017 c.200 §1; 2019 c.565 §7; 2021 c.536 §5; 2021 c.547 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.613 - Whole building assessment; investment in energy efficiency.**

(1) If an electric company invests moneys collected under ORS 757.054 on new cost-effective local energy conservation, or if the nongovernmental entity described in ORS 757.746 invests moneys paid to the nongovernmental entity under ORS 757.054 on new cost-effective local energy conservation, and if the investment involves updating the energy efficiency of a residential or nonresidential building, the electric company, Oregon Community Power or the nongovernmental entity may make those investments by conducting a whole building assessment of the energy efficiency of the building and, in consideration of the whole building assessment, by maximizing the overall energy efficiency of the building. For purposes of this subsection, a "whole building assessment" means a single assessment of savings opportunities, as identified by the Public Utility Commission by rule or order.

(2) An investment described in subsection (1) of this section must be limited to an investment in a single project, as authorized by the commission by rule or order. [2013 c.383 §1; 2021 c.547 §5]

Note:

757.613 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

GenerallySection 757.642 - Unbundling electricity assets; records.**

- (1) Not later than March 1, 2002, an electric company shall unbundle the costs of electricity services into power generation, transmission, distribution and retail services.
- (2) Every electric company shall maintain separate accounting records for each component of electricity service provided by the electric company to retail electricity consumers. Accounts shall be maintained according to regulations issued by the Federal Energy Regulatory Commission.
- (3) Unless required to provide a different accounting under federal requirements, each electric company shall, to a reasonable level of detail, separately identify and account for its costs of:
  - (a) Generation;
  - (b) Transmission services;
  - (c) Distribution services;
  - (d) Ancillary services;
  - (e) Consumer service charges levied on retail electricity consumers, including but not limited to metering and billing;
  - (f) Investment in public purposes; and
  - (g) State and local taxes paid by retail electricity consumers.
- (4) An electric company shall separately identify and account for the costs of any additional components as the Public Utility Commission may require. [1999 c.865 §5; 2001 c.819 §4]

[1961 c.691 §9; renumbered 758.440]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 757 - Utility Regulation  
GenerallySection 757.646 - Policies to eliminate barriers to competitive retail market; code of conduct for electric companies; rules.**

- (1) The duties, functions and powers of the Public Utility Commission shall include developing policies to eliminate barriers to the development of a competitive retail market between electricity service suppliers and electric companies. The policies shall be designed to mitigate the vertical and horizontal market power of incumbent electric companies and prohibit preferential treatment, or the appearance of such treatment, by the incumbent electric companies toward generation or market affiliates. The commission may require an electric company acting as an electricity service supplier do so through an affiliate.
- (2) The commission shall establish by rule a code of conduct for electric companies and their affiliates to protect against market abuses and anticompetitive practices. The code shall, at a minimum:
  - (a) Require an electric company and any affiliate that shares the same name and logo to disclose to all consumers the relationship between the company and affiliate and to clarify that the affiliate is not the same as the electric company and that in order to receive service from the company a consumer does not have to purchase the services of the affiliate;
  - (b) Prohibit preferential access by an electric company affiliate to confidential consumer information;
  - (c) Minimize cross-subsidization between competitive operations and regulated operations, including the use of electric company personnel and other resources;
  - (d) Prohibit joint marketing activities and exclusive referral arrangements between an electric company and its affiliates;
  - (e) Provide the commission with all necessary access to books and records;
  - (f) Require electric companies to make regular compliance filings; and
  - (g) Require fair treatment of all competitors by a distribution utility.
- (3) An electric company shall provide the commission access to all books and records necessary for the commission to monitor the electric company and its affiliate relationships. The commission shall require an electric company biannually to file a report detailing compliance with this subsection.
- (4) Notwithstanding subsection (1) of this section, the commission shall ensure that policies developed to mitigate the vertical and horizontal market power of incumbent electric companies do not limit or delay electric companies from offering programs or services or making prudent investments in furtherance of the clean energy targets established by ORS 469A.410 or a program established under ORS 757.603 (5), or that otherwise aid in reducing statewide emissions of greenhouse gases consistent with state policies, including ORS 283.398 and 468A.205. [1999 c.865 §6; 2001 c.683 §18; 2021 c.508 §23]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 757 - Utility Regulation  
GenerallySection 757.649 - Certification of electricity service suppliers; safety standards for distribution systems; billing requirements; rules.**

- (1)(a) A person or other entity shall not act as an electricity service supplier unless the person or entity is certified by the Public Utility Commission. The commission, by rule, shall establish standards for certification of persons or other entities as electricity service suppliers in this state. The rules shall, at a minimum, address:
- (A) The ability of the person or entity to meet the person's or entity's obligation to provide electricity services pursuant to direct access; and
  - (B) The ability of the person or entity to comply with applicable consumer protection laws.
- (b) The commission may require an electricity service supplier to provide a bond or other security.
- (c) The commission may establish a fee, not to exceed \$500, for initial certification and annual recertification of electricity service suppliers.
- (d) The commission, at any time, may revoke an electricity service supplier's certification for failure to comply with applicable statutes and rules.
- (e) The commission may require an electricity service supplier to provide information necessary to ensure compliance with ORS 757.612. The commission shall ensure the privacy of all information and the protection of any proprietary information provided.
- (f) The commission shall require an electricity service supplier to publicly disclose a summary of the aggregated energy supply mix and associated emissions of the power sources that serve the direct access retail electricity consumers of the electricity service supplier, or such other aggregated information comparable to information provided by electric companies to retail electricity consumers as the commission may require.
- (2) Every electric utility shall maintain the integrity of its transmission facilities and distribution system and provide safe, reliable service to all retail electricity consumers. Nothing in ORS 757.600 to 757.667 or 757.669 to 757.687 shall reduce or diminish the statutory or contractual obligations of electric utilities to maintain the safety and reliability of their transmission facilities and distribution system and other infrastructure and equipment used to deliver electricity.
- (3) The commission for electric companies, or the governing body for other electric utilities, shall adopt rules, ordinances, policies and service quality standards designed to maintain a reliable, safe and efficient distribution system. The commission shall regulate electrical safety regarding generation, transmission, substation and distribution facilities for electric utilities and other electrical system owners and operators as provided under ORS 757.035.
- (4) Every bill to a direct access retail electricity consumer from an electricity service supplier shall contain at least:
- (a) The rate and amount due for each service or product that the retail electricity consumer is purchasing and other price information necessary to facilitate direct access, as determined by the commission;
  - (b) The rates and amounts of state and local taxes or fees, if any, imposed on the retail electricity consumer;
  - (c) The amount of any public purpose charge or credit;
  - (d) The amount of any transition charge or transition credit; and
  - (e) Power source and environmental impact information necessary to ensure that all consumers have useful, reliable and necessary information to exercise informed choice, as determined by the commission.
- (5)(a) A retail electricity consumer of an electric company shall receive, upon request, a separate bill from every individual electricity service supplier that provides products or services to the retail electricity consumer. If a retail electricity consumer of an electric company does not request separate bills, or a consolidated bill from an electricity service supplier as provided in paragraph (c) of this subsection, the electric company shall consolidate the bills for all electricity services into a single statement, and electricity service suppliers shall provide to the electric company the information necessary to prepare a consolidated statement.
- (b) The requirement for bill consolidation by an electric company shall continue through December 31, 2001, after which time the commission may waive the requirement if the waiver results in effective billing procedures for retail electricity consumers.
- (c) Upon the request of a retail electricity consumer of an electric company, an electricity service supplier shall consolidate the bills for all electricity services into a single statement, and electric utilities and other electricity service suppliers shall provide to the billing electricity service supplier any information necessary to prepare a consolidated statement.
- (d) For retail electricity consumers of an electric company, the commission shall adopt by rule provisions relating to the failure of a consumer to make full payment on a consolidated bill. The rules shall address collection of payments, service disconnection and reconnection, and the allocation of costs associated with collection, disconnection and reconnection. A distribution utility shall be solely responsible for actual disconnection and reconnection. [1999 c.865 §14; 2021 c.508 §25]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.650**

[1961 c.691 §10; renumbered 758.445]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.652**

[Formerly part of 757.615; 1965 c.242 §1; renumbered 758.450]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.654 - Commission authority to investigate allegations of undue market influence.**

Upon receiving a complaint, or on its own motion, the Public Utility Commission is authorized to investigate, as provided under

ORS 756.515, whether any electric company that is an electricity service supplier has exercised undue market power with respect to the sale or distribution of electricity services. The commission may take such action as authorized by law to mitigate an exercise of undue market power. [1999 c.865 §12]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.655**

[1961 c.691 §13; renumbered 758.455]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.656 - Failure to comply with ORS 757.600 to 757.667; cause of action.**

Any claim that an electric company has failed to comply with ORS 757.600 to 757.667 shall be filed as a complaint with the Public Utility Commission pursuant to ORS 756.500. After reasonable notice to the electric company and exhausting all available remedies before the commission, any person injured by an electric company's failure to comply with any provision of ORS 757.600 to 757.667 may file an action in the circuit court for the county where the electric company has its principal business office in this state for an order requiring compliance with ORS 757.600 to 757.667. [1999 c.865 §13]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.659 - Commission rules; contents.**

According to the applicable provisions of ORS 756.060 and ORS chapter 183, the Public Utility Commission shall adopt such rules as are necessary to implement ORS 757.600 to 757.667. Rules adopted by the commission shall address at least the following:

- (1) Requirements and methodologies for each electric company to provide unbundled rates and services pursuant to ORS 757.642.
- (2) Requirements for each electric company allowing aggregation of electricity loads pursuant to ORS 757.627, which may include aggregation of demand for other services available under direct access.
- (3) Requirements for consumer protection. Consumer protection rules adopted by the commission that relate to electricity service suppliers shall be applicable throughout this state and shall, at a minimum, contain provisions for the disclosure of price, power source and environmental impact in contract offers and marketing information.
- (4) Market valuation methodologies for determining the amount and recovery of the costs of uneconomic utility investment and the amount of and credit for economic utility investment.
- (5) Requirements for each electric company to offer a portfolio of rate options under ORS 757.603.
- (6) The method of determining a default supplier for those consumers who are not eligible to participate in a portfolio program under ORS 757.603 in a manner that provides for viable competition among electricity service suppliers and among power generation companies. The commission may condition the use of a default service option by requiring reasonable notice and commitment from a consumer who intends to use the default service option in nonemergency situations.
- (7) Requirements for market structure described in ORS 757.646.
- (8) Requirements for public purpose charges and credits under ORS 757.612.
- (9) Requirements for meters, metering services, billing and collection services, and customer response functions. [1999 c.865 §15; 2001 c.683 §19]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.660 - Use of arbitration to resolve disputes relating to valuation of electric company investments; rules.**

- (1) In adopting market valuation methodologies under ORS 757.659 (4), the Public Utility Commission may provide for use of arbitration to resolve disputes relating to valuation of electric company investments.
- (2) The commission shall adopt rules for the following purposes:
  - (a) Establishing the process for selecting an arbitrator under this section.
  - (b) Establishing the type, scope and subject matter of arbitrations under this section, and the procedure for conducting those arbitrations.
  - (c) Establishing standards for the decision of an arbitrator under this section.
  - (d) Governing who may be a party to an arbitration under this section.
- (3)(a) An arbitrator selected under rules adopted pursuant to subsection (2) of this section must be experienced in valuing generating resources and may not have any material conflict of interest in the result of the arbitration.
- (b) Any party to the arbitration may challenge the selection of an arbitrator by direct petition to the commission. The commission's review of the selection shall be limited to allegations of bias and lack of qualifications. The commission shall hold a hearing within 10 days after the filing of a petition, and the commission shall issue a final decision within 10 days after the hearing. The commission may require selection of a different arbitrator.
- (4) The arbitrator shall control the time, manner and place of the arbitration, subject to any limitations established by commission rule.
- (5) An arbitrator acts on behalf of the commission in performing duties and powers under this section and under rules adopted by the commission pursuant to this section. Nothing in this section shall be construed to grant any rights or privileges to an arbitrator that

are otherwise afforded to persons employed by the state.

(6) The commission shall enforce an arbitration decision made pursuant to this section, unless any party to the arbitration files written exceptions with the commission for any of the following causes:

(a) The decision was procured by corruption, fraud or undue means;

(b) There was evident partiality or corruption on the part of the arbitrator;

(c) The arbitrator exceeded the arbitrator's powers, or so imperfectly executed the arbitrator's powers that the rights of the party were substantially prejudiced;

(d) There was an evident material miscalculation of figures or an evident material mistake in the description of any thing or property referred to in the decision; or

(e) The decision was based on an erroneous interpretation of a statute, rule or other law.

(7) If, after a hearing on the exceptions filed as provided in subsection (6) of this section, it appears to the commission that the decision should be set aside or modified, the commission may by order refer the decision back to the arbitrator with proper instructions for correction or rehearing.

(8) A commission order or decision under this section may not be appealed until after the commission issues a final order adopting the arbitration decision. [2001 c.134 §1a; 2005 c.22 §507; 2005 c.638 §10]

Note:

757.660 was added to and made a part of 757.600 to 757.687 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.661 - Commission authority to require filing.**

The Public Utility Commission may require an electric company to make any filings under this chapter that the commission determines necessary to implement ORS 757.600 to 757.667. [1999 c.865 §20]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.663 - Commission authority to require electric company to enter into contracts with Bonneville Power Administration.**

In order to preserve the benefits of federal low-cost power for residential and small-farm consumers of electric utilities, the Public Utility Commission may require an electric company to enter into contracts with the Bonneville Power Administration for the purpose of securing such benefits. The contracts shall be subject to approval by the commission. In reviewing a contract, the commission, at a minimum, shall consider:

(1) The short-term expected cost of electric power from the Bonneville Power Administration compared to market-priced alternatives;

(2) The long-term benefit of retaining the rights to purchase electric power from the Bonneville Power Administration at cost, compared to market-priced alternatives; and

(3) Other factors deemed relevant by the commission. [1999 c.865 §19]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.665 - Limitation on installing, servicing electric meters.**

Electric meter installation, testing and maintenance shall be performed only by a distribution utility. [1999 c.865 §15a]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.667 - City authority over rights of way.**

Nothing in ORS 757.600 to 757.667 shall diminish, or authorize regulations that diminish, a city's authority to control the use of its rights of way and to collect license fees, privilege taxes, rent or other charges for the use of the city's rights of way. [1999 c.865 §17]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.669 - Policy regarding consumer-owned electric utilities.**

The Legislative Assembly declares that it is the policy of the State of Oregon regarding consumer-owned utilities to:

(1) Preserve and enhance the ability of community-based, consumer-owned utilities to provide reliable electric power to their consumers;

(2) Recognize that communities served by consumer-owned utilities located in various parts of the State of Oregon may differ in their needs and desires concerning the provision of electricity and related products and services;

(3) Preserve and enhance the ability of consumer-owned utilities and their elected governing bodies to respond to their consumers' needs and desires;

(4) Retain local control over consumer-owned utilities that provide or distribute electricity to retail electricity consumers;

(5) Preserve, clarify and, as provided herein, enhance the rights and authorities of consumer-owned utilities and their governing

bodies; and

(6) Preserve the existing exclusive distribution rights of electric utilities as and to the extent such rights exist under current law. [1999 c.865 §22]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.670**

[1961 c.691 §14; renumbered 758.460]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.672 - Application of ORS 757.603 to 757.667 to consumer-owned electric utility; reciprocal electricity sales.**

(1) Nothing in ORS 757.603 to 757.667 is intended to limit or restrict the rights and authority of a consumer-owned utility, or to subject a consumer-owned utility to the regulatory authority of the Public Utility Commission not otherwise provided by law. ORS 757.603 to 757.667 shall not apply to a consumer-owned utility.

(2) Notwithstanding subsection (1) of this section, a consumer-owned utility that sells electricity, either directly or through a related party, to a nonresidential electricity consumer of another electric utility in this state, shall permit any other electricity service supplier to sell electricity to the consumer-owned utility's nonresidential electricity consumers whose electricity use, measured in average megawatts per year, is equal to or greater than the use of the nonresidential electricity consumer of the other electric utility. Such consumer-owned utility shall be subject to ORS 757.649 (1) to (4) and rules adopted thereunder. [1999 c.865 §23]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.675**

[1961 c.691 §12; 1971 c.655 §99; renumbered 758.465]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.676 - Consumer-owned utility authorized to offer direct, portfolio or other forms of access to electricity services.**

The governing body of a consumer-owned utility is authorized to determine whether and under what terms and conditions it will offer its retail electricity consumers direct access, portfolio access or other forms of access to electric service suppliers. In making such determination, the governing body of a consumer-owned utility shall consider such factors as it deems appropriate. A consumer-owned utility shall have sole authority to determine:

- (1) The quality and nature of electric service, including but not limited to different product and pricing options, which shall be made available to its retail electricity consumers.
- (2) The extent to which products and services will be unbundled and the rates, tariffs, terms and conditions on which they may be offered.
- (3) Whether one or more pilot programs for direct access, portfolio access or other forms of access to alternative suppliers will be offered.
- (4) Notwithstanding ORS 757.600 (10) and (35), what constitutes an economic or uneconomic utility investment, the value of such investments and, in the case of uneconomic utility investments, the manner and means of mitigating such investments.
- (5) Whether and on what basis a transition charge will be adopted, assessed and collected from a retail electricity consumer located within the utility's service territory, including but not limited to a nonbypassable distribution charge, the amount and period of recovery for the charges, the allocation of the charges among retail electricity consumers located within the utility's service territory and the method of collecting such charges including but not limited to whether to impose a nonbypassable distribution charge.
- (6) The manner of collecting stranded distribution charges, systems benefit charges, franchise fees, taxes and payments made in lieu of taxes from retail electricity consumers located within the utility's service territory for electric power transactions using transmission facilities, whether or not such transactions use distribution facilities. The governing body may assign charges on the basis of usage, demand or any combination or method it finds appropriate. Charges need not be assigned to specific facilities.
- (7) The collection from retail electricity consumers located within the utility's service territory through rates, fees or charges, including the imposition of a nonbypassable distribution charge, in amounts sufficient to recover 100 percent of stranded costs imposed by, or incurred pursuant to the purchase of cost-based electric power from, the Bonneville Power Administration. Such stranded cost charges may include the difference in cost associated with purchasing electric power from the Bonneville Power Administration and the cost of purchasing a like and similar amount of electric power at market prices.
- (8) The establishment of technical capability requirements, financial responsibility requirements and other protections for retail electricity consumers located within the utility's service territory and the consumer-owned utility in dealings with electric service suppliers.
- (9) Access to or use of the utility's transmission facilities or distribution system by retail electricity consumers or electric service suppliers.
- (10) The utility's qualification standards for energy service suppliers in addition to any certification standards established by the

Public Utility Commission, provided that the qualification standards are uniformly applied to electricity service providers in a nondiscriminatory manner. [1999 c.865 §24; 2003 c.186 §80]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.679 - Net billing agreements.**

(1) Nothing in ORS 757.669 to 757.687 is intended to impair the rights or obligations of any party to net billing agreements. Notwithstanding any other provision of ORS 757.600 to 757.667, 757.676 and 757.687, and in the event a participating utility is required to make payments pursuant to a net billing agreement, the governing body of a participating utility may levy a rate, fee or charge, including a nonbypassable distribution system access charge against retail electricity consumers located within the utility's service territory, to meet its obligations.

