The function of a bench warrant is to achieve the court appearance of a defendant in a criminal action for some purpose other than the initial arraignment of the defendant in the action.
- (3) "Complaint" means a written accusation, verified by the oath of a person and bearing an indorsement of acceptance by the district attorney having jurisdiction thereof, filed with a magistrate, and charging another person with the commission of an offense, other than an offense punishable as a felony. A complaint serves both to commence an action and as a basis for prosecution thereof.
- (4) "Complainant's information" means a written accusation, verified by the oath of a person and bearing an indorsement of acceptance by the district attorney having jurisdiction thereof, filed with a magistrate, and charging another person with the commission of an offense punishable as a felony. A complainant's information serves to commence an action, but not as a basis for prosecution thereof.
- (5) "Correctional facility" means any place used for the confinement of persons charged with or convicted of a crime or otherwise confined under a court order. "Correctional facility" does not include a youth correction facility as defined in ORS 162.135 and applies to a state hospital only as to persons detained therein charged with or convicted of a crime, or detained therein after being found guilty except for insanity under ORS 161.290 to 161.373.
- (6) "Criminal action" means an action at law by means of which a person is accused of the commission of a violation, misdemeanor or felony.
- (7) "Criminal proceeding" means any proceeding which constitutes a part of a criminal action or occurs in court in connection with a prospective, pending or completed criminal action.
- (8) "District attorney," in addition to its ordinary meaning, includes a city attorney as prosecuting officer in the case of municipal ordinance offenses, a county counsel as prosecuting officer under a county charter in the case of county ordinance offenses, and the Attorney General in those criminal actions or proceedings within the jurisdiction of the Attorney General.
- (9) "District attorney's information" means a written accusation by a district attorney and:
  - (a) If filed with a magistrate to charge a person with the commission of an offense, other than an offense punishable as a felony, serves both to commence an action and as a basis for prosecution thereof; or
  - (b) If filed with a magistrate to charge a person with the commission of an offense punishable as a felony, serves to commence an action, but not as a basis for prosecution thereof; or
  - (c) If, as is otherwise authorized by law, filed in circuit court to charge a person with the commission of an offense, serves as a basis for prosecution thereof.
- (10) "Information" means a district attorney's information or a complainant's information.
- (11) "Probable cause" means that there is a substantial objective basis for believing that more likely than not an offense has been committed and a person to be arrested has committed it.
- (12) "Trial court" means a court which by law has jurisdiction over an offense charged in an accusatory instrument and has authority to accept a plea thereto, or try, hear or otherwise dispose of a criminal action based on the accusatory instrument.
- (13) "Ultimate trial jurisdiction" means the jurisdiction of a court over a criminal action or proceeding at the highest trial level.
- (14) "Warrant of arrest" means a process of a court, directing a peace officer to arrest a defendant and to bring the defendant before the court for the purpose of arraignment upon an accusatory instrument filed therewith by which a criminal action against the defendant has been commenced. As used in ORS 131.505 to 131.525, unless the context requires otherwise:

(1) "Conduct" and "offense" have the meaning provided for those terms in ORS 161.085 and 161.505.

(2) When the same conduct or criminal episode violates two or more statutory provisions, each such violation constitutes a separate and distinct offense.

(3) When the same conduct or criminal episode, though violating only one statutory provision, results in death, injury, loss or other consequences of two or more victims, and the result is an element of the offense defined, there are as many offenses as there are victims.

(4) "Criminal episode" means continuous and uninterrupted conduct that establishes at least one offense and is so joined in time,

place and circumstances that such conduct is directed to the accomplishment of a single criminal objective.

(5) A person is "prosecuted for an offense" when the person is charged therewith by an accusatory instrument filed in any court of this state or in any court of any political subdivision of this state, and when the action either:

(a) Terminates in a conviction upon a plea of guilty, except as provided in ORS 131.525 (2);

(b) Proceeds to the trial stage and the jury is impaneled and sworn; or

(c) Proceeds to the trial stage when a judge is the trier of fact and the first witness is sworn.

(6) There is an "acquittal" if the prosecution results in a finding of not guilty by the trier of fact or in a determination that there is insufficient evidence to warrant a conviction. [1973 c.836 §26; 1983 c.509 §1; 2001 c.104 §42]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131 - Preliminary Provisions; Limitations; Jurisdiction; Venue; Criminal Forfeiture; Crime Prevention Section 131.515 - Previous prosecution; when a bar to second prosecution.**

Except as provided in ORS 131.525 and 131.535:

(1) No person shall be prosecuted twice for the same offense.

(2) No person shall be separately prosecuted for two or more offenses based upon the same criminal episode, if the several offenses are reasonably known to the appropriate prosecutor at the time of commencement of the first prosecution and establish proper venue in a single court.

(3) If a person is prosecuted for an offense consisting of different degrees, the conviction or acquittal resulting therefrom is a bar to a later prosecution for the same offense, for any inferior degree of the offense, for an attempt to commit the offense or for an offense necessarily included therein.

(4) A finding of guilty of a lesser included offense on any count is an acquittal of the greater inclusive offense only as to that count. [1973 c.836 §27; 1997 c.511 §3]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131 - Preliminary Provisions; Limitations; Jurisdiction; Venue; Criminal Forfeiture; Crime Prevention Section 131.525 - Previous prosecution; when not a bar to subsequent prosecution.**

(a) The defendant consents to the termination or waives, by motion, by an appeal upon judgment of conviction, or otherwise, the right to object to termination.

(b) The trial court finds that a termination, other than by judgment of acquittal, is necessary because:

(A) It is physically impossible to proceed with the trial in conformity with law; or

(B) There is a legal defect in the proceeding that would make any judgment entered upon a verdict reversible as a matter of law; or

(C) Prejudicial conduct, in or outside the courtroom, makes it impossible to proceed with the trial without injustice to either the defendant or the state; or

(D) The jury is unable to agree upon a verdict; or

(E) False statements of a juror on voir dire prevent a fair trial.

(c) When the former prosecution occurred in a court which lacked jurisdiction over the defendant or the offense.

(d) When the subsequent prosecution was for an offense which was not consummated when the former prosecution began.

(2) A plea of guilty or resulting judgment is not a bar under ORS 131.515 (2) to a subsequent prosecution under an accusatory instrument which is filed no later than 30 days after entry of the guilty plea. The defendant's prior plea of guilty or resulting judgment, notwithstanding ORS 135.365, shall be vacated upon motion by the defendant if made within 30 days after defendant's arraignment for the subsequent prosecution. The provisions of ORS 135.445 apply to such a vacated plea or resulting judgment and any statements made in relation to those proceedings. [1973 c.836 §28; 1983 c.509 §2]

This includes, but is not limited to, any disposal costs for any property forfeited under ORS 131.558, any hazardous waste or material, any contraband or any other contamination contained in property seized under this section.
- (2) In addition to seizures authorized by ORS 133.535, a police officer may seize property without a court order if the police officer has probable cause to believe that the property is subject to criminal forfeiture.
- (3) Except as provided in ORS 131.564, with regard to cash or other assets that at the time of seizure are held in any form of account in a financial institution, if the property is in whole or in part intangible, the person having control or custody of the property shall deliver the same over to the police officer.

- (b) Application may be made to any judge as defined in ORS 133.525. The application must be supported by one or more affidavits setting forth the facts and circumstances tending to show where the objects of the seizure are to be found. The court shall issue the order upon a finding of probable cause to believe that the described property is subject to criminal forfeiture. The order may be set out on the face of a search warrant.
- (c) Except as provided in ORS 131.564, with regard to cash or other assets that at the time of seizure are held in any form of account in a financial institution, if the property is in whole or in part intangible, the order shall direct any person having control or custody of the property to deliver the same over to the seizing agency or to the court to abide judgment.

[2005 c.830 §5]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131 - Preliminary Provisions; Limitations; Jurisdiction; Venue; Criminal Forfeiture; Crime Prevention Section 131.564 - Status of seized property; release; maintenance and use.**

- (1)(a) Except as otherwise provided in ORS 131.550 to 131.600, property seized for criminal forfeiture is not subject to replevin, conveyance, sequestration or attachment. The seizure of property or the commencement of a criminal forfeiture proceeding under ORS 131.550 to 131.600 does not abate, impede or in any way delay the initiation or prosecution of a suit or action by a financial institution for the possession of seized property in which the financial institution has or purports to have a lien or security interest or for the foreclosure of such lien or security interest. A financial institution may proceed with any suit or action involving property in which it has a lien or security interest even though a seizure has occurred and criminal forfeiture proceedings have been or will be commenced. If property that may be subject to criminal forfeiture is sold prior to the conclusion of the forfeiture proceedings, the sheriff, trustee or other person who is conducting the sale and who has actual notice of the forfeiture proceedings shall distribute the sale proceeds as follows:
- (A) To the expenses of the sale;
  - (B) If the property is a motor vehicle with a hidden compartment, to reimburse the seizing agency for the cost of disabling the hidden compartment;
  - (C) To the payment of the obligations owed to the foreclosing financial institution that are secured by the property and to any other person whose lien or security interest in the property has been foreclosed in the suit or action in the order determined by the court;
- and

(D) The surplus, if any, shall be distributed to the seizing agency, or to the court in which the forfeiture proceedings are pending.

(b) The sheriff, trustee or other person who distributes the sale proceeds as provided in this subsection is not liable to any person who has or asserts an interest in the property.

(2) Within 30 days following seizure of property for criminal forfeiture, the seizing agency, in consultation with the district attorney of the county in which the property was seized for forfeiture, shall determine whether it will seek the forfeiture of the property. If the seizing agency elects not to seek forfeiture, it shall pay all costs and expenses relating to towing and storage of the property, and shall cause to be discharged any possessory chattel liens arising under ORS 87.152 to 87.162 that have attached to the property since its seizure and release the property. The property may be released to a person other than the person from whose custody or control the property was taken if the seizing agency or forfeiture counsel first mails to the last-known addresses of all persons known to have an interest in the property a notice of intent to release the property. The notice must specify the person to whom the property is to be released and must detail the time and place of the release. An agency that complies with the provisions of this subsection by paying costs and expenses of towing and storage, discharging possessory liens, mailing any required notices and releasing the property is not liable for its actions under this subsection or for any consequences thereof. If the property is a motor vehicle with a hidden compartment, the seizing agency is not liable for any diminution in the value of the property as a result of disabling the compartment.

(3) A seizing agency shall, pending criminal forfeiture and final disposition and subject to the need to retain the property in any criminal proceeding, provide that property in the physical custody of the seizing agency be serviced or maintained as may be reasonably appropriate to preserve the value of the property.

(4) A seizing agency may, pending criminal forfeiture and final disposition and subject to the need to retain seized property in any criminal proceeding:

(a) Provide that the seized property be transferred for criminal forfeiture to any city, county, state or federal agency with criminal forfeiture authority, provided that no such transfer may have the effect of diminishing or reducing the rights of any third party under ORS 131.550 to 131.600.

(b) Apply to the court for an order providing that the seized property may be sold, leased, rented or operated in the manner and on the terms that may be specified in the court's order. The court shall deny any application unless the sale, lease, rental or operation of the property will be conducted in a commercially reasonable manner and will not result in a material reduction of the property's value. The court may enter an order only:

(A) After notice and opportunity to be heard is provided to all persons known to have or to claim an interest in the property; and

(B) With the consent of all persons holding security interests of record in the property.

(c) Provide that the seized property be removed to a storage area for safekeeping.

(5) Unless otherwise ordered by the court, the seizing agency shall hold the proceeds of the sale, leasing, renting or operation under subsection (4) of this section and the rights of holders of security interests of record in the property attach to the proceeds of the sale, leasing, renting or operation in the same order of priority as interests attached to the property.

(6)(a) Except as provided in paragraph (b) of this subsection and except for currency with apparent or known intrinsic collector value, all cash seized for criminal forfeiture, together with all cash received from the sale, leasing, renting or operation of the property, must be immediately deposited in an insured interest-bearing forfeiture trust account or accounts maintained by the seizing agency exclusively for this purpose. Cash may be retained as evidence in a criminal proceeding but must be deposited immediately when the need to retain it as evidence is discharged.

(b) Notwithstanding paragraph (a) of this subsection, all cash seized for criminal forfeiture that at the time of seizure is deposited in any form of account in a financial institution may remain in the account in the financial institution. From the time of seizure until the criminal forfeiture proceeding is abandoned, or until a court ultimately enters a judgment granting or denying criminal forfeiture or enters a judgment of dismissal, all deposits except the deposit of interest by the financial institution, withdrawals or other transactions involving the account are prohibited, unless approved by the court.

(c) Subject to any court order, interest earned upon cash deposited in a forfeiture trust account or held in an account in a financial institution under this subsection must be disbursed as follows:

(A) If the criminal forfeiture proceeding is abandoned, or if the court ultimately enters a judgment denying criminal forfeiture or a judgment of dismissal, the seizing agency shall pay any interest earned, together with the cash deposited in the forfeiture trust account in connection with the seizure in question, to the person from whom it was seized, and the seizing agency shall release any interest earned, together with the cash deposited in an account in a financial institution, to the person from whom it was seized.

(B) If a judgment of criminal forfeiture is entered, but parties other than the seizing agency establish rights to portions of the amount that are in the aggregate larger than or equal to the cash on deposit plus interest earned thereon, the seizing agency shall disburse the interest, together with the cash on deposit, to the parties in the order of their priority.

(C) If a judgment of criminal forfeiture is entered and the total amount arising out of the seizure that is on deposit in the forfeiture trust account or in an account in a financial institution, including interest earned on moneys deposited, is greater than the aggregate amount needed to satisfy the established interests of security interest holders, lienholders and other claimants, the seizing agency shall retain the balance remaining after payment by the seizing agency to parties.

(7) If the property seized for criminal forfeiture consists of stocks, bonds, promissory notes or other security or evidence of indebtedness, and the property is held in some form of account in a financial institution, the property may remain in the account pending a final decision in the criminal forfeiture proceedings. Unless otherwise allowed by order of the court, no transactions

involving the account may be permitted other than the deposit or reinvestment of dividends or other normally recurring payments on the property. Any accrual to the value of the property during the pendency of criminal forfeiture proceedings must be disbursed in the manner provided for the disbursement of interest under subsection (6) of this section.

(8) When property has been seized for criminal forfeiture or a notice of criminal forfeiture has been filed, an owner of or interest holder in the property may file a motion seeking an order to show cause. The motion must be filed no later than 15 days after the owner or interest holder received notice or actual knowledge of the seizure, whichever is earlier. At the time a person files a motion under this subsection, the person must serve a copy of the motion on the forfeiture counsel and the defendant, if any. When a motion is filed under this subsection, the court shall issue an order to show cause to the seizing agency for a hearing on the sole issue of whether probable cause for criminal forfeiture of the property exists. If the court finds that there is no probable cause for criminal forfeiture of the property, the property seized for criminal forfeiture or subjected to the notice of criminal forfeiture must be released pending the outcome of a judicial proceeding under ORS 131.582. As used in this subsection, "owner" or "interest holder" does not include the defendant. [2005 c.830 §6; 2009 c.874 §4]

(1) As soon as practicable after seizure for criminal forfeiture, the seizing agency shall review the inventory prepared by the police officer under ORS 131.561. Within 30 days after seizure for criminal forfeiture, the forfeiture counsel shall file a criminal information or an indictment alleging facts sufficient to establish that the property is subject to criminal forfeiture. Within 30 days after seizure for criminal forfeiture, the seizing agency or forfeiture counsel shall prepare a notice of seizure for criminal forfeiture containing a copy of the inventory prepared pursuant to ORS 131.561, the identity of the person from whom the property was seized, the name, address and telephone number of the seizing agency and the address and telephone number of the office or other place where further information concerning the seizure and criminal forfeiture may be obtained, and shall make reasonable efforts to serve the notice of seizure for criminal forfeiture on all persons, other than the defendant, known to have an interest in the seized property. A person may be served as provided in ORCP 7 D except that the notice must also include information regarding the right to file a claim under subsection (2) of this section, if applicable, and the deadline for filing the claim. If the property is cash in the amount of \$1,000 or less or if the fair market value of the property is \$1,000 or less, the seizing agency may publish notice of seizure for criminal forfeiture in a newspaper as provided in ORCP 7 D(6)(b) to D(6)(d). In all other cases, the seizing agency shall publish notice of seizure for criminal forfeiture in a newspaper as provided in ORCP 7 D(6)(b) to D(6)(d). The seizing agency shall provide a copy of the notice, inventory and estimate of value to the forfeiture counsel.

(2) Except as otherwise provided in ORS 131.579 (1) to (3), if notice of seizure for criminal forfeiture:

(a) Is given in a manner other than by publication, any person, other than the defendant, claiming an interest in the property must file a claim with the forfeiture counsel within 21 days after service of notice of seizure for criminal forfeiture.

(b) Is published, any person, other than the defendant, claiming an interest in the property must file a claim with the forfeiture counsel within 21 days after the last publication date.

(3) An extension for the filing of a claim under subsection (2) of this section may not be granted. The claim must be signed by the claimant under penalty of perjury and must set forth all of the following:

(a) The true name of the claimant;

(b) The address at which the claimant will accept future mailings from the court or the forfeiture counsel; and

(c) A statement that the claimant has an interest in the seized property.

(4) If a seizing agency publishes notice of seizure for criminal forfeiture in a newspaper in the manner provided by subsection (1) of this section, the agency may include in a single publication as many notices of criminal forfeiture as the agency considers convenient. The publication may contain a single statement of matters from the notices of criminal forfeiture that are common to all of the notices and that would otherwise result in needless repetition. The publication must contain for each notice of criminal forfeiture a separate copy of the inventory prepared pursuant to ORS 131.561, and a separate statement of the identity of the person from whose custody the property was seized. The published inventory need not contain estimates of value for the property seized.

for good cause shown.

(2) A petition for an expedited hearing must contain a claim if no claim has previously been filed. The petition must reflect whether the petitioner seeks one or more of the following:

(a) A determination at the hearing that the petitioner is a bona fide purchaser for value and did not acquiesce in the prohibited conduct.

(b) An order restoring custody of seized property to the petitioner during the pendency of the proceedings if the court finds, by a preponderance of the evidence, that it is probable that the property will remain available for forfeiture at the completion of the proceedings and that there is a reasonable possibility that the petitioner will ultimately prevail in the proceeding.

(c) Appointment of a receiver.

(3) A person filing a petition under this section shall serve a copy of the petition on all persons known to have an interest. Service must be accomplished as provided in ORCP 7 D. Service by publication is not required prior to an expedited hearing.

(b) Determining whether an order should be entered directing the return of the seized property to the claimant during the pendency of the hearing; and

(5) The parties to a proceeding under ORS 131.582 may at any time stipulate to the entry of an order restoring custody of seized property to a petitioner who claims an interest in the property. The order must comply with the requirements of ORS 131.576 (1). [2005 c.830 §9]

(c) Require the petitioner to inform the court of the exact location of the property at the time of any judicial proceeding under ORS 131.582 and to deliver the property to the seizing agency immediately upon the issuance of a judgment of criminal forfeiture.

(2) An order restoring custody to a petitioner under ORS 131.573 may include such other requirements as the court finds appropriate pending a final determination as to the disposition of the property.

(3) An order restoring custody to a petitioner under ORS 131.573 is enforceable by a contempt proceeding brought on the relation of forfeiture counsel, by a further order directing the petitioner to deliver the property to the custody of the seizing agency, by an order awarding to the seizing agency its reasonably incurred attorney fees, costs and investigative expenses, and by such other remedies or relief as the court finds appropriate. The court may enter an order finding the defendant in default under this subsection and enter a judgment of criminal forfeiture if the court finds that the defendant is not confined or held in custody by another jurisdiction, and that the defendant, after notice or knowledge of the fact that a warrant has been issued for the defendant:
  - (a) Purposely left the state to avoid prosecution;
  - (b) Declines to return to the state and allow execution of the warrant; or
  - (c) Otherwise evades the jurisdiction of the court issuing the warrant.

  - (B) In good faith and without intent to defeat the interest of any seizing agency; or
  - (b) As a bona fide purchaser for value without acquiescing in the prohibited conduct.

  - (B) Is a bona fide purchaser for value of the right, title or interest in the property and did not acquiesce in the prohibited conduct.
- (d) Notwithstanding ORS 19.255 (1), a person may file a notice of appeal within 30 days after entry in the register of an order disposing of the matters at issue in the ancillary proceeding. An appeal under this paragraph is governed by the provisions of ORS chapter 19 relating to appeals in civil actions.

- (1) If no financial institution has filed the affidavit described in ORS 131.579 (1), and if the court has failed to uphold the claim or affidavit of any other person claiming an interest in the property, the effect of the judgment is that:
  - (a) Title to the property passes to the seizing agency free of any interest or encumbrance thereon in favor of any person who has been given notice;
  - (b) The seizing agency may transfer good and sufficient title to any subsequent purchaser or transferee, and all courts, the state and the departments and agencies of this state, and any political subdivision shall recognize the title. In the case of real property, the seizing agency shall warrant the title against constitutional defect. A warranty under this paragraph is limited to the purchase price of the real property; and
  - (c) Any department, agency or officer of this state or any political subdivision whose official functions include the issuance of certificates or other evidence of title is immune from civil or criminal liability when such issuance is pursuant to a judgment of criminal forfeiture.
- (2) If an affidavit is filed by a financial institution under ORS 131.579 (1), or if a person files an affidavit under ORS 131.579 (2):
  - (a) The court shall foreclose all security interests, liens and vendor's interests of financial institutions and claimants as to which the court determines that there is a legal or equitable basis for foreclosure; and
  - (b) All other interests applicable to the property that are not foreclosed or otherwise eliminated through a judgment of foreclosure, if and to the extent that they are valid and subsisting, remain in effect and the property remains subject to them upon completion of the

criminal forfeiture proceeding.

(3) Notwithstanding any other provision of law, if a financial institution or other person has filed an affidavit described in ORS 131.579, or if the court has upheld the claim of any claimant, then as to each item of property seized:

(a) If the court has determined that the property should not be forfeited and has not foreclosed the security interests, liens or other interests covering the property, the court shall render judgment in favor of the owner of the property, the property must be returned to the owner and all security interests, liens and other interests applicable to the property remain in effect as though the property had never been seized. If the property is a motor vehicle with a hidden compartment, the seizing agency is not liable for any diminution in the value of the property as a result of disabling the compartment. Upon the return of the property to the owner, the seizing agency shall pay all costs and expenses relating to towing and storage of the property and shall cause to be discharged any possessory chattel liens on the property arising under ORS 87.152 to 87.162 that have attached to the property since the seizure.

(b) If the court has determined that the property should not be forfeited and has foreclosed one or more interests covering the property, including security interests or liens covering the property or contracts for the transfer or conveyance of the property, the seizing agency shall pay all costs and expenses relating to towing and storage of the property and shall cause to be discharged any possessory chattel liens on the property arising under ORS 87.152 to 87.162 that have attached to the property since the seizure, and the court shall order the property sold pursuant to a sheriff's sale or other sale authorized by the court within such time as may be prescribed by the court following entry of the judgment. If any interests covering the property have not been foreclosed, including any liens or security interests of a claimant whose claim has been upheld, or of a financial institution that has filed the affidavit described in ORS 131.579, the property must be sold subject to those interests. The judgment shall order the proceeds of the sale applied in the following order:

(A) To the payment of the costs of the sale;

(B) If the property is a motor vehicle with a hidden compartment, to reimburse the seizing agency for the cost of disabling the hidden compartment;

(C) To the satisfaction of the foreclosed liens, security interests and contracts in order of their priority; and

(D) The excess, if any, to the owner of the property.

(c) If the court has determined that the property should be forfeited and has foreclosed one or more security interests, liens, contracts or other interests covering the property, the seizing agency shall pay all costs and expenses relating to towing and storage of the property and shall cause to be discharged any possessory chattel liens on the property arising under ORS 87.152 to 87.162 that have attached to the property since the seizure, and the court shall order the property sold pursuant to a sheriff's sale or other sale authorized by the court. If any interest in the property was claimed by a financial institution or other claimant and the interest was upheld but not foreclosed, the property must be sold subject to the interest. The sale of the property must be held within such time as may be prescribed by the court following entry of the judgment. The judgment shall also order the proceeds of such sale applied in the following order:

(A) To the payment of the costs of the sale;

(B) If the property is a motor vehicle with a hidden compartment, to reimburse the seizing agency for the cost of disabling the hidden compartment;

(C) To the satisfaction of the foreclosed liens, security interests and contracts in the order of their priority; and

(D) The excess, if any, to the seizing agency to be disposed of as provided in ORS 131.594 or 131.597.

(d) If the court has determined that the property should be forfeited and has not foreclosed the interests of any party in the property, the seizing agency shall pay all costs and expenses relating to towing and storage of the property and shall cause to be discharged any possessory chattel liens on the property arising under ORS 87.152 to 87.162 that have attached to the property since the seizure. The court shall enter a judgment awarding the property to the seizing agency, subject to the interests of any claimants whose claims or affidavits were upheld by the court, and subject to the interests of any financial institutions that filed affidavits under ORS 131.579 (1), that remain in full force and effect. If the property is a motor vehicle with a hidden compartment, the interests of any claimants or financial institutions shall be reduced on a pro rata basis by the cost of disabling the hidden compartment.

(4) Upon motion of the state, the court may include in the judgment of criminal forfeiture an order that directs the seizing agency to distribute to the victim of the crime of conviction a portion of any proceeds from property received by the seizing agency if the court included an order of restitution in the criminal judgment.

(5) The seizing agency is not liable to any person as a consequence of obedience to a judgment directing conveyance to a financial institution.

(6)(a) On entry of judgment for a claimant in any proceeding to forfeit property under ORS 131.550 to 131.600, unless the court has foreclosed one or more security interests, liens or other interests covering the property, the property or interest in property must be returned or conveyed immediately to the claimant designated by the court.

(b) If it appears that there was reasonable suspicion that the property was subject to criminal forfeiture, the court shall cause a finding to be entered and no claimant or financial institution is entitled to damages nor is the person who made the seizure, the seizing agency or forfeiture counsel liable to suit or judgment on account of the seizure or action. An order directing seizure issued under ORS 131.561 constitutes a finding of reasonable suspicion that the property was subject to criminal forfeiture.

The Legislative Assembly finds and declares that:

- (1) Surveys of the trust and confidence placed by Oregonians in state and local law enforcement indicate that there are Oregonians who believe that some law enforcement officers have engaged in practices that inequitably and unlawfully discriminate against individuals solely on the basis of their race, color or national origin.
- (2) State and local law enforcement agencies can perform their missions more effectively when all Oregonians have trust and confidence that law enforcement stops and other contacts with individuals are free from inequitable and unlawful discrimination based on race, color or national origin.
- (3) Representatives of community interest groups and state and local law enforcement agencies agree that collecting certain demographic data about contacts between individuals and state or local law enforcement officers will provide a statistical foundation to ensure that future contacts are free from inequitable and unlawful discrimination based on race, color or national origin.
- (4) Demographic data collection can establish a factual and quantifiable foundation for measuring progress in eliminating discrimination based on race, color or national origin during law enforcement stops and other contacts with individuals, but data collection alone does not provide a sufficient basis for corrective action. Proper analysis of the demographic data and enactment of meaningful reforms in response to the results of that analysis require careful consideration of all relevant factors including the context of the community in which the data has been collected.
- (5) It is the goal of this state that all law enforcement agencies perform their missions without inappropriate use of race, color or national origin as the basis for law enforcement actions. This goal may be achieved by providing assistance to state and local law enforcement agencies and the communities that they serve.
- (6) This state shall foster, encourage and support the collection and analysis of demographic data by state and local law enforcement agencies. [2001 c.687 §5]

  - (b) Inform state and local law enforcement agencies and communities about law enforcement practices; and

- (6) Data received by the committee for analysis under this section may not identify a particular law enforcement officer or a particular individual whose demographic data is collected by a state or local law enforcement agency.
- (7) The committee shall elect one of its members to serve as chairperson.
- (8) Members of the committee who are not members of the Legislative Assembly are not entitled to compensation, but may be reimbursed for actual and necessary travel and other expenses incurred by them in the performance of their official duties in the manner and amounts provided for in ORS 292.495. (c) After payment of the expenses of the sale and making any reimbursement under paragraphs (a) and (b) of this subsection, to the payment of the obligations owed to the foreclosing financial institution that are secured by the property, and to the payment of the obligations owed to any other person that has a lien or security interest in the property that has been foreclosed in the suit or action. Payment under this paragraph shall be made in the order determined by the court.

(d) If there is any remaining amount after the payments required under paragraphs (a) to (c) of this subsection, to the seizing or forfeiting agency, or to the court in which the forfeiture action is pending.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.080 - Care and custody of seized property generally.**

(1) Pending final disposition of seized property, and subject to the need to retain the property for any criminal proceeding, a

forfeiting agency shall maintain and care for property that is in the physical custody of the seizing or forfeiting agency in a manner that is reasonably appropriate for the preservation of the property's value.

(2) A forfeiting agency may transfer property seized for forfeiture to any city, county, state or federal agency with authority to seek forfeiture of the property, unless the transfer diminishes or reduces the rights of any third party under this chapter or constitutes a violation of section 10 (13), Article XV of the Oregon Constitution.

(3) If property seized for forfeiture consists of money, stocks, bonds, promissory notes or other security or evidence of indebtedness, and the property is held in some form of account in a financial institution, the property may remain in the account pending a final decision in the forfeiture action. Unless otherwise allowed by order of the court, transactions involving the account are not permitted until final disposition of the property, except for the deposit or reinvestment of dividends or other normally recurring payments on the property. Any accrual to the value of the property during the pendency of forfeiture proceedings shall be disbursed in the manner provided for the disbursement of interest under ORS 131A.090.

(4) This chapter does not prevent a seizing agency from entering into an agreement with a person who claims seized property, or with any other person, for the reimbursement of the seizing agency for the costs and expenses relating to towing and storage of seized property, or for the reimbursement of the cost of discharging any possessory chattel lien on the property arising under ORS 87.152 to 87.162 that attaches to the property after seizure of the property and before release or forfeiture of the property. [2009 c.78 §13]

#### **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.085 - Order for sale, lease, rental or operation of seized property.**

(1) Pending final disposition of property seized for forfeiture, and subject to the need to retain the property for any criminal proceeding, a forfeiting agency may apply to the court for an order allowing the seized property to be sold, leased, rented or operated in the manner and on terms that may be specified in the court's order. Any sale, lease, rental or operation of seized property under this section must be conducted in a commercially reasonable manner, and may not result in a material reduction of the property's value. An order may be entered under this section only:

(a) After notice and opportunity to be heard is provided to all persons known to have an interest in the property, or who claim to have an interest in the property; and

(b) With the consent of all persons holding security interests of record in the property.

(2) Unless otherwise ordered by the court, the proceeds of the sale, lease, rental or operation of seized property under this section shall be held by the forfeiting agency in a forfeiture trust account established under ORS 131A.090, and the rights of holders of security interests of record in the property attach to the proceeds of the sale, lease, rental or operation in the order of the priority of their claims. [2009 c.78 §14]

#### **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.090 - Forfeiture trust accounts.**

(1) Except for currency with collector value, all money seized for forfeiture, together with all money received from the sale, lease, rental or operation of seized property, shall be immediately deposited in an insured interest-bearing forfeiture trust account or accounts maintained by the seizing or forfeiting agency exclusively for this purpose. Cash may be retained as evidence in a criminal proceeding, but must be deposited in a trust account or trust accounts immediately after the cash is no longer needed as evidence.

(2) Subject to any court order, amounts deposited in a forfeiture trust account, or held in an account in a financial institution under ORS 131A.080 (3), including interest on those amounts, shall be disbursed as follows:

(a) If forfeiture proceedings are abandoned, or if the court ultimately fails to enter a judgment of forfeiture, the amount of the account shall be disbursed by the seizing or forfeiting agency to the person from whom the property was seized.

(b) If a judgment of forfeiture is entered, but parties other than the forfeiting agency establish rights to portions of the amount deposited in the account that are in the aggregate equal to or larger than the amount in the account, the account shall be disbursed by the forfeiting agency to the parties in the order of the priority of their claims.

(c) If a judgment of forfeiture is entered, and the total amount in the account is greater than the amount needed to satisfy the interests of security interest holders, lienholders and other claimants, the balance remaining after payment to those claimants shall be retained by the forfeiting agency for distribution as required by ORS 131A.360 and 131A.365. [2009 c.78 §15]

#### **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.100 - Hearing on probable cause.**

The application must be filed not more than 15 days after forfeiture notice is served under ORS 131A.150, or within 15 days after the person receives actual knowledge of the seizure, whichever is later. A copy of the application must be served on the forfeiture counsel.

(2) When a hearing is held on a show cause order issued under this section, the court shall determine if probable cause to seize the property for forfeiture exists on the date of the hearing. If the court finds that probable cause for seizure of the property for forfeiture does not exist, the forfeiting agency shall release the property. [2009 c.78 §16]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.105 - Decision on seeking forfeiture.**

(1) A seizing agency, after consultation with the district attorney of the county in which the property was seized, must decide whether to seek forfeiture of seized property not more than 30 days after the property is seized. If the seizing agency elects not to seek forfeiture, the agency shall pay all costs and expenses relating to towing and storage of the property, and shall release the property and cause to be discharged any possessory chattel liens arising under ORS 87.152 to 87.162 that have attached to the property since the seizure. If the property is a motor vehicle with a hidden compartment, the seizing agency is not liable for any diminution in the value of the property as a result of disabling the compartment.

(2) Property may be released under this section to a person other than the person from whose custody or control the property was taken if the seizing agency mails notice to the last-known addresses of all persons known to have an interest in the property. The notice shall specify the person to whom the property is to be released and shall detail the time and place of the release. [2009 c.78 §17; 2009 c.874 §10]

The written claim must be signed by you, under penalty of perjury, and state: (a) Your true name; (b) The address at which you will accept future mailings from the court and forfeiture counsel; and (c) A statement that you have an interest in the seized property. (2) A police officer who seizes property for forfeiture may serve a forfeiture notice on the person from whose possession the property is taken, or on the person in apparent control of the property, at the time the property is seized.

(3) If a police officer seizes property for forfeiture and does not serve a forfeiture notice under subsection (2) of this section, the forfeiting agency shall issue the forfeiture notice not more than 15 days after the seizure.

(4) Except as provided in subsections (5) and (6) of this section, a forfeiting agency shall make reasonable efforts to serve a forfeiture notice on all persons known to have an interest in the seized property. A person may be served as provided in ORCP 7 D except that summons must include information regarding the right to file a claim as provided by ORS 131A.165, if applicable, and the deadline for filing the claim. If the property is cash in the amount of \$1,000 or less, or if the fair market value of the property is \$1,000 or less, the forfeiting agency may publish notice of seizure for forfeiture in a newspaper as provided in ORCP 7 D(6)(b) to (d). In all other cases, the forfeiting agency shall publish notice of seizure for forfeiture in a newspaper as provided in ORCP 7 D(6)(b) to (d). A copy of the notice and inventory shall be provided to the forfeiting agency's forfeiture counsel.

(5) If a forfeiting agency publishes forfeiture notice under subsection (4) of this section, the agency may include in a single publication as many forfeiture notices as the agency considers convenient. The publication may contain a single statement of matters from the forfeiture notices that are common to all of the notices and that would otherwise result in needless repetition. The publication must contain for each forfeiture notice a separate copy of the inventory and a separate statement of the identity of the person from whose custody the property was seized.

(6) A forfeiture notice need not be served on a person who has received a receipt under ORS 131A.055 if:

- (a) The receipt contains an estimate of the value of the property seized;
- (b) The seizing agency has not amended the inventory under ORS 131A.055 (3); and
- (c) The receipt contains information regarding the right to file a claim as described in ORS 131A.165 and the deadline for filing the claim.

(7) If a person received a receipt as described in subsection (6) of this section, but the person must be served with a forfeiture notice because the seizing agency has amended the inventory under ORS 131A.055 (3), the seizing agency may serve a forfeiture notice on the person by mailing a true copy of the notice to the person by certified mail, return receipt requested. [2009 c.78 §18]

The forfeiting agency may continue to record forfeiture notices in like manner until final disposition of the real property. [2009 c.78 §19]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.160 - Transfer of proceedings prohibited.**

After service of a forfeiture notice under ORS 131A.150, or recording of a forfeiture notice under ORS 131A.155, a forfeiting agency may not transfer the proceedings to the federal government unless a state court has affirmatively found by a preponderance of the evidence that:

(1) The activity giving rise to the forfeiture is interstate in nature and sufficiently complex to justify the transfer;

(2) The seized property may be forfeited only under federal law; or

(3) Pursuing forfeiture under state law would unduly burden the forfeiting agency. [2009 c.78 §20]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.165 - Claims.**

(1) Except as provided in subsection (2) of this section, a person claiming an interest in property seized for forfeiture must file a

claim with the forfeiting agency's forfeiture counsel not more than 21 days after service of a forfeiture notice.

(2) If service of a forfeiture notice is made by publication under ORS 131A.150 (4), a person claiming an interest in the property must file a claim with the forfeiting agency's forfeiture counsel not more than 21 days after the last publication date. Extensions for filing claims may not be granted.

(3) A claim under this section must be signed by the claimant under penalty of perjury and must include:

(a) The true name of the claimant;

(b) The address at which the claimant will accept future mailings from the court and forfeiture counsel; and

(c) A statement that the claimant has an interest in the seized property. [2009 c.78 §21]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.170 - Expedited hearing on claim.**

(1) A person claiming an interest in seized property may file a petition for an expedited hearing within 15 days after service of a forfeiture notice on the person or within such further time as the court may allow for good cause shown.

(2) A petition for an expedited hearing must contain a claim as described in ORS 131A.165 if a claim has not previously been filed. The petition must indicate whether the petitioner seeks one or more of the following:

(a) A determination at the hearing of any of the affirmative defenses provided for in ORS 131A.260.

(b) An order restoring custody of seized property to the petitioner during the pendency of the proceedings.

(c) Appointment of a receiver.

(3) A person filing a petition under this section shall serve a copy of the petition on all persons known to have an interest in the property. Service must be made as provided in ORCP 7 D. Service by publication is not required before an expedited hearing.

(4) A hearing shall be held within 15 days after service of all persons known to have an interest in the property, or at such later time as the court may allow for good cause shown. The hearing shall be limited to deciding whether to grant the relief sought in the petition.

(5) The court may enter an order directing the return of the seized property to the claimant during the pendency of the hearing if the court finds, by a preponderance of the evidence, that it is probable that the property will remain available for forfeiture at the completion of the proceedings and that there is a reasonable possibility that the petitioner will ultimately prevail in the proceeding.

(6) If the petition is denied, and the petitioner subsequently discovers evidence relevant to the claimed relief, the petitioner may file a new petition under this section at any time before a trial in the forfeiture action. The new petition shall be served as provided in ORS 131A.230.

(7) The parties in a forfeiture action may at any time stipulate to the entry of an order restoring custody of seized property to a petitioner who claims an interest in the property. The order shall comply with the requirements of ORS 131A.180 (1). [2009 c.78 §22]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.175 - Expedited hearing on affirmative defenses.**

(1) In any expedited hearing under ORS 131A.170 in which a petitioner seeks a determination at the hearing of any of the affirmative defenses provided for in ORS 131A.260, the court may consider evidence relating to those affirmative defenses and shall make a determination as to any of those defenses that may be asserted by the petitioner.

(2) If the court finds that the petitioner has proven an affirmative defense provided for in ORS 131A.260, the court shall order that custody of the seized property be returned to the petitioner, to the extent of the petitioner's interest, pending a final determination as to the disposition of the property, unless the forfeiting agency can show that the return of the property will result in prejudice to the agency in seeking forfeiture of other claimants' interest in the property.

