(i) Pay wine taxes quarterly and report to the commission quarterly the total amount of wine, by type, brand, and price, shipped to consumers in this state during the preceding calendar quarter, and the order numbers. (j) Authorize and allow the commission and the department of treasury to conduct an audit of the direct shipper's records. (k) Consent and submit to the jurisdiction of the commission, the department of treasury, and the courts of this state concerning enforcement of this section and any related laws, rules, and regulations. (l) For a direct shipper that is a wine manufacturer as described in subsection (10)(b), direct ship only the wine that the wine manufacturer has manufactured and registered with the commission, wine purchased from another wine manufacturer and further manufactured or bottled and registered with the commission, or labeled shiners purchased from another manufacturer in compliance with section 204a and registered with the commission. (5) For a delivery of beer, wine, mixed spirit drink, or spirits through the use of a common carrier under subsection (3), a person taking the order on behalf of the qualified retailer shall comply with subsection (3)(b) to (f). If the delivery person, after a diligent inquiry, determines that the purchaser or designated recipient is not 21 years of age or older, the delivery person shall return the wine to the direct shipper. A delivery person who returns wine to the direct shipper because the purchaser or designated recipient is not 21 years of age or older is not liable for any damages suffered by the purchaser or direct shipper. (7) All spirits for sale, use, storage, or distribution in this state must originally be purchased by and imported into the state by the commission, or by prior written authority of the commission. (8) This section does not apply to alcoholic liquor brought into this state for personal or household use in an amount permitted by federal law by an individual 21 years of age or older at the time of reentry into this state from outside the territorial limits of the United States if the individual has been outside the territorial limits of the United States for more than 48 hours and has not brought alcoholic liquor into the United States during the preceding 30 days. (9) An individual 21 years of age or older may do either of the following in relation to alcoholic liquor that contains less than 21% alcohol by volume: (a) Personally transport from another state, once in a 24-hour period, not more than 312 ounces of alcoholic liquor for that individual's personal use, notwithstanding subsection (1). Only the following persons qualify for the issuance of a direct shipper license: (a) A wine maker. (b) A wine manufacturer that is located inside this country but outside of this state and that holds both a federal basic permit issued by the Alcohol and Tobacco Tax and Trade Bureau of the United States Department of Treasury and a license to manufacture wine in its state of domicile. The initial application must be accompanied by a copy or other verifiable evidence of the existing federal basic permit or license, or both, held by the applicant. The direct shipper may renew its license annually by submission of a license renewal fee of $100.00 and a completed renewal application. The commission shall use the fees collected under this section to conduct investigations and audits of direct shippers. The failure to renew, or the revocation or suspension of, the applicant's existing Michigan license, federal basic permit, or license to manufacture wine in its state of domicile is grounds for revocation or denial of a direct shipper license. If a direct shipper is found guilty of violating this act or a rule promulgated by the commission, the commission shall notify both the alcoholic liquor control agency in the direct shipper's state of domicile and the Alcohol and Tobacco Tax and Trade Bureau of the United States Department of Treasury of the violation. (18) If a third party facilitator service used by a retailer that holds a specially designated merchant or specially designated distributor license under subsection (15) or (16), as applicable, violates this section, the commission shall not treat the third party facilitator service's violation as a violation by the retailer. Sec. 203a. (1) The legislature finds that the 3-tier system is necessary to protect public health and safety of Michigan residents and to promote competition and access to market for all alcoholic beverage suppliers. (2) The legislature further finds that vertical integration of the alcoholic beverage industry is contrary to this state's interest in protecting public health and safety of Michigan residents and leads to anti-competitive behavior by beverage alcohol suppliers. (3) The legislature further finds that the 3-tier system and the prohibitions under section 603 achieve the following public policy goals: (a) Promote consumer choice and product variety by providing a platform that provides all suppliers access to Michigan's beverage alcohol market. (b) Encourage wholesalers to invest in their businesses and all the brands they distribute, free from undue interference from the suppliers of the brands they distribute. (c) Create a transparent and accountable alcohol distribution system that allows the commission to prevent the manufacture, distribution, or sale of counterfeit, adulterated, unregistered, recalled, or prohibited alcoholic beverages. (4) This state has an interest in creating market access for all sizes of suppliers and finds that micro brewers create competition and variety in Michigan's beer market. (5) For the purposes of creating access to Michigan's beer market while also preserving the 3-tier system and limiting vertical integration, a micro brewer or an out-of-state entity that is the substantial equivalent of a micro brewer may sell and deliver beer to a retailer in this state only if all of the following conditions are met: (a) The retailer is not located in a sales territory for which the micro brewer or out-of-state entity that is the substantial equivalent of a micro brewer has granted exclusive sales rights to a wholesaler under sections 401 and 403 for the sale of any brand or brands of beer produced by the micro brewer or out-of-state entity that is the substantial equivalent of a micro brewer. (b) The beer is sold and delivered by an employee of the micro brewer or out-of-state entity that is the substantial equivalent of a micro brewer, not an agent, and is transported and delivered using a vehicle owned by the micro brewer or out-of-state entity that is the substantial equivalent of a micro brewer. (c) The micro brewer or out-of-state entity that is the substantial equivalent of a micro brewer is in compliance with applicable state and federal law and applicable regulatory provisions of this act and rules promulgated by the commission under this act, including, but not limited to, those requirements related to each of the following: (i) Employees that sell and deliver beer to retailers. (ii) Vehicles used to deliver beer to retailers. (iii) Price schedules and temporary price reductions. (iv) 1976 IL 1, MCL 445.571 to 445.576. (d) The micro brewer or out-of-state entity that is the substantial equivalent of a micro brewer sells not more than 2,000 barrels of beer total per year. In determining the 2,000-barrel threshold under this subdivision, all brands and labels of a micro brewer or out-of-state equivalent of a micro brewer, whether sold to a wholesaler or a retailer in this state or outside of this state, must be combined. Sales to consumers on the licensed premises of the micro brewer or out-of-state entity that is the substantial equivalent of a micro brewer are not included in determining the 2,000-barrel threshold under this subdivision. Sec. 205. (1) The commission shall, as provided in section 203(1), by order appoint authorized distribution agents to warehouse and deliver spirits in this state to ensure that all retail licensees are properly serviced with spirits. An authorized distribution agent is subject to uniform requirements, including business operating procedures, that the commission may prescribe by rule, subject to this section. (2) A person is eligible for appointment by the commission as an authorized distribution agent if all of the following circumstances exist: (a) The person satisfies all applicable commission rules prescribing qualifications for licensure promulgated under section 215. (b) The person has entered into a written agreement or contract with a supplier of spirits to warehouse and deliver a brand or brands of spirits of that supplier of spirits. (c) The person has an adequate warehousing facility located in this state to store spirits from which all delivery of spirits to retail licensees must be made. (3) An authorized distribution agent shall not have a direct or indirect interest in a supplier of spirits or in a retailer. A supplier of spirits or a retailer shall not have a direct or indirect interest in an authorized distribution agent. An authorized distribution agent shall not hold title to spirits. (4) An authorized distribution agent shall deliver to each retailer located in its assigned distribution area on at least a weekly basis if the order meets the minimum requirements. Except that in a week that accompanies a state holiday, the commission may order a modified delivery schedule if a retailer will not wait longer than 9 days between deliveries because of the modified delivery schedule. The commission shall provide for an integrated online ordering system for spirits and shall require the continuance of any ordering system in existence on the activation date of the system established under section 206. The commission shall set minimum requirements that must be a sufficient number of bottles to comprise not more than 2 cases. A retailer may pick up the product at the authorized distribution agent's warehouse. To avoid occasional emergency outages of spirits, a retail licensee may make up to 12 special emergency orders to an authorized distribution agent in each calendar year. An authorized distribution agent shall make a special emergency order available to the retail licensee within 18 hours of the placing of the order. An authorized distribution agent shall make a special emergency order placed on Saturday or Sunday available to the retail licensee before noon on the following Monday. An authorized distribution agent may impose a fee of up to $20.00 to deliver a special emergency order to a retail licensee. (5) In locations inaccessible to a motor vehicle as that term is defined by section 33 of the Michigan vehicle code, 1949 PA 300, MCL 257.33, an authorized distribution agent shall arrange that a delivery of spirits to a retailer be in compliance with the following procedures: (a) After processing an order from a retailer, an authorized distribution agent shall contact a retailer to confirm the quantity of cases or bottles, or both, and the exact dollar total of the order. (b) The authorized distribution agent shall coordinate with the retailer the date and time a driver is scheduled to deliver the order to a ferry transport dock, shall arrange any ferry, drayage, or other appropriate service, and shall pick up the retailer's payment at that time. (c) The ferry transport company or company representing any other form of conveyance shall take the retailer's payment to the mainland dock and give that payment to the authorized distribution agent's driver. (d) The ferry transport company or company representing any other form of conveyance shall transport the order to the drayage or other appropriate company at the island dock for immediate delivery to the retailer. (e) The drayage or other appropriate company shall deliver the order to the retailer. (6) An authorized distribution agent is responsible for the payment of all transportation and delivery charges imposed by the ferry, drayage, or other conveyance company and is responsible for all breakage and any shortages, whether attributable to the ferry, drayage, or other conveyance company or any combination of those companies, until the order is delivered to the retailer's establishment. This subsection does not prevent the authorized distribution agent from seeking reimbursement or damages from any company conveying the authorized distribution agent's product. (7) Except as otherwise provided in subsection (4), an authorized distribution agent shall not charge a delivery fee or a split-case fee for delivery of spirits sold by the commission to a retailer. (8) An authorized distribution agent or prospective authorized distribution agent shall maintain and make available to the commission or its representatives, on notice, any contract or written agreement it has with a supplier of spirits or other authorized distribution agent for the warehousing and delivering of spirits in this state. (9) For a violation of this act, a rule promulgated under this act, or the terms of an order appointing an authorized distribution agent, an authorized distribution agent is subject to the suspension, revocation, forfeiture, and penalty provisions of sections 903(1) and 907 in the same manner in which a licensee would be subject to those provisions. An authorized distribution agent aggrieved by a penalty imposed by the commission may invoke the hearing and appeal procedures of section 903(2) and rules

promulgated under section 903. (10) A specially designated distributor may sell to an on-premises retailer up to 120 liters of spirits during any calendar year and an on-premises retailer may purchase, collectively from specially designated distributors, up to 120 liters of spirits during any calendar year. Notwithstanding any other provision of this act or rule promulgated under this act, a specially designated distributor is only liable for knowingly violating this section. An on-premises retailer shall maintain and make available to the commission on request records verifying the purchases described in this subsection. For each month in which an on-premises retailer purchases spirits under this subsection, the on-premises retailer shall submit a report to the commission indicating the purchases the on-premises retailer made under this subsection during that month. By July 1, 2020, the commission shall establish the method and form for the electronic reporting of purchases made under this subsection by on-premises retailers. The commission shall not require an on-premises retailer to submit a report under this subsection in less than monthly intervals and shall not require a report from an on-premises retailer in a month in which the on-premises retailer did not purchase spirits under this subsection. (11) In addition to paying a vendor of spirits the acquisition price for purchasing spirits, the commission may pay a vendor of spirits an additional amount of not less than $8.25 and not more than $12.50 for each case of spirits purchased as an offset to the costs being incurred by that vendor of spirits in contracting with an authorized distribution agent for warehousing and delivering spirits to retailers. The payment described in this subsection may not be included in the cost of purchasing spirits by the commission and is not subject to the commission's markup, special taxes, or state sales tax. The per-case offset established by this subsection may be increased by the state administrative board each January to reflect reasonable increases in the authorized distribution agent's cost of warehousing and delivering. As used in this subsection, "case" means a container holding twelve 750 ml bottles of spirits or other containers containing spirits that are standard to the industry. History:1998, Act 58, Imd. Eff. (c) To recognize the marketing distinctions between beer, wine, and mixed spirit drink. (d) To promote the public health, safety, and welfare. (2) As used in this section, unless the context requires otherwise: (a) "Agreement" means any agreement between a wholesaler and a supplier, whether oral or written, whereby a wholesaler is granted the right to offer and sell a brand or brands of wine or mixed spirit drink sold by a supplier. (b) "Ancillary business" means a business owned by a wholesaler, a stockholder of a wholesaler, or a partner of a wholesaler the primary purpose of which is directly related to the transporting, storing, or marketing of the brand or brands of wine or mixed spirit drink of a supplier with whom the wholesaler has an agreement; or a business owned by a wholesaler, a stockholder of a wholesaler, or a partner of a wholesaler that recycles empty returnable beverage containers. (c) "Designated member" means the spouse, child, grandchild, parent, brother, or sister of a deceased individual who owned an interest in a wholesaler, who is entitled to inherit the deceased individual's ownership interest in the wholesaler under the terms of the deceased individual's will, or who has otherwise been designated in writing by the deceased individual to succeed the deceased individual in the wholesaler's business, or is entitled to inherit that ownership interest under the laws of intestate succession of this state. With respect to an incapacitated individual owning an ownership interest in a wholesaler, the term means the person appointed by a court as the conservator of that individual's property. The term also includes the appointed and qualified personal representative and the testamentary trustee of a deceased individual owning an ownership interest in a wholesaler. (d) "Good faith" means honesty in fact and the observance of

reasonable commercial standards of fair dealing in the trade, as defined and interpreted under section 1201 of the uniform commercial code, 1962 PA 174, MCL 440.1201. (e) "Master distributor" means a wholesaler that acts in the same or similar capacity as a wine maker, mixed spirit drink manufacturer, an outstate seller of wine, or an outstate seller of mixed spirit drink for a brand or brands of wine or mixed spirit drink to other wholesalers on a regular basis in the normal course of business. (f) "Reasonable qualifications" means the average standard of the criteria used by the respective supplier for wholesalers that entered into or renewed an agreement with the suppliers during a period of 24 months before the proposed transfer of the wholesaler's business. (g) "Retaliatory action" means action that includes, but is not limited to, the refusal to continue an agreement, or a material reduction in the quality of service or quantity of products available to a wholesaler under an agreement, which refusal or reduction is not made in good faith. (h) "Sales territory" means an area of sales responsibility for the brand or brands of wine or mixed spirit drink sold by a supplier as designated by an agreement. (i) "Successor" means a supplier that obtains, in any manner from any person, including a person that is not a supplier, the distribution rights of 1 or more brands of wine or mixed spirit drink that a licensed Michigan wholesaler has distributed in this state under an agreement with another supplier, that previously had the distribution rights for the brand or brands. (j) "Supplier" means a wine maker, mixed spirit drink manufacturer, an outstate seller of wine, an outstate seller of mixed spirit drink, or a master distributor. (k) "Transfer of a wholesaler's business" means the voluntary sale, assignment, or other transfer of the business or control of the business of the wholesaler, including the sale or other transfer of stock or assets by merger, consolidation, or dissolution. (3) A supplier shall not do any of the following: (a) Coerce, or attempt to coerce, a wholesaler to accept delivery of any wine, mixed spirit drink, or other commodity that has not been ordered by the wholesaler. However, a supplier may impose reasonable inventory requirements on a wholesaler if the requirements are made in good faith and are generally applied to other wholesalers having an agreement with the supplier. (b) Coerce, or attempt to coerce, a wholesaler to accept delivery of any wine, mixed spirit drink, or other commodity ordered by a wholesaler if the order was properly canceled by the wholesaler in accordance with the procedures agreed on by the supplier and wholesaler. (c) Coerce, or attempt to coerce, a wholesaler to do any illegal act by threatening to amend, cancel, terminate, or refuse to renew any agreement existing between the supplier and wholesaler. (d) Require a wholesaler to assent to any condition, stipulation, or provision limiting the wholesaler's right to sell the brand or brands of wine or mixed spirit drink of any other supplier anywhere in this state unless the acquisition of the brand or brands of another supplier would materially impair the quality of service of the brand or brands of the supplier presently being sold by the wholesaler. (e) Require a wholesaler to purchase 1 or more brands of wine or mixed spirit drink in order for the wholesaler to purchase another brand or brands of wine or mixed spirit drink for any reason. However, a wholesaler that has agreed to distribute a brand or brands before June 26, 1984 shall continue to distribute the brand or brands in conformance with this section. (f) Request a wholesaler to submit profit and loss statements, balance sheets, or financial records as a requirement for renewing or retaining an agreement. (g) Withhold delivery of wine or mixed spirit drink ordered by a wholesaler, or change a wholesaler's quota of a brand or brands if the withholding or change is not made in good faith. (h) Require a wholesaler by any means to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a supplier. (i) Fail to provide each wholesaler of the supplier's brand or brands with a written agreement that contains in total the supplier's agreement with each wholesaler, and designates a specific sales territory. (j) Fix, maintain, or establish the price at which a wholesaler shall sell any wine or mixed spirit drink. (k) Take any retaliatory action against a wholesaler that files a complaint regarding an alleged violation by the supplier of state or federal law or an administrative rule. (l) Require or prohibit any change in the manager or successor manager of any wholesaler that has been approved by the supplier as of June 26, 1984. If, after June 26, 1984, a supplier requires a manager or successor manager be appointed, or if a wholesaler changes an approved manager or successor manager, a supplier shall not interfere with or prohibit the appointment unless the person fails to meet the reasonable written standards for Michigan wholesalers of the supplier that have been provided to the wholesaler. (m) Require by a provision of any agreement or other instrument in connection with the agreement that any dispute arising out of or in connection with that agreement be determined through the application of any other state's laws. Any supplier or wholesaler aggrieved by any dispute arising out of or in connection with an agreement governed by this act has the right to file an appropriate action consistent with this act in any court in this state having venue. (4) A wholesaler shall not sell or deliver wine or mixed spirit drink to a retail licensee located outside the sales territory designated by the supplier of a particular brand or brands of wine or mixed spirit drink. However, during periods of temporary service interruptions impacting a particular sales territory, a wholesaler that normally services the impacted sales territory shall file with the commission a written notice designating the specific wholesaler or wholesalers that will service the sales territory during the period of temporary service interruption and the approximate length of time of the service interruption. When the temporary service interruption is over, the wholesaler that normally services the sales territory shall notify in writing the commission and the wholesaler, or wholesalers, which is servicing the sales territory on a temporary basis of this fact and any wholesaler servicing the sales territory on a temporary basis shall cease servicing the sales territory upon receipt of the notice. A wholesaler that is designated to service the impacted sales territory during the period of temporary service is not in violation of this subsection. A wholesaler that has been designated to service the impacted sales territory during the period of temporary service interruption does not have any of the rights provided under subsections (6) to (12). (5) A supplier or wholesaler shall not directly or indirectly restrict or inhibit the right of free association among suppliers or wholesalers for any lawful purpose. (6) Notwithstanding the terms, provisions, or conditions of any agreement, a supplier shall not amend any agreement unless the supplier is acting in good faith in making the amendment. (7) Notwithstanding any agreement and except as otherwise provided for in this section, a supplier shall not cause a wholesaler to resign from an agreement; or cancel, terminate, fail to renew, or refuse to continue under an agreement unless the supplier has complied with all of the following: (a) Has satisfied the applicable notice requirements of subsection (10). (b) Has

acted in good faith. (c) Has good cause for the cancellation, termination, nonrenewal, discontinuance, or forced resignation. (8) Notwithstanding any agreement, good cause shall exist for the purposes of a termination, cancellation, nonrenewal, or discontinuance under subsection (7)(c) when all of the following occur: (a) The wholesaler fails to comply with a provision of the agreement that is both reasonable and of material significance to the business relationship between the wholesaler and the supplier. (b) The supplier first acquired knowledge of the failure described in subdivision (a) not more than 2 years before the date notification was given under subsection (7). (c) The wholesaler was given written notice by the supplier of failure to comply with the agreement. (d) The wholesaler was afforded a reasonable opportunity to assert good faith efforts to comply with the agreement within the time limits as provided for in subdivision (e). (e) The wholesaler has been afforded 25 days in which to submit a plan of corrective action to comply with the agreement and an additional 75 days to cure the noncompliance in accordance with the plan. (9) A supplier or wholesaler who terminates, cancels, nonrenews, or discontinues an agreement has the burden of showing that it has acted in good faith, complied with the applicable notice requirements under this section, and that there was good cause for the termination, cancellation, nonrenewal, or discontinuance. (10) Notwithstanding any agreement and except as otherwise provided in this section, a supplier shall furnish written notice of a termination, cancellation, nonrenewal, or discontinuance of an agreement to the wholesaler not less than 15 days before the effective date of the termination, cancellation, nonrenewal, or discontinuance. The notice must be by certified mail and must contain all of the following: (a) A statement of intention to terminate, cancel, not renew, or discontinue the agreement. (b) A statement of the reason for the termination, cancellation, nonrenewal, or discontinuance. (c) The effective date of the termination, cancellation, nonrenewal, or discontinuance. (11) Notwithstanding subsections (7) and (10), a supplier may immediately terminate, cancel, not renew, or discontinue an agreement on written notice given in the manner and containing the information required by subsection (10) if any of the following occur: (a) Insolvency of the wholesaler, the filing of any petition by or against the wholesaler under any bankruptcy or receivership law, or the dissolution or liquidation of the wholesaler that materially affects the wholesaler's ability to remain in business. (b) The commission revokes the wholesaler's license whereby the wholesaler cannot service the wholesaler's sales territory for more than 60 days. (c) The wholesaler, or an individual who owns more than 10% of the stock of a corporate wholesaler, is convicted of a felony. However, an existing approved stockholder has the right to purchase the stock of the offending stockholder before the conviction of the offending stockholder, and if the sale is completed before conviction, this subdivision does not apply. As used in this subdivision, "felony" means a felony under the United States code or the Michigan Compiled Laws. (12) Notwithstanding subsections (7), (10), and (11), on not less than 15 days' prior written notice given in the manner and containing the information required by subsection (10), a supplier may terminate, cancel, not renew, or discontinue an agreement if any of the following events occur: (a) There was fraudulent conduct on the part of the wholesaler in dealings with the supplier. (b) The wholesaler failed to confine its sales of a brand or brands to the assigned sales territory. This subdivision does not apply if there is a dispute between 2 or more wholesalers as to the boundaries of the assigned territory, and the boundaries cannot be determined by a reading of the description contained in the agreements between the supplier and the wholesalers. (c) The sale by the wholesaler of any brand or brands sold by the supplier to the wholesaler that the wholesaler knew were ineligible for sale before the actual sale to the retailer. The supplier shall repurchase the ineligible product from the wholesaler when the ineligibility is caused by the supplier. The supplier must give the wholesaler written notice specifying the ineligible product. (13) Notwithstanding subsections (7), (10), (11), and (12), a supplier may terminate, cancel, not renew, or discontinue an agreement upon not less than 30 days' prior written notice if the supplier discontinues production or discontinues distribution in this state of all the brands sold by the supplier to the wholesaler. Nothing in this section prohibits a supplier upon not less than 30 days' notice to discontinue the distribution of any particular brand or package of wine or mixed spirit drink. This subsection does not prohibit a supplier from conducting test marketing of a new brand of wine or mixed spirit drink or from conducting the test marketing of a brand of wine or mixed spirit drink that is not currently being sold in this state if the supplier has notified the commission in writing of its plans to test market. The notice must describe the market area in which the test must be conducted; the name or names of the wholesaler or wholesalers who will be selling the wine or mixed spirit drink; the name or names of the brand of wine or mixed spirit drink being tested; and the period of time during which the testing will take place. A market testing period must not exceed 18 months. (14) A wholesaler shall devote reasonable efforts and resources to sales and distribution of all the supplier's products that the wholesaler has been granted the right to sell and distribute and shall maintain reasonable sales levels. (15) A supplier shall not withhold consent to any transfer of a wholesaler's business if the proposed transferee meets the material and reasonable qualifications and standards required by the supplier. A wholesaler shall give the supplier written notice of intent to transfer the wholesaler's business. A supplier shall not unreasonably delay a response to a request for a proposed transfer of a wholesaler's business. However, a transfer of a wholesaler's business that is not approved by the supplier is void. A supplier shall not interfere with, or prevent, the transfer of the wholesaler's business if the proposed transferee is a designated member. (16) A supplier as part of the written agreement required by this section may, subject to the provisions of subsection (3)(l), require a wholesaler to designate a successor manager who shall be subject to prior approval by the supplier. If the designated successor manager fails to assume the role of approved manager or for any reason does not continue to manage the wholesaler's business, after assuming that responsibility, then any successor shall be subject to the prior approval of the supplier, subject to the provisions of subsection (3)(l), notwithstanding the transferee's interest as a designated member. (17) A supplier that has amended, canceled, terminated, or refused to renew any agreement; has caused a wholesaler to resign from an agreement; or has withheld consent to any assignment or transfer of a wholesaler's business, except as provided for in this section, shall pay the wholesaler reasonable compensation for the diminished value of the wholesaler's business or of any ancillary business which has been negatively affected by the act of the supplier, or both. The value of the wholesaler's business or ancillary business must

include, but not be limited to, its goodwill. (18) A supplier or wholesaler may, at any time, determine that mutual agreement on the amount of reasonable compensation cannot be reached. If such a determination is made, the supplier or the wholesaler shall send written notice to the other party declaring their intention to proceed with arbitration. Arbitration may proceed only by mutual agreement of both parties. (19) The supplier and wholesaler may, by agreement, submit the matter of determining the amount of compensation under arbitration to a 5-member arbitration panel consisting of 2 representatives selected by the supplier but unassociated with the affected supplier, 2 wholesaler representatives selected by the wholesaler but unassociated with the wholesaler, and an impartial arbitrator. (20) Not more than 10 days after the notice to enter into arbitration has been sent, the supplier and wholesaler shall request, in writing, a list of 5 arbitrators from the American arbitration association. Not more than 10 days after the supplier and wholesaler receive of the list of 5 choices, the wholesaler arbitrators and the supplier arbitrators may strike and disqualify up to 2 names each from the list. If the supplier or wholesaler fails to respond within the 10 days or if more than 1 name remains, the American arbitration association shall select the impartial arbitrator. (21) Not more than 30 days after the supplier and wholesaler receive the list of arbitrators, the wholesaler and supplier shall exchange in writing the names of their respective arbitration panel representatives. (22) Not more than 30 days after the final selection of the arbitration panel is made, the arbitration panel shall convene to decide the dispute. The panel shall render a decision by majority vote of the participants within 20 days after the arbitration concludes. (23) The cost of the impartial arbitrator, the stenographer, and the meeting site must be equally divided between the wholesaler and the supplier. All other costs must be paid by the party incurring them. The award of the arbitration panel is final and binding on the parties. (24) If the supplier or wholesaler fails to abide by the time limitations as prescribed in subsections (20), (21), and (22), or fails or refuses to select any arbitrators, or fails to participate in the arbitration hearings, the other party shall make the selection of their arbitrators and proceed to arbitration. The party who has failed or refused to comply as prescribed in this subsection is considered to be in default. Any party considered to be in default under this subsection waives any rights the party would have had in the arbitration and is considered to have consented to the determination of the arbitration panel. (25) A wholesaler shall not waive any of the rights granted in this section. This section does not limit or prohibit a good faith dispute settlement voluntarily entered into by the parties. (26) A successor to a supplier that continues in business as a wine maker, mixed spirit drink manufacturer, an outstate seller of wine, outstate seller of mixed spirit drink, or master distributor is bound by all terms and conditions of each agreement of the supplier with a wholesaler licensed in this state that were in effect on the date on which the successor received the distribution rights of the previous supplier. (27) This section applies to agreements in existence on June 26, 1984, as well as agreements entered into or renewed after that date. (28) If a supplier engages in conduct prohibited under this section, a wholesaler with which the supplier has an agreement may maintain a civil action against the supplier to recover actual damages reasonably incurred as the result of the prohibited conduct. If a wholesaler engages in conduct prohibited under this section, a supplier with which the wholesaler has an agreement may maintain a civil action against the wholesaler to recover actual damages reasonably incurred as the result of the prohibited conduct. (29) A supplier that violates this section is liable for all actual damages and all court costs and reasonable attorney fees incurred by a wholesaler as a result of that violation. A wholesaler that violates this section is liable for all actual damages and all court costs and reasonable attorney fees incurred by the supplier as a result of that violation. (30) A supplier or wholesaler may bring an action for declaratory judgment for determination of any controversy arising under this section. (31) Except as otherwise provided in this section, if a court finds that a supplier has not acted in good faith in amending, terminating, canceling, or not renewing any agreement; or has unreasonably withheld its consent to any assignment, transfer, or sale of a wholesaler's business, the court may award exemplary damages, as well as actual damages, court costs, and reasonable attorney fees to the wholesaler that has been damaged by the action of the supplier. (32) On proper application to a court, a supplier or wholesaler may obtain injunctive relief against any violation of this section. If the court grants injunctive relief or issues a temporary restraining order, bond is not required to be posted. (33) The procedure for resolving any violation of subsection (3)(a), (b), (c), (e), (f), (h), (i), (j), (k), (l), or (4) is the procedure prescribed by this act and the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. Any other violation of or dispute regarding this section, unless the dispute is resolved pursuant to subsections (18) to (24), must only be resolved by a civil action in court as provided in this section and not by the commission. (7) Subsection (6) does not apply if, before January 1, 1994, a manufacturer of a mixed wine drink, mixed spirit drink manufacturer, outstate seller of a mixed wine drink, or outstate seller of mixed spirit drink had assigned a brand extension to a wholesaler that was not the appointed wholesaler for the brand from which the brand extension was made. (8) Subsection (6) does not apply if, before October 1, 2019, a successor manufacturer or successor outstate seller of mixed wine drink or mixed spirit drink had assigned a brand extension to a wholesaler that was not the appointed wholesaler for the brand from which the brand extension was made. (9) Subsection (1) does not prohibit any of the following: (a) A manufacturer of wine, an outstate seller of wine, mixed spirit drink manufacturer, outstate seller of mixed spirit drink, or a master distributor from continuing or renewing an agreement under this act with a wholesaler for a specified brand or brands for any county or part of a county where more than 1 wholesaler has an agreement with the manufacturer of wine, outstate seller of wine, mixed spirit drink manufacturer, outstate seller of mixed spirit drink, or master distributor in effect on June 1, 2010 if the wholesaler had an agreement to distribute that specified brand or brands in that county or that part of a county and was a master distributor or was actively selling that brand or brands of wine or mixed spirit drink to a retailer in that county or that part of a county on June 1, 2010. (b) A wholesaler from selling or transferring the wholesaler's distribution rights or a manufacturer of wine, outstate seller of wine, mixed spirit drink manufacturer, outstate seller of mixed spirit drink, or master distributor from approving the sale or transfer of a wholesaler's distribution rights to a specified brand or brands of wine or mixed spirit drink for any county or part of a county to another wholesaler if the selling or transferring wholesaler, or any of its predecessors, had the right to distribute that brand or brands of wine or mixed spirit drink in that county or part of that county and was actively selling that brand or brands to a retailer in that county or that part of a county on June 1, 2010 or was acting as a master distributor for that county or part of that county on June 1, 2010. (10) As used in this section, "master distributor" means, notwithstanding section 109(4), a wholesaler that acts in the same or similar capacity as a wine maker, wine manufacturer, outstate seller of wine, mixed spirit drink manufacturer, or outstate seller of mixed spirit drink for a brand or brands of wine or mixed spirit drink to other wholesalers on a regular basis in the normal course of business. Sec. 403. (1) The purpose of this section is to provide a structure for the business relations between a wholesaler of beer and a

