E. Stimulants. Unless specifically excepted, or contained within a pharmaceutical product approved by the United States Food and Drug Administration, or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system including its salts, isomers, esters, or ethers and salts of isomers, esters, or ethers whenever the existence of such salts, isomers, esters, or ethers and salts of isomers, esters, or ethers is possible within the specific chemical designation:

(1) Amineptine (7-[(10,11-dihydro-5H-dibenzo [a,d]cyclohepten-5-yl)amino]heptanoic acid)

(2) 2-amino-1-phenyl-1-propanone (cathinone) or variation in any of the following ways:

(i) By substitution on the phenyl ring to any extent with an alkyl, hydroxyl alkoxy, alkylendioxy, haloalkyl or halide substituents, whether or not further substituted on the phenyl ring by one or more other univalent substituents.

(ii) By substitution at the 3-position with an alkyl substituent.

(iii) By substitution at the 2-amino nitrogen atom with alkyl, cycloalkyl, dialkyl, benzyl, or methoxybenzyl groups, or by inclusion of the 2-amino nitrogen atom in a cyclic structure.

(3) Aminorex

(4) Cathinone

(5) 4,4-dimethylaminorex (4,4-DMAR)

(6) Ethylphenidate

(7) Fenethylamine

(8) Mesocarb (N-phenyl-N'-(3-(1-phenylpropan-2-yl)-1,2,3-oxadiazol-3-ium-5-yl)carbamimidate)

(9) Methcathinone

(10) Methiopropamine (N-methyl-1-(thiophen-2-yl)propane-2-amine)

(11) (+)

cis

-4-methylaminorex

(12) Naphthylpyrovalerone whether or not further substituted on the naphthyl ring to any extent with alkyl, alkoxy, alkylendioxy, haloalkyl or halide substituents, whether or not further substituted on the naphthyl ring by one or more other univalent substituents or whether or not further substituted on the carbon chain at the 3, 4, or 5 position with an alkyl substituent.

(13) N-Benzylpiperazine (BZP)

(14) N-ethylamphetamine

(15) N,N-dimethylamphetamine

(16) 2-(pyrrolidin-1-yl)-1-(thiophen-2-yl)butan-1-one (Alpha-PBT)

(17) 2-(pyrrolidin-1-yl)-1-(thiophen-2-yl)pentan-1-one (Alpha-PVT)

F. Synthetic cannabinoids. Unless specifically excepted, or contained within a pharmaceutical product approved by the United States Food and Drug Administration, or

unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of a synthetic cannabinoid found to be in any of the following individual compounds or chemical groups, or any of those individual compounds or groups which contain any synthetic cannabinoid salts, isomers, salts of isomers, or nitrogen-heterocyclic analogs, whenever the existence of such salts, isomers, salts of isomers, or

nitrogen-heterocyclic analogs is possible within the specific compounds or chemical groups:

(1) Adamantoylindoles: any compound containing a 3-(1-adamantoyl)indole structure, whether or not further substituted on the indole ring to any extent or whether or not substituted on the adamantyl ring to any extent.

(2) Adamantylamidindoles: Any compound containing a N-(adamantyl)-1H-indole-3-carboxamide structure, whether or not further substituted on the indole ring to any extent or whether or not substituted on the adamantyl ring to any extent.

(3) Benzoylindoles: any compound containing a 3-(benzoyl)indole structure, whether or not substituted on the indole ring to any extent or whether or not substituted on the phenyl ring to any extent.

(4) Benzylindolecarboxamides: Any compound containing a N-benzyl-1H-indole-3-carboxamide structure, whether or not further substituted on the indole ring or whether not substituted on the phenyl ring to any extent.

(5) Butaldehydeamidindoles: Any compound containing a N-(1-oxobutan-2-yl)-1H-indole-3-carboxamide structure, with or without substitution on the indole ring by an alkyl, haloalkyl, cyanoalkyl, alkoxy, aryl, aryl halide, alkylarylhalide, cycloalkylmethyl, cycloalkylethyl, alkenyl, haloalkenyl, aliphatic alcohol, hydroxyl, halide, morpholinoethyl, alkylmorpholinomethyl, alkylpiperidinylmethyl or a tetrahydropyranylmethyl group, whether or not further substituted on the butaldehyde group to any extent.

(6) Cumylindolecarboxamides: Any compound containing a N-(2-phenylpropane-2-yl)-1H-indole-3-carboxamide structure, with or without substitution on the indole ring by an alkyl, haloalkyl, cyanoalkyl, alkoxy, aryl, aryl halide, alkylarylhalide, cycloalkylmethyl, cycloalkylethyl, alkenyl, haloalkenyl, aliphatic alcohol, hydroxyl, halide, morpholinoethyl, alkylmorpholinomethyl, alkylpiperidinylmethyl or a tetrahydropyranylmethyl group, whether or not further substituted on the phenyl group to any extent.

(7) Cyclohexylphenols: any compound containing a 2-(3-hydroxycyclohexyl)phenol structure, whether or not substituted on the cyclohexyl ring to any extent or whether or not substituted on the phenyl ring to any extent.

(8) Cyclopropanoylindoles: any compound containing a 3-(cyclopropanoyl)indole structure, whether or not substituted on the indole ring to any extent or whether or not substituted on the cyclopropyl ring to any extent.

(9) 1-(5-fluoropentyl)-1H-benzimidazol-2-yl)(naphthalen-1-yl) methanone

(10) 1-(5-fluoropentyl)N-naphthalen-1-yl)-1H-pyrrolo[3,2-c]pyridine-3-carboxamide

(11) 1-(5-fluoropentyl)-N-(2-phenylpropan-2-yl)-1H-pyrrolo[2,3-B]

pyridine-3-carboxamide [5FCUMYL-P7AICA]

(12) Hexahydrodibenzopyrans whether or not substituted on the tricyclic ring system to any extent except where contained in cannabis or cannabis resin.

(13) 1-methoxy-3,3-dimethyl-1-oxobutanyl-2-yl-(1-cyclohexylmethyl)-1H-indazole-3-carboxylate

(14) (4-methylpiperazin-1-yl)(1-pentyl-1H-indol-3-yl) methanone

(15) naphthalen-1-yl(9-(5-fluoropentyl)-9H-carbazol-3-yl)methanone

(16) naphthalen-1-yl(9-pentyl-9H-carbazol-3-yl)methanone

(17) Naphthoylindoles: any compound containing a 3-(1-naphthoyl)indole structure, whether or not substituted on the indole ring to any extent or whether or not substituted on the naphthyl ring to any extent.

(18) Naphthoylpyrroles: any compound containing a 3-(1-naphthoyl)pyrrole structure, whether or not substituted on the pyrrole ring to any extent or whether or not substituted on the naphthyl ring to any extent.

(19) Naphthylamidoindoles: any compound containing a N-(naphthyl)-1H-indole-3-carboxamide structure, whether or not further substituted on the indole ring to any extent or whether or not substituted on the naphthyl ring to any extent.

(20) Naphthylindolecarboxylates: Any compound containing a naphthyl-1H-indole-3-carboxylate structure, whether or not further substituted on the indole ring or whether or not substituted on the naphthyl ring to any extent.

(21) Naphthylmethylenes: any compound containing a 1-(1-naphthylmethyl)indene structure, whether or not substituted on the indene ring to any extent or whether or not substituted on the naphthyl ring to any extent.

(22) Naphthylmethyloindoles: any compound containing a 1-H-indol-3-yl-(1-naphthyl)methane structure, whether or not substituted on the indole ring to any extent or whether or not substituted on the naphthyl ring to any extent.

(23) N-fenchyl-1-[2-(morpholin-4-yl)ethyl]-7-methoxyindole-3-carboxamide

(24) 5-Pentyl-2-(2-phenylpropan-2-yl)pyrido[4,3-b]indole-1-one [Cumyl-Pegaclone; SGT-151]

(25) Phenylacetylindoles: any compound containing a 3-phenylacetylindole structure, whether or not substituted on the indole ring to any extent or whether or not substituted on the phenyl ring to any extent.

(26) Phenylindolecarboxamides: Any compound containing a N-phenyl-1H-indole-3-carboxamide structure, whether or not further substituted on the indole ring or whether or not substituted on the phenyl ring to any extent.

(27) Phenylpropionaldehydeamidoindoles: Any compound containing a N-(1-oxo-3-phenylpropan-2-yl)-1H-indole-3-carboxamide structure, with or without substitution on the indole ring by an alkyl, haloalkyl, cyanoalkyl, alkoxy, aryl, aryl halide, alkylarylhalide, cycloalkylmethyl, cycloalkylethyl, alkenyl, haloalkenyl, aliphatic alcohol, hydroxyl, halide, morpholinoethyl, alkylmorpholinomethyl, alkylpiperidinylmethyl or a tetrahydropyranylmethyl group, whether or not further substituted on the phenylpropionaldehyde group to any extent.

(28) Quinolinyndolecarboxamides: Any compound containing a N-quinoliny-1H-indole-3-carboxamide or N-isoquinoliny-1H-indole-3-carboxamide structure, whether or not further substituted on the indole, quinoline, or the isoquinoline ring to any extent.

(29) Quinolinyndolecarboxylates: any compound containing a quinolin-8-yl-1H-indole-3-carboxylate or isoquinolin-8-yl-1H-indole-3-carboxylate structure, whether or not further substituted on the indole, quinoline, or isoquinoline ring to any extent.

(30) Tetrahydrodibenzopyrans whether or not substituted on the tricyclic ring system to any extent except where contained in cannabis or cannabis resin.

G. Miscellaneous. Unless specifically excepted or contained within a pharmaceutical product approved by the United States Food and Drug Administration, or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances, including their salts, isomers, or salts of isomers, whenever the existence of such salts, isomers, or salts of isomers is possible within the specific chemical designation:

(1) 7-hydroxymitragynine

(2) Mitragynine

(3) Tianeptine

SCHEDULE II

A. Substances of vegetable origin or chemical synthesis. Unless specifically excepted or unless listed in another schedule, any of the following substances whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(1) Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate, excluding apomorphine, thebaine-derived butorphanol, dextrophan, nalbuphine, naldemedine, nalmeferine, naloxegol, naloxone, 6β-naltrexol, and samidorphan, and their respective salts, but including the following:

(a) Raw opium

(b) Opium extracts

(c) Opium fluid extracts

(d) Powdered opium

(e) Granulated opium

(f) Tincture of opium

(g) Repealed by Acts 1999, No. 755, §2.

(h) Codeine

(i) Dihydroetorphine

(j) Ethylmorphine

(k) Etorphine hydrochloride

(l) Hydrocodone

(m) Hydromorphone

- (n) Metopon
- (o) Morphine
- (p) Oxycodone
- (q) Oxymorphone
- (r) Thebaine
- (s) Oripavine

(2) Any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of the substances referred to in Paragraph (1), except that these substances shall not include the isoquinoline alkaloids of opium.

(3) Opium poppy and poppy straw.

(4) Coca leaves, and any salt, compound, derivative, or preparation of coca leaves (including cocaine ecgonine and their salts, isomers, derivatives and salts of isomers and derivatives), and any salt, compound, derivative, or preparation thereof which is chemically equivalent or identical with any of these substances, except that the substances shall not include:

(a) Decocainized coca leaves or extraction of coca leaves, which extractions do not contain cocaine or ecgonine.

(b) Ioflupane, with and without radioisotopes.

(5) Repealed by Acts 2001, No. 282, §2.

(6) Concentrate of poppy straw (the crude extract of poppy straw in either liquid, solid, or powder form which contains the phenanthrene alkaloids of the opium poppy).

B. Opiates. Unless specifically excepted or unless listed in another schedule, any of the following opiates, including its isomers, esters, ethers, salts, and salts of isomers, esters, ethers, and salts is possible within the specific chemical designation, dextrorphan and levopropoxyphene excepted:

- (1) Alfentanil
- (2) Alphaprodine
- (3) Anileridine
- (4) Bezitramide
- (5) Bulk Dextropropoxyphene (non-dosage forms)
- (6) Carfentanil
- (7) Dihydrocodeine
- (8) Diphenoxylate
- (9) Fentanyl
- (10) Isomethadone
- (11) Levo-alphacetylmethadol
- (12) Levomethorphan
- (13) Levorphanol
- (14) Metazocine
- (15) Methadone
- (16) Methadone-intermediate, 4-cyano-2-dimethylamino-4,4-diphenylbutane
- (17) Moramide-intermediate, 2-methyl-3-morpholino-1,1-diphenylpropane-

carboxylic acid

(18) Oliceridine

(19) Pethidine (meperidine)

(20) Pethidine-intermediate-A, 4-cyano-1-methyl-4-phenyl-piperidine

(21) Pethidine-intermediate-B, ethyl-4-phenylpiperidine-4-carboxylate

(22) Pethidine-intermediate-C, 1-methyl-4-phenylpiperidine-4-carboxylic acid

(23) Phenazocine

(24) Piminodine

(25) Racemethorphan

(26) Racemorphan

(27) Remifentanil

(28) Sufentanil

(29) Tapentadol

(30) Thiafentanil

C. Stimulants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system:

(1) Amphetamine, its salts, optical isomers, and salts of its optical isomers

(2) Methamphetamine, its salts, isomers, and salts of its isomers

(3) Phenmetrazine and its salts

(4) Methylphenidate

(5), (6) Repealed by Acts 1999, No. 755, §2.

(7) Lisdexamfetamine, its salts, isomers, and salts of its isomers

D.(1) Depressants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system, including its salts, isomers, or salts of isomers, whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(a) Amobarbital

(b) Carisoprodol

(c) Glutethimide

(d) Pentobarbital

(e) Phencyclidine

(f) Secobarbital

(2) A wholesale drug distributor licensed by the Louisiana Board of Pharmacy and registered with the United States Drug Enforcement Administration shall be exempt from the storage, reporting, record keeping, and physical security requirements for any material, mixture, compound, or preparation which contains any quantity of Carisoprodol.

E. Immediate precursors.

(1) Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances:

(a) Immediate precursors to amphetamine and methamphetamine: phenylacetone.

(b) Immediate precursors to phencyclidine (PCP):

(i) 1-phenylcyclohexylamine;

(ii) 1-piperidinocyclohexanecarbonitrile (PCC).

(c) Immediate precursor to fentanyl:

(i) 4-anilino-N-phenethyl-4-piperidine (ANPP)

(ii) Norfentanyl (N-phenyl-N-(piperidin-4-yl)propionamide)

(2) For purposes of this Subsection, possession of immediate precursors sufficient for the manufacture of phenylacetone, piperidine, or cyclohexanone shall be deemed to be possession of such a derivative substance.

F. Hallucinogenic substances:

(1) Nabilone

(2) Dronabinol [delta-9-

trans

tetrahydrocannabinol] in an oral solution in a drug

product approved for marketing by the United States Food and Drug Administration.

SCHEDULE III

A. Stimulants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system:

(1) Benzphetamine

(2) Chlorphentermine

(3) Clortermine

(4) Repealed by Acts 1982, No. 92, §2.

(5) Repealed by Acts 2008, No. 67, §2.

(6) Phendimetrazine

B. Depressants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system:

(1) Any compound, mixture, or preparation containing:

(a) Amobarbital

(b) Secobarbital

(c) Pentobarbital or any salt thereof and one or more active medicinal ingredients which are not listed in any schedule.

(2) Any suppository dosage form containing:

(a) Amobarbital

(b) Secobarbital

(c) Pentobarbital or any salt of any of these drugs and approved by the federal Food and Drug Administration for marketing only as a suppository.

(3) Any substance which contains any quantity of a derivative of barbituric acid, or any salt thereof, but not including butalbital when in combination with at least three hundred twenty-five milligrams of acetaminophen per dosage unit.

(4) Chlorhexadol

(5) Embutramide

(6) Any drug product containing gamma hydroxybutyric acid, including its salts, isomers, and salts of isomers, which has been approved by the federal Food and Drug Administration.

(7) Ketamine, its salts, isomers, and salts of isomers

(8) Lysergic acid

(9) Lysergic acid amide

(10) Methyprylon

(11) Sulfondiethylmethane

(12) Sulfonethylmethane

(13) Sulfonmethane

(14) Tiletamine and zolazepam or any salt thereof

(15) Perampanel

C. Nalorphine

D. Limited narcotic drugs. Unless specifically excepted or unless listed in another schedule:

(1) Any material, compound, mixture, or preparation containing limited quantities of any of the following narcotic drugs, or any salts thereof:

(a) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit with an equal or greater quantity of an isoquinoline alkaloid of opium.

(b) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(c), (d) Repealed by Acts 2015, No. 189, §2, eff. June 23, 2015.

(e) Not more than 1.8 grams of dihydrocodeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(f) Not more than 300 milligrams of ethylmorphine per 100 milliliters or not more than 15 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(g) Not more than 500 milligrams of opium per 100 milliliters or per 100 grams, or not more than 25 milligrams per dosage unit, with one or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(h) Not more than 50 milligrams of morphine per 100 milliliters or per 100 grams, with one or more active nonnarcotic ingredients in recognized therapeutic amounts.

(2) Any material, compound, mixture, or preparation containing any of the following narcotic drugs or their salts:

(a) Buprenorphine

E. Anabolic steroids and muscle building substances. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation, containing any quantity of the following substances, including its salts, esters, ethers,

isomers, and salts of isomers whenever the existence of such salts, esters, ethers, isomers, and salts of isomers is possible within the specific chemical designation. The term "anabolic steroid" means any drug or hormonal substance, chemically and pharmacologically related to testosterone, other than estrogens, progestins, corticosteroids, and dehydroepiandrosterone that promote muscle growth and include the following:

- (1) 3 β ,17-dihydroxy-5 α -androstane
- (2) 3 α ,17 β -dihydroxy-5 α -androstane
- (3) 5 α -androstan-3,17-dione
- (4) 3 β ,17 β -dihydroxy-5 α -androst-1-ene
- (5) 3 α ,17 β -dihydroxy-5 α -androst-1-ene
- (6) 4-androstenediol
- (7) 5-androstenediol
- (8) 1-androstenedione
- (9) 4-androstenedione
- (10) 5-androstenedione
- (11) Bolasterone
- (12) Boldenone
- (12.1) Boldione
- (13) Calusterone
- (14) Clostebol
- (15) Dehydrochloromethyltestosterone
- (15.1) Desoxymethyltestosterone
- (16) Δ 1-dihydrotestosterone
- (17) 4-dihydrotestosterone
- (18) Drostanolone
- (19) Ethylestrenol
- (20) Fluoxymesterone
- (21) Formebolone
- (22) Furazebol
- (23) 13 β -ethyl-17 α -hydroxygon-4-en-3-one
- (24) 4-hydroxytestosterone
- (25) 4-hydroxy-19-nortestosterone
- (26) Mestanolone
- (27) Mesterolone
- (28) Methandienone
- (29) Methandriol
- (29.1) Methasterone (2,17 α -dimethyl-5 α -androstan-17 α -ol-3-one)
- (30) Methenolone
- (31) 17 α -methyl-3 β ,17 β -dihydroxy-5 α -androstane
- (32) 17 α -methyl-3 α ,17 β -dihydroxy-5 α -androstane
- (33) 17 α -methyl-3 β ,17 β -dihydroxyandrost-4-ene
- (34) 17 α -methyl-4-hydroxynandrolone

- (35) Methyldienolone
- (36) Methyltrienolone
- (37) Methyltestosterone
- (38) Mibolerone
- (39) 17 α -methyl- Δ 1-dihydrotestosterone
- (40) Nandrolone
- (41) 3 β ,17 β -dihydroxyestr-4-ene
- (42) 3 α ,17 β -dihydroxyestr-4-ene
- (43) 3 β ,17 β -dihydroxyestr-5-ene
- (44) 3 α ,17 β -dihydroxyestr-5-ene
- (44.1) 19-nor-4, 9(10)-androstadienedione
- (45) 19-nor-4-androstenedione
- (46) 19-nor-5-androstenedione
- (47) Norbolethone
- (48) Norclostebol
- (49) Norethandrolone
- (50) Normethandrolone
- (51) Oxandrolone
- (52) Oxymesterone
- (53) Oxymetholone
- (53.1) Prostanazol (17 α -hydroxy-5 α -androstano[3,2-c]pyrazole)
- (54) Stanozolol
- (55) Stenbolone
- (56) Testolactone
- (57) Testosterone
- (58) Tetrahydrogestrinone
- (59) Trenbolone

F.(1) Except as provided in Paragraph (2) of this Schedule, the term anabolic steroid does not include a substance listed in Subsection E of this Section but which is expressly intended for administration to livestock or other nonhuman species and which has been approved by the secretary for such an administration.

(2) If any person prescribes, dispenses, or distributes such steroid for human use, such person shall be considered to have prescribed, dispensed, or distributed an anabolic steroid within the meaning of Subsection E of this Schedule.

(3) A physician, dentist, or veterinarian shall not prescribe, dispense, deliver, or administer an anabolic steroid for human use or cause an anabolic steroid to be administered under his direction or supervision for human use except for a valid medical purpose and when required by demonstrable generally accepted medical indications. Bodybuilding, muscle enhancement, or increasing muscle bulk or strength through the use of an anabolic steroid by a person who is in good health is hereby declared not a valid medical purpose.

G. Substances of vegetable origin or chemical synthesis. Unless specifically excepted or unless listed in another schedule, any of the following substances whether

produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(1) Synthetic Dronabinol [delta-9-(trans) tetrahydrocannabinol] in sesame oil and encapsulated in a soft gelatin capsule in a United States Food and Drug Administration approved product.

SCHEDULE IV

A. Narcotic drugs. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation containing any of the following narcotic drugs, or their salts, in limited quantities, as set forth below:

(1) Not more than 1 milligram of difenoxin and not less than 25 micrograms of atropine sulfate per dosage unit.

(2) Dextropropoxyphene.

(3) Tramadol (2-[(dimethylamino)methyl]-1-(3-methoxyphenyl) cyclohexanol), its salts, isomers, and salts of its isomers.

B. Depressants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation containing any quantity of the following substances, including its salts, isomers, and salts of isomers, whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Alfaxalone

(2) Alprazolam

(3) Barbitol

(4) Brexanolone

(5) Bromazepam

(6) Camazepam

(7) Chloral betaine

(8) Choral hydrate

(9) Chlordiazepoxide, but not including chlordiazepoxide hydrochloride in combination with clidinium bromide, or chlordiazepoxide and water-soluble esterified estrogens.

(10) Clobazam

(11) Clonazepam

(12) Clorazepate

(13) Clotiazepam

(14) Cloxazolam

(15) Daridorexant

(16) Delorazepam

(17) Diazepam

(18) Dichloralphenazone

(19) Estazolam

(20) Ethchlorvynol

(21) Ethinamate

- (22) Ethyl loflazepate
- (23) Fludiazepam
- (24) Flunitrazepam
- (25) Flurazepam
- (26) Fospropofol
- (27) Halazepam
- (28) Haloxazolam
- (29) Ketazolam
- (30) Lemborexant
- (31) Loprazolam
- (32) Lorazepam
- (33) Lormetazepam
- (34) Mebutamate
- (35) Medazepam
- (36) Meprobamate
- (37) Methohexital
- (38) Methylphenobarbital (mephobarbital)
- (39) Midazolam
- (40) Nimetazepam
- (41) Nitrazepam
- (42) Nordiazepam
- (43) Oxazepam
- (44) Oxazolam
- (45) Paraldehyde
- (46) Petrichloral
- (47) Phenobarbital
- (48) Pinazepam
- (49) Prazepam
- (50) Quazepam
- (51) Remimazolam
- (52) Suvorexant
- (53) Temazepam
- (54) Tretrazepam
- (55) Triazolam
- (56) Zaleplon
- (57) Zolpidem
- (58) Zopiclone
- (59) Zuranolone

C. Repealed by Acts 2023, No. 201, §2.

D. Stimulants. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances, including its salts, isomers, and salts of isomers:

- (1) Cathine (norpseudoephedrine)
- (2) Diethylpropion
- (3) Fencamfamin
- (4) Fenproporex
- (5) Lorcaserin
- (6) Mazindol
- (7) Mefenorex
- (8) Modafinil
- (9) Pemoline (including organometallic complexes and chelates thereof)
- (10) Phentermine
- (11) Pipradrol
- (12) Serdexmethylphenidate
- (13) Sibutramine
- (14) Solriamfetol (2-amino-3-phenylpropyl carbamate; benzenepropanol, beta-amino-,carbamate (ester))
- (15) SPA [(-)-1-dimethylamino-1,2-diphenylethane]

E. Other substances. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances, including its salts:

- (1) Pentazocine
- (2) Butorphanol (including its optical isomers)
- (3) Eluxadoline (5-[[[2-amino-3-[(4-aminocarbonyl)-2,6-dimethylphenyl]-1-oxopropyl][1-(4-phenyl-1H-imidazol-2-yl)thyl]amino]methyl]-2-methoxybenzoic acid) (including its optical isomers) and its salts, isomers, and salts of isomers.

F. Mifepristone; misoprostol. Unless listed in another schedule, any material, compound, mixture, or preparation containing any detectable quantity of mifepristone or misoprostol.

SCHEDULE V

A. Narcotic drugs containing nonnarcotic active medicinal ingredients. Any compound, mixture, or preparation containing any of the following limited quantities of narcotic drugs or salts thereof, which shall include one or more nonnarcotic active medicinal ingredients in sufficient proportion to confer upon the compound, mixture, or preparation valuable medicinal qualities other than those possessed by the narcotic drug alone:

- (1) Not more than 200 milligrams of codeine per 100 milliliters or per 100 grams.
- (2) Not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams.
- (3) Not more than 100 milligrams of ethylmorphine per 100 milliliters or per 100 grams.
- (4) Not more than 2.5 milligrams of diphenoxylate and not less than 25 micrograms of atropine sulphate per dosage unit.
- (5) Not more than 100 milligrams of opium per 100 milliliters or per 100 grams.
- (6) Not more than 0.5 milligrams of difenoxin and not less than 25 micrograms of atropine sulfate per dosage unit.

B. Narcotic drugs. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation containing any of the following narcotic drugs and their salts, as set forth below:

(1) Repealed by Acts 2006, No. 54, §2.

C. Stimulants. Unless specifically exempted or excluded or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including its salts, isomers, and salts of isomers:

(1) Pyrovalerone

D. Depressants. Unless specifically exempted or excluded or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system, including its salts:

(1) Brivaracetam (2-[2-oxo-4-propylpyrrolidin-1-yl]butanamide), also referred to as BRV; UCB-34714; Briviact.

(2) Cenobamate (1-(2-chlorophenyl)-2-(tetrazol-2-yl)ethylcarbamate)

(3) Ezogabine

(4) Ganaxolone (3- -hydroxy-3- -methyl-5- -pregnan-20-one)

(5) Lacosamide

(6) Lasmiditan (2,4,6-trifluoro-N-(6-(1-methylpiperidine-4-carbonyl) pyridine-2-yl-benzamide)

(7) Pregabalin

E.(1) Ephedrine, pseudoephedrine, phenylpropanolamine. Unless listed in another schedule, any material, compound, mixture, or preparation containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, their salts or optical isomers, or salts of optical isomers.

(2)(a) Nonprescription products containing ephedrine, pseudoephedrine, or phenylpropanolamine shall not be sold or distributed in a quantity greater than nine grams of ephedrine base, pseudoephedrine base, or phenylpropanolamine base to the same purchaser within any thirty-day period.

(b) Notwithstanding the prescription requirements for Schedule V controlled dangerous substances as provided for in R.S. 40:978(C), nonprescription products containing ephedrine, pseudoephedrine, or phenylpropanolamine may be dispensed without a prescription.

(3)(a) No person shall purchase, receive, or otherwise acquire more than nine grams of ephedrine base, pseudoephedrine base, or phenylpropanolamine base within any thirty-day period.

(b) This limit shall not apply to any quantity of such product, mixture, or preparation dispensed pursuant to a valid prescription written by a licensed healthcare professional having prescriptive authority.

(4) Wholesale drug distributors licensed by the Louisiana Board of Drug and Device Distributors and registered with the United States Drug Enforcement Administration shall be exempt from the storage, reporting, record keeping, and physical security requirements

for controlled dangerous substances for nonprescription products containing ephedrine, pseudoephedrine, and phenylpropanolamine which are not listed in another schedule.

(5) Except for sales log requirements and the transmittal of transaction information to the central computer monitoring system authorized by the provisions of Part X-F of Chapter 4 of Title 40 of the Louisiana Revised Statutes of 1950, pharmacies and pharmacists licensed by the Louisiana Board of Pharmacy and registered with the United States Drug Enforcement Administration shall be exempt from the storage, reporting, record keeping, and physical security requirements for controlled dangerous substances for nonprescription products containing ephedrine, pseudoephedrine, or phenylpropanolamine which are not listed in another schedule.

(6) The transaction information provided for in R.S. 40:1049.3 for the purchase of a nonprescription product containing ephedrine, pseudoephedrine, or phenylpropanolamine shall constitute an "order from a practitioner" as provided for in R.S. 40:970(C). Possession of a nonprescription product containing ephedrine, pseudoephedrine, or phenylpropanolamine pursuant to a valid transaction as provided for in R.S. 40:1049.3 shall be a defense for a violation of R.S. 40:970(C).

F. Repealed by Acts 2021, No. 101, §2.

RS 40:965 — Secretary of health; authority to except

ted in Subsection A, B, C,

or D of Schedule III or in Schedule IV or V from the application of all or any part of this Part if the material, compound, mixture, or preparation contains one or more active medicinal ingredients not having a depressant or stimulant effect on the central nervous system, provided that such ingredients are included therein in such combinations, quantity, proportion, or concentration as to vitiate the potential for abuse of the substances which do have a depressant or stimulant effect on the central nervous system.

B. The secretary may, by regulation, exempt any compound, mixture, or preparation containing any anabolic steroids substances listed in Schedule III(E) of R.S. 40:964 from the application of all or any part of this Part if, because of its concentration, preparation, mixture, or delivery system, it has no significant potential for abuse.

RS 40:966 — Penalty for distribution or possession with intent to distribute narcotic drugs listed in

ibution. Except as authorized by this Part, it shall be unlawful

for any person knowingly or intentionally:

(1) To produce, manufacture, distribute or dispense or possess with intent to produce, manufacture, distribute, or dispense, a controlled dangerous substance or controlled substance analogue classified in Schedule I.

(2) To create, distribute, or possess with intent to distribute, a counterfeit controlled dangerous substance classified in Schedule I.

(3)(a) To produce, manufacture, distribute, or dispense or possess with intent to produce, manufacture, distribute, or dispense a consumable hemp product, as defined in R.S. 3:1481, in violation of R.S. 3:1483.

(b) It shall not be considered a violation of this Paragraph if the sole basis for the alleged offense is that the processor, wholesaler, or retailer was operating without an active

permit if both of the following occur:

- (i) The processor, wholesaler, or retailer held a valid permit at the time of applying for permit renewal.
- (ii) The renewal application was under review by the Louisiana Department of Health or the office of alcohol and tobacco control at the time of the alleged offense.
- (c) It shall not be considered a violation of Subparagraph (a) of this Paragraph if the consumable hemp product was approved by the Louisiana Department of Health at the time of the alleged offense. If the product's approval has been revoked, no violation shall be deemed to have occurred unless the revocation occurred more than sixty days prior to the alleged offense.
- (4) To cultivate, possess, process, or sell industrial hemp, industrial hemp products, or viable industrial hemp seeds not in accordance with the Agriculture Improvement Act of 2018 or the plan submitted by the Department of Agriculture and Forestry that is in compliance with U.S. Department of Agriculture rules.

B. Violations of Subsection A. Any person who violates Subsection A of this Section with respect to:

- (1) Except as otherwise provided in Paragraphs (2) and (3) of this Subsection, a substance classified in Schedule I, upon conviction for an amount of:
 - (a) An aggregate weight of less than twenty-eight grams, shall be imprisoned, with or without hard labor, for not less than one year nor more than ten years and may, in addition, be required to pay a fine of not more than fifty thousand dollars.
 - (b) An aggregate weight of twenty-eight grams or more, shall be imprisoned at hard labor for not less than one year nor more than twenty years and may, in addition, be required to pay a fine of not more than fifty thousand dollars.
- (2) A substance classified in Schedule I which is marijuana, tetrahydrocannabinols, or chemical derivatives of tetrahydrocannabinols, or synthetic cannabinoids for an amount of:
 - (a) An aggregate weight of less than two and one half pounds, shall be imprisoned, with or without hard labor, for not less than one year nor more than ten years, and pay a fine of not more than fifty thousand dollars.
 - (b) An aggregate weight of two and one half pounds or more, shall be imprisoned at hard labor for not less than one year nor more than twenty years and pay a fine of not more than fifty thousand dollars.
- (3)(a) A substance classified in Schedule I that is the narcotic drug heroin or a mixture or substance containing a detectable amount of heroin or its analogues, upon conviction for any amount, shall be imprisoned at hard labor for not less than five years nor more than forty years and may, in addition, be required to pay a fine of not more than fifty thousand dollars.
- (b)(i) If the offender unlawfully distributes or dispenses heroin or a mixture or substance containing a detectable amount of heroin or its analogues, which is the direct cause of serious bodily injury to the person who ingested or consumed the substance, the offense shall be classified as a crime of violence, and the offender shall be imprisoned at hard labor

for not less than five years nor more than forty years. At least five years of the sentence of imprisonment shall be imposed without benefit of probation, parole, or suspension of sentence. In addition, the offender may be required to pay a fine of not more than fifty thousand dollars.

(ii) For purposes of this Subparagraph, "serious bodily injury" shall have the same meaning as provided by R.S. 14:2(C).

(4) A consumable hemp product, shall be imprisoned, with or without hard labor, for not less than one year nor more than ten years, or pay a fine of not more than fifty thousand dollars, or both.

C. Possession. It is unlawful for any person knowingly or intentionally to possess a controlled dangerous substance classified in Schedule I unless such substance was obtained directly, or pursuant to a valid prescription or order, from a practitioner or as provided in R.S. 40:978, while acting in the course of his professional practice, or except as otherwise authorized by this Part. Any person who violates this Subsection with respect to:

(1) Except as otherwise provided in Paragraphs (2), (3), and (4) of this Subsection, a substance classified in Schedule I for an amount of:

(a) An aggregate weight of less than two grams, shall be imprisoned, with or without hard labor, for not more than two years and may, in addition, be required to pay a fine of not more than five thousand dollars.

(b) An aggregate weight of two grams or more but less than twenty-eight grams, shall be imprisoned, with or without hard labor, for not less than one year nor more than ten years and may, in addition, be required to pay a fine of not more than five thousand dollars.

(2) A substance classified in Schedule I that is marijuana, tetrahydrocannabinol, or chemical derivatives thereof, shall be punished as follows:

(a)(i) On a first conviction or any subsequent conviction, wherein the offender possesses fourteen grams or less, the offender shall be fined not more than one hundred dollars.

(ii) If an offender upon whom a fine has been imposed under this Subparagraph alleges indigency, or otherwise fails to pay the imposed fine, the court shall determine whether the defendant has willfully refused to pay or has made bona fide efforts to legally acquire resources to pay. If an offender has not willfully refused to pay and has made bona fide efforts to attempt to pay the fine imposed, the court shall use its discretion to alternatives, including installment payments or community service.

(iii) This Subparagraph shall be enforced by use of summons in lieu of custodial arrest, in accordance with Code of Criminal Procedure Article 211.

(b) On a first conviction, wherein the offender possesses more than fourteen grams, the offender shall be fined not more than five hundred dollars, imprisoned in the parish jail for not more than six months, or both.

(c) Any person who has been sentenced under the provisions of Subparagraph (a) or (b) of this Paragraph and who has not been convicted of any other violation of a statute or ordinance prohibiting the possession of marijuana for a period of two years from the date of completion of sentence, probation, parole, or suspension of sentence shall not have the

conviction used as a predicate conviction for enhancement purposes. The provisions of this Paragraph shall occur only once with respect to any person.

(d) On a second conviction, wherein the offender possesses more than fourteen grams, the offender shall be fined not more than one thousand dollars, imprisoned in the parish jail for not more than six months, or both.

(e)(i) On a third conviction, wherein the offender possesses more than fourteen grams, the offender shall be sentenced to imprisonment, with or without hard labor, for not more than two years, shall be fined not more than two thousand five hundred dollars.

(ii) If the court places the offender on probation, the probation shall provide for a minimum condition that he participate in a court-approved substance abuse program and perform four eight-hour days of court-approved community service activities. Any costs associated with probation shall be paid by the offender.

(f)(i) On a fourth or subsequent conviction, wherein the offender possesses more than fourteen grams, the offender shall be sentenced to imprisonment with or without hard labor for not more than eight years, shall be fined not more than five thousand dollars, or both.

(ii) If the court places the offender on probation, the probation shall provide for a minimum condition that he participate in a court-approved substance abuse program and perform four eight-hour days of court-approved community service activities. Any costs associated with probation shall be paid by the offender.

(g) Except as provided in Subparagraph (c) of this Paragraph, a conviction for the violation of any other statute or ordinance with the same elements as Subsection C of this Section prohibiting the possession of marijuana, tetrahydrocannabinol or chemical derivatives thereof, shall be considered as a prior conviction for the purposes of this Subsection relating to penalties for second, third, or subsequent offenders.

(h) Except as provided in Subparagraph (c) of this Paragraph, a conviction for the violation of any other statute or ordinance with the same elements as Paragraph (B)(2) of this Section prohibiting the distributing or dispensing or possession with intent to distribute or dispense marijuana, tetrahydrocannabinol or chemical derivatives thereof, or synthetic cannabinoids shall be considered as a prior conviction for the purposes of this Subsection relating to penalties for second, third, or subsequent offenders.

(3) A substance classified in Schedule I which is a synthetic cannabinoid, the offender shall be punished as follows:

(a) On a first conviction, the offender shall be fined not more than five hundred dollars, imprisoned for not more than six months, or both.

(b) On a second conviction, the offender shall be fined not less than two hundred fifty dollars nor more than two thousand dollars, imprisoned with or without hard labor for not more than five years, or both.

(c) On a third or subsequent conviction, the offender shall be sentenced to imprisonment at hard labor for not more than twenty years, and may, in addition, be fined not more than five thousand dollars.

(d) A conviction for the violation of any other provision of law or ordinance with the

same elements as this Subsection prohibiting the possession of synthetic cannabinoids shall be considered a prior conviction for the purposes of this Paragraph relating to penalties for second, third, or subsequent offenses.

(e) A conviction for the violation of any other provision of law or ordinance with the same elements as Paragraph (B)(2) of this Section prohibiting the distributing or dispensing or possession with intent to distribute or dispense synthetic cannabinoids shall be considered a prior conviction for the purposes of this Paragraph relating to penalties for second, third, or subsequent offenses.

(f) If the court places the offender on probation, the probation shall provide for a minimum condition that he participate in a court-approved substance abuse program and perform four eight-hour days of court-approved community service activities. Any costs associated with probation shall be paid by the offender.

(4) A substance classified in Schedule I that is the narcotic drug heroin or a mixture or substance containing a detectable amount of heroin or of its analogues, upon conviction for an amount:

(a) An aggregate weight of less than two grams, shall be sentenced to a term of imprisonment, with or without hard labor, for not less than two years nor more than four years.

(b) An aggregate weight of two grams or more but less than twenty-eight grams, shall be sentenced to a term of imprisonment, with or without hard labor, for not less than two years nor more than ten years and may, in addition be required to pay a fine of not more than five thousand dollars.

D. If a person knowingly or intentionally possesses a controlled substance as classified in Schedule I, unless such substance was obtained directly or pursuant to a valid prescription or order from a practitioner, as provided in R.S. 40:978, while acting in the course of his professional practice, where the amount of the controlled substance is equal to or above the following weights, it shall be considered a violation of Subsection A of this Section:

(1) For marijuana, tetrahydrocannabinol, synthetic cannabinoids, or chemical derivatives thereof, two and one-half pounds.

(2) For any other Schedule I controlled substance, twenty-eight grams.

E. Notwithstanding any other provision of law to the contrary, unless eligible for parole at an earlier date, a person committed to the Department of Public Safety and Corrections serving a life sentence for the production, manufacturing, distribution, or dispensing or possessing with intent to produce, manufacture, or distribute heroin shall be eligible for parole consideration upon serving at least fifteen years of imprisonment in actual custody.

F. Immunity from prosecution. (1) Any person who is a patient of the state-sponsored medical marijuana program in Louisiana, and possesses medical marijuana in a form permissible under R.S. 40:1046 for a condition enumerated therein, a caregiver as defined in R.S. 15:1503, any person who is a domiciliary parent of a minor child who possesses medical marijuana on behalf of his minor child in a form permissible under R.S.

40:1046 for a condition enumerated therein pursuant to a legitimate medical marijuana prescription or recommendation issued by a licensed health professional authorized by R.S. 40:1046(B) to recommend medical marijuana to patients, or any visiting qualifying patient as defined in R.S. 40:1046.1 shall be exempt from the provisions of this Section. This Paragraph shall not prevent the arrest or prosecution of any person for diversion of marijuana or any of its derivatives or other conduct outside the scope of the state-sponsored medical marijuana program.

(2) Any retailer permitted to sell marijuana pursuant to R.S. 40:1046, and any employee, board member, director, or agent of a retailer permitted to sell marijuana pursuant to R.S. 40:1046, shall be exempt from the provisions of this Section for possession of marijuana at a location designated by the Louisiana Department of Health's rules and regulations, or distribution of marijuana in a form approved by the Louisiana Department of Health to a patient with a valid recommendation or prescription, in the state-sponsored medical marijuana program. This Paragraph shall not prevent the arrest or prosecution of any person for diversion of marijuana or any of its derivatives or other conduct outside of the scope of the state-sponsored medical marijuana program or for violations of the Louisiana Department of Health's rules and regulations.

(3) Any licensee or its subordinate contractor licensed by the Louisiana Department of Health to produce marijuana pursuant to R.S. 40:1046, and any employee, board member, director, or agent of a marijuana licensee or its subordinate contractor licensed pursuant to R.S. 40:1046, shall be exempt from prosecution under this Section for possession, production, or manufacture of marijuana at the production facility designated by the Louisiana Department of Health or for the transportation of marijuana or any of its derivatives in accordance with the Louisiana Department of Health's rules and regulations. This Paragraph shall not prevent the arrest or prosecution of any person for diversion of marijuana from the production facility designated by the Louisiana Department of Health outside of the scope of the state-sponsored medical marijuana program or for violations of the Louisiana Department of Health's rules and regulations.

(4) Any laboratory that tests marijuana or marijuana preparations produced and distributed under the state-sponsored medical marijuana program, and any employee, board member, director, or agent of a testing laboratory pursuant to R.S. 40:1046, shall be exempt from prosecution under this Section for possession of marijuana or any of its derivatives at a research laboratory designated by the Louisiana Department of Health or for transportation of marijuana or any of its derivatives in accordance with the Louisiana Department of Health's rules and regulations. This Paragraph shall not prevent the arrest or prosecution of any person for diversion of marijuana from a research laboratory designated by the Louisiana Department of Health or other conduct outside of the scope of the state-sponsored medical marijuana program or for violations of the Louisiana Department of Health's rules and regulations.

(5) Any person, employee, board member, director, or agent conducting research pursuant to R.S. 40:1046 shall be exempt from prosecution under this Section for the possession, production, or manufacture of marijuana or any of its derivatives or for the

transportation of marijuana or any of its derivatives in accordance with the Louisiana Department of Health's rules and regulations. This Paragraph shall not prevent the arrest or prosecution of any person for diversion of marijuana or any of its derivatives or other conduct outside of the scope of the state-sponsored medical marijuana program or for violations of the Louisiana Department of Health's rules and regulations.

(6) Any facility that is licensed by the Louisiana Department of Health and has patients in its care using medical marijuana pursuant to R.S. 40:1046 shall be exempt from the prohibitions provided in this Section for possession and distribution of marijuana. This Paragraph shall not prohibit the arrest or prosecution of any person for diversion of medical marijuana or any other conduct outside the scope of the state-sanctioned medical marijuana program provided for in R.S. 40:1046.

(7) Any licensed health professional authorized by R.S. 40:1046(B) to recommend medical marijuana to patients who provides information on marijuana for therapeutic use within a bona fide clinician-patient relationship or who issues a recommendation to a patient for marijuana for therapeutic use pursuant to R.S. 40:1046 shall be exempt from the prohibitions provided in this Section for possession and distribution of marijuana. This Paragraph shall not prohibit the arrest or prosecution of any person for diversion of medical marijuana or any other conduct outside the scope of the state-sanctioned medical marijuana program provided for in R.S. 40:1046.

(8)(a) The defenses in Paragraph (1) of this Subsection shall be raised by reproducing a patient's medical records that contain the legitimate recommendation to possess marijuana for therapeutic use in a form permissible under R.S. 40:1046 issued by a licensed health professional authorized by R.S. 40:1046(B) to recommend medical marijuana to patients.

(b) Notwithstanding any other provision of law to the contrary, except when the person to be arrested has committed a felony, although not in the presence of the officer, no peace officer may arrest any employee, board member, director, or agent during the course and scope of his employment with the following, pursuant to R.S. 40:1046:

(i) A retailer permitted to sell marijuana for therapeutic use.

(ii) A licensee of marijuana for therapeutic use or its subordinate licensed contractor.

(iii) A testing laboratory of marijuana for therapeutic use, authorized to do business.

(iv) A licensed researcher of marijuana for therapeutic use, performing his official duties.

(c) The defendant shall bear the burden of proving that the possession, manufacture, production, transportation, or distribution was in accordance with the state-sponsored medical marijuana program or the Louisiana Department of Health's rules and regulations, as applicable.

G. Treatment for heroin addiction as a condition for probation. (1) Upon conviction of Paragraph (B)(3) or (C)(4) of this Section, possession with intent to distribute heroin or possession of heroin, the court may suspend any sentence which it imposes and place the defendant on probation pursuant to Code of Criminal Procedure Article 893. The court may order the division of probation and parole of the Department of Public Safety and Corrections to conduct a presentence investigation, or may order the defendant to obtain a

substance abuse evaluation, for the purpose of determining whether the defendant has a substance abuse disorder.

(2) Upon receiving the report or evaluation, the court shall, if it finds probable cause from such report to believe the defendant has a substance abuse disorder, order a contradictory hearing for the purpose of making a judicial determination on whether the defendant has a substance abuse disorder.

(3) If, at such contradictory hearing, the court determines that the defendant has a substance abuse disorder, it shall require as a condition of probation that the defendant complete a drug treatment program if the following conditions are met:

(a) There is an available program in the local jurisdiction that has sufficient experience in working with criminal justice participants with substance abuse disorders and is certified and approved by the state of Louisiana.

(b) The cost of the approved treatment does not create a substantial financial hardship to the defendant or his dependents. For purposes of this determination, "substantial financial hardship" shall have the same meaning as provided in R.S. 15:175.

(4) If the offender does not successfully complete the drug treatment program, or otherwise violates the conditions of his probation, the court may revoke the probation or impose other sanctions pursuant to Code of Criminal Procedure Article 900.

RS 40:966.1 — Unlawful possession, production, or distribution of kratom

substance containing 7-hydroxymitragynine or mitragynine.

B.(1) Manufacture; distribution. It shall be unlawful for any person to knowingly produce, manufacture, distribute, or dispense, or possess with intent to produce, manufacture, distribute, or dispense, kratom.

(2) Any person who violates Paragraph (1) of this Subsection for an amount of:

(a) An aggregate weight of less than five hundred grams, shall be fined not more than fifty thousand dollars, imprisoned, with or without hard labor, for not less than one year nor more than three years, or both.

(b) An aggregate weight of five hundred grams or more, shall be fined not more than fifty thousand dollars, imprisoned, with or without hard labor, for not less than one year nor more than five years, or both.

C. Possession. It is unlawful for any person knowingly or intentionally to possess kratom. Any person who violates this Subsection shall be punished as follows:

(1) On a conviction wherein the offender possesses twenty grams or less, the offender shall be fined not more than one hundred dollars.

(2) On a first conviction, wherein the offender possesses more than twenty grams, the offender shall be fined not more than five hundred dollars, imprisoned in the parish jail for not more than six months, or both.

(3) On a second or any subsequent conviction, wherein the offender possesses more than twenty grams, the offender shall be fined not more than one thousand dollars, imprisoned in the parish jail for not more than six months, or both.

RS 40:967 — Prohibited acts - Schedule II; penalties

f 1950, it shall be unlawful for any person knowingly or intentionally:

(1) To produce, manufacture, distribute, or dispense or possess with intent to produce, manufacture, distribute, or dispense, a controlled dangerous substance or controlled substance analogue classified in Schedule II.

(2) To create, distribute, or possess with intent to distribute, a counterfeit controlled dangerous substance classified in Schedule II.

B. Violations of Subsection A. Any person who violates Subsection A of this Section with respect to:

(1) Except as otherwise provided in Paragraphs (2), (3), and (4) of this Subsection, a substance classified in Schedule II for an amount of:

(a) An aggregate weight of less than twenty-eight grams, shall be imprisoned, with or without hard labor, for not less than one year nor more than ten years and may, in addition, be fined not more than fifty thousand dollars.

(b) An aggregate weight of twenty-eight grams or more, shall be imprisoned at hard labor for not less than one year nor more than twenty years and may, in addition, be fined not more than fifty thousand dollars.

(2)(a) Production or manufacturing of amphetamine or methamphetamine shall be sentenced to imprisonment at hard labor for not less than ten years nor more than thirty years, at least ten years of which shall be served without benefit of parole, probation, or suspension of sentence, and in addition may be sentenced to pay a fine of not more than five hundred thousand dollars.

(b) This Subparagraph shall be cited as the "Child Endangerment Law". When the state proves in addition to the elements of the crime as set forth in Subsection A of this Section that a minor child twelve years of age or younger is present in the home, mobile home or other inhabited dwelling at the time of the commission of the offense, the minimum mandatory sentence shall be fifteen years without benefit of parole, probation, or suspension of sentence.

(3) Production or manufacturing of cocaine or cocaine base or a mixture or substance containing cocaine or its analogues as provided in Schedule II(A)(4) of R.S. 40:964 or oxycodone as provided in Schedule II(A)(1)(p) of R.S. 40:964 or methadone as provided in Schedule II(B)(15) of R.S. 40:964 shall be sentenced to imprisonment at hard labor for not less than ten nor more than thirty years, at least ten years of which shall be served without benefit of parole, probation, or suspension of sentence, and may be fined not more than five hundred thousand dollars.

(4) Fentanyl or a mixture or substance containing a detectable amount of fentanyl or its analogues, or carfentanil or a mixture or substance containing a detectable amount of carfentanil or its analogues, shall be punished as follows:

(a) On conviction of an aggregate weight of less than twenty-eight grams, imprisonment at hard labor for not less than five years nor more than forty years, at least five years of which shall be served without benefit of parole, probation, or suspension of sentence, and may, in addition, be required to pay a fine of not more than fifty thousand

dollars.

(b) On a first conviction of an aggregate weight of twenty-eight grams or more but less than two hundred fifty grams, imprisonment at hard labor for not less than seven years nor more than forty years, at least seven years of which shall be served without benefit of parole, probation, or suspension of sentence, and may, in addition, be required to pay a fine of not more than fifty thousand dollars.

(c) On a second conviction of an aggregate weight of twenty eight grams or more but less than two hundred fifty grams, imprisonment at hard labor for not less than thirty years nor more than forty years, at least ten years of which shall be served without benefit of parole, probation, or suspension of sentence, and may, in addition, be required to pay a fine of not more than five hundred thousand dollars.

(d) On a third conviction of an aggregate weight of twenty eight grams or more but less than two hundred fifty grams, imprisonment at hard labor for not less than ninety-nine years without benefit of parole, probation, or suspension of sentence, and may, in addition, be required to pay a fine of not more than five hundred thousand dollars.

(e) On conviction of an aggregate weight of two hundred fifty grams or more, life imprisonment at hard labor, at least twenty-five years of which shall be served without benefit of parole, probation, or suspension of sentence.

(f)(i) If the offender unlawfully distributes or dispenses fentanyl or a mixture or substance containing a detectable amount of fentanyl or its analogues, or carfentanil or a mixture or substance containing a detectable amount of carfentanil or its analogues, which is the direct cause of serious bodily injury to the person who ingested or consumed the substance, the offense shall be classified as a crime of violence, and the offender shall be imprisoned at hard labor for an additional period of five years without benefit of probation, parole, or suspension of sentence. The additional penalty imposed pursuant to this Subparagraph shall be served consecutively to the sentence imposed under this Paragraph.

(ii) For purposes of this Subparagraph, "serious bodily injury" shall have the same meaning as provided by R.S. 14:2(C).

(iii) This Subsection shall be known and may be cited as "Millie's Law".

C. Possession. It is unlawful for any person knowingly or intentionally to possess a controlled dangerous substance as classified in Schedule II unless such substance was obtained directly or pursuant to a valid prescription or order from a practitioner, as provided in R.S. 40:978 while acting in the course of his professional practice, or except as otherwise authorized by this Part. Any person who violates this Subsection with respect to:

(1) An aggregate weight of less than two grams, shall be imprisoned, with or without hard labor, for not more than two years and, in addition, may be sentenced to pay a fine of not more than five thousand dollars.

(2) An aggregate weight of two grams or more but less than twenty-eight grams shall be imprisoned, with or without hard labor, for not less than one year nor more than five years and, in addition, may be sentenced to pay a fine of not more than five thousand dollars.

(3) Phencyclidine, for an amount of an aggregate weight of less than twenty-eight grams, shall be imprisoned at hard labor for not less than one year nor more than twenty

years, or required to pay a fine of not more than five thousand dollars, or both.

(4) Fentanyl or a mixture or substance containing a detectable amount of fentanyl or its analogues, or carfentanil or a mixture or substance containing a detectable amount of carfentanil or its analogues, upon conviction for an amount of:

(a) An aggregate weight of less than two grams, shall be imprisoned, with or without hard labor, for not less than two years nor more than four years.

(b) An aggregate weight of two grams or more but less than twenty-eight grams, shall be imprisoned, with or without hard labor, for not less than two years nor more than ten years and may, in addition, be required to pay a fine of not more than five thousand dollars.

D. If a person knowingly or intentionally possesses a controlled substance as classified in Schedule II, unless such substance was obtained directly or pursuant to a valid prescription or order from a practitioner, as provided in R.S. 40:978 while acting in the course of his professional practice, where the amount of the controlled substance is an aggregate weight of twenty-eight grams or more, it shall be considered a violation of Subsection A of this Section.

E. Treatment for fentanyl or carfentanil addiction as a condition for probation.

(1) Upon conviction of Paragraph (C)(4) of this Section, possession of fentanyl or carfentanil, the court may suspend any sentence which it imposes and place the defendant on probation pursuant to Code of Criminal Procedure Article 893. The court may order the division of probation and parole of the Department of Public Safety and Corrections to conduct a presentence investigation, or may order the defendant to obtain a substance abuse evaluation, for the purpose of determining whether the defendant has a substance abuse disorder.

(2) Upon receiving the report or evaluation, the court shall, if it finds probable cause from such report to believe the defendant has a substance abuse disorder, order a contradictory hearing for the purpose of making a judicial determination on whether the defendant has a substance abuse disorder.

(3) If, at such contradictory hearing, the court determines that the defendant has a substance abuse disorder, it shall require as a condition of probation that the defendant complete a drug treatment program if the following conditions are met:

(a) There is an available program in the local jurisdiction that has sufficient experience in working with criminal justice participants with substance abuse disorders and is certified and approved by the state of Louisiana.

(b) The cost of the approved treatment does not create a substantial financial hardship to the defendant or his dependents. For purposes of this determination, "substantial financial hardship" shall have the same meaning as provided in R.S. 15:175.

(4) If the offender does not successfully complete the drug treatment program, or otherwise violates the conditions of his probation, the court may revoke the probation or impose other sanctions pursuant to Article 900 of the Code of Criminal Procedure.

RS 40:967.1 — Prohibited acts-Schedule II; distribution of fentanyl with certain characteristics

anyl or packaging of the fentanyl reasonably appeals to a minor, shall

be imprisoned at hard labor for not less than twenty-five years nor more than ninety-nine

years without benefit of probation, parole, or suspension of sentence.

B. Any person who violates the provisions of R.S. 40:967(A) with respect to fentanyl, where the fentanyl or packaging of the fentanyl is designed to resemble branded prescription medication or its generic equivalent, shall be imprisoned at hard labor for not less than ten years nor more than forty years without benefit of probation, parole, or suspension of sentence.

C. For the purposes of this Section, the following definitions shall apply:

(1) "Fentanyl" shall mean a substance or mixture containing a detectable amount of fentanyl or its analogues, or carfentanil or a mixture or substance containing a detectable amount of carfentanil or its analogues.

(2) "Reasonably appeals to a minor" shall mean a design of the fentanyl or the fentanyl's packaging that, due to the shape, color, taste, or design, includes but is not limited to a resemblance of any of the following:

(a) A noncontrolled substance that is primarily consumed by and marketed to minors.

(b) The shape of an animal, vehicle, person, or character.

(c) Food or beverage that is attractive to minors and that is commonly sold in retail establishments, regardless of whether the food or beverage is generic, trademarked, or a branded product.

(d) Candy.

RS 40:968 — Prohibited acts--Schedule III; penalties

(1) To produce, manufacture, distribute or dispense or possess with intent to produce, manufacture, distribute, or dispense, a controlled dangerous substance classified in Schedule III;

(2) To create, distribute, or possess with intent to distribute, a counterfeit controlled dangerous substance classified in Schedule III.

B. Violations of Subsection A. Any person who violates Subsection A of this Section with respect to any controlled dangerous substance classified in Schedule III shall be sentenced to a term of imprisonment, with or without hard labor, for not less than one year nor more than ten years and, in addition, may be sentenced to pay a fine of not more than fifteen thousand dollars.

C. Possession. It is unlawful for any person knowingly or intentionally to possess a controlled dangerous substance classified in Schedule III unless such substance was obtained directly or pursuant to a valid prescription or order from a practitioner, or as provided in R.S. 40:978 or 1060.21, while acting in the course of his professional practice or except as otherwise authorized by this Part. Any person who violates this Subsection shall be imprisoned, with or without hard labor, for not less than one year nor more than five years and, in addition, may be required to pay a fine of not more than five thousand dollars.

RS 40:969 — Prohibited acts--Schedule IV; penalties

(1) To produce, manufacture, distribute or dispense or possess with intent to produce, manufacture, distribute, or dispense, a controlled dangerous substance classified in Schedule IV.

(2) To create, distribute, or possess with intent to distribute, a counterfeit controlled

dangerous substance classified in Schedule IV.

B. Violations of Subsection A. Any person who violates Subsection A of this Section with respect to:

(1) Flunitrazepam shall be sentenced to a term of imprisonment at hard labor for not less than one year nor more than twenty years and pay a fine of not more than fifty thousand dollars.

(2) Any other controlled dangerous substance classified in Schedule IV, except flunitrazepam, shall be sentenced to a term of imprisonment, with or without hard labor, for not less than one year nor more than ten years and, in addition, may be sentenced to pay a fine of not more than fifteen thousand dollars.

C. Possession. (1) It is unlawful for any person knowingly or intentionally to possess a controlled dangerous substance classified in Schedule IV unless such substance was obtained directly or pursuant to a valid prescription or order from a practitioner, or as provided in R.S. 40:978, while acting in the course of his professional practice or except as otherwise authorized by this Part. Any person who violates this Subsection with respect to:

(a) Flunitrazepam shall be imprisoned, with or without hard labor, for not less than one year nor more than ten years and may, in addition, be required to pay a fine of not more than five thousand dollars.

(b) Any other controlled dangerous substance shall be imprisoned, with or without hard labor, for not less than one year nor more than five years and, in addition, may be required to pay a fine of not more than five thousand dollars.

(2) It shall not be a violation of this Subsection for a pregnant woman to possess mifepristone or misoprostol for her own consumption.

D. Whoever, with the intent to commit a crime of violence as defined in R.S.

14:2(B)(10) against an individual, violates Subsection A of this Section by administering a controlled dangerous substance to a person who is unaware that the controlled dangerous substance has been or is being administered to him, shall be sentenced to a term of imprisonment at hard labor for not less than five years nor more than forty years and may be fined not more than one hundred thousand dollars.

RS 40:970 — Prohibited acts--Schedule V; penalties

(1) To produce, manufacture, distribute or dispense or possess with intent to produce, manufacture, distribute, or dispense, a controlled dangerous substance classified in Schedule V.

(2) To create, distribute, or possess with intent to distribute, a counterfeit controlled dangerous substance classified in Schedule V.

B. Violations of Subsection A. Any person who violates Subsection A of this Section with respect to any controlled dangerous substance classified in Schedule V shall be sentenced to a term of imprisonment, with or without hard labor, for not less than one year nor more than five years and, in addition, may be sentenced to pay a fine of not more than five thousand dollars.

C. Possession. It is unlawful for any person unknowingly or intentionally to possess a controlled dangerous substance classified in Schedule V unless such substance was

obtained directly or pursuant to a valid prescription or order from a practitioner, or as provided in R.S. 40:978, while acting in the course of his professional practice or except as otherwise authorized by this Part. Any person who violates this Subsection shall be imprisoned with or without hard labor for not less than one year nor more than five years and, in addition, may be required to pay a fine of not more than five thousand dollars.

RS 40:971 — Prohibited acts; all schedules

ion of this part; or

(b) Who is a licensee to manufacture, distribute, or dispense a controlled dangerous substance to another licensee or other authorized person not authorized by his license; or

(c) To omit, remove, alter, or obliterate a symbol required by the Uniform Controlled Dangerous Substances Law; or

(d) To refuse or fail to make, keep, or furnish any record, notification, order form, statement, invoice or information required under this part; or

(e) To refuse entry into any premise for inspection as authorized by this part; or

(f) To keep or maintain any store, shop, warehouse, dwelling house, building, vehicle, boat, aircraft, or any place whatever, which is frequented by persons using controlled dangerous substances in violation of this part for the purpose of using such substances, or which is used for the keeping or selling of the same in violation of this part.

(2) Any person who violates this subsection shall be fined not more than fifteen thousand dollars. Such proceeding shall be independent, and not in lieu of, other proceedings under this part or any other law of this state. If the violation is prosecuted by a bill of information or an indictment which alleges that the violation was committed knowingly or intentionally, such person, upon conviction, shall be imprisoned for not more than six months; and, in addition, may be sentenced to pay a fine of not more than five hundred dollars.

B.(1) It shall be unlawful for any person knowingly or intentionally:

(a) To use in the course of the manufacture or distribution of a controlled dangerous substance a license number which is fictitious, revoked, suspended or issued to another person; or

(b) To acquire or obtain possession of a controlled dangerous substance by misrepresentation, fraud, forgery, deception or subterfuge; or

(c) To furnish false or fraudulent material, information in any application, report or other document required to be kept by this part.

(d) To make, distribute, or possess any punch, die, plate, stone or other thing designed to print, imprint, or reproduce the trademark, trade name, or other identifying mark, imprint, or device of another of any likeness of any of the foregoing upon any drug or container or labeling thereof so as to render such drug a counterfeit controlled dangerous substance; or

(e) To alter any controlled dangerous substance obtained by prescription without prior approval of the department; or

(f) To alter any prescription for a controlled dangerous substance; provided that this shall not apply to the person issuing the original prescription or the pharmacist pursuant to instructions from the physician; or

(g) To obtain or attempt to obtain a prescription or prescription blank form from a doctor, dentist, or veterinarian for a controlled dangerous substance and/or legend drug by fraud, theft, misrepresentation, deception or subterfuge.

(h) To possess a prescription for a controlled dangerous substance and/or legend drugs without the express consent of the party for whom such prescription was written. For the purposes hereof a legend drug is any drug or drug product bearing on the label of the manufacturer or distributor as required by the Federal Food and Drug Administration the statement "Caution: Federal law prohibits dispensing without prescription."

(i) To obtain or seek to obtain any controlled dangerous substance or a prescription for a controlled dangerous substance from a health care practitioner, while being supplied with any controlled dangerous substance or a prescription for any controlled dangerous substance by another health care practitioner, without disclosing the fact of the existing prescription to the practitioner from whom the subsequent prescription for a controlled dangerous substance is sought. Failure of a practitioner to request the disclosure is not a violation of this Subsection by the practitioner. The disclosure shall include the name of the controlled dangerous substance, the date of the prescription, the amount of the controlled substance prescribed, and the number of refills if any. The disclosure shall be made in writing by the person obtaining or seeking to

obtain the controlled dangerous substance and shall be made a part of the person's medical record by the health care practitioner. As used in this Section, the term "existing" shall mean the period of time within which the prescription was prescribed to be taken.

(2) Any person who violates this subsection shall be imprisoned, with or without hard labor, for not more than five years; and, in addition may be sentenced to pay a fine of not more than five thousand dollars.

C.(1) It shall be unlawful for a person, including a physician, dentist, podiatrist, or veterinarian, to prescribe, dispense, or administer legally controlled substances beyond his respective prescribing authority or for a purpose other than accepted medical treatment of a disease, condition, or illness.

(2) It shall be unlawful for a pharmacist to dispense legally controlled substances beyond his dispensing authority.

(3) Any person who violates this Subsection shall be subject to the penalties as established for the controlled dangerous substance and the particular criminal act committed in R.S. 40:966 through 967.

D. Every practitioner, as defined in R.S. 40:961, may, if he has a good faith belief that a crime has been committed on the premises, notify local law enforcement authorities when it is believed that an individual has obtained a fraudulent prescription for any controlled dangerous substance or any person has attempted to obtain a fraudulent prescription for any controlled dangerous substance.

E. Every pharmacy in which a controlled dangerous substance is physically obtained by a patient or a patient's agent shall require every person purchasing, receiving, or otherwise acquiring any controlled dangerous substance to produce a photo identification card, unless the patient or the patient's agent is known to the pharmacist. The person purchasing, receiving, or otherwise acquiring the controlled dangerous substance prescription does not have to be the specific patient to whom the prescription is issued.

RS 40:971.1 — Prohibited acts; false representation

dispense any substance which is

represented to be a controlled dangerous substance and which is an imitation controlled dangerous substance, or any controlled dangerous substance which is a counterfeit controlled dangerous substance.

B. The provisions of this Section shall not apply to a law enforcement officer acting in the course and scope of his employment or to a medical practitioner, pharmacist, or other person authorized to dispense or administer controlled dangerous substances pursuant to this Part.

C. Any person who violates the provisions of this Section shall be imprisoned with or without hard labor for not more than five years, and in addition may be fined not more than five thousand dollars.

RS 40:971.2 — Unlawfully prescribing, distributing, dispensing, or assisting in illegally obtaining controlled dangerous substances

ic Drug Abuse and Overdose Prevention Act".

B. It shall be unlawful for a physician, other licensed health care practitioner as defined in R.S. 40:961(31), or any other person to knowingly or intentionally commit any of the following acts:

(1) Assist a patient or any other person in obtaining a controlled dangerous substance through misrepresentation, fraud, forgery, deception, or subterfuge.

(2) Write a prescription for a controlled dangerous substance for a fictitious person.

(3) Distribute or dispense a controlled dangerous substance to a fictitious person.

(4) Operate any type of business or establishment where the primary purpose of the business or establishment is the sale, exchange, barter, or trade of a controlled dangerous substance for anything of value through misrepresentation, fraud, forgery, deception, or subterfuge.

C. Whoever violates the provisions of this Section shall be imprisoned, with or without hard labor, for not more than five years, and in addition may be sentenced to pay a fine of not more than fifty thousand dollars.

RS 40:971.3 — Misbranding or adulteration of drugs with intent to defraud or mislead

and with the intent to defraud or mislead shall be

imprisoned, with or without hard labor, for not more than five years, or fined not more than ten thousand dollars, or both.

RS 40:972 — Rules and regulations and fees

bution, and

dispensing of controlled dangerous substances within this state.

B. The fees collected by the Louisiana Board of Pharmacy for registration and licensing shall not exceed the following schedule:

Minimum

(1)

Manufacturer

\$

100.00

(2)

Ambulatory surgical centers

\$

50.00

ambulance services, analytical laboratories, etc.)

\$

20.00

(14) Duplicate/Replacement fee

\$

5.00

(15) Delinquent fee

(30 days after expiration/assessed per year)

\$

10.00

C. All said fees collected in accordance with the provisions of this Chapter shall be deposited in a separate fund and used for the administration and enforcement of this Part, and for education and research as provided by R.S. 40:992, together with any supplemental funds appropriated by the legislature or federal funds or grants received.

RS 40:973 — Licensing requirements

n this state,

including third-party logistics providers, or who proposes to engage in the research, manufacture, distribution, procurement, possession, prescribing, or dispensing of any controlled dangerous substance within this state, including third-party logistics providers, shall obtain a controlled dangerous substance license issued by the Louisiana Board of Pharmacy in accordance with the rules and regulations promulgated by the board prior to engaging in such activity.

(2) Upon initial application or upon renewal of a controlled dangerous substance license from the Louisiana Board of Pharmacy, a prescribing practitioner shall automatically and without further action be registered as a participant in the prescription monitoring

program established in R.S. 40:1001 et seq. For purposes of this Subsection, the term "practitioner" shall include those with prescription authority for controlled substances in Louisiana, excluding veterinarians.

B. The following persons shall not be required to obtain a license and may lawfully possess controlled dangerous substances under the provisions of this Part:

(1) An agent, or an employee thereof, of any registered manufacturer, distributor, or dispenser of any controlled dangerous substance if such agent is acting in the usual course of his business or employment.

(2) A common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled dangerous substance is in the usual course of his business or employment.

(3) An ultimate user or person in possession of any controlled dangerous substance pursuant to a lawful order of a practitioner.

C. The Louisiana Board of Pharmacy may, by regulation, waive the requirement for licensing of certain manufacturers, distributors, or dispensers if it finds it consistent with the public health and safety.

D. A separate license shall be required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled dangerous substances.

E. The Louisiana Board of Pharmacy is authorized to inspect the establishment of a licensee or applicant for licensing in accordance with the rules and regulations promulgated by the board.

F.(1) Any person licensed by the Louisiana Board of Pharmacy to manufacture, distribute, or dispense controlled dangerous substances shall submit to the board data on transactions involving the disbursement of Schedule II controlled dangerous substances to licensed Louisiana registrants except as provided in R.S. 40:972 and 988(B).

(2) The Louisiana Board of Pharmacy is authorized to promulgate rules and regulations necessary to implement the provisions of this Subsection including but not limited to the scope of such data, the form in which it is to be submitted, and the time requirements for such submission.

G.(1) The Louisiana Board of Pharmacy shall disseminate its findings concerning possible violations to the respective boards for action in correcting violations on the part of licensed Louisiana registrants.

(2)(a) Such supervisory board shall receive the findings of the Louisiana Board of Pharmacy concerning possible violations and shall disseminate such findings to the respective boards for action in correcting violations on the part of licensed Louisiana registrants.

(b) All expenses for the operation of the supervisory board shall be borne by the licensing boards which make up said supervisory boards.

RS 40:973.1 — Louisiana Board of Pharmacy; criminal history record information

who has applied to the board for the issuance or reinstatement of any controlled dangerous substance license that the board is authorized

by law to issue.

(2) "Board" means the Louisiana Board of Pharmacy.

(3) "Bureau" means the Louisiana Bureau of Criminal Identification and Information.

(4) "Criminal history record" or "criminal history record information" means information collected by criminal justice agencies on individuals consisting of identifiable descriptions and notations of arrests, detentions, indictments, bills of information, or any formal criminal charges, and any disposition arising therefrom, including sentencing, correctional supervision, and release. The terms do not include information gathered or collected for intelligence or investigatory purposes, nor do the terms include any identification information which does not indicate involvement of the individual in the criminal justice system.

(5) "FBI" means the Federal Bureau of Investigation of the United States Department of Justice.

(6) "Licensure" means any controlled dangerous substance license that the board is authorized to issue.

B. In addition to any other requirement established by rule, the board may require an applicant who is not in possession of a valid and verifiable license or other credential from a standing professional board of the state of Louisiana or from the Louisiana Department of Health, bureau of health services financing, health standards, or their successors, to do the following as a condition for eligibility for licensure:

(1) Submit fingerprints and other identifying information to the board.

(2) Permit the board to request and obtain state and national criminal history record information on the applicant.

C.(1) The costs of providing the information required under this Section shall be charged by the bureau, as specified in R.S. 15:587, to the board including any additional costs of providing the national criminal history records check for information that pertains to the applicant.

(2) The board may impose any or all of such fees or costs on the applicant.

D. Upon request by the board and upon the board's submission of an applicant's fingerprints and other identifying information as may be required, the bureau shall conduct a search of its criminal history record information relative to the applicant and report the results of its search to the board within sixty days from receipt of such request. Pursuant to R.S. 15:587, the bureau may charge the board a processing fee.

E. If the criminal history record information reported by the bureau to the board does not provide grounds for disqualification of the applicant for licensure by the board, the board may forward the applicant's fingerprints and other identifying information as may be required to the FBI with a request for a search of national criminal history record information relative to the applicant.

F. Any state or national criminal history record information that is obtained by the board from the bureau or FBI and that is not already a matter of public record shall not be public record and shall be confidential, restricted to the exclusive use of the board, its members, officers, investigators, agents, and attorneys in evaluating the applicant's eligibility

or ineligibility for licensure. No information or record related to the state or national criminal history record information of an applicant shall be released or otherwise disclosed to any other person or agency, except with the written consent of the applicant or by an order of a court of competent jurisdiction.

RS 40:974 — Licensing

at such fees as it shall determine to be reasonable, unless it determines that the issuance of such license is inconsistent with the public interest. In determining the public interest, the following factors shall be considered:

- (1) Maintenance of effective controls against diversion of particular controlled dangerous substances and any Schedule I or II substance compounded therefrom into other than legitimate medical, scientific, or industrial channels.
- (2) Compliance with applicable state and local law.
- (3) Prior conviction record of applicant under federal or state laws relating to the manufacture, distribution, or dispensing of such substances.
- (4) Past experience in the manufacture of controlled dangerous substances, and the existence in the establishment of effective controls against diversion.
- (5) Such other factors as are relevant to and consistent with the public health and safety.

B. Licenses granted under Subsection A of this Section shall not entitle a licensee to manufacture and distribute controlled dangerous substances in Schedule I or II other than those specified in the license.

C. A license application by a practitioner who wishes to conduct research with a controlled substance shall be referred to the Louisiana Board of Pharmacy. Licensing by the Louisiana Board of Pharmacy for the purpose of bona fide research with a controlled dangerous substance by a practitioner deemed qualified by the board may be denied only on a ground specified in R.S. 40:975(A) or on the ground that the applicant's past practice or proposed procedures furnish grounds for the belief that the applicant will abuse or unlawfully transfer such substances from legitimate medical or scientific use.

RS 40:975 — Denial, revocation, suspension, or termination of license

d or revoked by the Louisiana Board of

Pharmacy upon a finding that the applicant or licensee meets any of the following criteria:

- (1) He has materially falsified any application filed pursuant to or required by this Part.
- (2) He has been convicted of a felony under this Part or any law of the United States, or of any state, relating to any substances defined in this Part as a controlled dangerous substance, or any felony under any other law of the United States or of any state within five years of the date of the issuance of the license.
- (3) His federal license has been suspended or revoked by competent federal authority and he is no longer authorized by federal law to engage in the manufacturing, distribution, or dispensing of controlled dangerous substances.
- (4) He has manufactured, distributed, or dispensed controlled dangerous substances in violation of any provision of this Part or any other state or federal laws pertaining to the

manufacture, distribution, or dispensing of controlled dangerous substances.

(5) He has repeatedly failed to submit to the Louisiana Board of Pharmacy data on transactions involving the disbursement of Schedule II controlled dangerous substances to licensed Louisiana registrants as required by R.S. 40:973(F) and by rules promulgated pursuant thereto.

B. The Louisiana Board of Pharmacy may limit revocation or suspension of a license to the particular controlled dangerous substance with respect to which grounds for revocation or suspension exist.

C. Before taking action pursuant to this Section or pursuant to a denial of license under R.S. 40:974, the Louisiana Board of Pharmacy shall serve upon the applicant or licensee an order to show cause why the license should not be denied, revoked, or suspended. The order to show cause shall contain a statement of the basis thereof and shall call upon the applicant or licensee to appear before the Louisiana Board of Pharmacy at a time and place stated in the order, but in no event less than thirty days after the date of receipt of the order. Proceedings to deny, revoke, or suspend shall be conducted pursuant to this Section in accordance with the Administrative Procedure Act, R.S. 49:950 et seq. Such proceedings shall be independent of, and not in lieu of, criminal prosecutions or other proceedings under this Part or any law of the state.

D. The Louisiana Board of Pharmacy may, in its discretion, suspend any license simultaneously with the institution of proceedings under this Section in cases where it finds that there is an imminent danger to the public health or safety. Such suspension shall continue in effect until the conclusion of such proceedings, including judicial review thereof, unless sooner withdrawn by the Louisiana Board of Pharmacy or dissolved by a court of competent jurisdiction.

E. In the event the Louisiana Board of Pharmacy suspends or revokes a license granted under R.S. 40:974, all controlled dangerous substances owned or possessed by the licensee pursuant to such license at the time of suspension or the effective date of the revocation order, as the case may be, may, in the discretion of the board, be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all such controlled dangerous substances shall be forfeited to the state.

F. The Bureau of Narcotics and Dangerous Drugs shall promptly be notified of all orders suspending or revoking license and all forfeitures of controlled dangerous substances.

G.(1) A license pursuant to R.S. 40:974 to manufacture, distribute, or dispense a controlled dangerous substance shall be terminated by the Louisiana Board of Pharmacy if the licensee has failed to timely renew the license and submit the applicable fee, including the fee for the prescription monitoring program authorized pursuant to R.S. 40:1013, and thirty days have elapsed since the date of expiration.

(2) Any appeal from the provisions of this Subsection shall be governed by the Administrative Procedure Act.

(3) The Louisiana Board of Pharmacy shall promulgate rules, regulations, and standards to implement the provisions of this Subsection. The rules, regulations, and standards shall be promulgated in accordance with the Administrative Procedure Act.

RS 40:976 — Records of licensees

of all

stocks of such dangerous substances on hand. Thereafter, complete and accurate records of all such dangerous substances shall be maintained until the next inventory is made for the next two-year period as required by this Section. At each two-year period after July 29, 1970, at the time of his regular physical inventory, each licensee manufacturing, distributing, or dispensing controlled dangerous substances shall prepare an inventory of each dangerous substance in his possession. Records and inventories shall contain such information as shall be provided by rules and regulations promulgated by the Louisiana Board of Pharmacy. This Section shall not apply to practitioners who lawfully prescribe or administer, but do not otherwise dispense, controlled dangerous substances listed in Schedule I, II, III, IV, or V of this Part.

RS 40:976.1 — Chemical precursor; recordkeeping requirements

stances shall make an accurate and

legible record of the transaction and maintain the record for a period of at least five years after the date of the transaction:

- (1) Methylamine
- (2) Ethylamine
- (3) D-lysergic acid
- (4) Ergotamine tartrate
- (5) Diethyl malonate
- (6) Malonic acid
- (7) Ethyl malonate
- (8) Barbituric acid
- (9) Piperidine
- (10) N-acetylanthranilic acid
- (11) Pyrrolidine
- (12) Phenylacetic acid
- (13) Anthranilic acid
- (14) Morpholine
- (15) Ephedrine
- (16) Pseudoephedrine or norpseudoephedrine
- (17) Phenylpropanolamine
- (18) Acetic anhydride
- (19) Anthranilic acid, its esters and its salts
- (20) Benzaldehyde
- (21) Benzyl chloride
- (22) Benzyl cyanide
- (23) Ergonovine and its salts

- (24) Hydriodic acid
- (25) Isosafrole
- (26) 3,4-methylenedioxyphenyl-2-propanone
- (27) N-ethylephedrine, its salts, optical isomers, and salts of optical isomers
- (28) N-ethylpseudoephedrine, its salts, optical isomers, and salts of optical isomers
- (29) N-methylephedrine, its salts, optical isomers, and salts of optical isomers
- (30) N-methylpseudoephedrine, its salts, optical isomers, and salts of optical isomers
- (31) Nitroethane
- (32) 1-phenyl-1-chloro-2-methylaminopropanone (chloroephedrine; chloropseudoephedrine), their salts, optical isomers, and salts of optical isomers
- (33) Phenyl-2-propanone
- (34) Piperonal
- (35) Propionic anhydride
- (36) Safrole
- (37) Thionylchloride

B.(1) Before selling, transferring, or otherwise furnishing to a person in this state a precursor substance designated in Subsection A of this Section, a manufacturer, wholesaler, retailer, or other person shall obtain from the buyer or recipient not representing a business the following information:

- (a) The recipient's driver's license number or other personal identification certificate number, date of birth, and residential or mailing address, other than post office box number. This information shall be obtained from a driver's license or other personal identification card issued by the Department of Public Safety and Corrections that contains a photograph of the recipient.
- (b) The year, state, and number of the motor vehicle license of the motor vehicle owned or operated by the recipient.
- (c) A complete description of how the substance is to be used.
- (d) The recipient's signature.

(2) Before selling, transferring, or otherwise furnishing to a person in this state a precursor substance designated in Subsection A of this Section, a manufacturer, wholesaler, retailer, or other person shall obtain from the buyer or recipient representing a business the following information:

- (a) A letter of authorization from the business that includes the business license or comptroller tax identification number, address, area code, and telephone number and a complete description of how the substance is to be used.
- (b) The signature of the recipient.

(3) For any recipient, the seller, manufacturer, or retailer shall sign as a witness to the signature and identification of the recipient.

C. Except as provided by Subsection E of this Section, a manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes to a person in this state a precursor substance designated in Subsection A of this Section shall, at least twenty-one days before the delivery of the substance, submit a report of the transaction on a form

obtained from the deputy secretary that includes the information required by Subsection B of this Section.

D. The deputy secretary shall supply to a manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes a precursor substance subject to Subsection A of this Section a form for the submission of:

- (1) The report required by Subsection C of this Section.
- (2) The name and measured amount of the precursor substance, delivered.
- (3) Any other information required by the deputy secretary.

E. The deputy secretary shall require a manufacturer, wholesaler, retailer, or other person to submit a comprehensive monthly report instead of the report required by Subsection C of this Section if the deputy secretary determines either of the following:

- (1) That there is a pattern of regular supply and purchase of the substance between the furnisher and the recipient.
- (2) That the recipient has established a record of utilization of the substance solely for a lawful purpose.

F. A manufacturer, wholesaler, retailer, or other person who received from a source outside this state a substance designated in Subsection A of this Section or who discovers a loss or theft of a substance designated in Subsection A of this Section shall submit a report of the transaction to the deputy secretary in accordance with rules adopted pursuant to administrative procedure, and shall include in the report any difference between the amount of the substance actually received and the amount of the substance shipped according to the shipping statement or invoice or the amount of the loss or theft.

G. A report required under Subsection F of this Section shall:

- (1) Be made not later than the third day after the date that the manufacturer, wholesaler, retailer, or other person learns of the discrepancy, loss, or theft.
- (2) If the discrepancy, loss, or theft occurred during a shipment of the substance, include the name of the common carrier or person who transported the substance and the date that the substance was shipped.

H. The provisions of this Section shall not apply to the sale or transfer of a nonnarcotic product that includes a precursor substance listed in Subsection A of this Section, if the product may otherwise be sold lawfully with a prescription or over the counter without a prescription under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.) or a rule adopted thereunder.

I. Any person who violates the provisions of this Section shall be imprisoned with or without hard labor for not more than one year, and in addition may be fined not more than one thousand dollars.

RS 40:977 — Order forms

y 17, 1978; Acts 2006, No. 834, §1.

RS 40:978 — Prescriptions

macist, to an ultimate user, no controlled dangerous substance included in Schedule II, which is a prescription drug as determined under the Louisiana Revised Statutes of 1950, may be dispensed or administered without either the written prescription of a practitioner,

or an electronic prescription order as provided by federal law or regulation, except that in emergency situations, as prescribed by the board by regulation, such drug may be dispensed or administered upon oral prescription reduced promptly to writing and filed by the pharmacist. Prescriptions shall be retained in conformity with the requirements of R.S.

40:976. No prescription for a Schedule II substance may be refilled nor may such prescription be filled more than ninety days after the date of the prescription. The pharmacist filling a prescription for a Schedule II substance may, upon request of the patient, dispense the prescribed substance in an amount less than the full quantity prescribed in accordance with 21 U.S.C. 829.

B. Except when dispensed or administered directly by a practitioner or administered by a person authorized to administer by such practitioner, other than a pharmacist, to an ultimate user, no controlled dangerous substance included in Schedule III and IV which is a prescription drug as determined under the Louisiana Revised Statutes may be dispensed or administered without either a written prescription, an oral prescription, or an electronic prescription order as provided by federal law or regulation. Such prescription may not be filled or refilled more than six months after the date thereof or refilled more than five times after the date of the prescription, unless renewed by the practitioner.

C. No controlled dangerous substance included in Schedule V may be distributed, administered or dispensed other than for a medical purpose by prescription of a licensed practitioner or as otherwise permitted by the provisions of this Part. However, nothing contained in this Subsection shall prohibit a practitioner from delegating the authority to administer controlled dangerous substances in Schedule V to a person authorized by such practitioner.

D. Notwithstanding the requirements of this Section, a prescription for a controlled substance listed in Schedule II, III, IV, or V may be generated, signed, transmitted, and received in electronic form, but only in conformance with the federal rules established by the United States Drug Enforcement Administration at 21 CFR 1311.

E.(1) The pharmacist shall not dispense more than a ten-day supply at a dosage not to exceed the United States Food and Drug Administration's approved labeling for the medication if the prescriber for such medication is not licensed by the state of Louisiana, and the medication is an opioid derivative Schedule II or an opioid derivative Schedule III controlled dangerous substance. The dispensing pharmacist shall notify the prescriber of the supply dispensed and the cancellation of the remainder of the prescription.

(2) Within sixty days of the dispensing of a medication pursuant to Paragraph (1) of this Subsection, such a medication shall not be dispensed again for the individual by a prescriber not licensed by the state of Louisiana.

(3) The provisions of this Subsection shall not apply if either of the following apply:

(a) The prescription monitoring information from the state of the prescriber may be viewed by the dispensing pharmacist.

(b) The prescriber includes on the prescription a diagnosis of cancer or terminal illness.

F.(1) A prescriber or his delegate shall access and review the patient's record in the

prescription monitoring program established in R.S. 40:1001 et seq. prior to initially prescribing any opioid to a patient, and shall access the prescription monitoring program and review the patient's record at least every ninety days if the patient's course of treatment continues for more than ninety days. The requirement established in this Subsection shall not apply in the following instances:

(a) The drug is prescribed or administered to a hospice patient or to any other patient who has been diagnosed as terminally ill.

(b) The drug is prescribed or administered for the treatment of cancer-related chronic or intractable pain.

(c) The drug is ordered or administered to a patient being treated in a hospital.

(d) The prescription monitoring program is inaccessible or not functioning properly due to an internal or external electronic issue. However, the prescriber or his delegate shall check the prescription monitoring program once electronic accessibility has been restored and note the cause for the delay in the patient's chart.

(e) No more than a single seven-day supply of the drug is prescribed or administered to a patient.

(2) The provisions of this Subsection shall be enforced by the health profession licensing board that regulates the prescriber. Each health profession licensing board that regulates prescribers shall promulgate rules and regulations in accordance with the Administrative Procedure Act to comply with the mandate in this Subsection. If a health profession licensing board becomes aware of a prescriber's first failure to comply with this Subsection, as verified by the data of the prescription monitoring program, the board shall notify the prescriber of the relevant statutory requirements and inform the prescriber of the need to correct or amend his prescribing practices to comply with the provisions of this Subsection. If a health profession licensing board becomes aware of a second or subsequent failure to comply with this Subsection, as verified by the data of the prescription monitoring program, the board shall treat the notification as a complaint against the licensee, but shall not consider such notice as evidence of deviation from standard of care.

(3) The provisions of this Subsection shall not apply to individuals licensed by the Louisiana Board of Veterinary Medicine.

G.(1)(a) Except as provided in Paragraph (2) of this Subsection, when issuing a first-time opioid prescription for outpatient use to an adult patient with an acute condition, a medical practitioner shall not issue a prescription for more than a seven-day supply.

(b) Except as provided in Paragraph (2) of this Subsection, a medical practitioner shall not issue a prescription for an opioid to a minor for more than a seven-day supply at any time and shall discuss with a parent, tutor, or guardian of the minor the risks associated with opioid use and the reasons why the prescription is necessary.

(2) If, in the professional medical judgment of a medical practitioner, more than a seven-day supply of an opioid is required to treat the adult or minor patient's acute medical condition or is necessary for the treatment of chronic pain management, pain associated with a cancer diagnosis, or for palliative care, the practitioner may issue a prescription for the quantity needed to treat the patient's acute medical condition or pain. The condition

triggering the prescription of an opioid for more than a seven-day supply shall be documented in the patient's medical record and the practitioner shall indicate that a nonopioid alternative was not appropriate to address the medical condition. The medical practitioner shall indicate on the prescription that more than a seven-day supply of the opioid is medically necessary.

(3) This Subsection shall not apply to medications designed for the treatment of substance abuse or opioid dependence.

H.(1) Prior to issuing a prescription for an opioid, a medical practitioner shall do both of the following:

(a) Consult with the patient regarding the quantity of the opioid and the patient's option to fill the prescription in a lesser quantity.

(b) Inform the patient of the risks associated with the opioid prescribed.

(2)(a) A pharmacist filling a prescription for an opioid may dispense the prescribed substance in an amount less than the recommended full quantity indicated on the prescription if requested by the patient and the prescription complies with the provisions of this Section. The patient may request that the pharmacist fill an additional amount not to exceed the remaining prescribed quantity in accordance with 21 U.S.C. 829.

(b) If the dispensed amount is less than the recommended full quantity, the pharmacist or a designee shall ensure that the actual dispensed amount is accurately recorded in the prescription monitoring program. The pharmacist or a designee shall also, within seven days, make a notation in the interoperable electronic health record of the patient if the pharmacist has access to the record.

(c) Nothing in this Subsection shall be interpreted to conflict with or supersede any other requirement established in this Section for a prescription of a controlled dangerous substance or any requirements or conditions for drug substitutions established by law.

I. The transfer between pharmacies of a prescription or prescription information for controlled substances is permissible in conformance with 21 CFR Part 1306.

RS 40:978.1 — Naloxone; first responder; prescription; administration to third party; limitation of

) "First responder" means any of the following:

(a) A peace officer as defined in R.S. 40:2402.

(b) A firefighter regularly employed by a fire department of any municipality, parish, or fire protection district of the state of Louisiana, or any volunteer fireman of the state of Louisiana.

(c) An EMS practitioner as defined in R.S. 40:1131.

(2) "Law enforcement agency" means an agency of a federally recognized Indian tribe or band or a state or political subdivision of a state, whose purpose is the detection and prevention of crime and enforcement of laws or ordinances.

(3) "Opioid-related drug overdose" means a condition including extreme physical illness, decreased level of consciousness, respiratory depression, coma, or the ceasing of respiratory or circulatory function resulting from the consumption or use of an opioid, or another substance with which an opioid was combined.

B. A first responder may receive a prescription for naloxone or another opioid

antagonist, maintain the naloxone or other opioid antagonist in the first responder's possession, and administer the naloxone or other opioid antagonist to any individual who is undergoing or who is believed to be undergoing an opioid-related drug overdose.

C.(1) Before receiving a prescription for naloxone or another opioid antagonist pursuant to this Section, a first responder shall complete the training necessary to safely and properly administer naloxone or another opioid antagonist to individuals who are undergoing or who are believed to be undergoing an opioid-related drug overdose. The training, at a minimum, shall cover all of the following:

- (a) Techniques on how to recognize symptoms of an opioid-related overdose.
 - (b) Standards and procedures for the storage and administration of naloxone or another opioid antagonist.
 - (c) Emergency follow-up procedures.
- (2) A first responder shall keep a record of each instance in which the first responder administers naloxone or another opioid antagonist to an individual who is undergoing or who is believed to be undergoing an opioid-related drug overdose.

D. A law enforcement agency or fire department may enter into a written agreement to affiliate with an ambulance service provider or a physician for all of the following purposes:

- (1) Obtaining a supply of naloxone or another opioid antagonist.
- (2) Allowing law enforcement officers and firefighters to obtain the training necessary to safely and properly administer naloxone or another opioid antagonist to individuals who are undergoing or who are believed to be undergoing an opioid-related drug overdose.

E. A first responder who, reasonably believing another person to be undergoing an opioid-related drug overdose, administers naloxone or another opioid antagonist to that person shall be immune from civil liability, criminal prosecution, or disciplinary or other adverse action under any professional licensing statute for any outcomes resulting from the administration of the naloxone or another opioid antagonist to that person, unless personal injury results from the gross negligence or willful or wanton misconduct of the first responder administering the drug.

F. The deputy secretary of public safety services of the Department of Public Safety and Corrections shall develop and promulgate, in accordance with the Administrative Procedure Act, a set of best practices for use by a fire department or law enforcement agency in the administration and enforcement of this Section including but not limited to the training necessary to safely and properly administer naloxone or another opioid antagonist to individuals who are undergoing or who are believed to be undergoing an opioid-related drug overdose, the standards and procedures for the storage and administration of naloxone or another opioid antagonist, and emergency follow-up procedures.

RS 40:978.2 — Naloxone; prescription; dispensing; administration by third party; limitation of

e the drug naloxone or another opioid antagonist without having examined the individual to whom it may be administered if both of the following conditions are met:

- (1) The licensed medical practitioner provides the individual receiving and

administering the naloxone or other opioid antagonist all training required by the department for the safe and proper administration of naloxone or another opioid antagonist to individuals who are undergoing or who are believed to be undergoing an opioid-related drug overdose.

The training, at a minimum, shall address all of the following:

- (a) Techniques on how to recognize signs of an opioid-related drug overdose.
 - (b) Standards and procedures for the storage and administration of naloxone or another opioid antagonist.
 - (c) Emergency follow-up procedures including the requirement to summon emergency services either immediately before or immediately after administering the naloxone or other opioid antagonist to an individual apparently experiencing an opioid-related drug overdose.
- (2) The naloxone or other opioid antagonist is prescribed or dispensed in such a manner that it shall be administered through a device approved for this purpose by the United States Food and Drug Administration.

B. A licensed medical practitioner who, in good faith, prescribes or dispenses naloxone or another opioid antagonist pursuant to Subsection A of this Section shall not, as a result of any act or omission, be subject to civil liability, criminal prosecution, or disciplinary or other adverse action under any professional licensing statute.

C.(1)(a) A licensed pharmacist shall dispense naloxone or another opioid antagonist prescribed, directly or by standing order, by a licensed medical practitioner pursuant to this Section.

(b) A licensed pharmacist may dispense naloxone or another opioid antagonist pursuant to a nonpatient-specific standing order as provided for in rules promulgated by the Louisiana Board of Pharmacy.

(2) A licensed pharmacist who, in good faith, dispenses naloxone or another opioid antagonist pursuant to this Subsection shall not, as a result of any act or omission, be subject to civil liability, criminal prosecution, or disciplinary or other adverse action under any professional licensing statute.

D. Notwithstanding any other provision of law or regulation, a person or organization acting pursuant to a standing order issued by a healthcare professional who is authorized to prescribe naloxone or another opioid antagonist may store naloxone or another opioid antagonist and may dispense naloxone or another opioid antagonist if such activities are performed without charge or compensation.

E. Notwithstanding any other provision of law or regulation, any person may lawfully possess naloxone or another opioid antagonist.

F. A person acting in good faith who, pursuant to the provisions of this Section, receives and administers naloxone or another opioid antagonist to a person reasonably believed to be undergoing an opioid-related drug overdose shall be immune from criminal and civil liability for the administration, unless personal injury results from the gross negligence or willful or wanton misconduct in the administration of the drug.

G. The department shall develop and promulgate a set of best practices for use by a licensed medical practitioner pursuant to this Section including but not limited to the training necessary to safely and properly administer naloxone or another opioid antagonist

to individuals who are undergoing or who are believed to be undergoing an opioid-related drug overdose, the standards and procedures for the storage and administration of naloxone or another opioid antagonist, and emergency follow-up procedures.

H. For the purposes of this Section the following definitions apply:

(1) "Department" means the Louisiana Department of Health.

(2) "Licensed medical practitioner" means a physician or other healthcare practitioner licensed, certified, registered, or otherwise authorized to perform specified healthcare services consistent with state law.

(3) "Opioid-related drug overdose" means a condition including extreme physical illness, decreased level of consciousness, respiratory depression, coma, or the ceasing of respiratory or circulatory function resulting from the consumption or use of an opioid, or another substance with which an opioid was combined.

RS 40:978.2.1 — Reporting of opioid-related overdoses

ders with the

capability and mission to contain, mitigate, and resolve the emergency at hand such as but not limited to ambulance services, emergency medical service providers, or law enforcement.

(2) "Opioid-related drug overdose" means a fatal or nonfatal condition including extreme physical illness, decreased level of consciousness, respiratory depression, coma, or the ceasing of respiratory or circulatory function resulting from the consumption or use of an opioid, or another substance with which an opioid was combined.

B. First responders may provide reports or documents to the Louisiana Department of Health, office of public health, related to dispatches where an encountered individual was experiencing an opioid-related drug overdose and whether naloxone was administered. The office of public health shall treat any such reports or documents as confidential and such documents shall not be subject to release pursuant to a public records request or subpoena to the Louisiana Department of Health or the office of public health.

RS 40:978.2.2 — Hospital drug screening; fentanyl; minors

ng the minor's condition, the hospital

shall include testing for fentanyl in the minor's urine drug screening.

B. If the urine drug screening conducted in accordance with Subsection A of this Section detects fentanyl, the hospital shall report the de-identified test results to the Louisiana Department of Health, office of public health.

C. A hospital shall complete the reporting requirements of this Section and comply with any mandatory reporting requirements established in Children's Code Articles 609 and 610.

RS 40:978.3 — Continuing education for the prescribing of controlled substances

e authority in Louisiana that have a controlled dangerous substance license in Louisiana.

B. Each licensing board that regulates practitioners with prescriptive authority in Louisiana shall establish continuing education requirements as a prerequisite to license renewal. Each board shall develop continuing education criteria, to include drug diversion

training, best practice prescribing of controlled substances, appropriate treatment for addiction, and any other matters regarding the prescribing of controlled dangerous substances that are deemed appropriate by the board. Rules and regulations to implement this Section shall be promulgated in accordance with the Administrative Procedure Act. Such rules shall include all of the following:

(1) Each practitioner with prescriptive authority in Louisiana who holds a controlled dangerous substance license shall obtain three credit hours of continuing education as a prerequisite to license renewal with his professional licensing board. Successful completion of this requirement once shall satisfy the requirement in full.

(2) A practitioner with prescriptive authority in Louisiana who has a controlled dangerous substance license shall be exempt from the continuing education requirements for license renewal established in this Section if he completes and submits to his licensing board a certification form developed by his licensing board attesting that he has not prescribed, administered, or dispensed a controlled dangerous substance during the entire applicable reporting period. The licensing board shall verify the attestation of the prescriber through the prescription monitoring program established in R.S. 40:1001 et seq.

C. The licensing board shall provide its members with information on how to access the continuing education courses as required by this Section and shall retain annual compliance documentation that shall be submitted to the Senate and House committees on health and welfare to demonstrate aggregate prescriber compliance. No license shall be renewed for an individual who fails to comply with the provisions of this Section.

D. The continuing education hours required by this Section shall be considered among the credit hours required of the prescriber by the licensing board on and after August 1, 2017, and shall not be considered an additional requirement to be met by a prescriber.

E. The provisions of this Section shall not apply to individuals licensed by the Louisiana Board of Veterinary Medicine.

RS 40:979 — Attempt and conspiracy

anner as

for the offense planned or attempted, but such fine or imprisonment shall not exceed one-half of the longest term of imprisonment prescribed for the offense, the commission of which was the object of the attempt or conspiracy.

RS 40:981 — Distribution to persons under age eighteen

e I or II that is a

narcotic drug to a person under eighteen years of age shall, upon conviction, be punished by imprisonment at hard labor for not less than ten nor more than thirty years.

B. Any person who is at least eighteen years of age who violates R.S. 40:966 or 967 by distributing a substance listed in Schedule I or II that is a narcotic drug to a person under eighteen years of age who is at least three years his junior shall, upon conviction, be punished by a term of imprisonment of not less than five nor more than thirty years.

C. Any person who is at least eighteen years of age who violates R.S. 40:966

through 970 by distributing any other controlled dangerous substance listed in Schedules I, II, III, IV, and V to a person under eighteen years of age who is at least three years his junior shall, upon conviction, be punished by a term of imprisonment up to one and one-half times the longest term of imprisonment authorized by R.S. 40:966 through 970 or by payment of not more than twice the fine authorized by R.S. 40:966 through 970, or both.

RS 40:981.1 — Distribution to a student

enrolled in any public or private elementary, secondary, vocational-technical training, special, or postsecondary school or institution in Louisiana shall, upon conviction, be punished by a term of imprisonment of not more than one and one-half times the longest term of imprisonment authorized by the applicable provisions of R.S. 40:966 through 970 or by payment of not more than twice the fine authorized by the applicable provisions of R.S. 40:966 through 970, or both.

RS 40:981.2 — Soliciting minors to produce, manufacture, distribute, or dispense controlled dangerous substances

ghteen years of age to produce, manufacture, distribute, or dispense or possess with the intent to produce, manufacture, distribute, or dispense, in violation of any provision of R.S. 40:966 through R.S. 40:970, any controlled dangerous substance listed in Schedules I, II, III, IV, or V, or to distribute or attempt to distribute, in violation of R.S. 40:989, a chemical substance commonly known as "rush".

B. Except as provided in Subsection C of this Section, any person who violates the provisions of this Section shall upon conviction be punished by a term of imprisonment of not more than one and one-half times the longest term of imprisonment authorized by the applicable provisions of R.S. 40:966 through 970, or by a fine of not more than twice that authorized by such applicable provisions, or both.

C. Any person eighteen years of age or older who violates the provisions of this Section by soliciting, procuring, or counseling a person under eighteen years of age to distribute or to attempt to distribute cocaine, oxycodone, heroin, methamphetamine, or methadone in violation of R.S. 40:967(A) or (B) shall be sentenced to a term of imprisonment at hard labor for not less than ten nor more than thirty years, at least ten years of which shall be served without benefit of parole, probation, or suspension of sentence.

RS 40:981.3 — Violation of Uniform Controlled Dangerous Substances Law; drug free zone

ances Law while on any property used for school

purposes by any school, within two thousand feet of any such property, or while on a school bus, shall, upon conviction, be punished in accordance with Subsection D of this Section.

(2) Any person who violates a provision of R.S. 40:966(A), 967(A), 968(A), 969(A), or 970(A) while on property used as a drug treatment facility or within two thousand feet of any such property, when included within an area marked as a drug free zone pursuant to R.S. 40:1058.10, shall, upon conviction, be punished in accordance with Subsection D of this Section.

(3)(a) Any person who violates a provision of R.S. 40:966 through 970 of the Uniform Controlled Dangerous Substances Law while on any religious building property, public housing authority property, child day care center property, or within two thousand feet of any such property, if the area is posted as a drug free zone, shall, upon conviction, be punished in accordance with Subsection D of this Section.

(b) In order for the provisions of this Section to apply to religious buildings, public housing authority property, or child day care center property, the building must be posted as a drug free zone as provided herein. The design and posting of the signs shall be at the discretion of the entity that owns or has authority over the religious building, public housing

authority property, or child day care center property. In order to post the area as a drug free zone, the signs shall be located in a visible manner on or near each religious building, public housing authority property, or child day care center property indicating that such area is a drug free zone, that such zone extends for a distance of two thousand feet, and that a violation of the Uniform Controlled Dangerous Substances Law will subject the offender to severe penalties under law.

B. Lack of knowledge that the prohibited act occurred on or within two thousand feet of school or drug treatment facility property shall not be a defense.

C. For purposes of this Section:

(1) "School" means any public or private elementary, secondary, vocational-technical school, or any public or private college or university in Louisiana.

(2) "School property" means all property used for school purposes, including but not limited to school playgrounds, as well as any building or area owned by the state or by a political subdivision and used or operated as a playground or recreational facility and all parks and recreational areas administered by the office of state parks.

(3) "Drug treatment facility" means all property used for diagnostic, treatment, and rehabilitative services to patients and their families with problems related to alcohol, drug, or substance abuse.

(4) "Religious building property" means property on which is located any church, synagogue, mosque, or other building, structure, or place used for religious worship or other religious purpose.

(5) "Public housing authority property" means all property owned or operated by a public housing authority or agency created by state law or by any ordinance enacted by a local governing authority.

(6) "Child day care center property" means property on which is located a facility licensed as a day care center under the provisions of the Child Care Facility and Child-Placing Agency Licensing Act (R.S. 46:1401 et seq.) or licensed as a group child day care home under the provisions of the Child Care Registration Law (R.S. 46:1441 et seq.).

D.(1) Whoever violates a provision of this Section shall be punished by the imposition of the maximum fine and be imprisoned for not more than one and one-half times the longest term of imprisonment authorized by the applicable provisions of R.S. 40:966 through 970.

(2) A sentence imposed for a violation of the provisions of this Section shall not be subject to parole, probation, or suspension of sentence to the extent that the minimum sentence for a violation of a felony provision of R.S. 40:966 through 970 is not subject to parole, probation, or suspension of sentence.

E. Repealed by Acts 2014, No. 289, §2, eff. May 28, 2014.

RS 40:981.4 — Repealed by Acts 2014, No. 512, §1.

on Rouge, Louisiana 70804-9062

RS 40:982 — Second or subsequent offenses

at is twice that otherwise

authorized or to payment of a fine that is twice that otherwise authorized, or both. If the

conviction is for an offense punishable under R.S. 40:966(B), 967(B), 968(B), or 969(B), and if it is the offender's second or subsequent offense, the court may impose, in addition to any term of imprisonment and fine, twice the special parole term otherwise authorized.

B. For purposes of this Section, an offense shall be considered a second or subsequent offense if, prior to the commission of such offense, the offender had at any time been convicted of any violation of this state, the United States, any other state or of any foreign country, relating to the unlawful use, possession, production, manufacturing, distribution, or dispensation of any narcotic drug, marijuana, depressant, stimulant, or hallucinogenic drugs.

RS 40:983 — Creation or operation of a clandestine laboratory for the unlawful manufacture of a
ratory for the unlawful manufacture of

a controlled dangerous substance is any of the following:

- (1) The purchase, sale, distribution, or possession of any material, compound, mixture, preparation, supplies, equipment, or structure with the intent that it be used for the unlawful manufacture of a controlled dangerous substance.
- (2) The transportation or arranging for the transportation of any material, compound, mixture, preparation, supplies, or equipment with the intent that such material, compound, mixture, preparation, supplies, or equipment be used for the unlawful manufacture of a controlled dangerous substance.
- (3) The distribution of any material, compound, mixture, preparation, equipment, supplies, or products, which material, compound, mixture, preparation, equipment, supplies, or products have been used in, or produced by, the unlawful manufacture of a controlled dangerous substance.
- (4) The disposal of any material, compound, mixture, preparation, equipment, supplies, products, or byproducts, which material, compound, mixture, preparation, equipment, supplies, products, or byproducts have been used in, or produced by, the unlawful manufacture of a controlled dangerous substance.

B. It shall be unlawful for any person to knowingly or intentionally create or operate a clandestine laboratory for the unlawful manufacture of a controlled dangerous substance.

C. (1) Except as provided in Paragraph (2) of this Subsection, whoever commits the crime of creation or operation of a clandestine laboratory for the unlawful manufacture of a controlled dangerous substance shall be sentenced to imprisonment at hard labor for not less than five years nor more than fifteen years and may, in addition, be sentenced to pay a fine of not more than twenty-five thousand dollars.

(2) Whoever commits the crime of creation or operation of a clandestine laboratory for the unlawful manufacture of fentanyl or a mixture or substance containing a detectable amount of fentanyl or its analogues, or carfentanil or a mixture or substance containing a detectable amount of carfentanil or its analogues, shall be sentenced as follows:

(a) On a first conviction, imprisonment at hard labor for not less than ten years nor more than forty years, at least ten years of which shall be served without benefit of parole, probation, or suspension of sentence and may, in addition, be required to pay a fine of not more than fifty thousand dollars.

(b) On a second conviction, imprisonment at hard labor for not less than thirty years nor more than forty years, at least ten years of which shall be served without benefit of parole, probation, or suspension of sentence and may, in addition, be required to pay a fine of not more than five hundred thousand dollars.

(c) On a third or subsequent conviction, imprisonment at hard labor for not less than ninety-nine years, which shall be served without benefit of parole, probation, or suspension of sentence and may, in addition, be required to pay a fine of not more than five hundred thousand dollars.

D. In addition to the penalties provided in Subsection C of this Section, a person convicted under the provisions of this Section may be ordered to make restitution for the actual governmental cost incurred in the cleanup of any hazardous waste resulting from the operation of a laboratory for the unlawful manufacture of a controlled dangerous substance. The court may order that such amount be paid directly to the governmental agency or agencies that actually incurred the cleanup expense.

RS 40:983.1 — Creation or operation of a clandestine laboratory for the unlawful manufacture of a controlled dangerous substance on or within one thousand feet of school property

rates a clandestine laboratory for the unlawful manufacture of a controlled dangerous substance in violation of the provisions of R.S. 40:983 while on any property used for school purposes by any school or within one thousand feet of any such property shall, upon conviction, be punished in accordance with Subsection D of this Section.

B. Lack of knowledge that the prohibited act occurred on or within one thousand feet of school property shall not be a defense.

C. For purposes of this Section:

(1) "School" means any public or private elementary, secondary, vocational-technical school, or any public or private college or university in Louisiana.

(2) "School property" means all property used for school purposes, including but not limited to school playgrounds, as well as any building or area owned by the state or by a political subdivision and used or operated as a playground or recreational facility and all parks and recreational areas administered by the office of state parks.

D. Whoever violates the provisions of this Section shall be imprisoned at hard labor for not less than five nor more than fifteen years; and may, in addition, be sentenced to pay a fine of not more than twenty-five thousand dollars. At least three years of the sentence imposed shall be served without benefit of parole, probation, or suspension of sentence.

E. The sentence imposed pursuant to the provisions of this Section shall be served consecutively with the sentence imposed pursuant to the provisions of R.S. 40:983.

RS 40:984 — Powers of enforcement personnel

rest warrants, administrative inspection

warrants, subpoenas, and summonses issued under the authority of this state.

(3) Make arrests without warrant for any offense under this Part on the same basis as provided in Code of Criminal Procedure Article 213.

(4) Make seizures of property pursuant to the authority granted under the provisions of this Part.

RS 40:985 — Search warrants

warrant is satisfied that there is probable cause to believe that grounds exist for the warrant.

RS 40:986 — Administrative inspections and warrants

r any state magistrate of any court of record

may, within his jurisdiction, and upon proper oath or affirmation after being satisfied there is probable cause to believe that legal grounds exist for the issuance of such warrant, issue warrants for the purpose of conducting administrative inspections authorized by this Part or regulations thereunder, and may authorize seizure of property related to such inspections.

(2) A warrant shall issue only upon an affidavit of any law enforcement officer or employee designated in R.S. 40:984 having knowledge of the facts alleged, sworn to before a judge or magistrate of any court of record and establishing the grounds for issuing the warrant. If the judge or magistrate of any court of record is satisfied that grounds for the application exist or that there is probable cause to believe they exist, he shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of such inspection, and, where appropriate, the type of property to be inspected, if any. The warrant shall also identify the item or types of property to be seized, if any. The warrant shall be directed to a person authorized by R.S. 40:984 to execute it. The warrant shall state the grounds for its issuance and the name of the person or persons whose affidavit has been taken in support thereof. It shall command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purposes specified, and, where appropriate, shall also direct the seizure of the property specified. The warrant shall direct that it be served during normal business hours. It shall designate the judge or magistrate of any court of record to whom it shall be returned.

(3) A warrant issued pursuant to this Section shall be executed and returned within ten days of its date. If property is seized pursuant to a warrant, the person executing the warrant shall give to the person from whom or from whose premises the property was taken a copy of the warrant and a receipt for the property taken. The return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken. The judge or magistrate of any court of record, upon request, shall deliver a copy of the inventory to the person from whom or from whose premises the property was taken and to the applicant for the warrant.

(4) The judge or magistrate of any court of record who has issued a warrant under this Section shall attach to the warrant a copy of the return and all papers filed in connection therewith and shall file them with the clerk of the state court for the judicial district in which the inspection was made.

B. The Louisiana Board of Pharmacy is authorized to make administrative inspections of controlled premises in accordance with the following provisions:

(1) For purposes of this Section only, "controlled premises" means all of the following:

(a) Places where persons licensed or exempted from licensing requirements under this Part are required to keep records.

(b) Places including factories, warehouses, establishments, and conveyances where persons licensed or exempted from licensing requirements under this Part are permitted to possess, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled dangerous substance.

(2) When so authorized by an administrative inspection warrant issued pursuant to Subsection A of this Section a law enforcement officer or an employee as designated in R.S. 40:984, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, shall have the right to enter controlled premises for the purpose of conducting such an administrative inspection.

(3) When so authorized by an administrative inspection warrant, a law enforcement officer or an employee as designated in R.S. 40:984 shall have the right:

(a) To inspect and copy records required by this Part to be kept.

(b) To inspect, within reasonable limits and in a reasonable manner, the controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and except as provided in Paragraph (5) of this Subsection, all other things therein including records, files, papers, processes, controls, and facilities subject to regulation and control by the provisions of this Part or by regulations promulgated by the Louisiana Board of Pharmacy.

(c) To inventory any stock of any controlled dangerous substance therein and obtain samples of any such substance.

(4) This Section shall not be construed to prevent the inspection without a warrant of books and records pursuant to an administrative subpoena issued in accordance with this Section, nor shall this Section be construed to prevent entries and administrative inspections including seizures of property without a warrant:

(a) With the written consent of the owner, operator, or agent in charge of the controlled premises;

(b) In situations involving inspection of conveyances where there is probable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(5) Except when the owner, operator, or agent in charge of the controlled premises so consents in writing, no inspection authorized by this Section shall extend to any of the following:

(a) Financial data.

(b) Sales data other than shipment data.

(c) Pricing data.

RS 40:987 — Injunctions

the Code

of Civil Procedure and other laws of this state.

RS 40:988 — Cooperative arrangements; inspections

ubstances. To this end,

it is authorized to:

(1) Arrange for the exchange of information between governmental officials concerning the use and abuse of dangerous substances.

(2) Coordinate and cooperate in training programs on dangerous substance law enforcement at the local and state levels.

(3) Cooperate with the Federal Bureau of Narcotics and Dangerous Drugs by establishing a centralized unit which will receive, catalogue, file, and collect statistics,

including records of drug dependent persons and other dangerous substance law offenders within the state, and make such information available for federal, state, and local law enforcement purposes.

(4) Conduct programs of eradication aimed at destroying wild or illicit growth of plant species from which controlled dangerous substances may be extracted.

B.(1) Any other provision of this Part to the contrary notwithstanding, the inspections authorized or required by that law, insofar as pharmacists and pharmacies registered and licensed under the Louisiana Board of Pharmacy only are concerned, shall be conducted by the Louisiana Board of Pharmacy, through its duly authorized officers, members, inspectors, agents, and representatives, insofar as pharmacists and pharmacies registered and licensed under the Louisiana Board of Pharmacy are concerned; and compliance with requirements involving security measures, inventories, records, and reports required by that law and/or the regulations promulgated from time to time in connection therewith shall be administratively determined by the Louisiana Board of Pharmacy, insofar as pharmacists and pharmacies registered and licensed under the Louisiana Board of Pharmacy only are concerned.

(2) Any other provision of this Part to the contrary notwithstanding, the inspections authorized or required by that law, insofar as physicians licensed to practice medicine by the Louisiana State Board of Medical Examiners only are concerned, shall be conducted by the Louisiana State Board of Medical Examiners, through its duly authorized officers, members, inspectors, agents, and representatives, insofar as physicians licensed to practice medicine by the Louisiana State Board of Medical Examiners are concerned. Compliance with requirements involving security measures, inventories, records, and reports required by that law or the regulations promulgated in connection therewith, or both, shall be administratively determined by the Louisiana State Board of Medical Examiners insofar as physicians licensed to practice medicine by the Louisiana State Board of Medical Examiners only are concerned.

C. Any other provision of this Part to the contrary notwithstanding, the inspections authorized or required by that law, insofar as persons licensed by the Louisiana Department of Health including dentists, veterinarians, scientific investigators, hospitals, or other persons licensed, registered, or otherwise permitted to distribute, dispense, conduct research with respect to, or administer a controlled dangerous substance in the course of professional practice or research in this state, shall be conducted and furnished exclusively by the Louisiana Department of Health, through its duly authorized officers, members, inspectors, agents, and representatives, insofar as dentists, veterinarians, scientific investigators, hospitals, or other persons licensed, registered, or otherwise permitted to distribute, dispense, conduct research with respect to, or administer a controlled dangerous substance in the course of professional practice or research in this state registered and licensed under the Louisiana Department of Health are concerned; and compliance with requirements involving security measures, inventories, records, and reports required by that law and/or the regulations promulgated from time to time in connection therewith shall be administratively determined by the Louisiana Department of Health.

RS 40:989 — Dangerous chemical substances; butyl nitrite, nitrous oxide, and amyl nitrite; use and

ess any

compound, liquid, gas, or chemical which contains butyl nitrite, isobutyl nitrite, secondary butyl nitrite, tertiary butyl nitrite, and mixtures containing butyl nitrite, isobutyl nitrite, secondary butyl nitrite, or tertiary butyl nitrite.

(2) It shall be unlawful for any person to inhale, ingest, use, or possess any compound, liquid, gas, or chemical which contains nitrous oxide, commonly known as "laughing gas", and any amyl nitrite, commonly known as "poppers" or "snappers".

B. The provisions of Subsection A of this Section shall not apply to any of the following:

(1) The possession and use of these substances by a person who is at least twenty-one years of age when prescribed as part of the care or treatment of a disease, condition, or injury by a licensed medical or dental practitioner.

(2) The possession and use of these substances as part of a manufacturing process or industrial operation by a manufacturer or a person who is at least twenty-one years of age and employed by the manufacturer.

(3) The possession, use, or sale of nitrous oxide as a propellant in food preparation for restaurant or food service.

(4) The possession, use, or sale of houseware products by a person at least twenty-one years of age.

(5) The possession, use, or sale of nitrous oxide for automotive purposes by a person at least twenty-one years of age.

C. The presence of additional flavoring in a substance or labeling on any part of a container of the substance referring to the contents being flavored shall create a rebuttable presumption against the exceptions described in Subsection B of this Section.

D. It shall be unlawful for any person, entity, business, or corporation, including an online retailer, to produce, manufacture, possess, buy, sell, or otherwise transfer any substance specified in Subsection A of this Section or otherwise violate the provisions of Subsection A of this Section.

E.(1) Whoever violates the provisions of Subsection A of this Section shall be fined not more than two thousand five hundred dollars or imprisoned with or without hard labor for not more than one year, or both.

(2)(a) Whoever violates the provisions of Subsection D of this Section shall be fined not more than twenty-five thousand dollars or imprisoned with or without hard labor for not more than one year, or both.

(b) Any person, entity, business, or corporation that violates the provisions of Subsection D of this Section and possesses a certificate, permit, or license issued by the commissioner of alcohol and tobacco control in the Department of Revenue shall have its certificate, permit, or license suspended for thirty days upon the first violation. The certificate, permit, or license shall be revoked upon a second violation.

F. Any person who violates any of the provisions of this Section may, in the discretion of the trial judge, be required to participate in an approved drug rehabilitation

program as a condition of probation.

G.(1) The office of alcohol and tobacco control may conduct any investigation as necessary to regulate and enforce the provisions of this Section.

(2) The provisions of this Subsection shall not prohibit a law enforcement agency of the state or its political subdivisions with appropriate jurisdiction from enforcing the provisions of this Section.

H. The office of alcohol and tobacco control shall promulgate rules and regulations in accordance with the Administrative Procedure Act to provide for the regulation and enforcement of this Section.

RS 40:989.1 — Unlawful production, manufacture, distribution, or possession of hallucinogenic

nufacture, distribute, or possess with intent to produce, manufacture, or distribute a material, compound, mixture, or preparation intended for human consumption which contains a hallucinogenic plant.

(2) Whoever violates the provisions of this Subsection shall be sentenced to a term of imprisonment with or without hard labor for not less than two years nor more than ten years and may, in addition, be sentenced to pay a fine of not more than twenty thousand dollars.

B.(1) It shall be unlawful for any person knowingly or intentionally to possess a material, compound, mixture, or preparation intended for human consumption which contains a hallucinogenic plant.

(2) Any person who violates the provisions of this Subsection shall be sentenced to a term of imprisonment with or without hard labor for not more than five years and may, in addition, be sentenced to pay a fine of not more than five thousand dollars.

C. For the purposes of this Section:

(1) "Distribute" means to sell, lease, rent, barter, trade, furnish, supply, or otherwise transfer in exchange for anything of value a material, compound, mixture, or preparation intended for human consumption which contains a hallucinogenic plant.

(2) "Hallucinogenic plant" means any part or portion of any of the following:

- (a) *Brugmansia arborea*.
- (b) *Amanita muscaria*.
- (c) *Conocybe* spp.
- (d) *Panaeolus* spp.
- (e) *Psilocybe* spp.
- (f) *Stropharia* spp.
- (g) *Vinca rosea*.
- (h) *Ipomoea violacea*.
- (i) *Datura* spp.
- (j) *Pancreatium trianthum*.
- (k) *Kaempferia galanga*.
- (l) *Olmedioperebea sclerophylla*.
- (m) *Mesembryanthemum* spp.
- (n) *Virola* spp.

- (o) *Anadenanthera peregrina*.
- (p) *Anadenanthera colubrina*.
- (q) *Erythina* spp.
- (r) *Genista canariensis*.
- (s) *Mimosa hostilis*.
- (t) *Rhynchosia* spp.
- (u) *Sophora secundiflora*.
- (v) *Peganum harmala*.
- (w) *Banisteriopsis* spp.
- (x) *Tetrapteris methystica*.
- (y) *Heimia salicifolia*.
- (z) *Tabernanthe iboga*.
- (aa) *Prestonia amazonica*.
- (bb) *Lagoehilus inebrians*.
- (cc) *Rivea corymbosa*.
- (dd) *Salvia divinorum*.
- (ee) *Atropa belladonna*.
- (ff) *Hyoscyamus niger*.
- (gg) *Mandragora officinarum*.
- (hh) *Brunfelsia* spp.
- (ii) *Methysticodendron amesianum*.
- (jj) *Latua pubiflora*.
- (kk) *Calea Zacatechichi*.
- (ll) *Physalis subglabrata*.
- (mm) *Solanum carolinense*.
- (nn) *Amanita pantherina*.

(3) "Homeopathic drug" means any drug labeled as being homeopathic which is listed in the Homeopathic Pharmacopeia of the United States, an addendum to it, or its supplements. The potencies of homeopathic drugs are specified in terms of dilution. Homeopathic drug products must contain diluents commonly used in homeopathic pharmaceuticals. Drug products containing homeopathic ingredients in combination with non-homeopathic active ingredients are not homeopathic drug products.

(4) "Manufacture" means the production, preparation, propagation, compounding, or processing of a material, compound, mixture, or preparation intended for human consumption which contains a hallucinogenic plant either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis. Manufacturer includes any person who packages, repackages, or labels any container holding a material, compound, mixture, or preparation intended for human consumption which contains a hallucinogenic plant.

(5) "Production" includes the manufacture, planting, cultivation, growing, or harvesting of a hallucinogenic plant.

D. The provisions of this Section shall not apply to the possession, planting,

cultivation, growing, or harvesting of a hallucinogenic plant strictly for aesthetic, landscaping, or decorative purposes.

E. The provisions of this Section shall not apply to any dosage form which is legally obtainable from a retail establishment without a prescription and is recognized by the Federal Food and Drug Administration as a homeopathic drug.

F. The provisions of this Section shall not apply to any dosage form which is labeled as a dietary supplement and is manufactured in compliance with the requirements of sections 402(g)(2), 415, and 761 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 342(g)(2), 350d, and 379aa-1).

RS 40:989.2 — Unlawful production, manufacturing, distribution, or possession of prohibited plant
e,

manufacture, distribute, or possess with intent to produce, manufacture, or distribute a material, compound, mixture, or preparation which contains a prohibited plant and which meets any of the following criteria:

- (a) It is intended to be placed in the oral or nasal cavity.
- (b) It is prepared in such a manner as to be suitable for smoking in a pipe or cigarette, or other device.
- (c) It is to be burned and inhaled or exhaled in any manner or in any form.

(2) Whoever violates the provisions of this Subsection shall be sentenced to a term of imprisonment with or without hard labor for not more than five years and may, in addition, be sentenced to pay a fine of not more than ten thousand dollars.

B.(1) It shall be unlawful for any person knowingly or intentionally to possess material, compound, mixture, or preparation which contains a prohibited plant and which is intended to be placed in the oral or nasal cavity, is prepared in such a manner as to be suitable for smoking in a pipe or cigarette, or is to be burned and inhaled or exhaled in any manner or in any form.

(2) Any person who violates the provisions of this Subsection shall be fined not more than five hundred dollars, imprisoned for not more than six months, or both.

C. For the purposes of this Section:

(1) "Distribute" means to sell, barter, trade, furnish, supply, or otherwise transfer in exchange for anything of value a material, compound, mixture, or preparation which contains a prohibited plant.

(2) "Homeopathic drug" means any drug labeled as being homeopathic which is listed in the Homeopathic Pharmacopoeia of the United States, an addendum to it, or its supplements. The potencies of homeopathic drugs are specified in terms of dilution. Homeopathic drug products must contain diluents commonly used in homeopathic pharmaceuticals. Drug products containing homeopathic ingredients in combination with non-homeopathic active ingredients are not homeopathic drug products.

(3) "Manufacture" means the production, preparation, propagation, compounding, or processing of a material, compound, mixture, or preparation which contains a prohibited plant either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and

chemical synthesis. Manufacturer includes any person who packages, repackages, or labels any container holding a material, compound, mixture, or preparation which contains a prohibited plant.

(4) "Production" includes the manufacture, planting, cultivation, growing, or harvesting of a prohibited plant.

(5) "Prohibited plant" means any combination of any of the parts, leaves, stems, stalks, seeds, materials, compounds, salts, derivatives, mixtures, preparations, or any resin extracted from any part of the following plants:

- (a) *Artemisia vulgaris* (Mugwort).
- (b) *Canavalia rosea* (Bay bean).
- (c) *Leonotis leonurus* (Lion's tail).
- (d) *Leonotis nepetifolia* (Lion's ear).
- (e) *Leonurus sibiricus* (Honeyweed).
- (f) *Mitragyna speciosa*.
- (g) *Nelumbo nucifera* (Sacred Lotus).
- (h) *Nymphaea caerulea* (Blue Lotus, Egyptian Lotus).
- (i) *Pedicularis densiflora* (Indian warrior).
- (j) *Salvia divinorum*.
- (k) *Scutellaria nana* (Dwarf skullcap).
- (l) *Turnera diffusa* (Damiana).
- (m) *Zornia latifolia*.

D. The provisions of this Section shall not apply to any dosage form which is legally obtainable from a retail establishment without a prescription and is recognized by the United States Food and Drug Administration as a homeopathic drug.

E. The provisions of this Section shall not apply to the possession, planting, cultivation, growing, or harvesting of a prohibited plant strictly for aesthetic, landscaping, or decorative purposes.

F. The provisions of this Section shall not apply to any dosage form which is labeled as a dietary supplement and is manufactured in compliance with the requirements of sections 402(g)(2), 415, and 761 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 342(g)(2), 350d, and 379aa-1).

RS 40:989.3 — Repealed by Acts 2025, No. 41, §2.

ton Rouge, Louisiana 70804-9062

RS 40:989.4 — Unlawful production, manufacturing, distribution, or possession of Xylazine

r possess with intent to produce, manufacture, or distribute
Xylazine.

(2) Whoever violates the provisions of this Subsection shall be imprisoned, with or without hard labor, for not less than one year nor more than ten years and, in addition, may be required to pay a fine of not more than fifteen thousand dollars.

B.(1) It shall be unlawful for any person to knowingly or intentionally possess
Xylazine.

(2) Whoever violates the provisions of this Subsection shall be imprisoned for not

more than six months and, in addition, may be required to pay a fine of not more than five hundred dollars.

C. The provisions of this Section shall not apply to the following:

- (1) The production, manufacturing, distribution, or possession of Xylazine in the course of a legitimate veterinary practice.
- (2) The production, manufacturing, distribution, or possession of a Xylazine bulk chemical for pharmaceutical compounding by a licensed pharmacist or veterinarian.
- (3) The possession of Xylazine pursuant to a valid prescription from a licensed veterinarian.

D. As used in this Section, "Xylazine" means Xylazine and any salt, sulfate, isomer, homologue, analogue, or other preparation of Xylazine, and any salt, isomer, compound, derivative, precursor, homologue, analogue, or other preparation thereof that is substantially chemically equivalent or identical to Xylazine.

RS 40:989.5 — Unlawful production, manufacturing, distribution, or possession of prohibited

distribute, or possess with intent to produce, manufacture, or distribute a material, compound, mixture, preparation, or product intended for human consumption which contains beta-phenyl-GABA, muscimol, ibotenic acid, or any analogue thereof.

(2) Any person who violates the provisions of this Subsection shall be sentenced to imprisonment, with or without hard labor, for not less than two years nor more than ten years, or fined not more than twenty thousand dollars, or both.

B.(1) It shall be unlawful for any person to knowingly or intentionally possess a material, compound, mixture, preparation, or product intended for human consumption which contains beta-phenyl-GABA, muscimol, ibotenic acid, or any analogue thereof.

(2) Any person who violates the provisions of this Subsection shall be sentenced to imprisonment, with or without hard labor, for not more than five years or fined not more than five thousand dollars, or both.

RS 40:990 — Burden of proof; liabilities

pleading or in any trial,

hearing, or other proceeding under this Part, and the burden of proof of any such exemption or exception shall be upon the person claiming its benefit.

B. In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this Part, he shall be presumed not to be the holder of such registration or form, and the burden of proof shall be upon him to rebut such presumption.

C. No liability shall be imposed by virtue of this Part upon any duly authorized law enforcement officer, the Louisiana Board of Pharmacy or its employees as provided in R.S. 40:984 engaged in the enforcement of any law, regulation, or municipal ordinance relating to controlled dangerous substances.

RS 40:991 — Prescription for controlled dangerous substances; proof of valid prescription; time

prescription for any controlled

dangerous substance as a defense to a violation of the provisions of the Uniform Controlled

Dangerous Substances Law shall have the obligation to produce sufficient proof of a valid prescription to the appropriate prosecuting office. Production of the original prescription bottle with the defendant's name, the pharmacist's name, and prescription number shall be sufficient proof of a valid prescription as provided for in this Section.

B. As used in this Section, "controlled dangerous substance" shall have the same meaning as provided in R.S. 40:961 and "prescription" shall have the same meaning as provided in R.S. 40:961.

C. Any individual who claims the defense of a valid prescription for any controlled dangerous substance shall raise this defense before commencement of the trial through a motion to quash.

RS 40:992 — Education and research

nces. In

connection with such programs it is authorized to:

- (1) Promote better recognition of the problems of misuse and abuse of controlled dangerous substances within the regulated industry and among interested groups and organizations.
- (2) Assist the regulated industry and interested groups and organizations in contributing to the reduction of misuse and abuse of controlled dangerous substances.
- (3) Consult with interested groups and organizations to aid them in solving administrative and organizational problems.
- (4) Evaluate procedures, projects, techniques, and controls conducted or proposed as part of educational programs on misuse and abuse of controlled dangerous substances.
- (5) Disseminate to the industry and the general public the results of research on misuse and abuse of controlled dangerous substances to promote a better public understanding of what problems exist and what can be done to combat them.
- (6) Assist in the education and training of state and local law enforcement officials in their efforts to control misuse and abuse of controlled dangerous substances.

B. The Louisiana Board of Pharmacy is authorized to encourage research on misuse and abuse of controlled dangerous substances. In connection with such research and in furtherance of the enforcement of this Part, it is authorized to:

- (1) Establish methods to assess accurately the effects of controlled dangerous substances and to identify and characterize controlled dangerous substances with potential for abuse.
- (2) Make studies and undertake programs of research to:
 - (a) Develop new or improved approaches, techniques, systems, equipment and devices to strengthen the enforcement of this Part.
 - (b) Determine patterns of misuse and abuse of controlled dangerous substances and the social effects thereof.
 - (c) Improve methods for preventing, predicting, understanding and dealing with the misuse and abuse of controlled dangerous substances.
- (3) Enter into contracts with public agencies or institutions of higher education, for the purpose of conducting research, demonstrations, or special projects which bear directly

on misuse and abuse of controlled dangerous substances.

C. The Louisiana Board of Pharmacy may authorize persons engaged in research on the use and effects of dangerous substances to withhold the names and other identifying characteristics of persons who are the subjects of such research. Persons who obtain this authorization shall not be compelled in any civil, criminal, administrative, legislative, or other proceeding to identify the subjects of research for which authorization was obtained.

D. The Louisiana Board of Pharmacy may authorize the possession and distribution of controlled dangerous substances by persons engaged in research in accordance with rules promulgated by the department. Persons who obtained this authorization shall be exempt from state prosecution for possession and distribution of dangerous substances to the extent authorized by the Louisiana Board of Pharmacy.

E. The Louisiana Board of Pharmacy, with the concurrence and under the supervision and control of the chief law enforcement officer of the jurisdiction wherein the program is conducted, may authorize the possession and exhibition for educational purposes only of controlled dangerous substances by persons employed by local and state law enforcement agencies engaged in educational programs in accordance with rules promulgated by the Louisiana Board of Pharmacy. Persons acting pursuant to this authorization shall be exempt from state and local prosecution for the possession and distribution of dangerous substances to the extent authorized by the Louisiana Board of Pharmacy. The Louisiana Board of Pharmacy shall coordinate and evaluate the training programs of the various law enforcement agencies to ensure compliance with the rules promulgated regulating the possession and exhibition of controlled dangerous substances for educational purposes.

RS 40:993 — Pending proceedings

seizures, forfeitures, and injunctive proceedings commenced prior to July 26, 1972, shall not be affected by this Part or abated by reason thereof.

C. All administrative proceedings pending before the department on July 26, 1972 shall be continued and brought to final determination in accordance with laws and regulations in effect prior to July 26, 1972. Such drugs placed under control prior to enactment of this Part, which are not listed within Schedules I through V, shall automatically be controlled and listed in the appropriate schedule.

D. The provisions of this Part shall be applicable to violations of law, seizures and forfeiture, injunctive proceedings, administrative proceedings, and investigations which occur following July 26, 1972.

RS 40:994 — Continuation of regulations

n, shall continue in effect until modified, superseded, or repealed.

RS 40:995 — Short title

f you experience any technical difficulties navigating this website,

RS 40:996.1 — Legislative findings

le to abuse or
which lead to addiction.

B. Act No. 634 of the 1972 Regular Session incorporated protections regarding

controlled dangerous substances into the Louisiana Uniform Controlled Dangerous Substances Law.

C. In 2009 and 2010, Louisiana began experiencing increased incidents of individuals consuming synthetic cannabinoids as alternatives to marijuana, as well as increased incidents of individuals consuming substances which mimic the effects of amphetamines and cocaine and which are marketed as bath salts, fertilizer, and insect repellent.

D. These substances, which have been sold throughout Louisiana in retail establishments, have produced symptoms such as high blood pressure, severe hallucinations, anxiety, vomiting, seizures, delusions, and suicidal thoughts.

E. The chemical compositions of these substances make them relatively easy to alter by chemists resulting in the rapid production of new substances which circumvent statutes outlawing the production, manufacture, possession, and distribution of controlled dangerous substances having similar abuse potential and pharmacological effects.

F. These substances have not been approved by the United States Food and Drug Administration as being safe for human consumption, are not subject to any quality control measures in their preparation, and do not have established dosages, making them extremely dangerous and potentially lethal.

G. These substances have a high potential for abuse and no acceptable medical use in treatment in the United States. There is a lack of accepted safety for use of the substances under medical supervision making these substances highly addictive and potentially lethal.

H. Article II, Section 1 of the Louisiana Constitution provides that the powers of government are divided into a legislative, executive, and judicial branch. Article II, Section 2 of the Louisiana Constitution provides that not one of these branches shall exercise power belonging to either of the other branches.

I. The Louisiana Legislature recognizes that the Louisiana Supreme Court, in State

v. All Pro Paint & Body Shop, Inc.,

639 So. 2d 707 (La. 1994), outlined a three-prong test

to evaluate the constitutionality of a statutory delegation of legislative authority. The test provided that a statute delegating authority to an administrative agency is constitutionally valid if the enabling statute contains a clear expression of legislative policy, prescribes sufficient standards to guide the agency in the execution of that policy, and has adequate procedural safeguards to protect against abuse of discretion by that agency.

J. The Louisiana Legislature has a compelling interest in protecting the health, safety, and welfare of its citizens against the detrimental and deadly effects of these substances.

K. The options for the legislature to address the imminent hazard to the health, safety, and welfare for the people of the state of Louisiana are limited by the provisions of Article III, Section 2 of the Louisiana Constitution, which mandates an annual legislative session and provides mechanisms for the convening of an extraordinary or emergency session.

L. The Louisiana Legislature seeks to provide for a limited delegation of legislative

authority within the parameters which have been defined by the Louisiana Supreme Court for the express purpose of protecting the health, safety, and welfare of the citizens of the state from imminent harm.

M. Louisiana law authorizes the secretary of the Louisiana Department of Health to add a substance to the schedules of controlled dangerous substances based upon certain criteria. The provisions of R.S. 40:996.1 through 996.6 are intended to provide additional options for the secretary to address imminent hazards to the public health, safety, and welfare caused by dangerous substances.

RS 40:996.2 — Definitions

not otherwise listed as a

controlled dangerous substance and has been determined to be an imminent hazard to the public health, safety, and welfare by the secretary using the criteria and standards prescribed in R.S. 40:996.3.

(2) "Dangerous substance stop order" is a rule adopted by the Louisiana Department of Health pursuant to the provisions of R.S. 40:996.3 and 996.4, declaring that a substance is a dangerous substance which shall not be sold, distributed, manufactured, or dispensed.

RS 40:996.3 — Declaration of a dangerous substance of the Louisiana Department of Health

substance is a dangerous substance, the secretary shall consider the following factors with respect to each substance:

- (1) Its actual or relative potential for abuse.
- (2) Scientific evidence of its pharmacological effect, if known.
- (3) State of current scientific knowledge regarding the substance.
- (4) Its history and current pattern of abuse.
- (5) Its scope, duration, and level of abuse.
- (6) The level of risk to public health.
- (7) The likelihood of psychic or physiological dependence.
- (8) Whether the substance is an immediate precursor of a substance already controlled by the Uniform Controlled Substances Law.
- (9) Whether the substance is an analogue of a substance already controlled by the Uniform Controlled Dangerous Substances Law.
- (10) Whether there have been any reported fatalities associated with the substance.
- (11) Whether there have been any cases involving the substance reported to the state poison center.
- (12) Any other factors or considerations deemed relevant by the secretary.

B. Prior to the adoption of a rule declaring that a substance is a dangerous substance, the secretary shall make all of the following findings and determinations:

- (1) The substance has a high potential for abuse.
- (2) The substance has no current medical use in treatment in the United States.
- (3) There is a lack of accepted safety for use of the substance under medical supervision.
- (4) There is an imminent hazard to the health, safety, and welfare of the citizens of Louisiana requiring the substance to be declared a dangerous substance and the issuance of

a dangerous substance stop order as authorized by the provisions of this Section.

C. If the secretary has considered the factors provided for in Subsection A of this Section and has made the determinations required by the provisions of Subsection B of this Section, a rule pursuant to the provisions of R.S. 40:996.5 may be adopted declaring the substance a dangerous substance.

D. If the secretary determines that a substance shall be classified as a dangerous substance the rule shall also include a dangerous substance stop order prohibiting the sale, distribution, manufacture, or dispensing of the dangerous substance.

RS 40:996.4 — Dangerous substance stop order; effects; seizure of dangerous substances; duration

isions of R.S. 40:996.3, shall remain in effect upon adoption of the rule and shall extend through the sixtieth day after final adjournment of the succeeding legislative session. Upon the sixtieth day after final adjournment of the succeeding regular legislative session, the dangerous substance stop order shall be null, void, and of no effect.

B. Upon the adoption of the rule declaring a substance a dangerous substance and the issuance of the dangerous substance stop order, any law enforcement officer may seize any products containing the dangerous substance that are in plain view.

C. Whenever a law enforcement officer, or an agent of the Louisiana Department of Health, has probable cause to believe that any dangerous substance is located within the territorial jurisdiction of such officer, the officer may make application pursuant to Code of Criminal Procedure Article 162 to a court of competent jurisdiction for a search warrant. The warrant shall be executed pursuant to the provisions of Code of Criminal Procedure Articles 163, 164, and 165. In lieu of a return on the warrant, the executing officer shall attach to the search warrant a copy of the receipt required to be provided to the person from whom any such property is seized pursuant to this Section.

D. Any product containing any quantity of the dangerous substance shall be deemed contraband drugs, which are subject to forfeiture pursuant to the provisions of Article I, Section (4)(D) of the Louisiana Constitution.

E. The law enforcement officer seizing any dangerous substance pursuant to Subsections B or C of this Section shall appraise the value of the property seized according to his best judgment at its usual and ordinary retail price and shall deliver to the person found in possession thereof, if any, a receipt showing the fact of seizure, the date of the seizure, the name of the person from whom the property is seized, the location of the seizure, the description of the property seized, and the appraised value of such property.

F. Property seized under this Section shall not be subject to sequestration or attachment but is deemed to be in the custody of the law enforcement agency making the seizure, subject only to the order of the court. The seized property shall be immediately returned to the owner upon expiration of the dangerous substance stop order unless the legislature has enacted a provision to designate the dangerous substance as a controlled dangerous substance. In the event the legislature provides for the dangerous substance to be designated as a controlled dangerous substance, the property seized shall be considered contraband and destroyed immediately by the seizing law enforcement agency unless the seizing law enforcement agency determines that the property will be needed as evidence in

a civil or criminal proceeding. If the property is needed as evidence, the law enforcement agency shall place the seized property in a secure facility designated for the holding of evidence, pending further orders of the court.

G. The validity of a rule declaring a substance to be a dangerous substance and issuing a dangerous substance stop order may be determined in an action for declaratory judgment in the Nineteenth Judicial District Court. The Louisiana Department of Health shall be made a party to the action. An action for a declaratory judgment under this Subsection may be brought only by a person to whom such rule is applicable or who would be adversely affected by such rule and only on the grounds that the rule does not meet the criteria for adoption of a dangerous substance stop order as provided for in R.S. 40:996.3. The court shall declare the rule invalid if it finds that there is not sufficient evidence for the adoption of the dangerous substance stop order. Notwithstanding any other provision of law to the contrary, the dangerous substance stop order shall remain in effect until such declaratory judgment is rendered or until it expires as provided for in this Section. The provisions of R.S. 49:968 shall not apply to any action brought pursuant to this Subsection. The provisions of this Subsection are in addition to R.S. 49:968 and shall not limit any action pursuant to R.S. 49:968.

RS 40:996.5 — Rulemaking; special provisions; procedural safeguards

public health, safety, and welfare and the

adoption of a rule declaring a substance a dangerous substance and the issuance of a dangerous substance stop order is necessary, a rule may be adopted pursuant to the provisions of this Section.

B. The secretary shall publish a notice of intention to adopt a rule declaring a substance to be a dangerous substance and to issue a dangerous substance stop order regarding the sale, distribution, manufacture, or dispensing of the dangerous substance, in the official state journal at least twice within a fifteen-day period prior to the adoption of the rule.

C. The notice shall provide for all of the following:

- (1) An explanation of the basis and rationale for the intended action, a summary of the information, and data supporting the intended action.
- (2) The time, the location, and the manner in which interested persons may present their views thereon.
- (3) A statement that the intended action complies with the provisions of R.S. 40:996.1 through 996.7.
- (4) The text of the proposed rule.

D. The secretary shall afford all interested persons reasonable opportunity to submit data, views, comments, or arguments, orally or in writing. The opportunity for oral presentation or argument shall be granted if requested within five days after the initial publication of the notice as provided for in this Section.

E. The rule shall provide for all of the following:

- (1) A recitation of the determinations and findings required by the provisions of R.S. 40:996.3(B) and the reasons for those determinations and findings.

(2) A specific list of the substances declared to be dangerous substances.

(3) A dangerous substance stop order prohibiting the sale, distribution, manufacture, or dispensing of the dangerous substance.

F.(1) The secretary shall transmit and deliver within seven days after the initial publication of the notice in the official journal of the state as provided for in Subsection B of this Section, a copy of any proposed rules to the speaker of the House of Representatives, the president of the Senate, the chairman of the House Committee on Health and Welfare, and the chairman of the Senate Committee on Health and Welfare for review. The chairmen of such committees shall review the proposed rules to determine whether to conduct legislative oversight hearings.

(2) Legislative oversight shall be in accordance with the provisions of R.S. 49:966, except as provided in this Section.

(3) Any legislative oversight committee hearing approving or finding unacceptable any proposed rules shall be held within fourteen days of receipt of the proposed rules by the presiding officers of each house of the legislature and any action by the governor to disapprove the action of the committee shall be taken within four days of receipt of the report of the committee by the governor.

G. The rule shall become effective thirty days following the initial publication in the official state journal unless an oversight hearing is conducted and the rule is found unacceptable by the oversight committee and the governor does not disapprove of the action taken by the oversight committee. The rule shall remain in effect through the sixtieth day after final adjournment of the succeeding regular legislative session.

H. Except as specifically provided for in this Section, the rule shall be adopted pursuant to the provisions of the Administrative Procedure Act.

RS 40:996.6 — Violations

Any person who violates any provision of this Section shall be fined not more than five hundred dollars, or may be imprisoned for not more than two years in the parish jail, or both.

C. Each day of continued violation shall constitute a separate offense.

RS 40:996.7 — Pesticide law not affected

§1.

RS 40:1001 — Short title

cal difficulties navigating this website,

RS 40:1003 — Definitions

istration" means the direct application of a drug to the body of a patient by injection, inhalation, ingestion, or any other means.

(2) "Advisory council" means the entity established in R.S. 40:1005.

(3)(a) "Audit trail information" means information submitted or produced regarding requests for prescription monitoring program data that the board or other individual as specified by this Part uses to help monitor compliance with this Part and other applicable statutes, rules, or regulations.

(b) "Audit trail information" shall not include any information produced or requested

by the Louisiana legislative auditor.

(4) "Board" means the Louisiana Board of Pharmacy.

(5) "Controlled substance" means any substance or drug defined, enumerated, or included in federal or state statute or rules, 21 CFR 1308.11-15 or R.S. 40:964, or any substance which may hereafter be designated as a controlled substance by amendment or supplementation of such regulations or statute. "Controlled substance" shall not include distilled spirits, wine, malt beverages, or tobacco.

(6) "Dispense" or "dispensing" means the interpretation, evaluation, and implementation of a prescription drug order, including the preparation and delivery of a drug or device to a patient or patient's agent in a suitable container appropriately labeled for subsequent administration to, or use by, a patient.

(7) "Dispenser" means a person authorized by this state to dispense or distribute to the ultimate user any controlled substance or drug monitored by the program, but shall not include any of the following:

(a) A pharmacy permitted by the board as a hospital pharmacy that dispenses or distributes any controlled substance or drug monitored by the program for the purposes of inpatient hospital care.

(b) A practitioner who dispenses or distributes no more than a single forty-eight-hour supply of such controlled substance or drug to a patient prior to or subsequent to performing an actual procedure on that patient.

(c) A practitioner or other authorized person who administers such controlled substance or drug upon the lawful order of a practitioner.

(d) A wholesale distributor of such controlled substance or drug that is credentialed by the Louisiana Board of Drug and Device Distributors.

(e) Repealed by Acts 2013, No. 27, §2, eff. May 23, 2013.

(8) "Distribute" or "distribution" means the delivery of a drug or device other than by administering or dispensing.

(9) "Drug" means any of the following:

(a) Any substance recognized as a drug in the official compendium, or supplement thereto, designated by the board for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or animals.

(b) Any substance intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or other animals.

(c) Any substance other than food intended to affect the structure or any function of the body of humans or other animals.

(10) "Drugs of concern" means drugs other than controlled substances as defined by rule which demonstrate a potential for abuse or whose use requires tracking for public health purposes.

(11) "Patient" means the person or animal who is the ultimate user of a controlled substance or drug monitored by the program for whom a prescription is issued and for whom a controlled substance or drug is dispensed.

(12) "Prescriber" means a licensed healthcare professional with prescriptive

authority.

(13) "Prescription monitoring information" means data submitted to and maintained by the prescription monitoring program.

(14) "Prescription monitoring program" or "PMP" means the program established in R.S. 40:1004.

(15) "Procedure" means any dental or medical practice or process described in the current year's version of the American Dental Association's current Dental Terminology or the American Medical Association's Code of Procedural Terminology.

RS 40:1004 — Establishment of prescription monitoring program

onitoring of controlled substances and drugs of concern dispensed in the state or dispensed to an address in the state.

B. In conformity with the Louisiana Public Bid Law, R.S. 38:2211 et seq., the board may contract with a vendor to establish and maintain the electronic monitoring system pursuant to rules promulgated by the board.

C. This Part shall not apply to any person licensed pursuant to R.S. 37:1511 et seq.

RS 40:1005 — Prescription Monitoring Program Advisory Council

of the Louisiana State Board of Medical Examiners.

(2) The president of the Louisiana State Board of Dentistry.

(3) The president of the Louisiana State Board of Nursing.

(4) The president of the Louisiana State Board of Optometry Examiners.

(5) Repealed by Acts 2013, No. 27, §2, eff. May 23, 2013.

(6) The president of the Louisiana Academy of Physicians Assistants.

(7) The president of the Louisiana Board of Pharmacy.

(8) The superintendent of the Louisiana State Police.

(9) The administrator of the United States Drug Enforcement Administration.

(10) The speaker of the Louisiana House of Representatives.

(11) The president of the Louisiana Senate.

(12) The chairman of the House Committee on Health and Welfare.

(13) The chairman of the Senate Committee on Health and Welfare.

(14) The secretary of the Louisiana Department of Health.

(15) The president of the Louisiana State Medical Society.

(16) The president of the Louisiana Dental Association.

(17) The president of the Louisiana Association of Nurse Practitioners.

(18) The president of the Optometry Association of Louisiana.

(19) The president of the Louisiana Pharmacists Association.

(20) The president of the Louisiana Independent Pharmacies Association.

(21) The president of the National Association of Chain Drug Stores.

(22) The president of the Louisiana Sheriffs' Association.

(23) The president of the Louisiana District Attorneys Association.

(24) The president of the Pharmaceutical Research and Manufacturers of America.

(25) The president of the Louisiana Academy of Medical Psychologists.

(26) Repealed by Acts 2013, No. 27, §2, eff. May 23, 2013.

B. The members of the advisory council shall serve at the pleasure of their respective appointing authorities, eleven of whom shall constitute a quorum for the transaction of all

business. The members shall elect a chairman and vice chairman whose duties shall be established by the advisory council. The board shall fix a time and place for regular meetings of the advisory council, which shall meet at least once annually. The advisory council shall establish policies and procedures necessary to carry out its duties.

C. The board shall seek, and the advisory council shall provide, information and advice regarding the development and operation of the electronic monitoring system, including but not limited to the following:

- (1) Which controlled substances should be monitored.
- (2) Which drugs of concern demonstrate a potential for abuse and should be monitored.
- (3) Design and implementation of educational courses identified in R.S. 40:1008.
- (4) The methodology to be used for analysis and interpretation of prescription monitoring information.
- (5) Design and implementation of a program evaluation component.
- (6) Identification of potential additional members to the advisory council.

D. The advisory council may conduct and its members may attend and participate in a meeting via electronic means in accordance with the provisions of R.S. 42:17.4.

RS 40:1006 — Reporting of prescription monitoring information

ored by the program. The information submitted for each prescription shall include, at a minimum, data relative to the identification of the following elements of the transaction:

- (1) Prescriber information.
- (2) Patient information.
- (3) Prescription information.
- (4) Controlled substance or drug information.
- (5) Dispenser information.

B. Each dispenser shall submit the required information in accordance with transmission methods and frequency established by the board. Each eligible prescription transaction shall be reported no later than the next business day after the date of dispensing.

C. The board may issue a waiver to a dispenser who is unable to submit prescription information by electronic means. The waiver shall state the format and frequency with which the dispenser shall submit the required information. The board may issue an exemption from the reporting requirement to a dispenser whose practice activities are inconsistent with the intent of the program. The board may rescind any previously issued exemption without the need for an informal or formal hearing.

D. Any person or entity required to report information concerning prescriptions to the board or to its designated agent pursuant to the requirements of this Part shall not be liable to any person or entity for any claim of damages as a result of the act of reporting the information and no lawsuit may be predicated thereon. Any person or entity who submits report information in good faith containing prescription information that is not the subject of the PMP shall not be liable to any person or entity for any claim of damages and no lawsuit may be predicated thereon.

E. The prescription monitoring program's agents, a dispenser, or a prescriber may report suspected violations of this Section or violations of any law to any local, state, out-of-state, or federal law enforcement agency, or the appropriate prosecutorial agency for further investigation or prosecution.

F. No agent, dispenser, or prescriber who in good faith reports suspected violations as provided for in Subsection E of this Section shall be liable to any person or entity for any claim of damages as a result of the act of reporting the information, and no lawsuit may be predicated thereon.

G. The board shall establish by rulemaking standards for the retention, archiving, and destruction of prescription monitoring information and audit trail information. Nothing in this Section shall be construed to modify or abrogate the provisions of R.S. 44:411.

H. All agencies, as defined in R.S. 44:402, shall keep all records for the time specified in records retention schedules approved by the state archivist and director of the division archives, records management, and history of the Department of State and shall obtain the state archivist's approval before destroying any records in the agency's custody, pursuant to the provisions of R.S. 44:411.

RS 40:1007 — Access to prescription monitoring information and audit trail information

tion submitted to the board and audit trail information shall

be protected health information, not subject to public or open records law, including but not limited to R.S. 44:1 et seq., and not subject to disclosure. Prescription monitoring information and audit trail information shall not be available for civil subpoena from the board nor shall such information be disclosed, discoverable, or compelled to be produced in any civil proceeding nor shall such records be deemed admissible as evidence in any civil proceeding for any reason. Notwithstanding this provision, law enforcement and professional licensing, certification, or regulatory agencies may utilize prescription monitoring information and audit trail information in the course of any investigation and subsequent criminal and administrative proceedings, but only in accordance with federal and state law and the requirements of this Part.

B. The board shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained, as well as audit trail information, is not disclosed to persons or entities except as authorized or required in Subsections C through J of this Section.

C. The board shall review the prescription monitoring information. If there is reasonable suspicion to believe a breach of professional or occupational standards may have occurred, the board shall notify the appropriate professional licensing agency with jurisdiction over prescribers or dispensers and shall provide prescription monitoring information required for an investigation.

D. The board shall provide prescription monitoring information to public or private entities, whether located in or outside of the state, for public research, policy, or educational purposes, but only after removing information that identifies or could be reasonably used to identify prescribers, dispensers, and individual patients or persons who received prescriptions from prescribers.

E. The following persons may access prescription monitoring information at no cost and in the same or similar manner, and for the same or similar purposes, as those persons are authorized to access similar protected health information under federal and state law and regulation:

- (1) Persons authorized to prescribe or dispense controlled substances or drugs of concern, or their delegates as defined by rule, for the purpose of providing medical or pharmaceutical care for their patients, or for verifying their prescribing records.
- (2) Designated representatives from the professional licensing, certification, or regulatory agencies of this state or another state charged with administrative oversight of those professionals engaged in the prescribing or dispensing of controlled substances or other drugs of concern.
- (3) Designated representatives from the Louisiana Medicaid program regarding Medicaid program recipients.
- (4) Designated representatives of the board and any vendor or contractor establishing or maintaining the prescription monitoring program.
- (5) A medical examiner or coroner, or a delegate thereof, for the purpose of investigating an individual's death.
- (6) A licensed substance abuse addiction counselor providing services as part of a state-licensed substance abuse or addiction treatment program.
- (7) A probation or parole officer for the purpose of monitoring an offender's compliance with participation in a drug diversion program or with other conditions of probation or parole related to monitored drugs.
- (8) An epidemiologist with the Louisiana Department of Health for the purpose of assisting the board in analyzing prescription monitoring information in order to conduct public health evaluations to support public policy and education pursuant to an agreement with the board.

F. The board may provide a report containing prescription monitoring information upon application of local, state, out-of-state, and federal law enforcement or prosecutorial officials, including judicially supervised specialty courts within the criminal justice system that are authorized by the Louisiana Supreme Court, engaged in the administration, investigation, or enforcement of the laws governing controlled substances or other drugs of concern in compliance with and as limited by the relevant requirements of any of the following:

- (1) A court order or court-ordered warrant, or a subpoena or summons issued by a judicial officer.
- (2) A grand jury subpoena.
- (3) An administrative request, including an administrative subpoena or summons, a civil or an authorized investigative demand, or similar process authorized under law, provided by law enforcement to the board, and further, provided all of the following:
 - (a) The information sought is relevant and material to a legitimate law enforcement inquiry.
 - (b) The request is specific and limited in scope to the extent reasonably practicable

in light of the purpose for which the information is sought.

(c) De-identified information, or limited information that does not identify or could not reasonably lead to the identification of an individual patient, could not reasonably be used.

G. The board may provide prescription monitoring information in response to queries from prescription monitoring programs, electronic health information systems, and pharmacy information systems located in other states, territories, federal districts, and federal jurisdictions, through its participation in a secure interstate data exchange system. The prescription monitoring information made available pursuant to this Subsection may be used only in a manner consistent with this Section.

H. The board may provide prescription monitoring information to authorized users of the prescription monitoring program via a state health information exchange or other third party conduit that has been approved by the board.

I. The board may provide prescription monitoring information to any of the following persons in accordance with procedures established by board regulation:

- (1) An individual who requests his personal prescription monitoring information.
- (2) A parent, legal guardian, or legal healthcare agent, for the purpose of reviewing the history of monitored drugs dispensed to a child or an individual for whom the agent makes healthcare decisions, to the extent consistent with federal and state confidentiality laws and regulations.
- (3) An executor of a will, or a court-appointed succession representative of an estate, for the purpose of reviewing the history of monitored drugs dispensed to a deceased individual.

J. The board may disclose audit trail information to individuals identified in Paragraph (E)(2) and Subsections F and I of this Section for use in an active investigation of an individual who submitted requests for prescription monitoring information.

K.(1) The board and advisory council shall not be subject to civil liability, administrative action, or other legal or equitable relief for any of the following:

- (a) Failure to possess prescription monitoring information that was not reported to the board.
 - (b) Release of prescription monitoring information or audit trail information that was factually incorrect.
 - (c) Release of prescription monitoring information or audit trail information to the wrong person or entity.
 - (d) Unlawful access to prescription monitoring information by an individual, or unlawful disclosure or use of prescription monitoring information by an individual who requested and received prescription monitoring information pursuant to this Section.
- (2) A dispenser or reporting agent shall not be subject to civil liability, administrative action, or other legal or equitable relief for reporting prescription monitoring information to the board.
- (3) A prescriber, dispenser, or other individual, agency, or entity in proper possession of prescription monitoring information or audit trail information pursuant to this Part shall

not be subject to civil liability, administrative action, or other legal or equitable relief for accessing, using, or disclosing prescription monitoring information or audit trail information pursuant to the provisions of this Section.

RS 40:1008 — Education and treatment

course for persons who are authorized to access the prescription monitoring information, but who have violated the laws or breached occupational standards involving the prescribing, dispensing, or use of any controlled substances or drugs monitored by the prescription monitoring program.

(2) A continuing education course for healthcare providers or professionals on prescribing practices, pharmacology, and the identification, treatment, and referral of a patient addicted to or abusing controlled substances or drugs monitored by the prescription monitoring program.

B. The board shall, in consultation with and upon recommendation of the advisory council, implement an educational program to inform the public about the use, diversion and abuse of, addiction to, and treatment for the addiction to controlled substances or drugs monitored by the prescription monitoring program.

C. The board shall, upon reasonable suspicion, refer potential or alleged impaired prescribers and dispensers to the appropriate professional licensing or certification agency to ensure intervention, treatment, and ongoing monitoring and follow-up.

RS 40:1009 — Unlawful acts and penalties

otification by the board,

shall be referred to the appropriate professional licensing, certification, or regulatory agency for administrative sanctions as deemed appropriate by that agency.

B. A person or entity authorized to possess prescription monitoring information pursuant to this Part who knowingly accesses or discloses such information in violation of this Part shall be referred to the appropriate professional licensing, certification, or regulatory agency for administrative sanctions as deemed appropriate by that agency and may, upon criminal conviction, be imprisoned, with or without hard labor, for not more than five years, and in addition, may be fined not more than five thousand dollars.

C. A person or entity authorized to possess prescription monitoring information pursuant to this Part who uses such information in a manner or for a purpose in violation of this Part shall be referred to the appropriate professional licensing, certification, or regulatory agency for administrative sanctions as deemed appropriate by that agency and may, upon criminal conviction, be imprisoned, with or without hard labor, for not more than five years, and in addition, may be fined not more than five thousand dollars.

RS 40:1010 — Evaluation; data analysis; reporting

of the prescription monitoring program and other information relevant to policy, research, and education involving controlled substances and drugs monitored by the prescription monitoring program.

B. The board shall report to the appropriate legislative oversight committees on a periodic basis, but in no case less than annually, the cost benefits and other information contained in Subsection A of this Section.

RS 40:1012 — Authority to contract

sary, to ensure the effective operation of the prescription monitoring program. Any contractor shall be bound to comply with provisions regarding confidentiality of prescription information in R.S. 40:1007 and further shall be subject to the penalties specified in R.S. 40:1009 for unlawful acts.

RS 40:1013 — Funding authority

ment of the prescription monitoring program.

B. In the event the legislature provides full funding for the prescription monitoring program, no fees shall be levied as provided in this Section.

C. The board shall have the authority to levy and collect an annual fee from each of the following practitioners in possession of authority to prescribe or dispense controlled dangerous substances: physicians, podiatrists, dentists, optometrists, advanced practice registered nurses, physician assistants, medical psychologists, or any other person subsequently authorized by law to prescribe controlled dangerous substances. The board shall also have the authority to levy and collect an annual fee from each pharmacy licensed by the board. The annual fee levied and collected from each person enumerated in this Subsection and each pharmacy shall not exceed twenty-five dollars.

D. The board shall not be required to fund any aspect of the prescription monitoring program.

RS 40:1014 — Severability

be given effect without the invalid provisions or applications, and to this end the provisions of this Act are severable.

RS 40:1021 — Definitions

uipment, products, and materials of any kind which are used, intended for use, or designed for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance in violation of the Uniform Controlled Dangerous Substances Law, as scheduled in R.S. 40:964.

(2) Kits used, intended for use, or designed for use in planting, propagating, cultivating, growing, or harvesting of any species of plant which is a controlled substance or from which a controlled substance can be derived.

(3) Kits used, intended for use, or designed for use in manufacturing, compounding, converting, producing, processing, or preparing controlled substances.

(4) Isomerization devices used, intended for use, or designed for use in increasing the potency of any species of plant which is a controlled substance.

(5) Testing equipment used, intended for use, or designed for use in identifying, or in analyzing the strength, effectiveness, or purity of controlled substances.

(6) Diluents and adulterants, such as quinine, hydrochloride, mannitol, mannite, dextrose, and lactose, used, intended for use, or designed for use in cutting controlled substances.

(7) Separation gins and sifters used, intended for use, or designed for use in removing twigs and seeds from, or in otherwise cleaning or refining, marijuana.

(8) Blenders, bowls, containers, spoons, and mixing devices used, intended for use, or designed for use in compounding controlled substances.

(9) Capsules, balloons, envelopes, and other containers used, intended for use, or designed for use in packaging small quantities of controlled substances.

(10) Containers and other objects used, intended for use, or designed for use in storing or concealing controlled substances.

(11) Hypodermic syringes, needles, and other objects used, intended for use, or designed for use in parenterally injecting controlled substances into the human body.

(12) Objects used, intended for use, or designed for use in ingesting, inhaling, or otherwise introducing marijuana, cocaine, hashish, or hashish oil into the human body, such as:

(a) Metal, wooden, acrylic, glass, stone, plastic, or ceramic pipes with or without screens, permanent screens, hashish heads, or punctured metal bowls.

(b) Water pipes.

(c) Carburetion tubes and devices.

(d) Smoking and carburetion masks.

(e) Roach clips, meaning objects used to hold burning material, such as a marijuana cigarette, that has become too small or too short to be held in the hand.

(f) Miniature cocaine spoons, and cocaine vials.

(g) Chamber pipes.

(h) Carburetor pipes.

(i) Electric pipes.

(j) Air-driven pipes.

(k) Chillums.

(l) Bongs.

(m) Ice pipes or chillers.

B. Notwithstanding any provision of law to the contrary, the term "drug paraphernalia" shall not include rapid fentanyl test strips (FTS) or any testing equipment or devices solely used, intended for use, or designed to determine whether a substance contains any controlled dangerous substance or chemical compound that can cause physical harm or death, provided that the testing equipment is not used to facilitate the manufacture or distribution of any controlled substance in violation of R.S. 40:961 et seq.

C. Notwithstanding any other provision of law to the contrary, the term "drug paraphernalia" shall not include any equipment or devices solely used or intended for use for the inhalation of raw or crude marijuana, tetrahydrocannabinols, or a chemical derivative of tetrahydrocannabinols when the person is a patient of a state-sponsored medical marijuana program and possesses medical marijuana in a form permissible under R.S. 40:1046 for therapeutic use.

RS 40:1022 — Determination of drug paraphernalia

g:

(1) Statements by an owner or by anyone in control of the object concerning its use.

(2) The proximity of the object, in time and space, to a direct violation of the Uniform Controlled Dangerous Substances Law.

(3) The proximity of the object to controlled substances.

(4) The existence of any residue of controlled substances on the object.

(5) Direct or circumstantial evidence of the intent of an owner, or of anyone in control of the object, to deliver it to persons whom he knows or should reasonably know intend to use the object to facilitate a violation of the Uniform Controlled Dangerous Substances Law; the innocence of an owner, or of anyone in control of the object, as to a direct violation of the Uniform Controlled Dangerous Substances Law shall not prevent a finding that the object is intended for use or

designed for use as drug paraphernalia.

- (6) Instructions, oral or written, provided with the object concerning its use.
- (7) Descriptive materials accompanying the object which explain or depict its use.
- (8) National and local advertising concerning its use.
- (9) The manner in which the object is displayed for sale.
- (10) Direct or circumstantial evidence of the ratio of sales of the object(s) to the total sales of the business enterprise.
- (11) The existence and scope of legitimate use for the object in the community.
- (12) Expert testimony concerning its use.

RS 40:1023 — Prohibited acts

e to any person any drug paraphernalia.

B. It is unlawful for any person or corporation, knowing, or under circumstances where one reasonably should know, to display for sale or possess with the intent to distribute, any drug paraphernalia.

C. It is unlawful for any person to use, or to possess with intent to use, any drug paraphernalia, to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance in violation of this Part.

D. Repealed by Acts 1990, No. 517, §2, eff. July 18, 1990.

RS 40:1023.1 — Prohibited acts; unmarried persons under seventeen years of age

ibute to any unmarried person under the age of seventeen any drug paraphernalia.

B. The unlawful sale, loan, rent, lease, gift, exchange, exhibition, display, or distribution of drug paraphernalia to any unmarried person under the age of seventeen is the intentional sale, loan, rent, lease, gift, exchange, exhibition, display, or distribution of drug paraphernalia to any unmarried person under the age of seventeen years, at any newsstand, record store, tape store or any other commercial establishment which is open to persons under the age of seventeen years.

C. It shall be unlawful to invite or permit any unmarried person under the age of seventeen to be in any commercial establishment that exhibits or displays any item, material, work, or object of any kind that is defined as drug paraphernalia pursuant to this Part.

D. Lack of knowledge of age or marital status shall not constitute a defense, unless the defendant shows that he had reasonable cause to believe that the minor involved was either married or seventeen years of age or more and that the minor exhibited to the defendant a draft card, driver's license, birth certificate, or other official or apparently official document purporting to establish that such person was either married or seventeen years of age or more.

RS 40:1024 — Exceptions; defenses; local needle exchanges

ribution, or advertisement of any product

or object designed and sold primarily for scientific research, industrial, veterinary, or agricultural purposes, or for bona fide medical or clinical use.

B. It shall be an affirmative defense that the person to whom the drug-related object or advertisement or notice was distributed had a prescription from a licensed medical practitioner or psychiatrist for marijuana or the controlled substance for which the object is primarily intended to be used. It is also an affirmative defense that the drug-related object was designed or marketed as useful primarily for veterinary or agricultural purposes.

C. Any provision of law to the contrary herein notwithstanding, the provisions of this Part shall not prohibit the establishment and implementation of a needle exchange program within the jurisdiction of a local governing authority, including but not limited to a city, town, or parish, upon the express approval of the local governing authority.

RS 40:1025 — Penalties

t in

excess of three hundred dollars, or imprisonment of not more than fifteen days, or both.

(2) A conviction for a violation of the provisions of this Part may not be used as a predicate conviction for enhancement purposes under Subsections B and C of this Section if the offender has not been convicted of any violation of the controlled dangerous substances law for a period of two years from the date of completion of sentence, probation, parole, or suspension of sentence for that conviction. The provisions of this Paragraph shall apply only once with respect to any person.

B. On a second conviction, except as provided in Subsection E of this Section, the offender shall be fined not more than one thousand dollars, or imprisoned for not more than six months, or both.

C. On a third or subsequent conviction, except as provided in Subsection E of this Section, the offender shall be fined not more than two thousand five hundred dollars, or imprisoned, with or without hard labor, for not more than two years, or both.

D. If the second or subsequent conviction is by any person licensed under the occupational license tax law, as provided in R.S. 47:341 et seq., or by such person's manager, agent, servant, or employee, then such person shall forfeit the right to any permit issued thereunder and such permit may be suspended or revoked.

E. The penalty for possessing drug paraphernalia intended for, or used solely for, the inhalation, ingestion, epidermal or sublingual absorption, or other method of introducing marijuana or marijuana derivatives into the human body are as follows for quantities of paraphernalia not exceeding those required for individual personal use:

(1) On a first conviction, a fine of one hundred dollars.

(2) On a second conviction, a fine of five hundred dollars.

(3) On a third or subsequent conviction, a fine of two thousand five hundred dollars.

RS 40:1026 — Contraband; condemnation proceedings

of this Part, may be destroyed by the authorities making the seizure, but only after compliance with the following procedure. Within ninety days after any seizure is made after the effective date of this Section, the district attorney shall institute condemnation proceedings in district court by petition, a copy of which shall be served upon the owner of the seized items, if known. If the owner is unknown, notice of the proceedings shall be published once a week for two weeks in the official journal of the parish. The petition shall allege that the seized items were distributed or possessed in violation of this Part. Fifteen days after the filing of the petition, judgment by default shall be entered by the court, and the court shall order the seized items to be destroyed. Otherwise, the case shall proceed as other civil cases in said court. If the prosecution proves, by a preponderance of the evidence, that the seized items were distributed or possessed in violation of the law, the court shall order the seized items to be destroyed.

RS 40:1031 — Purpose

d abandoned animals.

RS 40:1032 — Permit

ane euthanasia without the permit required by this Part.

RS 40:1033 — Permit application

pply to

the secretary of the Louisiana Department of Health for a permit to purchase, possess, and

administer sodium pentobarbital for the humane euthanasia of animals.

RS 40:1034 — Permit issuance and conditions

have been met:

- (1) The animal control agency or facility is a duly incorporated humane society contracted to perform animal control services by a parish or municipality or a parish or municipal animal control agency.
- (2) The animal control agency has on staff a certified euthanasia technician, as provided in R.S. 37:1551 et seq.
- (3) Any other criteria which may be established by the department pursuant to R.S. 40:1036.

B. The permit shall designate a sole responsible person for the duration of the permit to oversee the purchase, possession, and administration of sodium pentobarbital, which such person shall be a certified euthanasia technician.

RS 40:1035 — Permit revocation or suspension; inspections

an humane animal euthanasia or that the permitted facility has failed to abide by the regulations promulgated by the secretary for the safe and efficient purchase, possession, or administration of sodium pentobarbital.

B. The department shall inspect any permitted animal control facility to determine compliance with this Chapter or any rules or regulations promulgated pursuant thereto.

RS 40:1036 — Rules and regulations

06.

RS 40:1041 — Transactions involving proceeds from drug offenses

tion of R.S. 40:966 et seq. when the transaction is designed in whole or in part to conceal or disguise the nature, location, source, ownership, or the control of the proceeds known to be derived from such violation or to avoid a transaction reporting requirement under state or federal law.

B. It is unlawful for any person knowingly or intentionally to give, sell, transfer, trade, invest, conceal, transport, maintain an interest in, or otherwise make available anything of value known to be for the purpose of committing or furthering the commission of any violation of R.S. 40:966 et seq.

C. It is unlawful for any person knowingly or intentionally to direct, plan, organize, initiate, finance, manage, supervise, or facilitate the transportation or transfer of proceeds known to be derived from any violation of R.S. 40:966 et seq.

D. It is unlawful for any person to knowingly or intentionally receive or acquire proceeds derived from any violation of R.S. 40:966 et seq., or to knowingly or intentionally engage in any transaction involving proceeds from any such violations.

The provisions of this Section shall not include any transaction between an individual and his attorney, that is necessary to preserve that individual's right to representation by counsel, as guaranteed by the Sixth Amendment of the United States Constitution, and Article I Section 13 of the Constitution of Louisiana. However, this shall not affect the right of the state to seek and obtain forfeiture of any proceeds derived from a violation of R.S. 40:966 et seq., as provided by R.S. 40:2601 through 2622.

E. Any person who is convicted of violating this Section shall be imprisoned for not more than ten years, with or without hard labor, or fined not more than ten thousand dollars, or both.

RS 40:1046 — Recommendation and sale of marijuana for therapeutic use; production facility

er provision of this Part, any clinician authorized by

the provisions of Subsection B of this Section to recommend medical marijuana, referred to in this Section as an "authorized clinician", may recommend, in any form authorized by the rules and regulations of the Louisiana Department of Health, hereafter referred to as the "department", raw or crude marijuana, tetrahydrocannabinols, or a chemical derivative of tetrahydrocannabinols for therapeutic use by any patient clinically diagnosed as suffering from a debilitating medical condition.

(2)(a) For purposes of this Subsection, "debilitating medical condition" means any of the following:

- (i) Cancer.
 - (ii) Glaucoma.
 - (iii) Any of the following neurodegenerative diseases and conditions:
 - (aa) Alzheimer's disease.
 - (bb) Amyotrophic lateral sclerosis.
 - (cc) Huntington's disease.
 - (dd) Lewy body dementia.
 - (ee) Motor neuron disease.
 - (ff) Parkinson's disease.
 - (gg) Spinal muscular atrophy.
 - (iv) Positive status for human immunodeficiency virus.
 - (v) Acquired immune deficiency syndrome.
 - (vi) Cachexia or wasting syndrome.
 - (vii) Seizure disorders.
 - (viii) Epilepsy.
 - (ix) Spasticity.
 - (x) Severe muscle spasms.
 - (xi) Intractable pain.
 - (xii) Crohn's disease.
 - (xiii) Muscular dystrophy.
 - (xiv) Multiple sclerosis.
 - (xv) Posttraumatic stress disorder.
 - (xvi) Any of the following conditions associated with autism spectrum disorder:
 - (aa) Repetitive or self-stimulatory behavior of such severity that the physical health of the person with autism is jeopardized.
 - (bb) Avoidance of others or inability to communicate of such severity that the physical health of the person with autism is jeopardized.
 - (cc) Self-injuring behavior.
 - (dd) Physically aggressive or destructive behavior.
 - (xvii) Traumatic brain injury.
 - (xviii) A concussion diagnosed by an authorized clinician.
 - (xix) Chronic pain associated with fibromyalgia.
 - (xx) Chronic pain associated with sickle cell disease.
 - (xxi) Any condition for which a patient is receiving hospice care or palliative care.
 - (xxii) Any condition not otherwise specified in this Subparagraph that an authorized clinician, in his clinical opinion, considers debilitating to an individual patient and is qualified through his clinical education and training to treat.
- (b) No authorized clinician shall recommend medical marijuana for treatment of any condition associated with autism spectrum disorder for a patient who is under the age of eighteen unless the clinician complies with the provisions of this Section and consults with a pediatric subspecialist. For purposes of this Subparagraph, a pediatric subspecialist is an individual licensed to practice medicine in any state in the United States who provides care

to patients with autism spectrum disorder.