(3) If the court finds that the petitioner has failed to prove an affirmative defense provided for in ORS 131A.260, the court shall continue the matter for further proceedings as a forfeiture action under this chapter. [2009 c.78 §23]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.180 - Order restoring custody of property after expedited hearing.**

(1) An order restoring custody of property to a petitioner under ORS 131A.170 or 131A.175 shall:

(a) Prohibit the petitioner from using the property in unlawful conduct of any kind, or from allowing the property to be used by any other person in unlawful conduct;

(b) Require the petitioner to service and maintain the property as may be reasonably appropriate to preserve the property's value; and

(c) Require the petitioner to inform the court of the exact location of the property at the time of any trial in a forfeiture action and to deliver the property to the forfeiting agency immediately upon the issuance of a judgment of forfeiture.

(2) An order restoring custody of property to a petitioner under ORS 131A.170 or 131A.175 may include such other requirements as the court finds appropriate pending a final determination as to the disposition of the property. If the property is a motor vehicle with a hidden compartment, the seizing agency is not liable for any diminution in the value of the property as a result of disabling the compartment.

(3) An order restoring custody of property to a petitioner under ORS 131A.170 or 131A.175 is enforceable by a contempt

proceeding brought on the relation of forfeiture counsel, by an order directing the petitioner to deliver the property to the custody of the forfeiting agency, by an order awarding to the forfeiting agency its reasonably incurred attorney fees, costs and investigative expenses, and by such other remedies or relief as the court may find appropriate. [2009 c.78 §24; 2009 c.874 §11]

- (b) The property is not subject to an interest in favor of any person known to have an interest, other than a person who is believed by the forfeiting agency to have engaged in prohibited conduct; and
- (c) A claim is not filed in the manner provided by ORS 131A.165 within the time allowed.

(2) At any time after the time for filing a claim under ORS 131A.165 has expired, a forfeiting agency may petition the circuit court specified in ORS 131A.225 (3) for an ex parte judgment of forfeiture under this section. The petition must state that the requirements of subsection (1) of this section have been met. An affidavit must be attached to the petition that states that forfeiture notice was served on all persons claiming an interest in the property, or that sets forth facts demonstrating the forfeiting agency's efforts to accomplish service, together with proof of any publication of notice.

(3) Upon filing of a petition under this section, the court shall enter a judgment forfeiting the property identified in the petition. [2009 c.78 §25]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.225 - Forfeiture actions generally.**

(1) A civil forfeiture action in rem may be brought as provided in this section in any case in which forfeiture is sought. A civil forfeiture action must be brought if:

- (a) The property is real property;
- (b) The property is in whole or part a manufactured dwelling as defined in ORS 446.003;
- (c) The property is a floating home as defined in ORS 830.700;
- (d) A claim has been made for the property under ORS 131A.165; or
- (e) A person, other than a person who is believed by the forfeiting agency to have engaged in prohibited conduct, is known to have an interest in the property.

(2) If a claim has been made for seized property under ORS 131A.165, forfeiture counsel must commence a forfeiture action not more than 15 days after receipt of the claim. In all other cases, a forfeiture action must be commenced by forfeiture counsel within 30 days after seizure of the property.

(3) If the property to be forfeited is real property, the forfeiture action must be commenced in the circuit court for a county in which the property is situated. In all other cases, the forfeiture action must be commenced in the circuit court for the county in which the property was seized, or in the circuit court for the county in which any part of the prohibited conduct took place.

(4) A forfeiture action is commenced by filing a complaint. A copy of the inventory prepared under ORS 131A.055 must be attached to the complaint. The complaint need only allege that there is probable cause for seizure of the property or that a court order was issued under ORS 131A.060, and need not allege that any claimant has been convicted of a crime. A complaint under this section may be amended at any time to allege that a claimant has been convicted of a crime.

(5) A complaint in a forfeiture action is not subject to a motion to strike, a motion for summary judgment or any other pretrial motion for dismissal that is based solely on the lack of a criminal conviction in support of the forfeiture. This subsection does not affect the ability of a claimant to file a motion to strike or a motion for summary judgment based on the acquittal of the claimant of all criminal charges on which the forfeiture action is based, or based on dismissal of all criminal charges on which the forfeiture action is based.

(6) Forfeiture actions are governed by the Oregon Rules of Civil Procedure except to the extent those rules conflict with this chapter. [2009 c.78 §26]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.230 - Service.**

(1) Upon commencement of a forfeiture action, the forfeiting agency must serve the summons and complaint on all persons known to have an interest in the property in the manner provided by ORCP 5 and 7 D. In addition, notice of the action must be published as provided in ORCP 7 D(6)(b) to (d) unless the forfeiture notice for the property was previously published in the manner provided in ORS 131A.150 (4).

(2) If the property to be forfeited in a forfeiture action is a vehicle, and substitute service on the claimant is required because personal service cannot be reasonably accomplished, service in the manner provided by ORCP 7 D(4) is sufficient to establish jurisdiction over a registered owner or operator of a vehicle.

(3) If the property to be forfeited in a forfeiture action is in whole or part a manufactured dwelling as defined in ORS 446.003 or a floating home as defined in ORS 830.700, the forfeiting agency must record a notice of seizure containing a description of the manufactured dwelling or floating home in all public offices maintaining records that impart constructive notice of matters relating

to manufactured dwellings or floating homes. [2009 c.78 §27]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.235 - Responsive pleading.**

Except as provided by ORS 131A.240, a person claiming an interest in property that is the subject of a forfeiture action must file a responsive pleading as provided in the Oregon Rules of Civil Procedure. If the person has not previously filed a claim under ORS 131A.165, a claim as described in ORS 131A.165 (3) must be attached to the responsive pleading. [2009 c.78 §28]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.240 - Response by affidavit.**

- (1) In lieu of filing a responsive pleading under ORS 131A.235, a financial institution holding an interest in the property may respond to a complaint with an affidavit establishing the financial institution's interest in the property.
- (2) In lieu of filing a responsive pleading under ORS 131A.235, a person who has an interest in the property by reason of being the transferee or conveyor of an interest in the property under a contract for transfer or conveyance of an interest in real property as defined in ORS 93.905 may respond to a complaint in a forfeiture action by filing an affidavit establishing that:
  - (a) The person did not take the property with the intent to defeat forfeiture of the property;
  - (b) The person did not know and did not have reason to know that the property constituted proceeds or an instrumentality of prohibited conduct; and
  - (c) The claimant did not acquiesce in the criminal conduct as described in ORS 131A.255 (4).
- (3) An affidavit under subsection (1) or (2) of this section must be filed within 30 days after service of the summons and complaint. The failure to file the affidavit or other responsive pleading under ORS 131A.235 within the time allowed constitutes a default.
- (4) A forfeiting agency may file objections to any or all of the assertions made in an affidavit filed under subsection (1) or (2) of this section. The objections must be filed within 20 days after the filing of an affidavit under subsection (1) or (2) of this section. The person filing the affidavit may respond to the objections by filing a supplemental affidavit limited to the matters stated in the affidavit of the forfeiting agency. The responding affidavit must be filed not later than five days after the forfeiting agency files objections.
- (5) If a forfeiting agency does not file objections within the time allowed by subsection (4) of this section, the interest of the person filing the affidavit is conclusively established for all purposes under this chapter. [2009 c.78 §29]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.245 - Hearing on objections to affidavit.**

- (1) If a forfeiting agency files objections under ORS 131A.240, the court shall determine from the affidavits whether there is a genuine issue of material fact with respect to the assertions of the financial institution, transferor, conveyor or successor in interest.
- (2) If the court determines that there is no genuine issue of material fact as to the truth of the assertions in an affidavit filed under ORS 131A.240 (2):
  - (a) The interest of the financial institution, transferor, conveyor or successor in interest shall be conclusively established for all purposes under this chapter;
  - (b) A transferor, conveyor or successor in interest shall be considered a financial institution for all purposes under this chapter; and
  - (c) The court shall order the forfeiting agency to pay the costs and disbursements, as described in ORCP 68 A, and the attorney fees of the prevailing financial institution, transferor, conveyor or successor in interest.
- (3) If the court determines that there is a genuine issue of material fact as to the truth of the assertions in an affidavit filed under ORS 131A.240, the financial institution, transferor, conveyor or successor in interest shall, within 15 days, file a responsive pleading as provided by ORS 131A.235. The court may order the financial institution, transferor, conveyor or successor in interest to pay the attorney fees of the forfeiting agency that were incurred in contesting the affidavit of the financial institution, transferor, conveyor or successor in interest if the court determines that the affidavit of the financial institution, transferor, conveyor or successor in interest was frivolous. [2009 c.78 §30]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.250 - Foreclosure of security interests, liens and vendor's interests.**

- (1) If a responsive pleading or affidavit is filed under ORS 131A.235 or 131A.240, the court shall foreclose all security interests, liens and vendor's interests in the property, including contracts for the transfer or conveyance of the property, for which the court determines that there is a legal or equitable basis for foreclosure.
- (2) Except for deficiencies resulting from disabling a hidden compartment in a motor vehicle with a hidden compartment, foreclosure of a security interest, lien or vendor's interest under this section does not prevent a claimant from obtaining any deficiency to which the claimant would otherwise be entitled under the law. [2009 c.78 §31; 2009 c.874 §12]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.255 - Standards of proof in forfeiture action.**

(1) In all forfeiture actions, the forfeiting agency must prove that a person has been convicted of a crime that constitutes prohibited conduct, and that the property to be forfeited is:

- (a) Proceeds of the crime for which the person has been convicted;
- (b) An instrumentality of the crime for which the person has been convicted;

- (c) The claimant:

If the property to be forfeited in a forfeiture action is real property, the forfeiting agency must prove the elements specified in subsection (2) of this section by clear and convincing evidence.

(4) For the purposes of subsection (2)(c) of this section, a claimant shall be considered to have acquiesced in prohibited conduct if the claimant knew of the prohibited conduct and failed to take reasonable action under the circumstances to terminate the prohibited conduct or prevent use of the seized property to facilitate the prohibited conduct.

#### **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 131A - Civil Forfeiture Section 131A.265 - Stays.**

(1) The court may stay a forfeiture action upon motion of a party and good cause shown. Good cause may include a reasonable fear on the part of a claimant that the claimant could be prosecuted for conduct arising out of the same factual situation that gave rise to the seizure of property. Good cause for a motion made by forfeiture counsel may include the need for additional time to commence or complete a criminal proceeding related to the forfeiture action.

(2) The court may stay a forfeiture action upon the filing of criminal charges that are related to the prohibited conduct that is the basis for the action. The stay may be granted upon the motion of forfeiture counsel, the motion of the district attorney in the related criminal proceeding, or the motion of the defendant in the related criminal proceeding. A stay granted under this section remains in effect until the final resolution of the related criminal proceeding. A motion for a stay by the defendant in the related criminal proceeding constitutes a waiver of double jeopardy by the defendant as to the forfeiture action and any related criminal proceeding.

(3) A forfeiture action that has been stayed under this section may be consolidated for trial or other resolution with any related criminal proceeding as provided in ORS 131A.270.

(4) Any party may file a motion with the court at any time to lift a stay granted under this section if good cause no longer exists for the stay. [2009 c.78 §34]

Trial or other resolution of the forfeiture action shall immediately follow the resolution of the related criminal proceeding, shall be part of the other proceeding and shall be heard by the same trier of fact. Any objection by the defendant to the consolidation, or any motion by the defendant to sever

the related criminal case from the forfeiture action, constitutes a waiver of double jeopardy as to the related criminal action and the forfeiture action. [2009 c.78 §35]

The court shall grant the motion except upon good cause shown by the forfeiting agency. The release of the property does not affect the ability of the forfeiting agency to continue the action for the purpose of seeking forfeiture of the released property.

The court shall award costs, disbursements and attorney fees in the manner provided by ORCP 68 to the prevailing claimant, to be paid by the forfeiting agency. If the property is a motor vehicle with a hidden compartment, the seizing agency is not liable for any diminution in the value of the property as a result of disabling the compartment.

(1) A peace officer may issue a criminal citation to a person if the peace officer has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705. The peace officer shall deliver a copy of the criminal citation to the person. The criminal citation shall require the person to appear at the court of the magistrate before whom the person would be taken pursuant to ORS 133.450 if the person were arrested for the offense.

(2)(a) Notwithstanding the provisions of subsection (1) of this section, when a peace officer responds to an incident of domestic disturbance and has probable cause to believe that an assault has occurred between family or household members, as defined in ORS 107.705, or to believe that one such person has placed the other in fear of imminent serious physical injury, the officer shall arrest and take into custody the alleged assailant or potential assailant.

(b) When the peace officer makes an arrest under paragraph (a) of this subsection, the peace officer is not required to arrest both persons.

(c) When a peace officer makes an arrest under paragraph (a) of this subsection, the peace officer shall make every effort to determine who is the assailant or potential assailant by considering, among other factors:

(A) The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury;

(B) If reasonably ascertainable, the history of domestic violence between the persons involved;

(C) Whether any alleged crime was committed in self-defense; and

(D) The potential for future assaults.

(d) As used in this subsection, "assault" includes conduct constituting strangulation under ORS 163.187.

(3) Whenever any peace officer has reason to believe that a family or household member, as defined in ORS 107.705, has been abused as defined in ORS 107.705 or that an elderly person or a person with a disability has been abused as defined in ORS 124.005, that officer shall use all reasonable means to prevent further abuse, including advising each person of the availability of a shelter or other services in the community and giving each person immediate notice of the legal rights and remedies available. The notice shall consist of handing each person a copy of the following statement:

IF YOU ARE THE VICTIM OF DOMESTIC VIOLENCE OR ABUSE, you can ask the district attorney to file a criminal complaint. You also have the right to go to the circuit court and file a petition requesting any of the following orders for relief: (a) An order restraining your attacker from abusing you; (b) an order directing your attacker to leave your household; (c) an order preventing your attacker from entering your residence, school, business or place of employment; (d) an order awarding you or the other parent custody of or parenting time with a minor child or children; (e) an order restraining your attacker from molesting or interfering with minor children in your custody; (f) an order awarding you other relief the court considers necessary to provide for your or your children's safety, including emergency monetary assistance. Such orders are enforceable in every state.

You may also request an order awarding support for minor children in your care or for your support if the other party has a legal obligation to support you or your children.

You also have the right to sue for losses suffered as a result of the abuse, including medical and moving expenses, loss of earnings or support, and other out-of-pocket expenses for injuries sustained and damage to your property. This can be done without an attorney in the small claims department of a court if the total amount claimed is under \$10,000.

Similar relief may also be available in tribal courts.

(c) The presiding judge may delegate the authority described in paragraph (b) of this subsection to another judge of the court.

(d) Nothing in this subsection affects the rights of a defendant under the Oregon and United States Constitutions.

(c) "Employing agency" means a state or local government of an adjoining state that employs a certified peace officer.

A search warrant issued by a municipal judge authorized to exercise the powers and perform the duties of a justice of the peace may be executed only in the municipality in which the court is located.

(2) Notwithstanding subsection (1) of this section, a circuit court judge may authorize execution of a search warrant outside the judicial district in which the court is located, if the judge finds from the application that one or more of the objects of the search relate to an offense committed or triable within the judicial district in which the court is located or that the search involves both conduct that occurred in the judicial district in which the court is located and interrelated conduct that occurred in one or more other judicial districts in this state. If a judge denies a search warrant for interrelated conduct that occurred in more than one judicial district, an application for the same search warrant may not be presented to a judge in another judicial district unless the other judicial district is one in which one or more of the objects of the search relate to an offense committed or triable within the other judicial district. If the warrant authorizes the installation or tracking of a mobile tracking device, the officer may track the device in any county to which it is transported.

(3) Notwithstanding subsection (1) of this section, a circuit court judge duly assigned pursuant to ORS 1.615 to serve as a judge pro tempore in a circuit court, or a senior judge duly assigned to serve in a circuit court under ORS 1.300 and who has authorization from the presiding judge of that judicial district, may authorize execution of a search warrant in any judicial district in which the judge is assigned to serve as judge pro tempore or as senior judge.

(4) Notwithstanding subsection (1) of this section, a circuit court judge may authorize execution of a search warrant outside the judicial district in which the court is located if the judge finds that:

- (a) The search relates to one of the following offenses involving a victim who was 65 years of age or older at the time of the offense:
- (A) Criminal mistreatment in the first degree as described in ORS 163.205 (1)(b)(D) or (E);
  - (B) Identity theft;
  - (C) Aggravated identity theft;

- (c) The person making application for the search warrant is not able to ascertain at the time of the application the proper place of trial for the offense described in paragraph (a) of this subsection.
- (5) Application for a search warrant may be made only by a district attorney, a police officer or a special agent employed under ORS 131.805.
- (6) The application shall consist of a proposed warrant in conformance with ORS 133.565, and shall be supported by one or more affidavits particularly setting forth the facts and circumstances tending to show that the objects of the search are in the places, or in the possession of the individuals, to be searched. If an affidavit is based in whole or in part on hearsay, the affiant shall set forth facts bearing on any unnamed informant's reliability and shall disclose, as far as possible, the means by which the information was obtained.
- (7) Instead of the written affidavit described in subsection (6) of this section, the judge may take an oral statement under oath. The oral statement shall be recorded and a copy of the recording submitted to the judge who took the oral statement. In such cases, the judge shall certify that the recording of the sworn oral statement is a true recording of the oral statement under oath and shall retain the recording as part of the record of proceedings for the issuance of the warrant. The recording shall constitute an affidavit for the purposes of this section. The applicant shall retain a copy of the recording and shall provide a copy of the recording to the district attorney if the district attorney is not the applicant.
- (8)(a) In addition to the procedure set out in subsection (7) of this section, the proposed warrant and the affidavit may be sent to the court by facsimile transmission or any similar electronic transmission that delivers a complete printable image of the signed affidavit and proposed warrant. The affidavit may have a notarized acknowledgment, or the affiant may swear to the affidavit by telephone. If the affiant swears to the affidavit by telephone, the affidavit may be signed electronically. A judge administering an oath telephonically under this subsection must execute a declaration that recites the manner and time of the oath's administration. The declaration must be filed with the return.
- (b) When a court issues a warrant upon an application made under paragraph (a) of this subsection:
- (A) The court may transmit the signed warrant to the person making application under subsection (5) of this section by means of facsimile transmission or similar electronic transmission, as described in paragraph (a) of this subsection. The court shall file the original signed warrant and a printed image of the application with the return.
  - (B) The person making application shall deliver the original signed affidavit to the court with the return. If the affiant swore to the affidavit by telephone, the affiant must so note next to the affiant's signature on the affidavit. - (1) Before acting on the application, the judge may examine on oath the affiants, and the applicant and any witnesses the applicant may produce, and may call such witnesses as the judge considers necessary to a decision. The judge shall make and keep a record of any testimony taken before the judge. The record shall be admissible as evidence on any motion to suppress.
- (2) If the judge finds that the application meets the requirements of ORS 133.545 and that, on the basis of the record made before the judge, there is probable cause to believe that the search will discover things specified in the application and subject to seizure under ORS 133.535, the judge shall issue a search warrant based on the finding of the judge and in accordance with the requirements of ORS 133.545 to 133.615. If the judge does not so find, the judge shall deny the application.
- (3) The judge may orally authorize a police officer, a district attorney or a special agent employed under ORS 131.805 to sign the judge's name on a duplicate original warrant. (1) A custodian shall preserve biological evidence in accordance with ORS 133.705 to 133.717 if the evidence:

(a) Is collected as part of a criminal investigation into a covered offense; or

(b) Is otherwise in the possession of the custodian and reasonably may be used to incriminate or exculpate any person for a covered offense.

(2) When a custodian is required to preserve biological evidence under subsection (1) of this section, the custodian shall preserve the evidence in an amount and manner that is sufficient to develop a DNA profile. Except as otherwise provided in ORS 133.705 to 133.717, the biological evidence must be preserved:

(a) If the covered offense is aggravated murder, murder, rape in the first degree, sodomy in the first degree or unlawful sexual penetration in the first degree, for 60 years from the date each person is convicted of the offense or until each person convicted of the offense has died, whichever is earlier.

(b) If the covered offense is aggravated vehicular homicide, manslaughter in the first degree or manslaughter in the second degree, until each person convicted of the offense has served the person's sentence.

(c) If no person is convicted of the covered offense or the law enforcement agency investigating the covered offense closes the case for a reason other than the conviction of a person, until the expiration of the statute of limitations.

(3) A custodian is not required to preserve physical evidence solely because the physical evidence contains biological evidence if the physical evidence is of such a size, bulk or physical character as to render retention impracticable. When the retention of physical evidence is impracticable, the custodian shall remove and preserve portions of the physical evidence likely to contain biological evidence in a quantity sufficient to permit future DNA testing before returning or disposing of the physical evidence.

(4) Upon the conclusion of any trial or hearing involving a covered offense, the court shall return any biological evidence in the possession of the court to the custodian responsible for preserving the biological evidence under ORS 133.705 to 133.717, unless the evidence was collected by the defense. If the evidence was collected by the defense, the court shall return the evidence to the attorney for the defendant.

(5) If a custodian is required to preserve biological evidence under ORS 133.705 to 133.717 and the custodian is unable to produce the evidence in a judicial proceeding, the individual to whom the custodian has delegated the duty to preserve the evidence shall prepare, sign and file with the court a sworn affidavit that indicates that the custodian is unable to produce the evidence and describes the efforts taken to locate the evidence.

(6) If a court finds that biological evidence was destroyed in violation of ORS 133.705 to 133.717, the court, after determining whether the evidence was destroyed maliciously, may impose appropriate sanctions and order appropriate remedies. The court may not order the reversal of a conviction under this subsection on the sole grounds that the biological evidence is no longer available.

(7)(a) The Attorney General shall adopt rules establishing:

(A) Standards for the proper collection, retention, preservation and cataloging of biological evidence applicable to criminal investigations into, and criminal prosecutions for, covered offenses; and

(B) A standard form for use by custodians in providing the written notice described in ORS 133.709 (1).

(1)(a) A custodian may seek to dispose of biological evidence before the period of time specified in ORS 133.707 (2), by providing written notice, in the form developed under ORS 133.707 (7), to the district attorney having jurisdiction over the prosecution of the covered offense. Upon receipt of the notice, the district attorney shall determine whether to object to the disposal of any of the biological evidence identified in the custodian's notice.

(b) If the district attorney objects to the disposal of any of the biological evidence identified in the custodian's notice, the district attorney shall provide written notice of the objection to the custodian that identifies the biological evidence that the district attorney determines must be preserved. The custodian shall preserve any biological evidence identified by the district attorney in the notice until the period of time specified in ORS 133.707 (2) has elapsed.

(c) If the district attorney does not object to the disposal of all or a portion of the biological evidence identified in the custodian's notice, the district attorney shall provide written notice of the intent to dispose of biological evidence, identifying the biological evidence that the district attorney has determined may be disposed of, to:

- (A) The defendant;
- (B) The most recent attorney of record for the defendant; and
- (C) The Department of Justice.

(2) If evidence that is subject to ORS 133.707 is the property of the victim, the victim may request that the district attorney determine whether the property may be returned to the victim. The request must be in writing and must identify the property that the victim seeks to have returned. If the district attorney:

(a) Objects to the return of any of the property to the victim, the district attorney shall notify the victim of that determination.

(b) Does not object to the return of all or a portion of the property, the district attorney shall provide written notice of the intent to dispose of biological evidence, identifying the property the district attorney has determined may be returned, to:

- (A) The victim;
- (B) The defendant;
- (C) The most recent attorney of record for the defendant; and
- (D) The Department of Justice.

(3)(a) Not later than 120 days after the date the district attorney provides written notice to the defendant under subsection (1)(c) or (2)(b) of this section, the defendant may file a motion to preserve biological evidence in the convicting court. The defendant shall provide a copy of the motion to the district attorney and the custodian. If the motion is timely filed, the court shall enter an order as provided in ORS 133.715.

(b) If the defendant fails to file a motion to preserve biological evidence before the expiration of the 120-day period specified in paragraph (a) of this subsection, the district attorney shall file with the court a copy of the notice of intent to dispose of biological evidence sent to the defendant under subsection (1)(c) or (2)(b) of this section. Following the filing of the notice, the court shall, without hearing, enter an order authorizing the disposal of the biological evidence described in the notice. The court shall provide a copy of the order to the custodian, the district attorney and each person or entity described in subsection (1)(c) or (2)(b) of this section, as applicable.

(c) The 120-day period specified in this subsection begins on the date the notice is mailed. [2011 c.275 §3]

- (a) Conduct a hearing to resolve the motion; or

(2)(a) In determining whether to order the preservation of biological evidence, the court shall consider, in addition to other factors the court considers appropriate, the following factors:

- (A) Whether the identification of the offender was a disputed issue;
- (B) Whether other biological evidence in the case contains DNA in an amount that is sufficient to develop a DNA profile and will not be disposed of;
- (C) If the biological evidence has not previously been tested, whether it is possible to perform testing on the biological evidence;

- (D) Whether the defendant has served all of the sentence imposed; and
- (E) Whether the defendant has exhausted the defendant's appellate or post-conviction rights.
- (b) If the defendant has not exhausted the defendant's appellate and post-conviction rights, there is a presumption that the biological evidence should be preserved.
- (c) In making the determination described in this subsection, except as otherwise provided in paragraph (b) of this subsection, the court may assign the weight the court deems appropriate to the factors described in paragraph (a) of this subsection and to any other factor the court determines is appropriate.
- (d) For purposes of subparagraph (2)(a)(A) of this section, the court need not presume that identification of the offender is not a disputed issue solely because the defendant has pleaded guilty or no contest to the crime, has confessed to the crime or has made an admission.
- (3) If the court enters an order authorizing the disposal of biological evidence, the order may not authorize disposal to occur sooner than 45 days after the date the order is entered. The court shall provide a copy of the order to the custodian, the district attorney and the defendant.
- (4) Either the state or the defendant may appeal from an order entered under this section in the manner provided in ORS chapter 19 for appeals from judgments. Notwithstanding ORS 19.330, the filing of a notice of appeal automatically stays an order entered under this section. [2011 c.275 §4]

- (1) An ex parte order for the interception of wire, electronic or oral communications may be issued by any circuit court judge upon written application made upon oath or affirmation of the individual who is the district attorney or a deputy district attorney authorized by the district attorney for the county in which the order is sought. The application shall include:
  - (a) The name of the district attorney or the deputy district attorney making the application and the authority of the district attorney or the deputy district attorney to make the application;

    - (B) A crime punishable as a felony under ORS 163.266 (1)(b) or (c), 163.413, 166.720, 167.012, 167.017, 475.752, 475.806 to 475.894 or 475.904 to 475.910 or as a misdemeanor under ORS 167.007 or 167.008; or
    - (C) Any conspiracy to commit any of the foregoing crimes;
  - (d) A statement of the details, if known, of the particular crime alleged under paragraph (c) of this subsection;
  - (e) A particular description of the nature and location of the facilities from which or the place where the wire, electronic or oral communication is to be intercepted, if known;
  - (f) A particular description of the type of wire, electronic or oral communication sought to be intercepted;
  - (g) The identity of the person, if known, suspected of committing the crime and whose wire, electronic or oral communications are to be intercepted;
  - (h) A full and complete statement as to whether or not other investigative procedures have been tried and failed or why other investigative procedures reasonably appear to be unlikely to succeed if tried or are likely to be too dangerous;
  - (i) A statement of the period of time for which the interception is required to be maintained. If the nature of the investigation is such that the authorization for interception should not automatically terminate when the described type of wire, electronic or oral communication has been first obtained, a description of facts establishing probable cause to believe that additional communications of the same type will occur thereafter;
  - (j) A statement as to whether any prior application has been made to intercept wire, electronic or oral communications from the

same person and, if such prior application exists, a statement of the current status of that application; and

(k) Where the application is for the extension of an existing order, a statement setting forth the results thus far obtained from the interception, or a reasonable explanation of the failure to obtain such results.

(2) The judge may require the applicant to furnish further testimony or documentary evidence in support of the application.

(3) Upon examination of such application and evidence the judge may enter an ex parte order, as requested or as modified, authorizing or approving interception of wire, electronic or oral communications within the state if the judge determines on the basis of the facts submitted by the applicant that:

(a) There is probable cause for belief that an individual is committing, has committed or is about to commit a particular crime described in subsection (1)(c) of this section;

(b) There is probable cause for belief that particular communications concerning that crime will be obtained through such interception;

(c) Normal investigative procedures have been tried and have failed or reasonably appear to be unlikely to succeed if tried or are likely to be too dangerous; and

(d) There is probable cause for belief that the facilities from which, or the place where, the wire, electronic or oral communications to be intercepted are being used, or are about to be used, in connection with the planning or the commission of that crime are open to the public or are owned by, leased to, listed in the name of, or commonly used by the individual suspected.

(4) Each order authorizing or approving the interception of any wire, electronic or oral communication shall specify:

(a) The identity of the person, if known, whose communications are to be intercepted;

(b) The nature and location of the communications facilities as to which, or the place where, authority to intercept is granted;

(c) A particular description of the type of communication sought to be intercepted, and a statement of the particular crime to which it relates;

(d) The identity of the agency authorized to intercept the communications and of the person authorizing the application;

(e) The period of time during which such interception is authorized, including a statement as to whether or not the interception shall automatically terminate when the described communication has been first obtained; and

(f) The name of the applicant, date of issuance, and the signature and title of the issuing judge.

(5) An order entered pursuant to this section may not authorize or approve the interception of any wire, electronic or oral communication for any period longer than is necessary to achieve the objective of authorization and in no event for longer than 30 days. Extensions of any order may be granted, but only when application for an extension is made in accordance with subsection (1)(k) of this section and the court makes the findings required by subsection (3) of this section. The period of extension shall be no longer than the authorizing judge deems necessary to achieve the purpose for which it is granted and in no event for longer than 30 days. Every order and extension of that order shall contain a provision that the authorization to intercept must be executed as soon as practicable, must be conducted in such a way as to minimize the interception of communications not otherwise subject to interception, and must terminate upon attainment of the authorized objective, or in any event in 30 days.

(6) Whenever an order authorizing interception is entered pursuant to this section, the order may require reports to be made to the judge who issued the order showing what progress has been made toward achievement of the authorized objective and the need for continued interception. Such reports shall be made at such intervals as the judge may require. (1) Notwithstanding ORS 133.724, under the circumstances described in this section, a law enforcement officer is authorized to intercept an oral communication to which the officer or a person under the direct supervision of the officer is a party, without obtaining an order for the interception of a wire, electronic or oral communication under ORS 133.724.

(2) For purposes of this section and ORS 133.736, a person is a party to an oral communication if the oral communication is made in the person's immediate presence and is audible to the person regardless of whether the communication is specifically directed to the person.

(3) An ex parte order for intercepting an oral communication in any county of this state under this section may be issued by any judge as defined in ORS 133.525 upon written application made upon oath or affirmation of the district attorney or a deputy district attorney authorized by the district attorney for the county in which the order is sought or upon the oath or affirmation of any peace officer as defined in ORS 133.005. The application shall include:

(a) The name of the applicant and the applicant's authority to make the application;

(b) A statement demonstrating that there is probable cause to believe that a person whose oral communication is to be intercepted is engaged in committing, has committed or is about to commit a particular felony, or a misdemeanor under ORS 167.007 or 167.008, and that intercepting the oral communication will yield evidence thereof; and

(c) The identity of the person, if known, suspected of committing the crime and whose oral communication is to be intercepted.

(4) The judge may require the applicant to furnish further testimony or documentary evidence in support of the application.

(5) Upon examination of the application and evidence, the judge may enter an ex parte order, as requested or as modified,

authorizing or approving the interception of an oral communication within the state if the judge determines on the basis of the facts submitted by the applicant that:

- (a) There is probable cause to believe that a person is engaged in committing, has committed or is about to commit a particular felony, or a misdemeanor under ORS 167.007 or 167.008; and
- (b) There is probable cause to believe that the oral communication to be obtained will contain evidence concerning that crime.
- (6) An order authorizing or approving the interception of an oral communication under this section must specify:
  - (a) The identity of the person, if known, whose oral communication is to be intercepted;
  - (b) A statement identifying the particular crime to which the oral communication is expected to relate;
  - (c) The agency authorized under the order to intercept the oral communication;
  - (d) The name and office of the applicant and the signature and title of the issuing judge;
  - (e) A period of time after which the order shall expire; and
  - (f) A statement that the order authorizes only the interception of an oral communication to which a law enforcement officer or a person under the direct supervision of a law enforcement officer is a party.
- (7) An order under ORS 133.724 or this section is not required when a law enforcement officer intercepts an oral communication to which the officer or a person under the direct supervision of the officer is a party if the oral communication is made by a person whom the officer has probable cause to believe has committed, is engaged in committing or is about to commit:
  - (a) A crime punishable as a felony under ORS 475.752, 475.806 to 475.894, 475.906, 475C.005 to 475C.525 or 475C.770 to 475C.919 or as a misdemeanor under ORS 167.007 or 167.008; or
  - (b) Any other crime punishable as a felony if the circumstances at the time the oral communication is intercepted are of such exigency that it would be unreasonable to obtain a court order under ORS 133.724 or this section.
- (8) A law enforcement officer who intercepts an oral communication pursuant to this section may not intentionally fail to record and preserve the oral communication in its entirety. A law enforcement officer, or a person under the direct supervision of the officer, who is authorized under this section to intercept an oral communication is not required to exclude from the interception an oral communication made by a person for whom probable cause does not exist if the officer or the person under the officer's direct supervision is a party to the oral communication.
- (9) A law enforcement officer may not divulge the contents of an oral communication intercepted under this section before a preliminary hearing or trial in which an oral communication is going to be introduced as evidence against a person except:
  - (a) To a superior officer or other official with whom the law enforcement officer is cooperating in the enforcement of the criminal laws of this state or the United States;
  - (b) To a magistrate;
  - (c) In a presentation to a federal or state grand jury; or
  - (d) In compliance with a court order.
- (10) A law enforcement officer may intercept an oral communication under this section only when acting within the scope of the officer's employment and as a part of assigned duties.
- (11) As used in this section, "law enforcement officer" means:
  - (a) An officer employed to enforce criminal laws by:
    - (A) The United States, this state or a municipal government within this state;
    - (B) A political subdivision, agency, department or bureau of the governments described in subparagraph (A) of this paragraph; or
    - (C) A police department established by a university under ORS 352.121 or 353.125;
  - (b) An authorized tribal police officer as defined in ORS 181A.940; or
  - (c) A regulatory specialist as defined in ORS 471.001.
- (12) Violation of subsection (9) of this section is a Class A misdemeanor. Preauthorization to incur a fee or expense does not guarantee that a fee or expense incurred pursuant to the preauthorization will be determined to be necessary or reasonable when the fee or expense is submitted for payment.

(b) In a county or justice court, the request must be in the form of a motion to the court. The motion must be accompanied by a supporting affidavit that sets out in detail the purpose of the requested expenditure, the name of the service provider or other recipient of the funds, the dollar amount of the requested expenditure that may not be exceeded without additional authorization and the date or dates during which the service will be rendered or events will occur for which the expenditure is requested.

(c) In a circuit court, the request must be in the form and contain the information that is required by the policies, procedures, standards and guidelines of the Oregon Public Defense Commission. If the executive director of the commission denies a request for preauthorization to incur fees and expenses subject to a preauthorization requirement, the person making the request may appeal the decision to the presiding judge of the circuit court. The presiding judge has final authority to preauthorize incurring fees and expenses under this paragraph.

(d) Entitlement under subsection (7) of this section to payment for fees and expenses in circuit court is subject to the policies, procedures, standards and guidelines adopted under ORS 151.216. (5) In a county or justice court, the total fees and expenses payable under this section must be submitted to the court by counsel or other providers and are subject to the review of the court. The court shall certify that such amount is fair reimbursement for fees and expenses for representation in the case as provided in subsection (6) of this section. Upon certification and any verification as provided under subsection (6) of this section, the amount of the fees and expenses approved by the court and not already paid shall be paid by the county.

(6) In a county or justice court, the court shall certify to the administrative authority responsible for paying fees and expenses under this section that the amount for payment is reasonable and that the amount is properly payable out of public funds.

(7) In a circuit court, the total fees and expenses payable under this section must be submitted to and are subject to review by the executive director of the Oregon Public Defense Commission. The executive director of the commission shall determine whether the amount is necessary, reasonable and properly payable from public funds for fees and expenses for representation in the case as provided by the policies, procedures, standards and guidelines of the commission. The executive director of the commission shall pay the amount of the fees and expenses determined necessary, reasonable and properly payable out of public funds. The court shall provide any information identified and requested by the executive director of the commission as needed for audit, statistical or any other purpose pertinent to ensure the proper disbursement of state funds or pertinent to the provision of appointed counsel compensated at state expense.

(8) If the executive director of the Oregon Public Defense Commission denies, in whole or in part, fees and expenses submitted for review and payment, the person who submitted the payment request may appeal the decision to the presiding judge of the circuit court. The presiding judge or the designee of the presiding judge shall review the executive director's decision for abuse of discretion. The decision of the presiding judge or the designee of the presiding judge is final.

Before proceeding against the defendant as provided in this subsection, the court shall attempt to determine the true name of the defendant. If a certified copy of

A person in custody, otherwise having a right to release, shall be released upon the personal recognizance unless:

(a) Release criteria show to the satisfaction of the magistrate that such a release is unwarranted; or

(b) Subsection (6) of this section applies to the person.

(4) Upon a finding that release of the person on personal recognizance is unwarranted, the magistrate shall proceed to consider conditional release under ORS 135.260. (7)(a) After the postponement of a release decision under subsection (2) of this section, upon the request of either party, or upon the magistrate's own motion, the magistrate shall make a release decision or reconsider the release decision, as applicable, at a release hearing. The release hearing must be held within 48 hours of arraignment or other first appearance after the defendant is taken into

custody unless both parties agree, or the court finds good cause, to hold the hearing at a later time. (b) A hearing held under this subsection may not be used for purposes of discovery.

The release assistance officer shall provide the defendant with a written copy of the order.

(2) When a defendant who is charged with a sex crime, a crime involving bias or a crime that constitutes domestic violence is arraigned, the court shall enter an order continuing an order issued under subsection (1) of this section or, if no such order has been entered, enter an order prohibiting the defendant from contacting or attempting to contact the victim, either directly or through a third party, while the defendant is in custody.

(a) A search warrant issued pursuant to ORS 133.545 authorizing seizure of the cash, cashier's checks, money orders, credit cards, stocks, bonds or real or personal property as items subject to search and seizure as described in ORS 133.535; or

(b) A court order under ORS 131A.060 directing seizure of the cash, cashier's checks, money orders, credit cards, stocks, bonds or real or personal property as property subject to forfeiture under ORS 131A.020.

(2) After seizing cash, cashier's checks, money orders, credit cards, stocks, bonds or real or personal property under subsection (1) of this section, a law enforcement agency may not further transfer or distribute the cash, cashier's checks, money orders, credit cards, stocks, bonds or real or personal property to any person or entity without a court order specifically authorizing the transfer or distribution.

(3) As used in this section, "law enforcement agency" has the meaning given that term in ORS 131A.005. [2015 c.493 §2]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 135 - Arraignment and Pretrial Provisions Section 135.280 - Arrest warrant; forfeiture.**

(1) Upon failure of a person to comply with any condition of a release agreement or personal recognizance, the court having jurisdiction may, in addition to any other action provided by law, issue a warrant for the arrest of the person at liberty upon a personal recognizance, conditional or security release.

(2) A warrant issued under subsection (1) of this section by a municipal judge may be executed by any peace officer authorized to execute arrest warrants.

(3) If the defendant does not comply with the conditions of the release agreement, the court having jurisdiction shall enter an order declaring the entire security amount to be forfeited. Notice of the order of forfeiture shall be given forthwith by personal service, by mail or by such other means as are reasonably calculated to bring to the attention of the defendant and, if applicable, of the sureties the order of forfeiture. If, within 30 days after the court declares the forfeiture, the defendant does not appear or satisfy the court having jurisdiction that appearance and surrender by the defendant was, or still is, impossible and without fault of the defendant, the court shall enter judgment for the state, or appropriate political subdivision thereof, against the defendant and, if applicable, the sureties for the entire security amount set under ORS 135.265 and the costs of the proceedings. At any time before or after entry of the judgment, the defendant or the sureties may apply to the court for a remission of the forfeiture or to modify or set aside the judgment. The court, upon good cause shown, may remit the forfeiture or any part thereof or may modify or set aside the judgment as in other criminal cases, except the portion of the security deposit that the court ordered to be applied to child support under subsection (4) of this section, as the court considers reasonable under the circumstances of the case. The court shall adopt procedures to ensure that the amount deposited under ORS 135.265 is available for a reasonable period of time for disposition under subsection (4) of this section.