supplier of beer. Regulation in this area is considered necessary for the following reasons: (a) To maintain stability and healthy competition in the beer industry in this state. (b) To promote and maintain a sound, stable, and viable 3-tier system of distribution of beer to the public. (c) To promote the public health, safety, and welfare. (2) As used in this section, unless the context requires otherwise: (a) "Agreement" means any agreement between a wholesaler and a supplier, whether oral or written, whereby a wholesaler is granted the right to offer and sell a brand or brands of beer sold by a supplier. (b) "Ancillary business" means a business owned by a wholesaler, a stockholder of a wholesaler, or a partner of a wholesaler the primary purpose of which is directly related to the transporting, storing, or marketing of the brand or brands of beer of a supplier with whom the wholesaler has an agreement; or a business owned by a wholesaler, a stockholder of a wholesaler, or a partner of a wholesaler which recycles empty returnable beverage containers. (c) "Designated member" means the spouse, child, grandchild, parent, brother, or sister of a deceased individual who owned an interest in a wholesaler, who is entitled to inherit the deceased individual's ownership interest in the wholesaler under the terms of the deceased individual's will, or who has otherwise been designated in writing by the deceased individual to succeed the deceased individual in the wholesaler's business, or is entitled to inherit such ownership interest under the laws of intestate succession of this state. With respect to an incapacitated individual owning an ownership interest in a wholesaler, the term means the person appointed by a court as the conservator of such individual's property. The term also includes the appointed and qualified personal representative and the testamentary trustee of a deceased individual owning an ownership interest in a wholesaler. (d) "Good faith" means honesty in fact and the observance of reasonable commercial standards of fair dealing in the trade, as defined and interpreted under section 2103 of the uniform commercial code, 1962 PA 174, MCL 440.2103. (e) "Master distributor" means a wholesaler who acts in the same or similar capacity as a brewer or outstate seller of beer for a brand or brands of beer to other wholesalers on a regular basis in the normal course of business. (f) "Reasonable qualifications" means the average standard of the criteria used by the respective supplier for wholesalers that entered into or renewed an agreement with the supplier during a period of 24 months prior to the proposed transfer of the wholesaler's business. (g) "Retaliatory action" means action which includes, but is not limited to, the refusal to continue an agreement, or a material reduction in the quality of service or quantity of products available to a wholesaler under an agreement, which refusal or reduction is not made in good faith. (h) "Sales territory" means an area of exclusive sales responsibility for the brand or brands of beer sold by a supplier as designated by an agreement. (i) "Successor" means a supplier who obtains, in any manner from any person, including a person who is not a supplier, the distribution rights of 1 or more brands of beer which a licensed Michigan wholesaler has distributed in this state pursuant to an agreement with another supplier who previously had the distribution rights for the brand or brands. (j) "Supplier" means a brewer, an outstate seller of beer, or a master distributor. (k) "Transfer of a wholesaler's business" means the voluntary sale, assignment, or other transfer of the business or control of the business of the wholesaler, including the sale or other transfer of stock or assets by merger, consolidation, or dissolution. (3) A supplier shall not do any of the following: (a) Coerce, or attempt to coerce, any wholesaler to accept delivery of any beer or other commodity which has not been ordered by the wholesaler. However, a supplier may impose reasonable inventory requirements upon a wholesaler if the requirements are made in good faith and are generally applied to other wholesalers having an agreement with the supplier. (b) Coerce, or attempt to coerce, any wholesaler to accept delivery of any beer or other commodity ordered by a wholesaler if the order was properly canceled by the wholesaler in accordance with the procedures agreed upon by the supplier and wholesaler. (c) Coerce, or attempt to coerce, any wholesaler to do any illegal act by threatening to amend, cancel, terminate, or refuse to renew any agreement existing between the supplier and wholesaler. (d) Require a wholesaler to assent to any condition, stipulation, or provision limiting the wholesaler's right to sell the brand or brands of beer of any other supplier anywhere in this state unless the acquisition of the brand or brands of another supplier would materially impair the quality of service of the brand or brands of the supplier presently being sold by the wholesaler. (e) Require a wholesaler to purchase 1 or more brands of beer in order for the wholesaler to purchase another brand or brands of beer for any reason. However, a wholesaler that has agreed to distribute a brand or brands before June 26, 1984 shall continue to distribute the brand or brands in conformance with this section. (f) Request a wholesaler to submit profit and loss statements, balance sheets, or financial records as a requirement for renewing or retaining an agreement. (l) Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the supplier as of June 26, 1984. Should a wholesaler change an approved manager or successor manager, a supplier shall not require or prohibit the change unless the person fails to meet the reasonable written standards for Michigan wholesalers of the supplier which standards have been provided to the wholesaler. (m) Require by a provision of any agreement or other instrument in connection with the agreement that any dispute arising out of or in connection with that agreement be determined through the application of any other state's laws, be determined in federal court sitting in a state other than Michigan, or be determined in a state court of a state other than the state of Michigan. A provision contained in any agreement or other instrument in connection with the agreement which contravenes this subdivision shall be null and void. (4) A wholesaler shall not sell or deliver beer to a retail licensee located outside the sales territory designated by the supplier of a particular brand or brands of beer. However, during periods of temporary service interruptions impacting a particular sales territory,

a wholesaler who normally services the impacted sales territory shall file with the commission a written notice designating the specific wholesaler or wholesalers who will service the sales territory during the period of temporary service interruption and the approximate length of time of the service interruption. When the temporary service interruption is over, the wholesaler who normally services the sales territory shall notify in writing the commission and the wholesaler, or wholesalers, which is servicing the sales territory on a temporary basis of this fact and any wholesaler servicing the sales territory on a temporary basis shall cease servicing the sales territory upon receipt of the notice. A wholesaler who has been designated to service the impacted sales territory during the period of temporary service interruption shall not have any of the rights provided under subsections (6) to (12). (7) Notwithstanding any agreement and except as otherwise provided for in this section, a supplier shall not cause a wholesaler to resign from an agreement; or cancel, terminate, fail to renew, or refuse to continue under an agreement unless the supplier has complied with all of the following: (a) Has satisfied the applicable notice requirements of subsection (10). (b) Has acted in good faith. (c) Has good cause for the cancellation, termination, nonrenewal, discontinuance, or forced resignation. (8) Notwithstanding any agreement, good cause shall exist for the purposes of a termination, cancellation, nonrenewal, or discontinuance under subsection (7)(c) when all of the following occur: (a) There is a failure by the wholesaler to comply with a provision of the agreement which is both reasonable and of material significance to the business relationship between the wholesaler and the supplier. (b) The supplier first acquired knowledge of the failure described in subdivision (a) not more than 2 years before the date notification was given pursuant to subsection (7). (c) The wholesaler was given written notice by the supplier of failure to comply with the agreement. (d) The wholesaler was afforded a reasonable opportunity to assert good faith efforts to comply with the agreement within the time limits as provided for in subdivision (e). (e) The wholesaler has been afforded 30 days in which to submit a plan of corrective action to comply with the agreement and an additional 90 days to cure such noncompliance in accordance with the plan. (9) For each termination, cancellation, nonrenewal, or discontinuance, the supplier shall have the burden of showing that it has acted in good faith, that the notice requirements under this section have been complied with, and that there was good cause for the termination, cancellation, nonrenewal, or discontinuance. (10) Notwithstanding any agreement and except as otherwise provided in this section, the supplier shall furnish written notice of the termination, cancellation, nonrenewal, or discontinuance of an agreement to the wholesaler not less than 15 days before the effective date of the termination, cancellation, nonrenewal, or discontinuance. The notice shall be by certified mail and shall contain all of the following: (a) A statement of intention to terminate, cancel, not renew, or discontinue the agreement. (b) A statement of the reason for the termination, cancellation, nonrenewal, or discontinuance. (c) The date on which the termination, cancellation, nonrenewal, or discontinuance takes effect. (11) Notwithstanding subsections (7) and (10), a supplier may terminate, cancel, fail to renew, or discontinue an agreement upon written notice given in the manner and containing the information required by subsection (10) if any of the following occur: (a) Insolvency of the wholesaler, the filing of any petition by or against the wholesaler under any bankruptcy or receivership law, or the dissolution or liquidation of the wholesaler which materially affects the wholesaler's ability to remain in business. (b) Revocation of the wholesaler's license by the commission whereby the wholesaler cannot service the wholesaler's sales territory for more than 60 days. (c) The wholesaler, or an individual who owns more than 10% of the stock of a corporate wholesaler, has been convicted of a felony. As used in this subdivision, "felony" means a felony under the United States Code or the Michigan Compiled Laws. However, an existing approved stockholder or stockholders shall have the right to purchase the stock of the offending stockholder prior to the conviction of the offending stockholder and, if the sale is completed prior to conviction, the provisions of this subdivision shall not apply. (12) Notwithstanding subsections (7), (10), and (11), upon not less than 15 days' prior written notice given in the manner and containing the information required by subsection (10), a supplier may terminate, cancel, fail to renew, or discontinue an agreement if any of the following events occur: (a) There was fraudulent conduct on the part of the wholesaler in dealings with the supplier. (b) The wholesaler failed to confine its sales of a brand or brands to the assigned sales territory. This subdivision does not apply if there is a dispute between 2 or more wholesalers as to the boundaries of the assigned territory, and the boundaries cannot be determined by a reading of the description contained in the agreements between the supplier and the wholesalers. (c) The sale by the wholesaler of any brand or brands sold by the supplier to the wholesaler and known by the wholesaler to be ineligible for sale prior to the actual sale to the retailer. The supplier shall repurchase the ineligible product from the wholesaler when the ineligibility is caused by the supplier. The supplier must give the wholesaler written notice specifying the ineligible product. This subdivision does not apply when a supplier ships a brand or brands to a wholesaler that must be removed within 60 days of the deadline for retail sale of the product. This 60-day period shall commence upon receipt of the product by the wholesaler. (13) Notwithstanding subsections (7), (10), (11), and (12), a supplier may terminate, cancel, not renew, or discontinue an agreement upon not less than 30 days' prior written notice if the supplier discontinues production or discontinues distribution in this state of all the brands sold by the supplier to the wholesaler. Nothing in this section shall prohibit a supplier upon not less than 30 days' notice to discontinue the distribution of any particular brand or package of beer. This subsection does not prohibit a supplier from conducting test marketing of a new brand of beer or from conducting the test marketing of a brand of beer which is not currently being sold in this state provided that the supplier has notified the commission in writing of its plans to test market. The notice shall describe the market area in which the test shall be conducted; the name or names of the wholesaler or wholesalers who will be selling the beer; the name or names of the brand of beer being tested; and the period of time during which the testing will take place. A market testing period shall not exceed 18

(14) The wholesaler shall devote reasonable efforts and resources to sales and distribution of all the supplier's products which the wholesaler has been granted the right to sell and distribute and shall maintain reasonable sales levels. (15) A brewer, an outstate seller of beer, or a master distributor that has designated a sales territory for a wholesaler shall not enter into an additional agreement with any other wholesaler for the same brand or brands of beer in the same territory or any portion of that territory. (16) A supplier shall not withhold consent to any transfer of a wholesaler's business if the proposed transferee meets the material and reasonable qualifications and standards required by the supplier. A wholesaler shall give the supplier written notice of intent to transfer the wholesaler's business. A supplier shall not unreasonably delay a response to a request for a proposed transfer of a wholesaler's business. However, a transfer of a wholesaler's business which is not approved by the supplier shall be null and void. A supplier shall not interfere with, or prevent, the transfer of the wholesaler's business if the proposed transferee is a designated member. (17) A supplier that has amended, canceled, terminated, or refused to renew any agreement; has caused a wholesaler to resign from an agreement; or has withheld consent to any assignment or transfer of a wholesaler's business, except as provided for in this section, shall pay the wholesaler reasonable compensation for the diminished value of the wholesaler's business or of any ancillary business which has been negatively affected by the act of the supplier, or both. The value of the wholesaler's business or ancillary business shall include, but not be limited to, its good will. (18) Either party may, at any time, determine that mutual agreement on the amount of reasonable compensation cannot be reached. Should such a determination be made, the supplier or the wholesaler shall send written notice to the other party declaring their intention to proceed with arbitration. Arbitration shall proceed only by mutual agreement of both parties. (19) The matter of determining the amount of compensation under arbitration may, by agreement of the parties, be submitted to a 5-member arbitration panel consisting of 2 representatives selected by the supplier but unassociated with the affected supplier, 2 wholesaler representatives selected by the wholesaler but unassociated with the wholesaler, and an impartial arbitrator. (20) Not more than 10 days after the notice to enter into arbitration has been sent, each party shall request, in writing, a list of 5 arbitrators from the American arbitration association. Not more than 10 days after the receipt of the list of 5 choices, the wholesaler arbitrators and the supplier arbitrators may strike and disqualify up to 2 names each from the list. Should either party fail to respond within the 10 days or should more than 1 name remain, the American arbitration association shall make the selection of the impartial arbitrator. (21) Not more than 30 days after the list of arbitrators is received, the wholesaler and supplier shall exchange in writing the names of their respective arbitration panel representatives. (22) Not more than 30 days after the final selection of the arbitration panel is made, the arbitration panel shall convene to decide the dispute. The panel shall render a decision by majority vote of the participants within 20 days from the conclusion of the arbitration. (23) The cost of the impartial arbitrator, the stenographer, and the meeting site shall be equally divided between the wholesaler and the supplier. All other costs shall be paid by the party incurring them. The award of the arbitration panel shall be final and binding on the parties. (24) After both parties have agreed to arbitrate should either party fail to abide by the time limitations as prescribed in subsections (20), (21), and (22), or fail or refuse to make the selection of any arbitrators, or fail to participate in the arbitration hearings, the other party shall make the selection of their arbitrators and proceed to arbitration. The party who has failed or refused to comply as prescribed in this subsection shall be considered to be in default. Any party considered to be in default pursuant to this subsection shall have waived any and all rights the party would have had in the arbitration and shall be considered to have consented to the determination of the arbitration panel. (25) A wholesaler shall not waive any of the rights granted in any provision of this section. Nothing in this section shall be construed to limit or prohibit good faith dispute settlements voluntarily entered into by the parties. (26) A successor to a supplier that continues in business as a brewer, an outstate seller of beer, or a master distributor shall be bound by all terms and conditions of each agreement of the supplier with a wholesaler licensed in this state that were in effect on the date on which the successor received the distribution rights of the previous supplier. (27) This section shall apply to agreements in existence on June 26, 1984, as well as agreements entered into or renewed after that date. (28) If a supplier engages in conduct prohibited under this section, a wholesaler with which the supplier has an agreement may maintain a civil action against the supplier to recover actual damages reasonably incurred as the result of the prohibited conduct. If a wholesaler engages in conduct prohibited under this section, a supplier with which the wholesaler has an agreement may maintain a civil action against the wholesaler to recover actual damages reasonably incurred as the result of the prohibited conduct. (29) A supplier that violates any provision of this section is liable for all actual damages and all court costs and reasonable attorney fees incurred by a wholesaler as a result of that violation. A wholesaler that violates any provision of this section is liable for all actual damages and all court costs and reasonable attorney fees incurred by the supplier as a result of that violation. (30) A supplier or wholesaler may bring an action for declaratory judgment for determination of any controversy arising pursuant to this section. (31) Except as otherwise provided in this section, if a court finds that a supplier has not acted in good faith in effecting an amendment, termination, cancellation, or nonrenewal of any agreement; or has unreasonably withheld its consent to any assignment, transfer, or sale of a wholesaler's business, it may award exemplary damages, as well as actual damages, court costs, and reasonable attorney fees to the wholesaler who has been damaged by the action of the supplier. (32) Upon proper application to the court, a supplier or wholesaler may obtain injunctive relief against any violation of this section. If the court grants injunctive relief or issues a temporary restraining order, bond shall not be required to be posted. (33) The procedure for resolving any violation of subsection (3)(a), (b), (c), (e), (f), (h), (i), (j), (k), (l), or (4) shall be the procedure prescribed by this act and the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. Any other violation of or dispute regarding this section, unless the dispute is resolved pursuant to subsections (18) to (24), shall only be resolved by a civil action in court as provided in this section and not by the commission. The commission shall provide a notification of the ability of the purchaser or transferee to obtain a tax clearance certificate, as provided in subsection (6). Subject to section 906(2) and (3), the commission shall not issue a new on premises license or transfer more than 50% interest in an existing on premises license unless the applicant or transferee offers proof acceptable to the commission that he or she has employed or has present on the licensed premises, at a minimum, supervisory personnel on each shift and during all hours in which alcoholic liquor is served who have successfully completed a server training program described in section 906. The commission may consider an individual enrolled and actively participating in a server training program as having successfully completed the program for the time the individual is participating. The commission may allow an applicant or a conditionally approved licensee at least 180 days, or more on a showing of good cause, to meet the minimum personnel training requirements of this subsection. The commission may suspend the license of a conditionally

approved licensee if that licensee does not comply with this subsection. The commission may waive the server training requirements of this subsection on the basis of either of the following circumstances: (a) The licensee's responsible operating experience or training. (b) The person's demonstration of an acceptable level of responsible operation either as a licensee during the preceding 3 years or as a manager with substantial experience in serving alcoholic liquor. (2) A full-year license issued by the commission expires on April 30 following the date of issuance or the date fixed by the commission. The commission may approve a receiver or trustee appointed by a court of competent jurisdiction to operate the licensed establishment of a licensee. The commission may grant a part-year license for a proportionate part of the license fee specified in section 525. In a resort area the commission shall grant a license for a period of time as short as 3 months. A license may be transferred with the consent of the commission. A class C or specially designated distributor license obtained in a manner other than by transfer must not be transferred within 3 years after it is issued except under circumstances where the licensee clearly and convincingly demonstrates that unusual hardship will result if the transfer does not receive the consent of the commission. An application for a license to sell alcoholic liquor for consumption on the premises, except in a city having a population of 600,000 or more, must be approved by the local legislative body in which the applicant's place of business is located before the license is granted by the commission, except that for an application for renewal of an existing license, if an objection to a renewal has not been filed with the commission by the local legislative body not less than 30 days before the date of expiration of the license, the approval of the local legislative body is not required. If the commission verifies that the licensee who is the subject of the resolution has been found to have committed the violations as prescribed in this subsection, the commission may suspend or revoke the licensee's license and any permit held in conjunction with that license. (4) This act does not prohibit a hotel that is or was the holder of a license authorizing the retail sale of alcoholic liquor for consumption on the premises from applying for and receiving under this act any other and different type of license authorizing the retail sale of alcoholic liquor for consumption on the premises. The application for the license is not considered a new application for a license if the total number of public licenses for consumption on the premises does not exceed the authorized total established in this act and the sale of alcoholic liquor is approved by the electors. The commission may divide the state into 3 zones and establish for each zone an anniversary date for renewal of full-year retail licenses in the licensing year. The commission shall promulgate rules under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, for the effective administration of the renewal of licenses. (b) The business is open for food service not less than 10 hours per day, 5 days a week. (d) The business has dining facilities to seat not less than 25 persons. (e) The business is located in a development district with a population of not more than 50,000, in which the district, after a public hearing, has found that the issuance of the license would prevent further deterioration within the development district and promote economic growth within the development district. (2) If in any licensing year the sale of food for consumption on the premises of the business represents less than 50% of the gross receipts for the business, the commission, after due notice and proper hearing, shall revoke the license issued under subsection (1). (3) A license issued under this section is transferable as to ownership or location only within the development district. (4) As used in this section, "development district" means any of the following: (a) An authority district established under part 3 of the recodified tax increment financing act, 2018 PA 57, MCL 125.4301 to 125.4329. Sec. 521a. (1) In order to allow cities, villages, and townships to enhance the quality of life for their residents and visitors to their communities, the commission may issue public on-premises licenses in addition to those quota licenses allowed in cities, villages, and townships under section 531(1). The commission may issue a license under this section to a business that meets either of the following conditions: (a) Is located in a redevelopment project area meeting the criteria described in subsections (3) and (4) and is engaged in activities determined by the commission to be related to dining, entertainment, or recreation. (b) Is located in a development district or area that is any of the following: (i) An authority district established under part 3 of the recodified tax increment financing act, 2018 PA 57, MCL 125.4301 to 125.4329. per week. (b) Is open to the public not less than 10 hours per day, 5 days per week. (c) Presents verification of redevelopment project area status to the commission that includes the following: (i) A resolution of the governing body of the city, village, or township establishing its status as a redevelopment project area. (iii) An affidavit from the assessor, as certified by the clerk of the city, village, or township, separately stating the amount of investment money expended for manufacturing, industrial, residential, and commercial development within the redevelopment project area of the city, village, or township during the preceding 3 years. (3) Relative to the licenses issued under subsection (1)(a), the amount of commercial investment in the redevelopment project area within the city, village, or township must constitute not less than 25% of the total investment in real and personal property in that redevelopment project area as evidenced by an affidavit of the assessor of the city, village, or township. This subsection does not prevent the city, village, or township from realigning the redevelopment project area in the presentment of verification provided for under subsection (2)(c). (4) In relation to a license issued under subsection (1)(a), an applicant must be located in a city, village, or township that meets at least 1 of the investment requirements of subsection (1)(a) during the 3 years preceding the submission of its application. The total investment in real and personal property in the redevelopment project area within the city, village, or township over the appropriate time period described in this subsection must be at least 1 of the following: (a) Not less than $50,000,000.00 in cities, villages, or townships having a population of 50,000 or more. (5) The commission may issue a license under subsection (1)(a) for each monetary threshold described in subsection (4)(a) and (b), and, after reaching the initial threshold, 1 additional license for each major fraction of the monetary threshold above that original threshold. (6) The following apply to a license issued under subsection (1)(b): (a) The amount expended for new construction, or to rehabilitate or restore the building that housed the licensed premises, must be not less than $75,000.00 over a period of the preceding 5 years or a commitment for a capital investment of at least that amount in the building that houses or will house the licensed premises, that must be expended before the issuance of the license. (b) The total amount of public and private investment in real and personal property within the development district or area must not be less than $200,000.00 over a period of the preceding 5 years as verified to the commission by means of an affidavit from the assessor, as certified by the clerk of the city, village, or township. (c) The licensed business is engaged in dining, entertainment, or recreation, is open to the general public, and has a seating capacity of not less than 25 persons. (7) The commission may issue 1 license under subsection (1)(b) for each monetary threshold described in subsections (6)(a) and (6)(b), or for each major fraction of the monetary threshold. The initial enhanced license fee for a license issued under this section is $20,000.00. (8) The commission shall not transfer a license issued under this section to another location. If the licensee goes out of business, the licensee shall surrender the license to the commission. The governing body of the city, village, or township may approve another applicant within a redevelopment project area described in subsection (1)(a) or development district or area described in subsection (1)(b) to replace a licensee who has surrendered the license issued under this section provided the new applicant's business meets the requirements of this section but without regard to subsections (2)(c), (3), and (4) or subsection (6)(b). (9) The individual signing the application for the license shall state and demonstrate that the applicant attempted to secure an appropriate on-premises escrowed license or quota license issued under section 531 and that, to the best of his or her knowledge, an on-premises escrowed license or quota license issued under section 531 is not readily available within the county in which the applicant proposes to operate. (10) As used in this section: (a) "Escrowed license" means a license in which the rights of the licensee in the license or to the renewal of the license are still in existence and are subject to renewal and activation in the manner provided for in R 436.1107 of the Michigan Administrative Code. (b) "Readily available" means available under a standard of economic feasibility, as applied to the specific circumstances of the applicant, that includes, but is not limited to, the following: (i) The fair market value of the license based on where the applicant will be located, if determinable. (ii) The size and scope of the proposed operation. (iii) The existence of mandatory contractual restrictions or inclusions attached to the sale of the license. History:Add. 2006, Act 501, Imd. Eff. Sec. 522. (1) The commission may issue 1 banquet facility permit to an on-premise licensee, as an extension of that on-premise license, for the serving of alcoholic liquor only on the permitted premises. This section does not limit the number of banquet facility permits that the commission may issue within any local unit of government. The banquet facility shall be used only for scheduled functions and events, shall not have regular meal service, and shall not be generally open to the public. The applicant shall provide documentation that demonstrates a preexisting ownership or lease interest in the banquet facility. (2) The commission shall charge an initial permit issuance fee and, upon renewal of the permit, a permit renewal fee sufficient to cover the cost of administering the issuance and renewal of the permit. The fees shall be $600.00. (3) The banquet facility permit expires on the same date as the on-premise license and may be renewed in conjunction with that license. The commission shall issue the permit only to a licensee to which the following apply: (a) The licensee does not have a record of any prior offenses or violations that the commission considers to be of such a nature as to pose a threat to the general public if a permit is issued. (b) The licensee has demonstrated to the commission that at least 50% of the gross receipts of the on-premise license are derived from the sale of food and nonalcoholic beverages prepared for consumption on the licensed premises. (4) The licensee shall apply on forms provided by the commission

and provide information considered necessary by the commission to protect the public interest and welfare including, but not limited to, a diagram of the premises and evidence that the premises meets local safety, building, and health codes. (5) The commission shall not issue a banquet facility permit unless issuance is approved through adoption of a resolution of the legislative body of the local unit of government within which the permitted facility is located. Sec. 523. (1) A person who holds or whose spouse holds, either by appointment or election, a public office which involves the duty to enforce any of the penal laws of the United States, or the penal laws of this state, or a penal ordinance or resolution of any municipal subdivision of the state, except civil defense volunteer police, mayors or council members of cities, or village presidents, or mayors of home rule cities whose law enforcement authority under the city charter is restricted to emergency situations, or the state treasurer of this state when acting in the capacity of custodian of the assets of the state retirement systems created by the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1437; the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69; the state police retirement act of 1986, 1986 PA 182, MCL 38.1601 to 38.1675; and the judges retirement act of 1992, 1992 PA 234, MCL 38.2101 to 38.2670, and members of these state retirement systems only if the state treasurer makes an investment in the name of the respective retirement system to which the members belong, must not be issued a license, or have an interest, directly or indirectly, in a license if the activity regulated by the license occurs in the same local unit of government within which the person enforces those state or local penal laws unless the official is contractually prohibited from enforcing this act. This subsection does not apply to a spouse of an appointed or elected official holding an office which involves the duty to enforce a penal law described in this subsection if the spouse held a license or an interest in a license for not less than 3 years before marrying the appointed or elected official or if the spouse has voting rights in a public or private club holding the license, which voting rights are derived from ownership of shares to the club, and the spouse participates as a member in good standing of the public or private club or of an advisory board but does not participate in the day-to-day operation of the club. For a licensee excepted from the general prohibition under this section, the commission may periodically review all circumstances of the licensee and his or her spouse regarding the exception. The commission may review and monitor any complaints it receives regarding inappropriate enforcement of this act by or against a person excepted from this section. However, a nonprofit fraternal organization incorporated under the laws of this state, whose membership is not totally composed of law enforcement personnel or public officeholders charged with the duty of enforcing any penal laws or ordinances of a governmental body, may be issued a club liquor license if the organization is otherwise qualified. (2) As used in this section, "law enforcement personnel" does not include the mayor of a city or the state treasurer of this state when acting in the capacity of custodian of the assets of the state retirement systems created by the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1437, the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69, the state police retirement act of 1986, 1986 PA 182, MCL 38.1601 to 38.1675, and the judges retirement act of 1992, 1992 PA 234, MCL 38.2101 to 38.2670, and members of these state retirement systems only if the state treasurer makes an investment in the name of the respective retirement system to which the members belong. Clubs shall submit a list of members by an affidavit 30 days before the closing of the license year. The affidavit must be used only for determining the license fees to be paid under this subdivision. This subdivision does not prevent the commission from checking a membership list and making its own determination from the list or otherwise. The list of members and additional members is not required of a club paying the maximum fee. The maximum fee must not exceed $750.00 for any 1 club. (q) Warehousers, to be fixed by the commission with a minimum fee for each warehouse of $50.00. (r) Special licenses, a fee of $50.00 per day, except that the fee for the license or permit issued to a bona fide nonprofit association, organized and in continuous existence for 1 year before the filing of its application, is $25.00. An outstate self-distributor must pay $50.00 for each motor vehicle used for delivery of alcoholic liquor to retailers under sections 203(20), 203a, or 203b. (2) The fees provided in this act for the various types of licenses must not be prorated for a portion of the effective period of the license. Notwithstanding subsection (1), the initial license fee for a license issued under section 531(3) or (4) is $20,000.00. The renewal license fee is the amount described in subsection (1). However, the commission shall not impose the $20,000.00 initial license fee for applicants whose license eligibility was already approved on July 20, 2005. (3) If the commission requires an applicant to submit fingerprints, the applicant shall have the fingerprints taken by a local law enforcement agency, the department of state police, or any other person qualified to take fingerprints as determined by the department of state police. The applicant shall submit the fingerprints and the appropriate state and federal fees, which shall be borne by the applicant, to the department of state police and the Federal Bureau of Investigation for a criminal history check. After conducting the criminal history check, the department of state police shall provide the commission with a report of the criminal history check. The report must include criminal history record information concerning the person who is the subject of the criminal history check that is maintained by the department of state police. If a criminal arrest fingerprint card is subsequently submitted to the department of state police and matches against a fingerprint that was submitted under this act and stored in its automated fingerprint identification system (AFIS) database, the department of state police shall notify the commission. (4) Except for a resort or resort economic development license issued under section 531(2), (3), (4), or (5) or a license issued under section 521a, the commission shall issue an initial or renewal license not later than 90 days after the applicant files a completed application. The application is considered to be received the date the application is received by an agency or department of this state. If the commission determines that an application is incomplete, the commission shall notify the applicant in writing, or make the information electronically available, within 30 days after receipt of the incomplete application, describing the deficiency and requesting the additional information. The determination of the completeness of an application is not an approval of the application for the license and does not confer eligibility on an applicant determined otherwise ineligible for issuance of a license. The 90-day period is tolled for the following periods under any of the following circumstances: (a) If notice is sent by the commission of a deficiency in the application, until the date all of the requested information is received by the commission. (b) For the time required to complete actions required by a person, other than the applicant or the commission, including, but not limited to, completion of construction or renovation of the licensed premises; mandated inspections by the commission or by any state, local, or federal agency; approval by the legislative body of a local unit of government; criminal history or criminal record checks; financial or court record checks; or other actions mandated by this act or rule or as otherwise mandated by law or local ordinance. (5) If the commission fails to issue or deny a license within the time required by this section, the commission shall return the license fee and shall reduce the license fee for the applicant's next renewal application, if any, by 15%. The failure to issue a license within the time required under this section does not allow the commission to otherwise delay the processing of the application, and the application, on completion, must be placed in sequence with other completed applications received at that same time. The commission shall not discriminate against an applicant in the processing of the application because the license fee was refunded or discounted under this subsection. (6) If, in addition to a completed application under this section, an applicant submits a separate form requesting a conditional license with an acceptable proof of financial responsibility form under section 803, an executed property document, and, for an application to transfer the location of an existing retailer license other than specially designated distributor license, a church or

school proximity affidavit on a form prescribed by the commission attesting that the proposed location is not within 500 feet of a church or school building using the method of measurement required under section 503, the commission shall, after considering the arrest and conviction records or previous violation history in the management, operation, or ownership of a licensed business, approve or deny a conditional license. A conditional license issued under subsection (7) must only include any existing permits and approvals held in connection with the license, other than permits or approvals for which the conditional applicant does not meet the requirements in this act or rules promulgated under this act, or permits or approvals that the conditional applicant has requested to cancel as part of the application that serves as the basis for the conditional license. The commission shall not issue a new permit with a conditional license issued under subsection (7). The following applicants may request a conditional license: (a) An applicant seeking to transfer ownership of an existing retailer license at the same location to sell alcoholic liquor for consumption on or off the premises. (b) An applicant seeking to transfer the ownership and location of an existing retailer license, other than a specially designated distributor license, to sell alcoholic liquor for consumption on or off the premises. (c) An applicant seeking a new specially designated merchant license, other than a specially designated merchant license issued under section 533(6), not to be held in conjunction with a license for the sale of alcoholic liquor for consumption on the premises. (7) The commission shall issue a conditional license to applicants approved under subsection (6) within 20 business days after receipt of a completed application and a completed conditional license request form and documentation for a conditional license at a single location. The commission may take up to 30 business days to issue conditional licenses to approved applicants seeking conditional licenses at multiple locations. However, for an applicant described under this subsection that is seeking a specially designated merchant license under section 533(7), the commission may take up to 45 business days to issue a conditional license. Notwithstanding the applicant's submission of a church or school proximity affidavit under subsection (6), if the commission determines that a conditional license in conjunction with an application to transfer the location of an existing retailer license has been issued under this subsection at a proposed location that is within 500 feet of a church or school building, the commission shall suspend the conditional license and notify the church or school of the proposed location under the rules promulgated under this act. If the commission issues a conditional license under this subsection based on a church or school proximity affidavit under subsection (6) without knowledge that the representations included in the affidavit are incorrect, this state is not liable to any person for the commission's issuance of the conditional license. The commission may assume without inquiry the existence of the facts contained in the affidavit. (8) A conditional license approved under subsection (6) and issued under subsection (7) is nontransferable and nonrenewable. A conditional licensee is required to comply with the server training requirements in section 501(1) beginning on the date a conditional license is issued under subsection (7) regardless of whether the conditional licensee is actively operating under the conditional license. (9) A conditional license approved under subsection (6) and issued under subsection (7) expires when the first of the following occurs: (a) The commission issues an order of denial of the license application that serves as the basis for the conditional license and all administrative remedies before the commission have been exhausted. (b) The commission issues the license under subsection (4) for which the applicant submitted the license application that serves as the basis for the conditional license. (c) The licensee or conditional licensee notifies the commission in writing that the initial or conditional application should be canceled. (d) One year passes after the date the conditional license was issued, notwithstanding any suspension of the conditional license by the commission. (10) If a conditional licensee fails to maintain acceptable proof of its financial responsibility as required under section 803, the commission shall summarily suspend the conditional license under section 92(2) of the administrative procedures act of 1969, 1969 PA 306, MCL 24.292, until the conditional licensee files an acceptable proof of financial responsibility form under section 803. If a conditional license is revoked, the conditional licensee shall not recover from this state or a unit of local government any compensation for property, future income, or future economic loss because of the revocation. (11) On issuing a conditional license under subsection (7), the commission shall, until the conditional license expires under subsection (9), place the existing license under subsection (4) for which the applicant submitted the application that serves as the basis for the conditional license in escrow in compliance with R 436.1107 of the Michigan Administrative Code. If the conditional license expires under subsection (9), an existing licensee may do 1 of the following: (a) Request that the commission release the license from escrow. (b) Keep the license in escrow. The escrow date for compliance with R 436.1107 of the Michigan Administrative Code is the date the conditional license expires. (12) The chair of the commission shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with liquor license issues. The chair of the commission shall include all of the following information in the report concerning the preceding fiscal year: (a) The number of initial and renewal applications the commission received and completed within the 90-day time period described in subsection (4). (b) The number of applications denied. (c) The number of applicants not issued a license within the 90-day time period and the amount of money returned to licensees under subsection (5). 2024 Michigan Compiled LawsChapter 436 - Alcoholic BeveragesAct 58 of 1998 - Michigan Liquor Control Code of 1998 (436.1101 - 436.2303)58-1998-5 - Chapter 5 (436.1501...436.1552)Section 436.1531 - Public License and Resort License; On-Premises Escrowed License; Limitations and Quotas; Additional Licenses for Certain Establishments; License for Certain Events at Public University; Outdoor Stadium; Economic Development Factors; Exceptions as to Certain Veterans and Airports; Special State Census of Local Governmental Unit; Rules; Availability of Transferable Licenses Held in Escrow; On-Premises Escrowed or Quota License; Issuance of Available Licenses; Report; Hotels; Escrowed Specially Designated Distributor License; Transfer; Applicability of Administrative Rule; Definitions.