(c) Intractable pain means a pain state in which the cause of the pain cannot be removed or otherwise treated with the consent of the patient and which, in the generally accepted course of medical practice, no relief or cure of the cause of the pain is possible, or none has been found after reasonable efforts. It is pain so chronic and severe as to otherwise warrant an opiate prescription.

(d) Repealed by Acts 2019, No. 284, §2.

(e) Repealed by Acts 2019, No. 284, §2.

(3) For purposes of this Part, "recommend" or "recommended" means an opinion of any authorized clinician, provided within a bona fide clinician-patient relationship, that, in the sincere judgment of the clinician, therapeutic cannabis may be helpful to the patient's condition or symptoms and is communicated by any means allowed by the department.

(4) Any authorized clinician may recommend medical marijuana to any patient suffering from a debilitating medical condition with whom he shares a bona fide clinician-patient relationship.

(5)(a) No retailer permitted to sell marijuana for therapeutic use in accordance with the provisions of this Section shall sell more than two and one-half ounces, or seventy-one grams, of raw or crude marijuana every fourteen days to any individual patient.

(b) No retailer permitted to sell marijuana for therapeutic use in accordance with the provisions of this Section shall sell raw or crude marijuana to any person under twenty-one years of age without a recommendation from an authorized clinician specifically recommending marijuana in raw or crude form for that person.

(6) Authorized clinicians shall report adverse events and health outcomes associated with a patient's use of medical marijuana to the data system provided for in R.S. 40:1168.1 et seq.

(7) Nothing in this Subsection shall be construed to prevent the department from authorizing, by rule, medical marijuana in a form to be administered by metered-dose inhaler. For purposes of this Section, "metered-dose inhaler" means a device that delivers a specific amount of medication to the lungs, in the form of a short burst of medicine that is usually self-administered by the patient via inhalation.

B. All of the following licensed health professionals are hereby authorized to recommend medical marijuana to patients and, for purposes of this Part, shall be deemed "authorized clinicians":

(1) Any physician licensed by and in good standing with the Louisiana State Board of Medical Examiners to practice medicine in this state.

(2) Any nurse practitioner licensed by and in good standing with the Louisiana State Board of Nursing to practice advanced practice registered nursing in this state and who has prescriptive authority conferred by the Louisiana State Board of Nursing.

(3) Any medical psychologist licensed by and in good standing with the Louisiana State Board of Medical Examiners to practice medical psychology in this state.

C.(1) The department shall adopt rules to provide for therapeutic marijuana retail permits.

(2) The rules promulgated pursuant to this Subsection shall include but not be limited to:

(a) Repealed by Acts 2024, No. 693, §2, eff. Jan. 1, 2025.

(b) Standards, procedures, and protocols for the dispensing and tracking of recommended therapeutic marijuana in Louisiana.

(c) Procedures and protocols to provide that no recommended therapeutic marijuana may be sold from, produced from, obtained from, sold to, or transferred to a location outside of this state.

(d), (e) Repealed by Acts 2022, No. 491, §2.

(f) Repealed by Acts 2024, No. 693, §2, eff. Jan. 1, 2025.

(g) The establishment of other permit, renewal, and operational standards which are deemed necessary by the department.

(h) Repealed by Acts 2022, No. 491, §2.

(i) The establishment of health, safety, and security requirements for therapeutic marijuana retail permit holders.

(j), (k), (l) Repealed by Acts 2024, No. 693, §2, eff. Jan. 1, 2025.

D. Nothing in this Section shall be construed to prohibit the department from adopting emergency rules as otherwise provided for in the Administrative Procedure Act.

E. Marijuana, tetrahydrocannabinols, or a chemical derivative of tetrahydrocannabinols recommended pursuant to this Section shall be sold in person by a marijuana retail permit holder located in Louisiana.

F.(1)(a) Each permitted retailer shall acquire and maintain all software, hardware, and communications infrastructure necessary to ensure connectivity to and implementation of the Louisiana Medical Marijuana Tracking System, hereafter referred to as the "LMMTS", from seed to delivery to an approved laboratory, to wholesale to permitted retailers, to wholesale to another licensed cultivation facility, to delivery to an authorized researcher, to sale to patients or caregivers by permitted retailers, or to destruction. A person who sells marijuana, tetrahydrocannabinols, or a chemical derivative of tetrahydrocannabinols pursuant to this Section shall review the patient's information in the database of the LMMTS prior to the selling thereof.

(b) Each retail permit holder shall appoint a minimum of one pharmacist residing in Louisiana who has an active unrestricted license with the Louisiana Board of Pharmacy who is designated by the retail permit holder to be responsible for the operation of the primary retail location and any satellite locations in compliance with all applicable laws and regulations. The pharmacist shall be considered on duty when accessible by the employees and agents of the primary retail location and any satellite locations through telephonic means during open hours and available by telephone or video conference for a patient consultation during open hours.

(2) Any person who sells marijuana, tetrahydrocannabinols, or a chemical derivative of tetrahydrocannabinols pursuant to this Section shall comply with the reporting requirements of the LMMTS.

G.(1)(a) The department shall issue an annual retail permit to sell recommended

marijuana for therapeutic use and, except as provided in Paragraph (3) of this Subsection, shall limit the number of retail permits granted in the state to no more than ten.

(b) Upon each annual renewal period, a retail permit in force shall be renewed by the department for the next succeeding period upon proper application for renewal and payment of permit fees as required by law and the rules and regulations of the department. The department shall charge an annual retail permit fee in the amount of twenty-two thousand five hundred dollars to each of the ten retail permit holders authorized in Subparagraph (a) of this Paragraph to sell recommended marijuana for therapeutic use.

(c) Subject to the limitations in this Subsection, the department shall select a new retail permit holder through a competitive bid process in accordance with the applicable provisions of the Louisiana Procurement Code, R.S. 39:1551 et seq., only if any of the following occur:

(i) After written notice from the department and failure of the retail permit holder to cure within thirty days following receipt of written notice, a retail permit holder fails to comply with the proper application for renewal and payment of permit fees as required by law and the rules and regulations of the department, and the retail permit is revoked.

(ii) A retail permit is voluntarily returned or remitted to the department prior to the expiration of the permit period.

(d) The transfer of a membership interest in an entity that holds a marijuana retail permit may be conducted without approval of the department.

(2) For the purposes of this Subsection, the regions among which the marijuana retail permits are allocated shall correspond to the sets of parishes comprising, respectively, the administrative regions of the Louisiana Department of Health as those regions existed on August 1, 2022. On and after October 1, 2022, at least one marijuana retailer shall be located in each region.

(3)(a) After three thousand five hundred active, qualified patients are identified in a region, the department shall notify and allow the marijuana retail permit holder in that region to open one additional retail location as a satellite location in that region. For the purposes of this Paragraph, "satellite location" shall mean an additional marijuana retail location operated by a retail permit holder within the same geographic region but physically separate from the location of the original therapeutic marijuana retail location.

(b) After seven thousand active, qualified patients are identified in a region, the department shall notify and allow the marijuana retail permit holder in that region to open one additional marijuana retail location as a second satellite location in that region.

(c) The retail permit holder shall submit an application to open a satellite location provided for in this Paragraph no later than ninety days after receipt of the notification sent by the department pursuant to this Paragraph. The satellite location shall be operational within three hundred ten days of the approval of the application by the department. The department may grant additional time for the satellite location to become operational due to a circumstance beyond the control of the retail permit holder. If a marijuana retail permit holder declines to open a satellite location pursuant to Subparagraph (a) or (b) of this Paragraph, then the department may issue, pursuant to the provisions of Paragraph (1) of this

Subsection, an additional marijuana retail permit in that region to open one marijuana retail location in lieu of the original retail permit holder's satellite location in that region.

(d) The department shall consider any unserved parishes within the region when approving a satellite location or additional marijuana retail permits pursuant to this Paragraph.

(e) For the purposes of this Paragraph, the active, qualified patient count shall be conducted and reviewed on a quarterly basis using the preceding twenty-four-month period.

(4)(a) The total number of marijuana retail locations, including satellite locations, approved by the department pursuant to Paragraph (3) of this Subsection shall not be greater than thirty locations.

(b) The provisions of this Paragraph shall not be construed to authorize a marijuana retail permit holder to open more than two satellite locations in a single region.

(5) The provisions of this Subsection shall not be construed to require the closure of any marijuana retail location, including satellite locations, if the active, qualified patient count drops below three thousand five hundred after the location is approved.

(6)(a) No marijuana retail permit holder shall locate within a fifteen-mile radius of another retail permit holder's marijuana retail location.

(b) Notwithstanding the provisions of Subparagraph (a) of this Paragraph, in a region that encompasses any parish with a population of more than three hundred fifty thousand persons according to the most recent federal decennial census, no marijuana retail permit holder shall locate within a ten-mile radius of another retail permit holder's marijuana retail location.

(c) Notwithstanding the provisions of Subparagraphs (a) and (b) of this Paragraph, in a region that encompasses any municipality with a population of more than three hundred fifty thousand persons according to the most recent federal decennial census, no marijuana retail permit holder shall locate within a five-mile radius of another retail permit holder's marijuana retail location.

(d) The provisions of this Paragraph shall not apply if all affected retail permit holders submit a written mutual agreement to the department waiving the provisions of this Paragraph.

(7) Each marijuana retail permit holder shall offer delivery to patients in each zip code within its region at least once per month.

(8) For purposes of this Subsection, "active, qualified patient" means a patient who has acquired a therapeutic marijuana product at least once.

H.(1)(a) The Louisiana Department of Health shall issue no more than two licenses to cultivate, extract, process, produce, and transport therapeutic marijuana in this state. Each license shall be issued on July first and shall be effective for a period of one year.

(b) The licenses issued on July 1, 2024, shall be to the entities who held contracts with the Louisiana State University Agricultural Center and the Southern University Agricultural Center on January 1, 2024, pursuant to Act No. 261 of the 2015 Regular Session of the Legislature.

(c) Upon each renewal period, a license in force shall be renewed by the department

for the next succeeding period upon proper application for renewal and payment of license fees as required by law and the rules and regulations of the department.

(d) Subject to the limitation of no more than two licenses to cultivate, extract, process, produce, and transport therapeutic marijuana in this state, the department shall select a new licensee through a competitive bid process in accordance with the applicable provisions of the Louisiana Procurement Code, R.S. 39:1551 et seq., if any of the following occur:

(i) After written notice from the department and failure of the licensee to cure within thirty days following receipt of written notice, a licensee fails to comply with the proper application for renewal and payment of license fees as required by law and the rules and regulations of the department, and the license is revoked.

(ii) A license is voluntarily returned or remitted to the department prior to the expiration of the licensure period.

(2)(a) The Louisiana Department of Health shall collect all of the following information from each licensee:

(i) The amount of gross marijuana produced by the licensee during each calendar year.

(ii) The details of all production costs including but not limited to seed, fertilizer, labor, advisory services, construction, and irrigation.

(iii) The details of any items or services for which the licensee subcontracted and the costs of each subcontractor directly or indirectly working for the licensee.

(iv) The amount of therapeutic chemicals produced resulting from the marijuana grown pursuant to this Section.

(v) The amount of therapeutic marijuana distributed to each retail permit holder during each calendar year.

(b) The Louisiana Department of Health shall provide the information collected as required by this Paragraph for the previous calendar year in the form of a written report to the legislature no later than February first of each year. The department shall also make a copy of the report required by this Subparagraph available to the public on the internet.

(3) No company that has made a contribution to a candidate in a Louisiana election governed by the provisions of the Campaign Finance Disclosure Act within the five years prior to bidding for the license, or is controlled wholly or in part by a person who made such a contribution within the five years prior to the company bidding for the license, may be eligible for the license.

(4) The Louisiana Department of Health shall:

(a) Establish and collect an annual license fee of one hundred thousand dollars from each licensee permitted to cultivate, extract, process, produce, and transport therapeutic marijuana.

(b) Collect a nonrefundable application fee of ten thousand dollars.

(c) Assess a fee of seven percent of the gross sales of therapeutic marijuana. The fee shall be reported and paid by the licensee. The fee shall be collected by the Department of Revenue and shall be subject to the provisions of Chapter 18 of Subtitle II of Title 47 of the

Louisiana Revised Statutes of 1950. The Department of Revenue shall transfer monthly to the state treasury for deposit into the Disability Services Fund, as established in R.S. 28:826, the amount of revenues collected in accordance with this Subparagraph.

(5) The Louisiana Department of Health shall promulgate rules and regulations as necessary to implement the provisions of this Subsection.

I. The levels of THC in any marijuana produced pursuant to this Section shall be reduced to the lowest acceptable therapeutic levels available through scientifically accepted methods.

J. Notwithstanding any other provision of law to the contrary, employers and their worker's compensation insurers shall not be obliged or ordered to pay for medical marijuana in claims arising under Title 23 of the Louisiana Revised Statutes of 1950, the Louisiana Workers' Compensation Law.

K. Nothing in this Part shall be construed or enforced in any manner that prevents a clinician authorized by Subsection A of this Section to recommend therapeutic marijuana from recommending therapeutic marijuana through telehealth as defined in R.S. 40:1223.3 in this state.

L. The Louisiana State University Agricultural Center, the Southern University Agricultural Center, and the University of Louisiana at Monroe may conduct research on marijuana for therapeutic use.

M. The provisions of this Section shall terminate on July 1, 2030.

RS 40:1046.1 — Sale of marijuana for therapeutic use to visiting qualifying patients
"debilitating medical condition" has the meaning ascribed in R.S.

40:1046(A)(2)(a).

(2) "Department" means the Louisiana Department of Health.

(3) "LMMTS" means the electronic seed-to-sale tracking system approved by the department.

(4) "Medical marijuana" means marijuana for therapeutic use produced pursuant to the provisions of R.S. 40:1046(H).

(5) "Visiting qualifying patient" means a patient with a debilitating medical condition who is not a resident of Louisiana or who has been a resident of Louisiana for less than thirty days and who is in actual possession of a valid medical marijuana registry identification card, or its equivalent, which has been issued under the medical marijuana laws of another state, district, territory, commonwealth, or insular possession of the United States.

B. A visiting qualifying patient may obtain medical marijuana from a marijuana retail permit holder upon producing evidence of his valid medical marijuana registry identification card, or its equivalent, which has been issued under the medical marijuana laws of another state, district, territory, commonwealth, or insular possession of the United States.

C.(1) A marijuana retail permit holder shall require each visiting qualifying patient to certify on a form approved by the department that the patient has been diagnosed by an authorized clinician with one or more debilitating medical conditions. The form shall include the full name, address, and phone number of the visiting qualifying patient and shall include a statement to be signed by the patient by which the patient shall attest that the

patient will not divert to any person any medical marijuana sold to him by the marijuana retail permit holder.

(2)(a) A marijuana retail permit holder shall retain a copy of each of the following documents received from a visiting qualifying patient:

(i) The patient's valid medical marijuana registry identification card or its equivalent.

(ii) The patient's valid driver's license or other government-issued photo identification document.

(iii) The original, completed, and signed form provided for in Paragraph (1) of this Subsection.

(b) The department shall promulgate in accordance with the Administrative Procedure Act a record retention schedule for marijuana retail permit holders which applies to the documents identified in this Paragraph.

D. Prior to dispensing any medical marijuana product to a visiting qualifying patient, a pharmacist or the pharmacist's designee at a marijuana retail location shall review the patient's records in the LMMTS. The pharmacist or the pharmacist's designee shall resolve any concerns identified in the review of the patient's records by consultation with the patient's physician.

E. Upon sale of any medical marijuana product to a visiting qualifying patient, the pharmacist or the pharmacist's designee at a marijuana retail location shall report that transaction to the LMMTS.

F. No marijuana retail permit holder shall sell medical marijuana to a person who holds himself out to be a visiting qualifying patient if the pharmacist or the pharmacist's designee at the retail location determines any of the following with respect to that person:

(1) The person's medical marijuana registry identification card was revoked, has expired, or is otherwise not valid and current.

(2) The person's medical marijuana registry identification card was fraudulently obtained.

(3) The person's application or written certifications were falsified in any way.

(4) The person knowingly violated any law of this state applicable to medical marijuana.

RS 40:1046.2 — Licensees; minimum standards

Department of

Health as provided in this Section.

B. Initial inspections of facilities shall be conducted in accordance with the following procedures and requirements:

(1) Prior to commencement of operations, the Louisiana Department of Health shall conduct an initial inspection of the facility, limited strictly to a determination of the following:

(a) That the facility adheres to all of the following:

(i) Is within a building that has a complete roof enclosure supported by connecting walls, constructed of solid materials, that extend from the ground to the roof.

(ii) Has a foundation, slab, or equivalent base to which the floor is securely attached.

(iii) Meets performance standards ensuring that cultivation and processing activities cannot be and are not reasonably perceptible from the structure in terms of common visual observation, odors, smell, fragrances, or other olfactory stimulus, light pollution, glare, brightness, adequate ventilation to prevent mold, and noise.

(iv) Provides complete visual screening.

(v) Meets the standards of any applicable state and local electrical, fire, plumbing, and building specification codes.

(b) That the licensee possesses and maintains accurate, detailed plans and elevation drawings of all operational areas involved with the cultivation, extraction, processing, and production of therapeutic marijuana.

(c) That the licensee possesses and maintains a written operations plan, which shall be limited to standard operating procedures for the cultivation of marijuana in each facility production area, instructions for making each product produced on the premises, equipment operations manuals, procedures for conducting necessary safety checks, sanitization procedures for working surfaces and equipment, quality control procedures, and emergency preparedness procedures.

(d) That the licensee has connection and access to the Louisiana Medical Marijuana Tracking System, hereafter referred to in this Section as LMMTS.

(e) That the licensee has security against unauthorized entry via the presence of operational alarm and video surveillance systems, limited access areas, secure locking systems, and door controls throughout the facility.

(f) The initial inventory and accuracy of inventory reporting.

(g) The existence of current, complete, and accurate personnel records.

(2)(a) Notwithstanding Paragraph (1) of this Subsection, nothing in this Section shall be construed to obstruct or impede the lawful activity of any licensee.

(b) The provisions of this Subsection are intended to ensure a reliable, adequate, and uninterrupted supply of therapeutic marijuana to Louisiana patients.

C.(1) Inspections of facilities other than initial inspections shall be conducted in accordance with the procedures and requirements provided in Paragraph (2) of this Subsection.

(2) After a licensee commences producing therapeutic marijuana in an approved facility, the Louisiana Department of Health shall inspect each facility at least twice annually to verify the existence or accuracy of the following:

(a) Possession and accuracy of detailed plans and elevation drawings of all operational areas involved with the cultivation, extraction, processing, and production of therapeutic marijuana.

(b) Existence and possession of a current written operations plan.

(c) Connection and accessibility to the LMMTS.

(d) Operational alarm and video surveillance systems.

(e) Secure locks throughout the facility.

(f) Controls to limited access areas.

(g) Current, complete, and accurate personnel records.

(h) Biannual inventory reports.

D. All of the following standards and requirements for security shall apply with respect to facilities:

(1) Any facility alarm or surveillance system shall include the following:

(a) A panic device that sounds an audible alarm and notifies law enforcement.

(b) Surveillance system coverage for all points of ingress and egress to the facility, including but not limited to doorways, windows, and loading bays.

(c) "Duress" or "hold up" features to enable activation of a silent alarm.

(d) Date- and time-stamped recording of all points of ingress and egress, any limited access areas including rooms containing a safe, any room in which any part of the disposal process occurs, and any room or area used to cultivate, extract, process, produce, or store therapeutic marijuana.

(e) Capabilities including continuous recording, archiving, and at least one on-site display monitor connected to the system.

(2) Each facility shall maintain on-site security personnel, at a minimum, during standard United States business hours of eight o'clock a.m. to five o'clock p.m. and shall maintain off-site, electronic security monitoring at all other times.

(3) All surveillance recordings shall be maintained for a minimum of thirty days and access to surveillance controls and monitoring shall be limited to specifically authorized personnel.

(4) Each licensee shall limit access to and post limited-access signage where marijuana is cultivated, extracted, processed, produced, or stored. Limited access areas shall remain locked and accessible only by authorized personnel.

(5) Each employee, supervisor, or agent of each licensee shall keep a current identification card, in a form approved by the department, on his person when present at a facility.

E. All of the following procedures, restrictions, and authorizations shall apply relative to visitors at facilities:

(1) Persons who do not possess a licensee identification card shall be issued a visitor identification badge after signing a log maintained by the licensee that properly identifies the visitor to the premises. The visitor shall wear the badge for the duration of his time on the premises, and the visitor shall not be left unaccompanied in any area where marijuana or marijuana products are present.

(2) Notwithstanding Paragraph (1) of this Subsection, if it is necessary for a visitor to enter a facility to conduct repairs, maintenance, or other specific duties on the premises, the visitor may be escorted to the work site and left unaccompanied while completing a job if that job is not within a limited access area. If it is necessary for a visitor to enter a facility's limited access area, the visitor shall be escorted to the work area and shall remain accompanied by facility personnel while the work is being completed in the limited access area if marijuana or marijuana products are within the limited access area. The visitor may be left unaccompanied in the limited access area if no marijuana or marijuana products are within the limited access area while the visitor is present. If the visitor is left unaccompanied

in the limited access area, facility personnel shall ensure that the visitor is under video surveillance for the duration of the visitor's time spent on the premises.

F. All of the following requirements shall apply with respect to data management by licensees:

(1) Each licensee shall acquire and maintain all software, hardware, and communications infrastructure necessary to ensure connectivity to and implementation of the LMMTS, to track therapeutic marijuana from seed to distribution to an approved laboratory, to retail permit holders, to another cultivation licensee, or to destruction, tagging each plant and product with a unique identification number, and entering the number into the LMMTS for tracking. The licensee shall bear the cost of all expenses related to tracking, tagging, and implementation of the LMMTS.

(2) Within twenty-four hours of the respective qualifying event, the licensee shall record the following in the LMMTS:

(a) Any purchase or acquisition of therapeutic marijuana seeds; plants, including immature plants and seedlings; or derivatives thereof.

(b) The sale, transfer, or transport of therapeutic marijuana or its derivatives to another licensee, approved laboratory, or therapeutic marijuana retail permit holder.

(c) The disposal of therapeutic marijuana.

(3) Notwithstanding any other provision of this Section, each licensee shall keep all documents and information required by this Part for at least the current year and the three preceding calendar years, including but not limited to business records necessary to fully account for each business transaction conducted by the licensee.

G. All of the following standards and requirements shall apply to the licensees' inventory:

(1) Each licensee shall maintain a comprehensive inventory of all marijuana, including without limitation usable marijuana available for sale, mature marijuana plants, and seedlings at each authorized location. Following an initial inventory, all marijuana shall be inventoried on a weekly basis.

(2) Any therapeutic marijuana waste product shall be properly weighed and recorded in the LMMTS and stored in a limited access area of a facility until rendered unusable.

H. Material safety data sheet requirements shall include all of the following:

(1) Any pesticides or chemicals used by a licensee in the production of therapeutic marijuana shall be used and stored according to the licensee's written operations plan.

(2) Each licensee shall maintain a material safety data sheet in each facility area where toxic cleaning compounds, sanitizing agents, solvents used in the production of therapeutic marijuana extracts and concentrates, pesticide chemicals, or other agricultural chemicals are used or stored.

(3) Each licensee shall record the following information when applying a pesticide or other agricultural chemical to therapeutic marijuana at any cultivation stage:

(a) The date and time of the pesticide or chemical application.

(b) The name of each individual who applied the pesticide or chemical.

(c) The identification number of all batches receiving the application.

(d) The amount and name of the pesticide or chemical applied, including the United States Environmental Protection Agency registration number, if any.

I. All of the following requirements shall apply to transportation of therapeutic marijuana by licensees:

(1) Prior to transporting therapeutic marijuana, a licensee shall generate an inventory manifest in the LMMTS, including all of the following information:

(a) The name of the licensee originating the transport.

(b) The name of the licensee, approved laboratory, or retail permit holder receiving the transport.

(c) The quantity by weight or unit of each type of therapeutic marijuana product contained in the transport.

(d) The date and approximate departure and arrival times for the transport.

(e) The identity of the agent or agents accompanying the transport.

(f) The make, model, and license plate number of the transport delivery vehicle.

(2) The licensee originating the transport shall provide the licensee, approved laboratory, or retail permit holder receiving the transport with a copy of the LMMTS inventory manifest, which shall not be altered after departing the originating licensee's facility.

(3) The licensee, approved laboratory, or retail permit holder receiving the transport shall record the quantities of all therapeutic marijuana products in the LMMTS. However, any licensee, approved laboratory, or retail permit holder receiving a therapeutic marijuana transport shall refuse the transport if it is not accompanied by an unaltered LMMTS inventory manifest.

RS 40:1046.3 — Therapeutic marijuana laboratory; licensure and renewal requirements

marijuana laboratory license shall submit an initial license application on a form and in a manner prescribed by the Louisiana Department of Health, referred to hereafter in this Section as the "department".

(2) Approved laboratories may include the Department of Agriculture and Forestry agricultural chemistry laboratory; the colleges, universities, other institutions, and systems governed by the Louisiana Board of Regents; public-private partnerships involving the systems, colleges, and universities governed by the Louisiana Board of Regents and private laboratories; and private laboratories. The Department of Agriculture and Forestry agricultural chemistry laboratory shall be exempt from the application process and deemed approved but shall comply with Subparagraphs (d) and (e) of this Paragraph. All other applicants shall meet all of the following requirements:

(a) Provide proof of accreditation through either of the following:

(i) Be accredited by the National Institute on Drug Abuse, the National Environmental Laboratory Accreditation Conference, the International Organization for Standardization, or other accrediting entity approved by the department, which accreditation shall be maintained in active and good standing or other substantially similar status for the duration of licensure.

(ii) Comply with both of the following criteria:

- (aa) Provide documentation that the owner has operated a state-approved, active medical marijuana laboratory in another state for at least the past twelve months.
- (bb) Be accredited by the International Organization for Standardization or other accrediting entity approved by the department or have an application pending for International Organization for Standardization accreditation. If the accreditation is not achieved within nine months of the department's inspection, the department shall not accept any additional certificates of analysis from the laboratory until the accreditation is received.
- (b) Employ or hire a laboratory director or other qualifying individual. The laboratory director or other qualifying individual and any persons involved in the testing of marijuana or marijuana products or whose involvement with the laboratory requires or authorizes access to restricted limited access areas of the laboratory shall obtain a permit in accordance with the requirements of R.S. 40:1047.
- (c) Submit to at least one on-site facility inspection conducted by the department prior to licensure.
- (d) Implement and utilize the Louisiana Medical Marijuana Tracking System (LMMTS) computerized inventory tracking system to post accurate analyses and results, which shall be subject to review by the department. Payment of any costs associated with access to or implementation or use of LMMTS shall be the responsibility of the laboratory exclusively.
- (e) Demonstrate acceptable laboratory performance standards regarding accuracy, precision, proficiency, reportable ranges, specificity, or other quality controls required by the department.

B.(1) Each therapeutic marijuana laboratory license shall be effective for one year and shall be renewed on or before December thirty-first annually.

(2) Each therapeutic marijuana laboratory licensee shall apply for license renewal on or before October thirty-first each year on a form and in a manner prescribed by the department.

(3) Any therapeutic marijuana laboratory license not timely renewed as required by this Subsection shall expire on December thirty-first at midnight. Upon expiration of the license, the laboratory shall cease all operations and destroy all marijuana or marijuana products physically remaining at its location.

(4) Prior to granting a license renewal application, the department shall ensure that the therapeutic marijuana laboratory licensee continues to meet the requirements of this Part, including but not limited to the licensee's compliance with Subsection A of this Section and its good standing with applicable requirements of the secretary of state. The department shall conduct an out-of-cycle inspection of the therapeutic marijuana laboratory licensee if necessary to ensure acceptable lab performance standards, accuracy, precision, proficiency, reportable ranges, specificity, or other quality controls and assurances necessary to protect Louisiana patients.

RS 40:1046.4 — Testing; sample collection; minimum standards; reporting; remediation

ant to this Part shall comply with approved minimum standards

by making each batch of therapeutic marijuana subject to random selection, sampling, and

analysis conducted by an independent approved laboratory collector in a volume sufficient to ensure compliance.

(2) Each therapeutic marijuana laboratory licensed according to this Part shall maintain test results for no less than three years.

(3) The laboratory shall record test results in the Louisiana Medical Marijuana Tracking System and produce a certificate of analysis to be delivered to the Louisiana Department of Health and licensee permitted to cultivate, extract, process, produce, and transport therapeutic marijuana within twenty-four hours of test completion.

B. Each batch of medical marijuana finished product shall pass all applicable testing standards, including appropriate microbial and fungal limits, acceptable standards for pesticide chemical residues, appropriate residual solvent and heavy metals limits, homogeneity for concentrates and extracts, and complete active ingredient analysis or potency analysis prior to transportation to a medical marijuana retail permit holder. The administrative rules of the Louisiana Department of Health shall allow for a variance of no greater than plus fifteen percent or minus fifteen percent from the labeled amount of active ingredients in the ingredient analysis or potency analysis.

C.(1) Neither a licensee nor an approved laboratory authorized pursuant to this Part shall release or approve a therapeutic marijuana product for delivery or sale until a sample from the applicable product batch has complied with all required testing standards.

(2) A licensee may resubmit to an approved laboratory any sample that fails one or more initial tests required by this Part. The sample may be released for delivery and sale only if it passes all tests conducted by an approved laboratory in duplicate. The sample may be remediated according to any reasonably acceptable industry methods if it fails one or more tests conducted by an approved laboratory.

(3) Any remediated sample shall pass remediation testing in duplicate prior to approval for delivery and sale.

(4) A product may be remediated only once, and any product failing remediation testing shall be destroyed within sixty days of the failed test, in addition to the timely destruction of the entire batch from which the sample was collected.

RS 40:1047 — Permits relating to production of therapeutic marijuana; contractors of licensed

A. As used in this Section, the following terms have the meaning ascribed to them in this Subsection:

(1) "Applicant" means a natural person, a corporation, limited liability company, partnership, joint stock association, sole proprietorship, joint venture, business association, cooperative association, professional corporation or any other legal entity or organization through which business is conducted.

(2) "Contractor" means any person, partnership, joint venture, limited liability company, corporation, association, joint stock association, sole proprietorship, trust, other business entity, or juridical person whether incorporated or not selected by either the Louisiana State University Agricultural Center or the Southern University Agricultural Center through a competitive bid process to cultivate, extract, process, produce, and transport therapeutic marijuana.

(3) Repealed by Acts 2022, No. 628, §2, eff. June 18, 2022.

(4) Repealed by Acts 2022, No. 628, §2, eff. June 18, 2022.

(5) Repealed by Acts 2022, No. 628, §2, eff. June 18, 2022.

(6) Repealed by Acts 2022, No. 628, §2, eff. June 18, 2022.

B.(1) No applicant for a specialty license or permit for the production of recommended marijuana for therapeutic use issued pursuant to R.S. 40:1046(H) or a contractor shall be required to undergo a suitability investigation conducted by any government agency as a prerequisite to obtaining a license or permit.

(2) A contractor shall submit to a criminal history background check conducted by a government agency or private entity subject to any applicable terms and conditions of the contract between the university licensee and contractor. The requirement to undergo a criminal history background check shall be limited to employees of a contractor for the production of recommended marijuana for therapeutic use. The government agency designated to regulate licensees for the production of recommended marijuana for therapeutic use pursuant to R.S. 40:1046 shall issue a provisional permit to the contractor and shall be converted to an unconditional permit upon successful completion of the criminal history background check.

C. Unless otherwise provided by law, nothing in this Section shall be construed to limit or prohibit a contractor from considering the results of a background check of a prospective employee in making the final determination of whether to employ the person.

D. Repealed by Acts 2022, No. 628, §2, eff. June 18, 2022.

E. Repealed by Acts 2022, No. 628, §2, eff. June 18, 2022.

RS 40:1049.1 — Short title

ience any technical difficulties navigating this website,

RS 40:1049.2 — Legislative findings

g which can be produced by someone who does not possess specialized skill or training, is highly addictive, and can be made from inexpensive readily accessible ingredients.

C. Methamphetamine has been reported as one of the most addictive and deadly drug threats in the United States. The use of methamphetamine can result in fatal kidney and lung disorders, brain damage, liver damage, chronic depression, psychosis, hallucinations, and many other devastating physical and mental effects.

D. Louisiana has experienced a drop in methamphetamine production as restrictions on the sale of ephedrine, pseudoephedrine, and phenylpropanolamine have been implemented.

E. Methamphetamine is not only deadly because of the devastating effects of drug addiction, but the production of methamphetamine has resulted in several laboratory explosions and the exposure of our citizens to death, injury, or toxic substances.

F. While the production of methamphetamine has resulted in devastating effects on Louisiana citizens, the drugs used in making methamphetamine: ephedrine, pseudoephedrine, and phenylpropanolamine have legitimate medical uses.

G. The Legislature of Louisiana hereby finds and declares that a pharmacist is in the unique position of dispensing nonprescription products containing ephedrine, pseudoephedrine, or phenylpropanolamine and interacting with the patient at the point of purchase of these products. This relationship with the consumer and the pharmacists' specialized knowledge about the pharmaceutical qualities of products containing ephedrine, pseudoephedrine, and phenylpropanolamine make the pharmacy the best location for the sale of those products to ensure the health and safety of Louisiana's citizens.

H. The Louisiana Legislature, in enacting the provisions of this Part, seeks to provide for the legitimate medical needs of our citizens while at the same time protecting our citizens against the devastating effects of methamphetamines and methamphetamine production.

I. In order to assist law enforcement and prosecutorial agencies in addressing the growing problems associated with methamphetamine production, a real time electronic database is needed to record purchases of products containing ephedrine, pseudoephedrine, and phenylpropanolamine at a pharmacy.

J. Technology is available to record all purchases of products containing ephedrine, pseudoephedrine, and phenylpropanolamine at the point of sale and to transmit that information to a centralized location to be monitored and maintained in a central computer monitoring system operated by the Louisiana State Police.

RS 40:1049.3 — Restriction on the sale of nonprescription products containing ephedrine,

onprescription material, compound, mixture, or preparation containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, their salts or optical isomers, or salts of optical isomers shall be dispensed, sold, or distributed only by a licensed pharmacist, certified pharmacy technician, or pharmacy employee permitted by the Louisiana Board of Pharmacy.

B. A nonprescription material, compound, mixture, or preparation containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, their salts or optical isomers, or salts of optical isomers shall not be dispensed, sold, or distributed by a pharmacist, certified pharmacy technician, or pharmacy employee to any person unless the following occur:

(1) The purchaser produces a federal or state issued photo identification, or a document that, with respect to identification, is considered acceptable for purposes of Sections 274a.2(b)(1)(v)(A) and 274a.2(b)(1)(v)(B) of Title 8, Code of Federal Regulations (as in effect on or after March 9, 2006).

(2) The purchaser signs a written or electronic log or receipt showing the date of the transaction, the name of the purchaser, and the amount of the material, compound, mixture, or preparation sold.

(3) The transaction information is recorded by the pharmacy and transmitted to the central computer monitoring system as provided for in this Part.

C.(1) A pharmacist, certified pharmacy technician, or pharmacy employee may sell or distribute nonprescription products containing ephedrine, pseudoephedrine, or phenylpropanolamine; however, those drugs shall not be distributed in a quantity greater than nine grams of ephedrine base, pseudoephedrine base, or phenylpropanolamine base, to the same purchaser within any thirty-day period.

(2) A pharmacist, certified pharmacy technician, or pharmacy employee selling or distributing nonprescription products containing ephedrine, pseudoephedrine, or phenylpropanolamine shall be exempt from the rules relative to the recordkeeping requirements for the dispensing of those nonprescription controlled dangerous substances; however, the pharmacist, certified pharmacy technician, or pharmacy employee shall record the transaction information and transmit it to the central computer monitoring system as provided for in this Part.

D.(1) No person shall purchase, receive, or otherwise acquire more than nine grams of any product, mixture, or preparation described in Subsection A of this Section within any

thirty-day period.

(2) The requirements of this Section shall not apply to any quantity of such product, mixture, or preparation dispensed pursuant to a valid prescription from a licensed practitioner with prescriptive authority.

E. A law enforcement officer may, pursuant to R.S. 40:986(B), obtain an administrative search warrant to inspect the written logs or receipts maintained at a pharmacy pursuant to the provisions of this Section.

F. A parish or municipal government authority may regulate the selling, delivering, or providing of packages or grams of pseudoephedrine, ephedrine, or phenylpropanolamine only in a manner that is not more or less restrictive than regulation by the state under this Section.

RS 40:1049.4 — Central computer monitoring system; system requirements

he pharmacist, certified pharmacy technician, or other pharmacy employee shall record all of the following information at the point of sale regarding the transaction:

(1) The date of the transaction.

(2) The name and address of the purchaser verified through photo identification of the purchaser as provided for in R.S. 40:1049.3(B)(1).

(3) The name, quantity of packages, and total gram weight of the product or products purchased, received, or otherwise acquired.

B. Upon recordation of the transaction information, the pharmacy shall transmit the information immediately to a central computer system for purposes of monitoring the sales of these products as provided for in this Section.

C. The central computer system authorized by the provisions of this Section shall be designed and operated to allow the monitoring and reading of sales information regarding products containing ephedrine, pseudoephedrine, and phenylpropanolamine at the point of sale instantly and on a real-time basis.

D. The central computer system authorized by the provisions of this Section shall be located within and administered by the Department of Public Safety and Corrections, office of state police.

E. The central computer monitoring system shall provide for the monitoring of sales of compounds containing ephedrine, pseudoephedrine, and phenylpropanolamine and shall be capable of providing an online computer alert, to ensure direct scrutiny of conditions which would violate the provisions of this Part by law enforcement.

F. The provisions of this Part shall not be construed to require that any pharmacy maintain the transaction records required under the provisions of this Part separate from the log book that is required under 21 U.S.C. 830(e). Use of the central computer monitoring system as required by this Part shall be deemed to satisfy both of these purposes.

RS 40:1049.5 — Funding sources; no fees on pharmacists or pharmacies

gifts, grants, donations, or any other funding sources not otherwise prohibited by law.

B. Thereafter, the maintenance of the central computer monitoring system shall be funded through appropriation, gifts, grants, donations, or any other funding sources not otherwise prohibited by law.

C. The Department of Public Safety and Corrections, office of state police, and the Louisiana Sheriffs' Association may actively seek gifts, grants, and donations that may be available through the federal government or other sources to help fund the central computer monitoring system, provided that such gifts, grants, and donations are not otherwise prohibited by law or rule.

D. No fee shall be charged to any pharmacist or pharmacy to defray the costs of acquiring, implementing, or maintaining the central computer monitoring system as authorized by the provisions of this Part, nor shall any fee be charged to any pharmacist or pharmacy for the transmission of information to the central computer monitoring system.

RS 40:1049.6 — Shared information; state police; sheriffs

, pseudoephedrine, or phenylpropanolamine as authorized by the provisions of this Part and provide instant access to the Louisiana Sheriffs' Association.

B. The Department of Public Safety and Corrections, office of state police, is authorized to enter into a cooperative endeavor, memorandum of understanding, contract, or any other agreement with the Louisiana Sheriffs' Association, or any other law enforcement agency in order to share the information regarding the sale of products containing ephedrine, pseudoephedrine, or phenylpropanolamine as authorized by the provisions of this Part and to provide instant access to all appropriate law enforcement agencies.

RS 40:1049.7 — Board of pharmacy access to information

containing ephedrine,

pseudoephedrine, or phenylpropanolamine as authorized by the provisions of this Part to the Louisiana Board of Pharmacy.

RS 40:1049.8 — Pharmacists, certified pharmacy technician, or pharmacy employee not required to stop sale; may report

pharmacy technician, or pharmacy employee to prohibit or complete a sale of a product containing ephedrine, pseudoephedrine, or phenylpropanolamine even if the pharmacist, certified pharmacy technician, or other employee observes a warning or signal from the central computer monitoring program which indicates that the purchaser has purchased those products in amounts which exceed the amount which can be purchased by law.

(2) The provisions of this Part shall not be construed to limit a pharmacist's professional judgment as otherwise provided for by law or rules adopted by the Louisiana Board of Pharmacy.

B. A pharmacist, certified pharmacy technician, or pharmacy employee may report suspected violations of this Section or any other law to any local, state, or federal law enforcement agency, or the appropriate prosecutorial agency for further investigation or prosecution.

C. No pharmacist, certified pharmacy technician, or pharmacy employee who in good faith reports suspected violations as provided for in this Part shall be liable to any person or entity for any claim of damages as a result of the act of reporting the information, and no lawsuit may be predicated thereon.

RS 40:1049.9 — Licensed practitioner with prescriptive authority exempted

he provisions of this Part in dispensing any product containing ephedrine, pseudoephedrine, or phenylpropanolamine to his patient.

RS 40:1049.10 — Transmission of information contingent on functionality of central computer monitoring system

enylpropanolamine as authorized by the provisions of this Part is contingent upon the acquisition, implementation, and operation of the central computer monitoring system.

B. No licensed pharmacist, certified pharmacy technician, or pharmacy employee at a pharmacy located in Louisiana and permitted by the Louisiana Board of Pharmacy shall be required to transmit data to the central computer monitoring system until the funding for the acquisition and implementation of the central computer monitoring system has been secured through appropriation, gifts, grants, donations, or any other funding sources not otherwise prohibited by law.

C. No pharmacy, licensed pharmacist, certified pharmacy technician, or pharmacy employee at a pharmacy located in Louisiana and permitted by the Louisiana Board of Pharmacy shall be held responsible for failure to transmit transaction information as required by this Part if at any time the central computer monitoring system is rendered inoperable due to natural disaster, tampering, or any other reason.

RS 40:1049.11 — Limitation of liability

830(e) regarding training of employees engaged in the sale of products containing ephedrine, pseudoephedrine, or phenylpropanolamine shall not be liable for violations of this Part by the retail pharmacy's employees.

B. No licensed pharmacist, certified pharmacy technician, or pharmacy employee at a pharmacy located in Louisiana and permitted by the Louisiana Board of Pharmacy shall be personally liable for any act or omission resulting in damage, injury, or loss arising out of the dispensing of a compound containing ephedrine, pseudoephedrine, or

phenylpropanolamine and the transmittal of that transaction to the central computer monitoring program as authorized by the provisions of this Part; however, this limitation of liability shall not be applicable if the damage, injury, or loss was caused by the gross negligence or willful or wanton misconduct of the pharmacist, certified pharmacy technician, or pharmacy employee.

RS 40:1057 — Title

vigating this website,

RS 40:1057.1 — Definitions

osol" shall mean a material which is dispensed from

its container as a mist, spray, or foam by a propellant under pressure.

(2) The term "department" means the Louisiana Department of Health.

(3) The term "secretary" means the head of the Louisiana Department of Health, or his legally authorized representative or agent.

(4) The term "person" includes an individual, partnership, corporation, or association, or the legal representative or agent of any of these.

(5) The term "commerce" means any and all commerce within the state of Louisiana and subject to the jurisdiction thereof, and includes the operation of any business or service establishment.

(6) The term "toxic" shall apply to any substance, other than a radioactive substance, which has the capacity to produce personal injury or illness to man through ingestion, inhalation, or absorption through any body surface.

(7)(a) The term "highly toxic" means any substance which falls within any of the following categories: (1) produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between 200 and 300 grams, at a single dose of 50 milligrams or less per kilogram of body weight, when orally administered; or (2) produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between 200 and 300 grams, when inhaled continuously for a period of one hour or less at an atmosphere concentration of 200 parts per million by volume or less of gas or vapor or two milligrams per liter by volume or less of mist or dust, provided such concentration is likely

to be encountered by man when the substance is used in any reasonably foreseeable manner; or (3) produces death within fourteen days in half or more than half of a group of ten or more rabbits tested in a dosage of 200 milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for twenty-four hours, or less.

(b) If the secretary finds that available data on human experience with any aerosol products indicate results different from those obtained on animals in the above named dosages or concentrations, the human data shall take precedence.

(8) The term "extremely flammable" shall apply to any substance which has a flash point at or below 20 degrees Fahrenheit as determined by the Tagliabue Open Cup Tester, and the term "flammable" shall apply to any substance which has a flash point of above 20 degrees to and including 80 degrees Fahrenheit, as determined by the Tagliabue Open Cup Tester, and the term "combustible" shall apply to any substance which has a flash point above 80 degrees Fahrenheit to and including 150 degrees, as determined by the Tagliabue Open Cup Tester, except that the flammability or combustibility of solids and of the contents of self pressurized containers shall be determined by methods found by the secretary to be generally applicable to such materials or containers, respectively, and established by regulations issued by him, which regulations shall also define the terms "flammable," "combustible," and "extremely flammable" in accord with such methods.

(9) The term "label" means a display of written, printed or graphic matter upon the immediate container of any aerosol product and a requirement made by or under authority of this Act that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears (a) on the outside container or wrapper, if any there be, unless it is easily legible through the outside container or wrapper and (b) on all accompanying literature where there are directions for use, written or otherwise.

(10) The term "immediate container" does not include package liners.

(11) The term "misbranded aerosol" means an aerosol intended, or packaged in a form suitable for use in the household or by children, which aerosol product, except as otherwise provided by or pursuant to R.S.

40:1057.2, fails to bear a label:

(a) Which states conspicuously (1) the name and place of business of the manufacturer, packer, distributor, or seller; (2) the common or usual name and/or the chemical name, if there is a common or usual name, or the aerosol ingredients, unless the secretary by regulation permits or requires the use of a recognized generic name; (3) the signal word "DANGER" on aerosol products which are extremely flammable, corrosive, or toxic; (4) the signal word "WARNING" or "CAUTION" or "FATAL" on all other aerosol products; (5)

an affirmative statement of the principal hazard or hazards, such as "Flammable," "Combustible," "Vapor Harmful," "Causes Burns," "Absorbed Through Skin," or similar wording descriptive of the hazard; (6) precautionary measures describing the action to be followed or avoided, except when modified by regulation of the secretary pursuant to R.S. 40:1057.2; (7) instruction, when necessary or appropriate, for first-aid treatment; (8) the word "poison" for any aerosol products which is defined as "highly toxic" by Paragraph (8); (9) instructions for handling and storage of packages which require special care in handling or storage; and (10) the statement "Keep out of the reach of children" or its practical equivalent or if the article is intended for use by children and is not a banned aerosol, adequate directions for the protection of children from the hazard; and

(b) on which any statement required under Subparagraph (a) of this Paragraph are located prominently and are in the English language in conspicuous and legible type in contrast by typograph, layout, or color and other printed matter on the label.

(12)(a) The term "banned hazardous aerosol or aerosol product" means

(1) any aerosol product which contains a toxic substance in such manner as to be susceptible of access by a child to whom such product is entrusted; and (2) any hazardous aerosol product intended or packaged in a form suitable for use in a household, which the secretary by regulation classifies as a "banned hazardous aerosol" on the basis of a finding that, notwithstanding such cautionary labeling as is or may be required under this Chapter for that aerosol product, the degree or nature of the hazard involved in the presence or use of such aerosol is such that the public health and safety can be adequately served only by keeping such aerosol out of the channels of commerce.

(b) Proceedings for the issuance, amendment, or repeal of regulations pursuant to clause (2) of Subparagraph (a) of this Paragraph shall be governed by the provisions of R.S. 40:1057.2.

RS 40:1057.2 — Regulations declaring aerosol products; variations and exemptions; judicial review of determinations

after by avoiding or resolving uncertainty as to its application, the secretary may by regulation declare such aerosol product to be a hazardous aerosol, for the purposes of this Chapter.

B. If the secretary finds that the requirements of R.S. 40:1057.1(11) or R.S. 40:1057.3(a) are not adequate for the protection of the public health and safety in view of the special hazard presented by any particular hazardous aerosol, he may by regulation establish such reasonable variations or additional label requirements as he finds necessary for the protection of the public health and safety, and any such hazardous aerosol product intended or packaged in a form suitable for use in the household or by children, which fails to bear a label in accordance with such regulations, shall be deemed to be a misbranded hazardous aerosol.

C. If the secretary finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this Part is impracticable or is not necessary for the adequate protection of the public health and safety, the secretary shall promulgate regulations exempting such substance from these requirements to the extent he determines to be consistent with adequate protection of the public health and safety.

D. If the secretary finds that the hazard of an article subject to this Chapter is such that labeling adequate to protect the public health and safety cannot be devised or that the article presents an imminent danger to the public health and safety, the secretary may declare such article to be a banned hazardous aerosol and require its removal from commerce.

RS 40:1057.3 — Regulations on aerosols; warnings; mandatory reporting

e. In addition, all

ingredients must be listed in bold type.

B. All manufacturers of aerosol products containing toxic substances or which shall have fatal warnings on the containers shall file the proper treatment in case of misuse with the department. The department shall be responsible for compiling a list of such treatments and forwarding such list on a periodic basis as determined by the secretary to the Louisiana State Medical Society for review, and then distribution to all poison centers and other medical personnel and emergency treatment centers who may have cause to use such treatment.

C. Mandatory reporting of accidental or deliberate use causing injury and/or sudden deaths by involvement with aerosol products shall be required of physicians and coroners. Such reports shall be made directly to the office of health services and environmental quality of the Louisiana Department of Health. The department is directed to:

- (1) Establish the necessary operations to receive statistics of use causing injury or deaths by aerosols.
- (2) Forward statistical information to the Department of Education and other specified agencies on a quarterly basis.
- (3) Direct coroners or pathologists who perform autopsies to be cognizant of the possible involvement of aerosols in the case being examined and particularly in the sudden death of youths.

RS 40:1057.4 — Prohibited acts

azardous aerosol.

(2) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the label of, or the doing of any other act with respect to, a hazardous aerosol if such act is done while the substance is in commerce or while the substance is held for sale, whether or not the first sale, after shipment in commerce, and results in the aerosol being a misbranded hazardous aerosol or a banned hazardous aerosol.

(3) The receipt in commerce of any misbranded hazardous aerosol or banned hazardous aerosol and the delivery or proffered delivery thereof for pay or otherwise.

(4) The giving of a guarantee or undertaking referred to in R.S. 40:1057.5(B)(b) which guarantee or undertaking is false, except by a person who relied upon a guarantee or undertaking to the same effect signed by and containing the name and address of the person residing in the United States from whom he received in good faith the hazardous substance.

(5) The use by any person to his own advantage, or revealing other than to the secretary or officers or employees of the department or to the courts when relevant in any judicial proceeding under this Part, of any information acquired concerning any method or process which as a trade secret is entitled to protection.

RS 40:1057.5 — Penalties

an five hundred dollars or to imprisonment for not more than ninety days, or both, but for offenses committed with intent to defraud or mislead, or for second and subsequent offenses, the penalty shall be imprisonment for not more than one year, or a fine of not more than three thousand dollars, or both such imprisonment and fine.

B. No person shall be subject to the penalties of Subsection (A) of this Section, (a) for having violated R.S. 40:1057.4(3), if the receipt, delivery, or proffered delivery of the aerosol product was made in good faith, unless he refuses to furnish, on request of an officer or employee duly designated by the secretary, the name and address of the person from whom he purchased or received such hazardous aerosol, and copies of all documents, if any there be, pertaining to the delivery of the hazardous aerosol to him; or (b) for having violated R.S. 40:1057.4(1), if he establishes a guarantee or undertaking signed by and containing the name and address of the person residing in the United States from whom he received in good faith the hazardous aerosol, to the effect that the hazardous aerosol is not a misbranded hazardous or a banned hazardous aerosol within the meaning of those terms in this Chapter.

RS 40:1057.6 — §§1057.6, 1057.7 [Blank]

Louisiana 70804-9062

RS 40:1057.8 — Hearing before report of criminal violation

propriate proceedings to be instituted in the proper courts without delay and to be prosecuted in the manner required by law. Before any violation of this Part is reported to any such attorney for the institution of a criminal proceeding, the person against whom such proceeding is contemplated shall be given appropriate notice and an opportunity to present his views before the secretary or his designated agent, either orally or in writing, or by attorney, with regard to such contemplated proceeding.

RS 40:1057.9 — Regulations

d by Acts 1978, No. 786, §5, eff. July 17, 1978.

RS 40:1057.10 — §§1057.10, 1057.11 [Blank]

aton Rouge, Louisiana 70804-9062

RS 40:1059 — Manufacture, sale, distribution, possession, use and consumption of saccharin and saccharin related products

s and drinks containing such chemical substances may be manufactured, sold, distributed, possessed, used and consumed within the state of Louisiana under the control of the State Food, Drug, and Cosmetic Law, R.S. 40:601 et seq.

The manufacture, sale, distribution, possession, use and consumption of saccharin and saccharin related products is subject to the provisions of Chapters 1 and 4 of this Title, except for the provisions of the first unnumbered Paragraph of Section 607, the first unnumbered Paragraph of Section 608, the first unnumbered Paragraph of Section 616, the first unnumbered Paragraph of Section 617, and Section 618.

RS 40:1060 — Use of dimethyl sulfoxide (DMSO)

ferred to as "DMSO", when prescribed or administered by licensed physicians and requested by a patient unless a formal finding has been made by the state board of health that the substance as prescribed or administered by the physician is harmful. Furthermore, no hospital or health facility shall remove the staff privileges of a physician solely because said physician prescribed or administered DMSO to a patient under the conditions set forth in this Part.

B. No licensed physician in this state shall be subject to disciplinary action by the state board of medical examiners and aseopathic examiners for prescribing or administering DMSO to a patient under his care who has requested the substance unless the state boards have made a formal finding that the substance is harmful.

C. The patient, upon request for the administration of DMSO and after being fully informed as to alternative methods of treatment, shall sign a written statement releasing the physician and, when applicable, the hospital or health facility from any liability from damages which may arise from the use of DMSO.

RS 40:1060.11 — Definitions

arks or monograms unique to the manufacturer,

distributor, or both. The National Drug Code may be used as a code imprint.

(2) "Distributor" means any corporation, person, or entity not engaged in the manufacture of a legend drug product, who distributes for resale and distribution a legend drug product under the label of such corporation, person, or entity.

(3) "Legend drug" means any drug or drug product bearing on the label of the manufacturer or distributor, as required by the Federal Food and Drug Administration, the statement "Caution: Federal law prohibits dispensing without prescription."

(4) "Solid dosage forms" means capsules or tablets intended for oral administration.

RS 40:1060.12 — Legend drug imprint

code imprint

identifying the drug and the manufacturer or distributor of the drug. The Louisiana Department of Health, upon application by a manufacturer or distributor, may exempt a particular drug product from the requirement to be imprinted on the grounds that imprinting is not feasible because of said drug product's size, texture, or other unique characteristics.

B. On or before January 1, 1984, manufacturers or distributors of legend drugs shall provide to the Louisiana Department of Health a list of their legend drugs and the description of the code imprint each bears. The department shall provide for the distribution of the information required to be submitted under this Part to all poison control centers in the state.

The department shall provide to any licensed health care provider, upon request, lists of legend drugs and code imprints provided to the department under this Section, but may charge a reasonable fee to cover copying and postage costs. Manufacturers and distributors shall provide updated lists to the department annually or as changes or revisions occur.

C. A legend drug that does not meet the above requirements shall be deemed misbranded.

D. Whoever manufactures or distributes for sale or otherwise provides to any other person for dispensing any legend drug in solid dosage form that fails to comply with this Section shall be fined twenty-five thousand dollars, or imprisoned for five years, or both.

E. The provisions of Subsections A, B, C, and D of this Section shall not apply to any of the following:

(1) Drugs purchased by a pharmacy, pharmacist, or licensed wholesaler prior to January 1, 1984, and held in stock for resale.

(2) Drugs which are manufactured by or upon the order of a practitioner licensed by law to prescribe or administer drugs and which are to be used solely by the patient for whom prescribed.

RS 40:1060.13 — Sale, distribution, or possession of legend drug without prescription or order y legend drug

except upon the order or prescription of a physician or licensed health care practitioner as defined in R.S. 40:961. This Section shall not apply to sale, delivery, or possession by drug wholesalers or drug manufacturers, or their agents or employees, or to any practitioner acting within the scope of his license, or to a common or contract carrier or warehouseman, or any employee thereof, whose possession of any legend drug is in the usual course of business or employment.

B. Any person who violates the provisions of this Section shall be fined not more than five hundred dollars, imprisoned for not more than six months, or both.

RS 40:1060.14 — Prescription requirements; penalties

authorized to prescribe the use

of such legend drugs. An order purporting to be a prescription issued to a drug abuser or habitual user of legend drugs, not in the course of professional treatment, is not a prescription

within the meaning and intent of this Section. Any person who knows or should know that he or she is filling such a prescription or order to a drug abuser or habitual user of legend drugs, as well as the person issuing the prescription, may be charged with a violation of this Section. A legitimate medical purpose shall include use of the drug in the course of a bona fide research program in conjunction with a hospital or university.

B. Any person who violates the provisions of this Section shall be imprisoned, with or without hard labor, for not more than five years and may be sentenced to pay a fine of not more than five thousand dollars.

RS 40:1060.15 — Obtaining legend drugs by misrepresentation or fraud; penalties
isrepresentation, fraud, forgery, deception or subterfuge.

B. Any person who violates the provisions of this Section shall be fined not more than five hundred dollars, imprisoned for not more than six months, or both.

RS 40:1060.16 — Prescriptions; electronic questionnaires

(1) "Electronic questionnaire" means a computer-assisted system for collecting a person's health care data.

(2) "Valid physician-patient relationship" means a medical relationship that exists when the practitioner has conducted at least one medical evaluation with a person in the physical presence of the practitioner, without regard to whether portions of the evaluation are conducted by other practitioners.

B. A prescription issued solely upon the results of answers to an electronic questionnaire, in the absence of a documented patient evaluation including a physical examination, shall be considered issued outside the context of a valid physician-patient relationship and shall not be a valid prescription.

C. If a pharmacist knowingly dispenses a prescription authorized solely on the result of an electronic questionnaire, he shall be in violation of this Section.

D. A pharmacist who knows that a prescription has been authorized in the absence of a valid physician-patient relationship, or otherwise in violation of the prescriber's standard of practice, shall not fill such prescription.

E. A pharmacist who dispenses prescription drugs in violation of this Section is not acting in the best interest of the patient and is dispensing outside the course of the professional practice of pharmacy.

F. A pharmacist who violates the provisions of this Section shall be imprisoned, with or without hard labor, for not more than five years and may be sentenced to pay a fine of not more than five thousand dollars.

RS 40:1060.21 — Uses authorized; regulation; penalties

ntended for
administration to livestock or other nonhuman species, that are approved by the federal Food and Drug Administration for such use.

B. "Anabolic steroid" as used herein means any anabolic steroid or synthetic derivative of testosterone, including but not limited to the following:

(1) Bodanone.

- (2) Chlorotestosterone.
- (3) Clostebol.
- (4) Chorionic gonadotropin.
- (5) Dehydrochlormethyltestosterone.
- (6) Dihydrotestosterone.
- (7) Drostanolone.
- (8) Ethylestrenol.
- (9) Fluoxymesterone.
- (10) Mesterolone.
- (11) Methandienone.
- (12) Methandranone.
- (13) Methandriol.
- (14) Methandrostenolone.
- (15) Methyltestosterone.
- (16) Mibolerone.
- (17) Nandrolone.
- (18) Norethandrolone.
- (19) Oxandrolone.
- (20) Oxymesterone.
- (21) Oxymetholone.
- (22) Stanolone.
- (23) Stanozolol.
- (24) Testolactone.
- (25) Testosterone.
- (26) Trenbolone.

C.(1) A physician, dentist, or veterinarian shall not prescribe, dispense, deliver, or administer an anabolic steroid for human use or cause an anabolic steroid to be administered under his direction or supervision for human use except for a valid medical purpose and when required by demonstrable generally accepted medical indications. Bodybuilding, muscle enhancement, or increasing muscle bulk or strength through the use of an anabolic steroid by a person who is in good health is not a valid medical purpose.

(2) Whoever violates the provisions of this Subsection shall be subject to suspension or revocation of his license to practice medicine, dentistry, or veterinary medicine by his governing board.

(3) Whoever violates the provisions of this Subsection shall also be fined not more than five thousand dollars or imprisoned with or without hard labor for not more than five years, or both.

RS 40:1061 — Abortion; prohibition

(1) Any decision of the Supreme Court of the United States which overrules, in whole or in part, *Roe v. Wade*, 410 U.S. 113, 93 S.Ct. 705, 35 L.Ed. 2d 147 (1973), thereby restoring to the state of Louisiana the authority to prohibit or limit abortion.

(2) Adoption of an amendment to the United States Constitution which, in whole or

in part, restores to the state of Louisiana the authority to prohibit or limit abortion.

(3) A decision of the Supreme Court of the United States in the case of *Dobbs v.*

Jackson Women's Health Organization, Docket No. 19-1392, which overrules, in whole or in part, *Roe v. Wade*, 410 U.S. 113, 93 S.Ct. 705, 35 L.Ed. 2d 147 (1973), thereby restoring to the state of Louisiana the authority to prohibit or limit abortion.

B. The provisions of this Act shall be effective relative to the appropriation of Medicaid funds, to the extent consistent with any executive order by the President of the United States, federal statute, appropriation rider, or federal regulation that sets forth the limited circumstances in which states must fund abortion to remain eligible to receive federal Medicaid funds pursuant to 42 U.S.C. 1396 et. seq.

C. No person may knowingly administer to, prescribe for, or procure for, or sell to any pregnant woman any medicine, drug, or other substance with the specific intent of causing or abetting the termination of the life of an unborn human being. No person may knowingly use or employ any instrument or procedure upon a pregnant woman with the specific intent of causing or abetting the termination of the life of an unborn human being.

D. Any person in violation of this Section shall be prosecuted pursuant to the effective provisions of R.S. 14:87.7, and shall be subject to the penalties provided in R.S. 40:1061.29.

E. Nothing in this Section may be construed to prohibit the sale, use, prescription, or administration of a contraceptive measure, drug or chemical, if it is administered prior to the time when a pregnancy could be determined through conventional medical testing and if the contraceptive measure is sold, used, prescribed, or administered in accordance with manufacturer instructions.

F. It shall not be a violation of Subsection C of this Section for a licensed physician to perform a medical procedure necessary in reasonable medical judgment to prevent the death or substantial risk of death due to a physical condition, or to prevent the serious, permanent impairment of a life-sustaining organ of a pregnant woman. However, the physician shall make reasonable medical efforts under the circumstances to preserve both the life of the mother and the life of her unborn child in a manner consistent with reasonable medical practice.

G. Medical treatment provided to the mother by a licensed physician which results in the accidental or unintentional injury or death to the unborn child is not a violation of Subsection C of this Section.

H. Nothing in this Section may be construed to subject the pregnant mother upon whom any abortion is performed or attempted to any criminal conviction and penalty.

I. The terms as used in this Section have the same meaning as the definitions provided in R.S. 14:87.1.

J. This Section shall be known, and may be cited, as the Human Life Protection Act.

RS 40:1061.1 — Legislative intent; construction of abortion provisions law regulating abortion

to the fullest extent permitted by the decisions of the Supreme Court of the United States. The legislature does solemnly declare, find, and reaffirm the longstanding public policy of this state that every unborn child is a human being from the moment of

conception and is, therefore, a legal person for purposes under the laws of this state and Constitution of Louisiana.

(2) The legislature further finds and declares that the longstanding policy of this state to protect the right to life of every unborn child from conception by prohibiting abortion is impermissible only because of the decisions of the Supreme Court of the United States and that, therefore, if those decisions of the Supreme Court of the United States are ever reversed or modified or the United States Constitution is amended to allow protection of the unborn then the public policy of this state to prohibit abortions shall be enforced.

B.(1) The provisions of this Chapter that regulate the practice of abortion shall not be construed to repeal any other provision of law that restricts or prohibits abortion.

(2) The provisions of this Chapter that regulate the practice of abortion are enacted to provide for the health, safety, and welfare of women in outpatient abortion facilities until such time and to the extent that the state of Louisiana no longer regulates outpatient abortion facilities.

C. The provisions of this Chapter that regulate the practice of abortion are subject to R.S. 40:2175.10.

RS 40:1061.1.1 — Definitions

provided in R.S. 14:87.1.

- (1) Repealed by Acts 2022, No. 545, §4.
- (2) Repealed by Acts 2022, No. 545, §4.
- (3) Repealed by Acts 2022, No. 545, §4.
- (4) Repealed by Acts 2022, No. 545, §4.
- (5) Repealed by Acts 2022, No. 545, §4.
- (6) Repealed by Acts 2022, No. 545, §4.
- (7) Repealed by Acts 2022, No. 545, §4.
- (8) Repealed by Acts 2022, No. 545, §4.
- (9) Repealed by Acts 2022, No. 545, §4.
- (10) Repealed by Acts 2022, No. 545, §4.
- (11) Repealed by Acts 2022, No. 545, §4.

RS 40:1061.1.2 — Pain-Capable Unborn Child Protection Act

makes the following findings:

- (a) Pain receptors (nociceptors) are present throughout the unborn child's entire body and nerves link these receptors to the brain's thalamus and subcortical plate by no later than twenty weeks.
- (b) By eight weeks after fertilization, the unborn child reacts to touch. After twenty weeks, the unborn child reacts to stimuli that would be recognized as painful if applied to an adult human, for example, by recoiling.
- (c) In the unborn child, application of such painful stimuli is associated with significant increases in stress hormones known as the stress response.
- (d) Subjection to such painful stimuli is associated with long-term harmful neurodevelopmental effects, such as altered pain sensitivity and, possibly, emotional, behavioral, and learning disabilities later in life.

(e) For the purposes of surgery on unborn children, fetal anesthesia is routinely administered and is associated with a decrease in stress hormones compared to their level when painful stimuli are applied without such anesthesia.

(f) The position, asserted by some medical experts, that the unborn child is incapable of experiencing pain until a point later in pregnancy than twenty weeks after fertilization predominately rests on the assumption that the ability to experience pain depends on the cerebral cortex and requires nerve connections between the thalamus and the cortex. However, recent medical research and analysis, especially since 2007, provides strong evidence for the conclusion that a functioning cortex is not necessary to experience pain.

(g) Substantial evidence indicates that children born missing the bulk of the cerebral cortex, those with hydranencephaly, nevertheless experience pain.

(h) In adults, stimulation or ablation of the cerebral cortex does not alter pain perception, while stimulation or ablation of the thalamus does.

(i) Substantial evidence indicates that structures used for pain processing in early development differ from those of adults, using different neural elements available at specific times during development, such as the subcortical plate, to fulfill the role of pain processing.

(j) The position, asserted by some medical experts, that the unborn child remains in a coma-like sleep state that precludes the unborn child's experiencing pain is inconsistent with the documented reaction of unborn children to painful stimuli and with the experience of fetal surgeons who have found it necessary to sedate the unborn child with anesthesia to prevent the unborn child from thrashing about in reaction to invasive surgery.

(k) Consequently, there is substantial medical evidence that an unborn child is capable of experiencing pain by twenty weeks after fertilization.

(2)(a) It is the purpose of the state to assert a compelling state interest in protecting the lives of unborn children from the stage at which substantial medical evidence indicates that they are capable of feeling pain.

(b) Louisiana's compelling state interest in protecting the lives of unborn children from the stage at which substantial medical evidence indicates that they are capable of feeling pain is intended to be separate from and independent of Louisiana's compelling state interest in protecting the lives of unborn children from the stage of viability, and neither state interest is intended to replace the other.

(3) Mindful of

Leavitt v. Jane L.

, 518 U.S. 137 (1996), in which in the context of

determining the severability of a state statute regulating abortion the United States Supreme Court noted that an explicit statement of legislative intent specifically made applicable to a particular statute is of greater weight than a general savings or severability clause, it is the intent of the state that if any one or more provisions, sections, subsections, sentences, clauses, phrases or words of this Section or the application thereof to any person or circumstance is found to be unconstitutional, the same is hereby declared to be severable and the balance of this Section shall remain effective notwithstanding such unconstitutionality.

Moreover, the state declares that it would have passed this Section, and each provision,

section, subsection, sentence, clause, phrase or word thereof, irrespective of the fact that any one or more provisions, sections, subsections, sentences, clauses, phrases or words, or any of their applications, were to be declared unconstitutional.

C. Definitions. For purposes of this Section, the following terms shall have the following meanings unless the context clearly indicates otherwise:

(1) "Abortion" means the use or prescription of any instrument, medicine, drug, or any other substance or device to terminate the pregnancy of a woman known to be pregnant with an intention other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, or to remove a dead unborn child who died as the result of natural causes in utero, accidental trauma, or a criminal assault on the pregnant woman or her unborn child, and which causes the premature termination of the pregnancy.

(2) "Attempt to perform or induce an abortion" means an act, or an omission of a statutorily required act, that, under the circumstances as the actor believes them to be, constitutes a substantial step in a course of conduct planned to culminate in the performance or induction of an abortion in this state in violation of this Section.

(3) "Department" means Louisiana Department of Health.

(4) "Fertilization" means the fusion of a human spermatozoon with a human ovum.

(5) "Medical emergency" means a condition that, in reasonable medical judgment, so complicates the medical condition of the pregnant woman that it necessitates the immediate abortion of her pregnancy without first determining postfertilization age to avert her death or for which the delay necessary to determine postfertilization age will create serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions. No condition shall be deemed a medical emergency if based on a claim or diagnosis that the woman will engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function.

(6) "Medically futile" means that, in reasonable medical judgment, the unborn child has a profound and irremediable congenital or chromosomal anomaly that is incompatible with sustaining life after birth.

(7) "Physician" means any person licensed to practice medicine and surgery or osteopathic medicine and surgery in the state of Louisiana.

(8) "Postfertilization age" means the age of the unborn child as calculated from the fusion of a human spermatozoon with a human ovum.

(9) "Probable postfertilization age of the unborn child" means what, in reasonable medical judgment, will with reasonable probability be the postfertilization age of the unborn child at the time the abortion is planned to be performed or induced.

(10) "Reasonable medical judgment" means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

(11) "Unborn child" or "fetus" each mean an individual organism of the species *homo sapiens* from fertilization until live birth.

(12) "Woman" means a female human being whether or not she has reached the age

of majority.

D. Determination of post fertilization age.

(1) Except in the case of a medical emergency or when a pregnancy is diagnosed as medically futile, no abortion shall be performed or induced or be attempted to be performed or induced unless the physician performing or inducing it has first made a determination of the probable post fertilization age of the unborn child or relied upon such a determination made by another physician. In making such a determination, the physician shall make such inquiries of the woman and perform or cause to be performed such medical examinations and tests as a reasonably prudent physician, knowledgeable about the case and the medical conditions involved, would consider necessary to perform in making an accurate diagnosis with respect to post fertilization age.

(2) Failure by any physician to conform to any requirement of this Section constitutes "unprofessional conduct" pursuant to R.S. 37:1261.

E. Abortion of unborn child of twenty or more weeks post fertilization age prohibited.

(1) No person shall perform or induce or attempt to perform or induce an abortion upon a woman when it has been determined, by the physician performing or inducing or attempting to perform or induce the abortion or by another physician upon whose determination that physician relies, that the probable post fertilization age of the woman's unborn child is twenty or more weeks, unless the pregnancy is diagnosed as medically futile or, in reasonable medical judgment, she has a condition which so complicates her medical condition as to necessitate the abortion of her pregnancy to avert her death or to avert serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions.

(2) When an abortion upon a woman whose unborn child has been determined to have a probable post fertilization age of twenty or more weeks is not prohibited by Paragraph (1) of this Subsection, the physician shall terminate the pregnancy in the manner which, in reasonable medical judgment, provides the best opportunity for the unborn child to survive, unless, in reasonable medical judgment, termination of the pregnancy in that manner would pose a greater risk either of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions, of the woman than would other available methods.

F. Penalties. Any person who intentionally or knowingly fails to comply with the requirements of this Section shall be subject to the penalties as provided for in R.S. 40:1061.29.

G. Construction. This Section shall not be construed to repeal, by implication or otherwise, R.S. 40:1061.10 or any otherwise applicable provision of Louisiana law regulating or restricting abortion. An abortion that complies with this Section, but violates the provisions of R.S. 40:1061.10 or any otherwise applicable provision of Louisiana law, shall be deemed unlawful as provided in such provision. An abortion that complies with the provisions of R.S. 40:1061.10 or any otherwise applicable provision of Louisiana law regulating or restricting abortion, but violates this Section, shall be deemed unlawful as

provided in this Section. If some or all of the provisions of this Section are temporarily or permanently restrained or enjoined by judicial order, all other provisions of Louisiana law regulating or restricting abortion shall be enforced as though such restrained or enjoined provisions had not been adopted; provided, however, that whenever such temporary or permanent restraining order or injunction is stayed or dissolved, or otherwise ceases to have effect, such provisions shall have full force and effect.

H. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.1.3 — Louisiana Unborn Child Protection from Dismemberment Abortion Act
Act".

B. Repealed by Acts 2022, No. 545, §4.

C.(1) Notwithstanding any other provision of law, it shall be unlawful for any person to intentionally perform or attempt to perform a dismemberment abortion and thereby kill an unborn child unless necessary to prevent serious health risk to the unborn child's mother.

(2) No woman upon whom an abortion is performed or attempted to be performed shall be thereby liable for performing or attempting to perform a dismemberment abortion.

No nurse, technician, secretary, receptionist, or other employee or agent who is not a physician but who acts at the direction of a physician, and no pharmacist or other individual who is not a physician but who fills a prescription or provides instruments or materials used in an abortion at the direction of or to a physician shall be thereby liable for performing or attempting to perform a dismemberment abortion.

D. Whoever violates the provisions of this Section shall be fined not more than one thousand dollars per incidence or occurrence, or imprisoned for not more than two years, or both. In addition to whatever remedies are otherwise available under the laws of this state, failure to comply with the provisions of this Section shall provide all of the following:

(1) A basis for a cause of action for civil damages for injuries and wrongful death as more fully set forth in Civil Code Articles 2315.1 and 2315.2, whether or not the unborn child was viable at the time the abortion was performed, or was born alive, except that such causes of action shall be maintained only by the following persons:

(a) The natural or biological father of the aborted infant or fetus, unless such father's criminal conduct caused the pregnancy.

(b) The mother of the aborted infant or fetus, subject to the provisions of Subsection F of this Section.

(c) The parents or guardian on behalf of the mother of the aborted infant or fetus if the mother was a minor at the time of the abortion, unless the parents or guardian consented to the dismemberment abortion.

(2) A basis for professional disciplinary action under R.S. 37:1261 et seq.

E.(1) A physician charged with an offense pursuant to this Section may seek a hearing before the Louisiana State Board of Medical Examiners on whether the physician's conduct was necessary to save the life of the mother whose life was endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself.

(2) The findings concerning the issue provided for in Paragraph (1) of this

Subsection are admissible on that issue at the trial of the physician. Upon motion of the physician, the court shall delay the beginning of the trial for not more than thirty days to permit such hearing to take place; however, this delay may be extended for good cause.

F. When requested, the court shall allow a woman to proceed using solely her initials or a pseudonym and may close any proceedings in the case and enter other protective orders to preserve the privacy of the woman upon whom the abortion was performed.

G. Any person who is not a physician or not otherwise legally authorized by the state to perform abortions, but who nevertheless directly performs a dismemberment abortion, shall be subject to the provisions of this Section.

H. Nothing in this Section shall be construed as creating or recognizing a right to abortion, or a right to a particular method of abortion.

I. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.1.4 — Abortion based on genetic abnormality; prohibition

person

to intentionally perform or attempt to perform an abortion of an unborn child of twenty or more weeks post fertilization age, as provided for in R.S. 40:1061.1.2, with knowledge that the pregnant woman is seeking the abortion solely because the unborn child has been diagnosed with either a genetic abnormality or a potential for a genetic abnormality.

C.(1) It shall be unlawful for a person to intentionally perform or attempt to perform an abortion of an unborn child of less than twenty weeks post fertilization age without first providing the pregnant woman with an informational document including resources, programs, and services for pregnant women who have a diagnosis of fetal genetic abnormality and resources, programs, and services for infants and children born with disabilities. The informational document provided for in this Subsection shall be given to the pregnant woman at the same time as the requirements in R.S. 40:1061.17(B).

(2) The Louisiana Department of Health shall develop an informational document to comply with the mandate established in this Section to include resources, programs, and services for pregnant women who have a diagnosis of fetal genetic abnormality and resources, programs, and services for infants and children born with disabilities and shall make such information available to any requesting provider of women's health care services and shall maintain the information on a link on the department's website.

(3) No person shall be found in violation of this Subsection, and no penalty for a violation of this Subsection shall be assessed, in any instance in which the informational document required by this Subsection is not available for use.

D. Whoever violates the provisions of this Section shall be subject to the penalties provided in R.S. 40:1061.29.

E. The provisions of this Section shall not apply whenever the abortion is necessary to save the life of the mother.

RS 40:1061.1.5 — Abortion prohibited; detectable fetal heartbeat; ultrasound required

he standards set forth in R.S. 40:1061.10(D), in order to

determine whether or not a fetal heartbeat is present, and the results of the ultrasound shall be included in the pregnant woman's medical records.

(b) Except as provided in Paragraph (2), (3), or (4) of this Subsection, it shall be unlawful for any person to knowingly perform an abortion with the specific intent of causing or abetting the termination of the life of an unborn human being when a fetal heartbeat has been detected. Any person who acts based on the exceptions provided in Paragraph (2), (3), or (4) of this Subsection shall so note in the pregnant woman's medical records and shall specify in the pregnant woman's medical records which of the exceptions the person performing the abortion has invoked.

(2)(a) A person shall not be in violation of Paragraph (1) of this Subsection if the person performs a medical procedure designed to or intended, in that person's reasonable medical judgment, to prevent the death of a pregnant woman or to prevent a serious risk of the substantial and irreversible impairment of a major bodily function of the pregnant woman.

(b)(i) A person who performs a medical procedure as described in Subparagraph (a) of this Paragraph shall declare in writing, under penalty of perjury, that the medical procedure was necessary, to the best of that person's reasonable medical judgment, to prevent the death of the pregnant woman or to prevent a serious risk of the substantial and irreversible impairment of a major bodily function of the pregnant woman. The person shall also provide in that written statement the specific medical condition of the pregnant woman that the medical procedure was performed to address, and the medical rationale for the conclusion that the medical procedure was necessary to prevent the death of the pregnant woman or to prevent a serious risk of the substantial and irreversible impairment of a major bodily function of the pregnant woman.

(ii) The person who performs a medical procedure as described in Subparagraph (a) of this Paragraph shall place the written documentation required by this Subparagraph in the pregnant woman's medical records, and shall maintain a copy of the written documentation for not less than seven years.

(3) A person shall not be in violation of Paragraph (1) of this Subsection if the person has performed an examination for the presence of a fetal heartbeat in the unborn human individual using standard medical practice and that examination does not reveal a fetal heartbeat, or the person has been informed by a physician who has performed the examination for a fetal heartbeat that the examination did not reveal a fetal heartbeat.

(4) For purposes of this Section, "abortion" shall not include an abortion performed when the pregnancy is diagnosed as medically futile.

B. Repealed by Acts 2022, No. 545, §4.

C. Whoever violates this Section shall be prosecuted pursuant to the effective provisions of R.S. 14:87.7 and shall be subject to the penalties provided in R.S. 40:1061.29.

D. In addition to any other grounds provided by law, it shall be grounds for the nonissuance, suspension, revocation, or restriction of a license, or the denial of reinstatement or renewal of a license, issued by the Louisiana State Board of Medical Examiners, that the applicant or licensee has performed an abortion in violation of this Section.

E. This Section shall not be construed to repeal any other provision of law that

restricts or regulates the performance of an abortion by a particular method or during a particular stage of a pregnancy.

F. The provisions of this Section are hereby repealed in favor of the provisions of R.S. 40:1061 immediately upon and to the extent that either:

(1) A decision of the United States Supreme Court upholds the authority of each of the several states of the United States or of the state of Louisiana to prohibit elective abortions.

(2) An amendment to the Constitution of the United States of America is adopted that restores to each of the several states of the United States or to the state of Louisiana the authority to prohibit elective abortions.

RS 40:1061.2 — Discrimination against certain persons; prohibition

is dismissed, demoted, or in any way prejudiced or damaged because of his refusal for any reason to recommend, counsel, perform, assist with or accommodate an abortion.

B. No worker or employee in any social service agency, whether public or private, shall be held civilly or criminally liable, discriminated against, dismissed, demoted, in any way prejudiced or damaged, or pressured in any way for refusal to take part in, recommend or counsel an abortion for any woman.

RS 40:1061.3 — Discrimination against hospitals, clinics, etc.; prohibition

against, or in any way prejudiced or damaged because of any refusal to permit or accommodate the performance of any abortion in said facility or under its auspices.

RS 40:1061.4 — Governmental assistance; discrimination for refusal to participate in an abortion;

state and local grants, loans and all other forms of financial and other aid from any level of government or from any governmental agency.

B. No woman shall be denied governmental assistance or be otherwise discriminated against or pressured in any way for refusing to accept or submit to an abortion, which she may do for any reason and without explanation.

C. No hospital, clinic, or other medical or health facility, whether public or private, shall ever be denied governmental assistance or be otherwise discriminated against or otherwise be pressured in any way for refusing to permit its facilities, staff or employees to be used in any way for the purpose of performing any abortion.

D. No abortion shall be performed on any woman unless prior to the abortion she shall have been advised, orally and in writing, that she is not required to submit to the abortion and that she may refuse any abortion for any reason and without explanation and that she shall not be deprived of any governmental assistance or any other kind of benefits for refusing to submit to an abortion. This provision shall be of full force and effect notwithstanding the fact that the woman in question is a minor, in which event said minor's parents, or if a minor emancipated by marriage, the minor's husband, shall also be fully advised of their right to refuse an abortion for the minor in the same manner as the minor is advised. Compliance with this provision shall be evidenced by the written consent of the

woman that she submits to the abortion voluntarily and of her own free will, and by written consent of her parents, if she is an unmarried minor, and by consent of her husband if she is a minor emancipated by marriage, such written consent to set forth the written advice given and the written consent and acknowledgment that a full explanation of the abortion procedure to be performed has been given and is understood.

RS 40:1061.5 — Employees of state and political subdivisions; counseling abortion prohibited

eof, and no person employed in any public or private social service agency, by contract or otherwise, including workers therein, which is a recipient of any form of governmental assistance, shall require or recommend that any woman have an abortion. Notwithstanding anything contained herein to the contrary, this Section shall not apply to a doctor of medicine, currently licensed by the Louisiana State Board of Medical Examiners pursuant to R.S. 37:1261 et seq., who is acting to save or preserve the life of the pregnant woman.

RS 40:1061.6 — Use of public funds

al, or

employee of the state of Louisiana, or of any local political subdivision thereof, whether such funds are made available by the government of the United States, the state of Louisiana, or of a local governmental subdivision, or from any other public source shall be used in any way for, to assist in, or to provide facilities for an abortion, except when the abortion is medically necessary to prevent the death of the mother.

NOTE: Paragraph (A)(2) eff. until conditions per Acts 2018, No. 498.

(2) No institution, board, commission, department, agency, official, or employee of the state, or of any local political subdivision thereof, shall contract with, award any grant to, or otherwise bestow any funding upon, an entity or organization that performs abortions, or that contracts with an entity or organization that performs abortions, in this state, as more specifically provided in Chapter 1-A of Title 36 of the Louisiana Revised Statutes of 1950.

NOTE: Paragraph (A)(2) eff. upon conditions per Acts 2018, No. 498.

(2)(a) As more specifically provided in R.S. 49:200.51, the Louisiana Department of Health shall not enter into any provider agreement for medical assistance program funding, as defined in R.S. 46:437.3, with any healthcare provider, entity, or organization that does any of the following:

- (i) Performs abortions in this state.
 - (ii) Provides its own facilities where reimbursable medical assistance program services are performed for the use of another healthcare provider, entity, or organization for the purpose of performing abortions in this state.
 - (iii) Hires or retains another healthcare provider, entity, or organization for the purpose of performing abortions in this state.
 - (iv) Provides reimbursable medical assistance program services in the same physical facility as a licensed outpatient abortion facility.
- (b)(i) The prohibitions provided in this Subsection shall apply to state funds, federal funds, and any other public funds administered by the Louisiana Department of Health through a medical assistance program provider agreement, but shall not be construed to

prohibit provision of public protections, such as fire, police, or emergency medical services, public utilities, or other such services to any entity or organization in the same manner as provided to the general public.

(ii) For purposes of this Subparagraph, "medical assistance program" and "provider agreement" shall have the meaning ascribed in R.S. 46:437.3.

B. Notwithstanding any other provision of law to the contrary, no public funds made available to any institution, board, commission, department, agency, official, or employee of the state of Louisiana, or of any local political subdivision thereof, whether such funds are made available by the government of the United States, the state of Louisiana, or a local governmental subdivision, or from any other public source, shall be used in any way for, to assist in, or to provide facilities for an abortion, except for any of the following:

- (1) Whenever the abortion is necessary to save the life of the mother.
- (2) Whenever the abortion is being sought to terminate a pregnancy resulting from an alleged act of rape and all of the requirements of R.S. 40:1061.18(A) are met.
- (3) Whenever the abortion is being sought to terminate a pregnancy resulting from an alleged act of crime against nature as defined by R.S. 14:89(A)(2) and all of the requirements of R.S. 40:1061.18(B) are met.

C. The secretary of the Louisiana Department of Health shall promulgate rules to ensure that no funding of any abortion shall be made based upon a claim of rape or crime against nature as defined by R.S. 14:89(A)(2) until the applicable requirements of R.S. 40:1061.18 have been complied with and written verification has been obtained from the physician performing the abortion and from the law enforcement official to whom the report is made, if applicable.

D. Subsection A of this Section shall be superseded and Subsections B and C and R.S. 40:1061.18 shall become effective only when the circumstances in Subparagraph (1)(a) or in Subparagraph (2)(a) occur:

(1)(a) A decision or order of a court of competent jurisdiction is rendered declaring the provisions of Subsection A unconstitutional, inconsistent with federal law, or otherwise unenforceable based on inconsistency with the Hyde Amendment, or enjoins the state or any of its officials from enforcing Subsection A while at the same time accepting federal funds pursuant to Title XIX, as modified by the Hyde Amendment, and then only if, as, and when a stay pending all appeals of the decision or order is denied, or, if a stay is granted, such stay expires or is no longer effective.

(b) If such a decision or order is rendered, the state Department of Justice, on behalf of the state, shall vigorously and expeditiously pursue judicial remedies seeking to obtain a stay pending all appeals of the decision or order and its reversal.

(2)(a) An order or decision of a court of competent jurisdiction is rendered affirming a finding of the administrator of the Health Care Financing Administration of the United States Department of Health and Human Services that Subsection A fails to substantially comply with the Hyde Amendment or denying a stay of the finding of the administrator and then only if, as, and when the state receives formal notification from the administrator that Medicaid funds, including but not limited to the federal percentage of Medicaid assistance

payments pursuant to 42 U.S.C. 1396 et seq. allocated to the state from the United States government, will be withheld or terminated on a specified date.

(b) If the administrator finds that the state is in noncompliance with the Hyde Amendment as it relates to funding certain abortions, the governor, the state Department of Justice, and the state Department of Health, on behalf of the state, shall vigorously and expeditiously pursue administrative and judicial remedies to obtain a stay of the finding and its reversal.

(c) If such a decision or order is rendered by a court, the state Department of Justice, on behalf of the state, shall vigorously and expeditiously pursue judicial remedies seeking to obtain a stay of the decision or order and to seek its reversal.

E. If Subsections B and C and R.S. 40:1061.18 become effective and subsequently the federal requirement for acceptance of Medicaid funds, that public funds be made available for abortions resulting from pregnancy due to rape or crime against nature as defined by R.S. 14:89(A)(2), is no longer applicable to the state of Louisiana, then on the same day, the provisions of Subsections B and C and R.S. 40:1061.18 shall be superseded and the provisions of Subsection A shall be effective to the fullest extent allowed by law.

RS 40:1061.7 — Instruction in elementary and secondary schools by abortion providers; prohibition tity that performs elective abortion, or of an affiliate as defined in Subsection

B of this Section, shall engage in any of the following activities:

(1) Presenting or otherwise delivering any instruction or program on any health topic, including but not limited to human sexuality or family planning, to students at a public elementary or secondary school, or at a charter school that receives state funding.

(2) Knowingly providing any materials or media regarding human sexuality or family planning for distribution or viewing at a public elementary or secondary school, or at a charter school that receives state funding, regardless of the topic or viewpoint of such materials or media, if the materials or media are created by or bear the identifying mark of an organization, individual, or any other entity, or of an affiliate of any such organization, individual, or entity, that performs elective abortion.

B. For purposes of this Section, "affiliate" means an organization, individual, or any other entity that has a legal relationship with another organization, individual, or any other entity, and such relationship is created or governed by at least one written instrument that demonstrates one or more of the following:

(1) Common ownership, management, or control.

(2) The existence of a franchise.

(3) The granting or extension of a license or other agreement that authorizes common use of a brand name, trademark, service mark, or other registered identification mark.

C. The provisions of this Section shall not apply to any hospital licensed in accordance with the Hospital Licensing Law, R.S. 40:2100 et seq.

D. Any abortion provider or affiliate of an abortion provider whose employee or representative acts in violation of this Section shall be subject to imposition of a monetary penalty established by rule by the Louisiana Department of Health, and the department shall consider such violation in any action regarding license issuance taken in accordance with

R.S. 40:2175.6.

RS 40:1061.10 — Abortion by physician; determination of viability; ultrasound test required;

that person is a physician licensed to practice medicine in the state of Louisiana and is currently board-certified in obstetrics and gynecology or family medicine or enrolled in a residency program for obstetrics and gynecology or family medicine, when that resident performs or induces an abortion under the direct supervision of a physician who is board-certified in obstetrics and gynecology or family medicine. Any outpatient abortion facility that knowingly or negligently employs, contracts with, or provides any valuable consideration for the performance of an abortion in an outpatient abortion facility by any person who does not meet the requirements of this Section is subject to having its license denied, non-renewed, or revoked by the Louisiana Department of Health in accord with R.S. 40:2175.6. For the purposes of this Subsection, "direct supervision" shall mean that the physician must be present in the hospital, on the campus, or in the outpatient facility, and immediately available to furnish assistance and direction throughout the performance of the procedure. The physician need not be present in the room when the procedure is performed in order to maintain direct supervision.

(2) On the date the abortion is performed or induced, a physician performing or inducing an abortion shall:

(a) Have active admitting privileges at a hospital that is located not further than thirty miles from the location at which the abortion is performed or induced and that provides obstetrical or gynecological health care services. For purposes of this Section, "active admitting privileges" means that the physician is a member in good standing of the medical staff of a hospital that is currently licensed by the department, with the ability to admit a patient and to provide diagnostic and surgical services to such patient consistent with the requirements of Paragraph (A)(1) of this Subsection.

(b) Provide the pregnant woman with all of the following before the abortion is performed or induced:

(i) A telephone number by which the pregnant woman may reach the physician, or other health care personnel employed by the physician or facility at which the abortion was performed or induced, who has twenty-four hours per day access to the woman's relevant medical records so that the woman may request assistance related to any complication that arises from the performance or induction of the abortion, or to ask health-related questions regarding the abortion.

(ii) The name and telephone number of the hospital nearest to the home of the pregnant woman at which an emergency arising from the abortion would be treated.

(c) Whoever violates the provisions of Subparagraph (2)(a) of this Paragraph shall be fined not more than four thousand dollars per violation.

B. Viability. Except in the case of a medical emergency, before a physician performs an abortion, the physician, by use of his good faith medical judgment, shall first determine if the unborn child is viable.

C. Determination of Viability. In order to preserve the health of the woman, and in order to assist in making an accurate finding of viability considering the gestational age,

weight, and lung maturity of the unborn child, the physician intending to terminate a pregnancy shall first perform or cause to be performed an ultrasound examination pursuant to the provisions of Subsection D of this Section. The physician shall enter such findings and determination of viability in the medical record of the pregnant woman, along with photographs or prints of the ultrasound evidencing the findings.

D. Ultrasound Requirements. Except in the case of a medical emergency, and in addition to the provisions of R.S. 40:1061.17, consent to an abortion of an unborn child at any stage of gestational development is voluntary and informed only if an obstetric ultrasound is performed in accordance with the provisions of this Section.

(1) Qualifications to perform ultrasound. The ultrasound shall be performed by the physician who is to perform the abortion or a qualified person who is the physician's agent. For purposes of this Section, "qualified person" means a person having documented evidence that he or she has completed a course in the operation of ultrasound equipment and is in compliance with any other requirements of law regarding the operation of ultrasound equipment.

(2)(a) Requirements. Except as provided in Subparagraph (b) of this Paragraph, at least seventy-two hours prior to the woman's having any part of an abortion performed or induced, and prior to the administration of any anesthesia or medication in preparation for the abortion on the woman, the physician who is to perform the abortion or a qualified person who is the physician's agent shall comply with all of the following requirements:

(i) Perform an obstetric ultrasound on the pregnant woman; simultaneously display the screen which depicts the active ultrasound images so that the pregnant woman may view them; and make audible the fetal heartbeat, if present, in a quality consistent with current medical practice. Nothing in this Section shall be construed to prevent the pregnant woman from not listening to the sounds detected by the fetal heart monitor, or from not viewing the images displayed on the ultrasound screen.

(ii) Provide a simultaneous and objectively accurate oral explanation of what the ultrasound is depicting, in a manner understandable to a layperson, which shall include the presence and location of the unborn child within the uterus and the number of unborn children depicted, the dimensions of the unborn child, and the presence of cardiac activity if present and viewable, along with the opportunity for the pregnant woman to ask questions.

(iii) Offer the pregnant woman the option of requesting an ultrasound photograph or print of her unborn child of a quality consistent with current standard medical practice that accurately portrays, to the extent feasible, the body of the unborn child including limbs, if present and viewable.

(iv) Prior to the ultrasound, obtain from the pregnant woman a copy of a completed, signed, and dated election form. The election form shall be produced and made available by the department, and shall state as follows:

"Ultrasound Before Abortion Notice and Election Form

Louisiana law requires an ultrasound examination prior to the performance of an abortion. By signing below, I certify that I understand the following:

(1)

I have the option to look at or look away from the ultrasound display at any time.

(2)

I have the option to listen to the heartbeat of the unborn child that is required to be made audible unless I decline by initialing here: _____.

(3)

I am required by law to hear an oral explanation of the ultrasound images, unless I certify below that I am pregnant due to an act of rape or crime against nature as defined by R.S. 14:89(A)(2).

(4)

I have the option to ask and receive answers to any questions about the images of the unborn child.

(5)

I have the option to ask for an ultrasound photographic print depicting the unborn child.

Signature Date

OPTION FOR WOMEN WHO HAVE FILED LAW ENFORCEMENT REPORTS:

I certify that I have reported an act of rape or crime against nature as defined by R.S. 14:89(A)(2) to law enforcement officials, and that I decline to hear an oral explanation of the ultrasound images.

Signature Date"

(v) Orally read the following statement to the pregnant woman in the ultrasound examination room prior to beginning the ultrasound examination, and certify by signature on a form that shall be produced and made available by the department that the following statement was delivered orally:

"During this ultrasound examination, you have the right to an oral explanation of the results. You have the option to view the images on the ultrasound screen. The heartbeat of the unborn child, if present, will be made audible, unless you declined on the election form. You have the right to receive answers to any questions you ask about your ultrasound examination. You have the right to receive an ultrasound photographic print, which will be provided at your request."

(vi) Retain copies of the election form and certification prescribed by Items (iv) and (v) of this Subparagraph. The certification shall be placed in the medical file of the woman and shall be kept by the abortion provider for a period of not less than seven years. If the woman is a minor, the certification shall be placed in the medical file of the minor and kept for at least seven years or for five years after the minor reaches the age of majority, whichever is greater. The woman's medical files shall be kept confidential as provided by law.

(b) If the pregnant woman certifies in writing that she currently lives one hundred fifty miles or more from the nearest licensed outpatient abortion facility to her residence, then

the physician who is to perform the abortion or a qualified person who is the physician's agent shall comply with all of the requirements of Subparagraph (a) of this Paragraph at least twenty-four hours prior to the woman having any part of an abortion performed or induced.

(3) Options to view or listen to required medical information.

(a) A pregnant woman may choose not to exercise her option to request an ultrasound photograph print as provided for under this Section.

(b) A pregnant woman may choose not to view the ultrasound images required to be provided to and reviewed with the pregnant woman as provided for under this Section.

(c) A pregnant woman may choose not to listen to the sounds detected by the fetal heart monitor required to be provided to the pregnant woman as provided for under this Section.

(d) The physician, the agent of the physician, and the pregnant woman are not subject to a penalty under this Chapter solely because the pregnant woman chooses not to request an ultrasound print, view the ultrasound images, or hear the heart auscultation.

(4) Medical Emergencies.

(a) "Medical emergency" as used in this Section, means the existence of any physical condition, not including any emotional, psychological, or mental condition, which a reasonably prudent physician, with knowledge of the case and treatment possibilities with respect to the medical conditions involved, would determine necessitates the immediate abortion of the pregnancy to avert the pregnant woman's death or to avert substantial and irreversible impairment of a major bodily function arising from continued pregnancy.

(b) Upon a determination by a physician that a medical emergency exists with respect to a pregnant woman, the provider shall certify in writing the specific medical conditions that constitute the emergency. The certification shall be placed in the medical file of the woman and shall be kept by the abortion provider for a period of not less than seven years. If the woman is a minor, then the certification shall be placed in the medical file of the minor and kept for at least seven years or for five years after the minor reaches the age of majority, whichever is greater. The woman's medical files shall be kept confidential as provided by law.

(5) Penalties. Any person who intentionally or knowingly fails to comply with any requirement of this Section shall be subject to the penalties as provided for in R.S. 40:1061.29.

(6) Protection of privacy in court proceedings. In every civil or criminal proceeding or action brought under this Section, the court shall rule whether the anonymity of any female upon whom an abortion has been performed or attempted shall be preserved from public disclosure if she does not give her consent to such disclosure. The court may close any proceedings in the case and enter other protective orders to preserve the privacy of the woman upon whom the abortion has been performed or attempted. This Section may not be construed to conceal the identity of the plaintiff or of witnesses from the defendant.

E. Pregnant rape survivors or victims of crime against nature as defined by R.S.

14:89(A)(2) who have reported the act to law enforcement officials shall have the opportunity to opt out of the oral explanation provisions of Subparagraph (D)(2)(b) of this

Section, in addition to having the same options to view or listen to the required medical information as provided in Paragraph (D)(3) of this Section.

F. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.11 — Drugs or chemicals used; penalties

room and in the physical

presence of the pregnant woman when the drug or chemical is initially administered, dispensed, or otherwise provided to the pregnant woman.

B. The drug or chemical shall not be administered, dispensed, or otherwise provided to the pregnant woman by a physician or any person acting under the physician's direction, whether in a licensed outpatient abortion facility, private medical office or any other facility, unless the physician has obtained the voluntary and informed consent of the pregnant woman pursuant to the provisions of R.S. 40:1061.17 and the requirements set forth in that Section.

C. If a physician prescribes, dispenses, administers, or provides any drug or chemical to a pregnant woman for the purpose of inducing an abortion, the physician shall report the abortion to the Louisiana Department of Health as provided in R.S. 40:1061.21.

D. In addition to the requirements of reporting complications to the Louisiana Department of Health pursuant to R.S. 40:1061.21, if the physician knows that the woman experienced a serious adverse event, as defined by the MedWatch Reporting System, during or after the administration or use of the drug, the physician shall also report the event to the United States Food and Drug Administration through the MedWatch Reporting System not later than the third day after the date the physician learns that the event occurred.

E. The Louisiana State Board of Medical Examiners may take disciplinary action as authorized in R.S. 37:1261 et seq. or any other applicable provision of law against a physician who violates any provision of this Section.

F. Any person not under the direct and immediate supervision of a physician who knowingly performs or attempts to perform an abortion using chemicals or drugs in violation of this Section shall be subject to penalties pursuant to R.S. 40:1061.29. No penalty may be assessed against the woman who undergoes the abortion.

G. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.11.1 — Chemically induced abortion; required disclosure

he physician's direction, whether

in a licensed outpatient abortion facility, private medical office, or any other facility, then the physician or the person acting under the physician's direction shall provide the disclosure statement found in Subsection B of this Section to the pregnant woman. The disclosure statement may be provided by doing any of the following:

- (1) Stapling the disclosure statement to a bag, envelope, or other package that contains misoprostol for the pregnant woman to self-administer at home.
- (2) Attaching the disclosure statement to a written prescription for misoprostol provided by the physician or the person acting under the physician's direction.
- (3) Attaching the disclosure statement to the patient's discharge instructions if the prescription for misoprostol is sent directly to a pharmacy.

B. The disclosure statement required by this Section shall contain all of the following

text:

"PLEASE READ BEFORE TAKING SECOND PILL

Research has indicated that the first pill provided, identified as mifepristone, is not always effective in ending a pregnancy. If after taking the first pill you regret your decision, please consult a physician or healthcare provider immediately to determine if there are options available to assist you in continuing your pregnancy."

C.(1) Nothing in this Section shall be construed as creating or recognizing a right to abortion.

(2) Nothing in this Section shall be construed as requiring the disclosure statement to be provided to a woman facing a spontaneous miscarriage as defined in R.S. 14:87.1(1)(b)(ii).

(3) Nothing in this Section shall be construed as requiring a pharmacy or any entity other than the facility where the abortion is administered to provide the disclosure statement.

D. As used in this Section, the following terms have the meanings ascribed to them:

(1) "Abortion pill" means the use of mifepristone or misoprostol to induce a chemical abortion.

(2) "Mifepristone" means a synthetic steroid that inhibits the action of progesterone, given orally in early pregnancy to induce a chemical abortion. Mifepristone is the first drug used in a two-drug process to induce a chemical abortion.

(3) "Misoprostol" means a synthetic prostaglandin E

1

analogue that is used to induce

a chemical abortion. Misoprostol is the second drug used in a two-drug process to induce a chemical abortion.

E. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.12 — Born-Alive Infant Protection Act

iate medical care as

provided in R.S. 40:1061.13(C), whether the abortion was considered legal or illegal under the law at the time that the abortion was performed.

B. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.13 — Abortion after viability; second attendant physician required; duties

shall first certify in writing that the abortion is

necessary to preserve the life or health of the woman and shall further certify in writing the medical indications for such abortion and the probable health consequences.

B. Any physician who performs an abortion upon a woman carrying a viable unborn child shall utilize the available method or technique of abortion most likely to preserve the life and health of the unborn child. In cases where the method or technique of abortion which would most likely preserve the life and health of the unborn child would present a greater risk to the life and health of the woman than another available method or technique, the physician may utilize such other method or technique. In all cases where the physician performs an abortion upon a viable unborn child, the physician shall certify in writing the

available method or techniques considered and the reasons for choosing the method or technique employed.

C. An abortion of a viable unborn child shall be performed or induced only when there is in attendance a physician other than the physician performing or inducing the abortion who shall take control of and provide immediate medical care for an infant born alive as a result of the abortion. During the performance of the abortion, the physician performing it, and subsequent to the abortion, the physician required by this Section to be in attendance, shall take all reasonable steps in keeping with good medical practice, consistent with the procedure used, to preserve the life and health of the viable unborn child and born-alive infant, respectively, provided that it does not pose an increased risk to the life or health of the woman.

D. The provisions of this Section shall apply to an infant born alive, and the infant born alive shall be given immediate medical care regardless of whether the abortion was considered legal or illegal under the law at the time the abortion was performed.

E. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.14 — Minors

he physician or a qualified person acting as agent of the physician pursuant to R.S. 40:1061.17(B)(4)(c) has received those documents provided for in either Paragraph (1) or (2) of this Subsection:

(1)(a) A notarized statement signed by the mother, father, legal guardian, or tutor of the unemancipated minor declaring that the affiant has been informed that the minor intends to seek an abortion and that the affiant consents to the abortion. The affiant shall provide sufficient evidence of identity that shall be expressly specified in the affidavit to establish an articulable basis for a reasonably prudent person to believe that the affiant is one of the following:

(i) The lawful mother.

(ii) The lawful father.

(iii) The legal guardian.

(iv) The lawful tutor of the minor.

(b) A copy of a valid and unexpired driver's license or a government-issued identification card of the individual giving consent on behalf of the unemancipated minor as provided for in Subparagraph (a) of this Paragraph.

(2) A court order as provided in Subsection B of this Section.

B. The following provisions shall apply to all applications for court orders by minors seeking abortions and appeals from denials of applications:

(1) Jurisdiction to hear applications shall be in the court having juvenile jurisdiction in the parish in which the minor is domiciled. Jurisdiction to hear an application or appeal shall be extended to a court having juvenile jurisdiction in a contiguous parish if either of the following conditions is met:

(a) The minor's parent or guardian is a presiding judge of the juvenile court in the parish in which the minor is domiciled.

(b) The parish in which the minor is domiciled has a population of less than ten

thousand persons according to the latest federal decennial census.

(2) Each clerk of each court which has jurisdiction to hear such applications shall prepare application forms in clear and concise language which shall provide step-by-step instructions for filling out and filing the application forms. All application forms shall be submitted to the attorney general for his approval. Each clerk shall assist each minor who requests assistance in filling out or filing the application forms.

(3)(a) Each application shall be heard in chambers, anonymously, in a summary manner, within four days, excluding legal holidays, of the filing thereof.

NOTE: Item (B)(3)(b)(i) eff. until October 1, 2027. See Acts 2025, No. 477.

(b)(i) Prior to such ex parte hearing, the court may require the minor to participate in an evaluation and counseling session with a mental health professional from the Louisiana Department of Health, office of behavioral health, or a staff member from the Department of Children and Family Services, office of children and family services, or both. The court may refer the petitioner, if necessary, to the appropriate Louisiana Department of Health, office of behavioral health regional office to arrange the evaluation and counseling session within the four-day period prior to the ex parte hearing, as provided in this Paragraph. This referral may be made by the clerk upon the minor's filing the application when the court has issued a standing order authorizing same and the circumstances fit the criteria of the standing order therefor.

NOTE: Item (B)(3)(b)(i) as amended by Acts 2025, No. 477, eff. October 1, 2027.

(b)(i) Prior to such ex parte hearing, the court may require the minor to participate in an evaluation and counseling session with a mental health professional from the Louisiana Department of Health, office of behavioral health, or a staff member from the Department of Children and Family Services, office of child welfare, or both. The court may refer the petitioner, if necessary, to the appropriate Louisiana Department of Health, office of behavioral health regional office to arrange the evaluation and counseling session within the four-day period prior to the ex parte hearing, as provided in this Paragraph. This referral may be made by the clerk upon the minor's filing the application when the court has issued a standing order authorizing same and the circumstances fit the criteria of the standing order therefor.

(ii) Such evaluation and counseling session shall be for the purpose of developing trustworthy and reliable expert opinion concerning the minor's sufficiency of knowledge, insight, judgment, and maturity with regard to her abortion decision in order to aid the court in its decision and to make the state's resources available to the court for this purpose. Persons conducting such sessions shall employ the information and printed materials referred to in R.S. 40:1061.17 in examining how well the minor interviewed is informed about pregnancy, fetal development, abortion risks and consequences, the indicators of human trafficking, and abortion alternatives, and shall also endeavor to verify that the minor is seeking an abortion of her own free will and is not acting under intimidation, threats, abuse, undue pressure, or extortion by any other persons and is not a victim of a coerced abortion as defined in Children's Code Article 603.

(iii) For purposes of providing screening to protect the safety and well-being of the

minor, such evaluation and counseling session shall also endeavor to ascertain whether the minor is pregnant as a result of sexual activity constituting a crime under the laws of this state, or as a result of commercial sexual exploitation of the minor, and shall inform the minor of resources available for her protection.

(iv) The results of such evaluation and counseling shall be reported to the court by the most expeditious means, commensurate with security and confidentiality, to assure receipt by the court prior to or at the ex parte hearing.

(4)(a) If the minor has not been interviewed in such evaluation and counseling session prior to the ex parte hearing, such that the court does not have the benefit of the required report, then the court may appoint a certified child advocate attorney to be present with the minor at the ex parte hearing for the purpose of assisting the minor in communicating to the court whether her abortion decision is made with sufficient maturity and free and informed consent, commensurate with the duty of confidentiality. A certified child advocate attorney shall be given sufficient time on the same day as the ex parte hearing to review with the minor the information and printed materials referred to in R.S. 40:1061.17, in evaluating how well the minor is informed about pregnancy, fetal development, abortion risks and consequences, the indicators of human trafficking, and abortion alternatives. The certified child advocate attorney shall also endeavor to assist in the court's determination of whether the minor is seeking the abortion of her own free will and is not acting under intimidation, threats, undue pressure, or extortion by other persons, is not a victim of coerced abortion as defined in Children's Code Article 603, and is not in need of assistance or protective orders if the minor is a victim of commercial sexual exploitation as defined in Children's Code Article 603, or any crime against the child as defined in Children's Code Article 603.

(b) If the court, using reasoned judgment and evidentiary evaluation, finds, by clear and convincing evidence, that the minor is sufficiently mature and well enough informed to make the decision concerning the abortion on her own, and further finds that the minor is not a victim of coerced abortion, and is seeking the abortion of her own free will, the court shall issue an order authorizing the minor to act on the matter without parental consultation or consent.

(c) Whether or not the court authorizes the abortion, if the court finds by a preponderance of the evidence that the minor is a victim of commercial sexual exploitation as defined in Children's Code Article 603, or any crime against the child as defined in Children's Code Article 603, the court may issue any appropriate protective orders or afford the minor the continued services of a court-appointed special advocate, or both.

(5) If the court finds that the minor is not sufficiently mature and well enough informed to make a decision intelligently among the alternatives, the court shall decide whether or not it would be in the best interest of the minor to notify her parents or guardian of the proceedings. If the court finds that it is in the minor's best interest to notify her parents or guardian, the court shall so notify and reconvene the proceedings within forty-eight hours with the parents or guardian present to advise and counsel the minor and aid the court in making its determination whether or not the abortion would be in the best interest of the minor.

(6) If the court finds that the minor is not sufficiently mature and well enough informed to make the decision concerning the abortion and further finds that it would not be in the minor's best interest to notify her parents or guardian, the court shall issue an order authorizing the abortion if the court finds, by clear and convincing evidence, that the abortion would be in the best interest of the minor. However, as stated in *Bellotti v. Baird*, 443 U.S. 622, 647 (1979), "the court may deny the abortion request of an immature minor in the absence of parental consultation if it concludes that her best interests would be served thereby."

(7) In all cases, the court shall issue its final judgment and order immediately upon completion of the reconvened hearing, if there is one, or immediately upon completion of the original ex parte hearing, if there is no reconvened hearing, and in any case where unusual justification exists for taking the matter under advisement, the court shall report taking the matter under advisement to the Supreme Court of Louisiana and to the court of appeal for the circuit to which appeals lie from the court and shall issue its final judgment and order within forty-eight hours after taking the matter under advisement at the completion of such hearing. Appeals from decisions of the court hearing the application shall be by trial de novo in the court of appeal.

(8) Each clerk of each court of appeal shall prepare appeal forms in clear and concise language which shall provide step-by-step instructions for filling out and filing the appeal forms. All appeal forms shall be submitted to the attorney general for his approval. Each clerk shall assist each minor who requests assistance in filling out or filing the appeal forms.

(9) Each appeal shall be heard in chambers, anonymously, in a summary manner, and within forty-eight hours of the filing thereof.

(10) The decision of the court of appeal shall be based on the criteria provided in Paragraphs (4), (5), and (6) of this Subsection, and such court shall issue its final judgment and order within forty-eight hours of its hearing.

(11) Each minor who declares to the clerk of the court hearing the application or appeal that she does not have sufficient funds to pay for the costs of the application or the appeal shall be allowed to proceed in forma pauperis.

(12) Each minor who files an application or an appeal shall be entitled to an initial hearing and a determination by the court independently of any notice to or consultation with her parents, tutor, or guardian.

(13) Except as otherwise provided in this Section, or as otherwise provided by rule of court, hearings of applications and appeals shall be conducted in accordance with the provisions of the Louisiana Children's Code.

C.(1) Nothing in this Section shall be construed as creating or recognizing a right to abortion.

(2) It is not the intention of this Section to make lawful an abortion that is unlawful on July 10, 1997, or which later becomes unlawful.

D. Nothing in this Section shall be deemed or construed to affect or alter existing law on the confidentiality of proceedings and records related thereto, except to the extent specifically contained in this Section.

E. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.14.1 — Fraudulent interference with parental consent

subject to R.S. 14:70.7 providing

penalties for the unlawful production, manufacturing, distribution, or possession of fraudulent documents for identification purposes.

B. Any employee of a licensed outpatient abortion facility who knowingly aids and abets a person who is not the mother, father, legal guardian, or tutor of a minor on whom an abortion was performed in the execution or acceptance of the parental consent requirements as required by R.S. 40:1061.14(A)(1), shall be subject to the penalties in R.S. 40:1061.29.

C. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.15 — Prevention of forced abortion; signage in abortion facilities

licensed outpatient abortion facility as defined by R.S. 40:2175.3 shall

conspicuously post a sign in a location defined in Subsection D of this Section which is clearly visible to patients, and which features the text contained in Paragraph (1) of this Subsection and the information contained in Paragraph (2) of this Subsection.

(1) The sign shall feature the following text:

"Notice: Women's Rights and Pregnancy Resources

You can't be forced.

* It is unlawful for anyone to make you have an abortion against your will, even if you are a minor.

You and the father.

* The father of your child must provide support of the child, even if he has offered to pay for an abortion.

You and adoption.

* The law allows adoptive parents to pay costs of prenatal care, childbirth and newborn care.

You are not alone.

* Many agencies are willing to help you to carry your child to term, and to assist after your child's birth."

(2) The sign shall feature the web address of the pregnancy resources website maintained by the department pursuant to R.S. 40:1061.17, which shall be shown on the sign in a large, bold font designed to be clearly visible to patients, along with any additional information which is deemed necessary by the department and is in accordance with the provisions of R.S. 40:1061.17.

C. The department shall cause the sign provided for in this Section to be designed and produced. All signs produced shall incorporate color graphics and shall be printed on durable signage material measuring sixteen inches by twenty inches with lettering presented in a size and style of font designed to be clearly visible to the patient.

D. The sign provided for in this Section shall be conspicuously posted in each patient admission area, waiting room, and patient consultation room used by patients on whom abortions are performed, induced, prescribed for, or who are provided with the means for an abortion.

E. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.16 — Information on psychological impacts, illegal coercion, abuse, and human

that women of this state have a right to know that

undergoing an abortion may have serious psychological impacts, including severe emotional distress and mental and behavioral health afflictions.

B.(1) Except as provided in Paragraph (2) of this Subsection, at least seventy-two hours prior to undergoing an elective abortion, and as a condition for consent to the abortion to be deemed voluntary and informed, the woman or minor female considering abortion shall be given a copy of the printed materials described in this Section by the physician who is to perform the abortion or a qualified person as defined in R.S. 40:1061.17(B)(4)(c), except in the case of medical emergency as provided in R.S. 40:1061.23.

(2) If the woman or minor female considering abortion certifies in writing that she currently lives one hundred fifty miles or more from the nearest licensed outpatient abortion facility to her residence, then she shall be given a copy of the printed materials described in this Section at least twenty-four hours prior to an elective abortion procedure by the physician who is to perform the abortion or a qualified person as defined in R.S. 40:1061.17(B)(4)(c), except in the case of medical emergency as provided in R.S. 40:1061.23.

C.(1) The physician or qualified person shall provide to the woman or minor female seeking an abortion the printed materials required by this Section individually and in a private room for the purpose of ensuring that she has an adequate opportunity to ask questions and discuss her individual circumstances.

(2) The physician or qualified person shall obtain the signature of the woman or minor female seeking an abortion on a form certifying that the printed materials were given to the woman or minor female.

(3) In the case of a minor female considering an abortion, if a parent accompanies the minor female to the appointment with the physician or qualified person described in Subsection B of this Section, then the physician or qualified person shall provide to the parent copies of the materials given to the female in accordance with Paragraph (1) of this Subsection.

(4) The signed certification form provided for in Paragraph (2) of this Subsection shall be kept within the medical record of the woman or minor female upon whom the abortion procedure was performed for a period of at least seven years.

D. The department shall create printed materials and printable Internet-based resources that provide all of the following:

(1)(a) Information, telephone numbers, and links to Internet websites of nonprofit organizations that offer free and confidential access to mental health professionals, social workers, and other trained counselors who serve women and minor females who may experience psychological distress or other mental, emotional, or behavioral health afflictions prior to undergoing an abortion.

(b) The department shall take such actions as are necessary to ensure that any mental or behavioral health professional or other counselor to whom a woman or minor female may

be referred through the organizations listed in the materials developed pursuant to this Paragraph meets all of the following criteria:

(i) Provides counseling services that objectively address the mental, emotional, and behavioral health effects that may occur prior to an abortion.

(ii) Is not affiliated with an abortion provider.

(2)(a) Information, telephone numbers, and links to Internet websites of nonprofit organizations that offer free and confidential access to mental health professionals, social workers, and other trained counselors who serve women and minor females who may experience psychological distress or other mental, emotional, or behavioral health afflictions after undergoing an abortion.

(b) The department shall take such actions as are necessary to ensure that any mental or behavioral health professional or other counselor to whom a woman or minor female may be referred through the organizations listed in the materials developed pursuant to this Paragraph meets all of the following criteria:

(i) Provides counseling services that objectively address the mental, emotional, and behavioral health effects that may result from undergoing the abortion procedure.

(ii) Is not affiliated with an abortion provider.

(3)(a) Information, telephone numbers, and links to Internet websites of nonprofit organizations that offer free and confidential access to mental health professionals, social workers, and other trained counselors who are trained in counseling women and minor females who experience coercion to obtain an abortion concerning the psychological impacts or other mental, emotional, or behavioral health afflictions that may result from experiencing coercion to obtain an abortion.

(b) The department shall take such actions as are necessary to ensure that any mental or behavioral health professional or other counselor to whom a woman or minor female may be referred through the organizations listed in the materials developed pursuant to this Paragraph meets all of the following criteria:

(i) Provides counseling services that objectively address the mental, emotional, and behavioral health effects that may result from experiencing coercion to obtain an abortion.

(ii) Is not affiliated with an abortion provider.

(c) The materials developed pursuant to this Paragraph shall clearly indicate that coerced abortion is defined in Louisiana law, Children's Code Article 603, as a form of abuse that seriously endangers the physical, mental, and emotional health and safety of a child.

(4)(a) Information, telephone numbers, and links to Internet websites of nonprofit organizations that offer free and confidential access to mental health professionals, social workers, and other trained counselors for women and minor females who are victims of the crime of human trafficking or the crime of trafficking of children for sexual purposes.

(b) The department shall take such actions as are necessary to ensure that any mental or behavioral health professional or other counselor to whom a woman or minor female may be referred through the organizations listed in the materials developed pursuant to this Paragraph meets all of the following criteria:

(i) Provides counseling services that objectively address the mental, emotional, and

behavioral health effects that may result from being a victim of human trafficking or a victim of trafficking of children for sexual purposes.

(ii) Is not affiliated with an abortion provider.

(c) The materials developed pursuant to this Paragraph shall clearly indicate all of the following:

(i) That victims of trafficking can be safe after their rescue from being trafficked.

(ii) That Louisiana provides for assistance to victims of human trafficking, as required by R.S. 46:2162 et seq.

(iii) That there are public and private agencies providing valuable assistance to women and minor females who have been commercially and sexually exploited; and that help available to victims of trafficking and other exploitation includes housing assistance, education, job training, and drug addiction counseling.

(iv) That legal assistance is available to women and minor females seeking to escape the sex trade, including assistance in vacating prior prostitution convictions.

(v) That the crime of trafficking of children for sexual purposes is subject to the mandatory reporting laws set forth in Children's Code Articles 603, 609, and 610.

(d) Any pamphlet developed pursuant to this Paragraph shall be known as the "Point of Rescue" pamphlet.

E. The materials provided for in Subsection D of this Section shall be printed in a typeface large enough to be clearly legible and shall be available at no cost from the department upon request and in appropriate number to any person, facility, or hospital. The department's website shall contain the content of the printed material, a printable electronic image of the printed material, and information on ordering printed materials. The department shall promulgate rules and regulations relative to the methods of distribution of printed materials.

F. The provisions of R.S. 40:1061.1 shall apply to this Section.

G. Nothing in this Section shall be construed to conflict with or supersede the requirement for mandatory reporting of child abuse provided in Children's Code Article 603 et seq.

RS 40:1061.17 — Woman's right to know

required the obtaining

of the informed consent of a pregnant woman to the performance of an abortion. This law was declared unconstitutional in the cases of

Margaret S. v. Edwards

, and in

Margaret S. v.

Treen

.

(2) By Act No. 435 of the 1978 Regular Session of the Legislature (R.S. 40:1061.18) a twenty-four-hour waiting period was required between the signing of an informed consent and the performance of an abortion. This law was repealed by Act No. 418 of the 1980 Regular Session of the Legislature because of the decision of the federal court in

Margaret

S. v. Edwards

.

(3) Subsequent to the above-referenced court decisions and legislative enactments, the United States Supreme Court has rendered a decision in the case of Planned Parenthood

of Pennsylvania v. Casey

, which upheld the constitutionality of the Pennsylvania law which required informed consent, parental consent, and a twenty-four-hour waiting period prior to an abortion, and which decision has therefore impliedly overruled the decisions in the Margaret S. cases.

(4) The judicial obstacles to such legislation now having been removed by virtue of the Casey decision, the legislature finds that it is in the public interest and in furtherance of the general health and welfare of the citizens of this state to reenact provisions of law similar to those heretofore either declared unconstitutional or repealed for the following reasons:

(a) It is essential to the psychological and physical well-being of a woman considering an abortion that she receive complete and accurate information regarding her alternatives.

(b) The knowledgeable exercise of a woman's decision to have an abortion depends on the extent to which the woman receives sufficient information to make an informed choice between two alternatives, giving birth or having an abortion.

(c) The vast majority of all abortions are performed in clinics devoted solely to providing abortions and family planning services. Most women who seek abortions at these facilities do not have any relationship with the physician who performs the abortion, before or after the procedure. They do not return to the facility for postsurgical care. In most instances, the woman's only actual contact with the physician occurs simultaneously with the abortion procedure, with little opportunity to receive counseling concerning her decision.

(d) The decision to abort "is an important, and often a stressful one, and it is desirable and imperative that it be made with full knowledge of its nature and consequences", Planned Parenthood v. Danforth

.

(e) "The medical, emotional, and psychological consequences of an abortion are serious and can be lasting...",

H. L. v. Matheson

.

(f) Abortion facilities or providers offer only limited and/or impersonal counseling opportunities.

(g) Many abortion facilities or providers hire untrained and unprofessional "counselors" whose primary goal is to sell abortion services.

(5) Based on the above findings, it is the purpose of this Act to:

(a) Ensure that every woman considering an abortion receive complete information

on her alternatives and that every woman submitting to an abortion do so only after giving her voluntary and informed consent to the abortion procedure.

(b) Protect unborn children from a woman's uninformed decision to have an abortion.

(c) Reduce "the risk that a woman may elect an abortion only to discover later, with devastating psychological consequences, that her decision was not fully informed",

Planned

Parenthood v. Casey

(d) Ensure that every woman considering an abortion receive complete information regarding the availability of anesthesia or analgesics that would eliminate or alleviate organic pain to the unborn child that could be caused by the particular method of abortion to be employed.

B. Informed consent; requirements. After a woman is determined to be pregnant, no abortion shall be performed or induced without the voluntary and informed consent of the woman upon whom the abortion is to be performed or induced. Except in the case of a medical emergency, consent to an abortion is voluntary and informed if and only if:

(1) The provisions of R.S. 40:1061.10 requiring an ultrasound test and determination of viability are met.

(2) The information required by this Section to be communicated orally and in person to the woman is provided to her individually and in a private room to protect her privacy, for the purpose of ensuring that the information focuses on her individual circumstances and that she has an adequate opportunity to ask questions.

(3)(a) Written information from the physician. Except as provided in Subparagraph (c) of this Paragraph, at least seventy-two hours before the abortion, the physician who is to perform the abortion or the referring physician has informed the woman, in writing and read orally and in person of:

(i) The name of the physician who meets the requirements of R.S. 46:1061.10(A) and who will perform the abortion, which shall be listed in the same manner as the name appears on the membership roll of the Louisiana State Board of Medical Examiners.

(ii) The location and specialty of the physician's residency and whether the residency of the physician has been completed.

(iii) Whether the physician is currently board-certified and, if so, the medical specialty and the certifying organization.

(iv) Whether the physician has active admitting privileges at any hospital that provides obstetrical or gynecological healthcare services and, if so, the name of the hospital or hospitals. For purposes of this Subparagraph, "active admitting privileges" means that the physician is a member in good standing of the medical staff of a hospital that is currently licensed by the Louisiana Department of Health, with the ability to admit a patient and to provide diagnostic and surgical services to such patient.

(v) Whether the physician has malpractice insurance that would cover the abortion procedure.

(vi) Whether in the last ten years the physician has ever been placed on probation,

reprimanded, or had his license suspended or revoked by any professional licensing organization and, if so, the jurisdiction in which the professional discipline was ordered. For purposes of this Subsection, the professional discipline action must be disclosed even if it was stayed or suspended. Disclosure of disciplinary action shall include but not be limited to action taken by the Louisiana State Board of Medical Examiners and the Louisiana Board of Pharmacy.

(vii) The internet address for disciplinary records of the Louisiana State Board of Medical Examiners.

(b) Oral information from the physician. Except as provided in Subparagraph (c) of this Paragraph, and in the same period of time provided for in the introductory paragraph of Subparagraph (a) of this Paragraph, the physician who is to perform the abortion or the referring physician has informed the woman, orally and in person of:

(i) A description of the proposed abortion method and of those risks (including risks to the woman's reproductive health) and alternatives to the abortion that a reasonable patient would consider material to the decision of whether or not to undergo the abortion.

(ii) The probable gestational age of the unborn child at the time the abortion is to be performed; and, if the unborn child is viable or has reached the gestational age of twenty-four weeks and the abortion may be otherwise lawfully performed under existing law, that:

(aa) The unborn child may be able to survive outside the womb.

(bb) The woman has the right to request the physician to use the method of abortion that is most likely to preserve the life of the unborn child.

(cc) If the unborn child is born alive, that attending physicians have the legal obligation to take all reasonable steps necessary to maintain the life and health of the child.

(iii) The probable anatomical and physiological characteristics of the unborn child at the time the abortion is to be performed.

(iv) The medical risks associated with carrying her child to term.

(v) Any need for anti-Rh immune globulin therapy, if she is Rh negative, the likely consequences of refusing such therapy, and a good faith estimate of the cost of the therapy.

(vi) The availability of anesthesia or analgesics to alleviate or eliminate organic pain to the unborn child that could be caused by the method of abortion to be employed.

(vii) The requirement that at least seventy-two hours prior to the woman's having any part of an abortion performed or induced, the physician, referring physician, or qualified person working in conjunction with either physician must perform an obstetric ultrasound under the provisions of R.S. 40:1061.10.

(viii) The inclusion in her printed materials of a comprehensive list, compiled by the department, of facilities that offer obstetric ultrasounds free of charge.

(c) If the woman certifies in writing that she currently lives one hundred fifty miles or more from the nearest licensed outpatient abortion facility to her residence, then the physician who is to perform the abortion or the referring physician shall comply with all of the requirements of Subparagraphs (a) and (b) of this Paragraph at least twenty-four hours prior to the abortion.

(4) Oral information from a physician or qualified person.

(a) In the initial contact with an abortion provider by any person seeking to schedule an abortion for a minor or adult woman or for herself, whether such initial contact is by telephone, by internet communication, in person, or by any other means, the physician who is to perform the abortion or any person acting on behalf of the physician informs the person of the internet address of the department's abortion alternatives and informed consent website provided for in this Section.

(b)(i) Except as provided in Item (ii) of this Subparagraph, at least seventy-two hours before a scheduled abortion, the physician who is to perform the abortion, the referring physician, or a qualified person has informed the woman, orally and in person, that:

(aa) Medical assistance benefits may be available for prenatal care, childbirth, and neonatal care, and that more detailed information on the availability of such assistance is contained on the department's website and in the printed materials which shall be given to her as provided in this Section.

(bb) The department's website and printed materials describe the unborn child and list agencies which offer alternatives to abortion.

(cc) The father of the unborn child is liable to assist in the support of her child, even in instances where he has offered to pay for the abortion. In the case of rape, this information may be omitted.

(dd) She is free to withhold or withdraw her consent to the abortion at any time before or during the abortion without affecting her right to future care or treatment and without the loss of any state or federally funded benefits to which she might otherwise be entitled.

(ii) If the woman certifies in writing that she currently lives one hundred fifty miles or more from the nearest licensed outpatient abortion facility to her residence, then the physician who is to perform the abortion, the referring physician, or a qualified person shall comply with all of the requirements of Item (i) of this Subparagraph at least twenty-four hours before a scheduled abortion.

(c) For purposes of this Paragraph, "qualified person" shall mean an agent of the physician who is a psychologist, licensed social worker, licensed professional counselor, registered nurse, or physician.

(5)(a) Provision of printed materials. Except as provided in Subparagraph (b) of this Paragraph, at least seventy-two hours before the abortion, the woman is given a copy of the printed materials described in this Section by the physician who is to perform the abortion, the referring physician, or a qualified person as defined in Subparagraph (4)(c) of this Subsection. If the woman is unable to read the materials, they shall be read to her. If the woman asks questions concerning any of the information or materials, answers shall be provided to her in her own language.

(b) If the woman certifies in writing that she currently lives one hundred fifty miles or more from the nearest licensed outpatient abortion facility to her residence, then the woman shall be given a copy of the printed materials described in this Section by the physician who is to perform the abortion, the referring physician, or a qualified person as defined in Subparagraph (4)(c) of this Subsection at least twenty-four hours before the

abortion. If the woman is unable to read the materials, they shall be read to her. If the woman asks questions concerning any of the information or materials, answers shall be provided to her in her own language.

(6) Certification and reporting. The woman certifies in writing on a form provided by the department, prior to the abortion, that the information and materials required to be provided under this Section have been provided at least seventy-two hours prior to the abortion; or, if applicable, at least twenty-four hours prior to the abortion in the case of a woman who has given prior certification in writing that she currently lives one hundred fifty miles or more from the nearest licensed outpatient abortion facility to her residence. All physicians who perform abortions shall report the total number of certifications received monthly to the department. The department shall make the number of certifications received available to the public on an annual basis.

(7) Prior to the performance of the abortion, the physician who is to perform the abortion or his agent receives a copy of the written certification required by this Section.

(8) The woman is not required to pay any amount for the abortion procedures until the seventy-two-hour period has expired; or until expiration of the twenty-four-hour period applicable in the case of a woman who has given prior certification in writing that she currently lives one hundred fifty miles or more from the nearest licensed outpatient abortion facility to her residence.

C. Publication of abortion alternatives and informed consent website.

(1) The department shall cause to be published in English, within one hundred twenty days after enactment of this Act, and shall update on an annual basis, or as needed, the following easily comprehensible information on a stable internet website that shall be developed and maintained by the department to inform the public of the public and private agencies and services available to assist a woman through pregnancy, upon childbirth, and while her child is dependent, including but not limited to the following information that shall indicate the agency's or service's physical address, telephone number, and web address if available:

(a) Information about public and private agencies which provide medical assistance benefits that may be available for prenatal care, childbirth, and neonatal care, and easily comprehensible information on how to apply for such benefits.

(b) Public and private pregnancy resource centers that provide information and services such as free abortion alternatives counseling, prenatal care, pantry services and parenting skills, and that do not refer, counsel, perform, induce, prescribe, or provide any means for abortion.

(c) Information about the support obligations of the father of a child who is born alive and information about the judicial enforcement of child support.

(d) Information on a separate and featured subpage of the department's website that lists facilities that provide free obstetric ultrasound services under the provisions of R.S. 40:1061.10 and this Section.

(e) Information on a separate and featured webpage created and maintained by the Department of Children and Family Services linked on the department's website, accessible

by redirecting from the domain name AdoptionOption.La.Gov, that lists public and private nonprofit adoption agencies that are not affiliated with an abortion provider, along with easily comprehensible first steps to aid a pregnant woman seeking to confidentially explore the option of placing her child for adoption, and indicating whether the adoption agency allows the woman to choose the adoptive parents.

(f) Information on the anatomical and physiological characteristics of the unborn child pursuant to the provisions of this Section, including color photographs or images consistent with the most current technology depicting the unborn child at two-week gestational increments or closer.

(g) Information describing the various methods of abortion procedures, the short-term and long-term medical risks associated with abortion, and the medical risks associated with carrying a child to term.

(h) Information on the unborn child's ability to experience pain.

(i) Video clips that convey objective and medically accurate information about abortion procedures, abortion risks, abortion alternative resources, and medically accurate information on the development of an unborn child. Video clips may be produced with the in-house resources of the department, or acquired for no cost to the state from third parties if the video is approved by the secretary as providing objective and medically accurate information.

(j) Information that helps women identify unlawful abortion coercion, including but not limited to resources or hotlines that a minor or adult woman may call if she is experiencing actual or threatened physical abuse or violence, loss of employment or employment privileges, loss of eligible social assistance, loss of educational scholarship, or loss of legally protected financial support or housing.

(k) Information to assist minors who are considering abortion, including parental consent information, and resources to help minors seek the protection of state child welfare services, temporary guardianship, or law enforcement authorities to report abuse as defined in Children's Code Article 603. The information designed to assist minors shall also include a link to pregnancy resource centers as defined in Subparagraph (1)(b) of this Subsection.

(2) The home page of the department's main website shall feature a button or other link which accesses the department's abortion alternatives and informed consent website, and the home page of such website shall feature user-friendly buttons that link to the information required in this Section. The department shall ensure that the resources described in this Section are comprehensive and user-friendly, and that they do not directly or indirectly promote, exclude, or discourage the use of any agency or service described in this Section.

(3) No information regarding who uses the website shall be collected or maintained.

The department shall monitor the website to prevent and correct tampering and shall immediately notify abortion providers of any change of the website address.

(4) The search capabilities on the department's main website shall ensure that entering the term "abortion" yields the website and information required by this Section, regardless of how the information is labeled.

(5) The information on the department's abortion alternatives and informed consent

website shall be printable. The printed materials required in Subsection D of this Section shall be available to download from the website in a portable document format without cost. The download of such information shall not be deemed to satisfy the requirements of Subsection B of this Section.

(6) The department's abortion alternatives and informed consent website shall be accessible to the public without requiring registration or use of a user name, a password, or any user identification.

(7) The department's abortion alternatives and informed consent website shall have the capability of detecting when it is being accessed by a mobile device and shall have the capability of converting to a platform designed to be easily viewable on mobile devices.

(8) If an abortion provider has a website, the abortion provider's internet website home page shall include a prominent link to the department's abortion alternatives and informed consent website.

D. Publication of printed materials. The department shall cause to be published, within one hundred twenty days after enactment of this Act and shall update on an annual basis or as needed, the following printed materials, which shall also be included as printable portable document format documents from the department's website:

(1) The signs provided for in the Forced Abortion Prevention Sign Act, R.S. 40:1061.15.

(2)(a) A list arranged geographically of Louisiana-based public or private nonprofit agencies, including the name, physical address, website address if available, and telephone number of each of the following:

(i) Entities that offer obstetric ultrasounds free of charge.

(ii) Entities that offer free and confidential counseling to a woman considering placing her child for adoption, along with the information provided pursuant to Subparagraph (C)(1)(e) of this Section.

(b) The lists provided for in this Subsection shall not include any facility that counsels, refers, performs, induces, prescribes, or provides any means for abortion.

(3) A printed booklet that features the web address of the department's dedicated pregnancy resource website printed in a bold large typeface. The booklet shall contain an outline of the various topics on the website as provided in Subsection C of this Section along with an explanation that more detailed information can be found at the department's website. The printed booklet shall state that it is unlawful for any individual to coerce a minor or adult woman to undergo an abortion, that any physician who performs an abortion upon a woman without her informed consent may be liable to her for damages in a civil action at law, and that the law permits adoptive parents to pay costs of prenatal care, childbirth, and neonatal care.

(a) The department's website and printed booklet shall include the following statements:

(i) "There are many public and private agencies willing and able to help you to carry your child to term, and to assist you and your child after your child is born, whether you choose to keep your child or to place her or him for adoption. The state of Louisiana strongly

urges you to consult an independent physician about the risks of abortion to your physical and psychological well-being and to contact the resources provided on our website before making a final decision about abortion. The law requires that the abortion provider give you the opportunity to contact agencies like these before you undergo an abortion."

(ii) "By twenty weeks gestation, the unborn child has the physical structures necessary to experience pain. There is evidence that by twenty weeks gestation unborn children seek to evade certain stimuli in a manner which in an infant or an adult would be interpreted to be a response to pain. Anesthesia is routinely administered to unborn children who are twenty weeks gestational age or older who undergo prenatal surgery."

(b) The printed booklet shall include materials that inform the pregnant woman of the probable anatomical and physiological characteristics of the unborn child at a minimum of two-week gestational increments from fertilization to full term, including color photographs or medical images consistent with the most current technology depicting the development of unborn children, and any relevant information on the possibility of the unborn child's survival; provided that any such color photographs or images shall contain the dimensions of the unborn child and shall be medically accurate. The materials shall be objective, nonjudgmental, and designed to convey only accurate scientific information about the unborn child at the various gestational ages. The material shall also contain objective information describing the methods of abortion procedures, the short-term and long-term medical risks associated with abortion as supported by peer-reviewed medical journals, and the medical risks associated with carrying a child to term.

(4) A certification form to be used by physicians or their agents as provided in this Section, which will list all the items of information which are to be given to women by physicians or their agents as required by this Section.

E. The materials provided for in Subsection D of this Section shall be printed in a typeface large enough to be clearly legible, and shall be available at no cost from the department upon request and in appropriate number to any person, facility, or hospital. The department's abortion alternatives and informed consent website shall contain information on ordering printed materials. The department shall promulgate rules and regulations relative to the methods of distribution of printed materials.

F. Medical emergency. Where a medical emergency compels the performance of an abortion, the physician shall orally inform the woman, before the abortion, if possible, of the medical indications supporting his judgment that an abortion is necessary to avert her death or to avert substantial and irreversible impairment of a major bodily function.

G. Reporting requirements. Any physician who has provided the information and materials to any woman in accordance with the requirements of this Section shall provide to the department:

(1) With respect to a woman upon whom an abortion is performed, all information as required by R.S. 40:1061.21 as well as the date upon which the information and materials required to be provided under this Section were provided, as well as an executed copy of the certification form required by this Section.

(2) With respect to any woman to whom the printed and oral information and

materials have been provided in accordance with this Section, but upon whom the physician has not performed an abortion, the name and address of the facility where the required information was provided and if executed by the woman, a copy of the certification form required by this Section.

H. Criminal penalties.

(1) Any person who intentionally, knowingly, or recklessly fails to comply with all the requirements of this Section shall be subject to the penalties provided in R.S. 40:1061.29.

(2) No physician shall be guilty of violating this Section if he or she can demonstrate, by a preponderance of the evidence, that he or she reasonably believed that furnishing the required information would have resulted in a severely adverse effect on the physical or mental health of the pregnant woman, provided that the pregnancy is terminated in a licensed hospital and that it is necessary, as certified with supporting medical reasons by the physician in the woman's medical record, to avert the woman's death or avoid serious risk of substantial and irreversible impairment of a major bodily function, or to induce the premature delivery of an unborn child who is eighteen weeks gestational age or greater when the physician has made a good faith medical judgment that the unborn child's medical condition is such that there is no realistic possibility of maintaining the life of the unborn child outside the womb even if the unborn child were to be delivered after a full-term pregnancy.

I. Limitation on civil liability. Any physician who complies with the provisions of this Section may not be held civilly liable to his patient for failure to obtain informed consent to the abortion under this Section. Any and all other rights and remedies are preserved to the patient.

J. Construction.

(1) Nothing in this Section shall be construed as creating or recognizing a right to abortion.

(2) It is not the intention of this Section to make lawful an abortion that is unlawful upon the effective date of this Act, or which later becomes unlawful.

(3) The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.17.1 — Development of AdoptionOption.La.Gov website; task force

ment concerning the preparation of the printed and internet materials provided for in R.S. 40:1061.17(C)(1)(e) and (D), and to develop public education initiatives to publicize the information in a manner consistent with state law. The task force shall be composed of the following members:

(1) Not more than two licensed clinical social workers licensed by the Louisiana State Board of Social Work Examiners, each of whom shall have experience in assisting birth mothers in navigating the adoption process, appointed by the governor.

(2) Not more than two Louisiana residents who provide pre-abortion or post-abortion counseling in association with a nonprofit organization that does not counsel for or provide abortion, appointed by the governor.

(3) Not more than two attorneys licensed in Louisiana and employed by nonprofit organizations who specialize in advocacy for women at risk of being coerced into abortion, or who specialize in navigating the adoption process, appointed by the governor.

- (4) Not more than two Louisiana residents who are employed by public or private nonprofit adoption agencies, appointed by the governor.
- (5) Not more than two executive directors of Louisiana nonprofit organizations that promote adoption as an alternative to abortion, or their designees.
- (6) Two members of the Senate appointed by the president.
- (7) Two members of the House of Representatives appointed by the speaker.
- (8) The secretary of the Louisiana Department of Health or his designee, who shall serve as a co-chairperson of the task force.
- (9) The secretary of the Department of Children and Family Services or his designee, who shall serve as a co-chairperson of the task force.

RS 40:1061.18 — Abortion sought due to rape or certain acts of crime against nature; reporting and
gnancy resulting from an alleged act of rape, prior to the abortion all of the following requirements shall be met:

- (1) The rape victim shall report the rape to a law enforcement official unless the treating physician certifies in writing that in the physician's professional opinion, the victim was too physically or psychologically incapacitated to report the rape.
- (2) The victim certifies that the pregnancy is the result of rape, which certificate shall be witnessed by the treating physician.

B. Whenever an abortion is being sought pursuant to R.S. 40:1061.6 to terminate a pregnancy resulting from an alleged act of crime against nature as defined by R.S. 14:89(A)(2), prior to the abortion all of the following requirements shall be met:

- (1) The victim of crime against nature as defined by R.S. 14:89(A)(2) shall report the act to a law enforcement official unless the treating physician certifies in writing that in the physician's professional opinion the victim was too physically or psychologically incapacitated to report the act.
- (2) The victim certifies that the pregnancy is the result of crime against nature as defined by R.S. 14:89(A)(2), which certificate shall be witnessed by the treating physician.

C. The failure of the victim to comply with Subsection A or B, as applicable, shall not subject the victim to the provisions of R.S. 40:1061.28.

D. Whenever an abortion is being sought pursuant to R.S. 40:1061.6 to terminate a pregnancy resulting from an alleged act of rape or crime against nature as defined by R.S. 14:89(A)(2), the victim may request spiritual counseling and shall be offered the same informed consent information, without the seventy-two-hour or twenty-four-hour delay, whichever may be applicable pursuant to R.S. 40:1061.17(B), prior to the performance of the abortion.

RS 40:1061.19 — Records

e an

abortion is performed or induced, the administrator of an abortion facility, each abortion facility, and each owner of an abortion facility shall have an independent duty to ensure that a designated custodian of records for the facility obtains, retains, and makes part of the medical record of each pregnant woman upon whom an abortion is performed or induced at least one copy of each of the following documents:

- (1) The certificate required by R.S. 40:1061.13.
- (2) If the pregnant woman is an unemancipated minor, one of the following:
 - (a) A notarized consent form and copies of identification as provided for in R.S. 40:1061.14(A)(1).
 - (b) A court order required by R.S. 40:1061.14(B), if applicable.
- (3) The consent form required by R.S. 40:1061.17.
- (4) The reports required by R.S. 40:1061.21.
- (5) The certificate required by R.S. 40:1061.23, if applicable.
- (6) The signed certification form provided for in R.S. 40:1061.16(C) indicating that the woman or minor female acknowledged receipt of informational materials concerning psychological impacts, illegal coercion, abuse, and human trafficking.
- (7) Any report made pursuant to Title VI of the Children's Code and any other report made to law enforcement in relation to the patient.

B. The individuals listed in Subsection A of this Section and the abortion facility shall each have an independent duty to ensure that the custodian of records for the abortion facility where the abortion was performed or induced retains the documents required in Subsection A of this Section for not less than seven years for adult patients and not less than ten years from the age of majority for minor patients. The ten-year period for minors shall begin to run when the patient attains the age of eighteen; provided, however, that in any case where the patient has reported facts that would require reporting under Title VI of the Children's Code, the retention period shall be thirty years.

C. For purposes of this Section, "owner" shall include each person with an ownership interest totaling five percent or more in an abortion facility.

D.(1) Any person who intentionally or negligently fails to comply with the requirements of this Section or any duty recognized therein shall be subject to the penalties provided for in R.S. 40:1061.29.

(2) Any abortion facility that fails to comply with the requirements of this Section or any duty recognized therein shall be subject to the penalties provided for in R.S. 40:1061.29.

(3) Each medical record that does not include the documents identified in Subsection A of this Section, or which is not retained for the time specified in Subsection B of this Section, shall constitute a separate incidence or occurrence for purposes of R.S. 40:1061.29, and shall constitute a continuing violation until the relevant retention period specified in Subsection B of this Section has expired.

E.(1) In addition to the remedies provided in this Section and any other remedies available under the laws of this state, a person listed in Subsection A of this Section who, either intentionally or with negligence, fails to obtain, make part of a medical record, or retain any document in compliance with this Section may be temporarily or permanently disqualified from performing or inducing an abortion, applying for a medical facility license, or otherwise operating or managing a medical facility in this state.

(2) For purposes of this Subsection, "operating" or "managing" shall include acting as an owner, governing board member, physician, medical director, administrator, or in any

comparable role or title in which the individual has executive responsibility for the medical facility or has professional medical responsibility for patient care.

F. Each abortion facility, as a condition of obtaining and maintaining a license under R.S. 40:2175.1 et seq., shall establish a written record retention and archiving policy, which shall be submitted within thirty days of June 22, 2019, to the department. The department shall review and approve the policy within ninety days of its receipt. During the pendency of the ninety days, the facility shall be deemed in compliance with this Section and if the department fails to act within ninety days of receipt of the proposed policy, the policy shall be deemed approved. The policy shall be signed by the individuals identified in Subsection A of this Section who shall acknowledge their legal obligations and acknowledge receiving a copy of the policy.

G. A person may comply with this Section by depositing a copy of each document required by Subsection A of this Section with the department in an organized and readily accessible format. The department shall have a cause of action against the persons identified in Subsection A of this Section for the reasonably anticipated cost of storing the documents for the required period of time, for which those persons shall be liable in solido.

H. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.20 — Conscience in health care protection; definitions

violates his conscience to the extent that patient

access to health care is not compromised. No person shall be held civilly or criminally liable, discriminated against, dismissed, demoted, or in any way prejudiced or damaged for declining to participate in any health care service that violates his conscience.

(2) This Section shall not prevent an inquiry by an employer or patient regarding whether a person declines to participate in any health care service that violates its conscience.

When a patient requests health care services, a person shall identify, in writing, as soon as practicable, his declination to provide a service in accordance with the provisions of this Section. All persons who have a sincerely held religious belief or moral conviction and who seek employment at a health care facility shall notify the prospective employer of the existence of any sincerely held religious belief or moral conviction. Any health care facility that employs a person with a sincerely held religious belief or moral conviction shall ensure that the health care facility has sufficient staff to provide patient care in the event an employee declines to participate in any health care service that violates his conscience.

(3) The provisions of this Section shall not be construed to relieve any health care provider from providing emergency care as required by state or federal law.

(4) A person shall notify his employer in writing as soon as practicable of any health care service that violates his conscience. A person shall notify any patient before such person provides any consultation or service to the patient of the existence of a health care service that he will decline to provide because the health care service violates his conscience.

B. For purposes of this Section:

(1) "Conscience" means sincerely held religious belief or moral conviction.

(2) "Health care service" is limited to abortion, dispensation of abortifacient drugs, human embryonic stem cell research, human embryo cloning, euthanasia, or physician-assisted suicide.

C. A suit alleging a violation of this Section shall be brought in a district court in accordance with R.S. 23:303.

D. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.21 — Reports

the name or address of the woman. The report shall include all of the following:

(1) Patient number.

(2) Name and address of the facility at which the abortion was performed or induced.

(3) Date of abortion.

(4) The parish and zip code, if any, in which the pregnant woman resides.

(5)(a) Age of pregnant woman.

(b) If the pregnant woman is a minor, the report shall include all of the following:

(i)(aa) A notation of whether the abortion was performed pursuant to either notarized parental consent or a judicial bypass order as provided for in R.S. 40:1061.14.

(bb) If the abortion was performed pursuant to a judicial bypass order as provided for in R.S. 40:1061.14, the report shall indicate the judicial district of the court that issued the order.

(ii) A notation indicating whether or not the physician or any other staff member of the abortion facility suspected that the minor was the victim of any form of child abuse or neglect and filed a report of such abuse or neglect in accordance with Children's Code Article 610.

(c) If the pregnant woman is a minor and the abortion was performed pursuant to a judicial bypass order as provided for in R.S. 40:1061.14, the report shall include all of the following:

(i) A notation indicating whether or not the minor was required to participate in an evaluation and counseling session with a mental health professional from the Louisiana Department of Health or a staff member from the Department of Children and Family Services as provided for in R.S. 40:1061.14(B)(3)(b).

(ii) A notation indicating whether or not the court issued a protective order for the minor, afforded her the continued services of a court-appointed special advocate, or did both, as authorized in R.S. 40:1061.14(B)(4)(c).

(iii) A notation of whether the judicial bypass was granted because of a finding that the minor girl was mature and capable of giving informed consent, as provided for in R.S. 40:1061.14(B)(4)(b).

(iv) A notation of whether the judicial bypass was granted because of a finding that the performance of the abortion without parental notification and consent was in the best interest of the minor, as provided for in R.S. 40:1061.14(B)(6).

(v) A notation of whether or not the physician or any other staff member of the abortion facility referred the woman to any licensed professional for post-abortion counseling.

(vi) A notation of whether or not the physician or any other staff member of the abortion facility referred the woman to the Louisiana Department of Health or the Department of Children and Family Services for any health services or other human services.

- (6) Race.
- (7) Marital status.
- (8) Number of previous pregnancies.
- (9) Educational background.
- (10) Number of living children.
- (11) Number of previous induced abortions.
- (12) Date of last induced abortion.
- (13) Date of live birth.
- (14) Method of contraception at time of conception, if any.
- (15) Date of beginning of last menstrual period.
- (16) Medical condition of woman at time of abortion.
- (17) Rh type of pregnant woman.
- (18) A photographic print or image produced as the result of the ultrasound test required by R.S. 40:1061.10(D).
- (19) Type of abortion procedure.
- (20) Reason for abortion.
- (21) Complications by type.
- (22) Type of procedure done after the abortion.
- (23) Type of family planning recommended.
- (24) Type of additional counseling given.
- (25) Signature of attending physician.
- (26) Copies, with the name and address obliterated, of the election forms, certificates, and consent forms required pursuant to the provisions of this Chapter.

B. An individual complication report for any post-abortion care performed upon a woman shall be completed by the physician providing such post-abortion care. The report shall include:

- (1) The date of the abortion.
- (2) The name and address of the facility where the abortion was performed or induced.
- (3) The nature of the abortion complication diagnosed or treated.
- (4) The name and address of the facility where the post-abortion care was performed.

C. All abortion reports shall be signed by the attending physician and submitted to the Louisiana Department of Health within thirty days after the date of the abortion. All complication reports shall be signed by the physician providing the post-abortion care and submitted to the Louisiana Department of Health within thirty days after the date of the completion of the post-abortion care.

D.(1) The Louisiana Department of Health shall be responsible for collecting all abortion reports and complication reports and collating and evaluating all data gathered therefrom, and shall annually publish a statistical report based on such data from abortions performed in the previous calendar year.

(2) The annual report required by this Subsection shall include a special section addressing abortions performed on minors. This section of the report shall feature, at

minimum, a compilation of the information required by the provisions of Paragraph (A)(5) of this Section to be included in individual abortion reports.

E. The Louisiana Department of Health shall, on a quarterly basis, provide to the Department of Children and Family Services and to the attorney general copies of all abortion reports in which a minor pregnant woman under the age of thirteen received an abortion.

F. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.22 — Forms

the provisions of this Chapter.

B. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.23 — Emergency

immediate threat and grave risk to the life or serious health risk to the unborn child's mother. Within twenty-four hours, the attending physician shall certify to the medical emergency for the abortion and shall enter such certification in the medical record of the pregnant woman.

RS 40:1061.24 — Experimentation

mentation

is therapeutic to the unborn child or child.

B. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.25 — Remains; disposal in accordance with applicable regulations; post-abortion

ich does not result in

a live birth shall ensure that the remains of the child are disposed of by interment or cremation, in accordance with the provisions of R.S. 8:651 et seq., except in the case of an abortion induced by the administration of medications when the evacuation of any human remains occurs at a later time, neither in the presence of the inducing physician nor at the facility in which the physician administered the inducing medications.

(2) The department shall promulgate in accordance with the Administrative Procedure Act all rules as are necessary to facilitate the transfer and burial of aborted human remains in a manner consistent with the transfer and burial of unclaimed human remains.

B. With respect to post-abortion harvesting of fetal organs, tissues, and cells, the legislature hereby finds the following:

(1) The United States Supreme Court decision of

Roe v. Wade, 410 U.S. 113, 93

S.Ct. 705, 35 L.Ed. 2d 147 (1973)

, and its progeny establish a constitutionalized right of a

woman to choose to terminate her pregnancy. However, the court has never endorsed a right to harvest the body parts of unborn human beings, whether for profit or donation.

(2) The protocol known commonly as the "dead donor rule" is a longstanding ethical norm that protects the integrity of human organ donation by providing that organ donors must be dead before procurement of organs begins, and that organ procurement itself must not cause the death of the donor. The harvesting of organs, tissues, and cells from unborn

children whose deaths are directly caused by induced abortion violate the dead donor rule in both respects due to the following conditions:

- (a) The unborn children are alive when the fetal repositioning and crushing point decisions are made by the abortion provider with the goal of procuring intact fetal hearts, lungs, livers, brains, and other organs and tissues.
- (b) The repositioning of the fetus and crushing above and below the thorax to procure intact fetal organs, tissues, and cells is itself the cause of death of the human being from whom the organs are then harvested.
- (c) The human being whose fetal organs are procured does not have the capacity to consent to organ donation, and proxy consent for donation by the unborn child's mother is invalid given that the unborn child is alive at the time the consent forms are signed.
- (3) The practice of presenting fetal organ donation forms to pregnant women considering their options constitutes unethical undue influence and coercion, and amounts to an incentive to actively participate in the killing of a living human being for the speculative and attenuated benefit of helping researchers.
- (4) Regardless of whether prior proxy consent obtained from the mother is ethical and proper for an unborn child whose death is imminent due to natural miscarriage, it is a gross violation of ethical norms to unduly coerce a mother who is considering pregnancy options to directly participate in the decision to cause the death of her living unborn child for the speculative and attenuated benefit that may come from scientific experimentation.
- (5) States are free to ban the practice of selling or donating the bodies of human beings killed by abortion because federal law does not preempt that area of law. Particularly, 42 U.S.C. 289g-1(e) allows for the conduct of fetal tissue transplantation only in accordance with applicable state and local law.

C.(1) Except as provided in Subsection D of this Section, it shall be unlawful for any person or entity to buy, sell, donate, accept, distribute, or otherwise transfer or use for any purpose the intact body of a human embryo or fetus whose death was knowingly caused by an induced abortion, or the human organs, tissues, or cells obtained from a human embryo or fetus whose death was knowingly caused by an induced abortion.

(2) Whoever violates the provisions of this Subsection shall be subject to civil penalties relative to abortion, generally, provided in R.S. 40:1061.29.

D.(1) Nothing in this Section shall be construed to prohibit final disposition of the bodily remains of the aborted human being in accordance with state law, or to prohibit any conduct permitted under state law that is undertaken with any of the following purposes:

- (a) The purpose of providing knowledge solely to the mother, such as for pathological or diagnostic purposes.
- (b) The purpose of providing knowledge solely to law enforcement officers, such as the case of an autopsy following a feticide.

(2) Nothing in this Section shall be construed to prohibit any transaction related to the donation of bodily remains from a human embryo or fetus whose death was caused by a natural miscarriage or stillbirth, in accordance with the guidelines and prohibitions provided in applicable state and federal law.

E. Nothing in this Section shall be construed to alter generally accepted medical standards, affect existing federal or state law regarding the practice of abortion, or to create or recognize a right to abortion.

F. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.26 — Instructions to be provided subsequent to abortion

atient with specific oral and written

medical instructions to be followed by that patient in order to ensure her safe recovery from the abortion.

B. The provisions of R.S. 40:1061.1 shall apply to this Section.

RS 40:1061.27 — Repealed by Acts 2022, No. 545, §4.

aton Rouge, Louisiana 70804-9062

RS 40:1061.28 — Partial birth abortion; civil action against abortionist

is necessary because of a medical emergency or

to save the life of the mother.

B. Repealed by Acts 2022, No. 545, §4.

C. Any person who is not a physician or not otherwise legally authorized by the state to perform abortions, but who nevertheless directly performs a partial birth abortion, shall be subject to the provisions of this Section.

D. There is hereby created a cause of action for civil damages for injuries and wrongful death as more fully set forth in Louisiana Civil Code Articles 2315.1 and 2315.2, except that such causes of action shall only be maintained by the following persons:

(1) The natural or biological father of the aborted infant or fetus, unless such father's criminal conduct caused the pregnancy.

(2) The mother of the aborted infant or fetus, unless the mother is a person of the full age of majority and consented to the partial birth abortion.

(3) The parents or guardian on behalf of the mother of the aborted infant or fetus if the mother was a minor at the time of the abortion, unless the parents or guardian consented to the partial birth abortion.

E.(1) A physician charged with an offense under this Section may seek a hearing before the Louisiana State Board of Medical Examiners on whether the physician's conduct was necessary to save the life of the mother whose life was endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself.

(2) The findings on that issue are admissible on that issue at the trial of the physician.

Upon motion of the physician, the court shall delay the beginning of the trial for not more than thirty days to permit such hearing to take place.

RS 40:1061.29 — Penalties

or

both.

B. Whoever violates the provisions of this Chapter shall be subject to a civil fine of one thousand dollars per incidence or occurrence. In addition to any other authority granted

by the constitution and laws of this state, the attorney general shall have the authority to pursue the civil fines provided for in this Section.

C. In addition to whatever remedies are otherwise available under the law of this state, failure to comply with the provisions of this Chapter shall:

(1) Provide a basis for a civil malpractice action. Such an action may be brought by the woman upon whom the abortion was performed. Any intentional violation of this Chapter shall be admissible in a civil suit as prima facie evidence of a failure to comply with the requirements of this Chapter. When requested, the court shall allow a woman to proceed using solely her initials or a pseudonym and may close any proceedings in the case and enter other protective orders to preserve the privacy of the woman upon whom the abortion was performed.

(2) Provide a basis for professional disciplinary action, including but not limited to any action authorized under R.S. 37:1261 et seq.

(3) Provide a basis for recovery for the woman for the death of her unborn child under Civil Code Article 2315.2, whether or not the unborn child was viable at the time the abortion was performed, or was born alive.

(4) Provide a basis for the attorney general, the district attorney in whose jurisdiction the violation occurred, or the secretary of the department to obtain a writ of injunction, which shall not be subject to being released upon bond. The trial of the proceeding shall be summary and by the judge without a jury.

RS 40:1061.30 — Suspension or revocation of license; grounds; action to close outpatient abortion
patient abortion facilities to the provisions of R.S. 40:2175.6 regarding license suspension or revocation:

(1) Systematically, intentionally, or deliberately falsifying or destroying patient files or records in violation of R.S. 40:1061.17.

(2) Completing in advance of an appointment with a woman seeking abortion any portion of patient records or forms required by R.S. 40:1061.17 to include patient-specific data or a physician's signature.

B. The provisions of R.S. 40:2175.9 and R.S. 40:2175.10 shall apply to this Chapter.

RS 40:1061.31 — Compatible with Love Empowerment Act

der who gave the

diagnosis shall provide to the woman an informational document that includes resources, programs, and services for pregnant women and resources, programs, and services for infants and children born with disabilities.

B. The Louisiana Department of Health shall develop an informational document to comply with the mandate established in this Section to include resources, programs, and services for a pregnant woman whose unborn child has been diagnosed with a fetal abnormality and resources, programs, and services for infants and children born with disabilities and shall make such information available to any requesting provider of women's health care services and shall maintain the information on a link on the department's website. The information shall include the availability of perinatal hospice and palliative care and pediatric hospice and palliative care services located in Louisiana, nonprofit organizations

that provide support to women who carry a child to term in these situations, and mental health services in Louisiana to support the mother and father of the child. The informational document provided for in this Section may be merged with the informational document mandated by R.S. 40:1061.1.4.

C. The provisions set forth in Subsection B of this Section shall include specific instructions on how and where families of children with disabilities may apply for financial assistance and financial benefits made available via the Medicaid program in this state and similar programs.

RS 40:1071 — Statement of purpose

provide leadership

in the development and implementation of systems of care for the provision of medical, surgical, corrective, social, and other services and facilities for the diagnosis, hospitalization, and follow-up care which are family-centered, community-based, coordinated, and culturally competent for children with special health care needs, the Louisiana Department of Health, office of public health, is designated the agency of the state, through a program known as "Children's Special Health Services", to cooperate with the United States under the terms of Title V of the Social Security Act or any amendment thereof relating to services to these children, and to receive and expend federal monies for such services.

B.(1) The legislature hereby declares that one of the most serious problems facing medicine and the public health and welfare today is the absence of an adequate program to assist in the treatment, habilitation, and rehabilitation of persons suffering from spina bifida and other congenital or acquired spinal cord dysfunctions. Furthermore, it has been found that a fully coordinated approach to early identification is presently lacking, and yet is essential for guaranteeing the minimization of permanent disability.

(2) Therefore, in order to afford each citizen of the state of Louisiana every opportunity to develop his or her fullest human potential, it is a purpose of this Part to provide a comprehensive, coordinated approach to the care and treatment of spinal cord dysfunctions.

RS 40:1071.1 — Definitions

which require services beyond routine and basic care. This includes children with disabilities, handicapping conditions, and chronic illnesses of sufficient severity to cause or to be likely to cause impairments which could significantly limit major life activities.

(2) "Department" means the Louisiana Department of Health.

(3) "Multidisciplinary team" means a coordinated group of various professionals who meet jointly to provide care and treatment for persons with spinal cord dysfunction.

(4) "Spinal cord disabled" means any individual under the age of twenty-one who has a spinal cord disease, injury, neural tube defect, or hydrocephalus, whether congenital or acquired, which results in partial or total loss of motor or sensory functions, or both, and which results in partial or total disability, whether such disability is temporary or permanent. This definition shall include spina bifida and other diseases of the spinal column.

RS 40:1071.2 — Program for combating spinal cord disabilities; establishment

promulgate any such rules and regulations as may be

necessary to place the plan into effect. Any such plan may provide for:

- (1) The administration of the plan by the office of public health.
- (2) The office of public health to make any reports as may be required by the federal government.
- (3) Accomplishing the purposes provided in R.S. 40:1071.
- (4) Cooperation with medical, health, nursing, social work, and welfare groups and organizations which provide services to children with physical disabilities.
- (5) Such other provisions as may be deemed necessary to carry out the purposes of this Part.

B. The secretary of the Louisiana Department of Health shall establish within the office of public health a comprehensive program designed to provide for the coordinated treatment, habilitation, and rehabilitation of persons suffering from congenital or acquired spinal cord dysfunctions. The secretary shall promulgate rules and regulations necessary to carry out the provisions of this Part in accordance with the Administrative Procedure Act.

RS 40:1071.3 — Program functions and responsibilities

- (1) Provide for the oversight of the regional multidisciplinary teams established pursuant to R.S. 40:1071.4, the coordination of statewide care, and which shall serve as an avenue for communication among the teams.
- (2) Collect and disseminate information concerning the latest proven advances in treatment methods for spinal cord dysfunctions.
- (3) Work with all appropriate agencies, organizations, and individuals throughout the state to develop a fully integrated statewide network of coordinated services for persons with spinal cord disabilities, providing for all needed services, including but not limited to early detection, all phases of emergency care, habilitation, rehabilitation, and follow-up care.
- (4) Identify all possible and existing funding sources and other resources for each service identified in the treatment plan for an individual for which he may be eligible and assist such individual in obtaining the necessary funds from existing sources.
- (5) Assist appropriate public and private agencies and individuals in development of proposals for submission to the proper authorities for obtaining all available federal, state, and private monies which could be applied towards the objectives of the program.
- (6) Develop and implement a system for the early identification of persons with congenital spinal cord disabilities and for referral of such persons for assistance, including establishment of a voluntary central registry of such persons; and develop and implement a system for the early identification of persons with acquired spinal cord disabilities, for the referral of such persons for assistance, and for the mandatory reporting of spinal cord injuries to a central registry without regard to the age of the injured person.
- (7) Develop standards for determining financial eligibility for assistance in defraying the cost of care and treatment of spinal cord dysfunctions.
- (8) Inform parents of children with spinal cord disabilities, citizens, families, and agencies of the availability of programs and services.
- (9) Identify and cooperate with existing agencies, organizations, and individuals

offering services to persons with spinal cord disabilities.

(10) Identify service needs which cannot be adequately met by existing agencies.

(11) Repealed by Acts 1993, No. 468, §2, eff. June 9, 1993.

RS 40:1071.4 — Multidisciplinary teams; establishment; personnel

each team having a designated area of

responsibility within the state. Each such team shall constitute a regional spinal cord disabilities treatment center. Each team shall develop channels of referral using local community services within its respective area, so that each local physician and the families of individuals with spinal cord dysfunctions within each region can be made aware of the availability of the team, its goals, and its methods.

B. Each multidisciplinary team shall include but not be limited to the following:

(1) A medical coordinator, preferably a pediatrician.

(2) A neurosurgeon.

(3) An orthopedist.

(4) A urologist.

(5) A registered nurse.

(6) A social worker.

(7) A physical therapist.

C. The team may also consist of such other professionals as geneticists, stoma therapists, occupational therapists, nutritionists, psychologists, a special educator, and a vocational rehabilitation counselor. Other specialists may, from time to time, be called upon from other areas of expertise as needed, but need not be team members.

RS 40:1071.6 — Obesity; criteria for classification as a disease

here a person's body mass index (BMI) is

27 kg/m

2

or greater and the person suffers from one or more of the following conditions or diseases:

(1) Type II diabetes.

(2) Impaired glucose tolerance.

(3) Hyperinsulinemia.

(4) Dyslipidemia.

(5) Hypertension.

(6) Cardiovascular disease.

(7) Gastric reflux disease.

(8) Gall bladder disease.

(9) Osteoarthritis of the hips or knees.

(10) Sleep apnea.

(11) Cerebrovascular disease.

RS 40:1073.1 — Definitions

(2) "Early intervention services" means services that are designed to meet the

developmental needs of an infant or toddler with a disability, in any one or more of the following areas:

- (a) Physical development.
 - (b) Cognitive development.
 - (c) Communication development.
 - (d) Social or emotional development.
 - (e) Adaptive development.
- (3) "Early intervention services provider" means any provider of early intervention services to infants and toddlers with disabilities and their families. "Early intervention services provider" includes but is not limited to the following:
- (a) Special educators.
 - (b) Speech-language pathologists and audiologists.
 - (c) Occupational therapists.
 - (d) Physical therapists.
 - (e) Psychologists.
 - (f) Social workers.
 - (g) Nurses.
 - (h) Registered dietitians.
 - (i) Family therapists.
 - (j) Vision specialists, including ophthalmologists and optometrists.
 - (k) Orientation and mobility specialists.
 - (l) Pediatricians and other physicians.

RS 40:1073.2 — Velocardiofacial syndrome and 22q11.2 deletion syndrome; dissemination of
ofacial

syndrome and 22q11.2 deletion syndrome to each early intervention services provider in this state.

B. Each early intervention services provider may offer the materials to parents of a child who is known by the provider to have at least two of the following conditions:

- (1) Hypotonicity.
- (2) Communication delay.
- (3) Articulation disorder.
- (4) Resonance disorder.
- (5) Nasal regurgitation during feeding as an infant with no history of a cleft palate.
- (6) Recurrent ear infections as well as diagnosis of cardiac anomaly, feeding disorder, cleft palate, or submucosal cleft palate.
- (7) Fine motor or gross motor skills delay.

C.(1) The department shall develop the materials required pursuant to this Section using medically accurate, peer-reviewed literature.

(2) The materials made available by the department pursuant to this Section shall include, at a minimum, all of the following:

- (a) An explanation of velocardiofacial syndrome and 22q11.2 deletion syndrome symptoms, diagnosis, and treatment options.

(b) Information on relevant state agency and nonprofit resources, parent support groups, and available Medicaid waiver programs.

(c) A recommendation for follow-up with a healthcare provider for evaluation of the underlying etiology and an explanation that the existence of any of the conditions listed in Subsection B of this Section will not necessarily result in a diagnosis of velocardiofacial syndrome or 22q11.2 deletion syndrome.

D. The department may adopt, in accordance with the Administrative Procedure Act, any rules and regulations necessary to implement this Section.

E. In developing the materials required by this Section, the department may utilize any available resources for the purposes of minimizing costs to the department.

RS 40:1075.1 — Short title

01 by HCR 84 of 2015

R.S.

RS 40:1075.2 — Legislative intent

most common cause of death in children over the age of one, and children have a high death rate in these emergency situations.

(2) Children react differently than adults to stress, metabolize drugs differently, and suffer different illnesses and injuries. Because of these differences, children's emergency medical needs should be recognized.

(3) Emergency medical services training programs focus on adults and, therefore, offer fewer hours of pediatric training. In addition, many emergency medical services personnel have no clinical experience with children, indicating the need to improve training of these personnel in pediatric emergencies.

(4) It is the public policy of this state that children are entitled to comprehensive emergency medical services, including pre-hospital, hospital, and rehabilitative care.

RS 40:1075.3 — Definitions

fe support functions, cardiac monitoring, cardiac defibrillation, telemetered electrocardiography, administration of antiarrhythmic agents, intravenous therapy, administration of specific medications, drugs and solutions, use of adjunctive ventilation devices, trauma care, and other techniques and procedures authorized in writing by the secretary pursuant to department regulations.

(2) Repealed by Acts 2013, No. 184, §4(B).

(3) "Basic life support" means a basic level of pre-hospital care which includes patient stabilization, airway clearance, cardiopulmonary resuscitation, hemorrhage control, initial wound care and fracture stabilization, and other techniques and procedures authorized by the secretary.

(4) "Coordinator" means the person coordinating the EMSC program.

(5) "Department" means the Louisiana Department of Health.

(6) "EMSC program" means the Emergency Medical Services for Children Program.

(7) "Emergency medical services personnel" means persons trained and certified or licensed to provide emergency medical care, whether on a paid or volunteer basis, as part of

a basic life support or advanced life support pre-hospital emergency care service or in an emergency department or pediatric critical care or specialty unit in a licensed hospital. Nothing in this Paragraph shall be deemed or construed to expand the duties or functions of emergency medical services personnel as established by other provisions of law.

(8) "Pre-hospital care" means the provision of emergency medical care or transportation by trained and certified or licensed emergency medical services personnel at the scene of an emergency and while transporting sick or injured persons to a medical care facility or provider.

(9) "Secretary" means the secretary of the Louisiana Department of Health.

RS 40:1075.4 — Emergency Medical Services for Children Program; establishment; administration; vices for Children Program.

B. The secretary shall hire a full-time coordinator for the EMSC program who:

(1) Shall implement the EMSC program.

(2) May employ professional, technical, research, and clerical staff as necessary within the limits of available appropriations.

(3) May solicit and accept grants of funds from the federal government and from other public and private sources.

C. The EMSC program shall include, but not be limited to, the establishment of the following:

(1) Initial and continuing education programs for emergency medical services personnel that include training in the emergency care of infants and children.

(2) Guidelines for referring children to the appropriate emergency treatment facility.

(3) Pediatric equipment guidelines for pre-hospital care.

(4) Guidelines for hospital-based emergency departments appropriate for pediatric care to assess, stabilize, and treat critically ill infants and children, either to resolve the problem or to prepare the child for transfer to a pediatric intensive care unit or a pediatric trauma center.

(5) Guidelines for pediatric intensive care units, pediatric trauma centers, and intermediate care units fully equipped and staffed by appropriately trained critical care pediatric physicians, surgeons, nurses, and therapists.

(6) An inter-hospital transfer system for critically ill or injured children.

(7) Pediatric rehabilitation units staffed by rehabilitation specialists and capable of providing any service required to assure maximum recovery from the physical, emotional, and cognitive effects of critical illness and severe trauma.

RS 40:1075.5 — Implementation; rules and regulations

RS 40:1077.1 — Definitions

verage, Louisiana Children's Health Insurance Program coverage, or coverage under a Louisiana Medicaid waiver program or Louisiana Medicaid managed care program.

(2) "Unique provider of health services for catastrophically ill children" means an institution designated by the National Cancer Institute as a Comprehensive Cancer Center focused solely on pediatrics and that is a children's hospital dedicated to caring for children with catastrophic illness and conducting basic and advanced research into catastrophic childhood diseases such as cancers, acquired and inherited immunodeficiencies, and genetic disorders.

RS 40:1077.2 — Reimbursement

to the

same extent that it would provide coverage for services for those children furnished within the boundaries of the state and shall ensure that reimbursement to such institution shall be equal to the reimbursement rate of in-state children's hospitals for pediatric care. Such reimbursements shall be less than five hundred thousand dollars in total expenditures in any state fiscal year.

B. Implementation of the provisions of this Part shall be subject to the appropriation of funds by the legislature for this purpose.

RS 40:1077.3 — Rules and regulations

necessary to implement the provisions of this Part. The Louisiana Department of Health shall submit to and obtain approval from the Centers for Medicare and Medicaid Services of a Medicaid State Plan Amendment that contains a reimbursement methodology that restricts payments to the annual maximum established in this Part prior to implementation of the provisions of this Part.

RS 40:1079.1 — Medical treatment

by a physician,

licensed to practice medicine in this state, when executed by a minor who is or believes himself to be afflicted with an illness or disease, shall be valid and binding as if the minor had achieved his majority. Any such consent shall not be subject to a later disaffirmance by reason of his minority.

(2) A minor may consent to medical care or the administration of medication by a hospital licensed to provide hospital services or by a physician licensed to practice medicine in this state for the purpose of alleviating or reducing pain, discomfort, or distress of and during labor and childbirth. The manner of administration of medications includes but is not limited to intravenous, intramuscular, epidural, and spinal. This consent shall be valid and binding as if the minor had achieved her majority, and it shall not be subject to a later disaffirmance by reason of her minority.

B. The consent of a spouse, parent, guardian, or any other person standing in a fiduciary capacity to the minor shall not be necessary in order to authorize such hospital care or services or medical or surgical care or services, or administration of drugs to be provided by a physician licensed to practice medicine to such a minor.

C. Upon the advice and direction of a treating physician, or, in the case of a medical

staff, any one of them, a physician or member of a medical staff may, but shall not be obligated to, inform the spouse, parent or guardian of any such minor as to the treatment given or needed, and such information may be given to, or withheld from the spouse, parent or guardian without the consent and over the express objection of the minor.

D. No hospital and no physician licensed to practice medicine in this state shall incur civil or criminal liability in connection with any examination, diagnosis and treatment authorized by this Section except for negligence.