(4) After entry of a judgment for the state, the court, upon a motion filed under ORS 25.715, may order that a portion of the security deposit be applied to any unsatisfied child support award owed by the defendant and to provide security for child support payments in accordance with ORS 25.230. The portion of the security deposit that may be applied to the child support award:

(a) Is limited to the amount deposited under ORS 135.265 (2);

(b) May not exceed 66 percent of the entire security amount set under ORS 135.265 if the deposit has been made under ORS 135.265 (3); and

(c) Does not reduce the money award in the judgment entered under subsection (3) of this section that is owed to the state.

(5) When judgment is entered in favor of the state, or any political subdivision of the state, on any security given for a release, the judgment may be enforced as a judgment in a civil action. If entered in circuit court, the judgment shall be entered in the register,

and the clerk of the court shall note in the register that the judgment creates a judgment lien. The district attorney, county counsel or city attorney may have execution issued on the judgment and deliver same to the sheriff to be executed by levy on the deposit or security amount made in accordance with ORS 135.265, or may collect the judgment as otherwise provided by law. The proceeds of any execution or collection shall be used to satisfy the judgment and costs and paid into the treasury of the municipal corporation wherein the security was taken if the offense was defined by an ordinance of a political subdivision of this state, or paid into the treasury of the county wherein the security was taken if the offense was defined by a statute of this state and the judgment was entered by a justice court, or paid over as directed by the State Court Administrator for deposit in the Criminal Fine Account, if the offense was defined by a statute of this state and the judgment was entered by a circuit court. The provisions of this section shall not apply to amounts deposited upon appearance under ORS 153.061.

(6) When the judgment of forfeiture is entered, the security deposit or deposit with the clerk is, by virtue of the judgment alone and without requiring further execution, forfeited to and may be kept by the state or its appropriate political subdivision. Except as provided in subsection (4) of this section, the clerk shall reduce, by the value of the deposit so forfeited, the debt remaining on the judgment and shall cause the amount on deposit to be transferred to the revenue account of the state or political subdivision thereof entitled to receive the proceeds of execution under this section.

(7) The stocks, bonds, personal property and real property shall be sold in the same manner as in execution sales in civil actions and the proceeds of such sale shall be used to satisfy all court costs, prior encumbrances, if any, and from the balance a sufficient amount to satisfy the judgment shall be paid into the treasury of the municipal corporation wherein the security was taken if the offense was defined by an ordinance of a political subdivision of this state, or paid into the treasury of the county wherein the security was taken if the offense was defined by a statute of this state and the judgment was entered by a justice court, or deposited in the General Fund available for general governmental expenses if the offense was defined by a statute of this state and the judgment was entered by a circuit court. The balance shall be returned to the owner. The real property sold may be redeemed in the same manner as real estate may be redeemed after judicial or execution sales in civil actions. (1) Whenever a plea agreement is presented to the sentencing judge, the defendant's criminal history classification, as set forth in the rules of the Oregon Criminal Justice Commission, shall be accurately represented to the trial judge in the plea agreement. If a controversy exists as to whether a prior conviction or juvenile adjudication should be included in the defendant's criminal history, or as to its classification under rules of the Oregon Criminal Justice Commission, the district attorney and the defendant may stipulate to the inclusion, exclusion or classification of the conviction or adjudication as part of the plea agreement subject to approval of the court.

(2) The district attorney and the defendant may stipulate to the grid block classification within the sentencing guidelines grid established by the rules of the Oregon Criminal Justice Commission that will provide the presumptive sentence range for the offender. The sentencing judge may accept the stipulated classification and impose the presumptive sentence provided in the rules of the Oregon Criminal Justice Commission for that grid block.

(3) If the district attorney and the defendant stipulate to a grid block classification within the sentencing guidelines grid, and the sentencing judge accepts the stipulated classification but imposes a sentence other than the presumptive sentence provided by rules of the Oregon Criminal Justice Commission, the sentence is a departure sentence and is subject to rules of the Oregon Criminal Justice Commission related to departures.

(4) The district attorney and defendant may stipulate to a specific sentence within the presumptive range provided by rules of the Oregon Criminal Justice Commission for the stipulated offender classification. If the sentencing judge accepts the plea agreement, the judge shall impose the stipulated sentence.

(5) The district attorney and the defendant may stipulate to a sentence outside the presumptive sentence range for a stipulated grid block classification. The sentencing judge may accept an agreement for an optional probationary sentence or a departure sentence as provided in rules of the Oregon Criminal Justice Commission. [1989 c.790 §2]

If no plea is entered pursuant to these discussions, the advice of the participating judge shall not be reported to the trial judge. If the discussion results in a plea of guilty or no contest, the parties, if they both agree to do so, may proceed with the plea before a judge involved in the discussion. This plea may be entered pursuant to a tentative plea agreement as provided in subsections (2) to (4) of this section.
- (2) If a tentative plea agreement has been reached which contemplates entry of a plea of guilty or no contest in the expectation that charge or sentence concessions will be granted, the trial judge, upon request of the parties, may permit the disclosure to the trial judge of the tentative agreement and the reasons therefor in advance of the time for tender of the plea. The trial judge may then advise the district attorney and defense counsel whether the trial judge will concur in the proposed disposition if the information in the presentence report or other information available at the time for sentencing is consistent with the representations made to the trial judge.
- (3) If the trial judge concurs, but later decides that the final disposition of the case should not include the sentence concessions contemplated by the plea agreement, the trial judge shall so advise the defendant and allow the defendant a reasonable period of time in which to either affirm or withdraw a plea of guilty or no contest.
- (4) When a plea of guilty or no contest is tendered or received as a result of a prior plea agreement, the trial judge shall give the agreement due consideration, but notwithstanding its existence, the trial judge is not bound by it, and may reach an independent decision on whether to grant sentence concessions under the criteria set forth in ORS 135.415.
- (5) With the consent of the parties and upon receipt of a written waiver executed by the defendant, the trial judge may participate in plea discussions. [1973 c.836 §173; 1987 c.202 §1; 1997 c.313 §4; 2009 c.178 §33]

(B) The defendant's location cannot be determined by due diligence.

(f) A period of time while the defendant is on trial or engaged in court proceedings in an unrelated matter, whether in the same court or a different court, and was therefore physically unavailable for trial.

(g) A period of time between a mistrial on the charging instrument and a subsequent trial on the charging instrument, not to exceed three months for each mistrial. The three-month limit may be extended by the court for good cause upon request from either party or upon the court's own motion.

(h) A period of time between a continuance or a rescheduling of a trial date, granted at the request of, or with the consent of, the defendant or the defendant's counsel, and the new trial date. A defendant who is proceeding without counsel may not consent to a continuance or a rescheduling unless the court has advised the defendant of the defendant's right to a speedy trial within the time limit required in ORS 135.746 and the consequences of the defendant's consent to the continuance or rescheduling.

(2) Any period of time excluded pursuant to subsection (1) of this section from the time limits described in ORS 135.746 that applies to a defendant shall apply to all other defendants charged in the charging instrument. However, if the court finds that it is clearly inappropriate to apply the time exclusion to all of the other defendants, the court may order any relief that justice requires.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 135 - Arraignment and Pretrial Provisions Section 135.775 - Agreement on Detainers.**

The Agreement on Detainers is hereby enacted into law and entered into by this state with all other jurisdictions legally joining therein in the form substantially as follows:

---

**AGREEMENT ON DETAINERS**

The contracting states solemnly agree that:

**ARTICLE I**

The party states find that charges outstanding against a prisoner, detainees based on untried indictments, informations or complaints, and difficulties in securing speedy trial of persons already incarcerated in other jurisdictions, produce uncertainties which obstruct programs of prisoner treatment and rehabilitation. Accordingly, it is the policy of the party states and the purpose of this agreement to encourage the expeditious and orderly disposition of such charges and determination of the proper status of any and all detainees based on untried indictments, informations or complaints. The party states also find that proceedings with reference to such charges and detainees, when emanating from another jurisdiction, cannot properly be had in the absence of cooperative procedures. It is the further purpose of this agreement to provide such cooperative procedures.

**ARTICLE II**

As used in this agreement:

- (a) "State" shall mean a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.
- (b) "Sending state" shall mean a state in which a prisoner is incarcerated at the time that the prisoner initiates a request for final disposition pursuant to Article III of this agreement or at the time that a request for custody or availability is initiated pursuant to Article IV of this agreement.
- (c) "Receiving state" shall mean the state in which trial is to be had on an indictment, information or complaint pursuant to Article III or Article IV of this agreement.
- (d) "Department of Corrections institution" of this state shall mean any institution operated by the Department of Corrections.

**ARTICLE III**

- (a) Whenever a person has entered upon a term of imprisonment in a penal or correctional institution of a party state, and whenever during the continuance of the term of imprisonment there is pending in any other party state any untried indictment, information or complaint on the basis of which a detainer has been lodged against the prisoner, the prisoner shall be brought to trial within 180 days after the prisoner shall have caused to be delivered to the prosecuting officer and the appropriate court of the prosecuting officer's jurisdiction written notice of the place of imprisonment and the request of the prisoner for a final disposition to be made of the indictment, information or complaint: Provided, that for good cause shown in open court, the prisoner or the counsel of the prisoner being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance. The request of the prisoner shall be accompanied by a certificate of the appropriate official having custody of the prisoner, stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner.
- (b) The written notice and request for final disposition referred to in paragraph (a) of this Article shall be given or sent by the prisoner to the warden or other official having custody of the prisoner, who shall promptly forward it together with the certificate to the prosecuting official and court by registered or certified mail, return receipt requested.
- (c) The warden or other official having custody of the prisoner shall promptly inform the prisoner of the source and contents of any detainer lodged against the prisoner and shall also inform the prisoner of the right to make a request for final disposition of the indictment, information or complaint on which the detainer is based.
- (d) Any request for final disposition made by a prisoner pursuant to paragraph (a) of this Article shall operate as a request for final disposition of all untried indictments, informations or complaints on the basis of which detainees have been lodged against the

prisoner from the state to whose prosecuting official the request for final disposition is specifically directed. The warden or other official having custody of the prisoner shall forthwith notify all appropriate prosecuting officers and courts in the several jurisdictions within the state to which the prisoner's request for final disposition is being sent of the proceeding being initiated by the prisoner. Any notification sent pursuant to this paragraph shall be accompanied by copies of the prisoner's written notice, request and the certificate. If trial is not had on any indictment, information or complaint contemplated hereby prior to the return of the prisoner to the original place of imprisonment, such indictment, information or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

(e) Any request for final disposition made by a prisoner pursuant to paragraph (a) of this Article shall also be deemed to be a waiver of extradition with respect to any charge or proceeding contemplated thereby or included therein by reason of paragraph (d) of this Article, and a waiver of extradition to the receiving state to serve any sentence there imposed upon the prisoner, after completion of the term of imprisonment in the sending state. The request for final disposition shall also constitute a consent by the prisoner to the production of the body of the prisoner in any court where the presence of the prisoner may be required in order to effectuate the purposes of this agreement and a further consent voluntarily to be returned to the original place of imprisonment in accordance with the provisions of this agreement. Nothing in this paragraph shall prevent the imposition of a concurrent sentence if otherwise permitted by law.

(f) Escape from custody by the prisoner subsequent to the execution of the request for final disposition referred to in paragraph (a) of this Article shall void the request.

#### ARTICLE IV

(a) The appropriate officer of the jurisdiction in which an untried indictment, information or complaint is pending shall be entitled to have a prisoner against whom the officer has lodged a detainer and who is serving a term of imprisonment in any party state made available in accordance with paragraph (a) of Article V of this agreement upon presentation of a written request for temporary custody or availability to the appropriate authorities of the state in which the prisoner is incarcerated: Provided, that the court having jurisdiction of such indictment, information or complaint shall have duly approved, recorded and transmitted the request; And provided further, that there shall be a period of 30 days after receipt by the appropriate authorities before the request be honored, within which period the governor of the sending state may disapprove the request for temporary custody or availability, either upon the own motion of the governor or upon motion of the prisoner.

(b) Upon receipt of the officer's written request as provided in paragraph (a) of this Article, the appropriate authorities having the prisoner in custody shall furnish the officer with a certificate stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner and any decisions of the state parole agency relating to the prisoner. Such authorities simultaneously shall furnish all other officers and appropriate courts in the receiving state who have lodged detainers against the prisoner with similar certificates and with notices informing them of the request for custody or availability and of the reasons therefor.

(c) In respect of any proceeding made possible by this Article, trial shall be commenced within 120 days of the arrival of the prisoner in the receiving state, but for good cause shown in open court, the prisoner or the counsel of the prisoner being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance.

(d) Nothing contained in this Article shall be construed to deprive any prisoner of any right which the prisoner may have to contest the legality of the delivery of the prisoner as provided in paragraph (a) of this Article, but such delivery may not be opposed or denied on the ground that the executive authority of the sending state has not affirmatively consented to or ordered such delivery.

(e) If trial is not had on any indictment, information or complaint contemplated hereby prior to the prisoner's being returned to the original place of imprisonment pursuant to paragraph (e) of Article V of this agreement, such indictment, information or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

#### ARTICLE V

(a) In response to a request made under Article III or Article IV of this agreement, the appropriate authority in a sending state shall offer to deliver temporary custody of such prisoner to the appropriate authority in the state where such indictment, information or complaint is pending against such person in order that speedy and efficient prosecution may be had. If the request for final disposition is made by the prisoner, the offer of temporary custody shall accompany the written notice provided for in Article III of this agreement. In the case of a federal prisoner, the appropriate authority in the receiving state shall be entitled to temporary custody as provided by this agreement or to the prisoner's presence in federal custody at the place for trial, whichever custodial arrangement may be approved by the custodian.

(b) The officer or other representative of a state accepting an offer of temporary custody shall present the following upon demand:

(1) Proper identification and evidence of authority to act for the state into whose temporary custody the prisoner is to be given.  
(2) A duly certified copy of the indictment, information or complaint on the basis of which the detainer has been lodged and on the basis of which the request for temporary custody of the prisoner has been made.

(c) If the appropriate authority shall refuse or fail to accept temporary custody of such prisoner, or in the event that an action on the indictment, information or complaint on the basis of which the detainer has been lodged is not brought to trial within the period provided in Article III or Article IV of this agreement, the appropriate court of the jurisdiction where the indictment, information or complaint has been pending shall enter an order dismissing the same with prejudice, and any detainer based thereon shall cease to be of any force or effect.

(d) The temporary custody referred to in this agreement shall be only for the purpose of permitting prosecution on the charge or

charges contained in one or more untried indictments, informations or complaints which form the basis of the detainer or detainers or for prosecution on any other charge or charges arising out of the same transaction. Except for attendance of the prisoner at court and while being transported to or from any place at which the presence of the prisoner may be required, the prisoner shall be held in a suitable jail or other facility regularly used for persons awaiting prosecution.

(e) At the earliest practicable time consonant with the purposes of this agreement, the prisoner shall be returned to the sending state.

(f) During the continuance of temporary custody or while the prisoner is otherwise being made available for trial as required by this agreement, time being served on the sentence shall continue to run but good time shall be earned by the prisoner only if, and to the extent that, the law and practice of the jurisdiction which imposed the sentence may allow.

(g) For all purposes other than that for which temporary custody as provided in this agreement is exercised, the prisoner shall be deemed to remain in the custody of and subject to the jurisdiction of the sending state and any escape from temporary custody may be dealt with in the same manner as an escape from the original place of imprisonment or in any other manner permitted by law.

(h) From the time that a party state receives custody of a prisoner pursuant to this agreement until such prisoner is returned to the territory and custody of the sending state, the state in which the one or more untried indictments, informations or complaints are pending or in which trial is being had shall be responsible for the prisoner and shall also pay all costs of transporting, caring for, keeping and returning the prisoner. The provisions of this paragraph shall govern unless the states concerned shall have entered into a supplementary agreement providing for a different allocation of costs and responsibilities as between or among themselves.

Nothing contained in this paragraph shall be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

#### ARTICLE VI

(a) In determining the duration and expiration dates of the time periods provided in Articles III and IV of this agreement, the running of such time periods shall be tolled whenever and for as long as the prisoner is unable to stand trial, as determined by the court having jurisdiction of the matter.

(b) No provision of this agreement, and no remedy made available by this agreement, shall apply to any person who is adjudged to be a person with mental illness.

#### ARTICLE VII

Each state party to this agreement shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this agreement, and who shall provide within and without the state, information necessary to the effective operation of this agreement.

#### ARTICLE VIII

This agreement shall enter into full force and effect as to a party state when such state has enacted the agreement into law. A state party to this agreement may withdraw herefrom by enacting a statute repealing the agreement. However, the withdrawal of any state shall not affect the status of any proceedings already initiated by prisoners or by state officers at the time such withdrawal takes effect, nor shall it affect their rights in respect thereof.

#### ARTICLE IX

This agreement shall be liberally construed so as to effectuate its purposes. The provisions of this agreement shall be severable and if any phrase, clause, sentence or provision of this agreement is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state party to this agreement, the agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

When the full number of jurors has been called, they shall thereupon be examined as to their qualifications, first by the court, then by the defendant and then by the state. After they have been passed for cause, peremptory challenges, if any, shall be exercised as provided in ORS 136.230.

(2) Standing in the relation of guardian and ward, attorney and client, physician and patient, naturopathic physician and patient, physician assistant and patient, nurse practitioner and patient, master and servant, debtor and creditor, principal and agent or landlord and tenant with the:

(a) Defendant;

(b) Person alleged to be injured by the offense charged in the accusatory instrument; or

(c) Complainant.

(3) Being a member of the family, a partner in business with or in the employment of any person referred to in subsection (2)(a), (b) or (c) of this section or a surety in the action or otherwise for the defendant.

(4) Having served on the grand jury which found the indictment or on a jury of inquest which inquired into the death of a person whose death is the subject of the indictment or information.

(5) Having been one of a jury formerly sworn in the same action, and whose verdict was set aside or which was discharged without a verdict after the cause was submitted to it.

(6) Having served as a juror in a civil action, suit or proceeding brought against the defendant for substantially the same act charged as an offense.

(7) Having served as a juror in a criminal action upon substantially the same facts, transaction or criminal episode. [Amended by 1961 c.444 §1; 1967 c.372 §1; 1973 c.836 §232; 1999 c.1051 §252; 2014 c.45 §22; 2017 c.356 §15]

(1) If the trial is upon an accusatory instrument in which one or more of the crimes charged is punishable with imprisonment in a Department of Corrections institution for life or is a capital offense, both the defendant and the state are entitled to 12 peremptory challenges, and no more. In any trial before more than six jurors, both are entitled to six. In any trial before six jurors, both are entitled to three.

(2) Peremptory challenges shall be taken in writing by secret ballot as follows:

(a) The defendant may challenge two jurors and the state may challenge two, and so alternating, the defendant exercising two challenges and the state two until the peremptory challenges are exhausted.

(b) After each challenge the panel shall be filled and the additional juror passed for cause before another peremptory challenge is exercised. Neither party shall be required to exercise a peremptory challenge unless the full number of jurors is in the jury box at the time.

(c) The refusal to challenge by either party in order of alternation does not prevent the adverse party from exercising that adverse party's full number of challenges, and such refusal on the part of a party to exercise a challenge in proper turn concludes that party as to the jurors once accepted by that party. If that party's right of peremptory challenge is not exhausted, that party's further challenges shall be confined, in that party's proper turn, to such additional jurors as may be called.

(3) Notwithstanding subsection (2) of this section, the defendant and the state may stipulate to taking peremptory challenges orally.

(4) Peremptory challenges are subject to ORCP 57 D(4). [Amended by 1973 c.836 §233; 1977 c.63 §1; 1987 c.2 §7; 1987 c.320 §26; 1995 c.530 §2; 1997 c.801 §70]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.240 - Challenge of accepted juror.**

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.250 - Taking of challenges; number of challenges if two or more defendants.**

All peremptory challenges may be taken by the state or defendant, but when several defendants are tried together, the defendants are entitled to the number of challenges they would have had if each defendant had been tried separately. When two or more defendants are tried together, the state is entitled to the same total number of peremptory challenges as the sum of the peremptory challenges the defendants could have exercised. [Amended by 1973 c.836 §234; 1997 c.511 §2]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.260 - Selection of alternate jurors; peremptory challenges.**

(B) One to three additional jurors if the person is charged with a misdemeanor.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.290 - Limit on custody of defendant prior to trial; release if limit exceeded.**

(1) Except as provided in ORS 136.295, a defendant shall not remain in custody pending commencement of the trial of the defendant more than 60 days after the time of arrest unless the trial is continued with the express consent of the defendant. Absent the consent of the defendant or an extension under ORS 136.295, the court shall order that the trial of the defendant commence within 60 days after arrest if the state is prepared to proceed to trial.

(2) If a trial is not commenced within the period required by subsection (1) of this section, the court shall release the defendant on the own recognizance of the defendant, or in the custody of a third party, or upon whatever additional reasonable terms and conditions the court deems just as provided in ORS 135.230 to 135.290. (2)(a) If the defendant is extradited from another jurisdiction, the 60-day period shall not commence until the defendant enters the State of Oregon, provided that law enforcement authorities from the other jurisdiction and this state have conducted the extradition with all practicable speed. The original 60-day period shall not be extended more than an additional 60 days, except where delay has been caused by the defendant in opposing the extradition.

(b) For purposes of this subsection, an extradition is presumed to have been conducted with all practicable speed if it has been conducted within 90 days after the date the defendant has been delivered to an agent of this state.

(3) Any reasonable delay resulting from examination or hearing regarding the defendant's mental condition or competency to stand trial, or resulting from other motion or appeal by the defendant, shall not be included in the 60-day period.

(4)(a) If a victim or witness to the crime in question is unable to testify within the original 60-day period because of injuries received at the time the alleged crime was committed or upon a showing of good cause, the court may order an extension of custody and postponement of the date of the trial of not more than 60 additional days. The court, for the same reason, may order a second extension of custody and postponement of the date of the trial of not more than 60 days, but in no event shall the defendant be held in custody before trial for more than a total of 180 days. A court may grant an extension based upon good cause as described in paragraph (b)(C), (D) or (E) of this subsection only if requested by the defendant or defense counsel or by the court on its own motion.

(E) The attorney for the defendant is unable to try the case within the 60-day period because of conflicting schedules;

(F) Scientific evidence is necessary and because of the complexity of the procedures it would be unreasonable to have the procedures completed within the 60-day period;

(G) The defendant has filed notice under ORS 161.309 of the defendant's intention to rely upon a defense of insanity, partial responsibility or diminished capacity;

(H) The defendant has filed any notice of an affirmative defense within the last 20 days of the 60-day period;

(I) A claim under ORS 147.515, or a motion under ORS 147.522, relating to victims' rights is pending, the court has considered the factors described in ORS 147.525 and the court has determined that the trial date should be rescheduled subject to the time limit provided in ORS 147.525; or

(J) The defendant has received discovery of digital video evidence from a video camera worn upon a law enforcement officer's person and, though discovery has occurred in a reasonably timely manner, editing of the digital video evidence is necessary.

(5) Any period following defendant's arrest in which the defendant is not actually in custody shall not be included in the 60-day computation. Whenever the knowledge of the court is by statute made evidence of a fact, the court shall declare such knowledge to the jury, which is bound to accept it as conclusive, except as provided in ORS 40.085. [Amended by 1983 c.433 §4]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.320 - Function of jury; jury to receive law as laid down by court.**

(1) A confession or admission of a defendant, whether in the course of judicial proceedings or otherwise, cannot be given in

evidence against the defendant when it was made under the influence of fear produced by threats.

(2) Except as provided in ORS 136.427, a confession alone is not sufficient to warrant the conviction of the defendant without some other proof that the crime has been committed.

(3) Evidence of a defendant's conduct in relation to a declaration or act of another, in the presence and within the observation of the defendant, cannot be given when the defendant's conduct occurred while the defendant was in the custody of a peace officer unless the defendant's conduct affirmatively indicated the belief of the defendant in the truth of the matter stated or implied in the declaration or act of the other person. (a) The state files notice in accordance with subsection (3) of this section;

(b) The defendant is charged with a crime listed in ORS 163A.005;

(f) The court finds that there is sufficient evidence to establish the trustworthiness of the confession.

(2) In making the determination described in subsection (1)(f) of this section, the court shall consider the following factors, in addition to other factors the court considers important:

(a) Whether there is evidence demonstrating the truthfulness of portions of the confession;

(b) Whether the defendant had the opportunity to commit the crime;

(c) The method of interrogation used to solicit the confession; and

(d) Whether the defendant is a vulnerable person.

(3) The state shall file notice of the intention to rely on this section within 60 days of the arraignment, or of the defendant's entry of the initial plea on an accusatory instrument, whichever is sooner. The court shall grant the state an extension for good cause shown.

(4) When the state files the notice described in subsection (3) of this section, the court shall conduct a hearing prior to trial. After the hearing, the court shall enter an order that indicates whether the confession alone is sufficient to warrant the conviction of the defendant without some other proof that the crime has been committed.

(1) The United States Constitution or the Oregon Constitution;

(2) The rules of evidence governing privileges and the admission of hearsay; or

(3) The rights of the press. [1997 c.313 §1]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.433 - Proving previous conviction; stipulation; presentation to jury.**

(1) Except as provided in ORS 163.111 and 813.326, if an accusatory instrument or the written notice described in ORS 136.765 (2) alleges that the defendant has previously been convicted of an offense, the state has the burden of proving the previous conviction unless the defendant stipulates to that fact. The stipulation must:

(a) Be in writing;

(b) Admit without qualification that the defendant previously was convicted of the offense and that the conviction is valid;

(c) Include an express waiver of the defendant's right to a jury trial on the fact of the previous conviction; and

(d) Be filed with the court and served on the district attorney.

(2) If the defendant submits a stipulation to a previous conviction that meets the requirements of subsection (1) of this section, the court shall accept the stipulation. Upon acceptance:

(a) The stipulation constitutes a judicial admission to the fact of the previous conviction;

(b) If the previous conviction is a material element of the offense and the jury finds the defendant guilty upon instruction regarding the balance of the elements of the offense, the court shall enter a judgment of guilt on the charged offense in accordance with the stipulation;

(c) Except as provided in subsection (3) of this section, the court may not submit the allegation of the previous conviction to the jury; and

(d) Except as provided in subsections (3) and (4) of this section, neither the court nor the state may reveal to the jury the defendant's previous conviction.

(3)(a) A stipulation that is accepted by the court must be presented to the jury if:

(A) The statute that defines the charged offense includes as a material element that the defendant previously was convicted of the offense that is the subject of the stipulation and the charged conduct does not constitute a criminal offense except with that element; or

(B) The previous conviction is relevant to an enhancement fact that will be submitted to the jury in accordance with ORS 136.765 to 136.785.

(b) Except as provided in subsection (4) of this section, when the court presents a stipulation to the jury under this subsection, the court may not admit any other evidence of the previous conviction.

(4) The state may offer, and the court may receive and submit to the jury, evidence of the previous offense or conviction for any purpose other than establishing the fact of the previous conviction when the evidence of the previous offense or conviction is otherwise admissible for that purpose. When evidence of the previous offense or conviction has been admitted by the court, the state may comment upon, and the court may give instructions about, the evidence of the previous offense or conviction only to the extent that the comments or instructions relate to the purpose for which the evidence was admitted. [2009 c.180 §2]

136.433 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 136 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.434 - Challenge to validity of previous conviction.**

(1) Except as provided in ORS 813.328, if an accusatory instrument or the written notice described in ORS 136.765 (2) alleges that the defendant has previously been convicted of an offense, the defendant may challenge the validity of the previous conviction by filing a notice of the defendant's intent to do so. The notice must:

(a) Identify the previous conviction that the defendant seeks to challenge;

(b) Specify the factual and legal basis for the challenge; and

(c) Be filed with the court and served on the district attorney within 35 days of the arraignment, or of the defendant's entry of the initial plea on an accusatory instrument, whichever is sooner, unless a different time is permitted by the court for good cause shown.

(2) The validity of the previous conviction shall be determined by the court before trial. At the hearing on the defendant's challenge:

(a) The state has the burden of proving by a preponderance of the evidence that the defendant previously was convicted of the offense; and

(b) The defendant has the burden of proving by a preponderance of the evidence that the previous conviction is not valid.

(3) If the court determines that the defendant was not previously convicted of the offense that is the subject of the challenge or that the previous conviction is not valid, the court shall enter an order prior to trial that so provides and excludes evidence of the previous conviction. The state may appeal from the order pursuant to ORS 138.045 (1)(d).

(4) If the court determines that the defendant previously was convicted of the offense and that the conviction is valid, or if the defendant does not file and serve a notice under subsection (1) of this section, the previous conviction shall be admitted at trial or, if the previous conviction is relevant to an enhancement fact described in ORS 136.770 (4) or 136.773 (1), during the sentencing phase of the proceeding. If the previous conviction is admitted, the defendant may dispute whether the defendant previously was convicted of the alleged offense but may not challenge the validity of the conviction. If the previous conviction is a material element of the

charged offense or is an enhancement fact, the state must prove the previous conviction beyond a reasonable doubt unless the defendant stipulates to the fact of the previous conviction in accordance with ORS 136.433.

(5) For purposes of this section, a previous conviction is not valid if:

(a) In the proceedings resulting in the conviction, the defendant was not represented by counsel and was deprived of the right to counsel in violation of the state or federal Constitution and the defendant is entitled under either Constitution to challenge the validity of the prior conviction in the proceeding before the court.

(b) Before the defendant committed the charged offense, the previous conviction was vacated by the court of conviction, reversed or set aside by a court of competent jurisdiction, expunged or pardoned. [2009 c.180 §3; 2017 c.529 §22]

(2) The prohibition on the use of statements or other evidence described in this section does not apply to evidence relating to a criminal offense other than prostitution, or to the prosecution of an offense other than prostitution or attempted prostitution.

(1) A conviction cannot be had upon the testimony of an accomplice unless it is corroborated by other evidence that tends to connect the defendant with the commission of the offense. The corroboration is not sufficient if it merely shows the commission of the offense or the circumstances of the commission.

(2) As used in this section, an "accomplice" means a witness in a criminal action who, according to the evidence adduced in the action, is criminally liable for the conduct of the defendant under ORS 161.155 and 161.165, or, if the witness is a juvenile, has committed a delinquent act, which, if committed by an adult, would make the adult criminally liable for the conduct of the defendant. In any criminal action the defendant may, after close of the state's evidence or of all the evidence, move the court for a judgment of acquittal. The court shall grant the motion if the evidence introduced theretofore is such as would not support a verdict against the defendant. The acquittal shall be a bar to another prosecution for the same offense. [Formerly 136.605]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.447 - Medical records.**

Medical records may be obtained by subpoena as provided in ORCP 55 H and shall be sent only to the court or the clerk of the court before which the matter is pending. In relation to grand jury proceedings, notice need not be given as required in ORCP 55 H and the medical records shall be sent only to the grand jury. [1995 c.196 §2]

(2) The jury shall first consider the charged offense. Only if the jury finds the defendant not guilty of the charged offense may the jury consider a lesser included offense. If there is more than one lesser included offense, the jury shall consider the lesser included offenses in order of seriousness. The jury may consider a less serious lesser included offense only after finding the defendant not guilty of any more serious lesser included offenses.

(3) When a jury finds a defendant guilty of a lesser included offense, the court, upon a request by the state or defendant, shall poll the jury on the original charge. If fewer than the required number of jurors vote to find the defendant not guilty on the original charge, the court shall not receive the verdict and shall instruct the jury to continue deliberations.

(4) If the jury is unable to reach a decision on the original charge, the state and defendant may stipulate that the jury may consider any lesser included offense. [Formerly 136.650; 1997 c.511 §1]

In neither case is the verdict a bar to another action for the same crime. [Formerly 136.830]

(2) Upon the motion of the state or the defendant, the court may direct that the books, papers or documents described in the subpoena be produced before the court prior to the trial or prior to the time when the books, papers or documents are to be offered in evidence and may, upon production, permit the books, papers or documents to be inspected and copied by the state or the defendant and the state's or the defendant's attorneys. [Formerly 139.080; 1993 c.304 §1]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.583 - Seizure or production of papers, documents or records from recipient; notice; authentication.**

(1) Notwithstanding ORS 136.557, 136.563, 136.565 or 136.567 and subject to ORS 136.580 (2), criminal process authorizing or commanding the seizure or production of papers, documents, records or other things may be issued to a recipient, regardless of whether the recipient or the papers, documents, records or things are located within this state, if:

(a) The criminal matter is triable in Oregon under ORS 131.205 to 131.235; and

(b) The exercise of jurisdiction over the recipient is not inconsistent with the Constitution of this state or the Constitution of the United States.

(2) Criminal process that authorizes or commands the seizure or production of papers, documents, records or other things from a recipient may be served by:

(a) Delivering a copy to the recipient personally; or

(b) Sending a copy by:

(A) Certified or registered mail, return receipt requested;

(B) Express mail; or

(C) Facsimile or electronic transmission, if the copy is sent in a manner that provides proof of delivery.

(3) When criminal process is served under subsection (2) of this section, the recipient shall provide the applicant, or if the process is described in ORS 136.447 or 136.580 (2), the court, with all of the papers, documents, records or other things described in the criminal process within 20 business days from the date the criminal process is received, unless:

(a) The court, for good cause shown, includes in the process a requirement for production within a period of time that is less than 20 business days;

(b) The court, for good cause shown, extends the time for production to a period of time that is more than 20 business days; or

(c) The applicant consents to a request from the recipient for additional time to comply with the process.

(4) A recipient who seeks to quash or otherwise challenge the criminal process must seek relief from the court that issued the process within the time required for production. The court shall hear and decide the issue as soon as practicable. The consent of the applicant to additional time to comply with the process under subsection (3)(c) of this section does not extend the date by which a recipient must seek relief under this subsection.

(5) Criminal process issued under this section must contain a notice on the first page of the document that indicates:

(a) That the process was issued under this section;

(b) The date before which the recipient must respond to the process; and

(c) That the deadline for seeking relief is not altered by the applicant's consent to additional time to respond to the process.

(6) Upon order of the court or the written request of the applicant, the recipient of the process shall verify the authenticity of the papers, documents, records or other things that the recipient produces in response to the criminal process by providing an affidavit or declaration that includes contact information for the custodian or other qualified person completing the document and attests to the nature of the papers, documents, records or other things. An affidavit or declaration that complies with this subsection may fulfill the requirements of ORS 40.460 (6), 40.505 and 132.320.

(7) A party that intends to offer a paper, document, record or other thing into evidence under this section must file written notice of that intention with the court and must disclose the affidavit or declaration sufficiently in advance of offering the paper, document, record or other thing into evidence to provide the adverse party with an opportunity to challenge the affidavit or declaration and to have that challenge determined without prejudice to the ability of the moving party to produce the custodian or other qualified person at trial. A motion opposing admission of the paper, document, record or other thing into evidence must be filed and determined by the court before trial and with sufficient time to allow the party offering the paper, document, record or other thing, if the motion is granted, to produce the custodian of the record or other qualified person at trial, without creating a hardship on the party or the custodian or other qualified person.

(8) Failure by a party that receives notice under subsection (7) of this section to timely file a motion opposing admission of the paper, document, record or other thing constitutes a waiver of objection to the admission of the evidence on the basis of the insufficiency of the affidavit or declaration unless the court finds good cause to grant relief from the waiver. If the court grants relief from the waiver, the court shall order the trial continued upon the request of the proponent of the evidence and allow the proponent sufficient time to arrange for the necessary witness to appear.

(9) A recipient of criminal process under this section or any individual that responds to the process is immune from civil and criminal liability for complying with the process and for any failure to provide notice of any disclosure to a person who is the subject of, or identified in, the disclosure.

(10) Nothing in this section limits the authority of a court to issue criminal process under any other provision of law or prohibits a party from calling the custodian of the evidence or other qualified person to testify regarding the evidence.

(11) As used in this section:

(a) "Applicant" means:

(A) A police officer or district attorney who applies for a search warrant or other court order or seeks to issue a subpoena under this section; or

(B) A defense attorney who applies for a court order or seeks to issue a subpoena under this section.

(b) "Criminal process" means a subpoena, search warrant or other court order.

(c) "Declaration" means a declaration under penalty of perjury under ORCP 1 E or an unsworn declaration under ORS 194.800 to 194.835, if the declarant is physically outside the boundaries of the United States.

(d) "Defense attorney" means an attorney of record for a person charged with a crime who is seeking the issuance of criminal process for the defense of the criminal case.

(e) "Recipient" means a business entity or nonprofit entity that has conducted business or engaged in transactions occurring at least in part in this state. [2009 c.617 §1; 2013 c.218 §17]

(1) The district attorney or the defendant may apply to the court for a material witness order when:

(a) An indictment has been filed, and is pending, against the defendant in a circuit court;

(b) A grand jury proceeding has been commenced against the defendant; or

(c) A complainant's information or a district attorney's information alleging that the defendant has committed a felony has been filed, and is pending, in a court of competent jurisdiction.

(2) The application must be in writing and sworn to by the applicant. The request must state facts establishing a reasonable belief that the person the applicant desires to call as a witness:

(a) Possesses information material to the determination of the action against the defendant; and

(b) Will not appear at the time when attendance of the witness is required.

(3) The applicant shall file the application:

(a) If an indictment has been filed, a grand jury proceeding has been commenced or the defendant has been held to answer by any court to await the action of a grand jury, in the circuit court in which the indictment is pending or by which the grand jury has been

impaneled; or

(b) If information alleging the commission of a felony is pending in a court authorized to hold a preliminary hearing, in that court or in the circuit court that would have jurisdiction of the case upon holding the defendant to answer to await the action of the grand jury.

(4) As used in this section and ORS 136.612 and 136.614, "material witness order" means an order finding a person to be a material witness in a pending criminal action and fixing a security amount to be posted to secure future attendance of the witness. [1995 c.657 §14]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.611 - Court action upon receipt of application.**

(1) If, upon receipt of an application under ORS 136.608, the court determines that the application is well founded, the court shall:

(a) Enter an order directing the prospective witness to appear before the court at a designated time; or

(b) Issue a warrant of arrest directing the sheriff to take the person into custody and bring the person before the court, if the application included facts establishing a reasonable belief that the prospective witness would not respond to an order to appear.

(2) An order under subsection (1) of this section must inform the prospective witness of the purpose of the hearing and must be served in the manner provided in ORCP 7 for the service of a summons.

(3) When the prospective witness appears before the court, the court shall inform the person:

(a) Of the nature and purpose of the hearing; and

(b) That the person has all of the rights of a person in a criminal proceeding including, but not limited to, the right to counsel, the right to appointed counsel at state expense if the person is unable to afford counsel and the right to call witnesses and have subpoenas issued.

(4) The hearing may be postponed at the request of the prospective witness for the purpose of obtaining counsel. If the hearing is postponed, the court shall order the prospective witness to appear at a future time. In addition, the court may require the prospective witness to pay an amount to secure the person's appearance. If the person refuses to comply with the order, the court shall commit the person to the jail of the county, or other appropriate detention facility, until the person complies or is discharged. [1995 c.657 §15]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.612 - Hearing; security amount; vacation or modification of order.**

(1) At the hearing to determine whether a material witness order should be entered:

(a) The applicant has the burden of proving by a preponderance of the evidence all facts essential to support the order;

(b) The prospective witness may testify and may call witnesses;

(c) All testimony is under oath; and

(d) The Oregon Evidence Code shall apply in any material witness proceeding under ORS 136.611, except that hearsay may be admitted if the court determines that it would impose an unreasonable hardship on one of the parties or on a witness to require that the primary source of the evidence be produced at the hearing, and if the witness furnishes information bearing on the informant's reliability and, as far as possible, the means by which the information was obtained.