(2) As used in this section:

(a) "EWEB" means the City of Eugene, Oregon, acting by and through the Eugene Water and Electric Board.

(b) "Net billing agreements" means those certain agreements that provide for the payment, through net billing of costs of certain nuclear power projects, including the payment of bonds, notes or other evidences of indebtedness issued by EWEB and by the supply system, respectively, to pay such project costs entered into prior to July 23, 1999:

(A) Between the administrator of the Bonneville Power Administration and EWEB;

(B) Among a participating utility, the administrator of the Bonneville Power Administration and EWEB; or

(C) Among a participating utility, the administrator of the Bonneville Power Administration and the supply system.

(c) "Participating utility" means a consumer-owned utility established by, or organized and existing under, the Oregon Constitution and laws of the State of Oregon, and that is a party to a net billing agreement.

(d) "Supply system" means the Washington Public Power Supply System, a municipal corporation or joint power agency organized and existing under and pursuant to the laws of the State of Washington. [1999 c.865 §25]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.680**

[1961 c.691 §15; renumbered 758.470]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.683 - Consumer-owned utility's distribution rights and control over distribution system.**

Notwithstanding the provisions of ORS 757.600 to 757.667, a consumer-owned utility shall have exclusive distribution rights, to the extent such rights are provided by law, and exclusive responsibility for the performance and oversight of its distribution system including the acquisition, construction, financing, operation and maintenance of distribution facilities and metering, billing, collection and consumer response functions relating to the distribution of electricity to retail electricity consumers located within the utility's service territory. Nothing in this section shall diminish or enlarge the rights of any person under ORS 758.400 to 758.475. [1999 c.865 §26]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.685**

[1961 c.691 §16; 1965 c.242 §2; 1971 c.655 §99a; renumbered 758.475]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.687 - Consumer-owned utility offering direct access; public purpose charge; bill assistance program.**

(1) Beginning on the date a consumer-owned utility provides direct access to any class of retail electric consumers, the consumer-owned utility shall collect from that consumer class a nonbypassable public purpose charge until January 1, 2026. Except as provided in subsection (8) of this section, the amount of the public purpose charge shall be sufficient to produce revenue of not less than three percent of the total revenue collected by the consumer-owned utility from its retail electricity consumers for electricity services, distribution, ancillary services, metering and billing, transition charges and any other costs included in rates as of July 23, 1999, except that the consumer-owned utility may exclude from the calculation of such costs any cost related to the public purposes described in subsection (5) of this section. If a consumer-owned utility has fewer than 17 consumers per mile of distribution line, the amount of the public purpose charge shall be sufficient to produce revenue not less than three percent of the total revenue from the sale of electricity services in the utility's service area to the consumer class that is provided direct access, or the utility's consumer class percentage share of state total electricity sales multiplied by three percent of total statewide retail electric revenue, whichever is less.

(2) Except as provided in subsection (9) of this section, the governing body of a consumer-owned utility shall determine the manner of collecting and expending funds for public purposes required by law to be assessed against and paid by the retail electric consumers of the utility. A determination by the governing body shall include:

(a) The manner for collecting public purpose charges;

(b) Public purpose programs upon which revenue from the charges may be expended; and

(c) The allocation of expenditures for each program.

(3) Beginning on the same date two years after July 23, 1999, a consumer-owned utility shall report annually to the State Department of Energy created under ORS 469.030 on the public purpose charges paid to the utility by its retail electric consumers and the public purposes on which the revenue was expended.

(4) A consumer-owned utility may comply with the public purpose requirements of this section by participating in collaborative efforts with other consumer-owned utilities located in this state.

(5) Funds assessed and paid by, and credits or other financial assistance issued or extended to, retail electric consumers for purposes of this section may, in the discretion of the governing body of the consumer-owned utility, be expended to fund programs for energy conservation, renewable resources or low-income energy services otherwise required by the laws of this state, adopted by the governing body pursuant to the National Energy Conservation Policy Act (Public Law 95-619, as amended November 10, 1981), or conducted by the utility pursuant to agreement with the Bonneville Power Administration under the Pacific Northwest Electric Power Planning and Conservation Act (Public Law 96-501). All such funds expended, credits issued and incremental costs incurred in connection with the performance of a consumer-owned utility's obligations under this section shall be credited toward the utility's public purpose funding obligation under this section.

(6) A consumer-owned utility also may credit toward its funding obligations under this section any incremental costs incurred by the utility for capital expenditures made to reduce its distribution system energy losses, existing biomass gas and waste to energy systems, existing hydroelectric generation projects using fish attraction water, for new energy conservation and renewable resource funding costs included in its wholesale power supplier's charges and for electric power generated by renewable or cogeneration resources pursuant to requirements of the Public Utilities Regulatory Policy Act of 1978 (Public Law 95-617), to the extent that such costs exceed the average cost of the utility's other electric power resources.

(7) A consumer-owned utility also may credit toward its public purpose funding obligations under this section any costs incurred in complying with ORS 469.649 to 469.659.

(8) Beginning on March 1, 2002, a consumer-owned utility whose territory abuts the greatest percentage of the site of an aluminum plant that averages more than 100 megawatts of electricity use per year shall collect from the aluminum company a public purpose charge equal to one percent of the total revenue from the sale of electricity services to the aluminum plant from any source.

(9)(a) A retail electricity consumer that uses more than one average megawatt of electricity at any site in the prior year shall receive a credit against public purpose charges billed by a consumer-owned utility for that site. The amount of the credit shall be equal to the total amount of qualifying expenditures for new energy conservation, not to exceed 68 percent of the annual public purpose charges, and the above-market costs of purchases of new renewable energy resources incurred by the retail electricity consumer, less administration costs incurred under this subsection. The credit shall not exceed, on an annual basis, the lesser of:

(A) The amount of the retail electricity consumer's qualifying expenditures; or

(B) The portion of the public purpose charge billed to the retail electricity consumer that is dedicated to new energy conservation, new market transformation or the above-market costs of new renewable resources.

(b) To obtain a credit under this subsection, a retail electricity consumer shall file with the department a description of the proposed conservation project, new market transformation or new renewable energy resource and a declaration that the retail electricity consumer plans to incur the qualifying expenditure. The department shall issue a notice of precertification within 30 days of receipt of the filing, if such filing is consistent with this subsection. Notice shall be issued to the retail electricity consumer and the appropriate consumer-owned utility. The credit may be taken after a retail electricity consumer provides a letter from a certified public accountant to the department verifying that the precertified qualifying expenditure has been made.

(c) Credits earned by a retail electricity consumer as a result of qualifying expenditures that are not used in one year may be carried forward for use in subsequent years.

(d)(A) A retail electricity consumer that uses more than one average megawatt of electricity at any site in the prior year may request that the department hire an independent auditor to assess the potential for conservation measures at the site. If the independent auditor determines there is no available conservation measure at the site that would have a simple payback of one to 10 years, the retail electricity consumer shall be relieved of 54 percent of its payment obligation for public purpose charges related to the site. If the auditor determines that there are potential conservation measures available at the site, the retail electricity consumer shall be entitled to a credit against public purpose charges related to the site equal to 54 percent of the public purpose charges less the estimated cost of available conservation measures.

(B) A retail electricity consumer shall be entitled each year to the credit described in this paragraph unless a subsequent audit determines that new conservation investment opportunities are available. The department may require that a new audit be performed on the site to determine whether new conservation measures are available, provided that the audits occur no more than once every two years.

(C) The retail electricity consumer shall pay the cost of the audits described in this subsection.

(10) A retail electricity consumer with a load greater than one average megawatt shall not be required to pay a public purpose charge in excess of three percent of the consumer's total cost of electricity services unless the charge is established in an agreement between the consumer and the consumer-owned utility.

(11) Beginning on March 1, 2002, a consumer-owned utility shall have in operation a bill assistance program for households that qualify for federal low-income energy assistance in the consumer-owned utility's service area. A consumer-owned utility shall report annually to the Housing and Community Services Department detailing the utility's program and program expenditures.

(12) A consumer-owned utility may require an electricity service supplier to provide information necessary to ensure compliance with this section. The consumer-owned utility shall ensure the privacy and protection of any proprietary information provided. [1999 c.865 §27; 2001 c.819 §5; 2007 c.301 §29]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.691 - Applicability.**

Nothing in ORS 757.669 to 757.687 is intended to affect administration and enforcement of ORS 758.400 to 758.475 or to diminish or enlarge the rights of any person under ORS 758.400 to 758.475. [1999 c.865 §28]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.695 - Mitigation of energy burdens; costs collection.**

(1) In addition to comprehensive classifications, tariff schedules, rates and bill credits, the Public Utility Commission may address the mitigation of energy burdens through bill reduction measures or programs that may include, but need not be limited to, demand response or weatherization.

(2) The costs of tariff schedules, rates, bill credits or program discounts allowed pursuant to subsection (1) of this section must be collected in the rates of an electric company through charges paid by all retail electricity consumers, such that retail electricity consumers that purchase electricity from electricity service suppliers pay the same amount to address the mitigation of energy burdens as retail electricity consumers that are not served by electricity service suppliers. [2021 c.90 §7]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.698 - Low-income electric bill payment and crisis assistance.**

(1) An electric company, as defined in ORS 757.600, or Oregon Community Power shall collect funds for low-income electric bill payment and crisis assistance in an amount determined by the Public Utility Commission. The commission shall:

(a) Establish the amount to be collected and rates to be charged by each electric company from its customers, including customers receiving electricity from other sources, such that the forecasted collection by all electric companies in a calendar year is at least \$20 million.

(b) Adjust the rates if forecasted collections or actual collections are less than \$20 million in any calendar year but shall not otherwise adjust the rates once set.

(c) Ensure that no customer pays more than \$500 per month per customer site for low-income electric bill payment and crisis assistance.

(2) Funds collected by an electric company or Oregon Community Power under this section must be:

(a) Paid into the Housing and Community Services Department Low-Income Electric Bill Payment Assistance Fund established by ORS 456.587 (2);

(b) Used by the Housing and Community Services Department solely for purposes related to low-income electric bill payment and crisis assistance and for the Housing and Community Services Department's cost of administering this section; and

(c) Expended in the service area of the electric company or Oregon Community Power from which the funds are collected.

(3) The Housing and Community Services Department shall determine the manner in which funds collected under this section are allocated by the department to energy assistance program providers for the purpose of providing low-income electric bill payment and crisis assistance. However, the department shall:

(a) In consultation with electric companies, investigate and may implement alternative delivery models to effectively reduce service disconnections and related costs to customers and electric companies; and

(b) Direct priority assistance to low-income customers who are in danger of having their electricity service disconnected.

(4) The department shall maintain records and provide those records upon request to an electric company, Oregon Community Power and the Citizens' Utility Board established under ORS chapter 774 on a quarterly basis. Records maintained must include the numbers of low-income customers served, the average amounts paid and the type of assistance provided. Electric companies and Oregon Community Power shall, if requested, provide the department with aggregate data relating to low-income customers served on a quarterly basis to support program development.

(5) Interest on moneys deposited in the Housing and Community Services Department Low-Income Electric Bill Payment Assistance Fund established by ORS 456.587 (2) may be used to provide bill payment and crisis assistance to customers whose primary source of heat is not electricity.

(6) Notwithstanding ORS 757.310, the commission may allow an electric company or Oregon Community Power to provide reduced rates or other bill payment or crisis assistance or low-income program assistance to a low-income household eligible for assistance under the federal Low Income Home Energy Assistance Act of 1981, as amended and in effect on July 23, 1999. [2021 c.536 §2 and 2021 c.547 §15 as amended by 2021 c.536 §2a]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.710 - Emergency curtailment plan required; credits for weatherization or alternate energy devices.**

(1) Any person, as defined in ORS 758.400, engaged in the sale or resale of electricity or natural or synthetic gas in this state shall

present for approval by the Public Utility Commission a plan for curtailment of electrical or gas load in the event of any predictable circumstance that may jeopardize prolonged continuity of service. Utility plans shall be submitted in such form and within such time limits as the commission shall specify.

(2) Utility plans may provide for a credit against future curtailment for a customer who has already accomplished a reduction in demand for the utility's service by installing an alternative energy device or by weatherization or other installed conservation measures equivalent to the proposed level of curtailment. Where the level of curtailment exceeds the demand reduction produced, by the conservation measures or installed alternative energy device of the customer, the utility plan may provide for credit against the level of curtailment ordered to the extent of the demand reduction produced by the conservation measure or alternate energy device.

(3) The commission shall approve the feature of any plan concerning such credit against curtailment to the extent of the demand reduction produced and shall not penalize either the utility or the customer, in the event of a curtailment order, under ORS 757.720 for the amount of reduced demand. [1973 c.309 §2; 1975 c.606 §10; 1979 c.355 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.720 - Factors to be considered in approving plan; authority to establish plan; consultation with State Department of Energy.**

(1) Approval of utility plans for the curtailment of load shall be based on the following factors:

(a) The consistency of the plan with the public health, safety and welfare;

(b) The technical feasibility of implementation of the plan;

(c) The effectiveness with which the plan minimizes the impact of any curtailment; and

(d) Consistency with Oregon energy policies formulated under ORS 469.010 to 469.155, 469.300 to 469.563 and 757.710 and this section.

(2) In the event of an emergency threatening the health, safety and welfare of the general public, the Public Utility Commission may on the commission's own motion and without hearing establish a plan for the curtailment of load by any person referred to in ORS 757.710. If an emergency is not present, the commission shall prior to approval hold public hearings with respect to any proposed plan and give reasonable notice of such hearings.

(3) The commission shall consult with the Director of the State Department of Energy before approving a plan. [1973 c.309 §3; 1975 c.606 §11; 2005 c.22 §508]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.730 - Liability when curtailment occurs.**

A utility shall not be liable for damages to persons or property resulting from a curtailment of service in accordance with a plan approved by the Public Utility Commission. [1973 c.309 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.732 - Definitions for ORS 757.732 to 757.744.**

As used in ORS 757.732 to 757.744:

(1) "Agreement in principle" means the agreement signed November 13, 2008, by the states of Oregon and California, by the United States Department of the Interior and by PacifiCorp.

(2) "Allocated share" means the portion of PacifiCorp's costs assigned to this state under the interjurisdictional cost allocation methodology used by the Public Utility Commission for the purpose of establishing rates for PacifiCorp.

(3) "Customers" means the Oregon retail electricity customers of PacifiCorp.

(4) "Final agreement" means a successor agreement to the agreement in principle.

(5) "Klamath River dam" means the J.C. Boyle Dam located in Oregon, the Copco 1 Dam located in California, the Copco 2 Dam located in California or the Iron Gate Dam located in California. [2009 c.690 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.734 - Recovery of investment in Klamath River dams.**

(1) Not more than six months after the execution of a final agreement, the Public Utility Commission shall determine a depreciation schedule under ORS 757.140 for each Klamath River dam based on the assumption that the dam will be removed in 2020. The commission may change a depreciation schedule determined under this section at any time if removal of a dam will occur during a year other than 2020.

(2) The commission shall use the depreciation schedules prepared under this section to establish rates and tariffs for the recovery of Oregon's allocated share of undepreciated amounts prudently invested by PacifiCorp in a Klamath River dam. Amounts recoverable under this section include, but are not limited to:

(a) Return of investment and return on investment;

(b) Capital improvements required by the United States or any state for continued operation of the dam until dam removal;

(c) Amounts spent by PacifiCorp in seeking relicensing of the dam before July 14, 2009;

(d) Amounts spent by PacifiCorp for settlement of the issues of relicensing or removal of the dam; and

(e) Amounts spent by PacifiCorp for the decommissioning of the dam in anticipation of the dam's removal.

(3) If any amount specified under subsection (2) of this section has not been recovered by PacifiCorp before a dam is removed, the Public Utility Commission shall allow recovery of that amount by PacifiCorp in PacifiCorp's rates and tariffs. The commission shall allow the recovery without an amortization schedule if the impact of the recovery does not exceed one-half of one percent of PacifiCorp's annual revenue requirement. If the impact exceeds one-half of one percent of PacifiCorp's annual revenue requirement, the commission may establish an amortization schedule that limits the annual impact to one-half of one percent of PacifiCorp's annual revenue requirement. [2009 c.690 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.736 - Surcharges for funding costs of removing Klamath River dams; judicial review.**

(1) Not more than 30 days after the execution of a final agreement, PacifiCorp must file a copy of the final agreement with the Public Utility Commission along with full and complete copies of all analyses or studies that relate to the rate-related costs, benefits and risks for customers of removing or relicensing Klamath River dams and that were reviewed by PacifiCorp during the decision-making process that led to PacifiCorp's entering into the final agreement.

