(2) The bonds shall be issued without a credit instrument if, in the Secretary's judgment, the absence of a credit instrument will not adversely affect the credit rating of the bonds.

(c) With respect to an issue of county transportation bonds sold after June 1, 1989, the Secretary may provide in the resolution authorizing the issuance of the bonds that there shall be withheld and deposited in the sinking fund maintained under § 3-307(b) of this title from funds allocable to the county under Title 8, Subtitle 4 of this article only the amounts that may be required from time to time to pay debt service on the bonds, as and when due, and that holders of bonds of that issue shall have no right to receive payment from any other amounts deposited or maintained in the sinking fund. The Secretary may, at his discretion, determine that:

(1) There shall be deposited with or held for the paying agent for the bonds a credit instrument under which the credit instrument provider is obligated to pay an amount at least equal to the maximum annual debt service on the bonds of that issue; or

(2) The bonds shall be issued without a credit instrument if, in the Secretary's judgment, the absence of a credit instrument will not adversely affect the credit rating of the bonds.

(d) The sinking fund requirements established for consolidated transportation bonds and county transportation bonds sold before June 1, 1989 shall remain unchanged so long as those bonds are outstanding and unpaid as if this section had not been enacted.

(c) The preferred method of issuance of the Department's consolidated transportation bonds is by a public, competitive sale.

(d) The Department may issue its consolidated transportation bonds at a private, negotiated sale provided that:

(1) The Secretary determines that extraordinary credit market conditions exist that warrant the use of this method rather than a public, competitive sale; and

(2) The Secretary determines that the terms and conditions, including price, interest rates, and payment dates, that can be achieved by a private negotiated sale are more advantageous to the State.

(e) The maximum outstanding and unpaid principal balance of consolidated transportation bonds and bonds of prior issues as of June 30 for the next fiscal year:

§ 3-216

(a) There is a Transportation Trust Fund for the Department.

(b) Except as otherwise expressly provided by statute, there shall be credited to the Transportation Trust Fund for the account of the Department all taxes, fees, charges, and revenues collected or received by or paid, appropriated, or credited to the account of the Department or any of its units in the exercise of their rights, powers, duties, or obligations, including the cash proceeds of the sale of consolidated transportation bonds, notes, or other evidences of obligation issued by the Department, any General Fund appropriations, and the proceeds of any State loan or federal grant made for transportation purposes.

(c) (1) There shall be maintained in the Transportation Trust Fund one or more sinking fund accounts to which shall be credited and from which shall be paid, from the proceeds of the taxes levied and imposed for that purpose or from any other funds of the Department, amounts sufficient at all times to meet the debt service on all bonds of prior issues and consolidated transportation bonds from time to time outstanding and unpaid.

(2) (i) The Gasoline and Motor Vehicle Revenue Account, the Driver Education Account, the Motorcycle Safety Program Account, and the Transportation Network Company Impact Fee Account shall be maintained in the Transportation Trust Fund.

(ii) In each fiscal year, the Department shall budget from federal funds available to the Department, other funds in the Transportation Trust Fund, and any other funds available to the Department, an amount sufficient to fund projects and programs determined by the Secretary to be necessary to achieve the bicycle and pedestrian transportation goals identified for the fiscal year under Title 2, Subtitle 6 of this article.

(d) (1) After meeting its debt service requirements, the Department may use the funds in the Transportation Trust Fund for any lawful purpose related to the exercise of its rights, powers, duties, and obligations.

(2) Expenditures under this subsection shall be made in accordance with any appropriation provided for in any applicable budget bill or supplementary appropriation bill. However, an appropriation proposed to be made to any unit in the Department or proposed to be made for any designated transportation activity, function, or undertaking that has been reduced by the General Assembly may not be restored, for the same purpose as originally proposed, except in an emergency, by the budget amendment procedure of § 7–209 of the State Finance and Procurement Article, or otherwise if the General Assembly in striking or reducing the appropriation, prohibited its restoration. However, except for emergency capital projects, if the General Assembly explicitly reduces in the budget bill an appropriation proposed for a major capital project as defined in § 2–103.1(a)(4) of this article, the appropriation may not be restored for the same purpose as originally proposed by the budget amendment procedure of § 7–209 of the State Finance and Procurement Article or otherwise unless the General Assembly, in striking or reducing the appropriation, expressly authorized its restoration.

(3) For each fiscal year, the Department shall use the funds in the Transportation Trust Fund for the purposes specified in subsection (c)(2)(ii) of this section, which may include construction and maintenance of:

(i) Public bicycle areas as defined in § 21–101(o) of this article;

(ii) Bicycle ways as defined in § 21–101(d) of this article; and

(iii) Sidewalks as defined in § 21–101(w) of this article.

(i) The expenditures made toward the attainment of the bicycle and pedestrian transportation goals during the preceding fiscal year under Title 2, Subtitle 6 of this article; and

(ii) The progress made toward attainment of the bicycle and pedestrian transportation goals identified for the fiscal year under Title 2, Subtitle 6 of this article.

(5) (i) The Department shall allocate the funds in the Transportation Network Company Impact Fee Account for the following purposes, in the manner the Department determines is appropriate:

1. Capital needs identified in the assessment conducted under § 7–309 of this article; and
2. Distribution to counties and municipalities for the purposes specified in § 8–408 of this article.

(ii) If any funds remain in the Transportation Network Company Impact Fee Account after the allocations under subparagraph (i) of this paragraph, the Department shall allocate the remaining fund balance to the Locally Operated Transit System Grant Program under § 4–322 of this article.

(e) (1) Except as otherwise provided in this subsection, this section is effective notwithstanding any other provision of law.

(2) Nothing in this section may adversely affect in any way the security of any of the following bonds while they are outstanding and unpaid:

- (i) State highway construction bonds, second issue;
- (ii) State highway construction bonds, third issue;
- (iii) County highway construction bonds; or
- (iv) County highway construction bonds, second issue.

(3) It is the intent of the General Assembly that, as long as any of the bonds listed in paragraph (2) of this subsection are outstanding and unpaid:

(i) The sinking fund requirements established for the payment of the principal of and interest on those bonds shall remain unchanged, as if this section had not been enacted; and

(ii) The taxes and revenues pledged to the payment of the principal of and interest on those bonds as they become due and payable may not be repealed, diminished, or applied to any other purpose until:

1. The bonds and the interest on them have become due and fully paid; or
2. Adequate and complete provision for payment of the principal and interest has been made.

(f) (1) Except as provided in paragraphs (3) and (6) of this subsection, no part of the Transportation Trust Fund may be transferred or diverted to the General Fund of the State unless approved by the General Assembly through legislation passed by a three-fifths majority vote of the full standing committee assigned the legislation in each of the two Houses of the General Assembly and enacted into law.

(2) Except as provided in paragraphs (3) and (6) of this subsection, no part of the Transportation Trust Fund may be transferred or diverted to a special fund of the State, unless approved by the General Assembly through legislation passed by a three-fifths majority vote of the full standing committee assigned the legislation in each of the two Houses of the General Assembly and enacted into law. No part of the Transportation Trust Fund may be transferred or diverted to a special fund of the State pursuant to the provisions of § 7–209(e)(2) of the State Finance and Procurement Article, unless the requirements of this paragraph have been satisfied.

(3) Funds in the Transportation Trust Fund may be used for defense or relief purposes only if:

- (i) The State is invaded by land, sea, or air or a major catastrophe occurs; and
- (ii) The Governor:

1. Proclaims a State of Emergency; and
2. Declares that the use of the funds for defense or relief purposes is necessary for the immediate preservation of the public health or safety.

(4) Before the enactment of legislation under paragraph (1) or (2) of this subsection or the issuance of an emergency declaration under paragraph (3) of this subsection to transfer or divert funds from the Transportation Trust Fund to the General Fund or a special fund, the Treasurer shall advise the Governor and the General Assembly of the potential impact of the transfer or diversion on the credit rating of bonds or other debt instruments issued by the Department.

(5) (i) Before the enactment of legislation under paragraph (1) or (2) of this subsection or the issuance of an emergency declaration under paragraph (3) of this subsection to transfer or divert funds from the Transportation Trust Fund to the General Fund or a special fund, a determination shall be made of the potential impact of the transfer or diversion on the

additional bonds test set forth in the Secretary's resolution and the credit rating of bonds or other debt instruments issued by the Department.

(ii) A transfer or diversion may not occur if it is determined that the transfer or diversion would:

1. Cause the Department to fail the additional bonds test; or
2. Result in a downgrade of the Department's bonds.

(6) This subsection does not apply to a distribution of highway user revenues to counties, municipalities, and Baltimore City under § 8-403 of this article.

(g) (1) This subsection applies only to a bill or an amendment that would:

- (i) Reduce any tax or fee that otherwise would be credited to the Transportation Trust Fund; or
- (ii) Increase transportation aid to local governments by using funds from the Transportation Trust Fund.

(2) When submitting a proposed bill or amendment for introduction in the General Assembly on behalf of the Administration, an executive department, or any other unit of State government, the Governor shall provide to the General Assembly, in accordance with § 2-1257 of the State Government Article, a detailed analysis of the effect the proposed bill or amendment will have on the Transportation Trust Fund and the funding of projects specified in the Consolidated Transportation Program, including an analysis of whether the reduction of available funds will result in the elimination of any project or the alteration of the scope, design, or scheduling of any project.

§ 3-303

(a) Subject to the limitations of this subtitle, the Department from time to time may:

(2) Disburse the proceeds of the borrowing pursuant to agreements with participating counties; and

§ 3-305

(a) After notification by the county, the Department shall determine the total proceeds of the highway user revenues allocable to the county under Title 8, Subtitle 4 of this article, exclusive of any amounts distributed to any municipalities in the county.

(b) The Department next shall determine the total amount of bonds that it could issue under this subtitle on behalf of the county, with adequate annual debt service coverage, from the annual amount of the highway user revenues so allocated to the county after providing for the debt service on all outstanding and unpaid bonds that have been previously issued on behalf of the county and to which its share of the highway user revenues has been pledged.

(c) After making all necessary determinations, the Department shall notify the county of the amount of bonds of the next series that the Department will issue on behalf of the county. The Department then shall issue and sell that amount of its bonds under this subtitle as a part of the next series of bonds and shall disburse the net proceeds of that amount of the bonds pursuant to an agreement with the county, after deducting the county's proportionate share of the cost of the issuance of the bonds.

[Previous](#)[Next](#)

(b) Subject to annual recomputation, the maximum amount of the bonds that the Department may issue on behalf of a county, as computed under this section and § 3-304 of this subtitle, is the limit of participation for the county.