(2) If the court finds by a preponderance of the evidence that the prospective witness possesses information that is material to the pending action and will not appear at the time the attendance of the witness is required, the court shall establish a security amount calculated to ensure the attendance of the witness and shall enter a material witness order.

(3)(a) If the security amount is paid, the court shall release the witness. If someone other than the witness pays the security amount, the court shall release the witness only if the witness consents, in writing, to the payment of the security.

(b) If the security amount is not paid, the court shall commit the witness to the jail of the county, or other appropriate detention facility, until the witness pays the security amount or the attendance of the witness is no longer needed in the action.

(4) Unless vacated as provided in subsection (5) of this section, a material witness order remains in effect:

(a) If issued by a circuit court, during the pendency of the criminal action in the circuit court; or

(b) If issued by a court other than a circuit court, until the attendance of the witness is no longer needed in any part of the criminal action.

(5) At any time after the entry of a material witness order, the court, upon application of either party to the order and notice to the other party, may vacate or modify the order. The court shall consider new, or changed, facts or circumstances. The court may vacate the order or may modify any part of the order. If the court reduces the security amount, the court shall exonerate any part of the

original security amount in excess of the modified amount that has been paid. [1995 c.657 §16]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.614 - Witness held in detention facility; payment.**

A witness held in a county jail, or other appropriate detention facility, as the result of a material witness order must be paid \$7.50 for each day of confinement. The county shall pay the fee upon the release of the witness from custody or, in the discretion of the court, at designated times or intervals during the confinement. [1995 c.657 §17]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.616 - Deposition to perpetuate testimony; procedure.**

(1) As used in this section, "material witness order" has the meaning given that term in ORS 136.608.

(2) At any time after the court enters a material witness order, the court may order, or the district attorney or the defendant may file a petition to conduct, a deposition to perpetuate the testimony of the material witness.

(3)(a) The petition must be in writing and sworn to by the petitioner.

(b) The petitioner shall serve a notice and a copy of the petition on the opposing party and on the material witness.

(4) A petition filed under this section must describe:

(a) The basis on which the court entered the material witness order;

(b) Any findings made by the court in establishing the security amount under ORS 136.612;

(c) Any findings made by the court in detaining the material witness; and

(d) The reasons that perpetuating the testimony of the material witness is necessary.

(5) The court shall grant or deny the petition no later than 30 days after the date the petition is filed. The court shall consider whether the perpetuation of the testimony will prevent failure or delay of justice for the parties and the material witness. If the court orders the deposition of the material witness, the court may specify the subject matter of the deposition, impose limitations on the deposition and require audio or video recording of the deposition.

(6) The deposition of a material witness under this section does not invalidate or otherwise affect the material witness order, but may be considered in connection with an application to vacate or modify the order under ORS 136.612 (5).

(7) The Oregon Evidence Code applies to depositions under this section. [2015 c.623 §7]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.617 - Motion to compel witness who may be incriminated to testify.**

In any criminal proceeding before a court of record or in any proceeding before a grand jury, or in any proceeding before a court of record under ORS 646.760, or in any proceeding for the imposition of remedial or punitive sanction for contempt, if a witness refuses to testify or produce evidence of any kind on the ground that the witness may be incriminated thereby, the prosecuting attorney may move the court to order the witness to testify or produce evidence. The court shall forthwith hold a summary hearing at which the prosecuting attorney shall show reasonable cause to believe the witness possesses knowledge relevant to the proceeding, or that no privilege protects the evidence sought to be produced. The witness may show cause why the witness should not be compelled to testify or produce evidence. The court shall order the witness to testify regarding the subject matter under inquiry upon such showing of reasonable cause or shall order the production of evidence upon a finding that no privilege protects the evidence sought, unless the court finds that to do so would be clearly contrary to the public interest. The court shall hold the summary hearing outside the presence of the jury and the public and may require the prosecuting attorney to disclose the purpose of the testimony or evidence. The witness shall be entitled to be represented by counsel at the summary hearing. [Formerly 139.190; 1975 c.255 §14; 1981 c.882 §1; 1991 c.724 §25a]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.619 - Immunity of witness compelled to testify.**

(1) A witness who, in compliance with a court order issued under ORS 33.085 or 136.617, testifies or produces evidence that the witness would have been privileged to withhold but for the court order, may be prosecuted or subjected to any penalty or forfeiture for any matter about which the witness testified or produced evidence unless the prosecution, penalty or forfeiture is prohibited by section 12, Article I of the Oregon Constitution. The testimony of the witness or evidence produced or information derived from the testimony or evidence may not be used against the witness in any criminal prosecution. However, the witness may nevertheless be prosecuted or subjected to penalty for any perjury, false swearing or contempt committed in answering, or failing to answer, or in

producing, or failing to produce, evidence in accordance with the order. If a person refuses to testify after being ordered to testify as provided in this section, the person shall be subject to penalty for contempt of court for failure to comply with the order.

(2) Subsection (1) of this section shall not prevent the use of post-judgment collection procedures, including but not limited to wage withholding, income withholding, benefit withholding, assignment, garnishment or execution, based on matters about which a defendant testifies or produces evidence in compliance with a court order issued under ORS 136.617 in any proceeding for the imposition of remedial or punitive sanctions for contempt. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.623 - Definitions.**

(1) "Witness," as used in ORS 136.623 to 136.637, shall include a person whose testimony is desired in any proceeding or investigation by a grand jury or in a criminal action, prosecution or proceeding.

(2) The word "state" shall include any territory of the United States and District of Columbia.

(3) The word "summons" shall include a subpoena, order or other notice requiring the appearance of a witness. [Formerly 139.210]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.625 - Where witness material to proceeding in another state is in this state.**

(1) If a judge of a court of record in any state which by its laws has made provision for commanding persons within that state to attend and testify in this state certifies under the seal of such court that there is a criminal prosecution pending in such court, or that a grand jury investigation has commenced or is about to commence, that a person being within this state is a material witness in such prosecution, or grand jury investigation, and that the presence of the person will be required for a specified number of days, upon presentation of such certificate to any judge of a court of record in the county in which such person is, such judge shall fix a time and place for a hearing, and shall make an order directing the witness to appear at a time and place certain for the hearing.

(2) If at a hearing the judge determines that the witness is material and necessary, that it will not cause undue hardship to the witness to be compelled to attend and testify in the prosecution or a grand jury investigation in the other state, and that the laws of the state in which the prosecution is pending, or grand jury investigation has commenced or is about to commence, (and of any other state through which the witness may be required to pass by ordinary course of travel), will give to the witness protection from arrest and the service of civil and criminal process, the judge shall issue a summons, with a copy of the certificate attached, directing the witness to attend and testify in the court where the prosecution is pending, or where a grand jury investigation has commenced or is about to commence at a time and place specified in the summons. In any such hearing the certificate shall be prima facie evidence of all the facts stated therein.

(3) If said certificate recommends that the witness be taken into immediate custody and delivered to an officer of the requesting state to assure the attendance of the witness in the requesting state, such judge may, in lieu of notification of the hearing, direct that such witness be forthwith brought before the judge for said hearing; and the judge at the hearing being satisfied of the desirability of such custody and delivery, for which determination the certificate shall be prima facie proof of such desirability may, in lieu of issuing subpoena or summons, order that said witness be forthwith taken into custody and delivered to an officer of the requesting state only after the tender of payment of the mileage and per diem herein provided for.

(4) If the witness, who is summoned as above provided, after being paid or tendered by some properly authorized person the sum of 10 cents a mile for each mile by the ordinary traveled route to and from the court where the prosecution is pending and \$5 for each day, that the witness is required to travel and attend as a witness, fails without good cause to attend and testify as directed in the summons, the witness shall be punished in the manner provided for the punishment of any witness who disobeys a summons issued from a court of record in this state. Said certificate may include a recommendation that the witness be taken into immediate custody and delivered to an officer of this state to assure the attendance of the witness in this state. This certificate shall be presented to a judge of a court of record in the county in which the witness is found.

(2) If the witness is summoned to attend and testify in this state the witness shall be tendered the sum of 10 cents a mile for each mile by the ordinary traveled route to and from the court where the prosecution is pending and \$5 for each day that the witness is required to travel and attend as a witness. A witness who has appeared in accordance with the provisions of the summons shall not

be required to remain within this state a longer period of time than the period mentioned in the certificate, unless otherwise ordered by the court. If such witness, after coming into this state, fails without good cause to attend and testify as directed in the summons, the witness shall be punished in the manner provided for the punishment of any witness who disobeys a subpoena issued from a court of record in this state. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 136 - Criminal Trials Section 136.643 - Defendant as witness.**

In the trial of or examination upon any indictment, complaint, information or other proceeding before any court, magistrate, jury or other tribunal against a person accused or charged with the commission of a crime, the person so charged or accused shall, at the own request of the person, but not otherwise, be deemed a competent witness, the credit to be given to the testimony of the person being left solely to the jury, under the instructions of the court, or to the discrimination of the magistrate, grand jury or other tribunal before which such testimony is given. The waiver of the person of this right creates no presumption against the person. The defendant or accused, when offering testimony as a witness in the own behalf of the defendant, gives the prosecution a right to cross-examination upon all facts to which the defendant or accused has testified and which tend to the conviction or acquittal of the defendant or accused. (1) "Accusatory instrument" has the meaning given that term in ORS 131.005.

(2) "Enhancement fact" means a fact that is constitutionally required to be found by a jury in order to increase the sentence that may be imposed upon conviction of a crime. [2005 c.463 §1]

In order to rely on an enhancement fact to increase the sentence that may be imposed in a criminal proceeding, the state shall notify the defendant of its intention to rely on the enhancement fact by:

(1) Pleading the enhancement fact in the accusatory instrument; or

(2) Providing written notice to the defendant of the enhancement fact, and the state's intention to rely on it, no later than 60 days after the defendant is arraigned on an indictment, waives indictment or is held to answer following a preliminary hearing, or 14 days before trial, whichever occurs earlier, unless the parties agree otherwise or the court authorizes a later date for good cause shown.

(1) When an enhancement fact relates to an offense charged in the accusatory instrument, the court shall submit the enhancement fact to the jury during the trial phase of the criminal proceeding unless the defendant:

(a) Defers trial of the enhancement fact under subsection (4) of this section; or

(b) Makes a written waiver of the right to a jury trial on the enhancement fact and:

(A) Admits to the enhancement fact; or

(B) Elects to have the enhancement fact tried to the court.

(2) If the defendant makes the election under subsection (1)(b)(B) of this section and is found guilty during the trial phase of the criminal proceeding, the enhancement fact shall be tried during the sentencing phase of the proceeding.

(3) If there is more than one enhancement fact relating to the offense and the defendant does not admit to all of them, the defendant shall elect to try to the jury or to the court all enhancement facts relating to the offense to which the defendant does not admit.

(4) If the court finds that trying an enhancement fact relating to the offense during the trial phase of the criminal proceeding would unfairly prejudice the jury's verdict on an underlying offense, the court shall allow the defendant to defer trial of the enhancement fact to the sentencing phase of the proceeding without waiving the right to a jury trial on the enhancement fact.

(5) If two or more defendants are being tried in the same criminal proceeding, each defendant shall make the elections required by this section. [2005 c.463 §3]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.010 - Duty of court to ascertain and impose punishment.**

- (1) The statutes that define offenses impose a duty upon the court having jurisdiction to pass sentence in accordance with this section or, for felonies committed on or after November 1, 1989, in accordance with rules of the Oregon Criminal Justice Commission unless otherwise specifically provided by law.
- (2) If it cannot be determined whether the felony was committed on or after November 1, 1989, the defendant shall be sentenced as if the felony had been committed prior to November 1, 1989.
- (3) Except when a person is convicted of a felony committed on or after November 1, 1989, if the court is of the opinion that it is in the best interests of the public as well as of the defendant, the court may suspend the imposition or execution of any part of a sentence for any period of not more than five years. The court may extend the period of suspension beyond five years in accordance with subsection (4) of this section.
- (4) If the court suspends the imposition or execution of a part of a sentence for an offense other than a felony committed on or after November 1, 1989, the court may also impose and execute a sentence of probation on the defendant for a definite or indefinite period of not more than five years. However, upon a later finding that a defendant sentenced to probation for a felony has violated a condition of the probation and in lieu of revocation, the court may order the period of both the suspended sentence and the sentence of probation extended until a date not more than six years from the date of original imposition of sentence. Time during which the probationer has absconded from supervision and a bench warrant has been issued for the probationer's arrest shall not be counted in determining the time elapsed since imposition of the sentence of probation.
- (5) If the court announces that it intends to suspend imposition or execution of any part of a sentence, the defendant may, at that time, object and request imposition of the full sentence. In no case, however, does the defendant have a right to refuse the court's order, and the court may suspend imposition or execution of a part of the sentence despite the defendant's objection or request. If the court further announces that it intends to sentence the defendant to a period of probation, the defendant may, at that time, object and request that a sentence of probation or its conditions not be imposed or that different conditions be imposed. In no case, however, does the defendant have the right to refuse a sentence of probation or any of the conditions of the probation, and the court may sentence the defendant to probation subject to conditions despite the defendant's objection or request.
- (6) The power of the judge of any court to suspend execution of any part of a sentence or to sentence any person convicted of a crime to probation shall continue until the person is delivered to the custody of the Department of Corrections.
- (7) When a person is convicted of an offense and the court does not suspend the imposition or execution of any part of a sentence or when a suspended sentence or sentence of probation is revoked, the court shall impose the following sentence:
  - (a) A term of imprisonment;
  - (b) A fine;
  - (c) Both imprisonment and a fine; or
  - (d) Discharge of the defendant.
- (8) This section does not deprive the court of any authority conferred by law to enter a judgment for the forfeiture of property, suspend or cancel a license, remove a person from office or impose any other civil penalty. An order exercising that authority may be included as part of the judgment of conviction.
- (9) When imposing sentence for a felony committed on or after November 1, 1989, the court shall submit sentencing information to the commission in accordance with rules of the commission.
- (10) A judgment of conviction that includes a term of imprisonment for a felony committed on or after November 1, 1989, shall state the length of incarceration and the length of post-prison supervision. The judgment of conviction shall also provide that if the defendant violates the conditions of post-prison supervision, the defendant shall be subject to sanctions including the possibility of

additional imprisonment in accordance with rules of the commission. [Amended by 1971 c.743 §322; 1981 c.181 §1; 1987 c.320 §27; 1989 c.790 §6; 1989 c.849 §1; 1993 c.14 §1; 2003 c.576 §388; 2005 c.10 §2]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.079 - Presentence report; other writings considered in imposing sentence; disclosure to parties; court's authority to except parts from disclosure.**

(1) A copy of the presentence report and all other written information concerning the defendant that the court considers in the imposition of sentence shall be made available to the district attorney, the defendant or defendant's counsel at least five judicial days before the sentencing of the defendant. All other written information, when received by the court outside the presence of counsel, shall either be summarized by the court in a memorandum available for inspection or summarized by the court on the record before sentence is imposed.

(2) The court may except from disclosure parts of the presentence report or other written information described in subsection (1) of this section which are not relevant to a proper sentence, diagnostic opinions which might seriously disrupt a program of rehabilitation if known by the defendant, or sources of information which were obtainable with an expectation of confidentiality.

(3) If parts of the presentence report or other written information described in subsection (1) of this section are not disclosed under

subsection (2) of this section, the court shall inform the parties that information has not been disclosed and shall state for the record the reasons for the court's action. The action of the court in excepting information shall be reviewable on appeal.

(4) A defendant who is being sentenced for felonies committed prior to November 1, 1989, may file a written motion to correct the criminal history contained in the presentence report prior to the date of sentencing. At sentencing, the court shall consider defendant's motion to correct the presentence report and shall correct any factual errors in the criminal history contained in that report. An order allowing or denying a motion made pursuant to this subsection shall not be reviewable on appeal. If corrections are made by the court, only corrected copies of the report shall be provided to individuals or agencies pursuant to ORS 137.077.

(5)(a) The provisions of this subsection apply only to a defendant being sentenced for a felony committed on or after November 1, 1989.

(b) Except as otherwise provided in paragraph (c) of this subsection, the defendant's criminal history as set forth in the presentence report shall satisfy the state's burden of proof as to the defendant's criminal history.

(c) Prior to the date of sentencing, the defendant shall notify the district attorney and the court in writing of any error in the criminal history as set forth in the presentence report. Except to the extent that any disputed portion is later changed by agreement of the district attorney and defendant with the approval of the court, the state shall have the burden of proving by a preponderance of evidence any disputed part of the defendant's criminal history. The court shall allow the state reasonable time to produce evidence to meet its burden.

(d) The court shall correct any error in the criminal history as reflected in the presentence report.

(e) If corrections to the presentence report are made by the court, only corrected copies of the report shall be provided to individuals or agencies pursuant to ORS 137.077.

(f) Except as provided in ORS 138.105 and 138.115, the court's decision on issues relating to a defendant's criminal history shall not be reviewable on appeal. [1973 c.836 §261; 1977 c.372 §11; 1983 c.649 §1; 1989 c.408 §2; 1989 c.790 §8; 2017 c.529 §24]

(1) After a plea or verdict of guilty, or after a verdict against the defendant on a plea of former conviction or acquittal, in a case where discretion is conferred upon the court as to the extent of the punishment to be inflicted, the court, upon the suggestion of either party that there are circumstances which may be properly considered in aggravation or mitigation of the punishment, may, in its discretion, hear the same summarily at a specified time and upon such notice to the adverse party as it may direct.

(2) Notwithstanding any other provision of law, the consideration of aggravating and mitigating circumstances as to felonies committed on or after November 1, 1989, including the maximum sentence that may be imposed because of aggravating circumstances, shall be in accordance with rules of the Oregon Criminal Justice Commission. When a court sentences a defendant convicted of any crime involving a physical or sexual assault, the court shall give consideration to a victim's particular vulnerability to injury in such case, due to the victim's youth, advanced age or physical disability. Such particular vulnerability of the victim is a fact enhancing the seriousness of any assault, and the court shall consider it as such in imposing the sentence within the limits otherwise provided by law. [1985 c.767 §1]

(1) In determining aggravation or mitigation, the court shall consider:

- (a) Any evidence received during the proceeding;
- (b) The presentence report, where one is available; and
- (c) Any other evidence relevant to aggravation or mitigation that the court finds trustworthy and reliable.

(2) In determining mitigation, the court may consider:

- (a) Evidence regarding the defendant's status as a servicemember as defined in ORS 135.881.
- (b) Whether the defendant committed the crime while under duress, compulsion, direction or pressure from another person who has:
  - (A) Committed acts of domestic violence, as defined in ORS 135.230, against the defendant;
  - (B) Committed acts of abuse as a family or household member of the defendant, as those terms are defined in ORS 107.705, against the defendant; or
  - (C) Used force, intimidation, fraud or coercion to cause the defendant to engage, or attempt to engage, in a commercial sex act.

(3) In determining aggravation, the court shall consider whether the person was wearing body armor in the course of and in furtherance of the crime, or to facilitate the immediate flight therefrom.

(4) When a witness is so sick or infirm as to be unable to attend a sentencing proceeding, the deposition of the witness may be taken out of court at such time and place, and upon such notice to the adverse party, and before such person authorized to take depositions,

as the court directs. [Amended by 1965 c.400 §1; 1973 c.836 §259; 1989 c.790 §10; 2013 c.331 §1; 2017 c.123 §1; 2023 c.288 §1]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.101 - Compensatory fine.**

(1) Whenever the court imposes a fine as penalty for the commission of a crime resulting in injury for which the person injured by the act constituting the crime has a remedy by civil action, unless the issue of punitive damages has been previously decided on a civil case arising out of the same act and transaction, the court may order that the defendant pay any portion of the fine separately to the clerk of the court as compensatory fines in the case. The clerk shall pay over to the injured victim or victims, as directed in the court's order, moneys paid to the court as compensatory fines under this subsection. This section shall be liberally construed in favor of victims.

(2) Compensatory fines may be awarded in addition to restitution awarded under ORS 137.103 to 137.109.

(3) Nothing in this section limits or impairs the right of a person injured by a defendant's criminal acts to sue and recover damages from the defendant in a civil action. Evidence that the defendant has paid or been ordered to pay compensatory fines under this section may not be introduced in any civil action arising out of the facts or events which were the basis for the compensatory fine. However, the court in such civil action shall credit any compensatory fine paid by the defendant to a victim against any judgment for punitive damages in favor of the victim in the civil action. (1) The trial court retains authority during the pendency of an appeal to determine restitution and to enter a supplemental judgment specifying the amount and terms of restitution or an order denying restitution.

(2) If the trial court enters a supplemental judgment or an order under subsection (1) of this section during the pendency of an appeal, the trial court administrator shall immediately provide a copy of the supplemental judgment or the order to the appellate

137.105 was added to and made a part of 137.101 to 137.109 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.106 - Restitution to victims; objections by defendant; disclosure to defendant.**

(1)(a) When a person is convicted of a crime, or a violation as described in ORS 153.008, that has resulted in economic damages, the district attorney shall investigate and present to the court, at the time of sentencing or as provided in paragraph (b) of this subsection, evidence of the nature and amount of the damages.

(b)(A) If the district attorney is unable to present restitution evidence at sentencing, within 90 days after sentencing the district attorney may file a motion requesting that either the judgment be amended to require restitution or that a supplemental judgment be entered requiring restitution. The court may extend the time by which the district attorney must file the motion for good cause. The motion must contain a statement that documentation supporting the requested amount of restitution has been provided to the defendant as described in subsection (7) of this section.

(B) Upon receipt of a motion described in subparagraph (A) of this paragraph, the court shall set a hearing. If the defendant objects to the motion, the objection must be filed at least 15 days prior to the hearing and must contain a description of the nature of the objection.

(C) If the parties stipulate to the order and amount of restitution, the court may cancel the hearing and amend the judgment or enter a supplemental judgment requiring the defendant to pay the stipulated amount of restitution.

(c) At a restitution proceeding, economic damages will be presumed reasonable if the damages are documented in the form of a record, bill, estimate or invoice from a business, health care entity or provider or public body as defined in ORS 174.109.

(2)(a) If the court finds from the evidence presented that a victim suffered economic damages, in addition to any other sanction it may impose, the court shall enter a judgment or supplemental judgment requiring that the defendant pay the victim restitution in a specific amount that equals the full amount of the victim's economic damages as determined by the court. The lien, priority of the lien and ability to enforce the specific amount of restitution established under this paragraph by a supplemental judgment relates back to the date of the original judgment that is supplemented.

(b) Notwithstanding paragraph (a) of this subsection, a court may order that the defendant pay the victim restitution in a specific amount that is less than the full amount of the victim's economic damages only if:

(A) The victim or, if the victim is an estate, successor in interest, trust or other entity, an authorized representative of the victim consents to the lesser amount, if the conviction is not for a person felony; or

(B) The victim or, if the victim is an estate, successor in interest, trust or other entity, an authorized representative of the victim consents in writing to the lesser amount, if the conviction is for a person felony.

(c) As used in this subsection, "person felony" has the meaning given that term in the rules of the Oregon Criminal Justice Commission.

(3) After the district attorney makes a presentation described in subsection (1) of this section, if the court is unable to find from the evidence presented that a victim suffered economic damages, the court shall make a finding on the record to that effect.

(4) No finding made by the court or failure of the court to make a finding under this section limits or impairs the rights of a person injured to sue and recover damages in a civil action as provided in ORS 137.109.

(5)(a) If a judgment or supplemental judgment described in subsection (1) of this section includes restitution, a court may delay the enforcement of the monetary sanctions, including restitution, only if the defendant alleges and establishes to the satisfaction of the court the defendant's inability to pay the judgment in full at the time the judgment is entered. If the court finds that the defendant is unable to pay, the court may establish or allow an appropriate supervising authority to establish a payment schedule, taking into consideration the financial resources of the defendant and the burden that payment of restitution will impose, with due regard to the other obligations of the defendant. The supervising authority shall be authorized to modify any payment schedule established under this section.

(b) As used in this subsection, "supervising authority" means any state or local agency that is authorized to supervise the defendant.

(6) If the defendant objects to the imposition, amount or distribution of the restitution, the court shall allow the defendant to be heard on such issue at the time of sentencing or at the time the court determines the amount of restitution.

(7)(a) At least 10 days prior to the presentation described in subsection (1) of this section, the district attorney shall:

(A) Disclose to the defendant the names of any witnesses that may be called during the presentation; and

(B) Provide the defendant with copies of, or allow the defendant to inspect, any exhibits that will be used or introduced during the presentation.

(b) If the court finds that the district attorney has violated the requirements of this subsection, the court shall grant a continuance to allow additional time for preparation upon request of the defendant. Any additional time granted under this paragraph may not count toward the 90-day time limitation described in subsection (1) of this section. At any time after entry of a judgment upon conviction of a crime, the court may amend that part of the judgment relating to restitution if, in the original judgment, the court included language imposing, recommending or requiring restitution but failed to conform the judgment to the requirements of ORS 18.048 or any other law governing the form of judgments in effect before January 1, 2004. (1) When a person has entered into a driving while under the influence of intoxicants diversion agreement and the person's actions resulted in economic damages, the district attorney shall investigate and present to the court within 90 days of when the diversion agreement is entered, evidence of the nature and amount of the damages. If the court finds from the evidence presented that a victim suffered economic damages, the court shall order the defendant to pay restitution and include in the diversion agreement one of the following:

- (a) A requirement that the defendant pay the victim restitution in a specific amount that equals the full amount of the victim's economic damages as determined by the court.
  - (b) A requirement that the defendant pay the victim restitution in a specific amount that is less than the full amount of the victim's economic damages, with the consent of the victim.
- (2) After the district attorney makes a presentation described in subsection (1) of this section, if the court is unable to find from the evidence presented that a victim suffered economic damages, the court shall make a finding on the record to that effect.
- (3) A finding made by the court under this section, or a failure of the court to make a finding, does not limit or impair the right of a person injured to sue and recover damages in a civil action as provided in ORS 137.109.
- (4) If the defendant objects to the imposition, amount or distribution of the restitution, the court shall allow the defendant to be heard on such issue at the time the court determines the amount of restitution.
- (5) As used in this section, "victim" includes any person the court determines has suffered economic damages as a result of the act that has brought the defendant before the court for the purpose of entering into a driving while under the influence of intoxicants diversion agreement. Evidence that the defendant has paid or been ordered to pay restitution pursuant to ORS 137.103 to 137.109, 137.540, 144.102, 144.275, 161.675 and 161.685 may not be introduced in any civil action arising out of the facts or events that were the basis for the restitution. However, the court shall credit any restitution paid by the defendant to a victim against any judgment in favor of the victim in such civil action.
- (2) If conviction in a criminal trial necessarily decides the issue of a defendant's liability for economic damages of a victim, that issue is conclusively determined as to the defendant if it is involved in a subsequent civil action.   - (B) The Department of Revenue for the purposes described in subsections (6) to (8) of this section, if the judgment was entered in a criminal action and part of the judgment is payable to the State of Oregon.

(d) Nothing in this subsection limits the right of a municipal court or a justice court to assign for collection judgments in matters other than criminal actions.

(3) A municipal or justice court may add to any judgment in a criminal action that includes a monetary obligation a fee for the cost of collection if the court gives the defendant a period of time to pay the obligation after the date of imposition of the sentence or after the date of the hearing or proceeding that results in the imposition of the financial obligation. The fee may not exceed 25 percent of the monetary obligation imposed by the court without the addition of the cost of collection and may not be more than \$250. The fee shall be waived or suspended by the court if the defendant pays the monetary obligation in the manner required by the court.

(4) A state court shall add to any judgment in a criminal action that includes a monetary obligation the fees required by ORS 1.202.

(5) As used in subsections (1) to (5) of this section, "criminal action" has the meaning given that term in ORS 131.005.

(3) This section does not affect the indictment, prosecution, trial, verdict, judgment or punishment of any felony committed before June 14, 1939, and all laws now and before that date in effect relating to such a felony are continued in full force and effect as to such a felony. The court may provide for consecutive sentences only in accordance with the provisions of this section. A sentence shall be deemed to be a concurrent term unless the judgment expressly provides for consecutive sentences.

(2) If a defendant is simultaneously sentenced for criminal offenses that do not arise from the same continuous and uninterrupted course of conduct, or if the defendant previously was sentenced by any other court within the United States to a sentence which the defendant has not yet completed, the court may impose a sentence concurrent with or consecutive to the other sentence or sentences.

(3) When a defendant is sentenced for a crime committed while the defendant was incarcerated after sentencing for the commission of a previous crime, the court shall provide that the sentence for the new crime be consecutive to the sentence for the previous crime.

(4) When a defendant has been found guilty of more than one criminal offense arising out of a continuous and uninterrupted course of conduct, the sentences imposed for each resulting conviction shall be concurrent unless the court complies with the procedures set forth in subsection (5) of this section.

(5) The court has discretion to impose consecutive terms of imprisonment for separate convictions arising out of a continuous and uninterrupted course of conduct only if the court finds:

(a) That the criminal offense for which a consecutive sentence is contemplated was not merely an incidental violation of a separate statutory provision in the course of the commission of a more serious crime but rather was an indication of defendant's willingness to commit more than one criminal offense; or

(b) The criminal offense for which a consecutive sentence is contemplated caused or created a risk of causing greater or qualitatively different loss, injury or harm to the victim or caused or created a risk of causing loss, injury or harm to a different victim than was caused or threatened by the other offense or offenses committed during a continuous and uninterrupted course of conduct. (b) If the judgment provides that the term of incarceration be served consecutively to a term of incarceration of 12 months or less that was imposed in a previous proceeding by a court of this state upon conviction of a felony, the defendant shall serve any remaining part of the previously imposed term of incarceration in the legal and physical custody of the Department of Corrections.

(7) Notwithstanding the provisions of subsection (5)(a)(A) of this section, the department or the supervisory authority of a county may not transfer the physical custody of the person under subsection (5)(a)(A) of this section if the Director of the Oregon Youth Authority, after consultation with the Department of Corrections or the supervisory authority of a county, determines that, because of the person's age, mental or emotional condition or risk of physical harm to other persons, the person should not be incarcerated in a youth correction facility.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.218 - Joint petition for reconsideration of conviction or sentence.**

(1)(a) Notwithstanding ORS 138.540, a person who was sentenced for a felony offense other than aggravated murder and the district attorney of the county in which the person was sentenced may jointly petition the sentencing court for reconsideration of a conviction or sentence if the original sentence no longer advances the interests of justice and the conviction is not eligible to be set aside under ORS 137.225. The petition shall specify each conviction to be reconsidered and the terms of the agreement between the district attorney and the person, which may include the dismissal of charges, the vacating of previous convictions, a plea to a new alternative offense, resentencing for the original conviction or sentencing on the new offense.

(b) If the court is not authorized to impose the new sentence requested in the petition on the original crime of conviction due to the fact that the new sentence is lower than a sentence required by ORS 137.690, 137.700, 164.061, 475.907, 475.925, 475.930 or 813.011, the terms of the agreement shall include the vacating of the original judgment of conviction, and may include the preparation by the district attorney of a new charging instrument with an alternative offense, a plea by the person to the alternative offense and waiver of any challenges to the conviction for the alternative offense and the imposition by the court of the new sentence on the alternative offense.

(2)(a) Upon receipt of the petition described in subsection (1) of this section, the court shall hold a hearing. The court may grant the petition if the court determines that the original sentence no longer advances the interests of justice.

(b) If the court grants the petition, but the court is not authorized to impose the new sentence requested in the petition on the original conviction due to fact that the new sentence is lower than a sentence required by ORS 137.690, 137.700, 164.061, 475.907, 475.925, 475.930 or 813.011, the court shall vacate the original judgment of conviction and proceed in accordance with the agreement. If applicable, the district attorney shall prepare a charging instrument charging the person with an alternative offense, the court shall proceed with taking a plea to the alternative offense, the person shall waive any challenges to the conviction for the alternative offense and the court shall impose the new sentence requested in the petition.

(c) If the court grants the petition and the court is not prohibited from imposing the sentence requested in the petition as described in paragraph (b) of this subsection, the court shall proceed in accordance with the agreement.

(d) If the court imposes a new sentence on the original conviction under this section, the court shall resentence the defendant in the same manner as if the person had not previously been sentenced, provided that the new sentence, if any, is not greater than the original sentence. The court shall impose the new sentence as specified in the petition notwithstanding any other law mandating or requiring a specific sentence.

(3) The court may consider post-conviction factors when determining whether to grant a petition under this section, including but not limited to:

(a) The person's disciplinary record and record of rehabilitation while incarcerated;

(b) Evidence that reflects whether the person's age, time served and diminished physical or mental condition, if any, have reduced the person's risk for future violence;

(c) The safety of the victim associated with each conviction in the petition;

(d) The amount of the original sentence already served by the person; and

(e) Evidence that reflects changed circumstances since the person's original sentencing and shows that the person's continued incarceration no longer advances the interests of justice.

(4)(a) The district attorney shall use all reasonable efforts to inform the victim associated with each conviction in the petition, in a trauma-informed manner, of the fact that a petition has been filed under this section, and provide a copy of the petition to the victim, as soon as practicable and no later than 30 days before any hearing on the petition. The district attorney shall further make all reasonable efforts to provide notification to the victim of the date of the hearing, explain the petition process under this section to the victim, provide opportunities for input by the victim and provide the victim with access to available victim advocates and other related services.

(b) At the hearing described in subsection (2) of this section, the court shall provide an opportunity for victims to make a statement in person, in writing or through a representative.

(5) When a person is resentenced under this section, the person shall receive credit for time served under ORS 137.370. If the person is convicted of a new offense under this section, the court shall indicate that the new crime of conviction was committed as part of the same criminal episode as the original crime of conviction.

(6) A resentencing under this section does not revive any challenge to the resentenced conviction if the challenge would have been barred at the time of resentencing due to the passage of time. [2021 c.414 §1]

(4) If no objection from the prosecuting attorney is received by the court within 30 days after the filing of the motion, the court shall grant the motion and proceed as provided in subsection (6) of this section if the conviction is eligible for reduction under this section and the court determines that the person has completed and fully complied with or performed the sentence of the court.

(5)(a) If the court receives an objection from the prosecuting attorney, the court shall hold a hearing.

(b) At the hearing, the person has the burden of establishing, by a preponderance of the evidence, that:

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.223 - Order setting aside judgment of guilty except for insanity; fees; procedure; effect of order.**

(1) A person who has been found guilty except for insanity of an offense for which, if convicted, the person could apply for entry of an order setting aside the conviction pursuant to ORS 137.225, may by motion apply to the court for entry of an order setting aside the judgment finding the person guilty except for insanity of the offense.

(2)(a) A person described in subsection (1) of this section may file the motion to set aside a judgment of guilty except for insanity any time after the following time periods:

(A) For a judgment of guilty except for insanity on a Class B felony, seven years from the date of entry of the judgment or the date the person is no longer under the jurisdiction of the Psychiatric Security Review Board, whichever is later.

(B) For a judgment of guilty except for insanity on a Class C felony, five years from the date of entry of the judgment or the date the person is no longer under the jurisdiction of the board, whichever is later.

(C) For a judgment of guilty except for insanity on a Class A misdemeanor, three years from the date of entry of the judgment or the date the person is no longer under the jurisdiction of the board, whichever is later.

(D) For a judgment of guilty except for insanity on a Class B or Class C misdemeanor, one year from the date of entry of the judgment or the date the person is no longer under the jurisdiction of the board, whichever is later.

(b) A person is eligible to have a judgment of guilty except for insanity set aside under this section if the person has no other findings of guilty except for insanity and no convictions for offenses other than motor vehicle violations within the following time periods prior to filing the motion:

(A) For a motion concerning a judgment of guilty except for insanity on a Class B felony, seven years.

(B) For a motion concerning a judgment of guilty except for insanity on a Class C felony, five years.

(C) For a motion concerning a judgment of guilty except for insanity on a Class A misdemeanor, three years.

(D) For a motion concerning a judgment of guilty except for insanity on a Class B or Class C misdemeanor, one year.

(3)(a) A copy of the motion shall be served upon the office of the prosecuting attorney who prosecuted the offense. The prosecuting attorney may object to the motion filed and shall notify the court and the person of the objection within 120 days of receiving the motion.

(b) When a prosecuting attorney is served with a copy of a motion to set aside a judgment of guilty except for insanity under this section, the prosecuting attorney shall provide a copy of the motion and notice of the hearing date to the victim, if any, of the offense by mailing a copy of the motion and notice to the victim's last-known address.

(c) When a person files a motion under this section, the person must pay a fee to the Department of State Police for the purpose of the department performing a criminal record check, and shall forward to the department a full set of the person's fingerprints on a fingerprint card or in any other manner specified by the department. The department shall establish a fee in an amount not to exceed the actual cost of performing the criminal record check. If the department is required to perform only one criminal record check for the person, the department may only charge one fee, regardless of the number of counties in which the person is filing a motion to set aside a conviction, arrest, charge or citation under this section. The department shall provide a copy of the results of the criminal record check to the prosecuting attorney.

(d) A person filing a motion under this section is not required to pay the filing fee established under ORS 21.135.

(4)(a) If an objection is received to a motion filed under this section, the court shall hold a hearing, and may require the filing of such affidavits and may require the taking of such proofs as the court deems proper. The court shall allow the victim to make a statement at the hearing. If the person is otherwise eligible for relief under this section, the court shall grant the motion and enter an order as described in paragraph (b) of this subsection unless the court makes written findings, by clear and convincing evidence, that the circumstances and behavior of the person, from the date of the judgment the person is seeking to set aside to the date of the hearing on the motion, do not warrant granting the motion due to the circumstances and behavior creating a risk to public safety.

When determining whether the person's circumstances and behavior create a risk to public safety, the court may only consider criminal behavior, or violations of regulatory law or administrative rule enforced by civil penalty or other administrative sanction that relate to the character of the conviction sought to be set aside. The court may not consider nonpunitive civil liability, monetary obligations and motor vehicle violations.

(b) An order entered under this subsection shall state the original arrest charge and the charge for which the person was found guilty except for insanity. The order shall further state that positive identification has been established by the Department of State Police and further identified as to Department of State Police number or submitting agency number.

(5)(a) Upon the entry of an order under subsection (4) of this section:

(A) The person, for purposes of the law, shall be deemed not to have been previously found guilty except for insanity, and the court shall issue an order sealing the records of the case, including the records of arrest, whether or not the arrest resulted in a further criminal proceeding.

(B) The court shall inform the person that the person's right to possess, purchase or otherwise acquire a firearm remains prohibited under federal law.

(b) For purposes of this subsection, records of the case do not include medical records that are in the possession of the Psychiatric Security Review Board, including medical evaluations and reports submitted from other agencies concerning the status or compliance of the person.

(6) The clerk of the court shall forward a certified copy of the order entered under subsection (5) of this section to such agencies as directed by the court. A certified copy shall be sent to the Psychiatric Security Review Board. Upon entry of the order, the judgment of guilty except for insanity shall be deemed not to have been entered, and the person may answer accordingly any questions relating to its occurrence.

(7) For purposes of any civil action in which truth is an element of a claim for relief or affirmative defense, the provisions of subsection (6) of this section providing that the judgment of guilty except for insanity be deemed not to have been entered do not apply and a party may apply to the court for an order requiring disclosure of the official records in the case as may be necessary in the interests of justice.

(8) Upon motion of any prosecutor or defendant in a case involving records sealed under this section, supported by affidavit showing good cause, the court with jurisdiction may order the reopening and disclosure of any records sealed under this section for the limited purpose of assisting the investigation of the movant. However, such an order has no other effect on the orders setting aside the judgment of guilty except for insanity.

(9) A prosecuting attorney may not condition an agreement not to object to the entry of a judgment of guilty except for insanity on an agreement by a person to waive the ability to set aside the judgment under this section.

(10) As used in this section, "affidavit" includes a declaration under penalty of perjury. [2015 c.320 §1; 2017 c.442 §16; 2021 c.486 §2]

(d) At any time after an acquittal or a dismissal other than a dismissal described in paragraph (c) of this subsection, an arrested, cited

or charged person may apply to the court in the county in which the person was arrested, cited or charged, for entry of an order setting aside the record of the arrest, citation or charge.