(2) PacifiCorp must include with the filing made under subsection (1) of this section tariffs for the collection of two nonbypassable surcharges from its customers for the purpose of paying the costs of removing Klamath River dams as described in subsection (1) of this section. Notwithstanding the commission's findings and conclusions under subsection (4) of this section, the commission shall require PacifiCorp to begin collecting the surcharges on the date that the filing is made under subsection (1) of this section, or on January 1, 2010, whichever is later, and PacifiCorp shall continue to collect the surcharges pending a final decision on the commission's order under subsection (4) of this section. The surcharges imposed under this section shall be:

(a) A surcharge for the costs of removing the J.C. Boyle Dam; and

(b) A surcharge for the costs of removing the Copco 1 Dam, the Copco 2 Dam and the Iron Gate Dam.

(3) The surcharges imposed under this section may not exceed the amounts necessary to fund Oregon's share of the customer contribution of \$200 million identified in the agreement in principle. In addition, the total amount collected in a calendar year under both surcharges may not exceed more than two percent of PacifiCorp's annual revenue requirement as determined in PacifiCorp's last case under ORS 757.210 decided by the commission before January 1, 2010.

(4) Not more than six months after a filing is made under subsection (1) of this section, the commission shall conduct a hearing under ORS 757.210 on the surcharges imposed under this section, and shall enter an order setting forth findings and conclusions as to whether the imposition of surcharges under the terms of the final agreement results in rates that are fair, just and reasonable.

(5) Notwithstanding ORS 183.482 (1), jurisdiction for judicial review of any appeal of an order entered under subsection (4) of this section is conferred on the Supreme Court, and a person seeking judicial review of the order must file a petition for review with the Supreme Court in the manner provided by ORS 183.482. ORS 183.482 (3) does not apply to an order entered under subsection (4) of this section. If a petition for review is filed, the surcharges imposed under the terms of the final agreement shall remain in effect pending a final decision on the petition, but shall be refunded if the rates resulting from the surcharges are finally determined not to be fair, just and reasonable. A petition filed under this subsection must indicate on its face that the petition is filed pursuant to this subsection.

(6) The commission may not use any commercially sensitive information provided to the commission in a filing made under subsection (1) of this section for any purpose other than determining whether the imposition of surcharges under the terms of the final agreement results in rates that are fair, just and reasonable. Notwithstanding ORS 192.311 to 192.478, the commission may not release commercially sensitive information provided to the commission under this section, and shall require any person participating in a proceeding relating to the surcharge to sign a protective order prepared by the commission before allowing the participant to obtain and use the information.

(7) The surcharges imposed under this section must be of a specified amount per kilowatt hour billed to retail customers, as determined by the commission. The amount of each surcharge shall be calculated based on a collection schedule that will fund, by December 31, 2019, Oregon's share of the customer contribution of \$200 million identified in the agreement in principle. To the extent practicable, the commission shall set the surcharges so that total annual collections of the surcharges remain approximately the same during the collection period, and, when setting the rate for the surcharges, the commission shall account for the actual and expected changes in energy usage over the collection period and account for the actual and expected changes in interest rates on the collected funds over the collection period. The commission may change the collection schedule if a Klamath River dam will be removed during a year other than 2020.

(8) Except as provided in ORS 757.738 (2), all amounts collected under the surcharges imposed under this section shall be paid into the appropriate trust account established under ORS 757.738.

(9) If the commission determines at any time that amounts have been collected under this section in excess of those needed, or in excess of those allowed, the commission must:

(a) Direct the trustee of the appropriate trust account under ORS 757.738 to refund these excess amounts to customers or to otherwise use these amounts for the benefit of customers; or

(b) Adjust future surcharge amounts as necessary to offset the excess amounts.

(10) If one or more Klamath River dams will not be removed, the commission shall direct PacifiCorp to terminate collection of all or part of the surcharges imposed under this section. In addition, the commission shall direct the trustee of the appropriate trust account

under ORS 757.738 to apply any excess balances in the accounts to Oregon's allocated share of prudently incurred costs to implement Federal Energy Regulatory Commission relicensing requirements. If any excess amounts remain in the trust accounts after that application, the Public Utility Commission shall order that the excess amounts be refunded to customers or otherwise be used for the benefit of customers in accordance with Public Utility Commission rules and policies.

(11) For the purposes of subsection (2) of this section, "the costs of removing Klamath River dams" includes costs of:

- (a) Physical removal of the dams;
- (b) Site remediation and restoration;
- (c) Avoiding downstream impacts of dam removal;
- (d) Downstream impacts of dam removal;
- (e) Permits that are required for the removal;
- (f) Removal and disposal of sediment, debris and other materials, if necessary; and
- (g) Compliance with environmental laws. [2009 c.690 §4; 2011 c.394 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.738 - Surcharge trust accounts related to removal of Klamath River dams.**

(1)(a) The Public Utility Commission shall establish a separate trust account for amounts generated by each of the two surcharges imposed under ORS 757.736. The commission shall establish the trust accounts as interest-bearing accounts:

- (A) With an agency of the United States identified in the final agreement;
- (B) In a qualified depository under ORS 295.001 to 295.108; or
- (C) With the State Treasurer, to be invested as provided in ORS 293.701 to 293.857.

(b) The commission may establish each of the two trust accounts with a different trustee among those listed in paragraph (a) of this subsection.

(c) The commission may authorize transfer of funds from one trust account to another as necessary to fund removal of the Klamath River dams.

(2) If an agreement is entered into under ORS 757.742 (2), the parties to the agreement may agree that a portion of the amounts collected under one surcharge may be deposited in the trust account established for amounts collected under the other surcharge.

(3) Upon request of an agency of the United States, or upon request of the designee of an agency of the United States, the commission shall require the trustee of the appropriate trust account established under this section to transfer to the agency or designee the amounts that are necessary to pay the costs of removing the Klamath River dams as described in ORS 757.736 (11).

(4) If any amounts remain in a trust account established under this section after the trustee makes all payments necessary for the costs of removing the Klamath River dams as described in ORS 757.736 (11), the commission shall direct the trustee of the account to refund those amounts to customers or to otherwise use the excess amounts for the benefit of customers. [2009 c.690 §5; 2011 c.394 §2; 2019 c.587 §50]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.740 - Recovery of other costs incurred as result of changes in operation to or removal of Klamath River dams.**

Pursuant to ORS 757.210, the Public Utility Commission shall allow PacifiCorp to include in its rates and tariffs this state's allocated share of any costs that are prudently incurred by PacifiCorp from changes in operation of Klamath River dams before removal of the dams, or that are prudently incurred for replacement power after the dams are removed, that are not otherwise recovered under ORS 757.734 and 757.736. [2009 c.690 §6]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.742 - Public Utility Commission authorization to enter agreement with California related to cost apportionment and trust fund.**

(1) The State of Oregon may enter into an agreement with representatives of the State of California, either as part of a final agreement or by separate agreement, that establishes each state's share of the customer contribution of \$200 million identified in the agreement in principle.

(2) The Public Utility Commission may enter into an agreement with representatives of the State of California to establish and administer the trust accounts authorized under ORS 757.738 and to ensure that trust account moneys are disbursed for dam removal costs that are necessary and appropriate. [2009 c.690 §7]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.744 - Disclaimers.**

(1) ORS 757.732 to 757.744 do not authorize the expenditure of any public moneys for removal of Klamath River dams.

(2) ORS 757.732 to 757.744 do not create a cause of action against the State of Oregon or against any of the officers, employees or agents of the state and may not be used as the basis for an assertion of liability on the part of the State of Oregon or of any officers, employees or agents of the state. [2009 c.690 §8]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.746 - Requirements for nongovernmental entities receiving funds.**

(1) If the Public Utility Commission requires funds collected pursuant to ORS 757.054, through natural gas tariffs or through public purpose charges pursuant to ORS 757.612 to be paid to a nongovernmental entity, the entity shall:

- (a) Include on the entity's board of directors an ex officio member designated by the commission, who shall also serve on the entity's nominating committee for filling board vacancies.
- (b) Require the entity's officers and directors to provide an annual disclosure of economic interest to be filed with the commission on or prior to April 15 of each calendar year for public review in a form similar to the statement of economic interest required for public officials under ORS 244.060.
- (c) Require the entity's officers and directors to declare actual and potential conflicts of interest at regular meetings of the entity's governing body when such conflicts arise, and require an officer or director to abstain from participating in any discussion or voting on any item where that officer or director has an actual conflict of interest. For the purposes of this paragraph, "actual conflict of interest" and "potential conflict of interest" have the meanings given those terms in ORS 244.020.
- (d) Annually, arrange for an independent auditor to audit the entity's financial statements, and direct the auditor to file an audit opinion with the commission for public review.
- (e) With public utilities, jointly develop public utility-specific budgets, action plans and agreements that detail the entity's public utility-specific planned activities, resources and technologies pursuant to ORS 757.054 and 757.612 (3)(b)(B), including coordinated activities that require joint investment and deployment. Each action plan must reflect stakeholder feedback gathered through a public process managed by the entity and the relevant public utility as overseen by the commission.
- (f) File with the commission the entity's budget, action plan and quarterly and annual reports for public review. The entity's budget and action plan must include the budget and action plans jointly developed with public utilities under paragraph (e) of this subsection.
- (g) At least once every five years, contract for an independent management evaluation to review the entity's operations, efficiency and effectiveness, and direct the independent reviewer to file a report with the commission for public review.

(2) The commission may remove from the board of directors of a nongovernmental entity an officer or director who fails to provide an annual disclosure of economic interest, or who fails to declare an actual or potential conflict of interest, as described in this section, if the failure is connected to the allocation or expenditure of funds collected pursuant to ORS 757.054, through natural gas tariffs or through public purpose charges pursuant to ORS 757.612 and paid to the entity. [2021 c.547 §9]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.747 - Environmental justice; commission to establish equity metrics.**

- (1) As used in this section, "environmental justice" means the equal treatment, protection from environmental and health hazards, and meaningful involvement of environmental justice communities in the development, implementation and enforcement of regulations and policies that affect the environment in which people live, work, learn, practice spirituality and play.
- (2) The Public Utility Commission shall establish, and update no less than once every four years, equity metrics for the purpose of assessing, addressing and creating accountability for environmental justice in the expenditure and investment of funds collected pursuant to ORS 757.054, through natural gas tariffs or through public purpose charges pursuant to ORS 757.612 and paid to a nongovernmental entity. The equity metrics and each update required by this section must reflect feedback gathered through a public process that is managed by the commission and that, at a minimum, includes representatives of environmental justice communities.
- (3) Each nongovernmental entity that is paid funds collected pursuant to ORS 757.054, through natural gas tariffs or through public purpose charges pursuant to ORS 757.612 shall, as part of the entity's filings required under ORS 757.746 (1)(f), report on the entity's progress in achieving the equity metrics established pursuant to this section. [2021 c.547 §11]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.750 - Legislative findings.**

The Legislative Assembly finds that the termination of residential electric and natural gas utility service can lead to the serious impairment of human health and possibly to loss of life; therefore, the Legislative Assembly has enacted ORS 757.750 to 757.760. [1979 c.868 §2; 1983 c.326 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.755 - Termination of residential electric or natural gas service prohibited; rules of commission.**

- (1) The Public Utility Commission of Oregon shall establish rules to prohibit the termination of residential electric or natural gas service when such termination would significantly endanger the physical health of the residential consumer.
- (2) The commission shall provide by rule a method for determining when the termination of residential electric or natural gas service would significantly endanger the physical health of the residential consumer. [1979 c.868 §3; 1983 c.326 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.760 - Requirements for notice of termination of service; payment schedules; rules.**

The Public Utility Commission shall establish rules to require each electric and natural gas utility to:

- (1) Give written or personal notice of a proposed termination of residential service in a manner reasonably calculated to reach the residential consumer within a reasonable period of time before the proposed date of termination;
- (2) Accept reasonable partial payment on the outstanding account and to establish a reasonable payment schedule for any indebtedness, including a deposit, that the utility claims the residential consumer owes for service at any residential address in lieu of termination of or refusal to provide service, and to inform the residential consumer of the provisions of this subsection;
- (3) Inform those residential consumers who cannot afford to pay their bills or deposits of the names and telephone numbers of the appropriate unit within the Department of Human Services or other appropriate social service agencies that can help the consumer investigate what federal, state or private aid might be available to that consumer; and
- (4) Provide that a transfer of service from one premises to another within the utility's service area shall not be considered a discontinuation of service. [1979 c.868 §4; 1983 c.326 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.765 - Public utility provision of shielded outdoor lighting fixtures to customers.**

(1) As used in this section:

- (a) "Outdoor lighting fixture" means an automatically controlled searchlight, spotlight, floodlight or other device used for architectural lighting, lighting streets or parking lots, landscape lighting, billboards or other artificial illumination or advertising purposes.
- (b) "Public utility" has the meaning given that term in ORS 757.005.
- (c) "Shielded" means that a light fixture is designed to ensure that direct or indirect light rays emitted from the fixture are projected below a horizontal plane running through the lowest light-emitting point of the fixture.
- (2) A public utility supplying electricity that provides a customer with outdoor lighting fixtures shall make the option of using shielded outdoor lighting fixtures available to the customer. The utility shall notify a customer to whom the utility provides outdoor lighting fixtures that a shielded outdoor lighting fixture option is available through the utility. The utility shall file an application with the Public Utility Commission to establish rates and charges for providing the shielded outdoor lighting fixture option.
- (3) Subsection (2) of this section does not require a utility to reimburse a customer for the cost of a shielded outdoor lighting fixture installed before the date the utility sends a notice to the customer under this section, or to provide an option for a customer to acquire:
  - (a) Incandescent outdoor lighting fixtures of not more than 150 watts;
  - (b) Light sources of not more than 70 watts that are not incandescent lighting fixtures;
  - (c) Outdoor lighting fixtures on advertising signs on interstate or federal primary highways;
  - (d) Navigational lighting systems at airports or other lighting necessary for aircraft safety; or
  - (e) Outdoor lighting fixtures necessary for worker safety at farms, ranches, dairies or feedlots or at industrial, mining, oil or gas facilities. [2009 c.588 §1]

Note:

757.765 and 757.770 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.770 - Deadline for public utility filing of outdoor lighting fixture rate and charge application; required notification to customers.**

- (1) A public utility that is subject to ORS 757.765 shall file an initial rate and charge application as required by ORS 757.765 (2) on or before January 1, 2010.
- (2) A utility that is subject to ORS 757.765 shall give a customer notice of the shielded outdoor lighting fixture option on or before the later of the date the utility first begins providing outdoor lighting fixtures to the customer or 60 days after the rate or charge takes effect. [2009 c.588 §2]

Note:

See note under 757.765.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.800 - Definitions for ORS 757.800 and 757.805.**

As used in this section and ORS 757.805, unless the context requires otherwise:

- (1) "Authorized person" means:
  - (a) An employee of a utility which produces, transmits or delivers electricity.
  - (b) An employee of a utility which provides and whose work relates to communication services or state, county or municipal agencies which have authorized circuit construction on or near the poles or structures of a utility.
  - (c) An employee or agent of an industrial plant whose work relates to the electric system of the industrial plant.
  - (d) An employee of a cable television or communication services company or an employee of a contractor of a cable television or communication services company if specifically authorized by the owners of the poles to make cable television or communication

services attachments.

- (e) An employee or agent of state, county or municipal agencies which have or whose work relates to overhead electric lines or circuit construction or conductors on poles or structures of any type.
- (f) An employee of a transmission company as defined in ORS 758.015.
- (2) "High voltage" means voltage in excess of 600 volts measured between conductors or between a conductor and the ground.
- (3) "Overhead line" means all bare or insulated electric conductors installed above ground.
- (4) "Person" or "business entity" means those parties who contract to perform any function or activity upon any land, building, highway or other premises.
- (5) "Utility" means any electric or communication utility described by ORS 757.005, any plant owned or operated by a municipality, any person furnishing community antenna television service to the public and any cooperative corporation or people's utility district engaged in furnishing electric or communication service to customers.
- (6) "Proximity" means within 10 feet or such greater distance as may be prescribed by rule adopted pursuant to ORS chapter 654. [1989 c.672 §2; 2001 c.913 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.805 - Accident prevention required for work near high voltage lines; effect of failure to comply; applicability; other remedies unaffected.**

- (1) Any person or business entity responsible for performing any function, activity, work or operation in proximity to a high voltage overhead line shall guard effectively against accidents involving such high voltage overhead line, as required by rules adopted pursuant to ORS chapter 654.
- (2) If any violation of subsection (1) of this section or rules adopted pursuant to ORS chapter 654 results in, or is a contributing cause of, a physical or electrical accident involving any high voltage overhead line, the person or business entity violating subsection (1) of this section or rules adopted pursuant to ORS chapter 654 is liable to the utility operating the high voltage overhead lines for all damages to its facilities and all costs and expenses, including damages to any third persons, incurred by the utility as a result of the accident. However, any person or business entity that has given advance notice of the function, activity or work to the utility operating the high voltage overhead line, and has otherwise substantially complied with rules adopted pursuant to ORS chapter 654, shall only be liable for such damages in proportion to that person or business entity's comparative fault in causing or contributing to the accident.
- (3) This section and ORS 757.800 do not apply to:
  - (a) Construction, reconstruction, operation or maintenance by an authorized person of overhead electric or communication circuits or conductors and their supporting structures or electric generation, transmission or distribution systems or communication systems.
  - (b) Fire, police or other emergency service workers acting under authority of a state agency or other public body while engaged in emergency operations.
- (4) The provisions of this section and ORS 757.800 are not intended to displace any other remedies which may be available to the utility by statute or common law. [1989 c.672 §§3,4,5,6]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.810**

[1985 c.550 §5; renumbered 759.015 in 1989]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.811 - Requirement to consider electricity from ocean renewable energy.**

The Legislative Assembly finds and declares that, consistent with the transmission planning requirements provided for by the Federal Energy Regulatory Commission, it shall be the policy position of the State of Oregon that any regional transmission planning processes conducted for the transmission planning regions that wholly or partly encompass any areas of this state shall adequately consider the transmission of electricity from ocean renewable energy generated within Oregon's territorial sea, as defined in ORS 196.405, or within adjacent federal waters. [2015 c.311 §1]

Note:

757.811 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.812 - Definitions for ORS 757.812 to 757.950.**

As used in ORS 757.812 to 757.950:

- (1) "Board" means the board of directors of Oregon Community Power.
- (2) "Incumbent utility" means an investor-owned utility that is the subject of a transaction described in ORS 757.814.
- (3) "Investor-owned utility" means a utility that sells electricity and that is operated by a corporation with shareholders.
- (4) "Rate" has the meaning given that term in ORS 756.010.