(2) Each issue of bonds on behalf of the county shall be approved by resolution of the Board of Public Works before they are issued;

(3) Unless the county elects to deposit the amount with the State Comptroller under item (4) of this subsection, and except as provided in § 3-104 of this title, the State Comptroller may withhold and deposit money to the credit of a sinking fund maintained to pay the principal of and interest on the bonds from funds allocable to the county under Title 8, Subtitle 4 of this article, after first providing for sinking fund requirements on outstanding and unpaid county highway construction bonds issued pursuant to Chapter 657 of the Laws of 1953, until an amount equal to the debt service payable in the current fiscal year and the next succeeding fiscal year is accumulated and, thereafter, an amount equal to debt service on the bonds in the succeeding fiscal year, but no part of the funds that have been previously pledged for debt service on outstanding and unpaid bonds of the county, as provided in Title 8, Subtitle 4, may be withheld;

(4) In any year in which any bonds covered by the agreement are outstanding and unpaid, the county may make an annual levy on its taxable basis in the rate and amount sufficient to provide a sum equal to the amount to be withheld by the State Comptroller, as provided in item (3) of this subsection, in which event the State Comptroller may not withhold any more of the highway user revenues of the county than necessary to assure payment of the principal of and interest on the bonds in the current fiscal year and the next succeeding fiscal year;

(5) At regular intervals, the State Comptroller shall pay from the sinking fund to the Department amounts sufficient to pay the principal of and interest on the bonds; and

(6) The county shall use and invest its share of the proceeds of the bonds within the parameters established by the Department and take, or refrain from taking, such other and further actions as may be required of it by the Department to maintain the exemption from federal income taxation of interest on the bonds.

(c) If a county violates its agreement with the Department in a manner that causes the bonds to lose their tax-exempt status, the Department may prohibit the county from participating in the Department's county bond program for 3 years from the date the violation is discovered.

[Previous](#)[Next](#)

§ 3-308

In any fiscal year, if the county fails to levy the tax authorized in its agreement with the Department and if the county's share of highway user revenues is insufficient to meet the debt service on bonds in that year, the State Comptroller, notwithstanding the provisions of Title 8, Subtitle 4 of this article on the distribution of highway user revenues, may withhold from the share of highway user revenues payable to municipalities in the county an amount sufficient to pay the debt service on the bonds in that year.

§ 5-511

[Previous](#)[Next](#)

§ 5-602

An airport hazard endangers the lives and property of the users of an airport and of the occupants of land in its vicinity, and it also reduces, in effect, the area available for the landing, taking off, and maneuvering of aircraft, thus tending to destroy or impair the utility of an airport. It is, therefore, in the interest of public health, safety, and general welfare that the political subdivisions of this State be authorized to adopt zoning regulations, as provided in this subtitle, and to acquire property, by purchase, grant, lease, or condemnation, in order to eliminate airport hazards.

[Previous](#)[Next](#)

§ 5-603

This subtitle does not apply to Baltimore County or to any part of any airport or property located in Baltimore County.

[Previous](#)[Next](#)

§ 5-604

(a) Subject to the provisions of this subtitle, each political subdivision of this State may adopt, under its police power, airport zoning regulations to protect the aerial approaches of:

- (1) Any airport not owned by this State and located in the political subdivision; and
 - (2) Subject to § 5-609 of this subtitle, any airport owned by the political subdivision and located wholly or partly outside of the political subdivision.
- (b) If a political subdivision has or adopts a general zoning ordinance regulating the height of buildings, any airport zoning regulations adopted under this subtitle for all or a part of the same area may be made a part of the general zoning regulations and administered and enforced with them. However, the general zoning regulations may not limit the effectiveness or scope of any regulation adopted under this subtitle.

[Previous](#)[Next](#)

§ 5-605

(a) (1) By appropriate action of their respective governing bodies, any two or more political subdivisions may agree to create a joint board and delegate to it the power granted by this subtitle to adopt and enforce airport zoning regulations for any airport located wholly or partly in any one or more of the political subdivisions.

(2) If a joint board is created under this section, it may exercise the powers granted by this subtitle to a political subdivision or its legislative body to the extent that these powers have been delegated to it by the political subdivision and subject to the rules, restrictions, guides, and standards established by the governing bodies of the political subdivisions that created it.

(b) Each joint board shall consist of:

(1) Two representatives of each political subdivision that creates the joint board, appointed by the chief executive officer of the political subdivision; and

(2) One additional member, who shall be the chairman, elected by a majority of the appointed members.

(c) (1) Each member of a joint board serves for a term of 4 years and until his successor is appointed and qualifies.

(2) On written charges and after a public hearing, the respective appointing authority may remove any member of a joint board for cause.

(3) A member appointed to fill a vacancy in an unexpired term serves only for the remainder of that term.

(d) (1) Each joint board shall adopt rules for the conduct of its business.

(2) Meetings of a joint board shall be held at the call of the chairman or a majority of the joint board. All meetings of the board shall be open to the public.

(3) Each joint board shall keep minutes of its proceedings, showing the absence, vote, or failure to vote of each member on each question, and records of its examinations and other official actions. These minutes and records shall be filed immediately in the office of the joint board and shall be a public record.

§ 5-606

(a) Regulations adopted under this subtitle shall divide the area surrounding the airport to which they apply into districts of the number, shape, and size that the political subdivision considers best suited for the purposes of this subtitle. Within each district, the political subdivision may regulate and restrict the height of structures and trees or other vegetation and the purposes for which land may be used.

(b) All regulations shall be uniform throughout the district to which they apply. However, regulations in one district may differ from those for other districts.

(2) Otherwise interfere with the continuance of any nonconforming use.

[Previous](#)[Next](#)

§ 5-607

(a) Subject to the provisions of this subtitle, the legislative body of a political subdivision shall provide for the manner in which airport zoning regulations and boundaries of airport zoning districts are to be adopted, amended, enforced, and repealed.

(b) (1) Airport zoning regulations and boundaries of airport zoning districts are not effective until there has been a public hearing at which interested parties and the public have an opportunity to be heard.

(2) At least 15 days' notice of the time and place of the hearing shall be published in a newspaper of general circulation in each of the political subdivisions in which the airport is or will be located.

(c) (1) Any regulation and boundary may be amended or repealed from time to time. However, if the owners of at least 20 percent of the area included in a proposed change sign a protest against the change, the change is not effective unless approved by two thirds of all the members of the joint board or of the legislative body of the political subdivision, as the case may be.

(2) Subsection (b) of this section on public hearings and notices applies to all changes made under this subsection, and, if the change is in a boundary of any airport zoning district, notice of the hearing also shall be posted within that district, at the place that the zoning authorities designate.

(3) A regulation is effective only if approved by the joint board or governing body of each political subdivision in which any part of the airport is located.

(2) The administrative agency shall issue a permit as a matter of right for the replacement or alteration of a nonconforming use or structure, except that the agency may not issue any permit that will allow a structure or tree or other vegetation to be higher than or to be a greater hazard to air navigation than it was when the applicable airport zoning regulation was adopted.

(c) If the administrative agency grants a permit under this section that does not have to be issued as a matter of right, it may condition the permit so as to require the owner of the land or structure to which the permit applies to install, operate, and maintain at his expense the markers and lights necessary to indicate to aircraft the presence of an airport hazard.

The agency immediately shall send to the board the papers that constitute the record on which the action appealed from was taken.

(b) (1) An appeal stays all proceedings in furtherance of the action appealed from, unless the administrative agency certifies to the board that, because of the facts stated in the certificate, a stay in its opinion would cause imminent peril to life or property.

(2) If the agency certifies as provided in paragraph (1) of this subsection, the proceedings may not be stayed other than by a restraining order granted by the board of appeals or by a court of record. On application and notice to the administrative agency, a restraining order may be granted for good cause shown.

These findings and conclusions constitute a part of the proceedings on which the determination of the court shall be made.

(2) Set the limits at the most restrictive level that, through the application of the best available technology at a reasonable cost and without impairing the safety of flight, is consistent with attaining the environmental noise standards adopted by the Maryland Department of Health.

[Previous](#)[Next](#)

§ 5-805

(a) (1) Each airport operator, including each person intending to operate a proposed airport, shall assess the noise environment created by the operation and projected future use of the airport.

(2) The assessment method shall follow the procedures that the Executive Director establishes for calculating or measuring cumulative noise exposure.

(3) The assessment shall delineate any noise zone and identify any impacted land use area.

(b) (1) If an impacted land use area exists within a noise zone, the airport operator shall develop a noise abatement plan to reduce the size of or eliminate the impacted land use area by altering the coverage of the noise zone through the application of the best available technology, at a reasonable cost and without impairing safety of flight.

(2) The plan may include:

(i) A development of runway and flight path use to reduce adverse noise impact;

(ii) Establishment of noise abatement glide slopes;

(iii) Establishment of noise abatement flight and ground procedures;

(iv) Restrictions on operations of noisy aircraft;

(v) Restrictions on noisy maintenance operations;

(vi) Relocation of runways; and

(vii) Acquisition of property to reduce the size of or eliminate an impacted land use area.

(c) (1) Unless required earlier as part of an environmental impact study or by the Executive Director, an assessment of the noise environment for each airport and any noise abatement plan required by this section shall be submitted to the Executive Director for approval by July 1 of each fifth year after July, 1976.

(2) Before the Executive Director approves any assessment or plan, the Executive Director shall furnish it to the chief executive officer and the zoning board of any affected political subdivision and give them an opportunity to comment.

[Previous](#)[Next](#)

§ 5-806

(a) (1) As to each noise abatement plan the Executive Director approves, the airport operator shall:

(i) Begin to carry out the plan within 6 months of its approval; and

(ii) Except as provided in paragraph (2) of this subsection, fully carry out the plan within 18 months of its approval.

(2) The Executive Director may grant a delay of up to 2 years to carry out the plan fully if the Executive Director finds that, despite the good faith efforts of the operator, the operator cannot comply with the schedule required by this subsection.

(b) After notice and a public hearing, the Executive Director shall certify and publish, as a noise zone for purposes of Parts III and IV of this subtitle, any noise zone that results from an approved assessment or an approved plan.

(c) On application by the airport operator or an affected political subdivision, the Executive Director shall consider any adjustment to an approved plan or noise zone that is needed to reflect potential operational changes, changes in adjoining land uses, or other factors. Adjustments may be made only by recertification of the noise zone by the Executive Director, after notice and a public hearing.

(d) Before any hearing under this section, the Executive Director shall give the chief executive officer and zoning board of any affected political subdivision an opportunity to comment. After certification of a noise zone, the Administration shall notify them of the certified noise zone.

(e) The Executive Director may adopt rules and regulations for monitoring compliance with approved plans.

§ 5-810

(a) For airports not owned by this State, within 180 days after the Executive Director certifies and publishes a noise zone under Part II of this subtitle, each political subdivision that has a noise zone wholly or partly within its jurisdiction shall adopt, under its police power, noise zone regulations establishing local noise zones. These noise zones may not be less restrictive than the noise zone certified by the Executive Director.

(b) The political subdivision shall identify the noise zones established under this section on each zoning map, comprehensive plan, and other appropriate document.

(c) (1) If a political subdivision has or adopts a general zoning ordinance, any noise zone regulations adopted under this section for all or a part of the same area may be made a part of the general zoning regulations and administered and enforced with them.

(2) The legislative body of a political subdivision that adopts noise zone regulations under this section may delegate the duty of administering and enforcing the regulations to any administrative agency under its jurisdiction. However, the administrative agency may not be or include any member of the board of appeals.