(e) Notwithstanding paragraph (b) of this subsection, a person whose sentence of probation was revoked may not apply to the court for entry of an order setting aside the conviction for which the person was sentenced to probation for a period of three years from the date of revocation or until the person becomes eligible as described in paragraph (b) of this subsection, whichever occurs later.

The prosecuting attorney may object to a motion filed under subsection (1)(a) of this section and shall notify the court and the person of the objection within 120 days of the date the motion was filed with the court.

(b) When a prosecuting attorney is served with a copy of a motion to set aside a conviction under subsection (1)(a) of this section, the prosecuting attorney shall provide a copy of the motion and notice of the hearing date to the victim, if any, of the offense by mailing a copy of the motion and notice to the victim's last-known address.

If the department is required to perform only one criminal record check for the person, the department may only charge one fee, regardless of the number of counties in which the person is filing a motion to set aside a conviction, arrest, charge or citation under this section. The department shall provide a copy of the results of the criminal record check to the prosecuting attorney.

(e) The prosecuting attorney may not charge the person a fee for performing the requirements described in this section.

(3)(a) If an objection is received to a motion filed under subsection (1)(a) of this section, the court shall hold a hearing, and may require the filing of such affidavits and may require the taking of such proofs as the court deems proper. The court shall allow the victim to make a statement at the hearing. If the person is otherwise eligible for relief under this section, the court shall grant the motion and enter an order as described in paragraph (b) of this subsection unless the court makes written findings, by clear and convincing evidence, that the circumstances and behavior of the person, from the date of the conviction the person is seeking to set aside to the date of the hearing on the motion, do not warrant granting the motion due to the circumstances and behavior creating a risk to public safety. When determining whether the person's circumstances and behavior create a risk to public safety, the court may only consider criminal behavior, or violations of regulatory law or administrative rule enforced by civil penalty or other administrative sanction that relate to the character of the conviction sought to be set aside. The court may not consider nonpunitive civil liability, monetary obligations and motor vehicle violations. Upon granting the motion, the court shall enter an appropriate order containing the original arrest or citation charge, the conviction charge, if different from the original, the date of charge, the submitting agency and the disposition of the charge. Upon the entry of the order, the person for purposes of the law shall be deemed not to have been previously convicted, and the court shall issue an order sealing the record of conviction and other official records in the case, including the records of arrest, citation or charge.

Upon entry of the order, the conviction, arrest, citation, charge or other proceeding shall be deemed not to have occurred, and the person may answer accordingly any questions relating to its occurrence.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.370 - Commencement and computation of term of imprisonment in state correctional institution; sentences concurrent unless court orders otherwise.**

(1) When a person is sentenced to imprisonment in the custody of the Department of Corrections, the term of confinement therein commences from the day the person is delivered to the custody of an officer of the Department of Corrections for the purpose of serving the sentence executed, regardless of whether the sentence is to be served in a state or federal institution.

(2) Except as provided in subsections (3) and (4) of this section, when a person is sentenced to imprisonment in the custody of the Department of Corrections, for the purpose of computing the amount of sentence served the term of confinement includes only:

(a) The time that the person is confined by any authority after the arrest for:

(A) The crime for which sentence is imposed;

(B) A lesser included or greater inclusive offense of the crime for which sentence was imposed; and

(C) Any other crime constituting a violation of Oregon law within the same county designated by the sentencing court in the judgment as having been committed as part of the same criminal episode as the crime for which sentence was imposed; and

(b) The time that the person is authorized by the Department of Corrections to spend outside a confinement facility, in a program conducted by or for the Department of Corrections.

(3) When a judgment of conviction is vacated and a new sentence is thereafter imposed upon the defendant for the same crime, a lesser included or greater inclusive offense of the crime, or any crime constituting a violation of Oregon law within the same county designated by the sentencing court in the judgment as having been committed as part of the same criminal episode as the crime, the period of detention and imprisonment theretofore served shall be deducted from the maximum term, and from the minimum, if any, of the new sentence.

(4) Unless the court expressly orders otherwise, a person who is confined as the result of a sentence for a crime or conduct that is not directly related to the crime for which the sentence is imposed, or for violation of the conditions of probation, parole or post-prison supervision, shall not receive presentence incarceration credit for the time served in jail toward service of the term of confinement.

(5) Unless the court expressly orders otherwise, a term of imprisonment shall be concurrent with that portion of any sentence previously imposed that remains unexpired at the time the court imposes sentence. This subsection applies regardless of whether the earlier sentence was imposed by the same or any other court, and regardless of whether the earlier sentence is being or is to be served in the same penal institution or under the same correctional authority as will be the later sentence.

(6) As used in this section, "criminal episode" has the meaning given that term in ORS 131.505. [Amended by 1955 c.660 §15; 1965 c.463 §19; 1967 c.232 §2; 1973 c.562 §2; 1973 c.631 §4; 1981 c.424 §2; 1987 c.251 §4; 1987 c.320 §35; 1995 c.657 §20; 2015 c.508 §§1,4]

However, if the credit for the time served in jail as described in this paragraph is greater than 90 days, the sentencing judge may limit or deny credit for any of that time that exceeds 90 days.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.450 - Enforcement of money judgment in criminal action.**

A judgment against the defendant or complainant in a criminal action, so far as it requires the payment of a fine, fee, assessment, costs and disbursements of the action or restitution, may be enforced as a judgment in a civil action. [Amended by 1973 c.836 §269;

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.452 - Satisfaction of monetary obligation imposed as part of sentence; release of judgment lien from real property; authority of Attorney General.**

When a person is convicted of an offense and sentenced to pay any monetary obligation, the following provisions apply to obtaining a satisfaction of the money award portion of the judgment or a release of a judgment lien from a specific parcel of real property when the money award portion of the judgment is not satisfied:

(1) The Attorney General, by rule, may do any of the following:

(a) Authorize the Attorney General's office, a district attorney's office, any state agency within the executive branch of government or any specific individual or group within any of these to:

(A) Issue satisfactions of the money award portions of judgments; or

(B) Release a judgment lien from a specific parcel of real property when either the judgment lien does not attach to any equity in the real property or the amount of equity in the real property to which the judgment lien attaches, less costs of sale or other reasonable expenses, is paid upon the judgment.

(b) Establish procedures and requirements that any person described under paragraph (a) of this subsection must follow to issue satisfactions or releases.

(2) Authorization of a person under subsection (1) of this section is permissive and such person is not required to issue satisfactions or releases if authorized. However, if a person is authorized under subsection (1) of this section and does issue satisfactions or releases, the person must comply with the procedures and requirements established by the Attorney General by rule.

(3) If the Attorney General establishes a program under subsection (1) of this section, the Attorney General's office shall issue satisfactions and releases under the program unless the Attorney General determines that there are sufficient other agencies authorized under subsection (1) of this section who are actually participating in the program to provide reasonable access to satisfactions and releases on a statewide basis.

(4)(a) Except as provided in paragraph (b) of this subsection, when the entries in the register and the financial accounting records for the court show conclusively that a monetary obligation imposed in a criminal action has been paid in full, the clerk of the court may note in the register that the money award portion of the judgment has been paid in full. Notation in the register under this paragraph constitutes a satisfaction of the money award portion of the judgment. The clerk of the court is not civilly liable for any act or omission in making the notation in the register in the manner authorized by this paragraph.

(b) When a monetary obligation imposed in a criminal action is paid by a negotiable instrument, the clerk of the court shall proceed as provided in paragraph (a) of this subsection only after the expiration of 21 days from the date the negotiable instrument is received by the court. The clerk may proceed as provided in paragraph (a) of this subsection before the expiration of the 21-day period if the judgment debtor or any other interested person makes a request that the clerk proceed and provides information that establishes to the satisfaction of the clerk that the instrument has been honored.

(c) This subsection does not authorize the clerk of a court to compromise, settle or partially satisfy a monetary obligation imposed in a criminal action, or to release part of any property subject to a judgment lien.

(5) Any satisfaction issued by a person authorized under this section may be entered in the same manner and has the same effect on the money award portion of a judgment as a satisfaction issued for the money award portions of a judgment from a civil action or proceeding.

(6) The release of judgment liens on specific parcels of real property by the Attorney General or by a person authorized by the Attorney General under subsection (1) of this section is discretionary. The money award portion of the judgment shall remain a lien against all real property not specifically released. [1989 c.472 §4; 1993 c.145 §1; 1997 c.801 §68; 2003 c.576 §164]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.463 - Death warrant hearing; death warrant.**

(1) When a sentence of death is pronounced, the clerk of the court shall deliver a copy of the judgment of conviction and sentence of death to the sheriff of the county. The sheriff shall deliver the defendant within 20 days from the date the judgment is entered to the correctional institution designated by the Director of the Department of Corrections pending the determination of the automatic and direct review by the Supreme Court under ORS 138.052.

(2) If the Supreme Court affirms the sentence of death, a death warrant hearing shall take place in the court in which the judgment was rendered within 30 days after the effective date of the appellate judgment or, upon motion of the state, on a later date. The following apply to a death warrant hearing under this subsection:

- (a) The defendant must be present; and
- (b) The defendant may be represented by counsel. If the defendant was represented by appointed counsel on automatic and direct review, that counsel's appointment continues for purposes of the death warrant hearing and any related matters. If that counsel is unavailable, the court shall appoint counsel pursuant to the procedure in ORS 135.050 and 135.055.
- (3)(a) If the defendant indicates the wish to waive the right to counsel for the purpose of the death warrant hearing, the court shall inquire of the defendant on the record to ensure that the waiver is competent, knowing and voluntary.
- (b) If the court finds that the waiver is competent, knowing and voluntary, the court shall discharge counsel.
- (c) If the court finds on the record that the waiver of the right to counsel granted by this section is not competent, knowing or voluntary, the court shall continue the appointment of counsel.
- (d) Notwithstanding the fact that the court finds on the record that the defendant competently, knowingly and voluntarily waives the right to counsel, the court may continue the appointment of counsel as advisor only for the purposes of the death warrant hearing.
- (4) At the death warrant hearing, the court:
  - (a) After appropriate inquiry, shall make findings on the record whether the defendant suffers from a mental condition that prevents the defendant from comprehending the reasons for the death sentence or its implication. The defendant has the burden of proving by a preponderance of the evidence that the defendant suffers from a mental condition that prevents the defendant from comprehending the reasons for the death sentence or its implication.
  - (b) Shall advise the defendant that the defendant is entitled to counsel in any post-conviction proceeding and that counsel will be appointed if the defendant is financially eligible for appointed counsel at state expense.
  - (c) Shall determine whether the defendant intends to pursue any challenges to the sentence or conviction. If the defendant states on the record that the defendant does not intend to challenge the sentence or conviction, the court after advising the defendant of the consequences shall make a finding on the record whether the defendant competently, knowingly and voluntarily waives the right to pursue:
    - (A) A petition for certiorari to the United States Supreme Court;
    - (B) Post-conviction relief under ORS 138.510 to 138.680; and
    - (C) Federal habeas corpus review under 28 U.S.C. 2254.
- (5) Following the death warrant hearing, a death warrant, signed by the trial judge of the court in which the judgment was rendered and attested by the clerk of that court, shall be drawn and delivered to the superintendent of the correctional institution designated by the Director of the Department of Corrections. The death warrant shall specify a day on which the sentence of death is to be executed and shall authorize and command the superintendent to execute the judgment of the court. The trial court shall specify the date of execution of the sentence, taking into consideration the needs of the Department of Corrections. The trial court shall specify a date not less than 90 days nor more than 120 days following the effective date of the appellate judgment.
- (6)(a) Notwithstanding any other provision in this section, if the court finds that the defendant suffers from a mental condition that prevents the defendant from comprehending the reasons for the sentence of death or its implications, the court may not issue a death warrant until such time as the court, after appropriate inquiries, finds that the defendant is able to comprehend the reasons for the sentence of death and its implications.
  - (b)(A) If the court does not issue a death warrant because it finds that the defendant suffers from a mental condition that prevents the defendant from comprehending the reasons for the sentence of death or its implications, the court shall conduct subsequent hearings on the issue on motion of the district attorney or the defendant's counsel or on the court's own motion, upon a showing that there is substantial reason to believe that the defendant's condition has changed.
  - (B) The court may hold a hearing under this paragraph no more frequently than once every six months.
  - (C) The state and the defendant may obtain an independent medical, psychiatric or psychological examination of the defendant in connection with a hearing under this paragraph.
  - (D) In a hearing under this paragraph, the defendant has the burden of proving by a preponderance of the evidence that the defendant continues to suffer from a mental condition that prevents the defendant from comprehending the reasons for the sentence of death or its implications.
- (7) If for any reason a sentence of death is not executed on the date appointed in the death warrant, and the sentence of death remains in force and is not stayed under ORS 138.686 or otherwise by a court of competent jurisdiction, the court that issued the initial death warrant, on motion of the state and without further hearing, shall issue a new death warrant specifying a new date on which the sentence is to be executed. The court shall specify a date for execution of the sentence, taking into consideration the needs of the Department of Corrections. The court shall specify a date not more than 20 days after the date on which the state's motion was filed.
- (8) No appeal may be taken from an order issued pursuant to this section. [1984 c.3 §5; 1999 c.1055 §2; 2001 c.962 §96]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.464 - Administrative assessment of defendant's mental capacity.**

- (1)(a) At the death warrant hearing under ORS 137.463, the court shall order that the Oregon Health Authority or its designee perform an assessment of the defendant's mental capacity to engage in reasoned choices of legal strategies and options if:
  - (A) The defendant indicates the wish to waive the right to counsel; and
  - (B) The court has substantial reason to believe that, due to mental incapacity, the defendant cannot engage in reasoned choices of

legal strategies and options.

(b) The court also shall order an assessment described in paragraph (a) of this subsection upon motion by the state.

(2) If the requirements of subsection (1) of this section are met, the court may order the defendant to be committed to a state mental hospital designated by the authority for a period not exceeding 30 days for the purpose of assessing the defendant's mental capacity. The report of any competency assessment performed under this section must include, but need not be limited to, the following:

(a) A description of the nature of the assessment;

(b) A statement of the mental condition of the defendant; and

(c) A statement regarding the defendant's mental capacity to engage in reasoned choices of legal strategies and options.

(3) If the competency assessment cannot be conducted because the defendant is unwilling to participate, the report must so state and must include, if possible, an opinion as to whether the unwillingness of the defendant is the result of a mental condition affecting the defendant's mental capacity to engage in reasoned choices of legal strategies and options.

(4) The authority shall file three copies of the report of the competency assessment with the clerk of the court, who shall cause copies to be delivered to the district attorney and to counsel for the defendant. [1999 c.1055 §3; 2009 c.595 §96]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.466 - Judicial determination of defendant's mental capacity.**

(1) If the court has ordered the Oregon Health Authority to perform a competency assessment of the defendant under ORS 137.464 and the assessment has been completed, the court shall determine the issue of the defendant's mental capacity to engage in reasoned choices of legal strategies and options. If neither the state nor counsel for the defendant contests the finding of the report filed under ORS 137.464, the court may make the determination of the defendant's mental capacity to engage in reasoned choices of legal strategies and options on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence at the hearing, the party contesting the finding has the right to summon and to cross-examine the psychiatrist or psychologist who submitted the report and to offer evidence on the issue. Either party may introduce other evidence regarding the defendant's mental capacity to engage in reasoned choices of legal strategies and options.

(2) If the court determines that, due to mental incapacity, the defendant cannot engage in reasoned choices of legal strategies and options, the court shall continue the appointment of counsel provided under ORS 137.463.

(3) No appeal may be taken from an order issued pursuant to this section. [1999 c.1055 §4; 2009 c.595 §97]

(1) If a person pleads guilty or no contest to, or is found guilty of, a crime described in ORS 163.305 to 163.467, and if the court contemplates sentencing the person to probation, the court, before entering judgment, may order that the person undergo an examination by a psychiatrist or other physician found qualified and appointed by the court to determine whether available medical treatment would be likely to reduce such biological, emotional or psychological impulses, including any paraphilia, which may be the cause of the criminal conduct and, if so, whether the person is a suitable candidate medically for such treatment. Such medical treatments may include the taking of prescribed medication.

(2) If the examining psychiatrist or other physician reports that available medical treatment would be likely to reduce the biological, emotional or psychological impulses that were a probable cause of the criminal conduct, and that the person is a suitable candidate medically for such treatment, the court may include as a condition of probation that the person participate in a prescribed program of medicine and accept medical treatment at the person's own expense under the care of the psychiatrist or other physician appointed by the court and that the person faithfully participate in the prescribed program of medical treatment during the course of the probation.

(3) A sentence of probation under this section shall not be imposed except upon the written consent of the convicted person. Probation under this section may be revoked upon any failure of the convicted person to cooperate in the treatment program, including, but not limited to, any failure to meet with the treating physician as directed by the physician or to take medication or otherwise to participate in the prescribed program of medical treatment during the course of the probation. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.530 - Investigation and report of parole and probation officers; statement of victim.**

(1) Parole and probation officers, when directed by the court, shall fully investigate and report to the court in writing on the circumstances of the offense, criminal record, social history and present condition and environment of any defendant. Unless the court directs otherwise in individual cases, a defendant may not be sentenced to probation until the report of the investigation has been presented to and considered by the court.

(2) Whenever a presentence report is made, the preparer of the report shall make a reasonable effort to contact the victim and obtain a statement describing the effect of the defendant's offense upon the victim. If the victim is under 18 years of age, the preparer shall obtain the consent of the victim's parent or guardian before contacting the victim. The preparer of the report shall include the statement of the victim in the presentence investigation report. If the preparer is unable to contact the victim or if the victim declines to make a statement, the preparer shall report that the preparer was unable to contact the victim after making reasonable efforts to do so, or, if contact was made with the victim, that the victim declined to make a statement for purposes of this section. Before taking a statement from the victim, the preparer of the report shall inform the victim that the statement will be made available to the defendant and the defendant's attorney prior to sentencing as required under ORS 137.079.

(3) Whenever desirable, and facilities exist for conducting physical and mental examinations, the investigation shall include physical

and mental examinations of such defendants.

(4) As used in this section, "victim" means the person or persons who have suffered financial, social, psychological or physical harm as a result of an offense, and includes, in the case of any homicide or abuse of corpse in any degree, an appropriate member of the immediate family of the decedent. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.532 - Probation without entering plea; waiver of rights; effect of violating probation agreement.**

(1)(a) Whenever a person is charged with a misdemeanor or a Class C felony, other than driving while under the influence of intoxicants, and has been formally accepted into a specialty court, the court, with the consent of the district attorney and the person, may defer further proceedings and place the person on probation. The terms of the probation shall be defined by a probation agreement.

(b) A probation agreement carries the understanding that if the defendant fulfills the terms of the agreement, the criminal charges filed against the defendant will be dismissed with prejudice.

(c) The agreement must contain a waiver of the following rights of the defendant with respect to each criminal charge:

(A) The right to a speedy trial and trial by jury;

(B) The right to present evidence on the defendant's behalf;

(C) The right to confront and cross-examine witnesses against the defendant;

(D) The right to contest evidence presented against the defendant, including the right to object to hearsay evidence; and

(E) The right to appeal from a judgment of conviction resulting from an adjudication of guilt entered under subsection (2) of this section, unless the appeal is based on an allegation that the sentence exceeds the maximum allowed by law or constitutes cruel and unusual punishment.

(d) The agreement must include a requirement that the defendant pay any restitution owed to the victim as determined by the court, and any fees for court-appointed counsel ordered by the court under ORS 135.050.

(e) The agreement may not contain a requirement that the defendant enter a plea of guilty or no contest on any charge in the accusatory instrument.

(f) Entering into a probation agreement does not constitute an admission of guilt and is not sufficient to warrant a finding or adjudication of guilt by a court.

(g) Police reports or other documents associated with the criminal charges in a court file other than the probation agreement may not be admitted into evidence, and do not establish a factual basis for finding the defendant guilty, unless the court resumes criminal proceedings and enters an adjudication of guilt under subsection (2) of this section.

(2) Upon violation of a term or condition of the probation agreement, the court may resume the criminal proceedings and may find the defendant guilty of the offenses in the accusatory instrument in accordance with the waiver of rights in the probation agreement. The defendant may not contest the sufficiency of the evidence establishing the defendant's guilt of the offenses in the accusatory instrument.

(3) Upon fulfillment of the terms and conditions of the probation agreement, the court shall discharge the person and dismiss the proceedings against the person. Discharge and dismissal under this section shall be without adjudication of guilt and is not a conviction for purposes of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime. There may be only one discharge and dismissal under this section with respect to any person.

(4) In the event that the period of probation under this section expires, but the terms and conditions of the probation agreement have not been fulfilled and no probation violation proceeding was initiated prior to the expiration of the period of probation, the court may not discharge the person and dismiss the proceedings against the person. The court shall instead issue an order requiring the person to appear and to show cause why the court should not enter an adjudication of guilt as described in subsection (2) of this section due to the failure of the person to fulfill the terms and conditions of the probation agreement prior to expiration of the period of probation. At the hearing on the order to show cause, after considering any evidence or argument from the district attorney and the person, the court may:

(a) Order a new period of probation to allow the person to fulfill the terms and conditions of the probation agreement; or

(b) Enter an adjudication of guilt as described in subsection (2) of this section.

(5) Nothing in this section is intended to restrict a person's participation in a specialty court or conditional discharge under ORS 475.245.

(6) As used in this section, "specialty court" has the meaning given that term in ORS 137.680. [2021 c.330 §1]

(1) Whenever a person pleads guilty to or is found guilty of a misdemeanor other than driving while under the influence of

intoxicants or other than a misdemeanor involving domestic violence as defined in ORS 135.230, the court may defer further proceedings and place the person on probation, upon motion of the district attorney and without entering a judgment of guilt, if the person:

- (a) Consents to the disposition;
  - (b) Has not previously been convicted of any offense in any jurisdiction;
  - (c) Has not been placed on probation under ORS 137.532 or 475.245;
  - (d) Has not completed a diversion under ORS 135.881 to 135.901; and
  - (e) Agrees to pay a fee equal to \$100. The person must pay the amount within 90 days of imposition unless the court allows payment at a later time.
- (2) A district attorney may submit a motion under subsection (1) of this section if, after considering the factors listed in subsection (3) of this section, the district attorney finds that disposition under this section would be in the interests of justice and of benefit to the person and the community.
- (3) In determining whether disposition under this section is in the interests of justice and of benefit to the person and the community, the district attorney shall consider at least the following factors:
- (a) The nature of the offense. However, the offense must not have involved injury to another person.
  - (b) Any special characteristics or difficulties of the person.
  - (c) Whether there is a probability that the person will cooperate with and benefit from alternative treatment.
  - (d) Whether an available program is appropriate to the needs of the person.
  - (e) The impact of the disposition upon the community.
  - (f) Recommendations, if any, of the involved law enforcement agency.
  - (g) Recommendations, if any, of the victim.
  - (h) Provisions for restitution.
  - (i) Any mitigating circumstances.
- (4) Upon violation of a term or condition of probation, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon the person's fulfillment of the terms and conditions of probation, the court shall discharge the person and dismiss the proceedings against the person. A discharge and dismissal under this section is without adjudication of guilt and is not a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime. A person may be discharged and have proceedings dismissed only once under this section.
- (5) Subsections (1) to (4) of this section do not affect any domestic violence sentencing programs. [1999 c.819 §§1,2; 2011 c.597 §124; 2021 c.330 §2]

- (a) For crimes committed prior to November 1, 1989, and misdemeanors committed on or after November 1, 1989, be confined to the county jail or be restricted to the probationer's own residence or to the premises thereof, or be subject to any combination of such confinement and restriction, such confinement or restriction or combination thereof to be for a period not to exceed one year or one-half of the maximum period of confinement that could be imposed for the offense for which the defendant is convicted, whichever is the lesser.

- (3)(a) If a person is released on probation following conviction of stalking under ORS 163.732 (2)(b) or violating a court's stalking protective order under ORS 163.750 (2)(b), the court may include as a special condition of the person's probation reasonable residency restrictions.
- (b) If the court imposes the special condition of probation described in this subsection and if at any time during the period of probation the victim moves to a location that causes the probationer to be in violation of the special condition of probation, the court may not require the probationer to change the probationer's residence in order to comply with the special condition of probation.
  - (4) When a person who is a sex offender is released on probation, the court shall impose as a special condition of probation that the person not reside in any dwelling in which another sex offender who is on probation, parole or post-prison supervision resides, without the approval of the person's supervising parole and probation officer, or in which more than one other sex offender who is on probation, parole or post-prison supervision resides, without the approval of the director of the probation agency that is supervising the person or of the county manager of the Department of Corrections, or a designee of the director or manager. As soon as practicable, the supervising parole and probation officer of a person subject to the requirements of this subsection shall review the person's living arrangement with the person's sex offender treatment provider to ensure that the arrangement supports the goals of offender rehabilitation and community safety. As used in this subsection:
    - (a) "Dwelling" has the meaning given that term in ORS 469B.100.
    - (b) "Dwelling" does not include a residential treatment facility or a halfway house.
    - (c) "Halfway house" means a publicly or privately operated profit or nonprofit residential facility that provides rehabilitative care and treatment for sex offenders.
    - (d) "Sex offender" has the meaning given that term in ORS 163A.005.
- (5)(a) If the person is released on probation following conviction of a sex crime, as defined in ORS 163A.005, or an assault, as defined in ORS 163.175 or 163.185, and the victim was under 18 years of age, the court, if requested by the victim, shall include as a special condition of the person's probation that the person not reside within three miles of the victim unless:
- (A) The victim resides in a county having a population of less than 130,000 and the person is required to reside in that county;
  - (B) The person demonstrates to the court by a preponderance of the evidence that no mental intimidation or pressure was brought to

bear during the commission of the crime;

(C) The person demonstrates to the court by a preponderance of the evidence that imposition of the condition will deprive the person of a residence that would be materially significant in aiding in the rehabilitation of the person or in the success of the probation; or

(D) The person resides in a halfway house. As used in this subparagraph, "halfway house" means a publicly or privately operated profit or nonprofit residential facility that provides rehabilitative care and treatment for sex offenders.

(b) A victim may request imposition of the special condition of probation described in this subsection at the time of sentencing in person or through the prosecuting attorney.

(c) If the court imposes the special condition of probation described in this subsection and if at any time during the period of probation the victim moves to within three miles of the probationer's residence, the court may not require the probationer to change the probationer's residence in order to comply with the special condition of probation.

(8) The court may order that probation be supervised by the court.

(9)(a) The court may at any time modify the conditions of probation.

(b) When the court orders a defendant placed under the supervision of the Department of Corrections or a community corrections agency, the supervising officer may file with the court a proposed modification to the special conditions of probation. The supervising officer shall provide a copy of the proposed modification to the district attorney and the probationer, and shall notify the probationer of the right to file an objection and have a hearing as described in subparagraph (A) of this paragraph. The notice requirement may be satisfied by providing the probationer with a copy of a form developed in accordance with rules adopted under ORS 137.595 (2)(b) that describes the right to a hearing. If the district attorney or probationer:

(A) Files an objection to the proposed modification less than five judicial days after the proposed modification was filed, the court shall schedule a hearing no later than 10 judicial days after the proposed modification was filed, unless the court finds good cause to schedule a hearing at a later time.

(B) Does not file an objection to the proposed modification less than five judicial days after the proposed modification was filed, the proposed modification becomes effective five judicial days after the proposed modification was filed.

(10) A court may not order revocation of probation as a result of the probationer's failure to pay restitution unless the court determines from the totality of the circumstances that the purposes of the probation are not being served.

(11) If the court ordered as a special condition of probation that the probationer find and maintain employment, it is not a cause for revocation of probation that the probationer failed to apply for or accept employment at any workplace where there is a labor dispute in progress. As used in this subsection, "labor dispute" has the meaning for that term provided in ORS 662.010.

(12) As used in this section, "attends," "institution of higher education," "works" and "carries on a vocation" have the meanings given those terms in ORS 163A.005. [Amended by 1965 c.346 §1; 1969 c.597 §125; 1977 c.371 §3; 1977 c.380 §2; 1981 c.671 §1; 1983 c.588 §2; 1985 c.818 §2; 1987 c.780 §3; 1989 c.790 §16; 1991 c.196 §1; 1991 c.630 §5; 1991 c.731 §1; 1993 c.14 §11; 1993 c.680 §16; 1997 c.313 §24; 1999 c.626 §11; amendments by 1999 c.626 §34 repealed by 2001 c.884 §1; 2001 c.726 §§1,2; 2001 c.884 §5; 2005 c.264 §3; 2005 c.558 §1; 2005 c.567 §8; 2005 c.576 §1a; 2005 c.642 §1; 2009 c.111 §1; 2009 c.204 §5; 2009 c.659 §§21,23; 2009 c.713 §11; 2011 c.595 §162; 2013 c.649 §24; 2015 c.198 §1; 2015 c.350 §2; 2017 c.21 §40; 2017 c.670 §3; 2017 c.689 §1; 2018 c.120 §10; 2021 c.404 §1; 2021 c.653 §3; 2022 c.78 §10; 2023 c.9 §9; 2023 c.282 §1]

(1) As used in this section, "cannabinoid concentrate," "cannabinoid extract," "medical cannabinoid product," "registry identification card" and "usable marijuana" have the meanings given those terms in ORS 475C.777.

(2) Notwithstanding ORS 137.540, if a person who holds a registry identification card is sentenced to probation, supervision conditions related to the use of usable marijuana, medical cannabinoid products, cannabinoid concentrates or cannabinoid extracts must be imposed in the same manner as the court would impose supervision conditions related to prescription drugs. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 137 - Judgment and Execution; Parole and Probation by the Court Section 137.545 - Period of probation; discharge from probation; proceedings in case of violation of conditions.**

(1) Subject to the limitations in ORS 137.010 and to rules of the Oregon Criminal Justice Commission for felonies committed on or after November 1, 1989:

(a) The period of probation shall be as the court determines and may, in the discretion of the court, be continued or extended.

(b) The court may at any time discharge a person from probation.

(2) At any time during the probation period, the court may issue a warrant and cause a defendant to be arrested for violating any of

the conditions of probation. Any parole and probation officer, police officer or other officer with power of arrest may arrest a probationer without a warrant for violating any condition of probation, and a statement by the parole and probation officer or arresting officer setting forth that the probationer has, in the judgment of the parole and probation officer or arresting officer, violated the conditions of probation is sufficient warrant for the detention of the probationer in the county jail until the probationer can be brought before the court or until the parole and probation officer or supervisory personnel impose and the offender agrees to structured, intermediate sanctions in accordance with the rules adopted under ORS 137.595. Disposition shall be made during the first 36 hours in custody, excluding Saturdays, Sundays and holidays, unless later disposition is authorized by supervisory personnel. If authorized by supervisory personnel, the disposition shall take place in no more than five judicial days. If the offender does not consent to structured, intermediate sanctions imposed by the parole and probation officer or supervisory personnel in accordance with the rules adopted under ORS 137.595, the parole and probation officer, as soon as practicable, but within one judicial day, shall report the arrest or detention to the court that imposed the probation. The parole and probation officer shall promptly submit to the court a report showing in what manner the probationer has violated the conditions of probation.

(3) Except for good cause shown or at the request of the probationer, the probationer shall be brought before a magistrate during the first 36 hours of custody, excluding holidays, Saturdays and Sundays. That magistrate, in the exercise of discretion, may order the probationer held pending a violation or revocation hearing or pending transfer to the jurisdiction of another court where the probation was imposed. In lieu of an order that the probationer be held, the magistrate may release the probationer upon the condition that the probationer appear in court at a later date for a probation violation or revocation hearing. If the probationer is being held on an out-of-county warrant, the magistrate may order the probationer released subject to an additional order to the probationer that the probationer report within seven calendar days to the court that imposed the probation.

(4) When a probationer has been sentenced to probation in more than one county and the probationer is being held on an out-of-county warrant for a probation violation, the court may consider consolidation of some or all pending probation violation proceedings pursuant to rules made and orders issued by the Chief Justice of the Supreme Court under ORS 137.547:

(a) Upon the motion of the district attorney or defense counsel in the county in which the probationer is held; or

(b) Upon the court's own motion.

(5)(a) For defendants sentenced for felonies committed prior to November 1, 1989, and for any misdemeanor, the court that imposed the probation, after summary hearing, may revoke the probation and:

(A) If the execution of some other part of the sentence has been suspended, the court shall cause the rest of the sentence imposed to be executed.

(B) If no other sentence has been imposed, the court may impose any other sentence which originally could have been imposed.

(b) For defendants sentenced for felonies committed on or after November 1, 1989, the court that imposed the probationary sentence may revoke probation supervision and impose a sanction as provided by rules of the Oregon Criminal Justice Commission.

(6) Except for good cause shown, if the revocation hearing is not conducted within 14 calendar days following the arrest or detention of the probationer, the probationer shall be released from custody.

(7) A defendant who has been previously confined in the county jail as a condition of probation pursuant to ORS 137.540 or as part of a probationary sentence pursuant to the rules of the Oregon Criminal Justice Commission may be given credit for all time thus served in any order or judgment of confinement resulting from revocation of probation.

(8) In the case of any defendant whose sentence has been suspended but who has not been sentenced to probation, the court may issue a warrant and cause the defendant to be arrested and brought before the court at any time within the maximum period for which the defendant might originally have been sentenced. Thereupon the court, after summary hearing, may revoke the suspension of sentence and cause the sentence imposed to be executed.

(9) If a probationer fails to appear or report to a court for further proceedings as required by an order under subsection (3) of this section, the failure to appear may be prosecuted in the county to which the probationer was ordered to appear or report.

(10) The probationer may admit or deny the violation by being physically present at the hearing or by means of simultaneous electronic transmission as described in ORS 131.045.

(11) The victim has the right:

(a) Upon request made within the time period prescribed in the notice required by ORS 147.417, to be notified of any hearing before the court that may result in the revocation of the defendant's probation for a felony or person Class A misdemeanor. The notification shall be provided by:

(A) The district attorney if the defendant is not supervised by the supervisory authority or if the defendant is supervised by the supervisory authority and the district attorney initiates a request with the court for a probation violation or revocation hearing.

(B) The supervisory authority if the defendant is supervised by the supervisory authority and the supervisory authority initiates a request with the court for a probation violation or revocation hearing.

(b) To appear personally at the hearing.

(c) If present, to reasonably express any views relevant to the issues before the court.

(12) As used in this section:

(a) "Person Class A misdemeanor" has the meaning given that term in the rules of the Oregon Criminal Justice Commission.

(b) "Supervisory authority" has the meaning given that term in ORS 144.087. [Formerly 137.550; 2003 c.577 §14; 2005 c.264 §4; 2005 c.566 §11; 2009 c.178 §28; 2009 c.660 §§20,32; 2011 c.596 §§1,5]

(B) The probationer must appear in court at the time set in the citation; and

(C) If the probationer fails to appear as directed, the court may immediately issue a warrant for the probationer's arrest or the probationer may immediately be taken into custody by the officer responsible for supervising the probation. [1987 c.761 §3]

If the court orders an examination and the petitioner is financially eligible for appointed counsel at state expense, the court may appoint counsel for the petitioner, as provided in ORS 135.050, if the court determines that there are substantial or complex issues involved and the petitioner appears incapable of self-representation.

(3) The court shall review the petition and may hold a hearing on the petition. However, if the state opposes the petition, the court shall hold a hearing on the petition. In determining whether to amend the judgment, the court shall consider:

- (a) The nature of the crime for which the petitioner was sentenced to lifetime post-prison supervision;
- (b) The degree of violence involved in the crime;
- (c) The age of the victim;
- (d) The petitioner's prior history of sexual assault;
- (e) Whether the petitioner continues to have psychopathic personality features or sexually deviant arousal patterns or interests;
- (f) Other criminal and relevant noncriminal behavior of the petitioner before and after conviction;
- (g) The period of time during which the petitioner has not reoffended;
- (h) Whether the petitioner has successfully completed a court-approved sex offender treatment program; and
- (i) Any other relevant factors.

(4) If the court finds by clear and convincing evidence that the petitioner does not present a substantial probability of committing a crime listed in ORS 137.765 (3), the court shall amend the judgment and impose a lesser sentence.

(5) The sentencing court retains authority to modify its judgment and sentence to reflect the results of a resentencing hearing ordered under this section.

(6) Not less than five years after the denial of a petition under this section, a person sentenced under ORS 137.765 may petition again for a resentencing hearing under subsections (1) to (5) of this section. [1999 c.163 §7; 2001 c.962 §98]

(1)(a) If a justice court or municipal court has become a court of record under ORS 51.025 or 221.342, an appeal from a judgment involving a violation shall be as provided in ORS chapter 19 for appeals from judgments entered by circuit courts, except that the standard of review is the same as for an appeal from a judgment in a proceeding involving a misdemeanor or felony. If a justice court or municipal court has not become a court of record under ORS 51.025 or 221.342, the appeal from a judgment involving a violation entered by the justice court or municipal court may be taken to the circuit court for the county in which the justice court or municipal court is located. An appeal to a circuit court must be taken in the manner provided in this subsection.

(b) Within 30 days after the entry of the judgment by the justice court or municipal court, a party who wishes to appeal the decision must serve a copy of the notice of appeal on the adverse party and must file the original notice of appeal with the justice court or municipal court along with proof of service on the adverse party or an acknowledgment of service signed by the adverse party.

(c) If the appeal is made by the defendant from the decision of a municipal court, the copy of the notice of appeal must be served on the city attorney. (g) Upon entry of a judgment in the matter, the judgment may be appealed as provided in subsection (2) of this section.

(2) Subject to the provisions of this subsection, an appeal from a judgment involving a violation entered by a circuit court may be taken as provided in ORS chapter 19.

(a) For the purpose of meeting the requirements imposed by ORS 19.240, the copy of the notice of appeal must be served on:

(A) The city attorney, if the appeal is made by the defendant from a decision initially made in a municipal court.

(B) The district attorney for the county, if the appeal is made by the defendant from a decision initially made in a justice court.

(b) Notwithstanding ORS 19.270, timely service on the city attorney or district attorney under the provisions of this subsection is not jurisdictional and the Court of Appeals may extend the time for that service.

(c) Notwithstanding any provision of ORS chapter 19, an undertaking on appeal is not required for an appeal from a judgment involving a violation.

(d) The filing of a notice of an appeal from a judgment involving a violation does not act to automatically stay the judgment.

(e) The standard of review for an appeal under this subsection is the same as for an appeal from a judgment in a proceeding involving a misdemeanor or felony.

(3) In any case in which only violations are charged, the state may not appeal from an order dismissing the case that is entered by reason of a police officer's failure to appear at the trial of the matter. [1993 c.379 §5; 1995 c.658 §79; 1997 c.389 §12; 1999 c.682 §11; 2005 c.266 §2]

The notice of intent to proceed is not jurisdictional.

(3) Except as otherwise provided in this section, the appellate court has authority to review any intermediate decision involving the merits of, or necessarily affecting, the judgment or order from which the appeal is taken.

(4)(a) Except as provided in paragraph (b) of this subsection, on appeal from a judgment of conviction of any felony, the appellate court has authority to review only the sentence as provided by subsections (5) and (6) of this section.

(b) The appellate court has authority to review whether the trial court erred in merging determinations of guilt of two or more offenses, unless the merger of determinations of guilt resulted from an agreement between the state and the defendant.

(5) Except as otherwise provided in subsections (6) and (7) of this section, the appellate court has authority to review the sentence imposed on conviction of any felony to determine whether the trial court failed to comply with requirements of law in imposing or failing to impose a sentence.

(6) Except as otherwise provided in subsection (7) of this section, for a sentence imposed on conviction of a felony committed on or after November 1, 1989:

(a) The appellate court has no authority to review:

(B) A sentence of probation when the rules of the Oregon Criminal Justice Commission prescribe a presumptive sentence of imprisonment but allow a sentence of probation without departure.

(C) A sentence of imprisonment when the rules of the Oregon Criminal Justice Commission prescribe a presumptive sentence of imprisonment but allow a sentence of probation without departure.