Sec. 531. (1) The commission shall not issue a public license for the sale of alcoholic liquor for consumption on the premises if the issuance would result in more than 1 license for each 1,500 of population or major fraction of 1,500 population. An on-premises escrowed license issued under this subsection may be transferred, subject to local legislative approval under section 501(2), to an applicant whose proposed operation is located within any local governmental unit in a county in which the escrowed license was located. If the local governmental unit within which the former licensee's premises were located spans more than 1 county, an escrowed license may be transferred, subject to local legislative approval under section 501(2), to an applicant whose proposed operation is located within any local governmental unit in either county. If an escrowed license is activated within a local governmental unit other than that local governmental unit within which the escrowed license was originally issued, the commission shall count that activated license against the local governmental unit originally issuing the license. The quota under this subsection does not bar the right of an existing licensee to renew a license or transfer the license and does not bar the right of an on-premises licensee of any class to reclassify to another class of on-premises license in a manner not in violation of law or this act, subject to the consent of the commission. The upgrading of a license resulting from a request under this subsection is subject to approval by the local governmental unit having jurisdiction. (2) In a resort area, the commission may issue no more than 550 licenses for a period not to exceed 12 months without regard to a limitation because of population and with respect to the resort license the commission, by rule, shall define and classify resort seasons by months and may issue 1 or more licenses for resort seasons without regard to the calendar year or licensing year. (3) In addition to the resort licenses authorized in subsection (2), the commission may issue not more than 5 additional licenses per year to establishments whose business and operation, as determined by the commission, is designed to attract and accommodate tourists and visitors to the resort area, whose primary purpose is not for the sale of alcoholic liquor, and whose capital investment in real property, leasehold improvement, and fixtures for the premises to be licensed is $75,000.00 or more. Further, the commission shall issue 1 license under this subsection per year to an applicant located in a rural area that has a poverty rate, as defined by the latest decennial census, greater than the statewide average, or that is located in a rural area that has an unemployment rate higher than the statewide average for 3 of the 5 preceding years. In counties having a population of less than 50,000, as determined by the last federal decennial census or as determined under subsection (15) and subject to subsection (20) for a class A hotel or a class B hotel, the commission shall not require the establishments to have dining facilities to seat more than 50 persons. The commission may cancel the license if the resort is no longer active or no longer qualifies for the license. Before January 16 of each year the commission shall transmit to the legislature a report giving details as to all of the following: (a) The number of applications received under this subsection. (b) The number of licenses granted and to whom. (c) The number of applications rejected and the reasons they were rejected. (d) The number of the licenses revoked, suspended, or as to which other disciplinary action was taken, the names of the licensees, and the grounds for revocation, suspension, or disciplinary action. (4) In addition to any licenses for the sale of alcoholic liquor for consumption on the premises that may be available in the local governmental unit under subsection (1) and the resort licenses authorized in subsections (2) and (3), the commission may issue not more than 15 resort economic development licenses per year. A person is eligible to apply for a resort economic development

license under this subsection on submitting an application to the commission and demonstrating all of the following: (a) The establishment's business and operation, as determined by the commission, is designed to attract and accommodate tourists and visitors to the resort area. (b) The establishment's primary business is not the sale of alcoholic liquor. (c) The capital investment in real property, leasehold improvement, fixtures, and inventory for the premises to be licensed is in excess of $1,500,000.00. (d) The establishment does not allow or permit casino gambling on the premises. (5) In governmental units having a population of 50,000 or less, as determined by the last federal decennial census or as determined under subsection (15), in which the quota of specially designated distributor licenses, as provided by section 533, has been exhausted, the commission may issue not more than a total of 15 additional specially designated distributor licenses per year to established merchants whose business and operation, as determined by the commission, is designed to attract and accommodate tourists and visitors to the resort area. A specially designated distributor license issued under this subsection may be issued at a location within 2,640 feet of existing specially designated distributor license locations. A specially designated distributor license issued under this subsection does not bar another specially designated distributor licensee from transferring location to within 2,640 feet of that licensed location. A specially designated distributor license issued under section 533 may be located within 2,640 feet of a specially designated distributor license issued under this subsection. The person signing the application for a specially designated distributor license under this subsection shall state that the person attempted to secure an escrowed specially designated distributor license or quota license and that, to the best of the person's knowledge, an escrowed specially designated distributor license or quota license is not readily available within the county in which the applicant for the specially designated distributor license under this subsection proposes to operate. (6) In addition to any licenses for the sale of alcoholic liquor for consumption on the premises that may be available in the local governmental unit under subsection (1), and the resort or resort economic development licenses authorized in subsections (2), (3), and (4), and notwithstanding section 519, the commission may issue not more than 5 additional special purpose licenses in any calendar year for the sale of beer and wine for consumption on the premises. The commission may issue a special purpose license under this subsection only for events that are to be held from May 1 to September 30, are artistic in nature, and that are to be held on the campus of a public university with an enrollment of 30,000 or more students. A special purpose license is valid for 30 days or for the duration of the event for which it is issued, whichever is less. The fee for a special purpose license is $50.00. A special purpose license may be issued only to a corporation that meets all of the following requirements: (a) The corporation is a nonprofit corporation organized under the nonprofit corporation act, 1982 PA 162, MCL 450.2101 to 450.3192. (b) The corporation has a board of directors constituted of members of whom half are elected by the public university at which the event is scheduled and half are elected by the local governmental unit. (c) The corporation has been in continuous existence for not less than 6 years. (7) Notwithstanding the local legislative body approval requirement of section 501(2) and notwithstanding section 519, the commission may issue, without regard to the quota requirement of subsection (1) and with the approval of the governing board of the university, either a tavern or class C license that may be used only for regularly scheduled events at a public university's established outdoor program or festival at a facility on the campus of a public university having a head count enrollment of 10,000 students or more. The commission may issue a license under this subsection only to the governing board of a public university, a person that is the lessee or concessionaire of the governing board of the university, or both. A license issued under this subsection is not transferable as to ownership or location. Except as otherwise provided in this subsection, a license issued under this subsection may not be issued at an outdoor stadium customarily used for intercollegiate athletic events. A license may be issued at an outdoor stadium customarily used for intercollegiate athletic events for not more than 30 consecutive days to a concessionaire of an entity granted exclusive use of a public university's property in conjunction with a hockey game sanctioned by an unincorporated not-for-profit association that operates a major professional ice hockey league consisting of teams located in Canada and in the United States or in conjunction with a professional international soccer match between 2 international soccer clubs as part of a tournament sanctioned by a not-for-profit association that is the governing body for soccer in the United States and organized and promoted by a match agent that is licensed by the international governing body for soccer if the concessionaire has entered into an agreement granting it control of the licensed premises for the purposes of complying with this act and rules promulgated under this act regarding the sale of alcoholic liquor. A nationally televised game between 2 professional hockey teams or 2 professional international soccer clubs played outdoors is considered an established outdoor program for the purposes of this subsection. Notwithstanding any provision of this act or any rule promulgated under this act, a concessionaire obtaining a license under this subsection may share the profits generated from that license with an unincorporated not-for-profit association that operates a major professional ice hockey league consisting of teams located in Canada and in the United States or an affiliated entity under a written contract reviewed by the commission or with a licensed match agent and a promoter that organizes and promotes international soccer matches under a written contract reviewed by the commission. If the established outdoor program is a nationally televised game between 2 professional hockey teams or 2 professional international soccer clubs, the commission may allow the promotion and advertising of alcoholic liquor brands on the campus of a public university where a concessionaire has been issued a license under this subsection for the duration of the license. (8) Notwithstanding the local legislative body approval requirement of section 501(2) and notwithstanding section 519, and subject to subsection (10), the commission may issue to the governing board of a public university, without regard to the quota requirement of subsection (1) and with the approval of the governing board of the university, not more than 5 tavern licenses, 5 class C licenses, or any combination of tavern or class C licenses, not to exceed 5 licenses total, which are not transferrable, that may be used for scheduled events within the public area of a facility on university property that is customarily used for intercollegiate athletic events if all of the following conditions are met: (a) The sales and service of alcoholic liquor conducted under the licenses are conducted by individuals who have successfully completed a server training program as provided

for in section 906 and who are not volunteers for an organization working during an event as part of a fund-raising activity for the organization. (b) Subject to sections 1114 and 1115, the sales and service of alcoholic liquor are limited to 1 hour before the event and while the event is occurring. Consumption of alcoholic liquor purchased on the licensed premises is limited to 1 hour before the event, while the event is occurring, and 30 minutes after the event has ended. (c) The commission issues a separate license for each facility on university property that is customarily used for intercollegiate athletic events. (d) The licensee provides in writing to the commission a list of the dates and times of events for which each license issued will be used at least 2 weeks before the start of the events, subject to the following: (i) The licenses issued under this subsection must not be used for more than 100 days per calendar year in aggregate for all licenses combined for intercollegiate athletic scheduled events. (11) The commission shall not approve an outdoor service area under R 436.1419 of the Michigan Administrative Code for a license issued under subsection (8). The outdoor portion of an outdoor facility on university property that is customarily used for intercollegiate athletic events issued a license under subsection (8) is not considered an outdoor service area. (12) In issuing a resort or resort economic development license under subsection (3), (4), or (5), the commission shall consider economic development factors of the area in issuing licenses to establishments designed to stimulate and promote the resort and tourist industry. The commission shall not transfer a resort or resort economic development license issued under subsection (3), (4), or (5) to another location. If the licensee goes out of business the license must be surrendered to the commission. (13) The limitations and quotas of this section are not applicable to issuing a new license to a veteran of the Armed Forces of the United States who was honorably discharged or released under honorable conditions from the Armed Forces of the United States and who had by forced sale disposed of a similar license within 90 days before or after entering or while serving in the Armed Forces of the United States, as a part of the person's preparation for that service if the application for a new license is submitted for the same governmental unit in which the previous license was issued and within 60 days after the discharge of the applicant from the Armed Forces of the United States. (14) The limitations and quotas of this section are not applicable to issuing a new license or renewing an existing license where the property or establishment to be licensed is situated in or on land on which an airport owned by a county or in which a county has an interest is situated. (15) For purposes of implementing this section a special state census of a local governmental unit may be taken at the expense of the local governmental unit by the federal Census Bureau or the secretary of state under section 6 of the home rule city act, 1909 PA 279, MCL 117.6. The special census must be initiated by resolution of the governing body of the local governmental unit involved. The secretary of state may promulgate additional rules necessary for implementing this section under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. (16) Before granting an approval as required in section 501(2) for a license to be issued under subsection (2), (3), or (4), a local legislative body shall disclose the availability of transferable licenses held in escrow for more than 1 licensing year within that respective local governmental unit. The local governmental unit shall provide public notice of the meeting to consider the granting of the license by the local governmental unit 2 weeks before the meeting. (17) The person signing the application for an on-premises resort or resort economic development license shall state and verify that the person attempted to secure an on-premises escrowed license or quota license and that, to the best of the person's knowledge, an on-premises escrowed license or quota license is not readily available within the county in which the applicant for the on-premises resort or resort economic development license proposes to operate. (18) The commission shall not issue an on-premises resort or resort economic development license if the county within which the resort or resort economic development license applicant proposes to operate has not issued all on-premises licenses available under subsection (1) or if an on-premises escrowed license exists and is readily available within the local governmental unit in which the applicant for the on-premises resort or resort economic development license proposes to operate. Resort or economic development on-premises licenses created under subsection (3) or (4) may not be issued as, or reclassified to, a class G-1 or class G-2 license. (22) An escrowed specially designated distributor license may be transferred, with the consent of the commission, to an applicant whose proposed operation is located within any local governmental unit in a county in which the specially designated distributor license is located. If the local governmental unit within which the escrowed specially designated distributor license is located spans more than 1 county, the

license may be transferred to an applicant whose proposed operation is located within any local governmental unit in either county. If the specially designated distributor license is activated within a local governmental unit other than that local governmental unit within which the specially designated distributor license was originally issued, the commission shall count that activated license against the local governmental unit originally issuing the specially designated distributor license. (b) The price reduction continues for the balance of the 90 days filed by the competition. (5) A manufacturer or wholesaler shall not sell beer at a quantity discount. (6) A net cash price filed under subsection (1) and a price change filed under subsection (2) are exempt from disclosure under section 13 of the freedom of information act, 1976 PA 442, MCL 15.243, until 1 year after the net cash price or price change is filed, as applicable. If a manufacturer or wholesaler charges a split case fee to a retailer, the fee must be at the same per unit rate, nondiscriminatory, and not be based on a sliding scale. A manufacturer or wholesaler shall file with the commission a split case fee charged under this subsection. (13) A manufacturer or wholesaler shall not sell wine, mixed wine drink, and mixed spirit drink at a quantity discount. 2024 Michigan Compiled LawsChapter 436 - Alcoholic BeveragesAct 58 of 1998 - Michigan Liquor Control Code of 1998 (436.1101 - 436.2303)58-1998-7 - Chapter 7 (436.1701...436.1707)Section 436.1701 - Selling or Furnishing Alcoholic Liquor to Minor; Failure to Make Diligent Inquiry; Violation as Misdemeanor; Penalty; Signs; Consumption of Alcoholic Liquor as Cause of Death or Injury; Felony; Enforcement Against Licensee; Consent of Parent or Guardian in Undercover Operation; Defense in Action for Violation; Report; Use of Security Identification Device; Definitions.

Sec. 701. (1) A person shall not sell or furnish alcoholic liquor to a minor. Except as otherwise provided in subsection (2) and subject to subsections (4), (5), and (6), a person who knowingly sells or furnishes alcoholic liquor to a minor, or who fails to make diligent inquiry as to whether the individual is a minor, is guilty of a misdemeanor. A retail licensee or a retail licensee's clerk, agent, or employee who violates this subsection shall be punished in the manner provided for licensees in section 909 except that if the violation is the result of an undercover operation in which the minor received alcoholic liquor under the direction of the state police, the commission, or a local police agency as part of an enforcement action, the retail licensee's clerk, agent, or employee is responsible for a state civil infraction and may be ordered to pay a civil fine of not more than $100.00. Except as otherwise provided in subsection (2), an individual who is not a retail licensee or a retail licensee's clerk, agent, or employee and who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than $1,000.00 and imprisonment for not more than 60 days for a first offense, a fine of not more than $2,500.00 and imprisonment for not more than 90 days for a second or subsequent offense, and may be ordered to perform community service. A suitable sign describing the content of this section and the penalties for its violation must be posted in a conspicuous place in each room where alcoholic liquor is sold. The commission shall approve and furnish a sign under this section. (2) An individual who is not a retail licensee or the retail licensee's clerk, agent, or employee and who violates subsection (1) is guilty of a felony, punishable by imprisonment for not more than 10 years or a fine of not more than $5,000.00, or both, if the subsequent consumption of the alcoholic liquor by the minor is a direct and substantial cause of the minor's death or an accidental injury that causes the minor's death. (3) If a violation occurs in an establishment that is licensed by the commission for consumption of alcoholic liquor on the licensed premises, a person who is a licensee or the clerk, agent, or employee of a licensee must not be charged with a violation of subsection (1) or section 801(1) unless the licensee or the clerk, agent, or employee of the licensee knew or should have reasonably known with the exercise of due diligence that a minor possessed or consumed alcoholic liquor on the licensed premises and the licensee or clerk, agent, or employee of the licensee failed to take immediate corrective action. (4) If the enforcing agency involved in the violation is the state police or a local police agency, a licensee must not be charged with a violation of subsection (1) or section 801(1) unless all of the following occur, if applicable: (a) Enforcement action is taken against the minor who purchased or attempted to purchase, consumed or attempted to consume, or possessed or attempted to possess alcoholic liquor. However, subsection (4) does not apply if the minor against whom enforcement action is taken under section 703, the clerk, agent, or employee of the licensee who directly sold or furnished alcoholic liquor to the minor, or the individual 21 years of age or older who sold or furnished alcoholic liquor to the minor is not alive or is not present in this state at the time the licensee is charged. Subsection (4)(a) does not apply under either of the following circumstances: (a) The violation of subsection (1) is the result of an undercover operation in which the minor purchased or

received alcoholic liquor under the direction of the person's employer and with the prior approval of the local prosecutor's office as part of an employer-sponsored internal enforcement action. (b) The violation of subsection (1) is the result of an undercover operation in which the minor purchased or received alcoholic liquor under the direction of the state police, the commission, or a local police agency as part of an enforcement action. (6) Any initial or contemporaneous purchase or receipt of alcoholic liquor by the minor under subsection (5)(a) or (b) must have been under the direction of the state police, the commission, or the local police agency and must have been part of the undercover operation. (7) If a minor participates in an undercover operation in which the minor is to purchase or receive alcoholic liquor under the supervision of a law enforcement agency, his or her parents or legal guardian shall consent to the participation if the minor is less than 18 years of age. (8) In an action for the violation of this section, proof that the defendant or the defendant's agent or employee demanded and was shown, before furnishing alcoholic liquor to a minor, a motor vehicle operator's or chauffeur's license, a military identification card, or other bona fide documentary evidence of the age and identity of that person, is a defense to an action brought under this section. (9) The commission shall provide, on an annual basis, a written report to the department of state police as to the number of actions heard by the commission involving violations of this section and section 801(1). The commission shall include in the report the disposition of each action and figures representing all of the following categories: (a) Decoy operations. (b) Off-premises violations. (c) On-premises violations. (d) Repeat offenses within the 3 years preceding the date of the report. A court may order a minor under this subdivision to participate in substance use disorder services as defined in section 6230 of the public health code, 1978 PA 368, MCL 333.6230, and designated by the administrator of the office of substance abuse services, and may order the minor to perform community service and to undergo substance abuse screening and assessment at his or her own expense as described in subsection (5). A minor may be found responsible or admit responsibility only once under this subdivision. (b) If a violation of this subsection occurs after 1 prior judgment, the minor is guilty of a misdemeanor. A misdemeanor under this subdivision is punishable by imprisonment for not more than 30 days if the court finds that the minor violated an order of probation, failed to successfully complete any treatment, screening, or community service ordered by the court, or failed to pay any fine for that conviction or juvenile adjudication, or by a fine of not more than $200.00, or both. A court may order a minor under this subdivision to participate in substance use disorder services as defined in section 6230 of the public health code, 1978 PA 368, MCL 333.6230, and designated by the administrator of the office of substance abuse services, to perform community service, and to undergo substance abuse screening and assessment at his or her own expense as described in subsection (5). (c) If a violation of this subsection occurs after 2 or more prior judgments, the minor is guilty of a misdemeanor. A misdemeanor under this subdivision is punishable by imprisonment for not more than 60 days, if the court finds that the minor violated an order of probation, failed to successfully complete any treatment, screening, or community service ordered by the court, or failed to pay any fine for that conviction or juvenile adjudication, or by a fine of not more than $500.00, or both, as applicable. A court may order a minor under this subdivision to participate in substance use disorder services as defined in section 6230 of the

public health code, 1978 PA 368, MCL 333.6230, and designated by the administrator of the office of substance abuse services, to perform community service, and to undergo substance abuse screening and assessment at his or her own expense as described in subsection (5). (2) An individual who furnishes fraudulent identification to a minor or, notwithstanding subsection (1), a minor who uses fraudulent identification to purchase alcoholic liquor, is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $100.00, or both. (3) If an individual who pleads guilty to a misdemeanor violation of subsection (1)(b) or offers a plea of admission in a juvenile delinquency proceeding for a misdemeanor violation of subsection (1)(b), the court, without entering a judgment of guilt in a criminal proceeding or a determination in a juvenile delinquency proceeding that the juvenile has committed the offense and with the consent of the accused, may defer further proceedings and place the individual on probation. The terms and conditions of that probation include, but are not limited to, the sanctions set forth in subsection (1)(c), payment of the costs including minimum state cost as provided for in section 18m of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.18m, and section 1j of chapter IX of the code of criminal procedure, 1927 PA 175, MCL 769.1j, and the costs of probation as prescribed in section 3 of chapter XI of the code of criminal procedure, 1927 PA 175, MCL 771.3. If a court finds that an individual violated a term or condition of probation or that the individual is utilizing this subsection in another court, the court may enter an adjudication of guilt, or a determination in a juvenile delinquency proceeding that the individual has committed the offense, and proceed as otherwise provided by law. If an individual fulfills the terms and conditions of probation, the court shall discharge the individual and dismiss the proceedings. A discharge and dismissal under this section is without adjudication of guilt or without a determination in a juvenile delinquency proceeding that the individual has committed the offense and is not a conviction or juvenile adjudication for purposes of disqualifications or disabilities imposed by law on conviction of a crime. An individual may obtain only 1 discharge and dismissal under this subsection. The court shall maintain a nonpublic record of the matter while proceedings are deferred and the individual is on probation and if there is a discharge and dismissal under this subsection. The secretary of state shall retain a nonpublic record of a plea and of the discharge and dismissal under this subsection. These records shall be furnished to any of the following: (a) To a court, prosecutor, or police agency on request for the purpose of determining if an individual has already used this subsection. (b) To the department of corrections, a prosecutor, or a law enforcement agency, on the department's, a prosecutor's, or a law enforcement agency's request, subject to all of the following conditions: (i) At the time of the request, the individual is an employee of the department of corrections, the prosecutor, or the law enforcement agency, or an applicant for employment with the department of corrections, the prosecutor, or the law enforcement agency. (ii) The record is used by the department of corrections, the prosecutor, or the law enforcement agency only to determine whether an employee has violated his or her conditions of employment or whether an applicant meets criteria for employment. (4) A misdemeanor violation of subsection (1) successfully deferred, discharged, and dismissed under subsection (3) is considered a prior judgment for the purposes of subsection (1)(c). (5) A court may order an individual found responsible for or convicted of violating subsection (1) to undergo screening and assessment by a person or agency as designated by the department-designated community mental health entity as defined in section 100a of the mental health code, 1974 PA 258, MCL 330.1100a, to determine whether the individual is likely to benefit from rehabilitative services, including alcohol or drug education and alcohol or drug treatment programs. A court may order an individual subject to a misdemeanor conviction or juvenile adjudication of, or placed on probation regarding, a violation of subsection (1) to submit to a random or regular preliminary chemical breath analysis. The parent, guardian, or custodian of a minor who is less than 18 years of age and not emancipated under 1968 PA 293, MCL 722.1 to 722.6, may request a random or regular preliminary chemical breath analysis as part of the probation. (6) A peace officer who has reasonable cause to believe a minor has consumed alcoholic liquor or has any bodily alcohol content may request that individual to submit to a preliminary chemical breath analysis. If a minor does not consent to a preliminary chemical breath analysis, the analysis must not be administered without a court order, but a peace officer may seek to obtain a court order. The results of a preliminary chemical breath analysis or other acceptable blood alcohol test are admissible in a state civil infraction proceeding or criminal prosecution to determine if the minor has consumed or possessed alcoholic liquor or had any bodily alcohol content. (7) A law enforcement agency, on determining that an individual who is less than 18 years of age and not emancipated under 1968 PA 293, MCL 722.1 to 722.6, allegedly consumed, possessed, or purchased alcoholic liquor, attempted to consume, possess, or purchase alcoholic liquor, or had any bodily alcohol content in violation of subsection (1) shall notify the parent or parents, custodian, or guardian of the individual as to the nature of the violation if the name of a parent, guardian, or custodian is reasonably ascertainable by the law enforcement agency. The law enforcement agency shall notify the parent, guardian, or custodian not later than 48 hours after the law enforcement agency determines that the individual who allegedly violated subsection (1) is less than 18 years of age and not emancipated under 1968 PA 293, MCL 722.1 to 722.6. The law enforcement agency may notify the parent, guardian, or custodian by any means reasonably calculated to give prompt actual notice including, but not limited to, notice in person, by telephone, or by first-class mail. If an individual less than 17 years of age is incarcerated for violating subsection (1), his or her parents or legal guardian must be notified immediately as provided in this subsection. (8) This section does not prohibit a minor from possessing alcoholic liquor during regular working hours and in the course of his or her employment if employed by a person licensed by this act, by the commission, or by an agent of the commission, if the alcoholic liquor is not possessed for his or her personal consumption. (9) The following individuals are not considered to be in violation of subsection (1): (a) A minor who has consumed alcoholic liquor and who voluntarily presents himself or herself to a health facility or agency for treatment or for observation including, but not limited to, medical examination and treatment for any condition arising from a violation of sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.520b to 750.520g, committed against a minor. (b) A minor who accompanies an individual who meets both of the following criteria: (i) Has consumed alcoholic liquor. (ii) Voluntarily presents himself or herself

to a health facility or agency for treatment or for observation including, but not limited to, medical examination and treatment for any condition arising from a violation of sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.520b to 750.520g, committed against a minor. (c) A minor who initiates contact with a peace officer or emergency medical services personnel for the purpose of obtaining medical assistance for a legitimate health care concern. (10) If a minor who is less than 18 years of age and who is not emancipated under 1968 PA 293, MCL 722.1 to 722.6, voluntarily presents himself or herself to a health facility or agency for treatment or for observation as provided under subsection (9), the health facility or agency shall notify the parent or parents, guardian, or custodian of the individual as to the nature of the treatment or observation if the name of a parent, guardian, or custodian is reasonably ascertainable by the health facility or agency. (11) This section does not limit the civil or criminal liability of a vendor or the vendor's clerk, servant, agent, or employee for a violation of this act. (12) The consumption of alcoholic liquor by a minor who is enrolled in a course offered by an accredited postsecondary educational institution in an academic building of the institution under the supervision of a faculty member is not prohibited by this act if the purpose of the consumption is solely educational and is a requirement of the course. (13) The consumption by a minor of sacramental wine in connection with religious services at a church, synagogue, or temple is not prohibited by this act. (14) Subsection (1) does not apply to a minor who participates in either or both of the following: (a) An undercover operation in which the minor purchases or receives alcoholic liquor under the direction of the person's employer and with the prior approval of the local prosecutor's office as part of an employer-sponsored internal enforcement action. (b) An undercover operation in which the minor purchases or receives alcoholic liquor under the direction of the state police, the commission, or a local police agency as part of an enforcement action unless the initial or contemporaneous purchase or receipt of alcoholic liquor by the minor was not under the direction of the state police, the commission, or the local police agency and was not part of the undercover operation. (15) The state police, the commission, or a local police agency shall not recruit or attempt to recruit a minor for participation in an undercover operation at the scene of a violation of subsection (1), section 701(1), or section 801(1). (16) In a prosecution for the violation of subsection (1) concerning a minor having any bodily alcohol content, it is an affirmative defense that the minor consumed the alcoholic liquor in a venue or location where that consumption is legal. (17) As used in this section: (a) "Any bodily alcohol content" means either of the following: (i) An alcohol content of 0.02 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine. (ii) Any presence of alcohol within a person's body resulting from the consumption of alcoholic liquor, other than consumption of alcoholic liquor as a part of a generally recognized religious service or ceremony. (b) "Emergency medical services personnel" means that term as defined in section 20904 of the public health code, 1978 PA 368, MCL 333.20904. (c) "Health facility or agency" means that term as defined in section 20106 of the public health code, 1978 PA 368, MCL 333.20106. (d) "Prior judgment" means a conviction, juvenile adjudication, finding of responsibility, or admission of responsibility for any of the following, whether under a law of this state, a local ordinance substantially corresponding to a law of this state, a law of the United States that substantially corresponds to a law of this state, or a law of another state that substantially corresponds to a law of this state: (i) This section or section 701 or 707. (ii) Section 624a, 624b, or 625 of the Michigan vehicle code, 1949 PA 300, MCL 257.624a, 257.624b, and 257.625. Sec. 707. (1) A vendor shall not sell, serve, or furnish any alcoholic liquor to an individual in an intoxicated condition. (2) A licensee shall not allow an individual who is in an intoxicated condition to consume alcoholic liquor on the licensed premises. (3) A licensee, or the clerk, servant, agent, or employee of a licensee, shall not be in an intoxicated condition on the licensed premises. (4) A licensee shall not allow an intoxicated individual to frequent or loiter on the licensed premises except if the intoxicated individual has been refused service of further alcoholic liquor and remains on the premises for the purpose of eating food, seeking medical attention, or arranging transportation that does not involve driving himself or herself, or in any other circumstances where requiring

the individual to vacate the premises immediately would be considered dangerous to the individual or to the public. (5) A licensee shall not allow a minor to consume alcoholic liquor or to possess alcoholic liquor for personal consumption on the licensed premises. (6) An off-premises licensee shall not allow an individual less than 18 years of age to sell or serve alcoholic liquor. (7) Subject to section 15 of the youth employment standards act, 1978 PA 90, MCL 409.115, an on-premises licensee may allow an individual who is 17 years of age to sell or serve alcoholic liquor if both of the following conditions are met: (a) The individual has completed a server training program as provided for in section 906 and the rules promulgated by the commission. (b) During the individual's shift, the on-premises licensee has supervisory personnel as required under section 906 who are 18 years of age or older. (8) Except as otherwise provided in this section, a licensee shall not allow an individual less than 18 years of age to work or entertain on a paid or voluntary basis on the licensed premises unless the individual is employed in compliance with the youth employment standards act, 1978 PA 90, MCL 409.101 to 409.124. This subsection does not apply to an entertainer under the direct supervision and control of his or her parent or legal guardian. (9) This section does not prohibit a wholesaler's employee who is 16 years of age or older from doing any of the following: (a) Building a display of those brands that are represented or sold by the wholesaler for an off-premises retailer. (b) Marking the price on those brands that are represented or sold by the wholesaler for an off-premises retailer. (c) Rotating brands that are represented or sold by the wholesaler for an off-premises retailer. 2024 Michigan Compiled LawsChapter 436 - Alcoholic BeveragesAct 58 of 1998 - Michigan Liquor Control Code of 1998 (436.1101 - 436.2303)58-1998-8 - Chapter 8 (436.1801...436.1815)Section 436.1801 - Granting or Renewing License; Selling, Furnishing, or Giving Alcoholic Liquor to Minor or to Person Visibly Intoxicated; Right of Action for Damage or Personal Injury; Actual Damages; Institution of Action; Notice; Survival of Action; General Reputation as Evidence of Relation; Separate Actions by Parents; Commencement of Action Against Retail Licensee; Indemnification; Defenses Available to Licensee; Rebuttable Presumption; Prohibited Causes of Action; Section as Exclusive Remedy for Money Damages Against Licensee; Civil Action Subject to Revised Judicature Act.