[Previous](#)[Next](#)

§ 5-811

(a) If a political subdivision fails to adopt noise zone regulations as required by this part, the Administration shall adopt, administer, and enforce appropriate regulations for any noise zone wholly or partly within the jurisdiction of the subdivision.

- (2) Make any new use of any existing structure or land; or
- (3) Substantially alter any existing structure or use of land.

(b) A political subdivision may not grant a permit if the proposed action would enlarge the size of or create an impacted land use area.

(c) Before a political subdivision acts on any permit application, the political subdivision shall notify the Administration of the application and give the Administration an opportunity to comment.

[Previous](#)[Next](#)

§ 5-813

(a) The legislative body of a political subdivision may provide for a board of appeals with the power:

(2) To hear, decide, and, in proper cases, grant specific variances from noise zone regulations adopted under this part, subject to § 5-815 of this subtitle.

(b) A zoning board of appeals of the political subdivision may be designated as the board of appeals. In all other cases, subsection (c) of this section applies.

(c) (1) Except as provided in subsection (b) of this section, the board of appeals shall consist of five appointed members.

(2) Each member of the board of appeals serves for a term of 4 years and until his successor is appointed and qualifies. However, of the original appointees, one is to serve a 1-year term, one is to serve a 2-year term, one is to serve a 3-year term, and two are to serve a 4-year term.

(f) The concurring vote of a majority of the members of the board is sufficient to exercise any of its powers under this part.

[Previous](#)[Next](#)

§ 5-814

(a) (1) Appeals to the board of appeals may be taken by the Administration, by any aggrieved person, or by any officer or agency of the political subdivision affected by any decision of the administrative agency.

(2) An appeal shall be taken within 30 days of the decision by filing, with the administrative agency from which the appeal is taken and with the board, a notice of appeal specifying the grounds for the appeal. The agency immediately shall send to the board the papers that constitute the record on which the action appealed from was taken.

(3) Before the hearing, the agency also shall send a copy of the decision to the Administration and give it an opportunity to comment.

(b) (1) An appeal stays all proceedings in furtherance of the action appealed from, unless the administrative agency certifies to the board that, because of the facts stated in the certificate, a stay in its opinion would cause imminent peril to life or property.

(2) If the agency certifies as provided in paragraph (1) of this subsection, the proceedings may not be stayed other than by a restraining order granted by the board of appeals or by a court of record. On application and notice to the administrative agency, a restraining order may be granted for good cause shown.

(i) May make any order, requirement, decision, or determination that it considers proper; and

(ii) Has all the powers of the administrative agency from which the appeal is taken.

[Previous](#)[Next](#)

§ 5-815

(a) Subject to the provisions of this subtitle, the board of appeals may grant specific variances from noise zone regulations adopted under this part, if the design of a proposed structure or the repair, replacement, or change of a structure or use of land provides for sound insulation adequate to insure that interior noise levels resulting from airport operations will not exceed those levels that would occur if the structure or land use were outside of the noise zone.

(b) Any person who desires to use his property in a manner prohibited by a noise zone regulation adopted under this part may apply to the board for a variance from the regulation.

(c) The board may condition any variance so as to require the owner of any structure or land use to which the variance applies to construct the proposed structure or to repair, replace, or change the structure or use of land at his expense in a way that meets the requirements of subsection (a) of this section.

(d) When reviewing a request for a variance under the airport noise zone regulations, the board shall consider any facts and circumstances relevant to the request for variance, including any testimony or evidence presented regarding possible impacts on the surrounding community of the grant or denial of the proposed variance.

§ 5-816

(a) The Administration, any aggrieved person, or any officer or agency of the political subdivision may appeal from a decision of the board of appeals to a court of competent jurisdiction.

(b) If, at the hearing, it appears to the court that testimony is necessary for the proper disposition of the matter, the court may take evidence or appoint a commissioner to take the evidence that the court directs and report to the court with his findings of fact and conclusions of law. These findings and conclusions constitute a part of the proceedings on which the determination of the court shall be made.

(c) The court may:

(2) If necessary, order further proceedings by the board of appeals.

(d) It is not necessary to join the board of appeals as a party.

(e) An appeal may be taken to the Appellate Court of Maryland from any decision of the court of record reviewing the decision of the board of appeals.

§ 6-102

(a) The General Assembly of Maryland makes the following declarations of its intent in the enactment of this title.

(b) The ports and harbors of this State are assets of value to the entire State. The residents of all parts of this State benefit directly from the waterborne commerce that they attract and service. Any improvement to these ports and harbors that increases their export and import commerce will benefit the people of the entire State.

(c) (1) The purpose of this title is to increase the waterborne commerce of the ports in this State and, by doing so, benefit the people of this State.

(2) Commerce may be attracted to these areas by:

(i) Developing existing facilities to provide quicker, cheaper, and better handling of cargoes; and

(ii) Effectively advertising and promoting the facilities and the use of the several port areas.

(d) (1) Since existing port and terminal facilities of Baltimore and other port areas have been provided mostly by private enterprise, the General Assembly seeks primarily to improve the facilities and strengthen the workings of the private operators.

(2) However, the private operators in the port areas have a public responsibility to provide modern port and harbor facilities suited to the needs of the public that they serve. Therefore, the Administration should have power to obtain information about the rates and practices of private operators, and, while it should assist and encourage the extension and improvement of privately operated port facilities, it also should have the power, if private facilities are inadequate or inadequately operated at any time, to construct and, if necessary, to operate any supplementary public facilities that it considers to be required in the public interest.

(e) The development of ports able to attract increasing amounts of waterborne commerce will require the construction of additional modern facilities and installations. A public port authority, using public funds, will be able to construct and, if necessary, operate these facilities and installations if the immediate financial returns are not sufficient to attract private capital.

(f) In order to meet increased competition from other states' ports that are operated with public funds either directly as state agencies or indirectly as private operating companies, the Administration should have the authority, subject to approval of the Commission, to operate public port facilities either directly or indirectly in the form and manner that the Commission deems necessary.

- (2) The required consent may be given only after sufficient public hearings and public notice.
- (3) The county government of the county for which consent is requested shall give public notice of the hearings:
 - (i) By publication once a week for 2 successive weeks before the hearing in a newspaper published in those counties that may be directly affected by granting the requested consent; or

(2) If the property acquired is only a part of a larger lot, parcel, or other unit of land on which a single assessment is levied, the amount of the unpaid assessment and accrued interest that becomes due and payable and subject to this

section is limited to that percentage of the full assessment and interest that is equitably attributable to the part acquired, computed and prorated in accordance with the basis, whether front footage, size, number of units, or otherwise, by which the full assessment was computed for and levied on the entire lot, parcel, or other unit.

(2) If the special tax district is not a party to the condemnation proceeding, the jury may consider the amount of the unpaid assessment in determining the amount of damages. If it does so, the property owner is entitled to the full amount awarded for the property value, and the amount due for the unpaid assessment shall be paid by the Administration to the special tax district. If it does not do so, the Administration shall provide for the payment of the unpaid assessment as required by subsection (b) of this section.

1. The appraised value of the land; or

2. The consideration that the Administration or Commission originally paid for the land, plus simple interest at the fair market value calculated from the time of acquisition to the time of disposition and administrative costs.

(iii) If neither of these rights is exercised, the land shall be disposed of under this section in the same manner as if the land were from a project that has been completed or otherwise as permitted by this section.

(c) (1) (i) As to land from a completed project:

1. The Administration shall notify the person from whom the land was acquired, or the successor in interest of that person, within 30 days after making a determination that the land is not needed by the Administration and that the land is available for reacquisition;

2. Within 5 years from the date the land was acquired, the person from whom the land was acquired, or the successor in interest of that person, may reacquire the land, on payment of an amount equal to the consideration that the Administration or Commission originally paid for the property; and

3. After 5 years from the date the land was acquired, the person from whom the land was acquired, or the successor in interest of that person, has the right to reacquire the land at the current market value.

(ii) If the right to reacquire the land as provided in subparagraph (i) of this paragraph is not exercised within 8 months after the Administration provides the notice that the land is available, the Administration shall sell the land at public auction as provided in this subsection.

(2) Before the sale:

(i) The Administration shall appraise the land; and

(ii) If the Administration believes that the land has a value of more than \$25,000, the land also shall be appraised by at least one independent, qualified real estate appraiser.

(3) The Administration shall notify the public of the sale by:

(i) Posting a notice of the sale on the land at least 2 weeks before the sale; and

(ii) Publishing the notice for 2 consecutive weeks in a newspaper that is published or has general circulation in the county in which the property is located.

(4) The notice of the sale shall:

(i) Describe generally the property to be sold;

(ii) State the date, time, and place of the sale; and

(iii) Contain any other information that the Administration considers proper.

(5) The sale shall be held on or near the land and may be conducted by Administration personnel.

(6) At the conclusion of the sale, the Administration's representative in charge of the sale shall announce publicly the name of the highest bidder and the amount of the bid. If the highest bid does not approximate the appraised value of the land, the representative may reject all bids and cancel the sale.

(7) The results of the sale shall be recorded and, if the highest bid was accepted by the Administration's representative, presented to the Administrator for approval or rejection. If the Administrator approves the sale, the Administrator may execute a deed conveying the land to the buyer.

(8) If there is no bidder for the land, if all bids are rejected and the sale canceled as provided in paragraph (6) of this subsection, or if the Administrator considers all bids inadequate, the land shall be reoffered for sale within 6 months on the same terms and in the same manner as the original sale.

(9) At the second sale, if there is no bidder for the land, if all bids are rejected and the sale canceled as provided in paragraph (6) of this subsection, or if the Administrator considers all bids inadequate, the Administrator may negotiate a sale of the land. If the Board of Public Works approves the negotiated sale and the deed, the Administrator may execute a deed conveying the land to the buyer.

(d) As to any land from a completed project, if the Administration considers the land to be too small or otherwise unsuitable for private use or development, the Administration shall establish a plan of disposal for that land. If the Board of Public Works approves the plan and the deed, the Administrator may execute a deed conveying the land under the plan.

(e) (1) Notwithstanding any other provision of this section, the Administration may convey land from an abandoned or completed transportation project by exchanging the land for privately or publicly owned land of substantially equal value

when the land to be acquired by the exchange is needed for a current State highway purpose that has been identified within the current consolidated transportation program as approved by the General Assembly, or has otherwise received prior legislative approval for planning.

(2) In the case of an abandoned or completed project, the person from whom the land was acquired, or the successor in interest of that person, shall have the first right of refusal to reacquire the land, except that the offer and acceptance shall be as follows:

(i) The Administration shall notify the person from whom the land was acquired, or the successor in interest of that person, in writing, by certified mail, return receipt requested of the proposed exchange and the value of the property;

(ii) Within 90 days from the date of the notice, the person from whom the land was acquired, or the successor in interest of that person, shall notify the Administration in writing of its intent to exercise its right to reacquire the land; and

(iii) Within 90 days from the date of notifying the Administration of its intent to reacquire the land, the person from whom the land was acquired, or the successor in interest of that person, must tender payment of an amount equal to the lesser of:

1. The appraised value of the land; or

2. The consideration that the Administration or Commission originally paid for the land, plus simple interest at the fair market rate calculated from the time of acquisition to the time of disposition and administrative costs.