(b) If the trial court imposed a sentence that departs from the presumptive sentence prescribed by the rules of the Oregon Criminal Justice Commission, the appellate court's authority to review is limited to whether the trial court's findings of fact and reasons justifying a departure from the sentence prescribed by the rules of the Oregon Criminal Justice Commission:

(A) Are supported by the evidence in the record; and

(B) Constitute substantial and compelling reasons for departure.

(c) Notwithstanding paragraph (a) of this subsection, the appellate court has authority to review whether the sentencing court erred:

(A) In ranking the crime seriousness classification of the current crime or in determining the appropriate classification of a prior conviction or juvenile adjudication for criminal history purposes.

(B) In imposing or failing to impose a minimum sentence prescribed by ORS 137.700 or 137.707.

(7) The appellate court has no authority to review any part of a sentence resulting from a stipulated sentencing agreement between the state and the defendant.

(8)(a) On appeal from a corrected or amended judgment that is entered before expiration of the applicable period under ORS 138.071 (1) or (2) during which the original judgment can be appealed, the appellate court has authority to review the judgment, including the corrections or amendments, as provided in this section.

(b) On appeal from a corrected or amended judgment that is entered after expiration of the applicable period under ORS 138.071 (1) or (2) during which the original judgment was or could have been appealed, the appellate court has authority to review, as provided in this section, only the corrected or amended part of the judgment, any part of the judgment affected by the correction or amendment, or the trial court's decision under ORS 137.172 not to correct or amend the judgment.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.225 - Summary affirmation.**

In reviewing the judgment of any court under ORS 138.010 to 138.310, the Court of Appeals, on its own motion or on the motion of the respondent, may summarily affirm, without oral argument, the judgment after submission of the appellant's brief and without submission of the respondent's brief if the court finds that no substantial question of law is presented by the appeal. Notwithstanding ORS 2.570, the Chief Judge of the Court of Appeals may deny or, if the petitioner does not oppose the motion, grant a respondent's motion for summary affirmation. A dismissal of appeal under this section constitutes a decision upon the merits of the appeal. [1995 c.295 §2]

(1) On joint motion of the parties to an appeal in a criminal case, the appellate court may vacate the judgment or order from which the appeal was taken and remand the matter to the trial court to reconsider the judgment or order, or any intermediate decision by the trial court. On remand, the trial court shall have jurisdiction to enter a modified judgment or order, or to reenter the vacated judgment or order.

(2) After entry of a judgment or order under subsection (1) of this section, either party may appeal in the same time and manner as an appeal from the original judgment or order. [1995 c.295 §3; 2017 c.529 §16]

(1) An appeal to the Court of Appeals may be certified to the Supreme Court, and the Supreme Court may accept or deny acceptance of the certified appeal, as provided in ORS 19.405.

(2) At any time before the State Court Administrator sends notice to the parties of the date of oral argument or, if the case is not orally argued, the date that the State Court Administrator delivers the briefs to the Court of Appeals for decision, a party may request the Supreme Court to take and decide an appeal taken by the state under ORS 138.045 (1). In determining whether to accept an appeal under this subsection, the Supreme Court shall consider, in addition to other factors that the Supreme Court deems appropriate:

- (a) Whether the defendant is charged with a Class A felony listed under ORS 137.700 or 137.707;
- (b) The extent to which the case presents speedy trial concerns; and
- (c) The extent to which the case presents a significant issue of law. [1981 c.550 §4; 2001 c.870 §4c]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.257 - Determination on appeal.**

(1) Except as otherwise provided in this section, the appellate court may affirm, reverse, vacate or modify the judgment or order, or any part thereof, from which the appeal was taken.

(2) Subject to Article VII (Amended), section 3, Oregon Constitution, the appellate court shall not reverse, modify or vacate a trial court judgment or order if there is little likelihood that any error affected the outcome.

(3) Except as provided in subsection (4) of this section, if the court reverses, vacates or modifies a judgment or order, or any part thereof, the court may do so with or without remanding the case and with or without instructions.

(4)(a) The appellate court shall remand the case to the trial court:

(A) If the appellate court, in a case involving multiple convictions, reverses at least one conviction and affirms at least one other conviction.

(B) If the appellate court determines that the trial court, in imposing or failing to impose a sentence in the case, committed an error

that requires resentencing.

(b) In a case remanded under this section, the trial court, after issuance of the appellate judgment, may impose a new sentence for any conviction.

(5) If the appellate court reverses a conviction without remanding, upon issuance of the appellate judgment, the trial court shall follow the procedures described in ORS 135.680 concerning the defendant's release. [2017 c.529 §15]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.261 - Time within which certain appeals must be decided.**

(1) When a defendant is charged with a felony and is in custody pending an appeal under ORS 138.045 (1)(a), (b) or (d), the Court of Appeals and the Supreme Court shall decide the appeal within the time limits prescribed by this section.

(2)(a) Pursuant to rules adopted by the Court of Appeals, the Court of Appeals shall ensure that the appeal is fully briefed no later than 90 days after the date the transcript is settled under ORS 19.370.

(b) Notwithstanding paragraph (a) of this subsection, the Court of Appeals may allow more than 90 days after the transcript is settled to fully brief the appeal if it determines that the ends of justice served by allowing more time outweigh the best interests of the public, the parties and the victim of the crime.

(3) The Court of Appeals shall decide the appeal no later than 180 days after the date of oral argument or, if the appeal is not orally argued, the date that the State Court Administrator delivers the briefs to the Court of Appeals for decision. Any reasonable period of delay incurred by the Court of Appeals on its own motion or at the request of one of the parties is excluded from the 180-day period within which the Court of Appeals is required to issue a decision if the Court of Appeals determines that the ends of justice served by a decision on a later date outweigh the best interests of the public, the parties and the victim of the crime.

(4)(a) In determining whether to allow more than 90 days after the transcript is settled to fully brief the appeal or more than 180 days after oral argument or delivery of the briefs to decide the appeal, the Court of Appeals shall consider whether:

(A) The appeal is unusually complex or presents novel questions of law so that the prescribed time limit is unreasonable; and

(B) The failure to extend the time limit would likely result in a miscarriage of justice.

(b) If the Court of Appeals decides to allow additional time to fully brief the appeal or to decide the appeal, the Court of Appeals shall state the reasons for doing so in writing and shall serve a copy of the writing on the parties.

(5) If the Supreme Court allows review of a decision of the Court of Appeals on an appeal described in subsection (1) of this section, the Supreme Court shall issue its decision on review no later than 180 days after the date of oral argument or, if the review is not orally argued, the date the State Court Administrator delivers the briefs to the Supreme Court for decision. Any reasonable period of delay incurred by the Supreme Court on its own motion or at the request of one of the parties is excluded from the 180-day period within which the Supreme Court is required to issue a decision if the Supreme Court determines that the ends of justice served by a decision on a later date outweigh the best interests of the public, the parties and the victim of the crime.

(6) In an appeal by the state under ORS 138.045 (2), the Supreme Court shall issue its decision no later than one year after the date of oral argument or, if the appeal is not orally argued, the date that the State Court Administrator delivers the briefs to the Supreme Court for decision.

(7)(a) In determining whether to allow more than 180 days after oral argument or delivery of the briefs to decide the review, the Supreme Court shall consider whether:

(A) The review is unusually complex or presents novel questions of law so that the prescribed time limit is unreasonable; and

(B) The failure to extend the time limit would likely result in a miscarriage of justice.

(b) If the Supreme Court decides to allow additional time to decide the review, the Supreme Court shall state the reasons for doing so in writing and shall serve a copy of the writing on the parties.

(8) Failure of the Court of Appeals or the Supreme Court to decide an appeal or review within the time limits prescribed in this section is not a ground for dismissal of the appeal or review.

(9) Any delay sought or acquiesced in by the defendant does not count against the state with respect to any statutory or constitutional right of the defendant to a speedy trial. [2001 c.870 §4b; 2017 c.529 §17; 2019 c.399 §1]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.275 - Notice to parties concerning modified judgment or order or supplemental judgment.**

If the appellate court, during the pendency of an appeal, receives from the trial court an amended, corrected or supplemental judgment or an amended or corrected appealable order, the appellate court shall notify the attorney of record for the state and the attorney of record for the defendant or, if the defendant is not represented by an attorney, the defendant. [2017 c.529 §10]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.285 - Order staying execution of sentence.**

(1)(a) A justice, municipal or circuit court may enter an order in a criminal action as defined in ORS 131.005 staying execution of a sentence, or a portion of a sentence, pending the resolution of an appeal.

(b) Except for good cause shown, a motion for an order under this section must be filed in the trial court no later than the filing of a notice of appeal. The trial court retains jurisdiction to enter an order under this section irrespective of whether a notice of appeal has been filed.

- (c) Except as otherwise required by this section, the trial court may impose conditions on a stay that the trial court determines are appropriate.
- (2) In determining whether to enter an order staying the execution of all of a sentence, or a portion of a sentence, the trial court shall consider the following factors:
- (a) The nature of the offense;
  - (b) The severity of the sentence imposed;
  - (c) The health of the defendant;
  - (d) The character and strength of the evidence;
  - (e) The criminal history of the defendant;
  - (f) If the sentence, or the portion of the sentence, sought to be stayed includes a term of incarceration, the likelihood that the defendant will:
    - (A) Appear in court at all appropriate times;
    - (B) Comply with any other conditions of release; and
    - (C) Complete, or substantially complete, serving the term of incarceration before the appeal is decided;
  - (g) The likelihood that an appellate court will reverse the sentence, or the portion of the sentence, sought to be stayed or will reverse the judgment of conviction that includes the sentence, or the portion of the sentence, sought to be stayed; and
  - (h) If an appellate court has issued a decision reversing the sentence, or a portion of the sentence, sought to be stayed or reversing the judgment of conviction that includes the sentence, or the portion of the sentence, sought to be stayed:
    - (A) Whether the reversal or any other relief described in the appellate decision will result in the defendant having completed serving the term of incarceration imposed; and
    - (B) Whether the appellate decision remands the case for a new trial.
- (3) If the trial court enters an order staying a term of incarceration, the court:
- (a) May order that the conditions of the release agreement and any posted security stand pending resolution of the appeal or may order an increase or reduction in the amount of security.
  - (b) Shall order that the defendant, as a condition of release:
    - (A) Duly prosecute the appeal of the defendant as required by ORS 138.005 to 138.500;
    - (B) Appear at such time and place as the court may direct;
    - (C) Not depart this state without leave of the court; and
    - (D) If the judgment is affirmed, or the judgment is reversed and the case is remanded for a new trial, immediately appear as required by the trial court.
  - (4) If the court enters an order staying the payment of a monetary obligation, the court may order the defendant:
    - (a) To deposit, pending resolution of the appeal, the whole or any part of the monetary obligation with the clerk of the trial court;
    - (b) To file an undertaking with sufficient sureties;
    - (c) To submit to an examination of assets; or
    - (d) To refrain from dissipating the assets of the defendant. [Formerly 138.125]

(1) If a defendant in a criminal action or a petitioner in a proceeding pursuant to ORS 138.510 to 138.680 wishes to appeal from an appealable adverse final order or judgment of a circuit court and if the person is without funds to employ suitable counsel possessing skills and experience commensurate with the nature and complexity of the case for the appeal, the person may request the circuit court from which the appeal is or would be taken to appoint counsel to represent the person on appeal. The following apply to a request under this subsection:

(a) The request shall be in writing and shall be made within the time during which an appeal may be taken or, if the notice of appeal has been filed, at any time thereafter. The request shall include a brief statement of the assets, liabilities and income in the previous year of the person unless the court already determined the person to be financially eligible for appointed counsel at state expense for purposes of the specific case, in which instance, the written request need only so indicate. However, if a request relies on a court's previous determination that the person is financially eligible, the court, in its discretion, may require the person to submit a new statement of assets, liabilities and income.

(b) If, based upon a request under paragraph (a) of this subsection, the court finds that petitioner or defendant previously received the services of appointed counsel or currently is without funds to employ suitable counsel for an appeal, the court shall appoint counsel to represent petitioner or defendant on the appeal.

(2)(a) Notwithstanding subsection (1) of this section, when a defendant has been sentenced to death, the request for appointed counsel shall be made to the Supreme Court. The Supreme Court shall appoint suitable counsel to represent the defendant on the appeal.

(b) After the notice of appeal has been filed, the Court of Appeals has concurrent authority to appoint or substitute counsel or appoint or substitute a legal advisor for the defendant under ORS 138.504.

(c) The Supreme Court has concurrent authority to appoint or substitute counsel or appoint or substitute a legal advisor for the defendant under ORS 138.504 in connection with review of a Court of Appeals decision under ORS 2.520.

(d) Neither the Court of Appeals nor the Supreme Court may substitute one appointed counsel for another under paragraph (b) or (c) of this subsection except pursuant to the policies, procedures, standards and guidelines of the Oregon Public Defense Commission.

(3) Whenever a defendant in a criminal action or a petitioner in a proceeding pursuant to ORS 138.510 to 138.680 has filed a notice of appeal from an appealable adverse final order or judgment of a circuit court and the person is without funds to pay for a transcript, or portion thereof, necessary to present adequately the case upon appeal, the person may request the executive director of the Oregon Public Defense Commission to have the transcript, or portion thereof, prepared for purposes of appeal. The following apply to a request under this subsection:

(a) The executive director shall authorize the preparation of a transcript after a court has determined that the person is eligible for court-appointed counsel or, if the person has not applied for court-appointed counsel, the person submits a statement of the person's assets, liabilities and income in the previous year and the director determines that the person is eligible for preparation of a transcript at state expense.

(b) The cost of the transcript preparation under paragraph (a) of this subsection shall be in the amount prescribed in ORS 21.345 and paid for as provided by the policies, procedures, standards and guidelines of the Oregon Public Defense Commission.

(4) After submission of the original brief by counsel, the executive director of the Oregon Public Defense Commission shall determine the cost of briefs and any other expenses of appellant, except transcripts, necessary to appellate review and a reasonable amount of compensation for counsel appointed under this section. Compensation payable to appointed counsel shall be as established under ORS 151.216. On any review by the Supreme Court of the judgment of the Court of Appeals the executive director shall similarly determine the costs of briefs and any other expenses necessary for review and a reasonable amount of compensation for counsel appointed under this section.

(5) Costs, expenses and compensation determined by the executive director of the Oregon Public Defense Commission under subsection (4) of this section shall be paid by the executive director from funds available for that purpose.

(6) If the executive director of the Oregon Public Defense Commission denies, in whole or in part, costs, expenses and compensation submitted for review and payment, the person who submitted the payment request may appeal the decision to the Chief Judge of the Court of Appeals, if the appeal is in the Court of Appeals, or to the Chief Justice of the Supreme Court, if the

appeal is in the Supreme Court. The Chief Judge, Chief Justice or the designee of the Chief Judge or Chief Justice, as appropriate, shall review the executive director's decision for abuse of discretion. The decision of the Chief Judge, the Chief Justice or the designee of the Chief Judge or Chief Justice is final.

(7) The provisions of this section shall apply in favor of the defendant in a criminal action or the petitioner in a proceeding pursuant to ORS 138.510 to 138.680 when the person is respondent in an appeal taken by the state in a criminal action or by the defendant in a proceeding pursuant to ORS 138.510 to 138.680.

(2) A petition for post-conviction relief may be filed by one person on behalf of another person who has been convicted of aggravated murder and sentenced to death only if the person filing the petition demonstrates by a preponderance of the evidence that:

Note:

Sections 1 and 2, chapter 368, Oregon Laws 2023, provide:

Sec. 1.

(1) Notwithstanding ORS 138.510 (3) and (4), at any time before December 30, 2024, a person may file a petition for

post-conviction relief under ORS 138.510 to 138.680 claiming, as grounds for relief, that the person was convicted of a criminal offense as the result of a nonunanimous jury verdict.

(2) ORS 138.550 does not apply to petitions for post-conviction relief described in this section.

(3)(a) Notwithstanding ORS 138.530, in a post-conviction relief proceeding claiming, as grounds for relief, that the person was convicted of a criminal offense as the result of a nonunanimous jury verdict, the petitioner has the burden of proving, by a preponderance of the evidence, that the conviction resulted from a nonunanimous jury verdict.

(b) Evidence that a jury verdict was nonunanimous is limited to:

(A) A verdict form;

(B) A written jury poll;

(C) An audio or video recording of the trial; or

(D) A transcript of the trial.

(c) Notwithstanding paragraph (b) of this subsection, if a recording or transcript of the trial reflects that the jury was polled after issuing the verdict, but either does not indicate or is ambiguous concerning whether the verdict was unanimous, the court may order a review in camera of the file of the district attorney, the defense attorney or the court, relating to the underlying conviction, and may consider any evidence concerning the jury's verdict within the file or files that the court determines to be credible.

(d) This subsection applies to petitions for post-conviction relief filed on or after the effective date of this 2023 Act [July 18, 2023].

(4) Notwithstanding ORS 138.520, if post-conviction relief is granted under this section, the court shall vacate the judgment as to the specific conviction that resulted from the nonunanimous jury verdict, or grant such other relief as stipulated by the parties.

(5) A petitioner with an appeal pending in an appellate court on the effective date of this 2023 Act, from a judgment on a petition under ORS 138.510 to 138.680, may by motion seek leave of the appellate court to vacate the judgment and remand to the circuit court so that the petitioner may file an amended petition indicating the petitioner's intent to proceed under the provisions of this section. Upon the receipt of such a motion, the appellate court may vacate the judgment and remand to the circuit court if:

(a) The petition asserted as grounds for relief either that the petitioner was convicted of a criminal offense as the result of a nonunanimous jury verdict, or that counsel was ineffective for a reason related to the petitioner's conviction resulting from a nonunanimous jury verdict; and

(b) The motion described in this subsection is filed within 90 days after the effective date of this 2023 Act.

(6) If a judgment of conviction is vacated on the grounds that the person was convicted of a criminal offense as the result of a nonunanimous jury verdict, upon retrial, if the trial court determines that evidence other than witness testimony that was previously admitted during the trial that resulted in the nonunanimous guilty verdict is unavailable because the evidence was lawfully destroyed or otherwise rendered unavailable through no fault of the state or the defendant, or that the evidence is unavailable despite reasonable efforts to preserve the evidence:

(a) The state may present in the state's case in chief or rebuttal case, and the defendant may present in the defendant's case in chief, a transcript or portion thereof, a recording of the prior proceeding or portion thereof, or any other previously admitted exhibit, concerning the unavailable evidence from the previous trial.

(b) The court shall instruct the jury:

(A) That the evidence is unavailable;

(B) That the jury may not attribute the unavailability to the state or the defendant, or fault either party for failing to produce the unavailable evidence; and

(C) That the jury may not speculate as to why the evidence is unavailable.

(c) The court may not instruct the jury pursuant to ORS 10.095 (7) or (8) regarding the transcripts, recordings of the prior proceeding or exhibits described in paragraph (a) of this subsection.

(7) Except as otherwise provided in this section, all provisions of ORS 138.510 to 138.680 apply to petitions for post-conviction relief described in this section.

(8) As used in this section, "conviction" includes a finding of guilty except for insanity. [2023 c.368 §1]

Sec. 2.

(1) Section 1 of this 2023 Act is repealed on January 2, 2026.

(2) The repeal of section 1 of this 2023 Act does not affect:

(a) A petition or amended petition for post-conviction relief described in section 1 of this 2023 Act filed within the time limitations described in section 1 of this 2023 Act.

(b) A retrial resulting from the vacating of a conviction pursuant to section 1 of this 2023 Act. [2023 c.368 §2]

### **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.520 - Relief which court may grant.**

The relief which a court may grant or order under ORS 138.510 to 138.680 shall include release, new trial, modification of sentence, and such other relief as may be proper and just. The court may also make supplementary orders to the relief granted, concerning such matters as rearrangement, retrial, custody and release on security. [1959 c.636 §2; 1999 c.1051 §258]

### **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.525 - Dismissal of meritless petition.**

- (1) The court may, on its own motion or on the motion of the defendant, enter a judgment denying a meritless petition brought under ORS 138.510 to 138.680.
- (2) As used in this section, "meritless petition" means one that, when liberally construed, fails to state a claim upon which post-conviction relief may be granted.
- (3) Notwithstanding ORS 138.650, a judgment dismissing a meritless petition is not appealable.
- (4) A dismissal is without prejudice if a meritless petition is dismissed without a hearing and the petitioner was not represented by counsel. [1993 c.517 §3]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.527 - Frivolous petition or response; attorney fees.**

- (1) In addition to any other relief a court may grant or order under ORS 138.510 to 138.680, the court shall award attorney fees to the prevailing party if the court finds that the other party's petition or response was frivolous.
- (2) An award of attorney fees under this section may not exceed \$100.
- (3) If the party required to pay attorney fees is an adult in the custody of a correctional institution, the fees may be drawn from, or charged against, the trust account of the adult in custody. [1995 c.657 §3; 2019 c.213 §23]

138.527 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 138 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.530 - When relief must be granted; executive clemency or pardon powers and original jurisdiction of Supreme Court in habeas corpus not affected.**

- (1) Post-conviction relief pursuant to ORS 138.510 to 138.680 shall be granted by the court when one or more of the following grounds is established by the petitioner:
  - (a) A substantial denial in the proceedings resulting in petitioner's conviction, or in the appellate review thereof, of petitioner's rights under the Constitution of the United States, or under the Constitution of the State of Oregon, or both, and which denial rendered the conviction void.
  - (b) Lack of jurisdiction of the court to impose the judgment rendered upon petitioner's conviction.
  - (c) Sentence in excess of, or otherwise not in accordance with, the sentence authorized by law for the crime of which petitioner was convicted; or unconstitutionality of such sentence.
  - (d) Unconstitutionality of the statute making criminal the acts for which petitioner was convicted.
- (2) Whenever a person petitions for relief under ORS 138.510 to 138.680, ORS 138.510 to 138.680 shall not be construed to deny relief where such relief would have been available prior to May 26, 1959, under the writ of habeas corpus, nor shall it be construed to affect any powers of executive clemency or pardon provided by law.
- (3) ORS 138.510 to 138.680 shall not be construed to limit the original jurisdiction of the Supreme Court in habeas corpus as provided in the Constitution of this state. [1959 c.636 §§3,5]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.540 - Petition for relief as exclusive remedy for challenging conviction; when petition may not be filed; abolition or availability of other remedies.**

- (1) Except as otherwise provided in ORS 138.510 to 138.680, a petition pursuant to ORS 138.510 to 138.680 shall be the exclusive means, after judgment rendered upon a conviction for a crime, for challenging the lawfulness of such judgment or the proceedings upon which it is based. The remedy created by ORS 138.510 to 138.680 does not replace or supersede the motion for new trial, the motion in arrest of judgment or direct appellate review of the sentence or conviction, and a petition for relief under ORS 138.510 to 138.680 shall not be filed while such motions or appellate review remain available. With the exception of habeas corpus, all common law post-conviction remedies, including the motion to correct the record, coram nobis, the motion for relief in the nature of coram nobis and the motion to vacate the judgment, are abolished in criminal cases.
- (2) When a person restrained by virtue of a judgment upon a conviction of crime asserts the illegality of the restraint upon grounds other than the unlawfulness of such judgment or the proceedings upon which it is based or in the appellate review thereof, relief shall not be available under ORS 138.510 to 138.680 but shall be sought by habeas corpus or other remedies, if any, as otherwise provided by law. As used in this subsection, such other grounds include but are not limited to unlawful revocation of parole or conditional pardon or completed service of the sentence imposed. [1959 c.636 §4]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.550 - Availability of relief as affected by prior judicial proceedings.**

The effect of prior judicial proceedings concerning the conviction of petitioner which is challenged in the petition shall be as specified in this section and not otherwise:

- (1) The failure of petitioner to have sought appellate review of the conviction, or to have raised matters alleged in the petition at the

trial of the petitioner, shall not affect the availability of relief under ORS 138.510 to 138.680. But no proceeding under ORS 138.510 to 138.680 shall be pursued while direct appellate review of the conviction of the petitioner, a motion for new trial, or a motion in arrest of judgment remains available.

(2) When the petitioner sought and obtained direct appellate review of the conviction and sentence of the petitioner, no ground for relief may be asserted by petitioner in a petition for relief under ORS 138.510 to 138.680 unless such ground was not asserted and could not reasonably have been asserted in the direct appellate review proceeding. If petitioner was not represented by counsel in the direct appellate review proceeding, due to lack of funds to retain such counsel and the failure of the court to appoint counsel for that proceeding, any ground for relief under ORS 138.510 to 138.680 which was not specifically decided by the appellate court may be asserted in the first petition for relief under ORS 138.510 to 138.680, unless otherwise provided in this section.

(3) All grounds for relief claimed by petitioner in a petition pursuant to ORS 138.510 to 138.680 must be asserted in the original or amended petition, and any grounds not so asserted are deemed waived unless the court on hearing a subsequent petition finds grounds for relief asserted therein which could not reasonably have been raised in the original or amended petition. However, any prior petition or amended petition which was withdrawn prior to the entry of judgment by leave of the court, as provided in ORS 138.610, shall have no effect on petitioner's right to bring a subsequent petition.

(4) Except as otherwise provided in this subsection, no ground for relief under ORS 138.510 to 138.680 claimed by petitioner may be asserted when such ground has been asserted in any post-conviction proceeding prior to May 26, 1959, and relief was denied by the court, or when such ground could reasonably have been asserted in the prior proceeding. However, if petitioner was not represented by counsel in such prior proceeding, any ground for relief under ORS 138.510 to 138.680 which was not specifically decided in the prior proceedings may be raised in the first petition for relief pursuant to ORS 138.510 to 138.680. Petitioner's assertion, in a post-conviction proceeding prior to May 26, 1959, of a ground for relief under ORS 138.510 to 138.680, and the decision of the court in such proceeding adverse to the petitioner, shall not prevent the assertion of the same ground in the first petition pursuant to ORS 138.510 to 138.680 if the prior adverse decision was on the ground that no remedy heretofore existing allowed relief upon the grounds alleged, or if the decision rested upon the inability of the petitioner to allege and prove matters contradicting the record of the trial which resulted in the conviction and sentence of the petitioner. [1959 c.636 §15]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.560 - Procedure upon filing petition for relief; filing fee; venue and transfer of proceedings.**

(1) A proceeding for post-conviction relief pursuant to ORS 138.510 to 138.680 shall be commenced by filing a petition with the clerk of the circuit court for the county in which the petitioner is imprisoned or, if the petitioner is not imprisoned, with the clerk of the circuit court for the county in which the petitioner's conviction and sentence was rendered. Except as otherwise provided in ORS 138.590, the petitioner must pay the filing fee established under ORS 21.135 at the time of filing a petition under this section. If the petitioner prevails, the petitioner shall recover the fee pursuant to the Oregon Rules of Civil Procedure. The clerk of the court in which the petition is filed shall enter and file the petition and bring it promptly to the attention of such court. A copy of the petition need not be served by petitioner on the defendant, but, in lieu thereof, the clerk of the court in which the petition is filed shall immediately forward a copy of the petition to the Attorney General or other attorney for the defendant named in ORS 138.570.

(2) For the purposes of ORS 138.510 to 138.680, a person released on parole, post-prison supervision or conditional pardon shall be deemed to be imprisoned in the institution from which the person was released.

(3) Except when petitioner's conviction was for a misdemeanor, the release of the petitioner from imprisonment during the pendency of proceedings instituted pursuant to ORS 138.510 to 138.680 shall not cause the proceedings to become moot. Such release of petitioner shall not change the venue of the proceedings out of the circuit court in which the proceedings were commenced and shall not affect the power of such court to transfer the proceedings as provided in subsection (4) of this section.

(4) Whenever the petitioner is imprisoned in a Department of Corrections institution and the circuit court for the county in which the petitioner is imprisoned finds that the hearing upon the petition can be more expeditiously conducted in the county in which the petitioner was convicted and sentenced, the circuit court upon its own motion or the motion of a party may order the petitioner's case to be transferred to the circuit court for the county in which petitioner's conviction and sentence were rendered. The court's order is not reviewable by any court of this state.

(5) When a petitioner who is imprisoned in a Department of Corrections institution is transferred to another Department of Corrections institution, the circuit court in which a post-conviction relief proceeding is pending may deny a motion for a change of venue to the county where the petitioner is transferred. The court's order is not reviewable by any court of this state. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.570 - Who shall be named as defendant; counsel for defendant.**

If the petitioner is imprisoned, the petition shall name as defendant the official charged with the confinement of petitioner. If the petitioner is not imprisoned, the defendant shall be the State of Oregon. Whenever the defendant is the superintendent of a Department of Corrections institution, the Attorney General shall act as the superintendent's attorney in the proceedings. Whenever the defendant is some other official charged with the confinement of petitioner, the district attorney of the county wherein the petitioner is imprisoned shall be the attorney for the defendant. Whenever petitioner is not imprisoned, counsel for the State of

Oregon as defendant shall be the district attorney of the county in which petitioner's conviction and sentence were rendered. Whenever the petitioner is released from imprisonment during the pendency of any proceedings pursuant to ORS 138.510 to 138.680, the State of Oregon shall be substituted as defendant. Upon such substitution, counsel for the original defendant shall continue to serve as counsel for the substituted defendant. [1959 c.636 §7; 1983 c.505 §15; 1987 c.320 §45]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.580 - Petition.**

The petition shall be certified by the petitioner. Facts within the personal knowledge of the petitioner and the authenticity of all documents and exhibits included in or attached to the petition must be sworn to affirmatively as true and correct. The Supreme Court, by rule, may prescribe the form of the certification. The petition shall identify the proceedings in which petitioner was convicted and any appellate proceedings thereon, give the date of entry of judgment and sentence complained of and identify any previous post-conviction proceedings that the petitioner has undertaken to secure a post-conviction remedy, whether under ORS 138.510 to 138.680 or otherwise, and the disposition thereof. The petition shall set forth specifically the grounds upon which relief is claimed and shall state clearly the relief desired. All facts within the personal knowledge of the petitioner shall be set forth separately from the other allegations of fact and shall be certified as provided in this section. Except as provided in rules adopted under ORS 1.002, affidavits, records or other documentary evidence supporting the allegations of the petition shall be attached to the petition. Argument, citations and discussion of authorities shall be omitted from the petition but may be submitted in a separate memorandum of law. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.585 - Access to confidential jury records.**

(1) A person who files a petition for post-conviction relief under ORS 138.510 to 138.680 and who seeks jury records that are confidential under ORS 10.215 must either include in the petition a request for access to the confidential records or file a motion in the proceedings seeking access to the confidential records. A motion under this subsection must be filed not later than 90 days before the hearing date for the petition, unless the court allows a later filing for good cause shown. The petition or motion, and any supporting affidavit for the petition or motion, must be served on the trial court administrator for the court that entered the judgment of conviction and on the State Court Administrator. The request for confidential records must:

- (a) Specify the purpose for which the jury records are sought; and
  - (b) Identify with particularity the relevant jury records sought to be released, including the type and time period of the records.
- (2) The court in the post-conviction relief proceeding may order release of the jury records if the court finds that:
- (a) The jury records sought are likely to produce evidence relevant to a claim of a substantial denial of the petitioner's rights under the Constitution of the United States, or under the Constitution of the State of Oregon, or both; and
  - (b) Production of the jury records is not unduly burdensome.
- (3) An order under subsection (2) of this section may include, but need not be limited to:
- (a) A requirement that the petitioner provide advance payment to the trial court administrator for the court that entered the judgment of conviction and, if applicable, the State Court Administrator for the reasonable costs of providing copies of the jury records; and
  - (b) Restrictions on further disclosure of the jury records including, but not limited to:
    - (A) A requirement that the petitioner return all originals and copies to the court at the conclusion of the proceeding;
    - (B) A requirement that the jury records may be used only for the purpose of supporting the petition for post-conviction relief;
    - (C) A prohibition against distributing the jury records to a person who is not an agent or representative of the petitioner; and
    - (D) A prohibition against contacting or attempting to contact the persons whose names appear on the jury records without specific authorization of the court.
- (4) The trial court administrator for the court that entered the judgment of conviction or the State Court Administrator may intervene at any time as a matter of right as to any issues relating to the release of jury records under this section.
- (5) The procedure established by this section is the exclusive means for compelling production of confidential jury records as evidence in post-conviction relief proceedings. The procedure established by ORS 10.275 is the exclusive means for compelling production of confidential jury records as evidence relevant to a challenge to a jury panel under ORS 136.005 or ORCP 57A. [2011 c.308 §2]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.590 - Petitioner may proceed as a financially eligible person.**

- (1) Any petitioner who is unable to pay the expenses of a proceeding pursuant to ORS 138.510 to 138.680 or to employ suitable counsel possessing skills and experience commensurate with the nature of the conviction and complexity of the case for the proceeding may proceed as a financially eligible person pursuant to this section upon order of the circuit court in which the petition is filed.
- (2) If the petitioner wishes to proceed as a financially eligible person, the person shall file with the petition an affidavit stating inability to pay the expenses of a proceeding pursuant to ORS 138.510 to 138.680, including, but not limited to, the filing fee required by ORS 138.560, or to employ suitable counsel for such a proceeding. The affidavit shall contain a brief statement of the petitioner's assets and liabilities and income during the previous year. If the circuit court is satisfied that the petitioner is unable to

pay such expenses or to employ suitable counsel, it shall order that the petitioner proceed as a financially eligible person. If the court finds that a petitioner who has been sentenced to death is not competent to decide whether to accept or reject the appointment of counsel, the court shall appoint counsel to represent the petitioner. However, when a circuit court orders petitioner's case transferred to another circuit court as provided in ORS 138.560 (4), the matter of petitioner's proceeding as a financially eligible person shall be determined by the latter court.

(3) If a petitioner who has been sentenced to death qualifies for the appointment of counsel under this section but rejects the appointment, the court shall determine, after a hearing if necessary, whether the petitioner rejected the offer of counsel and made the decision with an understanding of its legal consequences. The court shall make appropriate findings on the record.

(4) In the order to proceed as a financially eligible person, the circuit court shall appoint suitable counsel to represent petitioner. Counsel so appointed shall represent petitioner throughout the proceedings in the circuit court. The court may not substitute one appointed counsel for another except pursuant to the policies, procedures, standards and guidelines of the Oregon Public Defense Commission.

(5) If counsel appointed by the circuit court determines that the petition as filed by petitioner is defective, either in form or in substance, or both, counsel may move to amend the petition within 15 days following counsel's appointment, or within a further period as the court may allow. The amendment shall be permitted as of right at any time during this period. If appointed counsel believes that the original petition cannot be construed to state a ground for relief under ORS 138.510 to 138.680, and cannot be amended to state a ground for relief, counsel shall, in lieu of moving to amend the petition, inform the petitioner and notify the circuit court of counsel's belief by filing an affidavit stating the belief and the reasons therefor with the clerk of the circuit court. This affidavit does not constitute a ground for denying the petition prior to a hearing upon its sufficiency, but the circuit court may consider the affidavit in deciding upon the sufficiency of the petition at the hearing.

(6) When a petitioner has been ordered to proceed as a financially eligible person, the expenses which are necessary for the proceedings upon the petition in the circuit court and the compensation to appointed counsel for petitioner as provided in this subsection shall be paid by the executive director of the Oregon Public Defense Commission from funds available for the purpose. At the conclusion of proceedings on a petition pursuant to ORS 138.510 to 138.680, the executive director shall determine and pay, as provided by the policies, procedures, standards and guidelines of the Oregon Public Defense Commission, the amount of expenses of petitioner and compensation for the services of appointed counsel in the proceedings in the circuit court.

(7) If the executive director of the Oregon Public Defense Commission denies, in whole or in part, expenses and compensation submitted for review and payment, the person who submitted the payment request may appeal the decision to the presiding judge of the circuit court. The presiding judge or the designee of the presiding judge shall review the executive director's decision for abuse of discretion. The decision of the presiding judge or the designee of the presiding judge is final.

(8)(a) When a petitioner has been authorized to proceed as a financially eligible person, all court fees in the circuit court, except for the filing fee required by ORS 138.560, are waived.

(b) When a petitioner is allowed to file a petition without payment of the fee required by ORS 138.560 due to inability to pay, the fee is not waived but may be drawn from, or charged against, the petitioner's trust account if the petitioner is an adult in custody in a correctional facility.

(9) Notwithstanding any other provision of this chapter, a court may not appoint as counsel for a petitioner who has been sentenced to death a counsel who previously represented the petitioner at trial or on automatic and direct review in the case resulting in the death sentence unless the petitioner and the counsel expressly request continued representation. Within 30 days after the docketing of the petition, or within any further time the court may fix, the defendant shall respond by demurrer, answer or motion. No further pleadings shall be filed except as the court may order. The court may grant leave, at any time prior to entry of judgment, to withdraw the petition. The court may make appropriate orders as to the amendment of the petition or any other pleading, or as to the filing of further pleadings, or as to extending the time of the filing of any pleading other than the original petition. [1959 c.636 §11]

### **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.615 - Disclosure of witness information.**

(1) In any proceeding for post-conviction relief pursuant to ORS 138.510 to 138.680, a party shall provide to the other party, upon written request of the other party or an order of the court, the identity of and, except as provided in subsection (5) of this section, the contact information for any person who is a potential witness, whether the person may be called to testify at the proceeding or provide sworn written testimony.

(2) Unless otherwise ordered by the court, the disclosure required by subsection (1) of this section concerning any witness that a party may use at the proceeding to present evidence under ORS 40.410, 40.415 or 40.420 must be accompanied by a written report that is prepared and signed by the witness. The report must contain:

(a) A complete statement of all opinions the witness intends to assert as an expert witness; and

- (b) The data or other information considered by the witness in forming the opinions.
- (3) The disclosures required by subsections (1) and (2) of this section must be made according to timelines established by the court in each case.
- (4) Upon being apprised of any breach of the duty imposed under subsections (1) and (2) of this section, and after taking into account the reason, if any, for the breach and the prejudice, if any, to the other party, the court may grant a continuance, refuse to permit a witness not properly disclosed from testifying, refuse to receive in evidence the material not disclosed, impose costs incurred by the other party as a result of the breach or enter such other order as the court considers appropriate.
- (5) Unless ordered by the court, the defendant shall not disclose to the petitioner any personal identifiers, as defined in ORS 135.815, of the victim.
- (6) Upon the request of either party, the court may enter a protective order as provided in ORS 135.873. [2013 c.226 §2]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.620 - Hearing.**

- (1) After the response of the defendant to the petition, the court shall proceed to a hearing on the issues raised. If the defendant's response is by demurrer or motion raising solely issues of law, the circuit court need not order that petitioner be present at such hearing, as long as petitioner is represented at the hearing by counsel. At the hearing upon issues raised by any other response, the circuit court shall order that petitioner be present. Whenever the court orders that petitioner be present at the hearing, the court may order that petitioner appear by telephone or other communication device as provided in ORS 138.622 rather than in person.
- (2) If the petition states a ground for relief, the court shall decide the issues raised and may receive proof by affidavits, depositions, oral testimony or other competent evidence. The burden of proof of facts alleged in the petition shall be upon the petitioner to establish such facts by a preponderance of the evidence. [1959 c.636 §12; 1996 c.4 §4; 2003 c.261 §4]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.622 - Appearance by communication device.**

For the purpose of a court appearance under ORS 138.510 to 138.680, the court may approve the appearance of the parties, counsel for the parties or witnesses by telephone or other communication device approved by the court. However, the court may not approve the appearance of the petitioner or counsel for the petitioner by telephone or other communication device unless the facilities used enable the petitioner to consult privately with the petitioner's counsel during the proceedings. [2003 c.261 §3]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.625 - Victim testimony; contact with victim.**

- (1) A petitioner in a post-conviction relief proceeding may not compel a victim to testify, either by deposition, hearing or otherwise, unless the petitioner moves for an order of the court allowing a subpoena.
- (2) A copy of the motion for a subpoena under this section must be served on the counsel for the defendant.
- (3) The court may not grant an order allowing a subpoena under this section unless the petitioner can demonstrate good cause by showing that:
  - (a) The victim's testimony is material to the post-conviction relief proceeding;
  - (b) The testimony is favorable to the petitioner; and
  - (c) The testimony was not introduced at trial.
- (4) If the court grants an order allowing a subpoena under this section, upon a request by the victim for no personal contact between the parties, the court may allow the victim to appear by telephone or other communication device approved by the court.
- (5) If contacted by the petitioner or any agent of the petitioner, the victim must be clearly informed by the petitioner or other contacting agent, either in person or in writing, of the identity and capacity of the person contacting the victim, that the victim does not have to talk to the petitioner's attorney, or other agents of the petitioner, or provide other discovery unless the victim wishes, and that the victim may have a district attorney, assistant attorney general or other attorney or advocate present during any interview or other contact.
- (6) As used in this section, "victim" has the meaning given that term in ORS 135.970. [2007 c.470 §1; 2013 c.144 §2; 2019 c.399 §3]

  - (a) The right to have the victim's schedule taken into account in scheduling the post-conviction proceedings;
  - (b) The right to inspect, in advance of the post-conviction proceedings, any public record on which the disposition of the petition

will be based;

(c) The right to be heard, either orally or in writing, at the hearing;

(d) The right to consult with counsel for the state regarding the post-conviction proceeding, including, if applicable, notice of and the opportunity to consult regarding a settlement agreement; and

(e) The right to be informed by counsel for the state of the manner in which the petition was disposed.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.630 - Evidence of events occurring at trial of petitioner.**

In a proceeding pursuant to ORS 138.510 to 138.680, events occurring at the trial of petitioner may be shown by a duly authenticated transcript, record or portion thereof. If such transcript or record cannot be produced, the affidavit of the judge who presided at the trial setting forth the facts occurring at the trial shall be admissible in evidence when relevant. When necessary to establish any ground for relief specified in ORS 138.530, the petitioner may allege and prove matters in contradiction of the record of the trial of the petitioner. When the record is so contradicted, the defendant may introduce in evidence any evidence which was admitted in evidence at the trial to support the contradicted matter and may call witnesses whose testimony at such trial supported the contradicted matter. Whenever such evidence or such witnesses cannot be produced by defendant for any reason which is sufficient in the opinion of the court, such parts of the duly authenticated record of the trial as support the contradicted matter may be introduced in evidence by the defendant. A duly authenticated record of the testimony of any witness at the trial may be introduced in evidence to impeach the credibility of any testimony by the same witness in the hearing upon the petition. [1959 c.636 §13]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.640 - Judgment; enforcement.**

(1) After deciding the issues raised in the proceeding, the court shall enter a judgment denying the petition or granting the appropriate relief. The judgment may include orders as provided in ORS 138.520. The judgment must clearly state the grounds on which the cause was determined, and whether a state or federal question was presented and decided.