Sec. 801. (1) A retail licensee shall not directly, individually, or by a clerk, agent, or servant sell, furnish, or give alcoholic liquor to a minor except as otherwise provided in this act. A retail licensee shall not directly or indirectly, individually or by a clerk, agent, or servant sell, furnish, or give alcoholic liquor to an individual who is visibly intoxicated. (2) Except as otherwise provided in this section, an individual who suffers damage or who is personally injured by a minor or visibly intoxicated person by reason of the unlawful selling, giving, or furnishing of alcoholic liquor to the minor or visibly intoxicated person, if the unlawful sale is proven to be a proximate cause of the damage, injury, or death, or the spouse, child, parent, or guardian of that individual, has a right of action in his or her name against the person who by selling, giving, or furnishing the alcoholic liquor has caused or contributed to the intoxication of the person or who has caused or contributed to the damage, injury, or death. In an action under this section, the plaintiff has the right to recover actual damages in a sum of not less than $50.00 in each case in which the court or jury determines that intoxication was a proximate cause of the damage, injury, or death. (3) An action under this section must be instituted within 2 years after the injury or death. A plaintiff seeking damages under this section shall give written notice to all defendants within 120 days after entering an attorney-client relationship for the purpose of pursuing a claim under this section. Failure to give written notice within the time specified is grounds for dismissal of a claim as to any defendants that did not receive that notice unless sufficient information for determining that a retail licensee might be liable under this section was not known and could not reasonably have been known within the 120 days. In the event of the death of either party, the right of action under this section survives to or against his or her personal representative. In each action by a husband, wife, child, or parent, the general reputation of the relation of husband and wife or parent and child is prima facie evidence of the relation, and the amount recovered by either the husband, wife, parent, or child is his or her sole and separate property. The damages, together with the costs of the action, must be recovered in an action under this section. If the parents of the individual who suffered damage or who was personally injured are entitled to damages under this section, the father and mother may sue separately, but recovery by 1 is a bar to action by the other. (4) An action under this section against a retail licensee must not be commenced unless the minor or the alleged intoxicated person is a named defendant in the action and is retained in the action until the litigation is concluded by trial or settlement. (5) Any licensee subject to subsection (2) regarding the unlawful selling, furnishing, or giving of alcoholic liquor to a visibly intoxicated person has the right to full indemnification from the alleged visibly intoxicated person for all damages awarded against the licensee. (6) All defenses of the alleged visibly intoxicated person or the minor are available to the licensee. In an action alleging the unlawful sale of alcoholic liquor to a minor, proof that the defendant retail licensee or the defendant's agent or employee demanded and was shown a Michigan driver license or official state personal identification card, appearing to be genuine and showing that the minor was at least 21 years of age, is a defense to the action. (7) There is a rebuttable presumption that a retail licensee, other than the retail licensee who last sold, gave, or furnished alcoholic liquor to the minor or the visibly intoxicated person, has not committed any act giving rise to a cause of action under subsection (2). (8) The alleged visibly intoxicated person does not have a cause of action under this section and a person does not have a cause of action under this section for the loss of financial support, services, gifts, parental training, guidance, love, society, or companionship of the alleged visibly intoxicated person. (9) This section provides the exclusive remedy for money damages against a licensee arising out of the selling, giving, or furnishing of alcoholic liquor to a minor or intoxicated person. (10) Except as otherwise provided for under this section and section 815, a civil action under subsection (2)

against a retail licensee is subject to the revised judicature act of 1961, 1961 PA 236, MCL 600.101 to 600.9947. History:1998, Act 58, Imd. Eff. Apr. 14, 1998 ;-- Am. 2008, Act 11, Imd. Eff. Sec. 803. (1) Before the renewal or approval and granting of a retail license, a retail licensee or applicant for a retail license shall file with the commission proof of financial responsibility providing security for liability under section 801(2) of not less than $50,000.00. The proof of financial responsibility may be in the form of cash, unencumbered securities, a policy or policies of liquor liability insurance, a constant value bond executed by a surety company authorized to do business in this state, or membership in a group self-insurance pool authorized by law that provides security for liability under section 801. (2) A licensee may furnish proof of financial responsibility that exceeds the requirements of this section. (3) An insurer under a policy or policies of liquor liability insurance or a surety under a bond must not be named as a defendant in an action brought against the insured or bonded licensee for liability under section 801. Bankruptcy of the insured does not discharge an insurer or surety under this section from liability. Insurance policies and bonds issued for purposes under this section must continue from year to year unless sooner canceled by the insurer. (4) An insured retail licensee shall not cancel a liquor liability insurance policy except upon 30 days' prior written notice to the commission and unless new proof of financial responsibility complying with this section is procured by the retail licensee and delivered to the commission before the expiration of the 30-day period. The commission shall revoke the license of a retail licensee that violates this subsection. (5) This section does not apply to a special licensee or applicant for a special license. (6) The commission shall promulgate rules under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to implement and enforce this section. History:1998, Act 58, Imd. Eff. Sec. 805. If an action is instituted against a retailer as defendant in any court of competent jurisdiction to enforce the liability provided in section 801 and service of process has not been effected in the manner provided for by law, and either the sheriff or constable to whom process has been delivered for service shall make return that he or she has not been able to serve the defendant for a period of 30 days, in which period he or she has made 3 or more attempts to serve the defendant at his or her residence or place of business, or the plaintiff or another person with knowledge of the facts files an affidavit in the cause stating that the defendant has ceased to be a resident of the state of Michigan or has been absent from the state for a continuous period of 6 months, then it shall be competent for the plaintiff to cause service of process to be made upon the defendant by service of the process upon the commission, the liability for which suit is brought arose during the period in which the defendant was a licensed retailer and was insured under the provisions of section 803. Such service of process shall be made in duplicate on the commission, and return showing such service shall be made to the court. The commission shall mail a copy of the process served upon it to the defendant at the address shown in the consent to service of process, and shall immediately transmit to the clerk of the court in which the action is pending an acknowledgment of the mailing of the copy of that process by the commission to the defendant. Whenever the foregoing provisions of this section have been complied with, the court may proceed to hear and determine the matter as fully and effectually as though the defendant retailer had been personally served with process within the jurisdiction of the court. The commission shall also notify the insurer under the liability policy of the defendant, on file with the commission, that the commission has received service of that process, stating the names of the parties to the action and the court in which the action is pending. If the defendant retailer is deceased, service of process may be made upon the executor or administrator of the deceased defendant by service on the commission, in an action in which that service would be authorized by this section upon the defendant if he or she were living, in the manner provided in this section. Sec. 815. (1) In defense of a civil action under section 801, a retail licensee may present evidence that, at the time of the selling, giving, or furnishing of the alcoholic liquor, the retail licensee was adhering to responsible business practices. Responsible business practices are those business policies, procedures, and actions which an ordinarily prudent person would follow in like circumstances. The compensating of an employee of an on-premises retail licensee on a commission basis constitutes an unreasonable business practice for purposes of this section. Sec. 901. (1) A person, directly or indirectly, himself or herself or by his or her clerk, agent, or employee, shall not manufacture, manufacture for sale, sell, offer or keep for sale, barter, furnish, import, import for sale, transport for hire, transport, or possess any alcoholic liquor unless the person complies with this act. (2) A licensee shall not allow unlawful gambling on the licensed premises

and shall not allow on the licensed premises any gaming devices prohibited by law. (3) A licensee shall not sell, offer or keep for sale, furnish, possess, or allow a customer to consume alcoholic liquor that is not authorized by the license issued to the licensee by the commission. (4) A person, whether or not a licensee, shall not sell, deliver, or import spirits unless the sale, delivery, or importation is made by the commission, the commission's authorized agent or distributor, an authorized distribution agent certified by order of the commission, a person licensed by the commission, or by prior written order of the commission. A person who violates this subsection is subject to the sanctions and penalties contained in section 909(4) and, in the case of a violation of section 909(4)(a), is subject to forfeiture of proceeds or an instrumentality as provided for in chapter XXVA of the Michigan penal code, 1931 PA 328, MCL 750.159f to 750.159x. (5) A licensee shall not sell or furnish alcoholic liquor to a person who maintains, operates, or leases premises that are not licensed by the commission and upon which other persons unlawfully engage in the sale or consumption of alcoholic liquor for consideration as prohibited by section 913. (6) A retail licensee shall not, on his or her licensed premises, sell, offer for sale, accept, furnish, possess, or allow the consumption of alcoholic liquor that has not been purchased by the retail licensee from the commission, the commission's authorized agent or distributor, an authorized distribution agent certified by order of the commission, or a licensee of the commission authorized to sell that alcoholic liquor to a retail licensee. This subsection does not apply to the consumption of alcoholic liquor in the bedrooms or suites of registered guests of licensed hotels or in the bedrooms or suites of bona fide members of licensed clubs. Sec. 903. (1) The commission or any commissioner or duly authorized agent of the commission designated by the chairperson of the commission, on notice and proper hearing, may suspend or revoke any license on a violation of this act or any of the rules promulgated by the commission under this act. The commission or any commissioner or authorized agent of the commission designated by the chairperson of the commission, may assess a penalty of not more than $300.00 for each violation of this act or rules promulgated under this act, or not more than $1,000.00 for each violation of section 801(1), in addition to or instead of revocation or suspension of the license, which penalty must be paid to the commission and deposited with the state treasurer and must be credited to the general fund of the state. The commission shall hold a hearing and order the suspension or revocation of a license if the licensee has been found liable for 3 or more separate violations of section 801(1) which violations occurred on different occasions within a 24-month period unless the violations for the sale, furnishing, or giving alcoholic liquor to a minor were discovered by the licensee and disclosed to an appropriate law enforcement agency immediately on discovery. A retail licensee who sells, offers to sell, accepts, furnishes, possesses, or allows the consumption of spirits in violation of section 901(6) is subject to an administrative fine of not more than $2,500.00 per occurrence and the following license sanctions after notice and opportunity for an administrative hearing under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328: (a) For a first violation, a license revocation or suspension for between 1 and 30 days. (b) For a second violation, a license revocation or suspension for between 31 and 90 days. (c) For a third or subsequent violation, revocation of the license. (2) The commission shall provide a procedure by which a licensee who is aggrieved by any penalty imposed under subsection (1) and any suspension or revocation of a license ordered by the commission, a commissioner, or a duly authorized agent of the commission may request a hearing for the purpose of presenting any facts or reasons to the commission as to why the penalty, suspension, or revocation should be modified or rescinded. The request must be in writing and accompanied by a fee of $25.00. The commission, after reviewing the record made before a commissioner or an authorized agent of the commission, may allow or refuse to allow the hearing in accordance with the commission's rules. The right to a hearing provided in this subsection, however, must not be interpreted by a court as curtailing, removing, or annulling the right of the commission to suspend or revoke licenses as provided for in this act. A licensee does not have a right of appeal from the final determination of the commission, except by leave of the circuit court. Notice of the order of suspension or revocation of a license or of the assessment of a penalty, or both, must be given in the manner prescribed by the commission. The suspension or revocation of a license or the assessment of a penalty, or both, by the commission or an authorized agent of the commission does not prohibit the institution of a criminal prosecution for a violation of this act. The institution of a criminal prosecution for a violation of this act or the acquittal or conviction of a person for a violation of this act does not prevent the suspension or revocation of a license or the assessment of a penalty, or both, by the commission. In a hearing for the suspension or revocation of a license issued under this act, proof that the defendant licensee or an agent or employee of the licensee demanded and was shown, before furnishing any alcoholic liquor to a minor, a motor vehicle operator or chauffeur license or a registration certificate issued by the federal selective service, or other bona fide documentary evidence of majority and identity of the person, may be offered as evidence in a defense to a proceeding for the suspension or revocation of a license issued under this act. A licensee who has reason to believe that a minor has used fraudulent identification to purchase alcoholic liquor in violation of section 703 shall file a police report concerning the violation with a local law enforcement agency and shall also present the alleged fraudulent identification to the local law enforcement agency at the time of filing the report if the identification is in the possession of the licensee. The commission may promulgate rules under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, regarding the use by licensees of equipment designed to detect altered or forged driver licenses, state identification cards,

and other forms of identification. (3) In addition to the hearing commissioners provided for in section 209, the chairperson of the commission may designate not more than 2 authorized agents to hear violation cases. A person appointed under this subsection must be a member in good standing of the State Bar of Michigan. (4) An authorized agent who has been designated by the chairperson under subsection (3) has, in the hearing of violation cases, the same authority and responsibility as does a hearing commissioner under this act and the rules promulgated under this act. (5) An authorized agent who has been designated by the chairperson under subsection (3) is ineligible for appointment to the commission for a period of 1 year after the person ceases to serve as an authorized agent. (b) For a second violation, a license suspension for between 61 and 120 days. (c) For a third or subsequent violation, revocation of the license. Sec. 906. (1) As used in this section: (a) "Administrator" means a qualifying company, postsecondary educational institution, or trade association authorized by the commission to offer server training programs and instructor certification classes in compliance with this section and to certify to the commission that those persons meet the requirements of this section. This subsection does not apply to special licenses except that the commission may require server training for certain special licensees based upon the size and nature of the licensed event. The commission may adopt the existing standards and programmatic framework of private entities and may delegate nondiscretionary administrative functions to outside private entities. (3) The commission shall establish a program in which the commission designates certain retail licensees, except special licenses, as responsible vendors. The commission may adopt the existing standards and programmatic framework of private entities and may delegate nondiscretionary administrative functions to outside private entities. (4) The commission shall designate as a responsible vendor a retail licensee who makes available to all full-time and part-time retail employees, within 60 days after being hired, a server training program and who is also free of convictions or administrative determinations involving prohibited sales for not less than 12 months before applying for the designation. The designation continues until suspended by the commission. (5) A person may apply to the commission for qualification as an administrator for the offering of server training programs and instructor certification classes. (6) The commission shall approve a curriculum for a server training program presented by a certified instructor in a manner considered by the commission to be adequate that includes, but is not limited to, all of the following topics: (a) The identification of progressive stages of intoxication and the visible signs associated with each stage. (9) A certified instructor who is a licensee or an employee of a licensee may offer server training programs approved by the commission to the employees of the licensee and certify to the commission those persons who successfully completed the program. (10) An on premises licensee whose license was issued or who was the transferee of more than a 50% interest in an on premises license on or after the commencement of the mandatory server training program or an on premises licensee determined by the commission to be in need of training due to the frequency or types of violations of this act involving the serving of alcoholic liquor must have employed or present on the licensed premises, at a minimum, supervisory personnel who have successfully completed a server training program on each shift and during all hours in which alcoholic liquor is served. The administrator shall notify the commission in writing as soon as it determines that the licensee has failed to maintain the standards for server training or has failed to cooperate with the administrator's verification procedure. Upon receipt of such a notice from the administrator, the commission shall suspend the licensee's designation as a responsible vendor. (12) The commission may suspend the designation of a retail licensee as a responsible vendor upon a conviction or administrative determination of a prohibited sale on the licensee's licensed premises. The retail licensee losing such a designation may reapply for designation as a responsible vendor upon the passage of 12 months from the date of the conviction or administrative determination of a prohibited sale if the licensee is not convicted or administratively determined to have engaged in a prohibited sale on the licensed premises. After the first instance of a retail licensee losing its designation as a responsible vendor, that retail licensee is not eligible to reapply for such a designation until an additional 3 months for each subsequent conviction or determination. The 3-month time periods are to be in addition to the 12-month period described in this subsection. Do not remove without State Police authorization." If, upon reinspection, the vehicle defect has not been repaired, replaced, or corrected, the state police official shall remove the yellow sticker and affix a red sticker to the vehicle. Exceptions may be made when the necessary parts or equipment has been ordered but not received at the time of reinspection. Reinspection may take place within 60 days after the original inspection. (4) A school bus that is considered to be in satisfactory condition after inspection by a state police official shall have a Michigan vehicle inspection passing sticker affixed to its windshield. 2024 Michigan Compiled LawsChapter 257 - Motor VehiclesAct 187 of 1990 - The Pupil Transportation Act (257.1801 - 257.1877)Section 257.1855 - Actuation of Alternately Flashing Lights; Procedures for Receiving and Discharging Pupils From Bus; Crossing Road; Prohibited Stops; Instruction on Proper School Bus Etiquette; Reimbursement; "Required to Cross the Roadway" Explained; Visibility.

Sec. 55. (1) A school bus driver shall actuate alternately flashing lights only when the school bus is stopped or stopping on a highway or private road for the purpose of receiving or discharging pupils in the manner provided in this act. A school bus driver shall not actuate the alternately flashing lights when operating on a public highway or private road and transporting passengers primarily other than school pupils. (2) The driver of a school bus while operating upon the public highways or private roadways open to the public shall receive or discharge pupils from the bus in the following manner: (a) If pupils are required to cross the roadway, the driver of a school bus equipped with only the alternately flashing overhead red lights in accordance with section 17 shall activate the alternately flashing overhead red lights not less than 200 feet before the stop, stop the school bus on the roadway or private road to provide for the safety of the pupils being boarded or discharged, and continue to activate the alternately flashing overhead red lights while receiving or discharging pupils. The bus shall stop in the extreme right-hand lane when boarding or discharging pupils. Before resuming motion, the driver shall deactivate these lights and allow congested traffic to disperse where practicable. The deactivation of these lights is the signal for stopped traffic to proceed. (b) If the pupils are required to cross the roadway, the driver of a school bus equipped with red and amber alternately flashing overhead lights in accordance with section 19 shall activate the alternately flashing overhead amber lights not less than 200 feet before the stop, stop the bus on the roadway or private road to provide for the safety of the pupils being boarded or discharged, deactivate the alternately flashing overhead amber lights, and activate the alternately flashing overhead red lights while receiving or discharging pupils. The bus shall stop in the extreme right-hand lane for the purpose of boarding or discharging pupils. Before resuming motion, the driver shall deactivate these lights and allow congested traffic to disperse where practicable. The deactivation of these lights is the signal for stopped traffic to proceed. (c) If the pupils are not required to cross the roadway, the driver of a school bus equipped with only the alternately flashing overhead red lights in accordance with section 17 shall activate the alternately flashing overhead red lights not less than 200 feet before the stop, stop the bus as far off the roadway or private road as practicable to provide for the safety of the pupils being boarded or discharged, and continue to activate the alternately flashing overhead red lights while receiving or discharging pupils. The deactivation of these lights is the signal for stopped traffic to proceed. (d) If the pupils are not required to cross the roadway, the driver of a school bus equipped with red and amber alternately flashing overhead lights in accordance with section 19 shall activate the alternately flashing overhead amber lights not less than 200 feet before the stop, stop the bus as far off the roadway or private road as practicable to provide for the safety of the pupils being boarded or discharged, deactivate the alternately flashing overhead amber lights, and activate the alternately flashing overhead red lights while receiving or discharging pupils. Before resuming motion, the driver shall deactivate these lights and allow congested traffic to disperse where practicable. The deactivation of these lights is the signal for stopped traffic to proceed. (e) If the pupils are not required to cross the roadway and where the road has adequate width for the school bus to be pulled to the far right of or off the roadway or private road allowing traffic to flow and to provide for the safety of pupils being boarded or discharged, the driver shall activate the hazard warning lights before the stop and continue to display the lights until the process of receiving or discharging passengers has been completed if the lawful speed limit is 50 miles

per hour or less. Before resuming motion, the driver shall deactivate these lights. The driver of a school bus shall only use this procedure at stops where the school administrator or person or entity under contract with a school to provide pupil transportation services has approved its use. If this hazard warning light option is not used, the driver shall use the appropriate procedure in subdivision (a), (b), (c), or (d) as if pupils were not required to cross the roadway. (f) Except as provided in subdivision (e), if the pupils are not required to cross the roadway and where the school bus may be pulled off the roadway or private road or where the road has adequate width for the school bus to be pulled off to the far right of the roadway or private road leaving the normal traffic flow unobstructed and to provide for the safety of pupils being boarded or discharged, the driver shall activate the hazard warning lights before the stop and continue to display the lights until the process of receiving or discharging passengers has been completed. Before resuming motion, the driver shall deactivate these lights. The driver of a school bus shall only use this procedure at stops where the school administrator or entity under contract with a school to provide pupil transportation services has approved its use. If this hazard warning light option is not used, the driver shall use the appropriate procedure in subdivision (a), (b), (c), or (d) as if pupils were not required to cross the roadway. (g) The distance of not less than 200 feet required for light activation by this subsection shall be measured on the roadway or private road on which the stop is made for receiving or discharging pupils. (3) Pupils crossing the roadway upon being discharged from a school bus shall cross in front of the stopped school bus. If a school district authorizes its school bus drivers to signal pupils to cross in front of the stopped school bus, the signal shall be uniform throughout the school district. (4) The driver of a school bus shall not stop the bus for the purpose of receiving or discharging pupils in the following instances: (a) Within 200 feet of a public or private roadway intersection unless the stop is approved by the school administrator or entity under contract with a school to provide pupil transportation services. (b) Upon a limited access highway or freeway, or upon any other highway or roadway that has been divided into 2 roadways by leaving an intervening space, a physical barrier, or clearly divided sections so constructed as to impede vehicular traffic if the pupils are required to cross the roadway. (c) Upon a roadway constructed or marked to permit 3 or more separate lanes of vehicular traffic in either direction if the pupils are required to cross the roadway. (5) The driver of a school bus when using the alternately flashing overhead red lights shall not stop the bus on any highway or roadway for the purpose of receiving or discharging pupils under the following conditions: (a) If the lawful speed limit is more than 35 miles per hour and the stopped bus is not clearly and continuously visible to approaching vehicles on that highway or roadway for at least 400 feet. When the distance from the stopped bus to the end of the highway or roadway is less than 400 feet, clear and continuous visibility must be available from the bus to the end of the highway or roadway. (b) If the lawful speed limit is 35 miles per hour or less and the stopped bus is not clearly and continuously visible to approaching vehicles on that highway or roadway, for at least 200 feet. When the distance from the stopped bus to the end of the highway or roadway is less than 200 feet, clear and continuous visibility must be available from the bus to the end of the highway or roadway. (c) Within 50 feet of an intersection if the intersection is controlled by a traffic control signal. (6) A school may provide instruction on proper school bus etiquette which may include, but not be limited to, boarding and leaving the bus, evacuation of the bus in an emergency, and road crossing procedures and the correct hand signal in the district, if any. If a school uses school bus drivers for this instruction, the state board may reimburse the school for this training. (7) For the purpose of this section, "required to cross the roadway" does not include crossing the roadway with the assistance of a traffic control signal, or with the assistance of a school crossing guard as defined in section 57b of the Michigan vehicle code, 1949 PA 300, MCL 257.57b, and applies only to the roadway on which the stop is being made. (8) For purposes of this section, a school bus is clearly and continuously visible if both of the following standards are satisfied: (a) Approaching traffic is able to see the front of a school bus extending from the roofline to and including the headlamps at the distances specified in subsection (5). (b) Approaching traffic is able to see the back of a school bus extending from the roofline to and including the tail lamps and stop lamps at the distances specified in subsection (5). The notice must include the amount of the late renewal fee. (e) A dealer may continue to operate its dealer business after the expiration of its dealer license, pending approval of the renewal application, if the renewal application is delivered in person or mailed to the secretary of state on or before the expiration date of the license. If requested by the department, a dealer that mails an application under this subdivision must provide proof of mailing of the renewal application that is satisfactory to the department. (f) If an application to renew a dealer license is filed with the secretary of state after the

expiration of that license, the dealer may operate its dealer business beginning on the date on which the application is delivered or mailed to the secretary of state, pending approval of the renewal application. If requested by the department, a dealer that mails an application under this subdivision must provide proof of mailing of the renewal application that is satisfactory to the department. A dealer shall pay a renewal fee equal to 150% of the normal renewal fee for a renewal described in this subdivision. (11) Notwithstanding section 235, a dealer may advertise or display to the public a vehicle that the dealer has acquired or that is available to the dealer directly from the manufacturer or distributor or the manufacturer's or distributor's subsidiary or affiliate within a reasonable period of time, even though the dealer is still waiting on possession of the vehicle's title. Such a vehicle, if displayed on the dealer's lot, must be placed in a dedicated area at the dealership and arranged in a manner that clearly separates the vehicle from those available for immediate sale to the public with signage placed on the vehicle indicating the vehicle is not available for final sale until the title is in the possession of the dealer. Sec. 248j. (1) In addition to any other remedies provided by law, if the secretary of state determines that a person has acted as a dealer without a dealer license, he or she may issue the person a verbal or written warning or assess an administrative fine of not more than $5,000.00 for a first violation, and not more than $7,500.00 for each subsequent violation occurring within 7 years of a prior violation. (2) If the secretary of state assesses an administrative fine under subsection (1), the secretary of state shall provide notice of the assessment in writing pursuant to section 212. At a minimum, the notice of assessment shall contain all of the following: (a) A unique identification number. (b) A description of the alleged violation that is the basis for the assessment, including the date the alleged violation occurred and a reference to the specific section or rule alleged to have been violated. (e) A statement indicating that if the alleged violation is contested, the person has a right to request an informal conference before an administrative hearing, accompanied by simple instructions informing the person how to request or waive the informal conference. (3) Not later than 20 days after receiving the written notice of assessment, the alleged violator shall do 1 of the following: (a) Pay the administrative fine to the secretary of state. A payment waives the person's right to an informal conference and an administrative hearing. (b) Request the secretary of state to conduct an informal

conference. (c) Waive the right to an informal conference and request the secretary of state to conduct an administrative hearing. (d) If the person is not a licensed dealer, pay the administrative fine to the secretary of state and submit a properly completed dealer license application to the secretary of state. (4) A person's request for an informal conference or an administrative hearing shall comply with all of the following: (a) Be in writing. (b) Be postmarked or received by the department within 20 days after the date the person received the written notice of assessment. (c) State the name, address, and telephone number of the person requesting the informal conference or administrative hearing. (d) State the written notice of assessment's unique identification number. (e) State the reason for the request. (f) If the request is for an administrative hearing without an informal conference, state the person is waiving his or her right to an informal conference. (5) If the secretary of state receives a request for an informal conference or an administrative hearing that meets all of the conditions prescribed in subsection (4), the secretary of state shall schedule an informal conference or an administrative hearing, as applicable. If the request fails to meet all of the conditions prescribed in subsection (4), the secretary of state may in writing deny the request. A denial shall be served on the person by first-class mail and shall do both of the following: (a) State the reason for the denial. (b) Grant the person 14 days to submit a valid request to the secretary of state. (6) The secretary of state shall conduct an informal conference under this section within 45 days after receiving a valid request for the conference. The secretary of state shall serve upon the alleged violator, by first-class mail not less than 5 days before the conference, a written notice that includes time, place, and date of the informal conference. The notice shall state that the alleged violator may be represented by an attorney at the informal conference. (7) After the informal conference, the secretary of state shall evaluate the validity of the assessment of the administrative fine and affirm, modify, or dismiss the assessment. In making the evaluation, the secretary of state may consider 1 or more of the following: (a) Whether there is reason to believe the alleged violation did in fact occur. (b) The severity of the alleged violation and its impact on the public. (c) The number of prior or related violations by the person. (d) The likelihood of future compliance by the person. (e) Any other considerations the secretary of state considers appropriate. (8) Within 20 days after conducting the informal conference, the secretary of state shall serve upon the person by first-class mail a written statement describing whether the assessment of the administrative fine is affirmed, modified, or dismissed and the basis of the action. If the assessment is affirmed or modified, this statement shall also advise the person that he or she will receive a notice of hearing where the validity of the assessment may be contested or he or she may immediately pay the fine to the secretary of state and that payment of the fine will prevent scheduling of an administrative hearing. (9) A notice of hearing under this section shall be served on the person by first-class mail not less than 5 days before the date scheduled for the administrative hearing and, at a minimum, advise the person of all of the following: (a) The time, place, and date of hearing. (b) That an impartial hearing officer will conduct the hearing and allow the person an opportunity to examine the secretary of state's evidence and present evidence in person or in writing. (c) That the person has a right to be represented by an attorney at the administrative hearing. (d) The common reasons why the secretary of state could dismiss an assessment of an administrative fine. (e) That the hearing officer conducting the administrative hearing will be authorized to do all of the following: (i) Affirm, modify, or dismiss the assessment of an administrative fine. (ii) Correct any errors in the department's records that relate directly to the assessment. (iii) Refer or not refer the fine to the department of treasury for collection. (iv) Take or order any other action or resolution considered appropriate by the hearing officer. (f) That if the department of treasury takes enforcement action against the person, he or she may seek a review in the court of claims. (10) The secretary of state shall conduct an administrative hearing under this section pursuant to the contested case provisions of the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. If an administrative fine assessed under this section is affirmed by the decision of the hearing officer, the hearing officer may assess the person costs of not more than $500.00, to reimburse the secretary of state for proving the validity of the alleged violation, in addition to any other penalties, sanctions, or costs imposed as provided by law. (11) An administrative fine assessed under this section becomes final upon the first to occur of the following: (a) The secretary of state does not receive a valid request for an informal conference or an administrative hearing within the time period described in subsection (4). (b) Twenty days after a person waives his or her right to an administrative hearing. (c) An administrative hearing decision is served upon the person. (12) After a person pays the secretary of state the fine imposed, the secretary of state shall forward the money to the department of treasury for deposit in a separate fund within the general fund. Upon appropriation, this money shall be used first to defray the expense of the secretary of state in administering this chapter. (13) If an administrative fine assessed under this section is not paid within 60 days after it becomes final, the secretary of state may refer the matter to the department of treasury for collection as a state debt through the offset of state tax refunds and may use the services of the department of treasury to levy the salary, wages, or other income or assets of the person as provided by law. (14) Payment of an administrative fine assessed under this section does not constitute an admission of responsibility or guilt by the person. Payment of an administrative fine assessed under this section does not prevent the secretary of state from charging a violation described in the assessment of the administrative fine in a subsequent or concurrent contested case proceeding conducted by the secretary of state pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. (15) If the person submits a properly completed application and appropriate fee for a dealer license within 20 days after an administrative fine under subsection (1) is assessed, and if the secretary of state issues the person a dealer license within 45 days of receiving the properly completed application and fee, the secretary of state shall reduce the amount of the administrative fine by 50%. (16) The secretary of state shall serve a notice, denial, decision, or statement under this section in compliance with section 212. (17) An informal conference under this section is not a compliance conference under section 92 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.292. History:Add. 2002, Act 652, Eff. Sec. 251. (1) Each new vehicle dealer, used vehicle dealer, broker, and wholesaler shall maintain a record in a manner prescribed by the secretary of state of each vehicle of a type subject to titling under this act that is bought, sold, leased, or exchanged by the dealer or received or accepted by the dealer for sale, lease, or exchange. Each dealer, broker, and wholesaler must retain and have in the dealer's, broker's, or wholesaler's immediate possession, or, upon providing prior written notice to the department and receiving the department's approval within 7 business days after the department receives the written notice, at a secondary location owned by the dealer, broker, or wholesaler that is located within a 15-mile radius, each record described in this subsection. (2) Each record must contain the date of the purchase, sale, lease, or exchange or receipt for the purpose of sale, lease, or exchange, a description of the vehicle, the name and address of the seller, the purchaser or lessee, and the alleged owner or other persons from whom the vehicle was purchased or received, or to whom it was sold, leased, or delivered. The record must contain a copy of any odometer mileage statement received by the dealer when the dealer purchased or acquired a vehicle and a copy of the odometer mileage statement furnished by the dealer when the dealer sold, leased, or exchanged the vehicle as prescribed in section 233a. If the vehicle is purchased, sold, leased, or exchanged through a broker, the record must include the broker's name and dealer license number and the amount of the broker's fee, commission, compensation, or other valuable consideration paid by the purchaser or lessee or paid by the dealer, or both. The records of all vehicles purchased, sold, leased, or exchanged through a broker maintained by the secretary of state must be in an electronic format determined by the secretary of state. A dealer shall retain for not less than 5 years each odometer mileage statement the dealer receives and each odometer mileage statement furnished by the dealer upon the sale, lease, or exchange of a vehicle. The description of the vehicle, in the case of a motor vehicle, must also include the vehicle identification number and other numbers or identification marks as may be on the vehicle, and must also include a statement that a number has been obliterated, defaced, or changed, if that is the fact. For a trailer or semitrailer, the record must include the vehicle identification number and other numbers or identification marks as may be on the trailer or semitrailer. (3) Not more than 20 days after the delivery of the vehicle, the seller shall deliver to the buyer in person, by mail to the buyer's last known address, or, with the agreement of the buyer, by electronic delivery, a duplicate of a written statement, on a form prescribed by the secretary of state in conjunction with the department of treasury, describing clearly the name and address of the seller, the name and address of the buyer, the vehicle sold to the buyer, the cash sale price of the vehicle, the cash paid down by the buyer, the amount credited the buyer for a trade-in, a description of the trade-in, the amount charged for vehicle insurance, stating the types of insurance covered by the insurance policy, the amount charged for a temporary registration plate, the amount of any other charge and its purpose, the net balance due from the buyer, and a summary of insurance coverage to be affected. If the vehicle sold is a new motor home, the written statement must contain a description, including the year of manufacture, of every major component part of the vehicle that has its own manufacturer's certificate of origin. The written statement must disclose if the vehicle sold is a vehicle that the seller had loaned or leased to a political subdivision of this state for use as a driver education vehicle. The written statement must be dated, but not later than the actual date of delivery of the vehicle to the buyer. The original and all copies of the prescribed form must contain identical information. The statement is furnished by the seller, signed by the seller or the seller's agent and by the buyer, and filed with the application for new title or registration. Failure of the seller to deliver this written statement to the buyer does not invalidate the sale between the seller and the buyer. (4) A retail vehicle sale is void unless both of the following conditions are met: (a) The sale is evidenced by a written memorandum that contains the agreement of the parties and is signed by the buyer and the seller or the seller's agent. (b) The agreement contains a place for acknowledgment by the buyer of the receipt of a copy of the agreement or actual delivery of the vehicle is made to the buyer. (5) Subject to subsection (12), each dealer record and inventory, including the record and inventory of a vehicle scrap metal processor not required to obtain a dealer license, is open to inspection by a police officer or an authorized officer or investigator of the secretary of state during reasonable or established business hours. (6) A dealer licensed as a distressed vehicle transporter shall maintain records in a form as prescribed by the secretary of state. The records must identify each distressed vehicle that is bought, acquired, and sold by the dealer. The record must identify the person from whom a distressed vehicle was bought or acquired and the dealer to whom the vehicle was sold. The record must indicate if a certificate of title or salvage certificate of title was obtained by the dealer for each vehicle. (7) A dealer licensed under this act shall maintain records for a period of 5 years. The records must be made available for inspection by the secretary of state or other law enforcement officials. Subject to subsection (12), to determine or enforce compliance with this chapter or other applicable law, the secretary of state or any law enforcement official may inspect a dealer. The secretary of state may issue an order summarily suspending the license of a dealer under section 92 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.292, based on an affidavit by a person familiar with the facts set forth in the affidavit that the dealer has failed to maintain the records required by this act or failed to provide the records for inspection as requested by the secretary of state, or has otherwise hindered, obstructed, or prevented

the inspection of records authorized under this section. The dealer that the order is directed to shall comply immediately, but on application to the department shall be afforded a hearing within 30 days under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. On the basis of the hearing, the summary order must be continued, modified, or held in abeyance not later than 30 days after the hearing. (8) A dealer licensed as a vehicle salvage pool operator or broker shall maintain records in a form as prescribed by the secretary of state. The records must contain a description of each vehicle or salvageable part stored by the dealer, the name and address of the insurance company or person storing the vehicle or salvageable part, the period of time the vehicle or salvageable part was stored, and the person acquiring the vehicle or salvageable part. In the case of a late model vehicle, a record of the purchase or sale of a major component part of the vehicle must be maintained identifying the part purchased or sold, the name and address of the seller or purchaser, the date of the purchase or sale, and the identification number assigned to the part by the dealer. The record of the purchase or sale of a part must be maintained in or attached to the dealer's police book or hard copy of computerized data entries and reference codes and must be accessible at the dealer's location. In addition, a dealer licensed as a broker shall maintain a record of the odometer mileage reading of each vehicle sold pursuant to an agreement between the broker and the buyer or the broker and the seller. The record of odometer mileage must be maintained for 5 years and contain all of the information required by section 233a. (9) A dealer licensed as a used vehicle parts dealer or an automotive recycler shall maintain records in a form prescribed by the secretary of state. The records must contain the date of purchase or acquisition of the vehicle, a description of the vehicle including the color, and the name and address of the person from whom the vehicle was acquired. If the vehicle is sold, the record must contain the date of sale and the name and address of the purchaser. The record must indicate if the certificate of title or salvage or scrap certificate of title was obtained by the dealer. In the case of a late model vehicle, a record of the purchase or sale of a major component of the vehicle must be maintained identifying the part purchased or sold, the name and address of the seller or purchaser, the date of the purchase or sale, and the identification number assigned to the part by the dealer, except that a bumper remanufacturer is not required to maintain a record of the purchase of a bumper. However, a bumper remanufacturer shall assign and attach an identification number to a remanufactured bumper and maintain a record of the sale of the bumper. The record of the purchase or sale of a part must be maintained in or attached to the dealer's police book or hard copy of computerized data entries and reference codes and must be accessible at the dealer's location. (10) A dealer licensed as a vehicle scrap metal processor shall maintain records as prescribed by the secretary of state. As provided in section 217c, the records must contain for a vehicle purchased from a dealer a copy of the scrap vehicle inventory, including the name and address of the dealer, a description of the vehicle acquired, and the date of acquisition. If a vehicle is purchased or acquired from a person other than a dealer, the record must contain the date of acquisition, a description of the vehicle, including the color, the name and address of the person from whom the vehicle was acquired, and whether a certificate of title or salvage or scrap certificate of title was obtained by the dealer. (11) A dealer licensed as a foreign salvage vehicle dealer shall maintain records in a form prescribed by the secretary of state. The records must contain the date of purchase or acquisition of each distressed vehicle, a description of the vehicle including the color, and the name and address of the person from whom the vehicle was acquired. If the vehicle is sold, the record must contain the date of sale and the name and address of the purchaser. The record must indicate if the certificate of title or salvage or scrap certificate of title was obtained by the dealer. In the case of a late model vehicle, a record of the purchase or sale of each salvageable part purchased or acquired in this state must be maintained and the record must contain the date of purchase or acquisition of the part, a description of the part, the identification number assigned to the part, and the name and address of the person to or from whom the part was purchased, acquired, or sold. The record of the sale, purchase, or acquisition of a part must be maintained in the dealer's police book. The police book must only contain vehicles and salvageable parts purchased in this state or used in the repair of a vehicle purchased in this state. The police book and the records of vehicle part sales, purchases, or acquisitions must be made available at a location within the state for inspection by the secretary of state within 48 hours after a request by the secretary of state. (12) The secretary of state may make inspections of the records, facilities, and inventories of dealers licensed under section 248 as follows: (a) For a general compliance inspection, including, but not limited to, a record and inventory inspection, the secretary of state shall provide at least 36 hours written notice of the inspection to the dealer and the inspection must occur during the dealer's reasonable or established business hours. The secretary of state shall maintain a record of each written notice of inspection provided to the dealer and shall maintain proof that actual notice of the inspection was provided to the dealer. As used in this subdivision, "written notice" includes, but is not limited to, notice by email or text. (b) For the purposes of investigating an official complaint made available to the dealer or a substantive violation of this chapter or other applicable law directly involving the dealer, the secretary of state may make periodic unannounced inspections. (13) The secretary of state may promulgate rules to implement this section under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. History:1949, Act 300, Eff. If the owner is in default on a contract or agreement with the secured party regarding that vehicle, the court shall dismiss the owner's petition and proceed with the secured party's petition in the same manner as provided in subsection (6). If the secured party redeems the vehicle, the owner may only seek damages related to the reasonableness of the towing fees and daily storage fees from the secured party. If the court finds, after a hearing on the reasonableness of the towing fees and daily storage fees, that the owner's or the secured party's challenge was frivolous, the court may award reasonable attorney fees to the custodian of the vehicle. (9) If the owner does not redeem the vehicle or request a hearing within 10 days after the date of the notice described in subsection (5)(c), the secured party may obtain the release of the vehicle by paying a $40.00 fee plus the accrued charges to the custodian of the vehicle. The custodian of the vehicle shall forward $25.00 of the fee to the secretary of state, who shall deposit the fee into the abandoned vehicle fund created in section 252h. (10) If a vehicle has remained on private property without the consent of the property owner, the owner of the private property may have the vehicle taken into custody as an abandoned vehicle by contacting a local towing agency. A local towing agency is considered a towing agency whose storage lot is located within 15 miles from the border of the local unit of government having jurisdiction over the abandoned vehicle. (11) Before removing the vehicle from private property, the towing agency shall provide notice by telephone, or otherwise, to a police agency having jurisdiction over the vehicle that the vehicle is being removed. Within 24 hours after receipt of the notice from the towing agency, the police agency shall determine if the vehicle has been reported stolen and enter the vehicle into the law enforcement information network as an abandoned vehicle. Verification by the police agency of compliance with this section is not necessary and is not a predicate to the entrance of the vehicle into the law enforcement information network. (12)