RS 40:1079.2 — Treatment for drug abuse

ces by a physician,

licensed to practice medicine in this state, when executed by a minor who is or believes himself to be addicted to a narcotic or other drug, shall be valid and binding as if the minor had achieved his majority. Any such consent shall not be subject to a later disaffirmance by reason of his minority.

B. The consent of a spouse, parent, guardian or any other person standing in a fiduciary capacity to the minor shall not be necessary in order to authorize such hospital care or services or medical or surgical care or services to be provided by a physician licensed to practice medicine to such a minor.

C. Upon the advice and direction of a treating physician, or, in the case of a medical staff, any one of them, a physician or member of a medical staff may, but shall not be obligated to, inform the spouse, parent or guardian of any such minor as to the treatment given or needed, and such information may be given to, or withheld from the spouse, parent or guardian without the consent and over the express objection of the minor.

D. No hospital and no physician licensed to practice medicine in this state shall incur civil or criminal liability in connection with any examination, diagnosis and treatment authorized by this Section except for negligence.

RS 40:1079.3 — Donation of blood

necessary to

accomplish such donation if either of the following criteria is satisfied:

(1) The minor has reached the age of sixteen years and the written consent of the parents, legal guardian, or person who has legal authority to consent on behalf of the minor has been obtained.

(2) The minor has reached the age of seventeen years. The consent of the parents or guardian of a minor who has reached the age of seventeen years shall not be required.

B. No minor shall be compensated for the donation of his blood.

C. Consent which is obtained pursuant to this Section shall not be subject to deferments because of minority.

RS 40:1079.11 — Statement of purpose

children.

RS 40:1079.12 — Definitions

(2) "Facility" means an entity licensed by the Louisiana Department of Health that provides a broad range of diagnostic, treatment, and rehabilitation services on both a

scheduled and nonscheduled basis in an accessible residential or nonresidential setting by qualified professionals to persons and their families in need of counseling or treatment related to alcohol abuse and alcoholism, or drug abuse, or both.

(3) "Parent" shall be defined as provided in Children's Code Article 116.

(4) "Preventive alcoholism and addiction counseling", hereinafter referred to as "preventive counseling", means services, general guidance and support, or service coordination, including but not limited to individual and group counseling, support services, and education about alcohol and other drugs and their effects, which are provided by a qualified professional to prevent a child from developing or suffering from alcoholism, alcohol or drug addiction, alcohol or drug abuse, or related physical, emotional, or mental health problems.

(5) "Qualified professional" shall include:

(a) A certified substance abuse counselor or certified prevention counselor.

(b) A licensed clinical social worker, psychologist licensed under R.S. 37:2351 et seq., medical psychologist licensed under R.S. 37:1360.51 et seq., physician licensed to practice medicine by the Louisiana State Board of Medical Examiners, or licensed professional counselor.

(c) A substance abuse counselor in training or prevention counselor in training with approved supervision from a certified substance abuse counselor, licensed clinical social worker, licensed professional counselor, or certified prevention counselor.

(d) A teacher or other educational professional with specialized training in substance abuse, as outlined by the office of alcohol and drug abuse.

(e) A registered nurse who has at least one year of experience in the treatment of alcoholism, addiction, or other alcohol and drug-related problems.

(6) "School" means any public elementary or secondary school in the state of Louisiana operated by a city or parish school board or any nonpublic school approved by the State Board of Elementary and Secondary Education.

(7) "Treatment" means an active effort to accomplish an improvement in the mental condition or behavior of a child or to prevent deterioration in his condition or behavior as it relates to drug or alcohol abuse. Treatment includes but is not limited to hospitalization, partial hospitalization, outpatient services, examination, diagnosis, training, the use of pharmaceuticals, and other services as necessary to treat such abuse.

RS 40:1079.13 — Consent requirements

(1) The child requests such preventive counseling or treatment.

(2) The child withholds permission to contact a parent or parents to seek consent.

(3) A qualified professional reasonably determines in good faith and based on independent evidence that seeking parental consent would not be helpful and would be harmful to the child.

(4) The child provides a statement of his or her reason for seeking preventive counseling or treatment and provides written consent for such services.

B. When requesting a child's written consent for providing preventive counseling or treatment, the school or facility shall comply with all of the following:

- (1) Advise the child of the purpose and nature of the preventive counseling or treatment.
- (2) Inform the child that the school or facility will maintain a confidential written record of the services provided.
- (3) Inform the child that he or she may withdraw consent and cease participating in the preventive counseling or treatment at any time.

RS 40:1079.14 — Facility requirements

- maintain a written record of the reason for the preventive counseling or treatment without parental consent and a record of the attempts, if any, made to obtain such consent.
- (2) Conduct an initial assessment and evaluation of the child to determine the extent of preventive counseling or treatment services needed.
 - (3) Prepare a written plan for the provision of preventive counseling or treatment based on the individual assessment and evaluation of the child's needs.
 - (4) Provide preventive counseling or treatment in accordance with the written plan.
 - (5) Maintain a written record of the services provided to the child including periodic notes relating to the child's progress.
 - (6) When it has been determined such services are no longer necessary or the child withdraws from the program, prepare a written summary of the preventive counseling or treatment provided to the child and a statement of the child's progress and maintain such summary and statement as part of the child's records.

RS 40:1079.15 — Parental involvement in counseling

involvement of a parent, family member, or other individual close to the child. Such involvement shall be in conformity with the confidentiality requirements of R.S. 40:1079.18.

RS 40:1079.16 — Limitation of liability

Persons shall

be presumed to be acting in good faith.

B. Any qualified professional found to be acting in good faith and in compliance with the provisions of this Subpart, and absent willful and wanton misconduct, shall be immune from any liability, civil or criminal, that might otherwise be incurred or imposed as a result of action taken pursuant to this Subpart.

RS 40:1079.17 — Authorized resources

, or

volunteer services, for the purpose of providing preventive counseling services or treatment for alcohol or drug abuse.

RS 40:1079.18 — Confidentiality

regarding the provision of preventive counseling or treatment shall be confidential. No qualified professional or employee of a school or facility providing preventive counseling or treatment shall disclose any records or information in such records containing the identity of any child receiving preventive counseling or treatment except in compliance with state and federal laws and regulations.

RS 40:1081.1 — Programs for combating phenylketonuria, congenital hypothyroidism,

of Health is hereby authorized and directed to

establish, maintain, and carry out programs designed to reduce mortality and morbidity from sickle cell disease and to prevent central nervous system damage in children with phenylketonuria, congenital hypothyroidism, biotinidase deficiency, galactosemia and genetic conditions tested under the authority of R.S. 40:1081.2(B).

B.(1) The Louisiana Department of Health shall establish and maintain a diagnostic laboratory for each of the following purposes:

- (a) Conducting experiments, projects, and other undertakings as may be necessary to develop tests for the early detection of phenylketonuria, congenital hypothyroidism, galactosemia, sickle cell diseases, biotinidase deficiency, and other genetic conditions.
- (b) Developing ways or discovering methods to be used for the prevention and treatment of these diseases.

(c) Such other purposes as may be deemed necessary by the department to carry out any program adopted under the authority of this Subpart, including conducting experiments, projects, and other undertakings as may be necessary to develop tests for genetic conditions made part of the battery of tests by the Louisiana Department of Health under R.S. 40:1081.2(B).

(2) Notwithstanding the foregoing, the term "prevention" as used with respect to sickle cell anemia shall not mean mandatory sterilization or abortion.

C. The department is authorized to adopt rules and regulations necessary to carry out any program which may be established.

D. The Louisiana Department of Health shall establish a program for informing physicians and hospitals of the current medical standards for diagnosing and treating children who exhibit clinical symptoms which suggest the existence of galactosemia. This program shall be established in consultation with and shall be based on the recommendations of the Louisiana Hospital Association and the Louisiana State Medical Society.

RS 40:1081.2 — Tests

ection, cause the child to be subjected to tests for all genetic or other congenital conditions listed in the rule promulgated by the Louisiana Department of Health pursuant to Subsection B of this Section; however, no such tests shall be given to any child whose parents or guardians object thereto.

(2) If any of the tests are positive, the attending physician or person shall notify the Louisiana Department of Health.

(3) The department shall follow up all positive tests with the attending physician who notified the department thereof and with the parents of the newborn child when such notification was made by a person other than a physician, and, when confirmed, shall inform either the physician or parents or both of the services and facilities that are available from the Louisiana Department of Health and from other state boards, departments, and agencies that are cooperating with the department in carrying out the programs authorized by this Subpart. Such follow-up shall include the availability of board eligible or board certified geneticists and appropriate ancillary personnel including genetic counselors and laboratory technicians

trained to operate clinical biochemical genetics laboratory equipment. In the event there is an insufficient amount of counselors, the department shall determine which genetic tests shall be suspended until the proper number of genetic counselors are available.

(4) These services and facilities shall be made available to the extent needed by the family and physician. The Louisiana Department of Health and the other state departments and agencies cooperating with it shall, in cooperation with the attending physician, provide for the continued medical care, dietary, and other related needs of such children where necessary or desirable.

(5) The laboratory established by the Louisiana Department of Health pursuant to R.S. 40:1081.1(B) shall provide testing for each condition listed in the rule promulgated by the Louisiana Department of Health pursuant to Subsection B of this Section; however, such testing and the services and facilities required by Paragraphs (3) and (4) of this Subsection shall be subject to available funding.

B.(1) Pursuant to the rule adopted in accordance with the Administrative Procedure Act, the Louisiana Department of Health shall set forth a list of genetic or other congenital conditions for which a newborn shall be tested; however, no approved test for any genetic or other congenital condition added shall be given to any child whose parents or guardians object thereto.

(2) At least annually, the list shall be reviewed by the state health officer, in consultation with departmental genetic disease advisory subject matter experts, to determine whether additional conditions, including conditions added to the United States Department of Health and Human Services' Recommended Uniform Screening Panel (RUSP), should be recommended to the secretary of the department for inclusion therein.

(3) After adding a condition to the list by rulemaking, the Louisiana Department of Health shall request a legislative appropriation for any funding necessary for conducting the test and providing the services required in accordance with Subsection A of this Section.

(4) The department shall provide an annual report to the legislature, beginning March 1, 2024, of any condition added to the RUSP and the department's review and determination on the condition.

RS 40:1081.3 — Cooperation with the Louisiana Department of Health

visions capable of assisting or having

services and facilities for assisting the Louisiana Department of Health in carrying out any program established under the authority of this Subpart may cooperate with the Louisiana Department of Health and may furnish any such services and facilities in aid of any such program.

RS 40:1081.4 — Cooperation of physicians and hospitals

infant care to participate in any

program established by the department under the authority of this Subpart.

RS 40:1081.9 — Hemophilia; state treatment program; advisory committee

(2) "Hemophilia" shall mean a bleeding tendency resulting from a genetically determined deficiency factor in the blood.

(3) "Hemophiliac" shall mean a person suffering from hemophilia.

(4) "Secretary" shall mean the secretary of the Louisiana Department of Health, or his designated representative.

B. The Louisiana Department of Health shall establish a program for the care and treatment of persons suffering from hemophilia. This program shall assist persons who require continuing treatment with blood and blood derivatives to avoid crippling, extensive hospitalization and other effects associated with the critical, chronic bleeding condition called hemophilia, but who are unable to pay for the entire cost of such services on a continuing basis despite the existence of various types of hospital coverages, Medicare, Medicaid, other government assistance programs, and private charitable assistance programs.

C. The department shall:

(1) Develop standards for determining eligibility for care and treatment under this program.

(2) Extend financial assistance to hemophiliacs in obtaining blood and blood derivatives and concentrates, and other efficacious agents for use in hospitals, medical and dental facilities, and at home, or participate in the cost of blood processing to the extent that such support will facilitate the supplying of blood, blood derivatives and concentrates, and other efficacious agents to hemophiliac patients at an economical cost, thus increasing the effectiveness of the monies appropriated to carry out the provisions of this Section.

(3) Institute and maintain educational programs among physicians, dentists, hospitals, public health departments, schools, and the public concerning hemophilia, including dissemination of information and the conducting of educational programs concerning the methods of care and treatment of persons suffering from hemophilia.

(4) Promulgate all rules and regulations necessary to effectuate the purposes of this Section.

D. Funds shall be made available under this program without regard to race or age.

RS 40:1081.10 — Privacy of genetic information

tial medical information and

shall be excluded from reporting requirements. The results of such genetic tests shall become part of the medical record of the person tested and shall be confidential unless express written consent to their release is granted by the person tested.

RS 40:1081.11 — Krabbe disease; public information

tion provided by the department pursuant to this Section shall

include, at a minimum, all of the following:

(1) An explanation of Krabbe disease symptoms, diagnosis, and treatment options.

(2) Information on relevant state agency and nonprofit resources, parent support groups, and available Medicaid waiver services.

RS 40:1081.12 — Medicaid coverage; genetic testing of critically ill infants

shall include coverage on a fee-for-service basis for

rapid whole genome sequencing testing of an infant who is enrolled in a Medicaid managed care plan and meets all of the following criteria:

(a) Is one year of age or younger.

(b) Has a complex illness of unknown etiology.

(c) Is receiving inpatient hospital services in an intensive care unit or in a pediatric care unit.

(2) Coverage provided for the infant pursuant to this Section shall include individual sequencing, trio sequencing of the parents of the infant, and ultra-rapid sequencing.

B. The secretary of the Louisiana Department of Health shall take all actions necessary to implement the provisions of this Section, including but not limited to both of the following:

(1) Promulgation of rules and regulations in accordance with the Administrative Procedure Act to provide for Medicaid coverage pursuant to this Section.

(2) Submission to the Centers for Medicare and Medicaid Services of any new waiver application, amendment to an existing waiver, or Medicaid state plan amendment to provide for Medicaid coverage pursuant to this Section.

RS 40:1081.13 — Medicaid coverage; amino acid-based elemental formulas

the Social Security Act, 42 U.S.C. 1396 et

seq., coverage for amino acid-based elemental formulas, regardless of the formula delivery method, to treat a child aged two years or younger. Coverage applies pursuant to this Section if the child has been diagnosed by a board-certified allergist or board-certified gastroenterologist and the treating physician issues a written order stating that the amino acid-based elemental formula is medically necessary to treat the child for any of the following:

(1) Immunoglobulin E and non-immunoglobulin E mediated allergies to multiple food proteins.

(2) Severe food protein-induced enterocolitis syndrome.

(3) Eosinophilic disorders, as evidenced by the results of a biopsy.

(4) Impaired absorption of nutrients caused by disorders affecting the absorptive surface, functional length, and motility of the gastrointestinal tract.

B. Coverage provided pursuant to this Section may be subject to copayments, deductibles, or other cost-sharing mechanisms.

C.(1) A health maintenance organization, health insurance organization, or managed care organization that contracts with the state to provide or coordinate healthcare services to any person eligible for Medicaid shall provide coverage on a basis no less favorable than the basis on which prescription drugs and other medications and related services are covered by the organization, and to the same extent that the organization provides coverage for drugs that are available only on the orders of a physician.

(2) A utilization review agent acting on behalf of an organization listed in this Subsection may review a treating physician's determination of the medical necessity of the use of an amino acid-based elemental formula for the treatment of a covered infant or child who is diagnosed with a disease or disorder listed in Subsection A of this Section.

RS 40:1083.1 — Definitions

s.

B. "Congenital heart defects" (CHD) means structural abnormalities of the heart that are present at birth and range in severity from simple problems, such as holes between chambers of the heart, to severe malfunctions, such as the complete absence of one or more chambers or valves. CHD is the most common birth defect and is the number one cause of infant death from birth defects.

C. "Critical congenital heart disease" (CCHD) means a heart defect that causes severe, life-threatening symptoms and requires intervention, such as surgery, in the first few hours, days, or months of life. CCHD accounts for about twenty-five percent of all CHD.

D. "Pulse Oximetry Screening" means a noninvasive test that estimates the percentage of hemoglobin in blood that is saturated with oxygen to detect CHDs.

RS 40:1083.2 — Legislative intent

first days of life. Early detection of CCHD and timely

intervention can decrease morbidity and mortality and lead to better outcomes for affected children.

(2) According to the Centers for Disease Control and Prevention (CDC), CHDs occur in approximately one in one hundred ten births in the United States. About twenty-five percent of CHDs are considered CCHDs.

(3) Current methods for detecting CCHDs generally include prenatal ultrasound screening and repeated clinical examinations. Defects are also often not detected during routine clinical exams performed prior to a newborn baby's discharge from a birthing facility.

(4) When a screening for CCHD, such as pulse oximetry screening, is performed on a newborn in a birthing facility, it is effective in detecting life-threatening CHDs, which otherwise go undetected by current screening methods. The use of pulse oximetry in newborn nurseries is standard in most hospitals.

(5) Newborns with abnormal pulse oximetry results require immediate testing to confirm a defect and allow intervention. Many newborns could be saved by earlier detection and treatment of CCHD if birthing facilities in the state of Louisiana were required to perform this simple, noninvasive newborn screening in conjunction with current CCHD screening methods.

RS 40:1083.3 — Critical congenital heart disease screening

ts care prior to discharge from the

birthing facility, unless prohibited by the parent or guardian of the newborn.

RS 40:1085.1 — Ophthalmia neonatorum defined

m the eye or eyes,

occurring within two weeks after the birth of the infant, shall be known as ophthalmia neonatorum, independent of the nature of the infection.

RS 40:1085.2 — Duty to report disease to local health officer

ends a child within two weeks after

childbirth, shall within six hours after obtaining knowledge of the condition defined in R.S.

40:1085.1 report this condition, as directed by the Louisiana Department of Health,

hereinafter referred to as the "department", to the local health officer at the residence of the

mother.

RS 40:1085.3 — Use of prophylactic directed by department

ny prophylactic which the department

directs for the prevention of ophthalmia neonatorum, whether or not ophthalmia neonatorum is indicated, and to do so in the manner that the department directs. The provisions of this Section shall be inoperative in those instances where:

- (1) There are no indications of the existence of ophthalmia neonatorum; and
- (2) The mother states in writing that she objects to the application of such prophylactic on religious grounds.

B. Liability arising from the lack of use of the approved prophylactic shall not attach to any person or institution who, on the written instruction of the mother, withholds the application of the approved prophylactic.

RS 40:1085.4 — Duties of health officer

s attention.

- (2) Report all cases of ophthalmia neonatorum and the result of his investigations thereon, as directed by the department.
- (3) Conform to any other rules and regulations on this subject that the secretary of the department promulgates for his further guidance.

RS 40:1085.5 — Duties of the Louisiana Department of Health

as are necessary for purposes of this

Subpart and as it thinks necessary for the further and proper guidance of local health officers.

- (3) Provide for the gratuitous distribution of a scientific prophylactic for ophthalmia neonatorum, together with proper directions for the use and administration thereof, to all physicians, midwives, and the like engaged in the practice of obstetrics or assisting at childbirth.
- (4) Print and publish any further advice and information concerning the danger of ophthalmia neonatorum and the necessity for prompt and effective treatment thereof as it thinks proper.
- (5) Furnish copies of the provisions of this Subpart to all physicians, midwives, and the like engaged in the practice of obstetrics or assisting at childbirth.
- (6) Keep a proper record of all cases of ophthalmia neonatorum filed in its office in pursuance of this Subpart or which come to its attention in any way. It shall make these records a part of its annual report to the governor and the legislature.
- (7) Report all violations of this Subpart which come to its attention to the proper district attorney and assist him in any way possible in connection therewith.

RS 40:1085.6 — Duties of maternity homes and hospitals to keep records

onatorum as the department directs.

RS 40:1085.7 — Collusion to hide facts prohibited

this Subpart, is essential.

RS 40:1085.8 — Penalty; revocation of charter

e second offense, and

not more than two hundred dollars for each subsequent offense.

If the accused is a physician, midwife, or the like, the court may also order a revocation of his license. If the accused is a maternity home or the like, incorporated under the laws of this state, the court may order a revocation of its charter.

RS 40:1086.1 — Definitions

se of which is the

performance of low-risk deliveries, where births are planned to occur away from the mother's usual residence following a low-risk pregnancy. For purposes of this Subpart, the term "birthing center" shall not include a hospital or a facility licensed as part of a hospital.

(2) "Department" means the Louisiana Department of Health.

(3) "Hospital" means a facility that is licensed as a hospital in accordance with the provisions of the Hospital Licensing Law, R.S. 40:2100 et seq.

(4) "Licensed midwife" means a midwife who is licensed in accordance with the provisions of the Midwife Practitioners Act, R.S. 37:3240 et seq.

(5) "Postneonatal death" means the death of a child aged twenty-eight days to three hundred sixty-four days.

(6) "Shaken baby syndrome" means the condition known also as abusive head trauma which is characterized by injuries resulting from violent shaking or shaking and impacting of the head of an infant or small child.

(7) "Sudden unexpected infant death" means the death of an infant of less than one year of age, the cause of which is not immediately obvious before investigation, that occurs suddenly and unexpectedly. A sudden unexpected infant death requires the performance of a thorough postmortem investigation that includes a complete autopsy, an examination of the death scene, and a review of the clinical history of the deceased child. The term includes ill-defined and unknown causes of mortality, sudden infant death syndrome, and accidental suffocation and strangulation in bed.

RS 40:1086.2 — Legislative findings; declaration

tttern of abuse, or because

an adult has momentarily succumbed to the frustration of responding to a crying infant or child. The legislature further finds that the effects of shaken baby syndrome can include brain swelling and damage, subdural hemorrhage, intellectual disability, and death.

B. With respect to sudden infant death syndrome, which is a form of sudden unexpected infant death, the legislature finds all of the following:

(1) Sudden infant death syndrome was the leading cause of postneonatal death in each year of the most recent ten-year period for which complete child mortality data is available (2002 through 2012).

(2) Even after a thorough investigation, it is difficult to distinguish sudden infant death syndrome from other sleep-related infant deaths such as from overlay or suffocation in soft bedding.

(3) Parents and caregivers can take simple steps to reduce the risk of sudden unexpected infant deaths.

C. The legislature hereby declares that prevention of shaken baby syndrome and

prevention of sudden unexpected infant death are major public health priorities of this state.

RS 40:1086.3 — Information for parents of newborns; birthing center requirements

of a newborn child, if available, regarding shaken baby syndrome and sudden unexpected infant death.

B.(1) The department shall promulgate all rules in accordance with the Administrative Procedure Act as are necessary to implement the provisions of this Subpart. At minimum, the rules of the department shall designate the compendium of resources approved for use by birthing centers, hospitals, and licensed midwives to meet the requirements of Subsection A of this Section. The compendium of resources shall, collectively, address all of the following:

- (a) The dangers of shaking infants and children.
- (b) The symptoms of shaken baby syndrome.
- (c) The dangers associated with rough handling or striking of an infant.
- (d) Safety measures which can be taken to prevent sudden unexpected infant death.
- (e) The risks associated with infants sleeping in the same bed with other children or adults.

(2) The department shall ensure that all approved resources provided for in this Subsection are publicly available, through the department's website or any other means, to birthing centers, hospitals, and licensed midwives.

RS 40:1086.4 — Public awareness activities authorized

ion of sudden unexpected infant death. The public awareness activities may include but shall not be limited to public service announcements, information kits and brochures, promotion of relevant telephone hotlines, and provision of information concerning shaken baby syndrome and sudden unexpected infant death on an internet website.

RS 40:1086.11 — Physician notification

due to the use

of a controlled dangerous substance, as defined by R.S. 40:961 et seq., in a lawfully prescribed manner by the mother during pregnancy, the physician shall make a notification to the Department of Children and Family Services on a form developed by the department. Such notification shall not constitute a report of child abuse or prenatal neglect, nor shall it require prosecution for any illegal action.

B. A healthcare provider shall be authorized to share any protected health information, as defined in 45 CFR 160.103, with the Department of Children and Family Services for the purpose of complying with the notification requirement of this Subpart.

C. The Department of Children and Family Services shall promulgate rules and regulations in accordance with the Administrative Procedure Act to implement the provisions of this Subpart. Such rules shall include, at minimum, all of the following:

- (1) The manner in which the notification shall be made to the department.
- (2) The form and minimum required contents of the notification.
- (3) The plan to monitor the statewide system regarding the availability and delivery

of appropriate services for newborns and affected families and caretakers.

D. A physician who in good faith makes a notification to the Department of Children and Family Services in compliance with this Section shall have no civil or criminal liability for damage or injury arising from that notification, unless the damage or injury was caused by the physician's willful or wanton misconduct or gross negligence.

RS 40:1086.12 — Neonatal opiate withdrawal syndrome pilot project

f Health.

(2) "Infant" includes both a newborn and an infant.

(3) "Neonatal opiate withdrawal syndrome" means the postnatal opioid withdrawal experienced by an infant who is exposed in utero to prescribed or illicit opioids or agents used to treat maternal opioid addiction.

B.(1) The department shall establish an evidence-based pilot project conducted by a multi-disciplinary team to treat infants with neonatal opiate withdrawal syndrome by providing care options that are safe alternatives to the intensive care unit in existing community or hospital settings for eligible mother-infant dyads. This pilot shall prioritize co-location of the mother-infant dyad, maternal access to evidence-based treatment of substance use disorder, and promotion of practices that minimize harm and improve outcomes in infants, in keeping with up-to-date clinical evidence.

(2) In order to scale evidence-based best practices statewide, the department, in coordination with Department of Children and Family Services, shall convene stakeholders and providers from around the state, including but not limited to the Louisiana Commission on Perinatal Care and Prevention of Infant Mortality and the Louisiana Perinatal Quality Collaborative, in order to promote evidence-based care of infants with neonatal opiate withdrawal syndrome.

C. The department shall study comparative outcomes, risks, benefits, and cost differentials for the treatment of infants with neonatal opiate withdrawal syndrome in hospital and community settings included in this pilot program.

D. The department may provide access to United States Food and Drug Administration approved medication-assisted treatment including agonist, partial-agonist, and antagonist medications for the treatment of opioid use disorders, in conjunction with detoxification services for females with a history of giving birth to neonatal abstinence syndrome affected infants.

E. The department shall take all steps necessary to implement this Section, including but not limited to the promulgation of rules and regulations in accordance with the Administrative Procedure Act, and may seek a waiver from the Centers for Medicare and Medicaid Services if needed.

F. The pilot project may be administered consistent with the Controlled Substance Act, as amended by Section 303 of the Comprehensive Addiction and Recovery Act of 2016.

G. This pilot project is subject to specific appropriation by the legislature.

RS 40:1086.21 — Cytomegalovirus; point of care testing; reporting

orn hearing screen and, in the exercise of

professional judgment, the healthcare provider believes that the testing would be in the best

interest of the newborn. Any testing for cytomegalovirus provided in accordance with the provisions of this Section shall be considered medically necessary and shall not be denied on the basis for failing to meet any applicable medically necessary standards or requirements by any health insurance issuer which otherwise provides coverage for the testing. The Louisiana Department of Health shall provide payment to all Medicaid providers for the costs incurred as a result of the administration of testing pursuant to the provisions of this Section. Payment shall be made by the department within thirty days of receiving a claim for payment from a healthcare provider.

RS 40:1087.1 — Comprehensive sports injury management program for student athletics

ting student to regularly practice or train and compete, is subject to the terms of the injury management program provided for in Subsections B through F of this Section.

B. The injury management program shall:

(1)(a) Establish a comprehensive emergency action plan for each sport located on the school's campus.

(b) The emergency action plan shall be reviewed annually prior to each sport season with all appropriate personnel who are designated by the athletic director's office.

(c) The comprehensive emergency action plan shall follow the best practices of the American College of Sports Medicine and the National Athletic Trainers' Association.

(2) Require that any coach, game official, on-field licensed healthcare provider, or licensed athletic trainer remove a student from practice, training, or competition if any of the following circumstances occur:

(a) The student reports any defined sign or symptom of a serious sports injury.

(b) The coach or licensed athletic trainer determines that the student exhibits any defined sign or symptom of a serious sports injury.

(c) The coach is notified that the student has reported or exhibited any defined sign or symptom of a serious sports injury by any of the following persons:

(i) A licensed, registered, or certified medical practitioner operating within their respective scope of practice.

(ii) A licensed athletic trainer.

(iii) Any other licensed, registered, or certified individual whose scope of practice includes the recognition of symptoms associated with serious sports injuries.

(iv) An official responsible for judging or supervising the athletic competition.

(3) Ensure that any student who, in accordance with the provisions of this Subpart, is safely removed from practice, training, or competition:

(a) Shall, as soon as practicable after reporting or exhibiting any sign or symptom of a serious sports injury, be examined by a health professional duly licensed in this state to provide healthcare services or medical treatment.

(b) May be allowed to return to practice, training, or competition only after the student provides to the coach and a licensed athletic trainer written authorization from a health professional duly licensed in this state to provide healthcare services or medical treatment.

(4) Require that for the purpose of serving the students, school, community, and protecting public safety, each coach certified by the Coaches Education and Certification Program receive annual documented training regarding the nature and risks of serious sports injuries in accordance with the National High School Coaches Association and the Louisiana High School Coaches Association.

(5) Subject to availability of financial resources and supply of the necessary workforce, rely to the greatest possible extent on athletic trainers licensed by the Louisiana State Board of Medical Examiners to provide athletic health care at high school athletic competitions.

(6) Require that each school participating in interscholastic athletics follow best practices for any activity that does not occur in a climate-controlled facility. These practices shall follow the modified guidelines of the American College of Sports Medicine and the National Athletic Trainers' Association regarding the heat acclimatization and wet bulb globe temperature policy. These policies shall apply to all school campuses where summer conditioning, preseason and regular season practices, or fall or spring sports take place, or when a coach is present. Football jamborees and regular season games shall be exempt from the provisions of this Paragraph.

(7) Include a protocol for licensed athletic trainers, if utilized by the school or school system, to be available for practices or games to assist in the management of emergency and nonemergency care for participants.

C. The school shall ensure that before a student is allowed to participate in any school-sponsored or school-sanctioned athletic activity, the student and the parent or guardian of the student shall document that they have viewed information, provided in written or verifiable electronic form by the school or school district, regarding risks of serious sports injuries.

D. This Section does not create any liability for, or create a cause of action against, a school, its officers, or its employees.

E. To carry out the duties prescribed in this Subpart, a school may contract for and accept private contributions, gifts, and grants, or in-kind aid from the federal government, the state, or any other source.

F. The Board of Elementary and Secondary Education (BESE) shall promulgate, in accordance with the Administrative Procedure Act, any rules necessary to implement the sports injury management program provided for in this Subpart. In developing such rules, BESE may engage and solicit input from the Louisiana State Board of Medical Examiners and the Sports Medicine Advisory Committee of the Louisiana High School Athletic Association, and may incorporate recommendations of those groups in any final rules providing for a comprehensive sports injury management program.

G. No school or school system shall be required to incur any financial cost related to the implementation of this Section, unless funds are appropriated by the legislature for such purpose.

H. The provisions of this Subpart shall not apply to concussions, as the protocols specific to these injuries shall be governed by the Louisiana Youth Concussion Act.

I. As used in this Subpart, the following terms have the meaning ascribed to them in this Section:

- (1) "Heat acclimatization" means a series of changes or adaptations that occur in response to heat stress in a controlled environment over the course of seven to fourteen days. These adaptations are beneficial to exercise in the heat and allow the body to cope with heat stress.
- (2) "Interstate game" means any regular season game played out of state.
- (3) "Intrastate game" means any regular season game played in the state.
- (4) "Jamboree" means a preseason football contest that serves as an official rehearsal for the upcoming regular season where teams compete against regular season opponents.
- (5) "Regular season game" means any intrastate or interstate game played during the regular sports season.
- (6) "Wet bulb globe temperature" means a measure of the heat stress in direct sunlight which takes into account temperature, humidity, wind speed, sun angle, and solar radiation.

RS 40:1089.1 — Legislative intent

sease

Control and Prevention estimate that as many as three million nine hundred thousand sports-related and recreation-related concussions occur in the United States each year. A

concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk for long-term, chronic cognitive, physical, and emotional symptoms associated with the development of post-concussion syndrome and chronic traumatic encephalopathy, as well as the risk for catastrophic injuries or even death, is significant when a concussion or head injury is not properly recognized, evaluated, and managed.

B. Continuing to play with a concussion or symptoms of head injury leaves the young athlete especially vulnerable to greater injury and even death. The Legislature of Louisiana recognizes that, despite having generally recognized return-to-play standards for concussions and head injury, some affected youth athletes are prematurely returned to play resulting in actual or potential physical injury or death to youth athletes in the state of Louisiana.

C. The Legislature of Louisiana further recognizes that it is in the best interest of the state to create a uniform education, training, and return-to-play protocol to be followed throughout the state.

RS 40:1089.2 — Definitions

nt, or a licensed psychologist, which person

has received training in neuropsychology or concussion evaluation and management.

- (2) "Public recreation facility" means a recreation facility owned or leased by the state of Louisiana or a political subdivision thereof.
- (3) "Youth athletic activity" means an organized athletic activity where the majority of the participants are seven years of age or older and under nineteen years of age, and are engaging in an organized athletic game or competition against another team, club, or entity

or in practice or preparation for an organized game or competition against another team, club, or entity. "Youth athletic activity" shall not include college or university activities or an activity which is entered into for instructional purposes only, an athletic activity that is incidental to a nonathletic program, or a lesson.

RS 40:1089.3 — Louisiana youth athlete concussion education requirements
shall:

- (1) Prior to beginning of each athletic season, provide pertinent information to all coaches, officials, volunteers, youth athletes, and their parents or legal guardian which informs of the nature and risk of concussion and head injury, including the risks associated with continuing to play after a concussion or head injury.
- (2) Require each coach, whether such coach is employed or a volunteer, and every official of a youth athletic activity that involves interscholastic play to complete an annual concussion recognition education course which is in accordance with the provisions of Subsection C of this Section.
- (3) Require as a condition of participation in any athletic activities that the youth athlete and the youth athlete's parents or legal guardian sign a concussion and head injury information sheet which provides adequate notice of the statutory requirements which must be satisfied in order for an athlete who has or is suspected to have suffered a concussion or head injury to return to play.

B. Each private club or public recreation facility and each athletic league which sponsors youth athletic activities shall:

- (1) Prior to beginning of each athletic season, provide pertinent information to all coaches, officials, volunteers, youth athletes, and their parents or legal guardian which informs of the nature and risk of concussion and head injury, including the risks associated with continuing to play after a concussion or head injury.
- (2) Require each volunteer coach for a youth athletic activity and each coach with whom the club, facility, or league directly contracts with, formally engages, or employs who coaches a youth athletic activity and each official to complete an annual concussion recognition course which is in accordance with the provisions of Subsection C of this Section.
- (3) Require as a condition of participation in any athletic activities that the youth athlete and the youth athlete's parents or legal guardian sign a concussion and head injury information sheet which includes but is not limited to adequate notice of the statutory requirements which must be satisfied in order for an athlete who has or is suspected to have sustained a concussion or head injury to return to play.

C.(1) The concussion recognition education course required by this Section shall include the following information:

- (a) How to recognize the signs of and symptoms of a concussion.
- (b) The necessity of obtaining proper medical attention for a person suspected of having sustained a concussion.
- (c) The nature and risk of concussions, including the danger of continuing to play after sustaining a concussion and the proper method and statutory requirements which must

be satisfied in order for a youth athlete to return to play in the athletic activity.

(2)(a) An organization or association of which a school or school district is a member may designate specific education courses as sufficient to meet the requirements of Subsection A of this Section.

(b) Training materials made available by the United States Centers for Disease Control and Prevention (CDC) entitled, "Heads Up: Concussion in Youth Sports" and any amendments or updates thereto, training materials made available by the National Federation of High Schools for the Louisiana High School Athletic Association and any amendments or updates thereto, or other training materials substantively and substantially similar to the CDC materials, along with dissemination of a copy of the statutory requirements which must be satisfied in order for a youth athlete who has or is suspected to have sustained a concussion to return to play in the athletic activity, shall be deemed to satisfy the education requirements provided for in this Section.

RS 40:1089.4 — Removal from and return to play

, competition, or

practice if any of the following occurs:

(1) The youth athlete reports any defined sign or symptom of a concussion and is reasonably suspected of having sustained a concussion.

(2) The coach, athletic trainer, or official determines that the youth athlete exhibits any defined sign or symptom of a concussion and he reasonably suspects that the youth athlete has sustained a concussion.

(3) The coach or official is notified that the youth athlete has reported or exhibited any defined sign or symptom of a concussion and is reasonably suspected of sustaining a concussion by any of the following persons:

(a) A licensed, registered, or certified medical healthcare provider operating within his scope of practice. The medical healthcare provider performing an evaluation, for the purposes of this Subsection, upon a youth athlete suspected of sustaining a concussion or brain injury may be a volunteer.

(b) Any other licensed, registered, or certified individual whose scope of practice includes the recognition of concussion symptoms. The individual performing an evaluation, for the purposes of this Subsection, upon a youth athlete suspected of sustaining a concussion or brain injury may be a volunteer.

B. If a youth athlete is removed from play pursuant to this Section and the signs and symptoms cannot be readily explained by a condition other than concussion, the coach shall notify the athlete's parent or legal guardian and shall not permit the youth athlete to return to play or participate in any supervised team activities involving physical exertion, including games, competitions, or practices, until the youth athlete is evaluated by a healthcare provider and receives written clearance from the healthcare provider for a full or graduated return to play.

C. After a youth athlete who has sustained a concussion or head injury has been evaluated and received clearance for a graduated return to play from a healthcare provider, an organization or association of which a school or school district is a member, a private or

public school, a private club, a public recreation facility, or an athletic league may allow a licensed athletic trainer with specific knowledge of the athlete's condition to manage the athlete's graduated return to play.

D. This Section does not create any liability for, or create a cause of action against, a school, its officers, or its employees, an organization or association of which a school or school district is a member, a private or public school, a private club, a public recreation facility, or an athletic league when such person or entity has complied with the provisions of this Subpart.

RS 40:1089.5 — Concussion information

chools,

and high schools, private clubs, public recreation facilities, and each athletic league which sponsors youth athletic activities information which informs of the nature and risk of concussion and head injury, including the risks associated with continuing to play after a concussion or head injury.

RS 40:1091 — Autism spectrum disorder; screening of children

the periodicity schedule of the Bright

Futures initiative of the American Academy of Pediatrics shall promote age-appropriate screenings including, unless otherwise medically indicated, a standardized screening for autism spectrum disorder at any routine well child visit.

B. No primary care provider shall be liable for any civil damages or be subject to any disciplinary action by his licensing board as a result of any act or omission in connection with delivering or not delivering any service provided for in this Part.

RS 40:1098.1 — Definitions

ional" shall have the same meaning as the term is defined in

R.S. 14:34.8.

(2) "Minor" means any natural person who has not reached the age of majority as provided in Civil Code Article 29 and who has not been emancipated pursuant to Title V of Book VII of the Code of Civil Procedure.

(3) "Sex" means the biological indication of male or female as evidenced by a medical examination of all of the following:

(a) Sex chromosomes.

(b) Naturally occurring sex hormones.

(c) Gonads.

(d) As well as nonambiguous internal and external genitalia present at birth.

RS 40:1098.2 — Healthcare professionals; restrictions

validate a minor's perception of the

minor's sex, if the minor's perception is inconsistent with the minor's sex:

(1) The prescription or administration of gonadotropin-releasing hormone analogues or other synthetic drugs used to stop luteinizing hormone and follicle stimulating hormone secretion, synthetic antiandrogen drugs used to block the androgen receptor, or any drug to suppress or delay normal puberty.

(2) The prescription or administration of testosterone, estrogen, or progesterone in amounts greater than would normally be produced endogenously in a healthy individual of the same age and sex.

(3) The performance of any sterilizing surgery, including but not limited to castration, hysterectomy, oophorectomy, orchiectomy, penectomy, and vasectomy.

(4) The performance of any surgery that artificially constructs tissue having the appearance of genitalia differing from the minor's sex, including metoidioplasty, phalloplasty, and vaginoplasty.

(5) The removal of any healthy or nondiseased body part or tissue.

(6) The performance of augmentation mammoplasty, facial feminization surgery, liposuction, lipofilling, pectoral implants, voice surgery, thyroid cartilage reduction, gluteal augmentation, hair reconstruction, or any aesthetic surgical procedure.

B. The prohibited acts listed in Subsection A of this Section shall not be considered healthcare services.

C. The prohibitions listed in Subsection A of this Section shall not limit or restrict the provision of health care to:

(1) A minor born with a medically verifiable disorder of sex development, including but not limited to external sex characteristics that are irresolvably ambiguous.

(2) A minor diagnosed with a disorder of sexual development, if a healthcare professional has determined, through genetic or biochemical testing, that the minor does not have a sex chromosome structure, sex steroid hormone production, or sex steroid hormone action that is normal for a biological male or biological female.

(3) A minor needing treatment for an infection, injury, disease, or disorder that has been caused or exacerbated by any action or procedure prohibited by this Part.

(4) A minor suffering from a physical disorder, physical injury, or physical illness that is certified by a healthcare provider and that would place the individual in imminent danger of death or impairment of major bodily function unless surgery is performed.

D. If, prior to January 1, 2024, a healthcare professional has initiated a course of treatment for a minor which includes the prescription or administration of any drug or hormone prohibited by this Part, and if the healthcare professional determines and documents in the minor's medical record that immediately terminating the minor's use of the drug or hormone would cause harm to the minor, the healthcare professional may institute a period during which the minor's use of the drug or hormone is systematically reduced and discontinued. The period may not extend beyond December 31, 2024.

RS 40:1098.3 — Healthcare professionals; disciplinary actions

tified by the board has violated the

provisions of this Part, the board shall revoke any professional or occupational license or certificate held by the healthcare professional for a minimum of two years.

RS 40:1098.4 — Minors' lack of consent

r services that

are prohibited in R.S. 40:1098.2(A).

B. The provisions of this Section shall not apply to a minor who is subject to the

provisions of R.S. 40:1098.2(D).

RS 40:1098.5 — Civil actions; remedies

en subjected

to acts which are prohibited by this Part with or without consent shall have a cause of action for damages in a court of competent jurisdiction.

B. The cause of action for damages shall be commenced before the later of either of the following:

(1) The lapse of a twelve-year liberative prescription once the minor reaches the age of majority.

(2) Within three years from the time the person discovered or reasonably should have discovered that the injury or damages were caused by the violation.

C. Venue pursuant to this Section may be brought pursuant to Code of Civil Procedure Article 42 or in the parish of domicile of the petitioner.

D.(1) If a court finds that a person is entitled judgment pursuant to this Section, the court shall award damages, attorney fees, and all costs of the proceeding against the defendant for violation of this Part.

(2) Damages awarded by the court pursuant to this Section may include but are not to be limited to damages for infertility or sterility that is suffered by the minor as a result of the acts prohibited by this Part.

E. Consent shall not operate as a defense to a petitioner's claim that is filed pursuant to this Section.

RS 40:1098.6 — Attorney general; injunctive or declaratory relief

B. The attorney general may seek injunctive or declaratory relief and any other appropriate remedy in order to protect a minor from those harms resulting from conduct that is prohibited pursuant to this Part.

C. Venue pursuant to this Section shall be that same venue which is provided in R.S. 40:1098.5.

D. If the court grants relief pursuant to this Section, the court shall award attorney fees and all costs of the proceeding against the defendant for violation of this Part.

E. Nothing in this Part shall be construed to deny, impair, or otherwise affect any right or authority of the attorney general, the state, or any agency, officer, or employee of the state to institute or intervene in any proceeding.

. 40:1300.121 by

HCR 84 of 2015 R.S.

NOTE: Former R.S. 40:1101 redesignated to R.S. 40:1085.1 by HCR 84 of 2015 R.S.

RS 40:1101.1 — Legislative intent

ult congregate living facilities, home health agencies, home- and community-based service providers which provide adult day care services, hospices, and continuing care retirement communities are presently known to offer to provide or provide

a special program or special unit for persons who have Alzheimer's disease or a related disorder.

(2) It is in the public interest to provide for the protection of consumers regarding the accuracy and authenticity of such claims.

(3) It is the public policy of this state to require such facilities to disclose the reasons for those claims, to require records of such disclosures to be kept, and to require the examination of such records.

RS 40:1101.2 — Definitions

ility, home health agency, home- and

community-based service provider which provides adult day care services, hospice, or continuing care retirement community that segregates or provides a special program or special unit for residents with a diagnosis of probable Alzheimer's disease or a related disorder so as to prevent or limit access by a resident to areas outside the designated or separated area; and that advertises, markets, or otherwise promotes the facility as providing specialized Alzheimer/dementia care services.

(2) "Department" means the Louisiana Department of Health.

RS 40:1101.3 — Disclosure; content

disease or a

related disorder by means of an Alzheimer's special care unit shall disclose the form of care or treatment provided that distinguishes it as being especially applicable to or suitable for such persons. The disclosure shall be made to the state licensing agency and to any person seeking placement on behalf of a person with Alzheimer's disease or a related disorder within an Alzheimer's special care unit. Disclosure may also be made to the state ombudsman. The department shall examine all such disclosures in the department's records as part of the facility's licensing renewal procedure to verify accuracy. The disclosure shall be made prior to the facility or entity entering into any agreement to provide care.

B. The information disclosed shall explain the additional care provided in each of the following areas:

(1) Philosophy: the Alzheimer's special care unit written statement of its overall philosophy and mission which reflects the needs of residents afflicted with dementia.

(2) Pre-admission, admission, and discharge: the process and criteria for placement in, transfer, or discharge from the unit.

(3) Assessment, care planning, and implementation: the process used for assessment and establishment of the plan of care and its implementation, including the method by which the plan of care evolves and is responsive to changes in condition.

(4) Staffing patterns and training: staff training and continuing education practices.

(5) Physical environment: the physical environment and design features appropriate to support the functioning of cognitively impaired adult residents.

(6) Resident activities: the frequency and types of resident activities.

(7) Family role in care: the involvement of families and the availability of family support programs.

(8) Program fees: the fees for care and any additional fees.

C. The department, with input from consumer and provider representatives, shall develop a standardized disclosure form and shall review the information submitted on the disclosure form by the facility or other entity to verify the accuracy of the information reported. Any significant change in the information initially submitted by the facility or other entity shall be reported to the department at the time the change is made.

D. Nothing herein shall be interpreted to preclude a nursing facility without an Alzheimer's special care unit from admitting a person with Alzheimer's disease or a related disorder.

E. As soon as practicable after July 10, 1997, the department shall promulgate rules and regulations to effectuate the provisions of this Section.

RS 40:1101.4 — Rules

RS 40:1103.1 — Short title

y Information Law".

RS 40:1103.2 — Definitions

alth.

RS 40:1103.3 — Standard written summary of breast cancer alternatives

ancer Advisory Board, shall develop a

standard written summary of the advantages, disadvantages, risks, and descriptions of the procedures regarding medically viable and efficacious alternative methods of treatment for breast cancer including surgical, radiological, or chemotherapeutic treatments or combinations thereof. Thereafter, the department shall review and, if necessary, revise the summary every three years; however, the department shall revise the summary prior to the three-year review if the department determines that new or revised information should be included in the summary.

B. At a minimum, the summary shall incorporate all of the following:

(1) Information regarding any method of treatment for breast cancer that is in the investigational or clinical trial stage and is recognized for treatment by the Physician's Data Query of the National Cancer Institute.

(2) Available telephone numbers, including but not limited to, toll-free numbers for the National Cancer Institute and the American Cancer Society, to allow a breast cancer patient to obtain current information.

(3) A discussion of breast cancer reconstruction surgery, including but not limited to problems, benefits, and alternatives.

(4) Statistics on the incidence of breast cancer.

C.(1) The summary shall be developed using layman's terminology and shall be written in generally understandable language.

(2) The board shall have the summary printed and the printed copies made available to physicians and surgeons upon their request. Furthermore, the board shall establish a distribution system for the summary that is linked to the renewal of a physician's license.

RS 40:1103.4 — Requirement of notification; recordation

tive efficacious methods of treatment

by discussing such alternative methods of treatment with his patient and by providing his patient with the summary as provided in this Part. If the treating physician or surgeon informs his patient of the alternative methods of treatment and provides his patient with the summary prior to the performance of a biopsy to determine whether or not his patient has breast cancer, the requirement to inform and to provide the summary to a patient diagnosed with breast cancer shall be deemed to have been met.

B. On and after July 1, 2000, the failure of a physician or surgeon to discuss such alternative methods of treatment with his patient or to provide the summary to his patient prior to beginning treatment for any form of breast cancer shall be considered unprofessional conduct and cause for the board to take action as provided by R.S. 37:1285.

C. The treating physician or surgeon shall indicate on his patient's medical chart the date and time that he has discussed alternative methods of treatment with his patient and has given his patient the summary as required by this Section.

RS 40:1103.5 — Information and access to breast reconstructive surgery

o provides mastectomy surgery, lymph

node dissection, or a lumpectomy, shall provide information to the patient concerning the option of reconstructive surgery following such procedures, including the availability of coverage for reconstructive surgery, in accordance with the state insurance law and applicable provisions of federal law. The information shall be provided to the patient in writing and in advance of obtaining consent to the surgical procedure. At a minimum, the information provided shall include the following:

- (1) A description of the various reconstructive options and the advantages and disadvantages of each.
- (2) A description of the provisions assuring coverage by public and private insurance plans of the costs related to reconstructive surgery under federal and state law.
- (3) A description of how a patient may access reconstructive care, including the potential of transferring care to a facility that provides reconstructive care or choosing to pursue reconstruction after completion of breast cancer surgery and chemotherapy or radiotherapy, if warranted.
- (4) Other information as may be required by the secretary of health, consistent with information developed by the Louisiana Department of Health and the Louisiana Cancer Advisory Board and circulated to providers and patients by the Louisiana State Board of Medical Examiners.

RS 40:1104 — Uterine Fibroids Commission

B. The commission shall be comprised of the following members:

- (1) One member from the Louisiana State Nurses Association.
- (2) One member from the Louisiana Primary Care Association.
- (3) One member from the Christus Health System.
- (4) One member from the Southern University and Agricultural and Mechanical College School of Nursing.

- (5) One member from the Tulane University School of Public Health.
- (6) One member from the Our Lady of the Lake Health System.
- (7) One member from the Louisiana Hospital Association.
- (8) Two members who are individuals living with uterine fibroids, polycystic ovary syndrome, or endometriosis.
- (9) One member from the Louisiana House of Representatives.
- (10) One member from the Louisiana Senate.
- (11) One member who is the executive director of the governor's office on women's policy.
- (12) One member from the Ochsner Health System.
- (13) One member from Woman's Hospital of Baton Rouge.

C.(1) The members listed in Paragraphs (B)(1) through (7) and (12) and (13) of this Section shall be appointed by the governor from a list of qualified candidates nominated by the respective organizations.

(2) The members listed in Paragraph (B)(8) of this Section shall be appointed by the governor from a list of self-identified individuals interested in serving on the commission.

(3) The members listed in Paragraphs (B)(9) and (10) of this Section shall be appointed by the speaker of the House of Representatives and the president of the Senate, respectively.

D. Each member shall serve at the pleasure of the appointing authority. Each member appointed by the governor shall be subject to Senate confirmation.

E.(1) The commission shall adopt rules and regulations to provide for the governance of the commission. Such rules and regulations shall include but not be limited to procedures and grounds for the removal of any commission member.

(2) Procedures for filling a vacancy created by the removal, resignation, or death of any commission member prior to the end of the commission member's term shall follow those used for initial appointments.

F. Each commission member shall serve without compensation. Legislators shall receive the same per diem and travel reimbursement for attending a meeting of the commission as is normally provided for members of the legislature. Nonlegislative commission members may receive reimbursement for expenses in accordance with the guidelines of the entity they represent.

G. The chairman shall be elected by the commission for a term to be determined by the commission.

H. The domicile of the commission shall be Baton Rouge.

I. The commission shall hold quarterly public meetings unless decided by a vote of the commission or by order of the chairman.

J. The number of commission members necessary to constitute a quorum for the transaction of business shall be one half of the entire membership of the commission. A majority vote of the commission members constituting a quorum shall be necessary for any action taken by the commission.

K. The Louisiana Department of Health shall provide administrative assistance and

serve as staff for the commission.

L. The functions of the commission shall be to:

- (1) Evaluate functions and activities of existing groups focused on uterine fibroids and other related conditions to collaborate with and engage stakeholders.
- (2) Support and contextualize reporting on uterine fibroids and other related conditions.
- (3) Serve as an advisory body to the governor and the Louisiana Department of Health on matters relating to uterine fibroids, polycystic ovary syndrome, and endometriosis.
- (4) Research and review all state regulations, guidelines, policies, and procedures relative to prevention, treatment, and care of women living with uterine fibroids and other related conditions and, when appropriate, make recommendations to the governor, the secretary of the Louisiana Department of Health, and the legislature.
- (5) Provide a forum for an annual public hearing on matters relating to uterine fibroids and other related conditions and provide for other public comment and peer review on federal and state-funded programs related to uterine fibroids and other related conditions.
- (6) Make recommendations on policy to ensure that the state establishes public health monitoring, advances research, and provides solutions for women battling uterine fibroids and other related conditions.

M. The commission shall submit an annual written report to the Senate and House committees on health and welfare at least sixty days prior to each regular session. The report shall include a summary of the data relevant to the functions set forth in Subsection L of this Section.

RS 40:1105.1 — Definitions

care facility and licensed

health care provider, as defined in R.S. 40:1231.1(A), in the state of Louisiana.

- (3) "Office" shall mean the office of the president.
- (4) "Participating hospital" shall mean every hospital operating as such in the state of Louisiana.
- (5) "Pathology laboratory" shall mean every pathology laboratory located or doing business in the state of Louisiana.
- (6) "President" shall mean the president of the Louisiana State University System or his designee.
- (7) "Radiation center" shall mean every freestanding radiation diagnostic and treatment facility in the state of Louisiana.
- (8) "Tumor registry", "cancer registry program", and "statewide registry program" shall mean the Louisiana Tumor Registry.

RS 40:1105.2 — Cancer registry program; data; statewide

g cancer cases for the purpose of

gathering statistical data to aid in the assessment of cancer incidence, survival rates, possible causes of specific cancers, and other related aspects of cancer in Louisiana. The program shall collect and disseminate cancer incidence data on a statewide level in accordance with the provisions of this Part.

RS 40:1105.3 — Powers; duties

statewide registry system for collecting cancer

incidence data and shall promulgate rules and regulations therefor in accordance with policies established by the board.

(2) Establish quality control programs and a training program for health care providers and the personnel of the participating radiation centers.

(3) Cooperate with the National Cancer Institute, the United States Centers for Disease Control and Prevention, and other national and international cancer surveillance programs designated by the Louisiana Tumor Registry in providing cancer data.

(4) Comply with reporting procedures and requirements established by the state, the Centers for Disease Control and Prevention, and the National Cancer Institute.

(5) Collaborate in studies with clinicians and epidemiologists and publish reports on the results of such studies, and

(6) Establish, in accordance with policies of the board, rules and regulations to provide for the confidentiality of a patient's records.

(7) Establish and promulgate, in accordance with policies established by the board, the rules and regulations necessary to effectuate the purposes of this Part.

(8) Contract with private tumor registries for the collection and furnishing of data to the statewide registry and for the necessary planning and coordination incident thereto.

RS 40:1105.4 — Authority

of this Part.

(2) Accept on behalf of the state funds from any private agency, such as the American Cancer Society, to assist in the cost of carrying out the purposes of this Part.

(3) Repealed by Acts 1985, No. 345, §1, eff. July 9, 1985.

RS 40:1105.5 — Participation in program

the president within

six months of admission or diagnosis and shall furnish the data, including but not limited to follow-ups, medical history, risk factors, and cancer screening, on each cancer patient when requested. If the facility fails to report in a format prescribed by the president, the president may enter the facility and obtain the information. In these cases, the facility shall reimburse the Louisiana Tumor Registry for the cost of obtaining and reporting the information. The Louisiana Tumor Registry and participating hospitals may enter into agreements to allow remote electronic access to medical records of cancer patients.

B. Pathology laboratories, radiation centers, surgery centers, physicians and other licensed healthcare facilities and providers shall report cancer cases in the required electronic format to the statewide registry program and grant access to cancer patient records. These facilities and providers shall allow access to all records which would identify cases of cancer to ascertain and abstract reportable cancer cases by the statewide cancer registry program.

C. Any healthcare provider which provides diagnostic or treatment services to patients with cancer shall report any additional demographic, diagnostic, or treatment information requested by the president concerning any person presently or previously receiving services who has or had a malignant tumor. Additionally, the president shall have

access to all records which would identify cases of cancer or would establish characteristics of the cancer, treatment of the cancer, or medical status of any identified cancer patient.

RS 40:1105.6 — Reports; liability for

of any

person, who participates in good faith in the reporting of cancer registry data or data for cancer morbidity or mortality studies in accordance with this Part.

B. No license of a health care provider may be denied, suspended, or revoked for good faith disclosure of confidential or privileged information or the reporting of cancer registry data or data for cancer morbidity studies in accordance with this Part.

C. Nothing in this Part shall be construed to apply to the unauthorized disclosure of confidential or privileged information when such disclosure is due to gross negligence or willful misconduct.

D. All information reported pursuant to this Part shall be confidential and privileged.

The president shall take strict measures to ensure that all identifying information is kept confidential.

E. All information regarding case-specific data, as distinguished from group, tabular, or aggregate data concerning patients or health care providers contained in records of interviews, written reports, and statements procured by the president or by any other person, agency, or organization acting in connection with cancer morbidity and mortality studies shall be confidential and privileged and shall be used solely for the purposes of the study. Nothing in this Section shall prevent the president from publishing compilations relating to morbidity and mortality studies which do not identify case-specific data or sources of information.

RS 40:1105.7 — Advisory functions

es for the development, accumulation, and distribution of data obtained under this Part.

C. The board shall exercise its powers, duties, functions, and responsibilities in the manner provided for agencies transferred in accordance with R.S. 36:802. The terms "secretary" and "undersecretary" as used in such Section and as applicable to the board shall mean the president or the president's designee.

RS 40:1105.8 — Disclosure of medical records to cancer registries

ract of the patient's record reflecting the

past or present physical condition of a patient upon request of the Louisiana cancer registry program established pursuant to the provisions of this Part. The cancer registry shall take strict measures to assure that all identifying information contained in patient record abstracts will be kept confidential.

B. The president may enter into agreements to exchange confidential information with other cancer registries in order to obtain complete reports of Louisiana residents diagnosed or treated in other states and to provide information to other states regarding their residents diagnosed or treated in Louisiana. However, before releasing confidential information the president shall obtain from such state registries, agencies, or researchers an

agreement in writing to keep nonaggregate, case-specific information confidential and privileged. In no event shall either cancer registry bear liability for loss, expense, attorney fees, or claims for injury or damages arising out of acts or omissions in the performance of this agreement on the part of the other registry.

C. The office of the president shall promulgate rules and regulations in accordance with the Administrative Procedure Act to specify the extent to which confidential data may be disclosed to other local, state, or federal public health or environmental agencies, or to corroborating medical researchers, when the confidential information is necessary to carry out the duties of the agency or researchers in the investigation, control, or surveillance of disease, as determined by the office of the president. Before releasing confidential information to the researchers, the president shall obtain an agreement in writing from the researchers that they will keep nonaggregate, case-specific information confidential and privileged and that neither the office of the president nor the other entity shall bear liability for loss, expense, attorney fees, or claims for injury or damages arising out of acts or omissions in the performance of this agreement on the part of the other.

D. Any disclosure authorized by this Part shall include only the information necessary for the stated purpose of the requested disclosure, and shall be made only upon written agreement that the information will be kept confidential and will not be further disclosed without written authorization of the office of the president.

E. The furnishing of confidential data in accordance with this Part shall not expose any person, agency, or entity furnishing data to liability and shall not be considered to be in violation of any privileged or confidential relationship, provided the participant has acted in good faith in the reporting as required in this Part.

F. No case-specific data shall be available for subpoena nor shall it be disclosed, discoverable, or compelled to be produced in any civil, criminal, administrative, or other proceeding, nor shall such records be deemed admissible as evidence in any civil, criminal, administrative, or other tribunal or court for any reason. Nothing in this Section shall supersede the provisions of R.S. 40:3.1(A) through (H).

G. Nothing in this Part shall be construed to apply to the unauthorized disclosure of confidential or privileged information when such disclosure is due to gross negligence or willful misconduct.

RS 40:1105.8.1 — Louisiana Tumor Registry; research committee; disclosure of registry data

diagnostic, treatment, and follow-up information concerning a patient, if requested, to a physician or medical facility diagnosing or treating the case as authorized pursuant to 45 CFR 164.506.

B.(1) The tumor registry shall collaborate with the National Cancer Institute, the United States Centers for Disease Control and Prevention, the North American Association of Central Cancer Registries, the International Agency for Research on Cancer, and any other national or international cancer surveillance program it may designate in providing cancer data and participating in cancer studies.

(2) The tumor registry shall cooperate with the office of public health of the Louisiana Department of Health, referred to hereafter in this Section as the "office of public

health", in evaluating programs and investigating cancer concerns and other cancer-related issues through activities including, without limitation, cooperating with the office of public health in implementing the program of cancer investigation and intervention provided for in R.S. 40:5.12. Because the tumor registry data are an integral part of national and state cancer prevention and control programs, the use of registry data by office of public health officials and registry-designated national cancer surveillance programs shall be considered an in-house activity and shall be processed expeditiously.

(3) Requests by the office of public health for case-specific data shall require annual approval by the institutional review board of the Louisiana State University Health Sciences Center-New Orleans, referred to hereafter in this Section as the "LSUHSC-New Orleans". Additionally, the office of public health shall comply with all applicable confidentiality standards of the tumor registry.

C.(1) Subject to the limitations of Subsection F of this Section, the tumor registry shall release case-specific data to persons or organizations for the purposes of cancer prevention, control, and research in accordance with Paragraph (2) of this Subsection. However, no such data shall include information collected for special studies or other research projects. The tumor registry shall have and shall reserve the right to prioritize its responses to data requests.

(2) Requests from persons or organizations for case-specific tumor registry incidence data, including data linkages, shall be submitted in writing and shall be reviewed and approved by the tumor registry research committee following the established policies of the registry. These policies shall require, without limitation, all of the following:

(a) Approval from the LSUHSC-New Orleans institutional review board and compliance with the LSUHSC-New Orleans HIPAA research policy.

(b) Approval from the researcher's institutional review board and compliance with that institution's HIPAA research policy.

(c) Execution of the tumor registry's form entitled "Agreement to Maintain Confidentiality of Data", or any successor form, by each investigator who will have access to the data indicating agreement by the investigator to adhere to the tumor registry confidentiality provisions and prohibiting the disclosure of tumor registry data in any civil, criminal, administrative, or other proceeding.

(d) Provision of a copy of the complete protocol for the project.

(e) Completion of all requirements provided in the document entitled "Louisiana Tumor Registry: Researchers' Requests for Data", or any successor document.

(f) Prior to contacting a patient or his next of kin, notification to the patient's physician, if required.

(g) Destruction or return of data once the research is completed.

(3) If a request for data submitted in accordance with the provisions of this Subsection is denied by the LSUHSC-New Orleans institutional review board, the institutional review board shall provide to the requestor notice in writing of the reason for the denial electronically or by postal mail.

D.(1) The director of the tumor registry or his designee shall coordinate the research

committee of the tumor registry. The research committee shall include, without limitation, the following members:

(a) The director of the tumor registry.

(b) A qualified representative selected from each of the following entities:

(i) The LSUHSC-New Orleans.

(ii) The office of public health.

(iii) The Louisiana Cancer Advisory Board.

(2) The research committee shall verify that the researchers are able to execute the proposal, in terms of both financial support and professional qualifications; that the study has scientific and ethical merit; and that the researchers will obtain appropriate consent.

E.(1) In determining the order of processing requests for data, the tumor registry shall give priority to requests for data from the office of public health for use in responding to concerns about threats to the public health.

(2) Subject to the provisions of the Public Records Law, R.S. 44:1 et seq., the tumor registry shall process requests for aggregate data other than those provided for in Paragraph (1) of this Subsection in the order of receipt. The tumor registry shall respond to any public request in a timely manner, as resources permit, if the request meets the applicable requirements of R.S. 40:3.1 and 1105.8.

(3) The tumor registry may assess a charge to a requestor of data for actual costs of compiling and providing the data, and may require payment before proceeding to fulfill the data request.

(4) The tumor registry shall not be required in any instance to perform original work to create data not currently in existence.

F.(1) The tumor registry shall not release data in cases in which such data would disclose the identity of any person to whom the data relate and thus violate the requirements of the Health Insurance Portability and Accountability Act relating to uses and disclosure of protected health information (45 CFR 164.514). In such situations, the tumor registry may combine more years of cancer data together at the census tract level or suppress the data according to the suppression rule of the United States Cancer Statistics program.

(2) In considering for approval or denial a request for aggregate data, the research committee of the tumor registry shall determine whether the request complies with applicable state and federal laws relating to privacy of health information. If the research committee finds that disclosure of data in response to the request would violate any such law, then the committee shall collaborate with the requestor to revise the request in order to preclude such violation.

(3) In collaborating with a requestor as provided in Paragraph (2) of this Subsection, the research committee shall employ methods for de-identifying case-specific data as defined by the United States Centers for Disease Control and Prevention and any other de-identification or statistical methods for disclosure protection.

(4) The research committee of the tumor registry shall not deny any request for aggregate data for any reason that is unrelated to compliance with state or federal privacy laws.

G. The tumor registry shall annually prepare a statistical report concerning cancer rates and counts which includes data at the census tract level and shall submit the report to the office of the president for inclusion with the annual cancer report required by R.S.

40:1105.10. The tumor registry shall also provide the statistical report required by this Subsection to the Louisiana State University Health Sciences Center at New Orleans, the Louisiana State University Health Sciences Center at Shreveport, the Louisiana Cancer Advisory Board, and each participating hospital.

RS 40:1105.8.2 — Cancer data; electronic notifications and reports

nic format notifications and reports

issued by the tumor registry.

RS 40:1105.9 — Louisiana Cancer Advisory Board

or, to serve at his

pleasure, upon recommendation of each institution and organization represented:

- (a) A representative from the Tulane University School of Medicine.
- (b) A representative from the Louisiana State University Health Sciences Center - New Orleans.
- (c) A representative from the Louisiana State University Health Sciences Center - Shreveport.
- (d) A representative from Ochsner Health.
- (e) A representative of the Louisiana Department of Health.
- (f) A representative of the Louisiana Cancer Prevention and Control Programs.
- (g) A representative of the Louisiana Children's Medical Center.
- (h) A representative of the Mary Bird Perkins Cancer Center.
- (i) A representative of Xavier University of Louisiana.
- (j) A representative of the Louisiana State Medical Society.
- (k) A representative of the Acadiana Medical Research Foundation.
- (l) A representative of the Louisiana Cancer Registrars Association.
- (m) A representative of Willis Knighton Health System.
- (n) A representative of the Franciscan Missionaries of Our Lady Health System.
- (o) A representative from Woman's Hospital.

(2) Each appointment by the governor shall be subject to Senate confirmation.

B. Sufficient funds shall be allocated annually to the statewide registry program for reporting cancer cases under the provisions of R.S. 40:1105.1 et seq. Administration of funds shall be exercised by the office of the president.

C.(1) The board shall establish rules and regulations for its own procedures, establish policies for the operation of the statewide registry program for reporting cancer cases established under the provisions of R.S. 40:1105.1 et seq., and establish procedures for the allocation of any monies collected pursuant to R.S. 47:120.63 for the purposes of cancer prevention, control, or surveillance in Louisiana. Any member of the board with a direct conflict of interest shall recuse himself from voting on the allocation of monies.

(2) The board shall elect from among its members a chairman, a vice chairman, a secretary, and a treasurer. Any member may hold two of these positions. In the absence of

the chairman, the vice chairman shall preside and in the absence of the chairman and vice chairman, the secretary shall preside.

(3) The members shall not receive compensation for their services but shall be entitled to reimbursement for expenses, including travel expenses, incurred in the discharge of their duties.

(4) Six members shall constitute a quorum for the transaction of business; however, no board action shall be taken by a vote of less than a majority of the full board.

(5) The secretary shall keep complete and accurate records of all meetings and actions taken by the board.

(6) The treasurer shall keep full and accurate financial records, make periodic reports to the board, and submit a complete annual report, in written form, to the secretary.

(7) Meetings of the board shall be held at regular intervals as provided in the bylaws. Emergency meetings may be held upon twenty-four hours actual notice and business transacted, provided that not less than a majority of the full board concurs in the proposed action.

D. A current report on the programs funded shall be made to the House Committee on Ways and Means and to the Senate Committee on Revenue and Fiscal Affairs, meeting jointly, prior to each regular session of the legislature.

E. Any member of the board or of a review panel, whether or not such member is compensated by the institution or organization that the member represents, shall recuse himself from participating in any discussion or voting regarding any matter relating to awarding a grant or contracting with the institution or organization that the member is appointed to represent. No member of the board or of a review panel who complies with the recusal provisions contained in this Subsection shall be deemed to have violated the Code of Governmental Ethics. The appointment of a compensated employee as a representative of a designated institution or organization shall not constitute a prohibited relationship under the provisions of the Code of Governmental Ethics.

RS 40:1105.10 — Annual cancer report

ss made in

reducing or eliminating the high cancer rates in Louisiana.

B. The office of the president shall cause the report to be submitted by March thirty-first of each year to the governor, the speaker of the House of Representatives, the president of the Senate, the House and Senate committees on health and welfare, and the governing body of each parish in the state of Louisiana.

C. Repealed by Acts 2022, No. 252, §3.

RS 40:1105.12 — Louisiana Advisory Committee on Populations and Geographic Regions With Excessive Cancer Rates

is hereby created and shall be composed of the following members:

(1) One member appointed by the Gulf South Tenants Association from the membership of the Louisiana chapter.

(2) One member appointed by the Louisiana Medical Association from its

membership.

(3) One member appointed by the Louisiana Association of Black Social Workers from its membership.

(4) Four persons appointed by the governor from the state at large who have demonstrated an interest in efforts to combat and reduce the cancer rate in populations and regions with excessive cancer rates, subject to Senate confirmation.

(5) One member of the House of Representatives appointed by the speaker of the House.

(6) One member of the Senate appointed by the president of the Senate.

B. Members shall serve four-year terms, except that of the initial members, three members shall be appointed for four-year terms, two members shall be appointed for three-year terms, two members shall be appointed for two-year terms, and two members shall be appointed for a one-year term. Terms of office of the initial members shall be determined by lot at the initial meeting. Each nonlegislative member shall serve without compensation. Each legislative member shall receive per diem and be reimbursed for expenses as provided by the rules of the appropriate house. A vacancy in an unexpired term shall be filled in the manner of the original appointment.

C. A majority of the members of the committee shall constitute a quorum for the transaction of all business.

D. The members of the committee shall elect from their membership a chairman and a vice chairman.

E. The members shall be appointed and the initial meeting shall be held, on the call of the committee member appointed from the House of Representatives, not later than October 1, 1990.

F.(1) The committee shall review and study the current health status of populations and residents of regions with excessive cancer rates, review the ability of such persons to gain access to and utilize the health care system for cancer treatment, advise and consult with the tumor registry in its efforts to gather data relative to and to assess factors contributing to disparities in the health status of such populations and residents and other persons relative to cancer, review existing research and service programs relative to cancer among Louisiana residents, recommend strategies to redirect federal, state, local, and private resources and programs to narrow the health differences between select populations and residents of certain regions as related to cancer, suggest strategies by which the public and private sectors can cooperate to bring about improvements in health status of Louisiana residents relative to cancer, and encourage expanded participation in the tumor registry, cancer programs, and cancer research.

(2) The committee may accept federal funds and funds from any private agency to assist in carrying out the purposes of this Section.

(3) The committee shall make recommendations to and advise the secretary of the Louisiana Department of Health and other appropriate department agencies and officers with respect to the findings and recommendations of its studies as provided in this Subsection.

(4) The committee shall seek comment and review of its conclusions and findings

from appropriate scientific, medical, or health panels established by local chapters or affiliates of national groups that may include but should not be limited to the following: the Louisiana State Medical Society, the Louisiana Cancer Consortium, the Louisiana Cancer Advisory Board, the National Cancer Institute, the American College of Epidemiology, the U.S. Public Health Service, the Louisiana State University Health Sciences Center, the American Cancer Society, etc. Final recommendations will be sent to the secretary of the Louisiana Department of Health and other appropriate department agencies and officers as provided in this Subsection.

(5) This committee shall not undertake to create new information or add original research to the existing literature for this topic. Rather, the committee using all currently available existing information systems, data bases, published and unpublished reports, manuscripts, papers, and other documents shall make its nonbinding recommendations on the basis of such previously existing information.

RS 40:1105.13 — Breast Cancer Control Program

tive, health, and

medical care that concentrates on breast cancer detection, prevention, and treatment. The purpose of this program is to supplement and maximize current resources and to expand and increase the services presently offered. This program shall provide mammography examinations and shall provide services and education necessary to prevent or reduce the occurrence of breast cancer and increase the statewide mammography utilization rate, subject to available funding derived from any available source.

B.(1) In this Section, "mammography examination" means mammographic examinations, including but not limited to digital breast tomosynthesis, performed routinely according to age requirements as set forth by department regulations, or performed no less frequently than required by a treating physician.

(2) In this Section, "digital breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

C. To implement the provisions of this Section, there shall be a breast cancer control agent in each of the Louisiana Department of Health regions, and all agents shall provide individual annual reports to the Louisiana Cancer Advisory Board. The breast cancer control agents will be responsible for increasing the statewide mammography utilization rate by launching a statewide initiative and community outreach program to educate the public about the benefits of early detection and treatment of breast cancer. The breast cancer control agents shall seek additional sources of funding, both public and private, including federal grants made available to states through 42 U.S.C. 300(k) et seq.

D. All health care facilities providing mammography examinations under this program shall be certified in accordance with 42 U.S.C. 263(b).

E. The department shall adopt all regulations necessary to implement the provisions of this Section.

F. The Breast Cancer Control Program established by this Section shall be funded through the Health Excellence Fund created by Article VII, Section 10.8(A)(2) of the

Constitution of Louisiana and the Louisiana Fund created by Article VII, Section 10.9(A) of the Constitution of Louisiana, both of which allow appropriations for the provision of comprehensive chronic disease management services.

RS 40:1107.1 — Purpose

er bodily functions which requires medical treatment and care on a continuing basis.

(2) The cost and expense associated with the care and treatment of cystic fibrosis imposes severe hardships and burdens upon individuals suffering from cystic fibrosis and upon those responsible for the cost of such care and treatment, which without some form of public or private medical and financial assistance can and does result in the inability and failure of affected individuals to obtain proper and adequate medical care essential to the treatment of this condition.

(3) One of the serious problems facing medicine and the public health and welfare today is that while assistance and services are available to individuals with cystic fibrosis under the age of twenty-one through the Children's Special Health Services program, such services are not available to individuals with cystic fibrosis who are twenty-one years of age or older, and for many such individuals there are no other sources of public or private aid available for obtaining needed medical care and treatment.

(4) The legislature recognizes that recent medical advances and improvements in the care and treatment of cystic fibrosis have resulted in increases in life span of affected individuals and in a growing population of persons suffering from cystic fibrosis who are twenty-one years of age or older, and that there is an immediate need to make proper and adequate medical treatment and care available to such individuals in order to afford them every opportunity to develop and realize their fullest human potential and to enhance the quality of life.

RS 40:1107.2 — Programs for individuals with cystic fibrosis who are twenty-one years of age or ervices program in the office of public health established pursuant to R.S.

40:1071 et seq., shall make available and provide services and assistance to individuals with cystic fibrosis who are twenty-one years of age or older under the same terms, conditions, requirements, and criteria as are applied under the program to persons with cystic fibrosis under twenty-one years of age, to the extent that funds are appropriated by the legislature for the purpose of providing such services.

B. The secretary is authorized to promulgate such rules and regulations as are necessary and appropriate to carry out the provisions of this Part.

RS 40:1109.1 — Definitions

(2) "Down syndrome" means a chromosomal condition caused by the presence of an extra whole or partial copy of chromosome 21.

(3) "Healthcare facility" means a facility, including but not limited to a hospital, or an office where a healthcare provider furnishes care to patients for health needs or medical conditions.

(4)(a) "Healthcare provider" means a person who is licensed, certified, or otherwise

authorized by the laws of this state to provide health care or medical treatment in the ordinary course of business or practice of a profession.

(b) "Healthcare provider" includes a genetic counselor.

(5) "Hospital" means a facility that is duly licensed as a hospital in accordance with the provisions of the Hospital Licensing Law, R.S. 40:2100 et seq.

RS 40:1109.2 — Public information concerning Down syndrome

eria:

(1) Has been reviewed by medical experts and national and local Down syndrome organizations.

(2) Is designed for use by an expectant parent who receives a prenatal test result for Down syndrome or a parent of a child who receives a diagnosis of Down syndrome.

(3) Does not engage in discrimination based on disability or genetic variation by explicitly or implicitly presenting pregnancy termination as a neutral or acceptable option when a prenatal test indicates a probability or diagnosis that the unborn child has Down syndrome or any other health condition.

(4) Is culturally and linguistically appropriate for potential recipients of the information and includes all of the following:

(a) Information addressing physical, developmental, educational, and psychosocial outcomes, life expectancy, clinical course, and intellectual and functional development and treatment options for individuals with Down syndrome.

(b) Contact information for national and local Down syndrome education and support programs and services, including information hotlines, resource centers, and clearinghouses.

B. With respect to public information concerning Down syndrome, the department shall do all of the following:

(1) Provide the information identified pursuant to Subsection A of this Section to healthcare facilities and healthcare providers that furnish prenatal care, postnatal care, or genetic counseling to expectant parents who receive a prenatal test result for Down syndrome and parents of a child diagnosed with Down syndrome.

(2) Make available the information identified pursuant to Subsection A of this Section on its Internet website.

C.(1) Upon receipt of a positive result from a test for Down syndrome, a healthcare facility or healthcare provider shall provide to the expectant parent or the parent of the child diagnosed with Down syndrome the written information provided or made available by the department pursuant to Subsection B of this Section.

(2) All information provided pursuant to the provisions of this Section shall be culturally and linguistically appropriate for the recipient of the information, and shall not engage in discrimination based on disability or genetic variation by explicitly or implicitly presenting pregnancy termination as a neutral or acceptable option when a prenatal test indicates a probability or diagnosis that the unborn child has Down syndrome or any other health condition.

RS 40:1111.1 — Short title

0, §1; Redesignated from R.S.

40:1300.161 by HCR 84 of 2015 R.S.

RS 40:1111.2 — Legislative findings; purpose

A severe liver damage has occurred.

(2) Hepatitis C has been characterized by the World Health Organization as a disease of primary concern to humanity.

(3) Studies indicate that one and eight tenths percent of the population, nearly four million Americans, carry the virus HCV that causes hepatitis C.

(4) The National Institutes of Health (NIH) estimated that thirty thousand acute new infections occur each year in the United States and only twenty-five to thirty percent of those are diagnosed.

(5) Current data sources indicate that eight to ten thousand Americans die from hepatitis C each year.

B. It is the intent of the legislature to provide education, heighten awareness, and enhance knowledge and understanding of hepatitis C in order to promote prevention and early detection of the disease and to prevent the transmission thereof.

RS 40:1111.3 — Protocols and guidelines; supply to healthcare and community service providers;

partment of Health shall make available protocols and

guidelines developed by the National Institutes of Health on hepatitis C for educating physicians and health professionals and training community service providers on the most recent scientific and medical information on hepatitis C prevention, detection, diagnosis, treatment, and therapeutic decisionmaking.

B. The guidelines provided in Subsection A of this Section may include but need not be limited to guidelines for the following:

(1) Tracking and reporting of both acute and chronic cases of hepatitis C by public health officials.

(2) A cost-efficient plan to screen the prison population and the medically indigent population in the state.

(3) Protocols within the Department of Public Safety and Corrections to enable that department to provide appropriate treatment to prisoners with hepatitis C.

(4) Protocols for the education of correctional officers and other correctional workers who work with prisoners with hepatitis C.

(5) Protocols for public safety and healthcare workers who come in contact with hepatitis C patients.

(6) Surveillance programs to determine the prevalence of hepatitis C in ethnic and other high-risk populations.

(7) Education programs for high-risk individuals, including but not limited to individuals who received blood transfusions prior to 1992, hemophiliacs, veterans, students, and minority communities. Education programs may provide information and referral on hepatitis C and the prevention thereof, including but not limited to education materials developed by health-related companies, community-based or national advocacy organizations, counseling, patient support groups, and existing hotlines for consumers.

C. The department shall develop a program to heighten awareness and enhance knowledge and understanding of hepatitis C. The department shall:

- (1) Conduct health education, public awareness, and community outreach activities to promote public awareness and enhance knowledge about the risk factors, the value of early detection, available screening services, and the options available for the treatment of hepatitis C.
- (2) Provide training to public health clinic staff regarding the treatment, detection, and methods of transmission of hepatitis C.
- (3) Identify to healthcare providers and employers the benefits of disease awareness and prevention.
- (4) Develop a prevention program to reduce the risk of transmission of hepatitis C.

D.(1) As additional funding is made available for this purpose, and based on existing epidemiological data, the department may establish a voluntary hepatitis C testing program in high-risk areas. In addition to the tests, such program shall include confidential counseling regarding the nature and treatment of the disease and its possible psychosocial effects.

(2) The department may contract with public and private entities to perform the screening, laboratory testing, and training, as necessary, according to local circumstances and as additional funding is made available for this purpose.

(3) The results of a test conducted in accordance with this Section shall be kept confidential and shall not be used for insurance purposes, for screening or determining suitability for employment, or for discharging a person from employment. Each disclosure is considered a separate violation hereunder.

(4) A person who intentionally violates Paragraph (3) of this Subsection is liable to a person injured by such violation. The injured party may bring a civil suit for damages and may recover, for each violation from the person violating Paragraph (3) of this Subsection, the greater of one thousand dollars or actual damages and reasonable attorney fees.

(5) In addition to the remedies provided by Paragraph (4) of this Subsection, the injured person may bring an action to restrain or to enjoin a violation of Paragraph (3) of this Subsection.

E. The department shall develop and offer a training course for people who provide hepatitis C counseling, including that required in Paragraph (D)(1) of this Section. The training course must include information relating to the special needs of people with positive hepatitis C test results, including the importance of early intervention and treatment and recognition of psychosocial needs.

F. Specifically regarding the increased risk to veterans, the department shall make available to all veterans, physicians, other healthcare providers, and other persons at high risk for hepatitis C, educational materials, in written and electronic forms, on the diagnosis, treatment, and prevention of hepatitis C. Such materials shall include the recommendations of the United States Centers for Disease Control and Prevention, United States Department of Health and Human Services, and any other entity having knowledge on hepatitis C, including the American Liver Foundation.

RS 40:1113.1 — Definitions

hat patient's own future use.

(2) "Health care provider" means a person, partnership, corporation, facility, or institution licensed by the state or federal government to provide health care or professional services as a physician, osteopath, hospital, blood bank or tissue bank and/or an officer, employee, or agent thereof acting in the course and scope of his employment.

(3) "HIV test" means a laboratory test approved by the Louisiana Department of Health to detect antibodies to the human immunodeficiency virus.

(4) "Patient" means a natural person who receives health care from a health care provider.

(5) A "positive reaction" means a positive HIV test with a positive confirmatory test, including, but not limited to the western blot.

RS 40:1113.2 — Blood and tissue storage facilities; test for HIV

s or cause such test to be performed. A blood

or tissue storage facility shall not accept a blood or tissue donation from a donor whose HIV test results in a positive reaction unless:

(1) The secondary, corroborative HIV test provides evidence that the first HIV test was a false positive reaction.

(2) The blood, tissue, or a product of the blood of the donor will only be used for research purposes.

B. The results of the tests performed pursuant to this Section shall be released only to:

(1) The subject of the test;

(2) The subject's or patient's treating physician;

(3) A health care provider who procures, processes, distributes, or uses an anatomical gift for the sole purpose of ascertaining the medical acceptability of the anatomical gift;

(4) The coroner, funeral director, or other person who examines or prepares the body of a decedent for burial or other disposition; or

(5) The office of public health of the Louisiana Department of Health for the restricted purpose of controlling the spread of communicable diseases as authorized by Title 36 and Title 40 of the Louisiana Revised Statutes and by the Louisiana State Sanitary Code.

RS 40:1113.3 — Administration of blood, tissue, fluids to patient

ed by law to administer blood, tissue, or

fluids shall administer to a patient blood, blood products, body tissue, or body fluids donated by another individual unless:

(1) The donated blood, blood products, body tissue, or body fluids have been subjected to an HIV test; and

(2) The HIV test performed produced a negative result.

RS 40:1113.4 — Emergencies

is in

imminent danger of death or great bodily harm and blood or tissue screened pursuant to this

Part is not available.

RS 40:1113.5 — Penalty

R 84 of 2015

R.S.

RS 40:1113.6 — Rules and regulations

he

Administrative Procedure Act.

RS 40:1113.7 — Autologous donations

onations of blood,

blood products, body tissue, or body fluids for the intended purpose of transfusions or reimplantation into the original donor.

RS 40:1115.1 — Clinical laboratories; estimated glomerular filtration rate (eGFR)

serum creatinine level of a patient eighteen years of age or

older, as ordered or prescribed by a health care professional authorized to make such an order or prescription, shall calculate the patient's estimated glomerular filtration rate (eGFR).

B. The estimated glomerular filtration rate shall be determined by using information as is provided by the health care professional or patient, as applicable. The testing laboratory shall only be required to provide the eGFR if necessary information is provided by the patient or patient's health care professional.

C. The laboratory shall include the patient's estimated glomerular filtration rate with its report to the health care professional.

D. The requirements of this Section shall not apply to any specimen that is being tested in accordance with a clinical trial or research or to any specimen that is being tested for a patient admitted as an inpatient.

RS 40:1117.1 — Persons admitted and committed to sanatoria

upon the handwritten

recommendation of any registered physician and upon being found a fit subject entitled to such admission after investigation under regulations made by the Louisiana Department of Health. Except as hereinafter provided, these regulations shall govern all such admissions without distinction and nothing in this Section empowers the Louisiana Department of Health to make special rules or exceptions governing individual specific cases. All regulations as to admission shall be general in character.

B. The Louisiana Department of Health shall also admit to any state-operated hospital any person having tuberculosis who has been sentenced by any district court in the state for violating those provisions of the state sanitary code dealing with isolation or quarantine of communicable disease and who at the discretion of the court has been specifically committed to serve his sentence at such a hospital. This provision shall not be construed to mean that the Louisiana Department of Health must provide security measures at the hospital for retaining these offenders. Furthermore, if any person committed to a state-operated hospital by court order for violating those provisions of the sanitary code dealing with isolation or quarantine of communicable disease creates a grave disciplinary problem

and tends to disrupt the efficient operation of that institution, or leaves without completing his sentence and without authority, the superintendent of the hospital shall petition the court which committed the person to transfer that person to the hospital section of the state penitentiary or to order that person to be apprehended and committed to that institution for the remainder of his sentence.

RS 40:1119.1 — Tuberculosis testing for admission to nursing homes

abolished by the Louisiana

Department of Health, for tuberculosis prior to admission. If the results of the screening are positive, the person shall consult with his treating physician and the nursing home administrator of the nursing home that he is applying to to determine if admission to such nursing home is in the best interest of the applicant as well as other patients residing in such nursing home.

RS 40:1121.1 — Definition

al act.

RS 40:1121.2 — Infection of others prohibited

noculation or infection with
a venereal disease.

RS 40:1121.3 — Testing of donors of semen specimens; use of specimens; penalties

on an anonymous basis shall use fresh semen specimens. The provisions of this Section shall not be construed or interpreted in any way to prohibit the use of a wife's spouse's semen for artificial insemination purposes.

B. A health facility, agency, or physician which provides human artificial insemination services on an anonymous basis using frozen semen shall test each semen donor for the presence in the donor of HIV-1 antibodies, which have been associated with acquired immune deficiency syndrome (AIDS). The donated semen shall be stored and quarantined until the HIV-1 antibodies test and a second test six months from the date of donation are completed. A regular donor may be tested for the presence of HIV-1 antibodies on a regular basis, but shall be tested at least once every six months. A health facility, agency, or physician shall not accept or use for artificial insemination purposes:

- (1) Any semen specimen, except that of a wife's spouse, from a donor who has not been subjected to an initial HIV-1 antibodies test which produced a negative result and subjected to a second test six months later which produced a negative result; or
- (2) Any semen specimen from a donor whose first or subsequent HIV-1 antibodies test result is positive, unless a corroborative HIV-1 test provides evidence that the positive HIV-1 test result was a false positive reaction.

C. The results of the tests performed pursuant to this Section shall be released only to the subject of the test; the subject's treating physician; or the office of public health of the Louisiana Department of Health for the limited purpose of statistical summary and analysis.

D. The Louisiana Department of Health shall promulgate rules to implement the provisions of this Section.

E. A health facility, agency, or physician which violates any of the provisions of this

Section shall be fined not more than two thousand dollars, and shall be liable for damages in a civil action.

RS 40:1121.4 — Examination of persons suspected of being infected

ed for that purpose, may give a physical

examination to any person suspected of being infected with a venereal disease. The examination shall be given under conditions thought reasonable by the department. No person shall fail or refuse to submit to this examination.

RS 40:1121.5 — Isolation, quarantine, or internment of persons affected

and shall submit to any treatment for such a time

and under such restrictions as seems reasonable and proper to the department.

RS 40:1121.6 — Expedited partner therapy

any advanced

practice registered nurse who is licensed to practice nursing in this state, or any physician assistant, who is licensed to practice in this state, provided such physician or nurse or physician assistant has the authority to write prescriptions in this state, to individuals who may have been exposed to gonorrhea or chlamydia. Expedited partner therapy is hereby authorized absent a doctor-patient relationship and absent clinical assessment.

B. Notwithstanding any other provisions of law to the contrary, any physician or any advanced practice registered nurse who diagnoses or does a nurse clinical assessment or any physician assistant who performs an examination of a case of chlamydia or gonorrhea in an individual patient may prescribe, furnish, or otherwise provide prescription antibiotic drugs to that patient's sexual partner or partners absent a doctor-patient relationship or absent an advanced practice registered nurse-patient relationship and without examination or nurse clinical assessment or physician assistant examination of that patient's sexual partner or partners.

C. If expedited partner therapy is chosen as an alternative, the patient with a case of chlamydia or gonorrhea will be given a written document that he agrees to give to his sexual contact. The document will contain, but will not be limited to, the following information:

(1) The sexual contact should be examined and treated by a physician, advanced practice registered nurse or physician assistant, if at all possible.

(2) The medicine or prescription for medicine given to the sexual contact by the patient should not be taken by the contact if the contact has a history of allergy to the antibiotic or to the pharmaceutical class of antibiotic in which case the sexual contact should be examined and treated by a physician, advanced practice registered nurse or physician assistant and offered another type of antibiotic treatment.

(3) The medicine or prescription for medicine given to the sexual contact by the patient should not be taken by the contact if the contact is pregnant, in which case the sexual contact should be examined by the prenatal care health care provider.

D. Any pharmacist licensed to practice pharmacy in this state may recognize a prescription authorized by this Section as valid notwithstanding any other provision of law or administrative rule to the contrary.

E. The provisions of this Section which relate to expedited partner therapy shall be implemented according to rules promulgated by the secretary of the Louisiana Department of Health in accordance with the Administrative Procedure Act.

RS 40:1121.7 — Report of cases

venereal

disease which he attends or examines or for which he prescribes or gives treatment in accordance with the requirements of the Louisiana Sanitary Code. This report shall be made within the time period prescribed in the Louisiana Sanitary Code. The report shall be made on, or in substantial conformity with, a form provided for that purpose by the office. The report shall contain the identifying information required by the Louisiana Sanitary Code.

B. If the person affected with the venereal disease fails or refuses, for a period of ten days or more after the diagnosis as a venereal disease, to submit to proper treatment or if he exposes any other person to infection with the venereal disease, the attending physician shall make a supplementary report regarding these facts to the department.

RS 40:1121.8 — Minor's consent for treatment of venereal diseases

or surgical care or services by a physician,

licensed to practice medicine in this state, when executed by a minor who is or believes himself to be afflicted with a venereal disease, shall be valid and binding as if the minor had achieved his majority. Any such consent shall not be subject to a later disaffirmance by reason of his minority.

B. The consent of a spouse, parent, guardian or any other person standing in a fiduciary capacity to the minor shall not be necessary in order to authorize such hospital care or services or medical or surgical care or services to be provided by a physician licensed to practice medicine to such a minor.

C. Upon the advice and direction of a treating physician, or, in the case of a medical staff, any one of them, a physician or member of a medical staff may, but shall not be obligated to, inform the spouse, parent or guardian of any such minor as to the treatment given or needed, and such information may be given to, or withheld from the spouse, parent or guardian without the consent and over the express objection of the minor.

D. No physician licensed to practice medicine in this state shall incur civil or criminal liability in connection with any examination, diagnosis and treatment authorized by this Section except for negligence.

RS 40:1121.9 — Sale of drug as cure or treatment

the prescription of a

licensed physician.

RS 40:1121.10 — Rules and regulations

les and

regulations shall be printed in pamphlet or folder form in sufficient numbers for free distribution among physicians, sanitariums, and the general public.

RS 40:1121.21 — Blood samples; standard test

syphilis blood tests

to the pregnant woman during the pregnant woman's initial prenatal care visit with that healthcare provider during the woman's first trimester and the pregnant woman's first prenatal care visit in the third trimester with that healthcare provider or as soon as possible thereafter.

(b) Any admitting healthcare provider who attends any pregnant woman during labor and delivery shall provide HIV and syphilis blood tests to the pregnant woman at that time. The pregnant woman shall be informed that the testing will be performed unless the woman declines the testing.

(c) A blood sample shall be taken and submitted to any approved laboratory for a standard test for syphilis as approved by the American Board of Pathology and a standard diagnostic HIV test approved by the Food and Drug Administration, unless the pregnant woman has declined the testing.

(2) In addition to the tests required in this Section, the pregnant woman shall be tested for chlamydia and gonorrhea at the first prenatal visit, and if a pregnant woman tests positive or it is deemed necessary by the healthcare provider, he shall offer testing in the third trimester.

B. For purposes of this Section, "healthcare provider" means a licensed physician, licensed advanced practice registered nurse or nurse practitioner, licensed physician assistant, or licensed or certified midwife.

C. All testing that is provided by a healthcare provider pursuant to the provisions of this Section shall be considered a medically necessary covered service by any health insurance issuer as defined in R.S. 22:1005 and by any managed care organization as defined in R.S. 46:460.51. In addition, health insurance issuers and managed care organizations shall be prohibited from requiring prior authorization or imposing any utilization management requirements as a condition of payment for any testing provided pursuant to the provisions of this Section.

RS 40:1121.22 — Nature of standard test

y a duly licensed

physician and pathologist as recognized by the American Board of Pathology or in a laboratory in a hospital approved by the American College of Surgeons as unconditionally meeting its minimum standards. A standard diagnostic HIV test is a test approved by the Food and Drug Administration and may include tests performed by a duly licensed physician or by other approved staff.

RS 40:1121.23 — Reports on birth and stillbirth certificates

rd test for syphilis has been made upon

a specimen of blood taken from the woman who bore the child for which a birth or stillbirth certificate is filed.

RS 40:1121.24 — Use of controlled dangerous substances while pregnant; multidisciplinary team

than thirty thousand, a parish with a population of not less than one

hundred fifty thousand and not more than one hundred sixty thousand, and a parish with a population of not less than three hundred thousand and not more than four hundred thousand

according to the most recent federal decennial census may convene a multidisciplinary team to assist in making a determination of the appropriate disposition of a case where a pregnant woman under arrest tests positive for controlled dangerous substances for which she does not have a valid, legal prescription, as provided for in the Uniform Controlled Dangerous Substances Law. Each member of the multidisciplinary team shall serve a term of two years.

B. The multidisciplinary team may include but is not limited to the following persons:

- (1) A Louisiana board-certified physician trained in obstetrics and gynecology.
- (2) A licensed nurse with experience in caring for drug- or alcohol-exposed newborn infants.
- (3) A law enforcement officer employed by a local or state law enforcement agency.
- (4) An employee of the Department of Children and Family Services with a background and experience with federal and state benefits, such as Medicaid.
- (5) An individual associated with a nonprofit organization with a background and experience in charitable and faith-based resources for treatment of alcohol and drug abuse or addiction.
- (6) A licensed social worker or counselor with training and experience in the treatment of drug or alcohol addiction.

C. As used in this Section, "appropriate disposition" may include but shall not be limited to filing a petition for involuntary commitment as provided for in R.S. 28:53 and 53.2 to a public facility or a private facility willing to accept the pregnant woman for treatment.

D. The authority provided by the provisions of this Section shall exist from the time of arrest to the time of dismissal, acquittal, or conviction.

RS 40:1122 — Repealed by Acts 1980, No. 299, §1

on Rouge, Louisiana 70804-9062

RS 40:1122.1 — Louisiana Rare Disease Advisory Council

Review board established by the Louisiana
Department of Health.

- (2) "Department" means the Louisiana Department of Health.
- (3) "Rare disease" means any disease or condition that affects fewer than two hundred thousand persons in the United States. Rare disease shall also mean sickle cell disease and sarcoidosis.

B.(1) The Louisiana Rare Disease Advisory Council is hereby created within the Louisiana Department of Health.

(2) The Louisiana Rare Disease Advisory Council, referred to hereafter in this Part as the "advisory council", shall serve only in a resource capacity to any public and private agency located in this state that provides services for a person who has been diagnosed with a rare disease.

(3) The advisory council shall be composed of the following members:

- (a) One member appointed by the president of the Senate.
- (b) One member appointed by the speaker of the House of Representatives.
- (c) Members appointed by the governor as follows:

- (i) One representative from the department.
 - (ii) Two representatives from academic research institutions in this state that conduct rare disease research.
 - (iii) Two physicians who are licensed and practicing in this state with experience in researching, diagnosing, or treating rare diseases.
 - (iv) One geneticist who is licensed and practicing in this state.
 - (v) One registered nurse or advanced practice registered nurse who is licensed and practicing in this state and has experience treating rare diseases.
 - (vi) Two residents of this state who are eighteen years of age or older and who have either been diagnosed with a rare disease or is a caregiver for a person who has been diagnosed with a rare disease.
 - (vii) One representative of a rare disease patient organization operating in this state.
- (4) The governor shall determine who serves as the chair and vice chair of the advisory council.
- (5) To the extent practicable, every organization or entity that provides a nomination to the advisory council shall strive for diversity in its appointment on the basis of race, ethnicity, sex, professional or educational background, and geographic residency.
- C. The advisory council shall hold its initial meeting no later than October 1, 2021. The advisory council shall meet at least quarterly in a calendar year and at any other time as it deems necessary.
- D. The purposes of the advisory council include all of the following:
- (1) To provide input and feedback to the department and any other state agency on matters that affect a person who has been diagnosed with a rare disease, including but not limited to all of the following:
 - (a) Pandemic preparedness and response and its impact on a person living with a rare disease.
 - (b) Research, education, diagnosis, and treatment relating to rare diseases within this state.
 - (c) Rare diseases in general, the severity of rare diseases, and unmet medical needs associated with rare diseases.
 - (d) The demographics and clinical description of patient populations.
 - (e) Timely access to screening, care, insurance or Medicaid coverage, specialists, and other needed services for a patient who has been diagnosed with a rare disease.
 - (f) The impact that coverage, cost-sharing, tiering, and any other utilization management procedure has on providing treatment and services to a patient who has been diagnosed with a rare disease.
 - (2) To provide expert and clinical advice to the board in its review of treatments for a rare disease. The treatments may include drugs or biological products emerging from fields of personalized medicine and non-inheritable gene editing therapeutics.
 - (3) To provide a report to the governor, the Legislature of Louisiana, the department, and any other relevant agency of both of the following:
 - (a) Any findings, activities, and progress of the advisory council pursuant to the

provisions of Paragraphs (1) and (2) of this Subsection.

(b) Any recommendations for addressing the needs of a person living with a rare disease in this state.

E. The advisory council shall not have authority on any matter relating to the department or the board.

F. Nothing in this Section shall require the board to follow the recommendations of the advisory council.

G. Nothing in this Section shall require the advisory council, the board, or any state agency to consult with a person on any matter or be required to meet with any specific expert or stakeholder.

H. An advisory council member shall not receive any compensation for serving on the advisory council.

RS 40:1123.1 — Short title

3.1 redesignated as R.S. 40:1300.41 by Acts 2022, No. 271, §9A.

RS 40:1123.2 — Awareness

n and

their family members information about perinatal mood and anxiety disorders, including the symptoms, treatment, and available resources. The Louisiana Department of Health bureau of family health, in cooperation with the office of behavioral health, shall make such information available to hospitals and birthing centers and shall include this information on the department's website.

RS 40:1123.3 — Screening for postpartum or related mental health disorders

gns and symptoms of postpartum depression or related mental health disorders through a validated screening tool in accordance with the recommendations from the American College of Obstetricians and Gynecologists if in the exercise of their professional medical judgment the healthcare providers believe that such screening would be in the best interest of the patient.

B. Upon the consent of the caregiver, a healthcare provider who is providing pediatric care to an infant shall screen the caregiver for postpartum depression or related mental health disorders in accordance with the recommendations of the American Academy of Pediatrics if in the exercise of his professional medical judgment the healthcare provider believes that such screening would be in the best interest of the patient. Screenings pursuant to this Subsection shall not create either a physician-patient relationship between the healthcare provider and the caregiver or any continuing obligation to provide medical services or referral by the healthcare provider.

RS 40:1123.4 — Treatment; access to perinatal mental health providers

) Identify providers who specialize in pregnancy-related and postpartum depression or related mental health disorders and pregnancy-related and postpartum substance use disorders, which are searchable by location.

(2) Develop network adequacy standards for treatment of pregnant and postpartum

women with depression or related mental health disorders and pregnant and postpartum women with substance use disorders.

RS 40:1123.5 — Prenatal screening for substance use disorder

he first trimester of pregnancy or

at the time of first examination after confirming pregnancy, if the provider utilizing his professional medical judgment believes that the screening would be in the best interest of the patient and such screening has not already occurred. The healthcare provider providing such screening shall utilize a validated verbal screening tool for substance use disorder that aligns with standards of the American College of Obstetricians and Gynecologists. The Louisiana Department of Health, office of public health, shall post a list of approved validated verbal screening tools on its website. For purposes of this Section, "licensed healthcare provider" means a physician, advanced practice registered nurse, or physician assistant.

B. After administering the screening provided for in Subsection A of this Section, a licensed healthcare provider who determines that a pregnant woman is at risk for substance use disorder shall refer the woman for appropriate treatment.

RS 40:1124.1 — Screening for prenatal and postpartum health disorders

d preeclampsia through a validated

screening tool in accordance with the recommendations from the American College of Obstetricians and Gynecologists if, in the exercise of their professional medical judgment, the healthcare providers believe that such screening would be in the best interest of the patient.

RS 40:1124.2 — Discharge information; hospital and birthing center requirements

th, provide the mother and her family members information

about post-birth warning signs, including symptoms and available resources.

B. The Louisiana Department of Health shall make the information available to hospitals and birthing centers and shall include the information on the department's website.

RS 40:1125.1 — Louisiana Sickle Cell Commission

venteen

members as provided in Subsection B of this Section. No organization, entity, or individual shall be a member unless expressly provided for in Subsection B of this Section.

B.(1) Thirteen members shall be appointed by the governor, subject to Senate confirmation, as follows:

(a) One member from a list of nominees submitted by the Sickle Cell Center of Southern Louisiana, Tulane University School of Medicine, which has provided health care to patients with sickle cell disease since 1979 and houses the only life span clinic, which provides care to patients from birth to death, and a transition clinic, which provides a seamless transition during the high risk death gap period from pediatric to adult care.

(b) One member from a list of nominees submitted by Children's Hospital, New Orleans, which is the only hospital in this state to provide stem cell and gene therapies to patients with sickle cell disease and focuses on sickle cell pediatric hematology.

(c) One member from a list of nominees submitted by the Louisiana Primary Care

Association.

(d) One member from a list of nominees submitted by the Sickle Cell Association of South Louisiana, which has served eleven parishes in south Louisiana since 1974 and has the historical and institutional knowledge of patient care within the community.

(e) One member from a list of nominees submitted by the Northeast Louisiana Sickle Cell Anemia Technical Resource Foundation, Inc, which has served northeast Louisiana since 1979 and has the historical and institutional knowledge of patient care within the community.

(f) One member from a list of nominees submitted by the Sickle Cell Disease Association of America, Inc., Northwest Louisiana Chapter, which has served northwest Louisiana since 1974 and has the historical and institutional knowledge of patient care within the community.

(g) One member from a list of nominees submitted by the Sickle Cell Anemia Research Foundation, Alexandria, which has served twelve parishes in central Louisiana since 1974 and has the historical and institutional knowledge of patient care within the community.

(h) One member from a list of nominees submitted by Southwest Louisiana Sickle Cell Anemia, Inc., which has served southwest Louisiana and has the historical and institutional knowledge of patient care within the community.

(i) Five members from a list of nominees submitted by the Louisiana Department of Health, two of whom shall be persons diagnosed with sickle cell disease, one of whom shall be a parent of a person diagnosed with sickle cell disease, and two of whom shall be medical professionals who provide treatment and care to patients diagnosed with sickle cell disease.

(2) Two of the members shall be as follows:

(a) The secretary of the Louisiana Department of Health or his designee.

(b) The Medicaid director of the Louisiana Department of Health or his designee.

(3) Two members shall be appointed as follows:

(a) One member of the Louisiana Senate appointed by the president of the Senate.

(b) One member of the Louisiana House of Representatives appointed by the speaker of the House of Representatives.

(4) Each appointment by the governor shall serve at his pleasure. The legislative members shall serve at the pleasure of the presiding officer of the respective legislative body.

(5) The term of an appointee shall be four years. Any vacancy occurring in board membership shall be filled for the remainder of the unexpired term in the same manner as the original appointment.

(6) Nonlegislative members of the commission shall not be entitled to a per diem or any other compensation for their service but shall be entitled to reimbursement of any necessary and reasonable expense incurred in the performance of their duties on the panel, including travel expenses. Each legislative member of the commission shall receive a per diem and travel expenses equal to the per diem and travel expenses provided by law for members of the legislature.

(7) Meetings of the commission shall be held at the call of the chairman or on a

petition of at least five members of the commission.

(8) At the first meeting of the commission, each year after its members assume their positions, the members shall select one of the commission members to serve as chairman and one of the commission members to serve as vice chairman, and each shall serve for a term of one year. The chairman shall preside at meetings of the commission, and in his absence, the vice chairman shall preside.

(9) The commission shall hold at least four regular meetings each year. The commission shall meet at locations that rotate throughout the state, as determined by the chairman, to provide ease of travel for the members of the commission.

(10) The appointment of the initial members of the commission shall take place no later than October 1, 2013, and the commission shall convene its first meeting no later than November 1, 2013.

C. The Louisiana Department of Health shall provide administrative assistance to and serve as staff for the commission.

D. The functions of the commission shall be to:

- (1) Ensure the delivery of sickle cell services to affected persons in all parishes in Louisiana and assist in establishing geographical service delivery boundaries.
- (2) Promulgate guidelines for creating uniformity in the delivery of services and the management of statewide programs.
- (3) Submit budget recommendations to the legislature and the governor.
- (4) Prepare and publish an annual report on sickle cell that includes:
 - (a) An assessment of the programs and activities aimed at sickle cell.
 - (b) A description of the level of coordination existing between the state and private stakeholders in the management and treatment of sickle cell.
 - (c) The development of a detailed action plan for battling sickle cell.
- (5) Direct the Sickle Cell Patient Navigator Program established by the provisions of R.S. 40:1125.21.
- (6) Apply for grants and donations from any public or private source to implement the provisions of this Subsection.

RS 40:1125.11 — Definitions

(2) "Registry" means the sickle cell disease registry established by the provisions of this Subpart.

RS 40:1125.12 — Sickle cell disease registry; purpose

e cell disease which shall be

known as the "Skylar-Cooper Database". The purpose of the registry shall be to function as a single repository of accurate, complete records to aid in the cure and treatment of sickle cell disease in this state.

B. The registry shall encompass, without limitation, all of the following:

- (1) A record of individuals in this state who have been diagnosed with sickle cell disease.
- (2) All data and other information associated with individuals who have been diagnosed with sickle cell disease that the secretary of the department deems necessary and

appropriate for inclusion in the registry.

RS 40:1125.13 — Healthcare facilities; reporting of data

been diagnosed with the

disease. The form and manner of the data shall be prescribed by the department by rule duly promulgated in accordance with the Administrative Procedure Act.

B. The Louisiana Department of Health shall facilitate an agreement between sickle cell clinics as provided for in R.S. 40:1125.31 et seq. and an association that is part of the Louisiana Sickle Cell Commission that provides information and assistance to patients diagnosed with sickle cell disease. The agreement shall allow for the transfer of sufficient contact information from the sickle cell clinics to allow an association to contact the patient.

RS 40:1125.14 — Use of registry data

of law to the contrary, the department or its

agent may access medical and vital records in the custody of physicians, hospitals, clinics, other healthcare providers, and the office of public health in order that it may conduct sickle cell disease studies. The data contained in the registry as well as all such medical and vital records obtained by the department or its agent in accordance with the provisions of this Subsection, as well as the results of any sickle cell disease study, shall be confidential and shall not be available for subpoena, nor shall such information be disclosed, discoverable, or compelled to be produced in any civil, criminal, administrative, or other proceeding nor shall such records be deemed admissible as evidence in any civil, criminal, administrative, or other tribunal or court for any reason. Nothing in this Subsection shall prohibit the publishing by the department of statistical compilations relating to sickle cell disease which do not identify individual cases or individual physicians, hospitals, clinics, or other healthcare providers.

RS 40:1125.15 — Healthcare needs of persons with sickle cell disease; legislative findings; use of

re for sickle cell

disease and other health conditions often face lengthy wait times for that care, and that these wait times contribute to poor health outcomes and excess morbidity and mortality among populations that are impacted by sickle cell disease. The legislature further finds that sickle cell patients may face greater barriers in accessing the necessary care for their disease after reaching the age of majority or aging out of health coverage furnished through the Louisiana Children's Health Insurance Program. Therefore, the secretary of the department shall take such actions as are necessary to support the facilitation of care coordination for sickle cell patients, assist in reducing the wait times to access healthcare services, and assist in promoting continuity of care for young people who age out of Louisiana Children's Health Insurance Program coverage.

RS 40:1125.16 — Administrative rules

.

B. The rules required by this Section shall include but not be limited to the following:

(1) Data elements to be included in the registry.

(2) Guidelines and procedures for obtaining from healthcare providers information regarding individuals diagnosed with sickle cell disease.

(3) Standards for ensuring that the registry is developed and operated in a manner that comports with all applicable requirements of the Health Insurance Portability and Accountability Act of 1996, P.L. 104-191; regulations adopted pursuant to that Act including but not limited to the HIPAA Privacy Rule, 45 CFR Part 164; and other applicable laws and regulations governing disclosure of health information.

RS 40:1125.21 — Sickle cell patient navigator program

n this state are

not in specialty care, even though the health consequences of going without such care may be fatal.

(2) Insufficient access to specialty care is a major barrier to overall health care for persons suffering from sickle cell disease.

(3) The purpose of this Section is to provide for a program to increase statewide access to the types of specialty care that are critical to the health and well-being of sickle cell patients.

B. The Sickle Cell Patient Navigator Program, referred to hereafter in this Section as "the program", is hereby established. The program shall operate in accordance with the provisions of this Section.

C. The functions of the program shall include, without limitation, all of the following:

(1) Training of patient navigators to serve as outreach coordinators, coordinators of family educational sessions, and patient case managers.

(2) Establishing and strengthening a continuum of care for each sickle cell patient served by the program and for the families of those patients.

(3) Identifying and contacting sickle cell patients, conducting home visits with patients and their family members, and coordinating patient care.

(4) Facilitating collaboration among healthcare providers that serve sickle cell patients.

(5) Delivering public health education on sickle cell disease and treatment.

D. The Louisiana Department of Health shall administer the program under the direction of the Louisiana Sickle Cell Commission placed within the department by the provisions of R.S. 36:259(B)(11).

E. This Section and the Sickle Cell Patient Navigator Program shall not be implemented or operational until monies have been appropriated by the legislature sufficient to fully fund these provisions.

RS 40:1125.31 — Sickle cell anemia; clinic established

Louisiana State University and

Tulane University for the treatment of sickle cell anemia, in Charity Hospital of Louisiana in New Orleans and in Louisiana State Medical Center in Shreveport. The clinics shall be maintained for the treatment of victims of sickle cell anemia regardless of geographic and economic family situation without regard to the standard eligibility requirements of charity

hospitals and for the training of physicians and medical students in methods of treatment and for research into the causes of the disease and its cure.

RS 40:1125.32 — Sickle cell anemia; clinics established statewide

throughout the state if and when one

hundred percent federal funding becomes available for this purpose.

B. The clinics shall be established in cooperation with the medical schools of Louisiana State University and Tulane University, the state medical centers, the sickle cell anemia foundations, and the National Research Center for Sickle Cell Anemia at Southern University and Agricultural and Mechanical College at Baton Rouge and shall be located in Monroe, Shreveport, Alexandria, Lake Charles, Lafayette, Baton Rouge, and New Orleans.

C.(1) The clinics shall be maintained for the treatment of victims of sickle cell anemia and shall also provide holistic care and counseling for families of victims of sickle cell anemia. Fees for treatment shall be provided in accordance with the provisions of R.S. 46:6.

(2) For purposes of this Section, "holistic care" includes educational literature, screening, testing, treatment, and referral to appropriate persons or facilities.

D. The clinics shall develop a working rapport with the state public health clinics and substance abuse centers and the sickle cell anemia foundations and shall organize support groups within the parish and surrounding parishes where they are located.

E. Each clinic shall be staffed by a physician, nurse, and any other staff as necessary to provide treatment and other services and shall contract with at least one hematologist to serve the clinic and may cooperate and interact with other state and private institutions in order to staff the clinic.

RS 40:1125.33 — Sickle cell anemia; local programs

Inc., the

Alexandria Sickle Cell Program, the Eighth Regional Sickle Cell Foundation, and the Baton Rouge Sickle Cell Program, hereinafter referred to as "program", shall be maintained for the treatment of victims of sickle cell anemia regardless of geographic and economic family situation and without regard to the standard eligibility requirements of charity hospitals. In addition, the programs shall implement policies and plans to convert their individual facility into regionalized facilities, whereby each facility is responsible for sickle cell anemia patients in parishes surrounding the main facility.

B. Each program shall provide holistic care, which shall include but not be limited to educational literature, screening, testing, treatment, and referrals. If funds are available, each program shall:

(1) Provide a physician or nurse to provide proper health care.

(2) Provide a hematologist to provide proper testing to sickle cell anemia patients.

(3) Provide counseling for families of those who are affected by sickle cell anemia and which fatality appears imminent.

(4) The executive director of each regional sickle cell anemia clinic shall possess the minimum qualifications established by rules promulgated by the Louisiana Department of Health.

C. The provisions of this Section shall not relieve or remove any responsibilities of the Louisiana Department of Health from implementing and complying with the provisions of R.S. 40:1125.31.

D. The provisions of this Section shall be implemented if and when one hundred percent federal funds are made available for the purposes set forth in this Section.

RS 40:1125.41 — Annual review of Medicaid coverage for sickle cell disease

Il disease and services for enrollees with a diagnosis of sickle cell disease that are eligible for coverage under the Louisiana Medicaid program. The department shall determine if the available covered medications, treatments, and services are adequate to meet the needs of enrollees with a diagnosis of sickle cell disease and whether the department should seek to add additional medications, treatments, or services.

B. When conducting the annual review required by Subsection A of this Section, the Louisiana Department of Health shall solicit and consider input from the general public with specific emphasis on attempting to receive input from persons or groups with knowledge and experience in the area of sickle cell disease treatment.

C. On or before January 15, 2023, and on or before January fifteenth each year thereafter, the Louisiana Department of Health shall submit a report to the Senate Committee on Finance, the House Committee on Appropriations, and the Senate and House committees on health and welfare that details the department's findings from the annual review required by this Section, as well as any recommendations to the legislature based upon those findings. The department shall publish the annual report required by this Subsection on its website in a manner accessible by the general public.

RS 40:1131 — Definitions

n of medically necessary

supplies and services by EMS practitioners who are licensed at least to the level of advanced emergency technician or equivalent.

(2) "Air ambulance" means any aircraft, either fixed-wing or rotary-winged, designed and operated as a part of a regular course of conduct or business to transport a sick or injured individual or which is advertised or otherwise held out to the public as such.

(3) "Air ambulance service" means any person, firm, association, or government entity owning, controlling, or operating any business or service which furnishes, operates, conducts, maintains, advertises, engages in, proposes to engage in, or professes to engage in the business or service of transporting, in air ambulances, individuals who may need medical attention during transport.

(4) "Ambulance" means any authorized emergency vehicle, equipped with warning devices, designed and operated as a part of a regular course of conduct or business to transport a sick or injured individual or which is advertised or otherwise held out to the public as such. "Ambulance" shall not mean a hearse or other funeral home vehicle utilized for the transportation of the dead.

(5)(a) "Ambulance service" or "ambulance provider" means any person, firm, association, or government entity owning, controlling, or operating any business or service

which furnishes, operates, conducts, maintains, advertises, engages in, proposes to engage in, or professes to engage in the business or service of transporting, in ambulances, individuals who may need medical attention during transport. Such transport may be made, based on approved protocols, to an alternative destination when the individual's condition does not meet the definition of emergency medical condition pursuant to R.S.

22:1821(D)(2)(g)(i). However, no person shall be transported to an alternative destination unless he consents to being transported to that destination, and no ambulance service shall transport a person to an alternative destination in which the ambulance service has a financial interest.

(b) For purposes of this Chapter, "ambulance service" and "ambulance provider" shall not include any of the following:

(i) An agency of the federal government.

(ii) A volunteer nonprofit organization or municipal nonprofit organization operating an invalid coach or coaches.

(iii) An entity rendering assistance to a licensed ambulance or ambulances in the case of a major disaster.

(iv) A licensed hospital providing nonemergency, noncritical interhospital transfer and patient transportation for diagnostic and therapeutic purposes when such transportation originates at a licensed hospital.

(v) An entity operating an ambulance or ambulances from a location outside of the state to transport patients from a location outside of the state to a location inside the state or to transport a patient or patients from a medical facility inside of the state to a location outside of the state.

(vi) An entity providing transportation to employees who become sick or injured during the course of their employment from a job site to the nearest appropriate medical facility.

(6) "Auto-injector" means a portable, disposable drug delivery device that contains a measured, single dose of epinephrine that is used to treat a person suffering a potentially life-threatening anaphylactic reaction.

(7) "Basic life support" or "BLS" means the provision of medically necessary supplies and services by EMS practitioners who are licensed at least to the level of emergency medical technician.

(8) "Bureau" means the Louisiana Department of Health, bureau of emergency medical services.

(9) "Certified ambulance operator" means an individual who is certified by the bureau as a certified ambulance operator. The term shall not include any individual employed by a fire department of any municipality, parish, or fire protection district or any volunteer firefighter of the state of Louisiana.

(10) "Commission" means the Louisiana Emergency Medical Services Commission.

(11) "Department" means the Louisiana Department of Health.

(12) "Emergency medical personnel" means EMS practitioners and certified ambulance operators.

(13) "Emergency medical response vehicle" means a marked emergency vehicle with fully visual and audible warning signals operated by a certified ambulance service, the primary purpose of which is to respond to the scene of a medical emergency to provide emergency medical stabilization or support, or command, control, and communications, but which is not an ambulance designed or intended for the purpose of transporting a victim from the scene to a medical facility regardless of its designation. Included are such vehicles referred to but not limited to the designation as "sprint car", "quick response vehicle", "special response vehicle", "triage trucks", "staff cars", "supervisor units", and other similar designations. Emergency medical response vehicles shall not include fire apparatus and law enforcement patrol vehicles which carry first aid or emergency medical supplies and which respond to medical emergencies as part of their routine duties.

(14) "Emergency medical services" or "EMS" means a system that represents the combined efforts of several professionals and agencies to provide out-of-hospital emergency, urgent, preventive, and nonemergent care to the sick and injured.

(15) "EMS medical director" means a physician licensed by the Louisiana State Board of Medical Examiners who has responsibility and authority to ensure quality of care and provide guidance for all medical aspects of EMS and who specializes in any of the following areas:

- (a) Family practice.
- (b) Internal medicine.
- (c) General surgery.
- (d) Emergency medicine.
- (e) Emergency medical services.
- (f) Pediatrics.
- (g) General practice.

(16) "EMS practitioner" means an individual who is a licensed emergency medical responder, licensed emergency medical technician, licensed advanced emergency medical technician, or a licensed paramedic.

(17) "EMS task force" means the Emergency Medical Services Task Force, composed of individuals subject to the approval of the secretary of the department, which advises and makes recommendations to the bureau of emergency medical services and the department on matters related to emergency medical services.

(18) "Industrial ambulance" means any vehicle owned and operated by an industrial facility and used for transporting any employee who becomes sick, injured, or otherwise incapacitated in the course and scope of his employment from a job site to an appropriate medical facility.

(19) "Licensed emergency medical responder" means any individual who has successfully completed an emergency medical responder education program based on National EMS Education Standards approved by the bureau and who is licensed by the bureau.

(20) "Licensed emergency medical services practitioner" means an individual who is a licensed emergency medical responder or who is nationally registered, who has

successfully completed an emergency medical services practitioner education program based on national EMS education standards, and who is licensed as any one of the following:

(a) A licensed emergency medical technician.

(b) A licensed advanced emergency medical technician.

(c) A licensed paramedic.

(21) "Moral turpitude" means an act of baseness, vileness, or depravity in the duties which one person owes another, or to society in general, which is contrary to the usual, accepted, and customary rule of right and duty which a person should follow.

(22) "Municipal nonprofit organization" means an organization owned by a parish, municipality, or entity of a parish or municipality which in its regular course of business responds to a call for help and renders medical treatment and whose attendants are emergency medical personnel, a registered nurse, or a physician.

(23) "National EMS education standards" means the document that outlines current nationally recognized EMS education standards, has been adopted by the bureau, and defines terminal objectives for each nationally defined EMS licensing level.

(24) "Physician" means a physician licensed to practice medicine by the Louisiana State Board of Medical Examiners.

(25) "Public safety agency" means a functional division of a public or private agency which provides firefighting, police, medical, or other emergency services.

(26) "Public safety telecommunicator" means an individual answering 911 emergency medical condition calls on behalf of a public safety agency who has authority, based on a protocol adopted by the agency, to provide telephone cardiopulmonary resuscitation (T-CPR) instructions to a caller before arrival of professional medical assistance by first responders.

(27) "Volunteer nonprofit organization" means an organization which in its regular course of business responds to a call for help and renders medical treatment and whose attendants are emergency medical personnel, a registered nurse, or a physician and which is chartered as a nonprofit organization under Section 501(c) of the Internal Revenue Code, as a volunteer fire department by the Louisiana state fire marshal's office, or as a nonprofit organization by the Louisiana secretary of state.

RS 40:1131.1 — Emergency medical services program; cooperation of other state departments

ical services in the state. The responsibility for implementation

and conduct of this program shall be vested in the bureau of emergency medical services.

B. The bureau shall develop a state plan for the prompt and efficient delivery of adequate emergency medical services to acutely sick and injured individuals.

C. The bureau shall serve as the primary agency for participation in any federal program involving emergency medical services and may receive and, pursuant to legislative appropriation, disburse available federal funds to implement any service program.

D. The bureau shall identify all public and private agencies, institutions, and individuals that are or may be engaged in emergency medical services training and set minimum standards for course approval, instruction, and examination. Public safety telecommunicators shall at a minimum successfully complete the telephone cardiopulmonary

resuscitation training required by R.S. 40:1133.16.

E. The department shall promulgate and enforce such rules, regulations, and minimum standards as needed to carry out the provisions of this Section.

RS 40:1131.2 — Immunity from civil damages

hout compensation

or gratuitously participates in an emergency services system, nor any committee of such parish, specialty, component, or state medical society or organization, including the individual members of such committee, or its designee, shall be liable for any civil damages as a result of any act or omission in the performance of their administrative duties or donated services with such emergency services system, including, without limitation, advice, instructions, or other duties regarding policy, protocol, administration, and efficiency of the emergency medical services system. The immunity extended to a parish, specialty, component, or state medical society or organization, or any committee thereof, including the individual members of such committee, including their insurers, or its designee, shall not be applicable for willful or wanton acts or omissions. The immunity extended herein shall be applicable only to an action brought by the person damaged as a result of the performance of any administrative duties or donated services rendered pursuant to the provisions of this Section.

RS 40:1131.3 — Medical assistance program; ground ambulance transportation to alternative

ent methodology to cover alternative destination transport by a ground

ambulance service provider to ensure that reimbursement rates are reasonable and adequate.

RS 40:1132 — Repealed by Acts 1990, No. 281, §1.

aton Rouge, Louisiana 70804-9062

RS 40:1133.1 — Emergency medical personnel training; licensure

(1) To define and authorize appropriate education programs based on national EMS education standards for emergency medical services practitioners. All such education programs shall meet or exceed national EMS education standards.

(2) To specify minimum operational requirements which will ensure medical direction, supervision, and control over emergency medical services.

(3) To specify minimum examination and continuing education requirements for all emergency medical services practitioners.

(4) To provide for the issuance of licenses, renewals of licenses, and requirements for emergency medical services practitioners.

(5) To establish fees for licensure and license renewal.

B. An individual petitioning for licensure or license renewal as an emergency medical services practitioner shall submit an application to the bureau on forms provided by the bureau. The application shall be accompanied by the appropriate fee.

C. The bureau shall affirmatively provide that there is no discrimination toward any individual in the licensure process on the basis of race, religion, creed, national origin, sex, or age.

D. The bureau shall ensure that Alzheimer's and dementia training are incorporated

within their education programs.

E.(1) The commission and bureau shall be entitled to the criminal history record and identification files of the Louisiana Bureau of Criminal Identification and Information, located within the Department of Public Safety and Corrections, of any person who is seeking to be licensed as an EMS practitioner or certified as an ambulance operator. Fingerprints and other identifying information of the applicant shall be submitted to the Louisiana Bureau of Criminal Identification and Information for qualification and registry, and the Louisiana Bureau of Criminal Identification and Information shall, upon request of the bureau and after receipt of such fingerprint card and other identifying information from the applicant, make available to the bureau all arrest and conviction information contained in the Louisiana Bureau of Criminal Identification and Information's criminal history record and identification files which pertain to the applicant for licensure. In addition, the fingerprints shall be forwarded by the Louisiana Bureau of Criminal Identification and Information to the Federal Bureau of Investigation for a national criminal history record check.

(2) In accordance with the authority provided for in this Chapter, the costs of providing the information required under this Section shall be charged by the Louisiana Bureau of Criminal Identification and Information, as specified in R.S. 15:587(B) to the bureau for furnishing information contained in the Louisiana Bureau of Criminal Identification and Information's criminal history record and identification files, including any additional cost of providing the national criminal history records check, which pertains to the applicant. The bureau may impose any or all such fees or costs on the applicant.

RS 40:1133.2 — Fee schedule; fees for license prohibited

sonnel who serve in their capacity on a

voluntary basis and who receive no compensation of any kind for such services:

(a) Emergency medical services practitioners.

(b) Ambulance operators.

(2) The bureau shall not set the fee for licensure of an emergency medical technician to exceed fifteen dollars for any individual who is an employee or volunteer of the state of Louisiana or another public entity, a municipal fire department, a fire protection district, a volunteer fire department, or a municipal law enforcement agency who does not perform emergency medical services outside of the individual's official governmental responsibilities for any form of compensation.

(3) The bureau shall not set the fee for license renewal of an emergency medical technician to exceed ten dollars for any individual who is an employee or volunteer of the state of Louisiana or another public entity, a municipal fire department, a fire protection district, a volunteer fire department, or a municipal law enforcement agency who does not perform emergency medical services outside of the individual's official governmental responsibilities for any form of compensation.

B. Except as provided in Subsection A of this Section, the bureau shall assess fees for testing, licenses, and certifications based on the following schedule:

(1) Test fees:

Fee

(a) Emergency medical technician initial psychomotor exam

\$

60.00

(b) Emergency medical technician partial psychomotor exam

15.00

(2) License fees

(a) Emergency medical responder

10.00

(b) Emergency medical technician

30.00

(c) Advanced emergency medical technician

40.00

(d) Paramedic

50.00

(3) License renewal

(a) Emergency medical responder

5.00

(b) Emergency medical technician

25.00

(c) Advanced emergency medical technician

35.00

(d) Paramedic

45.00

(4) Reciprocity

(a) Emergency medical technician

60.00

(b) Advanced emergency medical technician

80.00

(c) Paramedic

100.00

(5) Ambulance operator certification

10.00

C. The department may adopt rules and regulations in accordance with the Administrative Procedure Act to provide for the collection of fees required by the fee schedule provided in this Section.

RS 40:1133.3 — Louisiana Emergency Medical Services Commission; creation; membership;

Services Commission is hereby created within the Louisiana Department of Health.

B.(1) The commission shall be composed of twelve voting members appointed by the governor as follows:

(a) Two emergency medical services administrators, including one representing the

private sector and one representing the public sector.

(b) Two licensed paramedics and one licensed emergency medical technician who are approved as emergency medical services educators by the bureau. At least one of the members as provided in this Subparagraph shall be appointed by the Louisiana Fire Chiefs Association.

(c) Four physicians, one from each of the following organizations:

(i) The American College of Emergency Physicians.

(ii) The American College of Surgeons.

(iii) The Louisiana State Medical Society.

(iv) The American Academy of Pediatrics.

(d) One member who is, at a minimum, a state-certified emergency medical technician nominated by the Louisiana Municipal Association.

(e) One member nominated by the Professional Firefighters Association of Louisiana.

(f) One member who is a registered nurse and who is a state-licensed paramedic to be nominated by the Louisiana State Nurses Association from a list of two names submitted by the Louisiana Emergency Nurses Association.

(2) Repealed by Acts 2024, No. 171, §2, eff. May 23, 2024.

C. Each member of the commission shall be a resident of Louisiana for at least one year, have had three years experience in his respective field of practice, and be actively engaged in the practice of emergency medical services at the time of his appointment.

D.(1) The initial voting members of the commission shall be appointed no later than October 1, 1997, from a list of two nominees for each appointment submitted by the task force. If the task force fails to submit a list of nominees to the governor by September 1, 1997, the governor shall appoint the respective members of the commission without the nomination list required by this Section.

(2) The nonvoting member shall be appointed to serve terms of three years. The initial member shall be appointed by the governor to an initial term of three years by October 1, 1997 or within thirty days of receipt of the list from the Louisiana State Nurses Association, whichever is later.

E. Each appointment by the governor shall be submitted to the Senate for confirmation.

F.(1) The voting members appointed to the commission shall serve as follows: three members shall be appointed to serve an initial term of one year; three members shall be appointed to serve an initial term of two years; and three members shall be appointed to serve an initial term of three years. Thereafter, each member shall be appointed to serve a term of three years.

(2) No individual shall serve more than two consecutive terms.

G. Subsequent to the appointment of the initial members, the voting members shall be appointed from a list of two nominees for each appointment submitted by the task force. No later than thirty days prior to the termination date of a member's term, the task force shall submit a list of nominees to the governor. If the Louisiana State Nurses Association or the

task force fails to submit the required list of nominees to the governor within thirty days, the governor shall appoint the respective member to fill the vacancy without the nomination list required.

H. The governor shall call the first meeting of the commission no later than November 30, 1997. At a minimum, the commission shall meet on a quarterly basis and, in addition, shall meet when called by the chairman or upon the written request of at least four voting members of the commission.

I. The commission shall annually elect a chairman, vice chairman, and secretary from among its voting membership and shall maintain a record of the attendance of its members at commission meetings.

J. For each day while performing his official duties, a member of the commission may be reimbursed for expenses and mileage at the same rate set by the division of administration for state employees under the provisions of R.S. 39:231.

K. The commission shall be domiciled in Baton Rouge.

L. The governor shall remove a member of the commission after a hearing by the commission during which charges for removal have been established and provided that a majority of the members have recommended removal.

RS 40:1133.4 — Powers and duties of the commission; exceptions

be licensed or certified under this Part.

(2) Approve requirements and standards of practice submitted by the bureau for emergency medical personnel consistent with this Part.

(3) Recommend continuing education requirements and standards to the bureau in accordance with criteria established by the National Registry of Emergency Medical Technicians for individuals seeking to renew a license.

(4) Conduct disciplinary hearings for emergency medical personnel.

(5) Request that the bureau conduct investigations as necessary.

(6) Cause the prosecution of any individual who violates any provision of this Part.

(7) Maintain a record of all commission proceedings.

(8) Adopt rules and regulations to implement the provisions of this Part in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

B. Except as they relate to scope of practice or patient care issues, Paragraphs (A)(4), (5), and (6) of this Section shall not apply to anyone who is a volunteer of or employed by the state of Louisiana or another public entity, a municipal fire department, a fire protection district, or a volunteer fire department who has successfully completed an education program based on national EMS education standards and who possesses a current national certification and state license, until the commission has forwarded the nonmedical practice complaint to the local governing body and received a response with investigative results and any disciplinary disposition. In the event that the local governing body does not send a response or request for extension to the commission within sixty days after receipt of the complaint, the commission may proceed with the powers and duties as defined in Subsection A of this Section. Notwithstanding any law to the contrary, in the event the commission determines by a two-thirds vote of the membership of the commission that public health and

safety would be jeopardized by waiting for a response from the local governing authority, the commission shall have the right to exercise its powers and duties as provided in Subsection A of this Section without receipt of an investigative report from the local governing authority or the expiration of the sixty-day period as provided in this Subsection.

RS 40:1133.5 — Powers and duties of the bureau

ncy medical services practitioner.

- (2) Prescribe application forms for emergency medical practitioner licensure and license renewal and ambulance operator certification.
- (3) Adopt requirements and standards of practice approved by the commission for emergency medical personnel.
- (4) Conduct investigations as requested by the commission.
- (5) Deny, withhold, revoke, restrict, probate, or suspend a license as directed by the commission under the provisions of R.S. 40:1133.7.
- (6) Prepare, publish, and update a roster of all emergency medical personnel, including the name and address of each individual.
- (7) Adopt continuing education requirements and standards for individuals seeking to renew a license.
- (8) Prepare an annual report detailing the activities of the commission during the past fiscal year including the number and nature of the hearings conducted under the provisions of R.S. 40:1133.8.
- (9) Adopt rules and regulations to implement the provisions of this Part in accordance with the Administrative Procedure Act.
- (10) Adopt and amend the title and the definition of licensed emergency medical services practitioners.
- (11) Issue a certification to any duly qualified applicant for certification as an ambulance operator.
- (12) Deny, withhold, revoke, restrict, probate, or suspend an ambulance operator certification as directed by the commission in accordance with the provisions of R.S. 40:1133.18.

RS 40:1133.6 — License; requirements; renewal

ompletion of the required approved educational program.

- (2) Documentation that the applicant meets the qualifications and requirements as established by the bureau.

B. In lieu of the evidence required by Subsection A of this Section, an applicant may submit evidence that he has been duly licensed or certified in another state, territory, or country or has received military training and certification or license as emergency medical services practitioner as defined in R.S. 40:1131, and meets the qualifications and requirements established by the bureau.

C.(1) The license shall be renewed every two years provided the applicant seeking renewal completes the application and meets the requirements for renewal established by the bureau prior to the expiration date on his current license.

- (2) An individual whose license expires by his failure to renew as provided may be

reinstated provided the applicant submits a completed application and meets any additional requirements established by the bureau for an individual who has failed to timely renew his license.

RS 40:1133.7 — Grounds for disciplinary proceedings

pend a license to

practice as an emergency medical services practitioner, impose fines and assess costs, or otherwise discipline an emergency medical services practitioner, and the commission may direct the bureau to limit, restrict, or deny a student emergency medical services practitioner from entering or continuing the clinical phase of EMS education for the following causes:

- (1) Conviction of selling or attempting to sell, falsely obtaining, or furnishing to a person a licensed emergency medical services practitioner document.
- (2) Conviction of a crime or offense which reflects the inability of an emergency medical services practitioner to provide emergency medical services with due regard for the health and safety of clients or patients or enters a plea of guilty or nolo contendere to a criminal charge regardless of final disposition of the criminal proceeding, including but not limited to expungement or nonadjudication.
- (3) Is unfit or incompetent by reason of negligence, habit, or other cause.
- (4) Is habitually intemperate in the use of or abuses alcohol or habit-forming drugs.
- (5) Is guilty of aiding or abetting another person in the violation of this Part.
- (6) Is mentally incompetent.
- (7) Endeavors to deceive or defraud the public.
- (8) Professional or medical incompetency.
- (9) Unprofessional conduct.
- (10) Continuing or recurring practices which fail to meet the standards of EMS care in this state.
- (11) Abandonment of a patient.
- (12) Has had a certification or license to practice as an emergency medical services practitioner or to practice as another health care provider denied, revoked, suspended, or otherwise restricted.
- (13) Is guilty of moral turpitude.
- (14) Has violated any rules and regulations of the commission or the bureau or any provision of this Part.
- (15) Intentional falsification of any document related to license, emergency medical services education, or related to the care of the patient.

RS 40:1133.8 — Hearings of the commission; appeal of decision

bureau, the chairman of the

commission shall set a time and place for a hearing. No later than ten days prior to the date set for the hearing, the commission shall send notice of the time and place for the hearing and an explanation of the grounds for the disciplinary proceedings to the individual by registered mail, return receipt requested, at his last known address as it appears on the records of the bureau.

B. The commission may compel or subpoena the attendance of witnesses, the

production of books, papers, and documents, and administer oaths at the hearing. Subpoenas shall be issued in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq. The commission shall not be bound by strict rules of procedure or other laws of evidence in the conduct of its proceedings. The individual under investigation may appear personally, by counsel, or personally and by counsel, produce witnesses and evidence on his own behalf, and cross-examine witnesses. Such proceedings shall be closed to the general public and the records of the proceeding shall be confidential.

C. Notwithstanding any privilege of confidentiality recognized by law, a physician or health care agency with which the individual under investigation is associated shall not assert such privilege by failing or refusing to respond to a lawfully issued subpoena of the commission for any medical information, testimony, records, data, reports, or other documents, tangible items, or information relative to any patient cared for or assigned to the individual under investigation. Any such items obtained pursuant to a subpoena shall be confidential. Furthermore, the transcript of testimony from the hearing shall be altered to prevent the disclosure of the identity of the patient to whom such records relate.

D. Notice of the commission's decision to revoke, restrict, suspend, or deny a license or certification shall be sent to the individual under investigation by registered mail, return receipt requested, at his last known address as it appears on the records of the bureau.

E. An individual whose license or certification has been revoked, restricted, suspended, placed in probation, or denied may have the proceedings of the commission reviewed by a court of competent jurisdiction, provided that an appeal is made no later than thirty days after the date indicated on the registered mail receipt of the notice required by Subsection D of this Section. The decision of the commission shall remain in force until an appeal is granted unless the court orders a stay. If an appeal is granted, the decision of the commission shall be suspended until a final disposition of the matter is ultimately rendered by the court affirming the decision of the commission.

F. The commission may maintain the confidentiality of an individual under investigation whenever the commission determines the public interest will be best served by alternatives to the disciplinary hearing process.

RS 40:1133.9 — Injunction

This injunction shall not be subject to release upon bond.

RS 40:1133.10 — Violations

ces practitioner diploma, license document, or record, or aid or abet therein.

(2) Practice as an emergency medical services practitioner under any diploma, certificate, or license illegally obtained or signed or issued unlawfully.

(3) Practice as an emergency medical services practitioner unless licensed to do so under the provisions of this Part.

(4) Use in connection with his name any designation tending to imply that he is an emergency medical services practitioner unless duly authorized to practice under the provisions of this Part.

(5) Practice as an emergency medical services practitioner during the time the license issued under the provisions of this Part is suspended or revoked.

- (6) Practice as an emergency medical services practitioner during the time his license has lapsed by reason of his intentional failure to renew the license.
- (7) Conduct or serve as an educator in conducting any course claiming to prepare students for licensure as emergency medical services practitioner under the provisions of this Part, unless both the course and the educator have been approved by the bureau.
- (8) Knowingly aid or abet another person in the violation of this Part.
- (9) Operate as an ambulance operator unless certified to do so in accordance with the applicable provisions of this Part.

RS 40:1133.11 — Prosecution

Provisions of this Part shall not prevent or interfere with a prosecution brought by the district attorney of a parish when a prosecution or a pre-prosecution proceeding has been initiated by the district attorney.

B. Whoever is found guilty of violating any provision of R.S. 40:1133.10 shall, upon a first conviction, be fined not more than five hundred dollars or imprisoned for not more than six months, or both. Upon a second or subsequent conviction, the offender shall be imprisoned with or without hard labor for not more than two years and fined not more than five thousand dollars.

RS 40:1133.12 — Exceptions

government, or by any bureau, division, or agency thereof, while in the discharge of his official duties.

RS 40:1133.13 — Civil immunity

Provisions of

this Part, who renders emergency medical care to an individual while in the performance of his medical duties and following the instructions of a physician shall not be individually liable to the individual for civil damages as a result of acts or omissions in rendering the emergency medical care, except for acts or omissions intentionally designed to harm, or for grossly negligent acts or omissions which result in harm to the individual. Nothing in this Subsection shall relieve the driver of the emergency vehicle from liability arising from the operation or use of the vehicle.

(2) The immunity granted to emergency medical services practitioners by the provisions of this Part shall extend to parish governing authorities, police departments, sheriffs' offices, fire departments, or other public agencies engaged in rendering emergency medical services and its insurers with respect to such emergency medical services unless the emergency medical services practitioner employed by such agencies would be personally liable under the provisions of Paragraph (1) of this Subsection.

B. Any physician who provides instructions to any emergency medical services practitioner by use of electronic or other means of transmission in connection with the rendering of emergency medical services to an individual shall not be liable unto such practitioner or to an individual or both for civil damages arising from his opinion, judgments, actions, or duties, except for acts or omissions intentionally designed to harm, or for grossly negligent acts or omissions which result in harm to the individual, while exercising that

degree of skill and care ordinarily employed by members of his profession in good standing.

C. No hospital facility which allows the use of telemetry or other equipment to maintain contact between an emergency medical services practitioner and a physician shall be liable for any civil damages arising out of the use of such equipment except for acts or omissions by hospital personnel that are grossly negligent which result in harm to an individual.

D. No registered nurse, licensed emergency medical services practitioner, or other health professional licensed in Louisiana who supervises, instructs, or trains emergency medical services practitioners in accordance with curricula developed or adopted by the bureau shall be liable for any civil damages arising out of the actions or negligence of the emergency medical personnel whom he supervised, educated, or trained.

E. There shall be no cause of action or civil liability, and no license or certification holder or applicant shall have any cause of action or any claim for damages against any individual, person, or institution providing information to the commission or its agents or employees when that individual, person, or institution acts without malice and when there is a reasonable belief that such information is accurate.

F. No public safety telecommunicator who instructs a caller on telephone cardiopulmonary resuscitation shall be liable for any civil damages arising out of the instruction provided to the caller, except for acts or omissions intentionally designed to harm, or for grossly negligent acts or omissions that result in harm to an individual. A caller may decline to receive instruction on cardiopulmonary resuscitation. When a caller declines cardiopulmonary resuscitation instruction the public safety telecommunicator has no obligation to provide the instruction.

G. No public safety agency shall be liable for any civil damages for employing individuals to answer 911 emergency calls who are not designated as public safety telecommunicators. Individuals who are not public safety telecommunicators, as defined in R.S. 40:1131, shall not be required to complete the telephone cardiopulmonary resuscitation training required by R.S. 40:1133.16 and shall have no obligation to offer and provide telephone cardiopulmonary resuscitation instruction to a caller.

RS 40:1133.14 — Duties of emergency medical services practitioners

reatment, and procedures consistent with national EMS education standards that have been approved and adopted by the bureau, and to the extent that he has been trained to perform such services.

(b) Administration of other drugs or procedures for which the licensed emergency medical services practitioner has received training, license, and approval by the commission and which may be considered necessary by the ordering physician.

(c) Determine based on approved protocols whether it is appropriate for a person to be transported by ground ambulance to an alternative destination when the individual's condition does not meet the definition of emergency medical condition pursuant to R.S. 22:1821(D)(2)(g)(i). However, no person shall be transported to an alternative destination unless he consents to being transported to that destination, and no emergency medical services practitioner shall transport a person to an alternative destination in which he or his

employer has a financial interest.

(2) The functions authorized by Paragraph (1) of this Subsection may be performed by the licensed emergency medical services practitioner while caring for a patient or at the scene of a medical or other emergency, or during the transport of a patient under a protocol that has been approved by the emergency medical services practitioner's medical director.

B. An emergency medical services practitioner student may, while he is enrolled in good standing in a state-approved clinical or field internship program under the direct supervision of a physician, registered nurse, paramedic, or other preceptor recognized by the bureau:

(1) Perform services, treatments, and procedures consistent with national EMS education standards that have been approved and adopted by the bureau, and to the extent that he has been trained to perform such services.

(2) Administer automated cardiac defibrillation in accordance with rules and regulations promulgated by the bureau in accordance with the Administrative Procedure Act and a protocol that shall be approved by the local parish medical society, a designee of the local parish medical society, or the EMS medical director.

C. In a case of a life-threatening situation as determined by a licensed emergency medical services practitioner, such a person may render services in accordance with one of the following protocols:

(1) A protocol approved by the EMS medical director who is a board-certified or board-eligible emergency medicine physician.

(2) A protocol established by the emergency medical services committee or the executive committee of the parish or component medical society, or its designee.

D. Any individual, education organization, organization, or other entity violating the provisions of this Section shall be guilty of a misdemeanor, conviction of which shall subject the offender to a fine of not less than five hundred dollars nor more than one thousand dollars for each separate offense.

E. In the event that there is no organized or functional local parish medical society in a parish of the state, the functions provided for in Paragraph (C)(2) of this Section may be performed by the EMS medical director.

F. The department shall promulgate rules and regulations establishing basic guidelines for statewide emergency medical service protocols.

RS 40:1133.15 — Hazardous substance transportation emergencies; payment for emergency medical

or contributes to a discharge of a hazardous substance or material that causes an emergency condition shall be obligated to pay the reasonable costs of any emergency medical services provider whose presence or service, including standby, is requested at such hazardous substance emergency by any person authorized by the Department of Public Safety and Corrections or the Department of Environmental Quality to respond to a hazardous substance transportation emergency. Nothing in this Section shall affect the rights of any party to recover under any other provision of law.

RS 40:1133.16 — Public safety telecommunicator; instruction

exceeds nationally

recognized emergency cardiovascular care guidelines adopted by the bureau every two years. At a minimum, this training shall incorporate recognition protocols for out-of-hospital cardiac arrest, compression-only CPR instructions for callers, and continuing education as appropriate.

(2) On or before January 1, 2019, each public safety telecommunicator in a parish with a population greater than one hundred thousand, according to the latest federal decennial census, shall complete the T-CPR training required by this Section.

(3) On or before January 1, 2020, each public safety telecommunicator in a parish with a population between fifty thousand and one hundred thousand, according to the latest federal decennial census, shall complete the T-CPR training required by this Section.

(4) On or before January 1, 2021, each public safety telecommunicator in a parish with a population less than fifty thousand, according to the latest federal decennial census, shall complete the T-CPR training required by this Section.

B. A public safety agency may enter into a reciprocal agreement with another public safety agency to provide T-CPR, provided that the agency that accepts the call has a public safety telecommunicator who is trained in T-CPR as provided by this Section.

C. The bureau shall identify all public and private agencies, institutions, and individuals that are or may be engaged in T-CPR training and set minimum standards for course approval, instruction, and examination, including online training modules based on nationally recognized guidelines. The bureau shall implement an efficient means for each public safety agency employing public safety telecommunicators to transmit identifying information for the public safety telecommunicators in their employ and an efficient means for either the public safety agency or the public safety telecommunicator to provide a certificate of completion of the T-CPR training required by this Section.

D. The department shall adopt rules in accordance with the provisions of the Administrative Procedure Act as are necessary to implement the provisions of this Section.

RS 40:1133.17 — Ambulance operators; requirements for certification; duties authorized

(1) A copy of the applicant's valid, unrestricted driver's license at the appropriate level required by law.

(2) A copy of a current and valid defensive driving certificate issued by the National Safety Council or its equivalent as determined by the department.

(3) A copy of a current and valid American Heart Association Health Care Provider credential, American Red Cross Professional Rescuer credential, or an equivalent cardio-pulmonary resuscitation certification approved by the department.

(4) A copy of the applicant's current official driving record from the Department of Public Safety and Corrections.

B. Each applicant for certification in accordance with this Section shall be at least eighteen years of age.

C. An ambulance operator certification shall expire one year after it is issued and shall not be renewable.

D. A certified ambulance operator may perform any of the following functions:

(1) Operate an ambulance in compliance with federal, state, and local law.

(2) Assist with the handling and movement of a sick, injured, or disabled individual if a licensed emergency medical services practitioner, registered nurse, physician assistant, or physician directly supervises the operator. No ambulance operator may administer care procedures that a licensed emergency medical services practitioner is authorized to administer unless he is trained and certified or licensed to do so.

E. No licensed emergency medical services practitioner shall be required to hold a certification as an ambulance operator in order to operate an ambulance.

RS 40:1133.18 — Certified ambulance operators; grounds for discipline

thold, revoke, restrict, probate, or

suspend a certification to operate as an ambulance operator; imposing fines and assessing costs; or otherwise sanctioning the ambulance operator:

- (1) Fraud or any misstatement of fact in the procurement of any certification or in any other statement or representation to the bureau or its representatives.
- (2) Conviction of a crime or offense which reflects the inability of the individual to carry out his duties with due regard for the health and safety of clients or patients.
- (3) Entering a plea of guilty or nolo contendere to a criminal charge regardless of final disposition of the criminal proceeding, including but not limited to expungement or nonadjudication.
- (4) Is unfit or incompetent by reason of negligence, habit, or other cause.
- (5) Is mentally incompetent.
- (6) Is habitually intemperate in the use of or abuses alcohol or habit-forming drugs.
- (7) Is guilty of aiding or abetting another person in violating any provision of this Part.
- (8) Continuing or recurring practices which fail to meet the standards of ambulance operators in this state.
- (9) Endeavors to deceive or defraud the public.
- (10) Is guilty of moral turpitude.
- (11) Has violated any rules and regulations of the commission or the bureau or any provision of this Part.
- (12) Intentional falsification of any document related to the procurement of any certification or license.
- (13) Operating any vehicle in violation of state or local traffic laws.
- (14) Revocation, suspension, or any restriction of the ambulance operator 's driver's license.
- (15) Failure to maintain all current ambulance operator training standards as required by the bureau.
- (16) Has had a certification or license to practice as an ambulance operator denied, revoked, suspended, or otherwise restricted in Louisiana or any other state or territory of the United States.

RS 40:1134 — Ambulance Patient Offload Delay Collaborative

and their

emergency departments are critical components of Louisiana's emergency healthcare delivery

system.

(2) Ambulances throughout the United States and in many other countries are experiencing significant delays in offloading patients into hospital emergency departments.

(3) The cause of the delay is multifaceted and may include factors such as high demand on emergency departments, hospital staffing challenges, hospital throughput procedures, and hospital administrative policies.

(4) Extended ambulance patient offload times are disruptive to the EMS system by taking the ambulance out of service and decreasing advanced life support services in the community, which increases healthcare costs and can back up the entire continuum of emergency health care.

(5) Hospitals and EMS personnel are all acting in the best interest of the patient and agree that providing the best possible patient care is the goal despite offload delay challenges.

(6) It is imperative that ambulance providers and hospitals collaborate to develop statewide, regional, or local plans to address the problem of ambulance patient offload delays.

B.(1) There is hereby created within the Louisiana Department of Health, bureau of emergency medical services, the Ambulance Patient Offload Delay Collaborative which shall analyze and develop solutions to the problem of ambulance patient offload delays.

(2) The bureau of emergency medical services shall facilitate discussions and meetings of a statewide collaborative to include the bureau, the Louisiana Hospital Association, the Louisiana Ambulance Alliance, and other appropriate stakeholders as considered necessary by the collaborative.

(3) The collaborative shall hold its first meeting on or before October 1, 2024, and shall meet as often as is necessary to fulfill the requirement of this Section.

(4) The collaborative shall be responsible for all of the following:

(a) Reviewing the Emergency Medical Treatment and Active Labor Act (EMTALA) to clearly understand the rights and responsibilities of ambulance service providers and hospitals.

(b) Collecting and reviewing currently available data from emergency medical services and hospitals concerning ambulance patient offload times.

(c) Developing a set of data collection guidelines and performance measures, as well as a standardized reporting process, to identify and track hospitals that exceed the established industry standards for patient offload delays. These standards should be based on best practices and prioritize patient welfare and safety.

(d) Exploring enacted legislation and best practices and policies in other states and countries that have been successful and promising in resolving or improving ambulance patient offload delays through processes that may be implemented locally or on a regional or statewide scale.

(e) Exploring and researching options for reducing demand on hospital emergency departments from individuals transported by ambulance services, specifically treatment-in-place ambulance services and ambulance transports to alternative destinations other than hospital emergency departments for low acuity patients utilizing the 911 system.

Research shall include payment mechanisms and funding options for services provided to patients which reduce emergency department demands.

(f) Proposing a format for facilitating local collaborative communications between ambulance service providers and hospital administrators.

C.(1) The collaborative shall prepare a report summarizing its findings and recommendations, including any data collected in accordance with this Section, for submission by the department to the House and Senate committees on health and welfare by February 1, 2025.

(2) The collaborative may continue to meet as necessary after submitting the final report required in Paragraph (1) of this Subsection. If the collaborative continues to meet, it shall submit an annual report to the House and Senate committees on health and welfare by February first of each year.

D. The department may promulgate rules in accordance with the Administrative Procedure Act to carry out the provisions of this Section.

RS 40:1135 — Repealed by Acts 1990, No. 281, §1.

aton Rouge, Louisiana 70804-9062

RS 40:1135.1 — Qualifications to operate ambulances; equipment; penalty

the state unless the ambulance is staffed with a minimum of two persons, one of whom shall be a licensed emergency medical technician.

(2)(a) No person or individual shall provide services in any capacity on any ambulance unless he is a licensed emergency medical responder, a licensed emergency medical technician, a licensed advance emergency medical technician, a licensed paramedic, a licensed respiratory therapist, a licensed nurse practitioner, a licensed physician assistant, a licensed occupational therapist, a licensed registered or practical nurse, or a physician.

(b) Except as provided in R.S. 40:1135.3(A) of this Part, no individual shall transport any ill or injured person on a stretcher in a vehicle that is not staffed, equipped, insured, and licensed as an ambulance under this Part.

(c) No individual shall provide services in any capacity on any ambulance without holding an American Heart Association Health Care Provider, or American Red Cross Professional Rescuer, or the equivalent cardio-pulmonary resuscitation certification that has been approved by the Louisiana Department of Health.

(d) No individual shall transport any ill or injured person by ambulance unless the sick or injured person is attended by a licensed emergency medical technician, a licensed advance emergency medical technician, a licensed paramedic, a registered nurse, or a physician in the patient compartment.

(e) Notwithstanding the provisions of Subparagraph (a) of this Paragraph, a certified ambulance operator who is not a licensed emergency medical services practitioner may operate an ambulance in compliance with federal, state, and local law and assist with the handling and movement of a sick, injured, or disabled individual if a licensed emergency medical technician, a licensed advance emergency medical technician, a licensed paramedic, a registered nurse, or a physician directly supervises the certified ambulance operator. No ambulance operator may administer care procedures that a licensed emergency medical

services practitioner is authorized to administer unless he is trained and certified or licensed to do so.

(3) No person shall conduct, maintain, or operate an ambulance which does not carry with it, in fully operational condition, equipment consistent with the scope of practice for emergency medical technicians established in R.S. 40:1133.14. Each ambulance service provider shall develop and maintain a written policy identifying the equipment required to comply with the provisions of this Paragraph. At a minimum, the policy shall identify the basic trauma equipment, drugs, suction and oxygen equipment, cardiopulmonary resuscitation equipment, and any other equipment required by law that shall be maintained on the ambulance.

(4) Repealed by Acts 2013, No. 184, §2(B).

(5) Nothing herein shall prohibit the transportation of an injured or ill person in an ambulance or industrial ambulance staffed by persons with less than the required qualifications in an emergency situation where there is no reasonable expectation of the prompt response by an ambulance staffed by persons with the required qualifications.

(6) Nothing herein shall prohibit a firefighter, law enforcement officer, or good Samaritan from assisting an ambulance at the scene of an emergency or while transporting a patient to a medical facility at the request of the emergency medical technician.

(7) Nothing herein shall prohibit an individual without the required qualifications from riding in an ambulance for the purpose of training, observation, or continuing education.

(8) Advanced life support ambulances shall be staffed by not less than two people, at least one of which shall be licensed at a minimum to the level of advanced emergency medical technician.

B.(1) Repealed by Acts 2001, No. 625, §2.

(2) Nothing in this Part shall be construed to prohibit the transportation of an injured or ill individual in an invalid coach in an emergency situation where there is no reasonable expectation of the prompt response of an ambulance or industrial ambulance.

C. The department shall conduct or may authorize another public agency to conduct an inspection of any ambulance service provider or invalid coach provider and to report any violation to the appropriate district attorney's office.

D.(1) The provisions of this Section shall not apply:

(a) To ambulances operated by a federal agency of the United States government.

(b) Repealed by Acts 2001, No. 625, §2.

(c) To ambulances which are rendering assistance to licensed ambulances in the case of a major disaster, be it natural or manmade, in which the licensed ambulances are insufficient or otherwise not capable of coping.

(d) Repealed by Acts 2001, No. 625, §2.

(e) To ambulances which are operated from a location outside of the state to transport patients from a location outside of the state to a location inside the state or to transport patients from a medical facility inside to a point outside the state, but no such ambulance shall transport any patient point to point within the state except in the case of

disaster as outlined in this Part.

(2) This provision shall not apply to individuals who are employed to function on licensed air ambulances solely to act as pilots.

(3) The provisions of this Section shall not apply to industrial ambulances providing transportation to employees who become sick or injured during the course of their employment from a job site to the nearest appropriate medical facility.

E. The provisions of this Section shall apply to all parishes or municipalities except those electing not to comply as expressed to the department in a written resolution by the governing body of such parish or municipality. If any parish or municipality elects to be excluded from this Section, it may later elect to be included by resolution. The election of any parish to be included or excluded from this Section shall in no way affect the election of any municipality to be included or excluded.

F. Whoever violates this Section shall be guilty of a misdemeanor and upon conviction shall be fined not more than five hundred dollars or imprisoned for not more than thirty days or both. The penalty prescribed by this Section shall be doubled for any subsequent offense.

RS 40:1135.2 — Qualifications to operate emergency medical response vehicles; vehicle onse

vehicle as an emergency vehicle on any street, alley, or public way or place in the state unless the vehicle is staffed with at least one individual who is a licensed emergency medical responder.

(2) No person shall provide services in any capacity on an emergency medical response vehicle unless he is at least a licensed emergency medical responder, or a holder of a certificate of licensure as a registered nurse or licensed practical nurse, or is a physician or surgeon licensed to practice medicine by the Louisiana State Board of Medical Examiners, a licensed respiratory therapist, a licensed nurse practitioner, a licensed physician assistant, or a licensed occupational therapist. No person shall provide services in any capacity on these vehicles without holding an American Heart Association Health Care Provider, or American Red Cross Professional Rescuer, or the equivalent cardio-pulmonary resuscitation certification that has been approved by the Louisiana Department of Health.

B. No person shall conduct, maintain, or operate an emergency medical response vehicle as an emergency vehicle which:

(1) Does not carry with it equipment, in fully operational condition, for emergency medical response consistent with the scope of practice for emergency medical technicians established in R.S. 40:1133.14. Each emergency medical response vehicle provider shall develop and maintain a written policy identifying the equipment required to comply with the provisions of this Paragraph. At a minimum, the policy shall identify the basic trauma equipment, drugs, suction and oxygen equipment, cardiopulmonary resuscitation equipment, and any other equipment required by law that shall be maintained on the emergency medical response vehicle.

(2) Is not marked with the company name or logo on both sides and the rear and does not have fully visible and audible warning signals in accordance with rules and regulations

promulgated by the Louisiana Department of Health.

(3) Does not meet the minimum motor vehicle safety standards as prescribed in the rules and regulations promulgated pursuant to the Motor Vehicle Inspection Act, R.S. 32:1302 et seq.

(4) Is not insured in accordance with the provisions of R.S. 40:1135.9.

(5) Is not owned or leased by the certified ambulance service operating the vehicle.

C.(1) The Louisiana Department of Health or its designee shall be empowered to conduct inspections of emergency medical response vehicles. The department shall certify such vehicles and shall have the authority to deny, probate, suspend, or revoke certifications. The department shall also have the authority to report any violations to the appropriate district attorney's office.

(2) Certification issued by the Louisiana Department of Health shall serve as authorization of the ambulance service to operate the emergency medical response vehicle pursuant to the provisions of this Section.

D. Whoever violates the provisions of this Section shall be guilty of a misdemeanor and upon conviction shall be fined not more than five hundred dollars or imprisoned for not more than thirty days, or both. The penalty prescribed by this Subsection shall be doubled for any subsequent offense.

RS 40:1135.3 — Ambulance providers; licensure

a valid current

license from the department, except that no license shall be required for any hospital that operates a vehicle solely for the purpose of moving its own patients between parts of its own campus, provided that all of the following conditions are met:

(1) The parts of the hospital's campus are not more than ten miles apart. For the purposes of this Section, "campus" means the grounds and facilities of any licensed hospital operating under the same provider number.

(2) At the time of transport, the patient is attended by at least two individuals who are an emergency medical technician, a licensed practical or registered nurse, or a physician.

(3) The vehicle utilized by the hospital for transport contains the same equipment as is required for a licensed ambulance and successfully completes an inspection by the department to determine that it is in a safe and working order.

B. The application for such license shall be submitted to the department on forms provided for that purpose. The application shall provide documentation that the applicant meets the appropriate requirements for an ambulance provider as specified by regulations promulgated by the department under the Administrative Procedure Act.

C. An applicant seeking licensure as an ambulance provider shall:

(1) Submit a completed application to the department on such forms and including such information and supporting documentation as required by the department. Such information shall include:

(a) A notarized certificate of insurance verifying that the provider has the legally mandated insurance coverage.

(b) Proof that the provider has a medical director and that such director is a physician

licensed to practice medicine by the Louisiana State Board of Medical Examiners.

(c) All medical protocols signed by the EMS medical director or by the parish or component medical society.

(d) Copies of personnel licenses and certifications. However, the department may provide for inspection and review of these certifications at an applicant's offices by prior agreement between the applicant and the department.

(e) For those providers providing advanced life support, verification that the provider possesses a Louisiana Controlled Substance License and a United States Drug Enforcement Administration Controlled Substance Registration.

(2) Submit to a background investigation which includes but is not limited to fingerprinting and a criminal history check by the Department of Public Safety and Corrections, office of state police.

(3) Successfully complete an inspection by the department which includes the following:

(a) An inspection of all vehicles to determine that they are in safe and working order and that they are equipped with all of the prescribed medical equipment as required by this Section and R.S. 40:1135.1 and 1135.2. What is safe and working order shall be determined pursuant to provisions of Title 32 of the Louisiana Revised Statutes of 1950 and the Louisiana Motor Vehicle Inspection Manual in addition to the provisions of this Section and R.S. 40:1135.1 and 1135.2. Each vehicle successfully completing the inspection shall receive a permit authorizing it to be operated as part of the applicant's service.

(b) An inspection of all personnel licenses and certifications to verify that they meet the requirements of law.

(c) Inspection and, when deemed necessary by the department, verification of the information provided as required by Paragraph (1) of this Subsection and that such information remains current.

(d) Verification that the provider has complied with all applicable federal, state, and local statutes, rules, and regulations, and that the provider has obtained all necessary and applicable licenses, permits, and certifications, including certificates of need or certificates of public convenience and necessity.

(e) For those providers providing advanced life support, verification that the provider possesses a Louisiana Controlled Substance License and a United States Drug Enforcement Administration Controlled Substance Registration.

D. If an applicant's background investigation indicates that the applicant has a felony conviction or has had any license pertaining to the provision of emergency medical services revoked in another jurisdiction, then the license may be denied.

E. In order to renew an ambulance provider license, the applicant shall:

(1) Submit a renewal application to the department not more than thirty days prior to expiration of the license.

(2) Provide any required documentation.

(3) Successfully complete a review of any required documentation and any inspection or verification of any documentation of any vehicle as deemed appropriate by the

department.

F. Intentional falsification of material information provided pursuant to this Section shall be grounds for immediate revocation of any license granted pursuant to this Section.

G. Failure to comply with any of the provisions of this Section shall constitute grounds for probation or license suspension or revocation in accordance with rules and regulations established pursuant to the Administrative Procedure Act.

H. Any person whose license has been revoked, suspended, or denied by the department shall have the right to have the proceedings of the department reviewed by a court of competent jurisdiction, provided that such appeal is made within thirty days after the notice of the decision of the department. If an appeal is granted, the decision of the department shall not be implemented until a decision affirming the department decision is rendered on judicial review. The department's decision shall remain in force until an appeal is granted unless the court orders a stay. Judicial review shall be by trial de novo.

I. Any entity currently certified to provide ambulance services in Louisiana shall not be required to be licensed by the state in order to maintain certification for a period of one year after July 15, 1999, in order to continue providing such services.

RS 40:1135.4 — Ambulance services; fees

pay the following fees

to the department, as applicable:

- (1) An initial licensing fee of one hundred fifty dollars, to be submitted with the initial application for a license.
- (2) An annual license renewal fee of one hundred dollars, to be submitted with each annual application for renewal of a license.
- (3) A delinquent fee of one hundred dollars for failure to timely pay an annual license renewal fee. Such delinquent fee shall be assessed and shall become due and payable at 12:01 a.m. on the thirty-sixth day following the date of the invoice by which the department bills the applicant or licensee for the annual license renewal fee.
- (4) A vehicle inspection fee of seventy-five dollars for each ambulance or emergency medical response vehicle, which shall be submitted with the initial application for a license, with each annual application for renewal of a license, and with each application for a permit for a vehicle added to service by the applicant.
- (5) A delinquent fee of one hundred dollars for each ambulance and emergency medical response vehicle, for failure to timely pay a vehicle inspection fee. Such delinquent fee shall be assessed and shall become due and payable at 12:01 a.m. on the thirty-sixth day following the date of the invoice by which the department bills the applicant or licensee for the vehicle inspection fee.
- (6) A change of address fee of ten dollars for each change of address.
- (7) A duplicate license fee of ten dollars for each duplicate license.

RS 40:1135.5 — Ambulance services; violations; penalties; fines; notices; hearings; appeals

nor, punishable upon conviction by a fine of not less than one thousand dollars and not more than five thousand dollars. Each day's violation shall constitute a separate offense.

B.(1) Any person or entity violating the provisions of this Chapter when such violation poses a threat to the health, safety, rights, or welfare of a patient or client may be liable to civil fines and other penalties, to be assessed by the department, in addition to any criminal action which may be brought under other applicable laws. The department shall adopt rules, in accordance with the Administrative Procedure Act, which define specific classifications of violations, articulate factors in assessing civil fines including mitigating circumstances, and explain the treatment of continuing and repeat deficiencies.

(2) The schedule of civil fines and other penalties by class of violation is as follows:

(a) Class A violations: If an ambulance or emergency medical response vehicle is found to have been operated in violation of any of the requirements of this Chapter concerning the number or qualifications of personnel, the ambulance or emergency medical response vehicle shall be immediately taken out of service until it meets those requirements, and the ambulance service operating it shall be subject to a civil fine of not more than five hundred dollars for the first violation and not more than one thousand dollars per day for each repeat violation.

(b) Class B violations: If an ambulance service is found to have been operating in violation of any of the requirements of this Chapter concerning insurance coverage, its license shall be immediately suspended until it meets those requirements, and it shall be subject to a civil fine of not more than five hundred dollars for the first violation and not more than one thousand dollars per day for each repeat violation.

(c) Class C violations: If an ambulance or emergency medical response vehicle is found to have been operated without undergoing any inspection required under the provisions of this Chapter, the ambulance or emergency medical response vehicle shall be immediately taken out of service until it meets those requirements, and the ambulance service operating it shall be subject to a civil fine of not more than five hundred dollars for the first violation and not more than one thousand dollars per day for each repeat violation.

(d) Class D violations: If an ambulance or emergency medical response vehicle is found to have been operated in violation of any of the requirements of this Chapter concerning medical and safety equipment, the ambulance or emergency medical response vehicle shall be immediately taken out of service until it meets those requirements, and the ambulance service operating it shall be subject to a civil fine of not more than one hundred dollars for the first violation and not more than five hundred dollars per day for each repeat violation.

(e) Class E violations: If an ambulance or emergency medical response vehicle is found to have been operated in violation of any of the requirements of Chapter 7 of Title 32 of the Louisiana Revised Statutes of 1950, the ambulance or emergency response vehicle shall be immediately taken out of service until it meets those requirements, and the ambulance service operating it shall be subject to a civil fine of not more than one hundred dollars for the first violation and not more than five hundred dollars per day for each repeat violation.

C. The department shall adopt rules and regulations, in accordance with the Administrative Procedure Act, to provide notice to the ambulance service of any violation,

of its right to an informal reconsideration process, and of the available appeal procedure, including judicial review. Such appeal shall be suspensive.

D. The ambulance service shall furnish, with an appeal, bond in the minimum amount of one and one-half times the amount of the fine imposed by the department. The bond shall provide in substance that it is furnished as security that the ambulance service will prosecute its appeal and that any judgment against it, including court costs, will be paid or satisfied from the amount furnished. The appeal shall be heard as a summary proceeding which shall be given precedence over other pending matters.

E. The department may institute all necessary civil court action to collect fines imposed and not timely appealed. No ambulance service may claim imposed fines as reimbursable costs, nor increase charges to patients or clients as a result of such fines. Interest shall begin to accrue on any fine at the current judicial rate on the day following the date on which the fine becomes due and payable.

RS 40:1135.6 — Advanced emergency medical technicians

conduct a program utilizing

any emergency medical services practitioner to supervise and direct the delivery of emergency medical care to the sick and injured at the scene of an emergency during transport to a hospital, while in the hospital emergency department, and until care responsibility is assumed by the regular hospital staff.

RS 40:1135.7 — Unauthorized response by commercial ambulances; penalties

on scanner or similar device except

in cases where human life is threatened, unless that commercial ambulance has been specifically requested to respond to such emergency. Nothing in this Section shall be construed to prohibit service to a subscriber of a commercial ambulance service. No person certified under this Chapter or certified or licensed pursuant to any provision of Louisiana law shall operate a commercial ambulance in violation of this Section.

B. The certificate or license of any person certified under this Chapter or certified or licensed pursuant to Louisiana law who violates the provisions of this Section shall be suspended by the appropriate certification or licensing authority for not less than thirty days, nor more than six months.

C. Proceedings to enforce the provisions of this Section shall be conducted in accordance with the Administrative Procedure Act.

RS 40:1135.8 — Air ambulance services; licensure

e without a valid current

license from the department.

B. The application for such license shall be submitted to the department on forms provided for this purpose. The application shall provide documentation that the applicant meets the appropriate requirements for an air ambulance service as specified by regulations promulgated by the department in accordance with the Administrative Procedure Act.

C. An applicant seeking licensure as an air ambulance service shall:

(1) Submit a completed application to the department on such forms and including

such information as specified by the department.

(2) Submit the appropriate initial license fee as provided in this Chapter.

(3) Submit to a background investigation which includes but is not limited to fingerprinting and a criminal history check by the Department of Public Safety and Corrections, office of state police.

(4) Submit to and successfully complete an inspection by the department to include the following:

(a) An inspection of all aircraft utilized as air ambulances to ensure that all required medical and safety equipment is present and operational. The medical and safety equipment shall conform to local protocol as established by the medical director of the air ambulance service. The list of required medical and safety equipment shall be established under rules promulgated by the department and shall be based upon the recommendations of an advisory committee to be composed of the following persons:

(i) The medical director of the department.

(ii) The director of the bureau.

(iii) One representative of the health standards section of the department's office of the secretary, bureau of health services financing.

(iv) One representative of the Governor's Emergency Medical Services for Children Advisory Council.

(v) One representative of the Department of Transportation and Development, office of engineering, aviation section.

(vi) One representative of each air ambulance service certified or licensed in accordance with this Chapter.

(b) Verification that all aircraft meet the appropriate Federal Aviation Administration requirements.

(c) Review of licenses and certifications of all personnel to ensure that they meet all Federal Aviation Administration requirements and local pilot and medical personnel staffing protocols.

(d) Verification that the applicant is in receipt of an original notarized certificate of insurance for the following coverage:

(i) Five hundred thousand dollars of aircraft liability insurance.

(ii) Five hundred thousand dollars of medical malpractice insurance or proof of participation in the Patient's Compensation Fund.

(iii) Five hundred thousand dollars of commercial general liability insurance.

(e) Verification that the service has a medical director and that such director is a physician licensed to practice medicine by the Louisiana State Board of Medical Examiners.

(f) A review of medical protocols signed by the EMS medical director of the air ambulance service or the president or designee of the parish or component medical society in the service's parish of domicile.

(g) Verification that the service has complied with all applicable federal, state, and local statutes, rules, and regulations, and that the service has obtained all necessary and applicable licenses, permits, and certifications, including certificates of need or certificates

of public convenience and necessity.

(5) Certify that all aircraft and crew members meet applicable Federal Aviation Administration regulations.

(6) Specify if the service uses either fixed-wing or rotary-winged aircraft, or both.

D. If a service provides interhospital air transport, air transport from hospital to another facility, air transport from hospital to home, or similar air transport, the service must certify that a medical director is employed to advise the service on the appropriate staffing, equipment, and supplies to be used for the transport of patients aboard an air ambulance.

E. In order to renew a license for an air ambulance service, the applicant shall:

(1) Submit a renewal application to the department not more than ninety days before the expiration of the license.

(2) Submit the appropriate fee as provided herein in Subsection B.

(3) Provide documentation that current standards for issuance of a license are met.

(4) Successfully complete a review of any required documentation and any inspection or verification of any documentation of any airplane deemed appropriate by the department.

F. Intentional falsification of information provided pursuant to this Section or failure to comply with any provisions hereof shall be grounds for immediate revocation of any license granted pursuant to this Section.

G.(1) Nothing in this Section shall be construed to prohibit, limit, or regulate random mercy flights made by a person or corporation in privately or publicly owned aircraft who may on occasion transport individuals who may need medical attention during transport, or human organs, intended for transplantation, including but not limited to the heart, lungs, kidneys, liver, and other soft tissue and bones, on either a not-for-profit basis or gratuitously.

(2) Failure to comply with any of the provisions of this Section shall constitute grounds for probation, suspension, revocation of license, or other administrative sanction in accordance with rules and regulations established by the department.

(3) Any person whose license has been revoked, suspended, or denied by the department shall have the right to have the proceedings of the department reviewed by a court of competent jurisdiction, provided that such appeal is made within thirty days after the notice of the decision of the department. If an appeal is granted, the decision of the department shall not be implemented until a decision affirming the department decision is rendered on judicial review. The department's decision shall remain in force until an appeal is granted unless the court orders a stay. Judicial review shall be by trial de novo.

H. Any entity currently certified to provide ambulance service in Louisiana shall not be required to be licensed by the state in order to maintain certification for a period of one year after July 15, 1999, in order to continue providing such services.

RS 40:1135.9 — Required insurance coverage

allowing minimum

amounts of insurance:

(1) Medical malpractice liability insurance in the amount of five hundred thousand dollars.

(2) Automobile liability insurance in the amount of five hundred thousand dollars in combined single limits and five hundred thousand dollars in the aggregate.

(3) General liability insurance in the amount of five hundred thousand dollars per occurrence and five hundred thousand dollars in the aggregate.

(4) Repealed by Acts 1999, No. 1113, §2.

B. Each ambulance provider shall submit a certificate of insurance issued by its insurance carrier to the Louisiana Department of Health as proof of the minimum insurance coverage required by this Section. Each ambulance provider shall also be required to notify the department in writing at least thirty days prior to any material change in or cancellation of such coverage.