(2) If the court grants the petitioner relief, the judgment is not enforceable in the petitioner's favor until:

(a) The petitioner causes a certified copy of the judgment to be entered in the circuit court in which the petitioner's conviction and sentence were rendered; and

(b) The petitioner serves a certified copy of the judgment on the district attorney of the county in which the petitioner's conviction and sentence were rendered. [1959 c.636 §14; 2003 c.576 §245; 2007 c.193 §2]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.650 - Appeal.**

(1) Either the petitioner or the defendant may appeal to the Court of Appeals within 30 days after the entry of a judgment on a petition pursuant to ORS 138.510 to 138.680. The manner of taking the appeal and the scope of review by the Court of Appeals and the Supreme Court shall be the same as that provided by law for appeals in criminal actions, except that:

(a) The trial court may provide that the transcript contain only such evidence as may be material to the decision of the appeal; and

(b) With respect to ORS 138.081 (1), if petitioner appeals, petitioner shall cause the notice of appeal to be served on the attorney for defendant, and, if defendant appeals, defendant shall cause the notice of appeal to be served on the attorney for petitioner or, if petitioner has no attorney of record, on petitioner.

(2)(a) Upon motion of the petitioner, the Court of Appeals shall grant the petitioner leave to file a notice of appeal after the time limit described in subsection (1) of this section if:

(A) The petitioner, by clear and convincing evidence, shows that the failure to file a timely notice of appeal is not attributable to the petitioner personally; and

(B) The petitioner shows a colorable claim of error in the proceeding from which the appeal is taken.

(b) The request for leave to file a notice of appeal after the time limit described in subsection (1) of this section shall be filed no later than 90 days after entry of the judgment from which the petitioner seeks to appeal and shall be accompanied by the notice of appeal sought to be filed. A request for leave under this subsection may be filed by mail. The date of filing shall be the date of mailing if the request is mailed as provided in ORS 19.260.

(c) The Court of Appeals may not grant relief under this subsection unless the defendant has received notice of and an opportunity to respond to the petitioner's request for relief.

(3) A party cross-appealing shall serve and file the notice of cross-appeal:

(a) Within 10 days of the expiration of the time allowed in subsection (1) of this section; or

(b) If the petitioner's notice of appeal is filed pursuant to subsection (2) of this section, within 10 days of the expiration of the time allowed in subsection (2) of this section.

(4) An appeal under this section taken by the defendant stays the effect of the judgment. If the petitioner is incarcerated, the trial court may stay the petitioner's sentence pending the defendant's appeal and order conditional release or security release, in accordance with ORS 135.230 to 135.290, only if:

(a) The post-conviction court's judgment vacates the judgment of conviction or reduces the sentence or sentences imposed upon conviction;

(b) The petitioner has completed any other sentence of incarceration to which the petitioner is subject; and

(c) The petitioner otherwise would be entitled to immediate release from incarceration under the court's judgment.

(5) In an appeal under this section or to the United States Supreme Court, the Attorney General shall represent the defendant. [1959 c.636 §18; 1963 c.557 §1; 1969 c.198 §72; 1971 c.565 §26; 1987 c.852 §3; 2003 c.576 §246; 2007 c.193 §1; 2019 c.399 §4]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.660 - Summary affirmation of judgment; dismissal of appeal.**

In reviewing the judgment of the circuit court in a proceeding pursuant to ORS 138.510 to 138.680, the Court of Appeals on its own motion or on motion of respondent may summarily affirm, after submission of the appellant's brief and without submission of the respondent's brief, the judgment on appeal without oral argument if it finds that no substantial question of law is presented by the appeal. Notwithstanding ORS 2.570, the Chief Judge of the Court of Appeals may deny or, if the petitioner does not oppose the motion, grant a respondent's motion for summary affirmation. A dismissal of the appeal under this section shall constitute a decision upon the merits of the appeal. [1959 c.636 §19; 1963 c.557 §2; 1969 c.198 §73; 1995 c.295 §4]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.665 - Remand for reconsideration of judgment or order; appeal.**

(1) Upon joint motion of the parties to an appeal in a post-conviction relief proceeding, the court may vacate the judgment or order from which the appeal was taken and remand the matter to the circuit court to reconsider the judgment or order. Upon remand, the circuit court shall have jurisdiction to enter a revised judgment or order.

(2) After entry of a modified judgment or order on reconsideration, or upon reentry of the original judgment or order, either party may appeal in the same time and manner as an appeal from the original judgment or order. [2015 c.12 §1]

In the event that a new trial is ordered as the relief granted in a proceeding pursuant to ORS 138.510 to 138.680, a properly authenticated transcript of testimony in the first trial may be introduced in evidence to supply the testimony of any witness at the first trial who has since died or who cannot be produced at the new trial for other sufficient cause. Such transcript shall not be admissible in any other respect, except that the transcript of testimony of a witness at the first trial may be used at the new trial to impeach the testimony at the new trial by the same witness. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.686 - Automatic stay of sentence of death for federal appeal and state post-conviction relief.**

(1) The execution of a sentence of death is automatically stayed for 90 days following the effective date of an appellate judgment affirming the sentence of death on automatic and direct review.

(2) If the defendant files a petition for certiorari seeking United States Supreme Court review of the sentence of death within 90 days after the effective date of the appellate judgment or within such other time as allowed by the United States Supreme Court, execution of the sentence of death is automatically stayed until the United States Supreme Court denies the petition or grants the petition and resolves the merits.

(3) Upon final resolution of a petition for certiorari to the United States Supreme Court, execution of the sentence of death is automatically stayed for 30 days after the date the petition is resolved to allow the defendant to file a notice in the circuit court of the county in which the defendant is imprisoned attesting to the defendant's intent to file a petition for post-conviction relief. If the defendant files a first petition for post-conviction relief within 90 days after the notice provided for in this subsection, the execution of the sentence of death is stayed until the post-conviction petition is finally resolved. If a first petition for post-conviction relief is not filed within 90 days after the notice provided for in this subsection, the defendant may apply to the circuit court in which the notice was filed to extend the stay. The circuit court shall extend the stay for a reasonable time upon the defendant's showing that progress is being made in the preparation of the petition and that it will be filed within a reasonable time.

(4) If the defendant does not file a petition for certiorari seeking United States Supreme Court review of the sentence of death but does file a first petition for post-conviction relief within 90 days after the date upon which the appellate judgment becomes effective, execution of the sentence of death is stayed until the petition for post-conviction relief is finally resolved. **2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.690 - Commencement of DNA testing proceedings; discovery.**

(1) A person may file in the circuit court in which the judgment of conviction was entered a petition requesting the commencement of a DNA testing proceeding, and requesting that the court appoint an attorney for the purpose of determining whether to file a motion under ORS 138.692 for the performance of DNA testing on specific evidence, if the person has been convicted of aggravated murder or a felony in which DNA evidence could exist and is related to the investigation or prosecution that resulted in the judgment of conviction.

(2) After proceedings have been commenced under subsection (1) of this section:

(a) Upon motion of the person, the court shall order that the person be provided with a copy of property and evidence control and disposition records for all evidence related to the investigation or prosecution that resulted in the judgment of conviction. If forensic testing on the evidence has previously occurred, the court shall further order that the person be provided with access to the results of the testing and to any other written materials related to the testing, including reports, underlying data, notes and protocols.

(b) Upon motion of the person and a showing that good faith efforts to obtain discovery materials from prior defense counsel were made and were unsuccessful, the court shall order that the person be provided reasonable access to discovery materials in the possession of the district attorney and law enforcement agencies that the person would have received under ORS 135.815 prior to trial.

(3) At any time after a person files a petition under subsection (1) of this section, the person may file a motion to dismiss the proceeding on the grounds that the person does not wish to proceed with DNA testing. Upon receipt of the motion, the court shall dismiss the petition without prejudice.

(4) The court may not charge a fee for any filing under ORS 138.688 to 138.700.

(7) If the victim did not request notification under ORS 147.433, the district attorney may provide notification upon the filing of a petition under this section if the name and address of the victim are known to the district attorney. [2001 c.697 §1; 2005 c.759 §1; 2007 c.800 §1; 2015 c.564 §1; 2019 c.368 §3]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.692 - Motion for DNA testing; declaration; court order; costs.**

(1) After a person files a petition under ORS 138.690, the person may file a motion requesting the performance of DNA testing on evidence. The motion must be supported by:

(a) A declaration by the person made under penalty of perjury that the person is innocent of the offense for which the person was convicted; and

(b) A statement that:

(A) Identifies the evidence to be tested with as much specificity as is reasonably practicable. The evidence must have been secured in connection with the prosecution, including the investigation, that resulted in the conviction of the person;

(B) Includes the results of any previous DNA test of the evidence if a previous DNA test was conducted by either the prosecution or the defense;

(C)(i) The identity of the individual who committed the crime or conduct was at issue in the underlying prosecution; or

(ii) No crime occurred; and

(D) Explains, in light of all the evidence, how there is a reasonable probability that, had exculpatory results been available at the time of the underlying prosecution:

(i) The person would not have been prosecuted or convicted of the offense; or

(ii) There would have been a more favorable outcome to the underlying prosecution.

(2) Concurrently with the filing of a motion under this section, the person shall serve the district attorney with:

(a) A copy of any prior sworn testimony by the person concerning the underlying prosecution, including but not limited to affidavits, declarations, depositions and any testimony from the person in a prior post-conviction relief action challenging the conviction; or

(b) A document affirming that there are no prior sworn statements.

(3) A person may file a motion under this section notwithstanding the fact that the person pleaded guilty or no contest to the underlying conviction or, before or after conviction, made a confession or admission.

(4) Upon being served as described in subsection (2) of this section, the state shall answer the motion requesting the performance of DNA testing and may refute the basis for the motion.

(5) Upon the motion of a party or the court's own motion, the court may allow the testimony of witnesses if the testimony will assist the court in making its determination to grant or deny the motion requesting the performance of DNA testing. The court may not allow testimony from the victim of the offense without the consent of the victim.

(6) The court shall order the DNA testing requested in a motion under subsection (1) of this section if the court finds that:

(a) Unless the parties stipulate otherwise, the evidence to be tested has been subject to a chain of custody sufficient to establish that the evidence has not been altered in any material aspect;

(b) The motion is made for the purpose of demonstrating the innocence of the person of the offense and not to delay the execution of the sentence or administration of justice;

(c)(A) The identity of the individual who committed the crime or conduct was at issue in the underlying prosecution; or

(B) If the person alleges that no crime occurred, the testing could not have been obtained during the criminal proceedings with the exercise of reasonable diligence; and

(d) In light of all the evidence, there is a reasonable probability that, had exculpatory results been available at the time of the underlying prosecution, the person would not have been prosecuted or convicted of the offense.

(7) The court may order the DNA testing requested in a motion under subsection (1) of this section if the court finds that:

(a) Unless the parties stipulate otherwise, the evidence to be tested has been subject to a chain of custody sufficient to establish that the evidence has not been altered in any material aspect;

(b) The motion is made for the purpose of demonstrating the innocence of the person of the offense and not to delay the execution of the sentence or administration of justice;

(c)(A) The identity of the individual who committed the crime or conduct was at issue in the underlying prosecution; or

(B) If the person alleges that no crime occurred, the testing could not have been obtained during the criminal proceedings with the exercise of reasonable diligence; and

(d) In light of all the evidence, there is a reasonable probability that, had exculpatory results been available at the time of the underlying prosecution, there would have been a more favorable outcome to the underlying prosecution.

(8) In granting a motion under this section, the court may impose reasonable conditions designed to protect the interests of the state in the integrity of the evidence and the testing process.

(9)(a) If a motion is granted under this section, the district attorney shall notify the victim if the name and address of the victim are known to the district attorney.

(b) The district attorney may notify the victim of the results of DNA testing ordered under this section.

(10) Unless both parties agree or the court finds compelling circumstances otherwise, the court shall order the Department of State Police to conduct the DNA testing. The court may order a second test upon a showing that the state police failed to follow appropriate DNA protocols and that failure reasonably affected the accuracy of the DNA test.

(11) A party seeking entry into the National DNA Index System or State DNA Index System of any unknown DNA profile generated through DNA testing ordered under this section shall comply with ORS 138.700.

(12) The costs of DNA testing ordered under this section must be paid by:

(a) The person making the motion for DNA testing if the person is not incarcerated or, if the person is incarcerated, if the person is financially able to pay; or

(b) The state if counsel at state expense has been appointed under ORS 138.694.

(13) The laboratory conducting the DNA test shall provide access to the results of the test and to any other written materials related to the testing, including reports, underlying data, notes and protocols, to the person filing the motion and to the state.

(14) Notwithstanding the fact that an appeal of the conviction or a petition for post-conviction relief in the underlying case is pending at the time a motion is filed under this section, the circuit court shall consider the motion. If the court grants the motion, the court shall notify the court considering the appeal or post-conviction petition of that fact. When a court receives notice under this subsection, the court shall stay the appeal or post-conviction proceedings pending the outcome of the motion filed under this section and any further proceedings resulting from the motion.

(15) The court shall make written findings when issuing an order under this section. [2001 c.697 §2; 2005 c.759 §2; 2007 c.800 §2; 2015 c.564 §2; 2019 c.368 §4]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.698 - Effect of setting aside conviction on plea agreement.**

When a conviction has been set aside as the result of evidence obtained through DNA testing conducted under ORS 138.692, the prosecution of any offense that was dismissed or not charged pursuant to a plea agreement that resulted in the conviction that has been set aside may be commenced within the later of:

(1) The period of limitation established for the offense under ORS 131.125 to 131.155; or

(2) Notwithstanding ORS 131.125 and 131.155, two years after the date the conviction was set aside. [2005 c.759 §3; 2019 c.368 §10]

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 138 - Appeals; Post-Conviction Relief Section 138.700 - Entry of unidentified profile into DNA databases; motion for laboratory evaluation; court order.**

(1) If DNA testing ordered under ORS 138.692 produces an unidentified DNA profile, upon motion of a party the court may order an NDIS-participating laboratory within this state to:

(a) Enter the DNA profile into the National DNA Index System; or

(b) Enter the DNA profile into the State DNA Index System if the profile meets all applicable requirements.

(2) Notwithstanding subsection (1)(a) of this section, the DNA profile shall only be compared to the National DNA Index System if the state administrator of the Combined DNA Index System determines that:

(a) The forensic sample has a nexus to the crime scene, is probative, and was suitable for analysis;

(b) The DNA profile was generated through a technology that complies with all requirements in the NDIS manual and federal standards; and

(c) The DNA profile meets all requirements in the NDIS manual for entry.

(3)(a) If a party to post-conviction DNA testing proceedings seeks to conduct the testing at a nonparticipating laboratory and intends to have any DNA profile resulting from the testing submitted to the National DNA Index System or the State DNA Index System, the party may identify an NDIS-participating laboratory within this state and request the court, by motion, to order the NDIS-participating laboratory to evaluate whether the nonparticipating laboratory is in compliance with federal standards for the purpose of uploading DNA profiles to CODIS. The party shall provide notice of the requested order to the opposing party and to the NDIS-participating laboratory identified in the motion.

(b) The state may appear on the motion as a party to post-conviction DNA testing proceedings or on behalf of the NDIS-participating laboratory if the laboratory is a public entity.

(4) The court may order the NDIS-participating laboratory to conduct an evaluation pursuant to subsection (3) of this section if the moving party demonstrates and the court finds that:

(a)(A) The NDIS-participating laboratory is not able to, or for practical reasons has determined not to, perform the specific testing and analysis sought by the moving party;

(B) The NDIS-participating laboratory's testing and analysis would not be substantially equivalent to testing and analysis by the nonparticipating laboratory; or

(C) Testing and analysis by the NDIS-participating laboratory would not otherwise be appropriate;

(b) The evaluation will not delay investigations or unduly burden the resources of the NDIS-participating laboratory; and

(c) There is a reasonable likelihood that the evaluation would result in a finding that:

(A) The nonparticipating laboratory is in compliance with federal standards; and

(B) If a DNA profile is generated from testing by the nonparticipating laboratory, the profile would meet all requirements in the NDIS manual and federal standards.

(5) If the court orders an evaluation of a nonparticipating laboratory under subsection (4) of this section, within 120 days of receiving the court order, the NDIS-participating laboratory shall comply with the order as follows:

(a) The NDIS-participating laboratory may conduct the evaluation by obtaining and reviewing the records of an on-site visit and assessment of the nonparticipating laboratory previously conducted by the Federal Bureau of Investigation or an NDIS-participating laboratory.

(b) If a previously conducted on-site visit and assessment were not conducted within a time frame required by federal law, the results of the previously conducted on-site visit and assessment are unavailable, or the nonparticipating laboratory is not in compliance with other applicable standards, the NDIS-participating laboratory may:

(A) Evaluate the nonparticipating laboratory by conducting a new on-site visit and assessment, provided that:

(i) The ability to conduct the new on-site visit and assessment is within the limits of available resources of the NDIS-participating laboratory;

(ii) The nonparticipating laboratory agrees to cooperate with the new on-site visit and assessment; and

(iii) The moving party bears the costs associated with the new on-site visit and assessment; or

(B) Notify the court of the inability to evaluate the nonparticipating laboratory by conducting a new on-site visit and assessment due to the available resources of the NDIS-participating laboratory, a refusal by the nonparticipating laboratory to cooperate with the on-site visit and assessment or the refusal by the moving party to bear the costs associated with the new on-site visit and assessment.

(6) A determination by the NDIS-participating laboratory as to whether the nonparticipating laboratory is in compliance with federal standards is not subject to judicial review.

(7) Should any provision of a court order under this section be determined to violate federal law, the NDIS manual, or any memorandum of understanding between the Federal Bureau of Investigation and the Department of State Police concerning forensic laboratories, that portion of the order shall be considered unenforceable and the remaining portions of the order remain in effect.

- (1)(a) If a prisoner is sentenced to terms of imprisonment that are consecutive to one another and result from crimes committed during the period before the prisoner's first initial parole hearing, or if a prisoner is sentenced to terms of imprisonment that are consecutive to one another and result from crimes committed during the period between any two initial parole hearings, the total term resulting from the crimes committed during each such separate period shall be determined by the State Board of Parole and Post-Prison Supervision as follows, except as provided in subsection (2) of this section, and the total terms so determined shall then be summed as provided in ORS 144.783 (1):
  - (A) First, the board shall establish the appropriate range for the felony determined by the board, according to its rules, to be the most serious of the felonies committed during the period. If two or more felonies are determined to be equally the most serious, the board shall establish the appropriate range under this paragraph only for one of those felonies.
  - (B) Second, the board shall establish a range for each of the remaining felonies committed during the same period. For purposes of establishing the ranges for the remaining felonies under this paragraph, the board shall not consider prior criminal history.
  - (C) Third, the board shall determine the total range applicable in the offender's case for crimes committed during the same period by summing the ranges established under subparagraph (B) of this paragraph with the range established under subparagraph (A) of this paragraph and shall determine an appropriate term within that range.
  - (D) Finally, the board shall vary the term determined under subparagraph (C) of this paragraph according to rules established under ORS 144.785 (1), if the board finds aggravating or mitigating factors in the case. The board shall consider as an aggravating factor the fact that the prisoner has been sentenced to consecutive terms of imprisonment.
- (b) Whenever a prisoner is committed to the custody of the Department of Corrections for a crime that was committed during a period already considered at an initial parole hearing and upon a sentence consecutive to any sentence imposed for crimes committed during that period, the board shall conduct a hearing to consider the previously unconsidered crime. The hearing shall be a hearing supplemental to the original initial hearing concerning crimes committed during the period. Time limitations and other procedural provisions applicable to initial hearings shall apply to a supplemental hearing under this subsection. Upon conclusion of the supplemental hearing, the board shall redetermine the appropriate total term for the period. The redetermination shall be conducted de novo under the provisions of subsection (2) of this section.
- (2) The method established by this section for determining, where applicable, the total term resulting from the summing of consecutive sentences shall apply only if none of the crimes involved is:

- (a) Murder in any degree, as defined in ORS 163.107 or 163.115, or any aggravated form thereof;
- (b) Assault in the first degree, as defined in ORS 163.185;
- (c) Kidnapping in the first degree, as defined in ORS 163.235;
- (d) Rape in the first degree, as defined in ORS 163.375;
- (e) Sodomy in the first degree, as defined in ORS 163.405;
- (f) Unlawful sexual penetration, as defined in ORS 163.411;
- (g) Arson in the first degree, as defined in ORS 164.325; or
- (h) Treason, as defined in ORS 166.005.

(3) The duration of imprisonment pursuant to consecutive sentences may be less than the sum of the terms under subsection (1) of this section if the board finds, by affirmative vote of a majority of three board members or, if the chairperson requires all voting members to participate, a majority of all voting members, that consecutive sentences are not appropriate penalties for the criminal offenses involved and that the combined terms of imprisonment are not necessary to protect community security.

(4) The board shall use the method set forth in subsections (1) to (3) of this section to determine the parole release date for any person serving a sentence in the custody of the Department of Corrections for crimes committed before or after July 11, 1987. [1987 c.634 §§4,7; 1989 c.641 §1; 1991 c.126 §4; 1991 c.386 §7; 2015 c.820 §42; 2019 c.635 §12]

The rules adopted by the board may not allow the imposition of more than 24 months of imprisonment as a sanction without a subsequent hearing to determine whether additional imprisonment is appropriate. A subsequent hearing must follow the same procedures as those used in an initial hearing under ORS 144.108.

(5) The rules adopted under subsection (1) of this section must provide that the total time served in Department of Corrections institutions by an offender who is sanctioned under the rules, including the time served on the initial sentence and all periods of incarceration served as sanctions in Department of Corrections institutions, may not exceed the greater of:

(a) The length of incarceration plus the length of post-prison supervision imposed by the court unless the offender was sentenced under ORS 137.765;

(b) A maximum term of imprisonment imposed by the court; or

(c) If the offender was sentenced under ORS 137.765, the length of the maximum statutory indeterminate sentence for the crime of conviction.

(6) As used in this section, "Department of Corrections institutions" has the same meaning given that term in ORS 421.005. [1997 c.525 §2; 1999 c.163 §6; 2006 c.1 §6]

(1) If the violation of post-prison supervision is new criminal activity or if the supervisory authority finds that the continuum of sanctions is insufficient punishment for a violation of the conditions of post-prison supervision, the supervisory authority may:

(a) Impose the most restrictive sanction available, including incarceration in jail;

(b) Request the State Board of Parole and Post-Prison Supervision to impose a sanction under subsection (2) of this section; or

(c) Request the board to impose a sanction under ORS 144.107.

(2) If so requested, the board or its designated representative shall hold a hearing to determine whether incarceration in a jail or state correctional facility is appropriate. Except as otherwise provided by rules of the board and the Department of Corrections concerning parole and post-prison supervision violators, the board may impose a sanction up to the maximum provided by rules of the Oregon Criminal Justice Commission. In conducting a hearing pursuant to this subsection, the board or its designated representative shall follow the procedures and the offender shall have all the rights described in ORS 144.343 and 144.347 relating to revocation of parole.

(3) A person who is ordered to serve a term of incarceration in a jail or state correctional facility as a sanction for a post-prison supervision violation is not eligible for:

(a) Earned credit time as described in ORS 169.110 or 421.121;

(b) Transitional leave as defined in ORS 421.168; or

(c) Temporary leave as described in ORS 169.115 or 421.165 (1987 Replacement Part).

(4) A person who is ordered to serve a term of incarceration in a state correctional facility as a sanction for a post-prison supervision violation shall receive credit for time served on the post-prison supervision violation prior to the board's imposition of the term of incarceration. When a person has been sentenced as a sexually violent dangerous offender under ORS 137.765, the maximum period of local custody to which the State Board of Parole and Post-Prison Supervision or the local supervisory authority may sanction the offender for any violation of post-prison supervision is 180 days. Notwithstanding ORS 161.605, the sanction may be imposed repeatedly during the term of the post-prison supervision for subsequent post-prison supervision violations. (1)(a) Within six months of the admission of a prisoner to any Department of Corrections institution, with the exception of those prisoners sentenced to a term of imprisonment for life or for more than five years, the State Board of Parole and Post-Prison Supervision shall conduct a parole hearing to interview the prisoner and set the initial date of release on parole pursuant to subsection (2) of this section. For those prisoners sentenced to a term of imprisonment for more than five years but less than 15 years, the board shall conduct the parole hearing and set the initial date of release within eight months following admission of the prisoner to the institution. For those prisoners sentenced to a term of imprisonment for life or for 15 years or more, with the exception of those sentenced for aggravated murder or murder, the board shall conduct the parole hearing, and shall set the initial release date, within one year following admission of the prisoner to the institution. Release shall be contingent upon satisfaction of the requirements of ORS 144.125.

(b) Those prisoners sentenced to a term of imprisonment for less than 15 years for commission of an offense designated by rule by the board as a non person-to-person offense may waive their rights to the parole hearing. When a prisoner waives the parole hearing, the initial date of release on parole may be set administratively by the board pursuant to subsections (2) to (6) of this section. If the board is not satisfied that the waiver was made knowingly or intelligently or if it believes more information is necessary before making its decision, it may order a hearing.

(2) In setting the initial parole release date for a prisoner pursuant to subsection (1) of this section, the board shall apply the appropriate range established pursuant to ORS 144.780. Variations from the range shall be in accordance with ORS 144.785.

(3) In setting the initial parole release date for a prisoner pursuant to subsection (1) of this section, the board shall consider the presentence investigation report specified in ORS 144.791 or, if no such report has been prepared, a report of similar content prepared by the Department of Corrections.

(4) Notwithstanding subsection (1) of this section, in the case of a prisoner whose offense included particularly violent or otherwise dangerous criminal conduct or whose offense was preceded by two or more convictions for a Class A or Class B felony or whose record includes a psychiatric or psychological diagnosis of severe emotional disturbance such as to constitute a danger to the health or safety of the community, the board may choose not to set a parole date.

(5) After the expiration of six months after the admission of the prisoner to any Department of Corrections institution, the board may defer setting the initial parole release date for the prisoner for a period not to exceed 90 additional days pending receipt of psychiatric or psychological reports, criminal records or other information essential to formulating the release decision.

(6) When the board has set the initial parole release date for a prisoner, it shall inform the sentencing court of the date. (1) After the initial parole release date has been set under ORS 144.120 and after a minimum period of time established by the State Board of Parole and Post-Prison Supervision under subsection (2)(a) of this section, the prisoner may request that the parole release date be reset to an earlier date. The board may grant the request upon a determination by the board that continued incarceration is

cruel and inhumane and that resetting the release date to an earlier date is not incompatible with the best interests of the prisoner and society and that the prisoner:

- (a) Has demonstrated an extended course of conduct indicating outstanding reformation;
  - (b) Suffers from a severe medical condition including terminal illness; or
  - (c) Is elderly and is permanently incapacitated in such a manner that the prisoner is unable to move from place to place without the assistance of another person.

- (a) Establishing minimum periods of time to be served by prisoners before application may be made for a reset of release date under subsection (1) of this section;
  - (b) Detailing the criteria set forth under subsection (1) of this section for the resetting of a parole release date; and

(1) Prior to the scheduled release of any prisoner on parole and prior to release rescheduled under this section, the State Board of Parole and Post-Prison Supervision may upon request of the Department of Corrections or on its own initiative interview the prisoner to review the prisoner's parole plan and psychiatric or psychological report, if any, and the record of the prisoner's conduct during confinement. To accommodate such review by the board, the Department of Corrections shall provide to the board any psychiatric or psychological reports held by the department regarding the prisoner. However, if the psychiatrist or psychologist who prepared any report or any treating psychiatrist or psychologist determines that disclosure to the prisoner of the contents of the report would be detrimental to the prisoner's mental or emotional health, the psychiatrist or psychologist may indorse upon the report a recommendation that it not be disclosed to the prisoner. The department may withhold from the board any report so indorsed.

(2) The board shall postpone a prisoner's scheduled release date if it finds, after a hearing, that the prisoner engaged in serious misconduct during confinement. The board shall adopt rules defining serious misconduct and specifying periods of postponement for such misconduct.

(3)(a) If the board finds the prisoner has a present severe emotional disturbance such as to constitute a danger to the health or safety of the community, the board may order the postponement of the scheduled parole release until a specified future date. The board may not postpone a prisoner's scheduled release date to a date that is less than two years, or more than 10 years, from the date of the hearing, unless the prisoner would be held beyond the maximum sentence. The board shall determine the scheduled release date, and the prisoner may petition for interim review, in accordance with ORS 144.280.

(b) If the board finds the prisoner has a present severe emotional disturbance such as to constitute a danger to the health or safety of the community, but also finds that the prisoner can be adequately controlled with supervision and mental health treatment and that the necessary supervision and treatment are available, the board may order the prisoner released on parole subject to conditions that are in the best interests of community safety and the prisoner's welfare.

(4) Each prisoner shall furnish the board with a parole plan prior to the scheduled release of the prisoner on parole. The board shall adopt rules specifying the elements of an adequate parole plan and may defer release of the prisoner for not more than three months if it finds that the parole plan is inadequate. The Department of Corrections shall assist prisoners in preparing parole plans. [1977

(1) The State Board of Parole and Post-Prison Supervision may advance the release date of a prisoner who was sentenced in accordance with rules of the Oregon Criminal Justice Commission or ORS 161.610. (a) Suffering from a severe medical condition including terminal illness; or

(b) Elderly and permanently incapacitated in such a manner that the prisoner is unable to move from place to place without the assistance of another person.

(1)(a) Within six months after commitment to the custody of the Department of Corrections of any person sentenced under ORS 161.725 and 161.735 as a dangerous offender, the State Board of Parole and Post-Prison Supervision shall set a date for a parole consideration hearing instead of an initial release date as otherwise required under ORS 144.120 and 144.125. The parole consideration hearing date shall be the time the prisoner would otherwise be eligible for parole under the board's rules.

(b)(A) At the parole consideration hearing, the prisoner shall be given a release date in accordance with the rules of the board if the board finds the prisoner no longer dangerous or finds that the prisoner remains dangerous but can be adequately controlled with supervision and mental health treatment and that the necessary resources for supervision and treatment are available to the prisoner. If the board is unable to make such findings, a review will be conducted no less than two years, and no more than 10 years, from the date of the previous review, until the board is able to make such findings, at which time release on parole shall be ordered if the prisoner is otherwise eligible under the rules.

(B) The board may not grant the prisoner a review hearing that is more than two years from the date of the previous hearing unless the board finds that it is not reasonable to expect that the prisoner would be granted a release date before the date of the subsequent hearing.

(C) The board shall determine the date of the review hearing in accordance with rules adopted by the board. Rules adopted under this subparagraph must be based on the foundation principles of criminal law described in section 15, Article I of the Oregon Constitution.

(D) In no event shall the prisoner be held beyond the maximum sentence less good time credits imposed by the court.

(c) Nothing in this section precludes a prisoner from submitting a request for a parole consideration hearing prior to the earliest time the prisoner is eligible for parole. If the board grants a prisoner a review hearing that is more than two years from the date of the previous hearing, the prisoner may submit a request for an interim review hearing not earlier than the date that is two years from the date of the previous hearing and at intervals of not less than two years thereafter. Should the board find, based upon a request described in this paragraph, that there is a reasonable cause to believe that the prisoner is no longer dangerous or that necessary supervision and treatment are available based upon the information provided in the request, it shall conduct a review as soon as is reasonably convenient.

(d) When the board grants a prisoner a review hearing that is more than two years from the date of the previous hearing and when the board denies a petition for an interim hearing, the board shall issue a final order. The order shall be accompanied by findings of fact and conclusions of law. The findings of fact shall consist of a concise statement of the underlying facts supporting the findings as to each contested issue of fact and as to each ultimate fact required to support the board's order. Unless the prisoner bears the burden of persuasion, the order shall include findings necessary to deny the prisoner a release date for any period of time when the prisoner would be presumed to be eligible for a release date.

(2) For the parole consideration hearing, the board shall cause to be brought before it and consider all information regarding such person. The information shall include:

(a) The written report of the examining psychiatrist or psychologist which shall contain all the facts necessary to assist the State Board of Parole and Post-Prison Supervision in making its determination. The report of the examining psychiatrist or psychologist shall be made within two months of the date of its consideration; and

(b) A written report to be made by the executive officer of the Department of Corrections institution in which the person has been confined. The executive officer's report shall contain:

(A) A detailed account of the person's conduct while confined, all infractions of rules and discipline, all punishment meted out to the person and the circumstances connected therewith, as well as the extent to which the person has responded to the efforts made in the institution to improve the person's mental and moral condition.

(B) A statement as to the person's present attitude toward society, toward the sentencing judge, toward the prosecuting district attorney, toward the arresting police officer and toward the person's previous criminal career.

(C) The work and program record of the person while in or under the supervision of the Department of Corrections. The program history shall include a summary of any psychological or substance abuse treatment and other activities that will assist the board in understanding the psychological adjustment and social skills and habits of the person and that will assist the board in determining the likelihood for successful community reentry. (1) A person sentenced under ORS 161.725 and 161.735 as a dangerous offender for felonies committed on or after November 1, 1989, shall be considered for release to post-prison supervision. The offender is eligible for release to post-prison supervision after having served the required incarceration term established under ORS 161.737.

(2) The State Board of Parole and Post-Prison Supervision shall hold a release hearing no later than 10 days prior to the date on which the offender becomes eligible for release on post-prison supervision as provided in subsection (1) of this section.

(3) The dangerous offender's eligibility for and release to post-prison supervision shall be determined in a manner consistent with the procedures and criteria required by ORS 144.228 for the parole determination process applicable to dangerous offenders sentenced for crimes committed prior to November 1, 1989.

(4) An offender released under this section shall serve the remainder of the sentence term imposed under ORS 161.725, 161.735 and 161.737 on post-prison supervision, however:

(a) Notwithstanding ORS 137.010 or the rules of the Oregon Criminal Justice Commission, the State Board of Parole and Post-Prison Supervision may sanction an offender to the supervision of the local authority for a maximum period of 180 days for any supervision violation. The sanction may be imposed repeatedly during the term of post-prison supervision for subsequent supervision violations.

(b) After release under this section, the board may at any time return the offender to prison and require the offender to submit to a psychiatric or psychological examination as provided for in ORS 144.226. If the board finds that the offender's dangerousness has returned and cannot be adequately controlled with supervision and mental and physical health treatment, or that resources for supervision and treatment are not available to the offender, the board may defer the offender's release from prison for an indefinite period of time. An offender returned to prison under this paragraph is entitled to periodic reviews for possible release to post-prison supervision as provided by subsection (3) of this section. - (B) A victim may request imposition of the special condition of parole described in this paragraph at the time of sentencing in person or through the prosecuting attorney. A victim's request may be included in the judgment document.
- (C) If the board imposes the special condition of parole described in this paragraph and if at any time during the period of parole the victim moves to within three miles of the parolee's residence, the board may not require the parolee to change the parolee's residence in order to comply with the special condition of parole.

- (6)(a) When the board grants a person parole from the custody of the Department of Corrections, the board shall order, as a condition of parole, that the person reside for the first six months in the county that last supervised the person, if the person was on active supervision as an adult for a felony at the time of the offense that resulted in the imprisonment.

- (D) If the person is being rereleased after revocation of parole, the county of residence shall be determined according to the date of the arrest resulting in a conviction of the underlying offense.
- (E) In determining the person's county of residence, a conviction for an offense that the adult in custody committed while incarcerated in a state correctional institution may not be considered.
- (d) Upon motion of the board, the supervisory authority, the person paroled, a victim or a district attorney, the board may waive the residency condition under paragraph (b) of this subsection only after making a finding that one of the following conditions has been met:
- (A) The person provides proof of employment with no set ending date in a county other than the county of residence determined under paragraph (c) of this section;
  - (B) The person is found to pose a significant danger to a victim of the person's crime residing in the county of residence, or a victim or victim's family residing in the county of residence is found to pose a significant danger to the person;

Whenever the State Board of Parole and Post-Prison Supervision orders the release on parole of an adult in custody who has been ordered to pay compensatory fines pursuant to ORS 137.101 or to make restitution pursuant to ORS 137.106, but with respect to whom payment of all or a portion of the fine or restitution was suspended until the release of the adult in custody from imprisonment, the board may establish a schedule by which payment of the compensatory fine or restitution shall be resumed. - (1)(a) If the State Board of Parole and Post-Prison Supervision denies parole to a prisoner sentenced for a crime committed prior to November 1, 1989, the board may not grant the prisoner a subsequent hearing that is less than two years, or more than 10 years, from the date parole is denied, unless the two-year period would exceed the maximum sentence imposed by the court.
- (b) The board may not grant the prisoner a hearing that is more than two years from the date parole is denied unless the board finds

that it is not reasonable to expect that the prisoner would be granted parole before the date of the subsequent hearing.

(1) The State Board of Parole and Post-Prison Supervision shall have the power to appoint attorneys, at board expense, to represent indigent parolees and offenders on post-prison supervision if the request and determination provided in ORS 144.343 (3)(f) have been made.

(2) Upon completion of the parole or post-prison supervision revocation hearing, the board shall determine whether the person for whom counsel was appointed pursuant to subsection (1) of this section is able to pay a portion of the attorney fees to be paid by the board. In determining whether the person is able to pay such portion, the board shall take into account the other financial obligations of the person, including any existing fines or orders to make restitution. (1) The State Board of Parole and Post-Prison Supervision may suspend the parole or post-prison supervision of any person under its jurisdiction upon being informed and having reasonable grounds to believe that the person has violated the conditions of parole or post-prison supervision and may order the arrest and detention of such person. The written order of the board is sufficient warrant for any law enforcement officer to take into custody such person. A sheriff, municipal police officer, constable, parole and probation officer, prison official or other peace officer shall execute the order.