(5) "Service" has the meaning given that term in ORS 756.010.

(6) "Service territory" means the geographic area within which a utility provides electricity to customers. [2007 c.807 §1]

Note:

757.812 to 757.954 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.814 - Creation of acquisition review committee.**

(1)(a) Except as provided in subsection (9) of this section, the Public Utility Commission shall give notice to the cities and counties specified in paragraph (b) of this subsection whenever the commission receives notice of a proposed transaction under ORS 757.511

(2):

(A) Relating to an investor-owned utility for which approval of the Public Utility Commission is required under ORS chapter 757; and

(B) Involving the sale of 50 percent or more of the voting shares of the utility to a person that is not an affiliated interest with the utility as defined in ORS 757.015.

(b) Notice under subsection (1) of this section shall be given to a city or county if the investor-owned utility that is the subject of the proposed transaction has service territory within the boundaries of the city or county.

(2) Upon receiving notice under subsection (1) of this section, each city or county may appoint a member to an acquisition review committee formed to represent the affected cities and counties. An acquisition review committee must be formed not more than 60 days after notice is given by the commission under subsection (1) of this section. If an acquisition review committee is not formed within 60 days after notice is given by the commission under subsection (1) of this section, the commission shall proceed with any application made under ORS 757.511 for approval of the transaction.

(3) An acquisition review committee formed under this section shall consider a proposed transaction described in subsection (1) of this section for the purpose of determining whether:

(a) Acquisition of the investor-owned utility by Oregon Community Power would be in the best interests of the customers served by the investor-owned utility; and

(b) Acquisition of the utility can be accomplished in a manner that is consistent with the policy described in ORS 757.910.

(4) An acquisition review committee created under this section may decide to enter into negotiations for the acquisition of an investor-owned utility that is the subject of a proposed transaction described in subsection (1) of this section only by the affirmative vote of members of the committee representing counties in which reside not less than two-thirds of the customers with billing accounts that are served by the incumbent utility, and the affirmative vote of members of the committee representing cities in which reside not less than two-thirds of the customers with billing accounts that are served by the incumbent utility. If an acquisition review committee determines that negotiations should commence, the committee shall:

(a) Enter into negotiations with the incumbent utility or persons that have authority to negotiate the disposition of the incumbent utility or the electric utility assets of the incumbent utility; and

(b) If the negotiations result in an agreement between the committee and the incumbent utility or persons described in paragraph (a) of this subsection, the committee shall immediately give notice to the commission and file an application with the commission under ORS 757.511 for approval of the transaction.

(5) An acquisition review committee created under this section may decide to acquire an investor-owned utility under subsection (4) of this section only by the affirmative vote of members of the committee representing counties in which reside not less than two-thirds of the customers with billing accounts that are served by the incumbent utility, and the affirmative vote of members of the committee representing cities in which reside not less than two-thirds of the customers with billing accounts that are served by the incumbent utility. An acquisition review committee may vote to acquire an incumbent utility under this subsection only after public notice and consultation with groups representing customers of the incumbent utility.

(6) An acquisition review committee must complete negotiations and vote to enter into an agreement not more than 150 days after notice is given to cities and counties under subsection (1) of this section. If the incumbent utility agrees in writing, the committee may request that the time limitation imposed by this section be extended by 90 days.

(7) If the commission approves acquisition of the incumbent utility by Oregon Community Power, the commission shall inform the Governor and the Governor shall activate Oregon Community Power by convening an initial Oregon Community Power Board Nominating Committee under section 7, chapter 807, Oregon Laws 2007. As soon as the first board of directors of Oregon Community Power is appointed under ORS 757.834, the board shall implement the agreement and acquire the incumbent utility or the electric utility assets of the incumbent utility in the name of Oregon Community Power.

(8) An acquisition review committee shall give notice to the commission immediately if the committee proposes to dissolve or decides not to enter into negotiations under subsection (4) of this section or if negotiations do not result in an agreement.

(9) The commission may not give notice to cities and counties under subsection (1) of this section if a person providing notice of a proposed transaction under ORS 757.511 (2) also provides to the commission written consent forms signed by persons with authority to act on behalf of counties in which reside not less than two-thirds of the customers with billing accounts that are served by the incumbent utility and on behalf of cities in which reside not less than two-thirds of the customers with billing accounts that are served by the incumbent utility.

(10) An acquisition review committee may enter into an agreement for the acquisition of an incumbent utility or the electric utility assets of the incumbent utility only if the committee obtains approval for the acquisition from the appropriate state agencies in all states in which the incumbent utility serves retail electricity consumers.

(11) Notwithstanding any other provision of law, Oregon Community Power is responsible for and shall pay all costs relating to the acquisition of an incumbent utility, including but not limited to:

(a) The costs of acquiring the electric utility assets of the incumbent utility;

(b) The costs of acquiring any necessary generating capacity and transmission capacity dedicated to serving the customers in the service area that will be acquired, including but not limited to electricity generating assets and alternate energy generating assets under construction but not yet in service;

(c) Depreciation;

(d) Loss of revenue to the incumbent utility; and

(e) All electric utility assets necessary to reintegrate the system of the incumbent utility after detaching the portion of the utility acquired by Oregon Community Power. [2007 c.807 §2]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.815**

[1985 c.550 §6; 1987 c.447 §72; renumbered 759.020 in 1989]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.818 - Oregon Community Power created.**

(1) Oregon Community Power is created as a public corporation. Oregon Community Power shall exercise and carry out all powers, rights and privileges that are conferred upon Oregon Community Power under ORS 757.812 to 757.950.

(2) Oregon Community Power is created as a public corporation in order to carry out public services in sectors of the economy in which activities or services are also provided by private enterprise. Oregon Community Power is granted all needed operating flexibility under ORS 757.812 to 757.950 in order to ensure the success of Oregon Community Power while retaining principles of public accountability and oversight.

(3) The primary mission of Oregon Community Power is to provide reliable, low-cost electricity to electricity consumers in the service territory in which Oregon Community Power undertakes to provide electricity service. [2007 c.807 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.820**

[1985 c.550 §6a; 1987 c.302 §1; renumbered 759.025 in 1989]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.822 - Laws applicable to Oregon Community Power.**

(1) Except as provided in subsection (2) of this section, the provisions of ORS chapters 35, other than ORS 35.550 to 35.575, 180, 190, 192 and 244 and ORS 30.260 to 30.460, 200.005 to 200.025, 200.045 to 200.090, 221.450, 236.605 to 236.640, 243.650 to 243.809, other than 243.696, 297.040, 307.090 and 307.112 apply to Oregon Community Power under the same terms as they apply to any other subdivision of state government.

(2) Except as otherwise provided by law, the provisions of ORS chapters 182, 183, 238, 238A, 240, 270, 273, 276, 279A, 279B, 279C, 283, 286A, 291, 292, 293, 294, 295 and 297 and ORS 35.550 to 35.575, 183.710 to 183.730, 183.745, 183.750, 184.305 to 184.345, 190.430, 190.480, 190.490, 192.105, 200.035, 243.105 to 243.585, 243.696, 243.853 to 243.855, 278.011 to 278.120, 278.315 to 278.415, 279.835 to 279.855, 282.010 to 282.150, 283.085 to 283.092, 287A.140, 287A.150, 287A.472 and 656.017 (2) do not apply to Oregon Community Power.

(3) Oregon Community Power is not a participating public employer in the Public Employees Retirement System.

(4) Any funds held by or under the control of Oregon Community Power are not public funds, as defined in ORS 295.001. [2007 c.807 §4; 2009 c.11 §96; 2009 c.538 §13; 2012 c.107 §70]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.824 - Regulatory authority of Public Utility Commission over Oregon Community Power.**

(1) Solely for purposes of determining the authority of the Public Utility Commission to regulate Oregon Community Power and the activities and operations of Oregon Community Power, Oregon Community Power shall be considered a consumer-owned utility, as

defined in ORS 757.270, and the commission shall regulate Oregon Community Power as a consumer-owned utility.

(2) In addition to having the authority granted the commission under subsection (1) of this section, the commission has the authority to:

- (a) Regulate electricity service suppliers that conduct business with or use the facilities of Oregon Community Power;
- (b) Determine a claim by an electricity service supplier that Oregon Community Power has acted in an anticompetitive manner; and
- (c) Take action against Oregon Community Power to enforce consumer protection rules adopted under ORS 757.659 (3) and applicable to direct access consumers.

(3) Oregon Community Power may not be required to obtain the approval of the Public Utility Commission to make an acquisition described in ORS 757.812 to 757.950.

(4) As used in this section, "direct access" and "electricity service supplier" have the meanings given those terms in ORS 757.915. [2007 c.807 §5]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.825**

[1985 c.550 §7; 1987 c.447 §73; 1987 c.613 §2; 1989 c.5 §§9,23; 1989 c.378 §1; 1989 c.543 §1; renumbered 759.030 in 1989]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.830 - Nominating committee.**

(1) There is established the Oregon Community Power Board Nominating Committee. The purpose of the nominating committee is to assist the Governor in appointing members to the board of directors of Oregon Community Power under ORS 757.834.

(2) The nominating committee shall consist of five members, as follows:

- (a) One member shall be a delegate from the Citizens' Utility Board and shall represent the interests of residential electricity consumers.
- (b) One member shall be a delegate from a qualified organization that represents the interests of primarily commercial electricity consumers.
- (c) One member shall be a delegate from a qualified organization that represents the interests of primarily industrial electricity consumers.
- (d) One member shall be a delegate from the League of Oregon Cities and shall represent the interests of municipalities and their residents.
- (e) One member shall be a delegate from the Association of Oregon Counties and shall represent the interests of counties and their residents.

(3) Of the members described in subsection (2)(d) and (e) of this section, one shall be from a local government that is within the service territory of Oregon Community Power and one shall be from a local government that is outside of the service territory of Oregon Community Power.

(4)(a) In order for the nominating committee to convene, the board of directors of Oregon Community Power shall prepare a proposed direction to convene as soon as is practicable following the earlier of the date that a vacancy occurs on the board or the date that it becomes known that a vacancy on the board will occur within six months.

(b) The proposed direction to convene shall state the qualified organizations that are to provide the delegates described in subsection (2)(b) and (c) of this section. The board shall send copies of the proposed direction to the Public Utility Commission and to each organization that served as a qualified organization at a prior convening of the nominating committee.

(c) Within 15 days after receipt of the proposed direction to convene, the commission shall review the proposed direction. The commission shall afford the opportunity for a hearing if requested by any party. If the proposed direction lists organizations that meet the qualifications of subsection (2)(b) and (c) of this section, the commission shall approve the direction. If the proposed direction does not list organizations that are qualified organizations under subsection (2)(b) and (c) of this section, the commission may modify the direction prior to approval. A determination by the commission may be appealed as a contested case under ORS chapter 183.

(5) The nominating committee shall convene as soon as is practicable after receiving an approved direction to convene under subsection (4) of this section, and shall forward the first slate of nominees to the Governor for consideration under ORS 757.834 no later than 90 days after the date an approved direction to convene is issued.

(6) The nominating committee shall nominate three individuals for each position on the board to be filled.

(7) A nominating committee that has been convened shall remain convened until each vacant position on the board is filled. The nominating committee shall forward a second slate of nominees to the Governor if requested by the Governor under ORS 757.834 (2).

(8) In forwarding nominees to the Governor, the nominating committee shall strive to select individuals who:

- (a) Meet the qualifications described in ORS 757.834 (6);
- (b) If appointed, would result in a board of directors that represents the geographic diversity of Oregon Community Power's service territory; and

(c) Have the ability and experience to fulfill the principal duties of the board under ORS 757.880.

(9) As used in this section, "qualified organization" means a nonprofit organization that represents a broad class of commercial or industrial customers and that has a substantial record of representing the class before state agencies or the Legislative Assembly in matters related to public utility rates, terms and conditions and energy policy issues affecting the class. [2007 c.807 §6]

Note:

See note under 757.812.

Note:

Section 7, chapter 807, Oregon Laws 2007, provides:

Sec. 7.

(1) Notwithstanding section 6 of this 2007 Act [757.830], the Governor shall convene the initial Oregon Community Power Board Nominating Committee for the first board of directors of Oregon Community Power on the date the Governor activates Oregon Community Power under section 2 of this 2007 Act [757.814].

(2) The nominating committee shall forward the first slate of nominees to the Governor for consideration under section 8 of this 2007 Act [757.834] within 30 days following the convening of the committee by the Governor.

(3) If necessary, the nominating committee shall forward a second slate of nominees to the Governor for consideration within 10 days after the Governor's request for a second slate of nominees under section 8 (2) of this 2007 Act.

(4) For purposes of section 6 (3) of this 2007 Act, the service territory of the incumbent utility is considered to be the service territory of Oregon Community Power. [2007 c.807 §7]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.834 - Board of directors.**

(1) Oregon Community Power shall be governed by a board of seven directors appointed by the Governor using the procedure set forth in this section.

(2)(a) Prior to making any appointment to the board, the Governor shall consider the nominations of the Oregon Community Power Board Nominating Committee.

(b) If the Governor reviews an initial slate of nominees made by the nominating committee and determines not to appoint a nominee, the Governor shall request that the nominating committee forward a second slate of nominees. If the Governor determines not to appoint a nominee from the second slate of nominees, the Governor may appoint any individual the Governor determines meets the qualifications of subsection (6) of this section.

(3) Notwithstanding the requirement that the Governor consider the nominations of the nominating committee prior to making an appointment, the Governor shall appoint an individual to be a board member within 120 days following the vacancy of a position on the board.

(4) Each appointment shall be subject to confirmation by the Senate in the manner prescribed in ORS 171.562 and 171.565.

(5) The term of office for each board member shall be four years. A board member may be nominated and appointed to successive terms, but within 150 days prior to the expiration of the term of the member, the board shall issue a proposed direction to convene the nominating committee under ORS 757.830 for the purpose of nominating individuals to fill the board position.

(6) A member of the board shall have significant experience or expertise in one or more of the following areas:

(a) Business operations;

(b) Utility management;

(c) Legal or financial affairs;

(d) Regional energy issues; or

(e) Developing public policy.

(7) The Governor may remove any member of the board for cause, after notice and public hearing. [2007 c.807 §8]

Note:

See note under 757.812.

Note:

Section 9, chapter 807, Oregon Laws 2007, provides:

Sec. 9.

(1) Notwithstanding section 8 (5) of this 2007 Act [757.834 (5)], the term of office for the first board of directors of Oregon Community Power shall be as follows:

(a) Two members shall be appointed for a term that ends one year following the date the Governor convenes the board;

(b) Two members shall be appointed for a term that ends two years following the date the Governor convenes the board;

(c) Two members shall be appointed for a term that ends three years following the date the Governor convenes the board; and

(d) One member shall be appointed for a term that ends four years following the date the Governor convenes the board.

(2) Consistent with subsection (1) of this section, the Governor shall designate the duration of the term of office of each member of the first board of directors at the time the Governor convenes the board. [2007 c.807 §9]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.835**

[1985 c.389 §3; 1987 c.447 §74; renumbered 759.230 in 1989]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.842 - Board meetings and procedures.**

- (1) The board of directors of Oregon Community Power shall meet at least once each month to conduct the business of the board.
- (2) A majority of board members shall constitute a quorum.
- (3) The board shall select one of its members as chairperson.
- (4) The board shall adopt bylaws establishing rules of procedure for board meetings and decisions.
- (5) A member of the board shall be compensated as provided in ORS 757.886 (12).
- (6) The board, not later than April 15 of each year, shall file a report with the Governor and the Legislative Assembly. The report shall explain the activities and operations of Oregon Community Power for the preceding calendar year, including a summary of the audit described in ORS 757.902. [2007 c.807 §10]

Note:

See note under 757.812.

[1987 c.613 §4; 1989 c.5 §11; 1989 c.378 §2; 1989 c.543 §2; renumbered 759.195 in 1989]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.852 - Acquisition of incumbent utility; use of eminent domain.**

- (1) As soon as practicable after being appointed, the board of directors of Oregon Community Power shall implement the agreement entered into by an acquisition review committee under ORS 757.814 (4)(b).
- (2) Notwithstanding ORS 757.890 (1), Oregon Community Power may not use the power of eminent domain to accomplish all or a part of an acquisition described in subsection (1) of this section unless the incumbent utility or the persons that have the authority to negotiate the disposition of the incumbent utility or the electric utility assets of the incumbent utility consent to the use of eminent domain for acquisition purposes. [2007 c.807 §11]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.855 - Funding of preliminary activities and negotiations.**

- (1) Following a request by an acquisition review committee under ORS 757.862, the Public Utility Commission shall transfer from the Public Utility Commission Account to the Oregon Community Power Utility Acquisition Fund established under ORS 757.857 all amounts necessary to fund any preliminary activities needed to determine:
  - (a) The appropriateness or desirability of an acquisition described in ORS 757.812 to 757.950;
  - (b) The requirements and terms of the acquisition; and
  - (c) Any due diligence activities related to the acquisition and the negotiations for the acquisition.
- (2) Notwithstanding any other provision of law, the commission may increase the rates of an incumbent utility in order to recover the costs incurred in negotiating an acquisition by an acquisition review committee under ORS 757.814 (4).
- (3) Notwithstanding any other provision of law, the commission may assess a fee on an incumbent utility in order to fund the transfer described in subsection (1) of this section. [2007 c.807 §12]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.857 - Oregon Community Power Utility Acquisition Fund.**

- (1) The Oregon Community Power Utility Acquisition Fund is established in the State Treasury, separate and distinct from the General Fund. Interest earned by the Oregon Community Power Utility Acquisition Fund shall be credited to the Oregon Community Power Utility Acquisition Fund.
- (2) Moneys in the Oregon Community Power Utility Acquisition Fund are continuously appropriated to the Public Utility Commission for the purpose of transferring moneys to an acquisition review committee as described in ORS 757.855. [2007 c.807 §13]

[1987 c.302 §3; 1989 c.5 §12; renumbered 759.225 in 1989]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.862 - Request to Public Utility Commission for transfer of funds.**

(1) An acquisition review committee created under ORS 757.814 may request that the Public Utility Commission transfer moneys appropriated under ORS 757.857 in order to fund any preliminary activities the committee undertakes to determine:

- (a) The appropriateness or desirability of an acquisition described in ORS 757.812 to 757.950;
- (b) The requirements and terms of the acquisition; and
- (c) Any due diligence activities related to the acquisition and the negotiations for the acquisition.