C. For purposes of this Section, "ambulance provider" shall mean any entity owning, controlling, or operating any business or service which, as a substantial portion of its business, furnishes, operates, conducts, maintains, advertises, engages in, proposes to engage in, or professes to engage in the business or service of transporting persons who may need medical attention during transport. However, "ambulance provider" shall not include:

(1) Agencies of the federal government;

(2) Volunteer nonprofit organizations or municipal nonprofit organizations operating invalid coaches, as defined in R.S. 40:1131(7);

(3) Entities rendering assistance to licensed ambulances in the case of a major disaster;

(4) Licensed hospitals providing nonemergency, noncritical interhospital transfer and patient transportation for diagnostic and therapeutic purposes when such transportation originates at a licensed hospital;

(5) Entities operating ambulances from a location outside of the state to transport patients from a location outside of the state to a location inside the state or to transport patients from a medical facility inside to a point outside of the state; or

(6) Entities providing transportation to employees who become sick or injured during the course of their employment from a job site to the nearest appropriate medical facility.

RS 40:1135.10 — Emergency Medical Technician Dedicated Fund Account
d Account, hereafter referred to as

"account", which shall consist of monies generated by the fees collected from the purchase of prestige license plates for certified emergency medical technicians as provided in R.S. 47:463.47. In addition, the legislature may make annual appropriations to the account for the purposes set forth in this Section.

B. All monies collected pursuant to R.S. 47:463.47 shall be deposited in the Bond Security and Redemption Fund as required by Article VII, Section 9(B) of the Constitution of Louisiana and thereafter shall be credited to a special agency account. Funding deposited into the account shall be considered fees and self-generated revenues and shall be available for annual appropriations by the legislature.

C. The monies in the account shall be appropriated to the Louisiana Department of Health solely for purchasing equipment for the testing of applicants for certification as an emergency medical technician and to cover other testing-related costs. All unexpended and

unencumbered monies remaining in the account at the close of each fiscal year shall remain in the account.

RS 40:1135.11 — Air ambulance services; fees

e shall pay the

following fees to the department, as applicable:

- (1) An initial licensing fee of one hundred fifty dollars, which shall be submitted with the initial application for a license.
- (2) An annual license renewal fee of one hundred dollars, which shall be submitted with each annual application for renewal of a license.
- (3) A delinquent fee of one hundred dollars for failure to timely pay an annual license renewal fee. Such delinquent fee shall be assessed and shall become due and payable at 12:01 a.m. on the thirty-sixth day following the date of the invoice by which the department bills the applicant or licensee for the annual license renewal fee.
- (4) An aircraft inspection fee of seventy-five dollars for each aircraft, which shall be submitted with the initial application for a license, with each annual application for renewal of a license, and with each application for a permit for an aircraft added to the service by the applicant.
- (5) A delinquent fee of twenty-five dollars for each aircraft for failure to timely pay an aircraft inspection fee. Such delinquent fee shall be assessed and shall become due and payable at 12:01 a.m. on the thirty-sixth day following the date of the invoice by which the department bills the applicant or licensee for the aircraft inspection fee.
- (6) A change of address fee of ten dollars for each change of address.
- (7) A duplicate license fee of ten dollars for each duplicate license.

RS 40:1135.12 — Air ambulance services; violations; penalties; fines; notice; hearings; appeal

sdemeanor, punishable upon conviction by a fine of not less than one thousand dollars and not more than five thousand dollars, and each day's violation shall constitute a separate offense.

B.(1) Any person or entity violating the provisions of this Chapter when such violation poses a threat to the health, safety, rights, or welfare of a patient or client may be liable to civil fines and other penalties, to be assessed by the department, in addition to any criminal action which may be brought under other applicable laws. The department shall adopt rules in accordance with the Administrative Procedure Act which define specific classifications of violations, articulate factors in assessing civil fines including mitigating circumstances, and explain the treatment of continuing and repeat deficiencies.

(2) The schedule of civil fines and other penalties by class of violation is as follows:

- (a) Class A Violations: If an air ambulance is found to have been operated in violation of any of the requirements of this Chapter concerning the number or qualifications of personnel, the air ambulance shall be immediately taken out of service until it meets those requirements, and the air ambulance service operating it shall be subject to a civil fine of not more than five hundred dollars for the first violation and not more than one thousand dollars per day for each repeat violation.
- (b) Class B Violations: If an air ambulance service is found to have been operating

in violation of any of the requirements of this Chapter concerning insurance coverage, its license shall be immediately suspended until it meets those requirements, and it shall be subject to a civil fine of not more than five hundred dollars for the first violation and not more than one thousand dollars per day for each repeat violation.

(c) Class C Violations: If an air ambulance is found to have been operated without undergoing any inspection required under the provisions of this Chapter, the air ambulance shall be immediately taken out of service until it meets those requirements, and the air ambulance service operating it shall be subject to a civil fine of not more than five hundred dollars for the first violation and not more than one thousand dollars per day for each repeat violation.

(d) Class D Violations: If an air ambulance is found to have been operated in violation of any of the requirements of this Chapter concerning medical and safety equipment, the air ambulance shall be immediately taken out of service until it meets those requirements, and the air ambulance service operating it shall be subject to a civil fine of not more than one hundred dollars for the first violation and not more than five hundred dollars per day for each repeat violation.

C. The department shall adopt rules and regulations in accordance with the Administrative Procedure Act to provide notice to the air ambulance service of any violation, of its right to an informal reconsideration process, and of the available appeal procedure, including judicial review. Such appeal shall be suspensive.

D. The air ambulance service shall furnish, with an appeal, bond in the minimum amount of one and one-half times the amount of the fine imposed by the department. The bond shall provide in substance that it is furnished as security that the air ambulance service will prosecute its appeal and that any judgment against it, including court costs, will be paid or satisfied from the amount furnished. The appeal shall be heard as a summary proceeding which shall be given precedence over other pending matters.

E. The department may institute all necessary civil court action to collect fines imposed and not timely appealed. No air ambulance service may claim imposed fines as reimbursable costs, nor increase charges to patients and clients as a result of such fines. Interest shall begin to accrue on any fine at the current judicial rate on the day following the date on which the fine becomes due and payable.

RS 40:1137.1 — Legislative findings

nety-five

percent of these Americans die, in many cases because a lifesaving defibrillator did not arrive at the scene of the emergency in time.

B. The American Heart Association estimates that more than twenty thousand deaths may be prevented each year if defibrillators were more widely available to designated

responders.

C. Many communities throughout the state and nation have invested in 911 emergency response systems, emergency personnel, and ambulance vehicles. However, many of these communities do not have enough defibrillators in their community.

D. It is therefore the intent of the legislature to encourage greater acquisition, deployment, and use of automated external defibrillators in communities throughout the state.

RS 40:1137.2 — Definitions

ts pre-market notification filed pursuant to 21 U.S.C.

360(k) from the United States Food and Drug Administration.

(2) Is capable of recognizing the presence or absence of ventricular fibrillation or rapid ventricular tachycardia and is capable of determining whether defibrillation should be performed.

(3) Upon determining that defibrillation should be performed, automatically charges and requests delivery of an electrical impulse to an individual's heart.

(4) Is capable of delivering the electrical impulse to an individual's heart.

RS 40:1137.3 — Persons in possession of AEDs; training, testing, and notification requirements;

erson or entity that possesses an

AED shall ensure that:

(1) The AED is maintained and tested according to the manufacturer's guidelines.

(2) A licensed physician or advanced practice registered nurse who is authorized to prescribe is involved in the possessor's program to ensure compliance with the requirements for training, emergency medical service (EMS) notification, and maintenance.

(3)(a) Expected AED users regularly, on the premises of a particular entity, such as a work site or users who carry an AED in a private security patrol vehicle, receive appropriate training in cardiopulmonary resuscitation (CPR) and in the use of an AED from any nationally recognized course in CPR and AED use.

(b) For purposes of this Paragraph, "expected AED users" shall be any person designated by the possessor to render emergency care.

(4) The emergency medical services system is activated as soon as possible when an individual renders emergency care to an individual in cardiac arrest by using an AED.

(5) Any clinical use of the AED is reported to the licensed physician or advanced practice registered nurse involved in the possessor's program.

B. Any person or entity that possesses an AED shall notify a local provider of emergency medical services, such as a 911 service, local ambulance service, or fire department of the acquisition, location, and type of AED.

C. Any manufacturer, wholesale supplier, or retailer of an AED shall notify purchasers of AEDs intended for use in the state of the requirements of this Section.

D.(1) The owner of or the entity responsible for a physical fitness facility shall keep an AED on its premises.

(2) As used in this Subsection:

(a) "Physical fitness facility" means a facility for profit or nonprofit with a

membership of over fifty persons that offers physical fitness services. This term includes but is not limited to clubs, studios, health spas, weight control centers, clinics, figure salons, tanning centers, athletic or sport clubs, and YWCA and YMCA organizations.

(b) "Physical fitness services" means services for the development of physical fitness through exercise or weight control. It shall not include a business limited solely to the practice of physical therapy, as defined in R.S. 37:2401, by a therapist licensed by the Louisiana State Board of Medical Examiners, nor shall it apply to medically related services performed by a physician licensed by the Louisiana State Board of Medical Examiners in a private office, clinic, or hospital.

E.(1)(a) Each postsecondary education institution shall have an AED on its premises in an easily accessible location within its athletic department.

(b) Any postsecondary education institution that sponsors an intercollegiate athletic event shall have an AED and a trained AED user who is also trained in first-aid CPR at the event.

(c) Each postsecondary education institution shall have a "cardiac emergency response plan". For purposes of this Subparagraph, a "cardiac emergency response plan" means a written document that establishes the specific steps to reduce death from cardiac arrest at an intercollegiate athletic event.

(i) An institution cardiac emergency response plan shall be prepared by each president or chancellor jointly with local emergency responders.

(ii) The plan, which shall focus on preventing the loss of life, shall integrate at a minimum the following guidelines:

(aa) Establishing a cardiac emergency response team.

(bb) Activating the team in response to a sudden cardiac arrest.

(cc) Implementing AED placement and routine maintenance within the institution.

(dd) Maintaining ongoing staff training in CPR and AED use.

(ee) Practicing using drills.

(ff) Integrating local EMS with the plan.

(gg) Annually reviewing and evaluating the plan.

(2)(a) Each elementary, middle, and high school shall have an AED on its premises in an easily accessible location. Each school shall have the authority to accept donations of AEDs or funds to acquire AEDs.

(b) Any elementary, middle, or high school that sponsors an interscholastic athletic event shall have an AED and a trained AED user who is also trained in first-aid CPR at the event.

(c) Each elementary, middle, and high school shall have a "cardiac emergency response plan". For purposes of this Subparagraph, a "cardiac emergency response plan" means a written document that establishes the specific steps to reduce death from cardiac arrest at an interscholastic athletic event.

(i) A school cardiac emergency response plan shall be prepared by each principal jointly with local emergency responders.

(ii) The plan, which shall focus on preventing the loss of life, shall integrate at a

minimum the following guidelines:

- (aa) Establishing a cardiac emergency response team.
- (bb) Activating the team in response to a sudden cardiac arrest.
- (cc) Implementing AED placement and routine maintenance within the school.
- (dd) Maintaining ongoing staff training in CPR and AED use.
- (ee) Practicing using drills.
- (ff) Integrating local EMS with the plan.
- (gg) Annually reviewing and evaluating the plan.

F. The Louisiana Department of Health shall promulgate all necessary rules and regulations to implement the provisions of this Section. Such rules and regulations shall, at a minimum, provide for:

- (1) Compliance, enforcement, and penalties.
- (2) Periodic maintenance and testing of each AED to ensure each AED is in working order.
- (3) Appropriate training for persons designated to use and maintain an AED.

G.(1) There is hereby created in the state treasury, as a special fund, the Jump Start Your Heart Fund, hereinafter referred to in this Section as the "fund". The fund shall consist of any monies appropriated, allocated, donated, or transferred to the fund and shall be deposited by the state treasurer after compliance with the provisions of Article VII, Section 9(B) of the Constitution of Louisiana.

(2) All unexpended and unencumbered monies in the fund at the end of the fiscal year shall remain in the fund. Monies in the fund shall be invested in the same manner as monies in the state general fund. Interest earned on the investment of monies in the fund shall be deposited in and credited to the fund.

(3) Monies in the fund shall be appropriated by the legislature and shall be utilized to purchase automated external defibrillators for use at each postsecondary, high, middle, and elementary school in the state under the provisions of all necessary rules and regulations as promulgated by the Louisiana Department of Health.

d R.S.

40:1131.2, any prescribing advanced practice registered nurse or physician who authorizes the purchase of the AED, any physician or advanced practice registered nurse involved in the possessor's program, any individual or entity which provides training in cardiopulmonary resuscitation and in the use of an AED, any purchaser of an AED, any person or entity who owns or who is responsible for the site or the private security patrol vehicle where an AED is located, and any expected user regularly on the premises or in the vehicle shall not be liable for any civil damages arising from any act or omission of acts related to the operation of or failure to operate an AED that do not amount to willful or wanton misconduct or gross negligence.

RS 40:1139.1 — Legislative findings

stem of Louisiana and are an essential element of Louisiana's emergency preparedness system.

- (2) Emergency medical services will be a key element in any healthcare reform initiative.
- (3) Emergency medical services are a key component of any economic development program as they are essential to recruiting and retaining industry.
- (4) The cost of funding the Medicaid program and healthcare for the poor and uninsured in the state must be carefully managed in a manner which recognizes the challenges associated with appropriate reimbursement for services under the program.
- (5) Emergency medical service providers want to assure that emergency medical services are available to all residents of Louisiana.
- (6) It is in the best interest of the state that there exist sufficient resources to assure the availability of emergency ambulance services to the citizens of Louisiana and the creation of a statewide ambulance service district will help to ensure this goal.
- (7) The Louisiana Ambulance Alliance and the Louisiana Department of Health are interested in exploring the use of local revenues to enhance the delivery of emergency ambulance services through the use of certified public expenditures, intergovernmental transfers or other financing mechanisms that are in accordance with the applicable state and federal regulations.

RS 40:1139.2 — Short title

designated from R.S. 40:1236.22. by
HCR 84 of 2015 R.S.

RS 40:1139.3 — Statewide ambulance service district; creation

he legislature does hereby establish a
statewide ambulance service district. The boundaries of the district shall be coterminous with the boundaries of the state. The ambulance service district thus created shall constitute a body corporate in law with all powers of a corporation, shall have perpetual existence, shall have the power and right to contract obligations, to sue and be sued, and to do and perform any and all acts in its corporate capacity and its corporate name necessary and proper for the carrying out of the objects and purposes for which the ambulance service district was created. It shall have the power and authority to acquire any and all necessary equipment and buildings for the purpose of performing the objects for which it is formed and shall own all sites and physical facilities which are acquired either by donation, purchase, exchange, and otherwise in full ownership.

RS 40:1139.4 — Object and purpose of the district

sement and financial
stability of ambulance providers. The Louisiana Department of Health, hereafter referred to as the "department", may submit waivers or state plan amendments to the Centers for Medicare and Medicaid Services in order to secure federal financial participation in relation to any such payments or reimbursement. Payments shall be made only in accordance with an approved waiver or state plan amendment. The department and the statewide ambulance district may enter into an agreement, in accordance with state and federal law, to develop funding methodologies in a way that is consistent with the legislative intent set forth herein.

The methodology shall be created with the intent to maximize, to the fullest extent possible, the return to the providers located within the jurisdiction of the local governing body which subsidized the delivery of services. Any licensed provider of ambulance services shall be eligible to participate in the district. Participation is on a strictly voluntary basis.

RS 40:1139.5 — Ambulance service district commission; qualifications, appointment, vacancies,
It be governed by

the Ambulance Service District Commission, hereafter referred to as the "commission". The commission shall be composed of seven members, one member from each congressional district and the remaining member or members from the state at large, appointed by the governor, subject to confirmation by the Senate, from a list of names submitted by the Louisiana Ambulance Alliance. The nomination list submitted to the governor shall include at least three nominees from each congressional district and at least three nominees for each position to be appointed from the state at large. Members of the commission shall be citizens and qualified electors of this state. Initially, three members of the commission shall be appointed for a two-year term, and the remaining members for four-year terms. Thereafter, all members shall be appointed for four years. Any vacancy on the board caused by death, resignation, removal, or disability of a member shall be filled for the unexpired term in the same manner as the original appointment.

B. Any member of the commission whose term expires shall continue to serve on the commission until such time that a successor is appointed.

C. Any member of the commission may be removed from office for cause and his appointment rescinded by a two-thirds vote of the membership of the governing authority.

D. The commission annually shall elect one of its members chairman, and one vice-chairman. The meetings shall be held at the domicile of the district established by the commission. At least four regular meetings shall be held annually. Special meetings may be held at such times and places as shall be specified, by call of the chairman or by a simple majority of the commission.

E. A majority of the members shall constitute a quorum of the board for all purposes and functions of the board.

F. Each member of the board shall receive a certificate or commission from the governor and before beginning his term of office shall file with the secretary of state a written oath or affirmation of faithful discharge of his official duties.

G. The members of the commission and all employees of the corporation shall be subject to the Code of Governmental Ethics. They shall be considered public employees as defined by R.S. 42:1102(18) and the corporation shall be considered an agency as defined by R.S. 42:1102(2) for purposes of the Code of Governmental Ethics only. All meetings of the board shall be open and subject to the provisions of R.S. 42:11 et seq. A record of all proceedings at regular and special meetings of the board shall be kept and shall be open to public inspection, except as otherwise provided by this Title or in R.S. 42:17.

H. No member of the board shall receive a per diem or shall be reimbursed for expenses incurred when attending a meeting of the board or any of its committees or for the time spent on behalf of the board on official business.

RS 40:1139.6 — Powers and duties of the commission

in facilitating ambulance care in the state.

- (2) To pursue grant funds to advance first responder services.
- (3) To enter into cooperative agreements with other public and private entities.
- (4) To assist ambulance providers in obtaining lowest possible cost for equipment and supplies through group purchasing.
- (5) To appoint a director of the ambulance service district and to perform such other duties as may now or hereafter be required by law.
- (6) To appoint the necessary standing and special committees which may be necessary to carry out the purposes of this Part.
- (7) To establish rates of pay for the use of facilities provided by the district.
- (8) To enter into contractual arrangements with recognized and duly constituted ambulance providers which are primarily engaged in the operation of ambulance-related functions in order to enhance Medicaid funding and reimbursement, and for related matters.
- (9) To designate a bank to act as agent for depositing funds.
- (10) To designate rules and regulations for safekeeping of the funds acquired, collected, or loaned by or to the district, and to provide for regular audits of the accounts of the district.

RS 40:1139.7 — Procedure for organizing the ambulance service district

ce for the first meeting of the commission. The

first meeting shall take place within sixty days from the date of the initial appointments. At the first meeting of the commission, the commission shall proceed to organize by electing a chairman and a vice-chairman.

B. It shall be the duty of the chairman to preside over the meetings of the commission and to perform such other duties as are usually required of the chairman of a corporate board. It shall be the duty of the vice-chairman to act in the absence of the chairman and in case of the disability of the chairman.

RS 40:1139.8 — Domicile; service of process

ict shall be kept at the
domicile.

B. Service of process shall be made upon the director, and in his absence, upon the chairman of the commission, and in his absence or their absence, then upon the vice-chairman of the commission.

RS 40:1139.9 — District as a political subdivision; power to incur debt and issue general bonds

ying out the purposes of the ambulance service district as provided in this Part, the district, pursuant to the provisions of the Louisiana Constitution of 1974, shall have the power to incur debt and issue general obligation bonds or revenue.

RS 40:1139.10 — Federal and state aid

ncy or

instrumentality as may be necessary to procure aids and grants to assist such districts in carrying out the purpose for which they are created.

RS 40:1139.11 — Rules and regulations

disbursement of funds to participating providers. Such rules and regulations shall be submitted to the Senate and House committees on health and welfare and such committees shall have jurisdiction for purposes of the Administrative Procedure Act.

RS 40:1141 — Recognition of Emergency Medical Services Personnel Licensure Interstate Compact

ct (REPLICA) is hereby recognized and enacted into law and entered into by this state with all states legally joining therein in the form substantially as follows:

EMERGENCY MEDICAL SERVICES PERSONNEL LICENSURE

INTERSTATE COMPACT (REPLICA)

SECTION 1. PURPOSE

In order to protect the public through verification of competency and ensure accountability for patient care related activities all states license emergency medical services (EMS) personnel, such as emergency medical technicians (EMTs), advanced EMTs, and paramedics. This compact is intended to facilitate the day-to-day movement of EMS personnel across state boundaries in the performance of their EMS duties as assigned by an appropriate authority and authorize state EMS offices to afford immediate legal recognition to EMS personnel licensed in a member state. This compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of EMS personnel and that such state regulation shared among the member states will best protect public health and safety. This compact is designed to achieve the following purposes and objectives:

- (1) Increase public access to EMS personnel.
- (2) Enhance the states' ability to protect the public's health and safety, especially patient safety.
- (3) Encourage the cooperation of member states in the areas of EMS personnel licensure and regulation.
- (4) Support licensing of military members who are separating from an active duty tour, and their spouses.
- (5) Facilitate the exchange of information between member states regarding EMS personnel licensure, adverse action, and significant investigatory information.
- (6) Promote compliance with the laws governing EMS personnel practice in each member state.
- (7) Invest all member states with the authority to hold EMS personnel accountable through the mutual recognition of member state licenses.

SECTION 2. DEFINITIONS

In this compact:

- A. "Advanced Emergency Medical Technician (AEMT)" means an individual licensed with cognitive knowledge and a scope of practice that corresponds to that level in the National EMS Education Standards and National EMS Scope of Practice Model.
- B. "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws which may be imposed against licensed EMS personnel by a state EMS authority or state court, including but not limited to actions against an individual's license such as revocation, suspension, probation, consent agreement, monitoring, or other

limitation or encumbrance on the individual's practice, letters of reprimand or admonition, fines, criminal convictions, and state court judgments enforcing adverse actions by the state EMS authority.

C. "Alternative program" means a voluntary, nondisciplinary substance abuse recovery program approved by a state EMS authority.

D. "Certification" means the successful verification of entry-level cognitive and psychomotor competency using a reliable, validated, and legally defensible examination.

E. "Commission" means the national administrative body of which all states that have enacted the compact are members.

F. "Emergency Medical Technician (EMT)" means an individual licensed with cognitive knowledge and a scope of practice that corresponds to that level in the National EMS Education Standards and National EMS Scope of Practice Model.

G. "Home state" means a member state where an individual is licensed to practice emergency medical services.

H. "License" means the authorization by a state for an individual to practice as an EMT, AEMT, paramedic, or a level in between EMT and paramedic.

I. "Medical director" means a physician licensed in a member state who is accountable for the care delivered by EMS personnel.

J. "Member state" means a state that has enacted this compact.

K. "Privilege to practice" means an individual's authority to deliver emergency medical services in remote states as authorized under this compact.

L. "Paramedic" means an individual licensed with cognitive knowledge and a scope of practice that corresponds to that level in the National EMS Education Standards and National EMS Scope of Practice Model.

M. "Remote state" means a member state in which an individual is not licensed.

N. "Restricted" means the outcome of an adverse action that limits a license or the privilege to practice.

O. "Rule" means a written statement by the interstate commission promulgated pursuant to Section (12) of this compact that is of general applicability; implements, interprets, or prescribes a policy or provision of the compact; or is an organizational, procedural, or practice requirement of the commission and has the force and effect of statutory law in a member state and includes the amendment, repeal, or suspension of an existing rule.

P. "Scope of practice" means defined parameters of various duties or services that may be provided by an individual with specific credentials. Whether regulated by rule, statute, or court decision, it tends to represent the limits of services an individual may perform.

Q. "Significant investigatory information" means:

(1) Investigative information that a state EMS authority, after a preliminary inquiry that includes notification and an opportunity to respond if required by state law, has reason to believe, if proved true, would result in the imposition of an adverse action on a license or privilege to practice; or

(2) Investigative information that indicates that the individual represents an immediate threat to public health and safety regardless of whether the individual has been notified and had an opportunity to respond.

R. "State" means any state, commonwealth, district, or territory of the United States.

S. "State EMS authority" means the board, office, or other agency with the legislative mandate to license EMS personnel.

SECTION 3. HOME STATE LICENSURE

A. Any member state in which an individual holds a current license shall be deemed a home state for purposes of this compact.

B. Any member state may require an individual to obtain and retain a license to be authorized to practice in the member state under circumstances not authorized by the privilege to practice under the terms of this compact.

C. A home state's license authorizes an individual to practice in a remote state under the privilege to practice only if the home state:

(1) Currently requires the use of the National Registry of Emergency Medical Technicians (NREMT) examination as a condition of issuing initial licenses at the EMT and paramedic levels.

(2) Has a mechanism in place for receiving and investigating complaints about individuals.

(3) Notifies the commission, in compliance with the terms herein, of any adverse action or significant investigatory information regarding an individual.

(4) No later than five years after activation of the compact, requires a criminal background check of all applicants for initial licensure, including the use of the results of fingerprint or other biometric data checks compliant with the requirements of the Federal Bureau of Investigation with the exception of federal employees who have suitability determination in accordance with 5 CFR 731.202 and submit documentation of such as promulgated in the rules of the commission.

(5) Complies with the rules of the commission.

SECTION 4. COMPACT PRIVILEGE TO PRACTICE

A. Member states shall recognize the privilege to practice of an individual licensed in another member state that is in conformance with Section (3).

B. To exercise the privilege to practice under the terms and provisions of this compact, an individual must:

(1) Be at least eighteen years of age.

(2) Possess a current unrestricted license in a member state as an EMT, AEMT, paramedic, or state recognized and licensed level with a scope of practice and authority between EMT and paramedic.

(3) Practice under the supervision of a medical director.

C. An individual providing patient care in a remote state under the privilege to practice shall function within the scope of practice authorized by the home state unless and until modified by an appropriate authority in the remote state as may be defined in the rules of the commission.

D. Except as provided in Section (4), Subsection (C), an individual practicing in a remote state will be subject to the remote state's authority and laws. A remote state may, in accordance with due process and that state's laws, restrict, suspend, or revoke an individual's privilege to practice in the remote state and may take any other necessary actions to protect the health and safety of its citizens. If a remote state takes action it shall promptly notify the home state and the commission.

E. If an individual's license in any home state is restricted or suspended, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

F. If an individual's privilege to practice in any remote state is restricted, suspended, or revoked the individual shall not be eligible to practice in any remote state until the individual's privilege to practice is restored.

SECTION 5. CONDITIONS OF PRACTICE IN A REMOTE STATE

An individual may practice in a remote state under a privilege to practice only in the performance of the individual's EMS duties as assigned by an appropriate authority, as defined in the rules of the commission, and under the following circumstances:

- (1) The individual originates a patient transport in a home state and transports the patient to a remote state.
- (2) The individual originates in the home state and enters a remote state to pick up a patient and provide care and transport of the patient to the home state.
- (3) The individual enters a remote state to provide patient care and/or transport within that remote state.
- (4) The individual enters a remote state to pick up a patient and provide care and transport to a third member state.
- (5) Other conditions as determined by rules promulgated by the commission.

SECTION 6. RELATIONSHIP TO EMERGENCY MANAGEMENT ASSISTANCE COMPACT

Upon a member state's governor's declaration of a state of emergency or disaster that activates the Emergency Management Assistance Compact (EMAC), all relevant terms and provisions of EMAC shall apply and to the extent any terms or provisions of this compact conflicts with EMAC, the terms of EMAC shall prevail with respect to any individual practicing in the remote state in response to such declaration.

SECTION 7. VETERANS, SERVICE MEMBERS SEPARATING FROM ACTIVE DUTY MILITARY, AND THEIR SPOUSES

A. Member states shall consider a veteran, active military service member, and member of the National Guard and Reserves separating from an active duty tour, and a spouse thereof, who holds a current valid and unrestricted NREMT certification at or above the level of the state license being sought as satisfying the minimum training and examination requirements for such licensure.

B. Member states shall expedite the processing of licensure applications submitted by veterans, active military service members, and members of the National Guard and

Reserves separating from an active duty tour, and their spouses.

C. All individuals functioning with a privilege to practice under this Section remain subject to the Adverse Actions provisions of Section (8).

SECTION 8. ADVERSE ACTIONS

A. A home state shall have exclusive power to impose adverse action against an individual's license issued by the home state.

B. If an individual's license in any home state is restricted or suspended, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

(1) All home state adverse action orders shall include a statement that the individual's compact privileges are inactive. The order may allow the individual to practice in remote states with prior written authorization from both the home state and remote state's EMS authority.

(2) An individual currently subject to adverse action in the home state shall not practice in any remote state without prior written authorization from both the home state and remote state's EMS authority.

C. A member state shall report adverse actions and any occurrences that the individual's compact privileges are restricted, suspended, or revoked to the commission in accordance with the rules of the commission.

D. A remote state may take adverse action on an individual's privilege to practice within that state.

E. Any member state may take adverse action against an individual's privilege to practice in that state based on the factual findings of another member state, so long as each state follows its own procedures for imposing such adverse action.

F. A home state's EMS authority shall investigate and take appropriate action with respect to reported conduct in a remote state as it would if such conduct had occurred within the home state. In such cases, the home state's law shall control in determining the appropriate adverse action.

G. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states must require individuals who enter any alternative programs to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

SECTION 9. ADDITIONAL POWERS INVESTED IN A MEMBER STATE'S EMS AUTHORITY

A member state's EMS authority, in addition to any other powers granted under state law, is authorized under this compact to:

(1) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a member state's EMS authority for the attendance and testimony of witnesses, and/or the production of evidence from another member state, shall be enforced in the remote state by any court of

competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state EMS authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located.

(2) Issue cease and desist orders to restrict, suspend, or revoke an individual's privilege to practice in the state.

SECTION 10. ESTABLISHMENT OF THE INTERSTATE COMMISSION FOR EMS PERSONNEL PRACTICE

A. The compact states hereby create and establish a joint public agency known as the Interstate Commission for EMS Personnel Practice.

(1) The commission is a body politic and an instrumentality of the compact states.

(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

B. Membership, voting, and meetings

(1) Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the member state in which the vacancy exists. In the event that more than one board, office, or other agency with the legislative mandate to license EMS personnel at and above the level of EMT exists, the governor of the state will determine which entity will be responsible for assigning the delegate.

(2) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Section (12).

(5) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(a) Noncompliance of a member state with its obligations under the compact.

(b) The employment, compensation, discipline, or other personnel matters, practices or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures.

(c) Current, threatened, or reasonably anticipated litigation.

- (d) Negotiation of contracts for the purchase or sale of goods, services, or real estate.
 - (e) Accusing any person of a crime or formally censuring any person.
 - (f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential.
 - (g) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy.
 - (h) Disclosure of investigatory records compiled for law enforcement purposes.
 - (i) Disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact.
 - (j) Matters specifically exempted from disclosure by federal or member state statute.
- (6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.
- C. The commission shall, by a majority vote of the delegates, prescribe bylaws and/or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact, including but not limited to:
- (1) Establishing the fiscal year of the commission.
 - (2) Providing reasonable standards and procedures:
 - (a) For the establishment and meetings of other committees.
 - (b) Governing any general or specific delegation of any authority or function of the commission.
 - (3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the membership votes to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed.
 - (4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission.
 - (5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission.
 - (6) Promulgating a code of ethics to address permissible and prohibited activities of

commission members and employees.

(7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment and/or reserving of all of its debts and obligations.

(8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any.

(9) The commission shall maintain its financial records in accordance with the bylaws.

(10) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

D. The commission shall have the following powers:

(1) The authority to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all member states.

(2) To bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state EMS authority or other regulatory body responsible for EMS personnel licensure to sue or be sued under applicable law shall not be affected.

(3) To purchase and maintain insurance and bonds.

(4) To borrow, accept, or contract for services of personnel, including but not limited to employees of a member state.

(5) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters.

(6) To accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that at all times the commission shall strive to avoid any appearance of impropriety and/or conflict of interest.

(7) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, real, personal or mixed, provided that at all times the commission shall strive to avoid any appearance of impropriety.

(8) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed.

(9) To establish a budget and make expenditures.

(10) To borrow money.

(11) To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws.

(12) To provide and receive information from, and to cooperate with, law enforcement agencies.

(13) To adopt and use an official seal.

(14) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of EMS personnel licensure and practice.

E. Financing of the commission

(1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements.

The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

F. Qualified immunity, defense, and indemnification

(1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this Paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the gross negligence or intentional or willful or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged

act, error, or omission did not result from that person's gross negligence or intentional or willful or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the gross negligence or intentional or willful or wanton misconduct of that person.

SECTION 11. COORDINATED DATABASE

A. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

- (1) Identifying information.
- (2) Licensure data.
- (3) Significant investigatory information.
- (4) Adverse actions against an individual's license.
- (5) An indicator that an individual's privilege to practice is restricted, suspended, or revoked.
- (6) Nonconfidential information related to alternative program participation.
- (7) Any denial of application for licensure, and the reason(s) for such denial.
- (8) Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

D. Member states contributing information to the coordinated database may designate information that may not be shared with the public without the express permission of the contributing state.

E. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

SECTION 12. RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall

have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission.

(2) On the website of each member state EMS authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting in which the rule will be considered and voted upon.

(2) The text of the proposed rule or amendment and the reason for the proposed rule.

(3) A request for comments on the proposed rule from any interested person.

(4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons.

(2) A governmental subdivision or agency.

(3) An association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This Subsection shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this Section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this Section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. The commission shall, by majority vote of all members, take final action on the

proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this Section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

- (1) Meet an imminent threat to public health, safety, or welfare.
- (2) Prevent a loss of commission or member state funds.
- (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.
- (4) Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

SECTION 13. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

(1) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

(3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes.

Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, technical assistance, and termination

(1) If the commission determines that a member state has defaulted in the

performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

- (a) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the commission.
- (b) Provide remedial training and specific technical assistance regarding the default.
- (2) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
- (3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.
- (4) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
- (5) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.
- (6) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

C. Dispute resolution

- (1) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.
- (2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

- (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.
- (2) By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.
- (3) The remedies herein shall not be the exclusive remedies of the commission. The

commission may pursue any other remedies available under federal or state law.

SECTION 14. DATE OF IMPLEMENTATION OF THE
INTERSTATE COMMISSION FOR EMS PERSONNEL PRACTICE
AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this Act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 15. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.

RS 40:1146 — Allowance to stock emergency medication; definitions

medication recognized by the Louisiana

Department of Health as a medication that can be administered to treat a life-threatening condition.

(b) Such medications may include but not be limited to the following:

(i) Epinephrine.

(ii) Naloxone.

(iii) Albuterol.

(iv) Glucagon.

(2) "Qualified entity" means any public or private entity that is associated with a location where a medical emergency can occur, including licensed early learning centers,

colleges and universities, places of employment, restaurants, amusement parks, recreation camps, after-school programs, sports playing fields and arenas, and other similar locations, except that "qualified entity" does not include public or nonpublic elementary or secondary schools.

(3) "Trained personnel" means an employee, agent, or volunteer of an entity who has received training on the medications that include but are not limited to the following:

(a) Techniques on how to recognize signs of life-threatening emergency standards and procedures for the storage and administration of life-saving medication.

(b) Emergency follow-up procedures including the requirement to summon emergency services either immediately before or immediately after administering life-saving medication.

B. Notwithstanding any other provision of law to the contrary, licensed healthcare professionals authorized to prescribe such medication may prescribe life-saving medications maintained in the name of a qualified entity for use in accordance with this Section.

C. Notwithstanding any other provision of law to the contrary, licensed pharmacists and physicians may dispense life-saving medications in accordance with a prescription issued pursuant to this Section.

D. Notwithstanding any other provision of law to the contrary, a qualified entity may maintain a stock supply of life-saving medications in accordance with a prescription issued pursuant to this Section.

E.(1) The qualified entity may authorize trained personnel to administer life-saving medications to an individual on the qualified entity's premises or during a qualified-entity-affiliated activity with whom the trained personnel as defined in this Section believes in good faith is experiencing a medical emergency, in accordance with this Section. There shall be a standing protocol for a licensed healthcare professional authorized to dispense or prescribe the necessary medication, regardless of whether the individual has a prescription for a life-saving medication.

(2) Training may be performed by a medical emergency training organization, a registered nurse, or a licensed physician.

F. The qualified entity may enter into arrangements with manufacturers of life-saving medications or third-party suppliers of life-saving medications to obtain life-saving medications at fair-market, free, or reduced prices.

G. A person or entity shall not be liable for damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with administration or self-administration of a life-saving medication, unless the act or omission constitutes willful or wanton misconduct. The limitation of liability provided for in this Subsection shall apply to the following:

(1) A qualified entity.

(2) A qualified entity's employee, agent, or volunteer.

(3) A licensed healthcare professional authorized to prescribe or dispense life-saving medications.

(4) A training organization and its personnel.

H. The administration of life-saving medications pursuant to this Section is not the practice of medicine or nursing.

I.(1) Notwithstanding any other provision of law to the contrary, the secretary of the Louisiana Department of Health is authorized to issue a standing order for the prescription of life-saving medications on a statewide basis under certain conditions that the secretary shall determine to be in the best interest of the people in this state.

(2) If the secretary of the department is not a physician, the secretary may appoint a designee who is a physician employed by the department to issue the standing order provided for in this Subsection.

J. The Louisiana Department of Health shall promulgate rules in accordance with the Administrative Procedure Act to implement the provisions of this Section. The rules shall include the list of life-saving medications that can be prescribed, dispensed, and maintained pursuant to the provisions of this Section.

RS 40:1151 — Legislative purpose, findings and intent

n medical care, including the

decision to have life-sustaining procedures withheld or withdrawn in instances where such persons are diagnosed as having a terminal and irreversible condition.

(2) The legislature further finds that the artificial prolongation of life for a person diagnosed as having a terminal and irreversible condition may cause loss of individual and personal dignity and secure only a precarious and burdensome existence while providing nothing medically necessary or beneficial to the person.

(3) In order that the rights of such persons may be respected even after they are no longer able to participate actively in decisions concerning themselves, the legislature hereby declares that the laws of the state of Louisiana shall recognize:

(a) The right of such a person to make a declaration instructing his physician to withhold or withdraw life-sustaining procedures or designating another to make the treatment decision and make such a declaration for him, in the event he is diagnosed as having a terminal and irreversible condition; and

(b) The right of certain individuals to make a declaration pursuant to which life-sustaining procedures may be withheld or withdrawn from an adult patient who is comatose, incompetent, or otherwise physically or mentally incapable of communication, or from a minor, in the event such adult patient or minor is diagnosed and certified as having a terminal and irreversible condition.

(4) In furtherance of the rights of such persons, the legislature finds and declares that nothing in this Subpart shall be construed to be the exclusive means by which life-sustaining procedures may be withheld or withdrawn, nor shall this Subpart be construed to require the application of medically inappropriate treatment or life-sustaining procedures to any patient or to interfere with medical judgment with respect to the application of medical treatment or life-sustaining procedures.

B. Intent. (1) The legislature intends that the provisions of this Subpart are permissive and voluntary. The legislature further intends that the making of a declaration pursuant to this Subpart merely illustrates a means of documenting a patient's decision

relative to withholding or withdrawal of medical treatment or life-sustaining procedures.

(2) It is the intent of the legislature that nothing in this Subpart shall be construed to require the making of a declaration pursuant to this Subpart .

(3) It is the intent of the legislature that nothing in this Subpart shall be construed to be the exclusive means by which life-sustaining procedures may be withheld or withdrawn, nor shall this Subpart be construed to require the application of medically inappropriate treatment or life-sustaining procedures to any patient or to interfere with medical judgment with respect to the application of medical treatment or life-sustaining procedures.

RS 40:1151.1 — Definitions

means the physician who has primary responsibility for the treatment and care of the patient.

(2) "Cardiopulmonary resuscitation" means those measures used to restore or support cardiac or respiratory function in the event of a cardiac or respiratory arrest.

(3) "Declarant" means a person who has executed a declaration as defined herein.

(4) "Declaration" means a witnessed document, statement, or expression voluntarily made by the declarant, authorizing the withholding or withdrawal of life-sustaining procedures, in accordance with the requirements of this Subpart. A declaration may be made in writing, orally, or by other means of nonverbal communication.

(5) "Do-not-resuscitate identification bracelet" means a standardized bracelet as described in R.S. 40:1151.2(D)(1)(b).

(6) "Health care provider" means any health maintenance organization, home health agency, hospice, hospital, nursing facility, or any entity listed in R.S. 40:1231.1(A)(10).

(7) "Licensed emergency medical services practitioner" means a licensed emergency medical services practitioner as defined in R.S. 40:1131.

(8) "Life-sustaining procedure" means any medical procedure or intervention which, within reasonable medical judgment, would serve only to prolong the dying process for a person diagnosed as having a terminal and irreversible condition, including such procedures as the invasive administration of nutrition and hydration and the administration of cardiopulmonary resuscitation. A "life-sustaining procedure" shall not include any measure deemed necessary to provide comfort care.

(9) "Minor" means a person under eighteen years of age.

(10) "Physician" means a physician or surgeon licensed by the Louisiana State Board of Medical Examiners or by the official licensing authority of another state.

(11) "Qualified patient" means a patient diagnosed and certified in writing as having a terminal and irreversible condition by two physicians who have personally examined the patient, one of whom shall be the attending physician.

(12) "Registry" means a registry for declarations established and maintained by the secretary of state pursuant to this Subpart.

(13) "Spouse" means a person who is legally married to the qualified patient but does not include a spouse who is judicially separated from the patient, is cohabited with another person in the manner of married persons, or who has been convicted of any crime of violence as defined in R.S. 14:2(B) against the other spouse, that has resulted in the terminal and

irreversible condition as defined in Paragraph (15) of this Section, or who has violated any domestic abuse protective order affecting the other spouse.

(14) "Terminal and irreversible condition" means a continual profound comatose state with no reasonable chance of recovery or a condition caused by injury, disease, or illness which, within reasonable medical judgment, would produce death and for which the application of life-sustaining procedures would serve only to postpone the moment of death.

(15) "Witness" means a competent adult who is not related to the declarant or qualified patient, whichever is applicable, by blood or marriage and who would not be entitled to any portion of the estate of the person from whom life-sustaining procedures are to be withheld or withdrawn upon his decease.

RS 40:1151.2 — Making of declaration; notification; illustrative form; registry; issuance of do-not-resuscitate identification bracelets

ation directing the

withholding or withdrawal of life-sustaining procedures in the event such person should have a terminal and irreversible condition.

(2) A written declaration shall be signed by the declarant in the presence of two witnesses.

(3) An oral or nonverbal declaration may be made by an adult in the presence of two witnesses by any nonwritten means of communication at any time subsequent to the diagnosis of a terminal and irreversible condition.

B.(1) It shall be the responsibility of the declarant to notify his attending physician that a declaration has been made.

(2) In the event the declarant is comatose, incompetent, or otherwise mentally or physically incapable of communication, any other person may notify the physician of the existence of the declaration. In addition, the attending physician or health care facility may directly contact the registry to determine the existence of any such declaration.

(3) Any attending physician who is so notified, or who determines directly or is advised by the health care facility that a declaration is registered, shall promptly make the declaration or a copy of the declaration, if written, or a notation of the existence of a registered declaration, a part of the declarant's medical record.

(4) If the declaration is oral or nonverbal, the physician shall promptly make a recitation of the reasons the declarant could not make a written declaration and make the recitation a part of the patient's medical records.

C.(1) The declaration may, but need not, be in the following illustrative form and may include other specific directions including but not limited to a designation of another person to make the treatment decision for the declarant should he be diagnosed as having a terminal and irreversible condition and be comatose, incompetent, or otherwise mentally or physically incapable of communications:

DECLARATION

Declaration made this _____ day of _____ (month, year).

I, _____, being of sound mind, willfully and voluntarily make known my desire that my dying shall not be artificially prolonged under the circumstances

set forth below and do hereby declare:

If at any time I should have an incurable injury, disease or illness, or be in a continual profound comatose state with no reasonable chance of recovery, certified to be a terminal and irreversible condition by two physicians who have personally examined me, one of whom shall be my attending physician, and the physicians have determined that my death will occur whether or not life-sustaining procedures are utilized and where the application of life-sustaining procedure would serve only to prolong artificially the dying process, I direct

(initial one only):

___ That all life-sustaining procedures, including nutrition and hydration, be withheld or withdrawn so that food and water will not be administered invasively.

___ That life-sustaining procedures, except nutrition and hydration, be withheld or withdrawn so that food and water can be administered invasively.

I further direct that I be permitted to die naturally with only the administration of medication or the performance of any medical procedure deemed necessary to provide me with comfort care.

In the absence of my ability to give directions regarding the use of such life-sustaining procedures, it is my intention that this declaration shall be honored by my family

and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and accept the consequences from such refusal.

I understand the full import of this declaration and I am emotionally and mentally competent to make this declaration.

Signed _____

City, Parish, and State of Residence _____

The declarant has been personally known to me and I believe him or her to be of sound mind.

Witness _____

Witness _____

(2) Should any of the other specific directions be held to be invalid, such invalidity shall not affect other directions of the declaration which can be given effect without the invalid direction, and to this end the directions in the declaration are severable.

(3)(a) Any declaration executed prior to January 1, 1992, which does not contain directions regarding life-sustaining procedures in the event that the declarant is in a continual profound comatose state shall not be invalid for that reason. Such declaration shall be applicable to any terminal and irreversible condition, as defined in this Subpart, unless it clearly provides to the contrary.

(b) Any declaration executed prior to August 15, 2005, which does not contain an option to specifically initial a choice regarding nutrition and hydration shall not be invalid for that reason nor presumed to mean that the declarant desires the invasive administration of nutrition or hydration.

D.(1)(a) The secretary of state shall establish a declaration registry in which a person, or his attorney, if authorized by the person to do so, may register the original, multiple original, or a certified copy of the declaration.

(b) The secretary of state shall issue a do-not-resuscitate identification bracelet to

qualified patients listed in the registry. The do-not-resuscitate identification bracelet must include the patient's name, date of birth, and the phrase "DO NOT RESUSCITATE".

(2) Any attending physician or health care facility may, orally or in writing, request the secretary of state to confirm immediately the existence of a declaration and to disclose the contents thereof for any patient believed to be a resident of Louisiana. A copy of the declaration or a facsimile thereof transmitted from the office of the secretary of state shall be deemed authentic. However, nothing herein requires a physician or health care facility to confirm the existence of such declaration or obtain a copy thereof prior to the withholding or withdrawal of medical treatment or life-sustaining procedures.

(3) The secretary of state may charge a fee of twenty dollars for registering a declaration and issuing a do-not-resuscitate identification bracelet and a fee of five dollars for filing a notice of revocation. No charge shall be made for the furnishing of information concerning the existence of a declaration, the disclosure of its contents, or the providing of a copy or facsimile thereof.

RS 40:1151.3 — Revocation of declaration

(1) By being cancelled, defaced, obliterated, burned, torn, or otherwise destroyed by the declarant or by some person in the presence of and at the direction of the declarant.

(2)(a) By a written revocation of the declarant expressing the intent to revoke, signed and dated by the declarant.

(b) The attending physician shall record in the patient's medical record the time and date when notification of the written revocation was received.

(3)(a) By an oral or nonverbal expression by the declarant of the intent to revoke the declaration.

(b) Such revocation by any method enumerated in this Section shall become effective upon communication to the attending physician.

(c) The attending physician shall record in the patient's medical records the time and date when notification of the revocation was received.

B. A declaration registered with the secretary of state's office may be revoked by the filing of a written notice of revocation in that office. The secretary of state shall indicate on the declaration the date and time the notice of revocation was received in his office. Until the notation has been indicated on the declaration, any physician or health care facility acting in good faith may rely upon the validity of the declaration.

RS 40:1151.4 — Procedure for making a declaration for a qualified patient who has not previously

holding or the withdrawal of life-sustaining procedures from a qualified patient with a terminal and irreversible condition who is comatose, incompetent, or otherwise physically or mentally incapable of communication and has not made a prior declaration in accordance with this Subpart .

(2) When a comatose or incompetent person or a person who is physically or mentally incapable of communication has been certified as a qualified patient and has not previously made a declaration, any of the following individuals in the following order of priority, if there is no individual in a prior class who is reasonably available, willing, and competent to act, may make a declaration on the qualified patient's behalf:

(a) The judicially appointed tutor or curator of the patient if one has been appointed.

This Subparagraph shall not be construed to require such appointment in order that a declaration can be made under this Section.

(b) Any person or persons previously designated by an adult patient by written instrument signed by the patient in the presence of at least two witnesses, to have the authority to make a declaration for the patient in the event of the patient's inability to do so. If the instrument so authorizes more than one person, it may include the order in which the persons designated shall have authority to make the declaration.

(c) The patient's spouse not judicially separated.

(d) An adult child of the patient.

(e) The parents of the patient.

(f) The patient's sibling.

(g) The patient's other ascendants or descendants.

(3) If there is more than one person within the above named class in Subparagraphs (2)(d) through (2)(g) of this Subsection, then the declaration shall be made by a majority of that class available for consultation upon good faith efforts to secure participation of all of that class.

B. In any case where the declaration is made by a person specified in Subparagraphs (A)(2)(b), (c), (d), (e), or (f), there shall be at least two witnesses present at the time the declaration is made.

C. The absence of a declaration by an adult patient shall not give rise to any presumption as to the intent to consent to or to refuse life-sustaining procedures.

RS 40:1151.5 — Making a declaration for the benefit of a terminally ill minor

o document the decision relative to withholding or

withdrawal of medical treatment or life-sustaining procedures on a minor's behalf:

(1) The spouse if he has reached the age of majority; or

(2) If there is no spouse, or if the spouse is not available, or is a minor, or is otherwise unable to act, then either the parent or guardian of the minor.

B. An individual named in Subsection A of this Section may not make a declaration:

(1) If he has actual notice of contrary indications by the minor who is terminally ill; or

(2) If, as a parent or guardian, he has actual notice of opposition by either another parent, or guardian, or a spouse who has attained the age of majority.

C. Nothing in this Section shall be construed to require the making of a declaration for a terminally ill minor. The legislature intends that the provisions of this Subpart are permissive and voluntary. The legislature further intends that the making of a declaration pursuant to this Subpart merely illustrates a means of documenting the decision relative to withholding or withdrawal of medical treatment or life-sustaining procedures on behalf of a minor.

RS 40:1151.6 — Physician, health care provider, and licensed emergency medical services

made under this Subpart or at the request of the proper person as provided in R.S. 40:1151.4

or R.S. 40:1151.5 upon diagnosis of a terminal and irreversible condition of the patient, or

who on his own determines the existence of a declaration on file in the registry, shall take necessary steps to provide for written certification of the patient's terminal and irreversible condition, so that the patient may be deemed to be a qualified patient as defined in R.S. 40:1151.1.

B. Any attending physician who refuses to comply with the declaration of a qualified patient or declaration otherwise made pursuant to this Subpart shall make a reasonable effort to transfer the patient to another physician.

C. No provision of this Subpart imposes a duty upon the physician or health care facility to make a search of the registry for the existence of a declaration.

D. If the policies of a health care provider preclude compliance with the declaration of a qualified patient under this Subpart or preclude compliance with the provisions pertaining to a representative acting on behalf of a qualified patient, then the provider shall take all reasonable steps to transfer the patient to a provider with which the provisions of this Subpart can be effectuated.

E. Licensed emergency medical services practitioners shall make a reasonable effort to detect the presence of a do-not-resuscitate identification bracelet on the patient.

RS 40:1151.7 — Immunity from liability

ility or be deemed to

have engaged in unprofessional conduct as a result of the withholding or the withdrawal of life-sustaining procedures from a qualified patient who has made a declaration or is wearing a do-not-resuscitate identification bracelet in accordance with the provisions of this Subpart.

(2) Any person, health care facility, physician, or other person acting under the direction of a physician who authorizes the withholding or withdrawal of life-sustaining procedures in accordance with a qualified patient's declaration or do-not-resuscitate identification bracelet, or as otherwise provided in this Subpart shall not be subject to criminal prosecution or civil liability for such action.

B. In instances where a patient diagnosed as having a terminal and irreversible condition or his representative utilized means other than those in accordance with the provisions of this Subpart to document or manifest the patient's intention and desire that medical treatment or life-sustaining procedures be withheld or withdrawn, any health care facility, physician, or other person acting under the direction of a physician shall not be subject to criminal prosecution or civil liability or be deemed to have engaged in unprofessional conduct as a result of the withholding or withdrawal of life-sustaining procedures when the health care facility, physician, or other person acting under the direction of a physician has acted in good faith reliance on the patient's or his representative's manifestations that medical treatment or life-sustaining procedures be withheld or withdrawn and the continued utilization of life-sustaining procedures would, within reasonable medical judgment, serve only to prolong the dying process.

C.(1) Inasmuch as the provisions of this Subpart are declared by the legislature to provide an alternative nonexclusive means by which life-sustaining procedures may be withheld or withdrawn, the provisions of this Section shall apply to any case in which life-sustaining procedures are withheld or withdrawn unless it is shown by a preponderance of

the evidence that the person authorizing or effectuating the withholding or withdrawal of life-sustaining procedures did not, in good faith, comply with the provisions of this Subpart or

did not act in good faith compliance with the intention of the terminal and irreversible patient that medical treatment or life-sustaining procedures be withheld or withdrawn.

(2) A declaration made in accordance with this Subpart shall be presumed to have been made voluntarily.

D.(1) A licensed emergency medical services practitioner shall not be subject to criminal prosecution or civil liability for withholding life-sustaining procedures from a qualified patient who is wearing a do-not-resuscitate identification bracelet.

(2) A licensed emergency medical services practitioner shall not be subject to criminal prosecution or civil liability for administering life-sustaining procedures to a qualified patient who is not wearing the do-not-resuscitate identification bracelet.

RS 40:1151.8 — Penalties

ellet,

without such declarant's consent or who falsifies or forges a revocation or the declaration of another shall be civilly liable.

B. Any person who falsifies or forges the declaration of another or willfully conceals or withholds personal knowledge of a revocation of a declaration with the intent to cause the withholding or withdrawal of life-sustaining procedures contrary to the wishes of the declarant, and thereby because of such act directly causes life-sustaining procedures to be withheld or withdrawn and death thereby to be hastened may be subject to prosecution under Title 14 of the Louisiana Revised Statutes of 1950.

RS 40:1151.9 — General application

r deliberate

act or omission to end life other than to permit the natural process of dying.

B.(1) The withholding or withdrawal of life-sustaining procedures from a qualified patient in accordance with the provisions of this Subpart shall not, for any purpose, constitute a suicide.

(2) Nor shall the making of a declaration pursuant to this Subpart affect the sale, procurement, or issuance of any life insurance policy, nor shall it be deemed to modify the terms of an existing policy.

(3) No policy shall be legally impaired or invalidated by the withholding or withdrawal of life-sustaining procedures from an insured, qualified patient, notwithstanding any term of the policy to the contrary.

(4) A person shall not be required to make a declaration as a condition for being insured or for receiving health care services.

(5) The removal of life support systems or the failure to administer cardio-pulmonary resuscitation under this Subpart shall not be deemed the cause of death for purposes of insurance coverage.

C. The provisions of this Subpart are cumulative with existing law pertaining to an individual's right to consent or refuse to consent to medical or surgical treatment.

D. A declaration properly executed in and under the laws of another state is deemed

to be validly executed for purposes of this Subpart.

E. It is the policy of the state of Louisiana that human life is of the highest and inestimable value through natural death. When interpreting this Subpart, any ambiguity shall be interpreted to preserve human life, including the life of an unborn child if the qualified patient is pregnant and an obstetrician who examines the woman determines that the probable postfertilization age of the unborn child is twenty or more weeks and the pregnant woman's life can reasonably be maintained in such a way as to permit the continuing development and live birth of the unborn child, and such determination is communicated to the relevant classes of family members and persons designated in R.S. 40:1151.4.

RS 40:1153.1 — Application; military personnel

assistance under the provisions of 10 U.S.C. 1044

or regulations of the Department of Defense.

B. "Military personnel" means members of any of the branches of the armed forces of the United States as defined by 10 U.S.C. 101(a)(4), the reserve components of the armed forces of the United States as defined by 10 U.S.C. 10101, or the Louisiana National Guard.

RS 40:1153.2 — Illustrative form; military advance medical directives

eligible persons who reside in the state of

Louisiana:

LOUISIANA'S MILITARY ADVANCE MEDICAL DIRECTIVE

STATE OF LOUISIANA

PARISH OF _____

This is a MILITARY ADVANCE MEDICAL DIRECTIVE prepared pursuant to Title 10, United States Code, Section 1044(c). It was prepared by an attorney who was authorized to provide legal assistance for an individual who was eligible to receive legal assistance. Federal law exempts this advance medical directive from any requirement of form, substance, formality, or recording that is provided for advance medical directives under the laws of a State. Federal law specifies that this advance medical directive shall be given the same legal effect as an advance medical directive prepared and executed in accordance with the laws of the State concerned. (This paragraph must be in bold type.)

Additionally, this form is specifically designed for use under Louisiana law. It is suggested for use by any person authorized to receive legal assistance from the military service in accordance with federal or state law, who by these presents represents and warrants that he is so eligible. Any person to whom this form is presented may conclusively rely on the authority purportedly granted hereunder.

BE IT KNOWN on this ____ day of _____, 19____, before me, an attorney authorized to render legal assistance to persons eligible for legal assistance under the provisions of 10 U.S.C. 1044 or the regulations of the Department of Defense, personally came and appeared _____, who declared that he is a member of the _____, a branch of the military designated in R.S. 40:1153.1, or is otherwise included thereunder, and did execute and sign the following declaration:

I, being of sound mind, willfully and voluntarily make known my desire that my

dying shall not be artificially prolonged under the circumstances set forth below and do hereby declare:

If at any time I should have an incurable injury, disease or illness, or be in a continual profound comatose state with no reasonable chance of recovery, certified to be a terminal and irreversible condition by two physicians who have personally examined me, one of whom shall be my attending physician, and the physicians have determined that my death will occur whether or not life-sustaining procedures are utilized and where the application of life-sustaining procedures would serve only to prolong artificially the dying process, I direct that such procedures, including hydration and sustenance, be withheld or withdrawn and that I be permitted to die naturally with only the administration of medication or the performance of any medical procedure deemed necessary to provide me with comfort care.

[[Optional:] In the absence of my ability to give further directions regarding the use of such life-sustaining procedures, I authorize _____, caretaker, to make treatment decisions on my behalf and I have discussed my desires concerning terminal care with this person and I trust his/her judgment on my behalf.]

Should my caretaker be an absent person or cease or otherwise fail to act or if a caretaker has not been named in this declaration, it is my intention that this declaration be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and accept the consequences from such refusal.

I understand the full import of this declaration and I am emotionally and mentally competent to make this advance medical directive.

Signed: _____

City, Parish, and State of Residence _____

(SIGNATURE OF ATTORNEY)

RS 40:1153.3 — Requirements for legally sufficient military advance medical directive

form, substance, formality, or recording that may be

required under the laws of Louisiana or any other state. Any such military advance medical directive shall be given the same legal effect as a declaration concerning life-sustaining procedures prepared and executed in accordance with the laws of the state of Louisiana.

B. For purposes of this Subpart, a military advance medical directive is any written declaration that:

- (1)(a) Sets forth directions regarding the provision, withdrawal, or withholding of life-prolonging procedures, including hydration and sustenance, for the declarant whenever the declarant has a terminal physical condition or is in a persistent vegetative state, or
- (b) Authorizes another person to make health care decisions for the declarant, under circumstances stated in the declaration, whenever the declarant is incapable of making informed health care decisions.
- (2) Contains a statement that sets forth the contents of the first undesignated paragraph of the form provided in R.S. 40:1153.2.
- (3) Is signed in accordance with 10 U.S.C. 1044(a) or other applicable state or federal law.

RS 40:1153.4 — Additional form of military advance medical directive; application of this Part

directive prepared and executed in accordance with

the provisions of 10 U.S.C. 1044(c), regardless of form, substance, formality, or recording.

(2) Any other form for a declaration concerning life-sustaining procedures authorized by Subpart A of this Part.

B. This Subpart provides an illustrative form for making an advance medical directive and, in the event of direct conflict with Subpart A of this Part, is governed by the provisions contained herein. However, for purposes of interpretation, application, intent, definitions, direction, voluntary registry, notification, immunity from liability, and penalties, the provisions of Subpart A of this Part shall apply.

RS 40:1153.5 — Short title

2015

R.S.

RS 40:1155.1 — Legislative purpose, findings, and intent

e a medical crisis

presents itself.

(2) Health care planning is a process, rather than a single decision, that helps individuals to consider the kind of care they would want if they become seriously ill or incapacitated, and encourages them to talk to their family members or legal representative about such issues.

(3) The Louisiana Physician Order for Scope of Treatment "LaPOST" form documents the wishes of a qualified patient in a physician order.

(4) The hallmarks of the LaPOST form are the following:

- (a) Immediately actionable, signed physician orders on a standardized form.
- (b) Orders that address a range of life-sustaining interventions as well as the patient's preferred treatment for each intervention.
- (c) A brightly colored, clearly identifiable form.
- (d) A form that is recognized, adopted, and honored across treatment settings.

B.(1) The legislature intends that the provisions of this Subpart are permissive and voluntary. The legislature further intends that the completion of the Louisiana Physician Order for Scope of Treatment form merely illustrates a means of documenting a decision of a patient relative to withholding or withdrawal of medical treatment or life-sustaining procedures.

(2) It is the intent of the legislature that nothing in this Subpart shall be construed to require the completion of a Louisiana Physician Order for Scope of Treatment form pursuant to this Subpart.

(3) It is the intent of the legislature that nothing in this Subpart shall be construed to be the exclusive means by which life-sustaining procedures may be withheld or withdrawn, nor shall this Subpart be construed to require the application of medically inappropriate treatment or life-sustaining procedures to any patient.

RS 40:1155.2 — Definitions

means the physician who has primary responsibility for the treatment and care of the patient.

(2) "Health care provider" means any home health agency, hospice, hospital, or nursing facility.

(3) "LaPOST" means Louisiana Physician Order for Scope of Treatment as provided in R.S. 40:1155.2.1.

(4) "Licensed emergency medical services practitioner" means a licensed emergency medical services practitioner as defined in R.S. 40:1131.

(5) "Life-limiting and irreversible condition" means a continual profound comatose state with no reasonable chance of recovery or a condition caused by injury, disease, or illness which within reasonable medical judgment would usually produce death within six months, for which the application of life-sustaining procedures would serve only to postpone the moment of death and for which the life-sustaining procedures would be a burden and not a benefit to the qualified patient, except as provided in the definition of "life-sustaining procedure" herein.

(6) "Life-sustaining procedure" means any medical procedure or intervention which, within reasonable medical judgment, would serve only to prolong the dying process of a qualified patient, including such procedures as the invasive administration of nutrition and hydration and the administration of cardiopulmonary resuscitation when the benefits of the procedure do not outweigh the burdens thereof. A "life-sustaining procedure" shall not include any measure deemed as comfort care. Notwithstanding any other provision of this Subpart, the administration of nutrition and hydration, whether orally or by invasive means, shall always occur except in the event another condition arises which is life-limiting and irreversible and in which nutrition and hydration by any means becomes a greater burden than benefit to the qualified patient.

(7) "Personal health care representative" means a person who has authority in accordance with Louisiana law to act on behalf of an individual who is an adult or an emancipated minor in making decisions related to health care because of incapacity.

(8) "Physician" means a physician or surgeon licensed by the Louisiana State Board of Medical Examiners or by the official licensing authority of another state.

(9) "Qualified patient" means a patient diagnosed and certified in writing as having a life-limiting and irreversible condition by the attending physician or personal physician of the patient.

RS 40:1155.2.1 — LaPOST Form

.

RS 40:1155.3 — Louisiana Physician Order for Scope of Treatment

and standards, in accordance with the

Administrative Procedure Act, to provide for the Louisiana Physician Order for Scope of Treatment "LaPOST" program.

B. The rules and regulations shall include the following:

(1) Promulgation of the LaPOST form.

(2) Requirements that shall be met in order for a LaPOST form to be valid, including

but not limited to situations in which the personal health care representative of a patient may execute the LaPOST form.

(3) Methods for revocation.

(4) Requirements which relate to a patient's informed consent upon executing a LaPOST form.

(5) Requirements for periodic review of the LaPOST form by the patient and his physician.

C. Nothing in this Subpart shall be construed in any manner to prevent the withholding or the withdrawal of life-sustaining procedures from an adult person who is comatose, incompetent, or otherwise physically or mentally incapable of communication and has not executed a prior LaPOST form in accordance with this Subpart.

D. The Louisiana Physician Order for Scope of Treatment or LaPOST form is not a declaration concerning life-sustaining procedures and therefore shall not have to comply with the provisions of R.S. 40:1151 through 1151.9 in order to be valid and enforceable.

RS 40:1155.4 — Physician, health care provider, and licensed emergency medical services

ecuted LaPOST form executed pursuant to this Subpart shall make a reasonable effort to transfer the patient to another physician.

B. No provision of this Subpart imposes a duty upon the physician or health care provider to make a search of whether a patient has executed a LaPOST form.

C. If the policies of a health care provider preclude compliance with the LaPOST form executed under this Subpart or preclude compliance with the provisions pertaining to a representative acting on behalf of a patient, then the health care provider shall take all reasonable steps to transfer the patient to a health care provider with which the provisions of this Subpart can be effectuated.

D. Licensed emergency medical services practitioners shall make a reasonable effort to detect the presence of an executed LaPOST form.

RS 40:1155.5 — Immunity from liability

ility or be deemed to

have engaged in unprofessional conduct as a result of the withholding or withdrawal of life-sustaining procedures from a patient who has duly executed a LaPOST form in accordance

with the provisions of this Subpart, or as a result of transferring a patient to a provider with which the provisions of this Subpart can be effectuated.

(2) Any person, health care provider, physician, or other person acting under the direction of a physician who authorizes the withholding or withdrawal of life-sustaining procedures in accordance with a duly executed LaPOST form, or as otherwise provided in this Subpart, shall not be subject to criminal prosecution or civil liability for such action.

(3) A duly executed LaPOST form made in accordance with this Subpart shall be presumed to have been made voluntarily.

B.(1) A licensed emergency medical services practitioner shall not be subject to criminal prosecution or civil liability for withholding life-sustaining procedures from a patient who has duly executed a LaPOST form.

(2) A licensed emergency medical services practitioner shall not be subject to

criminal prosecution or civil liability for administering life-sustaining procedures to a patient who has duly executed a LaPOST form when there is no reasonable means by which the licensed emergency medical services practitioner could know or should have known that the patient had executed such LaPOST form, or as a result of transferring a patient to a provider with which the provisions of this Subpart can be effectuated.

RS 40:1155.6 — General application

ion to end

life other than to permit the natural process of dying.

B.(1) The withholding or withdrawal of life-sustaining procedures from a patient who has duly executed a LaPOST form in accordance with the provisions of this Subpart shall not, for any purpose, constitute a suicide.

(2) The execution of a LaPOST form pursuant to this Subpart shall not affect the sale, procurement, or issuance of any life insurance policy, nor shall it be deemed to modify the terms of an existing policy.

(3) No policy shall be legally impaired or invalidated by the withholding or withdrawal of life-sustaining procedures from an insured who has duly executed a LaPOST form, notwithstanding any term of the policy to the contrary.

(4) A person shall not be required to execute a LaPOST form as a condition for being insured or for receiving health care services.

(5) The removal of life support systems or the failure to administer cardio-pulmonary resuscitation under this Subpart shall not be deemed the cause of death for purposes of insurance coverage or the denial of insurance coverage.

C. The provisions of this Subpart are cumulative with existing law pertaining to an individual's right to consent or refuse to consent to medical or surgical treatment.

D. It is the policy of the state of Louisiana that human life is of the highest and inestimable value through natural death. When interpreting this Subpart, any ambiguity shall be interpreted to preserve human life, including the life of an unborn child if the qualified patient is pregnant and an obstetrician who examines the woman determines that the probable postfertilization age of the unborn child is twenty or more weeks and the pregnant woman's life can reasonably be maintained in such a way as to permit the continuing development and live birth of the unborn child, and such determination is communicated to the relevant classes of family members and persons designated in R.S. 40:1151.4.

RS 40:1156.1 — Voluntary nonopioid directive; form; immunity

ve form and shall publish the form

prominently on the department's website for public use.

B. A patient may execute and file a voluntary nonopioid directive form with a prescribing practitioner when the patient does not wish to be issued a prescription or medication order for an opioid. Upon receipt of a voluntary nonopioid directive form, a prescribing practitioner shall date and affix his signature to the form in the presence of the patient as evidence of acceptance, document the receipt in the patient's medical record, and provide a signed copy of the form to the patient.

C. The voluntary nonopioid directive form established by the department shall allow

a patient or when the patient is unable to consent for himself, any person duly authorized and empowered to provide medical consent for the patient under the provisions of R.S.

40:1151.4, to revoke the directive, orally or in writing, for any reason, at any time.

D. An electronically transmitted prescription to a pharmacy shall be presumed to be valid for the purposes of this Section, and a pharmacist shall not be held in violation of this Section for dispensing a controlled substance in contradiction to a voluntary nonopioid form.

E. No prescribing practitioner who has signed and executed a nonopioid directive form with a patient acting with reasonable care shall be liable for damages in a civil action or subject to criminal prosecution or be deemed to have violated the standard of care for such prescribing practitioner for refusing to issue a prescription or medication order for an opioid pursuant to a voluntary nonopioid directive form.

F. No person acting in good faith as a duly authorized guardian or healthcare representative pursuant to Subsection C of this Section shall be liable for damages in a civil action or subject to criminal prosecution for revoking or overriding a voluntary nonopioid directive form.

G. No prescribing practitioner shall be liable for damages in a civil action, subject to criminal prosecution, or deemed to have violated the standard of care for a prescribing practitioner's profession for issuing a prescription for or administering a controlled substance containing an opioid to a patient when the patient and the prescribing practitioner have not executed and filed a voluntary nonopioid directive form under the provisions of this Subpart.

H. A prescribing practitioner who willfully fails to comply with a patient's voluntary nonopioid directive form may be subject to disciplinary action pursuant to rules promulgated by his health profession licensing board.

RS 40:1157.1 — Consent to medical treatment; methods of obtaining consent

atient, through signature, marking, or

affirmative action through electronic means pursuant to R.S. 40:1163.1, to any medical or surgical procedure or course of procedures which sets forth in general terms the nature and purpose of the procedure or procedures, together with the known risks, if any, of death, brain damage, quadriplegia, paraplegia, the loss or loss of function of any organ or limb, of disfiguring scars associated with such procedure or procedures; acknowledges that such disclosure of information has been made and that all questions asked about the procedure or procedures have been answered in a satisfactory manner; and is evidenced by a signature, marking, or affirmative action through electronic means, by the patient for whom the procedure is to be performed, or if the patient for any reason lacks legal capacity to consent, by a person who has legal authority to consent on behalf of such patient in such circumstances. Such consent shall be presumed to be valid and effective, in the absence of proof that execution of the consent was induced by misrepresentation of material facts.

B. Except as provided in Subsection A of this Section, no evidence shall be admissible to modify or limit the authorization for performance of the procedure or procedures set forth in such consent.

C. Where consent to medical treatment from a patient, or from a person authorized by law to consent to medical treatment for such patient, is secured other than in accordance

with Subsection A of this Section, the explanation to the patient or to the person consenting for such patient shall include the matters set forth in Subsection A of this Section, and an opportunity shall be afforded for asking questions concerning the procedures to be performed which shall be answered in a satisfactory manner. Such consent shall be valid and effective and is subject to proof according to the rules of evidence in ordinary cases.

D. In a suit against a physician or other health care provider involving a health care liability or medical malpractice claim which is based on the failure of the physician or other health care provider to disclose or adequately to disclose the risks and hazards involved in the medical care or surgical procedure rendered by the physician or other health care provider, the only theory on which recovery may be obtained is that of negligence in failing to disclose the risks or hazards that could have influenced a reasonable person in making a decision to give or withhold consent.

E. Consent to medical treatment may be evidenced according to the provisions of Subsections A and C of this Section or, as an alternative, a physician or other health care provider may choose to avail himself of the lists established by the Louisiana Medical Disclosure Panel pursuant to the provisions of R.S. 40:1157.2 as another method by which to evidence a patient's consent to medical treatment.

F. Notwithstanding the provisions of Subsection E of this Section, consent for dental treatment rendered by dentists not performing oral and maxillofacial surgery in a hospital setting shall be governed exclusively by the provisions of R.S. 40:1161.1.

RS 40:1157.2 — Louisiana Medical Disclosure Panel; creation; membership; powers; duties
a Department of Health.

(2) "Panel" means the Louisiana Medical Disclosure Panel.

B.(1) The Louisiana Medical Disclosure Panel is hereby created within the department to determine which risks and hazards related to medical care and surgical procedures must be disclosed by a physician or other health care provider to a patient or person authorized to consent for a patient and to establish the general form and substance of such disclosure.

(2) The panel shall be comprised of the following members who shall be appointed by the governor and submitted to the Senate for confirmation:

(a) Two members licensed to practice dentistry. One member who specializes in oral and maxillofacial surgery shall be selected from a list of nominees submitted to the governor by the Louisiana Society of Oral and Maxillofacial Surgeons. The other member shall be selected from a list of nominees submitted to the governor by the Louisiana Dental Association.

(b) Four members licensed to practice law in this state, of whom three shall be selected from a list of nominees submitted to the governor by the Louisiana Association for Justice, and one shall be selected from a list of nominees submitted to the governor by the Louisiana Association of Defense Counsel.

(c) Six members licensed to practice medicine in this state who shall be selected from a list of nominees submitted to the governor by the Louisiana State Medical Society. One of the six physicians shall be a hospital-employed physician.

(d) One member licensed to practice chiropractic in this state who shall be selected from a list of nominees submitted to the governor by the Chiropractic Association of Louisiana.

(e) One member licensed to practice podiatry in this state who shall be selected from a list of nominees submitted to the governor by the Louisiana Podiatric Medical Association.

(f) One member licensed to practice optometry in this state who shall be selected from a list of nominees submitted to the governor by the Optometry Association of Louisiana.

(g) One member licensed as a nurse practitioner in this state who shall be selected from a list of nominees submitted to the governor by the Louisiana Association of Nurse Practitioners.

C. The initial members of the panel shall have the following terms:

(1) The dentist who specializes in oral and maxillofacial surgery, the chiropractic physician, the podiatrist, the optometrist, the nurse practitioner, one attorney, and two physicians shall each serve a term of two years, or until a successor is appointed and qualified.

(2) Two attorneys, two physicians, and one dentist shall each serve a term of four years, or until a successor is appointed and qualified.

(3) One attorney and two physicians shall each serve a term of six years, or until a successor is appointed and qualified.

(4) Thereafter, at the expiration of the term of each member of the panel, the governor shall appoint a successor and such successor shall serve for a term of six years, or until his successor is appointed and qualified.

D. Any member of the panel who is absent for three consecutive meetings without the consent of a majority of the panel at each such meeting may be removed by the governor at the request of the panel present submitted in writing and signed by the chairman. Upon the death, resignation, or removal of any member, the secretary of the department shall fill the vacancy by selection, subject to confirmation by the Senate, for the unexpired portion of the term.

E. Members of the panel shall not be entitled to per diem or any other compensation for their service but shall be entitled to reimbursement of any necessary and reasonable expense incurred in the performance of their duties on the panel, including travel expenses.

F. Meetings of the panel shall be held at the call of the chairman or on petition of at least three members of the panel.

G. At the first meeting of the panel each year after its members assume their positions, the panelists shall select one of the panel members to serve as chairman and one of the panel members to serve as vice chairman, and each such officer shall serve for a term of one year. The chairman shall preside at meetings of the panel, and in his absence, the vice chairman shall preside.

H. The department shall provide administrative assistance to and serve as the staff for the panel.

I. The governor shall appoint the initial members of the panel no later than October

1, 2012, and the panel shall convene its first meeting no later than November 1, 2012.

J.(1) To the extent feasible, the panel shall identify and make a thorough examination of all medical treatments and surgical procedures in which physicians and other health care providers may be involved in order to determine which of those treatments and procedures do and do not require disclosure of the risks and hazards to the patient or person authorized to consent for the patient. The panel, initially, shall examine all existing medical disclosure lists and update and repromulgate those lists under the authority vested in this Section. The dentist member of the panel shall participate only in the panel's deliberation, determination, and preparation of lists of dental treatments and procedures that do and do not require disclosure.

(2) The panel shall prepare separate lists of those medical treatments and surgical procedures that do and do not require disclosure and for those treatments and procedures that do require disclosure shall establish the degree of disclosure required and the form in which the disclosure will be made.

(3) Lists prepared pursuant to the provisions of this Section together with written explanations of the degree and form of disclosure shall be promulgated in accordance with the provisions of the Administrative Procedure Act. The form of the disclosure and manner in which such disclosure will be made shall be subject to legislative oversight by the House and Senate health and welfare committees.

K. The lists compiled and published and rules promulgated relative to the form and manner of disclosure according to the provisions of this Section and evidence of such disclosures or failure to disclose by a physician or other health care provider as provided in this Section shall be admissible in a health care liability suit or medical malpractice claim involving medical care rendered or a surgical procedure performed.

L. At least annually, or at such other period as the panel may determine, the panel shall identify and examine any new medical treatments and surgical procedures that have been developed since its last determinations, shall assign them to the proper list, and shall establish the degree of disclosure required and the form in which the disclosure shall be made. The panel shall also review and examine such treatments and procedures for the purpose of revising lists previously published. These determinations shall be published in the same manner as described in Paragraph (J)(3) of this Section.

M. Before a patient or a person authorized to consent for a patient gives consent to any medical or surgical procedure that appears on the panel's list requiring disclosure, the physician or other health care provider shall disclose to the patient, or person authorized to consent for the patient, the risks and hazards involved in that kind of care or procedure. A physician or other health care provider may choose to utilize the lists prepared by the panel and shall be considered to have complied with the requirements of this Subsection if disclosure is made as provided in Subsection N of this Section.

N. Consent to medical care that appears on the panel's list requiring disclosure shall be considered effective pursuant to the provisions of this Section, if it is given in writing, signed by the patient or a person authorized to give the consent and by a competent witness, and if the written consent specifically states, in such terms and language that a layman would

be expected to understand, the risks and hazards that are involved in the medical care or surgical procedure in the form and to the degree required by the panel pursuant to the provisions of this Section.

O.(1) All the following requirements shall apply in a suit against a physician or other health care provider involving a health care liability or medical malpractice claim that is based on the negligent failure of the physician or other health care provider to disclose or adequately to disclose the risks and hazards involved in the medical care or surgical procedure rendered by the physician or other health care provider:

(a) Both the disclosure made as provided in Subsection M of this Section and the failure to disclose based on inclusion of any medical care or surgical procedure on the panel's list for which disclosure is not required shall be admissible in evidence and shall create a rebuttable presumption that the requirements of Subsections M and N of this Section have been complied with, and this presumption shall be included in the charge to the jury.

(b) The failure to disclose the risks and hazards involved in any medical care or surgical procedure required to be disclosed under Subsections M and N of this Section shall be admissible in evidence and shall create a rebuttable presumption of a negligent failure to conform to the duty of disclosure set forth in Subsections M and N of this Section, and this presumption shall be included in the charge to the jury. However, failure to disclose may be found not to be negligent, if there was an emergency as defined in R.S. 40:2113.6(C) or, if for some other reason, it was not medically feasible to make a disclosure of the kind that would otherwise have been negligence.

(2) If medical care is rendered or a surgical procedure performed with respect to which the panel has not made a determination regarding a duty of disclosure, the physician or other health care provider is under the general duty to disclose otherwise imposed by R.S. 40:1157.1.

P. In order to be covered by the provisions of this Section, the physician or other health care provider who will actually perform the contemplated medical or surgical procedure shall:

(1) Disclose the risks and hazards in the form and to the degree required by the panel.

(2) Disclose additional risks, if any, particular to a patient because of a complicating medical condition, either told to the physician or other health care provider by the patient or his representative in a medical history of the patient or reasonably discoverable by such physician or other health care provider.

(3) Disclose reasonable therapeutic alternatives and risks associated with such alternatives.

(4) Relate that he is obtaining a consent to medical treatment pursuant to the lists formulated by the Louisiana Medical Disclosure Panel.

(5) Provide an opportunity to ask any questions about the contemplated medical or surgical procedure, risks, or alternatives and acknowledge in writing that he answered such questions, to the patient or other person authorized to give consent to medical treatment, receipt of which shall be acknowledged in writing.

Q. The department shall maintain a searchable database of all current medical

disclosure lists and make such database available to the public on the website of the department.

R. Notwithstanding the provisions of the Open Meetings Law, R.S. 42:11 et seq., or any other law, if any member of the panel is physically present at a meeting, any number of the other members of the panel may attend the meeting by use of telephone conference call, videoconferencing, or other similar telecommunication methods for purposes of establishing a quorum or voting or for any other meeting purpose allowing a panel member to fully participate in any panel meeting. The provisions of this Subsection shall apply without regard to the subject matter discussed or considered by the panel at the meeting. A meeting held by telephone conference call, videoconferencing, or other similar telecommunication method:

- (1) Shall be subject to the notice requirements of R.S. 42:11 et seq.
- (2) Shall not be held unless the notice of the meeting specifies the location of the meeting at which a member of the panel will be physically present.
- (3) Shall be open to the public and audible to the public at the location specified in the notice.
- (4) Shall provide two-way audio communication between all panel members attending the meeting during the entire meeting, and, if the two-way audio communication link with any member attending the meeting is disrupted at any time, the meeting may not continue until the two-way audio communication link is reestablished.

S. The Louisiana Department of Health, its agents or employees, or any person serving as a member of the panel shall not be liable to any person, firm or entity, public or private, for any act or omission arising out of a health care provider attempting to obtain or obtaining informed consent pursuant to the provisions of this Section.

RS 40:1157.3 — Exception to obtaining informed consent; human immunodeficiency virus or other

whenever an agent or employee of a hospital, or a physician having privileges at the hospital, has been exposed to the blood or bodily fluids of a patient in such a manner as to create any risk that the agent, employee, or physician may become infected with the human immunodeficiency virus or other infectious agent if the patient is infected with the human immunodeficiency virus or other infectious agent, in accordance with the infectious disease exposure guidelines of the United States Centers for Disease Control and Prevention, or the infectious disease exposure standards of the healthcare facility where the exposure occurred, then the hospital shall, without the consent of the patient, conduct such tests on blood previously drawn or bodily fluids previously collected as are necessary to determine whether the patient is, in fact, infected with the virus or other agent believed to cause acquired immune deficiency syndrome or other infectious disease. If no previously drawn blood or collected bodily fluids are available or are suitable, the hospital shall order, without the consent of the patient, that blood, bodily fluids, or both be drawn and collected from the patient to conduct the necessary tests.

B. Notwithstanding the provisions of R.S. 40:1157.1 or any other law to the contrary, whenever it is determined by the infectious disease control officer of any law enforcement, fire service, or emergency medical service agency or organization that an agent or employee

of the agency or organization has been exposed to the blood or bodily fluids of a patient in the course and scope of his duties and in such a manner as to create any risk that the agent or employee may become infected with the human immunodeficiency virus or other infectious agent if the patient is infected with the human immunodeficiency virus or other infectious agent, in accordance with the infectious disease exposure guidelines of the United States Centers for Disease Control and Prevention, or the infectious disease exposure standards of the agency or organization, then the infectious disease control officer of the agency or organization shall request that the hospital, while the patient is in such hospital and without the consent of the patient, conduct a human immunodeficiency virus test approved by the United States Food and Drug Administration that can yield test results within no more than five hours of administering the test.

C. The results of the test shall not become a part of the patient's medical record and shall be confidential, except that the hospital shall inform the exposed employee, agent, or physician, or the infectious disease control officer of the law enforcement, fire service, or emergency medical service agency of the results of the test within one hour of receipt of the results.

D. In the event that the test is performed, and the results of the test are positive, the hospital shall inform the patient of the results and shall provide such follow-up testing and counseling as may be required according to the accepted standard of medical care.

E. The patient shall not be charged for any tests performed under this Section.

F. The law enforcement, fire service, or emergency medical service agency or organization shall ensure that an exposed employee or agent receives medically appropriate human immunodeficiency postexposure prophylaxis regimens, follow-up testing, and appropriate counseling.

RS 40:1159.1 — Short title

by HCR 84
of 2015 R.S.

RS 40:1159.2 — Subpart not applicable to abortion and sterilization

ts shall continue to be governed by
existing law independently of the terms and provisions of this Subpart.

RS 40:1159.3 — Subpart not applicable to care and treatment of persons with mental illness;

and treatment of persons with mental illness, which subject shall continue to be
governed by existing law independently of the terms and provisions of this Subpart.

RS 40:1159.4 — Persons who may consent to surgical or medical treatment

er of priority, if there is no person in a prior
class who is reasonably available, willing, and competent to act, is authorized and
empowered to consent, either orally or otherwise, to any surgical or medical treatment or
procedures including autopsy not prohibited by law which may be suggested, recommended,
prescribed, or directed by a duly licensed physician:

(1) Any adult, for himself.

(2) The judicially appointed tutor or curator of the patient, if one has been appointed.

(3) An agent acting pursuant to a valid mandate, specifically authorizing the agent to make health care decisions.

(4) The patient's spouse not judicially separated.

(5) An adult child of the patient.

(6) Any parent, whether adult or minor, for his child.

(7) The patient's sibling.

(8) The patient's other ascendants or descendants.

(9) Upon the inability of any adult to consent for himself and in the absence of any person listed in Paragraphs (2) through (8) of this Subsection, an adult friend of the patient.

For purposes of this Subsection to consent, "adult friend" means an adult who has exhibited special care and concern for the patient, who is generally familiar with the patient's health care views and desires, and who is willing and able to become involved in the patient's health care decisions and to act in the patient's best interest. The adult friend shall sign and date an acknowledgment form provided by the hospital or other health care facility in which the patient is located for placement in the patient's records certifying that he or she meets such criteria.

(10) Any person temporarily standing in loco parentis, whether formally serving or not, for the minor under his care and any guardian for his ward.

(11) A person chosen by the interdisciplinary team, as defined in R.S. 28:451.2, to make recommendations on behalf of an individual with a developmental disability, as defined in R.S. 28:451.2. The interdisciplinary team shall exercise discretion in choosing, by majority vote, the family member, friend, or other person most familiar with the individual or most capable of making the decision at issue.

(12) A person chosen by an ad hoc team assembled by any interested person for the purpose of addressing the medical decision at issue for an individual with a developmental disability.

(a) This team shall consist of at least three persons familiar with the circumstances and needs of the individual, and shall contain representatives from at least two different services, educational or advocacy agencies serving individuals with developmental disabilities.

(b) The team shall make decisions by majority vote, and no one agency shall provide a majority of the members.

(c) The team shall exercise discretion in choosing the family member, friend, or other person most familiar with the individual or most capable of making the decision at issue.

B. If there is more than one person within the above named class in Paragraphs

(A)(1) through (9), the consent for surgical or medical treatment shall be given by a majority of those members of the class available for consultation.

C. If none of the persons listed under Paragraphs (A)(1) through (10) of this Section are reasonably available, then the patient's attending physician shall have the discretion to provide or perform any surgical or medical treatment or procedures, including but not limited to an autopsy, and may also make decisions regarding continued services needed by the patient, including but not limited to approving the placement or transfer of the patient to

another facility, without the consent of the patient or other person authorized to consent for the patient. Prior to taking such action, the attending physician shall document in the patient's chart the facts that establish what medical decisions need to be made and why those decisions are needed without undue delay, as well as the steps taken to obtain consent from the patient or another person authorized by law to give consent and then obtain confirmation from another physician, preferably the patient's primary care physician if he is not the attending physician, of the patient's condition and the medical necessity for such action as is appropriate and consistent with the patient's condition and which cannot be omitted without adversely affecting the patient's condition or the quality of medical care rendered. The confirming physician shall personally examine the patient and document his assessment, findings and recommendations in the patient's chart prior to the proposed surgical or medical treatment or procedures being performed. This Subsection shall not apply to an emergency governed by the provisions of R.S. 40:1159.5.

D.(1) When no contact persons are included in the individual's records, in order to justify a finding that none of the authorized persons listed under Paragraphs (A)(1) through (9) of this Section are reasonably available, the patient's attending physician shall document the following in the patient's record:

(a) That he or a representative of the attending physician or facility has inquired of, or has made a documented good-faith effort to inquire of, the following entities regarding the existence of any advance directive made by the patient and the availability of information that would enable the physician to contact any person listed under Paragraphs (A)(2) through (9) of this Section:

(i) The Louisiana Secretary of State's Living Will Registry.

(ii) The patient's primary care physician or any known provider of medical treatment or services received by the patient in the previous one hundred and eighty days.

(iii) Any known facility in which the patient has resided in the last one hundred and eighty days.

(b) That no advance directive or other information that would enable the physician to contact an authorized individual to consent is available.

(2) When names of potentially authorized persons are listed in the individual's records or are obtained through efforts under this Subsection, in order to justify a finding that none of the authorized persons listed under Paragraphs (A)(1) through (9) of this Section are reasonably available, the patient's attending physician shall document in the patient's record the name of each potentially authorized person that he or a representative of the physician or facility attempted to contact, the manner and date of the attempted contact, and the result of the attempted contact.

E. For an individual with a developmental disability, competency to act for the purpose of this Section shall be determined in accordance with principles set forth in R.S. 28:454.3, including capacity to consent and legally adequate consent.

F. Consent to surgical or medical treatment for an individual with a developmental disability will be implied where an emergency, as defined in R.S. 40:1159.5, exists.

G. No hospital or other health care facility, physician, health care provider, or other

person or entity shall be subject to criminal prosecution or civil liability or be deemed to have engaged in unprofessional conduct as to the issue of consent only, based upon the reliance in good faith on any direction or decision by any person reasonably believed to be authorized and empowered to consent under Paragraphs (A)(1) through (9) of this Section, even if death or injury to the patient ensues except for liability for medical malpractice as to the provision or performance of the surgical or medical treatment, not with regard to the question of consent under R.S. 40:1237.1 et seq., or R.S. 40:1231.1 et seq. Each hospital or other health care facility, physician, health care provider, or other person or entity, who acts in good-faith reliance on any such direction or decision shall be protected and released to the same extent as though such person had interacted directly with the patient as a fully competent person.

H. Any physician attending or confirming, who, in accordance with Subsection C of this Section, provides or performs any surgical or medical treatment or procedure, including but not limited to an autopsy, or who makes decisions regarding continued services, including but not limited to approving the transfer or placement of the patient, without the consent of the patient or other person authorized to consent for the patient, shall not be subject to criminal prosecution or civil liability or be deemed to have engaged in unprofessional conduct as a result of the decision to perform, or the actual performance of, such treatment or procedure, or with regard to any decisions pertaining to continued services, including but not limited to decisions regarding the transfer or placement of the patient as to the issue of consent only, even if death or injury to the patient ensues, except for liability for medical malpractice as to the provision or performance of the surgical or medical treatment, not with regard to the question of consent under R.S. 40:1237.1 et seq., or R.S. 40:1231.1 et seq. Furthermore, no hospital or other health care facility, health care provider or other person or entity acting under the direction of a physician shall be subject to criminal prosecution or civil liability, or be deemed to have engaged in unprofessional conduct as a result of any treatment, procedures, continued services, transfer, or placements that were performed in accordance with Subsection C of this Section, as to the issue of consent only, even if death or injury to the patient ensues, except for liability for medical malpractice as to the provision or performance of the surgical or medical treatment, not with regard to the question of consent under R.S. 40:1237.1 et seq., or R.S. 40:1231.1 et seq.

RS 40:1159.5 — Emergencies

rescribed, or directed by a duly licensed physician will be implied where an emergency exists. For the purposes hereof, an emergency is defined as a situation wherein: (1) in competent medical judgment, the proposed surgical or medical treatment or procedures are reasonably necessary; and (2) a person authorized to consent under R.S. 40:1159.4 is not readily available, and any delay in treatment could reasonably be expected to jeopardize the life or health of the person affected, or could reasonably result in disfigurement or impair faculties.

B. For purposes of this Section, an emergency is also defined as a situation wherein:

(1) a person transported to a hospital from a licensed health care facility is not in a condition to give consent; (2) a person authorized to give consent under R.S. 40:1159.4 is not readily available; and (3) any delay would be injurious to the health and well being of such person.

RS 40:1159.6 — Construction of Subpart; general application

, foster and step-relations as well as the

natural whole blood. A consent by one person so authorized and empowered shall be sufficient. Any person acting in good faith shall be justified in relying on the representations of any person purporting to give such a consent, including but not limited to his identity, his age, his marital status, his emancipation, and his relationship to any other person for whom the consent is purportedly given.

B. Nothing in this Subpart shall be construed to condone, authorize, or approve assistance to suicide, mercy killing, or euthanasia.

RS 40:1159.7 — Right of adult to refuse treatment as to his own person not abridged

se to consent to medical or surgical treatment as to his own person.

RS 40:1159.8 — Consent to medical arbitration agreements

provided therein are also authorized

and empowered, for and on behalf of such others, and without court approval, to enter into binding medical arbitration agreements.

RS 40:1159.9 — Consent to surgical or medical treatment for persons with developmental

hysician, the following persons

may consent to any surgical or medical treatment on behalf of any person with a developmental disability who is a recipient of service from a state-operated supported living program or home- and community-based service provider, or who is a resident of a state-operated residential facility, community, or group home for persons with developmental disabilities, state-supervised extended family living program, or a nonstate-operated residential facility, community, or group home for persons with developmental disabilities, or who is a resident of a state-operated nursing home:

- (1) For a resident of a state-operated residential facility, community, or group home for persons with developmental disabilities, the administrator of the residential facility, community, or group home.
- (2) For a resident of a state-supervised extended family living program, or a recipient of service from a state-operated supported living program or home- and community-based service provider, the office for citizens with developmental disabilities administrator or manager with administrative authority over the extended family living program, supported living program, or home- and community-based service provider for the region where the home is located or the program or service is being provided.
- (3) For a resident of a nonstate-operated residential facility, community, or group home for persons with developmental disabilities, the chief executive officer of the provider organization which administers or operates the facility or home.
- (4) For a resident of a state-operated nursing home, the administrator of the home or facility.

B. Consent for any surgical or medical treatment on behalf of a person with a developmental disability or a resident in a facility, home, or program as described in

Subsection A of this Section is authorized under the following circumstances:

- (1) When all reasonable efforts to contact the parent, family, or guardian of the resident have failed or
- (2) When the resident's record does not contain the name of the parent, family member, or guardian.

C. Consent given pursuant to this Section shall be in writing and shall comply with the provisions of R.S. 40:1157.1. A copy of the signed written consent form and of the physician's written recommendation shall be placed in the resident's permanent record.

D. Nothing contained in this Section shall be construed to authorize consent to surgical or medical treatment for a resident if the parent, family member, or guardian of the resident has been contacted and has refused to consent to medical treatment for the resident.

E. Consent to surgical or medical treatment for residents will be implied where an emergency, as defined in R.S. 40:1159.5, exists.

F. Notwithstanding anything else herein to the contrary, no person shall be authorized to make a medical decision for an individual with a developmental disability pursuant to this Section unless there is no decision maker reasonably available, competent, and willing to act pursuant to R.S. 40:1159.4.

G. Repealed by Acts 2008, No. 839, §5, eff. July 8, 2008.

RS 40:1160.1 — Title

technical difficulties navigating this website,

RS 40:1160.2 — Definitions

"Anesthesia" means a drug-induced loss of consciousness, by use of any anesthetic induction agent or otherwise, during which patients are not arousable even by painful stimulation, as defined by the Louisiana State Board of Medical Examiners.

(2) "Examination" means a pelvic or rectal examination.

(3) "Healthcare provider" means a physician or other healthcare practitioner licensed, certified, registered, or otherwise authorized to perform specified healthcare services consistent with state law.

(4) "Learner" means any person enrolled in a medical, nursing, or allied health education program. "Learner" shall also mean a medical resident, intern, or student undergoing a course of instruction or participating in a clinical training or residency program.

(5) "Patient" means a person who receives or has received medical treatment or services from an individual or institution licensed to provide medical treatment in this state.

(6) "Pelvic examination" means the physical examination of an individual's reproductive organs.

(7) "Personal healthcare representative" has the meaning as ascribed in R.S. 40:1155.2.

(8) "Rectal examination" means an examination relating to or affecting the rectum.

(9) "Teaching purposes" means a nondiagnostic or nontherapeutic examination that is solely for the education of the learner.

RS 40:1160.3 — Consent to medical examinations; anesthetized patients; penalties

ion, hereinafter referred to as "examination", on an

anesthetized or unconscious patient unless at least one of the following conditions is met:

- (1) The patient or the personal healthcare representative provides written consent to the examination, and the examination is necessary for instructional, preventive, diagnostic, or treatment purposes.
- (2) The patient or the personal healthcare representative has provided informed consent to a surgical procedure or examination to be performed on the patient, and the performance of an examination is within the scope of care ordered for the surgical procedure or examination.
- (3)(a) The patient is unconscious and incapable of providing consent, and the examination is medically necessary.
- (b) A healthcare provider who performs an examination pursuant to this Paragraph shall inform the patient that an additional examination was performed and the nature of the examination. The healthcare provider shall notify the patient of the examination at a reasonable time before the patient is discharged from his care.

B. Any violation of the provisions of this Section may constitute grounds for adverse licensure action by the applicable professional licensing board exercising jurisdiction over the healthcare provider.

RS 40:1160.4 — Requirement for examinations performed by learners

He perform an examination for teaching

purposes only when all of the following conditions are met:

- (1) The examination is explicitly consented to by the patient.
- (2) The examination is medically related to the planned or performed procedure.
- (3) The examination is performed by a learner who has been recognized by the patient as a part of his care team.
- (4) The examination is conducted under direct supervision by the educator.

B. Any violation of the provisions of this Section may constitute grounds for adverse action by the medical educational program for any learner and may constitute grounds for adverse licensure action by the appropriate professional licensing board for any licensed individual.

RS 40:1161.1 — Consent to dental treatment

"dentistry", as that term is defined in R.S. 37:751, except when performed by a physician or surgeon in the practice of his profession.

- (2) "Patient" means a natural person who receives dental treatment.
- (3) Notwithstanding the provisions of this Subpart, a dentist who performs oral or maxillofacial surgery in a hospital shall be subject to the provisions of R.S. 40:1157.1.

B. Notwithstanding any other law to the contrary, "informed consent" means consent to any dental treatment or course of dental treatment given by a patient:

- (1) After the patient has been informed in general terms of the nature and purpose of the dental treatment or course of dental treatment and those risks of death, brain damage, quadriplegia, paraplegia, the loss or loss of function of an organ or limb, or disfiguring scars, if any, associated with such dental treatment or course of dental treatment which would

ordinarily have been disclosed under the same or similar circumstances by dentists with the same or similar training and experience; and

(2) After the patient has been given an opportunity to ask questions concerning such dental treatment or course of dental treatment and his questions, if any, have been answered in a satisfactory manner.

C. Where the informed consent for dental treatment is obtained in writing, no evidence shall be admissible to modify or limit the authorization for performance of the dental treatment or course of dental treatment and such informed consent, in the absence of clear and convincing proof that execution of the consent was induced by fraudulent misrepresentation of material facts by the involved dentist, shall be conclusively presumed to be valid and effective. Where such written consent is employed it shall also be conclusively presumed that the patient, or his representative, is able to communicate effectively in spoken or written English or in any other language in which the consent form is written and that the patient, or his representative, has understood the information disclosed in the written consent, provided that such informed consent is documented in a writing which contains all of the following:

(1) Sets forth in general terms the nature and purpose of the dental treatment or course of dental treatment together with those risks described in Paragraph B(1) of this Section.

(2) Acknowledges that such disclosure of information has been made, that the patient has been given an opportunity to ask questions concerning such dental treatment or course of dental treatment, and that all questions asked have been answered in a satisfactory manner.

(3) Is signed by the patient for whom the dental treatment or course of dental treatment is to be performed, or if the patient for any reason lacks legal capacity to consent, by a representative of the patient as provided in the Louisiana Medical Consent Law, in R.S. 40:1159.1 et seq.

D. The responsibility for obtaining the informed consent of a patient shall be that of the dentist who is actually to provide or supervise the provision of the contemplated dental treatment or course of dental treatment. However, a lay or professional employee of a hospital or of the dentist, acting with the approval of the dentist, may validly perform the ministerial act of documenting such informed consent by securing the completion and execution of a written consent.

E. In any action for damages in which it is alleged that a patient underwent a dental treatment or a course of dental treatment without his informed consent, the plaintiff shall have the burden of proving, by a preponderance of the evidence, that:

(1) The defendant dentist failed to disclose a risk of death, brain damage, quadriplegia, paraplegia, the loss or loss of function of an organ or limb, or disfiguring scars associated with such dental treatment or course of dental treatment which would ordinarily have been disclosed under the same or similar circumstances by dentists with the same or similar training and experience;

(2) Such undisclosed risk did occur; and

(3) A reasonably prudent person in the patient's position would not have undergone

the dental treatment or course of dental treatment had he been properly informed.

F. It shall not be essential to the validity of any informed consent that the consent be obtained in writing. Where consent to dental treatment by the patient or consent to dental treatment from a person authorized by law to consent to dental treatment for the patient is secured other than in writing in accordance with Paragraph C of this Section, the explanation to the patient or person authorizing consent for the patient shall include the matters set forth in Paragraphs B(1) and B(2) of this Section, such consent shall be valid, effective, and subject to proof according to the rules of evidence of ordinary cases.

RS 40:1163.1 — Electronic health care transactions; electronic signature authentication and

(1) "Authorization" means a consent, an approval, or an authorization between persons.

(2) "Electronic signature authentication and identification" means the process of authenticating identification using a system of form, location, and endorsement pursuant to Subsections B and C of this Section.

B. Electronic signature authentication and identification may be used for an individual who participates in agreements, authorizations, contracts, records, or other transactions that involve individually identifiable health information, including medical records and recordkeeping, transfer of medical records, medical billing, health care proxies, health care directives, consent to medical treatment, medical research, and organ and tissue donation or procurement.

C. Electronic signature authentication and identification pursuant to Subsection B of this Section may be implemented by an interactive system of security procedures that include any of the following:

(1) A tamper-proof electric appliance that receives input of unique identification numbers, unique biometric identifiers, or location devices.

(2) A computerized authentication process for biometric identifiers that is linked to the appropriate identification numbers upon receipt of the identifiers.

(3) Transmission of verification of the identifiers to a securely maintained electronic repository.

D. The provisions of this Section shall not be construed to supersede or preempt applicable state and federal law, including the Louisiana Uniform Electronic Transactions Act, as established in R.S. 9:2601 et seq., the Health Insurance Portability and Accountability Act of 1996 and associated regulations, and 21 CFR Part 11.

RS 40:1165.1 — Healthcare information; records

ich the health care

provider has transmitted to any company, or any public or private agency, or any person.

(2)(a) Medical records of a patient maintained in a health care provider's office are the property and business records of the health care provider.

(b)(i) Except as provided in R.S. 44:17, a patient or his legal representative or a patient's life, health, disability, or long-term care insurance company or its counsel, with the patient's authorization as defined in R.S. 40:1163.1, or in the case of a deceased patient, the executor of his will, the administrator of his estate, the surviving spouse, the parents, or the

children of the deceased patient, or after a claim has been made, the insurance company or its counsel, or, after suit has been instituted, defense counsel or a defendant seeking any treatment record, including but not limited to any medical, hospital, laboratory, invoice or billing statement, or other record, including test results, relating to or generated as a result of or in connection to the patient's medical treatment, history, or condition, either personally or through an attorney, shall have a right to obtain a copy of the entirety of the records in the form in which they exist, except microfilm, upon furnishing a signed authorization. If the treatment records exist solely in paper form, paper or digital copies shall be provided upon payment of a reasonable copying charge, not to exceed one dollar per page for the first twenty-five pages, fifty cents per page for twenty-six to three hundred fifty pages, and twenty-five cents per page thereafter, a handling charge not to exceed twenty-five dollars for hospitals, nursing homes, and other health care providers, and actual postage. The charges set forth in this Section shall be applied to all persons and legal entities duly authorized by the patient to obtain a copy of their medical records. If treatment records exist in digital format, copies shall be provided in digital format if requested to be provided in digital format and charged at the rate provided by this Item; however, the charges for providing digital copies shall not exceed one hundred dollars, plus all postage charges actually incurred. If the treatment records exist in both digital form and paper form, the maximum limit of one hundred dollars shall apply only to the portion of records stored in digital form. If requested, the health care provider shall provide the requestor, at no extra charge, a certification page setting forth the extent of the completeness of records on file. In the event a hospital record is not complete, the copy of the records furnished shall indicate, through a stamp, coversheet, or otherwise, the extent of completeness of the records. Each request for records submitted by the patient or other person authorized to request records pursuant to the provisions of this Subparagraph shall be subject to only one handling charge, and the health care provider shall not divide the separate requests for different types of records, including but not limited to billing or invoice statements. The health care provider or person or legal entity providing records on behalf of the health care provider shall not charge any other fee which is not specifically authorized by the provisions of this Subparagraph, except for notary fees and fees for expedited requests as contracted by the parties.

(ii) The individuals authorized to obtain medical records pursuant to Item (i) of this Subparagraph shall also have the right to obtain copies of patient X-rays, and other imaging media, upon payment of reasonable reproduction costs and a handling charge of twenty dollars for hospitals and ten dollars for other health care providers. If the patient X-rays and other imaging media are stored in digital format, copies may be requested to be provided in digital format and charged at the rate provided by this Item; however, the charges for providing digital imaging media copies shall not exceed two hundred dollars, plus all postage charges actually incurred. If requested, the health care provider shall provide the requestor, at no extra charge, a certification page setting forth the completeness of the X-rays and other imaging media on file. In the event hospital patient X-rays and other imaging media are not complete, the copies furnished shall indicate, through a stamp, coversheet, or otherwise, the extent of the completeness of the records. Each request for copies of patient X-rays and

other imaging media submitted by the patient or other person authorized to request records pursuant to Item (i) of this Subparagraph shall not be considered a separate request and are subject to only one handling charge, and the health care provider shall not divide the requests for different types of X-rays and other imaging media. The health care provider shall not charge any other fee which is not specifically authorized by the provisions of this Subparagraph, except for notary fees and fees for expedited requests as contracted by the parties.

(iii) A health care provider shall be provided with written notice of any violation of Items (i) or (ii) of this Subparagraph and shall be given three days to correct the noticed violation. If the violation is based on a written communication from the health care provider or its agent, and the written communication includes contact information with a physical address for receipt of notices, the notice shall be sent by certified mail or commercial carrier. If the violation is not based on a written communication, or if no contact information, such as a physical address for receipt of notices, is provided, the notice shall be sent by certified mail or commercial carrier to the custodian of medical records of the health care provider. If the violation is not corrected within fifteen days of receipt of the certified mail or the commercial carrier notice, any violation of Items (i) or (ii) of this Subparagraph shall be subject to a civil penalty of five hundred dollars per violation, plus attorney fees and costs at the discretion of the court, payable to the requestor of the medical records.

(c) If a copy of the record is not provided within a reasonable period of time, not to exceed fifteen days following the receipt of the request and written authorization, and production of the record is obtained through a court order or subpoena duces tecum, the health care provider shall be liable for reasonable attorney fees and expenses incurred in obtaining the court order or subpoena duces tecum. Such sanctions shall not be imposed unless the person requesting the copy of the record has by certified mail notified the health care provider of his failure to comply with the original request, by referring to the sanctions available, and the health care provider fails to furnish the requested copies within five days from receipt of such notice. Except for their own gross negligence, such health care providers shall not otherwise be held liable in damages by reason of their compliance with such request or their inability to fulfill the request.

(d) A health care provider may deny access to a record if the health care provider reasonably concludes that knowledge of the information contained in the record would be injurious to the health or welfare of the patient or could reasonably be expected to endanger the life or safety of any other person.

(e) Nothing in this Section shall be construed to limit or prohibit access to the information contained in the records of a patient maintained by a health care provider in any legally permissible manner other than those delineated pursuant to R.S. 22:976 and in this Section, subject to the provisions of R.S. 13:3734.

(3)(a) Medical and dental records shall be retained by a physician or dentist in the original, microfilmed, or similarly reproduced form for a minimum period of six years from the date a patient is last treated by a physician or dentist.

(b) Graphic matter, images, X-ray films, and like matter that were necessary to

produce a diagnostic or therapeutic report shall be retained, preserved and properly stored by a physician or dentist in the original, microfilmed or similarly reproduced form for a minimum period of three years from the date a patient is last treated by the physician or dentist. Such graphic matter, images, X-ray film, and like matter shall be retained for a longer period when requested in writing by the patient.

(4)(a) Any person conducting or operating a clinical laboratory or medical facility shall report test results to the patient who is the subject of the test upon his request. Approval from a health care provider shall not be required prior to reporting test results in accordance with the provisions of this Paragraph.

(b) When a clinical laboratory or medical facility provides test results to a patient pursuant to this Paragraph, it shall also provide notice to the provider that the patient requested the test results and the results of the test to the health care provider ordering the test.

(c) Notwithstanding any other provision of law to the contrary, the clinical laboratory or medical facility shall deliver the requested test results to the patient after verifying the identification of the patient. Test results may be delivered by mail if the patient has executed a HIPAA form and a written authorization to that effect. In addition, the test results may be delivered to any other person authorized by the patient in writing to receive the results.

(d) The patient shall not have a right or cause of action against the clinical laboratory or medical facility for the release of test results in accordance with the provisions of this Paragraph.

(e) The clinical lab or medical facility shall only report the test results to the patient who is the subject of the test upon his request in a manner which is consistent and in accordance with all applicable federal laws.

(f) The clinical lab or medical facility shall only report the test results to the patient who is the subject of the test upon his request when the cost of the tests have been fully paid by the patient or applicable payor source.

B. As used in this Section:

(1) "Health care provider" means a "health care provider" as defined in R.S. 40:1231.1 or a "state health care provider" as defined in R.S. 40:1237.1 or a clinical laboratory or medical facility in accordance with Paragraph (A)(4) of this Section.

(2) "Patient" means a natural person who receives or should have received health care from a licensed health care provider, under a contract, express or implied.

C.(1) The provisions of this Section shall not be applicable to a health care provider who has evaluated or examined a patient at the request of any agency of the state or federal government in charge of the administration of any of the assistance or entitlement programs under the Social Security Act. The records of such evaluation or examination shall be retained for ninety days after mailing or upon proof of receipt of the records, whichever period is shorter. Nothing herein shall be construed as limiting or prohibiting the access to health care information and records of a patient that are retained by the Social Security Administration in any legally permissible manner under state law that is not contrary to federal law or regulation.

(2) A person or entity otherwise subject to the provisions of this Section who provides medical records to a nonprofit organization assisting with Social Security or Medicaid applications may waive or charge an amount less than the maximum charges set forth in Item (A)(2)(b)(i) of this Section.

RS 40:1165.2 — Health Care Information Technology and Infrastructure Advisory Collaborative;
ic health care information

technology for the residents of Louisiana in a coordinated, systematic, thoughtful, and focused manner. The legislature further recognizes that health care information technology plays a significant role in transforming the health care system and in supporting communities. Electronic health care records are rapidly evolving and becoming more standardized in order to better meet the needs of physicians, clinicians, and patients. The legislature desires to obtain information for the development and adoption of uniform standards for interoperable electronic health care records to better protect the privacy and confidentiality of personal health care information of Louisiana residents while advancing the use of electronic health care information technology.

(2) Pursuant to Senate Concurrent Resolution 35 of the 2007 Regular Session, the Louisiana Department of Health facilitated the establishment of the Louisiana Health Care Quality Forum as a nonprofit corporation, which was incorporated on July 6, 2007, and whose purpose is to plan, promote and conduct quality improvement initiatives within the state. The Louisiana Health Care Quality Forum has identified the promotion of health information technology as a major focus in its strategic work plan.

(3) In Act 203 of the 2007 Regular Session, the legislature provided a line item appropriation within the Louisiana Department of Health budget for the establishment of a network among Louisiana State University Health Sciences Center at Shreveport and the Rural Hospital Coalition, now known as the Louisiana Rural Health Information Exchange, hereinafter referred to in this Section as "LARHIX".

B. The legislature hereby establishes the Health Care Information Technology and Infrastructure Collaborative to be composed of LARHIX, the Health Information Technology Committee of the Louisiana Health Care Quality Forum and any other current or future regional health information exchange, hereinafter referred to in this Section as "collaborative." The collaborative shall advise the secretary of the Louisiana Department of Health on strategies for the advancement of the use of electronic health information technology through the identification of state laws and regulations that impede such advancement, including but not limited to those laws and regulations that concern the form of consent to medical treatment and authorization for other health care transactions, and matters related to facilitation of telehealth consultations.

C. The collaborative shall provide the secretary of the Louisiana Department of Health with its annual report on such matters no later than January thirtieth of each year. The collaborative shall submit its annual report to the House and Senate committees on health and welfare for approval by January thirtieth of each year.

RS 40:1165.3 — Contact lens prescription; contents; expiration; restrictions on filling; release;
t for use in correcting errors of refraction and restoring, as near as possible, normal

human vision shall be signed by the physician or optometrist and shall contain information specifying the physical design, material type, curvatures, diameters, pertinent measurements, and refractive power and an expiration date not to exceed eighteen months.

B. No owner, employer, or agent of any business establishment that buys, sells, offers to sell, dispenses, or gives away prescription contact lenses may fill a contact lens prescription unless the information provided in Subsection A of this Section is included on the prescription or after the expiration date of the prescription.

C. No person other than the prescribing physician, optometrist, or his designated employee may release to a patient a copy of his contact lens prescription. However, no such physician, optometrist, or his designated employee may deny, withhold, attempt to deny or withhold, or refuse to release to any patient his prescription, or a copy of his prescription, if requested by the patient.

D. Any person who violates the provisions of this Section shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than five hundred dollars. For each subsequent offense, the violator shall be fined not more than one thousand dollars.

E. For purposes of this Section, a spectacle prescription shall not be construed to be or substituted for a contact lens prescription.

RS 40:1167.1 — Short title

R.S. 40:1299.97.1 by

HCR 84 of 2015 R.S.

RS 40:1167.2 — Legislative findings; purpose

(HIT) and Health Information Exchange (HIE) are critical to improving and evaluating the quality of health care delivered to the citizens of Louisiana across the full spectrum of service delivery. The state has made significant investments in HIT that should be leveraged and built upon while continuing to address the low adoption rate of HIT by providers statewide.

(2) The state and federal governments have recognized that the use of an interoperable electronic health record (EHR) is the foundation of HIT adoption and can improve outcomes and reduce costs.

(3) In February of 2009, the United States Congress, in enacting the American Recovery and Reinvestment Act of 2009 (ARRA), made a substantial financial commitment to the national expansion of HIT by providing approximately seventeen billion dollars in funding for enhanced Medicare and Medicaid reimbursements to certain providers who demonstrate meaningful use of certified EHR technology, as well as an additional two billion dollars for competitive grants to the states to create regional infrastructure and to provide loans to providers for the purchase and implementation of an EHR.

(4) Under ARRA, many of Louisiana's providers will become eligible for enhanced Medicare reimbursement in the federal fiscal year beginning October 1, 2010, by becoming a meaningful user of certified EHR technology and will suffer financial consequences for failing to do so in the federal fiscal year beginning October 1, 2014. Additionally, enhanced Medicaid reimbursement will be available to certain providers who are engaged in efforts to adopt, implement, or upgrade certified EHR technology or who are meaningful users of such

technology, beginning on a date that has not yet been specified by the federal government.

(5) The ARRA's loan program competitive grant provisions are designed to facilitate the widespread adoption of certified EHR technology, thus achieving provider eligibility for the enhanced Medicare and Medicaid reimbursements. The application process requires that the state develop and submit a strategic plan that will be annually updated, and that must include a list of the projects to be assisted through the program, a description of the criteria and methods established for the distribution of funds, the financial status of the loan fund as of the date of submission of the plan and the short-term and long-term goals of the program.

(6) In 2007, the state authorized the secretary to enter into a Cooperative Endeavor Agreement ("CEA") with the Rural Hospital Coalition, Inc. (the "Coalition"), for the establishment of the Louisiana Rural Health Information Exchange (LARHIX), a multi-regional health care information exchange. With the funding provided, seven rural hospitals acquired EHR technology and were linked to Louisiana State University Health Sciences Center - Shreveport (LSUHSC-S) via a state-of-the-art integration engine, permitting a panel of specialists to access a rural patient's medical record in real time while consulting with the patient over the telehealth equipment located at the rural hospital. In 2008, the state entered into a five-year CEA with the Coalition and provided funding to expand the network to seven additional rural hospitals. LARHIX has been honored as a network model with multiple award nominations by national technology organizations.

(7) The state is required to meet federal match requirements to secure funding under the ARRA loan program provisions. Once such funding is secured, the state can establish the loan program and thereby make application for ARRA program funds. When established, the loan program will facilitate the expansion of current efforts, including LARHIX, to assist providers in acquiring certified EHR technology. By enacting this legislation, the legislature is providing the department and the secretary with specific authority to facilitate the state's application for ARRA loan program funding and to administer the state's EHR loan program.

RS 40:1167.3 — Definitions

" means a qualified electronic health record (as defined in Section 3000(13) of the Public Health Service Act) that is certified pursuant to Section 3001(c)(5) of such Act as meeting standards adopted under Section 3004 of such Act that are applicable to the type of record involved.

(2) "Department" means the Louisiana Department of Health or its successor in the role of designated state agency under Title XIX of the Social Security Act or any successor Act including, but not limited to, block grants or other funding for medical care of the poor.

(3) "Secretary" means the secretary of the Louisiana Department of Health.

RS 40:1167.4 — Establishment of the Electronic Health Records Loan Program

y is hereby authorized to establish the Electronic Health Records

Loan Program utilizing such sums that are made available through any one or more of the following:

(a) Annual appropriation.

(b) A public/private partnership involving financial institutions.

(c) Any other method authorized by law.

(2) Such funding shall be utilized by the state to satisfy the federal match requirements of the loan program provisions of ARRA.

(3) All loan program funds shall be administered by the department pursuant to the provisions of this Subpart.

C. To the extent permitted by law, the debt service associated with loans made to eligible providers shall be serviced from funds received by such providers as enhanced reimbursements under ARRA.

D. The department shall assist the state in the preparation of a competitive grant application and any other required submissions to secure funding made available under the ARRA loan program provisions.

E. The secretary is authorized to enter into CEAs to facilitate with any entity access to the ARRA loan program funding and to make loans to eligible providers to provide for the acquisition and implementation of certified EHR technology by eligible providers, and where integrated, telehealth technology.

F. To provide for the expansion and administration of LARHIX and other related matters, the secretary shall enter into a CEA with the Coalition, the terms of which shall govern the program's loans made available to rural hospitals, and with the secretary's approval, to other rural health care providers who have elected to partner with rural hospitals in the acquisition of certified EHR technology. For purposes of this Subsection and to the extent permitted by the ARRA, certified EHR technology will include telehealth technology which such technology is fully integrated with the certified EHR technology acquired by the hospital.

G. The secretary may consult with the Louisiana Healthcare Quality Forum in administering this program.

RS 40:1168.1 — Findings and purpose

upon evidence

derived from research and in a manner in which the physician bases clinical decisions upon such evidence.

B. The purpose of this Subpart is to promote the practice of evidence-based medicine in Louisiana through the creation of a system which facilitates the collection and analysis of information on health effects, events, and outcomes associated with the use of medical marijuana by patients in this state.

RS 40:1168.2 — Definitions

use of a drug prescribed or

recommended to a patient that may result in serious harm or injury to the patient or in the patient's death.

(2) "Authorized clinician" means all of the following licensed health professionals authorized pursuant to R.S. 40:1046 to recommend medical marijuana to patients:

(a) Any physician licensed by and in good standing with the Louisiana State Board of Medical Examiners to practice medicine in this state.

(b) Any nurse practitioner licensed by and in good standing with the Louisiana State

Board of Nursing to practice advanced practice registered nursing in this state and who has prescriptive authority conferred by the Louisiana State Board of Nursing.

(c) Any medical psychologist licensed by and in good standing with the Louisiana State Board of Medical Examiners to practice medical psychology in this state.

(3) "Board" means the Louisiana State Board of Medical Examiners.

(4) "Data system" means the system authorized and provided for in R.S. 40:1168.3.

(5) "Medical marijuana" means the therapeutic substance produced under the authority of and in accordance with R.S. 40:1046.

RS 40:1168.3 — Data system; components; reporting; design in collaboration with certain higher

tem for the collection and

analysis of clinical information associated with the use of medical marijuana by patients.

The system shall include, at minimum, the following components:

(1)(a) A component for the collection of data concerning adverse events experienced by patients which are associated with the use of medical marijuana.

(b) The board shall design and administer the data system such that any of the following persons may report an adverse event:

(i) The patient.

(ii) A family member of the patient.

(iii) An authorized clinician who prescribes or recommends medical marijuana to a patient.

(iv) Any physician, medical psychologist, or advanced practice registered nurse who treats a patient other than an authorized clinician who prescribes or recommends medical marijuana to the patient.

(2)(a) A component for the collection of data concerning health outcomes other than adverse events experienced by patients that are associated with the use of medical marijuana.

(b) The board shall design and administer the data system such that reporting of health outcomes is limited to authorized clinicians exclusively.

B. The board shall collaborate with the following institutions in designing and implementing the data system:

(1) The medical school of the Louisiana State University Health Sciences Center at New Orleans.

(2) The medical school of the Louisiana State University Health Sciences Center at Shreveport.

(3) The Tulane University School of Medicine.

(4) The Pennington Biomedical Research Center.

(5) The College of Nursing and Allied Health at Southern University and Agricultural and Mechanical College.

(6) The Xavier University of Louisiana College of Pharmacy.

C. Except in cases of disclosure of data authorized by R.S. 40:1168.4(B), all data in the data system shall be confidential and shall not be available for subpoena, nor shall such information be disclosed, discoverable, or compelled to be produced in any civil, criminal, administrative, or other proceeding. The data maintained in the data system shall not be

subject to any public records request nor shall any such data be considered as a public record pursuant to R.S. 44:1 et seq.

RS 40:1168.4 — Protection of health information; limitations on data use

aws and regulations providing for the protection of health information.

B.(1) The board may authorize and facilitate access to data in the system to an outside party only if that party seeks the data for use in a bona fide medical research effort which has been authorized by the institutional review board of the organization conducting the research.

(2) The board shall have exclusive authority to determine whether an activity qualifies as a bona fide medical research effort in accordance with Paragraph (1) of this Subsection.

(3) Any disclosure of data in the system shall be subject to the approval of the board.

RS 40:1168.5 — Funding sources authorized for data system

include, without limitation,

funds appropriated by the legislature, including any appropriation of federal funds; funding provided by contract or other agreement with a governmental entity; and any public or private donations, gifts, or grants from governmental sources, individuals, corporations, nonprofit organizations, or other business entities.

RS 40:1168.6 — Rulemaking

ts 2019, No. 207, §1.

RS 40:1169.2 — Legislative findings

d

devices in the United States often takes many years.

(2) A patient who has a terminal illness does not have the luxury of waiting until an investigational drug, biological product, or device receives final approval from the United States Food and Drug Administration.

(3) The standards of the United States Food and Drug Administration for the use of investigational drugs, biological products, and devices may deny the benefits of potentially life-saving treatments or devices to terminally ill patients.

(4) A patient with a terminal illness has a fundamental right to attempt to preserve his own life by accessing available investigational drugs, biological products, and devices.

(5) Whether to use available investigational drugs, biological products, or devices is a decision that rightfully should be made by the patient with a terminal illness in consultation with his physician, and is not a decision to be made by the government.

RS 40:1169.3 — Definitions

lowing criteria apply:

(a) Has a terminal illness.

(b) As determined by the person's physician, has no comparable or satisfactory treatment options that are approved by the United States Food and Drug Administration and available to diagnose, monitor, or treat the person's disease or condition, and the probable

risk to the person from the investigational drug, biological product, or device is not greater than the probable risk from the person's disease or condition.

(c) Has received a prescription or recommendation from his physician for an investigational drug, biological product, or device.

(d)(i) Has given his consent in writing for the use of the investigational drug, biological product, or device; or, if he is a minor or lacks the mental capacity to provide consent, a parent or legal guardian has given consent in writing on his behalf.

(ii) A person who can understand and comprehend spoken English but is physically unable to talk or write may be deemed as meeting the criteria of this Subparagraph if he is competent and able to indicate consent by other means.

(e) Has documentation from his physician indicating that he has met the requirements provided in this Subpart.

(2)(a) "Investigational drug, biological product, or device" means a drug, biological product, or device that has successfully completed phase one of a United States Food and Drug Administration approved clinical trial, but has not been approved for general use by the United States Food and Drug Administration and remains under investigation in a clinical trial.

(b) Notwithstanding Subparagraph (a) of this Paragraph, for purposes of this Subpart, "investigational drug, biological product, or device" shall include any device possessing the following characteristics regardless of whether it has successfully completed phase one of a United States Food and Drug Administration approved clinical trial:

(i)(aa) If of a robotic nature, the device is designed such that any failure in a multitude of continuous tests of its internal subsystems should cause motion to stop, consistent with the Guidelines For Robotics Safety from the Occupational Safety and Health Administration of the United States Department of Labor (Directive Number STD 01-12-002).

(bb) For purposes of this Item, "robotic nature" shall mean capable of independent motion or moving the user.

(ii) The device has all of the following features for intentional control:

(aa) The motion of the device responds to specific controls from the user.

(bb) The device has no machine state in which motion continues without a specific command from the user.

(iii) The device has an emergency stop button which allows an assistant to force the motion of the device to stop.

(3) "Terminal illness" means a disease that, without life-sustaining procedures, will result in death in the near future or a state of permanent unconsciousness from which recovery is unlikely. This diagnosis shall be confirmed by a second independent evaluation by a board-certified physician in an appropriate speciality.

RS 40:1169.4 — Availability of drugs, biological products, and devices; costs; insurance coverage
ch drug, product, or device to eligible patients in accordance with the provisions of this Section.

(2) Nothing in this Section shall be construed to require a manufacturer to make

available any drug, product, or device.

B. A manufacturer may do any of the following:

- (1) Provide an investigational drug, biological product, or device to an eligible patient without receiving compensation.
- (2) Require an eligible patient to pay the costs of or associated with the manufacture of the investigational drug, biological product, or device.

C.(1) A health insurance issuer may choose to provide coverage for the cost of an investigational drug, biological product, or device.

(2) Nothing in this Section shall be construed to require a health insurance issuer to provide coverage for the cost of any investigational drug, biological product, or device.

RS 40:1169.5 — Limitation of liability; no cause of action created

device to an eligible patient pursuant to the

provisions of this Subpart shall be immune from civil liability, including but not limited to any cause of action arising under R.S. 40:1231.1 et seq., for any adverse action, condition, or other outcome resulting from the patient's use of the investigational drug, biological product, or device.

B. Nothing in this Section shall be construed as creating a cause of action by or on behalf of any person against a manufacturer of an investigational drug, biological product, or device, or against any person or entity involved in the care of an eligible patient using the investigational drug, biological product, or device, for any harm done to the eligible patient resulting from the investigational drug, biological product, or device.

RS 40:1169.6 — Action against physician license prohibited

e any other action against the

license of a physician issued pursuant to the provisions of R.S. 37:1261, et seq. based solely upon the recommendation of the physician to an eligible patient regarding, or prescription for, or treatment with, an investigational drug, biological product, or device when such recommendation, prescription, or treatment is undertaken in strict conformance with the provisions of this Subpart.

RS 40:1170.1 — Legislative findings; declaration

rson's

right to health care.

(2) The provisions of the Americans with Disabilities Act of 1990, as amended (42 U.S.C. 12101 et seq.), prohibit discrimination against persons with disabilities, yet many individuals with disabilities experience discrimination in accessing critical healthcare services.

(3) In some cases, persons with developmental, intellectual, or physical disabilities have been denied life-saving organ transplants based on beliefs or assumptions by healthcare providers that those persons are incapable of complying with post-transplant medical requirements, or that they lack adequate support systems to ensure compliance with those medical requirements.

(4) Although organ transplant centers must consider medical and psychosocial

criteria when determining whether a patient is suitable to receive an organ transplant, transplant centers that participate in Medicare, Medicaid, and other federally funded programs are required to use patient selection criteria that result in a fair and nondiscriminatory distribution of organs.

B. The legislature hereby declares that Louisiana residents in need of organ transplants shall be entitled to an assurance that they will not encounter discrimination on the basis of a disability.

RS 40:1170.2 — Definitions

f a human body that takes

effect after the death of the donor for the purpose of transplantation or transfusion.

(2) "Auxiliary aid or service" means an aid or service that is used to provide information to an individual with a cognitive, developmental, intellectual, neurological, or physical disability and is available in a format or manner that allows the individual to better understand the information. An auxiliary aid or service may include any of the following:

(a) Qualified interpreters or other effective methods of making aurally delivered materials available to persons who are deaf or hard of hearing.

(b) Qualified readers, taped texts, texts in accessible electronic format, or other effective methods of making visually delivered materials available to persons with visual impairments.

(c) Supported decision-making services, including all of the following:

(i) The use of a support individual to communicate information to the person with a disability, ascertain the wishes of the person, or assist the person in making decisions.

(ii) The disclosure of information to a legal guardian, authorized representative, or another individual designated by the person with a disability for such purpose. A person making such disclosure shall do so in conformance with all applicable requirements of state and federal law, including but not limited to those of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d et seq.) and any federal regulations promulgated by the United States Department of Health and Human Services for implementation of that law.

(iii) If an individual has a court-appointed guardian or other individual responsible for making medical decisions on behalf of the individual, any measures used to ensure that the individual is included in decisions involving the individual's health care and that medical decisions are in accordance with the individual's own expressed interests.

(iv) Any other aid or service that is used to provide information in a format that is easily understandable and accessible to individuals with cognitive, neurological, developmental, or intellectual disabilities, including assistive communication technology.

(3) "Covered entity" means any of the following entities:

(a) Any licensed provider of healthcare services, including licensed healthcare practitioners, hospitals, nursing facilities, laboratories, intermediate care facilities, psychiatric residential treatment facilities, institutions for individuals with intellectual or developmental disabilities, and prison health centers.

(b) Any entity responsible for matching anatomical gift donors to potential

recipients.

(4) "Disability" has the meaning ascribed in 42 U.S.C. 12102.

(5) "Organ transplant" means the transplantation or transfusion of a part of a human body into the body of another for the purpose of treating or curing a medical condition.

(6)(a) "Qualified recipient" means an individual who has a disability and meets the essential eligibility requirements for the receipt of an anatomical gift.

(b) An individual who has a disability and meets the essential eligibility requirements for the receipt of an anatomical gift shall be deemed to be a qualified recipient regardless of any of the following:

(i) Whether he has access to individuals or entities available to support and assist him with an anatomical gift or transplantation.

(ii) Whether he has access to auxiliary aids or services.

(iii) Whether reasonable modifications to the policies, practices, or procedures of a covered entity are implemented, including modifications to allow for either of the following:

(aa) Communication with one or more individuals or entities available to support or assist with the recipient's care and medication after surgery or transplantation.

(bb) Consideration of support networks available to the individual, including family, friends, and home- and community-based services, including home- and community-based services funded through Medicaid, Medicare, another health plan in which the individual is enrolled, or any program or source of funding available to the individual, when determining whether the individual is able to comply with post-transplant medical requirements.

RS 40:1170.3 — Discrimination against potential organ transplant recipients based on disability; ess.

B. It shall be unlawful for a covered entity to do any of the following solely on the basis of an individual having a disability:

(1) Consider the individual ineligible to receive an anatomical gift or organ transplant.

(2) Deny medical services or other services related to organ transplantation, including diagnostic services, evaluation, surgery, counseling, and post-operative treatment and services.

(3) Refuse to refer the individual to a transplant center or other related specialist for the purpose of being evaluated for or receiving an organ transplant.

(4) Refuse to place a qualified recipient on an organ transplant waiting list.

(5) Place a qualified recipient on an organ transplant waiting list at a lower priority position than the position at which the individual would have been placed if the individual did not have a disability.

(6) Refuse insurance coverage for any procedure associated with being evaluated for or receiving an anatomical gift or organ transplant, including post-transplantation and post-transfusion care.

C. Notwithstanding the provisions of Subsection B of this Section, a covered entity may consider an individual's disability when making treatment or coverage recommendations or decisions, but only to the extent that the disability has been found by a physician or

surgeon, following an individualized evaluation of the individual, to be medically significant to the provision of the anatomical gift.

D. If an individual has the necessary support system to assist him in complying with post-transplant medical requirements, a covered entity may not consider the individual's inability to independently comply with post-transplant medical requirements to be medically significant for the purposes of Subsection C of this Section.

E. A covered entity shall make reasonable modifications to its policies, practices, or procedures to allow individuals with disabilities access to transplantation-related services, including diagnostic services, surgery, coverage, post-operative treatment, and counseling, unless the entity can demonstrate that making such modifications would fundamentally alter the nature of such services.

F. A covered entity shall take all such actions as are necessary to ensure that an individual with a disability is not denied medical services or other services related to organ transplantation, including diagnostic services, surgery, post-operative treatment, or counseling due to the absence of auxiliary aids or services, unless the entity demonstrates that taking the actions would fundamentally alter the nature of such services or would result in an undue burden for the entity.

G. Nothing in this Section shall be deemed to require a covered entity to make a referral or recommendation for or to perform a medically inappropriate organ transplant.

RS 40:1170.4 — Enforcement; civil actions against covered entities; construction of Section

. 40:1170.3, the affected individual may commence a civil action for injunctive and other equitable relief against the covered entity for purposes of enforcing compliance with this Subpart. The action may be brought in the district court for the parish where the affected individual resides or resided or was denied the organ transplant or referral.

B. In an action brought under this Section, the court shall give the action priority on its docket and expedited review, and may grant injunctive or other equitable relief including by any of the following means:

- (1) Requiring auxiliary aids or services to be made available for a qualified recipient.
- (2) Requiring the modification of a policy, practice, or procedure of a covered entity.
- (3) Requiring that facilities be made readily accessible to and usable by a qualified recipient.

C. Nothing in this Section is intended to limit or replace available remedies under the Americans with Disabilities Act of 1990, as amended (42 U.S.C. 12101 et seq.), or any other applicable law.

D. This Section shall not be construed as creating a right to compensatory or punitive damages against a covered entity.

RS 40:1171.1 — Purpose; intent; insurance and R.S. 40:1157.3 not affected

tion and acquired immunodeficiency syndrome (AIDS) is an essential public health measure. In order to retain the full trust and confidence of persons at risk, the state has an interest both in assuring that HIV test results are not improperly disclosed and in having clear and certain rules for the disclosure of such information. By providing additional protection for the confidentiality of HIV test results,

the legislature intends to encourage the expansion of voluntary confidential testing for HIV so that individuals may come forward, learn their health status, make decisions regarding the appropriate treatment, and change behaviors that put them and others at risk of infection. The legislature also recognizes that confidentiality protections can limit the risk of discrimination and the harm to an individual's interest in privacy that unauthorized disclosure of HIV test results can cause. It is not the intent of the legislature to create any new right, right of action, or cause of action or eliminate any right, right of action, or cause of action existing under current law. It is further not the intent of the legislature that this Chapter repeal, amend, or in any way affect the provisions of R.S. 40:1157.3 relative to the ability of a physician or employee of a hospital who may become infected with HIV to test the blood of a patient without the patient's consent. It is the intent of the legislature that in the case of a person applying for or already insured under an insurance policy, who will be or has been the subject of a test to determine infection for HIV, all facets of insurers' practices in connection with HIV-related testing and HIV test results and all facets of other entities' and individuals' interactions with insurers relating to HIV-related testing or HIV test results shall be governed exclusively by Title 22 of the Louisiana Revised Statutes of 1950 and any regulations promulgated pursuant thereto by the commissioner of insurance who shall have the authority to promulgate such regulations.

RS 40:1171.2 — Definitions

x-sharing or needle-sharing partner, a person who has had contact with blood or body fluids to which universal precautions apply through percutaneous inoculation or contact with an open wound, non-intact skin, or mucous membrane, or a person who has otherwise been exposed to an HIV-infected person in such a way that infection may have occurred as defined by the Louisiana Department of Health regulations based upon guidelines of the United States Centers for Disease Control and Prevention.

(2) "HIV-related test" is a test which is performed solely to diagnose infection with human immunodeficiency virus (HIV).

(3) "HIV test result" is the original document, or copy thereof, transmitted to the medical record from the laboratory or other testing site the result of an HIV-related test. The term shall not include any other note, notation, diagnosis, report, or other writing or document.

RS 40:1171.3 — HIV-related testing; consent; exceptions

a person as part of a routine medical screening in health care settings, substance abuse treatment facilities, mental health treatment facilities, and correctional settings, the patient shall be informed orally or in writing that HIV testing shall be performed unless the patient declines or "opts out" of the testing. Oral or written information shall include an explanation of HIV infection and the meanings of positive and negative test results, and the patient shall be offered an opportunity to ask questions. Consent for HIV testing shall be incorporated into the patient's general informed consent for medical care on the same basis as are other screening or diagnostic tests; a separate consent form for HIV testing shall not be necessary. If a patient declines testing, it shall be noted in the medical record.

B. Community-based organizations that are funded by the office of public health to conduct HIV testing services will be required to follow all HIV testing protocols established by the HIV/AIDS Program of the office of public health.

C. A patient requesting the performance of an HIV-related test shall be provided an opportunity to remain anonymous by the use of a coded system with no correlation or identification of the individual's identity to the specific test request or results. In these instances the identifying information otherwise required by the Louisiana State Sanitary Code shall not be required. A health care provider that is not able to provide HIV-related tests on an anonymous basis shall refer, at no extra charge to the individual seeking anonymity, such individual to a test site that provides anonymous testing. The provisions of this Subsection shall not apply to inpatients in hospitals.

D. If an individual tests positive for HIV infection, the individual shall be referred to a health care provider for appropriate HIV-related primary medical care.

E. The provisions of Subsections A through D of this Section shall not apply to the performance of an HIV-related test:

(1) By a health care provider or health care facility in relation to the procuring, processing, distributing, or use of a human body or human part, including organs, tissues, eyes, bones, arteries, blood, semen, or other body fluids, for use in medical research or therapy, or for transplantation to individuals, as provided in R.S. 40:1113.2.

(2) For purposes of accredited scientific or medical research. Any testing must be performed in such a manner that the identity of the test subject remains anonymous and may not be retrieved by any researcher unless specifically authorized.

(3) On a deceased person, when the HIV-related test is conducted to determine the cause of death or for epidemiological purposes.

(4) On any child taken into custody by the Department of Children and Family Services, where department officials have cause to believe that the child has been infected with HIV.

(5) On any child when the child's attending physician reasonably believes such test to be necessary in order to properly diagnose or treat the child's medical condition and documents such reason in the child's medical record, including all newborns whose mothers present for delivery without a diagnostic HIV test on record.

(6) On any person who has been arrested, indicted, or convicted for the crimes of aggravated or first degree rape, forcible or second degree rape, simple or third degree rape, or crime against nature as defined by R.S. 14:89(A)(2) when required by a court to undergo an HIV-related test.

F. Repealed by Acts 2007, No. 153, §2.

RS 40:1171.4 — Confidentiality of HIV test result; disclosure

course of providing any health or social

service or pursuant to a release of confidential HIV test results may disclose such information pursuant to a written authorization to release medical information when such authorization contains a refusal to release HIV test results.

B. Notwithstanding the provisions of Subsection A of this Section, HIV test results

may be released to the following:

- (1) Any person to whom disclosure of medical information is authorized by law without the consent of the patient.
- (2) Any agent or employee of a health facility or health care provider if:
 - (a) The agent or employee is permitted access to medical records.
 - (b) The health facility or health care provider is authorized to obtain the HIV test results.
 - (c) The agent or employee provides health care to the patient or maintains or processes medical records for billing or reimbursement purposes.
- (3) A health care provider or health facility, when knowledge of the HIV test results is necessary to provide appropriate care or treatment to the patient and afford the health care provider and the personnel of the health facility an opportunity to protect themselves from transmission of the virus.
- (4) A health facility or health care provider, in relation to the procurement, processing, distributing, or use of a human body or a human body part, including organs, tissues, eyes, bones, arteries, blood, semen, or other body fluids, for use in medical education, research, therapy, or transplantation.
- (5) Any health facility staff committees or accreditation or oversight review organizations authorized to access medical records, provided that the committee or organization shall only disclose confidential HIV test results:
 - (a) To the facility or provider of a health or social service.
 - (b) To a federal, state, or local government agency for the purposes of and subject to the conditions provided in Paragraph (6) of this Subsection.
 - (c) To carry out the monitoring evaluation, or service for which it was obtained.
- (6) A federal, state, parish, or local health officer when the disclosure is mandated by federal or state law.
- (7) An agency or individual in connection with the foster care programs of the Department of Children and Family Services or an agency or individual in connection with the adoption of a child.
- (8) Any person to whom disclosure is ordered by a court of competent jurisdiction.
- (9) An employee or agent of the committee on parole of the Department of Public Safety and Corrections to the extent that the employee or agent is authorized to access records containing HIV test results in order to implement the functions, powers, and duties with respect to the individual patient of the committee on parole, Department of Public Safety and Corrections.
- (10) An employee or agent of the office of probation and parole of the Department of Public Safety and Corrections, division of correction services, to the extent the employee or agent is authorized to access records containing HIV test results in order to carry out the functions, powers, and duties, with respect to patient of the office.
- (11) A medical director of a local correctional facility, to the extent the medical director is authorized to access records containing HIV test results in order to carry out the functions, powers, and duties with respect to the patient.

(12) An employee or agent of the Department of Public Safety and Corrections, to the extent the employee or agent is authorized to access records containing HIV test results in order to carry out the Department of Public Safety and Corrections functions, powers, and duties with respect to the patient.

(13) An employee or agent who is authorized by Louisiana Works to access records containing HIV test results in order to carry out Louisiana Works' vocational rehabilitative services functions, powers, and duties with respect to the protected patient.

(14) An insurer, insurance administrator, self-insured employer, self-insurance trust, or other person or entity responsible for paying or determining payment for medical services to the extent necessary to secure payment for those services.

C. A state, parish, or local health officer may disclose confidential HIV test results when:

- (1) Disclosure is specifically authorized or required by federal or state law.
- (2) Disclosure is made pursuant to a release of confidential HIV test results.
- (3) Disclosure is requested by a physician pursuant to Subsection E of this Section.
- (4) Disclosure is authorized by court order.

D. No person to whom confidential HIV test results have been disclosed pursuant to this Subpart shall disclose the information to another person except as authorized by this Subpart, provided, however, that the provisions of this Subsection shall not apply to the individual or to a natural person who is authorized by law to consent to health care for the individual.

E.(1) A physician may disclose confidential HIV test results under all of the following conditions:

- (a) Disclosure is made to a contact, or to a public health officer for the purpose of making the disclosure to said contact.
- (b) The physician reasonably believes disclosure is medically appropriate, and there is a significant risk of infection to the contact.
- (c) The physician has counseled the patient regarding the need to notify the contact, and the physician reasonably believes the patient will not inform the contact.
- (d) The physician has informed the patient of his or her intent to make such disclosure to a contact and has given the patient the opportunity to express a preference as to whether disclosure should be made by the physician directly or to a public health officer for the purpose of said disclosure. If the patient expresses a preference for disclosure by a public health officer or by the physician the physician shall honor such preference.

(2) When making such disclosures to the contact, the physician or public health officer shall provide or make referrals for the provision of the appropriate medical advice and counseling for coping with the emotional consequences of the knowledge of the information and for alteration of behavior to prevent transmission or contraction of HIV infection. The physician or public health officer shall not disclose the identity of the patient or the identity of any other contact. A physician or public health officer making a notification pursuant to this Subsection shall make such disclosure in person, except where circumstances reasonably prevent doing so.

(3) A physician shall have no obligation to identify or locate any contact.

(4) A physician may, upon the consent of a parent or guardian, disclose confidential HIV test results to a state, parish, or local health officer for the purpose of reviewing the medical history of a child to determine the fitness of the child to attend school.

(5) A physician may disclose confidential HIV test results pertaining to a patient to a person authorized by law to consent to health care for the patient when the physician reasonably believes that disclosure is medically necessary in order to provide timely care and treatment for the patient and, after appropriate counseling as to the need for such disclosure, the patient has not and will not inform the person authorized by law to consent to health care. The physician shall not make such disclosure if, in the judgment of the physician, the disclosure would not be in the best interest of the patient or of the individual authorized by law to consent to such care and treatment. Any decision or action by a physician pursuant to this Paragraph and the basis thereof shall be recorded in the patient's medical record.

F. A physician may choose, notwithstanding any other provision of law to the contrary, not to disclose the results of a confidential HIV test to a person upon whom such a test has been performed when in the medical opinion of the physician the disclosure of such results would be medically contraindicated.

RS 40:1171.5 — Court authorization for disclosure of confidential HIV test results

test results except a court of record of competent jurisdiction
in accordance with the provisions of this Subpart.

B. A court may grant an order for disclosure of confidential HIV test results upon an application showing:

(1) A compelling need for disclosure of the information for the adjudication of a criminal or civil proceeding.

(2) A clear and imminent danger to an individual whose life or health may unknowingly be at significant risk as a result of contact with the individual to whom the information pertains.

(3) Upon application of a state, parish, or local health officer, a clear and imminent danger to the public health.

(4) That the applicant is lawfully entitled to the disclosure and the disclosure is consistent with the provisions of this Subpart.

C. Upon receiving an application for an order authorizing disclosure pursuant to this Section, the court shall enter an order directing that all pleadings, papers, affidavits, judgments, orders of the court, briefs, and memoranda of law which are part of the application or the decision thereon, be sealed and not made available to any person, except to the extent necessary to conduct any proceedings in connection with the determination of whether to grant or deny the application, including any appeal. Such an order shall further direct that all subsequent proceedings in connection with the application, shall be conducted in camera, and, where appropriate to prevent the unauthorized disclosure of confidential HIV test results, that any pleadings, papers, affidavits, judgments, orders of the court, briefs, and memoranda of law which are part of the application or the decision thereon omit the name of the individual concerning whom confidential HIV test results are sought.

D.(1) The individual concerning whom confidential HIV test results are sought and any person holding records concerning confidential HIV test results from whom disclosure is sought shall be given adequate notice of such application in a manner that shall not disclose to any other person the identity of the individual, and shall be afforded an opportunity to file a written response to the application, or to appear in person for the limited purpose of providing evidence on the statutory criteria for the issuance of an order pursuant to this Section.

(2) The court may grant an order without such notice and opportunity to be heard, if an ex parte application by a public health officer shows a clear and imminent danger to an individual whose life or health may unknowingly be at risk.

(3) The service of a subpoena shall not be subject to this Subsection.

E. In assessing the compelling need and clear and imminent danger, the court shall provide written findings of fact, including scientific or medical findings, citing specific evidence in the record that supports each finding, and shall weigh the need for disclosure against the privacy interest of the protected individual and against the public interest that may not be served by disclosure which deters future testing or treatment or which may lead to discrimination.

F. An order authorizing disclosure of confidential HIV test results shall:

(1) Limit disclosure to that information necessary to fulfill the purpose for which the order is granted.

(2) Limit disclosure to those persons whose need for the information is the basis for the order, and specifically prohibit additional disclosure by such persons to any other persons, regardless of whether they are parties to the action.

(3) To the extent possible consistent with this Section, conform to the provisions of this Subpart.

(4) Include such other measures as the court deems necessary to limit any disclosures not authorized by its order.

RS 40:1173.1 — Findings; legislative intent

healthcare services in many areas of the state, and the concerns expressed by consumers, healthcare providers, third-party payers, and others involved with making informed decisions regarding healthcare services, treatment, and coverage, there is a need to have access to provider specific healthcare cost, quality, and outcome data on healthcare facilities, healthcare providers, and health plans as well as continued access to global patterns and trends in the availability, use, and charges for healthcare services and the associated health circumstances.

(2) Due to the rapidly expanding availability of and access to patient sensitive healthcare data, it is necessary to establish safeguards which ensure the level of protection of patient encounter data that Louisiana citizens deserve, and which protect the privacy of health information comprising data sets that are reported and disseminated to improve the population health of this state.

B. It is the intent of the legislature to improve transparency in prices and care quality measures by providing for the creation and maintenance of a useful and comprehensive

health service information database that can be publicly accessed in a manner that ensures protection of individuals' confidential health information and respects providers of care.

RS 40:1173.2 — Definitions

owing:

(a) Patient-level data elements that could be used alone or in combination with other available data elements to identify a patient.

(b) Information requested that the department determines will be utilized for business or commercial purposes, including but not limited to market analysis and software development.

(c) Protected health information as defined in the HIPAA Privacy Rule, 45 CFR Part 164, and R.S. 29:762.

(2) "Department" means the Louisiana Department of Health.

(3) "HIPAA" means the Health Insurance Portability and Accountability Act, Pub. L. 104-191.

(4) "Secretary" means the secretary of the Louisiana Department of Health.

RS 40:1173.3 — Data collection; powers and duties of the Louisiana Department of Health

(1) Identify and define the healthcare cost, quality, and performance data elements to be reported to the department in accordance with existing national and international data standards for facilitating meaningful comparison by consumers of costs for specific healthcare services and specific quality of care measures between and among medical facilities, healthcare providers, and health plans. Such data elements shall include, without limitation, the items specified in Paragraph (9) of this Subsection.

(2) Develop standards of accuracy, quality, timeliness, economy, and efficiency for the provision of data.

(3) Identify the most practical methods to collect, transmit, and share required healthcare data as described in this Subpart.

(4) Utilize, wherever practical, existing administrative data bases, and modalities of data collection to provide the required data.

(5) Ensure confidentiality of patients by enforcing appropriate rules and regulations at least as stringent as those regulations applicable to covered entities promulgated under HIPAA privacy regulations, 45 CFR Part 164.

(6) Maintain the computerized database of personal health information of consumers in a secure environment in compliance with federal laws providing for the security of the system containing such data. In the event of a known or suspected data breach, the department shall, within thirty days of the breach, notify each resident of the state whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

(7) Coordinate with the Louisiana Department of Insurance on all matters of health plan cost, quality, and performance data to be collected from health plans licensed to offer health insurance coverage in Louisiana. Such data shall exclude premium data and information related to the development of premiums.

(8) Include, when appropriate, risk-adjustment measures into the production of all

healthcare cost, quality, and performance data issued to account for variation in facility size, location, and patient acuity levels.

(9)(a) Provide the process for Internet publication of provider and health plan specific cost, quality, and performance data collected pursuant to this Subpart for access and use by a consumer or requesting entity. At minimum, this data shall include all of the following items:

(i) Healthcare quality information that is easily understandable by the average consumer and is published in a format that allows the user to compare such information across providers to the extent practicable.

(ii) Data related to payments for health services rendered by healthcare facilities and practitioners published in an interactive format from which the user can generate reports of such data.

(iii) Data identifying at least fifteen of the most commonly used diagnosis codes, at least fifteen of the most commonly used procedure codes, and any emerging health trends for diagnosis and treatment related to hospitalization. The department shall publish this data in a format that facilitates comparison of the data from hospitals and other licensed health facilities of this state to similar data for medical care rendered in other states, to the extent that such data is available.

(iv) A list of the hospitals and other licensed health facilities that are in compliance with the reporting requirements promulgated by the department, and a list of the hospitals and other licensed health facilities that are not in compliance with such requirements.

(b) The department shall update the information provided for in this Paragraph at least annually.

(10) Ensure that data released pursuant to this Subpart shall not include any identifier which is listed in 45 CFR 164.514(b) as being necessary to be removed in order for the data to be de-identified within the meaning of 45 CFR 164.514(a).

(11) Promulgate rules and regulations, in accordance with the Administrative Procedure Act, to carry out the provisions of this Subpart.

RS 40:1173.4 — Health Data Panel; advisory council to the secretary of the Louisiana Department

hall be to make recommendations to the secretary for the implementation of the requirements of this Subpart.

B. Members of the Health Data Panel shall be appointed by the secretary and shall represent all interests involved in the collection and publication of provider- and health plan-specific cost, quality, and performance data elements. Members shall include but not be limited to purchasers of health care, hospitals and other service providers, consumer and patient advocacy groups, quality improvement and health information technology groups, physicians, and any other individuals or groups as deemed necessary by the secretary.

C. The Health Data Panel shall consider the provisions set forth in R.S. 40:1173.3.

D. The secretary or his designee shall serve as the chairman of the meetings of the Health Data Panel. The secretary shall convene meetings of the Health Data Panel on an annual basis and as needed to fulfill the provisions of this Subpart. The secretary may use the recommendations of the Health Data Panel to fulfill the responsibilities of the department

as set forth in this Subpart.

E. Members of the Health Data Panel shall serve without compensation.

RS 40:1173.5 — Release of information

ed from

hospitals and other healthcare providers pursuant to this Subpart. The department shall adhere to and comply fully with appropriate privacy protection protocols that are at least as stringent as the HIPAA Privacy Rule.

B. Notwithstanding Subsection A of this Section, the department may release data collected pursuant to this Subpart for the purpose of conducting healthcare research which is a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge. All requests for data collected pursuant to this Subpart shall be submitted to the department and reviewed by the department's Institutional Review Board. The department shall deny any requests for data that it determines will be utilized for business or commercial purposes, including but not limited to market analysis and software development. The department shall have one representative of the provider group whose data is subject to the data release on the Institutional Review Board.

C. Each data request shall state the proposed use of the data requested and include an affirmation by the recipient that no attempt will be made to combine patient-level data provided for in the request with other data to identify patients and that no confidential information shall be released.

D. The department shall inform the Health Data Panel prior to the release of requested data collected pursuant to this Subpart.

RS 40:1173.6 — Violations; penalties

, shall provide to

the department such data as are necessary for the department to carry out its responsibilities as defined in this Subpart.

B. All healthcare providers licensed by the state, including but not limited to hospitals, outpatient surgical facilities, and outpatient clinical facilities shall submit information in the manner and form prescribed in rules and regulations promulgated by the department pursuant to this Subpart.

C. Any person, firm, corporation, organization, or institution that violates any of the provisions of this Subpart or any rules and regulations promulgated thereunder regarding patient confidentiality of information shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than five hundred dollars nor more than one thousand dollars or by imprisonment not exceeding one month, or both. Each day of the violation shall constitute a separate offense.

D. Any person, firm, corporation, organization, or institution knowingly violating any of the provisions of this Subpart or any rules and regulations promulgated thereunder shall be guilty of a misdemeanor and upon a plea of guilty, a plea of nolo contendere or conviction, shall be punished by a fine of not more than one thousand dollars.

E. Renewal of state licenses issued by the Louisiana Department of Health,

Department of Insurance, or health professional licensing, certification, or registration boards and commissions shall be predicated in part on compliance with data reporting requirements of this Subpart and rules and regulations promulgated thereunder. Prior to relicensing, the secretary shall confirm compliance with data reporting requirements in writing to the appropriate permitting or licensing authority. The permit, certification, or license of any healthcare provider, health plan, or facility covered by this Subpart shall be suspended until such time as the required data is submitted to the department.

RS 40:1175.1 — Chiropractic care; freedom of choice

d or services the freedom to

choose a duly licensed chiropractor as the provider of care or services which are within the scope of practice of the profession of chiropractic as defined in R.S. 37:2801(3).

RS 40:1181.1 — Nonstate governmental hospitals; cooperative endeavor agreements

ties which includes the transfer of funds for the provision

of health care services and such transfer shall be considered to be for a public purpose within the meaning of Paragraph C of Section 14 of Article VII of the Constitution of Louisiana.

RS 40:1183.1 — Short title

015

R.S.

RS 40:1183.2 — Legislative findings; purpose

antial number of low-income residents living in the state and

therefore constitute an invaluable part of the healthcare delivery system of the state.

(2) Residents living in rural and medically underserved communities, which consist of sixty-two of the sixty-four Louisiana parishes, have a poorer health status than residents living in other communities in the state and lack access to adequate health care.

(3) FQHCs are in poor financial condition as a result of payment reductions in the Medicare and Medicaid programs and as a result of the advent and penetration of managed care in the state.

(4) FQHCs have a difficult time attracting and retaining physicians in their service areas, thereby resulting in a continued shortage of primary health care in the state's medically underserved communities.

(5) Absent intervention, continued reductions in the Medicare and Medicaid programs, as well as changes in healthcare reimbursement methodologies and the continued spread of managed care, may result in the closure of the state's FQHCs, thereby jeopardizing the very existence of a vital link in the healthcare delivery system for residents residing in medically underserved areas of the state.

(6) FQHCs constitute, in most cases, an important employer of residents from the economically and health distressed areas they serve and thus create a vital economic component of their local communities.

B. The legislature hereby declares an emergency finding that, absent the enactment of the following provisions, the very existence of Louisiana's FQHCs are imperiled. The legislature hereby declares that the purpose of this Part is to assure the continued viability

of FQHCs. To that end, the provisions of this Part shall be construed liberally and in favor of the purposes of this Part.

RS 40:1183.3 — Definitions

determined in accordance with Medicare

regulations governing cost-based reimbursement promulgated by the Health Care Financing Administration, United States Department of Health and Human Services, establishing the method or methods to be utilized and the items to be included in determining such costs related to patient care.

(2) "Department" means the Louisiana Department of Health or its successor in the role of designated state agency under Title XIX of the Social Security Act or any successor Act including but not limited to block grants for medical care of the poor.

(3) "FQHC" means a facility which is engaged in furnishing primary health services to outpatients by physicians, physician assistants or nurse practitioners, including but not limited to health services related to family medicine, internal medicine, pediatrics, obstetrics, and gynecology and such services and supplies incident thereto. Such facility shall serve a medically underserved population, meaning the population of an urban or rural area designated by the secretary of the Department of Health and Human Services as an area with a shortage of personal health services or a population group designated by the secretary as having a shortage of such services, such as migratory and seasonal agricultural workers, the homeless, residents of public housing, or students and other family members of students of a particular school or schools. Such a facility shall have been designated as a federally qualified health center by the secretary of the Department of Health and Human Services and shall be receiving grants or loans as may be granted by the secretary under 42 U.S.C. 254b.

(4) "Net uncompensated costs" means the costs related to patient care incurred during a provider's fiscal year of furnishing outpatient services, net of the cost of treating Medicare patients, Medicaid payments for inpatient and outpatient services, excluding disproportionate share payments, costs associated with patients who have insurance for services provided, and payments received from uninsured patients.

(5) "State plan for medical assistance" means the plan promulgated by the department in accordance with its role as a designated state agency under Title XIX of the Social Security Act, or its successor plan including but not limited to block grants for medical care to the poor.

RS 40:1183.4 — Medical assistance programs; FQHC reimbursement

y that reimburses FQHCs for

all costs related to patients, utilizing the most recent cost report information available to the department. The department shall seek to ensure that the reimbursement will be available to FQHCs under the Medicaid program, either through payments received by FQHCs from managed care organizations contracting with the department or its designee, or through supplemental payments as necessary from the department based on availability of funds to the extent permitted by federal law.

(2) With respect to disproportionate share payment methodologies, a reimbursement methodology that reimburses for all net uncompensated costs for services delivered on an

outpatient basis through contracts with disproportionate share hospitals in an integrated delivery system arrangement to the extent permitted by federal law and based on availability of funds.

B. The regulations promulgated pursuant to Subsection A of this Section shall be promulgated no later than one hundred twenty days after August 15, 1997. No later than one hundred twenty days after August 15, 1997, the department shall also submit to the secretary of the United States Department of Health and Human Services those amendments to the state plan for medical assistance necessary to conform the state plan for medical assistance with the provisions of Subsection A of this Section.

C. As of January 1, 2001, the department shall reimburse FQHCs for the delivery of Medicaid services as provided in Sections 1902(a)(15) and 1902(aa) of the Social Security Act, as added by Title VII Section 702 of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, hereinafter referred to as "BIPA" and included as Appendix F of the Consolidated Appropriations Act of 2000, P.L. 106-554, and any pursuant federal regulations.

D.(1) To the extent the department is unable to implement BIPA as of January 1, 2001, it shall reimburse FQHCs pursuant to BIPA requirements retroactive to January 1, 2001, but in no event shall such implementation begin any later than and in no event shall such retroactive payment be made any later than July 1, 2002.

(2) In the event that the department chooses to apply an alternative payment methodology to FQHCs as allowed under Section 1902(aa)(6), as amended by BIPA, such methodology must be agreed to by the FQHC and cannot result in any less payment than the FQHC would receive pursuant to the payment methodology set out in Section 1902(aa)(1) through (5) of BIPA.

RS 40:1187.1 — Notification of law enforcement agency prior to discharge of a person issued a

g or investigating law enforcement

agency that a doctor has ordered the discharge of a patient from the hospital as soon as reasonably possible after the order has been written, if all of the following conditions exist:

(1) The law enforcement agency has certified in writing that the patient has been issued a summons or arrest warrant for an offense, but as a result of the need for emergency medical care, the warrant has not been executed prior to admission to the hospital.

(2) The law enforcement agency has provided the hospital with a written request to be informed upon the discharge of the patient from the hospital.

(3) The law enforcement agency has provided contact information for use by the hospital in making the notification.

B. No hospital shall be held civilly liable to any person for failure to comply or to timely comply with the requirements of this Section unless that failure is intentional or due to gross negligence.

C. As used in this Section, "hospital" means any institution, place, building, or agency, public or private, whether for profit or not, with facilities for the diagnosis, treatment, or care of persons who are suffering from illness, injury, infirmity, or deformity or other physical condition for which obstetrical, medical, or surgical services would be available and appropriate and which operates or is affiliated with facilities for the overnight care, observation, or recovery of those persons.

RS 40:1189.2 — Legislative findings; purpose

income rural residents living in the state and therefore constitute an invaluable part of the healthcare delivery system of the state.

(2) Residents living in rural areas of the state, which consist of sixty-four percent of the state's parishes, are in poorer health than residents living in the urban areas of the state and lack adequate public transportation.

(3) Small rural hospitals are in poor financial condition as a result of payment reductions in the Medicare and Medicaid programs and as a result of the advent and penetration of managed care in the state.

(4) Small rural hospitals have a difficult time attracting physicians to practice in their service areas, thereby resulting in a continued shortage of primary health care in the state's rural areas.

(5) Absent intervention, continued reductions in the Medicare and Medicaid programs, as well as changes in healthcare reimbursement methodologies and the continued spread of managed care, have caused and will continue to cause the closure of many of the state's small rural hospitals, thereby jeopardizing the very existence of a vital link in the healthcare delivery system for residents residing in rural areas of the state.

(6) Rural hospitals constitute, in many instances, the largest single employer of residents in areas served by them and thus constitute a vital economic component of many rural parish economies.

(7) The enactment of the Rural Hospital Preservation Act has preserved Louisiana's rural hospitals, a key component of the state's healthcare safety net which is essential to ensuring access to healthcare for Louisiana's rural residents.

(8) The Rural Hospital Preservation Act requires the department to maximize Medicaid reimbursement, including disproportionate share reimbursement, to rural hospitals.

(9) Congress has established a federal cap on each state's allotment of Medicaid disproportionate share reimbursement, and Louisiana's disproportionate share expenditures are approaching the federal cap.

(10) Unreimbursed rural hospital Medicaid inpatient and outpatient costs, including

the costs associated with the services provided at rural health clinics that are licensed as part of a rural hospital, are currently eligible for reimbursement under Louisiana's Medicaid disproportionate share program.

(11) There is no federal cap on Medicaid reimbursement unrelated to the disproportionate share program.

(12) It is in the state's interest to reduce rural hospital dependence on Medicaid disproportionate share reimbursement by increasing Medicaid reimbursement for rural hospital inpatient and outpatient services, including costs associated with services provided at rural health clinics that are licensed as part of a rural hospital.

(13) Increasing rural hospital inpatient and outpatient reimbursement under Medicaid will increase the disproportionate share hospital funding available to the state for non-rural, hospital-related disproportionate share hospital payments, thereby permitting the state to meet additional hospital-related uncompensated care needs.

B. The legislature hereby declares that, absent the enactment of the following provisions, the very existence of Louisiana's small rural hospital is imperiled. The legislature hereby declares that the purpose of this Part is to assure the continued viability of rural hospitals.

RS 40:1189.3 — Definitions

he Social Security Act or any successor

Act including but not limited to block grants or other funding for medical care of the poor.

(2) "Emergency medical condition" means acute symptoms of sufficient severity such that the absence of immediate medical attention could reasonably be expected to result in any one or more of the following:

(a) Placing the health of the individual in serious jeopardy, including the health of the unborn child in the case of a pregnant woman.

(b) Serious impairment to any bodily function.

(c) Serious dysfunction of any bodily part.

(3) "Health care provider" means an individual, person, corporation, facility, or institution licensed by the state to provide health care or professional services as a physician, nurse, or allied health professional.

(4) "Prospective rates approximating cost" means the median cost of a rural hospital providing inpatient acute or inpatient psychiatric services plus ten percent, which cost has been inflated by the Medicare market basket inflation factor to the midpoint of the state's fiscal year in which services may be furnished. The median cost and rates shall be re-based by the department at least every other year using the most current rural hospital cost reports on file with the department.

(5) "Public rural hospital" means a rural hospital owned or operated by a political subdivision of the state, including but not limited to a hospital service district, parish, or municipality.

(6) "Reasonable cost" means the cost of hospital outpatient services, including without limitation provider-based rural health clinics, utilizing Medicare cost reimbursement principles applicable to the respective rural hospital, including hospital-based rural health

clinics licensed as hospital departments. In the event a more limited definition of reasonable cost is required to obtain federal approval for the related state plan amendment for those rural hospitals that are reimbursed under Medicare's Prospective Payment System, hereinafter referred to as "PPS", the department shall utilize the most liberal definition of "reasonable cost" for such rural PPS hospitals that is acceptable to the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, hereinafter referred to as "CMS".

(7)(a) "Rural hospital" means a hospital licensed by the department which meets one of the following criteria:

(i) Has no more than sixty hospital beds as of July 1, 1994; and

(aa) Is located in a parish with a population of less than fifty thousand; or

(bb) Is located in a municipality with a population of less than twenty thousand.

(ii) Meets the qualifications of a sole community hospital under 42 CFR 412.92(a); or met the qualifications of a sole community hospital as of June 30, 2005, and subsequently converted to critical access hospital status.

(iii) Has no more than sixty hospital beds as of July 1, 1999, and is located in a parish with a population, as measured by the 1990 census, of less than seventeen thousand.

(iv) Has no more than sixty hospital beds as of June 30, 2000, and is located in a municipality with a population, as measured by the 1990 census, of less than twenty thousand.

(v) Has no more than sixty beds as of July 1, 1997, and is located in a parish with a population, as measured by the 1990 and 2000 censuses, of less than fifty thousand.

(vi) Was a hospital facility licensed by the department that had no more than sixty hospital beds as of July 1, 1994, which hospital facility has been in continuous operation since July 1, 1994, is currently operating under a license issued by the department, and is located in a parish with a population, as measured by the 1990 census, of less than fifty thousand.

(vii) Has no more than sixty hospital beds or has notified the Louisiana Department of Health as of March 7, 2002 of its intent to reduce its number of hospital beds to no more than sixty, and:

(aa) Is located, as measured by the 2000 census, in a municipality with a population of less than thirteen thousand; and

(bb) Is located, as measured in the 2000 census, in a parish with a population of less than thirty-two thousand.

(viii) Has no more than sixty hospital beds as of May 1, 2001, and:

(aa) Is located, as measured by the 2000 census, in a municipality with a population of less than five thousand five hundred; and

(bb) Is located, as measured by the 2000 census, in a parish with a population of less than forty-two thousand.

(ix) Has no more than sixty hospital beds as of September 26, 2002, and:

(aa) Is located, as measured by the 2000 census, in a municipality with a population of less than ten thousand; and

(bb) Is located, as measured by the 2000 census, in a parish with a population of less than thirty-three thousand.

(x) Has no more than sixty hospital beds as of January 1, 2003, and:

(aa) Is located, as measured by the 2000 census, in a municipality with a population of less than eleven thousand; and

(bb) Is located, as measured by the 2000 census, in a parish with a population of less than ninety thousand.

(xi) Has no more than sixty hospital beds or has notified the Louisiana Department of Health as of May 16, 2003, of its intent to reduce its number of hospital beds to no more than sixty, and:

(aa) Is located, as measured by the 2000 census, in a municipality with a population of less than seven thousand.

(bb) Is located, as measured by the 2000 census, in a parish with a population of less than fifty-three thousand.

(cc) Is located within ten miles of a United States military base.

(xii) Notwithstanding the provisions of Subparagraphs (7)(c) and (d) of this Section, has no more than forty beds as of January 1, 2005, and:

(aa) Is located, as measured by the 2000 census, in a municipality with a population of less than three thousand one hundred.

(bb) Is located, as measured by the 2000 census, in a parish with a population of less than fifteen thousand eight hundred.

(xiii) Notwithstanding the provisions of Subparagraphs (7)(c) and (d) of this Section, has no more than sixty hospital beds as of November 1, 2013, and:

(aa) Is located, as measured by the 2000 census, in a municipality with a population of less than thirty-three thousand.

(bb) Is located, as measured by the 2000 census, in a parish with a population of less than sixty-eight thousand.

(cc) Is located within three miles of Jackson Barracks.

(b) "Rural hospital" does not mean a long-term care hospital, a rehabilitation hospital, or a free-standing psychiatric hospital.

(c) For purposes of this Section, no hospital shall be designated as a "rural hospital" that was not downsized to sixty beds by May 16, 2003 and was not so designated prior to July 1, 2003.

(d) Notwithstanding anything to the contrary in this Section, no hospital shall be eligible to receive disproportionate share funds contingent upon Centers for Medicare and Medicaid Services approval unless designated as a "small rural hospital" and it has been annually certified by the Rural Hospital Coalition, Inc., as an entity eligible for assistance from Building Healthy Communities, Inc.

(8) "State plan for medical assistance" means the plan promulgated by the department in accordance with its role as designated state agency under Title XIX of the Social Security Act, or its successor plan, including but not limited to any plan adopted pursuant to any federal law creating block grants or other funding for medical care of the

poor.

RS 40:1189.4 — Medical assistance programs; rural hospital reimbursement
owing:

(1) Allow a rural hospital to certify as a contributing public agency, public funds as representing expenditures eligible for federal financial participation in the Medicaid program to the extent authorized by federal law. The expenditure of such funds shall be in accordance with rules promulgated by the department.

(2)(a) Maximize funding for services rendered by rural hospitals to the extent allowed by federal law and in amounts that may be appropriated by the legislature relative to the use of Medicaid disproportionate share reimbursement and Medicaid reimbursement. To the extent that intergovernmental transfers and the certification of eligible expenditures are available for recognition of state match for such Medicaid disproportionate share payments and Medicaid reimbursement, the department shall maximize the use of such amounts for the benefit of rural hospitals to increase access to health care for Medicaid and LaCHIP beneficiaries as well as indigent individuals.

(b) Notwithstanding any law to the contrary, by September 1, 2007, the department shall file a state plan amendment with CMS amending the Medicaid state plan provisions governing Medicaid hospital reimbursement to provide that a rural hospital, as defined in R.S. 40:1189.3, shall be reimbursed at a rate which equals or approximates one hundred ten percent, or, if a reduction is required by CMS, the maximum amount acceptable to CMS, but in no event less than one hundred percent, of the appropriate reasonable cost of providing hospital inpatient and outpatient services, including but not limited to services provided in a rural health clinic licensed as part of a rural hospital. The new rural hospital payment methodology shall utilize prospective rates approximating costs at the time of service for inpatient acute and psychiatric services. To ensure that rural hospital outpatient services, including those currently reimbursed on a cost basis and those currently reimbursed on a fee schedule are reimbursed in the aggregate at one hundred ten percent of the reasonable costs or such lesser amounts as approved by CMS, but in no event less than one hundred percent of their reasonable costs, the department shall pay an interim rate for cost-based outpatient services at one hundred ten percent of reasonable cost during the year and for fee-based services paid on a claim-by-claim basis, and the department shall make quarterly estimates of a supplemental payment required to bring the hospital's reimbursement for such services up to one hundred percent of reasonable costs and immediately remit such payments to the hospital and at final settlement pay such amounts as necessary to ensure that all outpatient services in the aggregate (cost based and fee schedule) are paid at one hundred ten percent of reasonable costs.

(c) On an expedited basis, the department shall take all steps necessary and available to obtain CMS approval for the state plan amendment and shall, immediately upon notification of such approval, promulgate an emergency rule to implement the state plan amendment.

(d) Once the outpatient cost-based reimbursement payment methodology is implemented, the department shall set and monitor interim payment rates to minimize the

amount of annual cost settlements.

(e) For cost reporting periods ending after July 1, 2008, the department shall pay seventy-five percent of interim rural hospital outpatient cost report settlement amounts due and one hundred percent of final rural hospital outpatient cost report settlement amounts due within fourteen days of receipt by the department of such reports from the Medicaid audit contractor.

(f) The new rural hospital payment methodology shall be effective for services provided on or after July 1, 2008, or as soon thereafter as may be permitted by federal law.

(3)(a) With respect to reimbursement for services furnished in another state, the department shall insure that reimbursement for such services shall be the lesser of the payment for such services by the state wherein such hospital is located or the department's payment made to like in-state providers. The department shall provide coverage for such services to the same extent that it would pay for services furnished within the boundaries of this state, only if any of the following conditions is met:

(i) Medical services are needed because of a medical emergency.

(ii) Medical services are needed and the recipient's health would be endangered if he were required to travel to his state or residence.

(iii) The state determines, on the basis of medical advice, that the needed medical services are necessary supplementary resources, and more readily available in the other state.

(iv) It is general practice for recipients in a particular locality to use medical resources in another state.

(b) In the event federal requirements for the state plan for medical assistance permit the department to impose further restrictions on payment for and coverage of medical services to Louisiana Medicaid patients rendered by out-of-state providers, the department shall promulgate regulations restricting payment for and coverage of such services to the fullest extent permitted by law. Such restrictions shall include lowering the rate of reimbursement provided for services rendered to out-of-state hospitals to the payment for such services by the state wherein such hospital is located, the department's payment made to like in-state providers, or the average rate paid to Louisiana rural hospitals located in the state, whichever is the least.

(c) The secretary of the department may negotiate a higher rate of reimbursement to an out-of-state hospital in the event that a Louisiana Medicaid recipient requires services that cannot be provided by any Louisiana hospital or provider and when these services can only be provided by an out-of-state provider.

(4)(a) Effective for services provided on or after July 1, 2010, or as soon thereafter as may be permitted by federal law, the department shall develop and implement, by emergency rule, a payment methodology which optimizes Medicaid inpatient and outpatient payments to rural hospitals. Payments shall be developed utilizing available Medicare upper payment limits for inpatient and outpatient services in accordance with state and federal law. Calculated payments shall be distributed to qualifying rural hospitals no less than quarterly, or as authorized by federal law.

(b) After federal funds are optimized, the remaining appropriated funds for rural

hospitals may be utilized to develop a state-only funded program to provide direct funds to qualifying rural hospitals to support access to services that would not be available otherwise. In the event the amount appropriated for such state-only funded program is insufficient in any state fiscal year to meet the total payments required by all rural hospitals to recover payment reductions, the payments to qualifying rural hospitals under this state-only funded program may be reduced proportionately.

(c) The department shall review Medicaid and uninsured cost information, payment information, patient charges, and hospital financial statements to the extent required by state or federal law to determine the optimal combination of payments.

(d) Rural hospitals that do not provide the minimum set of documentation required in Subparagraph (4)(c) of this Section to determine the optimal combination of payments shall not be eligible for additional payments.

(e) The department is hereby authorized to publish and promulgate rules, in accordance with the Administrative Procedure Act, to implement the provisions of this Paragraph.

B. The rules and regulations promulgated pursuant to Subsection A of this Section shall be promulgated no later than one hundred twenty days after August 15, 1997. No later than one hundred twenty days after August 15, 1997, the department shall also submit to the secretary of the United States Department of Health and Human Services those amendments to the state plan for medical assistance necessary to conform the state plan for medical assistance with the provisions of Subsection A of this Section.