(3) The person from whom the land was acquired, or the successor in interest of that person, is deemed to have waived its right of first refusal if the person or the successor in interest fails to follow the procedures set forth in paragraph (2) of this subsection.

(4) In the case of a completed project or an abandoned project for which the right of first refusal was waived, the procedure for the exchange shall be as follows:

(i) If the exchange is not one proposed by a county or municipality, the Administration shall:

1. Notify by registered mail any affected county or municipality of the offer for an exchange of a parcel;

2. Allow 60 days after notification for any affected county or municipality to make a request to acquire the parcel or part of the parcel located within the borders of the county or municipality and for the Administration to consider any such request; and

3. If any affected county or municipality makes an offer to acquire the parcel, or part thereof within that jurisdiction's borders, that is equal to or greater than, or includes land of an equal or greater value than, the appraised value of the parcel or applicable portion thereof, the Administration shall accept that offer;

(ii) Before making an exchange under this subsection, the exchange must be approved by the Board of Public Works; and

(iii) If the Administrator and the Board of Public Works approved the terms and conditions of the exchange and all deeds, the Administrator may execute and accept deeds effecting the conveyances necessary to complete the exchange.

(5) Before the exchange:

(i) The Administration shall appraise all parcels of land to be exchanged; and

(ii) If the Administration believes that any parcel of land in the exchange has a value of more than \$25,000, the parcels of land also shall be appraised by at least one independent, qualified real estate appraiser.

(6) In the event that the properties to be exchanged are determined to be of unequal value, the Administrator may agree to accept or pay an amount necessary to substantially equalize the value of land conveyed by the State.

(7) The owner of land exchanged under this subsection is not entitled to first right of refusal if the exchanged land is later offered for sale by the State.

(8) (i) If the Administration obtains or disposes of parcels of land under this subsection, it shall issue a report that:

1. Lists the parcels of land exchanged;

2. States the value of each parcel of land exchanged; and

3. Describes each parcel of land exchanged.

(ii) The Administration shall, in accordance with § 2–1257 of the State Government Article, submit the report to the House Environment and Transportation Committee, the House Appropriations Committee, and the Senate Budget and Taxation Committee.

(f) (1) Except as required by this section for property from an abandoned project, this section does not prevent the Administration from conveying any of its surplus land to an adjacent property owner:

(i) As all or part of the consideration for a right-of-way transaction; or

(ii) If the Administration believes that public auction of the surplus land will affect adversely the value or use of the surplus land, on a negotiated sale with a price based on the appraised value of the land.

(2) If the Administration believes that any land proposed for sale under this subsection has a value of more than \$25,000, the land shall be appraised by at least one independent, qualified real estate appraiser.

(3) If the Board of Public Works approves the sale and the deed, the Administrator may execute a deed conveying the land to the adjacent property owner.

(g) Except as required by this section for property from an abandoned project, this section does not prevent the Administration, with the approval of the Board of Public Works, from conveying any of its surplus land to any State or local agency that:

(1) Needs the property for a public purpose; and

(2) Pays the Administration an amount equal to the lesser of:

(i) The appraised value of the land; or

(ii) The consideration that the Administration or Commission originally paid for the land, plus simple interest at the fair market rate calculated from the time of acquisition to the time of disposition and administrative costs.

(h) (1) If the land is not to be used for any other public purpose by a State or local agency, the person from whom unimproved land was acquired shall have the first right of refusal to lease back the property at the fair market rent established by the acquiring agency.

(2) (i) The person from whom an owner-occupied residential property was acquired shall have the first right of refusal to lease back the property at the fair market rent established by the acquiring agency.

(ii) On the exercise of the right to lease back the property, the period of eligibility for an additional payment as authorized under § 12-202 of the Real Property Article shall be calculated as provided in § 12-203(1) of the Real Property Article.

(i) (1) (i) In this subsection, “former owner” means only that person from whom the State acquired the land or who executed the instrument conveying the land to the State.

(ii) “Former owner” includes a decedent’s:

1. Surviving spouse, as defined in § 1-202 of the Estates and Trusts Article; and

2. Child, as defined in § 1-205 of the Estates and Trusts Article.

(2) Notwithstanding any other law to the contrary, the Administration may, after giving notice to the Maryland Department of Planning and with the approval of the Board of Public Works, convey any of its surplus land if the conveyance will promote economic development in the State of Maryland.

(3) Prior to conveying land in accordance with paragraph (2) of this subsection, the Administration shall notify the former owner of that person’s right to reacquire the land.

(4) Within 45 days after the notice to the former owner by the Administration that the land is not needed and is available for reacquisition, the former owner may notify the Administration of its intent to exercise the right to reacquire the land in accordance with this subsection.

(5) Within 45 days of the notice to the county or municipal corporation by the Administration that the land is not needed and is available for purchase, the county or municipal corporation in which the property is located may notify the Administration of its interest in purchasing the land.

(6) The right of a former owner to reacquire land under this subsection:

(i) Is not assignable and may be transferred only as a result of the death of a former owner;

(ii) Is null and void unless the person or persons exercising the right tender the required payment within 60 days of the approval of the sale by the Board of Public Works to that person or persons; and

(iii) Shall take precedence over the right of the county or municipal corporation to acquire the land in the event both the former owner and the county or municipal corporation notify the Administration of their intent to purchase.

(7) (i) The Administration may negotiate the sale of land to be conveyed under this section.

(ii) In determining the consideration to be paid for the land, the Administration shall consider:

1. The appraised value of the land; and

2. The economic benefits to the State of the proposed development of the property.

(iii) The consideration may include payment in cash or exchange of privately or publicly owned land.

(8) The notification and disposition provisions contained in this section do not apply to a conveyance made under this subsection.

(9) Land conveyed under this subsection shall be subject to local zoning laws.

(iii) As to a county or a municipal corporation in which the commercial sign was located, the civil action in the District Court may be brought by the county attorney or, if the commercial sign was located in a municipal corporation, the municipal corporation attorney.

(iv) The Administration, a county, or a municipal corporation:

1. May enforce this subsection only by the issuance of a warning for the first 3 months after initiating a sign removal program; and

2. Shall enforce this subsection on a viewpoint and content neutral basis.

(4) For the purposes of enforcing this subsection, the presence of a sign within a State highway right-of-way shall be evidence that the sign was placed or maintained at the direction of, or with the consent and approval of, the person or the person's agent or representative in the State whose name, business, location, or product representation is displayed on the sign.

(5) The Administration, a county, or a municipal corporation shall retain any civil penalties that it collects under this subsection.

§ 8-610

(a) In this part the following words have the meanings indicated.

(b) (1) "Construction phase" means the phase in which a highway project is advanced through detailed engineering, property acquisition, and construction to completion.

(2) This definition does not preclude the Administration from acquiring property during the project planning phase, and the completion of property acquisition does not constitute a commitment to the project's alignment or construction.

(c) "Final project planning phase" means that portion of the project planning phase which follows the initial project planning phase. The final project planning phase includes:

(1) Detailed review of alternatives;

(2) Selection of final alignment and scope;

(3) Preparation of final environmental impact documents;

(4) Detailed design and engineering studies;

(5) Any formal federal approval of design and location;

(6) Full participation of the public; and

(7) Full participation of local, State, and federal agencies.

(d) "Highway needs inventory" means an identification of needs for highway projects, based on the latest evaluation of highway conditions and transportation needs by the Administration.

(e) "Initial project planning phase" means that portion of the project planning phase which includes:

(1) Notification of local, State, and federal officials;

(2) Initial interagency review;

(3) Initial systems planning;

(4) Identification of alternatives, as set forth in § 8-102 of this title, for the scope and the location of the project;

(5) Estimates of right-of-way requirements, including available detail with respect to specific properties affected, and of cost;

(6) Public meetings for discussion of the foregoing; and

(7) Reports of consultants, if any have been retained for the analysis of preliminary alternatives.

(f) (1) "Local governing body" means:

(i) The county commissioners or county council of a county; or

(ii) If the charter of the county provides for a county executive, the county executive and the county council.

(2) For purposes of this part, action by the local governing body of a charter county with a county executive means a majority vote of the county council:

(i) With the approval of the county executive; or

(ii) If the county executive does not grant approval within 10 days of the council action, with subsequent confirmation of the council action by two thirds of the members of the council.

(g) (1) "Local legislative delegation" means those members of the State Senate and of the House of Delegates who represent any part of the county involved.

(2) For purposes of this part, a "majority" of the local legislative delegation means a majority of those members of the State Senate and a majority of those members of the House of Delegates, voting separately.

(3) In any county which is divided into more than one senatorial district, the vote of approval or disapproval for each Senator shall be in direct proportion to the number of residents living in his senatorial district to the total county population. The population figures for each county and senatorial district shall be taken from the preceding U.S. Census Report. However, if a Senator representing more than one county is voting to approve or disapprove a project in his senatorial district, he shall have the same voting authority as the Senator representing the largest percentage of the population in that county. However, in those counties represented by exactly two senators, if a project is located exclusively in one senatorial district, that Senator shall have the prevailing vote on the approval or disapproval of that project.

(h) "Municipality" means the governing body of a municipality as defined in § 1–101 of the Local Government Article.

(i) "Project planning phase" means the phase in which engineering and environmental studies and analyses are conducted with full participation of the public, in addition to local, State, and federal agencies, to determine the scope and location of a proposed highway project.

(b) (1) In calendar year 1979 and in each second year following, the Administration, following an assessment of the highway conditions and transportation needs of this State, shall prepare those proposed modifications to the highway needs inventory that it considers necessary.

(2) By July 1, 1997, the Administration, in cooperation with local governments, shall inventory State and local facilities near rail stops, light rail stops, and subway stations to determine what improvements are needed to accommodate in a safe and effective manner pedestrians and bicycles within a reasonable distance for walking and bicycling.

(3) In preparing the proposed modifications, the Administration shall provide a copy of the proposal to and consult with the local governing body, municipalities, and local legislative delegations with respect to the proposed modifications.

(4) The Administration shall provide a copy of the State Report on Transportation to each county and municipality prior to consultation.

(2) During the project planning phase, the Administration shall consult with the local governing body, municipalities, and local legislative delegation.

(3) The Administration may include in its annual budget request the funds required to implement the project planning provided for in this subsection.

(b) (1) (i) In calendar year 1979 and in each year following, the Administration shall submit to the local governing body and the local legislative delegation a list of items for which the initial phase of project planning has been completed.

(ii) An information copy of the list shall be provided to the municipalities in the county.

(iii) The list shall contain, as to each item, information necessary for the local governing body and local legislative delegation to determine whether the project may advance to the final project planning phase.

(iv) Receipt of the list constitutes notice that the initial project planning phase has been completed for each item contained in it.

(2) (i) Each listed item for a primary system shall be considered approved for the final project planning phase unless, within 90 days from submission of the list, the local legislative delegation and the local governing body disapproves that item in writing.

(ii) Any item for a primary system deleted by this action may be reinstated at any time by act or resolution of the General Assembly.