(2) An acquisition review committee shall submit a budget and plan of operations with a request under subsection (1) of this section. The commission may approve the transfer only after notice and public hearing on the request. [2007 c.807 §14]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.864 - Conduct of business after acquisition.**

If Oregon Community Power acquires an incumbent utility under ORS 757.812 to 757.950, all electric utility operations undertaken by Oregon Community Power after the acquisition shall be conducted under the name of Oregon Community Power. [2007 c.807 §15]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.868 - Oregon Community Power to be successor in interest to incumbent utility; rules.**

(1) If Oregon Community Power acquires an incumbent utility under ORS 757.812 to 757.950, unless otherwise required by the Oregon Constitution, Oregon Community Power shall constitute the successor in interest to the incumbent utility as of the date of the acquisition for all purposes, including but not limited to:

- (a) Allocation of territory and contracts allocating territory;
- (b) City franchise fee agreements; and
- (c) Contracts or obligations of any nature, to the extent the contracts or obligations apply to a successor in interest to the incumbent utility.

(2) Until the board of directors of Oregon Community Power establishes bylaws governing the procedures for conducting a ratemaking hearing and establishing rates under ORS 757.812 to 757.950 and under those procedures establishes one or more new rates or tariffs or establishes one or more changes in rates or tariffs, Oregon Community Power shall:

- (a) Adopt all existing rate schedules in effect for the incumbent utility on the date of acquisition;
- (b) Adopt the general rules and regulations of the incumbent utility's tariffs; and
- (c) Maintain Oregon Community Power books and records in accordance with generally accepted accounting principles and with the uniform system of accounts established by the Federal Energy Regulatory Commission.

(3) If Oregon Community Power acquires an incumbent utility under ORS 757.812 to 757.950, Oregon Community Power is subject to all privilege taxes imposed by municipalities that the incumbent utility was required to pay to municipalities immediately before the acquisition. [2007 c.807 §16]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.870**

[1987 c.388 §2; 1989 c.5 §13; 1989 c.574 §6; renumbered 759.040 in 1989]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.872 - Equity and assets of incumbent utility held in trust; disclaimer of state interest.**

(1) Any equity of the incumbent utility, any electric utility assets of the incumbent utility or any combination of equity and assets of the incumbent utility that Oregon Community Power acquires under ORS 757.812 to 757.950 shall be held in trust by Oregon Community Power, acting as a trustee, for the exclusive purpose of carrying out the powers, rights and privileges of Oregon Community Power under ORS 757.812 to 757.950 for the benefit of the retail electricity consumers of Oregon Community Power.

Notwithstanding any other provision of law, retail electricity consumers of Oregon Community Power may not pursue any judicial remedy in any court of this state for any action of Oregon Community Power, except as provided in ORS 757.812 to 757.950.

(2) The State of Oregon declares that it has no proprietary interest in Oregon Community Power or in any tangible or intangible property of any form owned or acquired by Oregon Community Power. The state disclaims any right to reclaim any contributions made to Oregon Community Power under ORS 757.812 to 757.950.

(3) Except as provided in ORS 757.812 to 757.950, Oregon Community Power may not receive any moneys from the State of Oregon other than:

(a) Electric utility operational revenues;

(b) Public purpose charge revenues under ORS 757.612;

(c) Nonrecourse bond proceeds or proceeds from any other nonrecourse borrowing; or

(d) Loans, grants, payments or other assistance that any local government as defined in ORS 174.116 would be eligible to receive.

[2007 c.807 §17]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.880 - Board duties.**

The principal duties of the board of directors of Oregon Community Power are to:

(1) Establish policy and develop consistent positions on core utility issues that promote and implement the primary mission of Oregon Community Power under ORS 757.818;

(2) Oversee the investments and operations of Oregon Community Power;

(3) Take all actions to ensure that revenues and income from electric utility operations are sufficient to satisfy all costs, including principal and interest payments on all outstanding bonds and other debt obligations issued by Oregon Community Power, and to maintain financial integrity in the operation of Oregon Community Power;

(4) Make decisions that are in the best interests of the consumers and communities within the service territory of Oregon Community Power and that are consistent with the primary mission of Oregon Community Power; and

(5) Consider the social, economic and environmental impacts of electricity generation, transmission and distribution in board decision-making. [2007 c.807 §18]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.883 - Payments in lieu of property taxes.**

(1) Oregon Community Power shall make payments in lieu of property taxes on all property that would otherwise be subject to assessment under ORS 308.505 to 308.674 if owned by a taxable owner. Oregon Community Power shall pay to each county in which property of Oregon Community Power is located an amount equal to the ad valorem property taxes that would have been charged by the county if Oregon Community Power property had been assessed to a taxable owner as of January 1 of the assessment year for which payment is being made.

(2) The Department of Revenue shall determine the assessed value of Oregon Community Power property as if the property were subject to assessment under ORS 308.505 to 308.674, and shall transmit the value information as provided in ORS 308.505 to 308.674 to the appropriate county assessor. Oregon Community Power shall comply with property reporting requirements under ORS 308.505 to 308.674 as if the property were subject to assessment under ORS 308.505 to 308.674.

(3) The amount of the in lieu payment to be made to each county under this section shall be determined and certified annually by the county assessor of the county. A notice of the determination and certification shall be mailed to Oregon Community Power not later than October 15. The notice shall contain a statement of the value of the property and a complete explanation of the method used in computing the amount of the in lieu payment due under this section. Not later than November 15, Oregon Community Power shall pay the amount due to each county under this section, less a discount equivalent to that which is provided in ORS 311.505. Payment shall be made to the county treasurer. The county treasurer shall distribute the payment to the taxing districts of the county in accordance with the schedule of percentages computed under ORS 311.390. [2007 c.807 §19]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.886 - Powers of Oregon Community Power.**

The board of directors of Oregon Community Power shall establish the policies of Oregon Community Power to be used in the exercise of the powers enumerated for Oregon Community Power or the board, and may thereafter modify those policies. The board may delegate the exercise of powers enumerated for Oregon Community Power to a president, chief executive officer or general manager of Oregon Community Power. Delegated powers shall be exercised by the delegatee in a manner that is consistent with the policies established by the board. The powers of Oregon Community Power, as exercisable by the board of directors or by a

president, chief executive officer or general manager under policies adopted by the board, are as follows:

- (1) To acquire and hold, including by lease-purchase agreement, real and other property necessary or incident to the business of Oregon Community Power, within or outside of, or partly within or partly outside of, the service territory of Oregon Community Power, and to sell or dispose of that property.
- (2) To execute contracts to purchase, sell or lease assets, power, services or property.
- (3) To execute contracts for the management or operation of any Oregon Community Power facilities.
- (4) To issue bonds, notes or otherwise borrow moneys, incur indebtedness or issue, sell or assume evidence of indebtedness to the extent allowed under the Oregon Constitution.
- (5) To sue and be sued.
- (6) To refund and retire any indebtedness that may exist against or be assumed by Oregon Community Power or that may exist against the revenues of Oregon Community Power.
- (7) To build, acquire, own, operate and maintain generation, transmission and distribution resources that are sufficient to maintain an adequate supply of electricity to the service territory.
- (8) To enter into agreements with local governments or other state agencies or subdivisions of state government.
- (9) To periodically develop least-cost plans at regular intervals. A least-cost plan may be developed only with public participation. A least-cost plan shall take into consideration economic and environmental risks of providing adequate and reliable energy for consumers, energy efficiency, renewable resources and cogeneration, in order to achieve adequate resources at the least overall cost.
- (10) To oversee all aspects of Oregon Community Power operations.
- (11) To hire and fire employees of Oregon Community Power.
- (12) To make contracts, to set wages, to set salaries and provide compensation for services rendered by employees and by board members, to provide for life insurance, hospitalization, disability, health and welfare and retirement plans for employees and to do all things necessary and convenient for full exercise of the powers granted in this subsection. The provision of life insurance, hospitalization, disability, health and welfare and retirement plans for employees is in addition to any other right or power of Oregon Community Power to participate in those plans and does not repeal or modify any statutes except those that may be in conflict with the provision of life insurance, hospitalization, disability, health and welfare and retirement plans.
- (13) To enter into contracts with the United States Government, with any other state, municipality or utility district or with any other person, for carrying out any provisions of ORS 757.812 to 757.950.
- (14) To fix, maintain and collect electric energy rates as prescribed in ORS 757.812 to 757.950 and to establish and collect charges for any other commodity or service furnished, developed or sold by Oregon Community Power.
- (15) To construct works across or along any street or public highway or over any lands that are the property of this state, or of any city or other subdivision of this state, subject to any franchise agreement, privilege tax or municipal regulation that would apply to the works, and to construct works across or along any stream of water or watercourse. Any works across or along any state highway shall be constructed only with the permission of the Department of Transportation. Any works across or along any county highway shall be constructed only with the permission of the county governing body. Any works across or along any city street shall be constructed only with the permission of the city governing body and upon compliance with applicable city regulations and payment of any fees called for under applicable franchise agreements, intergovernmental agreements under ORS chapter 190 or contracts providing for payment of these fees. Oregon Community Power shall restore any street or highway to its former state as near as may be practicable, and may not use the street or highway in a manner that impairs its usefulness unnecessarily.
- (16) To enter into franchise agreements with cities and pay fees under negotiated franchise agreements, intergovernmental agreements under ORS chapter 190 and contracts providing for the payment of such fees, and to pay privilege taxes imposed under ORS 221.450 or other applicable privilege taxes.
- (17) To exercise the power of eminent domain, as prescribed in ORS 757.852 or 757.890.
- (18) To adopt bylaws as prescribed in ORS 757.905.
- (19) To make payments in lieu of property taxes as prescribed in ORS 757.883.
- (20) To acquire property, execute contracts or otherwise conduct business with or within the territory of any state or local government that is outside Oregon, any Indian tribe wherever located or Canada or any province of Canada.
- (21) To execute any contract necessary to acquire, hedge or sell fuel or energy in any form, to manage electric utility operations, to construct, maintain or repair any energy generation or transmission facilities or equipment, to increase capacity for energy generation or transmission, to transfer any asset owned by Oregon Community Power or to acquire any asset for use in electric utility operations conducted by Oregon Community Power.
- (22) To establish any funds or accounts at depository banks or other financial institutions that are determined to be necessary, useful or convenient for the conduct of business by Oregon Community Power.
- (23) To take any other actions necessary or convenient for the proper exercise of the powers granted to Oregon Community Power by ORS 757.812 to 757.950. [2007 c.807 §20]

Note:

See note under 757.812.

(1) Oregon Community Power may exercise the power of eminent domain for the purpose of acquiring any property, within or outside the service territory of Oregon Community Power, necessary for carrying out the electric utility operations of Oregon Community Power. Oregon Community Power may use the power of eminent domain to acquire an incumbent utility pursuant to an agreement under ORS 757.814 only as provided by ORS 757.852.

(2) Notwithstanding subsection (1) of this section, eminent domain may not be used:

(a) To acquire service territory of another electric utility; or

(b) To acquire any property for a purpose that is unrelated to electric utility operations. [2007 c.807 §21]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.895 - Ratemaking.**

(1) The board of directors of Oregon Community Power shall establish rates for the provision of electricity within the service territory of Oregon Community Power using the procedure set forth under ORS 757.897.

(2) The board shall establish a rate structure under which rates that apply to a specific class of customers are designed to recover the costs of providing electricity and related services to that class of customers.

(3) The rates adopted by the board shall be sufficient to accomplish the following purposes:

(a) To properly maintain and operate all Oregon Community Power property and facilities;

(b) To recover the overall costs of the electric utility operations of Oregon Community Power;

(c) To reflect the income tax exempt status of Oregon Community Power so that the savings from tax exemption accrue to the benefit of the customers of Oregon Community Power;

(d) To pay all franchise fees, in lieu payments, privilege taxes and other charges and assessments that are properly imposed on Oregon Community Power or the property or facilities of Oregon Community Power;

(e) To pay principal and interest on all bonds, warrants or other obligations of any character in accordance with the terms and provisions of the obligations, including but not limited to bonds issued by Oregon Community Power for an acquisition described in ORS 757.812 to 757.950;

(f) To pay any other indebtedness or obligation for which Oregon Community Power may be obligated to pay;

(g) To pay any debt administration costs associated with bonds, warrants, obligations or other indebtedness described in paragraphs (e) and (f) of this subsection;

(h) To fund operating reserves in sufficient amounts to ensure the continued efficient operation of Oregon Community Power; and

(i) To establish and maintain any special funds that Oregon Community Power is obligated to create for the purpose of paying bond issues or other obligations. [2007 c.807 §22]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.897 - Notice of ratemaking; ratemaking hearings.**

(1) Whenever the board of directors of Oregon Community Power determines to seek a modification in any rate imposed by the board for electricity service, the board shall give notice of a ratemaking hearing, at least 30 days in advance, as follows:

(a) In newspapers of general circulation that are published in the service territory;

(b) As a separate insert accompanying billing statements sent to customers;

(c) To persons that have requested notice of ratemaking action by the board; and

(d) By publication on the Oregon Community Power website.

(2) The notice shall state:

(a) The date, time and location of the ratemaking hearing of the board;

(b) The new rates or modifications to existing rates being proposed by the board; and

(c) Any other information deemed relevant by the board.

(3) At the time that the board issues a notice of a ratemaking hearing, the board shall publish on the Oregon Community Power website or otherwise make available to the public the underlying utility information upon which the proposed rates are based. The board shall provide the specific information required by bylaws adopted under ORS 757.905 (1).

(4)(a) Pursuant to ORS 183.625, the board shall request, and the Office of Administrative Hearings shall assign, an administrative law judge to conduct the ratemaking hearing. The ratemaking hearing shall be conducted under ratemaking hearing procedures established by bylaws adopted under ORS 757.905 (2). The hearing shall be conducted in a manner that allows interested parties to present information and argument and to establish a record upon which the board may establish or modify rates pursuant to ORS 757.895.

(b) The administrative law judge shall ensure that the rates established at the ratemaking hearing are sufficient to accomplish all of the purposes described in ORS 757.895 (3).

(5) Notwithstanding ORS 757.822, a decision by the board to establish or modify rates may be appealed as a contested case under ORS chapter 183. [2007 c.807 §23]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.900 - Intervention by Citizens' Utility Board in proceedings.**

(1) Whenever the Citizens' Utility Board of Governors determines that an Oregon Community Power proceeding may affect the interests of utility consumers, the Citizens' Utility Board may intervene as of right as an interested party or otherwise participate in the proceeding.

(2) The Citizens' Utility Board shall have standing to obtain judicial or administrative review of any action of Oregon Community Power, and may intervene as of right as an interested party or otherwise participate in any proceeding that involves the review or enforcement of any action by Oregon Community Power, if the Citizens' Utility Board of Governors determines that the action may affect the interests of utility consumers. [2007 c.807 §24]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.902 - Annual audit of Oregon Community Power.**

The board of directors of Oregon Community Power shall cause an independent audit to be performed at least annually. The audit shall review and report on the financial affairs of Oregon Community Power and on any other aspects of Oregon Community Power as the board may direct. [2007 c.807 §25]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.905 - Adoption of bylaws.**

The board of directors of Oregon Community Power may adopt bylaws necessary to administer ORS 757.812 to 757.950, including but not limited to:

(1) Bylaws establishing the information the board must make available to the public prior to conducting a ratemaking hearing.

(2) Bylaws establishing procedures for conducting a ratemaking hearing that provide for substantially the same procedures as set forth in ORS 183.415, 183.425, 183.440 and 183.450.

(3) Bylaws to facilitate the implementation of the primary mission of Oregon Community Power under ORS 757.818. [2007 c.807 §26]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.910 - Policy.**

(1) The Legislative Assembly declares that it is the policy of the State of Oregon to:

(a) Ensure that the formation and operation of Oregon Community Power does not directly or indirectly diminish the amount of federal electric power available for purchase by consumer-owned utilities to serve their retail electricity consumers;

(b) Ensure that the formation and operation of Oregon Community Power does not, directly or indirectly, increase the lowest cost-based rates charged by the Bonneville Power Administration to consumer-owned utilities for the purchase of federal electric power above the level that would most likely have been charged absent the formation and operation of Oregon Community Power;

(c) Preserve the existing exclusive distribution rights of consumer-owned utilities;

(d) Ensure the preservation of contract rights currently existing between consumer-owned utilities and an incumbent utility;

(e) Preserve the authority of cities to impose franchise fees and privilege taxes and to execute contracts with Oregon Community Power; and

(f) Ensure that Oregon Community Power has access to benefits from the Bonneville Power Administration, as mandated by the federal Pacific Northwest Electric Power Planning and Conservation Act, that are equivalent to the benefits received by the incumbent utility at the time the utility is acquired by Oregon Community Power.