RS 40:1189.5 — Managed care organizations

health care

services, and preferred provider organizations, which offer health services in the state through health service plans offered to Louisiana residents directly or indirectly, except with respect to a qualified benefit plan governed by ERISA, shall, in parishes in which enrollees or beneficiaries of the organization reside or in parishes which the organization services, offer rural hospitals and hospitals located in parishes with a population of sixty-five thousand or less, and physicians practicing at such hospitals, participation as providers in the managed care organizations on terms and conditions that are no more restrictive than applicable to other hospitals and physicians practicing at such hospitals. To qualify for participation in health services plans offered by managed care organizations, such hospitals may obtain either Medicare certification from the United States Department of Health and Human Services or accreditation by the Joint Commission on Accreditation of Healthcare Organizations. The provisions of this Section shall not apply to any plan offered through the Office of Group Benefits.

RS 40:1189.6 — Repealed by Acts 2022, No. 252, §3.

aton Rouge, Louisiana 70804-9062

RS 40:1189.7 — Authorized activities concerning health care providers and public rural hospitals

on a part-time basis. As used in this Subsection, "part-time basis" means twenty or fewer hours of work per calendar week.

B. Notwithstanding any law to the contrary, a public rural hospital may lease, at fair market value, a portion or all of a facility or equipment to a health care provider employed by the hospital on a part-time basis for the provision of health care services and a health care provider employed on a part-time basis by a public rural hospital may lease, at fair market value, a portion or all of a facility or equipment to the hospital for the provision of health care services.

RS 40:1191.1 — Definitions

means the burial, cremation, or other disposition of the remains of a human fetus following fetal death.

(2) "Health facility" means a facility licensed by the Louisiana Department of Health to provide health services.

(3) "Miscarried child" means the fetal remains resulting from a spontaneous fetal death that does not require compulsory registration pursuant to the provisions of R.S. 40:47.

RS 40:1191.2 — Final disposition of fetal remains; rights of parents; notice required; exception

When a miscarriage occurs in a health facility, the facility shall notify the patient, or if the patient is incapacitated, the spouse of the patient, both orally and in writing, of both of the following:

(1) The parent's right to arrange for the final disposition of the child through the use of the notice of parental rights form as provided for in R.S. 40:1191.3.

(2) The availability of a chaplain or other counseling services concerning the death of the child, if such services are provided by the health facility.

B.(1) The patient shall have forty-eight hours from receipt of the notice of parental rights form provided by the health facility pursuant to Subsection A of this Section to indicate on the notice of parental rights form the patient's intent to arrange for the final disposition of the miscarried child and to return the notice of parental rights form to the health facility.

(2) If the health facility receives the patient's completed notice of parental rights form within the time period required by this Subsection, and once it is medically appropriate for the final disposition of the fetal remains to occur, the health facility shall make the remains available to transfer for a minimum of seventy-two hours. After the transfer, the final disposition of the fetal remains by the transferee shall be in accordance with the provisions of Chapter 10 of Title 8 of the Louisiana Revised Statutes of 1950.

(3) If the health facility does not receive the patient's completed notice of parental rights form within the time period required by this Subsection, the fetal remains shall be disposed of in accordance with the rules and regulations promulgated by the Louisiana Department of Health.

C. No notice shall be required if both the patient and the patient's spouse are incapacitated or otherwise unable to receive the notice required by Subsection A of this Section.

RS 40:1191.3 — Notice of parental rights form

health facilities

to comply with the provisions of this Part. The form shall include, at a minimum, all of the following:

- (1) A definitive statement that reads as follows: "This notice of parental rights form is required to be provided to you pursuant to Louisiana law."
- (2) A brief description of the provisions of this Part along with concise instructions for the patient to follow regarding how to properly complete the form and return it to the health facility in the event the patient desires to arrange for the final disposition of the miscarried child.
- (3) A concise statement of the timelines that must be satisfied in order for the patient to arrange for the final disposition of the miscarried child.
- (4) A listing of state, regional, or national grief counseling organizations that may provide counseling services concerning the death of a child.

RS 40:1191.4 — Limitation of liability

health facility, be held

civily liable for any damages when a health facility makes a final disposition of the fetal remains in accordance with the provisions of this Part.

RS 40:1193.1 — Short title

any technical difficulties navigating this website,

RS 40:1193.2 — Definitions

- (2) "Legal representative" means a legal guardian or a legally appointed substitute decision-maker who is authorized to act on behalf of a nursing home resident.
- (3)(a) "Monitoring device" means a surveillance instrument that transmits and records activity and is not connected to the facility's computer network.
- (b) The term "monitoring device" shall not include a camera that records still images exclusively.
- (4) "Nursing home" means a nursing facility or nursing home as defined in R.S. 40:2009.2.
- (5) "Ombudsman" means the administrator of the office of the state long-term care ombudsman established within the office of elderly affairs by the provisions of R.S. 40:2010.2.
- (6) "Resident" means a person who is a resident of a nursing home.

RS 40:1193.3 — Monitoring device; authorization and use

I representative may authorize

the installation and use of a monitoring device in a nursing home if all of the following conditions are met:

- (1) The resident or his legal representative gives notice of the installation to the nursing home.
- (2) If the monitoring device records activity visually, the recordings made by the device include a record of the date and time.
- (3) The resident pays for the monitoring device and all installation, operation, maintenance, and removal costs associated with the device.

(4) Each resident occupying the same room who has the capacity to consent as determined by emergency rules promulgated by the department pursuant to this Part, or that resident's legal representative, gives written consent for the installation of the monitoring device.

B. If the structure of the resident's room must be altered in order to accommodate a monitoring device, then the renovation to the room may be done only by a licensed contractor, subject to approval by the facility.

C. Any monitoring device installed in accordance with the provisions of this Chapter shall be in compliance with the National Fire Protection Association Life Safety regulations.

RS 40:1193.4 — Monitoring device option; installation; consent of residents in shared rooms;

me shall

notify the person of his right to have a monitoring device installed in his room, and shall offer the person the option to have a monitoring device. The resident or his roommate may exercise the right to install or remove a monitoring device at any time during which he resides in the nursing home. The nursing home shall keep a record of the person's authorization or choice not to have a monitoring device.

(2) The nursing home shall make the record provided for in Paragraph (1) of this Subsection accessible to the ombudsman.

B.(1) If a resident who is residing in a shared room wishes to have a monitoring device installed in the room and another resident living in or moving into the same shared room refuses to consent to the use of the monitoring device, then the nursing home shall make a reasonable attempt to accommodate the resident who wishes to have the monitoring device installed. A nursing home shall be deemed to have met this accommodation requirement when, upon notification that a roommate has not consented to the use of an electronic monitoring device in his room, the facility offers to move either resident to another shared room that is available at the time of the request.

(2) If a resident chooses to reside in a private room in order to accommodate the use of an electronic monitoring device, the resident shall pay the private room rate. If a nursing home is unable to accommodate a resident due to lack of space, the nursing home shall reevaluate the request at least once every two weeks until the request is fulfilled.

C. After authorization, consent, and notice in accordance with this Part, a resident or his legal representative may install, operate, and maintain, at the expense of the resident, a monitoring device in the room of the resident.

D. The nursing home shall cooperate to accommodate the installation of the monitoring device unless doing so would place undue burden on the nursing home.

E. The monitoring device shall be in a fixed, stationary position and shall monitor only the resident who consents either personally or through his legal representative to be monitored.

RS 40:1193.5 — Consent; waiver

nt to the authorization for installation and use of a monitoring device shall include a release of liability for the nursing home for a violation of the resident's right to privacy insofar as the use of the monitoring device is concerned.

C. A resident or his legal representative may reverse a choice to have or not have a monitoring device installed and used at any time after notice of such reversal has been made to the nursing home, and to the ombudsman, upon a form prescribed by the department.

RS 40:1193.6 — Authorization form; content

ident or his legal representative authorizing the installation and use of the monitoring device.

(2) Notice to the nursing home of the resident's installation of a monitoring device and specifics as to the type, function, and use of the device.

(3) Consent of any other resident sharing the same room, or that resident's legal representative, to the installation and use of a monitoring device.

(4) Notice of release from liability for violation of privacy through the use of the monitoring device.

(5) Waiver of the resident's right to privacy in connection with the use of the monitoring device.

RS 40:1193.7 — Immunity; unauthorized use

d without the

knowledge of the nursing home, or installed or used without the prescribed form.

B. Compliance with the provisions of this Part shall be a complete defense to any civil or criminal action brought against the resident, legal representative, or nursing home for the use or presence of a monitoring device.

RS 40:1193.8 — Prohibited acts; civil and criminal penalties

te against a person or resident,

because the person or resident chooses to authorize installation and use of a monitoring device.

(2) Any person who knowingly or willfully violates the provisions of Paragraph (1) of this Subsection shall be subject to appropriate action by the department as set forth in rules promulgated pursuant to this Part.

B.(1) Except as provided in Paragraph (2) of this Subsection, no person shall intentionally hamper, obstruct, tamper with, or destroy a monitoring device or a recording made by a monitoring device installed in a nursing home pursuant to this Part.

(2) The prohibition and penalties provided in this Subsection shall not apply to the resident who owns the monitoring device or recording, or to his legal representative.

RS 40:1193.9 — Public notice; signage of electronic monitoring device

in entrance of the nursing facility building to alert

and inform visitors. The sign shall be in a large, clearly legible type and font and bear the words "Electronic Monitoring" and shall further state in equally legible type and font "The rooms of some residents may be equipped with electronic monitoring devices installed by or on behalf of the resident."

B. A sign shall be clearly and conspicuously posted at the entrance of a resident's room where authorized electronic monitoring is being conducted. The sign shall be in large, clearly legible type and font and bear the words "This room is electronically monitored."

C. The nursing facility shall be responsible for reasonable costs of installation and maintenance of the sign required by Subsection A of this Section. The resident or his legal representative shall be responsible for installing and maintaining the sign required pursuant to Subsection B of this Section, which shall also be in accordance with the written policy of the nursing facility.

RS 40:1193.10 — Reporting abuse and neglect

e incident to the

facility as soon as is practicable after the viewing. The facility shall be provided with a copy of the recording in which the suspected incident of abuse or neglect occurred. If the recording must be transferred to a different format to be viewed, the transfer shall be done at the expense of the facility by a qualified professional who can certify that the contents of the recording were not altered.

RS 40:1201.1 — Clinical preceptor nurse aide training program; legislative intent

nd, therefore, it is in the best interest of the state to maximize

the opportunities which are available to students who are seeking to become certified nurse aides. The legislature further finds that a clinical preceptor nurse aide training program operated by the Louisiana Community and Technical College System in conjunction with nursing homes located throughout the state not only provides a viable method of training but also provides such training at a considerably lower cost than the traditional method of training.

RS 40:1201.2 — Clinical preceptor training program

am.

B. Any program developed under the provisions of this Part shall be in compliance with all federal laws and regulations.

RS 40:1203.1 — Definitions

he office of state

police to conduct the criminal history checks provided for in this Part. Nothing herein shall be construed as expanding the access to confidential law enforcement records of the state of Louisiana or its political subdivisions or authorizing access by said agency to the computerized records of law enforcement agencies.

(2) "Department" means the Louisiana Department of Health.

(3) "Educational institution" means a community college, vocational-technical program, or other educational entity offering a clinical preceptor nurse aide training program developed by the Louisiana Community and Technical College System pursuant to R.S. 40:1201.1 et seq.

(4) "Employer" means any of the following facilities, agencies, providers, or programs:

(a) A nursing facility as defined in R.S. 40:2009.2.

(b) An intermediate care facility for people with developmental disabilities.

(c) An adult residential care provider as defined in R.S. 40:2166.3.

(d) A pain management clinic as defined in R.S. 40:2198.11.

- (e) A home health agency as defined in R.S. 40:2116.31.
 - (f) A hospice as defined in R.S. 40:2182.
 - (g) An ambulance service as defined in R.S. 40:1131.
 - (h) A home- and community-based service provider as defined in R.S. 40:2120.2.
 - (i) An ambulatory surgical center as defined in R.S. 40:2133.
 - (j) A crisis receiving center as defined in R.S. 40:2180.12.
 - (k) A nonemergency, nonambulance medical transportation facility or entity.
 - (l) A Medicaid Personal Care Services or Section 1915(c) Home and Community-based Services Waiver Program.
 - (m) Any other direct service worker as defined in R.S. 40:2179 and 2179.1.
 - (n) A pediatric day health care facility as defined in R.S. 40:2193.1(B).
 - (o) An adult day health care provider as defined in R.S. 40:2120.42.
 - (p) A psychiatric residential treatment facility licensed pursuant to R.S. 40:2009.
 - (q) An end stage renal disease facility as defined in R.S. 40:2117.1.
 - (r) A behavioral health services provider as defined in R.S. 40:2153.
 - (s) An adult brain injury facility as defined in R.S. 40:2120.33.
 - (t) A rural health clinic as defined in R.S. 40:1185.3.
 - (u) A therapeutic group home licensed pursuant to R.S. 40:2009.
 - (v) A provider of case management services.
 - (w) A forensic supervised transitional residential and aftercare facility as defined in R.S. 28:32.
 - (x) An outpatient abortion facility as defined in R.S. 40:2175.3.
 - (y) A hospital as defined in R.S. 40:2102.
 - (z) A free-standing birth center as defined in R.S. 40:2180.23.
 - (aa) A Program for All-Inclusive Care of the Elderly (PACE), as defined in R.S. 40:2120.63.
- (5) "Licensed ambulance personnel" means personnel who provide services, either for compensation or volunteer services, as an emergency medical service practitioner, including licensed emergency medical technicians, licensed advanced emergency medical technicians, licensed paramedics, and licensed first emergency medical responders. The term "licensed ambulance personnel" shall also include certified ambulance operators.
- (6) "Nonlicensed person" means any person who provides for compensation nursing care or other health-related services directly related to patient care to residents in or patients of a nursing facility, intermediate care facility for people with developmental disabilities, adult residential care facility or provider, pediatric day health care facility, adult day health care center, psychiatric residential treatment facility, end stage renal disease facility, behavioral health services provider, home health agency, hospice agency, provider of ambulance services, hospital, adult brain injury facility, crisis receiving center, pain management clinic, outpatient abortion facility, rural health clinic, ambulatory surgical center, therapeutic group home, forensic supervised transitional residential and aftercare facility, case management provider, or home- and community-based service provider and who is not a licensed health provider. "Nonlicensed person" also means any person who provides such services to individuals in their own homes as an employee or contract provider

of a home health agency, hospice, or home- and community-based service provider.

"Nonlicensed person" also means any other direct service worker as defined in R.S. 40:2179 and 2179.1. "Nonlicensed person" also means a student or trainee applying for enrollment in a clinical preceptor training program authorized by R.S. 40:1201.1 et seq., or in a nurse aide training program approved by the department pursuant to federal and state law or regulation.

(7) "Office" means the office of state police within the Department of Public Safety and Corrections.

(8) "Training program" means a department-approved clinical preceptor nurse aide training program.

RS 40:1203.2 — Employment of nonlicensed persons and licensed ambulance personnel; training of applicants

A.(1) Except as otherwise provided in Subsection C of this Section, prior to any employer making an offer to employ or to contract with a nonlicensed person or any licensed ambulance personnel to provide nursing care, health-related services, medic services, or supportive assistance to any individual, the employer shall request that a criminal history and security check be conducted on the nonlicensed person or any licensed ambulance personnel pursuant to the provisions of this Section. If the employer is a facility, home, or institution which is part of a larger complex of buildings, the requirement of a criminal history and security check shall apply only to an offer of employment or contract made to a nonlicensed person or any licensed ambulance personnel who will work primarily in the immediate boundaries of the facility, home, or institution.

(2) Except as otherwise specified in Paragraph (D)(1) of this Section, an employer may obtain the criminal history record maintained by the office of state police of a nonlicensed person or any licensed ambulance personnel offering to provide nursing care, health-related services, or supportive services to any individual.

B.(1) The employer shall request in writing that the office or authorized agency conduct a criminal history and security check on the nonlicensed person or any licensed ambulance personnel and shall provide the office or authorized agency with any relevant information required by the office or authorized agency to conduct the check. The employer may request that the criminal history and security check be performed using the fingerprints of the nonlicensed person or any licensed ambulance personnel.

(2) An employer or authorized agency shall pay a fee of twenty-six dollars to the office for a search of the office's criminal history files on an applicant for employment.

(3) The security check shall consist of the use of personal identifiers, such as name, social security number, date of birth, and driver's license number, to search the national sex offender public registry. An authorized agency shall notify the office if a security check reveals that an applicant is listed in the national sex offender public registry.

C.(1) An employer may make an offer of temporary employment to a nonlicensed person or any licensed ambulance personnel pending the results of the criminal history and security check on the person. In such instances, the employer shall provide to the office or

authorized agency the name and relevant information relating to the person within seventy-two hours after the date the person accepts temporary employment.

(2)(a) Notwithstanding the provisions of Paragraph (1) of this Subsection, any nurse's aide offered temporary employment prior to the receipt of the results of the required criminal history and security check shall be under the direct supervision of a permanent employee or shall be in the presence of a member of the immediate family of the patient or of a care giver designated by the immediate family of the patient.

(b) As used in this Paragraph, "member of the immediate family" means a child, parent, grandparent, sibling, uncle, aunt, nephew, or niece of the patient related by blood, marriage, or adoption.

(3) Notwithstanding any other provision of law to the contrary, any adult day health care provider and any home- and community-based service provider providing adult day care services may make an offer of employment to a nonlicensed person without conducting the criminal history and security check required pursuant to this Part if all of the following conditions are met:

(a) The nonlicensed person was employed by the provider on March 22, 2020.

(b) The provider was required to temporarily cease operations pursuant to Proclamation Number 33 JBE 2020, or any subsequent proclamation declaring the existence of a statewide COVID-19 public health emergency.

(c) The nonlicensed person is no longer employed by the provider as a result of the temporary closure mandated pursuant to Proclamation Number 33 JBE 2020, or any subsequent proclamation declaring the existence of a statewide COVID-19 public health emergency.

(d) The nonlicensed person is being rehired by the same provider within sixty days of the provider resuming operations.

(e) The nonlicensed person provides a written attestation that he has not been arrested or received a criminal conviction during the period from the date the nonlicensed person was last employed by the provider to the date of rehiring.

D.(1) The office or authorized agency shall provide to the employer only such information as is necessary to specify whether or not that person has been arrested for or convicted of or pled nolo contendere to any crime or crimes, the crime or crimes for which he has been arrested or convicted or to which he has pled nolo contendere, and the date or dates on which the crime or crimes occurred.

(2) Within thirty days of receiving notification by the employer to conduct a criminal history and security check, the office or authorized agency shall complete the criminal history and security check and then report the results of the check to the requesting employer in writing.

E.(1) An employer shall inform each applicant for employment or each prospective contract provider that the employer is required to obtain a criminal history record and perform a security check before such employer makes an offer of employment to, or contracts with, a nonlicensed person or any licensed ambulance personnel. The employer shall obtain written permission from the applicant for the release of such information to the employer on

a form that clearly notifies the applicant it is a crime to provide false information concerning a criminal history check to an employer.

(2) Upon request of the employer, each applicant for employment may be fingerprinted and submit fingerprint samples to the Louisiana Bureau of Criminal Identification and Information pursuant to R.S. 15:587 to be used to obtain the criminal history record.

F. Employers subject to the provisions of this Part shall only contract for staffing services provided by businesses who comply with the provisions of this Part. Businesses that provide contract staffing services to healthcare providers shall comply with the provisions of this Part. Such businesses shall send accompanying letters certifying that the contracted staff meet license or certification standards of their profession and have undergone and passed criminal background checks.

G.(1) Prior to any educational institution or approved training program accepting an applicant for the clinical preceptor nurse aide training program, a statewide criminal history background check, which includes a check of the national sex offender public registry, shall be conducted. The educational institution or approved training program shall request in writing that the office or authorized agency conduct a criminal history and security check on the applicant and shall provide the office or authorized agency with any relevant information required by the office or authorized agency to conduct the check. The educational institution or approved training program may request the criminal history and security check be performed using the fingerprints of the applicant.

(2) An educational institution, approved training program, or authorized agency shall pay the fee the office is authorized by law to charge for a search of the office's criminal history files on an applicant for the clinical preceptor nurse aide training program.

(3) The security check shall consist of the use of personal identifiers, such as name, social security number, date of birth, and driver's license number, to search the national sex offender public registry. An authorized agency shall notify the office if a security check reveals that an applicant is listed in the national sex offender public registry.

RS 40:1203.3 — Refusal to hire or contract; termination of employment; exceptions to hiring

E of this

Section, no employer shall hire any licensed ambulance personnel or nonlicensed person when the results of a criminal history check reveal that the licensed ambulance personnel or nonlicensed person has been convicted of any of the following offenses:

(1) R.S. 14:28.1, 30, 30.1, 31, 32.6, 32.7, 32.12, 34, 34.1, 34.7, 35.2, 37, 37.1, 37.4, 38.1, 42, 42.1, 43, 43.1, 43.2, 43.3, 43.5, 44, 44.1, 46.2, 51, 60, 64, 64.1, 64.4, 66, 67.16, 89, 89.1, 93.3, 93.4, 93.5, 283.3 or distribution or possession with the intent to distribute controlled dangerous substances as listed in Schedules I through V of the Uniform Controlled Dangerous Substances Act.

(2) An attempt or conspiracy to commit any of the offenses listed in Paragraph (1) of this Subsection.

(3) The felony offense involving theft, pursuant to R.S. 14:67, or theft of assets of an aged person or person with a disability, pursuant to R.S. 14:67.21 in excess of five

hundred dollars or in any case in which the offender has been previously convicted of theft, pursuant to R.S. 14:67, or theft of assets of an aged person or person with a disability, pursuant to R.S. 14:67.21, regardless of the value of the instant theft.

(4) An attempt or conspiracy to commit an offense listed in Paragraph (3) of this Subsection.

B. Additionally, except as otherwise provided in R.S. 40:1203.2(C), no employer who provides care or services to any person under the age of twenty-one shall hire any licensed ambulance personnel or nonlicensed person when the results of the criminal history check reveal that the licensed ambulance personnel or nonlicensed person has been convicted of any of the following offenses:

(1) R.S. 14:44.2, 80, 81.2, or 93.

(2) An attempt or conspiracy to commit any of the offenses listed in Paragraph (1) of this Subsection.

C. If the results of a criminal history check reveal that a nonlicensed person or any licensed ambulance personnel hired on a temporary basis or any other person who is an employee has been convicted of any of the offenses listed in Subsection A or B of this Section, the employer shall immediately terminate the person's employment.

D.(1) The provisions of this Section shall not apply to a nonlicensed person or licensed ambulance personnel who was working under a waiver granted under the law in effect prior to August 15, 2010, so long as that person continues to be employed for the employer who granted the waiver and the person began employment for the employer prior to August 15, 2010, or a person who has received a pardon of the conviction or has had his conviction expunged.

(2) The employment prohibition provided for in this Section shall not apply to a state-certified hospice attendant as provided for in R.S. 40:2192.

E.(1) For purposes of this Subsection, "peer support specialist" means a behavioral health staff member who possesses lived experience with his own behavioral health condition and with navigating the behavioral health services network who seeks employment with a behavioral healthcare facility or program serving people with behavioral health conditions.

(2) The provisions of this Subsection shall apply exclusively to peer support specialists employed or contracted with a behavioral health services provider licensed by the department and shall not be construed to apply to any other person or any licensed personnel.

(3) Notwithstanding any other provision of law, a person shall not be prohibited or disqualified from employment as a peer support specialist with a licensed behavioral health services provider if the person's criminal background check reveals he has been convicted of an offense provided for in R.S. 14:38.1 or 67, or convicted of distribution or possession with the intent to distribute controlled dangerous substances listed in Schedules I through V of the Uniform Controlled Dangerous Substances Law, R.S. 40:961 et seq., if that person meets all of the following requirements:

(a) No less than three years prior to being hired as a peer support specialist, the person satisfactorily completed his sentence or was lawfully released from confinement,

supervision, or probation imposed by a court for the person's most recent conviction for an offense listed in this Paragraph.

(b) After satisfactorily completing his sentence or after being lawfully released from confinement, supervision, or probation for his most recent conviction for an offense listed in this Paragraph, the person successfully completed all training and requirements established by the office of behavioral health of the department for a peer support specialist as evidenced by a Notice of Completion of Training and Requirements issued by the office of behavioral health or its designee.

(4) Nothing in this Subsection shall be construed as creating an obligation upon an employer to offer employment to a person.

(5) The department shall promulgate rules in accordance with the Administrative Procedure Act relating to the training and requirements of peer support specialists for purposes of implementing this Subsection.

RS 40:1203.4 — Confidentiality of criminal history records

nt and the employer requesting the information.

B. Except by court order or with the written consent of the person being investigated, the records or information obtained from or regarding the records shall not be released or otherwise disclosed to any other person or agency.

C. The records shall be destroyed after one year from the termination of employment of the person to whom such records relate. However, upon receipt of written consent by an applicant for employment with a health provider, the employer in receipt of a criminal history check may send a copy to the employer seeking the referral.

RS 40:1203.5 — Compliance

provisions of this Part.

RS 40:1203.6 — Ineligible for unemployment compensation

I not be eligible for unemployment compensation.

RS 40:1203.7 — Application to be approved as an authorized agency

Criminal Identification and Information

along with the following documents to prove the individual's or business entity's qualifications:

(1) The applicant must be currently licensed in the state of Louisiana as a private investigator or detective by the Louisiana State Board of Private Investigator Examiners as evidenced by current and valid licensure issued by the Louisiana State Board of Private Investigator Examiners, or an individual employed by a business entity domiciled in the state of Louisiana and registered and in good standing with the secretary of state at the time of application whose primary source of business is background screenings.

(2) The applicant must not currently be charged by bill of information or under indictment for, or have been convicted of, any felony offense in this state or any other jurisdiction and shall submit to a background investigation to determine that this requirement

is met.

(3) The applicant shall be domiciled in the state of Louisiana and shall present proof of qualification to do business within the state of Louisiana, as evidenced by a valid certificate of authority issued by the secretary of state, and designation of an agent for service of process as required by law. If the applicant is operating as a sole proprietorship, a current and valid occupational license shall be presented.

(4) The applicant shall execute a written agreement whereby he agrees to maintain the confidentiality of any and all information provided to it by the Louisiana Bureau of Criminal Identification and Information pursuant to R.S. 40:1203.1 et seq., abide by all applicable laws, rules and regulations pertaining to receipt and use of criminal history information, cooperate in any auditing procedure conducted by the Louisiana Bureau of Criminal Identification and Information, and inform the Louisiana Bureau of Criminal Identification and Information in writing of any known violations regarding the use of criminal history information he receives.

B. Upon receipt of a completed application for approval as an authorized agency, the Louisiana Bureau of Criminal Identification and Information shall review the application and conduct whatever investigation it deems necessary to verify the information. Upon completion of this review, the Louisiana Bureau of Criminal Identification and Information shall inform the applicant in writing of its approval or denial of the application and, in the case of denial, the reasons for such denial.

C. Each authorized agency shall maintain the eligibility requirements to be approved as an authorized agency. Each authorized agency shall notify the Louisiana Bureau of Criminal Identification and Information in writing of a change in its qualification requirements within fifteen days of the change. Failure to continue to maintain the eligibility requirements shall result in cancellation of approval as an authorized agency.

RS 40:1205.1 — Health Professional Development Program

e program is established

to meet the current and projected continued severe shortage of medical doctors and nurses in health professional shortage areas in the state by increasing the number of primary health care practitioners in shortage areas through a program for repayment of loans, a program for physician retention and recruitment, and a scholarship program. The Louisiana Department of Health may participate in any federal programs that provide matching funds or total funding for health professional development.

RS 40:1205.2 — Definitions

he Louisiana Department of Health.

(2) "Health professional shortage areas" means areas so classified by the United States Public Health Services as areas with a shortage of health professionals.

(3) "Primary health care practitioner" means a medical practitioner who provides a basic level of health care, including but not limited to a general practitioner, internist, obstetrician, gynecologist, and pediatrician, as well as a nonphysician provider such as a nurse and advanced nursing specialist.

(4) "Secretary" means the secretary of the Louisiana Department of Health.

RS 40:1205.3 — Retention and recruitment program

sional shortage areas or facilities.

B. Such a plan shall provide for identification of shortage areas, prioritize long-term and short-term goals and strategies, provide a special minority component, and provide for public input.

C. The department shall implement the retention and recruitment plan, directly or through contract. Implementation may include advertising and promotion, professional recruitment services, travel, and all other necessary expenses.

RS 40:1205.4 — Loan repayment program

Public

Health Service Act.

B. To be eligible for the loan repayment program, an applicant must be licensed and qualified as a physician or nurse to practice in Louisiana, be willing to practice in a health professional shortage area, and meet any other requirements which may be established by the program.

C. Medical education loans shall be repaid retroactively after each term of service in a health professional shortage area for up to three years depending upon the primary health care provider's length of service.

D. Loans may be repaid for up to twenty thousand dollars per year of service.

E. The program shall provide an implementation schedule for loan repayments by January 1, 1992.

RS 40:1205.5 — Scholarship program

epartment

shall administer a state scholarship program. To be eligible for the scholarship program an applicant must:

(1) Be accepted for enrollment, or be enrolled as a full-time student in a program offering a doctor of medicine degree at a professional school of the Louisiana State University Health Sciences Center or the Tulane University School of Medicine, an approved program offering training as a registered nurse in a public or regionally accredited independent institution of higher education, or an approved program offering training as a licensed practical nurse at a public institution.

(2) Pursue an approved course of study and maintain an acceptable level of academic standing, leading to a degree in medicine, dentistry, or other health-related specialty, as determined by the secretary.

(3) Agree in writing to serve in the health professional shortage areas, in Louisiana one and one-half years for each year of receiving the scholarship and to accept and maintain an open panel for Medicaid, Medicare, and uninsured patients during his service. Failure to serve as agreed to in writing shall result in the repayment of such scholarship and a substantial penalty as determined by the department.

B. Subject to the availability of funding, the department shall provide scholarships equal to the lowest base tuition of a public medical school in the state and sufficient to

provide for the graduation each year of the following:

(1) Physicians from accredited graduate medical education training programs in the disciplines of general family medicine, general internal medicine, general pediatrics, general medicine/pediatrics, obstetrics, gynecology, dentistry, or optometry.

(2) Registered or advanced practice nurses.

(3) Licensed practical nurses.

C. Subject to the availability of funding, any scholarship awarded by the department to a nursing student shall be equal to the lowest base tuition of a public nursing school in the state.

D. The department may access state, federal, or grant funding made available to the department for the purpose of fulfilling the scholarships offered in accordance with this Part.

RS 40:1205.6 — Loan forgiveness for primary care physicians, pediatricians, surgeons,

physicians, which shall include those practicing family medicine, internal medicine, pediatrics, medicine/pediatrics, obstetrics, gynecology, and general surgery, hereinafter collectively referred to as "primary care physicians", who are practicing in a rural health professional shortage area, hereinafter referred to as an "HPSA", and who serve on the active medical staff of a rural hospital in accordance with such hospital's medical staff bylaws, rules, and regulations. "Rural hospital" is defined as provided for in R.S. 40:1189.3. The establishment of this loan forgiveness program shall be subject to an act of the legislature appropriating monies sufficient to establish and implement the program.

B. The department shall coordinate the administration of the program.

C. The department may provide assistance for the repayment of a student loan for education at an institution of higher learning received by a primary care physician, practicing in a rural HPSA and on the active medical staff of a rural hospital in accordance with such hospital's medical staff bylaws, rules, and regulations. Repayment shall be made by the department to the lending institution on behalf of the loan recipient.

D. Consideration for loan repayment assistance shall be as follows:

(1) The applicant must be an individual who has one of the following:

(a) A medical degree from an accredited medical school.

(b) Completed an Accreditation Council of Graduate Medical Education (ACGME) accredited training program in family medicine, internal medicine, pediatrics, medicine/pediatrics, obstetrics, gynecology, or general surgery and is board eligible in one of such areas.

(c) A license to practice medicine in the state.

(2) An applicant who is qualified under Paragraph (1) of this Subsection shall agree to practice in a rural hospital as a primary care physician, for not less than five years according to a schedule developed by the department.

E. A physician who is eligible pursuant to Subsection D of this Section shall be eligible to receive an amount of loan forgiveness of up to two hundred fifty thousand dollars, as established by the department, based on the total amount of the physician's debt and the available funding for this program. No less than ten percent of such debt amount shall be forgiven each year, subject to funds available for loan exonerations in that fiscal year.

F. A recipient of loan repayment assistance shall enter into a contract with the department, which shall be considered a contract with the state. The contract shall include but not be limited to the following terms and conditions:

- (1) An unlicensed applicant shall apply for a license to practice medicine at the earliest practicable opportunity.
- (2) Within six months after licensure and the completion of all ACGME requirements for the medical specialty, an applicant shall engage in the practice of family medicine, internal medicine, pediatrics, medicine/pediatrics, obstetrics, gynecology, and general surgery in a rural HPSA and obtain and maintain, during the term of the loan repayment agreement with the department, active medical staff privileges at a rural hospital in accordance with such hospital's medical staff bylaws, rules, and regulations. The department shall provide applicants with a list of available rural hospital sites and shall, to the extent possible, approve applicant selections in the order they are received.
- (3) The applicant shall agree, for a period of not less than five full years, to practice, on a full-time basis, not less than thirty-six hours per week, at an office, leased or owned by the applicant, a physician or physicians's group practice, or at an entity licensed by the department located in a rural HPSA while maintaining active medical staff privileges at a rural hospital, in accordance with such hospital's medical staff bylaws, rules, and regulations.
- (4) The applicant shall agree to treat patients who are eligible for Medicaid and Medicare.
- (5) The applicant shall permit the department to monitor his practice to determine compliance with the terms of the contract.
- (6) The department shall certify compliance with the terms of the contract for purposes of receipt by the physician of loan repayment awards for years subsequent to the initial year of the loan.
- (7) The contract shall be renewable on an annual basis upon certification by the department that the physician has complied with the terms of the contract.
- (8) Upon the recipient's death or total or permanent disability, the department shall nullify the service obligation of the recipient.
- (9) If the recipient is convicted of or pleads guilty or no contest to a felony or misdemeanor or if the appropriate licensing board has determined that the recipient has committed an act of gross negligence in the performance of service obligations or has suspended or revoked the license to practice, the department shall have the authority to terminate the recipient's service in the program and demand repayment of the assistance rendered to date.
- (10) Loan recipients who fail to begin or complete the obligations contracted for shall pay to the department three times the amount of assistance received. Falsification or misrepresentation on an application or in verification of service shall be construed to be a default. Determination as to the time of breach of contract shall be made by the department. Both the recipient and the department shall make every effort to resolve conflicts in order to prevent a breach of contract.

G. The department shall have the authority to seek garnishment of wages for the

collection of damages provided for in Paragraph (10) of Subsection F of this Section.

RS 40:1205.7 — Rules

1991, No. 502, §1; Redesignated from R.S. 40:1300.7 by HCR 84 of 2015 R.S.

RS 40:1207.1 — Scholarship and loan program

for which there are no

associated medical educational programs offered in the state.

B. The Board of Regents is hereby authorized to develop and administer through the promulgation of rules and regulations, pursuant to the Administrative Procedure Act, the Medical and Allied Health Professional Education Scholarship and Loan Program for students who choose to pursue certain out-of-state medical education because similar medical education programs are not offered in the state. The Board of Regents shall provide for the qualifications of the students and for the medical education programs to be included in the program. The Board of Regents shall require that all recipients of scholarship or loan funds, pursuant to this program, agree in writing to return to the state to practice for a minimum of one and one-half years for each year the scholarship or loan is received and to maintain enrollment as a Medicaid provider during their service.

C. The Board of Regents is hereby authorized to enter into agreements with a public trust and public corporation duly organized pursuant to R.S. 9:2341 et seq., having for its beneficiary the state for the purpose of administering and providing for a loan program to provide low interest loans to students seeking medical education for which there are no associated medical educational programs offered in the state. Notwithstanding any provision of law to the contrary, the public trust and public corporation duly organized pursuant to R.S. 9:2341 et seq., having for its beneficiary the state, may issue bonds, notes, or other obligations to the public and others for the purposes of this Part.

D. The Board of Regents may access state, federal, or grant funding made available to the Board of Regents for the purpose of fulfilling the scholarships offered in accordance with this Part.

RS 40:1207.2 — Medical and Allied Health Professional Education Scholarship and Loan Fund

nal Education Scholarship and Loan Fund, hereinafter sometimes

referred to as "the fund". The Louisiana Department of Health shall deposit into the state treasury on a quarterly basis at least twenty-five percent of all monies, not to exceed two hundred thousand dollars in any fiscal year, retained by the Louisiana Department of Health from local intergovernmental transfers which are transferred for the purpose of making supplemental payments to physicians.

B.(1) Notwithstanding any other provision of law, after compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund, and after a sufficient amount is allocated from that fund to pay all of the obligations secured by the full faith and credit of the state which become due and payable within any fiscal year, the treasurer shall deposit into the fund those monies transferred to the treasurer from the Louisiana Department of Health which were generated by the Louisiana Department of Health through the use of any Medicaid upper

payment limit financing mechanism created or maintained for physicians.

(2) The monies in this fund shall be used solely for the provision of the Medical and Allied Health Professional Education and Loan Scholarship Program as provided for by this Part and only in the amounts appropriated by the legislature. All unexpended and unencumbered monies in the fund at the end of the fiscal year shall remain in the fund. The monies in the fund shall be invested by the state treasurer in the same manner as monies in the state general fund, and interest earned on the investment of these monies shall be credited to the fund following compliance with the requirements of Article VII, Section 9(B) relative to the Bond Security and Redemption Fund.

RS 40:1211.1 — Screening mammography permitted

a mammography in

this state may perform a screening mammography without the direction by prescription of a licensed practitioner.

B. A facility offering screening mammography may request a referral for a screening mammogram from a physician licensed to practice medicine by the Louisiana State Board of Medical Examiners.

RS 40:1211.2 — Notification of results

ption of a

licensed practitioner.

B. The report of results mailed to the patient and to any physician named pursuant to Subsection A of this Section shall clearly state whether the need for any follow-up care is indicated by the mammogram.

RS 40:1211.3 — Notice concerning supplemental screening

ch mammography

facility certified by the United States Food and Drug Administration or by a certification agency approved by the United States Food and Drug Administration shall mail to the patient, in addition to any letter or report required by 21 CFR Part 900, the following notice in conspicuous and legible type which is not smaller than twelve-point font:

"If your mammogram demonstrates that you have dense breast tissue, which could hide abnormalities, and you have other risk factors for breast cancer that have been identified, you might benefit from supplemental screening tests that may be suggested by your ordering physician.

Dense breast tissue, in and of itself, is a relatively common condition. Therefore, this information is not provided to cause undue concern, but rather to raise your awareness and to promote discussion with your physician regarding the presence of other risk factors, in addition to dense breast tissue.

A summary of your mammography results will be sent to you, and a full mammography report will be sent to your physician and also to you. You should contact your physician if you have any questions or concerns regarding your summary or report of results."

B. The notice provided for in this Section may be transmitted to the patient by either

regular mail or certified mail via the United States Postal Service, or by any other commercial mail delivery service.

C. Notwithstanding any other law, compliance with this Section does not create a cause of action or create a standard of care, obligation, or duty that provides a basis for a cause of action.

D. The information required by this Section or evidence that a person violated this Section shall not be admissible in a civil, judicial, or administrative proceeding.

RS 40:1211.4 — Mammography and ultrasound reports; transmittal to patients required

ncy approved by the United States Food and Drug

Administration and every healthcare facility that performs breast ultrasound examinations shall transmit to each mammography and ultrasound patient the following, as appropriate to the procedure performed:

(1) A copy of the patient's mammography report, as defined in 21 CFR 900.12(c), issued by the facility to the patient's referring physician.

(2) A copy of the patient's full narrative radiology report of ultrasound findings.

B.(1) Each healthcare facility subject to the requirements of this Section shall transmit the mammography and ultrasound reports specified in Subsection A of this Section to patients within the time frame prescribed in 21 CFR 900.12(c) for communication of mammography results to healthcare providers.

(2) A healthcare facility subject to the requirements of this Section may transmit mammography and ultrasound reports to patients in any manner that comports with the provisions of 45 CFR Part 164 relative to security and privacy of health information.

C. In addition to providing reports to patients in accordance with Subsection A of this Section, a healthcare facility may provide such reports electronically through an electronic patient portal that meets applicable standards provided in federal law and regulation.

RS 40:1211.5 — Limitation of liability

211.2 on the

part of the performer of that screening mammogram or any physician performing an assessment of a screening mammogram shall cease upon delivery of the results or report of such screening mammogram to the screened or tested individual and to any physician named by the patient to receive such results. These results shall be sent by certified mail, return receipt requested, and shall comply with the reporting requirements for mammography results in the federal Mammography Quality Standards Act, 42 U.S.C. 263b, and any regulations promulgated pursuant thereto, including 21 CFR 900.1 et seq.

B. The liability of a supervising licensed practitioner for follow-up of patients following a screening mammogram shall be limited to informing the patient and a designated physician in accordance with the guidelines issued under the Mammography Quality Standards Act, 42 U.S.C. 263b, and any regulations promulgated pursuant thereto, including 21 CFR 900.1 et seq.

RS 40:1213.1 — Purpose

obile cholesterol screening units.

RS 40:1213.2 — Definitions

m him by means of a fingerstick sample.

(2) "Department" means the Louisiana Department of Health.

(3) "Fingerstick sample" means a quantity of blood taken from a person by sticking his finger with a needle or lancet.

(4) "Mobile cholesterol screening unit" means a unit or operation that travels from one location to another and provides cholesterol screening services to the public without the necessity of a referral from a licensed physician.

(5) "Secretary" means the secretary of the Louisiana Department of Health.

RS 40:1213.3 — Cholesterol screening by mobile cholesterol screening units; standards

lowing standards:

(1) The cholesterol screening services shall be organized and provided under the general supervision of a licensed clinical laboratory or a licensed physician who is qualified, by education and training, to conduct and interpret the results of the tests offered, and who is knowledgeable regarding quality control, calibration of the instrument, and proper maintenance of the equipment. The physician may be employed or serve as a consultant to the unit.

(2) Systems and instruments used for the testing shall be properly calibrated and periodically checked for calibration by a person qualified and trained to do so.

(3) The testing shall be performed only by personnel properly qualified, by education and training, in the drawing of blood samples, proper sterile techniques, and the correct operation of the testing instruments.

(4)(a) No person administering the tests shall attempt to interpret the clinical significance of the test results, render or express a medical diagnosis, or in any way suggest the necessity or appropriateness or lack of necessity or appropriateness of any form of treatment.

(b) The provisions of this Paragraph shall not apply to a licensed physician or other qualified health care professional.

(5) Persons tested shall be advised of the necessity of appropriate follow-up with a medical professional should the screening test warrant such, as outlined in the national cholesterol screening program guidelines or equal standards.

RS 40:1213.4 — Penalty

than six months, or both. For each subsequent offense, the violator shall be fined not more than one thousand dollars, imprisoned not more than one year, or both.

RS 40:1213.5 — Rules and regulations

trative

Procedure Act.

RS 40:1216.1 — Procedures for survivors of a sexually oriented criminal offense; immunity;

als and healthcare providers in Louisiana shall offer every

sexual assault survivor information to receive the treatment provided for in this Section. A licensed hospital or healthcare provider shall adhere to the following procedures if a person presents for treatment as a sexual assault survivor:

(1)(a) Except as provided in Subparagraphs (b) and (c) of this Paragraph, a survivor shall decide whether or not the incident will be reported to law enforcement officials. No hospital or healthcare provider shall require the survivor to report the incident to receive medical attention or collect evidence.

(b) If a person under the age of eighteen presents for treatment as a sexual assault survivor, the hospital or healthcare provider shall immediately notify the appropriate law enforcement agency or any other official necessary to fulfill any mandatory reporting obligation required by law.

(c) If a survivor is physically or mentally incapable of making the decision to report, the hospital or healthcare provider shall immediately notify the appropriate law enforcement officials.

(2) All sexual assault survivors shall be examined and treated, without undue delay, in a private space required to ensure the health, safety, and welfare of the survivor by a qualified healthcare provider. Examination and treatment, including the forensic medical examination, shall be adapted as necessary to address the unique needs and circumstances of each survivor. All survivors shall be afforded an advocate whose communications are privileged in accordance with the provisions of R.S. 46:2187, if one is available. With the consent of the survivor, an advocate shall remain in the examination room during the forensic medical examination. With the consent of the survivor, the examination and treatment of all sexual assault survivors shall, at a minimum, include all of the following:

(a) Examination of physical trauma.

(b) Patient interview, including medical history, triage, and consultation.

(c) Collection and evaluation of evidence, including but not limited to the following:

(i) Photographic documentation.

(ii) Preservation and maintenance of chain of custody.

(iii) Medical specimen collection.

(iv) When determined necessary by the healthcare provider, an alcohol or drug-facilitated sexual assault assessment and toxicology screening.

(d) Any testing related to the sexual assault or recommended by the healthcare provider.

(e) Any medication provided during the forensic medical examination, which may include emergency contraception and HIV or STI prophylaxis.

(3)(a) If the survivor wishes to report the incident to law enforcement, the hospital or healthcare provider shall contact the appropriate law enforcement agency having jurisdiction over the location where the crime occurred. If the location where the crime occurred cannot be determined, the hospital or healthcare provider shall contact the law enforcement agency having jurisdiction over the location where the forensic medical examination is performed to determine the appropriate investigating agency.

(b) Upon completion of the forensic medical examination, the sexual assault

collection kit shall be turned over to the investigating law enforcement agency. No sexual assault collection kit shall remain at a hospital or medical facility if the hospital or medical facility is unable to store the sexual assault kit in a secure location that ensures proper chain of custody. If a hospital or medical facility has a secure location to store the sexual assault collection kit that ensures proper chain of custody, the investigating law enforcement agency shall take possession of the sexual assault collection kit within seventy-two hours upon notification of completion of the sexual assault collection kit by the hospital or healthcare provider. A healthcare provider working for a coroner's office may store the sexual assault collection kit in a secure location maintained by the coroner.

(4) If the survivor does not wish to report the incident to law enforcement, the hospital or healthcare provider shall, upon completion of the forensic medical examination, contact the law enforcement agency having jurisdiction over the location where the forensic medical examination was performed to transfer possession of the unreported sexual assault collection kit for storage. The unreported sexual assault collection kit shall not be identified or labeled with the survivor's identifying information. The hospital or healthcare provider shall maintain a record of the sexual assault collection kit number in the survivor's record that shall be used for identification should the survivor later choose to report the incident. The healthcare provider shall provide all information required by the statewide tracking system operated by the office of state police, pursuant to R.S. 15:624.1. No sexual assault collection kit shall remain at a hospital or medical facility if the hospital or medical facility is unable to store the sexual assault kit in a secure location that ensures proper chain of custody. If a hospital or medical facility has a secure location that ensures proper chain of custody, the law enforcement agency having jurisdiction over the location where the forensic medical examination was performed shall take possession of the unreported sexual assault collection kit within seventy-two hours upon notification of completion of the sexual assault collection kit by the hospital or healthcare provider. A healthcare provider working for a coroner's office may secure the unreported sexual assault collection kit in a secured location maintained by the coroner. The law enforcement agency shall not destroy or dispose of an unreported sexual assault collection kit for a period of at least twenty years after the forensic medical examination was performed. If a healthcare provider working for a coroner's office chooses to store an unreported sexual assault collection kit at a coroner's office, the healthcare provider shall not destroy or dispose of an unreported sexual assault collection kit for period of at least twenty years after the forensic medical examination was performed.

(5) No hospital or healthcare provider shall directly bill a survivor of a sexually oriented criminal offense for any healthcare services rendered in conducting a forensic medical examination, including the healthcare services rendered in accordance with Paragraph (2) of this Subsection and the following:

- (a) Forensic examiner and hospital or healthcare facility services directly related to the exam, including integral forensic supplies.
- (b) Scope procedures directly related to the forensic exam including but not limited to anoscopy and colposcopy.
- (6) The healthcare provider who performed the forensic medical exam and the

hospital or healthcare facility shall submit a claim for payment for conducting a forensic medical exam directly to the Crime Victim Reparations Board to be paid in strict accordance with the provisions of R.S. 46:1822. A survivor of a sexually oriented criminal offense shall not be billed directly or indirectly for the performance of any forensic medical exam. The provisions of this Paragraph shall not be interpreted or construed to apply to either of the following:

(a) A healthcare provider billing for any medical services that are not specifically set forth in this Section or provided for diagnosis or treatment of the survivor for injuries related to the sexual assault.

(b) A survivor of a sexually oriented criminal offense seeking reparations in accordance with the Crime Victims Reparations Act, R.S. 46:1801 et seq., for the costs for any medical services that are not specifically set forth in this Section or provided for the diagnosis or treatment of the survivor for injuries related to the sexual assault.

(7) The department shall make available to every hospital and healthcare provider licensed under the laws of this state a pamphlet containing an explanation of the billing process for services rendered pursuant to this Section. Every hospital and healthcare provider shall provide a copy of the pamphlet to any person presented for treatment as a survivor of a sexually oriented criminal offense.

(8)(a) The survivor shall be provided with information about emergency contraception which shall be developed and made available electronically to all licensed hospitals in this state through the Louisiana Department of Health's website and by paper form upon request to the department.

(b) The treating healthcare provider shall inform the survivor of the option to be provided emergency contraception at the hospital or healthcare facility and, upon the completion of a pregnancy test yielding a negative result, shall provide emergency contraception upon the request of the survivor.

B.(1) These procedures shall constitute minimum standards for the operation and maintenance of hospitals under the provisions of this Part, and failure to comply with the standards shall constitute grounds for denial, suspension, or revocation of license under provisions of this Part.

(2) Failure to comply with the provisions of this Section may constitute grounds for denial, suspension, or revocation of the healthcare provider's license by the appropriate licensing board or commission.

C. No hospital or healthcare provider shall refuse to examine and assist a survivor on the grounds that the alleged offense occurred outside of or the survivor is not a resident of the jurisdiction.

D.(1) Any member of the hospital staff or a healthcare provider who in good faith notifies the appropriate law enforcement official pursuant to Paragraph (A)(1) of this Section shall have immunity from any civil liability that otherwise might be incurred or imposed because of the notification. The immunity shall extend to participation in any judicial proceeding resulting from the report.

(2) The hospital or healthcare provider staff member who notifies the appropriate law

enforcement official shall document the date, time, and method of notification and the name of the official who received the notification.

(3) On or before January first of each year, each law enforcement agency shall provide each hospital located in its respective jurisdiction with the name of the responsible contact person along with the responsible person's contact information in order to comply with the provisions of this Section.

E.(1) The Louisiana Department of Health, through the medical directors of each of its nine regional health service districts, shall coordinate an annual sexual assault response plan for each district. Each district shall submit a proposed plan for review by the secretary no later than November first of each year. An approved plan shall become effective February first of the following year.

(2) When developing the annual response plan, each district shall incorporate a sexual assault response team protocol and the uniform protocol for human trafficking established by the Human Trafficking in Emergency Departments Task Force. Each district shall develop the annual plan to do all of the following:

(a) Provide an inventory of all available resources and existing infrastructure in the region and clearly outline how the resources and infrastructure will be incorporated in the most effective manner.

(b) Clearly outline the entity responsible for the purchase of sexual assault collection kits and the standards and procedures for the storage of the kits prior to use in a forensic medical examination.

(c) Clearly outline the standards and procedures for a survivor to receive a forensic medical examination, as defined in R.S. 15:622, to ensure access to such an examination in every parish. The plan shall designate a hospital or healthcare provider to be the lead entity for sexual assault examinations for adult survivors and a hospital or healthcare provider to be the lead entity for sexual assault examinations for pediatric survivors. The plan shall also include specific details directing first responders in the transport of survivors of a sexually oriented crime, the appropriate party to perform the forensic medical examination, and any required training for a person performing a forensic medical examination.

(d) Clearly outline the standards and procedures for the handling and payment of medical bills related to the forensic medical examination to clarify and ensure that those standards and procedures are in compliance with this Section and any other applicable section of law.

(e) Clearly outline the standards and procedures for the transfer of sexual assault collection kits pursuant to this Section and any other applicable section of law.

(3) When developing the annual response plan, the department shall solicit the input of interested stakeholders in the region including but not limited to all of the following:

(a) The sheriff for each parish within the region.

(b) The chief of police for any political subdivision located within the region.

(c) All hospitals located within the region.

(d) The coroner for each parish within the region.

(e) First responder organizations located within the region.

- (f) Higher education institutions located within the region.
- (g) The school board for each parish located within the region.
- (h) Sexual assault advocacy organizations and children's advocacy centers providing services within the region.
- (i) The district attorney for each parish within the region or his designee.
- (j) Each crime lab located within the region.
- (4) The annual response plan shall be approved by the stakeholders as provided for in Paragraph (3) of this Subsection.
- (5) The department shall include an appendix in each regional plan that provides a copy of all notices sent to stakeholders about the sexual response plan meeting, a list of the individuals and organizations that were provided notice, the method and timing of the notice provided, and a list of the individuals and organizations in attendance at the meeting.
- (6) The department shall record all meetings and make the recordings and annual plans available through the Louisiana Department of Health's website.

F. All sexual assault collection kits used in a forensic medical examination shall meet the standards developed by the Louisiana Department of Health and the Department of Public Safety and Corrections.

G.(1) Upon request of a competent adult survivor of a sexually oriented criminal offense, the healthcare provider that performed the forensic medical exam shall provide a reproduction of any written documentation which is in the possession of the healthcare provider resulting from the forensic medical exam of the survivor. The documentation shall be provided to the survivor no later than fourteen days after the healthcare provider receives the request or the healthcare provider completes the documentation, whichever is later.

(2) The reproduction of written documentation provided for in this Subsection shall be made available at no cost to the survivor and may only be released at the direction of the survivor who is a competent adult. This release does not invalidate the survivor's reasonable expectation of privacy nor does the record become a public record after the release to the survivor.

H. For purposes of this Section the following definitions apply:

- (1) "Emergency contraception" means only drugs approved by the United States Food and Drug Administration with mechanisms of action that likely include the prevention of ovulation, sperm capacitation, or fertilization after sexual intercourse and do not meet the definition of a legend drug as defined in R.S. 40:1060.11.
- (2) "Forensic medical examination" has the same meaning as defined in R.S. 15:622.
- (3) "Healthcare provider" means either of the following:
 - (a) A physician, sexual assault nurse examiner, or other healthcare practitioner licensed, certified, registered, or otherwise authorized and trained to perform a forensic medical examination.
 - (b) A facility or institution providing healthcare services, including but not limited to a hospital or other licensed inpatient center; ambulatory surgical or treatment center; skilled nursing facility; inpatient hospice facility; residential treatment center; diagnostic, laboratory, or imaging center; or rehabilitation or other therapeutic health setting.

(4) "Healthcare services" means services, items, supplies, or drugs for the diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury, or disease ancillary to a sexually oriented criminal offense.

(5) "Sexual assault collection kit" includes all evidence collected during a forensic medical examination.

(6) "Sexually oriented criminal offense" has the same meaning as defined in R.S. 15:622.

(7) "Unreported sexual assault collection kit" means a sexual assault collection kit where a law enforcement agency has not received a related report or complaint alleging that a sexual assault has occurred.

RS 40:1217.1 — Short title

015 R.S.

RS 40:1217.2 — Finding; statement of purpose

n this state each year from

chronic kidney disease when the present state of medical art and technology could return many of these people to a socially productive life. Many of these people may die due to lack of personal financial resources to pay for the expensive equipment and care necessary for survival.

B. The legislature recognizes a responsibility to allow its citizens to remain healthy without being pauperized and a responsibility to use the resources and organizations of the state to gather and disseminate information on the prevention and treatment of chronic kidney disease.

C. The legislature further finds that a comprehensive program to combat chronic kidney disease must be implemented through the combined and correlated efforts of individuals, state and local governments, persons in the field of medicine, universities, and nonprofit organizations. Therefore, it is the purpose of this Part to provide a comprehensive and coordinated approach to direct the use of resources and care and treatment of chronic kidney disease.

RS 40:1217.3 — Definitions

me" means adjusted gross income as provided by the federal income tax return.

(2) "Chancellor" means the chancellor of the Louisiana State University Health Sciences Center at Shreveport.

(3) "Medical center" means the Louisiana State University Health Sciences Center at Shreveport.

(4) "Other benefit" means a benefit, other than one provided under this Part, to which a person is entitled for payment of the costs of medical care and treatment, services, pharmaceutical, transportation, and supplies including benefits available from any of the following:

(a) An insurance policy, group health plan, or prepaid medical.

(b) Title XVIII or Title XIX of the Social Security Act (42 U.S.C. Sections 1395 et

seq. and 1396 et seq.).

(c) The United States Department of Veterans Affairs.

(d) The Civilian Health and Medical Program of the Uniformed Services.

(e) Workers' compensation or other compulsory employer's insurance program.

(f) A public program created by federal or state law or an ordinance or rule of a municipality or other political subdivision of the state, excluding benefits created by the establishment of a municipal or parish hospital, a joint municipal-parish hospital, a parish hospital authority, or a hospital service district.

(g) A cause of action for medical expenses brought by an applicant for or recipient of services from the department, or a settlement or judgment based on the cause of action, if the expenses are related to the need for services provided under this Part.

RS 40:1217.4 — Louisiana Kidney Health Care Program; creation; eligibility
ey Health Care Program through the health
sciences center.

B. The health sciences center, by rule, shall establish the terms, conditions, and criteria, including medical and financial criteria, for eligibility to participate in the program. However, eligibility shall be limited to residents of the state who meet, at a minimum, all of the following criteria:

(1) Require care and treatment for chronic kidney disease.

(2) Do not qualify for or receive other benefits.

(3) Have an adjusted gross income of less than:

(a) Seventy-five thousand dollars annually if filing a joint return.

(b) Sixty thousand dollars annually if filing a single return.

(c) Fifty thousand dollars annually if married and filing a separate return.

(4) Meet all medical criteria as determined by the health sciences center.

RS 40:1217.5 — Services

y this

Part.

B. The medical center may cooperate with other departments, agencies, political subdivisions, and public and private institutions to provide services to eligible persons, to study the public health and welfare needs involved, and to plan, establish, develop, and provide programs or facilities and services that are necessary or desirable, including any that are jointly administered with state agencies.

C. The medical center may conduct research and compile statistics relating to the provision of kidney care services and the need for the services by persons with disabilities.

D. The medical center may contract with schools, hospitals, corporations, agencies, and individuals, including doctors, nurses, and technicians, for training, physical restoration, transportation, and other services necessary to treat and care for persons with kidney disease.

RS 40:1217.6 — Facilities

c kidney

disease.

B. The medical center may conduct surveys of existing facilities in the state that diagnose, evaluate, and treat persons with kidney disease and may prepare and submit its findings and a specific program of action.

C. The medical center may evaluate the need to create local or regional facilities and to establish a major kidney research center.

RS 40:1217.7 — Selection of service providers

B. The medical center shall provide a hearing procedure to resolve any conflicts between the medical center and a service provider.

C. The medical center may not terminate a contract with a service provider while a hearing is pending but may withhold payments while the hearing is pending. If the final determination is in favor of the service provider, the medical center shall pay the withheld payment and resume the contract payments.

D. The provisions of Subsections B and C of this Section shall not apply if a contract:

(1) Is canceled because the services are restricted to conform to budgetary limitations that require the medical center to adopt service priorities regarding types of services to be furnished or classes of eligible individuals.

(2) Expires according to its terms.

RS 40:1217.8 — Denial, modification, suspension, or termination of services; appeal procedure;

terminate services to an applicant for or recipient of services after notice and opportunity for a hearing.

B. Any person who is aggrieved by a decision of the medical center with regard to a request for the provision of services may appeal such decision within thirty days. Such appeal shall be conducted in accordance with the Administrative Procedure Act and shall be subject to judicial review.

C. The provisions of this Section shall not apply if program services are restricted to conform to budgetary limitations that require the medical center to adopt service priorities regarding types of services to be furnished or classes of eligible persons.

RS 40:1217.9 — Reimbursement

ligation to

support the applicant or recipient, is eligible for some other benefit that would pay for all or part of the service.

B. When an application for services is made, or at any time while a person is eligible for and receiving services, the applicant or recipient, or the person with a legal obligation to support the applicant or recipient, shall inform the medical center of any other benefit to which the applicant or recipient, or the person with a legal obligation to support the applicant or recipient, may be entitled.

C. A recipient who has received services that are covered by some other benefit, or the person with a legal obligation to support that recipient, shall reimburse the medical center to the extent of the cost of services provided when the other benefit is received.

D. The medical center may waive the provisions of Subsection A of this Section in

certain individually considered cases when the enforcement of that provision may deny services to a class of end stage renal disease patients because of conflicting state or federal laws or rules.

RS 40:1217.10 — Recovery of costs

) or

from any third party who has a legal obligation to pay other benefits and to whom notice of the medical center's interest has been given.

B. At the request of the chancellor, the medical center may file suit in the appropriate court of Caddo Parish, or any other court of competent jurisdiction, on its behalf.

C. In a judgment rendered in favor of the medical center, the court may award attorney fees, court costs, and interest accruing from the date on which the medical center provided the service to the date on which the medical center is reimbursed.

RS 40:1217.12 — Contracts

necessary to develop and expand kidney health care programs and services.

RS 40:1217.13 — Scientific investigations

se, including

research in kidney transplantation.

B. The medical center may develop techniques for an effective method of mass testing to detect kidney disease and urinary tract infections.

RS 40:1217.14 — Educational programs

armacists, and

other health providers, concerning chronic kidney disease, including prevention and methods of care and treatment.

B. The medical center may use existing public or private programs or groups for the educational programs.

RS 40:1217.15 — Rules and regulations

rative

Procedure Act.

RS 40:1217.16 — Report

ouse

of Representatives, and the chairmen of the House and Senate committees on health and welfare at least sixty days prior to the legislative session and shall report on the state's total need in the area of kidney health care.

RS 40:1217.17 — Implementation

1997, No. 557, §1, eff. July 1, 1997; Redesignated from
R.S. 40:1300.97 by HCR 84 of 2015 R.S.

RS 40:1219.1 — Short title

07, No. 406, §1; Redesignated from R.S.
40:1300.211 by HCR 84 of 2015 R.S.

RS 40:1219.2 — Definitions

blished in the Federal Register by the United States Department of Health and Human Services.

(2) "Income" means income from whatever source derived.

(3) "Office of elderly affairs" and "office" mean the office of elderly affairs within the office of the governor.

(4) "Programs" mean either the Louisiana Senior Rx Program or the Aging and Disability Information Station Program established in this Part.

RS 40:1219.3 — Louisiana Senior Rx and Aging and Disability Information Station Programs;

seeing a need for

such programs, have created charitable programs to aid low-income seniors and persons with adult-onset disabilities with the cost of prescription drugs. The legislature recognizes that seniors and adults with disabilities need assistance in locating and accessing available supports and services. The legislature also finds that many persons are unaware of such programs or do not know how to apply for or need assistance in applying for such programs. It is the intent of the legislature that the office of elderly affairs implement programs to assist seniors and persons with an adult-onset disability in accessing those programs.

B. The Louisiana Senior Rx and Aging and Disability Information Station Programs

are hereby established in the office of elderly affairs to help seniors and persons with adult-onset disabilities in accessing manufacturers' discount cards and pharmaceutical assistance

programs and to assist such persons in applying for those and other supports and service programs.

C. Eligibility shall be limited to residents of the state who meet, at a minimum, all of the following criteria:

(1) Must be sixty years of age or older or be a person with adult-onset disabilities.

(2) Must have a gross income that does not exceed three hundred percent of the federal poverty guidelines.

(3) Must not have voluntarily canceled a state or federal prescription drug program or a private prescription reimbursement plan within six months prior to application for enrollment in the program.

RS 40:1219.4 — Services

provided by the office shall include:

(1) Assisting seniors and adults with a disability in accessing manufacturers' pharmaceutical assistance programs and supports and services.

(2) Assisting seniors and adults with a disability in applying for manufacturers' pharmaceutical assistance programs and supports and services.

B. Funding for the programs in Fiscal Year 2007-2008 shall be at a level consistent with funding for the programs in Fiscal Year 2006-2007.

C. Beginning in Fiscal Year 2008-2009, funding shall be based on the maximum allowable unit cost rate and numbers served.

RS 40:1219.5 — Other sources of funding

s Part. The

office may also accept voluntary funding in the form of grants available to build community

public sector and private sector partnerships. The office shall include within the development of the programs the assistance of foundations, independent and chain community pharmacists, volunteers, state agencies, community groups, area agencies on aging, corporations, hospitals, physicians, and any other entity that can further the intent of the programs.

RS 40:1219.6 — Report

e Senate and House committees on health and welfare. Such reports shall include the number of clients served, the number of prescriptions filled and refilled, the value of the drugs provided, and the number and type of supports and service assistance provided.

RS 40:1221.1 — Remote patient monitoring; medical assistance program

eq., shall be a covered service in the medical assistance program.

B. A one-time telehealth installation and training reimbursement to the telehealth provider from Medicaid for remote patient monitoring services may also be reimbursed at a maximum of two installation and training reimbursements per calendar year.

C. No geographic restrictions shall be placed on the delivery of remote patient monitoring services in the home setting other than requiring that the patient reside within this state.

D. For the purposes of this Section, "medical assistance program" means the medical assistance program provided for in Title XIX of the Social Security Act as administered by the Louisiana Department of Health.

E. The Louisiana Department of Health shall promulgate rules and regulations as are necessary for the implementation of the "Louisiana Remote Patient Monitoring Program Law", and the provisions of this Part shall be applicable only upon either a specific appropriation or funds made available by the Louisiana Department of Health for the implementation of the "Louisiana Remote Patient Monitoring Program Law".

RS 40:1223.1 — Short title

15

R.S.

RS 40:1223.2 — Legislative findings

nces access to care, particularly in rural locations and other medically underserved areas; makes delivery of care more cost-effective; and distributes limited provider resources more efficiently.

(2) Many patients with limited access to traditional health care can be diagnosed and treated sooner through telehealth than they would be otherwise, resulting in improved outcomes and less costly treatments due to early detection and prevention.

(3) Telehealth services could potentially address a great unmet need for health care by persons who have limited access to traditional healthcare settings.

(4) If this state is to achieve much needed improvement in health outcomes, a prudent and responsible policy for doing so would be to balance patient safety and access to care through expanding access to telehealth services for the people of Louisiana.

RS 40:1223.3 — Definitions

a patient's

medical information from an originating site to the provider at the distant site without the patient being present.

(2) "Distant site" means the site at which the healthcare provider delivering the service is located at the time the service is provided via a telecommunications system.

(3) "Healthcare provider" means a person, partnership, limited liability partnership, limited liability company, corporation, facility, or institution licensed or certified by this state to practice medicine or provide health care or healthcare professional services which may be provided by telehealth in the ordinary course of business or practice of a profession.

(4) "Originating site" means the location of the patient at the time the service is furnished via a telecommunications system or when the asynchronous store and forward transfer occurs.

(5) "Synchronous interaction" means communication through interactive technology that enables a healthcare provider and a patient at two locations separated by distance to interact via two-way video and audio transmissions simultaneously.

(6)(a) "Telehealth" means healthcare services, including behavioral health services, provided by a healthcare provider, as defined in this Section, to a person through the use of electronic communications, information technology, asynchronous store-and-forward transfer technology, or synchronous interaction between a provider at a distant site and a patient at

an originating site, including but not limited to assessment of, diagnosis of, consultation with, treatment of, and remote monitoring of a patient, and transfer of medical data. The term "telehealth" shall not include any of the following:

(i) Electronic mail messages and text messages that are not compliant with applicable requirements of the Health Insurance Portability and Accountability Act of 1996, as amended, 42 U.S.C. 1320d et seq.

(ii) Facsimile transmissions.

(b) For purposes of this Paragraph, "behavioral health services" means all of the following:

(i) Behavioral health services as defined in R.S. 40:2153 that are appropriate for the patient and delivered by a licensed mental health professional, acting within the scope of applicable state laws and his professional license for services identified by the Louisiana Department of Health, to treat mental illness or substance use.

(ii) Services provided by a behavioral health provider who works for a licensed agency or credentialed provider which provides community psychiatric support and treatment services or psychosocial rehabilitation services as defined in R.S. 40:2162.

RS 40:1223.4 — Telehealth; rulemaking required

this Part, shall promulgate,

in accordance with the Administrative Procedure Act, any rules necessary to provide for, promote, and regulate the use of telehealth in the delivery of healthcare services within the scope of practice regulated by the licensing entity.

B. The rules shall, at a minimum, provide for all of the following:

(1) Application of all laws regarding the confidentiality of healthcare information and the patient's rights to the patient's medical information created during telehealth interactions.

(2) Application of the same standard of care by a healthcare provider as if the healthcare services were provided in person.

(3)(a) Licensing or registration of out-of-state healthcare providers who seek to furnish healthcare services via telehealth to persons at originating sites in Louisiana. The rules shall ensure that the healthcare provider possesses, at a minimum, an unrestricted and unencumbered license in good standing to perform the healthcare service in the state in which the healthcare provider is located, and that the license is comparable to its corresponding license in Louisiana as determined by the respective Louisiana licensing agency, board, or commission.

(b) Each state agency and professional or occupational licensing board or commission may provide by rule for a reasonable fee for the license or registration provided for in this Subsection.

(4) Exemption from the telehealth license or registration required by this Subsection for the consultation of a healthcare professional licensed by this state with an out-of-state peer professional.

(5) Except as otherwise provided in Paragraph (6) of this Subsection, a healthcare provider shall not be required to conduct an in-person patient history or physical examination

of the patient before engaging in a telehealth encounter but shall provide a referral to a healthcare provider in this state or arrange for follow-up care in this state as necessary.

(6) Except as authorized by R.S. 37:1271.1 or otherwise by rule promulgated by a state agency or professional or occupational licensing board or commission, no healthcare provider shall prescribe any controlled dangerous substance prior to conducting an appropriate in-person patient history or physical examination of the patient as determined by the appropriate state agency or professional or occupational licensing board or commission.

(7) A healthcare provider may use interactive audio without the requirement of video if, after access and review of the patient's medical records, the healthcare provider determines that he is able to meet the same standard of care as if the healthcare services were provided in person.

(8) Creation of a record on each patient. The record shall be made available, upon request, to the state agency or professional or occupational licensing board or commission that regulates the practice of the healthcare provider.

C. Nothing in this Part shall be construed to authorize a state agency or professional or occupational licensing board or commission to expand, diminish, or alter the scope of practice of any healthcare provider.

RS 40:1223.5 — Venue; telehealth

judicial

district in which the patient resides or in the district court having jurisdiction in the parish where the patient was physically located during the provision of the telehealth service. The patient is considered physically located at the originating site as defined in R.S. 40:1223.3.

RS 40:1225.1 — Purchase of prostheses, orthoses, prosthetic services, and orthotic services by a

tate agencies which utilize funds to pay for prostheses, orthoses, prosthetic services, or orthotic services shall only purchase such services, prostheses, or orthoses from an accredited facility.

(2) No reimbursements from the state Medicaid program shall be paid for prostheses, orthoses, prosthetic services, or orthotic services except to an accredited facility.

B. As used in this Section, the following terms shall have the following meanings, unless the context clearly indicates otherwise:

(1) "Accredited facility" means any facility that is accredited by the American Board for Certification in Orthotics, Prosthetics, and Pedorthics, or by the Board for Orthotist/Prosthetist Certification which provides prostheses, orthoses, prosthetic services, or orthotic services.

(2) "Orthosis" means a custom fabricated brace or support that is designed based on medical necessity. Orthoses shall not include prefabricated or direct-formed orthotic devices, or any of the following assistive technology devices: commercially available knee orthoses used following injury or surgery, upper extremity adaptive equipment, finger splints, hand splints, wrist gauntlets, face masks used following burns, wheelchair seating that is an integral part of the wheelchair and not worn by the patient independent of the wheelchair, fabric or elastic supports, corsets, low-temperature formed plastic splints, trusses, elastic hose, canes, crutches, cervical collars, and dental appliances, such as those commonly carried

in stock by a pharmacy, department store, corset shop, or surgical supply facility.

(3) "Orthotic services" includes the science and practice of evaluating, measuring, designing, fabricating, assembling, fitting, adjusting, or servicing of an external device for the support, correction, or alleviation of neuromuscular or musculoskeletal dysfunction, disease, injury, or deformity. Orthotic practice provides continuing patient care in order to assure proper fit and function of the orthotic device by periodic evaluation.

(4) "Prosthesis" means an artificial limb designed to maximize function, stability, and safety of the patient. Prosthesis also means an artificial medical device that is not surgically implanted and that is used to replace a missing limb. The term shall not include artificial eyes, ears, noses, dental appliances, ostomy products, or devices such as eyelashes or wigs.

(5) "Prosthetic services" includes the science and practice of evaluating, measuring, designing, fabricating, assembling, fitting, aligning, adjusting, or servicing of a prosthesis through the replacement of external parts of a human body lost due to amputation or congenital deformities to restore function, cosmesis, or both.

C. Any person who does not provide services from an accredited facility as defined in Paragraph (1) of Subsection B, or any organization or facility which is not accredited as defined in Paragraph (1) of Subsection B, and accepts payment from a state agency for prostheses, orthoses, prosthetic services, or orthotic services shall be fined twenty-five hundred dollars per violation and shall reimburse the state agency for the cost of the prostheses, orthoses, or services.

D. Any person who does not provide services from an accredited facility as defined in Paragraph (1) of Subsection B, or any organization or facility which is not accredited as defined in Paragraph (1) of Subsection B, and is reimbursed from the state Medicaid program for prostheses, orthoses, prosthetic services, or orthotic services shall be fined twenty-five hundred dollars per violation and shall reimburse the state Medicaid program for the cost of the prostheses, orthoses, or services.

E. Any fines collected pursuant to this Section shall be deposited in the state general fund after compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund.

F. Nothing in this Part shall prohibit a licensed occupational therapist or a licensed physical therapist from practicing within his scope of practice. In addition, the provisions of this Part shall not apply to a licensed optometrist, ophthalmologist, podiatrist, or orthopedist.

RS 40:1226.1 — Definitions

(1) "Aftercare" means any assistance provided by a caregiver to a patient pursuant to this Part after the patient's discharge from a hospital. Such assistance may include tasks that are limited to the patient's condition at the time of discharge and that do not require a licensed professional.

(2) "Caregiver" means an individual who meets all of the following conditions:

- (a) Is eighteen years of age or older.
- (b) Provides aftercare to an individual.

(c) Is identified by the patient or, if applicable, the legal guardian of the patient as a person who is involved with the health care of the patient pursuant to 45 CFR 164.510(b), as it existed on January 1, 2015.

(3) "Discharge" means a patient's release from hospital care to the patient's residence following an inpatient admission.

(4) "Hospital" means a facility licensed under the provisions of Part II of Chapter 11 of this Title.

(5) "Patient" means an individual who has been admitted to a hospital for inpatient care and who is eighteen years of age or older.

(6) "Residence" means a dwelling that the patient considers to be his home. A residence shall not include any rehabilitation facility, hospital, nursing home, assisted living facility, or group home.

RS 40:1226.2 — Designation of a caregiver

the patient's

inpatient admission into a hospital and prior to the patient's discharge.

(2) In the event that the patient is unconscious or otherwise incapacitated upon his entry into a hospital, the hospital shall provide such patient or his legal guardian with an opportunity to designate a caregiver following the patient's recovery of his consciousness or capacity.

(3) In the event that the patient or the patient's legal guardian designates an individual as a caregiver, the hospital shall record the patient's designation of caregiver and the name, telephone number, and address of the patient's designated caregiver in the patient's medical record.

(4) In the event the original designated caregiver becomes unavailable, unwilling, or unable to care for the patient prior to discharge, a patient may elect to change his designated caregiver, and the hospital shall record this change in the patient's medical record.

B. The hospital shall be deemed to have complied in full with the provisions of this Part in the event that the patient or, if applicable, the legal guardian of the patient declines to designate a caregiver under this Part.

C. A designation of a caregiver by a patient or a patient's legal guardian under this Part does not obligate any individual to perform any aftercare tasks for any patient.

D. This Section shall not be construed to require a patient or a patient's legal guardian to designate any individual as a caregiver.

RS 40:1226.3 — Notice to caregiver

atient's residence

as soon as possible prior to the patient's discharge. If the hospital is unable to contact the designated caregiver, the lack of contact may not interfere with, delay or otherwise affect the medical care provided to the patient, or an appropriate discharge of the patient.

RS 40:1226.4 — Education and instruction provided to caregiver

caregiver along with the patient, taking into

account the capabilities and limitations of the caregiver, to accomplish the aftercare tasks that

may be included in a discharge care plan that describes the patient's aftercare needs at his residence.

B. As part of the consultation under Subsection A of this Section, the hospital shall educate and instruct the caregiver concerning the aftercare needs of the patient in a manner that is consistent with the discharge plan and is based on the learning needs of the caregiver. In addition, the hospital shall also provide an opportunity for the caregiver and patient to ask questions and receive explanations about the aftercare tasks.

C. In the event the hospital is unable to contact the designated caregiver, the lack of contact shall not interfere with, delay, or otherwise affect an appropriate discharge of the patient.

RS 40:1226.5 — Noninterference with medical decision making

provide informed consent on behalf

of the patient unless the caregiver is otherwise authorized to do so pursuant to law. Nothing in this Part shall be construed to interfere with, supersede, or any other way affect the provisions of Parts I and II of Subchapter A of this Chapter or with the rights of a mandatory of the patient acting pursuant to a mandate.

RS 40:1226.6 — Limitation of liability

sultant or

contractor with whom the hospital has a contractual relationship.

B. A hospital, hospital employee, or any consultant or contractor with whom a hospital has a contractual relationship shall not be liable, vicariously or otherwise, to any patient for any injury, death, loss, civil penalty, or damage as a result of any act or omission of a caregiver in rendering assistance or care to a patient or as a result of any act or failure to act or failure to provide care rendered by a caregiver to a patient.

C. A hospital, hospital employee, or any consultant or contractor with whom a hospital has a contractual relationship shall not be liable to any caregiver designated pursuant to the provisions of this Part, except for gross negligence or willful and wanton misconduct directly related to the education and instruction provided to the caregiver concerning the aftercare needs of the patient, for any injury, death, loss, civil penalty, or damage as a result of any act or omission of a caregiver in rendering assistance or care to a patient or as a result of any act or failure to act or failure to provide care rendered by a caregiver to a patient.

RS 40:1226.7 — Compensation of caregiver

professional may be designated as a caregiver as long as the individual does not accept compensation for aftercare provided to the patient.

RS 40:1227.1 — Short title

u experience any technical difficulties navigating this website,

RS 40:1227.2 — Legislative findings

nd to improve

the quality and cost of their care, including prevention of more costly care.

B. The legislature further declares that the goal of remote patient monitoring services provided through telehealth is to coordinate primary, acute, chronic disease, behavioral, and

long-term social service needs for high-need, high-cost patients.

RS 40:1227.3 — Definitions

re

services using telecommunications technology to enhance the delivery of in-home health care, including but not limited to all of the following:

- (a) Monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, and other condition-specific data, such as blood glucose and activity trackers.
- (b) Medication adherence monitoring.
- (c) Interactive video conferencing with or without digital image upload.
- (2) "Telehealth" has the same meaning as defined in R.S. 40:1223.3.

RS 40:1227.4 — Remote patient monitoring

o use home

telehealth and can maintain performance of needed tasks or have the availability of informal caregivers to help with remote patient monitoring through telehealth.

RS 40:1227.5 — Qualifications for patients

management services

through remote patient monitoring and shall meet one of the following criteria:

- (1) Has been diagnosed with one or more chronic conditions, as defined by the Centers for Medicare and Medicaid Services, including but not limited to sickle cell disease, mental illness, asthma, diabetes, cancer, and heart disease.
- (2) Has a recent history of costly service use due to one or more chronic conditions as evidenced by two or more hospitalizations, including emergency room visits, in the last twelve months.
- (3) Is a pregnant or postpartum woman.
- (4) Is an infant who has been discharged from a hospital after requiring neonatal intensive care.

RS 40:1227.6 — Remote monitoring services

luation which includes all of the

following:

- (a) Assessment and monitoring of clinical data, including but not limited to appropriate vital signs, pain levels, and other biometric measures specified in the plan of care and an assessment of responses to previous changes in the plan of care.
- (b) Detection of condition changes based on the telehealth encounter that may indicate the need for a change in the plan of care.
- (2) Implementation of a management plan through one or more of the following:
 - (a) Teaching regarding medication management as appropriate based on the telemedicine findings for that encounter.
 - (b) Teaching regarding other interventions as appropriate to both the patient and the caregiver.
 - (c) Management and evaluation of the plan of care including changes in visit frequency or addition of other skilled services.

(d) Coordination of care with the ordering healthcare provider regarding telehealth findings.

(e) Coordination and referral to other healthcare providers as needed.

(f) Referral for an in-person visit or the emergency room as needed.

RS 40:1227.7 — Remote monitoring equipment and network requirements

(1) Compliance with applicable standards of the United States Food and Drug Administration.

(2) Maintenance of telehealth equipment in good repair and free from safety hazards.

(3) Installation of only new or sanitized equipment in the patient's home setting.

(4) Availability of technical and clinical support services for the patient user.

RS 40:1227.8 — Remote monitoring services; procedure code required

Louisiana Department of Health for the

covered healthcare service shall be included with the appropriate modifier indicating telehealth services were used.

B. Nothing in this Section shall prohibit any health benefit plan offered by a health insurer, managed care organization, or other health payor from establishing its own policy and payment structure for in lieu of service agreements with providers.

RS 40:1231.1 — Definitions and general applications

not applicable which operates either ground or air

ambulances, using a minimum of two persons on each ground ambulance, at least one of whom is trained and registered at the level of certified emergency medical technician-basic, or at the intermediate or paramedic levels, or one who is a registered nurse, and using a minimum on any air ambulance of one person trained and registered at the paramedic level or a person who is a registered nurse, or any officer, employee, or agent thereof acting in the course and scope of his employment, including any student enrolled in a qualified emergency medical services educational program under the direct supervision of a licensed health care provider.

(2) "Authority" means the Residual Malpractice Insurance Authority established under Section 1231.7.

(3) "Board" means the Patient's Compensation Fund Oversight Board created in R.S. 40:1231.4(D).

(4) "Claimant" means a patient or representative or any person, including a decedent's estate, seeking or who has sought recovery of damages or future medical care and related benefits under this Part. All persons claiming to have sustained damages as a result of injuries to or death of any one patient are considered a single claimant.

(5) "Claims manager" means the claims manager appointed and employed by the board pursuant to R.S. 40:1231.4(D)(2)(g).

(6) "Community blood center" means any independent nonprofit nonhospital based facility which collects blood and blood products from donors primarily to supply blood and blood components to other health care facilities.

(7) "Court" means a court of competent jurisdiction and proper venue over the

parties.

(8) "Executive director" means the executive director of the board, appointed and employed pursuant to R.S. 40:1231.4(D)(2)(f).

(9) "Health care" means any act, treatment, administration, service, or care related to policies and procedures and the administration thereof, staffing, custodial services by licensed or certified staff, performed or furnished, or which should have been performed or furnished, by any health care provider for, to, or on behalf of a patient during the patient's medical care, treatment, or confinement, or during or relating to or in connection with the procurement of human blood or blood components. This includes all acts associated with the medical treatment of an individual, whether directly related to clinical care or performed in an administrative or managerial capacity necessary for the delivery of such care.

(10) "Health care provider" means a person, partnership, limited liability partnership, limited liability company, corporation, facility, or institution licensed or certified by this state, state agencies, or a state board to provide health care or professional services as a physician, hospital, nursing home, community blood center, tissue bank, dentist, a licensed dietician or licensed nutritionist employed by, referred by, or performing work under contract for, a health care provider or other person already covered by this Part, registered or licensed practical nurse or certified nurse assistant, offshore health service provider, ambulance service under circumstances in which the provisions of R.S. 40:1237.1 are not applicable, certified registered nurse anesthetist, nurse midwife, licensed midwife, nurse practitioner, clinical nurse specialist, pharmacist, optometrist, podiatrist, chiropractor, physical therapist, occupational therapist, psychologist, social worker, licensed professional counselor, licensed perfusionist, licensed respiratory therapist, licensed radiologic technologist, licensed clinical laboratory scientist, or any nonprofit facility considered tax-exempt under Section 501(c)(3), Internal Revenue Code, pursuant to 26 U.S.C. 501(c)(3), for the diagnosis and treatment of cancer or cancer-related diseases, whether or not such a facility is required to be licensed by this state, or any professional corporation a health care provider is authorized to form under the provisions of Title 12 of the Louisiana Revised Statutes of 1950, or any partnership, limited liability partnership, limited liability company, management company, or corporation which may provide any kind of health care whatsoever, or an officer, employee, partner, member, shareholder, or agent thereof acting in the course and scope of his employment.

(11) "Hospital" means any hospital as defined in R.S. 40:2102; any "nursing home" or "home" as defined in R.S. 40:2009.2; or any physician's or dentist's offices or clinics containing facilities for the examination, diagnosis, treatment or care of human illnesses.

(12) "Insurer" means the authority or the entity chosen to manage the authority or an insurer writing policies of malpractice insurance.

(13) "Malpractice" means any unintentional tort or any breach of contract based on health care or professional services rendered, or which should have been rendered, by a health care provider, to a patient, including but not limited to failure to render services timely and the handling of a patient, loading and unloading of a patient, and all legal responsibility of a health care provider arising from acts or omissions during the procurement of blood or blood components, in the staffing, training, or supervision of health care providers, or from

defects in blood, tissue, transplants, drugs, and medicines, or from defects in or failures of prosthetic devices implanted in or used on or in the person of a patient. This includes all acts associated with the medical treatment of an individual, whether directly related to clinical care or performed in an administrative or managerial capacity necessary for the delivery of such care.

(14) "Offshore health service provider" means any individual or entity which provides any health care service rendered by an emergency medical technician-basic, or at the intermediate or paramedic levels, or one who is a registered nurse, when such medical care is rendered on a fixed platform in Louisiana territorial waters or on the Outer Continental Shelf, adjacent to Louisiana territorial waters, or any instance on the Outer Continental Shelf where the applicable law, under the Outer Continental Shelf Lands Act, 43 U.S.C. 1331 et seq., would be the laws of the state of Louisiana.

(15) "Patient" means a natural person, including a donor of human blood, a donor or prospective donor of an organ or tissue, or blood components and a nursing home resident who receives or should have received health care from a licensed health care provider, under contract, expressed or implied.

(16) "Physician" means a person with an unlimited license to practice medicine in this state.

(17) "Proof of financial responsibility" as provided for in this Part shall be determined by the board in accordance with regulations promulgated under the Administrative Procedure Act.

(18) "Representative" means the spouse, parent, guardian, trustee, attorney or other legal agent of the patient.

(19) "Risk" means any health care provider which shall apply for malpractice liability insurance coverage under the provisions of R.S. 40:1231.7.

(20) "Risk manager" means an insurance company with no less than an "A" rating according to the then current annual edition of Best's Insurance Reports or a domestic insurance company with assets in excess of ten million dollars chosen by the commissioner according to the public bid laws of the state, to manage the authority.

(21) "Tissue bank" means any independent nonprofit facility procuring and processing human organs or tissues for transplantation, medical education, research, or therapy.

(22) "Tort" means any breach of duty or any negligent act or omission proximately causing injury or damage to another. The standard of care required of every health care provider, except a hospital, in rendering professional services or health care to a patient, shall be to exercise that degree of skill ordinarily employed, under similar circumstances, by the members of his profession in good standing in the same community or locality, and to use reasonable care and diligence, along with his best judgment, in the application of his skill.

B. Wherever necessary to the context of this Part the masculine shall mean and include the feminine and the singular shall mean and include the plural.

C. No liability shall be imposed upon any health care provider on the basis of an alleged breach of contract, whether by express or implied warranty, assuring results to be

obtained from any procedure undertaken in the course of health care, unless such contract is expressly set forth in writing and signed by such health care provider or by an authorized agent of such health care provider.

D. A health care provider who fails to qualify under this Part is not covered by the provisions of this Part and is subject to liability under the law without regard to the provisions of this Part. If a health care provider does not so qualify, the patient's remedy will not be affected by the terms and provisions of this Part, except as hereinafter provided with respect to the suspension and the running of prescription of actions against a health care provider who has not qualified under this Part when a claim has been filed against the health care provider for review under this Part.

E.(1) Subject to R.S. 40:1231.8, a claimant having a claim under this Part for bodily injuries to or death of a patient on account of malpractice may file a complaint in any court of competent jurisdiction and proper venue. Upon filing the complaint in court for bodily injuries to or death of a patient on account of malpractice, said claimant shall send, by certified mail, return receipt requested, a copy of the complaint, and any amendments thereto, to the board. The claimant shall also promptly provide written notice to the board of the trial date upon receiving notice from the court scheduling a trial in such proceeding.

(2) No dollar amount or figure shall be included in the demand in any malpractice complaint, but the prayer shall be for such damages as are reasonable in the premises.

(3) This Section shall not prevent a person from alleging a requisite jurisdictional amount in a malpractice claim filed in a court requiring such an allegation.

(4) All claims and complaints submitted by a patient, claimant, or their representative, as a result of malpractice as defined in this Section, shall, once the parties have certified to the court that discovery is complete, be given priority on the court's docket, to the extent practicable, over any other civil action before the court, provided that the provisions of this Paragraph shall not supersede the provisions of Code of Civil Procedure Article 1573.

F. The provisions of this Part do not apply to any act of malpractice which occurred before September 1, 1975. The provisions of this Part that provide for the suspension and the running of prescription with respect to a health care provider who has not qualified under this Part, but against whom a claim has been filed under this Part, do not apply to any act of malpractice which occurred before September 1, 1981.

G. Notwithstanding the provisions of Subsection D of this Section, the running of prescription against a health care provider who is answerable in solido with a qualified health care provider against whom a claim has been filed for review under this Part shall be suspended in accordance with the provisions of R.S. 40:1231.8(A)(2)(a).

H. The provisions of this Part do not apply to any act of malpractice which occurred before September 1, 1975. The provisions of this Part that provide for the suspension of the running of prescription with respect to a health care provider who is answerable in solido with another health care provider apply to an act of malpractice which has been duly submitted for review prior to September 1, 1981 but in which the third health care provider panelist has not been selected. The provision for the suspension of the running of

prescription does not apply to any act of malpractice which has not been duly submitted for review and which has prescribed on September 1, 1981.

I. Nothing in this Part shall be construed to make the patient's compensation fund liable for any sums except for those arising from medical malpractice. Notwithstanding any other law to the contrary, including but not limited to R.S. 13:5106, the provisions of this Part shall not apply to medical malpractice actions against the state or any political subdivision thereof with the exception of a hospital service district and a municipally owned hospital and any entities, organizations, or subsidiary owned, operated, or controlled by such a hospital service district or municipally owned hospital. However, this Part shall apply to any certified emergency medical technician-basic, or at the intermediate or paramedic level, employed by any political subdivision of the state, and to any medical advisor or registered nurse performing emergency medical services under contract with any political subdivision of the state.

J. The board shall appoint legal counsel for the Patient's Compensation Fund. It shall be the responsibility of the board to establish minimum qualifications and standards for lawyers who may be appointed to defend professional liability cases. The minimum qualifications and the appointments procedure shall be published at least annually in the Louisiana Bar Journal or such other publication as will reasonably assure dissemination to the membership of the Louisiana State Bar Association. The primary counsel may be permitted by the board to continue the professional liability litigation on behalf of the Patient's Compensation Fund where no conflict of interest exists or where there is no potential conflict of interest. The function of establishing reserves shall be carried out by the board.

K. The provisions of this Part shall not apply to any health care provider when performing the elective termination of an uncomplicated viable pregnancy.

L. Any cause of action for the unintentional acts or omissions arising from resuscitating a patient who has a declaration concerning life-sustaining procedures executed pursuant to R.S. 40:1151 et seq., a Louisiana Physician Order for Scope of Treatment executed pursuant to R.S. 40:1155.1 et seq., or a do not resuscitate order issued by a physician licensed in this state shall be governed by the provisions of this Part.

M. Any cause of action for an unintentional act or omission by an organ procurement organization to a donor or prospective donor of an anatomical gift, as defined in R.S. 17:2351, shall be governed by the provisions of this Section.

RS 40:1231.2 — Limitation of recovery

nsibility as provided by

Subsection E of this Section.

(2) Pay the surcharge assessed by this Part on all health care providers according to R.S. 40:1231.4.

(3) For self-insured health care providers, initial qualification shall be effective upon acceptance of proof of financial responsibility by and payment of the surcharge to the board. Initial qualification shall be effective for all other health care providers at the time the malpractice insurer accepts payment of the surcharge.

B.(1) The total amount recoverable for all malpractice claims for injuries to or death of a patient, exclusive of future medical care and related benefits as provided in R.S. 40:1231.3, shall not exceed five hundred thousand dollars plus interest and cost.

(2) A health care provider qualified under this Part is not liable for an amount in excess of one hundred thousand dollars plus interest thereon accruing after April 1, 1991, and costs specifically provided for by this Paragraph for all malpractice claims because of injuries to or death of any one patient. The sole cost for which a health care provider qualified under this Part may be assessed by a trial court shall be limited to the cost incurred prior to the rendering of a final judgment against the health care provider, not as a nominal defendant, after a trial on a malpractice claim, including but not limited to, costs assessed pursuant to Code of Civil Procedure Article 970 in any instance where the board was not the offeror or offeree of the proposed settlement amount. The health care provider shall not be assessed costs in any action in which the fund intervenes or the health care provider is a nominal defendant after there has been a settlement between the health care provider and the claimant.

(3)(a) Any amount due from a judgment or settlement or from a final award in an arbitration proceeding which is in excess of the total liability of all liable health care providers, as provided in Paragraph (2) of this Subsection, shall be paid from the patient's compensation fund pursuant to the provisions of R.S. 40:1231.4(C).

(b) The total amounts paid in accordance with Paragraphs (2) and (3) of this Subsection shall not exceed the limitation as provided in Paragraph (1) of this Subsection.

C. Except as provided in R.S. 40:1231.4(C), any advance payment made by the defendant health care provider or his insurer to or for the plaintiff, or any other person, may not be construed as an admission of liability for injuries or damages suffered by the plaintiff or anyone else in an action brought for medical malpractice.

D.(1) Evidence of an advance payment is not admissible until there is a final judgment in favor of the plaintiff, in which event the court shall reduce the judgment to the plaintiff to the extent of the advance payment.

(2) The advance payment shall inure to the exclusive benefit of the defendant or his insurer making the payment.

(3) In the event the advance payment exceeds the liability of the defendant or the insurer making it, the court shall order any adjustment necessary to equalize the amount which each defendant is obligated to pay, exclusive of costs.

(4) In no case shall an advance payment in excess of an award be repayable by the person receiving it.

(5) In the event that a partial settlement is executed between the defendant and/or his insurer with a plaintiff for the sum of one hundred thousand dollars or less, written notice of such settlement shall be sent to the board. Such settlement shall not bar the continuation of the action against the patient's compensation fund for excess sums in which event the court shall reduce any judgment to the plaintiff in the amount of malpractice liability insurance in force as provided for in R.S. 40:1231.2(B)(2).

E.(1) Financial responsibility of a health care provider under this Section may be established only by filing with the board proof that the health care provider is insured by a

policy of malpractice liability insurance in the amount of at least one hundred thousand dollars per claim with qualification under this Section taking effect and following the same form as the policy of malpractice liability insurance of the health care provider, or in the event the health care provider is self-insured, proof of financial responsibility by depositing with the board one hundred twenty-five thousand dollars in money or represented by irrevocable letters of credit, federally insured certificates of deposit, bonds, securities, cash values of insurance, or any other security approved by the board. In the event any portion of said amount is seized pursuant to the judicial process, the self-insured health care provider shall have five days to deposit with the board the amounts so seized. The health care provider's failure to timely post said amounts with the board shall terminate his enrollment in the Patient's Compensation Fund.

(2) For the purposes of this Subsection, any group of self-insured health care providers organized to and actually practicing together or otherwise related by ownership, whether as a partnership, professional corporation or otherwise, shall be deemed a single health care provider and shall not be required to post more than one deposit. In the event any portion of the deposit of such a group is seized pursuant to judicial process, such group shall have five days to deposit with the board the amounts so seized. The group's failure to timely post said amounts with the board will terminate its enrollment and the enrollment of its members in the Patient's Compensation Fund.

RS 40:1231.3 — Future medical care and related benefits

ient is in need of future medical care

and related benefits that will be incurred after the date of the response to the special interrogatory, and the amount thereof.

(2) In actions upon malpractice claims tried by the court, the court's finding shall include a recitation that the patient is or is not in need of future medical care and related benefits that will be incurred after the date of the court's finding and the amount thereof.

(3) If the total amount is for the maximum amount recoverable, exclusive of the value of future medical care and related benefits that will be incurred after the date of the response to the special interrogatory by the jury or the court's finding, the cost of all future medical care and related benefits that will be incurred after the date of the response to the special interrogatory by the jury or the court's finding shall be paid in accordance with R.S. 40:1231.3(C).

(4) If the total amount is for the maximum amount recoverable, including the value of the future medical care and related benefits, the amount of future medical care and related benefits that will be incurred after the date of the response to the special interrogatory by the jury or the court's finding shall be deducted from the total amount and shall be paid from the patient's compensation fund as incurred and presented for payment. The remaining portion of the judgment, including the amount of future medical care and related benefits incurred up to the date of the response to the special interrogatory by the jury or the court's finding shall be paid in accordance with R.S. 40:1231.4(A)(7) and R.S. 40:1231.4(B)(2)(a), (b), and (c).

(5) In all cases where judgment is rendered for a total amount less than the maximum

amount recoverable, including any amount awarded on future medical care and related benefits that will be incurred after the date of the response to the special interrogatory by the jury or the court's finding, payment shall be in accordance with R.S. 40:1231.4(A)(7) and R.S. 40:1231.4(B)(2)(a), (b), and (c).

(6) The provisions of this Subsection shall be applicable to all malpractice claims.

B.(1) "Future medical care and related benefits" for the purpose of this Section means all of the following:

(a) All reasonable medical, surgical, hospitalization, physical rehabilitation, and custodial services and includes drugs, prosthetic devices, and other similar materials reasonably necessary in the provision of such services, incurred after the date of the injury up to the date of the settlement, judgment, or arbitration award.

(b) All reasonable medical, surgical, hospitalization, physical rehabilitation, and custodial services and includes drugs, prosthetic devices, and other similar materials reasonably necessary in the provisions of such services, after the date of the injury that will be incurred after the date of the settlement, judgment, or arbitration award.

(2) "Future medical care and benefits" as used in this Section shall not be construed to mean non-essential specialty items or devices of convenience.

C. Once a judgment is entered in favor of a patient who is found to be in need of future medical care and related benefits that will be incurred after the date of the response to the special interrogatory by the jury or the court's finding or a settlement is reached between a patient and the patient's compensation fund in which the provision of medical care and related benefits that will be incurred after the date of settlement is agreed upon and continuing as long as medical or surgical attention is reasonably necessary, the patient may make a claim to the patient's compensation fund through the board for all future medical care and related benefits directly or indirectly made necessary by the health care provider's malpractice unless the patient refuses to allow them to be furnished.

D. Payments for medical care and related benefits shall be paid by the patient's compensation fund without regard to the five hundred thousand dollar limitation imposed in R.S. 40:1231.2.

E.(1) The district court from which final judgment issues shall have continuing jurisdiction in cases where medical care and related benefits are determined to be needed by the patient.

(2) The court shall award reasonable attorney fees to the claimant's attorney if the court finds that the patient's compensation fund unreasonably fails to pay for medical care within thirty days after submission of a claim for payment of such benefits.

F. Nothing in this Section shall be construed to prevent a patient and a health care provider and/or the patient's compensation fund from entering into a court-approved settlement agreement whereby medical care and related benefits shall be provided for a limited period of time only or to a limited degree.

G. The patient's compensation fund shall be entitled to have a physical examination of the patient by a physician of the patient's compensation fund's choice from time to time for the purpose of determining the patient's continued need of future medical care and related

benefits, subject to the following requirements:

(1)(a) Notice in writing shall be delivered to or served upon the patient or the patient's counsel of record, specifying the time and place where it is intended to conduct the examination.

(b) Such notice must be given at least ten days prior to the time stated in the notice.

(c) Delivery of the notice may be by certified mail.

(2) Such examination shall be by a licensed medical physician or chiropractic physician licensed under the laws of this state or of the state, parish, or county wherein the patient resides.

(3)(a) The place at which such examination is to be conducted shall not involve an unreasonable amount of travel for the patient considering all circumstances.

(b) It shall not be necessary for a patient who resides outside this state to come into this state for such an examination unless so ordered by the court.

(4) Within thirty days after the examination, the patient shall be compensated by the party requesting the examination for all necessary and reasonable expenses incidental to submitting to the examination including the reasonable costs of travel, meals, lodging, loss of pay, or other direct expenses.

(5)(a) Examinations may not be required more frequently than at six months intervals except that, upon application to the court having jurisdiction of the claim and after reasonable cause shown therefor, examination within a shorter interval may be ordered.

(b) In considering such application, the court should exercise care to prevent harassment to the patient.

(6)(a) The patient shall be entitled to have a physician or an attorney of his own choice or both present at such examination.

(b) The patient shall pay such physician or attorney himself.

(7) The patient shall be promptly furnished with a copy of the report of the examination made by the physician making the examination on behalf of the patient's compensation fund.

H. If a patient fails or refuses to submit to examination in accordance with a notice and if the requirements of Subsection G of this Section have been satisfied, then the patient shall not be entitled to attorney fees in any action to enforce rights pursuant to Subsection E of this Section.

I.(1) Any physician selected by the patient's compensation fund and paid by the patient's compensation fund who shall make or be present at an examination of the patient conducted in pursuance of this Section may be required to testify as to the conduct thereof and the findings made.

(2) Communications made by the patient upon such examination by such physician or physicians shall not be considered privileged.

J. The patient's compensation fund shall pay all reasonable fees and costs of medical examinations and the costs and the fees of the medical expert witnesses in any proceeding in which the termination of medical care and related benefits is sought.

RS 40:1231.4 — Patient's Compensation Fund

n Fund Oversight

Board into a fund designated as the "Patient's Compensation Fund". The Patient's Compensation Fund Oversight Board is established and authorized pursuant to Subsection D of this Section. Neither the fund nor the board shall be a budget unit of the state. The assets of the fund shall not be state property, subject to appropriation by the legislature, or required to be deposited in the state treasury. The state recognizes and acknowledges that the fund and any income from it are not public monies, but rather are private monies which shall be held in trust as a private custodial fund by the board for the use, benefit, and protection of medical malpractice claimants and the fund's private health care provider members, and all of such funds and income earned from investing the private monies comprising the corpus of this fund shall be subject to use and disposition only as provided by this Section.

(b) The Patient's Compensation Fund Oversight Board may invest, in accordance with R.S. 40:1231.5, any portion of the private monies comprising the corpus of the fund, as determined by the board, while maintaining its ability to timely pay claims, future medical care and related benefits, and other current expenses under this Part. The board may enter into a cooperative endeavor agreement whereby the state treasurer may be authorized to invest, in accordance with R.S. 40:1231.5, a portion of the private monies comprising the corpus of the fund, as determined by the board.

(c) The fund shall be exempt from participation in and shall not join or contribute financially to or be entitled to the protection of any plan, pool, association, or guaranty fund or insolvency fund.

(d) Neither the fund nor the board may rely on the full faith and credit of this state for payment of legal obligations.

(e) The fund and the board shall not be entitled to an appropriation of state general funds without a specific appropriation approved by the legislature.

(f) Notwithstanding any provision of law to the contrary, in the event the fund is dissolved or liquidated, any remaining balance after all amounts due under this Part to medical malpractice claimants, including future medical care and related benefits as provided in R.S. 40:1231.3, and all amounts due any other person for administrative or operating expenses have been paid from the fund, shall be paid over to the state general fund by the board or then administrator of the fund for deposit in the state treasury.

(2)(a) To provide monies for the fund, an annual surcharge shall be levied on all health care providers in Louisiana qualified under the provisions of this Part.

(b) The board shall cause to be prepared an annual actuarial study of the fund by a qualified competent actuary.

(c) The board and the fund shall be exempt from rate regulation by the commissioner of insurance. The surcharge rates shall be determined by the board in a public meeting held pursuant to the provisions of R.S. 42:11 et seq. based upon actuarial principles and reports, experience, and prudent judgment of the board. The board shall give written or electronic notice of the meeting at least fifteen days in advance and provide an opportunity for public comment at the meeting before determining rates.

(d) The surcharge rates shall not be excessive, inadequate, or unfairly discriminatory.

In determining whether surcharge rates are excessive, inadequate, or unfairly discriminatory, consideration may be given to the following items:

(i) Basic rate factors. Due consideration shall be given to past and prospective loss and expense experience, catastrophe hazards and contingencies, events, or trends. Fines and penalties against a health care provider, whether levied by a court or regulatory body, shall not be used by the board or considered in any manner in the loss or expense experience.

(ii) Classification. Risks may be grouped by classification for the establishment of rates. Classification rates may be modified for individual risks in accordance with an experience-rating plan or schedule which apportions a greater percentage of required surcharge increases to those health care providers who generate greater than expected losses.

(iii) Expenses. The expense provisions shall reflect the operating methods of the board and the fund, the past expense experience, and anticipated future expenses.

(iv) Contingencies. The rates may contain a provision for contingencies.

(v) Other relevant factors. Any other factors available at the time of determining the rates.

(e) The surcharge shall be collected on the same basis as premiums by each insurer, the risk manager, and surplus line agent.

(f) The board shall collect the surcharge from health care providers qualified as self-insureds.

(g) The surcharge for self-insureds shall be the same amount determined by the board to be the amount of surcharge which the health care provider would reasonably be required to pay were his qualification based upon filing a policy of malpractice liability insurance.

(3)(a) Such surcharge shall be due and payable to the patient's compensation fund within thirty days after the premiums for malpractice liability insurance have been received by the insurer, agent of the insurer, risk manager, or surplus line agent from the health care provider in Louisiana.

(b) It shall be the duty of the insurer, agent of the insurer, risk manager, or surplus line agent to remit the surcharge to the Patient's Compensation Fund within thirty days of the date of payment by the health care provider. Failure of the insurer, agent of the insurer, risk manager, or surplus line agent to remit payment within thirty days may subject the insurer, agent of the insurer, risk manager, or surplus line agent to a penalty, the amount of which will be set by the board on an annual basis, not to exceed a total of twelve percent of the annual surcharge. Upon the failure of the insurer, agent of the insurer, risk manager, or surplus line agent to remit as provided herein, the board is authorized to institute legal proceedings if necessary to collect the surcharge, any penalty amount to be assessed, legal interest, and all reasonable attorney fees.

(4) If the annual surcharge is not paid within the time limited above, upon written notice of such nonpayment given by the board concurrently to the commissioner of insurance and the insurer, risk manager, or surplus line agent, the certificate of authority of the insurer, risk manager, and surplus line agent shall be suspended until the annual surcharge is paid.

(5)(a) All expenses of collecting, protecting, and administering the fund shall be paid from the fund.

- (b) The functions of collecting, administering, and protecting the fund, including all matters relating to determining surcharge rates, establishing reserves, the evaluating and settlement of claims, and relating to the defense of the fund, shall be carried out by the board.
- (c) The board shall prepare quarterly statements of the financial condition of the fund and publish the statements on the website of the board.
- (d) The function of selecting the list of attorney names from which the selection of the attorney chairman of the medical review panels is to be made shall be the responsibility of the office of the clerk of the Louisiana Supreme Court.
- (e) These expenses of the board and office of the clerk of the Louisiana Supreme Court shall be paid from the fund in accordance with law.
- (f) Not later than the first day of January each year, the board shall submit a copy of its proposed budget for the ensuing fiscal year to the Joint Legislative Committee on the Budget, the House Committee on Civil Law and Procedure, the Senate Committee on Judiciary A, the legislative auditor, and the legislative fiscal office. The format of the budget submission shall be as follows:
 - (i) A budget message signed by the budget preparer which shall include a summary description of the proposed financial plan, policies, and objectives and assumptions.
 - (ii) Narrative explanations describing the purpose and functions of the Patient's Compensation Fund.
 - (iii) Statements for the last completed fiscal year, estimates covering the entire current fiscal year, and projections for the ensuing fiscal year, as follows:
 - (aa) A statement showing fund balances of the Patient's Compensation Fund at the beginning of each year and at the conclusion of each fiscal year.
 - (bb) A statement of revenues and receipts, itemized by source.
 - (cc) Detailed comparative statements of expenditures itemized by source of funds and expenditure category by each major function, program, or service.
 - (dd) Clearly defined indicators of the quantity and quality of performance of agency functions.
 - (ee) Participation of agency personnel and board members in state employee benefit programs, including insurance and retirement programs.
 - (g) Any purchases of furniture, fixtures, equipment, or other property shall be specifically designated, by the method of identification as is reasonable and practical for each item, as the property of the fund.
- (6)(a) At all times the fund shall be maintained to provide assets of at least thirty percent of the fund's outstanding liabilities, calculated using the most recent actuarial study and report for the fund.
- (b) No reduction in the surcharge shall be made unless such assets are available in the fund.
- (7)(a) Claims from the patient's compensation fund exclusive of those provided for in R.S. 40:1231.3 shall be computed at the time the claim becomes final.
- (b) A final claim shall be paid within forty-five days of the board's receipt of a certified copy of the settlement, judgment, or arbitration award, unless the fund is exhausted

and the proration provision contained in Subparagraph (7)(c) applies.

(c) If the fund would be exhausted by payment in full of all final claims then the amount paid to each claimant shall be prorated.

(d) Any amounts due and unpaid shall be prorated.

(e) Repealed by Acts 2012, No. 802, §2.

B.(1) Subject to the other provisions of this Section, the board shall issue payment in the amount of each claim submitted to and approved by it, or prorated payment, as the case may be, against the fund within thirty days of receipt of a certified copy of the settlement, judgment, or arbitration award except that payment for claims made pursuant to Subparagraph (2)(d) or (e) of this Subsection, or both, shall be made upon receipt of such certified copy.

(2) The only claim against the fund shall be a voucher or other appropriate request by the board after it receives:

(a) A certified copy of a final judgment in excess of one hundred thousand dollars against a health care provider.

(b) A certified copy of a court approved settlement in excess of one hundred thousand dollars against a health care provider.

(c) A certified copy of a final award in excess of one hundred thousand dollars in an arbitration proceeding against a health care provider.

(d) A certified copy of a judgment awarding medical care and related benefits rendered pursuant to R.S. 40:1231.3.

(e) A voucher drawn by the board through the patient's compensation fund defense counsel pursuant to a judgment reciting that a patient is in need of future medical care and related benefits under the provisions of R.S. 40:1231.3.

C. If the insurer of a health care provider or a self-insured health care provider has agreed to settle its liability on a claim against its insured and claimant is demanding an amount in excess thereof from the patient's compensation fund for a complete and final release, then the following procedure must be followed:

(1) A petition shall be filed by the claimant with the court in which the action is pending against the health care provider, if none is pending in the parish where plaintiff or defendant is domiciled seeking (a) approval of an agreed settlement, if any, and/or (b) demanding payment of damages from the patient's compensation fund.

(2) A copy of the petition shall be served on the board, the health care provider and his insurer, at least ten days before filing and shall contain sufficient information to inform the other parties about the nature of the claim and the additional amount demanded.

(3) The board and the insurer of the health care provider or the self-insured health care provider as the case may be, may agree to a settlement with the claimant from the patient's compensation fund, or the board and the insurer of the health care provider or the self-insured health care provider as the case may be, may file written objections to the payment of the amount demanded. The agreement or objections to the payment demanded shall be filed within twenty days after the petition is filed.

(4) As soon as practicable after the petition is filed in the court the judge shall fix the

date on which the petition seeking approval of the agreed settlement and/or demanding payment of damages from the fund shall be heard, and shall notify the claimant, the insurer of the health care provider or the self-insured health care provider as the case may be, and the board thereof as provided by law.

(5)(a) At the hearing the board, the claimant, and the insurer of the health care provider or the self-insured health care provider, as the case may be, may introduce relevant evidence to enable the court to determine whether or not the petition should be approved if it is submitted on agreement without objections. If the board, the insurer of the health care provider or the self-insured health care provider, as the case may be, and the claimant cannot agree on the amount, if any, to be paid out of the patient's compensation fund, then the trier of fact shall determine at a subsequent trial which shall take place only after the board shall have been given an adequate opportunity to conduct discovery, identify and retain expert witnesses, and prepare a defense, the amount of claimant's damages, if any, in excess of the amount already paid by the insurer of the health care provider or self-insured health care provider. The trier of fact shall determine the amount for which the fund is liable and render a finding and judgment accordingly. The board shall have a right to request trial by jury whether or not a jury trial has been requested by the claimant or by any health care provider.

(b) The board shall not be entitled to file a suit or otherwise assert a claim against any qualified health care provider as defined in R.S. 40:1231.1(A) on the basis that the qualified health care provider failed to comply with the appropriate standard of care in treating or failing to treat any patient.

(c) The board may apply the provisions of Civil Code Article 2323 or 2324, or both, to assert a credit or offset for the allocated percentage of negligence or fault of a qualified health care provider provided at least one of the following conditions is met:

(i) A payment has been made to the claimant by, in the name of, or on behalf of the qualified health care provider whose percentage of fault the board seeks to allocate.

(ii) A payment has been made to the claimant by, in the name of, or on behalf of another qualified health care provider in order to obtain a dismissal or release of liability of the qualified health care provider whose percentage of fault the board seeks to allocate, provided that there shall be no separate credit or offset for the fault of an employer or other vicariously liable entity who was not independently negligent or otherwise at fault and who makes a payment in order to obtain a dismissal or release of liability of a single qualified health care provider for whom the payor is vicariously liable.

(iii) All or a portion of a payment made by another qualified health care provider, by the insurer of another qualified health care provider, or by the employer of another qualified health care provider has been attributed to or allocated to the qualified health care provider whose percentage of fault the board seeks to allocate, provided that there shall be no separate credit or offset for the fault of an employer or other vicariously liable entity who was not independently negligent or otherwise at fault and who makes a payment in order to obtain a dismissal or release of liability of a single qualified health care provider for whom the payor is vicariously liable.

(iv) A medical review panel has determined that the qualified health care provider

whose percentage of fault the board seeks to allocate failed to comply with the appropriate standard of care and that the failure was a cause of the damage or injury suffered by the patient, or a medical review panel has determined that there is a material issue of fact, not requiring expert opinion, bearing on liability of the qualified health care provider whose percentage of fault the board seeks to allocate for consideration by the trier of fact.

(v) The qualified health care provider does not object within thirty days after notice of the board's intention to allocate the health care provider's percentage of fault is delivered via certified mail to the plaintiff, the qualified health care provider, and the qualified health care provider's professional liability insurer or to their attorneys.

(vi) The court determines, after a hearing in which the qualified health care provider whose percentage of fault the board seeks to allocate shall be given an opportunity to appear and participate, that there has been collusion or other improper conduct between the defendant health care providers to the detriment of the interests of the fund.

(d) Except where the sum of one hundred thousand dollars has been paid by, in the name of, or on behalf of the qualified health care provider whose percentage of fault the board seeks to allocate, in any case in which the board is entitled pursuant to the provisions of Civil Code Article 2323 or 2324, or both, to assert a credit or offset for the allocated percentage of negligence or fault of a qualified health care provider, the board shall have the burden of proving the negligence or fault of the qualified health care provider whose percentage of fault the board seeks to allocate.

(e) In approving a settlement or determining the amount, if any, to be paid from the patient's compensation fund, the trier of fact shall consider the liability of the health care provider as admitted and established where the insurer has paid its policy limits of one hundred thousand dollars, or where the self-insured health care provider has paid one hundred thousand dollars.

(f) In each instance in which a claimant seeks to recover any sum from the board, each qualified health care provider or insurer or employer of a qualified health care provider who has made or has agreed to make any payment, including any reimbursement of court costs, medical expenses, or other expenses, to the claimant, the claimant's attorney, or any other person or entity shall be required, not later than ten days after the filing of the petition for approval of the settlement, to file and serve upon the board an answer to the petition for approval of the settlement which sets forth a complete explanation of each such payment, to include the identity of each payee, the identity of each entity by or on whose behalf each payment has been or is to be made, each amount paid or to be paid directly or indirectly by, on behalf of, or which has been or is to be attributed or allocated to any qualified health care provider, the purpose of each such payment, and the precise nature of any collateral agreement which has been made or is to be made in connection with the proposed settlement.

(6) Any settlement approved by the court shall not be appealed. Any judgment of the court fixing damages recoverable in any such contested proceeding shall be appealable pursuant to the rules governing appeals in any other civil court case tried by the court.

(7) For the benefit of both the insured and the patient's compensation fund, the insurer of the health provider shall exercise good faith and reasonable care both in evaluating

the plaintiff's claim and in considering and acting upon settlement thereof. A self-insured health care provider shall, for the benefit of the patient's compensation fund, also exercise good faith and reasonable care both in evaluating the plaintiff's claim and in considering and acting upon settlement thereof.

(8) The parties may agree that any amounts due from the patient's compensation fund pursuant to R.S. 40:1231.4(B) be paid by annuity contract purchased by the patient's compensation fund for and on behalf of the claimant.

(9) Notwithstanding any other provision of this Part, any self-insured health care provider who has agreed to settle its liability on a claim and has been released by the claimant for such claim or any other claim arising from the same cause of action shall be removed as a party to the petition, and his name shall be removed from any judgment that is rendered in the proceeding. Such release shall be filed with the clerk of court in the parish in which the petition is filed upon the filing of a properly executed, sworn release and settlement of claim.

D.(1)(a) The Patient's Compensation Fund Oversight Board is hereby created and established in the office of the governor, division of administration. The board shall be comprised of nine members, appointed by the governor subject to Senate confirmation.

(b) Nine members of the board shall be a representative of and for one or more classes of health care providers enrolled in the fund, and the board's membership shall be apportioned according to the distribution of aggregate surcharges paid to the fund among the several classes of health care providers enrolled with the fund, as follows:

(i) Four members of the board shall be representatives of the class of health care providers contributing the greatest percentage of the fund's aggregate surcharges.

(ii) Two members of the board shall be representatives of the class of health care providers contributing the second greatest percentage of the fund's aggregate surcharges.

(iii) One member of the board shall be a representative of the class of health care providers contributing the third greatest percentage of the fund's aggregate surcharges.

(iv) One member of the board shall be appointed to represent all other classes of health care providers enrolled with the fund.

(c) The ninth member of the board shall be appointed from nominees provided by the principal professional insurance agents organizations and this member shall be familiar with property and casualty insurance and licensed in this state as a producer.

(d) Appointments of members representing a single class of health care providers shall be made from nominations solicited from the respective principal professional organizations of such health care providers in the state. The member of the board representing all other classes of health care providers shall be nominated by concurrence of the respective principal professional organizations of such health care providers in the state. In the absence of such concurrence each such professional organization shall name a representative to an ad hoc committee which shall, from among its number, nominate a representative to the board.

(e) For the purpose of apportioning representation on the board, the percentage surcharge contribution of each distinct class of health care providers listed by R.S. 40:1231.1

to the aggregate surcharges paid to the fund shall be calculated for each fiscal year of the fund, and apportionment with respect to an initial or subsequent appointment to the board shall be based on such percentage contributions for the fund fiscal year preceding any such appointment.

(f) Two of the initial members of the board appointed pursuant to Item (1)(b)(i) of this Subsection, one of the initial members appointed pursuant to Item (1)(b)(ii), and the member appointed pursuant to Item (1)(b)(iii) shall serve for terms of three years. One of the members of the initial board appointed pursuant to Item (1)(b)(i) of this Subsection and one of the initial members appointed pursuant to Item (1)(b)(ii) shall serve for terms of two years. The remaining members of the initial board shall serve for terms of one year. Thereafter, each member of the board shall serve for a term of three years, with any vacancy occurring in any such position being filled for the unexpired term of such position in the manner of the original appointment, in accordance with the apportionment of representation provided for by this Subsection.

(g) The board shall annually elect a chairman and secretary from among its members and shall meet not less frequently than quarterly during the calendar year on the call of the chairman at such times and places as he may designate.

(h) The members of the board shall receive seventy-five dollars per day while engaged in board business and for attendance at all meetings of the board. Reasonable expenses incurred by board members in their travel to and attendance at meetings of the board shall be reimbursed by the fund in accordance with applicable laws and administrative regulations. The members of the board shall not be reimbursed for any expenses incurred for board meetings outside of the state.

(2)(a) The board shall be responsible, and have full authority under law, for the management, administration, operation and defense of the fund in accordance with the provisions of this Part.

(b) In addition to other powers and authority expressly or impliedly conferred on the board by this Part, the board shall have the authority, to the extent not inconsistent with the provisions of this Part, to:

(i) Collect all surcharges and other monies due the fund.

(ii) Establish and define the standards and forms of financial responsibility required of self-insured health care providers, and the standards and forms of malpractice liability insurance policies issued by admitted insurance companies and the standards, forms, acceptable ratings and other criteria for medical malpractice liability insurance policies issued by non-admitted insurance companies which are acceptable as proof of financial responsibility pursuant to R.S. 40:1231.2, as a condition to initial and continuing enrollment with the fund.

(iii) Collect, accumulate, and maintain claims experience data from enrolled health care providers and insurance companies providing professional liability insurance coverage to health care providers in this state, in the form necessary or appropriate to permit the board to determine appropriate surcharge rates for the fund.

(iv) Employ, or in accordance with the provisions of law applicable to contracting

for personal, professional or consulting services, retain the services of a qualified competent actuary to perform the annual actuarial study of the fund required by this Section and to advise the board on all aspects of the fund's administration, operation and defense which require application of the actuarial science.

(v) Contract for any services necessary or advisable to implement the authority and discharge the responsibilities conferred and imposed on the board by this Part.

(vi) Employ, in the unclassified service, an appropriately qualified executive director and delegate to such executive director all or any portion of the authority for administration and operation of the fund vested in the board, subject to the superseding authority of the board.

(vii) Employ, in the unclassified service, an appropriately qualified claims manager and delegate to such claims manager all or any portion of the authority for the protection and defense of the fund vested in the board, subject to the superseding authority of the board.

(viii) Employ, or contract with, legal counsel to advise and represent the board and represent the fund in proceedings pursuant to this Part.

(ix) Employ such clerical personnel as may be necessary or appropriate to carry out the responsibilities of the board under this Part.

(x) Defend the fund from all claims due wholly or in part to the negligence or liability of anyone other than a qualified health care provider regardless of whether a qualified health care provider has settled and paid its statutory maximum or has been adjudged liable or negligent.

(xi) Defend the fund from all claims arising under R.S. 40:1231.4(D)(2)(b)(x) and obtain indemnity and reimbursement to the fund of all amounts for which anyone other than a qualified health care provider may be held liable. The right of indemnity and reimbursement to the fund shall be limited to that amount that the fund may be cast in judgment.

(xii) Intervene as a matter of right, at its discretion, in any civil action or proceeding in which the constitutionality of this Part, R.S. 9:5628, R.S. 9:5628.1 or any other Louisiana law related to medical malpractice as defined in this Part is challenged.

(xiii) The right to apply the provisions of Civil Code Article 2323 or 2324, or both, to assert a credit or offset for the allocated percentage of negligence or fault of a qualified health care provider shall be governed by the provisions of Subparagraph (C)(5)(c) of this Section.

(xiv) Intervene as a matter of right, at its discretion, in any civil action or proceeding in which a health care provider files a dilatory exception of prematurity pursuant to Code of Civil Procedure Article 926(A)(1) and the board reasonably believes either of the following:

(aa) Any health care provider is not qualified under this Part.

(bb) Any claim is not subject to this Part.

Any intervention and participation by the board in any civil action or proceeding pursuant to this Subparagraph shall be strictly limited to the health care provider's qualification status under this Part and whether the claim is subject to this Part. A copy of the exception and the petition for damages shall be sent by the health care provider filing the

dilatory exception of prematurity to the board, via certified mail, return receipt requested, concurrently with serving the parties to the civil action or proceeding.

(xv) Intervene as a matter of right, at its discretion, in any civil action or proceeding involving malpractice as defined in R.S. 40:1231.1 in which either of the following occurs:

(aa) A self-insured health care provider is the subject of a liquidation, insolvency, receivership, or bankruptcy proceeding.

(bb) A health care provider's insurer is the subject of a liquidation, insolvency, receivership, or bankruptcy proceeding, the insurer has been discharged from the civil action or proceeding and the malpractice claim is not covered by the Louisiana Insurance Guaranty Association.

(xvi) Employ an appropriately qualified chief investment officer and delegate to him a portion of the authority vested in the board related to investments, subject to the superseding authority of the board.

(3) The board shall have authority, in accordance with applicable provisions of the Administrative Procedure Act, to adopt and promulgate such rules, regulations and standards as it may deem necessary or advisable to implement the authority and discharge the responsibilities conferred and imposed on the board by this Part.

(4) All communications made and all documents and records developed by, between or among the attorney general, claims manager, the oversight board, any person or entity contracted to provide services to or on behalf of the fund under this Part, and enrolled health care providers and their insurers, relative to or in anticipation of defense of the fund or enrolled health care providers against, establishment of reserves with respect to, or prospective settlement of, individual malpractice claims shall be confidential and privileged against disclosure to any third party, pursuant to request, subpoena, or otherwise.

(5) Any meeting of the board or any portion of any meeting of the board which is restricted to consideration of and/or action upon pending or threatened claims against the fund or health care providers with the fund shall not be subject to the provisions of R.S. 42:11 through 28.

E. In any instance in which a complaint for bodily injuries to or death of a patient on account of malpractice has been filed in court and the parties enter into a stipulation prior to trial as to the amount of past medical expenses and related benefits and the amount exceeds one hundred thousand dollars, the parties shall also stipulate to the admissibility of the documents supporting the stipulated amount and shall introduce these documents into evidence at the trial for which the stipulation was entered into.

RS 40:1231.5 — Investment responsibilities

er members of the

fund. The fund shall be maintained on a sound actuarial basis and the investment practices of the board in administering the fund are an integral part.

B. The prudent man rule shall be applied by the board in investing monies of the fund.

C.(1) The prudent man rule shall require each member of the board and the board collectively to act with the care, skill, prudence, and diligence under the circumstances

prevailing that a prudent institutional investor acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

(2) The prudent man standard requires the exercise of reasonable care, skill, and caution, and is to be applied to investments not in isolation, but in the context of the fund portfolio, and as part of an overall investment strategy, which shall include an asset allocation study and plan for implementation thereof, incorporating risk and return objectives reasonably suited to the fund. The asset allocation study and implementation plan shall include the examination of market value risk, credit risk, interest rate risk, inflation risk, counterparty risk, and concentration risk. The investment policy of the board shall preserve and enhance principal over the long term and provide adequate liquidity and cash flow for the payment of benefits and expenses of the fund and the board under this Part. The investments shall be diversified to minimize the risk of significant losses unless it is clearly prudent to do otherwise.

D.(1) Notwithstanding the prudent man rule, the board shall not invest more than twenty-five percent of the total portfolio in equities, except as provided in Paragraph (2) of this Subsection.

(2) The board may invest more than twenty-five percent of the total portfolio in equities, so long as not more than thirty-five percent of the total portfolio is invested in equities and at least ten percent of the total equity portfolio is invested in one or more index funds which seek to replicate the performance of the chosen indices.

(3) When contemplating any investment, action, or asset allocation, the following factors shall be considered:

- (a) The availability of public pricing to value each investment.
- (b) The ability to liquidate each investment at a fair market price within a reasonable time for the size of investment being considered.
- (c) The degree of transparency that accompanies each investment.
- (d) The risk of fluctuations in currency.
- (e) The experience of the professionals who will manage each investment and the financial soundness of the business entity employing the professionals.
- (f) The degree of diversification within each investment and what each may provide relative to the existing investments.
- (g) Whatever leverage is involved.
- (h) The jurisdiction of the laws that govern each investment.
- (i) The net return expected relative to the risk associated with each investment.

E.(1) The board shall electronically submit semiannual reports beginning January 1, 2012, to the House Committee on Civil Law and Procedure and the Senate Committee on Judiciary A. The reports shall be submitted no later than thirty calendar days after January first and July first of each year and shall contain the following:

- (a) The investment return net of investment fees and expenses expressed as a percentage return and dollar amount.
- (b) The amount of administrative expenses.
- (c) The board-approved target asset allocation.

(d) The current actual asset allocation of the portfolio.

(2) Investment returns reported in accordance with this Subsection shall be by total fund and particular asset class over the six-month period reported, fiscal year-to-date, one-year, three-year, five-year, and ten-year periods.

F. The board is hereby authorized, in requesting proposals for investment advisory services, to require fees to be quoted as a fixed fee, a fee based on market value of assets, or a performance fee.

G.(1) Investment performance reports shall be in compliance with the current Performance Presentation Standards as amended and published by the Association for Investment Management and Research or any successor entity.

(2) Investment performance composite data submitted in response to a request for proposal or any other solicitation or selection process used by the board for hiring an investment manager or investment advisor shall be in compliance with the current Performance Presentation Standards as amended and published by the Association for Investment Management and Research or any successor entity.

(3) The board shall require, at least annually, the investment managers or investment advisors employed or otherwise retained by the board to submit investment performance composite data that is subject to a Level I verification as defined in the Performance Presentation Standards as amended and published by the Association for Investment Management and Research or any successor entity.

H.(1) Consultants and money managers shall provide full disclosure of conflicts of interest to the board. Consultants shall also provide full disclosure of any payments received from money managers, in hard or soft dollars, for any services provided, including but not limited to performance measurement, business consulting, and education.

(2) Each consultant and money manager shall submit a written disclosure report semiannually to the board beginning January 1, 2012. A report shall be submitted regardless of whether the consultant or money manager has any conflict or payment to report. If a reportable agreement is contracted during any reporting period, the consultant or money manager shall notify the board of the agreement within seven business days.

I. Any consultant or money manager found to be in violation of Subsection H of this Section shall pay to the board an amount of money equal to the value of the undisclosed revenue or payment and any damages caused by the failure to disclose. Additionally, if the consultant or money manager intentionally failed to disclose as required in Subsection H of this Section, he shall pay to the board an amount equal to three times the value of the revenue or payment he failed to disclose as a penalty and any damages caused by the failure to disclose.

RS 40:1231.6 — Malpractice coverage

lations of the

board remains undiminished, are the health care provider and his insurer liable to a patient, or his representative, for malpractice to the extent and in the manner specified in this Part.

(2) When, and during the period that each shareholder, partner, member, agent, officer, or employee of a corporation, partnership, limited liability partnership, or limited

liability company, who is eligible for qualification as a health care provider under this Part, and who is providing health care on behalf of such corporation, partnership, or limited liability company, is qualified as a health care provider under the provisions of R.S. 40:1131.2, such corporation, partnership, limited liability partnership, or limited liability company shall, without the payment of an additional surcharge, be deemed concurrently qualified and enrolled as a health care provider under this Part. Any such corporation, partnership, limited liability partnership, or limited liability company which fails to provide proof of financial responsibility upon request of the fund after the filing of a request for review of a claim under R.S. 40:1231.8 or after the filing of a lawsuit alleging medical malpractice, shall not be deemed concurrently qualified and enrolled as a health care provider under this Part.

B. The filing of proof of financial responsibility with the board shall constitute, on the part of the insurer, a conclusive and unqualified acceptance of the provisions of this Part.

C. Any provision in a policy attempting to limit or modify the liability of the insurer contrary to the provisions of this Part is void, except that a provision in a malpractice liability insurance policy approved by the board which limits the aggregate sum for which the insurer may be liable during the policy period shall be valid.

D. Every policy issued under this Part is deemed to include the following provisions, and any change which may be occasioned by legislation adopted by the legislature of the state of Louisiana as fully as if it were written therein:

(1) The insurer assumes all obligations to pay an award imposed against its insured under the provisions of this Part; and

(2) Any termination of this policy by cancellation is not effective as to patients claiming against the insured covered hereby, unless at least thirty days before the taking effect of the cancellation, a written notice giving the date upon which termination becomes effective has been received by the insured and the board at their offices. In no event shall said cancellation affect in any manner any claim which arose against the insurer or its insured during the life of the policy.

E. If an insurer fails or refuses to pay a final judgment, except during the pendency of an appeal, or fails, or refuses to comply with any provisions of this Part, in addition to any other legal remedy, the board may also revoke the approval of its policy form until the insurer pays the award or judgment or has complied with the violated provisions of this Part and has resubmitted its policy form and received the approval of the board.

RS 40:1231.7 — Risk management; authority

created the Residual Malpractice Insurance Authority. The authority is empowered to engage in making malpractice liability insurance available in this state. Governance and administration of the authority shall be vested with the board.

C.(1) The board shall choose a risk manager for the authority according to the public bid laws of the state.

(2) Unless otherwise agreed between the risk manager and the board, the separate, personal or independent assets of the risk manager shall not be liable for or subject to use or expenditure for the purpose of providing insurance by the authority.

(3) All contracts between the authority and the risk manager, and any amendment thereto, and any adjustments made by the board in the compensation or duties of the risk manager permitted by such contracts shall require the approval of the division of administration.

D. In the administration and provision for malpractice liability insurance by the authority, the risk manager shall:

(1) Be subject to all laws and regulations of this state which apply to insurance.

Except as provided by this Part the Residual Malpractice Insurance Authority shall not be subject to the taxes provided by the Louisiana Insurance Code.

(2) Prepare and file appropriate forms with the Department of Insurance.

(3) Prepare and file premium rates with the Department of Insurance.

(4) Perform the underwriting functions; and subject to the approval of the board, shall formulate underwriting standards for insuring health care providers who by reason of training, experience, claims history and other generally accepted underwriting standards are reasonable insurance risks.

(5) Dispose of all claims and litigations arising out of insurance policies.

(6) Maintain complete books and records.

(7) File an annual financial statement regarding its operations under this Section with the Department of Insurance on forms prescribed by the commissioner.

(8) Obtain private reinsurance for the authority, if necessary.

(9) Prepare and file for approval of the commissioner, a schedule of agent's compensation.

(10) Prepare and file a plan of operations with the commissioner for approval.

E. Unless otherwise agreed between the risk manager and the board, the risk manager shall receive as compensation for its services only a percentage of all premiums received by it under the terms of this Section, as determined by the board and approved by the division of administration.

F. If a health care provider desires malpractice liability insurance under this Part, he shall forward his application to the risk manager. The risk manager shall not consider any application unless a health care provider furnishes in his application evidence of his having either been refused coverage by at least two private insurers writing medical malpractice insurance in the state, or having been refused coverage by the only private insurer writing medical malpractice insurance in the state, or that no private insurer is writing such insurance in the state. Upon written application therefor, the risk manager shall provide a malpractice liability insurance binder to a health care provider who has applied for medical malpractice insurance to any private insurer writing medical malpractice insurance in the state. Such binder shall remain in effect for no more than sixty days from the date of the application by the health care provider to such private insurer. Upon proof by the health care provider submitted to the risk manager that he has not been accepted by any private insurer during the sixty day period, the risk manager shall assume that the health care provider has been rejected for private insurance coverage. In that case, the risk manager shall, if the health care provider meets the underwriting standards called for in Paragraph (4) of Subsection D of this

Section, issue a policy of insurance to the health care provider. If within the sixty day period the applicant is accepted by a private insurer, the binder shall expire at the time of such acceptance.

G. If the risk manager declines to accept the risk, notice of declination, together with reasons, shall be sent to the applicant and the board. The applicant shall have ten days from the date of notice to file an appeal for review by the board. On appeal, the board shall review the decision of the risk manager to determine whether the approved underwriting standards have been fairly applied by the risk manager and shall enter an appropriate order.

H. The surplus of premiums over losses and expenses received by the authority shall be placed in a segregated fund and shall be invested and reinvested by the board in accordance with the Louisiana Insurance Code and investment income generated shall remain in the fund. These funds shall not be considered public or state funds.

I. The authority may issue malpractice liability insurance policies only to health care providers who are residents of Louisiana and to corporations, foreign or domestic, with regard to health care facilities operated within Louisiana. Insofar as practicable, only the claims experience of Louisiana health care providers shall be considered in the determination of rates for such policies. The rates for such policies shall otherwise be determined and approved according to the same procedures and principles as rates for malpractice liability policies issued by private insurers in Louisiana. The rates for such policies shall be at least equal to the highest rate established for any particular category of malpractice liability insurance of a like policy issued by private insurers in the state.

J. The state of Louisiana assumes no liability for medical malpractice insurance policies written by the authority. Every policy issued by the authority shall contain a statement that the authority's liability or the liability of the policy is limited to the authority's reserves.

RS 40:1231.8 — Medical review panel

ion procedure,

shall be reviewed by a medical review panel established as hereinafter provided for in this Section. The filing of a request for review by a medical review panel as provided for in this Section shall not be reportable by any health care provider, the Louisiana Patient's Compensation Fund, or any other entity to the Louisiana State Board of Medical Examiners, to any licensing authority, committee, or board of any other state, or to any credentialing or similar agency, committee, or board of any clinic, hospital, health insurer, or managed care company.

(b) A request for review of a malpractice claim or a malpractice complaint shall contain, at a minimum, all of the following:

(i) A request for the formation of a medical review panel.

(ii) The name of only one patient for whom, or on whose behalf, the request for review is being filed; however, if the claim involves the care of a pregnant mother and her unborn child, then naming the mother as the patient shall be sufficient.

(iii) The names of the claimants.

(iv) The names of the defendant health care providers.

(v) The dates of the alleged malpractice.

(vi) A brief description of the alleged malpractice as to each named defendant health care provider.

(vii) A brief description of the alleged injuries.

(c) A claimant shall have forty-five days from the date of receipt by the claimant of the confirmation of receipt of the request for review in accordance with Subparagraph (3)(a) of this Subsection to pay to the board a filing fee in the amount of one hundred dollars per named defendant qualified under this Part.

(d) Such filing fee may be waived only upon receipt of one of the following:

(i) An affidavit of a physician holding a valid and unrestricted license to practice his specialty in the state of his residence certifying that adequate medical records have been obtained and reviewed and that the allegations of malpractice against each defendant health care provider named in the claim constitute a claim of a breach of the applicable standard of care as to each named defendant health care provider.

(ii) An in forma pauperis ruling issued in accordance with Code of Civil Procedure Article 5181 et seq. by a district court in a venue in which the malpractice claim could properly be brought upon the conclusion of the medical review panel process.

(e) Failure to comply with the provisions of Subparagraph (c) or (d) of this Paragraph within the specified forty-five day time frame in Subparagraph (c) of this Paragraph shall render the request for review of a malpractice claim invalid and without effect. Such an invalid request for review of a malpractice claim shall not suspend time within which suit must be instituted in Subparagraph (2)(a) of this Subsection.

(f) All funds generated by such filing fees shall be private monies and shall be applied to the costs of the Patient's Compensation Fund Oversight Board incurred in the administration of claims.

(g) The filing fee of one hundred dollars per named defendant qualified under this Part shall be applicable in the event that a claimant identifies additional qualified health care providers as defendants. The filing fee applicable to each identified qualified health care provider shall be due forty-five days from the mailing date of the confirmation of receipt of the request for review for the additional named defendants in accordance with Subparagraph (3)(a) of this Subsection.

(2)(a) The filing of the request for a review of a claim shall suspend the time within which suit must be instituted, in accordance with this Part, until ninety days following notification, by certified mail, as provided in Subsection J of this Section, to the claimant or his attorney of the issuance of the opinion by the medical review panel, in the case of those health care providers covered by this Part, or in the case of a health care provider against whom a claim has been filed under the provisions of this Part, but who has not qualified under this Part, until ninety days following notification by certified mail to the claimant or his attorney by the board that the health care provider is not covered by this Part. The filing of a request for review of a claim shall suspend the running of prescription against all joint and solidary obligors, and all joint tortfeasors, including but not limited to health care providers, both qualified and not qualified, to the same extent that prescription is suspended

against the party or parties that are the subject of the request for review. Filing a request for review of a malpractice claim as required by this Section with any agency or entity other than the division of administration shall not suspend or interrupt the running of prescription. All requests for review of a malpractice claim identifying additional health care providers shall also be filed with the division of administration.

(b)(i) The request for review of a malpractice claim under this Section shall be deemed filed on the date the request is:

(aa) Sent, if the request is electronically sent by facsimile transmission or other authorized means, as provided by R.S. 9:2615(A), to the division of administration.

(bb) Mailed, if the request is delivered by certified or registered mail to the division of administration.

(cc) Received, if the request is delivered to the division of administration by any means other than as provided by Subitem (aa) or (bb) of this Item.

(ii) Upon receipt, the request shall be stamped with the filing date and certified by the division of administration. Filing of the request shall be complete only upon timely compliance with the provisions of Subparagraph (1)(c) or (d) of this Subsection. Upon receipt of any request, the division of administration shall forward a copy of the request to the board within five days of receipt.

(c) An attorney chairman for the medical review panel shall be appointed within one year from the date the request for review of the claim was filed. Upon appointment of the attorney chairman, the parties shall notify the board of the name and address of the attorney chairman. If the board has not received notice of the appointment of an attorney chairman within nine months from the date the request for review of the claim was filed, then the board shall send notice to the parties by certified or registered mail that the claim will be dismissed in ninety days unless an attorney chairman is appointed within one year from the date the request for review of the claim was filed. If the board has not received notice of the appointment of an attorney chairman within one year from the date the request for review of the claim was filed, then the board shall promptly send notice to the parties by certified or registered mail that the claim has been dismissed for failure to appoint an attorney chairman and the parties shall be deemed to have waived the use of the medical review panel. The filing of a request for a medical review panel shall suspend the time within which suit must be filed until ninety days after the claim has been dismissed in accordance with this Section.

(3) It shall be the duty of the board within fifteen days of the receipt of the claim by the board to:

(a) Confirm to the claimant by certified mail, return receipt requested, that the filing has been officially received and whether or not the named defendant or defendants have qualified under this Part.

(b) In the confirmation to the claimant pursuant to Subparagraph (a) of this Paragraph, notify the claimant of the amount of the filing fee due and the time frame within which such fee is due to the board, and that upon failure to comply with the provisions of Subparagraph (1)(c) or (d) of this Subsection, the request for review of a malpractice claim is invalid and without effect and that the request shall not suspend the time within which suit

must be instituted in Subparagraph (2)(a) of this Subsection.

(c) Notify all named defendants by certified mail, return receipt requested, whether or not qualified under the provisions of this Part, that a filing has been made against them and request made for the formation of a medical review panel; and forward a copy of the proposed complaint to each named defendant at his last and usual place of residence or his office.

(4) The board shall notify the claimant and all named defendants by certified mail, return receipt requested, of any of the following information:

(a) The date of receipt of the filing fee.

(b) That no filing was due because the claimant timely provided the affidavit set forth in Item (1)(d)(i) of this Subsection.

(c) That the claimant has timely complied with the provisions of Item (1)(d)(ii) of this Subsection.

(d) That the required filing fee was not timely paid pursuant to Subparagraph (1)(c) of this Subsection.

(5) In the event that the board is unable to determine after forty-five days from the date of mailing of the notification, whether notification by certified mail, return receipt requested, provided for in Paragraphs (3) and (4) of this Subsection has been received by the claimant, or the notification is not claimed or is returned undeliverable, the board shall provide such notification by regular first class mail, which date of mailing shall have the effect of receipt of notice by certified mail for purposes of Subparagraphs (1)(c) and (d) of this Subsection.

(6) In the event the board receives a filing fee that was not timely paid pursuant to Subparagraph (1)(c) of this Subsection, then the board shall return, or refund the amount of, the filing fee to the claimant within thirty days of the date the board receives the untimely filing fee.

B.(1)(a)(i) No action against a health care provider covered by this Part, or his insurer, may be commenced in any court before the claimant's proposed complaint has been presented to a medical review panel established pursuant to this Section.

(ii) A certificate of enrollment issued by the board shall be admitted in evidence.

(b) However, with respect to an act of malpractice which occurs after September 1, 1983, if an opinion is not rendered by the panel within twelve months after the date of notification of the selection of the attorney chairman by the executive director to the selected attorney and all other parties pursuant to Paragraph (1) of Subsection C of this Section, suit may be instituted against a health care provider covered by this Part. However, either party may petition a court of competent jurisdiction for an order extending the twelve month period provided in this Subsection for good cause shown. After the twelve month period provided for in this Subsection or any court-ordered extension thereof, the medical review panel established to review the claimant's complaint shall be dissolved without the necessity of obtaining a court order of dissolution.

(c) By agreement of all parties, the use of the medical review panel may be waived.

(d) By agreement of all parties and upon written request to the attorney chairman,

an expedited medical review panel process may be selected. Unless otherwise specified in the provisions of Subsection N of this Section, the expedited process shall be governed by other provisions of this Section.

(2)(a) A health care provider against whom a claim has been filed under the provisions of this Part may raise peremptory exceptions of no right of action pursuant to Code of Civil Procedure Article 927 or any exception or defenses available pursuant to R.S. 9:5628 in a court of competent jurisdiction and proper venue at any time without need for completion of the review process by the medical review panel.

(b) If the court finds that the claim had prescribed or otherwise was preempted prior to being filed, the panel, if established, shall be dissolved upon the judgment becoming final. If the court grants the peremptory exception of no right of action as to all claimants, the panel, if established, shall be dissolved upon the judgment becoming final. If the court grants the peremptory exception of no right of action as to less than all claimants, the claimants as to whom the court granted the peremptory exception of no right of action shall be prohibited from participating in the panel process as a claimant.

(3) Ninety days after the notification to all parties by certified mail by the attorney chairman or the board of the dissolution of the medical review panel or ninety days after the expiration of any court-ordered extension as authorized by Paragraph (1) of this Subsection, the suspension of the running of prescription with respect to a qualified health care provider shall cease.

C. The medical review panel shall consist of three health care providers who hold unlimited licenses to practice their profession in Louisiana and one attorney. The parties may agree on the attorney member of the medical review panel. If no attorney for or representative of any health care provider named in the complaint has made an appearance in the proceedings or made written contact with the attorney for the plaintiff within forty-five days of the date of receipt of the notification to the health care provider and the insurer that the required filing fee has been received by the patient's compensation board as required by Subparagraph (A)(1)(c) of this Section, the attorney for the plaintiff may appoint the attorney member of the medical review panel for the purpose of convening the panel. Such notice to the health care provider and the insurer shall be sent by registered or certified mail, return receipt requested. If no agreement can be reached, then the attorney member of the medical review panel shall be selected in the following manner:

(1)(a) The office of the clerk of the Louisiana Supreme Court, upon receipt of notification from the board, shall draw five names at random from the list of attorneys who reside or maintain an office in the parish which would be proper venue for the action in a court of law. The names of judges other than city court judges, magistrates, district attorneys, and assistant district attorneys shall be excluded if drawn and new names drawn in their place. After selection of the attorney names, the office of the clerk of the supreme court shall notify the board of the names so selected. It shall be the duty of the board to notify the parties of the attorney names from which the parties may choose the attorney member of the panel within five days. If no agreement can be reached within five days, the parties shall immediately initiate a procedure of selecting the attorney by each striking two

names alternately, with the claimant striking first and so advising the health care provider of the name of the attorney so stricken; thereafter, the health care provider and the claimant shall alternately strike until both sides have stricken two names and the remaining name shall be the attorney member of the panel. If either the plaintiff or defendant fails to strike, the clerk of the Louisiana Supreme Court shall strike for that party within five additional days.

(b) After the striking, the office of the board shall notify the attorney and all other parties of the name of the selected attorney.

(2) The attorney shall act as chairman of the panel and in an advisory capacity but shall have no vote. It is the duty of the chairman to expedite the selection of the other panel members, to convene the panel, and expedite the panel's review of the proposed complaint. The chairman shall establish a reasonable schedule for submission of evidence to the medical review panel but must allow sufficient time for the parties to make full and adequate presentation of related facts and authorities within ninety days following selection of the panel.

(3)(a) The plaintiff shall notify the attorney chairman and the named defendants of his choice of a health care provider member of the medical review panel within thirty days of the date of certification of his filing by the board.

(b) The named defendant shall then have fifteen days after notification by the plaintiff of the plaintiff's choice of his health care provider panelist to name the defendant's health care provider panelist.

(c) If either the plaintiff or defendant fails to make a selection of health care provider panelist within the time provided, the attorney chairman shall notify by certified mail the failing party to make such selection within five days of the receipt of the notice.

(d) If no selection is made within the five day period, then the chairman shall make the selection on behalf of the failing party. The two health care provider panel members selected by the parties or on their behalf shall be notified by the chairman to select the third health care provider panel member within fifteen days of their receipt of such notice.

(e) If the two health care provider panel members fail to make such selection within the fifteen day period allowed, the chairman shall then make the selection of the third panel member and thereby complete the panel.

(f) A physician who holds an unrestricted license to practice medicine by the Louisiana State Board of Medical Examiners and who is engaged in the active practice of medicine in this state, whether in the teaching profession or otherwise, shall be available for selection as a member of a medical review panel.

(g) Each party to the action shall have the right to select one health care provider and upon selection the health care provider shall be required to serve.

(h) When there are multiple plaintiffs or defendants, there shall be only one health care provider selected per side. The plaintiff, whether single or multiple, shall have the right to select one health care provider, and the defendant, whether single or multiple, shall have the right to select one health care provider.

(i) A panelist so selected and the attorney member selected in accordance with this Subsection shall serve unless for good cause shown may be excused. To show good cause

for relief from serving, the panelist shall present an affidavit to a judge of a court of competent jurisdiction and proper venue which shall set out the facts showing that service would constitute an unreasonable burden or undue hardship. A health care provider panelist may also be excused from serving by the attorney chairman if during the previous twelve-month period he has been appointed to four other medical review panels. In either such event, a replacement panelist shall be selected within fifteen days in the same manner as the excused panelist.

(j) If there is only one party defendant which is not a hospital, community blood center, tissue bank, or ambulance service, all panelists except the attorney shall be from the same class and specialty of practice of health care provider as the defendant. If there is only one party defendant which is a hospital, community blood center, tissue bank, or ambulance service, all panelists except the attorney shall be physicians. If there are claims against multiple defendants, one or more of whom are health care providers other than a hospital, community blood center, tissue bank, or ambulance service, the panelists selected in accordance with this Subsection may also be selected from health care providers who are from the same class and specialty of practice of health care providers as are any of the defendants other than a hospital, community blood center, tissue bank, or ambulance service.

(4) When the medical review panel is formed, the chairman shall within five days notify the board and the parties by registered or certified mail of the names and addresses of the panel members and the date on which the last member was selected.

(5)(a) Before entering upon their duties, each voting panelist shall subscribe before a notary public the following oath:

"I, (name) do solemnly swear/affirm that I will faithfully perform the duties of medical review panel member to the best of my ability and without partiality or favoritism of any kind. I acknowledge that I represent neither side and that it is my lawful duty to serve with complete impartiality and to render a decision in accordance with law and the evidence."

(b) The attorney panel member shall subscribe to the same oath except that in lieu of the last sentence thereof the attorney's oath shall state:

"I acknowledge that I represent neither side and that it is my lawful duty to advise the panel members concerning matters of law and procedure and to serve as chairman."

(c) The original of each oath shall be attached to the opinion rendered by the panel.

(6) The party aggrieved by the alleged failure or refusal of another to perform according to the provisions of this Section may petition any district court of proper venue over the parties for an order directing that the parties comply with the medical review panel provisions of the medical malpractice act.

(7) A panelist or a representative or attorney for any interested party shall not discuss with other members of a medical review panel on which he serves a claim which is to be reviewed by the panel until all evidence to be considered by the panel has been submitted.

A panelist or a representative or attorney for any interested party shall not discuss the pending claim with the claimant or his attorney asserting the claim or with a health care provider or his attorney against whom a claim has been asserted under this Section. A

panelist or the attorney chairman shall disclose in writing to the parties prior to the hearing any employment relationship or financial relationship with the claimant, the health care provider against whom a claim is asserted, or the attorneys representing the claimant or health care provider, or any other relationship that might give rise to a conflict of interest for the panelists.

D.(1) The evidence to be considered by the medical review panel shall be promptly submitted by the respective parties in written form only.

(2) The evidence may consist of medical charts, x-rays, lab tests, excerpts of treatises, depositions of witnesses including parties, interrogatories, affidavits and reports of medical experts, and any other form of evidence allowable by the medical review panel.

(3) Depositions of the parties and witnesses may be taken prior to the convening of the panel.

(4) Upon request of any party, or upon request of any two panel members, the clerk of any district court shall issue subpoenas and subpoenas duces tecum in aid of the taking of depositions and the production of documentary evidence for inspection and/or copying.

(5) The chairman of the panel shall advise the panel relative to any legal question involved in the review proceeding and shall prepare the opinion of the panel as provided in Subsection G.

(6) A copy of the evidence shall be sent to each member of the panel.

E. Either party, after submission of all evidence and upon ten days notice to the other side, shall have the right to convene the panel at a time and place agreeable to the members of the panel. Either party may question the panel concerning any matters relevant to issues to be decided by the panel before the issuance of their report. The chairman of the panel shall preside at all meetings. Meetings shall be informal.

F. The panel shall have the right and duty to request and procure all necessary information. The panel may consult with medical authorities, provided the names of such authorities are submitted to the parties with a synopsis of their opinions and provided further that the parties may then obtain their testimony by deposition. The panel may examine reports of such other health care providers necessary to fully inform itself regarding the issue to be decided. Both parties shall have full access to any material submitted to the panel.

G. The panel shall have the sole duty to express its expert opinion as to whether or not the evidence supports the conclusion that the defendant or defendants acted or failed to act within the appropriate standards of care. After reviewing all evidence and after any examination of the panel by counsel representing either party, the panel shall, within thirty days, render one or more of the following expert opinions, which shall be in writing and signed by the panelists, together with written reasons for their conclusions:

(1) The evidence supports the conclusion that the defendant or defendants failed to comply with the appropriate standard of care as charged in the complaint.

(2) The evidence does not support the conclusion that the defendant or defendants failed to meet the applicable standard of care as charged in the complaint.

(3) That there is a material issue of fact, not requiring expert opinion, bearing on liability for consideration by the court.

(4) When Paragraph (1) of this Subsection is answered in the affirmative, that the conduct complained of was or was not a factor of the resultant damages. If such conduct was a factor, whether the plaintiff suffered: (a) any disability and the extent and duration of the disability, and (b) any permanent impairment and the percentage of the impairment.

H. Any report of the expert opinion reached by the medical review panel shall be admissible as evidence in any action subsequently brought by the claimant in a court of law, but such expert opinion shall not be conclusive and either party shall have the right to call, at his cost, any member of the medical review panel as a witness. If called, the witness shall be required to appear and testify. A panelist shall have absolute immunity from civil liability for all communications, findings, opinions and conclusions made in the course and scope of duties prescribed by this Part.

I.(1)(a) Each physician member of the medical review panel shall be paid at the rate of twenty-five dollars per diem, not to exceed a total of three hundred dollars for all work performed as a member of the panel exclusive of time involved if called as a witness to testify in a court of law regarding the communications, findings, and conclusions made in the course and scope of duties as a member of the medical review panel, and in addition thereto, reasonable travel expenses.

(b) The attorney chairman of the medical review panel shall be paid at the rate of one hundred dollars per diem, not to exceed a total of two thousand dollars for all work performed as a member of the panel exclusive of time involved if called as a witness to testify in a court of law regarding the communications, findings, and conclusions made in the course and scope of duties as a member of the medical review panel, and in addition thereto, reasonable travel expenses. Additionally, the attorney chairman shall be reimbursed for all reasonable out-of-pocket expenses incurred in performing his duties for each medical review panel. The attorney chairman shall submit the amount due him for all work performed as a member of the panel by affidavit, which shall attest that he has performed in the capacity of chairman of the medical review panel and that he was personally present at all the panel's meetings or deliberations.

(2)(a) The costs of the medical review panel shall be paid by the health care provider if the opinion of the medical review panel is in favor of said defendant health care provider.

(b) The claimant shall pay the costs of the medical review panel if the opinion of the medical review panel is in favor of the claimant. However, if the claimant is unable to pay, the claimant shall submit to the attorney chairman prior to the convening of the medical review panel an in forma pauperis ruling issued in accordance with Code of Civil Procedure Article 5181 et seq. by a district court in a venue in which the malpractice claim could properly be brought upon the conclusion of the medical review panel process. Upon timely receipt of the in forma pauperis ruling, the costs of the medical review panel shall be paid by the health care provider, with the proviso that if the claimant subsequently receives a settlement or receives a judgment, the advance payment of the medical review panel costs will be offset.

(c) In a medical malpractice suit filed by the claimant in which a unanimous opinion was rendered in favor of the defendant health care provider as provided in the expert opinion

stated in Paragraph (G)(2) of this Section, the claimant who proceeds to file such a suit shall be required to post a cash or surety bond, approved by the court, in the amount of all costs of the medical review panel. Upon the conclusion of the medical malpractice suit, the court shall order that the cash or surety bond be forfeited to the defendant health care provider for reimbursement of the costs of the medical review panel, unless a final judgment is rendered finding the defendant liable to the claimant for any damages. If a final judgment is rendered finding the defendant liable to the claimant for any damages, the court shall order that the defendant health care provider reimburse the claimant an amount equal to the cost of obtaining the cash or surety bond posted by the claimant.

(d) In the event a medical review panel renders a unanimous opinion in favor of the claimant as provided in the expert opinions stated in Paragraphs (G)(1) and (4) of this Section, and the claimant has not timely submitted an in forma pauperis ruling to the panel's attorney chairman, and thereafter the defendant health care provider failed to settle the claim with the claimant resulting in the claimant filing a malpractice suit in a court of competent jurisdiction and proper venue against the defendant health care provider based on the same claim which was the subject of the unanimously adverse medical review panel opinion against the defendant health care provider, the defendant health care provider shall be required to post a cash or surety bond, approved by the court, in the amount of all costs of the medical review panel. Upon the conclusion of the medical malpractice suit, the court shall order that the cash or surety bond be forfeited to the claimant for reimbursement of the costs of the medical review panel, unless a final judgment is rendered finding that the defendant health care provider has no liability for damages to the claimant. If a final judgment is rendered finding that the defendant health care provider has no liability for damages to the claimant, the court shall order that the claimant reimburse the defendant health care provider an amount equal to the cost of obtaining the cash or surety bond posted by the defendant health care provider.

(3) If the medical review panel decides that there is a material issue of fact bearing on liability for consideration by the court, the claimant and the health care provider shall split the costs of the medical review panel. However, in those instances in which the claimant is unable to pay his share of the costs of the medical review panel, the claimant shall submit to the attorney chairman prior to the convening of the medical review panel an in forma pauperis ruling issued in accordance with Code of Civil Procedure Article 5181 et seq., by a district court in a venue in which the malpractice claim could properly be brought upon the conclusion of the medical review panel process. Upon timely receipt of the in forma pauperis ruling, the costs of the medical review panel shall be paid by the defendant health care provider with the proviso that if the claimant subsequently receives a settlement or receives a judgment, the advance payment of the claimant's share of the costs of the medical review panel will be offset.

(4) Upon the rendering of the written panel decision, if any one of the panelists finds that the evidence supports the conclusion that a defendant health care provider failed to comply with the appropriate standard of care as charged in the complaint, each defendant health care provider as to whom such a determination was made shall reimburse to the

claimant that portion of the filing fee applicable to the claim against such defendant health care provider or if any one of the panelists finds that the evidence supports the conclusion that there is a material issue of fact, not requiring expert opinion, bearing on liability of such defendant health care provider for consideration by the court, each such defendant health care provider as to whom such a determination was made shall reimburse to the claimant fifty percent of that portion of the filing fee applicable to the claim against such defendant health care provider.

J. The chairman shall submit a copy of the panel's report to the board and all parties and attorneys by registered or certified mail within five days after the panel renders its opinion.

K. Repealed by Acts 2005, No. 127, §2.

L. Where the medical review panel issues its opinion required by this Section, the suspension of the running of prescription shall not cease until ninety days following notification by certified mail to the claimant or his attorney of the issuance of the opinion as required by Subsection J of this Section.

M. Legal interest shall accrue from the date of filing of the complaint with the board on a judgment rendered by a court in a suit for medical malpractice brought after compliance with this Part.

N.(1)(a)(i) Parties seeking an expedited panel process pursuant to the provisions of Subparagraph (B)(1)(d) of this Section shall request such process in writing sixty days from the date of the letter of notification of the selection of the attorney chairman pursuant to Paragraph (C)(1) of this Section. When a written request for an expedited medical review panel process has been made to the attorney chairman, the chairman shall establish a schedule for submission of evidence to the medical review panel within ninety days following selection of the third physician member of the panel so that a panel opinion is rendered within twelve months of the date of notification of the selection of the attorney chairman.

(ii) In accordance with Subsection J of this Section, the chairman shall submit a copy of the panel's report to the board and all parties and attorneys by registered or certified mail within five days after the panel renders its opinion. In accordance with Subsection L of this Section, where the medical review panel issues its opinion required by this Section, the suspension of the running of prescription shall not cease until ninety days following notification by certified mail to the claimant or his attorney of the issuance of the opinion as required by Subsection J of this Section.

(b)(i) No party may petition a court for an order extending the twelve month period provided in Subparagraph (B)(1)(b) of this Section. If an opinion is not rendered by the panel within the twelve month period established in this Subsection, suit may be instituted against the health care provider.

(ii) In accordance with Subparagraph (B)(1)(b) of this Section, after the twelve month period provided for in this Subsection, the medical review panel established to review the claimant's complaint shall be dissolved without the necessity of obtaining a court order of dissolution.

(iii) In accordance with Paragraph (B)(3) of this Section, ninety days after the notification to all parties by certified mail by the attorney chairman of the board of the dissolution of the medical review panel, the suspension of the running of prescription with respect to a qualified health care provider shall cease.

(2) During selection of the physician members of the medical review panel, the plaintiff shall notify the attorney chairman and the named defendants of his choice of a health care provider member of the medical review panel within ten days of the date of written request to the chairman for an expedited panel process. The named defendant shall then have five days after notification by the plaintiff of the plaintiff's choice of his health care provider panelist to name the defendant's health care provider panelist. If no selection is made within the five and ten day respective periods, then the chairman shall make the selection on behalf of the failing party. The two health care provider panel members selected by the parties or on their behalf shall be notified by the chairman to select the third health care provider panel member within fifteen days of their receipt of such notice from the chairman to make the selection. If no selection is made within the fifteen day period, then the chairman shall make the selection on behalf of the two health care provider panel members.

(3)(a) Within thirty days of the parties' written request for an expedited medical review panel process to the attorney chairman, the claimant shall provide all defendants with a list of the names and addresses of all known health care providers, including individuals and entities, who have treated the patient during the time period starting from three years prior to the date of the alleged malpractice up to and including the date that the list is provided. The claimant shall make a good faith effort to identify the treating health care providers.

(b) The claimant shall execute and provide all defendants with a HIPAA Compliant Authorization form to permit the defendants to obtain the medical records.

(c) An order to protect the medical records may be sought as provided in Code of Civil Procedure Article 1426 or the HIPAA regulations at 45 CFR 164.512(e) in a court of competent jurisdiction and proper venue.

(d) If an authorization is not provided or a protective order is not obtained within thirty days following the written request by the parties to the chairman for an expedited medical review panel process, the medical review panel shall lose its expedited status and no longer be governed by the provisions of this Subsection. The attorney chairman shall provide notice of this to the board and all parties by registered or certified mail.

(4)(a) The evidence to be considered by the medical review panel shall be promptly submitted by the respective parties in written form only, according to the schedule established by the chairman.

(b) The evidence may consist only of medical charts, x-rays or other film studies, lab tests, other diagnostic or medical tests, and a position paper submitted by or on behalf of each party.

(c) Neither interrogatories to nor depositions of the parties and witnesses may be taken prior to the convening of the panel.

(d) No party or panel member shall be permitted to request the clerk of any district

court to issue subpoenas and subpoenas duces tecum in aid of the taking of depositions and the production of documentary evidence. However, if a copy of the medical record is not produced by a health care provider within a reasonable period of time, not to exceed fifteen days, following a health care provider's receipt of a medical authorization executed by the claimant pursuant to Subparagraph (3)(b) of this Subsection then the party who forwarded the authorization to the health care provider may request the clerk of any district court to issue subpoenas and subpoenas duces tecum in aid of the production of the medical records.

(5) The attorney chairman, after submission of all evidence and upon ten days notice, shall convene the panel at a time and place agreeable to the members of the panel, but in no event shall the opinion be rendered later than twelve months from the date of notification of the selection of the attorney chairman by the executive director to the selected attorney and all other parties pursuant to Paragraph (C)(1) of this Section. Either party may informally question the panel concerning any matters relevant to issues to be decided by the panel before and after the issuance of their report. The panel deliberation and the questioning of the panel shall not be recorded. The chairman of the panel shall preside at all meetings.

(6) The panel shall have the sole duty to express its expert opinion as to whether or not the evidence supports the conclusion that the defendant or defendants acted or failed to act within the appropriate standards of care. After reviewing all evidence and after any examination of the panel by counsel representing either party, the panel shall, within thirty days, but in no event later than twelve months of the date of notification of the selection of the attorney chairman pursuant to Paragraph (C)(1) of this Section, render one or more of the following expert opinions, which shall be in writing and signed by the panelists, together with written reasons for their conclusions:

(a) The evidence supports the conclusion that the defendant or defendants failed to comply with the appropriate standard of care as charged in the complaint.

(b) The evidence does not support the conclusion that the defendant or defendants failed to meet the applicable standard of care as charged in the complaint.

(c) That there is a material issue of fact, not requiring expert opinion, bearing on liability for consideration by the court.

(7) The report of the expert opinion reached by the expedited medical review panel process pursuant to the provisions of this Subsection shall not be admissible as evidence in any action subsequently brought by the claimant in a court of law. Neither party shall have the right to call any member of the medical review panel as a witness. A panelist shall have absolute immunity from civil liability for all communications, findings, opinions and conclusions made in the course and scope of duties prescribed by this Part.

(8) The provisions of Subparagraphs (1)(2)(c) and (d) of this Section shall not apply to a medical review panel governed by the expedited medical review panel process.

RS 40:1231.9 — Reporting of claims

laims paid by

insurers or self insurers on behalf of health care providers in this state, each insurer of such health care provider, and each health care provider in Louisiana who is self insured shall, within thirty days of the date of payment, provide a written report to the licensing board of

this state having licensing authority over the health care provider on whose behalf payment was made, and each such report shall contain:

- (1) The name and address of the health care provider.
- (2) A brief description of the acts of omission or commission which gave rise or allegedly gave rise to the claim, and the date thereof.
- (3) The name of the patient and the injury which resulted or allegedly resulted therefrom.
- (4) The amount paid in settlement or discharge of the claim, whether paid by compromise, by payment of judgment, by payment of arbitration award, or otherwise; and
- (5) Where any judicial opinion has been rendered with regard to a claim, a copy of all such opinions shall be attached to the report.

Provided, however, no report shall be required for compromise settlements of claims where the amount paid is one thousand dollars or less, except where such payments were made in satisfaction or compromise of judgment of court or of award of arbitrators.

B. The provisions of this Section shall apply to all health care providers in Louisiana, whether or not such health care provider has qualified under the provisions of this Part.

C. There shall be no liability on the part of any insurer or person acting for said insurer, for any statements made in good faith in the reports required by this Section.

D.(1) The executive director of the Patient's Compensation Fund shall submit a report on an annual basis to the Senate and House committees on health and welfare no later than January thirty-first. The report shall contain every claim against an individual practitioner who has had five or more paid claims for the previous year paid by the Patient's Compensation Fund and shall contain the following information:

- (a) All paid claims for the previous year and the year immediately preceding that year, as well as the total number of pending claims filed against that individual practitioner.
- (b) The name and address of the individual practitioner and a brief description of the

RS 40:1231.10 — Medical review panel; one panel for state and private claims

ity of both a state health care provider under the provisions of this Part and a health care provider under the provisions of Part IV of this Subchapter:

- (1) Unless all parties have agreed otherwise, only one medical review panel shall be convened in such instance to review the claims under this Part and Part IV of this Subchapter.
- (2) The panel shall consist of a single attorney chairperson and three health care providers who hold unlimited licenses to practice their profession in Louisiana.
- (3) The panel shall be considered a joint medical review panel, and its actions shall be deemed to have the same force and effect as if a separate medical review panel had been convened under each of the respective Parts.
- (4) The panel shall be governed by the law applicable under both Parts. In the event of a procedural conflict between the provisions of the Parts, the provisions of R.S. 40:1231.8 shall govern.

RS 40:1233.1 — State hospitals; medical malpractice coverage

sional nurses who are employed by such hospital or who donate services free of charge to such hospital or who have personal services contracts with such hospital to provide medical services. Such coverage shall only apply to those claims arising from services rendered by such medical doctors, dentists or professional nurses as a direct result of such employment, donation of services or contract for services. For the purposes of this Part the term "medical doctor" shall mean any person holding a valid certificate to practice medicine issued pursuant to R.S. 37:1273; the term "dentist" shall mean any person holding a valid certificate to practice dentistry issued pursuant to R.S. 37:751 through R.S. 37:763; the term "professional nurse" shall mean any person holding a valid certificate to practice nursing pursuant to R.S. 37:921, R.S. 37:971 or R.S. 37:972.

RS 40:1235.1 — State agency may provide malpractice coverage

agency and each agency of the state to whom any medical doctor, dentist or professional nurse donates their services may provide such persons with medical malpractice coverage at no cost to such persons. For the purposes of this Part the term "physician" shall mean any person holding a valid certificate to practice medicine issued pursuant to R.S. 37:1273; the term "dentist" shall mean any person holding a valid certificate to practice dentistry issued pursuant to R.S. 37:751 through R.S. 37:763; the term "professional nurse" shall mean any person holding a valid certificate to practice nursing pursuant to R.S. 37:921, R.S. 37:971 or R.S. 37:972. The coverage provided for herein shall apply only to those actions arising from services rendered as a direct result of such employment or donation.

RS 40:1237.1 — Definitions and general application

two persons on each ground ambulance, at least one of whom is trained and registered at the level of certified medical technician-basic, or at the intermediate or paramedic levels, or one who is a registered nurse, and using a minimum on any air ambulance of one person trained and registered at the paramedic level or a person who is a registered nurse or any officer, employee, or agent thereof acting in the course and

scope of his employment.

(2) "Future medical care and related benefits" for the purposes of this Section, means all reasonable medical, surgical, hospitalization, physical rehabilitation, and custodial services, including drugs, prosthetic devices, and other similar materials reasonably necessary in the provision of such services, to which the injured patient is entitled under the provisions of this Section and which each injured patient needs after the date of the injury.

"Future medical care and related benefits" as used in this Section shall not be construed to mean nonessential specialty items, or devices of convenience.

(3) "Health care" means any act or treatment which was performed or furnished or which should have been performed or furnished by any person covered by this Part for, to, or on behalf of, a patient during the medical care, treatment or confinement of the patient.

(4) "Malpractice" means the failure to exercise the reasonable standard of care specified and required by Subsection B of this Section, in the provision of health care, when such failure proximately causes injury to a patient, as provided in Subsection B of this Section.

(5) "Patient" means a natural person who receives, or should have received, health care from a person covered by this Part, or a donor or prospective donor of an organ or tissue, and any other natural person or persons who would or may have a claim or claims for damages under applicable law arising out of, or directly related to, the claim or claims of the natural person who receives, or should have received, health care from a person covered by this Part.

(6) "Physician" means a person with a license or permit to practice medicine in this state.

(7) "Representative" means a person who is a parent, tutor, curator, spouse, trustee, attorney, or other legal agent of the patient and who is authorized, by and on behalf of the patient, to exercise any of the patient's rights, privileges, or immunities granted by this Section or to fulfill any of the patient's obligations, duties, or forbearances imposed under this Section, because the patient has executed a written authorization and mandate to that effect or because the law operates to that effect due to the status of that patient and his relationship to such person, as when the patient is a minor child and his parent must act for him. After the death of the patient, "representative" shall also mean and include the executor of a patient's will, the administrator of his estate, the surviving spouse of the patient, the patient's children, or, if they are minors, their legal representatives, any of the patient's heirs, successors, legatees, or assigns, and/or any other person who may have any interest in any recovery arising out of the death of the patient or in the bringing of any action or the making of any demands or claims with regard to such patient.

(8) "Right to recover losses due to malpractice" means the substantive right in favor of a patient or his representative to receive, subject to the fiscal legislative discretion of appropriation, some measure of compensation in money or services or both from the state, as and to the extent allowed by this Section, toward repairing any injury or losses proximately caused to him by an act of malpractice committed by a state health care provider as defined in this Section.

(9)(a) "State health care provider" or "person covered by this Part" means:

(i) The state or any of its departments, offices, agencies, boards, commissions, institutions, universities, facilities, hospitals, clinics, laboratories, health care units, ambulances, ambulance services, university health centers, and other state entities which may provide any kind of health care whatsoever, and the officers, officials, and employees thereof when acting within the course and scope of their duties in providing health care in connection with such state entity; or

(ii) A person acting in a professional capacity in providing health care services, by or on behalf of the state, including but not limited to a physician, psychologist, coroner, and assistant coroner who is a licensed physician when acting solely in accordance with the Behavioral Health Law as provided in R.S. 28:50 et seq., provided that the premium costs of such malpractice coverage shall be the responsibility of the coroner's office, dentist, a licensed dietician or licensed nutritionist employed by, referred by, or performing work under contract for, a state health care provider or other person already covered by this Part, registered nurse, licensed practical nurse, nurse practitioner, clinical nurse specialist, pharmacist, optometrist, podiatrist, physical therapist, occupational therapist, licensed respiratory therapist, licensed radiologic technologist, licensed clinical laboratory scientist, social worker, hospital administrator, or licensed professional counselor, who is either:

(aa) Acting within the course and scope of his employment pursuant to a contract with the state, which contract specially names that health care provider and designates him to render such health care services, pursuant to a staff appointment to a state hospital or other state health care facility, or pursuant to an assignment to render such health care services for or on behalf of the state, without regard to where the services are performed, whether or not he is paid for such services.

(bb) Performing voluntary professional or telehealth services in a health care facility or institution for or on behalf of the state.

(iii) A resident, intern, or student of, or any person who is otherwise qualified in, any discipline, including but not limited to, the disciplines listed in this Subsection when he is acting within the course and scope of the training or staff appointment in and under the supervision of a state hospital or other health care facility to which he is assigned as a part of his prescribed training in such discipline, without regard to where the services are performed.

(iv)(aa) A physician, surgeon, dentist, or hospital, and any employee of a physician, surgeon, dentist, or hospital not otherwise included in Item (i), (ii), or (iii) of this Subparagraph who gratuitously treats or provides services to any patient referred to him from a state hospital or other state facility without compensation or reimbursement from Medicaid or from any type of state or federal public assistance program, who gratuitously treats or provides services to any patient eligible for admission from a state hospital or other state facility without compensation or reimbursement from Medicaid or from any type of state or federal public assistance program, when the patient is certified by the state hospital or other state facility, to be eligible for admission to the state hospital or other state facility, only as it relates to services provided to that patient, or who gratuitously treats or provides services

to a student in a public school health clinic without compensation or reimbursement from Medicaid or from any type of state or federal public assistance program.

(bb) Any provider referenced in this Item, in order to be covered by the provisions of this Part, shall signify in writing, by the end of the next business day after the patient presents himself for treatment, that all fees for professional medical or hospital health care services and all rights to reimbursement under Medicaid or any other federal or state public assistance or entitlement program are waived. For the purpose of this Item, a referred patient or the term "any patient referred" "from a state hospital or other state facility" shall mean a patient who presents himself for treatment to any health care provider enumerated in this Item after prior arrangements have been made between such a provider and a state hospital or other state facility where that patient has been receiving or has attempted to receive health care and medical services or in circumstances when no prior arrangements have been made or a patient who has attempted to reach or was in transit to such state hospital or facility to receive health care and medical services but was diverted from that intended destination by such hospital or facility because of lack of specialty medical services, treatment availability, or bed capacity, or any combination thereof.

(cc) However, no person or entity referenced in this Item shall be considered a "state health care provider" or "person covered by this Part" for any injury to or death of the patient resulting from any act or omission of gross negligence or any willful or wanton act or omission.