(3) Each listed item for a secondary system shall be considered approved for the final project planning phase unless, within 90 days from submission of the list, a majority of the local legislative delegation or a majority of the local governing body disapproves that item in writing.

(c) (1) The local governing body and a majority of the local legislative delegation shall establish a list of priorities from among those secondary system projects listed in the needs inventory and the Administration shall engage in initial project planning upon the request of the local governing body and a majority of the local legislative delegation in the order established in the list of priorities.

(2) On completion of the initial project planning phase for the item, it shall be approved for the final project planning phase and for construction on request of the local governing body and a majority of the local legislative delegation.

(d) (1) After an item is approved for the final project planning phase under this section, it may not be deleted by the local legislative delegation or the local governing body.

(2) Any item for the primary or secondary system may be deleted if the Secretary, with the approval of the local legislative delegation and the local governing body, determines that deletion of it is desirable.

(3) Notwithstanding the above, any item for the primary system may be deleted if the Secretary, after consultation with the local legislative delegation and local governing body, determines that the deletion of that primary project is desirable because of changes in economic or environmental conditions or because of a demonstrated lack of available funds for both that project and any alternative primary highway project.

(b) If the Administration is unable for any reason to perform in accordance with the schedule set forth in the annual primary highway program, it shall, if so requested by resolution of either house of the General Assembly, explain in writing to the next session of the General Assembly any change in the scheduling of a particular project included in the preceding year's program.

(c) If there is any change in the scheduling of a particular project in the secondary highway program for which funds have been appropriated in the preceding year, the Administration, on written request of a majority of the local legislative delegation from the county for which the project is programmed, shall explain that change in writing to the members of the General Assembly from that county.

§ 8-619

(a) (1) By written order, the Administration may lay out, establish, and construct any State highway as a parkway or a freeway.

(2) If a written order of the Administration states that a proposed highway is to be constructed as a parkway or a freeway, the order is conclusive evidence that, when the highway is constructed, it is a parkway or a freeway, as the case may be, with all the characteristics and incidents specified in this subtitle.

(b) If property is acquired for a freeway, the Administration shall inform each property owner of the use and restrictions that are or may be imposed on the property under this subtitle.

(c) (1) If a highway is constructed as a parkway or a freeway, no person, including an owner of property abutting the highway, has the right of access to or from the abutting land to or from the highway.

(2) At the time of construction, in the case of a parkway, or at any time, in the case of a freeway, the Administration, in its discretion, may designate points at which access to a parkway or freeway will be permitted and may specify from time to time terms and conditions of that access.

§ 8-620

(a) Subject to subsection (b) of this section, the Administration may designate any part of any existing State highway as an expressway.

(b) (1) This subsection applies to a State highway that the Administration:

(i) Proposes designating as an expressway; or

(ii) Designated as an expressway before October 1, 1999, but for which design and engineering funds have not been encumbered.

(2) Before designating any part of a State highway as an expressway, the Administration:

(i) Shall notify the governing body of each county and municipal corporation that may be affected by the designation and provide the officials representing governing bodies an opportunity to meet and confer with representatives of the Administration on the proposed designation; and

(ii) Within a reasonable proximity to the area affected by the proposed designation:

1. Shall hold a public informational meeting, to present to the community background information on the designation, the Administration's plans in relation to the highway, and the expected impact of the designation on the community; and

2. Not less than 30 days after the public informational meeting, shall hold a public hearing on the proposed designation to afford interested parties an opportunity to submit oral testimony and written comments.

(3) The Administration shall publish notice of the proposed designation of a State highway as an expressway and the time and place of the public informational meeting and the public hearing in at least one newspaper of general circulation in the areas affected by the proposed designation at least 2 weeks before the:

(i) Public informational meeting required under paragraph (2)(ii)1 of this subsection; and

(ii) Public hearing required under paragraph (2)(ii)2 of this subsection.

(4) The requirements of this subsection may be satisfied through the public notice provided, and the public informational meetings and public hearings held, as part of the project planning phase as defined in § 8-610 of this subtitle.

(c) (1) If an existing highway is designated as an expressway and a property abutting the expressway is not served by any other reasonable access to another public road, the Administration may acquire the right of any owner of the property to access to or from the abutting land to or from the expressway by:

(i) Closing any existing access; or

(ii) Limiting the right of the owner to construct any new access or to enlarge or extend any existing access.

(2) If an existing highway is designated as an expressway and a property abutting the expressway has reasonable access to another public road, the Administration may:

(i) Acquire the right of any owner of that property abutting the expressway to continue to use an existing access to or from the abutting land to or from the expressway by closing any existing access; and

(ii) In its own discretion, prohibit new access to or from the abutting land to or from the expressway by limiting the right of the owner to construct any new access.

(3) An owner denied new access under paragraph (2)(ii) of this subsection is not entitled to any compensation for the denial of access if reasonable access to another public road is available at the time of the denial of access.

(4) The Administration, in its discretion, may designate points at which access will be permitted and may specify the terms and conditions of that access.

§ 8-621

If any highway is constructed as a parkway or is constructed or designated as a freeway, the Administration may:

(1) Regulate, restrict, or prohibit any specific access to the parkway or freeway from any other highway, if reasonable access to the parkway or freeway from the other highway otherwise is provided;

(2) Regulate, restrict, or prohibit the use of the parkway or freeway by any class of vehicles or traffic, if an alternate route is provided for the restricted or prohibited classes; and

(3) Maintain, discontinue, abandon, close, and exercise any other powers over the parkway or freeway to the same extent and in the same manner as in the case of any other highway.

(c) Access provided under this section may not be used in connection with any roadside business.

§ 8-625

(a) For purposes of this section, average daily traffic volume shall be determined over a 1-year period by the procedures that the Administration uses to establish traffic density.

(b) (1) Except in accordance with a permit issued by the Administration, a person may not make any entrance from any commercial or industrial property to any State highway that carries an average traffic volume of more than 2,000 vehicles a day.

(2) The Administration may apply to the circuit court in the subdivision in which the violation occurred or is threatened for appropriate injunctive relief.

(c) (1) To promote highway safety, the Administration may limit the width of existing entrances and exits and determine the locations of access points that may be used by any commercial or industrial property owner or user into any existing section of a State highway that carries an average traffic volume of more than 2,000 vehicles a day.

(2) If the Administration finds it expedient for traffic safety, the Administration may:

- (i) Limit the width and location of access points by any method that it considers desirable; and
- (ii) Deny an abutting property owner all new access along any primary State highway if reasonable access to another public road is available to and from the property.

(3) Denial of access under paragraph (2)(ii) of this subsection is an exercise of the police power and does not require the payment of compensation.

(d) (1) This subsection does not apply to an expressway, freeway, interstate highway, or parkway.

(2) Notwithstanding subsection (c)(2)(ii) of this section, the Administration may not deny an owner of property abutting a State highway all access to the highway if the abutment is within the boundaries of a municipal corporation unless:

- (i) The property abuts another public road to which reasonable access can be granted;
- (ii) The denial is based on an access management plan that has been agreed to by the Administration and the municipal corporation; or
- (iii) The Administration pays just compensation to the property owner as part of the exercise of eminent domain powers.

(2) An industrial crossing may not be designated if it will endanger traffic on the highway.

(b) (1) Any person who desires an industrial crossing across a State highway shall apply for designation of the crossing to the legislative body of the county or municipal corporation where the highway is located.

(2) An industrial crossing may not be designated unless the applicant pays or agrees to pay for:

- (i) The costs of any improvement required to strengthen or modify the highway for use as an industrial crossing;
- (ii) Any damage to the highway that results from its use as an industrial crossing; and
- (iii) The costs of making, installing, and maintaining any signs, markers, or signal devices that the legislative body, with the approval of the Administration, requires to designate the crossing.

(c) If an industrial crossing is designated under this section, the applicant has the exclusive right to use the industrial crossing, subject to any conditions of use that the Administration requires. When using the crossing, the vehicles of the applicant are exempt from all weight limitations and registration requirements imposed by the Maryland Vehicle Law.

(d) The designation of any industrial crossing continues as long as the applicant actually uses the crossing. However, after notice and hearing, the Administration, the Department of State Police, or the police department of the county or municipal corporation where the crossing is located may terminate the use of the crossing on the ground that the crossing has become a danger to traffic because of increased traffic or for any other good reason.

(2) The construction of these sidewalks shall meet the conditions specified in entrance permits and the standards adopted by the Administration or the local government.

(b) Sidewalks may not be required under this section if the Administration determines that:

(1) The establishment of sidewalks would be contrary to public safety;

(2) The cost of establishing the sidewalks would be too great considering the need for them or their probable use; or

(3) The sparsity of population, the existence of other available ways, or any other factor indicates that there is no need for the sidewalks.

(c) After sidewalks are constructed under this section, they shall be maintained and repaired by the political subdivision in which they are located.

§ 8-630

(a) (1) In this section the following words have the meanings indicated.

(2) "Municipal corporation" means a municipality as defined in § 1–101 of the Local Government Article.

(3) "Urban highway" means a highway, other than an expressway, that is:

- (i) 1. Constructed with a curb and gutter and an enclosed type storm drainage system;
- 2. Located in an urban area and on which is located a public facility that creates appreciable pedestrian traffic along the highway from adjacent areas;
- 3. Located within urban boundaries as defined by the U.S. Census Bureau; or
- 4. Located within the boundaries of a municipal corporation; and
- (ii) Part of the State highway system.
- (b) (1) Sidewalks shall be constructed at the time of construction or reconstruction of an urban highway, or in response to the request of a local government unless:
 - (i) The Administration determines that the cost or impacts of constructing the sidewalks would be too great in relation to the need for them or their probable use; or
 - (ii) The local government indicates that there is no need for sidewalks.
- (2) Sidewalks constructed under this section shall be consistent with area master plans and transportation plans adopted by the local planning commission.
- (c) (1) If sidewalks or bicycle pathways are constructed or reconstructed as part of a roadway construction or reconstruction project, the Administration shall fund the sidewalk or bicycle pathway construction or reconstruction as a part of the cost of the roadway project.
- (2) Except as provided in paragraphs (3) and (4) of this subsection, if sidewalks or bicycle pathways are constructed or reconstructed in response to a request from a local government and the adjacent roadway is not being concurrently constructed or reconstructed, the cost to construct or reconstruct the sidewalk or bicycle pathway shall be shared equally between the State and local governments.
- (3) If sidewalks or bicycle pathways within a sustainable community as defined in § 6–301 of the Housing and Community Development Article are constructed or reconstructed in response to a request from a local government and the adjacent roadway is not being concurrently constructed or reconstructed, the cost to construct or reconstruct the sidewalk or bicycle pathway may be funded entirely by the State.
- (4) (i) This paragraph does not apply to a priority funding area that is a sustainable community as defined in § 6–301 of the Housing and Community Development Article.
- (ii) If sidewalks or bicycle pathways within an area designated as a priority funding area under § 5–7B–02 of the State Finance and Procurement Article are constructed or reconstructed in response to a request from a local government and the adjacent roadway is not being concurrently constructed or reconstructed, and if the Administration determines that construction would not occur under this section due to insufficient contribution of funds by the local government, the cost to construct or reconstruct the sidewalk or bicycle pathway shall be shared between the State and local government as follows:
 - 1. 75 percent of the cost shall be funded by the State; and
 - 2. 25 percent of the cost shall be funded by the local government.
- (iii) If sidewalks or bicycle pathways within an area designated as a priority funding area under § 5–7B–02 of the State Finance and Procurement Article are constructed or reconstructed based on a determination by the Administration that a substantial public safety risk or significant impediment to pedestrian access exists and the adjacent roadway is not being concurrently constructed or reconstructed, then:
 - 1. The Administration shall categorize the sidewalk or bicycle pathway construction project as “system preservation” and give corresponding funding priority to the project; and
 - 2. The cost to construct or reconstruct the sidewalk or bicycle pathway may be funded entirely by the State.
- (5) If sidewalks or bicycle pathways are being constructed or reconstructed in response to a request from a local government and the adjacent roadway is not being concurrently constructed or reconstructed, the local government shall:
 - (i) Provide public notice and opportunities for community involvement prior to the construction of a sidewalk or bicycle pathway project; and
 - (ii) Secure any necessary right-of-way that may be needed beyond the right-of-way already owned by the State.