Within 24 hours after taking the abandoned vehicle into custody, the police agency shall notify the secretary of state through the law enforcement information network that the vehicle has been taken into custody as abandoned. Each notification shall contain the following information: (a) The year, make, and vehicle identification number of the vehicle if available. (b) The address or approximate location from which the vehicle was taken into custody. (c) The date on which the vehicle was taken into custody. (d) The date the vehicle is being entered into the law enforcement information network and whether the information is being entered within 24 hours after the vehicle was taken into custody. (e) The name and address of the police agency that had the vehicle taken into custody. (f) The name and business address of the custodian of the vehicle. (g) The name of the court that has jurisdiction over the case. (13) Within 7 days after being notified under subsection(12), the secretary of state shall do both of the following: (a) Send to the owner and secured party, as shown by the records of the secretary of state, by first-class mail or personal service, notice that the vehicle is considered abandoned. The form for the notice shall be furnished by the secretary of state. Each notice form shall contain the following information: (i) The year, make, and vehicle identification number of the vehicle if available. (ii) The location from which the vehicle was taken into custody. (iii) The date on which the vehicle was taken into custody. (iv) The name of the towing agency that had the vehicle taken into custody. (v) The business address of the custodian of the vehicle. (vi) The procedure to redeem the vehicle. (vii) The procedure to contest the fact that the vehicle is considered abandoned or the reasonableness of the towing fees and daily storage fees. (viii) A form petition that the owner may file in person or by mail with the specified court that requests a hearing on the custodian's action. (ix) A warning that the failure to redeem the vehicle or to request a hearing within 20 days after the date of the notice may result in the sale of the vehicle and the termination of all rights of the owner and the secured party to the vehicle or the proceeds of the sale. (b) Enter the information described in subdivision (a) on a website maintained by the department for public use in locating vehicles that are removed under this section as abandoned. (14) The owner may contest the fact that the vehicle is abandoned or, unless the towing fees and daily storage fees are established by contract with the local governmental unit or local law enforcement agency and comply with section 252i, the reasonableness of the towing fees and daily storage fees by requesting a hearing. A request for a hearing shall be made by filing a petition with the court specified in the notice within 20 days after the date of the notice. Subject to subsection (16), if the owner requests a hearing, the matter shall be resolved after a hearing conducted under section 252f. An owner who requests a hearing may obtain release of the vehicle by posting with the court a towing and storage bond in an amount equal to $40.00 plus the accrued towing and storage fees. The owner of a vehicle who requests a hearing may obtain release of the vehicle by paying a fee of $40.00 to the court plus the towing and storage fees instead of posting the towing and storage bond. An owner requesting a hearing but not taking possession of the vehicle shall post with the court a towing and storage bond in an amount equal to $40.00 plus the accrued towing and storage fees. (15) Subject to subsection (17), if the owner does not request a hearing, he or she may obtain the release of the vehicle by paying a fee of $40.00 plus the accrued charges to the custodian of the vehicle. The custodian shall forward $25.00 of the fee collected under this subsection to the secretary of state within 30 days after receipt in a manner prescribed by the secretary of state, who shall deposit the fee into the abandoned vehicle fund created in section 252h. (16) The secured party may contest the reasonableness of the towing fees and daily storage fees and request a hearing in the same manner and subject to the same requirements as the owner under subsection (14). If both the owner and the secured party request a hearing to contest the reasonableness of the towing fees and daily storage fees within 20 days after the date of the notice, the court shall dismiss the secured party's petition and proceed with the owner's petition as provided in subsection (14), unless the owner is in default on a contract or agreement with the secured party regarding that vehicle. If the owner is in default on a contract or agreement with the secured party regarding that vehicle, the court shall dismiss the owner's petition and proceed with the secured party's petition in the same manner as provided in subsection (14). If the secured party redeems the vehicle, the owner may only seek damages related to the reasonableness of the towing fees and daily storage fees from the secured party. If the court finds, after a hearing on the reasonableness of the towing fees and daily storage fees, that the owner's or the secured party's challenge was frivolous, the court shall award to the custodian costs, including reasonable attorney fees, against the owner or secured party. (17) If the owner does not redeem the vehicle or request a hearing within 10 days after the date of the notice, the secured party may obtain the release of the vehicle by paying a fee of $40.00 and the accrued towing and storage fees to the custodian of the vehicle. The custodian shall forward $25.00 of the fee collected under this subsection to the secretary of state within 30 days after receipt in a manner prescribed by the secretary of state, who shall deposit the fee into the abandoned vehicle fund created in section 252h. (18) Not less than 20 days after the disposition of the hearing described in subsection (6) or, if a hearing is not requested, not less than 20 days after the date of the notice, the police agency if the abandoned vehicle is found on public property, or the custodian of the vehicle if the vehicle is found on private property, shall offer the vehicle for sale at a public sale under section 252g. (19) The custodian of a vehicle described in this section shall allow the owner of the vehicle or a secured party to inspect the vehicle during regular business hours at the location where the vehicle is being held. The custodian of the vehicle may charge the secured party a fee of not more than $75.00 to inspect the vehicle or, if the actual cost necessary to allow the inspection is greater than $75.00, the actual cost necessary to allow the inspection. If the custodian of the vehicle charges the secured party more than $75.00 as provided in this subsection, the custodian shall provide the secured party with an itemized invoice for the actual costs assessed. The custodian of the vehicle shall allow the owner of the vehicle to inspect the vehicle and retrieve personal property from the vehicle without paying a fee for the first visit. After the first visit by the owner to inspect the vehicle or retrieve personal property from the vehicle as provided in this subsection, the custodian may charge the owner of the vehicle a fee of not more than $25.00 for each subsequent visit. (20) If the ownership of a vehicle that is considered abandoned under this section cannot be determined either because of the condition of the vehicle identification numbers or because a check with the records of the secretary of state as described in section 221 or 237 does not reveal ownership, the police agency may sell the vehicle at public sale

as provided in section 252g not less than 30 days after public notice of the sale has been published. (21) The secretary of state shall release a vehicle for disposition under section 252b or 252g within 45 days after the vehicle is entered into the law enforcement information network as an abandoned vehicle. (1) A manufacturer owning a vehicle otherwise required to be registered under this act may operate or move the vehicle on a street or highway primarily for the purposes of transporting or testing or in connection with a golf tournament or a public civic event, if the vehicle displays, as prescribed under section 225, 1 special plate approved by the secretary of state. (2) A producer of a vehicle subcomponent system essential to the operation of the vehicle or the safety of an occupant may operate or move a motor vehicle on a street or highway solely to transport or test the subcomponent system if the motor vehicle displays, as prescribed under section 225, 1 special plate approved by the secretary of state. (b) Any motor vehicle bearing a temporary civic event license plate authorized under this subsection is restricted to providing services for events for which approval by the department is granted. The approved services may include parades, transportation of visitors or dignitaries to and from event activities, use by event personnel or event volunteers, and any other activity for which a vehicle may be required in furtherance of the approved event. The application for registration must be made in the name of the vendee or lessee before the vehicle is used. The dealer and the vendee or lessee are jointly responsible for the return of the dealer plate to the dealer within 72 hours. The vendee or lessee that fails to return or the vendor or lessor that fails to use due diligence to procure the dealer plate is guilty of a misdemeanor, and the license of the dealer may be revoked. While using a dealer's plate, a vendee or lessee shall have in the vendee's or lessee's possession proof that clearly indicates the date of sale or lease of the motor vehicle. Sec. 233a. (1) Except as otherwise provided in subsection (17), if the owner of a registered motor vehicle transfers the owner's title or interest in that vehicle, the transferor shall present to the transferee before delivery of the vehicle, written disclosure of odometer mileage by means of the certificate of title or a written statement signed by the transferor including the transferor's printed name, containing all of the following: (a) The odometer reading at the time of transfer, not including the tenths of a mile or kilometer. (b) The date of transfer. (c) The transferor's name and current address. (d) The transferee's name and current address. (e) The identity of the vehicle, including its make, model, body type, year, and vehicle identification number. (f) A reference to this section and comparable federal law, and a statement that failing to complete the title or form or providing false information may result in civil liability and civil or criminal penalties being imposed on the transferor. (g) One of the following: (i) A statement by the transferor certifying that to the best of the transferor's knowledge the odometer reading reflects the actual mileage of the vehicle. (ii) If the transferor knows that the odometer reading reflects the amount of mileage in excess of the designed mechanical odometer limit, a statement to that effect. (iii) If the transfer knows that the odometer reading differs from the mileage and the difference is greater than that caused by odometer calibration error, a statement that the odometer reading does not reflect the actual mileage and should not be relied on. This notice must include a warning notice to alert the transferee that a discrepancy exists between the odometer and the actual mileage. (h) Space for the signature and printed name of the transferee, and the date of presentation to the transferee. (2) A certificate of title and a dealer reassignment form must contain a place for the information required by subsection (1)(a) to (h). If the vehicle is not titled or the title does not contain a space for the required information, a written statement must be provided as a separate document. (3) A dealer selling or exchanging vehicles required to be titled under this act shall present the certificate of title or written statement and any reassigned titles in the dealer's possession to the transferee. The transferee or the transferee's agent shall inspect, print the transferee's or transferee's agent's name on, sign, and date the certificate or statement and return it to the transferor for submission to the secretary of state. If neither the transferee nor transferor is a dealer licensed under this act, completing the odometer information on the certificate of title must be considered to comply with subsection (1). A person shall not sign an odometer disclosure statement as both the transferor and transferee in the same transaction. (4) A new or used vehicle dealer shall obtain from the transferor a completed odometer mileage statement that meets the requirements of subsection (1) with each motor vehicle acquired by the dealer. Except as provided in subsection (16), the dealer shall not accept or provide an odometer mileage statement or a title that contains a place for odometer information that has not been completely filled in by the transferor. (5) The odometer information described in subsection (1) must not be required for any of the following: (a) Vehicles having a gross vehicle weight rating of more than 16,000 pounds. (b) A vehicle that is not self-propelled. (c) A vehicle manufactured in or before the 2010 model year that is transferred at least 10 years after January 1 of the calendar year that is included in the model year in which the vehicle is manufactured. (d) A vehicle manufactured in or after the 2011 model year that is transferred at least 20 years after January 1 of the calendar year that is included in the model year in which the vehicle was manufactured. (e) A new vehicle transferred from a manufacturer to a dealer. (f) A vehicle sold directly by the manufacturer to an agency of the United States in conformity with contractual specifications. (g) A low-speed vehicle. (h) A scrap vehicle. (6) A person shall not alter, set back, or disconnect an odometer; cause or allow an odometer to be altered, set back, or disconnected; or advertise for sale, sell, use, install, or cause or allow to be installed a device which causes an odometer to register other than the actual mileage driven. This subsection does not prohibit the service, repair, or replacement of an odometer if the mileage indicated on the odometer remains the same as before the service, repair, or replacement. If the odometer is incapable of registering the same mileage as before the service, repair, or replacement, the odometer must be adjusted to read zero and a notice in writing must be attached to the left door frame of the

vehicle by the owner or the owner's agent specifying the mileage prior to service, repair, or replacement of the odometer and the date on which it was serviced, repaired, or replaced. A person shall not remove, deface, or alter any notice affixed to a motor vehicle under this subsection. (7) A person who violates subsection (6) is guilty of a felony. (8) Before executing a transfer of ownership document, a lessor of a leased vehicle shall notify the lessee in writing that ownership of the vehicle is being transferred and that the lessee is required to provide a written statement to the lessor regarding the mileage of the vehicle. This notice must inform the lessee of the penalties for failure to comply with the requirement. (9) Upon receiving notification from the lessor of a leased vehicle that ownership of the vehicle is to be transferred, the lessee shall furnish to the lessor a written statement regarding the mileage of the vehicle. This statement must be signed by the lessee and must contain all of the following: (a) The printed name of the person making the statement. (b) The current odometer reading, not including tenths of miles. (c) The date of the statement. (d) The lessee's name and current address. (e) The lessor's name and current address. (f) The identity of the vehicle, including its make, model, year, body type, and vehicle identification number. (g) The date that the lessor notified the lessee of the requirements of this subsection. (h) The date that the completed disclosure statement was received by the lessor. (i) The signature of the lessor. (j) One of the following: (i) A statement by the lessee certifying that to the best of the lessee's knowledge the odometer reading reflects the actual mileage of the vehicle. (ii) If the lessee knows that the odometer reading reflects the amount of mileage in excess of the designed mechanical odometer limit, a statement to that effect. (iii) If the lessee knows that the odometer reading differs from the mileage and that the difference is greater than that caused by odometer calibration error, a statement that the odometer reading is not the actual mileage and should not be relied on. (10) If the lessor transfers a leased vehicle without obtaining possession of the vehicle, the lessor may indicate on the certificate of title the mileage disclosed by the lessee under subsection (9), unless the lessor has reason to believe that the mileage disclosed by the lessee does not reflect the actual mileage of the vehicle. (11) A dealer that is required by this section to execute an odometer mileage statement shall retain for 5 years a photostatic, carbon, or other facsimile copy of each odometer mileage statement the dealer issues or receives. The dealer shall retain the odometer mileage statements at the dealer's primary place of business in an order that is appropriate to business requirements and that permits systematic retrieval. (12) A lessor shall retain, for 5 years following the date of transfer of ownership of each leased vehicle, the odometer mileage statement received from the lessee. The lessor shall retain the odometer mileage statements at the lessor's primary place of business in an order that is appropriate to business requirements and that permits systematic retrieval. (13) An auction dealer or vehicle salvage pool operator shall establish and retain at the auction dealer's or vehicle salvage pool operator's primary place of business in an order that is appropriate to business requirements and that permits systematic retrieval, for 5 years following the date of sale of each motor vehicle, the following records: (a) The name and the most recent owner, other than the auction dealer or salvage pool operator. (b) The name of the buyer. (c) The vehicle identification number. (d) The odometer reading, not including the tenths of a mile, on the date the auction dealer or salvage pool operator took possession of the motor vehicle. (14) A violation of subsection (1) or (6) by any dealer licensed under this act is prima facie evidence of a fraudulent act as provided in section 249. (15) A person who, with intent to defraud, violates any requirement under subsection (1) or (6), or a dealer that fails to retain for 5 years each odometer mileage statement the dealer receives and each odometer mileage statement furnished by the dealer upon the sale of a vehicle, is liable in an amount equal to 3 times the amount of actual damages sustained or $1,500.00 whichever is greater, and in the case of a successful recovery of damages, the costs of the action together with reasonable attorney fees. (16) For the purposes of this section, the department may accept an electronically signed odometer disclosure document that complies with all of the following: (a) Is submitted on a form that is approved by the department. (b) Is electronically signed using software that provides antitamper and identification verification technology and is approved for this use by the department. (c) Is otherwise fully compliant with 49 CFR part 580. (17) The department may establish, implement, and operate an electronic system to process the notification and transfer of a vehicle ownership interest between private parties through an electronic transfer instead of the collection of paper documents otherwise required under this act. If the electronic system is established, a private party that uses the electronic system shall comply with any requirement of this section that the department determines is necessary and provide any information that is required by the department. The department may enter into 1 or more contracts to establish, implement, and operate the electronic system under this subsection. The contract must require the protection of proprietary information contained in the electronic system and other information as protected under this act. (18) As used in this section, "private parties" means that both a vehicle's buyer and seller are not a dealer. History:Add. 1974, Act 367, Eff. Apr. 1, 1975 ;-- Am. 1988, Act 470, Eff. The notice under this subdivision shall include the name, address, telephone number, and internet address of the used or secondhand vehicle inventory lender in a manner and of a size sufficient to alert potential buyers of the existence of inventory loan, contact information for the holder of that inventory loan, and that the inventory lender holds the title to the vehicle in its possession. The notice under this subdivision shall be in a form and manner as prescribed by the secretary of state. (b) The used or secondhand vehicle dealer maintains a color copy of the certificate of title, either in paper or electronic form, at the used or secondhand vehicle dealer's place of business. The color copy of the certificate of title shall indicate on its face that it is a copy. (c) The used or secondhand vehicle dealer maintains a paper or electronic copy of the inventory loan agreement between the used or secondhand vehicle dealer and the vehicle inventory lender, along with the inventory list, which shall be not more than 5 days old. These documents shall be made available to the secretary of state upon the request of the secretary of state. (2) A used or secondhand vehicle dealer's inventory lender shall release the certificate of title to the used or secondhand vehicle dealer, the used or secondhand vehicle dealer's designee, or the secretary of state, as applicable, not more than 2 banking business days after the used or secondhand vehicle dealer's inventory lender receives 1 of the following: (a) The outstanding principal balance and any other fees and charges due on the vehicle under the inventory loan. (3) A used or secondhand vehicle dealer's inventory lender that fails to release a vehicle title as required under subsection (2) may be ordered to pay an administrative fine of $500.00.

(4) A used or secondhand vehicle inventory lender that holds a certificate of title for a vehicle shall register with the secretary of state in a form and manner as prescribed by the secretary of state to provide its location and contact information. No fee shall be charged for registration under this subsection. (5) This section applies only to dealers licensed under this act that solely sell used or secondhand vehicles and does not apply to a dealer licensed under this act that sells new motor vehicles or both new motor vehicles and used or secondhand vehicles. (6) Section 235 applies to used or secondhand vehicle dealers under this section only to the extent that section 235 does not conflict with this section. (7) As used in this section: (a) "Inventory lender" means a third party engaged in the business of providing financing to a used or secondhand vehicle dealer for the acquisition or retention of vehicles that are held for sale or lease by the used or secondhand vehicle dealer in the ordinary course of the used or secondhand vehicle dealer's business and has filed a financing statement with the secretary of state evidencing the third party's security interest in the used or secondhand vehicle dealer's inventory and the proceeds of that inventory. Sec. 236. (1) If ownership of a vehicle passes by operation of law, upon furnishing satisfactory proof of that ownership to the secretary of state, the person acquiring the vehicle may procure a title to the vehicle regardless of whether a certificate of title has ever been issued. Upon death of an owner of a registered vehicle, the license plate assigned to the vehicle, unless the vehicle is destroyed, is a valid registration until the end of the registration year or until the personal representative of the owner's estate transfers ownership of the vehicle. (2) If an owner of 1 or more vehicles dies and does not leave other property that requires the issuance of letters under section 3103 of the estates and protected individuals code, 1998 PA 386, MCL 700.3103, the owner's surviving spouse, or an heir of the owner in the order specified in section 2103 of the estates and protected individuals code, 1998 PA 386, MCL 700.2103, may apply for a title after providing the secretary of state with proper proof of the death of the registered owner and attaching to the proof a certification that sets forth the fact that the applicant is the surviving spouse or an heir. Upon proper petition, the secretary of state shall provide the applicant with a certificate of title for that vehicle or vehicles, if the total value of the vehicle or vehicles, based on the date of the presented title transfer application, does not exceed the following dollar amount, as applicable: (a) For calendar years through 2023, $60,000.00. (b) For the 2024 and 2025 calendar years, $100,000.00. (c) For the 2026 calendar year and each calendar year thereafter, a dollar amount equal to the product of the dollar amount applicable to the immediately preceding calendar year multiplied by the cost-of-living adjustment factor, rounded to the nearest $1,000.00. Beginning with the dollar amount for the 2026 calendar year and annually thereafter, the department of treasury shall certify and publish the dollar amount applicable for each calendar year no later than September 1 of the prior calendar year. (3) As used in this section: (a) "Cost-of-living adjustment factor" means a fraction in which the numerator is the United States Consumer Price Index for the year before the prior calendar year and the denominator is the United States Consumer Price Index for the 2023 calendar year. (b) "United States Consumer Price Index" means the annual average of the United States Consumer Price Index for all urban consumers as defined and reported by the United States Department of Labor, Bureau of Labor Statistics, or its successor agency. Sec. 236a. (1) If the interest of the owner in a vehicle is terminated by the enforcement of a security agreement, the transferee of the owner's interest shall promptly mail or deliver to the secretary of state the last certificate of title if the transferee has possession of the certificate; the application for a new certificate in the form prescribed by the secretary of state; and a certification made by or on behalf of the holder of the security interest so enforced that the vehicle was repossessed, that the interest of the owner was lawfully terminated by enforcement of the security agreement, and whether the owner has delivered the last certificate of title to the transferee of the owner's interest, naming the transferee, or if not, the reason for not naming the transferee, and the location of the certificate of title as known to the owner. If the holder of the security interest succeeds to the interest of the owner and holds the vehicle for resale, the holder need not secure a new certificate of title but, upon transfer to another person, shall promptly mail or deliver to the transferee or to the secretary of state the certificate, if in the holder's possession, a certification, and other documents required to be sent to the secretary of state by the transferee. (2) If the interest of the owner in a vehicle is terminated by sale pursuant to a levy of execution, attachment, or by other process of a court, the transferee of the owner's interest shall promptly mail

or deliver to the secretary of state the last certificate of title, if the transferee has possession of the certificate, the application for a new certificate of title in the form prescribed by the secretary of state, and a certification upon a form prescribed by the secretary of state, made by the officer of the court who conducted the sale, setting forth the date of the sale, the name of the purchaser, and whether the officer of the court has delivered the certificate of title to the purchaser and if not, the reason for nondelivery and the location of the certificate of title so far as known to the officer of the court. (3) A person holding a certificate of title in which the interest of the owner named on the certificate has been terminated in the manner provided by subsection (1) or (2), shall mail or deliver the certificate to the secretary of state upon request. The delivery of the certificate pursuant to the request of the secretary of state does not affect the rights of the person surrendering the certificate, and the action of the secretary of state in issuing a new certificate of title as provided in this act is not conclusive upon the rights of an owner or holder of a security interest named in the old certificate. (4) The secretary of state, upon receipt of an application for a new certificate of title by a transferee in the manner provided by subsection (1) or (2), with proof of the transfer, the required fee, and other documents required by law, shall issue a new certificate of title in the name of the transferee as owner, setting forth all security interests noted on the last certificate of title as having priority over the security agreement so enforced and shall mail or deliver the certificate to the owner. If the outstanding certificate of title is not delivered to the secretary of state, the secretary of state shall make demand for the outstanding certificate of title from the holder. (2) The secretary of state shall retain and appropriately file every surrendered certificate of title, the file to be so maintained as to permit the tracing of title of the vehicles designated in the file for a period of 6 years, except that records of stolen vehicles reported in section 253 may be destroyed after being maintained on file for the year of entry plus 4 years. Sec. 238. (1) When an owner named in a certificate of title creates a security interest in the vehicle described in the certificate or in any accessory on the vehicle, all of the following apply: (a) The owner shall immediately execute an application in the form prescribed by the department to name the holder of the security interest on the certificate of title, showing the name and address of the holder and deliver the certificate of title, application and the required fee together with a copy of the application, to the holder of the security interest. (b) The holder of the security interest shall cause the certificate of title, application and fee and the copy of the application to be mailed or delivered to the department. (c) The department shall indicate on the copy of the application the date and place of filing of the application. (d) Upon receipt of the certificate of title, application and the required fee, the department shall issue a new certificate in the form provided by section 222 setting forth the name and address of each holder of a security interest in the vehicle or in any accessory on the vehicle for which a termination statement has not been filed and the date on which the application first stating the security interest was filed, and mail the certificate to the owner. However, as provided under this section, the secretary of state is not required to issue a title to the owner of a vehicle if the title is subject to a security interest. (2) A holder of any kind of a security interest may assign, absolutely or otherwise, the holder's security interest in the vehicle or any accessory thereon to a person other than the owner without affecting the interest of the owner or the validity of the security interest, but any person without notice of the assignment is protected in dealing with the holder of the security interest as the holder thereof. (3) The assignee of a security interest may have the certificate of title indorsed with the assignee named as the holder of the security interest by providing the department with a copy of the assignment instrument, but the failure of the assignee to do so shall not affect the validity of the security interest of that assignment. (4) If there is no outstanding obligation and no commitment to make advances, incur obligations, or otherwise give value secured or to be secured by a security interest in a vehicle or an accessory on the vehicle, for which the certificate of title is in possession of a secured party, the secured party may, not more than 14 days after satisfaction of the obligation, execute a termination statement in the form prescribed by the department and mail or deliver the termination statement to the owner or another person as the owner may direct. (5) If there is no outstanding obligation and no commitment to make advances, incur obligations, or otherwise give value secured or to be secured by a security interest in a vehicle or an accessory on the vehicle, for which the certificate of title is in the possession of another person, the secured party shall, within 14 days after

demand but not more than 30 days after demand, execute a termination statement in the form prescribed by the department and mail or deliver the termination statement to the owner or another person as the owner may direct. (6) The department may require that all transactions concerning vehicle title liens and security interests be conducted by electronic means, as determined by the department. After all liens have been terminated, or for purposes of retitling the vehicle in another state or any other purpose deemed appropriate by the department, the department may issue a paper copy of the vehicle title to the vehicle's owner. (7) A vehicle sale transaction in which a security interest is entered by electronic means shall include a document recording entry of the electronic security interest and information regarding the financial institution that holds the security interest. At the time a security interest is presented with payment in satisfaction of the security interest, a secured receipt in a form approved by the department and produced at the time the security interest is presented with payment in satisfaction of the security interest may be submitted to the department in lieu of the title for purposes of transferring ownership in the vehicle. Sec. 241. (1) The secretary of state may enter into 1 or more contracts under this section to establish, implement, and operate an electronic lien title system to process the notification and release of security interests through electronic file transfers, or as otherwise determined by the secretary of state, in lieu of the issuance and maintenance of paper documents otherwise required by law. The contract shall contain language that requires the protection of proprietary information contained in the electronic lien title system, and shall ensure that the contract provides for the protection of a competitive free market. (2) Except for persons who are not normally engaged in the business or practice of financing vehicles, all secured parties are required to participate in the electronic lien title system. (3) For the purposes of this act, any requirement that a security interest or other information appear on a certificate of title is satisfied by the inclusion of that information in an electronic file maintained in an electronic lien title system. The satisfaction of a security interest may be electronically transmitted to the secretary of state. A secured party shall execute a release of its security interest in a motor vehicle in a manner prescribed by the department not more than 14 days after the secured party receives the payment in satisfaction of the security interest in a motor vehicle. If the certificate of title is in the possession of the motor vehicle owner, the secured party shall deliver the release to the owner of the motor vehicle or as otherwise directed by the owner. However, if the certificate of title is held electronically as provided under section 238, the secured party shall deliver the

release of security interest to the department, and the department shall cancel the security interest. If the secured party fails to comply with these requirements for the release of a secured interest, the secured party is liable to the vehicle owner for all damages sustained by the owner due to the failure to comply. The electronic lien title system shall provide a mechanism by which a vehicle dealer may assign ownership of a motor vehicle without proof that the prior security interest was satisfied existing on the electronic lien title system. However, the dealer warrants that the title is free and clear of all liens and assumes responsibility for the satisfaction of the security interest. (4) A certified copy of the secretary of state's electronic record of a security interest is admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence of the security interest. If a certificate of title is maintained electronically in the electronic lien title system, a certified copy of the secretary of state's electronic record of the certificate of title is admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence and contents of the certificate of title. (5) The secretary of state may determine any requirements necessary to carry out the provisions of this section, including, but not limited to, 1 or more of the following: (a) Monitoring the reasonable fees charged by service providers or a contractor for the establishment and maintenance of the electronic lien title system. (b) The qualifications of service providers for participation in the electronic lien title system. (c) The qualifications for a contractor to enter into a contract with the secretary of state to establish, implement, and operate the electronic lien title system. (d) Program specifications that a contractor must adhere to in establishing, implementing, and operating the electronic lien title system. (6) The electronic lien title system shall be established, implemented, and operational no later than July 1, 2016. Sec. 217. (1) An owner of a vehicle that is subject to registration under this act shall apply to the secretary of state, on an appropriate form furnished by the secretary of state, for the registration of the vehicle and issuance of a certificate of title for the vehicle. A vehicle brought into this state from another state or jurisdiction that has a rebuilt, salvage, scrap, flood, or comparable certificate of title issued by that other state or jurisdiction must be issued a rebuilt, salvage, scrap, or flood certificate of title by the secretary of state. The application must be accompanied by the required fee. An application for a certificate of title must bear the signature or verification and certification of the owner. The application must contain all of the following: (a) The owner's name, the owner's bona fide residence, and either of the following: (i) If the owner is an individual, the owner's mailing address. (ii) If the owner is a firm, association, partnership, limited liability company, or corporation, the owner's business address. (b) A description of the vehicle including the make or name, style of body, and model year; the number of miles, not including the tenths of a mile, registered on the vehicle's odometer at the time of transfer; whether the vehicle is a flood vehicle or another state previously issued the vehicle a flood certificate of title; whether the vehicle is to be or has been used as a taxi or police vehicle, or by a political subdivision of this state, unless the vehicle is owned by a dealer and loaned or leased to a political subdivision of this state for use as a driver education vehicle; whether the vehicle has previously been issued a salvage or rebuilt certificate of title from this state or a comparable certificate of title from any other state or jurisdiction; the vehicle identification number; and the vehicle's weight fully equipped, if a