(dd) However, no person or entity referenced in this Part shall be considered a "state health care provider" or "person covered by this Part" when performing the elective termination of an uncomplicated viable pregnancy.

(b) "State health care provider" or "person covered by this Part" shall not mean and shall not include a political subdivision of the state nor any hospital, hospital service district, or any other health care facility of a political subdivision, nor shall it mean or include any individual acting in a professional capacity in providing health care services not by or on behalf of the state.

B.(1) The standard of reasonable care specified and required by this Section is as follows: The standard of care specified and required by this Section for licensed physicians and dentists shall be the same as that required to be proven with respect to them under the provisions of R.S. 9:2794.

(2) No breach of the standard of reasonable care required under the provisions of this Section shall constitute malpractice within the meaning of this Section, nor shall it give grounds for any recovery or liability, without its also being the proximate cause of each injury for which a recovery in damages is sought. A patient injured must fall within the specific class of persons legislatively intended, by the purpose and design of this Section, to be protected against such breaches of the standard of reasonable care set forth in this Subsection, the resulting injury must be of the kind specifically intended and designed by this Section to be prevented by the standard of reasonable care set forth in this Subsection, and the resulting injury and the damages sought therefor must fall within the type of injury and damages for which a recovery is allowable by the purpose and intent of this Section in light

of the particular legislative provisions, findings, and purposes expressed in this Section.

C. Since the Louisiana Civil Code was enacted only in the domain of the private law, governs only the legal relationships of private persons among themselves alone, and is inapplicable to public entities and their legal relationships, there is no right nor legal basis *ex delicto*, or *ex quasi-delicto*, for an action by a patient or his representative to recover damages or any other losses, including those for the death of the patient, from the state or a state health care provider as defined in this Section as a result of malpractice in connection with state-provided or state-related health care; however, a patient, his representative properly acting for him, or his after-death representative shall have a right to recover from the state certain losses to the extent and within the limitations defined and allowed by this Section of public law due to malpractice as defined in this Section, in the circumstances and within the parameters provided by this Section, on the sole basis of this Section as a special substantive *sui generis* statutory grant in the domain of public law. This Section shall not be construed to limit, waive, or prohibit claims for lack of informed consent or breach of contract as defined by statutes or otherwise provided by law.

D.(1) Whenever in the same circumstances, but not more than to the same extent, that a patient would, under the private law, including the Louisiana Civil Code, which is applicable only to private persons among themselves alone, be allowed a recovery, due to malpractice, from a private person not employed by nor acting on behalf of a public entity, a patient, his representative properly acting for him, or his after-death representative shall have a right to recover, from the state, losses, including the death of said patient, but only to the degree and within the limits allowed by, and subject to the terms and conditions of, this Section of public law, when and insofar as such losses proximately result from malpractice as defined in this Section and not from victim fault, third party fault, acts of God, acts of third parties, or contributory negligence or fault and when there exist no breaches of duty by such patient or his agents or representatives with respect to the damages sued for, no assumption of risk by patient with respect thereto, nor any other circumstance which would otherwise provide a defense or a basis of nonrecovery in any action in contract or quasi-contract or in any action arising out of any offense or quasi-offense. Whenever victim fault, third party fault, acts of God, acts of third parties, contributory negligence, or contributory fault is a substantial factor in causing such losses, the amount of recovery available from the state under this Section shall be reduced by the same percentage or proportion as such losses were brought about or resulted from such victim fault, third party fault, acts of God, acts of third parties, contributory negligence, or contributory fault. Otherwise than as provided by this Section of public law, a patient shall not have a right to recover losses due to malpractice from the state or from a state health care provider as defined in this Section.

(2) In actions allowed and authorized by and brought pursuant to this Section, third party demands and other actions for indemnification and contribution shall be recoverable in the same circumstances and to the same extent as otherwise provided by law, but only insofar as such actions, demands, and/or recovery do not conflict with the provisions or intent of this Section. Judicial interest shall be allowed as otherwise provided by law, except that none shall be allowed on future medical care and related benefits.

(3) Any cause of action for an unintentional act or omission by an organ procurement organization to a donor or prospective donor of an anatomical gift, as defined in R.S. 17:2351, shall be governed by the provisions of this Section.

E.(1) Unless the medical malpractice claim is first compromised and settled in accordance with Subsection H of this Section or unless the state, through the concurrence of the office of risk management and the legal counsel representing the state against such claim, waive the medical review panel procedure, all medical malpractice claims by their patients or their representatives arising from the right created and granted by Subsections C and D of this Section shall be submitted to administrative review in accordance with this Subsection before such right in individual claims can become sufficiently existent to be susceptible of judicial recognition or adjudication. The medical malpractice claims of prisoners relating to health care rendered in a correctional facility and arising under this Part shall be submitted to correctional administrative review procedures established for administrative hearings in the correctional environment or established in accordance with express law, including R.S. 15:1171 et seq., R.S. 49:978.1, and the administrative rules and regulations pertaining thereto. All other medical malpractice claims arising under this Part, including wrongful death and survival actions related to prisoners, shall be submitted to a medical review panel in accordance with R.S. 40:1237.2.

(2) All claims and complaints submitted to a medical review panel in accordance with R.S. 40:1237.2 shall conform at a minimum to the requirements of Rules 8, 9, and 10 of the Federal Rules of Civil Procedure.

(3) All claims and complaints submitted by a patient, claimant, or their representative, as a result of malpractice as defined in this Section, shall, once the parties have certified to the court that discovery is complete, be given priority on the court's docket, to the extent practicable, over any other civil action before the court, provided that the provisions of this Paragraph shall not supersede the provisions of Code of Civil Procedure Article 1573.

F. Notwithstanding any other provision of the law to the contrary, no judgment shall be rendered and no settlement or compromise shall be entered into for the injury or death of any patient in any action or claim for an alleged act of malpractice in excess of five hundred thousand dollars plus interest and costs, exclusive of future medical care and related benefits valued in excess of such five hundred thousand dollars. In claims which may include future medical care and related benefits, the following procedures shall apply:

(1) The court's judgment or the settlement or compromise shall include a recitation that the patient is or is not in need of future medical care and related benefits and the amount thereof.

(2) If the total amount of the value of the judgment or settlement or compromise is for five hundred thousand dollars, plus interest and costs, exclusive of the value of future medical care and related benefits, all future medical care and related benefits shall be paid in accordance herewith.

(3) If the total amount of recovery, excluding interest and costs but including the amount of future medical care and related benefits does not exceed five hundred thousand

dollars, judgment may be rendered for the total amount and paid by the state as provided by Subsection I of this Section.

(4) The district court from which final judgment issues shall have continuing jurisdiction in cases where future medical care and related benefits are determined to be necessary. Such continuing jurisdiction shall be limited to matters of future medical care and benefits as provided in this Subsection.

(5) Nothing in this Subsection shall be construed to prevent a claimant and the state from entering into a court-approved settlement or agreement whereby future medical care and related benefits shall be provided for a limited period of time or to a limited degree.

(6) If the total amount of recovery awarded against the state, excluding interest and costs but including the amount of future medical care and related benefits, exceeds five hundred thousand dollars, the claimant may make a claim to the office of risk management for all future medical care and related benefits.

(7) Payments for medical care and related benefits shall be paid by the office of risk management pursuant to Subsection L of this Section, without regard to the five hundred thousand dollar limitation imposed in this Subsection.

(8) The court shall award reasonable attorney fees to the claimant's attorney if the court finds that the office of risk management unreasonably fails to pay for medical care within sixty days after submission of a claim for payment of such benefits together with proper substantiation therefor.

(9) The office of risk management shall be entitled to have a physical examination of the claimant performed by a physician of the office of risk management's choice from time to time for the purpose of determining the validity of any claim submitted or the claimant's continued need of future medical care and related benefits, subject to the following requirements:

(a) Notice in writing shall be delivered to or served upon the claimant or the claimant's counsel of record at least ten days prior to an examination specifying the time and place of the intended examination. Delivery of the notice may be by certified mail.

(b) Such examination shall be by a licensed physician or chiropractic physician licensed under the laws of this state or of the state, parish, or county wherein the claimant resides.

(c) The place at which such examination is to be conducted shall not involve an unreasonable amount of travel for the claimant considering all circumstances. It shall not be necessary for a claimant who resides outside this state to come into this state for such an examination unless so ordered by the court.

(d) Within thirty days after the examination, the claimant shall be compensated by the office of risk management for all necessary and reasonable expenses incidental to submitting to the examination, including the reasonable costs of travel, meals, lodging, loss of pay, or other direct expenses.

(e) Examinations may not be required more frequently than at six-month intervals, except that, upon application to the court having jurisdiction of the claim and after reasonable cause shown therefor, examination within a shorter interval may be ordered. In

considering such application, the court should exercise care to prevent harassment to the claimant.

(f) The claimant shall be entitled to have a physician or an attorney of his choice or both present at such examination. The patient shall pay such physician or attorney himself.

(g) The claimant shall be promptly furnished with a copy of the report of the examination made by the physician making the examination on behalf of the future medical benefits fund.

(10) If a claimant fails or refuses to submit to examination in accordance with a notice, and if the requirements of Paragraph (9) of this Subsection have been satisfied, then the claimant shall not be entitled to attorney fees in any action to enforce rights pursuant to Paragraph (8) of this Subsection and may be subject to denial of payment of any claim submitted for payment.

(11) Any physician selected by the office of risk management who shall make or be present at an examination of the claimant conducted in pursuance of this Subsection may be required to testify as to the conduct thereof and the findings made. Communications made by the claimant upon such examination by such physician or physicians shall not be considered privileged.

(12) All reasonable fees and costs of medical examinations and the costs and fees of the medical expert witnesses in any proceeding in which the termination of medical care and related benefits is sought shall be paid by the office of risk management.

G. Notwithstanding any other provision of the law to the contrary, the state shall pay any damages, interest, cost of investigation and defense, and any other costs in connection with any claim lodged against any state health care provider (person covered by this Part) for an alleged act of medical malpractice, resulting in the injury or death of a patient up to the limits set forth in this Part. The coverage provided herein shall apply only when the state health care provider (person covered by this Part) is acting within the terms of the definition of "state health care provider" or "person covered by this Part" as provided in Paragraph (1) of Subsection A of this Section.

H. Internally within the state government of Louisiana, the office of risk management shall have the primary responsibility for the administrative management of medical malpractice claims against the state. Copies of all claims shall be submitted to the office of risk management by claimants or their attorneys. In the administration of such claims, the office of risk management shall cause a timely and thorough investigation of the circumstances surrounding each malpractice claim, assemble all data relevant thereto, and coordinate with legal counsel for the defense of such cases. With the approval of such legal counsel, and in accordance with R.S. 39:1535, the office of risk management may compromise and settle any suit or claim up to the limits set forth in this Part. All malpractice claims not subject to such compromise or settlement shall be reviewed by a state medical review panel pursuant to R.S. 40:1237.2. In any suit or claim brought pursuant to this Part, the office of risk management may pay all defense and investigative costs, costs as established by the state medical review panel law, and any other costs incurred in connection with the defense of these actions as said costs accrue.

I.(1) An attorney appointed in accordance with R.S. 49:258 shall be designated as the attorney to defend medical malpractice claims filed under this Part.

(2) Any written compromise or settlement effected between the state and the claimant with the approval of legal counsel designated as provided above shall be binding upon the claimant and the state.

J. The office of risk management, with the concurrence of counsel designated as provided for in Subsection I of this Section, shall have the authority to compromise or settle, and pay any suit or claim brought pursuant to this Part up to twenty-five thousand dollars exclusive of interest and costs. The compromise or settlement, and payment of any suit or claim of twenty-five thousand dollars or more, exclusive of interest and costs, shall be governed by the provisions of R.S. 39:1535(B)(6) and (D)(1), as may be applicable.

K. Any person covered by this Part shall be considered as a named insured. A health care provider who fails to qualify as a state health care provider under this Part is not covered by the provisions of this Part and is subject to liability under the private law without regard to the provisions of this Part. If a health care provider does not so qualify, the patient's remedy will not be affected by the terms and provisions of this Part, except as provided in this Part with respect to the suspension and the running of prescription of actions against a health care provider who has not qualified under this Part when a claim has been filed against the health care provider for review under this Part. However, the running of prescription against a health care provider who is answerable in solido with a qualified state health care provider against whom a claim has been filed for review under this Part shall be suspended in accordance with the provisions of R.S. 40:1237.2(A)(2)(a).

L.(1) All future medical care and related benefits shall be paid by the office of risk management as are awarded in final judgments, settlements, or compromises in accordance with this Section.

(2) The office of risk management shall review all invoices received for future medical care and related benefits, prepare vouchers or warrants, and evaluate and settle claims relating to the payments of future medical care and related benefits. In submitting requests for payment, the claimant shall submit the original invoices.

(3) The parties may agree that any amount due for future medical care and related benefits be paid through a reversionary medical trust fund, or the purchase of an annuity contract by the office of risk management for and on behalf of the claimant.

M. The state shall not be liable for any injuries arising from the medical malpractice of any officer, official, employee, representative, appointee, agent, agency, district, hospital, clinic, service, facility, institution, or any health care provider of a political subdivision.

N. Nothing in this Part shall be construed to make the state liable for any sums except those arising from medical malpractice. Notwithstanding any other law to the contrary, including but not limited to R.S. 13:5106, the provisions of this Part shall apply for medical malpractice actions against the state.

RS 40:1237.2 — State medical review panel

n a correctional

facility in accordance with R.S. 40:1237.1(E) and claims compromised or settled by the

claimant and the division of administration with the concurrence of designated legal counsel for the state, shall be reviewed by a state medical review panel established as provided in this Section, to be administered by the commissioner of administration, hereinafter referred to as commissioner. The filing of a request for review by a state medical review panel as provided for in this Section shall not be reportable by any health care provider or any other entity to the Louisiana State Board of Medical Examiners, to any licensing authority, committee, or board of any other state, or to any credentialing or similar agency, committee, or board of any clinic, hospital, health insurer, or managed care company.

(b) A request for review of a malpractice claim or malpractice complaint shall contain, at a minimum, all of the following:

(i) A request for the formation of a medical review panel.

(ii) The name of only one patient for whom, or on whose behalf, the request for review is being filed; however, if the claim involves the care of a pregnant mother and her unborn child, then naming the mother as the patient shall be sufficient.

(iii) The names of the claimants.

(iv) The names of defendant state health care providers.

(v) The dates of the alleged malpractice.

(vi) A brief description of the alleged malpractice as to each named defendant state health care provider.

(vii) A brief description of alleged injuries.

(c) A claimant shall have forty-five days from the date of receipt by the claimant of the confirmation of receipt of the request for review in accordance with Subparagraph (3)(a) of this Subsection to pay to the commissioner a filing fee in the amount of one hundred dollars per named defendant state health care provider.

(d) Such filing fee may be waived only upon receipt by the division of administration of one of the following:

(i) An affidavit of a physician holding a valid and unrestricted license to practice his specialty in the state of his residence certifying that adequate medical records have been obtained and reviewed and that the allegations of malpractice against each defendant state health care provider named in the claim constitute a claim of a breach of the applicable standard of care as to each named defendant state health care provider.

(ii) An in forma pauperis ruling issued in accordance with Code of Civil Procedure Article 5181 et seq. by a district court in a venue in which the malpractice claim could properly be brought upon the conclusion of the medical review panel process.

(e) Failure to comply with the provisions of Subparagraph (c) or (d) of this Paragraph within the specified time frame in Subparagraph (c) of this Paragraph shall render the request for review of a malpractice claim invalid and without effect. Such an invalid request for review of a malpractice claim shall not suspend the time within which suit must be instituted in Subparagraph (2)(a) of this Subsection.

(f) All funds generated by such filing fees shall be applied to the costs of the division of administration incurred in the administration of claims.

(2)(a) The filing of the request for a review of a claim shall suspend the time within

which suit must be instituted, in accordance with this Part, until ninety days following notification, by certified mail, as provided in Subsection J of this Section, to the claimant or his attorney of the issuance of the opinion by the state medical review panel, in the case of the state or persons covered by this Part, or, in the case of a health care provider against whom a claim has been filed under the provisions of this Part who has not qualified under this Part, until ninety days following notification by certified mail to the claimant or his attorney by the commissioner that after requesting evidence of such qualifications under this Part and waiting the passage of at least ninety days, the commissioner has not received a certificate or other evidence sufficient to establish that the person is covered by this Part. The filing of a request for review of a claim shall suspend the running of prescription against all joint or solidary obligors, including but not limited to health care providers, both qualified and not qualified, to the same extent that prescription is suspended against the party or parties that are subject of the request for review. Filing a request for review of a malpractice claim required by this Section with any agency or entity other than the division of administration shall not suspend or interrupt the running of prescription.

(b)(i) The request for review of the claim under this Section shall be deemed filed on the date the request is:

(aa) Sent, if the request is electronically sent by facsimile transmission or other authorized means, as provided by R.S. 9:2615(A), to the division of administration.

(bb) Mailed, if the request is delivered by certified or registered mail to the division of administration.

(cc) Received, if the request is delivered to the division of administration by any means other than as provided by Subitem (aa) or (bb) of this Item.

(ii) Upon receipt, the request shall be stamped with the filing date and certified by the division of administration. Filing of the request shall be complete only upon timely compliance with the provisions of Subparagraph (1)(c) or (d) of this Subsection.

(c) An attorney chairman for the state medical review panel shall be appointed within one year from the date the request for review of the claim was filed. Upon appointment of the attorney chairman, the parties shall notify the commissioner of the name and address of the attorney chairman. If the commissioner has not received notice of the appointment of an attorney chairman within nine months from the date the request for review of the claim was filed, then the commissioner shall send notice to the parties by certified or registered mail that the claim will be dismissed in ninety days unless an attorney chairman is appointed within one year from the date the request for review of the claim was filed. If the commissioner has not received notice of the appointment of an attorney chairman within one year from the date the request for review of the claim was filed, then the commissioner shall promptly send notice to the parties by certified or registered mail that the claim has been dismissed for failure to appoint an attorney chairman and the parties shall be deemed to have waived the use of the state medical review panel. The filing of a request for a medical review panel shall suspend the time within which suit must be filed until ninety days after the claim has been dismissed in accordance with this Section.

(3) It shall be the duty of the commissioner, within thirty days of the receipt of the

claim, to:

(a) Confirm to the claimant by certified mail, return receipt requested, that the filing has been officially received and whether or not the named defendant or defendants have as yet qualified under this Part.

(b) In the confirmation to the claimant pursuant to Subparagraph (a) of this Paragraph, notify the claimant of the amount of the filing fee due and the time frame within which such fee is due to the commissioner, and that upon failure to timely comply with the provisions of Subparagraph (1)(c) or (d) of this Subsection the request for review of a malpractice claim is invalid and without effect and that the request shall not suspend the time within which suit must be instituted in Subparagraph (2)(a) of this Subsection.

(c) Notify all named defendants, whether or not qualified under the provisions of this Part, that a filing has been made against them and request made for the formation of a state medical review panel; and forward a copy of the proposed complaint to each named defendant at his last and usual place of residence or his office and to the legal section and secretary of each agency named as a defendant. The notification shall request that each defendant who is a person covered by this Part present to the commissioner, within ninety days from the date of such notification, a certificate of employment or appointment or other evidence and proof sufficient to establish his qualification as a person covered by this Part.

(4) The commissioner shall notify the claimant and all named defendants by certified mail, return receipt requested, of any of the following information:

(a) The date of receipt of the filing fee.

(b) That no filing was due because the claimant timely provided the affidavit set forth in Item (1)(d)(i) of this Subsection.

(c) That the claimant has timely complied with the provisions of Item (1)(d)(ii) of this Subsection.

(d) That the required filing fee was not timely paid pursuant to Subparagraph (1)(c) of this Subsection.

(5) In the event that the commissioner is unable to determine after forty-five days from the date of mailing of the notification, whether notification by certified mail, return receipt requested, provided for in Paragraphs (3) and (4) of this Subsection has been received by the claimant, or the notification is not claimed or is returned undeliverable, the commissioner shall provide such notification by regular first class mail, which date of mailing shall have the effect of receipt of notice by certified mail for purposes of Subparagraphs (1)(c) and (d) of this Subsection.

(6) In the event the commissioner receives a filing fee that was not timely paid pursuant to Subparagraph (1)(c) of this Subsection, the commissioner shall return, or refund the amount of, the filing fee to the claimant within thirty days of the date the commissioner receives the untimely filing fee.

B.(1)(a)(i) No action against the state, its agencies, or a person covered by this Part, or his insurer, may be commenced in any court before the claimant's complaint has been presented to a state medical review panel established pursuant to this Section.

(ii) Each person covered by this Part who is a defendant shall, within ninety days

after the date of the notice from the commissioner that a complaint has been filed naming such person as a defendant, cause a certificate of employment, appointment, or agency covering him to be issued to the commissioner by the employing or contracting state department or shall present other evidence and proof sufficient to qualify him as a person covered by this Part with respect to the medical malpractice claim. Such certificates and proof shall be admitted in evidence.

(b) If an opinion is not rendered by the panel within twelve months after the date of notification of the selection of the attorney chairman by the commissioner to the selected attorney and all other parties pursuant to Paragraph (C)(1) of this Section, suit may be instituted against the state or a person covered by this Part. However, either party may petition a court of competent jurisdiction for an order extending the twelve month period provided in this Subsection for good cause shown. After the twelve month period provided for in this Subsection or any court-ordered extension thereof, the state medical review panel established to review the claimant's complaint shall be dissolved without the necessity of obtaining a court order of dissolution.

(c) By agreement of both parties, the use of the state medical review panel may be waived.

(2)(a) The state or a person against whom a claim has been filed under the provisions of this Part may raise peremptory exceptions of no right of action pursuant to Code of Civil Procedure Article 927 or any exceptions or defenses available pursuant to R.S. 9:5628 in a court of competent jurisdiction and proper venue at any time without need for completion of the review process by the state medical review panel.

(b) If the court finds that the claim had prescribed or otherwise was preempted prior to being filed, the panel, if established, shall be dissolved upon the judgment becoming final. If the court grants the peremptory exception of no right of action as to all claimants, the panel, if established, shall be dissolved upon the judgment becoming final. If the court grants the peremptory exception of no right of action as to less than all claimants, the claimants as to whom the court granted the peremptory exception of no right of action shall be prohibited from participating in the panel process as a claimant.

(3) Ninety days after the notification to all parties by certified mail by the attorney chairman or the commissioner of the dissolution of the state medical review panel or ninety days after the expiration of any court-ordered extension as authorized by Paragraph (1) of this Subsection, the suspension of the running of prescription with respect to the state or person shall cease.

C.(1) The state medical review panel shall consist of one attorney and three health care providers who hold unlimited licenses to practice their profession in Louisiana. The parties may agree on the attorney member of the state medical review panel. If no attorney for or a representative of any health care provider named in the complaint has made an appearance in the proceeding or made written contact with the attorney for the plaintiff within forty-five days of the date of receipt of the notification to the health care provider and the insurer that the required filing fee has been received by the commissioner or the patients compensation board as required by Subparagraph (A)(1)(c) of this Section, the attorney for

the plaintiff may appoint the attorney member of the state medical review panel for the purpose of convening the panel. Such notice to the health care provider and the insurer shall be sent by registered or certified mail, return receipt requested. If no agreement can be reached, then the attorney member of the state medical review panel shall be selected in the following manner:

(a) The office of the clerk of the Louisiana Supreme Court, upon receipt of notification from the commissioner, shall draw five names at random from the list of attorneys who reside or maintain an office in the parish which would be proper venue for the action in a court of law. The names of judges other than city court judges, magistrates, district attorneys, and assistant district attorneys shall be excluded if drawn and new names drawn in their place. After selection of the attorney names, the office of the clerk shall notify the office of the commissioner of the names so selected. It shall be the duty of the office of the commissioner to notify the parties of the attorney names from which the parties may choose the attorney member of the panel within five days. If no agreement can be reached within five days, the parties shall immediately initiate a procedure of selecting the attorney by each striking two names alternately, with the claimant striking first and so advising the state or the person covered by this Part of the name of the attorney so stricken; thereafter, the state or the person covered by this Part and the claimant shall alternately strike until both sides have stricken two names and the remaining name shall be the attorney member of the panel. If either party fails to strike, the clerk shall strike for that party within five additional days.

(b) After the striking, the office of the commissioner shall notify the attorney and all other parties of the name of the selected attorney.

(2) The attorney shall act as chairman of the panel and in an advisory capacity but shall have no vote. It is the duty of the chairman to expedite the selection of the other panel members, to convene the panel, and to expedite the panel's review of the complaint. The chairman shall establish a reasonable schedule for submission of evidence to the state medical review panel but must allow sufficient time for the parties to make full and adequate presentation of related facts and authorities within ninety days following selection of the panel.

(3)(a) The claimant shall notify the attorney chairman and the named defendants of his choice of a health care provider member of the state medical review panel within thirty days of the date of certification of his filing by the commissioner.

(b) The named defendant shall then have fifteen days after notification by the claimant of the claimant's choice of his health care provider panelist to name the defendant's health care provider panelist.

(c) If either party fails to make a selection of health care provider panelist within the time provided, the attorney chairman shall notify by certified mail the failing party to make such selection within five days of the receipt of the notice.

(d) If no selection is made within the five day period, then the chairman shall make the selection on behalf of the failing party. The two health care provider panel members selected by the parties, or on their behalf, shall be notified by the chairman to select the third

health care provider panel member within fifteen days of their receipt of such notice.

(e) If the two health care provider panel members fail to make such selection within the fifteen day period allowed, the chairman shall then make the selection of the third panel member and thereby complete the panel.

(f) The qualification and selection of physician members of the state medical review panel shall be as follows:

(i) All physicians who hold a license to practice medicine in the state of Louisiana and who are engaged in the active practice of medicine in this state, whether in the teaching profession or otherwise, shall be available for selection.

(ii) Each party to the claim may select one physician and upon selection the physician shall serve.

(iii) When there are multiple claimants or defendants, there shall be only one physician selected per side. The claimant, whether single or multiple, may select one physician, and the defendant, whether single or multiple, may select one physician.

(iv) A panelist so selected and the attorney member selected in accordance with this Subsection shall serve unless for good cause shown he is excused. To show good cause for relief from serving, the panelist shall present an affidavit to a judge of a court of competent jurisdiction and proper venue which shall set out the facts showing that service would constitute an unreasonable burden or undue hardship. A health care provider panelist may also be excused from serving by the attorney chairman if during the previous twelve month period he has been appointed to four other medical review panels. In either event, a replacement panelist shall be selected within fifteen days in the same manner as the excused panelist.

(v) If there is only one party defendant or person charged with malpractice other than a hospital, all panelists except the attorney shall be from the same class and speciality of practice of health care provider as the defendant or person. If there is only one party defendant which is a hospital, all panelists except the attorney shall be physicians whose specialty shall be the same as the specialty of the hospital department wherein the alleged malpractice occurred. If there are claims against multiple defendants, one or more of whom are health care providers other than a hospital, the panelists selected in accordance with this Subsection shall be selected from health care providers who are from the same class and speciality of practice of health care providers as are any of the defendants other than a hospital, except that when one of such defendants is a physician, the panelists shall have the minimum qualifications of also being physicians and when none of such defendants are a physician or a hospital but at least one of such defendants is a registered nurse, the panelists shall have the minimum qualifications of also being registered nurses.

(4) When the state medical review panel is formed, the chairman shall within five days notify the commissioner and the parties by registered or certified mail of the names and addresses of the panel members and the date on which the last member was selected.

(5)(a) Before entering upon their duties, each voting panelist shall subscribe before a notary public the following oath:

"I, (name), do solemnly swear (or affirm) that I will faithfully perform the duties of

state medical review panel member to the best of my ability and without partiality or favoritism of any kind. I acknowledge that I represent neither side and that it is my lawful duty to serve with complete impartiality and to render a decision in accordance with law and the evidence."

(b) The attorney panel member shall subscribe to the same oath except that in lieu of the last sentence thereof the attorney's oath shall state:

"I acknowledge that I represent neither side and that it is my lawful duty to advise the panel members concerning matters of law and procedure and to serve as chairman."

(c) The original of each oath shall be attached to the opinion rendered by the panel.

(6) Any party aggrieved by the alleged failure or refusal of another to perform according to the provisions of this Section may petition any district court of proper venue as to the party for an order directing that the party comply with the state medical review panel provisions.

(7) A panelist or a representative or an attorney for any interested party shall not discuss with other members of a state medical review panel on which he serves a claim which is to be reviewed by the panel until all evidence to be considered by the panel has been submitted. A panelist or a representative or an attorney for any interested party shall not discuss the pending claim with the claimant or his attorney asserting the claim or with a state health care provider or his attorney against whom a claim has been asserted under this Section. A panelist or the attorney chairman shall disclose in writing to the parties prior to the hearing any employment relationship or financial relationship with the claimant, the state health care provider against whom a claim is asserted, or the attorneys representing the claimant or state health care provider, or any other relationship that might give rise to a conflict of interest for the panelists.

D.(1) The evidence to be considered by the state medical review panel shall be promptly submitted by the respective parties in written form only.

(2) The evidence may consist of medical charts, x-rays, lab tests, excerpts of treatises, depositions of witnesses including parties, interrogatories, affidavits and reports of medical experts, and any other form of evidence allowable by the state medical review panel.

(3) Depositions of the parties and witnesses may be taken prior to the convening of the panel.

(4) Upon request of any party, or upon request of any two panel members, the clerk of any district court shall issue subpoenas and subpoenas duces tecum in aid of the taking of depositions and the production of documentary evidence for inspection or copying, or both.

(5) The chairman of the panel shall advise the panel relative to any legal question involved in the review proceeding and shall prepare the opinion of the panel as provided in Subsection G of this Section.

(6) A copy of the evidence shall be sent to each member of the panel.

E. Either party, after submission of all evidence and upon ten days notice to the other side, may convene the panel at a time and place agreeable to the members of the panel. Either party may question the panel concerning any matters relevant to issues to be decided by the panel before the issuance of their report. The chairman of the panel shall preside at

all meetings. Meetings shall be informal.

F. The panel shall request and procure all necessary information. The panel may consult with medical authorities, provided the names of such authorities are submitted to the parties with a synopsis of their opinions and provided further that the parties may then obtain their testimony by deposition. The panel may examine reports of such other health care providers necessary to fully inform itself regarding the issue to be decided. Both parties shall have full access to any material submitted to the panel.

G. The panel shall have the sole duty to express its expert opinion as to whether or not the evidence supports the conclusion that the defendant or defendants acted or failed to act within the appropriate standards of care as charged in the complaint. After reviewing all evidence and after any examination of the panel by counsel representing either party, the panel shall, within thirty days, render one or more of the following expert opinions which shall be in writing and signed by the panelists, together with written reasons supporting each opinion, which shall constitute part of the report:

- (1) The evidence does not support the conclusion that the defendant or defendants failed to comply with the appropriate standard of care as charged in the complaint.
- (2) The evidence does support the conclusion that the defendant or defendants failed to meet the applicable standard of care as charged in the complaint. If such opinion is rendered, then an opinion on whether the conduct complained of was or was not, in fact, a medical cause of the resultant damages shall also be rendered. If an opinion is rendered that such conduct was, in fact, a medical cause of the resultant damages, then an opinion shall be rendered on whether the plaintiff suffered:
 - (a) Any disability and the extent and duration of the disability.
 - (b) Any permanent impairment and the percentage of the impairment.
- (3) There is a material issue of fact, not requiring medical or health care expert opinion, bearing on liability for consideration by the court.

H. Any report of the expert opinion reached by the state medical review panel shall be admissible as evidence in any action subsequently brought by the claimant in a court of law, but such expert opinion shall not be conclusive and either party may call, at his cost, any member of the state medical review panel as a witness. If called, the witness shall appear and testify. A panelist shall have absolute immunity from civil liability for all communications, findings, opinions, and conclusions made in the course and scope of duties prescribed by this Part.

I.(1) Each physician member of the state medical review panel shall be paid at the same compensation rate as that paid physician members of private sector medical review panels for all work performed as a member of the panel, exclusive of time involved if called as a witness to testify in a court of law regarding the communications, findings, and conclusions made in the course and scope of duties as a member of the state medical review panel, and in addition thereto, reasonable travel expenses.

(2) The attorney chairman of the state medical review panel shall be paid at the same compensation rate as the paid attorney chairmen of private sector medical review panels for all work performed as a member of the panel, exclusive of time involved if called as a

witness to testify in a court of law regarding the communications, findings, and conclusions made in the course and scope of duties as a member of the state medical review panel, and in addition thereto, reasonable travel expenses.

(3)(a) The costs of the state medical review panel shall be paid by the division of administration if the opinion of the medical review panel is in favor of the defendant state or person covered by this Part.

(b) In a medical malpractice suit filed by the claimant in which a unanimous opinion was rendered in favor of the defendant state or person covered by this Part as provided in the expert opinion stated in Paragraph (G)(1) of this Section, the claimant who proceeds to file such a suit shall be required to post a cash or surety bond, approved by the court, in the amount of all costs of the state medical review panel. Upon the conclusion of the medical malpractice suit, the court shall order that the cash or surety bond be forfeited to the division of administration for reimbursement of the costs of the state medical review panel, unless a final judgment is rendered finding the defendant state or person covered by this Part liable to the claimant for any damages. If a final judgment is rendered finding the defendant state or person covered by this Part liable to the claimant for any damages, the court shall order that the defendant state or person covered by this Part reimburse the claimant an amount equal to the cost of obtaining the cash or surety bond posted by the claimant.

(4)(a) The claimant shall pay the costs of the state medical review panel if the opinion of the state medical review panel is in favor of the claimant. However, if the claimant is unable to pay, the claimant shall submit to the attorney chairman prior to the convening of the state medical review panel an in forma pauperis ruling issued in accordance with Code of Civil Procedure Article 5181 et seq. by a district court in a venue in which the malpractice claim could properly be brought upon the conclusion of the state medical review panel process. Upon timely receipt of the in forma pauperis ruling, the costs of the state medical review panel shall be paid by the division of administration, with the proviso that if the claimant subsequently receives a settlement or receives a judgment, the advance payment of the state medical review panel costs shall be reimbursed by him to the state.

(b) In the event a state medical review panel renders a unanimous opinion in favor of the claimant as provided in the expert opinions stated in Paragraph (G)(1) of this Section, and the claimant has not timely submitted an in forma pauperis ruling to the panel's attorney chairman, and thereafter the defendant state or person covered by this Part failed to settle the claim with the claimant resulting in the claimant filing a malpractice suit in a court of competent jurisdiction and proper venue against the defendant state or person covered by this Part based on the same claim which was the subject of the unanimously adverse medical review panel opinion against the defendant state or person covered by this Part, the defendant state or person covered by this Part shall not be required to post a cash or surety bond in the amount of all costs of the state medical review panel. However, upon the conclusion of the medical malpractice suit, the court shall order that the defendant state or person covered by this Part reimburse to the claimant the costs of the state medical review panel unless a final judgment is rendered finding that the defendant state or person covered by this Part has no liability for damages to the claimant.

(5) If the state medical review panel decides that there is a material issue of fact bearing on liability for consideration by the court, the claimant and the state shall split the costs of the state medical review panel. However, in those instances in which the claimant is unable to pay his share of the costs of the state medical review panel, the claimant shall submit to the attorney chairman prior to the convening of the state medical review panel an in forma pauperis ruling issued in accordance with Code of Civil Procedure Article 5181 et seq. by a district court in a venue in which the malpractice claim could properly be brought upon the conclusion of the state medical review panel process. Upon timely receipt of the in forma pauperis ruling, the costs of the state medical review panel shall be paid by the state with the proviso that if the claimant subsequently receives a settlement or receives a judgment, the advance payment of the claimant's share of the costs of the state medical review panel shall be reimbursed by him to the state.

(6) Upon rendering of the written panel opinion, if any one of the panelists finds that the evidence supports the conclusion that a defendant state health care provider failed to comply with the appropriate standard of care as charged in the complaint, the division of administration on behalf of each defendant state health care provider as to whom such a determination was made shall reimburse to the claimant that portion of the filing fee applicable to the claim against such defendant state health care provider or if any one of the panelists finds that the evidence supports the conclusion that there is a material issue of fact, not requiring expert opinion, bearing on liability of such defendant state health care provider for consideration by the court, the division of administration on behalf of each such defendant state health care provider as to whom such a determination was made shall reimburse to the claimant fifty percent of that portion of the filing fee applicable to the claims against such defendant state health care provider.

J. The chairman shall submit a copy of the panel's report to the commissioner and all parties and attorneys by registered or certified mail within five days after the panel renders its opinion.

K. Legal interest on a judgment rendered by a court in a suit for medical malpractice brought after compliance with this Part will accrue as determined by R.S. 13:5112(C). For the purpose of the determination of interest, the medical malpractice panel procedure shall be considered equivalent to court procedures.

RS 40:1237.3 — Medical review panel; one panel for state and private claims

ity of both a state health care provider under the provisions of this Part and a health care provider under the provisions of Part I of this Subchapter:

(1) Unless all parties have agreed otherwise, only one medical review panel shall be convened in such instance to review the claims under this Part and Part I of this Subchapter.

(2) The panel shall consist of a single attorney chairperson and three health care providers who hold unlimited licenses to practice their profession in Louisiana.

(3) The panel shall be considered a joint medical review panel, and its actions shall be deemed to have the same force and effect as if a separate medical review panel had been convened under each of the respective Parts.

(4) The panel shall be governed by the law applicable under both Parts. In the event of a procedural conflict between the provisions of the Parts, the provisions of R.S. 40:1231.8 shall govern.

RS 40:1237.4 — Emergency/Disaster Medicine Review Panel; establishment; review process

fined in R.S. 37:1731, during a declared state of emergency, disaster, or public health emergency.

B. An Emergency/Disaster Medicine Review Panel (hereinafter referred to in this Section as "panel") shall consist of three members and shall include all of the following:

(1) The coroner in the parish where the health care services were rendered, or if unavailable, his designee with a medical license from the state of Louisiana, or alternatively, a coroner with a medical license selected from the Louisiana Coroner's Association. The coroner shall act as its chairperson and preside over the panel.

(2) A member of the Louisiana State Medical Society selected by the Louisiana State Medical Society if the respondent is a physician, or a member of the Louisiana State Nurse's Association if the respondent is a nurse, or a member of a peer organization supervising any other respondent medical personnel. Such organization should be prepared to designate a member within thirty days of any such emergency or disaster and provide a panel member within ten days of the prosecuting authority's referral of the matter to the coroner.

(3) One member appointed by the governor with expertise in disaster medicine or, if unavailable, within the time required to form the panel, such an expert selected by the other two members of the panel.

C. Prior to the institution of criminal prosecution for acts arising out of the rendering of or failing to render health care services during a state of disaster, medical emergency, or public health emergency, the district attorney or the attorney general, whichever is the prosecuting agency, may refer in confidence those portions of the investigative file to the panel created for a peer review of the clinical judgment of the respondent physician, nurse, or other medical personnel to determine whether the respondent's judgment was exercised in good faith given the circumstances under which such judgment was rendered.

D. Emergency/disaster medicine review process

(1) The panel shall provide an opportunity to the respondent physician, nurse, or other member of the medical profession to set forth, in writing, the respondent's position with regard to the clinical judgment rendered, including any expert opinion on the matter subject to investigation.

(2) The panel shall have the right and duty to request and procure all necessary information regarding the care rendered. The panel may consult with medical authorities and others to become fully informed regarding the issues to be decided. The panel may subpoena medical records consistent with federal and state laws for patient privacy, and any such records shall remain confidential.

(3) The panel shall have as its sole duty to express its expert opinion as to whether or not scientific reliable evidence supports the conclusion that the respondent's or respondents' exercise of clinical judgment was in good faith given the circumstances under which the judgment was rendered.

(4) The panel shall render one or more of the following expert opinions which shall be in writing and signed by the members of the panel, together with written reasons for their conclusions.

(a) The evidence supports the conclusion that the respondent medical personnel exercised good faith clinical judgment given the circumstances under which judgment was rendered.

(b) The evidence does not support the conclusion that the respondent medical personnel exercised good faith clinical judgment under the circumstances under which such judgment was rendered.

(c) There exists a material issue of fact, not requiring expert opinion, bearing on whether the respondent exercised good faith clinical judgment under the circumstances under which such judgment was rendered.

(5) The panel opinion shall be advisory only and shall be submitted in confidence to the prosecutorial authority and the respondent medical personnel.

(6) Upon receipt of the advisory opinion from the panel, the prosecuting authority, after giving due consideration to the panel opinion, may proceed in accordance with the United States Constitution and constitution and laws of this state to prosecute conduct which, in the prosecuting authority's sole discretion, is deemed actionable.

(7) Other procedures for the panel process and opinion shall be similar to the panel process for civil proceedings provided in R.S. 40:1237.2 et seq. but shall be confidential as provided in Subsection F of this Section.

(a) The panel members shall take the oath provided for in R.S. 40:1237.2(C)(5)(a) and (c).

(b) The panel deliberations shall be governed by the provisions of R.S. 40:1237.2(C)(7).

(c) Qualification of physicians/medical personnel shall be the same as R.S. 40:1237.2(C)(3)(f).

(d) Costs of the panel shall be paid by the division of administration and compensation for panel members shall be the same as R.S. 40:1237.2(l)(1).

(e) Evidence to be considered shall be the same as R.S. 40:1237.2(D)(1), (2), (5), and

(6) except that no depositions may be set or utilized during this process.

(8) The procedures for the review shall be on an expedited basis.

(a) The district attorney or attorney general may refer, in confidence, the matter to the coroner who will chair and activate the panel within ten days of the receipt of the investigative file. Upon referral to the coroner, the prosecuting authority shall notify the governor and the respective medical peer organization of the need for the appointment of a panel member.

(b) After the formation of the panel, the respondent medical personnel shall be given fifteen days notice in order to provide an opportunity for a written response to the matter under investigation. The chair may grant the respondent medical personnel an extension of time for good cause.

(c) The panel shall render an opinion within ninety days of the referral, with one

extension of thirty days at the panel's option. The panel opinion shall be submitted in confidence to the prosecuting authority and the respondent medical personnel within five days of the panel rendering its opinion.

(d) If the panel has been unable to act within one hundred twenty days of referral, the prosecuting authority may withdraw the referral of the matter or in writing extend to a reasonable specified date the time for the panel to render its opinion.

(9) The prescriptive period for prosecution shall be suspended from the time period of the prosecuting authority's referral to the coroner until such time as the panel opinion has been rendered or the expiration of the one hundred twenty days or the specific date provided for in Subparagraph (8)(d) of this Subsection.

E. The prosecuting authority shall refrain from arresting a respondent until such time as the panel created by this Section has concluded its review, and an advisory opinion has been received by the prosecuting authority, except where there is probable cause to believe the respondent is a risk of flight or delay will adversely affect the investigation.

F. The panel review process and panel opinion shall remain confidential and shall not be utilized in subsequent civil or criminal proceedings unless by orders of the court. The respondent medical personnel and the prosecuting authority may agree to the public disclosure of the panel opinion if it is in the public interest.

G. For purposes of this Section, the following words shall have the following meanings:

(1) "During a declared state of emergency or public health emergency" means during the period of time set forth in a declaration of the governor as provided in R.S. 29:724 or 766 and shall include the time period as set forth in the declaration and shall also be retroactive to the precipitating event requiring the declaration of disaster or public emergency.

(2) "Health care services" means any act of diagnosis, treatment, medical evaluation, or advice or such other acts as may be permissible under the applicable health care licensing provisions of the state of Louisiana.

(3) "Medical personnel" means any individual or person subject to the provisions of R.S. 37:1731, regardless of compensation.

(4) "Scientific reliable evidence" means evidence that will meet the criteria for use of expert evidence as set forth by the United States Supreme Court in *Daubert vs. Merrell*

Dow Pharmaceuticals

, 509 U.S. 579, 113 S.Ct. 2786 (1993).

RS 40:1241 — Hospital prospective reimbursement methodology

purpose of the hospital prospective

reimbursement methodology and temporary licensure of international medical graduates, the Louisiana Medical Assistance Program's recognition of a major teaching hospital is limited to facilities having a documented affiliation agreement with a Louisiana medical school accredited by the Liaison Committee on Medical Education or the Commission on Osteopathic College Accreditation.

B. A major teaching hospital shall meet one of the following criteria:

(1) Be a major participant in at least four approved medical residency programs of which at least two of the programs shall be in medicine, surgery, obstetrics and gynecology, pediatrics, family practice, emergency medicine, or psychiatry.

(2) Maintain an intern and resident full-time equivalency of at least twenty filled positions with an approved medical residency program in family practice located more than one hundred fifty miles from the medical school accredited by the Liaison Committee on Medical Education.

C. For the purposes of this Subpart, "hospital prospective reimbursement methodology" means a method of hospital reimbursement in which Medicaid payment is made based on a predetermined, fixed amount.

NOTE: §1241 repealed effective only upon implementation of a diagnosis-related group hospital payment methodology pursuant to an approved state plan amendment by the Centers for Medicare and Medicaid Services.

§1241. Repealed by Acts 2018, No. 234, §1.

RS 40:1242 — Uncompensated Care Hospital Payments

mine what facilities qualify

for uncompensated care payments and the amount of the payments. In determining payments as provided in this Subsection, the department shall prioritize local access to care and shall distribute uncompensated care payments in proportion to the amount and type of uncompensated care reported by all qualified facilities as required by rule and as allocated in appropriations to the medical vendor payments program. The secretary shall require, as a condition of payment of uncompensated care costs provided pursuant to this Subsection, that all state and nonstate hospitals, excluding rural hospitals included in the Rural Hospital Preservation Act and their provider-based rural health clinics, and other healthcare facilities report to the department patient-specific Louisiana Medicaid universal billing revenue code format data on the amount and type of uncompensated care provided and all requested data on the amount and type of other services and activities financed by uncompensated care payments. This data shall be reported electronically by each hospital or other facility on a quarterly schedule as required by the department. The secretary shall provide, after the close of each quarter, a detailed summary of reported information to the governor and the legislature. Hospitals defined in the Rural Hospital Preservation Act shall continue to report the data collected on the Louisiana Department of Health form "Schedule of Uncompensated Care Cost" in accordance with the state plan as approved by the Centers for Medicare and Medicaid Services. The secretary of the Louisiana Department of Health shall provide an annual report of the submitted information and related payments to the governor and the legislature and shall make such data available to the public on the department's website. In addition, if a hospital or other healthcare facility does not provide the required patient-specific data, the secretary of the department may withhold an amount equal to five percent of Medicaid payments due that provider. Such withholding shall increase by five percent for each successive month that the required data is not received, but the total amount withheld shall not exceed twenty-five percent of the total monthly amount due the facility. Upon receipt of the required data, the department shall pay the facility all amounts previously

withheld as a result of the failure to submit the required data. A hospital or other healthcare facility subject to withholding pursuant to this Paragraph may request an administrative review as provided by R.S. 46:437.4. The format of the data submission shall be defined as the current mandated Louisiana Medicaid program format by the secretary of the department.

(2) Nothing in this Subsection shall be construed to impede or preclude the Louisiana Department of Health from implementing the provisions of the Rural Hospital Preservation Act.

B. The secretary of the Louisiana Department of Health shall, subject to approval from the Centers for Medicare and Medicaid Services, amend the state Medicaid plan to provide for Medicaid disproportionate share payments to hospitals operated by the LSU Health Sciences Center-New Orleans under the provision of federal law that permits the reimbursement of uncompensated cost up to one hundred seventy-five percent of allowable cost.

RS 40:1243.1 — Healthcare providers; upper payment limit

which incorporates any

healthcare provider licensed by the Louisiana Department of Health. The purpose of developing an upper payment limit financing methodology is to enhance the delivery of healthcare services to the uninsured and Medicaid patients. Any such upper payment limit financing methodology shall be in accordance with federal law and subject to approval by the Centers for Medicare and Medicaid Services.

B. The department may submit waivers or state plan amendments to the Centers for Medicare and Medicaid Services in order to secure federal financial participation in relation to any such upper payment limit financing methodology. Disbursements of monies generated by the use of an upper payment limit methodology shall be made only in accordance with an approved waiver or state plan amendment.

RS 40:1243.2 — Upper payment limit mechanism for outpatient behavioral health services for approval from the

Centers for Medicare and Medicaid Services of a program designed to reimburse non-state, governmental entities through the Medicaid program for outpatient behavioral health services to Medicaid recipients under the age of twenty-one.

B. The Louisiana Department of Health may develop and maintain a Medicaid upper payment limit financing methodology for the behavioral health services provided for in Subsection A of this Section. The disbursements of monies generated by the use of an upper payment limit methodology shall be made only in accordance with an approved waiver or state plan amendment. The source of the non-federal match for these payments may only be by voluntary certification of expenditures or intergovernmental transfer of funds.

RS 40:1243.3 — Upper payment limit mechanism for ambulatory surgical centers of a program designed to reimburse ambulatory

surgical centers that have an agreement with a governmental entity or entities to provide enhanced Medicaid services.

B. The Louisiana Department of Health may develop and maintain a Medicaid upper

payment limit financing methodology for ambulatory surgical centers provided for in Subsection A of this Section. The disbursements of money generated by the use of an upper payment limit methodology shall be made only in accordance with an approved waiver or state plan amendment. The source of the nonfederal match for these payments may only be by voluntary certification of expenditures or intergovernmental transfer of funds.

RS 40:1244.1 — Physician upper payment limit methodology

ograms, specifically Medicaid,

through the utilization of physician upper payment limit reimbursement methodologies. Any such methodology utilized shall be designed to continue access and delivery of healthcare services to the poor. The implementation of this methodology shall be subject to federal law and approval by the Centers for Medicare and Medicaid Services. Participation in the utilization of physician upper payment limit reimbursement methodologies shall be limited exclusively to hospitals which certify public expenditures to the state.

RS 40:1245.1 — Authority to accept and use intergovernmental transfers from local governing

bodies, including but not limited to a parish, for the purpose of enhancing

the delivery of health care services to the uninsured and Medicaid patients. Any such transfer shall be in accordance with federal law and subject to approval by the Centers for Medicare and Medicaid Services.

B. It is the intent of the legislation that any transfer authorized herein shall be primarily utilized for the enhancement of health care within the jurisdiction of the transferring entity. However, any such transfer shall be under the administrative control of the Louisiana Department of Health.

C. The department may establish a methodology utilizing a pool, or pools, to facilitate distribution of any transfers received in addition to any federal financial participation earned through the use of such transfers, as authorized herein. The methodology shall be created with the intent to maximize, to the fullest extent possible, the return to the providers located within the jurisdiction of the local governing body from which such transfer is derived. The department may create criteria for qualification to participate in any pool methodology and establish criteria and priorities for reimbursement within the respective pool. Any such criteria may include health care providers which reside outside the jurisdiction of the transferring body.

D. The department may submit waivers or state plan amendments to the Centers for Medicare and Medicaid Services in order to secure federal financial participation in relation to any such payments or reimbursement. Payments shall be made only in accordance with an approved waiver or state plan amendment.

E. The department and the transferring local governing body may enter into an agreement, in accordance with state and federal law, concerning the use of transferred funds in a way that is consistent with the legislative intent set forth herein.

RS 40:1247.1 — Funding identification

ent of Health

in an effort to maximize revenues for both the Louisiana Department of Health and the parish

and municipal entities. Collaboration between the Louisiana Department of Health and the parish and municipal entities may allow such entities to receive additional funding from public and private sources. The provisions of this Subpart shall not be construed to require any parish or municipal entity to enter into an agreement with the Louisiana Department of Health.

RS 40:1248.1 — Definitions

(2) "Governmental institutional provider" means either of the following:

(a) A nonstate governmental hospital, licensed in accordance with the Hospital Licensing Law, R.S. 40:2100 et seq., other than a rural hospital as defined in R.S. 40:1189.3.

(b) A hospital included in the definition of public, nonrural community hospital as defined in the Louisiana Medicaid State Plan.

(3) "Institutional provider" means a governmental institutional provider, nongovernmental institutional provider, or rural hospital, as applicable, located in participating parishes.

(4) "Nongovernmental institutional provider" means a hospital licensed in accordance with the Hospital Licensing Law, R.S. 40:2100 et seq., that is not a governmental institutional provider or rural hospital.

(5) "Paying hospital" means an institutional provider required by the provisions of this Subpart to make a local hospital assessment payment.

(6) "Program" means the local healthcare provider participation program authorized by this Subpart.

(7) "Rural hospital" means a rural hospital as defined in R.S. 40:1189.3.

RS 40:1248.2 — Purpose

share of a Medicaid payment program directly benefitting the residents of a parish.

RS 40:1248.3 — Applicability; multi-parish funding district

join with one or more

contiguous parishes with fewer than two hospitals and create a multi-parish funding district, which shall be a new governmental entity. The boundary of a multi-parish funding district shall be coextensive with the combined boundaries of the parishes contained in the multi-parish funding district. A multi-parish funding district shall be established by the governing body of each parish within the boundaries of a proposed funding district passing and adopting a resolution or ordinance establishing the multi-parish funding district and appointing one representative to serve on the multi-parish funding district's governing body. If any other parish seeks to join after the creation of the district, the resolution or ordinance shall be amended before the new parish may join the district.

(2) The governing body of a multi-parish funding district shall be comprised solely of the individuals appointed by each parish within the boundaries of the district. A parish may replace its appointment to the governing body by resolution or ordinance.

(3) The governing body of a multi-parish funding district shall delegate the operational and administrative burdens of the district to the parishes that comprise the

district. Within sixty days of the establishment of a multi-parish funding district, the governing body shall designate at least one parish to serve as the operational and administrative lead for the district. The governing body may change this designation at any time.

(4) Solely for purposes of compliance with this Subpart, a multi-parish funding district is considered to be a parish and the other provisions of this Subpart shall be read to impose parish requirements on the governing body of the multi-parish funding district.

RS 40:1248.4 — Parish healthcare provider participation program

provider participation fund established by the
parish all of the following monies:

(1) Any local hospital assessment payment from an institutional provider located in the parish.

(2) Such other sums as the parish deems appropriate.

B. Monies in the provider participation fund may be used by the parish to fund certain intergovernmental transfers and indigent care programs as provided by this Subpart.

C. A parish may adopt an ordinance authorizing it to participate in the program, subject to the limitations provided in this Subpart.

D. Any parishes authorized by R.S. 40:1248.3 to establish a local provider participation fund may, upon agreement of the governing authorities of each parish, establish a single fund for the benefit of those parishes and a local hospital assessment applicable to the institutional providers in those parishes.

RS 40:1248.5 — Powers and duties of parishes; limitations; inspection of provider records

from an institutional provider in the parish. The requirement for
payment shall be implemented in the manner provided for in this Section.

B. A parish may authorize the collection of a local hospital assessment payment authorized by this Subpart only with an affirmative vote of a majority of the members of the governing body of the parish made at a regular or special meeting held no less than thirty days following publication of a notice in the official journal of the parish of intention to authorize the collection of such payment.

C.(1) A parish that collects a local hospital assessment payment authorized by this Subpart shall require each institutional provider to submit to the parish a copy of any financial and utilization data required by and reported to the department.

(2) A parish that collects a local hospital assessment payment authorized by this Subpart may inspect the records of an institutional provider to the extent necessary to ensure compliance with the requirements of Paragraph (1) of this Subsection.

D.(1) A rural hospital may be included in assessment payments imposed pursuant to this Subpart if the rural hospital and parish enter into a mutual agreement to include the rural hospital.

(2) A governmental hospital may be included in assessment payments imposed in accordance with this Subpart if the governmental hospital and parish enter into a mutual agreement to include the governmental hospital.

(3) If a parish excludes providers pursuant to this Subsection or otherwise, the

definition of institutional provider as used in this Section and in R.S. 40:1248.8 shall be read to exclude such excluded providers, and, if necessary, the parish shall be required to work with the department to obtain federal approvals to ensure compliance with 42 U.S.C. 1396b(w).

RS 40:1248.6 — Public hearings

assessment

payments that the parish intends to require during the year and how the revenue derived from those payments is to be spent.

B. Not later than the tenth day before the date of the hearing required by Subsection

A of this Section, the parish governing authority shall publish notice of the hearing in the official journal of the parish. A representative of a paying hospital shall be entitled to appear at the time and place designated in the public notice and to be heard regarding any matter related to the local hospital assessment payments authorized by this Subpart.

RS 40:1248.7 — Local provider participation fund; authorized uses

ion fund. All income received by a parish

pursuant to the provisions of this Subpart, including the revenue from local hospital assessment payments remaining after discounts and fees for assessing and collecting the payments are deducted, shall be deposited in the local provider participation fund of the parish. Monies in the fund may be withdrawn only in accordance with and for purposes specified in the provisions of this Section.

B. The local provider participation fund of a parish shall consist of the following monies:

- (1) All revenue received by the parish attributable to local hospital assessment payments authorized by this Subpart, including any penalties and interest attributable to delinquent payments.
- (2) Monies received from the department as a refund of an intergovernmental transfer from the parish to the state for the purpose of providing the nonfederal share of Medicaid base rate payments, provided that the intergovernmental transfer does not receive a federal matching payment.
- (3) Sums which the parish elects to deposit.
- (4) The earnings of the fund.

C. Monies in the local provider participation fund may be used only for one or more of the following purposes:

- (1) To fund intergovernmental transfers from a parish to the state to provide the nonfederal share of a program of Medicaid payments for the benefit of hospitals in the parish.
- (2) To pay the administrative expenses of a parish associated exclusively with activities authorized by this Subpart in an amount not to exceed the amount specified in R.S. 40:1248.8.
- (3) To refund a portion of a local hospital assessment payment collected in error from a paying hospital.
- (4) To refund to paying hospitals the proportionate share of money received by a parish from the department that is not used to fund the nonfederal share of Medicaid payment

program payments described in Paragraph (1) of this Subsection.

D. Money in the local provider participation fund shall not be commingled with other parish funds.

RS 40:1248.8 — Local hospital assessment payments; basis; calculation

this Subpart may require an annual local hospital

assessment payment to be assessed quarterly using any basis permitted by 42 U.S.C.

1396b(w)(3). The parish shall update the amount of the local hospital assessment payment on an annual basis.

B. The assessment authorized by this Subpart shall be imposed on each paying hospital in the parish in accordance with 42 U.S.C. 1396b(w) including but not limited to 42 U.S.C. 1396b(w)(3)(E). In accordance with 42 U.S.C. 1396b(w), a local hospital assessment payment authorized by this Subpart shall not hold harmless any institutional provider.

C. A parish that collects a local hospital assessment payment authorized by this Subpart shall set the amount of the local hospital assessment payment. The amount of the local hospital assessment payment required of paying hospitals may not exceed an amount that, when added to the amounts of any other assessment, local hospital assessment payment, or tax imposed by the state with a similar purpose, equals an amount of revenue that exceeds six percent of the aggregate net patient revenue of all hospitals in the state. The local hospital assessment shall also meet all other relevant Centers for Medicare and Medicaid Services tests. No later than the twentieth day before a hearing to set a rate pursuant to R.S. 40:1248.6, a parish shall inform the department of the amount of revenue to be collected under the proposed assessment. If the department determines that the proposed assessment will trigger federal compliance issues, including issues with respect to the six-percent limit, the department shall inform the parish, prior to the hearing, of any necessary reductions in the amount to be collected or changes necessary to comply with federal requirements. If the parish does not follow recommendations or requests from the department, the department may terminate, or refuse to enter into, any intergovernmental transfer agreements with the parish.

D. Subject to the maximum payment amount prescribed in Subsection C of this Section, a parish that collects a local hospital assessment payment authorized by this Subpart shall set local hospital assessment payments in amounts that, in the aggregate, will generate sufficient revenue to cover the administrative expenses of the parish for activities provided for in this Subpart and to fund the nonfederal share of a Medicaid payment for the benefit of hospitals in the parish; except that the amount of revenue from local hospital assessment payments used for administrative expenses of the parish for activities provided for in this Subpart in a year, including collection services as provided for in R.S. 40:1248.9, shall be one hundred fifty thousand dollars.

E. A paying hospital may not add a local hospital assessment payment required by this Section as a surcharge to a patient.

RS 40:1248.9 — Local hospital assessment payments; collection

this Subpart. If a sheriff serves as the

collection entity, the sheriff may charge and deduct from local hospital assessment payments

a reasonable and customary fee for collecting those payments.

RS 40:1248.10 — Eligibility of funds for federal match; conformance with requirements of federal

e with this Subpart causes a local hospital assessment payment authorized by this Subpart to be ineligible for federal matching funds, the parish may provide by rule for an alternative provision or procedure that conforms to the requirements of the Centers for Medicare and Medicaid Services.

RS 40:1248.21 — Dispensation of contraceptive drugs; six-month supply; coverage

er January 1, 2023, to include the dispensing of a

six-month supply of contraceptive drugs to be obtained at one time by the insured, unless the insured requests a smaller supply or the prescribing provider instructs for the insured to receive a smaller supply. The insured shall have used the same contraceptive drugs for at least the consecutive six months prior to receiving a six-month supply. Contracts with managed care plans shall allow the insured to receive onsite dispensing of the prescribed contraceptive drugs at family practice clinics, if available. Dispensing practices shall follow all licensing and clinical guidelines for appropriate prescribing and dispensing to ensure the health of the insured while maximizing access to effective contraceptive drugs.

B. For purposes of this Section, "contraceptive drugs" means all drugs approved by the United States Food and Drug Administration that are used to prevent pregnancy including but not limited to hormonal drugs administered orally, transdermally, and intravaginally.

C. Nothing in this Section shall apply to any drug, medicine, or other substance prescribed, dispensed, or distributed that is intended to induce an abortion.

RS 40:1249.1 — Legislative findings; purpose

ent that the legislature has made to

provide home- and community-based long-term care services, many Louisiana residents are still required to wait for years to receive the services they need.

RS 40:1249.2 — Definitions

means the Louisiana Department of Health or its successor in the role of designated state agency under Title XIX of the Social Security Act or any successor Act providing funding for medical care for the poor.

(3) "Elderly" means an individual who is sixty-five years of age or older.

(4) "Long-term care services" means the following services provided pursuant to Louisiana's approved Medicaid state plan for medical assistance:

(a) Long-term personal care services.

(b) Adult day health care waiver services.

(c) Children's Choice Waiver services.

(d) Elderly and Disabled Adults Waiver services.

(e) New Opportunities Waiver services.

(f) Supports waiver services.

(5) "Person with a developmental disability" means an individual of any age who has a developmental disability as defined in R.S. 28:451.2.

(6) "State plan for medical assistance" means the plan promulgated by the

department in accordance with its role as designated state agency under Title XIX of the Social Security Act or any successor Act providing funding for medical care for the poor.

RS 40:1249.3 — Medical assistance programs

Taking actions necessary to complete implementation of the resource allocation models for the New Opportunities Waiver, the Elderly and Disabled Adults Waiver, and the Long-Term Personal Care Services program by July 1, 2012.

(2) Developing an objective formula to determine the staff needed to appropriately regulate and monitor the various home- and community-based programs to control fraud and abuse, to ensure program regulations are adhered to and services are delivered in a quality manner, and to report the department's findings.

(3) Changing the policy on the allocation of waiver slots so that the office for citizens with developmental disabilities and the office of aging and adult services may allocate all Centers for Medicare and Medicaid Services-approved waivers, such as Children's Choice, Supports, Residential Options and Adult Day Health Care, based upon individual need and cost-effectiveness, as long as individual needs are met with the alternative waivers.

(4) Developing and implementing a budget-neutral pilot program in selected areas of the state for an integrated, coordinated, prepaid delivery model for long-term care services for the elderly and people with adult-onset disabilities.

(5) Submitting quarterly reports, the first report being submitted no later than October 1, 2010, to the House and Senate committees on health and welfare and the Joint Legislative Committee on the Budget. Each report shall include:

(a) The number of recipients served in the Long-Term Personal Care Services program, the Elderly and Disabled Adults Waiver program, and the New Opportunities Waiver program, and the average annual cost per recipient served in each program.

(b) The number of recipients in each program whose annual cost of services exceeds the average cost for that program.

(c) The number of recipients in each program whose annual service cost has increased from the previous year.

(d) The number of persons on waiting lists for each program.

(e) The number of persons on waiting lists who are currently receiving services and the type of services they are receiving.

(f) The number of persons moved from an existing service to the New Opportunities Waiver and the additional cost or savings for each person.

(g) The average cost of persons receiving services from both the Long-Term Personal Care Services program and the Elderly and Disabled Adults Waiver program.

(h) The average cost for persons receiving services in privately operated nursing facilities and privately operated intermediate care facilities for persons with developmental disabilities.

(i) The number of waiver recipients whose cost of care exceeds the average cost of the services being waived.

(j) Other pertinent data as requested by the committees.

B. Repealed by Acts 2022, No. 252, §3.

RS 40:1249.4 — Electronic visit verification system; implementation; conditions

on system which electronically verifies that service visits

occur and documents the points in time when service provision begins and ends.

B. The legislature hereby finds that due to the significant potential of electronic visit verification systems for improving care quality and containing medical assistance program costs, notably through prevention of fraud, abuse, and billing errors, the implementation of such systems in home- and community-based long-term care and other in-home service care programs is in the best interest of this state.

C. To the maximum extent practicable, and subject to the conditions provided in Subsection D of this Section, the department shall implement an electronic visit verification system for all in-home care services that it funds through medical assistance programs.

D.(1) If the conditions of Paragraph (3) of this Subsection are satisfied, then the department shall promulgate such rules in accordance with the Administrative Procedure Act as are necessary to ensure optimal functioning of the electronic visit verification system.

(2) The department may provide rate enhancements and other financial incentives to providers of long-term care services to facilitate timely and effective implementation of the electronic visit verification system.

(3) The department may implement an electronic visit verification system only if the fiscal impact thereof is reasonably expected to be cost-neutral or result in cost savings.

RS 40:1250.1 — Short title

ce any technical difficulties navigating this website,

RS 40:1250.2 — Legislative findings; declaration

It-onset, or physical disabilities furnished by private providers is essential for the health, safety, and well being of those persons.

(2) Reliable and sufficient Medicaid reimbursement rates for private providers are necessary to create and maintain a sustainable statewide system of services for eligible individuals with disabilities.

(3) A statewide system of services is sustainable only if reimbursement rates are sufficient to enlist providers in numbers great enough to allow eligible individuals a choice among different providers who are capable of delivering quality services that will meet the assessed needs of those individuals in a timely manner.

B. The legislature hereby declares that this state must take steps to foster and maintain a robust network that attracts and retains quality providers which are capable of maintaining a stable workforce and are sufficient in number to allow for meaningful choices among providers by individuals eligible to receive disability services.

RS 40:1250.3 — Definitions

(2) "Methodology" means the aggregate of methods, principles, assumptions, variables, factors, and procedures used to determine a reimbursement rate.

(3) "Provider" means a person, public agency, nonprofit corporation, or a for-profit business entity that provides services under a contract or other agreement with the

department.

(4) "Rate" means the amount of money per unit of time for a Medicaid service performed or the amount of money for a Medicaid service performed for a flat fee, such as a per diem.

(5) "Rebasing" means using cost report information to adjust Medicaid reimbursement rates to the level dictated by the Medicaid reimbursement methodology for each covered service.

(6) "Reimbursement" means payment for a Medicaid service in accordance with a specified rate.

(7) "Service" means a home- or community-based service, intermediate care facility service, or support coordination service provided to a recipient by a provider under a contract or other agreement with the department.

RS 40:1250.11 — Monitoring for adequacy and quality of services

iciency of rates. Such factors may

include, without limitation, trends in cost of living and other economic indexes, wage rates, and changes in regulatory and policy requirements affecting provider costs.

B. The department may require reasonable, periodic financial reports from providers as needed to ensure the availability of reliable cost data. The department shall consult and collaborate with providers to develop reasonable financial reporting requirements.

RS 40:1250.12 — Annual review of rates

review of all

pertinent data.

B. Any reduction in disability rates to providers must be approved by the Joint Legislative Committee on the Budget.

RS 40:1250.21 — Annual report

and the legislative committees on health and welfare no later than forty-five days prior to the convening of each regular session of the Legislature of Louisiana. The report shall include, without limitation, all of the following information:

(1) Any changes within the previous twelve months to the Medicaid rate methodology for disability services and the current Medicaid rates for those services.

(2) The date of the last rebasing of Medicaid rates for intermediate care facilities for people with developmental disabilities and any future dates on which those rates are due to be rebased.

(3) The amount of funding that would be required for an annual adjustment, based on the inflation index, to Medicaid rates for disability services.

(4) The health market basket inflation index used in calculating the amount of funding that would be needed for an annual adjustment of Medicaid rates for disability services.

(5) Any proposed changes to the methodology for determining Medicaid rates for disability services.

B. Upon request of any legislative committee identified in this Section, the secretary

of the department or his designee shall appear in person before the committee to present the report required by this Section.

RS 40:1250.31 — Dental care for certain adults with developmental or intellectual disabilities;

ning a

specific appropriation of monies for the implementation of Act 366 of the 2022 Regular Session becomes effective. See Acts 2022, No. 366.

A.(1) The Louisiana Department of Health shall ensure that comprehensive Medicaid coverage for dental care is provided to each person of age twenty-one or older who is enrolled in any Medicaid waiver program for persons with developmental or intellectual disabilities.

NOTE: Paragraph (A)(1) eff. upon an Act of the Louisiana Legislature containing a specific appropriation of monies for the implementation of Act 366 of the 2022 Regular Session becomes effective. See Acts 2022, No. 366.

A.(1) The Louisiana Department of Health shall ensure that comprehensive Medicaid coverage for dental care is provided to all of the following persons:

(a) Each person of age twenty-one or older who is enrolled in any Medicaid waiver program for persons with developmental or intellectual disabilities.

(b) Each Medicaid enrollee of age twenty-one or older who resides in an intermediate care facility for people with developmental disabilities licensed in accordance with the provisions of R.S. 40:2180 et seq.

(2) For purposes of this Section, "comprehensive Medicaid coverage for dental care" means Medicaid coverage which reimburses for dental and oral health services including all of the following:

(a) Diagnostic services.

(b) Preventive services.

(c) Restorative services.

(d) Endodontics.

(e) Periodontics.

(f) Prosthodontics.

(g) Oral and maxillofacial surgery.

(h) Orthodontics.

(i) Emergency care.

B. The Louisiana Department of Health shall not furnish any coverage required by Subsection A of this Section until all of the following have occurred:

(1) The Centers for Medicare and Medicaid Services has approved the provision of such coverage.

(2) The legislature has appropriated the funding necessary for the provision of such coverage.

RS 40:1250.32 — Administrative rulemaking

sions of this

Part.

RS 40:1251.1 — Title

by HCR 84 of 2015 R.S.

RS 40:1251.2 — Purpose

bilities live above the poverty level by providing needed health care coverage. This program is also intended to enable some recipients of Supplemental Security Disability Insurance benefits to return to work and to receive Medicaid as a supplement to private or Medicare insurance.

B. This program is intended to help persons with severe mental illnesses who can work if they are on medication and those with severe physical disabilities who need medical supports in order to work.

RS 40:1251.3 — Ticket to Work and Work Incentives Improvement Act Opportunities

(i) and pursuant to the restrictions contained in this Part, the department shall avail itself of the provisions of the Ticket to Work and Work Incentives Improvement Act provisions to implement a buy-in program for the working persons with disabilities.

RS 40:1251.4 — Definitions

provide the opportunity for working persons with disabilities to buy access to needed health care and support services.

(2) "Persons with disabilities" means those citizens of Louisiana who meet the Social Security Disability criteria.

RS 40:1251.5 — Buy-In Program Appropriations

nt, are included

in the General Appropriation Act

;1

enacted during the 2003 Regular Session of the Legislature. If included in that Act, the Medicaid Buy-In Program for Persons with Disabilities shall be implemented by the department no later than January, 2004.

RS 40:1251.6 — Provisions

ty criteria for persons

with disabilities to obtain coverage.

(2) A sliding scale for the buy-in amounts to be paid by working persons with disabilities to maintain Medicaid coverage, while working.

(3) A plan to publicize the eligibility criteria and where applications may be obtained.

(4) Any standards or procedures necessary to properly implement a buy-in program for persons with disabilities.

B. The provisions of this Part shall not prohibit the department from exercising any and all authorities and responsibilities granted to the department under the Medical Assistance Program (Title XIX of the Social Security Act) in the event such authorities and responsibilities are concurrent with the provisions of this Part.

C. Any rules or regulations adopted under the provisions of this Part shall be

promulgated under the Administrative Procedure Act. Any rules or regulations shall be subject to review by the House Committee on Health and Welfare and the Senate Committee on Health and Welfare.

D. Beginning January 1, 2004, and semiannually thereafter and not later than sixty days prior to the beginning of the regular session of the legislature, the department shall submit the following information to the Joint Legislative Committee on the Budget and to the Senate Committee on Health and Welfare and the House Committee on Health and Welfare:

- (1) Status of the buy-in program, including the number of enrollees, the estimated cost of the program, and any other information the department deems pertinent to this buy-in program.
- (2) A report relative to the estimated value of the state, federal and FICA taxes paid by the participants in the buy-in program.
- (3) Any recommendations for expanding coverage in the buy-in program or any other recommendations relative to the requirements of this Part.

RS 40:1253.1 — Legislative intent

cient and sustainable

method possible. With the transition of over two-thirds of the Medicaid eligible population from a fee-for-service based program to a managed care organization based program, it is imperative that there is adequate reporting from the Louisiana Department of Health in order to ensure the following outcomes are being achieved:

- (1) Improved care coordination with patient-centered medical homes for Medicaid recipients.
- (2) Improved health outcomes and quality of care as measured by metrics, such as the Healthcare Effectiveness Data and Information Set (HEDIS).
- (3) Increased emphasis on disease prevention and the early diagnosis and management of chronic conditions.
- (4) Improved access to Medicaid services.
- (5) Improved accountability with a decrease in fraud, abuse, and wasteful spending.
- (6) A more financially sustainable Medicaid program.

B. It is in the best interest of the citizens of the state that the Legislature of Louisiana ensures that the Louisiana Medicaid program, as it relates to recipients with severe mental illness, is operated in the most efficient and sustainable method possible. The transition of the services of the office of behavioral health within the Louisiana Department of Health to a managed care system in which a single statewide management organization operates as a single point of entry to behavioral health services requires adequate reporting from the Louisiana Department of Health in order to ensure the following outcomes are being achieved:

- (1) Implementation of a Coordinated System of Care for youth and their families or caregivers that utilizes a family and youth driven practice model, provision of wraparound facilitation by child and family teams, family and youth supports, and overall management of these services by the statewide management organization.

- (2) Improved access, quality, and efficiency of behavioral health services for children not eligible for the Coordinated System of Care and for adults with severe mental illness and addictive disorders, through management of these services by the statewide management organization.
- (3) Smooth and efficient transition of behavioral health service delivery and operations from a regional based approach coordinated through the office of behavioral health within the Louisiana Department of Health to the use of human service districts or local government entities.
- (4) Seamless coordination of behavioral health services with the comprehensive healthcare system without losing attention to the special skills of the behavioral health professionals.
- (5) Advancement of a resiliency, recovery, and consumer-focused system of person-centered care.
- (6) Implementation of best practices and evidence-based practices that are effective and efficient and are supported by the data collected from measuring outcomes, quality, and accountability.
- (7) The efficient and effective use of state general funds in order to maximize federal funding of behavioral services provided by the Medicaid program.

RS 40:1253.2 — Medicaid managed care program; reporting

within that program, any

managed care program providing dental benefits to Medicaid enrollees to the senate and house committees on health and welfare. The department shall submit the report by June thirtieth every year, and the applicable reporting period shall be for the previous state fiscal year except for those measures that require reporting of health outcomes which shall be reported for the calendar year prior to the current state fiscal year. The report shall include:

- (1) Except when inapplicable due to the types of healthcare benefits administered by the particular managed care organization, the following information related to the managed care organizations contracted with the state to provide Medicaid-covered healthcare services to Medicaid enrollees:
 - (a) The name of each managed care organization that has contracted with the Louisiana Department of Health to provide healthcare services to Medicaid enrollees.
 - (b) The total number of employees employed by each managed care organization which is based in Louisiana and the average salary paid to those employees.
 - (c) The amount of the total payments and average per member per month payment paid by the state to each managed care organization delineated monthly.
 - (d) The total number of healthcare providers contracted to provide healthcare services for each managed care organization delineated by provider type, provider taxonomy code, and parish.
 - (e) The total number of providers contracted to provide healthcare services for each managed care organization that provides primary care services and submitted at least one claim for payment for services rendered to an individual enrolled in the health plan delineated by provider type, provider taxonomy code, and parish.

- (f) The total number of providers contracted to provide healthcare services for each managed care organization that has a closed panel for any portion of the reporting period delineated by provider type, provider taxonomy code, and parish.
- (g)(i) The medical loss ratio of each managed care organization and the amount of any refund to the state for failure to maintain the required medical loss ratio.
- (ii) With respect to the monies comprising the managed care organization's medical loss ratio, the report shall include the following information:
- (aa) Total expenditures on patient care.
- (bb) Total expenditures on healthcare quality improvements.
- (cc) Total expenditures on healthcare information technology.
- (dd) Total expenditures on goods and services other than patient care, healthcare quality improvements, and healthcare information technology.
- (h) A copy of the annual external quality review technical report produced pursuant to 42 CFR 438.364.
- (i) A copy of the member and provider satisfaction survey report for each managed care organization.
- (j) A copy of the annual audited financial statements for each managed care organization. The financial statements shall be those of the managed care organization operating in Louisiana and shall not be those financial statements of any parent or umbrella organization.
- (k) A brief factual narrative of any sanctions levied by the Louisiana Department of Health against a managed care organization.
- (l) For managed care organizations that administer dental benefits, a comparison of oral health outcomes that includes but is not limited to the percentage of eligible patients that saw a dentist in that fiscal year as well as the following rates of procedures performed on those who saw a dentist:
- (i) Adult oral prophylaxis.
- (ii) Child oral prophylaxis.
- (iii) Dental sealants.
- (iv) Fluoride varnish.
- (v) Amalgam fillings.
- (vi) Composite fillings.
- (vii) Stainless steel crowns.
- (viii) Extractions of primary teeth.
- (ix) Extractions of permanent teeth.
- (x) Pulpotomies performed on primary teeth.
- (xi) Root canals performed on permanent teeth.
- (2) The following information regarding Medicaid enrollees receiving healthcare services from a managed care organization:
- (a) The total number of unduplicated enrollees enrolled during the reporting period, and the monthly average of the number of members enrolled in each managed care organization delineated by eligibility category of the enrollees.

- (b) The number of members who proactively chose the managed care organization, and the number of members who were auto-enrolled into each managed care organization, delineated by managed care organization.
- (c) The total number of enrollees who received unduplicated Medicaid services from each managed care network, broken down by provider type, provider taxonomy code, and place of service.
- (d) The total number and percentage of enrollees of each managed care organization who had at least one visit with their primary care provider during the reporting period.
- (e) The following information concerning hospital services provided to Medicaid enrollees:
- (i) The number of members who received unduplicated outpatient emergency services, delineated by managed care organization.
- (ii) The number of total inpatient Medicaid days delineated by managed care organization.
- (iii) The total number of unduplicated members who received outpatient emergency services and had at least one visit to a primary care provider within the past year of receiving the outpatient emergency services.
- (f) The number of members, delineated by each managed care organization, who filed an appeal, the number of members who accessed the state fair hearing process, and the total number and percentage of appeals that reversed or otherwise resolved a decision in favor of the member. For purposes of this Subparagraph, "appeal" means a request for review of an action.
- (3) The following information related to healthcare services provided by healthcare providers to Medicaid enrollees enrolled in each of the managed care organizations:
- (a) The total number of claims submitted by healthcare providers to each managed care organization. The total number shall also be delineated by claims for emergency services and claims for nonemergency services.
- (b) The total number of claims submitted by healthcare providers to each managed care organization which were adjudicated by the respective managed care organization and payment for services was denied. This item of the report shall include a delineation between emergency and nonemergency claim denials. Additionally, this item of the report shall include the number of denied claims for each managed care organization delineated by the standard set of Claim Adjustment Reason Codes published by the Washington Publishing Company.
- (c) The total number of claims submitted by healthcare providers to each managed care organization which meets the definition of a clean claim as it is defined in the contract executed between the state and the managed care organization, and the percentage of those clean claims that each of the managed care plans has paid for each provider type within fifteen calendar days and within thirty calendar days. In addition, the report shall include the average number of days for each managed care organization to pay all claims of healthcare providers delineated by provider type.
- (d) The total number and percentage of regular and expedited service authorization

requests processed within the time frames specified by the contract for each managed care organization. In addition, the report shall contain the total number of regular and expedited service authorization requests which resulted in a denial for services for each managed care organization.

(e) The total number and dollar value of all claims paid to out-of-network providers by claim type categorized by emergency services and nonemergency services for each managed care organization by parish.

(f)(i) The total number of independent reviews conducted pursuant to R.S. 46:460.81 et seq., delineated by claim type for each managed care organization.

(ii) The total number and percentage of adverse determinations overturned as a result of an independent review conducted pursuant to R.S. 46:460.81 et seq., delineated by claim type for each managed care organization.

(g) The following information concerning pharmacy benefits delineated by each managed care organization and by month:

(i) Total number of prescription claims.

(ii) Total number of prescription claims subject to prior authorization.

(iii) Total number of prescription claims denied.

(iv) Total number of prescription claims subject to step therapy or fail first protocols.

(v) The average and range of times for responding to prior authorization requests.

(vi) The number of prior authorization requests denied, delineated by the reasons for denial.

(vii) The number of claims denied after prior authorization was approved, delineated by the reasons for denial.

(h) The report shall include the following information concerning Medicaid drug rebates and manufacturer discounts delineated by each managed care organization and the prescription benefit manager contracted or owned by the managed care organization and by month:

(i) Total dollar amount of the Medicaid drug rebates and manufacturer discounts collected and used.

(ii) Total dollar amount of Medicaid drug rebates and manufacturer discounts collected and remitted to the Louisiana Department of Health.

(4) For managed care organizations that administer dental benefits, the following information concerning prior authorization requests, delineated by type of procedure:

(a) The number of prior authorization requests.

(b) The average and range of times for responding to prior authorization requests.

(c) The number of prior authorization requests denied, delineated by the reasons for denial.

(d) The number of claims denied after prior authorization was approved, delineated by the reasons for denial.

(5) Any other metric or measure which the Louisiana Department of Health deems appropriate for inclusion in the report.

B.(1) The Louisiana Department of Health shall submit quarterly reports to the Senate

and House committees on health and welfare concerning the Medicaid expansion population and service utilization. The reports shall include all of the following:

(a) Medicaid expansion population data which shall include the following:

(i) Number of individuals enrolled in Medicaid for the reporting period who are eligible as part of the expansion population.

(ii) Number of individuals in the expansion population age nineteen to forty-nine and number of individuals age fifty to sixty-four.

(iii) Number of individuals in the expansion population in each age category with earned income.

(iv) Number of individuals in the expansion population in each age category assigned to a Medicaid managed care organization, identified by each individual managed care organization.

(v) The per-member per-month cost paid to each managed care organization to manage the care of the individuals in the expansion population assigned to their plan, identified by each individual managed care organization.

(b) Medicaid expansion population utilization data shall include the following:

(i) Comparison of individuals age nineteen to forty-nine, age fifty to sixty-four, and those who are covered by Medicaid who are not part of the expansion population utilizing the following services during the reporting period:

(aa) Emergency department.

(bb) Prescription drugs.

(cc) Physician services.

(dd) Hospital services.

(ee) Nonemergency medical transportation.

(ii) Expenditures associated with each service for individuals in the expansion population age nineteen to forty-nine, age fifty to sixty-four, and those who are covered by Medicaid who are not part of the expansion population during the reporting period.

(2) The quarterly reports required in this Subsection shall be submitted on the twentieth day of July, October, January, and April of each year, to include the data required in this Subsection, identified by month for the prior three months, with a collective chart of all data submitted to be included in the annual report provided for in Subsection A of this Section.

C.(1) The Louisiana Department of Health shall submit quarterly reports to the Senate and House committees on health and welfare encompassing the following data regarding the Medicaid managed care organizations' pharmacy benefit managers:

(a) The name of each pharmacy benefit manager, identified as contracted or owned by the Medicaid managed care organization.

(b) Whether the pharmacy benefit manager is a subsidiary of the parent company of the Medicaid managed care organization.

(c) The total dollar amount paid to the pharmacy benefit manager by the Medicaid managed care organization as a transaction fee for each processed claim.

(d) The total dollar amount of the Medicaid drug rebates and manufacturer discounts

collected and retained by the Medicaid managed care organization and pharmacy benefit manager.

(e) The total dollar amount of the Medicaid drug rebates and manufacturer discounts collected by the Medicaid managed care organization and pharmacy benefit manager and remitted to the Louisiana Department of Health.

(f) The total dollar amount retained by the pharmacy benefit manager through spread pricing. For purposes of this Subparagraph, "spread pricing" means the actual amount paid as reimbursement to a pharmacist as compared to the amount the pharmacy benefit manager charged to and was reimbursed by the Medicaid managed care organization to identify the excess amount paid to the pharmacy benefit manager above what was paid to the pharmacist.

(g) Identification of any other monies retained by the pharmacy benefit manager not otherwise provided for in this Subsection that are not reimbursed to pharmacists.

(2) The quarterly reports required in this Subsection shall be submitted on the twentieth day of July, October, January, and April of each year, to include the data required in this Subsection, identified by month for the prior three months, with a collective chart of all data submitted to be included in the annual report provided for in Subsection A of this Section.

D. To the greatest extent possible, the Louisiana Department of Health shall include in the report at least three years of historical data for each of the measures set forth in Subsection A of this Section.

RS 40:1253.3 — Louisiana Behavioral Health Partnership; reporting

Louisiana Behavioral Health

Partnership to the Senate and House committees on health and welfare. The report shall be submitted by June thirtieth of each year, and the applicable reporting period shall be for the previous state fiscal year. The report shall include but not be limited to the following information:

(1) The total number of healthcare providers in each parish, broken down by provider type, applicable contracting status, and specialty.

(2) The total number of Medicaid and non-Medicaid members enrolled in each parish.

(3) The total and monthly average number of adult Medicaid enrollees receiving services in each parish.

(4) The total and monthly average number of adults not enrolled in the Medicaid program receiving services in each parish.

(5) The total and monthly average number of children receiving services through the Coordinated System of Care by parish.

(6) The total and monthly average number of children receiving Louisiana Behavioral Health Partnership services outside the Coordinated System of Care by parish.

(7) The total and monthly average number of children not enrolled in the Medicaid program receiving Louisiana Behavioral Health Partnership services outside the Coordinated System of Care by parish.

(8) The percentage of all referrals that were considered immediate, urgent and

routine needs and the average length of time to authorize for services by parish.

(9) The percentage of clean claims paid for each provider type within thirty calendar days and the average number of days to pay all claims for each human services district or authority or local government entity.

(10) The five most common reasons for denial of claims and the total number of claims denied according to the cause presented.

(11) The percentage of members asked to and who provide consent for the release of information to coordinate care with the member's primary care physician and other healthcare providers.

(12) The number of outpatient members who received services through the Louisiana Behavioral Health Partnership in hospital-based emergency rooms.

(13) A copy of the statewide management organization's report to the Louisiana Department of Health on quality management, which shall include:

(a) The number of qualified quality management personnel employed by the statewide management organization to review performance standards, measure treatment outcomes, and assure timely access to care.

(b) The mechanism utilized by the statewide management organization for generating input and participation of members, families/caretakers, and other stakeholders in the monitoring of service quality and determining strategies to improve outcomes.

(c) Documented demonstration of meeting all the federal requirements of 42 CFR 438.240 and with the utilization management required by the Medicaid program as described in 42 CFR 456.

(d) Documentation that the statewide management organization has implemented and maintained a formal outcomes assessment process that is standardized, relatable, and valid in accordance with industry standards.

(14) The total amount of funding remitted by the state pursuant to its contract with the statewide management organization during the period addressed by the report, including an itemization of this amount which encompasses, at minimum, the total costs to the state associated with the following cost items:

(a) Payment of claims to providers.

(b) Administrative costs of the statewide management organization.

(c) Profit for the statewide management organization.

(15) An explanation of all changes during the period addressed by the report in any of the following program aspects:

(a) Standards or processes for submission of claims by behavioral health service providers to the statewide management organization.

(b) Types of behavioral health services covered through the statewide management organization.

(c) Changes in reimbursement rates for covered services.

(16) Any other metric or measure that the Louisiana Department of Health deems appropriate for inclusion in the report.

B. Upon the integration of behavioral health services into the Louisiana Medicaid

Bayou Health managed care program, or any successor, the final report produced pursuant to this Section for the period starting July 1, 2015, shall be issued by June 30, 2016, or six months following the integration date, whichever occurs later, and subsequent behavioral health reporting shall be included in the report produced pursuant to R.S. 40:1253.2.

RS 40:1253.4 — Louisiana Department of Health information

published by the department

concerning the Louisiana Medicaid managed care program. The department shall publish and make such information available to the public on its website.

B. Prior to August 1, 2015, every managed care organization contracted with the state to provide Medicaid-covered healthcare services to Medicaid enrollees shall report to the department the uniform resource locator of a webpage which contains a publicly accessible copy of all practice guidelines utilized by each managed care organization which are required to be made available to healthcare providers pursuant to 42 CFR 438.236(c). The department shall place and maintain publicly accessible web links to each of these respective webpages upon its website.

RS 40:1253.5 — Medicaid state plan amendments

correspondence

within twenty-four hours of submission to the Centers for Medicare and Medicaid Services.

All formal responses by the Centers for Medicare and Medicaid Services regarding any state plan amendment shall be made available to the public on the department's website within twenty-four hours of receipt of the correspondence by the department.

RS 40:1255.1 — Definitions

(2) "Medicaid" means the medical assistance program provided for in Title XIX of the Social Security Act.

(3) "Medicare" means the federal health insurance program provided for in Title XVIII of the Social Security Act.

(4) "Telehealth" has the meaning ascribed in R.S. 40:1223.3.

RS 40:1255.2 — Telehealth services; alignment of reimbursement with Medicare policy

identify variations between permissible

reimbursement under that program and reimbursement available to healthcare providers under the Medicare program.

B. To the extent practicable, notwithstanding any other law to the contrary, after conducting a review provided for in Subsection A of this Section, the department may modify its administrative rules, policies, and procedures applicable to Medicaid reimbursement for telehealth services as necessary to provide for a reimbursement system that is comparable to that of the Medicare program for those services.

RS 40:1257.1 — Definitions

(2) "Healthcare provider" means a person, partnership, limited liability partnership, limited liability company, corporation, facility, or institution that provides healthcare or professional services to individuals enrolled in the Medicaid program.

(3) "Medicaid" means the medical assistance program provided for in Title XIX of

the Social Security Act.

(4) "Nonemergency medical transportation" and "NEMT" mean transportation provided to a Medicaid beneficiary to or from a medically necessary Medicaid-covered service. The term shall not include any nonemergency or other type of transportation by ambulance.

RS 40:1257.2 — Nonemergency medical transportation services

EMT services". The purpose

of NEMT services shall be to provide nonemergency medical transportation to a Medicaid beneficiary after all other reasonable means of free transportation for that person have been explored and found to be unavailable. The Medicaid beneficiary or his representative shall confirm that the beneficiary has no other means of transportation.

B. Nonemergency medical transportation to or from a pharmacy, a nursing facility, hospice care, or an appointment for Special Supplemental Nutrition Program for Women, Infants, and Children services at an office of public health location is prohibited.

RS 40:1257.3 — Standards for services; prohibition

state requirements to

provide nonemergency medical transportation as defined in this Part and in administrative rules of the department.

RS 40:1257.5 — Nonemergency medical transportation; transportation network companies

protect and promote public health by facilitating access

to primary care, pharmacy services, and other forms of health care that help people maintain and improve their health.

B. If the department determines that transportation network providers can provide transportation services for Medicaid recipients in a safe, effective, and cost-efficient manner and in compliance with applicable federal Medicaid and Medicare requirements, any transportation network company that complies with rules promulgated pursuant to this Section may connect a driver to a rider through utilizing a Medicaid NEMT broker for the purpose of providing nonemergency medical transportation services within the state through the Louisiana Medicaid program.

C.(1)(a) The department may promulgate rules and regulations as are necessary for the implementation of this Section. No transportation network company may provide Medicaid NEMT services prior to rules being promulgated by the department and demonstrating compliance with requirements established by the department through rules. Requirements imposed for companies and drivers to act as Medicaid transportation providers shall include requirements for enrollment and specifications for the vehicles used and any requirements that may be necessary to conform to applicable federal Medicaid transportation requirements administered by the department, bureau of health services financing.

(b) No driver shall provide nonemergency medical transportation services to a Medicaid enrollee through a transportation network company's digital network prior to the completion of a criminal background check on that driver which comports with the requirements for such background checks provided in R.S. 40:1203.1 et seq. or R.S. 48:2199.

(2) Notwithstanding the provisions of Paragraph (1) of this Subsection, the department shall require that, prior to facilitating nonemergency medical transportation services for Medicaid enrollees, a transportation network company be under contract with a transportation broker that is under contract with either of the following:

(a) A Medicaid managed care organization as defined in R.S. 46:460.51.

(b) The department.

D. The provisions of R.S. 48:2205 shall apply to the regulation of companies, drivers, and vehicles facilitating or providing nonemergency medical transportation services as authorized in this Section.

E. Nothing in this Section shall be construed to authorize a company or an individual to violate any provision of R.S. 40:1135.1.

F. No ambulance, emergency medical response vehicle, or EMS practitioner as defined in R.S. 40:1131 shall be used for the purpose of providing nonemergency medical transportation services pursuant to this Section.

RS 40:1258.1 — Definitions

reatment that is

designed to manipulate T-cell protein to recognize an antigen on targeted tumor cells in an effort to eliminate cancer.

(2) "Healthcare facility" has the same meaning as the term is defined in R.S. 40:2120.13.

RS 40:1258.2 — Medicaid coverage; enrollment qualifications; duties

such therapy is approved by the United

States Food and Drug Administration, used for a medically accepted indication, and administered in any healthcare facility appropriately providing CAR T-cell therapy in accordance with state and federal guidelines or certifications.

B. Any healthcare facility appropriately providing CAR T-cell therapy in accordance with state and federal guidelines or certifications that participates in the Louisiana Medicaid program shall provide CAR T-cell therapy to an individual who is eligible for such enrollment as defined in Subsection C of this Section.

C.(1) In order to receive coverage from the Louisiana Medicaid program for CAR T-cell therapy, the eligibility of a prospective enrollee shall be determined by the healthcare facility appropriately providing CAR T-cell therapy in accordance with state and federal guidelines or certifications as provided in Subsection B of this Section.

(2) A prospective enrollee shall be considered eligible for CAR T-cell therapy enrollment if the individual satisfies all of the following qualifications:

(a) The individual is enrolled in the Louisiana Medicaid program.

(b) A licensed healthcare provider has certified that CAR T-cell therapy is medically necessary and appropriate to treat the individual's condition.

(c) The CAR T-cell therapy is administered in any healthcare facility appropriately providing CAR T-cell therapy in accordance with state and federal guidelines or certifications.

D. Pursuant to this Section, the secretary of the Louisiana Department of Health shall

do all of the following:

- (1) Submit to the Centers for Medicare and Medicaid Services all necessary state plan amendments.
- (2) Promulgate all necessary rules and regulations in accordance with the Administrative Procedure Act.
- (3) Promulgate rules as necessary to regulate and provide payment to healthcare providers for high cost pharmaceutical carve-outs in accordance with the provisions of this Part.
- (4) Take any other actions necessary to implement the provisions of this Section.

RS 40:1259.1 — Menopausal care; Medicaid coverage

Act, 42 U.S.C. 1396 et

seq., coverage benefits for hormonal care for any woman who is experiencing menopausal or perimenopausal symptoms.

B. The symptoms for which such funding shall be made available include but are not limited to the following:

- (1) Irregular menstrual periods.
- (2) Hot flashes.
- (3) Vaginal or bladder problems.
- (4) Decrease in fertility.
- (5) Loss of bone.
- (6) Increase in low-density lipoprotein cholesterol levels.
- (7) Sleep disruption, which includes night sweats.

C. For the purposes of this Part, the following definitions apply:

- (1) "Menopause" means the permanent cessation of menstruation due to loss of ovarian follicular function. During menopause, ovaries stop releasing eggs and the body produces less estrogen and progesterone.
- (2) "Perimenopause" means the transition period in which a woman is near the end of her reproductive years or at the onset of menopause.

D. The Louisiana Department of Health may seek approval of a federal Medicaid waiver and state plan amendments as may be necessary to implement the provisions of this Section.

RS 40:1259.2 — Medicaid coverage for perimenopausal and menopausal care

menopausal treatment or care when such care or treatment is used for a medically accepted indication and administered in any healthcare facility by any healthcare professional appropriately licensed in this state to provide such medical treatment or care in accordance with state and federal guidelines or certifications.

B. Any healthcare facility appropriately providing perimenopausal or menopausal treatment or care in accordance with state and federal guidelines or certifications that participates in the Louisiana Medicaid program shall provide perimenopausal or menopausal treatment or care to an individual who is eligible for such enrollment as defined in Subsection C of this Section.

C.(1) To receive coverage from the Louisiana Medicaid program for perimenopausal

or menopausal treatment or care, the eligibility of a prospective enrollee shall be determined by the healthcare facility appropriately providing perimenopausal or menopausal treatment or care in accordance with state and federal guidelines or certifications as provided in Subsection B of this Section.

(2) A prospective enrollee shall be considered eligible for perimenopausal or menopausal treatment or care enrollment if the individual satisfies all of the following qualifications:

- (a) The individual is enrolled in the Louisiana Medicaid program.
- (b) A licensed healthcare provider has certified that perimenopausal or menopausal treatment or care is medically necessary and appropriate to treat the individual's condition.
- (c) The perimenopausal or menopausal treatment or care is administered in any healthcare facility appropriately providing perimenopausal or menopausal treatment or care in accordance with state and federal guidelines or certifications.

D. Pursuant to this Section, the secretary of the Louisiana Department of Health shall do all of the following:

- (1) Submit to the Centers for Medicare and Medicaid Services all necessary state plan amendments.
- (2) Promulgate all necessary rules and regulations in accordance with the Administrative Procedure Act.
- (3) Take any other actions necessary to implement the provisions of this Section.

RS 40:1261 — Health report card

to the following

issues:

- (a) Health findings of major diseases.
 - (b) Teenage pregnancy and birth rates.
 - (c) Rates of low birth-weight babies.
 - (d) Suicide rates.
 - (e) Sexually transmitted diseases.
 - (f) Incidence of drug addictions.
 - (g) Violent deaths.
 - (h) Morbidity rates.
 - (i) Health assessment programs and results.
 - (j) Results of preventive health outreach programs.
 - (k) An assessment of the state healthcare delivery system.
- (2) The report shall include information on each parish and the state as a whole and a comparison of that data with data from other states and from prior years, and, if available, variations and changes according to different segments of the state's population.
- (3) Any benefits plan that contracts with the state to provide or coordinate the provision of healthcare services to a Medicaid recipient or other person whose enrollment costs are paid wholly or in part by the state under a Medicaid waiver shall submit a report card indicating the overall health of those enrollees whose costs are paid wholly or in part by the state concerning but not limited to the issues delineated in Paragraph (1) of this

Subsection. Such report card shall be prepared and submitted in accordance with guidelines established by the department and shall be included in the written report described in Subsection C of this Section.

B. The department may conduct hearings and call upon other state agencies, boards, commissions, and departments to assist in the furnishing, compiling, and analyzing of the data required to prepare the report.

C. The department shall submit the written report to the governor, and to each member of the legislature, at least sixty days prior to each regular session, together with recommendations for improving the overall health status on each issue.

D. The department shall promulgate rules and regulations, in accordance with the Administrative Procedure Act, to implement this Section.

RS 40:1261.1 — Repealed by Acts 2022, No. 252, §3.

aton Rouge, Louisiana 70804-9062

RS 40:1262 — Health equity; duties of the Louisiana Department of Health

a foundation and resource for addressing health care

disparities for women and vulnerable populations, and contribute to the improvement of the health of Louisiana's citizens. Specific to the improvement in the health of women in Louisiana, the Louisiana Department of Health shall be responsible for leading, consolidating, and coordinating efforts across the state geared toward improving women's health outcomes through policy, education, evidence-based practices, programs, and services.

B. As part of carrying out the duties provided for in Subsection A of this Section, the Louisiana Department of Health shall engage in all of the following activities:

(1) Complete a thorough assessment of all activities engaged in or services provided by the department that may specifically impact the health or quality of life of women. The department shall submit this assessment to the House Committee on Health and Welfare and Senate Committee on Health and Welfare no later than February 15, 2022.

(2) Make available to health care professionals the best practices and protocols for treating communities with underlying medical conditions and health disparities by doing all of the following:

(a) Examining opportunities which provide greater access to high-quality medical care and improve health outcomes.

(b) Performing a comprehensive evidence-based analysis of the determinants of health equity that influence racial health disparities.

(c) Performing a comprehensive evidence-based analysis of interventions that positively impact health equity and address disparities.

(d) Performing a comprehensive examination of the population dynamics that are indicative of health equity and disparities.

(e) Promoting health awareness educational media campaigns.

C. To assist in carrying out its duties pursuant to this Section, the Louisiana Department of Health may analyze any other relevant data which will add to the work of the department, seek input from any interested parties including but not limited to licensed health care professionals, advocates, and concerned citizens, pursue any relevant topics including

policies and laws that impact health disparities, and promote community outreach and extension activities.

RS 40:1263.1 — Definitions

n the secretary of the Louisiana Department of Health, or
his designated representative.

RS 40:1263.2 — Louisiana Organ Transplant Assistance Program

e Program.

RS 40:1263.3 — Powers and duties

operations on Louisiana residents.

(2) Establish and promulgate rules and regulations, in accordance with the Administrative Procedure Act, for determining eligibility to the program and the amount of assistance.

(3) Accept on behalf of the state any federal funds to assist in carrying out the provisions of this Part.

(4) Accept on behalf of the state funds from any private source to assist in carrying out the provisions of this Part.

(5)(a) Educate residents of the state about:

(i) The need for bone marrow donors.

(ii) The procedures required to become registered as a potential bone marrow donor, including the procedures for determining the person's tissue type.

(iii) The medical procedures a donor must undergo to donate bone marrow or other sources of blood stem cells and the attendant risks of the procedure.

(b) Make special efforts to educate and recruit minority populations to volunteer as potential bone marrow donors. Means of communication may include the use of the press, radio, and television, and placement of educational materials in appropriate health care facilities, blood banks, and state and local agencies. The secretary, in conjunction with the secretary of the Department of Public Safety and Corrections, shall make educational materials available at all places where drivers' licenses are issued or renewed.

RS 40:1263.4 — Definitions; paid marrow donor leave; prohibition of employer sanctions;

(1) "Employee" means a person who performs services for hire for an employer, for an average of twenty or more hours per week, and includes all individuals employed at any site owned or operated by an employer. Employee does not include an independent contractor.

(2) "Employer" means a person or entity that employs twenty or more employees at at least one site and includes an individual, corporation, partnership, association, nonprofit organization, group of persons, state, parish, town, city, school district, or other governmental subdivision.

B. An employer shall grant paid leaves of absence to an employee who seeks to undergo a medical procedure to donate bone marrow. The combined length of the leaves shall be determined by the employee, but may not exceed forty work hours, unless agreed to by the employer. The employer may require verification by a physician of the purpose and

length of each leave requested by the employee to donate bone marrow. If there is a medical determination that the employee does not qualify as a bone marrow donor, the paid leave of absence granted to the employee prior to that medical determination is not forfeited.

C. An employer shall not retaliate against an employee for requesting or obtaining a leave of absence as provided by this Section.

D. This Section does not prevent an employer from providing leave for bone marrow donations in addition to leave allowed under this Section. This Section does not affect an employee's rights with respect to any other employment benefit.

RS 40:1265.1 — Public markets; location, inspection, and operation; exemptions; market zones

subject to the superior right of inspection and regulation of the Louisiana Department of Health.

(2) Permanent open-air public market buildings built prior to 1950 which are designated as historic and located in the city of New Orleans shall be exempt from LAC 51:XXIII.1501, 1701, and 3505(A). The lessor shall develop food service operational guidelines after consultation and periodic review with the Louisiana Department of Health. Such food service operational guidelines shall be incorporated into the lease agreements with lessees who operate food service establishments in the exempted area. The lessor shall enforce such food service operational guidelines through leases with their lessees.

B. They may fix market zones around public markets. However, these market zones shall be limited to a radius of three thousand feet walking distance of the public market and shall not apply within a radius of three hundred lineal feet from the center of all public railroad passenger depots.

RS 40:1265.2 — Private markets; inspection and operation

rovide general regulations for the operation of these private markets, including rules affecting their cleanliness and the wholesomeness of the goods offered for sale therein.

RS 40:1267.1 — Poison control center; establishment

oe. The university may cooperate with public and private agencies and health care institutions in the operation of the center. The center shall include operation of a statewide toll-free telephone number.

RS 40:1269.1 — Citation of Part

.S.

RS 40:1269.2 — Definitions

usly or otherwise, of animal anti-rabies vaccine as approved by the Louisiana Department of Health.

(3) "Owner" means any person who keeps in his care or harbors or who has the custody of a dog.

(4) "Local health authority" means any parish or municipal board, officer, department or other agency charged with the responsibility of preserving the public health.

(5) "Rabies" means hydrophobia (madness), the infectious disease of the brain

transmitted by specific virus which occurs in saliva.

RS 40:1269.3 — Authority to enact regulations for control of rabies

the control of rabies in animals,

including the authority of parishes and municipalities to enact local ordinances, the report of incidence of the disease and the enactment of enforcement provisions.

RS 40:1269.4 — Penalty

n

thirty days, or both, for each offense.

RS 40:1271.1 — Infectious diseases; notification

icer, or other person who is

employed by or voluntarily working with a firm, agency, or organization which provides emergency treatment or transportation comes into direct contact with a patient who is subsequently diagnosed as having untreated pulmonary tuberculosis or acute meningococcal meningitis, or comes in contact with the blood or body fluid of a person who is subsequently diagnosed as having acute hepatitis virus B infection, or is a chronic hepatitis B carrier, or is infected with human immunodeficiency virus, the hospital receiving the patient shall notify the appropriate firm, agency, or organization which shall notify its emergency medical technician, paramedic, firefighter, police officer, emergency medical transportation service employer, or other person treating or transporting the patient of the individual's exposure to the infectious disease within forty-eight hours of confirmation of the patient's diagnosis and shall advise same of the appropriate treatment, if any. Notification shall be made in a manner that protects the confidentiality of the patient and the emergency medical technician, paramedic, police officer, or other person treating or transporting the patient.

(2) Prior to October 30, 1988, the Louisiana Department of Health shall, in accordance with the Administrative Procedure Act, promulgate rules and regulations for the notification procedures required under the provisions of this Subsection.

B.(1) Whenever a patient is admitted to a hospital or nursing home by a physician, and that physician has actual knowledge that the patient is infected with one or more of the conditions described in Subsection A of this Section, and is aware of the transfer, the physician shall notify the hospital or nursing home of the patient's condition.

(2) Whenever a patient is transferred from a nursing home to a hospital, or from a hospital to a nursing home, and the transferor's records reflect that patient is infected with one or more of the conditions described in Subsection A of this Section, the transferor shall notify the transferee of the patient's condition.

(3) Whenever a patient is admitted to or treated at a hospital or nursing home and the hospital or nursing home has actual knowledge that the patient is infected with one or more of the conditions described in Subsection A of this Section, the hospital or nursing home shall notify all healthcare providers involved in the treatment of that patient.

C. For purposes of this Subpart, "hospital" means any institution, place, building, or agency, public or private, whether operated for profit or not, devoted primarily to the maintenance and operation of facilities for the diagnosis, treatment, or care of persons

admitted for overnight stay or longer who are suffering from illness, injury, infirmity, deformity, or other physical conditions for which obstetrical, medical, or surgical services would be available and appropriate. The term "hospital" specifically includes any emergency room or outpatient clinic operated in connection with a hospital as herein defined, whether or not the patient is admitted for overnight stay.

RS 40:1271.2 — Mandatory identification of infected corpses

ral director, embalmer, or a

representative thereof whenever there is actual knowledge that the corpse is infected with a contagious disease. The hospital, nursing home, or coroner shall inform the funeral director, embalmer, or representative thereof that the corpse is infected with a contagious disease during the initial telephone communication requesting that the corpse be transported. Further notification shall include a clearly visible, external tag that is readily discernible from other identification markers and a written statement that clearly indicates the name of the contagious disease or causative agent infecting or infesting said corpse. Such notification shall be made in a manner that protects the confidentiality of the deceased and the funeral director or embalmer handling the corpse.

B. The Louisiana Department of Health through the office of public health shall promulgate rules and regulations to provide for the disposition by hospitals, nursing homes, coroners, and other medical personnel of corpses infected with known contagious diseases and to implement the provisions of this Section. Such regulations shall include, at a minimum, a requirement that each hospital, nursing home, and coroner's office establish staff procedures for implementing this law.

C. Whoever violates the provisions of this Section shall be fined not more than five thousand dollars. Violation of the provisions of this Section shall constitute grounds for suspension or revocation of the professional license or certificate of the violator or for other disciplinary action by the respective professional regulatory board.

RS 40:1271.3 — Infectious disease incidence among school-age children; public health

with R.S. 29:766 and relating to one or more infectious diseases, the Louisiana Department of Health, office of public health shall publish, on a publicly accessible website, a report updated not less than weekly, which provides the total number of children between the ages of five and seventeen years in this state known to have been infected with each disease addressed by the public health emergency declaration.

RS 40:1275.1 — Statement of purpose

tential for

causing lifelong disability. The legislature further recognizes that such injuries are not randomly occurring events and traditional public health approaches to preventing diseases may be applied successfully to preventing injuries as well. Recognizing that a rational approach toward preventing serious public health problems cannot be accomplished without data to document and monitor their occurrence, the legislature hereby provides for the establishment of systematic data collection on severe head injuries by instituting a mandatory reporting requirement for severe head injuries.

RS 40:1275.2 — Definitions

ns the office of public health, Louisiana Department of Health.

(3) "Severe head injury" means acute traumatic injury to the central nervous system within the skull which is serious enough to cause significant long-term functional impairment.

RS 40:1275.3 — Mandatory reporting requirement

ead injuries. The office, by

rule, shall require appropriate health care professionals and health care facilities to report severe head injuries to the central registry. The office shall provide for the analysis of such data and for dissemination of such data and analysis for the purposes of prevention of severe head injuries and care and support for persons with severe head injuries.

RS 40:1281.1 — Definitions

ate health officer

stating that the operator has met the requirements for the specified operator classification as defined by the state health officer under R.S. 40:1281.3.

(2) "Committee" means the committee of certification.

(3) "Louisiana conference" means the Louisiana Conference on Water Supply, Sewerage and Industrial Wastes.

(4) "Operator" means the individual, as determined by the committee of certification, in attendance on site of a water supply system or a sewerage system and whose performance, judgment, and direction affects either the safety, sanitary quality, or quantity of water or sewage treated or delivered.

(5) "Sewage collection system" means all components of a sewerage system except for the sewage treatment plant.

(6) "Sewage treatment plant" means the facility or group of units provided for the treatment of wastewater and for the reduction and handling of sludge removed from such wastewater.

(7) "Sewerage system" means a system of piping and appurtenances, including sewage treatment facilities, for collecting and conveying wastewater from source to discharge.

(8) "State health officer" means the surgeon general appointed by the governor as provided in R.S. 40:2.

(9) "Wastewater" means the spent water or sewage of a community containing the liquid or water-carried wastes from residences, commercial buildings, and institutions along with any groundwater, surface water, or storm water that may be commingled.

(10) "Water distribution system" means that portion of the water supply system in which water is conveyed from the water treatment plant or other supply point to the premises

of the consumer.

(11) "Water production facility" means the system of water wells, impoundments reservoirs, aqueducts, pumps, pipelines and other appurtenances necessary to produce and deliver the water necessary for treatment and distribution to a community.

(12) "Water supply system" means the system of pipes, structures and facilities through which water is obtained, treated and sold, distributed or otherwise offered to the public for household or other uses.

(13) "Water treatment plant" means that portion of the water supply system which in some way alters the physical, chemical, or bacteriological quality of the water.

RS 40:1281.2 — Committee of certification; appointment; terms; powers; duties; annual report;

to assist him in the administration of the certification program. The committee is charged with the responsibility of conducting all work necessary to promote the certification program to develop examinations, examine certificate candidates, and maintain records, and shall also suggest to the secretary rules of procedure or policies required in performing its obligations in conformity with the provisions of the Louisiana Administrative Procedure Act.

B. The committee shall consist of the following members whose terms shall commence on September 1, 1972:

(1) Two members from a list of six recommended by the Louisiana conference who are currently employed waterworks operators eligible for certificates of the highest classification issued by the department and in the employ of a municipality. One member shall be appointed initially for a two year term and one for a three year term, respectively.

(2) Two members from a list of six recommended by the Louisiana conference who are currently employed as waterworks or sewerage works operators eligible for a certificate of the highest classification issued by the department and in the employ of an investor owned water or sewerage utility. One member shall be appointed initially for a two year term and one for a three year term, respectively.

(3) Two members from a list of six recommended by the Louisiana conference who are currently employed municipal sewage treatment plant operators eligible for certificates of the highest classification issued by the department. One member shall be appointed initially for a one year term and one for a four year term, respectively.

(4) Two members from a list of six recommended by the Louisiana Municipal Association. One member shall be appointed initially for a one year term and one for a four year term, respectively.

(5) One ex officio member representing the department. This member will be the state sanitary engineer or a qualified member of his staff.

C. Each member of the committee, with the exception of the ex officio member from the department, shall be appointed for a four year term except in the case of the initial appointments which shall be for terms of one, two, three, and four years, as set out in Subsection B above, so that not more than two appointments will expire in any one year. Whenever a vacancy occurs on the committee by reason of the expiration of a term of service as herein provided, the state health officer shall appoint a successor of like qualifications from a list of names submitted by the original nominating group for the vacated position.

Wherever a vacancy shall occur on the committee for any reason prior to expiration of the appointment term, the state health officer shall appoint a successor for the remainder of the term in the same manner as regular appointments.

D. The committee shall elect from its membership a chairman and other necessary officers. The department representative of the committee shall be responsible for maintaining records and shall act as committee secretary.

E. The committee shall hold at least one examination each year for the purpose of examining candidates for certification at a time and place designated by the committee. Those applicants whose competency is acceptable to the committee shall be recommended to the state health officer for certification. Additional meetings may be called by the chairman or the state health officer as may be necessary to carry out the provisions of this Subpart. Five members shall constitute a quorum.

F. The committee shall fix and accept fees on a per person basis for examinations and for issuance, renewal, reinstatement, or reciprocation of certificates according to the schedule of fees that it may adopt. However, the fee per person collected for examinations or certifications, including but not limited to a fifth certification in the fields of water or sewerage, in connection with training conducted at a university shall be twenty-five dollars. All or a portion of fees collected at a university may be retained by the university pursuant to an agreement with the department. In no case will the total fees paid by private Louisiana-domiciled corporations exceed five hundred dollars. The fee authorized in this Subsection shall not apply to an individual who owns an on-site individual waste water system of one thousand five hundred gallons per day or smaller.

G. The committee shall maintain all funds collected in a separate account and shall use these funds in the administration of this Subpart; it shall prepare an annual report to be submitted to the undersecretary of the department, showing its financial and operational activities. The committee may use the office of management and finance of the department and may reimburse the department for such services as it may render.

H. The committee members shall serve without pay. Travel and subsistence expenses incidental to attending committee meetings shall be reimbursed at the same rate as for regular employees of the department. The domicile of the committee shall be the same as the Louisiana Department of Health.

RS 40:1281.3 — Classification of water and sewerage facilities

ater treatment plants, water distribution systems, sewage collection systems, and sewage treatment plants actually used or intended for use by the public with due regard to the size, type, character of water or wastewater to be treated, and other physical conditions affecting such treatment plants and collection or distribution systems and prescribe the skill, knowledge, and experience that the operator in charge must have to supervise successfully the operation of the facilities so as to protect the public health, prevent unlawful pollution, and protect the water resources of the state.

RS 40:1281.4 — Responsibility for operator certification

operation of such water supply and sewerage systems.

RS 40:1281.5 — Operator certificates; display; renewal; revocation; termination

ions of the committee of certification. The certificate

shall indicate the classification of works which the operator is qualified to supervise.

B. Certificates shall be prominently displayed in the office of the operator.

C. Certificates shall continue in effect as long as renewal fees are paid and minimum standards maintained, unless suspended or revoked by the state health officer upon due notice and after hearing by and upon recommendation of the committee.

D. The state health officer may revoke the certificate of an operator, following a hearing by and upon recommendation of the committee when it is found that the operator has practiced fraud, or deception; that reasonable care, judgment or the application of his knowledge or ability was not used in the performance of his duties; or that the operator is incompetent or unable properly to perform his duties.

E. The certificates of operators who terminate their employment at a treatment plant or water distribution system will remain valid for two years. After two years, the certificate will be automatically invalidated. Operators whose certificates are invalidated under this section may be issued new certificates of a like classification provided appropriate proof of competency is presented to the committee. Successful completion of an examination may be required at the discretion of the committee.

RS 40:1281.6 — Qualification by reciprocity

ification to any

person who holds a certificate in any state, territory or possession of the United States or any country providing the requirements for certification of operators under which the person's certificate was issued do not conflict with the provisions of this Subpart and are of a standard not lower than that specified by regulations adopted under this Subpart and providing further that reciprocal privileges are granted by said state, territory, or possession to certified operators of this state.

RS 40:1281.7 — Certification of present practitioners; temporary certification

old certificates of competency attained by examination under

the voluntary certification program now being administered by the Louisiana Department of Health and the Louisiana Conference on Water Supply, Sewerage, and Industrial Wastes, upon application to the committee within eighteen months after the effective date of this Subpart and payment of the certification fees prescribed by the committee.

B. All operators employed in charge of water supply or sewerage systems on the effective date of this Subpart*, and who do not hold voluntary or other qualifying certificates, and who apply to the committee within twelve months of the effective date of this Subpart* and pay the prescribed certificate fees, shall be granted an operator's limited certificate, which shall be valid only for the system in which the operator is employed and for the conditions of operation and duties involved on the effective date of this Subpart*. Limited certificates shall be renewable upon application, provided the requirements for renewal without reexamination for certificate of even grade are satisfied. Persons granted limited certificates and renewals of limited certificates shall pay the same fees as are fixed for regular certificates of like grade.

C. Any person appointed to replace or succeed a water supply system or sewage system operator after the effective date of this Subpart may be issued a temporary certificate upon application to the committee and payment of the same fees as are specified for limited certificates. Any such person shall be required to obtain a regular certificate of the class commensurate with his duties within a period of twenty four months after the date on which a temporary certificate is issued.

RS 40:1281.8 — Rulemaking authority

carry out the

intent of this Subpart. The rules and regulations shall include, but not be limited to, provisions establishing the bases for classification of water production facilities, water treatment plants, water distribution systems, sewage collection systems, and sewage treatment plants, and prescribing the skill, knowledge, and experience that the operator in charge must have to supervise successfully the operation of such facilities, and such other provisions as may be necessary for the administration of this Subpart.

RS 40:1281.9 — Certified operator required; exceptions

and private, operating a water

supply system or sewerage system to operate same unless the competency of the operator is duly certified to by the state health officer under the provisions of this Subpart. Furthermore, it shall be unlawful for any person to perform the duties of an operator, as defined herein, without being duly certified under the provisions of this Subpart.

B. Surface water systems shall have a certified operator present at all times while the treatment facility is in operation.

C. The requirements of Subsection B of this Section shall not apply to systems which serve less than ten thousand persons and which utilize automated operation systems which monitor system operation, record all required readings, notify the operator in the event of a system upset or failure, and allow the operator to remotely control or shut down the system.

D. The requirements of this Section shall not apply to municipal and public works contractors and other related classifications of contractor properly licensed by the Louisiana State Licensing Board for Contractors who construct water, sewer, or drainage line work. Such contractor shall not be required by any public entity to apply for or maintain a Class IV Certified Water System Operator Certificate or Wastewater Collection Operator Certificate as a condition of bidding, obtaining permits, or constructing water, sewer, or drainage line work.

E. The Sewerage and Water Board of New Orleans shall be allowed to require their municipal and public works contractors and other related classifications of contractors properly licensed by the Louisiana State Licensing Board of Contractors who construct, install or repair water, sewer or drainage line work to successfully complete a course provided and approved by the Sewerage and Water Board of New Orleans or the Louisiana Department of Health, which includes, but is not limited to all of the following:

(1) The practices involved in the installation and the rehabilitation of the wastewater collection system including gravity sewers, sewer service lines, sewer force mains and manholes.

(2) Water distribution system including valves, a network of pipes, water service lines, meters and fire hydrants.

RS 40:1281.10 — Penalties

the parish jail for not more than ten days, or by both fine and imprisonment, and each day of operation in violation of this Subpart shall constitute a separate offense.

RS 40:1281.11 — Exemptions, exceptions, and exclusions

lication of this Subpart

relative to the certification of water supply and sewerage system operators. Such exemptions shall be authorized only if and to the extent that they are in conformity with and are required by federal guidelines pertaining to such operators.

RS 40:1281.12 — Community water systems; complaint records; review of records by state health

hone, letter, or electronic mail from customers or users. The record of each complaint shall include the date the complaint was received, the service connection to which the complaint relates, the name of the customer or user making the complaint and associated contact information, and a brief description of the complaint. The log containing the record shall also include documentation of corrective actions that the community water system has implemented with respect to the matters detailed in the complaint.

(2) The community water system shall retain the complaint records required by the provisions of this Subsection for at least five years, and shall make the records available to the Louisiana Department of Health upon request and without charge.

B.(1) If the state health officer or his designee reviews a complaint record provided for in this Section and, based upon the results of the review, recommends that any board member, owner, officer, or operator of a community water system, or any combination of these personnel, undertake an appropriate training course incorporating topics concerning proper customer service, customer relations, public relations, or related matters, then the personnel identified by the state health officer or his designee shall be required to undertake such training.

(2) The training provided for in this Subsection may be delivered by the state, a contractor of the state, or a state-recognized trainer.

C. If the state health officer deems it necessary, he may require any community water system to implement a demonstrated flushing program.

D. For the purposes of this Section, "community water system" shall have the meaning ascribed in R.S. 40:5.8.

RS 40:1281.21 — Secretary; powers; sewage discharges; certain waters

, or abate the discharge of untreated or

improperly treated sewage into Lake Pontchartrain, Toledo Bend Reservoir, the Sabine River, and their drainage basins, and into all estuaries, streams, canals, and water courses within the state which empty into Lake Pontchartrain, Toledo Bend Reservoir, the Sabine River, or their drainage basins. However, the secretary may not authorize any such discharges into the Mississippi River.

B. The secretary shall ascertain and determine the sufficiency of the sewage

treatment of commercial and residential dwellings, including camps, which drain or empty into any of the waters described in Subsection A of this Section.

C. The secretary shall adopt and promulgate rules and regulations consistent with the general intent and purposes of this Subpart, in accordance with the Administrative Procedure Act, to prevent water pollution of any of the waters described in Subsection A of this Section, from untreated or improperly treated sewage, notwithstanding any other provision of law establishing any special sewage or water districts or commissions.

RS 40:1281.22 — Sewage discharges; prohibitions; penalties

the Sabine River, or their drainage

basins, and into all estuaries, streams, and water courses within the state which empty or drain into Lake Pontchartrain, Toledo Bend Reservoir, the Sabine River, or their drainage basins, in contravention of any of the rules or regulations authorized and adopted pursuant to R.S. 40:1281.21.

B.(1) When an inspection discloses a violation of this Section, the state health officer or his duly authorized representative shall notify the responsible party of the violation and give them an opportunity to correct the noted deficiencies. If upon reinspection, the violation is noted to still exist, the state health officer is hereby authorized, in accordance with the Administrative Procedure Act, to issue a civil compliance order directing the responsible party to correct the violations noted and/or impose a fine of one hundred dollars per day for each day the violation has not been corrected, not to exceed ten thousand dollars. If a fine is imposed, the fine shall commence on the day following the date specified for compliance in the civil compliance order issued by the state health officer.

(2) All fines imposed under this Section shall be payable to the office of public health of the Louisiana Department of Health.

(3) In accordance with the Administrative Procedure Act, the aggrieved party, following a hearing and orders issued pursuant thereto, may petition a district court for judicial review of the administrative proceeding.

(4) If a civil action is necessary to recover fines imposed in this Section, the offender shall be liable for the amount of the fine, legal interest from the date of assessment, and all costs of recovery, including reasonable attorney fees and court costs. It shall be the duty of the Bureau of Legal Services of the Louisiana Department of Health to initiate all civil action in recovering said fines.

RS 40:1281.23 — Sewage treatment systems; effluent limiters or reducers; disinfectants

red gallons per day that produce an effluent and, by design, do not significantly limit or reduce the amount of offsite effluent, shall include an effluent limiter or reducer approved by the Louisiana Department of Health.

B. All new and reconditioned sewage treatment systems with a capacity up to and including one thousand five hundred gallons per day that produce an effluent shall have a means of or device for disinfecting such effluent, approved by the Louisiana Department of Health. Such disinfection systems shall be exempt from any requirements for minimum contact chamber volumes unless the addition of formal disinfection is specifically required as part of a permit issued by the Louisiana Department of Health or the Department of

Environmental Quality.

RS 40:1281.24 — Approval of individual sewage treatment and disposal systems

he installation of individual sewage treatment and disposal systems without written approval by the office of public health of the Louisiana Department of Health.

RS 40:1281.25 — Installation and maintenance of individual aerobic sewage treatment systems by c

sewage treatment system in his own home himself may do so only after satisfying any installation education requirements, certification or licensure requirements, or any other requirements under rules and regulations promulgated by the Louisiana Department of Health on that subject. However, if a homeowner does so wish to become certified to safely install an individual aerobic sewage treatment system in his own home, the department shall waive any and all fees usually charged commercial installers of such systems.

B. A homeowner who wishes to perform maintenance of his own individual aerobic sewage treatment system which services his home, after completing the department's homeowner maintenance certification program and license requirements, shall be exempt from the requirement of obtaining an endorsement from the manufacturer for the brand of plant the homeowner wishes to maintain. However, nothing in this Section shall be construed to exempt the homeowner from the requirement to install appropriate, approved replacement components when such are required to maintain the performance of the system. A homeowner who maintains his own aerobic sewage treatment system shall be responsible for the system's proper operation.

RS 40:1281.26 — Individual sewerage systems; temporary waiver; enforcement

II.101 et seq. regarding individual sewerage

systems pending the construction of a community sewerage system for properties located within the boundaries of any parish with a population between six thousand eight hundred and six thousand nine hundred according to the latest federal decennial census.

B. The temporary waiver of individual sewerage system regulations for properties within a qualifying jurisdiction pursuant to Subsection A of this Section shall be granted only under the following conditions:

- (1) All permits and authorizations issued by the Louisiana Department of Health, office of public health, for new or existing onsite sewerage treatment shall become invalid upon completion of a community sewerage treatment system.
- (2) The property owner or designated agent shall sign an agreement acknowledging that the waiver is temporary and that the owner shall be required to connect to the community sewerage system upon its availability.
- (3) Each waiver shall require five thousand square feet of contiguous property, with a current property survey by a Louisiana-registered land surveyor, and a minimum of four property corners that are visibly staked.
- (4) Only one habitable structure shall be authorized for parcels of property meeting the requirements set forth in Paragraph (3) of this Subsection.

(5) Permits for new individual sewerage treatment systems shall be contingent upon adherence to Paragraphs (3) and (4) of this Subsection, and shall require the installation of an aerobic treatment unit that includes the appropriate required effluent reduction field.

(6) Authorization or approvals to use permitted existing individual sewerage treatment systems shall be contingent upon the owner's providing the Louisiana Department of Health, office of public health, with written and signed documentation from a Louisiana licensed sewerage installer or maintenance provider which declares the system is operable and will function as designed.

(7) Individual sewerage systems that produce a discharge shall be required to provide appropriate effluent disinfection prior to effluent reduction field.

C. The parish or any municipality within the parish may provide appropriate enforcement mechanisms to prohibit persons who own property within the boundaries of the parish from doing any of the following:

(1) Connecting multiple habitable structures to an individual sewerage system.

However, two recreational vehicles, as defined in Subsection D of this Section, may connect to one individual sewerage system if the system is permitted by the Louisiana Department of Health and the rated capacity of the system is not exceeded.

(2) Allowing an individual sewerage system to cause or create a nuisance or public hazard.

(3) Refusing to connect to the community sewerage system after its availability.

(4) Refusing to properly abandon an individual sewerage system upon connection to the new completed community sewer system.

D.(1) For purposes of this Section, "recreational vehicle" means a motorized or towable vehicle that combines transportation and temporary living quarters.

(2) For purposes of this Section, the term "recreational vehicle" shall not include a mobile home, a dwelling known commonly as a "Katrina cottage", a dwelling known commonly as a "tiny house", a movable house, or any other living quarters designed or intended to have the wheels removed in connection with placement on a lot or parcel of land.

RS 40:1283.1 — Purpose

lish

ongoing surveillance of the environmental factors, including physical, chemical, biological, and social factors and diseases affecting the citizens of this state, with a focus on disease trends and research. The Board of Regents is hereby requested to cooperate with the division and the office in establishing the EHSS.

B. The objectives of the EHSS are as follows:

(1) To track and evaluate environmental factors, including physical, chemical, biological, and social factors, that may play a role in the development of certain chronic diseases.

(2) To develop data in a standardized format for optimal use with other public health databases and to allow government, university, and public health officials to develop hypotheses for research on the potential impact of environmental factors on chronic diseases.

(3) To provide information to the Louisiana Department of Health, the Department

of Environmental Quality, or any other relevant public or private entity for the development of appropriate preventive strategies.

RS 40:1283.2 — Repealed by Acts 2022, No. 252, §3.

aton Rouge, Louisiana 70804-9062

RS 40:1285.1 — Establishment of lead poisoning prevention program

g in its office of public health. This

program shall, to the extent permitted by appropriations, provide for the prevention of lead poisoning through public and professional education; shall ensure the availability of screening, diagnosis, and treatment relative to lead poisoning of children under the age of six years and persons deemed at risk by the state health officer; and shall advocate for the abatement of sources of lead when appropriate. The program shall not apply to those persons having religious objections to the examination. The office of public health shall promulgate rules and regulations to implement this program.

RS 40:1285.2 — Collaboration with other organizations

ps for the provision of

necessary services, the development of educational programs, scientific research, and detection and abatement of sources of lead poisoning, subject to appropriations, and shall promulgate and from time to time amend such rules and regulations as may be necessary.

RS 40:1285.3 — Mandatory reporting of lead poisoning cases required; comprehensive records

reporting person shall report to the state health officer or his designee

the existence and circumstances of each case of lead poisoning known to him and not previously reported. Such reports shall be made on forms prescribed by the state health officer or his designee. The state health officer shall by regulation, and in accordance with current technical knowledge and guidelines of the United States Centers for Disease Control and Prevention, United States Environmental Protection Agency, and United States Department of Housing and Urban Development, define the terms "lead poisoning" and "previously reported" and what constitutes hazardous lead conditions in the environment.

B. When the state health officer or his designee is informed of a case of lead poisoning pursuant to Subsection A of this Section or otherwise, he shall strongly encourage the examination of all other children under the age of six years, and all other persons deemed at risk by the state health officer or his designee, residing or recently residing in the household of the person with lead poisoning. The results of such examinations shall be reported to the persons or agency reporting the original case pursuant to Subsection A of this Section, and to such other persons or agencies as the state health officer or his designee deems advisable.

RS 40:1285.4 — Program for detection of lead poisoning sources; voluntary and compulsory

esignee shall establish a comprehensive

program for detection of sources of lead poisoning. Such program shall attempt, to the extent permitted by appropriations, to locate all dwellings in which the paint, plaster, or other accessible substance contains dangerous amounts of lead. The means of detection and the amount of lead that produces the danger of lead poisoning shall be determined by regulation

by the state health officer in accordance with current technical knowledge and guidelines of the United States Centers for Disease Control and Prevention, United States Environmental Protection Agency, and United States Department of Housing and Urban Development.

(2) Such programs of detection shall, to the extent that all appropriate dwellings are not inspected, give priority in inspections to those dwellings located in areas where significant numbers of lead poisoning cases have recently been reported, and in which children under the age of six years or other persons deemed at risk by the state health officer or his designee reside.

B. When the state health officer or his designee is informed of a case of lead poisoning pursuant to this Part, or otherwise, he shall cause to have inspected the dwelling in which the person with lead poisoning resides, or has recently resided, if the occupants of said dwelling consent, after reasonable notice, to such inspection. The findings of such inspection shall be reported to the state health officer or his designee and to the appropriate enforcement authorities provided in R.S. 40:1285.9.

C. A dangerous level of lead found in a dwelling inspected pursuant to this Section, or otherwise, shall be reported immediately to the owner of the building or to his duly appointed representative, all affected tenants, the appropriate enforcement authorities set out in R.S. 40:1285.9, and the state health officer or his designee. The state health officer or his designee shall inform such other persons or agencies as he deems advisable, and shall cause to have prominently posted on the main entrance to said dwelling a notice that the dwelling contains dangerous amounts of lead paint or other lead materials and that children under the age of six years and persons deemed at risk should not be allowed to reside in said dwelling. Such notice may not be removed until all premises have been found to comply with R.S. 40:1285.7. Unauthorized intentional removal of the notice shall subject the offender to a fine of five hundred dollars.

D. When a dangerous level of lead is found in a dwelling inspected pursuant to this Part, or otherwise, the state health officer or his designee shall cause to have examined all children under the age of six years and other persons as he may find advisable to examine, residing or who have recently resided in said dwelling. The results of such examinations shall be reported to the state health officer or his designee, the affected individual, and his parent or legal guardian. The state health officer or his designee shall inform such other persons or agencies as he deems advisable.

RS 40:1285.5 — Designation of high-risk areas

lance, housing, and

Medicaid data, shall identify geographic areas in the state and establish those areas as high-risk for lead poisoning. Based upon the analysis of data by the Louisiana Department of

Health, blood lead screening of children of certain ages residing in these identified areas shall be mandated by rules adopted in accordance with the Administrative Procedure Act. The office of public health shall promulgate rules and regulations to implement the specific policies and procedures for mandated childhood blood lead screening.

RS 40:1285.6 — Sale and use of lead-based paint and other similar lead-based surface coating

pplied lead-based paint or similar surface coating material, manufactured after the effective date of this

Section, intended for use of the following surfaces or articles:

- (1) Interior surfaces of any dwelling,
- (2) Exterior surfaces of any dwelling such as window sills, porches, stairs or railings, to which children under six years of age may be commonly exposed,
- (3) Toys or other articles intended for use by children,
- (4) Residential furniture and fixtures that can be readily chewed by children, and
- (5) Cooking, eating and drinking utensils.

B.(1) No person shall knowingly sell or offer for sale any other lead-based paint or similar surface coating material that may be purchased by the general public unless the container is clearly labeled as to its intended use and bears on the principal display panel the word "WARNING" and the following statement: "Contains lead. Dried film of this paint may be harmful if eaten or chewed."

(2) The following cautionary statement, or its practical equivalent, shall be placed on the label but need not be part of the warning statement on the principal display panel:

"Do not apply on toys and other children's articles, furniture, or interior surfaces of any dwelling. Do not apply on those exterior surfaces of any dwelling, such as window sills, porches, stairs, or railings, to which children may be commonly exposed. Keep Out Of The Reach of Children."

(3) The type size of this labeling shall be in accordance with the requirements for precautionary labeling under the Federal Hazardous Substances Act, 15 U.S.C. §1260 (1970).

C. No person shall knowingly sell, expose for sale, deliver, give away or possess with intent to sell, deliver or give away, any toy or other article intended for use by children, residential furniture, cooking, drinking or eating utensil manufactured after January 1, 1973 to which any lead-based paint or similar surface coating material has been applied.

D. Any paint or other similar surface coating material shall be deemed to be lead-based when it contains lead compounds in excess of the Federal standard for lead content in

residential paints established under Federal laws and regulations.

E. Any person who violates the provisions of this Section shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars for each violation.

Any person who willfully violates the provisions of this Section shall be punished by imprisonment for not more than three months for each violation.

F. Any article of personal property in violation of this Section may be embargoed by the state health officer.

G. This Section shall become effective on January 1, 1973.

RS 40:1285.7 — Safety precautions; procedures for removal and repainting

remises in which any paint, plaster, or other accessible

materials contain dangerous levels of lead as defined pursuant to the provisions of this Part, after notification by the state health officer or his representative, the owner shall remove or cover said paint, plaster, or other material so as to make it inaccessible to children under six years of age or persons with intellectual disabilities. Whenever any such residential premises containing said dangerous levels of lead undergoes a change of ownership and as a result thereof, a child under six years of age or a person with an intellectual disability will become

a resident therein, the new owner shall remove or cover said paint, plaster, or other material so as to make it inaccessible to such child or person.

B. Repainting with nonlead based paint, without removal of the offending paint, plaster, or other material shall not constitute compliance with this Section. Such removal or covering shall be performed as follows:

(1) All peeling paint, plaster or other material, on both interior and exterior surfaces and fixtures, shall be removed or adequately covered.

(2) Paint, plaster, or other material that is not peeling shall be removed or covered on window sills; door frames; windows, including mullions; stair rail spindles; stair treads; doors; stair rails; porch railings, and all other exterior and interior surfaces or fixtures that may be readily chewed by children or persons with intellectual disabilities.

C. This duty shall apply to every owner of residential premises whenever a child under six years of age or a person with an intellectual disability resides therein or whenever such premises undergoes a change of ownership and as a result thereof a child under six years of age or person with an intellectual disability shall reside therein, whether or not his premises have been inspected pursuant to R.S. 40:1285.4 or otherwise. The provisions of this Section shall be strictly construed and enforced so as to best protect the safety of residents of such dwellings.

D. Every owner of residential premises who violates the provisions of this Section shall commence correction of the condition constituting the violation within fifteen days after notification of the violation, which project shall be completed within thirty days.

RS 40:1285.8 — Lead-free pipe, fitting, fixture, solder, or flux; exclusions; definitions

ee in the installation or repair of any public water system or any plumbing in a facility providing water for human consumption, except when necessary for the repair of leaded joints of cast iron pipes.

(2) No person shall introduce into commerce any pipe, pipe or plumbing fitting, or fixture intended to convey or dispense water for human consumption through drinking or cooking that is not lead free, including kitchen faucets, bathroom faucets, and any other end-use devices intended to convey or dispense water for human consumption through drinking or cooking.

(3) The provisions of this Subsection shall not apply to the following:

(a) Pipes, pipe fittings, plumbing fittings, or fixtures, including backflow preventers, that are used exclusively for nonpotable services such as manufacturing, industrial processing, irrigation, outdoor watering, or any other uses where the water is not anticipated to be used for human consumption.

(b) Toilets, bidets, urinals, fill valves, flushometer valves, tub fillers, shower valves, showers, safety shower flushes, service saddles, or water distribution main gate valves that are two inches in diameter or larger.

(c) Materials purchased or acquired by public water systems prior to January 1, 2013.

B.(1) No person engaged in the business of selling plumbing supplies, except a manufacturer, shall sell solder or flux that is not lead free.

(2) No person shall introduce into commerce any solder or flux that is not lead free

unless the solder or flux bears a prominent label stating that it is illegal to use the solder or flux in the installation or repair of any plumbing providing water for human consumption.

C. For the purposes of this Section, "lead free" means not more than 0.2 percent lead when used with respect to solder and flux and not more than a weighted average of 0.25 percent when used with respect to the wetted surfaces of pipes and pipe fittings, plumbing fittings, and fixtures. The weighted average lead content of a pipe and pipe fitting, plumbing fitting, and fixture shall be calculated by using the following formula: The percentage of lead content within each component that comes into contact with water shall be multiplied by the percent of the total wetted surface of the entire pipe and pipe fitting, plumbing fitting, or fixture represented in each component containing lead. These percentages shall be added and the sum shall constitute the weighted average lead content of the pipe and pipe fitting, plumbing fitting, or fixture.

D. All pipe, pipe or plumbing fittings or fixtures, solder, or flux shall be certified by an independent American National Standards Institute (ANSI) accredited third party as being in compliance with this Section.

E. The Louisiana Department of Health shall promulgate rules and regulations implementing the provisions of this Section.

RS 40:1285.9 — Violations; enforcement

cedures and

remedies applicable to such violations of the codes shall be available to correct, deter, or punish violations of the provisions. The district and appellate courts shall have jurisdiction to enforce the provisions to the same extent that the courts have jurisdiction to enforce the codes.

B. All local health officers, health unit supervisors, or other code enforcement agencies shall enforce R.S. 40:1285.6, 1285.7, and 1285.8 in the same manner and with the same authority as they may enforce the health code.

C. The state health officer shall have concurrent responsibility and authority to enforce R.S. 40:1285.6, 1285.7, and 1285.8 and in so doing shall have available to him all powers and authority which shall be available to local health officers and health unit supervisors. The state health officer's responsibility with respect to objects sold or placed into commerce in violation of R.S. 40:1285.8 is limited to those instances where the state officer or his personnel are notified of such violation.

D. Violations of R.S. 40:1285.6, 1285.7, and 1285.8 shall be treated as emergency matters, and shall be given preference by enforcing agencies and speedy hearings by district and appellate courts.

RS 40:1285.10 — Liability of owners of residential property; damages

pursuant to R.S. 40:1285.6 or R.S. 40:1285.7.

RS 40:1287.1 — Equipment of steam plants in certain cities; penalty

ants shall provide, for the use of the

steam plant, smoke consumers or other necessary appliances competent to consume not less than seventy-five percent of the smoke resulting from the burning of fuel used in providing

motive power for the plant.

B. Whoever violates this Section shall, for each day the plant is operated without the required appliance, be fined twenty-five dollars or imprisoned for thirty days.

RS 40:1289.1 — Legislative findings; declaration

Louisiana and the health of its people. Moreover, the legislature finds that indoor toxins, specifically toxic mold, represent an insufficiently understood health and environmental problem.

(2) Numerous studies indicate that adverse health effects result from mold spores, varying from cold-like symptoms to more serious symptoms, such as allergy and asthma outbreaks. Toxins in mold can have negative effects on humans when ingested, inhaled, or when they come in contact with the skin. These effects can have serious health consequences for some population subgroups, especially infants, children, pregnant women, persons who are elderly, individuals with asthma, individuals with allergies, and individuals with compromised immune systems. Healthcare professionals now acknowledge that molds can cause allergies, trigger asthma attacks, detrimentally affect the function of vital human organs, and increase susceptibility to colds and flu.

(3) Though not all molds are toxic, there are certain dangers that molds present within buildings and structures. It is thus imperative that the toxicity of mold be determined where it is found and a corresponding plan of action be implemented to address mold-related hazards in buildings and structures within this state.

B. The legislature hereby declares that it is in the best interest of the public health, welfare, and safety to establish a task force to lead development of comprehensive policies and promote best practices concerning mitigation and remediation of toxic mold and reducing the adverse health effects caused by this unique threat to public health.

RS 40:1289.2 — Definition

t

are not limited to *cladosporium*, *alternaria*, *aspergillus*, *trichoderma*, *memnoniella*, *mucor*, and *stachybotrys chartarum*.

RS 40:1289.3 — Toxic Mold Task Force; creation; composition; meetings

hereafter in this Subpart as the "task force",

which shall be composed of the following members:

- (1) One pediatric environmental health specialist appointed by the secretary of the Louisiana Department of Health.
- (2) One person with expertise in toxicology appointed by the secretary of the Louisiana Department of Health.
- (3) The assistant secretary of the office of public health of the Louisiana Department of Health or his designee.
- (4) The chancellor of the Louisiana State University Health Sciences Center at New Orleans or his designee.
- (5) The chancellor of the Louisiana State University Health Sciences Center at Shreveport or his designee.

- (6) The dean of the School of Public Health and Tropical Medicine of Tulane University or his designee.
- (7) One member appointed by the Louisiana State Medical Society.
- (8) One member appointed by the Louisiana Primary Care Association.
- (9) One member with expertise in consumer protection appointed by the Louisiana attorney general.
- (10) One member appointed by the Southern University Law Center.
- (11) One member appointed by the Paul M. Hebert Law Center of Louisiana State University.
- (12) One member with expertise in toxic mold remediation appointed by the Louisiana State Licensing Board for Contractors.
- (13) One member appointed by the Louisiana Housing Corporation.
- (14) One member appointed by the Louisiana Realtors Association.
- (15) One member appointed by the Louisiana Home Builders Association.
- (16) One member appointed by the Apartment Association of Louisiana.

B. The secretary of the Louisiana Department of Health shall take such actions as are necessary to ensure that the initial convening of the task force occurs no later than October 1, 2020.

C. The task force members shall select a chairman annually, and he shall serve as chairman without salary.

D. Task force members shall serve without compensation, except per diem or expense reimbursement to which they may be individually entitled by their respective employer organizations.

E. The task force shall hold at least two meetings each year at a place designated by the chairman.

RS 40:1289.4 — Functions and duties of the task force; report to the governor and legislature

visory body to the legislature on policies and practices that protect all people of this state, particularly tenants, consumers, and vulnerable populations, from harm related to toxic mold.

- (2) Serve as a coordinating forum between and among state agencies, local governments, and nongovernmental groups on matters related to toxic mold.
- (3) On a regular basis, research and review state regulations, guidelines, policies, and procedures that pertain in any way to toxic mold and make recommendations to the governor, the legislature, and the secretary of the Louisiana Department of Health as deemed necessary and appropriate by the chairman of the task force.

B. On or before January 1, 2021, and annually thereafter, the task force shall prepare and submit to the governor and the legislature a report on the status of public health risks from toxic mold in Louisiana. The annual report shall include, without limitation, all of the following:

- (1) An assessment, based on scientific evidence, of the nature, scope, and magnitude of the adverse environmental and health impacts caused by toxic mold in this state.
- (2) Measurement, based on scientific evidence, of the adverse health effects of

exposure to molds on the general population, including specific effects on any subgroups identifiable as being at greater risk of adverse health effects when exposed to molds.

(3) Identification of actions taken by the state, local governments, and any other public or private organizations that have made a positive impact on mitigating the harm to public health of toxic mold.

(4) Identification of best practices for the control of mold in a cost-effective and environmentally sound manner.

C. The task force may request administrative and technical support from the Louisiana Department of Health, office of public health, to carry out the functions and responsibilities provided in this Section.

RS 40:1289.5 — Termination

20, No. 157, §2.

RS 40:1289.11 — Submission of emergency plan and reporting of toxic substances; penalties

regularly manufactured, stored, or maintained in quantities capable of escaping the boundaries or perimeters of such plant or industrial facility in sufficient concentrations to cause death or serious bodily harm to persons outside said boundaries or perimeters shall prepare and submit an emergency plan for immediate notification of the proper public safety authority. The emergency plan shall be put into effect whenever toxic substances escape beyond the boundaries or perimeters of each plant or industrial facility. The plan shall be submitted to the secretary of the Department of Public Safety and Corrections and the secretary of the Department of Environmental Quality with copies furnished to the local sheriffs and municipal authorities concerned.

(2) The plan, including a report on toxic substances, shall be submitted on a form prescribed by the secretary of the Department of Public Safety and Corrections with the concurrence of the secretary of the Department of Environmental Quality in accordance with the Administrative Procedure Act. The form shall be incorporated, wherever feasible and practical, into the survey form implemented under the Hazardous Material Information, Preparedness and Response Act (R.S. 30:2361 et seq.).

(3) The term "toxic substance" is hereby defined to include those substances which are designated as toxic in rules and regulations adopted by the Department of Public Safety and Corrections with the concurrence of the Department of Environmental Quality. The plan or revisions thereto shall be submitted no later than January 31 of each calendar year.

B. The requirements of this Section shall be applicable to all nuclear reactors within the state of Louisiana and the escape of radioactivity therefrom.

C. Any person or corporate entity in violation of the provisions of this Section shall be fined not more than twenty five thousand dollars. Fines collected pursuant to this Section shall be distributed on a pro rata basis to the governing authority of the parish or parishes wherein the offending plant or industrial facility is located.

RS 40:1291.1 — Short title

by

HCR 84 of 2015 R.S.

RS 40:1291.2 — Purpose

ature

further finds and determines that a balance should be struck between the health concerns of nonconsumers of tobacco products and the need to minimize unwarranted governmental intrusion into and regulation of private spheres of conduct and choice with respect to the use or nonuse of tobacco products in certain designated public areas and in private places. Therefore, the legislature hereby declares that the purpose of this Part is to preserve and improve the health, comfort, and environment of the people of this state by limiting exposure to tobacco smoke.

RS 40:1291.3 — Definitions

ess that holds a Class A-General retail permit and the

primary purpose of such business is to serve alcoholic beverages for consumption by guests on the premises and in which the serving of food is only incidental to the consumption of those beverages, including but not limited to, taverns, nightclubs, cocktail lounges, and cabarets.

(2) "Business" means any corporation, sole proprietorship, partnership, limited partnership, professional corporation, enterprise, franchise, association, trust, joint venture, or other entity.

(3) "Department" means the Louisiana Department of Health.

(4) "Employer" means an individual or a business that employs one or more individuals.

(5) "Enclosed area" means all space between a floor and ceiling that is enclosed on all sides by solid walls or windows, exclusive of doorways, which extend from the floor to the ceiling.

(6) "Local governing authority" means a municipal or parish governing authority.

(7) "Place of employment" means an area under the control of an employer that employees normally frequent during the course of employment, including, but not limited to, work areas, employee lounges, restrooms, conference rooms, meeting rooms, classrooms, employee cafeterias, hallways, and vehicles. A private residence is not a place of employment unless it is used as a licensed child care, adult day care, or healthcare facility.

(8) "Public building" means any building owned or operated by any of the following:

(a) The state, including the legislative, executive, and judicial branches of state government.

(b) Any parish, city, or town, or instrumentality thereof, or any other political subdivision of the state, special district, authority, commission, or agency.

(c) Any other separate corporate instrumentality or entity of state or local government.

(9) "Public place" means an enclosed area to which the public is invited or in which the public is permitted which is not a public building, including but not limited to banks, educational facilities, healthcare facilities, hotel and motel lobbies, laundromats, public transportation facilities, reception areas, restaurants, retail food production and marketing establishments, retail service establishments, retail stores, shopping malls, sports arenas, theaters, and waiting rooms.

(10) "Restaurant" means an eating establishment, including but not limited to, coffee shops, cafeterias, sandwich stands, and school cafeterias, which gives or offers for sale food to the public, guests, or employees, as well as kitchens and catering facilities in which food is prepared on the premises for serving elsewhere. The term "restaurant" shall include a bar located within a restaurant.

(11) "Retail tobacco business" means a business utilized primarily for the sale of tobacco products and accessories and in which the sale of other products is incidental.

(12) "School" means any elementary or secondary school building, the campus of any school, any buildings on the campus, and all school buses.

(13) "Secondhand smoke" means smoke emitted from lighted, smoldering, or burning tobacco when the smoker is not inhaling, smoke emitted at the mouthpiece during puff drawing, and smoke exhaled by the smoker.

(14) "Smoking" means inhaling, exhaling, burning, carrying, or possessing any lighted tobacco product, including cigarettes, cigars, pipe tobacco, and any other lighted combustible plant material.

RS 40:1291.11 — General smoking prohibitions; exemptions

Smoke in any school.

(3) Smoke in any public place and in any enclosed area within a place of employment.

(4) Smoke in any outdoor area proximate to a state office building where smoking is prohibited pursuant to the provisions of R.S. 40:1293.3.

(5) As an employer, knowingly permit smoking in any enclosed area within a place of employment.

B. Nothing in this Part shall prohibit smoking in any of the following places:

(1) Private homes, private residences, and private automobiles; except that this Subsection shall not apply if any such home, residence, or vehicle is being used for child care or day care or if a private vehicle is being used for the public transportation of children or as part of health care or day care transportation in which case smoking is prohibited.

(2) Limousines under private hire.

(3) A hotel or motel room designated as a smoking room and rented to a guest; provided that a maximum of fifty percent of the hotel rooms, at the discretion of the hotel owner or general manager, available for rent to guests in a hotel or motel may be designated

as smoking rooms.

(4) Any retail tobacco business.

(5) Any bar.

(6) The outdoor area of places of employment; except that the owner or manager of such business may post signs prohibiting smoking in any such outdoor area, which shall have the effect of making that outdoor area an area in which smoking is prohibited under the provisions of this Part.

(7) Private and semiprivate rooms or apartments in assisted living residences, and other long-term care facilities that are occupied by one or more persons, who are all smokers and who have requested in writing to be placed in a room where smoking is permitted; provided that smoke from such rooms or apartments does not infiltrate into areas where smoking is prohibited under the provisions of this Part.

(8) Designated smoking areas in which gaming operations are permitted to occur upon a riverboat, at the official gaming establishment, at a facility licensed for the operation of electronic video draw poker devices, at an eligible facility licensed for the operation of slot machines, by a licensed charitable organization, or at a pari-mutuel wagering facility or off-track wagering facility which is licensed for operation and regulated under the provisions of Chapters 4 and 11 of Title 4 and Chapters 4, 5, 6, and 7 of Title 27 of the Louisiana Revised Statutes of 1950, or any other gaming operations authorized by law, except that smoking shall be prohibited in all restaurants, including snack bars and any other type of eating area whether or not such area is separated from the gaming area, that are located within the facilities where gaming operations are conducted regardless of any type of license issued relevant to the operation of the restaurant.

(9) All workplaces of any manufacturer, importer, wholesaler or distributor of tobacco products, of any tobacco leaf dealer or processor, and all tobacco storage facilities.

(10) Convention facilities during the time such facilities are being used for professional meetings and trade shows which are not open to the public that are produced or organized by tobacco businesses or convenience store associations where tobacco products are displayed and limited to the location of such meetings or shows and during the time such facilities are used by a carnival organization, traditionally known as a krewe or a courir de Mardi Gras for the purpose of the conduct of a Mardi Gras ball and limited to the location of such ball.

(11) Designated and well-ventilated smoking rooms in nursing homes which permit smoking, provided that the designated smoking room is not the reception area, lobby, waiting room, dining room, or any other room or area defined as a public place under the provisions of this Part.

(12) A hotel or motel room operated by a casino or gaming operation which is rented to a guest.

(13) An outdoor patio, whether or not food is served.

(14) Any state, local, or private correctional facility prior to August 15, 2009. After August 15, 2009, smoking shall be prohibited in any state, local, or private correctional facility.

C. An individual, person, entity, or business subject to the smoking prohibitions of this Section shall not discriminate or retaliate in any manner against a person for making a complaint regarding a violation of this Section or for furnishing information concerning a violation to an enforcement authority.

D. Nothing in this Part shall be construed to restrict the power of any parish, city, town, or village to adopt and enforce additional local laws, ordinances, or regulations that comply with at least the minimum applicable standards to establish smokefree public places as set forth in this Part.

RS 40:1291.21 — Notice of prohibition of smoking

e with a red bar across

it shall be clearly and conspicuously posted by the owner, operator, manager, or other person in control in every public building, public place, and place of employment where smoking is prohibited by this Part.

B. The owner, operator, manager, or other person in control shall remove all ashtrays from any area where smoking is prohibited by this Part.

C. The Louisiana Department of Health may treat a violation of this Section as a deficiency to be assessed against any licensee or facility over which it has statutory jurisdiction.

RS 40:1291.22 — Enforcement; penalties

ore a court

of proper jurisdiction.

(2) Such citations shall be in a form such that there shall be retained in each book of citations a receipt and each shall have a copy to be deposited by the law enforcement officer with a court having jurisdiction over the alleged offense.

(3) Upon the deposit of the copy, the court shall notify the alleged violator of the time and place of his hearing or of his opportunity to plead guilty by the payment of his specified fine. Failure to appear, unless the fine is paid, may be punished within the discretion of the court as contempt of court.

B.(1)(a) Any person who is guilty of a violation of the prohibition in R.S.

40:1291.11(A)(1), (2), (3), and (4) shall, upon a first offense, be fined twenty-five dollars.

(b) Any person who is guilty of violating such prohibition a second time shall be fined fifty dollars.

(c) Any person who is guilty of violating such prohibition a third or subsequent time shall be fined one hundred dollars.

(2)(a) Any employer who is guilty of a violation of the prohibition in R.S.

40:1291.11(A)(5) shall, upon a first offense, be fined one hundred dollars.

(b) Any employer who is guilty of violating such prohibition a second time shall be fined two hundred fifty dollars.

(c) Any employer who is guilty of violating such prohibition a third or subsequent time shall be fined five hundred dollars.

RS 40:1291.23 — Development of smoke-free policies

ection, "smoke-free" means the prohibition of smoking as defined in R.S. 40:1291.3(14).

B.(1) Nothing in this Section shall prohibit a public postsecondary education institution from developing a tobacco-free policy for its campus.

(2) For the purposes of this Section, "tobacco-free" means the prohibition on the use of tobacco derived or containing products, including but not limited to cigarettes, cigars, cigarillos, pipes, hookah-smoked products, and oral tobacco products.

C. The provisions of this Section shall not supersede the provisions of R.S. 40:1291.11(A).

RS 40:1291.24 — Smoking prohibited near school property; exceptions; penalty

ances, exits, or outdoor areas of any public or private elementary or secondary school.

B.(1) This Section shall not apply to smoking by a person of the legal age within private property that is within the two hundred feet boundary or to smoking by a person of the legal age occupying a moving vehicle in which smoking is not prohibited that is traveling through an area within the two hundred feet boundary.

(2) This exception shall not apply to the property of a private elementary or secondary school.

C. The state superintendent of education, with the approval of the State Board of Elementary and Secondary Education, shall develop a method by which to mark smoke-free areas, including the use of signs or other markings suitable to the situation. Signs or other markings shall be located in a visible manner on or near each school indicating that such area is a smoke-free area, and that such an area is within two hundred feet of the entrances, exits, or outdoor areas of any public or private elementary or secondary school. The state Department of Education shall assist each school system with providing for the posting required in this Subsection.

D.(1) Any violation of this Section may be cited by any law enforcement officer by the issuance of a citation and summons to appear before a court of proper jurisdiction.

(2) Such citations shall be in a form such that there shall be retained in each book of citations a receipt and each shall have a copy to be deposited by the law enforcement officer with a court having jurisdiction over the alleged offense.

(3) Upon the deposit of the copy, the court shall notify the alleged violator of the time and place of his hearing or of his opportunity to plead guilty by the payment of his specified fine. Failure to appear, unless the fine is paid, may be punished within the discretion of the court as contempt of court.

E.(1) Any person who is guilty of a violation of this Section shall, upon a first offense, be fined twenty-five dollars.

(2) Any person who is guilty of violating this Section a second time shall be fined fifty dollars.

(3) Any person who is guilty of violating this Section a third or subsequent time shall be fined one hundred dollars.

F. The provisions of this Section shall not supersede the provisions of R.S.

40:1291.11(A).

RS 40:1293.1 — Louisiana Superdome; smoking regulation

g shall be prohibited in all areas of the Louisiana Superdome.

C. "Smoking" means the carrying of a lighted cigar, cigarette, pipe, or any other lighted smoking equipment, in addition to the inhalation and exhalation of smoke by a person from any form of lighted tobacco.

D. Any person who violates the provisions of this Section shall be advised of the prohibition by Superdome personnel. In addition, the board of commissioners of the Louisiana Stadium and Exposition District may adopt rules to provide for ejection from the Superdome of any person who continues such violation after being so advised of the prohibition, such rules to be enforced by security personnel in accordance with board rules.

RS 40:1293.2 — Senator Nat G. Kiefer University of New Orleans Lakefront Arena; smoking

ople of this state.

B. Smoking shall be prohibited in all areas of the Senator Nat G. Kiefer University of New Orleans Lakefront Arena.

C. "Smoking" means the carrying of a lighted cigar, cigarette, pipe, or any other lighted smoking equipment, in addition to the inhalation and exhalation of smoke by a person from any form of lighted tobacco.

D. Any person who violates the provisions of this Section shall be advised of the prohibition by university personnel. In addition, the Board of Supervisors for the University of Louisiana System may adopt rules to provide for ejection from the arena of any person who continues such violation after being so advised of the prohibition, such rules to be enforced by security personnel in accordance with board rules.

RS 40:1293.3 — State office buildings; smoking regulation; enforcement

ffice buildings, referred to hereafter in this Part as

"state office buildings".

B. In addition to any applicable smoking prohibition as provided in the Louisiana Smokefree Air Act (R.S. 40:1291.1 et seq.), smoking shall be prohibited in all of the following areas:

(1) Any outdoor area proximate to a state office building that is within twenty-five feet of an entrance of the building to which access by the public is not restricted.

(2) Any outdoor area that is within twenty-five feet of a wheelchair ramp or other structure that facilitates access to a state office building by persons with disabilities.

C. "Smoking" means the carrying of a lighted cigar, cigarette, pipe, or any other lighted smoking equipment, in addition to the inhalation and exhalation of smoke by a person from any form of lighted tobacco.

D. Enforcement of the prohibition of smoking provided for in this Section shall be conducted in accordance with the provisions of R.S. 40:1291.22.

E. Any person who violates the provisions of this Section shall be subject to the penalties established in R.S. 40:1291.22(B)(1).

RS 40:1295 — Smoking cessation benefits program; medical assistance program; coverage

artment" means the Louisiana Department of Health.

(2) "Medical assistance program" means the medical assistance program provided for in Title XIX of the Social Security Act as administered by the Louisiana Department of Health.

(3) "Smoking cessation benefits" means smoking cessation treatments and services, including individual counseling, group counseling, nicotine patches, nicotine gum, nicotine lozenges, nicotine nasal spray, nicotine inhaler, bupropion, and varenicline.

B.(1) The smoking cessation benefits provided for in R.S. 22:1041.1 shall be a covered service in the medical assistance program.

(2) The smoking cessation benefits coverage required by this Subsection shall not be subject to any copayments, deductibles, or other cost-sharing mechanisms.

C. The department shall promulgate and enforce such rules, regulations, and minimum standards as needed to carry out the provisions of this Section.

RS 40:1295.1 — Legislative findings; purpose

nation.

(2) Though smoking-related illnesses and deaths and their associated human and economic costs are a devastating public health problem across the United States, and billions of dollars from sources such as cigarette taxes and tobacco-related legal settlements are available to states for preventing and controlling tobacco use, only a fraction of these funds is put to this public health service, and state spending on tobacco prevention and control falls below CDC recommended levels.

(3) Though smoking is an exceptionally difficult habit to break due to the powerful nature of addiction to cigarettes, many thousands of Americans win the battle to quit smoking each year, often with the help of a smoking cessation program.

B. The purpose of this Part is to increase awareness of and access to smoking cessation programs and services available in Louisiana.

RS 40:1295.2 — Definitions

(2) "Smoking Cessation Trust" and "trust" mean the organization of that name which incorporated in Louisiana pursuant to the judgment rendered in

Scott v. American Tobacco

Co., Inc. (2009-CA-0461 (La. App. 4 Cir. 4/23/10), 36 So. 3d 1046)

for the purpose of

operating the smoking cessation program called for in that judgment, or any successor.

RS 40:1295.3 — Public information concerning smoking cessation

summary information on programs and

services offered by the trust.

B. The department may feature the link to the website of the Smoking Cessation Trust and information on programs and services of the trust on any web page it maintains for any program or office if the link and information are posted in a conspicuous location.

RS 40:1295.4 — Program coordination

th, the Medicaid

coordinated care network program, and any other program of the department with programs offered by the Smoking Cessation Trust.

B. On or before January 1, annually, the secretary of the department shall engage with the executive director of the Smoking Cessation Trust to evaluate means and best practices for promoting smoking cessation, and to identify opportunities for increasing access to smoking cessation programs and services available in this state.

RS 40:1295.5 — Termination

5, 2015.

RS 40:1299.35.16 — Repealed by Acts 2007, No. 473, §3, and Acts 2007, No. 477, §3, eff. July 12, 2007.

RS 40:1300.11 — Definitions

It not include meetings and assemblies of members of bona fide labor organizations when said meetings are held in furtherance of any legitimate collective bargaining activity, business activity, or political activity of such labor organizations.

RS 40:1300.12 — Permits

ings in the interest of public health and safety. Such ordinance may specify objective and reasonable standards which may be necessary to protect the public health or safety

including requirements that the permit be conditioned on the applicant furnishing a bond of an amount up to one hundred thousand dollars issued by a surety company authorized to transact business in the State of Louisiana to guarantee full compliance with the ordinance under which the permit was issued as well as the other laws of this state. The bond shall also cover expenses of the cleanup of the site as well as all damages sustained by the governing body issuing the permit and all damages sustained by any person as a result of the activity of the mass gathering. In lieu of a surety bond, if required by the ordinance of the governing authority, the person holding or promoting the mass gathering may deposit with the governing authority of the parish a cash deposit in a like amount. Applications for permits which meet the standards specified in the ordinance and who have posted bond in accordance therewith shall be granted. The reason for the refusal of any such permit shall be conveyed in writing to the applicant by the issuing authority.

B. Such ordinance may be adopted by the governing authority immediately and without delay.

C. The provisions of this bill shall not apply or affect incorporated municipalities or their right to grant or refuse such permits as may be permitted by other laws of this state.

RS 40:1300.13 — Application of Part; exceptions

rganizations when said

meetings are held in furtherance of any legitimate collective bargaining activity, business activity, or political activity of such labor organizations, regardless of race, creed, color, disability, as defined in R.S. 51:2232, or political beliefs of its members; however, nothing contained herein shall apply to mass meetings held in permanent structures dedicated to the purpose of accommodating the type of gathering in question.

RS 40:1300.16 — Repealed by Acts 2007, No. 153, §2.

on Rouge, Louisiana 70804-9062

RS 40:1300.21 — Furnishing and maintaining of resuscitators; penalties

urnished and maintained by the governing

authority which operates or supervises the swimming place. Such governing authority shall furnish resuscitators of the dual model type designed to work on two persons at the same time, together with at least four cylinders of oxygen and at least two adult masks and two infant masks for each such dual model. At each such swimming place such governing authority shall provide at least one lifeguard thoroughly trained in the operation of such resuscitators and such lifeguard shall be responsible for the maintenance thereof.

B. Whoever violates the provisions of this Section shall be fined not more than one hundred dollars or imprisoned not more than thirty days, or both.

RS 40:1300.31 — Title

S.

NOTE: Former R.S. 40:1300.31 redesignated as R.S. 40:1191.1 by HCR 84 of 2015

R.S.

RS 40:1300.32 — Definitions

coherent, or otherwise incapacitated to communicate.

- (2) "Disabled person" means a person in a disabled condition.
- (3) "Emergency symbol" means the caduceus inscribed within a six-barred cross used by the American medical association to denote emergency information.
- (4) "Identifying device" means an identifying bracelet, necklace, metal tag, or similar device bearing the emergency symbol and the information needed in an emergency.
- (5) "Law enforcement officer" means a person authorized to make arrests for violations of any laws.
- (6) "Medical practitioner" means a person licensed or authorized to practice medicine pursuant to Sections 1261 through 1290 of Title 37 of the Louisiana Revised Statutes.

RS 40:1300.33 — Identifying devices for persons having certain conditions

lackouts, semiconscious periods, or complete

unconsciousness, or who suffers from a condition requiring specific medication or medical treatment, is allergic to certain medications or items used in medical treatment, wears contact lenses, has religious objections to certain forms of medication or medical treatment, or is unable to communicate coherently or effectively in the English language, is authorized and encouraged to wear an identifying device.

B. Any person may carry an identification card bearing his name, type of medical condition, physician's name, and other medical information.

C. If any person is wearing an identifying device, such person shall be considered as giving his consent for any law enforcement officer or medical practitioner, who finds him in a disabled condition, to make a reasonable search of his clothing, wallet, or purse for an identification card of the type described in Subsection B of this Section, provided that any such search shall not be malicious or willfully and deliberately intended to harass, embarrass or intimidate the disabled person, and further provided that the evidence seized cannot be used in a criminal prosecution.

RS 40:1300.34 — Duty of law enforcement officer

e other type of illness

which would cause the condition. Whenever feasible, this effort shall be made before the person is charged with a crime or taken to a place of detention.

B. In seeking to determine whether a disabled person suffers from an illness, each law enforcement officer shall make a reasonable search for an identifying device and, if the identifying device is found, may make a reasonable search for an identification card of the type described in Section 1300.33(B). The law enforcement officer shall not search for an identifying device or an identification card in a manner or to an extent that would appear to a reasonable person in the circumstances to cause an unreasonable risk of worsening the condition of the disabled person.

C. Any law enforcement officer who finds a disabled person without an identifying device or identification card shall not be relieved of the duty to that person to make a diligent effort to ascertain the existence of any illness causing the disabled condition, provided that any such action of the law enforcement officer shall not be malicious or willfully and deliberately intended to harass, embarrass or intimidate the disabled person, and further provided that the evidence seized cannot be used in a criminal prosecution.

D. There shall be no cause of action against a law enforcement officer for making a reasonable search of a disabled person to locate an identifying device, and if the identifying device is found, for making a reasonable search for an identification card of the type described in Section 1300.33(B).

E. Each law enforcement officer who determines or has reason to believe that a disabled person is suffering from an illness causing his condition shall promptly notify the person's physician, if practicable. If the officer is unable to ascertain the physician's identity or to communicate with him, the officer shall make a reasonable effort to cause the disabled person to be transported immediately to a medical practitioner or to a facility where medical treatment is available. If the officer believes it unduly dangerous to move the disabled person, he shall make a reasonable effort to obtain the assistance of a medical practitioner.

RS 40:1300.35 — Duty of medical practitioners

an identifying device,

and, if the identifying device is found, may make a reasonable search for an identification card of the type described in Section 1300.33(B).

B. There shall be no cause of action against a medical practitioner for making a reasonable search of a disabled person to locate an identifying device, and if the identifying device is found, for making a reasonable search for an identification card of the type described in Section 1300.33(B).

RS 40:1300.36 — Duty of others

cer or

medical practitioner. If a law enforcement officer or medical practitioner is not present, any person who finds a disabled person may make a reasonable search for an identifying device, and, if the identifying device is found, may make a reasonable search for an identification card of the type described in Section 1300.33(B). If a device or card is located, the person making the search shall attempt promptly to bring its contents to the attention of a law enforcement officer or medical practitioner.

B. There shall be no cause of action arising from a reasonable search to locate an identifying device or identification card as authorized by Subsection A of this Section.

C. The duties imposed by this Section shall be in addition to, and not in limitation of, any other duties existing under the laws of this state.

RS 40:1300.37 — Falsifying identification or misrepresenting condition

the type described in Section 1300.33(B) shall be

guilty of a misdemeanor and, upon conviction, shall be punished by imprisonment in the parish jail for not more than ninety days, or by a fine of not more than three hundred dollars, or both.

RS 40:1300.41 — Short title

from R.S. 40:1123.1.

RS 40:1300.42 — Definitions

condition" means Crohn's disease, ulcerative colitis,

inflammatory bowel disease, irritable bowel disease, or any other medical condition that

requires the use of an ostomy device or immediate access to a restroom.

(2) "Ostomy device" means a medical device that creates an artificial passage for elimination of body waste.

(3) "Retail establishment" means any business whether a sole proprietorship, corporation, partnership, or otherwise that holds or stores articles, products, commodities, items, or components for sale to the public or to other retail establishments.

RS 40:1300.43 — Restroom access

he

restroom during normal business hours if the restroom is maintained in a reasonably safe manner and all of the following conditions are met:

(1) The individual requesting access to the employee restroom presents a copy of a written statement, signed, and issued by a healthcare provider on the healthcare provider's letterhead or of a facility with which the healthcare provider is associated, stating that the individual suffers from an eligible medical condition as provided in R.S. 40:1123.2 or utilizes an ostomy device.

(2) A public restroom is not immediately accessible to the individual.

(3) The employee restroom is located in an area of the retail establishment where access would not create an obvious risk to the health or safety of the individual or create an obvious security risk to the retail establishment.

B. This Section shall not apply to any retail establishment that meets either of the following criteria:

(1) It sells prescription drugs, if the employee restroom is located in an area where the individual may gain access to any prescription drugs.

(2) It maintains records or information that are subject to the Health Insurance Portability and Accountability Act of 1996, if the employee restroom is located in an area where the records or information may be accessed.

RS 40:1300.44 — Liability

pursuant to the provisions of this Part, if such act or omission meets all of the following requirements:

(1) It does not constitute gross, willful, or wanton negligence on the part of the retail establishment or an employee of the retail establishment.

(2) It occurs in an area of the retail establishment that is not otherwise accessible to the public.

(3) It results in injury or death of the individual other than an employee accompanying the individual to the employee restroom.

B. No retail establishment shall be required to make any physical change to an employee restroom to effectuate the purposes of this Part.

RS 40:1300.51 — Short title

ence any technical difficulties navigating this website,

RS 40:1300.52 — Legislative findings

cility is a very scary experience for an individual regardless of the reason for entering the

facility or the expected length of stay in the facility.

(2) An inpatient healthcare facility can be a very intimidating place with new sights, sounds, and smells; long periods of isolation; and a myriad of strangers coming quickly in and out of your room at all hours of the day and night.

(3) Many individuals find the process of entering an inpatient healthcare facility overwhelming, particularly children, the elderly, individuals who entered the facility under emergency situations, and those with behavioral health challenges, intellectual disabilities, or profound health complications.

(4) In many instances, the patient or resident of the inpatient healthcare facility is so afraid that they are not able to adequately process the information that they are being given such as a particular diagnosis, medication management, safety procedures, recovery instructions, or food or liquid limitations.

(5) Being a patient or resident in an inpatient healthcare facility also yields itself to very long, boring days of isolation which can cause depression, anxiety, diminished will to improve or even to live, and for individuals with limited functionality, they often go for hours without moving, speaking, or even opening their eyes.

(6) Having a reliable person visit, be it a family member or friend, serves as a source of strength and companionship to a patient or resident in an inpatient healthcare facility, often expressed through reassuring words or a compassionate hug or holding of one's hand, and also allows for a fresh and focused set of eyes and ears to be aware of the totality of the circumstances of the situation.

RS 40:1300.53 — Applicability

ined in R.S. 28:751.

(2) Hospitals as defined in R.S. 40:2102.

(3) Licensed facilities that provide inpatient hospice care as defined in R.S. 40:2182.

(4) Nursing homes as defined in R.S. 40:2009.2.

RS 40:1300.54 — In-person visitation policies; requirements

it him in person during any

stay in any hospital, nursing home, or other healthcare facility within the state of Louisiana.

B. In accordance with R.S. 40:2005.1, hospitals, nursing homes, and adult residential care homes may allow members of the clergy to visit patients or residents during a public health emergency whenever a patient or resident or the legal or designated representative of the patient or resident requests the visit. Special consideration shall be given to patients or residents receiving end-of-life care.

C. In accordance with R.S. 40:2009.4, licensed nursing facilities may allow immediate family members and other designated persons to visit residents during a public health emergency whenever a resident or the legal or designated representative of the resident requests the visit. Special consideration shall be given to residents receiving end-of-life care.

D. In accordance with R.S. 40:2166.5, licensed adult residential care providers may allow immediate family members and other designated persons to visit residents during a public health emergency whenever a resident or the legal or designated representative of the resident requests the visit. Special consideration shall be given to residents receiving

end-of-life care.

E. In accordance with R.S. 40:2180.2, licensed intermediate care facilities for people with developmental disabilities (ICF/DD) may allow any close family member or legal representative of a resident of an ICF/DD to visit the resident during any state of public health emergency.

RS 40:1300.55 — Designation of an essential caregiver; circumstances for visitation

er daily in addition to any other visitation provisions authorized

by the facility. However, the provisions of this Section shall not apply to licensed forensic psychiatric hospitals.

(2) In accordance with this Section, a resident, client, or patient of any facility identified in R.S. 40:1300.53 may designate at least one visitor who is a family member, friend, guardian, or other individual as a designated essential caregiver.

(3) The designated essential caregiver shall not be required to provide advance notice of the intent to visit the patient. The visits of the designated essential caregiver as provided in this Section shall not be constrained for any reason other than medical necessity, which shall include medical procedures and emergencies.