(2) As used in this section, "federal electric power" means electricity generated, distributed or sold by the Bonneville Power Administration. [2007 c.807 §27]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.915 - Definitions for ORS 757.915 to 757.930.**

As used in ORS 757.915 to 757.930:

- (1) "Ancillary services" has the meaning given that term in ORS 757.600.
  - (2) "Direct access" means the ability of a retail electricity consumer to purchase electricity and ancillary services, as determined by the board of directors of Oregon Community Power, directly from an entity other than Oregon Community Power.
  - (3) "Economic utility investment" means all investments, including plants and equipment and contractual or other legal obligations, made by Oregon Community Power and properly dedicated to generation or conservation, the full benefits of which are no longer available to consumers as a result of electing direct access, absent transition credits.
  - (4) "Electricity," "electricity services" and "electricity service supplier" have the meanings given those terms in ORS 757.600.
  - (5) "Nonresidential electricity consumer" means a retail electricity consumer that is not a residential electricity consumer.
  - (6) "Portfolio access" means the ability of a retail electricity consumer to choose from a set of product and pricing options for electricity determined by the board and may include product and pricing options offered by Oregon Community Power or by an electricity service supplier.
  - (7) "Retail electricity consumer" means the end user of electricity for specific purposes that is served through the distribution system of Oregon Community Power, whether or not the end user purchases the electricity from Oregon Community Power.
  - (8) "Transition charge" and "transition credit" have the meanings given those terms in ORS 757.600.
  - (9) "Uneconomic utility investment" means all investments, including plants and equipment and contractual or other legal obligations, made by Oregon Community Power and properly dedicated to generation, conservation and workforce commitments, the full costs of which are no longer recoverable as a result of direct access, absent transition charges. [2007 c.807 §28]
- Note:  
See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.918 - Oregon Community Power required to allow direct access.**

- (1) Oregon Community Power shall allow nonresidential electricity consumers direct access.
  - (2) Unless the board of directors of Oregon Community Power determines otherwise, Oregon Community Power shall provide all retail electricity consumers of Oregon Community Power with a regulated, cost-of-service rate option.
  - (3)(a) Oregon Community Power shall supply default electricity service to a nonresidential electricity consumer in an emergency.
  - (b) The board shall establish reasonable terms and conditions for providing default service to a nonresidential electricity consumer in circumstances in which the consumer is receiving electricity services through direct access and elects instead to receive electricity services through the default service.
  - (4)(a) Oregon Community Power shall permit retail electricity consumers that are eligible for direct access to voluntarily aggregate their electricity loads.
  - (b) A retail electricity consumer that is eligible for direct access may voluntarily aggregate its electricity load with the electricity load of any other retail electricity consumer that is eligible for direct access. [2007 c.807 §29]
- Note:  
See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.920 - Rights of electricity service suppliers.**

- (1) Every electricity service supplier is authorized to use the distribution facilities of Oregon Community Power on a nondiscriminatory basis.
  - (2) Oregon Community Power shall provide:
    - (a) Electricity service suppliers and retail electricity consumers access to the Oregon Community Power transmission facilities and distribution system that is comparable to that provided for Oregon Community Power's own use; and
    - (b) Electricity service suppliers and retail electricity consumers timely access to information about the Oregon Community Power transmission facilities and distribution system, metering and loads comparable to that provided to Oregon Community Power's own nondistribution divisions, affiliates and related parties.
  - (3) Oregon Community Power shall allow any electricity service supplier that has been certified by the Public Utility Commission to provide direct access to nonresidential electricity consumers. [2007 c.807 §30]
- Note:  
See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.922 - Transition credits and charges.**

- (1) Each retail electricity consumer of Oregon Community Power shall receive a transition credit or pay a transition charge as determined under this section.
- (2) The total of all transition credits or transition charges shall equal the net value of all economic utility investments and all uneconomic utility investments of Oregon Community Power.
- (3) The board of directors of Oregon Community Power shall adopt one of the following methods to establish the net value described under subsection (2) of this section and all procedures connected with the adopted method:

- (a) Auction;
- (b) Administrative valuation; or
- (c) Ongoing valuation.

(4) The transition credit or transition charge that applies to a retail electricity consumer under this section may change to reflect the duration of the service option chosen by the consumer, but may not be changed because of the electricity service supplier chosen by the consumer. [2007 c.807 §31]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.924 - Portfolio access to electricity service providers.**

The board of directors of Oregon Community Power shall determine whether and under what conditions Oregon Community Power will offer retail electricity consumers portfolio access to electricity service suppliers. The board shall have sole authority to determine:

- (1) The quality and nature of electricity services, including but not limited to different product and pricing options, that will be made available to its retail electricity consumers.
- (2) The extent to which products and services will be unbundled and the rates, tariffs, terms and conditions on which they may be offered.
- (3) Whether one or more pilot programs for direct access, portfolio access or other forms of access to alternative suppliers will be offered.
- (4) The degree to which provision of portfolio access necessitates modification of transition credits, transition charges and the net value described in ORS 757.922 (2) on which transition credits or transition charges are based.
- (5) The establishment of technical capability requirements, financial responsibility requirements and other protections for retail electricity consumers located within the Oregon Community Power service territory in dealings with electricity service suppliers.
- (6) Access to or use of the Oregon Community Power transmission facilities or distribution system by retail electricity consumers or electricity service suppliers.
- (7) Oregon Community Power's qualification standards for electricity service suppliers in addition to any certification standards established by the Public Utility Commission, provided that the qualification standards are uniformly applied to electricity service suppliers in a nondiscriminatory manner. [2007 c.807 §32]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.930 - Distribution rights; service territories.**

(1) Notwithstanding any other provision of law, a consumer-owned utility has exclusive distribution rights, to the extent the distribution rights are provided by law other than ORS 757.812 to 757.950, and exclusive responsibility for the performance and oversight of:

- (a) The utility's distribution system, including the acquisition, construction, financing, operation and maintenance of distribution facilities; and
- (b) Metering, billing, collection and consumer response functions related to the distribution of electricity to retail electricity consumers located within the utility's service territory.

(2) ORS 757.812 to 757.950 do not:

- (a) Diminish or enlarge the rights of any person under ORS 758.400 to 758.475; or
- (b) Affect the administration or enforcement of ORS 758.400 to 758.475. [2007 c.807 §33]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.935 - Definitions for ORS 757.935 to 757.945.**

As used in ORS 757.935 to 757.945:

- (1) "Credit enhancement agreement" means any agreement or contractual relationship between Oregon Community Power and any bank, trust company, insurance company, surety bonding company, pension fund or other financial institution providing additional credit on or security for a financing agreement or certificates of participation authorized by ORS 757.935 to 757.945.
- (2) "Financing agreement" means a bond, installment sale agreement, loan agreement, note, note agreement, short-term promissory note, commercial paper, line of credit or similar obligation or any other agreement to finance real or personal property, tangible or intangible, that is or will be owned and operated by Oregon Community Power, to otherwise borrow money, or to refinance previously executed financing agreements. [2007 c.807 §34]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.937 - Financing agreements authorized.**

(1) Oregon Community Power may enter into financing agreements in accordance with ORS 757.935 to 757.945 upon such terms as the board of directors of Oregon Community Power determines to be necessary or desirable. Amounts payable by Oregon Community Power under a financing agreement shall be limited to funds specifically pledged, budgeted for or otherwise made available by Oregon Community Power. If there are insufficient available funds to pay amounts due under a financing agreement, the lender may exercise any property rights that Oregon Community Power has granted to the lender in the financing agreement against the property that was purchased with the proceeds of the financing agreement, and may apply the amounts so received toward payments scheduled to be made by Oregon Community Power under the financing agreement.

(2) Oregon Community Power may enter into a financing agreement only following adoption by the board of directors of a resolution authorizing the execution of the financing agreement or a series of similar financing agreements.

(3) Any obligation of any kind incurred by Oregon Community Power shall state on its face that it is solely an obligation of Oregon Community Power. [2007 c.807 §35]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.940 - Delegation of powers relating to financing agreements.**

The board of directors of Oregon Community Power may delegate to any board member, or to the chief executive officer, president, general manager or chief financial officer of Oregon Community Power, the authority to determine maturity dates, principal amounts, redemption provisions, interest rates or methods for determining variable or adjustable interest rates, denominations, methods of sale, agreements for the exchange of interest rates as an issuer under ORS 287A.335 and other terms and conditions of a financing agreement that are not appropriately determined at the time of enactment or adoption of a resolution authorizing the execution of the financing agreement. The board may also delegate entering into a financing agreement or any other instrument authorized by law. This delegated authority shall be exercised subject to applicable requirements of law and any limitations and criteria as may be set forth in the resolution authorizing the execution of a financing agreement or in Oregon Community Power bylaws. [2007 c.807 §36; 2009 c.538 §14]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.942 - Powers of Oregon Community Power relating to financing agreements.**

Oregon Community Power may:

(1) Enter into agreements with third parties to hold financing agreement proceeds, payments and reserves as security for lenders, and to issue certificates of participation in the right to receive payments due from Oregon Community Power under a financing agreement. Amounts so held shall be invested at the direction of the board of directors of Oregon Community Power. Interest earned on any investments held as security for a financing agreement may, at the option of the board, be credited to the accounts held by the third party and applied in payment of sums due under a financing agreement.

(2) Enter into credit enhancement agreements for financing agreements or certificates of participation, provided that any credit enhancement agreements shall be payable solely from funds specifically pledged, budgeted for or otherwise made available by Oregon Community Power and amounts received from the exercise of property rights granted under the financing agreements.

(3) Use financing agreements to finance the costs of acquiring or refinancing real or personal property, either tangible or intangible, plus the costs of reserves and credit enhancements and the costs associated with obtaining the financing.

(4) Grant security interests in property to trustees or lenders.

(5) Make pledges for the benefit of trustees and lenders.

(6) Purchase fire and extended coverage or other casualty insurance for property that is acquired or refinanced with proceeds of a financing agreement, assign the proceeds thereof to a lender or trustee to the extent of their interest, and covenant to maintain any insurance while the financing agreement is unpaid, as long as available funds are sufficient to purchase the insurance. [2007 c.807 §37]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.945 - Consultation with State Treasurer.**

Oregon Community Power may consult with and obtain advice from the State Treasurer on proposed or executed financing agreements. The State Treasurer may recover from Oregon Community Power any costs incurred by the State Treasurer in providing consultation and advice. [2007 c.807 §38]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.950 - Authorization to issue and sell revenue bonds.**

(1) Oregon Community Power may issue and sell revenue bonds as provided in ORS chapter 287A. However, ORS 287A.150 does not apply to revenue bonds issued by Oregon Community Power. Revenue bonds issued by Oregon Community Power are not a general obligation of Oregon Community Power and may not be a charge upon any revenues or property of Oregon Community Power that is not specifically pledged thereto. Any obligation of any kind incurred by Oregon Community Power under this section is not, and may not be considered, an indebtedness of the State of Oregon.

(2) Revenue bonds or other financing agreements issued by Oregon Community Power under this section are bonds or obligations of a political subdivision of the State of Oregon for the purposes of all laws of this state. [2007 c.807 §39; 2009 c.538 §15]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.954 - City's authority to control, and collect charges for, use of rights of way.**

ORS 757.812 to 757.950 do not diminish, or authorize the adoption of rules that diminish, the authority of a city to control the use of the city's rights of way or to collect license fees, privilege taxes, rent or other charges for the use of the rights of way of the city. [2007 c.807 §42]

Note:

See note under 757.812.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.960 - Commission to convene workshops; wildfire protection and mitigation best practices.**

The Public Utility Commission shall periodically convene workshops for the purpose of helping public utilities that provide electricity, municipal electric utilities, people's utility districts organized under ORS chapter 261 that sell electricity, electric cooperatives organized under ORS chapter 62 and operators of electrical transmission and distribution systems to develop and share information for the identification, adoption and carrying out of best practices regarding wildfires, including, but not limited to, risk-based wildfire protection and risk-based wildfire mitigation procedures and standards. [2021 c.592 §2]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.963 - Public utility required to develop wildfire protection plan; rules.**

(1) A public utility that provides electricity must have and operate in compliance with a risk-based wildfire protection plan that is filed with the Public Utility Commission and has been evaluated by the commission. The plan must be based on reasonable and prudent practices identified through workshops conducted by the commission pursuant to ORS 757.960 and on commission standards adopted by rule. The public utility must design the plan in a manner that seeks to protect public safety, reduce risk to utility customers and promote electrical system resilience to wildfire damage.

(2) A public utility that provides electricity shall regularly update a risk-based wildfire protection plan on a schedule determined by the commission. The plan must, at a minimum:

(a) Identify areas that are subject to a heightened risk of wildfire and are:

(A) Within the service territory of the public utility; and

(B) Outside the service territory of the public utility but within a reasonable distance, as determined by the commission, of the public utility's generation or transmission assets.

(b) Identify a means for mitigating wildfire risk that reflects a reasonable balancing of mitigation costs with the resulting reduction of wildfire risk.

(c) Identify preventive actions and programs that the public utility will carry out to minimize the risk of utility facilities causing a wildfire.

(d) After seeking information from regional, state and local entities, including municipalities, identify a protocol for the deenergizing of power lines and adjusting of power system operations to mitigate wildfires, promote the safety of the public and first responders and preserve health and communication infrastructure.

(e) Describe the procedures, standards and time frames that the public utility will use to inspect utility infrastructure in areas that the public utility identifies under paragraph (a) of this subsection.

(f) Describe the procedures, standards and time frames that the public utility will use to carry out vegetation management in areas that the public utility identifies under paragraph (a) of this subsection.

(g) Identify the development, implementation and administration costs for the plan.

(h) Identify the community outreach and public awareness efforts that the public utility will use before, during and after a wildfire season.

(3) To develop a plan described in subsection (2) of this section, a public utility may consult with and consider information from

regional, state and local entities, including municipalities.

(4) The commission, in consultation with the State Forestry Department and local emergency services agencies, shall evaluate a public utility's wildfire protection plan and plan updates through a public process.

(5) Not more than 180 days after receiving a wildfire protection plan or plan update from a public utility, the commission shall approve or approve with conditions the plan or update if the commission finds that the plan or update is based on reasonable and prudent practices identified through workshops pursuant to ORS 757.960 and designed to meet all applicable rules and standards adopted by the commission.

(6) The commission's approval of a wildfire protection plan does not establish a defense to any enforcement action for violation of a commission decision, order or rule or relieve a public utility from proactively managing wildfire risk, including by monitoring emerging practices and technologies.

(7) The commission shall adopt rules for the implementation of this section. The rules may include, but need not be limited to, procedures and standards regarding vegetation management, public power safety shutoffs and restorations, pole materials, circuitry and monitoring systems.

(8) All reasonable operating costs incurred by, and prudent investments made by, a public utility to develop, implement or operate a wildfire protection plan under this section are recoverable in the rates of the public utility from all customers through a filing under ORS 757.210 to 757.220. The commission shall establish an automatic adjustment clause, as defined in ORS 757.210, or another method to allow timely recovery of the costs. [2021 c.592 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.966 - Consumer-owned utility required to develop wildfire mitigation plan.**

(1) As used in this section, "consumer-owned utility" and "governing body" have the meanings given those terms in ORS 757.600.

(2) A consumer-owned utility must have and operate in compliance with a risk-based wildfire mitigation plan approved by the governing body of the utility. The plan must be designed to protect public safety, reduce risk to utility customers and promote electrical system resilience to wildfire damage.

(3) The consumer-owned utility shall regularly update the risk-based wildfire mitigation plan on a schedule the governing body deems consistent with prudent utility practices.

(4) A consumer-owned utility shall conduct a wildfire risk assessment of utility facilities. The utility shall review and revise the assessment on a schedule the governing body deems consistent with prudent utility practices.

(5) A consumer-owned utility shall submit a copy of the risk-based wildfire mitigation plan approved by the utility governing body to the Public Utility Commission to facilitate commission functions regarding statewide wildfire mitigation planning and wildfire preparedness. [2021 c.592 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.968 - Electric utility easement over private land.**

(1) As used in this section, "electric utility" has the meaning given that term in ORS 757.600.

(2) ORS 757.963 and 757.966 do not affect the terms or conditions of an easement held by an electric utility over private land as of July 19, 2021. [2021 c.592 §6a]

Note:

757.968 and 757.969 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.969 - Municipally owned utility exempt from requirements.**

ORS 757.963 and 757.995 do not apply to municipally owned utilities organized under ORS chapter 225. [2021 c.592 §6b]

Note:

See note under 757.968.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.990 - Penalties.**

(1) Any person or municipality, or their agents, lessees, trustees or receivers, who omits, fails or refuses to do any act required by ORS 757.035, or fails to comply with any orders, rules or regulations of the Public Utility Commission made in pursuance of ORS 757.035, shall forfeit and pay into the State Treasury a sum of not less than \$100, nor more than \$10,000 for each such offense.

(2) Any public utility, or an officer or agent of a public utility, violating ORS 757.310 commits a Class A violation.

(3) Violation of ORS 757.325 is a Class A violation if committed by an individual. Violation of ORS 757.325 is a specific fine violation if committed by a person other than an individual and is subject to a fine of not more than \$10,000.

(4) Violation of ORS 757.330 is a Class A violation.

(5) Violation of ORS 757.445 is a specific fine violation subject to a fine of not more than \$20,000 for each offense.

(6) Violation of ORS 757.450 is a Class C felony. [Amended by 1971 c.655 §95; 1979 c.990 §428; 1987 c.320 §245; 1999 c.1051]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.991 - Civil penalty for noncompliance with gas regulations.**

(1)(a) Any person or municipality, or any agent, lessee, trustee or receiver of the person or municipality, engaged in the management, operation, ownership or control of facilities for the transmission or distribution of gas by pipeline, or of facilities for the storage or treatment of gas to be transmitted or distributed by pipeline, that fails to comply with ORS 757.039, or fails to comply with any order, rule or regulation of the Public Utility Commission made pursuant to ORS 757.039, is subject to a civil penalty established by rule by the commission.

(b) The civil penalty amount for a violation or series of violations described in this section may not exceed the administrative civil penalty amount set forth in 49 C.F.R. 190.223 for a violation or series of violations of the applicable federal law described therein.

(2) Notwithstanding ORS 183.315 (6), 183.745 (7)(d) and 756.500 to 756.610, civil penalties under this section must be imposed by the commission as provided in ORS 183.745.

(3) Civil penalties collected under this section must be paid into the General Fund and credited to the Public Utility Commission Account as described in ORS 756.990 (7). [1969 c.372 §4; 1991 c.199 §1; 2015 c.231 §1; 2021 c.35 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.992**

[Formerly 758.990; renumbered 165.990]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.993 - Penalty for violation of utility excavation notification provisions.**

(1) Except as provided in subsection (2) of this section and in addition to all other penalties provided by law, every person who violates or who procures, aids or abets in the violation of any rule of the Oregon Utility Notification Center shall incur a penalty of not more than \$1,000 for the first violation and not more than \$5,000 for each subsequent violation.