passenger vehicle registered in accordance with section 801(1)(a), and, if a trailer coach or pickup camper, in addition to the weight, the manufacturer's serial number, or in the absence of the serial number, a number assigned by the secretary of state. A number assigned by the secretary of state must be permanently placed on the trailer coach or pickup camper in the manner and place designated by the secretary of state. (c) A statement of the applicant's title and the names and addresses of the holders of security interests in the vehicle and in an accessory to the vehicle, in the order of their priority. (d) Further information that the secretary of state reasonably requires to enable the secretary of state to determine whether the vehicle is lawfully entitled to registration and the owner entitled to a certificate of title. If the secretary of state is not satisfied as to the ownership of a vehicle having a value over $2,500.00 or that is less than 10 years old, before registering the vehicle and issuing a certificate of title, the secretary of state may require the applicant to file a properly executed surety bond in a form prescribed by the secretary of state and executed by the applicant and a company authorized to conduct a surety business in this state. The bond must be in an amount equal to twice the value of the vehicle as determined by the secretary of state and must be conditioned to indemnify or reimburse the secretary of state, any prior owner, and any subsequent purchaser or lessee of the vehicle and their successors in interest against any expense, loss, or damage, including reasonable attorney fees, because of the issuance of a certificate of title for the vehicle or on account of any defect in the right, title, or interest of the applicant in the vehicle. An interested person has a right of action to recover on the bond for a breach of the conditions of the bond, but the aggregate liability of the surety to all persons must not exceed the amount of the bond. If the secretary of state is not satisfied as to the ownership of a vehicle that is valued at $2,500.00 or less and that is 10 years old or older, the secretary of state shall require the applicant to certify that the applicant is the owner of the vehicle and entitled to register and title the vehicle. (e) Except as provided in subdivision (f), an application for a commercial vehicle must also have attached a scale weight receipt of the motor vehicle fully equipped as of the time the application is made. A scale weight receipt is not necessary if there is presented with the application a registration receipt of the previous year that shows on its face the empty weight of the motor vehicle as registered with the secretary of state that is accompanied by a statement of the applicant that there has not been structural change in the motor vehicle that has increased the empty weight and that the previous registered weight is the true weight. (f) An application for registration of a vehicle on the basis of elected gross weight must include a declaration by the applicant specifying the elected gross weight for which application is being made. (g) If the application is for a certificate of title of a motor vehicle registered in accordance with section 801(1)(p), the application must include the manufacturer's suggested base list price for the model year of the vehicle. The base list price must be the manufacturer's suggested retail price as shown on the label required to be affixed to the vehicle under 15 USC 1232. If the manufacturer's suggested retail price is unavailable, the application must list the purchase price of the vehicle. As used in this subdivision, "purchase price" means that term as defined in section 801. (2) An applicant for registration of a leased pickup truck or passenger vehicle that is subject to registration under this act, except a vehicle that is subject to a registration fee under section 801g, shall disclose in writing to the secretary of state the lessee's name, the lessee's bona fide residence, and either of the following: (a) If the lessee is an individual, the lessee's Michigan driver license number or Michigan personal identification number or, if the lessee does not have a Michigan driver license or Michigan personal identification number, the lessee's mailing address. (b) If the lessee is a firm, association, partnership, limited liability company, or corporation, the lessee's business address. (3) The secretary of state shall maintain the information described in subsection (2) on the secretary of state's computer records. (4) Except as provided in subsections (5), (11), and (12), a dealer selling, leasing, or exchanging vehicles required to be titled, within 21 days after delivering a vehicle to the purchaser or lessee, and a person engaged in the sale of vessels required to be numbered by part 801 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.80101 to 324.80199, within 21 days after delivering a boat trailer weighing less than 2,500 pounds to the purchaser or lessee, shall apply to the secretary of state for a new title, if required, and transfer or secure registration plates and secure a certificate of registration for the vehicle or boat trailer, in the name of the purchaser or lessee. Subject to subsection (11), the dealer's license may be suspended or revoked in accordance with section 249 for failure to apply for a title when required or for failure to transfer or secure registration plates and certificate of registration within the 21 days required by this section. Subject to subsection (11), if the dealer or person fails to apply for a title when required, and to transfer or secure registration plates and secure a certificate of registration and pay the required fees within 21 days of delivery of the vehicle or boat trailer, a title and registration for the vehicle or boat trailer may subsequently be acquired only on the payment of a late transfer fee of $50.00 for an individual or a dealer other than a dealer subject to section 235b in addition to the fees specified in section 806. Subject to subsection (11), for a used or secondhand vehicle dealer subject to section 235b, the late transfer fee is $100.00 in addition to the fees specified in section 806. The purchaser or lessee of the vehicle or the purchaser of the boat trailer shall sign the application, including, if applicable, the declaration specifying the maximum elected gross weight as required by subsection (1)(f), and other necessary papers to enable the dealer or person to secure the title, registration plates, and transfers from the secretary of state. If the secretary of state mails or delivers a purchaser's certificate of title to a dealer, the dealer shall mail or deliver the certificate of title to the purchaser not later than 5 days after receiving the certificate of title from the secretary of state. However, as provided under section 238, the secretary of state is not required to issue a paper title to the owner of a vehicle or lienholder if the title is subject to a security interest, and may issue an electronic title as provided under section 222. (5) Except as provided in subsection (12), a dealer selling or exchanging an off lease or buy back vehicle shall apply to the secretary of state for a new title for the vehicle within 21 days after it receives the certificate of title from the lessor or manufacturer under section 235 or section 235b and transfer or secure registration plates and secure a certificate of registration for the vehicle in the name of the purchaser. Subject to subsection (12), the dealer's license may be suspended or revoked in accordance with section 249 for failure to apply for a title when required or for failure to transfer or secure registration plates and certificate of registration within the 21-day period. Subject to subsection (12), if the dealer or person fails to

apply for a title when required, and to transfer or secure registration plates and secure a certificate of registration and pay the required fees within the 21-day time period, a title and registration for the vehicle may subsequently be acquired only on the payment of a late transfer fee of $50.00 for an individual or dealer other than a used or secondhand vehicle dealer subject to section 235b in addition to the fees specified in section 806. Subject to subsection (12), the late transfer fee for a used or secondhand vehicle dealer subject to section 235b is $100.00 in addition to the fees specified in section 806. The purchaser of the vehicle shall sign the application, including, if applicable, the declaration specifying the maximum elected gross weight as required by subsection (1)(f), and other necessary papers to enable the dealer or person to secure the title, registration plates, and transfers from the secretary of state. If the secretary of state mails or delivers a purchaser's certificate of title to a dealer, the dealer shall mail or deliver the certificate of title to the purchaser not later than 5 days after receiving the certificate of title from the secretary of state. However, as provided under section 238, the secretary of state is not required to issue a paper title to the owner of a vehicle if the title is subject to a security interest, and may issue an electronic title as provided under section 222. (6) If a vehicle is delivered to a purchaser or lessee who has valid Michigan registration plates that are to be transferred to the vehicle, and an application for title, if required, and registration for the vehicle is not made before delivery of the vehicle to the purchaser or lessee, the registration plates must be affixed to the vehicle immediately, and the dealer shall provide the purchaser or lessee with an instrument in writing, on a form prescribed by the secretary of state, which serves as a temporary registration for the vehicle for a period of 30 days from the date the vehicle is delivered. (7) If the seller does not prepare the credit information, contract note, and mortgage, and the holder, finance company, credit union, or banking institution requires the installment seller to record the lien on the title, the holder, finance company, credit union, or banking institution shall pay the seller a service fee of not more than $10.00. The service fee must be paid from the finance charges and must not be charged to the buyer in addition to the finance charges. The holder, finance company, credit union, or banking institution shall issue its check or bank draft for the principal amount financed, payable jointly to the buyer and seller, and the following must be imprinted on the back side of the check or bank draft: "Under Michigan law, the seller must record a first lien in favor of (name of lender) _____ on the vehicle with vehicle identification number _____ and title the vehicle only in the name(s) shown on the reverse side." (8) On the front of the check or draft described under subsection (7), the holder, finance company, credit union, or banking institution shall note the name or names of the prospective owners. Failure of the holder, finance company, credit union, or banking institution to comply with these requirements frees the seller from any obligation to record the lien or from any liability that may arise as a result of the failure to record the lien. A service fee must not be charged to the buyer. (9) In the absence of actual malice proved independently and not inferred from lack of probable cause, a person who in any manner causes a prosecution for larceny of a motor vehicle; for embezzlement of a motor vehicle; for any crime an element of which is the taking of a motor vehicle without authority; or for buying, receiving, possessing, leasing, or aiding in the concealment of a stolen, embezzled, or converted motor vehicle knowing that the motor vehicle has been stolen, embezzled, or converted, is not liable for damages in a civil action for causing the prosecution. This subsection does not relieve a person from proving any other element necessary to sustain the person's cause of action. (10) Receipt by the secretary of state of a properly tendered application for a certificate of title on which a security interest in a vehicle is to be indicated is a condition of perfection of a security interest in the vehicle and is equivalent to filing a financing statement under the uniform commercial code, 1962 PA 174, MCL 440.1101 to 440.9994, with respect to the vehicle. When a security interest in a vehicle is perfected, it has priority over the rights of a lien creditor as that term is defined in section 9102 of the uniform commercial code, 1962 PA 174, MCL 440.9102. (11) Notwithstanding subsection (4), a dealer selling, leasing, or exchanging vehicles, required to be titled, after March 31, 2021 but before August 1, 2021, may apply to the secretary of state for a new title, if required, and transfer or secure registration plates and secure a certificate of registration for the vehicle in the name of the purchaser within 30 days. Both of the following apply to a dealer that complies with this subsection: (a) The dealer's license must not be suspended or revoked in accordance with section 249 for failure to apply for a title when required or for failure to transfer or secure registration plates and certificate of registration within the 21-day period required under subsection (4). (b) The secretary of state shall not charge any applicable late fees required under subsection (4) and shall, on the dealer's request, reimburse a late fee charged and collected after March 31, 2021 to the end of the period described under this subsection. (12) Notwithstanding subsection (5), a dealer selling or exchanging an off lease or buy back vehicle after March 31, 2021 but before August 1, 2021 may apply to the secretary of state for a new title for the vehicle within 30 days after the dealer receives the certificate of title from the lessor or manufacturer under section 235 or 235b and transfer or secure registration plates and secure a certificate of registration for the vehicle in the name of the purchaser. Both of the following apply to a dealer that complies with this subsection: (a) The dealer's license must not be suspended or revoked in accordance with section 249 for failure to apply for a title when required or for failure to transfer or secure registration plates and certificate of registration within the 21-day period required under subsection (5). (b) The secretary of state shall not charge any applicable late fees required under subsection (5) and shall, on the dealer's request, reimburse a late fee charged and collected after March 31, 2021 to the end of the period described under this subsection. 2024 Michigan Compiled LawsChapter 257 - Motor VehiclesAct 300 of 1949 - Michigan Vehicle Code (257.1 - 257.923)300-1949-II - Chapter II Administration, Registration, Certificate of Title and Anti-Theft (257.201...257.259)Section 257.217c - Acquisition of Salvage, Distressed, or Older Model Vehicles; Issuance of Salvage or Scrap Certificates of Title; Salvage Vehicle Inspections; Sale of Vehicles; Notice of Designation as Salvage Vehicle; Removal of Scrap Vehicle From State; Determination of Repair and Labor Costs; Vehicle Inspection Fee; Audit; "Actual Cash Value" Defined.

Sec. 217c. (1) The secretary of state may conduct periodic reviews of the records of a dealer to determine whether adequate notice is given to a transferee or lessee of a rebuilt salvage vehicle of that vehicle's prior designation as a salvage vehicle. The secretary of state may request an insurance company to provide copies of salvage title documents and claims reports involving major component parts to assist the secretary of state in monitoring compliance with this act. (2) Except for a late model vehicle that has been stolen and recovered and that has no major component part removed, missing, or destroyed, or damaged and not salvageable, an insurance company licensed to conduct business in this state that acquires ownership of a late model vehicle through the payment of a claim shall proceed under either of the following: (a) If the insurance company acquires ownership of the vehicle through payment of a claim, the owner of the vehicle must assign the certificate of title to the insurance company which shall do all of the following: (i) Surrender a properly assigned certificate of title to the secretary of state. (ii) If the estimated cost of repair, including parts and labor, is equal to or more than 75% but less than 91% of the predamaged actual cash value of the vehicle, apply for a salvage certificate of title, and if the estimated cost of repair, including parts and labor, is equal to or greater than 91% of the predamaged actual cash value of the vehicle, apply for a scrap certificate of title. The insurance company shall not sell the vehicle without first receiving a salvage or scrap certificate of title, which shall be assigned to the buyer. An insurance company may assign a salvage or scrap certificate of the title only to an automotive recycler, used or secondhand vehicle parts dealer, foreign salvage vehicle dealer, or vehicle scrap metal processor. (b) If after payment of a total loss claim the insurance company permits the owner of the vehicle to retain ownership, the insurance company shall do all of the following: (i) If the estimated cost of repair, including parts and labor, is

equal to or greater than 75% but less than 91% of the predamaged actual cash value of the vehicle, require each owner of the vehicle to sign an application for a salvage certificate of title, or if the estimated cost of repair, including parts and labor, is equal to or greater than 91% of the predamaged actual cash value of the vehicle, require each owner of the vehicle to sign an application for a scrap vehicle certificate of title. (ii) Attach the owner's certificate of title to the application for a salvage or scrap certificate of title or have the owner certify that the certificate of title is lost. (iii) On behalf of the owner, apply to the secretary of state for a salvage or scrap certificate of title in the name of the owner. The owner shall not sell or otherwise dispose of the vehicle without first receiving a salvage or scrap certificate of title, which must be assigned to the buyer. An insurance company may assign a salvage or scrap certificate of title only to an automotive recycler, used or secondhand vehicle parts dealer, foreign salvage vehicle dealer, or vehicle scrap metal processor. (3) If an insurance company pays a claim for total loss to the owner or lienholder of record as kept by the secretary of state, or both, if applicable, of a vehicle but the owner or lienholder of record as kept by the secretary of state fails to surrender the certificate of title or other document necessary for the transfer of ownership of the vehicle to the insurance company within the expiration of 30 days after the claim payment, the insurance company, without having obtained the surrender of the title or other document otherwise necessary for the transfer of ownership for the vehicle from the owner or lienholder of record as kept by the secretary of state, or both, if applicable, may apply to the secretary of state for a title as provided under this section. The insurance company shall, at the time of application, provide proof of the payment and that the insurance company has requested in writing, by certified mail or by another commercially available delivery service providing proof of delivery, on at least 2 separate occasions that the owner or lienholder of record as kept by the secretary of state surrender to the insurance company the certificate of title or other document necessary for the transfer of ownership to the insurance company. The application must be signed under the penalty of perjury. Subject to subsection (2)(a)(ii), upon meeting the requirements of this subsection, the secretary of state shall issue to the insurance company the appropriate certificate of title free of all liens. Proof of payment of the claim is satisfied only by 1 of the following: (a) In the case of payment by check, either of the following: (i) A copy of the front and back of the endorsed check. (ii) Evidence that the check has cleared the account of the payer. (b) In the case of payment by electronic transfer, evidence that the payment was charged to the account of the payer. (4) Except as provided in subsection (3), if an insurance company acquires ownership of a vehicle other than a late model vehicle through payment of damages due to an accident, the company shall surrender a properly assigned title to the buyer upon delivery. (5) If a dealer acquires ownership of a late model vehicle that is a distressed vehicle from an owner, the dealer shall receive an assigned certificate of title. If the assigned certificate of title is not a salvage or scrap certificate of title, the dealer, other than a vehicle scrap metal processor, shall surrender the assigned certificate of title to the secretary of state, and if the estimated cost of repair, including parts and labor, is equal to or greater than 75% but less than 91% of the predamaged actual cash value of the vehicle, apply for a salvage certificate of title, or if the estimated cost of repair, including parts and labor, is equal to or greater than 91% of the predamaged actual cash value of the vehicle, apply for a scrap certificate of title within 5 days after the dealer receives the assigned certificate of title. The dealer may sell a salvage vehicle to another automotive recycler, used or secondhand vehicle parts dealer, foreign salvage vehicle dealer, or vehicle scrap metal processor by assigning the salvage certificate of title to the buyer. Unless the vehicle is rebuilt, inspected, and recertified under this section, if the vehicle is sold to a buyer other than a dealer, application must be made for a salvage certificate in the name of the buyer in the manner provided in this act. The dealer may sell a scrap vehicle only to a vehicle scrap metal processor. A vehicle scrap metal processor shall surrender an assigned certificate of title to the secretary of state within 30 days after acquiring a vehicle for which a certificate of title was received. A vehicle scrap metal processor shall surrender an assigned salvage or scrap certificate of title to the secretary of state within 30 days after acquiring a vehicle for which a salvage or scrap certificate of title was received and report that the vehicle was destroyed or scrapped. (6) An application for a scrap certificate of title must be made on a form prescribed by the secretary of state accompanied by a fee of $15.00. The application must contain all of the following: (a) The complete name and current address of the owner. (b) A description of the vehicle, including its make, style of body, model year, fee category or weight, color, and vehicle identification number. (c) If the vehicle is a late model vehicle, a listing of each major component part that was not salvageable. (d) Further information as may reasonably be required by the secretary of state. (7) The scrap certificate of title must authorize the holder of the document to transport but not drive on a highway the vehicle or parts of a vehicle, and assign ownership to a vehicle scrap metal processor, automotive recycler, used or secondhand vehicle parts dealer, or foreign salvage vehicle dealer. A certificate of title must not again be issued for this vehicle. A person shall not rebuild or repair a scrap vehicle and allow it to retain the original vehicle identification number. (8) If a person, other than a dealer or insurance company that is subject to subsection (2) or (5), acquires ownership of a distressed, late model vehicle, the person must surrender the title or assigned certificate of title to the secretary of state, and if the estimated cost of repair, including parts and labor, is equal to or greater than 75% but less than 91% of the predamaged actual cash value of the vehicle, apply for a salvage certificate of title, or if the estimated cost of repair, including parts and labor, is equal to or greater than 91% of the predamaged actual cash value of the vehicle, apply for a scrap certificate of title before the vehicle may be transported. (9) An owner of a vehicle may determine that a vehicle is a scrap vehicle or a salvage vehicle without making any determination as to the actual cash value of the vehicle. (10) If a leasing company, vehicle manufacturer, insurance company not licensed to do business in this state, association, repossession company, self-insured owner, financial institution, governmental entity, or other company, institution, or entity, owns a distressed, late model vehicle, the titleholder shall surrender the title or assigned certificate of title to the secretary of state and apply for a salvage certificate of title if the retail cost of repair, including parts and labor, is equal to or greater than 75% but less than 91% of the predamaged actual cash value of the vehicle, or if the retail cost of repair, including parts and labor, is equal to or greater than 91% of the predamaged actual cash value of the vehicle, apply for a scrap certificate of title, before the vehicle may be transported or sold. If ownership is

transferred, the owner must sell the vehicle only to a dealer that is eligible to buy a salvage or scrap vehicle in this state unless the owner complies with subsection (13). When a leasing company, vehicle manufacturer, insurance company not licensed to do business in this state, association, repossession company, self-insured owner, financial institution, governmental entity, or other company, institution, or entity, estimates the repair of a distressed, late model vehicle for the purpose of determining whether to apply for a salvage or scrap certificate of title, a complete record of the estimate and, if the vehicle is repaired before a transfer of ownership, a complete record of the actual cost of the repairs performed and who performed the repairs must be maintained for a minimum of 5 years by the leasing company, vehicle manufacturer, insurance company not licensed to do business in this state, association, repossession company, self-insured owner, financial institution, governmental entity, or other company, institution, or entity. The estimates and repair records required by this subsection must be available for unannounced inspections by a law enforcement agency or a representative of the secretary of state. The secretary of state may request a leasing company, vehicle manufacturer, insurance company not licensed to do business in this state, association, repossession company, self-insured owner, financial institution, governmental entity, or other company, institution, or entity to provide copies of title documents, repair estimates, claims reports involving major component parts, and actual cash value determination documents to assist the secretary of state in monitoring compliance with this act. (11) An application for a salvage certificate of title must be made on a form prescribed by the secretary of state accompanied by a fee of $10.00. The application must contain all of the following: (a) The complete name and current address of the owner. (b) A description of the vehicle, including its make, style of body, model year, fee category or weight, color, and vehicle identification number. (c) An estimate of the cost repair, including parts and labor, and an estimate of the predamaged actual cash value of the vehicle. (d) If the vehicle is a late model vehicle, a listing of each major component part that was not salvageable. (e) Further information as may reasonably be required by the secretary of state. (12) The secretary of state shall issue and mail the salvage certificate within 5 business days after the time the application is received at the secretary of state's office in Lansing. Each salvage certificate of title must include a listing of each major component part that was not salvageable. (13) A salvage certificate of title authorizes the holder of the title to possess, transport, but not drive on a highway, and transfer ownership in, a vehicle. The secretary of state shall not issue a certificate of title or registration plates for a vehicle for which a salvage certificate of title was issued unless a specially trained officer described in subsection (15) certifies all of the following: (a) That the vehicle identification numbers and parts identification numbers are correct. (b) That the applicant has proof of ownership of repair parts used. (c) That the vehicle complies with the equipment standards of this act. (d) That any repairs performed on the vehicle were done in a workmanlike manner, as certified on a form provided by the department by a properly licensed mechanic in the appropriate specialty. A properly licensed mechanic described in this subdivision must not be the same individual as the specially trained officer making the certification of the vehicle as required under this subsection. (14) The certification required by subsection (13) must be made on a form prescribed and furnished by the secretary of state in conjunction with the department of state police and must accompany the application that is submitted to the secretary of state for a certificate of title. An application for a certificate of title must contain a description of each salvageable part used to repair the vehicle and any identification number affixed to or inscribed on the part as required by state or federal law. Upon satisfactory completion of the inspection as required by the secretary of state and other requirements for application, the secretary of state shall issue a certificate of title for the vehicle bearing the legend "rebuilt salvage". (15) An officer specially trained as provided by the secretary of state and authorized by the secretary of state to conduct a salvage vehicle inspection is any of the following: (a) An employee of the department of state. (b) An on-duty or off-duty police officer. (c) A previously certified police officer who is appointed by the local police agency as a limited enforcement officer to conduct salvage vehicle inspections. The local police agency shall give this officer access to the agency's law enforcement information network system and the authority to confiscate any stolen vehicle or vehicle parts discovered during an inspection. The local police agency may give the officer the authority to arrest a person suspected of having unlawful possession of a stolen vehicle or vehicle parts. The local police agency shall not appoint a previously certified police officer whose certificate has been suspended, revoked, or denied under subsection (16). (16) The secretary of state shall issue a certificate to an officer who is specially trained as provided by the secretary of state to conduct salvage vehicle inspections. Only a person who has a valid certification from the secretary of state may perform salvage inspections. The secretary of state on the secretary of state's own initiative or in response to complaints shall make reasonable and necessary public or private investigations within or outside of this state and gather evidence against an officer who was issued a certificate and who violated or is about to violate this act or a rule promulgated under this act. (2) The secretary of state shall deliver the registration certificate to the owner. The certificate must contain on its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, and a description of the vehicle as determined by the secretary of state. (3) The certificate of title must be created in a manner to prohibit as nearly as possible the ability to reproduce, alter, counterfeit, forge, or duplicate the certificate of title without ready detection. The certificate must contain all of the following: (a) The identical information required on the face of the registration certificate. (b) If the vehicle is a motor vehicle, the number of miles, not including the tenths of a mile, registered on the vehicle's odometer at the time of transfer. (c) Whether the vehicle is to be used or has been used as a taxi, as a police vehicle, or by a political subdivision of this state, unless the vehicle is owned by a dealer and loaned or leased to a political subdivision of this state for use as a driver education vehicle. (d) Whether the vehicle is a salvage vehicle. (e) If the vehicle has previously been issued a rebuilt certificate of title from this state or a comparable certificate of title from any other state or jurisdiction. (f) Whether the vehicle has been issued a scrap certificate of title from this state or a comparable certificate of title from any other state or jurisdiction. (g) Whether the vehicle is a flood vehicle or has previously been issued a flood certificate of title from this state or any other state or jurisdiction. (h) Whether the owner or co-owner or lessee or co-lessee of the vehicle is subject to registration denial under section 219(1)(d). (i) A statement of the owner's title and of all security interests in the vehicle or in an accessory on the vehicle as set forth in the application. (j) The date that the application was filed. (k) Any other information that the secretary of state may require. (4) A paper certificate of title must contain a form for assignment of title or interest and warranty of title by the owner with space for the notation of a security interest in the vehicle and in an accessory on the vehicle, which at the time of a transfer must be certified and signed, and space for a written odometer mileage statement that is required upon transfer under section 233a. The certificate of title must include a description of the proper procedure for transferring the title of a motor vehicle and for maintaining records of that transfer as provided under this act, including, but not limited to, the electronic lien title system established under section 241. The certificate of title may also contain other forms that the secretary of state considers necessary to facilitate the effective administration of this act. The certificate must bear the coat of arms of this state. (5) Except as otherwise provided under this subsection, the secretary of state shall mail or deliver a paper certificate of title to the owner or other person as the owner may direct in a separate instrument, in a form prescribed by the secretary of state. The secretary of state may issue a title electronically. However, as provided under section 238, the secretary of state is not required to issue a paper title to the owner of a vehicle if the title is subject to a security interest. (6) A person that intentionally reproduces, alters, counterfeits, forges, or duplicates a certificate of title or a document releasing a security interest or that uses a reproduced, altered, counterfeited, forged, or duplicated certificate of title or document releasing a security interest must be punished as follows: (a) If the intent of reproduction, alteration, counterfeiting, forging, duplication, or use was to commit or aid in the commission of an offense punishable by imprisonment for 1 or more years, the person committing the reproduction, alteration, counterfeiting, forging, duplication, or use is guilty of a misdemeanor punishable by imprisonment for a period equal to that which could be imposed for the commission of the offense the person had the intent to aid or commit. The court may also assess a fine of not more than $10,000.00 against the person. (b) If the intent of the reproduction, alteration, counterfeiting, forging, duplication, or use was to commit or aid in the commission of an offense punishable by imprisonment for not more than 1 year, the person committing the reproduction, alteration, counterfeiting, forging, duplication, or use is guilty of a misdemeanor punishable by imprisonment for not more than 1 year, or a fine of not more than $1,000.00, or both. (7) A paper certificate of title for a police vehicle, a vehicle owned by a political subdivision of this state, a salvage vehicle, a rebuilt vehicle, a scrap vehicle, or a flood vehicle must be a different color from the certificate of title for all other vehicles unless the vehicle is loaned or leased to a political subdivision of this state for use as a driver education vehicle. (8) A scrap certificate of title must contain a legend that the vehicle is not to be titled or registered and is to be used for parts or scrap metal only. (9) A certificate of title must not be issued for a vehicle that has had a salvage certificate of title unless the certificate of title contains the legend "rebuilt salvage". Sec. 223. (1) A registration certificate shall at all times be carried in the vehicle to which it refers or shall be carried by or electronically accessible to the person driving or in control of the vehicle, who shall display a paper or electronic copy of the registration certificate upon demand of a police officer. (2) If a person displays an electronic copy of his or her registration certificate using an electronic device, the police officer shall only view the electronic copy of the registration certificate and shall not manipulate the electronic device to view any other information on the electronic device. A person who displays an electronic copy of his or her registration certificate using an electronic device as provided in this subsection shall not be presumed to have consented to a search of the electronic device. A police officer may require the person to electronically forward the electronic copy of the registration certificate to a specified location provided by the police officer. The police officer may then view the electronic copy of the registration certificate in a setting in which it is safe for the officer to verify that the information contained in the electronic copy of the registration certificate is valid and accurate. This state, a law enforcement agency, or an employee of this state or a law enforcement agency is not liable for damage to or loss of an electronic device that occurs as a result of a police officer's viewing an electronic copy of a registration certificate in the manner provided in this section, regardless of whether the police officer or the owner or operator of the vehicle was in possession of the electronic device at the time the damage or loss occurred. Sec. 224. (1) Except as otherwise provided in this act regarding tabs or stickers, upon registering a vehicle, the secretary of state shall issue to the owner 1 registration plate. (2) A registration plate shall display the registration number assigned to the vehicle for which the registration plate is issued; the name of this state, which may be abbreviated; and when the registration plate expires, which may be shown by a tab or sticker furnished by the secretary of state. (3) A registration plate issued for motor vehicles owned and operated by this state; a state institution; a municipality; a privately incorporated, nonprofit volunteer fire department; or a nonpublic, nonprofit college or university of this state does not expire at any particular time but must be renewed when the registration plate is worn out or is illegible. This registration plate must be assigned upon proper application and payment of the applicable fee and may be used on any eligible vehicle titled to the applicant if a written record is kept of the vehicles upon which the registration plate is used. The written record shall state the time the registration plate is used on a particular vehicle. The record shall be open to inspection by a law enforcement officer or a representative of the secretary of state. (4) A registration plate issued for a vehicle owned by the civil air patrol as organized under 36 USC 40301 to 40307; a vehicle owned by a nonprofit organization and used to transport equipment for providing dialysis treatment to children at camp; an emergency support vehicle used exclusively for emergencies and owned and operated by a federally recognized nonprofit charitable organization; a vehicle owned and operated by a nonprofit food pantry or nonprofit food bank; a vehicle owned and operated by a nonprofit veterans center; a motor vehicle having a truck chassis and a locomotive or ship's body that is owned by a nonprofit veterans organization and used exclusively in parades and civic events; a vehicle owned and operated by a nonprofit recycling center or a federally recognized nonprofit conservation organization until December 31, 2000; a motor vehicle owned and operated by a senior citizen center; and a registration plate issued for buses including station wagons, carryalls, or similarly constructed vehicles owned and operated by a nonprofit parents' transportation corporation used for school purposes, parochial school, society, church Sunday school, or other grammar school, or by a nonprofit youth organization or nonprofit rehabilitation facility shall be issued upon proper application and payment of the applicable tax provided in section 801(1)(g) or (h) to the applicant for the vehicle identified in the application. The vehicle shall be used exclusively for activities of the school or organization and shall be designated by proper signs showing the school or organization operating the vehicle. The registration plate expires on December 31 in the fifth year following the date of issuance. The registration plate may be transferred to another vehicle upon proper application and payment of a $10.00 transfer fee. (5) The department shall offer a standard design registration plate that complies with the requirements of this act. The standard design registration plate shall be of a common color scheme and design that is made of fully reflectorized material and shall be clearly visible at night. (6) No later than 1 year after the effective date of the amendatory act that amended this section, the department shall permit the registrant of a vehicle to display a digital registration plate in lieu of the standard design registration plate described in subsection (5). As used in this subsection "digital registration plate" means an electronic display that is mounted on the rear of a vehicle in place of a registration plate issued by the secretary of state. Any data collected by the department or by a vendee selected by the department through the use of digital registration plates is the property of the department. Any use of data collected through the use of a digital registration plate is nonexclusive and is governed by this act. (7) The department may use the Pure Michigan brand or a successor or similar brand that is used in conjunction with this state's promotion, travel, and tourism campaigns or marketing efforts as part of the standard design for registration plates. The secretary of state may issue a tab or tabs designating the month and year of expiration. (9) Except as otherwise provided in this subsection, the secretary of state shall issue for every passenger motor vehicle rented without a driver the same type of registration plate as the type of registration plate issued for private passenger vehicles. This subsection does not apply to a special registration plate issued for a vehicle in a fleet under section 801h. (10) A person shall not operate a vehicle on the public highways or streets of this state displaying a registration plate other than the registration plate issued for the vehicle by the secretary of state, except as provided in this chapter for nonresidents, or by assignment as provided in subsection (3). (11) The registration plate displayed on a vehicle registered on the basis of elected gross weight shall indicate the elected gross weight for which the vehicle is registered. (12) Beginning on January 1, 2015, a registration plate issued by the department under this section shall not be renewed 10 years after the date that registration plate was issued. The owner of a vehicle whose registration plate is no longer eligible for renewal under this subsection must obtain a replacement registration plate upon payment of the fee required under section 804. For any alphanumeric series that the department has retired from circulation, upon request of the owner of a vehicle whose registration plate is no longer eligible for renewal under this subsection, the department may issue a new registration plate with the same registration number as was displayed on the expired registration plate as provided under section 803b. 2024 Michigan Compiled LawsChapter 257 - Motor VehiclesAct 300 of 1949 - Michigan Vehicle Code (257.1 - 257.923)300-1949-II - Chapter II Administration, Registration, Certificate of Title and Anti-Theft (257.201...257.259)Section 257.225 - Registration Plate; Attachment to Vehicle; Legibility; Color; Distinctive Registration Plates; Name Plate, Insignia, or Advertising Device; Limitation; Historic Military Vehicle; Violation as Civil Infraction.

Sec. 225. (1) Except as otherwise provided in this subsection and subsection (6), a registration plate issued for a vehicle shall be attached to the rear of the vehicle. A registration plate issued for a truck tractor or road tractor shall be attached to the front of the vehicle. (2) A registration plate shall at all times be securely fastened in a horizontal position to the vehicle for which the plate is issued so as to prevent the plate from swinging. The plate shall be attached at a height of not less than 12 inches from the ground, measured from the bottom of the plate, in a place and position that is clearly visible. The plate shall be maintained free from foreign materials that obscure or partially obscure the registration information and in a clearly legible condition. The attachment to the rear of a vehicle of a tow ball, bicycle rack, removable hitch, or any other device designed to carry an object on the rear of a vehicle, including the object being carried, does not violate this subsection. (3) A registration plate or an expiration tab on the registration plate shall be of a different color designated by the secretary of state with a marked contrast between the color of the registration plate and the numerals or letters on the plate. The secretary of state may provide a distinctive registration plate as a replacement for a standard plate. To honor a special or historical event, the secretary of state may provide a commemorative plate as a replacement for a standard plate. (4) A person shall not attach a name plate, insignia, or advertising device to a registration plate in a manner that obscures or partially obscures the registration information. (5) A person shall not operate a motor vehicle that has a name plate, insignia, or advertising device attached to a registration plate in a manner that obscures or partially obscures the registration information. (6) A registration plate issued for a historic military vehicle that is authorized to be operated on the roads of this state is not required to be attached to the rear or the front of the historic military vehicle unless the historic military vehicle was originally manufactured with lighting and mounting provisions for a registration plate. However, if the registration plate is not attached to the exterior of the historic military vehicle, it shall be present in the historic military vehicle to which it refers and shall be made available upon demand of a police officer. As used in this subsection, "historic military vehicle" means a vehicle, including a trailer, regardless of the vehicle's size, weight, or year of manufacture, that was manufactured for use in any country's military forces and is maintained to represent its military design and markings accurately. (7) A person who violates this section is responsible for a civil infraction. History:1949, Act 300, Eff. Sept. 23, 1949 ;-- Am. 1978, Act 510, Eff. Aug. 1, 1979 ;-- Am. 1978, Act 548, Imd. Eff. Multiyear Registration; Pandemic Expiration Extension.