(4) The designated essential caregiver shall not be required to provide necessary care to a resident, client, or patient of a facility. A facility providing such care shall not require a designated essential caregiver to provide such care.

B. The visitation provisions of this Section may allow in-person visitation unless otherwise restricted by law or by order of the court.

C. The visitation policies and procedures of any facility identified in R.S. 40:1300.53 shall require a designated essential caregiver to agree in writing to follow such policies and procedures. A facility may suspend in-person visitation for a designated essential caregiver if the designated essential caregiver violates the facility's visitation policies and procedures.

D. Access to a religious or spiritual support person shall be included in addition to the designated essential caregiver and in accordance with R.S. 40:2005.1.

Assurance for the Protection of Human Subjects, in accordance with 42 U.S.C. 289(a) and 45 CFR Part 46, and an eligible facility that is subject to the Federalwide Assurance for the Protection of Human Subjects laws, regulations, policies, and guidelines, including renewals and updates.

(2) "Eligible patient" means an individual who meets all of the following conditions:

(a) Has considered all other treatment options currently approved by the United States Food and Drug Administration.

(b) Has received a recommendation from his physician for an individualized investigational treatment, based on analysis of the patient's genomic sequence, human chromosomes, deoxyribonucleic acid, ribonucleic acid, genes, gene products such as enzymes and other types of proteins, or metabolites.

(c) Has a life-threatening, severely debilitating illness or serious disease or condition associated with morbidity that has a substantial impact on day-to-day functioning and is attested to by the patient's treating physician.

(d) Has given written, informed consent for the use of the investigational drug, biological product, or device.

(e) Has documentation from his physician that the patient meets the requirements of this Part.

(3) "Individualized investigational treatment" means drugs, biological products, or devices that are unique to and produced exclusively for use for an individual patient, based on his own genetic profile.

(a) "Individualized investigational treatment" includes but is not limited to individualized gene therapy antisense oligonucleotides and individualized neoantigen vaccines.

(b) "Individualized investigational treatment" does not include any drug, biological product, or device derived from human primary or secondary embryonic stem cells or cell lines, or tissues or cells derived from abortion, but does include any drug, biological product, or device derived from human perinatal tissues, cells, and secreted factors not obtained from an abortion.

(4) "Life-threatening or severely debilitating illness," has the same meaning as provided in 21 CFR 312.81, or any successor law or regulation, as applicable.

(5) "Written, informed consent" means a written document that is signed by the patient, or if the patient is a minor, by any person authorized to consent in accordance with the Louisiana Medical Consent Law, R.S. 40:1159.1, et seq., and attested to by the patient's physician and a witness and that, at a minimum, includes all of the following:

(a) An explanation of the currently approved products and treatments for the illness, disease, or condition from which the patient suffers.

(b) An attestation that the patient concurs with his physician in believing that all currently approved and conventionally recognized treatments are unlikely to prolong the patient's life.

(c) Clear identification of the specific proposed individualized investigational drug, biological product, or device that the patient is seeking to use.

- (d)(i) A description of the potentially best and worst outcomes of using the individualized investigational drug, biological product, or device and a realistic description of the most likely outcome.
- (ii) The description shall include the possibility that new, unanticipated, different, or worse symptoms might result and that death could be hastened by the proposed treatment.
- (iii) The description shall be based on the physician's knowledge of the proposed treatment in conjunction with an awareness of the patient's condition.
- (e) A statement that the patient's health plan or third-party administrator and provider are not obligated to pay for any care or treatments consequent to the use of the individualized investigational drug, biological product, or device, unless they are specifically required to do so by law or contract.
- (f) A statement that the patient's eligibility for hospice care may be withdrawn if the patient begins curative treatment with the individualized investigational drug, biological product, or device and that care may be reinstated if this treatment ends and the patient meets hospice eligibility requirements.
- (g) A statement that the patient understands that the patient is liable for all expenses consequent to the use of the individualized investigational drug, biological product, or device and that this liability extends to the patient's estate, unless a contract between the patient and the manufacturer of the drug, biological product, or device states otherwise.

RS 40:1300.73 — Individualized investigational drugs; facility and manufacturer abilities

Insurance for the Protection of Human Subjects laws and regulations may make available an individualized investigative treatment and an eligible patient may request an individualized investigational drug, biological product, or device from an eligible facility or manufacturer operating within an eligible facility in accordance with this Part. This Part shall not require a manufacturer to make available an individualized investigational drug, biological product, or device to an eligible patient.

B. An eligible facility or manufacturer operating within an eligible facility may do all of the following:

- (1) Provide an individualized investigational drug, biological product, or device to an eligible patient without receiving compensation.
- (2) Require an eligible patient to pay the costs of, or the costs associated with, the manufacture of the investigational drug, biological product, or device.

RS 40:1300.74 — Coverage expansion; permissible; not required

Statutes of 1950.

B. A health plan, third-party administrator, or governmental agency may provide coverage for the cost of an individualized investigational drug, biological product, or device or the cost of services related to the use of an individualized investigational drug, biological product, or device in accordance with this Part.

C. This Part shall not require any governmental agency to pay costs associated with the use, care, or treatment of a patient with an individualized investigational drug, biological product, or device.

D. This Part shall not require a hospital or facility licensed in accordance with R.S.

40:2006(A) and operating or planning to operate within the state to provide new or additional services unless approved by the hospital or facility.

RS 40:1300.75 — Patient death; insurance provisions

tate, heirs, or devisees are

not liable for any debt remaining after payment by insurance for charges directly incurred for the treatment. However, this provision shall not provide an exemption to liability for charges for nonexperimental treatments provided to the patient, including nonexperimental treatments rendered to the patient due to complications or consequences of the experimental treatment.

RS 40:1300.76 — Prohibition of actions taken against licensure of healthcare providers

against a healthcare provider's license issued in accordance with

Chapter 15 of Title 37 of the Louisiana Revised Statutes of 1950 based solely on the healthcare provider's recommendations to an eligible patient regarding access to or treatment with an individualized investigational drug, biological product, or device.

B. An entity responsible for Medicare certification shall not take action against a healthcare provider's Medicare certification based solely on the healthcare provider's recommendation that a patient has access to an individualized investigational drug, biological product, or device.

RS 40:1300.77 — Eligible patient's access to individualized investigational drugs, biological

an

eligible patient's access to an individualized investigational drug, biological product, or device.

B. Providing counseling, advice, or a recommendation consistent with medical standards of care from a licensed healthcare provider shall not be a violation of this Section.

RS 40:1300.78 — Prohibition of private causes of action and insurance mandates

, biological product, or device or against any other person

or entity involved in the care of an eligible patient using the individualized investigational drug, biological product, or device for any harm done to the eligible patient resulting from the individualized investigational drug, biological product, or device, if the manufacturer or other person or entity is complying in good faith with the terms of this Part and has exercised reasonable care.

B. This Part shall not affect any mandatory healthcare coverage for participation in clinical trials in accordance with any provisions provided in Title 22 of the Louisiana Revised Statutes of 1950.

RS 40:1300.79 — Severability

shall

remain effective notwithstanding such unconstitutionality.

RS 40:1301 — Creation and organization of department

ganized Crime Intelligence Division, and such other divisions as are established in accordance with this Part.

RS 40:1302 — Director of public safety head of department; appointment; compensation

by the governor, with the advice and consent of the senate, for a term of four years and until his successor has qualified. His appointment shall be made on the sole basis of his qualifications to administer the affairs of the department for which he is appointed. He shall serve on a full-time basis and be subject to removal by the governor only for cause and after public hearing.

His compensation shall be fixed by the governor.

RS 40:1303 — Substitute appointment for director in case of leave or vacancy

in absence or disability or in case of a vacancy, until the absence or disability is terminated or the vacancy filled. If he does not do so, the governor may make this designation.

RS 40:1304 — Functions of department

expressly provided by this Chapter, in relation to:

- (1) The maintenance of peace and order as involved in the services of police patrol and crime prevention and detection;
- (2) Highway traffic control and highway safety;
- (3) Police and fire training and investigating as conducted by the state but not the municipalities; and
- (4) The enforcement of regulatory provisions of law.

Nothing in this Part affects in any manner the rights, powers, and duties of the sheriffs or constables of the various parishes or of the marshals or police of all incorporated municipalities.

RS 40:1305 — Exercise of department functions; acts of employees are acts of director and department

by the constitution and by this Part, the director has the management of the department and, subject to the provisions of this Part, shall exercise all the functions of the department through the department organization provided, in carrying out the provisions of law with respect to those functions, except any functions which are specifically assigned to any board of the department under the provisions of this Part.

Any act performed by any employee of the department under the authority of the director shall be considered an act of the department and of the director.

RS 40:1306 — Appointment and control of employees

positions;

- (3) Transfer duties between positions;
- (4) Assign duties to and direct and control the work of employees; and
- (5) Transfer, promote, demote, remove, and otherwise change the status of employees of the department.

All employees of the department are, to the extent practicable, interchangeable in work assignments for such temporary periods as are necessary to meet seasonal and emergency demands upon the department.

RS 40:1307 — Divisions and units of department; heads of divisions; distribution of work

by this Part, the governor, on recommendation of the director, may authorize the director to combine existing divisions, divide existing divisions, establish new divisions, change the names of divisions, add new functions to existing divisions, or transfer functions and staff from one division to another within the department.

The director may create, combine, or divide subordinate units within a division or otherwise alter the internal organization of a division.

The director shall appoint the heads of the divisions.

The work of the department shall be distributed among the divisions of the department and the director shall exercise the functions of the department through the divisions.

RS 40:1307.1 — Organized Crime Intelligence Division

c Safety as designated by the director. The functions of this division shall be as follows:

- (1) to gather information for the State of Louisiana concerning organized crime;

- (2) to cooperate with the Attorney General of the State of Louisiana and with all other officials and agencies of this state having law enforcement and investigative powers;
- (3) to furnish background information to the Department of Revenue, the Louisiana Alcohol and Tobacco Control Board and political subdivisions of this state concerning applicants for permits to sell beverages of high and/or low alcoholic content; and
- (4) to perform such other functions as may be designated by the director.

RS 40:1308 — Plan of organization and operation; practice instructions; central records bureau

he department with a view to the most effective conduct of the work of the department. This plan shall include such elements as unified and systematic procedures, definite allocation of functions to the divisions and other component parts of the department, proper housing and layout of quarters to facilitate the carrying out and supervision of the work in process, effective routing and flow of work, and co-ordination of staff efforts in carrying out the procedures prescribed.

The director shall have standard practice instructions prepared for the guidance of all concerned in the operation of the prescribed plan and the system of procedures based upon it and for placing the prescribed procedures into effect and fitting them to the established plan of organization.

B. The director shall create within the department of public safety a central records bureau. Such central records bureau shall be maintained for the principal purpose of accumulating, tabulating and recording all motor vehicle accident and traffic convictions, overtime parking convictions only excepted, occurring within the state of Louisiana.

C. The statistical information thusly obtained shall be analyzed by the central records bureau and made available to:

1. Engineers, for guidance in dealing with high frequency accident locations and for use in improving highway design standards;
2. Enforcement administrators, for use in planning the most effective use of their available manpower and equipment;
3. The driver licensing division of the department of public safety for the utilization of accident experience for driver improvement discipline;
4. Officials responsible for school safety and public information programs, for guiding and implementing their educational activities;
5. The motor vehicle safety responsibility division of the department of public safety;
6. The commissioner of insurance for his use and study in connection with automobile physical damage and bodily injury and property damage automobile insurance rates and to insurance companies which are authorized by the commissioner of insurance to write such coverages in Louisiana. The director of public safety is hereby authorized to charge such companies the actual expenses incurred in furnishing such report but not to exceed a charge of one dollar for each such report;
7. Municipalities and parishes for their use in applying the functions of engineering, education and enforcement to local traffic safety, driver and vehicle control programs;
8. Such other officials of the state, parish and municipalities as may request said analyses for official use.

D. The director of public safety shall provide for the operation of said bureau, including the purchase, installation and use of mechanical tabulating equipment.

E. The central records bureau created herein shall become effective on January 1, 1961.

RS 40:1309 — Rules and regulations

The director of public safety may prescribe such administrative rules as he thinks necessary or expedient for the proper conduct of the work of the department and for making effective the provisions of law, so long as these rules are not inconsistent with the law or with any general rules prescribed by the governor.

RS 40:1310 — Reports of director and governor

RS 40:1321 — State identification cards; special identification cards; issuance; veteran designation;

promotion of use; persons less than twenty-one

years of age; the Protect and Save our Children Program; Selective Service

Registration

A. Any Louisiana resident may obtain a special identification card from the office of motor vehicles within the Department of Public Safety and Corrections, hereinafter referred to as "OMV". The identifying information and documents of identification required to obtain a special identification card shall be the same as those required to obtain a Louisiana driver's license, as stated in R.S. 32:409.1. However, if the applicant is seventeen years of age, the signature of the custodial parent or guardian shall not be required, provided that the applicant has the necessary identifying information and documents.

If the applicant

is fourteen to sixteen years of age and is accompanied by a person over the age of twenty-one years with whom the applicant lives, or the applicant is accompanied by a person over the age of twenty-one years who works for a nonprofit agency that assists children under the age of eighteen, that person may sign in lieu of the custodial parent or guardian for the issuance of a special identification card, provided that the applicant has the necessary identifying information and documents and is not requesting a REAL ID.

B.(1) Each special identification card shall be accepted as valid identification of the person to whom it was issued when it is presented physically or in the form of a digitized special identification card for the purpose of furnishing proof of that person's identification. Under no circumstances shall the state of Louisiana, or any of its agencies, be held liable in any manner legally or otherwise as a result of the use or misuse of a special identification card.

(2)(a) For purposes of this Subsection, a digitized special identification card shall mean a data file available on any mobile device which has connectivity to the internet through an application that allows the mobile device to download the data file from the department or an authorized representative of the department and contains all of the data elements visible on the face and back of the special identification card, displays the current status of the identification card, and shall include any special identification card that complies with the standards of REAL ID as provided for in Subsection P of this Section. For purposes of this Subparagraph, "current status" shall include but is not limited to valid, expired, or cancelled.

(b) A digital copy, photograph, or image of a special identification card which is not

downloaded through the application on a mobile device shall not be considered a valid digitized special identification card as provided by this Subsection.

(c) In connection with requests for identification not associated with traffic stops or checkpoints in Louisiana, a person may be required to produce a physical special identification card to a law enforcement officer, a representative of a state or federal department or agency, or a private entity when so requested and be subject to all the applicable laws and consequences for failure to produce such identification card.

(d) The Department of Public Safety and Corrections shall promulgate rules as are necessary to implement a digitized special identification card. No digitized special identification card shall be valid until the department has adopted the rules.

(e) The display of a digitized special identification card shall not serve as consent or authorization for a law enforcement officer, or any other person, to search, view, or access any other data or application on the mobile device. If a person presents their mobile device to a law enforcement officer for purposes of displaying their digitized special identification card, the law enforcement officer shall promptly return the mobile device to the person once he has had an opportunity to verify the identity of the person.

(f) The fee to install the application to display a digitized special identification card as defined in Subparagraph (a) of this Paragraph shall not exceed six dollars.

C. This Subsection and Subsection D of this Section shall establish and be cited as the Protect and Save our Children Program for issuance of special identification cards for persons under the age of sixteen. The fee for the issuance or renewal of a special identification card for persons under the age of sixteen shall be three dollars for a two-year identification card and seven dollars and fifty cents for a six-year identification card. The fee for the issuance or renewal of a special identification card for persons sixteen years of age or older shall be fifteen dollars. However, this fee shall be waived for:

(1) Any person who does not have a Louisiana driver's license, upon presentation of his voter registration card or certificate.

(2) Any child who is in foster care as defined in Children's Code Article 603.

D.(1)(a) Each special identification card issued to a person under the age of sixteen shall expire every two years for the three-dollar identification card and every six years for the seven-dollar-and-fifty-cents identification card and may be renewed only by personal appearance. Each special identification card for a person sixteen years of age or older shall expire every six years but may be renewed. The OMV may issue the special identification card for a period of less than six years in circumstances of medical, legal presence, or other special restriction. Where the OMV issues a special identification card to a properly documented alien student or a nonresident alien, the special identification card shall both:

(i) Expire on the date for which the alien's immigration documents expire or six years after issuance, whichever is sooner.

(ii) Contain a restriction code which declares that the special identification card holder is an alien student or a nonresident alien.

(b)(i) Any United States male citizen or immigrant who is fifteen years of age, but less than eighteen years of age, shall provide personal information, including a social security

number, if available, to the office of motor vehicles when applying to receive or renew a special identification card for the purpose of registration with the Selective Service. Upon the applicant attaining the age of eighteen years, the applicant shall automatically be registered with the Selective Service. The office of motor vehicles shall forward to the Selective Service System, in an electronic format, the necessary personal information required for registration with the Selective Service after receiving the application to issue or renew a special identification card. The application for issuance or renewal of a special identification card shall include all information required according to the provisions of R.S. 32:418.

(ii) The office of motor vehicles shall not issue or renew any special identification card to any person who refuses to provide personal information for registration with the Selective Service.

(2) With the exception of a special identification card issued to a properly documented alien student and nonresident alien, special identification cards which were obtained by personal appearance at an office of OMV may be renewed by personal appearance or may be renewed by mail. Special identification cards issued to properly documented alien students and nonresident aliens may be renewed only by personal appearance at an office of OMV if the alien can produce proper immigration documents which establish that the alien is legally in the United States. Special identification cards which were obtained by renewal by mail may be renewed only by personal appearance at an office of OMV.

E.(1) Each special identification card shall be similar in size, shape, and design to the Louisiana driver's license, and shall include a picture of the person to whom the card is issued. Each special identification card shall clearly state that it does not enable the person to whom it is issued to operate a motor vehicle. Beginning January 1, 2000, and thereafter, special identification cards issued pursuant to this Section to applicants less than twenty-one years of age shall contain a highly visible distinctive color to clearly indicate that the card has been issued to an applicant less than twenty-one years of age.

(2) Beginning January 1, 2007, the office of motor vehicles of the Department of Public Safety and Corrections shall provide for a method by which an applicant has the option of including emergency contact information in the operating record of the special identification card to which law enforcement and emergency personnel will have access.

F. No later than December 1, 1999, OMV shall adopt rules for the effective implementation of the provisions of this Section, including but not limited to rules relating to the choice of color and placement on the special identification card for cards issued to applicants less than twenty-one years of age. All rules shall be adopted in accordance with the Administrative Procedure Act. OMV shall utilize the various communications media throughout the state to inform Louisiana residents of the provisions of this Section and to encourage and promote the general public to take advantage of these provisions.

G. Any person who intentionally furnishes false information to OMV for the purpose of obtaining a special identification card, or any person found to be in possession of a fictitious special identification card or a special identification card which has been

intentionally altered, or which has been caused to be altered, by such person, or any person who lends his special identification card to another person for unlawful or fraudulent purposes, or any person who refuses to surrender the special identification card to the department upon its lawful demand, shall be fined not less than one hundred dollars nor more than five hundred dollars or shall be imprisoned for not more than six months, or both, and shall surrender the special identification card for cancellation. Such person shall not be entitled to apply for a replacement or subsequent special identification card.

H. Persons who are residents of this state and who are sixty years of age or older may obtain a special identification card without charge. This provision shall not apply to the special identification card required to be obtained by a sex offender pursuant to Subsection J of this Section. Special identification cards issued under the provisions of this Subsection shall not be subject to the expiration provisions or the renewal requirements of this Section.

I.(1) An individual may renew the special identification card issued pursuant to this Section by appearing in person at a motor vehicle field office, by mail, and by electronic commerce. An individual shall not make consecutive renewals of a special identification card by mail or electronic commerce, or any combination of the two. The department shall promulgate rules in accordance with the Administrative Procedure Act to implement the provisions of this Subsection, including but not limited to rules providing for the following procedures for the renewal of special identification cards by mail or electronic commerce:

- (a) Procedures to be used to limit the likelihood of fraud in the renewal process.
- (b) Procedures to secure payment when a renewal is made by electronic commerce.
- (c) Procedures to secure the transmission of personal information electronically, or the use of a disclaimer or warning statement to individuals who choose to use electronic commerce.

(2) When a special identification card has been renewed pursuant to this Subsection, and the department has complied with the requirements of this Subsection and the rules adopted by the department, the state and the department shall not be liable for any damages resulting from the use of a special identification card renewed pursuant to this Subsection.

J.(1) Any person required to register as a sex offender with the Louisiana Bureau of Criminal Identification and Information, as required by R.S. 15:542 et seq., shall obtain a special identification card issued by the Department of Public Safety and Corrections which shall contain a restriction code declaring that the holder is a sex offender. This special identification card shall include the words "sex offender" in all capital letters which are orange in color and shall be valid for a period of one year from the date of issuance. This special identification card shall be carried on the person at all times by the individual required to register as a sex offender.

(2) Each person required to carry a special identification card pursuant to this Subsection shall personally appear, annually, at a field office of the office of motor vehicles to renew his or her special identification card but only after he or she has registered as an offender pursuant to R.S. 15:542 et seq. Reregistration shall include the submission of current information to the department and the verification of this information, which shall include the street address and telephone number of the registrant; the name, street address

and telephone number of the registrant's employer, and any registration information that may need to be verified by the bureau. No special identification card shall be issued or renewed until the office of motor vehicles receives confirmation from the bureau, electronically or by other means, that the reregistration of the sex offender has been completed.

(3) The provisions of this Subsection shall apply to all sex offenders required to register pursuant to R.S. 15:542 et seq., regardless of the date of conviction.

(4) Whoever violates this Subsection shall be fined not less than one hundred dollars and not more than five hundred dollars, or imprisoned for not more than six months, or both.

K. Upon request, the word "Veteran" shall be exhibited in the color black below the person's photograph on a special identification card upon presentation of a copy of the person's DD Form 214, issued by the United States Department of Defense, or equivalent, as established by administrative rule. No additional fee shall be charged to include such designation. The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall comply with the provisions of this Subsection. The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall establish rules and regulations as are necessary to implement the provisions of this Subsection.

L.(1) Upon request and payment of an additional fee, the designation "I'm a Cajun" shall be exhibited in the color black below the person's photograph on the special identification card. The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall comply with the provisions of this Subsection.

(2) The department shall collect an annual fee of five dollars for inclusion of the designation "I'm a Cajun" on the special identification card, which fee shall be disbursed in accordance with Paragraph (3) of this Subsection. This fee shall be in addition to the payment of any other special identification card fee.

(3) The monies received from the additional fee shall be disbursed quarterly to the Council for the Development of French in Louisiana. The monies received from the additional five-dollar fee shall be disbursed solely to fund scholarships for the "La Fondation Louisiane for the Escadrille Louisiane" scholarship program of the Council for the Development of French in Louisiana.

(4) The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall establish such rules and regulations as are necessary to implement the provisions of this Subsection.

M.(1) Upon request and payment of a university logo fee, if any, as established by a Louisiana university for the use and display of its logo, the logo of the university shall be exhibited in color on the special identification card. The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall comply with the provisions of this Subsection.

(2) The department shall collect such university logo fee, if any, which shall be disbursed in accordance with Paragraph (3) of this Subsection. This university logo fee shall be in addition to the payment of any other special identification card fee.

(3) Any monies received from such university logo fee shall be disbursed quarterly

by the department to the foundation of the university.

(4) The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall establish such rules and regulations as are necessary to implement the provisions of this Subsection.

(5) Any implementation costs shall be incurred by the foundation of the university participating in the university logo program.

N.(1) Upon request, the special identification card holder's blood type shall be exhibited on the back of the special identification card. No additional fee shall be charged to include such designation. The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall promulgate, in accordance with the Administrative Procedure Act, rules and regulations necessary to implement the provisions of this Subsection.

(2) No action taken by any person, whether private citizen or public officer or employee, with regard to any identification card displaying a blood type, shall create a warranty of the reliability or accuracy of the document or electronic image, or create any liability on the part of the state, or on the part of any department, office, or agency of the state, or on the part of any officer, employee, or agent of the state.

O. Upon request, the words "100% DAV" shall be exhibited in the color black below the person's photograph on a special identification card upon presentation of a copy of the person's DD Form 214, issued by the United States Department of Defense, or equivalent, and presentation of one hundred percent disabled veteran status as determined by the United States Department of Veterans Affairs, as established by administrative rule. No additional fee shall be charged to include such designation. The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall comply with the provisions of this Subsection. The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall establish rules and regulations as are necessary to implement the provisions of this Subsection.

P.(1) The Department of Public Safety and Corrections, office of motor vehicles, hereinafter in this Subsection referred to as "department", shall provide for the option of the issuance of special identification cards that are compliant with the standards of the REAL ID Act of 2005, P. L. 109-13, and federal rules adopted pursuant thereto as of January 1, 2016, hereinafter collectively referred to as REAL ID, for official purposes, in the manner set forth in this Subsection.

(2) Any person applying for a special identification card pursuant to the provisions of this Section may elect to apply for a special identification card that complies with the standards of REAL ID. If that person is eligible for a special identification card to be issued pursuant to the provisions of this Section and meets all requirements of the United States Department of Homeland Security for a REAL ID compliant credential, that person shall be issued a special identification card which bears a United States Department of Homeland Security approved security marking reflecting that such credential meets REAL ID standards. A person who is issued a REAL ID compliant special identification card shall not be issued a REAL ID compliant driver's license.

(3) Any person applying for a special identification card pursuant to the provisions of this Section who elects not to apply for a special identification card that complies with REAL ID standards and who is otherwise eligible to be issued a special identification card pursuant to the provisions of this Section shall be issued a special identification card which indicates the special identification card is not in compliance with REAL ID. If the person has elected not to apply for a REAL ID compliant special identification card, the department shall not require the applicant to comply with any REAL ID requirements that were not required by the state as of January 1, 2016, or require the applicant to submit to a facial image capture in connection with such application prior to determining if such applicant is eligible to be issued a special identification card. If the person has elected not to apply for a REAL ID compliant special identification card, the department shall not copy, scan, maintain, or share a copy of the applicant's documents proving his identity obtained from any person in the process of applying for the issuance or renewal of a special identification card. Documents proving identity shall include but not be limited to the applicant's birth certificate, social security card, or United States issued passport. If the person has elected not to apply for a REAL ID compliant special identification card, the department shall not scan or maintain a copy of the applicant's documents proving his identity. This includes but is not limited to the applicant's birth certificate, social security card, or United States issued passport.

(4)(a) Each applicant for a special identification card shall be informed that he is not required by law to be issued a REAL ID compliant special identification card and may be issued a special identification card which is not REAL ID compliant. Each applicant shall be required to indicate on his special identification card application whether he is applying for a REAL ID compliant special identification card or a special identification card that is not REAL ID compliant. Each applicant shall also be required to indicate on his special identification card application that he was provided the printed document as required pursuant to Subparagraph (b) of this Paragraph.

(b) The department shall provide each applicant for a special identification card a printed document that includes the following information:

(i) The documents that are required to be provided by the applicant to obtain a REAL ID compliant special identification card, and the documents that are required to be provided by the applicant to obtain a special identification card that is not REAL ID compliant.

(ii) The purposes for which a REAL ID compliant special identification card may be utilized and the purposes for which a special identification card that is not REAL ID compliant may be utilized.

(iii) The electronic technology incorporated into a REAL ID compliant special identification card and the electronic technology incorporated into a special identification card that is not REAL ID compliant.

(5) Compliance with REAL ID referenced in this Subsection shall be limited to those standards in effect as of January 1, 2016. Any subsequent changes or additions to federal laws or rules for implementation of REAL ID shall be implemented by the state only if such changes are approved by the legislature by a favorable vote of a majority of the elected

members of each house.

(6) Any eligible person electing to obtain a special identification card which bears a United States Department of Homeland Security approved security marking reflecting that such credential meets REAL ID standards prior to the renewal date of his special identification card may be issued such credential at the cost of a duplicate special identification card.

(7) Upon the request of any applicant for a special identification card, the department shall record and retain the applicant's name, date of birth, certificate numbers, date filed, and issuing agency in lieu of retaining an image or copy of the applicant's birth certificate.

(8) The department shall not participate in any programs that exchange or allow the access of facial biometric data of Louisiana citizens obtained in the issuance or renewal of a Louisiana special identification card to the agencies, governments, or contractors of other states or nations without a warrant or a court order issued for access to that data.

Q.(1) Upon the request of any person, any personal identifying source documents or photographs of such person obtained by the department or a contractor in the process of a person applying for or renewing a special identification card between July 7, 2008, and the effective date of this Subsection that were not required by state law to be captured by the department or a contractor as of July 7, 2008, shall be disposed of as follows:

(a) Personal identifying source documents shall be removed and purged from department and contractor databases and systems.

(b) All photographs of persons obtained by the department which are in the possession of a contractor shall be purged from the database or system of that contractor.

(2) As used in this Subsection, the following terms shall mean and include:

(a) "Contractor" shall mean and include any contractor of the department or any affiliate or subsidiary of such contractor and any subcontractor of such contractor or any affiliate or subsidiary of such subcontractor.

(b) "Personal identifying source documents" shall mean and include any document provided by any person to prove his identity or residence. It shall include all copies, scans, or digital images of such documents.

(c) "Photographs" shall mean and include any captured image, digital or otherwise, of a person's face. It shall include all copies, scans, or digital images of such image.

R.(1) Upon request of an applicant for a special identification card who needs accommodation, a designation that the applicant needs accommodation shall be exhibited on the special identification card, upon presentation of a statement from a qualified medical professional licensed in Louisiana or any other state or territory of the United States verifying the medical reason, including any mental, physical, or developmental disability, the applicant needs accommodation as established by administrative rule. No additional fee shall be charged to include such designation.

(2) The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall promulgate rules and regulations to implement this Subsection, including a waiver of liability for the release of any medical information. Such rules shall be effective no later than July 1, 2018. Notwithstanding the provisions of R.S.

49:966(B)(12), the Senate and House committees on transportation, highways and public works shall have oversight of the adoption of rules and regulations required by this Subsection.

(3) The designation authorized by this Subsection shall not be available prior to the effective date of the administrative rules required by Paragraph (2) of this Subsection.

S.(1) Upon request of an applicant for a special identification card, a designation that the applicant has autism spectrum disorder or seizure disorder shall be exhibited on the special identification card upon presentation of a statement from a qualified medical or mental health professional licensed in Louisiana or any other state or territory of the United States verifying the applicant's disability as established by administrative rule. The qualified medical or mental health professional shall be authorized to diagnose autism spectrum disorder or seizure disorder. No additional fee shall be charged to include such designation.

(2) Upon the renewal of a special identification card, an applicant who has autism spectrum disorder or seizure disorder shall provide a statement from a qualified medical or mental health professional licensed in Louisiana or any other state or territory of the United States verifying the applicant's disability as established by administrative rule.

(3) Any person who has not been diagnosed with autism spectrum disorder or seizure disorder who willfully and falsely represents himself as having the qualifications to obtain the special designation authorized by this Subsection shall be fined not less than one hundred dollars nor more than two hundred fifty dollars, or shall be imprisoned for not more than thirty days, or both. Any subsequent offense shall result in a fine of not less than two hundred fifty dollars nor more than five hundred dollars, or imprisonment for not more than ninety days, or both.

(4) In addition to the training requirements contained in R.S. 40:2404.2(C), the Department of Public Safety and Corrections, public safety services, shall establish and implement a law enforcement training course relative to law enforcement officers' interaction with persons who have autism spectrum disorder. The course shall instruct law enforcement officers on sensitivity and awareness to ensure equitable treatment and how to effectively communicate and interact with persons with autism spectrum disorder. At a minimum, the course shall include the following:

(a) Identification of indicators that a person has autism spectrum disorder.

(b) Identification of procedures that an officer should employ when encountering a person with autism spectrum disorder.

(c) Demonstrations of communication and interactive techniques required to effectively interact with a person with autism spectrum disorder.

(d) Explanations that provide law enforcement officers with an understanding of the developmental disability and examples of unexpected actions potentially taken by persons diagnosed with autism spectrum disorder.

(e) Explanations of the resources available to assist an officer encountering a person who has autism spectrum disorder.

(f) Descriptions of the procedures an officer should use to ensure compliance with the Americans with Disabilities Act when encountering a person with autism spectrum

disorder.

(5) In addition to the training requirements contained in R.S. 40:2404.2(C), the Department of Public Safety and Corrections, public safety services, shall establish and implement a law enforcement training course relative to law enforcement officers' interaction with persons who have a seizure disorder. The course shall instruct law enforcement officers on sensitivity and awareness to ensure equitable treatment and how to effectively interact with a person experiencing a seizure. At a minimum, the course shall include the following:

- (a) Identification of indicators that a person is experiencing a seizure.
- (b) Identification of procedures that an officer should employ when encountering a person experiencing a seizure.
- (c) Demonstrations of techniques required to effectively respond to a person experiencing a seizure.
- (d) Explanations that provide law enforcement officers with an understanding and examples of unexpected actions potentially taken by persons experiencing a seizure.
- (e) Explanations of the resources available to assist an officer encountering a person who has seizure disorder.
- (f) Descriptions of the procedures that an officer should use to ensure compliance with the Americans with Disabilities Act when encountering a person with seizure disorder.

(6) The deputy secretary of the Department of Public Safety and Corrections, public safety services, shall promulgate rules and regulations as necessary to implement the provisions of this Subsection, including a waiver of liability for the release of any medical information. Notwithstanding the provisions of R.S. 49:966(B)(12), the House and Senate committees on transportation, highways and public works shall have oversight of the adoption of rules and regulations required by this Subsection.

T. No fee shall be charged for transactions to issue a duplicate special identification card to correct an address due to the renaming of a street or highway in accordance with a parish or municipal ordinance.

U. Every state identification card issued by OMV shall include the words "Crisis Lifeline dial 988".

RS 40:1321.1 — Duplicate special identification cards; lost or destroyed

ial identification card at a motor vehicle office, an authorized agent of the office of motor vehicles, or through the motor vehicle website online application. Any application submitted pursuant to this Section shall include a statement executed by the applicant attesting to the facts regarding the lost or destroyed special identification card.

B. For each duplicate special identification card so issued a five dollar charge shall be collected, except no fee shall be charged to a child who is in foster care, as defined in Children's Code Article 603. However, if the original special identification card was stolen as evidenced by a police report, the charge provided for in this Subsection and the handling charge provided for in R.S. 32:412.1 shall not be collected.

C. If any special identification card which was issued to a Louisiana domiciliary or resident who is temporarily out of state or an active member of the armed forces, or who is

a domiciliary resident dependent of a member of the active armed forces, in lieu thereof has been lost or destroyed, the person who was issued the special identification card, or a person who has power of attorney for the person to whom a special identification card was issued, may submit satisfactory proof to the office of motor vehicles of the loss or destruction and may apply for a duplicate special identification card.

D.(1) The holder of a valid special identification card may apply for a duplicate special identification card by mail or electronic commerce, except as follows:

(a) No duplicate special identification card by mail or electronic commerce shall be granted if a previous duplicate special identification card was issued prior to the card's expiration.

(b) No duplicate special identification card by mail or electronic commerce shall be granted to an alien student or nonresident alien.

(2) The department may establish rules and regulations to grant or deny a duplicate special identification card by mail in cases where a Louisiana resident is temporarily domiciled out of state or out of the country, or temporarily residing, employed, or attending school in another state or foreign country, even if the resident does not meet the qualification criteria in this Section.

(3) Upon receipt of all required statements by the department and upon the issuance of a duplicate special identification card, the state, the department, or any department employee shall not be liable for any property damages, injuries, or deaths that may arise from an applicant's use of the special identification card if the special identification card was unlawfully obtained.

(4) When a duplicate special identification card is issued by mail or electronic commerce, the department shall issue a duplicate special identification card with the same expiration date as the previously issued special identification card.

(5) The department shall promulgate rules and regulations necessary to implement the provisions of this Section.

(6) Any online transaction shall be assessed the fee authorized and approved in R.S. 49:316.1.

RS 40:1321.2 — Office of Motor Vehicles Special Identification Card Dedicated Fund Account

ce of Motor Vehicles Special Identification Card Dedicated Fund Account, hereafter referred to as the "Identification Card Account".

B. After compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund, the treasurer shall pay an amount equal to one-third of the monies received by the state treasury pursuant to the provisions of R.S. 40:1321(C) into the Identification Card Account. Monies in the account shall be used for operational expenses of the Department of Public Safety and Corrections, public safety services. All unexpended and unencumbered monies in the account at the end of the fiscal year shall remain in the account. Monies in the account shall be invested by the state treasurer in the same manner as monies in the state general fund and shall be deposited into the state general fund.

C. Monies deposited into the Identification Card Account shall be available for

appropriation in Fiscal Years 2026, 2027, 2032, 2033, 2038, and 2039.

D. Monies deposited into the Identification Card Account shall be categorized as fees and self-generated revenue for the sole purpose of reporting related to the executive budget, supporting documents, and general appropriations bill and shall be available for annual appropriation by the legislature.

E. The provisions of this Section shall be null, void, and of no effect beginning on July 1, 2039.

RS 40:1322 — Credit card, charge card, and debit card transactions with the Department of Public Safety and Corrections, public safety services, or any

authorized agent of the department, is authorized to accept credit cards, charge cards, or debit cards for the payment of fees, fines, taxes, penalties, and interest. The department may enter into agreements with issuing companies and banks as are necessary to implement the use of these cards.

B. The department may charge a convenience fee on any transaction whereby a customer requests payment by credit card, charge card, or debit card for payment through telephone, in person, by regular mail, or via the Internet to conduct business with the department. Prior to charging the convenience fee, the total amount of the fee shall be disclosed to the customer. The customer shall have the right to decline payment of the fee and to submit payment for his transaction using another tender type. The convenience fee may be a uniform dollar amount, a percentage of the transaction, or a tiered amount based on the transaction amount.

C.(1) Prior to accepting the card as payment from a customer who appears in person at the department, the department shall:

(a) Require the presentation of the card.

(b) Verify that the card has not expired and obtain the proper authorization for use of said card.

(c) Verify that the signature on the receipt corresponds to the signature on the signature panel on the card.

(d) Verify that the card has not been voided or revoked, or placed on a list by the company or bank issuing the card which would require that the transaction be precleared by the issuer. This verification may be accomplished by telephoning the issuing company or bank or by using any device or instrument that can access information encoded on the card and verify such encoded information through electronic or digital means.

(2) The department may also accept the card by utilizing electronic commerce which shall include but not be limited to the use of the Internet and conversant phone systems.

Prior to accepting the card as payment when utilizing electronic commerce, the department shall:

(a) Verify that the card has not expired.

(b) Verify that the card has not been voided or revoked, or placed on a list by the company or bank issuing the card which would require that the transaction be precleared by the issuer. This verification may be accomplished by telephoning the issuing company or bank or by using any device or instrument that can access keyed information and verify such

keyed information through electronic or digital means.

D.(1) The department may determine that only specific programs or specific offices or locations will accept credit cards, charge cards, or debit cards as payment for fees, fines, taxes, penalties, and interest.

(2)(a) Notwithstanding the provisions of Paragraph (1) of this Subsection, the office of motor vehicles within the department shall accept credit cards, charge cards, and debit cards as payment for fees, fines, taxes, penalties, and interest as a form of payment along with all other payment methods currently used.

(b) Notwithstanding the provisions of Subparagraph (a) of this Paragraph, the office of motor vehicles within the department shall not be required to accept credit cards, charge cards, and debit cards for the International Registration Plan (IRP) authorized pursuant to R.S. 47:511(B).

E. The department shall suspend any license, permit, license plate, appointment, authorization, or motor vehicle registration issued or renewed pursuant to a payment made by a credit card, charge card, or debit card, if the credit, charge, or debit is refused, denied, dishonored, or reversed by the issuing company or bank. Drivers' licenses shall be suspended and reinstated in accordance with the provisions of R.S. 32:414. Any such license, permit, license plate, appointment, authorization, or motor vehicle registration shall remain suspended until such time as the card payment which was refused, denied, dishonored, or reversed is made good by the person issued the license, permit, license plate, appointment, authorization, or motor vehicle registration and the person pays any reinstatement fee due to the department.

F. The department shall recall and revoke any certificate of title for a motor vehicle issued pursuant to a payment made by a credit card, charge card, or debit card if the credit, charge, or debit is refused, denied, dishonored, or reversed by the issuing company or bank.

G. The notice of suspension or revocation issued pursuant to this Subsection shall inform the person that his license, permit, license plate, appointment, authorization, or motor vehicle registration is being suspended, or certificate of title is being revoked, because the payment with the credit card, charge card, or debit card was refused, denied, dishonored, or reversed by the issuing company or bank. The notice shall be sent by certified mail. The person shall have thirty days from the date the notice of suspension or revocation was mailed to submit a written request for an administrative hearing. If a timely request for an administrative hearing is received, the hearing shall be scheduled no later than ninety days from the date the request for a hearing was received by the department. The department records of the transaction including any notice from the issuing company or bank shall be prima facie proof of the violation. Any petition for a judicial review of the administrative hearing shall be in the same manner and under the same conditions as provided in R.S. 32:414.

H. The department may promulgate rules and regulations in accordance with the Administrative Procedure Act as are necessary to prohibit a person who has repeatedly submitted a credit card, charge card, or debit card for payment which was refused, denied, dishonored, or reversed by the issuing company or bank from submitting a credit card, charge

card, or debit card for payment for a period of three years.

RS 40:1322.1 — Transfer of recalled and revoked motor vehicle titles

e has been recalled and revoked pursuant to R.S. 40:1322.

B. Whoever violates the provisions of this Section shall be imprisoned for not more than six months, or fined not more than five hundred dollars, or both.

RS 40:1341 — Safety education

afeguarded.

RS 40:1342 — Repealed by Acts 1991, No. 922, §1.

aton Rouge, Louisiana 70804-9062

RS 40:1351 — Louisiana Medical Advisory Board created; membership, qualifications, vacancies

ted by the governor for terms of four years. Each member of the board shall be a graduate physician or surgeon or optometrist and the members shall be selected from the following areas of specialization: (1) ophthalmology or optometry, (2) psychiatry, (3) orthopedics, (4) neurology or neurological surgery, (5) general surgery, or (6) internal medicine and cardiology. The Louisiana State Medical Society shall submit the names of six persons qualified in each specialty from which the governor shall make appointments to the board, and the Louisiana State Association of Optometrists shall also submit the names of six qualified optometrists, from which the governor shall make at least one appointment to the board. All members appointed by the governor shall be confirmed by the Senate, and, beginning in 1984, be reconfirmed by the Senate every two years.

B. Vacancies in the membership of the board shall be filled by appointment by the governor.

RS 40:1352 — Expenses of members

n business for the board assigned by it.

RS 40:1354 — Domicile of board; meetings

cts 1968, No. 281, §1.

RS 40:1355 — Powers and duties

visual ability or physical condition of an applicant for a vehicle operator's license or of a licensed driver, insofar as any impairment or disability therein may hinder such person's ability to exercise ordinary and reasonable control in the operation of a motor vehicle.

B. Pursuant to the provisions of R.S. 46:2582(4), the board shall review material and evidence submitted to it by the accessible parking privileges investigation committee within the governor's office of disability affairs. If, in the board's determination, the review of such material does indicate a possible inappropriate certification by a physician of an individual's eligibility for accessible parking privileges, the board shall submit such material along with a recommendation for appropriate disciplinary action to the Louisiana State Board of Medical Examiners.

RS 40:1356 — Limitation of liability; reporting impaired applicants for license or licensed drivers;

efined

in R.S. 40:1231.1(A), and "board" means the Louisiana Medical Advisory Board.

B. No person shall have a cause of action for damages or loss against any health care provider nor shall any criminal liability be imposed as a result of a report by the health care provider to the Department of Public Safety and Corrections or the Louisiana Medical Advisory Board of any visual ability or physical condition, impairment, or disability of an applicant for a driver's license or of a licensed driver, which may impair such person's general ability to exercise ordinary and reasonable control in the operation of a motor vehicle, whether the health care provider is statutorily mandated to make such a report or whether such report is made voluntarily, when the health care provider is acting without

malice and in the reasonable belief that such action is warranted to protect the public.

C. No person shall have a cause of action for damages or loss against any member of the board for his actions as a result of his official duties when the member of the board is acting without malice and in the reasonable belief that such action is warranted by the information as presented to the board.

D. A health care provider who conducts an examination of an applicant for a driver's license or of a licensed driver, at the board's request, relative to an individual's general ability to exercise ordinary and reasonable control in the operation of a motor vehicle, shall not be liable for damages or loss as a result of his report to the board nor shall such health care provider be considered a guarantor of the applicant's or licensed driver's ability to exercise ordinary and reasonable control in the operation of a motor vehicle.

E.(1) Any office of motor vehicles employee or agent in the performance of his duties related to drivers' licenses, law enforcement officer, health care provider, or any family member having first-hand knowledge of any condition of an applicant for a driver's license or of a licensed driver may file a report with the Department of Public Safety and Corrections stating that he believes an applicant for a driver's license or a licensed driver is unable to safely operate a motor vehicle.

(2) The report shall state that the person reasonably and in good faith believes an applicant for a driver's license or a licensed driver cannot safely operate a motor vehicle and shall be based upon personal observation or physical evidence which shall be described in the report, or the report shall be based upon an investigation by a law enforcement officer. The report shall be a written declaration in the form prescribed by the Department of Public Safety and Corrections and shall include the name, address, telephone number, and signature of the person making the report.

(3) Upon receipt of the report, the Department of Public Safety and Corrections shall send written notification to the applicant for a driver's license or the licensed driver requiring him to submit to a medical examination. The medical examination shall be conducted, and the completed medical examination form shall be submitted to the department not later than thirty days after the date written notification of the need for a medical examination is sent. Upon receipt of the examination form or lapse of the thirty days if no form is received, the department shall take appropriate action as provided in R.S. 32:424 against the applicant for a driver's license or the licensed driver.

(4) No person, nor the Department of Public Safety and Corrections, nor the board shall be liable for damages or loss as a result of the failure to file a report or the failure to act upon or investigate a report.

(5) Any person who makes a report pursuant to this Section shall be immune from any criminal or civil liability that otherwise might result from making the report when that person is acting without malice and in the reasonable belief that such action is warranted to protect the public.

RS 40:1372 — Definitions

nt" means the Department of Public Safety and Corrections.

(3) "Division" means the division of state police in the Department of Public Safety

and Corrections.

(4) "Emergency response operator" and "emergency services dispatcher" shall include individuals with and without the ability to provide medical advice as provided by R.S. 40:1131(22).

(5) "Employee" means any employee of the division of state police in the Department of Public Safety and Corrections.

(6) "First responder" means a public employee or volunteer whose duties include responding rapidly to an emergency. The term includes any of the following:

(a) A peace officer whose duties include responding rapidly to an emergency.

(b) Fire protection personnel.

(c) A volunteer firefighter.

(d) An individual certified as emergency medical services personnel.

(e) An emergency response operator or emergency services dispatcher who provides communication support services for an agency by responding to requests for assistance in emergencies.

(f) Other emergency response personnel employed by a state agency.

(7) "Police employee" means any employee who is assigned to police work as a peace officer pursuant to R.S. 40:1379.

RS 40:1373 — Five day work week for employees

g granted compensatory time off for the period worked in excess of five days.

RS 40:1374 — Workers' compensation law; employees deemed within; coverage for posttraumatic

he head thereof, shall be

considered an employee of the state within the meaning of the workers' compensation law of this state and entitled to the benefits of all the provisions of that law applicable to state employees.

B. Any workers' compensation policy which provides coverage for an employee of the division of state police, pursuant to this Section, shall include coverage for posttraumatic stress injury.

C. For purposes of this Section, the following definitions shall apply:

(1) "Posttraumatic stress injury" means those injuries which are defined as "posttraumatic stress disorder" by the most recently published edition of the Diagnostic and Statistical Manual of Mental Disorders by the American Psychiatric Association caused by an event occurring in the course and scope of employment.

(2) "Psychiatrist" shall have the same meaning as it is defined pursuant to R.S. 23:1371.1.

(3) "Psychologist" shall have the same meaning as it is defined pursuant to R.S. 23:1371.1.

D.(1) Any employee of the division of state police who is diagnosed by a psychiatrist or psychologist with posttraumatic stress injury, either during employment in the classified service in the state of Louisiana pursuant to this Chapter or thereafter, shall be presumed, prima facie, to have a disease or infirmity connected with his employment for purposes of workers' compensation benefits.

(2) Once diagnosed with posttraumatic stress injury as provided for in Paragraph (1) of this Subsection, the employee affected or his survivors shall be entitled to all rights and benefits as granted by state workers' compensation law to one suffering an occupational disease and is entitled as service connected in the line of duty, regardless of whether the employee is employed at the time of diagnosis.

E.(1) Nothing in this Section shall modify the qualifications necessary to establish eligibility to receive benefits or the calculation of benefits to be paid under any Louisiana public pension or retirement system, plan, or fund.

(2) In case of a conflict between any provision of Title 11 of the Louisiana Revised Statutes of 1950, including any provision in Subpart E of Part II of Chapter 4 of Title 11 of the Louisiana Revised Statutes of 1950, and any provision of this Section, the provision of Title 11 of the Louisiana Revised Statutes of 1950 shall control.

F. A posttraumatic stress injury that arises solely from a legitimate personnel action such as a transfer, promotion, demotion, or termination, is not a compensable injury pursuant to this Chapter.

RS 40:1374.1 — Development of hearing loss during employment in the division of state
r in R.S. 40:1372.

B.(1) Any loss of hearing that is ten decibels or greater on average for the frequencies that the Occupational Safety and Health Administration monitors for noise exposure in the general population when adjusted for aging and that develops during employment in the division shall, for purposes of this Section only, be classified as a disease or infirmity connected with employment.

(2) The employee affected shall be entitled to medical benefits, including hearing aids, as granted by the laws of this state to which one suffering an occupational disease is entitled, regardless of whether the employee is on duty at the time that the employee is stricken with the loss of hearing.

(a) Such loss of hearing shall be presumed to have developed during employment and shall be presumed to have been caused by or to have resulted from hazardous noise exposure when diagnostic hearing testing reveals a decrease of ten decibels or more for the frequencies that the Occupational Safety and Health Administration monitors for noise exposure from the baseline audiological evaluation.

(b) This presumption shall be rebuttable by a preponderance of evidence, and such presumption shall be overcome if the evidence does not establish that the nature of the work performed was the predominant and major cause of the hearing loss.

(c) The presumption shall be extended to an employee following termination of service for a period of twenty-four months.

C.(1) Each person selected for appointment to an entry level position in the division on and after August 1, 2024, shall submit to a baseline audiology examination, an audiological examination every five years, and a final termination audiological evaluation at the end of service. An employee shall receive his baseline examination not later than one year after his appointment.

(2) The appointing authority shall develop and implement policies and procedures for the administration of such examinations.

D.(1) Nothing in this Section shall modify the qualifications necessary to establish eligibility to receive benefits or the calculation of benefits to be paid in accordance with any Louisiana public pension or retirement system, plan, or fund.

(2) In case of a conflict between any provision of Title 11 of the Louisiana Revised Statutes of 1950 and any provision of this Section, the provision of Title 11 of the Louisiana Revised Statutes of 1950 shall control.

RS 40:1375 — Training school; fees

s shall consist of the Training Academy at State Police Headquarters; Emergency Response Training Center near Holden, Louisiana; and Joint Emergency Services Training Center near Zachary, Louisiana.

C. No police employee of the department shall be assigned to active duty until he or she has successfully passed the course for probationers which is prescribed by the department and which is taught at the training facilities.

D. Training courses for the higher ranks, grades, and positions of the office shall be prescribed and conducted by the department for those police employees of the department who have been promoted to a higher rank, grade, or position.

E. The department shall make the training facilities available to any local government unit within this state by conducting schools at convenient centers for the training of police officers.

F.(1) Pursuant to the Administrative Procedure Act, the department may promulgate rules and regulations to charge reasonable fees for participation in its training school and courses and for the use of its training facilities.

(2) The fees received by the department shall be deposited immediately upon receipt into the state treasury.

RS 40:1376 — Uniforms, equipment, and badges

ance of their respective duties, but all such uniforms and equipment shall remain the property of the state.

B. The uniform to be used and worn by the police employees of the division shall be distinctive in color, design, material, markings, and insignia so as to be readily and easily identifiable from a reasonable distance as the uniform worn by the police employees of the division of state police of this state.

C.(1) No department, division, or agency of the state or of any municipality, parish, or other political subdivision of the state charged with law enforcement or the apprehension of violators of any state, municipal, or parochial laws or ordinances shall provide, furnish to, or permit their employees to wear a uniform of the same color, design, or markings as that worn by state policemen or which is so similar in appearance as to confuse, tend to confuse, or not be clearly distinguishable from the uniforms used and worn by the police employees of the office of state police.

(2) It shall be unlawful for any person to utilize or wear a uniform of the same color, design, or markings as that worn by state policemen or to utilize or wear a uniform which is so similar in appearance as to confuse, tend to confuse, or not be clearly distinguishable from the uniform used and worn by the police employees of the office of state police. This Paragraph does not apply to a person who first obtains the express, written consent of the deputy secretary for public safety services.

D. The department may sell equipment which becomes unfit for use. All money received therefor shall be paid into the state treasury and credited to the general fund.

E. The department shall keep an inventory and shall charge against each employee of the division the value of all property of the department issued to him and if it determines that any loss or destruction of such property was due to the carelessness or neglect of the employee, it shall cause the value of the property to be deducted from the pay of the employee.

F. No department, office, or agency of the state or of any municipality, parish, or other political subdivision of the state charged with law enforcement or the apprehension of violators of any state laws or any municipal or parochial ordinances shall provide, furnish, sell, or permit its employees to wear a badge of the same design or markings as that worn by a law enforcement officer employed by the Department of Public Safety and Corrections, an employee of the Department of Justice, an enforcement officer of the Department of Wildlife and Fisheries, an employee of the Department of Agriculture

and Forestry who is commissioned by the office of state police, an employee of the Department of Environmental Quality who is commissioned by the office of state police, or the sergeant at arms or assistant sergeants at arms of the Senate or House of Representatives who are commissioned by the office of state police, or which is so similar in appearance as to confuse, tend to confuse, or not be clearly distinguishable from the badge used and worn by such officer or employee.

RS 40:1377 — Property and equipment for use of division

quipment, and other commodities, equipment, and services deemed essential by it for the needs of the division or its employees in carrying out their duties.

The department may sell any property which becomes unnecessary or unfit for further use. All moneys received therefor shall be paid into the state treasury and credited to the general fund.

RS 40:1378 — Headquarters and stations; establishment; discontinuance

nt of the laws of this state.

It may also, as it sees fit, discontinue any headquarters or station.

RS 40:1379 — Duties and powers of police employees

and good order in the state in the enforcement of the state's police powers, and perform any other related duties imposed upon them by the legislature.

B. Police employees of the division are peace officers and, any provision of the law to the contrary notwithstanding, except R.S. 40:1386, they have, in any part of the state, the same powers with respect to criminal matters and the enforcement of the law relating thereto as sheriffs, constables, and police officers have in their respective jurisdictions.

They have all the immunities and matters of defense now available or hereafter made available to sheriffs, constables, and any police officers in any suit brought against them in consequence of acts done in the course of their employment.

C. Any warrant of arrest or other process issued by the legislature or either house thereof, or any court of the state may be served and executed by any police employee of the division in any part of the state according to the tenor thereof without endorsement.

D. Other police employees of the office, including but not limited to safety enforcement officers, public safety services police officers, and officers of the weights and standards mobile police force shall be commissioned under this Section and shall have all the authority and protection afforded by the provisions of this Section.

RS 40:1379.1 — Special officers; powers and duties; concealed handgun permit

the division of state police. Any person who receives a

special officer's commission must display need for statewide police power and power to arrest, be bonded, and adhere to all restrictive stipulations as set forth in the special officer's commission.

B. The special officer, when performing those tasks requiring a special officer's commission, shall have the same powers and duties as a peace officer; provided, however, that when not performing these tasks directly related to the special officer's commission, he shall be regarded as a private citizen and his commission shall not be in effect.

C. The superintendent of state police shall determine who is entitled to receive a special officer's commission and may promulgate and adopt regulations providing with respect to the issuance and use of said permits.

D. The superintendent of state police shall have the authority to revoke any special officer's commission for cause, and is further empowered to require those holding special officer's commissions to furnish proof of their being bonded and such other information as may be deemed necessary for determining suitability for holding a special officer's commission.

E. All special officer or agent commissions previously issued by the department of

public safety are rescinded upon the effective date of this Section.

F. During a declared state of emergency or disaster by the governor, the deputy secretary of the Department of Public Safety and Corrections, public safety services, office of state police may issue a special officer's commission to a commissioned law enforcement officer who responds to a request for assistance pursuant to the Emergency Management Assistance Compact, as found in R.S. 29:733 and is determined by the deputy secretary to need statewide police power and power to arrest. Any person who receives a special officer's commission under this Subsection shall not be required to be bonded and shall adhere to all restrictive stipulations as set forth in the special officer's commission and regulations promulgated and adopted pursuant to Subsection C of this Section. Such person shall have the powers and duties of a peace officer, provided, that when he is not performing tasks directly related to the special officer's commission, he shall be regarded as a private citizen and his commission shall not be in effect.

G. Repealed by Acts 2013, No. 402, §3.

H. The deputy secretary of the Department of Public Safety and Corrections shall have the authority to grant to an individual a concealed handgun permit from the office of state police. Before the individual applies to the deputy secretary for a permit, he must have been granted a concealed handgun permit by the chief law enforcement officer of the parish in which he is officially domiciled. Any individual who receives a concealed handgun permit from the office of state police must be bonded in the amount of five thousand dollars and must adhere to all restrictive stipulations as provided in the concealed handgun permit. Further, the deputy secretary shall have the authority to promulgate and adopt regulations providing with respect to the issuance and use of said permit.

I. The superintendent of state police or the chief law enforcement officer of a parish shall have the authority to revoke any concealed handgun permit, and is further empowered to require those holding handgun permits to furnish proof of their being bonded, and such other information as may be deemed necessary for determining suitability for holding a concealed handgun permit.

J. Special officer commissions shall be valid only for a period of one year from the date of their issuance. However, special officer commissions issued to employees of the department shall be valid until revoked by the superintendent. Special officer commissions issued to judges shall be valid for the length of their term of office.

K. For the purposes of this Section, "handgun" is defined as meaning any pistol or revolver originally designed to be fired by the use of a single hand and which is designed to fire or is capable of firing fixed cartridge ammunition.

L. No provision of this Section or of any regulation of the superintendent of state police shall be construed to require persons holding bona fide law enforcement officer commissions to possess a handgun permit.

M. Anyone in possession of a concealed handgun permit issued by the superintendent who uses a handgun in a task not directly related to the stipulations set forth in the permit shall be fined not more than five hundred dollars, or imprisoned for not more than six months, or both.

N.(1) Notwithstanding the provisions of Subsections A, B, C, and D of this Section, the deputy secretary of public safety services shall issue a special officer's commission to the sergeant at arms or assistant sergeants at arms of the Senate or the House of Representatives or a capitol security officer when directed to do so by the president of the Senate or the speaker of the House of Representatives. The deputy secretary shall not determine eligibility for a special officer's commission under this Subsection, which determination shall be made solely by the president of the Senate or the speaker of the House of Representatives.

(2) Commissions under this Subsection shall not exceed the term of the president of the Senate or the speaker of the House of Representatives, according to the length of the remaining term of the respective party.

RS 40:1379.1.1 — Concealed handgun permit issued by sheriffs; reciprocity; contiguous parishes

hall be valid only within the boundaries of the parish in which the sheriff has jurisdiction, unless the sheriff has entered into a reciprocity agreement as provided for in Subsection B of this Section.

(2) Upon application, the sheriff's office shall perform a standard criminal record check. The officer who performed the standard criminal record check shall not be liable for acts committed by the permittee, unless the officer had actual personal knowledge at the time he issued the permit that the permittee was mentally unstable or disqualified by law from possessing a firearm.

B.(1) A sheriff may enter into a reciprocity agreement with any sheriff of a contiguous parish that shall authorize both sheriffs to issue concealed handgun permits to persons meeting the criteria provided for in Subsection C of this Section. Those permits issued pursuant to this Subsection shall be valid within the boundaries of the participating contiguous parishes. The agreement shall specify the terms of use regarding the issuance of the concealed handgun permits and any other restrictions deemed appropriate by the sheriffs.

(2) If a sheriff enters into a reciprocity agreement with any sheriff in a contiguous parish, no concealed handgun permits shall be issued to any person pursuant to Subsection A of this Section.

(3) Any concealed handgun permit issued pursuant to this Subsection shall be null, void, and of no effect if the permittee does not meet the criteria provided for in Subsection C of this Section.

C. To qualify for a concealed handgun permit issued by a sheriff who has entered into a reciprocity agreement with a sheriff of a contiguous parish, the applicant shall meet all of the following requirements:

(1) Make sworn application to the sheriff in the same manner provided for in R.S. 40:1379.3(C)(1) in which a concealed weapons permit application is made to the secretary of public safety services of the Department of Public Safety and Corrections.

(2) Meet the same qualifications for the issuance of a concealed handgun permit pursuant to the provisions of R.S. 40:1379.3(C).

(3) Demonstrate competence with a handgun in the same manner provided for in R.S. 40:1379.3(D) in which a concealed weapons permit application is made to the secretary of public safety services of the Department of Public Safety and Corrections.

D.(1) Any information in an application for a concealed handgun permit or any information provided in connection with the application submitted to the sheriff's office pursuant to the provisions of this Section shall be held confidential and shall not be subject to any public records request nor shall the information be considered as a public record pursuant to R.S. 44:1 et seq. The sheriff shall not be required to release any list of persons who applied for or received a permit for a concealed handgun pursuant to this Section; however, nothing in this Section shall limit or impede the exchange of information between law enforcement agencies, prohibit the sheriff from releasing information necessary to perform a background investigation, provide statistical information that does not identify individual applicants or permittees, or release information in response to an appropriate law enforcement function as determined by the issuing sheriff.

(2) Absent a valid court order requiring the release of information, or unless an applicant or a recipient of a concealed handgun permit is charged with a felony offense involving the use of a handgun, it shall be unlawful for any employee of the sheriff's office to intentionally release or disseminate for publication any information contained in an application for a

concealed handgun permit or any information regarding the identity of any person who applied for or received a concealed handgun permit issued pursuant to this Section. A person who violates the provisions of this Paragraph shall be fined not more than five hundred dollars, imprisoned for not more than six months, or both.

(3)(a) Subject to the provisions of Paragraph (2) of this Subsection, it shall be unlawful for any person to intentionally release, disseminate, or make public in any manner any information contained in an application for a concealed handgun permit or any information regarding the identity of any person who applied for or received a concealed handgun permit issued pursuant to this Section. Any person except as provided for in Paragraph (2) of this Subsection, who violates the provisions of this Paragraph shall be fined ten thousand dollars and may be imprisoned for not more than six months.

(b) The provisions of this Paragraph shall not apply to the release of information under any of the following circumstances:

(i) A valid court order requires the release of the information.

(ii) The information released identifies a concealed handgun permit holder or applicant who is charged with a felony offense involving the use of a handgun.

(iii) The information regarding a concealed handgun permit applicant or holder is released pursuant to the express approval for the release of such information by that permit applicant or holder.

(iv) The information regarding a concealed handgun permit holder or applicant has been made public by that concealed handgun permit holder or applicant.

E.(1) A sheriff who issues a concealed handgun permit pursuant to the provisions of Subsection B of this Section shall require an applicant to comply with the requirements of Subsection C of this Section and shall charge the fee in the amount set forth in R.S. 40:1379.3(H)(2).

(2) A sheriff who issues a concealed handgun permit pursuant to this Section shall revoke the permit if the permit holder violates any provision as provided for in R.S. 40:1379.3(F).

F. The provisions of this Section shall not invalidate any permit to carry a concealed handgun that was issued by a sheriff prior to August 1, 2013.

RS 40:1379.1.2 — Special officers commission; rail police officers

ce to any person who is employed by a rail carrier as a rail police officer in accordance with 49 U.S.C. §28101.

B. A rail police officer issued a special officer's commission shall maintain current certification pursuant to the Council on Peace Officer Standards and Training.

C. The superintendent of state police shall be authorized to perform any of the following acts:

(1) Determine eligibility to receive a special officer's commission.

(2) Revoke any special officer's commission for cause.

(3) Require those rail police officers holding special officer's commissions to furnish proof of being bonded.

(4) Require submission of any information that is deemed necessary for determining suitability for holding a special officer's commission.

D. A special officer's commission issued to a rail police officer pursuant to the provisions of this Section shall be in effect at all times and to the extent of the authority of a certified or commissioned police officer pursuant to the laws of this state for the purpose of enforcing the laws in any jurisdiction in which the rail carrier owns property and provides protection for the following:

(1) Employees, passengers, or patrons of the rail carrier.

(2) Property, equipment, and facilities owned, leased, operated, or maintained by the rail carrier.

(3) Property moving in interstate or foreign commerce in the possession of the rail carrier.

(4) Personnel, equipment, and material moving by rail that are vital to national defense.

E. Special officer commissions issued pursuant to the provisions of this Section shall be valid for a period of one year from the date of their issuance.

F. The Department of Public Safety and Corrections may promulgate and adopt regulations with respect to the issuance of the special officer's commissions for rail police officers.

RS 40:1379.1.3 — Carrying of concealed firearms by qualified law enforcement officers

he rules and regulations or policies of the agency or office

employing the individual, an individual who is a qualified law enforcement officer and who is carrying the identification required by his office as a law enforcement officer, may carry a concealed firearm anywhere in the state, including any place open to the public, whether the officer is on duty or not, and regardless of whether the officer is engaged in the actual discharge of his duties.

B. As used in this Section, the term "qualified law enforcement officer" means a law enforcement officer who meets all of the following requirements:

- (1) Is an active, full-time employee of a state or municipal law enforcement agency or sheriff's office and is certified in the use of firearms by the Peace Officer Standards and Training Council.
- (2) Is authorized by law to engage in or supervise the prevention, detection, investigation, or prosecution of, or the incarceration of any person for, any violation of law, and has statutory powers of arrest or apprehension.
- (3) Is authorized by the employing agency to carry a firearm in accordance with the agency's rules and regulations.
- (4) Is not the subject of any disciplinary action by the agency which could result in suspension or loss of police powers.
- (5) Meets standards, if any, established by the agency which require the employee to regularly qualify in the use of a firearm.
- (6) Is not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
- (7) Is not prohibited by federal law from receiving a firearm.

C. The identification required by this Section is the photographic identification credential issued by the law enforcement agency for which the individual is employed that identifies the employee as a law enforcement officer of the agency.

D. No business organization shall deny entry or otherwise prohibit a qualified law enforcement officer who is lawfully carrying a concealed firearm from entering a venue.

E. As used in this Section:

- (1) "Business organization" means a sole proprietorship, partnership, corporation, limited liability company, or other business association recognized by the Internal Revenue Service.
- (2) "Venue" means a physical location open to the public that is operated, managed, owned by, or otherwise under the control or authority of a business organization.

F. A business organization operating a venue shall be subject to a civil fine of one thousand dollars per occurrence to be paid to the Department of Justice for each violation of the provisions of Subsection D of this Section. Each violation of Subsection D of this Section shall constitute a separate offense. The attorney general shall have the authority to bring a civil action arising out of any violation of the provisions of Subsection D of this Section, in addition to any other authority granted by the Constitution of Louisiana and laws of this state.

G. The court shall assess all court costs, including attorney fees, incurred in the

institution of the action authorized by Subsection F of this Section against the subject of the action for any violation of the provisions of Subsection D of this Section.

RS 40:1379.1.4 — Carrying of concealed firearms by qualified retired law enforcement officers

ect to the rules and regulations or policies of the agency or office from which the individual has retired, an individual who is retired from service as a qualified law enforcement officer and who was commissioned by the agency or office from which he retired and is carrying the identification required by his office as a retired law enforcement officer, may carry a concealed firearm anywhere in the state, including any place open to the public.

B. As used in this Section, the term "qualified retired law enforcement officer" means an individual who meets all of the following:

- (1) Separated from service in good standing from a law enforcement agency as a qualified law enforcement officer. For purposes of this Section, an officer is in "good standing" unless the officer is the subject of an internal investigation for which the presumptive penalty, if the investigation is disposed of as "sustained", is termination.
- (2) Before such separation, was an active, full-time employee or reserve officer of a state or municipal law enforcement agency or sheriff's office and is certified in the use of firearms by the Peace Officer Standards and Training Council.
- (3) Was authorized by law to engage in or supervise the prevention, detection, investigation, or prosecution of, or the incarceration of any person for, any violation of law, and had statutory powers of arrest.
- (4)(a) Before such separation, served as a law enforcement officer for an aggregate of twelve years or more; or
- (b) Separated from service with such agency after completing any applicable probationary period of such service due to a service-connected disability, as determined by such agency.
- (5) Qualifies annually in the use of firearms by the Peace Officer Standards and Training Council and has proof of such certification or was properly certified by the Council on Peace Officer Standards and Training at the time of retirement, in accordance with R.S. 40:1379.3(D)(1)(f).
- (6)(a) Has not been officially found by a qualified medical professional employed by the agency to be unqualified for reasons relating to mental or physical health and as a result of this finding will not be issued the photographic identification as described in Subsection C of this Section; or
- (b) Has not entered into an agreement with the agency from which the individual separated from service in which that individual acknowledged he or she was not qualified under this Section for reasons relating to mental or physical health and for those reasons did not receive or accept the photographic identification as described in Subsection C of this Section.
- (7) Is not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
- (8) Is not prohibited by federal law from receiving a firearm.

C. The identification required by this Section is the photographic identification credential issued by the agency from which the individual separated from service as a law enforcement officer that identifies the person as having been employed as a law enforcement officer.

D. The sheriff, chief law enforcement officer, or head of the office or agency from which the individual has retired shall issue identification required by the provisions of this Section to each individual who meets the qualifications set forth in Subsection B of this Section.

E. The provisions of this Section shall not permit an individual who is retired from service as a qualified law enforcement officer the ability to carry a concealed firearm in another state without proper qualification under the provisions of 18 U.S.C. 926C.

F. For the purposes of this Section, "reserve officer" means a reserve or auxiliary municipal police officer who meets all of the qualifications provided in R.S. 14:95(G)(3).

G. No business organization shall deny entry or otherwise prohibit a qualified retired law enforcement officer who is lawfully carrying a concealed firearm from entering a venue.

H. As used in this Section:

(1) "Business organization" means a sole proprietorship, partnership, corporation, limited liability company, or other business association recognized by the Internal Revenue Service.

(2) "Venue" means a physical location open to the public that is operated, managed, owned by, or otherwise under the control or authority of a business organization.

I. A business organization operating a venue shall be subject to a civil fine of one thousand dollars per occurrence to be paid to the Department of Justice for each violation of the provisions of Subsection G of this Section. Each violation of Subsection G of this Section shall constitute a separate offense. The attorney general shall have the authority to bring a civil action arising out of any violation of the provisions of Subsection G of this Section, in addition to any other authority granted by the Constitution of Louisiana and laws of this state.

J. The court shall assess all court costs, including attorney fees, incurred in the institution of the action authorized by Subsection I of this Section against the subject of the action for any violation of the provisions of Subsection G of this Section.

RS 40:1379.1.5 — Conflict provision

s of R.S.

40:1797 shall control.

RS 40:1379.1.6 — Tactical medical professionals

cted by a law

enforcement agency to provide direct support to a tactical law enforcement unit by providing medical services at high-risk incidents, including but not limited to hostage incidents, narcotics raids, hazardous surveillance, sniper incidents, armed suicidal persons, barricaded suspects, high-risk felony warrant services, fugitives refusing to surrender, and active shooter incidents.

B. While actively operating in direct support of a tactical operation by a tactical law enforcement unit, a tactical medical professional may carry a firearm in the same manner as

a law enforcement officer at any place a tactical law enforcement operation occurs if all of the following conditions are met:

- (1) The tactical medical professional is lawfully able to possess firearms and has an active concealed weapons permit issued pursuant to R.S. 40:1379.3.
- (2) The tactical medical professional is appointed to a tactical law enforcement unit of a law enforcement agency by the head of the law enforcement agency.
- (3) The law enforcement agency has an established policy providing for the appointment, training, and deployment of the tactical medical professional.
- (4) The tactical medical professional has successfully completed firearm safety training and tactical training as established or designated by the appointing law enforcement agency.
- (5) The law enforcement agency provides, and the tactical medical professional participates in, annual firearm training and tactical training.

C. While actively operating in direct support of a tactical operation by a tactical law enforcement unit, a tactical medical professional:

- (1) Has no duty to retreat and is justified in the use of any force which he reasonably believes is necessary to defend himself or another from bodily harm.
- (2) Has the same immunities and privileges as a law enforcement officer in any civil or criminal action arising out of a tactical law enforcement unit operation when acting within the scope of his official duties.

D. The provisions of this Section shall not be construed to authorize a tactical medical professional to carry, transport, or store any firearm or ammunition on any fire apparatus or EMS vehicle.

E. The appointing law enforcement agency shall issue any firearm or ammunition that the tactical medical professional carries in accordance with this Section.

RS 40:1379.2 — Civil defense officers' commissions for local civil defense directors; powers and duties

issue a special officer's commission from the office of state police through the Military Department, State of Louisiana, to each director of a local organization for civil defense appointed under the provisions of R.S. 29:608 which shall be termed a civil defense officer's commission. Such civil defense officer's commission shall be valid only during emergency situations in which the assistance of the civil defense organization is necessary.

B. The civil defense officer shall have the same powers and duties as a peace officer except for the power to arrest or utilize a weapon in carrying out his duties; provided, however, that when not performing those tasks directly related to the civil defense officer's commission, he shall be regarded as a private citizen and his commission shall not be in effect.

C. The deputy secretary of the Department of Public Safety may promulgate and adopt regulations providing with respect to the issuance and use of a civil defense officer's commission which shall not be inconsistent with the duties of a civil defense director. Every civil defense officer's commission issued under the provisions of this Section shall expire whenever any person who has received such commission ceases to be the director of a local organization for civil defense appointed under the provisions of R.S. 29:608.

RS 40:1379.3 — Statewide permits for concealed handguns; application procedures; definitions

ervices of the Department of Public Safety and Corrections shall

issue a concealed handgun permit to any person who qualifies for a permit under the provisions of this Section and may promulgate rules and adopt regulations regarding concealed handgun permits in accordance with the Administrative Procedure Act. The

permit shall contain a permit number, expiration date, photograph, and the name, address, and date of birth of the permittee.

(2) Any information in any application for a concealed handgun permit or any information provided in connection with the application submitted to the deputy secretary of public safety services of the Department of Public Safety and Corrections under the provisions of this Section shall be held confidential and shall not be subject to any public records request nor shall the information be considered as a public record pursuant to R.S. 44:1 et seq. The Department of Public Safety and Corrections shall not release any list of persons who applied for or received a permit for a concealed handgun pursuant to this Section. However, nothing contained herein shall limit or impede the free flow of information between law enforcement agencies, prohibit the department from releasing information necessary to perform the background investigation, or provide statistical information which does not identify individual applicants or permittees.

(3)(a) Absent a valid court order requiring the release of information, or unless an applicant or a recipient of a concealed handgun permit is charged with a felony offense involving the use of a handgun, it shall be unlawful for any employee of the Department of Public Safety and Corrections or any law enforcement officer to intentionally release or disseminate for publication any information contained in an application for a concealed handgun permit or any information regarding the identity of any person who applied for or received a concealed handgun permit issued pursuant to this Section. A person who violates the provisions of this Subparagraph shall be fined not more than five hundred dollars, imprisoned for not more than six months, or both.

(b)(i) It shall be unlawful for any person other than an employee of the Department of Public Safety and Corrections or a law enforcement officer to intentionally release, disseminate, or make public in any manner any information contained in an application for a concealed handgun permit or any information regarding the identity of any person who applied for or received a concealed handgun permit issued pursuant to this Section. Any person who violates the provisions of this Subparagraph shall be fined ten thousand dollars and may be imprisoned for not more than six months.

(ii) The provisions of this Subparagraph shall not apply to the release of information under any of the following circumstances:

(aa) A valid court order requires the release of the information.

(bb) The information released identifies a concealed handgun permit holder or applicant who is charged with a felony offense involving the use of a handgun.

(cc) The information regarding a concealed handgun permit applicant or holder is released pursuant to the express approval for the release of such information by that permit applicant or holder.

(dd) The information regarding a concealed handgun permit holder or applicant has been made public by that concealed handgun permit holder or applicant.

B.(1) A concealed handgun permit shall be issued only to a person who qualifies for a permit under the provisions of this Section. A concealed handgun permit issued pursuant to the provisions of this Section shall grant authority to a person to carry a concealed

handgun on his person.

(2)(a) A person who meets the qualifications of R.S. 14:95(M) shall not be required to possess a valid concealed handgun permit issued by the state of Louisiana pursuant to the provisions of this Section in order to carry a concealed handgun in the state of Louisiana.

(b) Any person carrying a concealed firearm pursuant to this Paragraph shall be deemed to have certified that he meets all of the conditions required in R.S. 14:95(M).

C. To qualify for a concealed handgun permit, a person shall:

(1)(a) Make sworn application to the deputy secretary of public safety services of the Department of Public Safety and Corrections. The providing of false or misleading information on the application or any documents submitted with the application shall be grounds for the denial or revocation of a concealed handgun permit. The application shall reflect training in pistols, revolvers, or both. Any permittee under this Section shall notify the department of any address or name change within thirty days of the change. Failure to timely notify the department of a name or address change may result in suspension of the permit for up to thirty days.

(b) In the case of an applicant who is not a United States citizen, the applicant shall provide any alien or admission number issued by the United States Bureau of Immigration and Customs Enforcement and any basis, if applicable, for an exception to the prohibitions of 18 U.S.C. 922(g)(5)(B).

(2) Agree in writing to hold harmless and indemnify the department, the state, or any peace officer for any and all liability arising out of the issuance or use of the concealed handgun permit.

(3) Repealed by Acts 2025, No. 273, §2.

(4) Be twenty-one years of age or older.

(5) Not suffer from a mental or physical infirmity due to disease, illness, or intellectual disability which prevents the safe handling of a handgun.

(6) Not be ineligible to possess a firearm by virtue of having been convicted of a felony. A conviction for a felony offense which has been expunged prior to August 1, 2014, pursuant to the provisions of R.S. 44:9 or on or after August 1, 2014, pursuant to Title XXXIV of the Code of Criminal Procedure shall not be considered a conviction for the purposes of this Paragraph if ten years have elapsed since the completion of the person's probation, parole, or suspended sentence. However, the provisions of this Paragraph shall not apply to a conviction for a crime of violence as defined in R.S. 14:2(B) even if that conviction has been expunged. A conviction for which a person has been pardoned by the governor shall not be considered a conviction for purposes of this Paragraph, unless that pardon expressly provides that the person may not ship, transport, possess, or receive firearms.

(7) Not have been committed, either voluntarily or involuntarily, for the abuse of a controlled dangerous substance, as defined by R.S. 40:961 and 964, or been found guilty of, or entered a plea of guilty or nolo contendere to a misdemeanor under the laws of this state or similar laws of any other state relating to a controlled dangerous substance within a five-year period immediately preceding the date on which the application is submitted, or be

presently charged under indictment or a bill of information for such an offense.

(8) Not chronically and habitually use alcoholic beverages to the extent that his normal faculties are impaired. It shall be presumed that an applicant or permittee chronically and habitually uses alcoholic beverages to the extent that his normal faculties are impaired if the applicant has been admitted, either voluntarily or involuntarily, for treatment as an alcoholic within the five-year period immediately preceding the date on which the application is submitted, or at any time after the application has been submitted.

(9) Not have entered a plea of guilty or nolo contendere to or been found guilty of a crime of violence as defined in R.S. 14:2 at the misdemeanor level, unless five years have elapsed since completion of sentence or any other conditions set by the court have been fulfilled, or unless the conviction was set aside and the prosecution dismissed, prior to the date on which the application is submitted.

(10) Not have been convicted of, have entered a plea of guilty or nolo contendere to, or not be charged under indictment or a bill of information for any crime of violence or any crime punishable by imprisonment for a term of one year or greater. However, a person who has been convicted of a violation of 18 U.S.C. 491(a) shall be permitted to qualify for a concealed handgun permit if fifteen or more years has elapsed between the date of application and the successful completion or service of any sentence, deferred adjudication, or period of probation or parole. A conviction for a felony offense which has been expunged prior to August 1, 2014, pursuant to the provisions of R.S. 44:9 or on or after August 1, 2014, pursuant to Title XXXIV of the Code of Criminal Procedure shall not be considered a conviction for the purposes of this Paragraph if ten years have elapsed since the completion of the person's probation, parole, or suspended sentence. However, the provisions of this Paragraph shall not apply to a conviction for a crime of violence as defined in R.S. 14:2(B) even if that conviction has been expunged. A conviction for which a person has been pardoned by the governor shall not be considered a conviction for purposes of this Paragraph, unless that pardon expressly provides that the person may not ship, transport, possess, or receive firearms.

(11) Not be a fugitive from justice.

(12) Not be an unlawful user of, or addicted to, marijuana, depressants, stimulants, or narcotic drugs.

(13) Not have been adjudicated to be mentally deficient or been committed to a mental institution, unless the person's right to possess a firearm has been restored pursuant to R.S. 28:57.

(14) Not be an illegal alien in the United States.

(15) Not have been discharged from the Armed Forces of the United States with a discharge characterized as "Under Other than Honorable Conditions", a "Bad Conduct Discharge", or a "Dishonorable Discharge". In the case of Commissioned Officers and Warrant Officers of the United States Armed Forces, the punishment of "Dismissal" rendered subject to a verdict of "guilty" at a trial by military court-martial is deemed to be disqualifying under this Paragraph. For the purposes of this Paragraph, the United States Coast Guard is considered an armed force.

(16) Not have a history of engaging in violent behavior. There shall be a rebuttable presumption that an applicant has a history of engaging in violent behavior upon proof that, within a ten-year period immediately preceding the date of the application, the applicant has been arrested or charged on three or more occasions for any crime of violence as defined in R.S. 14:2(B), or has been arrested or charged on two or more occasions for any crime of violence that may be punished by death.

(17) Not be ineligible to possess or receive a firearm under 18 U.S.C. 922(g) or (n).

(18) Not have had a permit denied within one year prior to the most recent application.

(19) Not have had a permit revoked within four years prior to the most recent application.

D.(1) In addition to the requirements of Subsection C of this Section, an applicant shall demonstrate competence with a handgun by any one of the following:

(a) Completion of any National Rifle Association handguns safety or training course conducted by a National Rifle Association certified instructor within the preceding twelve months.

(b) Completion of any Department of Public Safety and Corrections approved firearms safety or training course or class available to the general public offered by a law enforcement agency, college, or private or public institution or organization or firearms training school within the preceding twelve months.

(c) Completion of any law enforcement firearms safety or training course or class approved by the Department of Public Safety and Corrections and offered for correctional officers, investigators, special deputies, or any division or subdivision of law enforcement or security enforcement within the preceding twelve months.

(d) Possession of a current valid license to carry a concealed weapon issued by a parish law enforcement officer.

(e) Completion of any firearms training or safety course or class approved by the Department of Public Safety and Corrections within the preceding twelve months.

(f) Completion of a law enforcement training academy program certified by the Council on Peace Officer Standards and Training. However, any person retired from full-time service as a Louisiana peace officer need only demonstrate that he was properly certified by the Council on Peace Officer Standards and Training at the time of retirement.

(g) Completion of small arms training within the preceding sixty months while serving with the armed forces of the United States as evidenced by any of the following:

(i) For personnel released or retired from active duty, possession of an "Honorable Discharge" or "General Discharge Under Honorable Conditions" as evidenced by a Department of Defense Form 214 (DD-214).

(ii) For personnel on active duty or serving in one of the National Guard or reserve components of the Armed Forces, possession of certification of completion of basic training with service record evidence of having successfully completed small arms training and qualification.

(h) The National Rifle Association's personal protection course.

(i) For personnel released or retired from active duty or the National Guard or reserve components of the Armed Forces for more than sixty months, possession of proof indicating combat service and an "Honorable Discharge" or "General Discharge Under Honorable Conditions" as evidenced by a Department of Defense Form 214 (DD-214) and completion of the following:

(i) A three-hour course of instruction on the use of deadly force and conflict resolution which shall include a review of R.S. 14:18 through 22 and which may include a review of any other laws relating to the use of deadly force within the preceding sixty months.

(ii) A one-hour course of instruction on child access prevention within the preceding sixty months.

(j) Completion of any United States Concealed Carry Association handgun safety or training course conducted by a United States Concealed Carry Association certified instructor within the preceding twelve months.

(2)(a) Instructors for any class, training, or course of instruction authorized by this Subsection, except for small arms training in military service as provided in Subparagraph (1)(g) of this Subsection, shall be certified by any of the following:

(i) The Council on Peace Officer Standards and Training as a firearms instructor.

(ii) The National Rifle Association as an instructor for Basic Pistol Shooting, Personal Protection in the Home, Carrying a Concealed Weapon, or Personal Protection Outside the Home.

(iii) The National Rifle Association Law Enforcement Division as an instructor for courses involving the teaching of handguns.

(iv) The United States Concealed Carry Association as an instructor for Home Defense and Concealed Carry Fundamentals or Defensive Shooting Fundamentals.

(v) The Federal Law Enforcement Training Center's Firearms Instructor Training Program or other federal agency firearms instructor course consisting of at least forty hours of instruction.

(vi) Other instructor certification programs approved by the Department of Public Safety and Corrections.

(b) Any safety or training course or class as described in this Subsection, except for basic handgun training in military service provided in Subparagraph (1)(g) of this Subsection, shall include instruction in child access prevention, a demonstration by the applicant of shooting proficiency, and safe handling of a handgun.

(3) Any live range fire training required to demonstrate competency as authorized by the provisions of this Subsection may use live ammunition or fixed-case marking projectiles capable of being fired from a handgun.

E.(1) A photocopy of a certificate of completion of any of the courses or classes, or an affidavit from the instructor, school, club, organization, or group that conducted or taught said course or class attesting to the completion of the course or class by the applicant, or a copy of any document which shows completion of the course or class or confirms participation in firearms competition or honorable discharge shall constitute evidence of

qualification pursuant to Subsection D of this Section.

(2) It shall be illegal to intentionally present false, fraudulent, altered, or counterfeit documents to prove training in handguns in order to obtain a concealed handgun permit. Whoever intentionally presents false, fraudulent, altered, or counterfeit documents to prove training in handguns in order to obtain a concealed handgun permit shall be fined not more than one thousand dollars or imprisoned for not more than six months, or both. In addition, no person convicted of a violation of this Subsection shall be eligible to obtain a permit.

F.(1) The deputy secretary shall revoke the permit if at any time during the permit period the permittee fails to satisfy any one of the qualification requirements provided for in Subsection C of this Section.

(2) The deputy secretary shall revoke the permit for a violation of Subsection I of this Section or R.S. 40:1382.

G. Neither the state, the deputy secretary of public safety services, nor any applicable permitting process employee of the Department of Public Safety and Corrections shall be liable for acts committed by the permittee, unless the deputy secretary or applicable permitting process employee had actual knowledge at the time the permit was issued that the permittee was disqualified by law from carrying a concealed handgun.

H.(1) The deputy secretary of public safety services of the Department of Public Safety and Corrections shall, within two working days of the initial application, notify the chief of police of the municipality and the chief law enforcement officer of the parish in which the applicant is domiciled of such application. Those officers shall have ten days to forward to the deputy secretary any information relating to the applicant's legal qualification to receive a permit.

(2) The deputy secretary of public safety services of the Department of Public Safety and Corrections shall issue timely and without delay the concealed handgun permit to all qualified applicants, which permit shall be for a term of five years, at a cost of twenty-five dollars per year, and which shall be valid in all parishes statewide. The division may promulgate rules for the purpose of providing for permits and fees for fewer than five years to the applicants requesting a shorter time period. Fees may be reduced proportionately for terms of fewer than five years. The permit shall be retained by the permittee who shall immediately produce it upon the request of any law enforcement officer.

(3) Anyone who violates the provisions of this Subsection shall be fined not more than one hundred dollars.

I.(1) No individual to whom a concealed handgun permit is issued or a person carrying a weapon pursuant to R.S. 14:95(M) may carry and conceal such handgun while under the influence of alcohol or a controlled dangerous substance. While a permittee is under the influence of alcohol or a controlled dangerous substance, an otherwise lawful permit is considered automatically suspended and is not valid. A permittee or any person carrying a concealed handgun shall be considered under the influence as evidenced by a blood alcohol reading of .05 percent or greater by weight of alcohol in the blood, or when a blood test or urine test shows any confirmed presence of a controlled dangerous substance as defined in R.S. 40:961 and 964.

(2) A permittee armed with a handgun in accordance with this Section or a person carrying a weapon pursuant to R.S. 14:95(M) shall notify any police officer who approaches the individual in an official manner or with an identified official purpose that the individual has a weapon on his person, submit to a pat down, and allow the officer to temporarily disarm him. Whenever a law enforcement officer is made aware that an individual is carrying a concealed handgun and the law enforcement officer has reasonable grounds to suspect that the individual is under the influence of either alcohol or a controlled dangerous substance, the law enforcement officer may take temporary possession of the handgun, reasonably detain the individual, and request submission of the individual to a department-certified chemical test for determination of the chemical status of the individual. Whenever a law enforcement officer reasonably suspects or is made aware that an individual is behaving in a criminally negligent manner as defined under the provisions of this Section, or is negligent in the carrying of a concealed handgun as provided for in R.S. 40:1382, the law enforcement officer may frisk for and seize the handgun, until adjudication by a judge, if the individual is issued a summons or arrested under the provisions of R.S. 40:1382. Failure by the permittee to comply with the provisions of this Paragraph shall result in a six-month automatic suspension of the permit. A person carrying a concealed handgun pursuant to R.S. 14:95(M) who fails to comply with the provisions of this Paragraph shall be subject to the penalties provided in Subsection L of this Section.

(3) The permit to carry a concealed handgun shall be revoked by the deputy secretary when the permittee is carrying and concealing a handgun under any of the following circumstances:

(a) The blood alcohol reading of a permittee is .05 percent or greater by weight of alcohol in the blood.

(b) A permittee's blood test or urine test shows the confirmed presence of a controlled dangerous substance as defined in R.S. 40:961 and 964.

(c) A permittee refuses to submit to a department-certified chemical test when requested to do so by a law enforcement officer pursuant to Paragraph (2) of this Subsection.

(d) An individual is found guilty of negligent carrying of a concealed handgun as provided for in R.S. 40:1382.

(4) The person tested may have a physician or a qualified technician, chemist, registered nurse, or other qualified person of his own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer, and he shall be given the opportunity to telephone and request the qualified person to administer such test.

(5) Whenever a peace officer determines that grounds under this Subsection exist for the revocation of a concealed handgun permit, he shall prepare an affidavit, on a form provided by the Department of Public Safety and Corrections, indicating the reasons for the revocation and all other information regarding the revocation available to the officer. A copy of the peace officer's report relating to the incident shall be attached to the affidavit when submitted to the department.

(6) No permit shall be suspended or revoked solely upon the basis of an arrest for a

violation of R.S. 14:98.1.

J. For the purposes of this Section, the following terms shall have the meanings ascribed herein:

- (1) "Crime of violence" means a crime as defined in R.S. 14:2(B).
- (2) "Criminal negligence" means there exists such disregard of the interest of others that the license holder's conduct amounts to a gross deviation below the standard of care expected to be maintained by a reasonably careful man under like circumstances.
- (3) "Handgun" means a type of firearm commonly referred to as a pistol or revolver originally designed to be fired by the use of a single hand and which is designed to fire or is capable of firing fixed cartridge ammunition. The term "handgun" shall not include shotguns or rifles that have been altered by having their stocks or barrels cut or shortened.
- (4) "Resident" means a person who is legally domiciled in Louisiana. An individual shall prove legal domicile by providing a copy of a valid Louisiana driver's license or an official Louisiana identification card. Notwithstanding anything in this Section to the contrary, a person who maintains a dwelling in this state but is residing elsewhere as a member of the United States military or as a student is still considered to be a resident for the purposes of this Section.

K. The department shall execute a thorough background investigation, including a criminal history check, of every applicant for the purpose of verifying the qualifications of the applicant pursuant to the requirements of this Section. For purposes of this Subsection, a background check shall be defined as a computer check of available on-line state records, and, if warranted, the fingerprints may be forwarded to the Federal Bureau of Investigation for a national criminal history record check. In addition, the department shall submit an inquiry on every applicant to the National Instant Criminal Background Check System of the Federal Bureau of Investigation.

- L.(1) Anyone who carries and conceals a handgun in violation of any provision of this Section, unless authorized to do so by another provision of the law, shall be fined not more than five hundred dollars, or imprisoned for not more than six months, or both.
- (2) Anyone who carries a concealed handgun in violation of any provision of this Section in the area within the boundaries of the French Quarter Management District as established in R.S. 25:799 shall be fined not less than five hundred dollars nor more than one thousand dollars, or be imprisoned for not more than six months, or both.

M. No concealed handgun may be carried into and no concealed handgun permit shall be valid or entitle any permittee to carry a concealed handgun in any facility, building, location, zone, or area in which firearms are banned by state or federal law.

N. No concealed handgun may be carried into and no concealed handgun permit issued pursuant to this Section shall authorize or entitle a permittee to carry a concealed handgun in any of the following:

- (1) A law enforcement office, station, or building.
- (2) A detention facility, prison, or jail.
- (3) A courthouse or courtroom, provided that a judge may carry such a weapon in his own courtroom.

(4) A polling place.

(5) A municipal building or other public building or structure, only if the building or structure is utilized as the meeting place of the governing authority of a political subdivision.

(6) The state capitol building.

(7) Any portion of an airport facility where the carrying of firearms is prohibited under federal law, except that no person shall be prohibited from carrying any legal firearm into the terminal, if the firearm is encased for shipment, for the purpose of checking such firearm as lawful baggage.

(8) Any church, synagogue, mosque, or other similar place of worship, eligible for qualification as a tax-exempt organization under 26 U.S.C. 501, unless authorized by the person who has authority over the administration of the church, synagogue, mosque, or other similar place of worship.

(9)(a) A parade or demonstration for which a permit is issued by a governmental entity when the permittee or person is an active participant in such parade or demonstration.

(b) The provisions of this Paragraph shall not apply to a bystander or spectator who attends a parade or demonstration for which a permit is issued by a governmental entity.

(10) Any portion of the permitted area of an establishment that has been granted a Class A-General retail permit, as defined in Part II of Chapter 1 or Part II of Chapter 2 of Title 26 of the Louisiana Revised Statutes of 1950, to sell alcoholic beverages for consumption on the premises.

(11) Any school, school campus, or school bus as defined in R.S. 14:95.6.

O.(1) The provisions of Subsection N of this Section shall not limit the right of a property owner, lessee, or other lawful custodian to prohibit or restrict access of those persons possessing a concealed handgun pursuant to a permit issued under this Section or a person lawfully carrying a handgun pursuant to R.S. 14:95(M).

(2) No individual to whom a concealed handgun permit is issued or who is lawfully carrying a handgun pursuant to R.S. 14:95(M) may carry a concealed handgun into the private residence of another without first receiving the consent of that person.

P. Within three months of April 19, 1996, the Department of Public Safety and Corrections shall promulgate rules and regulations in accordance with the Administrative Procedure Act to provide an appeal process in the event that an applicant is denied issuance of a permit. The department may also promulgate educational requirements for renewal of concealed handgun permits.

Q. The provisions of this Section shall not apply to commissioned law enforcement officers.

R.(1) Each permittee, within fifteen days of a misdemeanor or a felony arrest, other than a minor traffic violation, in this state or any other state, shall notify the deputy secretary of public safety services by certified mail. The deputy secretary may suspend, for up to ninety days, the permit of any permittee who fails to meet the notification requirements of this Section.

(2) The Department of Public Safety and Corrections shall submit a report by March

thirty-first of each year to the Senate Committee on Judiciary C and the House Committee on the Administration of Criminal Justice relative to concealed handgun permits. The report shall include information on the number of licenses issued, denied, revoked, or suspended and the reasons for such denial, revocation, or suspension to be categorized by age, sex, race, and zip code of the applicant or licensee. The report shall include data concerning any known accidents or deaths involving permittees.

S. Notwithstanding any other provision of law to the contrary, the department may develop, print, and distribute an informational newsletter relative to concealed handgun permittees, safety training, and related matters.

T.(1) Possession of a current and valid concealed handgun permit issued pursuant to this Section shall constitute sufficient evidence of the background check required pursuant to 18 U.S.C. 922(t) provided that the appropriate waiver has been granted by the Bureau of Alcohol, Tobacco, Firearms and Explosives. A person whose permit has been suspended or revoked by the department and who uses that permit to purchase a firearm from a licensed dealer knowing that the permit has been suspended or revoked shall be fined not more than five hundred dollars or imprisoned for not more than six months, or both.

(2) A current and valid concealed handgun permit issued by another state to an individual having attained the age of twenty-one years shall be deemed to be valid for the out-of-state permit holder to carry a concealed weapon within this state if a current and valid concealed handgun permit issued by Louisiana is valid in those states.

(3) An out-of-state permit holder carrying a concealed handgun pursuant to this Paragraph is bound by the laws of this state regarding carrying a concealed handgun pursuant to a permit issued in accordance with this Section.

(4) A concealed handgun permit issued by another state is invalid in the state of Louisiana for the purpose of authorizing a Louisiana resident to carry a concealed handgun in the state of Louisiana.

(5) The deputy secretary for public safety services shall also have the authority to enter into reciprocity agreements with other states so that full-time active peace officers commissioned in another state shall have the same authority as a person issued a concealed handgun permit pursuant to this Section to carry a concealed handgun while in this state, regardless of whether or not they are in the official discharge of their duties, and full-time active law enforcement officers commissioned in this state shall have the authority to carry a concealed handgun in those states whether or not they are in the official discharge of their duties. An out-of-state law enforcement officer carrying a concealed handgun pursuant to this Paragraph is bound by the laws of this state regarding carrying a concealed handgun pursuant to a permit issued in accordance with this Section.

U. Repealed by Acts 2020, No. 186, §2.

V.(1) Notwithstanding any other provision of law to the contrary, a person who meets the provisions of this Section may be issued a lifetime concealed handgun permit. The term for the lifetime concealed handgun permit shall be for the life of the permit holder.

(2) A person issued a lifetime concealed handgun permit shall be required to meet the qualifications and competency requirements for the issuance of a concealed handgun

permit pursuant to the provisions of Subsections C and D of this Section.

(3) A person issued a lifetime concealed handgun permit shall have a continuing obligation to comply with the provisions of this Section and any other rules or provisions of law regarding the carrying of concealed handguns.

(4)(a) A lifetime concealed handgun permit holder shall provide the division with proof of completion of educational training every five years. The educational training shall include all of the following:

(i) Instruction on handgun nomenclature and safe handling procedures for a revolver and a semiautomatic pistol.

(ii) Instruction on ammunition knowledge and fundamentals of pistol shooting.

(iii) Instruction on handgun shooting positions.

(iv) Instruction on the use of deadly force and conflict resolution which shall include a review of R.S. 14:18 through 22 and which may include a review of any other laws relating to use of deadly force.

(v) Instruction on child access prevention.

(vi) Actual live range fire and proper handgun cleaning procedures:

(aa) Live range fire shall include twelve rounds each at six feet, ten feet, and fifteen feet for a total of thirty-six rounds.

(bb) Each applicant or permittee must perform at least one safe reload of the handgun at each distance.

(cc) Each applicant or permittee must score one hundred percent hits within the silhouette portion of a N.R.A. B-27 type silhouette target with at least thirty-six rounds.

(b) Failure to submit proof of completion of the educational training pursuant to the provisions of this Paragraph shall result in the suspension of the lifetime concealed handgun permit until such time as the lifetime concealed handgun permit holder submits proof of the educational training required in the provisions of this Paragraph.

(5) The deputy secretary of the department shall revoke the lifetime concealed handgun permit if the permittee fails to satisfy the qualifications and requirements of Subsection C of this Section or violates the provisions of Subsection I of this Section.

(6) Repealed by Acts 2025, No. 273, §2.

(7) An applicant for a lifetime concealed handgun permit shall pay the yearly fee provided for in Paragraph (H)(2) of this Section but shall prepay that fee for a total of twenty years at the time the application is made. If the applicant is sixty-five years of age or older, he shall pay the yearly fee provided for in Paragraph (H)(2) of this Section but shall prepay that fee for a total of ten years at the time the application is made.

W.(1) Notwithstanding any provision of law to the contrary, an active duty member or reserve member of the armed forces of the United States shall pay one half of the annual fee provided for in Paragraph (H)(2) of this Section for a five-year permit, or if applying for a lifetime concealed handgun permit, he shall prepay that fee for a total of ten years at the time the application for the lifetime concealed handgun permit is made.

(2) A veteran of the armed forces of the United States shall be exempt from all fees associated with the five-year permit or lifetime concealed carry permit.

(3) For the purposes of this Subsection, "veteran" shall mean any honorably discharged veteran of the armed forces of the United States including reserve components of the armed forces, the Army National Guard, the Air National Guard, the United States Public Health Service Commissioned Corps, and any other category of persons designated by the president in time of war or emergency.

RS 40:1379.3.1 — Concealed Handgun Permit Dedicated Fund Account; assessment and

dollars for a concealed handgun permit with a term of four years, to be submitted with the application to cover the administrative costs of the investigation and other services required to process and issue the permit. An additional fee of fifty dollars may be assessed to cover costs associated with the background check of any individual who resided outside of the state of Louisiana at any time during the fifteen years prior to submission of the application.

(2) Whenever the applicant is sixty-five years of age or older, the fees assessed pursuant to this Subsection shall be one-half of the amount otherwise assessed by the department.

(3) No fee authorized under the provisions of this Section shall be assessed on or collected from any law enforcement officer who is retired from full-time active law enforcement service with at least twelve years service upon retirement, nor assessed on or collected from any enforcement officer of the office of state parks, in the Department of Culture, Recreation and Tourism who is retired from full-time active duty as an enforcement officer provided the retired officer is annually qualified in the use of firearms by the Council on Peace Officer Standards and Training and has on his or her person proof of such qualification. This exception shall not apply to any officer who is medically retired based upon any mental impairment.

B. Fees received by the Department of Public Safety and Corrections as authorized in this Section and fines collected pursuant to R.S. 40:1379.3(L) shall be deposited immediately upon receipt into the state treasury.

C. After compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund, and prior to monies being placed in the state general fund, an amount equal to that deposited as required by Subsection B of this Section shall be credited to a special statutorily dedicated fund account hereby created in the state treasury to be known as the "Concealed Handgun Permit Dedicated Fund Account", hereafter referred to in this Section as the "account". The monies in the account shall be used solely as provided for in Subsection D of this Section and only in the amounts appropriated by the legislature. All unexpended and unencumbered monies in the account at the end of the fiscal year shall remain in the account. The monies in the account shall be invested by the state treasurer in the same manner as monies in the state general fund and interest earned on the investment of these monies shall be credited to the account after compliance with the requirement of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund. Monies deposited into the account shall be categorized as fees and self-generated revenue for the sole purpose of reporting related to the executive budget, supporting documents, and general

appropriation bills and shall be available for annual appropriation by the legislature.

D. The monies in the account shall be used solely for administration of the concealed handgun permit process and for special law enforcement initiatives.

RS 40:1379.3.2 — Temporary concealed handgun permit; protective order; time limitations

cessation of abuse by one family member, household

member, or dating partner pursuant to a court-approved consent agreement or pursuant to the provisions of R.S. 9:361 et seq., R.S. 9:372, R.S. 46:2136, 2151, or 2173, Children's Code Article 1570, Code of Civil Procedure Article 3607.1, or Code of Criminal Procedure Articles 30, 320, or 871.1 and which prohibits the subject of the order from possessing a firearm for the duration of the injunction or protective order pursuant to the provisions of R.S. 46:2136.3 may apply to the deputy secretary of public safety services of the Department of Public Safety and Corrections for the issuance of a temporary concealed handgun permit.

B. When submitting an application for a temporary concealed handgun permit, the applicant shall:

- (1) Make sworn application in person or electronically to the deputy secretary of public safety services of the Department of Public Safety and Corrections. The providing of false or misleading information on the application or any documents submitted with the application shall be grounds for the denial or revocation of a temporary concealed handgun permit.
- (2) Agree in writing to hold harmless and indemnify the department, the state, or any peace officer for any and all liability arising out of the issuance or use of the temporary concealed handgun permit.
- (3) Meet the qualifications for the issuance of a concealed handgun permit as provided for in R.S. 40:1379.3(C); however, an applicant for a temporary concealed handgun permit shall not be required to comply with the provisions of R.S. 40:1379.3(D) upon application.
- (4) Pay the twenty-five dollar fee authorized in R.S. 40:1379.3(H)(2).

C.(1) The holder of a temporary concealed handgun permit shall not be subject to the provisions of R.S. 40:1379.3(D) pending completion of the requisite training for a concealed handgun permit issued pursuant to the provisions of R.S. 40:1379.3, but shall otherwise comply with all other restrictions and provisions of R.S. 40:1379.3.

(2) If the applicant for a temporary concealed handgun permit applies for a concealed handgun permit issued pursuant to the provisions of R.S. 40:1379.3, the twenty-five dollar fee paid shall be applied to the cost of a concealed handgun permit as provided for in R.S. 40:1379.3(H)(2) issued once the temporary concealed handgun permittee completes the requisite training pursuant to R.S. 40:1379.3(D).

D. The temporary concealed handgun permit:

- (1) Is valid only in Louisiana and shall not be considered as satisfying the requirements of reciprocity with any other state concealed firearm provisions.
- (2) Shall not be construed to constitute evidence of a background check required pursuant to 18 U.S.C. 922 prior to the transfer of a firearm as authorized by the provisions of R.S. 40:1379.3(T).

(3) Shall expire forty-five days from the date of issuance.

E. The person issued a temporary concealed handgun permit as provided by the provisions of this Section is authorized to carry a concealed handgun for a period of forty-five days from issuance or until the concealed handgun permit issued pursuant to the provisions of R.S. 40:1379.3 is issued, whichever is less.

F. Failure to carry a copy of the permanent injunction or the protective order at all times the person is carrying the concealed handgun shall render the temporary concealed handgun permit invalid.

G. The department shall conduct a background check as provided for in R.S. 40:1379.3(K) prior to the issuance of a temporary concealed handgun permit.

H. The office of state police shall promulgate rules to implement the provisions of this Section.

RS 40:1379.3.3 — Louisiana Firearm Safety Awareness Act

ety and Corrections, office of state police, shall provide a two-hour-and-fifteen-minute online handgun education course at no cost to Louisiana residents.

C. The purpose of this online education course is to educate the public on firearm safety and use. The course is optional and shall not be a requirement for obtaining a concealed handgun permit under R.S. 40:1379.3. Completion of this course shall not grant any person the right to carry a concealed handgun unless otherwise provided by law.

D. The online handgun education course shall include instruction on all of the following topics:

(1) Handgun basics and nomenclature, including handling procedures for a revolver and a semiautomatic pistol.

(2) Firearm-free zones.

(3) Use of deadly force.

(4) Interactions with law enforcement officers.

(5) Conflict resolution.

(6) Accident prevention, including safe storage of firearms.

(7) Unauthorized access prevention.

(8) Safe handling of a handgun.

(9) Suicide prevention with an emphasis on the impact of firearm-related suicides involving veterans and current service members of the United States Armed Forces.

E. State police shall maintain an online database of all licensed handgun and firearm instructors to allow the public to search for classes.

F.(1) The content, structure, accessibility, and all other related matters of the online handgun education course shall be developed and promulgated by the Department of Public Safety and Corrections, office of state police, in accordance with the rules and regulations of the Administrative Procedure Act.

(2) In accordance with Paragraph (1) of this Subsection, the Department of Public Safety and Corrections, office of state police, shall divide the topics provided in Subsection D of this Section into nine video segments that shall broadcast for no less than fifteen

minutes per segment.

RS 40:1379.3.4 — Louisiana permitless carry

Louisiana

residents.

B. The purpose of this online education course is to educate the public on firearm safety and use. The course is optional and shall not be a requirement for obtaining a concealed handgun permit under R.S. 40:1379.3. Completion of this course shall not grant any person the right to carry a concealed handgun unless otherwise provided by law.

C. The concealed handgun education course shall include instruction on the following topics:

- (1) Concealed handgun basics and nomenclature.
- (2) Firearm-free zones.
- (3) Use of deadly force.
- (4) Interactions with law enforcement officers.
- (5) Conflict resolution.
- (6) Accident prevention.
- (7) Unauthorized access prevention.
- (8) Safe handling of a handgun.

D. State police shall maintain an online database of all licensed handgun and firearm instructors to allow the public to search for classes.

E. State police shall post prominently on its website all conditions required to be met to authorize the carrying of a concealed handgun without a valid concealed handgun permit pursuant to R.S. 14:95(M) and R.S. 40:1379.3(B)(2).

F.(1) The content, structure, accessibility, and all other related matters of the online handgun education shall be developed and promulgated by the Department of Public Safety and Corrections, office of state police, in accordance with the rules and regulations of the Administrative Procedure Act.

(2) In accordance with Paragraph (1) of this Subsection, the Department of Public Safety and Corrections, office of state police, shall divide the topics provided in Subsection C of this Section into eight video segments that shall broadcast for no less than fifteen minutes per segment.

RS 40:1379.4 — Reserve officer's commission; powers and duties

ement of the laws and protection of the people of the state of Louisiana. For this reason, the following provisions are hereby set forth.

B. The deputy secretary of the Department of Public Safety shall be authorized to issue at his discretion a reserve officer's commission to peace officers who have retired from the division of state police. Any person who receives a reserve officer's commission must be bonded and adhere to all restrictive stipulations as set forth in the reserve officer's commission.

C. The reserve officer, when performing those tasks requiring a reserve officer's commission, shall have the same powers and duties as a peace officer in the division of state police.

D. The deputy secretary of the Department of Public Safety shall determine who is entitled to receive a commission and may promulgate and adopt regulations providing with respect thereto.

E. The deputy secretary of the Department of Public Safety shall have the authority to revoke any reserve officer's commission, and is further empowered to require those holding a reserve officer's commission to furnish proof of their being bonded and such other information as may be deemed necessary for determining suitability for holding a reserve officer's commission.

F. Reserve officers' commissions shall only be valid for a period of one year from the date of their issuance.

G. No provision of this Section or of any regulation of the deputy secretary of the Department of Public Safety shall be construed to require persons holding bona fide law enforcement officer commissions to possess a handgun permit.

RS 40:1379.5 — State capitol complex; provision of police protection; maintenance of peace and

rections shall provide that public safety services police officers regularly

patrol all areas within the state capitol complex to maintain peace and order and to prevent and detect crime.

(2) Within the areas in the state capitol complex that are occupied and utilized by the members, officers, and staff of the legislative branch of state government, all public safety services police officers shall coordinate with and be subject to the direction of the director of capitol security in accordance with Chapter 12 of Title 24 of the Louisiana Revised Statutes of 1950.

B. Nothing in this Section shall be construed or interpreted in any manner as to affect the rights, powers, and duties of any sheriff, constable, police officer, or other law enforcement officer with jurisdiction over any area within the state capitol complex.

C. For the purposes of this Section, the term "state capitol complex" shall mean that area in the city of Baton Rouge, containing the state capitol building and bounded on the south by Main Street, on the west by the Mississippi River, on the north by Choctaw Drive, and on the east by the Kansas City Southern Railway tracks.

RS 40:1379.6 — Aviation unit; powers and duties

eration of all state-owned aircraft, including helicopters and fixed-wing aircraft, used by the office of state police. The deputy secretary for public safety services is authorized to appoint as many police and civilian employees to the unit as may be permitted by legislative appropriation.

B. The police employees of the unit shall have the same duties and powers as are provided for other police employees of the office in R.S. 40:1379 and such other duties and rank as are assigned by the deputy secretary.

RS 40:1379.7 — Public Safety DWI Testing, Maintenance, and Training Dedicated Fund Account;

is for which special costs are assessed in accordance with Code of Criminal

Procedure Article 887(C) such costs shall be forwarded, on or before the twenty-fifth day of each month following their collection, to the state treasurer for immediate deposit in the state treasury.

B. After compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund, and prior to monies being placed in the state general fund, the treasurer shall credit an amount equal to the total amount of such costs received to a special statutorily dedicated fund account which is hereby created in the state treasury and designated as the Public Safety DWI Testing, Maintenance, and Training Dedicated Fund Account. The monies in the account shall be used solely to fund activities of the office of state police in executing its responsibilities in the purchase and maintenance of equipment and supplies for use in breath, blood, or urine analysis as related to violations of R.S. 14:98 or 98.1; training in the maintenance and usage

of testing equipment; other such related expenses as may be necessary in the efficient and effective administration of those duties; and for special law enforcement initiatives. The monies in the account shall be used only in the amounts appropriated by the legislature. All unexpended and unencumbered monies in the account at the end of the fiscal year shall remain in the account. The monies in the account shall be invested by the treasurer in the same manner as monies in the state general fund. All interest earned on monies in the account invested by the treasurer shall be credited to the account. Monies deposited into the account shall be categorized as fees and self-generated revenue for the sole purpose of reporting related to the executive budget, supporting documents, and general appropriation bills and shall be available for annual appropriation by the legislature.

RS 40:1379.8 — Weights and Standards Mobile Police Force

ices.

B. Members of the Weights and Standards Mobile Police Force of the Department of Public Safety and Corrections who receive P.O.S.T. certification training, are considered peace officers and shall have the authority to enforce the criminal and traffic laws of the state, apprehend criminals and make arrests, and perform other related duties imposed upon them by the legislature. As peace officers, they shall also have, in any part of the state, the same powers with respect to criminal matters and the enforcement of the law relating thereto as sheriffs, constables, and police officers have in their respective jurisdictions. No member of the Weights and Standards Mobile Police Force shall be authorized to carry a weapon until the member has received P.O.S.T. certification training.

RS 40:1380 — Fish and game, conservation; enforcement of laws relating to

d for the protection and conservation of forests, woods, and other natural resources.

RS 40:1381 — Concealed weapons; employees; highway patrol

of any duty or while under assignment to any duty under this Subpart.

B. The police employees of the division shall be the highway patrol of the state and as such shall perform only real police duties as provided by R.S. 40:1379.

RS 40:1382 — Negligent carrying of a concealed handgun

licensed to carry or

possess a concealed handgun, under the following circumstances:

- (1) When it is foreseeable that the handgun may discharge, or when a law enforcement officer or others are placed in reasonable apprehension or the law enforcement officer has a reasonable suspicion that the handgun may discharge.
- (2) When the handgun is being carried, brandished, or displayed under circumstances that create a reasonable apprehension on the part of members of the public or a law enforcement official that a crime is being committed or is about to be committed.

B. It shall be within the discretion of the law enforcement officer to issue a summons to a person accused of committing this offense in lieu of making a physical arrest. The seizure of the handgun pending resolution of the offense shall only be discretionary in the instance where the law enforcement officer issues a summons to

the person accused. If the law enforcement officer makes a physical arrest of the person accused, the handgun and the person's license to carry such handgun shall be seized.

C.(1) Whoever commits the offense of negligent carrying of a concealed handgun shall be fined not more than five hundred dollars, or imprisoned for not more than six months, or both.

(2) Whoever commits the offense of negligent carrying of a concealed handgun in the area within the boundaries of the French Quarter Management District as established in R.S. 25:799 shall be fined not less than five hundred dollars nor more than one thousand dollars, or imprisoned for not more than six months, or both.

(3) In addition to the penalties provided in Paragraphs (1) and (2) of this Subsection, the court may order the forfeiture of the handgun and may suspend or revoke any permit or license authorizing the concealed carrying of the handgun.

D. Notwithstanding the provisions of R.S. 40:1798, a handgun forfeited under Paragraph (C)(3) of this Section shall be returned to the defendant if the defendant satisfies all of the following:

(1) The instant conviction is the defendant's first offense for a violation of this Section.

(2) The defendant is not otherwise prohibited by state or federal law from possessing a firearm.

(3) The defendant successfully completes the eight-hour National Rifle Association Basics Pistol Shooting course taught in person by a National Rifle Association certified instructor within one year of conviction.

RS 40:1383 — Incarceration of persons arrested; penalty for failure to comply

arrest, shall, immediately after the arrest, place the person arrested in the parish jail of the parish in which the arrest was made.

Whoever wilfully violates this Section shall be fined not more than twenty-five dollars or imprisoned for not more than thirty days, or both.

RS 40:1384 — Prisoners; place of detention; how released; penalty

d by a police employee of the division and shall detain him in custody until otherwise ordered by a court, by the department, or by the police employee from whom the prisoner was received.

Whoever violates this Section shall be fined not more than twenty-five dollars or imprisoned for not more than thirty days, or both.

RS 40:1385 — Fingerprints and other identification data

ody by them for offenses other than those arising solely out of violations of fish, game, conservation, or traffic laws.

RS 40:1386 — Industrial disputes

r the threat of violence exists and then only by order of the superintendent of state police. It shall be the duty of the superintendent of state police to notify the chief executive officer of the municipality wherein the dispute has occurred or, if unavailable, the highest ranking municipal law enforcement official available, of the issuance of the order prior to the execution thereof. The provisions of this Section do not apply in the case of a municipality which has elected to operate under a contract pursuant to R.S. 40:1388.

RS 40:1387 — Control of officers; municipalities

said chief law enforcement officer of the municipality shall have the sole authority, command and control of all peace officers or police officers within the municipality during the said emergency; provided that the governor may supercede the chief law enforcement officer at any time during such emergency as he deems appropriate.

RS 40:1388 — Contracts with municipalities for police protection

behalf of the state, for the regular assignment of an agreed number of employees of the division of state police to the municipality or parish, as the case may be, so as to provide police protection therein and to enforce both state laws and local ordinances, in consideration of the payment by the municipality, parish, or other unit of government of a sum agreed upon by them and the department. The department may enter into such a contract or contracts or may refuse to do so for the good of the service.

Any police employee of the division so assigned shall continue to have all the powers and duties granted and bestowed in this Sub-part but he shall not be subject to the restrictions contained in R.S. 40:1386 and 40:1387 with reference to the municipality to which he has been assigned.

The department may, at all times, withdraw any employee of the division so assigned and assign another employee in his place.

RS 40:1389 — Police protection for certain companies

valuables within this state for the appointment of police officers, the department may appoint persons whom it thinks qualified and competent for purposes of protection. The department may also appoint any other officers, agents, and employees necessary for the rendition of efficient service. Every person so appointed shall have the rank and title of special agent and shall be governed by this Sub-part when so designated by the department.

The department may revoke the commission and authority of any person appointed under this Section.

RS 40:1390 — Resisting arrest and interference with officers; penalty

ficer or agent thereof in the lawful performance of any duty imposed on him by this Sub-part or any duty assigned to him under authority of this Sub-part shall be fined not less than twenty-five dollars nor more than one hundred dollars or imprisoned for not less than thirty days nor more than six months, or both.

RS 40:1391 — Exchange of information; interstate compacts for police protection

police forces, both within this state and outside it and with federal police forces, toward the end of achieving greater success in preventing and detecting crimes and apprehending criminals.

The department of public safety may, on request of any chief police officer of any local government unit in the state, assist such officer in the investigation of the circumstances of any crime and in the identification, apprehension, and conviction of the perpetrators thereof. For this purpose it may detail such employees of the division of state police for such length of time as it sees fit.

The department may, when so authorized by the governor, negotiate with appropriate officials of other states in the preparation of interstate compacts for police protection as authorized by the Act of June 6, 1934 (48 Stat. 909, c. 406; U.S. Code, Title 18, section 420),* or other Acts of Congress. Such compacts as are negotiated shall be submitted to the governor and legislature for approval.

*Now 4 U.S.C.A. §112.

RS 40:1392 — Free and unhampered passage on bridges and ferries

bridges and ferries in this state.

B. All law enforcement personnel, with law enforcement agency equipment, who are employed within this state shall have unhampered passage at all times on and over toll-bridges and ferries in this state, regardless of whether the personnel are in uniform or in civilian clothes. Procedures currently in effect for Louisiana state police to sign a register when granted an exemption from tolls, shall also apply to all other law enforcement personnel in the state.

C.(1) Notwithstanding the provisions of Subsections A and B of this Section, the right of free passage on and over the Crescent City Connection Bridge at New Orleans for state police and law enforcement personnel shall be exercised only by means of automatic vehicular identification toll tags.

(2)(a) Upon the written request of the superintendent of state police or the head of a law enforcement agency and payment of the deposit required by Subparagraph (b) of this Paragraph, the Crescent City Connection Division of the Department of Transportation and Development shall issue the number of automatic vehicular identification toll tags requested for use in connection with the exemption granted by this Section.

(b) Each state policeman and law enforcement personnel shall be charged a deposit of twenty-five dollars for the issuance of his tag. The deposit shall be refunded to such state policeman and law enforcement personnel upon the return of the tag to the division.

(3) The use of the automatic vehicular identification toll tags provided shall be limited to bridge crossings made by state police with state police equipment and by designated law enforcement personnel with law enforcement agency equipment. The appropriate law enforcement agency shall be responsible for any crossing made using the automatic vehicular identification toll tag outside the scope of the exemption granted by this Section.

D. The Department of Transportation and Development shall adopt rules and regulations in accordance with the Administrative Procedure Act for the administration of the provisions of this Section on those toll bridges and ferries under their jurisdiction.

RS 40:1393 — Fees and rewards not to be accepted by employees

ion of any person or for the recovery of any property. Any fee or reward to which the employee would be entitled except for the foregoing provision shall be paid into the state treasury and credited to the State Police Retirement Fund.

RS 40:1394 — Salary scale; vouchers in payment of expenses; allowances

e as follows:

Trooper, minimum salary \$565.00 per month;

Sergeant, minimum salary \$675.00 per month;

Lieutenant, minimum salary \$760.00 per month;

Captain, minimum salary \$850.00 per month;

Major, minimum salary \$965 per month;

Lt. Colonel, minimum salary \$1,120 per month.

All troopers shall maintain grade for a minimum period of three years. All sergeants shall maintain grade for a minimum period of two years. All lieutenants shall maintain grade for a minimum period of two years. At the end of the respective periods in grade, they shall be paid at the maximum rate prescribed for the respective grades and be eligible for promotion to the next higher grade as vacancies occur.

The department may approve vouchers in payment of expenses incurred by employees of the division in the discharge of their duties.

Allowance for lodging and subsistence may be paid to the employees of the division under such terms and conditions as the department prescribes. The department may provide lodging and subsistence for employees of the division at their official stations.

RS 40:1394.1 — Annual salary schedule

s for troopers and officers of the state police service, whether classified or unclassified, to the governor, the commissioner of administration, and the speaker of the House of Representatives and the president of the Senate for distribution by them to the members of each house of the legislature not later than the fifteenth day of November prior to the regular session held pursuant to Article III, Section 2(A)(4) of the Constitution of Louisiana. The report shall include a comparison of the salaries of troopers and officers of the division of state police, with the salaries of local law enforcement officers in the state in addition to other matters deemed pertinent by the superintendent. The report may contain such other information as deemed appropriate by the deputy secretary.

RS 40:1395 — Counsel for employees and division in certain litigations

n the course of duty, which, in his opinion, requires his services to protect the interests of the state. The department may, with the approval of the governor, appoint an attorney for the division.

RS 40:1395.1 — Repealed by Acts 1999, No. 1119, §1.

ton Rouge, Louisiana 70804-9062

RS 40:1396 — Length of service of Division of State Police employees computed

who was transferred or assigned by the superintendent of the division of state police to perform police duty at any war plant or at the establishment of any employer who, in the opinion of the superintendent of state police, contributed to the war effort during World War II, shall have credited to his service record in the department all of the actual time served by him at such plant or establishment.

RS 40:1397 — Police employees, persons ineligible

es of America and/or the State of Louisiana.

RS 40:1398 — Reimbursement for use, damage or destruction of property by state police

vision of State Police without the necessity of suit. The amount of such reimbursement shall be determined by an appraisal of the damages sustained as estimated by three appraisers engaged in the business of repairing or supplying the type of item seized. Compensation shall also be paid for the actual pecuniary loss suffered because of such use, damage or destruction. Reimbursement to the Department of Public Safety shall be obtained by supplemental appropriation by the legislature in the session following the department's payment of damages. The director of the Department of Public Safety shall establish rules and regulations to effectuate the purposes of this section. If the owner of property elects to accept the payment authorized by this section, such payment shall be in lieu of other actions for damages against the state.

RS 40:1399 — Police protection for the governor or other authorized persons

s authorized by the governor, and the governor's office and mansion, and the grounds thereof.

B. The office of state police may employ personnel necessary to carry out this responsibility, including uniformed and nonuniformed commissioned state police officers, pursuant to R.S. 40:1375, who shall have authority to bear arms and make arrests, with or without warrant, for violations of any of the criminal laws of the state, under the same terms and conditions as investigative personnel of the office, and who shall be considered peace officers for all purposes.

C. The deputy secretary for public safety services, in accordance with R.S. 36:405(A)(2), shall assign commissioned state police officers for the performance of the duties prescribed in this Section. Upon request of the governor, the deputy secretary shall reassign a commissioned state police officer from continued performance of such duties.

D. Per diem and subsistence allowance for security personnel traveling with the governor or his family away from Baton Rouge shall be computed by payment of a sum not exceeding the amounts permitted for meals, plus actual expenses for lodging, to be substantiated by paid bills therefor.

E. The office of state police may provide security or transportation to visiting governors and their families upon request by the governor.

F. The office of state police may coordinate transportation and protective services provided herein with other law enforcement agencies and may request the assistance of other law enforcement agencies to carry out the duties required herein. The other law enforcement agencies of the state may provide such assistance as may be requested by the office of state police under this Section.

G. The office of state police shall coordinate all protective services with the United States Department of State and the United States Secret Service when requested to do so by such agencies or by the governor.

RS 40:1400 — Accessible parking enforcement

pose of the program shall be training and utilizing volunteers in the enforcement of accessible parking restrictions, particularly those established pursuant to R.S. 40:1742. The office shall operate the program in the manner and subject to the limitations and provisions of this Section.

B. The program shall become operative if and when funds are transferred to the office of state police from the office of disability affairs for such purpose.

C. The program shall incorporate a training program, to be offered at each troop headquarters, incorporating matters relevant to volunteers recognizing and collecting evidence on violations of accessible parking restrictions. Such training shall include training in legal matters with respect to violations of accessible parking restrictions and personal safety

matters. Volunteers shall be trained to identify violators and to collect information necessary to provide evidence of violation, including vehicle identification information, all legal matters relevant to identifying a properly marked restricted parking area and a violation thereof, the collection of photographic information which would be sufficient to establish a presumption of a violation, and matters of personal safety and ethics. The training course may be offered as often as the police troop deems necessary to serve potential volunteers who have requested enrollment in the course.

D. Upon completion of such training, an individual volunteer who identifies an apparent violation of accessible parking restrictions may collect information on such violation, including vehicle identification information and photographs of the violation and may then submit such information to the appropriate office at the respective state police troop headquarters in accordance with procedures established for the program by the office of state police.

E. Upon identification of the owner of the vehicle, the state police shall send by registered mail, return receipt requested, to the owner a citation for the parking violation. Such citation shall include information on the submission of fines and how the individual may contest the citation. Each troop of the state police may train and utilize volunteers in any aspect of the program which it deems appropriate and for which volunteers offer their services, including clerical responsibilities associated with the processing of information relative to violations of accessible parking restrictions and in the dissemination of citations.

F. The office of state police shall establish and promulgate rules and regulations necessary for the operation of the program in accordance with the Administrative Procedure Act. Such rules may include the establishment of a minimum number of participants who must enroll in the training course before such course is offered, criteria for successful completion of the course, certification of successful completion, procedures for identification of persons who have completed the course and who are thereby authorized to submit information relative to violations of accessible parking restrictions, procedures for the submission and processing of such information, and any other matter which the office deems necessary or convenient for successful operation of the program.

G. The office of state police may utilize funds to promote the program for the purpose of soliciting volunteers, for salaries of police personnel involved in the program, materials, and supplies necessary for operation of the program, and any other purpose authorized by the office of disability affairs.

H. Neither the office of state police nor any troop or office thereof shall be liable for any injury to any volunteer participating in the program. The office of state police may provide for a waiver to such effect to be signed by volunteers in the program.

I. The office of state police shall annually submit a report to the office of disability affairs describing the activities of the program including number of volunteers trained, number of citations issued pursuant to the program, expenses incurred by the state police in the implementation of the program, and any other information required by the office of disability affairs.

RS 40:1401 — Release of personal information

may be deemed otherwise confidential of an employee, officer, or agent of the Department of Public Safety and Corrections, office of state police, without the express written consent of that employee, officer, or agent with respect to an investigation of the employee, officer, or agent.

RS 40:1421 — Definitions

d unit" or "unit" means the insurance fraud investigation unit within the Department of Public Safety and Corrections, office of state police.

(3) "Fraud support unit" means the insurance fraud support unit within the Department of Justice.

(4) "Insurance fraud" means any commission or attempted commission of criminal

RS 40:1422 — Insurance fraud investigation unit; powers and duties

y services, office of state police, and the unit

shall be solely dedicated to the investigation of property and casualty, worker's compensation, life, and health insurance fraud. The purposes of this unit shall be to:

(1) Initiate independent inquiries and conduct independent investigations into

allegations of insurance fraud in any municipality or parish of the state of Louisiana and perform other related law enforcement duties.

(2) Respond to notification or complaints alleging insurance fraud generated by federal, state, and local police, other law enforcement authorities, governmental agencies or units, and any other person.

(3) Review notices and reports of insurance fraud, select the incidents of suspected fraud that, in its judgment, require further detailed investigation, and conduct the investigations.

B. The insurance fraud investigation unit shall have the authority to:

(1) Issue subpoenas to examine any person under oath and to compel the production of records, books, papers, contracts, and other documents. Subpoenas shall be served in the same manner as if issued by a district court. If any person fails to obey a subpoena issued and served pursuant to this Subsection, upon application of the insurance fraud investigation unit, the Nineteenth Judicial District Court or the district court in the judicial district where the subpoena was served may issue an order requiring the person to comply with the subpoena. Any failure to obey the order of the court may be punished by the court as contempt.

(2) Administer oaths and affirmation.

(3) Share records and evidence with federal, state, or local law enforcement or regulatory agencies.

(4) Make criminal referrals to prosecuting authorities. The district attorney of the judicial district where a criminal referral has been made shall, for the purpose of assisting in such prosecution, have the authority to appoint as special deputy district attorneys, licensed attorneys in the employment of the insurance fraud investigation unit. The district attorney shall have the right and discretion to proceed against any person or organization on criminal referrals.

(5) Conduct investigations outside of this state. If the information the fraud unit seeks to obtain is located outside this state, the person from whom the information is sought may make the information available to the fraud unit to examine at the place where the information is located. The fraud unit may designate representatives, including officials of the state in which the matter is located, to inspect the information on behalf of the fraud unit, and the fraud unit may respond to similar requests from officials of other states.

C. The police employees of the unit shall have the same duties and powers as are provided for other police employees of the office in R.S. 40:1379 and such other duties as are assigned by the deputy secretary of public safety services of the Department of Public Safety and Corrections. The police employees of the unit shall complete the National Insurance Crime Training Academy, phases 1, 2, and 3, and Fraud Claims Law Specialist program, within the first two years of assignment to the unit.

RS 40:1423 — Access to evidence, documentation, and related materials

Investigation, as contained in the
National Crime Identification Center.

B. The unit is authorized to request access to evidence, documentation, and

related materials located within this state pertinent to an investigation or examination and in the possession or control of an insurer or an insurance professional. The person so requested shall either make the material available to the unit or shall make the material available for inspection or examination by a designated representative of the unit.

RS 40:1424 — Reporting suspected fraud

23, 1924, or 1925

will be, is being, or has been committed, that person shall notify the section of insurance fraud in the Department of Insurance, in accordance with R.S. 22:1926.

B. All applications for insurance and all claim forms provided and required by an insurer or required by law as a condition of payment of a claim shall contain a statement, permanently affixed to or included as a part of the application or claim form, that clearly states in substance the following:

"Any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit or knowingly presents false information in an application for insurance is guilty of a crime and may be subject to fines and confinement in prison."

C. The lack of the statement required by Subsection B of this Section shall not constitute a defense in any criminal prosecution. The statement shall not be required to appear on applications and forms relating to reinsurance.

RS 40:1425 — Receipt of information; immunity from liability

st relevant information and receive the information requested within thirty days.

B. There shall be no cause of action in the nature of defamation, libel, slander, invasion of privacy, negligence, or any other cause of action against any person furnishing information concerning any suspected, anticipated, or completed criminal or fraudulent insurance act as described in this Subpart which involve any type of insurance as defined in R.S. 22:47. This immunity from liability shall apply when the information is provided to or received from a person employed by or authorized by an insurer whose activities include the investigation or reporting of suspected fraudulent insurance acts. The immunity shall apply to furnishing, disclosing, or requesting information on such suspected fraudulent insurance

RS 40:1426 — Reward fund

s, may establish and operate a fund to offer monetary rewards for information sufficient to procure conviction in a court of appropriate jurisdiction of a person or persons responsible for insurance fraud. No law enforcement officer, employee of the office of commissioner of insurance, employee of an insurance company, or any insurance professional shall be eligible to receive such reward.

RS 40:1427 — Reports

ch

house of the legislature no later than February fifteenth of each year on the progress made in deterring insurance fraud. Such report shall detail:

- (1) All expenditures and receipts of the insurance fraud investigation unit, fraud support unit, and insurance fraud section.
- (2) The uses to which these funds were put, including payment of salaries and expenses, purchases of equipment and supplies, and other expenditures by type.
- (3) The results achieved as a consequence of such expenditures, including the number of notifications or inquiries received, the number of inquiries and investigations undertaken, the number of inquiries to which an investigation was not initiated, the number of arrests, the number of files presented to prosecutors, the number of prosecutions, the number of convictions, and the total dollar amount of restitution resulting from the operation of the insurance fraud investigation unit, fraud support unit, and insurance fraud section, as applicable to each.

RS 40:1428 — Special assessment; creation of dedicated fund account

ums received by each insurer licensed by the

Department of Insurance to conduct business in this state. Such fee shall be imposed by rule adopted by the commissioner in accordance with the Administrative Procedure Act. The total fees assessed for any year shall not exceed the amount necessary to pay the costs of investigation, enforcement, public education and public awareness, and prosecution of insurance fraud in this state by the programs to which funds are allocated in Paragraph (4) of this Subsection. The total fee assessed in any year shall not exceed an amount equal to 0.000375 multiplied times the annual direct premium dollars received that are subject to the fee.

(2) The fee shall not be assessed on premiums received on life insurance policies, annuities, credit insurance, crop and livestock insurance, federal flood insurance policies, reinsurance contracts, reinsurance agreements, or reinsurance claims transactions. The fee shall not be assessed on fifty percent of the premiums received on health and accident insurance policies.

(3) Repealed by Acts 2025, No. 83, §2, eff. June 4, 2025.

(4)(a) Prior to making the allocations specified in Subparagraph (b) of this Paragraph, the commissioner of insurance is authorized to withhold the sum of thirty thousand dollars per year from the fees collected pursuant to this Section to defray the expense of collection of the fees, enforcement of this Subpart, and operation of the Department of Insurance and shall withhold one hundred eighty-seven thousand dollars to fund insurance fraud detection, investigation, and public awareness.

(b) Except as otherwise provided in Subparagraph (a) of this Paragraph, the fees collected shall be used solely for the purposes of this Subpart and shall be allocated to the insurance fraud investigation unit within the office of state police, the insurance fraud support unit within the Department of Justice, the section of insurance fraud within the Department of Insurance, and other state agencies in accordance with a written agreement entered into by the superintendent of state police, the attorney general, and the commissioner of insurance.

(c) Except as otherwise provided in Subparagraph (a) of this Paragraph, if a written agreement is not entered into pursuant to Subparagraph (b) of this Paragraph no later than

September thirtieth, the fees collected in the next fiscal year shall be used solely for the purposes of this Subpart and shall be allocated as follows:

(i) Seventy-five percent of the fees collected shall be allocated to the insurance fraud investigation unit within the office of state police.

(ii) Fifteen percent of the fees collected shall be allocated to the Department of Justice to be used solely for the insurance fraud support unit.

(iii) Ten percent of the fees collected shall be allocated to the Department of Insurance to be used solely for the section of insurance fraud.

B. The fee established in this Section shall be paid to commissioner of insurance and shall be deposited immediately upon receipt into the state treasury.

C. After compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund, an amount equal to that deposited as required by Subsection B of this Section shall be credited to a special statutorily dedicated fund account created in the state treasury to be known as the Insurance Fraud Investigation Dedicated Fund Account, hereafter referred to in this Subsection as the "account". The monies shall be irrevocably dedicated and deposited in the account and shall be used solely as provided in Subsection A of this Section and only in the amounts appropriated by the legislature. Monies in the account shall be appropriated, administered, and used solely and exclusively for purposes of the fraud unit, fraud support unit, insurance fraud section, and as further provided in this Section. All unexpended and unencumbered monies in the account at the end of the fiscal year shall remain in the account. Monies deposited into the account shall be categorized as fees and self-generated revenue for the sole purpose of reporting related to the executive budget, supporting documents, and general appropriation bills and shall be available for annual appropriation by the legislature.

D. The commissioner of insurance may levy a fine on any insurer who fails to pay the fee assessed pursuant to this Section when due. Such fine shall not exceed five percent of the fee per month; however, no fine shall be less than one hundred dollars per month.

RS 40:1451 — Purpose

1959, No. 50, §1.

{{NOTE: §§1451-1459 WERE REPEALED SUBJECT TO THE CONDITION IN SECTION 3 OF ACTS 1989, NO. 337 WHICH STATES:

"Section 3. This Act shall become effective if and when the base salary of each person entitled to a supplement pursuant to Subpart D of Part III of Chapter 6 of Title 40 and Part XII of Chapter 1 of Title 56 of the Louisiana Revised Statutes of 1950 is increased by an amount equal to the supplement to which the person is entitled on the date that this Act becomes law." }}

RS 40:1452 — Rate of compensation

ice officers may receive as compensation under civil service rules and regulations or otherwise, every state police officer employed by the Division of State Police of the Department of Public Safety shall be paid by the state extra compensation as follows:

- (1) \$16.66 per month for each state police officer who has completed or hereafter completes one year of service;
- (2) \$33.32 per month for each state police officer who has completed or who hereafter completes three years of service;
- (3) \$50.00 per month for each state police officer who has completed or who hereafter completes six years of service.

B. In computing the period of service required by Sub-section A of this Section, service as a state police officer shall include prior service for those police officers who have returned or hereafter return to such service.

C. In addition to the compensation paid by the State Department of Public Safety, Division of State Police, to any drivers license examiner, and in addition to that which said drivers license examiners may receive as compensation under civil service rules and regulations or otherwise, every drivers license examiner employed by the Division of State Police of the Department of Public Safety shall be paid by the state extra compensation as follows:

- (1) \$15.00 per month to those classified as Drivers License Examiner I;
- (2) \$20.00 per month to those classified as Drivers License Examiner II;
- (3) \$25.00 per month to those classified as Drivers License Examiner III;
- (4) \$30.00 per month to those classified as Drivers License Examiner IV.

RS 40:1453 — Credit to special fund

667.2, and the funds so credited shall be and remain dedicated to the payment of the supplemental salaries provided in R.S. 40:1452.

RS 40:1454 — Disbursement of funds

have attached to them a detailed list of the names of the officers for whose benefit any particular warrant is drawn, together with the completed years of service of such officers and such other information as the State Comptroller or the State Treasurer may require. A list of the names of the drivers license examiners together with their classifications shall also be attached to the warrants.

B. The Director of the Department of Public Safety, on the basis of such warrants, shall prepare and sign individual checks representing the amount to be paid out of the special fund created by R.S. 40:1667.2 to each person in accordance with the provisions of this Sub-part. Each such check shall show the legislative appropriation from which payment is made and shall note that it represents additional compensation paid by the state under the provisions of this Sub-part. The Director of the Department of Public Safety shall deliver the checks to the individual person in whose favor drawn, by mail or by such other means as he shall determine.

C. The Director of the Department of Public Safety shall include the additional compensation paid by the individuals in accordance with the provisions of this Sub-part in the calculation and deduction from the pay of such individuals of sums required by state or federal laws to be withheld by an employer, such as federal income tax and social security tax or contribution to a state retirement system. The Director of the Department of Public Safety shall be further charged with the responsibility for transmitting the sums so withheld in accordance with the law or laws requiring the withholding.

D. The additional compensation paid by the state to state police officers and drivers license examiners in accordance with the provisions of this Sub-part shall be included in the calculation and computation of the total wages paid to a state police officer or drivers license examiner in the determination of employer contributions to any retirement system or pension fund of which the individual may be a member as well as in the determination of retirement eligibility and benefits which may accrue to the individual under any retirement system or pension fund, as well as in the determination of any other employee benefits, sick leave, or disability pay to which the individual might be entitled.

RS 40:1455 — Salary deductions void

pay plan under the provisions of any civil service law or regulation, or otherwise, shall be void where it is made solely by reason of the additional compensation provided for in this Sub-part.

RS 40:1456 — Purpose

peace and safety by providing better enforcement of the law.

RS 40:1457 — Amount of additional salary

nt of Public Safety shall be paid by the state additional salary in the amount of two hundred sixty dollars per month, provided funds are available. The salary provided for by this Section shall be in addition and supplemental to any uniform state civil service pay plan. In the event that supplemental pay for deputy sheriffs is increased, then supplemental pay for state police shall be increased in the same amount, provided that funds are available.

RS 40:1458 — Special fund

fter made shall be credited, and the funds so credited shall be used solely for the payment of such additional salary as provided in R.S. 40:1457.

RS 40:1459 — Disbursement of funds

hall be subject to the deductions normally withheld by the employer.

B. The additional salary paid by the state to state police officers in accordance with the provisions of this Subpart shall be included in the calculation and computation of the total wages paid to a state police officer in the determination of employer contributions to any retirement system or pension fund of which the individual may be a member as well as in the determination of retirement eligibility and benefits which may accrue to the individual under any retirement system or pension fund, as well as in the determination of any other employee benefits, sick leave, or disability pay to which the individual might be entitled.

RS 40:1460.1 — Repealed by Acts 2022, No. 252, §3.

aton Rouge, Louisiana 70804-9062

RS 40:1461 — Requirements for private training and driving instructor schools

viding driving courses, shall apply for and procure a license

from the Department of Public Safety and Corrections, public safety services. No person shall advertise or otherwise hold himself before the public, for remuneration, as qualified, licensed, or otherwise approved to train or instruct without having first obtained a license or contract with the Department of Public Safety and Corrections, public safety services.

(2) Every person engaged in the business of operating a private driving instructor training school or agency, or providing driving courses, who has or is seeking a contract or license with the Department of Public Safety and Corrections, public safety services, shall consent to, pass, and pay the costs of a criminal history background check pursuant to R.S. 15:587.

B. Every person desiring to train or instruct in driving courses shall file a written application with the commissioner.

C. The commissioner of the office of motor vehicles shall establish rules and regulations in accordance with the Administrative Procedure Act subject to oversight review by the House and Senate committees on transportation, highways, and public works, for the following:

- (1) The issuance, suspension, or revocation of licenses.
- (2) The requirements and qualifications of each applicant for a contract.
- (3) The establishment of the terms, manner, and location of instruction and testing.
- (4) The establishment of the causes of suspension or revocation of the license and contract and the imposition of a fine not to exceed one thousand five hundred dollars, pursuant to a schedule, for any violation of statutory law, rules, and regulations or the terms of the contract.

D. The commissioner shall charge a fee of twenty-five dollars for each school or agency. The commissioner shall charge a fee of ten dollars for each additional instructor that the school or agency may employ.

E. The fees collected under this Section shall be paid to the office of motor vehicles of the Department of Public Safety and Corrections and used for its maintenance, operation, and supervision.

F. Every person properly licensed pursuant to this Section on or after June 30, 2012,

shall administer in accordance with law and administrative rules promulgated by the Department of Public Safety and Corrections, as a third-party examiner, both the knowledge and on-road driving skills tests required for the issuance of a Class "D" or "E" license in Louisiana.

G. For purposes of this Section as it relates to a driving instructor training school or agency for a Class "D" or "E" license, or a person providing driving courses for a Class "D" or "E" license, the following words and phrases shall have the meaning ascribed to them in this Section, unless the context clearly indicates a different meaning:

- (1) "Engaged in the business of operating a private driving instructor training school or agency" means any person or entity who applies to or contracts with the office of motor vehicles to operate a driving instructor training school or agency pursuant to R.S. 32:408.1 or this Section and any current or prospective employee who works the business including but not limited to an instructor, an examiner, or any staff member who has access to the students' records.
- (2) "Principal" means a person or provider who has the primary responsibility for a driver education program at a school or agency.
- (3) "Third-party examiner" means a person employed by a third-party tester who is licensed as an instructor and is also authorized by a contract with the state to administer the knowledge and road-skills test for Class "D" and "E" licenses.
- (4) "Third-party tester" means a person or entity licensed to provide driving courses who has executed a contract with the department to administer knowledge and road-skills tests required by Louisiana law for driver's license issuance.

RS 40:1462 — Bond requirement

enty

thousand dollars if such surety bond is available for purchase. Such bond shall name the Department of Public Safety and Corrections, office of motor vehicles, as obligee and shall be subject to the condition that, if the private driving school or any of the private driving school's instructors fail to perform any services the school agreed to provide to a student or a student's parent, that student, or the parent in case the student is a minor, may recover the private driving school fees from the bond by filing a claim through the department against the bond. If the company fails to meet the conditions of the bond, the obligation of the surety shall remain in full force and effect. A private driving school with multiple locations shall furnish only a single surety bond.

B. The surety bond furnished as required in this Section shall be delivered to and filed with the Department of Public Safety and Corrections, office of motor vehicles.

RS 40:1463 — Cease and desist orders

ntly licensed as a driving school by the department, or for a licensed driving school to engage in any prohibited activity.

B. For the purpose of this Section, "prohibited activity" means:

- (1) Activity normally conducted by a driving school such as classroom instruction, behind the wheel instruction, issuing certificates of successful completion to be used by an applicant to apply for a driver's license, advertising as a licensed, authorized, or approved driving school, or holding oneself out as an authorized or approved driving school or instructor without a license, authorization, or approval by the department.

(2) Activity conducted by a driving school or an instructor, whether licensed or not, in which a student of the school is requested to go to, or is taken to, a hotel room, a private residence, or any other location not appropriate for a person of the student's age.

C. The Department of Public Safety and Corrections, office of motor vehicles may issue a cease and desist order to any person or business which is operating in violation of this Section. Any such cease and desist order shall be served either by regular mail with a proof of mailing issued by the United States Postal Service, or by hand delivery by a representative of the department. If the cease and desist order is served by mail with proof of mailing, it shall be deemed delivered on the seventh calendar day after the date affixed by the post office on the certificate or proof of mailing. The presumption of delivery in this Subsection shall not apply if the postal service returns the cease and desist order as undeliverable.

D. If the person or business subject to the cease and desist order in this Section cannot be served, or does not comply with the cease and desist order, the department may file a petition for injunctive relief as provided in the Code of Civil Procedure in district court. There shall be no suspensive appeal or stay of an order or judgment of the district court granting the department a preliminary or permanent injunction.

E. The department shall promulgate rules as it determines are necessary to aid in the implementation and enforcement of this Section, in accordance with the Administrative Procedure Act.

RS 40:1464 — Commercial driver's curriculum; human trafficking training

struction in the operation of commercial

motor vehicles as part of a commercial motor vehicle driving course curriculum shall include a minimum of thirty minutes of industry-specific anti-trafficking training on the recognition, prevention, and reporting of human trafficking.

B. The Board of Regents shall identify and establish industry-specific anti-trafficking training materials for use in instruction on the recognition, prevention, and effective reporting of human trafficking by applicants as a requirement to obtain a Class "A", "B", or "C" commercial driver's license. The board may collaborate with organizations that specialize in and offer training materials on the recognition, prevention, and reporting of human trafficking for commercial truckers. The board shall review and update the training materials to account for changes and trends in human trafficking once every three years, at minimum. The provisions contained in this Subsection shall become effective on August 1, 2024.

RS 40:1472.1 — Construction of Part

services of the Department of Public Safety and Corrections under any other law of this state; provided that with respect to the regulations of explosives as herein provided, in instances where the provisions of this Part may conflict with any other such law, the provisions of this Part control.

B. The provisions of this Part and regulations promulgated by the deputy secretary do not apply to the lawful purchase by a non-licensee or non-permittee twenty-one years of age or older of commercially manufactured black powder in quantities not to exceed five pounds, or quantities not to exceed twenty-five pounds if purchased by a member of a bona fide artillery unit of historical reenactors, if the black powder is intended to be used solely for sporting, recreational, or cultural purposes in antique firearms as defined in 18 U.S.C. 921(a)(16) or in antique devices as exempted from the term "destructive device" in 18 U.S.C. 921(a)(4).

RS 40:1472.2 — Definitions

ffice of the deputy secretary for public safety services of the Department of Public Safety and Corrections.

(2) "Artificial barricade" shall mean an artificial mound or revetted wall of earth of a minimum thickness of three feet.

(3) "Barricaded" shall mean that building containing explosives is effectively screened from a magazine, building, railway, or highway, either by a natural barricade or by an artificial barricade of such height that a straight line from the top

of any sidewall of the building containing explosives to the eave line of any magazine or building, or to a point twelve feet above the center of a railway or highway, will pass through such intervening natural or artificial barricade.

(4) "Blaster" shall mean a person employed by a primary licensee who detonates or otherwise effects the explosion of an explosive or who is in immediate personal charge and supervision of one or more other persons engaged in such activity.

(5) "Combustible" means any material with a flash point above 140° F and less than 200° F.

(6) "Dealer-distributor" means a person engaged in the wholesale or retail business of buying and selling or distribution of explosives, provided that should a manufacturer make sales to users, such manufacturer shall not be required to obtain an additional license as a dealer.

(6.1) "Deputy secretary" means the deputy secretary for public safety services of the Department of Public Safety and Corrections.

(7) "Explosives" means any chemical compound, mixture, or device, the primary or common purpose of which is to function by explosion. The term includes but is not limited to dynamite and other high explosives, black powder in quantities in excess of five pounds, pellet powder, initiating explosives, detonators, safety fuses, squibs, detonating cord, igniter cord, and igniters. The term "explosives" further includes but is not limited to the following:

(a) "Binary" (phosphoric) means two or more unmixed, commercially manufactured prepackaged chemical substances including oxidizers, flammable liquids or solids, or similar substances that are not independently classified as explosives but which when mixed or combined form a mixture that is classified as an explosive and that is intended for blasting.

(b) "Blasting agent" means any material or mixture, consisting of fuel and oxidizer, intended for blasting, not otherwise defined as an explosive; provided, that the finished product, as mixed for use or shipment, cannot be detonated by means of a number eight test blasting cap when unconfined.

(c) "Detonator" means any device containing an initiating or primary explosive that is used for initiating detonation in another explosive material. A detonator may not contain more than ten grams of total explosives by weight, excluding ignition or delay charges. The term includes but is not limited to electric blasting caps of instantaneous and delay types, blasting caps for use with safety fuses, detonating cord delay connectors, and nonelectric instantaneous and delay blasting caps which use detonating cord, shock tube, or any other replacement for electric leg wires.

(d) Except as provided for in Subparagraph (e) of this Paragraph the term "explosive" shall not include smokeless powder when used in sporting arms.

(e) "Exploding or explosive target" means two or more mixed, commercially manufactured prepackaged chemical substances including oxidizers, flammable liquids or solids, or similar substances that are not independently classified as explosives but which when mixed or combined in quantities greater than five pounds form a mixture that is classified as an explosive and designed primarily as a target for firearms practice.

(8) "Factory building" shall mean any building or other structure, except magazines, containing explosives in which the manufacture of explosives or any processing involving explosives is carried on, and any building where explosives are used as a component part or ingredient in the manufacture of any article or device. The definition does not include private residences or shop buildings where the handloading of small arms ammunition is being carried on.

(9) "Flammable" means any material with a flash point of 140° F or less.

(9.1) "Handler" shall mean a person who touches, moves, or otherwise handles explosives but does not detonate or otherwise effect the explosion of explosives or explosives materials. The license issued to a handler shall not be used by a blaster or user who uses explosives as an ultimate consumer.

(10) "Highway" shall mean any public street or public road, public highway, alley, or thoroughfare. Public highways of Class A to D as applied to the American Table of Distances for Storage of Explosives are highways with an average traffic volume of three thousand or less vehicles per day as specified in American Civil Engineering Practice (Abbett, Vol. 1, Table 46, Section 3-74, 1956 Edition, John Wiley and Sons).

(11) "Inhabited building" shall mean any building or structure regularly used in whole or part as a place of human habitation, also any church, school, store, railway passenger station, airport terminal for passengers, and any other building or structure where people are accustomed to congregate or assemble, but excluding buildings or structures occupied in connection with the manufacture, transportation, storage, and use of explosives.

(12) "Local office" as applies to a user, means a structure, place of rental, such as an apartment or motel, or a movable such as a barge, ship, or vehicle, in the vicinity of the storage container.

- (13) "Magazine" shall mean any building, structure, or device used for temporary or permanent storage of explosives. There shall be five types of magazines built and/or constructed in accordance with the rules and regulations promulgated pursuant to this Part. This definition does not apply to the storage of explosives in underground mining operations.
- (14) "Manufacturer" means a person engaged in the manufacture, compounding, or combining of explosives.
- (15) "Natural barricade" shall mean natural features of the ground such as hills, or timber of sufficient density that the surrounding exposures which require protection cannot be seen when the trees are bare of leaves.
- (16) "Offshore" shall apply to any work performed at locations accessible only by air or water when the work location is totally surrounded by water and explosives are secured and attended.
- (17) "Oxidizer" means a material that may, generally by yielding oxygen, cause or enhance the combustion of other materials.
- (18) "Person" means any individual, corporation, company, association, firm, partnership, society, or joint stock company.
- (19) "Primary licensee" is the responsible party holding a valid manufacturer, dealer-distributor, or user license.
- (20) "Purchase" and its various forms as used shall include acquisition of any explosive by a person with or without consideration.
- (21) "Railroad" shall mean any steam, electric, diesel electric, or other railroad or railway which carries passengers for hire.
- (22) "Sale" and its various forms as used shall include delivery of an explosive with or without consideration.
- (23) "Secured area" means any location that is either locked or under the immediate control of a licensee.
- (24) "Temporary" shall mean no more than forty-eight hours.
- (25) "Unauthorized persons" means those persons not employed by the licensed company or authorized by the licensed manufacturer, dealer-distributor, or user.
- (26) "User" means a person who, as an ultimate consumer of an explosive, purchases the same from a dealer-distributor or manufacturer or means a dealer or manufacturer who uses an explosive as an ultimate consumer.
- (27) "Vessel" means any description of watercraft used or capable of being used as a means of transportation on water.

RS 40:1472.3 — License; manufacturer, dealer-distributor, user, blaster, or handler of explosives

e use of, or otherwise handle explosives in this state, except in conformity with the provisions of this Part. Each manufacturer, dealer-distributor, user, blaster, or handler, as such words are defined in R.S. 40:1472.2, shall possess a valid and subsisting license issued by the deputy secretary. An applicant employed by a licensed manufacturer, shall be permitted to work and to perform duties that would otherwise require a license pursuant to this Part provided the following conditions are all met:

- (a) The applicant has submitted a complete application for a handler license.
- (b) The applicant has successfully completed the required training.
- (c) The applicant has been drug screened and found free of controlled dangerous substances.
- (d) The applicant is found to meet the suitability requirements for licensing as provided for in this Chapter.
- (e) When the conditions in Subparagraphs (a), (b), and (c) of this Paragraph have been fulfilled and the department has preliminarily determined the applicant to be suitable for licensing, the department shall, within five days from receipt of application unless exigent circumstances dictate otherwise, inform the applicant as to his provisional status to begin work.
- (f) During the period as provided for in Subparagraph (e) of this Paragraph a currently licensed manufacturer shall be responsible to ensure the applicant performs all

activities regulated by this Chapter under their direct supervision or the supervision of a licensed designee in their employ. Such licensee shall direct, coordinate and control all activities of the applicant at all times while at work and shall not permit the applicant to work independently with explosives until fully licensed by the Department of Public Safety and Corrections.

(2) Any person who is solely engaged in the initiation of fireworks for public display and holds a valid pyrotechnic operator license or a pyrotechnic special effects operator license issued by the state fire marshal in accordance with R.S. 51:650 et seq. shall not be required to obtain a blaster's license issued pursuant to this Part.

(3) License holders shall be required to receive additional training as prescribed by the deputy secretary who shall approve all courses of instruction and all instructors of such courses in accordance with regulations adopted pursuant to this Part.

(4) The Department of Public Safety and Corrections is authorized to inspect all facilities under the control of an explosives licensee when the license is issued pursuant to the provisions of this Section.

(5) Persons under twenty-one years of age who possess a blaster license issued pursuant to the provisions of this Section shall be supervised by a licensed blaster who is at least twenty-one years of age.

B.(1) Each manufacturer, dealer-distributor, and user shall possess a valid United States Bureau of Alcohol, Tobacco, Firearms and Explosives, explosives license or permit.

(2) Each manufacturer, dealer-distributor, and user maintaining a Type 1, Type 2, Type 4, or Type 5 storage magazine as defined by regulations promulgated pursuant to this Part shall possess an additional license, as set forth in this Paragraph, for each magazine. Type 3 portable magazines or "day boxes" used for taking detonators and other explosives from storage magazines to the blasting area are exempt from the licensing and location reporting requirements of this Paragraph. The department shall assign to each magazine licensed pursuant to this Part a license number which shall be posted on the magazine in a manner prescribed by the department. The exact location of such magazines shall be reported to the deputy secretary in the application for such license. Any change in such magazine locations shall be reported to the Department of Public Safety and Corrections, explosives control unit, in advance of the actual change in a manner prescribed by the department. Written notice of such location change shall be filed with the Department of Public Safety and Corrections, explosives control unit and the deputy secretary, not later than seven calendar days after such change is effected.

C.(1) Licenses shall be required for the following and the fees therefor are as follows:

1 yr.

2 yr.

3 yr.

4 yr.

(a) Manufacturer

\$200

\$400

\$550

\$700

(b) Dealer-distributor

\$200

\$400

\$550

\$700

(c) User

\$100

\$200

\$250

\$300

(d) Magazine

\$50

\$100

\$150

\$200

(e) Blaster

\$50

\$100

\$150

\$200

(f) Handler

\$50

\$100

\$125

\$150

(2) License holders may renew their licenses ninety days prior to expiration. The department shall notify license holders of the expiration of their licenses at least sixty days prior to expiration.

(3) The nonrefundable fees in Paragraph (1) of this Subsection shall be submitted with the license application but shall not apply to Type 3 Magazines.

D. Such licenses shall be issued by the deputy secretary for a period not to exceed four years from the date of issuance. The department may issue blaster and handler licenses to qualified individuals who seek such a license and who are not, at the time of application, employed by a licensed manufacturer, dealer-distributor, or user.

E.(1) The forms of such licenses and applications shall be prescribed by the deputy secretary and shall require a photo of the applicant as well as such other information and data as the deputy secretary deems appropriate.

(2) To qualify for a license, an applicant shall:

(a) Make sworn application to the department. The providing of false or misleading

information in the application or any documents submitted with the application shall be grounds for the denial or revocation of a license and shall subject the applicant to criminal prosecution. Any license holder under this Section shall notify the department of any name or address change within thirty days of the change. Failure to timely notify the department of a name or address change may result in suspension of the license for up to thirty days.

(b) Agree in writing to hold harmless and indemnify the department, the state, or any peace officer for any and all liability arising out of the issuance or use of a license issued pursuant to this Part.

(c) Be twenty-one years of age or older, except licenses for blasters and handlers for which an applicant shall be eighteen years of age or older to qualify.

(d) Not suffer from a mental or physical infirmity due to disease, illness, or intellectual disability which prevents the safe handling of explosives.

(e) Not be ineligible to possess an explosives license by virtue of having been convicted of a felony.

(f) Not have been committed, either voluntarily or involuntarily, for the abuse of a controlled dangerous substance, as defined by R.S. 40:961 and 964, or been found guilty of or entered a plea of guilty or nolo contendere to a misdemeanor under the laws of this state or similar laws of any other state relating to a controlled dangerous substance within a five-year period immediately preceding the date on which the application is submitted, or be presently charged under indictment or a bill of information for such an offense.

(g) Not have entered a plea of guilty or nolo contendere to or been found guilty of a crime of violence as defined in R.S. 14:2 at the misdemeanor level, unless five years have elapsed since completion of sentence or any other conditions set by the court have been fulfilled, or unless the conviction was set aside and the prosecution dismissed prior to the date on which the application is submitted.

(h) Not have been convicted of, have entered a plea of guilty or nolo contendere to, or not be charged under indictment or a bill of information for any crime of violence or any crime punishable by imprisonment for a term of one year or greater. A conviction, plea of guilty, or plea of nolo contendere for the purposes of this Paragraph shall include a dismissal and conviction set aside under the provisions of Code of Criminal Procedure Article 893.

(i) Not be a fugitive from justice.

(j) Not be a person whose prior activities, arrest or arrests, criminal record, reputation, habits, and associations pose a threat to public safety.

(k) Not be an unlawful user of or addicted to marijuana, depressants, stimulants, or narcotic drugs.

(l) Not have been adjudicated to be mentally deficient or been committed to a mental institution.

(m) Be a legal resident of the United States.

(n) Not have been discharged from the Armed Forces of the United States with a discharge characterized as "Under Other than Honorable Conditions", a "Bad Conduct Discharge", or a "Dishonorable Discharge". In the case of commissioned officers and warrant officers of the United States Armed Forces, the punishment of "Dismissal" rendered

subject to a verdict of "guilty" at a trial by military court-martial is deemed to be disqualifying under this Paragraph. For the purposes of this Subparagraph, the United States Coast Guard is considered an armed force.

(o) Not have a history of engaging in violent behavior. There shall be a rebuttable presumption that an applicant has a history of engaging in violent behavior upon proof that, within a ten-year period immediately preceding the date of the application, the applicant has been arrested or charged on three or more occasions for any crime of violence as defined in R.S. 14:2(B), or has been arrested or charged on two or more occasions for any crime of violence that may be punished by death.

(p) Not have been determined by a judge of this state or any other state to be a credible threat to the physical safety of another, nor a person who is subjected to the provisions of an active protective order, or prohibited from possessing or receiving a firearm by law.

(3)(a) The deputy secretary shall revoke the license if at any time during the license period the license holder fails to satisfy any one of the qualification requirements provided for in Paragraph (2) of this Subsection.

(b) The department shall execute a thorough background investigation, including a criminal history records check, of every applicant for the purpose of verifying or renewing the qualifications of the applicant pursuant to the requirements of this Section. For purposes of this Subparagraph, a background check shall be defined as all state records of arrest, prosecution, or conviction and all expunged information and dismissed convictions pursuant to Code of Criminal Procedure Articles 893 and 894, as well as national records which shall include fingerprints of the applicant and other identifying information, that shall be requested by the department. The department shall require any current or prospective manufacturer, dealer-distributor, user, blaster, or handler as defined in R.S. 40:1472.2 to submit to a criminal history records check to be conducted by the Louisiana Bureau of Criminal Identification and Information. Fingerprints and other identifying information from the current or prospective manufacturer, dealer-distributor, user, blaster, or handler shall be submitted to the bureau. In addition, when the department requests a national criminal history records check, the bureau shall forward the fingerprints to the Federal Bureau of Investigation for a national criminal history records check and shall provide the department with the national criminal history record information of the current or prospective manufacturer, dealer-distributor, user, blaster, or handler.

(c) Cost incurred by the department for conducting a background investigation and criminal history records check shall be borne by the applicant.

(4)(a) Anyone who handles, moves, uses, manipulates, or otherwise detonates explosives and does so with a blood alcohol concentration of 0.02 percent or greater by weight of alcohol in the blood or when a blood or urine test confirms the presence of any abused or controlled substance that has been prescribed by a licensed medical practitioner shall constitute a violation of careless use of explosives as found in R.S. 40:1472.18 and shall be cause for the immediate suspension of the person's explosive license issued pursuant to this Chapter.

(b) Anyone who handles, moves, uses, manipulates, or otherwise detonates explosives and does so with a blood alcohol concentration of 0.08 percent or greater by weight of alcohol in the blood or when a blood or urine test confirms the presence of any abused or controlled dangerous substance that was not prescribed by a licensed medical practitioner shall constitute a violation of reckless use of explosives as found in R.S. 40:1472.19 and shall be cause for the person's explosives license issued pursuant to this Chapter to be revoked for life.

(5) The tested license holder may have a physician or a qualified technician, chemist, registered nurse, or other qualified person of his own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The license holder shall be given the opportunity to telephone and request the qualified person to administer such test.

F. Repealed by Acts 2003, No. 161, §1.

G. No license shall be issued by the deputy secretary pursuant to an application therefor unless it shall be determined that the purpose for which the applicant seeks a license falls within the purview of this Part and that such purpose is not violative of any other laws of this state.

H. All explosives licensing fees collected pursuant to this Section shall be dedicated to the Explosives Trust Dedicated Fund Account for the use of the deputy secretary in the administration of this Part, and shall be deposited in a special account to be established in the office of the state treasurer pursuant to the provisions of R.S. 40:1472.20.

I. It shall be unlawful for any person in an application for a license required by Subsection A or B of this Section to knowingly make a false statement therein. Whoever is convicted of violating the provisions of this Subsection shall be fined not less than fifteen hundred dollars nor more than ten thousand dollars or imprisoned with or without hard labor for not less than two years nor more than five years, or both.

J. Whoever is convicted of violating Subsection A of this Section shall be fined not less than five thousand dollars nor more than twenty thousand dollars or imprisoned with or without hard labor for not less than five years nor more than ten years, or both.

K. Whoever is convicted of violating Subsection B of this Section shall be fined not less than one thousand five hundred dollars nor more than ten thousand dollars or imprisoned with or without hard labor for not less than two years nor more than five years, or both.

L.(1) The provisions of this Part shall not apply to the use of commercially manufactured black powder by historical and cultural reenactors sixteen years of age or older or the acquisition and use of commercially manufactured black powder by historical and cultural reenactors twenty-one years of age or older, who have completed the Louisiana State Parks Black Powder Certification. The acquisition and possession of black powder shall be limited to quantities not to exceed the following:

(a) Twenty-five pounds for historical and cultural reenactors who hold artillery designation with a bona fide unit of historical reenactors.

(b) Five pounds for all other lawful purchasers.

(2) Persons acquiring commercially manufactured black powder in quantities in

excess of five pounds shall produce evidence of current certification from Louisiana State Parks for participation in Louisiana historical and cultural reenactments.

(3) Black powder in excess of five pounds that is stored at a private residence shall be reported in writing by the homeowner, occupant, or resident, as the case may be, to the chief of a fire district or department of competent jurisdiction.

RS 40:1472.4 — Possession without license prohibited; exceptions

osives for the purpose set forth by the license.

B. There are hereby made the following exceptions:

(1) Contract and private carriers operating in interstate and intrastate commerce.

(2) Cultural and historical reenactors who are members of a bona fide artillery unit and who have completed the Louisiana State Parks Black Powder Certification and possess commercially manufactured black powder in quantities of twenty-five pounds or less.

C. Whoever is charged and convicted of violating Subsection A of this Section shall be fined not less than one thousand five hundred dollars nor more than ten thousand dollars or imprisoned with or without hard labor for not less than two years nor more than five years, or both.

RS 40:1472.5 — Maintenance of records; inspection; notice of sale or delivery

entified by marking all explosive material. The marks required by this Section must identify the manufacturer and the location, date, and shift of manufacture. The manufacturer shall place on each cartridge, bag, or other immediate container of explosives manufactured for sale or distribution the required mark which shall also be placed on the outside container, if any, used for their packaging.

B. Manufacturers and dealer-distributors shall keep accurate accounts of all inventories and sales of explosives.

C. All such sales shall be evidenced by an "Explosive Bill of Sale". The manufacturer or dealer-distributor shall retain the original and shall provide one copy to the purchaser, one copy to the deputy secretary, and one copy to the explosives control unit. Such bills of sale so delivered to purchasers shall bear the name of the manufacturer or dealer-distributor and the purchaser, date of sale, quantity sold, use for which the explosive is purchased, the address of the purchaser, and the date-shift code.

D. Should the purchase of explosives occur outside the state of Louisiana, then the purchaser shall notify the Department of Public Safety and Corrections, explosives control unit, of such delivery by forwarding thereto a copy of the bill of sale or bill of lading.

E. Manufacturers and dealer-distributors shall retain all records of inventories, invoices, sales tickets, and copies thereof and shall make the same available to any peace officer of this state, and the deputy secretary or his duly authorized representative at such intervals as the secretary shall deem appropriate.

F. Each user, as defined in this Part, shall keep an accurate written inventory of all explosives possessed by him and a record of the use of such explosives in a format approved by the deputy secretary. Such inventory and record of use shall be made available to any peace officer of this state, or the deputy secretary or his duly authorized representative at such intervals as the secretary shall deem appropriate.

G. All records required to be maintained under Subsections E and F of this Section shall require approval by the deputy secretary before they may be disposed of, and shall be turned over to the Department of Public Safety and Corrections upon the termination of the operations of a business which is required to keep such records.

H. Whoever is charged and convicted of violating any provision of this Section shall be fined not less than one thousand five hundred dollars nor more than ten thousand dollars or imprisoned with or without hard labor for not less than two years nor more than five years, or both.

I. All sales made to historical and cultural reenactors shall bear upon the sales invoice the roster or unit number of the individuals to be assigned by the dealer-distributor, for which a current roster must be maintained by the dealer-distributor and provided to the deputy secretary annually.

RS 40:1472.6 — Sales authorized only to licensees

to purchase same and the explosives are to be used by the purchaser for a purpose covered by the purchaser's license, except that the provisions of this Subsection do not apply to lawful purchases by a non-licensee or non-permittee of commercially manufactured black powder in quantities not to exceed five pounds, or twenty-five pounds by a member of a bona fide unit of historical reenactors, if the black powder is intended to be used solely for sporting, recreational or cultural purposes in antique firearms as defined in 18 U.S.C. 921(a)(16), or in antique devices as exempted from the term "destructive device" in 18 U.S.C. 921(a)(4).

B. Whoever is charged and convicted of violating Subsection A of this Section shall be fined not less than one thousand five hundred dollars nor more than ten thousand dollars or imprisoned with or without hard labor for not less than two years nor more than five years, or both.

RS 40:1472.7 — Reports of losses or thefts; illegal use or illegal possession

thefts, illegal uses, or illegal possession of explosives within the purview of this Part, coming to his attention, and shall forward a copy of his final written report to the deputy secretary. Any manufacturer, dealer-distributor, user, blaster, handler, or historical and cultural reenactor who knows that explosives in his possession have been lost, stolen, or otherwise misappropriated shall immediately notify the nearest sheriff's office or police department and the deputy secretary of such fact. In addition, each manufacturer, dealer-distributor, and user shall physically inspect all magazines at least one time every seven days to ensure security of the explosives.

B. Whoever is convicted of violating this Section shall be fined not less than one thousand five hundred dollars nor more than ten thousand dollars or imprisoned with or without hard labor for not less than two years nor more than five years, or both.

RS 40:1472.8 — Promulgation of regulations

loading and unloading, use, sale, handling, and storage of explosives. The regulations shall be adopted in accordance with the provisions of the Administrative Procedure Act and shall be such as are reasonably necessary for the protection of the health, welfare, and safety of the public and persons possessing, handling, and using such materials and shall be in substantial conformity with generally accepted standards of safety concerning such subject matters. It is hereby declared that regulations in substantial conformity with the published rules and suggested standards of the Institute of Makers of Explosives in relation to said subject matters shall be deemed to be in substantial conformity with accepted standards of safety concerning such subject matters. All procedures with regard to the revocation, suspension, or denial of licenses shall be in accordance with the Administrative Procedure Act.

B.(1) The licensee, with the specific written approval of the deputy secretary, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this Part and rules and regulations adopted pursuant to this Part.

(2) The deputy secretary may approve an alternate method or procedure, subject to certain conditions, when he finds that all of the following are true:

(a) Good cause is shown for the use of the alternate method or procedure.

(b) The alternate method or procedure is within the purpose of, and consistent with the effect intended by, the specifically prescribed method or procedure and that the alternate method or procedure is substantially equivalent to that specifically prescribed method or procedure.

(c) The alternate method or procedure will not be contrary to any provision of law and will not result in an increase in cost to the state of Louisiana or hinder the effective administration of this Part.

(3) When the licensee desires to employ an alternate method or procedure, he shall submit a written application to the deputy secretary. The application shall specifically describe the proposed alternate method or procedure and shall set forth the reasons for it. Alternate methods or procedures may not be employed until the application is approved by the deputy secretary. The licensee shall, during the period of authorization of an alternate method or procedure, comply with the terms of the approved application. Authorization of any alternate method or procedure may be withdrawn whenever, in the judgment of the deputy secretary, the effective administration of this Part is hindered by the continuation of the authorization. As used in this Paragraph, alternate methods or procedures include alternate construction or equipment.

RS 40:1472.9 — Civil penalties

ed ten thousand dollars for each violation against any person he determines to

have violated any rule or regulation adopted pursuant to this Part. In determining the amount of the penalty the deputy secretary shall take into account the nature, circumstances, extent, and gravity of the violation, the degree of culpability of the person violating the rule or regulation, the person's history of previous offenses, the person's ability to pay and the effect of the penalty on his ability to continue to operate, and any other matter that justice requires.

B. The secretary may refer any civil penalty assessed pursuant to this Section to the attorney general for collection. Before referral for collection, the secretary may compromise any penalty.

C. The secretary may deduct all or part of any civil penalty assessed under the provisions of this Section from any other monies owed by the department to the person assessed with the penalty.

D. All civil penalties collected pursuant to this Section shall be dedicated to the Explosives Trust Dedicated Fund Account, as provided in R.S. 40:1472.20.

RS 40:1472.10 — Denial, revocation, suspension of license

issued by the deputy secretary.

(2) Licensee convicted of a felony.

(3) Licensee advocates or knowingly belongs to any organization or group which advocates violent overthrow of or violent action against any federal, state, or local government or institution.

(4) Licensee suffers from a mental or physical defect and in the judgment of the deputy secretary may be hazardous to himself or the public.

(5) Violation by the licensee of the terms specified on the license or essential changes in the condition under which the license was issued.

(6) Violation by the licensee of any of the provisions of this Part; however, except for violations deemed to constitute an immediate threat to public safety as provided under R.S. 40:1472.11. It shall be the policy of the deputy secretary to issue a ninety-day letter of noncompliance for such violations. Should a licensee receive two such letters of noncompliance within a period of twelve months, revocation or suspension procedures can be invoked.

(7) The giving of any false information or the making of a misrepresentation to obtain a license.

(8) Any violation of this Part deemed to constitute an immediate threat to public safety as provided in R.S. 40:1472.11.

(9) The applicant for a license is a person who is currently under investigation for, or who has been criminally charged with, terrorist activity, a crime of violence as defined in R.S. 14:2(B)(1) through (16), (18) through (23), and (25) through (30), a crime involving the possession or use of a dangerous weapon as defined in R.S. 14:2(A), or a crime involving the manufacture or distribution of a controlled dangerous substance in violation of the Uniform Controlled Dangerous Substances Law.

B. The deputy secretary may invoke suspension of a license pending disposition of a felony charge which involves the use of explosives brought against a licensee.

RS 40:1472.11 — Confiscation and disposal of explosives

shall have the power to:

(1) Order the licensee to immediately correct such violation; or

(2) Confiscate such explosives and dispose of them in any manner deemed appropriate to insure the safety of the public.

B. Such violation shall be cause for revocation or suspension of the violator's license without the issuance of a ninety-day noncompliance letter as provided in R.S. 40:1472.10(A)(6).

C. All costs incurred in the confiscation and disposal of unsafe explosives as provided in Subsection A of this Section shall be paid by the licensee.

RS 40:1472.12 — Unlawful storage of explosives

the storage of commercially manufactured black powder by historical and cultural reenactors of twenty-five pounds or less as authorized in this Part shall be stored in the factory-provided packages and boxes or in an approved day-box portable magazine.