(2) In addition to all other penalties provided by law, every person who intentionally violates or who intentionally procures, aids or abets in the violation of any rule of the Oregon Utility Notification Center shall incur a penalty of not more than \$5,000 for the first violation and not more than \$10,000 for each subsequent violation.

(3) Each violation of any rule of the Oregon Utility Notification Center shall be a separate offense. In the case of a continuing violation, each day that the violation continues shall constitute a separate violation.

(4) Penalties under this section shall not be imposed except by order following complaint as provided in ORS 756.500 to 756.610. A complaint must be filed within two years following the date of the violation.

(5) The Public Utility Commission may reduce any penalty provided in this section on such terms as the commission considers proper if:

(a) The defendant admits to the violation or violations alleged in the complaint and makes a timely request for reduction of the penalty; or

(b) The defendant submits to the commission a written request for reduction of the penalty within 15 days from the date of the penalty order.

(6) If the amount of the penalty is not paid to the commission, the Attorney General, at the request of the commission, shall bring an action in the name of the State of Oregon in the Circuit Court for Marion County to recover the penalty. The action shall not be commenced until after the time has expired for an appeal from the findings, conclusions and order of the commission.

(7) Notwithstanding any other provision of law, the commission shall pay penalties recovered under this section to the Oregon Utility Notification Center.

(8) The commission shall not seek penalties under this section except in response to a complaint alleging a violation of a rule or rules adopted by the Oregon Utility Notification Center. The commission may investigate any such complaint, and the commission shall have sole discretion to seek penalties under this section. [1995 c.691 §7]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation Generally Section 757.994 - Civil penalty for violation of statute, rule or order related to water utilities.**

(1) In addition to all other penalties provided by law, a person who violates any statute, rule or order of the Public Utility Commission related to water utilities is subject to a civil penalty of not more than \$500 for each violation. The commission may require that penalties imposed under this section be used for the benefit of the customers of water utilities affected by the violation.

(2) Notwithstanding ORS 183.745 (7)(d), 183.315 (6) and 756.500 to 756.610, civil penalties under this section must be imposed by the commission as provided in ORS 183.745. [2003 c.202 §3]

Note:

757.994 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 757 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 757 - Utility Regulation**

**GenerallySection 757.995 - Civil penalty for violation of wildfire protection provisions or rule.**

- (1) In addition to all other penalties provided by law, violation of ORS 757.963 or a rule adopted pursuant to ORS 757.963 is subject to a civil penalty not to exceed \$10,000.
- (2) Notwithstanding ORS 183.315 (6), 183.745 (7)(d) and 756.500 to 756.610, civil penalties under this section must be imposed by the Public Utility Commission as provided in ORS 183.745.
- (3) Civil penalties collected under this section must be paid into the General Fund and credited to the Public Utility Commission Account as described in ORS 756.990 (7). [2021 c.592 §3a]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 758 - Utility Rights of Way and Territory Allocation; CogenerationSection 758.010 - Authority to construct lines and facilities; requirements and conditions.**

- (1) Except within cities, any person has a right and privilege to construct, maintain and operate its water, gas, electric or communication service lines, fixtures and other facilities along the public roads in this state, as defined in ORS 368.001 or across rivers or over any lands belonging to state government, as defined in ORS 174.111, free of charge, and over lands of private individuals, as provided in ORS 772.210. Such lines, fixtures and facilities shall not be constructed so as to obstruct any public road or navigable stream.
- (2) A county governing body and the Department of Transportation have authority to designate the location upon roads under their respective jurisdiction, outside of cities, where lines, fixtures and facilities described in this section may be located, and subject to ORS 758.025 may order the location of any such line, fixture or facility to be changed when such governing body or department deems it expedient. Any line, fixture or facility erected or remaining in a different location upon such road than that designated in any order of the governing body or department is a public nuisance and may be abated accordingly.
- (3) The state officer, agency, board or commission having jurisdiction over any land belonging to state government, as defined in ORS 174.111, with respect to which the right and privilege granted under subsection (1) of this section is exercised may impose reasonable requirements for the location, construction, operation and maintenance of the lines, fixtures and facilities on such land. The person exercising such right and privilege over any land belonging to state government, as defined in ORS 174.111, shall pay the current market value for the existing forest products that are damaged or destroyed in exercising such right and privilege. Such right and privilege of any person is conditioned upon compliance with the requirements imposed by this subsection. [Amended by 1955 c.123 §1; 1971 c.655 §100; 1981 c.153 §76; 2001 c.664 §§3,6; 2009 c.444 §4; 2015 c.55 §1]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 758 - Utility Rights of Way and Territory Allocation; CogenerationSection 758.012 - Notice of intent to build transmission line to consumer-owned utilities and public utilities; exemptions.**

- (1) As used in this section:
  - (a) "Public utility" has the meaning given that term in ORS 757.005.
  - (b) "Transmission line" means a linear utility facility by which a utility provider transmits or transfers electricity from a point of origin or generation or between transfer stations.
- (2) A person who applies for a permit with the Energy Facility Siting Council or with a county to build a transmission line must notify each people's utility district organized under ORS chapter 261, municipal utility organized under ORS chapter 225, electric cooperative organized under ORS chapter 62 and public utility in whose service territory the transmission line will be constructed of the intent to receive approval for the construction of the transmission line unless the person is:
  - (a) A people's utility district organized under ORS chapter 261, a municipal utility organized under ORS chapter 225 or an electric cooperative organized under ORS chapter 62; or
  - (b) A public utility. [2013 c.235 §2]

**2023 Oregon Revised StatutesVolume : 19 - Utilities, Vehicle Code, Watercraft, AviationChapter 758 - Utility Rights of Way and Territory Allocation; CogenerationSection 758.013 - Operator of electric power line to provide Public Utility Commission with safety information; availability of information to public utilities.**

- (1) Each person who is subject to the Public Utility Commission's authority under ORS 757.035 and who engages in the operation of an electric power line as described in ORS 757.035 must provide the commission with the following information before January 2 of each even-numbered year:
  - (a) The name and contact information of the person that is responsible for the operation and maintenance of the electric power line, and for ensuring that the electric power line is safe, on an ongoing basis; and
  - (b) The name and contact information of the person who is responsible for responding to conditions that present an imminent threat to the safety of employees, customers and the public.
- (2) In the event that the contact information described in subsection (1) of this section changes or that ownership of the electric power line changes, the person who engages in the operation of the electric power line must notify the commission of the change as soon as practicable, but no later than within 90 days.
- (3) If the person described in subsection (1) of this section is not the public utility, as defined in ORS 757.005, in whose service

territory the electric power line is located, the commission shall make the information provided to the commission under subsection (1) of this section available to the public utility in whose service territory the electric power line is located. [2013 c.235 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.015 - Certificate of public convenience and necessity.**

(1) When any person, as defined in ORS 758.400, providing electric utility service, as defined in ORS 758.400, or any transmission company, proposes to construct an overhead transmission line which will necessitate a condemnation of land or an interest therein, it shall petition the Public Utility Commission for a certificate of public convenience and necessity setting forth a detailed description and the purpose of the proposed transmission line, the estimated cost, the route to be followed, the availability of alternate routes, a description of other transmission lines connecting the same areas, and such other information in such form as the commission may reasonably require in determining the public convenience and necessity.

(2) The commission shall give notice and hold a public hearing on such petition. The commission, in addition to considering facts presented at such hearing, shall make the commission's own investigation to determine the necessity, safety, practicability and justification in the public interest for the proposed transmission line and shall enter an order accordingly. Except for petitions for a proposed transmission line for which the petitioner also seeks approval from the Energy Facility Siting Council for the same transmission line, the order shall be subject to review as in other cases. Orders on petitions for a proposed transmission line for which the petitioner also seeks approval from the Energy Facility Siting Council for the same transmission line are subject to judicial review in the same manner as an order in a contested case as set forth in ORS 758.017. In any proceeding for condemnation, a certified copy of such order shall be conclusive evidence that the transmission line for which the land is required is a public use and necessary for public convenience.

(3) This section shall not apply to construction of transmission lines in connection with a project for which a permit or license is otherwise obtained pursuant to state or federal law.

(4) As used in this section and ORS 758.020, "transmission company" means a person or entity that owns or operates high voltage transmission lines and is subject to the jurisdiction of the Federal Energy Regulatory Commission. "Transmission company" does not include a cooperative organized under ORS chapter 62. [1961 c.691 §19; 2001 c.913 §6; 2013 c.335 §1]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.017 - Appeal of grant or denial of certificate of public convenience and necessity for transmission lines subject to Energy Facility Siting Council approval; review vested in Supreme Court.**

(1) Any party to a contested case hearing related to the application for a certificate of public convenience and necessity under ORS 758.015 for a proposed transmission line for which the petitioner also seeks approval from the Energy Facility Siting Council for the same transmission line may appeal the Public Utility Commission's grant or denial of the application. Issues on appeal shall be limited to those raised by the parties to the contested case hearing before the commission.

(2) Jurisdiction for judicial review of the commission's approval or rejection of an application for a certificate of public convenience and necessity under subsection (1) of this section is conferred upon the Supreme Court. Proceedings for review shall be instituted by filing a petition in the Supreme Court. The petition shall be filed within 60 days after the date of service of the commission's final order. Date of service shall be the date on which the commission delivered or mailed the final order in accordance with ORS 183.470.

(3) The filing of a petition for judicial review may not stay the order, except that a party to the contested case hearing may apply to the Supreme Court for a stay upon a showing that there is a colorable claim of error and that the petitioner will suffer irreparable injury.

(4) If the Supreme Court grants a stay pursuant to subsection (3) of this section, the court:

(a) Shall require the petitioner requesting the stay to give an undertaking in the amount of \$5,000.

(b) May grant the stay in whole or in part.

(c) May impose other reasonable conditions on the stay.

(5) The review by the Supreme Court shall be the same as the review by the Court of Appeals described in ORS 183.482. The Supreme Court shall give priority on its docket to a petition for review under this section and render a decision within six months of the filing of the petition for review.

(6) The following periods of delay shall be excluded from the six-month period within which the court must render a decision under subsection (5) of this section:

(a) Any period of delay resulting from a motion properly before the court; or

(b) Any reasonable period of delay resulting from a continuance granted by the court on the court's own motion or at the request of one of the parties, if the court granted the continuance on the basis of findings that the ends of justice served by granting the continuance outweigh the best interests of the public and the other parties in having a decision within six months.

(7) No period of delay resulting from a continuance granted by the Supreme Court under subsection (6)(b) of this section shall be excluded from the six-month period unless the court sets forth, in the record, either orally or in writing, the court's reasons for finding that the ends of justice served by granting the continuance outweigh the best interests of the public and the other parties in having a decision within six months. The factors the court shall consider in determining whether to grant a continuance under subsection (6)(b) of this section are:

- (a) Whether the failure to grant a continuance in the proceeding would be likely to make a continuation of the proceeding impossible or result in a miscarriage of justice; or
- (b) Whether the case is so unusual or so complex, because of the number of parties involved or the existence of novel questions of fact or law, that it is unreasonable to expect adequate consideration of the issues within the six-month period.
- (8) No continuance under subsection (6)(b) of this section shall be granted because of general congestion of the court calendar or lack of diligent preparation or attention to the case by any member of the court or any party. [2013 c.335 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.020 - Joint occupancy of poles.**

(1) The county court, board of county commissioners or the Department of Transportation, when designating the location where poles or other aboveground facilities described in ORS 758.010 may be placed on a road or highway which fronts on the ocean or on a river or other body of water and the water frontage of the highway is being developed or maintained for its scenic or recreational value, may require all lines to occupy the opposite side of the right of way, if such joint occupancy can be maintained without undue impairment of service or damage to public life and property.

(2) If the owners of such lines are unable to agree on the terms and conditions of joint occupancy, such department, court or board shall request the Public Utility Commission to determine the practicability of such joint occupancy and the effect thereof upon adequate and safe service by the prospective joint occupants, the location of the lines, and, if found to be practicable, to fix and prescribe the terms and conditions pursuant to which joint occupancy shall be accomplished. Before making or entering an order, such commission shall hold a hearing and make findings in accordance with ORS 756.500 to 756.610. The order of the commission is subject to judicial review in the manner provided by ORS 756.610. In fixing terms and conditions pursuant to which joint occupancy shall be accomplished, the Public Utility Commission shall require the installation by each occupant of standards, devices and equipment reasonably necessary to protect the equipment of the other occupants from damage and the public from injury arising from such joint occupancy.

(3) The right of any public utility, telecommunications utility or transmission company to construct, maintain and operate on a public highway poles or fixtures is contingent on compliance with reasonable requirements established by the Department of Transportation, county courts, boards of county commissioners or the Public Utility Commission under authority of this section and ORS 758.010. Such rights are likewise contingent and conditioned on all facilities, equipment and installations being constructed and maintained in strict conformance with modern and approved standards. [Amended by 1971 c.655 §102; 1987 c.447 §98; 2001 c.913 §7; 2005 c.638 §11; 2017 c.312 §6]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.025 - Relocation of utilities in highway right of way; required consultation; recovery of costs.**

(1) As used in this section:

(a) "Highway" has the meaning given that term in ORS 801.305 (1) but does not include highways located on property owned by the Port of Portland that is subject to federal relocation regulations authorized under 49 U.S.C. 47107, as in effect on January 1, 2010.

(b) "Public body" has the meaning given that term in ORS 174.109.

(c) "Utility" means a public utility, as defined in ORS 757.005, or a telecommunications utility or competitive telecommunications provider, as those terms are defined in ORS 759.005.

(2) If a public body plans a project that would require utilities to relocate their utility facilities that are located in the highway right of way, the public body shall notify affected utilities of the project in writing as soon as is practicable.

(3) During the planning and design phase of a project, the public body shall coordinate with the affected utilities to discuss the project's scope and schedule. At a minimum, the discussion must include a description of the plans, goals and objectives of the proposed project and options to minimize or eliminate costs to the public body and the utilities. The public body is not required to avoid or minimize costs to the utilities in a way that materially affects the project's scope, costs or schedule. Failure of the affected utilities to respond or participate in the coordination or discussion does not affect the ability of the public body to proceed with design and construction of the project.

(4) A public body having jurisdiction over a highway may not prohibit a utility from seeking reimbursement from private parties or customers for costs under this section in any permit application, license application or other written agreement authorizing the utility to relocate the facilities.

(5)(a) Notwithstanding any other provision of ORS chapter 759, a telecommunications utility that is not subject to rate-of-return regulation, including a utility regulated under ORS 759.255 may, after participating in the process described in subsection (3) of this section, request authorization from the Public Utility Commission to recover from customers prudent costs incurred for the relocation of facilities required by a public body that are not otherwise paid or reimbursed from another source. Recoverable relocation costs are the nonfacility costs incurred in the relocation plus the undepreciated value of the facilities replaced, including the cost of placing such facilities underground if underground placement is required by the public body or other provision of law. The commission may authorize the recovery of relocation costs that the commission determines to be substantial and beyond the normal course of business.

(b) The commission shall:

- (A) Verify the relocation costs for which the utility requests recovery;
  - (B) Determine the allocation of costs between interstate and intrastate services, geographic areas, customers and services; and
  - (C) Prescribe the method of cost recovery.
- (c) In determining the level of cost recovery and the allocation of costs, the commission shall consider:
- (A) The overall impact on the utility; and
  - (B) Other relevant factors identified by the commission.
- (d) Relocation costs may be recovered for a reasonable period of time subject to approval by the commission and not to exceed the depreciable life of the facilities. [2009 c.444 §2]

[Renumbered 271.440]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.035 - Commission's power to enforce joint use of facilities.**

(1) Every public utility, telecommunications utility, person, association or corporation having conduits, subways, street railway tracks, poles or other equipment on, over or under any street or highway shall for a reasonable compensation permit the use of the same by any public utility or telecommunications utility whenever public convenience or necessity requires such use and such use will not result in irreparable injury to the owner or other users of such equipment nor in any substantial detriment to the service to be rendered by such owners or other users.

(2) In case of failure to agree upon such use or the conditions or compensation for such use, any public utility, telecommunications utility, person, association or corporation interested may apply to the Public Utility Commission, and if after investigation the commission ascertains that public convenience or necessity requires such use and that it would not result in irreparable injury to the owner or other users of such equipment, the commission shall by order direct that such use be permitted and prescribe reasonable conditions and compensation for such joint use.

(3) The use so ordered shall be permitted and the prescribed conditions and compensation shall be the lawful conditions and compensation to be observed, followed and paid. The order of the commission is subject to judicial review in the manner provided by ORS 756.610. The order may be modified by the commission upon application of any interested party or upon the commission's own motion. All public utilities and telecommunications utilities shall afford all reasonable facilities and make all necessary regulations for the interchange of business, or traffic carried or their product between them, when ordered by the commission so to do. **2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.120 - Electric easement in provision of broadband services; exceptions; notice; remedies for property owners.**

(1) As used in this section and ORS 758.125 and 758.130:

(a) "Attachment" has the meaning given that term in ORS 757.270.

(b) "Broadband" has the meaning given that term in ORS 276A.406.

(c) "Commercial broadband service provider" means a provider of broadband service that is not affiliated with or a division of an electric cooperative.

(d) "Electric cooperative" has the meaning given that term in ORS 757.600.

(e) "Electric easement" means any recorded or unrecorded easement or license, including easements created by operation of law, held or used by an electric cooperative for the installation and maintenance of electric facilities, regardless of whether the easement is for the exclusive benefit of the electric cooperative or is also for use in connection with other utility services that may or may not be provided by the electric cooperative.

(f) "Electric facilities" means any line, wire, pipe, conduit, main, pump, pole, tower, fixture, manhole, handhole or other similar facility or facilities, and any other related or ancillary materials, which are owned or controlled, in whole or in part, by one or more electric cooperatives.

(g) "Property owner" means a person with a recorded fee simple interest in land upon which an electric easement is located.