(2) The board or its designated representative may proceed to hearing as provided in ORS 144.343 without first suspending the parole or post-prison supervision or ordering the arrest and detention of any person under its jurisdiction upon being informed and having reasonable grounds to believe that the person under its jurisdiction has violated a condition of parole and that revocation of parole may be warranted or that the person under its jurisdiction has violated a condition of post-prison supervision and that incarceration for the violation may be warranted.

(1) In addition to the authority granted under ORS 144.331 and 144.370, the State Board of Parole and Post-Prison Supervision may authorize the use of citations to direct alleged parole or post-prison supervision violators to appear before the board or its designated representative. The following apply to the use of citations under this section:

(a) The board may authorize issuance of citations only by officers who are permitted under ORS 144.350 to arrest and detain.

(b) Nothing in this subsection limits the authority, under ORS 144.350, of a supervising officer or other officer to arrest an alleged parole or post-prison supervision violator.

(2) The board may impose any conditions upon an authorization under this section that the board considers appropriate. The conditions may include, but are not limited to, requirements that citation authority be sought on a case-by-case basis, citation authority be granted in all cases that meet certain conditions, citation authority be allowed for certain types of cases or designation of certain cases be made where citations shall not be used.

(3) The cited offender shall appear before the board or its designated representative at the time, date and place specified in the citation. (1) A person over whom the State Board of Parole and Post-Prison Supervision exercises its jurisdiction may seek judicial review of a final order of the board as provided in this section if:

(a) The person is adversely affected or aggrieved by a final order of the board; and

(b) The person has exhausted administrative review as provided by board rule.

(2) A person requesting administrative review shall provide the person's current mailing address in the request. The board shall mail its order disposing of the request for administrative review to the person at that address, unless the person has otherwise notified the board in writing of a change of address.

(3) The order of the board need not be in any special form, and the order is sufficient for purposes of judicial review if it appears that the board acted within the scope of the board's authority. The Court of Appeals may affirm, reverse or remand the order on the same basis as provided in ORS 183.482 (8). The filing of the petition shall not stay the board's order, but the board may do so, or the court may order a stay upon application on such terms as it deems proper.

(4) If a person described in subsection (1) of this section seeks judicial review of a final order of the board, the person shall file a

petition for judicial review with the Court of Appeals within 60 days after the date the board mails the order disposing of the person's request for administrative review. The person shall serve a copy of the petition for judicial review on the board.  
(5) Within 30 days after being served with a copy of the petition for judicial review, or such further time as the court may allow, the board shall:

- (a) Submit to the court the record of the proceeding or, if the petitioner agrees, a shortened record; and
- (b) Deliver a copy of the record to the petitioner or the petitioner's attorney, if the petitioner is represented by an attorney.
- (6) At any time after submission of the petitioner's brief, the court, on its own motion or on motion of the board, without submission of the board's brief and without oral argument, may summarily affirm the board's order if the court determines that the judicial review does not present a substantial question of law. Notwithstanding ORS 2.570, the Chief Judge, or other judge of the Court of Appeals designated by the Chief Judge, may, on behalf of the Court of Appeals, deny or, if the petitioner does not oppose the motion, grant the board's motion for summary affirmance. A summary affirmance under this subsection constitutes a decision on the merits of the petitioner's issues on judicial review.
- (7) During the pendency of judicial review of an order, if the board withdraws the order for the purpose of reconsideration and thereafter issues an order on reconsideration, and the petitioner wishes to proceed with the judicial review, the petitioner need not seek administrative review of the order on reconsideration and need not file a new petition for judicial review. The petitioner shall file, within a time established by the court, a notice of intent to proceed with judicial review.
- (8) In the case of disputed allegations of irregularities in procedure before the board not shown in the record that, if proved, would warrant reversal or remand, the Court of Appeals may refer the allegations to a master appointed by the court to take evidence and make findings of fact upon them.
- (9) If the court determines that a brief filed by the petitioner, when liberally construed, fails to state a colorable claim for review, the court may order the petitioner to pay, in addition to the board's recoverable costs, attorney fees incurred by the board not to exceed \$100. If the petitioner moves to dismiss the petition prior to a summary affirmance described in subsection (6) of this section, the court may not award costs or attorney fees to the board.
- (10) Upon request by the board, the Department of Corrections may draw from or charge to the petitioner's trust account and pay to the board the amount of any costs or attorney fees awarded to the board by the court in any judicial review under this section.
- (11) If the petitioner prevails on judicial review and is represented by an attorney funded by the Oregon Public Defense Commission, any recoverable costs shall be paid to the commission. (1) When the State Board of Parole and Post-Prison Supervision or its designated representative has been informed and has reasonable grounds to believe that a person under its jurisdiction has violated a condition of parole and that revocation of parole may be warranted, the board or its designated representative shall conduct a hearing as promptly as convenient to determine whether there is probable cause to believe a violation of one or more of the conditions of parole has occurred and also conduct a parole violation hearing if necessary. Evidence received and the order of the court at a preliminary hearing under ORS 135.070 to 135.225 may be used by the board to determine the existence of probable cause. A waiver by the defendant of any preliminary hearing shall also constitute a waiver of probable cause hearing by the board. The location of the hearing shall be reasonably near the place of the alleged violation or the place of confinement.

(2) The board may:

- (a) Reinstate or continue the alleged violator on parole subject to the same or modified conditions of parole;
  - (b) Revoke parole and require that the parole violator serve the remaining balance of the sentence as provided by law;
  - (c) Impose sanctions as provided in ORS 144.106; or
  - (d) Delegate the authority, in whole or in part, granted by this subsection to its designated representative as provided by rule.
- (3) Within a reasonable time prior to the hearing, the board or its designated representative shall provide the parolee with written notice which shall contain the following information:
- (a) A concise written statement of the suspected violations and the evidence which forms the basis of the alleged violations.
  - (b) The parolee's right to a hearing and the time, place and purpose of the hearing.
  - (c) The names of persons who have given adverse information upon which the alleged violations are based and the right of the parolee to have such persons present at the hearing for the purposes of confrontation and cross-examination unless it has been determined that there is good cause for not allowing confrontation.
  - (d) The parolee's right to present letters, documents, affidavits or persons with relevant information at the hearing unless it has been determined that informants would be subject to risk of harm if their identity were disclosed.
  - (e) The parolee's right to subpoena witnesses under ORS 144.347.
  - (f) The parolee's right to be represented by counsel and, if indigent, to have counsel appointed at board expense if the board or its designated representative determines, after request, that the request is based on a timely and colorable claim that:
    - (A) The parolee has not committed the alleged violation of the conditions upon which the parolee is at liberty;
    - (B) Even if the violation is a matter of public record or is uncontested, there are substantial reasons which justify or mitigate the violation and make revocation inappropriate and that the reasons are complex or otherwise difficult to develop or present; or
    - (C) The parolee, in doubtful cases, appears to be incapable of speaking effectively on the parolee's own behalf.
  - (g) That the hearing is being held to determine:
    - (A) Whether there is probable cause to believe a violation of one or more of the conditions of parole has occurred; and
    - (B) If there is probable cause to believe a violation of one or more of the conditions of parole has occurred:
      - (i) Whether to reinstate parole;
      - (ii) Whether to continue the alleged violator on parole subject to the same or modified conditions of parole; or
      - (iii) Whether to revoke parole and require that the parole violator serve a term of imprisonment consistent with ORS 144.346.
- (4) At the hearing the parolee shall have the right:
- (a) To present evidence on the parolee's behalf, which shall include the right to present letters, documents, affidavits or persons with relevant information regarding the alleged violations;
  - (b) To confront witnesses against the parolee unless it has been determined that there is good cause not to allow confrontation;
  - (c) To examine information or documents which form the basis of the alleged violation unless it has been determined that

informants would be subject to risk of harm if their identity is disclosed; and

(d) To be represented by counsel and, if indigent, to have counsel provided at board expense if the request and determination provided in subsection (3)(f) of this section have been made. If an indigent's request is refused, the grounds for the refusal shall be succinctly stated in the record.

(5) Within a reasonable time after the preliminary hearing, the parolee shall be given a written summary of what transpired at the hearing, including the board's or its designated representative's decision or recommendation and reasons for the decision or recommendation and the evidence upon which the decision or recommendation was based. If an indigent parolee's request for counsel at board expense has been made in the manner provided in subsection (3)(f) of this section and refused, the grounds for the refusal shall be succinctly stated in the summary.

(6)(a) The parolee may admit or deny the violation without being physically present at the hearing if the parolee appears before the board or its designee by means of simultaneous television transmission allowing the board to observe and communicate with the parolee and the parolee to observe and communicate with the board or by telephonic communication allowing the board to communicate with the parolee and the parolee to communicate with the board.

(b) Notwithstanding paragraph (a) of this subsection, appearance by simultaneous television transmission or telephonic communication shall not be permitted unless the facilities used enable the parolee to consult privately with counsel during the proceedings.

(7) If the board or its designated representative has determined that there is probable cause to believe that a violation of one or more of the conditions of parole has occurred, the hearing shall proceed to receive evidence from which the board may determine whether to reinstate or continue the alleged parole violator on parole subject to the same or modified conditions of parole or revoke parole and require that the parole violator serve a term of imprisonment as provided by ORS 144.346.

(8) At the conclusion of the hearing if probable cause has been determined and the hearing has been held by a member of the board or by a designated representative of the board, the person conducting the hearing shall transmit the record of the hearing, together with a proposed order including findings of fact, recommendation and reasons for the recommendation to the board. The parolee or the parolee's representative shall have the right to file exceptions and written arguments with the board. The right to file exceptions and written arguments may be waived. After consideration of the record, recommendations, exceptions and arguments a quorum of the board shall enter a final order including findings of fact, its decision and reasons for the decision. (1) Except as provided in subsection (2) of this section, whenever the State Board of Parole and Post-Prison Supervision considers an alleged parole violator and finds such person has violated one or more conditions of parole and evidence offered in mitigation does not excuse or justify the violation, the board may revoke parole.

(2) When a person released on parole or post-prison supervision is convicted of a crime and sentenced to a term of imprisonment at any institution of the Department of Corrections or its counterpart under the laws of the United States or any other state, such conviction and sentence shall automatically terminate the person's parole or post-prison supervision as of the date of the sentence order. (1)(a) A person convicted of an offense or offenses committed when the person was under 18 years of age, who is serving a sentence of imprisonment for the offense or offenses, is eligible for release on parole or post-prison supervision as provided in this section after the person has served 15 years of imprisonment.

(b) Nothing in this section is intended to prevent a person from being released prior to serving 15 years of imprisonment under any other provision of law.

(c) As used in this subsection, "served 15 years of imprisonment" means that 15 years have passed since the person began serving the sentence, including pretrial incarceration but not including any reduction in sentence under ORS 421.121 or any other statute.

(2) This section applies notwithstanding ORS 144.110 or the fact that the person was:

(a) Sentenced to a minimum sentence under ORS 163.105, 163.107, 163.115 or 163.155.

(b) Sentenced to a mandatory minimum sentence under ORS 137.700, 137.707 or 137.717, a determinate sentence under ORS 137.635 or a sentence required by any other provision of law.

(c) Sentenced to two or more consecutive sentences under ORS 137.123.

(3) When a person eligible for release on parole or post-prison supervision as described in subsection (1) of this section has served 15 years of imprisonment, the State Board of Parole and Post-Prison Supervision shall hold a hearing. The hearing must provide the person a meaningful opportunity to be released on parole or post-prison supervision.

(4) The board may require the person, before holding a hearing described in this section, to be examined by a psychiatrist or psychologist with expertise in adolescent development. Within 60 days of the evaluation, the examining psychiatrist or psychologist shall file a written report of the findings and conclusions of the examination with the board. A certified copy of the report shall be provided to the person and the person's attorney.

(5) During a hearing under this section, the board shall consider and give substantial weight to the fact that a person under 18 years of age is incapable of the same reasoning and impulse control as an adult and the diminished culpability of minors as compared to that of adults. The board shall also consider the following circumstances, if relevant to the specific person and offense:

(a) The age and immaturity of the person at the time of the offense.

(b) Whether and to what extent an adult was involved in the offense.

(c) The person's family and community circumstances at the time of the offense, including any history of abuse, trauma and involvement in the juvenile dependency system.

(d) The person's subsequent emotional growth and increased maturity during the person's imprisonment.

(e) The person's participation in rehabilitative and educational programs while in custody if such programs have been made

available to the person and use of self-study for self-improvement.

(f) A mental health diagnosis.

(g) Any other mitigating factors or circumstances presented by the person.

(6) Under no circumstances may the board consider the age of the person as an aggravating factor.

(7) If the board finds that, based on the consideration of the age and immaturity of the person at the time of the offense and the person's behavior thereafter, the person has demonstrated maturity and rehabilitation, the board shall release the person as follows:

(a) For a person sentenced under ORS 163.105, 163.107, 163.115 or 163.155, the board shall set a release date that is not more than 60 days from the date of the hearing and, notwithstanding section 28, chapter 790, Oregon Laws 1989, the person shall be released on parole in accordance with ORS 144.125, 144.260 and 144.270.

(b) A person sentenced to a term of imprisonment under a provision of law other than ORS 163.105, 163.107, 163.115 or 163.155 shall be released on post-prison supervision in accordance with ORS 144.096 and 144.098 within 60 days of the date of the hearing.

(8) Unless the context requires otherwise, the provisions of ORS 144.260 to 144.380 apply to a person released on parole under subsection (7)(a) of this section.

(9) If the board determines that the person has not demonstrated maturity and rehabilitation under subsection (7) of this section, the board may postpone a subsequent hearing to a date that is at least two years but no more than 10 years from the date of the hearing.

(10) The person may waive a hearing under this section. Notwithstanding waiver of the hearing, the board shall hold a hearing under this section upon the person's written request.

(11) The board shall provide notice of the hearing to:

(a) The district attorney of the county in which the person was convicted; and

(b) The victim of any offense for which the person is serving a sentence, if the victim requests to be notified and furnishes the board with a current address.

(12) A person has the right to counsel, including counsel appointed at board expense, at a hearing under this section.

(13) The board may adopt rules to carry out the provisions of this section. [2019 c.634 §25; 2019 c.635 §3d]

due notice and an opportunity to be heard. Upon completion of the hearing, the department shall enter an order for the return or restoration of the things seized.

The Legislative Assembly hereby approves and the Governor is authorized to enter into a compact on behalf of this state with any other state or states legally joining therein in the form substantially as follows:

---

**ARTICLE I**

**PURPOSE**

(a) The compacting states to this interstate compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the bylaws and rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner and, when necessary, return offenders to the originating jurisdictions. The compacting states also recognize that the United States Congress, by enacting 4 U.S.C. 112, has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

(b) It is the purpose of this compact and the Interstate Commission created under this compact, through means of joint and cooperative action among the compacting states: To provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits and obligations of the compact among the compacting states.

(c) In addition, this compact is intended to: Create an Interstate Commission that will establish uniform procedures to manage the movement between states of offenders placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities or corrections or other criminal justice agencies that will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials and regular reporting of compact activities to the heads of State Councils, the state executive, judicial and legislative branches and the criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct noncompliance; and coordinate training and education on the regulation of interstate movement of offenders for officials involved in such activity.

(d) The compacting states recognize that there is no right of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision, subject to the provisions of this compact and the bylaws and rules promulgated under this compact. It is the policy of the compacting states that the activities conducted by the Interstate Commission are intended to formulate public policy and are therefore public business.

## ARTICLE VII

### ACTIVITIES OF

### THE INTERSTATE COMMISSION

(a) The Interstate Commission shall meet and take such actions as are consistent with the provisions of this compact.

(b) Except as otherwise provided in this compact and unless a greater percentage is required under the bylaws, in order to constitute an act of the Interstate Commission, such act shall have been taken at a meeting of the Interstate Commission and shall have received an affirmative vote of a majority of the members present.

(c) Each member of the Interstate Commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the Interstate Commission. A member shall vote in person on behalf of the compacting state and shall not delegate a vote to another compacting state. However, the Director of the Department of Corrections may designate another individual, in the absence of the director, to cast a vote on behalf of the director at a specified meeting. The bylaws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication. Any voting conducted by telephone or other means of telecommunication or electronic communication shall be subject to the same quorum requirements of meetings where members are present in person.

(d) The Interstate Commission shall meet at least once during each calendar year. The chairperson of the Interstate Commission may call additional meetings at any time and, upon the request of a majority of the members, shall call additional meetings.

(e) The Interstate Commission's bylaws shall establish conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure any information or official records to the extent the information or records would adversely affect personal privacy rights or proprietary interests. In promulgating such rules, the Interstate Commission may make available to law enforcement agencies records and information otherwise exempt from disclosure, and may enter into agreements with law enforcement agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(f) Public notice shall be given of all meetings, and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission shall promulgate rules consistent with the principles contained in the Government in the Sunshine Act, 5 U.S.C. 552, as amended. The Interstate Commission and any of its committees may close a meeting to the public when the Interstate Commission determines by two-thirds vote that an open meeting would be likely to:

(1) Relate solely to the Interstate Commission's internal personnel practices and procedures;

(2) Disclose matters specifically exempted from disclosure by statute;

(3) Disclose trade secrets or commercial or financial information that is privileged or confidential;

(4) Involve accusing any person of a crime or formally censuring any person;

(5) Disclose information of a personal nature when such disclosure would constitute a clearly unwarranted invasion of personal privacy;

(6) Disclose investigatory records compiled for law enforcement purposes;

(7) Disclose information contained in or related to examination, operating or condition reports prepared by, or on behalf of or for the use of, the Interstate Commission with respect to a regulated entity for the purpose of regulation or supervision of such entity;

(9) Specifically relate to the Interstate Commission's issuance of a subpoena or its participation in a civil action or proceeding.

(g) For every meeting closed pursuant to subsection (f) of this Article, the Interstate Commission's chief legal officer shall publicly certify that, in the officer's opinion, the meeting may be closed to the public and shall make reference to each relevant provision authorizing closure of the meeting. The Interstate Commission shall keep minutes that fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any action taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

(h) The Interstate Commission shall collect standardized data concerning the interstate movement of offenders as directed through its bylaws and rules that specify the data to be collected, the means of collection and data exchange and reporting requirements.

#### ARTICLE VIII

##### RULEMAKING FUNCTIONS

##### OF THE INTERSTATE COMMISSION

(a) The Interstate Commission shall promulgate rules in order to effectively and efficiently achieve the purposes of the compact, including transition rules governing administration of the compact during the period in which it is being considered and enacted by the states.

(b) Rulemaking shall occur pursuant to the criteria set forth in this Article and the bylaws and rules adopted pursuant thereto. Such rulemaking shall substantially conform to the principles of the federal Administrative Procedure Act, 5 U.S.C. 551 et seq., and the Federal Advisory Committee Act, 5 U.S.C. Appendix 2, section 1 et seq., as amended. All rules and amendments shall become binding as of the date specified in each rule or amendment.

(c) If a majority of the legislatures of the compacting states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

(d) When promulgating a rule, the Interstate Commission shall:

(1) Publish the proposed rule, stating with particularity the text of the rule that is proposed and the reason for the proposed rule;

(2) Allow persons to submit written data, facts, opinions and arguments, which information shall be publicly available;

(3) Provide an opportunity for an informal hearing; and

(4) Promulgate a final rule and its effective date, if appropriate, based on the rulemaking record. Not later than 60 days after a rule is promulgated, any interested person may file a petition in the United States District Court for the District of Columbia or in the federal district court where the Interstate Commission's principal office is located for judicial review of the rule. If the court finds that the Interstate Commission's action is not supported by substantial evidence in the rulemaking record, the court shall hold the rule unlawful and set it aside. For purposes of this subsection, evidence is substantial if it would be considered substantial evidence under the federal Administrative Procedure Act, 5 U.S.C. 551 et seq., and the Federal Advisory Committee Act, 5 U.S.C. Appendix 2, section 1 et seq., as amended.

(e) Rules related to the following subjects must be addressed within 12 months after the first meeting of the Interstate Commission:

(1) Notice to victims and opportunity to be heard;

(2) Offender registration and compliance;

(3) Violations and returns;

(4) Transfer procedures and forms;

(5) Eligibility for transfer;

(6) Collection of restitution and fees from offenders;

(7) Data collection and reporting;

(8) The level of supervision to be provided by the receiving state;

(9) Transition rules governing the operation of the compact and the Interstate Commission during all or part of the period between the effective date of the compact and the date on which the last eligible state adopts the compact; and

(10) Mediation, arbitration and dispute resolution.

(f) The existing rules governing the operation of the previous compact superseded by this compact shall be null and void 12 months after the first meeting of the Interstate Commission created under this compact.

(g) Upon determination by the Interstate Commission that an emergency exists, the Interstate Commission may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided in this Article shall be retroactively applied to said rule as soon as reasonably possible, but no later than 90 days after the effective date of the rule.

#### ARTICLE IX

(2) The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact that may affect the powers, responsibilities or actions of the Interstate Commission, the Interstate Commission shall be entitled to receive all service of process in any such proceeding and shall have standing to

(2) The Interstate Commission shall attempt to resolve any disputes or other issues that are subject to the compact and that may arise among compacting states and noncompacting states. The Interstate Commission shall enact a bylaw or promulgate a rule providing for both mediation and binding dispute resolution for disputes among the compacting states.

(c) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact using any or all means set forth in Article XII (b) of this compact.

(b) The Interstate Commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the Interstate Commission and its staff, which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each compacting state. The Interstate Commission shall promulgate a rule binding upon all compacting states that governs said assessment.

(c) The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same, nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

(d) The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

(e)(1) The Interstate Compact for Adult Offender Supervision Fund is established, separate and distinct from the General Fund. All moneys in the fund are continuously appropriated to the Department of Corrections to be used for the purposes of meeting financial obligations imposed on the State of Oregon as a result of the state's participation in this compact.

(2) An assessment levied or any other financial obligation imposed under this compact is effective against the State of Oregon only to the extent that moneys to pay the assessment or meet the financial obligation have been appropriated and deposited in the fund established in paragraph (1) of this subsection.

#### ARTICLE XI

##### COMPACTING STATES, EFFECTIVE DATE AND AMENDMENT

(a) Any state, as defined in Article II of this compact, is eligible to become a compacting state.

(b) The compact shall become effective and binding upon legislative enactment of the compact into law by no fewer than 35 of the states. The initial effective date shall be the later of July 1, 2001, or upon enactment into law by the 35th jurisdiction. Thereafter, the compact shall become effective and binding, as to any other compacting state, upon enactment of the compact into law by that state. The governors of noncompacting states or their designees may be invited to participate in Interstate Commission activities on a non-voting basis prior to adoption of the compact by all states.

(c) Amendments to the compact may be proposed by the Interstate Commission for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

#### ARTICLE XII

##### WITHDRAWAL, DEFAULT,

##### TERMINATION AND

##### JUDICIAL ENFORCEMENT

(a)(1) Once effective, the compact shall continue in force and remain binding upon each and every compacting state, provided that a compacting state may withdraw from the compact by specifically repealing the statute that enacted the compact into law.

(2) The effective date of withdrawal is the effective date of the repeal of the statute that enacted the compact into law.

(3) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

(4) The withdrawing state is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

(5) Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

(b)(1) If the Interstate Commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact or the bylaws or rules of the Interstate Commission, the Interstate Commission may impose any or all of the following penalties:

- (i) Fines, fees and costs in such amounts as are deemed to be reasonable as fixed by the Interstate Commission;
  - (ii) Remedial training and technical assistance as directed by the Interstate Commission;
  - (iii) Suspension and termination of membership in the compact. Suspension shall be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted. Immediate notice of suspension shall be given by the Interstate Commission to the governor, the chief justice or chief judicial officer of the defaulting state; the majority and minority leaders of the defaulting state's legislature, and the state council.
- (2) The grounds for default include, but are not limited to, failure of a compacting state to perform obligations or responsibilities imposed upon it by this compact or the Interstate Commission bylaws or rules. The Interstate Commission shall immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission on the defaulting state pending a cure of the default. The Interstate Commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of suspension. Within 60 days of the effective date of termination of a defaulting state, the Interstate Commission shall notify the governor, the chief justice or chief judicial officer of the defaulting state, the majority and minority leaders of the defaulting state's legislature and the State Council of such termination.
- (3) The defaulting state is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including any obligations, the performance of which extend beyond the effective date of termination.
- (4) The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon between the Interstate Commission and the defaulting state. Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.
- (c) The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district court where the Interstate Commission has its principal office to enforce compliance with the provisions of the compact, its rules or bylaws against any compacting state in default. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.
- (d)(1) The compact dissolves effective upon the date of the withdrawal or default of the compacting state that reduces membership in the compact to one compacting state.
- (2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

#### ARTICLE XIII

##### SEVERABILITY AND CONSTRUCTION

- (a) The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.
- (b) The provisions of this compact shall be liberally construed to effectuate its purposes.

#### ARTICLE XIV

##### BINDING EFFECT OF COMPACT AND OTHER LAWS

- (a)(1) Nothing in this compact prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.
- (2) The laws of the State of Oregon, other than the Oregon Constitution, that conflict with this compact are superseded to the extent of the conflict.
- (b)(1) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the State of Oregon unless contrary to the Oregon Constitution.
- (2) All agreements between the Interstate Commission and the compacting states are binding in accordance with their terms.
- (3) Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the compacting states, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.
- (4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers or jurisdiction are delegated by law in effect at the time this compact becomes effective.
- (c) The State of Oregon is bound by the bylaws and rules promulgated under this compact only to the extent that the operation of the bylaws and rules does not impose an obligation exceeding any limitation on state power or authority contained in the Oregon Constitution as interpreted by the state courts of Oregon.

**2023 Oregon Revised Statutes Volume : 04 - Criminal Procedure, Crimes Chapter 144 - Parole; Post-Prison Supervision; Work Release; Executive Clemency; Standards for Prison Terms and Parole; Presentence Reports Section 144.610 - Out-of-state supervision of parolees; contract with other states.**

The Governor of this state may execute a compact on behalf of the State of Oregon with any of the United States joining therein in the form substantially as follows:

---

A compact entered into by and among the contracting states signatory hereto with the consent of the Congress of the United States of America granted by an Act entitled, "An Act Granting the Consent of Congress to any Two or More States to Enter into Agreements or Compacts for Cooperative Effort and Mutual Assistance in the Prevention of Crime and for Other Purposes."

The contracting states agree:

(1) That the judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any person convicted of an offense within such state and placed on probation or released on parole to reside in any other state party to this compact (herein called "receiving state") while on a probation or parole, if:

(a) Such person is in fact a resident of, or has the family of the person residing within, the receiving state and can obtain employment there;

(b) Though not a resident of the receiving state and not having the family of the person residing there, the receiving state consents to such person being sent there.

Before granting such permission, opportunity shall be granted to the receiving state to investigate the home and prospective employment of such person.

A resident of the receiving state, within the meaning of this section, is one who has been an actual inhabitant of such state continuously for more than one year prior to coming to the sending state and has not resided within the sending state more than six continuous months immediately preceding the commission of the offense for which the person has been convicted.

(2) That each receiving state shall assume the duties of visitation of and supervision over probationers or parolees of any sending state and in the exercise of those duties will be governed by the same standards that prevail for its own probationers and parolees.

(3) That duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any person on probation or parole. For that purpose no formalities will be required other than establishing the authority of the officer and the identity of the person to be retaken. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived on the part of states party hereto as to such persons. The decision of the sending state to retake a person on probation or

parole shall be conclusive upon, and not reviewable within, the receiving state; provided, however, that if at the time when a state seeks to retake a probationer or parolee there is pending against the probationer or parolee within the receiving state any criminal charge or if the probationer or parolee is suspected of having committed within such state a criminal offense, the probationer or parolee shall not be retaken without the consent of the receiving state until discharged from prosecution or from imprisonment for such offense.

(4) That the duly accredited officers of the sending state will be permitted to transport prisoners being retaken through any and all states party to this compact without interference.

(5) That the Governor of each state may designate an officer who, acting jointly with like officers of other contracting states, if and when appointed, shall promulgate such rules and regulations as may be deemed necessary to more effectively carry out the terms of this compact.

(6) That this compact shall become operative immediately upon its execution by any state as between it and any other state so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

(7) That this compact shall continue in force and remain binding upon each executing state until renounced by it. (1)(a) Before any person or other legal entity pays or delivers the proceeds of a compensable crime to any individual charged with or convicted of committing such a crime in this state or found guilty except for insanity with regard to such a crime, or to a representative or assignee of that individual, the person or legal entity shall promptly notify the Department of Justice and pay or deliver to the department the proceeds that would otherwise be paid to the individual charged, convicted or found guilty except for insanity, or the representative or assignee of the individual.

(b) When any person or other legal entity contracts to pay the proceeds of the compensable crime to any individual charged with or convicted of committing such a crime in this state or found guilty except for insanity with regard to such a crime, or whenever any person or other legal entity contracts with a representative or assignee of that individual to pay the proceeds of the compensable crime committed by that individual, the person or legal entity shall promptly submit a copy of the contract to the Department of Justice and pay to the department any proceeds which otherwise, under the terms of the contract, would be paid to the accused or convicted individual, the person found guilty except for insanity or the representative or assignee of the individual.

(2) The department shall deposit proceeds received under this section in an escrow account established for the benefit of the victims or dependents of the victims of the crime for which the individual whose proceeds are placed in the escrow account is convicted or found guilty except for insanity. Proceeds in the escrow account shall be paid to satisfy judgments as provided in subsection (3) of this section or restitution orders under ORS 137.103 to 137.109.

(3) A person is entitled to payment of proceeds from the escrow account established under this section if:

(a) The person is the victim or a dependent of a deceased victim of a compensable crime for which the individual whose proceeds are placed in the escrow account is convicted or found guilty except for insanity; and

(b) Within five years after the establishment of the escrow account, the person commences a civil action against such individual in a court of competent jurisdiction and receives a money judgment for damages suffered as a result of the crime.

(4) The department, at least once every year for five years from the date it establishes the escrow account, shall cause to have

published a legal notice in a newspaper of general circulation in the county in which the crime was committed and in the counties adjoining such county advising victims that the escrow proceeds are available to satisfy judgments pursuant to this section. The department may, in its discretion, provide for such additional notice as it considers necessary.

(5) Upon dismissal of charges or acquittal of any individual whose proceeds are placed in an escrow account under this section, the department shall immediately pay such individual the proceeds in the escrow account.

(6) Upon a showing by any convicted individual or the individual found guilty except for insanity that five years have elapsed from the establishment of the escrow account in which the individual's proceeds have been placed under this section and that no civil actions by victims or dependents of deceased victims of the individual's crime have been commenced, the department shall immediately pay any proceeds in the escrow account to such individual or the legal representative of the individual.

(7) Any action taken by an individual charged with or convicted of committing a compensable crime in this state, including, but not limited to, execution of a power of attorney or creation of a corporate entity, to defeat the purpose of this section is null and void. Any action taken by an individual found guilty except for insanity with regard to a compensable crime in this state is similarly null and void.

(8) When an escrow account has insufficient funds to meet all judgments presented by victims or their representatives, the escrow account shall be prorated among the victims or their representatives on the basis of the amounts of the unsatisfied judgments or partially satisfied judgments. There shall be no payment from the escrow account to a victim or a victim's representative until either the amounts of all unsatisfied judgments are determined, or it is determined that the payment for an unsatisfied judgment will not diminish the escrow account so that other potential victim claims could not be satisfied.

(9)(a) The Department of Justice may notify any person whom the department believes to be in possession of the proceeds of a compensable crime, or to have contracted to pay the proceeds of a compensable crime as described in subsection (1) of this section, of the requirements of this section.

(b) Any person who disputes whether that person either possesses or has contracted to pay the proceeds of a compensable crime may ask for a contested case hearing on the question before the department. The hearing shall be conducted in accordance with the provisions of ORS chapter 183.

(10) Notwithstanding subsection (9) of this section, the Department of Justice may seek provisional remedies, including garnishment or injunctive relief, to prevent the payment of money or property which the department asserts to be the proceeds of a compensable crime to an individual charged with or convicted of committing such a crime in this state or found guilty except for insanity with regard to such a crime, or to the representative or assignee of that individual, until the character of the property or money is determined.

(11) The Department of Justice may adopt rules to carry out the purposes of this section.

(12) As used in this section, "proceeds of a compensable crime" means any property or assets, tangible or intangible:

(a) That are obtained during the commission of the compensable crime; or

(b) That are obtained after commission of the crime primarily because of commission of the compensable crime.

(13) As used in this section, "proceeds of a compensable crime" does not include property or assets that have been forfeited pursuant to law or that constitute contraband. It also does not include property or assets in which the individual charged or convicted of committing a compensable crime has no legal or equitable interest. We, the people of the State of Oregon, declare that victims of crime are entitled to fair and impartial treatment in our criminal justice system. The purpose of chapter 2, Oregon Laws 1987, is to declare to our legislature and our courts that victims' rights shall be protected at each stage of the criminal justice system. We reject the notion that a criminal defendant's rights must be superior to all others. By chapter 2, Oregon Laws 1987, we seek to secure balanced justice by eliminating unbalanced rules. - (1) Appellate review of an order described in ORS 147.535 (4)(a) must be initiated by filing a notice of interlocutory appeal with the Supreme Court substantially in the form prescribed by rule of the Supreme Court. Review of the order is a matter of right.
- (2) The person or party filing the notice of interlocutory appeal shall be identified as the appellant and the defendant shall be identified as the respondent. Any other person described in subsection (6)(a) to (f) of this section who is a party to the appeal shall be identified as a respondent.
- (3) The notice of interlocutory appeal must contain:

    - (B) Supporting arguments and citations of authority.
- (5) The Supreme Court may:

- (a) Direct a party to the appeal to supplement the record with a copy of additional parts of the record or a transcript of the parts of the oral proceedings in the trial court necessary to determine the question presented and the relief sought; or
- (b) Direct the trial court administrator to forward all or part of the trial court record.
- (6) The appellant shall serve a copy of the notice of interlocutory appeal and the accompanying materials described in subsection (4) of this section on the following other persons:

- (c) Any person who filed the motion that resulted in the order being appealed or a related motion under ORS 147.522;
- (d) Any person against whom relief was sought in the hearing that resulted in the order being appealed or a related hearing under ORS 147.530;
- (e) The prosecuting attorney;
- (f) The Attorney General;
- (g) The defendant; and
- (h) The Oregon Public Defense Commission, if the defendant is represented by appointed counsel.
- (7) The appellant shall serve a copy of the notice of interlocutory appeal on:
- (a) The trial court administrator; and
- (b) The trial court transcript coordinator, if the notice of interlocutory appeal contains a designation of the oral proceedings before the trial court as part of the record on appeal.
- (8)(a) Except as otherwise provided in this subsection, the appellant shall serve and file the notice of interlocutory appeal and, if applicable, the accompanying materials described in subsection (4) of this section within seven days after the date the trial court entered the order being appealed.
- (b) An appellant who seeks to appeal an order issued under ORS 147.530 and who was not provided with a copy of the order as required by ORS 147.530 (6) may serve and file the notice of interlocutory appeal and, if applicable, the accompanying materials described in subsection (4) of this section within seven days after the date of receiving a copy of the order.
- (c) The appellant shall serve the prosecuting attorney and the Attorney General so that the copy of the notice of interlocutory appeal and accompanying materials are received on the same day the notice is filed with the Supreme Court.
- (d) Except as provided in paragraph (c) of this subsection, the appellant shall serve all persons described in subsections (6) and (7) of this section so that the copy of the notice of interlocutory appeal and, if applicable, accompanying materials are received no later than one judicial day after the notice is filed.
- (9) Within three days after receipt of a notice of interlocutory appeal that contains a designation of record under subsection (3) of this section, the trial court administrator shall forward to the Supreme Court an audio record of the designated oral proceedings.
- (10) If the Supreme Court directs a party to provide a transcript of oral proceedings under subsection (5) of this section, the party shall provide the transcript to the Supreme Court within seven days after the date of the Supreme Court's order.
- (11)(a) The following requirements are jurisdictional and may not be waived or extended:
- (A) The timely filing of the original notice of interlocutory appeal and accompanying materials described in subsection (4) of this section with the Supreme Court; and
- (B) The service of the notice of interlocutory appeal within the time limits described in subsection (8) of this section on all persons identified in subsection (6) of this section.
- (b) Failure to timely serve a true and complete copy of the accompanying materials described in subsection (4) of this section is not jurisdictional, provided that the appellant made a good faith effort to do so and substantially complied with those requirements.
- (c) Notwithstanding paragraph (b) of this subsection, the Supreme Court may dismiss the appeal as to any respondent if the appellant, after receipt of a notice of noncompliance, does not promptly cure a deficiency in the materials or if the failure to timely serve a true and complete copy of the accompanying materials substantially prejudices the respondent's ability to respond to the appeal.
- (12) A respondent may file a response, which must be filed within seven days after the date the notice of interlocutory appeal is filed with the Supreme Court.
- (13)(a) Except as provided in paragraph (b) of this subsection, the appellant may not file a reply.
- (b) If the Supreme Court determines that the case is unusually complex, due to the number of persons involved or the existence of novel questions of law, and the court would benefit from additional briefing, the court may extend the briefing schedule described in this section and allow the appellant to file a reply.
- (14) The appellant or respondent may request oral argument. The Supreme Court may grant or deny a request for oral argument or order oral argument on its own motion.
- (15) At any time after submission of the appellant's memorandum of law, the Supreme Court, on its own motion or on the motion of the respondent, may summarily affirm the trial court's order, with or without the submission of a response or oral argument, if the Supreme Court determines that the appeal does not present a substantial question of law. A motion for summary affirmance has no effect on the timelines described in this section.
- (16)(a) Except as provided in paragraph (b) of this subsection, the Supreme Court shall issue its decision on appeal under this section within 21 days after the date the notice of interlocutory appeal is filed.
- (b) The Supreme Court may issue a final decision beyond the 21-day period if the court determines that the ends of justice served by

issuing a final decision at a later date outweigh the best interests of the victim, the prosecuting attorney, the defendant, any person against whom relief was ordered and the public.

(c) In making the determination under paragraph (b) of this subsection, the Supreme Court shall consider:

(A) Whether the case is unusually complex, due to the number of persons involved or the existence of novel questions of law, and whether 21 days is an unreasonable amount of time for the court to issue a decision; and

(B) Whether the failure to extend the 21-day period would be likely to result in a miscarriage of justice.

(17) Appellate review under this section is confined to the record. The Supreme Court may not substitute its judgment for that of the trial court as to any issue of fact and shall review challenges to a factual finding for evidence in the record to support the finding. The Supreme Court shall review for errors of law and, when the law delegates discretion to the trial court, determine whether the trial court's exercise of discretion was outside the range of discretion delegated to the trial court.

(18) The Supreme Court may affirm, modify, reverse or remand the trial court's order. The court may reverse or remand the order only if it finds that the order is unlawful in substance or procedure and that the substantial rights of the appellant were prejudiced as a result.

(19) Notwithstanding any other provision of law, a notice of interlocutory appeal and the response described in subsection (12) of this section are filed under this section when those documents are physically received by the Supreme Court or, if the documents are filed electronically, as provided by rule of the Chief Justice of the Supreme Court.

(20) In addition to any other method authorized by law, service under this section may be accomplished by electronic mail or facsimile transmission, in a manner consistent with any applicable rules of appellate procedure. [2009 c.178 §14; 2011 c.659 §4; 2013 c.224 §4; 2023 c.281 §34]

(3) In making the determination described in subsection (2) of this section, in addition to other factors the Supreme Court considers important, the court shall consider:

(b) Whether the appeal is taken in good faith and not for the purpose of delay;

(c) The nature of the harm to the victim, the prosecuting attorney, the defendant, any person against whom relief was ordered and the public that will likely result from the grant or denial of a stay;