B. Any person who violates the provisions of this Section shall upon conviction be fined not less than one thousand five hundred dollars nor more than ten thousand dollars or be imprisoned with or without hard labor for not less than two years nor more than five years, or both.

RS 40:1472.13 — Abandonment of explosives

tion shall upon conviction be fined not less than one thousand five hundred dollars nor more than ten thousand dollars or be imprisoned with or without hard labor for not less than two years nor more than five years, or both.

RS 40:1472.14 — Injunction

Igated in pursuance thereto, the deputy secretary is authorized to resort to proceedings for injunction in the district court of the parish where such person shall reside or have his or its principal place of business, and therein apply for such temporary and permanent orders as the deputy secretary may deem necessary to restrain such person from engaging in any such businesses until such person shall have complied with the provisions of this Part and such rules and regulations.

RS 40:1472.15 — Exceptions

fire departments in this state, provided they are acting within their respective official capacities and in the performance of their duties.

RS 40:1472.16 — Municipal ordinances, rules, and regulations

in this state which are not less restrictive than the provisions of this Part and the rules and regulations promulgated pursuant thereto, or affect, modify, or limit the power of such incorporated city or town to adopt ordinances, rules, and regulations pertaining to explosives within the respective corporate limits.

B. Every holder of a license issued by the deputy secretary shall obtain the specific approval of the explosives control unit before detonating any explosives in any congested area of the state, whether within the corporate limits of a city or town or not.

RS 40:1472.17 — Administration of Part; personnel

ses as may be required in connection with the administration of this Part.

RS 40:1472.18 — Careless use of explosives

nt manner without regard for the hazards or circumstances in which the explosives or blasting agents are being stored, handled, disposed, transported, transferred, loaded, unloaded, or used.

B. Whoever is convicted of violating this Section shall be guilty of a misdemeanor and fined not less than five hundred dollars and not more than two thousand dollars or imprisoned for not more than ninety days.

C. Any person in possession of an explosive license issued under R.S. 40:1472.3 upon conviction shall have such license revoked for one year from date of conviction.

RS 40:1472.19 — Reckless use of explosives

rs or could endanger human life, health, or property.

B. Whoever is convicted of violating this Section shall be guilty of a felony and fined not less than five thousand dollars nor more than twenty thousand dollars or imprisoned with or without hard labor for not less than five years nor more than ten years, or both.

RS 40:1472.20 — Explosives Trust Dedicated Fund Account

upport the efforts of the

Department of Public Safety and Corrections, office of state police, explosives control unit.

After deposit into the Bond Security and Redemption Fund, all funds collected pursuant to

R.S. 40:1472.3(H) and 1472.9(D) shall be deposited in and credited to the Explosives Trust Dedicated Fund Account. Monies deposited into the account shall be categorized as fees and self-generated revenue for the sole purpose of reporting related to the executive budget, supporting documents, and general appropriation bills and shall be available for annual appropriation by the legislature.

B. The funds as specified in Subsection A of this Section shall be appropriated by the legislature and shall be used solely to support staffing, training, and the acquisition of equipment necessary for the handling of incidents involving the threat of or actual use of explosive or explosive devices which threaten the safety of the citizens of Louisiana. The amount of money deposited out of that collected pursuant to R.S. 40:1472.3(H) and 1472.9(D) shall not exceed one million dollars annually.

RS 40:1481 — Purpose

s of production increases both the cost to the public and the danger to the public on the roads of the state. Therefore, the legislature imposes certain requirements upon the transportation of oil and oil field equipment.

RS 40:1482 — Documentation for transport

n by motor vehicle from or to storage, disposal, processing, or refining shall possess specific documentation required by regulation of the secretary of the Department of Public Safety which substantiates his right to be in possession of the estimated volume of crude petroleum oil carried in that vehicle. The regulation shall require the documentation to include:

- (1) The identity of the operator and the location of the lease from which originated the crude petroleum oil or any sediment, water, or brine produced in association with the production of oil or gas, or both, if it is purportedly being transported from a lease; and
- (2) The identity of the operator of and the location of the storage facility from which or to which the crude petroleum oil or any sediment, water or brine produced in association with the production of oil or gas, or both, is being transported; and
- (3) The identity of the operator of and the location of the disposal, processing, or refining facility to which the crude petroleum oil or any sediment, water, or brine produced in association with the production of oil or gas, or both, is being transported; and
- (4) The estimated percentage of crude petroleum oil in the sediment, water, or brine produced in association with the production of oil or gas, or both, which is being transported; or
- (5) The volume of crude petroleum oil being transported; and
- (6) Any additional information the secretary finds necessary or appropriate.

B. Any common carrier transporting oil field equipment, defined as any oil or gas equipment necessary for or incidental to the drilling, production, or maintenance of an oil or gas well, shall possess specific documentation required by regulation of the secretary which substantiates his right to be transporting the equipment. Such regulation shall require the documentation to include:

- (1) The equipment owner's name and address;
- (2) The point of origin for transporting and the destination;
- (3) The name and address of the transporter, if different from the owner;
- (4) A brief description of the equipment being transported, including identification marks or numbers if they exist.

RS 40:1483 — Impoundment

ight to possession, whenever: (1) he has reasonable cause to examine the documentation; and (2) the transporter lacks it or the documentation is substantially in variance with the facts.

RS 40:1484.2 — Purpose; administration and enforcement

musement rides to prohibit the

use of such devices, attractions, and rides when they have not been properly registered, have

not received a proper and timely certificate of inspection, and have not received a set-up inspection as provided for in this Part.

B. The state fire marshal shall administer and enforce the provisions of this Part and may promulgate rules and regulations which he considers necessary to such administration and enforcement pursuant to the Administrative Procedure Act. In formulating necessary rules and regulations, the state fire marshal may use recognized standards, including but not limited to those of the ANSI, ASTM, those recognized by federal law or regulation, those published by nationally recognized standards-making organizations, those industry standards established by accepted practices or trade associations, or those contained in manufacturers' installation manuals.

C. The state fire marshal has the authority to charge and collect fees as provided for in this Part.

RS 40:1484.3 — Definitions

sement attraction or amusement ride" means an attraction that is not a "child amusement attraction or amusement ride" or "kiddie amusement attraction or amusement ride".

(2) "Amusement attraction" means any building or structure around, over, or through which people may move or walk, without the aid of any moving device integral to the building or structure, that provides amusement, pleasure, thrills, or excitement. "Amusement attraction" does not include any enterprise principally devoted to the exhibition of products of agriculture, industry, education, science, religion, or the arts.

(3) "Amusement ride" means any mechanized device or combination of devices which carries passengers along, around, or over a fixed or restricted course for the purpose of giving its passengers amusement, pleasure, thrills, or excitement. "Amusement ride" also includes any mechanized device or combination of devices of a permanent nature even though such device or combination of devices is subject to building regulations issued by cities or parishes and existing applicable safety orders. "Amusement rides" also include the following:

(a) Bungee rides or bungee operations which utilize as a component a bungee cord, which is an elastic rope made of rubber, latex, or other elastic-type materials whether natural or synthetic.

(b) Go-karts, which means a ride in which a vehicle is controlled or driven by patrons on a fixed course.

(c) Any wave pool, water slide, or other similar attraction that totally or partially immerses a patron in water.

(d) Artificial climbing walls.

(e) Zip lines.

(4) "ANSI" means the American National Standards Institute.

(5) "ASTM" means the American Society for Testing and Materials or ASTM International.

(6) "Audit" means an official inspection of an operator's actions and documentation as it relates to the coordination of inflatable amusement devices, amusement rides, and

amusement attractions at an event and a set-up inspector's actions, documentation, and tagging as it relates to the set-up inspection of inflatable amusement devices, amusement rides, and amusement attractions at an event, including each operator's and set-up inspector's adherence to applicable statutes and rules.

(7) "Certificate of inspection" means a certificate or report prepared by a third-party inspector pursuant to his inspection which verifies that the inflatable amusement device, amusement attraction, or amusement ride complies with all applicable adopted laws, rules, standards, and its corresponding manufacturer's installation manuals, maintenance and service bulletins, and notices.

(8) "Certificate of registration" means a certificate issued by the office of state fire marshal upon receipt of a completed registration application, valid insurance as required by this Part, and a certificate of inspection.

(9) "Child amusement attraction or amusement ride" or "kiddie amusement attraction or amusement ride" means an amusement attraction or amusement ride designed primarily for use by children weighing ninety pounds or less per passenger unit.

(10) "Compliance inspection" means a type of inspection performed as deemed necessary by the state fire marshal or his designee, usually in conjunction with an audit or investigation, or in response to a complaint.

(11) "Employee" means a person who performs services for wages or salary from his employer.

(12) "Event" means a private or public organized occasion, where people and entertainment are usually present, which may be celebratory in nature and occurs at a temporary operation location. This shall include but not be limited to fairs, festivals, carnivals, parties, or gatherings.

(13) "Firm" means a sole proprietorship, corporation, limited liability company, or similar type of business entity.

(14) "Fixed operation location" means an operating location wherein amusement devices, amusement attractions, or amusement rides are operated for an indefinite period of time and are not often disassembled and reassembled.

(15) "Inflatable amusement device" means any amusement attraction that incorporates a structural and mechanical system that employs a high-strength fabric or film that achieves its strength, shape, and stability by pretensioning with internal air pressure for activities including, but not limited to bouncing, climbing, sliding, or interactive play, which may or may not be enclosed.

(16) "Inspect" or "inspection" means the thorough physical examination and functional testing of an inflatable amusement device, amusement attraction, or amusement ride and its component parts necessary to ensure that the device, attraction, or ride complies with all applicable adopted laws, rules, standards, and corresponding manufacturer's installation manuals, maintenance and service repair bulletins, or notices.

(17) "Investigate" or "investigation" means the thorough physical examination of an inflatable amusement device, amusement attraction, or amusement ride and its component parts by the office of state fire marshal in response to a complaint or an accident, which may

or may not have resulted in injury or death, to determine the cause of the accident.

(18) "NAARSO" means the National Association of Amusement Ride Safety Officials.

(19) "Operate" means to manage and coordinate an inflatable amusement device, amusement attraction, or amusement ride at an event or a fixed operation location. The term includes management or coordination which may or may not be performed by the owner of the inflatable amusements device, amusement attraction, or amusement ride.

(20) "Operator" means a person or firm who may or may not own the inflatable amusements devices, amusement attractions, or amusement rides who is managing, coordinating, or has the duty to control the operation of the inflatable amusements devices, amusement attractions, or amusement rides at an event or a fixed operation location.

(21) "Owner" means a person or firm, or the agent of a person or firm, who owns an amusement attraction, amusement ride, or more than two inflatable amusement devices, and at least one of the person's or firm's inflatable amusement devices, amusement attractions, or amusement rides is utilized in this state.

(22) "Ride operator" means the person or persons responsible for directly supervising, monitoring, and attending to the inflatable amusement device, amusement attraction, or amusement ride, including but not limited to collecting tickets or money, ensuring the appropriate number of patrons are boarding and debording a ride, ensuring riders are the appropriate height, latching and securing passengers, operating a ride, starting and stopping a ride, and monitoring patrons' activities during a ride's operation to ensure their safety.

(23) "Set-up inspection" means a review of all necessary documents, including service and repair documents, the observation of and examination of the assembly, set-up, and operation of an inflatable amusement device, amusement attraction, or amusement ride, and an inspection of the foundation, blocking, fuel containers, and mechanical and electrical conditions of such a device, attraction, or ride.

(24) "Set-up inspector" means the person licensed by the office of state fire marshal to conduct the set-up inspection prior to the opening of an amusement attraction or prior to the operation of an inflatable amusement device or amusement ride at each event.

(25) "Temporary operation location" means an operating location where inflatable amusement devices, amusement attractions, or amusement rides are operated for a finite period of time not to exceed thirty days.

(26) "Testing" means the set-up and activation of an inflatable amusement device, amusement attraction, or amusement ride for the purpose of analyzing such device, attraction, or ride and its component parts for safety. This may be done in conjunction with an inspection.

(27) "Third-party inspector" means a person licensed by the office of state fire marshal to test and inspect inflatable amusement devices, amusement attractions, and amusement rides.

RS 40:1484.4 — Registration of inflatable amusement devices, amusement attractions, and amusement ride shall register each of his inflatable amusement devices, amusement

attractions, or amusement rides with the office of state fire marshal prior to its use in this state. An owner shall renew the registration each year for each inflatable amusement device, amusement attraction, or amusement ride being used in this state.

B. To register the inflatable amusement device, amusement attraction, or amusement ride, the owner shall submit all of the following to the office of state fire marshal for approval:

- (1) A registration application.
- (2) A certificate of inspection dated no earlier than sixty days prior to the date of submission of a registration application.
- (3) A copy of the general liability insurance in which all inflatable amusement devices, amusement attractions, or amusement rides being registered are listed on the submitted insurance declaration page.

C. Upon approval by the state fire marshal, a certificate of registration shall be issued as follows:

- (1) Initial registration. Initial registration can occur at any time. A registration plate shall be issued bearing a permanent registration number. The registration plate shall be permanently affixed to the inflatable amusement device, amusement attraction, or amusement ride in a conspicuous location.
- (2) Annual registration renewal. A decal bearing the month and year of the annual renewal shall be issued and affixed to the plate to indicate its current registration with the state fire marshal.

D. An owner shall notify the office of state fire marshal if a plate or decal is lost or damaged. Any plate or decal that is lost or damaged shall be decommissioned. Prior to receiving a new plate or decal, the owner shall return the damaged plate or decal to the office of state fire marshal and pay the required fee. The fee to replace a lost or damaged plate or decal is thirty dollars.

RS 40:1484.5 — Third-party inspection of inflatable amusement devices, amusement attractions, se of testing, training, or inspection, no inflatable amusement device, amusement attraction, or amusement ride shall be operated in this state without a current certificate of registration, valid registration plate, and registration decal issued by the office of state fire marshal.

B.(1) Each inflatable amusement device, amusement attraction, or amusement ride shall be inspected by a third-party inspector for safety and subjected to nondestructive testing, according to the manufacturer's recommendations, if any, at least annually, in accordance with ASTM-F-24, as promulgated by the state fire marshal in conformity with the Administrative Procedure Act, and other applicable standards, regulations, manuals, manufacturers' specifications, service bulletins, and notices.

(2) Upon completion of each inspection as required in this Section, the third-party inspector shall submit a certificate of inspection to the office of state fire marshal and the owner. The certificate shall be valid for not more than twelve months from the date of issuance.

(3) If the third-party inspection shows that an inflatable amusement device,

amusement attraction, or amusement ride does not comply with all relevant provisions of this Part and the adopted standards, regulations, and applicable manuals, service bulletins, and notices, the third-party inspector shall notify and submit the findings to the state fire marshal within ten days of the inspection. The office of state fire marshal shall issue a cease and desist order to the operator or owner indicating that operation of the inflatable amusement device, amusement attraction, or amusement ride, which does not comply, is to immediately cease in the state. The state fire marshal shall lift any cease and desist order and issue registration plates or registration decals, if applicable, for the inflatable amusement devices, amusement attractions, or amusement rides only when the deficiencies have been remedied to the satisfaction of a third-party inspector and proof of satisfaction is submitted to and approved by the state fire marshal.

RS 40:1484.6 — Operation of amusement rides and amusement attractions; notice; changes in any amusement ride or

amusement attraction, except for the purpose of testing, training, and inspection, the operator shall give written or electronic notification to the office of state fire marshal of his intent to commence operation of the amusement ride or amusement attraction.

B.(1) Any operator who gives written or electronic notification to the office of state fire marshal of his intent to commence operation of the amusement ride or amusement attraction fewer than five days prior to commencing operation shall be fined as follows:

- (a) Fifty dollars per ride or attraction for the first offense.
- (b) Seventy-five dollars per ride or attraction for the second offense.
- (c) Two hundred dollars per ride or attraction for the third offense.
- (d) Two hundred fifty dollars per ride or attraction for each additional offense thereafter.

(2) In determining the number of offenses that have occurred, only offenses occurring over the three-year period preceding the offense at issue shall be considered.

C. If, after the notification, the operator changes his schedule of locations or dates, he shall immediately notify the office of state fire marshal of the change. An operator shall pay a fine of two hundred fifty dollars for any change in schedule of location or date that occurs less than five days prior to the commencement of operation of the amusement ride or amusement attraction.

D. Prior to operating any new amusement ride or amusement attraction, the operator shall notify the office of state fire marshal of his intent to commence operation, but shall not operate the amusement ride or amusement attraction until the owner has registered the amusement ride or amusement attraction as required in this Part.

E.(1) The state fire marshal or his designee may inspect all amusement rides or amusement attractions operating in the state at least once during the duration of the event at which the amusement ride or amusement attraction is being operated.

(2) During an office of state fire marshal inspection or audit, the operator shall submit to the state fire marshal or his designee the set-up inspection report and any other documentation relating to the set-up inspection or an annual inspection.

(3) In the case of amusement rides or amusement attractions operating at a fixed

operation location, the state fire marshal or his designee shall inspect the amusement rides or amusement attractions no more than once annually, except in furtherance of an investigation arising from a reported ride accident or pursuant to a complaint. The inspection is to ensure compliance with the provisions of this Part and adopted standards, rules, regulations, and applicable manuals, service bulletins, and notices.

(4) The state fire marshal or his designee has free access to any premises in the state where an amusement ride or amusement attraction is being installed, built, repaired, or operated for the purpose of ascertaining whether such amusement ride or amusement attraction is being installed, built, repaired, or operated in accordance with the provisions of this Part and adopted standards, rules, regulations, and applicable manuals, service bulletins, and notices.

F. The state fire marshal or his designee has the authority to publish a listing of all noncompliant operators and make such list available to the public upon written demand.

RS 40:1484.7 — Operation of inflatable amusement devices; notice; changes in schedule; fines

For the purpose of testing, training, and inspection, the operator shall give written or electronic notification to the office of state fire marshal of his intent to commence operation of the inflatable amusement device.

B.(1) Any operator who gives written or electronic notification to the office of state fire marshal of his intent to commence operation of the inflatable amusement device fewer than five days prior to commencing operation shall be fined as follows:

- (a) Twenty-five dollars per ride or attraction for the first offense.
- (b) Fifty dollars per ride or attraction for the second offense.
- (c) One hundred fifty dollars per ride or attraction for the third offense.
- (d) Two hundred dollars per ride or attraction for each additional offense thereafter.

(2) In determining the number of offenses that have occurred, only offenses occurring over the three-year period preceding the offense at issue shall be considered.

C. If, after the notification, the operator changes his schedule of locations or dates, he shall immediately notify the office of state fire marshal of the change. An operator shall pay a fine of two hundred dollars for any change in schedule of location or date that occurs less than five days prior to the commencement of operation of the inflatable amusement device.

D. Prior to operating any new inflatable amusement device, the operator shall notify the office of state fire marshal of his intent to commence operations, but shall not operate the inflatable amusement device until the owner has registered the inflatable amusement device as required in this Part.

E.(1) The fire marshal or his designee may inspect all inflatable amusement devices operating in this state during the duration of the event at which the inflatable amusement device is being operated.

(2) During an office of state fire marshal inspection or audit, the operator shall submit to the state fire marshal or his designee the set-up inspection report and any other documentation relating to the set-up inspection or an annual inspection.

(3) In the case of inflatable amusement devices operating at a fixed operation

location, the fire marshal or his designee shall inspect the inflatable amusement devices no more than once annually, except in furtherance of an investigation arising from a reported ride accident or pursuant to a complaint. The inspection is to ensure compliance with the provisions of this Part and adopted standards, rules, regulations, and applicable manuals, service bulletins, and notices.

(4) The state fire marshal or his designee has free access to any premises in the state where an inflatable amusement device is being installed, built, repaired, or operated for the purpose of ascertaining whether such inflatable amusement device is being installed, built, repaired, or operated in accordance with the provisions of this Part and adopted standards, rules, regulations, and applicable manuals, service bulletins, and notices.

F. The provisions of this Part apply only to inflatable amusement devices which are all of the following:

- (1) Open to public.
- (2) Located on grounds other than those of a one- or two-family dwelling.
- (3) Co-located with other inflatable amusement devices, attractions, or rides governed by this Part.

G. The state fire marshal or his designee has the authority to publish a listing of all noncompliant operators and make such list available to the public upon written demand.

RS 40:1484.8 — Set-up inspection; requirements; notification to the fire marshal

nd amusement rides at least once prior to their operation at each event in the state.

B. The set-up inspection may be conducted by a third-party inspector or an employee of the operator of the inflatable amusement device, amusement attraction, or amusement ride who is specially trained to perform a set-up inspection.

C. If an inflatable amusement device, amusement attraction, or amusement ride is in compliance pursuant to the findings of a set-up inspection and corresponding adopted rules and regulations, the third-party inspector or set-up inspector shall affix a tag to the inflatable amusement device, amusement attraction, or amusement ride.

D. If an inflatable amusement device, amusement attraction, or amusement ride is not in compliance pursuant to the findings of a set-up inspection and corresponding adopted rules and regulations, a third-party inspector or set-up inspector shall cease operation of the inflatable amusement device, amusement attraction, or amusement ride and notify the office of state fire marshal within two hours of the determination, and tag it accordingly.

E. The office of state fire marshal shall specifically adopt rules and regulations in accordance with the Administrative Procedure Act for enforcement of this Section.

RS 40:1484.9 — License required to inspect inflatable amusement devices, amusement attractions, an inflatable

amusement device, amusement attraction, or amusement ride for the purpose of providing an annual third-party inspection as required by this Part, unless the person or firm holds a current and valid license issued by the state fire marshal as provided in this Part.

B. No person or firm shall aid, abet, facilitate, or otherwise assist any unlicensed person or firm in the engagement of any testing or inspecting of an inflatable amusement

device, amusement attraction, or amusement ride when such person or firm knew or should have known the latter person or firm was unlicensed.

C. A person or firm shall not test or inspect an inflatable amusement device, amusement attraction, or amusement ride if such person or firm is also the owner or operator of the same.

RS 40:1484.10 — Third-party inspector; educational and certification requirements

r is one of the following:

- (1) A licensed engineer experienced in materials testing.
- (2) Currently certified by NAARSO with a Level 1 or greater certification.
- (3) Currently certified with an equivalent to NAARSO Level 1 or greater certification as determined by rules promulgated by the state fire marshal pursuant to this Part.

RS 40:1484.11 — License required to operate inflatable amusement devices, amusement rides, and

ride operator as defined in this Part, shall not

engage in the operation of an inflatable amusement device, amusement attraction, or amusement ride unless the person or firm holds a current and valid license issued by the state fire marshal as provided in this Part.

B. No person or firm shall aid, abet, facilitate, or otherwise assist any unlicensed person or firm in the operation of an inflatable amusement device, amusement attraction, or amusement ride when the person or firm knew or should have known the latter person or firm was unlicensed.

C. The state fire marshal may, by rule, allow the owner of an inflatable amusement device, amusement attraction, or amusement ride, or an employee of the owner, to perform minor service and repairs of the inflatable amusement device, amusement ride, or amusement attraction. The owner shall document such service or repair and assume responsibility for all such service or repair.

RS 40:1484.12 — Exemptions from licensure

sion of either, while

engaged in the performance of his official duties within the course and scope of his employment with the United States, this state, or any political subdivision of either.

RS 40:1484.13 — Application for firm license; third-party inspection firm license; operating firm

n of an inflatable amusement device,

amusement attraction, or amusement ride, a firm shall apply for and obtain a license and the respective relevant endorsement for inspection or operation. The inspection endorsement authorizes the licensee to conduct any necessary testing.

B. An applicant for a third-party inspection firm license shall submit all of the following to the state fire marshal:

- (1) A completed firm application including the names of all owners, managers, or members.
- (2) Documentation that the firm is an entity duly authorized to conduct business within this state. If the firm is physically located in Louisiana, documentation shall be in the

form of a local or parish occupational license, if such license exists, and if incorporated, a certificate of good standing issued by the secretary of state. If the firm is physically located outside of the state, documentation shall be in the form of a certificate of good standing issued by the secretary of state as a foreign corporation including the name of the firm's registered agent of service.

(3) An original certificate of insurance documenting that the firm has general liability coverage in a minimum amount of one million dollars.

(4) An original certificate of insurance documenting that the firm has "Errors and Omissions" coverage in a minimum amount of one million dollars.

(5) An original certificate of insurance documenting that the firm has a current and valid worker's compensation insurance policy as required by state law.

(6) The name of the person who will serve as the contact for the firm.

(7) The application fee authorized by this Part.

(8) Proof of employment of a qualified individual with proper certification and training at each of its operating locations.

C. An applicant for an operating firm license shall submit the following to the state fire marshal:

(1) A completed firm application including the names of all owners, managers, or members.

(2) An original certificate of insurance documenting that the firm has general liability coverage in a minimum amount of one million dollars and in which all inflatable amusement devices, amusement attractions, or amusement rides subject to coverage are listed on the declarations page.

(3) An original certificate of insurance documenting that the firm has a current and valid workers' compensation insurance policy as required by state law.

(4) The name of the person who will serve as the contact for the firm.

(5) The application fee authorized by this Part.

D. As a condition of licensure, each firm shall be open for inspection by the state fire marshal or his designated representative at any reasonable time for the purpose of observation and collection of facts and data relating to proper enforcement of this Part. No person acting on behalf of the firm shall refuse to admit the state fire marshal or his designated representative to an operating location or its business location where the firm keeps records. A firm physically located outside of Louisiana may be charged for the travel expenses of the state fire marshal to conduct such an inspection.

E. As a further condition of licensure, the acceptance of a license by a firm is deemed as the firm's consent to submit to reasonable requests for documentation by the state fire marshal or his designated representatives and to cooperate in a lawful investigation by the office of state fire marshal. A firm refusing to cooperate with any lawful investigation by the office of state fire marshal is subject to any applicable penalty as provided in this Part, including suspension or revocation of a license.

F. Each firm shall clearly display its license in a conspicuous location at its place of business.

G. The firm shall notify the state fire marshal within ten days of the following:

- (1) A change in the business address of the firm.
- (2) A change in ownership of or interest in the firm.
- (3) The termination of a licensed employee.

RS 40:1484.14 — Application for an individual license; requirements to maintain; prohibitions;

action, or amusement ride, an individual shall apply for and obtain a license and the respective relevant endorsement for inspection or operation. The inspection endorsement authorizes the licensee to conduct any necessary testing. Each individual license holder shall maintain his license on his person while engaging in any such activity and present his license for inspection upon demand of any employee of the office of state fire marshal, a fire department, or any law enforcement officer.

B. As a condition of licensure, the acceptance of a license by an individual is deemed as the individual's consent to submit to reasonable requests for documentation by the office of state fire marshal or his designated representatives and to cooperate in a lawful investigation by the office of state fire marshal. Any person refusing to cooperate with any lawful investigation by the office of state fire marshal is subject to any applicable penalty as described in this Part, including suspension or revocation of a license.

C. Each individual license holder shall notify the state fire marshal, as specified by the state fire marshal, within ten days of the following:

- (1) A change in business or home address.
- (2) A separation from an employer or change in employer.

D. An individual licensed as provided in this Section shall not contract his services as an independent contractor or agent with any other firm, whether such firm is engaged in testing, inspection, or operation.

E. An individual licensed as provided in this Section shall meet all certification, continuing education, training, and testing requirements as established by this Part and related adopted rule or regulation.

RS 40:1484.15 — Set-up inspection; license endorsement

d obtain a license and a set-up inspection endorsement which authorizes its holder to perform the set-up inspection.

B. Third-party inspectors, as licensed by this Part, may perform set-up inspections as required by this Part, under their third-party inspector endorsement.

C. Employees of the operators of an inflatable amusement device, amusement attraction, or amusement ride may become licensed as specified by this Part to perform the set-up inspection of an inflatable amusement device, amusement attraction, or amusement ride owned or operated by his employer.

D. In conformity with the Administrative Procedure Act, the state fire marshal shall promulgate rules for qualifications, including required training, for the administration and enforcement of this Section.

RS 40:1484.16 — Powers and duties of the state fire marshal

orcement of this Part.

- (2) Evaluate the qualifications of firms or persons applying for or maintaining a license pursuant to this Part.
- (3) Have authority to set qualifications and fitness of applicants for a license as provided in this Part, which may include conducting examinations.
- (4) Issue full or provisional licenses to firms and persons meeting the qualifications established by this Part.
- (5) Have authority, after notice and opportunity for hearing, to increase or decrease the limits of insurance coverage and authorize acceptance of surplus lines coverage if the state fire marshal determines that due to loss experience, market conditions, or other good reason, the liability insurance coverage required by this Part is unavailable to applicants for or holders of licenses.
- (6) Have authority to conduct inspections of licensed firms, whether in state or out of state, for the purpose of observation and collection of facts and data relating to proper enforcement of this Part.
- (7) Conduct inspections and perform audits to ensure compliance with this Part and investigate at reasonable times, and within reasonable limits and manner, inflatable amusement devices, amusement attractions, or amusement rides in any area where they are assembled, maintained, stored, serviced, or in use. The state fire marshal or his designee, upon presenting credentials to an owner or operator, is authorized to act as described in this Paragraph without prior notice.
- (8) Employ such persons as he may deem qualified, consistent with applicable civil service regulations, and incur expenses as may be necessary in connection with the administration of this Part.
- (9) Investigate all written complaints lodged against firms or individuals alleged to have violated provisions of this Part or related promulgated rules and pursue administrative action against the firms or individuals.
- (10) Investigate all accidents related to an inflatable amusement device, amusement attraction, or amusement ride resulting in injury or death, or as requested by an operator, customer, patron, rider, or user.

RS 40:1484.17 — Notice; hearing; revocation of certificate or license

Procedure Act and upon a finding that a person or firm acted in any of the following manners:

- (1) Willfully violated any provision of this Part or any rule, regulation, or adopted order.
- (2) Used deceit or false or misleading information to obtain any certificate or license pursuant to this Part.
- (3) Demonstrated professional incompetence or gross negligence.
- (4) Assisted any person attempting to evade the provisions of this Part or any related adopted rules or regulations.

RS 40:1484.18 — Fees; required renewal; penalties

amusement device, amusement attraction, or amusement ride are as follows:

(1) Initial Registration Fee:

(a) Inflatable amusement device: \$100.00

(b) Child or "Kiddie" amusement attraction or amusement ride: \$100.00

(c) Adult amusement attraction or amusement ride: \$200.00

(2) Annual Renewal Fee:

(a) Inflatable amusement device: \$100.00

(b) Child or "Kiddie" amusement attraction or amusement ride: \$100.00

(c) Adult amusement attraction or amusement ride: \$200.00

C. The licensing fees for a firm are as follows:

(1) Initial Fee:

(a) Inspection endorsement: \$500.00

(b) Operation endorsement: \$500.00

(2) Renewal Fee:

(a) Inspection endorsement: \$100.00

(b) Operation endorsement: \$100.00

D. The licensing fees for an individual's license are as follows:

(1) Initial Fee:

(a) Third-party inspector endorsement: \$250.00

(b) Operator or Owner endorsement: \$250.00

(c) Set-up inspector endorsement: \$250.00

(2) Renewal Fee:

(a) Third-Party inspector endorsement: \$50.00

(b) Operator or Owner endorsement: \$50.00

(c) Set-up inspector endorsement: \$50.00

E. All licenses are valid for one year, unless a multi-year license is created, and shall be renewed by the license holder within the thirty days prior to the license expiration date. The state fire marshal may create a prorated fee system to allow employee license renewal dates to coincide with the firm license renewal date.

F. Any license not renewed within the thirty days prior to its expiration date is past due for renewal and subject to late fees. The license holder shall pay a late fee penalty of twenty-five dollars for a license renewed within the first forty-five days past the license expiration date. The license holder shall pay a late fee penalty of fifty dollars for a license renewed between forty-six and sixty days past the license expiration date.

G. The state fire marshal shall suspend a license if the license is not renewed within sixty days past its expiration date or if the license holder has not maintained the license. The cost to reinstate a suspended license is the cost of the respective license holder's initial fee plus twenty dollars.

H. The cost for a duplicate or replacement firm or individual license is twenty dollars, regardless of how many endorsements are carried.

I. The cost to transfer an individual license from one firm to another is twenty dollars.

J. The fees established in this Section are not refundable, except when certain

conditions apply as the state fire marshal may establish.

K. There are no fees associated with any inspections and audits performed by the office of state fire marshal, unless otherwise indicated by this Part.

L. All fees collected pursuant to this Part shall be used exclusively for the operation and maintenance of the amusement rides and safety division within the office of state fire marshal, code enforcement and building safety.

RS 40:1484.19 — Prohibited acts; operator

ment ride without a valid license issued as provided in this Part.

- (2) Aid and abet an unlicensed individual, employee, or firm in the testing, inspection, or operation of an inflatable amusement device, amusement attraction, or amusement ride without a valid license.
- (3) Operate an inflatable amusement device, amusement attraction, or amusement ride contrary to manufacturer's specifications or codes or standards adopted in rules promulgated by the state fire marshal without specific written authorization from the office of state fire marshal.
- (4) Submit an application or any other document to the office of state fire marshal when the person reasonably should have known the document contained false or misleading information.
- (5) Engage in false, misleading, or deceptive acts or practices.
- (6) Fail to maintain a valid license as required by this Part.
- (7) Fail to maintain a valid insurance policy as required by this Part.
- (8) Refuse to admit the state fire marshal or his designated representative to any operating location or refuse to cooperate in the purposes of such admittance as required by this Part.
- (9) Fail to maintain his license on his person and present it for inspection as required by this Part.
- (10) Refuse to cooperate with any lawful investigation by the office of state fire marshal.
- (11) Fail to abide by the administrative rules promulgated pursuant to this Part.

RS 40:1484.20 — Prohibited acts; third-party inspector

ment ride, or amusement attraction without a valid license issued as provided in this Part.

- (2) Aid and abet an unlicensed operator in the operation of an inflatable amusement device, amusement attraction, or amusement ride.
- (3) Aid and abet an unlicensed individual or firm in the inspection or testing of an inflatable amusement device, amusement ride, or amusement attraction.
- (4) Certify, test, or inspect an inflatable amusement device, amusement attraction, or amusement ride contrary to the provisions of this Part and adopted standards, regulations, and applicable manuals, service bulletins, and notices.
- (5) Submit an application or any other document to the office of state fire marshal when the third-party inspector reasonably should have known the document contained false or misleading information.

- (6) Engage in false, misleading, or deceptive acts or practices.
- (7) Fail to maintain a valid license as required by this Part.
- (8) Fail to maintain a valid insurance policy as required by this Part.
- (9) Refuse to admit the state fire marshal or his designated representative to any operating location or refuse to cooperate in the purposes of such admittance as required by this Part.
- (10) Fail to maintain his license on his person and present it for inspection as required by this Part.
- (11) Refuse to cooperate with any lawful investigation by the office of state fire marshal.
- (12) Fail to abide by the administrative rules promulgated pursuant to this Part.

RS 40:1484.21 — Prohibited acts; set-up inspector

, or amusement attraction without a valid license issued as provided in this Part.

- (2) Aid and abet an unlicensed operator in the operation of an inflatable amusement device, amusement ride, or amusement attraction.
- (3) Certify or inspect inflatable amusement devices, amusement rides, or amusement attractions contrary to the provisions of this Part and adopted standards, regulations, and applicable manuals, service bulletins, and notices.
- (4) Submit an application or any other document to the office of state fire marshal when the person or firm reasonably should have known the document contained false or misleading information.
- (5) Engage in false, misleading, or deceptive acts or practices.
- (6) Fail to maintain a valid license as required by this Part.
- (7) Refuse to admit the state fire marshal or his designated representative to any operating location or refuse to cooperate in the purposes of such admittance as required by this Part.
- (8) Fail to maintain his license on his person and to present it for inspection as required by this Part.
- (9) Refuse to cooperate with any lawful investigation by the office of state fire marshal.
- (10) Fail to abide by the administrative rules promulgated pursuant to this Part.

RS 40:1484.22 — Notice of violation of standard; cease and desist order

the office of state fire marshal determines that the

respective device, ride, or attraction is in violation of any standard promulgated pursuant to the provisions of this Part, and that there may be a substantial probability of death or physical injury to the public from its continued use, a notice of violation may be given to both the owner and operator of the device, ride, or attraction, and a red tag shall be attached to the device, ride, or attraction. The attached red tag constitutes a cease and desist order.

B. After the red tag is attached, the use of the inflatable amusement device, amusement ride, or amusement attraction is prohibited. The red tag shall not be removed until the device, ride, or attraction is made safe for public use, in accordance with R.S. 40:1484.5(B)(3), and the required safeguards are provided. The tag shall not be removed

except by the state fire marshal or his designee.

RS 40:1484.23 — Insurance; bond

mount of not less than one million dollars insuring the operator against liability for injury suffered by persons riding the amusement attraction or ride.

(2) A bond in a like amount, provided the aggregate liability of the surety of any such bond shall not exceed the face amount.

B. A certificate verifying coverage shall be filed with the office of state fire marshal, code enforcement and building safety.

C. In the event of cancellation of the policy or bond, the office of state fire marshal shall be notified by either the insurer or the bond holder no later than ten days prior to cancellation.

D. Upon request, the operator shall provide to any sponsor, lessor, landowner, or other person responsible for the offering of an amusement ride or attraction for public use a copy of the required insurance policy or bond and the certificate of registration issued by the state fire marshal.

E. The provisions of this Section shall also apply to operators of inflatable amusement devices. However, the policy of liability insurance or bond amount required of such operators shall be in an amount of not less than three hundred thousand dollars.

RS 40:1484.24 — Violations and penalties; cease and desist order; injunctive relief

Part or any regulation, rule, or issued order, he may impose upon that person, operator, inspector, or firm a fine in an amount not to exceed five thousand dollars for each violation. Each day on which the violation occurs is considered a separate offense.

B.(1) In addition to or in lieu of administrative sanctions and civil penalties provided in this Part, the state fire marshal is empowered to issue an order to any person, operator, inspector, or firm engaged in any activity, conduct, or practice constituting a violation of any provision of this Part, directing the person, operator, inspector, or firm to cease and desist from the activity, conduct, or practice. The order shall be issued in the name of the state of Louisiana under the official seal of the state fire marshal.

(2) If the person, operator, inspector, or firm to whom the state fire marshal directs a cease and desist order does not cease and desist the prohibited activity, conduct, or practice immediately after service of the cease and desist order by certified mail or personal service, the state fire marshal may seek, in any court of competent jurisdiction and proper venue, a writ of injunction enjoining the person, operator, inspector, or firm from engaging in any activity, conduct, or practice prohibited by this Part.

(3) Upon a proper showing by the state fire marshal that a person, operator, inspector, or firm has engaged in any activity, conduct, or practice prohibited by this Part, the court shall issue a temporary restraining order restraining the person, operator, inspector, or firm from engaging in unlawful activity, conduct, or practices pending the hearing on a preliminary injunction, and in due course a permanent injunction shall be issued after a hearing, commanding the cessation of the unlawful activity, conduct, or practices.

(4) A temporary restraining order, preliminary injunction, or permanent injunction issued as provided in this Part is not subject to being released upon bond.

(5) In the suit for an injunction, the state fire marshal may demand of the defendant a penalty of fifty dollars per day for each violation, reasonable attorney fees, and court costs. Judgment for penalty, attorney fees, and court costs may be rendered in the same judgment in which the injunction is made final.

C. In addition to the foregoing provisions, the state fire marshal may assess civil penalties attributable to the operator of an inflatable amusement device, amusement ride, or amusement attraction to the owner or lessee of the site on which the inflatable amusement device, amusement attraction, or amusement ride is located, if the owner or lessee of the site failed to reasonably determine that the operator of the inflatable amusement device, amusement ride, or amusement attraction is in proper compliance with the requirements of this Part.

D. Procedures for the imposition of fines and appeals of such fines shall be governed in accordance to the Administrative Procedure Act.

RS 40:1484.25 — Exemptions

und equipment including but not limited to swings, seesaws, stationary spring-mounted animal features, underpropelled merry-go-rounds, climbers, slides, trampolines, swinging gates, and physical fitness devices except where an admission fee is charged for usage or an admission fee is charged to areas where such equipment is located.

(2) An inflatable amusement device, amusement attraction, or amusement ride which is owned and operated by a nonprofit religious, educational, or charitable institution or association if such attraction or ride is located within a building subject to inspection by the state fire marshal or his designee.

(3) Coin-operated mechanical devices occupying less than thirty-six square feet of floor space.

(4) Non-motorized rides and attractions.

RS 40:1484.26 — Local regulation

attraction, or amusement ride, carnival, or circus as otherwise provided by law.

RS 40:1484.27 — Waiver of inspection

re

being operated in this state if an operator gives satisfactory proof to the office of state fire marshal that such device, amusement attraction, ride, or any component part has passed an inspection conducted by a public agency whose inspection standards and requirements are at least equal to those requirements and standards established by the state fire marshal pursuant to the provisions of this Part.

RS 40:1484.28 — Rules adopted

pair,

maintenance, use, operation, and inspection of inflatable amusement devices, amusement attractions, and amusement rides for the protection of the public. The rules shall be based

upon generally accepted engineering standards and shall be concerned with but not necessarily limited to engineering force stresses, safety devices, and preventive maintenance. The rules shall provide for the reporting of accidents and injuries incurred from the operation of inflatable amusement devices, amusement attractions, or amusement rides.

RS 40:1485.1 — Legislative findings

mber of nonresidents, significantly contributing to the tourism industry and tax base of this state.

- (2) The safety of the public using carnival or amusement rides is an important matter of public policy.
- (3) There are inherent risks associated with all machinery, equipment, or animals that are impractical or impossible for an amusement owner to eliminate with all reasonable safety precautions, and an informed rider is in the best position to avoid those risks.
- (4) The safety of carnival or amusement rides will be greatly improved at minimal cost if riders are subject to minimum safety standards for their own protection and the protection of others.

RS 40:1485.2 — Definitions

ollowing:

- (a) A device that is intended to give amusement, excitement, pleasure, or thrills to riders whom the device carries along or around a fixed or restricted course or within a defined area.
- (b) A structure that gives amusement, excitement, pleasure, or thrills to people who move around, over, or through the structure without the aid of a moving device integral to the structure.
- (2) "Firm" means a sole proprietorship, corporation, limited liability company, or similar type of business entity.
- (3) "Owner" means a person, a firm, the state, or a political subdivision of the state that owns an amusement ride or, if the ride is leased, the lessee of the ride.
- (4) "Parent or guardian" means each parent, custodian, or guardian responsible for the control, safety, training, or education of a rider who is a minor, has a disability, or is incompetent.
- (5)(a) "Rider" means any person who is:
 - (i) Waiting in the immediate vicinity to enter a carnival or amusement ride.
 - (ii) Entering a carnival or amusement ride.
 - (iii) Using a carnival or amusement ride.
 - (iv) Exiting a carnival or amusement ride.
 - (v) Leaving a carnival or amusement ride and still in the immediate vicinity of the ride.
- (b) The term "rider" does not include employees or agents of the owner while engaged in the duties of their employment.
- (6) "Sign" means any symbol or language reasonably calculated to communicate information to riders or their parents or guardians, including but not limited to placards, prerecorded messages, live public addresses, stickers, pictures, pictograms, guidebooks, brochures, video, verbal information, and visual signals.

RS 40:1485.3 — Reporting rider injury

r's premises, including:

- (1) The name, address, and phone number of the injured person.
 - (2) A full description of the incident, the injuries claimed, any treatment received, and the location, date, and time of the injury.
 - (3) The cause of the injury, if known.
 - (4) The names, addresses, and phone numbers of any witnesses to the incident.
- B. If the rider, or his parent or guardian on a rider's behalf, is unable to file a report because of the severity of his injuries, he shall file the report as soon as reasonably possible.
- C. The failure of a rider, or his parent or guardian on a rider's behalf, to report an injury as required by this Section shall have no effect on the rider's right to commence a civil action.

RS 40:1485.4 — Code of rider conduct

ain from acting in any manner that may cause or contribute to injuring the rider or others, including:

- (1) Exceeding the limits of the rider's ability.
- (2) Interfering with the safe operation of the carnival or amusement ride.
- (3) Failing to engage any safety devices provided for the rider's safety.
- (4) Disconnecting or disabling a safety device except at the express instruction of the owner's agent or employee.
- (5) Altering or enhancing the intended speed, course, or direction of a carnival or amusement ride.
- (6) Using the controls of a carnival or amusement ride designed solely to be operated by the owner's agent or employee.
- (7) Extending arms and legs beyond the carrier or seating area except at the express direction of the owner's agent or employee.
- (8) Throwing, dropping, or expelling an object from or toward a carnival or amusement ride except as permitted by the owner's agent or employee.
- (9) Entering or exiting a carnival or amusement ride except at the designated time and area, if any, at the direction of the owner's agent or employee.
- (10) Unreasonably controlling the speed or direction of the carnival or amusement ride that requires the rider to control or direct himself or a ride.
- (11) Overloading a carnival or amusement ride beyond its designated capacity.

RS 40:1485.5 — Rider qualifications

m:

- (1) The rider has sufficient knowledge to use, enter, or exit the carnival or amusement ride safely without instruction or has requested and received, before entering the carnival or amusement ride, sufficient information to enter, use, or exit the ride safely.
- (2) The rider has located, reviewed, and understood any signs in the vicinity of the carnival or amusement ride and has satisfied any posted height or other restrictions.
- (3) The rider knows the range and limits of his ability and knows the requirements of the carnival or amusement ride will not exceed those limits.
- (4) The rider is not under influence of alcohol or any drug that affects his ability to safely use the carnival or amusement ride or obey the posted rules or oral instructions.
- (5) The rider is authorized by the owner's authorized agent or employee to enter the carnival or amusement ride.

RS 40:1485.6 — Parent or guardian conduct

xperience any technical difficulties navigating this website,

RS 40:1485.7 — Notice to riders

y entrance or exit to or from the premises designated for riders.

- (b) Any area or structure at which riders may purchase admission or obtain authority to use a carnival or amusement ride.

B. All signs required by this Section shall include a legend providing that "STATE LAW REQUIRES RIDERS TO OBEY ALL WARNINGS AND DIRECTIONS AND BEHAVE IN A MANNER THAT WILL NOT CAUSE OR CONTRIBUTE TO INJURING THEMSELVES OR OTHERS. RIDERS SHOULD REPORT ALL INJURIES BEFORE LEAVING THE EVENT PREMISES."

RS 40:1485.8 — Criminal penalty

o exceed twenty-five dollars and for subsequent convictions, up to one hundred dollars.

RS 40:1485.9 — Applicability

to the

provisions of this Subpart.

RS 40:1486 — [Blank]

RS 40:1486.1 — Purpose

transport those workers is also of vital concern; therefore, the legislature directs the director of aviation of the aviation section of the Department of Transportation and Development to participate in education, communication, and promotion of aviation safety in the offshore oil and gas industry. The legislature's goal is to reduce to as low as reasonably practicable the instances of helicopter accidents in the oil and gas industry by promotion of the adoption of safe practices in such operations. The legislature recognizes that Congress has delegated the responsibility for regulation of such operators to the Federal Aviation Administration ("FAA"), which has promulgated regulations as published in the Code of Federal Regulations to all Part 133 and Part 135 operators, and which has further, by its issuance of Operations Specifications to such operators, required them to conduct such operations with the highest degree of safety in the public interest.

RS 40:1486.2 — State participation in and promotion of transportation of oil and gas workers over

n and Development ("DOTD") shall request membership to the Helicopter

Safety Advisory Conference ("HSAC"), attend regularly scheduled meetings of HSAC for the purpose of education, understanding, and dissemination of information developed for the purpose of the promotion of safety through cooperation, and encourage all operators who provide over water flight services to the oil and gas industry to adopt and incorporate the recommended practices of HSAC into their daily operations.

B. The DA or his designated representative may attend and secure all writings in the form of recommended practices that result from HSAC conferences that relate to safe over water helicopter operations, and disseminate such writings in such a way that over water flight service providers in the state or adjacent to its shores are made aware of its content.

C. Among considerations for helicopter safety in over water flight services in the oil and gas industry, the DA or his designated representative may identify, evaluate, and maintain current knowledge of available feasible technology for all of the following:

- (1) Personal locator beacons ("PLBs") capable of transmitting a digital coded distress signal and a permanent homing signal suitable for use in over water flight services utilized in the oil and gas industry.
- (2) Incorporation into the daily operations of all Part 91, Part 133 and Part 135 operators, a system for satellite tracking of helicopters conducting over water flights, including maintaining a command center to monitor the status of such flights.
- (3) Improvement of flight safety over water services by adoption of emerging advances in aviation. The DA or his designated representative shall also promote

enhancements of required pre-flight briefings that maximize passenger awareness of passenger safety, and emergency procedures. Where appropriate, the DA shall provide information and recommendations to HSAC for consideration of recommended practices for industry use of such systems and devices.

D. Notwithstanding any provision of law to the contrary, any aircraft used to transport offshore platform workers to and from the platform shall require each person being transported to wear a life jacket equipped with a personal locator beacon, as described in Paragraph (C)(1) of this Section.

E. The DA or his designated representative shall maintain familiarity with all Part 91, Part 133, and Part 135 regulations promulgated by the FAA pertaining to over water helicopter operations and may obtain and review all advisory circulars of the FAA that relate to such over water helicopter operations in the state or adjacent to its shores issued under those parts of the Federal Aviation Regulations ("FAR"). Where appropriate, the DA or his designated representative shall promote the adherence to the regulations and adoption of the HSAC recommended practices.

F. The DA shall facilitate, as he deems necessary, information to the director of operations of operators who provide over water flight services in the state or adjacent to its shores, through publication on the internet through an identifiable link on the DOTD website, summaries or text of relevant new FAR and Advisory Circulars published by the FAA or Recommended Practices published by HSAC.

G.(1) The DA shall publish a report to the legislature, directed to the chairs of the House and Senate committees on transportation, highways and public works, wherein the DA shall summarize and comment upon all of the following:

(a) The previous year's developments in safe practices for operators who provide over water flight services in the state or adjacent to its shores, as such safe practices have evolved over the previous twelve months, through the federal and industry organizations referenced in this Part.

(b) Efforts made by the DA to ensure knowledge of all such practices by operators within the industry.

(2) The report shall be delivered to the committees no later than the first of September annually. A copy of the report shall also be sent to the director of operations of each helicopter operator known by the DA to be engaged in providing over water flight services in the offshore oil and gas industry.

RS 40:1487 — Authorization of bonds

is the state of

Louisiana is authorized to issue bonds, notes, certificates, or other evidences of indebtedness, hereafter, "the bonds", pursuant to the provisions of the Louisiana public trust law, being R.S. 9:2341 through 2347, on behalf of the Department of Public Safety and Corrections. Additionally, any public trust, political subdivision, district, corporation, or instrumentality authorized to issue revenue bonds on behalf of the state is authorized to issue bonds on behalf of the department in accordance with the provisions of this Section and the constitutional and statutory provisions governing the issuance of bonds by such entities.

(2) The revenue bonds may be issued in order to obtain funds for the relocation, planning, acquisition, construction, and equipping of a Joint Emergency Services Training Center in the parish of East Baton Rouge, a public safety complex, including without limitation a crime lab and the state fire marshal's project at Independence Park in the parish of East Baton Rouge, and troop or regional headquarters throughout the state, and to fund the cost of issuance, credit enhancements, or other obligations related to the issuance of such bonds.

(3) The bonds and any necessary or proper ancillary instruments shall be secured by an irrevocable pledge and dedication of any reinstatement fee, handling fee, or other fees, rates, rentals, charges, grants, or other receipts or income derived by or in connection with an undertaking, facility, project, or any combination thereof, without a pledge of the full faith and credit of the state, hereinafter referred to as "revenues".

(4) The bonds shall be entitled to such priorities on the revenues of the Department of Public Safety and Corrections as provided in a loan agreement, trust indenture, or other instrument.

B. In addition to the pledge of revenues to secure the bonds, the department may, in its discretion, further secure their payment by a mortgage upon the land or facilities acquired by or for the department with the proceeds of the sale of the bonds, with such mortgage subject to such provisions for the making and enforcement of such mortgage and the provisions to be contained therein as may be deemed fit by the department. However, in no event shall the bonds constitute a claim against any property or revenue of the department not specifically pledged or mortgaged for payment of such bonds.

C.(1) When any bonds have been issued and secured as provided in this Section, neither the issuer of the bonds, the department, the state, nor any other entity may act to impair any obligation or contract for the benefit of the holders of the bonds or discontinue or decrease any fee, rate, or other revenue in anticipation of the collection of which the bonds have been issued until all of the bonds have been retired as to principal and interest or irrevocable provision otherwise made for their complete redemption and payment in principal, interest, and redemption premium, if any, and the complete payment of all amounts due under the trust agreement, or other instrument, pursuant to which the bonds are issued. There is hereby vested in the holders from time to time of such bonds a contract right in the provisions of this Paragraph.

(2) Any pledge of revenues for the security of the bonds shall be valid and binding from the time the pledge is made and shall be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the state or the department whether or not such parties have notice thereof. Any trust agreement, or other instrument, by which a pledge is created need not be filed or recorded except in the official records of the department and of the State Bond Commission.

(3) The deputy secretary, or the undersecretary, is hereby authorized on behalf of the department to execute loan agreements, reimbursement agreements, investment agreements, bond purchase agreements, and all such documents as may be necessary to carry out and

comply with the provisions thereof and the provisions of this Section, and is further authorized to take any and all further actions and execute and deliver all other documents as it may deem to be necessary in connection with the issuance of any bonds, notes, certificates, reimbursement obligations, or other evidences of indebtedness referred to in this Section.

The provisions of R.S. 9:2347(J) shall not apply to bonds or any contractual obligation, including the pledge of state funds, to be undertaken or incurred in connection therewith.

(4) The department is authorized to create such funds and/or accounts for the deposit of the revenues or the proceeds of the bonds including state funds described above or other revenues and monies pledged in connection therewith or respect thereto.

(5) The department and the issuer of the bonds are authorized to enter into any and all agreements or contracts, execute any and all instruments, and do and perform any and all

RS 40:1491 — Definitions

board of commissioners, governing a fire protection district.

RS 40:1492 — Power to create; boundaries constitute state subdivisions for tax and bond purposes

limitations and restrictions contained in this Part.

B. Any fire protection district may include all or part of the territory in the parish whether contiguous or noncontiguous.

With the concurrence of the governing authorities of the affected parishes, it may include all or part of two or more parishes in a single fire protection district, provided that any municipality which is to be included is included in its entirety.

However, before any municipality may be included within the territory of the fire protection district, the governing authority of the municipality shall first concur by proper resolution in its inclusion and in the boundaries to be fixed for the district.

C. Fire protection districts so created are subdivisions of the state within the meaning of the laws of this state relating to the voting and levying of special maintenance taxes, incurring debt, and issuing bonds therefor, including particularly but without limitation the provisions of Subtitle II, Chapter 4, of Title 39 of the Louisiana Revised Statutes of 1950. However, the governing authority of the district shall be without authority to levy any previously authorized taxes in the new territory included within the boundaries of the districts as enlarged, unless such enlargement has occurred after petition therefor of a majority of the qualified electors of the area to be included and/or the question of such tax levy has been approved by a majority of the electors of the new territory so included voting in an election held for such purpose.

RS 40:1492.1 — Fire protection districts of DeSoto Parish; general purpose political subdivision; Louisiana Community Block Grant program

ck Grant program, fire protection districts of the parish of DeSoto are hereby designated as general purpose political subdivisions, and accordingly, each such fire protection district may apply directly to the division of administration for funding under such program.

RS 40:1493 — Notice of intention to create, enlarge, or redistrict; resolution

tion has been given.

B. Notice of intention to create, enlarge, or redistrict a fire protection district shall be ordered by resolution of the governing authority of each parish to be included in the proposed district and concurred in by the governing authority of any municipality or municipalities to be included in the district. The resolution shall state the boundaries proposed for the contemplated fire protection district. The notice shall state that the parish governing authority ordering its publication will, in open session, on a date and at an hour and place named, proceed to create the proposed district.

C. This notice shall be published once a week for two successive weeks, the first publication being not less than fifteen days before the date fixed for the hearing, in a newspaper having general circulation in the parish.

RS 40:1493.1 — Fire District Number 2 of Rapides Parish; extension of boundaries

es of Fire District Number 2 of Rapides Parish so that it includes all of Wards 1 and 8 outside the city of Alexandria and Wards 2, 3, 5, and 7.

RS 40:1493.2 — Fire District Number One of Ouachita Parish; extension of boundaries; board of commissioners

he concurrence of the governing authority of the town of Sterlington, is authorized to extend the boundaries of Fire Protection District Number One of Ouachita Parish so that said district includes the town of Sterlington. Upon inclusion of said town, the board of commissioners of said fire protection district shall consist of the members of the governing authority of Ouachita Parish. The board of commissioners of the district shall perform all duties, functions, and powers provided in this Part and shall have responsibility for the operation and maintenance of the district. Members of the board shall receive no per diem but may be reimbursed for expenses incurred in performing the duties imposed on them by such membership.

RS 40:1494 — Hearing; objections; resolution fixing boundaries; publication of notice

all objections which may be interposed to the boundaries of the district and to the inclusion of the property proposed to be included in the district. It may adjourn the meeting from time to time. At this hearing the parish governing authority may change the boundaries of the proposed district by excluding therefrom the lands of persons objecting or by including therein the lands of persons petitioning to be included therein. After disposing of all objections, the parish governing authority, if it approves the creation of such district, shall adopt a resolution fixing the boundaries of the territory within the parish to be included in such district. However, as provided in R.S. 40:1492, the governing authority of any municipal corporation which is included in the district must, by resolution adopted after the boundaries of the territory of the parish to be included in the district are fixed, concur in the fixing of the boundaries before the action of the parish governing authority becomes final. The decision of the parish governing authority, concurred in by any municipality as provided, is final and conclusive as regards that parish. Notice of the formation of the district shall be given immediately by one publication in any newspaper in which the original notice of hearing was published.

RS 40:1495 — Governing body of district

ning body of the district or may appoint a board of commissioners to serve as the governing body for the district.

B.(1) If a municipal corporation is included within the boundaries of a district, or if the boundaries of a district comprise all or part of two or more parishes, the governing body of the district shall consist of a board of commissioners of the district.

(2) However, the parish governing authority may in its discretion continue to be the governing body of the district in those instances where a municipal corporation lying within the boundaries of the district is created after the creation of the district and after 1970.

RS 40:1495.1 — Concordia Parish Monterey Fire Protection District Number One

er One is hereby created. The board of commissioners shall perform all duties, functions, and powers provided in this Part and shall have responsibility for the operation and maintenance of the district. Members shall receive no per diem but may be reimbursed any expenses incurred in performing the duties imposed upon them by virtue of their serving as members. The board shall consist of five members appointed by the governing authority for the parish of Concordia and each member shall be a resident and elector of the Concordia Parish Monterey Fire Protection District Number One and shall serve on such board at the pleasure of the governing authority of the parish of Concordia.

RS 40:1496 — Appointment of members of board; term; vacancies

In the case of a district comprising all or part of a single parish, members shall be appointed as follows:

(1) In the case where no municipality is included within the boundaries of a district lying within a single parish, the parish governing authority shall appoint the five members.

The members so appointed shall elect the chairman of the board.

(2) In the case where one municipality is included within the boundaries of a district lying within a single parish:

(a) Two members shall be appointed by the parish governing authority.

(b) Two members shall be appointed by the governing authority of the municipality;
and

(c) One shall be selected by the other four members and shall serve as chairman of the board.

(3) In the case where two municipalities are included within the boundaries of a district lying within a single parish:

(a) The parish governing authority shall appoint two members.

(b) The governing authority of each municipality shall appoint one member; and

(c) One member shall be selected by the other four members and shall serve as chairman of the board.

(4) In any case where three or more municipalities are included within the boundaries of a district lying within a single parish, the parish governing authority shall appoint two members and the governing authority of each municipality shall appoint one member notwithstanding the provisions of Subsection A herein. The members so appointed shall elect the chairman of the board.

(5)(a) Notwithstanding any provision of this Part or any other law to the contrary, the board of commissioners of Caddo Parish Fire District Number Five shall consist of six members. The Caddo Parish Commission shall appoint the additional member of the board of commissioners. The additional member shall serve a term of two years.

(b) Notwithstanding any provision of this Part or any other law to the contrary, the board of commissioners of Caddo Parish Fire District Number One shall consist of seven members. The Caddo Parish governing authority shall appoint the additional members of the board. The parish governing authority shall set the initial terms of the two additional members. Such initial terms shall not exceed two years and shall be set so as to retain an orderly and balanced staggering of terms of commissioners. Thereafter, each member shall serve a term of two years.

(c) Notwithstanding any provision of this Section or any other law to the contrary, the governing authority of Terrebonne Parish may, by ordinance, provide that the board of commissioners of the Bayou Cane Fire Protection District shall consist of seven members. An ordinance adopted pursuant to this Subparagraph shall provide that the parish governing authority appoints the two additional members and shall provide for the initial terms of such additional members.

(d) Notwithstanding any provision of this Part or any other law to the contrary, the board of commissioners of Ward 5 Fire Protection District of the Parish of Evangeline may consist of seven members. The parish governing authority shall appoint the additional members of the board.

(e) The board of commissioners of St. Landry Parish Fire District No. 7 shall consist of seven members. The parish governing authority shall appoint the additional members of the board and shall set the initial terms of the two additional members.

C. In districts comprising all or part of two or more parishes, members shall be appointed as follows:

(1) In the case of a district comprising all or part of two or more parishes, but excluding any municipality, the parish governing authority of each such parish shall appoint two members, and the last member, shall be selected by the other four members and shall

serve as chairman of the board.

(2) In the case of a district comprising all or part of two or more parishes, and which includes one municipality, the parish governing authority of each such parish shall appoint two members, and the last member shall be selected by the governing authority body of the municipal corporation in the district. The members shall elect the chairman of such board.

(3) In any case where more than one municipality is included within the boundaries of any district, the governing authority of each parish affected shall appoint two members and each municipality shall appoint one member to the board notwithstanding the provisions of Subsection A herein. The members so appointed shall elect the chairman of such board.

D.(1) Each member of the board shall be a resident property taxpayer of the district.

(2) Paragraph (1) of this Subsection shall not apply to a district that comprises all or part of two or more parishes and in which district there are no resident property taxpayers. Each member of the board of commissioners of such a district shall reside within fifty miles of the district.

E. Two of the initial members of the board shall hold office until one year from the January first immediately succeeding their appointment and three members shall hold office until two years from the January first immediately succeeding their appointment, the respective terms to be determined by lot. Thereafter, each member appointed shall serve for a term of two years. Members are eligible for reappointment. If a vacancy occurs, it shall be filled for the unexpired term by the body originally making the appointment so vacated.

F. Notwithstanding any provision of this Section to the contrary, the board of commissioners of Terrebonne Parish Fire Protection District Number Six shall consist of five members to be appointed as follows provided that the governing authority of Terrebonne Parish and the governing authority of Lafourche Parish have respectively authorized the extension of the boundaries of Terrebonne Parish Fire Protection District Number Six into Lafourche Parish as such an extension is provided for by R.S. 40:1493 and 1494:

(1) Four members shall be appointed by the governing authority of Terrebonne Parish. Such commissioners shall be electors of the area of Terrebonne Parish lying within the boundaries of the district.

(2) One commissioner shall be appointed by the governing authority of Lafourche Parish. Such commissioner shall be an elector of the area lying within the boundaries of the district.

(3) The commissioners so appointed shall elect from their number a chairman of the board.

(4) The term of office for each commissioner shall be two years.

G.(1) When four or more municipalities are included within the boundaries of a district lying within the parish of Claiborne, Grant, or Winn, in addition to the membership provided in Paragraph (B)(4) of this Section, the respective parish governing authority may appoint up to three additional members to the board.

(2) Of the additional members appointed pursuant to Paragraph (1), the first initial member shall hold office until one year from the January first immediately succeeding his appointment, the second initial member shall hold office until two years from the January

first immediately succeeding his appointment, and the third initial member shall hold office until one year from the January first immediately succeeding his appointment. Thereafter, each additional member appointed shall serve for a term of two years.

H. Notwithstanding any provision of this Section to the contrary, the board of commissioners of the Bayou Blue Fire Protection District shall consist of seven members, to be appointed as follows, provided that the governing authority of Terrebonne Parish and the governing authority of Lafourche Parish have respectively authorized the extension of the boundaries of the Bayou Blue Fire Protection District into Lafourche Parish as such an extension is provided for by R.S. 40:1493 and 1494:

(1) Three members shall be appointed by the governing authority of Terrebonne Parish. Such commissioners shall be electors and resident property taxpayers of the area of Terrebonne Parish lying within the boundaries of the district.

(2) Four commissioners shall be appointed by the governing authority of Lafourche Parish. Such commissioners shall be electors and resident property taxpayers of the area of Lafourche Parish lying within the boundaries of the district.

(3) The commissioners so appointed shall elect from their number a chairman of the board.

(4) Initial terms of two of the commissioners from Lafourche Parish and one of the commissioners from Terrebonne Parish shall be one year, and the initial terms of the remaining commissioners shall be two years as determined by lot. All subsequent terms of commissioners shall be two years.

I. Notwithstanding any provision of this Section to the contrary, the board of commissioners of the Terrebonne Parish Fire District No. Five shall consist of seven members, to be appointed as follows, provided that the governing authority of Terrebonne Parish and the governing authority of Lafourche Parish have respectively authorized the extension of the boundaries of the Terrebonne Parish Fire District No. Five into Lafourche Parish as such an extension is provided for by R.S. 40:1493 and 1494:

(1) Six members shall be appointed by the governing authority of Terrebonne Parish. Such commissioners shall be electors and resident property taxpayers of the area of Terrebonne Parish lying within the boundaries of the district.

(2) One commissioner shall be appointed by the governing authority of Lafourche Parish. The commissioner shall be an elector and resident property taxpayer of the area of Lafourche Parish lying within the boundaries of the district.

(3) The commissioners so appointed shall elect from their number a chairman of the board.

(4) Initial terms of four of the commissioners from Terrebonne Parish shall be one year, and the initial terms of the remaining commissioners shall be two years as determined by lot. The term of the Lafourche Parish commissioner and all subsequent terms of any commissioners shall be two years.

J.(1) Notwithstanding any provision of law to the contrary, the board of commissioners of the St. George Fire Protection District shall consist of five members. The St. George City Council shall appoint the two members of the board of commissioners. The

East Baton Rouge Metropolitan Council shall appoint two members to the board of commissioners, one whom shall be selected by the member representing council district No. 3 of the Metropolitan Council of the parish of East Baton Rouge and the city of Baton Rouge and one whom shall be selected by the member representing council district No. 9 of the Metropolitan Council of the parish of East Baton Rouge and the city of Baton Rouge. The four appointed members of the board of commissioners shall appoint the fifth member. Initial terms of three of the commissioners shall be one year and the initial terms of two commissioners shall be two years as determined by lot. All subsequent terms of commissioners shall be two years.

(2)(a) The members who are appointed by the St. George City Council shall reside within the boundaries of the city of St. George and within the boundaries of the St. George Fire Protection District.

(b) The members who are appointed by the East Baton Rouge Metropolitan Council shall reside within the boundaries of the St. George Fire Protection District.

(c) The fifth member who is appointed by the four members of the board of commissioners shall reside within the boundaries of the St. George Fire Protection District.

RS 40:1496.17 — Parishwide Fire Protection District of Red River Parish

r Parish is hereby created. The board of commissioners shall perform all duties, functions, and powers provided in this Part and shall be responsible for the operation and maintenance of the district. The board shall consist of eight members appointed by the governing authority of Red River Parish as follows: two from the Coushatta Fire District and one from each of the other six fire districts within Red River Parish. Each such member shall be a resident and elector of his respective fire district and of Red River Parish.

B.(1) The initial members of the board shall serve terms as follows: two shall serve terms ending one year from January first of the year immediately following their appointment; three shall serve terms ending two years from January first of the year immediately following their appointment; and three shall serve terms ending three years from January first of the year immediately following their appointments. The length of the term of each such member shall be determined by lot.

The terms of subsequent members of the board shall be two years.

(2) Members of the board may be removed from office by a majority vote of the governing authority of Red River Parish.

(3) Any vacancy which occurs prior to the expiration of the term for which a member of the board has been appointed shall be filled by the governing authority of Red River Parish for the remainder of the term in the same manner as the

original appointment.

(4) Members of the board shall be eligible for reappointment to the board.

(5) No member of the governing authority of Red River Parish shall serve on the board.

C. Notwithstanding the provisions of R.S. 40:1498, members of the board shall receive no per diem but may be reimbursed for expenses incurred in performance of their duties.

D. All funds of the Parishwide Fire Protection District of Red River Parish shall be administered by the board of commissioners of the district.

RS 40:1496.18 — Evangeline Parish; Ward One Fire Protection District No. 2 of Ville Platte

lle Platte is hereby created. The board of commissioners shall perform all duties, functions, and powers provided in this Part and be responsible for the operation and maintenance of the district. The board shall consist of five members appointed by the governing authority of Evangeline Parish. Each member of the board shall be a resident property taxpayer of the district.

RS 40:1497 — First meeting; organization; election of secretary and treasurer

anize and shall elect a secretary and a treasurer or a combined secretary-treasurer. The persons filling these offices may, but need not, be members of the board.

RS 40:1498 — Compensation of board members

ty dollars for

attending meetings of the board, not to exceed two meetings in any one calendar month, and may be reimbursed any expenses incurred in performing the duties imposed upon them by virtue of their serving as members. The amounts paid by virtue of this Section shall be paid from funds of the respective fire protection districts. Per diem payments under this Section to members of police juries serving ex officio as members of the governing boards of fire protection districts shall be in addition to per diem paid them as members of the police juries.

(2) If a member is elected secretary or treasurer or secretary-treasurer of the board, he may be compensated additionally for such office.

(3) Notwithstanding the provisions of Paragraphs (1) and (2) of this Subsection, the governing board of the Fire Protection District No. 7 of Vermilion Parish may choose to provide compensation for the elected president of its board. Only one officer shall receive compensation and the remaining board members shall receive only the per diem and reimbursed expenses provided for in Paragraphs (1) and (2) of this Subsection.

B.(1) Notwithstanding the provisions of Subsection A hereof, all members of the governing board of Tangipahoa Parish Fire Protection District No. 1, including any members who are members of the Tangipahoa Parish Police Jury, shall be paid a per diem of thirty dollars for attending meetings of the board, not to exceed two meetings in any one calendar month, and may be reimbursed any expenses incurred in performing the duties imposed upon them by virtue of their serving as members of the board. The amount paid by virtue of this Subsection shall be paid from funds of the said protection district.

(2) If a member is elected secretary or treasurer or secretary-treasurer of the board, he may be compensated additionally for such services.

C.(1) Notwithstanding the provisions of Subsection A hereof, all members of the governing boards of St. Landry Parish fire protection districts, except for St. Landry Parish Fire Protection District Number Two, may be paid a per diem of fifty dollars for attending meetings of the board, not to exceed two meetings in any one calendar month, and may be

reimbursed any expenses incurred in performing the duties imposed upon them by virtue of their serving as members of the board.

(2) All members of the governing board of St. Landry Fire Protection District Number Two may be paid a per diem of seventy-five dollars for attending meetings of the board, not to exceed two meetings in any one calendar month, and may be reimbursed any expenses incurred in performing the duties imposed upon them by virtue of their serving as members of the board.

(3) The amount paid by virtue of this Subsection shall be paid from funds of the respective protection district.

(4) If a member is elected secretary or treasurer or secretary-treasurer of the board, he may be compensated additionally for such services.

D. Notwithstanding the per diem rate set by Subsection A of this Section but otherwise in accordance therewith, members of the governing authority of any fire protection district wholly within Calcasieu Parish may be paid a per diem not to exceed one hundred dollars. However, no increase in per diem pursuant to this Subsection shall be paid to members of any such governing authority until a per diem rate for the particular district has been approved by the parish governing authority.

E. Notwithstanding the amount of the per diem authorized by Subsection A of this Section but otherwise in accordance therewith, all members of the governing board of any fire protection district located wholly within the parish of St. Landry may be paid a per diem of eighty dollars for attending meetings of the board, not to exceed two meetings in any one calendar month, and thirty dollars for attending committee meetings, not to exceed two in any month.

F. Notwithstanding the provisions of Subsection A of this Section, all members of the governing board of any fire protection district located wholly within the parish of St. Tammany may be paid a per diem of one hundred dollars for attending meetings of the board, not to exceed two meetings in any one calendar month, and fifty dollars for attending committee meetings, not to exceed two meetings in any one calendar month.

G. Notwithstanding the provisions of Subsection A of this Section, all members of the governing board of Jefferson Davis Parish Fire District #2 may be paid a per diem of one hundred dollars for attending meetings of the board, not to exceed two meetings in any calendar month.

H. Notwithstanding the provisions of Subsection A of this Section, members of the governing board of the Vermilion Parish Fire Protection District No. 7 may be paid a per diem not to exceed one hundred dollars per meeting, not to exceed twelve meetings per year. No increase in taxes, assessments, charges, or fees is authorized after August 1, 2012 for the purpose of paying the increased per diem authorized by this Subsection.

I. Notwithstanding the provisions of Subsection A of this Section, members of the governing board of Bienville Parish Ward 4 and 5 Fire Protection District may be paid a per diem not to exceed fifty dollars per meeting, not to exceed fourteen meetings per year. A member who serves as chairman of the board may be paid a per diem not to exceed two hundred fifty dollars per meeting, not to exceed fourteen meetings per year.

J. Notwithstanding the provisions of Subsection A of this Section, members of the governing board of the Ward Five Fire Protection District of Evangeline Parish may be paid a per diem not to exceed one hundred dollars per meeting, not to exceed two meetings in any calendar month.

K.(1) Notwithstanding the per diem rate set by Subsection A of this Section but otherwise in accordance therewith and subject to the provisions of Paragraph (2) of this Subsection, members of the governing board of Fire Protection District No. 5 of the Parish of Allen, State of Louisiana may be paid a per diem of one hundred dollars, and the district president may be paid a per diem of one hundred fifty dollars.

(2) The district's governing board may increase the per diem its members receive above the amount provided for in Paragraph (1) of this Subsection, but the per diem shall not exceed three hundred dollars.

RS 40:1499 — General powers and duties of board

are customary for the governing bodies of taxing districts and political subdivisions, including the right to levy taxes and to operate and control the property acquired by the district. It may do all things necessary to carry out the purposes for which the district was created.

RS 40:1500 — Districts as public corporations; powers

ce and the right and power to incur debt and contract obligations, to sue and be sued, and to have a corporate seal. Such districts shall also be authorized to do and perform all acts in their corporate capacity and in their corporate names necessary and proper for the purposes of acquiring, maintaining, and operating buildings, machinery, equipment, water tanks, water hydrants, water lines, and such other things, including both movable and immovable property, as might be necessary or proper for effective fire prevention and control or considered necessary by the governing body of the district for the protection of the property within the limits of the district against fire. However, districts may not own and operate systems of waterworks.

B. Districts may utilize their equipment to transport any injured or ill person to a hospital or other place of medical care in an emergency situation where there is no reasonable expectation of the prompt response of an ambulance or industrial ambulance.

C. Districts may enter into such contracts as they consider necessary or desirable to carry out the purposes for which they were created, including, specifically, contracts with private or public entities pursuant to which water for fire protection purposes shall be made available and paid for by the districts.

D. Districts may do such things and enter into such contracts and agreements with the United States or with any state or federal agency or instrumentality as are necessary to procure aid and grants to assist them in carrying out the purposes for which they were created.

RS 40:1500.1 — Emergency medical services and emergency medical transportation in the parishes of Caddo, Cameron, and Morehouse

r into public service contracts with other public service entities for emergency medical services or emergency medical transportation; or in the absence of public service entities, the fire protection district may provide such services.

RS 40:1501 — Maintenance tax; submission to vote at certain election; additional tax

ctors of the district a proposition to levy ad valorem taxes for any of the following purposes: acquiring, constructing, improving, maintaining or operating fire protection or emergency medical service facilities, vehicles, and equipment, including both movable and immovable property, that are to be used by the district directly or indirectly to provide fire protection or emergency medical service, as defined in Paragraph (3) of this Subsection. The specific purposes of any such tax, as well as the rate and duration of the tax, shall be as determined by the governing authority of the district and specified in the proposition. Any facilities, vehicles, and equipment, whether movable or immovable, that are used directly or indirectly to provide fire protection or emergency medical service shall be deemed to be works of public improvement within the meaning of Article VI, Section 32 of the Constitution of Louisiana. The cost of maintaining or operating

facilities, vehicles, and equipment shall include, without limitation, salaries and benefits of fire district personnel, the cost of obtaining water, communication, equipment, uniforms and other materials and supplies, the cost of fire hydrant rentals and service, the cost of fuel, insurance and maintenance for vehicles and equipment, the cost of insurance, utilities, upkeep of buildings and grounds, and all other maintenance and operating costs necessary to carry out the public purposes for which fire protection districts are created.

(2) Notwithstanding any other law to the contrary, the fire protection district may provide emergency medical service itself. Any district which provides such service shall have all authority granted to ambulance service districts by R.S. 33:9053 et seq. and any other provision of law.

(3) For purposes of this Subsection "emergency medical service" shall mean emergency medical services provided by fire protection districts.

(4) The Legislature of Louisiana recognizes that providing fire protection and emergency medical service by fire protection districts is a governmental purpose essential to the public health, safety and protection of citizens and property in the state. Accordingly, the provisions of this Section shall be construed liberally in order to allow fire protection districts the broadest discretion in determining the appropriate uses for their funds subject to any express constitutional limitations.

B. Whenever the governing body of the parish in which the state capitol is situated calls an election for the purpose of submitting to the qualified electors of the district the question of levying a special tax or for such purpose it may call a special election on the question of the levy of an additional five mills on the dollar of assessed valuation for a period of not to exceed ten years, in excess of and in addition to the tax authorized in the foregoing Subsection, for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes and more particularly for salaries of firemen. Whenever the governing authority of Tangipahoa Fire Protection District No. 1 calls an election for the purpose of submitting to the qualified electors of the district the question of levying a special tax or for such purpose, it may call a special election on the question of the levy of an additional five mills on the dollar of assessed valuation for a period of not to exceed ten years, in excess of and in addition to the tax authorized in the foregoing paragraph, for the purpose of purchasing fire protection equipment, maintaining and operating the district's fire protection facilities and equipment, paying the cost of water, and for salaries of firemen. An election on the question of a levy of the additional tax as herein provided shall be in accordance with and subject to the requirements provided for in the foregoing Subsection.

C.(1) The governing authority of the Ouachita Parish Fire Protection District No. 1 may call an election for the purpose of submitting to the qualified electors of the district the question of levying an additional tax of twenty mills on the dollar of assessed valuation for a period not to exceed ten years.

(2) This tax shall be in addition to the tax authorized in Subsection A of this Section and shall be for the purpose of purchasing fire protection equipment, maintaining and operating the district's fire protection facilities and equipment, paying the cost of water, and for salaries of firemen.

(3) An election on the question of a levy of the additional tax as herein provided shall be in accordance with and subject to the requirements provided for in Subsection A of this Section.

D.(1) The governing authority of Fire Protection District Number One of Caddo Parish may call an election for the purpose of submitting to the qualified electors of the district the question of levying an additional tax of ten mills on the dollar of assessed valuation for a period not to exceed ten years; if the question of levying such tax is approved by a majority of the electors of the district voting in that election, said governing authority may levy such tax by majority vote of its members. Such tax shall be in addition to the tax authorized in Subsection A of this Section and shall be for the purpose of purchasing fire protection equipment, maintaining, and operating the fire protection facilities and equipment of the district, paying the cost of water, and for salaries of firemen. An election on the question of a levy of the additional tax as herein provided shall be in accordance with and subject to the requirements of Subsection A of this Section.

(2) The governing authority of Fire Protection District No. 3 of Caddo Parish may call an election for the purpose of submitting to the qualified electors of the district the question of levying an additional tax of ten mills on the dollar of assessed valuation for a period not to exceed ten years; if the question of levying such tax is approved by a majority of the electors of the district voting in that election, said governing authority may levy such tax by majority vote of its members. Such tax shall be in addition to the tax authorized in Subsection A of this Section and shall be for the purpose of maintaining and operating the fire protection district. An election on the question of the levy of the additional tax as herein provided shall be in accordance with and subject to the requirements of Subsection A of this Section. The avails of

such tax may also be used for emergency medical transportation and emergency services of the district.

(3) The governing authority of District 6 Fire Protection District of East Baton Rouge Parish may call an election for the purpose of submitting to the qualified electors of the district the question of levying an additional tax not to exceed twenty-five mills on the dollar of assessed valuation for a period not to exceed ten years; if the question of levying such tax is approved by the electors of the district voting in that election, said governing authority may levy such tax by majority vote of its members. Such tax shall be in addition to the tax authorized in Subsection A of this Section and shall be for the purpose of purchasing fire protection trucks and equipment, maintaining, and operating the fire protection facilities, paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals, and for personnel salaries. An election on the question of a levy of the additional tax as herein provided shall be in accordance with and subject to the requirements of Subsection A of this Section.

E.(1) In addition to the tax provided for in Subsection A of this Section, the board of commissioners of Fire Protection District No. 1, St. Tammany Parish is hereby authorized to levy an additional tax not to exceed thirty-five mills on the dollar of assessed valuation for a period not to exceed ten years if the question of levying such tax is approved by the electors of the district voting in an election called for that purpose. The purpose of the additional tax shall be to maintain and operate the district's fire protection facilities, to purchase fire trucks and other fire fighting equipment, and to pay the cost of obtaining water for fire protection purposes, including hydrant rentals and service.

(2) In addition to the tax provided for in Subsection A of this Section, the board of commissioners for Caddo Parish Fire Protection District No. Six is hereby authorized to levy an additional tax not to exceed ten mills on the dollar of assessed valuation for a period not to exceed ten years if the question of levying such tax is approved by the electors of the district voting in an election called for that purpose. The purpose of the additional tax shall be to maintain and operate the district's fire protection facilities, to purchase fire trucks and other fire fighting equipment, and to pay the cost of obtaining water for fire protection purposes, including hydrant rentals and service.

(3) In addition to the tax provided for in Subsection A of this Section, the governing authority of any fire district whose boundaries are wholly within the boundaries of Jefferson Parish is hereby authorized to levy an additional tax not to exceed twenty-five mills on the dollar of assessed valuation for a period not to exceed ten years if the question of levying such tax is approved by the electors of the district voting in an election called for that purpose. The purpose of the additional tax shall be to maintain and operate the fire protection facilities, including operating expenses and capital improvements of those facilities.

(4) In addition to the tax provided for in Subsection A of this Section and for the purposes provided therein, the governing authorities of Fire Protection District No. 4-A of Terrebonne Parish, Fire Protection District No. 5 of Terrebonne Parish, Fire Protection District No. 6 of Terrebonne Parish, Fire Protection District No. 9 of Terrebonne Parish, Fire Protection District No. 10 of Terrebonne Parish, and Village East Fire Protection District of Terrebonne Parish, respectively, are hereby authorized to levy an additional tax, not to exceed five mills on the dollar of assessed valuation and for a period not to exceed ten years, if the question of levying such tax is approved by a majority of the electors of the district voting in an election called for that purpose.

(5) In addition to the tax provided for in Subsection A of this Section and for the purposes provided therein, the governing authority of Rural Fire Protection District No. 2 of Tangipahoa Parish is hereby authorized to levy an additional tax, not to exceed twenty mills on the dollar of assessed valuation and for a period not to exceed ten years, if the question of levying such tax is approved by a majority of the electors of the district voting in an election called for that purpose.

(6) In addition to the tax provided for in Subsection A of this Section, the governing authority of the Ward 4 Fire Protection District of Jackson Parish is hereby authorized to levy an additional tax not to exceed five mills on the dollar of assessed valuation for a period not to exceed ten years if the question of levying such tax is approved by the electors of the district voting in an election called for that purpose. The purpose of the additional tax shall be to maintain and operate the district's fire protection facilities, to purchase fire trucks and other fire fighting equipment, and to pay the cost of obtaining water for fire protection purposes, including hydrant rentals and service.

(7) In addition to the tax provided for in Subsection A of this Section and for the purposes provided therein, the governing authority of Benton Fire Protection District No. 4 of Bossier Parish is hereby authorized to levy an additional tax, not to exceed ten mills on the dollar of assessed valuation and for a period not to exceed ten years, if the question of levying such tax is approved by a majority of the electors of the district voting in an election called for that purpose.

(8) In addition to the tax provided for in Subsection A of this Section and for the purposes provided therein, the governing authority of East-Central Bossier Parish Fire District No. 1 is hereby authorized to levy an additional tax, not to exceed ten mills on the dollar of assessed valuation and for a period not to exceed ten years, if the question of levying such tax is approved by a majority of the electors of the district voting in an election called for that purpose.

(9) In addition to the tax provided for in Subsection A of this Section and for the purposes provided therein, the governing authority of any fire protection district whose boundaries are wholly within the boundaries of Rapides Parish is hereby authorized to levy an additional tax, not to exceed forty mills on the dollar of assessed valuation and for a period not to exceed ten years, if the question of levying such tax is approved by a majority of the electors of the district voting in an election called for that purpose.

RS 40:1501.1 — Tangipahoa Parish Fire Protection District No. 1

for the purpose of submitting to the qualified electors of the district the question of levying a tax of not more than twenty mills on the dollar for a period of not more than ten years to be used to acquire fire trucks and other fire fighting equipment and for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and service. The election shall be held in accordance with the provisions of R.S. 18:1281 et seq.

RS 40:1501.2 — Fire protection districts; DeSoto Parish; tax collections not to be reduced

40:1501, relative to any fire protection district within the parish of DeSoto, shall be made available to the relevant fire protection district, and shall not be reduced by being diverted for any other purpose.

RS 40:1501.3 — Ouachita Parish Fire Protection District No. 1; authority to levy additional sales and use tax

tional one-half of one percent sales and use tax within the Ouachita Parish Fire Protection District No. 1 pursuant to the provisions of Article VI, Section 30 of the Constitution of Louisiana.

B. The proceeds of the tax herein authorized shall be used for maintaining and operating fire protection facilities and obtaining water for fire protection purposes.

C. The sales and use tax so levied shall be imposed by an ordinance of the Board of Commissioners of Ouachita Parish Fire Protection District No. 1 and shall be levied upon the sale at retail, the use, the lease or rental, the consumption, the storage for use or consumption of tangible personal property, and on sales of services in the district, all as defined in Chapter 2 of Subtitle II, Title 47 of the Louisiana Revised Statutes of 1950; said tax being previously approved by a majority of the electors of Ouachita Parish voting in an election conducted in accordance with the election laws of the state of Louisiana on October 21, 1995.

D. This tax shall be in addition to all other taxes and shall be collected at the same time and in the same manner as set forth in Chapter 2 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950.

RS 40:1501.4 — Calcasieu Parish; taxes in annexed areas

fire protection district shall levy or collect ad valorem taxes, except as provided in Paragraph (2) of this Subsection, in any area to which both of the following apply:

(a) The area is in Calcasieu Parish and has been annexed into a municipality.

(b) Pursuant to a contract between the municipality and the fire protection district, the municipality provided regular fire protection to the area prior to annexation in exchange for revenues of the fire protection district received from the levy of ad valorem taxes.

(2) The fire protection district shall continue to levy and collect any ad valorem taxes or portion thereof the avails of which are pledged as security for bonded indebtedness until the avails of such taxes are sufficient to pay off such indebtedness.

B. If at any time an area in which a fire protection district has been authorized to levy and collect ad valorem taxes is annexed and such area meets the criteria set forth in Paragraph A(1) of this Section, the authority of the district to levy and collect such taxes in the area, except any taxes collected pursuant to Paragraph A(2) of this Section, shall expire at the time and for the year in which the annexation ordinance becomes effective. The authority of the district to levy and collect taxes pursuant to Paragraph A(2) of this Section shall expire at the time and for the year in which the indebtedness is paid off.

RS 40:1501.5 — Fire protection districts in the parish of Tangipahoa; authority to levy sales and use tax

all of one percent sales and use tax within each parish fire protection district pursuant to the provisions of Article VI, Section 30 of the Constitution of Louisiana.

B. The proceeds of the tax herein authorized shall be used for maintaining and operating fire protection facilities and obtaining water for fire protection purposes.

C. The sales and use tax so levied shall be imposed by a resolution of the board of commissioners of each district and shall be levied upon the sale at retail, the use, the lease or rental, the consumption, the storage for use or consumption of tangible personal property, and on sales of services in the district, all as defined in Chapter 2 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950

1

; said tax shall be levied only after approval by a majority of the electors of the district voting in an election conducted in accordance with the election laws of the state of Louisiana.

D. This tax shall be in addition to all other taxes and shall be collected at the same time and in the same manner as set forth in Chapter 2 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950

1

.

RS 40:1501.6 — St. Tammany Parish; taxes in areas annexed into the city of Covington

o levy ad valorem taxes, Fire Protection District No. 12 of St. Tammany Parish shall not levy or collect ad valorem taxes in any area which is within the corporate limits of the city of Covington on January 1, 2007, unless an agreement between the city and the fire protection district is executed pursuant to R.S. 33:221 granting the fire protection district the exclusive right to serve the annexed area.

(2) The fire protection district shall continue to levy and collect any ad valorem taxes or portion thereof, the avails of which are pledged as security for bonded indebtedness. The authority of the district to levy and collect taxes pursuant to this Paragraph shall expire at the time and for the year in which the indebtedness is paid off.

B. Fire protection services for all property within the corporate limits of the city of Covington on January 1, 2007, shall be the sole responsibility of the city except as may be provided by an agreement between the city and one or more affected fire protection districts.

C. Any property situated within the growth boundary areas 1, 2, or 3, as described in the Growth Management and Revenue Sharing Agreement Supplementing and Amending the 1990 Sales Tax Enhancement Plan, Instrument # 1365867, which may be annexed by the city, fire protection services for such property shall be the sole responsibility of the city. However, prior to such annexation, an agreement for fire protection services shall be entered into by the city and each affected fire protection district.

D. Notwithstanding any provisions to the contrary, nothing in this Section shall prevent the city of Covington and any affected fire protection district from entering into a mutually acceptable agreement for fire protection services.

E. The provisions of this Section shall not affect the provisions of Act No. 102 of the 2000 First Extraordinary Session

1

of the Louisiana Legislature, which Act shall remain in effect.

RS 40:1501.7 — Caddo Parish Fire District No. 1; authority to levy sales and use tax

d use tax not to exceed one percent pursuant to the provisions of Article VI, Section 30 of the Constitution of Louisiana. Caddo Parish Fire District No. 1 may levy the tax only if the levy of the tax is approved by a majority of the electors in the district who vote on a proposition authorizing the levy of the tax.

B. The proceeds of the tax authorized by this Section shall be used for maintaining and operating fire protection facilities, for obtaining water for fire protection purposes, or for any other lawful purpose as determined by the governing board.

C. The sales and use tax so levied shall be imposed by an ordinance of the district and shall be levied upon the sale at retail, the use, the lease or rental, the consumption, the storage for use or consumption of tangible personal property, and on sales of services in the district, all as defined in Chapter 2 of Subtitle II of Title 47 of the Louisiana Revised Statutes of

1950.

D. The tax shall be in addition to all other authorized sales and use taxes and shall be collected at the same time and in the same manner as other local sales and use taxes.

RS 40:1501.8 — Caddo Parish Fire District No. 3; authority to levy sales and use tax

ect a sales and use tax not to exceed one percent pursuant to

the provisions of Article VI, Section 30 of the Constitution of Louisiana. Caddo Parish Fire District No. 3 may levy the tax only if the levy of the tax is approved by a majority of the electors in the district who vote on a proposition authorizing the levy of the tax.

B. The proceeds of the tax authorized by this Section shall be used for maintaining and operating fire protection facilities, for obtaining water for fire protection purposes, or for any other lawful purpose as determined by the governing board.

C. The sales and use tax so levied shall be imposed by an ordinance of the district and shall be levied upon the sale at retail, the use, the lease or rental, the consumption, the storage for use or consumption of tangible personal property, and on sales of services in the district, all as defined in Chapter 2 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950.

D. The tax shall be in addition to all other authorized sales and use taxes and shall be collected at the same time and in the same manner as other local sales and use taxes.

RS 40:1501.9 — Caddo Parish Fire District No. 4; authority to levy sales and use tax

ect a sales and use tax not to exceed one percent pursuant to

the provisions of Article VI, Section 30 of the Constitution of Louisiana. Caddo Parish Fire District No. 4 may levy the tax only if the levy of the tax is approved by a majority of the qualified electors of the district voting on the proposition at an election held for that purpose and conducted in accordance with the Louisiana Election Code and held on a date that corresponds with an election date provided by R.S. 18:402(A)(1) or (B)(1).

B. The proceeds of the tax authorized by this Section shall be used for maintaining and operating fire protection facilities, for obtaining water for fire protection purposes, or for any other lawful purpose as determined by the governing board.

C. The sales and use tax so levied shall be imposed by an ordinance of the district and shall be levied upon the sale at retail, the use, the lease or rental, the consumption, the storage for use or consumption of tangible personal property, and on sales of services in the district, all as defined in Chapter 2 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950.

D. The tax shall be in addition to all other authorized sales and use taxes and shall be collected at the same time and in the same manner as other local sales and use taxes.

RS 40:1501.10 — Caddo Parish Fire District No. 6; authority to levy sales and use tax

ect a sales and use tax not to exceed one percent pursuant to

the provisions of Article VI, Section 30 of the Constitution of Louisiana. Caddo Parish Fire District No. 6 may levy the tax only if the levy of the tax is approved by a majority of the qualified electors of the district voting on the proposition at an election held for that purpose and conducted in accordance with the Louisiana Election Code and held on a date that corresponds with an election date provided by R.S. 18:402(A)(1) or (B)(1).

B. The proceeds of the tax authorized by this Section shall be used for maintaining and operating fire protection facilities, for obtaining water for fire protection purposes, or for any other lawful purpose as determined by the governing board.

C. The sales and use tax so levied shall be imposed by an ordinance of the district and shall be levied upon the sale at retail, the use, the lease or rental, the consumption, the storage for use or consumption of tangible personal property, and on sales of services in the district, all as defined in Chapter 2 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950.

D. The tax shall be in addition to all other authorized sales and use taxes and shall be collected at the same time and in the same manner as other local sales and use taxes.

RS 40:1502 — Service charge authorized for DeSoto Parish; assessment and collection

DeSoto Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge to be assessed on persons owning property located wholly or partly within the boundaries of the fire protection district as customers of the district, subject to the provisions of Subsection B of this Section. Such service charges shall be equal for all customers and shall be framed so as to cover the costs of any or all of the following components of fire protection services:

(a) The purchase of fire protection equipment.

(b) The maintenance and operation of fire protection facilities and equipment.

(c) Obtaining water for fire protection purchases.

(2) The fire protection district shall provide a receipt to each property owner paying the service charge. All insurers and all insurance agents shall have proof of a current service charge receipt before considering any reduced rates because of fire district protection.

B. Service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charge established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the general election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C. The governing authority of any fire protection district assessing a service charge for fire protection services to customers of the district as provided in this Section shall also have the authority to use any necessary and proper means to collect and enforce the collection of such service charges, including contracting with another political subdivision within DeSoto Parish or any official of said parish to effect such collection. However, liens shall not be placed on property for failure to pay such service charge.

RS 40:1502.1 — Service charges authorized; assessment and collection

DeSoto Parish, Lincoln Parish, Claiborne Parish, Union

Parish, Morehouse Parish, East Carroll Parish, or West Carroll Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges for each residential or commercial structure for a term not to exceed ten years to be assessed on persons owning each such structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section.

(b) The governing authority of any fire protection district situated wholly within the geographical boundaries of St. Mary Parish, the governing authority of any fire protection district situated wholly within the geographical boundaries of East Baton Rouge Parish, the governing authority of any fire protection district situated wholly within the geographical

boundaries of Livingston Parish, the governing authority of Fire Protection District No. 2 of St. Helena Parish, the governing authority of any fire protection district situated wholly within the geographical boundaries of Caddo Parish, the governing authority of Ward One Fire Protection District No. 1 of Calcasieu Parish, and the governing authority of Fire Protection District No. 1 of Tangipahoa Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges for each residential or commercial structure for a term not to exceed ten years to be assessed persons owning each such structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, and the persons owning the ground upon which each such structure is situated subject to the provisions of Subsection B of this Section.

(2)(a) For purposes of this Section as it relates to any fire protection district situated wholly within the geographical boundaries of Rapides, Lincoln, Claiborne, Union, Morehouse, East Carroll, or West Carroll Parish, each residential or commercial unit in a structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be equal for all structures of a given class and shall be framed to cover and shall be used for the costs of any or all fire protection services; however, in Lincoln, Claiborne, Union, Morehouse, East Carroll, and West Carroll parishes, the service charges or rates of service charges for each class of structure shall be framed to cover and shall be used for the costs of any or all fire protection and emergency services.

(b) For purposes of this Section as it relates to any fire protection district situated wholly within the geographical boundaries of St. Mary, East Baton Rouge, Livingston, or Caddo Parish, Fire Protection District No. 2 of St. Helena Parish, Ward One Fire Protection District No. 1 of Calcasieu Parish, and Fire Protection District No. 1 of Tangipahoa Parish, each residential, commercial, occupancy, or tenant unit in a structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be equal for all structures of a given class and shall be framed to cover and shall be used for the costs of any or all fire protection services; however, in Ward One Fire Protection District No. 1 of Calcasieu Parish, and in Fire Protection District No. 1 of Tangipahoa Parish, the service charges or rates of service charges for each class of structure shall be framed to cover and shall be used for the costs of any or all fire protection and emergency services.

(3) The governing authority of the Spencer-West Sterlington Fire Protection District may exempt outbuildings and similar structures which are not operable commercial structures or livable residential structures, as defined or identified by the governing authority of the district, from any service charge assessed pursuant to this Section.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment, its duration, and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted

in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1)(a) The governing authority of any fire protection district assessing a service charge or rates of service charges for fire protection services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes.

(b) For the Old Ward Seven Fire Protection District of Union Parish, such means shall include the assessor carrying the fire protection service charges on the tax rolls for Union Parish and the sheriff of Union Parish collecting such service charges at the same time as ad valorem taxes are collected and with the same authority with which such taxes are collected.

(c) For the Spencer/West Sterlington Fire Protection District of Union Parish such means shall include the assessor carrying the fire protection service charges on the tax rolls for Union Parish and the sheriff of Union Parish collecting such service charges at the same time as ad valorem taxes are collected and with the same authority with which such taxes are collected.

(d) In Lincoln Parish, such means shall include the assessor carrying the fire protection service charges on the tax rolls for Lincoln Parish and the sheriff of Lincoln Parish collecting such service charges at the time ad valorem taxes are collected. If any fire protection service charge becomes delinquent and unpaid, the sheriff shall send "Final Notices" to the delinquent property owners by registered or certified mail. He shall also publish the delinquent property owners' names and addresses in the parish journal setting forth the date and place of property sale to enforce collection in the same manner as for ad valorem taxes. Such fire protection service charge obligations shall prime all other liens, mortgages, and privileges against the property except those for taxes and prior recorded local and special assessments. The governing authority shall compensate the sheriff and tax assessor for such services and collection upon mutual agreement of the governing authority and the sheriff and tax assessor.

(2)(a)(i) The governing authority of any district referred to in Subparagraph A(1)(a) shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure. However, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(ii) The governing authority of any district referred to in Subparagraph A(1)(b) shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground on which the structure is situated.

Such lien shall be placed upon property only in the event of the failure or refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter. When the owner of the structure is not the owner of the ground upon which the structure is situated, the lien shall not affect the ground unless the owner of the ground fails or refuses to pay said service charges within thirty days after receipt of request, made by registered or certified letter, from the governing authority for such payment.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of the parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the Ninth Judicial District for Rapides Parish, in the Second Judicial District for Claiborne Parish, in the Third Judicial District for Lincoln Parish and Union Parish, in the Sixth Judicial District for East Carroll Parish, in the Fifth Judicial District for West Carroll Parish, in the Fourth Judicial District for Morehouse Parish, in the Nineteenth Judicial District for East Baton Rouge Parish, in the Twenty-first Judicial District for Livingston Parish, St. Helena Parish, and Tangipahoa Parish, in the Sixteenth Judicial District for St. Mary Parish, the First Judicial District for Caddo Parish, the Fourteenth Judicial District for Calcasieu Parish, or any other court of competent jurisdiction in Calcasieu Parish.

(d) Said governing authority may also provide, by resolution, for interest on the amount of said charges, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and such interest shall be computed from the date of recordation of the lien until paid.

D. The clerk for the Nineteenth Judicial District Court for the parish of East Baton Rouge shall exempt all fire protection districts wholly situated within the parish of East Baton Rouge from all costs, fees, and expenses related to the recordation, preservation, and enforcement of liens under this Section.

E.(1) In addition to all other means of collection, the governing authority of fire protection districts situated wholly within the parish of East Baton Rouge are hereby authorized to collect service charges by use of any means authorized by law for the collection of taxes. The governing authority of a fire protection district may submit to the assessor a certified list, either in hard or electronic form, reflecting the service charge amounts due, the property upon which each amount is levied, and the last owner of record of such property. Upon receipt of such information, the assessor shall place the service charges on the tax roll. If the list is received by the assessor on or before October fifteenth, then the service charges shall be placed on the roll for the current year. If the list is received by the assessor after October fifteenth, then the service charges shall be placed on the roll for the next tax year. Upon filing with the recorder of mortgages, the roll shall operate as a lien against all property against which the service charges have been assessed as provided by Chapter 3 of Subtitle III of Title 47 of the Louisiana Revised Statutes of 1950. All service charge amounts reflected on the roll shall be subject to interest in the same manner as ad valorem taxes. The

assessor shall be reimbursed in the same manner as provided in R.S. 47:1993.1(C), but the governing authority of a fire protection district shall not be required to pay such reimbursement in advance. The sheriff, as ex officio tax collector, shall collect and remit all service charges in the same manner as all other ad valorem taxes are collected and shall retain the same commission as he receives for the collection of ad valorem taxes. Such means of collection shall include but are not limited to tax sales as provided for in Chapter 5 of Subtitle III of Title 47 of the Louisiana Revised Statutes of 1950.

(2) Fire protection service charge liens in East Baton Rouge Parish shall prime all other liens, mortgages, and privileges against the property, except those for prior recorded taxes and local and special assessments.

RS 40:1502.2 — Service charge authorized for Fire Protection District Number Three of
of

Beauregard Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge of fifty dollars for each residential or commercial structure for a term not to exceed ten years to be assessed persons owning each structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit in a structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges shall be used for the costs of any or all fire protection services.

B. Service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and its duration have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C. Service charges assessed for fire protection services as provided in this Section shall become due and delinquent at the same time as ad valorem taxes become due and delinquent. The sheriff of Beauregard Parish may use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes.

RS 40:1502.3 — Service charge authorized for Richland Parish; assessment and collection

of Richland Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2

shall be considered a structure. The service charges or rates of service charges shall be equal for all structures, except that factory-built homes shall be charged no less than fifty percent and no more than eighty percent of the service charge, and shall be framed to cover and shall be used for the costs of any or all fire protection services. The fire protection district shall provide a receipt to each property owner paying the service charge. All insurers and all insurance agents shall have proof of a current service charge receipt before considering any reduced rates because of fire district protection.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of any fire protection district assessing a service charge or rates of service charges for fire protection services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes.

(2) The governing authority of any such district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter. The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of Richland Parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein. In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the Fifth Judicial District. Said governing authority may also provide, by resolution, for interest on the amount of said charges, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and shall be computed from the date of recordation of the lien until paid.

RS 40:1502.4 — Service charge authorized for Madison Parish, Caldwell Parish, and Franklin

I boundaries of Madison Parish, the governing authority of any fire protection district situated wholly within Caldwell Parish, and the governing authority of any fire protection district situated wholly within Franklin Parish are hereby authorized to establish,

by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be equal for all structures, except that factory-built homes shall be charged eighty percent of the service charge, and shall be framed to cover and shall be used for the costs of any or all fire protection services. The fire protection district shall provide a receipt to each property owner paying the service charge.

(2) The requirement in Paragraph (1) of this Subsection that factory-built homes be charged eighty percent of the service charge is not applicable to Crowville Fire District #1.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of any fire protection district assessing a service charge or rates of service charges for fire protection services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes.

(2)(a) The governing authority of any such district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of Madison Parish, Caldwell Parish, or Franklin Parish, which, when so filed and recorded shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the Sixth Judicial District for Madison Parish, the Thirty-Seventh Judicial District for

Caldwell Parish, and the Fifth Judicial District for Franklin Parish. Said governing authority may also provide, by resolution, for interest on the amount of said charges, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and shall be computed from the date of recordation of the lien until paid.

RS 40:1502.5 — Service charge authorized for West Carroll Parish; assessment and collection

ies of West Carroll Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be equal for all structures, except that factory-built homes shall be charged no less than fifty percent and no more than eighty percent of the service charge, and shall be framed to cover and shall be used for the costs of any or all fire protection services. The fire protection district shall provide a receipt to each property owner paying the service charge. All insurers and all insurance agents shall have proof of a current service charge receipt before considering any reduced rates because of fire district protection.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of any fire protection district assessing a service charge or rates of service charges for fire protection services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes.

(2)(a) The governing authority of any such district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of West Carroll Parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the Sixth Judicial District. Said governing authority may also provide, by resolution, for interest on the amount of said charges, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and shall be computed from the date of recordation of the lien until paid.

(d) Alternatively, the lien authorized by this Paragraph may be enforced by assessing the amount of the lien against the immovable as a tax against the immovable, to be enforced and collected as any ordinary property tax lien to be assessed against the property. Said lien may be collected in the manner fixed for collection of taxes and shall be subject to the same civil penalties for delinquencies. After the governing authority of the fire protection district has incurred such costs and expenses as constitute the lien on the property, including any costs of court, attorney fees, and interest, said governing authority may send an attested bill of said costs and expenses to the assessor of West Carroll Parish, who shall add the amount of said bill to the next tax bill of the owner. Such lien shall prime all other liens or privileges against the property, except other tax liens, filed after the statement specified in this Paragraph is filed with the recorder of mortgages, regardless of the date on which said lien is perfected.

RS 40:1502.6 — Service charge authorized for Morehouse Parish; assessment and collection

of Morehouse Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be framed by the governing authority of the district to cover and shall be used for the costs of any or all fire protection services. The fire protection district shall provide a receipt to each property owner paying the service charge. All insurers and all insurance agents shall have proof of a current service charge receipt before considering any reduced rates because of fire district protection.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance

with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of any fire protection district assessing a service charge or rates of service charges for fire protection services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes. Such means shall include the assessor carrying the fire protection service charges on the tax rolls for Morehouse Parish and the sheriff of Morehouse Parish collecting such service charges at the time ad valorem taxes are collected and with the same authority with which such taxes are collected. If any fire protection service charge becomes delinquent and unpaid, the sheriff shall send "Final Notices" to the delinquent property owners by registered or certified mail. He shall also publish the delinquent property owners' names and addresses in the parish journal setting forth the date and place of property sale to enforce collection in the same manner as ad valorem taxes. Such fire protection service charge obligations shall prime all other liens, mortgages, and privileges against the property except those for taxes and prior recorded local and special assessments. The governing authority may compensate the sheriff and tax assessor for such collection upon mutual agreement of the governing authority and the sheriff and tax assessor.

(2)(a) The governing authority of any such district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of Morehouse Parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the Fourth Judicial District. Said governing authority may also provide, by resolution, for interest on the amount of said charges, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and shall be computed from the date of recordation of the lien until paid.

(d) Alternatively, the lien authorized by this Paragraph may be enforced by assessing the amount of the lien against the immovable as a tax against the immovable, to be enforced and collected as any ordinary property tax lien to be assessed against the property. Said lien may be collected in the manner fixed for collection of taxes and shall be subject to the same civil penalties for delinquencies. After the governing authority of the fire protection district

has incurred such costs and expenses as constitute the lien on the property, including any costs of court, attorney fees, and interest, said governing authority may send an attested bill of said costs and expenses to the assessor of Morehouse Parish, who shall add the amount of said bill to the next tax bill of the owner. Such liens shall prime all other liens or privileges against the property, except other tax liens, filed after the statement specified in this Subsection is filed with the recorder of mortgages, regardless of the date on which said lien is perfected.

RS 40:1502.7 — Service charge authorized for East Carroll Parish; assessment and collection

ies of East Carroll Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be equal for all structures, except that factory-built homes shall be charged no less than fifty percent and no more than eighty percent of the service charge, and shall be framed to cover and shall be used for the costs of any or all fire protection services. The fire protection district shall provide a receipt to each property owner paying the service charge. All insurers and all insurance agents shall have proof of a current service charge receipt before considering any reduced rates because of fire district protection.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of any fire protection district assessing a service charge or rates of service charges for fire protection services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes.

(2)(a) The governing authority of any such district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service

charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of East Carroll Parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the Sixth Judicial District. Said governing authority may also provide, by resolution, for interest on the amount of said charges, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and shall be computed from the date of recordation of the lien until paid.

(d) Alternatively, the lien authorized by this Paragraph may be enforced by assessing the amount of the lien against the immovable as a tax against the immovable, to be enforced and collected as any ordinary property tax lien to be assessed against the property. Said lien may be collected in the manner fixed for collection of taxes and shall be subject to the same civil penalties for delinquencies. After the governing authority of the fire protection district has incurred such costs and expenses as constitute the lien on the property, including any costs of court, attorney fees, and interest, said governing authority may send an attested bill of said costs and expenses to the assessor of East Carroll Parish, who shall add the amount of said bill to the next tax bill of the owner. Such lien shall prime all other liens or privileges against the property, except other tax liens, filed after the statement specified in this Paragraph is filed with the recorder of mortgages, regardless of the date on which said lien is perfected.

RS 40:1502.8 — Service charge authorized for Grant Parish; assessment and collection

Grant Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit within a structure and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be equal for all structures, except that factory-built homes shall be charged no less than fifty percent and no more than eighty percent of the service charge, and shall be framed to cover and shall be used for the costs of any or all fire protection services. The fire protection district shall provide a receipt to each property owner paying the service charge. All insurers and all insurance agents shall have proof of a current service charge receipt from owners so assessed before considering any reduced rates because of fire district protection.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the

question of the assessment and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of any fire protection district assessing a service charge or rates of service charges for fire protection services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes.

(2)(a) The governing authority of any such district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified mail.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of Grant Parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district and against the property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the Thirty-fifth Judicial District Court. Said governing authority may also provide, by resolution, for interest on the amount of said charges, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and shall be computed from the date of recordation of the lien until paid.

RS 40:1502.9 — Service charge authorized for Red River Parish; assessment and collection

of Red River Parish is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential unit and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure, and each multiple dwelling structure, regardless of the number of separate housing units contained within the structure, shall be considered as one structure and not as separate structures. The service charges or rates of service charges shall be equal for all structures, except that factory-built homes shall be charged no less than fifty percent and no more than eighty percent of the service charge, and shall be framed to cover and shall be used for the costs of

any or all fire protection services. The fire protection district shall provide a receipt to each property owner paying the service charge. All insurers and all insurance agents shall have proof of a current service charge receipt before considering any reduced rates because of fire district protection.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of any fire protection district assessing a service charge or rates of service charges for fire protection services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for collection of taxes.

(2) The governing authority of any such district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter. The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of Red River Parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein. In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the Thirty-ninth Judicial District. Said governing authority may also provide, by resolution, for interest on the amount of said charges, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and shall be computed from the date of recordation of the lien until paid.

RS 40:1502.10 — Service charge authorized for Fire Protection District No. 1, Fire

ring authority of Fire Protection District No. 1, the governing authority of Fire Protection District No. 3, and the governing authority of Fire Protection District No. 7 of Caddo Parish are hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of

the fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit in a structure and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be established by the governing authority of the district and shall be framed to cover and shall be used for the costs of any or all fire protection, emergency medical transportation, and all emergency services incidental thereto.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charges or rates of service charges to be established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held, or the governing authority may call a special election at a date determined upon its own initiative.

C.(1) The governing authority of the fire protection district assessing a service charge or rates of service charges for fire protection services and emergency services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for the collection of taxes. Such means shall include the assessor carrying the fire protection service charges on the tax rolls for Caddo Parish and the sheriff of Caddo Parish collecting such service charges at the same time as ad valorem taxes are collected and with the same authority with which such taxes are collected. If any fire protection service charge becomes delinquent and unpaid, the sheriff shall send a "Final Notice" to the delinquent property owner by registered or certified mail. The sheriff shall also publish notice of the pending delinquent property sale in the parish journal, setting forth the names and addresses of the delinquent property owners and the date and place of the sale to enforce collection and he shall enforce the collection in the same manner as ad valorem taxes are collected. Such fire protection and emergency service charge obligations shall prime all other liens, mortgages, and privileges against the property, except those for taxes and prior recorded local and special assessments. The governing authority may compensate the sheriff and the tax assessor for such collection upon mutual agreement of the governing authority and the sheriff and tax assessor.

(2)(a) The governing authority of the district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such

structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of the parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the First Judicial District Court of Caddo Parish.

(d) Said governing authority may also provide, by resolution for interest on the amount of said charges, which shall be paid prior to cancellation of the lien.

RS 40:1502.11 — Springhill Fire Protection District No. 11; fire service charge

No. 11 is hereby authorized to

establish, by majority vote of the members of the authority, a fire service charge not to exceed four dollars. The person owning or occupying each residential or commercial structure located wholly or partly within the boundaries of the fire protection district who has made a deposit for the water service for the structure shall be assessed the service charge, subject to the provisions of Subsection B of this Section. The service charge shall be used for the costs of fire protection services. For purposes of this Section, each residential or commercial unit within a structure and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a separate structure.

B. The governing authority of the fire protection district may use any legal, proper, necessary, and expedient means to collect and enforce the collection of such charge, including contracting with the city of Springhill water department and the Dorcheat Acres Water System. Any water company, as collection agency for the fire service charge, may add the charge levied by said fire protection district to the water bills of its customers. On or before the tenth day of the month following the collection of the charge the collection agency shall remit to the fire protection district all funds collected for the purposes of fire protection, less a small and reasonable service charge for administrative purposes of collection.

C. The governing authority of the district, acting through its collection agency, shall have the authority to discontinue the water service connected to any structure upon refusal of the owner to pay charges levied against said structure in accordance with the provisions of this Section. Water service shall be discontinued upon the expiration of a three-day period following receipt of a written delinquency notice.

RS 40:1502.12 — Tangipahoa Parish Rural Fire Protection District No. 2; assessment and collection

referred to as the "district", may establish, by majority vote of the members of the authority, a fire protection tax for each residential or commercial structure for a term not to exceed ten years to be assessed persons owning each such structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the district, subject to the provisions of Subsection B of this Section.

(2) For purposes of this Section, each residential or commercial unit in a structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The fire protection tax shall be equal for all structures of a given class and shall be framed to cover and shall be used for the costs of any or all fire protection services or emergency services.

B. Fire protection taxes or the various rates thereof so established shall be assessed by resolution of the governing authority of the district. However, the resolution assessing said tax shall be adopted by the governing authority only after the question of the levy, its duration, and the amount of the taxes established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) In levying a fire protection tax as provided in this Section, the governing authority of the district may use any reasonable means to collect and enforce the collection of such tax, including any means authorized by law for collection of other taxes.

(2)(a) The governing authority of the district may place liens for fire protection taxes upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid taxes in the mortgage office of Tangipahoa Parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said taxes, together with all costs of court and attorney fees, by ordinary process in any court having proper jurisdiction.

(d) The governing authority may also provide, by resolution, for interest on the amount of said taxes, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and such interest shall be computed from the date of recordation of the lien until paid.

RS 40:1502.13 — Fire protection districts within East Feliciana Parish; assessment and collection

boundaries of East Feliciana Parish may establish, by majority vote of the

members of the authority of the district, a fire protection tax for a term not to exceed ten years to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the fire protection district, subject to the provisions of Subsection B of this Section.

(2) For purposes of this Section, each residential or commercial unit and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The fire protection tax shall be equal for all structures, except that factory-built homes shall be taxed at a rate no less than fifty percent and no more than eighty percent of the general tax rate, and shall be framed to cover and shall be used for the costs of any or all fire protection services and emergency services provided by the district, including the acquisition, maintenance, and operation of equipment and facilities therefor.

B. Fire protection taxes or the various rates thereof so established shall be levied by resolution of the governing authority of the district. However, the resolution levying the tax shall be adopted by the governing authority only after the question of the levy, its duration, and the amount of the taxes established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of any fire protection district levying a fire protection tax as provided in this Section may use any reasonable means to collect and enforce the collection of such tax, including any means authorized by law for collection of other taxes.

(2)(a) The governing authority of any such district may place liens for fire protection taxes upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and/or the structure and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of the refusal of the owner of a structure to pay said tax when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid taxes in the mortgage office of East Feliciana Parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district may recover the amount of said taxes, together with all costs of court and attorney fees, by ordinary process in the Twentieth Judicial District.

(d) The governing authority may also provide, by resolution, for interest on the amount of said taxes, which shall be paid prior to cancellation of the lien. The rate of interest charged shall not exceed the rate of legal interest, as provided in R.S. 9:3500, and shall be computed from the date of recordation of the lien until paid.

(e) Alternatively, the lien authorized by this Paragraph may be enforced by assessing the amount of the lien against the immovable as a tax against the immovable, to be enforced and collected as any ordinary property tax lien to be assessed against the property. The lien may be collected in the manner fixed for collection of taxes and shall be subject to the same civil penalties for delinquencies. After the governing authority of the district has incurred such costs and expenses as constitute the lien on the property, including any costs of court, attorney fees, and interest, the governing authority may send an attested bill of said costs and expenses to the assessor of East Feliciana Parish, who shall add the amount of said bill to the next tax bill of the owner. Such lien shall prime all other liens or privileges against the property, except other tax liens, filed after the statement specified in this Paragraph is filed with the recorder of mortgages, regardless of the date on which the lien is perfected.

RS 40:1502.14 — Exemption from proof of service charge receipts in the parish of Morehouse

insurance agents have proof of a current service charge receipt from an insured prior to considering granting any reduced rate because of fire district protection to the insured shall not apply in the parish of Morehouse.

RS 40:1502.15 — Service charge authorized for fire protection districts in the parish of Caddo;

parish of

Caddo is hereby authorized to establish, by majority vote of the members of the authority, a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit in a structure and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be established by the governing authority of the district and shall be framed to cover and shall be used for the costs either incurred or for contracting of any or all fire protection, emergency medical transportation, and all emergency services incidental thereto.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the district. However, the resolution assessing said service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charges or rates of service charges to be established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held, or the governing authority may call a special election at a date determined upon its own initiative.

C.(1) The governing authority of the district assessing a service charge or rates of service charges for fire protection services and emergency services as provided in this Section shall also have the authority to use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for the collection of taxes. Such means shall include the assessor carrying the fire protection service charges on the tax rolls for the parish and the sheriff of the parish collecting such service charges at

the same time as ad valorem taxes are collected and with the same authority with which such taxes are collected. If any fire protection service charge becomes delinquent and unpaid, the sheriff shall send a "Final Notice" to the delinquent property owner by registered or certified mail. The sheriff shall also publish notice of the pending delinquent property sale in the parish journal, setting forth the names and addresses of the delinquent property owners and the date and place of the sale to enforce collection and he shall enforce the collection in the same manner as ad valorem taxes are collected. The governing authority may compensate the sheriff and the tax assessor for such collection upon mutual agreement of the governing authority and the sheriff and tax assessor.

(2)(a) The governing authority of the district shall also have the authority to place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only in the event of refusal of the owner of a structure to pay said service charges when requested to do so by said governing authority within thirty days of receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of the parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided herein.

(c) In addition, the governing authority of the district shall be entitled to recover the amount of said charges, together with all costs of court and attorney fees, by ordinary process in the district court of the parish.

(d) The governing authority may also provide, by resolution for interest on the amount of said charges, which shall be paid prior to cancellation of the lien.

RS 40:1502.16 — Service charge authorized for DeSoto Parish; assessment and collection

rotection District No. 2 and DeSoto Parish Fire Protection

District No. 3 may establish a service charge or rates of service charges to be assessed persons owning each residential or commercial structure, whether occupied or unoccupied, located wholly or partly within the boundaries of the respective fire protection district, subject to the provisions of Subsection B of this Section. For purposes of this Section, each residential or commercial unit in a structure and each housing unit within a multiple dwelling structure shall be considered a separate structure, and a factory-built home as defined in R.S. 9:1149.2 shall be considered a structure. The service charges or rates of service charges shall be framed to cover and shall be used for the costs of any or all fire protection and emergency medical transportation and emergency services incidental thereto.

B. Service charges or rates of service charges so established shall be assessed by resolution of the governing authority of the fire protection district; however, the resolution assessing the service charges shall be adopted by the governing authority only after the question of the assessment and the amount of the service charges or rates of service charges

to be established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. Such election shall be conducted in accordance with the election laws of the state and shall be held at the same time that an election authorized by the provisions of R.S. 18:402 is held.

C.(1) The governing authority of the fire protection district assessing a service charge or rates of service charges as provided in this Section may also use any reasonable means to collect and enforce the collection of such service charges, including any means authorized by law for the collection of taxes. Such means shall include the assessor carrying the fire protection service charges on the tax rolls for DeSoto Parish and the sheriff of DeSoto Parish collecting such service charges at the same time as ad valorem taxes are collected and with the same authority with which such taxes are collected. If any fire protection service charge becomes delinquent and unpaid, the sheriff shall send a "Final Notice" to the delinquent property owner by registered or certified mail. The sheriff shall also publish notice of the pending delinquent property sale in the parish journal, setting forth the names and addresses of the delinquent property owners and the date and place of the sale to enforce collection, and he shall enforce the collection in the same manner as ad valorem taxes are collected. The governing authority may compensate the sheriff and the tax assessor for such collection upon mutual agreement of the governing authority and the sheriff and tax assessor.

(2)(a) The governing authority of the district may also place liens for fire protection service charges upon the structure subject to the charge, upon the building, if any, in which the structure is located if it is owned by the owner of the structure, and upon the lot of ground not exceeding one acre on which the structure is situated if such lot of ground belongs to the person who owns such structure; however, if such structure or building is owned by a lessee of the lot of ground, the lien shall exist only against the lease and shall not affect the owner of the lot. Such lien shall be placed upon property only if the owner of a structure refuses to pay the service charges when requested to do so by the governing authority within thirty days after receipt by the owner of such a request by registered or certified letter.

(b) The governing authority may file a statement reflecting the amount of the unpaid charges in the mortgage office of the parish, which, when so filed and recorded, shall operate as a lien and privilege in favor of the district against property as provided by this Subsection.

(c) Such fire protection and emergency service charge obligations shall prime all other liens, mortgages, and privileges against the property, except those for taxes and prior recorded local and special assessments.

(d) In addition, the governing authority of the district may recover the unpaid charges, together with all costs of court and attorney fees, by ordinary process in the Forty-Second Judicial District Court.

(e) The governing authority may also provide, by resolution for interest on the unpaid charges, which shall be paid prior to cancellation of the lien.

RS 40:1503 — West Baton Rouge Parish Fire Protection District No. 1; creation; subdistricts; boards; powers, duties, and functions

Council" means the West Baton Rouge Parish Council.

(2) "District" means West Baton Rouge Parish Fire Protection District No. 1.

(3) "Fire protection service" means, but is not necessarily limited to:

- (a) Acquiring and maintaining land for a fire station site.
- (b) Acquiring, constructing, maintaining, and operating fire protection facilities.
- (c) Acquiring, maintaining, and operating fire trucks and other fire protection or emergency equipment.
- (d) Obtaining water for fire protection purposes, including charges for fire hydrant rentals and service.
- (e) Paying salaries of firemen.

(4) "Parish" means West Baton Rouge Parish.

B. In addition to other authority granted by law, the West Baton Rouge Parish Council may create a fire protection district in the manner and subject to the limitations and restrictions contained in this Section. The district shall be designated as "West Baton Rouge Parish Fire Protection District No. 1" and may include two or more fire protection subdistricts.

C. The boundaries of the district shall be coterminous with the boundaries of the parish.

D. Subject to the provisions of this Section, the district shall be a political subdivision within the meaning of the laws of the state relating to voting and levying of special maintenance taxes, voting and levying of service charges or fees, incurring debt, and issuing bonds therefor, including but not limited to the provisions of Subtitle II, Chapter 4, of Title 39 of the Louisiana Revised Statutes of 1950.

E.(1) Notice of intention to create the district shall be ordered by resolution of the council only if concurred in, by resolution, by each municipal governing authority in the parish. The resolution shall state that all of the parish shall be within the district and set forth the boundaries proposed for the subdistricts. The notice shall state that the council shall, in open session, on a date and at an hour and place named, proceed to create the proposed district.

(2) This notice shall be published once a week for two successive weeks, the first publication being not less than fifteen days before the date fixed for the hearing, in the parish's official journal.

F. At the place and time specified in the notice provided for in Subsection E of this Section, the council shall hold a public hearing concerning the creation of the proposed district.

G-L. Repealed by Acts 2013, No. 129, §2, eff. June 5, 2013.

RS 40:1503.1 — Fort Pike Fire Protection District

ich shall be known as the Fort Pike Fire Protection District, referred to in this Section as the "district". The district shall be a political subdivision of the state as defined in the Constitution of Louisiana.

B. Boundaries. The boundaries of the district shall be defined as that area east of Chef Menteur Pass and west of the Rigolets Pass.

C. Purpose. The purpose and intent of this Section is to provide additional fire protection personnel and services within the boundaries of the district which shall be supplemental to and not in lieu of personnel and services provided in the district by the city of New Orleans.

D. Governance. (1) In order for the orderly development and effectuation of the services to be furnished by the district and to provide for the representation in the affairs of the district of those persons and interests immediately concerned with and affected by the purposes and development of the area included within the district, the affairs of the district shall be managed by the members of the governing board of the Fort Pike Volunteer Fire Department District One, referred to in this Section as the "board".

(2) The board may adopt bylaws or such other rules and regulations as it deems necessary for conducting its business affairs. The board may appoint and retain all employees it deems advisable and fix the powers, duties, and compensation of such employees. The board shall hold regular meetings and may hold special meetings as shall be provided in the bylaws.

(3) The members of the board shall select from among themselves a president and a secretary and such other officers as they deem appropriate. The duties of the officers shall be fixed by bylaws adopted by the board.

(4) A majority of the members of the board shall constitute a quorum for the transaction of business. The minute books and archives of the district shall be maintained by the board's secretary. The monies, funds, and accounts of the district shall be in the official custody of the board.

(5) The members of the board shall serve without compensation.

E. Powers and duties. The district, acting through the board, shall have the following powers and duties:

- (1) To sue and be sued.
- (2) To adopt, use, and alter at will a corporate seal.
- (3) To receive and expend funds collected pursuant to Subsection F of this Section and in accordance with a budget adopted as provided by Subsection H of this Section.
- (4) To enter into contracts with individuals or entities, private or public.
- (5) To engage in the operation of firefighting equipment, the prevention of fire hazards, and the extinguishing of fires within the district.
- (6) To acquire by gift, grant, purchase, lease, or otherwise such property as may be necessary or desirable for carrying out the objectives and purposes of the district and to mortgage or sell such property.
- (7) To procure and maintain liability insurance against any personal or legal liability of a board member that may be asserted or incurred based upon his service as a member of the board or that may arise as a result of his actions taken within the scope and discharge of his duties as a member of the board.
- (8) To perform or have performed any other function or activity necessary or appropriate to carry out the purposes of the district.

F. Funding. (1) The board may, when necessary, levy annually an ad valorem tax not to exceed five mills on the dollar of assessed valuation of all property, provided that the amount, term, and purpose of the tax, as set out in a proposition submitted to a vote in accordance with the Louisiana Election Code, shall be approved by a majority of the qualified electors in the district voting in an election held for that purpose.

(2) The proceeds of the tax shall be used solely and exclusively for the purpose and benefit of the district.

G. Additional contributions. The district may solicit and accept additional voluntary contributions and grants to further the purposes of the district.

H. Budget. (1) The board shall adopt an annual budget in accordance with the Louisiana Local Government Budget Act, R.S. 39:1301 et seq.

(2) The district shall be subject to audit by the legislative auditor pursuant to R.S. 24:513(B).

I. The provisions of this Section shall not be construed as changing or affecting the structure and organization or the distribution and redistribution of the powers and functions of the city of New Orleans. The city of New Orleans shall continue to provide fire protection personnel and services as authorized by applicable general and local laws and the powers granted to the district pursuant to the provisions of this Section shall be supplemental to and shall not supercede the powers granted to the city by any such general or local law.

RS 40:1504 — Fire protection districts within Pointe Coupee Parish; governance

icts created by the parish. Any such ordinance may provide

for the creation of one or more supervising boards to govern such districts. Any ordinance that creates a supervising board shall provide for the appointment and compensation of board members.

RS 40:1505 — Parcel fee; submission to voters

el fee shall be imposed

by resolution or ordinance of the governing authority of the district only after the question of the imposition of the parcel fee and the purpose, rate, and duration of the parcel fee has been approved by a majority of the voters of the district voting at an election held therein.

The proceeds of such parcel fee shall be expended for the purposes of acquiring, constructing, maintaining and operating fire protection facilities and equipment, including the cost of obtaining water for fire protection purposes and salaries of firemen, and all purposes incidental thereto. Any parcel fee imposed pursuant to this Section shall be levied and collected and be due and owing annually. Such fee may be carried on the tax rolls for the parish in which such district is located and collected at the same time as parish ad

valorem taxes.

(2) If any parcel fee is not paid when due, such district shall proceed against the parcel for the collection of the amount of the fee unpaid and delinquent, any collection costs incurred by such district plus interest at a rate not exceeding twelve percent on the unpaid amount of the parcel fee, and in the event legal proceedings are necessary to effect collection, court costs and reasonable attorney's fees. However, attorney's fees shall be payable by the parcel owner only if demand by the governing authority of such district has been made on the parcel owner by registered or certified mail, and such parcel owner has failed to pay the amount due within ten days after such demand.

(3) A judgment obtained for nonpayment of a parcel fee, upon being recorded in the mortgage records in the parish in which a district is located, shall prime all other liens except those for taxes and prior recorded local or special assessments. If there are one or more property mortgages on such parcel and the mortgage holder or holders have notified the tax collector in the parish of such recorded mortgage in accordance with the requirements of R.S. 47:2180.1, the district, prior to proceeding against such parcel for failure to pay a parcel fee, shall give notice to each mortgagee of the amount of the parcel fee due and owing on such parcel and that such parcel fee must be paid within twenty days after the mailing of the notice or proceedings will be commenced against the parcel. The notice shall be sent to each such mortgage holder by certified mail, return receipt requested, or made by personal or domiciliary service on such mortgage holder.

(4) Alternatively, the lien authorized by this Subsection may be enforced by assessing the amount of the lien against the immovable as a tax against the immovable, to be enforced and collected as any ordinary property tax lien to be assessed against the property. The lien may be collected in the manner fixed for collection of taxes and shall be subject to the same civil penalties for delinquencies. After the governing authority of a fire protection district has incurred such costs and expenses as constitute the lien on the property, including any cost of court, attorney fees, and interest, the governing authority may send an attested bill of such costs and expenses to the assessor of the parish in which such district is located, who shall add the amount of the bill to the next tax bill of the property owner. The lien shall prime all other liens or privileges against the property, except other tax liens, filed after the statement specified in this Subsection is filed with the recorder of mortgages, regardless of the date on which the lien is perfected.

B.(1) Each district may incur debt and issue bonds payable from an irrevocable pledge and dedication of all or a portion of the proceeds of a parcel fee, provided, however, that the question of funding said proceeds into bonds shall have been approved by a majority of the voters of the district voting at an election held therein and the State Bond Commission has approved the issuance of the bonds. The question or proposition with respect to the funding of the proceeds of the parcel fee into bonds may be voted upon at the election held to authorize the imposition of the parcel fee or may be submitted at a separate election held for that purpose. The maturities of the bonds shall be so arranged that the total amount of principal and interest falling due in any year, together with that falling due in such year on all bonds theretofore issued payable from such parcel fee, shall not exceed eighty percent of

the estimated proceeds to be received from the levy of such parcel fee in the calendar year in which the bonds are issued.

(2) The bonds may be sold at public or private sale and shall be issued pursuant to the provisions of a resolution adopted by the governing authority of the district, provided, however, the bonds shall mature over a period not to exceed the period for which the parcel fee, the proceeds of which are to be used to pay principal and interest on the bonds, is authorized. The bonds and the income therefrom shall be exempt from taxation by the state and by any parish, municipality, or political subdivision thereof.

C. Each district may incur debt and issue certificates of indebtedness pursuant to the provisions of R.S. 33:2921 to R.S. 33:2925, inclusive, subject to the approval of the State Bond Commission.

D.(1) A "parcel" as used in this Section shall mean a lot, a subdivided portion of ground or an individual tract upon which is located, either in whole or in part, a residential or commercial structure, regardless of the structure's being occupied or unoccupied.

(2)(a) Notwithstanding the provisions of Paragraph (1) of this Subsection, within Fire Protection District 8-C in Lafourche Parish, the term "parcel" shall also mean each improved portion of ground upon which a residential or commercial structure has been or may be situated and to which a mailing address has been assigned by a local governmental subdivision, a landowner, or a lessor.

(b) In the case of mobile home parks or other commercial property where spaces are leased for residential or commercial structures, the landowner is responsible for the parcel fee for each portion of ground described in Subparagraph (a) of this Paragraph.

(c) No parcel fee shall be levied on any parcel defined in this Paragraph unless the question of levying such fee has been approved by a majority of the registered voters of the district who vote on the proposition at an election held for that purpose in accordance with the Louisiana Election Code. Any such parcel fee shall be imposed by resolution or ordinance of the governing authority of the district.

RS 40:1505.1 — Richland Parish; additional parcel fee in certain districts

Richland Parish and in which fire protection services are to be provided by the city of Rayville pursuant to a local services agreement may levy a parcel fee, not to exceed one hundred fifty dollars per parcel per year, for purposes of securing such services by means of such an agreement.

B. The parcel fee shall be imposed by resolution or ordinance of the governing authority of the district only after the question of the imposition of the parcel fee and its purpose, rate, and duration have been approved by a majority of the voters of the district voting at an election held for such purpose in accordance with the elections laws of the state.

C.(1) Any such parcel fee shall be levied, collected, and enforced in the manner provided by R.S. 40:1505(A).

(2) "Parcel" shall have the same meaning as provided by R.S. 40:1505(D).

RS 40:1505.2 — City of Springhill; additional parcel fee

es agreement, may levy a parcel fee, not to exceed six dollars per parcel per year, for purposes of securing such services by means of such an agreement.

B. The parcel fee shall be imposed by resolution or ordinance of the governing authority of the district only after the question of the imposition of the parcel fee and its purpose, rate, and duration have been approved by a majority of the voters of the district voting at an election held for such purpose in accordance with the elections laws of the state.

C.(1) Any such parcel fee shall be levied, collected, and enforced in the manner provided by R.S. 40:1505(A).

(2) "Parcel" shall have the same meaning as provided by R.S. 40:1505(D).

RS 40:1506 — Special fire protection districts; creation; subdistricts; boards; powers, duties, and functions

d of commissioners of a district created pursuant to this Section.

(2) "District" means a fire protection district created pursuant to this Section.

(3) "Fire protection service" means but is not necessarily limited to the following:

- (a) Acquiring and maintaining land for a fire station site.
- (b) Acquiring, constructing, maintaining, and operating fire protection facilities.
- (c) Acquiring, maintaining, and operating fire trucks and other fire protection or emergency equipment.
- (d) Obtaining water for fire protection purposes, including charges for fire hydrant rentals and service.
- (e) Paying salaries of firemen.

(4) "Subdistrict" means any subdistrict of a district.

B. In addition to other authority granted by law, a parish governing authority may create a fire protection district in the manner and subject to the limitations and restrictions contained in this Section. The district shall include two or more fire protection subdistricts.

C. The district shall include:

- (1) The nonincorporated area of the parish, excluding any area created as an industrial area; and
- (2) The area within the corporate limits of each municipality which concurs in being included in the district.

D. Subject to this Section, the district shall be a political subdivision within the meaning of the laws of the state relating to voting and levying of special maintenance taxes, and service charges or fees, incurring debt, and issuing bonds therefor, including but not limited to the provisions of Subtitle II, Chapter 4, of Title 39 of the Louisiana Revised Statutes of 1950.

E.(1) Notice of intention to create the district shall be ordered by resolution of the parish governing authority only if concurred in, by resolution, by the municipal governing authority of each municipality to be included in the district. The resolution shall state the boundaries proposed for the district and the boundaries proposed for the subdistricts. The notice shall state that the parish governing authority shall, in open session, on a day and at an hour and place named, proceed to create the proposed district.

(2) This notice shall be published once a week for two successive weeks, the first publication being not less than fifteen days before the date fixed for the hearing, in the parish's official journal.

F.(1) At the place and time specified in the notice provided for in Subsection E, the parish governing authority shall hold a public hearing concerning the creation of the proposed district and the proposed boundaries of the subdistricts. At this hearing, the parish governing authority may change the boundaries of the proposed subdistricts.

(2) After the hearing, the parish governing authority may adopt an ordinance creating the district and fixing the boundaries of each subdistrict.

(3) The ordinance shall:

- (a) Contain the method or formula by which the district's revenues shall be allocated to the subdistricts for fire protection purposes.
- (b) Provide that any subsequent revision of the method or formula of allocation, or termination thereof, shall occur only upon adoption of an ordinance setting forth the proposed action by the parish governing authority and upon concurrence, by resolution, of the governing authority of each municipality included in the district.
- (c) Provide that the entire area of any municipality within the district shall be included within one subdistrict.
- (d) Provide that any area annexed by a municipality, which is included in the district, that is not within the same subdistrict as the annexing municipality shall be included within the same subdistrict as the municipality. The parish governing authority shall adopt an ordinance changing the boundaries of the subdistricts only to the extent necessary to comply with this Subparagraph.
- (e) Not become effective until it has been concurred in, by resolution, by the governing authority of each municipality in the district.

(4) Thereafter, notice of the formation of the district and the subdistricts shall be given immediately by one publication in the parish's official journal.

G.(1) The district shall be governed by a board of commissioners consisting of one representative of each subdistrict appointed by the governing body of the subdistrict. Each subdistrict representative on the board shall be a resident of the subdistrict and may be a member of the governing body of the subdistrict.

(2) Each board member shall serve at the pleasure of the governing body making the appointment.

(3) Annually, the board shall elect a chairman and may elect such other officers as the board may deem necessary.

(4) The board shall select a secretary and a treasurer, or a combined secretary-treasurer, who may be members of the board.

H. The board, as governing body of the district, shall:

(1) Fix the time and place of its regular meetings.

(2) Deposit all funds collected or otherwise received by the district in a separate account with the board's fiscal agent and disburse such funds in accordance with law.

(3) Allocate funds to the subdistricts as provided by ordinance.

(4) Adopt a procedure by which a subdistrict may make application for and receive supplemental funding from the district.

(5) Have the district's books and records audited by the legislative auditor under the provisions contained in R.S. 24:513. The audit report shall be made available to the board, to the parish governing authority, and to the governing authority of each municipality in the district.

(6) Prepare a budget for its operations in the ensuing year. Upon receipt of funds sufficient to finance its budget, the board may proceed to act thereunder.

I. The board, as governing body of the district may:

(1) Incur debt and contract obligations.

(2) Sue and be sued.

(3) Accept grants or donations of any type.

(4) Enter into contracts necessary or desirable to fund fire protection service within the district, including entering into contracts and agreements with any federal, state, or local agency or instrumentality as is necessary to procure aid and grants.

(5) With the concurrence of the parish governing authority and the governing authority of each municipality in the district, levy a special tax of not more than ten mills on the dollar of a period of not more than ten years for the purpose of providing fire protection service within the district. However, the resolution levying the tax shall be adopted by the board only after the question of the levy and the amount of the tax have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. The cost of the election shall be borne by the district.

(6)(a) With the concurrence of the parish governing authority and the governing authority of each municipality in the district, establish, by majority vote of the members of the board, a service charge or rates of service charges to be assessed persons occupying residential or nonresidential structures and persons owning unoccupied structures located wholly or partly within the district as customers of the district, subject to Subparagraph (b) of this Paragraph. The service charges or rates of service charges shall be equal for all customers and shall be framed so as to cover and shall be used for the costs of fire protection service within the district.

(b) Service charges or rates of service charges shall be assessed by resolution of the board. However, the resolution assessing the service charges shall be adopted by the board only after the question of the assessment and the amount of the service charge or rates of service charges established have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. The cost of the election shall be borne by the district.

(7)(a) With the concurrence of the parish governing authority and the governing authority of each municipality in the district, levy within the district a sales and use tax not exceeding one percent, which tax may exceed the limitation set forth in Article VI, Section 29(A) of the Constitution of Louisiana. However, the levy shall be adopted by the board only after the question of the levy and the amount of the tax have been submitted to and approved by a majority of electors of the district voting at an election held for that purpose. The cost of the election shall be borne by the district.

- (b) The tax shall be imposed by resolution of the board and shall be levied upon the sale at retail, the use, the lease or rental, the consumption, the distribution and storage for use or consumption of tangible personal property, and upon the sales of services within the district, all as presently or hereafter defined in R.S. 47:301 et seq.
 - (c) Except where inapplicable, the procedure established by R.S. 47:301 et seq. shall be followed in the imposition, collection, and enforcement of the tax, and procedural details necessary to supplement the provisions of those Sections and to make said provisions applicable to the tax herein authorized shall be fixed in the resolution of the board imposing the tax.
 - (d) The tax shall be imposed and collected uniformly throughout the district.
 - (e) The proceeds of the tax may be used by the board for fire protection purposes within the district, but the proceeds of the tax shall be dedicated solely for the purposes approved by the electorate, including the funding of the proceeds of such tax into bonds in the manner provided by Subpart F, Part III, Chapter 4, Subtitle II of Title 39 of the Louisiana Revised Statutes of 1950, which funding may be submitted to the voters in the same proposition the tax is submitted.
 - (f) The resolution imposing the tax herein authorized shall be adopted by the board only after the question of the imposition of the tax shall have been submitted to the qualified electors of the district at an election conducted in accordance with the election laws of the state and a majority of those voting in the election shall have voted in favor of the imposition of the tax. All expenses of the election shall be borne by the district.
 - (8) The board may use any necessary and proper means to collect and enforce the collection of any tax or service charge, including contracting with any political subdivision within the parish or any official or agency of the parish to effect the collection.
 - (9) Adopt rules and procedures.
 - (10) Do and perform all acts necessary and proper for the purpose of providing funding for fire protection service within the district.
- J. The district and any subdistrict may be revised or dissolved only in the manner and subject to the limitations and restrictions applicable to the creation of the district and the subdistricts.
- K.(1) If no municipality is included within a subdistrict, the parish governing authority shall be the governing body of the subdistrict.
- (2) If a municipality is included within a subdistrict, the governing body of the municipality shall be the governing body of the subdistrict.
 - (3) The governing body of each subdistrict shall:
 - (a) Fix the time and place of its regular meetings.
 - (b) Deposit and maintain all funds received for the use of the subdistrict in a separate account with the governing body's fiscal agent and disburse such in accordance with law.
 - (c) The subdistrict's books and records shall be audited by the legislative auditor under the provisions contained in R.S. 24:513. The audit report shall be made available to the board, to the parish governing authority, and to the governing authority of each municipality in the district.
 - (d) Prepare a budget for its operations in the ensuing year.
 - (4) Upon receipt of funds sufficient to finance its budget, the governing body may proceed to act thereunder.
 - (5) The governing body of each subdistrict may:
 - (a) Sue and be sued.
 - (b) Accept grants or donations of every type.
 - (c) Enter into contracts necessary or desirable to carry out the purpose of the subdistrict, including entering into contracts and agreements with any federal, state, or local agency or instrumentality as is necessary to procure aid and grants to assist the subdistrict in carrying out the purpose for which it was created.
 - (d) Adopt rules and procedures and fix the time and place of its regular meetings.
 - (e) Do and perform all acts necessary and proper for the purpose of providing fire protection service within the subdistrict.
 - (f) If and only if there is being levied and collected a special tax pursuant to Paragraph I(5) of this Section, a service charge pursuant to Paragraph I(6) of this Section, or a sales and use tax pursuant to Paragraph I(7) of this Section, levy a

special tax of not more than ten mills on the dollar for a period of not more than ten years or the termination of all district levies and assessments, whichever occurs first, for the purpose of providing fire protection service within the subdistrict. However, the resolution levying the tax shall be adopted by the governing body only after the question of the levy and the amount of the tax have been submitted to and approved by a majority of electors of the subdistrict voting at an election held for that purpose. The cost of the election shall be borne by the subdistrict.

(g)(i) If and only if there is being levied and collected a special tax pursuant to Paragraph I(5) of this Section or a service charge pursuant to Paragraph I(6) of this Section, establish, by majority vote of the members of the governing body, a service charge or rates of service charges to be assessed persons occupying residential or nonresidential structures and persons owning unoccupied structures located wholly or partly within the subdistrict as customers of the subdistrict, subject to the provisions of Subparagraph (ii) of this Subparagraph. The service charges or rates of service charges shall be equal for all customers and shall be used for the costs of fire protection service within the subdistrict.

(ii) Service charges or rates of service charges shall be assessed by resolution of the governing body. However, the resolution assessing the service charges shall be adopted by the governing body only after the question of the assessment and the amount of the service charges or rates of service charges established shall have been submitted to and approved by a majority of electors of the subdistrict voting at an election held for that purpose. The cost of the election shall be borne by the subdistrict.

(iii) The service charge authorized pursuant to this Subparagraph shall automatically terminate upon the cessation of all district levies and assessments.

(h) The governing body may use any necessary and proper means to collect and enforce the collection of any tax or service charge, including contracting with another political subdivision within the parish or any official of the parish to effect the collection.

L. If any area is transferred from one subdistrict to another, whether through annexation or otherwise, the governing body of the subdistrict from which the area is taken shall continue to levy existing taxes in that area for the retirement of any outstanding tax secured or revenue-secured bonds and may continue to levy any maintenance tax or service charge previously authorized for the full period of the authorization. However, the governing body of that subdistrict shall not thereafter levy any new maintenance tax or assess any new service charges in the area which has been transferred to another subdistrict. If the subdistrict thereafter issues any tax secured bonds, the assessed value of that area shall not be used in computing the bonding capacity of the subdistrict and no tax shall be levied in that area for the retirement of new bonds of the subdistrict.

RS 40:1508 — Limitation of authority to levy fire service charge without vote of electorate; 1992 Regular Session

y of a fire protection district manned with any volunteer fireman may, solely by majority vote of the authority, without approval by a vote of the electorate of the district, levy a fire service charge of more than one dollar for each housing unit within a hotel or motel. Further, for the purposes of levying any fire service charge authorized by any Act of the 1992 Regular Session without approval by a vote of the electorate of the district, no residential unit within a structure or individual housing unit within a multiple dwelling structure may be considered a separate structure, rather the entire structure containing the residence or housing unit shall be considered as one structure.

B. This Section shall supersede any Act of the 1992 Regular Session of the Legislature to the extent that the provisions of this Section conflict with the provisions of such Act.

RS 40:1509 — Appointment of board of commissioners of certain fire protection districts

hes of Avoyelles, Lincoln, St. John the Baptist, and Webster shall be comprised of at least one member from each ward located within the boundaries of the district. The respective parish governing authorities shall implement this Section by providing for appointment of members, including those from municipalities, in such manner, and by adding such members, as shall be necessary to implement these provisions.

RS 40:1510 — Expenditure of public funds for awards, recognition, and meals

teer fire department may expend public funds in

connection with the following activities:

(1) The purchase of a plaque, trophy, certificate, medal, or similar memento to

acknowledge outstanding achievement or valiant act of personnel not to exceed one hundred dollars.

(2) Meals, snacks, or refreshments for firefighters involved in fire department related meetings, workshops, training programs, or performing of emergency services not to exceed twenty-five dollars per person.

(3) The implementation and execution of a length of service awards program. For the purposes of this Paragraph, a length of service awards program means a program established by the fire protection district, municipal fire department, or volunteer fire department that provides a monetary benefit, based upon service, to eligible firefighters as determined by the fire protection district, municipal fire department, or volunteer fire department. The length of service awards program shall not be considered a vested right nor entitle the recipient to any other benefit not directly related to the program's monetary benefit. The length of service award shall not be considered permanent and may be discontinued at any time.

B. The provisions of this Section shall not be construed to prohibit or restrict the use of public funds to pay or defray the reasonable expenses of travel and lodging required for attendance at any conference or convention for the purpose of educating or training fire department personnel with regard to their public duties and responsibilities.

RS 40:1531 — Administration; sessions; subjects of instruction

time and place determined by the department. At these sessions it shall instruct the representatives of the paid, part-paid, and volunteer fire departments of the state who are sent there in all the approved modern methods of fire-fighting, rendering first aid in case of drowning or asphyxiation, etc., and in all the modern methods of preserving life and property.

RS 40:1532 — Transfer of administration

college and the expenses of the same shall be included in the annual budget submitted by the Louisiana State University and Agricultural and Mechanical College.

RS 40:1541 — State fire marshal; official agency for training

firefighters on a statewide basis in which firefighters from any and all duly constituted fire departments and private or commercial industrial and allied emergency services may participate, and to coordinate and conduct other firefighter training programs at other training locations as provided in this Part and transfer such training to the office of state fire marshal. This Part shall not be construed as affecting the authority of any fire department to conduct training for its own personnel.

B. The office of state fire marshal shall conduct training programs and perform its functions as provided in this Part with the advice and guidance of the Louisiana Fire and Emergency Training Commission created by this Section.

C.(1) The Louisiana Fire and Emergency Training Commission, referred to in this Part as the "commission", is hereby created.

(2) The commission shall be composed of eleven members as follows:

(a) One member shall be the state fire marshal or his designee.

(b) One member shall be the Louisiana State University-Baton Rouge chancellor or his designee.

- (c) Two members shall be selected by the Louisiana State Firemen's Association.
 - (d) Two members shall be selected by the Louisiana Fire Chiefs Association.
 - (e) Two members shall be selected by the Professional Firefighters' Association of Louisiana.
 - (f) One member shall be a Louisiana citizen with knowledge and experience in the field of fire and emergency services appointed by the governor.
 - (g) One member shall be a person who is currently in active service with a Louisiana fire department and has been active for at least ten years, appointed by the governor upon recommendation of the commission.
 - (h) One member shall be a person with knowledge and experience and active in the field of industrial fire and emergency services, appointed by the governor upon recommendation of the commission.
- (3) Members shall serve at the pleasure of the appointing authority. A vacancy shall be filled in the manner of the original appointment.
- (4) Members shall serve without compensation or reimbursement for expenses.
- (5) The commission annually, at the first meeting of the calendar year, shall elect from its members a chairman and vice chairman. The chairman and vice chairman shall serve as such for a period of one year from the date of election.
- (6) Commission members shall be considered state officers for purposes of R.S. 9:2798.1 and Chapter 16-A of Subtitle III of Title 39 of the Louisiana Revised Statutes of 1950.
- (7) The commission shall meet at least quarterly. Other meetings may be called by the chairman on his own initiative and shall be called by him at the request of three or more members of the commission within fourteen days of such request. Each member shall be notified by the chairman in writing of the time and place of a meeting at least seven days before the meeting.
- (8) The commission shall adopt rules for the conduct of commission functions. Any decision of the commission may be made only by the favorable vote of at least two-thirds of those members in attendance at the meeting provided that a quorum is established prior to the vote. A majority of members of the commission shall constitute a quorum.
- D. The commission shall provide advice, guidance, and recommendations to the office of state fire marshal relative to the approval of matters including but not limited to the following:
- (1) Approval of an organizational chart outlining the arrangement of personnel needed for the conduct of the office of state fire marshal's functions pursuant to this Part.
 - (2) All aspects of the conduct of fire and emergency training and training programs, including curricula and performance of the office of state fire marshal's functions pursuant to this Part.
 - (3) Prioritization of training throughout the state.
 - (4) Recommendations to be made by the office of state fire marshal to the legislature relative to the office of state fire marshal's functions pursuant to this Part.
 - (5) The acceptance of any and all appropriate donations and grants of money,

equipment, supplies, materials, and services and their receipt, use, and disposal. The commission shall be apprised of all grant opportunities available to the office of state fire marshal Fire and Emergency Training Academy and all grant applications submitted on behalf of the academy individually or in conjunction with other institutions or programs of the office of state fire marshal.

E. The state fire marshal, subject to the approval of the commission, shall appoint a qualified person to serve as the superintendent of the Louisiana Fire and Emergency Training Academy.

F. Notwithstanding any provision of law to the contrary, the commission may certify educators to conduct fire-based emergency medical services training in preparation for licensure, and such training shall be accepted by the Bureau of Emergency Medical Services.

RS 40:1542 — Standards

§1; Acts 1975, No. 576, §1; Acts 1979, No. 528, §1, eff. July 18, 1979.

RS 40:1543 — Certification

shall develop a program to issue a reciprocity

certification to a person who has been timely certified by an accreditation by the International Fire Service Accreditation Congress, at the appropriate accredited certification level.

RS 40:1544 — Administration of federal funds

bit local governmental

subdivisions or Delgado Community College from applying for, receiving, and administering federal funds for fire training and education.

RS 40:1546 — Coordination of state, private, and federal efforts

he firefighter training program through the office

of state fire marshal to prevent duplication of efforts, duplication of cost, and to ensure standardization. The office of state fire marshal is hereby designated as the state agency for the coordination of training for the fire service provided by any federal government agency.

RS 40:1547 — Office of state fire marshal Fire and Emergency Training Academy Film Library

Rouge is hereby authorized to create an office of state fire marshal Fire and

Emergency Training Academy Film Library Fund for the establishment of a film library.

B. Out of the funds remaining in the Bond Security and Redemption Fund after a sufficient amount is allocated to pay all obligations secured by the full faith and credit of the state which become due and payable within a fiscal year, the treasurer in each fiscal year shall pay into a special fund, which is hereby created in the state treasury and designated as the office of state fire marshal Fire and Emergency Training Program Film Library Fund, the sum of fifty thousand dollars to be appropriated by the legislature. The sum appropriated in this Subsection shall be in addition to any other appropriations made to the office of state fire marshal Fire and Emergency Training Academy.

C. The Film Library created by this Section shall provide training films, public education fire service films, and fire prevention films to be used by the volunteer fire departments, paid fire departments, and industrial fire brigades of the state of Louisiana. The library shall be operated by and under the jurisdiction of the Fire and Emergency Training

Program of the office of state fire marshal located at Baton Rouge.

RS 40:1551 — Creation; authority of parish governing authorities; purpose

empowered, upon their own initiative, to form and

create a fire and emergency training services district as a political subdivision of the state.

B. The purpose of a fire and emergency training services district, hereinafter

sometimes referred to as "district" and the governing bodies created pursuant to this Chapter

shall be to maintain and operate a well-equipped educational and training institution or

facility to teach and train fire fighting and emergency services personnel. The production of

well-qualified personnel will serve only to enhance the state's fire protection and emergency

services provision efforts, which in turn shall benefit all of the citizens of this state.

C. In providing training for the fire service, the district shall coordinate such efforts

with the office of state fire marshal Fire and Emergency Training Academy to prevent

duplication of efforts and duplication of cost, and to ensure standardization in accordance

with R.S. 40:1541 et seq. In addition, all aspects of the training, including but not limited

to personnel, participants, programs, and courses, shall be certified by and through the Fire

and Emergency Training Academy of the office of state fire marshal.

RS 40:1552 — Board of commissioners; membership; qualifications; appointment; terms; vacancies; removal; officers; meetings

of this Chapter shall be governed by a board of commissioners composed of qualified voters of the district, all to be

appointed by the parish governing authority or parish governing authorities, in the instance of a multiparish district. The

board shall be comprised of such number as determined by the parish governing authority or governing authorities but

shall not be less than five. The appointing authorities shall determine the terms the board members shall serve.

B. Any vacancy shall be filled for the remainder of the unexpired term in the same manner as the original appointment.

Any commissioner may be removed from office for cause and his appointment rescinded by a two-thirds vote of the elected membership of the appointing parish governing authority.

C. The first meeting of the board of commissioners shall be within sixty days of the date of the appointment of all the

members. At that time, a chairman and vice chairman of the board shall be elected, and a director of the district shall be

appointed. Thereafter, the board of commissioners shall hold a minimum of three meetings annually. The parish

governing authority or governing authorities or the chairman of the board of commissioners may call additional meetings of the board.

RS 40:1553 — Corporate status of district; authority of board

all the power and right to incur debts and contract obligations, to sue and be sued, and to do and perform any and all acts

in its corporate capacity and its corporate name necessary and proper for the carrying out of the purposes for which the

district was created. Any obligation, debt, or liability incurred by the district shall not constitute or create an obligation,

either general or special, debt, or liability of the parish or parishes or the state of Louisiana within the meaning of any constitutional or statutory provision whatsoever.

B. The district shall be domiciled as designated by the parish governing authority or authorities and the board of commissioners of the district shall have the following authority:

(1) To operate and maintain a well-equipped, state-of-the-art fire fighting and emergency services training center.

(2) To represent the public interest in providing fire fighting and emergency training services in the district.

(3) To make, alter, amend, and promulgate rules and regulations governing the conduct of the district.

(4) To conduct hearings and pass on complaints by or against any officer or employee of the district.

(5) To review and modify or to set aside any action of the officers or employees of the district as the board determines to be desirable or necessary in the public interest.

(6) To appoint a director and staff of the district, as further provided in R.S. 40:1554.

- (7) To appoint the standing and special committees which may be necessary to carry out the purposes of this Chapter.
 - (8) To establish charges or rates of pay for the use of facilities provided by the district.
 - (9) To designate a bank to act as agent for depositing funds.
 - (10) To designate rules and regulations for safekeeping of the funds acquired, collected, or loaned by or to the district and to provide for regular audits of the accounts of the district.
 - (11) To purchase, construct, or improve educational and training facilities and other educational- and training-related facilities.
 - (12) To acquire necessary or desirable equipment and furnishings therefor, including but not limited to technology and computer equipment and software.
 - (13) To repair, maintain, and rehabilitate existing educational or training facilities.
 - (14) To acquire or improve lands for building sites.
 - (15) To perform such other duties as are required and authorized by law.
- C. All lands, buildings, and facilities acquired either by donation, purchase, exchange, or otherwise shall be owned, in full, by the district.

RS 40:1554 — Director; staff

es as director of the district, shall receive a salary fixed by the board, and shall serve at the pleasure of the board.

B. The board shall appoint such staff as is necessary to assist the director in the operation of the district.

RS 40:1555 — Federal, state, and private aid and grants

federal government, the state, or other public or private sources as may be necessary to procure aid and grants to assist the district in carrying out the purpose for which it was created.

RS 40:1558.1 — Purpose

n volunteer fire departments is vital to public safety; therefore, it is crucial to the future of emergency services in this state to encourage participation in volunteer fire departments.

B. It is the purpose of this Part to provide for the creation of the Volunteer Firefighters' Tuition Reimbursement Fund, wherein the state may financially reimburse eligible students who volunteer with volunteer fire departments.

RS 40:1558.2 — Definitions

ment" means a department whose personnel is composed of both volunteer and professional firefighters.

(3) "Recipient" means a person who has met the eligibility requirements and is awarded tuition reimbursement from the Volunteer Firefighters' Tuition Reimbursement Fund.

RS 40:1558.3 — Volunteer Firefighters' Tuition Reimbursement Fund

fter referred to as the "fund", which shall consist of monies appropriated annually by the legislature for the purpose set forth in this Part to the extent that state general funds are available; federal funds; public or private donations, gifts, or grants from individuals, corporations, nonprofit organizations, or other business entities which may be made to the fund; and any other monies that may be provided by law.

B.(1) Notwithstanding any other provision of law to the contrary, after compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund, and after a sufficient amount is allocated from the Bond Security and Redemption Fund to pay all of the obligations secured by the full faith and credit of the state that become due and payable within any fiscal year, the treasurer shall pay into the Volunteer Firefighters' Tuition Reimbursement Fund an amount equal to the amount provided for in Subsection A of this Section.

(2) Monies appropriated from the fund shall be used solely as provided by Subsection C of this Section and only in the amounts appropriated by the legislature. All unexpended and unencumbered monies in the fund at the end of the fiscal year shall remain in the fund. The monies in the fund shall be invested by the state treasurer in the same manner as monies in the state general fund, and interest earned on the investment of these monies shall be credited to the fund following compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana relative to the Bond Security and Redemption Fund.

C. Subject to annual appropriation by the legislature, the monies in the Volunteer Firefighters' Tuition Reimbursement Fund shall be used solely for providing tuition reimbursement to eligible volunteer firefighters attending a state funded public college, university, or vocational or technical school.

D. Notwithstanding any provision of law to the contrary, no monies from the state general fund (direct) shall be deposited or appropriated to the fund unless and until two-thirds of the elected members of each house of the legislature consent to such deposit or appropriation.

RS 40:1558.4 — Volunteer Firefighters' Tuition Reimbursement Board; creation; membership

and Corrections, office of state fire marshal, code enforcement and building safety.

B. The Volunteer Firefighters' Tuition Reimbursement Board shall be composed of seven members as follows:

- (1) The state fire marshal or his designee.
- (2) The president of the Senate or his designee.
- (3) The speaker of the House of Representatives or his designee.
- (4) One member appointed by the governor.
- (5) One member appointed by the Louisiana State Firemen's Association.
- (6) Two members appointed by the Louisiana Fire Chiefs Association, one of whom shall be the chief of a predominantly volunteer fire department.

C. Each board member shall serve without compensation.

D. The board shall adopt rules and regulations providing for the governance of the board, including but not limited to the following:

- (1) Procedures for the election of board officers and terms of office.
- (2) Methods and grounds for removal of board members, which shall include but not be limited to conviction of a felony and failure to meet attendance rules.
- (3) Procedures for filling vacancies created by removal, resignation, or death of any member prior to the end of the member's term, which shall follow those used for the initial appointment of members to the board.

E. Four members shall constitute a quorum and shall be required to conduct the business of the board. A majority vote of the members constituting a quorum shall be necessary for any action taken by the board.

RS 40:1558.5 — Powers and duties of the board

in R.S. 40:1558.6 and any rules or regulations promulgated by the board.

- (3) Disburse to recipients an amount equal to the tuition charged by the state funded college, university, or vocational or technical school selected by the recipient.
- (4) Require the fire chiefs of recipients to file voluntary status affidavits with the board for each semester for each recipient.
- (5) Require recipients to file education progress reports with the board after each semester.

B. The board shall determine recipients based on eligible applicants in the order in which the applications were received by the board.

RS 40:1558.6 — Eligibility of applicants

two-year associate degree program or completed two years of a four-year degree program at a public college or university or completed one year at a public vocational or technical school.

(3) Volunteered for a minimum of two years with a volunteer or combination fire department prior to application and, at the time of application, is serving as a volunteer firefighter.

B. A recipient shall be disqualified from receiving tuition reimbursement from the fund if the board determines either of the following:

- (1) That the recipient has failed to maintain good standing with the attending college, university, or vocational or technical school.
- (2) That the recipient has discontinued service as a volunteer firefighter.

RS 40:1558.7 — Rules and regulations

310, §2.

RS 40:1561 — Recognition; appointment; term; compensation; qualifications

The state fire marshal shall have the following qualifications:

- (1) have a college degree or have at least ten years experience in the fire service with five of such years as a district chief or higher position or chief of a fire prevention bureau or equivalent experience;
- (2) have at least two years experience in management and personnel supervision;
- (3) have been continuously engaged in the fire protection field for at least five years; and
- (4) has demonstrated through his past endeavors his ability to perform the functions assigned to his office.

B. The office of fire marshal of the State of Louisiana shall be subject to and regulated by the provisions of Chapter 1 of Title 39 and particularly with respect to the requirements of budgetary control and central purchasing.

C. The state fire marshal shall receive a minimum annual salary of seventeen thousand five hundred dollars. The qualifications set forth in this section shall take effect as of the day beginning the next gubernatorial term.

RS 40:1562 — Assistants and deputies

fire marshal.

B. The fire marshal may also appoint such deputies, counsel, and other officers and employees as he thinks necessary for the proper performance of the duties imposed upon him by the provisions of this part. In these appointments, the fire marshal shall use the funds necessary for such purpose and available to him from the fire marshal fund in the state treasury and from appropriations made by the legislature.

RS 40:1562.1 — Organization of fire marshal's office

(3) Inspection.

(4) Investigation.

(5) Fire and emergency training.

RS 40:1563 — Powers and duties generally; use of deputies; responsibilities of local governing

rshal shall take all steps necessary and proper to protect life and property from the hazards of fire and of panic which may arise from fire or from the threat of fire or explosion.

B. Except for those open structures and process structures as defined in Subsection J of this Section the fire marshal shall supervise the following:

- (1) The construction and maintenance of exits, including fire escapes, exit doors, and emergency lighting.
- (2) The installation and operation of heating, air conditioning, and ventilating systems.
- (3) The use of flammable materials for decorative purposes in places of public assembly.
- (4) The inspection of all structures, except one- and two-family dwellings and movables, for the purpose of reducing or eliminating fire hazards.

C.(1) The fire marshal shall not conduct or supervise inspections pursuant to the provisions of Paragraphs (B)(1), (2), (3), and (4) of this Section within the jurisdiction of any local governing authority in which a fire prevention bureau has been properly established by special ordinance and accompanying resolution as provided in this Section, except as provided in Paragraph (5) of this Subsection.

(2) The local governing authority may properly establish a fire prevention bureau by special ordinance and accompanying resolution as provided in this Section and a fire prevention bureau thus established may apply for certification by the fire marshal to perform inspections on behalf of the fire marshal solely through adoption of the special ordinance which conforms to the following requirements which are applicable to existing fire prevention bureaus:

(a) The fire prevention bureau must be headed by a chief of a fire department or a person designated by the chief of a fire department.

(b) The fire prevention bureau shall be staffed with qualified individuals whose credentials have been reviewed by the fire marshal and who have successfully completed, according to criteria established by the fire marshal, special training in fire inspection and fire codes in a course approved by the fire marshal at the office of state fire marshal Fire and Emergency Training Academy or a course deemed equivalent or superseding by the fire marshal.

(c) Requiring adoption as a minimum standard those codes as adopted and enforced by the state fire marshal.

(d) Requiring copies of inspection reports to be filed with the state fire marshal's office on forms acceptable to the fire marshal.

(e) Requiring continuing education as necessary to maintain standing through a training program recognized by the fire marshal.

(f) Recognizing the authority of the fire marshal to monitor the performance of the fire prevention bureau in the performance of those functions which would otherwise be performed by the fire marshal.

(3) The fire marshal shall revoke certification of a local fire prevention bureau for cause, including but not limited to failure to submit reports of inspections for six consecutive months, after notice and an administrative hearing, in accordance with the Administrative Procedure Act.

(4) The fire marshal shall remain responsible for all institutional occupancies requiring a state or federal license, detention, colleges, universities, state-owned and state-leased buildings, and schools where applicable, and the applicable federal and state life safety codes shall be the codes applying to these facilities. Nothing contained herein shall limit the right of the local fire department to consult with the fire marshal or otherwise restrict the authority of the local fire department to conduct fire preplanning for any occupancy within its jurisdiction.

(5) The fire marshal shall not conduct or supervise inspections in all remaining matters where a fire prevention bureau is properly certified unless specifically requested by the fire prevention bureau or the local governing body of that jurisdiction or upon complaint of any citizen. The fire marshal may, at his discretion, report any complaint received from a citizen to the appropriate fire prevention bureau and the fire marshal may conduct a joint inspection with the fire prevention bureau.

(6) The monitoring function conferred upon the fire marshal by this Section is solely intended to achieve the equal, effective enforcement of the state's adopted fire protection, life

safety, and accessibility laws, codes, rules, and regulations. It is not intended that the fire marshal shall retain or assume responsibility or liability for inspections performed by fire prevention bureaus. The local governing authority shall, by specific resolution accompanying the ordinance creating the fire protection bureau, assume the responsibility for and release the fire marshal and any other state entity from responsibility or liability for those inspections performed by the fire prevention bureau, or the consequences thereof, within the jurisdiction of the governing authority.

D. For the purpose of this Part, a "fire prevention bureau" is defined as any agency of a locally governed jurisdiction staffed by qualified individuals whose qualifications have been reviewed by the fire marshal whose responsibility it is under the laws or ordinances of that locally governed jurisdiction to inspect structures, watercraft, and movables for compliance with the appropriate fire code applicable as provided in R.S. 40:1578.6 and equivalencies as determined by the fire marshal pursuant to R.S. 40:1574(K) and to conduct investigations of fires in accordance with the provisions of R.S. 40:1566 and 1568.

E. In the execution of the duties imposed upon him by this Part, the fire marshal may designate any of his regular, salaried deputies to act for him except with respect to matters of appeal from notices for the abatement of hazardous conditions, as provided in R.S. 40:1577.

F. The fire marshal shall have the authority in order to carry out the purposes of this Part or any other law for which he is given responsibility for supervision or enforcement, including but not limited to R.S. 40:1561 et seq., R.S. 49:148 et seq., R.S. 51:650 et seq., and R.S. 51:911.21 et seq., to prepare, adopt, and promulgate rules and regulations in accordance with the Administrative Procedure Act, and he shall compile a written set of current rules and regulations setting forth state laws and regulations governing fire hazards and life safety requirements and shall distribute to building owners copies of such compilation upon request. He shall also have available copies of said regulations for release upon request of any interested person and copies of state laws and regulations shall be distributed to all fire fighting agencies within the state.

G.(1) The fire marshal shall have authority to charge fees for conducting inspections, both as to private persons, and the state. Such fees shall be designed to cover, but not exceed, the actual cost of the inspections. The inspection fee shall be based on the time required for the inspection multiplied by 2.5 times the average hourly pay rate for inspectors; provided however, all nonpublic elementary and secondary schools shall be exempt from the payment of such fees imposed herein.

(2) As used in this Subsection, the following definitions shall apply:

(a) "Inspection" (INSP) means a survey of a single-story building, each floor of a multi-story building, or buildings having multiple occupancies or multiple building additions separated by horizontal two-hour fire rated construction which require separate surveys.

(b) "Reinspection" (REINSP) means a follow-up to an inspection or final inspection to determine if proper remedial action was taken to correct deficiencies.

(c) "Final inspection" (FINAL INSP) means an inspection to determine if a new construction, renovation, remodeling, addition, or change of occupancy in accordance with

R.S. 40:1574 is in compliance with applicable state laws and regulations.

H.(1) The fire marshal, in order to carry out the purposes of this Part or any other law for which he is given responsibility for supervision, enforcement, licensure, or regulation, including but not limited to R.S. 40:1662.1 et seq., R.S. 51:650 et seq., R.S. 51:911.21 et seq., and R.S. 40:1484.1 et seq., upon reasonable suspicion that a violation of the foregoing has occurred or is about to occur, shall have the authority to swear out and, upon issuance by a judge, execute search warrants.

(2) A court may issue search warrants on application of the fire marshal, in accordance with law, which warrant shall authorize the search for and seizure of anything within the territorial jurisdiction of the court in aid of the enforcement of the laws under the supervision, enforcement, licensure, or regulation of the office of fire marshal.

(3) The search warrant shall be directed to the fire marshal or his designated representative and shall describe the premises to be searched. The fire marshal or his designated representative to whom the warrant is directed shall make proper return thereon of the action taken on it and shall describe all property or records seized, if any. Any property or records seized shall be retained under the custody and control of the fire marshal or his designated representative until further order of the court or as may be provided by law.

I.(1) The fire marshal, in order to carry out the purposes of this Part or any other law for which he is given responsibility for supervision, enforcement, licensure, or regulation, including but not limited to R.S. 40:1662.1 et seq., R.S. 51:650 et seq., R.S. 51:911.21 et seq., and R.S. 40:1484.1 et seq., shall have the authority to request the issuance of subpoenas to compel the attendance of witnesses and the production of documents, papers, books, records, and other evidence before him in any matter over which he has jurisdiction.

(2) A court, upon application and acceptable presentation, may order a subpoena or subpoena duces tecum to be issued requiring a witness to appear before the fire marshal to give testimony or to produce evidence. Upon filing such order in the office of the clerk of the appropriate court, the clerk shall issue the subpoena or the subpoena duces tecum according to law.

(3) Punishment for failure to comply with a subpoena or a subpoena duces tecum, proof of service of which appears of record, shall be subject to the sanctions available by law to the issuing court.

J.(1) Process structures as defined herein shall conform to the requirements of the National Fire Protection Association's Life Safety Code as provided in R.S. 40:1578.6, except that stairs, guard rails, and hand rails shall comply with the applicable worker safety requirements of the Occupational Safety and Health Administration.

(2) "Open structure" means a structure that supports equipment and operations not enclosed within building walls, but which may include a roof or canopy, found in oil refining, chemical processing plants, power plants, pulp and paper mills.

(3) "Process structure" means a naturally ventilated structure enclosed within building walls whose primary function is to protect equipment from the environment in oil refining, chemical processing plants, power plants, pulp and paper mills, and which structure is normally not occupied.

K. The fire marshal shall take steps that are necessary and proper to perform services as required by the state emergency operations plan.

L.(1) The state fire marshal shall have the authority to conduct plan reviews for plans or specifications of a facility licensed, certified, or seeking licensure or certification by the Louisiana Department of Health.

(2) In consultation with the Louisiana Department of Health, the state fire marshal shall develop and promulgate rules in accordance with the Administrative Procedure Act to implement the provisions of this Subsection. The rules shall be applicable to both public and private entities.

M. The state fire marshal or his designee shall, as an approved third-party inspector by the Louisiana Gaming Control Board, have the authority to conduct inspections of a riverboat landside facility licensed or seeking licensure or certificates of compliance by the Louisiana Gaming Control Board pursuant to R.S. 27:44.2.

N.(1) The fire marshal or his designee shall have the authority to require the owner or lessee of a structure that was in existence as of August 1, 2014, and is utilized as a hotel to install a carbon monoxide alarm system when he determines, as a result of a plan review, investigation, or inspection, that a carbon monoxide source within or attached to the building or structure poses a threat of carbon monoxide poisoning. The source of carbon monoxide may include but not be limited to an attached enclosed garage or fossil-fuel burning appliance or appliances.

(2) For purposes of this Subsection, the following terms mean:

(a) "Attached enclosed garage" means a structure or portion of a structure without openings or openings on only one side that is used for the parking or storage of private motor vehicles.

(b) "Hotel" means a building or structure that was in existence as of August 1, 2014, which is utilized as a residential occupancy building containing sleeping units where the occupants are primarily transient in nature, including boarding houses, hotels, and motels.

O. The fire marshal shall take all steps necessary and proper to perform inspections as required by R.S. 40:2009.25.

RS 40:1563.1 — Authority to make arrests and carry firearms; arson task force

or municipal arson investigators, while engaged in the performance of their duties as such, shall have the authority to investigate and cause the arrest of individuals suspected of having violated the following criminal laws:

(1) R.S. 14:51, aggravated arson.

(2) R.S. 14:52, simple arson.

(3) R.S. 14:52.1, simple arson of a religious building.

(4) R.S. 14:53, arson with intent to defraud.

(5) R.S. 14:54, placing combustible material.

(6) R.S. 14:54.1, communicating false information of planned arson.

(7) R.S. 14:54.2, manufacture and possession of delayed action incendiary devices.

(8) R.S. 14:54.3, manufacture and possession of a bomb.

(9) R.S. 14:54.5, fake explosive devices.

(10) R.S. 14:59(A)(2), criminal mischief relating to the giving of any false alarm of fire.

(11) R.S. 14:204, fire-raising on lands of another by criminal negligence.

(12) R.S. 14:205, fire-raising on lands of another with malice.

(13) R.S. 14:206, fire prevention interference.

(14) R.S. 14:327, obstructing a fireman.

(15) R.S. 22:1924, insurance fraud.

(16) R.S. 22:1925, insurance fraud.

(17) R.S. 14:51.1, injury by arson.

(18) R.S. 15:562.5, failure to register.

(19) R.S. 40:1621, violation of fire marshal's orders. This Paragraph shall be limited to fire marshal orders related to activities or instances determined by the fire marshal to pose an immediate danger to life.

(20) R.S. 14:206.1, engaging in life safety and property protection contracting without authority.