(6) (i) Except as provided in subparagraph (ii) of this paragraph, after sidewalks and bicycle pathways are constructed under this section, they shall be maintained and repaired by the political subdivision in which they are located.

(ii) Subject to approval and the availability of funds, the Administration promptly shall reimburse a political subdivision for the preapproved and documented costs incurred in reconstructing a segment of a sidewalk or bicycle pathway that has deteriorated to the extent that repair is not practical or desirable for public safety.

(d) The Administration may not construct any project that will result in the severance or destruction of an existing major route for pedestrian transportation traffic, unless the project provides for construction of a reasonable alternative route or such a route already exists.

(e) The Administration shall develop guidelines jointly with local governments to carry out the provisions of this section.

(f) The Administration shall maintain and repair all facilities for nighttime illumination that:

(1) Are constructed by the Administration for the safe conduct of vehicular traffic; and

(2) Exist adjacent to urban highways.

1. (a) This Compact may be amended from time to time without the prior consent or approval of the Congress of the United States and any amendment shall be effective unless, within one year, the Congress disapproves that amendment.

(b) An amendment may not be effective unless adopted by each of the signatories.

2. (a) A signatory may withdraw from the Compact upon written notice to the other signatories.

(b) In the event of a withdrawal, the Compact shall be terminated at the end of the Commission's next full fiscal year following the notice.

the Compact for the mutual benefit of the citizens living in the Metropolitan District.

Article X

1. If a provision of this Act or its application to any person or circumstance is held invalid in a court of competent jurisdiction, the invalidity does not affect other provisions or any other application of this Act which can be given effect without the invalid provision or application, and for this purpose the provisions of this Act are declared severable.
2. In accordance with the ordinary rules for construction of interstate compacts, this Act shall be liberally construed to effectuate its purposes.

(c) "Person" means an individual, firm, copartnership, corporation, company, association or joint stock association, and includes a trustee, receiver, assignee, or personal representative of them.

General duties of carriers

5. Each authorized carrier shall:

(a) Provide safe and adequate transportation service, equipment, and facilities; and

(b) Observe and enforce Commission regulations established under this Act.

Certificates of authority

6. (a) A person may not engage in transportation subject to this Act unless there is in force a "certificate of authority" issued by the Commission authorizing the person to engage in that transportation.

(b) On the effective date of this Act a person engaged in transportation subject to this Act under an existing "certificate of public convenience and necessity" or order issued by the Commission shall be issued a new "certificate of authority" within 120 days after the effective date of this amendment.

(c) (i) Pending issuance of the new certificate of authority, the continuance of operations shall be permitted under an existing certificate or order issued by the Commission which will continue in effect on the effective date of this Act.

(ii) The operations described in paragraph (i) of this subsection shall be performed according to the rates, regulations, and practices of the certificate holder on file with the Commission on the effective date of this Act.

7. (a) When an application is made under this section for a certificate of authority, the Commission shall issue a certificate to any qualified applicant, authorizing all or any part of the transportation covered by the application, if it finds that:

(i) The applicant is fit, willing, and able to perform that transportation properly, conform to the provisions of this Act, and conform to the rules, regulations, and requirements of the Commission; and

(ii) That the transportation is consistent with the public interest.

(b) If the Commission finds that the requirements of subsection (a) of this section have not been met, the application shall be denied by the Commission.

(c) The Commission shall act upon applications under this Act as soon as possible.

(d) The Commission may attach to the issuance of a certificate and to the exercise of the rights granted under it any term, condition, or limitation that is consistent with the public interest.

(e) A term, condition, or limitation imposed by the Commission may not restrict the right of a carrier to add to equipment and facilities over the routes or within the territory specified in the certificate, as business development and public demand may require.

(f) A person applying for or holding a certificate of authority shall comply with Commission regulations regarding maintenance of a surety bond, insurance policy, self-insurance qualification, or other security or agreement in an amount that the Commission may require to pay any final judgment against a carrier for bodily injury or death of a person, or for loss or damage to property of another, resulting from the operation, maintenance, or use of a motor vehicle or other equipment in performing transportation subject to this Act.

(g) A certificate of authority is not valid unless the holder is in compliance with the insurance requirements of the Commission.

8. Application to the Commission for a certificate under this Act shall be:

(a) Made in writing;

(b) Verified; and

(c) In the form and with the information that the Commission regulations require.

9. (a) A certificate of authority issued by the Commission shall specify the route over which a regularly scheduled commuter service or other regular-route service will operate.

(b) A certificate issued by the Commission authorizing irregular-route service shall be coextensive with the Metropolitan District.

(c) A carrier subject to this Act may not provide any passenger transportation for hire on an individual fare paying basis in competition with an existing, scheduled, regular-route, passenger transportation service performed by, or under a contract with, the federal government, a signatory to the Compact, a political subdivision of a signatory, or the Washington Metropolitan Area Transit Authority, notwithstanding any "certificate of authority".

(d) A certificate for the transportation of passengers may include authority to transport newspapers, passenger baggage, express, or mail in the same vehicle, or to transport passenger baggage in a separate vehicle.

10. (a) Certificates shall be effective from the date specified on them and shall remain in effect until amended, suspended, or terminated.

(b) Upon application by the holder of a certificate, the Commission may suspend, amend, or terminate the certificate of authority.

(c) Upon complaint or the Commission's own initiative, the Commission, after notice and hearing, may suspend or revoke all or part of any certificate of authority for willful failure to comply with:

(i) A provision of this Act;

(ii) An order, rule, or regulation of the Commission; or

(iii) A term, condition, or limitation of the certificate.

(d) The Commission may direct that a carrier cease an operation conducted under a certificate if the Commission finds the operation, after notice and hearing, to be inconsistent with the public interest.

11. (a) A person may not transfer a certificate of authority unless the Commission approves the transfer as consistent with the public interest.

(b) A person other than the person to whom an operating authority is issued by the Commission may not lease, rent, or otherwise use that operating authority.

12. (a) A carrier may not abandon any scheduled commuter service operated under a certificate of authority issued to the carrier under this Act, unless the Commission authorizes the carrier to do so by a Commission order.

(b) Upon application by a carrier, the Commission shall issue an order, after notice and hearing, if it finds that abandonment of the route is consistent with the public interest.

(c) The Commission, by regulation or otherwise, may authorize the temporary suspension of a route if it is consistent with the public interest.

(d) As long as the carrier has an opportunity to earn a reasonable return in all its operations, the fact that a carrier is operating a service at a loss will not, of itself, determine the question of whether abandonment of service is consistent with the public interest.

13. (a) When the Commission finds that there is an immediate need for service that is not available, the Commission may grant temporary authority for that service without a hearing or other proceeding up to a maximum of 180 consecutive days, unless suspended or revoked for good cause.

(b) A grant of temporary authority does not create any presumption that permanent authority will be granted at a later date.

Rates and tariffs

14. (a) Each carrier shall file with the Commission, publish, and keep available for public inspection tariffs showing:

(i) Fixed-rates and fixed-fares for transportation subject to this Act; and

(ii) Practices and regulations, including those affecting rates and fares, required by the Commission.

(b) Each effective tariff shall:

(i) Remain in effect for at least 60 days from its effective date, unless the Commission orders otherwise; and

(ii) Be published and kept available for public inspection in the form and manner prescribed by the Commission.

(c) A carrier may not charge a rate or fare for transportation subject to this Act other than the applicable rate or fare specified in a tariff filed by the carrier under this Act and in effect at the time.

15. (a) A carrier proposing to change a rate, fare, regulation, or practice specified in an effective tariff shall file a tariff showing the change in the form and manner, and with the information, justification, notice, and supporting material prescribed by the Commission.

(b) Each tariff filed under subsection (a) of this section shall state a date on which the tariff shall take effect, which shall be at least 7 calendar days after the date on which the tariff is filed, unless the Commission orders an earlier effective date or rejects the tariff.

(c) (i) A tariff filed for approval with the Commission may be refused acceptance for filing if it is not consistent with this Act and Commission regulations; and

(ii) A tariff refused for filing shall be void.

16. (a) The Commission may hold a hearing upon complaint or upon the Commission's own initiative after reasonable notice to determine whether a rate, fare, regulation, or practice relating to a tariff is unjust, unreasonable, unduly discriminatory, or unduly preferential between classes of riders or between locations within the Metropolitan District.

(b) Within 120 days of the hearing, the Commission shall pass an order prescribing the lawful rate, fare, regulation, or practice, or affirming the tariff.

Through routes, joint fares

17. With the approval of the Commission, any carrier subject to this Act may establish through routes and joint fares with any other lawfully authorized carrier.

Taxicab fares

18. (a) The Commission shall prescribe reasonable rates for transportation by taxicab, only when:

(i) The trip is between a point in the jurisdiction of one signatory and a point in the jurisdiction of another signatory; and

(ii) Both points are within the Metropolitan District.

(b) The fare or charge for taxicab transportation may be calculated on a mileage basis, a zone basis, or on any other basis approved by the Commission.

(c) The Commission may not require the installation of a taximeter in any taxicab when a taximeter is not permitted or required by the jurisdiction licensing and otherwise regulating the operation and service of the taxicab.

(d) A person licensed by a signatory to own or operate a taxicab shall comply with Commission regulations regarding maintenance of a surety bond, insurance policy, self-insurance qualification, or other security or agreement in an amount that the Commission may require to pay a final judgment for bodily injury or death of a person, or for loss or damage to property of another, resulting from the operation, maintenance, or use of a taxicab in performing transportation subject to this Act.

Article XII

- (iv) Submit reports and answers under oath; and
- (v) Keep accounts, records, and memoranda of its activity, including movement of traffic and receipt and expenditure of money in a form and for a period required by the Commission.

(b) The Commission shall have access at all times to the accounts, records, memoranda, lands, buildings, and equipment of any carrier for inspection purposes.

(c) This section shall apply to any person controlling, controlled by, or under common control with a carrier subject to this Act, whether or not that person otherwise is subject to this Act.