Sec. 226. (1) Except as otherwise provided in subsection (13) or (14), a vehicle registration issued by the secretary of state expires on the owner's birthday, unless another expiration date is provided for under this act or unless the registration is for any of the following vehicles, in which case registration expires on the last day of February: (a) A commercial vehicle except for a commercial vehicle issued a registration under the international registration plan or a pickup truck or van owned by an individual. (b) Except for a trailer or semitrailer issued a registration under the international registration plan, a trailer or semitrailer owned by a business, corporation, or person other than an individual; or a pole trailer. (2) Except as otherwise provided in subsection (13) or (14), the expiration date for a registration issued for a motorcycle is the motorcycle owner's birthday. (3) The expiration date for a registration bearing the letters "SEN" or "REP" is February 1. (4) In the case of a vehicle owned by a business, corporation, or an owner other than an individual, the secretary of state may assign or reassign the expiration date of the registration. (5) The secretary of state shall do all of the following: (a) After the October 1 immediately preceding the year designated on the registration, issue a registration upon application and payment of the proper fee for a commercial vehicle, other than a pickup or van owned by an individual; or a trailer owned by a business, corporation, or person other than an individual. (b) Beginning 60 days before the expiration date assigned on an international registration plan registration plate, issue a registration under section 801g upon application and payment of the proper apportioned fee for a commercial vehicle engaged in interstate commerce. (c) Beginning 45 days before the owner's birthday or, if the owner has requested the expiration date described in subsection (14), 45 days before the expiration date, and 120 days before the expiration date assigned by the secretary of state, issue a registration for a vehicle other than those designated in subsection (1)(a) or (b). However, if an owner whose registration period begins 45 days before the owner's birthday or expiration date will be out of the state during the 45 days immediately preceding expiration of a registration or for other good cause shown cannot apply for a renewal registration within the 45-day period, application for a renewal registration may be made not more than 6 months before expiration. (6) Except as otherwise provided in this subsection and subsection (14), the secretary of state, upon application and payment of the proper fee, shall issue a registration for a vehicle or a motorcycle to a resident that expires on the owner's birthday or, if applicable, on the expiration date described in subsection (14). If the owner's next birthday is at least 6 months but not more than 12 months in the future, the owner shall receive a registration valid until the owner's next birthday or, if applicable, the expiration date described in subsection (14). If the owner's next birthday is less than 6 months in the future, the owner shall receive a registration valid until the owner's birthday following the owner's next birthday or, if applicable, the expiration date described in subsection (14). The tax required under this act for a registration described in this subsection is either of the following: (a) For an original registration, the tax must bear the same relationship to the tax required under section 801 for a 12-month registration as the length of the registration bears to 12 months. (b) For a renewal of a registration, either of the following: (i) For a registration that is for at least 6 months but not more than 12 months, the same amount as for 12 months. (ii) For a renewal of a registration that is for more than 12 months, 2 times the amount for 12 months. Partial months must be considered as whole months in the calculation of the required tax and in the determination of the length of time between the application for a registration and the owner's next birthday or, if applicable, the expiration date described in subsection (14). The tax required for that registration must be rounded off to whole dollars as provided in section 801. (7) A certificate of title remains valid until canceled by the secretary of state for cause or upon a transfer of an interest shown on the certificate of title. (8) The secretary of state, upon request, shall issue special registration for commercial vehicles, valid for 6 months after the date of issue, if the full registration fee exceeds $50.00, on the payment of 1/2 the full registration fee and a service charge as enumerated in section 802(1). (9) The secretary of state may issue a special registration for each of the following: (a) A new vehicle purchased or leased outside of this state and delivered in this state to the purchaser or lessee by the manufacturer of that vehicle for removal to a place outside of this state, if a certification is made that the vehicle will be primarily used, stored, and registered outside of this state and will not be returned to this state by the purchaser or lessee for use or storage. (b) A vehicle purchased or leased in this state and delivered to the purchaser or lessee by a dealer or by the owner of the vehicle for removal to a place outside of this state, if a certification is made that the vehicle will be primarily used, stored, and registered outside of this state and will not be returned to this state by the purchaser or lessee for use or storage. (10) A special registration issued under subsection (9) is valid for not more than 60 days after the date of issuance, and a fee must be collected for each special registration as provided in section 802(3). The special registration may be in the form determined by the secretary of state. If a dealer makes a retail sale or lease of a vehicle to a purchaser or lessee who is qualified and eligible to obtain a special registration, the dealer shall apply for the special registration for the purchaser or lessee. If a person other than a dealer sells or leases a vehicle to a purchaser or lessee who is qualified and eligible to obtain a special registration, the purchaser or lessee shall appear in person, or by a person exercising the purchaser's or lessee's power of attorney, at an office of the secretary of state and furnish a certification that the person is the bona fide purchaser or lessee or that the person has granted the power of attorney, together with other forms required for the issuance of the special registration and provide the secretary of state with proof that the vehicle is covered by an automobile insurance policy issued under section 3101 of the insurance code of 1956, 1956 PA 218, MCL 500.3101, or proof that the vehicle is covered by a policy of insurance issued by an insurer under section 3163 of the insurance code of 1956, 1956 PA 218, MCL 500.3163. The certification required in this subsection must contain all of the following: (a) The address of the purchaser or lessee. (b) A statement that the vehicle is purchased or leased for registration outside of this state. (c) A statement that the vehicle must be primarily used, stored, and registered outside of this state. (d) The name of the jurisdiction in which the vehicle is to be registered. (e) The name and address of the lien holder. (f) Other information requested by the secretary of state. (11) In the case of a commercial vehicle, trailer, or semitrailer issued a registration under the international registration plan, the secretary of state in mutual agreement with the owner may assign or reassign the expiration date of the

registration. However, the expiration date agreed to must be either March 31, June 30, September 30, or December 31 or beginning on February 19, 2019, the last day of a calendar month. Renewals expiring on or after June 30, 2020 must be for a minimum of at least 12 months if there is a change in the established expiration date. Notwithstanding the provisions of this subsection, a commercial vehicle, trailer, or semitrailer registration issued under this subsection that expires on or after March 1, 2020 is valid until March 31, 2021. Notwithstanding the provisions of this subsection, a commercial vehicle, trailer, or semitrailer registration issued under this subsection that expires after March 31, 2021 but before August 1, 2021 is valid until 120 days after the date of the expiration. (12) The expiration date for a multiyear registration issued for a leased vehicle must be the date the lease expires but must not be for a period longer than 24 months. (13) A vehicle registration described in subsection (1) or a motorcycle registration described in subsection (2) that expires on or after March 1, 2020 is valid until March 31, 2021. A vehicle registration described in subsection (1) or a motorcycle registration described in subsection (2) that expires after March 31, 2021 but before August 1, 2021 is valid until 120 days after the date of the expiration. (14) Beginning October 1, 2022, in the case of a vehicle owned by an individual, upon request of that individual, a vehicle registration issued by the secretary of state expires 2 years after the owner's birthday. (h) Beginning October 31, 2010, the department shall order an individual convicted of violating section 625(1)(c) not to operate a motor vehicle under a restricted license issued under subdivision (g) unless the vehicle is equipped with an ignition interlock device approved, certified, and installed as required under sections 625k and 625l. The ignition interlock device may be removed after the interlock device provider provides the department with verification that the individual has operated the vehicle with no instances of reaching or

exceeding a blood alcohol level of 0.025 grams per 210 liters of breath. This subdivision does not prohibit the removal of the ignition interlock device for any of the following: (i) A start-up test failure that occurs within the first 2 months after installation of the device. As used in this subdivision, "start-up test failure" means that the ignition interlock device has prevented the motor vehicle from being started. Multiple unsuccessful attempts at 1 time to start the vehicle are treated as 1 start-up test failure only under this subparagraph. (ii) A start-up test failure occurring more than 2 months after installation of the device, if not more than 15 minutes after detecting the start-up test failure the individual delivers a breath sample that the ignition interlock device analyzes as having an alcohol level of less than 0.025 grams per 210 liters of breath. This subdivision does not require an additional like period of suspension and restriction for any of the following: (i) A start-up test failure within the first 2 months after installation of the ignition interlock device. As used in this subdivision, "start-up test failure" means that the ignition interlock device has prevented the motor vehicle from being started. Multiple unsuccessful attempts at 1 time to start the vehicle are treated as 1 start-up test failure only under this subparagraph. (ii) A start-up test failure occurring more than 2 months after installation of the device, if not more than 15 minutes after detecting the start-up test failure the individual delivers a breath sample that the ignition interlock device analyzes as having an alcohol level of less than 0.025 grams per 210 liters of breath. (iii) Any retest prompted by the device, if not more than 5 minutes after detecting the retest failure the individual delivers a breath sample that the ignition interlock device analyzes as having an alcohol level of less than 0.025 grams per 210 liters of breath. (9) For a violation of section 367c of the Michigan penal code, 1931 PA 328, MCL 750.367c, the secretary of state shall suspend the individual's license as follows: (a) If the individual has no prior conviction for an offense described in this subsection within 7 years, for 6 months. (b) If the individual has 1 or more convictions for an offense described in this subsection within 7 years, for 1 year. (10) For a violation of section 315(4), the secretary of state may suspend the individual's license for 6 months. (11) Except as provided in subsection (13), a suspension under this section must be imposed notwithstanding a court order unless the court order complies with section 323. (12) If the secretary of state receives records of more than 1 conviction of an individual that results from the same incident, a suspension must be imposed only for the violation to which the longest period of suspension applies under this section. (13) The secretary of state may waive a restriction, suspension, or revocation of an individual's license imposed under this act if the individual submits proof that a court in another state revoked, suspended, or restricted his or her license for a period equal to or greater than the period of a restriction, suspension, or revocation prescribed under this act for the violation and that the revocation, suspension, or restriction was served for the violation, or may grant a restricted license. (14) The secretary of state shall not issue a restricted license to an individual whose license is suspended under this section unless a restricted license is authorized under this section and the individual is otherwise eligible for a license. (15) The secretary of state shall not issue a restricted license to an individual under subsection (8) that would permit the individual to operate a commercial motor vehicle. (16) Except as provided in subsection (15), a restricted license issued under this section must permit the individual to whom it is issued to take any driving skills test required by the secretary of state and to operate a vehicle under 1 or more of the following circumstances: (a) In the course of the individual's employment or occupation. (b) To and from any combination of the following: (i) The individual's residence. (ii) The individual's work location. (iii) An alcohol or drug education or treatment program as ordered by the court. (18) Subject to subsection (20), as used in subsection (8), "prior conviction" means a conviction for any of the following, whether under a law of this state, a local ordinance that substantially corresponds to a law of this state, or a law of another state that substantially corresponds to a law of this state: (a) Except as provided in subsection (19), a violation or attempted violation of any of the following: (i) Section 625, except a violation of section 625(2), or a violation of any prior enactment of section 625 in which the defendant operated a vehicle while under the influence of intoxicating or alcoholic liquor or a controlled substance, or a combination of intoxicating or alcoholic liquor and a controlled substance, or while visibly impaired, or with an unlawful bodily alcohol content. (ii) Section 625m. (iii) Former section 625b. (b) Negligent homicide, manslaughter, or murder that results from the operation of a vehicle or an attempt to commit any of those crimes. (c) Beginning October 31, 2010, a violation of section 601d or section 626(3) or (4). (19) Except for purposes of the suspensions described in subsection (8)(c) and (d), only 1 violation or attempted violation of section 625(6), a local ordinance that substantially corresponds to section 625(6), or a law of another state that substantially corresponds to section 625(6) may be used as a prior conviction. (20) If 2 or more convictions described in subsection (18) are convictions for violations arising out of the same transaction, only 1 conviction must be used to determine whether the individual has a prior conviction. (21) Any period of suspension or restriction required under this section is not subject to appeal to the secretary of state. History:1949, Act 300, Eff. Sept. 23, 1949 ;-- Am. 1951, Act 270, Eff. (3) In a hearing or matter properly before the hearing officer, he or she may do any of the following: (a) Issue subpoenas to compel attendance of witnesses. (b) Issue process to compel attendance. (c) Punish for contempt any witness failing to appear or testify in the same manner as provided by the rules and practice in the circuit court. (d) Swear witnesses, administer oaths, and exemplify records in any matter before the officer. (e) Take additional testimony he or she considers appropriate. (4) A verbatim record shall be made of the hearing. (5) After a hearing, the hearing officer may affirm, modify, or set aside a final determination of the secretary of state denying an application for an operator's or chauffeur's license, suspending, restricting, or revoking an operator's or chauffeur's license, or any other license action. The hearing officer shall include his or her findings of fact and conclusions of law in the record. (6) Except as provided in subsection (7), if a person whose license has been denied or revoked under section 303(2)(c), (d), or (g) applies for a license or reinstatement of a license after the time period specified in section 303(4) has elapsed, the hearing officer may issue a restricted license to that person, setting restrictions upon operating a vehicle as the hearing officer determines are appropriate. If the hearing officer issues a restricted license following a hearing held after October 1, 1999, he or she shall do both of the following: (a) Require a properly installed and functioning ignition interlock device on each motor vehicle the person owns or intends to operate, the costs of which shall be borne by the person whose license is restricted. (b) Condition issuance of a restricted license upon verification by the secretary of state that an ignition interlock device has been installed. (7) The hearing officer shall not issue a restricted license under subsection (6) that would permit the person to operate a commercial motor vehicle that hauls hazardous material. (8) If the hearing officer issues a restricted license to a person who intends to operate a vehicle owned by his or her employer, the secretary of state shall notify the employer of the employee's license restriction that requires the installation of an ignition interlock device. An employer who receives notice under this subsection is not required to install an ignition interlock device on the employer-owned vehicle. This subsection does not apply to a vehicle that is operated by a self-employed individual who uses the vehicle for both business and personal use. (9) If the hearing officer issues a restricted license requiring an ignition interlock device, the initial period for requiring the device shall be not less than 1 year. History:1949, Act 300, Eff. Sec. 323. (1) A person aggrieved by a final determination of the secretary of state denying the person an operator's or chauffeur's license, a vehicle group designation, or an indorsement on a license or revoking, suspending, or restricting an operator's or chauffeur's license, vehicle group designation, or an indorsement may petition for a review of the determination in the circuit court in the county where the person was arrested if the denial or suspension was imposed under section 625f or under the order of a trial court under section 328 or, in all other cases, in the circuit court in the person's county of residence. The person shall file the petition within 63 days after the determination is made except that for good cause shown the court may allow the person to file petition within 182 days after the determination is made. As provided in section 625f, a peace officer aggrieved by a determination of a hearing officer in favor of a person who requested a hearing under section 625f may, with the prosecuting attorney's consent, petition for review of the determination in the circuit court in the county where the arrest was made. The peace officer shall file the petition within 63 days after the determination is made except that for good cause shown the court may allow the peace officer to file the petition within 182 days after the determination is made. (2) Except as otherwise provided in this section, the circuit court shall enter an order setting the cause for hearing for a day certain not more than 63 days after the order's date. The order, a copy of the petition that includes the person's full name, current address, birth date, and driver's license number, and all supporting affidavits must be served on the secretary of state's office in Lansing not less than 20 days before the date set for the hearing. If the person is

seeking a review of the record prepared under section 322 or section 625f, the service upon the secretary of state must be made not less than 50 days before the date set for the hearing. (3) The court may take testimony and examine all the facts and circumstances relating to the denial, suspension, or restriction of the person's license under sections 303(1)(d), 320, or 904(10) or (11), a licensing action under section 310d, or a suspension for a first violation under section 625f. The court may affirm, modify, or set aside the restriction, suspension, or denial, except the court shall not order the secretary of state to issue a restricted or unrestricted chauffeur's license that would permit the person to drive a commercial motor vehicle that hauls a hazardous material. The court shall enter the order and the petitioner shall file a certified copy of the order with the secretary of state's office in Lansing within 7 days after entry of the order. (4) Except as otherwise provided in this section, in reviewing a determination resulting in a denial, suspension, restriction, or revocation under this act, the court shall confine its consideration to a review of the record prepared under section 322 or 625f or the driving record created under section 204a for a statutory legal issue, and may determine that the petitioner is eligible for full driving privileges or, if the petitioner is subject to a revocation under section 303, may determine that the petitioner is eligible for restricted driving privileges. The court shall set aside the secretary of state's determination only if 1 or more of the following apply: (a) In determining whether a petitioner is eligible for full driving privileges, the petitioner's substantial rights have been prejudiced because the determination is any of the following: (i) In violation of the Constitution of the United States, the state constitution of 1963, or a statute. (ii) In excess of the secretary of state's statutory authority or jurisdiction. (iii) Made upon unlawful procedure resulting in material prejudice to the petitioner. (iv) Not supported by competent, material, and substantial evidence on the whole record. (v) Arbitrary, capricious, or clearly an abuse or unwarranted exercise of discretion. (vi) Affected by other substantial and material error of law. (b) In determining whether a petitioner is eligible for review of a revocation or denial under section 303, or whether a petitioner is eligible for restricted driving privileges, all of the following apply: (i) The petitioner's substantial rights have been prejudiced as described in subdivision (a). (ii) All of the following are satisfied: (A) The revocation or denial occurred at least 1 year after the petitioner's license was revoked or denied, or, if the petitioner's license was previously revoked or denied within the 7 years preceding the most recent revocation or denial, at least 5 years after the most recent revocation or denial, whichever is later. (B) The court finds that the petitioner meets the department's requirements under the rules promulgated by the department under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.238. For purposes of this sub-subparagraph only, the court may take additional testimony to supplement the record prepared under section 322 or 625f or the driving record created under section 204a, but shall not expand the record. (C) If the revocation or denial was under section 303(2)(a), (b), (c), or (g), the petitioner rebuts by clear and convincing evidence the presumption that he or she is a habitual offender, and establishes to the court's satisfaction that he or she is likely to adhere to any requirements imposed by the court. For purposes of this sub-subparagraph, the conviction that resulted in the revocation and any record of denial of reinstatement by the department are prima facie evidence that the petitioner is a habitual offender. For purposes of this sub-subparagraph only, the court may take additional testimony to supplement the record prepared under section 322 or 625f or the driving record created under section 204a, but shall not expand the record. (5) If the court determines that a petitioner is eligible for restricted driving privileges under subsection (4)(b), the court shall issue an order that includes, but is not limited to, all of the following: (a) The court's findings under section 303 and R 257.1 to R 257.1727 of the Michigan Administrative Code. (b) A requirement that each motor vehicle operated by the petitioner be equipped with a properly installed and functioning ignition interlock device for a period of not less than 1 year before the petitioner will be eligible to return to the secretary of state for a hearing. The petitioner shall bear the cost of an ignition interlock device required under this subdivision. A restricted license must not be issued to the petitioner until the secretary of state has verified that 1 or more ignition interlock devices, if applicable, have been installed as required by this subdivision. (c) A method by which the court will verify that the petitioner maintains no-fault insurance for each vehicle described in subdivision (b) as required by chapter 31 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 to 500.3179. (d) A requirement that a restricted license issued to the petitioner must not permit the petitioner to operate a commercial motor vehicle that hauls hazardous materials. (e) A provision that the secretary of state shall revoke the petitioner's restricted license if any of the following occur: (i) The petitioner violates the restrictions on his or her license. (ii) The petitioner violates subdivision (b). (iii) The petitioner removes, or causes to be removed, an ignition interlock device required under subdivision (b), unless the secretary of state has authorized the removal under section 322a. (iv) The petitioner commits an act that would be a major violation if the petitioner's license had been issued under section 322(6) or consumes alcohol or a controlled substance without a prescription. As used in this subparagraph, "major violation" means that term as defined in R 257.301a of the Michigan Administrative Code. (v) The petitioner is arrested for a violation of section 625 or a local ordinance, law of this state or another state, or law of the United States that substantially corresponds to section 625. (6) If the court determines that a petitioner is eligible for restricted driving privileges under this section and the petitioner intends to operate a vehicle owned by his or her employer, the court shall notify the employer of the petitioner's obligation under subsection (5)(b). This subsection does not require an employer who receives a notice under this subsection to install an ignition interlock device on a vehicle. This subsection does not apply to a vehicle that is operated by a self-employed individual who uses the vehicle for both business and personal use. (7) If a court determines that a petitioner is eligible for restricted driving privileges, the secretary of state shall not issue a restricted license to the petitioner until he or she has satisfied any other applicable requirements of state or federal law, and shall not issue a restricted license to the petitioner if the order granting eligibility for restricted driving privileges does not comply with subsection (5). (8) If a court determines that a petitioner is eligible for restricted driving privileges, the court shall notify the department of its determination through the issuance of an order under subsection (5) and shall not retain jurisdiction over a license issued under this section. Sec. 323c. (1) A person denied a license to operate a motor vehicle or whose license for that purpose has been suspended by the secretary of state under section 625f has a right to a review of the matter in circuit court as provided in sections 323 and 323a. Except as provided in this section, the court may order the secretary of state to issue to the person a restricted license permitting the

person to drive only to and from the person's residence and work location; in the course of the person's employment or occupation; to and from an alcohol or drug education program or treatment program as ordered by a court; to and from the person's residence and the court probation department, or a court-ordered community service program, or both; to and from the person's residence and an educational institution at which the person is enrolled as a student; or pursuant to a combination of these restrictions. The court order and license shall indicate the person's work location and the approved route or routes and permitted times of travel. (b) The territory or territories regularly visited by the person in pursuance of the person's occupation. Sec. 323d. (1) The drug case information management fund is created as a separate fund in the state treasury. The purpose of the fund is to help defray the costs of complying with requirements for the timely management and reporting to the secretary of state of information concerning cases involving an attempt to violate, a conspiracy to violate, or a violation of part 74 or section 17766a of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.7401 to 333.7461 and 333.17766a of the Michigan Compiled Laws, or of a local ordinance that prohibits conduct prohibited under part 74 or section 17766a of Act No. 368 of the Public Acts of 1978. Money in the fund shall be expended only as provided in subsection (3). (2) The state treasurer shall credit the drug case information management fund with the money collected from license reinstatement fees as provided in section 320e(2). The state treasurer may invest money contained in the drug case information management fund in any manner authorized by law for the investment of state money. However, an investment shall not interfere with any apportionment, allocation, or payment of money as required by this section. The state treasurer shall credit all earnings from the fund to the fund. Money in the fund at the end of the fiscal year shall remain in the fund and shall not revert to the general fund. (3) The state court administrator, at the direction of the supreme court and upon confirmation of the amount by the state treasurer, shall distribute from the drug case information management fund the total amount available in a fiscal year to each circuit of the circuit court, each district of the district court, and each probate court as provided in this subsection. The state court administrator, after reimbursement of costs as provided in this subsection, shall distribute the balance of the drug case information management fund annually after costs are disbursed to each circuit of the circuit court, each district of the district court, and each probate court in an amount determined by multiplying the amount available for distribution by a fraction, the numerator of which is the number of cases in which the defendant was charged with an attempt to violate, a conspiracy to violate, or a violation of part 74 or section 17766a of Act No. 368 of the Public Acts of 1978, or a local ordinance that prohibits conduct prohibited under part 74 or section 17766a of Act No. 368 of the Public Acts of 1978, in the prior calendar year in that circuit of the circuit court, that district of the district court, or that probate court, as certified by the state court administrator, and the denominator of which is the total number of cases in all circuits of the circuit court, all districts of the district court, and all probate courts in which the defendant was charged with an attempt to violate, a conspiracy to violate, or a violation of part 74 of section 17766a of Act No. 368 of the Public Acts of 1978, or a local ordinance that prohibits conduct prohibited under part 74 or section 17766a of Act No. 368 of the Public Acts of 1978. The state court administrative office shall be reimbursed annually from the drug case information management fund for all reasonable costs associated with the administration of this section, including judicial and staff training, on-site management assistance, forms

Sec. 328. (1) The owner of a motor vehicle who operates or permits the operation of the motor vehicle on the highways of this state or the operator of the motor vehicle shall produce, under subsection (2), on the request of a police officer, evidence that the motor vehicle is insured under chapter 31 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 to 500.3179. Subject to section 907(14), an owner or operator of a motor vehicle who fails to produce evidence of insurance on request under this subsection or who fails to have motor vehicle insurance for the vehicle as required under chapter 31 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 to 500.3179, is responsible for a civil infraction. If an individual displays an electronic copy of his or her certificate of insurance using an electronic device, the police officer shall only view the electronic copy of the certificate of insurance and shall not manipulate the electronic device to view any other information on the electronic device. An individual who displays an electronic copy of his or her certificate of insurance using an electronic device as provided in this subsection is not presumed to have consented to a search of the electronic device. A police officer may require the individual to electronically forward the electronic copy of the certificate of insurance to a specified location provided by the police officer. The police officer may then view the electronic copy of the certificate of insurance in a setting in which it is safe for the officer to verify that the information contained in the electronic copy of the certificate of insurance is valid and accurate. This state, a law enforcement agency, or an employee of this state or a law enforcement agency is not liable for damage to or loss of an electronic device that occurs as a result of a police officer's viewing an electronic copy of a certificate of insurance in the manner provided in this section, regardless of whether the police officer or the owner or operator of the vehicle was in possession of the electronic device at the time the damage or loss occurred. (2) A certificate of insurance, in paper or electronic form and issued by an insurance company, that certifies that the security that meets the requirements of sections 3101 and 3102 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 and 500.3102, is in force is prima facie evidence that insurance is in force for the motor vehicle described in the certificate of insurance until the expiration date shown on the certificate. The certificate, in addition to describing the motor vehicles for which insurance is in effect, must, if applicable, state the name of each individual named on the policy, policy declaration, or a declaration certificate whose operation of the vehicle would cause the liability coverage of that insurance to become void. (3) If, before the appearance date on a citation issued under subsection (1), the defendant submits proof to the court that the motor vehicle had insurance meeting the requirements of sections 3101 and 3102 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 and 500.3102, at the time the violation of subsection (1) occurred, all of the following apply: (a) The court shall not assess a fine or costs. (b) The court shall not forward an abstract of the court record to the secretary of state. (c) The court may assess a fee of not more than $25.00 that shall be paid to the court funding unit. (4) If an owner or operator of a motor vehicle is determined to be responsible for a violation of subsection (1), the court in which the civil infraction determination is entered may require the individual to surrender his or her operator's or chauffeur's license unless proof that the vehicle has insurance that meets the requirements of sections 3101 and 3102 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 and 500.3102, is submitted to the court. If the court requires the license to be surrendered, the court shall order the secretary of state to suspend the individual's license. The court shall immediately destroy the license and shall forward an abstract of the court record to the secretary of state as required by section 732. On receipt of the abstract, the secretary of state shall suspend the individual's license beginning with the date on which the individual is determined to be responsible for the civil infraction for a period of 30 days or until proof of insurance that meets the requirements of sections 3101 and 3102 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 and 500.3102, is submitted to the secretary of state, whichever occurs later. An individual who submits proof of insurance to the secretary of state under this subsection shall pay a service fee of $25.00 to the secretary of state. The individual shall not be required to be examined under section 320c and shall not be required to pay a replacement license fee. (5) If an owner or operator of a motor vehicle is determined to be responsible for a violation of subsection (1), the court in which the civil infraction determination is entered shall notify the secretary of state of the vehicle registration number and the year and make of the motor vehicle being operated at the time of the violation. A notification under this subsection must be made on the abstract or on a form approved by the supreme court administrator. On receipt, the secretary of state shall immediately enter this information in the records of the department. The secretary of state shall not renew, transfer, or replace the registration plate of the vehicle involved in the violation or allow the purchase of a new registration plate for the vehicle involved in the violation until the owner meets the requirements of section 227a or unless the vehicle involved in the violation is transferred or sold to a person other than the owner's spouse, mother, father, sister, brother, or child. (6) An owner or operator of a motor vehicle who knowingly produces false evidence under this section is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than $1,000.00, or both. (7) Points must not be entered on a driver's record under section 320a for a violation of this section. (8) This section does not apply to the owner or operator of a motor vehicle that is registered in a state other than this state or a foreign country or province. History:Add. 1980, Act 459, Imd. Eff. (b) The minimum period of license sanction that would have been imposed under section 303 or 319 but for this section has been completed. As used in this subsection, "certificate" includes, but is not limited to, a statement that the participant has maintained a period of abstinence from alcohol for not less than 6 months at the time the participant completed the specialty court program. (9) If the secretary of state receives a notification from a specialty court, the secretary of state shall summarily impose 1 of the following license sanctions, as applicable: (a) Suspension for the full length of time provided under section 319(8). This subdivision applies if the underlying conviction or convictions would have subjected the individual to a license sanction under section 319(8) if this section did not apply. (b) A license revocation and denial for the full length of time provided under section 303. The minimum period of license revocation and denial imposed must be the same as if this section did not apply. This subdivision applies if the underlying conviction or convictions would have caused a license revocation and denial under section 303 if this section did not apply. (10) After the individual completes the specialty court program, the following apply: (a) The secretary of state shall postpone considering the issuance of an unrestricted license under section 322 for a period of 3 months for each act that would be a minor violation if the individual's license had been issued under section 322(6). (b) The restricted license issued under this section must be suspended or revoked or denied as provided in subsection (9), unless set aside under section 322(5), if any of the following events occur: (i) The individual operates a motor vehicle without an ignition interlock device that meets the criteria under subsection (2)(b). (ii) The individual removes, or causes to be removed, an ignition interlock device from a vehicle the individual owns or operates unless the secretary of state has authorized its removal under section 322a. As used in this subparagraph, "major violation" means that term as defined in R 257.301a of the Michigan Administrative Code. (iv) The individual is arrested for a violation of any of the following: (A) Section 625. (B) A local ordinance of this state or another state that substantially corresponds to section 625. (C) A law of the United States that substantially corresponds to section 625. (c) If the individual is convicted of or found responsible for any offense that requires the suspension, revocation, denial, or cancellation of the individual's operator's or chauffeur's license, the restricted license issued under this section must be suspended until the requisite period of license suspension, revocation, denial, or cancellation, as appropriate, has elapsed. (d) If the individual has failed to pay any court-ordered fines or costs that resulted from the operation of a vehicle, the restricted license issued under this section must be suspended pending payment of those fines and costs. (11) The vehicle of an individual admitted to the specialty court interlock program whose vehicle would otherwise be subject to immobilization or forfeiture under this act is exempt from both immobilization and forfeiture under sections 625n and 904d if both of the following apply: (a) The individual is a specialty court interlock program participant in good standing or the individual successfully satisfactorily completes the specialty court interlock program. (b) The individual does not subsequently violate a law of this state for which vehicle immobilization or forfeiture is a sanction. (12) This section only applies to individuals arrested for a violation of section 625 on or after January 1, 2011. History:Add. 2010, Act 155, Eff. Jan. 1, 2011 ;-- Am. 2012, Act 306, Imd. Eff. at the time of the application is not the holder of a valid, unrevoked operator's or chauffeur's license under a law of this state providing for the licensing of drivers. Before the secretary of state authorizes an individual to administer vehicle group designation or endorsement knowledge tests, that individual must successfully complete both a state and Federal Bureau of Investigation fingerprint-based criminal history check or the equivalent through the department of state police. In all other cases, the secretary of state may waive the examination, except that an examination must not be waived if it appears from the application, from the apparent physical or mental condition of the applicant, or from any other information that has come to the secretary of state from another source, that the applicant does not possess the physical, mental, or other qualifications necessary to operate a motor vehicle in a manner as not to jeopardize the safety of persons or property, or that the applicant is not entitled to a license under section 303. A licensee who applies for the renewal of his or her license by mail under section 307 shall certify to his or her physical capability to operate a motor vehicle. The secretary of state may check the applicant's driving record through the National Driver Register and the Commercial Driver's License Information System before issuing a license under this section. (2) The secretary of state may appoint sheriffs, their deputies, the chiefs of police of cities and villages that have organized police departments within this state, their duly authorized representatives, employees of the secretary of state, or the secretary of state's duly authorized representatives as examining officers for the purpose of examining applicants for operator's and chauffeur's licenses. An examining officer shall conduct examinations of applicants for operator's and chauffeur's licenses in accordance with this chapter and the rules promulgated by the secretary of state under subsection (3). After conducting an examination an examining officer shall make a written report of his or her findings and recommendations to the secretary of state. The secretary of state may consider a written medical report and recommendation submitted under section 5139 of the public health code, 1978 PA 368, MCL 333.5139, from the personal physician or optometrist of an applicant, in making the examination regarding the applicant's physical and mental qualifications to operate a motor vehicle under this section and R 257.851 to R 257.855 of the Michigan Administrative Code. A report received by the secretary of state from a physician or an optometrist under this section is confidential. The secretary of state shall also ascertain whether the applicant has sufficient knowledge of the English language to understand highway warnings or direction signs written in that language. The examination must not include investigation of facts other than those facts directly pertaining to the ability of the applicant to operate a motor vehicle with safety or facts declared to be prerequisite to the issuance of a license under this act. (4) The secretary of state shall not issue an original operator's or chauffeur's license without a vehicle group designation or indorsement without an examination that includes a driving skills test conducted by the secretary of state or by a designated examining officer under subsection (2) or section 310e. The secretary of state may enter into an agreement with another public or private corporation or agency to conduct a driving skills test conducted under this section. Before the secretary of state authorizes an individual to administer a corporation's or agency's driver skills testing operations or authorizes an examiner to conduct a driving skills test, that individual or examiner must successfully complete both a state and Federal Bureau of Investigation fingerprint-based criminal history check through the department of state police as required by law and as provided under 49 CFR 384.228. In an agreement with another public or private corporation or agency to conduct a driving skills test, the secretary of state shall prescribe the method and examination criteria to be followed by the corporation, agency, or examiner when conducting the driving skills test and the form of the certification to be issued to an individual who satisfactorily completes a driving skills test. An original vehicle group designation or indorsement must not be issued by the secretary of state without a knowledge test conducted by the secretary of state. Except as provided in section 312f(1), an original vehicle group designation or passenger or school bus indorsement must not be issued by the secretary of state without a driving skills test conducted by an examiner appointed or authorized by the secretary of state or an equivalent driving skills test meeting the requirements of 49 CFR part 383 conducted in another jurisdiction. (5) Except as otherwise provided in this act, the secretary of state may waive the requirement of a driving skills test, knowledge test, or road sign test of an applicant for an original operator's or chauffeur's license without a vehicle group designation or indorsement who at the time of the application is the holder of a valid, unrevoked operator's or chauffeur's license issued by another state or country. (6) A driving skills test conducted under this section must include a behind-the-wheel road test. Before conducting a behind-the-wheel road test for an applicant seeking a vehicle group designation, including any upgrade to a vehicle group designation, or for any indorsement required to operate a commercial motor vehicle, the examiner shall determine that the applicant was issued his or her commercial learner's permit not less than 14 days before the date of that test and that he or she has that permit in his or her possession. (7) A person who corrupts or attempts to corrupt a designated examining officer appointed or designated by the secretary of state under this section or section 310e by giving, offering, or promising any gift or gratuity with the intent to influence the opinion or decision of the examining officer conducting the test is guilty of a felony. (8) A designated examining officer appointed or designated by the secretary of state who conducts a driving skills test under an agreement entered into under this section or section 310e and who varies from, shortens, or in any other way changes the method or examination criteria prescribed in that agreement in conducting a driving skills test is guilty of a felony. (9) A person who forges, counterfeits, or alters a satisfactorily completed driving skills test certification issued by a designated examining officer appointed or designated by the secretary of state under this section or section 310e is guilty of a felony. (10) The secretary of state shall waive the requirement of a written knowledge test, road sign test, and driving skills test of an applicant for an original motorcycle endorsement if the person has successfully passed a motorcycle safety course approved by the department as described in sections 811a and 811b. (11) An operator's or chauffeur's license that expires on or after March 1, 2020 is valid until March 31, 2021. An operator's or chauffeur's