(2)(a)(A) Except as provided in paragraph (b) of this subsection, an electric cooperative may use or allow for the use of an electric easement in the provision of broadband services.

(B) If use of an electric easement in the provision of broadband services as authorized under this paragraph would result in an expansion of the uses for which the easement is granted or acquired, the electric cooperative shall, no later than 60 days prior to the expansion of use, provide written notice to the property owner pursuant to subsection (3) of this section.

(C) A commercial broadband service provider may request for an electric cooperative to send notice to a property owner as required by this subsection. A commercial broadband service provider shall include in a request under this subparagraph the addresses of subject poles and the pole numbers if labeled on the pole, and the names and addresses of the property owners to whom the commercial broadband service provider requests notice to be sent. Absent unusual circumstances such as an outage or similar emergency, an electric cooperative shall send notice to a property owner as requested under this subparagraph no later than 10 days after receipt of the request from a commercial broadband service provider.

(b)(A) The provisions of this section do not authorize an electric cooperative to use or allow for the use in the provision of broadband services any electric easements that are granted on property owned, managed or operated by a city, including but not limited to public rights of way within the boundaries of the city.

(B) If an electric easement is an unrecorded easement, license or easement created by operation of law, the electric easement must be in current use by the electric cooperative for the installation and maintenance of electric facilities in order for the electric cooperative to exercise the authority granted under this section. For purposes of this section, the location and extent of an unrecorded easement, license or easement created by operation of law is limited to:

(i) The location of the electric easement as it was in use prior to commencement of use of the electric easement in the provision of broadband services; and

(ii) A width of no more than 10 feet on each side from the center line of the electric easement.

(3)(a) Written notice as required by subsection (2) of this section must be sent by certified mail to the last known address of the property owner, according to publicly available records of the county assessor. The notice must contain:

(A) The name and mailing address of the electric cooperative;

(B) The mailing address, telephone number and electronic mail address for a representative of the electric cooperative;

(C) A summary statement of the purpose and character of the expansion of the use of the electric easement; and

(D) An offer for an onsite meeting prior to commencement of any installation activities associated with the expanded use.

(b) If the notice is sent by an electric cooperative on behalf of a commercial broadband service provider, the notice must also contain:

(A) The name and mailing address of the commercial broadband service provider; and

(B) The mailing address, telephone number and electronic mail address for a representative of the commercial broadband service provider.

(4) If the activities necessary to expand use of the electric easement for provision of broadband services will require trenching or other underground work that is not included in the uses for which the easement is granted or acquired:

(a) The notice provided under subsection (3) of this section must also include:

(A) A summary statement describing the activities to be conducted during the trenching or other underground work; and

- (B) The approximate dates when the trenching or other underground work will start and end;
- (b) Any new conduit must be installed in a location that is adjacent to and as close to existing conduit as allowed under applicable code requirements or regulations;
- (c) To the extent allowed under any applicable code requirements or regulations, the property owner may choose which side of the existing conduit to install any new conduit; and
- (d) Any surface area disturbed during trenching or other underground work must be restored to its condition prior to the trenching or other underground work.
- (5) In installing and maintaining facilities necessary to provide broadband services, the provider of broadband services that is making use of an electric easement as authorized pursuant to this section must:
- (a) Make reasonable accommodations to prevent disruption to active agricultural and forest operations;
- (b) Employ best practices to prevent the introduction of noxious weeds onto the property upon which the electric easement is located;
- (c) Provide compensation to the property owner for property damage or crop loss caused by the installation or maintenance of the facilities; and
- (d) Upon the request of the property owner, provide at least seven days advance notice before the commencement of any installation or routine maintenance activities.
- (6) An expansion of use described in subsection (2) of this section is deemed vested in the electric cooperative and shall run with the land as of the date that the property owner receives notice from the electric cooperative.
- (7) Except as provided in ORS 758.125 (1), a property owner that receives notice under subsection (3) of this section may bring a cause of action, in the circuit court of the county where the electric easement is located, against the provider of broadband services for damages relating to a decrease in the value of the property owner's real property caused by the use of the easement in the provision of broadband services. A cause of action authorized by this subsection must be brought no later than 18 months after the date that the electric cooperative provided notice under subsection (3) of this section. The cause of action provided for in this subsection shall be the exclusive remedy in law or equity with respect to use of the electric easement for the provision of broadband services.
- (8)(a) In an action brought under subsection (7) of this section:
- (A) The court or jury shall ascertain and assess the decrease in value of property, if any, based on the difference between:
- (i) The fair market value of the entire parcel of real property upon which the electric easement is located immediately before the expanded use; and
- (ii) The fair market value of the entire parcel of real property immediately after the expanded use;
- (B) Evidence of revenues or profits derived from the expanded use or related attachment rates is not admissible in determining fair market value; and
- (C) Evidence of the increase in fair market value due to the availability of broadband services is admissible in determining fair market value.
- (b) Prior to the commencement of trial in an action brought under subsection (7) of this section, the defendant shall make at least one offer of compensation to the property owner. If the property owner obtains a judgment that exceeds the offer of compensation made by the defendant, the property owner shall be entitled to an additional award for trial costs, disbursements, reasonable attorney fees and expenses as defined in ORS 35.335 (2).
- (c) At any point not later than 10 days before the trial of the action, after making an initial offer of compensation pursuant to paragraph (b) of this subsection, the defendant may serve an offer of compromise on the plaintiff in the action, as provided in ORS 35.300. If the plaintiff accepts the offer of compromise, the plaintiff shall be entitled to an award for costs and disbursements, attorney fees and expenses incurred by the plaintiff before service of the offer on plaintiff. If the plaintiff rejects the offer of compromise and fails to obtain a judgment more favorable than the offer, the plaintiff may not recover prevailing party fees or costs and disbursements, attorney fees and expenses that were incurred on and after service of the offer.
- (9) The electric cooperative may include required reimbursement for expanded use compensation awards and litigation costs in any attachment license agreement with a provider of broadband services that is not the electric cooperative and that is directly benefited by the expanded use.
- (10) A class action may not be maintained against a provider of broadband services in any action for damages based on a claim of expanded use for broadband services. [2021 c.149 §1]

Note:

758.120 to 758.130 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 758 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.125 - Duties and rights not altered by ORS 758.120.**

- (1) ORS 758.120 does not alter the rights of an electric cooperative or commercial broadband service provider to acquire the rights to use real property for broadband services through any other means authorized by law.
- (2) ORS 758.120 does not authorize an expanded use that is expressly prohibited by the terms of a written electric easement.
- (3) Exercise of the authority granted in ORS 758.120 does not:

- (a) Change the legal relationship between the electric cooperative as the easement holder and the property owner;
  - (b) Create an easement right for any third party, including but not limited to a commercial broadband service provider or a broadband division or affiliate of the electric cooperative; or
  - (c) Expand the footprint of the existing easement.
- (4) An expanded use of an electric easement authorized under ORS 758.120 may not alter or interfere with any easement rights held by parties other than the electric cooperative that existed, within or outside the area of the electric easement, prior to the expanded use.
- (5)(a) Nothing in ORS 758.120 requires an electric cooperative that does not have a broadband division or affiliate to offer or authorize the access or use of an electric easement or to use attachments or electric service infrastructure owned or controlled by the electric cooperative for provision of broadband services in a manner that would, in the electric cooperative's reasonable discretion, materially interfere with the electric cooperative's construction, maintenance or use of any electric cooperative attachments or infrastructure for the provision of electric service.
- (b) Subject to subsection (2) of this section, if an electric cooperative has a broadband division or affiliate, the electric cooperative may withhold authorization for a commercial broadband service provider to access or use an electric easement or to use attachments or electric service infrastructure owned or controlled by the electric cooperative for provision of broadband services only if:
- (A) There is insufficient capacity for attachments necessary for the provision of broadband service; or
  - (B) Concerns of safety or reliability or generally applicable engineering purposes weigh against granting the authorization.
- (6) Nothing in this section or ORS 758.120 imposes any duty or liability on a property owner in addition to any liability provided for in an electric easement for unintentional damage by the property owner to facilities necessary for the provision of broadband that are installed in an electric easement pursuant to an expanded use authorized under ORS 758.120. An electric cooperative that exercises the authority granted under ORS 758.120 shall indemnify and hold harmless the property owner against damage to existing easement holders resulting from activities related to the installation or maintenance of facilities described in this subsection. [2021 c.149 §2]

See note under 758.120.

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.130 - Requirements for electric cooperative in provision of broadband services; audit; compliance.**

- (1) An electric cooperative that exercises the authority granted under ORS 758.120 for the provision of broadband services:
- (a) For as long as the electric cooperative maintains an exclusive right to provide electric service to customers within its exclusive service territory, may provide broadband service only through a broadband affiliate or through a separate broadband division within the electric cooperative; and
  - (b) If the electric cooperative has a broadband affiliate or separate broadband division:
    - (A) Shall maintain or cause to be maintained an accounting system for the broadband affiliate or division that is separate from the accounting system for the electric cooperative's electric division;
    - (B) Shall cause, within two years after commencement of commercial operation by the electric cooperative's broadband affiliate or division and at least once every two years thereafter, a financial audit to be performed by an independent certified public accountant with respect to the broadband affiliate's or division's provision of retail broadband service, including an audit of the allocation of costs for property and services that are used in both the provision of broadband service and the electric cooperative's provision of electric service; and
    - (C) May not provide the broadband affiliate or division of the electric cooperative a right to install maintain, own, operate, or use attachments at rates, terms or conditions that are more favorable than the rates, terms or conditions provided to commercial broadband service providers.
- (2)(a) An electric cooperative may not use its exclusive right to provide electric service within its exclusive territory to cross-subsidize a broadband affiliate of the electric cooperative or a separate broadband division within the electric cooperative, or to cross-subsidize a broadband affiliate's or division's provision of broadband service through:
- (A) Below fair market pricing;
  - (B) Payment of capital or operating costs properly charged to the broadband affiliate or division under applicable accounting rules; or
  - (C) Use of any revenue from or subsidy for the provision of electric service to provide broadband service below market value, except in connection with the electric cooperative's provision of electricity.
- (b) An electric cooperative may:
- (A) Enter into transactions with the broadband affiliate or division of the electric cooperative on terms and conditions that are substantially similar to the terms and conditions that would be agreed to between two similarly situated parties in an arm's-length commercial transaction;
  - (B) Loan funds to the broadband affiliate or division of the electric cooperative if the interest rate on the loan is no less than the electric cooperative's lowest cost of capital;
  - (C) Provide for reduced-cost broadband service to low-income customers;

(D) Conduct and fund due diligence, operational analysis, entity set-up, and associated noncapital expenditures relating to and prior to the establishment of a broadband affiliate or division; or

(E) Offer broadband service through a broadband affiliate or division at below market pricing on a temporary basis for promotional purposes.

(3)(a) Upon request from a commercial broadband service provider, an electric cooperative subject to this section and any broadband affiliate or division of the electric cooperative shall cause an officer of the electric cooperative and the broadband affiliate or division, respectively, to certify that both the electric cooperative and the broadband affiliate or division are in compliance with this section.

(b) If a dispute arises between an electric cooperative or its broadband affiliate or division and a commercial broadband service provider regarding matters addressed in this subsection, the parties to the dispute have standing to file a claim or cause of action in any court of competent jurisdiction in the state. The following are discoverable and admissible as evidence in court regarding compliance by the electric cooperative and the broadband affiliate or division of the electric cooperative compliance with this section:

(A) Any certification requested and produced pursuant to this subsection; and

(B) Any audit required to be performed pursuant to subsection (1) of this section, except that the court shall provide appropriate restrictions upon the disclosure of any trade secret, as that term is defined in ORS 192.345 (2), that may be included in the audit.

[2021 c.149 §3]

Note:

See note under 758.120.

### **2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.210 - Policy.**

The legislature finds that in many areas of this state landowners, utilities and public authorities desire to convert existing overhead electric and communication facilities to underground facilities by means of special assessment proceedings. The legislature declares that a public purpose will be served and that the public welfare will be promoted by providing a procedure to accomplish such conversion by special assessment proceedings and that it is in the public interest for such conversion to be accomplished as provided in ORS 758.210 to 758.270. [1969 c.385 §1]

### **2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.215 - Definitions for ORS 758.210 to 758.270.**

As used in ORS 758.210 to 758.270, unless the context requires otherwise:

(1) "Convert," "converting" or "conversion" means the removal of overhead electric or communication facilities and the replacement thereof with underground electric or communication facilities at the same or different locations.

(2) "Electric or communication facilities" means any works or improvements used or useful in providing electric or communication service, including but not limited to poles, supports, tunnels, manholes, vaults, conduits, pipes, wires, conductors, guys, stubs, platforms, crossarms, braces, transformers, insulators, cutouts, switches, capacitors, meters, communication circuits, appliances, attachments and appurtenances, and all related facilities required for the acceptance of electric or communication services; however:

(a) "Electric facilities" does not include any facilities used or intended to be used for the transmission of electric energy at nominal voltages in excess of 35,000 volts.

(b) "Communication facilities" does not include facilities used or intended to be used for the transmission of intelligence by microwave or radio, apparatus cabinets or outdoor public telephones.

(c) "Electric or communication facilities" does not include any electric or communication facilities owned or used by or provided for a railroad or pipeline and located upon or above the right of way of the railroad or pipeline.

(3) "Landowner" or "owner" means the owner of the title to real property or the contract purchaser of real property of record as shown on the last available complete assessment roll in the office of the county assessor.

(4) "Overhead electric or communication facilities" means electric or communication facilities located above the surface of the ground.

(5) "Public authority" means a city or county.

(6) "Public lands and right of way" includes rights of way for streets, roads and highways and all land or interests in land owned by a public authority.

(7) "Underground assessment district" or "district" means an assessment district created as provided by ORS 758.210 to 758.270.

(8) "Underground electric or communication facilities" means electric or communication facilities located below the surface of the ground exclusive of those facilities such as substations, transformers, pull boxes, service terminals, pedestal terminals, splice closures, apparatus cabinets and similar facilities which normally are above the surface in areas where utility facilities are underground in accordance with standard underground practices.

(9) "Utility" means any electric or communication utility described by ORS 757.005 or any telecommunications utility described by ORS 759.005, any plant owned or operated by a municipality, any person furnishing community antenna television service to the public and any cooperative corporation or people's utility district engaged in furnishing electric or communication service to consumers. [1969 c.385 §2; 1971 c.360 §1; 1987 c.447 §100]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.220 - Authority for conversion to underground facilities; formation of assessment district.**

- (1) A public authority shall have the power to require the conversion of overhead electric or communication facilities to underground facilities; to provide and receive funds to pay for such conversion; and to assess the whole or any part of the cost thereof against the real property included in the underground assessment district specially benefited by such conversion.
- (2) An underground assessment district shall include an area having a frontage of not less than 400 feet upon a public street, road or highway along which overhead electric or communication facilities are located.
- (3) An underground assessment district:
  - (a) Created by a city, may include area along city streets, county roads and state highways or any part thereof located within the district.
  - (b) Created by a county, may include areas along county roads, state highways or any part thereof located within the district. [1969 c.385 §3]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.225 - Petition, ordinance or resolution for conversion; contents; filing.**

- (1) A proceeding for conversion may be initiated:
  - (a) By a petition signed by not less than 60 percent of the landowners within the proposed assessment district who own not less than 60 percent of the land area within the district; or
  - (b) By an ordinance or resolution of a public authority declaring its intention to order a conversion.
- (2) A petition shall:
  - (a) Describe the proposed boundaries of the assessment district;
  - (b) Generally describe the proposed conversion; and
  - (c) Request that a proceeding for such conversion be taken pursuant to ORS 758.210 to 758.270.
- (3) The petition shall be filed with the city recorder, county clerk or other person designated by the public authority to receive the petition and to verify the signatures. If the petition is signed by the requisite number of qualified signers, the official so designated shall execute a certificate of sufficiency and present the petition and certificate to the governing body of the city or to the county court or board of county commissioners, as the case may be. [1969 c.385 §4]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.230 - Assessment procedure; objections to conversion.**

- (1) Upon presentation of the petition and certificate of sufficiency, or upon adoption of an ordinance or resolution, the public authority shall proceed in the manner provided by ORS 223.389.
- (2) Unless the charter of a county provides otherwise, a county shall declare a proposed conversion abandoned if, after notice as provided by ORS 223.389, objections to the conversion are received by a county court or board of county commissioners signed by more than 50 percent of the landowners within the proposed assessment district who own more than 50 percent of land within the district. If a proposed conversion is abandoned because of objections, no new proceeding for the conversion shall be undertaken within a period of one year thereafter. [1969 c.385 §5]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.235 - Applicability of local improvement laws; issuance of bonds.**

Unless otherwise provided by ORS 758.210 to 758.270, the provisions relating to the procedure for local improvements in cities, as set forth in ORS 223.205, 223.210 to 223.295, 223.387 to 223.399, 223.401, 223.405 to 223.485, 223.505 to 223.595, 223.610, 223.615 to 223.650 and 223.770, apply to proceedings for a conversion by a city or county under ORS 758.210 to 758.270. In a proceeding conducted by a county, where the statutes referred to in this section refer to officials of cities, the corresponding officials of the county shall perform the required functions, unless otherwise provided by order of the county court or board of county commissioners. Cities and counties may, as provided by ORS 223.205 and 223.210 to 223.295, issue improvement bonds in the total amount of the valid applications received to pay assessments in installments. [1969 c.385 §6; 1995 c.333 §20; 2017 c.17 §60]

**2023 Oregon Revised Statutes Volume : 19 - Utilities, Vehicle Code, Watercraft, Aviation Chapter 758 - Utility Rights of Way and Territory Allocation; Cogeneration Section 758.240 - Contract with utility for conversion.**

- (1) When a public authority in accordance with ORS 758.230 determines that a conversion shall be made, it may contract with the utilities supplying electric or communication service within the underground assessment district to perform the conversion. A contract shall provide:
  - (a) A description of the electric and communication facilities to be converted;
  - (b) That plans and specifications for such conversion shall be supplied or approved by the affected utility;
  - (c) The time and manner in which underground electric and communication facilities will be installed and overhead electric and communication facilities will be removed;