(d) A carrier that has its principal office outside of the Metropolitan District and operates both inside and outside of the Metropolitan District may keep all accounts, records, and memoranda at its principal office, but the carrier shall produce those materials before the Commission when directed by the Commission.

(e) This section does not relieve a carrier from recordkeeping or reporting obligations imposed by a state or federal agency or regulatory commission for transportation service rendered outside the Metropolitan District.

2. This Act does not impair any authority of the federal government and the signatories to regulate the issuance of securities by a carrier.

Consolidations, mergers, and acquisition of control

3. (a) A carrier or any person controlling, controlled by, or under common control with a carrier shall obtain Commission approval to:

- (i) Consolidate or merge any part of the ownership, management, or operation of its property or franchise with a carrier that operates in the Metropolitan District;
- (ii) Purchase, lease, or contract to operate a substantial part of the property or franchise of another carrier that operates in the Metropolitan District; or
- (iii) Acquire control of another carrier that operates in the Metropolitan District through ownership of its stock or other means.

(b) Application for Commission approval of a transaction under this section shall be made in the form and with the information that the regulations of the Commission require.

(c) If the Commission finds, after notice and hearing, that the proposed transaction is consistent with the public interest, the Commission shall pass an order authorizing the transaction.

(d) Pending determination of an application filed under this section, the Commission may grant "temporary approval" without a hearing or other proceeding up to a maximum of 180 consecutive days if the Commission determines that grant to be consistent with the public interest.

Article XIII

(iii) The Commission shall notify a respondent that a complaint has been filed at least 10 days before a hearing is set on the complaint.

(c) The Commission may investigate on its own motion a fact, condition, practice, or matter to:

(c) The rules and regulations of the Commission shall be effective 30 days after publication in the manner which the Commission shall prescribe, unless a different date is specified.

(d) If the application is granted, the Commission shall rescind, modify, or affirm its order or decision with or without a hearing, after giving notice to all parties.

(e) Filing an application for reconsideration may not act as a stay upon the execution of a Commission order or decision, or any part of it unless the Commission orders otherwise.

(f) An appeal may not be taken from an order or decision of the Commission until an application for reconsideration has been filed and determined.

(g) Only an error specified as a ground for reconsideration may be used as a ground for judicial review.

Judicial review

(b) A copy of the petition shall be delivered to the office of the Commission and the Commission shall certify and file with the court a transcript of the record upon which the Commission order was entered.

(c) The court shall have exclusive jurisdiction to affirm, modify, remand for reconsideration, or set aside the Commission's order.

(d) The court's judgment shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in Title 28 U.S.C. §§ 1254 and 2350.

(e) The commencement of proceedings under subsection (a) of this section may not operate as a stay of the Commission's order unless specifically ordered by the court.

(f) The Commission and its members, officers, agents, employees, or representatives are not liable to suit or action or for any judgment or decree for damages, loss, or injury resulting from action taken under the Act, nor required in any case arising or any appeal taken under this Act to make a deposit, pay costs, or pay for service to the clerks of a court or to the Marshal of the United States or give a supersedeas bond or security for damages.

(c) Upon application of the Commission, the United States District Court for the district in which the person resides or conducts business, or in which the violation occurred, shall have jurisdiction to issue an order directing that person to comply with the provisions of this Act or a rule, regulation, or order of the Commission under it, and to effect other just and reasonable relief.

PreviousNext

§ 10-205

- (a) In accordance with and subject to the principle that, if there is substantial State financial support for the planned rapid rail mass transit system in one metropolitan area of this State, there should be substantial State financial support for the planned rapid rail mass transit system in the other metropolitan area of this State, and subject to the appropriation requirements and budgetary provisions of § 3–216(d) of this article, the Department shall provide for grants to the Washington Suburban Transit District in an amount equal to the current expenditures required of the Washington Suburban Transit District in accordance with capital contributions agreements between the Washington Metropolitan Area Transit Authority, the Washington Suburban Transit District, and other participating jurisdictions. The Washington Suburban Transit District shall consult with the Secretary of Transportation prior to the execution of any capital contributions agreement.
- (b) (1) Subject to the appropriation requirements and budgetary provisions of § 3–216(d) of this article and upon receipt of an approval of a grant application in such form and detail as the Secretary shall reasonably require, the Department shall provide for annual grants to the Washington Suburban Transit District for a share of the operating deficits of the regional transit system for which the District is responsible. "Operating deficit" means operating costs less:
 - (i) The greater of operating revenues or 50 percent of the operating costs; and
 - (ii) All federal operating assistance.

(2) The Department's share shall equal 100 percent of the operating deficit.

(3) (i) Beginning in fiscal year 2028, for any fiscal year in which the total Maryland operating assistance provided in the approved Washington Metropolitan Area Transit Authority budget increases by more than 3% over the total operating assistance provided in the prior fiscal year's approved Washington Metropolitan Area Transit Authority budget, the Secretary shall withhold an amount equal to 35% of the funds available under paragraphs (1) and (2) of this subsection.

(ii) For purposes of calculating a budget increase under subparagraph (i) of this paragraph, the following items may not be included:

1. The cost of any service, equipment, or facility that is required by law;
2. A capital project approved by the board of directors of the Washington Metropolitan Area Transit Authority;
3. Any payments or obligations arising from or related to legal disputes or proceedings or arbitration proceedings between or among the Washington Metropolitan Area Transit Authority and any other person; and
4. Any service increases approved by the board of directors of the Washington Metropolitan Area Transit Authority.

(4) The Secretary shall withhold an amount equal to 35% of the funds available under paragraphs (1) and (2) of this subsection for any fiscal year in which:

(i) The chairman of the board of directors of the Washington Metropolitan Area Transit Authority:

1. Has served as chairman for at least 2 prior years; or
2. Represents the same jurisdiction as the member who served as chairman for the 2 immediately preceding years; or

(ii) The Purple Line, as defined in § 2–103.8 of this article, is in service and is not included on the maps posted at Washington Metropolitan Area Transit Authority stations.

(c) Subject to the appropriation requirements and budgetary provision of § 3–216(d) of this article, the Department shall provide for grants to the Washington Suburban Transit District in an amount equal to 75 percent of the net debt service assigned to the Washington Suburban Transit District on bonds issued by the Washington Metropolitan Area Transit Authority. In no event shall the amount of net debt service, including the refinancing of any debt, required of the Washington Suburban Transit District exceed the amount presently assigned on a year by year basis to the Washington Suburban Transit District, and payable through the year 2014. Nothing in this article shall preclude the use of bond proceeds for capital improvements and replacements of the "Adopted Regional System – 1968" revised as of January 1, 1992.

(d) (1) In accordance with and subject to the principle that, if there is substantial State financial support for rapid rail and bus transit capital replacement costs in one metropolitan area of this State, there should be substantial State financial support for the costs of similar needs in the other metropolitan area of this State, and in recognition of the fact that timely replacement of capital facilities and equipment is essential to safe and reliable transit service, the Department shall provide grants to fully fund the Washington Suburban Transit District's share of the Washington Metropolitan Area Transit Authority's capital equipment replacement programs.

(2) The grants under this subsection:

(i) Shall be made subject to the appropriation and budgetary provisions of § 3–216(d) of this article;

(ii) Shall be included in the State budget beginning in fiscal year 2000;

(iii) Notwithstanding any other provision of law, may be funded with revenues derived from:

1. Any State–enacted transportation fees or taxes; or
2. Federal transportation grants available to the State to fund transit capital equipment replacement; and

(iv) Shall be contingent on the receipt of a request by the District to the Department, based on annual capital improvements programs adopted by the Washington Metropolitan Area Transit Authority.

(e) Subject to the appropriation requirements and budgetary provisions of § 3–216(d) of this article, the Department shall provide grants from amounts derived from the Transportation Trust Fund to the Washington Suburban Transit District for the purpose of funding Maryland's required share of local funds for the Washington Metropolitan Area Transit Authority to match any federal funds appropriated in any given year authorized under Title VI, § 601, P.L. 110–432.

(f) (1) Except as provided in paragraph (2) of this subsection, the Governor shall include an appropriation in the annual budget of at least the amount specified in paragraph (4) of this subsection for the sole purpose of providing grants to the Washington Suburban Transit District to pay the capital costs of the Washington Metropolitan Area Transit Authority.

(2) (i) The Governor is not required to make the appropriation under paragraph (1) of this subsection in a fiscal year unless the Department certifies to the Governor in writing before the beginning of the immediately preceding fiscal year that the Washington Metropolitan Area Transit Authority has submitted to the Department:

1. Performance and condition assessments and reports regarding:

A. The safety and reliability of rapid heavy rail and bus systems;

B. The financial performance of the Washington Metropolitan Area Transit Authority as it relates to rail and bus operations, including fare box recovery, service per rider, and cost per service hour;

C. The monthly ridership of rail and bus systems broken down by Metrorail station, Metrorail line, bus route, and bus line;

D. Strategies to reduce costs and improve the Washington Metropolitan Area Transit Authority's operational efficiency; and

E. The comparison of annual capital investments and approved budgets; and

2. The Washington Metropolitan Area Transit Authority's:

A. Annual budget;

B. Annual independent financial audit;

C. Annual National Transit Database profile; and

D. Single audit reports issued in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards under 2 C.F.R. Part 200.

(ii) If the Commonwealth of Virginia or the District of Columbia reduce the amount of dedicated capital funding for the Washington Metropolitan Area Transit Authority, the Governor may reduce the appropriation under paragraph (1) of this subsection by a proportional amount.

(iii) 1. The Governor shall withhold 35% of the appropriation under paragraph (1) of this subsection if:

A. The Washington Metropolitan Area Transit Authority has received a modified audit opinion as a result of an annual independent audit conducted in accordance with Article XVI, Section 70 of the Washington Metropolitan Area Transit Authority Compact under § 10–204 of this subtitle; and

B. The Department has not certified to the Governor in writing before the beginning of the immediately preceding fiscal year that the Washington Metropolitan Area Transit Authority has submitted in writing to the board of directors of the Washington Metropolitan Area Transit Authority and the Maryland General Assembly a satisfactory corrective plan that addresses the reasons for the modified audit opinion.

2. The Governor shall release the portion of the appropriation withheld under subparagraph 1 of this subparagraph if the Washington Metropolitan Area Transit Authority submits in writing to the board of directors of the Washington Metropolitan Area Transit Authority and, in accordance with § 2–1257 of the State Government Article, the Maryland General Assembly a satisfactory corrective action plan that addresses the reasons for the modified audit opinion.

(3) The Governor shall make the appropriation under paragraph (1) of this subsection from the Transportation Trust Fund.

A. Annual Safety Report.

35. The Commission shall make and publish annually a status report on the safety of the WMATA Rail System, which shall include, among other requirements established by the Commission and federal law, status updates of outstanding Corrective Action Plans, Commission directives, and ongoing investigations. A copy of each such report shall be provided to:

37. The Commission shall make and publish an annual report on its programs, operations, and finances, which shall be distributed in the same manner provided by section 35.

38. The Commission may also prepare, publish, and distribute such other public reports and informational materials as it deems necessary or desirable.