(9) Except as provided in subsections (11) and (16), a person who is in possession of 2 or more reproduced, altered, counterfeited, forged, or duplicated license photographs, negatives of the photograph, images, licenses, or electronic data contained on a license or part of a license is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not more than $10,000.00, or both. (10) Except as provided in subsection (16), a person who is in possession of a reproduced, altered, counterfeited, forged, or duplicated license photograph, negative of the photograph, image, license, or electronic data contained on a license or part of a license is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than $2,000.00, or both. (11) Subsections (7)(a) and (b), (8), and (9) do not apply to a minor whose intent is to violate section 703 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1703. (12) The secretary of state, upon determining after an examination that an applicant is mentally and physically qualified to receive a license, may issue the applicant a temporary driver's permit. The temporary driver's permit entitles the applicant, while having the permit in his or her immediate possession, to operate a motor vehicle upon the highway for a period not exceeding 60 days before the secretary of state has issued the applicant an operator's or chauffeur's license. The secretary of state may establish a longer duration for the validity of a temporary driver's permit if necessary to accommodate the process of obtaining a background check that is required for an applicant by federal law. (13) An operator or chauffeur may indicate on the license in a place designated by the secretary of state his or her blood type, emergency contact information, immunization data, medication data, or a statement that the licensee is deaf. The secretary of state shall not require an applicant for an original or renewal operator's or chauffeur's license to provide emergency contact information as a condition of obtaining a license. However, the secretary of state may inquire whether an operator or chauffeur would like to provide emergency contact information and, beginning July 1, 2021, shall allow an operator or chauffeur that meets the requirements of subsection (21) to elect a communication impediment designation. Emergency contact information obtained under this subsection must be disclosed only to a state or federal law enforcement agency for law enforcement purposes or to the extent necessary for a medical emergency. The secretary of state shall develop and shall, in conjunction with the department of state police, implement a process using the L.E.I.N. or any other appropriate system that limits access to law enforcement that would allow law enforcement agencies of this state to access emergency contact information and, beginning July 1, 2021, to view a communication impediment designation that the holder of an operator's license has voluntarily provided to the secretary of state. (14) An operator or chauffeur may indicate on the license in a place designated by the secretary of state that he or she has designated a patient advocate in accordance with sections 5506 to 5515 of the estates and protected individuals code, 1998 PA 386, MCL 700.5506 to 700.5515. (15) If the applicant provides proof to the secretary of state that he or she is a minor who has been emancipated under 1968 PA 293, MCL 722.1 to 722.6, the license must bear the designation of the individual's emancipated status in a manner prescribed by the secretary of state. (16) Subsections (8), (9), and (10) do not apply to a person who is in possession of 1 or more photocopies, reproductions, or duplications of a license to document the identity of the licensee for a legitimate business purpose. (17) A sticker or decal may be provided by any person, hospital, school, medical group, or association interested in assisting in implementing an emergency medical information card, but must meet the specifications of the secretary of state. An emergency medical information card may contain information concerning the licensee's patient advocate designation, other emergency medical information, or an indication as to where the licensee has stored or registered emergency medical information. (18) The secretary of state shall inquire of each licensee, in person or by mail, whether the licensee agrees to participate in the anatomical gift donor registry under part 101 of the public health code, 1978 PA 368, MCL 333.10101 to 333.10123. (19) A licensee who has agreed to participate in the anatomical gift donor registry under part 101 of the public health code, 1978 PA 368, MCL 333.10101 to 333.10123, must not be considered to have revoked that agreement solely because the licensee's license has been revoked or suspended or has expired. Enrollment in the donor registry constitutes a legal agreement that remains binding and in effect after the donor's death regardless of the expressed desires of the deceased donor's next of kin who may oppose the donor's anatomical gift. (20) If an operator's or chauffeur's license is issued to an individual described in section 307(1)(b) who has temporary lawful status, the license must be issued in compliance with 6 CFR 37.21 or in compliance with the process established to comply with 6 CFR 37.71 by the secretary of state. (21) An operator or chauffeur seeking an election for a communication impediment designation under subsection (13) shall provide to the secretary of state a certification

that meets all of the following: (a) Is signed by a physician, physician assistant, certified nurse practitioner, audiologist, speech-language pathologist, psychologist, or physical therapist licensed to practice in this state. (b) Identifies the individual for whom the communication impediment designation is being elected. (c) Attests to the nature of the communication impediment. (22) A person who intentionally makes a false statement of material fact or commits or attempts to commit a deception or fraud on a statement described under subsection (21) is guilty of a misdemeanor punishable by imprisonment for not more than 30 days or a fine of not more than $500.00, or both. (23) Subject to subsection (24), the secretary of state may cancel or revoke a communication impediment designation elected and maintained under this section if either of the following circumstances applies: (a) The secretary of state determines that a communication impediment designation was fraudulently or erroneously elected. (b) The secretary of state determines the communication impediment designation was abused during a traffic stop. (24) The secretary of state shall provide the operator or chauffeur notice and an opportunity to be heard before canceling or revoking a communication impediment designation under subsection (23). (25) As used in this section: (a) "Communication impediment" means the operator or chauffeur has a health condition that may impede communication with a police officer during a traffic stop, including, but not limited to, any of the following: (i) Deafness or hearing loss. (ii) An autism spectrum disorder. (b) "Emergency contact information" means the name, telephone number, or address of an individual that is used for the sole purpose of contacting that individual when the holder of an operator's license has been involved in an emergency. ***** 257.312f.amended THIS AMENDED SECTION IS EFFECTIVE 91 DAYS AFTER ADJOURNMENT OF THE 2024 REGULAR SESSION SINE DIE ***** Sec. 312f. (1) Except as otherwise provided in this section, an individual shall be not less than 18 years of age before the individual is issued a vehicle group designation or endorsement, other than a motorcycle endorsement, or not less than 21 years of age and has been approved by the Transportation Security Administration for a hazardous material endorsement before the individual is issued a hazardous material endorsement on an operator's or chauffeur's license and, as provided in this section, the individual shall pass a knowledge test and a driving skills test that comply with minimum federal standards prescribed in 49 CFR part 383 and, beginning February 7, 2022, complete the entry level driver training described and required under 49 CFR part 380. The knowledge test and the driving skills test scores must be retained by the secretary of state as provided under 49 CFR 383.135. An individual who is 18 years of age or older operating a vehicle to be used for farming purposes only may obtain an A or B vehicle group designation or an F vehicle endorsement. Each written examination given to an applicant for a vehicle group designation or endorsement must include subjects designed to cover the type or general class of vehicle to be operated. Except as follows, an individual shall pass an examination that includes a driving skills test designed to test competency of the applicant for an original vehicle group designation and passenger endorsement on an operator's or chauffeur's license to drive that type or general class of vehicle upon the highways of this state with safety to persons and property and, beginning February 7, 2022, complete an entry level driver training: (a) The secretary of state shall waive the driving skills test for an individual operating a vehicle that is used under the conditions described in section 312e(8)(a) to (d) unless the vehicle has a gross vehicle weight rating of 26,001 pounds or more on the power unit and is to be used to carry hazardous materials on which a placard is required under 49 CFR parts 100 to 199. (b) The driving skills test may be waived if the applicant has a valid license with the appropriate vehicle group designation, passenger vehicle endorsement, or school bus endorsement in another state issued in compliance with 49 USC 31301 to 31317, or if the individual successfully passes a driving skills test administered in another state that meets the requirements of federal law and the law of this state. (c) The secretary of state may waive the knowledge test and the driving skills test required

under this section for an individual with military commercial motor vehicle experience if the individual, at the time of application, certifies and provides evidence satisfactory to the secretary of state that the individual continuously met all of the requirements under 49 CFR part 383 during the 2-year period immediately preceding the date of application for the commercial driver license. (d) Beginning February 7, 2022, the secretary of state may waive the entry level driver training required under this section for an individual who, at the time of application, certifies and provides evidence satisfactory to the secretary of state that the individual meets 1 of the exceptions for taking a driving skills test under 49 CFR part 383. (2) Except for an individual who has held an operator's or chauffeur's license for less than 1 year, the secretary of state shall waive the knowledge test and the driving skills test and issue a 1-year seasonal restricted vehicle group designation to an otherwise qualified applicant to operate a group B or a group C vehicle for a farm related service industry if all of the following conditions are met: (a) The applicant meets the requirements of 49 CFR 383.77. (b) The seasons for which the seasonal restricted vehicle group designation is issued are from April 2 to June 30 and from September 2 to November 30 only of a 12-month period or, at the option of the applicant, for not more than 180 days from the date of issuance in a 12-month period. (c) The commercial motor vehicle for which the seasonal restricted vehicle group designation is issued must be operated only if all the following conditions are met: (i) The commercial motor vehicle is operated only on routes within 150 miles from the place of business to the farm or farms being served. (ii) The commercial motor vehicle does not transport a quantity of hazardous materials on which a placard under 49 CFR parts 100 to 199 is required except for the following: (A) Diesel motor fuel in quantities of 1,000 gallons or less. (B) Liquid fertilizers in quantities of 3,000 gallons or less. (C) Solid fertilizers that are not transported with any organic substance. (iii) The commercial motor vehicle does not require the H, N, P, S, T, or X vehicle endorsement. (3) A seasonal restricted vehicle group designation under this section must be issued, suspended, revoked, canceled, denied, or renewed in accordance with this act. The secretary of state may renew a seasonal restricted vehicle group designation 1 time per calendar year regardless of whether the seasonal restricted vehicle group designation is expired at the time of renewal. (4) The secretary of state may enter into an agreement with another public or private corporation or agency to conduct a driving skills test required under this section, section 312e, or 49 CFR part 383 or to provide the entry level driver training described and required under 49 CFR part 380. Before the secretary of state authorizes an individual to administer a corporation's or agency's driver skills testing operations, authorizes an examiner to conduct a driving skills test, or authorizes an entry level driver training provider that meets the requirements of 49 CFR 380.700 to conduct an entry level driving training, that individual, examiner, or entry level driver training provider must complete both a state and Federal Bureau of Investigation fingerprint-based criminal history check through the department of state police. (5) The secretary of state shall not issue a commercial learner's permit, a vehicle group designation, or a vehicle endorsement to an applicant for an original vehicle group designation or vehicle endorsement under section 312e or may cancel a commercial learner's permit or all vehicle group designations or endorsements on an individual's operator's or chauffeur's license to whom 1 or more of the following apply: (a) The applicant has had the applicant's license suspended or revoked for a reason other than as provided in section 321a, 515, or 801c or section 30 of the support and parenting time enforcement act, 1982 PA 295, MCL 552.630, in the 36 months immediately preceding application. However, a vehicle group designation may be issued if the suspension or revocation was due to a temporary medical condition or failure to appear at a reexamination as provided in section 320. (b) The applicant was convicted of or incurred a bond forfeiture in relation to a 6-point violation as provided in section 320a in the 24 months immediately preceding application if the violation occurred while the applicant was operating a commercial motor vehicle, or a violation of section 625(3) or former section 625b, or a local ordinance that substantially corresponds to section 625(3) or former section 625b in the 24 months immediately preceding application, if the applicant was operating any type of motor vehicle. (c) The applicant is listed on the National Driver Register, the Commercial Driver's License Information System, the driving records of the state in which the applicant was previously licensed, or, beginning November 18, 2024, the National Drug and Alcohol Clearinghouse as being disqualified from operating a commercial motor vehicle or as having a license or driving privilege suspended, revoked, canceled, or denied. (d) The applicant is listed on the National Driver Register, the Commercial Driver's License Information System, or the driving records of the state in which the applicant was previously licensed as having had a license suspended, revoked, or canceled in the 36 months immediately preceding application if a suspension or revocation would have been imposed under this act had the applicant been licensed in this state in the original instance. This subdivision does not apply to a suspension or revocation that would have been imposed due to a temporary medical condition or under section 321a, 515, or 801c or section 30 of the support and parenting time enforcement act, 1982 PA 295, MCL 552.630. (e) The applicant is subject to a suspension or revocation under section 319b or would have been subject to a suspension or revocation under section 319b if the applicant had been issued a vehicle group designation or vehicle endorsement. (f) The applicant has been disqualified from operating a commercial motor vehicle under 49 USC 31301 to 31317 or the applicant's license to operate a commercial motor vehicle has been suspended, revoked, denied, or canceled within 36 months immediately preceding the date of application. (g) The United States Secretary of Transportation has disqualified the applicant from operating a commercial motor vehicle. (h) The applicant fails to satisfy the federal regulations promulgated under 49 CFR parts 383 and 391 by refusing to certify the type of commercial motor vehicle operation the applicant intends to perform and fails to present valid medical certification to the secretary of state if required to do so. The requirement of this subdivision is waived from July 1, 2020 to August 31, 2021, pursuant to the Waiver in Response to the COVID-19 National Emergency – For States, CDL Holders, CLP Holders, and Interstate Drivers Operating Commercial Motor Vehicles, or any extension of that waiver issued after August 31, 2021. (i) The applicant has been disqualified from operating a commercial motor vehicle due to improper or fraudulent testing. (j) If the secretary of state determines through a governmental investigation that there is reason to believe that a commercial driver license or endorsement was issued as a result of fraudulent or improper conduct in taking a knowledge test or driving skills test required under 49 CFR part 383 or in

completing the entry level driver training described and required under 49 CFR part 380, the secretary of state shall require the applicant to retake and successfully pass that test or complete the training. The secretary of state shall cancel any commercial driver license or endorsement issued as a result of the suspect test or training unless the applicant retakes and passes that test or completes the training. (6) The secretary of state shall not renew or upgrade a vehicle group designation if 1 or more of the following conditions exist: (a) The United States Secretary of Transportation has disqualified the applicant from operating a commercial motor vehicle. (b) The applicant is listed on the National Driver Register, the Commercial Driver's License Information System, or, beginning November 18, 2024, the National Drug and Alcohol Clearinghouse as being disqualified from operating a commercial motor vehicle or as having a driver license or driving privilege suspended, revoked, canceled, or denied. (c) On or after January 30, 2012, the applicant fails to meet the requirements of 49 CFR parts 383 and 391 by refusing to certify the type of commercial motor vehicle operation the applicant intends to perform and fails to present medical certification to the secretary of state if required to do so. The requirement of this subdivision is waived from July 1, 2020 to August 31, 2021, pursuant to the Waiver in Response to the COVID-19 National Emergency – For States, CDL Holders, CLP Holders, and Interstate Drivers Operating Commercial Motor Vehicles, or any extension of that waiver issued after August 31, 2021. (7) The secretary of state shall only consider bond forfeitures under subsection (5)(b) for violations that occurred on or after January 1, 1990 when determining the applicability of subsection (5). (8) If an applicant for an original vehicle group designation was previously licensed in another jurisdiction, the secretary of state shall request a copy of the applicant's driving record from that jurisdiction. If 1 or more of the conditions described in subsection (5) exist in that jurisdiction when the secretary of state receives the copy, the secretary of state shall cancel all vehicle group designations on the individual's operator's or chauffeur's license. (9) The secretary of state shall cancel all vehicle group designations on an individual's operator's or chauffeur's license upon receiving notice from the United States Secretary of Transportation, the National Driver Register, the Commercial Driver's License Information System, or another state or jurisdiction that 1 or more of the conditions described in subsection (5) existed at the time of the individual's application in this state. (10) The secretary of state shall cancel all vehicle group designations on the individual's operator's or chauffeur's license upon receiving proper notice that the individual no longer meets the federal driver qualification requirements under 49 CFR parts 380, 383, and 391 to operate a commercial motor vehicle in interstate or intrastate commerce, or the individual no longer meets the driver qualification requirements to operate a commercial motor vehicle in intrastate commerce under the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11 to 480.25. (11) Subsection (5)(a), (b), (d), and (f) does not apply to an applicant for an original vehicle group designation who at the time of application has a valid license to operate a commercial motor vehicle issued by any state in compliance with 49 USC 31301 to 31317. (12) As used in this section, "farm related service industry" means custom harvesters, farm retail outlets and suppliers, agri-chemical business, or livestock feeders. An individual who is 18 years of age or older operating a vehicle to be used for farming purposes only may obtain an A or B vehicle group designation or an F vehicle endorsement. Each written examination given to an applicant for a vehicle group designation or endorsement must include subjects designed to cover the type or general class of vehicle to be operated. Except as follows, an individual shall pass an examination that includes a driving skills test designed to test competency of the applicant for an original vehicle group designation and passenger endorsement on an operator's or chauffeur's license to drive that type or general class of vehicle upon the highways of this state with safety to persons and property and, beginning February 7, 2022, complete an entry level driver training: (a) The secretary of state shall waive the driving skills test for an individual operating a vehicle that is used under the conditions described in section 312e(8)(a) to (d) unless the vehicle has a gross vehicle weight rating of 26,001 pounds or more on the power unit and is to be used to carry hazardous materials on which a placard is required under 49 CFR parts 100 to 199. (b) The driving skills test may be waived if the applicant has a valid license with the appropriate vehicle group designation, passenger vehicle endorsement, or school bus endorsement in another state issued in compliance with 49 USC 31301 to 31317, or if the individual successfully passes a driving skills test administered in another state that meets the requirements of federal law and the law of this state. (c) The secretary of state may waive the knowledge test and the driving skills test required under this section for an individual with military commercial motor vehicle experience if the individual, at the time of application, certifies and provides evidence satisfactory to the secretary of state that he or she continuously met all of the requirements under 49 CFR part 383 during the 2-year period immediately preceding the date of application for the commercial driver license. (d) Beginning February 7, 2022, the secretary of state may waive the entry level driver training required under this section for an individual who, at the time of application, certifies and provides evidence satisfactory to the secretary of state that he or she meets 1 of the exceptions for taking a driving skills test under 49 CFR part 383. (2) Except for an individual who has held an operator's or chauffeur's license for less than 1 year, the secretary of state shall waive the knowledge test and the driving skills test and issue a 1-year seasonal restricted vehicle group designation to an otherwise qualified applicant to operate a group B or a group C vehicle for a farm related service industry if all of the following conditions are met: (a) The applicant meets the requirements of 49 CFR 383.77. (b) The seasons for which the seasonal restricted vehicle group designation is issued are from April 2 to June 30 and from September 2 to November 30 only of a 12-month period or, at the option of the applicant, for not more than 180 days from the date of issuance in a 12-month period. (c) The commercial motor vehicle for which the seasonal restricted vehicle group designation is issued must be operated only if all the following conditions are met: (i) The commercial motor vehicle is operated only on routes within 150 miles from the place of business to the farm or farms being served. (ii) The commercial motor vehicle does not transport a quantity of hazardous materials on which a placard under 49 CFR parts 100 to 199 is required except for the following: (A) Diesel motor fuel in quantities of 1,000 gallons or less. (B) Liquid fertilizers in quantities of 3,000 gallons or less. (C) Solid fertilizers that are not transported with any organic substance. (iii) The commercial motor vehicle does not require the H, N, P, S, T, or X vehicle endorsement. (3) A seasonal restricted vehicle group designation under this section must be issued, suspended, revoked, canceled, denied, or renewed in accordance with this act. The secretary of state may renew a seasonal restricted vehicle group designation 1 time per calendar year regardless of whether the seasonal restricted vehicle group designation is expired at the time of renewal. (4) The secretary of state may enter into an agreement with another public or private corporation or agency to conduct a driving skills test required under this section, section 312e, or 49 CFR part 383 or to provide the entry level driver training described and required under 49 CFR part 380. Before the secretary of state authorizes an individual to administer a corporation's or agency's driver skills testing operations, authorizes an examiner to conduct a driving skills test, or authorizes an entry level driver training provider that meets the requirements of 49 CFR 380.700 to conduct an entry level driving training, that individual, examiner, or entry level driver training provider must complete both a state and Federal Bureau of Investigation fingerprint-based criminal history check through the department of state police. (5) The secretary of state shall not issue a commercial learner's permit, a vehicle group designation, or a vehicle endorsement to an applicant for an original vehicle group designation or vehicle endorsement under section 312e or may cancel a commercial learner's permit or all vehicle group designations or endorsements on an individual's operator's or chauffeur's license to whom 1 or more of the following apply: (a) The applicant has had his or her license suspended or revoked for a reason other than as provided in section 321a, 515, 732a, or 801c or section 30 of the support and parenting time enforcement act, 1982 PA 295, MCL 552.630, in the 36 months immediately preceding application. However, a vehicle group designation may be issued if the suspension or revocation was due to a temporary medical condition or failure to appear at a reexamination as provided in section 320. (b) The applicant was convicted of or incurred a bond forfeiture in relation to a 6-point violation as provided in section 320a in the 24 months immediately preceding application if the violation occurred while the applicant was operating a commercial motor vehicle, or a violation of section 625(3) or former section 625b, or a local ordinance that substantially corresponds to section 625(3) or former section 625b in the 24 months immediately preceding application, if the applicant was operating any type of motor vehicle. (c) The applicant is listed on the National Driver Register, the Commercial Driver's License Information System, the driving records of the state in which the applicant was previously licensed, or, beginning November 18, 2024, the National Drug and Alcohol Clearinghouse as being disqualified from operating a commercial motor vehicle or as having a license or driving privilege suspended, revoked, canceled, or denied. (d) The applicant is listed on the National Driver Register, the Commercial Driver's License Information System, or the driving records of the state in which the applicant was previously licensed as having had a license suspended, revoked, or canceled in the 36 months immediately preceding application if a suspension or revocation would have been imposed under this act had the applicant been licensed in this state in the original instance. This subdivision does not

apply to a suspension or revocation that would have been imposed due to a temporary medical condition or under section 321a, 515, 732a, or 801c or section 30 of the support and parenting time enforcement act, 1982 PA 295, MCL 552.630. (e) The applicant is subject to a suspension or revocation under section 319b or would have been subject to a suspension or revocation under section 319b if the applicant had been issued a vehicle group designation or vehicle endorsement. (f) The applicant has been disqualified from operating a commercial motor vehicle under 49 USC 31301 to 31317 or the applicant's license to operate a commercial motor vehicle has been suspended, revoked, denied, or canceled within 36 months immediately preceding the date of application. (g) The United States Secretary of Transportation has disqualified the applicant from operating a commercial motor vehicle. (h) The applicant fails to satisfy the federal regulations promulgated under 49 CFR parts 383 and 391 by refusing to certify the type of commercial motor vehicle operation the applicant intends to perform and fails to present valid medical certification to the secretary of state if required to do so. The requirement of this subdivision is waived from July 1, 2020 to August 31, 2021, pursuant to the Waiver in Response to the COVID-19 National Emergency – For States, CDL Holders, CLP Holders, and Interstate Drivers Operating Commercial Motor Vehicles, or any extension of that waiver issued after August 31, 2021. (i) The applicant has been disqualified from operating a commercial motor vehicle due to improper or fraudulent testing. (j) If the secretary of state determines through a governmental investigation that there is reason to believe that a commercial driver license or endorsement was issued as a result of fraudulent or improper conduct in taking a knowledge test or driving skills test required under 49 CFR part 383 or in completing the entry level driver training described and required under 49 CFR part 380, the secretary of state shall require the applicant to retake and successfully pass that test or complete the training. The secretary of state shall cancel any commercial driver license or endorsement issued as a result of the suspect test or training unless the applicant retakes and passes that test or completes the training. (6) The secretary of state shall not renew or upgrade a vehicle group designation if 1 or more of the following conditions exist: (a) The United States Secretary of Transportation has disqualified the applicant from operating a commercial motor vehicle. (b) The applicant is listed on the National Driver Register, the Commercial Driver's License Information System, or, beginning November 18, 2024, the National Drug and Alcohol Clearinghouse as being disqualified from operating a commercial motor vehicle or as having a driver license or driving privilege suspended, revoked, canceled, or denied. (c) On or after January 30, 2012, the applicant fails to meet the requirements of 49 CFR parts 383 and 391 by refusing to certify the type of commercial motor vehicle operation the applicant intends to perform and fails to present medical certification to the secretary of state if required to do so. The requirement of this subdivision is waived from July 1, 2020 to August 31, 2021, pursuant to the Waiver in Response to the COVID-19 National Emergency – For States, CDL Holders, CLP Holders, and Interstate Drivers Operating Commercial Motor Vehicles, or any extension of that waiver issued after August 31, 2021. (7) The secretary of state shall only consider bond forfeitures under subsection (5)(b) for violations that occurred on or after January 1, 1990 when determining the applicability of subsection (5). (8) If an applicant for an original vehicle group designation was previously licensed in another jurisdiction, the secretary of state shall request a copy of the applicant's driving record from that jurisdiction. If 1 or more of the conditions described in subsection (5) exist in that jurisdiction when the secretary of state receives the copy, the secretary of state shall cancel all vehicle group designations on the individual's operator's or chauffeur's license. (9) The secretary of state shall cancel all vehicle group designations on an individual's operator's or chauffeur's license upon receiving notice from the United States Secretary of Transportation, the National Driver Register, the Commercial Driver's License Information System, or another state or jurisdiction that 1 or more of the conditions described in subsection (5) existed at the time of the individual's application in this state. (10) The secretary of state shall cancel all vehicle group designations on the individual's operator's or chauffeur's license upon receiving proper notice that the individual no longer meets the federal driver qualification requirements under 49 CFR parts 380, 383, and 391 to operate a commercial motor vehicle in interstate or intrastate commerce, or the individual no longer meets the driver qualification requirements to operate a commercial motor vehicle in intrastate commerce under the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11 to 480.25. A change of address notification shall be in a manner prescribed by the secretary of state and may include notification by personally appearing at a branch office of the secretary of state or other location designated by the secretary of state, or a notification by mail, telephone, electronically, by submitting a voter registration application unless the person registers to vote in a city, village, or township that prohibits the operation of motor vehicles by law or ordinance, or by any other means prescribed by the secretary of state. (2) Upon receiving a change of address notification, the secretary of state shall change the person's driver license record to indicate the new residence address. If the secretary of state furnished the person with a new license, the person shall destroy his or her old license and replace it with the new license. (3) If a person fails to report a change of his or her residence address as required under this section and subsequently there is no response to a notice mailed to the residence address shown by the record of the secretary of state or if the person has provided the secretary of state a mailing address different from his or her residence address and there is no response to a notice mailed to that mailing address, the secretary of state may immediately suspend or revoke his or her license. Sec. 401. (1) This section shall not be construed to limit the right of a person to bring a civil action for damages for injuries to either person or property resulting from a violation of this act by the owner or operator of a motor vehicle or his or her agent or servant. The owner of a motor vehicle is liable for an injury caused by the negligent operation of the motor vehicle whether the negligence consists of a violation of a statute of this state or the ordinary care standard required by common law. The owner is not liable unless the motor vehicle is being driven with his or her express or implied consent or knowledge. It is presumed that the motor vehicle is being driven with the knowledge and consent of the owner if it is driven at the time of the injury by his or her spouse, father, mother, brother, sister, son, daughter, or other immediate member of the family. (2) A person engaged in the business of leasing motor vehicles who is the lessor of a motor vehicle under a lease providing for the use of the motor vehicle by the lessee for a period that is greater than 30 days, or a dealer acting as agent for that lessor, is not liable at common law for damages for injuries to either person or property resulting from the operation of the leased motor vehicle, including damages occurring after the expiration of the lease if the vehicle is in the possession of the lessee. (3) Notwithstanding subsection (1), a person engaged in the business of leasing motor vehicles who is the lessor of a motor vehicle under a lease providing for the use of the motor vehicle by the lessee for a period of 30 days or less is liable for an injury caused by the negligent operation of the leased motor vehicle only if the injury occurred while the leased motor vehicle was being operated by an authorized driver under the lease agreement or by the lessee's spouse, father, mother, brother, sister, son, daughter, or other immediate family member. Unless the lessor, or his or her agent, was negligent in the leasing of the motor vehicle, the lessor's liability under this subsection is limited to $20,000.00 because of bodily injury to or death of 1 person in any 1 accident and $40,000.00 because of bodily injury to or death of 2 or more persons in any 1 accident. (4) A person engaged in the business of leasing motor vehicles as provided under subsection (3) shall notify a lessee that the lessor is liable only up to the maximum amounts provided for in subsection (3), and only if the leased motor vehicle was being operated by the lessee or

other authorized driver or by the lessee's spouse, father, mother, brother, sister, son, daughter, or other immediate family member, and that the lessee may be liable to the lessor up to amounts provided for in subsection (3), and to an injured person for amounts awarded in excess of the maximum amounts provided for in subsection (3). (5) Subsections (3) and (4) shall not be construed to expand or reduce, except as otherwise provided by this act, the liability of a person engaged in the business of leasing motor vehicles or to impair that person's right to indemnity or contribution, or both. (6) As used in subsections (3), (4), and (5), "motor vehicle" means a self-propelled device by which a person or property may be transported upon a public highway. Motor vehicle does not include a bus, power shovel, road machinery, agricultural machinery, or other machinery or vehicle not designed primarily for highway transportation. Motor vehicle also does not include a device that moves upon or is guided by a track. (7) A lessee in possession of an off lease vehicle, and not the dealer of the vehicle, is liable as the owner of the vehicle for any damages awarded for an injury to a person or property resulting from the operation of the vehicle. The dealer of an off lease vehicle may be liable at common law for damages awarded for an injury to a person or property resulting from the operation of the vehicle only if the dealer is in possession of the vehicle and the certificate of title and has acknowledged possession of the certificate of title to the lessor. Sec. 403. (a) Service of summons in any action against a person, who at the time of such service is a nonresident of this state, growing out of any accident or collision in which such person may have been involved while operating a motor vehicle upon a public highway of this state or in which a motor vehicle owned by him may have been involved while being operated with his consent, express or implied, on such public highway, may be made upon the secretary of state as the true and lawful attorney of such person with the same legal force as if served on him personally within this state. Service of such summons shall be made by leaving a copy thereof with the secretary of state, or his deputy, who shall keep a record of each such process and the day and hour of service, and such service shall be sufficient service upon such nonresident, provided that notice of such service and a copy of the summons are forthwith either served upon the defendant personally by the sheriff or constable of the county in which he resides or sent by registered mail by the plaintiff or his attorney to the defendant. If personal service of such notice and copy of summons is had upon the defendant the officer making the service shall so certify in his return which shall be filed with the court having jurisdiction of said cause, or if service be made by registered mail then the plaintiff or his attorney shall make an affidavit showing that he has made service of the notice of summons upon the defendant by registered mail as herein provided and the affiant shall attach thereto a true copy of the summons and notice so served and the registry receipt of the defendant and shall file the affidavit and attached papers with the court having jurisdiction of the cause. The court in which the action is pending may order such extension of time as may be necessary to afford the defendant reasonable opportunity to defend the action. The death of the nonresident shall not operate to revoke the appointment by the nonresident of the secretary of state as his true and lawful attorney

Any action or proceeding pending in any court of this state, in which the court shall have obtained jurisdiction of such nonresident pursuant to the provision of this statute, shall not abate by reason of the death of such nonresident, but his executor or administrator duly appointed in the state, territory or district of the United States or foreign country in which he was domiciled at the time of his death, shall, upon the application of the plaintiff in the action, and upon such notice as the court may prescribe, be brought in and substituted in the place of the decedent, and the action or proceeding shall continue. (b) The court shall include as taxable costs, in addition to other legal costs, against the plaintiff in case the defendant shall prevail in such suit, the actual traveling expenses of the defendant from his residence to the place of trial and return not to exceed the sum of $100.00.