C. Annual Independent Audit.

39. An independent annual audit shall be made of the financial accounts of the Commission. The audit shall be made by qualified certified public accountants selected by the Board, who shall have no personal interest, direct or indirect, in the financial affairs of the Commission or any of its officers or employees. The report of audit shall be prepared in accordance with generally accepted auditing principles and shall be distributed in the same manner provided by section 35. Members, employees, agents, and contractors of the Commission shall provide access to information necessary or desirable for the conduct of the annual audit.

D. Financing.

40. The Commission's operations shall be funded, independently of WMATA, by the Signatory jurisdictions and, when available, by federal funds. The Commission shall have no authority to levy taxes.

41. The Signatories shall unanimously agree on adequate funding levels for the Commission and make equal contributions of such funding, subject to annual appropriation, to cover the portion of Commission operations not funded by federal funds.

42. The Commission may borrow up to 5% of its last annual appropriations budget in anticipation of receipts, or as otherwise set forth in the appropriations budget approved by all of the Signatories, from any lawful lending institution for any purpose of this MSC Compact, including, without limitation, for administrative expenses. Such loans shall be for a term not to exceed 2 years, or at such longer term approved by each Signatory pursuant to its laws as evidenced by the written authorization by the Mayor of the District of Columbia and the Governors of Maryland and Virginia, and at such rates of interest as shall be acceptable to the Commission.

43. With respect to the District of Columbia, the commitment or obligation to render financial assistance to the Commission shall be created, by appropriation or in such other manner, or by such other legislation, as the District of Columbia shall determine; provided, that any such commitment or obligation shall be approved by Congress pursuant to the District of Columbia Home Rule Act, approved December 24, 1973 (87 Stat. 774; D.C. Official Code § 1–201.01 et seq.).

44. Pursuant to the requirements of 31 U.S.C. §§ 1341, 1342, 1349 to 1351, and 1511 to 1519, and D.C. Official Code §§ 47–105 and 47–355.01 to 355.08 (collectively, the “Anti-Deficiency Acts”), the District cannot obligate itself to any financial commitment in any present or future year unless the necessary funds to pay that commitment have been appropriated and are lawfully available for the purpose committed. Thus, pursuant to the Anti-Deficiency Acts, nothing in the MSC Compact creates an obligation of the District in anticipation of an appropriation for such purpose, and the District’s legal liability for the payment of any amount under this MSC Compact does not and may not arise or obtain in advance of the lawful availability of appropriated funds for the applicable fiscal year.

E. Tax Exemption.

45. The exercise of the powers granted by this MSC Compact shall in all respects be for the benefit of the people of the District of Columbia, the Commonwealth of Virginia, and the State of Maryland and for the increase of their safety, commerce, and prosperity, and as the activities associated with this MSC Compact shall constitute the performance of essential governmental functions, the Commission shall not be required to pay any taxes or assessments upon the services or any property acquired or used by the Commission under the provisions of this MSC Compact or upon the income therefrom, and shall at all times be free from taxation within the District of Columbia, the Commonwealth of Virginia, and the State of Maryland.

F. Reconsideration of Commission Orders.

46. WMATA shall have the right to petition the Commission for reconsideration of an order based on rules and procedures developed by the Commission.

47. Consistent with section 16, the filing of a petition for reconsideration shall not act as a stay upon the execution of a Commission order, or any part of it, unless the Commission orders otherwise. WMATA may appeal any adverse action on a petition for reconsideration as set forth in section 48.

G. Judicial Matters.

48. The United States District Court for the Eastern District of Virginia, Alexandria Division, the United States District Court for the District of Maryland, Southern Division, and the United States District Court for the District of Columbia shall have exclusive and original jurisdiction of all actions brought by or against the Commission and to enforce subpoenas under this MSC Compact.

49. The commencement of a judicial proceeding shall not operate as a stay of a Commission order unless specifically ordered by the court.

50. The Commission and its Members, Alternate Members, officers, agents, employees, or representatives shall not be liable for suit or action or for any judgment or decree for damages, loss, or injury resulting from action taken within the scope of their employment or duties under this MSC Compact, nor required in any case arising or any appeal taken under this MSC Compact to give a supersedeas bond or security for damages. Nothing in this section shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

51. The Commission shall be liable for its contracts and for its torts and those of its Members, Alternate Members, officers, agents, employees, and representatives committed in the conduct of any proprietary function, in accordance with the law of the applicable Signatory (including, without limitation, rules on conflict of laws) but shall not be liable for any torts occurring in the performance of a governmental function. The exclusive remedy for such breach of contract or tort for which the Commission shall be liable, as herein provided, shall be by suit against the Commission. Nothing contained in this MSC Compact shall be construed as a waiver by the District of Columbia, the Commonwealth of Virginia, or the State of Maryland of any immunity from suit.

I. Commitment of Parties.

52. Each of the Signatories pledges to each other faithful cooperation in providing safety oversight for the WMATA Rail System, and, to affect such purposes, agrees to consider in good faith and request any necessary legislation to achieve the objectives of this MSC Compact.

When one Signatory adopts an amendment or supplement to an existing section of this MSC Compact, that amendment or supplement shall not be immediately effective, and the previously enacted provision or provisions shall remain in effect in each jurisdiction until the amendment or supplement is approved by the other Signatories and is consented to by Congress.

K. Withdrawal and Termination.

54. Any Signatory may withdraw from this MSC Compact, which action shall constitute a termination of this MSC Compact.

55. Withdrawal from this MSC Compact shall be by a Signatory's repeal of this MSC Compact from its laws, but such repeal shall not take effect until 2 years after the effective date of the repealed statute and written notice of the withdrawal being given by the withdrawing Signatory to the governors or mayor, as appropriate, of the other Signatories.

56. Prior to termination of this MSC Compact, the Commission shall provide to each Signatory:

- (a) A mechanism for concluding the operations of the Commission;
- (b) A proposal to maintain state safety oversight of the WMATA Rail System in compliance with applicable federal law;

57. This MSC Compact shall be liberally construed to effectuate the purposes for which it is created.

58. If any part or provision of this MSC Compact or the application thereof to any person or circumstances be adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part, provision, or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this MSC Compact or the application thereof to other persons or circumstances, and the Signatories hereby declare that they would have entered into this MSC Compact or the remainder thereof had the invalidity of such provision or application thereof been apparent.

M. Adoption; Effective Date.

59. This MSC Compact shall be adopted by the Signatories in the manner provided by law therefor and shall be signed and sealed in 4 duplicate original copies. One such copy shall be filed with the Secretary of State of the State of Maryland, the Secretary of the Commonwealth of Virginia, and the Secretary of the District of Columbia in accordance with the laws of each jurisdiction. One copy shall be filed and retained in the archives of the Commission upon its organization. This MSC Compact shall become effective upon the enactment of concurring legislation by the District of Columbia, the Commonwealth of Virginia, and the State of Maryland, and consent thereto by Congress and when all other acts or actions have been taken, including, without limitation, the signing and execution of this MSC Compact by the Governors of Maryland and Virginia and the Mayor of the District of Columbia.

N. Conflict of Laws.

60. Any conflict between any authority granted herein, or the exercise of such authority, and the provisions of the WMATA Compact shall be resolved in favor of the exercise of such authority by the Commission.

61. All other general or special laws inconsistent with this MSC Compact are hereby declared to be inapplicable to the Commission or its activities.

[Previous](#)[Next](#)

§ 12-402

[Previous](#)[Next](#)

§ 12-404

(a) The Administrator may make an agreement or arrangement with the authorized representative of any other jurisdiction, to grant to drivers or to owners of vehicles that are licensed or registered in that jurisdiction and for which evidence of compliance is supplied, benefits, privileges, and full or partial exemptions from the payment of any taxes, fees, or other charges imposed under the laws of this State on the drivers or owners as to the operation or ownership of the vehicles.

(b) An agreement or arrangement made under this section shall provide that drivers and vehicles licensed or registered in this State, while operated on highways in the other jurisdiction, shall receive benefits, privileges, and exemptions of a similar kind or to a similar degree as are extended to drivers and vehicles licensed or registered in that jurisdiction while operated in this State.

[Previous](#)[Next](#)

§ 12-405

- (2) Any lien given by statute to the United States, this State, or any political subdivision of this State;

[Previous](#)[Next](#)

§ 13-202

(b) (1) A security interest is perfected by:

- (i) Delivery to the Administration of every existing certificate of title of the vehicle and an application for certificate of title on the form and containing the information about the security interest that the Administration requires; and
- (ii) Payment of a filing fee established by the Administration, which is in addition to any other fees that apply under the Maryland Vehicle Law.

(2) The security interest is perfected at the time of the delivery and payment.

(c) (1) If a vehicle already is subject to a security interest when brought into this State, the validity of that security interest in this State is determined by the law (including the conflict of law rules) of the jurisdiction where the vehicle was located when the security interest attached, subject to the provisions of this subsection.

(2) If, at the time the security interest attached, the parties to the transaction understood that the vehicle would be kept in this State, and if, within 30 days after the security interest attached, the vehicle was brought into this State for purposes other than transportation through this State, the validity of the security interest in this State is determined by the laws of this State.

(3) If, before the vehicle was brought into this State, the security interest already was perfected under the laws of the jurisdiction where the vehicle was located when the security interest attached, the following rules apply:

(i) If the name of the secured party is shown on an existing certificate of title issued by that jurisdiction, the security interest continues perfected in this State; and

(ii) If the name of the secured party is not shown on an existing certificate of title issued by that jurisdiction and if the law of that jurisdiction does not provide for certificates of title disclosing security interests, the security interest continues perfected in this State for 4 months and thereafter if, within the 4-month period, it is perfected in this State, but this security interest also may be perfected in this State after the expiration of the 4-month period, in which case perfection dates from the time of perfection in this State.

(4) If, before the vehicle was brought into this State, the security interest was not perfected under the law of the jurisdiction in which the vehicle was located when the security interest attached, it may be perfected in this State, in which case perfection dates from the time of perfection in this State.

However, any person without notice of the assignment is protected in dealing with the secured party as the holder of the security interest, and the secured party remains liable for any obligations as secured party until the assignee is named as secured party on the certificate of title.

(b) (1) The assignee shall deliver to the Administration the certificate of title, if available, and an assignment by the secured party named in the certificate of title in the form that the Administration requires, accompanied by the same filing fee as is required for perfection of the security interest under § 13-202 of this subtitle.

(c) After it receives a release and the certificate of title, the Administration shall release the secured party's right on the certificate of title or issue a new certificate of title.

(d) (1) If, after notice to all interested parties and a hearing, the Administration determines that an indebtedness does not constitute a security interest, it shall:

(i) Release the indebtedness on the certificate of title; or

(ii) Issue a new certificate of title and deliver the certificate to the owner.

(2) Any person aggrieved by the decision of the Administration may appeal in accordance with the provisions of the Administrative Procedure Act.

(c) Notwithstanding any other provision of law, in the case of a motor vehicle or trailer that is not leased, or used, primarily for personal, family, or household purposes, a transaction does not create a sale or security interest merely because the contract on which the transaction is based contains a terminal rental adjustment clause.
